

TWO U. S. BATTLESHIPS RETIRED . . . A certain amount of pomp and circumstance must accompany even the decommissioning of a naval vessel. Here, Adm. Thomas C. Kinkaid, commander of the Atlantic reserve fleet, is piped aboard U.S.S. North Carolina.

Wheat Movements Slightly Improved

New Zero Locker Plant Ready Soon

While the railcar supply is still far short of the urgent need for the movement of Parmer County's record wheat crop, slight improvement was noted by local shippers this week.

"We are getting about one car every day," one shipper commented, adding that while that number was far from meeting the need, it was some improvement. He went on to express the belief that Clovis shippers were "getting ten cars to our one."

Other shippers at Bovina and Friona contacted during the past week, say that the railcar supply remains critical, although somewhat improved over the supply of a few weeks ago.

Early this week, C. M. Henderson of the Henderson Grain & Seed Co., opened additional storage that will care for about 20,000 bushels of store grain. Henderson went on to state that at the rate railcars were being supplied him, it would require almost a year to move the estimated 250 carloads he has on storage.

A survey made here over the past weekend, revealed that practically all of the wheat had been picked up from the ground in the south and southeastern part of Parmer County, but there remains many thousands of bushels out in the open north of Bovina and in the Friona section. Elevator men contacted said that the farmers were showing a good spirit in the emergency in that those who have their grain under cover are allowing the growers whose grain spilled out in the open to take up the storage space as it becomes available with the movement of grain to the market terminals.

Lee Tompson, manager of the Bovina Wheat Growers elevator, expressed the belief that most of the grain now on the ground would be picked up and put under cover within the next two or three weeks.

P. C. D. Club Directors To Meet Wed. Night

The directors of the Parmer County Dairy Club will hold a meeting this Wednesday night at the Oklahoma Lane School House, at 8:00 o'clock, to make preparations for the annual Club Show.

The meeting was called by Wendol Christian, president of the organization. The date and place of the show will be determined, and preparations for accepting applications for entries will be made.

The show will be made up of adults, 4-H Club boys and Future Farmers of America Classes, and will be in different divisions and judged competitively only in the division in which they are entered.

LEAVES FOR SCHOOL

Raymond C. Martin of this city, plans to leave Friday for Decatur, Ind., where he will complete his training for a public auctioneer. Martin has had some schooling as well as some experience in auctioneering, and said that he could finish his course in three weeks.

ON VACATION

Mr. and Mrs. Clifford Bosler of Sikes Motor Company, left the first of the week for a ten-day vacation trip to points of interest in northern New Mexico, including Eagle Nest, Red River, and other vacation spots. They were accompanied by Miss Lois Hodges, of San Antonio, sister of Mrs. Bosler.

Bovina Votes On Waterworks Bonds

A special election has been called by the City Commissioners of Bovina to be held on Thursday, July 31st for the purpose of voting a bond issue for the construction of a water system within the City of Bovina.

Two separate propositions are being submitted to the voters in this special election. (1) shall the City Commissioners be authorized to issue bonds in the amount of \$25,000.00? (2) shall the City Commission be authorized to issue water revenue bonds in the amount of \$40,000.00?

Legal opinion here said that the voters will be required to approve both propositions if the City Commissioners are to be authorized to proceed with their plans of providing the City of Bovina with a water system.

Only qualified voters who own taxable property in the City of Bovina will be eligible to participate in the election.

Voting booths will be maintained in the American Legion Hall, and the following officials have been named to conduct said election: W. E. Williams, presiding judge; Bedford Caldwell, judge; Troy Armstrong and Vernon Estes, clerks.

The people of Bovina voted almost unanimously to incorporate the City only a few months ago, with an adequate water supply for the residents being the main influence behind their actions. The waterworks bond issue will carry by heavy odds, in the opinion of Bovina citizens who have commented on the election this week.

Officials warned, however, that it would likely be several months before a water system could be an actual reality in Bovina. One man expressed the opinion it would be two years "before we have plenty of water." He based his opinion on the inability to secure materials for the system, even after the bonds have been approved and sold.

Has Lunacy Hearing In County Court

Miss Myrtle Huffstetter, age 60, sister of the late Mrs. J. S. Glasscock, who resided in the Midway community, was given a lunacy hearing in County Court before Judge A. D. Smith last Friday and committed to an institution at Wichita Falls for treatment.

Testimony at the hearing revealed that Miss Huffstetter has developed a "negative complex" since last February, and that she has no living relative responsible for her care.

American Legion Post No. 516 to Meet Wednesday Night

The local Legion Post No. 516, will meet Wednesday night at 8:30 in the county court room to elect officers for the coming year.

The busy harvest season is about over and all members are urged to attend. Since there has been no meeting for several weeks, there is quite a lot of business to attend to.

The Legion Hut is beginning to take shape, with the roof completed, and finishing work already in progress.

The Legionaires wish to thank the people of the Twin-Cities as well as the outsiders for the contributions to the American Legion Auxiliary, for the purpose of buying furniture for the Hut. The drive for donations is still in full stride.

PACE BROS. SELL STATION

The Pace Brothers announced that they have sold their Magnolia service station, located across from the Texico Hotel, and will devote full time to the garage business.

Tom Finley, Magnolia Agent and owner of the building, purchased the stock and equipment and will continue the station with the aid of a manager.

ian; twelve head herd production 7089 lbs. milk and 5.2% butterfat.

Gas Prices Take Tumble In Texico

Gasoline prices took a definite tumble in Texico last weekend with two competitive major representatives posting regular gas at 18c per gallon and high octane gas at 20c.

Earlier in the week, a Phillips dealer had posted a 19-21 cent price to be outdone with a Magnolia dealer coming forth with 18-20 cent prices, resulting in the Phillips dealer scaling his prices down another penny.

So far, none of the Farwell dealers have met these reduced prices with the Frawell stations posting gas at 21 and 23 cents. Gas dealers interviewed Tuesday said that the Farwell dealers did not plan to meet the prices quoted in Texico.

Friends Respond to Needs of Family

Mr. and Mrs. A. E. Hedrick today expressed their sincere appreciation for the "wonderful response" that has been manifest in their behalf, following the loss of their home and all contents by fire early in the month.

The businessmen of Texico-Farwell subscribed \$204.00 in cash Monday and a collection amounting to \$32.00 was given by the Church of Christ congregation last Sunday, Hedrick said.

Items of clothing, household goods and bedding have been given by local people, also in amounts sufficient for the immediate needs. "We want to thank our friends of Texico-Farwell and Clovis, who have been so wonderful to us," Mrs. Hedrick stated.

School Transfers Must Be Made During July

County Judge A. D. Smith today called attention to the importance of making school transfers during the remaining days in July.

All students who now reside in one particular district and intend to attend another school for high school purposes during the coming school term are required to procure transfers from the County Judge. Parents of students may apply for the transfers, Judge Smith said.

Application for all such transfers must be made during the month of July, he added.

REVIVAL CLOSES

The revival meeting at the Oklahoma Lane Methodist Church came to a close last Sunday evening after a week's duration. Rev. Robt. L. Butler, former pastor of the Texico-Farwell Methodist Church, who did the preaching, returned to his home at Merkle on Monday, after spending the night in the home of Mr. and Mrs. B. N. Graham.

The new zero locker system, being installed at the Home Grocery & Market in Texico by Les Means, will be ready for operation "in three weeks," it was announced today by Les Means, who is rapidly pushing the project of completion.

Construction of the 236 standard size lockers was nearing completion early this week after the main building had already been finished with the exception of swinging the heavy door and the installation of the refrigeration unit.

All materials are on hand, Means said, as he made plans to have the new system ready for operation. In addition to operating the locker plant, Means is making arrangements to open a slaughtering house which will be operated in conjunction with the business. "Customers can bring their live animals here and we will do the rest," Means stated.

He said that about 150 of the lockers in the new plant had been engaged and expressed the opinion he would experience no difficulty in renting all the boxes.

This will give the Twin Cities two up-to-date locker plants. The system operated at the State Line Grocery & Market in Farwell, has rendered this community a great service, but it has been inadequate to meet the needs with a waiting list of customers desiring lockers that could not be supplied.

Showers Fall Over Parts of Parmer

Widely scattered showers fell over a good part of Parmer County last Tuesday evening, bringing relief to feed crops that have survived the hot, dry weather since being planted.

Slightly less than a half inch fell in Farwell, while most sections, especially to the east, reported about a quarter of an inch. A heavy rain, although somewhat confined in the area covered, fell west of Bovina, with reports of 1 1/2 inches being heard here. E. E. Witherspoon of Clovis, who has a farm 41 miles north of Texico, stated Monday that a two-inch rain fell at his farm Thursday night.

Farmers say that late crops are still holding up good under the continued dry weather, but the early crops are showing the effects of the dry weather. The opinion generally expressed by crop observers is that a good feed crop is in prospect with a few good rains.

OKLAHOMA CROPS GOOD

Mr. and Mrs. J. I. Gober and daughter, Marie, returned home the first of the week from a week's visiting trip to southwestern Oklahoma, around Tipton and Frederick. Gober said the crops were very good in that locality, but were needing rain when he left there Monday. Needless to say that he added, "it was plenty hot there."

RECRUITER IN BOVINA

T-Sgt. Leon A. Reynolds, from the Clovis, N. M. U. S. Army recruiting office will be in Bovina on Thursday, July 31. He will be located at the post office and will be available to answer all questions concerning the regular army. He wants to remind all seniors of the excellent opportunities offered to further education.

Conservation Meet Time Changed to 2:30

The hearing for the Parmer County Soil Conservation District Program, will be held on Wednesday, July 30, as previously announced, but the time has been changed from 10:00 a. m. to 2:30 p. m.

The meeting will be in the Friona Grade School Auditorium, with Howard Goss, Field Representative for the State Soil Conservation Service, conducting the hearing, by request of the farmers and landowners.

If Parmer gets the district, the local county agent stated that qualified personnel will be selected to aid the landowners in running contours and terrace lines, locating wells, working with improved irrigated pastures, and helping plan irrigation farming.

No increased tax rates will be imposed upon the landowners, if a soil conservation district is set up in Parmer County, stated Liner.

All interested parties, landowners and wives are urged to be present for the hearing.

Cotton Flea Hopper In Adjoining Counties

According to County Agent Ollie Liner, several counties have reported the cotton flea hopper entering their crops, and all cotton farmers are warned to be on the alert.

The flea hopper has been an enemy of the cotton farmers for many years and everyone knows that the insect feeds on the young squares, causing them to fall from the plant, reducing the yield. The method most commonly used in combating the flea hopper, is a mixture of sulphur and D. D. T.

The grasshopper infestation has been reported in Lubbock, Lynn, Hockley and Cockran Counties, but to date this insect has not made an entrance into this immediate area.

County Agent Ollie Liner called attention to the fact that the grasshoppers can be exterminated by the use of a bait, composed of poison and an agent palatable to the insect, listing for the poison, Sodium Fluosilicate, mixed with sawdust, bran or cottonseed hull.

COUNTY BOARD MEETS

The County Board of Education was in session here Monday afternoon. Judge A. D. Smith, ex-officio member of the Board, said that the only business transacted was the approval of contracts for vocational agriculture classes now being conducted in Farwell, Bovina and Friona.

Jean Ann Hart is home from Texas Tech, where she completed the first six weeks of summer school. She will be in the home of her parents, Mr. and Mrs. Sam Aldridge, the remainder of the summer.

SQUASH BUGS A PEST

County Agent Ollie Liner announced that he is receiving many inquiries about the squash bug, which seems to be taking pleasure in destroying the palatable food in this area.

Liner stated that this insect is one of the most difficult species of bugs to control, but that they can be controlled by dusting the plants with Sabadilla powder in the early morning, or late in the evening, while the moisture is on the leaves.

The applications should be made at from seven to ten day intervals, throughout the growing period and while there are any signs of the bug.

Tex-Mex D. H. I. A. Report Disclosed

The Texas-New Mexico Dairy Herd Improvement Association is showing good results on the monthly reports sent in by the county agents of the four counties operating in this unit.

The testing program was revived and began functioning in this area March 1st of this year, and is proving very successful to the producer.

Travis Poteet, who is tester for the association, reports that many of the herds are producing more milk and butter fat with the consumption of a cheaper ration, than before the program started.

County Agent Ollie Liner estimates about 600 head of cattle are now being tested in this unit of the association, which includes; Parmes, Bailey, Quay and Curry Counties. Twenty-six herds make up the 600 head in the four counties.

The ten individual high producers and three high head average for the month are: Milk production (Holstein) 1584 lbs.; owned by Cecil Sigman, Bailey County; (Holstein) 1584 lbs., Wilson Humphrey, Curry County; (Guernsey) 1545 lbs., Leo White, Quay County; (Holstein) 1497 lbs., Humphrey; (Jersey) 1404 lbs., Roy F. Davis, Quay; (Jersey) 1362 lbs., C. C. Christian, Parmer; (Jersey) 1320 lbs., Christian; (Jersey) 1278 lbs., Davis; (Guernsey) 1203 lbs., H. W. Ingram, Quay; (Guernsey) 1176 lbs., Virgil Teague, Bailey.

High in butterfat production: (Jersey) 79.2 lbs., owned by Roy F. Davis, Quay County; (Jersey) 75.2 lbs., C. C. Christian; (Jersey) 71.3 lbs., Wendol Christian; (Guernsey) 68.0 lbs., Leo White; (Jersey) 62.7 lbs., C. C. Christian; (Jersey) 61.9 lbs., Vaughn Gares, Quay; (Holstein) 55.6 lbs., Cecil Sigman; (Holstein) 55.4 lbs., Wilson Humphrey; (Jersey) 55.0 lbs., Sterling Donaldson; (Jersey) L. M. Grissom.

Three high head average: eleven head in production, produced 5223 lbs. of milk and 5.5% of butterfat per cow owned by Kenneth Grissom; twelve head heard, produced 7587 lbs. of milk and 5.3% butterfat per cow, owned by Wendol Christ-

Fist Wholesale Bindweed Spraying

Roy Dilshaw, who lives seven miles north of Bovina, on the old Aldridge place, is the first Parmer County farmer to undertake wholesale spraying to rid his land of the bindweed.

County Agent Ollie Liner spent several ours at the Dilshaw place this week, assisting in the drive against the weed. Liner stated that the owner has made a sprayer that is very successful, from an old cotton sprayer by canging the nozzles of the hose, and attaching two 55 gallon barrels on the machine. The equipment is inexpensive, and will cover a 16 foot swath.

Dilshaw has 30 acres of grain sorghum that is badly infested with bindweed, and the outlook for a crop, this year, is very poor, due to

the weeds choking out the grain.

The owner plans to give the weeds another spraying in the near future, that should result in about a 98 percent top kill, according to tests made on smaller areas of the pest.

Liner said that land that has been sprayed for the bindweed, should not be tilled until four to six weeks after the application, giving the poison a chance to penetrate as deeply into the base as possible. According to previous tests, it takes 10 days to see the effects of the spray, but the weeds will begin to wilt and die after this period.

The mixture used in the spraying of the Dilshaw place, was 3 pounds of 2, 4-D, a powder, and 200 gals. of water per acre. Mr. Dilshaw has ordered 100 pounds of the powder and

plans to keep fighting the weed.

The bindweed blooms are white or pinkish and resemble a small morning glory. The leaves have a narrow-like base and vary in size and shape. The weed is known to spread largely by seed and may be carried from one area to another by farm machinery or in other seeds. The seed of the bindweed is known to have been dormant in the soil for twenty years and sprout to a good stand.

Farmers are advised to be on the watch for this weed and take the situation more seriously. It is much easier to kill out a small area than to wait until it spreads over a large field.

For details and information on the spraying of the bindweed, farmers whose land is becoming infested may see their county agent.

Health Notes

By Texas Department of Health

AUSTIN—This is the season when dysentery, diarrhea and "summer complaint" are most prevalent throughout the State, and Dr. Geo. W. Cox, State Health Officer, has issued a warning to parents of young children regarding the prevention of these diseases.

"The chief causes of these intestinal diseases are impure milk, water and food; allowing a child to become overheated; using too much sugar and cream in the diet; and under or over-feeding." Dr. Cox said. "All foods should be fresh and clean, and left-overs should be properly refrigerated to prevent spoilage."

Dr. Cox said definitely that when a feeding formula for infants is used, it should be prescribed by a physician and then prepared with extreme care, especially in regard to cleanliness and refrigeration. Babies should be fed at regular intervals and on a definite schedule. Their stomach and bowels can become easily upset if they are fed haphazardly whenever they happen to be fretful or restless.

The State Health Officer declared that with dysentery, as with many other diseases, the fly is an agent of transmission, and every home should be well screened of flies.

"If diarrhea or dysentery develops, consult a physician at once," Dr. Cox advised. "This so-called 'summer complaint' can become a very serious menace to your baby's health, if not an actual threat to his life."

"Beggars in Mink Coats." Fake Charities exposed. Even the smartly-dressed woman who requests a charity donation is frequently a tool in a brazen plot to swindle you. Read this true story of fake charities in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

A government of equal rights must therefore rest upon the minds, not wealth, not brute force the sum of the moral intelligence of the community should rule the state.—Bancroft

Questions and Answers For Discharged Vets

Q—I am a World War II veteran taking a school course that requires three hours per week. Am I entitled to receive subsistence allowance under the G. I. Bill?

A—If you are taking an undergraduate course at a college or university, you are eligible for one-quarter of the full subsistence allowance, but if it is a high school or vocational school course of less than 6 hours per week, you are not eligible for any subsistence allowance.

Q—I am a veteran-amputee. Am I entitled to a service card and what is the limit on repair service costs allowed?

A—Yes, if you are a veteran wearing an artificial limb, you are entitled to repairs at government expense and may obtain a Prosthetic Service Card. This card enables the veteran to get immediate repair service up to \$35 without prior approval from the Veterans Administration.

Q—I am a disabled veteran and have completed my on-the-job training course, but have not been able to get a job. Am I entitled to receive unemployment compensation under the G. I. Bill?

A—Yes. The Servicemen's Readjustment Act (G. I. Bill) provides that you can draw adjusted unemployment compensation up to a maximum of 52 weeks, provided that you are able and available for work at the time. The number of weeks of readjustment allowance payable to you is determined by the length of your service. The services must have been 90 days or more between Sept. 16, 1940 and the end of World War II.

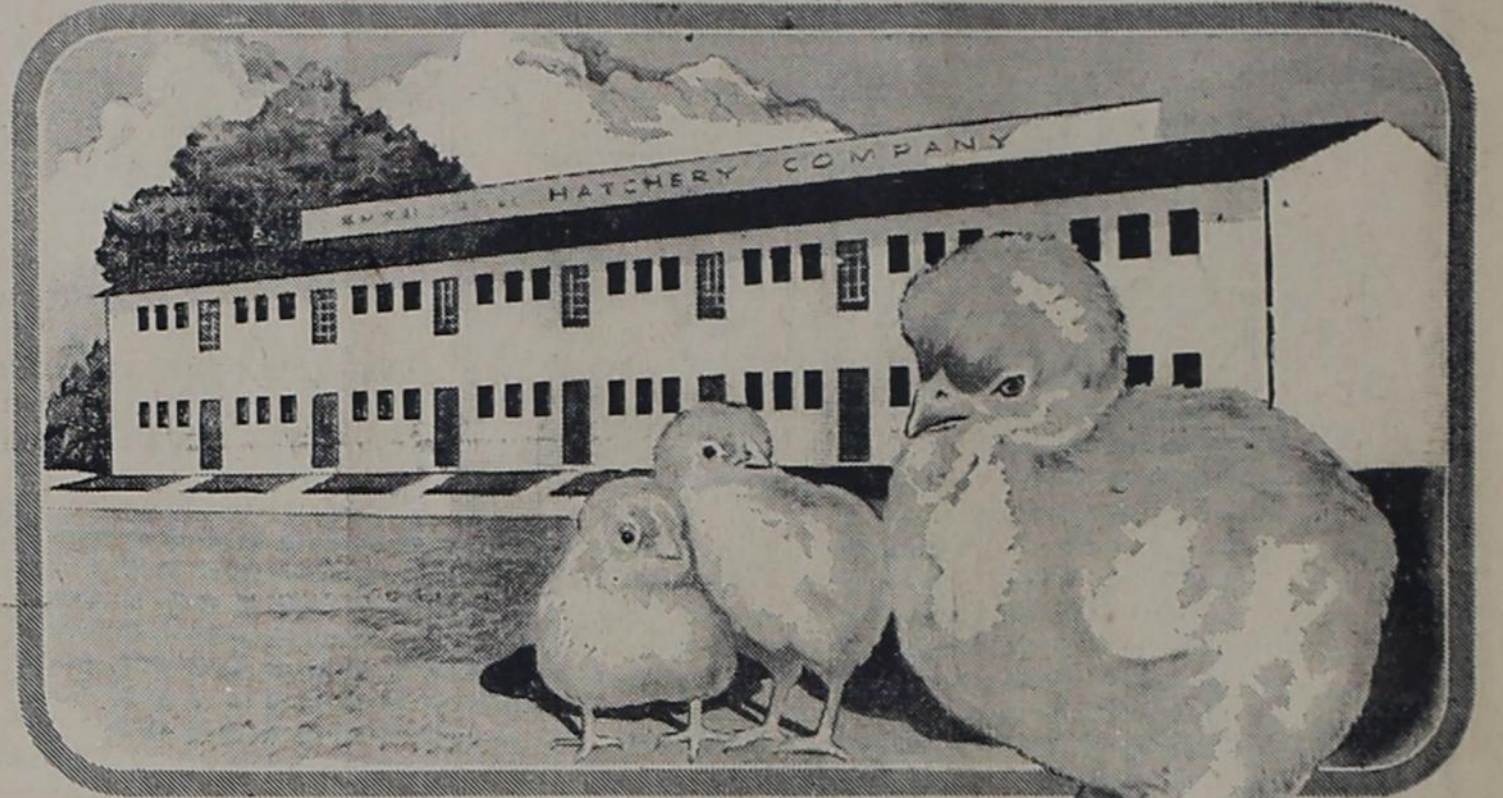

Q—As a World War I veteran with a non-service-connected disability, which does not permit me to work regularly, am I entitled to a pension?

A—Your only pension relief is through the law which gives you the right to a pension of \$60 per month provided you are permanently and totally disabled and unable to follow a substantially gainful occupation. This pension is not payable if your income exceeds \$1,000 if single, or \$2,500 if married or with minor children.

At least eight million boys and girls will get meals this year under the National Production and Marketing Administration estimates.

Chicken Feed

"Folding Money" NOW

Poultry raising in our area has come a long way since Mother kept a few chickens for egg money and Sunday dinners.

Today there's a lot of good "folding money" in scientific poultry raising. It's not "chicken feed" any more, for more folks than ever before are making big money in the poultry business in the Panhandle-Plains-Pecos Valley Area.

We have so much confidence in the poultry industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and farms and better living—electrically—to everyone.

Large Sum For Ford Tractor Advertising

One of the largest advertising appropriations announced so far in the post war period will be spent in the next 12 months in the nationwide

marketing of the Ford tractor and Dearborn farm equipment, O. C. Sikes of the Sikes Motor Company of Farwell revealed yesterday.

The local merchant made this declaration upon his return from Denver where he attended a large regional sales convention of Ford-Dear-

born dealers conducted jointly by the Dearborn Motors Corporation of Detroit and the McCarty-Sherman Distributing Corporation of Denver, distributors of the products in six western states.

He revealed that Dearborn Motors plans to spend well in excess of

\$2,000,000 during the next 12 months on advertising and merchandising programs.

To help satisfy the demand growing out of mechanization of farm equipment, initial shipments of new tractors and implements are being made to all Dearborn distributors this month, the local man said. There will be increased shipments in August and September.

COFFEE ON THE HOUSE

NEW YORK—Something new has been added to make rail trips more enjoyable for the much-traveling American public, especially during these summer vacation months. It's "coffee on the house" served passengers on transcontinental trains of the Texas and Pacific.

Twice daily a dining car pantryman prepares fresh coffee to be served free of charge to the passengers. Dining car attendants pass through the cars with coffee, sugar, cream, and paper cups to furnish travelers these pleasant midmorning and midafternoon treats.

The famous Texas-thru-to-New York "Sunshine Special" is one of the trains featuring this unique post-war service which holds high approval by travelers especially since, "It's on the house."

"WHAT MAKES PEOPLE FAT"

It's not always just a case of love for food. Excessive eating habits frequently can be traced directly to nervous and emotional tension. See how medicine treats this problem. Read "Fat from Psychic Hunger", in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

True Stories of West Texans

(By N. H. KINCAID)

A Trail Driver Turns Banker

The cattleman from Weatherford started at the teeming, steaming Mississippi Gulf Port with interest. Scarcely two years had passed since the close of the Civil War but water front was alive with bustling activity. One big English freighter and several river packets had just come in and little barefooted darkies were darting here and there among the disembarking passengers, eagerly soliciting trade for the waiting cabbies.

Choosing to be among the last to leave his packet, the young trail driver had time to select his cab carefully. Entering, he kept his by his left side and gave his destination as the Canal Bank.

The West Texan found the New Orleans bank officials most cooperative. Explaining that he wished to leave his \$50,000 with them only while awaiting a boat to Houston, they agreed to keep it for him. The money was in \$20 gold pieces fresh from the mint of California and weighted 200 pounds.

As Bob Coutts handed over the heavy bags of clinking coins, he thought of the herds of longhorns on the long months of trail breaking that had entered into the exchange. Gone from home a year now, he had wintered his herd in the snow of the Rockies, and sold it and all his equipment early this spring. One of his cowhands had died of pneumonia; the others had continued the drive into California for the new owner.

Coutts had decided it safer to return home alone rather than hire a stranger to help guard him and his gold. Traveling with pack horse and his own trusted gun and 45, he again crossed the Great Divide. Traversing uninhabited valleys and following the general course of the Platte river hundreds of miles to the head of navigation on the Missouri, he there boarded a river boat to St. Louis, and thence to New Orleans.

"Yes, Sir," Coutts said with satisfaction, "when we folks in Texas can swap beef for money, we are willing to throw in a lot of hard work, extra."

After several weeks of waiting, during which the office force show-

ed him much about banking, he was able to board his boat for Houston, carrying his gold with him.

Arriving by stage in Weatherford, James Robertson Coutts immediately constructed a vault in his home and in it put a safe with a combination, as he had learned in New Orleans. Here he kept his gold. And then others deposited their earnings with him, and he soon found himself loaning money.

And thus was born the Citizens National Bank of Weatherford, in 1868, with claims of being the oldest in the state north of San Antonio. It was nationalized in 1882.

MIDGET AUTO RACES

LUBBOCK—Midget auto racing is again in full swing in Lubbock at the Fair grounds every Thursday night and will continue weekly until opening of the 30th Annual Panhandle South Plains Fair.

Des Abbot, new promoter of the races, has agreed not only to furnish a fast and exciting program weekly, but will also put on daily afternoon contests at the Fair, September 29 through October 4.

Fifteen drivers drove in the best races of the season last week over an improved track. Three races were decided by less than a car length. Starting position meant but little as the lead changed hands several times. The main event was won by Lloyd Ruby, Wichita Falls.

A smart practice for the poultryman is raising at least 25 more pullets than he intended to house, so he can cull out the poor birds. Poor pullets are a waste of time and money.

HERE ON VACATION

Mr. and Mrs. E. V. Plaster and son, Dickie, of Belen are visiting in the home of Mrs. Plaster's parents, Mr. and Mrs. Charlie Lunsford. Before coming to Farwell, the Plaster family enjoyed a 10-day vacation in Buffalo, N. Y. They visited the Niagara Falls, Canada and other points of interest.

En route home, Mr. Plaster stopped at Savannah, Mo., where he underwent treatment, from which he is recovering nicely.

The Plaster family plan to return to their home the later part of this week.

Mr. and Mrs. L. S. Pool and family visited with relatives in Tulia this week.

GENUINE UNITED NATIONS SPIRIT . . . The diplomatic gentlemen who are wrangling around the peace tables at Lake Success, N. Y., might do well to drop in on the 35th anniversary encampment of the International Girl Scouts at Camp Barree, Pa., for an object lesson in how to get along with one another. Shown here are some of the Girl Scout delegates who came from all the states and a score of foreign countries to attend the three-week encampment. 7

ME Youth Caravan To Hold Meeting

The Youth Caravan Methodist church of Bovina, will hold a series of services, beginning Sunday, July 27th and concluding Friday, August 1st. Services will be held each evening at 8:00 o'clock, with Miss Gladys Davis, of Amarillo, acting as counselor.

The Young People's Teams, from Tennessee, Louisiana, New Mexico and Arizona, will be present to conduct the meeting.

There will be three departments, the adult, young peoples' and the intermediate department.

Mrs. Bedford Caldwell of Bovina will have charge of the meeting. Rev. G. D. York, pastor of the Bovina church, extends a special invitation to all adults and young people to attend these services.

Raymond, 16-year-old son of Mr. and Mrs. Harry Jesko, is limping about this week as a result of stepping on a catfish while fishing at Buffalo Lake several days ago.

WORLD WILL NEED U. S. WHEAT

The Northern Hemisphere—particularly the North American continent—is the world's bright spot this year so far, as wheat production is concerned. Canada expects to equal or exceed its 1946 crop of 420 million bushels. And the July 10 USDA report from U. S. wheat farmers added another 25 million bushels to bring the current estimate for this country's bin-busting 1947 crop to 1,435,551,000 bushels. A combination of record yields and all-time high acreage, the new estimate is based on actual harvest reports from early winter wheat areas and improved prospects in the Pacific Northwest and the Northern Plains spring wheat area.

But in the rest of the world prospects for wheat farmers are not so

rosy. As reported by the U. S. Department of Agriculture, several other countries will harvest wheat crops larger than their 1946 production. These include Canada, with prospects for equalling or exceeding the 1946 crop of 420 million bushels; Russia, over 1946 levels but still struggling to overcome wartime handicaps and loss of productive acreage; Australia, with seeded acreage of 15 million acres substantially above recent years; and Argentina, where seeding is proceeding “under favorable conditions.”

In Europe, however, this year's wheat crop may be as much as 10 percent below last year's 1,350 million bushel harvest — considerable under the prewar average production of 1,670 bushels. Flooding in the Spanish Peninsula, poor spring weather in Germany, and severe drought in Balkan nations will keep Europe's need for grain imports high throughout 1947-48.

Total production of wheat in both Asia and Africa is expected to be near the 1946 level, while winter damage as reduced prospects for the Scandinavian countries. Winterkill, excessive spring rains, and floods have curtailed spring acreage and lowered yield prospects in the United Kingdom.

"Gold doesn't mean anything to me, I'm looking for Phillips 66 Motor Oil"

PROVED BY 66 BILLION MILES OF SATISFACTORY SERVICE

Mr. and Mrs. Norman D. Glickman and little son, David, of Irvington, New Jersey, arrived here Saturday for a two week's visit with relatives and friends. The Glickmans are spending this week with Mrs. Glickman's parents, Mr. and Mrs. Henry Minter, of Bovina. They will visit in the home of Mrs. Ann Overstreet, of this city, next week, before returning to their home.

Norma Jean Thomas, daughter of Mrs. D. Thomas of this city, returned home for the remainder of the summer early this week. Miss Thomas attended the first six weeks semester of summer school at Texas University in Austin.

When Your Back Hurts

And Your Strength and Energy Is Below Par?

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use **Doan's Pills**. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

INCREASE FARM PROFITS WITH GOOD MACHINERY

Whether for new farm machinery or for repair and service work, call us. We can help you increase your farm profits by making your machinery work smoother, last longer and cost less to operate. Call us whenever you are in need of farm machinery service.

Richey-Murphy Rites Exchanged

In a double ring ceremony Friday morning, July 18, Miss Joyce Richey daughter of Mr. and Mrs. T. H. Richey, of Texico, became the bride of Joe J. Murphy, son of Mr. and Mrs. S. W. Murphy, of Clovis.

Dr. B. P. Maddox, pastor, read the service in the First Baptist Church parlor at 9 o'clock before an arrangement of white and pink candelabra and a background of greenery.

Nuptial selections included the singing of "Because" and "I Love You Truly," by Miss Carolyn Bain, accompanied at the piano by Mrs. Margaret Daffern. The traditional wedding marches were used and soft music was played by Mrs. Daffern while the vows were exchanged.

Given in marriage by her father, the bride was lovely in a blue crepe dress designed with pleated, draped front and square neckline. Her accessories were black and she wore a pink rose corsage.

For something old she wore a valiere belonging to Mrs. Raymond Levy. For something new, a lovely

bracelet, a gift of the bridegroom; something blue, a blue ribbon; and something borrowed, a handkerchief.

For her daughter's wedding, Mrs. Richey chose a pink dress complimented by black and white accessories and a glamella corsage. Mrs. Murphy, mother of the groom, wore a black dress with black accessories and a pink glamella corsage.

The bridal party was honored at a reception in the home of the groom's parents, Miss Glenda Jo Stoneham and Miss Carolyn Bain presided at the punch bowl. Mrs. B. P. Maddox served the wedding cake and Mrs. Neta Conner registered the guests.

Mrs. Murphy was graduated from the Texico High School and has been employed at the local telephone office, but will be transferred to Albuquerque, where her husband is employed by the Santa Fe Railroad.

Mr. Murphy is a graduate of the Clovis High School and served two and a half years in the Army.

After a wedding trip to Ruidoso, the couple will make their home in Albuquerque.

Out-of-town guests were Mrs. Clinton Barrier and Miss Margaret Barrier, of Lubbock; and Mrs. Stella Jo Cook, Logan, N. M.

Birthday Party Enjoyed

Little Miss Melba Jo Monk, daughter of Mr. and Mrs. Tucker Monk, of Texico, was honoree at a birthday party given in the home of her parents, last Thursday evening.

Melba Jo celebrated her 6th birthday with a number of guests present. Games were played in the home, after which cookies and pop were served to the following:

Verlene Thigpen, Billy Thigpen, Jimmy Moore, Tuckie Monk, and Dorene Day, co-hostess, and Melba Jo Monk, hostess.

Several nice gifts were presented to the honoree, with some sending gifts who were unable to attend.

Howard (Muggins) Graham, a student of McMurry College, Abilene, spent the week-end visiting his parents of this city, Mr. and Mrs. B. N. Graham. Howard entered the second semester of the summer term Monday, July 21st.

Okla. Lane Baptist Start Revival Services

Rev. J. J. Terry, pastor of the Oklahoma Lane Baptist Church, announced today that a ten-day revival meeting would start there on Friday evening of this week.

Rev. Walter Copeland of Weinert, Texas, has been secured to do the evangelistic preaching. Services will be held twice daily, at 10:30 a. m. and 8:30 p. m.

In extending a general invitation to the public to attend, Rev. Terry said, "We are planning for a good old-time meeting and want every Christian to pray for us."

Four Methodist Youths Leave for Sacramento

Belva Park, Donald Joe Pipkin, Jerry Pool and T. W. Parton, all of the Hamlin Memorial Methodist Church in Texico, departed Monday morning from Clovis for a 6-day youth encampment meeting at Sacramento.

Clovis school buses were used as transportation for the group, with Clovis and a number of surrounding communities going as a unit.

The meeting opened Monday evening and will terminate Saturday afternoon, with the local young people expected back late Saturday evening or Sunday.

Lazbuddy Baptist To Have Revival Meeting

Rev. L. B. Edwards, pastor of the Lazbuddy Baptist church, has announced a series of revival services at that church, beginning on Friday, August 8th and continuing through August 17th.

The pastor will do the preaching and Mrs. Harvey Hudnall and Wayne Wilcoxon of Plainview, will have charge of the music. The morning week-day services will begin at 10:30 and the evening gatherings will start with prayer services at 8:00 p. m.

In announcing the revival, Rev. Edwards said that he would be away in another meeting immediately preceding the Lazbuddy revival, and asked the co-operation of all in bringing a revival to the Lazbuddy community.

Farewell Party

A farewell party was given in honor of Alene Dodson at the home of Fern Steinbock of Lazbuddy, Wednesday 16.

Those present were: Alene Dodson, Clifford Cantrell, Bettye Rue Gade, Beardean Broyles, La Tuin-tes Whatley, C. W. James, Agnes Jesko, Billy Bob Robinson, Rosaman Shirley, Bill Brown, Waunita Long, Joe Frank and Homer Paul, Gene and Lavern Smith, Bobby Broyles, Demp Fester.

To Hale Center

Misses Mildred Moore and Goldia Sutton, took Mr. Jim Moore and son, Jimmie, to Hale Center Sunday, where Mr. Moore and Jimmie will spend the rest of this week.

They plan to go fishing while they are there.

Mildred and Goldia returned home Monday afternoon.

Guests in Rose Home

Mrs. I. W. Coleman and son, Edwin, Jr., of Jackson, Miss.; Mrs. Ursie Bledson and daughters, Donna Kay and Mary Louise of Falls, Tex., and Mr. and Mrs. Weldon Gibbs of Lubbock, were visitors in the Claude Rose home the first of the week.

Entertains Friends

Miss Jenean Lunsford, daughter of Mr. and Mrs. Chas. Lunsford, entertained a group of friends in her home, last Friday evening.

Games were enjoyed and refreshments were served at the close of the party.

Mrs. Carrie Hambrick is serving as clerk at the local postoffice while Miss Reba Martin is on her vacation.

Mr. and Mrs. Elan C. Johnson of Mead, Neb., and Mr. and Mrs. Ed Biggerstaff of Wahoo, Neb., have returned to their homes after a visit in the Alfred Berggren home near Bovina. Mrs. Johnson and Mrs. Biggerstaff are sisters of Mrs. Berggren, and they were en route home from a four weeks tour of the western states.

Duane Sprawls, son of Mr. and Mrs. Aubrey Sprawls, student at Texas A. & M. College, arrived home last week and will spend the vacation period "railroading."

Marvin Thompson, mechanic at the State Line Garage, has been under the weather the past two weeks and as a result of his illness the garage has been closed most of the time.

Mr. and Mrs. John Bentley and son, Jimmie from Glendale, Calif., visited in the home of Mr. and Mrs. LeRoy Faville Friday.

Mrs. Nelson McCurdy and sister, Mrs. Myrtle Dugan and Katherine Smith left Friday 18, for Dalhart, where they plan to visit Mrs. Dugan's daughter and family.

Mrs. Lillian Smith and daughters, visited in the home of Mrs. Alex Steinbock Thursday morning.

UNDERGOES OPERATION

Mrs. Ray Mears of Texico is reported to be recuperating satisfactorily after having submitted to a major operation Thursday of last week, at the White Osteopathic Hospital in Clovis.

J. B. McGuire of Seymour, visited in the home of his brother and family, E. W. McGuire, of Oklahoma Lane, over the week-end.

Miss Dora Dean Perkins left last week-end for Oklahoma, where she will spend her vacation visiting with relatives.

Earl Roberts spent the last week-end in Oklahoma visiting with relatives and friends.

Frank Doshier underwent a minor operation Saturday of last week at the Memorial Hospital in Clovis. Doshier was returned to his home at Oklahoma Lane Sunday, and is reported to be doing nicely.

Mr. and Mrs. Hayden Cason and son were guest in the home of Mr. and Mrs. Richard Crume, in Lubbock, over Saturday night and Sunday.

Mr. Hubert Beatty, Blick Cantrell and John A. Drye spent Monday in Carlsbad, N. M.

Mr. John A. Drye spent the week-end with Mr. and Mrs. Hubert Beatty and Mr. and Mrs. Blick Cantrell. Mr. Drye is on his way to Los Angeles.

Mr. and Mrs. John Hadlen are the proud parents of a new daughter, Linda Sue. She arrived July 18.

Joan Booth, daughter of Mr. and Mrs. Earl Booth of this city, who has been attending summer school at Denton the first six weeks of the term, returned home for the remainder of the summer.

Mr. and Mrs. John Graham and little son, of Dawn, were guests over the weekend in the home of their parents, Mr. and Mrs. B. N. Graham.

Mr. and Mrs. Loyde Brewer were called to El Paso Friday, by the death of her uncle. Mr. and Mrs. E. V. Vestil of Friona and parents of Mrs. Brewer, accompanied them.

Mrs. Frank Traylor of Belen, and mother, Mrs. Dovie McGee, of Dallas, visited for a short time Friday morning in the home of Mr. and Mrs. W. H. Graham.

Mrs. Lizzie Hall, of Vernon, Texas, visited in the home of her uncle, Willis Magness, over the weekend.

HOWDY FOLKS: To say that a woman can't keep a secret is false. There are a lot of them who won't ever tell who told them.

Teacher: "How old is a person who was born in 1902?"
Johnny: "That depends. Is it a man or a woman?"

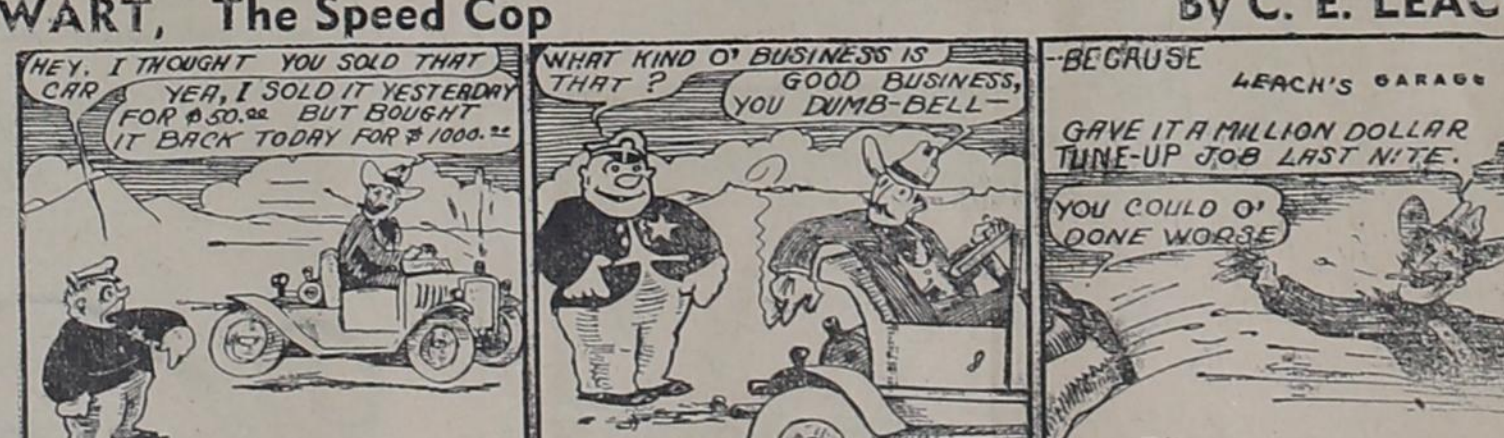

You know the English language is something you have to use with care. For example, it is all right to tell a woman that time stands still when you look into her eye—but just try telling her that her face would stop a clock!

Which reminds us that we have made time stop for hundreds of autos. You see, when we service a car regularly — with quality gas and oil and thorough, dependable lubrication, it practically stops growing old. It's a fact! We invite you to drive in and try our superior service.

 Earlene and Dorothy Wilkerson

Marvin ordon and G. W. Manson and Mr. and Mrs. Pete Vestal and children enjoyed boat riding at Buffalo Lake Sunday.
PINK AND BLUE SHOWER FOR MRS. MELTON DERRICK
 Mrs. Earl Ware entertained in her home, with a lovely pink and blue shower, honoring Mrs. Melton Derrick, on Thursday afternoon at four o'clock.
 Mrs. John Wilson played several numbers on the piano, while Miss Willie Ellen Williams, sang a solo, "Mighty Like a Rose."
 Lonette Tompson and Clara Der-

rick, in the lovely white formals with rose corsages, met the guests at the door.
 Many lovely gifts were opened and put on display for all to see. Following the gift-opening ceremony refreshments of cake, punch and candy was served to the following; the honoree, Mrs. Melton Derrick, the hostess, Mrs. Ware, Mrs. Ware from Clovis, Mrs. Earl Derrick, Mrs. Harry J. Charles, Mrs. E. H. Moody, Mrs. Bill Thornton, Mrs. Loyd Batty, Mrs. Douglas, and Mrs. John Wilson, Mrs. Willie Ellen Williams and Clara Derrick and Lonetta Thompson.

answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of August, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.
 Said plaintiff's petition was filed on the 5 day of July, 1947.
 The file number of said suit being No. 1403.
 The names of the parties in said suit are: E. B. Whitefield as Plaintiff, and George G. Wright and the unknown heirs, assigns, and legal representatives of George G. Wright as Defendant.
 The nature of said suit being substantially as follows, to wit:
 Plaintiff brings this suit in trespass to try title alleging that on June 1, 1947, he was the owner in fee simple of Lots 5 and 6, Block 31, of the original town of Friona, Parmer County, Texas, and that on the second day of June A. D. 1947, the defendants and all of them, unlawfully entered upon said land and withhold from his possession thereof, to his damage in the sum of \$100.
 Plaintiff pleads the ten year statute of limitations in the alternative.
 Plaintiff prays for title and possession of the above described land.
 If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
 Issued this fifth day of July A. D. 1947. Given under my hand and seal of said Court, at office in Farwell, Texas this the fifth day of July A. D., 1947.
 (seal)
 Loyde A. Brewer, Clerk District Court, Parmer County Texas.
 (July 10, 17, 24, 31.)

ELECTORS OF THE CITY OF BOVINA, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:
TAKE NOTICE that an election will be held in the City of Bovina, Texas, on the 31 day of July, 1947, on the propositions and at the place more particularly set forth in the election order adopted by the Board of Commissioners on the 15 day of July, 1947, which is as follows:
"RESOLUTION"
BY THE BOARD OF COMMISSIONERS OF THE CITY OF BOVINA, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF \$25000.00 WATER SYSTEM BONDS AND ON THE QUESTION OF THE ISSUANCE OF \$40000.00 WATER REVENUE BONDS.
 WHEREAS, The Board of Commissioners of the City of Bovina, Texas, deems it advisable to issue the bonds of the said City for the purposes hereinafter mentioned:
BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF BOVINA, TEXAS:
 1. That an election be held in said City of Bovina, Texas, on the 31 day of July, 1947, at which election the following propositions shall be submitted:
PROPOSITION NO. 1
 Shall the Board of Commissioners of the City of Bovina, Texas, be authorized to issue the bonds of said City in the amount of \$25000.00, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity date being not more than Twenty Five (25) years from their date, and bearing interest at a rate not to exceed Three (3%) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay interest as it accrues and the principal as it matures on said issue of bonds, for the purpose of constructing a Water System in and for said City, as authorized by the Constitution and laws of the State of Texas.
PROPOSITION NO. 2
 Shall the Board of Commissioners of the City of Bovina, Texas, be authorized to issue the bonds of said city in the sum of \$40000.00 maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty Five (25) years from their date, bearing interest at a rate not to exceed Three (3%) per cent per annum, for the purpose of constructing a water system in and for said City, to be issued in accordance with and secured in the manner provided in Articles 1111-1118, both inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation, secured by a pledge of the net revenues from the operation of said water system and from the operation of the waterworks system of the City, and by a deed of trust on said water system and the grant of a franchise to operate said system for a term of not exceeding twenty years in the event of sale after default as provided in the power of sale contained in said deed of trust.
 2. The said election shall be held at the American Legion Hall within said City, and the following named persons are hereby appointed directors of said election, to-wit:
 W. E. Williams, Presiding Judge.
 Redford Caldwell, Judge.
 Troy Armstrong, Clerk.
 Vernon Estes, Clerk.
 3. The said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, and only legally qualified electors who own taxable property in the City and who have

duly rendered the same for taxation shall be qualified to vote.
 4. The ballots for said election shall have written or printed thereon the following:
PROPOSITION NO. 1
FOR THE ISSUANCE OF WATER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF.
AGAINST THE ISSUANCE OF WATER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF.
PROPOSITION NO. 2
FOR THE ISSUANCE OF WATER REVENUE BONDS AND SECURING THE SAME AS PROVIDED IN ARTICLES 1111-1118, BOTH INCLUSIVE, AGAINST THE ISSUANCE OF WATER REVENUE BONDS AND SECURING THE SAME AS PROVIDED IN ARTICLES 1111-1118, BOTH INCLUSIVE.
 Concerning each of said propositions, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.
 5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the First Called Session of the Forty-Fourth Legislature, supra. The Mayor is authorized and directed to have a copy of said notice posted at the American Legion Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said County, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.
ADOPTED AND APPROVED this the 15 day of July, 1947.
 O. W. RHINEHART,
 Mayor, City of Bovina, Texas.
ATTEST:
 W. O. CHERRY,
 City Clerk, City of Bovina, Texas.

Shortage of Nurses Closing Many Wards

HOUSTON—Jefferson Davis Hospital, Texas' largest civilian hospital, is launching a campaign throughout the state to recruit students for its September nursing class, A. D. Reaves, hospital director, said today.

This announcement came at a time when the shortage of nurses threatens to become so severe as to close wards in many hospitals over the country.

The Jefferson Davis campaign is directed toward the girl graduates of high schools over the state, particularly those from the small cities and rural areas, who, the hospital has found, make excellent nurses. "Nursing offers to those whose

educational and job opportunities might be limited, a wide opportunity for a career in a professional field," Mr. Reaves said. "Nurses are in demand in hospitals, factories, department stores, hotels, schools, colleges and all government agencies concerned with health work."

To enroll in the Jefferson Davis hospital class, a student must be between the ages of 17 and 30, a high school graduate in the upper third of her class, and in good health.

A loan fund is available, interest free, to eligible applicants who lack the registration fee and other expenses of the class. This loan may be repaid after graduation.

In addition, student nurses also may compete for scholarships offered by the Quota Club and the auxiliary of the Harris County Medical

PICTURE FOR BETSY ROSS HOME . . . Frank H. Mancill (left), representing the board of trustees of the Betsy Ross house on historic Arch street in Philadelphia, is shown accepting painting depicting Washington's visit to the house from L. J. Gunson who donated it. It will be hung permanently inside the little building where the American flag was born. Mrs. Frederick Stewart impersonates Betsy Ross and holds a duplicate of the original flag.

Association and for \$100 awards given annually by a Houston business man to the three outstanding students.

When enough prospective student nurses have applied for entrance to the September class, they will be invited to spend a week-end as guests in the nursing home and will be given a trip through the hospital, Mr. Reaves said.

Interested applicants may write Mrs. Elizabeth Nichols, director of nurses at Jefferson Davis, 1801 Buffalo Drive, Houston, Texas.

Highway Improvement Makes Great Strides Over 30-Year Period

AUSTIN—Reviewing the activities of the Texas Highway Department now entering its 30th year as the state's road building agency, Commission Chairman John S. Redditt reported paved mileage on the state system had more than quadrupled since it was first accurately measured in 1929.

The endless struggle to build new roads as fast as traffic demand increased has shoved the 1929 paved mileage of 6,061 up to 25,734 on July 1, with more being added every day.

"This still isn't enough," Redditt declared. "The blight of congestion and hazards to safety on many sections of these paved roads render them inadequate to handle the heavy traffic using them."

He expressed confidence that the Commission's recent expanded policy for building farm-to-market roads on a cooperative basis with counties, together with the current federal aid program, would result in substantial improvements to the state's farm transportation problem.

The total investment in the state road network stood at \$934,197,811.55 in July 1, Redditt announced. This includes all expenditures made under the supervision of the Texas Highway Department since it was created thirty years ago.

"It has been a good investment," he said, "I doubt if any other similar expenditure of public funds has done so much good for as many people."

The Chairman paid tribute to the thousands of employees who had built the organization into one of the top road building agencies of the nation. "Of the 7,663 employees on the payroll today, 2,278 have been with us for ten years or more, while 100 have served the Department 25 years or more. Only one has completed 30 years of service,

but two others are approaching the 30 year mark."

"This organization has made it possible for Texas to maintain its place at the top among the states of the nation in carrying out a vast postwar construction program. Today work is progressing on contracts in excess of \$77,000,000, a volume that has never before been reached in the Department's history."

SOIL CONSERVATION WORK RETARDED

"Regardless of the outcome of the Congressional controversy over the Agricultural Conservation Appropriation, much ground will be lost," C. V. Hemphill, Chairman of the State PMA Committee, remarked when he received information that the Senate had acted favorably toward the Program.

"Because of the uncertainty of funds, many dirt-moving contractors have gone out of business and others have left the State in search of road-building and other construction work," he continued. "According to reports from eastern states, the manufacturers of liming materials are converting their plants to other uses. This gives us a pretty good idea of what will happen if the Government fails to provide funds to assist farmers and ranchers in the preservation of our soil and water resources," Mr. Hemphill concluded.
