AMERICAN KIDS IN GERMANY . . . Children of American army personnel are looking at the ruins of the German Reichstag, which might now serve as the tombstone for the Nazi hopes of world domination.

Audit of Fire Truck Fund Is Published

The Texico Town Council, in session Monday of last week, passed a resolution asking that The Tribune publish an audit made by W. M. Minton of the Texico Fire Truck Fund, showing the receipts and disbursements of this fund.

Mayor M. C. Roberts says that the Town of Texico has received a refund check from the W. S. Darley Company, of Chicago, builders of the new fire truck, in the amount of \$218.40, which is not included in the audit for the reason that this check was received after the audit had been completed.

Vote Of Confidence Given Chief Green

The Texico Volunteer Fire Department, in its regular meeting last Wednesday night, unanimously passed a resolution giving Fire Chief A. C. Green a vote of confidence, it was announced by Odis Huggins, secretary-treasurer of the fire department, following the meeting.

\$350,000 Is Approved For REA Lines

Bank Receiving Funds For Storm Victims

Responding to an apparent willingness on the part of the local citizens to have a part in the relief fund, G. D. Anderson, active vice-president of the Security State Bank of this city, has agreed to receive contributions here to be forwarded to the Amarillo News-Globe for distribution to the storm victims in the Higgins area.

Anderson, who is treasurer of the Farwell Chamber of Commerce, announced that already a check in the amount of \$250.00 had been forwarded to Amarillo as a contribution from the local Chamber. He said that he had no desire to press anyone for contributions, but if there were persons here who wish to contribute to the fund he would accept their offerings.

Checks may be made out to the News-Globe Tornado Relief Fund and mailed or left at the local bank. They will be forwarded to Amarillo. The storm of last Wednesday night left at least 150 dead, and thousands injured and homeless in its path that swept across the northeast corner of the Texas Panhandle. Property damage will run into the millions.

Mr. Anderson announced the following contributions: Security State Bank \$25.00, State Line Tribune 10.00.

Kinsmen Unhurt In Higgins Tornado

Lord Cain has received a letter from his niece, Mrs. Dee Kimble at Higgins, Texas, reporting that none of the members of her family were injured in the tornado that flattened that city last Wednesday evening.

Mrs. Kimble writes that she and her 6-year-old daughter, Lee Alvis, were in the basement apartment of a two-story home at the time the storm struck, and although the house was demolished both of them escaped injury except small scratches on the child's leg.

TO EL PASO SATURDAY

Several members of the Masonic organization, from this area will go to El Paso, next Saturday where they will participate in Masonic work, starting Monday and concluding Friday.

Those who will attend from here are: Nelson Smith, Bowden Darr, A. B. Wilkerson, F. S. Gober, Lee Jones, H. T. Edwards, and Mr. and Mrs. J. I. Gober and daughter.

Mrs. S. C. Smith, mother of Mrs. O. C. Sikes, returned to this city the first of the week from Wichita, Kansas, where she had been visiting in the home of her daughter, Mrs. E. L. Fry.

NEW DEMOCRATIC DIRECTOR . . . Gael Sullivan, Illinois, who resigned as second assistant postmaster general to become executive director of the Democratic national committee. He has been mentioned to replace Hannegan.

MEN'S CLUB TO MEET

Chairman C. M. Henderson stated today that the local Men's Club would hold its regular meeting in the basement of the Methodist Church on Thursday evening of this week. At the time of making the announcement, he was not in a position to announce the program for the evening, except to say there are several matters of importance to come up.

Marshal Warns That Dogs Must Be Protected

Texico Town Marshal Jerry Spurlin has warned residents that untagged dogs roaming the streets of Texico will be disposed of without recourse.

Marshal Spurlin says that so far as he knows all the dogs that properly belong to Texico are tagged. But during the past few weeks a number of strays have appeared on the streets until the town is becoming overrun with them. He says that that is particularly true of female dogs and that he proposes to rid the town of all such animals. Warning is issued to all persons having dogs to keep them at home—or they might turn up missing.

Sherley Elevator At Bovina Is Delayed

The Sherley grain elevator, being erected at Bovina by Wm. Sherley and other associates, has been facing some delay the past few days due to the inability to get delivery on shipments of steel, it was stated this evening.

The 200,000 bushel, all concrete and steel structure, got underway some few weeks ago, and it was expected that it would be nearing completion at this time. Plans called for a three-shift crew to begin work early last week, but this was given up when materials failed to arrive.

The opinion was expressed early this week, however, that the new grain elevator would be ready for use when the wheat harvest opened the latter part of June or the first of July.

ROLLER RINK OPEN

Odis Thompson and Dick Albright have reopened their Hillcrest Roller Rink in Clovis after being closed for a period, while a new floor was being laid. Originally, the floor was a plastic composition, but it was soon discovered that this was unsatisfactory and a new hardwood floor has been installed.

HAS PNEUMONIA

County Commissioner T. E. Levy was taken to a Clovis hospital Sunday, where he is reported to be suffering with pneumonia. He was quite ill at first but is reported to be showing improvement.

(The Hereford Brand)

Notice of approval of a \$350,000 appropriation for the Deaf Smith County Rural Electric Cooperative, for the construction of a new sub-station and approximately 216 miles of additional power line in Castro, Parmer, and Deaf Smith counties, has just been received from Washington.

In a telegram to Leo Forrest, a project manager, Congressman Gene Worley advised the local cooperative of approval of the loan yesterday afternoon.

"REA advises approval loan of \$350,000 to extend electric service in Castro, Deaf Smith and Parmer Counties and to make improvements," Worley wired.

The new loan will cover construction of the "N" section of the local project, Forrest advised, and will include the construction of a new sub-station to be located northwest of Hereford, and 216 miles of single phase line covering areas in three counties.

The 216 miles of line will be largely short extensions. The longest extends from a point north of Hereford to the Ford Community. Other extensions will be in the Rhea Community area in Parmer county, in the vicinity of Easter and Frio Communities in Castro County, in the Westway and Ward areas in Deaf Smith, in the Rance area in Castro, in an area north of Nazareth in Castro, east of Hereford to Kelly's Ranch, and in neighborhoods south-east of Bovina and east and south of Farwell in Parmer County.

These new extensions, Forrest said, will, with some exceptions, cover mostly those members who signed up for service during the year and a half prior to September 30 of last year, when the application for the project was submitted to Washington.

It will be about three months before the final loan papers will be received, Forrest stated, and after that, the cooperative will have to secure materials for the construction.

"It will take time," he warned, "but the extensions will be built."

The Cooperative now has 237 miles of line under construction in these three counties. Construction, which is being handled by Walco Construction Company, started early this year. About 32 miles of new line have already been energized, and poles and transformers are set on an additional 125 miles, but completion of this line is awaiting the arrival of materials.

COMMISSIONERS MEET

The Parmer County Commissioners Court was in session here Monday. The minutes reveal that the election returns from the various school districts were canvassed and approved, and the current bills were all allowed.

The expense account of Sheriff Booth for the month of March, in the amount of \$400, was approved for payment. In approving the account, officials pointed out that this item includes salaries of two deputies, car expense and other necessary items in the combined offices of sheriff-collector-accessor.

Moisture in the form of snow and rain has fallen over this area since the later part of the week in sufficient quantities to virtually insure a big wheat crop, stimulate early planting operations and bring early grass to the ranges.

Records kept at the Capitol Freehold Land and Trust office in Farwell reveal that .72 of an inch of moisture was received here and the forecast as this was being written was for continued showers and cold weather. An all-day snow here Saturday, which melted as it hit the ground, accounted for .11 of an inch of moisture, to be followed with a slow, drizzling rain all day Monday that brought an additional .59 of an inch.

The rain was general all over the Texas Panhandle and reports say that the moisture was considerably heavier on the North Plains, where 10 inches of snow is reported in some areas. Reports from over Parmer County indicate that the moisture was slightly heavier along the east side of the county, where a full inch is being estimated.

Row crop farmers and wheat growers both term the rain as about the most beneficial and timely rain that has fallen here in recent years. The row crop farmers will now be able to start their planting operations just as soon as the ground warms up with assurance that there will be ample moisture to get their crops off to a good start. The biggest wheat acreage in the history of the county will be greatly benefitted by the timely rain and unseasonal snow. None of the wheat of the county was suffering badly for lack of moisture, but some fields were beginning to show the effects of dry weather and the moisture at this time will prove a life-saver to some fields that would have begun to suffer in another two weeks.

Predictions are already being made for the biggest wheat crop in the history of the county, barring any unfavorable weather conditions.

Low temperature readings accompanied the wet spell, but no freezes have been recorded, and it is generally believed that as yet the fruit crop is unhurt by cold. Readings in the low 30's were reported over most of this section.

Stockmen will also be greatly benefitted by this rain, which will insure abundant early spring grass on the ranges of this section.

County Dr. and Nurse To Be At Texico School

B. A. Rogers, Superintendent of the Texico School, announced that Tuesday, April 22, a county nurse, Mrs. Glayds Hawes, of Clovis and Dr. Newman will be at the school to offer a complete health checkup on children.

Dr. Newman is district and county health officer. Anyone having children that will go to school next year, either for the first time or have been in school before, are urged to bring them to the school on above date for a thorough examination. There will be vaccinations and a general checkup.

The time has been set from 9:30 a. m. (Texas time) to 12:30, or later, if needed.

Wm. Earl Deaton left last Thursday for San Diego, Calif., where he is stationed for duty in the Navy.

Field, Track Meet Here Saturday

The Curry County track and field meet will be held next Saturday, April 19th, at the Texico School, under the management of C. E. Sanders, local coach.

The events will begin at 9:30, M. T., in the morning and last at 10:00, in the morning and last throughout the day, with fifteen teams participating in twenty-six events. There will be eight schools, which includes Texico, Melrose, Grady, Ranchvale, Rosedale, Field, Pleasant Hill, and Center.

Beginning at 9:30, the 100-yard dash—seniors; also high jump, srs., and shot put, jrs.

9:40—100yd. dash, jrs., high jump, jrs., shot put, srs.

9:55—high hurdles, srs.

10:10—220 yd. dash—srs., and discuss, jrs.

10:25—220 yd. dash, jrs., and discuss, srs.

10:40—javelin, srs., and broad

jumps, srs.

11:10—low hurdles, srs., and pole vault, jrs.

11:30—low hurdles, jrs., and pole vault, srs.

11:40—mile, srs.

1:25—50 yd. dash, jrs.

1:30—100 yd. dash, srs., and shot put, jrs.

1:40—100 yd. dash, jrs., and shot put, srs.

1:50—220 yd. dash, srs.

2:00—220 yd. dash—jrs. and discuss, srs.

2:15—discuss, jrs.

2:30—440 yd. dash, jrs., and javelin, srs.

2:45—440 yd. dash, srs., and javelin, jrs.

3:00—880 yd. dash, srs.

3:10—440 yd. relay, jrs.

3:20—880 yd. relay, srs.

Officials for the meet are, Lofton, official starter of all races, Drace and Allred, official time keeper of

all races; Younger and Moon, judges of all races; Singletery, Rogers and Gant, in charge of broad jump, high jump and pole vault; Casey, Hall and Stockton, in charge of javelin, discuss and shot; Doran will be the clerk, and Sanders is in charge of the meet.

Coach Sanders pointed out some of the outstanding boys of the year, including, Doolittle—Texico; Conley—Melrose; Massey—Rosedale; Hester—Fields; Porter—Pleasant Hill; Baldock—Texico; and Brown—Rosedale in the seniors.

In the juniors, Sexton—Melrose; Tucker—Texico; Houghteling—Texico and Horton—Pleasant Hill.

Last year, the Texico seniors and the Melrose juniors won the county and it is noted that both schools have some good men this year.

Join your Chamber of Commerce. It needs you.

 TEXAS PRESS ASSOCIATION

**Health Notes**  
 By Texas Department of Health

AUSTIN—By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cox, State Health Officer, is asking each citizen to consider the danger signals and secure medical advice at the first appearance of any suspicious symptom. There are many causes of cancer; the most common form of which is chronic or prolonged irritation. One of the questions often asked is whether or not cancer is hereditary in human beings. Tendencies to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a

cause of greater alertness in looking for and recognizing symptoms on the part of family members. There is no need of fatalistic attitude. The fact concerning heredity do not justify them. At the first warning signs recognized, consult your physician. The early symptoms are any sore that does not heal, particularly about the tongue, mouth, or lips; a painless lump or thickening, especially in the breast, lip, or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent indigestion; persistent hoarseness or difficulty in swallowing; and any change in normal bowel habits. See your doctor about any of these signals. Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be cured and live out a normal life span.

**Burial Pamphlet Is Offered Survivors**

A pamphlet containing information about the government program for the return and final burial of World War II armed forces personnel who died overseas, has been prepared by the War Department, and now is available for distribution. Designed to answer the questions which most frequently are asked by next of kin and relatives of personnel killed outside the continental limits of the United States, the pamphlet contains information on burial options, how next of kin are determined, the care with which remains are identified, and escorts. This pamphlet is available in either English or Spanish. Residents of this area may obtain one of the pamphlets by writing to American Graves Registration Service, San Antonio General Depot, San Antonio 8, Texas.

**Trained Nurses Still In Demand Everywhere**

Jefferson Davis Hospital School of Houston, Texas, is now accepting applications from high school graduates who wish to join the classes forming for this coming June and September. This School is approved by the Texas Board of Nurse Examiners, the National Cadet Corps, and is affiliated with the University of Houston. Jefferson Davis Hospital has 500 beds and is approved by the American Hospital Association, American Medical Association, American College of Surgeons and is affiliated with Baylor Medical School. Student Nurses in Jefferson have a wide and varied nursing experience because of the wealth of clinical features. Hospitals are not the only doors open after graduation. The Army and Navy are still asking for nurses for field work. A registered nurse by her choice of the varied branches of the nursing profession, may live in any vicinity or country she prefers. The need for nurses is greater today all over the world than it has ever been before. Nursing has more opportunities to offer than on any previous occasion, and the three years of training are made more attractive than in previous years. Student nurses no longer have to perform menial tasks that were necessary in the past in order to be awarded a diploma. There are nurses aids, maids and orderlies employed to help with the nursing care and to lighten the nurses' duties so they can apply themselves entirely to classes and various hospital services, and still have time off duty for recreation and amusement. The graduate registered nurse may find a place of service in any fields open to nurses; School of Nursing Educator; Public Health Nursing; Psychiatric Nursing; Veterans' Service Nursing; Hospital Nursing; Federal Nursing; Industrial Nursing; Red Cross Nursing; Medical Missionary Nursing; U. S. Army Nursing; U. S. Navy Nursing; and many others.

When diplomas are awarded the graduates have 60 semester hour credit of college work. The diploma of Registered Nurse means an assured, substantial security for life. If interested, apply to the Director of School of Nursing, Jefferson Davis Hospital, Houston, Texas.

**Santa Fe Skyway Now Speeding Shipments**  
 OKLAHOMA CITY.—Demonstrating the variety of commodities handled by Santa Fe's Skyway, Inc., officials today reported the unloading of 20,000 pounds of cut flowers at Oklahoma City airport, a load of furniture at Kansas City and another plane load of calculating machines at St. Louis. All of these consignments went from West Coast points served by a Skyway's freight of 225 mph 5800 horsepower modern air freighters operating under contract. The Santa Fe has applied to the Civil Aeronautics Board for common carrier air rights so that the vast mid west and plains states area served by the Santa Fe Railway may enjoy the advantage of overnight air freight and airmail service from the Great Lakes, and the Gulf and Pacific Coast points to meet air speed demands. Skyway officials report that distributors of perishables and style merchandise are now heavy users of air freight.

**LEGAL NOTICES**

**CITATION BY PUBLICATION**  
 THE STATE OF TEXAS  
 TO: Herman Schutte, and the unknown heirs, assigns, and legal representatives of Herman Schutte, Greeting:  
 You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 12th day of May, A. D. 1947, at or before 10 o'clock A. M. before the Honorable District Court of Farmer County, at the Court House in Farwell, Texas. Said plaintiff's petition was filed on the 29th day of March, 1947. The file number of said suit being No. 1395. The names of the parties in said suit are: Friona Lumber Company A Corporation as Plaintiff, and Herman Schutte, his unknown heirs, assigns and legal representatives, as Defendant. The nature of said suit being substantially as follows, to wit: Plaintiff brings this suit in trespass to try title, alleging that on March 1, 1947, it was the owner of, in fee simple, and possessed of Lots 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18, in Block 7, Original Town of Friona, Farmer County, Texas. That on such day defendants dispossessed plaintiff and withheld possession thereof from plaintiff to its damage in the sum of \$1.00, and plaintiff pleads the ten year statute of limitation in the alternative and prays for title and possession of said land, for writ of restitution, and for damages. If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved. Issued this the 29th day of March A. D. 1947. Given under my hand and seal of said Court, at office in Farwell, Texas, this the 29th day of March A. D. 1947. LOYDE A. BREWER Clerk, District Court, Farmer County, Texas. (SEAL) 21-4tc.

**YOUR FORD DEALER**

**New Methods Employed  
On Ford V-8 Blocks**

Improved castings on V-8 cylinder blocks have been achieved by Ford Motor Company mechanical design engineers by means of a new production device for coating the sand cores with a protective material.

Core dippings is an old practice in foundry operations but the new automatic dipping and spinning unit at Ford adds several important features to the old method and deals a heavy blow to one of the toughest problems of block castings.

Until recently each section of the core was dipped separately and dried in the core ovens separately and then assembled into a complete unit. Although a paste was used in

assembling the various sections of the core there was always the hazard that the joints might not be a perfect fit, allowing the molten metal to flow into the crevices and form a thin metal 'fin' in the interior of the block resulting in a restricted water passage.

With the new equipment, the assembled core is handled as a complete unit, eliminating the possibility of open spaces between the pointed sections and also reducing considerably likelihood of sand from the cores getting into the molten metal.

This unique process makes use of a conveyor with a spinning fixture for the core which passes through a dipping tank located in a pit below the core handling section. As the core emerges from the tank a gear passes with a worm screw and spins the core, removing excess coating compound.

This operation is part of the new \$3 million core room which now is going into production on the V-8 cylinder jacket cores. The core room

**LET'S PLAY EDITOR**—At the Texas Scottish Rite Hospital for Crippled Children in Dallas, the patients take their editing mighty seriously as they buckle down to getting out their four-page play newspaper, "Little Scotty" which goes to 57 hospitalized subscribers, "every so often." During the long periods of treatment and convalescence the children find much pleasure in preparing cartoons and copy for their tiny paper. Pictured are "City Editor" Kenneth Garner, 4, of Cisco a polio victim of the 1946 epidemic; Sharon Erenbrack, 9-year old San Antonian, undergoing treatment for a bone infection, and Barbara Allison, 10, another polio patient whose home is in Texarkana.

The Scottish Rite Hospital, which is supported by individual contributions, offers the best possible medical care and treatment at no cost to Texas crippled children whose parents are unable to provide for adequate medical services.

is one unit of the overall \$12 million foundry program which will result in both a better product and improved working conditions.

**SOCIAL SECURITY NUMBER  
UTMOST IMPORTANCE**

According to a statement of J. R. Sanderson, Manager of the Amarillo Field Office of the Social Security Administration many past reports of employers in this area listed employees without showing their Social Security Account number. "No employee," Sanderson said, "can receive

credit for wages reported for him until his correct account number is ascertained."

Since employer reports covering the past calendar quarter will be filed this month, each employee is urged to see that each employer for whom he works is furnished an exact record of his name and social security number. Failure to furnish employers with this information may result in an employee not receiving proper credit for all his earnings.

In order to save needless waste of time and expense, all employers are urged to demand that they be furnished a record of the social security number of each new employee at the time he is placed on the payroll.

Any questions on the Federal Social Security Insurance program in the Texas Panhandle area should be addressed to the Social Security Administration Field Office, Amarillo, Texas.

**COLLEGE STATION**—Judge C. Smith of Slaton was "forced" into the sheep business, made the best of it, and started something.

Jason O. Gordon, who was Lubbock County Agricultural agent when all this began, says that Smith became interested in sheep several years ago and started feeding out lambs. He did all right for a while, and then along came a dry year and a feed shortage and Smith decided he better get out of the sheep business. So he sold his sheep.

That is, he sold all but five of the old ewes which the buyer wouldn't take, because he said "they would be dead before they reached the market."

After figuring awhile, Smith couldn't see but one thing to do. He turned around, bought a ram from the same buyer, took his six head of sheep home and got back into the sheep business.

Things came along nicely and Smith built his flock up to 30 ewes. Then Mrs. Smith decided she wanted to be a partner in the sheep business. She voted against selling the wool clip, and Smith hasn't sold a pound of wool since. They ship it to a wool manufacturer and have fancy blankets made, which are very handy things to have when winter comes to Slaton, Texas. Now the Smiths have blankets all over the place; so have all their married children; and Mrs. Smith has one of her bigger problems solved—Christmas presents for friends and relatives.

Jahon Gordon, who told this story, didn't say whether he recommended a flock of sheep for home grown blankets, but he did say that the Smiths get a lot of fun out of the sheep business. Keeps the weeds down on the farm, too.

**Sunny Side**

(By Sonny Graham)

Although being a grandfather is often accepted as being an aging milestone in one's life, few think that it necessarily affects the everyday behavior of the person involved.

Well, Hop Graham may be normal in every other respect, but ever since he received the glad tidings from his son-in-law that he was a granddaddy, his actions have, on the whole, taken a peculiar turn.

I think that one of the best examples of this aging character's change in life came recently at a press conference in Amarillo.

Mr. Graham had accustomed himself to attending the annual Panhandle Press Convention at Amarillo, and it had grown to be quite an event in granddad's newspaper life.

Anyway, he was, for the most part, thoroughly enjoying himself up to the time when he glumly reminded himself that he must return to his country newspaper and once again put his benumbed nose to the grindstone.

Surprise No. 1 for Payboy Hop was that someone "swiped" (I quote) his Jack Holt Special headgear.

Undiscouraged by this minor mishap, Hop barged out into the snowstorm that had so suddenly and inconveniently enveloped the city and bought himself another hat.

Returning to the hotel, he bought his wife a small box of candy for a "surprise". Bus-time was near at hand, so Hop prepared to board the vehicle homeward by snatching up his suitcase, only his suitcase wasn't there—it was gone.

He had innocently placed it alongside the pile of luggage intended for the passengers that were to be taken to the city airport and would board an airplane that would take them far, far away.

Fidgeting Hop, realizing that the circumstances that surrounded him were not to be lightly accepted, attracted the attention of the porter with his verbal dismay and fortunately had his bag recovered before it left town.

Comfortably relaxing at last on the bus when almost home, he reached into his pocket for a match. "Hm, never noticed that before," muttered Hop. Retrieving the object for further inspection from his pocket, he saw to his horror, the hotel room key. Further thought upon the matter brought out the fact that he had also failed to pay his bill.

**Picture of a man growing old.**  
P. S.—He left the candy in the hotel lobby.

**Portrait of a man growing old.**

"The Harry K. Thaw Story."—Peter Levins tells about America's most spectacular murder case. The story, which was prepared with the assistance of Thaw's most trusted friend, William C. Dannenberg. You can read this thrilling story in the American Weekly, the magazine distributed with next Sunday's Los Angeles Examiner.

**OKLAHOMA LANE**

Mr. and Mrs. Guy Fowler of La Mar, Colorado, have been visiting in the home of his mother, Mrs. C. T. Fowler and family.

Elmer Kenedy, Lee Jones and Claude Primrose have returned home from a fishing trip in New Mexico.

Mr. and Mrs. J. I. Gober have returned home from a fishing trip at Devil's Lake, Texas.

Mr. and Mrs. J. O. Nix of South Farwell visited in the home of Mr. and Mrs. Charlie Nix of Lariat, Monday.

Mr. and Mrs. Charles Roberson of Amarillo, visited with Mr. and Mrs.

Leon Billingsley and family over the weekend.

Mr. Sam Billingsley is in Hot Springs, New Mexico, on vacation.

A number of folk of this community attended the Baily County Singing Convention at Muleshoe, Texas, Sunday.

Mrs. Emma Joyner shows some improvement at the time of this writing.

Miss June Christen was in Lubbock, Texas, last week receiving treatments for a face infection.

Mrs. Sam Sides underwent a major operation in a Lubbock hospital last Friday. Reports are that she is doing as well as could be expected.

## Wedding Vows Exchanged On Saturday

Miss Maxine Crim, daughter of Mr. and Mrs. John W. Crim, of Muleshoe, became the bride of Lovel H. Johnson, son of Mr. and Mrs. Jack I. Johnson, of Dallas. Saturday night, April 12, in the home of the bride's parents.

It was a quiet candlelight ceremony performed by Rev. D. R. McNew, of Bovina. The couple approached the altar to the strains of the Bridal March, softly played by the bride's sister, Miss Evelyn Crim.

The bride was attired in a white dress suit with blue and white accessories. She carried a white Bible topped with white carnations with blue streamers. For something blue her blouse, something new, her suit, and something borrowed was the Bible, belonging to the bridesmaid, Miss Helen McDaniel. A nickel, representing good luck, was carried in her shoe.

The bridesmaid was dressed in a brown and white jersey dress with white accessories, and a pink carnation.

Mr. Clyde Pumroy, brother-in-law to the bride, served as best man.

The bride is a graduate of the Muleshoe High School and was formerly employed as secretary, in the office of Aldridge and Rldridge, in Farwell.

The groom graduated in Ennis, Texas, and is now employed by the Manor Bakery, in Dallas, where the young couple will make their home.

A reception was later held by the bride's parents. As to tradition the bride and groom were first to cut the cake, after which Miss Evelyn Crim poured refreshments and Miss Helen McDaniel served the cake.

## Birthday Party

Mrs. Joe Crume entertained with a party, last Saturday afternoon, in her home, honoring her son Phillip Ray, on his tenth birthday.

Friends helping him celebrate were, Darlene Sprawls, Ann Whitley, Peggy Hardage, Lavoyda Billington, Jessie Meeks, Kenneth Moore, Gene Hardage, Deon Branscum, Sam Sanders, Darrell White, Bobby Don Goldsmith, Bobby Crume, Donald Crume and Jenean Lutford, who directed the parlor games, which were enjoyed by all.

Birthday cake and cold pop was served to those present after Phillip had opened his many nice gifts.

## Juniors Entertain Seniors With Banquet

The annual formal Junior-Senior Banquet of the Farwell High School took place in the home economics department of the Farwell school last Friday night at 8:00.

The banquet hall was beautifully decorated, with flowers, imitation palm trees, and a blue sky with silver stars suggesting a sea-island atmosphere. The room represented a tropical paradise, where flowers, soft lights and sweet music presented an enchanting background for the evening's entertainment.

Harry Sheets, president of the Junior Class, acted as toastmaster, giving the welcome, introduction of speakers, and other essentials to the program. J. W. Herington, president of the Seniors, responded to the invitation, after which several numbers were given by the music makers, (Woody McDermit, Donald Ray Summers, and Mrs. C. M. Henderson) and two songs by Pauline Sheets and Joan Allison.

LaMoin Jones gave the Senior will, and the program was turned over to H. A. Clift, principal speaker of the evening, which was followed by a thank you from the master of ceremonies and a closing prayer led by Mrs. Earl Booth.

The sophomore class girls served the dinner, which consisted of fried chicken, asparagus, browned potatoes, mixed salad and cake a la mode, with mint julep as cocktail, and iced tea.

The faculty, members of the Junior class, members of the Senior class, and a few honored guests were present at the affair.

The Wesleyan Guild of the local Methodist church prepared the dinner.

## Texico Girl Honored

PORTALES—Four students were initiated into Pi Epsilon, honorary secretarial science organization on the Eastern New Mexico college campus, Wednesday evening in a candlelight ceremony. Neva Jackson, Portales, officiated at the ceremony.

Jimmie Alford, Causey, Grace Melendez, Roswell, Ruth Bauldin, Portales, and Beryl Brown, Texico, are the students fulfilling requirements for membership.

To become a member the student must be majoring or minoring in secretarial science and be maintaining a B average. Plans were also made at the meeting for a Pi Epsilon entertainment honoring teacher education graduates and those receiving associate or arts degrees at the close of this semester at ENMC. Miss Luella Madden, instructor in secretarial science is sponsor of the Uorganization.

## P. T. A. Enjoy Program

The local P. T. A. faculty met last Thursday night at the Farwell school to attend to business, after which they witnessed a very impressive program, rendered by the 1st, 2nd and 3rd grade students.

New officers were elected during the business hour, for the coming year, which consists of: President, Mrs. Lewis Cox; 1st Vice-President, Mrs. Sam Aldridge; 2nd Vice Pres., (social), Mrs. Roy Cook; 4th Vice-Pres., (publicity) Mrs. W. H. Graham; Secretary-Treasurer, Mrs. J. D. Thomas; Membership, Mrs. Earl Booth; Parliamentarian, Jack Williams; and Cafeteria manager, Mrs. Claude Rose.

Following the business hour, the program, titled "In a Florist's Window", in which an Operetta was given by the first three grades, and directed by Mrs. L. S. Pool, Mrs. C. E. Sanders and Mrs. Harry Whitley. They were accompanied by LaMoin Jones, on the piano.

The different groups of students were dressed in costumes to suit the names of flowers represented. First were the florists, who gave a song. The Florists were Gerald Hardage, Bert Williams, James Norton, Joe Roark, Eddie Brian Smith and Dan Hammonds.

Next were the Roses, with all the girls dressed similar to the flower named, which consisted of Betty Shanks, Joe Elaine Magness, Glenna Ruth Davis, Sharon Cook, Karolene Towns, Linda Kube, and Jerri Allison.

Then came the little Green Bugs, with eleven little boys dressed in green costumes. They were; Gary Lance, Delvin Langford, Sam Pool, Darrell Martin, Arlin Lee Smith, Bobby Magness, Clive Huggins, John Herington, Frank Douglas Hammonds, Horace Lynn Carrell and Ben Threot.

The Bees: Darrell Lee Stevens, Johnny Armstrong, John Gordon McCuan, Roland Hellock, W. E. Harvey, Drue Harvey, Crispin Green, Jerry Summers, Jerry Venable, Tommy Lovelace, and Doyle Goldsmith.

Daffodils: Angela Williams, Glenna Berry, Bartha Green, Ellen Ann Berry, Pat Aldridge and Sue Stover. Mustard flower: Shirlene Leach and Marilyn Austin, who gave a song and a dance.

Columbines: Carolyn Husted, Susan Harper, Phyllis Magness, Loucelle Carpenter, Neva Joan Williams, and Agnes Krigel.

Pansies: Ray Robinson, Jean Tarr, Lometa Perrin, Loveta Perrin, Connie Potts and Dannie Lee.

Violets: Delle White, Mary Jane Gordon, Joan Meeks, Elaine Summers and Fern Tipton.

The costumes worn by the children were made by the mothers and Mrs. Felix Monroe.

Music was furnished by the school band, directed by "Pop" Gray.

Mr. and Mrs. Gene Ezell, of Bovina, visited in the home of Gene's parents, Mr. and Mrs. Roy B. Ezell, last Sunday.

## Post Nuptial Shower Honors Mrs. Charles

Mrs. Bell Goldsmith, Mrs. Carl McCully, were Co-hostesses, assisted by Hinnie Smotherman, Grace McDaniel and Delphine Johnson, to a post-nuptial shower Monday afternoon in the Home Economist Room at the Texico school honoring Mrs. Jimmie Charles nee Miss Vera Lee Morgan.

Miss Grace McDaniel presided at the punch bowl which was served from a lace covered table.

Centering the refreshment table was a three-tiered wedding cake topped with a miniature bride and groom.

Refreshments were served by the Bride's Aunts, Mrs. Ella Lewis and Mrs. Nella Graham.

Honored guests were the grandmothers, Mrs. J. G. Charles and Mrs. G. D. Fox.

Those signing the guest book included Mesdames Charlie Shaw, Dever May, Henery Jacks, Edgar Blain, Elbert Landrum, H. C. Houston Jr., H. L. Dykes, W. C. Baldock, Elmer Bridges, Wilber Charles, S. C. Hunter, H. J. Charles, Frank Smith, E. H. Moody, Roy Hawkins, Charles Hawkins, Vernon Estes, I. W. Quickel, Aubrey Brock, A. J. Bagley, Charles McDaniel, J. G. Charles, G. R. Watkins, B. O. Faville, Russel Johnson, B. A. Rogers, F. H. Smotherman, Ray Mears, Henery Lewis, H. D. Fox, Juanita Green, Pauline Corzine, Velma Fox, Nella Graham, Herchel Morgan, Bell Goldsmith, Carl McCully; Misses Donna Smith, Harriet Lon Charles, Ellen Aimsnyder, Delphine Johnson, Jean Rogers, Peggy Rogers, Minnie Smotherman and Grece McDaniel.

Regrets were sent by Mesdames: Joe Bell, W. E. Williams, J. C. Denney, Eliman Stark, Stanton Thigpen, eBdford Caldwell, Leroy Faville, Frank Seale, C. R. Elliott, M. H. Poteet, Bill Joe Johnson, G. W. Atchley, C. C. R. Morgan, G. C. Houston, E. E. Booth, W. L. Bowers, Thornton, Baca, E. Stewart John Lesley, E. Roop, B. P. Elliott, Lady Armstrong, E. T. Caldwell, Rita Caldwell, Joe Hromas, E. M. Moore, John Wilson, Ward Thompson, E. A. Derrick, Gabe Anderson, T. T. Doolittle, B. Harding, M. C. Roberts, Jimmie Allman, Hugh Tucker, Lee E. Meeks, Frank Hastings, Frank P. Wilson, Charles Ross, Sam J. Gaines, Alma Lou Vassey, Elton Venable; Misses Mary Harding, Rosa Lee Denney, Inee Elliott, Helen, McDaniel and Mary Rose Evans.

## Wedding Performed

Rev. Harvey E. Carrell performed the marriage ceremony Tuesday April 8th at his home, of Tommy Lee Durmm and Wanda La Ree Richardson, who gave their home address as Clovis. Marriage license were issued to the couple, by the local County Clerk, Loyde Brewer, earlier in the day.

Mr. and Mrs. Cecil Rundell announce the arrival of a son, born to them Monday of last week.

## Local Students In Music Festival

Mrs. Florence Millwee Vinyard, piano instructor of this city, entered a number of her Texico-Farwell and Friona Students in the Panhandle Music Festival, which was held in Amarillo last week-end.

Those participating from Texico-Farwell were: Mikla Ann Faville, Nancy Jean Clift, and Mary Bell Aldridge, all of whom made excellent grades in both playing and theory. Five other local students, who were scheduled to take part in the Festival, were detained by illness and other circumstances. These include: Patsy Cox, Merelyn Morris, Peggy Hardage, Ann Whitley, Pat Aldridge.

Friona pupils, also students of Mrs. Vinyard, appearing on the program included: Janueline Magness, Patricia Cranfill, Sally Osborne, Sue Cranfill, Deniese Magness, Don Lewis, W. A. Timnney, Tim Magness, Vera Jones, June Moody, and Grace Moody.

## Birthday Party

Gloria Ann Johnson was honored with a party on her seventh birthday Friday afternoon. After opening her many gifts and playing a number of games, pop and cake were served to: Patsy Cox, Verlene Thigpen, Melba and Geneva Winegart, Shirley Arnold, Jeonie McCafferty, Judy and Barbara Templeman, Betty Crawley, Mikla Ann Faville, Katherine Pulliam, David Lockhart, Don Johnson, Fred Curtis, Margaret Allred, Delphine Johnson and Mrs. T. B. Randol.

## Surprise Party

Russell Johnson was honored with a party Monday night in his home, given by his wife. It was a complete surprise to him. The evening was spent playing forty-two. Ray Mears won the prize for the high score and Mrs. Snodgrass for low.

Cake and coffee were served to: Mr. and Mrs. Ray Mears, Mr. and Mrs. Bill Johnson, Mr. and Mrs. Denver May, Mr. and Mrs. Edgar Blaine, Mr. and Mrs. O. S. Allred, Mr. and Mrs. Rip Snodgrass, Fred Curtis, Delphine Johnson and Russel Johnson and wife.

needle work.

Delicious refreshments were served to the following members: Mesdames T. G. Hudson, Byron Turner, Jess Walling, Morris Means, Joe Wilson, Pete Davies, John Byler, Jr., Paul Jones and the hostess.

The Club will meet next Thursday with Mrs. Joe Wilson.

"Training Mother's Helpers."—Psychologist provides tips on the technique of training children in household responsibilities. You'll find this story of a mother who made a study of her youngsters in the American Weekly, the magazine distributed with next Sunday's Los Angeles Examiner.

Fertilizing fruit trees is an early spring orchard job. Recommended application is one pound of 5-10-50 or 4-12-4 fertilizer for each inch of the tree diameter.

**Save Sugar For Canning**

**COLLEGE STATION**—Easy on the sugar! There will be no sugar stamps issued for home canning this year.

As consumers start using the sugar made available by a new 10-lb. stamp April 1, the Texas A. and M. College Extension Service cautions that the sugar bought with the new stamp will have to take care of both home and canning needs. No stamps labeled specifically for home canning will be issued this summer.

Miss Gwendolyn Jones, Extension food preservation specialist, explains that this situation does not mean that each consumer will get less sugar this year. Actually, each person will get 30 or 35 pounds this year in comparison with only 25 lbs. last year. In the past, the OPA is-

sued stamps at regular intervals for regular table use, and, at canning time, issued canning sugar stamps. Under the board's new system, each stamp is worth ten pounds instead of four or five, but no canning stamps are available. Therefore, homemakers will have to save from this last 10 pound stamp if they plan to do any home canning.

The stamp issued April 1 will be good until October 1.

**Spring Housecleaning**

**LUBBOCK**—Spring housecleaning is an outmoded custom.

Don't throw away all the brooms and mops, however. When Miss Lola M. Drew of the Texas Technological College Home Economics Division made that startling statement, she merely meant the houses should be kept clean at all times so that laborious cleaning once or twice a

Knowing Fred Harvey chefs, Irene Schulte is not worried about too many cooks spoiling soup or baby formulas, as she starts on the re-inaugural trip of the famous Santa Fe Railway courier nurse service. This service was halted during the war years due to emergency military need for registered nurses. The corps, under the supervision of Miss Norma H. Thompson has been augmented and now comprises 26 registered nurses, mostly World War II veterans. They serve on the Scout and El Capitan between Chicago and the Pacific Coast.

year is unnecessary. And she passed along a few hints to make general tidiness easier.

It is wise to use rug cleaning powder to clean upholstered furniture before it begins to show soil. Powder may be brushed off with a whisk broom or removed with a vacuum cleaner attachment. If upholstery shows soil it may be shampooed as follows: Dissolve a third cup of mild soap flakes in a quart of boiling water and cool. Place about a cup of the pelly in a bowl and whip to a very dry froth with a rotary beater. Use a small, stiff brush, apply the foam with circular motions on small portions of the fabric at a time. Wipe as dry as possible with a clean, dry cloth, and complete drying process rapidly. Brocades and woven fabrics are adapted to this type shampoo, but it should not be used on pile fabrics.

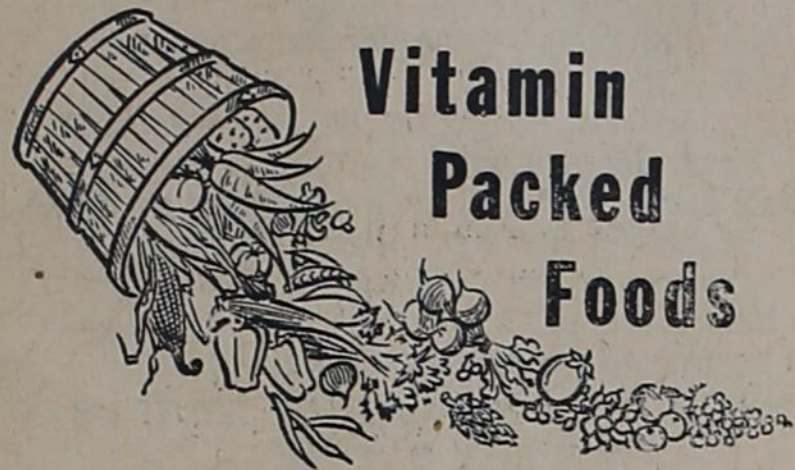

Grease spots may be removed from wall paper with a paste of fuller's earth and a dry cleaning fluid. Paste should be allowed to dry and removed with a soft dry cloth. If spots are fresh, bath powder may be applied and brushed off. Sometimes two or three applications will be necessary to remove stubborn spots.

There are 16 Dairy Herd Improvement Associations operating in Texas, involving 5,797 cows.

**Questions and Answers For Discharged Vets**

**Q.** I was discharged from the U. S. Army because my mother was dependent on me. Am I eligible to enter a course of education or training?

**A. Yes.** The fact that you were discharged from the service because of dependency of your mother would not be material if you are otherwise qualified.

**Q.** What benefits, other than subsistence, is a veteran entitled to while pursuing a course of education under the G. I. bill?

**A. Veterans Administration** will pay for the veteran's tuition, books, supplies, fees and other authorized expenses within certain limitations.

**Q.** I have a service connected disability and am to be rehabilitated under the Vocational Rehabilitation Act. Will my compensation payments be increased while I am pursuing a course of vocational rehabilitation?

**No, your compensation will not be increased;** but during the time you are being rehabilitated, you will receive your disability compensation plus subsistence allowance to bring you up to \$105 a month if you do not have a dependent. Additional amounts will be added for each dependent or dependents.

**Q.** I am being rehabilitated under the Vocational Rehabilitation Act (Public Law 16). Am I entitled to receive subsistence during the summer, and will I continue to receive subsistence allowance during the vacation?

**A. Yes. You will continue to leave of absence not to exceed 30 days in any 12 months, and you will receive compensation and subsistence allowance during vacation periods.**

**News For Home Canners**

**COLLEGE STATION** — Here's news for housewives who plan to can vegetables this year.

Food preservation Specialist Gwendolyn Jones, of the Texas A. and M. College Extension Service, states that U. S. Department of Agriculture research has caused some changes in general recommendations for processing low-acid vegetables when canned in a pressure canner.

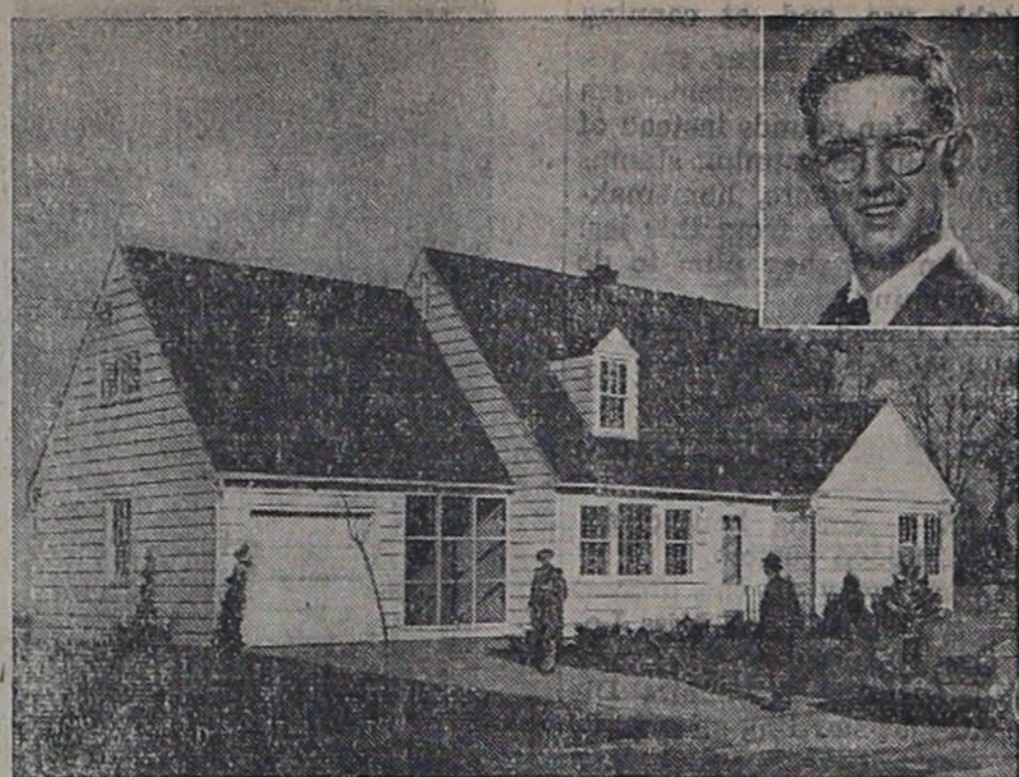

Low-acid vegetables include asparagus, beets, carrots, corn, greens, okra, summer squash, sweet potatoes, beans and peas. The USDA research has shown that processing time for these vegetables can be generally lowered, which will give the housewife better-flavored canned goods with better texture, and still render the vegetables safe from bacteria that cause food spoilage.

Quoting an example, Miss Jones says that a pint of greens as formerly processed 95 minutes. She now tells housewives to process the pint of greens only 45 minutes, to conform with the new USDA recommendations. Another big change is on sweet potatoes. Processing time for a pint of vams has been cut down from 95 to 55 minutes.

Extension Circular 223, "Can Vegetables in a Pressure Canner", has been revised to give the new processing time. Miss Jones advises homemakers to ask their local county home demonstration agents for a copy of the folder.

The housewife may wonder, on checking the new time table, why quart jars of some vegetables are processed longer instead of shorter. This appears to be a contradiction in the general run of the new recommendations, but Miss Jones explains that quart jars of food are usually less hot at the beginning of the process than pints, and the research showed that this extra time on some quarts of vegetables is advisable in producing sterile canned food.

The best insect control in the garden is obtained when control measures are started early; when the right insecticide is applied thoroughly; and when applications are repeated seven to ten days until control is complete.

**THE HOUSE THAT JACQUES BUILT**—One veteran's answer to the housing problem—he built his own home, and didn't pay a cent for his materials! Lucky Jacques Brownson (inset) of Aurora, Illinois, was furnished plans, instructions and all materials by the editors of Popular Mechanics Magazine to help them prove a pet theory—that any man who can build a table lamp or a bunk-bed could build his own house if given simple step-by-step directions. Now the magazine is publishing a book which the editors claim will enable anyone to build the same house. Jacques and his bride moved into the house on March 29.

**Old Jalopies Being Baled At Houston**

Battered, abandoned old jalopies—long an eyesore in Texico-Farwell and other parts of the South, soon will be compressed into neat bales.

A Houston Scrap steel press, largest in the world, will convert the jalopies into finished bales for steel mills, from which they will emerge as skyscraper framework and other steel products. The press was purchased from the Ford Motor Company.

Houston officials of the Sheffield Steel Corporation said arrangements have been completed to absorb the finished bales for their steel mills. The Corporation is making special equipment to handle the bales.

Sam Proler, general manager of the junk and supply concern, said the huge baling press will be installed at the company's new plant under construction on a 10-acre site on Clinton drive in the industrial section.

The press turns out finished bales 74 inches long by 30 inches high, weighing up to 10,000 pounds. All types of steel, including whole automobiles, will be baled by the massive machine.

Approximately 25 carloads will be used to bring the half-million-pound press to Houston from Ford's River Rouge plant.

**Time To Plant**

**COLLEGE STATION**—It's time to plant the garden on the High Plains of Texas.

Horticulturists of the Texas A. and M. College Extension Service list the vegetables that are ordinarily planted on the Plains during early spring. Here they are: beets, spinach, onions, potatoes, mustard, English peas, lettuce, radishes, cabbage, carrots, Swiss chard and a few other hardy plants.

The horticulturists say that experienced gardeners hold off on planting the not-so-hardy vegetables, such as tomatoes, peppers, sweet potatoes, squash and pumpkin, until danger of frost is past.

The battle against garden insects will begin as soon as the first green shoots break through, the horticulturists say, so a smart move now for gardeners will be to check up on the latest information and materials for controlling insect pests. Agents in county Extension offices will give gardeners—city or rural—information on controlling insects.

**Suggestions Offered Preventing Bloat Of Cattle On Alfalfa**

**LUBBOCK**—Cattle are not likely to bloat when grazing pastures of alfalfa or alfalfa and grass mixtures if the pastures are completely dry and animals are full of dry feed when they are turned in, and if stacks of dry feed are available in the pasture, according to W. L. Stangel, dean of Agriculture at Texas Technological College.

Dean Stangel suggested that cattlemen start initial grazing about noon on a sunny day and watch the animals for signs of bloat at first. Cattle may then be left on the pasture, but if they are taken off, the entire procedure must be repeated before grazing begins again.

**Spray For Quality Grapes**

**COLLEGE STATION**—One of the biggest steps toward producing high quality grapes is a complete spraying program through the growing season, says Extension horticulturists at Texas A. and M. College.

In localities where grapes have not been forced into growth, a spraying job will now clean off all disease spores which may be on the branches to cause trouble later, the horticulturists say. Black Rot, the disease that takes a big toll of Texas grapes each year, can be controlled with 8 pounds of bordeaux mixture in 100 gallons of water. Bordeaux is the name applied to a preparation composed of copper sulphate and lime. Growers have found that a thorough spraying of the mixture on leaves and young grape clusters is a first-rate control measure.

As grape blossoms begin to shed, the grower can take this as a cue to start his second spray application, using the same mixture. Spraying at this stage is most important, the horticulturists say, as it is the time when Brown Rot often gets a start. Then as the growing season progresses, grapes need spraying at two to three week intervals throughout the season. During May and June, two pounds of 50 per cent DDT added to the regular spraying mixture will combat the leaf hoppers and grape leaf folders that threaten grapes during these two months.

A five percent DDT dust will control household ants.

**Farwell Real Estate and Commission Company**  
Doshier & Francis Phone 2501 Farwell

**The Telephone Strike**

As the telephone strike enters its second week, we regret sincerely the inconvenience it is causing and its damaging effect on the economy of the community.

The Company has bargained in good faith with the Unions. The demands, which follow largely a national pattern, are so excessive that, if granted, they would increase our payroll 70% and would place telephone workers in wage brackets far above community levels of wages and would in turn necessitate very substantial increase in telephone charges to our customers.

The management does not feel that it is fair either to the users of the service or to those who have risked their savings in the business to accede to these prohibitive demands. The management believes that it had to resist these demands even though it meant a partial interruption in the service.

The offer to extend the present liberal contracts covering wages and working conditions still stands; the offer of arbitration of all wage issues by impartial citizens from this area is still open. The Company holds itself ready to resume negotiations and make every effort that is in keeping with fairness to everyone to terminate this unhappy situation.

We sincerely appreciate the friendly cooperation and understanding of the public.

**ACA News**  
Harold W. Carpenter, Secretary

Anyone interested in terracing his farm can get an excellent idea of what ought to be done by going out to Owen Patton's farm in the Oklahoma Lane Community. Owen's home quarter was beginning to wash so he decided to terrace it starting at the high corner and working downward. Seven terraces were needed to stop the water from ditching the lower land.

R. L. Barber contracted the job at 1 1/2¢ per foot and made good wages at this price. He is being paid off in full by the PMA. All that was required of Owen was to see that the guide lines were run by Government specifications and to turn in the correct length measurements of each terrace. Construction work was done with a Whirlwind terracer pulled by a four row tractor.

Several farms in the County own terracing machines and a few of them work for the public as much as possible.

If your land is eroding and gully-ing, terraces will probably be your only solution. PMA is eager to pay the full cost of terraces providing they are built to specifications.

Nor is terracing confined to dry land alone. J. W. Maddox of Lazbuddie, is constructing a large di-

version terrace across his farm. This terrace will divert excess run off to the road and the lower channel will be used for his main ditch to irrigate all land below the terrace.

Leroy Wilson of Lazbuddie is doing work with a conveyer type terracer.

The Parmer County and Community Committees met Monday, their first joint session of 1947. Wheat yields were revised for several farms with new irrigation wells and there was a general discussion about our approved conservation practices by the group. You'd be surprised how many good sound farming practices can be learned from an experienced group of farmers such as our committeemen.

**Senior Play Due Friday Night**

The Senior Class of the Farwell high school will present their annual senior play this Friday night at 8:15 in the auditorium of the school building.

The play, under the direction of principal Jack Williams, is a comedy in three acts, titled "That Crazy Smith Family", because of the hilarious antics of the entire family and family friends.

Mr. Smith, the boss of the family, is played by La Moin Jones, and Pa Smith, the devoted husband, and a newspaper publisher, is carried out by J. W. Herington. Tony Smith (Zob Loe), their sensational football-player son is adored by Barbara Wetherby (Wanda Sheets), a hometown girl. Betty Smith, Tony's 14-year-old sister, is somewhat of a tomboy and is played by Mary Ruth Petree. Buddy Smith, another member of the hilarious Smith family, is twelve years old, a potential pugilist, and is portrayed by Donald Harold Williams. Saly Smith (Joan Barbour) rounds out the family circle and is supposed to be a very "arty" seventeen-year-old girl. Aunt Bella, on Mrs. Smith's side of the family, is just an everyday plain-spoken woman, but adds a pleasing touch to the cast. She is played by Reba Miller. Professor Slattery (Buster Herington), is very absent minded, and in love with Bella. Southern boy Dick Jones is played by Hershel Harding, and playboy Stewart Brandon is carried out by Max Ford. Wilda Jean Green appears as Julie Weston, a sophisticated blond vamp of nineteen or twenty.

Admission to the comedy will be \$.25 for school children and \$.40 for adults.

**Auxiliary to Meet**

The American Legion Auxiliary will meet Tuesday night, April 22nd, at eight o'clock, in the county court room.

All members and all ladies eligible to become members are urged to be present.

Need letterheads? Dial 2131.

GARLON A. HARPER

**Harper Appointed Western Field Rep.**

DALLAS—Appointment of Garlon A. Harper, Durant, Oklahoma, as Western Field Representative to cooperate with livestock, educational and agricultural agencies is announced by A. L. Ward, director of the Educational Service of the National Cottonseed Products Association.

Harper, County Agent at Durant Oklahoma, joins the Educational Service staff April 16 at Dallas, and succeeds Ray W. Wilson, recently appointed manager of the livestock and poultry departments for the State Fair of Texas.

Raised on a livestock farm in Coryell County, Texas, he was a 4-H Club member seven years, exhibiting the Grand Champion Fat Barrow at the Houston Fat Stock Show and winning individual honors in the State 4-H Club Beef Cattle Judging contest. He attended North Texas Teachers Agricultural College at Arlington, where he was a member of the team winning the 1934 Junior College Judging Contest at the Fort Worth Show.

Attending Texas A. and M. College, Harper worked on the college swine farms and in the Animal Husbandry Office, and was a member of the junior and senior livestock judging teams. He worked as clerk and assistant ring master at the Houston and Fort Worth stock shows in 1933, and graduated with a major in Animal Husbandry.

Harper was AAA administrative assistant for Parmer County, Texas from 1938 to 1941. He became Assistant Hale County Agent at Plainview, working with 4-H Club boys on the commercial beef feeding project which has attracted wide attention throughout livestock industry. Becoming Parmer County Agent in 1942, he helped organize the dairy herd improvement program and dairy show.

In 1945, he joined the Oklahoma Extension Service as Acting County Agent for Comanche County, and since February, 1946 has been Bryan County Agent and secretary and sales manager of the Bryan County Breeders Association.

As Field Representative for the cottonseed crushing industry's Educational Service, Harper will work closely with Extension, Vocational Agriculture, agricultural and livestock leaders of his territory.

**Study Courses At Baptist Church**

Rev. Virgil E. Hunton announced that, starting next Sunday night, the Texico-Farwell Baptist Church will begin a four class mission study course, and lasting through Tuesday.

The course will center around foreign and home missionary work, with a Missionary to speak each night, at the intermission period. Work that has been done in the foreign fields and those that are being done now, at home and abroad, and making plans for a greater program in the near future.

**Cemetery Assn. to Meet**

Mrs. E. G. Blair, secretary, has announced an all-day meeting of the Texico Cemetery Association to be held at the cemetery on Wednesday, April 30, starting at 9 a. m., Mountain time.

It is requested that all members be present, bringing lunches and tools for working the graves. The annual membership fee of \$2.00 per family is now due and it is desired that dues be remitted to Mrs. Blair at once.

**Santa Fe Plays Big Part In Storm Relief**

Officials and employees of the Santa Fe Railway, earned widespread commendation from organization officials in charge of relief in the Texas Panhandle - Oklahoma tornado torn areas.

A special train carrying medical supplies from Waynoka to Woodward was one of the first relief trains on the scene. It carried 27 of the more seriously injured to Waynoka for hospitalization. Courier nurses from the Scout worked throughout the night in an emergency hospital set up in the First Baptist Church at Woodward.

Scores of employees of the Railway at Woodward, Glazier, Higgins and Coburn were injured while a cook employed by the Hanlin Supply Company serving a construction crew was killed at Coburn when the tornado swept work cars off the siding.

About fifteen work cars housing a signal gang at Codman were blown off the tracks but the inhabitants were saved injury by wrapping mattresses around them for protection.

First evidence of the tornado occurred at Whitedeer last Wednesday evening when the rear of a double-header freight train traveling 30 miles per hour was struck by a twister and twenty empty cars were hurled off the track. Members of the crew escaped with minor injuries.

President Fred G. Gurley sent word to operating officials of the Western Lines to extend all aid possible. Fresh fruit and vegetables and other supplies were contributed to the Red Cross and Salvation Army.

Work gangs and communications crews from many divisions of the railway were rushed to the stricken territory to aid in repairing communications and other facilities which had been demolished by the tornado. Considerable assistance was also extended to townsfolk and relief groups in clearing debris.

Railway officials were hopeful of having signal and communication systems completely restored this week. More than 2,000 breaks in company telephone wires were reported.

Another gesture of Santa Fe Railway employees in Amarillo was the contribution of more than \$1,000 to the Globe-News newspaper relief fund for needy in the devastated areas.

**SPRING DAY CONCERT**

The Texico School Band will give a musical concert, next Sunday afternoon, April 20th, at the Texico High School Gym., at 3:00 o'clock, Texas time.

Under the direction of Miss Mable Davis, music teacher and band instructor, the members will render a program of sacred music. All are invited to attend this concert.
