

"SCOUTS OF THE WORLD - BUILDING FOR TOMORROW"

FEBRUARY
7-13, 1947

BOY SCOUT WEEK

Nearly 2,000,000 Cub Scouts, Boy Scouts and Senior Scouts will observe the 37th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 7th to 13th. Through their World Friendship Fund of voluntary gifts the Boy Scouts of America have given \$110,464.36 to help Boy Scouts overseas rebuild their organizations. During the first year of their "Shirts-Off-Our-Backs" project more than 400 cases—or twenty tons—of Scout Uniforms and equipment collected from Scouts were contributed to Scouts in 13 nations. Scouting has always been an active force in promoting better understanding and mutual goodwill among the nations. Above is the official poster marking the event.

Chamber Commerce Plans Feed Feb. 13

A directors' meeting of the Farwell Chamber of Commerce, was held Monday night, plans were laid for a feed and program to be held on the evening of Tuesday, February 13th. It was announced today by C. M. Henderson, president of the organization.

H. Y. Overstreet, one of the directors of the local Chamber, and former president of the West Texas Chamber of Commerce, was delegated to secure the principal speaker of the evening. All members and their friends are invited to attend. A price of \$1.00 per plate as agreed upon as the cost of the feed. The Parent-Teacher Association will serve the meal in the cafeteria of the Farwell school.

The forthcoming get-together gives promise of exceeding the feed held last September when reservations were made for 85 members and friends.

Polio Sufferer Is Returned To Home

Harry J. Charles, Bovina farmer and son of Mr. and Mrs. Wilbur Charles, was returned to his home near Bovina on Wednesday of last week from Dallas, where he had been under observation as an infantile paralysis sufferer.

First stricken about six weeks ago, Charles was taken to a hospital in Chillicothe after about a month's illness, where his case was termed as polio. Not exactly satisfied with the diagnosis, his father took him to Dallas, where he went through a clinic and was examined by six specialists. All agreed, stated the father of the stricken 27-year-old young man, that he was suffering with polio.

Young Charles was advised to return home and continue his normal activities so far as he was physically able, but not to exert himself. Both arms and hands, particularly his hands, are affected. Otherwise his condition is normal. He was advised that it would likely be 12 to eighteen months before he would recover completely from the affliction.

New Fire Truck Due To Arrive Soon

Fire Chief A. C. Green of the Texico Volunteer Fire Department, announced today that he had been advised that the new fire truck, on order for several months from a Chicago firm, would be ready for delivery at an early date.

Chief Green said that he had been advised that the new truck was ready for delivery except the painting, and set Feb. 3rd as the date the truck would be ready.

Phosphate is the key to pasture improvement.

One Candidate For Texico School Job

Town Clerk L. L. Freeman announced today that the name of Edward Ingram had been filed with him as a candidate for the only vacancy on the Texico school board. The election will be held on Feb. 4th.

One new member will be named this year to take the place of W. L. Freeman whose term expires. He said he would not be a candidate for re-election.

The deadline for filing for a place on the ticket has been set for Jan. 31, Freeman said, and candidates must be filed at his office on or before that date.

Deadline At Hand For Tax Payments

Attaches at the Tax Collector's office today called attention to the rapidly approaching deadline for the payment of 1946 taxes. Taxes not paid before midnight Jan. 31 will go on the delinquent rolls and penalties will be added as of that date.

A flat penalty of 1 per cent will be added to all delinquent taxes on Feb. 1st, and the unpaid taxes will also begin to draw interest at the rate of 1 per cent per month after that date, until July 1st, at which time the penalty will be hiked to 3 per cent on delinquencies and the accumulated interest.

Poll taxes are also due on or before January 31, and must be paid by that time or the voter will be disfranchised for the remainder of the current year. No national elections of importance are on the political calendar this year, but it is certain that some proposed amendments to the Texas Constitution—possibly several—will be submitted to the voters this year.

Such matters as school elections also require that the voter possess a poll tax receipt if he (or she) expects to participate in such elections, it was pointed out.

New Pool Hall To Open This Week

T. B. Carter announced that he plans to open the new pool hall in Texico this week, in the building formerly occupied by Heavy's Garage.

Carter said that there was quiet a lot of work to do on the building, in getting it in readiness for business. The recreation hall will contain 4 pool tables and 4 domino tables, at present and more will be added at a later date, announced Carter.

Carter is formerly of Portales, and has been operating pool halls for the past seven years.

Paralysis Fund To Top Previous Drives

Bovina Method sts To Erect New Church

After facing many delays in previously announced plans, officials of the Methodist Church stated this week that actual construction was to start soon on them a new church building for the congregation.

A 5-lot plot of ground has been procured just west of the present structure and construction work on the new building is scheduled to get under way on Monday, Feb. 3. Hubert Ellison of Bovina will have charge of the construction details.

Two carloads of sand and gravel have already been placed on the ground and church officials said that plans under consideration called for a structure of brick veneers, "providing we can get enough money," as one official stated, adding that sufficient funds were almost in sight. It will be a one-story structure with no basement, all classrooms and the main auditorium being on the ground floor. The auditorium will be 60x35 feet and seven class rooms are being provided. A kitchen and pastor's study is also provided, and folding doors will be used to partition off two of the larger class rooms. When open these large rooms may be used for fellowship meetings and larger gatherings.

Inside toilets will be installed and the plant will be modern in every detail, according to present plans.

Automobile Collision Sends 5 To Hospital

A collision of two automobiles just east of Friona last Sunday afternoon, sent five persons to a Hereford hospital, reports here stated.

Mrs. Grace Sanders, former local resident, is reported to be suffering from a fractured pelvis and scalp injuries. Four others, all reported to be of the Friemel family of Umberger, were taken to Hereford for medical attention, but the extent of their injuries were not learned here.

The accident happened when Miss Norma Lee, daughter of Mrs. Sanders, was driving west and attempting to pass another car on a wide curve when a third machine, approaching from the opposite direction, hit head-on with the Sanders car. Miss Sanders escaped with only slight bruises. Both cars were badly damaged.

Beauty Shop Under New Management

Mrs. D. A. Blakely announced that she had purchased the Powder Puff Beauty Shop formerly operated by Azleet Roberts and will be open Tuesday, January 28th, for business.

Mrs. Blakely is a graduate of the Harris Beauty Academy in Clovis, and is living in Portales at present time, until a house is available in this area. Mrs. Blakely will be assisted by Pauline Johnston, also of Portales.

Mrs. Azleet Roberts said that she would be with the new owners for a few weeks, to help them get acquainted with the customers.

Seth Rollins Named Grady School Head

Seth Rollins, local resident, has been named superintendent of the Grady (N. M.) schools, succeeding Wayne B. Owen, resigned. Rollins stated today that he would assume his new duties on Feb. 1st.

Owen goes to Roosevelt county, where he will be supervisor of the rural schools of that county.

Rollins, a student of the West Texas State Teachers College at Canyon, and the University of Texas, taught school in Parmer County for a number of years prior to World War II. During the war he was employed on the west coast in one of the large shipyards. Until recently, he was associated with the Henderson Grain & Seed Company of this city.

He said today that he and his wife and young daughter would move to Grady to take over his new work.

Our Ads Cost Less, Get More Results

Another proof that Tribune advertisements get results was revealed here his week when O. W. Rhineheart, Bovina realtor wrote us as follows:

"I ran an advertisement in The State Line Tribune one issue and got more inquiries than I got from the same ad in one of Texas' biggest newspapers."

But foxy "Riney" insists that we should not charge him the price he had to pay for the ad in "one of Texas' biggest newspapers."

We won't. But we insist on an extra cup of coffee next time we meet.

Scout Executive To Speak at Club Meet

Chairman C. M. Henderson of the local Men's Club called attention today to the monthly meeting of the Club to be held on Thursday evening of this week in the basement of the Methodist church.

Howard Baun, district Boy Scout Executive of the Eastern New Mexico Area, has been slated as one of the speakers for the evening and Rev. C. A. Lortz, Christian Church minister, is expected to be present if other engagements do not conflict.

The evening's program will be given over primarily to the discussion of the Scouting program, one of the projects being sponsored by the local Men's Club. Chairman Henderson urged a good attendance at the meeting.

Former Local Butcher Dies In Amarillo

Lofton H. (Butch) Ruth, 75, died of a heart attack at his home in Amarillo Friday night. Burial was made in Amarillo on Sunday.

For a number of years, Ruth worked as meat cutter in the Hall Market in this city, and is well known here. He and his family had been living in Amarillo the past year.

Survivors include his wife, Mrs. Frances Ruth; a son, John Ruth, Amarillo; a daughter, Mrs. Bertha Stewart, Plainview.

Deadline for Cotton Crop Insurance Is Friday, Jan. 31st

Friday, January 31st is the absolute deadline for signing Federal Cotton Crop Insurance for 1947," Harold W. Carpenter, secretary of the Parmer County ACA, stated today.

Carpenter said that Parmer County farmers apparently are not taking too much interest in cotton this year, but he called attention to the already excellent prospects with a heavy season in the ground and said that if growers were to take advantage of the insurance it must be done before the deadline date.

Referring to insurance policies issued last year, Carpenter noted that policies sold last year would remain in effect for the present year unless the insured made a written request for a cancellation before the above date, Jan. 31st.

Educational Pictures To Be Shown at School

H. A. Clift, Superintendent of the Farwell school, stated today that the students now have the privilege of seeing a picture show each Tuesday, which is educational and is a change in the routine of work.

Listed below are a few of the pictures to be shown. "Picturesque Poland" will be screened Tuesday, January 28th., also "Black Bear Twins", Feb. 4th. The school will show "Alaska Silver Millions", February 11th, Digestion of Foods" and "Kentucky Jubilee Singers."

"It is my opinion that Parmer County will exceed all previous records this year."

This was the optimistic prediction of B. N. Graham, chairman of the Parmer County Infantile Paralysis campaign, on his return from a tour over the entire county late Tuesday afternoon.

Graham said that there was a definite interest on the part of all the workers over the county this year and the funds raised to assist in combating polio will reach the highest mark yet attained in the county.

The campaign for funds opened on Jan. 15, and is scheduled to come to a close on Jan. 31st. Topping the list of efforts being made in the campaign are a number of basketball games with the entire proceeds going to the fund. All schools and churches of the county aim. "We should at least double the amount raised last year" Chairman Graham said.

Half of the money raised will be retained here to assist local victims of the dread malady.

Death Calls Pioneer After Long Illness

Death ended all sufferings of B. E. (Uncle Benny) Nobles, at his home in Farwell at 10:40 Saturday night, following a lingering illness of several months. His condition had been quite critical the past two weeks. He was 88 years old at the time of his passing.

Funeral services were held at the Methodist church, of which he had been a member for 40 years, Sunday afternoon, conducted by the pastor, Rev. Harvey Carrell, assisted by Minister Ebb Randol and B. N. Graham. Burial took place in the Clovis cemetery with Rivers Funeral Home in charge.

Mr. and Mrs. Nobles came to Farwell 40 years ago, and they are among the few remaining pioneers of this area. For many years, he was engaged in the dry goods and grocery business in Farwell, retiring in 1922. He has been a member of the Masonic Lodge for more than 60 years, and for a number of years served as master of the Farwell Lodge. He also served as superintendent of the Methodist Sunday school for many years, and was a member of the official board at time of his passing.

Other duties included the office of justice of the peace, which he occupied for a number of years.

Born in West Tennessee in 1895, Mr. Nobles came to Texas when he was a lad of about 18 years. In 1881 he was married to Miss Mattie Daniel at Poetry, Texas, and to this union two children were born, a son John, and a daughter, Lola. His first wife died in 1886, and he was married again to Josie Vaughn at Deport, Texas, in 1891. Two children, Mack and Estell, were born to the latter union. His wife, Mrs. Josie Nobles of this city, and all four children survive him. The children are: Mack Nobles, Amarillo; J. O. Nobles, Midland; Mrs. Estell Curry, Alhambra, Calif.; Mrs. Lola Pierce, Vernon. Seven grandchildren and 4 great-grandchildren are also listed as survivors.

District Leadership Contest at Local High School

Robert Morton, agriculture instructor of the Farwell High school, announced there will be a District Leadership Contest, Wednesday, February 5th, at the Farwell high school agriculture building, at 2 p. m.

This district, stated Morton, consists of Farwell, Bovina, Friona, Dimmitt and Conyon. There will be several supervisors from other places, O. T. Ryan, of Lubbock, was named to assist in putting on farm demonstrations.

Morton said that there was a lot of interesting work to be done by the agriculture classes of this district, in the near future. Trips will be made, contests entered and quite a few demonstrations to put on.

Over half the farm land in the nation is in farms of over 500 acres.

Taking definite opposition to the proposed water proration bill, the High Plains Water Use and Conservation Association, unanimously adopted a resolution at a district meeting in Plainview Friday, Jan. 24, announcing that the Association would "exert every possible effort to combat this vicious piece of legislation."

Following interpretation of the proposed bill by Mead Griffin of Plainview, L. A. Howard of Lubbock and A. B. Tarwater of Plainview, West Texas attorneys, every member of the Association rose to his feet when a vote was called on the bill to indicate unanimous opposition.

"Although the bill purports to be strictly a local bill applying only to five specific counties in the Winter Garden area, it is in effect a cleverly camouflaged piece of legislation which includes the entire state of Texas within its jurisdiction," declared W. O. Fortenberry, president of the Association, at the close of the meeting.

Calling upon every farm organization in West Texas to align their efforts with the High Plains Water Use and Conservation Association, Fortenberry announced that the Association would continue to fight the bill until it was killed. In response to the request a resolution adopted by the Swisher County Farm Bureau "to assist the Association in every effort" came from the floor.

Taking two hours to outline objectionable sections of the lengthy bill, directors of the Association called upon every member of county associations to make known their opposition. To make the objectionable contents of the bill publicly known throughout West Texas, the Association took two pages of Southwestern Crop and Stock, West Texas farm magazine, in which to publish excerpts of the bill and the Association's objections to them, calling upon every member of county water associations to avail themselves of this information.

Plans have been made by the association to send representatives to the Winter Garden area to find out the true sentiment of the irrigation farmers of that area on the bill. Representatives will also go to Austin to combat the bill in committee rooms of the legislature.

Ag Classes for Vets Lacks Enrollment

"We are ready to start a class in vocational agriculture in Farwell just as soon as we get enough Veterans interested in taking the course," stated Loyde Brewer, Veteran's Service Officer today.

Brewer said that to date only eight local Veterans has signed up for the course and not less than 16 was the minimum on which the class could be started. He said that C. V. Lovelless of Friona, county co-ordinator, had agreed to serve as local instructor until a qualified teacher could be secured.

Brewer pointed out that residents of New Mexico may enlist in the school and receive the same consideration an compensation as Texas residents. He also stated that disabled Vets or any ex-soldier now receiving compensation could enroll in the school without affecting their pension payments. "The only requirements is that he must be a farm operator," Brewer said.

He suggested that any Veteran now operating or engaged in farming in any way, who might be interested in taking the course to see him at once.

Phillips 66 Station Given Change In Color

The local Phillips 66 service station, is getting a new coat of paint, with the color being changed from green to clay, the first time the Phillips Company has used this color, stated James Spurlin, assistant manager. James said that all surrounding company stations were being painted a similar color, but that none were identical. Although it is hard for the eye to detect the difference.

MAKING IMPROVEMENTS

The Darr Service Station in Farwell is undergoing some improvements this week. A new concrete floor is being laid in the business and merchandising quarters and the interior is being re-decorated.

Health Notes

By Texas Department of Health

Austin, Texas—An automobile collision can kill a human being just as certainly as cancer, and a traffic accident can cripple just as badly as poliomyelitis, and for this reason Dr. Geo. W. Cox, State Health Officer, urges Texans to protect their health and lives by using the utmost care on highways.

"It is the duty of the State Health Department to do everything in its power to foster good health and pre-

vent as many needless deaths as possible," Dr. Cox declared, "and because so many Texans each year are killed, permanently crippled, or disabled for long periods of time through preventable traffic accidents, I earnestly urge every driver in the State to do his conscientious best to help reduce the number of these tragic and often fatal smash-ups."

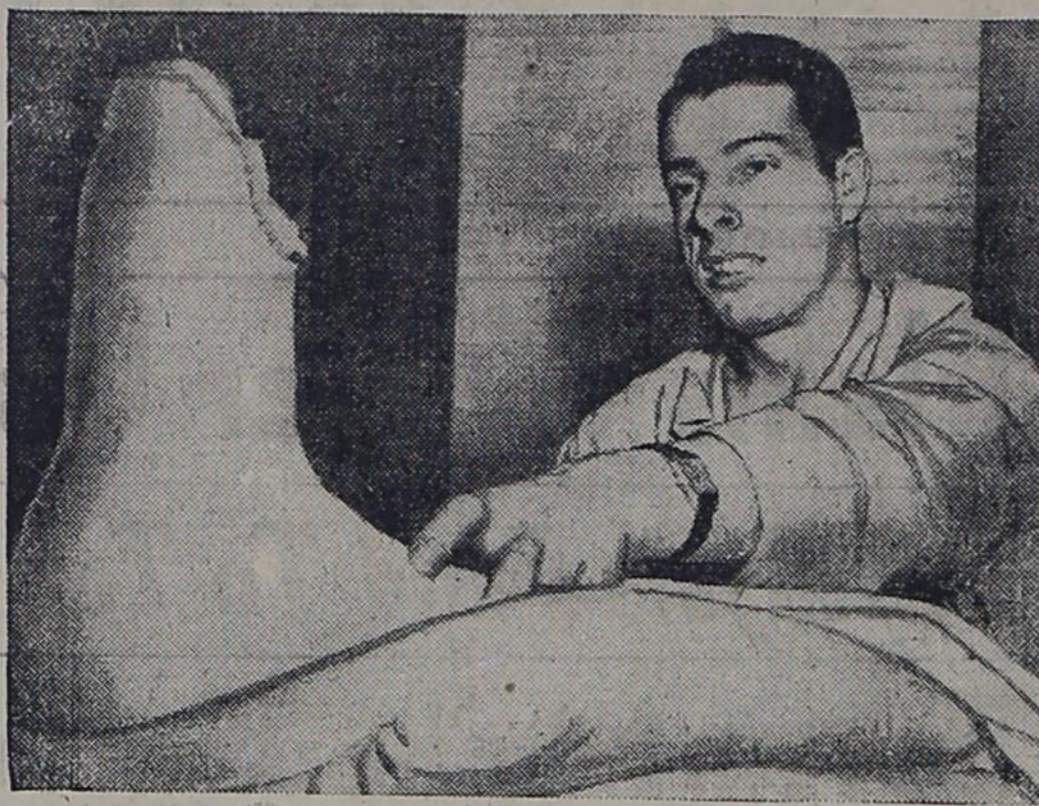

Dr. Cox said that it is a driver's responsibility to know that his lights, tires and brakes are in good condition; that he pay proper attention to traffic signals and road signs; that he give due regard to other drivers and pedestrians; that he use great caution at unmarked intersections. "and above all," he urged, "use common sense and follow a live-and-let-live policy when in our car, whether driving to the corner grocery, or going from coast to coast."

Register For Fall Term

LUBBOCK.—A total of 449 students enrolled in Texas Technological College last semester have completed pre-registration steps for the fall semester, according to W. P. Clement, registrar.

In order to give priority on registration to students now in school, they were permitted to pay fees early. College officials expect about 1500 new students to register next week.

Of students returning, it has been estimated that 3500 are men, including more than 2500 veterans.

DI MAG FEELING FINE AFTER SURGERY . . . Joe Di Maggio, New York Yankee infielder, is shown in New York hospital, looking at his cast-bound foot following the removal of a calcium growth. A bursa condition found in Joe's heel was also cleared up. His doctor reports that Joe should be able to play as well as he ever did. Di Maggio says that he thinks he can break the record set during the last baseball season and will be in better shape after operation.

Questions And Answers For Veterans

Q—Since my discharge from the armed services, I find that I am suffering from a chronic ailment. Am I entitled to anything in the way of compensation or pension because of my disability?

A—Chronic disease causing 10 per cent or more disability within one year from separation from active military service is presumed to have been incurred in, or aggravated by military service. Your service must have been for a period of 90 days or more, part of which was war time service. However, a finding of service connection may be rebutted by evidence showing previous exist-

ence of presence of a new ailment which affects the chronic disease.

Q—I was wounded in action in World War I and have a service-connected disability. Can Veterans Administration change my rating from service-connected 20 per cent to non-service-connected total disability at age 65?

A—A World War I veteran receiving compensation for partial disability due to disease or injury incurred in service who's rated permanently and totally disabled for pension purposes, is awarded the greater monetary benefit, if his claim is otherwise appropriate. If the service-connected disability subsequently becomes even more disabling and represents an additional benefit, the payments can be made on that basis.

Q—I have two dependent children. I am a World War I veteran and would like to know if I can get a nonservice-connected pension?

A—If you believe you are permanently and totally disabled, you should communicate with Veterans Administration regional office having jurisdiction over your address and forward to that office VA Form 8-326b, together with evidence of your condition.

Q—My son was killed in World War II. He had designated his two sisters as beneficiaries of his G. I. insurance. One of the sisters passed away recently and I would like to know if I have any rights to her insurance benefits?

A—If his sisters were jointly designated beneficiaries or if each sister was specifically designated contingent beneficiary of the other, then upon the death of one sister the other sister would get the share of the one who died. However, if the designation is not joint or each sister was not designated contingent beneficiary of the other, then upon the death of one of the sisters the remaining installments would be paid according to law, National Service Life Insur-

ance Act of 1940, and you may have some rights.

LEGAL NOTICES

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Anna Mae Lane and the unknown heirs, assigns and legal representatives of John Lane and Anna Mae Lane, deceased, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 17th day of March, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 7th day of January, 1947. The file number of said suit being No. 1386. The names of the parties in said suit are:

W. A. DOSSEY, as plaintiff and Anna Mae Lane and John Lane, deceased, and the unknown heirs, assigns and legal representatives of Anna Mae Lane and John Lane, deceased, Ethel Dossey, Charlie Dossey, Eula Covich, Jack Covich, Earl Lane, Lawrence Lane, Arnold Lane, Rose Mary Howell, Minta Lane, Norene Silva, Albert Silva, Jackie Packard, Eli Langford, Willis Langford, Wilbert Langford, Irene LaFoy, James Edward LaFoy, Ruby Bohannon, George Bohannon, Mildred Williams, Bill Williams, Frank McGregor and Jack Packard as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiff alleges that he owns an undivided one-half interest in the following described land: North 85.6 acres of the West 1/2 Section 104, Kelly Subdivision, in Parmer County, Texas,

and that John Lane, who is deceased, owned the other one-half interest, but the heirs of John Lane, deceased, now own said land. Plaintiff prays for a partition of said land in kind and if the land is not susceptible to partition in kind, Plaintiff prays that a receiver be appointed with full authority to sell said land, employ counsel, pay abstract bills, court costs, and any and all other necessary acts to perfect the sale of said land.

If his Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 7th day of January A. D. 1947. Given under my hand and seal of said Court, at office in Texas, this the 7th day of January A. D. 1947.

LOYDE BREWER, Clerk, District Court, Parmer County, Texas (SEAL) 9-4tc.

Hybrid Corn Tests Results Favorable

COLLEGE STATION.—Field performance tests conducted during 1946 at 17 Texas A. and M. Agricultural Experiment Sub-stations showed hybrid corn to have an average yield increase of 33 per cent over open-pollinated corn varieties.

The tests involved hybrids from commercial hybrid seed corn companies and other state agricultural experiment stations, native adapted open-pollinated varieties and many experimental corn hybrids.

Except in the Lower Rio Grande Valley and the Gulf Coast region, the performance tests showed a marked increase in the yields of hybrids over open-pollinated corn at all locations. Agronomists and plant scientists of the Texas Agricultural Experiment Station staff who reported on the performances say that the hybrids under test may have certain general areas of adaption. Texas Hybrids Nos. 8 and 18 have given good results in the central and western corn growing areas of the state. Over a period of years, Texas No. 8 appeared to be the most drought-resisting of the hybrids tested, and Texas No. 12 seemed to be best adapted to areas of high fertility and adequate rainfall. Although Texas No. 29 has been in production for only two years, its performance indicates a general adaptability for satisfactory yields. Texas No. 9-w is the only Texas wide range of conditions.

Two of the many experimental hybrids tested, a yellow and a white, were promising, and plans have been made by the Experiment Station to start their production in 1947.

Summing up the test results, Experiment Station men say that the field performances again showed that adapted corn hybrids are superior to open-pollinated varieties.

Foods on the market in abundance during February will be fresh citrus and apples, canned citrus juices, canned grapefruit segments, dried peaches, potatoes, onions, celery, eggs, heavy tom turkeys and peanut butter.

Free Movie Coming Here Tuesday, 4th

A general invitation to farmers of this community and of nearby towns to view "Men With A Mission," a motion picture in full color, has just been issued by Ralph Humble, Minneapolis-Moline dealer of Farwell.

The picture will be shown on Tuesday, February 4, at 2 p. m.

The picture tells the story of a boy and a girl who at first seem dissatisfied with their life on a farm and do not appreciate the highly interesting role farmers are playing today in producing the essential needs of humanity and of industry. By a series of amusing incidents they are convinced in the end that farmers are men with a mission that challenges the imagination.

The picture also depicts the part farmers and modern farm machinery are playing in expanding production and in meeting growing demands by the world for food and by industry for raw materials produced on farms. Scenes for this picture were filmed entirely in color and in all parts of

the United States.

In assuring the farmers of this community that the picture and the program, which are entirely free, will be entertainment events they will long remember, Humble said.

The show will be held at the Humble Implement Store.

METER MEN PUT ON DOG

CHARLESTON, S. C.—"A meter reader isn't really good at his trade unless he has learned how to handle dogs", Chief Collector R. A. Nelson of the South Carolina Power Company's meter readers contends. Each reader keeps a notation of the habits of various dogs on his route sheet. "Even then, they get bitten sometimes," he says.

FOR AUTO Financing and Real Estate Loans at 4 1/2% Interest. See us. Pool Insurance Agency, Muleshoe. 12-1f

Pvt. George Paul Is Assigned To Japan

January 27—Pvt. George T. Paul son of Mr. and Mrs. Rupert Paul, of Route 2, Texico, New Mexico, has recently been assigned to the 19th Infantry Regiment, a unit within the 24th Infantry Division, for occupation duty on Kyushu, southernmost and third largest of the Japanese home islands.

Pvt. Paul entered the Army on September 14, 1946 at Fort Bliss, Texas, and prior to overseas shipment, received basic training at Ft. Knox, Kentucky.

Upon his arrival in the 24th Division areas, Paul found many improvement projects under construction. In an effort to make life overseas equal to that of a soldier stationed in the United States the "Victory" Division has furnished its men with the best recreational and amusement facilities available.

We couldn't understand why son was constantly falling out with his girl friend until he said that she was always willing to kiss and make up and he liked that.

Sunny Side

(By Sonny Graham)

Had a vacation in mind recently? Well, go ahead and go, and I hope you enjoy it, but as for yours truly, count him out. The last vacation I went on was an encampment of the local FFA boys of Farwell. Speaking of trouble . . .

We had decided to make the trip in a bobtail truck—thirteen of us and all our equipment. With the equipment that we would have needed, it alone would have filled two trucks, but what we took consisted of bedrolls, several tarps, very, very little grub (incidentally, this is one item that should not have been neglected), far too few pots and pans, and some personal belongings and fishing tackle, the latter being given more attention than any other single item (another mistake).

We left about ten bells on a Thursday morning. Destination: Red River, New Mexico; Purpose: to loaf and catch trout. What was finally accomplished remains to be seen. Our first stop was in Clovis, where we took on additional angling equipment, obviously, the most important thing of all. (When blind lead blind, both go into the ditch). Clamoring into the open truck in high spirits, we started on the second lap of our ill fated trip. Before we got to Las Vegas, the general enthusiasm for the jaunt had died down considerably. To be more specific, there were thirteen blistered faces from driving in the sun all morning, sixteen watery eyes from facing the wind in the back of that thing we called transportation, and 999 aching muscles from being cramped in a corner and 12 boys leaping at the opportunity of anything to sit on, mainly you.

After our dinner, we felt considerably better, but knowing we couldn't take this kind of treatment all day, erected the large canvas tarp I had contributed to the expedition over the sideboards of the truck. Everything went fine for about five miles, when we discovered that the tarp had whipped in the wind until it had worn a big hole in one corner and threatened any minute to tear completely in two. That left us without protection again.

The policy of this fine group of boys, I found out, no exception myself, was to do the best you could for yourself and to heck with everybody else. I first got this impression when I fell asleep about halfway from Las Vegas to Red River. This had been the only escape from the traveling tortures that I had been able to find since the beginning of the trip, and no doubt I was congratulating myself in my sleep. I awoke with the sensation of being extremely wet and cold; which I was. It had commenced to rain, and the rest of my "friends?" had immediately grabbed up the only available tarpulin and sought shelter from the rain. When I tried to get a little protection for myself, I was consigned to sit it out in the rain because I was "wet and cold, and besides all that, there wasn't any room". Nor did I know that this wasn't the first time I was going to have to sleep in the rain.

Upon our arrival in Cimmarron Canyon, just below Red River, we broke camp and bedded down for the night. The boys from West Camp slept on the immediate side of the river, and the boys from in town, not content to let good enough alone laid a small log across the river and transported their belonging to the other side. Bad luck got an early start on Herman Gerles, when, on the way across our somewhat unstable log, he lost his balance and all his equipment; bedroll, food, clothes, eats and the like, went into the "erik", receiving a sound soaking. Rushing to the nearest bend of the river as fast as his wet clothes would permit him, Herman rescued his deragled bedroll which had floated some 45 or 50 yards before its owner was able to overtake it. That evening, Herman hung up his things so that they might dry, but before dawn broke, (and we were up at the crack of dawn, thanks to the joke-playing partners across the river) it was quite evident that Herman wouldn't be able to use his things for awhile yet. During the night it had rained.

The following morning, we enjoyed a fine breakfast of one egg, (fried) and if you thought your stomach could take it, all the pickles you could eat. With this fine meal under our belts, we made up our

minds to conquer the towering mountains on either side of us. Not that they were the biggest in the region, far from that, but because we thought this was as good an idea as any. After all members had wearily staggered back down what, in all respects, seemed to be only a small and easy climb, we at dinner (one strip of bacon, and two spoons of Ranch Style beans). The more enthusiastic tried their luck at catching a few trout for supper. That night we went hungry for trout. (We also went hungry for supper, no one would stoop to the level of cook).

That night it rained again. Arising the next morning with disgust of the weather and the fishing in our souls, we set out for Red River, with the hope of finding a dry, camping ground and some fishing. Upon arrival, our first disappointment was that there was definitely no dry camping ground. Likewise, there was no fishing to speak of. Trying to look as though we were having a good time, we bedded down again that night with the fond hope of escaping the agonizing rain. We didn't.

Earlier that evening we announced with great gusto and pride, that we had found a fairly dry spot right down next to the river. Setting up our makeshift tent, and trying to sleep (as though anyone could sleep with two good-sized boys on top of you, and two good-sized rocks beneath you), we, or rather I, was awakened by angry voices of my bed-

fellows, who in turn, had been awakened by the river, which in the night, due to the heavy rain which came, had caused said river to swell and creep into our tent. They didn't mind water in our tent, but they were indignant when it soaked through their beds. I was lucky, I had a waterproof sleeping bag! (Conclusion of this heart-breaking story will be found in next week's issue).

Ollie Limer, the newly named County Agent of Parmer County, is scheduled to assume his new duties here on Feb. 1st. Limer comes here from Plainview, where he has been serving as assistant county agent.

RED CROSS PHARMACY
Texico, N. M.

Announcement...

One of my ambitions for the past several months was realized recently when I was informed that I had been selected as the local Consignee for The Texas Company and I took up my duties here early last week.

The products of The Texas Company needs no recommendation to the people of Texico-Farwell and surrounding trade area. You have been good customers of the Company for many years, and I trust that I may continue to serve you. Your continued patronage will be sincerely appreciated. Mrs. Davis will be associated with me in the business and she will be found at the office at any time I am out looking after business for the Company.

LEWIS DAVIS

To My Friends

I wish to use this method of announcing to my friends and the general public at large that I have purchased the interest of D. K. Roberts in our partnership and hereafter the business, formerly operated under the name of Roberts & Hardage will be known as the Hardage Tire Shop with the undersigned as sole owner of the business.

It will continue to be my pleasure to serve you with U. S. Royal Tires and automobile accessories, and your continued patronage is solicited.

Walter Hardage

Local Happenings

Miss Dozier Guest Speaker At Girl Scout Council, Wednesday

The Farwell Scout Council met in the Home Economics building, last Wednesday afternoon. Miss Dixie Dozier, National Field Worker, was present and gave some very helpful suggestions on the new "Association" type of government.

Several local leaders took advantage of the two weeks of instruction offered in Clovis recently. The use of Troop Mothers' Club in connection with scouting seemed a practical point.

On Tuesday, January 21, a special service was held in which Patty Cox received her Brownie pin. Patty had her seventh birthday recently. Her mother attended the meeting which was held in the home of Mrs. W. L. Hardage, leader.

Investiture with candle-light services were held last Wednesday in the home of Mrs. John Aldridge for Modelle Hammonds, Merlyene Morris and two new leaders, Mrs. Roy Cook and Mrs. Lloyd Brewer.

At the close of the meeting, refreshments were served by Mrs. Lunsford, Mrs. Spurlin and Mrs. Park. All girls in uniform were permitted to take part in the ceremony.

Mrs. Branscum Hostess To BTU Thursday Night

The Intermediate B. T. U. department of the Baptist church enjoyed a party last Thursday night in the home of Mr. and Mrs. O. R. Branscum.

After several games had been played refreshments were enjoyed by the following: Alta, Gerald and Darrell Norton, D. J. Brown, Coleman Hunton, Dee Jay Brown, Cary Joe Magness, Ernest Foreman, Modelle Hammonds, Alta and John Wyrick, J. D. Kelly, Willie Joe Carpenter, Leonard Watkins, Theda and Nelma Branscum.

Mr. and Mrs. Harold Dixon and Jimmie Temple of Albuquerque, visited in the homes of Mrs. Ruby Dixon, and Mrs. J. C. Temple last Wednesday.

Ruth Sunday School Class Enjoys Social In Hardage Home

The Ruth Sunday School Class of the Baptist church met in the home of Mrs. Carrie Mae Hardage, Monday night, January 27. Mrs. Carrie Mae Hardage and Mrs. Trossie Blewett acted as co-hostess.

At the beginning of the social hour a short business session was held followed by games that were enjoyed by all.

Refreshments consisting of Red heart sandwiches, individual cakes, and punch were served carrying out the Valentine motif.

Members in attendance included: Mrs. Mary Whitley, Mrs. Lucy Brown, Mrs. Carrie Hamrick, Mrs. Bessie Landrum, Mrs. Fern Hardage, Mrs. Trossie Blewett, Mrs. Onie Bradshaw, Mrs. Velna Seale, Mrs. Marie Cox, Mrs. Fern Arnes, Mrs. Alvenia Sharpe, Mrs. Dickie Magness, Mrs. Susie Schleuter, Mrs. Beulah McWilliams, Mrs. Maxine Cook, Mrs. Ruth Middleton, Mrs. Eva Branscum, Mrs. Inez North and Mrs. Carrie Mae Hardage.

There were three visitors present, namely, Mrs. Lorene White, Mrs. Frances Case and Tom Paul McCuan.

Warren Powers Will Take Teaching Post

Warren Powers, former principal of the Farwell high school, who recently has been serving as deputy county clerk of Lubbock County, has recently been assigned to the Oklahoma City University, where he assumed his duties as a member of the economic faculty.

Mrs. Powers teaches in the public schools at Lubbock and she and children will remain there until the close of the present school term.

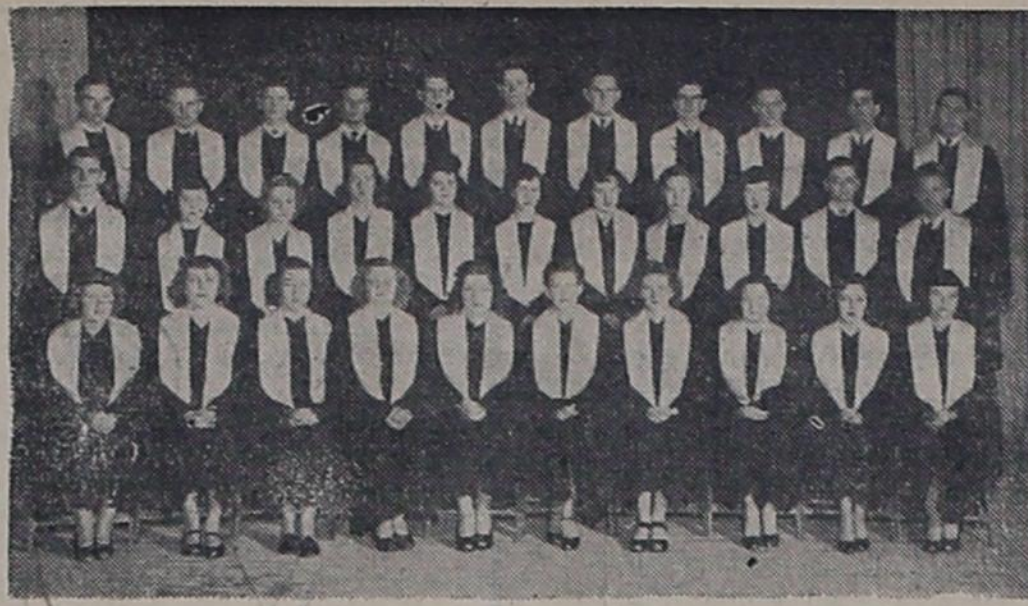

Powers obtained his B. A. degree in Texas Tech in 1933, his M. A. in 1938. He was a pre-flight instructor at Tech College during the recent war.

Mrs. Elmo Courtney, of Clovis spent last Thursday visiting in the home of Mrs. Hayden Cason.

Walter Hardage, of the Hardage Tire Co., was in Amarillo last Thursday afternoon attending to business.

LICENSE ISSUED

Records at the office of County Clerk Loyde Brewer, reveal that a marriage license was issued to Winfield Evans and Miss Mary Agnes Ross, on January 23.

Abilene, Texas, Jan. 29.—Pat Wilson and Willie Ellen Williams, both of Bovina, are members of the Chanters, McMurry college choral group now on a tour of West Texas and New Mexico, where the group will sing in a number of high schools and churches.

The Chanters left Abilene Friday, Jan. 24, for several engagements in New Mexico and are scheduled to return Feb. 2. While in New Mexico the Chanters will visit Carlsbad Caverns and White Sands.

Gypsy Ted Sullivan Wylie is director of the group and Miss Louise Spiegelmire will be the accompanist during the trip Harold Thomas, professor of organ and theory at McMurry college, will appear in special numbers with the group in the concert at Midland.

FAREWELL TENDERED MR. AND MRS. ROBERTS

Mr. and Mrs. D. K. Roberts were honored with a farewell party given in their honor Tuesday night by Mr. and Mrs. W. H. Graham with members of the Sunday Council of the M. E. Church attending.

Following the business session of the Council, guests enjoyed numerous games after which refreshments of ginger bread, whipped cream and coffee were served. As a going-away gift members of the Council presented Mr. and Mrs. Roberts with a lovely luncheon set.

Those attending were Mr. and Mrs. Roberts, Mr. and Mrs. H. A. Clift, Mr. and Mrs. B. N. Graham, Rev. and Mrs. Harvey Correll, C. F. Beiler, B. A. Rogers.

Mr. and Mrs. Hayden Cason were visitors in Lubbock over the weekend in the home of Mr. and Mrs. Richard Crume.

County Clerk and Mrs. Loyde A. Brewer attended to business matters in Lubbock, Saturday.

Mr. and Mrs. D. K. Roberts and Mr. and Mrs. Paul Roberts and their Mother, Mrs. Roberts are leaving Thursday for Arizona where they plan to make their home.

Mrs. Peggy Greathouse of Texico, is in Abilene this week visiting relatives and friends.

Mr. and Mrs. Billy Joe Foster are proud parents of a son, born Sunday night. The infant's name had not been learned as the Tribune goes to press.

Leon Grissom of the Oklahoma Lane community re-entered Texas Tech this week after receiving his discharge from the armed forces.

Mrs. Emma Jolter, mother of Mrs. Jack Roach, is reported to be suffering from a fractured leg.

Mr. and Mrs. Fred Kopley visited in the home of Mr. and Mrs. O. G. Gulley, Sunday afternoon.

Miss Ann Nabors spent the weekend visiting her parents, Mr. and Mrs. R. G. Nabors who reside near Abernathy, Texas.

Miss Hazel Dishman spent the weekend in Littlefield, visiting her parents, Mr. and Mrs. A. L. Dishman.

Miss Jessie Bell Tennyson, of Clovis, visited in the home of Mr. and Mrs. W. H. Graham Sunday afternoon.

Mr. and Mrs. Jim Cleve Dixon of Lubbock, visited in the home of his mother, Mrs. Ruby Dixon, Sunday.

Mr. and Mrs. Raymond Martin and children of Cameron, New Mexico, were visitors in the home of his parents, Mr. and Mrs. V. L. Martin, Saturday evening.

Dinner guests in the Frank Smith home Sunday included Mr. and Mrs. Roy Hawkins and Roylene, Mr. and Mrs. Pete Davies and children, all of Bovina, and Mr. and Mrs. Oliver Sikes of Farwell.

Conrad Nelson was unable to attend church services Sunday due to a fractured hand and wrist he received several days ago while working with a feed mill.

The singing class met Sunday night for its regular class sing. The time was changed from Sunday evening until after church services on Sunday nights.

Mr. and Mrs. Lee Thompson and children of Bovina, spent Sunday visiting in the home of Mr. and Mrs. Charley Thompson of this city.

Rev. A. L. Strubble of Albuquerque, arrived here the first part of the week to spend several days visiting with old acquaintances.

Rev. David R. McNew, pastor of the Pentecostal Holiness Church in Bovina is in Oklahoma City this week attending to business matters.

Mr. and Mrs. W. B. LaVeque of Muleshoe, were here Sunday afternoon visiting in the L. S. Pool home.

Mr. and Mrs. Raymond Mears and children visited Sunday in the home of Mr. and Mrs. Clifton Petty in Olton.

Jim Bob Smart accompanied by his mother spent Sunday visiting with friends in Portales, N. M.

Mr. and Mrs. F. E. Evans of Kama, Iowa, visited last week in the home of Mr. and Mrs. V. O. Faville, of Texico. They were enroute to Phoenix, Arizona where they plan to spend the winter.

Last Wednesday evening, the Superintendents and Principals of the Parmer County schools, met at Oklahoma Lane school, in their regular monthly meeting. After the business meeting was over the visiting teachers were served refreshments in the school cafeteria.

ALWAYS BE PREPARED

The best policy is to always be prepared for first aid emergencies, for we never know when and where an accident might happen.

Keep your medicine cabinet well stocked with first aid remedies and treatments for the common cold. Such precaution will often save a big doctor bill.

THE METHODIST CHURCH

The Church School 10 a. m. C. F. Bieler, Superintendent.

The Morning Worship 11 a. m. Sermon subject, "Jesus Answers Questions On Stewardship."

PROVED BY 66 BILLION MILES OF SATISFACTORY SERVICE

Mr. and Mrs. W. E. Martin of Farwell became the bride of Kenneth Thompson, son of Mr. and Mrs. Lee Thompson of Bovina last Tuesday afternoon, in a quiet but very impressive ceremony in Clovis Tuesday, Jan. 21st.

Kenneth served a year in the Navy stationed at Pearl Harbor, most of the time, since his discharge he has worked at the New Mexico Press in Clovis.

Mrs. Tompson has worked at the AAA office in Clovis for the past two years. The couple left immediately after the ceremony for Abilene, Texas, where Kenneth will enter A. C. C. next Semester.

Richard E. Burleson, assistant dairy husbandman of the Texas A. and M. College Extension Service, states that the school will be open only to those who will become available as technicians in Texas artificial breeding associations. Enrollment will be limited to ten students.

Qualifications for a technician's position include dairy or farm experience, an interest in dairying, and a high school education.

Burleson announces that prospective husbandman of the Texas A. and M. College Extension Service, states that the school will be open only to those who wish to take the training course should send an enrollment application, along with their qualifications, to the Dairy Husbandry Department, Texas A. and M. College, College Station, Texas.

Individuals excepted for enrollment will be notified.

EDITORIAL

GIVE A DIME By Hersel Harding

The March of Dimes is going in full swing with the Bovina-Farwell high schools competing, at the last report Bovina hundreds of dollars and Farwell hundreds of dollars, make a guess who will win. Now to

lay aside fun for a while and talk business. A dime from your pocket may help a boy or girl walk again, don't you think a leg is worth a dime? In San Antonio, Texas, the other day a newspaper man standing on the street selling papers, gave all his earnings for that day to the March of

Dimes, two dollars, a small amount, but what about you who make 5-10 dollars a day. Can't you give one days earnings, if not, can't you at least match the man that was selling newspapers, you see this man liked children and wanted them to be happy, he is happy and is fighting the dreaded disease.

"Give a Dime" match the \$2.00 this man gave, (at least) you aren't BLIND as the man standing on the corner selling newspapers is.

3RD GRADE NEWS

We are glad to have Odis Houston back in our class and a new girl, Virginia Cates from Progress. We hope she will like our school.

Monday was doll day for the Third Grade girls. Each of them brought their dolls, prizes were given for the two prettiest dolls and their pictures made. 1st prize: Betty Shanks and 2nd prize: Glenna Ruth Davis.

We have several absent today. W. E. Harvey has chickenpox. We hope he will soon be back with us. Linda Kube went to see the Dentist. We don't know why Dan Hammonds is absent.

Our Canary bird has come back to school. He has been at home since Christmas.

We are glad to have Lex Huggins come back to school today to visit, we will be glad when he is able to return.

Sophomore News

We wonder why A. C. got so mad at Coach coming back from Bovina, couldn't have been because he wouldn't turn the lights. Eh!!!

We're going to have to talk to Mrs. Thomas and ask her to feed Warlick's breakfast because he has a very large nose from trying to eat with the pigs!!!

We hear Tommie went to Albuquerque this weekend. We wonder if she had a good time!!!!

The weekend was so tough for Peggy C. she couldn't even take a homemaking test Monday morning.

We all heard about Miss Nabors sick spell and nope the trip home helped it. Because we all knew she was homesick.

We wonder if James Paul's wreck will make Iris stay home any at all.

2ND GRADE NEWS

We are happy to have two new pupils in our room. Carl Churchwell has moved here from California, and Warren Curtis came back from Texico.

Lometa and Pat are absent today. We hope they can come back soon.

We have been making some health posters. Arlin Lee's cousins, Larry and Cary Summers, from Clovis, visited him Sunday.

4TH GRADE NEWS

We are glad to have a new pupil Caral Curtis, who entered last week.

Dear A. and P.,

Since I have moved here I have liked a certain boy very much. He has gone with two girls, not either one steady, how can I win him.

Yours,
Unhappy

Dear Unhappy,

Your situation makes us very sad, about all the advice we can give you is to be the kind of a girl he would want. Be neat and courteous. Invite him to your house for supper or something. Hoping you happiness.

A. and P.
P. S. Tell him about your affections.

Dear Abigale and Pheobe;

I am a dark-headed boy with brown eyes and curly hair and I am in need of a girl. She is tall and dark headed and pretty,

Yours,
Handsome.

HAIRBRAIN HARRY

(Part III)

SYNOPSIS: In the preceeding issue of the famed Hairbrain Harry, our hero was informed by Gravel Gertie, sister of Dirty Gertie, that the B-O Ranch would be mortgaged unless Gravel married an unscrupulous lawyer who, she said, also had a doubtful character. Therefore:

Hairbrain Harry orders both of the ladylike females to climb aboard his never failing Cushman motor scooter and they are off in a cloud of spitts. Upon arrival at the B-O Ranch, the boys gathered around a hearty fire in the cool of the evening and are singing an old range favorite, "Lifebouy really stops B-O". Restraining them a moment, Hairbrain asks, "How much do you need?" Gladden by the arrival of this fearless trouble-shooter, the boys beg him to help them save the ranch from the seemingly inevitable clut-

ches of Slicky Slime, the lawyer.

At this moment of intense drama, who should ride up but Slicky himself, with papers drawn up for the control of the ranch. Gravel cringes in mortal terror as the vile lawyer says, "ah my sweet, come with me to the Caoba, we will make sweet music together. . . ."

Dora Downs the Texico Wolverines

The Dora boys clipped the Texico Wolverines, last Friday night on their home court, with the score reading, at the final, 43-37, with Berrney, of Dora, being high point man of the game, with 23 counters to his credit, followed by Fought, of Texico, with 19.

The game was a good one, with the exception of both teams missing many charity throws. Coach Sanders, of Texico said that the game could have easily been in their favor, had the Wolverines been able to count half of their free throws. Texico made 8 of 28 charity shots while Dora counted 9 out of 17 tries.

Creamer and Radcliff, both of Dora, officiated the game.

Brackets Made Up For County Tourney

Members of the Curry County Schoolmasters met last Thursday night, January 23rd, at Pleasant Hill, to make plans for the coming tournament. To be held February 13, 14 15th. Brackets were drawn in which the games will be played, quiet a discussion confronted the officials in drawing up the bracket, as to who should play who, and what teams carried the highest honors since the beginning of the basket ball season. The bracket for the girls were

drawn first, with Ranchvale to meet the Grady Bronchoettes, and Rosedale drawing a bye for the other half of the top bracket. Texico will meet the Pleasant Hill girls in the first round, with Field drawing a bye for the other half of the bracket.

In the boys bracket, Rosedale drew the Grady Bronchos, with Fields drawing a bye of the first round. Melrose is slated to meet the Ranchvale Trojans in the Top half of the lower bracket, which leaves the Texico Wolverines to play the Pleasant Hill Indians in the other half.

Officials named to work the games were David Covington, Frank Wollard, Charles Fischer, and Ray Barton.

Home Game Scheduled Friday Night

The Oklahoma Lane Cowboys and Cowgirls are scheduled to make their appearance on the Farwell court Friday night. The opening girl's game beginning at 7:30. Following the girl's contest, the Farwell Steers will play the visiting Cowboys. Both of these contests are conference games. Tuesday night of next week the locals will go to Friona to play the Chiefs and the Squaws on the Friona home court.

The only way to be sure that dairy cows are being kept full of feed is to offer them plenty of roughages at all times.

SPORTS

Doubleheader at Texico Friday Night

Both the A and B string boys of Floyd will attempt to topple the Texico boys in a doubleheader on the local court, next Friday night.

The second teams will start the evening of battle, at 7:00 o'clock, to be followed by the first string boys. Coach Sanders, of Texico, stated that the winner of this game will be placed among the top for the district tournament, to be played at Portales, February 27-28 and March 1st.

Floyd has a fast team, stated Coach Sanders, but the Wolverines are expected to give them plenty of competition. Bill Meredith, officiated the games.

Sanders seemed very well pleased with the average of the Wolverines, having played 14 games and lost 5, and he stated that the boys are showing improvement, all the time.

Texico Independents Win Over Benson's

The Texico high scoring Cagers toppled the Benson's School of Commerce outsiders, last Thursday night, on the Texico court, with the final score reading, 42-25.

A the end of the first quarter, the Cagers led by 5 points, with the score book showing a 13-8, count, but Benson's gained the 5 points and added two more to tie the Texico boys, 15-15, at the half. The Cagers put the visitors behind in the third quarter by 7 points with the counters reading 27-20.

Bowers and Johnson, of Texico, were high point men for the locals, with 11 and 10 points respectively, while Smith and Edwards of Benson's, counted 10 and 9 for high honors.

Steers Have Close Call Over Adrain Foes

The Adrain Cowboys and Cowgirls visited in the Farwell Gymnasium last Friday night and lost both boys and girls games to the hosts.

The local girls came out from behind at the half to take a lead in the third quarter and hold on to it the remainder of the games.

The first quarter held both teams nearly scoreless, Farwell's only count being a free shot, and Adrain's only one being a field goal. The second quarter ended 6-2, favor of the Cowgirls, but the third stanza saw trailing Farwell pull from behind to take the lead 9-8. Farwell swung on to their slight advantage and finished the game 16-10. Jones of Farwell was high with 7, and T. Huett of Adrain was high with 6.

The Steers got off to a good start by holding the visitors completely scoreless in the first period, 10-0. The Cowboys turned around and did almost the same thing to the Steers in the second, racking up a field goal and letting the Steers score only on one charity toss, 11-2. Again Farwell's usually fast scoring offense was held to a meager free shot. The Cowboys scored two field goals in the third to make it 12-6, Farwell. The Steers finally got to rolling in the last go-round of the game and

Steers Down Hereford In Overtime

Three points behind with 22 seconds left to go in overtime here last night (Tuesday), the Farwell Steers miraculously pulled from behind to take the game from Hereford with two lightning fast field goals.

The Steers were scored on at the beginning of the thriller when Hereford pulled a fast one at the tip-off, and followed it up with an extremely long shot from out front. The end of the first quarter saw Farwell fall behind 4-1.

The locals tried hard to close the gap in the second stanza, but their shots simply would not fall. The visitors continued their aggressiveness in their favor, at half-time. The Steers definitely did better in the third go-round of the fray, and squeezed a narrow margin of 2 points on the visiting quintet; 13-11.

But the fourth quarter saw Hereford reach into her reserve to draw out several beautifully executed long shots which together with a number of free throws, brought her up neck-and-neck with her opponent. Time ran out with the score standing 17 all.

Frenzied attempts by both teams to score in the opening seconds of the over-time period were of no avail, but later Hereford received an opportunity to pull ahead on charity tosses of which three were good. The Steers switched from a zone to man-to-man, pressing, and called time out from a free shot with only 22seconds remaining in the game. Farwell chose to take the ball in at the sidelines rather than try for the free goal. Williams received the pass-in from the Steers, and dribbled under the goal to count up a badly needed two points. With the crowd on their feet and the large majority of the full house yelling their lungs out for their favorite team, Robertson intercepted a Hereford pass under Farwell's goal, and shot a wild shot which hit the backboard, bounced on the rim, and dropped in. The referee signaled that the game was over, and the spectators had begun to file out of the auditorium, but attention was called to the fact that immediately after the final shot by Robertson, the captain of the Hereford team called time out, but because of the intense cheering, had been unable to attract the referee's attention. Because the referee did not signal the time keeper that Hereford called time out, the stop watch ticked away and the end of the game. After discussion between the boys and coaches, it was decided that Hereford would be allowed to bring the ball in under Farwell's goal, and receive 5 seconds of playing time. Hereford passed far down the court and receiver of the pass was in the act of shooting when time ran out. The game ended 21-20, favor of the Steers.

Higgins and Millard tied for score, doubled their score to take slight advantage. The visitors didn't do so badly though, they scored 11 points to Farwell's 12, thanks to Voles long shots and an occasional crip. The game ended 24-17, Farwell. Hart led the scoring sacking up 11 for Farwell, and Voles, of Adrain led the visitors with 6.

District Tourney Getting Underway

Coach C. E. Sanders of the Texico high school announced that a meeting was held, Monday night, in the Clovis high school library for the purpose of making preparations for the district tournament, which will be held in Portales, February 27, 28, and March 1. Sanders said that all schools of the district, with the exception of Pleasant Hill were represented. The officials selected to work the games were, Barton, Wallard, Covington and Weedlove, with Fisher as alternate.

February 17th is the date set for another meeting to draw up the brackets. There are sixteen teams to participate in the tournament, which will completely fill the brackets.

Coach Stephenson, of Dora is the president of the district and will have charge of the tournament.

Third School Bus For Texico Here

B. A. Rogers, Superintendent of the Texico school, announced today that they had received another new school bus, which had been on order for some time. This is the third new bus acquired by the school, which was badly needed. Rogers stated that they had quite a time keeping the old busses functioning, but now the transportation problem is solved.

In the last 50 years, potato yields in the United States have increased a bushel an acre each year.

The United States produced 267 million pounds of popcorn in 1946.
