

HORNETS FALL, SPRINGLAKE REMAINS

Last-Minute Fumble Gives Farwell Win

A determined bunch of Farwell Steers turned what looked to be like sure defeat into sudden victory Friday night as they capitalized on a fumble in the waning seconds and upset the Sudan Hornets, 20-19, in a District 3-A football game.

The win kept the Farwell team unbeaten for the season and vaulted them into the league lead, assuring them of at least a tie for the conference crown. Only Springlake remains, and a win over the Wolverines would give Farwell undisputed possession of the conference crown its first year in Class A competition.

With Sudan leading, 19-13, and a little over a minute to go, the Hornet ball carrier was jarred loose from the ball and the Steers gained possession on the 19 yard line. On second down from that point, Johnny Lovelace went around left end on an option play, being forced out of bounds on the four. On the next play Tommy Lovelace went across for the touchdown to tie the game, 19-19.

FROM THE HOPPER
By Hop Jr.

New car manufacturers have certainly shot the works this year to appeal to the eye of the American consumer. There is a strong temptation to forget about the realities of the pocketbook when a man stands alongside and runs his hand down the sleek lines of most any of the 1957 cars.

But car makers in all their glory are getting sloppier and sloppier in at least one important respect, and that has to do with the tires that let them come out on the new beauties.

It doesn't seem to make much difference what brand you get on your new car, just about all the tires these days are top-sid.

This condition, which may not be too noticeable at first (you are always impressed with the smoothness of a new car, and seldom spot minor vibrations), steadily worsens, until the first thing you know, your front wheels are skipping all over the road and the tread looks like someone had taken a butcher knife to it.

In this age of higher highway speeds, it seems to us the one essential to producing a tire for a new car is simply to make it round. This, the makers apparently have been unable to do.

Incidentally, all of this is coming second-hand. We don't have a new car, and probably won't have for a good while to come. Tire-thumping is the main complaint we hear from all new car owners, however.

Last week's election was a toot. It had some things that are really hard to reconcile by ordinary standards. We are pleased to leave the analyzing of state and national trends to the experts, who get paid for such sooth-saying.

But you, as a reader, can mull over with us some of these oddities:

How come Texico voted Republican on the presidential race and Democratic on the governor's race in New Mexico?

What caused Farwell to be the only sizeable box in Parmer County to vote for Eisenhower? How is it that every rural community in Parmer County went heavily in favor of Stevenson, except one—Rhea, which went heavily in favor of Ike?

In fact, why is it that certain communities seem to have political ideas all their own, and vote completely independent of their neighbors?

What answer can you give us when we wonder how, in a personal survey taken only a few days before the election, we could scarcely find an "I like Ike" man or woman in most of the area, yet in the showdown, 42% of the people voting said, in effect, exactly that?

How could Parmer Countians, who were only vaguely informed on the issues at hand, indifferently endorse so overwhelmingly the eight constitutional amendments that will affect state voters' pocketbooks to the tune of millions of dollars? (Ordinarily, one might expect a negative vote in the case of a person being uninformed.)

Since when do people who travel more have Republican leanings? The facts show it. Absentee voting in Parmer County indicated that persons who planned to be away on election day preferred Eisenhower 44 to 30 over Stevenson. This is contrary to the county sentiment, of course.

You can dream up a few questions of your own. All in all, there's enough to keep you in a stew until the next election.

Yea, Farwell!
Boy, have you ever seen any—
(Continued on Last Page)

lace went around left end on an option play, being forced out of bounds on the four. On the next play Tommy Lovelace went across for the touchdown to tie the game, 19-19.

As the Farwell fans went wild, Phillip Berry held and J. Lovelace calmly booted the extra point high over the uprights.

The final touchdown drive came after Sudan halted a Farwell scoring effort with a pass interception. The Steers had gained possession of the ball only minutes before recovering the Hornet's first fumble of the night.

Sudan got the scoring underway late in the first period as Jimmy Williams started around right, then cut to his left through the Steer line, and went 49 yards for a score. Fisher kicked the point after to give the Hornets a 7-0 first quarter lead.

The Hornet lead was short lived when Farwell took the kickoff and in 10 plays from scrimmage marched 70 yards for a touchdown just as the second period got under-

way, T. Lovelace going over from the six. J. Lovelace booted the extra point to tie the game, 7-7.

Sudan struck right back, with Williams on the identical play as that when he scored his first touchdown, went 48 yards for the home team's touchdown. The extra point attempt was wide.

To complete the scoring in the action-packed second quarter, the Steers again marched 70 yards, this time in four plays, for a score. J. Lovelace hit Berry with a pass for 22 yards, then Berry went six on the ground, Willard went for 12, and Lovelace completed a pass to Willard for 30 yards and the TD.

In the attempt for the extra point a Lovelace pass to Derrell Garner was incomplete as Garner bounded into the goal posts. This left the halftime score at 13-13.

In the third quarter, neither team mustered a scoring drive until the late minutes when Williams set up a Hornet TD with a 30-yard run. From the four yard line.

Susan Levins Wins In Amarillo Contest

Eighteen weeks of growing suspense came to a happy ending for a talented Texico girl Saturday night in Municipal Auditorium in Amarillo when Miss Susan Levins was named first place winner of the J. Sissom "search for talent" show.

Susan was awarded \$200 and will fly to New York sometime soon to audition for the Ted Mack Original Amateur Hour.

The Amarillo Jaycee-sponsored show started 18 weeks ago and each week, competitors appearing on the television show were judged and eliminated by write-in votes.

Sixteen contestants remained in the final competition for Saturday night's show. Judging was done by an electric applause meter during the two appearances made by the finalists. Susan was among the

Texico Basketball Season Starts Tomorrow

It's basketball time in Texico. Unlike the situation in Farwell where football is the "talk of the town" this week, Texico is all set to raise the curtain on another basketball season, with the initial games set for tomorrow night at Ranchvale.

The Wolverines of Coach Charles Stockton and the Whirlwinds, coached by Paul Frederick are "ready for action" on the hardwood and both coaches are hoping for successful seasons. Following the Ranchvale games tomorrow night the two teams

will open the home schedule Tuesday night against another county foe, the Field Panthers.

As to what to expect this year from the Wolverines, Stockton was confident that the team would be somewhat improved over last year's aggregation which won only a half dozen games.

The squad will be composed chiefly of six lettermen from last year, one transfer student, and a host of sophomores. Texico's main hope for a successful season lies in its sophomores coming up from last year's junior squad, which was

one of the best at Texico in recent years.

There is a much larger turnout of squad "hopefuls" this year than in the past, Stockton reports. He says that not only is there more of a selection to choose from, but the sophomores will be pushing the lettermen to hold their positions. "Quite likely, some of the sophomores will break into the starting lineup tomorrow night," Stockton adds.

In regard to the girls team, Frederick was doubtful that this year's group could match the 15-4

record of last year. The Whirlwinds were hurt by graduation and "girls getting married," according to the coach.

However, six who received letters last year, will be on the squad and Frederick believes that the team can probably win at least half its games. "We hope to have a pretty fair team and we won't be pushovers," Frederick says.

The complete schedule for both teams is as follows (All games are both senior high boys and girls

- unless otherwise specified):
- Nov. 16, Ranchvale, there
- Nov. 20, Field, here
- Nov. 27, Farwell, here
- Nov. 30, Grady, there
- Dec. 4, Rosedale, there
- Dec. 8, Ft. Sumner, there, boys and junior boys
- Dec. 11, Lazbuddie, here
- Dec. 14, Floyd, here
- Dec. 18, Farwell, there
- Jan. 3, Capitan, there, boys only
- Jan. 4, Tatum, there, boys and "B" boys
- Jan. 8, Rosedale, here
- Jan. 11, House, there

- Jan. 15, 17, 18, and 19, Invitational girls tournament at Texico.
- Jan. 18, Dora, there, boys and junior boys
- Jan. 22, Ranchvale, here
- Jan. 25, Melrose, here
- Jan. 29, Causey, here
- Feb. 1, Forrest, there
- Feb. 8 and 9, County Tournament
- Feb. 15, Rogers, there
- Feb. 16, Elida, here, boys and junior boys
- Feb. 22 and 23, District Tournament.
- All home games will get under way at 7:30 (CST).

FARWELL, TEXAS THURSDAY, NOVEMBER 15, 1956 NUMBER 6

'The Kick' Important To Steers

In this day and age, rolling out the yardage is stressed by football coaches, and scoring the touchdowns is the main object of the game of football. And, only naturally so because most games are won by scoring touchdowns. Also, the ability to keep the opponent from crossing the goal line is another object of the game.

The fundamentals of offensive and defensive play include blocking, tackling and running, along with just plain old "guts" on the part of the players. The Farwell Steers football team is no exception in this respect.

Nevertheless, another aspect of the game has played a leading role in the success of the Steers this season. The thing of which we speak is "the kick," not one type of kicking in particular, but all of them. The extra point, the field goal, the kickoff, and the punt have all aided the Steers' cause this season.

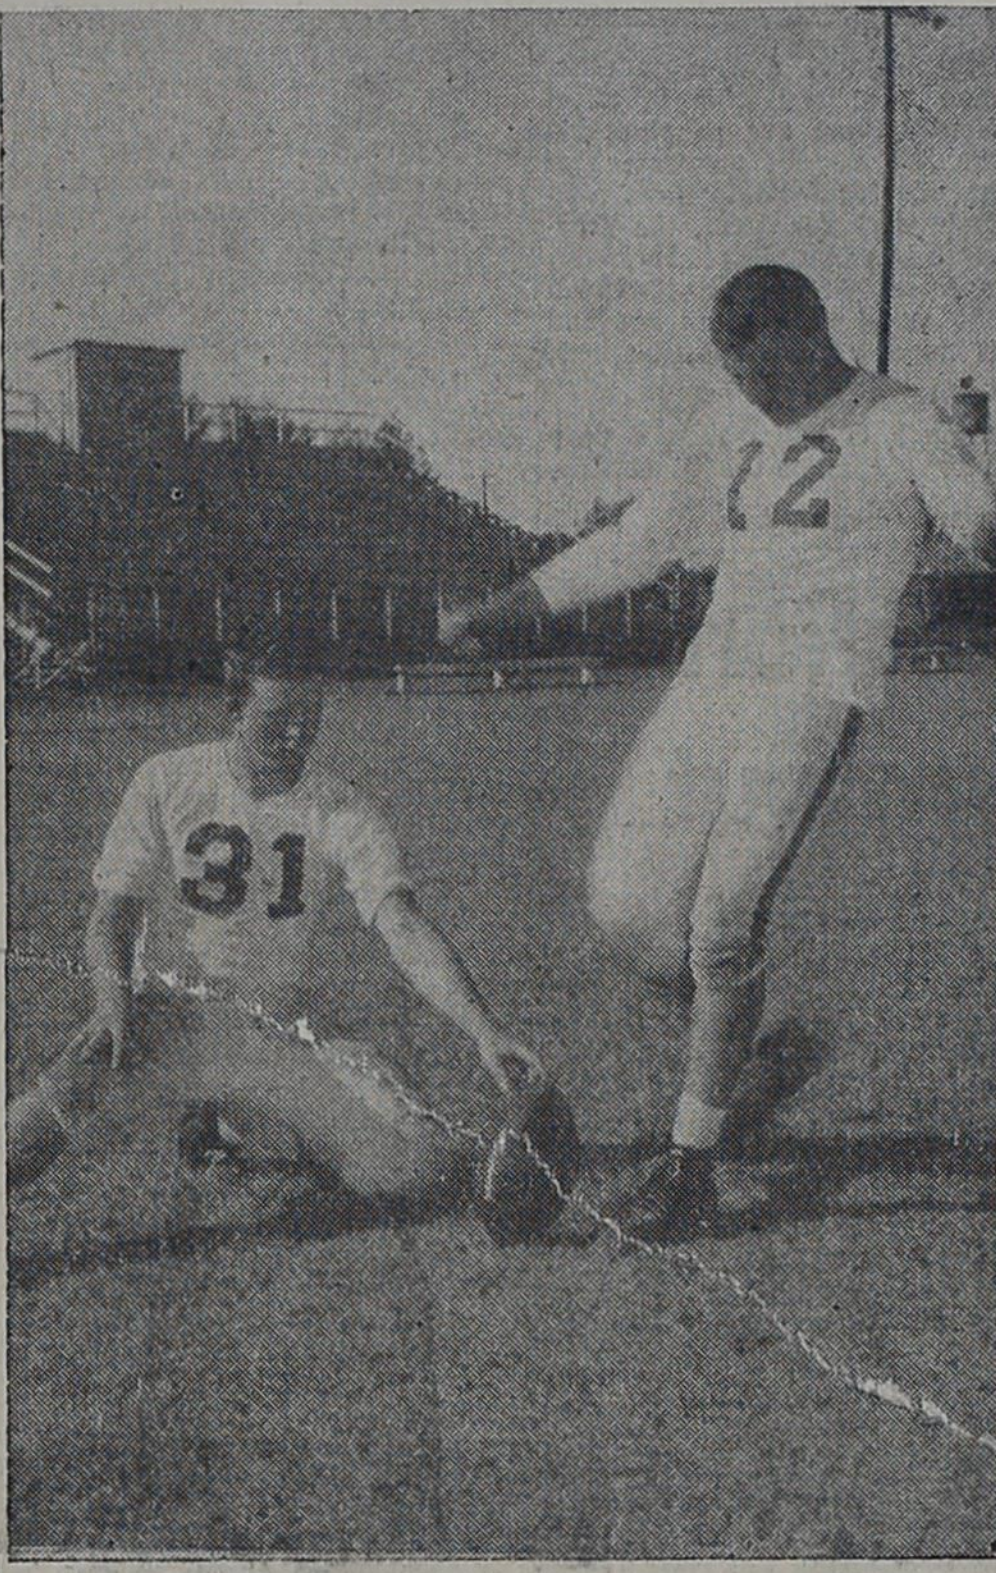

In fact, had it not been for "the kick" the Steers would not be in the driver's seat of the District 3-A conference. Looking back, it is noted that it was a field goal which won for the Steers against Mor-

Insurance Man Speaks To Lions

Roy Reinartz, manager of the Panhandle Agency of Great Southern Life Insurance Company, was guest speaker at the regular meeting of the Texico-Farwell Lions Club Monday night.

His subject dealt with the importance of life insurance to every individual and that an insurance policy was more than just a piece of paper. He emphasized that a policy was property just like a savings bond or a deed.

In the absence of Joe Helton, Lion president, the meeting was presided over by John Getz, secretary. The group discussed plans for future visits to neighboring Lions Clubs.

"IT'S GOOD"—That's the cry which has been heard many times this season, and twice it has resulted in a conference win for the Farwell Steers. The above combination, Johnny Lovelace, 12, and Phillip Berry, demonstrates the way it is done. The two backs are sophomores.

Mrs. Coffman Is Installed Tuesday

Mrs. Joyce Coffman, recently elected president of the Farwell Parent-Teacher Association, was officially installed to that office at the Association's regular monthly meeting held Tuesday night, November 13, at the school auditorium. John Getz, vice-president of the local organization, served as installing officer.

Guest speaker for the evening was Rev. R. C. Cantrell, pastor of Hamlin Methodist Church. His topic was "The Blessings of Free Public Education".

Members of the two fourth grades presented musical entertainment and the junior class presented a five minute skit from their play.

A report was given on the proceeds of the PTA booth at the Halloween carnival and of the sale of Christmas cards by the organization.

Next regular meeting of the PTA will be December 13, when Mrs. J. T. Lockhart, school nurse, will speak.

Boosters Asked To Attend Pep Rally

Every Steer booster is urgently requested to attend the pep assembly at the school auditorium on Friday afternoon at 3:10 o'clock.

The assembly is scheduled to be completed by 3:30 and the Steers will appreciate your support for their final conference game of the season. Attend the pep rally, then go to the game!!

Doris Harriman FFA Sweetheart

Doris Harriman, senior at Farwell Schools, was chosen FFA sweetheart at a meeting of the Farwell FFA chapter last Monday night. She was selected from a field of three nominees.

The Farwell sweetheart will represent the local chapter in the contest for district FFA sweetheart at Littlefield December 10. The winner will be crowned at the annual banquet of the Littlefield district.

The honor was the second bestowed upon Miss Harriman in the last two weeks. She was just recently named Band Sweetheart at the school.

The 18-year-old daughter of Mr. and Mrs. O. C. Harriman is active in other phases of school activities including serving as band majorette, band representative to the Student Council, member of Future Homemakers of America, and treasurer of her class. She was chosen as the friendliest and most versatile girl, in the election held recently.

To accompany Miss Harriman to the contest in December will be the runner-up for the sweetheart title, Miss Juanita Range.

Warren G. Harding is the only man who went direct from the Senate to the Presidency.

Steers Need Victory For Conference Title

Farwell's undefeated Steers close out their regular season schedule Friday night when they take on the Springlake Wolverines on the opponents' field. To be at stake will be a clear-cut conference title for the Steers and a chance to tie for the crown for the Wolverines.

The Steers of Coaches Russell Young and Shelby Jobses will go into the game with the same situation facing them as did the Sudan Hornets against Farwell last week.

The Hornets had a 3-0 record before last Friday night's fracas and a win would have given them the title.

This week Farwell stands at 3-0 and a win against Springlake will give them lone possession of the title. But, should the Wolverines win, the league standing will be brown into a three-way tie between Springlake, Sudan and Farwell, each having 3-1 records.

If the three finish in a tie, a flip of the coin will probably determine the district representative in the Bi-District game. Furnishing the opposition in the Bi-District playoff will be the champions of Class 4-A. Presently, Hale Center, Crosbyton, and Ralls are tied for the lead in that conference. The Ralls-Hale Center game this week should determine the 4-A representative.

The Farwell team will be trying to avert the three-way tie situation against Springlake, but the records indicate that the Wolverines will be no easier a foe than was Sudan. To date, the Wolves have compiled a 7-2 season record, their only losses to Sudan and Amherst. They hold wins over Friona, Morton, Bovina, Muleshoe, Idalou, Price College and Anton.

Sudan won over Springlake by a 19-13 count, the same score by which the Hornets were leading Farwell prior to the last-minute break which gave the Steers the

(Continued On Last Page)

DOUBLE DUTY FOR TEXAS TURKEYS

Texas, the state that's known for always having the MOST of everything, is really up against it this month. Having the most of some things is fine, but having the most Thanksgiving is causing the most confusion in many days for Texans (and Texas turkeys) all over the state.

Confusion started when November 29 was officially proclaimed as Texas' Thanksgiving while the other states are observing "turkey day" on the 22nd. In some cases, this will mean two turkey dinners and another inch or two around the waistline. But in many instances, even locally, it will mean members of the same family will be observing Thanksgiving on separate days. At any rate, this holiday has been the cause of great dilemma.

Locally speaking, the majority of the retail businesses and other offices will observe the 29th as Governor Shivers said.

Farwell School will be closed on the 29th as well as the bank and the offices in the courthouse. Across the line, Texico School will observe the federal date, November 22. Post offices in both communities will also have a holiday on the 22nd. And the ASC office in Farwell will celebrate both holidays.

Which day will you eat your turkey???

Jr. Class Play Next Tuesday

Junior class members of Farwell High School will present their play, "It's A Girl", Tuesday evening, November 20, at 8 o'clock. Admission will be 50 and 25 cents.

Director of the play is A. D. Daniel. Participating in the production are Larry Pike, Katherine Pullam, Jerry Turner, Martha Smith, Leon Jamison, Naomi Hubbell, Mitchell Walls, Fern Tipton, Truman McKillip and Duane Herrington. Everyone is invited to attend.

Farwell Band Mothers Discuss New Uniforms

Farwell Band Mothers met at the band room of the school on Monday evening, November 12, to discuss the purchase of new uniforms for the band. Mrs. Sterling Donaldson, president of the organization, says that the 18 members present came to no definite decision on the purchasing of new uniforms although they did select a style to be used when they do decide to get the new suits.

A representative from the Sol Frank Uniform Co. was present to show different styles and types of uniforms to the group.

Other business included the voting to sell candy to make more money for the uniform project.

Mrs. Rutledge Is Buried in Texico

Funeral services were held Saturday afternoon, November 3, at the Texico Baptist Church for Mrs. Madge Rutledge who died Friday, November 2, at the home of her sister, Mrs. Dixie Stewart, after a lengthy illness. Rev. C. C. Morgan, pastor of the church, officiated at the services. Interment was in the Texico Cemetery.

Survivors include three sons, Jack Rutledge of Portales, Herman Rutledge of Albuquerque, and Ferman Rutledge of Belen; three sisters, Mrs. Dixie Stewart, Texico, Mrs. Lillian Barley, Amarillo, and Mrs. Clara Green, San Diego, Calif.; four brothers, Ira, Claud and Henry Selman, all of Clovis, and Hoot Selman of Eunice, N. M.

Lazbuddie Club Postpones Meet

Lazbuddie Study Club reunion and luncheon has been postponed from November 23 to November 30.

If reservations have not been made, those planning to attend should make them as soon as possible by notifying Mrs. Finis Jennings, Rt. 1 Muleshoe.

THE TRIBUNE'S EDITORIAL COMMENT

City Could Help In Home Safety Program

This week marks the beginning of a home safety program sponsored by Southern Union Gas Company. The object of the company's program is to instruct residents of Texico-Farwell and the area on safety measures to be taken in preparation for the winter months ahead.

Many residents probably believe that their homes are as safe as they could possibly be in regard to their gas appliances. In spite of how safe many people feel their homes are, though, it is only human nature that one is neglectful in certain precautionary measures.

Too, there are many steps in safety which never enter a person's mind. That is why we should follow the instructions of someone who knows what should be done. In a news article appearing in this issue of The Tribune, there are several steps listed which each home owner should follow.

One in particular which we noted was recommending the use of approved metal connectors for gas appliances rather than old-fashioned rubber hoses. This seemed rather pertinent because just recently considerable damage was caused to a home by fire, believed to have started when a rubber hose came loose from the heating stove. The fire was not caused from natural gas, but it was one of a similar nature.

Another step which we think would add to the home safety, especially of Farwell residents, is the adoption of a plumbing code by the city. If this would be done, it would better assure the safety of every family.

People suffering from aleurophobia have an unreasoning fear of cats.

According to surveyor's measure, 36 square miles comprise a township.

Hottentots are natives of South Africa.

"Myriad" literally means ten thousand.

THE STATE LINE TRIBUNE

W. H. GRAHAM JR., PUBLISHER

ENTERED AS SECOND CLASS MATTER AT FARWELL, TEXAS, UNDER THE ACT OF MARCH 3RD, IN 1879.

ISSUED EVERY THURSDAY

SUBSCRIPTION RATES — Parmer and adjoining Counties \$3.00 per year; elsewhere \$4.00 per year.

The State of New Mexico, and most other states, too, has such a code and it is in effect in Texico, but in Farwell there are no plumbing regulations whatsoever. We do not advocate that it be made mandatory for residents to have a licensed plumber do their work for them, the practice which is in existence in some places. However, we do feel that some sort of a code in which citizens would have to bring their plumbing and appliance installations up to certain specifications, would be worthwhile.

It wouldn't take much to adopt such a code and someone could be hired to make the inspections. It is something worth looking into.

Election Turnout Is Light

A small handful of the record number of voters who turned out for the general election November 6, returned to the polls this Tuesday and endorsed constitutional amendment No. 9.

The amendment will result in additional state aid to persons permanently disabled "by reason of his mental or physical handicap."

With all but one of the Parmer County boxes reporting, only 124 persons cast a ballot. Of the number, 105 approved the amendment and 19 were opposed.

A break-down of the votes from each precinct show Friona saying "yes" by a 30-9 count, Farwell 16-4, Lazbuddie 20-0, Rhea 9-0, and Bovina 17-1. The Lakeview box showed two for and five opposed.

The box from Black had not been returned to the county clerk's office by late Wednesday afternoon.

Wealth To Create New Dams

Cities and towns along the Brazos can grow for the next half century, at least, if their water supplies keep pace, the Brazos River Authority reports. The Authority's Six-Dam Program is designed to create an assured supply of 700,000 acre-feet initially and 1,500,000 acre-feet ultimately, against a present dependable supply in the lower river of 420,000 acre-feet. Cities thus will be able to draw on a quadrupled water supply when the full conservation program is in effect.

"Gin" as used in Cotton Gins is an abbreviation for engine.

Residents Are Urged To Have Heating Equipment Checked

The residents of Texico-Farwell were urged today to have the heating equipment in their homes and apartments checked to insure maximum comfort and safety during the winter months ahead.

This recommendation came from Tom Wagner, local manager for Southern Union Gas Company. He announced that Southern Union has launched an intensified home safety program in cooperation with public officials and civic groups in the company's service areas. Theme of the program is, "Your Home Is As Safe As You Make It."

Wagner emphasized that before really cold weather sets in residents should take a few simple safety precautions, including:

1. Use approved metal connectors for your gas appliances — don't use old fashioned rubber hoses.
2. Do not burn any fuel in an air-tight room — you need fresh air and so does your heating equipment.
3. Use your kitchen range for cooking — not for heating.
4. Keep curtains, bedding and clothes away from room heaters.
5. Do not allow children to play near open-face heaters.

Working with the local personnel of the gas company in this home safety program are the following organizations:

Trustees of Town of Texico, Farwell City Commission.

Southern Union is sponsoring a series of newspaper, radio and television ads designed to remind the public as to the proper use of home heating equipment. In addition, the gas company and cooperating groups are distributing an illustrated booklet entitled, "Is Your Home Ready for Winter?"

The booklet points out that a simple check-up by a licensed plumber, heating contractor or the gas company will assist householders in determining whether their heating equipment is in safe and efficient operating condition.

In emphasizing the importance of having heating equipment properly adjusted, Wagner called attention to the fact that Texico-Farwell is situated 4100 feet above sea level. "This high altitude requires that

a gas-burning appliance be adjusted to permit a higher mixture of air than would be necessary at lower levels," Wagner stated. He added that, "If the flame does not show a bright blue it means that your fuel is being wasted and that your appliance may be producing dangerous carbon monoxide which can cause headaches or even a serious accident."

Edward Everett, famous orator, delivered an address two hours long at the Gettysburg dedication.

Fire A Factor In Nation's Growing School Shortage

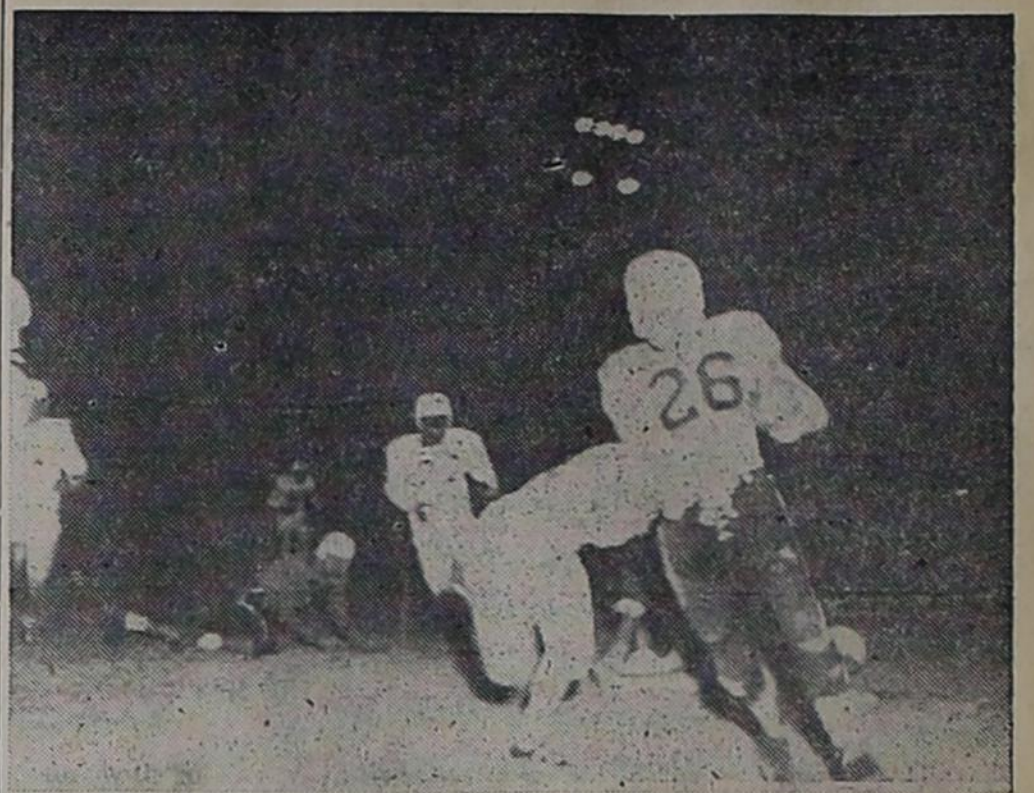

Everybody agrees that the shortage of classrooms is a national problem. President Eisenhower called the White House Conference on Education to cope with the situation on the national level. Yet, in the midst of classroom famine the National Fire Protection Association estimates that there were 2,700 school fires last year causing a \$12,900,000 loss.

School authorities are already plagued by bulging school budgets and the existing problem of more space is further complicated. Could these disastrous fires have been prevented? Yes, says the NFPA.

Consider: most of these schools were unoccupied when fire was discovered. Few of the buildings had watchman protection, or a central station supervised automatic fire detection system or an automatic sprinkler system.

Consider, also, the following: many of these school buildings had an automatic sprinkler system, or a central station supervised automatic fire detection system or watchman protection. Sound fire protection practices call for firestopping of walls, protecting vertical openings, enclosing stairwells.

What does it add up to besides a potential threat to our children's well-being? Just this: when we build new schools let's at the same time have a program to protect them with a reliable and effective means of discovering and extinguishing fires promptly.

WHOA THERE, PARDNER—Don Wood, Sudan back, goes for yardage but is stopped by an unidentified Farwell Steer in last Friday night's 3-A encounter. Two other Steers are closing in from the left and Leo Lemons, 72, is shown in the background.

Conserving The Brazos Water

The Brazos River Authority's Six-Dam Program will create storage capacity for more than 2.2 million acre-feet of water. The yield from this storage would supply three times the water needed by a city as large as it is estimated Houston will be in 1960. These facts are included in a publication of the Brazos River Authority, recently released. The six dams will also create a power potential of 500,000 kilowatts.

The pony express was established between San Francisco and St. Joseph, Missouri on April 3, 1860.

New York City was the first capital of the United States.

Generals Lee and Grant fought on the same side in the Mexican war.

Millard Fillmore was president when the first bathtub was installed in the White House in 1851.

Letter carriers' uniforms are a 50-50 blend of the Union Blue and Confederate Gray. Congressmen cannot be arrested for traffic violation.

Worst Industrial Fires Doubled Loss Last Year

There were 78 large loss (over \$250,000 each) industrial fires in the United States and Canada during 1955 that took the lives of 22 persons, injured 181 and added up to \$76,578,000 in waste dollars. The loss is more than twice the \$36,144,500 caused by the 75 industrial large loss fires in 1954.

The annual study of such fires by the National Fire Protection Association tells a tragic—though interesting—story.

It emphasizes the fact that a majority of the "big" fires were small starting fires that grew out of control because there were no means of limiting horizontal fire spread.

And in most of the multi-story buildings damaged or destroyed in last year's "big" fires, a protected vertical opening aided fire spread; most common among these were open elevator shafts and stairways not enclosed.

Here are some additional factors responsible for the extensive fire damage: delay in giving the fire alarm; the spread of fire beyond the building of origin because of combustible construction without adequate separation; poorly constructed party walls; interconnecting passageways and yard storage between buildings.

Building contents influenced the spread of more than three-quarters of last year's large loss fires. Flammable liquids, escaping gas and dust on structural members—the latter causing dust explosions—also helped swell the losses.

There was no automatic sprinkler protection in most of the 76 buildings where the big industrial fires occurred. Sprinklers were not a factor in fires caused by explosion.

The losses at 27 fires were larger than they should have been because of failure to provide for plant fire brigades — this in contrast to 11 other fires at which a well-equipped, well-trained fire fighting unit played a major part in preventing still more extensive damage.

What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong . . . anywhere. It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter. It's the hardtop styling. Fairlane sedans have the hardtop look of Victorias! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed. It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes . . . longer, lower, roomier! It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford. It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history.* In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

"Six or V-8, the going is great!"

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days . . . an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 235 hp.

Wise man say: "Don't wait for TOMORROW when you can get it today!"

'57 FORD

See it . . . drive it . . . now!

Bathtub Ring Not A Necessary Evil

She has hard water

More than 4 billion pounds of soap and detergents were sold in the United States last year, and according to the Culligan Soft Water Institute, more than half of it was wasted in hard water.

The wastage amounts to more than a pound of soap per month for each person, the Institute said. A considerable amount of the wasted soap winds up as a ring around the bathtub which is hard on both the pocketbook and a housewife's morale.

The Institute explained that calcium and magnesium, the hardness minerals found in water, combine with soap to form a gummy curd which sticks to everything it touches—the side of the tub, sinks, the skin, and even the hair. No amount of rinsing can remove it.

The use of completely soft water eliminates soap curd and ugly, hard-to-remove bathtub rings never occur.

The Culligan Soft Water Institute recommends soft water on a service basis as the easiest and most economical method of having an unlimited supply of soft water. Under this plan the homemaker buys no equipment and regeneration of the water softener is performed by the water conditioning dealer for a small monthly fee.

Softeners can also be purchased outright. In this case, regeneration is performed by the owner. Some of these home-owned softeners are sold on an owner-service plan which means that the owner performs regular regeneration, but occasionally the dealer returns the unit to his plant for professional rejuvenation and sanitizing.

A third method is the self-service plan under which the unit is owned by the dealer, but all regeneration is performed by the homemaker.

Farwell FFA Teams To Friona Contests

Members of the Farwell FFA will be in Friona this Saturday participating in the annual leadership contests of the Littlefield FFA District. Fifteen schools and 48 teams in the district will be on hand for the contests.

These contests are yearly events in which FFA students measure themselves against their neighbors from other schools, to see how well they have developed skills in parliamentary procedure, speaking, and other basic personal skills.

First place winners at the meet will go to Plainview the following Saturday for area contests and winners there will participate in the state meet at Huntsville, December 8.

Here is the day's schedule:

ING — Bill Stanford, Hereford, judge. Littlefield, 9-9:30; Dimmitt, 9:30-10; Muleshoe 10-10:30; Farwell 10:30-11; Springlake, 11-11:30; and Olton, 11:30-12.

JUNIOR CHAPTER CONDUCTING — Bill Whitfield, Levelland, judge. Spade, 9-9:30; Littlefield, 9:30-10; Dimmitt, 10-10:30; Muleshoe, 10:30-11; Farwell, 11-11:30; Springlake, 11:30-12; Olton, 1-1:30; Amherst, 1:30-2; and Three-Way, 2-2:30.

SENIOR SKILL DEMONSTRATION — Jack Brooks, Vega, judge. Friona, 9-9:30; Lazbuddie, 9:30-10; Farwell, 10-10:30; Bovina, 10:30-11; Springlake, 11-11:30; Dimmitt, 11:30-12; Spade, 1-1:30; Littlefield, 1:30-2; and Sudan, 2-2:30.

JUNIOR SKILL DEMONSTRATION — Ed White, Sundown, judge.

Lazbuddie, 9-9:30; Friona, 9:30-10; Bovina, 10-10:30; Dimmitt, 10:30-11; Farwell, 11-11:30; Springlake, 11:30-12; Littlefield, 1-1:30; and Bula, 1:30-2.

QUIZ — Bovina, 9-9:30; Farwell, 9:30-10; Springlake, 10-10:30; Olton, 10:30-11; Dimmitt, 11-11:30; Muleshoe, 11:30-12; Amherst, 1-1:30; Littlefield, 1:30-2; Spade, 2-2:30; Bula, 2:30-3; and Sudan, 3-3:30.

RADIO BROADCASTING — W. L. Edelman, Friona, judge. Dimmitt, 9-9:30; Littlefield, 9:30-10; Sudan, 10-10:30.

"The Kick" Important To Farwell Team

(Continued from page one.)

ton, the initial conference game.

With the score standing 6-6, Quarterback Johnny Lovelace booted a field goal from the 18-yard-line to give Farwell a 9-6 win in the final quarter.

Then, last Friday night against Sudan, the kick paid off in several different ways. In that game, had it not been for kicking the two extra points, the Steers would have

gone down to defeat by a 19-18 count.

Both the kickoff and the punt also played an important part in the Farwell win. A punt by Tommy Lovelace rolled dead just inches from the goal stripe where the Hornets were forced to take over. Also, a kickoff from the toe of Johnny Lovelace did likewise.

In both instances Sudan moved the ball out, but each time it was 20 more yards which the Hornet team had to work for. Not only in that one game has the punt and the kickoff paid off, but in other games as well.

Then too, the center and the man holding the ball for the extra point and field goal attempts, have jobs on which much responsibility lies. The snap from center to the man holding has to be precise and a slip could easily occur. In spite of the routine way in which it is usually performed, there is an art to it.

So, all aspects of kicking play an important part for the Farwell team. They have in past games for the Steers and quite likely they will

in future games. With everything pointing to another close game Friday night, "the kick" could once again mean the difference against Springlake.

Susan Levins Is Contest Winner

(Continued From Page 1)

top nine who made a second appearance. She sang "St. Louis Blues" for her performance.

She was in Amarillo on Sunday night to appear on the J. Sissom Talent Show as winner. Susan sang "Frankie and Johnny" and "St. Louis Blues" Sunday night.

Susan will be notified in two weeks when she is to go to New York. She will be accompanied on the trip by her mother, Mrs. Ira S. Levins.

Susan would like to express her appreciation to all who wrote in and voted for her during the first weeks of the show and to all who helped in any way to make this thrill possible.

WEST CAMP CHURCH SCENE OF AUSTIN-JONES WEDDING SUNDAY

The West Camp Baptist Church was the scene of a lovely informal wedding ceremony uniting in marriage Miss Marilyn Austin, daughter of Mr. and Mrs. Partin Austin of Farwell, and Dean Jones, son of Mr. and Mrs. Curtis Jones, also of Farwell, on Sunday afternoon, November 11, at 3 o'clock.

The bride's chosen colors of brown, aqua and gold were featured in the wedding setting which was formed by three large baskets of yellow, gold and bronze chrysanthemums with a background of palms and fern. A white kneeling bench was flanked on either side by two candelabra holding tall gold tapers. The family pews were marked with gold and brown bows.

Rev. T. L. Pond, pastor of the church, performed the double-ring ceremony as the couple stood before the kneeling bench.

Given in marriage by her father, the bride wore a ballerina length dress of white imported Chantilly lace over Capri taffeta and nylon tulle. The dress was designed and made by the bride's mother.

The fitted lace bodice featured a scooped neckline, long sleeves and a full overskirt with the bodice com-

ing to points in the skirt. The neckline and points of the bodice were edged with tiny seed pearls.

Her shoulder length veil of silk illusion, edged with lace like that of her overskirt, was attached to a small white tiara and was trimmed with tiny pearls.

She carried a white Bible topped with a white orchid surrounded by stephanotis. Fastened into the arrangement was her grandmother's wedding band which she carried for the traditional "something old," "Something new" was her wedding ensemble and "something borrowed" was the white Bible she carried which belonged to Jo Elaine Magness, and "something blue" was her garter.

Miss Jo Elaine Magness served the bride as maid of honor. She wore a street length dress of aqua Capri taffeta styled like that of the bride with the exception of the long sleeves and full overskirt. She carried a nosegay of gold chrysanthemums accented with brown velvet. Her headband was of matching aqua net and velvet.

Bridesmaids were Misses Doris Pond, Dixie Turner and Betty Hubbell. They wore dresses of dark

brown Capri taffeta styled identically to that of the maid of honor. Their headbands were of matching net and velvet and they also carried nosegays of gold chrysanthemums.

Miss Sherri Austin, sister of the bride, was the junior bridesmaid. Her dress was of aqua and styled like that of the maid of honor and bridesmaids. She also carried gold chrysanthemums.

Candlelighters were Misses Mikala Austin and Penny Jones, cousins of the bride and groom, respectively. Their dresses were of aqua and they wore wristlets of gold chrysanthemums.

Attending the groom as best man was his brother, Donald. Groomsmen were Troy Christian, James Norton and LaVon Jones. Junior groomsmen were Randy Pritchard, cousin of the groom. Carroll and Laren Fulton were ushers. Ringbearer was Stanley Austin. To carry out the fall theme, the male attendants wore brown trousers with their white coats and gold chrysanthemum boutonnieres.

Mrs. Troy Christian, accompanied by David Willard at the organ, sang "Whither Thou Goest" and "Oh Promise Me" prior to the ceremony, then as the couple knelt at the kneeling bench after repeating the vows, Mrs. Christian sang "The Wedding Prayer." During the ceremony, Willard softly played "Whither Thou Goest".

Mrs. Gale Burton, cousin of the groom, registered the guests at the church.

Mrs. Austin wore a gold suit with black accessories and a tan cymbidium corsage for her daughter's wedding. Mrs. Jones, mother of the groom, was attired in a navy suit with white and black accessories and a pale pink cymbidium corsage.

Immediately following the ceremony, a reception was held at the home of the bride's aunt and uncle, Mr. and Mrs. Guy Austin.

The refreshment table was laid with a brown cloth and garlands of gold chrysanthemums at the corners further carried out the fall theme. Aqua candles in crystal candelabra completed the table decorations.

Mrs. Gale Burton, cousin of the groom, presided at the crystal punch service, and Mrs. Jack Pritchard, also a cousin of the groom, served the three tiered wedding cake.

For going away, the bride changed to a princess styled dress of a brown and silver weave featuring a short jacket. She wore brown accessories and the orchid from her wedding bouquet.

Following a short wedding trip to points of interest in New Mexico, the newlyweds are at home in Farwell. He is employed at McKillip Motor Co. here and she works at the local ASC office. They are both 1956 graduates of Farwell High School.

Out of town guests for the wedding were from Lubbock, Shallowater, Anton, Plainview, Amarillo, Dimmitt, Whiteface, Slaton, Littlefield and Clovis.

Arrive Here For Visit With Parents

M. and Mrs. J. W. Hulsey and son of Whittier, Calif., accompanied by Mrs. Juanita Watkins and children of Long Beach, Calif., arrived here Monday night to visit with Mrs. Hulsey's and Mrs. Watkins' parents, Mr. and Mrs. S. G. Billington, in Texico. They came especially to help the Billingtons celebrate their Golden Wedding Anniversary on Sunday.

The Hulseys and Mrs. Watkins plan to be here for about 10 days. The Hulseys will also visit with his mother, Mrs. J. T. Hulsey, while here.

Mrs. Norris Teaches WSCS Mission Study

Mrs. M. L. Norris of Clovis was present at an all day meeting of the Woman's Society of Christian Service group last Thursday to present the mission study, "Missions, USA" by John W. Hoffman.

The meeting was held at the home of Mrs. A. D. Smith and a covered dish luncheon was served at noon.

Attending were Mesdames B. N. Graham, Grace Sanders, J. Roy Thornton, Albert Thomas, E. G. Blair, R. C. Cantrell, N. L. Tharp, A. D. Smith, W. H. Graham Sr. and the guest, Mrs. M. L. Norris.

WMU Members Discuss Royal Service Study

"Joy From Wells of Salvation" was the theme of the Royal Service program observed by the Farwell Women's Missionary Union at the regular meeting held by the group at the church on Monday morning.

Prior to the program, Mrs. E. J. Keith led the opening prayer. A short business period followed.

Participating on the morning's program were Mesdames Joe McWilliams, Jim Terrell, Sterlyn Billington, Bruce Blair, Billy Dollar, W. C. Hardage and Calvin Blain.

The program was in the form of a radio broadcast featuring reports from foreign correspondents.

Attending Monday's meeting were Mesdames Jim Terrell, Carliss Woods, Sterlyn Billington, W. C. Hardage, E. J. Keith, Blackie Williams, Raymond Martin, James Patrick, Dora Johnson, Calvin Blain, Joe McWilliams, Bruce Blair, Billy Dollar and O. C. Pe-tree.

Pink and Blue Shower Honors Mrs. Roberts

Mrs. Claude Dyer and Mrs. Elmore Hendrix were hostesses for a pink and blue shower honoring Mrs. W. L. Roberts on Monday afternoon at the home of Mrs. Dyer in Texico.

Refreshments of white cake with pink icing, cookies, mints, coffee and hot spiced apple juice were served and games were played.

Attending the shower were Mesdames H. L. Dykes, John Adams, Paul Huber, M. T. Glascock, Stanley Stewart and LaDonna, W. H. Graham Sr., Louis Caillout, Robert Morton, D. F. Roberts, Ernest Foreman, J. H. Winegeart, O. L. Winegeart and Misses Ruth Ann Ventura and Melba Winegeart.

Among those sending gifts were Mesdames Norman Peyton, Ansel Doolittle, T. E. Roth, Leroy Faville, Merrill Turner, Ben Smart, Olan Schlueter, Paul Winegeart, Jim Moss, Joe Helton, L. J. Spears, Ronny Ferguson, Judge Stone, W. H. Dollar, A. F. Phillips, James Spurlin, Russell Johnson, Frank Seale, John Hightower;

Also, Mesdames Avis Patterson, Fred Danforth, John Lewis, Bobby Joe Winegeart, C. D. Houghtling and Mrs. Borin.

Mrs. Harlan Hostess To Midway HD Club

Midway Home Demonstration Club met Tuesday, November 6, in the home of Mrs. Dorothy Raye Harlan with nine members and one visitor present.

Mrs. Mildred Redwine, president, called the meeting to order and called the roll in the absence of the

secretary.

The group voted to cancel the other meetings scheduled for the month of November.

Mrs. Elzada Gulley and Mrs. Dorothy Brown were selected as leaders to attend the work simplification workshop which was held in the home of Mrs. Lee Renner of the Hi-Point Home Demonstration Club on Wednesday and Thursday, November 12 and 13.

Eight members indicated that they planned to attend the county-wide home demonstration club Thanksgiving luncheon at Oklahoma Lane on November 15.

The Club project for the year was discussed again and the group decided that the secretary be authorized to write a check in the amount of \$50 payable to the Lubbock School Board to be used to help pay for furnishings for the school auditorium.

After the business meeting, Mrs. Elzada Gulley gave an interesting discussion on pictures and picture frames. She then led the group in a round table discussion about her talk.

The Club also observed "achievement day" at the meeting, and a good number of articles were displayed, including dresses, hats, textile painting, candles, planters and Dresden painting.

At the close of the meeting, the hostess served refreshments to Mesdames Dortha Mason, Elzada Gulley, Bess Hobbs, Billie Downing, Mildred Redwine, Irene Watkins, Luella White, Dorothy Brown and one guest, Sherry Jo White.

Wesley Bible Class Has Tuesday Meet

Regular monthly meeting of the Susannah Wesley Bible Class of Hamlin Memorial Methodist Church was held at the home of Mrs. J. R. Hadley on Tuesday afternoon, November 13.

Mrs. B. N. Graham was in charge of the devotional, and two members received gifts from the birthday box.

The hostess served refreshments to Mesdames E. G. Blair, Lena Yoder, Ruby Dixon, James Cox, Jess Newton, N. L. Tharp, W. N. Foster, Albert Thomas, E. E. Booth, Ralph Humble, B. N. Graham, Grace Sanders, G. W. Atchley, W. J. Matthews, the hostess, Mrs. Hadley, and one visitor, Mrs. B. O. Faville.

Wesleyan Guild Meets Monday

Mrs. John Armstrong was hostess to a regular meeting of the Wesleyan Service Guild which was held Monday evening, November 12.

Mrs. Avis Patterson was in charge of the program on "United Nations Missionaries." Mrs. Ollie Burton gave a report on Guild and WSCS joint Week of Prayer meeting held recently.

During the business session, the group voted to sell candy as a money making project. The or-

ganization's Christmas party was also planned. The Christmas social will be held at the home of Mrs. Leroy Faville on Monday evening, December 10. Members will each bring a dollar to pin on the tree instead of exchanging gifts among themselves. The money will be used for some worthy project during the holiday season.

Attending Monday evening's meeting were Mesdames Patterson, Burton, Leroy Faville, Paul Wurster, Fred Danforth, W. N. Foster, Curtis Jones, Willie Williams, L. B. Penick, R. C. Cantrell and Miss Jimmie Lou Wain-scott and the hostess.

Mrs. J. T. Hulsey returned to her home Friday of last week after visiting for four days with Mrs. A. J. Bagley and Mrs. Carl McCully in Clovis. Mrs. Hulsey reports a nice visit.

Kaltwassers Note Fortieth Anniversary

Mr. and Mrs. J. A. Kaltwasser celebrated their 40th wedding anniversary November 7 in their home. Present to help them to note the event were their two sons and their families, Mr. and Mrs. Gilbert Kaltwasser and children and Mr. and Mrs. Walter Kaltwasser and family; also Mrs. Sidney Windsor of England, who is a house guest of the latter family.

The guests presented the honorees with a bouquet of American Beauty roses. A lace-covered candlelit table formed the setting for the refreshment table. Cake and coffee were served.

To Memphis

Mr. and Mrs. Alton Berry and children visited during the weekend in Memphis with her uncle who is hospitalized there. They also visited at Estelline where Mrs. Berry lived several years ago.

Rehearsal Dinner Is Saturday Night

Mr. and Mrs. Curtis Jones were host and hostess to a wedding rehearsal dinner honoring their son, Dean, and his fiance, Miss Marilyn Austin, at the home of the bride-elect's parents, Mr. and Mrs. Partin Austin, on Saturday evening, November 10.

A full course dinner, featuring baked ham, was served to the guests at individual tables for four. Small arrangements of gold chrysanthemums centered the tables.

Attending the dinner were the honorees, Marilyn and Dean, and Donald Jones, LaVon Jones, Mr. and Mrs. Troy Christian, Randy Pritchard, James Norton, Betty Hubbell, Dixie Turner, Doris Pond, Sherri Austin, Penny Jones, Mikala Austin, Stanley Austin, Carroll and Laren Fulton;

Also, David Willard, Clair Lackey, Elaine Magness, Marian Smith, Mrs. Jack Pritchard, Ike Pritchard, Mr. and Mrs. Partin Austin, Mr. and Mrs. Curtis Jones, Mr. and Mrs. Guy Austin, and Rev. and Mrs. T. L. Pond.

Assisting with hospitalities were Mrs. Ernest Jones, Mrs. Raymond Rhoten, Mrs. C. C. Christian and Miss Phyllis Christian.

Texico Women Plan Second Rummage Sale

Texico Woman's Club is planning its second rummage sale for Saturday, November 17, at the Stratton Music building in Texico. The group was quite successful in its initial sale last Saturday and is going to try the project again. The sale will begin about 10:30 a. m.

Next regular meeting of the group will be held at the school library on Monday evening, November 19. The Club's Thanksgiving social will be held and husbands and friends of the members will be special guests.

Special welcome will be given to new members at this meeting. Games and light refreshments have been planned.

Esther Class Enjoys Covered Dish Supper

A covered dish supper for members of the Esther Sunday School class of First Baptist Church, Farwell, was held Monday evening, November 12, at the home of Mrs. Leroy McDonald.

Following the supper, a short business session was held. Then Mrs. Joe McWilliams presented the evening's devotion on "What is That in Thine Hand?"

Secret pals exchanged gifts. Attending the meeting were Mesdames Bruce Blair, Calvin Blain, Joe McWilliams, Pete Rundell, Jim Terrell, Retha Barnes, Raymond Martin, James Patrick, Markham Chadwick, Clarence Johnson, Horace Battenfield and the hostess, Mrs. McDonald.

Will Celebrate 50th Anniversary Sunday

Mr. and Mrs. S. G. Billington, Texico, will celebrate their 50th wedding anniversary this Sunday, November 18.

A reception has been planned for the afternoon at the Billington home and all friends of the couple are cordially invited to help them observe this occasion.

Mrs. Ethel Thomas Attends Homecoming

Mrs. Ethel Thomas was in Abilene during the weekend to attend the homecoming activities at Abilene Christian College where she was a housemother at one of the girls' dorms for several years.

Mrs. Thomas was a guest of the college for the homecoming weekend and enjoyed attending the ACC-Midwestern football game while there.

To Be Guests

Members of the Intermediate II training union of First Baptist Church, Farwell, will be guests of a training union class of the First Baptist Church of Clovis on Sunday evening, November 18.

Thanksgiving Dinner To Be Monday Night

Texico-Farwell Woman's Club annual Thanksgiving dinner will be featured at the Club's regular meeting on Monday, November 19. The dinner and meeting will be at the school cafeteria at 8 p.m. for members and their guests.

A turkey dinner with all the trimmings will be served and recreation has been planned.

Sniders Attend 50th Anniversary

Mr. and Mrs. M. A. Snider Sr. attended a Golden Wedding anniversary reception honoring Mr. and Mrs. John Russell, near Floyd, N. M., on Sunday.

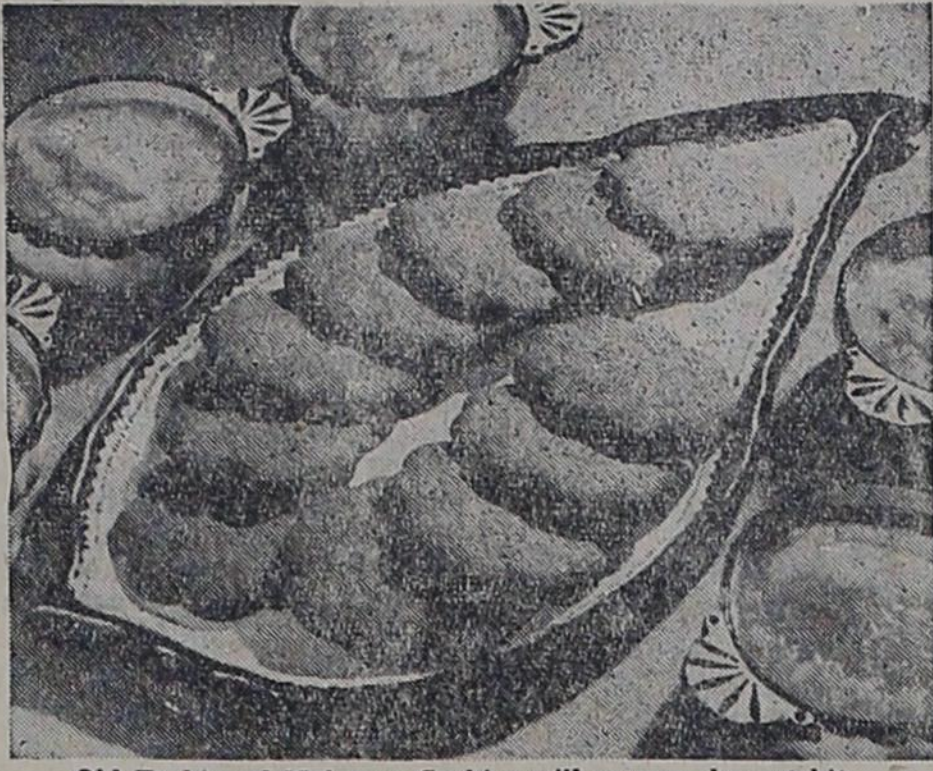

Mrs. Russell was Snider's first school teacher when he attended school at Bethel, Okla. Snider had not seen Mrs. Russell since he left there, but at Sunday's get-together, he recognized at a glance his former teacher.

Christmas Plans Made at Meeting

Christmas plans highlighted the business meeting held Monday night in the home of Sylvia Watkins, president of ESA, for the group.

Having learned that New Mexico state president of ESA had suffered a heart attack, members decided to remember her with a card and a gift. Too, the group pledged a donation to an ESA disaster fund, to be used in emergencies during the disasters in the

Old Fashioned Molasses Cookies

Old Fashioned Molasses Cookies will score a dessert hit, especially when in the company of spicy apple sauce.

Fresh-from-the-oven cookies along with a favorite fruit are a simple but always popular dessert. When you serve these Old Fashioned Molasses Cookies with spiced apple sauce, you'll really please the family palate.

These Molasses Cookies plus milk make a nourishing after-school snack for the youngsters, too. That's especially true when you bake enriched flour, which has three B-vitamins and food iron added. To make for easier rolling out, chill the cookie dough thoroughly. Cut as many cookies as you can from the first rolling. Cookies baked from re-rolled dough tend to become less tender. If you haven't time to roll out the dough, you can also bake it as soft, chewy drop cookies.

Your local bakery and supermarket are also headquarters for cookies when your time is limited. You count on finding a tempting selection of commercially baked cookies every time.

OLD FASHIONED MOLASSES COOKIES

- 4 cups sifted enriched flour
- 2 1/2 teaspoons soda
- 2 1/2 teaspoons salt
- 1 cup shortening
- 1 cup sugar
- 1 cup molasses
- 3 eggs, beaten
- 1 tablespoon vinegar
- 2 teaspoons grated orange rind

Sift together flour, soda and salt. Cream together shortening and sugar until light and fluffy. Add molasses, eggs and vinegar. Mix well. Add flour mixture and orange rind to creamed mixture and mix until smooth. Chill dough. Roll out 1/4 inch thick on floured board or pastry cloth. Cut with floured cookie cutter. Bake on ungreased baking sheets in moderate oven (375° F.) 10 to 13 minutes.

Note: Dough may be dropped by teaspoonfuls on ungreased baking sheets. This method gives a softer, somewhat chewy cookie. Makes about 5 dozen 3-inch cookies.

Mrs. Cox Celebrates Birthday Thursday

Mrs. James A. Cox was honored on her 86th birthday on Thursday, November 8, with a birthday dinner in her home.

Her son and family, Mr. and Mrs. Clinton Cox of Clayton, N. M., prepared and furnished the birthday dinner.

Others present to help Mrs. Cox celebrate the occasion were Mr. and Mrs. James Cox of Logan, N. M., Mr. and Mrs. Ralph Cox of Lazbuddie, Mr. and Mrs. Guy Cox and Mr. and Mrs. Joe Cox and daughter, all of Farwell.

Doolittles Hosts To Bridge Party

Mr. and Mrs. Ansel Doolittle were host and hostess for a bridge party at their home in Texico on Saturday evening, November 10.

Attending were Mr. and Mrs. Fred Danforth of Texico, Mr. and Mrs. Ollie Burton of Farwell, and Mr. and Mrs. Tom Hardin, Mr. and Mrs. Hardy Hay and Mr. and Mrs. W. T. Gragg, all of Clovis.

Winning high prize for the women was Mrs. Burton. Hay won the men's high prize.

In Amarillo

In Amarillo on Saturday night to attend the talent show at Municipal Auditorium and to see Miss Susan Levins walk away with first place honors in the show were her parents, Mr. and Mrs. Ira S. Levins, Mrs. Don Williams, Marilyn Edwards, Mr. and Mrs. Scott Levins Jr. of Bovina and Bob Scott Anderson.

nation.

As announced earlier by the group, ESA decided to give away a ballerina doll and a 15 ensemble wardrobe on December 1. The doll will be displayed at Southern Union Gas Co.

A report was held on the rummage sales which were held in the past weeks by the group and Mrs. Watkins expressed appreciation to all those who had donated clothes or helped the organization in any other way. She specifically expressed appreciation to Ed Muckleroy who allowed the group to use his unoccupied building for the sales.

Mrs. Watkins announces that some rummage was left over, but it was in poor repair. The clothing was donated to the Salvation Army and officials told her that all the clothing that needed repair would be sent to Dallas and made wearable, then shipped overseas where it was needed.

Members decided to pack Christmas treats December 13 at 4 o'clock at the Farwell City Hall, in preparation for Santa's visit on December 15, from 2 until 4 o'clock

in the afternoon.

A committee was named to buy and distribute Christmas baskets to worthy families of Texico-Farwell.

Annual Christmas party honoring members and their husbands or guests was planned for December 14, at 7:30 in the evening.

Climaxing the business for the evening was the decision to donate \$10 each to New Mexico and to Texas Boys' Ranch, as Christmas gifts.

Pumpkin pie and spiced tea were served to Mesdames Irene Dyer, Joann Getz, Jeanne Graham, Dardanella Helton, Irene Jones, Gladys Kaltwasser, Dorothy Quickel, Rosa Roberts, Nell Walling, LaMoin Williams, also Wilma Liner and Jo Ann Williams, one guest, Mrs. Sidney Windsor, and the hostess.

Mr. and Mrs. W. H. Graham Jr. and sons, Ronny and Hal, visited late Sunday afternoon in Portales with Mr. and Mrs. George Hill and sons of Jal, N. M. The Hills are former residents of Texico.

Family Night To Feature Supper

Family night at St. John's Lutheran Church at Lariat will be observed, with a Thanksgiving supper being featured at the Parish Hall, on Sunday evening, November 18.

Members of the Lutheran Ladies Missionary League are making plans for the event, and Mrs. Gilbert Kaltwasser is head of a committee to make final arrangements for the supper.

In Dallas

Mr. and Mrs. C. M. "Heinie" Henderson were in Dallas on Saturday afternoon to attend the Texas A&M-SMU football game at the Cotton Bowl.

Mrs. Henderson remained there to visit with her sister, Mrs. L. A. Stemmons, for an indefinite length of time. Henderson returned to Farwell on Sunday.

CARD OF THANKS

We wish to express our heartfelt appreciation for the many acts of kindness, cards and floral offerings received during the illness and passing of our mother. We would especially like to thank all the ladies who brought in the nice food. Many, many thanks to all.

From the Vaughn family

The first flag to fly over Texas was the French flag in 1684.

The first shot in the Civil War was fired at Fort Sumter.

In Abilene

Gene Lovelace and son, Tommy, accompanied by Johnny Lovelace and Phillip Berry were in Abilene on Saturday to attend the West Texas State-Hardin-Simmons foot-

ball game. They also saw the ACC-Midwestern game while there. The group returned to Farwell Sunday afternoon.

Washington, D. C. became capital of the United States in 1800.

Scientific Nibble, Anyone?

There's probably no group of people who are greater weight-watchers than actors and actresses, whether they are in Hollywood, Milan, Tokyo or on Broadway. Here movie and TV star—and one of Hollywood's leading citizens—Ronald Reagan is about to enjoy a mid-morning cup of coffee. Like most of his fellow thespians, he has found that eating between meals gives added energy and actually helps to curb the appetite. Today, nutritionists are calling this type of snack a scientific nibble.

jottin's from jeanne

The lady fans of the Steer football team were in high spirits when they attended the pep rally at the school Friday, and received free corsages to wear to the game that night. It was a generous gesture of Watkins Gin, to present the high school girls and the women with flowers for the occasion.

Even Mr. Watkins couldn't anticipate what a gala occasion that game was to be. And the women in the stands at the game Friday night, looked so dressed up and festive. If you looked around, you noticed that nearly all the ladies were wearing the pretty white mum with the blue ribbon.

We appreciated the gesture, and everyone we talked to was thrilled over the gift. We thought the donor should know that he has our thanks, plus the appreciation of all those who received the corsages.

But we think the nicest thing would be for some of you ladies who received the flowers, to send the donor a personal note of thanks.

We met Mrs. Sidney Windsor, the sister of Gladys Kaltwasser, who is visiting here from England and as we expected, Mrs. Windsor or Elsie, is charming. She speaks with a marked accent and her

sense of humor emerges at delightful intervals.

She revealed that she loves American hamburgers, the railway system over here, and this Texas weather where you can sit in the garden in November, and enjoy the sunshine. We halfway promised her at least one good sandstorm before she returns home.

And she is good-natured when her gleeful sister introduces her as Mrs. Windsor and in the next breath, teases her by calling her "the duchess."

The Mrs. Graham in the household, our mother-in-law, has so many stories to tell about her six-week trip to California and Oregon, but she never forgets her favorite and you might know, it has to do with Texas.

On her way home, via bus, two tow-headed boys of grade school age boarded the bus and Mrs. Graham struck up a conversation with them. That was in Colorado. After a few minutes discussion, they asked her where she lived. She told them and they seemed quite impressed. She had already mentioned that she was in the newspaper business.

So one of the boys tentatively asked "If I give you a dime, would you send me one of your papers from Texas?" She told him if he would give her his address, she would send the paper, and wouldn't charge him a cent. He confided that he would take it to school and show all the kids his paper from "Texas."

So the Tribune this week goes to Colorado, and we hope the young man realizes what a lift such a request as his gives us. He certainly made a hit with Gram'ma.

Looks like Hal is about to learn the hard way. He just painted himself into a corner, so to speak.

At the ripe old age of 17 months, we have been trying diligently to wean him from a bottle and teach him the merits of drinking from a glass. He has been very uncooperative.

But he has his own little idiosyncrasies that have finally crossed him up. He has a phobia for hiding things. This week, we have found Ronny's shoes in the waste basket, a ball in the dish pan, and newspapers under the cedar chest. But Tuesday, he pulled a boner. His one and only bottle is missing. This we didn't find. To bed he went, bottleless.

When we were talking to Billie Phillips last week, she gave us another recipe which this busy housewife and mother of four, has found an excellent cake to bake and put in the deep freeze. She says she always has a dessert when unexpected company shows up, or when she doesn't have the time to bake.

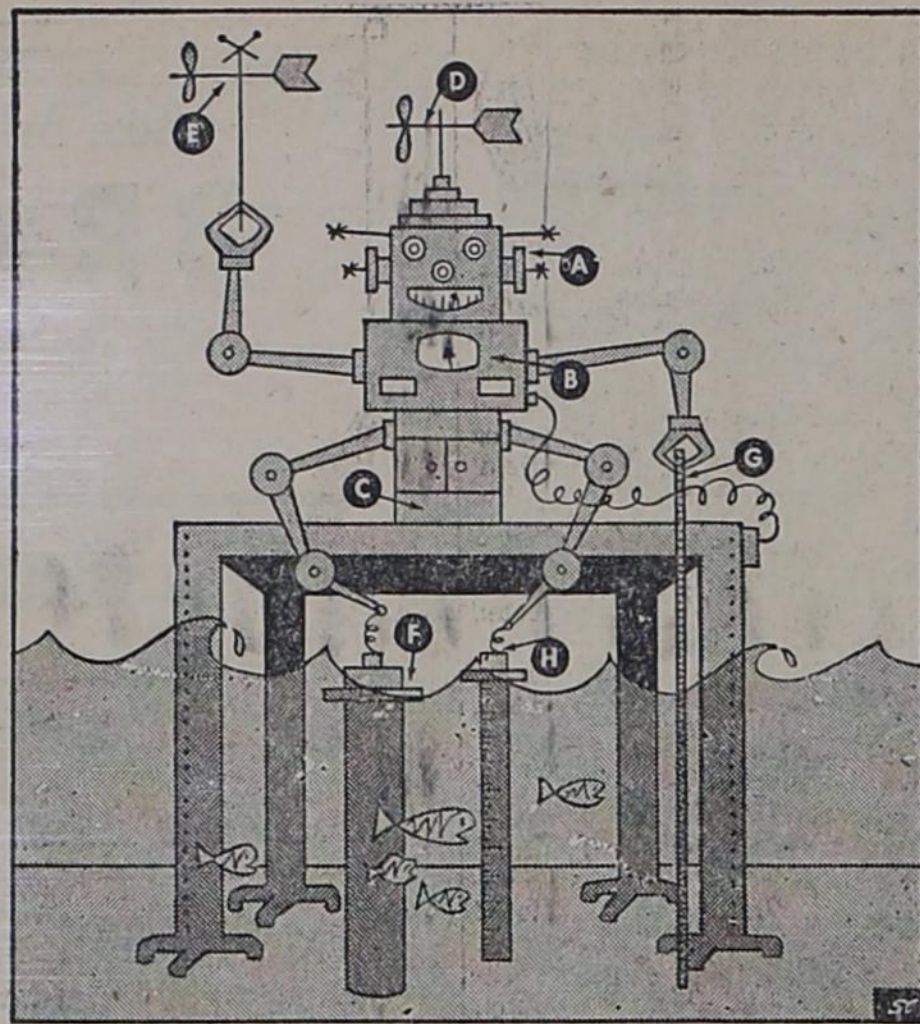

Another reason we are including this particular recipe now, is that it is a good one for the holidays.

DATE CAKE

Pour one cup boiling water over one cup chopped dates. Add one teaspoon soda. Let stand few minutes. Mix one cup sugar, 2 table-spoons butter, one egg and 1 1/2 cups flour and one cup pecans. Add to date mixture. Bake in square (8x8x2) baking dish at about 300 degrees until firm. May be served plain or with whipped cream.

We couldn't explain the reason for errors in newspapers half so well as our friend, Berle, who writes "Over The Coffee Cup" in The Denver City Press. So once again we're pulling an item from her column to include in ours. It must be the lazy woman's way, but maybe Berle will forgive us when we admit she is one of our favorite columnists.

She says: "Since we do have several errors

This pioneer electronic device (sketched with apologies to Rube Goldberg) is designed to learn the real facts about storms at sea. Built by Gulf Oil Corp. to secure data for protecting crews employed in offshore drilling, the "Inspector" can record for the first time the forces of winds, waves, tides and currents in open water as far as 100 miles from land. It comprises: (A) instrument and (B) recording cabinets; (C) 32-volt operating battery and (D) wind generator to charge it; (E) wind velocity and direction detector; (F) wave force detector and (G) step resistance gauge for wave height; and (H) mean water level detector.

each week in spelling, grammar, etc., in spite of the best we can do, we can offer only one defense to possible condemnations:

"One of these days, take a typewriter and compose, copy and assemble about 100 pages of 8 1/2 by 11 inch double spaced copy.

"Then have another member of the family re-copy your manuscript, then take his 100 pages and cut up each sheet into strips of one typewritten line. Then cut up these strips into two or three pieces. And have him, assisted by two other persons, put all this back into about 50 sheets of copy.

"Finally, have three persons cut up the 50 sheets, mix them up a little bit and then try to assemble this mess into eight or ten eight-column, equally spaced pages. Then let several thousands persons check them for errors.

"If you'll do all this, we'll be most happy to mail you the Press to your Wichita Falls State Hospital address. We may even invite you to come over to our ward for a visit."

We've noticed and enjoyed the pretty floral arrangement in the

picture window of the Lee Thompson home last week. Just enjoyed driving by so we could look once more.

Mrs. J. A. Cox has the prettiest silver hair. We sat behind her in church recently and just couldn't help noticing.

And some sharp headline writer in Perryton thought up this one to head a robbery story: "Battery Theft Charged; Man in Dry Cell."

The vivid imagination of our three-year-old often squelches his good manners. When we had a guest for lunch last week (a business associate who didn't know the Grahams extremely well), Ronny held a long strand of spaghetti on his fork and remarked "Look, just like a great big worm." Was our face red?

Man Fined \$100 On DWI Charge

Cuestin Castro, Austin, was fined \$100 and court costs in county court Monday, on a DWI. He was picked up in Friona Sunday night and is still in custody, according to Chas. Lovelace, sheriff.

Also a man was arrested in Friona Monday and was fined \$27.70 in B. N. Grahams' justice of peace court in Farwell for being drunk. He was Jack Armstrong, who gave his home as Alva, Okla.

Another case pending in county court is a juvenile theft. The boy being charged is from Farwell.

Gregarious animals are those that live in flocks or herds.

LEGAL

THE STATE OF TEXAS To any Sheriff or any Constable within the State of Texas—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Parmer County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION The State of Texas

TO: Anna Mae Lane, and should she have ever married, then her unknown husband or husbands, whose place of residence if living, is unknown, and if said person is deceased, then the unknown heirs and legal representatives of said person, Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Parmer County at the Courthouse thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of December, A. D., 1956, to Plaintiff's Petition filed in said court, on the 22nd day of October, A. D. 1956, in this cause, numbered 1883 on the docket of said court and styled R. B. SEATON, Plaintiff, vs. ANNA MAE LANE, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings this suit in trespass to try title, alleging that he is the owner in fee simple of the North 85.6 acres of the West half (W 1/2) of Section 104, Block "H", Kelly Subdivision of Parmer County, Texas; that on or about the 1st day of October, A. D., 1956, the Defendant entered unlawfully upon such land and ejected Plaintiff therefrom and wrongfully withholds possession from such Plaintiff and Plaintiff further sets up and pleads the 5- and 10-year statutes of limitations as same pertain to land titles in the State of Texas, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served with in ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Farwell, Texas, this 22nd day of October, A. D. 1956.

Attest, Hugh Moseley, Clerk, District Court, Parmer County, Texas.

A VAST NEW HOLIDAY LAND in the heart of Texas will be created under the Brazos River Authority's master plan for development of the river. The map shows how the Authority's Six-Dam Program will provide a chain of lakes 250 miles long stretching between Whitney Dam at Waco and Possum Kingdom above Mineral Wells. This continuous body of water, convenient to virtually all Texas sportsmen, will become a center of a great new recreation industry. This Land o' Lakes of Texas will provide boating, fishing and camping facilities on a scale never before known in the Southwest. They also will assure the Brazos Valley of an ample water supply for irrigation, industry and municipal use far into the future. A by-product will be hydro-electricity. Besides the Six-Dam Program, the Authority plans various other reservoirs for local water supply and for special purposes, such as Allens Creek and South Bend, shown on the map.

Grade School Elects Favorites At Farwell

A list of favorites of the grade school at Farwell was released this week by L. B. Penick, grade school principal.

Chosen as favorites from Mrs. Cain's first grade were Tim Crume and Leslie Cooper. Danny Foster and Candy Meeks were elected from Mrs. Daniel's room.

Second grade favorites are Johnny Schell and Katherine Gober from Mrs. Pool's room and Bobby Field and Lana Gay Mahaney from Miss Florence's room.

Mike Robertson and Linda Smart are favorites in Mrs. Huffaker's third grade, and Doyle Johnson and Susan Blair were chosen from the third grade taught by Mrs. Tatum. Mrs. Coffer's fourth grade chose Jerry Childs and Linda Phillips while Mrs. Eggers fourth grade selected Danny Huffaker and Phyllis Christian.

Representing the fifth grade are Ronny Henson and Jane Hubbell. Sixth grade representatives are Darwin Billingsley and Shirlene Martin.

Errol Johnson and Carolyn Watts were chosen from Mrs. Murray's seventh grade and favorites from Mrs. Bradley's seventh grade are Steve Smart and Carolyn Routon. Eighth grade favorites are Bill Owen and Janice Routon.

Typewriter ribbons are, on the average, 25 feet long.

Average life of a milk bottle is 34 deliveries.

Local GOC May Disband Soon

The Texico-Farwell Ground Observers Corps may fold after the next meeting, it was pointed out this week by Wilfred Quickel, post supervisor. The reason for having to call it quits is due to lack of support.

The GOC has been functioning for the past several months with only a few active members and unless more interest is shown at the December 13 meeting, the GOC post here will no longer be in

Last-Minute Fumble Gives Farwell Win

(Continued From Page 1)

line, James Gore went over with the tie-breaking tally. The extra point attempt was again wide.

The fourth quarter followed the pattern of the third period until the dramatic finish.

The Steer ground game was evenly divided among the four starting backs with Willard racking up 67 yards, Phillip Berry 59 yards, T. Lovelace 51 yards, and J. Lovelace 33 yards. Johnny also added 68 yards to his total offensive gain, completing three of eight pass attempts.

The rugged Farwell line met its match as the Hornets scored more points than had been scored against the Steers all season. Previously, only 12 points had been scored by opposing teams.

Nevertheless, the line put up a terrific fight, and it was heads up defensive play that set up the game-winning touchdown. Too, the line was much more effective in the second half than they were in the first. Sudan rolled up 261 yards in the initial half as compared to 111 in the second.

Holiday Is Quiet For Twin Cities

Activity hummed along as usual in most Texico-Farwell businesses as Twin City residents spent a quiet holiday in observance of Veterans' Day on Monday of this week. Almost all retail businesses were open all day and neither school was closed.

Among those observing the holiday as such were offices in the courthouse, the ASC office, the bank and the post office.

Steers Need Victory For Conference Title

(Continued From Page One)

win.

Comparative scores of three other common foes indicate the Wolverines are the stronger team. They took Friona, 20-6; Morton, 32-12; and Bovina, 27-7. Farwell defeated Friona, 7-0; Morton, 9-6; and Bovina, 13-0.

However, a strong defense was the deciding factor in each of the three games for the Steers and it hasn't been until the last two weeks that the offense began to click. Fumbles have plagued the Farwell attack all season up until the Sudan encounter. Against the

Hornets, Farwell dropped the ball only one time, and didn't lose possession of it then.

Fewer mistakes were made by the Farwell team against Sudan than in any other game this year, and an equally fine performance against the Wolverines could enable the Steers to close out their first undefeated season in many a year.

Springlake has a well-balanced squad and they can move on the ground as well as through the air. The Steers haven't been up against a good passing team all season, and a fierce passing attack by the Wolverines could hurt the Steers' chances.

All in all, though, it looks like another evenly-matched contest.

Both teams will have plenty at stake, so, possibly it will be another thriller such as last week's.

HOPPERS—
(Continued from Page 1.)

thing as exciting as the Steers' amazing football season? The game at Sudan Friday night had a story-book finish that would bring to his feet even the most apathetic fan you could imagine.

The showdown will be this week, of course, and there's no use on counting on Farwell's first class A football crown in history until it's in the bag, but it's hard to avoid getting just a little bit excited.

Springlake has what it takes

to ring Cinderella's show down at midnight, if Farwell is at anything less than the very best. Sudan passed the Wolverines only 19-13, and that was with a last-quarter touchdown. This one could—and probably will be—tough indeed.

"Soil Testing" Now Being Done by Farwell Ag Boys

The testing of soils has been added to the agriculture curriculum of Farwell Schools this year and all students enrolled in agriculture courses are learning to run the various tests for the first time.

A soil testing kit has been purchased by the department and boys in all classes have been receiving instruction on 11 different tests since the beginning of the school year, says Robert "Prof" Morton,

agriculture instructor.

In making these tests the Farwell boys can determine what crops are best suited for a certain type of soil, what fertilizer is needed, and the amount of fertilizer to apply for a certain crop.

The tests are made by taking a sample of the top seven inches of soil from a field, and the application of certain chemicals determine its elements. A different test is required to find the nature of each element.

In the tests made thus far, the boys have found that most of the soil in this immediate area is short on nitrogen and phosphorous, Morton says. Also, the soils have shown from average to high on potash.

The boys have mastered the techniques of running the tests and are now ready to begin making tests for farmers in the area. Farmers wishing to have samples of soils tested may do so by contacting Morton or any of the ag students. "One free test will be made for

each farmer and those wanting more than one test run, will be charged a small fee," the instructor says.

In emphasizing the need for testing soils, Morton pointed out that many farmers apply a large amount of one type fertilizer when small amount of different kinds might be of more benefit.

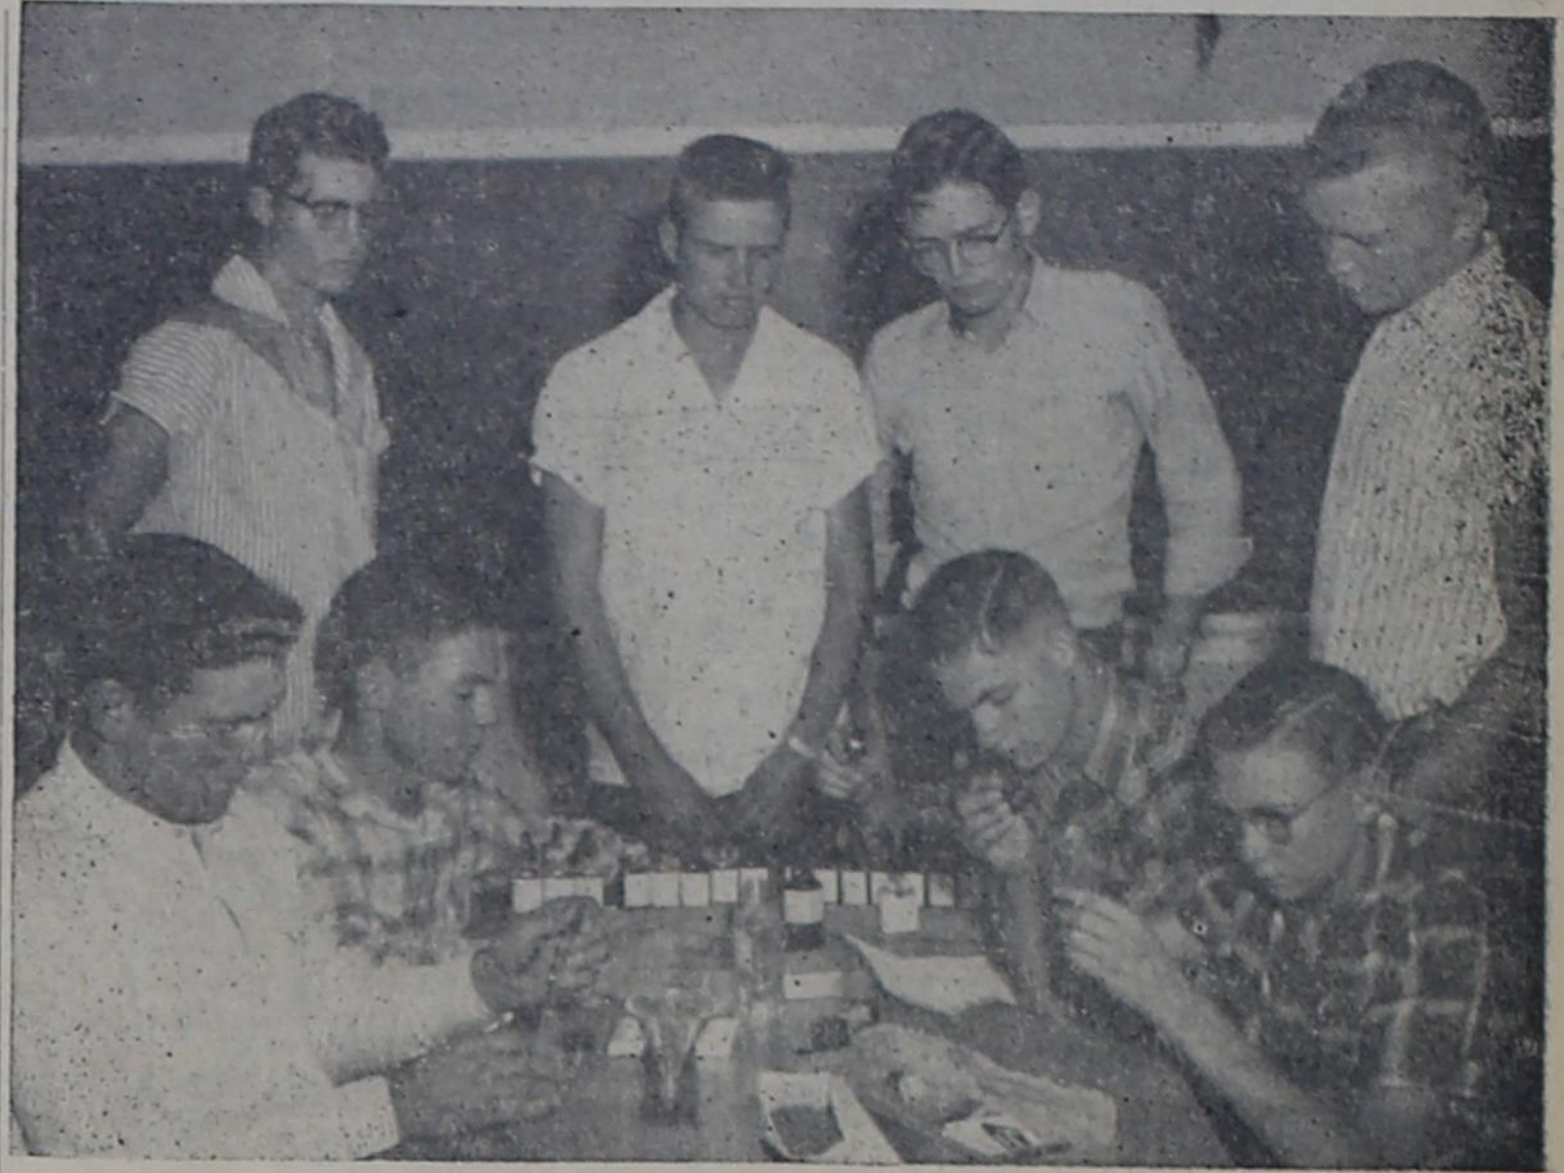

Tests should be made about twice a year, right after the fall crops are harvested and just before planting time in the spring," Morton states. The reason for this is that the nature of the elements vary with the different seasons.

For farmers wanting to learn more about the soil testing program, a night meeting for discussion on the topic will be set if enough persons are interested. Anyone wanting to take part in such a meeting may contact one of the ag boys.

Soil testing has just recently been added at several schools in the area, and only about one-fourth of the area schools now do this type of work, according to Morton.

There are 34 boys enrolled in ag courses at Farwell and all of them are capable of running these tests, he says.

The main benefit the boys will derive from their soil testing experience will be when they are farming on their own. "It will better enable them to determine the types and amount of fertilizer needed for their crops," Morton concludes.

HERE'S HOW IT'S DONE—This group of upperclassmen demonstrate how the soil tests are run. Seated from left to right are Delvin Langford, John McCuan, Billy Smith, and Jerry Turner. Standing, Roland Hillock, Wayne Jesko, Arlin Smith, and Jerry Owens.

NUMBER 6

Santa Will Come To Town Dec. 15

Youngsters in both Texico and Farwell and the surrounding area will once again have an opportunity to see and talk to Santa Claus, and to receive a bag of fruit, candy and other goodies from the bearded gentleman, when he visits the Twin Cities December 15, compliments of Texico-Farwell ESA.

When ESA was organized in 1951, members selected as their first project—Santa's visit to the area. The visit was so successful that this project has become an annual one with ESA. Last year, 1000 treats were distributed during the two hour period when Santa was in town.

But the plans for Santa begin in early fall, because of the financial outlay that is required by this project, and by Christmas baskets that are given to deserving families.

Farwell Students Make ENMU Trip

Members of a general geology class of Eastern New Mexico University made a visit to Palo Duro Canyon near Amarillo on Wednesday of this week to observe the geology of the canyon and the effects of water erosion. In addition to visiting the museum on the campus of West Texas State College to study geological exhibits.

Among the members making the trip were Ronny Dial and Jesse Coburn, both of Farwell.

Commissioners Are Attending Conference

Several members of the Parmer County Commissioners Court are in San Antonio this week attending a conference of state county judges and commissioners.

The conference got underway yesterday (Wednesday) and is to continue through the remainder of the week. Attending from Parmer County are Judge A. D. Smith; and Commissioners Charley Jefferson, Bovina; Johnny McDonald, Farwell; and Henry Ivy, Lazbuddie.

says Sylvia Watkins, president. Rummage sales have been conducted in October and November to gain funds for the civic work of ESA, and as announced earlier, a doll with a 15-piece wardrobe will be given away, to further raise funds. New owners of the doll will be determined December 1, Mrs. Watkins says.

"Santa will come to the children of the area, and if anyone knows of a deserving family that should be remembered with food baskets at Christmas time, he is asked to contact an ESA member," she adds.

FFA Plans To Sell Christmas Trees

At a meeting of the Farwell FFA last Monday night, the group decided to sell Christmas trees as a money-raising project. They plan to begin the sales on Saturday, December 1, says Robert "Prof" Morton, sponsor.

All shapes and sizes will be sold and plans are to set up shop somewhere on Main Street, the exact site to be announced later.

At the meeting the boys discussed two other projects for the near future. It was decided to sponsor a donkey basketball game sometime in January or February if arrangements can be made, and also to conduct a light bulb sales campaign.

In Lubbock For Tech-TCU Game

Among the Texico-Farwell area residents attending the Texas Tech-TCU football game in Lubbock last Saturday afternoon were Mr. and Mrs. Sam Rundell, Mr. and Mrs. M. C. Roberts, Mr. and Mrs. Joe Jones, Mr. and Mrs. Jim Terrell, Shelby Jobs, Russell Young;

Also, Mr. and Mrs. Jack Williams and children, Claude Rose, Bob Anderson, Willie Williams, M. F. Green, John Aldridge, Harold Carpenter, Charlie Christian, Jesse Landrum, Mr. and Mrs. Henry Ivy, Hugh Moseley and Wilma Liner.

It is only 18 miles across the English Channel from Dover, England to Calais, France.

The colors in the American flag stand for courage (red), liberty (white), and loyalty (blue).

Brilliantly new in Beauty... Brilliantly new in Performance!

Represented above are the most significant advancements we have ever been privileged to present to the motoring public.

This is Cadillac for 1957—entirely new in design and engineering . . . and bringing to the world's highways a wholly new standard of motor car quality and excellence.

Cadillac's renowned stylists have created a new Cadillac beauty . . . majestically graceful of line . . . wonderfully exciting in spirit . . . and with a new balance of chrome and glass and steel.

Cadillac's master coachcrafters have brought a new measure of luxury to the car's interiors . . . with gorgeous new fabrics and leathers . . . with new colors and patterns . . . and with marvelous new appointments on every hand.

And Cadillac's world-famous engineers have introduced a sensational new concept of automotive performance . . . with two great new engines . . . with an even smoother, more responsive Hydra-Matic Drive . . . with greatly improved power steering and power braking . . . with a

revolutionary new frame design . . . and with a host of other vital engineering advancements.

These dramatic Cadillac achievements are being presented for 1957 in ten individual body styles, including the breath-taking Eldorado series. Each is a Cadillac masterpiece . . . a brilliant tribute to the men who design and build the Standard of the World.

We invite you to see . . . to inspect . . . and to drive the brilliantly new 1957 Cadillac at your very first convenience. You'll be welcome at any time.

NEWS FROM LAZBUDDIE

BY MRS. BERT GORDON

4-H Clubbers Present Program

Several members of the Lazbuddie junior and senior 4-H Clubs presented a program for the Lazbuddie PTA, Monday, November 5, at eight o'clock in the evening.

Beverly Smith and Janice Darling presented a demonstration on "Streamlining the Medicine Cabinet". Then J. B. Young showed slides of the 4-H trip which was made last summer at Holy Ghost Canyon, near Pecos, N. M.

As the slides were shown, the following boys told what the pictures were about and named the people who were in them: James Brown, Richard Chitwood, Cooper Young, Gary Mac Brown, Gary Foster, and Stevie Young.

Longhorns Lose To Mustangs

Friday, November 9, the Lazbuddie Longhorns were defeated by the Bovina Mustangs by the score of 38-7. The game was played at Bovina.

The game got underway with Lazbuddie kicking to Bovina. The first quarter saw more action for both teams than the other three. Bovina had three first downs and two penalties. They had one touchdown and made the extra point,

both by Neil Smith. Lazbuddie managed four first downs.

The second quarter found Lazbuddie bouncing back with three first downs, one penalty, one touchdown and the extra point, both being made by Roy Vanlandingham. The Mustangs had one touchdown, by Smith, and the extra point made by Jerry Burnett. The score at the half was 14-7.

This was Bovina's homecoming and homecoming ceremonies were held during the half with the band performing.

The third quarter found Bovina outplaying the Longhorns making two touchdowns, one by Smith and one by Burnam. Smith and Burnett counted for the extra points. Lazbuddie had one penalty during this period.

The fourth quarter saw Bovina continuing their fast playing, making four first downs and two touchdowns, by Lawlis and Smith, and one penalty.

The Longhorns play the final game of the season this Friday night, November 16, at 8 o'clock on the home field. They will play Kress. This is the first year that the Longhorns have played eleven-man football. They have won two games and lost six.

Congratulations to Mr. and Mrs. Wylie Bullock on the birth of a son in Parmer County Hospital on November 10.

Mrs. Ross Vanlandingham has a baby girl born on November 10, at Mobeetie. Mrs. Vanlandingham is a former resident of this community, having moved to Mobeetie after Mr. Vanlandingham's death in July.

PTA SUPPER IS TUESDAY

The annual P. T. A. Thanksgiving supper will be on November 20, 6:30 to 8 p.m.

Mr. and Mrs. John Agee are in Temple this week. Agee is being observed at the clinic at Scott and White hospital.

Mr. and Mrs. S. J. Bozeman of Amherst were visitors in the Bert Gordon home on Saturday.

Mr. and Mrs. Earl Peterson and children were in Reed, Okla. over the weekend. They met their daughter and husband, Mr. and Mrs. John Vaughan from Tulsa, there and visited with his family.

Mr. and Mrs. Jimmy Ivy were in Amarillo on Sunday.

Mr. and Mrs. Buck Crim and Doyle spent the weekend in Snyder with Mr. and Mrs. Robert Waggoner.

Mr. and Mrs. James Robinson were in Moody, Tex. the last of the week.

Mr. and Mrs. Max Crim of Amarillo spent the weekend with his parents, Mr. and Mrs. J. W. Crim. Max is to report to Fort Benning, Ga. on the 29th of this month to enter officers training.

Mr. and Mrs. Winn Henley of Clovis, N. M. spent the weekend with her parents, Mr. and Mrs. J. W. Crim.

Jim Gordon, student at Howard Payne College, visited his parents, Mr. and Mrs. Bert Gordon, over the weekend.

Luther Ham and Winnie Paul were home this weekend. They report that Mrs. Ham is slowly improving. She is still confined to the hospital at Coleman.

Lazbuddie Club Postpones Meet

Lazbuddie Study Club reunion and luncheon has been postponed from November 23 to November 30.

If reservations have not been made, those planning to attend should make them as soon as possible by notifying Mrs. Finis Jennings, Rt. 1 Muleshoe.

Has Bible Study

Pauline Cammack circle of the W. M. U. met on Monday afternoon in the home of Mrs. Frank Spittlar for Bible study. Chapter

HERE'S HOW...

MAKE A FOLDING CAR BED

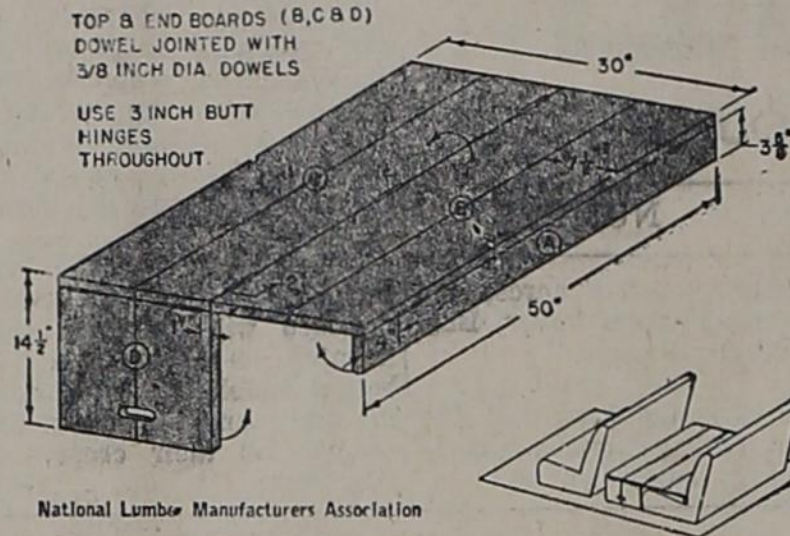

A useful accessory for the family car is a portable car bed. It can be folded for storage when not in use.

The top is two pairs of boards jointed together with dowel rods and hinged at the center. Cut the boards as shown. Use a miter box to square the ends. Clamp the individual pairs together so that in making the dowel holes they will be perfectly aligned. Bore holes 2 inches deep using a No. 6 auger bit. Make at least six evenly-spaced holes starting 2 1/2 inches in from each end. The dowels are cut 3 1/2 inches

long and rounded on the ends to prevent binding. Groove the dowels for a tighter joint. The sides are made of 1 by 8-inch lumber dowel-jointed together at three places; one in the center, and one 2 inches from each end. Hand holes may be made if desired.

The narrow side board is made of 1 by 4-inch lumber. The car bed is assembled with 3-inch butt hinges. All hinges are recessed.

Round all sharp edges and sand smooth; paint or stain and varnish. A pad or mattress completes the project.

two of the book "Great Prayers of the Bible" was studied with Mrs. L. B. Hambricht in charge. After the study, refreshments were served to the following: Mesdames A. E. Redwine, Juel Treider, Abe Mallow, W. R. Broadhurst, Bert Gordon, Hambricht, Carrie Withrow, F. W. Greene, and the hostess, Mrs. Frank Spittlar.

Mr. and Mrs. Doug Horsley and children spent the weekend in Las Vegas, N. M., visiting relatives.

home of Mr. and Mrs. Raymond Schueler and family were Mr. and Mrs. Robert Schueler, Mr. and Mrs. Herman Schueler, Mr. and Mrs. Norbert Schueler, Mr. and Mrs. George Schueler, and Mrs. Lara Bieberick.

CARD OF THANKS

We would like to take this means of thanking our many friends and neighbors for their kindness and thoughtfulness during the sickness and death of our beloved mother and sister. Thanks for the lovely flowers and nice food. Our special thanks to Rev. Morgan for standing by us in our hour of need.

Texico Journalism Group Makes Plans For Tech J-Day

Texico journalism entries were mailed last week for the Texas Tech Journalism Day to be held in Lubbock, Saturday, November 17. These entries will be judged with those of about 35 other schools from the Plains areas of Texas and New Mexico.

Three issues of "The Wolverines' Tale" were sent along with one story, judged best in each of the following divisions: news story, feature, editorial, column and sports story.

Those planning to attend from Texico along with their sponsor, Mrs. Jimmy Allman, are Weldon Bell, Barbara Caldwell, Carolyn Curd, Melba Doshier, Joyce Gillean, Susan Levins, Betty Pendergrass, Glenda Richardson, Verlene Thigpen, Oneita Autrey, Mikala Faville, Audrey Hapke and Anita Watts.

The program will include, "A Student Session on Going to College", demonstrations on photography and mimeographing, and a

round table discussion on "Problems of the High School Newspaper."

Carolyn Curd will represent the Texico group to serve on the panel for the roundtable discussion.

BUILDING PERMITS

Building permits issued last week include one to J. E. Hardage for the construction of an office building, Roberson Addition, Block 3, corner A and 14th Sts.

Another permit was issued to Dr. Mary Leone McNeff for the construction of a carport at her residence on 1st St.

Return From Hunt

Herschel Girod, Robert Knight and Gerald Curtis returned Tuesday, November 6, from Garden City, Kans., where they enjoyed pheasant hunting. All three of the hunters brought back their limit.

inspect for safety!

DO THESE YOURSELF:

- Use approved metal connectors for your gas appliances — don't use old fashioned rubber hoses.
- Do not burn any fuel in an air-tight room — you need fresh air and so does your heating equipment.
- Use your kitchen range for cooking — not for heating.
- Keep curtains, bedding and clothes away from room heaters.
- Do not allow children to play near open-face heaters.

Natural gas is safest and best — is YOUR gas equipment ready for winter?

Before really cold weather arrives, have a licensed plumber, heating contractor or your gas company inspect and adjust your heating equipment, as well as check flues and vent pipes to be sure they are not stopped up or broken.

Sponsored in the interest of home safety by

Southern Union Gas Company

WE KNEW YOU'D LIKE IT!

It was wonderful for you to come see us last week when we offered the beautiful new 1957 Buick for its first public showing.

From the way you talked, you love the graceful lines and the engineering just like we knew you would!

It's easier than you think to own this fine car. Why not come by for a demonstration, if you haven't had one already?

« Parmer County Farm and Home »

History's Longest, Smoothest Harvest In Final Stages

The longest, smoothest harvest of Parmer County's No. 1 cash crop—grain sorghum—is moving into its final stages this week, as combines rumble and trucks roar.

Except for one brief flurry two weeks ago which brought from one half to one inch of rain at most points, the weather has been letter perfect all during the harvest season.

This is in strong contrast to many years, and last year, especially, when rains and drizzly weather in September, plus an early freeze combined to deal farmers misery as they tried to gather their crops.

Harvest weather then, has been ideal, but looking at the overall picture, it would not be accurate to say that weather has been ideal for the entire growing season.

If the Parmer County area was not dotted with over 3,000 productive irrigation wells, this would have been a grim season for farmer and merchant alike. That can be proved by viewing conditions a few score miles in almost any direction, where unfortunate farmers and communities are just barely able to "hang on" because of the drought.

For the sixth straight year, rainfall was below normal this year. If pre-irrigation of the crop had not been possible, then doubtless few acres would have been planted, and none harvested.

The small amount of dryland under cultivation in Parmer County shows conclusively what would have happened. One experiment on a good dryland farm in the Oklahoma Lane area brought home the truth.

In that case, a demonstration had

been planned to compare the new hybrid sorghum varieties to older types grown. When harvest time rolled around, there wasn't much to compare. The crops didn't make.

But, because of irrigation, most of the area sorghum crop drank deeply of life-giving water four or five times this season, and produced bountifully.

An across-the-board irrigated yield would probably average 3500 pounds in Parmer County this year. That would be up from 400 to 500 pounds over last year's figure.

Some yields topped the 6000-pound mark, and a few tipped the beam at over 7000—but these were all small, intensively-farmed plots that farmers used for testing purposes more than anything else.

In the main, the heavy soils to the north and east produced about 4000-pound yields, and the lighter soils to the south and west made about 3000 pounds per acre.

With about 220,000 acres of grain sorghums under irrigation in Parmer County, the total yield will be somewhere around 14,000,000 bushels. However, this is only an "educated guess," because of an unusual condition.

This year, outside demand for grain sorghums pushed the market above the loan, and in many instances, farmers held back grain from the elevators and storage where it was possible for them to do so.

No figure is available on how much grain is being kept on the farm this year, but it is certain to break all previous records.

In ancient times, the Pyramids of Egypt were used as tombs of the rulers.

4-H Club News

Bovina 4-H Club News
Reporter, Gary Stevenson

Bovina 4-H Club met Thursday, October 25, at the school. The meeting was called to order by president, Dickie Clayton. The minutes of last meeting were read by Ken Horn, secretary. Minutes were approved. Ronnie Sudderth, pledge leader, led the club in the 4-H pledge. The meeting was then turned over to Joe Jones, county agent. We discussed our record books and Mr. Jones showed us some records that had been turned in. We filled out enrollment cards and talked about our projects for the year. We discussed the projects that would be best suited for this part of the county.

Farwell Senior 4-H Club News
Dickie Geris, Reporter

Farwell Senior 4-H Club met Wednesday, October 24, at the school. There were 25 members present at this meeting. Bill Owens, president, called the meeting to order. Tommy Barker, pledge leader, led the club in the 4-H pledge. Jerry Lovelace, secretary, read the minutes of our last meeting. Minutes were discussed and approved. The meeting was then turned over to Joe Jones, county agent, and he passed out enrollment cards for us to fill out. We then discussed projects for the coming year and Mr. Jones showed us some record books that had been turned in to his office to be judged.

Friona Senior 4-H News
Pete Carter, Reporter

Friona Senior 4-H Club met at school on Tuesday, October 23. President Laverne Mabry presided over the meeting. The minutes of last meeting were read by secretary Jimmy Sheek. Maynard Greeson, pledge leader, led the 4-H club pledge. The meeting was then turned over to Mr. Joe Jones, county agent. We filled out enrollment cards and then discussed our projects for the year. Some of the boys told what their projects were and whether they were good or not. Mr. Jones showed us record books that were completed and we discussed keeping records on projects.

Lazbuddie Senior 4-H Club News

Lazbuddie Senior 4-H Club met in regular session at the school on Tuesday, October 23. Odis Bradshaw, president, called the meeting to order. Cooper Young led the 4-H pledge. The meeting was then turned over to Mr. Joe Jones, county agent. He discussed how to fill out record books and told us that records should be kept on all projects. He passed out enrollment cards for us to fill out. Thirty boys enrolled in the senior club.

Hay, Feed Needs Big

During the four months period through October 31, Texas farmers and ranchers eligible under the emergency feed grain and roughage programs received assistance in the purchase of 1,443,867,646 pounds of grain and 1,347,170 tons of roughage. Walter T. McKay, FHA state director at Dallas, announced this week. There were 91,787 applications for grain assistance and 37,405 applications under the roughage program were processed during this period.

"The emergency feed grain and roughage programs are meant to help established farmers and ranchers, who are primarily engaged in farming and ranching, to maintain their basic herds of cattle, sheep and goats, if their circumstances are such that this assistance is needed," McKay says. Local FHA committees have the responsibility to determine the eligibility of applicants and to approve the amount of feed each may purchase under the program.

In Texas, 233 counties are designated under the emergency feed grain and roughage programs. In these counties, eligible applicants are helped in buying corn, oats, barley and grain sorghums, or approved feed mixtures containing either 60 or 75 percent of these grains through a government subsidy of \$1.50 per hundred weight. The government bears the full amount of this subsidy. In addition to the emergency feed grain assistance, eligible applicants are helped to buy hay or other approved roughage to maintain their basic herds. Under this program applicants receive a subsidy of \$7.50 per ton of roughage bought.

Regulations that guide FHA county committees in the review of applications provide that applicants will not be certified if they are financially able to obtain the necessary feed for their basic herds without difficulty and can continue their normal farming and livestock operations. It is not expected that applicants will exhaust their total resources, including credit, before they can be certified for this assistance, McKay advised.

"However," McKay added, "the fact that the purchase of feed at regular prices may not be profitable to the applicant is not sufficient to qualify him for assistance. It must be determined in every instance that an applicant is primarily engaged in farming or ranching and that this is his main source of income. A nominal portion of his income from other sources would not necessarily disqualify the applicant.

The overriding factor in determining the eligibility of any applicant is his financial ability to obtain the feed necessary to maintain his basic herds and continue his normal operations. Any applicant whose financial circumstances are such that he can provide necessary feed for his basic herds and carry on his operations without serious difficulty is not eligible for this assistance."

Under the present designation applications may be filed through December 3, for a supply of feed grain and roughage to carry basic livestock herds through December 31.

STRIPPERS ROLL—Mechanization has entered area cotton fields in the past few days. This was the scene on the James Mabry farm at the Hub this week, where Mabry, seated on the tractor, says he is making a bale and a half per acre in this field. The cotton had not been hand pulled once, as is the case with many area farms.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Parmer County Farm Bureau was notified that it is entitled to seven, instead of six voting delegates to the State Convention. So those going as delegates this week are: Gilbert Kaltwasser, Walter Schueler, Harry Hamilton, Jack Patterson, M. T. Glasscock, Roy V. Miller and Mrs. Roy V. Miller. This is the same number of delegates Parmer County had last year. Also going to attend the convention are Mrs. Gilbert Kaltwasser, Mrs. Walter Schueler, A. J. Ellison and Raymond Euler.

Your Farm Bureau Directors voted at their last meeting to provide the service of accepting cotton for the loan and/or placing in

B. R. PUTMAN

OPTOMETRIST

Box 985

Muleshoe, Texas

the pool of Plains Cotton Cooperative Association. Through the pool, which is a non-profit association, farmers usually receive a premium on their cotton because of the reclassing service provided, coupled with direct sales to the cotton mills.

American Farm Bureau was successful in obtaining release of thirty "moth ball" ships for shipment of agricultural commodities to foreign countries under Public Law 480. Several months of deliberation and public hearing preceded the release. Coal companies had obtained similar releases for shipping coal previously. Farm Bureau presented the need for facilities to deliver surplus commodities produced by farmers and finally succeeded in their efforts.

Your directors turned out one hundred per cent in the regular meeting last week. Franklin Bauer, chairman of Rhea Farm Bureau attended as a guest, and Mr. Dan Davis of Plains Cotton Cooperative Association was present.

Consider this: Surely the churning of milk bringeth forth butter, and the wringing of the nose bringeth forth blood: so the forcing of wrath bringeth forth strife. Proverbs 30:33

The Parmer County Implement Co. News

"The Place Where Most People Trade"

Wednesday, November 14, 1956

Douglas Connelly and his wife spent last week at Corpus Christi where he attended a Baptist convention and ate fish. Douglas says there are a lot less fish in Corpus than when the Baptist folks got there and we don't think he meant that they caught lots of fish the Douglas did get a ribbon fish which was 3 feet long and weighed almost a pound and wasn't edible. Other Friona folks in Corpus were Rev. and Mrs. Fields and Mr. and Mrs. Curtis Murphee.

For sale—One 1953 super MD tractor with equipment, looks good, runs good, and we guarantee this to be a good buy.

The Dan Ethridges were so very happy to have company at their house Sunday. Major and Mrs. John C. Mack from New York visited here on their way to Hawaii where the Major expects to be stationed awhile. The Macks and the Ethridges served two army hitches together and were stationed in Connecticut. Dan and the Major were also overseas together.

When you turn your tractor loose on a guide why not put a Parmer County Implement Company safety switch on it? Why take chances on burning up the tires, or the tractor 100 even ruining your neighbor's fence? Come by and we will show you how these switches work. When the tractor stalls, the switch will shut it off and it is an inexpensive guard.

A farmer who was a deacon was out possum hunting with two neighbors. Suddenly, he remembered it was prayer meeting time and he explained, "Here it is Wednesday night, and I'm supposed to be in church to make a talk and I just this minute thought of it." Then paused and then continued, "But on second thought, I can't go, anyway, my wife's sick."

Mr. and Mrs. Bobbie Blackwell and small son, Jerry, are visiting here with her parents, the J. T. Guinns. Mrs. Blackwell, Dorothy Nell, is showing off her son to Friona friends. Dorothy Nell and Bobbie are both former Friona folks and are living in Houston now where Bobbie works with the Humble Oil Company. They will leave Thursday for a vacation in the east.

A ride in the new 1957 Olds will prove to you that it is the "dream" car for you. It is new in looks, in performance. See it and drive it. On display at the Parmer County Implement Company now.

The Roy Clements have a couple of Holstein cows that are lost-strayed-or stolen, but Mrs. Clements says "good thing cows are so cheap, we haven't lost much." Guess every cloud has a silver lining.

We have some good used breaking plows for sale.

We have a few stalk shredders. Better get one for your farm—stalks rot quicker and land works easier after a stalk shredder.

Mr. Gil Lamb from Muleshoe was guest speaker for the MYF at the Methodist Church Sunday evening. Mr. Lamb, who is a member of Alcoholics Anonymous, talked to the MYF members and their guests, the Baptist young people, on present day evils of alcohol.

One of Mr. Lawrence Lillard's favorite jokes is about the little boy who was in the first grade. He went to school quite happily for about a month and then he told his mother he wasn't going any more. His mother, very worried asked him "Why?" "Well," said the six year old, "I can't read, I can't write, and I can't spell, and that teacher won't let me talk."

Anti Freeze is a necessity in our part of the country. If you haven't bought as much as you will need this winter better get it soon. Our prices are the best.

Mr. Bill Elliott, who farms in the Hub community, has one of the 400 Farmall tractors with an I. H. reversible disc plow. Call 2091 and we will bring one of these tractors to your farm for a demonstration. You will be surprised at what it can do on your farm.

Construction has started on the new home of Mr. and Mrs. Mike Pavalus. It is just west of Jimmy Baxter's home in the Lakeside Addition.

Our parts department is one of the best equipped in the Panhandle of Texas. Why not let us help with your repair problems?

Newest innovation at the Parmer County Community Hospital is background music in the waiting rooms. Dr. Shackelford bought a record player and some long playing records for his office and has "piped" the music to the other waiting rooms. Dr. Shackelford said that his previous office had been so close to a constant stream of traffic he couldn't get accustomed to the quiet in the new dentist office. Surely is nice for everyone waiting.

Oldsmobile's sensational new Rocket 400 engine offers livelier than ever performance when you need it, with good fuel economy when you want it. Why not try one of the beautiful new Olds?

Beverly Baxter celebrated her sixth birthday Thursday. She had a party, gifts, cake, ice cream and cocoa. Attending were Linda Carson, Jan Welch, Kathy Horton, Lark Jarrell, Melissa Pruet, Roger and Deloris Baxter, and Donna Shackelford.

THE HAPPY HOMEMAKER

If you want to try something which will be new and different for the children, try making caramel apples. Mrs. O. J. Beene made some for tricks or treats Halloween that were very good. Making them is very simple, according to Mrs. Beene's report.

Add two tablespoons of water to a package of caramel candy and melt over hot fire. Leave over fire until candy is thoroughly melted and there are no lumps. Then dip apples into mixture until they are coated. Sounds simple enough, doesn't it?

In one of Ruth Millet's recent columns she gave some good advice to most homemakers we know. Most of it was advice we had had given to us before but had never paid much attention to. One of the suggestions which she made was, "Don't do things for your children which they can and should do for themselves?"

The central idea behind this particular column was for homemakers to look around them to determine why they were always out of time and behind schedule. Another idea she expressed, which exactly fits us, was that of doing too many things that "should really take only a minute," but generally take much longer than that.

There must be some way for homemakers to make more efficient use of their time, but, so far, we haven't found it. If you have, why not let the rest of us in on your secret formula? Most of us need it badly.

With Thanksgiving and Christ-

mas just around the corner, there is a plentiful supply of cranberries in every grocery store. You may be one of those people who think there is no better way to serve cranberries than in sauce. We are inclined to agree with you, but if you like to experiment, try this: **No-Cook Cranberry-Orange Relish**

Grind one pound fresh cranberries and two medium oranges which have been quartered and seeded, but not peeled. Add two cups of sugar, mix well and store in refrigerator several hours before serving so that flavors will mingle.

If you prepare your husband's income tax report, be sure that all records are in order and the actual preparation will not be such a hard task. The better records you have kept during the year, the easier your job of making the return will be.

Farmers Union Plans Membership Drive Kick-Off

The Tuesday, November 20, meeting of the Farmer's Union, which will be held in the school cafeteria at Friona at 8 p.m. will be the kickoff for the 1957 membership drive, according to W. L. (Preach) Edelman, president.

All farmers in the county are invited to attend by Edelman, who further states that everyone registering will be eligible for the door prizes, which will be five dressed turkeys.

Two members of the state board of directors, L'Dean Butler of Tulia, and Vernon Tirey of Textline, will be present for this meeting. "Both of these men are young aggressive farmers who are interested in the problems of all area farmers," Edelman says.

New officers will be elected and delegates to the state convention at Abilene December 7 and 8 will be chosen. Refreshments will be served.

THE PARMER FARMER

Southwestern farmers, who seem always to have had an inherent fear of Republicans in congress, needn't take last Tuesday's election with any qualms. Democrats appear certain to rule the roost both in the upper and lower chambers of our national government when the gavels bang down after the first of the year, signifying another season of law-making. The legislature—not the administration—decides what the farm program shall be like.

Incidentally, it might be pointed out that the last session of congress, which went along with most of the Republican administration's requests, didn't exactly turn their backs on agriculture. They voted over \$3 billion in subsidies and aids to help farmers expand markets at home and abroad.

Whether this was a sheer political maneuver we will let you decide but the fact remains that chances look good for reducing farm surpluses next year. And, that would be the first time since 1951

that we haven't grown more than we could use or sell.

Some commodities, however, are in hot water and will continue to be that way for several years unless something really drastic turns up. The soil bank isn't going to cut production enough to bring the picture into balance right away.

On feed grains, we pretty well know the situation by now. The Texas irrigated Plains was about the only major producing area in the country that raised any feed this year. Local prices, which have been above the loan right through harvest, have been a direct result of this situation.

USDA lists its CCC feed grain (not corn) stocks at 202 million bushels. How much of this will come out of storage no one seems to know, but the demand appears to be good.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The Soil Conservation Service, working through soil conservation districts all over the country, has developed a simple procedure for planting grasses under dryland conditions in the Southwest that has proven very successful. Of course, there are failures regardless of the system used, but these failures will be at a minimum if the system outlined here is followed.

Drill sudan or one of the sorghums in the last half of July. This is to serve as a cover crop and is planted late so that it won't make a seed crop. Don't graze, plow, harrow, or do anything to this cover.

The following spring, not later than April 15, using a grass drill made for the purpose, plant a grass or mixture of grasses suited to the conditions we have here. There's no way to prescribe the best grass or mixture without knowing exactly what kind of soil it will be planted in.

The SCS, as in past years, is glad to furnish whatever help it can in selecting grasses, to co-operators of the soil conservation district. The native grasses such as blue grama, sideoats grama and buffalo grass for the most part will be used.

However, such grasses as weeping lovegrass or blue panic grass will be all right for some conditions. When you get beyond these, you are experimenting and are more apt to have failures. The dead cover of sudan or sorghum will furnish protection for the small grass plants without competing with them for moisture.

If mowings are not given, we will see some wonderful tumble weed patches. After two years the grass, with reasonable conditions, should be far enough along to pretty well take care of the weeds.

Mowing is important the first year and will help the second.

Texico FFA Boys Purchase Oklahoma Hogs and Calves

Tom Hudson, Texico FFA instructor, accompanied by J. C. Kelley and John Hadley, made a trip to Oklahoma this past Tuesday for the purpose of purchasing show hogs and calves.

Nineteen barrows, including Poland Chinas, Chester Whites and Hampshires, were purchased by the group to be shown at the Southwestern Livestock Show at El Paso in February.

In addition to this 19, the boys will have as many of their own barrows to show in El Paso.

Those buying the barrows were the Kelley brothers, Teddy Roth and Dwayne Winkles.

"This is the best set of barrows the boys have ever had," stated Hudson.

While in Oklahoma, they located some breeding hogs which they will get later.

J. C. Kelley has also purchased a Shorthorn calf which he is feeding for the State Fair along with two Hereford calves which he bought from Alvis Clark of Texico.

Raymond Hadley was also a purchaser of a Shorthorn calf which he is feeding for the State Fair.

Teddy Roth and Raymond Hadley will be making another trip to Oklahoma soon to purchase some of the best Hampshire Gilts in the State of Oklahoma.

Nathan Tharp has purchased five Duroc sows and litters to add to his breeding herd. The pigs are

Warren G. Harding Accepts New Post

Warren G. Harding, son of Mr. and Mrs. N. R. Harding, and assistant registrar at Texas Tech in Lubbock for the past seven years, recently accepted the position of assistant to the director of the University of Texas Medical Branch.

Harding went to Tech in 1949 and was a part time instructor in mathematics. He had a BA degree from Eastern New Mexico University and an MA degree from Texas Tech.

Harding had been sponsor of Tech veteran affairs for the past five years.

Mrs. Harding is the former Dorothy Paul of Texico. The Hardings and their four children plan to live at Hitchcock which is on the mainland across from Galveston Island.

ATTENDS FUNERAL

E. G. Williams returned to his home Sunday night from Oklahoma where he had been to attend the funeral of his sister, Mrs. D. S. Mundell, who died in Duncan, Okla., last Thursday. Burial was Saturday in Marlowe.

of the \$250 Duroc boar which the school bought last spring. Some of the gilts and boars will be sold in the Lubbock Duroc Breeders sale in February.

Another FFA student, Dwayne Winkles, has purchased a top Poland bred gilt which was a second place winner in its class at the New Mexico State Fair. He will get it in about two weeks.

Jerry Reid is also planning to sell a bred gilt in the Lubbock sale as well as the Kelley brothers.

Mrs. Cora Vaughn Is Buried Monday

Mrs. Cora B. Vaughn, mother of Mrs. Lela Stockton of Texico, was buried Monday afternoon at Mission Garden of Memories in Clovis.

Mrs. Vaughn, 78, died at the Clovis hospital Saturday after having been a patient there for the most part of the past 10 months.

A resident of Curry County since 1908, Mrs. Vaughn was born in Wingo, Kentucky, in 1887. In 1897 she was married and 11 years later, she and her husband moved to Hollene community in New Mexico. Eight of her nine children are living. One son, Artie, preceded her in death in 1945. Her husband, the late Tom Vaughn, died in 1954.

Survivors include four sons, Chester of Clarendon, Bryan and Hollie of Rosedale, N. M., and Roy of Hereford; four daughters, Mrs. Ruby Foster, Mrs. Robbie Lee Thompkins and Mrs. Pauline Lofton, all of Rosedale, N. M., and Mrs. Lela Stockton of Texico; also 24 grandchildren and 26 great-grandchildren.

FARWELL BAPTIST NEWS

Rev. E. J. Keith, Pastor

Sunday School attendance for November 11 was 157. Seventy-six persons were present for training union on Sunday evening.

Rev. and Mrs. Keith returned Friday from Corpus Christi where they had attended the General Baptist Convention all last week.

On Wednesday, November 21, the District 9 Women's Missionary Union annual meeting will be held in Levelland. It is hoped that a good representation from the local church will attend.

A Royal Service program was observed by the WMU at the regular weekly meeting of the group Monday morning. Good attendance was reported.

Christopher Columbus is buried in the cathedral of Seville, Spain.

China's Great Wall was built in the third century, B. C.

NEW MARBLEIZED FINISH

Table top given marbleized finish with new spray-on paint is a new do-it-yourself idea.

Striped Paint Next?

NEW YORK—They still joke about polka dot paint or striped paint, but they may soon be a reality. A major step in this direction is the new spray-on paint that results in a marbleized finish.

The new spray paint called Vari-Krom is made up of hundreds of varied globules compounded by a patented formula

into one synchronized coat of paint. All the colors are in one container. Just spray on and out comes a marbleized texture that is tile-tough, washable and mar-resistant.

This new paint is ideal for use in interiors and on furniture. No sanding or removing of the old finish is necessary. It can be sprayed on with the paint sprayer attachment to a vacuum cleaner or with a regular spray gun.

West Texas State Plans Homecoming

CANYON, (Special) — West Texas State chefs will have more than 6,000 mouths to feed if everyone expected for the annual Homecoming celebration shows up. The Homecoming barbecue crew, anyway, has ordered enough beef to satisfy that number, which would set a new record attendance for WT's big day.

Final preparations are underway here for next Saturday (Nov. 17), when the college's ex-students are honored. More than 5,500 of them returned to visit last year, and the number has increased steadily each year.

Special honors this year will go to the Class of 1931, which will observe its 25th anniversary. On Friday, class members will have a get-together at the home of Dr. R. P. Jarrett, and will have a reunion meeting Saturday morning.

Highlights on Homecoming include registration at 8 a.m., the

usual parade in downtown Canyon at 10:30, the famed WT barbecue at noon, a football game between the Buffaloes and Texas Western at 2 p.m., club teas, parties and smokers at 4:30, and the Homecoming dance at 8 p.m., concluding the day's activities.

Tickets for the barbecue will be sold at 50 cents each this year, marking the first time a charge has been made for the meal.

Western Week, when students and faculty wear cowboy garb preceding Homecoming, will start Thursday morning, and offenders for the rule of wear will be dunked in a horseshank placed in a strategic point on the campus.

Events slated before Homecoming Day are a western dance Wednesday, a three-night run of a play in the Branding Iron Theatre, the traditional Homecoming assembly Thursday morning, and a bonfire and pep rally Friday night.

The play, which opens Wednesday at 8:15 p.m., is a comedy, "Mister Angel," and is directed by William A. Moore.

CARD OF THANKS

I would like to say "thank you" to my many friends who sent me all the lovely flowers and cards and letters. Also to those who visited me while I was in in Northwest Texas Hospital with a broken leg. I am home now and am feeling better each day. Thanks again.

Children Visit In Kersey Home

Visiting recently in the home of Mr. and Mrs. Tommy Kersey were their children, Mrs. Naomi Doak of Baldwin Park, Calif., Mr. and Mrs. Forrest Kersey and family of Hobbs, N. M., Mrs. Virginia Bennett of Covina, Calif., Mrs. Greta Thomas of Bethany, Okla., Alvoy Kersey of Garfield, N. M., and Troy Kersey of Albuquerque.

The Kersey children came to visit their father who recently suffered a broken leg in a farm accident. His condition is reported to be good at the present time.

Visit Carpenters Thursday Night

Visiting Thursday night, November 8, in the home of Mr. and Mrs. Harold Carpenter and Donnie were Mr. and Mrs. Clarence Barber and daughter, Carolyn, of Yakima, Wash. Also visiting with the Barbers at the Carpenter home were Mr. and Mrs. E. H. Meeks and Mr. and Mrs. D. W. Carpenter.

The Barbers had just returned from Tipton, Okla., where they had been to visit her father, W. A. Doshier, who has not been well, but the Barbers report that his condition is some improved.

BREAKS THUMB

M. D. Lovvorn broke the thumb of his left hand while working on a cotton stripper Monday, November 5, at the Leon Billingsley farm. After receiving treatment at Parmer County Community Hospital in Friona, Lovvorn was sent to Amarillo to consult a specialist.

METHODIST CHURCH NEWS

Members of the Oklahoma Lane WSCS were hostesses to the Plainview District WSCS for an all day meeting Thursday, November 8. One hundred and thirty-one women were present to enjoy the program on "Spirit of Christ for All of

New Nylon Glides Protect Floors

The same nylon that is used for milady's sheer stockings is now being used to protect her floors from being marked and scarred from the weight of heavy beds, especially when they have to be moved for cleaning. A frosted foam-white nylon dome is used as a base of a new glide which makes it easy to slide a bed across any hardwood, tile or linoleum floor without fear of marking. In addition, this new glide prevents the bed from rolling around as beds with casters so often do.

The nylon, which is chip-proof, crack-proof and guaranteed not to discolor, is encased in a smart brass, rust and corrosion resistant fitting. Harvard metal bed frames are now equipped with this latest housekeeping convenience and can be seen at furniture and department stores.

Life." Mrs. H. W. Barnett of Aiken was the guest speaker.

Attendance for the Sunday School on November 11 was 107. Special music for the evening service was presented by Mr. and Mrs. Myron Hillock, Mrs. Tom Lindop, and Mr. McDorman.

Naomi Circle of the WSCS met

at the church Monday afternoon for a continuation of the study on Southeast Asia. Mrs. V. E. Willard directed the study and Mrs. R. E. Blankenship and Mrs. Melvin Suderth sang "Breathe on Me."

The meditation was given by Mrs. T. L. Kent who used John 5:11-15 for her guide.

Others present for the meeting were Mrs. Sam Billingsley, Mrs.

W. P. Shelley, Mrs. C. C. Christian, and Mrs. Legg.

Both circles of the WSCS met in a joint meeting Monday night, November 5, at the church. The program was opened with a song and then Mrs. W. P. Shelley directed the study of the United Nations and a study of the amendments which were voted on in the general election last Tuesday.

After the group sang "Battle Hymn of the Republic," Mrs. T. L. Kent gave the devotional.

Members of the Naomi Circle then served cookies and pops to Mesdames Melvin Suderth, Sam Billingsley, R. E. Blankenship, Claude Primrose, Robert Rundell, Donald Christian, Fred Bolton, Wayne Foster, M. G. Rundell, Vernon C. Willard, Troy Christian, and Mr. and Mrs. C. C. Christian, Mr. and Mrs. W. P. Shelley, Mr. and Mrs. Lee Jones, and Rev. and Mrs. Vernon E. Willard.

BAPTIST CHURCH NEWS

Both circles of the WMU met at the church on Monday, November 12, for a Royal Service program under the direction of Mrs. Wayne Hardage who presented a devotional. Those participating on the program were Mesdames Walter Verner, Claude Watkins, Lacy Hardage, Charles Hukill, Howard Garner, J. M. Pruitt, Irving Looney, and Wayne Hardage.

Special music was presented by Mrs. Wayne Hardage and her mother, Mrs. Norwood, who was visiting from Y-L.

Mrs. Howard Garner met with the junior Girls' Auxiliary for a missionary program on Monday, November 12, at the church.

Present were Gloria Hillock, Dorris Donaldson, Brenda Mason, Lois Looney, Coretta Watkins and Jolene Donaldson.

The Sunbeam Band met with Mrs. J. M. Pruitt and Mrs. Walter Verner at the church on Monday afternoon. Attending were Melissa Pruitt, Jan Mason and Shelia Garner.

Members of the Royal Ambassa-

dors and their counselor, Harold Carpenter, held their regular meeting at the church on Monday. Present for the afternoon's study were Hugo, Jose and Marreo Espinosa, Mike Nelson, Jimmy and Gary Mac Brown and Stephen Hillock.

Sunday School attendance on November 11 was 97. Sixty-seven were present for training union.

Rev. and Mrs. Irving Looney and Mr. and Mrs. Walter Verner returned home Saturday from the Baptist state convention at Corpus Christi. At the evening worship service, the group reported on the convention. Mrs. Verner reported on the WMU session of the convention and Mrs. Looney reported on the missionaries. Verner gave

the Brotherhood report. Mrs. Looney presented special music for the service as she sang "Jesus Calls Us."

Mr. and Mrs. Sam Billingsley visited from Wednesday through Sunday with Bob Billingsley who is ill, in Estelline.

Sunday dinner guests in the home of Mr. and Mrs. Charles Hukill on November 11 were Mr. and Mrs. Howard Garner, Mrs. Bryan Blevins, and Mr. and Mrs. Harold Carpenter.

Valhalla, in Norse mythology, was the heaven of heroes.

Cairo, Egypt is called the "Mother of the World."

The Most Sweeping Change OF ALL!

In NEW YORK—People going places are going Pontiac!

Pontiac Has It— in the Surprise Package of '57

Like surprises? You've got one coming in Pontiac for '57! It's completely new . . . from power to personality . . . so advanced it's handed the industry a whole fresh set of styling and engineering ideas!

Here's where you'll find all the big-time changes in looks, ride, handling, performance. There's an exciting new expression of vigor, alertness and luxury in styling. There's a new ease and confidence at the wheel as you pilot the greatest V-8 ever developed—a power plant that tops even last year's Strato-Streak which set 50 world records and bested all eights in miles per gallon!

And to prove it all, every feature of this great car has been perfected in the world's most exhausting road test—the 100,000-Mile Marathon Run!

No wonder they're calling this '57 Pontiac the Surprise Package of the Year! Come in and look it over. Drive it. You'll know in a single mile that you're driving America's No. 1 Road Car!

OVER 6 DOZEN "FIRSTS" INCLUDING . . .

Star Flight Body Design—a Pontiac Exclusive—longer and lower than ever before—'57's most distinctive styling.

New Interior Styling—the "Off-the-Shoulder" Look—a fashion "first" for '57—perfectly color-matched with the exterior.

New Strato-Streak V-8 Engine—270 h.p. in Star Chief and Super Chief, 252 h.p. in the Chieftain when teamed with Strato-Flight Hydra-Matic, an extra-cost option.

Cloud-Soft Level-Line Ride—the ride sensation of the year—a new suspension system based on a big, road-hugging 124- or 122-inch wheelbase.

3 Popular-Priced Series—Star Chief—Super Chief—Chieftain
