

New Border Theatre Opens Saturday

Cold Weather Delays Wheat Harvest

Rev. Hunton Resigns As Baptist Pastor

In a surprise move, Rev. Virgil E. Hunton, who has been pastor of the Texico-Farwell Baptist Church since October, 1945, tendered his resignation at the conclusion of the evening services last Sunday, and asked that the resignation become effective on the last Sunday in June.

Few members of his congregation seemed to be aware of his intentions and expressed surprise at his move. He made the announcement to the congregation and announced his intentions of moving to Clovis, where he will assume the pastorate of a new Baptist church now being organized. A new building is to be erected near the Memorial Hospital in Clovis, he stated.

His resignation came at the conclusion of a very successful revival meeting, during which time 21 new members were received by baptism and six united by letter. Some have labeled it as one of the best revival meetings in the history of the local church.

In announcing his resignation, Rev. Hunton expressed his regrets for leaving his many friends in Texico-Farwell. "I will always love the folks in the Texico-Farwell Baptist Church, and will remember them in my prayers," the retiring pastor said.

Church officials have made no announcement at to whom might be called here to succeed Rev. Hunton.

Severe Hail Damage Reported Tuesday

A heavy hail storm that is reported to have been at least two miles wide and nine miles long, cut a swath through some of the best wheat fields in the Lariat section late Tuesday afternoon.

Buddy Jones, who was in the path of the storm, said that the damage to his wheat ran from 25% in one field to 85% in another on a full section of good wheat. Robert Rundell is reported to have suffered heavy damage on 2 full sections of excellent wheat that was nearing the maturity stage.

Jones said the storm seemed to have formed in the West Camp community and moved northeast, doing heavy damage to the ripening grain in its path. He said that the hail stones were large and two inches of ice pellets covered the ground in some places.

Most of the destroyed wheat is reported to have been insured.

Child Bitten By Dog is Improving

Little Judy Clonts, 2½ years of age, who was severely bitten Sunday morning by a dog, is improving at Clovis Memorial Hospital, where she has been a patient since the attack.

The child, daughter of Mr. and Mrs. Lee Clonts, Casa Grande, Ariz., was visiting with her parents in the home of Mr. and Mrs. Melvin Snider south of Farwell.

She had been warned not to approach the Snider's large chow, who was unaccustomed to children, but went out on the front porch where the dog was Sunday morning. Before anyone could reach her, the dog had inflicted deep wounds in the shoulder, neck and chin.

The Sniders, distressed because of the attack, had the dog destroyed immediately. They said he always had been an excellent watch dog, but never before had bitten anyone — Clovis News-Journal.

NO LUCK AT HOT SPRINGS

Maxwell Cranfill, Joe White, Buck Bradshaw and about five other locals drove to Hot Springs over the past weekend and tried their luck at Elephant Butte Lake, which proved to be disappointing to say the least.

Democracy and atomic energy have historical affinity. The atomic theory was first expressed in the philosophy of Democritus in 375 BC.

LEVY REPORTED GAINING

T. E. Levy, who has been ill for some time, is reported to be gaining satisfactorily. Levy is still in a hospital in Clovis, where he was taken for treatment several days ago.

After Mr. Levy returned to his home from a hospital in Las Vegas, he continued to improve until he had an uncomfortable day, and it was thought that the medical care of doctors of Clovis could aid him to a more prompt recovery. A report Tuesday said that he had been progressing rapidly.

Mrs. Ralph Humble's Mother Passes

Mrs. C. H. Smith, mother of Mrs. Ralph Humble, died last Friday afternoon in her home at Wanette, Oklahoma, following a heart attack.

Mrs. Smith was not in ill health prior to her death, although she was nearly 87 years of age. She was active and able to do her house work.

She is survived by her husband, who is 88 years old, and 4 children of her own by a previous marriage: Jake Goodnight, of Wanette; Vincente Goodnight, of Mexia, Tex.; Webb Goodnight, Chayne, Oklahoma; and Mrs. Ralph Humble of Farwell; and 8 step children.

Mr. and Mrs. Humble left here Saturday morning to attend the funeral, which was held at Wanette Sunday afternoon. The Humbles returned home Monday.

Local Fire Dept. Needs More Members

The local Fire Department is in need of a larger membership, announced A. C. Green, Chief of the Department, according to a letter received from the Board of Insurance Commissioners from Austin.

Any volunteer fire department is required to have at least 20 members, according to the commissioners, and the people of the Twin-Cities are asked to aid in this drive for a large membership. The Insurance Commissioners stated that the business places, who carry fire insurance, will be benefited with a lower rate of insurance premiums, if all the requirements are met, and this is one of the needs.

The firemen meet each Wednesday night at the fire hall, and anyone who is interested is invited to meet with them.

NEW EMPLOYEE

Miss Letha Bridges, Texico high school graduate this year, has been employed by the Tribune as front office girl and general assistant. Miss Bridges will also handle society and local items for the paper. If you have any news items to turn in for the paper, we will appreciate it if you will phone 2131 and give them to Miss Bridges.

F. F. A. CROP REPORTED UP

Robert Morton, Vocational Agricultural teacher of the Farwell School, reports that the F. F. A. Class crop is coming up to a good stand.

Morton stated that they had a number of different items planted on the 20-acre track for experimental purposes and for feed for the livestock. He said that one of the new crops for this country was the new milo, number 7078, which produces a larger and more compact head than the Martin milo, which is well known in this locality.

Some of the other crops planted on the class track include: sweet sudan, red top, cain, corn, German millet, beans, peas Martin milo and black hull kafir.

AMERICAN LEGION TO MEET

The American Legion Post No. 516 will meet Wednesday Night, June 4th, in the county court room. This is the first meeting in several weeks, and all the members are urged to be on hand.

Definite announcement that Texico-Farwell's new showhouse, the Border Theater, would open next Saturday was made today by Scotty Levins, owner and manager.

Levins said that there remained a number of details to be worked out between now and Saturday, also some finishing touches of the construction work will not be completed, but the theater will be opened regardless and the first show will start at 1 o'clock p. m. Sunday's show will begin at 2 p. m., he said.

Plans for the formal opening of the new theater are being made and will be announced later, possibly next week, Levins added.

Levins was not able to announce the list of the film to be shown Saturday, but he said he was in contact with circuit officials and announcement of the programs would be broadcast over Radio Station KICA between now and Saturday. "All I can say now is that we will have a good show," Levins declared.

Arrival of the seats, which had delayed the opening, was made here Tuesday morning, and workmen immediately began to bend every effort to get the theater in readiness for Saturday's opening. The only major detail lacking now is the completion of the inside toilets, but it was hoped that these would be in operation by Saturday.

Fire Chief Green Vice President State Assn.

A. C. Green, chief of the Texico-Farwell Fire Dept., Odus Huggins, Secty. of the department, and Jasper Howard, were in Carlsbad last week, May 26, 27, 28, where they attended the New Mexico annual State Fireman's School and Convention.

Chief Green had the honor of being elected vice-president of the State Fireman's Association at the Convention. This is the first time the Twin-Cities have had a member elected to so high an office in the association.

Green stated that during the three days of the convention, they attended school eight hours per day, which included lectures and demonstrations with the new and old methods of fire fighting. Smokey Rogers, of Chicago, who is an instructor for schools and conventions all over the United States, was present to assist and teach the up-to-the-minute methods, and how to operate the modern equipment now being put into use.

Rogers stated that the New Mexico Convention, taking in year after year, put on the best demonstration of any that he had seen, in any part of the country.

There were about 375 members from 35 different fire departments in the State of New Mexico present, with instructors from Denver, El Paso and Chicago. Green stated that this was the largest group ever to attend the New Mexico Convention.

Gene Autry, singing star of stage, screen and radio, as he will appear at the World's Championship Rodeo in Lubbock, June 11-14. Autry recently appeared in Birmingham, Ala.

where his show was held over several days to accommodate the huge throngs who wished to see him perform. This will be his only personal appearance with rodeo in the area this year.

New REA Line Is Energized Thursday

Another lap in the move to cover Parmer County rural areas with electrical wiring was completed last Thursday, when a 25-mile REA line, running north from Friona to the Bootleg store was energized.

Leo Forrest, project manager of Hereford, stated that on the 25-mile extension 20 new patrons were ready for service and their properties would be served immediately and an additional ten patrons would receive the electrical service as soon as their premises were wired. He gave it as his opinion the remaining ten would be added to the lines within the next 30 days.

Construction of this particular phase of REA work started some months ago, but shortages of materials have held up the completion, and it was not until last Thursday that the anxious rural families began to enjoy the advantages of electrical service.

"I never saw a group of people who seen happier to receive electricity than the people being served by this extension," the head linesman is quoted by Mr. Forrest as saying.

Harvest Prospects Don't Interest Him

Bill Flippin, of Friona, is just about the sickest man in the county right now—and whether or not the crop he just planted comes up doesn't make any difference to him.

Working like a beaver to get his crop in after the recent rains, Bill rushed down to the Roy Slagle place to get a sack of certified sudan seed. The man of the house was out, but Mrs. Slagle directed Flippin to a pile of sacks and he grabbed one and started his planting. Discovering that he was going to run out of seed, Flippin returned to the Slagle place after a refill.

But—when he and Slagle went to get another sack of seed, Bill noticed that they were taking it from a different pile. He remarked to Slagle that he "didn't get that other seed here" and Slagle asked "Where?" When Bill pointed, he heard the worst news that any farmer in this county could possibly hear, for Slagle replied that the "seed in those bags is Johnson Grass"—and farmers of this area have been fighting same for years, without going to the trouble of planting it!

Loan Applications Now Received Here

Aldridge and Aldridge, local attorneys, announced today that arrangements had been made whereby loan applications through the Federal Land Bank will be taken in the future at their office in Farwell.

Heretofore, all such applications had to be filed with the Western National Farm Association offices in Muleshoe. The new arrangement simply means that it will not be necessary for Parmer County borrowers to go to Muleshoe to make their applications, it was stated.

JIMMIES CAFE NOW OPEN

The Jimmie's Cafe, which has been undergoing a complete remodeling for the past three or four weeks, was officially opened Monday morning at 10:00 o'clock.

Jimmie has completely rearranged the interior, adding five tables and chairs, making a seating capacity of twenty nine; also a new air conditioner has been added for the convenience of the customers.

New Food Store To Open In Friona

Announcement was made today by Ray Landrum of the Friona Lockery Company of Friona, of the formal opening of a new food store in that city in connection with the already established business.

This new store will have its formal opening on Saturday, June 7th, at which time special prices will prevail throughout the store and coffee and doughnuts will be served all visitors. Newly furnished throughout, this will be one of the most modern food stores in Parmer County.

TO FT. WORTH

Robert Morton, vocational Agriculture advisor of the Farwell Schools, will leave Friday for Ft. Worth, Texas, where he will spend a week, taking a short marketing course with the Swift and Co.

Morton will be accompanied by Mr. T. A. McQuiston, Voc. Ag. teacher at Levelland. McQuiston was teacher at Farwell several years ago, preceding Mr. Morton.

ASSOCIATE JUSTICE HERE

Associate Justice of the New Mexico Supreme Court J. C. Compton, accompanied by his wife, were visitors in Texico last Sunday evening. Judge Compton, who until recently was district judge, was appointed to the Supreme Court bench by Governor Mabry.

NEW DISPLAY SIGN

The Hardage Tire Co., of this city has erected a new fourteen foot neon sign on the front of their Hudson Car display room.

The sign bears the name Hudson, in large letters, and can easily be seen from some distance from the highway, in either direction.

GETTING NEW FRONT

For the past several days, the Darr Service Station has been taking on a new front, to replace the well dilapidated one that has been in use for a number of years.

A complete new driveway is being installed, including new pumps, and a reinforced and redecorated front.

Cream or blackeyed peas can be planted most any time during the spring and summer, and are garden soil-building crops.

VEGETABLE GROWERS SERVE . . . Five hundred pounds of seeds donated by National Junior Vegetable Growers association are destined for the youth of Greece. James Spell, 17, Columbia, Miss., president of the junior growers organization, presents, in the name of his organization, the seeds to Jason Dracoulis, Greek vice consul in New York City. National Junior Vegetable Growers association played an active part in garden work during the war.

Questions and Answers For Discharged Vets

Q—Are any of the cemeteries operated by Veterans Administration leased from private owners?
A—No. Veterans Administration has no such leases.

Q—Can I specify in my National Service Life Insurance policy that in event my wife remarried after my death, payment of the balance of insurance benefits shall be made to my mother?
A—No.

Q—Who is entitled to the last compensation or pension check due a veteran in event of his death?
A—The check received at the time of the veteran's death becomes part of his estate. The person who bears the expense of the last sickness may apply for the burial award of \$150.

Q—Does the veteran have to pay any charges or fees to get a guaranteed loan?
A—The veteran pays no commissions, brokerage fees or other charges for obtaining a guarantee. Fees usually paid by the borrower, such as appraisal, title search, recording, etc. may be charged against the veteran.

Q—I am a World War I veteran and would like to know if I can get a guaranteed loan under the provisions of the Servicemen's Readjustment Act (G. I. Bill)?
A—No. Benefits of the act are for World War II veterans only.

Electric Consumption Declines In March

AUSTIN—Texas electric power consumption, on the upward path since the 1945 reconversion slump, showed the first signs of leveling off in March as consumption dropped 2 per cent for the month, the University of Texas Bureau of Business Research reveals.

February marked the high point for electric power consumption since October 1945.

The Bureau's seasonally-adjusted index stood at 263.9 at the close of March, which means that it remains more than 260 per cent of pre-war consumption when the index averaged 100 for the years 1935 to 1939.

Consumption in March, totaling 455,694,000 kilowatt hours, remained 13 per cent above the March 1946 level.

Industrial consumption accounted for 225,270,000 kilowatt hours to remain steady for the month, rising 11 per cent above the March 1946 mark. The Bureau's index of industrial consumption dropped 4 per cent for the month, since a seasonal hike is generally expected.

A diamond will glow in the manner of luminous paint after exposure to sunlight, or in the presence of radium.

LEGAL NOTICES

SENATE JOINT RESOLUTION NO. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948 are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17023
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75551
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwest State Teachers College	6.78474
Stephen F. Austin State Teachers College	4.55414
Sul Ross State Teachers College	2.15315
West Texas State Teachers College	5.41643
Prairie View Agricultural and Mechanical College of Texas	5.34416

"Not later than June 1st of the beginning of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year

period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cent ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas

and The University of Texas." "Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed

Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas." Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election. (May 15, 22, 29 & June 5, 1947)

Sunny Side

(By Sonny Graham)

A number of years ago, as some of the "old folks" can no doubt verify, a few of the newspaper syndicates in this country resorted to tall stories (usually in continuation form) of monsters, paradises, secret islands, or anything else that might tend to stimulate a natural interest in readers and promote subscription rates. The "eye witness" reporter would supposedly send back authentic information of goings-on from a non-existent paradise island or some other imaginative scene. Unsuspecting readers from all over the nation lapped up this type of tall tale to the point that when a person picked up a newspaper, he had no way of knowing whether he was reading authentic information, or the wanderings of a hair-brained reporter's imagination.

All this somewhat died out some-time ago, when press associations began to appear and do away with such underhand practices.

But only a few days ago in Tokyo, Japan, a broadcast about a "rampaging seas monster" of the coast of Japan set many of the inhabitant's nerves on edge. Radio station WVTR

on the mainland gave out with realistic reports "direct from the scene of the holocaust"—armies and navies fighting the monster with flame throwers, etc.

Gullible citizens began to see things and called into the station, eager to verify he reports.

It was not made clear as to how the truth was unfolded to the people, but it does go to show you that there are a lot of people who will allow their imagination to lead them into believing almost anything.

Credit Managers Get Tips on Problems

AUSTIN—Texas retail credit managers are getting training on current and future problems in a course offered in the distributive education training program of the University of Texas Division of Extension.

More than 2,000 managers and other store workers will have participated in the course by the end of summer, James R. D. Eddy, director of the Bureau of Industrial and Business Extension Training, reports. The course, now offered in 40 cities is given only in towns requesting it. All work is given in cooperation with the State Board for Vocational Education.

WATCH for the opening of the Border Theatre in Farwell.

SUMMER SCHOOL OPENS

DENTON—The first session of summer school at NTSC will begin June 5, with registration set for June 3 and 4, according to President W. J. McConnell.

Officials of the school expect an increase over last summer's enrollment of 2,926 with possibly 4,500 students enrolled for the summer. The total for the regular school year spring and fall of 1946-47, reached a record of 4,522, including more than 2500 veterans enrolled under the GI Bill of Rights.

Sources of platinum in order of importance are: Canada, Columbia, Great Britain and Russia.

TRACKMEN TO MEET

DENTON—Two NTSC trackmen Bill Adams of Bonham and J. W. Jones of Cleburne, will compete in the South Texas AAU track meet at Alamo Stadium in San Antonio on June 14. Adams will enter the 400-meter race while Jones will throw the javelin. Adams won second in the Texas AAU last year and took fifth in the national AAU in the 400-meter event.

CANDIDATES FOR DEGREES

Sixty-six seniors in the School of Law at the University of Texas will be candidates for degrees in the June 2 commencement exercises, Dean C. T. McCormick announces.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending May 31, 1947, were 24,844 compared with 19,462 for same week in 1946. Cars received from connections totaled 10,187 compared with 7,307 for same week in 1946. Total cars moved were 35,031 compared with 26,769 for same week in 1946. Santa Fe handled a total of 34,886 cars in preceding week of this year.

In 1946, 1,960 persons were killed and 7,740 injured walking on rural highways. In the country, walk on the left shoulder of the road—and wear white or carry a light at night

Midget Auto Racing Season Gets Under Way

LUBBOCK, Tex.—Lubbock's 1947 midget auto racing season got underway, May 29, with a nine-race program at the Panhandle South Plains Fair Grounds.

Lloyd Ruby of Wichita Falls took top money in the opening session. He had the evening's fastest time of 17.5 seconds. Other drivers included Don Brown, Wichita Falls and Red Dowdy, Dallas.

Races ranged in distance from eight to 20 laps around the one-fifth mile caliche track. Although hampered by a muddy track the first night, officials expect drivers to set new speed records at future races.

The races will continue each Thursday night throughout the summer. Time trials begin at 7:30 p. m. Races start at 8:00.

RECRUITER IN BOVINA

T-Sgt. Leon A. Reynolds, US Army Recruiting Representative from Clovis, N. M., will be in Bovina from 2:00 p. m. to 4:30 p. m. on Thursday, June 12th. He will be located in the post office and will interview men interested in obtaining information pertaining to the regular army. Special notice is extended to seniors of the opportunities available through enlistment in the army. This recruiting district are requesting the following to be enlisted for work with the recruiting service in West Texas and New Mexico: one (1) automotive mechanic MOS 014; one (1) automotive serviceman MOS 315; one (1) tank mechanic MOS 660. For further information about the above see us immediately.

Henry Ford II To Dallas

KANSAS CITY, Mo.—Henry Ford II, president and ranking sales and production officials of the Ford Motor Company will meet more than 1,500 Ford and Lincoln-Mercury dealers of the Southwest when they visit Kansas City and Dallas, Texas, on a week-long tour from June 2nd to 5th.

Announcement of the group's forthcoming visit was made here by Ira B. Groves, Southwestern regional manager.

Mr. Groves said the company executives will inspect Ford assembly plants both in Kansas City and Dallas and meet with the press and plant supervisory personnel as well as the dealers in both cities.

Veterans News

Almost 230,000 disabled veterans of World War II now are in training under the provisions of the Vocational Rehabilitation Act (Public Law 16), the Veterans Administration has announced.

As of May 1, approximately 56 percent of those in training—or 128,877—were enrolled in recognized colleges, universities, and other educational institutions.

Trouble, always trouble. Maybe next time you'll try Phillips 66 Motor Oil

PROVED BY 66 BILLION MILES OF SATISFACTORY SERVICE

The remaining 44 per cent—or 100,769 — were taking on-the-job training in business and industrial establishments. To date, approximately 169,000 such establishments have been approved for this type of training.

Since the inception of the vocational rehabilitation program in March, 1943, upwards of 8,500 disabled veterans have been declared rehabilitated, VA said.

Disabled veterans in training by states included: Texas, 14,306; Louisiana, 3,248; and Mississippi, 3,987.

The Veterans Administration estimates that the number of living veterans and members of their families will reach a peak of 43 percent of the nation's population within the next five years and decline in percentage thereafter.

VA defines a veteran's family as a family unit, living together and headed by a veteran. On the basis of this definition, VA computes the following estimates of the number of veterans and members of their families for 1947, 1952, and 1957:

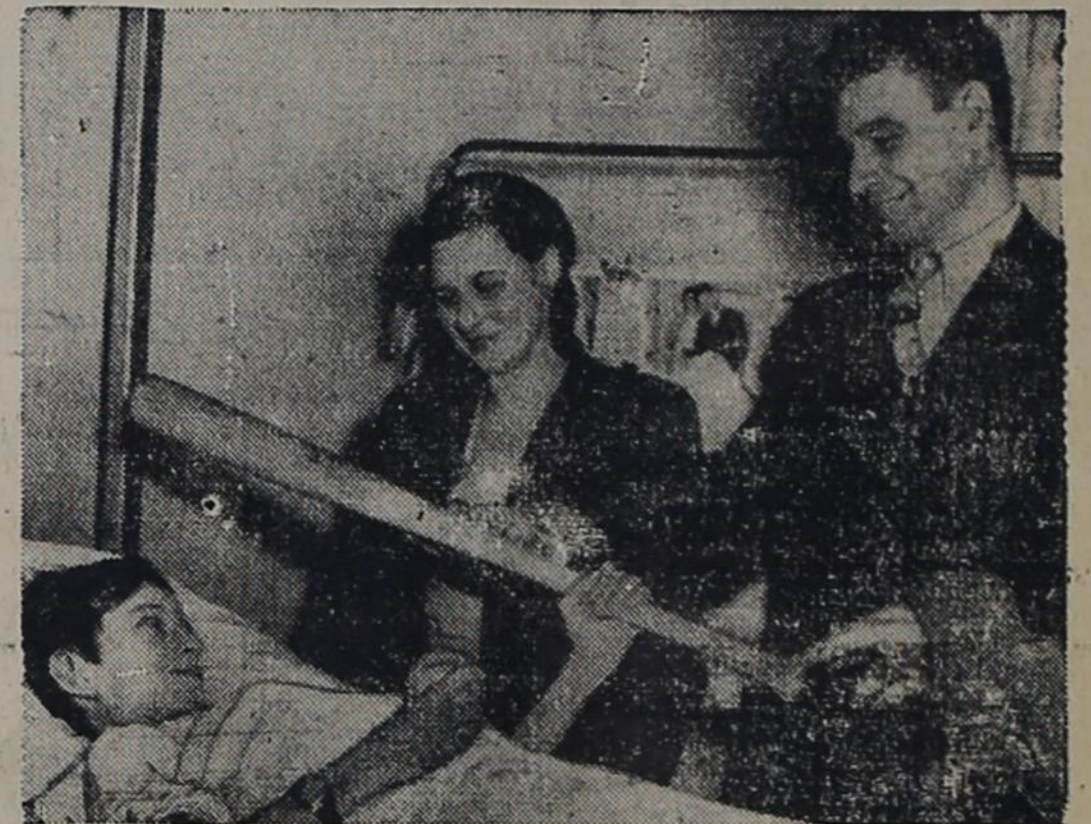

- Jan. 1, 1947—46,000,000.
- Jan. 1, 1952—62,300,000.
- Jan. 1, 1957—62,500,000.

The veteran-family population is expected to show a rapid growth in the next five years, compared to the local population, and then level off between 1952 and 1957 while the total population continues to rise.

VA made the projections to study the importance of their implications to various VA programs during the next 10 years.

LOOKING AFTER WHEAT

Mr. and Mrs. T. F. Thornton of Elk City, arrived here the first of the week and expect to remain until after wheat harvest. They have some wheat acreage 18 miles north of town. They were well pleased with the prospects for a good crop this year.

A Bridal Shower Honoring Mrs. Paul

Honoring Mrs. Jerry Paul, the former Minnie Smotherman, a lovely bridal shower was held in the parlor of the Baptist Church last Tuesday evening, June 3, with Mrs. John Lockhart, Dolores Green, Velma Monk, Ailene May, Delphine Johnson and Mrs. Dickie Magness as co-hostesses.

The entertaining room was decorated with bouquets of garden flowers. Dolores Green was in charge of the guest book. Mrs. Rupert Paul, Mrs. Smotherman and Delphine Johnson assisted the honoree in opening the gifts.

The guest register was signed by Mesdames: Harry Baker and Margie, W. T. North and children, LeRoy Faville and daughter Mikala Ann, C. E. Sanders and daughter Gloria, Claude Curry, Barney Harding, W. J. Matthews, Denver May, Russell Johnson, Miss Helen McDaniel, Miss Dorothy Cassidy, Mrs. Madeline Randol, Mrs. Glenn Davis, Mrs. Albert Thomas, Mrs. Dickie Magness, Mrs. R. Paul and girls, Leon Marks, B. O. Faville, Dorothy Hallman, Miss Twila Strickland, Claudean Curry, Iris Martin, Letha Bridges, C. T. Noak, G. W. Atchley, Carl McCully, A. J. Bagley, T. T. Doolittle, S. C. Hunter, Bob Drace, Mildred Moore, Rada Morgan, Herschell Morgan, Ella Lewis, and Marie Carzine.

A number sent gifts who were unable to attend.

Sunday School Classes Enjoy Skating Party

The Intermediate and the Young People's classes of the Texico-Farwell Baptist Church enjoyed a skating party at the Hillcrest Roller Rink in Clovis Monday evening. The group skated from eight until ten o'clock, and then made their way to the city park for a weiner roast. There were 22 present.

Observe 37th Wedding Anniversary, Sunday

Mr. and Mrs. W. J. Matthews observed their 37th wedding anniversary at their farm home six miles south of this city Sunday with an elaborate dinner. Congratulations were received during the afternoon by many of their friends who called at their comfortable farm home.

Those enjoying the special occasion dinner were: Mr. and Mrs. B. L. Harding and family, Mr. and Mrs. N. R. Harding and family, Mr. and Mrs. S. C. Hunter, and Mr. and Mrs. R. J. Klumpp of Muleshoe.

Honored With Birthday Party

Little Lesley and Jackie Dyer sons of Mr. and Mrs. C. J. Dyer of Texico, was honored at a birthday party Tuesday afternoon of last week, given in the home of her parents. Lesley celebrated his 4th birthday while it was the first one for Jackie.

Cake and ice cream, fruit jello and orange soda pop was served to the following: Lo Dona Stewart, Jimmie Williams, Sharon Ky Hendrix, Pat Kaltwasser of Lariat and Leslie and Jackie Dyer. Mrs. Stanley Stewart, Mrs. Kaltwasser, Mrs. Hendrix, Mrs. Felix Monroe, Mr. and Mrs. W. G. Dyer and Mrs. G. J. Robinson.

Regrets were sent by Mrs. E. Fry and Mrs. Sanders of Clovis. Little Sandri Fry, of Clovis, who was unable to attend the party last week, was visiting in the Dyer home this week.

Threet-Smith

Josent Threet, son of Mr. and Mrs. Roy Threet and Miss Aneta Ann Smith of Clovis, were united in marriage last Sunday afternoon, at the First Baptist Church in Texico, with Rev. Virgil Hunton officiating.

The couple left for a short honeymoon in New Mexico, where they were involved in a car accident, somewhere in the mountains near Santa Rosa. It is understood that neither of them were badly injured.

On Vacation Tour

Mr. and Mrs. J. S. Lewis and family of Wichita, Kansas, arrived here this week to spend a few days visiting in the Edward Engram home southwest of this city. They plan a tour of New Mexico points of interest before returning home.

American Legion Aux. To Meet Monday Nite

The American Legion Auxiliary has set for its regular meeting night, each first Monday of the month, and will convene Monday night June 9th, at 8:30 in the county court house.

All the members are asked to be present and bring some eligible lady with them. The Auxiliary is putting on an all-out drive for membership, and plan to become thoroughly organized by the time the American Legion Hut is completed.

If you are eligible to become a member of the American Legion Auxiliary, you are cordially invited to attend the meeting Monday night.

To Caverns

Mr. and Mrs. Charles Burnett and daughter, Miss Margaret, of Mont Belvieu, Texas, were guests in the A. Milstead home over the past weekend. They were en route to Carlsbad Caverns and other places of interest in New Mexico and on an outing tour.

Osborne's Home Scene Of Birthday Dinner

Mr. and Mrs. H. W. Osborne's home was the scene of a birthday dinner last Sunday, in honor of two of their grandchildren, Mrs. Morgan Billington and Ronald London.

Those present for the occasion include; Mr. and Mrs. Vernon Bohannon, Mr. and Mrs. Frank Pesch of Bovina, Mr. and Mrs. H. C. London and son Leon, Vorbin Hart, Bobby Barlow, Mr. and Mrs. Morgan Billington and son, and Miss Bertie Osborne.

Mr. and Mrs. Charles Lunsford, and son and daughter, Elmo and Jenean spent several days last week in Belen, visiting with Mrs. Lunsford's daughter and son-in-law, Mr. and Mrs. E. V. Plaster.

Mrs. Ethel Thomas and children were visitors in Lubbock the first of the week.

James Spurlin, Jack Spurlin, and the Meeks Boys, Clarence, Bill, W. T. and Edd, left Sunday for Crowell, Texas where they will start in the wheat harvest there and work back North and East as the grain ripens.

Mr. Robert Morton went to Sylvester, Texas, Sunday, to return with his wife and family, who have been visiting with relatives for two weeks in that city. Miss Meddie Herron, sister of Mr. Morton, returned with them for a short visit.

Modell Hammonds, daughter of Mrs. Frank Smith, left Sunday for Wichita Falls, where she will visit relatives and friends for two or three weeks.

Billy Don Crume left Thursday for Lubbock, where he will visit for two or three weeks with his brother and sister-in-law, Mr. and Mrs. Richard Crume.

Mr. and Mrs. G. W. Magness had in their home Sunday afternoon, for the first time in many years, all of their children and grand children, including: Mr. and Mrs. Tom Foster and daughter, Dicky Ann, Mr. and Mrs. C. L. Magness and children, Mr. and Mrs. Muggs and family of Portales, Mr. and Mrs. Sterlyn Billington and family and Mrs. Eunice Vinson and two sons.

Mr. and Mrs. Doyl James, of Borger, spent Sunday in the home of Mrs. James' sister and brother-in-law, Mr. and Mrs. Perrin Crawley of Texico.

C. F. Bieler and Nelson Smith returned home Sunday from Albuquerque, where they attended the New Mexico's Rural Mail Carrier's Convention, last Friday and Saturday.

Mr. and Mrs. F. H. Smotherman returned to their home in Texico, last weekend, from California, where they have been visiting relatives for the past week.

Ann Nabors, Home Economic teacher of the Farwell Schools, was in Las Cruces last week, where she took a short course in leadership, starting May 27th through the 30th.

Jim Moore and sons, Jimmie and Bob Drace, returned from an extended tour of the Southern part of Texas, last week, where they spent their vacation fishing and seeing the country.

Miss Norma Jean Thomas, daughter of Mrs. J. O. Thomas, was here from Austin last weekend, visiting her mother. She returned to Texas University Tuesday, where she will enroll in the first semester of the summer term.

Keith Levy, son of Mr. and Mrs. T. E. Levy, arrived home Tuesday night from Austin, where he has been attending school at the University. He will spend summer with his parents.

Mrs. Leon Osburne, daughter of Mr. and Mrs. Tom Randol, left for her home in California, Wednesday, after about a three weeks visit here with relatives.

Harrison Stone, son of Mr. and Mrs. H. H. Stone, is here from south Texas, visiting his parents. Harrison is a minister of the Church of Christ, and will preach at the local Church of Christ Wednesday night at 8:30.

Mrs. H. W. Osburne and daughter Mrs. Bertie Osburne, left Tuesday for Ft. Worth, where they will make their future home.

Jim Booth, of Pasadena, Calif., was here last week, visiting with his brother, E. E. Booth, leaving last Wednesday for Tennessee on an extended trip, where he will visit friends, before he returns to California.

Mrs. Margaret McBee has gone to Wichita Falls, Texas, to spend a couple of weeks visiting friends and relatives.

Mr. and Mrs. Aubrey Sprawls, and children were in Lubbock Monday spending the day with Mr. Sprawls' father, who has been ill some time.

Mr. and Mrs. Harley Stone and family of Fort Cobb, Okla., arrived here the first of the week for a visit in the home of his parents in Farwell.

Mr. and Mrs. Lee McDaniel of Mountainair, N. M., were here over the past weekend visiting relatives in the home of Mrs. Francis' parents, Mr. and Mrs. E. Fletcher in east Farwell.

Mr. and Mrs. Lee McDaniel of Lubbock spent last weekend here visiting relatives in Farwell.

FOR SALE: Tree star Jersey bull, 8 years old. E. H. Young, 2 miles north, 9 east of Farwell. 30-3tp.

Mr. and Mrs. Bunk Phillips announce the arrival of their first-born a girl, on Thursday morning, at the Memorial Hospital in Clovis. The young lady weighed 9 pounds and 4 oz. at birth and has been named Linda Louann.

GIRL SCOUT NEWS —

Miss Dozier is expected in Clovis at the Little House tomorrow (Thursday) nine to eleven for training Camp Unit leaders. Local volunteers should avail themselves of this instruction. Date scheduled for training in Farwell was Friday of this week which is also Rodeo Day in Clovis. So far there has been no notice of change of date. Radio news of Girl Scout program may carry something this evening (6:30 Texas time, KICA). There is still need of more volunteers in the Brownie division. Only requirement is that one be over 18—no previous training necessary. If you can spare five hours a day Monday through Thursday, call any leader or officer of the association, and leave your name. Mrs. H. Y. Overstreet is president, Mrs. Sam Aldridge is registrar.

Girl Scouts should bring the following supplies on Monday:

- Girl Scout knife (if you have one)
- 5 or 6 newspapers (same size)
- An 18-inch square of cloth (may be used)
- Needle, Thimble, Scissors.
- Day camp opens at nine with flag ceremony.

Registration fee of 50c which covers expense of Day Camp only and should not be confused with that sent to National Headquarters in April. All Day Campers should pay this fee before camp opens. This fee is being accepted by Mrs. Billington at her beauty shop.

Lawn Party

The Church of Christ members gathered Tuesday night on the church lawn where they spread a basket dinner and enjoyed a feast

FATHER'S DAY COMES JUNE 15th

Remember Dad on the day set apart to do him honor by selecting a nice present for him from our stocks.

Most men enjoy smoking, and cigarettes, cigars and pipe tobacco would be appropriate.

Come in and look around . . . we have other suitable gifts for the occasion.

in the open.

There were about 75 present and a nice time was had by all. After the dinner, Mrs. Ina Moore was showered with many nice gifts as a farewell token.

Mrs. Moore and son Kenneth, will leave within the next few days for Merkel, Texas, where they will make their future home.

Bob Standfield, of Kansas City, Mo., and Leon Block of Richmond, Va., visited in the home of Mr. and Mrs. Woodie McDermitt, last week.

Building Amendment Goes Before Voters

AUSTIN—Governor Beauford H. Jester has given full endorsement to the college building constitutional amendment which will be submitted to the voters in a special election August 23. In signing the legislative joint resolution which submits the amendment to a vote of the people, the Governor said:

"I want to commend to every citizen of Texas the fullest measure of support of the constitutional amendment which this resolution submits to a vote of the people on August 23 of this year.

"The proposed amendment will provide badly needed funds for the construction of buildings at our 16 higher educational institutions. It will accomplish this without requiring the levy of additional tax.

"The provisions of the proposed amendment call for an allocation or earmarking of existing taxation, the 35-cent ad valorem tax being reduced to 30 cents to balance the 5 cents of the constitutional 7-cent Confederate veterans pension tax which has been assigned to this purpose.

"In my judgment, this is perhaps the greatest forward step that has yet been taken by our state in furthering its higher educational system and is one which should meet the approval of every forward looking Texan."

Former Farwell Man Is Elected to High Honors

Galway Calhoun, of Tyler, Texas who was recently elected Deputy Imperial Potentate of the Shrine of North America, in Atlantic City, lived in Farwell in 1906-1907, it is recalled by acquaintances here.

Young Galloway's father was pastor of the Congressional Church of this city during the year of 1907, the first church in Farwell.

Calhoun attended grade school here with H. Y. Overstreet, who recalls many hours of playing around the site of Farwell in company with the youth.

By chance, Overstreet met his old acquaintance several years later about 1935 or 1936, at the Texas Centennial, in Dallas. As they were being introduced, they immediately recognized each other, and Calhoun asked Overstreet this question, "Do you remember the time I spent the night in your home, and we killed the big rattlesnake?"

The Calhouns left Farwell about 1907 or 1908, for Tyler. Calhoun is currently connected with a law firm in Tyler.

ACA News

Harold W. Carpenter, Secretary

The recommendations of the House Appropriations Committee, if carried out, would seriously cripple the activities of the ACA. Farmers are urged to write their Congressmen and Senators to block the proposed slash in funds of the House Committee. Here are some of the things this drastic cut in funds would mean:

1. Cut 1947 AAA appropriations from \$301,720,000 (Payments to farmers) to \$165,614,290.

(Many farmers have already complained that means if bill goes through they will be paid only 60 cents on the dollar.)

2. Eliminate all funds of "Section 32" (import tariffs used to support price-wrecking surpluses) \$148,000,000.

3. Cut Research and Marketing Act Funds from \$19,000,000 to \$6,000,000.

4. Failed to provide \$4,000,000 increase for Extension Services. (Promised under Bankhead-Flannagan Act).

5. Cut of \$25,000,000 from R. E. A.

6. Slash of School Lunch appropriations from \$75,000,000 to \$45,000,000.

7. Reduce administrative funds of crop insurance from \$9,330,000 to \$1,000,000.

8. To eliminate tenant purchase loan fund of FHA (FSA) and to cut the insurance funds to insure loans to tenants and veterans from \$15,000,000 to \$1,000,000, and to reduce FHA Production and subsistence

loans from \$90,000,000 to \$60,000,000.

9. Cut appropriation for SCS operations from \$44,860,000 to \$38,673,000.

*Statements in parentheses are for explanation.

Note: Intent of committee, it seems, is to kill the PMA after 1948.

Soaring Costs Plague Construction Work

AUSTIN—Soaring costs continue to plague the construction industry in Texas. March reports of the insured savings and loan associations in Texas reveal that the average construction loan has increased 33 percent in size over March 1946, placing costs at all-time record levels, according to The University of Texas Bureau of Business Research analysis of figures supplied by the Federal Home Loan Bank of Little Rock.

In March 1946 the average loan for home construction stood at \$3,265; in March of this year construction loans averaged \$4,340 for a gain exceeding \$1,000 on each loan. In the light of these facts it is easy to see why the period of "waiting" has set in. Uncertainty continues to earmark the industry's immediate future.

Loans for the purchase of homes always a major portion of total loans through savings and loan associations, saw a gain of 12 per cent in the average-size loans, while loans for reconditioning increased 18 per cent in size.

Material costs are too uncertain, delivery dates indefinite and waiting around between each phase of a construction job has often slowed down the entire procedure, result-

ing in sky-high prices and causing would-be builders to hesitate and contractors to steer clear of making bids.

March loans made by Texas savings and loan associations halted the January and February declines to rise 7 per cent for the month. Loans numbered 1,836 in March to fall 26 per cent below the number of loans made in March of last year.

Loans for the purchase of homes continued to account for more than half of all loans, as 849 were authorized with a total of \$3,529,965. This was a dollar-value hike of 15 per cent and a 6 per cent gain in the actual number of loans.

MEDICAL GRANTS MADE

Two naval grants recently made available to the University of Texas Medical Branch at Galveston include one of \$8,000 for research on Cragas' disease, and the other of \$3,500 for research on reticuloendothelial immune serum. Dr. A. A. Packchianian, bacteriology professor, will direct the former, and Dr. C. M. Pomerat, anatomy professor, the latter.

"Walter Johnson—salesman for the Golden Rule". He was the idol of two generations—a quiet modest man who loved his job and believed in treating the other fellow a little better than he expected. You can read this story of a man among men in the American Weekly, the magazine distributed with next Sunday's Los Angeles Examiner.

MORE ADVERTISING

AUSTIN—Newspaper advertising lineage in Texas soared 24 per cent above February's total and rose 20 per cent above the March 1946 level reported 29 Texas newspapers to the University of Texas Bureau of Business Research.

March-to-March increases recorded by individual newspapers ranged as high as the 49 per cent hike reported in Amarillo. Not one newspaper showed a loss in advertising during the year. The February-to-March jump was not entirely seasonal, as borne out by the fact that the monthly increase at the same time in 1946 was only 18 per cent.

Last year, 3,410 persons were killed and 129,000 injured in traffic accidents as a result of driving on the wrong side of the road.

Tips on Obtaining Long Towel Life

COLLEGE STATION—Although towels gradually are getting back to normal in numbers, the quality, and sometimes the quantity, desired are not easy to find. Mrs. Bernice Claytor, extension home management specialist, suggests several ways to make towels last longer. One way is to rotate the supply. . . don't use the same towels over and over. When towels are returned from the laundry, place them on the bottom of the stack.

If towels are stored for a long time without being washed, the fabric may deteriorate. Smoke, dust and moisture from the air combine to weaken cotton.

When washing towels, Mrs. Claytor adds, be sure to dilute a bleach if one is used. Too strong a bleach weakens the fabric. Drying towels in the sunshine is an excellent way to bleach them, but they should be brought in as soon as they are dry, because wind loosens the yarn at the corners and causes them to fray. In case this happens, she says, several rows of stitches along the edge will check the fraying.

Mrs. Claytor warns against ironing Turkish towels. She says that ironing mats the loops and the result is less absorbency. Ironing face and dish towels is permitted, but fold-

ing should be done by hand. Another trick in saving the life of towels is to fold them differently at times. This prevents too much wear at any one spot and keeps the towels from splitting along the creases. To avoid mildew, hang up towels immediately after using so that air may circulate through them. Mrs. Claytor warns against leaving damp towels on bathroom floors or folded up. Another word of warning: when drying sharp knives on dish towels or razor blades on hand towels, take care not to cut through even one yarn of the flat weave.

College Paper Given Superior Rating

DENTON—For the 13th consecutive time in its history, the "Campus Chat", North Texas State College student newspaper, has been awarded the superior rating of "All American", by the Associated Collegiate Press, national rating agency. The papers were rated for the fall of '46.

Judged with papers from all over the nation, the Chat was one of 13 in its class to receive the All American rating and was given a total score of 1135 points, or 135 more than necessary to be rated All American in its class.

There are, as a rule, 10 eggs of one pound.

Five Dairy Check-Up Points Are Listed

COLLEGE STATION—Five check points that are important to Texas dairy farmers right now are listed by the Extension dairy husbandmen of Texas A. & M. College.

The dairy husbandmen believe a check-up on the following items will help boost production:

1. Water supply—Cows need more water this time of year. They will drink more if the water is clean, cool, and conveniently located.
2. Sour milk—Always a problem in the late spring and summer months. Souring can be stopped by producing clean milk and cooling it to 55 degrees Fahrenheit within two hours after milking.
3. Horn flies—Pestes that occupy a cow's time when she should be producing milk. Horn flies can be controlled by spraying back, sides, legs and bellies with one pound of 50 percent wettable DDT powder in 25 gallons of water.
4. Good, green grass—A cheap feed that always brings a rise in milk production and cuts out many herd health problems. Dairy men can make green feed last longer by mowing weeds and alternating grazing.
5. Kind treatment—A necessity in the management of dairy cows, now and throughout the year. Rough

Glove Wardrobe a 'Must' for June Bride

IN THE SPRING a young girl's fancy turns to romance and clothes.

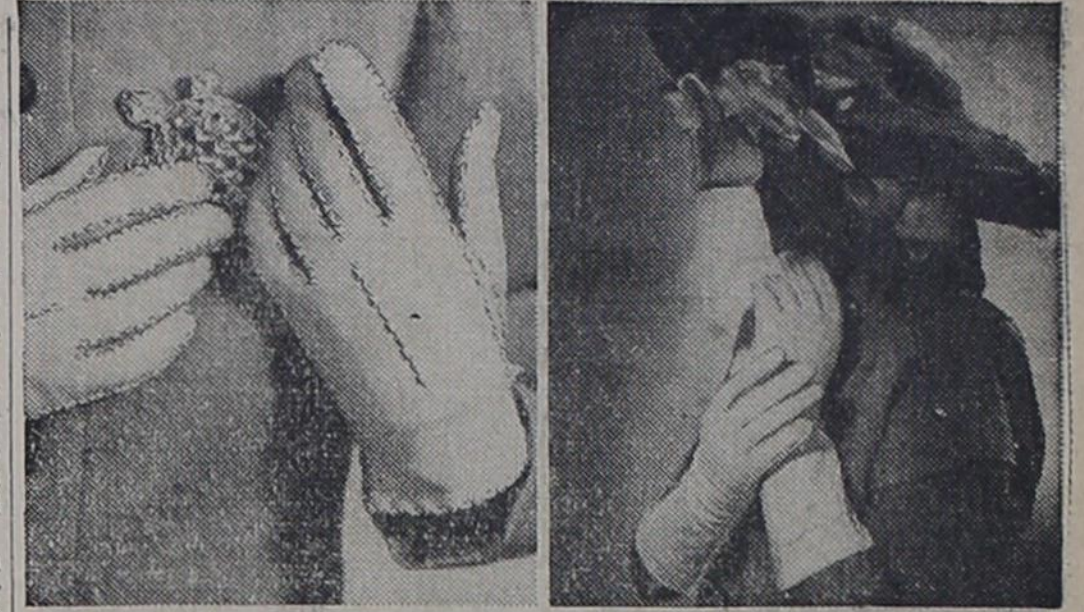

Second only to her fiancé a tulle-trimmed dress is uppermost in her mind. This year, the first near-normal post-war spring gives the apple-blossom bride an opportunity to buy the things every girl yearns to put into her hope chest.

American brides-to-be usually buy several ensembles. They try to embark upon married life with a wardrobe that will carry them through the first year of wedded bliss.

The average bride starts with about nine new dresses in her wardrobe, including sports outfits and dinner gowns. Her trousseau requirements call for six pairs of shoes, five hats and several coats, appropriate for all occasions. Quantities will vary according to her income.

Women know they cannot neglect accessories. It is these little finishing touches that give sparkle to a costume. Belts, costume jewelry, bags, and gloves are a must in every girl's wardrobe, whether or not she is a bride.

American leather glove manufacturers suggest complete glove wardrobes for the young matron. They believe a spring or summer bride should own: a pair of light chamamois gloves for daytime; beige, navy or black capeskin for street

American-made beige capeskin gloves with hand-sewn stitching and vents on sides of the cuffs are ideal for suits and all daytime wear.

No wardrobe is complete without a pair of handsome white leather gloves. Especially smart are these long American-made gloves for dress-up occasions.

wear, a lightweight doeskin or fine capeskin for dress.

Every girl should have at least one pair of white capeskin or doeskin gloves for more formal wear. It is correct to wear either popular shorties or six-button or eight-button length gloves on such occasions.

For spring and summer suits, there are available now gauntlet-type gloves with cuffs that fit neatly over the suit sleeve. The bride can reflect her radiance with

gloves in subtle pastels or bright shades of red, blue, green, etc. Our American leather glove manufacturers have kept the bride in mind in making light colored gloves. Leather gloves give a luxurious appearance to her new clothes.

Almost as important as the selection of gloves is their care. A leather glove wash, available at most glove counters, makes it easy to keep your accessories fresh and new looking. That's a tip every bride will appreciate.

Legal Center Formed At SMU, Dallas

DALLAS—Establishment of a legal center, second of its kind in the United States, where jurists, lawyers and the lay public will conduct research and study to meet needs of a changing world, will be made at Southern Methodist University by the Southwestern Legal Foundation Dean Robert G. Storey of the SMU School of Law has announced.

Detailed plans for the center were told in Dallas by Dean Storey at a banquet held to honor members of the Texas Supreme and appellate courts. Dean Storey, who was a prosecutor of Nazi war criminals at the Nuernberg trials, was elected earlier as president of the Foundation.

The center, to be operated in conjunction with the SMU Law School, will be dedicated to study and research in special fields of govern-

ment law, foreign affairs, international law, and will conduct laboratory tests of proposed laws.

A free legal aid clinic, to furnish legal advice to those who cannot pay, will also be maintained.

The foundation plans to exchange students and professors with friendly foreign governments, and will conduct an annual institute of foreign affairs. Special grants, fellowships and specific research undertakings will be financed by the foundation, Dean Storey revealed.

"The legal center is a postgraduate laboratory for outstanding members of the teaching profession, judges and leaders of the bar, aided by the foremost men in government, industry and labor," the dean said.

A similar center is in operation at New York University.

DDT-Sulphur Mixture To Kill Aphids

COLLEGE STATION—DDT and sulphur mixture can mean dollars

saved to West Texas alfalfa growers this year, judging from the experience of Hale County farmers.

Hale County Agricultural Agent M. W. Ayers reports that the DDT and sulphur mixture now has the nod of approval from several farmers who had a severe infestation of pea aphids on alfalfa recently. Before the aphid poisoning could get underway, however, the insects had slowed down alfalfa growth to the extent that some farmers lost their entire first planting.

A local insecticide dealer cooperated with the county agent and a few farmers in running some trial fields in an effort to find the best poison to use against the aphids on alfalfa. Their best results were obtained with 10 percent DDT and sulphur, applied at the rate of 20 to 30 pounds per acre. Most of the poison trials were done by airplane.

The farmers who have used the treatment are well satisfied that it will pay dividends, says Agent Ayers.

Vegetables at Their Best

—Photo Courtesy Ferry-Morse Seed Co.

Real enjoyment of your home vegetable garden depends largely upon proper preparation of the vegetables for the table.

Gather leafy crops early in the morning, if possible, before the sun wilts them. If they are to be kept until a later meal, wash and cover them and place in the refrigerator. Pick peas and sweet corn within an hour of getting them ready for the kettle; if gathered very long before cooking, they lose both sweetness and flavor. Gathering any vegetable too long before using causes loss of vitamins.

Scrape or peel vegetables thinly; valuable minerals are just beneath the outer skin. Young carrots, beets, and summer squash should merely be scrubbed and not peeled. Neither should vegetables be soaked in water before cooking. This, too, causes loss of minerals.

Cook vegetables quickly and only until barely tender. Usually they taste better if slightly undercooked than they do if soft and mushy from overcooking. In boiling, use only a small amount of water, saving

whatever liquid remains when the cooking is finished. If there is too much to serve with the vegetable, keep it to add to soup. In boiling vegetables make sure the water is really boiling before adding them. If put over the fire in cold water, vegetables lose color, flavor, texture, and much of their food value.

Vegetables fresh from the garden need very little dressing up to make them deliciously appetizing. Simple methods of cookery are best with the simplest of seasonings added. Until you have eaten vegetables fresh picked from your garden and properly cooked, you do not know the taste of vegetables at their best.

Rogers, a co-partnership doing business under the assumed and firm name of Doggett Grain Company, A. Holloway, Earl Deaton, C. D. Fitts and E. H. Robinson whose residences are unknown, and the unknown heirs, assigns and legal representatives of the said defendants whose names and residences are unknown; James D. Hamlin, J. L. Walling, Lora C. Brown, formerly Lora C. Deaton, and husband, E. C. Brown and Betty Deaton, all of Farmer County, Texas; B. S. Triplett, B. O. Faville, A. C. Green and Carl E. Deaton, all of whom reside in Curry County, New Mexico; J. V. Terrill, Jay Taylor and L. H. Puckett, all of who reside in Potter County, Texas; C. M. Presley, who resides in Randall County, Texas; Mabel Martin and husband, Raymond Martin who reside in Quay County; New Mexico; Elsie Mae Reed and husband, Reed who reside in Hockley County, Texas; and Dortha Baldrige and husband Emmett Baldrige, who reside

in Tulsa County, Oklahoma; R. H. Kemp Lumber Company, a corporation, whose office and principal place of business is in Farmer County, Texas; Amarillo National Bank, a corporation whose office and principal place of business is in Potter County, Texas, as Defendants.

The nature of said suit being substantially as follows, to wit:

Plaintiff brings this suit in trespass to try title alleging that on April 1, A. D., 1947, he was the owner in fee simple of the following described lands:

Being a part of Capitol Lea, No. 549 described as follows: 5.15 a. of land out of Cap Lea No 549 beginning at a point 300 ft. N and 580.4 S 8656 E of the NW corner of Block No 96 of the town of Farwell, Texas, as where the easterly right of way line of the Wye Survey intersects the Northern right of way line of the Pecos & Northern Texas Railway Company line running to Lubbock, Texas, a stake for the SW corner of this tract; Thence S 86 56' E at 17 3.1 feet a stake in said northerly right of way line for the SE corner of this tract; thence N at 540 ft. a stake for the NE corner of this tract; thence W at 510.5 ft. a stake in the easterly right of way line of said Wye Survey; thence in a southeasterly direction following the curve of the said easterly right of way line of said Wye Survey to the place of beginning, which above described land is a portion of the said land which was subdivided and platted into lots, blocks, streets and alleys in the town of Farwell by an instrument dated the 28th day of Dec. 1905, recorded in the deed records of Farmer County, Texas, in Volume 2 at page 499.

and that thereafter on the second day of April A. D., 1947, the defendants and all of them entered upon and dispossessed him of said land.

He asks for damages in the sum of ten dollars and for title and possession of said lands.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 9 day of May A. D., 1947.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 9 day of May A. D., 1947.

(SEAL) LOYDE A. BREWER, Clerk, District Court, Farmer County, Texas. (May 15, 22, 29 & June 5, 1947)

Summer Courses Will Open June 3rd

DENTON—Six workshop courses to be offered in the departments of education, library, physical education and physics have been announced by Dr. B. B. Harris, dean of North Texas State College. Registration for the courses is open for the summer session, beginning June 3.

A library service workshop for developing the knowledge and skills of the individual student in solving school library problems will be offered in cooperation with the Texas State Department of Education and the Southern Association of Colleges and Secondary Schools.

A workshop in Child Health and Development will be taught by Dr. Rea Williams, offered in cooperation with the Texas State Department of Health, the Texas Department of Education, and through the sponsorship of the Kellogg Foundation. Dr. Robert Sutherland of the Hogg foundation will be special consultant

for the course on mental hygiene and members of the state departments of health and welfare will be consultants in the field of cooperative community enterprise.

Dr. Lavada Ratliff, who has been associated with the West Virginia Institute of Technology, will teach a special course in education for teachers of exceptional children. Designed to aid teachers of children with certain handicaps, the course will place emphasis on speech deficiencies.

A featured course in Safety Education sponsored jointly by the Texas Safety Association, Inc., and the North Texas State College, will be taught, stressing curriculum building in safety education and methods of teaching safety in the public schools of Texas.

A special instructor from the American Red Cross headquarters at St. Louis is scheduled to teach Junior Red Cross activities, and an audio-visual aids course is scheduled for the physics department.

\$5000 Purse Offered At Stamford Reunion

Cowboys and cowgirls attending the seventeenth annual Texas Cowboy Reunion at Stamford on July 2, 3 and 4 will be gunning for slightly more than \$5,000 in prizes. The figure represents a 10% increase over the 1946 prize list. Five special made saddles will be awarded, along with other attractive prizes.

The American Quarter Horse Association will hold an official show in connection with the Texas Cowboy Reunion rodeo. It will be the seventh consecutive showing here. Twelve hundred invitations, entry blanks, rules and prize lists were mailed to breeders in Texas, Oklahoma, New Mexico and Colorado who are registered with the American Quarter Horse Association. In anticipation of a record number of entries a new stall barn is being built which will enable the committee to accept approximately thirty more animals than in 1946 when it was necessary to turn down entries due to lack of stall space.

A gala (pre-war style) parade is being planned for the opening day (July 2nd). Heading the parade will be Hon. Beauford Jester, Governor of the State of Texas, along with other state officials. The Cowboy band from Hardin-Simmons University will be the official band and will not only lead the parade, but will play at each performance of the entire show. A number of high school bands in the area are expected to be present on opening day to compete for the cash prizes. The usual commercial floats, ranch chuck wagons, mounted cowboys and cowgirls, along with many of the quarter horses, will complete the parade picture.

No fish live in Great Salt Lake, Utah, because the average salinity is almost six times greater than that of the oceans.

Health Notes

by Texas Department of Health

AUSTIN—Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is now occurring in certain sections of the State.

At one time it was generally believed that this infection was transmitted primarily by discharges from the respiratory tract. It is now believed that poliomyelitis may be another of the several gastrointestinal infections. Therefore, control measures must include clean-up campaigns and improvements in sanitation.

Stringent efforts should be made to eliminate house-flies, mosquitoes and rodents to destroy their breeding places. Every effort should be made to institute approved garbage collection systems and secure safe water supplies. Where adequate municipal sewage disposal systems are not in operation, it is necessary to install and maintain sanitary septic plants and outdoor privies.

All swimming pools should maintain hose standards approved by the Texas State Department of Health. This includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed to the public.

All raw foods and vegetables should be washed thoroughly before use and protected from filth and insects. All food handling establishments should adhere strictly to the State law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation, should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitation standards.

Approved milk supplies, rodent control measures, sanitation standards and strict personal hygiene are all important. Polio cases should be quarantined for 14 days and excreta from cases and contacts should be handled and disinfected with the same scrupulous care as if in typhoid fever or bacillary dysentery. Over-exertion in children should be avoided. Children should not visit homes where illness is present. It is advisable to reduce to a minimum all human contacts, especially in children during an outbreak of this disease. It is not advocated that schools, churches and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by a stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

Thunder which is considered the loudest common noise, has never been heard unmistakably more than about 20 miles from the flash.

Electric Shoe Shop
Next Door to Texico Postoffice

Good lighting means more than protecting the eyesight of your family. With electric service so inexpensive, and such attractive lighting fixtures available, better lighting will help "dress up" your home at a low cost. Just fill in and mail the coupon, or call your nearest Public Service office for a visit by a Public Service Company lighting specialist to tell you how to improve your lighting. He'll measure the light in every room of your home and provide you with valuable suggestions for better lighting . . . and remember . . . this service is absolutely without charge to you.

Local Softball Teams Off to Good Start

Both the Henderson and the Sikes softball teams have gotten off to a good start, by winning the first three games.

The Henderson Grain team clipped the Starkey Packing Co., of Clovis in the first competitive game, 15-11, and won over the Ingram Bros. softballers, Friday afternoon, 16-9, on the local field, in a non-scheduled game.

The Sikes Motor Co. defeated the Gateway Auto Co., of Clovis, Wednesday night, on the Clovis field, 19-4, in a five-inning game, when both the Sikes Motor Co., and the Gateway Auto teams chalked up one run in the first frame, but from there the locals took the lead by counting two runs in the 2nd, 6 in the 3rd, 1

in the 4th, and 9 in the 5th, with Gateway scoring again, only in the 5th, when they ran up three, making a total of four

Again the Sikes Softball team beat Scotty's Gun Shop of Clovis, Sunday afternoon on the Texico Diamond, 14-1, in a 7 inning game, with Hank Houst and Wayne Tucker doing the pitching.

Clovis scored one run in the 3rd inning and was held to a standstill for the rest of the game, while the locals also made one score in the first inning, 5 in the 2nd, including two home runs by Perry Winkle and Leonard Lewis, 3 in the 3rd and 5 in the 4th.

The line-up for the Sikes Motor Co. team included: Perry Winkle, catcher; Raleut May, 3B; Leonard Lewis, S. S.; Cliff Bosler, R. G.; Bilden Freeman, C. F.; Joe Johnson, F. B.; Jake Winkle, 2B; Chester

Boles, L. F.; Hank Host, P; Wayne Tucker, J.; Delmer May, C.; Melvin Curry, 3rd. B.; Gene Gardner, C.; and Larry Winkle, F. B.

4-H Club Winners

The winners of the Sears-Roebuck Co. awards of eight gilts and one boar, has been announced by the Farmer County Agent, Ollie Limer.

Troy Christian, Billy Johnson, Charles Verner and Derrezil Young, all of Oklahoma Lane, each won a pig. Darrell Norton and Duane Martin of Farwell, and David Spring of Bovina, and Max Wells of Friona, Donald Christian of Oklahoma Lane, were awarded the boar and will be required to keep a record on the pigs sired.

These 4-H Clubbers were awarded these pigs, for having sent in the best essay on "The Value of Producing Hogs on the farm as a Source of Income."

These Club Members will each raise a litter of pigs from the gilts, and in turn, are required to give the best gilt, from the litter, to another 4-H Club boy to carry on the program.

"AIR AGE EDUCATION"

AUSTIN—"Air Age Education" will be a course offered at the University of Texas summer session by the College of Education and the department of aeronautical engineering.

Clarence G. Odell, director of flight training, will teach the course and will have aviation authorities and aircraft industry officials as special speakers.

An optional part of the laboratory work will be flight experience, intended to enable teachers "to know what they're talking about".

Attention Farmers:

Present prospects for a good Wheat Crop are very encouraging.

Our plant is in first class condition, with a full crew to serve you.

First Trades Day Is Slated For Saturday

The first in the series of weekly trades day events has been scheduled for Saturday afternoon, June 7th, at 4 o'clock in front of the New Border Theater in Farwell.

Texico-Farwell merchants and business men are co-operating in a weekly program to induce more people to do their shopping in the Twin Cities. Sponsors of the event are offering real inducements for more people to trade at home.

SANTA FE ORDERS 25 DIESEL LOCOMOTIVES

ITALIAN PREMIER RESIGNS

... Premier Alcide de Gasperi leaves the office of Italy's provisional president, Enrico de Nicola, after resigning his position. Strong factions want him back, however.

Orders for 25 new Diesel-electric locomotives are being placed by the Santa Fe Railway with four of the leading locomotive builders according to announcement made today by Fred G. Gurley, president of the Railway.

Eight 6000 horsepower passenger locomotives will be built by electro-motive division of General Motors Corporation at LaGrange, Illinois; four 4000 horsepower passenger locomotives and four 1000 horsepower switching locomotives will be built by Baldwin Locomotive Works, Eddystone, Pa.; and two 1000 horsepower switching locomotives will be built by Fairbanks Morse & Co., at Beloit, Wis.

When these locomotives are added to the Santa Fe fleet the total horsepower will be 748,760 divided as follows: 48 passenger locomotives, 228,800 horsepower; 73 freight locomotives, 374,600 horsepower, and 156 switching locomotives, 145,360 horsepower.
