### Foretaste of Winter Sweeps Over Plains

### Steers Tromple Laners In Final Home Game

The Farwell Steers ran wild over the Oklahoma Lane Cowboys after falling behind 6-0 in the opening minutes here Friday, in what was the last home game of the regular football season. Final score for the furious Steers was 40, while the Cowboys were never able to add another counter to their first six-point-

This was the sixth consecutive victory for the local six-man squad, which is now pointing toward the playoffs with the Bovina Mustangs, to be played at Bovina.

The game was marred by fumbles on the part of both teams, but brilliant runs interspersed action sufficiently to keep spectators on their toes during the match.

In accordance with custom, the "Football Queen" was announced at the half-time of the final game, with Miss Wanda Sheets being crowned by Co-Captains Bobby Hart and Junior Robertson.

Apparently taking it easy, the favorites allowed the Coyboys to get away from them in the first quarter, when Sudderth took the pigskin from his own 37 into the Farwell end zone, scoring the first touchdown of the game. Hanna's try for placement went awry, and the score stood 6-0 in favor of the visitors. This, incidentally, was the first time that the Steer first-string had been scored on this season.

On the kickoff, however, Sheets royally avenged the Steers, when he did a beautiful bit of broken field running the entire length of the field. His place kick try was blocked by the charging Coyboys, and the count remained 6-6.

**Steers Get To Work**

Farwell kicked off, with Oklahoma Lane taking over on their 20. Christian passed to Sudderth for five and then Grissom fired one which was grabbed out of the air at mid-field by Ford, for Farwell. Robertson swept left end for 10, Hart banged away at the line for a scant three. Booth passed to Robertson who went out of bounds for a scant 1-yard gain, and finally hefty Hart took the ball and rampaged around right end for the second Steer tally, with Sheets making his placement good, and the score was 14-6.

The Cowboys took over but were unable to make much headway against a stubborn Farwell defense, and finally kicked, with Sheets taking the ball. On a handoff to Booth the ball was dropped, and Oklahoma Lane recovered on the 15 as the quarter ended.

On the first play of the second quarter the Cowboys returned the ball to Farwell via fumble, with Hart covering, Hart gained to the midfield marker, Robertson added eight, an incomplete pass and a penalty set the Steers back on their heels but Hart made it up with a 20-yard run and Booth passed to Robertson who fell on the 15. Hart hit the line again for three yards, but on the following play the ball again went free and Oklahoma Lane recovered on their own 12.

Oklahoma Lane drove upfield, but fumbled again, and Farwell was in possession on the 35. Hart carried for two and Robertson then tucked the ball under his arms and headed for the end zone, scoring Farwell. The place kick try was blocked, and the score stood 20-6. As the half ended, the visitors were in possession on their own 30.

**Third Quarter**

The Steers kicked off to open the third quarter, with Christian making a slow return which was halted on the 25. Grissom hit the line for two and Hanna added another two, with Grissom then carrying for eight. On an attempted pass, Grissom was dumped for a 15-yard loss, and then Sheets grabbed a fumble and made five for Farwell. Robertson gained a yard, Hart hit the line for no gain, and Booth wound up his left arm and shot a beauty to Sheets in the end zone. Score, 26-6.

Sheets' kickoff was taken by the Coyboys on their own 10 where they were stopped, and after three unsuccessful tries to gain ground, (Continued on Last Page)

### Something New Added, C.O.D. Announcements

It is very seldom one can be surprised over a birth announcement, but Woodrow and Dorothy Lovelace tried something new recently.

Sending out the glad tidings to announce the arrival of their daughter, Dianne, the new parents mailed the cards without sufficient postage to get them delivered—and the Lubbock P. O. has been sending out C. O. D. duns to the addressees.

### Death Claims Aged Bovina Resident

J. C. White, age 80, a resident of Bovina for the past 17 years, died at the family home in Bovina late Saturday night after an extended illness. He had been in failing health the past two years, and had been confined to his home almost constantly since last May.

Funeral services were conducted at the Methodist Church in Bovina Sunday afternoon, with Rev. George York, pastor, officiating. Under the direction of Lemon Funeral Home of Plainview, burial took place in the Bovina cemetery.

Mr. White was born in Missouri. On Nov. 18, 1867, he was married to Miss Molly Funderburg. Three children were born to the union, all of whom survive. They are: Mrs. Harold Turner, daughter, of Patterson, Calif.; and two sons, Hubert of Hereford and Otis of Bovina. Other survivors include the widow and four grandchildren. Mrs. Turner was unable to be present for the funeral.

### Detour Route Open On Clovis Road

Travelers between Texico and Clovis are now being routed along the old Texico-Clovis highway, south of the Santa Fe tracks, beginning at the underpass west of Texico.

The detour was opened last weekend, and traffic will be routed over this road while the 4-lane highway between Clovis and Texico is being constructed.

Due to heavy traffic which causes a large amount of dust along the detour, motorists have been advised to drive with extreme caution. They are also advised not to take the route one mile north of the pavement as a detour. This dirt road is now being graded and is almost impassable in some places.

It will likely be a year before the new four-lane, will be ready for use, it is believed here.

### COMMISSIONERS HAVE MEETING MONDAY

Parker County Commissioners had a regular meeting at the courthouse on Monday, and at the conclusion voted to reconvene for regular session on November 24th.

Routine business was disposed of and bills ordered paid, including the expense account of Sheriff Earl Booth.

The road petition of Nelson Welch et al was accepted, and a jury of view appointed, including Estes Bass, Walter Fangman, Ralph Miller, R. E. Barnett and Nelson Welch.

The petition concerns a first class road, 60 feet wide, beginning at the NE corner of Section 11, continuing south along the east line of Sections 11, 14, 23 and 30 and along the west line of Sections 12, 13, 24 and 25, to US Highway 60, for a distance of a fraction over 3 miles.

### SHOWING IMPROVEMENT

Mrs. Lula Hays, aged Texico resident who suffered a hip injury early last week when she fell at her home, has been returned to the home of her daughter, Mrs. Curtis, after receiving treatment in a Clovis hospital. She is reported to be recuperating satisfactorily.

Residents of the High Plains got a slight taste of what may be expected during the winter months ahead last Thursday, with the first sandstorm of the season.

Thursday's duster was followed on Friday by the lowest temperature reading of the season when the mercury dropped to 18 degrees above.

Local residents viewed Thursday's sandstorm with apprehension and the feeling that "the worst is yet to come", should it remain dry. Thousands of nude fields, left bare with the harvesting of wheat, and many more acres of land that have been summer tilled during the past several months in preparation for wheat sowing, have set the stage for a series of dusters that may be expected during the remaining months of winter—or until moisture is received.

Other factors that are calculated to lend their support to sandstorms are freshly graded roadbeds along the railroads and highways in this section.

Farmers who were fortunate enough to leave stubble on their land are now congratulating themselves. While on the other hand, those who summer followed their lands say there is little or nothing they can do to tie down the fields until rain is received. They say that such fields are entirely too hard to permit plowing of any sort.

Asked what he did last Thursday to prevent his land from blowing, a Bovina farmer who had summer tilled replied, "Just sat at home; there was nothing I could do."

And every day, more and more irrigation wells go down, in the desperate race to produce a 1948 crop.

### Grissom Wins State Dairy Production

C. W. Grissom, son of Mr. and Mrs. L. M. Grissom of the Oklahoma Lane community, has been announced as winner in the Texas dairy production contest, County Agent Ollie Liner said today, and will be presented a \$25 war bond by the Kraft Food Corporation.

By virtue of belonging in the blue ribbon group, the Oklahoma Lane lad is now eligible for participation in the sectional contest, which embraces several Southern states. Eight sectional winners will be named, with trips to the National 4-H Congress in Chicago, in December, as the prizes. Sectional winners are also eligible to compete in the national contest, with school scholarships offered as prizes. Announcement of sectional winners is expected around November 20th.

Grissom has been active in 4-H club work for nine years, during which time he has specialized in dairy animal projects. For the state contest, he submitted DHIA records on four registered Jerseys, Liner said.

Recently, his entry at the Parker County Dairy Show was judged as top production animal, and previously he was one of the Santa Fe trip winners, attending the Congress in Chicago.

### ATTENDS PURINA MEET

Raymond Means, manager of the Farmers Supply Company, returned home the latter part of last week from St. Louis, where he spent a week in company with more than 200 other Texas dealers, attending a meeting of Purina dealers. He said it was a great meeting, and added that he saw "things I would not have believed possible". In addition to the instruction classes, held in St. Louis, the delegation paid a visit to the large Purina demonstration farm north of St. Louis.

### Attending Training School In Clovis

Seven members of the Methodist Sunday School teaching staff were in attendance at the training school conducted at the First Methodist Church in Clovis the first three days of this week.

In the group were Mr. and Mrs. Loyde Brewer, Mrs. R. B. Ezell, Mrs. H. A. Thornton, Mrs. Jim Moss, B. N. Graham and Rev. Harvey Carrell.

During World War II 4,781,755 personnel served in the Navy, Marine Corps and Coast Guard, compared to 682,980 in World War I.

Moving toward the actual establishment of a Soil Conservation District in Parker County, an election has been called for Saturday, November 22nd. At this time all land owners who have attained the age of 21 years will cast ballots either for or against the establishment of the district.

In order for the district to be assured, the election tabulation must show approval by two-thirds of the voters, it was announced.

The district will be supported by the State, it is understood, but County Agent Ollie Liner today reminded that it may be from six months to a year before the actual machinery can be set in operation here.

Voting places will be established at Black, for voters residing within the Black and Summerfield school district; at Friona, Bovina, Farwell, Lazbuddy, Oklahoma Lane and Rhea.

Judges and clerks are as follows: Black—Roy Euler, judge; Mrs. Clyde Hays, Mrs. O. B. Robertson, clerks.

Friona—S. L. McLellan, judge; Mrs. J. G. McFarland, Mrs. Wesley Hardesty, clerks.

Bovina—I. W. Quickel, judge; Mrs. M. L. McFarland, Mrs. C. R. Elliott, clerks.

Farwell—John Armstrong, judge; Lester Norton, clerk.

Lazbuddy—Albert Carroll, judge; Aubert Wilson, Glenn Dunn, clerks.

Oklahoma Lane—C. C. Christian, judge; Oswald Jones, J. I. Gober, clerks.

Rhea—Jack Woltman, judge; Melvin Sachs, Oscar Baxter, clerks.

Polling places open at 7 a. m. and will close at 7 p. m.

The proposed district will include all land in Parker County, approximately 549,800 acres.

### Make Connections On Bovina Water Lines

The last hurdle in a long, determined effort to furnish Bovina with ample water for all domestic usage was scheduled to be completed early this week.

Having purchased the two small water distributing systems operated in Bovina by Mrs. Mae Abbott and C. R. Elliott, City officials stated Saturday that they had negotiated a deal with the Santa Fe Railway Company for the use of a 150,000 gallon storage tank, which had been connected to one of the Santa Fe wells which is pumped by a large pump capable of lifting 140 gallons per minute.

A two-inch line, connecting the storage tank with the distributing systems, was laid last week, and the entire hook-up was expected to be completed early this week.

Bovina officials pointed out that this arrangement was only a temporary set-up while a large system, bonds in the amount of \$65,000 being voted some months ago, is being arranged. When it became apparent that it might be several months before materials could be obtained for the larger system, officials moved quickly to set up the temporary water supply.

"We'll have all the water we need under the present setup, except in case of fire," Mayor O. W. Rhinehart observed, adding that officials were doing everything they could to get the large system installed just as soon as possible.

### ORDER NEW MACHINE

The Atchison, Topeka & Santa Fe Railway Company has ordered a 32 level model 2 electric interlocking machine from the General Railway Signal Company. This equipment will be used to replace an existing electric interlocker at Dalies, N. M. The new machine will control 10 electric switch machine and 16 signals. Nine levers will be spares. The order includes type SA Searchlight signals.

### START WORK ON PLAY

Work on the annual junior class play has been started at the Farwell school, with Mrs. Earl Booth directing the activities. The play, "The Atomic Blonde", will be presented in the auditorium of the school on Thursday night, December 4th.

### TO ENLARGE STADIUM

AUSTIN—When the University of Texas Memorial stadium is enlarged, seating capacity will be 66,000. Tentative plans are for the stadium to be enlarged before the 1948 football season.

## Farmers Are Finding Inflation Is Pleasant

WASHINGTON—The farmer is relatively better off today than he has been in many a year.

He is one of the most favored in that lucky portion of the population who have been benefitted rather than injured by inflation.

Many farm experts feel that the farmer even now is not earning as much as he should, considering his contribution to the national economy. Nevertheless, Agriculture Department statistics indicate his economic position has improved far more, in proportion, than that of most groups.

### Figures Tell The Story

The key to the farmer's present well-being is the fact that his earnings have increased substantially more than his costs of production and his living costs. These figures from the Bureau of Agricultural Economics show what has happened:

The prices he receives for his products have increased 167 per cent above the low averages of 1935-39. At the same time, he has increased the volume of the goods he markets by 52 per cent.

He is getting a larger share of the money that people pay for farm products. In the 1935-39 period only 40 per cent of the retail cost of food went into the farmer's pocket, the rest of it going to the "middleman", the marketing agencies. Since 1935, however, he has received from 52 to 56 per cent of each dollar the consumer spends for farm products.

The prices the farmer pays have increased only 102 per cent in the period. This is divided between his costs for commodities used in production which have increased 93 per cent, and what he pays for commodities he uses in family maintenance which have risen 110 per cent.

### Income Skyrockets

The effect of all this show's up in the BAE's estimate of the farmer's net income. This rose from \$5,648,000,000 in 1940 to \$18,089,000,000 in 1946. The BAE looks for this to increase by 20 per cent this year.

The per capita annual net income of the farm population rose from \$173 in 1939 to \$620 in 1946. However, the farm population still has less than half the per capita income of the non-farm population, which was \$1,325 in 1946.

But the farmer's income rose 256 per cent in the period when non-farm interests rose only 100 per cent. Furthermore, whatever income he receives from non-farming sources—such as slack season work in canneries or driving a truck, and return from investments—is not included.

### Demand Much Greater

The farmer has been able to accomplish all this because of the enormously increased demand for his products. In addition to the gigantic shipments abroad, he has found a greatly enlarged domestic market. Not only has the population increased by eleven million between 1933 and 1946; the per capita consumption of food in the United States last year was 18 per cent higher than in the years 1935-39. People in general have more money, and they are spending a larger proportion of it on food.

For the future the farmer's prospects look reasonably bright to the agricultural economists. Although food prices react more drastically to market conditions than other prices, the economists expect the demand

for food to continue at high levels through next year and perhaps for many years ahead. And a steady demand will tend to keep most prices up.

Even if a recession hits the farmer, moreover, he can rely on the present subsidy program to cushion any losses through 1948. Meanwhile, both Congress and the administration are hard at work on plans for a long-term farm aid program to assure the farmer that he will never again be the chief sufferer from a deflation squeeze, as he was in the 1930's.

### Local Hunters Take To New Mexico Hills

Leaving here last Saturday, two days in advance of the open season in order that they might be "all set" with the start of the season Monday morning, local deer hunters headed for the hills on their annual trek.

One party, made up of Oswald Jones, G. D. Anderson, John Aldridge, Bill Sherry, J. L. Gober, Leroy Faville and G. D. Anderson, Jr., headed for the Reserve section, along the New Mexico-Arizona line.

Big game hunting licenses were issued to other local residents, including A. L. Hobbs, T. B. Allen, W. T. North, Jr., J. W. Billingsley, Jack White, Luther Moss, M. C. Roberts, John Lockhart, Lewis Meeks. These hunters will be divided out with other parties over New Mexico.

Reports are that an unusually large number of out-of-state hunters are hunting in New Mexico, despite the \$50 license fee being charged non-residents this year.

### Porter Takes Part In Marine Training

Pfc. JeDon Porter, USMC, son of Mr. and Mrs. John Porter of Farwell, recently participated in the Navy and Marine amphibious training exercises held on the Southern California coast. About 9,000 Navy and Marine Corps personnel, 43 ships and 300 planes participated in the various phases of the exercises.

The amphibious demonstration included landings on the Silver Strand at Coronado, or San Clemente Island; and at Camp Pendleton, just north of Oceanside.

Rear Admiral A. D. Struble, USN, Commander, Amphibious Force, Pacific Fleet, was the overall commander of the amphibious training operation, and Major General G. B. Erskine, USMC, was in charge of the tactical exercises ashore.

### Thanksgiving Holiday Dates Announced

Holiday dates for Thanksgiving at both Texico and Farwell schools will be Thursday and Friday, November 27th and 28th, Supts. B. A. Rogers and O. L. Loyd announced the first of the week.

At Texico, Supt. Rogers said that a special program was being planned for the high school students during the last hour of school on Wednesday, and the Border Theatre is offering a special attraction for children which is expected to draw grade students from both schools.

Regular classes will be resumed on Monday morning, December 1.

**Health Notes**

By Texas Department of Health

**AUSTIN**—It is the duty of every citizen, young and old, to help in preventing disease. Every man, woman and child in Texas has a personal obligation to keep as well as possible, and to protect others from illness. Even the kindergarten age child can be taught to cover a cough or sneeze, to help in preventing the spread of colds or other infectious diseases that start with the symptoms of a cold.

Dr. Geo. W. Cox, State Health Officer, emphasizes the fact that the local health officer can do little to break the chain of communicable disease in the community if he does not have the whole-hearted support of the people. Every case of illness that looks suspicious of being a communicable disease should be promptly reported to the health officer. Physicians report to the county health officer the cases of communicable disease they diagnose as such, but parents often fail in this duty. The local health officer cannot institute control measures if he is not informed of cases, or suspected cases of communicable disease.

Some signs and symptoms which often accompany communicable disease are: red and running eyes; running nose; coughing and sneezing; dizziness or faintness; swelling about the neck; sore throat; unusual paleness; earache or running ears; feverish appearance; rash; nausea; vomiting or diarrhea; irritability or other change in normal behavior and appearance.

Help to prevent the spread of communicable disease in your neighborhood by observing correct health practices, and reporting promptly any appearance of suspicious symptoms.

Dial 2131 for expert job printing

**Homecoming Details Complete At NTSC**

**DENTON** — Arrangements for homecoming at North Texas State College, Nov. 14-15, have gone into final phases with preparations being made to facilitate an expected attendance of 3,000 exes and many visitors who attended the college as far back as 1890.

Registration will begin at 1 p. m. Nov. 14, and exes will be given identification cards which will admit them to the stage show and barbecue. Special headquarters will be set aside for the old-timers.

Homecoming activities include a pep rally on the evening of Nov. 14, followed by a dance at the college club house. On Nov. 15, a series of breakfasts and coffees have been planned preceding a parade which will feature approximately 50 floats, and will honor football queen Sue Sewell of Texas City and the oldest ex-student, Miss Henrietta Austin of Denton. The local Chamber of Commerce will award cash prizes for the two best floats.

Highlighting the activities of the afternoon will be the football game between NT and the University of Houston at 2:30 p. m. A business meeting and barbecue will be held from 5:30 until 7:30, with a free stage show planned for 8 and dances in bot hcollege gyms from 9 to 12.

**Fruit Will Be Given School Lunchrooms**

**COLLEGE STATION**—Dried raisins, prunes and peaches will be added to the menus of community school lunchrooms and eligible institutions in Texas when the fruit is received the latter part of November.

Seven carlots each of prunes and raisins and two and one-half carlots of peaches have been purchased by the PMA, according to announcement received from the Dallas office. The peaches will be distributed only to school lunchrooms, because of the small quantity of the fruit, but the prunes and raisins will go to schools and institutions.

The Food Distribution Programs Branch of PMA figures that there will be a two month supply, providing one-fourth pound per child per month, and one-half pound per month for persons in institutions.

Milk cows are creatures of habit. Proper handling of cows on a regular schedule is the essence of good dairy management.

**ADDED TO HERD**

**LUBBOCK**—Two registered quarter horse females have been added to the quarter horse stud being established at Tech, Dean of Agriculture W. L. Stangel announces.

One twoyearold filly, Lulu, was donated by Tom Elrod of Odessa, who ranches near Big Spring. Lulu was selected from Elrod's safe offering of 70 head held recently at Big Spring. The college purchased a seven-year-old brood mare, Shirley Ray, at the sale. Both Lulu and Shirley Ray are bred to Red, Elrod's chief sire, that has qualified for permanent registry with the American Quarter Horse Association.

**BUILDINGS ON SALE**

As wide open to the public as the plains of West Texas is the non-priority sale of 248 buildings at Dalhart AAF, to be held November 25-26. Along with such buildings as dormitories, apartment, pump house with motors, recreation, barracks, mess halls, warehouses and officers quarters will also be offered hog-proof fencing, barbed wire, picket fencing and lattice fencing. Buildings are to be sold with all fixtures they now contain. Inspections may be made between Nov. 17 and 24 any time from 8 a. m. to 4:30 p. m., Saturdays and Sundays excepted.

### Questions Answered For Former GI's

**Q.** My son, who was blinded while in service during World War II, and I would like to know if he is entitled to receive a guide dog at government expense?

**A.** Yes. A service-connected blind veteran is entitled to receive, at government expense, a guide dog and various devices necessary to assist him in overcoming his handicap.

**Q.** Does a veteran have to have a 10 percent or more service-connected disability to be eligible for out-patient treatment?

**A.** Any veteran with an established service-connected disability is entitled to out-patient treatment for the service-connected disability, regardless of the degree of disability.

**Q.** If I go to a private physician to determine whether I need hospital treatment or domiciliary care, will the government pay the cost of the examination?

**A.** Only if VA has given the physician prior authority for such examination.

**Q.** Please tell me what veterans are eligible to have prescriptions filled at government expense.

**A.** If the vet's physician has been authorized by VA to treat the veteran, VA will pay cost of the prescription if it is used in treatment of a service-connected disability.

### Meat Substitutes Are Listed For Meals

**LUBBOCK**—Meat is not always necessary for appetizing and nutritious meals, according to staff members of Texas Technological College Home Economics division, who are compiling menus for meatless days as an aid to home makers.

Dinner is recognized as the most important and difficult meal to prepare without meats, but cheese, fish and egg dishes make simple meat substitutes, they point out.

For a family with a moderate income, a suggested menu includes black-eyed peas, stewed tomatoes, corn, tossed vegetable salad, corn bread, peach halves and cookies. For lunch, vegetable soup, crackers, prune salad, potato chips, peanut butter sandwiches and brownies. And breakfast is hearty with corn flakes, bananas, French toast and syrup. Milk and fortified oleomargarine are recommended for all three.

A meatless day for a low-income family might include dinner of spaghetti and cheese, spinach, beets, cornbread and cookies; lunch of baked lima beans, creamed potatoes, cole slaw and whole wheat biscuits; and breakfast of orange juice, hot cakes and syrup. Milk and fortified oleomargarine are again included.

### DEADLINE ANNOUNCED

**WASHINGTON, D. C.**—All persons who have been tendered appointments in the Regular Army must accept on or before Nov. 30, the Army and Air Force announce. Reason for setting a deadline date, Department officials said, is due to the necessity of both the Army and Air Force to begin implementation of the new promotion act.

**DIAMOND-STUDD** . . . Plenty of sparkle emanates from the mouth of "Diamond" Ted Lewis of Gallup, N. M., when he lets go with a hearty guffaw like this. He has \$10,000 worth of diamonds in his teeth.

### When Your Back Hurts -

And Your Strength and Energy Is Below Par

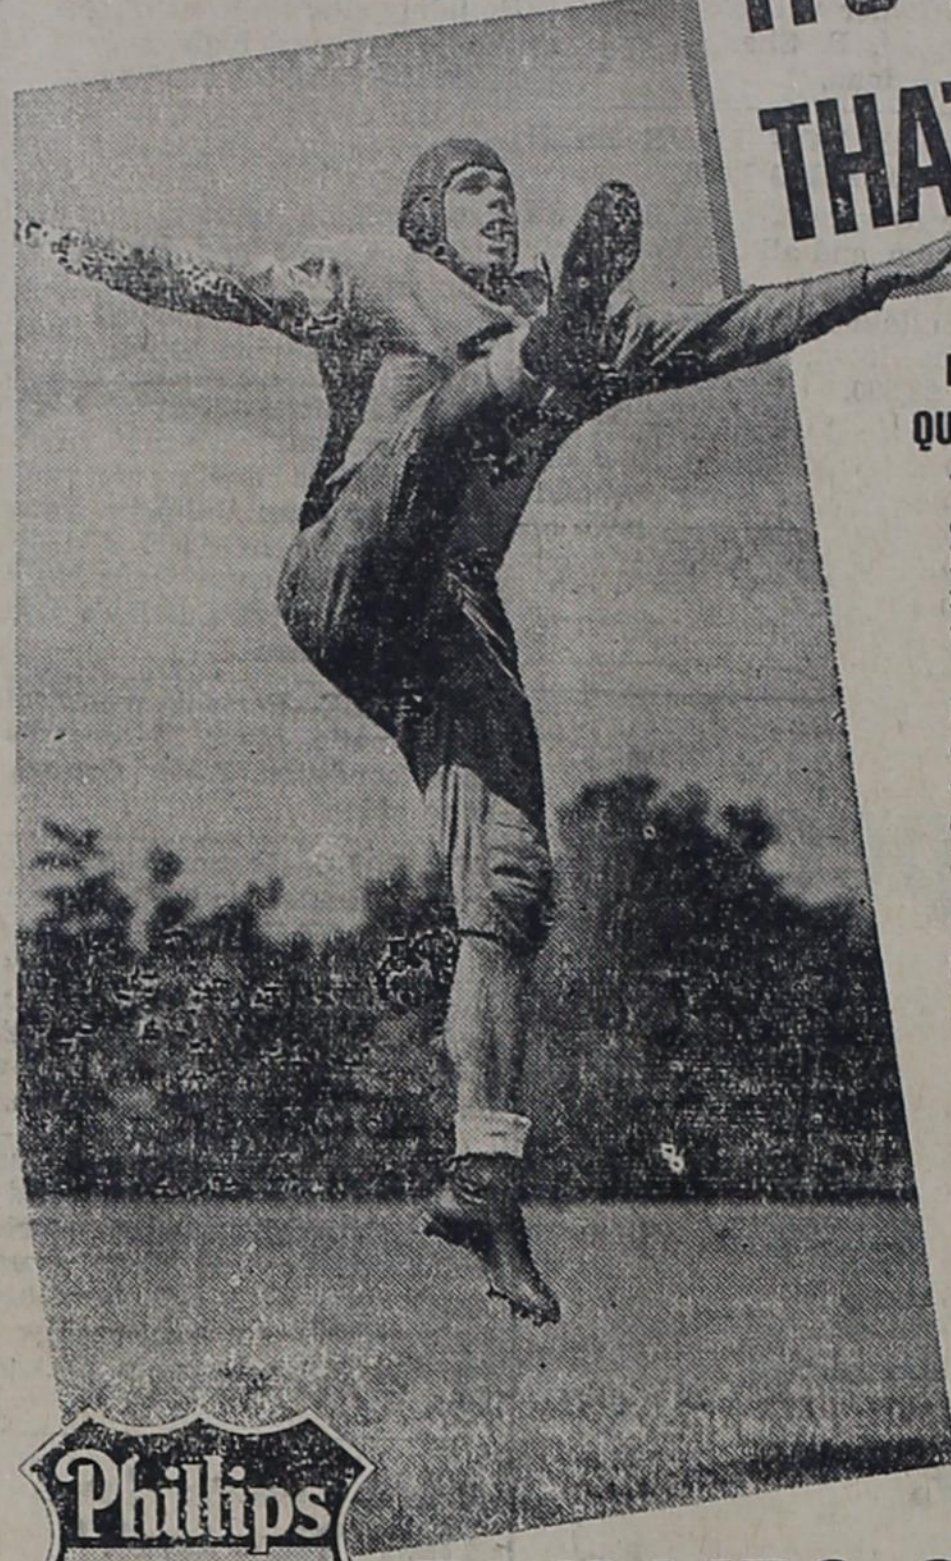

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

### WANTS BALL GAMES

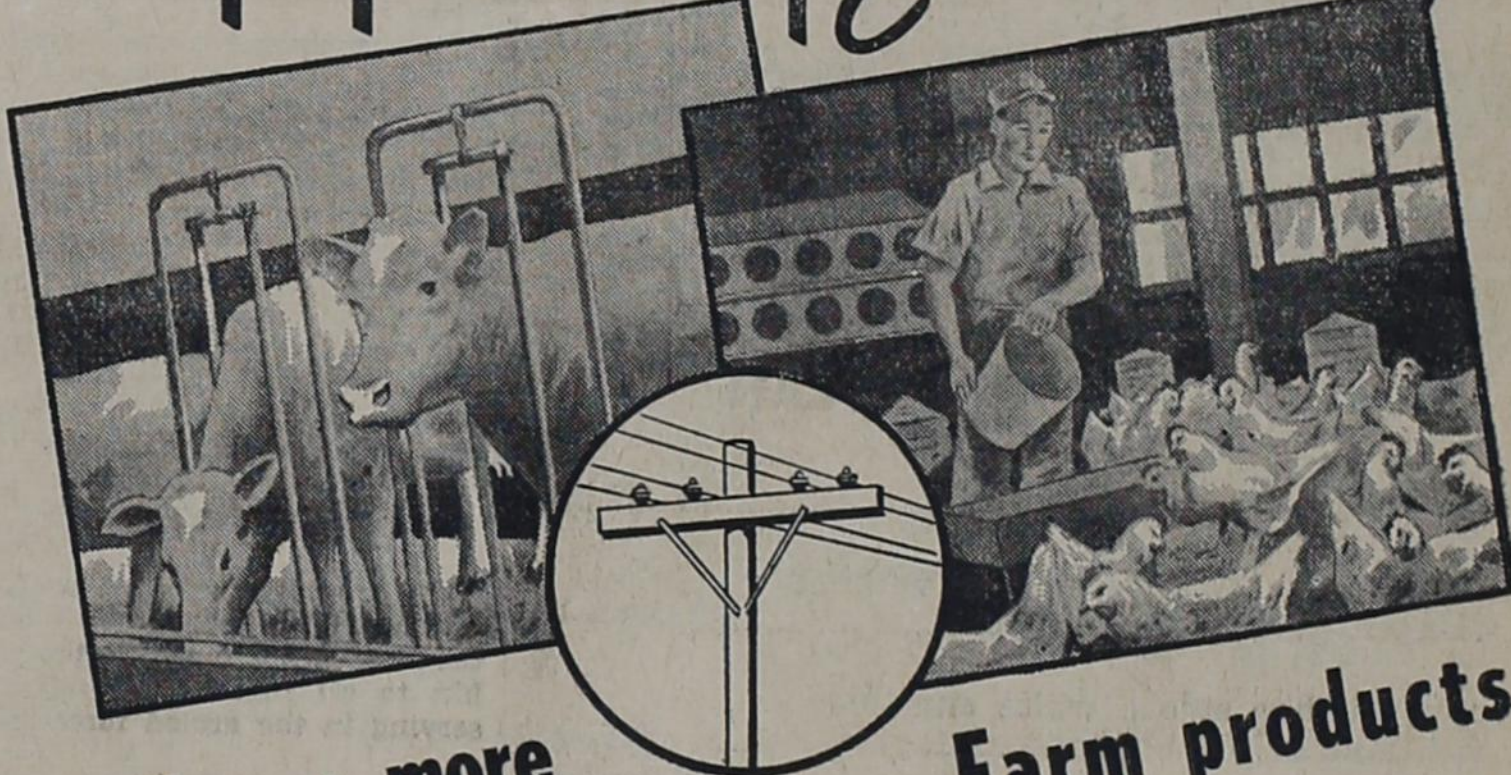

**DENTON**—Ross Collins, "B" team cage coach at North Texas State College is interested in lining up basketball games on a home and home basis for the 1947-48 season with other "B" quintets and junior college squads. The Eagles began practice sessions Nov. 1 and Collins has 15 men working out.

### TRANSPLANT NOW

**LUBBOCK**—Most favorable time for transplanting shade trees and flowering shrubs is as soon as the plants shed their leaves in late fall or early winter, according to Dr. W. W. Yocum, professor of horticulture at Texas Technological College. Contrary to widespread opinion, these plants make roots all during

the fall and winter, and their chances of surviving transplanting is greatly increased if they are allowed to begin growing in a permanent location during this season, he stated. Evergreens should have been transplanted in September or October, he stated, but if this has not yet been done, November is a better time than during the spring.

## "Daylight Saving" Electrically

Means more

Farm products

It's widely known that more hours of light will increase egg production. Good farm lighting increases other farm production, too.

The efficiency and dependability of low cost farm lighting makes working conditions more favorable in the barns, tool house, work shop and feed room.

We'll plan a lighting system especially for your farm. No obligation, of course.

We have nothing to sell but good electric service.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

23 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

FOR SALE—nine room house in Farwell. Two baths, hardwood floors, thoroughly modern; some outbuildings. Located block east of courthouse. Will sell furnished or unfurnished, or would consider trade for 2-bedroom home in Farwell. J. C. Banks. 3-1p

**A&M Cadets Have That "New Look"**

COLLEGE STATION—That "new look" has extended to the famed Texas A&M College corps of cadets, which last week stepped out in a new government-issue uniform.

Gone is the familiar olive-drab that sophomores and freshmen of yesteryear wore, even to the blue lapel that denoted the ROTC cadet. Instead, the underclassmen have blossomed forth in officers' green serge trousers and blouses, while juniors and seniors sport officers' "pinks".

The upperclassmen, besides their Class A uniform, receive a doeskin short coat for cold weather, a field jacket, a fatigue uniform, raincoat, garrison cap, two poplin and three cotton khaki shirts, two ties, and both service shoes and officers' oxfords.

The sophomores and freshmen who do not hold advanced ROTC contracts with the government, receive a basic issue which does not include a number of items listed in the advance issue.

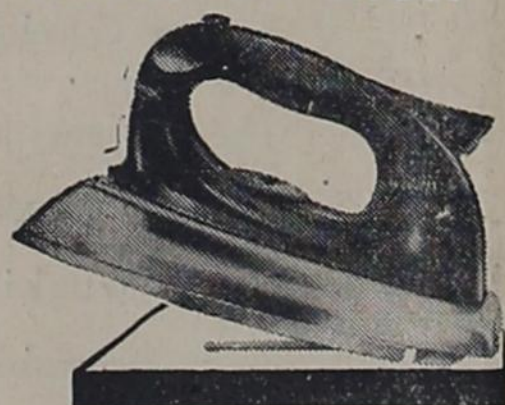

Formerly, juniors and seniors were not issued uniforms, instead receiving a monetary allowance for uniform purchase, while underclassmen received olive-drab clothing.

Khaki uniforms also are issued cadets for warm weather wear.

**DEATH LOSS GIVEN**

An "accolade" in American military parlance is a scroll, signed by the President and sent to the next of kin to all persons who die while serving in the armed forces.

**A REVOLUTIONARY NEW PROCTOR NEVER-LIFT IRON**

- \* The iron that lifts itself!
- \* Makes sit-down ironing possible!
- \* Even heat for faster ironing... better work!
- \* Big Fabric Dial... convenient off switch.
- \* Rayon Safety Signal... red warning if heat is too high for synthetics.

It's new... it's exclusive... it's PROCTOR

**FARM LOANS**

Low Interest — Long Term

**ETHRIDGE - SPRING AGENCY**

Friona, Texas

NOW THIS IS GOING TOO FAR... All right, so the revolution is upon us; the long skirt is here to stay and no one can do anything about it. But when fashion designers carry their insidious plot to the extent of enmeshing innocent children in their coils—that's just too much. The dread secret came out at the American Toy Institute show in New York. Even dolls are wearing wasp-waisted, long-skirted outfits now.

**Retail Sales Still Climb In State**

AUSTIN—Spiraling prices and increased September sales pushed the seasonally-adjusted index of retail sales over the 100 mark for the first time, according to The University of Texas Bureau of Business Research. The index skyrocketed upward to 302.3 (Base: 1935-39-100.)

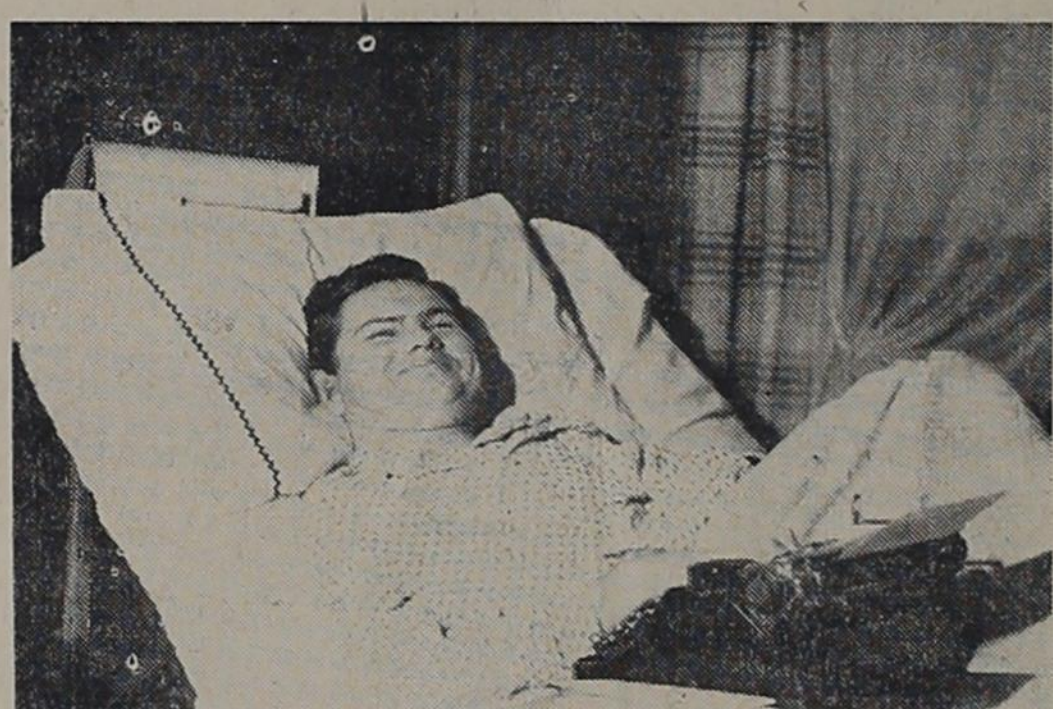

September sales rolled forward to follow the seasonal pattern and rise to \$403,845,000. Non-durable goods stores accounted for \$262,564,000 of the total and durable goods stores turned in a \$141,281,000 monthly sales total. Sales of durable goods dealers stood 24 per cent above the September 1946 levels, while non-durable goods stores registered a sales gain of only 2 per cent. The August-to-September increase was 6 per cent in durable goods, and 7 per cent in non-durable.

In the comparison with September

1946 sales, the state's small towns were running their best race. Dollar sales soared upward 17 per cent between September 1946 and 1947 in towns with a population less than 2,500; sales rose 11 per cent in the 2,500 to 100,000 population group; and the largest cities of the State came up with a September-to-September gain of only 5 per cent.

Cumulative sales totals for the year to date reveal that the smaller towns were faring better than their sister cities, reporting sales 16 per cent greater than in the same period last year, compared with the 11 per cent gain in the population group over 100,000.

Autumn buying boosted apparel stores sales 33 per cent above their August levels to chalk up the greatest monthly sales hike. Merchants were eyeing with alarm, however the comparison with September 1946 sales, which reveals only a fractional gain in dollar figures.

**Gas Producers, Royalty Owners Losing Money**

AUSTIN—Texas gas producers and royalty owners lost approximately \$10,000,000 in 1946 because they received pay for only about seven-eighths of the gas they actually produced, declared E. I. Thompson, executive vice president of the Texas Independent Producers and Royalty Owners Association, at a meeting of the executive committee of the organization held in Fort Worth.

"Pressure should now be exerted to correct this unjust and arbitrary practice," Thompson said. "To accomplish this, a special gas committee of the Texas Independent Producers and Royalty Owners Association has developed a corrective clause, which it recommends that producers and royalty owners insist upon including in all gas purchase contracts, unitization agreements and oil and gas leases."

Briefly, the money lost in Texas gas production is attributed by Thompson to conflicting settlement practices between Texas statutes and gas company determinations. He explained that Texas statutes require that reprints filed with the Railroad Commission under conservation laws be figured at a pressure of only four ounces above atmospheric pressure of 144 pounds per square inch. The tax laws, he said, provide that reports be filed and gross production taxes paid on the same basis. "And yet," declared Thompson, "in settlement with producers the gas companies determine the quantity of gas purchased at an arbitrary pressure base of two pounds above atmospheric pressure."

AUSTIN—The famed author of "Don Quixote", Miguel Cervantes, will be honored by the University of Texas early in December in commemoration of the 400th anniversary of his birth.

Three visiting lecturers will speak and a special exhibit of Cervantes books will be displayed in the Rare Books library.

## Post-Nuptial Shower Honors Mrs. Houston

Mrs. R. L. Houston, the former Miss Velma Monk, was honored with a post-nuptial shower the past Friday afternoon, when Misses Mildred Moore, Letha Bridges, Peggy and Jean Rogers acted as hostesses in the homemaking department of the Texico school.

During the social a duet was sung by Miss Moore and Miss Bridges, and Miss Jean Rogers gave a short reading. Refreshments of cookies and cocoa were served the guests.

Miss Moore had charge of the guest register, which was signed by Mes. Hershel Morgan, T. M. Monk, J. D. Doose, Ara Caldwell, Homer Dykes, Leona Baily, G. C. Houston, Marvin Doolittle, C. C. Curry, S. C. Hunter, B. O. Faville, Russell Johnson, Joe L. Morgan, Rada Winkles, Clyde Magness, Roy L. Day, Chas. McDaniell, D. J. Brown, Elmer Bridges, Edgar Blain; Misses Vera Morgan, Mildred Moore, Letha Bridges, Peggy and Jean Rogers.

Retrets were received from Mes. Denver May, Barney Harding, Les Means, Raymond Monk, J. C. Moore, F. E. Bowers, Johnnie Crawley, Bob Drace, Harry Baker, Rip Snodgrass, D. E. Bagley, Jim Young, Charlie Shaw, Lusie Loflin, LeRoy Faville; Misses Aileen May, Mary Harding, Treva Spurlin, Norma Lee Sanders, Margery Baker; Mrs. W. T. North.

## Brotherhood Banquet To Be Held, Texico

Members of the Texico Baptist Church Brotherhood will act as hosts next Thursday night, November 20, when a district association banquet is held at the church, it was announced today.

O. T. Loyd is to give the welcome address, with Rev. E. M. Treadwell, new minister of the local church, slated to address the group during the meeting.

The banquet will begin at 8 p. m. Texas time, and all local members are urged to attend.

## Bazaar Announced

Ladies of the Texico-Farwell Methodist Church announce this week that they will stage a bazaar at the church on Saturday, November 22nd. All articles will be handmade, and will be very fitting as Christmas gifts, official announcements, and a liberal attendance.

## Guild Meeting Will Be Held Nov. 18

Members of the Wesleyan Guild of the Methodist Church are reminded that the November meeting will be held next Tuesday night, the 18th, in the home of Mrs. LeRoy Faville in Texico, with Mrs. Paul Wurster in charge of the program.

The meeting, cutomarily held on the second Tuesday of the month, was postponed for a week.

The ladies are asked to bring their gifts of linens, which are to be sent to a Methodist-assisted hospital in Albuquerque. It is necessary that the donations are on hand next Tuesday in order that the box may be packed and sent to Albuquerque for Christmas.

## Thanksgiving Dinner Thursday for PTA

The social highlight of the year for the Farwell Parent Teacher Association comes this week on Thursday evening, November 13th, when the customary Thanksgiving banquet and social is held at the school lunchroom.

Mrs. C. M. Henderson will be in charge of the music, and an informal sing fest is planned following the turkey dinner, which is slated to begin promptly at 7:30.

Mrs. L. C. Cox, president, today urged that all members of the association make a special effort to be on hand for the festivities.

## Bridge-42 Tournament Planned For 26th

A benefit bridge and 42 tournament has been announced, to be held at the Texico school auditorium on the night of November 26th.

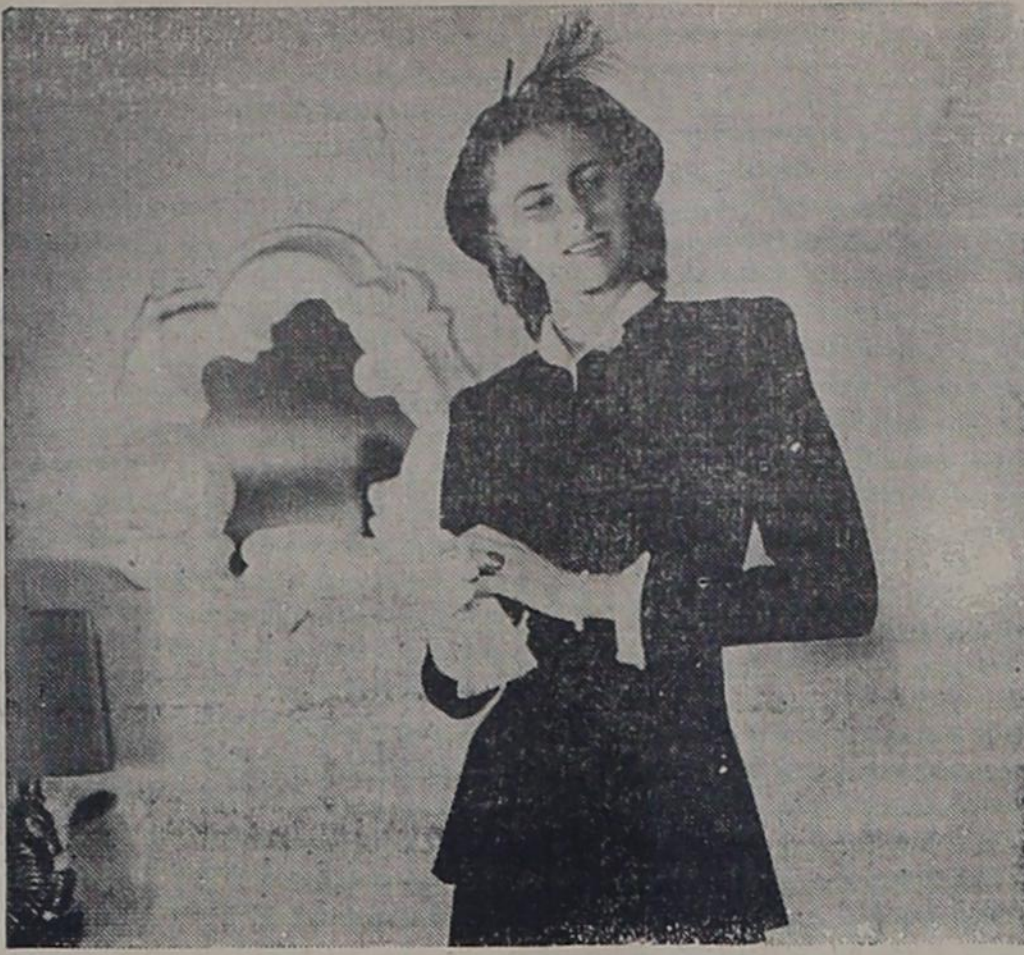

Proceeds from the affair will go into a fund to purchase a movie projector for the school, and the public is cordially invited to attend.

Admission is 50c per person, and prizes will be awarded in the various games.

## Bake Sale Success

The bake sale held Saturday at the Sikes Motor Company by Texico-Farwell Girl Scouts was a decided success, Mrs. John Aldridge reported today. Some \$28 was received at the sale, and the Scouts extend their appreciation to local people for the liberal patronage.

Tribune job printing is best.

There is nothing so head-turning as black velvet suit, simplified with pique collar, cuffs, shown above as pictured in the October issue of Good Housekeeping magazine.

## Football Players Are Honored At Dinner

Mr. and Mrs. Jim Hughes honored members of the Farwell Steer football squad, their coach, Jack Williams, and Supt. O. T. Loyd with a chicken dinner, last Friday, following the football game. The social was held in the home of Mr. and Mrs. Hughes.

Attendants included Coach Williams, Supt. Loyd, and the following Steers: Harry Sheets, Junior Robertson, Bobby Hart, Sonny Graham, Warlick Thomas, Toby Booth, A. C. Henneman, R. A. Cassidy, Herman Gerles, Donald Ford, Jerry Pool, Pete Hughes, Bob Gerles, Leon London and Jackie Holland; Mr. and Mrs. Hughes and family.

## District Scout Meet In Ft. Sumner, 20th

A district meeting of Girl Scout workers will be held in Fort Sumner next Thursday, November 20th, at which time Mrs. Skewie, new district supervisor, will be on hand.

Mrs. John Aldridge, who made the announcement of the coming meeting, said it was hoped several local troop leaders could attend. Local women who assist in Girl Scout work include Mrs. Aldridge, Mrs. Roy E. Cook, Mrs. Walter Hardage, Mrs. Verney Towns, Mrs. R. E. Walker, and Mrs. Frank Seale.

## Visits in San Jon

Mrs. G. F. Green spent the latter part of last week in San Jon, visiting her son and daughter-in-law, Mr. and Mrs. A. C. Green and family, formerly of this city.

## Work On Annual

Seniors of the Texico school have started work on their school annual, "The Wolverine", which is to be in the hands of the printers in December, Supt. B. A. Rogers said today.

Mrs. Orville London, of Amarillo, was a weekend visitor in the home of her parents, Mr. and Mrs. Jess Newton.

## Matthews Have Guests

Mr. and Mrs. W. J. Matthews had as guests last week Rev. and Mrs. J. W. Caldwell and their two daughters, from Corpus Christi, Tex. Rev. Caldwell is a nephew of Mr. Matthews. While here the visitors and their hosts visited Carlsbad Cavern and in Santa Fe. All reported a wonderful time, but found plenty of cold weather and snow at Santa Fe.

The Caldwells left Saturday for Amarillo, where they are attending the Baptist state convention.

## Seniors Enjoy Dinner At El Monterrey

Members of the Texico senior class and their sponsor Mrs. Gladys Prescott, enjoyed a Mexican dinner at El Monterrey in Clovis, last Friday evening.

The seniors included Margie Baker, Malvin Curry, Mary Harding, Phyllis Mendoza, and Gerald Baldock. Aileen May, another senior, was unable to attend.

## Club Meets In Clovis

The Girl Scout Intermediate-Senior troop leaders club will meet at the Little Snow house in Clovis on Friday of this week at 3:30, Texas time, it was announced. Leaders of Texico-Farwell troops are invited.

## Food Sale Saturday

The Auxiliary of the Farwell American Legion Post will stage a food sale on Saturday, November 15th, at the Sikes Motor Company in Farwell. The sale will begin at 10 a. m. and all types of food will be offered.

## Pep Squad Organized

Some 35 girls are members of the Pep Squad at the Texico school, sponsor Warren G. Harding said today. Leaders include Patsy Englem, Jean Rogers and Aileen May, high school; Patsy Doshier, Glenda Doshier and Margie Reed, grade school.

In one year, a female moth and her descendants can destroy as much wool as 13 sheep can produce in the same period.

## ATTEND BREAKFAST

Mrs. Bess Henneman, Mrs. Hayden Cason, Mrs. John Porter, Mrs. Bill Meeks and Mrs. Ed Meeks were in Clovis, Tuesday morning, attending an Armistice Day breakfast sponsored by the Clovis American Legion Auxiliary.

## Public Reminded Of Texico Junior Play

Local stage fans are reminded today that "The Adorable Imp" will be presented at the Texico auditorium on Friday night, November 14, in what promises to be one of the most entertaining plays of the season.

The junior students of the school, under the direction of Mrs. Jimmie Allman, are taking the parts of the play, which concerns the activities of Pamela Gordon (Peggy Rogers) in trying to get herself a man. To lure a prospect, she pretends to be several years younger than she actually is, and therefore, insists on her 17-year-old daughter, Betty Lou, portrayed by Jean Rogers, act as a 13-year-old.

Consequent mixups and upsets are guaranteed for a laugh a minute, and members of the cast are working earnestly at final rehearsals, to give the audience the full benefit of all situations.

Between-the-acts music will be provided by the school chorus, under the direction of Mrs. Gladys Prescott.

The hour is 7:30, Texas time, and admission is 25 and 40 cents.

## TEACHERS TO MEET

AUSTIN—Junior college teachers of Texas will hold a special meeting in San Antonio Nov. 23, Dr. C. C. Colvert, University of Texas professor, said. The meeting will be in conjunction with the Texas State Teachers Association.

## EDITORIAL

### CHILDHOOD MEMORIES

Childhood is a reserful thing. Especially if you have an older sister and brother.

You are three years old, your brother is seven and your sister is twelve. It's a great day. Grandmother and Grandfather, aunt and uncle are coming. You are very happy and excited. And, what happens?

Noon comes, you sit down to the table and Mother says, "Ann, there are not enough places at the table, so you wait." Brother and sister sit down—Grr—You wait until all the food gets cold—that is, what's left—while mother and daddy talk to the company about how bright the two older children are in school. Finally, they ask you to eat; by that time you've lost your appetite.

You are four, brother is eight and sister is thirteen. Sister is getting a new dress. Brother gets a B-B gun. Why can't you get a new dress if your sister does? "Why, this is sister's first date. Well, why can't you have a B-B gun. You are told not to be silly. You're a girl, not a boy. You slip into sister's room, and try a little rouge. Sister tells and you get a spanking.

You go to play with brother, and you get knocked down. Brother sends you home, and you bawl.

Finally you start to school. You are so proud. You come home babbling. Your brother and sister say, "We were through with that just ages ago." They take over.

One day sister starts to college, brother grows up, and as you think back, you say, "When I get married and have two girls and a boy, I'm going to treat them different. Well, with the exception that I will get my girl a new dress for her first date." You know you will for you are so excited for your new dress for your first date—that night!

**FHS**  
**STUDENT BONERS STILL BEST JOKES OF ALL**

Blonde-headed school child: "I nominate the bus driver to sweep the bus."

Light brown headed school child: I second the motion.

All in favor say "AYE".  
Teacher with children: "Aye."

Boy with G. I. hair cut: "Cough, cough, I got dust pneumonia. Cough, cough—Ugh, a chewing gum paper lodged in my throat."

2 school children: "Motion carries."

Bus driver: "My contract calls for driving the bus only."

2 school children and teacher: "You dont even do that very good."

Maxine had been looking at watches one morning in Clovis and when she came to English class that afternoon she started to point out a word which was the object of a gerund. Instead she blurted out, "It is the object of a Gruen!"

Gerald Norton reading a sentence in English said, "And one should be careful not to run over the Presbyterians." The sentence should have read don't run over the pedestrians. All you Presbyterians watch out for Gerald Norton.

Toby Booth was reading a speech made by Sam Houston in Texas History: "General Houston said 'School children, I urge you to be delinquent in your studies' ". The obvious mistake was delinquent taken for diligent. (Mr. Loyd laughed the loudest).

### CLASS NEWS

#### First Grade

Our room mothers: Mrs. Norton, Mrs. McManigal and Mrs. Loe, gave us a Hollowe'en party Friday afternoon. We wish to thank them. We

had a very nice time. Michael McManigal and David Huckaby won prizes for pining the cat's tail nearest the correct position. Janice Meisner and Wilma Norton won prizes on guessing the most correct objects in a bag. The children played several games, bobbed for apples, and blew up their balloons. Refreshments consisting of sandwiches, Hersheys, and bottle drinks were served by the room mothers. Other mothers attending our party were: Mrs. Stancell, Mrs. Hendrick, and Mrs. Langnau.

At the carnival, the queen for the first grade was Wilma Norton. Her escort was Jackie Goldsmith. The princess was Tommy Loe and her escort was Niel Hancock. We were proud of them.

We wish the thank the patrons: Mrs. Whitley, the faculty and everyone who helped to make our booth a success.

### FHS SECOND GRADE

Last Wednesday, Mrs. Ford and Mrs. Branscum gave us a very nice Hollowe'en party. We wore our owl masks to th lunchroom. Our table was decorated with ghosts and brownie men sitting on jack-o-lanterns. The refreshments were cake, pop, and popsicles, which we enjoyed very much.

We sold Cheerios and popsicles in our booth at the carnival and made \$14.48 profit. Our candidate for queen brought in \$13.36 in the contest. Connie Potts was princess in our room, and her escort was Johnny Armstrong. Danny oe was dutchess, and arry Cooper was duke.

We lost a pupil several days ago. Phillip White moved to Littlefield. We now have Betty Ruth Womack in our room. She has just moved here, and we hope she will like to live in Farwell.

### FHS THIRD GRADE

We are so glad that Hollowe'en is over. Now we can take down all of our spooky cats and owls.

Last Wednesday we enoyed a very nice and pretty Hollowe'en party. Our room mothers served us in the lunchroom. Our table was decorated with pumpkins and cats. We had cake, hot chocolate, marshmallows and Hollowe'en candy. We thank our room mothers.

We were happy to win second on our Carnival Queen. Our candidate was Angela Wllams. We made \$131.00 for our queen. We made \$66.18 on our fishing pond. We wish to thank all who helped us.

D. L. Carter has returned to school after being absent three weeks. Pat Aldridge is absent today. We hope she isn't ill.

### FHS FOURTH GRADE

Eddie Brian Smith has come back from the fair today. He has been away a week. He went to Ft. Worth and then to Dallas, Texas. He was just like a stranger when he came back.

Betty Shanks is our Fire Captain. I think we know how to do the fire drill pretty well.

Dan Hammonds had his tonsils out Friday, Oct. 17, but was back in school in just a few days.

The fourth grade all enjoyed the carnival. Jo Elaine Magness was our candidate for queen and Gerald Hardage was her escort. Betty Shanks was selected for the princess and her escort was Bert Williams.

### FHS FIFTH GRADE

Our congratulations go to Lou Ellen McCoy for we think she is an outstanding representative from our grade school as well as a beautiful queen. Also we think the entire court was composed of outstanding representatives from our school.

The fifth graders were entertained

by the P. T. A. with a Hallowe'en party in the Scout room Wednesday afternoon, Oct. 29. Games were played and refreshments of peanuts, apples, and Hallowe'en cookies were served by the hostesses: Mrs. Lewis Cox, Mrs. Claude Rose, and Mrs. Willie Hardage. Guests were Mrs. Walter Hardage, Mrs. Ed Hardage, Jimmy Hardage, and Mrs. M. A. Snider, (who was the ghost for the afternoon).

Monday has proven to be a clean-up day in our room, with the removal of cats and witches as well as other evidence of a successful Hallowe'en.

The fifth grade made \$36.10 in their booth at the Carnival last Friday night. It was a "Grab Bag."

### FHS SIXTH GRADE

The sixth grade got 9.24 on our carnival queen and received \$9.90 on our booth.

Bobby Joe Wyrick has been away for the past few weeks. Jimmy Wagnon has moved to Bovina.

We had a grand time at our tacky party. Mary Kregal and Phillip Cassidy won the prizes for being the tackiest. Refreshments were served of punch and cookies, and candy.

### FHS

#### SEVENTH GRADE

We had a wonderful time at the carnival. We had a weight guessing booth and a ring toss. Our candidate for queen was Jane Claire Overstreet; the king was Bobby King; the prince was Jerry Bradshaw, and the princess was Nancy Aldridge.

We have tripplets in our grade from Oklahoma. Their names are Winnie, Minnie, and Billy Medley.

### FHS

#### EIGHTH GRADE

The Carnival was a great success. We all had a swell time. Our booth was a roulett wheel.

Our candidate for Queen was Lou Ellen McCoy. The princess was DeLores Goldsmith. Their escorts were Darrell Norton and Jesse Colburn. We are proud to say she won Queen of the grade school. It was a very close race.

We are sorry that Wessie Magness is leaving to go to Colorado.

### FHS

#### SOPHOMORE NEWS

The Sophmores had the basketball goal at the carnival as our booth, which was a pretty good success.

The Queen's race brought in a large amount of money. Theda Branscum, the Junior cadidate, won the race though.

We want to thank everyone who voted for us. We know how you hated to see us coming down the street, but now that it's over, we want to thank you for helping us out. we are

all glad that Theda was our Queen, for she really deserved it.

### FHS

#### FRESHMAN NEWS

Our candidate for Queen was Ann Storrs and her escort was Billy Don Crume. The Prince was Robert Armstrong and the Princess was Nellie Summers. We are sorry we lost the race, but we thought Theda Branscum made a lovely queen.

For our booth, we had the House of Horrors, and it was a great success.

### FHS

#### JUNIOR NEWS

The Juniors sponsored the "Country Store" at the Carnival. The stores in Clovis, Farwell and Texico gave generously of their merchandise to help make our store a success. We opened at 7:30 and were sold out in an hour. The Juniors spent Thursday decorating the stage for the coronation. We used pastel colors in the background and everyone thought it was beautiful. We were very proud of our candidate for queen since she won the race. In case you don't know who it was, she was Theda Branscum.

### FHS

#### SENIOR NEWS

At the Hallowe'en Carnivla, the Seniors had Bing-O for their booth. It opened at about 7:30, and at the time it was closed, it was still going strong. Every seat was taken during the game when the bicycle was given away, and a big crowd was

standing around watching to see who would win it. Mrs. Williams was the lucky person.

In the Coronation, Nina Loe was Queen, Sonny Graham was King; Talma Randoi was princess, and Charles Felts was the Prince. We are sorry we didn't win the race, but thought Theda Branscum, the Junior candidate, made a very nice Queen for Farwell High.

We wish to thank everyone who had a part in helping us in the race. We know you got tired of seeing us come around, but now that is all over; we hope everything is O. K.

### FHS

#### SCANDAL!

Theda and Leonard, more commonly known as Jam and Honey, are STILL doing very nicely.

Seems as though Hettie cant' stand boys! At least that's what she says. What about it, boys?

Rosie SURELY is falling hard for someone, and who could it be but Willie Joe?

Modell and Mary Belle seem very sad since Earl left for home. But he was glad to leave.

Two little girls sure do get it in English II. Mrs. Booth must have read the write-up about herself.

Seems as though Nellie and Nelma have gotten the men of their lives mixed. (?)

Who does Bobby Hart like most, Mary Ruth or Alta? Couldn't tell by looking.

## Don't Let Anybody Kid You!

MEATLESS DAYS—EGGLESS DAYS—POULTRYLESS DAYS—

### BAH!

Merely advertising the shortage—that't all—Farmers, Feeders, Poultrymen, Hog Raisers and Cattlemen—

### DON'T GET CAUGHT SHORT!

Pork and Eggs are scarce—What's more the shortage is getting worse—It will really be felt next year. This situation will add to the demand for all other Feed Lot Products (Beef, Milk, etc.) and the supply of these items is definitely not burdensome NOW!

### SO WHAT?

Stay with your livestock program. In 1946 over half of all cash farm income came from Livestock and Poultry Products. If farmers sell ONLY CROPS the entire economy of the nation will be delt a body blow.

- BREED NOW FOR EARLY SPRING PIGS!
- BREED EXTRA GILTS LATER FOR MAY FARROWING!
- KEEP LAYING FLOCK INTACT—THE REWARD IS COMING!
- THERE'S MONEY IN SIMPLY "WARMING UP" BEEF CATTLE!
- THE DEMAND FOR MILK WILL TAKE CARE OF THE DAIRYMAN!
- YES, MUTTON, RABBIT, CHICKEN AND TURKEY WILL BE EATEN AS NEVER BEFORE!

### WHAT ABOUT THE FEED?

THERS IS LOTS OF FEED . . . ALMOST AN AVERAGE SUPPLY . . .

### BUT IT'S HIGH

- Sure, it's high—everything is high. What else can you expect, with cottonseed \$100.00 per ton—Milo \$3.00 per cwt.—Wheat \$2.65 per bu., Alfaifa \$40.00 per ton—etc.—What's more, grain is worth almost twice these values when marketed through livestock!
- Now—There is nothing to waste. Wasting feed and food is nothing short of criminal anytime—And especially so now—with so much of the world engulfed in starvation.
- To prevent waste . . . to secure maximum production from the available feed supplies . . . to keep our livestock program intact—and at the same time to realize the greatest return from the effort and outlay—

# Bovina Happenings

MRS. JESSIE McSPADDEN

Mrs. Steve Calhoun was a business visitor in Clovis, Monday.

Mr. and Mrs. Hubert White of Hereford came to Bovina, Wednesday, to be at the bedside of his father, who passed away Sunday.

Mrs. Otis White has accepted a position at the school cafeteria.

Mr. and Mrs. Aubrey Brock attended business in Amarillo, Monday, and visited her sister, Mrs. Harp.

Mrs. George Trimble, Lois Marie and Mrs. Emmitt Tabor were business visitors in Clovis, Wednesday.

Miss Betty Jane Kimbrow is attending business school in Amarillo.

Mr. and Mrs. Arthur Wickard of Clovis spent the weekend with Mr. and Mrs. Robert Calaway. Donnie Wickard is spending two weeks with the Calaways and Bobbie Gene.

George Trimble and Giles Williams returned Tuesday from a business trip to Fort Worth.

Business visitors in Clovis Monday were Mrs. Carol Steelman, Mrs. Cash Richards, Mrs. Day, Jim Ellison, Buck Ellison, Jeanine Ellison, Mr. and Mrs. Joe Jarrell, Mr. and Mrs. Carl G. Scumbati and Mrs. E. F. Johnson.

Mr. and Mrs. Glenroy Davies left Tuesday for Hot Springs where they will visit his parents, the Ray Davies.

Mr. and Mrs. Leroy Delashaw

spent the weekend in Tulia visiting relatives.

Mr. and Mrs. Lloyd Battey were Clovis shoppers, Tuesday.

Bill Adams, of Santa Fe, former Bovina business man, visited with friends here Tuesday.

Mr. and Mrs. A. M. Wilson spent the weekend with relatives in Tulia. Miss Bobbie Edwards left Monday for Plainview to attend business college.

Mr. and Mrs. Otis Bicksford of Freedom, Okla., spent Sunday with Mr. and Mrs. A. A. Boxford.

Sam Aldridge of Farwell had business in Bovina, Tuesday.

Mrs. Paul Jones was a business visitor in Clovis, Wednesday.

Mr. and Mrs. A. M. Wilson left Saturday for San Antonio to visit her parents, returning home Tuesday.

Mr. and Mrs. Jim Ellison shopped in Clovis, Wednesday.

Mr. and Mrs. Charley Calaway accompanied by Mr. and Mrs. Bill Flippin of Friona, attended a commissioners meeting in Laredo, Texas, last week, after which they went on to Monterrey, Mexico, on a sight-seeing tour. They returned home the last of the week.

Mr. and Mrs. Steve Calhoun and Mr. and Mrs. Will Parker visited the Marvin Hamricks in Farwell, Wednesday night. Hamrick is to leave shortly for Mayo Brothers for medical care.

Mr. and Mrs. Jake Calhoun, of Winslow, Ariz., left this weekend for their home after a week with Mr. and Mrs. Steve Calhoun.

Mr. and Mrs. Joe Wilson, Nancy Williams and Mr. and Mrs. Paul Jones attended the air show in Amarillo, last Sunday.

Mr. and Mrs. Earl Day of Tucum-

cari, visited his parents, Mr. and Mrs. H. A. Day, the past weekend.

Mrs. Lucille Ivey of Fort Worth spent last week with her sister, Mrs. H. A. Day and family.

Mrs. Robert Calaway and Donnie Wickard spent Thursday in Hereford visiting her parents.

Mr. and Mrs. Frank Barnett had as their guests last Sunday Mr. and Mrs. H. S. Burge, and son, Noel and family of Canyon. H. S. Burge is Mrs. Barnett's brother. Jackie Barnett, student of WTSC and Miss Martha Williams were also dinner guests of the Barnetts.

Harold Jones, of Denver, spent Friday in Bovina visiting old friends and relatives.

Mr. and Mrs. Hurston Battey of Lubbock visited over the weekend with Mr. and Mrs. Lloyd Battey and son, of Bovina.

Mr. and Mrs. Verbin Isham were business visitors in Amarillo, Wednesday.

Mrs. Jack Woltman and Mrs. Bill Kyle had business in Amarillo, Saturday.

Wilbur Charles was a business visitor in Friona, Saturday.

Iversno Leake, of Dawn, visited in the home of his brother, Clifford Leake, and family, the first of this week.

Mrs. Joe Wilson and daughter Nancy Williams, were Clovis shoppers, Saturday.

Jimmy Charles returned home on Thursday from San Francisco, Cal., where he visited his sister, Mrs. Jack Kaminski and family, for two weeks.

Mrs. Clifford Leake and Janice were in Clovis, Saturday, where Janice received medical attention.

Mrs. Alma Vassey returned this week from a trip to Vernon, where she attended the wedding of her niece.

Frank Ayres and Buck Ellison left Friday on a hunting trip into New Mexico.

Ronald Berggren was a business visitor in Muleshoe the first of the week.

Rev. Bruce Giles attended the state Baptist convention in Amarillo, the first of the week.

Mr. and Mrs. Leroy Berggren had business in Clovis, Friday.

Fred Hartsfield and Billy Don Reid had business in Clovis, Monday.

Mr. and Mrs. Troy Armstrong, Mr. and Mrs. Frank Wilson and DeJores attended the wrestling matches in Clovis, Monday.

Mrs. Nat Reid and son were in Clovis Saturday on business.

Mr. and Mrs. Frank Barnett were Clovis visitors, Thursday afternoon.

Mr. and Mrs. Dan Jones had as guests last Sunday relations of Mr. Jones, Mr. and Mrs. Lewis Beckham and family of Morton, and Mr. and Mrs. C. W. Zachary of Amberst.

Late reports from Miss Alice McNew, who is recuperating in the hospital in Bend, Ore., after injuries sustained in a car wreck, are very encouraging to her friends. At this time she is reported to be greatly improved.

Mrs. Lawrence Rhodes, of Roswell is visiting her parents, Mr. and Mrs. Andrew Moorman. She will return home Saturday.

Bob Kelly had the misfortune of meeting a "divine healer" last Sunday, on his way home from church. The lady with light fingers lifted a sum of money from Kelly while inquiring as to the whereabouts of supposedly former residents of Bovina. Local officers were unable to overtake the lady as she left town in a very fast car.

**Rodeo Club Match Roping**  
Last Sunday the Bovina Rodeo Club sponsored a matched roping. First contest was between T. G. Hudson, of Bovina, whose time was 5 and 33 seconds, and Alvis Phillips of Clovis, whose time was 2 and .88 seconds. The second match was between Harold Brown of Bovina, 2.38 seconds, and Jack Snipes of Clovis, 4.71 seconds.

**Carnival Big Success**  
The Halloween carnival held at the high school the 31st is reported a huge success. Gross receipts were \$965.50, and members of the finance committee expect the school to net around \$900.

The final count in the queen's race gave the lead to Miss Rosalee Denny, who is a senior favorite, and she was crowned queen of the carnival. Miss Clara Derrick was crowned queen of Junior High and Miss Betty Turner was queen of the Grades. The queens' thrones were covered with pink crepe, quilted and decorated with sequins and silver. The queens and attendants were in formal attire. The attendants consisted of all candidates, escorts, flower girls and crown bearers. These formed arches for Queen Rosalee and King Bobby Kelley, Queen Clara and King Tiny Giles, and Queen Betty and King Glenden Sudderth.

**DORCAS CIRCLE MEETS**  
The Dorcas Circle of the Methodist Church met with Mrs. I. W. Quickle for an all-day meeting. The study for the day was "Women of the Bible". "Delilah" was discussed by Mrs. Lewis Pesch and Mrs. Mable Newberry gave talks on "Naomi and Ruth".

The business session was spent in making plans for the bazaar, to be held November 22.

A covered dish luncheon was served to Mmes. Newberry, Hoppingardner, Pesch, Frank Wilson, John Wilson, Lloyd Battey, Elman Stark of Clovis, Wilford Quickle, Barron and the hostess.

**ARMISTICE DAY PROGRAM**  
The local American Legion Post sponsored an Armistice Day program on Tuesday, from 10 to 11 o'clock. The opening address was given by

Commander Bass Elliott, with an invocation by Rev. C. R. Howard. Rev. George York spoke, and Mrs. Bass Elliott sang, followed by "Taps" played by Charles D. Smith. The National Anthem was sung by the entire audience.

W. E. Williams had charge of the song services.

**SANTA FE CARLOADINGS**  
Santa Fe System carloadings for week ending Nov. 8 were 30,326 compared with 24,825 for same week in 1946. Cars received from connections totaled 12,636 compared with 13,175 for same week in 1946. Total cars moved were 42,692 compared with 38,000 for same week in 1946. Santa Fe handled a total of 44,620 cars in preceding week of this year.

Homecoming Date Set For Tech Exes

LUBBOCK—Texas Technological College ex-students will have a busy time at homecoming, Nov. 29, if they attend all functions planned for them; D. M. McElroy, executive secretary of the Ex-student association, has announced. Over 4000 are expected.

Festivities will start Friday night, Nov. 28, with a pep rally in the gym and the traditional bonfire. Saturday at 9 registration will start in the new recreational hall and in downtown hotels. At 10 a parade is scheduled, with social clubs and other organizations entering floats.

The annual buffet luncheon hosted by the TNN&O bus company and the Lubbock City Bus Co. comes at noon in the gym, followed by the business meeting at 1. At this time, Dr. W. M. Wnyburn, president of the college, will report on Tech progress; McElroy will discuss a challenge to the alumni; Elmer Tarbox, retiring association president, will introduce new officers. Bill Nugent, Amarillo, president of the Tech Student association, will give the welcome.

Following the football game between Tech and Hardin-Simmons, social clubs will hold open house from 6 to 9. Persons not attending these activities are invited to open house in the recreation hall. The annual dance is scheduled for 9 in the hall, followed by a post-dance breakfast in the new college cafeteria from 11:20 p. m. to 1 a. m.

The ex-student executive council is to meet at 5 a. m. Saturday in the Hilton hotel to draft policies and elect new officers. Ex-lettermen meet at 11 in Aggie Memorial auditorium to map plans for greater cooperation with the Tech athletic program.

SHARK SKULL FOUND

AUSTIN—A complete shark skull—a rare find in vertebrate paleontology—was discovered recently by a University of Texas geologist.

Dr. John A. Wilson reported his find from the shores of Lake Kickapoo near Wichita Falls and Archer City. The shark was identified with the Permian age, which means it is around 200 million years old, Wilson said.

On a recent trip to other points in North Texas, Dr. Wilson said he got skulls of several small amphibians and fossils of other vertebrates, for use in class and laboratory study.

An hour of work on the farm now, as compared with 1920, results in about a third more milk, a half more corn, and more than twice as much wheat.

FARM CASH INCOME IN TEXAS SHOWS GAIN

AUSTIN—Farm cash income in Texas staged a brisk August-to-September gain to boost the seasonally-adjusted index up to a point five times above its prewar levels, The University of Texas BBR reports.

The 42 per cent August-to-September hike bounced the index up to 506.3, based on the prewar 1935-39 average of 100. The part played by a rise in prices is difficult to determine, but increased production on the state's farms has augmented the rising prices of farm products to bring in more intake to Texas farmers than they have ever had before.

Cotton lint and cowpea prices were down during the month but prices of all other Texas farm products advanced. Grain prices soared as high as the 18 per cent wheat price rise over its August level, livestock prices were on the march upward, and poultry and egg prices were far above their August marks.

Estimated farm cash income for the state reached \$221,029,000 in September, pushing the total intake for the year, through September, to \$1,138,384,000. Income stood 43 per cent above its total for the same period last year. Greatest gain for the year to date came in the Northern High Plains district, where income registered a 123 per cent increase over the same period last year. All other districts reported farm income gains with the exception of the Trans-

MR. HOLLAND . . . Mr. Holland himself, Dirk Kloorsterman, 72, sailed to the U. S. to visit his son in Kalamazoo, Mich., whom he had not seen for 29 years. He is a veteran farmer from Walcheren island, Holland.

Pecos area and the Lower Rio Grande Valley, where farmers were not doing so well as at the same time last year.

The Northern High Plains also led in dollar-intake for the year to date, chalking up a \$205,740,000 total. Second was the Black and Grand Prairie area, where farm cash income for the year to date reached \$162,095,000.

MIXING CONVENIENCE

COLLEGE STATION — Counter space and convenience mean the same thing when it comes to planning a kitchen.

Size, height and location of the counter are what count, according to Mrs. Bernice Claytor, extension home management specialist of the Texas A. and M. College.

She adds that the Bureau of Human Nutrition and Home Economics people in Washington have made studies of kitchen work at counters of varying height. Some of the things they've found out are:

More counter space for making bread and cookies than for any other food preparation job. About the least space you can get along with is 24 by 36 inches. And 24 by 42 inches will take care of all mixing jobs comfortably.

Equipment manufacturers used to

make most working counters 36 inches high—the common height for now coming out with a counter at two levels, one 36 inches high for washing dishes, the other 32 or 34 inches for mixing foods. The most convenient height varies with the height and arm length of the woman who is going to use the kitchen.

The handiest place to keep baking pans is near the mixing counter, not near the over as is done in most kitchens.

Bowls, beaters and other utensils used in mixing belong near this work center, too, as do flour, sugar, flour-counters around the sink. But, on the basis of the USDA statistics, they're vovs and seasonings.

Over 94,000 Texas farmers are members of groups organized under the Smith-Doxey act of 1937 to promote the improvement of cotton.

THE BUSINESS SITUATION REVIEWED FOR STATE

By Dr. John R. Stockton, Statistician AUSTIN—Business activity in Texas during September remained practically unchanged from August, according to the composite index compiled by The University of Texas Bureau of Business Research.

Each of the three summer months showed an increase over the preceding month, and both July and August set new highs for post-war business activity.

The Bureau's index declined slightly during September, but the dip was not enough to be considered a significant change from the August level. Adjustment for seasonal variation has removed from the data the effect of the traditional "summer slump", which is particularly noticeable in retail trade.

Practically all of the setback in the composite index in Texas business activity was a result of the 7 per cent drop in department and apparel store sales. Crude runs to stills, electric power consumption, freight loadings, and employment all registered advances, while the pay roll index declined fractionally.

Farm income continued to lend heavy support to the situation, with the total of cash income for the sale of farm products estimated by the Bureau to be \$221,029,000 in September for a 65 per cent hike over September 1946 intake. With the continued demand for relief abroad added to the demand at home created by the high level of income, the prices of farm products show no sign of dropping from their present high levels.

In a situation that resembles 1920 in so many ways, there is surprisingly little protest on the part of consumers, and buyer resistance seems to be having very little effect on the demand for high priced foods.

Dollar volume nondurable goods store sales are below the peak levels of 1946, but total retail sales continue to climb during the month. The upward surge of sales of durable goods stores has been strong enough to raise the volume of total sales to an all-time high in September.

Building throughout the State soared to unexpected heights in September and contributed heavily to supporting the healthy business outlook. The Bureau's index of building permits for Texas cities rose to 679 in comparison with the prewar base of 100. Permits were 76 per cent ahead of year-ago figures and represented the highest crest yet reached by the index.

Despite all the optimistic indicators, however, inflation still loomed as the number one enemy of Texas business.

Why wait until your car stalls on a busy morning? Now is the time to winterize your car for complete winter driving protection. We'll give you prompt, efficient, economical service—so drive in today.

**True Stories of West Texans**

(By N. H. KINCAID)

**JOHN CHISUM, CATTLE BARON  
FROM THE CONCHO**

John Chisum, cattle king of West Texas and more recently of western New Mexico, urged his horse southwards toward the Rio Grande and Old Mexico. "I believe we can catch the thieves this time," he promised his four accompanying cowboys as they followed the trail left by the 1200 head of stolen cowponies. Three years had passed since the close of Civil War, and Texans, just beginning to find markets for their surplus goods, cattle, had to fight rustlers of every type. And the horse thief was one of them.

Chisum had been correct about the rustlers. The white rustlers, aided by Mexican freebooters, were depending on speed and had left their flanks wide open to attack. Chisum saw their weakness and at Horsehead crossing of the Pecos was able to capitalize on it. Strategically deploying his men, three of the rustlers were killed and the entire horse herd recovered.

Chisum had not been so fortunate with his cattle. In supplying his first big government contract of 10,000 heaves to be fed Indians living as government wards at Fort Sumner, Chisum had had more than half of the herd stolen. And six steers, out

of 1100, was all that was left of a herd being delivered to Fort Stanton. John Chisum was a newcomer to the territory of New Mexico, but not to the cattle industry. He had started in the cattle business while in East Texas back in 1854. Here, for three consecutive years he had trailed his herds to Shreveport and seen them shipped by steamboat up and down the Mississippi. But more grazing room was needed and for the past four years Chisum had turned his extensive herd of longhorns loose on the open range of the West Texas Concho country. He was conceded as being the first cattelman in that region.

He is said to have left the Concho to R. F. Tankersley, a distant neighbor since 1864, when he decided to move closer to a market at Fort Sumner. His trail led west from the lush regions of the Concho river, through the lands of the mesquite and pear south of the Llano Estacado and on to the Horsehead Crossing of the Pecos before it swung northward.

But the railroads were pushing westward, and within two years after his final move Chisum was driving cattle to Abilene and then Dodge City, Kansas, as well as west to Tucson, to San Carlos Apache reservation in Arizona, and to the Gila River, Nevada, a season from now on but that he had three or four herds on the move to different markets at the same time.

And whether or not he was the originator of the famous old Chisum Trail that became the northern outlet for all of Texas in its search for a cattle market, no one knows; but certainly he was so identified with it that it bore his name.

**SCS Demonstration  
Train On Tour**

More than 150 business executives and soil conservation leaders of the nation left Houston Sunday night by special train for a six-day tour of Texas to bring facts about saving the land direct to the farmer during Soil Conservation Week, Nov. 9-15.

The train was in Corsicana Monday, in Fort Worth on Tuesday, in Amarillo today (Wednesday), and will be in Lubbock on Thursday, in Wichita Falls on Friday and Abilene on Saturday.

At each stop, lectures and demonstrations are given, and a soil conservation exhibit car is opened to visitors.

The tour is jointly sponsored by the Second National Bank of Houston and the Fort Worth and Denver City Railway and Wichita Valley Railway Companies, which comprise the Burlington Lines in Texas. It climaxes two days of conservation discussions by the Friends of the Land, national conservation organization, which met at Houston for its seventh annual meeting, Friday and Saturday.

Author Louis Bromfield will be the principal speaker for the group, delivering afternoon and evening lectures at all six cities. Bromfield is a director of the Friends of the Land and author of many well-known books.

**COMMUNIST LEADER** . . . Italy's Russian-trained Communist boss, Palmiro Togliatti, told 100,000 shouting followers in Florence that the U. S. is a "world dictatorship" trying to "spread another war." Togliatti threatens to install leftist government in Italy.

**RODEO GETS INTEREST**

LUBBOCK—In anticipation of high interest in intercollegiate rodeo competition by Texas Tech teams, a rodeo practice arena is to be erected on the college campus.

The college board of directors has approved a request of the Tech Rodeo association to set aside five acres on the college farm for the purpose. All expense is to be met by the association. In addition to the small practice arena, a 25-stall stable is planned.

The Tech Rodeo association, organized last year, is a member of the Western Intercollegiate association. It will sponsor teams for competition with squads from New Mexico, Arizona, California, Colorado, Wyoming and Texas.

Motorists wise use their eyes.

**AUTO REPAIR  
SERVICE**

For added driving pleasure, have your car checked here. We offer a complete service—from minor adjustments to a complete overhaul. Prompt, reliable, expert, economical service.

**ATKINS & HARDAGE  
GARAGE**

**STUDENTS COOPERATE**

LUBBOCK—Texas Tech students are cooperating with the World Student Service Fund in a campaign to raise money for food, books, housing and medical care for students in foreign nations. The Fund is a relief organization in American schools for assistance to war devastated universities.

**GRIDIRON QUEEN**

DENTON—Queen size gridiron femininity is diminutive Sue Sewell of Texas City, who has been chosen by the NTSC Eagle football team as their 1947 queen. She will be honored at special ceremonies on homecoming day, Nov. 15.

**Look what ARROW  
dropped out  
of a  
chandelier!**

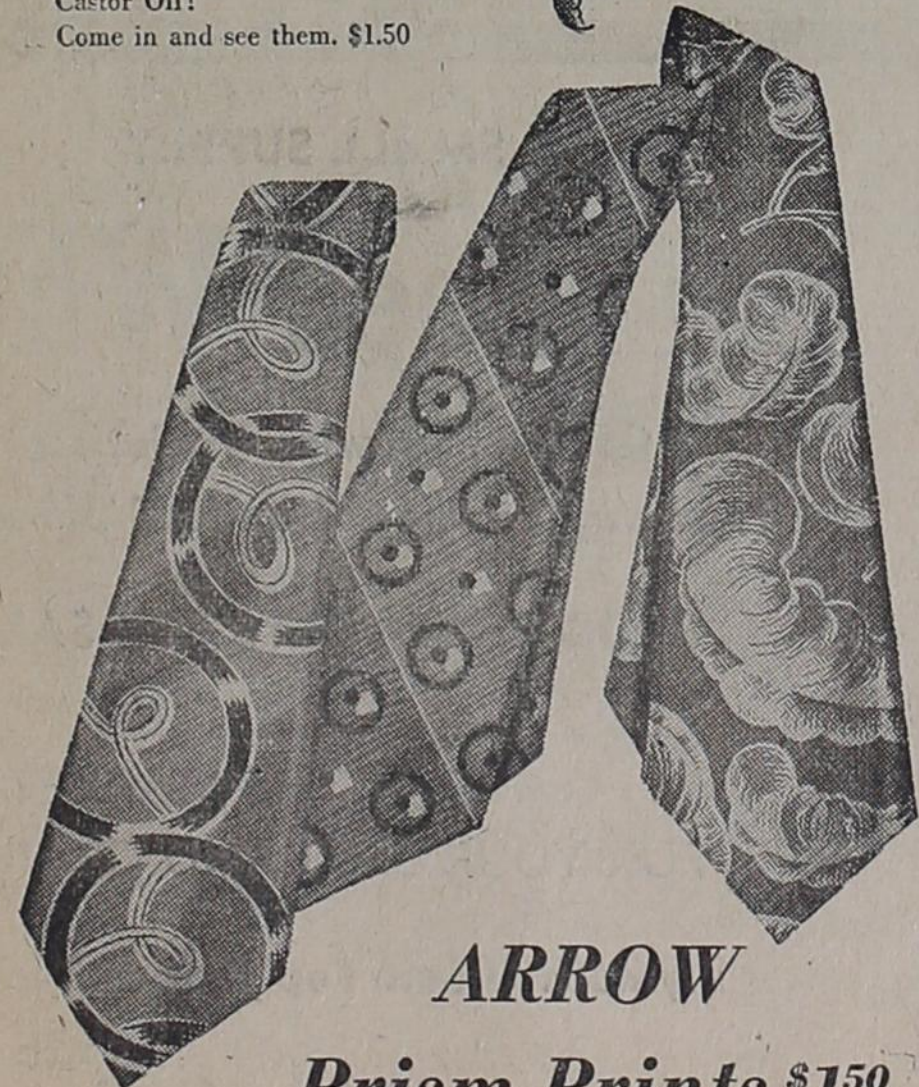

You've seen what striking colors emerge from the prisms of a chandelier when the sunshine hits it?

Well, sir, Arrow's designers scooped up those magnificent colors and stirred 'em into a sparkling new group of Arrow ties called "Prism Prints!"

Included in this moiré all-rayon group are scintillating patterns. Colors are bright and lively as a new yoyo on a string! Like all Arrows, these new ties knot perfectly, drape superbly, and resist wrinkles as Willie resists Castor Oil!

Come in and see them. \$1.50

## STEEERS TROMPLE COWBOYS IN FINAL HOME GAME

(Continued From Page 1)  
the Laners kicked out to midfield. **Fourth Quarter**  
Hart went to the 12-yard line, but Farwell drew a penalty and then a pass misfired and was intercepted by reigel. Christian was nailed on the 40 by Thomas, and Grissoms' pass intercepted by Sheets. On the next play Hart galloped 40 yards for another Farwell touchdown and Sheets kick was true for two points, putting the count at 34-6.  
Oklahoma Lane passed and hit the line, advancing to the 34, where they were stopped and the ball went over to Farwell. Hart went through the line for 10, ord made another nice gain, Robertson carried to the 10 and Hart carried over for the final counter of the day.

Approximately 396,000 farm families and other rural consumers in 44 states and Alaska will get electricity as the result of loans approved by REA during 1947.

## Cage Season Opens At Texico, 21st

Opening of the cage season for the Texico boys and girls is set for Friday night, November 21st. Coaches C. E. Sanders and F. D. Stout announced today.  
At that time, the locals will contact Ranchvale, here, in two matches that are expected to be rough as openers. The Ranchvale girls continue in their stride of turning out one of the best teams in this area, while the boys are expected to show considerable improvement over last year, Coach Sanders said today.  
Further information on the games, including tentative lineups and starting time, will be announced next week.  
**Schedule Almost Complete**  
Coach Sanders added that the schedule of games for the 1947-48 season is almost complete this week and he expects to be able to release it in the near future.

## Farwell Will Be Hosts To Steers, Friday

One of the most looked-forward-to games of the year will be played at Bovina this Friday, November 21st, when the battle between the Farwell Steers and the Bovina Mustangs for seasonal football superiority is renewed. Having lost the first round of the year to the Steers by a large margin, the Mustangs will be out in full force this weekend to "down" their opponents, and fans from all over the county are expecting a dog-eat-dog match.  
Farwell boasts an unbroken string of wins this season, having soundly spanked Bovina, Wilson, Pettit and Bula once each, and dumping Oklahoma Lane twice this season. Bovina has lost only to Farwell.

For more than rivalry between the schools the game is important, because it may determine the champions of District 2—if Farwell wins. On the other hand, if Bovina succeeds in toppling the locals, another game will have to be played to determine the title holders. Whoever that may be, Follett champions of District 1-B will furnish the opposition in the bi-district game.  
No casualties were reported from the Steer squad following the match last Friday, and from all appearances, Coach Jack Williams will be able to put his best foot forward. Probable starters include Ford, Hart and Robertson in the back-field; Thomas and Booth at ends, and Sheets at center.

It was not learned here when Coach R. E. Everett planned to put on the field for Bovina, but followers of the game expect to see Tidenerg, Brito, McKinney, Hopingardner and Kelly, among others, on the active list.  
Game time is 2 o'clock.

## Farwell Girls Play Scrimmage Games

Starting last Tuesday night, when they contacted the Bovina teams on the local court, the high school and grade school girls' cage teams of the Farwell school began a series of pre-season scrimmage games which will continue for the next several weeks.  
Coach O. T. Loyd, who is directing the senior girls' activities, said that his team was nudged out by the visitors, 14-10, while the grade school girls, coached by J. B. Airhart, took a lop-sided win from Bovina.  
Maxine Ford, Talma and Hettve Randal, Mary Ruth and Hazel Petree and Pauline Sheets are among the lettered players showing up for workouts this year, while other participants who have seen some service include Booth, Dial, Martin, Norton, Allison, W. Sheets and I. Martin.

Coach Loyd admitted that the majority of his girls are small, but pointed out that they are proving fast in the early workouts.  
Games with the Texico girls' teams are planned during the next two weeks, he added.

## LONGER LIFE SOUGHT FOR STORED SEED

AUSTIN—Longer preservation of stored cottonseed is the aim of a high frequency heating experiment now underway at the University of Texas.  
In the department of chemical engineering, Charles G. Heisig of Minneapolis is working on obtaining better oil from cottonseed in long storage. By means of high frequency heating, he is attempting to destroy enzyme activity in the seed, and to destroy infestation by sterilization.  
Dr. Kenneth A. Kobe, chemical engineering professor, supervising the research, said that if the high frequency heating is effective, cottonseed will not become rancid after long storage, as it now does.  
Radar equipment has been converted into dielectric heating equipment. Heisig holds a fellowship from the Texas Cotton Research Committee.

## Gas Employees Enjoy Banquet In Clovis

Southern Union Gas Company employees, their wives and husbands from Clovis, Portales and Tucumcari were guests of the company at the annual Clovis district safety meeting banquet held at La Vista in Clovis, Friday evening.

Also on hand for the evening's festivities were C. H. Zachry, president; Ethel Johnson, personnel director; Raymond C. Harrison, tax, insurance and safety director, and Alta Ewalt Evans, director of advertising and employees' relations, all of Dallas; James R. Cole, vice president, Santa Fe.

Pres. Zachry commended J. Harvey Wilson, Clovis district manager, and his 26 employees who drive company automobiles, on the safe driving record established during the year ending Oct. 31. "To maintain a safe driving non-accident record, year in and year out, in view of the odds which are ever present, is indeed an accomplishment worthy of

C. H. ZACHRY

note, and it gives me great pleasure to present these safe driving certificates and lapel pins, aggregating 117 years of driving company cars without an accident. Such an accomplishment does not just happen. It comes about through concerted effort on the part of the individual employee entrusted with company-owned equipment. An intensive safety program is a definite part of Southern Union's operations, and a record such as this is one of which we, as an organization and individually

BILL BANKS

may well be proud," Zachry told the group.

W. J. Banks, Farwell agent, was awarded a lapel pin for two consecutive years of non-accident driving. He has been in the employ of Southern Union two years.

Latest figures show that there are 1,924 Indians in the United States Navy.

## ARMY SAVING FOOD

WASHINGTON, D. C.—Savings resulting from the food conservation program ordered by the Army will amount to more than one-half million pounds of wheat per month, together with substantial quantities of meats and fats, the Department of the Army estimates.  
Reductions come from readjustments of the quantities served under the Quartermaster menus in bread, flour, meats, butter, and fats, but the minimum nutritive value of 3,350 calories per day is being maintained by substitution of less critical foods.

ENROLLMENT VARIED  
LUBBOCK—Student from 228 of Texas' 254 counties, 34 other states

and several foreign countries are included in the 6228 enrolled this semester in Texas Tech, according to Pres. W. M. Whyburn.

"Enrollment increased by about 900 this fall over last spring, with the principal increase coming from non-veteran students," Dr. Whyburn stated. "Even when the rush of veterans seeking education is over, Tech enrollment will probably never fall below 5000."

ASUTIN—Family relations work in Texas communities will be expanded this year by the University of Texas Hogg Foundation for Mental Hygiene.

A \$10,000 grant just received from the Woman's Foundation of New York will nance the research, Dr. Robert L. Sutherland, Hogg Foundation director, said.
