

Farwell Outsiders Edge Bovina In Rough Game

Probably the last football of the current season was played Thursday afternoon at Mustang Field in Bovina, between two squads comprised of Legionnaires and grade representing Farwell and Bovina. As the neighboring communities have always enjoyed considerable rivalry, the midron tussle was indeed hard-fought, with Farwell coming from behind in the final minutes of the fray to win 24-28.

Aside from being a football game, the clash was worth the price of admission to see "men" who had not played football in several years, and whose insides were full of nicotine, try to keep up a good fast pace for three or four minutes. When the players had an opportunity to take a minute's rest, they fished into their helmets and came up with cigars and matches, to the amusement of the spectators. Then, tromping the butts on the ground, they dashed back into the fray.

Farwell was fortunate enough to have men and equipment for two complete teams, and local observers agree that the players might not have lasted had it not been for the relief that went in and out in a steady stream.

"You Carry the Ball, Joe"

As far as pre-game dope on the skirmish ran, there just wasn't any. Farwell had the weight and some men who in the past had put away a good deal of football, but Bovina had played before this season, and had much better coordination as a unit. Joke on the local head-butters was that they didn't know a single play. Ideas were quickly stirred up by the players in lengthy huddles, and until the players did decide what they would try, nobody had the least idea of what was likely to happen.

It must be conceded, however, that the locals accounted for themselves very well and functioned fairly efficiently—certainly better than could have been expected.

Farwell's starting lineup was Graham Thornton at center, Bunk Phillips and Vernon Symcox at ends, Glen Phillips at quarterback, and Scott Billingsley and Smokey Gast in the halfback slots. Bovina's first six consisted of Stacy Queen at center, Warren and Shanks at ends, and Moore, Barnett and Looney furnished the power in the backfield.

First Quarter

Farwell elected to receive and Shanks kicked a beauty deep into Farwell territory. B. Phillips carried to the 5. Gast picked up 5 yards around left end and Billingsley was stopped cold on 2nd down. G. Phillips dashed up the sideline to the Farwell 40 but the locals chose to kick out. B. Phillips booted and on a fumble, the Steers recovered their on an attempted pass play, and the penalty on Bovina for roughing the kicker, Farwell took over on Bovina's 30. Gast lost a yard in his first down try; B. Phillips picked it up but the Mustang line stalled the Steers and took over. Moore plowed through Farwell's defense for 3, but lost it on the next play with a 5-yd. penalty. Pipkin, of the Steer aggregation, charged through the Mustang defense on the next play to beautifully block a punt, but inadvertently rammed the kicker and was penalized 15 yards. G. Phillips stumbled his trouble-laden path to the Pony 30 and Max Ford came in to take over the leather-toting, losing five yards on his first attempt. Another offside penalty in Farwell's favor offset this, and the next try at yardage really clicked when Ford heaved one to Pipkin who dashed into paydirt for the first score of the game. Ford's place kick was no good.

The Steers' aftermath kickoff went into the end zone with an automatic touchback. Farwell's quick-learning defense functioned faultlessly and forced Bovina to kick, talking over on Bovina's 25. Ford lost 7 on an attempted pass play, and the quarter whistle stopped further hostilities.

Second Quarter

Farwell was stopped cold for two plays, and B. Phillips booted to the goal line. Tough luck hit the Mustangs as they fumbled deep in their own territory, with the locals recovering. Evenso, things brightened up for them on the next play as Farwell fumbled and Bovina recovered on their 5. Moore made a nice run up to the Mustang 25 before being hauled in by the Steer secondary. Bovina again fumbled and Farwell got the leather. G. Phillips was smacked hard at the line of scrimmage but Billingsley pulled in a pass and slammed down to the Bovina 5. G.

Phillips attempted to ram the pigskin over but gained only about 2 feet. His next play made it into Bovina's six-point land, and his place kick put the Steers at 14-0.

Joe Moore returned Farwell's boot to his own 20 and Bovina got to work. Tabor hauled in an aerial and literally flew to Farwell's 10 where he was messed up from behind by G. Phillips. Shanks rammed the oval almost into paydirt but was stopped on the 1. Looney scooted around left end and rang up Bovina's first score despite Steer tacklers all over him. Williams blocked the Mustang's try at extra points with his nose and saved Farwell two points.

Williams returned Bovina's kick to his 27 stripe and Ford bucked the line to the 31, coming back for 9 more on the next play. A fumble in the backfield stopped the gaining streak and Bovina took over on downs. Farwell settled down on defense but were quickly routed when the Mustang's second attempt at yardage, a pass to Queen, brought them a six-pointer. The try at conversion was wide. Score now stood at 12-14. Farwell. Phillips was halted deep in his own territory and a 15-yard penalty clip further complicated matters. Ford kicked out and the punt was recovered by Pipkin. Half-time came, and the teams retired to the sidelines for a smoke.

Third Quarter

With Bovina receiving, the Steer kickoff was run back to the Mustang 20. Power through the middle shoved the ball up to the 30. Bovina then quick-kicked and Farwell took over on her own 40. Two plays later the locals fumbled, Bovina recovered, and a quick-opening play moved the pigskin to the Farwell 20. Bovina was momentarily held for no gain but Barnett finally reached the 16. Moore took over and netted a yard. Shanks tried but was smothered. Moore wormed his way down to the Farwell 2ft. line on a snappy pass and was barely stopped in time by Gast, but the Mustangs rammed it on over for six points, with the kick being blocked. Ford returned the kick to his own 27 and a pass to Pipkin was incomplete. Ford again carried the mail up to the 32. He then kicked and Moore returned the punt to his 26.

Fourth Quarter

Moore started the fourth quarter off with a bang by bating all the way to Farwell's 33. Eberting took over and picked up 5. Tabor latched on and ran the ball deeper into local territory, the 20. Hawkins tried his luck but gained nothing, and a pass went bad. Queen suddenly got loose and was hauled down on the six, and the next down brought Bovina another touchdown, with Hawkins toting. Again Bovina's try at extra score was no good.

The kick went into the end zone and Farwell was on its own 15. Phillips carried to the 20, and Billingsley picked up 2. Hawkins attempted to knock down a Steer pass but the ball bounced into the outstretched hands of Gast, who made it to the 33. Two plays later the ball was on Farwell's 41 by a Bovina penalty. Thornton, big Steer center, took an aerial and thundered to the 22. B. Phillips got loose and slammed the ground hard on the 20. Farwell's makeshift pass attack went into operation and Williams crossed into Bovina's end zone for six anxious points. Ford was banged on the ground on his kicking try and Bovina led still, 24-20.

Moore brought back Farwell's boot but stepped out on his 12. He then rammed it up to the 20 and Barnett got six more. Shanks carried to the 30, and Barnett plunged to the 38. Moore got loose for additional yardage to the Farwell 36. He tried it again and gained 3. Farwell's defense held and the ball went over. G. Phillips heaved one to brother Bunk who went all the way to score, pulling Farwell into the lead. Glenn put his kick through for two extra and the score was 28-24.

Gast booted into Bovina's end zone and Phillips intercepted a last-minute desperation pass by Bovina and came to rest on the Mustang. Looney retailed for Bovina, and the they again began to pass. Gast snared one intended for a Mustang receiver and took over on the 34. B. Phillips was juts picking up steam when the gun sounded, ending the game,, 28-24.

NEW LIGHTS INSTALLED

Considerable improvement was made in the study hall and home economics department of the Texico school during the holidays, when fluorescent lights were installed, it is reported by Supt. B. A. Rogers.

He will be among more than 200 men expected to attend the Texas State Guard Officers' Association Convention in Austin Dec. 6 and 7.

Christmas Shopping Offers More Variety In Many Lines This Year

Thirty days hath September, All the rest I don't remember, Except December, Which just doesn't have any days at all Except Christmas!

So you want to give something "different" for Christmas Well, so do we but—even with every shop crammed with all sorts of Yuletide ideas—it just appears that packages are still going to contain pretty much the same things, sensible or foolish, extravagant or inexpensive, all done up in beautiful wrappings of the season.

In one department there is a variety of choice—the appliance department, and many a homemaker who has waited for some years for a new iron, coffee maker, vacuum sweeper, or maybe even an icebox or stove, is looking forward to seeing that under her name at Christmas. If your pocketbook is up to it, the whole family will enjoy one of the console radio-phonograph combinations, which offers pleasure throughout the year, and even a small automatic player would probably be the answer to heart's desire of the younger set. Incidentally, if they have a player, you might add some choice records to the collection—but ONLY if you know what they already own!

Men, as usual, will be the hardest to buy for this year. We don't doubt

that Dad and Hubby and Bud are pretty tired of ties, socks, shirts, hankies and gloves, but in the main, gifts for men don't change much from year to year. If he has a hobby, hunting, fishing, photography, etc., you might add a special something along this line. If he is a smoker, he will enjoy a new set of ashtray or a collection of unusual pipes, and if he is the glamour type, a new smoking jacket might just set off the evenings at home. Too, there are always the popular lighters—furnish them with fluid, please!—and for the man-about-town, a scarf for his lighter moments.

Naturally, since men do have to shave, you can always fall back on the shaving sets—particularly if you know what scent they prefer. The man with a desk job can almost always use a new pen and pencil, but again, try to find out what he has before you buy. The same thing goes for men's jewelry—some wear it and some don't—so know your type before you get lavish.

Jumping back to Mom, it just could be that she is weary of things for the house, need them though she may—and a nice change could be some extra-sheer hose or even some fancy unmentionables. Robes of all types, for the siren to the two o'clock (Continued on last page)

"Glad We Had A Fire", Says Smiley Triplett

In expressing his gratitude for the many generous and whole-hearted acts of assistance tendered them in their recent fire at Bovina, Smiley Triplett, of the firm of Triplett & Pringle, stated today, "I came home that night glad we had had that fire." Naturally, Mr. Triplett did not rejoice over the loss sustained, but said that the fire made him realize more fully than ever before the cooperative spirit of the people of the Bovina community. "Mr. Pringle and I both are very grateful for all the help given us. I saw so many generous and decent things done for us that I felt deeply impressed."

ATTEND FUNERAL

Chas. Bieler of this city, Mr. and Mrs. Marty Ezell and Mrs. Jimmie Allsup, all of Muleshoe, went to Albuquerque last Friday to attend the funeral of Lt. Col. W. O. Dorris, a veteran of Bataan, who died in that city.

THANKS, JACK

The Tribune family is indebted to Jack White, local successful hunter, for his generous contribution of venison to the editor's table. We hope Jack has many more equally successful deer hunts.

BOVINA CAFE OPENS

The McCuan Cafe of Bovina, which has been closed the past few months has been reopened with Mrs. Mary McDonald, experienced cafe operator, in charge. Mrs. McDonald says the place will be operated under the name of the Highway Grill.

Bunker Coats For Fire Department

Fire Chief F. S. Thigpen announced today that eight bunker coats and helmets were being ordered for the Texico-Farwell Fire Department, to be added to the equipment of the Department.

Thigpen said that the eight coats and helmets were authorized purchased by the Texico Town Council from the fire funds no won hand. Asst. Chief Felix Monroe already has his suit, which will give nine waterproof outfits to the Department.

Through an error, The Tribune stated recently that Sam Lewis was the assistant chief. Instead, Hershel Morgan is the assistant chief from the Texico side.

Warning Issued Against Firecracker Menace

The Texico Town Council went on record at the regular meeting on Monday night as issuing a warning against the menace of exploding firecrackers inside the city limits.

Councilmen declared that, in addition to being a public nuisance, the exploding of fireworks created a serious fire hazard that might result in serious consequences, and those engaged in such practice were warned to desist without further delay.

The Council passed an ordinance setting the price of lots in the Texico cemetery at \$10, which is just double the former price of \$5.

Sam Lewis was named police magistrate of the Town of Texico.

Funeral Services For Child Held Sunday

With Rev. E. M. Treadwell, pastor, in charge, funeral services were conducted at the Baptist Church on Sunday afternoon for Carolyn Marqueta, four-year-old daughter of Mr. and Mrs. Jess Hudson, who passed away in a Clovis hospital, early Saturday, after a brief illness.

Burial took place in the Texico cemetery, under the direction of the Steed Funeral Home.

The Hudsons have only been here a few months, and he is employed with a Santa Fe section crew.

The little girl, who died of a stomach ailment, is survived by her parents, a two-year-old brother, James Floyd, and her grandmother, Mrs. J. S. Bailey.

Christmas Holidays Are Announced For Schools

Holidays for students and teachers of the Texico and Farwell schools during the Yuletide season were announced this week, with the Texico group expecting a 10-day vacation while the Farwell aggregation will have to be content with only one week, but can look forward to two days off at Easter.

The Farwell school board, meeting Monday night, agreed to start the vacation period on Friday, December 19th, with classes resuming on Monday, December 29th, Supt. O. T. Loyd reported.

Supt. B. A. Rogers stated that the Texico board is to meet this week to make final decision on the holidays, but indications are that school will be dismissed on December 19 and work will be resumed on Wednesday, December 31.

Dies Suddenly In Amarillo Home

Mrs. Blanch Lane, age 64, died at her home in Amarillo last Saturday and was buried in that city on Monday. Mrs. Lane was alone at the time of her death, and since she was subject to attacks of apoplexy, it is believed that her death was caused by an attack of that nature. She had spent Thanksgiving here as a guest in the C. D. Houghtling home west of Texico, and was apparently in her usual health. The deceased was found in her Amarillo home by her sister, Mrs. Ralph Blake.

Mr. and Mrs. Houghtling, Mrs. J. D. Lewis, Mr. and Mrs. Louis Cailouet, and Bob Vinyard attended the funeral. Deceased was a sister of Mr. Vinyard.

NEVER SAW A DEER

C. M. Henderson returned home the latter part of last week from a deer hunt to southwest Texas. Heinie reports that his party never so much as glimpsed a buck on the trip.

Rains that may prove the difference between failure and success of next year's wheat crop fell throughout this area during Tuesday night to bring the first appreciable moisture here since early last Spring.

Three-quarters of an inch fell at Farwell, and reports say that the precipitation was about the same over Farmer and Curry counties, with the Bovina section coming in for slightly less than was recorded elsewhere. Friona and Clovis both report three-fourths of an inch.

Farmers who took a chance and planted their wheat fields in the dust are now congratulating themselves, and at the same time hoping for additional moisture. The contention is being made that a few days of warm weather, following the rains, will bring the crop up. Fields that have not been seeded will be sown just as soon as the moisture has had an opportunity to go down, and vast acreage is expected to be planted throughout this section. With the exception of a few fields along the east side of Farmer County, very little wheat is up in the county, due to continued dry weather.

Skies remained overcast at the time The Tribune was preparing to go to press Wednesday morning and the forecast was for continued rain or snow during Wednesday, with skies clearing during the night.

Christmas Lights Go On Tonight

The festive season will be ushered in with a blaze of brilliant lighting this (Wednesday) evening, according to plans announced today by local civic leaders.

Thousands of colored lights, strung across the main thoroughfares of the business section, will be turned on, and Texico-Farwell will be among the first towns in this area to light up for the Yuletide season.

Workmen completed stringing the colored bulbs the first of the week, and announced today that tests showed the lights were ready to be switched on. In addition to the street lighting quite a number of local merchants are arranging lightings about their places of business, and this year gives promise of being the most beautiful lighting arrangement ever shown in the Twin Cities.

Alice McNew Showing Marked Improvement

Miss Alice McNew, former Bovina resident, who was critically injured in an automobile accident which claimed the life of her father, some weeks ago, near Bend, Oregon, is reported to be showing marked improvement and may be permitted to leave the hospital within a few days.

She has been confined to a hospital in Bend since the accident, some eight weeks ago, and for a time little hope was held for her recovery. Information reaching here early this week indicated that Miss McNew is showing satisfactory progress following a lung operation two weeks ago. Her attending physician is quoted as saying that unless unexpected complications arise, the patient will be allowed to leave the hospital by December 15.

Miss McNew, in company with her father, Rev. David R. McNew, was in Oregon on a visit to relatives when the car in which they were riding was involved in a traffic accident. Rev. McNew was formerly pastor of the Holiness Church at Bovina.

Benefit Show For Local Legion Post

Adj. Champ Porter today announced that a benefit show was being staged at the Border Theatre in Farwell on Thursday, December 11, when the picture, "Hi, Neighbor", will be shown for one night only. The benefit is being tendered the local Legion Post by Scotty Levins, with the Legion getting all the proceeds after actual expenses are deducted.

Porter said local merchants were donating a large collection of merchandise items to be given away at the conclusion of the show, which will start at 8:30 p. m., for one run only. Announcement has also been made that an auction sale is being considered, at which time a number of critical items will be offered to the highest bidder.

Health Notes
By Texas Department of Health

AUSTIN—All children should be immunized against diphtheria at a very early age, according to a statement on the subject released by the Texas State Department of Health, explaining that toxoid, which can be administered easily and without danger, can safeguard youngsters against this serious and killing disease of childhood.

Dr. Geo. W. Cox, State Health Officer, urges all Texas parents to have their children, who are not already protected, immunized at once.

"The administration of toxoid can save a child from serious illness or even death, and those who have not been safeguarded against this danger should be inoculated immediately," Dr. Cox said.

"Babies should be immunized by the age of eight or nine months," Dr. Cox advised. Authorities on the care of infants recommend a first dose by the age of eight or nine months, and sometimes as early as six months. A second dose is usually given later.

To maintain complete immunity, Dr. Cox said that a reinforcing dose of toxoid is advised when a child is old enough to enter school if a Schick test reveals the need of one. Children who enter school or kindergarten this year without this additional safeguard or without ever having been immunized certainly should be protected without any further delay, the State Health Officer declared.

WHAT KIND OF SPUDS DO YOU PREFER?

COLLEGE STATION—Texas is one of 26 states covered by a "consumer preference survey" on potatoes conducted by the USDA BAE.

Sample points in Texas are San Antonio, Galveston, Lubbock and Shamrock, R. D. Lewis, director of the A. & M. Experiment Station, has been advised.

The project is part of the over-all research and marketing program. The BAE is interviewing 3,500 housewives—representing a cross section of the nation's homemakers—to find out what they want in the way of potatoes. Such factors as size, shape and color will be considered.

Out of the study the USDA hopes to bring information to growers on what the consumer wants in the way of potatoes.

Drouth Slows Work On Grazing Deaths

LUBBOCK — Extended drouths this fall are expected to slow down research on causes of cattle deaths resulting from grazing winter wheat, being conducted on the Pan-Tech farm near Amarillo, according to W. L. Stangel, dean of agriculture at Texas Technological College, who is farm director.

Pan-Tech farm is the official name given to 8500 acres of the former Pantex Ordnance Plant, where Tech and A. & M. are conducting cooperative research on winter wheat poisoning. Pres. W. M. Whyburn of Texas Tech signed a use permit from the WAA last July authorizing the college to use the land for seven years.

It had been anticipated that about 600 acres of wheat would be planted this year, Dean Stangel said, but because of extremely dry weather, wheat was not seeded at the proper time and it is doubtful if much will be available during the ensuing crop year.

Because cattle develop ill affects from grazing wheat more frequently during luxuriant grazing seasons, Stangel predicted that little would be learned from cattle on the farm during the necessarily restricted grazing periods this year.

A 1935 Tech graduate, J. P. Smith, has been named assistant to the director and is now in residence on the farm. Texas A. & M. has sent a veterinarian. All former lease holders of land now controlled by Texas Tech have entered a cooperative agreement with the college to grow wheat on land which was in cultivation during 1946-47, in order to

make grazing available.

The veterinarian may be able to make some observations on animals grazing elsewhere in the area, Stangel said, although he will not be in position to make as careful a study as if he had the cattle on Pan-Tech.

Some further information is expected to come from a one-acre irrigated plot where a check test is being carried on with rabbits, he added, explaining that rabbits, like cattle, live on grazing vegetation the research workers consider it possible they may be poisoned as well as livestock.

DIESELS GO ON SALE

This is a diesel age, some engineers say, and 102 six-cylinder twin diesel engines are now on sale until December 1 by WAA. They are offered at fixed prices to prospective users and dealers. They are all used and are located at Red River Arsenal near Texarkana, Texas.

INVITED TO JOIN

AUSTIN—Texas teachers and administrators will be invited to join the Texas chapter of the Association for Supervision and Curriculum Development, recently organized at the University of Texas. Dr. Byron England is president; Miss Epsie Young of Austin vice president, and Dr. George P. Mechem of Corpus Christi is secretary-treasurer.

the car they said was years away!

This is your day! Set the time; see the car you've been told was years away!

A style-setting beauty, with a sparkling and massive front grille. A car that is only five feet high, and with the lowest center of gravity you've ever known, but with a new, all steel Monobilt body-and-frame that gives you more inside head room than any other car built today.

A car with the roomiest seats ever built into any American-made automobile.

A car you step down into when entering, not up on—yet a car that maintains road clearance! A car that cradles you not only between axles, but ahead of the rear wheels.

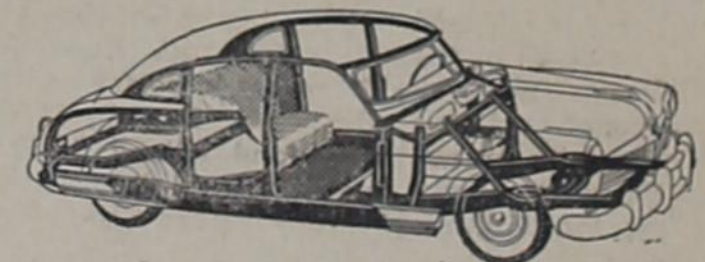

All of this is made possible by a basic new development in motor car design—Hudson's

Monobilt body-and-frame, shown in phantom view and described to the right.

The Hudson dealers listed here are ready with information about Hudson's all-new Super-Six engine—the most powerful six built today—and Hudson's masterful Super-Eight. They will tell you about Hudson's exclusive Drive-Master—no clutch pushing, no gear shifting in forward speeds.

See Hudson's gorgeously upholstered interiors, with chrome handles and hardware recessed into side panels, out of the way. Examine all of Hudson's new beauty, comfort and convenience features, including a new type of low-pressure, Super-Cushion tire that mounts on a new, wide safety rim. See how Hudson's wide, curved windshield and rear window give added vision all around.

Get a good look at this new kind of car—a type of automobile no one else in the world is prepared to build today! It's something to see—the nearest Hudson dealer will show it to you now!

A CAR YOU RIDE IN . . . NOT ON!

Hudson is the only motor car that completely encircles you, even outside the rear wheels, with a rigid box-steel foundation frame. You ride within this new construction, instead of on top of it as in other cars. And every unit of Hudson's new, all steel Monobilt body-and-frame is welded into one solid structure that provides unusual rigidity and stability.

RACIAL PREJUDICES ARE TO BE DEPLORED

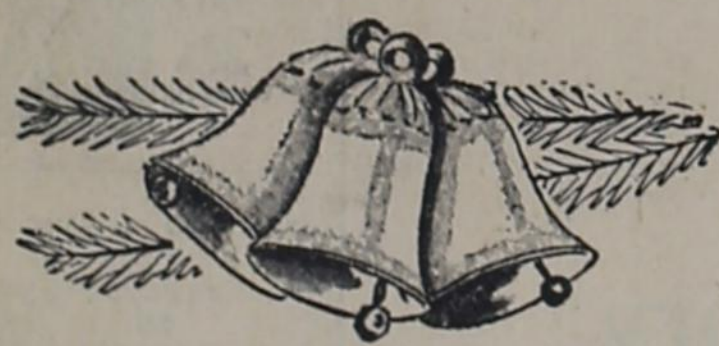

Artie Dunlap, Guest Editor

You and I have heard many different arguments, gripes and debates about the problem of racial prejudices. There is no real problem, it is simply a case of applying the old saying, "Live and let live." It is a case of trusting one another enough to work together in building our world.

It makes no difference what race you choose as an example, you will find both good and bad members in all. However, we are more likely to know of the bad members than of the good. Rarely do we hear the

good points of a race praised. It is more likely to be the bad points which are picked out, criticized, and talked about.

Other races are no better than we; nor are they any worse. Other races pick out our bad points and speak of them as we do of theirs. They criticize us just as we do them. All of this talking of each other must be brought into the open some day and cleared up, so that we might live peacefully in spirit as well as we live physically. It can truly be said that racial prejudices are to be deplored.

The most satisfactory way of selecting a gift that will be appreciated by the entire family is to GIVE FURNITURE—something every member of the household can appreciate and enjoy through the years to come.

Why not come in now—as hundreds of others are doing—make your selections and let us hold it for you until Christmas. In so doing, you will be certain not to be disappointed at the last minute.

... And, of course, if you want something personal, what could be nicer than a lovely rocker, cedar chest, or something of that nature?

Tommy Grow should have a little spending money now. He was absent picking cotton.

EIGHTH GRADE NEWS

We are sorry our room mother, Mrs. Grady Herington, has been ill.

We had our pictures taken for the annual. Also had a group picture taken of the junior girls' basketball team.

We had a basketball game last Wednesday evening and won, 7-5.

SOPHOMORE NEWS

The ball game at Follett turned out the way we had hoped. Quite a few pupils from the sophomore class attended and everyone said it was worthwhile.

Ernest Forman has been very ill but is well now. On Monday, Freda Mooneyham started to school. We are glad to have her in our class.

JUNIOR NEWS

The juniors are working very hard on their play, "The Atomic Blonde", which will be given Dec. 4. We believe it will be a scream, so come to the auditorium and find out who is The Headless Han't. The action takes place in the lobby of Bob Nickerson's and Skid Werling's hotel and healthatorium in Silver Springs, a summer resort in the midwest. The play will begin at 7:30, with admission of 50c and 25c.

SENIOR NEWS

The seniors received their pictures recently, and they surely flatter the subjects.

Tentative plans are being made for the annual senior trip.

Maxine has been sick, surely hope she is better soon.

We want people to know that we're surely putting out a good annual this year. The photographer has been here and the pictures are

now on hand.

Already the juniors and seniors are beginning to talk about the big event—the banquet. After all, the year is nearly half over, and the banquet is something we look forward to.

We surely wish Harry and Bobby luck—they're after their driver's licenses, about the hardest thing we know of to obtain.

Junior went to San Antonio last week to see his dad.

FFA NEWS

On November 26, there was a meeting in Clovis to organize a

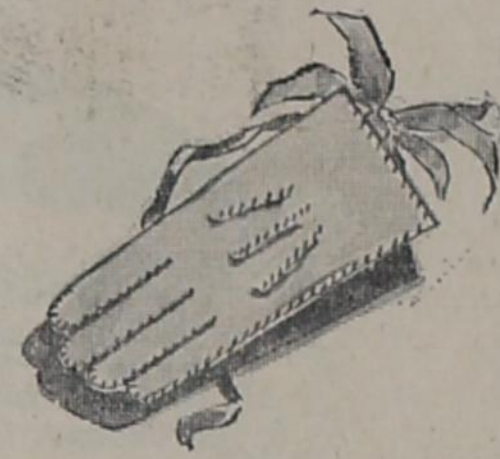

Southwestern Swine Breeders Association. Robert Morton, the Farwell teacher, was elected president.

Attending from Farwell were Herman Gerles, Bob Gerles, Jackie Holland, Ray Magness, Cary Joe Magness, Gerald Curtis, Calvin Meissner, and Duane Curtis, all members of the local agriculture department.

ing, contour listing, chiseling or pit cultivation, contour seeding wheat, leaving a 10-inch stubble of grain sorghum, seeding adapted permanent grasses, control of bindweed, application of phosphate and turning under sweet clover.

Assistance will be offered for the above practices as long as local funds are available, and no payments can total more than \$500 per person.

Crested Wheat Grass, sown last fall is furnishing a small amount of grazing. Even a small amount is more than we can count on from wheat this year. It appears to be well adapted to the high plains country and should show a large increase in acreage next year. We believe that it will furnish a large amount of high protein grazing with a limited amount of rainfall.

W. C. McQuetter of Summerfield, the only sugar beet grower in Parmer County, reports a clear profit of \$97 per acre. Several farmers have stated that they would try a few acres next year. Contracts with the Crystal Sugar Co. are signed through the Deaf Smith AAA office.

December 31st is the deadline for completing a 1947 wheat loan. This office is still making quite a few loans but will fall short of the 2 million dollar mark we had anticipated. Grain sorghum loans will be made until February 28th.

Miss Delores Green, who is in nurse's training at Northwest Texas Hospital in Amarillo, was a visitor in Texico, Friday.

Wayland College Musicians Coming

Rev. J. J. Terry, pastor of the Oklahoma Lane Baptist Church, revealed today that the Wayland College Band will make three appearances at the Oklahoma Lane church this weekend.

The musicians, eleven in number, will present a program on Saturday evening, starting at 7:30 o'clock. On Sunday, another program will be given in lieu of the morning preaching services.

At the noon hour a basket dinner will be served on the grounds, and the final program by the college musicians will be presented at 2 p. m., to conclude the day's activities.

Rev. Terry, in announcing these special programs, extended an invitation to all people of the community to be in attendance. "This promises to be one of the best musical programs we have ever had the pleasure of presenting at our church," he said.

Recital On Monday

Mrs. Florence M. Vinyard, local piano instructor, announces that she will present several of her pupils in a piano recital at the local Methodist Church, next Monday evening, Dec. 8, at 7:30, Texas time. The public is invited to attend.

Mr. and Mrs. C. G. Davis and family visited during the weekend in the home of her parents, Mr. and Mrs. Ebb Randol, in Muleshoe.

Farwell Juniors Will Present Play, 4th

Costumed and grease-painted, the Farwell juniors will take the stage of the auditorium on Thursday evening, December 4th, to present a three-act comedy, "The Atomic Blonde", as their annual stage attraction.

Mrs. Earl Booth, who is directing the play, stated today that rehearsals were progressing satisfactorily, and indications are that local patrons will get a full evening of entertainment from the hilarious play.

The plot concerns the activities of guests and owners at "The Healthatorium", a resort hotel operated by Bob Nickerson (A. C. Henneman) and Skid Werling (Warlick Thomas), Bob's pal and pardner. Miss Wilella Wylie, a rich spinster (Alta Martin), is on the lookout for a man, while on the other hand, Finchley St. John III, played by Jackie Holland, is looking for a wife to furnish him the wherewithal to go with his name.

Gurney Maddox, being the richest man in town and Skid's rival in love, is naturally the villain, with Hollie Hughes taking the character. Doreen Burkeleigh-Banks, played by Theda Bransum, is one of the attractive girls involved, as is Betty Hardford, a poor relation of Doreen, played by Peggy Cummins. Mary Ruth Petree takes the role of Mrs. Adelaide Burkeleigh-Banks, Doreen's mother and Betty's aunt.

Other members of the cast include Oriole Byrd (Alta Wyrick), the negro maid, Parsimonius Jackson (Toby Booth), negro porter; Katinka Katzenpfeifer (Rosamond Booth) the Dutch cook; "Doogie" Dean, (Herman Geries), a fugitive from "the constubule"; Sylvester Butterfish (Duane Curtis). The audience is left to figure out just who is "The Atomic Blonde" and "The Headless Ha'nt".

The play will begin at 7:30, Texas time, with admission being 50c for adults and 25c for students.

Betty Jean Evans, daughter of Mr. and Mrs. L. J. Speers, of Texico, visited her mother over the weekend. She is enrolled at Texas Tech.

Mr. and Mrs. Harry Jesko and son, Raymond, spent the Thanksgiving holidays in Laverne, Oklahoma.

Mr. and Mrs. Loyde Brewer returned to their home Sunday, after enjoying a brief respite in Oklahoma City over the weekend.

Mr. and Mrs. Vance Crume and Judy of Friona, were dinner guests of Mr. and Mrs. W. H. Graham on Thanksgiving Day.

Max Ford, of Amarillo, was a holiday visitor with relatives and friends in Farwell.

Coeds Seek Title Of Yucca Queen

DENTON—Fashion and beauty will win the collegiate spotlight at NTSC December 8, when 11 of the colleges' loveliest coeds seek the title of 1948 Yucca queen in a style show to be held in the main auditorium, LeRoy Brock, yearbook editor, has announced.

Nominations for Yucca queen will be made by students in a write-in ballot and finalists for the queen style show were chosen December 1 in a preliminary contest by a committee of five off-campus judges. All 11 will be awarded the title of Yucca beauties.

Under the direction of Miss Alma Cunningham, publicity director of the Dallas Fashion and Sportswear Center, the coed finalists will be outfitted by leading fashion designers and clothing manufacturers of North Texas who are members of that organization. Each beauty will be fitted with an original creation designed for the 1948 season, and she will model this ensemble in the style show December 8, when she seeks the crown of th 1948 Yucca queen.

GOES TO BANK

Miss Peggy Schleuter, who has been employed in the local county clerk's office, took up her new duties at the Security State Bank on Monday. Mrs. Bob Sudderth is currently assisting Clerk Loyde Brewer, with Mrs. Dorothy Lovelace due to return to her job the last of the week.

Name State's 4-H Winners to Compete for Sectional Honors

TEXAS' top ranking participant in each of the 1947 4-H Dairy Production and Soil Conservation activities has been selected to compete for a sectional award, which is a trip to the 26th National 4-H Club Congress in Chicago, Nov. 30-Dec. 4. In case either wins sectional honors, he will relinquish his state award to the next highest rating member. The two state's representatives and brief outlines of their 4-H records in their respective activities are as follows:

Carroll Fowler, 18, of Lakeview, 1947 state winner, will compete for a sectional award in the Firestone 4-H Soil Conservation activity. During nine years as a 4-H'er, he has realized a yield of over one bale of cotton to the acre as a result of soil conservation practices along with good crop management. Carroll has carried out a complete conservation program on his ranch, including strip cropping, terraces, grass waterways, use of legumes, pasture improvement, cover crops and proper layout of fields and fencing of the farm. He has also conducted poultry, swine, baby beef, and cotton projects with outstanding results.

C. W. Grissom, 19, of Farwell, is the state's representative named to compete for sectional honors in the 4-H Dairy Production activity, in which all awards are provided by Kraft Foods Co. During nine years in club work, he developed a herd of 10 Jersey dairy cattle, the

income from which was \$13,460.00, including \$165.00 in cash prizes. Grissom showed the grand champion cow at the county dairy show for three consecutive years, and won many placings in the show at Plainview. He has given many dairy demonstrations, and is dairy leader of his local club. He stresses the importance of having the cow's udder clipped and clean, and the milking machines properly sterilized.

These activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

TECH BENEFITS FROM CONSERVATION TOUR

LUBBOCK—The recent visit of 150 of the nation's leading business men on a tour promoting soil conservation has benefited Texas Technological College in the amount of a \$500 scholarship.

John K. McKee, president of the Continental National Bank and Trust Company of New York, was so impressed by the vast natural resources of the South Plains and the soil conservation research being carried on at Tech that he forwarded a \$500.00 check to aid one or more students in the furtherance of soil conservation study for the semester years of 1948-49.

The scholarship honors C. M. Malone, vice chairman of the Second National Bank of Houston. Malone and officials of the college will jointly determine the qualifications of eligible students.

COULD ESTABLISH TOWN
LUBBOCK—If necessary, Texas Tech students could establish a town, operate most business firms and give most services commonly offered in a municipality, judging from the types of work by which students are helping pay college expenses this year.

A report from the dean of the men's office shows Tech students holding such varied obs as bakers, grocery clerks, milk inspectors, carpenters, dental laboratory technicians, ministers, high school principals, newspaper reporters, telephone repairmen and undertaker's helpers.

Questions Answered For Veterans

Q. If I am receiving retirement pay, will I be permitted to get the full amount of subsistence allowance while I am attending school, or am in job training under the GI Bill?

A. Retirement pay is not considered income from productive labor and need not be included in your estimate of earnings filed with VA;

therefore, it is not a bar to receipt of full subsistence allowance.

Q. Will VA increase the \$13.80 I get for my 10 percent World War II service-connected disability in event I marry?

A. No. Your compensation is based on the degree of disability. No additional compensation is payable for dependents.

Q. I am an ex-WAC with an honorable discharge and contemplating marriage to a non-veteran. Will the marriage cause me to lose any of my rights to benefits under the GI Bill?

A. No.

Q. May I be furnished a wheel chair by the VA?

A. VA will furnish a wheel chair if you have a service-connected dis-

LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS TO: Thelma Meshew: Greeting:

You are commanded to appear and answer the plaintiff's first amended original petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 19th day of January, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas. Said plaintiff's petition was filed on the 2nd day of December, 1947. The file number of said suit being No. 1410. The names of the parties in said suit are Wayne B. Meshew, as Plaintiff, and Thelma Meshew, as Defendant.

The nature of said suit being substantially as follows, to wit:

Plaintiff brings this suit for divorce, alleging that he has been an actual bona fide resident of Parmer County, Texas, for more than one year next preceeding the filing of this suit; that plaintiff and defendant were married June 29, 1945, and because of the excesses, cruel treatment on the part of the defendant, the parties were separated September 1, 1946, and have not cohabited together since said time. No children issued from said union and marriage and there is no community property.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the second day of December, A. D. 1947.

Given under my hand and seal of said Court at office in Farwell, Texas, this the second day of December, A. D., 1947.

Elida and Texico To Meet Here Friday

Two boys games are on the docket for the home schedule of the Texico Wolverines, Friday night of this week, at which time the squads from Elida will appear on the local court.

Asked as to what might be expected in the Elida game, Coach C. E. Sanders replied, "I don't know anything about them", and went on to say that some of his squad had been out of practice and he declined to make any predictions.

Listed as possible first-string starters are Baldock and Blain, forwards; Curtis, center; Stewart and May or Pearce, guards.

The game will begin at 7:30. On Saturday night, both boys and

girls journey to Pleasant Hill to renew competition in what, as usual, promises to be an evening of hot rivalry.

Reports here indicate that both the host teams have racked up wins in earlier games and are probably out after the local's scalps.

The boys will likely start in the same way as shown above, while girl starters probably will put McDaniels, Ingram and Baker at forward; Bridges, P. Rogers and Curry at the guard positions.

Farwell Splits Double Header Vs. Lazbuddy

The Farwell Steers rolled into their first basketball contest here, Tuesday night, by snowing under the Lazbuddy Longhorns, 43-13. The girls' fray was lost by the locals by a narrow margin of 8 to 9.

The Steers, all decked out in eye-catching new uniforms, perhaps did not perform as efficiently as a unit and were admittedly not as "honed down" as they were last season, but it was conceded that they played as well as could be expected after a five-day practice break following the football schedule. This probably accounted for the large number of fouls committed.

The score stood 8-1 at the close of the first quarter, when Farwell drew first blood shortly after the starting tip-off. The second period was a repetition of the first, and Farwell also gained several via the free-toss. Throughout the entire game it was noted by fans that the Steers used the majority of free shots to good advantage.

Substituting began shortly after the tip-off in the third quarter and the second-string held their opponents fairly well. Farwell really began to look like a ball club in the final issue of the game, and by showing a pressing man-to-man defense on the hapless Longhorns at unexpected times, along with other scoring on the part of the entire team, wound up the opening round of the season, 43-13.

Robertson, of Farwell, was high with 14, Thorn, of Lazbuddy, had 5. **Girls Battle But Fail to Win**

The Farwell girls, also clad in new uniforms, fought it out with a Lazbuddy team which was definitely rated over them, and took a narrow 8-9 loss. Very little scoring was done in any period, as the final tally indicates, but the first round contained more than its share, ending 4-3, Farwell.

Farwell maintained its lead at half-time, 7-6, and gained a meek two-point advantage in the third, 8-6. The teams realized the importance of scoring in the last quarter, and guarding was exceedingly heavy and rough on both sides. However, the visiting lassies banged in a field goal which, with a free shot, ended the game in their favor, 9-3.

Though defeated, the Farwell girls showed considerable improvement over the 1946-47 season.

S. James of Lazbuddy was high with two fielders for four, and Talma Randol led Farwell with 3.

Chocolate beans were once used as currency in Mexico.

Friona Comes For Cage Games, Friday Night

Opening a new season in cage hostilities, the Farwell and Friona teams, both boys and girls, are scheduled to mix it up on the local court on Friday night, December 5th.

This early in the season, it is almost impossible to predict what either team will be able to offer, but long-standing rivalry will likely supply in enthusiasm what the squads lack in polish.

Coach Jack Williams is working out a first string which will be comprised of lettermen from last season, including Hart and Thomas, as forwards; Booth at center; Robertson and Sheets, guards. Other lettermen on the squad include Ford and Graham. Newcomers Henneman, Pool, Hughes, Holland, and Crume are out for practice, and C. Magness and R. Magness are already making a strong bid to replace someone on the traveling squad.

Coach O. T. Loyd said today that he was not certain as to his starting lineup, but indicated that the following girls would likely see action: Tommie and Hettie Randol, Dial, Mary R. and Hazel Petree and I. Martin, forwards; Wanda and Pauline Sheets, Ford, Allison, A. Martin and Booth, guards.

Both teams will go on the floor clad in brand new suits, which arrived recently and were issued the first of the week. The suits feature the royal blue and white colors of the school.

Go To Vega
On Tuesday night of next week the local teams will travel to Vega for conference sessions.

CHRISTMAS SHOPPING—

(Continued from front page)
baby tender, are available, and lives there a woman with soul so dead who never to herself has said "I DO need a new dress!"

The younger female set never tires of trying out new colors in lipsticks and fingernail polies, or fancy bath powder sets. Your gad-about girls would likely be thrilled to death with a good compact, and most women can't resist the urge to primp if a swell new dresser set is handy. Again in this department, the luxury items a woman wants and seldom buys for herself, such as fuzzy lounging robes, snazzy house shoes, a combination pajama-lounging outfit, even costume jewelry, are sure to please. The gal who works is quite often in need of a watch, or she might like her old one dressed up with a handsome new band.

A good sweater, chosen with discrimination, will almost certainly bring huzzas from any member of the teen-age set, and the boys will feel the same way about a sport coat or jacket. If they're involved in fixing up their private rooms, it might not be amiss to add a good lamp, table or chair, and if they're book-worms, by all means indulge them.

The youngsters, of course, are the easiest to buy for—because they love practically anything and will guarantee to have most of their toys torn up by the day after. Those in the group just below teen-age have probably already turned in their requests to Santa for bicycles or skates or the like and it just won't be Christmas unless they find them on the tree.

If you have some newly-weds on your shopping list, a nice gift would be linens—towels, sheets, pillow cases, or table cloths. Dishes and crystal, as well as their choice in silver, also make lovely gifts.

Practically everybody would like a picture of their favorite person for Christmas, and you might surprise some of the miscellaneous ones by going fancy and fixing up a box of extra-special Yuletide goodies—and with sugar off the rationing list you can splurge for the first time in years.

Naturally, there remain those you remember with Christmas cards, and all stores are offering a wide variety.

If you are wise, you will shop early and seriously; pack well your parcels to be shipped, and above all, get them mailed early, so that THE morning won't find the package still enroute.
