City Of Farwell Sets Trial Date

Two representatives of the Unification Church will return to Farwell June 26 to face charges in City Court of soliciting without a license. Municipal Judge Carrell Watkins made that announcement Tuesday night at the City Council meeting.

The two men, Terrence E. McKnight, 25, and Peter Califano, 24, both of Austin, were arrested last Wednesday night by City Marshal Ronnie

Mitchell for allegedly selling flowers without a permit.

They were arraigned that same night before Judge Watkins. After posting a \$25 personal appearance bond each, Watkins said they were then supposed to appear in City Court the following morning at 10 a.m. (last Thursday). However, Watkins informed the City Council that a Dallas lawyer for McKnight and Califano called him to say

they were going to plead not guilty and he requested a trial date. Watkins said he then set June 26 at 10 a.m. as the date of the trial.

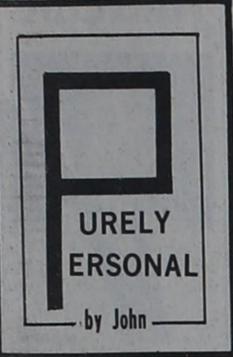

Mitchell said that he noticed the two men walking in town carrying flowers, and after a subsequent investigation, arrested them for not having a permit to solicit within the city limits of Farwell.

Mitchell said the permit costs \$10 and is issued for a

year to any organization requesting one, provided that the request is granted. He went on to say that soliciting without a license is a crime and he urges all residents who encounter such salesmen to report the incident to City Hall.

Fines for unlawful soliciting range from \$1 to \$200, according to Watkins.

Memorial Day 1978 passed in the Twin Cities in a very quiet manner. That is, we sponsored no public memorials or celebrations in commemoration of our war dead over the past two hundred years. Yet we sincerely believe that in the breast of each and every citizen there beats a grateful heart, and that we also will, "highly resolve that these dead shall not have died in vain."

To do this we are not at present required to sacrifice our lives on the field of battle, but we are required to be alert, informed and responsible citizens.

This means that our area of concern goes far beyond our small circle of daily existence and encompasses events and happenings around the world. We must take an active part in the political processes of our country and exercise our priceless right of voting.

We must become concerned with the monstrous growth of government and its effect on the personal freedoms of the individual. We must become alarmed at the vast spending programs that are draining the economic vitality from our peoples.

We must retrieve our government from the hands of the bureaucrats and return its operations to the will of the people or of a certainty these dead shall have died in vain.

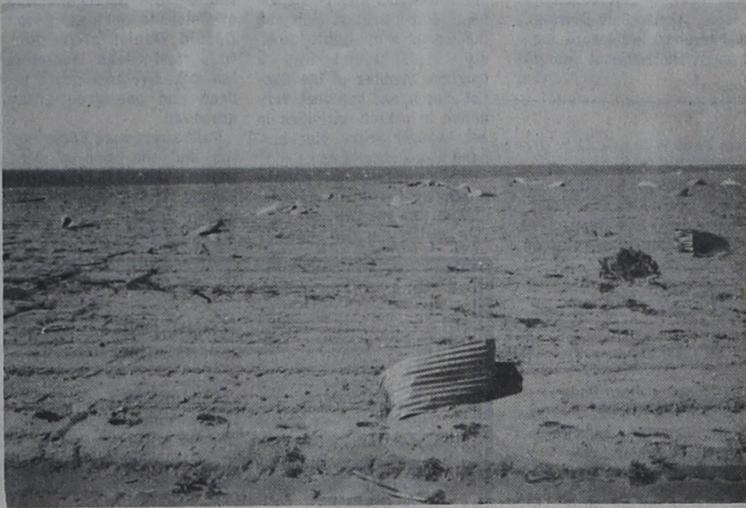

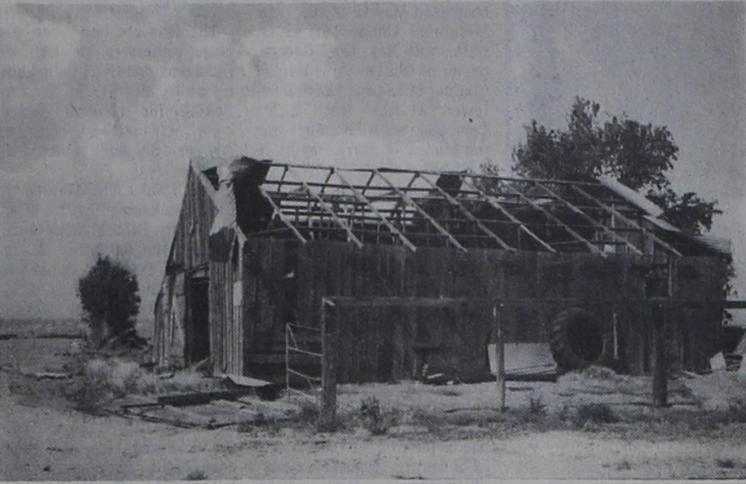

Procrastination is not only the thief of time but it also steals your money. We have had several personal letters we have been meaning to write. Sooo - Monday being a slow day we decided to so write and as a consequence we got stuck with the fifteen cent stamp rate. We blew six cents with our procrastination and nowadays a penny saved is a penny non-taxable.

We note that as a by-product of the confusion surrounding the anticipated postal increase the government is stuck with a billion or so sixteen cent stamps and as an emergency measure put stamps on the market without signifying a monetary value. Ergo: a stamp without a price is worth fifteen cents. Well now, with this confusion already why not issue the sixteen centers and rate them as only fifteen cents worth of postage. After all, what's a little bit more of obfuscation in our mails when it could save a sizeable chunk of apparently hard-to-come-by cash for the service.

Maybe cash isn't all that hard to come by with the Post Office seeing as how they are raising our second class rates substantially NOW and also in this coming JULY.

Income at the Tribune is hard to come by but outgo is an increasing daily occurrence.

Sudden violent weather is a hallmark of the Panhandle and something that should be anticipated by residents of the area. Yet, the weather always does unexpected damage. The (Continued on Page 2)

Storm Aftermath

The Texico-Farwell area Friday evening was the site for a weather demolition derby as strong winds - up to 80 miles per hour and more - ripped through the area tearing off roof tops, damaging mobile homes and snapping limbs from trees. Pictured is a barn owned by Ted Engram of Farwell. At the height of the storm Friday the savage winds ripped off the roof and scattered it in bits and pieces for several hundred yards. Engram said the barn had been built in the 1920's and had withstood the test of time rather well except for this last storm.

New Mexico Voters To Polls Saturday

Texico residents will join their counterparts throughout the state of New Mexico as they vote in the Democratic and Republican Primaries this Saturday. All Democrats and Republicans in Texico will vote at the City Hall between the hours of 8 a.m. and 7 p.m. MDT.

Candidates for Curry County offices include the following: Eight Democrats and two Republicans are vying for the position of sheriff of Curry County, including Mickey N. Fenn, David D. Ash, Sr., Fred C. Williams, Eddie Bigelow, Wesley Myers, Ken Petree, Larry Martinez, Sr., and Bob C. Stephens, Democrats; and James L. Brazell and Emory W. Kirk, Republicans.

Candidates for other county offices include: District Judge, Ruben E. Nieves, Democrat, District 1; Fred T. Hensley, Jay T. Morgan and Leslie A. Williams, Division 2, Democrats.

Featured on the ballots for the post of District Magistrate, Division 1, are Ernest C. Trapp and Wandel Massey, Democrats; and Russell L. Mussley, Republican. Division 2 candidates include Democrats Ralph W. Duty and Walter Alton Moore.

Three Democrats are unop-

posed for the county commissioner seats in District 1, 2, and 3, including Charles Stockton, Cullen Williams and James R. Williams, respectively.

Viola M. Higgins, Democrat, is also unopposed for county clerk. Two Democrats - Tillie

Olson Shaw and Flora E. Urioste - are candidates for county treasurer. Democrat James W. Rozzell is unopposed for county assessor. Frank Garcia Jr., Democrat, is unopposed for Probate Judge.

Texas Voters Ready For 2nd Primaries

Democratic and Republican runoff elections will be decided tomorrow (Saturday) when voters go to the polls between the hours of 7 a.m. and 7 p.m.

Voters are reminded that if they voted in the first primary election, either Democratic or Republican, if they go to the polls in the second primary, they must vote in the same party primary.

Anyone who did not vote in the May 6 primary election may vote in either party's election for the second primary.

Probably causing the most interest will be the Republican runoff for U.S. Congress, 19th District, for the seat of George

Mahon. This race pits George Bush, Jr., against Jim Reese, with the winner to oppose Kent Hance who won the Democratic Primary without a runoff.

Also on the Republican ballot, incumbent Frank Hinkson is pitted against J.W. Gammon for the Republican County Chairman seat.

In the Democratic runoff, only Bovina and Rhea will have a local contest. Glendon Sudderth will oppose Jack Patterson in the race for county commissioner for that precinct.

Also on the Democratic ballot, the only other race is the runoff for state railroad (Continued on Page 2)

Flooding Elsewhere - -

Extreme High Winds Damage Twin Cities

For a time Friday it seemed as if nature had gone wild as tornadic type winds plagued the Texico and Farwell area and torrential rains caused flooding in the Canyon-Amarillo vicinity. Like a scene from a disaster movie bewildered people sought refuge and safety from the fierce onslaught of the freak storm.

Compared to other parts of the Panhandle, the Twin Cities and surrounding area were lucky, if that is a proper word to describe the situation.

Parmer County Extension Agent Seth Ralston reported isolated damage to wheat, cotton and corn fields. According to Ralston he has spotted damaged fields northeast of Farwell. Some areas were spared but others received hail damage Friday.

The storm seemed to creep from nowhere, striking the local area shortly before 8 p.m. Winds exceeding 80 miles per hour swept through the area leaving a path of uprooted trees, damaged mobile homes and roofless buildings in its wake.

The brief but violent wind storm caused considerable damage. Ted Engram of Farwell lost a roof off a barn which had been built in the 1920's. The debris was scattered for hundreds of yards. When the storm hit Engram was plowing. He remained inside the vehicle until the weather cleared.

A roof was ripped off a small barn on the Button Howards' place and was blown into another barn, damaging the walls of that structure also. Part of a sprinkler system on the Mike Spearman place near Texico was bent "at a 90 degree angle." A load of irrigation pipe was also scattered all over the field.

Spearman said they also received about a half inch of rain Friday, but very little hail. He did not sustain any crop damage.

Three sprinklers on the Dee Brown place seven miles south of Farwell were also damaged in the storm. A neighbor's windmill was also damaged, according to Brown, who added, that he had "received extensive crop damage."

A barn on the Don Killough place northeast of Farwell was also destroyed and the debris scattered throughout the immediate area. Since the barn - which was constructed two years ago - was capable of withstanding winds up to 95 MPH, Killough estimates that the winds which destroyed his barn exceeded 100 MPH. He also reported receiving .20 of rain.

Two mobile homes on Ninth Street in Farwell also received damage. Irrigation pipes lodged in the Western Ag yard were banded about like matchsticks during the storm, causing an estimated \$8,000 or more in damages. The company's fence was also "torn up" according to Ralph Franse, manager.

Force of the wind also blew out the front window of Lerice's in Farwell, soaking the clothes in the front window and scattering the jewelry in the front case. Other merchandise in the building was not damaged.

Approximately 40 of rain fell in Farwell during the short storm, with 60 being reported in Texico. Another .90 inches fell in Clovis. During the 30-minute storm, rain came down in sheets, but no hail was reported in Clovis.

In Hereford a tornado momentarily touched the ground damaging several mobile

homes and a barn in Deaf Smith County. Nine inches of rain also fell in the city.

Several unconfirmed funnels were also sighted throughout the course of the storm.

But the Canyon and Amarillo area experienced the greatest impact of the storm's fury as torrential rains flooded the area, killing three persons and causing an estimated 10 million in damages.

According to reports, crop and livestock losses are estimated to be around 10 million.

Farmers from near Hereford in Deaf Smith County to the farmlands surrounding the city of Canyon report that thousands of acres of wheat, both dryland and irrigated, were destroyed by the storm.

One farmer who lives six miles west of Canyon said that hail destroyed 60 acres of irrigated and 100 acres of dryland wheat.

Water as deep as 30 feet at times remained in Palo Duro Canyon Saturday after more

than seven inches of rain caused floods which stranded campers and drowned four persons. Helicopters braved a thick fog Saturday morning to rescue people from the tops of buildings or anything else they used as makeshift high ground.

Of the hundred of people evacuated from Palo Duro, many sought shelter in the dormitories on the West Texas State University Campus.

A two-mile section of U.S. 87 between Canyon and Amarillo was a quagmire Saturday, and in these areas only one lane of the four lane highway was open. Snow plows were used along area highways to clear mud deposited by the rain-water runoff.

The storm continued Saturday in some areas of the Panhandle. In Memphis, marble size hail accompanied the four inches of rain. Earth reported .70, Olton .25 and Cottor Center, .20. Dimmitt received .73 Friday and .30 on Saturday.

Methodists Will Have New Pastor

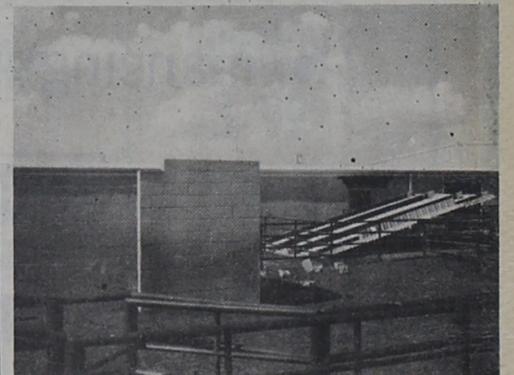

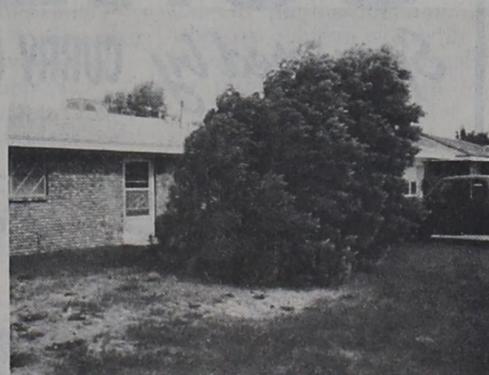

Rev. Duane Knowlton has been assigned as pastor of Hamlin Memorial United Methodist Church of Texico-Farwell effective this week. The appointment was made at general conference of the United Methodist Church at Glorieta, N.M., last week by Bishop Alsie Carleton.

Rev. Knowlton comes from Cimarron-Maxwell, N.M., where he has been pastor for three years. He replaces Rev. Russell Martin who plans to

attend seminary in Austin during the coming year. He and his family will currently make their home on his parents' farm at Hamilton, Tx.

The newly-assigned pastor and his wife, Barbara, have two sons, one who will be a sixth grader and the other a freshman in high school. The Knowltons were expected to arrive in Farwell late Wednesday.

Nature's Destruction

Friday evening's spring storm wreaked havoc in the Twin Cities in addition to delaying commencement exercises at Farwell School while would-be attendants waited in vain for the blowing rain to allow them entrance to the auditorium. In

the short span the storm remained in the area, severe damage was felt all across town. Pipe at Western Ag Sales in east Farwell were strewn about like matchsticks. In the second photo, an evergreen tree was uprooted at the Red

Prather home on Fourth Street in Farwell. Other residents also reported having trees torn from the ground by the 80 mph winds. Photo three shows two mobile homes on Ninth Street which received heavy damage. One of the homes was

blown almost over onto its side; however, it had been righted before the photographer arrived. A small barn at the Buttons Howard farm southeast of Farwell is shown in the fourth picture. The roof was blown off and into another barn.

matter of the dump ground was also discussed. The City recently conducted a survey encouraging people to specify the best times for the dump ground to be open. Many of those filling out the forms indicated that they seldom or never use the facility.

In the interest of best serving the community, Jack Landrum, head of the sanitation department, suggested that perhaps they "borrow" an idea from other dump grounds and maintain a speci-

fied area near the original site where trash could be dumped anytime of the day or night. Landrum said that approximately once a week they could then use the tractor to transfer all the trash to the dump ground itself, thereby eliminating almost completely the need to keep the area open at any particular time.

However this new plan, which the Council agreed to try, will not affect contractors who have more than the average load to dump. They are still requested to contact City Hall and arrange for a time for the dump ground to be opened for them. The regular fee will also be charged in these cases.

Janie Bowery, city clerk, produced a list of approximately 32 names of persons who have defaulted in paying the city their share of paving costs. It was the opinion of the Council that it would be better to work out monthly payments plans for these individuals — if they will make a sincere effort to pay the amount owed the City — rather than to seek legal action.

Attending the meeting were Mayor Walter Kaltwasser, Commissioners Fred Chandler and Johnny Curtis and city employees, Mrs. Bowery, Landrum, John Johnson, Dee Hammit and Mitchell.

 Twin Cities certainly came in for its share last Friday evening. We have no way of getting any official estimate of the force of the wind but from the topless barns and uprooted trees it must have been in the vicinity of 100 MPH for a brief period.

Flooding is something we do not expect out on the baldies, but probably a quick five or six inch deluge would produce some startling and unexpected lakes even in our community. Flood damage is not covered in the standard Texas Homeowners insurance policy but should be considered as an additional coverage by many folks who do not now have this type policy. Insurance is something a body always gripes about—until they need it.

 When everything's coming your way you're probably on a one way street.

Safe Drivers

Tanya Skaggs, left, and Mary Jean Skaggs, Texico School bus drivers, receive Safe Driving Awards from Texico School Superintendent James Pierce. Tanya received her award for two years driving while Mary Jean was receiving an 11-year award. The National Safety Council presents the awards each year.

New Mexico Election . . . (Continued from Page 1)

Candidates for several state and national offices will also be determined in Saturday's primary elections.

Democrats Toney Anaya and Harold Runnels are unopposed for U.S. Senator and U.S. Representative, respectively. Candidates for the post of governor include Bruce King and Robert E. Ferguson, Democrats; and Joseph R. Skeen and Bob Grant, Republicans.

Lt. Governor candidates include Democrats Thomas T. Rutherford, Roberto A. Mondragon, Odis L. Echols, Rich Sims and Lenton Malry; and Leo Dow, William R. Valentine and Anastacio "Nash" Torres, Republicans.

On the ballots for Secretary of State are Democrats Shirley Hooper, Samuel J. Garcia, Emma C. Gonzales, and Beatrice "Bea" Martinez; and Republican Nila A. Baer.

Candidates for state auditor are Alvino E. Castillo and Frank M. Olmstead, Democrats; and Republican Jack Emmons. Those vying for the office of state treasurer are Jan Alan Hartke, Democrat, and Magel Bowman, Repub-

lican. Democratic candidates for attorney general are Jeff Bingham and Richard C. Bosson. John D. Donnell is on the Republican ballot.

Listed on the ballots for commissioner of public lands are Alex Armijo, Democrat, and Joe E. Haymes, Republican. Columbus Ferguson, Democrat, and Frank C.H. Livingston, Republican, are candidates for corporation commissioner.

John B. McManus, Jr., is unopposed for Justice of the Supreme Court Position 1 and Democrat William R. Federici is unopposed for Position 2.

Candidates for the position of judge of the court of appeal six-year term are Leila B. Andrews and Michael Alarid, Jr., Democrats; and David R. Lee, Republican. Candidate for the position 1 eight-year term is Democrat William Hendley. Candidates for position 2, eight-year term are Mary C. Walters, Ben F. Roybal and James L. Dow, Democrats; and Charles W. Rawson, Republican.

The following are candidates for State Representative: District 63: Hoyt Pattison, Repub-

lican; District 64: H.B. Barnard and Ellen R. Prince, Democrats; and District 65: George Ralph Banister, Jr., Republican.

 commissioner, unexpired term, between John Poerner and Jerry Sadler.

Republican polling places are the Farwell City Hall for Farwell and Oklahoma Lane voters; and the Friona grade school library, Bovina High School and Lazbuddie School cafeteria.

In the Democratic runoff, several polling sites have been consolidated. Oklahoma Lane and Farwell voters will vote at the courthouse in Farwell. Voters in Friona, Black and Lakeview will vote at Friona High School. Other voting sites include Rhea Parish Hall and the old American Legion Hall in Bovina.

Mrs. Ellen Daniel Buried

Funeral services for Ellen Daniel, 87, of Texico were conducted May 19 at the Tims Memorial Chapel at Altus, Okla., with Rev. Noel George, pastor of Olustee First Baptist Church, officiating. Burial followed at the Rest Lawn Cemetery at Altus. She was the mother of Mary Peyton of Texico.

Mrs. Daniel was born at Searcy, Ark., Dec. 14, 1890. She and her husband, Charles Edward, were married in Jackson County, Oklahoma in 1910. For many years they farmed in the Friendship and Humphreys communities in Oklahoma.

The couple homesteaded in Colorado for three years, later returning to their home in Oklahoma. Mrs. Daniel was one of the first persons to ride in a car in Jackson County. She had been a member of the home demonstration club and the women's missionary society. Mrs. Daniel was a longtime member of the Baptist church, and had been very active in church activities in her younger years. Her husband was a songleader.

Mrs. Daniel was preceded in death by her husband who died in 1965 and her son, Alva Dee Daniel, who died one year

ago. He had taught school in Farwell in either the late 50's or early 60's.

The Daniels had been pioneer settlers in the state of Oklahoma and lived there until his death. Mrs. Daniel lived in Texico for several years before moving to Lubbock for one year. She later returned to Texico.

Mrs. Daniel died May 16 in Clovis Memorial Hospital after a lengthy illness. Survivors include the daughter, Mary Peyton of Texico; a daughter-in-law, Willie Daniel of Lubbock; a foster son, Macky Vernon Payton of Lubbock; a niece, Mrs. Anthony Scioli of Texico; one brother, A.L. Firestone of Logan, N.M.; a sister, Mrs. Ola Adams of Colorado City, Tex.; four grandchildren, Mrs. Niel Hancock of St. Thomas, Virgin Islands; Mrs. Sherri Woodrow of Colorado Springs, Colo.; Donald Daniel of Terlton, Okla. and Glenn Daniel of Lubbock; five great-grandchildren and one great-great-grandson.

Pallbearers were Eddie Peyton and the sons of Mrs. Daniel's longtime friends including Minor Southall, Ernest Sadler, Johnnie Burrow, Eugene Pickett and Lee Cheaney.

Vacation Bible School Sessions Underway Here

Vacation Bible School Fun

Ella Eubanks, left, daughter of Mr. and Mrs. Max Eubanks, and Jennifer Williams, daughter of Mr. and Mrs. Barry Williams, are conversing with puppets at the First Baptist Church in Farwell during a Vacation Bible School session. Puppets who enjoyed telling Bible stories to the four- and five-year-olds are from left, Stanley, Blaine Buchenau; Matilda, Tina Geris; Betsy, Dondra Geris; and Bert, Chris Bristow. The VBS concludes today (Friday).

Most area churches are either planning Vacation Bible School sessions or they are already in progress this week.

VBS at First Baptist Church in Farwell began Monday and will conclude today (Friday). The school picnic will be at Farwell City Park between the hours of 11:30 a.m. and 12:30 p.m. A commencement and family night celebration will be this Sunday at 7 p.m. CDT.

Puppeteers, under the direction of Karen Bristow, have been telling Bible stories plus providing entertainment for the younger children. The high school age performers include Tina Geris, Blaine Buchenau, Dondra Geris and Chris Bristow.

Other VBS helpers include Leon London, school superintendent; Karen Bristow, pianist; Blaine Buchenau, music director; and Billie Blain, church secretary; Betty Dollar and True Bell, nurses; Kay Hagler, superintendent, and Sue Adams and Shana Blain, two-year-olds; Jeanne Bartley, superintendent, and Barbara Broxson and Karyn Blain, three-year-olds; Pam Monk, superintendent, and Linda Geris, Sydney Chadwick and Donna Meeks, four and five-year-olds; Betty Stewart, superintendent, and Modene McMillan, Roene Stewart, Karen Lovelace, and Tammy Lovelace, grades one and two;

Also, Jackie Smallwood, superintendent, and Shirley Autrey, Eva Dean Stephens, Roberta Johnson and Audrey Autrey, grades three and four; Gladys Kaltwasser, Jane Stephens, and Sharon Eubanks, grades five and six; and Hattie Moser and Carrie Anderson, refreshments.

Vacation Bible School at the Farwell Church of Christ is slated for June 5 through June 9, with classes being conducted daily from 9:30 to 11:30 a.m. Leonard Harper, minister, is in charge of the puppet theatre which will also be featured at the VBS.

The "VBS Express," consisting of a tractor pulling two trailers, will pick up any children who need a ride. Anyone needing a ride is asked to call 481-3833.

VBS workers for the school for children aged four through sixth grade are Bettie Martin, Cheryl Harper, Gayla Goldsmith and Kelly Dobbs, ages four and five; Flo Davis, Phyllis Mayfield, Pam Norton, Lisa Hughes and Penny Hughes, grades one and two; Sherry Curtis, Susan Meeks, Wanda Mayfield, and Tonda Fulcher, grades three and four; and Doris Martin and Patsy Merritt, grades five and six.

Refreshments will be furnished by Hope Shuman, Virginia Sheets and Ruby Meeks.

Oklahoma Lane Baptist and Methodist Churches will have a combined Vacation Bible School June 5-9. Classes for children in the second grade

and under will be conducted from 9 to 11 daily at the Baptist Church. Rev. Moody Smith, pastor of the Baptist Church, is in charge of the school.

Helpers include Janell Verner, grades one and two; Marsha Watkins, ages four through kindergarten; and Charlotte Donaldson, three-year-olds and under. Refreshments will be served.

Smith said a commencement exercise will probably be held Friday, June 9, but no definite plans have been made.

Other churches also planning Vacation Bible Schools include St. John Lutheran Church, June 4-9; Hamlin Memorial United Methodist Church, July 17-21; and the First Baptist Church of Texico, July 17-21.

Gymnastics Group Conducts Meeting

A group called Twin Cities Gymnastics met last Wednesday night at the Farwell School gym to discuss the possibilities of obtaining gymnastic equipment for the school children. Officers for the new organization are Gwen Hughes, president; Lillie Christian, vice-president; Heidi Tally, secretary. The Board of Directors include Mary Ann Lingnau, Patsy Camp, LaMoin Williams, Lee Hutchins, Jerry Yows and Johnny Actkinson. Approximately 40 people attended.

There are presently 63 students enrolled in the special gymnastic classes which began in April. The instructor is Clay Burch of Clovis. Burch will be a sophomore at Eastern New Mexico University next fall, where he is majoring in P.E. with specialization in gymnastics.

In New Mexico gymnastics competition Burch is third in volting, seven in parallel and rings and sixth all around. He is one of four judges who officiate at high school gymnastics events.

Burch and several of his local intermediate students - Polly Turner, Andy Hughes, Roger Robertson, Corey Jones

and Todd Christian - presented a demonstration at the meeting. Burch is in the process of obtaining an assistant instructor, and says that long range plans call for entering some intermediate students in Texas and New Mexico gymnastic meets.

Gymnastics classes for children five and older will resume June 19. Sessions will be Monday and Tuesday of each week throughout the summer and after the next school year starts. During the summer beginners will meet either from 9-10 or 10-11 on those days. The intermediate group will have classes on Mondays and Tuesdays from 11-1. However, after the 1978-79 school year begins in August the gymnastics classes schedules will be changed accordingly.

The usual fee is \$10 per month per child, but since the classes in June will not begin until the middle of the month a reduced fee of \$5 will be charged.

More information may be obtained by contacting Gwen Hughes, 481-9114; Lillie Christian, 825-3335; or Mary Ann Lingnau, 825-2911.

Mrs. Hughes presided over

the May 24 meeting. She reported that since the gymnastics classes have started, the children have been working on mats. She emphasized the need for such equipment as a balance beam, parallel bars, horse, mini tramp, crash mat and a spotting belt.

A plea was made to local organizations for donations for said equipment. A few organizations represented Wednesday night were Joe Jones, youth commission; Mike Spearman, Rotary Club; Mary Ann Lingnau, Alpha Rho Lambda Chapter of Beta Sigma Phi sorority; Jerry Yows, Lions Club; Judy Jones, Theta Rho Chapter of Epsilon Sigma Alpha sorority; and Richard Haseloff, Jaycees.

SHERIFF'S REPORT

Parmer County Sheriff Charles Lovelace reports that they were to travel to Ft. Sumner, N.M., Wednesday to pick up Gene Paul Davis, 18, of Muleshoe. Ft. Sumner officials were holding Davis on a Parmer County warrant for violation of probation.

According to Lovelace, Davis had been tried in district court here in January, receiving four years probation on three counts of burglary.

Sheriff Lovelace also reports that they are currently holding one juvenile and two youths from California on charges of car theft. The juvenile, and Ingomar Woods, 18, and David Weaver, 19, all of Marysville, Calif., were arrested Monday night by DPS Trooper Glenn Fant, Lovelace said. Fant apprehended the trio as they drove away in a truck they allegedly "hot wired," he explained. The truck belonged to Harry Sheets of Farwell and it was parked on his lot at the time of the theft. Bond was set at \$2000 each, according to Sheriff Lovelace.

David Mathena, 27, of Portales is also currently in custody on charges of misdemeanor theft. He allegedly stole a wheel and a tire off a vehicle parked on the lot of

Friona Motors. Mathena was arraigned and bond was set at \$500.

Sheriff Lovelace reports that they have also been investigating the burglary of the John Drager farm house 11 miles west of Friona. The house had been vacant for "quite a while" according to Lovelace, but a Mary Cordle was in the process of moving in when the incident occurred. The culprits stole several items belonging to Cordle and Drager, including Drager's 21 inch color television set and a combination radio, stereo and eight track tape player unit.

Also under investigation is the stripping of a 1973 Lincoln which had been abandoned 10 miles west of Friona. According to Lovelace, the tires and wheels had been removed from the vehicle.

A theft also occurred at the J.W. Gammon farm in the Lazbuddie Community. Approximately \$40 worth of tools and a chain were taken off a tractor parked on the place, Lovelace said.

To Meet

Farwell School Board will meet Monday, June 5, at 8 p.m. CDT in the superintendent's office.

Scholarships Presented At Farwell

Awards, honors and scholarships were presented Friday night at the Farwell High School commencement exercises. College scholarships were presented to valedictorian Dwayne Shults and salutatorian Linda Gohlke.

The Loving Cup was presented to Penny Hughes, daughter of Mr. and Mrs. Walter Hughes. This award, which was started in 1928 by the Farmers Grain Company of Farwell, is awarded to the best all-around senior student at Farwell Schools. In 1968 a base for the old trophy was presented in honor of the senior class by Dr. Larry J. Cooper to provide space for the names of the winners. Mr. and Mrs. Lawrence Cooper also donate a \$50 savings bond to the recipient each year.

The Cecil Dykes Citizenship award was presented to Sandra McMillan, daughter of Mr. and Mrs. Otis McMillan. This award is presented annually to the student who has exhibited outstanding citizenship. The selection is made by the high school faculty.

Delia Dollar, daughter of Mr. and Mrs. Bob Dollar, received the 1978 Telephone Pioneers Scholarship. This scholarship is awarded on the basis of grades, citizenship, leadership etc. Delia was selected over candidates from the district served by the Clovis Phone Company which includes Portales, Tucumcari, Farwell, Texico, Clovis, Santa Rosa and Ft. Sumner. This scholarship is awarded to a student who plans to attend a four year college, a two year college or a vocational school.

From Amarillo

Craig Lackey, 12-year-old son of Mr. and Mrs. C.H. Lackey of Amarillo, is in Farwell this week to visit in the home of his grandparents, Mr. and Mrs. Joe W. Magness, and with other relatives here.

Arts & Crafts Fair Set In Tucumcari

The 5th Annual Arts and Crafts Fair in Tucumcari will be June 3 and 4.

The Fair will be held at the Quay County Exhibit Center on West Highway 66 from 10 a.m. to 9 p.m. on Saturday, June 3, and from 1-5 p.m. Sunday, June 4.

Seventy booths offering a wide range of arts and crafts will be set up for viewing and all items will be for sale. Some of the items offered for sale at this year's Fair will be sculptured glass, pottery, weaving, paintings, jewelry, silhouettes, dolls, macrame, picture frames, photographs, lapidary, metal sculpture, needlework, and other various arts and crafts.

The public is invited and admission is free.

ian and valedictorian of the class, the following students received medals: Peggy

White, Jan Bradshaw, Rhonda Walls, Sandra McMillan and Penny Hughes. They have

maintained an average of 90 or above during their four years in high school.

Scholarship Recipient

Delia Dollar, Farwell senior and daughter of Mr. and Mrs. Bob Dollar, receives the 1978 Telephone Pioneers Scholarship from Dale Gafford of Clovis, right, president of the Roadrunner Club of the Telephone Pioneers. At left is Tom Knoy, Farwell High School principal. Miss Dollar plans to take business courses at Texas State Technical Institute this fall.

Convalescent Center Chit Chat

As Reported by the Center Staff

Residents and staffers alike were surprised last week when Floe Copeland, activity director, brought her spotted baby goat for everyone to see. Sissy is two weeks old and about the size of a cat. Several residents mistook it for a puppy at first as Mrs. Copeland was carrying it in her arms. W.W. Vinyard assisted Mrs. Copeland by holding the baby goat all the way from Clovis.

May birthdays celebrated last Thursday included Alice Luikart, 6th; Thelma Price, 7th; Anna Hill, 22nd; Lyra Holland, 9th; and Bertha Kaltwasser, 18th. The Farwell Young Homemakers brought a lovely decorated cake with a basket full of flowers. Not only was the cake colorful but it also tasted good, report the honorees.

Nora Edens certainly had a good day at bingo, winning four games in a row. Visiting Nora this week were her son and daughter-in-law, Jack and Agnus Edens of Midland. They

took Nora shopping and she bought a pretty dress. Then they enjoyed eating at a Clovis restaurant.

Visiting Anna Callahan was her nephew, Michael Murdick of Ft. Worth. Claire McFarland brought Thelma Kittrell a lovely orchid and white bouquet.

Lyra Holland received a bouquet from her son, John Holland of Clovis. They were picked from her old home place. Visiting Lyra this past week was her sister, Wilda Wilson from Arkansas City, Kan.

Everyone wishes Pearl Monk a speedy recovery. She is in Clovis Memorial Hospital.

Christa Gohlke has gone to Atlanta, Ga., for a month.

Bertha Kaltwasser attended St. John Lutheran Church Sunday. Later she enjoyed lunch with her son and family, the Gilbert Kaltwassers. After the meal they went to the cemetery to place flowers.

Visiting Ruth Myers was her daughter and son-in-law, Faye and Coleman Wright of Batesville, Ark. Also visiting was her great-granddaughter, Dawn Wright of Hereford.

Nelson Hurst went to Clovis to shop and to eat Mexican

food with Mrs. Copeland and her children. He also stayed busy working in the garden, watering it and picking onions for the residents to have at mealtime.

Virgil Sweat is anxiously waiting a visit from his daughter, Evelyn Cowart of Poplarville, Miss. She has promised to bring him two magnolia trees to put outside the window - one red and one white. He also reports his chickens have just hatched some new eggs.

Isom Zeffers has really been lucky at dominoes lately. Seems he beat the socks off Virgil Sweat and Nelson Hurst.

Domitilla Madrid went to church Sunday with her family. Ruby Hulse and James Haragon went to church Sunday with several friends.

J.R. Walton spent the night in Portales with his son, A.L. Walton.

Lena Dilbeck of Clovis visited her mother, Callie Taylor and her roommate Lila Carpenter.

Willie Shields spent the weekend in Portales with her son and family.

Cora Lunsford attended a family reunion at her sister's home, Mrs. Charlie Boyd.

Texico Baptists Honor Chuck Bradley Family

First Baptist Church in Texico held a going-away reception May 9 for the Chuck Bradley family who has since moved to Forest City, North Carolina. The Faith Sunday School class, of which Mrs. Bradley is a member, presented the family with a quilt they had made. Each Class member made one of the blocks and a "quilting bee" to finish the project was held at the home of Margaret Horne.

Refreshments were served at the come-and-go reception honoring the Bradley family. They also received a Yucca money tree as a going-away gift.

Those attending were Messrs. and Mmes. Vernon Thigpen, Sherilyn and Todd; Bud Pearce, Jim Walker, Marty and Matthew; Doyle Larue, Steve and Teresa, Eddie Dunsworth, Jeff, Ronnie and Chad; Frank Ancira, Cynthia, Corine and Mark; Eddie Smith, Sheila and Steve; Pete Harrison, Lori and Lisa; J.B. Taylor, Cindy, Sharlet and Brett; George Judah, and Louie; Phil Elliott, Scott and Leslie; Willie Wall, Lynn and Nickie;

Also Eddie West and Kevin, Joel Horne and Laura, Craig and Howard; Butch Sharp, Rhonda, Craig and Clint; B. A. Kelley; Anson Bowers; Ray Sharp; Billy Boling, Sheryl and Mike and Mack Madden and Mike. Also attending were Mary Hill, Jo Beth, Jennifer and Jayne; Pearla Tivas, Annie Scholoss, Nora Miller, Maimie Hightower, Frances

Schueler, Hayden Smith, Dwight Green, Bernice Thigpen, Allie Burris, Betsy Ann Autrey, Hettie Harrison, Nora Day, Bettye Cloud, and Evelyn Hadley.

Girl Born To Jim Walkers

Mr. and Mrs. Jim Walker of Farwell are parents of a daughter born Wednesday, May 31, at 4:48 a.m. CDT at the hospital in Muleshoe. The new arrival, who has been named Meredith Lee, weighed eight pounds, eight ounces and was 20 and 1/2 inches long at birth.

Little Meredith has two brothers, Marty, 8, and Matthew, 4.

Paternal grandparents are Mr. and Mrs. E.A. Walker of Farwell and the maternal grandparents are Mr. and Mrs. B.C. Locke of Muleshoe.

Wedding Reminder

Friends and relatives of Loy Christian, daughter of Mr. and Mrs. Wendol Christian of Farwell, and Joe McLellan of Friona are reminded of the couple's wedding to be Sunday, June 4, at 3 p.m. at the Oklahoma Lane United Methodist Church.

Party Honorees

Mr. and Mrs. Chuck Bradley pose in front of their going-away gift, a friendship quilt made by members of the Faith Sunday School class of Texico Baptist Church. The gift was presented to the couple at a recent farewell party hosted by the Sunday School class at the church. The Bradleys have moved to North Carolina to make their home.

Mrs. Jerry Herington Feted With Shower

Mrs. Jerry Herington of Farwell and her newborn daughter, Cortney D'Ann, were honored with a baby shower May 20 at the Farwell Church of Christ.

Hostesses were Mesdames Judy Jones, Diane Atkinson, Robin Gregory, Lois Billingsley, Janis Billingsley, Hattie Coffey, Snooks Meeks and Doris Martin. The hostess gift was a high chair.

The serving table was covered with a white cloth and centered with a baby planter and stork. Refreshments of cookies, mints, nuts and punch were served by the hostesses.

Special guests besides Mrs. Herington and Cortney D'Ann were her mother, Mrs. Thelma Lowery of Edwards, Mo., and her mother-in-law, Mrs. Grady Herington of Farwell. They assisted with the opening of gifts.

Visit Parents

Mr. and Mrs. Rex. McCloy of Stinnett visited during the past weekend with her parents, Mr. and Mrs. Gil Patschke of Farwell, and attended church with them at the local United Methodist Church Sunday morning.

Service Pins Given To Farwell Teachers

Several service pins were presented last week during the Farwell elementary and junior high awards assemblies.

Elementary teacher Lynn Roberts received a 10-year service pin.

Five-year service pins went to Janice Fant and Anne Corn, high school teachers, and to Howard Carlyle, high school counselor.

Also receiving pins were Elizabeth Phillips, junior high history teacher, 10 years; and Jerry Dee Owen, instructor in the junior high and high school, 15 years.

Velma McDorman, who is in

charge of the cafeteria, received a 20-year service pin. A complete list of other awards presented at the junior high assembly was not available.

Hospital Notes

Claud Heath of Farwell returned to his home Monday of this week after spending over a week in the South Plains Hospital and Clinic at Amherst while undergoing tests and x-rays. He is reported to be feeling much better this week.

Robin Mahaney was dismissed from Clovis Memorial Hospital last Friday after being confined for several days for medical treatment. He is reported to be doing fine this week.

Plan July Wedding

Mr. and Mrs. Paul R. Howard of Pampa announce the engagement and approaching marriage of their daughter, Pamela Lynn, to Clint Deeds, son of Mr. and Mrs. Gene Deeds of Lubbock, formerly of Farwell. The couple will exchange wedding vows on Friday, July 7, in the First Baptist Church of Pampa. The bride-elect is a 1973 graduate of Pampa High School and is employed at Pampa. The prospective bridegroom attended Farwell Schools from 1967 to 1970, graduating from Lubbock High School in 1972. He attended South Plains College at Levelland, and Texas Tech, and is now employed at Pampa Country Club.

Hudnall Children Visit In Farwell

Rev. and Mrs. Harvey Hudnall of Farwell had all their children and grandchildren together for one afternoon and night last week.

Their daughter and family, Mr. and Mrs. Jimmy Jordan, Justin and Jennifer of Farmington, N.M., stopped here en route home after a visit in Odessa with Jordan's parents, Mr. and Mrs. Harold Jordan. And since the other Hudnall children had not seen young Jennifer, who was born April 13, it was a good time for them to come and make her acquaintance.

Those present for the gathering were Mrs. Johnny Warrick, Renee and J.W. of Lubbock, Dr. and Mrs. Wayne

Hudnall and Eric of Canyon, Mr. and Mrs. Robert Harmon, Bob, Brenda and Bryce of Portales, and Mrs. Claud Heath of Farwell. Mrs. Heath is Mrs. Hudnall's mother.

Heath was confined to the hospital in Amherst and although he didn't attend the family gathering, the Jordans visited him there on Saturday afternoon. The Farmington family returned to their home Sunday, taking Brenda Harmon with them for an extended visit.

The first admiral of the U.S. Navy was David S. Farragut, who was appointed in 1866.

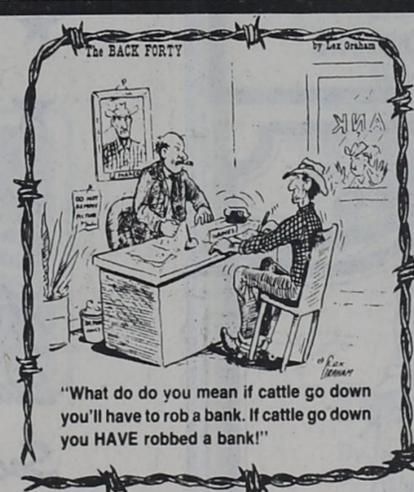

Farewell Party

Parents To Share LL Tasks, Duties

For the remainder of the Texico-Farwell Little League and Pee Wee season, parents will share in the recruitment of workers for the concession stand, scorekeepers, and umpires on an alternating basis. Teams listed as the home teams on game nights will be responsible for supplying one parent for the concession stand, one parent to act as the official scorekeeper-announcer, and will recruit an umpire to work during their game time.

In charge of recruiting workers for the Pee Wee teams will be Jane Stephens, Johnny Hammit, Citizens Bank; Jan Marsh, Hugh Moseley, Interstate Fertilizer; Gloria Hutchins, Donald Jones, Plano Grande; and Jeanne Bartley and Don Gerles, Sherley-Anderson.

For the Little League teams the following parents will be recruiting workers: Laura Gaddis, Travis Bibbs, Aldridge Insurance; Kay West, Eddie Dunsworth, Kelly Green; Mary Powell, Raymond Torres, Tide; and Cynthia and

Ronnie Spence, Worley Grain. Each team has only five or six home games left in the season, so the responsibility will be more equally distributed among the parents of the players under this new system, said Joe Hughes. "Our future success of the baseball program for the Texico-Farwell communities depends on the involvement and cooperation of parents, too; so when one of the recruiters calls upon you to work for your team, your help will be greatly appreciated," Hughes continued.

If you are scheduled to work at a specific time and are unable to fulfill your commitment, please give the parent-recruiters sufficient notice so that a substitute can be called, said Hughes.

Questions about the assignments can be directed to Hughes or Betty Castleberry, or to the recruiters for each team.

Home teams for the remainder of the schedule include the first team listed.

Farwell To Have Reading Programs

Farwell Junior High and Elementary school libraries will be open each Wednesday, beginning June 7 and continuing through July 26. Storytime and a film will be available in the elementary library between 10 a.m. and 10:30 a.m. Books may be checked out from 10:30 to 11 a.m. There will be no story-time or film at the junior high level. Puppet shows will also be staged for the elementary readers. The following is a message from the sponsors of the

summer reading program: "Reading is the key to your child's success in school. Reading is something which should be enjoyed as well as used. Please encourage your child to participate in this summer library program." Helpers include Janice Fant and Anne Corn who will be in charge of the elementary library, and the junior high teachers who will "man" the junior high libraries. Volunteers will be available to tell stories to the elementary children.

Miss Rodeo America To Open Pioneer Days

Almabeth Carroll, Miss Rodeo America from La Junta, Colo., will arrive in Clovis June 7 to open the Pioneer Days Rodeo festivities at the Miss Rodeo New Mexico Extravaganza. The Extravaganza will be held at the KTQM Auditorium, 206 Main in Clovis, at 8:30 p.m. MDT.

Appearing with Miss Carroll will be Becky Bilberry of Ft. Sumner, Miss Rodeo New Mexico 1978; Donna Lee, 1978 Pioneer Days Rodeo Queen; and Trish Lenihan, one of America's most popular Western entertainers from Medora, N.D.

Tickets for the events will be available for \$2.00 at the Clovis Chamber of Commerce, Torrance's Western Wear and Sasser's Western Wear, Clovis; Chamber of Commerce, Ft. Sumner; Don Hightower Western Wear, Melrose; Rip's Western Wear, Texico; and western stores in Portales.

Trish Lenihan is a ranch girl who has sung her way across the United States and into the hearts of many with her warm western voice. She has several albums of western records to her credit.

Almabeth Carroll, the attractive 20-year-old rodeo enthusiast, is Miss Rodeo America 1978. She won the coveted crown competing with 51 contestants from 50 states and

two Canadian provinces in Oklahoma City. Miss Carroll also captured the field in the horsemanship and personality divisions, as well as the honors in the Lt. Governor Neigh Speech competition.

The daughter of Truett and Regena Carroll, Almabeth has grown up in the sport of Rodeo. Her father is a member of the P.R.C.A. and is one of the top calf ropers in the Mountain States Circuit.

Almabeth is a senior at the University of Southern Colorado at Pueblo majoring in Recreation and Psychology. Her goal is to work with the socially handicapped to reach their goals of health and happiness.

An outstanding athlete, Almabeth is one of three women in Colorado to be a certified basketball official. She received a Rodeo scholarship at Otero Junior College where she was named Outstanding Freshman Woman, and a Basketball scholarship at the University of Southern Colorado. Other honors include 880 yd. Colorado State Champion in track in 1975 and 1974-75 All-Conference Basketball Forward.

Her rodeo interests include goat tying and breakaway roping. She has been Colorado State High School Rodeo

Queen, Colorado State Fair Queen, judge for the 1977 National Little Britches Rodeo Queen, and now serves as a director, Breakaway Roping, Central Rocky Mountain Region of the N.I.R.A.

Green Makes Honor Roll

Gary Green, son of Mr. and Mrs. Doyle Green of Farwell, and junior at West Texas State University, Canyon, was named to the President's Honor Roll for the spring semester.

Green, a 1975 graduate of Farwell High School, is an

agricultural business and economics major and has maintained a 4.0 grade average.

He plans to remain in Canyon this summer where he will enroll as a senior at WTSU while continuing to be employed by a gear firm in Amarillo.

Reunion Committee To Meet

A committee to plan the Pleasant Hill Community reunion will be at the community center in Pleasant Hill at 1:30 p.m. MDT June 4. All interested persons - who have either lived in the community or attended school there - are asked to please attend this important meeting. The reunion will be August 6.

Gardening News

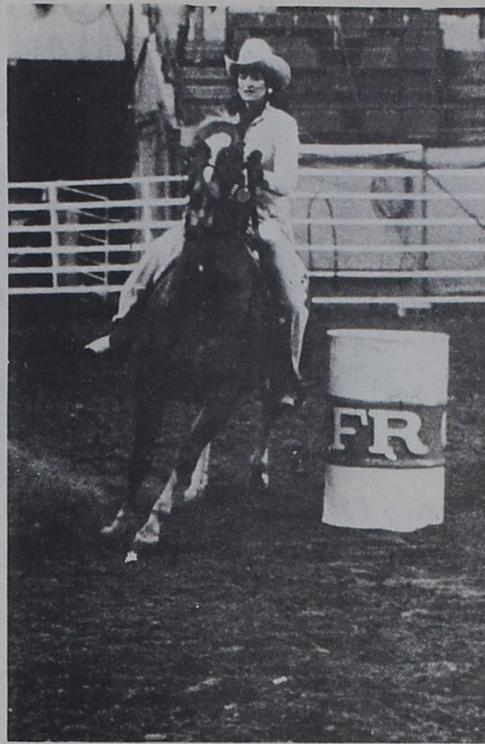

Building a compost pile? NMSU Extension people say to add one cup of limestone or one and one-half cups of wood ashes for each bushel of organic matter.

Wait until the soil dries out in the garden before you attempt to till it. NMSU Extension people say that tilling wet soil leads to compaction and a breakdown of the soil structure. If a handful of squeezed soil feels wet and forms a lump, it is too wet for tillage.

A good way to find out if you have root-knot nematodes in your garden this year is to examine roots of plants for signs of galls or knots. But don't confuse nematode galls

with nitrogen-fixing nodules that develop on the roots of legumes. NMSU Extension people explain that root-knot galls are characterized by sections of the roots themselves being swollen, while nitrogen-fixing galls are attached to the sides of the roots.

Mulching is a protective covering spread on the ground. It reduces evaporation, maintains even soil temperature, prevents erosion, controls weeds and enriches the soil. NMSU Extension people point out that mulch is not sprinkled around in the garden like fertilizer, but is placed between the rows and nestled up around the plants.

Miss Rodeo America

Miss Almabeth Carroll from La Junta, Colo., will arrive in Clovis June 7 to open the Pioneer Days Rodeo festivities at the Miss Rodeo New Mexico Extravaganza, at 8:30 p.m. MDT in KTQM Auditorium at 206 Main, Clovis.

Texico Baptist Church

Sets Summer Story Hour

The First Baptist Church in Texico will sponsor a summer story hour on Tuesday mornings from 9:30 - 10:30 a.m. MDT, beginning June 6. There will be plays, chalk talks, film strips and stories for children ages kindergarten through the fourth grade. The library will also be open at that time so that children may take home books to read. Parents are also welcome to attend the story time hour.

Pioneer Days Set In Clovis

The annual Pioneer Days celebration will be observed in Clovis, June 8-10. Highlighting the traditional event will be the rodeo which begins nightly at 8 MDT.

During the final performance of the rodeo Saturday a new Miss Rodeo New Mexico will be crowned. The Amarillo Gunfighters will also put on a program in conjunction with the rodeo.

Always a popular feature of the celebration, the annual parade will begin Saturday morning at 10 MDT. The parade will begin at Hilltop Plaza Shopping Center and will continue south on Main Street to First Street. Several 4-H organizations will sponsor a barbecue at noon on the courthouse lawn, and the

Amarillo Gunfighters will stage another demonstration. Also in conjunction with Pioneer Days various organizations will feature their own displays and exhibits.

To people who wonder whether life is more than the daily routine of work, the Bible advises that it should involve more than the struggle for survival. It should involve the joy of living.

OF ALL THE DODGE TRUCKS REGISTERED IN THE PAST 10 YEARS, 96 OUT OF 100 ARE STILL ON THE JOB.*

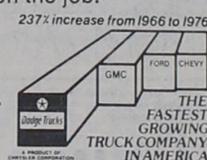

That's better than Chevy. That's better than Ford.

Dodge trucks have acquired quite a reputation over the years. A reputation for being tough and dependable. And the figures prove it. All but four out of one hundred Dodge trucks registered in the last ten years are still on the job. And that's good enough to beat both Chevy and Ford.

But toughness and dependability aren't enough. Not for us... not for you. So we're busy building a

reputation for comfort and style, too. To make sure you not only get where you're going, mile after mile and year after year... but that you look and feel good while you're doing it. No wonder that from 1966 to

Klimek Wins County SWCD Essay Contest

Stuart Martin Klimek of Bovina High School won first place in the Parmer County Soil and Water Conservation District Essay Contest and will receive \$50 for his essay.

Many good essays were received, with Kathy Falkenberg winning second place and \$35. Marty Spicer won third and \$25, and Debbie Whitecotton won fourth and \$15. All the winners were from Bovina High and are to be complimented for their interest in our nation's most valuable resources, say SWCD officials.

The following is the winning essay by Klimek:

"Future Benefits of Conservation in the Parmer County Soil and Water Conservation District"

"When the soil is gone, man must go. And the process does not take long." President Theodore Roosevelt made this statement when he was speaking of the great need for conservation. Man has realized this fact, and so has developed many methods to cope with this need.

Farming is one of the largest areas in which conservation of the soil and water is widely needed and used. The area I live in is the High Plains. Texas' leading pro-

ducer of the three most important crops -- cotton, grain sorghum, and wheat. Parmer County is located near the heart of this region, and is one of the important soil and water conservation districts of Texas. Because of the flat surface which encourages mechanization and the soils being moderately productive, Parmer County has attracted many farmers, but each farmer faces the constant danger of wind erosion and the limited amount of rainfall.

Irrigation is an important factor of farming in this county as it is in any other farming community. Irrigation is one of the chief phases of conservation, and uses water and soil resources in a way that contributes most to human welfare. With proper irrigation practices, the soil can yield larger and better crops. Conservationists are trying to inform farmers of better irrigation practices and to find ways to conserve the precious underground water.

Conservationists are also looking for ways to conserve the rich topsoil which covers the earth only in inches. An inch of topsoil took nature hundreds of years to produce, yet it can be washed away in a matter of a few weeks.

Soybean Yield Contest Entry Forms Available

Texas Agricultural Extension Service in cooperation with the Texas Soybean Association and Elanco Products Company is once again sponsoring a Soybean Yield Contest, announces Seth Ralston, County Extension Agent.

The contest is designed as an educational tool to stimulate interest in soybean production. Benefits include the development of worthwhile cultural information, cooperation within the industry to increase production efficiency, and recognition of individuals who achieve superior yields.

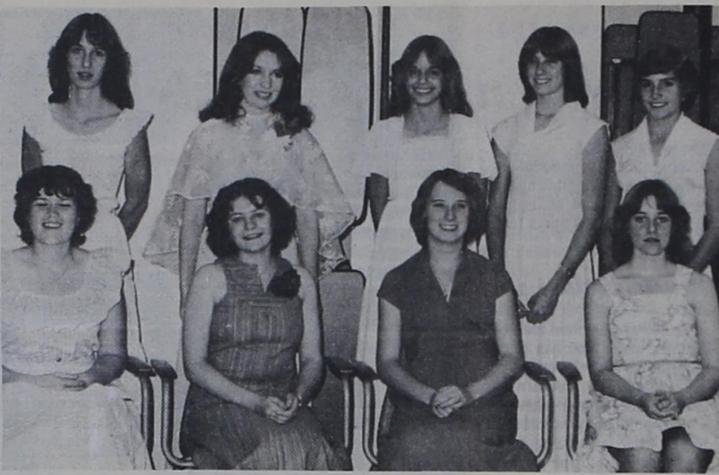

All producers interested in entering the contest must do so by August 15. Entry forms and contest rules are available at the County Extension Office.

Each entrant must grow at least 25 acres of soybeans and

designate at least five acres to be harvested. There may be only one entry per entire farm operation. Measuring the land, harvesting and weighing of the soybeans will be supervised by a three-man County Soybean Contest Committee.

Area awards will be presented to the top three soybean growers in the High Plains, Northeast Texas and the Coastal Prairie. The state champion will then be selected from among the nine area winners. Winners will receive appropriate plaques along with various amounts of Treflan or Surflan, depending on their placings. The state champion will receive a trip for two to Acapulco.

Producers who enter the contest and produce 60 or 70 bushels of soybeans per acre will be presented certificates.

NMF&LB Officer Reports On Washington, D.C. Trip

L.E. "Pete" Davis of Clovis, first vice-president of New Mexico Farm and Livestock Bureau, reported on his recent trip to Washington, D.C. at the May meeting of the Curry County Farm Bureau directors. He told of his visit with the various New Mexico congressmen and personnel of the Department of Agriculture.

Davis felt the Department of Agriculture was facing a big threat from the Bureau of Land Management, which he said, was one of the most powerful bureaus in the government. He said there was the possibility of this Department being eliminated from the cabinet.

"Health, Education, and Welfare (HEW) is one of the largest bureaus in our government," said Davis. "They now occupy 30 huge buildings in Washington, D.C."

The biggest part of the Department of Agriculture budget is for food stamps and welfare but Davis felt it was important to keep as much control in the Department as was possible. Davis reported the Farm Credit Bill as passing Congress and waiting for President Carter's signature.

A bill is being considered to stabilize the price of sugar, according to Davis. He said the U.S. produces 55 percent of its domestic sugar consumption and imports the other 45 percent.

Davis also reported on the state Farm and Livestock Board of Directors meeting which was held in Clovis last month. He said it was the desire of the state directors to meet with area grain farmers of wheat, milo, and corn and clarify their thinking. An all out effort is to be made to find out their wishes and take them to the summer "Agricultural Policy Forum" meeting which will be held in Cloudcroft, July 24-26.

A committee was appointed by John Hadley, president, Curry County Farm and Livestock Bureau, to meet with grain farmers and get their input. The committee will be chaired by James Williams who has served three years on the National Farm Bureau Grain Committee. Other members are Russell Downey, Coke Cates, Paul D. Barnes and Burford Qualls.

According to Hadley, the Farm and Livestock Bureau is backing two bills to reform the 1902 Reclamation Act. The Bills are S.2867 and HR.11944 and call for removal of all acreage restriction on reclamation projects. Farm Bureau feels any restriction on size will cause problems for agriculture, said Hadley, because the size of the average farm keeps growing and in no other segment of our economy

is size restricted by law.

Bob Porter, Farm Bureau Political Education Program director, is recommending that counties concentrate on voter registration and "Measure the Candidates" meetings. He said, "Please vote on June 6th."

Andy Norton, Farm Bureau Field man from Roswell, told the group the Environmental Protection Agency has begun publishing a monthly publication called E.P.A. Journal. The sample copy contained 40 pages of articles, news briefs and information on the environmental front. It contains articles by administrator Douglas M. Costle, Secretary of Agriculture Bob Bergland and three articles on IPM (integrated pest management), a subject we will be hearing a great deal about. Subscriptions are \$10 per year and may be obtained by mailing a check or money order to Dept. of Documents, U.S. Gov. Printing Office, Washington, D.C. 20402.

It is hoped that agricultural people, said Norton, especially Farm Bureau leaders, make every effort to attend at least the meeting in your planning district of "New Mexico To-

morrow." Two issues which will be discussed at these meetings are WATER RIGHTS and LAND USE PLANNING, so not only will they be planning the state's future, but your own future as well, he said. Meetings scheduled for this area are Tuesday, June 13 in Tucumcari and Thursday, June 15, in Portales.

Managing money

AUSTIN, Texas (Spl.) — Don't take out a mortgage that is more than two-and-a-half times your annual take-home pay.

That advice comes from Dr. Harold Wolf of The University of Texas Finance Department, who is the author of college and high school textbooks on money management.

Carelessness is frequently at the root of troubles with personal finances, Dr. Wolf says. Ways to improve those finances, he says, range from setting up a "loose" budget that includes an item for savings to investigating the terms of three or four places before borrowing money or buying insurance.

Couple Accepted Into A&M Veterinary School

Mr. and Mrs. B. Kyle Jones have been accepted into the Texas A&M University College of Veterinary Medicine and will begin classes this fall.

Lee Ann is the daughter of Mr. and Mrs. Bert Williams of Farwell and Kyle is the son of Mr. and Mrs. Sonny Jones of Rt. 2 Muleshoe.

The Joneses, both juniors at A&M, were two of the 138 selected from 600 qualified

applicants this year. They were chosen on the basis of grade point ratio, GRE scores, and practical experience in the field of animal health.

While at Texas A&M as biomedical science majors, they earned Distinguished Student status, reserved for the upper 10 percent of each class and signifying scholastic achievement while carrying a full class load.

YOU DECIDE

On June 3, Texas voters will elect one of two men as the Democratic candidate for Railroad Commissioner:

Jerry Sadler, 70, is a twice-defeated former Land Commissioner. Here's what three of the state's leading newspapers have to say about him:

The Austin American-Statesman: "Voters deserve to know whom they will be choosing between in the runoff June 3. Poerner is not a household name; Sadler is. But Sadler has a sorry record in state government. He is the only person ever censured by the Texas House of Representatives (for failure to cooperate with an investigation). He became notorious for attempting to choke then-State Rep. Jake Johnson. He was defeated at the polls in 1970 and lost to Jon Newton in a race for Railroad Commissioner in 1976. And now he's back again."

The Dallas Times Herald: "Sadler has made Texas government a universal target of ridicule and derision."

The San Angelo Standard Times: "Under Sadler, the Railroad Commission just might become the laughing stock he once made of the General Land Office."

IS THERE REALLY ANY CHOICE?

The Railroad Commission regulates the oil, gas and transportation industries in Texas. Our energy and utility rate problems demand vigorous and responsible leadership. We need John Poerner to fight for Texas and protect what is rightfully ours.

John Poerner, 45, is a respected businessman and rancher. John Poerner was elected to three successive terms in the Texas House before being named Executive Director of the Governor's Committee on Aging and Director, Education Resources of Texas.

His honors include being named "Citizen of the Year" in his hometown of Hondo, receiving a "Distinguished Legislator" award from the Vocational Agriculture Teachers Association, and being named to the "Agriculture Hall of Fame" at Southwest Texas State University.

He was recently appointed to the Railroad Commission by the Governor.

"Poerner is a solid, competent individual with a record of 10 years of dedicated public service," says the *Houston Chronicle*. "(We urge) his election."

PUBLIC NOTICES

STATEMENT OF INTENT TO CHANGE RATES

Southwestern Public Service Company, in accordance with the rules of the Public Utility Commission of Texas and the Public Utility Regulatory Act of Texas, hereby given public notice of its intent to change its general retail rates in the counties served by it in Texas effective on June 16, 1978.

It is expected that the increase in rates for residential, commercial and industrial customers will result in an increase of 8.8 per cent in the company's gross revenue in Texas as compared to that furnished by the existing rate schedule.

Complete copies of the new rate schedules have been mailed or delivered to the appropriate officer of each affected municipality at least 35 days prior to the effective date of the proposed change and copies of the new rate schedules have been furnished to the Public Utility Commission of Texas.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633

WHAT IS SAVING FAITH?

"What saith the Scripture? ABRAHAM BELIEVED GOD, AND IT WAS COUNTED TO HIM FOR RIGHTEOUSNESS" (Rom. 4:3).

The Apostle Paul uses the above quotation from Gen. 15:6 to prove that "to him that worketh not, but believeth on Him that justifieth the ungodly, his faith is counted for righteousness" (Rom. 4:5).

It is wonderful that God does not require - indeed, does not permit - human works for salvation, but only faith. But the question is: What is true faith? What kind of believing saves?

There is no indication in Scripture that "the gospel of the grace of God" or "the preaching of the cross" was proclaimed to Abraham. We must go back to the passage which Paul quotes to see what Abraham believed. Gen. 15:5 says: "And He (God) took him (Abraham) forth abroad, and said, Look now toward heaven, and tell (count) the stars, if thou be able to number them: and He said unto him, So shall thy seed be." It is this simple, wonderful promise about the multiplication of Abraham's seed which is followed with the words: "And he believed in the Lord; and He counted it to him for righteousness" (Ver. 16). We do not mean to imply that this was the first expression of Abraham's faith, for in Heb. 11:8 we read: "By faith Abraham, when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out, not knowing whither he went." This took place considerably before the Genesis 15 incident and we are specifically told that through his faith he "obtained a good report" (Heb. 11:2).

From all this it is clear that Abraham believed what God told him and was counted righteous - as we now know, through a redemption still to be wrought by Christ. We, now, must believe what God tells us - and this is nothing less than the account of the all-sufficient finished work of Christ wrought in our behalf on Calvary's Cross.

"Who was delivered for our offences, and was raised again for our justification" (Rom. 4:25).

On The Farm In Parmer County

By SETH RALSTON
County Agent

During late May and June, many Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff. This is part of the continuous effort of keeping track of Texas' biggest business - agriculture.

The information gathered through the questionnaires and interviews provides the basis for determining the acreage devoted to the various crops and midyear livestock numbers for the state of Texas and for each county.

are farmers and ranchers themselves.

Prompt and accurate completion of the survey forms provides for more reliable estimates of Texas' largest industry - agriculture. It also helps to reduce survey costs.

All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate.

This is a cooperative effort of the USDA's Economics, Statistics, and Cooperatives Service and the Texas Department of Agriculture.

With the depressed prices of many agricultural commodities, it is more important than ever that the statistics be as accurate as possible to aid producers in making the best production and marketing decisions. They are also essential in enacting wise legislation affecting agriculture and are used in determining the national program acreage and payment levels to producers under the various commodity programs. The primary beneficiaries of accurate estimates

SWCD News

If you're wasting water, you're wasting money! Whether it is rain water or irrigation water, water is Parmer County's most valuable resource for crop production. The Soil Conservation Service will be glad to assist in conserving your water to put money in your bank.

There is more than one way of losing water. If you are losing it out the end of the rows, this can be controlled by a tailwater system. With a properly designed tailwater pit and return line, the runoff water can be pumped back into the existing irrigation system, saving your water and money.

The size of TWP are designed on the amount of expected runoff. This involves the amount of gallons being pumped, time of irrigation and type of soil. For example, if the farmer is watering 12-hour sets on olton soil with 800 gallons, he can expect about 50% runoff and recover 65% of that. Therefore, the farmer is

Don't Be Fooled By Phony Landscape, Plant Experts

AUSTIN--With the approach of spring, many Texas homeowners may become unsuspecting targets of bogus "landscape experts" and "fly-by-night" plant salesmen known to be operating in the state, Agriculture Commissioner Reagan V. Brown has warned.

"We have had reports from Dallas, Fort Worth and Houston areas that itinerant peddlers have been working neighborhoods selling worthless plants," Brown said. "They appear in large metro areas every spring and are difficult to catch because they have no local address."

"Their approach is to drive up with a pick-up truck load of what seem to be healthy plants and trees. They offer to 'landscape' the yard, doing all the labor, and providing the plants at what seem to be 'bargain

basement' prices. It sounds like a good deal.

"But the plants are frequently only cuttings with no root systems, or the stock is often unsuited to our Texas climate. By the time the homeowner discovers a collection of wilted stubs some time later, the 'experts' have skipped town. There is little the victim or police can do to catch them."

Brown advised homeowners who are approached by door-to-door plant salesmen to check first with the local Better Business Bureau or the nearest Texas Department of Agriculture office. The Department licenses all legitimate Texas nurserymen under a program to control pests and diseases in the state, he noted.

If the freezer or refrigerator is located next to the range, under a heating duct or exposed to direct sunlight, consider moving the appliance to a cooler location. The more heat that a freezer or refrigerator is exposed to, the more it must run. Avoid locating a freezer or refrigerator on the porch or patio or in the garage.

To save cooking energy, use the oven instead of surface

units when possible. Ovens save, because less heat is lost in confined areas.

Refrigerate canned hams and picnics unless directions on label specify that refrigeration is not necessary.

Farmers got less than 3 cents for the wheat used to make a pound of bread retailing for 34.7 cents in 1977, states Agriculture Commissioner Reagan V. Brown.

Mother Goose Play

Even though Friday was the last day of school at Farwell Elementary, the children in Nancy Alana's fourth grade class were busy putting on a play entitled "Mother Goose Land News." A few of the announcers for the newscast beamed directly to the audience from Mother Goose Land include, from left, Renee Bartley, daughter of Mr. and Mrs. Bo Bartley, as "Mother Goose" and fellow announcers, Michelle Herrera, daughter of Mr. and Mrs. Lupe Herrera; Gracie Ortega, daughter of Mr. and Mrs. Isidro Ortega; Kevin Owen, son of Mr. and Mrs. Jerry Dee Owen; and Eric Williams, son of Mr. and Mrs. Bert Williams.

Farwell 4th Graders Present Mother Goose

by Shirley Gorman

Usually when the last day of school finally arrives, students and their teachers alike are thinking of one thing only - that wonderful three-month summer hiatus away from the usual hustle, bustle and hard work of a normal school year. But such was not the case at Farwell Elementary School where Nancy Alana and her fourth grade students were busy staging the Mother Goose play they had so diligently prepared for presentation on the final day of school.

Even though the play was short - lasting approximately 10 minutes - it was well done, well presented and most appreciated by the audience which enjoyed it. The play entitled "Mother Goose Land News" concerned a news broadcast being directly beamed to the classroom from Mother Goose Land.

Renee Bartley as "Mother Goose" led a charming array of newscasters - from a sports editor and weatherman to Little Boy Blue, Dr. Speck and

Dr. Sisters - in reporting all the current happenings of the day in Mother Goose Land. Naturally as befitted the theme of the play, all the reports were told in the form of nursery rhymes - some were even acted out. Commercials too were included and also told in nursery rhyme form.

An appropriate background for the production were the numerous pictures of Mother Goose characters and symbols which the students had drawn and colored themselves. Two sponsors of the newscast were Goosey Sanders Super Market

known as the "Pride of Mother Goose Land" and Goose Land Cafe.

Students in the class who participated in the project were Bobby Ford, Andy Hughes, Carl Hutchins, Jeffrey McClenney, John McKillip, Carlos Nicholas, Kevin Owen, Carroll Smith, Greg Spears, Eric Williams, Brent Stephens, Renee Bartley, Twila Donaldson, Lydia Garcia, Michelle Herrera, Rhonda Lingnau, Gracie Ortega, Cindy Simmons, Cheryl Stanton and Elva Whitesides.

Attends Seminar

Carrell Watkins, municipal judge for the City of Farwell, attended the Seminar for Municipal Court Judges May 16-18 at Texas Tech University in Lubbock.

Instruction was given in the following areas: municipal court organization and administration, municipal court judge as magistrate, citations, complaints and pre-trial procedures, substantive criminal law and procedure in non-jury cases, Trial Procedure and the Law of Evidence.

A mock trial was staged to familiarize non - attorney judges with jury trial procedures.

The seminar was funded by the Office of Traffic Safety, State Department of Highways and Public Transportation and was co-sponsored by the Texas Tech University Division of Continuing Education.

Approximately 25 judges from across the State of Texas attended the seminar.
