Farwell School Carnival Is Outstanding Success

Farwell's annual Halloween carnival came off at the high school auditorium last Friday night, amidst a capacity crowd which was in a splurging mood for the event.

Highlight of the carnival was the queen's race, which netted a combined high and grade school total of \$874.71. The grade school coronation was held separately from that of the upper classes, and when the allotted time ran out Lou Ellen McCoy was in first place, representing the eighth graders.

Nina Loe of the seniors led all other high school candidates up to the final minutes, when a sprint by closely-trailing junior Theda Branscum into the lead and the queen position.

The evening of merrymaking began around 7 p. m., when early comers to the carnival pressed a premature spending of the carnival booths. Concessions of all types, from ducking "Prof." Robert Morton in a tub of water with a well-thrown baseball to spinning a mimic roulette wheel for a try at prizes; confetti, popcorn, peanuts, pop corn and hot dogs all lured the fun-loving public into spending money on a worthwhile cause.

However, the outstanding money-getter of the evening was the race for the queen positions, with this year's being one of the largest ever held in Farwell.

Coronation proceedings began at 10 o'clock, when the candidates from both grade and high school ascended the stage where a beautiful throne had been constructed by the junior class, sponsors. Irene Shanks played the piano march accompaniment and A. C. Henneman announced the candidates from the stage over a public address system.

In the court of honor were Princess Nina Loe, Prince Sonny Graham, Dutchess Talma Randol, Duke Charles Felts, all seniors; Princess Pauline Sheets, Prince Donald Ford, Dutchess Wanda Sheets, Duke Cary Joe Magness, sophomores; Princess Ann Stores, Prince Billy Don Crume, Dutchess Nellie Summers and Duke Robert Armstrong, freshmen; Princess Jane Claire Overstreet, Prince Robert King; Dutchess Nancy Aldridge and Duke Jerry Bradshaw, of the seventh grade; Princess Ann Whitley, Prince Duane Herington, Dutchess Lola Mae Doark and Duke Jimmy Magness, of the sixth grade; Princess Peggy Hardage, Prince Phillip Crume, Dutchess Patsy Cummins and Duke Don Geries, of the fifth grade; Princess Jo Elaine Magness, Prince Jreald Hardage, Dutchess Betty Shanks and Duke Bert Williams, fourth grade; Princess Angela Williams, Prince Sam Pool, Dutchess Phyllis Magness and Duke Lex Huggins, third grade; Princess Connie Potts; Prince Johnny Armstrong; Dutchess Danny Loe and Duke Larry Cooper, second grade; Princess Wilma Norton, Prince Jackie Goldsmith, Dutchess Tommie Loe and Duke Neil Hancock, first grade.

Her Majesty, Queen Theda Branscum was escorted by King Herman Geries, and attended by Princess Cummins and Prince Jackie Holland, while Queen Lou Ellen McCoy was escorted by King Darrell Norton and attended by Princess Delores Goldsmith and Prince Jesse Coburn.

Total receipts at the carnival were \$1,275, school officials report.

First Frost Hits Here Nov. 1st

Running some two to three weeks behind his regular schedule, Jack Frost put in his first appearance here on the morning of November 1st.

Light frosts had been reported previously over certain sections, but the heavy blanket of icy crystals on display last Saturday was the first general frost of the present season.

Stunt Night Held At Texico School, 30th

Marjorie Baker and Susan Levins were crowned queen of the high and grade schools, respectively, the past Thursday evening, when the coronation featured the annual stunt night program of the Texico school.

Prizes in the various stunt divisions went to the seventh and eighth graders, who presented "Oh, What A Night!" with Warren G. Harding as sponsor; the juniors, sponsored by Mrs. Jimmie Allman, who gave "Feudni, Fightin' and Fussin'," and the home ec club, also sponsored by Mrs. Allman, who presented "Order in the Court Room."

A large number of stunts were presented for the entertainment of the crowd, and other concessions were arranged about the auditorium.

Coronation proceedings were carried out, with each class being represented in the court of honor.

Sponsors report that approximately \$250 was noted in proceeds, with around 350 persons in attendance.

Christian Awarded Heifer In Contest

Donald Christian, 17-year-old 4-H clubber of the Oklahoma Lane community, was named as winner of the registered Jersey heifer offered in a special Sears Foundation contest, when a committee from the Paramer County Dairy club judged essays submitted by contestants, last weekend.

County Agent Ollie Liner said on Tuesday that the heifer would be selected this week, possibly from the Carmack or Edwards herds at Floydada, or from a Paramer county herd. Wendol Christian, president of the dairy club, will accompany Liner to select the heifer.

In order to continue the contest, Christian will return to the Sears Foundation one-fourth of the production proceeds from the heifer during the first year, after which he will be sole owner.

The son of Mr. and Mrs. C. C. Christian, Donald has been active in 4-H work for eight years. In 1946 he was judged the outstanding 4-H club boy in Paramer county, and recently exhibited the grand champion registered Chester-White boar at the Sears Foundation show in Amarillo.

ANOTHER IRRIGATION WELL
Ollie Williams stated today that he had contracted for an irrigation well on his farm in the Midway community. Work will get underway at once, and Williams expects to have the well in operation and his land ready for irrigation next spring.

Bovina Solves Water Problem For Present

The water situation which has been a serious problem in the development and progress of the City of Bovina, has been temporarily solved, it was announced here today by Mayor O. W. Rhinehart of that city.

The City Council, Rhinehart said, has purchased two small water distributing systems owned by Mrs. Mae Abbott and C. R. Elliott. These systems have been tied together and all lines connected to the 150,000 gallon storage tank of the Santa Fe Railway Company. Previously, the City Council had installed a large pump in one of the Santa Fe wells, and the water is being pumped into the large tank for distribution over the city.

Some months ago the voters of Bovina approved a large bond issue for the installation of a complete water system, but when it became apparent that the system could not be installed for several months, due to shortages of materials, the City Council decided to take the action outlined above to give the city an ample supply of water at present. Mayor Rhinehart said today that the earliest date they had been promised material for a large system was in July of 1949 and added, "We had to do something in the meantime."

It was announced that Mrs. Abbott and Elliott were paid 1500 each for their small water systems in Bovina.

Thigpen Named Chief Of Fire Department

F. S. Thigpen was named Chief of the Texico Fire Department, Monday night by the Texico Town Council, following the acceptance of Chief A. C. Green's resignation.

The action of the Town Council was in keeping with the desires of members of the Texico Volunteer Fire Department, who had voted unanimously for the appointment of Thigpen to the post vacated by Green.

Green, who had served the local department as chief for the past few years, resigned with the announcement that he had purchased a package liquor store at San Jon, N. M., and was moving his family to that town. After serving as assistant chief since the department was organized several years ago, Green was elevated to chief when I. F. Selman resigned about four years ago to assume duties with the fire department at the Clovis Army Air Base, where he is still stationed.

Chief Thigpen, who operates a blacksmith shop in Texico, has been a member of the local department for several months, and is considered one of the most efficient crew members.

The Town Council also voted to allow Mr. and Mrs. Bob Drace to occupy the living quarters at the local fire station. Drace will become a member of the fire department.

VANDALS DESTROY MUCH PROPERTY AT GRIDIRON

One of the most malicious and uncalled for acts of vandalism which has been reported here in recent years was seen following Halloween when members of the Farwell school faculty discovered that the Steer football field had been the scene of mass destruction.

Coach Jack Williams reported today that the guard fence on the east side of the field was cut, line marker posts broken down, and the line markers themselves chopped into pieces by the marauders, who chose a peculiar way to "celebrate" Halloween.

Asked as to possible cost of replacing destroyed property, Coach Williams said angrily, "Around \$150", adding that he hoped to have the replacement work accomplished in time for the Friday tussle between Oklahoma Lane and Farwell.

CHICKASHA—Miss Mary Russell head of the Oklahoma College for Women home economics department, was recently installed as president of the state Home Economics Association.

RETURNED HOME FOR BURIAL

The body of Sgt. Steven D. (Dence) Justice, has arrived in the United States and will be buried at Fort Sam Houston. Justice is the first Paramer County soldier to be sent back home for permanent burial.

Parmer's First War Dead Arrives Home

Sgt. Steven D. (Dence) Justice, son of Mr. and Mrs. S. J. Justice of this city, has been listed as the first Paramer County soldier to be returned to his native home for permanent burial by the War Department.

Justice's body arrived in New York on October 25th, and is being sent to Fort Sam Houston, Texas, for burial, in accordance with the wishes of his parents.

Mr. and Mrs. Justice, Mrs. A. J. Doshier and B. Beasley all plan to go to Fort Sam Houston for the final interment when they are advised of the date.

Sgt. Justice lost his life in the battle of the Belgian Bulge on December 28, 1944. He was 26 years old at the time of his death. Justice enlisted in the Army on Jan. 9, 1940, and was attached to the cavalry at Fort Bliss, Texas, at that time. Following the outbreak of the war, he was transferred to the paratroopers and went overseas after training at Fort Sam Houston.

Gets Five Years On Swindling Charge

C. C. Dooley entered a plea of guilty to a charge of swindling with a worthless check, in district court here last week, and Judge C. D. Russell gave him a sentence of five years in the state penitentiary.

Following his sentence here, officials said that Dooley was taken to Hutchinson County, where he is to answer a criminal action.

Judge Russell rendered judgment in nine civil suits, involving delinquent taxes, and issued executions ordering the property sold at sheriff's sale. Officials said these sales would likely come up on the first Tuesday in December.

ATTENDING CONVENTION

Judge A. D. Smith and the Paramer County Commissioners, including W. H. Flippin of Friona, T. E. Levy of Farwell, Charlie Calaway of Rhea and W. S. Menefee of Lazbudd, left Sunday for Laredo, Texas, where they spent the first of the week attending the annual Texas convention of county judges and commissioners.

Mrs. Smith and Mr. and Mrs. M. B. Mann, of Jacksonville, Fla., house guests of the Smiths, accompanied Judge Smith, and the four will make a visit to Monterrey, Mexico, before returning home.

CLOSE ON TUESDAY

County officials advised this week that offices in the local courthouses will be closed, next Tuesday, in observance of Armistice Day. In addition, both postoffices and the Security State Banks will be closed.

Either the Wilson team was much over-rated, or else teams in the district from which they hail, below Lubbock, are not up to the calibre of those in this section of the country, for the visiting Wilsonites, hailed as one of the strongest teams the Farwell squad would meet this year, turned out to be easy pickings for the Steer squad the past Friday.

Final score was 52-6 for the locals, and the only Wilson touchdown came when the Farwell lineup was composed of the remaining subs, as opposed to the visitors' first string.

The Steers scored at will during the entire contest, sweeping down the field for a touchdown the first time they had the offensive, early in the opening quarter, and going on from there to rack up score after score against the hapless Wilsonites.

It appeared from the sidelines that no one Farwell man was outstanding, with all players, from the first string members down to the lowliest sub, turning in creditable performances. Booth turned in one of his best games as blocking back, but other Steers were just as good in their particular posts during the day.

Kerby and Bredagum, slated to be the hot-shots of the visiting team, were bottled consistently by an alert Steer defense. One particular play, a short pass over end, clicked, but failed to gain ground in sufficient amounts to do any good.

First Quarter

Farwell kicked off to open the game, with Wilson receiving on the 30-yard marker on the Steer end of the field. Maeker made a short gain and Kirby tried a pass, which was intercepted but dropped by Ford. Kirby and Bredagum both hit the line for no gain and Wilson kicked, with Sheets carrying to the 35. Hart banged through for 11 yards and then fumbled, but Thomas recovered and Robertson headed for the end zone, being crowded out of bounds on the 2-yard line. Hart carried to the 1-foot marker and then went through a gaping hole in center, for the first score, with Sheets adding a perfect placement kick to score. Farwell 8, Wilson 0.

Wilson again took the ball but was unable to gain, and Robertson rushed the passer on the 20, where Farwell took over. Again Robertson did a dance down the sideline, but was ruled out on the 5-yard marker, and Hart took the pigskin over, Booth assisting with a beautiful flock. Sheets made his placement true, and Farwell led 16-0. On the kickoff, the ball lambasted Bednarz squarely in the middle and Farwell recovered on the 45, but two plays later, Breiger intercepted a Steer toss on the 28 as the quarter ended.

Second Quarter

Kirby tried two passes, both of which went incomplete, and Wilson kicked out of bounds on the 38. Robertson made 10, and Hart went into the end zone, but was called back to the 15 where he had stepped on the sideline marker. Booth lined up to pass, couldn't find a receiver, and finally tucked the ball away and galloped around end for a score. Sheets' third placement was good, and Farwell held a 24-0 lead.

With Wilson again in possession, they tried both line bucks and passes, which Farwell smacked down, and the Steers took over on the 35. (Continued on Last Page)

BACK IN ARMY

Ernest Justice, son of Mr. and Mrs. S. J. Justice of this city, left here Monday for Fort Bliss, where he will report for duty in the regular Army. He had a rating of staff sergeant when he received his discharge after 44 months of service, and was promoted the same rank on his re-enlistment.

INJURED IN FALL

Mrs. Lula (Grandma) Haynes, aged Texico resident, is suffering from injuries sustained when she fell at her home on Tuesday. At first it was feared that she received a fractured hip, but it is believed now that this is not the case.

TO MINERAL WELLS

Mr. and Mrs. B. S. Triplett, pioneer Texico residents who have been making their home in Albuquerque the past several months, were here Tuesday enroute to Mineral Wells, where they expect to make an indefinite stay during the winter months.

With the "second hitch" of the Fall harvesting operations expected to get in full swing by the latter part of this week, the railcar shortage was still proving a bottleneck in the movement of grain from the elevators in this section.

Early maturing grains are practically all disposed of, and farmers are expecting to invade the late-maturing fields this week, following heavy frosts the latter part of last week, which caused moisture to go down in the late fields.

A check-up at Texico-Farwell, Bovina and Lariat reveals that only one grain buyer has sufficient storage to continue taking grain. Mnasell Cranfill, of the Henderson Grain & Seed Company, expressed the belief on Tuesday that they would have sufficient storage "to carry us through" the Fall harvest. An additional storage, estimated to care for "between three and four million pounds" has just been opened up at the Henderson elevator and warehouses here.

As Bovina, all elevators are full, with only the Sherley Grain and Seed Company taking the chance of piling it out in the open. At Lariat, the two elevators were clogged to capacity.

M. C. Roberts, of the Roberts Seed Company, said that all his storage space in Texico was full, but that he had considerable room in his two elevators at Clovis and Portales.

The only grain movements from local elevators are described by elevator men as mere trickles" in moving out the Fall crop. "We get about enough cars a week to take care of a half days' receipts," was the way Boone Allison, at the Lariat Elevator summed up the situation. The same view was expressed by Ray Ford of the Farwell Elevator.

Brewer Named on Vet Reemployment Group

Loyde A. Brewer, county service officer of Paramer County, has been named a volunteer Veterans Reemployment Rights Committeeman for this county by the Veterans Reemployments Rights Division of the USDA.

Brewer, the newly named VRR committeeman, will act as a voluntary arbitrator between vets seeking reemployment and their former employers. By law, a veteran who re-applies for his old job within 90 days after he leaves the service may regain it, and may not be discharged without cause for the period of one year.

Under the volunteer organization being set up by VRRD, the Texas Employment Commission's office will serve as an information center for veterans. Those with reemployment problems will be referred to Brewer. If he cannot settle the issue locally, the case is turned over to the region office in Dallas. A final step, if the VRRD fails to get the employers and veterans together, is action through federal courts by U. S. district attorneys.

An estimated 2,000 to 3,000 Texas veterans are being discharged from the armed services each month. Many of them have job rights dating as far back as 1940 when they left to enter the Army or Navy.

COMING HOME

Mrs. Claude Dyer and two children, who have been visiting her parents in England, have secured passage on the Queen Mary and will sail for home early in December, it has been learned here. Mrs. Dyer, an English war bride left here in July for a visit to her former home when she learned that her mother was ill. This will be her third trip across the Atlantic on the luxury liner.

SON IMPROVING

Leon, the 2-year-old son of Mr. and Mrs. Chas. Lovelace of this city, who has been receiving treatment in the Paramer County Community Hospital at Friona, is showing satisfactory improvement and his father stated today that the lad would likely be removed to his home here before the close of the week.

A tube had to be inserted into the child's throat when he developed a serious throat ailment.

ON PHEASANT HUNT

C. M. Henderson, of the Henderson Grain & Seed Company, left last week for Garden City, Kansas, where he joined a party of friends for a pheasant hunt in that vicinity. He has reported good kills and plans to return home this (Wednesday) evening.

Questions, Answers For Servicemen

Q. During what period must a World War II vet have served to be eligible for educational benefits of the GI Bill of Rights?

A. From Sept. 16, 1940, through July 25, 1947. Any vet enlisting on or before July 25, 1947, is entitled to educational benefits according to length of service thereafter.

Q. May a veteran of World War II study with a private teacher and receive benefits?

A. Yes, if the veteran is disabled to the extent that a private teacher or tutor is required for rehabilitation. Non-disabled vets are not entitled to a private teacher.

Q. If I obtain a GI loan to go into business and the business fails, is the guaranteed portion of the loan paid by the Government charged to me, or is it an outright gift to me?

A. A guaranteed loan is not a gift. It must be repaid. If the Government has to pay the guaranteed portion of the loan to the lender, the vet is obligated to the Government for payment.

Q. I would like to appear before the VA rating board to explain my application for compensation. Will VA pay my traveling expenses?

A. No.

Q. Can a veteran of the Spanish-American war get Government insurance because of his service?

A. No.

Oldtimers Are Sought For Homecoming

DENTON—The search for oldtimers, ex-students of North Texas State College, continues for a third week with a list of approximately 50 names of former students enrolled back in the 1890's when the college was first founded as a normal college.

Officials at NTSC hope to pay special tribute to the oldest former student at the homecoming celebration on Nov. 14 and 15.

To date, records indicate that Miss Henrietta Austin, Denton, is the oldest former student. Miss Austin, age 86, was registered at the North Texas Normal College in 1897. The next oldest student located is L. L. Fry, also of Denton who is 77 and was registered at the college in 1890.

A special search is being made for Clem L. Stone, who is believed to be the oldest ex. Stone's last address was near White Deer, Texas. College officials will continue their efforts to locate the oldest ex-student and a special invitation for the homecoming activities will be issued.

A battle over State spending is shaping up as the biggest problem confronting the next Legislature when it convenes in January, 1949, according to the Texas Research Institute.

The Legislature will either have to cut expenditures or levy additional taxes, declares a report issued this week by the Institute, a statistical agency sponsored by the South Texas Chamber of Commerce.

State government cost increased 34 per cent in the fiscal year ending Aug. 31 over the preceding fiscal period, to reach a total of \$319,900,000, the Institute reported. It was the biggest year-to-year gain in history.

This expenditure will be overshadowed, however, by the anticipated expenditure of more than \$400,000,000 for each year of the present biennium," the report added. "Demands for still more spending may be expected in the next Legislature. Higher taxes will be difficult to avoid unless Texans alarmed by the prospect make their voices heard between now and January, 1949."

Apples, Celery, Carrots Help Avoid Dentist

HOUSTON—An apple a day—plus a little celery and raw carrots—will keep the dentist away, says a University of Texas Dental School doctor.

"One way to prevent tooth decay in children is for them to chew raw carrots, celery and apples at the end of every meal. Although it is no sure prevention, it will help lessen decay," Dr. S. S. Arnim said.

As good as celery, carrots and apples chewed immediately after a meal, he said, is a good scouring with a tooth brush.

"Anything," Dr. Arnim added, "to get the food out of the mouth and into the stomach, where it belongs."

"I can say now what I could not have said 10 years ago. We have acceptable methods for control of tooth decay. The most reliable through the years has been surgery, followed by restorations with metallic materials," he said. "Add to the old one of grinding and filling teeth a low diet in sugar content, drugs and oral hygiene. Oral hygiene is the least satisfactory," Dr. Arnim said. "Getting people to brush their teeth regularly is no easy matter. But I don't give up hope. All of us take a bath daily, and maybe some day we will develop the habit of actually keeping our mouths clean."

ENLISTMENTS RISE

WASHINGTON—National Guard enlistments rose to 8,023, bringing the total new enlistments to 38,174 since the nationwide recruiting campaign started Sept. 16. This is the highest weekly total so far and indicates that the recruiting campaign is gathering momentum, Maj. Gen. Kenneth F. Cramer, Chief, National Guard Bureau, announces.

IF YOU SEND A MULE—

COLLEGE STATION—The County Neighbors Club in Carson county is well-named. The members are neighbors not only with the family across the fence, but with a family across the Atlantic. And that is being neighborly in the fullest sense of the word.

Charlotte Tompkins, county home demonstration agent, says that the club has sent six boxes of food and clothing to the family of Vasilion Anagnostopoloulos, in Arkadias, Greece. Recently, Mrs. George Latta, who was president of the club, received a letter from the father of the family. It was written in Greek and the club called on a native of Greece in Amarillo to translate it.

After reading the letter, the club has a personal reason for wanting to help out in the government's program for saving grain, for Vasilion Anagnostopoloulos told of the lack of food. "On top of that," he wrote, "we had a drought and made no wheat this year. We need something to eat—flour worse of all." He has a family of five children, ranging from 2 months to 12 years in age, and the clothing sent by the club has been badly needed.

With the last sentence, Vasilion told more of the conditions of the country than he realized. "We need a mule," he said. "If you send a mule send a small one, as we don't have much feed."

POSTAL RECEIPTS

AUSTIN—Postal receipts in Texas recovered their August declines in September, chalking up a 6 per cent monthly increase. The University of Texas BBR reported.

The Bureau's seasonally-adjusted index moved upward 3 per cent since the gain was more than the usual August-to-September hike. The index stood at 214.7 to better its September 1946 mark by 14 per cent. Last year receipts dipped 6 per cent between August and September.

Receipts for the month totaled \$2,656,449 with small and medium-sized towns registering the greatest percent increases.

Americans ate an average of 382 eggs per person in 1946.

POULTRY, EGG SHIPMENTS

AUSTIN—Turkey shipments scored a 1 carload gain during September, but shipments of all other types of poultry and eggs from Texas stations were on the downswing. The University of Texas Bureau of Business Research reported.

Egg shipments suffered a 54 per cent monthly setback to fall 59 per cent below year-ago loadings, and register the greatest monthly decline.

Compared with September 1946 shipments, turkey loadings are up 20 per cent, and shipments of poultry and eggs are failing to come up to September 1946 marks. Interstate receipts of eggs by rail at Texas stations, also on the downgrade, slid to a total of 45 carloads in September compared to 58 in August and 93 in September last year.

True Stories of West Texans

(By N. H. KINCAID)

LIGE CARTER'S AFFLICTION a quarter of a century before. And Lige placed a hand over one eye and looked again. No doubt about it; that was a pretty girl sitting in that wagon in front of Doan's store. And her father was nowhere around. The stage setting was perfect. Jerking his hat more firmly onto his head and at the same time surreptitiously digging his heels into the horse's flanks, Lige instantly found himself astride a local cyclone. But he knew his mount; and he was a T/Diamond horse. Uncle Wash Bryan had been building up the breed ever since importing the first head, and the brand, from Old Mexico over

you insulted me . . ."
But Lige didn't hear the rest. Whirling quickly he rode back in the direction of their camp. It's funny, he told himself, how much easier it is to deal with cattle than with people—especially with women! Even when the cattle were cantankerous.

Now take this herd of T Diamond stuff. He and young John Bryan, with eight cowhands, were trailing 2500 of them to Dodge City. And aside from the routine problems, they hadn't been much trouble. But just one woman, now!

Lige had rejoined John Bryan at camp and told him his woe when John suddenly nudged him and pointed.

"Is that your irate husband, coming yonder?"

Watching the approaching horse-man, John chuckled as he wondered how Lige would squirm out of this one. Atoning a woman's honor could be deadly serious business in the frontier country!

As the rider drew near, John noticed that his companions' right eye was twitching rhythmically. The strange, also noticed it as he angrily reined in before them and dismounted.

"This is your paint, I presume," he asked Lige, nodding toward the horse Lige was rubbing down.

"Yes, yes, it's mine." Lige paused to answer, but his eye kept up its twitching.

The stranger hesitated, and then blurted, "does it do that way all the time?"

"Yes," and Lige's voice was sad. "It's an affliction; I've been troubled with it all my life," and he shook his head sorrowfully.

The stranger was silent, then impulsively thrust out his hand. "I'll say, Old Man, I'm sorry! My wife thought you were winking at her. I'll go tell her that she was mistaken."

As he rode out of earshot, John let out a whoop. That's a good one. A fellow comes up to shoot you, and ends up by begging your pardon!"

Policies, Program Of WTCC Explained

ABILENE—Proposed policies and work program from the West Texas Chamber of Commerce in 1948 are being debated by town groups in the area served by the regional organization as the 1947 convention season—sixth annual of the referendum type—nears the climax.

Announcement from headquarters Saturday said reports had been received of local referendum meetings held during late October in 22 of the 140 affiliated West Texas towns. The number is expected to exceed 100 before Nov. 11, when the directors' assembly will convene here to register the final and binding vote on all planks in this year's referendum ballot.

President H. C. Custard of Cleburne, will preside at the windup session. It will be a business affair with time out for the assembly luncheon at which C. W. Bailey, banker of Clarksville, Tenn., will speak. Bailey is the immediate past president of the American Bankers Association.

For Rural Life

Policy planks call for work for enhancement of Texas rural economy and life: parity in freight rates with new comprehensive studies of commodity rates moving raw materials produced in volume; continuation of the West Texas industrialization campaign; security benefits for full-time workers in the area's local chambers of commerce; and promotion of better relations with Mexico.

Most extended discussion has been on Plank 2, advocated by the Agricultural & Livestock commission headed by W. R. Cusenbary of Sonora. This resolves that the regional chamber campaign for adoption of the state constitutional amendment submitted by the last Legislature which, if adopted at the November 1948 general election, will permanently abolish the state ad valorem tax for general revenue purposes, and second, authorize counties by popular vote to levy property taxes up to 30 cents per \$100 valuation for financing their own farm-to-market roads and flood control projects.

Soil and Water Conservation

The WTCC's commission's proposal in Plank 2 is that, if the amendment is adopted by Texas voters, the Legislature pass an enabling act forthrightly defining soil and water conservation as coming within flood control, and authorizing respective counties to set up tax supported funds earmarked in advance for de-

termining and meeting their own distinctive problems in that broad field aimed at improving rural economy and life, as well as for lateral roads.

The commission contends that abolition of the ad valorem tax heretofore going into the state treasury could be diverted to provide the 132 counties of West Texas with not less than \$4 million annually for these purposes—all without establishing new political subdivisions and incurring added overhead administrative expense. Such a plan, says the commission, will provide faster, more effective and more economical methods for preserving and fully utilizing the county's soil and water resources.

Tie-In With Districts

The conservation plank stresses that enabling legislation for putting the constitutional amendment into operation should require that each

county's soil and water work tie in with and carry out its share of any existing district conservation program to which it is committed, with its portion of the overall fund to be spent within the county. Other safeguards call for a definite limit on the entire program so as to assure relief from the tax after a given period; for explicit breaking down and allocation of the county's tax fund with a 75 per cent ceiling on any one project; and for providing good fiscal control to assure maximum farmer protection and benefits.

If Plank 2 is adopted the WTCC will study out and submit to the next Legislature a proposed enabling bill. Wiley Caffey, president of the West Texas County Judges & Commissioners Association, has joined WTCC's agricultural commission in sponsoring the plank.

When Your Back Hurts
And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

A WORD TO THE WIVES

about Adequate Wiring

Maybe you feel that the wiring in your home is your husband's affair. If you do, you're badly mistaken. For, without adequate wiring you are unable to enjoy the many conveniences and luxuries that all of the new modern appliances and low cost electric service have made available.

And, so, that's why we say a "word to the wives" about adequate wiring is important. Call or write your nearest Public Service Company office for free survey!

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future needs.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

We have nothing to sell but good electric service.

Reba Hillhouse Bride Of Roy E. Dickey

The marriage of Miss Reba Hillhouse and Roy E. Dickey, was performed in the Central Christian Church of Vernon, Texas, on October 26, has been announced here. Nuptial vows were said before Rev. R. E. Austin, pastor.

Mrs. Hickey wore a gray suit with an aquamarine crepe blouse and black accessories, complimented with a corsage of pink carnations. Mrs. Morris Freeman of Clovis, acted as matron of honor. She was dressed in a brown suit with an aquamarine blouse and brown accessories, and a corsage identical to that worn by the bride.

Morris Freeman attended the groom as best man.

Mrs. Dickey is the daughter of Mr. and Mrs. Stanley Hillhouse of Clovis, formerly of Farwell. She graduated from the Farwell high school and later graduated from the Holmes School of Shorthand, in Amarillo. For the past two years she has been employed as secretary to the manager of the News-Journal in Clovis.

Son of Mrs. W. M. Dickey and the late Mr. Dickey of Vernon, the groom was graduated from that high school and served with the Air Corps for 4½ years, spending one year in the Pacific theatre. Formerly employed by the Vernon Daily Record, he is now press foreman of the News-Journal.

Mr. and Mrs. Dickey are building a home in Clovis and will reside in that city.

Mr. and Mrs. John Graham and son of Dawn, visited Sunday in the home of Mr. and Mrs. B. N. Graham.

DR. LOUIE D. NEWTON, Atlanta, Ga., who will be one of the featured speakers at the Texas Baptist convention in Amarillo, Nov. 11-13.

Texas Baptists Will Meet In Amarillo

Five thousand Texas Baptists will attend the Texas Baptist General Convention, in Amarillo November 11-13, to hear reports on denominational work of the past year and messages from outstanding Baptist ministers and laymen.

Featured on the three-day program will be Robert S. Kerr of Oklahoma City, former governor; Dr. Louie D. Newton of Atlanta, Ga., president of the Southern Baptist Convention and Dr. J. M. Dawson of Washington, D. C., public relations secretary for the Baptists of America.

The convention opens Tuesday evening, Nov. 11, with an address by President Dr. Wallace Bassett, pastor Cliff Temple Church, Dallas. Dr. Newton will speak Wednesday morning, followed by the convention sermon by Dr. A. D. Foreman, Jr., pastor First Baptist Church, Amarillo. The afternoon session will feature reports from Baptist colleges.

Wednesday night will bring reports from the WMU of Texas and the State Baptist Brotherhood. Dr. Dawson and Governor Kerr will speak Thursday morning, afternoon messages will be brought by Dr. T. L. Holcomb of Nashville, secretary of the Southern Baptist Sunday School Board, and Dr. Blake Smith, pastor University Church, Austin.

Mr. and Mrs. Jason Gordon and family, of Lubbock, were weekend guests of Mr. and Mrs. John Armstrong and family.

Mrs. Jimmie Morris and children, of Clovis, visited friends and attended the school carnival in Farwell, Friday night.

LOST: \$5,000,000

COLLEGE STATION—A little time and trouble now, plus some rotenone, can put Texas cattle- and dairymen on the road to saving \$5 million.

How? By spraying for cattle grubs. Statistics show that forty-two percent of all Texas cattle are grubby. Grubby cattle are discounted on the market at about one cent a pound. The total loss to Texans in the cattle and dairy business in terms of milk, meat and leather each year comes close to five million dollars.

Most farms and ranches cause their own trouble with grubs. Extension entomologists for Texas A. and M. College point out. Heel flies are the parents of grubs, and the flies seldom migrate over half-a-mile. So treatment for grubs in the fall and winter will control the heel fly on the farm and ranch in the spring.

Spray the backs of the animals with a mixture of 7½ pounds of 3 percent rotenone in 100 gallons of water at about 30-day intervals in the fall and winter, the entomologists say. Rotenone dust can be used on small herds.

Control now will help to save food next year, too, as it takes from 10 to 15 percent more feed to fatten a grubby steer than one free of grubs.

ARMY CAREER OPPORTUNITY

WASHINGTON—The Army's new pre-selected school plan and leadership training program provide exceptional opportunities for intelligent and ambitious young men to qualify for career service in the Infantry, Artillery, or Armored Cavalry, according to Gen. Jacob L. Devers, Commanding General, Army Ground Forces. The plan makes it possible for a man between the ages of 17-34, inclusive, with a high school education or its equivalent, to select one of the Army's 60 specialized training courses before actually enlisting.

Mrs. Raymond Ross and family visited last week in the home of Mr. and Mrs. B. N. Graham while her husband was on a trip East. Ross joined his family here Sunday and they returned to their home in Morton.

Mrs. Howard Mayfield is here from Friona to spend a week with her daughter, Mrs. Woodrow Lovelace, and new granddaughter, Diane.

Lee Bradshaw is here from Shreveport, Louisiana, to spend a few days with his wife and son.

FEATURE FRUIT

COLLEGE STATION—Now that flour and eggs are on the list of critical foods, it's a good idea to feature fruits in desserts for the family. A variety of fruits, fresh, canned and dried, are on the market this fall, and there is plenty of sugar and syrups for sweetening.

All homemakers know that baked pears and baked apples are easy to prepare as well as good to eat. Dried apples, peaches, apricots and prunes can be served many ways. Raisins add taste and texture variety to such dishes as baked apples, apple-raisin marmalade, fruit and waldorf salads.

Spiced prunes are good hot or cold and may be served as a relish with the meat course or as a dessert. Prepare the prunes in the usual way, Louise Mason, Extension food preparation specialist for the Texas A. and M. College, says, then toward the end of cooking, add sugar to taste, a few grains of salt, such spices as clove, nutmeg, cinnamon or allspice, and a little vinegar or lemon juice. Other dried fruits can be spiced by the same recipe.

If fruits are used as much as possible, Miss Mason pointed out, there is less need for cakes, pies and puddings. By cutting down on baked desserts, the housewife is doing her part in the government's program for saving certain foods.

ON UNIVERSITY STAFF

AUSTIN—W. L. Merrill, Gulf Oil Corporation official on leave of absence, has joined the University of Texas petroleum engineering staff. He is a production engineer for the Seminole district, and will work on production problems and field trips.

PLAY FOR DANCE

CHIKASHA—The Swingerettes, Oklahoma College for Women string band, under the direction of A. O. McGuffee, will play for the second monthly student dance on Friday evening, November 7.

CC LUNCHEON TUESDAY

Tuesday at the regular meeting of the Bovina Chamber of Commerce, luncheon was served to 23 members and guests by the ladies of the Me-

thodist Church, at the Legion Hall.

Following the luncheon, president Bedford Caldwell called the meeting to order, an introduced Cason Jones, manager of the Consumers Association. A. J. Ellison announced the chili supper sponsored by the DeMolay and Rainbow Lodges, which is to be given at the Masonic Hall Nov. 15.

Mayor O. W. Rhinehart suggested to the group that Auctioneer Martin of Farwell be invited to the next luncheon to discuss the possibility of a community sale, and the motion carried. Motion was made and carried to have Rev. York write the Southwestern Associated Telephone Company of Lubbock, requesting a local bill collecting office be established for the benefit of subscribers. Caldwell appointed W. W. Williams, O. W. Cherry and C. R. Elliott as a committee to investigate aid to strangers.

Health Notes
By Texas Department of Health

AUSTIN—Commenting on the food conservation program now being stressed throughout the nation, Dr. Geo. W. Cox, State Health Officer today emphasized the importance of including proper food requisites in the daily diet, as being important to the maintenance of health.

"Food conservation is an absolute necessity and all Texans are eager to assist in this program; but eliminating needful basic foods will only result in undernourishment and illness, which can be avoided by observing the Texas Food Standard in daily meals," Dr. Cox said. "This food standard will enable Texans to utilize available foods, eliminate waste, cooperate in conserving food and spend food dollars wisely."

The Texas Food Standard recommended by Dr. Cox, provides all necessary food elements, and for each individual includes daily servings of 1 pint to 1 quart milk; 1 egg or substitute; 1 serving meat, poultry or fish; 1 serving potatoes; 1 serving green or yellow vegetables; 1 serving citrus fruit or tomatoes; 1 serving other fruit; 1 serving whole grain products; other enriched cereals or breads; small amount butter or margarine with vitamins added; sweets or desserts in moderate quantities.

"Good nutrition is based upon the observance of good food habits, practiced every day," Dr. Cox declared. "This is important at any time, but especially now, when it will not only maintain good health but assist in conservation of food supplies."

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending November 1 were 31,315 compared with 17,910 for same week in 1946. Cars received from connections totaled 13,305 compared with 13,123 for same week in 1946. Total cars moved were 44,620 compared with 41,033 for same week in 1946. Santa Fe handled a total of 44,354 cars in preceding week of this year.

REMODELING WORK SLATED

AUSTIN—Work on remodeling and refinishing first floor rooms of the old Library Building at the University for Texas, to house the Texas State Historical Association, will begin soon. At a recent meeting the board of regents appropriated \$100,000 toward renovating the building into the Eugene C. Barker Texas History Center.

ACA News

Harold W. Carpenter, Secretary

The deadline set by the State Committee for applying for payment for leaving a 10-inch stubble of grain sorghum is December 1. By carrying out this practice, farmers may earn a 25c per acre payment from PMA and at the same time protect their land against wind erosion. Producers who have already received prior approval and who have completed harvest are ready to report performance. As this will be the last report to be made on most farms, an application for payment may be signed and submitted to the State Office for payment.

County Committee elections will be held in Farmer County about December 8. The number of PMA communities has been reduced from nine to three for 1948, and elections will be held in Farwell, Bovina and Friona. Three community committees will be selected from each community, and one county committeeman will represent each community.

According to releases from USDA the sudan harvest is next to the smallest on record. The amount of sudan available now is about 38 million pounds, about one-half of the usual amount. This may be due to an increase in the use of permanent pasture all over the country.

Dr. and Mrs. V. Scott Johnson and children of Clovis visited friends and attended the carnival festivities in Farwell, Friday night.

WILSON PROVES

(Continued From Page 1)
Hart made two short gains through the line, then Booth backed up and fired a left-hander to Robertson who scampered over into the end zone, and Sheets put another placement kick through the uprights. Score, 32-0. Wilson received on their 17 and made their first first down of the game, advancing to the 39-yard marker, where a pass from Bredagum was intercepted by Pool.

Third Quarter

The diminutive Farwell subs failed to gain, and Sheets went in to kick them out on the 40. Kirby tried a pass which Cassidy intercepted on the 31, but again the youngsters were held and Wilson took over. Kirby passed to Johnson, who went to the Farwell 15, then Limmer added another short gain. A pass from Kirby to Gredagum failed to make a first down, and Farwell was in possession on the 13. Hart toted to the 30, then Robertson appeared in the clear but was pushed out by Bredagum on the 22. Hart went over center for a touchdown, outrunning the Wilson defense, and Sheets missed his try at placement. Score, 38-0. The game saw-sawed briefly, with neither team gaining and the third quarter, ended with Wilson in possession last few minutes Farwell scored two session.

Fourth Quarter

Maeker toted to the 25, running over little Bob Geries, and then handled it again to the 17, where Bredagum took over and made five, with Maeker working the ball into the end zone for the only Wilson score. The placement try was bad, and the score went 38-6. During the last few minutes of the game Farwell scored twice—Robertson faking a long pass and going over from the 10, with Sheets making his kick try, and Hart taking the ball on his own 28 after a Wilson kick, to gallop down the field for the final count.

Cage Season Will Get Underway This Month

The cage season for the Texico basketballers will get underway on Friday night, November 21st. Coach C. E. Sanders said today, when the local teams will entertain the Ranchvale squads on the home court.

Although a complete schedule was not on hand today, Sanders added that some 16 or 17 games have been scheduled during the season, in addition to tournament play, which comes after the first of the year.

Blessed with an unusually large amount of material this year, Sanders today listed Pearce, Baldock, Curtis, White, A. & M. Doolittle, May, Bridges and Blain as outstanding candidates at present.

Coach E. D. Stout, who is handling the girls, still is short on numbers, but indications that the girls will turn out a fairly smooth team.

Cowboys Try To Rope Steers Here Friday

Hores of the Oklahoma Lane Cowboys to lasso the Farwell Steers, who have breezed through their current football season without a close call, will be displayed here on Friday, November 3rd, when the two teams meet for their second time this year. Although the Steers took a handy win over the Cowboys some weeks ago, fans report that the Laners showed considerable force against the Bovina Mustanes and almost upset that squad, which might mean that Farwell will be in for more of a scrap than they expect when game time comes.

Coach Jack Williams reported the first of the week that none of his boys sustained injuries—other than the usual bruises—in the game with Wilson last weekend, and added that he expected the full squad to be ready for action.

The starting lineup will probably include Sheets at center, Thomas and Ford at ends, Booth, Hart and Robertson in the backfield.

Game time is 2 o'clock, and Edelman and England, of Friona, are slated to call the game.

"The Adorable Imp" To Visit Texico, Nov. 14

A laugh-riot in three acts will be presented by members of the Texico junior class in the auditorium next Thursday night, November 14th, when "The Adorable Imp" makes her debut on the Texico stage.

Jean Rogers is cast as 17-year-old Betty Lou Gordon, who must act the part of an 11-year-old because her pretty widowed mother—out after another man—has told a wealthy admirer that she is only 29. Disgusted because her old beau Bryan Barclay (Vernon Blain) won't propose, Pamela Gordon (Peggy Rogers) becomes interested in rich Dilworth Pickrell (Delmar May), and gets involved with his entire family, including Winston Pickrell (Fred Curtis), his grandfather; Ross Waldron, a cousin, played by Buddy Pearce; and Imogene Van Ryston (Claudine Bridges), his ward.

Dilworth suffers from dyspepsia, old Winston has the gout, and snooty Imogene is allergic to cats. In the midst of this, Betty Lou learns that Ross is the boy she fell in love with at a football game, and to keep him out of sight "The Imp" plays all sorts of pranks on the family. To further complicate matters, Bryan disguises himself as Tompkins, the new butler, and makes life miserable for Dilworth.

The comedy is well written and well handled by members of the cast, who urge everyone to make it a point to be on hand on the evening of the 14th for good entertainment.
