

STASSEN'S BACK IN COLLEGE . . . Harold E. Stassen, former governor of Minnesota and defeated aspirant for GOP presidential nomination this year, now has retired into the relative seclusion of the ivied halls of learning. Recently elected president of the University of Pennsylvania, Stassen is shown entering his office at the beginning of the school year. He intends to retain an active interest in politics.

County Board Declines Annexation Petition

FROM THE HOPPER
By HOP

Bob Pringle of Bovina, writes in to say, "Looks like you Democrats had an election."

And speaking about the election, Fred Cornelius of the Texico Hotel and Cafe, says since the election he has had a hard time finding anything that his Republican customers will eat. He declares that the day after the election his GOP customers went on a complete diet and he could not offer them anything that appealed to their appetites. He might try them on the dish that was fed to the mislead Democrats—stewed crow.

Quite a number of my friends would like to have seen me eating crow for my position on the Texas Senatorial race. My good friend, Arch Green up at San Jon took care of that for me, by presenting me with a nice chunk of elk steak. Arch has always remembered us with deer meat and we might say that our family still prefers venison to elk steaks. But we appreciate being remembered by this successful big game hunter. Arch says that all a hunter needed on his recent elk hunt in Colorado was a gun and a rocking chair. All his party got their game within a short distance from their campsite.

Ray Ford, thoroughly disappointed when his son, Don, failed to cross the goal after receiving a nice pass from Warlick Thomas, declared that he could outrun Don "with my boots on." Don made about 35 yards, to be downed a yard from the goal as the first half ended, eliminating the possibility of reaching pay dirt.

Highway Patrolmen, stationed at Hereford, were here last Saturday on a routine inspection trip. During their short stay in Farwell no less than half dozen drivers were reminded of traffic law violations. Most of the violations were with reference to improper lighting of their vehicles. One lady, they said, was violating the law in four respects with improper lights. No arrests were made, but drivers were warned that second offenses would result in tickets being handed them.

A bunch of barber shop loafers were discussing the misfortune that befell E. M. Roop when he fell in Alamogordo Lake on a recent fishing trip, and the observation was advanced that had the accident happened after the election it would have been interpreted as an attempt to commit suicide.

FARWELL SOLDIER ILL

Mrs. S. G. Billington, who lives at Tucumcari, has advised The Tribune of the illness of her son, Cortez, formerly of this city, who is now with the US Army in Germany. Billington has just recovered from a severe attack of pneumonia. He is stationed at Ausburg, 40 miles from Munich.

County Clerk Loyde Brewer has been of duty the past few days, suffering with a rather severe attack of bronchitis.

Water Expansion Set This Weekend

Clinic and Roads Sought by Chamber

At a meeting of the directors of the Farwell Chamber of Commerce, held last Wednesday evening at the American Legion Hall, moves were launched for additional roads, leading to Texico-Farwell, and a medical clinic to be established here.

Committees were appointed on both projects and they have already begun with them, it was learned.

The road project involves a strip leading south from Lariat to the paved farm to market road in Bailey County. It was brought out at the meeting that the State Highway Department was interested in having this strip of road built, but could lend no financial assistance to the program. It was further pointed out that committees already made in Parmer County virtually exclude this piece of road work for some time to come. But an investigation is to be made with their view of ascertaining what type of road might be built and means of financing it. Speaking along this line, C. M. Henderson, president of the Chamber, gave it as his opinion the road might have to be financed by public subscription, if it is to be a realization in the near future.

Strong sentiment in favor of establishing a small medical clinic or hospital was voiced by the directors. The committee named on this project held a meeting Monday evening and the first steps were taken looking forward to the realization of the badly needed clinic. The committee proceeded with the idea that such a program would have to be launched on a stock-selling basis, rather than on the idea of a co-operative footing.

The first consideration undertaken by the committee was to secure a general practitioner who would be interested in taking over the operation of the establishment, and, preferably, one who would be in a position to take some stock in the undertaking. Already letters, telephone calls and telegrams have been put on in search of a man of this type. Members of the hospital committee who are Claude Rose, Orval Francis, and W. H. Graham, said today that they had had numerous unsolicited offers to subscribe for stock in the clinic and the move seems to be meeting with the whole-hearted support of the people of the Texico-Farwell community.

By a vote of three to two, the County Board of Education, in a special meeting held here last Friday evening, rejected a petition to cut approximately 25 sections of land from the Bovina school district and annex it to the Friona district.

The petition, bearing the names of 29 petitioners, was presented to the County Board for action some days ago. Officials here said that all the signers were located in what was formerly the Rhea school district, which was consolidated with the Bovina district in an election held last spring. Efforts to set aside the election consolidation have failed in the Parmer County District Court and the Court of Civil Appeals at Amarillo.

Another petition to cut several sections of land from the Lazbuddy school district and attach it to the Muleshoe district, which was filed some several weeks ago, was held over pending further investigation by the County Board, it was stated by Judge A. D. Smith, secretary ex-officio of the Board.

Two Are Injured As Car Hits Pickup

J. T. Gee, ag teacher in the Friona schools, and Mrs. Joe G. Sanchez, of Clovis, were injured early last Thursday evening when Gee's car ran into the rear of a pickup occupied by Mr. and Mrs. Sanchez, and driven by Mr. Sanchez.

Neither was hurt seriously with Gee escaping with badly bruised knees and legs, and Mrs. Sanchez being sent to a Clovis hospital, where her husband reports her injuries as "purty bad."

Highway Patrolmen, who investigated the crash, said that Sanchez and his wife were traveling south on Highway 60 just south of the Highway park near Bovina when the Gee machine, also going south, hit the Sanchez machine from the rear. The pickup was rammed with such force that it turned over a number of times and came to a stop in a pasture beyond the highway right of way.

The Gee car remained upright. Gee is said to have reported his belief that the pickup was parked on the highway, but Sanchez and his wife both said they were traveling at about 30 or 35 miles per hour when they were struck. Patrolmen said that the Gee machine left rubber marks on the pavement for a distance of 70 feet before hitting the pickup.

3-Year-Old Dares Bus Traveling

Little Miss Barbara Branchaw, of Anton, although only three years of age, is no slouch when it comes to being independent.

Last week Barbara decided it was time she paid a visit to her grandparents, Mr. and Mrs. C. E. Pendergrass, in Farwell, so on Thursday her mother put her on the bus at Anton and bade her behave on her 65-mile journey.

On arrival in Farwell, the little traveler was fast asleep—with the bus driver averring that she had just completely talked herself out.

Barbara will remain here for several days with her grandparents.

Bovina Church Host To District Meeting

First Big Game Hunting Accident Befalls Woman

The first accident to be charged indirectly to the big game hunting season happened here Tuesday when Mrs. T. B. Allen had the misfortune to lose the first joint of her middle finger from the right hand.

Allen, who had the contract for operating the Texico school buses, had left on a deer hunt and his wife was substituting as a driver for him. While warming up the engine for her run Tuesday morning, she got her hand too close to the fan, resulting in the loss of part of her finger.

Investigation Finds No New Evidence In Death Of McDaniel

Further investigations, conducted last week in the mysterious death of O. T. McDaniel, former county commissioner of Curry County, revealed no important clues in the Melrose man's death, it was learned here.

Ed McDaniel, brother of the slain man, accompanied by friends of the deceased, and two members of the Parmer County Grand Jury, made an automobile trip to Goldswaith, retracing the route the slain man is believed to have taken on his last ride that ended with the finding of his body in his automobile southeast of Lariat on the morning of August 8 with a small bullet hole in his head.

Texas Rangers and local officials, who conducted an intensive investigation, finally concluded in their own minds that McDaniel's death was due to suicide. The Parmer County Grand Jury, in session here last month, returned no criminal indictments in the mysterious case. Relatives have insisted that death was due to foul play.

"There is some evidence that McDaniel might have been murdered, but we have not been able to uncover enough evidence to justify an indictment being returned against any one person," a member of the Grand Jury told a Tribune reporter on his return from Goldswaith.

It has been established that McDaniel was the victim of confidence men and was swindled out of \$12,600.00 on a bogus oil lease in Mills County, where no oil is known to exist. However, it has never been established that the swindle actually took place in Parmer County, but officers are inclined to believe it happened in Lamb County or Mills County.

Canvassing Of Returns Held Up Two Weeks

Final canvassing of the Parmer County election returns, voted in last Tuesday's general election, were held up by the Parmer County Commissioners Court, Monday, when it was discovered that the vote in the Lazbuddy precinct had not been tabulated and certified to by the election judges of that precinct.

County Judge A. D. Smith said that the Court postponed action on certifying to the vote cast in the entire county until the certification from the Lazbuddy precinct could be obtained, and added that the Court felt this would be in hand when the body meets again on November 21.

Other transactions of the day's business by the Commissioners Court included the payment of current bills and approval of the Sheriff's monthly expense account. More than 100 checks were issued to individuals for assistance in conducting the general election, the minutes reveal.

SUFFERS HEART ATTACK

Bob Kyker, 73, long time resident and retired barber, suffered a heart attack at his home in south Farwell shortly after noon Tuesday. His condition seemed somewhat improved Wednesday after a fairly good rest during the night. His son, Robert and wife arrived here early Wednesday morning from Carlsbad.

The Bovina Methodist Church was host to the annual meeting of the District Conference last Wednesday, and attended by hundreds of ministers and laymen from over the Amarillo District.

Delegates from twenty-seven churches in the district were present to take part in the business session, which got underway early in the forenoon and were concluded in the late afternoon.

Bishop W. C. Martin of Dallas, was present for the conference and the highlight of the day was his inspiring sermon at the noon hour. Other dignitaries of the church who were present included three district superintendents, Rev. W. C. Hines of Plainview; Rev. Luther Kirk, Perryton; and Rev. E. D. Landreth of Amarillo, who presided over the business sessions of the conference.

At the noon hour, lunch was served to more than 300 out of town and local visitors at the American Legion Hall.

One of the interesting parts of the program included several numbers by the McMurry College Glee Club.

Rev. J. B. Baker, host pastor, said that reports from the various parts of the district, revealed that good progress was being made by all churches in the district, foremost of which was the report that four new churches and parsonages had been erected during the year and would be dedicated during 1949.

One Amendment Loses In County Voting

All the proposed amendments to the Texas Constitution, which were submitted to the voters in the general election of last Tuesday were favored by the voters of Parmer County with the exception of No. 8, which provided for a pension of retiring judges.

The voters of this county turned thumbs down on this proposal by a vote of 501 to 366. However, the state wide vote adopted all the amendments, with No. 8 being approved by a narrow margin.

Democratic nominees in county state and district races were favored by the voters of this county.

Big Game Hunters Off To Mountains

Big game hunters from Texico-Farwell and surrounding countryside left here en masse the first of the week to be on location and ready when the season opens in New Mexico at noon November 10.

Most of the nimrods seem to be headed for the southwest part of the state, while others will risk their chances in the northern section, and others along the central part of the state.

The biggest party checking out of here Monday headed for the New Mexico-Arizona border in the extreme western part of the state. Those in this group are, John Aldridge, Bill Sherley, J. I. Gober, G. D. Anderson, Jack Dunn, Bert Shackelford and Leroy Faville. Buddy Jones, who was detained by illness, and G. D. Anderson, J. R., will join this party before the close of the week.

Ralph Humble, W. T. North and John Lockhart, headed for the Wagon Mound section on Sunday morning. Lee Osborne, Heavy Allen and others whose names we failed to learn, took off Monday for the Black Range.

Johnnie Lewis, T. E. Roth and Grayson Roberts are establishing their camp in the Manzano Range west of Mountainair, where they claim game is already "tied to a tree."

Arch Green, Mack Johnson, Grady Pierce, Claude Thomas, Jack White and Leroy Hunton left Sunday for their favorite camp on the Gila River north of Silver City, for the tenth consecutive year as a group—and they have always brought in their full quota.

The above are only a few of the numerous hunters who have been reported. Doubtless there are many who have been overlooked.

Officials of the Texico-Farwell Waterworks today set Friday and Saturday of this week for expanding the pumping facilities at the local plant, and at the same time issued a plea to consumers to be extremely conservative with the use of water during these days.

Under the present plan, one well will be kept in operation during the change-over, but the output from the one well will not suffice local demands unless the water users use extreme caution in the use of water.

It was suggested that no cars be washed and no lawns be watered during this two-day period, and other conservative measures be taken to assure adequate supply for domestic use.

Officials of the Water Company said that two full days had been estimated as the time that will be required to make the change-over, but even more time may be necessary should unexpected delays develop.

A new and larger pump will be installed in the new well and the equipment now in use in the new well will be set in the old well, with the view of doubling the pumping facilities of the system. Tests have shown that there is no failure in the water supply but shortages throughout the past summer have been occasioned by inadequate pumping facilities. With the installation of the new pumping equipment, it is believed that the water needs of Texico-Farwell will be solved for many years to come.

Potishman Gets More Terminal Storage

Leo Potishman, president of the Transit Grain Company of Fort Worth, owners of grain elevators in Farwell and Friona, has informed The Tribune that he has secured facilities for 150 carloads of grain in terminal elevators, and adds he is "working hard to serve the growers in the area served by our elevators."

Potishman has just returned from a trip to Kansas City and advises that there is indications that the box-car situation should improve soon.

W. W. Vinyard, local Santa Fe agent, reported today that the box-car situation here was showing some improvement and gave it as his opinion there would be ample cars available within the next ten days. He said that seven cars were set out in the local yards on Saturday, and an equal number allotted for Texico-Farwell on Monday.

Grain men at Bovina, where thousands of bushels of grain have been piled out in the open, said the first of the week that they were getting more cars now.

"Terminal storage is worthless unless we have cars to ship the grain out in," one local buyer commented.

SCS Supervisor Is Named at Lazbuddy

Henry Ivy was named supervisor for Subdivision 5 of the Parmer County SCS, the past Wednesday, when an election was held by the voters of the Lazbuddy community. Ivy succeeds D. L. Morrison to the post of supervisor.

In discussing the meeting, County Agent Ollie Linder reported that a good turn-out of interested farmers was on hand at the school building, and inquiries were made regarding the progress of establishing an SCS office in this county.

Currently, the program of work for a soil conservation district is being drawn up, and it is believed that personnel will be assigned to Parmer at the first of January.

A regular meeting of the county's five subdivision supervisors will be held next Monday, November 15th, at which time additional details concerning the program of work will be ironed out, with the expectation that the outline can be completed and submitted to the state office by the first of December.

IN SIKES HOME

J. D. Smith and daughter, Miss Lou, of Artesia; Mr. and Mrs. E. L. Fry and daughter, Miss Barbara, of Wichita, Kan., were visitors in the O. C. Sikes home the past weekend, and Mrs. Fry is continuing her visit. They were called here by the illness of Mrs. Sikes' mother, Mrs. S. C. Smith, who is reported to be considerably improved this week.

It is better to water livestock often in small quantities than to allow them to drink all they can get at once.

Health Notes
 By Texas Department of Health

AUSTIN.—In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. Geo. W. Cox, State Health Officer states that if every case of suspected communicable disease were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," says Dr. Cox. "The longer he can avoid having these diseases, the better it is for him. Every child should be protected by immunization against all diseases where an immunity can be established."

Prompt diagnosis, isolation and good medical care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the milder forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine protects not only the patient, but helps to prevent the spread of the disease to other persons.

"The State Health Department", Dr. Cox said, "does everything within its power to protect the health of the people of Texas, but the cooperation of every individual in protecting his own health and that of his community will do more than anything else to successfully check the spread of communicable diseases among our people."

AUSTIN DESIGNED FLAG

AUSTIN.—Stephen F. Austin, the "Father of Texas," once designed a flag for the Texas Republic, one of his letters in the University of Texas library reveals. It had 13 blue and white stripes with the "British Jack" in one corner and a picture of George Washington's head superimposed on a sun in the center of the stripes.

CRANBERRY FOR VEAL

Veal cutlets cooked with jellied cranberry are an ideal meal for a November day. Brown the cutlets, then add chunks of the jellied cranberry sauce and mash slightly. During cooking, the gel melts, providing a delicious liquid in which to braise the chops. Serve with buttered lima beans.

Chemical Industry Has Bright Future, Texas

AUSTIN.—A survey of the chemical industry in the Southwest shows the immediate future is bright, but continuation of the industry is dependent upon two developments. Dr. W. A. Cunningham, University of Texas chemical engineering professor declares.

In a recent study, Dr. Cunningham declared two factors will aid the continued progress: development of better methods for utilization of methane, and developments of ways and means for bringing to the surface a greater proportion of the petroleum and gas in the underground reservoirs.

Approximately \$500,000,000 worth of wartime plants were constructed in the Southwest for production of aviation gasoline, synthetic rubber, butadiene, styrene, etc., and almost without exception those plants were purchased and converted to the manufacture of petrochemicals, or continued in their original service, Dr. Cunningham says. He defined "petrochemicals" as those chemical intermediates and finished chemical products from petroleum and natural gas.

"It is obvious that the rapid expansion of the petrochemical field in itself could not long be continued without concurrent expansion in other fields of chemical production," Dr. Cunningham says.

"The high level of industrial activity since 1940 has brought with it record production of such chemicals as sulfuric acid, soda ash, chlorine, caustic soda, fertilizer chemicals, pharmaceuticals, plastics of all kinds, both thermo-setting and thermo-plastics, synthetic fibers such as rayon, insecticides and fungicides and a host of other items demanded by this complex economy of the world. That portion of these materials which is being produced in the Southwest has shown a steady increase."

Grocery Shelves Well Stocked in November

COLLEGE STATION.—November grocery shelves will be filled with a large assortment of foods from which the housewife can choose. Homemakers can save on the family food bill by filling their grocery baskets with selections from the November Plentiful foods lists, says USDA's Production and Marketing Administration.

All the foods on the plentiful list are reasonably priced in comparison to the less plentiful foods.

At the head of the list of plentiful fresh fruits and vegetables are red white potatoes, white and yellow onions, cabbage, carrots, grapes, citrus fruits, cranberries and pears. And the cranberry is a big item on the Thanksgiving Day menu. Grocery shelves are also well stocked with apple juice, applesauce, grapefruit segments, fruit spreads and honey.

Other reasonably priced and plentiful foods include dried figs, prunes,

NATURE... Eden (Nature Boy) Abbez and his wife Anna fraternize with nature in their Hollywood home under a guava tree and display their brand new son whose name is Tatha Om, meaning "one fully enlightened."

raisins, oat products, peanut butter and pecans. The fish list has on it fresh red snapper, Gulf trout, frozen roe, halibut and haddock.

Along about the middle of the month corn meal, grits and syrup will also be on the plentiful foods list, according to the PMA.

HERE FROM CHINA

AUSTIN.—A native of Shantung, China, Tsung-Hsun Tsao, is doing post-doctoral work in the University of Texas Plant Research Institute. She plans to teach botany of bichemistry in her home country after completing studies here.

"BEETS ARE RED"

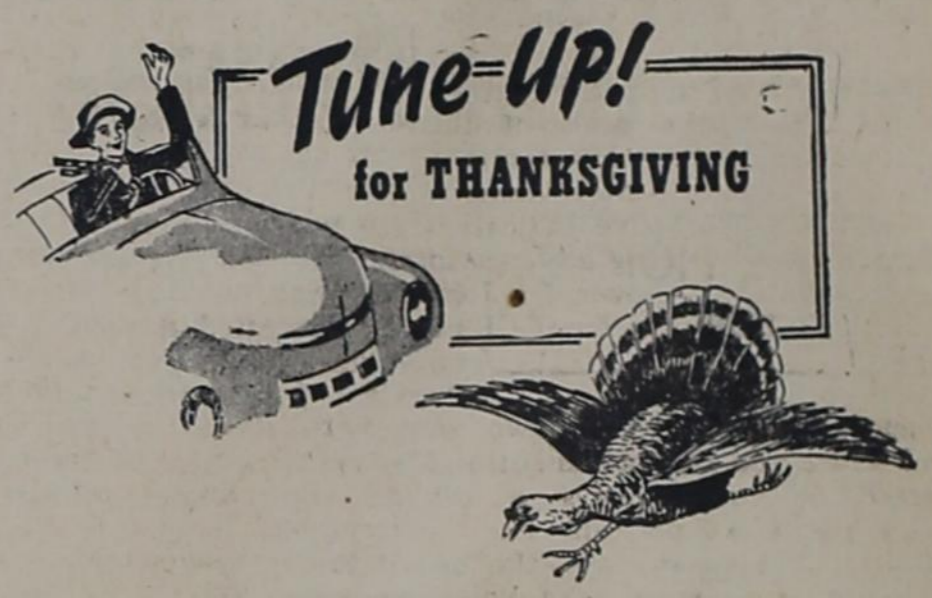

Harvard beets provide that tart touch that is so right with veal. Serve with veal loaf, chops, or cutlets. And maybe you've forgotten how much their rich red color can do for the appearance of a meal, too!

One of the heights of disappointment is reached when a friend of long duration drops back into the limbo of mere acquaintances. Statistics show that only a small percent of the girls in this country are working girls; the rest are working men.

INVENTORS AND JETCYCLE . . . Sooner or later somebody was bound to come up with a jet-propelled bicycle, and here are the three teenage inventors from Falls Church, Va., who did it. The contraption they designed can work up to a speed of 15 miles an hour with its single jet, but the boys now are working on a faster three-jet job. They are (left to right) John Hunton, 16; Bobby Dent, 15, and Mad Walther, 15.

Business Situation Is Reviewed In Texas

AUSTIN.—The level of business activity in Texas showed little change from August, as the composite index of business activity declined 1 per cent from the postwar peak of 233 reached in August, the University of Texas Bureau of Business Research reported.

Whether or not the point reached in August will be the peak of the postwar boom cannot be determined yet, since a drop of no more than 1 per cent is not conclusive indication that the relatively strong advance of the past two months is over, Dr. John R. Stockton, Statistician for the Bureau said.

The drop in the composite index resulted from the decline of two of the six components; department and apparel store sales declined 6 per cent and pay rolls 3 per cent. The remaining four components of the index registered increases as follows: electric power consumption, 5 per cent; crude oil runs to stills, 2 per cent; miscellaneous freight carloadings, 2 per cent; and employment, a fractional gain.

In comparison with a year earlier, the composite index for September was up 14 per cent with all of the components higher than September 1947. Largest increase was in pay

rolls, 20 per cent; followed by electric power consumption, 18 per cent; department and apparel store sales, 16 per cent; crude oil runs to stills, 8 per cent; employment, 5 per cent.

The decline in livestock prices, and the resulting decline in food prices, suggests that the peak of price inflation in agricultural commodities may be past, Dr. Stockton said. Prices of manufactured goods are continuing to rise, but evidence is accumulating that more and more resistance is arising as a result of the high prices. The effect of high prices on capital formation by business and industry should not be overlooked, since many concerns appear to be reaching the end of their present expansion programs, and with prices at the present level, have no further plans for the immediate future.

Retail trade in September showed an increase of 2 per cent over August after adjustment for seasonal variation. The total retail sales in the State were estimated by the Bureau to be \$442,000,000, of which \$161,000,000 were sales of durable goods stores, and \$281,000,000 were sales of nondurable goods stores.

After adjustment for seasonal variation, the sales of durable goods stores declined fractionally from August, while sales of nondurable goods stores increased 3 per cent. In comparison with a year earlier, retail sales were up 9 per cent, an increase

of 14 per cent in durable goods stores and 7 per cent in nondurable.

The Bureau's index of industrial electric power consumption increased 4 per cent in September over August, after allowance for seasonal variation. Man-hours worked in manufacturing establishments declined 3 per cent, while the number of employees in manufacturing industry declined 1 per cent.

Total volume of building permits issued in Texas cities climbed sharply in September to register an increase of 31 per cent in the seasonally adjusted index over August. This practically offsets the 35 per cent decline in the index of August, but leaves the index only 1 per cent above September 1947.

Farm cash income in Texas increased sharply in September, after adjustment for seasonal variation, going from 490 in August to 569 in

September, an increase of 16 per cent, in spite of this, however, the adjusted index for September is only 2 per cent above the level of September, 1947.

Typical Coed Survey Is Held At Tech

LUBBOCK.—The typical co-ed at Texas Technological college this fall has short hair and wears tubular skirts, preferably grey, brown or green, of corduroy, jo sweaters and has a boxy coat.

Facts concerning the dress of the Tech co-ed while on the campus were compiled in a fashion count by a group of home economics students enrolled in textile merchandising.

Results of the fashion count indicate also that the majority of married co-eds are wearing hose to classes.

about 34 per cent of all women students are bare legged and .4 per cent wear anklets.

The bell fashioned skirt ranked second to the tubular in popularity. The bustle type, predicted to be a leader in skirt patterns, hasn't found its way to the campus yet.

Average length of skirts ranges from midcalf to long. Very few co-

eds are clinging to the "short skirt" fad.

Three counts were made before the final results were tabulated.

INSURANCE
OF ALL KINDS
Farwell, Texas

Visiting in the home of Mr. and Mrs. L. C. Moore this week were Mrs. J. W. Wilsdon and son, Bill Hunt, of Lubbock. Mrs. Wilsdon is a sister of Mrs. Moore.

Mr. and Mrs. James Berry of Clovis, Mrs. Emmett Berry of Canyon visited in the L. C. Moore home, Sunday night.

Elmer Berryhill and Glenn Blalock visited Joe Moore, Sunday.

Mrs. Troy Armstrong returned Monday from Amarillo, where she had spent several days with her mother, Mrs. J. Sam Gaines, who underwent surgery there, Oct. 26. Mrs. Gaines was moved to the home of Mr. and Mrs. W. J. Bryant, where she will remain until she is able to return to her home in Bovina.

Mr. and Mrs. Jack Waltman were Clovis shoppers, Friday.

Mrs. Jessie McSpadden, Mrs. Gene Wade, Calvin Wade and Bill Morris visited in the homes of Mr. and Mrs. O. G. Turner and Mr. and Mrs. Audis Martin in Clovis, Sunday.

Mr. and Mrs. Ray Davies left Thursday for Hot Springs, N. M., where they plan to spend the winter.

Egg Laying Contest Off to Good Start

COLLEGE STATION.—Already a month old, the Texas Farm and Home Egg Laying Contest is off to a good start, reports Ted Martin, extension poultry husbandman of Texas A. and M. College.

There are 394 entries in the contest with nearly 122 thousand birds on the records. There is no upper

limit, but all entries must have at least 100 birds to enter. According to the entrance applications, the size of the flocks range from 100 to 7,500 birds. The average number of birds in all flocks is 334.

Single Comb White Leghorns top the list of breeds with 268 flocks out of the 394 entered. The total number of Single Comb White Leghorns in the contest is nearly 95,000 birds. After the White Leghorns come New Hampshire, White Plymouth Rock, and Austra-White in the order named. There are several other breeds entered in the contest, but the number of flocks is small and there are very few birds per flock.

All sections of the state are represented in the contest and there are 89 different counties with all the heavy poultry producing areas represented.

Here are a few figures Martin worked out on the contest. If each hen in the contest requires 70 pounds of feed—and that's an average—over eight and a half million pounds of feed will be used by nearly 122 thousand birds. And, if that many chickens lay 150 eggs each, there will be over eighteen and a quarter million eggs produced in the contest.

October 1 was the kick-off date, and the final gun won't sound until July 31, 1949. There are fifteen cash prizes ranging from \$100 to \$10. First prize is \$100, second is \$75, third is \$50, fourth is \$35, fifth is \$25, sixth is \$20, seventh is \$15, and the next eight prizes are \$10 each, said Martin.

"Texans never brag," said Martin, "and until some state comes forth with proof that they have more laying flock demonstrations than 394 with a total of 121,801 birds, we are going on record as having the most."

TO THE LADIES!

Here's an ideal menu for a ladies' day luncheon: cold diced veal salad on pineapple rings or jellied cranberry slices. Accompany the salad with hot rolls, hot spiced tea or coffee, and add a vanilla cream puff for dessert.

Ten Students Attend Livestock Show, Mo.

PORTALES.—Ten Eastern New Mexico College agricultural students attended the American Royal Livestock show in Kansas City recently. The group was accompanied by B. T. Allen, instructor in Agriculture.

Students making the trip included Jack Lorts, Clovis; Bob Brooks, Melrose; Steve Boyle, Elida; Duane Cox, Roseville, Ill.; Bruce Cox, Portales; E. W. Dawson, Marlow, Okla.; Tom Kierce, Jacksonville, Fla.; Calvin Blaine, Texico; Norman Duncan, Muleshoe, Texas; and Chester Abrams, Huntington, Wyo.

Not only did the group attend the show, but also visited many packing plants and agricultural industries while en route.

Hard Winter Predicted For Texas Cattle

COLLEGE STATION.—Texas cattle, both beef and dairy, face a hard winter.

In average years cattle enter the winter months in good shape after feeding on green grass. This year, however, many cattle are already suffering from a lack of the green feed. There just isn't any to be had.

Many cows that are now carrying calves may not be quite up to the task of giving birth and taking care of their young, says Dr. W. C. Banks, extension veterinarian of Texas A. and M. College.

Banks suggests that stockmen plan a good feeding program for the cattle. In addition to protein feeding, plenty of good quality hay should be kept on hand. And, if possible, hay with a good, green color is recommended. If you can't get green hay, Banks suggests getting some other source of vitamin A to add to the ration. Your local veterinarian can give you the names of several commercial sources of vitamin A or you can give the cattle a dose of some kind of cod liver oil.

Junior Play Comes Friday At Texico

"Boarding House Reach", a three-act comedy with all the ingredients necessary to make it a howling success, will be presented in the auditorium of the Texico school on Friday evening of this week, November 12, when the Texico juniors, directed by Mrs. Jimmie Allman, take over the stage.

Briefly, the plot centers around the activities of 13-year-old Wilbur Maxwell (John White), who is determined to secure a bicycle, by fair means or foul. While his parents, portrayed by Mark Leavell and Coeta Roth, are out of town on business, young Wilbur rents out rooms in the family home as a money-raising project.

Somewhere among his guests, who include Limpy McGuire (Raymond Morgan), Mars, his wife (Violet Curry), "Ninety-Volt" Jones, a beat-up puglist (David Houghteling); Ruby, his wife (Frankie Harris); Mr. Potter, an insurance salesman (Wayne Tucker); and Mrs. Burns (Jo Beth Ingram), is a bank thief who takes advantage of Wilbur's hospitality. In the ensuing mixup, Mr. Maxwell is mistaken for the thief by Connelly, a detective (Nicassio Mendoza), and things are considerably confused.

Other members of the cast include Wilbur's two sisters, Betty Lou and Connie, played by Patsy Ingram and Margaret Doshier; Bernadine Smith, Betty's best friend, by Carmen Roth; Hercules Nelson, Wilbur's best pal, by James Harding; and Aunt Mary, Mrs. Maxwell's aunt, Belva Parks. The evening's activity will begin at 7:30, Texas time, with admission set at 25c and 45c, Mrs. Allman said.

EXPECT LOWER PRICES

Discounting the possibility of war and adverse weather conditions, the 1949 prices of most commodities from Texas farms and ranches are expected to average slightly lower than the prices of 1948.

AVOID ICE CRYSTALS
Ice crystals in ice cream can be reduced by fast freezing or stirring, adding air by beating or by adding whipped egg whites, whipped cream or gelatin.

El Portal Chapter Meets In Farwell

The regular monthly meeting of the El Portal chapter of the DAR was held the past Wednesday in the home of Mrs. A. D. Smith, in Farwell, with Mrs. F. E. Kepley, of Oklahoma Lane, and Mrs. George P. Baxter, of Clovis, as co-hostesses.

Plans for a Colonial tea in December were laid during the business session, presided over by Mrs. Douglas Stone, regent. The group then sang the national anthem, led by Mrs. W. H. Graham, and Mrs. Baxter led the pledge of allegiance.

Opening the program, Mrs. Smith introduced Mrs. W. H. Graham, who sang "Shadows" by Carrie Jacobs Bond, and "The Golden Key", with Mrs. Smith accompanying at the piano.

Taking up "The Beginning of Musical Education in the United States", Mrs. L. B. Colborn presented an interesting paper detailing the growth of musical education, in which she pointed out that the work first started in New Mexico among the Spanish and Indian people, who were taught by the early Franciscan missionaries. New Mexico also claims the first organ in the United States, brought overland from Mexico City, and Mrs. Colborn added that the cradle of American music is in New Mexico, not Boston, as is customarily believed.

Miss Gloria Kepley played Nevin's "Narcissus" and sang "Somebody's Rose" and "My Happiness", to conclude the program.

Beautiful bouquets of chrysanthemums of various colors were arranged about the entertaining rooms, with a centerpiece of dark red mums on the coffee table, which featured a handsome silver service. Mrs. Stone presided at the table during the social hour.

PTA Changes Date Of Thanksgiving Dinner

The date of the Farwell PTA Thanksgiving dinner, scheduled for November 11th, has been changed to November 13th, officials of the association reported today, urging that all patrons take note of the change.

The annual Thanksgiving dinner and social will be held in the home-making department of the school, beginning at 7:30.

Officials asked that patrons whose names begin with A to F, inclusive, bring a meat dish for the supper; the G through L group is asked to bring vegetables; M through R, salad; and S through Z, pies.

Special musical numbers will be presented for entertainment, and after the dinner a general sing-fest will be enjoyed. Arrangements have been made to entertain the children in the school auditorium, and all patrons are urged to attend.

Mrs. Thornton Hostess To Wesley Bible Class

The Wesley Bible Class held its regular meeting in the home of Mrs. Roy Thornton, Tuesday afternoon, with Mrs. B. N. Graham in charge of the program, at which twelve members were present.

Those present included Mesdames Roy B. Ezell, Jess Newton, Ruby Dixon, N. L. Tharp, Lena Yoder, G. W. Atchley, Albert Thomas, Anne Overstreet, Ralph Humble, Grace Sanders, B. N. Graham, and the hostess, Mrs. Roy Thornton.

At the close of the meeting lovely refreshments were served by the hostess.

Mr. and Mrs. Charley Lovelace and sons visited in Tatum, N. M., Sunday.

Betrothal Announced At Clovis Social

The betrothal of Miss Margie Jean Whitener, daughter of Mr. and Mrs. C. H. Whitener of Pleasant Hill, to Donald Watkins, son of Mr. and Mrs. G. T. Watkins, of Farwell, was revealed the past week at an announcement party given by Mrs. R. C. Mouser, in Clovis.

The nuptials will be performed in the Texico-Farwell Baptist Church this coming Sunday morning, November 14th, at 9:15, Texas time. Rev. O. O. Holladay, pastor, will read the ceremony, and all friends of the couple are invited to attend the church wedding.

Presenting the announcement, an archway was formed at one end of the serving table, under which was a small green gate. Inscribed on the arch were the words "The Gate of Matrimony for Donald and Margie", and the gate bore the reading "Will Open November 14". Miniature bride and groom figurines were placed inside the gate.

The bride-elect, well known locally, has been making her home in Clovis for several months, and is an employee of the Delozier and Rogers accountant firm.

Watkins, a resident of the Farwell community for a number of years, recently purchased the Marcus Produce, and is engaged in that business.

Weddings Recorded At Local Office

Four marriage licenses were issued last week at the office of County Clerk Loyde Brewer, with three marriages being recorded, it was reported today.

On Monday, November 1, a license was issued to Wesley Theron Sanderson and Letha Elizabeth Bailey.

F. E. Autrey, Jr. and Miss Juanita Boone received a license here on Wednesday, November 4th, with the marriage being performed in Amarillo by Justice of the Peace Ivy Wilkinson.

Jess Newton, local JP, performed a ceremony at the courthouse on Thursday, November 4, uniting Miss Dorothea Dell Marce and Fred Wesley Moore, and County Judge A. D. Smith officiated at the nuptials of Miss Louise Gammill and Alfred Lee Gilman at the courthouse on Friday, November 5th.

Wesleyan Guild Meets In Carrell Home

The Wesleyan Guild met in the home of Mrs. Harvey Carrell, Tuesday night in their regular meeting, with Mrs. Hayden Cason acting as co-hostess.

Mrs. Bess Mansfield gave an interesting study on Korea, and Mrs. W. Vinyard offered special musical selection throughout the evening.

During the business session members of the Guild decided to start a membership drive, and to take part in the annual Bazar meeting, to be held by the WSCS, this month. They also decided to send \$10 to the overseas relief.

At the close of the meeting a sandwich plate with coffee was served to eight members and one visitor, Mrs. Mae Porter's mother, Mrs. Davis of Littlefield.

Mr. and Mrs. Ray Stone of Pampa were Sunday visitors in the J. E. Stone home. Mrs. Stone remained here, while her husband returned to Pampa, Monday.

Mr. and Mrs. Roy Hawkins, former Bovina residents, who now live at Mineral Wells, were here the first of the week attending business matters and visiting with friends.

DAILY DOUBLE . . . This pair of unrelated "twins" is the reason that some of the good people of Van Dyke, Mich., go about muttering in confusion. They are Marie Kohler (left) and Charleen Rogocki, both six years old, and they're as alike as two peas in the proverbial pod. Strange as it may seem, Marie and Charleen are not related to each other except in the duplication of physical characteristics.

Mrs. Crawley Hostess To Golden Circle SS Class Meeting Postponed

The Golden Circle Sunday School Class met in the home of Mrs. Johnnie Crawley on Tuesday afternoon, with fourteen members present.

Business matters were discussed and plans made to make clothing for their little adopted daughter, after which a lovely gift was presented to Mrs. Onie Bradshaw.

Following the business session a social hour with lovely refreshments were enjoyed by Mesdames: Homer Show, Catherine Lockhart, Marie Purvis, Julia Hillock, Fern Hardage, L. Holladay, Tom Paul McCuan, Inez North, Jessie Dubill, Mable Martin, Onie Bradshaw, Hazel Lance, Margie Fought; visitors present were Mrs. Alta Fought, Irene Baker, Miss Betty Lockhart and Delmar Dubill.

Are Dinner Guests

Mr. and Mrs. Jim Bob Smart and Miss Peggy Williams were dinner guests in the home of Mr. and Mrs. Grady Box, of Grady, N. M., Sunday. They attended the wedding of Mrs. Smart's cousin during the afternoon.

To California

T. J. (Uncle Tom) Randol plans to leave here next Tuesday for Lynnwood, California, where he will visit during the winter months with his daughter, Mrs. Leona Osborne.

Mr. and Mrs. Jim Cleve Dixon, of Lubbock, visited Sunday with his mother, Mrs. Ruby Dixon, in Farwell.

Miss Polly Ann Tapp, from Muleshoe, visited with friends in Texico over the weekend.

Mrs. Bessie Landrum, of Portales, visited in the home of Mrs. Felix Monroe the past Tuesday.

Returns Home

Mr. and Mrs. Dewey Whitley, who formerly lived here, left for their home in Kansas the latter part of last week after spending a week here visiting in the home of Mr. and Mrs. Dave Whitley. Dewey is now employed by the Continental Oil Co. in Kansas.

Attend PTA Meeting

Mrs. Les Means and Mrs. F. D. Stout were in Tucumcari, on Monday, representing the Texico PTA at a district meeting of Parent Teacher Association members.

Return Home

Mr. and Mrs. Ben O. Smart and family returned home the past Thursday from Amarillo, where Mr. Smart transacted business for the Furniture Mart, in Texico. They visited in the home of Mrs. Smart's parents, Mr. and Mrs. Bob Lietner, while there.

Mr. and Mrs. Woodrow Lovelace and daughter, Diann, were business visitors in Amarillo, last Thursday.

Mrs. Evelyn Carpenter, Mrs. W. C. Watkins and Miss Minnie Smotherman, all of Clovis, were dinner guests in the home of Mrs. Bettie Smart, Sunday.

Support your local Chamber of Commerce.

Personnel of Musical Groups Is Named

PORTALES.—Personell of two musical groups at Eastern New Mexico College has been announced, following tryouts, but Joe I. Meyers, instructor in music.

Members of the Men's quartet are Curtis Lee, Clovis freshman, first tenor; Johnny Nieves, Clovis freshman, second tenor; Leroy Jacobs, Portales senior, baritone; and James Taylor, Estancia sophomore, bass.

Chosen for the women's sextet are Wanda Harbert, Clouderoft junior, and Pat Shadle, Carlsbad freshman, first sopranos; Elaine Roan, Raton freshman, and Jean Rogers, Texico freshman, second sopranos; Dorris McKibben, Lovington sophomore, and Trinidad Alvarez, Clovis senior, altos.

Peggy Rogers, Texico freshman, will be accompanist for the sextet.

Attend Conference In Bovina, Wednesday

Rev. Harvey E. Carrell, pastor of the local Methodist Church, and Mr. and Mrs. B. N. Graham were in Bovina, the past Wednesday, attending a district conference of Methodist pastors and laymen.

The local people reported that over 200 representatives from a large number of churches attended the conference.

Mrs. Sam Rundell had the pleasure of having her mother, Mrs. J. W. Glenn, of Walnut Springs, visit her the past week.

Bovina Happenings

Jessie McSpadden

Mr. and Mrs. Gene Wade and son, of Groom, and Bill Morris of Chicago spent the weekend in Bovina with Mrs. W. J. Wade, Mr. and Mrs. Leroy Berggren and family.

Giles Williams and George Trimble returned Monday from Vernon, where they attended business.

Mr. and Mrs. Troy Fuller had business in Amarillo, Friday.

Troy Armstrong left Saturday for Forrest City, Ark., to visit with relatives for a few days.

C. E. Trimble, of Dimmitt has been visiting in the home of his uncle, G. F. Trimble.

Mrs. Juanita Johnson, who has visited with the Cayson Jones family the past week, returned Sunday to her home in Amarillo.

A. S. Curry, of Amarillo, visited his daughter, Mrs. Cayson Jones, the past week.

Mrs. Hubert White, of Hereford, attended district conference at the local Methodist church, Wednesday.

Mr. and Mrs. C. R. Elliott, Mr. and Mrs. B. P. Elliott and Vance spent Sunday in Canyon with Mr. and Mrs. Herschel Lowe.

Miss Ruth Bonds, of Farwell, spent the weekend with her parents, Mr. and Mrs. Newel Bonds.

Mrs. Ronald Berggren and Mrs. W. J. Wade shopped in Clovis, Friday.

Mr. and Mrs. W. O. Cherry were Clovis shoppers, Saturday.

Mrs. Maurice Means and Judy of Wynoka, Okla., visited the past week with relatives in Bovina.

Mr. and Mrs. Jess Walling spent Sunday with friends in Olton.

Bobby Kelley, Martha Williams, Jackie Barnett and Dorothy Jean Rhodes, students in WT at Canyon, spent the weekend with relatives in Bovina.

Mr. and Mrs. Roy Davies left last Thursday for Hot Springs, N. M., where they plan to spend the winter.

Mr. and Mrs. Fred Payne had business in Clovis, Friday.

COVERED DISH LUNCHEON IS HELD ON SUNDAY

Every seat but one was occupied Sunday morning in the Pal's Class of the local Baptist church. After services the group adjourned to the home of Mr. and Mrs. R. L. Barber, where a delicious dinner was served to 27 people. The new plan, meeting with success and approval by everyone, is for a couple to entertain each month in their home. Covered dishes are brought with the host and hostess providing the main dish. The host and hostess next month will be Mr. and Mrs. Gene Hawkins and the dinner will be held in their home.

The Pal's Class has grown rapidly the past few months and interest has grown along with its enlarge-

ment. The group is looking forward with increased anticipation to future activities.

HALLOWE'EN PARTY HELD BY S. S. CLASS

The Pals, or young married people's class of the local Baptist church met at the church Saturday evening, Oct. 3, in weird and fantastic costume to celebrate Hallowe'en.

Games were played and refreshments of hot dogs and cocoa served to the group. Members and guests present were Rev. and Mrs. Weldon Franks, Mr. and Mrs. Louis Hillock, Mr. and Mrs. Henry Minter, Mr. and Mrs. Gene Hawkins, Mr. and Mrs. Charles Hawkins, Mr. and Mrs. Jno. Tabor, Mr. and Mrs. Lawrence Ham, Mr. and Mrs. R. L. Barber, Mr. and Mrs. Bill Bradshaw, Mr. and Mrs. A. L. Kirby, Mr. and Mrs. Arnold Hromas and Mr. and Mrs. Herman Estes.

CARNIVAL QUEENS CROWNED

In an imposing and beautiful ceremony which concluded the activities of the annual school carnival, the three divisions of the school crowned their respective queens on Oct. 29.

Lera Dell Cherry, senior candidate, on the high school contest, Dana Turner, seventh grade, won in the junior high division, and Dyalthia Bradshaw, representing the sixth grade, was the successful candidate in the grade school division.

Clinton Tidenberg escorted Queen Lera Dell, Huey Lowrie escorted Queen Dana and Donald Ray Barron escorted Queen Dyalthia. Princesses and their escorts were: Patsy Loflin and J. R. Ellison, Loneta Thompson and Loren Thompson, Yvonne Moody and Glen Hromas, Norma Lee Loflin and Jamie Tidenberg, Betty Venable and Cecil Martin, Kay Leake and Doyle Wassom.

Announcers were Charles Denney Williams and David Spring. Joy Redden, Harriette Charles and Jackie Davies were flowergirls, and Carole Hammonds, Wayne Brown and Dean Wines were crown bearers.

Gross proceeds of the carnival were \$723.00.

Moss Will Injure Trees, Report Says

COLLEGE STATION—If somebody asks you if moss hurts a tree, tell them yes. But it doesn't "sap" food from the tree. It crowds out the leaves and small twigs.

Sadie Hatfield, extension landscape gardening specialist of Texas A&M, says the moss makes seed, and the seed takes root in the tree bark. As it grows, it begins crowding out the leaves of the tree. Trees have to have leaves to live, and when the leaves are crowded out by the moss it weakens the tree. Moss may weaken the tree until it dies, or so much that cold weather, dry weather, or insects are able to kill it. Nearby trees that have no moss may show no injury at all.

Some people just pull moss off by

hand. But there's an easier way. Spray the moss thoroughly with lead arsenate—one pound in 25 gallons of water. And keep it stirred well while spraying. You can spray your trees any time of the year; however, it may be necessary to spray several times to kill the young moss plants which sprout. A spring and fall spraying will likely be enough for the year.

In the winter when there are no leaves, calcium arsenate may be used, but should be applied before the buds swell in the spring. If your trees are the kind that keep their leaves all winter, better stick to the lead arsenate.

Here's a warning: both the sprays are poisonous to livestock, so it's best to burn or bury any moss that falls off. A heavy rain will wash away enough of the arsenate to make the moss harmless to animals and fowls, says Miss Hatfield.

Buying nourishing, fresh meats is a problem these days but our friendly meat man can give you valuable help. He knows what he's doing because he picks the meats himself. It isn't just shipped in by some uninterested buyer. Our meat department gives you only the best at reasonable prices. Come in today.

Win Trophies for Texas

Three contestants from Texas carried off honors in Plymouth Motor Corp.'s Second International Model Plane Contest at Detroit. They competed against 540 of the world's leading model flyers who were invited to the meet because of their outstanding records. Left to right are: David R. Webb, Jr., 15, 3515 Colgate, Dallas; Maurice J. Stanglin, 18, 3826 Holmes, Dallas; and Russell C. Snyder, 18, 1301 Rosario, Laredo, Texas. They are shown being congratulated by F. W. Yale, Plymouth Regional Manager of Philadelphia, and the Chief Timer for the contest.

Walks Are For Use, Not To Look At

COLLEGE STATION.—Well placed walks may add much to the looks and the beauty of the home grounds. But they are for use, not just to look at. In rainy weather, walks are useful in protecting the family from wet feet, which may result in colds. And stone walks around the yard make it easier on the housewife, since less mud is tracked into the house.

Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College, says that cool weather is a good time for building stone walks around the grounds. Materials for building walks can be found around most farm homes. What about that pile of stones out in back you have been putting off getting rid of? Or the bunch of rocks over on the west side of the place? They'll work fine if they are good sized stones. Flat stones are perhaps the most attractive and are easier to work with. They may be set together with concrete or allowed to grow green veins of grass.

Around in back or at the side of the house where the walks will be used the most, concrete walks with a rough surface may be the most convenient. Attractive walks can be

made of brick, sand or gravel. Miss Hatfield says that anything which will provide a clean, well-drained walk about the home may be used.

For the average cottage-size house the main front walk should be at least three and a half feet wide. Walks in the service area don't have to be quite so wide—15 to 18 inches is wide enough. Slick surfaces on walks are dangerous during cold or wet weather, so keep them rough enough to get a good foothold in bad weather.

All walks should be a few inches higher than the ground so the water will run off. If the soil on each side of the walks is sloping, you can easily run the lawnmower over the walk. If the walks are too high, the grass along the edges will have to be cut by hand rather than with a mower, says Miss Hatfield, and this takes much more time.

Walks do look nice around the place, but they are for use, not ornament.

FARMERS LOSE MILK

Dairy farmers are losing 50 million dollars worth of milk a year due to brucellosis. That doesn't count nearly two hundred thousand calves that would have made about five million dollars worth of veal.

CHECK WINDOWS, DOORS

A check on all windows and doors in the house will keep the cold air out and the warm air in this winter. Heat leakage costs money and wastes fuel. Loose window panes may be reputted, but cracks around the outside of door and window frames need caulking after being packed with oakum or jute.

LEGAL NOTICES

NOTICE

To All Persons Interested In This Land:

Beginning at the northeast corner of Black townsite as recorded in the deed records of Parmer County, Texas, at Page 156, Vol. 34:

Thence south 57°8' west 1340 feet along the north line of said townsite to a point;

Thence south 32°52' east 240 feet to a point;

Thence south 57°8' west 620 feet to a point in the west line of said townsite;

Thence south 32°52' east 940 feet to the southwest corner of said townsite;

Thence north 57°8' west 1960 feet to the southeast corner of said townsite;

Thence north 32°52' west 1130 feet to the place of beginning.

You are hereby commanded to be and appear before the honorable Commissioners Court of Parmer County, Texas, at Farwell, at 10:00 o'clock A. M., on Monday, the 13th of December, A. D. 1948, then and there to protest if you desire a petition filed with this body by Kent Chandler, Farwell Winston, and Albert D. Farwell, Trustees, requesting permission to cancel the subdivision of the lands above described and have it thrown back into acreage.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: John P. Johnson, James B. Stewart, the unknown wife or wives of John P. Johnson and of James B. Stewart, and the unknown heirs, assigns and legal representatives of

John P. Johnson, James B. Stewart, and the unknown heirs, assigns, and legal representatives of the unknown wife or wives of John P. Johnson and of James B. Stewart:

GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of November, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 9th day of October, 1948.

The file number of said suit being No. 1449.

The names of the parties in said suit are: Alvin K. Garies, as Plaintiff, and John P. Johnson, James B. Stewart, the unknown wife or wives of John P. Johnson and of James B. Stewart, and the unknown heirs, assigns and legal representatives of John P. Johnson, James B. Stewart, and the unknown heirs, assigns and legal representatives of the unknown wife or wives of John P. Johnson and of James B. Stewart, as Defendants.

The nature of said suit being substantially as follows, to wit:

Trespass to Try Title, plaintiff alleging that on October 1st, 1948, he was and still is the owner in fee simple of lot 2, Block 18, of the original town of Bovina, Parmer County, Texas, and was in possession of same, and on the same day defendants entered thereon and dispossessed him thereof, that the daily rental value thereof is \$2.00 per day, and that such actions by defendants were unlawful, and that defendants are justly indebted to plaintiff in the sum of \$16.00 but, although demanded, have failed and refused to pay same or any part thereof.

In the alternative plaintiff pleads and invokes the ten year statute of limitation as same applies to land titles in the State of Texas.

Plaintiff prays that defendants be cited, and that he have judgment for his damages and for title to and possession of the above described real property.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 9th day of October, A. D., 1948.

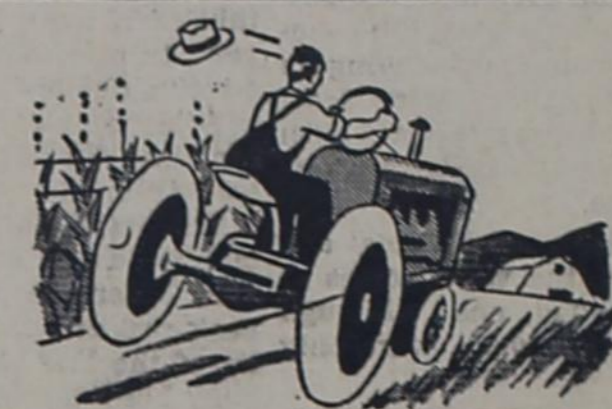

Given under my hand and seal of said Court, at office in Farwell, Texas, this 9th day of October, A. D., 1948.

Loyde A. Brewer, Clerk, District Court, Parmer County, Texas. (SEAL) 1-4tc

AN ECONOMICAL LUXURY

IN THIS SECTION where winter weather usually gets unpleasant, you'll find a home laundry dryer an economical luxury. Just think, no more bundling up to go out to the clothes line, no more waiting for "good drying weather". Just put your wash, fresh from your washing machine, into your home dryer. A gentle stream of warm air will toss your clothes to dryness in just a few minutes. Your family's clothing will last longer, with no bitter wind pulling at them, no burning sun bleaching them.

Best of all, of course, is the fact that with electric service cheaper than ever before, your home laundry dryer will cost just a few pennies a month to operate.

See an appliance dealer soon about a home laundry dryer.

Amherst Downed by Steers, 25-0 Score

Racking up another win, the Farwell Steers trampled the Amherst Bulldogs into the dirt the past Friday night, forcing the visitors to succumb to a 25-0 pounding. Playing on the coldest night of the season, fumbles on both sides could have been expected, but were surprisingly few during the game.

Wright, Perkins, Carpenter and Cummings were the work-horses of the Amherst squad, and although they did consistent work, were only

once within striking distance of the local goal line. Carpenter proved himself one of the fleetest backs seen this year, but his blockers failed to get him into the clear sufficiently to do any damage. Cummings repeatedly hit the line for gains, while Perkins and Wright toted the ball and worked on the passing attack.

The entire Farwell line showed up both good and bad in spots. Nix did good defensive work from his half-back slot, and Dollar got in a majority of the line plays during the first half. Ford turned in some beautiful pass catches, as usual, while Pool and Thomas were good in action.

Ford was robbed of a touchdown in the second period, when he had carried to the one-yard line, only to be stopped by fleet Carpenter, who had followed his toe-dance down the sidelines. Ford took a pass from Thomas on the Amherst 40, juggled it on one hand until the ball finally nestled in his arms, but as the next play lined up from the 1-yard marker, the half was called and the locals denied an opportunity.

June Christian is Queen
During the half time, Miss June Christian was presented as the girl selected by the Steers as football queen, with Co-captains Toby Booth and Warlick Thomas making the coronation.

Steers Score Early

Farwell kicked off to start the game, with Perkins carrying back to his own 30, where he was hog-tied by Dollar. Cummings hit the line for nothing, Perkins completed a 6-yard toss to Jeffrey and Cummings drove over center for a first down on the -40. Carpenter went for three, but Wright fumbled on the next play and Booth recovered on the 40. Attempting to pass, Thomas was smothered for a 10-yard loss. On the next play Pool exploded through the line and was away to the 1-yard line, where Thomas handed off to Booth, who swept end for the first touchdown, following up with a good kick which put the count at 7-0.

Amherst received and Wright was nailed on the 38 by Booth. Wright hit the line for no gain, downed by Henneman, and Cummings got nothing when Booth and Dollar collaborated on a tackle. Perkins shot a pass to Wright at midfield, with Thomas downing the carrier. Cummings took a yard and Perkins tried a pass to Jeffrey which was intercepted by Pool on the Farwell 43. Nix failed to gain, Pool made two, Thomas passed to Ford on the Amherst 43, Booth gained nothing, and another Thomas-to-Ford connection put the locals on their 35, but the completion was called back and Farwell penalized to their own 48. Booth went to the Amherst 28, but Wright got in the way of a pass to Ford and knocked it aside. Thomas carried to the 18, Pool added mileage to the 8 and Thomas circled left end for a score with Pool clearing the way. The kick bounced against the uprights and the quarter ended at 13-0.

Second Period Scoreless

Booth booted downfield, with Perkins coming back to the 30 where he met Holland. Cummings hit the line for zero and Perkins tried two incomplete passes, with Farwell getting a five-yard offside fine. Wright made 8, stopped by Hughes, and Amherst had a first down on the Far-

well 40. Perkins completed a short pass, but Amherst drew a five-yard penalty. Wright plunged on down to the Farwell 35 where Nix was in his way, and Cummings drove to the 25 with Hughes topping him. Nix then broke through to dump Wright for minus-two, and Carpenter raced it to the 18. Perkins shot an incomplete pass to Brown in the end zone, hit the line for a blank, and the ball went over to Farwell.

On the first play Booth was dropped for a five-yard loss, but Thomas then carried out to the 29. Booth was halted by Chafin for no gain, Thomas tried Ford for an incomplete pass, Thomas made two and then kicked out of bounds on his own 46. Wright gained nothing, and was then grounded for five. Perkins tried an incomplete pass which almost went into the hands of Booth and Davis kicked out for Amherst. Thomas received on the 20 and added five. Booth made four, Pool got a bad hand-off and lost 10, and then Thomas heaved one to Ford past midfield, with the receiver side-stepping Carpenter all the way down to the 1-yard line, where he was nailed. As the Steers lined up, the half was called.

Thomas, Pool Count for Steers

Farwell elected to receive, with Nix taking the ball to the 35. Thomas added 10 before Wright got hurt but Booth was dumped by Davis for no gain. A forward-lateral pass combination, Thomas to Ford to Nix, clicked for six, and Pool broke on down to the Amherst 40. Booth toted to the 33 and Nix put on two more, with Davis halting the action. Booth shot a beauty to Ford, who took the ball on the five, as Pool cleared the way for the receiver. Thomas made two, pushed on to the 1-foot marker and on the third play was in paydirt. Booth's kick was blocked by Wright, and Farwell led, 19-0.

Farwell kicked to the 10, with Davis dropped in his tracks by Booth. Perkins shot a six-yarder to Wright, who was stopped by Hughes, and Cummings forged on to a first down on the 38. Cummings carried for three, and Wright got loose to the Farwell 45. Carpenter made five and then tried it again for eight, with Pool grounding him as he seemed touchdown-bound. Wright made no gain and Carpenter was dumped for a loss of four. The Steers took over on their own 40. Thomas then wound up his passing arm, shooting a short one to Ford, who lateraled off to Pool and the action culminated 60 yards later with Pool in the end zone as Wright spun him down over the double marker. A bad pass from center messed up the kick try, and the score was 25-0. Booth kicked and Gee made it to the 40, with Cummings getting five as the third quarter ran out.

Fourth Period Slow

Amherst, in possession, sent Perkins to the 45, but lost five on an offside penalty, and Wright was dumped for 10 by Ford. Cummings got five and Amherst kicked out, as Thomas returned to the Farwell 46. A 15-yard fine put the locals back on their own 31, and a recovered fumble lost them more yardage. Thomas then fired a pass to Ford on the 50, but got a bad pass on the next play and lost three. Pool scooted out to the Amherst 35, Booth was dumped for no gain, Thomas lost two, and Ford made nothing. Thomas finally got five yards, but the ball went to Amherst on their 25.

Perkins passed to Carpenter for 5 yards, Cummings made four and then scampered to the 38. Again carrying, Cummings gained seven, then two, and Carpenter pushed on downfield to the Farwell 48. Cummings made two and Perkins shot a pass to Brown who lateraled to Carpenter, the play dying on the Steer 33. A line play was made by Wright for no gain as the game ended.

Seagraves To Be Hosts To Steers, Armistice

The last out-of-town game of the current season is matched for the Farwell Steers on Thursday, when they meet Seagraves in an Armistice Day clash set for 2:30 in the afternoon.

With no injuries being sustained during the last week meeting with Amherst, all members of the Steer roster will be on hand for the match, Coach Louis Purvis said today, adding that he expected both Terry and Cassidy, who have been out with ankle injuries, to be available.

On paper, the locals have the edge over the Seagraves squad. Comparing notes, the Steers defeated Tahoka 19-20, while Seagraves lost to that same eleven, 26-6. Reporting on a scouting trip, however, Coach Purvis said that Tahoka played an improved game with Seagraves, which could cut down the margin by which the Steers are favored.

Jackson, fullback of the Seagraves squad, is definitely the big threat of the team, Purvis reported, and added that offensive campaigns to stop the strong player were being mapped this week.

Other members of the Seagraves lineup include Smith as quarterback, Kenny and Hearn as halfbacks; Bennett and Hale at the end positions; Collins and Bicknell as tackles; Freeman and Davis at guard and Townsend over the ball. Average weight for the team is around 155 pounds per man.

Farwell will start Holland and Ford as the ends; Hughes and H. Geris at tackle; Dollar and London
