

PARMER COUNTY'S PRIZE WINNING BOOTH, which placed first at the Panhandle-South Plains Fair, held in Lubbock last week. The booth was arranged by County Agent Ollie Liner, and shows 25 agricultural products from this county.

## DAIRY SHOW OPENS

### District Court Convenes Here Monday Morning

#### Want Ad Finds Lost Bracelet

The dependability of Tribune want ads in recovering lost items was again demonstrated last week, when Mrs. Caroline Matrin used this medium:

She had lost an expensive Indian bracelet, and was willing to offer a reward for its return. The want ad did the trick, and Mrs. Matrin, as she puts it, is now "another satisfied customer".

Lost items that happen to fall into honest hands will almost invariably be recovered by the use of a want ad in this paper.

#### Baptists Extend Call To Rogers Minister

At the conclusion of the evening services last Sunday, a church conference was held, and Rev. E. M. Treadwell was extended the call to the pulpit of the Texico-Farwell Baptist Church, who resides at Rogers, Texas, came here last Sunday to meet with local church officials, filling the pulpit at both services during the day. Officials stated that he was given a unanimous vote to accept the oral work.

Church officials added Tuesday that Rev. Treadwell did not announce his acceptance or rejection of the call before departing for his home on Monday. He is 31 years old, and has a family of a wife and one small child.

#### Friena Boys Win Prizes At Amarillo Showing

The Friena FFA boys and their director, J. T. Gee, returned from the Tri-State Fair in Amarillo last week with a total of \$372.50 in cash prizes and a generous handful of ribbons.

In competition with 14 other exhibitors, the Friena ag boys drew first prize on their booth, which featured a permanent irrigated pasture, complete with a running irrigation well. J. T. Gee said this week that this same booth would be set up at the county stock show, which opens in Friena on Wednesday.

Showing Jersey cattle only, the boys won the following placements:

Bull, 2 years, FFA chapter, 2nd.  
Junior yearling bull, Roy V. Miller, 1st.  
Senior bull calf, FFA, 1st; G. A. Collier, Jr., 2nd.  
Junior bull calf, Roy Strickland, 2nd.  
Junior champion bull, Roy V. Miller.

Cow, 3 years, Charles Osborn, 4th.  
Cow, 2 years, Lewis Gore, 1st.

Senior yearling heifer: Roy Strickland, 1st; James Pope, 2nd, Loyd Mings, 3rd; Joe Fallwell, 4th; James Pope, 5th.

Junior yearling heifer: Roy Strickland, 2nd; G. A. Collier, 3rd; Roy Strickland, 5th.

Senior heifer, Waymon Wilkins, 1st; Tommie Jones, 3rd; R. B. Miller, 5th.

Junior heifer, FFA chapter, 3rd; Roy Strickland, 4th.

Get of sire (four animals): Friena, 1st and 4th.

Produce of dam (two animals): Friena, 2nd.

County herd (eight animals owned by five breeders): Friena, 1st.

#### Bullet Removed From Bovina Lad's Knee

Billy Don Read, 15-year-old son of Mr. and Mrs. Nat Read of Bovina, is recovering satisfactorily from an operation performed Sunday for the removal of a small bullet, lodged in his knee.

The youth received the wound Sunday afternoon when he and three companions were hunting. A .22 calibre rifle in the car was accidentally discharged, the bullet entering Billy Don's knee. The charge entered the leg above the knee and lodged in the joint.

#### ANOTHER IRRIGATION WELL

Another irrigation well for Parmer County was completed last week when Lonnie McFarland, living five miles east of Bovina, finished casing his new well at 308 feet.

The Parmer County Dairy Show opens its first four-day exhibit today (Wednesday), with elaborate plans having been staged to make this "the best ever" of its kind. The show will be held at the county show barns in Friena.

With increased interest this year, officials voted to stage a four-day fair, and also agreed to add educational exhibits, an agricultural department, beef cattle and swine to the dairy cattle lists.

County Agent Ollie Liner said on Monday that he expected some 200 head of registered dairy cattle to be on hand, with the majority to be of Jersey breed. Milking Shorthorns, Holstein-Friesians and Guernseys are also expected to show.

#### To Set Up Booths

Home economics and agriculture classes of the county schools have been invited to set up educational exhibits at the fair, and Agent Liner said that the GI training classes in the county had also been extended an opportunity to display booths. The Parmer County booth, which placed first at the Lubbock fair last week, will be on exhibit at the show.

The show barn will open at 9 on Wednesday to receive entries, with all production cows to be on hand by 6 p. m., at which time the preliminary milking for the production contest will begin. On Thursday, the first test in the production contest will be run from 6 to 8 a. m.; with judging of agricultural products listed for 2:30 that afternoon. Final tests for milk production will be between 6 and 8 in the evening, and all animals entered in competition must be in the barn by 6 o'clock.

Hog judging opens at 9 Friday morning, with Milking Shorthorn judging to follow at 11; Jersey rating at 1; and Holstein-Friesian and Guernsey judging slated for 4. The big feature of Friday will be a free barbecue for the visitors, to be held at the noon hour.

Saturday's highlight will be the parade through Friena at 2 o'clock in the afternoon, while FFA and 4-H boys are invited to do practice judging of the show entries during the morning hour. At 4 o'clock the show is officially over, and cattle may be removed from the barn.

N. C. Fine is to serve as judge of the dairy, beef and swine entries while Raymond King, Castro county agent, will judge the agricultural products entered at the fair.

#### Beef Department Outlined

County Agent Liner said that no classes had been announced for beef cattle, but such divisions will be made at the show, when entries are in, providing classes for all animals. The swine division will likewise be enlarged to include all entries, he said. The show catalog, printed last week, does not include the swine and beef division, but mimeographed sheets were issued on these departments this week.

In the agriculture department, classes are open for corn (10 ears); small grains and seeds, including wheat, milo, barley, sudan grass, kafir, hegar, one gallon samples; grain sorghum heads, including kafir, feteria, milo, hegar, 10 heads; sheaf grains, including sudan, sweet sorghums, grain sorghums, alfalfa, millet; baled hay, including alfalfa and sudan; vegetables—Irish potatoes, sweet potatoes, onions, turnips (12 each); beets, carrots, peppers and tomatoes (6 each); watermelons (1); cantaloupes (3); cucumbers (3); beans and peas (1 gal.); fruit—apples, pears, peaches, 6 each. Prizes will run 1st \$1; 2nd, 50c; and third, ribbon.

Agent Liner is general superintendent of the fair, with J. T. Gee, of the Friena ag department, as assistant. Department superintendents include Vernon Lovelace, butterfat production; Harold Lillard, Jersey; Wilfred Quickel, Milking Shorthorn; Holstein-Friesian and Guernseys; Donald Christian, club department; and Charles Osborn, assistant club department.

Ribbons will be presented all show winners as entries are judged and premium money will be paid on the closing morning of the show.

#### SUFFERS STROKE

Z. W. Petree, 76, for 22 years a resident of Farwell, lies in a state of coma at his home in southeast Farwell, following a paralytic stroke he suffered at 2 a. m. Sunday morning. His son, Vane, who lives at Santa Fe, arrived here Monday, and a daughter, Mrs. Henry Royal, is on her way from California.

The condition of Mr. Petree is considered quite serious.

## Irrigation Is Encouraged By Drouth

Continued dry weather over this area may start an irrigation boom in Parmer County, various observers have predicted, with reports going the rounds to the effect that loans for 100 or more new wells are being sought in this county.

Irrigation has proven itself during the last few years, and with the weatherman holding out for more of the same sort of weather that the area has not been enjoying during the past several weeks, it is quite likely that more and more dried-in-the-wool dry-land farmers will begin to think about artificial rain for their fields.

County Agent Ollie Liner told a reporter the first of the week that he received calls "practically every day" from farmers wanting him to aid them in locating well spots.

Counties bordering on Parmer have already shown that irrigation pays off, by allowing farmers to produce several crops during the high plains growing season—and although it is admittedly expensive to set up a system, it is more expensive to miss a crop because of weather conditions, with prices on feed products as they stand today.

One of the drawbacks right now seems to be the scarcity of both irrigation pumps and labor to put down the wells right now to help out in the current planting season. Reports from around Friena are to the effect that some men considering wells have been informed that it would be "December, at least" before such a set-up could be installed—and December is no time to plant wheat for 1948.

Irrigation development in this county has been heavier no the southern and northeastern fringes, due to the fact that water is struck around 100 feet sooner than in the Farwell area, but the dry weather is encouraging development all over the county scope, it is understood.

The current high level of income taxes may also affect some decisions as irrigation systems can be counted as improvements on the farm and cut the gross taxable income. While wheat prices are up, some farmers may take advantage of them, sell, and turn their surplus into a guarantee that they will have a crop whether it rains or not.

#### Ag Boys Take In NM State Fair

Director F. D. Stout and members of the Texico FFA group returned last week from Albuquerque, where they had visited the New Mexico state fair. Stout said today that the boys did not set up any exhibit this year, but inspected the various booths at the fair and laid plans for exhibiting in 1948.

FFA chapter members attending were Bobby Potet, John White, Delmar May, James Harding, Clay Hale, Gerald Badlock and Ed Harrison.

New Zealand is about the area of Pennsylvania, Maryland, Delaware combined.

## Car Shortage Again Plagues Shipments

#### FIRST AUCTION SALE

Les Means of the Home Grocery & Market in Texico, is this week announcing his first weekly auction, to be held at 2 p. m. every Saturday afternoon.

Consignments to this sale are invited and the items will be sold to the highest bidder. Means says this could grow into a big event for the Twin Cities with the proper cooperation of the people in the community.

#### Paul Sale Booked For October 14th

Heralded as one of the biggest farm sales to be held in this section in recent years, the Rupert H. Paul sale is scheduled for Tuesday, Oct. 14, at his home two miles west and one-fourth mile south of Texico.

Col. Dick Doshier, who will be in charge of the sale, says that due to the large collection of goods to be offered at public auction, it will be necessary to begin promptly at 10 a. m. (Texas time) in order to dispose of everything.

Orville Francis and Frank Doshier will serve as clerks and the Fairfield Ladies Club will serve lunch at noon. A list of the offerings will be found in this issue of The Tribune.

#### Stock Disease Films To Be Shown, Bovina

John Kimbrow, Bovina druggist, announced today that he had made arrangements for the showing of at least three films, detailing the symptoms and characteristics of disease among livestock.

The show will be in charge of a licensed veterinarian, and a representative of the McKesson-Potts company, who will conduct a lecture course in connection with the film.

The show will be held at the American Legion hall in Bovina on Thursday night of this week, and the public is invited to attend. There will be no admission charge, Kimbrow added.

#### CAR TAKES FLOP

A carload of school students escaped serious injury, Tuesday night, when a '46 Chevrolet, driven by Toby Booth and belonging to Earl Booth, was overturned. The young people were returning from a party at the VVN ranch, southeast of town, when the accident occurred. Booth said Toby reported he missed a culvert on a dirt road, and the auto did a flop. The car was badly damaged.

Tribune job printing is best.

Another railcar shortage, which in the opinion of local grain buyers is "even worse than in wheat harvest", has already popped up, with the Fall grain movements barely started.

Elevator men contacted this week said that although they had made every arrangement possible to handle the Fall crop, a bottleneck in grain movements was already here. Faced with the problem of providing separate bins for each commodity, such as kafir, sudan, maize, corn and alfalfa seed, local grain buyers were being hard pressed to handle receipts of these various products.

Meanwhile, farmers who were fortunate to produce any Fall grain at all this year in the face of severe dry weather, are reporting very satisfactory yields, with most farmers reporting an average of around 1000 pounds of threshed grain to the acre. "The marvel is that we have any grain at all," commented H. H. Barlow, who said that he would harvest around 1000 pounds to the acre. W. J. Matthews, living six miles south of town, estimates his yield at 1200 to 1500 pounds per acre.

Local buyers say that the grain coming in now is of excellent quality with a low moisture content and good color. Due to the fact that the stalks are exceedingly short, there is little or no danger of frost causing it to fall down, which is also an important factor in the farmer's favor—there is no necessity of rushing into the fields to beat the frost, with the result that the grain can be given opportunity to fully mature.

#### BUYS COLORADO RANCH

Mose Glasscock and E. G. Blair returned home the first of last week from points in Colorado, where they had been spending a few days vacationing and "looking around".

Glasscock recently purchased a four-section, unimproved ranch near Laimer.

#### Magness Equipment Company Sells

Frank Seale announced this week that he and N. R. Harding have purchased the Magness Equipment Company, in Farwell, from Joe and Clyde Magness. The company has been dealer for Allis Chalmers for some time.

Seale stated that he and Harding have bought the stock of supplies and assumed the A-C agency, also the General Electric and Admiral dealerships here, and will carry a complete line of these goods.

"The heat got me."—James P. O'Brien, subway motorman, suspended for ignoring express stop.

**Farm Cash Income Rising In Texas**

AUSTIN—Total cash receipts of farmers in Texas during the first 8 months of 1947 reached almost 1 billion dollars to better year-ago figures by 300 million dollars, the University of Texas Bureau of Business Research reports.

Cumulative farm cash income figure for 1947, January through August, are 41 per cent above income for same period of 1946. In the nation as a whole, the same comparison reveals a gain of only 21 per cent. An increase of 24 per cent in prices accounted for most of the United States change in income, according to government reports.

The \$935,861,000 total for the eight months of 1947 was a result of dollar gains in all crop-reporting districts except for the 30 per cent slump registered in the Trans-Pecos district. Greatest percent gain for the period was in the Northern High Plains, where income scored a 130 per cent increase. Next was the Red Bed Plains 86 per cent hike over the January through August period in 1946.

Although prices received by farmers for their products are well ahead of last year's levels, the farmer is also paying out inflated prices for his purchases.

The Bureau' sindex of farm cash income slid below the July peak but remained over 2½ times higher than prewar (1936-39) intake figure. The seasonally-adjusted index remained highest in the Northern High Plains district, where income exceeded prewar figures by more than 700 per cent. Indexes for the Coastal Prairies, the over Rio Grande Valley and the Southern Texas Prairie were all above the 500 point.

In dollar figures, the Southern Texas Prairies walked off with top August honors as farmers in that district took in \$46,686,000. This was also the greatest percent gain registered from July to August, as income was more than 4 times above

July receipts. Only the reporting district recording a monthly advance was the South Texas Plains where income scored a 17 per cent jump. All other districts fell below their July marks.

Farm cash income in Texas reached \$136,562,000 in August to better August 1946 income by 23 per cent. Seven crop-rotating districts saw income rise and five districts registered slumps in intake.

**Questions, Answers For Former GIs**

**Q. Do I have to repay subsistence allowance overpayments before I can go back to school under the G. Bill?**

**A. No.** You merely have to make satisfactory arrangements to repay all overpayments before you will be permitted to re-enter school under the bill. It is VA's policy not to force any undue hardship on a veteran in the collection of these funds.

**Q. Is VA going to help veterans like myself whose hearing was impaired while in the service?**

**A. Yes,** by a special program of medical rehabilitation to help you overcome hearing handicaps. The program includes a series of hearing and speech tests, the selection and fitting of a hearing aid if indicated, auditory training, lip reading instruction and speech correction if necessary.

**Q. My son has renounced disability payments and I would like to know if he or his wife will lose their right to other benefits provided by law?**

**A. No.** Neither your son nor his dependents will lose any of their rights to other benefits.

**Q. My grades at school have been low and I would like to know if VA will help me find a way to bring them up?**

**A. You may receive assistance of VA's educational and guidance service in an endeavor to correct those factors which may be contributing to your low grades. However, you will have to meet the requirements of the school if you wish to continue your course.**

**PLENTIFUL FRYERS**

COLLEGE STATION — Chicken dinners can be on the family menu often now. They're plentiful and priced reasonably, says Myrtle Murray, home marketing specialist of the Texas A. and M. College Extension Service.

The wholesale prices of fryers are now below the last OPA ceiling. In fact, says the specialist, they are back to the 1926 price levels.

Fryers are popular because they are adaptable. Served hot or cold, "country fried" or French fried, the plentiful young birds fill the menu

bill. Very plump fryers weighing not over 2½ pounds are tops for broiling, and the heavier fryers, weighing around 3½ pounds lend themselves best to roasting, braising or fricasseeing.

However the housewife prepares them, fryers are excellent and they are a good buy, says the marketing specialist.

Smallest of all birds the numming bird, flies at the rate of 60 miles an hour, and on its annual non-stop flight of 500 to 600 miles across the Gulf of Mexico.

FORT RICHARDSON, Alaska—This may be Alaska, but you'd never guess it from the picture above. Left to right: Captain Raymond A. Colosky, M-Sgt. William H. Woods, Captain O. Max Royal, M-Sgt. Clarence L. Cooley, and M-Sgt. Thomas M. Potter; all former enlisted men from Randolph Field, Tex., are shown scanning some photographs of Randolph taken by Captain Royal, while he was Base Photo Officer there.

**"Good Old Days" Are Talked In Alaska**

FORT RICHARDSON, Alaska—Some men stationed at Army bases overseas have the good fortune to run into a friend or two, whom they knew at another base and with whom they can get together and talk over all the things back in the States and "the good old days". Here at Fort Richardson, Alaska, however, there are five men who served together in the same organization at Randolph Field, San Antonio, Texas, and who are at this time all assigned to Fort Richardson.

Those displaced Texans are Master Sergeant Thomas M. Potter, Sergeant Major of Headquarters Alaskan Air Command; CAPTAIN O. M. (MAX) ROYAL, Alaskan Air Depot Photo Lab Officer; Captain Raymond A. Colosky, former Supply Sergeant of Flying Cadet Training at Randolph Field, and now Chief of the Alaskan Air Command Supply Division; Master Sergeant Clarence L. Cooley, who rose to the rank of Captain during the war and was discharged as a Major, only to re-enlist in his present grade; and Master Sergeant William H. Woods, former Post Sergeant, Major of Randolph Field, now Chief Clerk to the Alaskan Air Command Mail and Records Section.

Captain O. M. Royal, whose wife resides in San Antonio and whose parents (Mr. and Mrs. Henry Royal) live in Delano, California, is a native Texan who graduated from Farwell High School in Farwell, Texas in 1929. Captain Royal entered the Army in 1931, joining the Cavalry at Fort Bliss, El Paso, Texas. He first saw service with the Air Corps in 1932 at Biggs Field, near El Paso, where he was acting Sergeant Major. Early in 1936 he was transferred to Nichols Field, in the Philippines, and remained there until returning to the United States and Randolph

Field in 1939. Leaving Randolph for two years, Captain Royal returned in 1942 with his commission, and became Base Photo Officer.

His first assignment upon coming to Alaska in 1945 was with the 404th Bomb Group at Shemya, near the very tip of the Aleutian Chain. While there he flew many thousands of miles on aerial photo missions, mapping various installations and areas throughout Alaska. Presently assigned as Photo Officer of the Alaskan Air Depot Photo Section, Captain Royal is very happy about having a lab of his own again after serving as Alaskan Air Command Public Information Officer for several months. Captain Royal is a holder of the Army Commendation Ribbon with one Oak Leaf cluster.

These five men were assigned to Headquarters and Headquarters Squadron, Air Corps Primary Flying School, during their stay at Randolph Field and have all proven beyond a shadow of a doubt that the Army makes the world a very small place indeed.

Where they will go from here, nobody can definitely say, but every one of the men would relish reassignment to Randolph Field, in the "Lone Star State" of Texas.

**Crosby County Enjoys Little Wheat Trouble**

COLLEGE STATION — Crosby county wheat this year had a very low percentage of dockage due to poor milling qualities as compared with most West Texas counties.

The reason, says County Agent W. R. Kimbrough, is that wheat farmers in the county planted most of their acreage to registered and certified wheat varieties. Only four per cent of the wheat harvested in Crosby county this year was classed as poor-milling grain.

Plans are being carried out, says Kimbrough, to eliminate all poor-milling wheat in the county. Over 5,000 bushels of registered and certified Westar wheat were purchased for planting this year, plus 10,000 bushels of certified Tenmarq seed and 1,000 bushels of certified Comanche. These varieties are recommended as good millers. The grain was purchased from elevators and feed companies that are cooperating by stocking good planting seed.

Kimbrough says plans are already made to organize an association to produce certified wheat and to build a seed cleaning and treating station.

**TREE PLANTING TIME**

COLLEGE STATION—The state's first norther brought a reminder from the Texas Forest Service at A. & M. College that tree-planting time is just around the corner, and that seedling orders need to go in as soon as possible.

Forest Service officials at the state nursery near Alto will have almost

18 million seedlings that have been selected for adaptability in Texas. The trees will be sold at cost of production for use in starting timber and fence post plantations and for windbreak purposes. The seedlings are not to be sold for landscaping.

D. A. Anderson, in charge of the state nursery, reports that 15 different kinds of trees will be avail-

able from the nursery by late December.

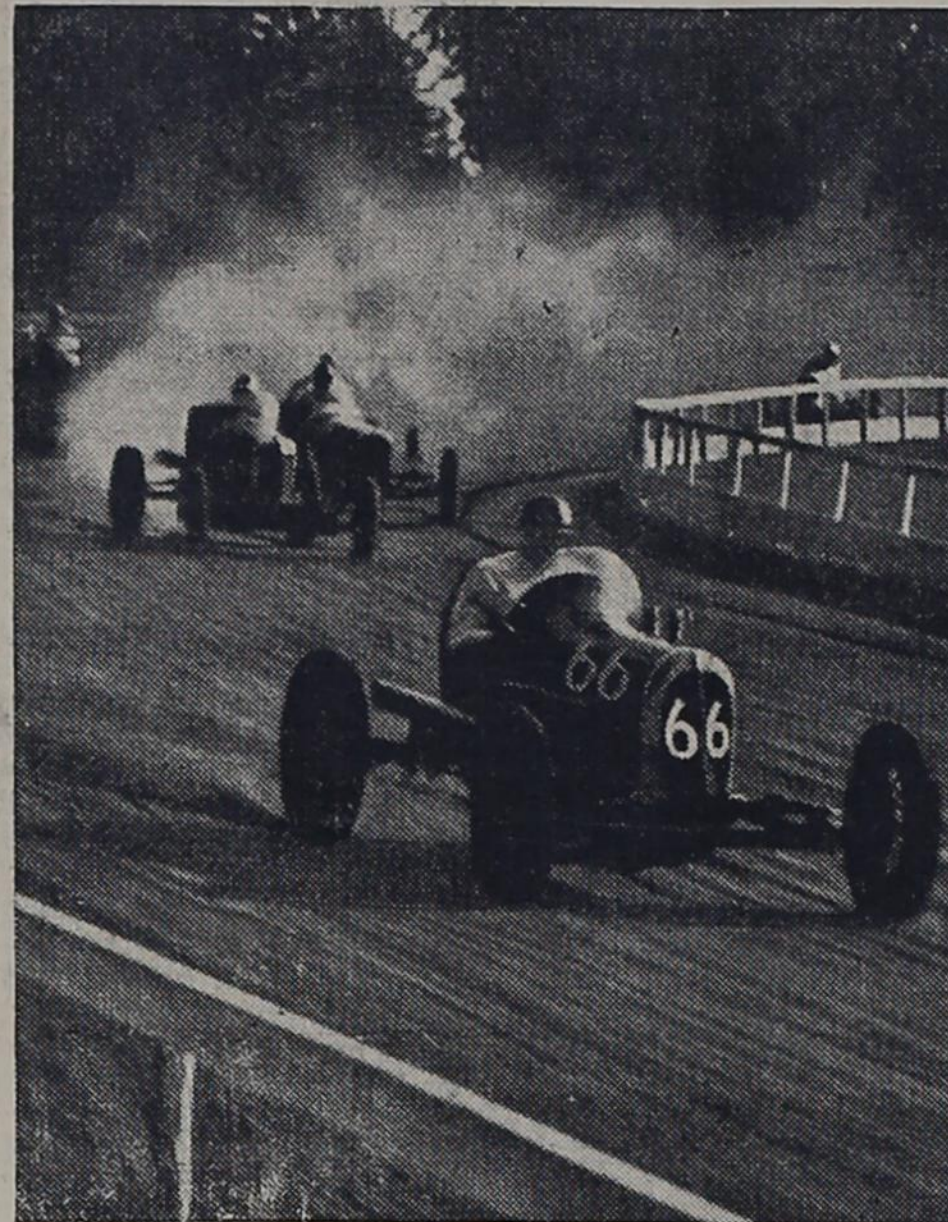

For planting in East Texas, there are slash and loblolly pine, black locust, bois'd arc and catalpa. For the Rio Grande Valley: eucalyptus and australian pine. West Texas: red cedar, arizona cypress, russian mulberry, green ash, thornless honey locust, desert willow, western yellow

pine and pistacia.

Prices on pine are listed at \$2 per 1,000 trees; on black locust, \$2.50; all other species, \$3. The prices are f. o. b. the nursery at Alto.

Information on ordering the seedlings may be obtained from the local county agent or by writing the Texas Forest Service at College Station.

**Questions and Answers about Adequate Wiring**

**Q.—WHAT IS ADEQUATE WIRING?**

**A.—**Adequate Wiring simply means having enough circuits, large enough wire, and enough outlets and switches in your home to furnish electric service to all the electric appliances you have now and will want in the years to come.

**Q.—**Why should you have Adequate Wiring?

**A.—**So that you may enjoy the conveniences and economies offered by full use of your low cost electric service.

**Q.—**How can you tell if the wiring in your home is adequate?

**A.—**Call or write your nearest Public Service Company office or your elec-

trical contractor. They will tell you in a jiffy.

**Q.—**Is Adequate Wiring expensive to install?

**A.—**No. The benefits you will receive from Adequate Wiring are far greater than the cost. Also Adequate Wiring will enhance the value of your property.

**Q.—**What does Adequate Wiring mean to homemakers?

**A.—**It means that you will begin to live better—electrically. Adequate Wiring means better cooking for you; more efficient refrigeration and water heating; easier washing and ironing, better lighting.

## True Stories of West Texans

(By N. H. KINCAID)

### THE BONE CROP OF THE EARLY EIGHTIES

Ben Middleton chuckled as he pocketed the three dollars for his load of bones. He had dumped them at the large stockpile on North First and just east of Pine street in Abilene, but paused to watch the loading of another freight car before joining his friends. They were neighbors, all living in the Guion community, and these two had each brought in a load of wood.

"Well, boys," Middleton drawled when they told him of the \$1.50 received for the wood. "This is one time that hard work didn't pay off. Here you sweat for hours chopping and loading your wood, while all I do is pick up a pile of nice smooth bones. Then my fare brings twice as much as yours. I'll stick to bones as long as they lasts."

This harvesting of the "bone crop" flourished throughout West Texas in those early eighties, and many a new-comer owed them his very livelihood. Several years were required before a farmer could make a crop. Not only must a virgin "hardpan" be broken but all manner of insects and ground pests must also be combatted for the country was prevalent with wild life. And since the west was undeveloped, even largely uninhabited there were no established trades nor industries in which those covered wagon settlers could work.

Thus these bones the residue of the great buffalo kill of the seventies, came in great handy. Sold to eastern manufacturers, they were used in the making of fertilizer and of a bleaching material need in sugar refining.

"It was a most picturesque spectacle," says W. A. McCormick another early Taylor settler, in describing those stockpiles. "Long queues of wagons poured to the concentration grounds, and the piles of bleached brittle bones reached as high as the houses." And the same scene was being enacted throughout West Texas.

The bones sold by their weight. They first brought \$8.00 a ton delivered at the pile, but as they became scarce the price rose to \$21.00 and \$22.00 a ton.

An interesting incident is told in this connection. "Old Man" Bryant a former buffalo hunter who lived in Kent county at the mouth of Dry Duck creek, hauled his gathered buffalo bones into Colorado City. He always spent the night enroute on Lone Wolf creek. Here he would back his loaded wagon into the rocky bottom creek and allow the bones to soak overnight. His load is said to have always brought a fourth again as much as that of his neighbors.

"This bone crop continued large for some time," said C. E. Gilbert, founder of the Abilene Reporter. "In July 1881, there were 33 cars of 495 tons shipped to Abilene, in August there were 37 cars of 555 tons, and in September, 39 cars of 585 tons. In fact," he concluded, "it was so large that it was predicted that when the bones were all gone trade would be non-existent."

### ACRE YIELD DOWN

The average per acre yield of Texas cotton is only 134 pounds of lint; corn—only 17 bushels; wheat—only 10.5 bushels. Legumes and fertilizers can increase those yields materially.

### UNITED STRENGTH

COLLEGE STATION—Combination main dishes offer a two-way economy, especially important for low cost meals when food costs are up, according to Louise Mason, Specialist in Food Preparation of the Extension Service of the A. and M. College.

Such combinations, as macaroni and cheese, spaghetti and meat sauce, rice and meat stew, or creamed eggs on toast are familiar examples.

The economy in such dishes is that the inexpensive cereal foods "stretch" the meat, cheese or eggs and make them go farther in serving the family. A more important economy, however, is the other way around—the meat, eggs, milk or cheese stretch or build up the nutritive value of the cereal foods.

The protein in grains or cereals is

not complete. To be fully useful for growth and body repairs, grain protein can be reinforced with animal protein. Therefore, if cereal foods, such as bread, flour, and rice as to be used to the best advantage in the diet, thrifty housewives will combine them with at least a little milk, cheese, meat, or egg. In the union there is added strength and added flavor.

Dried skim milk at current prices is the cheapest food and one of the best or building up cereal protein.

### BRITISH ARE BLAMED

Although nothing was said about it at the time, it turns out that the U. S. asked Britain to swap occupation zones in Germany. The British refused to go along, and now they are being blamed by some Americans for the lagging coal recovery in the Ruhr, which has been under the administration of the British.

### GOVERNMENT OWNS LAND

The federal government owns about one fourth of all the land in the United States.

### CREDIT RATIOS GIVEN

AUSTIN—Almost 59 per cent of all department and apparel store sales in Texas went on the cuff during August, as the ratio moved up 2 points from the July figure, the University of Texas Bureau of Business Research reported.

### 600,000 FIRES

About 600,000 building fires occur in this country each year. Half of those burned buildings are dwellings.

### FARMERS LOSE LIVES

Every day in the United States, 100 farms fires take the lives of ten farmers.

TEXICO, N. M.

# Local Happenings

## Barbecue And Carnival Are Slated For Friday

Local epicures who like a real old-fashioned barbecue will want to be on hand at the Texico school this Friday evening, October 10, when the ag department stages a pit barbecue and carnival.

F. D. Stout, director of the department, said today that admission to the barbecue would be 75c for adults and 50c for school students, with all proceeds going into the FFA treasury to provide project funds.

Admission to the carnival will be free, and those in charge urged patrons who could not attend the barbecue to be on hand for all the various sorts of entertainment that will be offered during the remainder of the evening.

Serving of the barbecue will begin at 7:30, Texas time, and attendants are urged to be prompt.

## Reception For Doctor To Be Held Sunday

Welcoming Dr. and Mrs. E. D. Anderson as residents of Friona, and Dr. Anderson as a member of the Friona Community Hospital, Dr. and Mrs. Robert C. Stokes will entertain with a reception in honor of Dr. and Mrs. Anderson on Sunday.

The affair will be held in the Friona Woman's Club house, between 3 and 5 o'clock, Sunday afternoon, and Dr. Stokes urges that all people of the county make it a point to meet the new doctor and his wife at this time.

## Couple Celebrates Golden Wedding

Mr. and Mrs. C. M. Jones, of Friona, celebrated their golden wedding anniversary last Friday evening when open house was held in the home of Mr. and Mrs. Raymond Jones, from 8 to 10 o'clock.

The Jones are long-time residents of Parmer County, having lived many years in Friona. Over 100 friends and relatives assisted in the celebration. Attending from Farwell were Judge and Mrs. A. D. Smith and Mr. and Mrs. Loyde Brewer.

Mr. and Mrs. Bill Johnson of Texico visited friends and relatives in Clovis over the weekend.

## PTA Meeting Comes Thursday Evening

The Farwell Parent Teacher Association will assemble at the school building on Thursday evening, October 9th, for the regular meeting, with an attendance contest to be featured.

Parents will be checked, and the school room represented by the largest number will receive a picture for the room. In addition, the room which boasts the most parents as "paid up" members of the PTA will receive a picture. The contest is slated to continue for several meetings and all students of the school are urging their parents to attend.

C. M. Henderson will act as program chairman, with the men members of the Association to give the program.

Patrons are asked to be on hand at 8 o'clock.

## Wesley Bible Class Holds Meeting

The Wesley Bible Class of the Methodist Church met in the home of Mrs. Ralph Humble, with Mrs. Ruby Dixon as assistant hostess, on Tuesday.

Mrs. Anne Overstreet led the afternoon devotional program. Lovely refreshments were served to ten members and three visitors: Mesdames Jess Newton, G. W. Atchlye, Albert Thomas, B. N. Graham, Ruby Dixon, Roy E. Ezell, O. B. Pipkin, S. C. Hunter, Anne Overstreet and Ralph Humble, members; Mesdames Harvey Carrell, Effie Johnson and E. E. Booth, visitors.

## Here From California

Mr. and Mrs. W. J. Boring and son, James, are here from California, guests in the home of Mr. and Mrs. Dick Walker. They are enroute to Arkansas, where he is going on a prospecting trip.

Mr. and Mrs. J. A. Brown from Los Animas, Colo., visited in the home of their daughter and son-in-law, Mr. and Mrs. Hubert Beatty, over the weekend.

Mrs. Les Means and Ailene May spent Sunday in Amarillo visiting Mrs. A. C. Green and Deloris.

## Initiation Services Held Wednesday

Initiation rites for nine new members of the homemaking club were held in the home economics department of the Texico school the past Wednesday evening, when old members of the club proceeded to give the freshmen their welcome.

Aileen May, as president of the club, extended the welcome to the newcomers, and candlelighting ceremonies were observed. Taking the club vows were Bleva Park, Bobbie Dawn Allred, Jo Beth Ingram, Violet Curry, Frankie Harris, Joyce Arnold, Patsy Ingram, Betty June Lewis and Margaret Doshier.

Mothers of the girls were special guests at the evening's entertainment, and refreshments of ice cream and cake were served.

## Attends DAR Meeting

Mrs. A. D. Smith spent the latter part of last week in Roswell, where she attended the annual meeting of the Daughters of the American Revolution.

## Leave On Vacation

Mr. and Mrs. W. W. Vinyard left last week on their annual vacation. They will visit relatives and friends in the southern and eastern parts of Texas.

## Scout Council Will Meet On Tuesday

The Farwell Girl Scout Council has been called to meet at the school building, next Tuesday afternoon, October 14, at 2 p. m.

The Council includes members of the executive committee, troop leaders and troop mothers of both Girl Scouts and Brownie groups. All are urged to be on hand.

## Returns Home

Mrs. Bess Mansfield returned home the middle of last week from Tyler, Texas, where she spent a few days visiting in the home of her mother, who has been in failing health recently.

The gold dredge was invented in New Zealand.

## Hallowe'en Carnival Plans Are Started

Initial plans for the annual Hallowe'en carnival are being made by Farwell school students, with the fete announced for Friday night, October 31st.

As usual, queen races will highlight the event, with two different races to be run this year, one for "Junior Queen" in which a representative of the grade school will be named to the throne, and one for the "Senior Queen", with candidates from the high school classes competing for this honor.

No candidates had been listed this week, but officials said that the students would make their selections and announce their nominees next week. Votes will be sold at 1c each. Numerous booths, offering the fun-loving public an opportunity to try for prizes, or fill their stomachs, are to be arranged, and particulars will be announced later.

## Guild Meets 14th

Members of the Wesleyan Guild of the Methodist Church are reminded of the regular monthly meeting which will be held next Tuesday night, October 14th. Mrs. Loyde Brewre will be hostess, and the program is scheduled to begin at 8 o'clock. All members and others interested are urged to attend.

Mrs. Teresa Kaiser, who has been visiting in Dimmitt, has returned to the home of her daughter, Mrs. Harry Jesko, in Farwell.

Ernie Hughes returned home from the Memorial Hospital in Clovis, last Wednesday, where he had received medical treatment for several days.

Mr. and Mrs. Ebb Randol, who recently moved to Muleshoe, visited with friends and relatives here Sunday.

Mr. and Mrs. Jerry Spurlin and daughter, Treva, spent the weekend visiting with Rev. and Mrs. J. J. Spurlin and family, at Weed, N. M.

Mr. and Mrs. Woodrow Lovelace were weekend visitors in the home of her parents, Mr. and Mrs. Howard Mayfield, near Friona.

Willis Magness and Pete Poteet were visitors in Memphis, last week attending the Cotton Carnival.

Mr. and Mrs. J. K. Anthony and son, Darrell, of Friona, were business visitors on Farwell, Monday afternoon.

Mr. and Mrs. Vance Crume of Friona, were among the out-of-town attendants at the Pettit-Farwell grid game, Friday.

BEAUTIFUL, BEAUTIFUL... Ranking beauty in U. S. today is Barbara Jo Walker, 21-year-old Memphis belle, who was named Miss America, 1947, at the Atlantic City pageant. Currently a college student, she hopes to be a teacher of modern languages.

# Bovina Happenings

By Mrs. A. G. White

Miss Helen Taylor, Junior Day, Earlene Wilkerson and Marvin Jordan enjoyed Thursday at the Amarillo Fair.

Miss Dorothy Wilkerson spent the past weekend in the home of Mr. and Mrs. J. M. Vestal, in Clovis.

Rufus Standefer, from Vega, was in Bovina, Tuesday night.

Howard Ellison spent a few days at Possum Kingdom Dam fishing this weekend. His dad, who had been there several days, returned with him.

Arthur Moorman returned Tuesday from Springfield, Ill., where he had spent several days.

Mr. and Mrs. A. J. Moorman spent Sunday with Lucy Barnes and sons at Field, N. M.

Mr. and Mrs. F. W. Ayres and Mr. and Mrs. Charley Ayres were shopping in Clovis, Monday.

Mrs. Euel Hart and Mrs. Byrrol Turner shopped in Clovis, Monday. Mell Wilson, of Enid, Oklahoma, visited in the Frank and John Wilson homes, last Sunday.

Mr. and Mrs. Lloyd Batty and Keith spent the weekend with Mr. and Mrs. Hurston Batty in Lubbock.

Mr. and Mrs. Joe Looney and June Gay motored to Roswell last weekend, attended the ball game, and visited D. C. Looney, who is there in school.

An old landmark of Bovina has been completely razed and moved. The Baptist Church, built in 1925 served its purpose well and has now been replaced by a new building erected just across the street from the old location.

Mrs. E. D. Ashcraft was taken to the hospital in Dimmitt, last Monday, with a throat infection. She was returned home Friday and is much improved.

Guests in the Ashcraft home, Sunday were Mrs. Bill McDonald and children and Mrs. Pearl Bagwell and children of Amarillo.

Kenneth Horton was taken to the hospital in Friona, last Tuesday, suffering from food poisoning.

Marcia Ann Derrick was taken to the Friona hospital, Wednesday afternoon. She was quite ill with a

throat infection.

Mrs. Charley Mitchell and children, a sister of Mr. Derrick, visited in the Earl Derrick home last week.

Mr. and Mrs. Jim Ellison are enjoying a few days fishing at Hot Springs.

Mr. and Mrs. F. W. Ayres and Mr. and Mrs. Charley Ayres left Saturday morning for Frederick, where they will visit Edd Ayres and family. From there they will all go to Possum Kingdom lake for a few days of fishing.

Mr. and Mrs. Stub Nunn are moving to Farwell, where they will later run a cafe. Miss Patricia will stay at the Vernon Ward home to attend school in Bovina.

There will be a district meeting of the WMU ladies of the Baptist Church at Tulia, Oct. 9, and we hope that three or four cars of ladies can go from Bovina.

Rev. and Mrs. Giles are the proud parents of a son, born Oct. 4. Her mother, Mrs. Clifford, is visiting in the Giles home this week. Her brother and wife, from Santa Rosa, spent Saturday night here.

Rev. Fred Stumpp, former pastor of the local Baptist Church and now pastor at Gainesville, Tex., suffered a heart attack while in the pulpit on Sept. 21, at the close of morning services. On Oct. 3 he returned home, much improved. His home address is 602 Grand Ave., Gainesville, Tex.

Mrs. Willis Hastings and daughter, Maggie, have returned to Clarendon after visiting relatives and friends here for the past week.

The dedication of the new Baptist Church is set for Oct. 19. There will be a program, dinner on the ground, and everyone is invited, especially all former members and pastors.

Mrs. Shelby Sanders and childrer visited in Muleshoe, Saturday.

Mrs. Elton Venable and son and Mrs. Dorothy Blalock were shopping in Clovis, Saturday.

Frank Wilson, Roy Hawkins, Newell Bonds and Earl Ware are in Hot Springs for some fishing.

Mrs. Elvin Hammonds is spending this week with her parents, Mr. and Mrs. Luther Johnston.

Mr. and Mrs. Bill Eberling were attending business in Amarillo, on Monday.

Mike Johnston, of Lubbock, is visiting in the home of his brother, Mr. and Mrs. Bob Johnston.

Mrs. L. V. Shroyer is visiting her brother and family, Mr. and Mrs. Charles Rury, in Clovis, this week.

**SEW AND CHATTER CLUB**

The Sew and Chatter club met in the home of Mrs. Pete Davies on

Thursday. The afternoon was enjoyably spent doing needlework. Delicious refreshments were served to Mesdames T. G. Hudson, June Walling, Joe Wilson, Morris Means, Ronald Berggren, Robt. Calaway, Byron Turner, Otis White, Paul Jones, A. M. Wilson, John Byler, Jr., Alma Vasseley and the hostess.

## FHA PARTY HELD TUESDAY

On Tuesday night of last week, the FHA girls, with their teacher, Mrs. Thornton, initiated the freshmen girls into the chapter.

The club mothers, Mrs. Buck Ellison and Mrs. Joe Looney, attended. The business session was held first, after which games were played and refreshments of cookies and punch served to Louise Moody, Dorothy Moorman, Patsy Ellison, Patsy Lolin, Nancy Williams, Willie Mae Johnston, Lera Dell Cherry, Roylene Hawkins, Audrey Boxford, Ella Bradshaw, Gladys Hopingardner, Midgie Tritsch, Almdea Huff, Roberta Boatman, Patsy Nan Eberling, Delores Wilson, Linny Lea Sizemore, Mary Rose Brito, Earlene Markham, Lonetta Thompson, June Gay Looney and Lavelle Pounds.

## MRS. LOUIS PESCH IS WSCS HOSTESS

The ladies of the Methodist WSCS met Wednesday with Mrs. Louis Pesch in an all-day session. They did needle work and visited until 11:00 noon, when a delicious luncheon was served.

The afternoon meeting was opened by the president, Mrs. Mae Hopingardner. The main discussion concerned the coming bazaar.

Attending were Mesdames T. J. Hopingardner, Mable Newberry, I. W. Quickel, Lloyd Batty, Doris Wilson, Ruby Wilson, Wilbur Charle, and the hostess, Mrs. Pesch.

## CLUB HAS WEINER ROAST

Members of the Sew and Chatter Club, and their husbands, were entertained with a weiner roast, Friday night, at the roadside park, with Mrs. Joe Wilson, Mrs. Jess Walling, Mrs. Otis White and Mrs. A. M. Wilson as hostesses.

Those attending were Mr. and Mrs. Robert Calaway, Mr. and Mrs. Ronald Berggren, Mr. and Mrs. Paul Jones, Mr. and Mrs. Byron Turner, Mr. and Mrs. Pete Davies, Mrs. Morris Means and Judy, Mr. and Mrs. John Byler, Jr., and children, Mrs. Lucy Wilson, Mrs. Alma Vasseley, Mr. and Mrs. Bill Venable, Lillian and Rocky and the hostesses.

## BAPTIST WMU MEETS AT CHURCH

The Baptist WMU met Sept. 30 at the church for a regular session. The opening prayer was led by Mrs. Otho Hammonds, and the devotional led by the president, Mrs. H. L. Tiden-

berg. New officers were named as follows: president, Mrs. Tidenberg; 1st vice president, Mrs. A. T. Raye; 2nd vice president, Mrs. Vernon Ward; secretary-treasurer, Mrs. R. N. Williford; mission study, Mrs. Bill Bradshaw; Bible study, Mrs. Everett and Mrs. Comb; community mission Mrs. Reagan Looney; periodicals, Mrs. O. W. Rhinehart; publicity Mrs. Frank Barnett; education, Mrs. N. E. Bonds; benevelance, Mrs. J. O. Comb; circle chairman, Mrs. Arnold Hromas.

Eight young women met to organize a young women's circle. It is hoped that more will attend each meeting.

After the business meeting a social hour was enjoyed and refreshments served the 18 ladies present by Mrs. Bonds and Mrs. Williford.

## DOWN, PLEASE?

COLLEGE STATION—It looks like skirt lengths are coming down, in spite of all the hemming and hawing about it.

So, for the girls who have decided to stop the fight and let their hems down, here's what might be some helpful information.

Miss Mary Routh, clothing specialist for the Texas A. and M. College Extension Service, has an answer to the girls' question: "How am I going to lengthen a skirt without giving it that telltale, letdown, look?"

If it is a wool skirt that's being let down, and if the fabric is shiny on the underside of the hem, rip the hem and steam-press it on the wrong side of the fabric—that is, if the

wool is light weight or has a raised pattern in the weave. If it is a thick wool, Miss Routh advises steam pressing on the right side.

In steam pressing, cover the fabric with a dry wool press cloth, then with a cotton-cloth dampened in warm water. You may use a warm iron, but set it down, then lift it. Don't slide it back and forth, warns the clothing specialist.

If the shine is still showing after that operation, there's another trick you can try. Take a clean brush or a rubber sponge—the kind used for suede shoes—and try raising the nap of the wool with it.

Conspicuous and stubborn hem-line creases often can be erased by wetting the crease on the wrong side, says Miss Routh. Then turn the goods over on the right side and roll the crease back and forth in your fingers to work it out. Then press on the wrong side afterward.

Captain Edgar L. Barham of Dallas is the living original of the comic strip character "Snake" of "Terry and the Pirates."

## COUNCIL WILL MEET

LUBBOCK—The Texas State Nutrition Council will meet at Texas Technological College, Oct. 24-25 for the first time in West Texas, it has been announced by Miss Margaret W. Weeks, dean of Home Economics at Texas Tech. About 75 persons are expected to attend.

Tribune job printing is best.

### Health Notes

By Texas Department of Health

AUSTIN—According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,467 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent during the winter and spring seasons.

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble when our resistance to it is lowered. We can keep up resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers. He should follow the physician's advice until the cold has disappeared. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early in pneumonia is present, or develops in such cases.

### Edwards Is Retired On October 1st

AMARILLO—Frank E. Edwards, assistant to the general manager, Santa Fe railway, Amarillo, retired on October 1 with a notable record of 50 years and 10 months in railroad service, according to announcement made by G. C. Jefferis, general manager.

Born in Waterville, Kan., and educated in Atchison, Edwards entered the service of the Santa Fe as a caller in the mechanical department at Topeka in December, 1896, and with the exception of six months with the Denver and Rio Grande railroad at Pueblo, Colo., in 1910, his entire career has been with the Santa Fe.

Before coming to Amarillo in 1911 Edwards held various jobs at Topeka, La Junta and Pueblo, and Clovis. He has been assistant to the general manager of Santa Fe's far-flung western lines and Panhandle & Santa Fe lines since December 15, 1916.

Edwards will remain in Amarillo where he and Mrs. Edwards live at 2210 Hayden Street. He is a director of the Panhandle & Santa Fe railway and five other affiliated Texas companies, a director of the Amarillo Country Club, member of the Rotary Club, and of St. Andrew's Episcopal Church.

**ATHLETIC CLUB IN ACTION . . .** Jaded photographers aboard the U.S.S. Missouri carrying President Truman from Rio de Janeiro to the United States were considerably cheered when the "Truman Athletic club" was organized. Pictures of the President of the United States working off excess avoirdupois by leading a group of perspiring would-be athletes in calisthenics are not exactly run-of-the-mill.

#### TO LOUISVILLE MEET

LUBBOCK—Dr. W. M. Whyburn, president of Texas Technological College, will represent the college at a meeting of the Southern Association of Colleges and Secondary schools in Louisville, Ky., Dec. 1-3.

Buy — Sell — Trade — Here!

#### SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending October 4 were 29,695 compared with 25,893 for same week in 1946. Cars received from connections totaled 13,240 compared with 13,116 for same week in 1946. Total cars moved were 42,915 compared to 39,009 for same week in 1946. Santa Fe handled a total of 41,368 cars in preceding week of this year.

#### TO ATTEND CONFERENCE

LUBBOCK—Mrs. Jonnie McCrery

Michie, head of the Texas Technological College foods and nutrition department, will attend the 30th annual meeting of the American Dietetic association in Philadelphia, Oct. 13-17.

### When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

**DOAN'S PILLS**

I AM MOVING TO MISSOURI AND WILL HAVE A CLEAN-UP SALE ON

# Tuesday, Oct. 14

10 A. M. Texas Time

LOCATION: 2 miles west, 1-4 mile south of Texico, on Texico-Clovis highway.

#### IMPLEMENTS

- 1942 1-ton Dodge pickup.
- F-30 Farmall and 4-row lister.
- 22-36 International, on steel.
- Power lift for regular Farmall.
- Cultivator and lister.
- 1—Holt 36 combine.
- 1—Oliver 20-foot combine.
- 1—Hammermill, J. P.
- 75 foot rubber belt, 7 inch, 4-ply.
- 1—4-section harrow.
- 1—4-section spring tooth harrow.
- 1—4-row knife sled.
- 1—Land leveler, 10 ft., power mounted.
- 1—Terrace blade, 14 ft.
- 1—Hay rake, 10 ft.
- 1—Heavy 4-wheel trailer.
- 1—2-wheel stock trailer.
- 1—Power sorghum mill and copper pan.
- 1—2000 gal. transport tank.
- 1—Lot sweeps, and bolts.
- 1—Wheel scraper.
- 1—Scraper for Ford tractor.

#### TIRES

- 4—42x9 tires, tubes and rims.
- 2—650x20 Ford truck tires, tubes and wheels.
- 1—700x20.
- 1—Pair B-29 56-inch tires, tubes and wheels.

#### IRRIGATION PUMP

- 1 Worthington four stage No. 14
- 200 ft. setting, 8-inch column.

#### MISCELLANEOUS

- Butane tanks.
- 250 feet 1/2 in. long lay steel cable.
- 300 feet 3/8 in. long lay steel cable.
- Some 3/8 seven strand guy wire.
- Air compressor and tank.
- Emery stand.
- 275 fire brick.
- 1—Heavy steel table and vise.
- 2—3-inch channel irons, 36 ft. long.
- 1—Section A roof angle iron brace, 36ft.
- 1—Lot steel tubing, 3/4 in., 1000 ft.
- 1—Lot iron.
- 1—Lot scrap iron, 30 to 40 tons.
- 1—4-row lister knife attachment.
- 70 feet 3/4 inch pipe.
- 160 feet 2-inch pipe.
- 55 feet 1 1/2 inch pipe.
- 100 feet 4-inch boiler tubing.
- 2—Lubisters.
- 1—Lot post.
- Some used 15-30 International tractor parts.
- 1—Anvil.
- 1—Lot used lumber.
- 2—Model T Ford truck axles.
- 1—Grease pump.
- 1—Floor jack.
- 3—Tool boxes.
- 1—Set heavy duty socket wrenches.
- 1—Vise and welding table.
- 1—Vise.
- 1—Lot welding rod.
- 1—Lot Holt combine parts.
- 1—Set blocks and rope, good.
- 1—Set 2-inch pipe elevators.
- 1—Set bolt dyes.
- 1—Lot steel bits.

- 1—Lot bolts.
- 1—Lot wrenches.
- 1—Lot tool bar shanks.
- 1—Fogre.
- 1—Lot used barb wire.

#### FURNITURE

- Hamilton piano.
- Oak dining table and chairs.
- Buffet.
- Day bed.
- 1—Bedstead.
- 1—Pair bed springs.
- 1—Mattress.
- 1—Mirror.
- Chest of drawers.
- Living room suite.
- Tin can sealer.
- 1—8-ft. Moist-Master Kelvinator.
- 1—Milk cooler locker.
- 20-foot deep freeze unit.
- 1—GE mangle.
- 1—Ice cream freezer, 4 qt.
- 1—9x9 linoleum.
- Dishes and cooking utensils.
- 1—Milking machine unit.
- 1—9x12 rug and pad.
- 1—Stainless steel cook table, 2 1/2 x 6 ft.
- 1—Platform rocker.
- 1—GE cabinet model radio.
- 1—Singer Sewing machine.
- Other items too numerous to mention.

#### FEED AND SEED

- Several sacks crested wheat grass.
- 1—Stack maize bundles.

## For Sale

- 640 A. farm, good improvements, 2 irrigation wells, located in Bailey County.
- 80 Acres, improved, 4 1-4 miles of Muleshoe.
- 480 A. Farm. Good location. One of the best modern homes—and improvements.
- 6 Section ranch, good grass, plenty of water.
- 80 Acre Farm. Improved, Close-in.
- Home in East Farwell, 9 Lots.
- 5-Room modern House, 20x24 Business Bldg. in Farwell.
- 160 Acre Farm, East of Farwell.
- 320 A. Farm. Close in—Good set of improvements.
- 6-Room MODERN HOME in Farwell.

Steers Dump Pettit For Second Win

Farwell's blue-clad Steers racked up their second victory in as many starts, Friday, when they downed a visiting Pettit six, 48-20. The locals were superior throughout the game, allowing Pettit to gain practically nothing on the ground. The visitors' aerial attack was responsible for the scores.

Probably the most exciting play of the afternoon came late in the final quarter, when Tboy Booth received a Pettit kick (after a tally) and came thundering down the field scattering players right and left as he went for the last Farwell score of the day.

Fans on the sideline also got a big bang out of diminutive Jerry Pool, who made several nice gains as he twisted his way through the opposing playeds. R. Ivy starred for the visitors as the only player who was able to gain on the ground, in addition to his passing duties.

With in minutes after the game began, the Steers were out ahead, 8-0. Pettit received the ball at the opening kickoff but failed to gain, and McIntyre booted out on his own 25. Robertson pulled a quick play that advanced Farwell to the 1-yard line, but fumbled the ball when hit soundly, and the visitors recovered. Immediately, McIntyre kicked, with Sheets receiving for Farwell and handling the ball up to the 18. Robertson circled left end for eight, and Hart was run out of bounds on the 3-yard line by Fincannon. Robertson then carried over into paydirt, and Sheets put a clean dropkick through the uprights, adding two extra points. Four plays later, Booth recovered for Farwell on the 13, and Hart passed to Thomas for a counter. Sheets' attempt was low and the locals led 14-0.

Pettit opened the second quarter holding the ball on their own 20. An incomplete pass was chalked up and on the next play R. Ivy shot a beauty to Ivy, which was called back, with both sides offside. The ball finally went over to Farwell, and Pool zipped and squirmed his way for 25 yards. Robertson heaved a long pass to Henneman, who towered over his offense in the end zone and connected for a counter. The placement try failed. In the closing minute of the first half, R. Ivy shot a long pass to Woods, who got in behind Sheets in the end zone to score Pettit's first tally of the day. The try for extra point was blocked by the entire Farwell line.

Opening the second half, Hart carried to the 25, where he was banged down by Woods and R. Ivy but on the next play went over center for another Steer touchdown. Sheets

added two more points with his kick and Farwell led 28-6. Pettit started a drive, but bogged down in midfield and Robertson carried to the Pettit 30. Hart made 10 and Booth passed to Ford for another touchdown. Sheets made his third placement.

Early in the final period, Robertson heaved a long one to Garner, who went over with McIntyre hanging on. The placement try was bad. Pettie received on their own 15 and advanced to the Farwell 25, where Wright shot a pass toward paydirt. Thomas intercepted and ran back to midfield, but fumbled as he was hit and the visitors covered. R. Ivy shot a pass to Woods on the 30. Wright carried to the 5-yard line, and McIntyre scored over, little Bob Gerles, half-pint sub, and Booth. R. Ivy went over for an extra point. On the kickoff, Booth ran the length of the field for another Steer counter, and in the dying seconds, R. Ivy went over for a final counter and then added the extra point.

Grade Tourny Will Be Held Saturday

The Curry County softball tournament for grade school boys and girls will open Saturday morning, October 11, at Ranchvale, with teams from the majority of schools being listed for competition.

Both Texico boys and girls are getting stiff workouts this week in preparation for the meet. Coaches B. A. Rogers and Warren G. Harding said on Tuesday that little predictions concerning the outcome could be made, due to the fact that most of the teams have had little matched play this year, and the meet will likely be a sort of "dark horse" affair.

Rogers listed his lineup for the boys as follows: Poteet, catcher; Hale, pitcher; Gant, first base; Crook, second; Harris, third; Lewis, shortstop; L. Doolittle, floating shortstop; G. Doolittle, left field; McGinnis, right field; and Forbes, right field. Possible subs will include Goldsmith, Morgan, Engram and Monk.

For the girls, Coach Harding listed Vigil as pitcher; P. Doshier as catcher; G. Doshier on first; Mendoza on second; Brown at third; Reed, shortstop; Alien, left field; Bridges, center field; McDaniel, right field; Mears, floating short. Subs will include Level, Paul, Moss and Sparks.

No brackets had been received as The Tribune went to press.

Certain species of beetles were considered so sacred in ancient times that they were mummified.

Bovina-Farwell Tangle In Grid Clash Friday

The annual "dog eat dog" classic between the Farwell and Bovina grid teams will open this Friday, October 10th, at 2 o'clock on the Steer gridiron behind the local courthouse. Coach Jack Williams announced today, and added that he would make no predictions as to the outcome.

Having breezed through their first two games with top-heavy scores, the Steers are hoping for another win this weekend, but Bovina is never considered an easy foe, no matter what kind of a showing either team has made previously.

The Mustangs have won their only game played thus far this season against the Oklahoma Lane sextette, it is understood here.

Coach Williams is expected to unmask several new plays this Friday, which have been kept under cover in hopes of surprising the visitors.

Asked about his lineup, Coach Williams listed Ford at right end, Thomas at left end, Booth at blocking back, Robertson at right half and Hart at left half. If the cut, which Graham received last Friday over his right eye is sufficiently healed by this weekend, he will start at center, otherwise, Sheets will take the center slot.

Defensively, the lineup will be switched, with Booth at center; Hart and Robertson at the end positions; Thomas in at left halfback; Ford at right half, and Sheets as tailback.

Bovina is understood to have several lettermen back in the lineup this year, including Kelly, Tidenberg, Hopingardner, McKinley and Brito, all of whom the Steers remember from previous encounters. Coach R. E. Everett had not announced a starting lineup as The Tribune went to press.

TOURNEY DATE GIVEN

October 17th is the date for the senior softball tournament for Curry County boys and girls, it has been announced, with the meet to be held on the Pleasant Hill diamond. No information was available this week as to the brackets.

Playing on their home field last weekend, the Texico teams racked up two more wins, over Field, taking a long 15-2 decision over the visiting boys, while the local girls barely squeezed out in front, 7-8. The teams will entertain the Pleasant Hill squads here no Friday.

ACA News

Harold W. Carpenter, Secretary

The 1948 allocation of funds for conservation payments in Parmer County will be about one-third less than in 1947. Also, the maximum payment any producer may earn regardless of acreage will be \$500.

This means that the farmer who has been putting off building that system of terraces he needs or drilling that well under the range program had better get it finished this year. Apparently, there will be sufficient funds to complete the 1947 program. Come in and see us about any phase of the program you are interested in.

A national farm magazine recently conducted an essay contest on "Erosion". An Oklahoma Indian won easily with this bit of juicy logic:

"White man crazy. Plow hill. Water wash. Wind blow soil, grass all gone. Squaw gone. Papoose gone. No pig, no corn, no hay, no cow, no pony. Indian no plow land. Keep grass. Buffalo eat. Indian eat buffalo. Hide make tepee, moccasins, too. Indian no have to build terraces. No build dam. No give dam. All time eat. No hunt job. No hitchhike. No go on relief. Indian no work. White man heap crazy."

The Parmer County Committee met Monday with Nelson Little of College Station as guest. Little is connected with the Federal Crop Insurance Corporation and his estimate of the cotton yield in this area is far above average. The Committee's work centered mostly around the 1948 program. Preparation of applications for payment for the 1947 ACP program was discussed.

Several stands of permanent pasture have been reported by farmers with irrigation facilities. We believe that the trend will run more and more to pasture mixtures during the next few years. Drop by your neighbor's place and see what he is doing and then judge for yourself.

Texico Scouts Enjoy Weekend Camping

Representatives from three patrols of the Texico Scout group, with Scoutmaster Warren G. Harding, returned home Sunday afternoon from the Eastern New Mexico state park, between Clovis and Portales, where they had spent the weekend on an outing.

Harding said that the boys, who left here Friday afternoon, spent the time in both educational and recreational work, having some hikes, compass work and a council meeting, in addition to various sports.

Attending were: from the Bob White patrol, Milton Poteet Jr., patrol leader; Vernon Lewis, assistant, Bertan Wiggins, H. D. Robertson and T. A. Autry, from the Elephant patrol, Jimmie Doshier, leader, Edward Harris, Darrell Harris, James Huber and Clyde McDonald; from the Flying Eagle patrol, Lacy Gant, assistant leader; Tuck Monk, Hollis Leslie, Howard Hudson, Donald Ray Engram and Claude McDonald.

BUYS CAFE

Mr. and Mrs. O. M. Nunn of Clovis announce that they have purchased the Corner Cafe, in Farwell, and plan to be open for business this week. The cafe was formerly owned and operated by Mr. and Mrs. Glenn London, also of Clovis.

LAY AWAY FOR CHRISTMAS

Past experiences in recent years have proved the advisability of laying away your Christmas items. This week we have a good shipment of wheel goods, rubber dolls and other Christmas items that might be scarce again before long.

FOX DRUG STORE

PAY SURPRISE VISIT

Local peace officers were paid a surprise visit last Friday evening when Robert L. Davsi and Edgar L. Howe, of the Roswell AAB, held here for some three weeks for driving an automobile which did not belong to them, arrived to pay a friendly visit to Earl Booth, C. E. Crume, and an inmate in the jail.

The boys were taken to Amarillo about two weeks ago by a United States marshal, for trial. They were released with a two year suspended sentence, to return to their station at Roswell. They were given their uniforms, and remarked that they were "going to make good".

The soldiers arrived here early Friday evening, located Crume, visited him for a short time and asked

to spend the night in jail, as their funds were low and they could save a hotel bill. They were accommodated, and left Saturday for Roswell.

ON ELK HUNT

Aubrey Brock and Reagan Looney of Bovina, Casey and Glenn Dunn of Friona, and Ray Reeding of Clovis made up a party of hunters who left here Tuesday for Colorado, to hunt elk in the Pagosa Springs section, with the opening of the season on Saturday of this week.

Since the non-resident license fee in New Mexico has been boosted to \$50 this year, it appears that few Texas hunters in these parts will be journeying to that state this Fall.
