

BRITISH BRIDE—Mrs. Walter Kaltwasser, 24, and her 11-months-old daughter, Patricia Ann (Pat), who arrived here last Friday and will make their home at the J. A. Kaltwasser farm, ten miles southeast of Farwell.

Farwell's First English Bride and Baby Arrive Here Past Friday

Sunday afternoon, sitting at the laden dinner table of roast beef, potatoes, hot rolls, jams and jellies, topped off with peaches and cream, found Mrs. Walter Kaltwasser in a much better mood than when she first landed in New York late in the afternoon of February 17, where she had expected to find her American husband waiting to greet her at the pier.

Through a misunderstanding in transmittal of the cablegram, Farwell's first English bride from World War II was keenly disappointed when her husband, Walter Kaltwasser of near Farwell, failed to meet her as per their pre-arranged plans. "And there I was, 3000 miles from home, with an 11-months-old baby in my arms, in the world's largest city—and no one to meet me."

Mrs. Kaltwasser before her marriage on March 11, 1944, was Miss Gladys Grover, daughter of Almar Grover of Tottenham, a suburb of London.

She explained that she had instructed the Red Cross to cable her husband that she would arrive on The Vulcamia, which would dock in New York on February 17. Instead, her husband was advised that his wife would arrive on The Bridgeport. Accordingly, Walter took off for New York, only to be informed when he arrived in the city that The Bridgeport was not due to arrive until February 26!

Unable to find lodging in New York, Kaltwasser left that city for Pittsburgh, where he had hoped to find an old army buddy and spend the interim before returning to New York. This plan fell through when he failed to contact his buddy, and he returned to his home in Farwell.

Chews Her Nails

"What did you do when your husband failed to meet you?" the English bride was asked. "All I could do was chew my nails—and wonder," she answered. Recalling that it was announced that the first 125 wives whose husbands were on the pier awaiting their arrival would be the first to disembark, Mrs. Kaltwasser said that she had the baby dressed, all her clothes packed and was ready to be among the first to walk down the gang plank. "I was keenly disappointed when my name

was not called among the first group and all I could do was to await my turn," she said, explaining that when the unloading process began it continued without interruption on a 24-hour schedule.

Looking back over her experiences, it was discovered that Kaltwasser left New York on his way back home shortly before noon on February 17, and The Vulcamia docked at 7 p. m. the same day.

Recalling her voyage, Gladys said that the only inconvenience she experienced traveling was lack of proper facilities to dry and iron soiled clothing en route. Ample facilities were provided for every want, including the washing of clothes, "but we had to dry the clothes on short lines down in the boat, and there were no ironing facilities at all," she added. With a large number of babies and young children on the boat—and the shortage of clothes—the young mothers were a bit pushed to keep their youngsters spick and span.

Born Near London

Born and reared in the shadow of London, Gladys is 24 years old, a blonde, with slightly dreamy blue eyes that stare off into the distance as she carries on an interesting conversation. She met Kaltwasser on July 23, 1943, while on a train en route back to her home at Tottenham after two weeks in the country, 50 miles away, where she went on numerous occasions to help in gathering potatoes, weeding crops and pitching wheat on the wagons.

Walter, who is 26, spent 31 months overseas in the medical corps, attached to the Air Force. He was stationed at Huntingdon, England, all 31 months, and was on his first pass to London when he met his future wife. She boarded the train at Bedford, and took the only available seat—by the side of the American soldier whom she was later to follow to a Parker County farm, 10 miles southeast of Farwell.

Gladys' father died 15 years ago, and in order to help support her mother and smaller children she equipped herself for a shorthand-typist, which work she has followed in the past six years in Civil Service. The young couple were married at St. John's Baptist Church in Tottenham on March 11, 1944, and he was returned to the States on July 23, 1945, when their baby girl, Patricia Ann (Pat) was only 11 weeks old.

"I was reared a Baptist, but I am now studying to be confirmed as a member of the Lutheran Church, in order that I may be in the same church with Walter," she explained. Mrs. Kaltwasser continued to live at home with her mother following

Wind Erosion District Now Pending

Commodity Credit Calls Wheat Loans

4-H Clubbers Give Broadcast March 6

In observance of National 4-H Club Week, which begins on March 2 and continues through March 9, outstanding Parker County 4-H club boys will present a program over KICA, Clovis, at 7:30 (Texas time), next Wednesday morning, March 6th.

County Agent Lee McElroy, who will appear with the boys, said that Merrill Glen Rundell, Arlon Kriegel, George Young, C. W. Grissom and Billy Thorne will be featured on the program, with each reviewing his work of the past year on which he was given honors. Presentation of medals will also be made during the broadcast, McElroy added.

Thorne, who was the winner of the Thomas E. Wilson meat award in Parker for 1945, will discuss his calf feeding, while Kriegel will take up his demonstration on pig feeding and raising. Kriegel, who handled one of the Sears gilts in the 1945 contest, was county winner and was awarded a Jersey heifer by the Sears Foundation. He also was named as county achievement winner, and receives a medal for this honor.

Young specialized in garden work, taking county honors for his garden demonstration, and Rundell was recently named as third in a state contest in economical pig production, a follow-up of a contest sponsored a year ago by the Portland Cement Company.

Grissom took the highest award in the county this year, being a member of the Santa Fe winners to attend the National 4-H Club convention, held the last of the year in Chicago. The contest features meat production, and Grissom had worked with turkeys and hogs.

Agent McElroy added that much interest was being evidenced in club work now, with the return of various shows over the area.

Boys who are interested in the Sears contest will soon turn in essays for judging, he went on, and George Trimble, of Bovina, has announced that he will give two registered Poland-China sow pigs to Bovina club boys as project work, distributing the two at the same time the Sears pigs are given in spring. Under both of these programs, boys who receive the pigs agree to turn back to the sponsor the choice sow pig of the litter, which will in turn go to another contestant, to promulgate the work.

Levy Announces For Commissioner Job

T. E. Levy, present incumbent, has authorized The Tribune to announce his candidacy for the office of County Commissioner, Precinct No. 3, Parker County, subject to the will of the voters in the Democratic primary election in July.

In making his announcement for re-election, Levy said that he was duly grateful for the favors the voters had shown him in the past, and would appreciate any consideration shown his candidacy in the forthcoming election.

He said that due to shortages of road machinery and repair materials, it had been impossible for him to do as much road work in his precinct during the past two years as was needed, but he was hoping the badly needed items would be available in the near future, and gave assurance that he planned extensive road work when materials and equipment were again available.

FATHER GIVEN CARE OF CHILD IN DIVORCE

John Wines, only recently discharged from the Army after service overseas, was granted a divorce from his wife and custody of their four-year-old child in District Court here Tuesday, in a hearing before District Judge John Aldridge.

Judge Aldridge decreed that the child be placed in custody of the father, and that the mother be allowed "reasonable visitation" with the child. The child is to remain in the jurisdiction of the court.

Atomic Bomb Affects Egg Production

What observers believed to have been the aftereffects of the atomic bomb trial test, conducted in New Mexico some few months ago was being displayed by H. H. Petree over the past weekend.

He was showing an ordinary hen egg, whose shell ranged in color from a dark brown to an inky black, the product of one of his hens at his place in east Farwell.

Election Judges Named For County Boxes

The County Commissioners, in session here Monday, named the election judges for the eight voting boxes in Parker County, who will preside at any and all elections that may be held during the year 1946.

Besides naming the election officials, the Commissioners attended other business during the meeting, including the following.

G. A. Sohli, county auditor, was given a slight hike in his monthly salary check, which will be \$37.50 after April 1. He was formerly paid \$30 per month.

It was decided that all county and precinct officers in the county would remain on a fee and salary basis for the year 1946, at the same figure of last year.

The Road and Bridge Fund was increased \$16,000 when that amount was transferred from the Road and Bridge Auto Fund. The General Fund was also increased \$4,000 with the transfer of that amount from the Jury Fund.

Here are the election judges named in their respective precincts over the county:

- Black—Bill Edelson, Tom Barnett.
- Friona—Elroy Wilson, J. G. McFarland, Hadley Reeve, Howard Ford.
- Lakeview—Fred Barker, Mrs. Hand.
- Bovina—C. R. Elliott, Nat Reid, Ed Ross, I. W. Quickel.
- Rhea—Melvin Sachs, Oscar Baxter.
- Lazbuddy—John Gammon, George Crain, C. C. Matthews, O. York.
- Farwell—B. N. Graham, J. P. Tate, Willis Magness, John Armstrong.
- Oklahoma Lane—Sam Sires, C. C. Christian, Luther Grissom, G. H. Lindop.

Injured In Car Wreck While In California

Mr. and Mrs. Clifford Kyker, of Levelland, and Mrs. Lee Bradshaw, of Farwell, all received minor accidents, January 27th, when their automobile figured in a car and telephone smashup in Los Angeles, California, where they were visiting.

The Bradshaw automobile, driven by Kyker, suddenly swung a curve and came upon a road cluttered with another wrecked car, people, a traffic cop auto and a wrecker, with another car approaching in the one remaining lane left open for travel. The road was slick from rain, and as Kyker spun off the highway to avoid hitting pedestrians and the approaching auto, the local car hit a telephone pole, doing some damage to the Lincoln car.

Mrs. Kyker sustained the worst injury. The large tendon just below the kneecap was almost completely severed, and she will be in a cast for some time, while the injury heals. Kyker escaped with chest bruises and a rather badly cut knee while Mrs. Bradshaw sustained a broken arm and broken ribs.

Fortunately, the young son of Mrs. Bradshaw was not in the car with the party, having been left with a sister of Kyker and Mrs. Bradshaw, whom the party were visiting.

All three travelers returned to their homes, Sunday.

The Indian drink, arrack, is made from rice.

The local AAA office has been advised that Commodity Credit Corporation is calling all 1945 farm and warehouse stored wheat loans on Saturday of this week, March 2, according to John B. Martin, local administrator.

Farmers having 1945 wheat under CCC loan should contact their local elevators prior to March 1, with the view to selling the wheat and repaying the loans, Martin stated.

Wheat taken over by Commodity after March 1 will be purchased at the 1945 loan rate, plus 15c per bushel, less charges, and any equity remaining will be paid to the producer, the administrator explained.

In order that borrowers may be in a position to determine which of the two procedures is to their advantage, Martin outlined the following points for consideration:

In the case of farm-stored wheat, the purchase value will be the loan value for the grade and quality delivered, plus 15c per bushel. Charges to be deducted from the purchase value will be (a) the unpaid amount of the note, (b) interest computed on the unpaid amount at 3 percent per annum from date of disbursement to date of delivery, and (c) the amount of any indebtedness due CCC. (If the loan is liquidated by repayment, interest will be charged on the unpaid amount of the note to the date of repayment.)

On warehouse-stored wheat, the purchase value will be the loan value at point of storage for grade and quality of wheat as evidenced by warehouse receipt, plus 15c per bushel. Charges will be deducted (unless evidence of payment by the borrower certified by the warehouseman is presented to the Grain Branch Director serving the area) from the purchase value as follows: (a) the unpaid amount of the note, (b) interest computed at 3% per annum on the note from date of disbursement to date of purchase, (c) accrued unpaid warehouse charges through the storage year under uniform storage agreement, and (d) the amount of any indebtedness due the CCC.

John Armstrong Seeks Commissioner Post

The Tribune is authorized to announce John Armstrong as a candidate for County Commissioner of Precinct No. 3, Parker County.

Armstrong, who was born at Bovina 39 years ago, has been a resident of Parker County all his life except four years while attending A. & M. College at Stillwater, Okla., and a military school in Fort Worth. Until the OPA was discontinued, he served as chairman of that group, for a total of four years. Prior to that time he served eight years as a committeeman of the AAA program in this county, three years as a member and five years as the county chairman.

He has never sought public office before, and in making his announcement today said that it was in response to many solicitations he had received during the past few weeks to make the race for the office. He is well qualified for the office he seeks, and will appreciate any consideration shown him in the forthcoming Democratic primary election.

Highway Work Gets Started At Bovina

Manned by a full crew of workman, machinery began the grading and drainage work on Highway 86, from Bovina to the Castro county line, early last week.

The contract calls for grade and drainage structures for a distance of approximately 20 miles, and it is reported that about 90 working days will be required to complete the work. A separate contract for the surfacing of the roadbed will be let at a later date, it is understood.

The road is being built by the State Highway Department.

ATTENDING MEETING

Minister Ebb Randol left the first of the week for Abilene, to attend a meeting of the ministers of the Church of Christ. His mother, Mrs. T. J. Randol, accompanied him on the trip.

Final determination of a ruling by the Washington officials of the Soil Conservation Service will decide whether a Soil Conservation district can be established in Parker County under a former vote for a wind erosion district, County Agent Lee McElroy said today.

McElroy went on to explain that the establishment of a wind erosion district was voted by the farmers of this county some years ago, but nothing ever came of the movement. Recently, a drive to revive the district was instigated, but since then, a ruling has been passed whereby old wind erosion districts could not be established under the newer SCS.

Local men behind the plan asked for a clearing of the ruling from state officials, who in turn referred them to the regional SCS, and County Judge A. D. Smith is this week in receipt of a letter from Louis Merrill, regional director, advising that Washington officials would make the final determination on the county's request.

"If the old wind erosion district is not approved by Washington," McElroy explained, "and the farmers still want to see such a district in this county, the whole thing will have to be done over."

In other words, a petition will have to be circulated in the county, obtaining the names of 50 persons interested in establishing a soil conservation district. A hearing in the county will then be held by SCS, to determine the advisability of putting in such a district, and if this hearing is favorable, county farmers will have to vote favorably before the final steps may be taken to institute the service.

On the other hand, if Washington decides that the old petition passed in the county is acceptable under the new program, SCS officials will visit the county to hear the program of work outlined, and give technical assistance in the actual establishment and operation of such a program in Parker County.

"We hope, of course," McElroy said, "that Washington will approve the old plan, in order to avoid all the red tape."

English Bride, Son Coming Here Soon

Claude Dyer, local man who served with the U. S. forces in England during the recent war, has been advised that his English bride and son are soon to sail for America and will join him in their new home here.

His wife, the former Mrs. Irene Winspie of Evesham, England, whose first husband was killed in Arnhem early in 1944, has cabled Dyer that she and her son entered the reception area on February 27, from whence they will sail to New York. Dyer figures that his wife and (step) son should reach Farwell about March 15.

Her son, Leslie Charles, will be three years old next May.

Henry Curtis Books Sale For March 5

Henry Curtis, living three miles east and two miles south, has booked a public farm sale to be held at his place on Tuesday, March 5th, starting at 10:30 a. m.

Heading the list of the chattels to be offered at public auction will be a good list of farming implements, and a number of good household items. Included also will be several head of good milk cows and some hogs.

In addition to the list as published in this issue of The Tribune, Col. Dick Doshier, auctioneer, stated that seven head of tested milk cows will also be offered.

Lunch will be served by the Methodist ladies of Oklahoma Lane, and terms will be cash.

ERRORS CORRECTED

In publishing the political announcement of W. E. (Buck) McCuan last week, The Tribune gave his age as 42. It should have been 52 years.

Mr. McCuan also says that he was connected with the State Highway Department for 15 years, nine years as a maintainer operator, and six as a teamster.

Andrew Carnegie made his first money by peddling a cart full of gooseberries for a farmer in Dunfermline, Scotland.

TO OUT-OF-TOWN SUBSCRIBERS

Under new policy, a charge of 10c is made for change of address. Please include this when you notify us of such change. Otherwise, The Tribune will not be forwarded to new addresses.

LAZBUDDY NEWS

Lazbuddy Club Meets
The Lazbuddy Community Club met on Thursday, February 14, with thirteen members present. Mrs. Lavonne Hinkson was elected as new president; Mrs. Roy Donials as vice president, and Mrs. H. W. Carpenter, secretary and treasurer.
Mrs. Glenn Dunn, chairman of the cemetery committee, gave a report on the cemetery project. A large overhead tank has been delivered, and motion was made to install the tank and finish the project as rapidly as possible.
Club meetings are held every second and fourth Thursdays, and all members are urged to attend.

Entre Amis Has Ranch Party
Despite the fog and mist last Tuesday, Entre Amis had its rush party at the Ernest Allen ranch. All the ranch hands rode out in cars, dressed in cowgirl outfits, but prepared for rain.

In the large barn with dance floor and dining room combined, dancing, games and frolic were enjoyed. The long-awaited grub consisted of barbecued beef and sauce with all the trimmings, including ranch coffee. Those sponsoring were Mrs. Ernestine Kerr and Miss Katherine Cheney.

Entre Amis members honored the following as rushees: Pat Hotopp, Polly Peacock, Dorothy Rice, Sarolyn Techter, Ruth Ross, Anita Jackson, Mary Peak, Gloria McWhorter, Fran Godfrey, Martha Cookrat, Margaret Malley and Pat Jennings.

Mr. and Mrs. J. D. Carpenter and H. W. Carpenter made a business trip to Lubbock, Thursday.

Mrs. O. N. Jennings was ill with influenza for a week, but is reported to be much improved.

Mr. and Mrs. R. D. Precure were shopping in Clovis, Thursday.

The Red Cross sewing in the community has been finished and turned in to Mrs. Hastings.

Mr. and Mrs. O. N. Jennings and Mr. and Mrs. Eldon Page made a business trip to Canyon, Monday.

Mr. and Mrs. Elvie Jennings and daughter will make their home in Clovis. He is connected with the airport there.

O. N. Jennings visited last week with his daughter, Pat, who is attending TCU in Fort Worth.

Mrs. Hines, third and fourth grade teacher, will return to her duties Monday after visiting her husband in California.

Mr. and Mrs. Buford and Robert

and Mr. and Mrs. J. M. Baker and children and Mr. and Mrs. Frank Wagnon visited Mr. and Mrs. S. A. Carroll, Monday night.

Mrs. Matthews was in Lubbock, Thursday, entering a hospital for a medical checkup.

Roy Daniels is recovering after a recent operation.

Mr. and Mrs. Malcolm Gligler Heimer and daughter are visiting her parents, Mr. and Mrs. G. O. Cantrell.

Mr. and Mrs. Jim Jackson and children, Mr. and Mrs. Richard Jackson, Mr. Jackson of Olney visited in the home of Mr. and Mrs. J. D. Carpenter Sunday and Monday.

Mr. and Mrs. Ben Foster and Mr. and Mrs. Calvin Clark attended the funeral of their aunt at Newcastle, Texas, last week.

Mr. and Mrs. Olen Iv and daughter, and Mrs. Payne and Pauline Rink spent Wednesday in Lubbock. The Seniors had their pictures made Wednesday.

Mr. and Mrs. J. M. Baker and daughters, Mr. and Mrs. H. W. Carpenter and daughter visited in the home of Mr. and Mrs. R. D. Precure, Sunday afternoon.

Grade Girls, Boys To Play at Clovis

A Curry county tournament for grade boys and girls, and for second-string senior boys will be held in the Clovis junior high gymnasium this week, local coaches announce.

Trophies for first and second place winners are planned for each division of the tournaments. Referees had not been announced as The Tribune went to press Wednesday.

The girls bracket is as follows: Center vs. Field, 9 a. m., Friday; Texico, bye; Ranchvale vs. Pleasant Hill, 10 a. m., Friday; Grady, bye; Winner of the Center-Field clash is to meet Texico at 10 a. m., Saturday; and Grady will play the Ranchvale-Pleasant Hill winner at 11 Saturday. The final match comes at 7, Saturday night.

Mrs. Charles Stark, coach for the girls, announced that probable players would include Spurlin, Ingram, Curry, Williams, Boone, Allred, Arnold and Ramsey.

The "B" team bracket for senior boys puts Grady against Texico at 4 p. m. Friday; Pleasant Hill vs. Melrose, 7 p. m. Friday; Melrose vs. Ranchvale at 8 p. m. Friday; and Field plays Rosedale at 9 p. m., Friday. Winners of the first two matches will meet at 3 p. m., Saturday; while lower bracket semi-finalists play at 4 p. m. Saturday. Finals of the meet will be at 9 p. m., Saturday.

Tentative players include three Paul brothers, George, James and Jerry, two Mays, Robert and Delbert; Curtis, Curry, Doolittle, Blaine, Smart, McDonald, and possibly Pearce, on the sick list Tuesday.

The grade boys are arranged as follows: Melrose vs. Rosedale, 11 a. m., Friday; Grady vs. Center, 1 p. m., Friday; Pleasant Hill vs. Floyd, 2 p. m., Friday; and Texico vs. Ranchvale, 3 p. m., Friday. The two upper bracket winners meet at 1 p. m. Saturday; and the two lower bracket winners play at 2 p. m. Saturday. Finals come at 8 p. m., Saturday.

Grade players will likely include, Smotherman, center; Freeman and Lewis, forwards; Houghtling and Wall, guards.

All time given in the above schedule is Mountain Standard.

New Weed Killer Made Available To Public

COLUMBUS, Ohio — American homeowners now keep their lawns free of weeds at an average cost of \$1 a season, as the result of a new development in 2, 4-D, a weed-killing plant hormone, scientists at the Ohio State Agricultural Experiment Station reveal.

Developed from an ester of 2,4-Dichlorophenoxyacetic acid, this chemical which has been named Weed-No-More kills most broad-leaf weeds, but is harmless to common lawn grasses. Instead of back-breaking digging every summer the average householder can now merely spray on this chemical and enjoy and enjoy a smooth and weed-free lawn. Weed-No-More is manufactured by the Sherwin-Williams Co., world's largest makers of paints and insecticides.

This preparation is particularly effective against dandelions, chickweed, bindweed, poison ivy, plaitain, thistle and many other weeds, the scientist said. It will not injure the soil and is harmless to humans and animals when used according to directions. It is odorless and non-staining.

The action of the chemical is such that weeds literally strangle themselves to death because 2,4-D is a plant hormone which affects the growth factor of broad-leaf plants and can be used to destroy them as well as stimulate them.

ARMY MEN SAVE

In addition to regular pay, family allotments and extra money for longevity, decorations and special duty status, Regular Army men save substantially through purchases at commissaries and post exchanges.

A dollar is more than we want to blow in a hankie.

Eisenhower Will Visit A. & M. in April

COLLEGE STATION—General Dwight D. Eisenhower will be honor guest of the Texas A. & M. College Victory Homecoming and Muster on Easter Sunday, April 21, barring any "unexpected interruptions of schedule", he writes President Gibb Gilchrist.

The Chief of Staff's acceptance was the result of a personal invitation to General Eisenhower delivered by President Gilchrist on a recent visit to Washington. After his return to the College, President Gilchrist wrote confirming the invitation, and General Eisenhower's reply was: "I will certainly do my best to get there," and he authorized announcement of his intentions.

The Victory Homecoming celebration will begin April 19 and will be climaxed by the Annual Aggie San Jacinto Day Muster at a sunrise service in Kyle Field stadium.

"We are tremendously pleased that General Eisenhower has agreed to be our guest," President Gilchrist said, "and we feel that anything that would prevent his attendance at the last minute would be something vitally affecting this country's welfare."

"We are preparing for not less than ten thousand of our men to return to the campus with their families for this year's Aggie Muster. The Victory Homecoming, sponsored jointly this year by the Association of Former Students and the College, will be one of the biggest things that ever has been attempted here, and General Eisenhower's presence will mean a much grander celebration than we could have otherwise."

Too many men are suffering from syncopeation—irregular movement from bar to bar. Or perhaps we should call it bottle fatigue.

IS ASSISTANT PROFESSOR

COLLEGE STATION—Welcome E. Wright has been appointed assistant professor in the Texas A. & M. College department of industrial education. Mr. Wright received his bachelor of science degree at East Texas State College in 1932, and his master of science from A. & M. in 1939. His teaching experience includes seven years at Whiteoak, three years at Longview, and in 1942 he joined the Consolidated Vultee Aircraft Corporation at Fort Worth as draftsman, later becoming foreman, and then was assigned to

the department of aeronautical research as a testing engineer. He held this position until his appointment to the A. & M. College staff.

TWO-YEAR COURSE

DALLAS—Texas A. & M. College is now offering a two-year course in Aviation Operation and Management. Training sufficient to prepare students for engine mechanics examination is given along with flight instruction.

Local Happenings

Washington Tea Held At Church On Friday

The annual Washington Birthday celebration was held the past Friday evening at the Methodist Church, when the Woman's Society of Christian Service entertained with a musicale and a silver tea.

Young people of the church presented the program, held in the auditorium. Miss Marcia Anne Johnson gave a vocal solo, a trumpet solo was played by Miss Norma Lee Sanders, Misses Peggy and Jean Rogers and Darlene Sprawls gave piano selections, and readings were given by Bobby King, Donald Joe Pipkin, Mariella Doose and Sonya North.

Mrs. Anne H. Overstreet gave a brief talk, outlining the history of the birthday observance, which was begun 37 years ago in the local church. At that time, the February 22 get-together served as a regular community gathering, she said. In recent years, a colonial supper has been served, but the plans were changed this year, with the silver tea being used.

Following the program, the crowd adjourned to the parlors of the church, where a lovely refreshment table was laid, centered with a pot of bright yellow jonquils and featuring silver service. It was presided over by ladies of the church. During the social hour, Rev. and Mrs. Harvey E. Carrell were honor guests.

Eastern Star Holds Supper and Party

The Bovina Chapter of OES entertained the county Masons, last Thursday night, with a covered dish supper and 42 party, held in the Masonic Hall in Bovina.

Supt. W. O. Cherry acted as toastmaster during the dinner, afterward the guests enjoyed games of 42.

Special guests of the evening were Mr. and Mrs. Rube Stinson, of Olton. Mrs. Stinson is district deputy for the OES. Over 100 guests and members were in attendance.

Is Local Visitor

Mrs. Edward Templeton arrived Sunday afternoon for a visit with her parents, Mr. and Mrs. Lewis C. Cox. Mrs. Templeton's husband, a flight instructor, has been transferred from the Naval Air Station in Norman, Okla., to Corpus Christi.

Pink and Blue Shower Given On Thursday

Mrs. L. A. Green, assisted by Mrs. Joe McWilliams, was hostess to a pink and blue shower at the Green home in Lariat, honoring Mrs. S. E. Magness, Jr. Many lovely gifts were received by the honoree.

As pastime, quilt blocks of nursery design were embroidered, and several catchy games played.

A lovely refreshment plate was served to Mesdames John Mounts, G. M. Dial, J. W. Magness, Sam Shelley, C. L. Magness, Asa Smith, Don Bruns, Tom Foster, H. S. Curtis, C. L. Magness, J. O. Combs, J. D. McMillian, Martin Kriegel, W. I. Rundell, Frank Doshier, Earl Magness; the honoree, Mrs. S. E. Magness, Jr., and the hostesses, Mrs. L. A. Green and Mrs. Joe McWilliams.

Regrets were received from Mesdames Clyde Magness, Sam Rundell, O. C. Petree, Harold Hillock, Myron Hillock, Dott Boatman, Joe Magness and Dick Doshier.

Birthday Party Given Mrs. Kube, Feb. 24

Mrs. Mary Kube was honored last Sunday, February 24, with a birthday dinner given in her home by her children. It was Mrs. Kube's 68th birthday.

A delicious turkey dinner was served from a table covered with a white cloth. The centerpiece was a beautiful three-tiered birthday cake lighted with 68 candles. The cake was made by Mrs. E. Ramm, daughter of the honoree.

The afternoon was spent in informal visiting, and many lovely gifts were presented the honoree in memory of the occasion. Refreshments of cake, sandwiches and coffee were served in late afternoon.

Those enjoying the occasion were Mr. and Mrs. Ben Kube and son, Mr. and Mrs. Albert Kube and Martin, Mr. and Mrs. Ernest Kube, Linda Lou and Bobbie Kay; Mr. and Mrs. Eddie Ramm and family, Mr. and Mrs. Ludwig Kube and LaVerne; Rudolph Kube, Mr. and Mrs. J. A. Kaltwasser and Lillymae; Mr. and Mrs. Walter Kaltwasser and daughter; Velma Kube, and the honoree, Mrs. Mary Kube.

Mr. and Mrs. Joe Magness and Mr. and Mrs. Clyde Magness spent Thursday of last week in Amarillo, attending business matters.

NEWS FROM OUR BOYS IN UNIFORM

IN VIRGINIA

Pfc. Gilbert Kaltwasser, son of Mr. and Mrs. J. A. Kaltwasser of southeast of this city, who returned to the States only recently after five months in the Philippine Islands, writes that he is now stationed at Camp Pickett, Va., and may be read out for overseas duty before long. He has been in service the past 11 months.

IN JAPAN

From Fort Worth comes word that Morris Ed Martin, now flying with the Marines, is located in Japan, "near Tokyo, the last report we had". The information was forwarded by James Oliver (Pinky) Martin, formerly of The Tribune staff, who now resides in Fort Worth.

LEAVES McCLOSKEY

McCLOSKEY GENERAL HOSPITAL, Temple—Service men who were honorably discharged from the Army last week here, include S-Sgt. Lee E. Meeks, of Farwell, Third Armored Div. platoon sergeant. He was wounded in Belgium on Jan. 5, 1945. Meeks has been in service 49 months. He plans to return to Farwell and his former occupation of farming.

"Loyalty To Christ" Crusade at Church

A "Loyalty To Christ Crusade" will begin March 3, at the local Methodist Church, and continue through Easter Sunday, April 21, in the Hamlin Memorial Methodist Church, Rev. Harvey E. Carrell, local pastor, announced today.

Each Sunday, services will be developed along the line of the special theme for the next six weeks, the minister added, with the coming Sunday morning services, March 3, to be based on "The Church as a Service Station".

March 3 will also be observed as Roll Call Sunday, and all members are urged to be present and answer to their names as the roll is called.

During the evening services, the worship study will be devoted to the study of the Book of Romans, Rev. Carrell said.

Surprise Party Saturday

The young peoples class of the local Church of Christ surprised Albert Martin with a party, Saturday evening, in the home of Mr. and Mrs. Lewis C. Cox. Martin left on Tuesday for the Army. After an evening of games and singing refreshments were served to 21 guests including the host and hostess and young daughter, Janie.

At Meeting Tuesday

Rev. Harvey E. Carrell, pastor of the Hamlin Memorial Methodist Church, was in Tucumcari, on Tuesday, attending an evangelistic meeting held for preachers in this area of the New Mexico conference.

Singing On Sunday

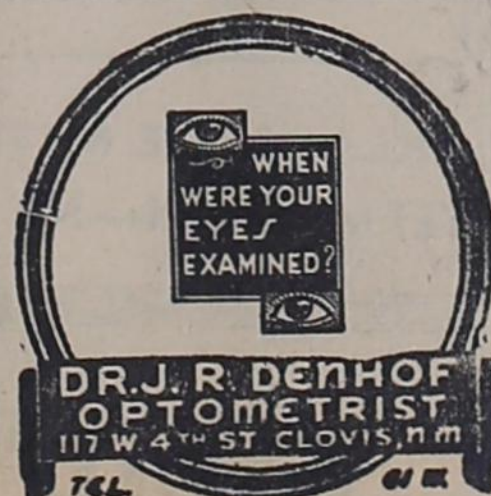

Officials of the local Church of Christ announce that a singing will be held at the church on Sunday afternoon, March 3, at 3 o'clock. All local and near-by singers are cordially invited to attend.

Visitors In Kube Home

Mr. and Mrs. Ludwig Kube, of Pampa, Texas, visited in the home of Mrs. Mary Kube, over the weekend. Mr. and Mrs. Boone Allison also visited there Saturday morning.

Mr. and Mrs. P. W. McPherson and daughter, Margaret, all of Snyder, Texas, and Miss Patricia Wilson, of Dimmitt, visited Saturday in the home of Rev. and Mrs. Harvey E. Carrell, in Farwell.

Mr. and Mrs. Harry S. Worth, Jr., of Eugene, Oregon, announce the arrival of Franklin Shaffer, on February 12. Mrs. Worth is the former Miss Mary Ellen Triplett of Texico.

DISCHARGES FILED

Sgt. Leroy A. Dennis, of the 1256th AAFBU, was discharged at Fort Sam Houston on February 8th. Overseas for 16 months, he holds the EAME ribbon, meritorious unit badge, American theatre ribbon, victory and good conduct colors. He spent 26 months in the States.

T-4 William T. Johnson was released from the 349th Infantry at Camp Fannin on February 8th. Johnson fought in the battles of the Po Valley and Northern Apennines, and was wounded while overseas. He has the combat infantry badge, the Purple Heart, EAME ribbon, victory and good conduct ribbons, and the bronze star. Johnson spent nine months in the States, 19 overseas.

Mayor Ray V. Miller, of the Army Transportation Corps, was discharged at Camp Plauche, Louisiana, on January 16th. He served as an instructor in the States.

T-4 Walter C. Blalock was released at Fort Bliss on February 22, having served as a medical technician in the A-P theatre. He participated in the battle of New Guinea, has the A-P, good conduct, and victory colors, and the meritorious unit award. In service 28 months, he spent 22 overseas.

Sam Austin Young, ship fitter second class, was discharged from the Navy at San Pedro on February 23. Young enlisted in 1943, and has spent most of his time in the Pacific. He has the A-P, Philippine liberation and victory colors.

N. M. Cruse, Seaman first class, was discharged at San Pedro on February 21, after being in service since November of 1943. He has the A-P, victory, American area and EAME ribbons.

CLASSIFICATIONS GIVEN

The following classifications are announced, following a meeting of the Parmer County Selective Service Board, last Saturday:

Deceased

Elton E. Young.

MOTHER IS OPERATED

Miss Hazel Dishman was called to Littlefield, the past Friday afternoon, to be with her mother, Mrs. A. L. Dishman, who sustained an emergency operation for appendicitis. Mrs. Dishman was reported as recovering rapidly this week.

OPENS GARAGE HERE

Skeet Hamlett, who has been employed with various Clovis firms as a mechanic for the past several years, has opened a garage in Texico, two doors south of Crawley's Bakery.

He is an experienced mechanic, especially on tractors. In addition to doing regular repair work, he is carrying a stock of automobile accessories.

USE **666** COLD PREPARATIONS Liquid, Tablets, Salve, Nose Drops Caution, Use Only as Directed

Mens Club To Meet Thursday Night

C. M. Henderson, president of the local Mens' Club, announced today that the Club would hold its regular meeting in the basement of the Methodist Church on Thursday evening of this week.

One of the principal items for consideration by the group will be the consideration of a report of the status of the fire truck project, which was held over from the last meeting in order that a full report might be made. Other matters of local interest are to come up, Henderson said, expressing a desire for full attendance on the part of the men of the community.

Lunch will be provided in the usual manner, with attendants bringing sandwiches, pie, cake and beans.

Deadline For Dairy Production Payment

The Parmer County ACA committee again reminds producers of dairy products that February 28 is the last day on which they will be permitted to file applications for the subsidy payment for sales made during October, November and December, 1945.

The committee also advises that no applications will be accepted during the month of March but that sales receipts for dairy products sold during January, February and March should be retained and presented at the ACA office any time subsequent to April 1 and prior to May 31.

Applications, however, should not be made, the committee explained, until all sales receipts have been secured for over an entire payment period since supplemental applications are an added burden of the office personnel.

Applicants should not expect to receive drafts for payment as promptly as has been the case in the past, due to the shortage of help in the county office.

Mr. and Mrs. LeRoy Faville and Mrs. B. O. Faville were in Amarillo, the past Friday, where they did some shopping and attended business.

Charley Bieler was in Albuquerque, the past weekend, visiting with relatives who live there and a brother from Klamath Falls, Oregon.

"MADE IN AMERICA" TO BE SHOWN HERE

Everyone of us has at some time or another wondered just what our boys overseas thought of while in the midst of combat. The key to this victorious civilian army and navy is what made the Americans the best fighters in the air, on land, on and under the seven seas.

Ralph Humble, your Minneapolis-Moline dealer, is now inviting you to see "Made in America" with him, free of charge. It's a free all color movie production of Minneapolis-Moline Power Implement Company and sponsored locally by your MM dealer. It shows at 4:30, Tuesday, March 5, at the local dealer's store.

"Made in America" is proving to be a real hit, showing our boys from all walks of life and machines in the armed services pushing the imperialistic enemy back into their homelands so that they eventually threw in the towel.

You are cordially invited to see "Made in America", as a courtesy of Ralph Humble, local MM dealer.

SORGHUM SEED MEN TO MEET AT TECH

LUBBOCK—The annual meeting of the Texas Certified Sorghum Seed growers will be held at Texas Technological College March 2, according to Dr. A. W. Young, head of the plant industry department. A good attendance of farmers is expected.

The program includes speakers from the agriculture faculty at Texas Tech and Texas A. & M., representatives from state experiment stations and members of the State Seed and Plant Board.

Dr. E. L. McBride, head of the agricultural economics department at Tech, will discuss the economic outlook for agricultural prices in the future. R. E. Dickson, superintendent of the Spur experiment station, will lecture on getting the most returns from West Texas rainfall.

Stump-proof cotton developments will be discussed by Don L. Jones, superintendent of the Lubbock station. New developments in farm machinery will be demonstrated by H. P. Clay, associate professor of agricultural engineering at Tech.

Cecil Ayres, assistant professor of agronomy at Tech, will discuss weed eradication. A discussion of the national outlook for certified seed production will be conducted by Dr. E. P. Humbert, head of the genetics department of A. & M. R. E. Karper, of the Lubbock experiment station, will discuss the history and evolution of milo.

Motion pictures of sorghum seed production in this area will be shown by members of the Texas Certified Seed Growers Association.

Members of the State Seed and Plant Board will receive applications from growers who wish to produce certified seed in 1946. R. V. Miller, chief of the division Field Seed Certification, will discuss seed certification plans for 1946.

PLANE MOVEMENT FAST

WASHINGTON — One hundred and forty aircraft movements per hour will be possible on efficiently designed airports having dual runways when the CAA's proposed basic navigation communication system, plus other possible improvements, are in full operation through out the country. This means airplanes will be able to land and take off at approximately 50-second intervals.

GRANT GIVEN A. & M. FOR TURKEY STUDY

COLLEGE STATION—C. H. McDowell, acting director, Texas Agricultural Experiment Station, today announced receipt of a grant of \$800 from Lederle Laboratories of Pearl River, N. Y., for research in turkey nutrition.

This grant is to cover research to be conducted during the next 12 months, and the experiment will be under the direction of R. M. Sherwood, chief of the Division of Poultry Husbandry, and Dr. P. E. Pearson, Station animal nutritionist.

Research to be conducted by the Station involves the role of folic acid in the nutritional requirements of turkeys, McDowell said. Lederle Laboratories also will furnish certain vitamins to be used in the experiment.

VETERANS' QUESTIONS ARE ANSWERED

By Congressman Eugene Worley
 Almost daily I receive many inquiries from veterans who are being released from the service and returning home to Texas. Most of the questions concern their benefits under the G. I. Bill of Rights pertaining to educational privileges, procedure in securing loans for the purchase of houses, farms, or to enter private business. In addition, there are questions and problems concerning family allowances, government insurance, and a large number of other matters with which the average ex-serviceman is not familiar.

In an effort to be of help in answering these inquiries, Congress has authorized the publication of House Document No. 134 which is designed to give a complete picture of veterans' rights, benefits, privileges, etc.

For example, I quote several questions and answers from this pamphlet:

Q. After a veteran has been discharged from the service, how may he secure information about his insurance?

A. By writing to the Veterans Administration, Washington, 25, D. C. He should give his first name, middle name, and last name in full, and should also state his insurance certificate or policy number and his service serial number or numbers. If his certificate or policy number is not known, to insure proper identification there should also be furnished the insured's rank, rating, or grade, and organization at the time of original application for insurance, his date of separation from service and date of birth.

Q. How does a veteran make application for a course of education or training under the Serviceman's Readjustment Act of 1944?

A. By filing an application, using Veterans Administration Rehabilitation Form 1950, with the Regional Office nearest his location or thru the approved education or training institution which he has selected.

Q. Who may borrow money under the Serviceman's Readjustment Act of 1944?

A. Any veteran who was in active service after September 16, 1940, and before the end of the war as established by Act of Congress, who served at least 90 days or was discharged for disability incurred in line of duty and who was discharged under conditions other than dishonorable.

Most of the information contained in this pamphlet is in question and answer form and non-technical in nature. I have already sent out several thousand of these booklets and have bought a fresh supply. If you would like to have one, just drop

me a note, Congressman Gene Worley, Washington, D. C., which address is sufficient, giving your name and address, and I'll send one to you by the following mail.

GO ON EXCURSIONS

Regular Army men stationed overseas take tourist excursions into the scenic, historical and civic centers such as Switzerland, Norway, France and other countries.

ROLFE LEAVES TEXAS

Walter T. Rolfe, for 18 years a professor of design at the University of Texas, has resigned his position to enter private practice of architecture in Houston and Beaumont. He has been chairman of the department of architecture for 10 years, and has been prominent in both Austin and University civic and cultural programs.

ASSIGNED TO COUNCIL

Covey T. Oliver, associate professor of law at the University of Texas, has been assigned as counselor for the American delegation of the Inter-allied Council on Reparations. Oliver has been on leave from the University since shortly after Pearl Harbor, on service with the government.

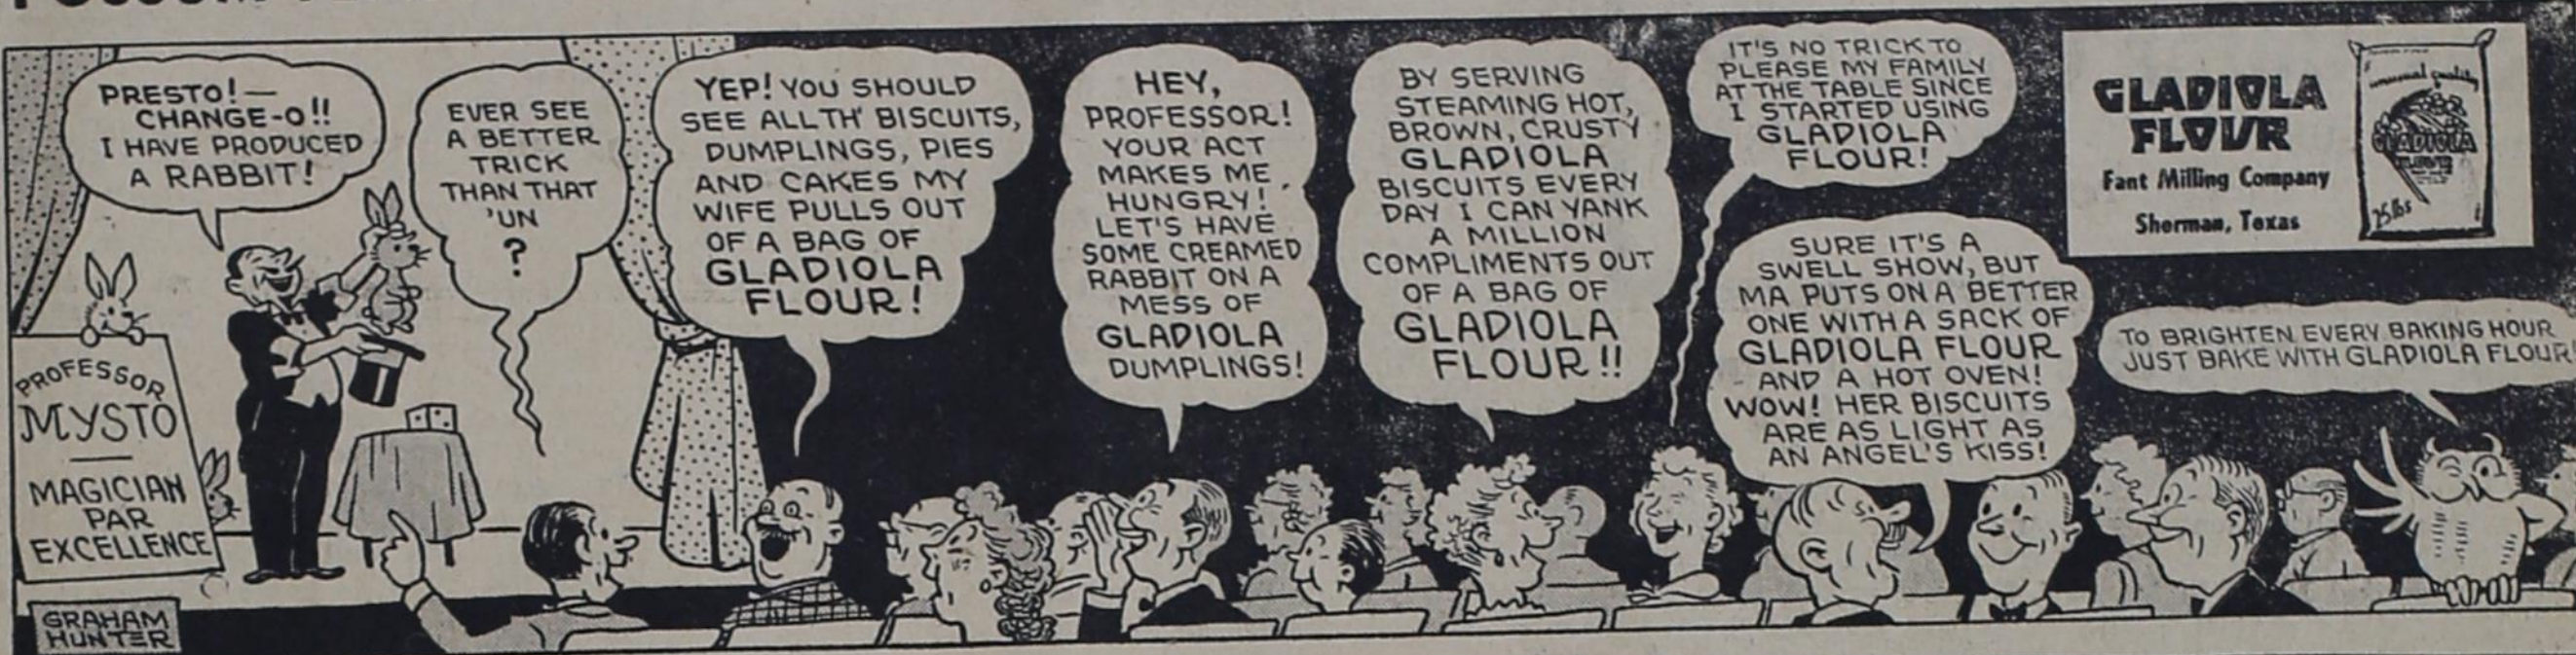

SERVICES FOR FLYING PUBLIC

WASHINGTON—Twenty different flying services are being furnished at present by the CAA's Federal Airways personnel to aid the flying public. These range from hourly and special weather reports and notices to airmen through two-way communication with aircraft to direction finder services.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending February 23 were 23,364 compared with 22,285 for same week in 1945. Cars received from connections totaled 9,245 compared with 14,091 for same week in 1945. Total cars moved were 31,609 compared with 36,376 for same week in 1945. Santa Fe handled a total of 31,984 cars in preceding week of this year.

POSSUM FLATS ... GOING THE PROFESSOR ONE BETTER

By GRAHAM HUNTER

The feeling is mutual...

SOUTHERN UNION GAS COMPANY
 BURT BUILDING
 DALLAS 1, TEXAS

February 25, 1946

C. H. ZACHRY
 PRESIDENT

TO THE EMPLOYEES OF SOUTHERN UNION GAS COMPANY:

For a big job well done in these last troublesome years...well done on the battlefield, well done on the homefront...there comes a warm feeling of satisfaction and accomplishment.

Inspired by the return from the armed services of many of our employees to their jobs with Southern Union...inspired by the knowledge and understanding they acquired from contact with less fortunate countries...we are deeply aware of their efforts and sacrifices so that all of us might enjoy the blessings and citizenship of a free United States of America.

No less are we inspired by the performance of our men and women on the homefront — short-handed, with long and irregular hours, lacking necessary materials and supplies, they nevertheless provided service for the war industries, for business and for the thousands of homes and families throughout the Southern Union system. Without glamour or flying flags, by day or night as needed, they added their mighty bit to that indivisible job of winning the war and preserving American standards and opportunities.

So I say that the feeling is mutual.

We are looking forward to the day when all of our veterans are back on the job, back in the Southern Union family working side by side in the same mutual feeling that has prevailed since the inception of our business.

To all of you, from the battlefield, from the homefront, we have a mutual job to do. This is it: To better serve peacetime industry...to build better communities for families and children...to add to the pleasures and comforts of the home. Through better gas service, "Helping Build West Texas."

Gratefully and cordially,
C. H. Zachry
 President

Fort Sumner Foxes Take District Championship, Boys' County Tourney At Farwell, 7, 8, 9

Favorites ran true to form in the district 6 basketball tournament held the past weekend in Clovis, with Fort Sumner, seeded No. 1 in the meet, emerging as the champs, by defeating Rogers, seeded No. 2, in the finals Saturday night.

Grady and Melrose, seeded No. 3 and 4 respectively, contacted in the match Saturday night for consolation honors, with Grady holding her No. 3 rating by taking the game.

Texico's Wolverines breezed into their initial tournament game with the Causey-Lingo squad, Thursday afternoon and took a 28-41 victory, but were put out of the running on Friday afternoon by the district champions, when Fort Sumner outscored them 51-23, the box score reveals.

The locals actually didn't get started in their Causey-Lingo game until the second half, having been held by determined opposition to a 7-7 count at the end of the first period, and were trailing 17-16 at the breather.

When the Wolverines began to get up steam and pushed ahead 31-21 at the end of the third canto, Coach C. E. Sanders substituted his second string men, who proved they could hit the bucket, too, and the local's score continued to grow until the final whistle.

Baker was high for the winners with 13 points. Caviness led his team with 12.

The game with Fort Sumner was a touch and go affair at times, but the swift-moving Foxes demonstrated their ability to score at will during the last periods, and snowed under the Texico boys, who were unable to hit a large percent of their basket tries.

Fort Sumner grabbed two field goals shortly after the game began, but Johnson came back quickly to hit a free try and then a fielder, to put the score at 4-3. At the end of the first quarter the Foxes had a 12-3 margin, but the Wolverines came back strong for a few minutes, edging up to 14-11. Fort Sumner again pulled out, and was ahead 19-13 at the half.

The final rounds were definitely Fort Sumner's, with Dunning and Edwards hitting the goal from every angle. Substitutes finished the game for both teams. Johnson, of Texico, had 15 points, while Dunning and Edwards had 11 each for Fort Sumner.

Girls Teams To Friona Friday For Two Games

The Texico and Friona girls cage teams, both senior and junior, are slated to play ball on Friona's court Friday night, March 1, Coach Tom Hudson, of the Texico school, announced today.

The Friona girls have had quite a season, winning the large majority of their matches, in addition to taking the district championship last weekend. The Squaws are slated to appear at Hillsboro, in the Texas state tournament, next weekend.

The only thing harder than paying bills is collecting them.

A round-robin tournament for all boys teams in the county will be played in the Farwell gymnasium on March 7, 8, and 9, according to a decision of coaches when they got together, Monday night at Bovina.

C. D. Holmes, superintendent of the Friona school, was named as official referee for the tournament, but official timekeepers and scorers will not be named until later, Coach Jack Williams, of Farwell, advises.

Two trophies will be presented at the conclusion of the tournament, to the two squads having the highest number of wins during the meet.

The team with the best percentage will be acclaimed as county champs.

The bracket lists the following games, beginning Thursday night:

Thursday, March 7

8 p. m., Farwell vs. Oklahoma Lane.

9:20 p. m., Friona vs. Lazbuddy.

Friday, March 8

2 p. m., Friona vs. Oklahoma Lane.

3:30 p. m., Lazbuddy vs. Bovina.

8 p. m., Friona vs. Farwell.

9:20 p. m., Bovina vs. Oklahoma Lane.

Saturday, March 9

2 p. m., Bovina vs. Farwell.

3:30 p. m., Lazbuddy vs. Oklahoma Lane.

8 p. m., Bovina vs. Friona.

9:20 p. m., Farwell vs. Lazbuddy.

Bovina Hosts To Girls

It was also agreed that a girls county tournament, round-robin, will be held in the Bovina gymnasium, but not until March 21, 22, and 23. The Friona girls will participate in state play this weekend, Coach Williams explained, throwing the county activities later than usual.

Friona Wins District Girls Cage Title

The Friona girls basketball team, coached by R. L. Bates, began to put the finishing touches to an exceedingly successful year, last weekend, by winning their district tournament held at Hedley. J. Bobson and M. Taylor were named on the all-tournament team, Coach Bates advises.

Meeting Panhandle first, the Friona girls won 24-34, and then the Squaws took Quail, 17-29, winding up with a 22-25 victory over Briscoe. The girls will attend the State meet, in Hillsboro, on March 4, 5, 6, and 7, it is announced.

During the season, Friona won 23 of 25 games played, taking the Parmer county championship. They defeated Bovina twice, 24-28 and 25-34; Oklahoma Lane twice 17-33 and 11-32; Farwell twice, 7-45 and 22-34; Lazbuddy twice, 12-18 and 25-34 and Vega 38-22, in conference play.

"B" TEAM WINS

The Farwell "B" team boys defeated Texico, Tuesday, in an interschool match between the teams. Final score was 20-6, with Sheets pacing the Farwell squad as high man for the scrimmage.

What this country needs is a good cigar that sells for less than 5c a puff.

FARWELL'S FIRST

(Continued from Page 1)
her marriage, and continued her work as long as her physical condition would permit.

Comes on Luxury Liner
The Vulcamia, on which she and her young daughter had passage to America, was an Italian luxury liner before the war, being taken over by the Allies and used for transport duty. She said that there were about 525 English brides on the boat, and estimated that there must have been at least 300 babies also aboard. Asked specifically what was her first impression when she arrived in New York, she replied, "All I can say is that I was amazed at the immensity of the city." The boat approached the Statue of Liberty "just as it was being lighted up, and I thought it was the biggest thing I had ever seen, and beautiful beyond description." Here Mrs. Kaltwasser took her first crack at the American manner of speech. "You Americans always refer to anything as 'pretty', while we English employ other terms."

Asked about her first impression when she took passage in England to sail to her new home, the young woman hesitated briefly and then said, "I suppose it was when I sat down to my first meal: there in front of me was the biggest piece of steak I had seen in years—and all for me. Back home, that much meat would have been not less than two weeks' ration. I don't suppose I shall ever forget that meal."

Likes The Americans

"What has been your most favorable impression since arriving in America?" was the next question. To which she replied without hesitation, "The generosity and friendliness of the American people." Then going into detail, she told of being taken for a sightseeing trip for a full day in New York, the thoughtfulness and kindly consideration by everybody, and more especially by the Red Cross workers, who were at her service for every need. "They were wonderful," she concluded.

"Next I should say that I am impressed with the cleanliness and orderliness to be found in the American stores and shops." Turning her thoughts again to food, Gladys recalled that in the first meal aboard the train as she left New York, she was served with "generous helpings of ham and FRESH eggs, the first fresh eggs I had even seen in five years." Sitting at the dining table, where she had just completed the first Sunday dinner in her new home, having arrived Friday, she added "and think of the food you folks have here—everything!—and so well cooked by Mother," nodding her head toward her mother-in-law.

She couldn't get over the fact that she and her baby could have all the fresh milk they wanted, with plenty to spare, adding that in England the ration allowed only a half pint per person daily, except to babies, who were allowed more.

Pat, the 11-months-old daughter, fat and chubby, showed no signs of

limpy rations, which brought forth the observation that leasehold food from America was responsible for her plumpness.

Arriving here with an accumulation of three weeks' soiled clothing, it was too much for Gladys to comprehend the wonders of an electric washing machine. "Why," she said, "Mother had those clothes washed in less than an hour, and back home it would have been an all-day ordeal over the wash board."

The Kaltwasser home is modern in every detail, with water, electric lights, and gas for both cooking and heating. But none of these conveniences are exactly new to the transplanted young woman, who had enjoyed them back in England in her suburban London home.

Active In War Work

During the blitz in London, Gladys often spent nights on fire watch assignment, but all of her work was confined to her own neighborhood and she was never called to the City of London proper. She made regular trips to the blood donor bank and gave blood, used in plasmas for treating wounded soldiers in the English army.

One thing that amazes Gladys is the speed and efficiency of the American automobiles. "Why, you people seem to think nothing of traveling down the road so fast that the road fairly zooms under you. You think nothing of covering distances in a few hours that would require a full weekend back home," she observed.

But she couldn't stay long away from the subject of food, revealing that she had already been fed fried chicken, and adding "Mother has 150 baby chicks that are a month old that she has already given me." At this point, Mother (J. A.) Kaltwasser couldn't resist putting in, "And we have lots of fryers in the locker."

Not Too Anxious

"Were you anxious to come to America?" was put to her. And her reply, "I can't say that I was overly anxious to come to America. I think I should have been very happy if I had met the man of my choice, and married an Englishman and remained in England."

Gladys said that she felt "a little uneasy when I was told that I was going to live in Texas," explaining that she had always been told that Texas possessed more beautiful women than any place in the world. "My observation is that the American woman is so completely dressed... everything from smart shoes to a matching purse for her outfit", observing here that "we English girls have a bit to catch up on."

Although she is 6000 miles from home, and across an ocean at that, Gladys says it all seems like a dream to her, and believes that she will never get homesick, "the people here just won't let you get that way."

In concluding her interview, Gladys wanted to be directly quoted on only one statement. "You can quote me on this," she said positively, "We English girls don't like the expres-

FIRE AT STATION

An automobile belonging to Minister L. C. Cox, of the local Church of Christ, caught fire while being serviced at the local Phillips 66 station, Wednesday afternoon of last week.

The blaze flared up while the car was on the greasing hoist, and it had to be lowered and pushed into the driveway before the fire was extinguished. It was only slightly damaged.

Fumes from an open vessel of gasoline were said to have been responsible for the fire.

UNIVERSITY HAS GIFT
Letters, books, and newspaper cuttings belonging to Peter Hansbrough Bell, governor of Texas from 1850 to 1853, have been presented to the University of Texas library archives by Mrs. B. B. Brown of York, Alabama. Of particular interest, also, are maps of Texas and Indian territory, showing railroad lines.

Many high schools throughout the nation give actual credit toward graduation for training received in the Regular Army.
