

STARS OF THE SHOW—Above are shown the grand champions of the Farwell Dairy Show and Fair, held last weekend in Friona. Top: Wendol Christian, Oklahoma Lane, with his Jersey cow; and Ray Strickland, showing the Friona FFA chapter's Jersey bull. Second row: Levi Johnson, Farwell, with his Milking Shorthorn cow; J. S. Thompson, of Friona, with his Shorthorn bull. Bottom: Ray Strickland, showing the prize sow owned by Roy V. Miller, Friona; and the champion boar, owned by Robert Morton, of Farwell.

Dairy Show-Fair Set Record

Bovina Baptists Plan Dedication Service

Dedication services for the newly-constructed Bovina Baptist Church are scheduled for next Sunday, Oct. 19th, in an all-day affair that promises to draw a large crowd to that city.

Rev. Bruce Giles, pastor of the church for the past year, will deliver the dedicatory sermon at the 11 o'clock hour, to be followed by a basket dinner on the grounds.

At 2 o'clock in the afternoon, another service, to be participated in by the membership and former members, will detail the history of the organization. This will be followed by testimonials from present and former members. The service will be concluded with a sermon to be delivered by Rev. T. E. Swanner, district missionary of Plainview.

In announcing plans for the all-day program, Rev. Giles said that all members, former members, former pastors and friends of the church were invited to attend. The day's program will conclude with regular preaching services to be conducted in the evening by the pastor.

Completed at a cost of \$21,500, Rev. Giles said today that the entire debt had been paid, and that better than \$13,000 of this amount had been subscribed this year. "I think this is a splendid tribute to the people of this small community," the pastor added.

LEGION CALLED TO MEET

Post Adjutant Champ Porter today issued a call for a special meeting of the Farwell Legion Post to be held at the Legion Hall on Friday evening of this week, at 8 o'clock.

Adj. Porter said that there were several matters to be worked out looking forward to the formal opening of the new hall, and he was very desirous that a full attendance on the part of the Legionnaires be noted Friday night.

Court In Recess After One Day Session

District Judge C. D. Russell of Plainview, recessed the fall session of the 624th District Court here on Monday afternoon, after only one day's session. Court will resume on Wednesday, October 22, he announced.

During the day's session, Judge Russell disposed of two civil cases and accepted a plea of guilt in a criminal action, Clerk Loyde Brewer announced.

S. E. Reynolds entered a plea of guilty to a charge of swindling and was given a four-year suspended sentence. A decree granting a divorce to Margarette Mazurek from Louis Mazurek was issued by Judge Russell, and a petition to change the name of John Wallace Hubbard, a minor, to Jno. G. Reading was granted.

The grand jury, in session, was recessed subject to call by the Court, after returning two criminal indictments. One was against Reynolds, while the name of the other party was not revealed, pending his apprehension.

"The largest and best" dairy show and fair ever held in Parker County, rated thus by the hundreds who attended the four-day exhibit, closed Saturday afternoon at Friona, following a grand parade of outstanding stock and floats down the main street of town, led by the Friona High School band.

Exhibits reached a high mark this year, for in addition to the unusually good list of dairy and beef cattle, swine and sheep, educational booths were set up by the Bovina, Friona and Farwell FFA chapters and the Bovina and Friona home economics departments. The Parker County booth, which was given first honors at the Fair in Lubbock recently, was also on exhibit. Business men of the county arranged advertising booths, concessions were available for those who desired entertainment or food, and women of the county showed a number of exceptionally beautiful hand-made articles of various types.

"Best This Year"

N. C. Fine, of Texas Technological College, Lubbock, reported to County Agent Ollie Liner that the livestock exhibits were the best he had seen this year, and he has recently served as judge at such outstanding fairs as the Tri-State, in Amarillo, and New Mexico State Fair, in Albuquerque.

The Friona FFA chapter owned the grand champion Jersey bull, while the grand champion female Jersey honors went to the cow exhibited by Wendol Christian, of Oklahoma Lane.

In the Milking Shorthorn department, Levi Johnson, Farwell, owned the grand champion female, while the grand champion bull was owned by J. S. Thompson, of Friona.

Robert Morton, head of the Farwell FFA department, exhibited the grand champion boar of the swine show, and the grand champion sow honors went to Roy V. Miller, of Friona.

The beef cattle, exhibited by Roy Williams, Maurice Gaede, Ernest Brown, Viddian Weis and Floyd Schlenker, and the Columbia sheep, shown by Otho Whitefield, were not in competition and were not judged, Agent Liner reported.

A total of 119 dairy animals, 90 head of swine, five sheep and 15 Herefords made up the complete list of livestock at the show.

Wind, Sand, Rain, Bovina Can't Stop Farwell Steers

While the weatherman rummaged around in his bag to see how many assorted types of rain, hail and glaring sun he could find, the Farwell Steers managed to conquer both the elements and the visiting Bovina Mustangs, last Friday afternoon, on the local gridiron.

Bovina was definitely stronger than the final score, 23-0, indicates for the first quarter was a hard-fought draw that saw neither team making much headway, and a glance at a play-by-play report shows that the losers actually held the ball more than the victors, but were unable to capitalize on their possession.

Intensive work, and in addition, Hart was called to do most of the ball carrying. Tidenberg Brito and McKemy handled the pigskin for the winners, with Tidenberg drawing the assignment most frequently, and Brito called on as passer.

The first half closed at a tight 6-0, with the Mustangs having battled Farwell for every inch of ground. The single counter of the first two periods came in the latter half of the second quarter, when Farwell converged on passer Brito, of Bovina, slapped the ball free behind the line of scrimmage and recovered on their own 20-yard marker. On the first play, the Farwell linesmen opened a hole over center, and galloping Bobby Hart was of from his own 17 and down the field to paydirt. Thomas saved the score as Hart reached the Bovina 20 by throwing a beautiful rolling block on a Bovina player who was grabbing handfuls of air just behind Hart. Sheets' dropkick, against a strong wind, failed to go between the uprights.

The second half favored the Steers more, with a safety, scoring three points, being racked up early in the third period. The Mustangs held the ball on the 5-yard line, after Hart had fumbled on a touchdown try. On the next play, Robertson shot through into the Mustang backfield and banged Brito to the ground behind his own goal line. The ball then moved out to the Bovina 15, and the Mustangs again hit the Farwell line, only to be viciously stopped by Booth. Then Hart and Thomas fell on the pigskin when it snot out of the hands of Tidenberg on the 19; Hart advanced to the 5, and on the second try went over center for another touchdown. Sheets added two points with his placement, and Farwell led, 17-0.

The last counter of the day came late in the final period, when Booth tossed a snappy left-handed pass to Robertson, who shot off like a bullet and went over unmolested from the 15. The strong wind again tossed the placement try short, and the score stood 23-0. As the game ended, Bovina had intercepted a pass and held the ball on their own 25-yard line.

Scattered Showers Fall On Friday

Thunder showers, ranging from one and a half inches to a mere sprinkle, with most of the area coming in the latter category, fell here last Friday afternoon.

Generally, most of Parker County came in for only a good shower, but in isolated instances the rainfall ran from a half to better than an inch. The most favored section of this county appears to be in the Lakeview community, south of Friona, with Fred Barker reporting three-quarters of an inch, and Otho Whitefield estimating his rainfall at 1 1/2 inches.

The moisture may stimulate wheat sowing in the more favored areas, but most farmers contacted this week seem to favor the idea of leaving wheat fields undisturbed in the hope that sufficient volunteer grain will come up to protect the land from wind damage during the winter months. Pat Terry, who farms south of Friona, said he planned to go along with this idea, adding that if sufficient moisture comes later, he would still have time to properly sow his fields.

Good Season Expected At Lariat Gin Co.

Guy Nickels, manager of the Lariat Gain Company, stated Tuesday that a good season's run was expected this fall, judging from the condition of the cotton in the Lariat and West Camp section.

Nickels says that in his opinion there will be not less than 2,000 bales put through the gin this year. Irrigated cotton gives promise of yielding around a bale to the acre, the gin operator said, and the dry land fields are being estimated at an average of a quarter of a bale to the acre. Cottonseed is being bought at \$90 a ton, and the lint is selling at 28-29 cents.

The staple, Nickels said, is the best he has ever seen in his 24 years of ginning experience, with practically all of the grades running middling and better.

At an expense of around \$6000, the Lariat gin has been put in tip-top condition for handling the crop. New cleaners and dryers have been installed and the machinery has been completely overhauled.

COMMISSIONERS MEET

The Commissioners Court of Parker County was in session here on Monday. Transactions included the payment of current bills; transfer of \$16,000 from the Road and Bridge Auto Fund to the Road and Bridge Fund; approval of the expense account of the office of sheriff, assessor and collector for the month of September.

PINNED UNDER CAR

Alfred Anderson sustained injuries last Friday, when he was pinned beneath his car, while working on it. Anderson lives in Iowa and operates transient combines in this section. He was caught beneath his auto when a jack slipped, but was soon rescued and escaped with slight injuries.

Former Bovina Pastor Is Killed In Crash

Rev. David R. McNew, former pastor of the Holiness Church in Bovina, was killed instantly and his daughter, Miss Alice, was critically injured in an automobile accident near Bend, Oregon, on Tuesday afternoon of last week.

The body of Rev. McNew was sent to Liberal, Kansas, where funeral services were held Sunday afternoon, while his daughter remains in a Bend hospital with injuries that are described as quite serious. Miss McNew is reported to have sustained fractures of both legs, broken ribs, face and head lacerations and other injuries. Reports here say that if she survives she will be in a cast for six months.

Rev. McNew served as pastor of the Bovina church last year, and his son, Mansell, operated a grocery store there for a short time. Mrs. McNew died suddenly at Bovina just a year ago from a heart attack.

Mr. and Mrs. A. T. Kersey, Mr. and Mrs. Osborne Loflin, and Rev. and Mrs. C. R. Howard, all of Bovina, drove to Liberal last Saturday to be present for the funeral services of Rev. McNew on Sunday.

BROTHER DIES IN KANSAS

Funeral services for U. G. Charles, 83, of Wichita, Kansas, brother of J. G. Charles, 94, of Bovina, were held at Wichita last Wednesday. Mr. and Mrs. J. G. Charles, accompanied by their son, Wilbur, drove to Wichita to attend the funeral.

REPORTS GRAIN LOSS

O. Gulley of the Lariat section, reports the loss of a large truck load of threshed grain from his field on Thursday night of last week. Gulley said the grain was stolen from his field on Thursday night, but that the loss was not discovered until late in the afternoon of the following day. So far as has been learned here, no trace has been found of the grain, estimated to be valued at around \$300.

SHOWS NO IMPROVEMENT

Z. W. Petree, 76, who suffered a stroke last week at his home in southeast Farwell, continues to be quite ill with little or no improvement noted in his condition since he was stricken. Family members said that he was able to take nourishment, and most of the time appeared to be rational.

TO DISTRICT MEETING

County Agent Ollie Liner will be in Lubbock on Thursday of this week, attending a district meeting of Extension workers. He stated Monday that the principal business would be annual reports from the various agents.

Rites Conducted Here For Mrs. Williams

Funeral services were conducted here Sunday afternoon for Mrs. Mary Williams, wife of W. W. Williams of Hot Springs, N. M., who formerly lived southwest of Texico. The rites were in charge of Rev. Harvey Carrell, pastor of the Methodist Church, where the services were held. Minister Ebb Randol assisted and burial took place in the Texico cemetery under the direction of the Steed Funeral Home.

Mrs. Williams, who was 59 years old at the time of her death, passed away at Socorro, N. M., where she was stricken with a heart attack while enroute to her home in Hot Springs, after a visit with relatives here. Becoming ill at Mountainair last Tuesday afternoon, she continued her journey to Socorro, where she was placed in a hospital. She died the following day, about 48 hours after being stricken.

Mr. and Mrs. Williams were married at Wilson, Texas, in October, 1908, and came to New Mexico the following year, homesteading on a claim south of Texico. They moved to Hot Springs five years ago, where they have operated a camp ground and bath house since that time.

She is survived by her husband, W. W. Williams, of Hot Springs; one son, J. D. Williams of San Bernardino, Calif.; and five grand children. Also three brothers and three sisters: J. T. Harding and B. L. Harding of Texico; N. R. Harding of Farwell, Mrs. R. J. Klump of Muleshoe, Mrs. W. R. Matthews of Texico, and Mrs. H. H. Carlyle of San Angelo.

ATTEND FUNERAL

Mrs. Lena Yoder and son, Edward, returned home the latter part of last week from Carnegie, Okla., where they were called to attend the funeral of Mrs. Yoder's brother, John Schmidt. Mrs. Edmonston and Mr. and Mrs. Downey, of St. Vrain, N. M., also went to the funeral services.

BUILDINGS SOLD

Both the old buildings of the Methodist and Baptist Churches in Bovina have been sold and the materials will be used for other buildings. L. C. Moore purchased the old Baptist structure, with the Methodist building going to Bill Venable.

NEW TELEPHONE LINE

A new telephone line between Clovis and Muleshoe is being put in this week. The new line, complete with new poles and wire, will parallel the Santa Fe right-of-way between Farwell and Muleshoe.

NEW NEON SIGN

The Border Theatre has just completed the installation of a new neon sign atop the marquee, adding much to the attractiveness of Farwell's new show house. The word "BORDER" is illuminated in bold red letters on the new sign.

Rev. Treadwell Accepts Call To Local Church

Rev. E. M. Treadwell, who was extended a call as pastor of the Texico-Farwell Baptist Church on October 5th, has wired church officials his acceptance to the local work.

The minister, who is 31 years old, comes here from Rogers, Texas, and has notified officials that he expects to arrive here early next week. His family consists of a wife and one small son.

Meanwhile, the Baptist parsonage has been undergoing a thorough interior refinishing during the past several days. In addition to the renovation, a new floor furnace and venetian blinds have been installed.

Mens' Club Resumes Meetings This Month

C. M. Henderson, president of the local Mens' Club, announced today that the regular monthly meetings of the club would be resumed on Thursday evening, October 23, with the first Fall meeting scheduled to be held in the basement of the Methodist Church.

Activities of the Club have been suspended during the summer months, and Henderson stated today that considerable work had accumulated during the recess. Attendants will bring items for the lunch, as usual, Henderson said.

WINNERS ARE NAMED

Following are the winners, as listed on the prize sheets compile by Agent Liner and J. T. Gee:

Jersey Department

Bull dropped between Jan. 1, 1946 and June 20, 1947—1st, Dick London, Friona; 2nd, Jack London, Friona.

Bull dropped between July 1, 1946 and Dec. 31, 1946—1st, Friona FFA; 2nd, G. A. Collier, Friona; 3rd, L. M. Grissom & Sons, Oklahoma Lane.

Bull dropped between July 1, 1945 and June 30, 1946—1st, R. V. Miller, Friona.

Bull dropped between July 1, 1943 and June 30, 1945—1st, Friona FFA; 2nd, Grissom & Sons.

Bull dropped before July 1, 1943—1st, Wendol Christian, Oklahoma Lane; 2nd, Wendol Christian; 3rd, Friona FFA.

Junior champion bull—Roy V. Miller, Friona.

Senior champion bull—Friona FFA Krieg bull.

Heifer dropped between Jan. 1, 1947 and June 30, 1947—1st, Ray Strickland, Friona; 2nd, H. C. Wells, Friona; 3rd, H. C. Wells.

Heifer dropped between July 1, 1946 and Dec. 31, 1946—1st, Waymon Wilkins, Friona; 2nd, Tommy Jones, Friona; 3rd, Donald Christian, Oklahoma Lane.

Cow dropped between July 1, 1945 and June 30, 1946—1st, Ray Strickland, Friona; 2nd, G. A. Collier, Friona; 3rd, Jack London, Friona.

Heavy springers and producers dropped between July 1, 1945 and July 30, 1946—1st, Max Wells, Friona; 2nd, Lloyd Rector, Friona; 3rd, Haskel Duffer, Friona.

Cow dropped between July 1, 1944 and June 30, 1945—1st, Louis Gore, Friona; 2nd, Charles Schlabs, Friona; 3rd, Ross Miller, Friona.

Cow dropped between July 1, 1943 and June 30, 1944—1st, Wendol Christian, Oklahoma Lane; 2nd, Donald Christian, Oklahoma Lane; 3rd, Joe Fallwell, Friona.

Cow dropped before July 1, 1943—1st and 2nd, Grissom & Sons.

Junior champion female—Max Wells, Friona.

Senior champion female—Wendol Christian, Oklahoma Lane.

Get of sire—1st, Friona FFA; 2nd, Grissom and Sons; 3rd, Grissom & Sons.

Health Notes

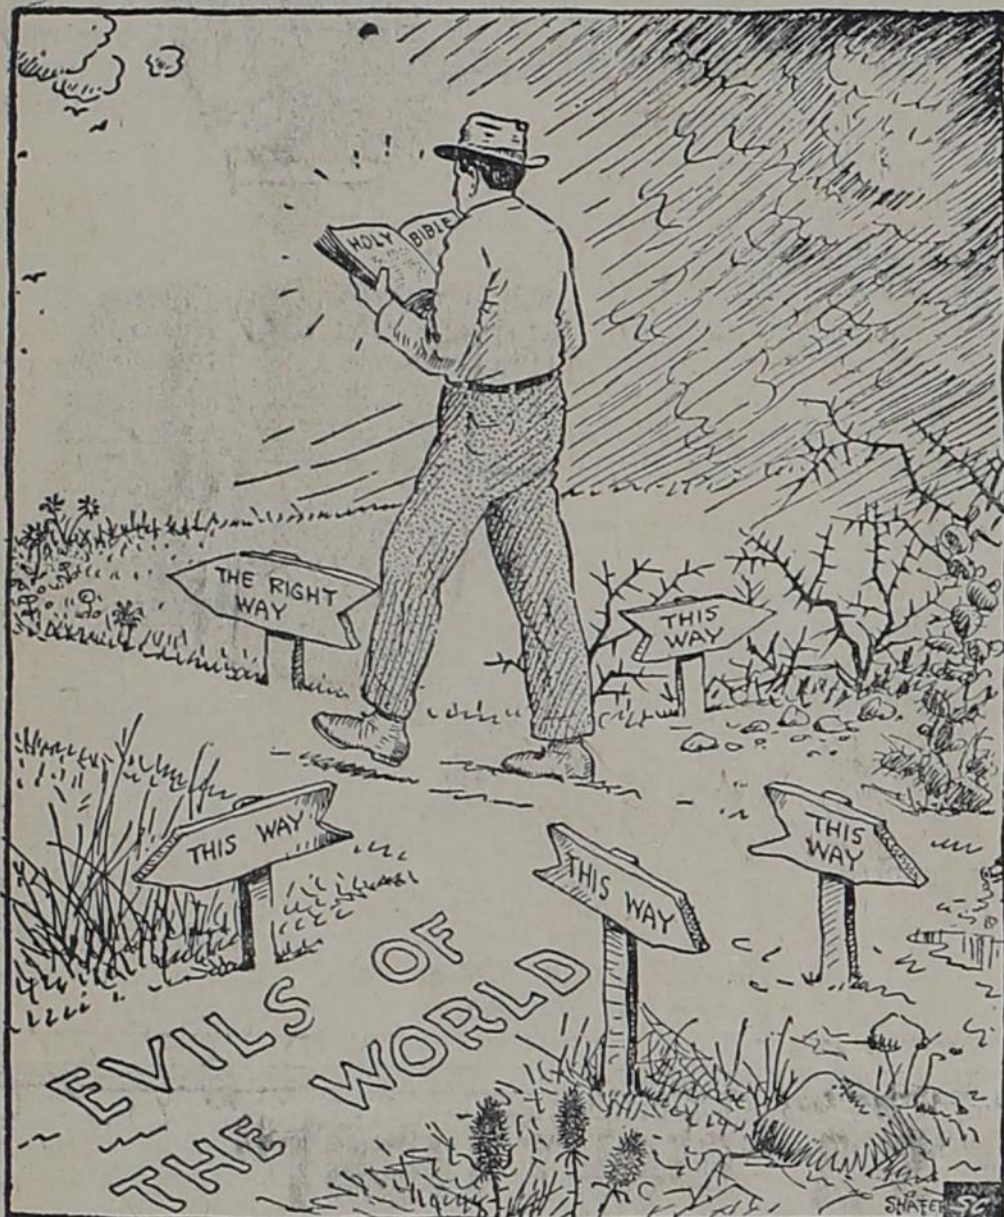

By Texas Department of Health

AUSTIN—Seasonal health hazards for young children are to be guarded against in the wintertime just as carefully as they are in the summer, in the opinion of Dr. Geo. W. Cox, State Health Officer.

"Every mother is familiar with so-called summer complaints which affect small children but certain winter diseases can be just as harmful and are just as likely to make their appearance unless proper precautions are used during the approaching

season," Dr. Cox said. In the group of winter diseases are influenza, tonsillitis, pneumonia, bronchitis, asthma, and even diphtheria when a child has not had diphtheria immunization. Any such disease affecting a child's respiratory or breathing system is apt to be very serious and all too often fatal. Pneumonia often develops from a neglected cold or may follow a severe case of measles or whooping cough. Bronchitis conditions may also prove to be an after effect of such diseases and these respiratory ailments are much more difficult to combat successfully than the digestive ailments which are prevalent in the summertime, known as summer complaints. "These winter diseases are especially dangerous to babies and very young children," Dr. Cox stated. "Nearly all of them are spread from the secretions of the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense against them is to build up the child's general health, as a power of resistance against disease," Dr. Cox advised. "The second step is to keep them under medical supervision, and the third is to make sure that they avoid contact with those who have coughs, colds, or fevers."

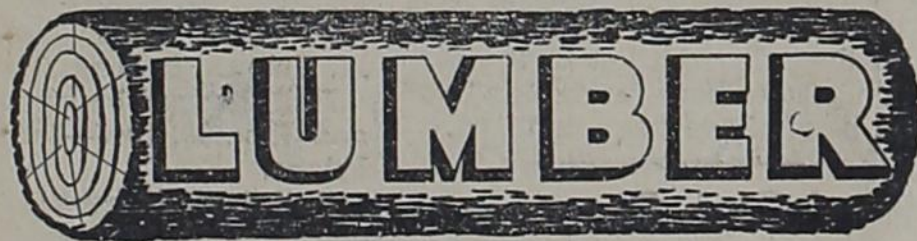

The Right Road

Today, all over the world, irreligion marches shoulder to shoulder with violence and unrest. Totalitarian Revolution, imbued with godless ideologies, sweeps the globe in arrogant, unholy triumph.

If we are to preserve what we believe is the essence of civilization, to regain and hold the full measure of sacred liberties and maintain the dignity of man, we must encourage, aid and abet a more sober realization of the indispensable influence of The Word of God in our every day life.

For his own sake, his family, community, State and the Nation, National Bible Week merits the recognition of every American who, irrespective of class, creed or color, loves liberty and would do his full part under God. Sponsored by the Laymen's National Committee, Vanderbilt Hotel, New York.

Questions And Answers Given For Veterans

Q. Can I get wartime compensation rate paid for disability I incurred in peacetime service?

A. No, if your disability was incurred in peacetime service, you will not be entitled to wartime benefits unless your service falls under PL 359—77th Congress, which provides wartime rates if the disability was the direct result of armed conflict or was received while you were engaged in extra hazardous service.

Q. How can I show that my parents are dependent on me for support?

A. Dependency will be held to exist if your parents do not have an income sufficient to provide reasonable maintenance for themselves and members of their family under legal age, or members of the family otherwise dependent by reason of mental or physical condition.

Q. If I accept a compensation check VA has sent me, does that mean I am satisfied with the rating given me?

A. No. The acceptance of a check does not waive any rights you may have in claiming greater compensation or pension than that which has been awarded you.

Q. What identification data should I give in writing about my claim for benefits administered by VA?

A. If you are making application you should give your full name, grade, organization, serial number, date of entrance into service, date of discharge, and date and place of birth. After the claim is filed it will be assigned a claim number which should be mentioned in all subsequent communications.

Discovery Will Help Pipe Manufacturers

AUSTIN—Manufacturers of building brick clay and sewer pipe will benefit from a discovery made by a University of Texas ceramic engineer.

F. K. Pence, chairman of the department of ceramic engineering, has discovered that the addition of cheap, abundant Texas volcanic ash to brick clay and sewer pipe will improve the quality and lower the price. Further, the ash increases water resistance of heavy clay products.

Ash is adaptable only to heavy clay products, Pence pointed out, because of its dark color. It is virtually non-absorbent, and therefore ideally suited for heavy materials.

GIFT TO LIBRARY

AUSTIN—Sixteen volumes of a rare periodical, "The Lark", have been presented to the University of Texas Library by Mrs. Frank Julian Sprague of New York City, a collector of Gelett Burgess items. "The Lark" published monthly in 1896-7 by Burgess and Bruce Porter, was begun simply as a "lark". The library's file is complete except for volume two of the 24-volume set.

The United States Navy has slightly more than 4,000,000 fingerprints on file, dating back to 1907.

When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging headache, rheumatic pains, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

TEXICO-FARWELL

A large map of Texas with red lines showing the main-traveled roads of the state, is part of the Texas Roads Association's exhibit at the Dallas Fair. A picture of the map is shown here. Thickness of the lines indicates heaviness of traffic. The Houston-Galveston road and the Fort Worth-Dallas road carry more vehicles than any other highways in the state.

AUSTIN—Color movies and a collection of charts and maps will tell the story of Texas roads at the State Fair of Texas at Dallas.

Col. Ike Ashburn, executive vice-president of the Texas Good Roads Association, announced today that the organization would sponsor an exhibit in the fair's Agriculture Building.

"Most engineers say that 3,000 vehicles per day is the maximum efficient volume for a two-lane highway," Ashburn declared. He added: "Texas now has 400 miles of two-lane highways carrying more than 4,000 vehicles per day. If current trends continue, 1,050 miles of Texas roads will be overcrowded by 1955." Increased road use will demand continuous expansion in all classes of roads, Ashburn stated.

"Texas people must prepare to meet this problem courageously," he said. "The continuation of balanced road program to develop all classes of highways must be assured for the future of Texas. The Texas Good Roads Association is unequivocally committed to such a program."

Coliseum May Be Built In Austin

AUSTIN—If the University of Texas Regents approve, a coliseum with seating capacity of 18,000 to 20,000 may be built near the University.

The coliseum has been recommended by the Development Board, Director Hulon W. Black said, and the Regents will have to determine whether the project is proper for fund raising by gift solicitation.

Preliminary estimates of cost have run as high as a million dollars. The proposed coliseum would be used for basketball, including the state Interscholastic League tournament; for student convocations, and for other, indoor activities for which the 8,000 capacity in Gregory Gym has become too small.

True Stories of West Texans

(By N. H. KINCAID)

OUTLAWS OF THE CATTLE COUNTRY

When John T. George left the spring round-up on his ranch in King country to chase a lobo wolf, he was expressing the cattlemen's hatred of that cunning outlaw. As the lobo cut back through the herd he was joined in the chase by three of his cowhands, Al and Joe Jay and George Goodall.

"We roped that lobo time after time but she cut the rope in two with her teeth, like cutting thread with a pair of scissors," Joe Jay recalled over half a century later. But the cattlemen persisted and eventually the wolf was cornered. George Goodall had tightened the rope around her neck before she could snap it and, running full speed had choked her down. Mr. George wanted the honor of killing her; she had been living too long on his calf crops!

A lobo requires a calf every other day in the summer time, and often two make the kill together. They are as detrimental to a herd of cattle as an epidemic. Thus the cattlemen of West Texas put a price on lobo's head and after that he became the most hunted outlaw of the great plains.

Yet, a lobo wolf is practically immune to catching by traps or poisoning. But after a heavy series of losses one winter Al Jay, working on the George ranch, vowed to break this hoax. Wearing his gloves thru-out, he took some fresh meat, inserted poison with a knife and fork and palced it in a clean scalded bucket. He then rode to the dead calf and, remaining on his horse, dropped the poisoned meat beside it with the fork and again rode away, never touching the meat or bucket with his hands nor the ground with his

feet. And Al succeeded. Four lobos were killed from one calf by this method.

"From 50 to 75 miles below the caprock of the plains was the greatest lobo wolf breeding ground in the world," said Joe Jay. "And the wolves seemed to congregate on the George, the Pitchfork, the Eight and the Matador ranches during the eighties and nineties."

The lobo is a lone wolf and seldom hunts in a pack. Thirty-six were once reported to have been seen together. This was most unusual, for if he chose companions they were usually limited to two or three. And he prefers the kill in an open flat or on a bald hill, and, like the cowboy himself, the lobo always chooses good veal to any other meat.

Open House Slated By Science Dept.

AUSTIN—"Open house" will be held by all science departments of the University of Texas, Oct. 31 and Nov. 1, for the benefit of Texas and out-of-state newspaper and technical journal writers.

Sigma Xi, honorary graduate research society, is sponsoring the open house to acquaint writers with the work underway, and with men who are advancing frontiers of science.

A general meeting will be held Oct. 31 at 10 a. m. to inform the writers of the projects they will visit. President T. S. Painter, also a scientist, will be host at a luncheon to follow. Engineering research will be inspected the morning of Nov. 1 and in the afternoon visitors may visit projects of their own choice.

WHEAT HARVEST CHECK-UP

COLLEGE STATION—Nearly 5,000 combines from other states and Canada moved into Texas to help harvest Texas' record wheat crop this summer, records of the Texas A. and M. College Extension Service farm labor program disclose. Not including uncounted thousands of combines which operated only within single counties, a total of 9,608 machines were used for custom combining. Of that number, 4,608 were from other states and Canada and 4,530 were Texas combines which went on the road, J. B. Kidd, in charge of the farm labor program's Plainview office, reported to the state headquarters. The number of combines following the harvest year was nearly double last year's 5,097 machines.

The number of placements of combines, trucks and workers by county agents in connection with this year's harvest went up proportionately. Reports showed 18,158 workers placed in 1947 compared with last year's 9,755 and 5,537 trucks placed compared with 1,312.

The big increase in combines and workers made it possible to get through the harvest without undue delay except in a few areas where damage resulted when combines were not available at the exact times they were needed, the report declared.

This is the last year in which the Texas A. and M. College Extension Service will operate the farm labor program, which includes the direction of combine movements during wheat and small grain harvest. The program was taken over as a war emergency job in 1943 and will revert to the Texas Employment Commission January 1.

Chicken-of-Tomorrow May Hail From Texas

COLLEGE STATION—The Chicken of tomorrow, a meatier bird with juicier drumsticks and more white meat to delight the national palate, can be developed—and it may be bred in Texas, a Texas A & M poultry specialist predicted today.

His prediction was based on results of the 1947 Texas and Southwest Chicken-of-Tomorrow contests held this summer at Fort Worth with Texas-bred birds winning four of the five first places in the regional competition.

"The chickens entered in the state and regional contests had more white meat and were superior in every way to the average cockerels their age," declared F. Z. Beanblossom, A & M Extension Poultryman who is chairman of both the state and regional Chicken-of-Tomorrow committees.

"The next step is the three-year nation-wide contest will be selection by the National Committee of the poultrymen whose chickens will compete in 1948 for \$7,000 in national prizes offered by A & P Food Stores, sponsors of the contest," Beanblossom explained. "The committee is expected to make its selections in the next few months."

Since Texas entries took most of the top places in the regional contest, they will receive first priority from the National Committee for selection for the finals, the Extension Poultryman explained. In order to compete in the finals, an entry must meet rigid standards set by the committee, which is composed of poultry industry leaders, U. S. De-

partment of Agriculture experts, and representatives of state Agricultural Colleges and Extension Services.

Poultrymen selected for the finals will ship two cases of eggs—720—to a central hatchery somewhere in the U. S. There the eggs will be hatched and the chicks raised, killed, and judged under identical conditions by nationally-known experts.

LOSSES AT RECORD

Fire losses in the United States are zooming to an all-time high, and threaten to exceed \$700 million this year.

Navy coffee roasting plants at Brooklyn, N. Y., and Oakland, Cal., each have facilities to vacuum-pack 28,000 pounds of coffee per 8 hours.

MEMBERSHIP CLIMBS

Membership in the nation's farmer marketing and purchasing cooperatives went over the five million mark for the first time in the 1945-46 season.

SAVE THE MATCHES

Children playing with matches cause 26,000 fires every year in the United States.

Over One Hundred Attend PTA Meet

One of the largest crowds that ever attended a regular meeting of the Farwell Parent-Teacher Association was on hand at the school building last Thursday evening, when 115 were counted present.

Men of the organization were in charge of the program, with C. M. Henderson acting as emcee. Visiting speaker was Ben Ogden, manager of the Goodrich Store in Clovis, who gave a brief talk on "If I Were To Teach Again". He followed this with an hilarious medieval pantomime, in which Walter Hardage acted as king; Sam Aldridge as queen, Claude Rose as the duke and Joe Crume as the princeps, while Henderson and Lester Norton were the inanimate curtains. Ogden did the reading.

During the business meeting, the group voted to sponsor a pie and coffee booth at the annual Halloween carnival, and the fifth grade was voted a party during October, sponsored by the association, due to the majority of parents on hand. The attendance contest will continue through November.

Music was furnished during the evening by Ed Hardage and his group, and refreshments of coffee and doughnuts were served at the conclusion of the evening.

Former Texcio Man Married in Clovis

R. E. Curd, former Texcio business man who now lives in Clovis, and Mrs. Maude Chapman, also of Clovis, were married Wednesday, October 8, at the East Side Church of Christ in Clovis, by Minister Buster Mullin, it has been learned here.

The newlyweds are both great-grandparents. The white-haired bride is 71 years young, while the groom, also white-headed, admits to 77.

Curd has made his home in this area or some 45 years, having moved to Clovis from Texcio, where he had resided 28 years, some three years ago. During his residence in Curry county he has been engaged in furniture and undertaking business, operated a grocery and produce house, farmed, and served as justice of the peace for eight years.

Mrs. Curd came to New Mexico from Missouri in 1911, settling with her husband near Roswell. Widowed 18 years ago, she moved to Clovis in 1941 and became acquainted with her present husband when she rented one of his houses in Clovis.

The couple is at home at 909 East Grand in Clovis.

Member Of Band

Miss Willie Elen Williams, of Bovina, is a member of the McMurry College Indian Band, Abilene, which will play host to more than a dozen West Texas high school bands on Oct. 18, at McMurry's second annual band clinic. The McMurry group will also perform at school football games, appearing in new uniforms, and will make a 3-day concert tour before the Christmas holidays.

Mr. and Mrs. W. H. Graham and daughter, Sarmie, were in Friona, Sunday afternoon visiting in the home of Mr. and Mrs. Vance Crume and attending the reception tendered Dr. and Mrs. E. D. Anderson.

Reception Tendered For Dr. & Mrs. Anderson Sunday Afternoon

About eighty persons called to pay their respects to Dr. and Mrs. E. D. Anderson, Sunday afternoon, at the Woman's Club House in Friona.

The reception was tendered by Dr. and Mrs. Robert C. Stokes, in honor of the Andersons, who have recently become associated with the Parmer County Community Hospital at Friona.

The club house was adorned with bouquets of fall flowers, yellow chrysanthemums predominating in the arrangements. From a lace covered table, centered with a large bouquet of the chrysanthemums, Mrs. J. G. McFarland served spiced tea, nuts and individual white cakes.

Dr. and Mrs. Stokes were in the receiving line at the door, followed by Dr. and Mrs. Anderson, who came to Friona recently from Borger. Their original home is at Munday, Texas.

Cupid Returns After Month's Vacation

Apparently that bow-and-arrow man, Dan Cupid, hasn't completely forgotten Farwell, although County Clerk Loyde Brewer and Deputy Peggy Schleiter have been wondering.

From the 11th of September to the 11th of October, the records at the office reveal that Parmer county had been completely by-passed by prospective brides and grooms. Last Saturday, the 11th, broke the jinx, however, when Miss Elaine Marie Webb and Charles Eddwin Sarten applied for license to wed.

Rev. Harvey E. Carrell, minister of the Hamlin Memorial Methodist Church, performed the wedding of Miss Webb and Mr. Sarten at the parsonage in Farwell, shortly after the license was issued.

Mexican Dinner Held On Monday Evening

Mrs. Clyde Magness entertained members of her Baptist Sunday School class, Monday evening, with a Mexican dinner and social in her home.

Various class business was transacted during the evening. Attendees included Aileen May, Letha Bridges, Helen McDaniel, Theda Branscum, Peggy Schleiter, Mildred Moore, Delphine Johnson and Grace McDaniel.

Guests Enjoy Trip

Mr. and Mrs. Karl Gast and Mr. and Mrs. James H. Reynolds and daughter, Peggy, recently enjoyed a visit with the Gasts' elder daughter, Mrs. Julia Garcia, and her family, at Martinez, near Oakland, California. They were there two weeks. Mr. and Mrs. Gast and James Reynolds returned to Farwell, while Mrs. Reynolds, the former Bertha Gast, and Peggy, remained, as the Reynolds are moving to that state. Reynolds left Saturday, going by way of Deming, N. M., to visit his parents before proceeding to California.

Attend District Meet

Mrs. R. E. Walker, Mrs. Frances King and Mrs. Bess Henneman represented the local Wesleyan Guild, when a district meeting was held in Clovis, last Friday evening, at the Methodist Church. Mrs. Beatrice Blocker, secretary, of Artesia, was the principal speaker of the evening, and ladies from Clovis, Portales, Elida and Texcio-Farwell attended.

HERE FROM CALIFORNIA

Mrs. Henry Royal arrived here the last of the week from Delano Calif., to be at the bedside of her father, Z. W. Petree, who sustained a stroke last week and is confined to his bed. Mrs. Royal will visit other relatives and friends where here.

Queen Nominees Are Selected at Farwell

Plans for the annual Halloween carnival queen race at the Farwell high school advanced another step last Thursday afternoon, when all high school classes set aside 45 minutes to select their class representatives and discuss other business.

A check of the elections revealed the following class nominees: Seniors: queen, Nina Loe; escort, Sonny Graham; princess, Talma Randall; escort, Charles Felts. Juniors: queen, Theda Branscum; escort, Herman Geris; princess, Peggy Cummins; escort Jackie Holland. Sophomores: queen, Pauline Sheets; escort, Don Ford; princess, Wanda Sheets; escort, Cary Joe Magness. Freshmen: queen, Ann Stores; escort, Billy Don Crume; princess, Nellie Summers; escort, Robert Armstrong.

Destined to steal some of the limelight of the race is the grade school queen affair, which has already begun to roll. Information was not available at this time as to all class nominees, but supporters are already canvassing the voters and posters will be placed downtown. From all indications, the kids are out to make a go of their pint-sized election bout.

Following the customary procedure, the Junior class will have charge of the carnival preparation, and are now working toward that end. Booth seniority goes to the Seniors, who selected the bingo booth as their concession. Other classes and organizations are making plans for their booths to tempt the public, and indications are that the carnival, as usual, will be one of the highlights of the goblin season.

Food Sale Saturday

Members of the WSCS of the Methodist Church announce a food sale to be held in the local gas company office on Saturday, Oct. 18, starting at 1:30. Baked goods and other foods, both ready for cooking and serving, will be available. All members are reminded of the sale, and patronage of the Twin Cities is asked.

Acts As Judge

Miss Ann Nabors, assistant demonstration agent of Portales, and former home economics instructor in the Farwell school, served as judge at the Curry County demonstration club style review, which was held in the Clovis high school library on Saturday.

Texcio Carnival And Barbecue Is Success

The carnival and pit barbecue feed staged at the Texcio school last Thursday evening under the sponsorship of the Texcio FFA class was a decided success. F. D. Stout, vocational director, reports.

More than 200 visitors were present for the occasion, which started off with a generous barbecue lunch in the cafeteria building, to be followed with a carnival of stunts in the main auditorium, culminating with a sleight of hand exhibition by Director Stout.

Entertainment booths were conducted by the various classes of the school, and visitors patronized them freely. Class members reported a net profit of around \$150 from the evening's entertainment and feed.

CARD OF THANKS

Words fail to convey our deep appreciation for the many acts of kindness shown us, by our many friends in our recent bereavement. It is good to have true friends. May God bestow His richest blessings upon each of you.

W. W. Williams, J. D. Williams, J. T. Harding, R. N. Harding, B. L. Harding, Mrs. R. J. Klump, Mrs. H. H. Carlyle, Mrs. W. J. Matthews, and families.

Dykes Enrolled At Southwest Texas

SAN MARCOS—Cecil Dykes of Farwell is among the 196 students enrolled this year in the agriculture department at Southwest Texas State College.

One of the two oldest colleges in the state offering training for teachers in agriculture, Southwest Texas State is this year celebrating the 36th anniversary of the founding of the agriculture department.

Since the end of the war, the department has been expanding rapidly. For the 1945 fall term only two courses were offered to the nine students who enrolled for agriculture classes. Now, only two years later, over 20 courses are listed in the school catalogue, and new class sections had to be opened during registration to take care of the number of students enrolled.

HOSPITAL REPORT

Parmer County Community Hospital Admitted the past week:

Olen Hardy, Texico, with an infected hand.

Mitchel Lyn Wall, Farwell.

Mrs. C. H. Wilson, Muleshoe.

Betty Sue and Emma Lou Drake, Friona, surgery.

Mrs. N. C. White, Bovina.

J. D. Trigg, Friona.

The baby daughter of Mrs. Martin, accident patient, Friona.

Marcia Ann Derrick, Bovina.

Mr. and Mrs. Roy Patterson and daughter, of Pleasant Hill, were Sunday visitors in the home of Mr. and Mrs. H. A. Thornton.

Mr. and Mrs. Raymond Magness announce the birth of a son, Monday night, in a Clovis hospital. Mrs. Magness is the former Harriet Baker.

Mr. and Mrs. A. C. Green were home over the weekend. They have been staying in Amarillo where she has been under the care of a doctor.

Mr. and Mrs. Fred Brake of near Sunday. The Barkers formerly lived here. The Barkers formerly lived here.

Belvin Freeman who is a student at E.N.M.C. was a week-end visitor in the home of his parents recently.

NOT AN ALIAS

LUBBOCK—Winston Churchill and William Jennings Bryan are no longer the only Tech students who may have difficulty convincing folks they aren't using assumed names. This year's freshman class brought to the college such additional oddities as Paul Reviere, Armistice Day and Sam Johnson.

OCTOBER TOP MONTH

October is a month that can make or break a fruit orchard as far as the next growing season is concerned, depending on whether the orchardist gets his pruning work done plants his winter cover crop, and removes and replaces old and unhealthy trees.

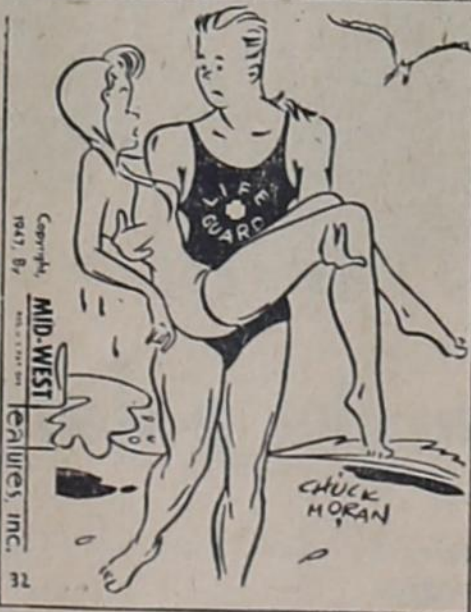

There were 1,300 combatant ships in Navy at the height of World War II.

Bovina Happenings

By Mrs. A. G. White

Sympathy is extended to Mrs. Kimbrow on the death of her father, Mel Holland, who died Saturday. The Kimbrow family left immediately for her father's home. Funeral services were held Sunday afternoon at Lipan, Texas.

Mrs. Homer Martin visited in the R. N. Williford home, Friday.

Mrs. Giles, of Lubbock, spent the past week in the home of her son, Bruce, and family. Mrs. Bruce Giles and baby son came home Thursday.

The ladies of the Baptist WMU met at the Church on Oct. 7 for the regular Royal Service program on "Old Mexico". A song was sung and Mrs. Harrell led the opening prayer. The devotional was given by the president, Mrs. Tidenberg. Fourteen women were present in the older circle, and the seven young women present for their first meeting were Mes. Hromas, Hammonds, Kerby, Gouch, Whitehurst, Cochran and Rhinehart.

Nine local representatives of the WMU were in Tulia, last Thursday, for a district meeting. The association was invited to meet in Bovina next October. Attending from here were Mesdames Hilary Tidenberg, Charles Gray, Sands, Bob Williford, Harrell and daughter, O. W. Rhinehart, Frank Barnett and Joe Looney. Mrs. Bill Venable went with the group to Tulia to visit her sister-in-law, Mrs. Dawson.

Several families from Bovina went to Liberal, Kansas, to attend the funeral of Rex McNew.

Mr. and Mrs. Bill Moore visited relatives in Littlefield, last weekend.

Mrs. Lookingbill and children, of Hereford, visited in the home of her parents, Mr. and Mrs. H. C. Jackson, Monday.

Mr. and Mrs. Will Parker went to Roswell, Monday, to be with their daughter-in-law, Mrs. Billy Parker, who was to undergo surgery.

Mr. and Mrs. Jack Waltman and Butch made a business trip to Lubbock Thursday.

Word was received the first of the week that Rev. D. R. McNew, former pastor of the Pentecostal Church in Bovina, had been killed in a car accident while on a trip to Oregon. His daughter, Alice McNew, was seriously injured and is not expected to live. Mr. and Mrs. Mansell McNew left via plane to the scene of the tragedy. Rev. McNew and daughter left Bovina Saturday at noon to visit his sister in Oregon, and were within 70 miles of their destination when the accident occurred.

Mrs. Howard Crook and daughter Eurith Marie, and Mrs. Frank Smith and daughter, Donna, were hostesses Wednesday night, when they entertained in the Smith home, honoring Connie Jean Eberting with a going away party. All members of the 5th and 6th grades attended. Cookies and pop were served to the group.

A farewell party for Patsy Nar Eberting was given Saturday night in the home of Mrs. Bill Bradshaw with Patsy Loffin, Audrey Bosford, Gladys Hopingardner and Ella Bradshaw as hostesses. Refreshments were served to about 40.

Mr. and Mrs. Charles Jefferson wish to announce the opening of their new laundry on Monday, Oct. 13, in Bovina.

Those enjoying a fish fry at the home of Mr. and Mrs. Frank Wilson, Thursday night, were Mr. and Mrs. E. D. Ashcraft, Mr. and Mrs. A.

G. White, Mrs. Doris Wilson, Troy Armstrong, Delores and Carolyn Wilson. They enjoyed fish with all the trimmings, topped off with delicious cherry pie. All played dominoes after the 7 o'clock dinner. Mrs. Troy Armstrong spent the past week in Temple, Texas.

NOW -make a date to OIL-PLATE!

It's a lot easier to feel friendly toward a car with an OIL-PLATED engine.

So why not drive in today; let us drain out worn and dirty summer oil and change to fresh Conoco Nth winter oil!

Conoco Nth Motor Oil (patented) includes an added ingredient which fastens an extra film of lubricant so closely to metal surfaces that cylinder walls are actually OIL-PLATED!

This extra OIL-PLATING resists gravity... won't all drain down even overnight! So, you're extra-protected from metal-etching, combustion acids... from "dry-friction" starts... from carbon and sludge due to wear!

For extra power, extra protection when you're first starting up, or when you're running hot... make a date to OIL-PLATE your engine today!

Your Conoco Mileage Merchant

GUARANTEED TEN YEARS... BUILT TO LAST A LIFETIME

Approved by American Gas Association

C. R. ELLIOTT COMPANY

BOVINA, TEXAS

ACA News

Harold W. Carpenter, Secretary

Plans set forth by the County Committee are approved, the number of Conservation Association Communities in Parmer County will be reduced from 9 to 3 in 1948. One community will be made up of the Friona and Bovina school districts. Another will consist of the Friona and Black communities, and the third will include Lazbuddy, Okla. Lane and Farwell. Three community committees will be elected by each of the three communities as usual and one county committee will represent each community. Elections will be held in December at Friona, Bovina, and Farwell. By having fewer communities and less committees, we hope to be able to use the committee more and have a more flexible and effective program.

So far, we have had no takers on the 1947 grain sorghum loan. This is due altogether to the excellent price of grain on the local market in contrast to the loan rate of \$2.06 in the granary. Loans can be made on grain sorghums through February of next year.

Applications for payment for the 1947 conservation program will be ready to sign and submit to the disbursing office as soon as wheat has been sown and reported. As the date of seeding grows later, the need for contour seeding increases as an added protection against the wind.

Beware the flames that flare from flues in flues.

Fund Raising Campaign Underway For Museum

CANYON—All directors of the Panhandle-Plains Historical Society have been mailed a new bulletin by Boone McClure, director of the Museum. It was written by H. C. Pipkin, Amarillo, chairman of the building committee, which sponsors the campaign for \$50,000 in order to complete the second unit of the museum.

According to information received by Dr. L. F. Sheffy, secretary, the campaign for funds will get underway in all of the 26 counties of the Panhandle at once. It is hoped that funds will be raised rapidly, and that the bulk of the money will be in by Dec. 1.

The campaign will be open to every citizen of Parmer County. While many citizens have made contributions in the past, this drive is for additional money in order that the second unit of the building may be completed. H. Y. Overstreet, James D. Hamlin and C. M. Henderson are members of the Board of Directors and will receive contributions in Farwell.

When the second unit of the museum is ready for use, it will mark completion of a project begun in 1932, when the museum was first erected. This unit of the museum is enclosed but no work has been done to complete the finishing on the inside. Plastering, floors, installation of lights and heat are needed to complete the unit.

During the summer months, attendance soared to an all-time high, with 5,113 persons visiting in July and 6,336 in August. This brought the total of visitors since the museum opened to 430,160. The total for the current year is 35,000.

Canned Tomatoes To Be Given Schools

COLLEGE STATION—Texas children will soon have canned tomatoes on their community school lunch menu.

Eight carload will be received in the state about October 15 and will be supplemented by an additional 12 cars about the middle of November, John J. Slaughter, area field supervisor, PMA food distribution program branch, USDA, Dallas, announces.

Also expected soon is a small quantity of nonfat dry milk for use in schools where fresh milk is not available. It will be used as a beverage and for cooking purposes. Additional shipments probably will be received before January, Slaughter explained.

Irish potatoes also continue to move out of cold storage to schools as they need them, he added. Quantity each school receives at any one time depends on the number of children eating lunches daily. This orderly movement of potatoes from

storage to schools as they are needed spread the supply over a longer period, he explained.

The potatoes were purchased from farmers earlier in the season by the USDA's PMA under the price support program. The dry milk and tomatoes were brought by USDA under a special provision of the National School Lunch Act which authorizes purchase of certain foods needed to round out wholesome lunches.

TO REPRESENT TECH

LUBBOCK—Dr. W. C. Holden, dean of the Texas Technological college graduate division, will represent the college at a meeting of Southern graduate school deans in New Orleans, Oct. 31 through Nov. 7.

"These Are My Hands" * * * Harold Russell's own story of his courageous battle to overcome the handicap of artificial hands. Read this and many other colorful features in THE AMERICAN WEEKLY, that great magazine distributed with next Sunday's Los Angeles Examiner.

New Laws Compiled Into Bulletin Form

AUSTIN—All those new laws the 50th Legislature passed which affect cities, towns and villages, have been compiled and indexed by the University of Texas Bureau of Municipal Research and the League of Texas Municipalities.

The bulletin was published because of the increasing alertness of city officials to legislative action, Dr. Stuart A. MacCorkle, Bureau director, said.

Subjects covered by the laws are airports, bonds, elections, firemen and policemen, health, highways and streets, labor, motor vehicles, municipal retirement system, ordinance—publication, taxes, and tax sales.

GOOD PACKING REQUIRED

Proper packing methods are a necessary part of the whole plan of quality conservation in eggs from the time they are produced until they are consumed.

PRIZE WINNING COW

COLLEGE STATION—Brampton Irene Ash, a registered Jersey cow owned by J. C. White, Rotan, has been given the silver Medal Award of the American Jersey Cattle Club for completing an outstanding production record.

Extension dairymen at A. & M. were informed by the cattle club's headquarters in Columbus, Ohio, that White's cow has chalked up a production record of 11,369 pounds of milk and 582 pounds of butterfat over a 305-day period. Her tests were verified by both the University of Illinois and the American Jersey Cattle Club.

In compiling this record, the cow produced more than 2½ times as much butterfat as the average dairy cow in the United States. She has also been officially classified for type by the cattle club and given the high rating of Very Good.

When you walk, take steps for safety.

Behind the Scenes in the Telephone Business

Most people are aware that record numbers of telephones are being installed these days, but few realize all the work that goes on behind the scenes to make telephone service possible. The telephone instrument itself is only 1/17 of all the equipment necessary to provide telephone service.

In hundreds of telephone exchanges throughout the area we serve, central office equipment is being installed as fast as it is received—a painstaking job requiring many skilled hands.

We're moving as fast as we can toward the day when everyone can have the kind of service he wants—and it will be better service than ever!

**State Business Situation
Reviewed By Bureau**

By Dr. Robert W. French, Director
Bureau of Business Research
AUSTIN—Business in Texas con-
tinued to mark advances during
August, and for the second consecu-
tive month set a record for peace-
time business activity. The Univer-
sity of Texas Bureau of Business
Research reports.

August was also the third succes-
sive month in which business moved
upward in Texas, although the Aug-
ust rise was less than half the June-
to-July increase this year.

As summer came to an end, busi-
ness in Texas was well above the
previous peacetime peak reached in
February 1947, and activity remained
8 per cent above the level in Aug-
ust last year.

The August business gain pushed
business more than 100 per cent
above the pre-war average. While

no one would maintain that the pre-
sent level of business in Texas, the
current huge volume of production
and trade is a fact that cannot be
denied.

Of the six indexes combined to
make up the over-all index of busi-
ness activity, crude oil runs to stills
turned down fractionally, and all
other indexes were up. The season-
ally-adjusted index of department
and apparel store sales rose 5 per
cent, the electric power consumption
index advanced 5 per cent, miscella-
neous freight carloadings went up 3
per cent, and both employment and
pay rolls logged a July-to-August
hike.

There is nothing mysterious or un-
certain about the factors back of
this steady rise in Texas business
activity since October 1945 or the
sudden spurt forward this summer.

The market for durable goods of all
types has been large and firm, in-
dustrial production and employment
to meet this demand have been high

and have moved higher, agricultural
production has increased at high
prices to meet the foreign demand
for foodstuffs, incomes of farmers
and factory workers have steadily
risen, new enterprises have sprung
up, and credit has been gradually
expanding with the relaxation of
credit controls in the face of boom
controls.

Prices Disturbing
Most disturbing factor in the cur-
rent business outlook is still the
price situation. Wholesale prices
resumed their upward spiral in mid-
July and have advanced for 10 con-
secutive weeks. Although the in-
creases did not match the jumps of
last summer when price controls
were removed, they lifted the over-
all rise since May 1946 to 40 per
cent and the gain in wholesale food
prices to 56 per cent.

To date no effective action has
been taken in any quarter against
inflation, perhaps because of the
many elements that lie behind it.
Name calling has been freely indulg-
ed in, but the resolution of the prob-
lem of inflation seems most likely to
occur in the market place.

Construction in Texas showed
signs of weakness during August.
The value of building permits, a
rough indicator of intentions to
build, was off 12 per cent for the
month. Construction contract awards
fell 26 per cent below their July
total during August, while last year
they increased 19 per cent at this
season.

The decline in savings during
August was also indicative of the
pinch of higher prices. Ordinary life
insurance sales decreased 8 per cent
from the previous month, and the
sales of United States Savings bonds
were down 19 per cent.

**Dairymen Seek Ways
To Avoid High Feed**

COLLEGE TATION—In a very
short time, Texas dairymen will be
up against winter-time feeding con-
ditions. Realizing what the feed sit-
uation is likely to be, many dairy-
men are looking for ways to avoid
the high-price slap that seems to be
coming.

Extension dairymen, looking back
over the years they've seen dairy
farmers face the same situation, say a
first and wise step will be to see
that each pound of feed is used to
best advantage. Every dairy herd of
any size has some cows that need
culling out, because they won't be
producing when the feed load is the
heaviest.

During the few weeks before frost,
there will be the opportunity to put
up more hay and silage, and every
pound of good roughage will come
in handy this winter, the dairymen
say. So, between now and frost, a
good job of harvesting hay and sil-
age crops is No. 1 on the list of dairy
farming chores.

Because of dry weather, it was
not possible to get enough small
grain pastures planted in early Sep-
tember. This should not, however,
cancel all plans for planting winter
grains, dairymen say. The feed sit-
uation is such that planting through

most of October will be worth time
and expense. With costs as they are,
\$1 spent for small grain pasture
should reurn more than \$16 worth
of grazing.

FARM POPULATION DOWN
Farm population of the U. S. is
still 2½ million below the 30-mil-
lion prewar figure.

ROUNDUP DATES GIVEN

AUSTIN—The 1948 University of
Texas Round-Up of ex-students will
be held April 9 and 10, John A. Mc-
Curdy, executive secretary of the
Ex-tudent Association, announces.
The Texas Relays, usually held in
conjunction with the Round-Up, will
be April 3.

GRANTED ABSENCE

LUBBOCK—E. L. Mader, assistant
professor of plant industry at Texas
Tech, has been granted a year's
leave of absence from the college to
continue work on his Ph. D. degree
at the University of Nebraska. Ma-
der is seeking his degree in range
management.

EDITORIAL

"But Still They Like It"

"Here, Mom, sew this on. Wash this, Mom." What is this all about? Well, I'm sure the mothers of the football boys will know. Heaven knows they have heard it often enough.

Did you ever stop to think what the mothers go through? Washing stiff, stinking socks and football pants. Sewing numbers on just right. Giving up towels for dirty boys to dry on. Giving up her time to mend broken noses, knees and other bones. Preparing mountains of food for banquets. Making boys study so they will be eligible for the team.

All these things, she goes through, but as all Moms say, "We couldn't stand it if the boys didn't come to us. We like it."

—FHS—

FIRST GRADE NEWS

We are busy getting ready for Halloween. We have made some pumpkins, black cats and witches to decorate our room.

We have six girls who are candidates for the Halloween queen.

They are: Doris Rolland, 41 votes; Jaquetta Nowell, 31 votes; Judy Kay Hillock, 24 votes; Wilma Norton, 14 votes; Mary Sanders, 14 votes; Tommy Loe, 11 votes.

Our room Mother, Mrs. L. L. Norcane and served us refreshments. Charles Hicks brought us two melons. We wish to thank Charles and Mrs. Norton. We enjoyed our party very much.

The first four grades went on an excursion to the Clovis Park and Zoo.

Mr. Meeks and Duane Crutis took us on their busses. We enjoyed watching the monkeys chew bubble gum, and the colorful ducks swim. We walked down in the rock garden and saw the flowers.

Niel Hancock went to the Lub-

bock Fair.

Tommy Loe and family spent the weekend in Spur, Texas, with her grandparents.

—FHS—

Second Grade News

We are glad to have a new pupil in our room. He is Kenneth Williams, who moved here from Olton.

We enjoyed the party given Monday by Mrs. John Armstrong and Mrs. S. E. Magness.

Johnny, Vera Fern and Delvin have brought many beautiful flowers this week for our room. Mrs. Airhart brought us some interesting things from McKinney. We enjoyed seeing the branch with persimmons growing on it. We even tasted one of the persimmons, which was still green. We saw the little spoon in the seed.

Lex Huggins, who is in the third grade, brought us a terrapin. We have named him Speedy.

Our pigeon died.

—FHS—

3rd Grade News

We are working hard for our queens. They are: Phyllis Magness, Angela Williams, Elains Summers, Lometa Perrin, Ellen Berry.

We are happy to enroll a new student in our room this week. She is Carolyn Williams from Olton. We hope she will be happy in our room.

Phyllis went to Lubbock Thursday with her mother.

Arlen Lee Smith is going to Dallas next week with his parents.

Joe Roark is happy—his daddy owns a new car.

What's wrong, third graders? We had only 7 parents out to P. T. A. to vote for our room. Let's get our parents out next month.

We have two new fish in our room. They are black Chenese Moore. They came from Oklahoma City.

This week we have decorated our room with pumpkins and cats for

Halloween and are getting ready for the carnival.

—FHS—

Fourth Grade News

Linda Kube went to visit her grandmother last week at Newraunfels.

Betty Shanks went to the fair at Lubbock.

Mr. and Mrs. Eb Randol spent Friday night and Saturday with their daughter, Elva Roth Davis and family.

The Fourth Grade candidate for Halloween queen is Jo Elaine Magness and her escort is Gerald Hardage.

Eddie rode his hores Saturday that he is breaking.

—FHS—

Fifth Grade News

The fifth grade has decided to have a "Grab Box" and to sell chances on stuffed animals for the Halloween Carnival this year. So be prepared to help us out. We need your support.

Halloween decorations are appearing in our room each day and we hope to have them completed soon.

We want to thank our room mothers, Mrs. Walter Hardage, Mrs. Ed Hardage, and Mrs. Sterlyn Billington for the nice refreshments served to us on Tuesday afternoon, Sept. 30.

Valencia Airhart returned to school Wednesday, after a brief visit with her grandmother, who is ill.

Lavoyda Billington and Peggy Hardage were Amarillo visitors Wednesday. However, their trip was not a pleasure trip since both girls had an appointment with the dentist there.

—FHS—

Sixth Grade News

The sixth grade had a class meeting October 3rd, and class officers were elected. Joyce Blake was President, Bobby Joe Wyrick is Vice-

President, Darlene Sprawls is Secretary, and the Librarian is Clarence Kube.

We had another meeting the 6th and elected Ann Whitley as queen and Duane Herrington as our Carnival royalty.

Our class mothers are Mrs. Whitley, Mrs. Lovelace, and Mrs. Sprawls.

—FHS—

Junior News

Wednesday was a very eventful day for the Juniors. A man from the Heri-Jones Jewlers came to show us some beautiful senior rings. We decided on one style that we think is the prettiest that has ever been purchased.

Of course, we are always glad to get our six-weeks tests over with. We took all our tests the first of the week.

We chose our candidate for the Halloween Carnival last Wednesday and they are: Queen, Theda Branscum; King, Herman Gerles; Princess, Peggy Cummins; Prince, Jackie Holland.

—FHS—

Senior News

Plans have been changed for the Senior play. In the last issue of the Moverick, we announced that it would be presented in the latter part of October or the first part of November. It has been postponed until sometime in the spring.

We elected our Halloween Carnival royalty and they are: King, Sonny Graham; Queen, Nina Loe; Prince, Charles Felts; Princess, Tama Randol.

We decided to have a Bingo booth for our concession to the carnival.

—FHS—

F. H. A. News

I bet the Clovis people think Farwell has some crazy kids. If you are wondering why, you should have been at Clovis October 6th. That was the day we had our initiation for the new members of our club.

Those that were initiated were Alta Wyrick, Artie Dnulp, Irene Shanks, Ione Billingsley, Nelma Branscum, Modell Hammonds, Irene

Hardage, Mary Bell Aldridge, Jean Lunsford, Nellie Summers, and Ann Storrs.

—FHS—

SCANDAL!

Who does Mary Ruth have her eyes on this year? We are all wondering! Wanda and Pauline Sheets were two disappointed gals Friday night. Pauline, why did you have a cold? Iris, who's got your ring? Ask Happy Jack.

Wanda and Pauline are sure glad of their escorts for Halloween Carnival, aren't they? How about it Cary Joe and Donald?

Wonder who Rosamond was riding with in the back of Leonard's car? Was it Willy Joe? Watch her, Donald!

Wanda and Cary Joe are getting along fine now. Poor Toby.

Miss Green and Mr. Loyd must have taken the long way home from Artie's party. Tell us more!

Everyone thought the girls being initiated into F. H. A. were slightly "of the beam". We wonder, why?

Dwight and Joan carried on a nice conversation the other night in Clovis when we were initiating the girls into F. H. A. Poor Hazel!

Theda, who's pin are you wear-

ing? Ask Leonard if you want to know.

Alta, why don't you give Bobby a break? Poor boy!

the RIGHT appliance
the RIGHT connection...

A GAS SPACE HEATER, modern in design, efficient in operation—the ideal appliance for heating a small room or a small area—requires an equally modern and efficient connection, metal tubing. Rubber hose, long considered suitable and safe for gas stove connections, is no longer accepted by heating authorities because rubber hose is inflammable; rubber hose allows leakage; rubber hose disconnects easily; rubber hose deteriorates.

For safety's sake, replace this unsafe type of hose connection with rigid, non-inflammable, leak-proof metal tubing.

Texico Seniors Gird For Diamond Meet

Boys and girls of the Texico senior baseball squads were brushing up on final preparations this week before the annual Curry County tournament, which will open at 9 o'clock (New Mexico time) Friday, with Pleasant Hill as host.

The boys' bracket as received here shows that Field and Pleasant Hill will contact each other, with Ranchvale in on a first-round bye, taking the winner. In the lower half of the bracket, Rosedale drew the bye while Grady and Texico are cast as opponents, playing at 10 o'clock.

Seven girls' teams are out for the county crown, with Ranchvale and Melrose, Texico and Rosedale making up the first half of the bracket, while Grady will take on the winner of the Field-Pleasant Hill skirmish, getting in on a first-round bye. The Texico-Rosedale game is slated to begin at 9 o'clock.

Texico and Pleasant Hill are rated top contenders in the boys' division with each having one loss for the 1947 season—to each other. The locals lost to Pleasant Hill during the regular season, and then defeated the Hillers in an invitation meet. Field and Rosedale are also conceded to have strong teams.

On the girls' side, the Ranchvale team holds undisputed first consideration, while the Pleasant Hill group is rated strong. Ranchvale, it will be remembered, has been mowing down all comers, and opponents are polishing up big guns for the fray.

Coach C. E. Sanders listed a tentative boys' lineup as Baldock, pitcher; Pearce, left field; May, catcher; Curtis, first; Blaine, second; White, shortstop; Curry, third; Doolittle, right field; Tucker, floating short; and Stewart, center field. Possible subs include Poteet, short or right field; M. Doolittle and Brown, center field; Reed, catcher; Breeze, pitcher; Sparks, second; Smith, third. Hale will go along as scorer.

The girls' lineup will likely include Engram, catcher; Baker, pitcher; Johnson on first; P. Rogers at second; May, shortstop; McDaniel

third; Morgan in left field; J. Engram as floating short; Curry or Harding in center field; and J. Rogers in right field. Coach F. D. Stout revealed, Alfred, Doshier, Sanders and Lewis are listed as subs.

The tournament will be run on two diamonds simultaneously, and trophies will go to first and second place squads in both divisions.

Pep Rally Tonight

In order to build up interest in the tournament, a huge bonfire and pep rally has been planned for tonight (Wednesday), at seven o'clock at the school building. All players, pep squad members and patrons are urged to be on hand.

Oklahoma Laners Hosts To Farwell Team, 17th

The six-man football team of the Oklahoma Lane school will act as hosts on their home field Friday, October 17th, when they entertain their fourth consecutive victory this Farwell Steers, who are hoping for 1948.

Contacted first of the week, Coach Jack Williams, of Farwell, said that he had little opinion to offer concerning the first road game, but did say that the Bovina Mustangs, whom Farwell team ed last Friday, 23-0, were reported to have had trouble edging by the Oklahoma Laners some two weeks ago.

The Steers sustained no injuries in their Friday game, so a full battery should be on hand this week-end, the coach added. A tentative lineup includes Thomas and Booth at ends, Sheets or Graham at center; Ford, Robertson and Hart in the back positions.

The game will begin at 2 o'clock and fans from Farwell are urged to accompany the Steers on their first try away from home this season.

DEHORN DAIRY COWS

Dairy cows don't need horns. Dehorning them as calves makes dairying safer for both dairymen and animals.

Football of Past Scanned By Tribune Reporter

Farwell, Texas, today is to some people an insignificant little community, completely "burned out" of exciting or unusually interesting events. Tain't so, dear reader, Farwell may be somewhat insignificant but let's not concede that it has lost all of the old-time sparkle that made it the envy of neighboring communities.

If you want a yard-stick or comparison, one can always turn to the sports events, for they are a good means of measuring a community's feeling for action and excitement. Narrowing the field still further, I propose that you take football as a prime example, and let us proceed with the story.

Since this is a review, call Father Time to a temporary halt and look back 17 years. Let's see now—a complex mathematic deduction places us in the fall of 1930. This year was considered by a large portion of the people, who ought to know, to be one of the years when Farwell football was at its zenith. (Another year saw real sports museum.) The Tribune had a file of 1930 issues and neighboring years have unfortunately been destroyed.)

The first game was with Melrose. We won that easily, 19-0. That was a pretty good start, but Melrose in reality was not extremely strong that year and so we just didn't know. The following week we tangled with a neighboring city (which, incidentally, was not as large and thriving then as it is now)—Clovis. That wasn't so bad, either, 25-0 being the tally, to the local credit. We got dunned next week, though, 13-7, by Fort Sumner.

After that knock-down-drag-out the Steers called it quiet for a week while the chewed-up main string painfully recovered from broken arms, collar bones, and noses. The lattle had cost us the service of six men—all under a doctor's care.

Even so, as the old saying goes, you can't keep a good man down. The boys climbed out of bed the following Friday and had it out with Olton. That didn't turn out so well, either, 26-9, or Olton. The next week the Steers tipped Endee, N. M. 20-0, and so ended a bad-luck spree which threatened to send the season to ruin. Surprise: Olton was beaten the next week, 18-0.

The remainder of the season presents a repetition of this type of bang-up football, but a sidelight which might be of interest to the reader are the names of some of the boys who participated. No doubt there are a number of local persons who can well remember the memorable playing of Craig Walling, Raymond Hall, Curits Danner, Rex McElroy, Clark Walling, Damon Danner, Julian Thornton, T. F. Barker, Preston Lunsford, Dale McCuan, Penn Curtis, Buster Crume, William Thornton and Earl Robertson. These brutes only averaged about 190 lbs., so don't be surprised that they often racked up more tallies than their opponents could manage.

Then Came Tragedy

Not until around 1939 did Farwell slacken her gridiron pace, when she suddenly awoke to the act that there was an insufficient number of husky boys coming up from the grades to warrant a good eleven-man team. Hence for three years the grid sport was excluded from Farwell's sporting activities. For several preceding years, the locals had been forced to shape a team out of only 14 or 15 recruits. This did not leave a sufficient number of "cannon fodder" for scrimmage after the main string was drawn. And every coach will tell you that scrimmage is an absolute essential to the formation of a well-balanced team. This proved somewhat discouraging, so the game was give up.

But the spirit of football had not died in the hearts and minds of many of the local lads, who longed for a team like those of their forerun-

ATOMICAL TOM... Now able to sit up and eat a hearty meal, Frederick Thomas Humphreys of Perth, Australia, known as "Atomical Tom," was treated with first atomic isotopes to be distributed by the U. S.

ners, to bring back some of the old sparkle of a lively contest between hard-fighting, clean-hitting boys.

So—in 1944 Supt. J. T. Carter organized a small group of enthusiasts and moulded them into something really new—six-man football. Six-man gave new life to the entire set-up, there were sufficient boys to build a fairly good team, and some of the neighboring schools had taken up the sport, assuring Farwell ample opportunity to try out her new brand of the pigskin tussle.

Coach Carter decided to have only one game that first year—more or less a trial to see how things would turn out. So he matched a game with Bovina, coached by Supt. W. O. Cherry. Bovina had been playing the pint-sized game or several years and was an accomplished veteran. Not a man on Farwell's squad had had any previous grid experience. It didn't look as though Farwell had the proverbial "Chinaman's chance" to down the Mustangs.

And So It Began

But something happened that Friday afternoon, the inexperienced Farwell squad sent a smarting Mustang team to the showers, 25-26. That started it. From that day on, Bovina and Farwell have been "blood enemies" on the gridiron. High rivalry and keen competition are necessary ingredients, and these teams had it. But they had something else, too. They had the ability to go at it hammer and tongs for four quarters and still come up smiling.

Even the eleven-man diehards, who scoffed the six-man game as "baby stuff" pulled in their horns and yelled with the rest of the mob after a few samples of the hard-hitting game.

Last year, Farwell won the district title in six-man football and moved into a play off with a little-known town of Gruver. The visitors defeated the Steers, but sportsmanship, that which is the very best of all in sports, was predominant in the game. The local players reported that they had never known a nicer group of boys.

All in all, most local citizens conclude that they are indeed glad that the rough and tumble sport that can turn a man's heart to water in a tight minute has returned to the home town. Turn-outs at the games have greatly encouraged the boys who are in uniform, and school officials hope the support will continue.

After last week's first season tangle with the Bovina Mustangs, the team hits the road next Friday to play Oklahoma Lane. This school is a newcomer to the sport, and is showing some pretty classy competition, considering the inexperience of the players. The "Oakies" don't have their field completely out of reach of Farwell fans, and if you're behind the boys we're talking about, try and make it.

Grade Girls Second In County Tourney

Members of the Texico girls' grade school baseball team emerged second in the Curry County tournament, held Saturday at Ranchvale, after battling Rosedale, Grady and Center. Coach Warren G. Harding reported today.

First taking on Rosedale, the girls came out ahead, 17-12, after which they downed a Grady team by a top-heavy 12-3 count. In the final game, they were defeated by the Center ballers, who took the long end of an 8-11 count.

In reviewing the tourney, Coach Harding said that his entire team played good ball, with Vigil starting in the pitching role by taking the mound for all three games, except for one inning relief, while Doshier did a superb job behind the plate.

The Texico boys were less fortunate, being ousted by Grady in the opening round of the meet.

Brock Is Fullback On NMMI Eleven

Ted Brock, former Bovina star gridiron player, is continuing his prowess as a football major with the New Mexico Military Institute Bronchos, it is learned here.

Brock plays fullback with the NMMI team, and was responsible for a good amount of yardage last weekend, when the Bronchos swept past Panhandle A. & M., 26-7, it is learned here.

This week the Institute journeys to Lexington, Mo., to play their traditional rivals, Wentworth Military Academy.

Safety insurance: Make yours a no-accident policy.

TREAT TREES NOW

Treating fruit trees in October with paradichlorobenzene or ethylene dichloride or borers will help stop the heavy damage toll that those insects take in fruit orchards in Texas each year.

DUST TOMATO PLANTS

If blister beetles are beginning to attack your fall tomatoes, dust the insects with 25 percent DDT and keep them dusted until they die out or make a retreat.

FIRES ARE PREVENTABLE

Ninety percent of all destructive fires that occur in the United States are preventable.
