

Senior Classes Hear Rev. Carrell In School Baccalaureate Sermons

Both the Texico and Farwell Senior Classes heard inspiring and encouraging sermons from Rev. Harvey Carrell, pastor of the Hamlin Memorial Methodist Church, in their baccalaureate services, conducted last Sunday, as the opening feature of commencement week.

Selecting a quotation from the fourth chapter and the 23rd verse of the Book of Solomon: "Keep thy heart with all diligence, for out of it are the issues of life," the local Minister launched into his sermon to the Farwell graduates at the 11 o'clock hour in the High School Auditorium, by comparing the throne room of a king to that of the heart, "the throne room of your soul."

He observed that the throne room of a king was where he met his counselors with whom he advised, and rendered his decisions. In like manner, the speaker observed, "is where you council with many people, form policies and make your decisions."

Pointing out that decisions made in the heart control our destinies, Rev. Carrell declared, "You are a king or a queen, the ruler of your individual life."

He admonished the Class to "discover the supreme truth of the universe . . . if you can find the truth you can bank your life on that truth . . . imitations may cease, but supreme truth will remain steadfast . . . the supreme truth of the universe rests in God, the creator, preserver and redeemer of mankind."

Next, the speaker recommended to the Class members that they "maintain a high sense of justice and fairness . . . maintain a deep and abiding affection . . . always feel in deep sympathy for your fellowman . . . to become indifferent means that your kingdom will be dissolved."

Turning then to the phase of council, he cautioned: "Remember to those whom you show favor will come in . . . they will become instrumental in affecting your life . . . choose well those who enter your throne room."

Citing King Solomon as a criterion the minister pointed out that the wise king "Called in God as his chief advisor," and from this point he admonished his hearers to "Call in Jesus as your Chief Advisor . . . you will always have to call Him in . . . He has always stood without, knocking."

In conclusion, Rev. Carrell called attention to the fact that "you are soon leaving home . . . time is soon coming when the home ties will be broken . . . hence, decisions that you must make soon will determine the final destinies of your lives . . . keep your heart with all diligence, for out of it are the issues of life."

Mrs. C. M. Henderson played the processional and the recessional, and B. N. Graham offered the invocation. Clifton Henderson rendered a baritone solo, and Minister Lewis C. Cox pronounced the benediction.

Watch for the opening of the Border Theatre, Farwell.

On Sunday evening Rev. Carrell delivered his second baccalaureate sermon of the day when he stood before the ten seniors of the Texico High School in the school auditorium.

Using as his subject, "Dreams of Life," Rev. Carrell based his remarks on the eleventh verse of the 3rd chapter of First Corinthians, "For other foundations can no man lay than that is laid, which is Jesus Christ."

Using this quotation from Paul's letter to the Church at Corinth, the speaker raised the question at the outset, "What would the world be without the dreams of youth?" And suggested to the class members that they "keep them in your heart and mind."

Launching into his subject, the speaker urged that the Class "start now to achieve the noble dreams of your life," and then observed the importance of "laying the proper foundations," a thought he strongly emphasized.

"Every life is looking for happiness and success in various fields," he observed and then pointed out that a well rounded education in itself is not enough to accomplish this end. "While education is essential, let us not make the mistake of thinking that it is sufficient," he warned.

Turning then to the subject of wealth, the speaker declared, "more lives have been deceived on this basis . . . that has never been true in any age . . . yet we would not kick wealth out, but let us place it in its right place."

As a stepping stone to a successful life, he called attention to "the opportunities of doing good . . . lives full of good deeds . . . feed the hungry . . . If that is your dream may God grant that dream."

Turning back to the words of St. Paul, he stressed the importance of a proper foundation for life again. "A foundation that can meet every condition of life . . . and Paul says that foundation is in Jesus Christ."

In conclusion, the minister made an impassioned plea for the "establishment of lives founded on the principles of Jesus Christ . . . such a foundation will support the superstructure. At this point he recalled the story of the man who built his house upon a rock as compared to the man who built his house upon the sand, and added "any of your dreams will fail if the foundation is insecure."

Mrs. C. M. Henderson played the processional and recessional, while Minister L. C. Cox offered the invocation. The audience joined in singing, "Holy, Holy, Holy," led by Supt. B. A. Rogers. B. N. Graham read the scripture lesson.

Two choral numbers were sang by the girls' chorus, accompanied by Miss Peggy Rogers. Miss Norma Lee Sanders gave a violin solo, accompanied by Miss Jean Rogers, and Mr. Graham pronounced the benediction.

Farwell School Board Elects New Teachers

The Farwell School Board, in a called meeting Monday night, elected the teachers for the next term.

All the board members were present for the meeting; also Mr. O. T. Loyd of Smyer, Texas, who has been selected to head the school for the coming year.

Those who were re-elected include, Jack Williams, Mrs. C. E. Sanders, Mrs. Earl Booth, Robert L. Morton, Miss Ann Nabors, Mrs. Mike Tarantola, Mrs. Lenton Pool, Mrs. Harry Whitley and Miss Wilma Louise Snyder.

However some few who were re-elected are required to attend school this summer in order to obtain the required number of hours.

Texas requires its teachers to have a degree or one hundred and twenty hours of college work.

Preliminary Survey For Street Paving

A surveying crew of The Texas Highway Department was here the first of the week running the first preliminary survey along Highway 70-84 through the business section of Farwell.

Crew members said their work was in connection with the curb and gutter program to be installed from the east side of the city limits to the state line, which will be the first step toward getting the Highway Department to pave the strip from curb to curb through the city.

Local Streets In Good Shape

Following the several days rainy spell, which filled the streets to a high level, has benefitted the car drivers by enabling the county road maintainer to grade them and remove the rough spots, making the roads much smoother for travel.

The improvement began last Monday, when the grader was put to work, filling in the low places and cutting the high points to a level.

Following the excavating of the site for the American Legion Hut, many Farwellites requested and received dirt for the filling in of the lower places, and since the rain there has been quite a few muddy corners that will be in better shape than in a long time, after the water has gone and they are graded.

Mr. and Mrs. Clarence Green of Council Bluffs, Iowa, visited in the A. C. Green home last week while en route to California on a vacation tour. Mr. Green is a cousin of the local man.

President Local Bank Dies at Hereford

J. H. Head, 88, who has been president of the Security State Bank of this city since 1927, died at his home in Hereford Sunday.

Burial took place in the Woodland Cemetery at Hereford Tuesday afternoon. Mr. Head was one of Hereford's pioneer citizens and one of the leaders of this section.

Lightning Hits Farm Home, None Hurt

Mr. and Mrs. B. L. (Barney) Harding and their two children had a narrow escape Thursday night of last week when lightning struck their home, seven miles south of this city.

Mrs. Harding said she and her husband were stunned by the bolt that struck the top of the house and flashed about the room in which all members of the family were sleeping. Paper on the wall was set afire but was soon extinguished after she and her husband regained their senses.

Slight, charred openings through the roof and ceiling were left by the bolt and the plating on the back of a dresser mirror left evidence of the electrical current in the form of "lightning streaks." The children were not awakened by the flash that came so close to them, Mrs. Harding stated.

TO GO TO JAPAN

Mrs. Mike Tarantola, primary teacher of the Farwell schools, will leave this week-end for Weatherford, Texas, where she will visit her mother until she is able to obtain transportation to Japan, where she will meet and remain with her husband.

Mrs. Tarantola's husband is T-Sgt. Mike Tarantola, who is in the 34th Infantry Regt. stationed on Kyushu Island, in the city of Seabo.

Mrs. Tarantola stated that they expect to be there for at least two years and if he should re-enlist, they may be over seas for several more years.

CANCEL CLUB MEETING

President C. M. Henderson of the local Mens' Club announced today that the regular meeting of the Club, scheduled for Thursday night, has been cancelled because of the conflicting dates with school activities.

Mr. and Mrs. S. C. Leach and family will leave this week-end for Ft. Worth, where they will spend a week visiting with his mother, and Mrs. Leach's family, at Weatherford.

Friona Physician New County Health Officer

The Parker County Commissioners Court, in session here Monday, named Dr. Robert C. Stokes of Friona as county health officer for the county. His services began on May 1st and he will be paid an annual salary of \$525.00.

The county has been without the services of a health officer since the resignation of Dr. Wm. V. Coventry, some months ago, when he moved to Dumas.

The Commissioners also boosted the traveling expenses of Cattle Inspector Harry Whitley to \$50.00 per month, effective May 1st. Also approved by the Commissioners was the expense account of the office of sheriff-collector-assessor for deputy salaries and car expense for the month of April.

The recommendations of Roy White, Perry Barnes, L. W. Smith, Mike Allen and Joe Paul of "no damages" on the opening of a road in the Lazbuddy community was accepted and the road was declared open. Other business transacted included the payment of current bills for the month.

Farmer County's record wheat crop is all but in the bag.

This is the enthusiastic opinion expressed on every hand, following the abundant rains of last weekend that sent the gauge to a total of 2.90 for the month of May, and virtually assumed the biggest wheat crop ever produced in this section.

While most sections of the Texas and New Mexico plains country were reporting rains that measured from three-quarters to an inch, reports from all parts of Parker County give the rainfall varying from two inches upward to three inches. The rain started to fall here late Thursday night and continued intermittently for two days and nights. Not until Sunday afternoon did the clouds lift and allow the sun to shine for the first time since the previous Thursday—something very unusual for this section.

With an estimated 250,000 acres of the finest wheat ever seen in this section at this time of year, hopes for an all-time record crop are being expressed on every hand. Speculation is already being voiced that the county's wheat crop this year will amount to three to five million bushels. These estimates, naturally, are based on favorable weather conditions, including an absence of hail, during the next six weeks.

No hail of any consequences has been reported anywhere in Parker County, although a few light pellets are reported to have fallen in confined areas during the rainy weekend.

And while the rain will be a great boon to wheat growers, the row crop boys are also rejoicing. The early moisture assures an abundant season for early planting of Spring crops. Some planting was started in their fields before the close of the present week. The only occasion for delay now is to allow weed seeds to sprout so that they may be killed in the planting operations.

Grain dealers, sensing the harvest of a record crop, are making every effort possible to be ready for the grain movement. Grain elevators at Farwell and Bovina, where enlargement programs are in progress, are being rushed to completion. It is agreed that no additional moisture will be needed to assure full maturity of the crop, and predictions are being made that some of the early varieties will be ready for harvest by the latter part of May or early in June.

While none of the fields are showing a ripening stage, observers point out that only a few days of warm sunshine will make a vast difference in the appearance of the wheat fields.

Concern is already being expressed over the combine situation and the prediction is being freely made that the harvest of the record crop will prove a real problem this year. With new combine output almost at a standstill for the past few years, wheat growers are certain to be faced with insufficient machinery to harvest the crop properly and at a time when it must be gathered.

Father Farwell Lady Passes in Austin

Mr. and Mrs. Chester Magness returned home last week from Austin, Texas, where she was called by the death of her father, W. L. Daniels, who passed away on his 67th birthday, April 24th. Burial took place in the Machman cemetery at Austin, by the side of his wife who died 11 years ago.

He is survived by ten children, all of whom were present for the funeral except one who was ill. Survivors include six sons, Ollie Daniels, Vernon; George Daniels, Ingleside; Keaton Daniels, Houston; Charlie Daniels, Houston; Luther Daniels, Houston; Richard Daniels, Luling; four daughters, Mrs. Chester Magness, Farwell; Mrs. Lum Tountgate, Round Rock; Mrs. George Tountgate, Round Rock; and Mrs. Phillip Warner, Georgetown. Thirty-five grandchildren and one great-grandchild are also listed among the survivors.

BOXSUPPER NETS \$107.00

The Boy Scouts of Texico, Troop No. 30, sponsored a box supper held at the high school auditorium, last Friday night, which netted them one hundred and seven dollars, announced Warren G. Harding, Scout Master of the local troop.

Harding stated that the funds will be used for the benefit of scout work and in making trips.

OFFICIAL HIGHWAY MAP FOR 1947 NOW READY

AUSTIN—A new edition of the official State Highway Map is just off the press to aid Texas travelers in finding their way over the state's rapidly expanding road system.

Color photographs of things to see and do in the Lone Star State are featured on the map to help lure tourists from other States and inspire Texans to "See Texas First."

State Highway Engineer D. C. Gree announced free copies of the new map are available to the traveling public upon request. They will be distributed through the Highway Department's main office at Austin, the twenty-five district offices, and at the Department's information bureaus located at ports of entry into Texas.

Progress on the post war building program is graphically indicated on the new map which carries more than 1,100 miles of new paved road which were not shown on the former edition.

FARWELL SCHOOL RECEIVES NEW STAGE CURTAIN

Supt. of Farwell Schools, H. A. Clift announced last Monday morning that the Farwell School had purchased a badly needed stage curtain

that has been installed in time for this year's commencement exercises. The school had been in dire need of such a purchase ever since the old-type curtain had become unmanageable two years ago. The new curtain is a wine-colored, velvet material that should prove to be of lasting durability as well as beauty. It was installed last Sunday afternoon by competent workmen and features sliding receding curtain type pull instead of the old time roll-up that gave so much trouble and took so much time and effort.

Supt. Clift announced that the curtain was purchased from the Texarkana Scenic Co., and the final cost has been jointly shouldered by the P. T. A. and Senior classes of 1946 and 1947.

MR. & MRS. CONSUMER

MR. SHIPPER & MR. FARMER

MR. & MRS. PASSENGER

You would foot the bill!

Look out! There's another big railroad wage demand headed your way!

The non-operating unions alone—whose members do not actually operate trains—are demanding a flat increase of 20 cents an hour. These demands would cost the railroads of the country five hundred sixty-eight million dollars a year!

Last year these employees had an increase of 18½ cents an hour. This was their third major wage increase since 1939. Their average weekly pay has gone up 75%, as against a cost-of-living rise of 54%.

Since 1939, railroad wage and material costs have gone up more than three times as much as freight rates, and five times as much as passenger fares. That is why in

1946, with the largest peacetime traffic in history, the net income of railroads went down to the equivalent of only 24% of the net property investment.

What About 1947?

Even with the recent freight rate increase, preliminary figures indicate that the railroads will make only about the same low return in 1947 as in 1946. This will be because: —the wage increase made in 1946 will be in effect for all of 1947;

—special payroll taxes on railroads have recently been increased; —and passenger traffic has declined.

Where Would the Money Come From?

Farm Labor Picture

COLLEGE STATION—With a record cotton crop already planted and up in the Rio Grande Valley and with growers in both South and West Texas scheduling big increases, pressure on the available labor supply probably will be as heavy as it was during the war years in the opinion of C. Hohn, state farm labor supervisor for the Texas A. and M. College Extension Service.

But this year an estimated 10 to 15 per cent more Latin American workers and a few more Negro workers will be following the cotton crops thus helping to ease the situation, he believes.

Valley farmers have taken out permits for planting 430,167 acres of cotton, compared with 290,000 acres planted last year; Gulf Coast farmers

and, always depending on moisture conditions, West Texas growers are expected to increase their acreage considerably. For the state as a whole the U. S. Department of Agriculture is asking 8,000,000 acres of cotton compared with an estimated 6,400,000 acres planted last year, but it is doubtful that the goal will be met.

Faced with this production and labor situation, the Extension farm labor program, with four years of experience in shooting for maximum utilization of available labor, has set in motion the 1947 program which is designed to have labor on hand where it is needed, to eliminate lost motion spent in useless travel to jobless areas, and to encourage workers to remain on a job until it is finished, thus helping both grower and worker.

If all goes well with the Valley crop, every available worker will be

needed for picking cotton there, so migrants living in the Valley are being urged to remain there for the picking season which will get underway in late June, and, in addition, when additional labor is needed in the Valley, as in other areas, migrants will be routed there from other sections.

As the crop matures in the Gulf Coast section in early August, workers will be directed to that section as needed, and from there they will fan out over the State to other areas particularly West Texas, which uses large numbers of migratory workers.

County agents report labor needs to the state office at College Station, and already the system of weekly reports to the counties, stating labor needs and giving the state farm labor picture, is enabling the agents and farm labor fieldmen to direct the workers to jobs in both cotton and vegetable fields.

OKLAHOMA LANE

BARNETT-BILLINGSLEY

Miss Lorene Barnett of Clovis, N. Mexico, daughter of Mr. and Mrs. Kimbrell Barnett and Garland Billingsley, son of Mr. and Mrs. Sam Billingsley of the Oklahoma Lane community were united in marriage Sunday afternoon at 5:00 o'clock in the home of Mr. and Mrs. Robert Rundell. Mrs. Billingsley wore a grey crepe dress with black accessories, her corsage was of cream rose buds, she carried a white Bible. Her maid of honor was Miss Gilda Trower of Clovis, she dressed in pink crepe and wore a pink carnation corsage, with white accessories.

Jimmy McGuire acted as best man. Bro. Starnes officiated.

Earl Roberts sang: "If God Left Only You", "I Promise You", and "I Love You Truly". A. V. Wall of Portales, N. M., was at the piano.

The home was decorated throughout with roses, sweet peas, iris and snap-dragons.

The bride and groom cut the first piece of cake.

Those attending the wedding and reception were: Mr. and Mrs. Kimbrell Barnett, Mr. and Mrs. Sam Billingsley, Billy Van Barnett, K. Barnett, Mr. and Mrs. Conda Jones, Mr. and Mrs. Robert Rundell, Merrill Glen and Louise, Mr. and Mrs. Lee Jones and sons, Mr. and Mrs. Claude Primrose, Mr. and Mrs. Oswell Jones, Mr. and Mrs. J. F. Barnett, W. O. Smith, Bro. and Mrs. Newton Starnes, Billy Dollar, Gilda Trower, Earl Roberts and A. V. Wall.

Mr. and Mrs. Bill Ham of the Oklahoma Lane community had as their dinner guest Saturday. Mrs. Joe Hanna of Clovis, Mr. Jack Hanna and son of Seymour, Texas, Mr. Earl Hanna and Mr. and Mrs. Malcolm Hanna of El Paso, Texas, Mrs. Charlie Sumners and family of Clovis.

Anticipated state needs will be taken care of first before workers are directed to out-of-state cotton area which might request help.

Sugar beet workers, who annually make the long trek to the beet areas in northern states, are being routed in an orderly manner to avoid surpluses in some areas and deficient supplies in others.

Texas fieldmen will be stationed in each of the beet areas to carry on a continuous educational and training program and to bridge the language and other gaps between workers and growers. They will try to see to it that migrants don't run out of work during slack periods and go to other work opportunities before the job is done, a situation which has occurred at times in the past and has resulted in additional recruiting of Texas labor by beet companies and consequent shortages of labor here.

With a larger force of fieldmen and since both growers and workers are familiar with the workings of the program, Hohn predicts that the farm labor program this year will operate more smoothly than ever before and that all labor needs can be met.

Mr. and Mrs. Bruce and daughter, Mr. E. W. McGuire and son Jimmy were those who enjoyed the big dinner.

Mr. B. N. Hillock, Ernest Hillock, Mr. and Mrs. Myron Hillock, Mr. and Mrs. Harold Hillock and family left early Saturday for Arkansas to be at the bedside of Edd Eason who is reported to be in a dangerous condition.

Mrs. E. W. McGuire of this community was released from the Clovis Osteopathic Hospital Monday afternoon after ten days rest in the hospital.

Leon Grissom of Lubbock, visited over the weekend in this community.

Mr. and Mrs. Charles Roberson of Amarillo, visited in this vicinity over the weekend.

Robert Rundell was in Friona, Saturday.

Garland Billingsley, Billy Dollar,

Merrill Glen Rundel, Jimmy McGuire and Earl Roberts were in Portales Saturday evening.

Mr. and Mrs. Roy McGuire of Seymour, Texas, have returned home after a visit here and in Farwell.

Mr. and Mrs. R. T. Jenkins spent Sunday in Hereford, Texas with Mr. and Mrs. Bill Harmon.

Mr. Charles Felts and children spent the weekend in Dalhart, Texas.

Mr. and Mrs. O. F. Storrs and Homer and Ann Storrs visited several days in Hollis, Oklahoma.

Mr. and Mrs. Boone Allison and O. D. Jenkins were Clovis visitors Sunday.

Sunny Side

(By Sonny Graham)

Pvt. Scott Levins, son of Mr. and Mrs. Scotty Levins of Texico, experienced an event decidedly different from what he had become accustomed to, during his trip home to visit his parents.

Scott is a member of the well-known 82nd Airborne Division of the U. S. Army. Being a paratrooper, he has had a good deal of experience with airplanes, so when he finally received an 18-day furlough from his station at Ft. Bragg, N. C., he took the most rapid and probably his most well acquainted with transportation home possible—airplane.

When only a short distance from Amarillo (this city's most convenient air terminal), the plane in which he was a passenger encountered drastic weather difficulties. Rather than turn back, the ship's officials decided to continue on their schedule and attempt a landing at Amarillo.

Anxiety became quite prominent on the faces of the passengers as they were asked to tighten and lock their safety belts. Particularly so with Pvt. Levins—he had no parachute—an article long of necessity and now of safety to which he had become accustomed.

However, the story has a happy ending, for Pvt. Levins landed in one piece. I don't know for certain what his views are on flying without a parachute, but I do know that when his furlough is expired he is returning to Ft. Bragg via train!

Local Man Honored By Rainbow Order

Nelson C. Smith, 33, Mason of this city, has been greatly honored by being named as a member of the Grand Cross of Colors to the Order of the Rainbow by the Supreme Assembly.

Announcement of his appointment to this high office in the Order of Rainbow was made this week by Mark W. Sexon, Supreme Recorder of the Order of Rainbow Girls, from his office in McAlistier, Okla.

Mr. Smith stated today that he would go to Dallas in June, where the degree would be formally conferred. Supreme Recorder the Rev. Sexon, founder of the Rainbow Organization, world traveler and lecturer, who is now 80 years old and confined to a wheel chair, will be present to assist in conferring the degree.

The Order of the Rainbow Girls is organized in every state in the Union, also in Canada, Alaska, Cuba, Hawaii, the Canal Zone and Mexico. Mr. Smith had the pleasure of talking to some Rainbow Girls in Mexico City last October.

Visits Friends and Relatives

Mr. and Mrs. Ebb Randol made a trip last week going first to Valmore, New Mexico near Las Vegas where they visited Mr. and Mrs. T. E. Levy, Mr. Levy having been in the hospital there the past two weeks. Then the Randols motored on to Eagle Nest Lake where they spent an hour or more, then to Taos, Santa Fe, Albuquerque and Belen, where they spent Friday night in the home of their daughter, Mr. and Mrs. Hugh Edwards.

Celebrates Ninth Birthday, Tuesday

Little Miss Glenna Ruth Davis, daughter of Mr. and Mrs. C. G. Davis, had 47 young guests to help her celebrate her ninth birthday Tuesday in her home in south Farwell.

Outdoor games were enjoyed, after which Mrs. E. L. Meeks assisted Mrs. Davis in serving ice cream, individual cakes and punch to the guests. Candy bars were presented to each attendant as a guest gift.

Mrs. Joe Crume returned from Abilene Tuesday, where she attended the funeral of her grandmother, Wednesday of last week. While there she visited with other relatives for several days.

ACA News

Harold W. Carpenter, Secretary

Several farmers seeded permanent pasture grasses last fall and have found them well adapted to this country. These grasses are perennial and come up from the seed alone. One plowing will completely kill a stand. We have a few dry land farmers trying Crested Wheat Grass. They have found this grass more palatable to livestock than wheat or native pasture. Robert Kimbrough of Lazbuddie has a small experimental plot that is about six inches high after being grazed all winter. Of course, grass that it watered and fertilized does much better. There are several varieties adapted to the high plains and they can be sown either individually or in a mixture—in the spring or early fall. The fall seeding seems to be a little more successful because there is less weed competition.

There is a considerable cultivated acreage in Parmer County that needs to go back to grass. Several fields are eroded or covered with Johnson Grass to the extent that it is not profitable to farm any longer. On eroded land, terraces should be constructed and then seeded to some perennial grass. PMA will pay the cost of the terraces and about one-half the price of the grass seed. If anyone is interested in re-claiming old, worn-out crop land, drop in and talk with us before you start. The seed is high, but if a stand is secured, it is good for an indefinite number of years.

Which brings us down to the subject to the sod land being broken. Many more acres have been put into cultivation the last few years due to the war and its ensuing shortages. A big percent of this land should never have gone under the plow. If you must break out rolling land or have already done so, take advantage of your conservation program and protect it with a good system of terraces. Many millions of tons of good Parmer County top soil now lay in the bottom of our lakes.

Wholesale planting will start by the latter part of the week. Planting seed should be treated with either coppercarb or sereasan to prevent smut and help germination. As yet, this office does not know of an effective chemical to keep bugs and worms from eating planting seed. If anyone has a pet treatment, let us know about it and we will pass it on.

Several fellows hunting steady farm jobs have dropped by the office the last couple of weeks. We have been able to place some of them, but others have gone on to greener pastures because we didn't know your needs.

If you need a steady hand, come by and let us know. We are able to send you just what you need.

In 1826, eight tons of rubber imported from Brazil sufficed the needs of the United States for a full year.

H. Kemp Lumber Company, a corporation, whose office and principal place of business is in Parmer County, Texas, Amarillo National Bank, a corporation whose office and principal place of business is in Potter County, Texas, as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiff brings this suit in trespass to try title alleging that on April 1, A. D. 1947, he was the owner in fee simple of the following described lands: Being a part of Capitol Lea No. 549 described as follows: 5.15 a. of land out of Cap Lea No 549 beginning at a point 300 ft. N and 580.4 S 8656 E of the NW corner of Block No 96 of the town of Farwell, Texas, as where the easterly right of way line of the Wye Survey intersects the Northernly right of way line of the Pecos & Northern Texas Railway Company line running to Lubbock, Texas, a stake for the SW corner of this tract: thence S 66 56' E at 17 3.1 feet a stake in said northerly right of way line for the SE corner of this tract: thence N at 540 ft. a stake for the NE corner of this tract: thence W at 510.5

ft. a stake in the easterly right of way line of said Wye Survey; thence in a southeasterly direction following the curve of the said easterly right of way line of said Wye Survey to the place of beginning, which above described land is a portion of the said land which was subdivided and platted into lots, blocks, streets and alleys in the town of Farwell by an instrument dated the 28th day of Dec. 1905, recorded in the deed records of Parmer County, Texas, in Volume 2 at page 499.

and that thereafter on the second day of April A. D. 1947, the defendants and all of them entered upon and dispossessed him of said land.

He asks for damages in the sum of ten dollars and for title and possession of said lands.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 9 day of May A. D. 1947.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 9 day of May A. D. 1947.

Mr. and Mrs. Otis White went to Muleshoe on Monday to be with Mrs. White's brother, Lester Kelley, who underwent surgery in a hospital there.

Mr. and Mrs. Wilbur Charles and Harry J. Charles, went to Temple Texas, this week, where Harry J. will go through the clinic there.

Mr. and Mrs. Bill Eberting were Sunday afternoon guests in the John Wilson home.

Mr. Bob Williford has been going to Friona this past week, where he has been receiving medical care and

having some X-rays taken.

The Juniors and Seniors enjoyed a skating party at the school house on Thursday night of this week. The sponsors were there to do their part at skating too.

Mrs. Marnett has had some dental work done this week in Clovis.

Mr. and Mrs. Hampton and children of Phillips, Texas, spent Sunday visiting in Bovina. They attended church at the Church of Christ.

The 5th and 6th grades enjoyed a party at the school house on Wednesday night with their teacher and some of the parents. They had a picnic supper and enjoyed skating. Mrs. Rhodes, their teacher, sponsored them. There were some of the children that could not come to the party due to bad weather and they were missed, but all present reported a good time.

Mr. and Mrs. Arthur Moorman and children left Sunday for Eastern Colorado, where they will visit and enjoy fishing for a few days.

Mr. and Mrs. Walter Thompson, of Whitedeer, visited in the home of Walter's parents, the Lee Thompsons over the week end.

REV. SAMUEL J. TODD, who is conducting a series of revival services at the First Pentecostal Church of Bovina.

BOVINA HOLINESS CHURCH IN REVIVAL MEETING

Announcement was made Monday of a series of revival services now in progress at the First Pentecostal Holiness Church of Bovina, of which Rev. D. R. McNew is pastor.

Invited workers for the services are the Rev. and Mrs. Samuel J. Todd of Tallapoosa, Ga. The Rev. Mr. Todd, it was stated, is known coast to coast in evangelic circles for his work in the field of evangelism and on the religious platform for the past 15 years. During the war, the Rev. McNew stated, Mr. Todd was on special assignment with the armed forces, serving in 135 camps and bases as special liaison chaplain. He was assisted by Mrs. Todd.

Mr. Todd is a graduate of Holmes Bible College of Greenville, S. C., and of Asbury College, Winimore, Ky.

A special feature of the campaign, will be Junior services, under the direction of Mrs. Todd. Mrs. Todd has had extensive training in child and youth evangelism and will be employing many late developments in visual aid training.

Everyone is cordially invited to be present at each service throughout the campaign. Services start on Sunday evening May 11 at 8:30 p. m. The Junior service will begin at 7:30.

The revival will continue for two weeks with services each evening at 8:30.

Services at the Church of Christ, in Bovina, will begin at 9:00 o'clock on Sunday the 18th, on account of getting services over in time for the program at the school house.

Mrs. Oscar Venable spent Sunday at Mr. and Mrs. Vester Venable's in Farwell.

Mr. and Mrs. F. W. Ayres, had as their guests Sunday, their two daughters and families, Mr. and Mrs. Buck Ellison, and Mr. and Mrs. Byron Turner, and children and Wesley.

The E. D. Ashcraft's enjoyed some of their children over Sunday.

Mr. and Mrs. Alvin Hampton, Ersie and Willie Mae, of Borger, visited relatives and friends in Bovina Saturday night and Sunday.

Rev. and Mrs. L. L. Hill, Edwin and Ella of Amarillo spent Sunday

night with the W. L. Williams, after Rev. Hill had preached the baccalaureate sermon at Friona High School.

Mr. and Mrs. Bill Venable went to Stephenville, Texas, to visit and be there for a cemetery working.

W. S. C. S. MET WITH MRS. ELMAN STARK

The ladies of the Women's society of Christian Service met with Mrs. Elman Stark in her home, on Wednesday of the past week. They had a very nice covered dish luncheon to serve at the noon hour.

The meeting opened by a prayer by Mrs. John Wilson, and then the business session, after which Mrs. I. W. Quickel gave a very interesting report on the book "The Robe". This was enjoyed by all. Those attending were:

Mesdames, J. T. Hoppingardner, Mrs. Mable Newberry, Lloyd Battey, Mrs. Frank Wilson, John Wilson, and the hostess, Mrs. Elman Stark.

The next meeting will be the first Wednesday in June, with Mrs. John Wilson.

BIRTHDAY PARTY FOR LYNN AND DARREL CROOK

Mrs. Johnnie Vestal was co-hostess to Mrs. Howard Crook, when they entertained with a birthday party honoring Mrs. Crook's two small children, Gari Lynn, who was four and Darrell, who was two, on the 4th of May, the other was the 5th. There were two cakes, decorated with little animal candle holders, with colored candles in them, four candles on one and two on the other.

A very nice time was had by all the youngsters that attended. Gifts were received by both little honorees. Those attending were; Gary Ves-

tal, Beverly Hubble, Sonnie Blalock, Kenneth and Kermit Vestal, Elizabeth Ann Edwards, Janice Richards, Patsy Richards, Penny Lloyd, Wayne Brown, David McKinney, Harriet Lou Charles, Carol Lynn Hammonds, Ronnie and Dean Wines, Roberta Edwards, Syble Hartsfield, Patricia Lloyd, Phillip Lloyd, and Mary Sue Moody.

TURNER TWINS ENTERTAIN WITH SLUMBER PARTY

On Friday night of the past week Dana and Betty Turner entertained in their home with a slumber party for a few of their little friends. They gathered early and ate supper about six then had plenty of fun until around midnight when they took a notion to eat again. Then around three (Continued on following page)

Typographical Errors Cause Of Nation's Greatest Guffaws

The nation roared when Mrs. Roosevelt's syndicated column carried the line:

"After supper with the men, we went back to dress."

Ever since the invention of the printing press, typographical errors and printed statements susceptible of different interpretations have been the cause of universal merriment, to say nothing of a great amount of personal distress.

A compendium of ludicrous typographic errors and embarrassing printed statements is contained in an article by Morton Sontheimer in the April issue of Good Housekeeping magazine. A few of the more glaring ones, culled from the press of the country, follow:

"Only one of the old bloc will be missing—pretty Winifred Stanley of Buffalo. Her seat disappeared in the New York re-districting."

"The members of St. John Baptist Church met with the pastor in bed . . . and had a lovely meeting; reports were good; amount \$37.80."

"Sheer stockings designed for dressy wear. But so serviceable that lots of women wear nothing else."

"Attractive room — Everything furnished, Venetian blonds."

"Dewdrops on freshly blown roses."

"She had tight bridesmaids at the ceremony."

"Glen Collins was bent man."

"No date has been set for the bedding of the couple."

"Congress probes high cost of loving."

"The picture was posed by his two-headed son."

"The rain descends with the force of water from a fire horse."

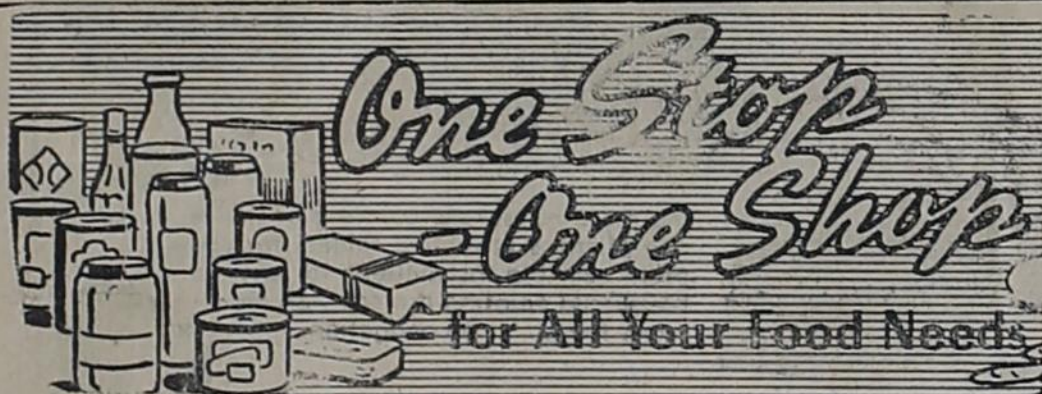

"And them asses (the masses) believed him."

Then there was the literal minded printer who received an order over the telephone ordering a ribbon for a funeral wreath.

"I want it to read 'Rest in Peace' on both sides," the customer directed.

And that's just what he got. When the ribbon was delivered it read:

"Rest in peace on both sides."

RECRUITER IN BOVINA

The Regular Army Recruiting sergeant, T-Sgt. Leon A. Reynolds, from Clovis, N. M., will be in Bovina, from 2 p. m. to 4:30 p. m. on Thursday, May 22nd.

He will be located in the Post Office and will interview anyone interested in seeking information about the conditions and advantages of the present day regular army. He wishes to remind all seniors that there is an excellent opportunity to continue their education through the army policies.

According to Sterling Hart, editor of the Commerce Journal, the Texas-grown Bois d'Arc timber, which is also known as the Osage Orange of Arkansas, is possibly the most durable of American woods. One lot of timber, after 40 years' service in a railroad bridge, is now being used on his farm for fence posts with its soundness unimpaired. Another lot used for 50 years as telephone poles shows no signs of decay.

Thin The Vegetable Garden Row

—Photo Courtesy Perry-Morse Seed Co.

It is next to impossible to sow vegetable seed thinly enough so that the young plants do not crowd each other in the row when they come up. This is particularly true when the seeds are very small.

Carrot seedlings, for example, should be thinned to stand about an inch apart when two to three inches tall. Otherwise the roots cannot develop as they should. Radishes are of better shape, too, if the plants are thinned to stand about an inch apart while still tiny seedlings. Green onions can be thinned by pulling and using the extra spears for the table when they come up too thickly.

Beet seed should be planted at least 1½ to 2 inches apart for each little pellet usually contains two to four seeds. When the plants are four to five inches tall, every other one can be pulled for greens. If this is done at intervals while tops and roots are small, space will gradually be left for some of the roots to reach good size.

Sowing leaf lettuce seed sparsely helps to avoid the extra work of later thinning. Even when the stand is fairly thick, instead of thinning the plants some home gardeners prefer to cut the larger outer leaves,

leaving the inner ones to grow. If you like to use each lettuce plant intact, thin to about two inches apart when small. Then, as they become large enough to use, pull up alternate plants and leave the others to grow.

Bush beans should be planted two to four inches apart and just enough seedlings removed from the row so that the remaining ones are four to five inches apart. Beans usually produce more abundantly when the plants do not crowd each other.

Turnips usually do better and grow more rapidly to table size if given three or four inches in which to spread. It is important that turnips grow to eating size quickly to avoid being tough and fibrous. Of course the thinnings make delicious greens when young and tender.

CANNER GUAGE TEST

COLLEGE STATION—Running a test on the steam guage of the pressure cooker now will save many a housewife trouble during the canning season.

Correct operation of the pressure guage is all-important in home canning, says Miss Gwendolyn Jones, food preservation specialist of the Texas A. and M. College Extension Service. Proper processing of low acid vegetables and meats depends on whether the guage registers correctly. If the guage is "off", warns Miss Jones, food may be under processed and lost by spoilage, or it may be overcooked, which results in loss of food value and flavor.

The food preservation specialists urge homemakers to watch for an announcement from their local county home demonstration agent about pressure cooker clinics which are being held over the state. At these meetings, the homemaker may take her cooker in and have it inspected and tested.

LEGAL NOTICE

SENATE JOINT RESOLUTION NO. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state in-

stitutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied. "Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five

(5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948 are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17028
Texas State College for Women	11.52992

Sul Ross State Teachers College 2.15317
West Texas State Teachers College 5.41643
Prairie View Agricultural and Mechanical College of Texas 5.34416
"Not later than June 1st of the beginning of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cent ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund, hereby created for said purpose.

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten

the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. "The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state. Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election. 8th Grade Graduation Exercises Monday

The eighth grade graduation exercise of the Farwell School was held last Monday night, at the High School Auditorium, in the presence of a near capacity crowd.

The program was very impressive, with a beautiful setting, and the talks given by the salutatorian and valedictorian were most interesting.

The song selected by the class was titled, "Sometime We Will Be Seniors", sung to the tune of Somewhere Over The Rainbow. Sometime we will be seniors, of Farwell High, then there's something to work for, as all the years pass by. We have learned all our lessons, A-B-C's, English, Grammar and Decimals, other things that we might need. Someday we'll wish upon a star, and wake up where the school is far behind us. Where tests are in the majority and pleasures are in the minority, that's where you'll find us. Friends, we are together one for all. Helping one another, when someone calls.

The processional was played by Jo Ann Williams; invocation, Rev. Harvey E. Carrell; class song, class, accompanied by Jo Ann Williams; piano solo, Mrs. Vinyard; salutatory address, Jerry Pool; presentation of awards to all grades, Supt. H. A. Clift; valedictory address, Jeanne Lunsford; presentation of class, Mr. S. C. Leach awarding diplomas, Supt. Clift; and recessional, J. Ann Williams.

Those to receive their diplomas were: Glenis Hughes, Gerald Curtis, Orie Jones, Earnest Lokey, Leon Meeks, James Miller, Beryle Nix, Gerald Norton, Jerry Pool, Leamon Stancel, Robert Armstrong, Gerald Byrd, Billy Don Crume, Bob Geries, Buster Hamm.

Roy Threet, Billy Fred Crow, Mary Belle Aldridge, Nelma Branscum, Modell Hammonds, Jeanne Lunsford, Anna Beth Storrs, Nellie Summers, and Jimmie Dunlap.

8th Grade Graduation

The Texico eighth graders received their diplomas, Tuesday night, at the high school auditorium, in a very impressive manner, when 18 students received the award of having successfully completed their years of elementary schooling.

The processional was played by Miss Mable Davis, primary and music teacher; salutatory, W. O. Reid; class history, Violet Curry; song, "In the Valley of the Moon", group; class prophecy, Jo Beth Engram; class will, Wayne Tucker; song "America, The Beautiful", eighth grade; valedictory, Dee Jay Brown; "In my adobe hacienda", group; introduction of speaker, Mr. B. A. Rogers; Benediction, Rev. Harvey E. Carrell; Recessional, Miss Mable Davis.

The eighteen students to graduate include: Jimmie Haril Thornton, Charles Wayne Tucker, Tommie Willie Barton, Jerial Lee Doolittle, Jo Elizabeth Engram, Joyce Aileen Arnold.

Leslie Wayne Breeze, Bobbie Dawn Allred, Violet Marie Curry, Wilson Oliver Reid, Harm Joseph Sparks, Jimmie Ing Doshier, Ronald Allen King, Betty June Lewis, Belva Ellen Park, Glen Odum Smith, Mary Rose Baca and Dee Jay Brown.

TO OPEN PHOTO SHOP

Donald Watkins has leased the Ebb Randol building, formerly occupied by the Twin City Barber Shop, and is remodeling to suit the needs of a photo and portrait shop which he will operate.

Donald started work on the interior last Friday, painting and redecorating, and stated that it will be several days before it will be ready for the setting up of the equipment. He also plans to build a small room on the back, to be used as a dark room, for the developing of pictures.

Donald said that he will do commercial and photo work, and expects to settle in a permanent location, and at the same time will be able to make pictures outside of the studio.

Fourteen Farwell Seniors Club Show Winners Receive Diplomas

(Continued From Page 1)

Fourteen seniors of the Farwell High School, marched down the aisle, Tuesday night, at the school auditorium, to receive their diplomas, in the last program of commencement week.

The graduates sat at the front of the audience facing the stage, and marched in single file to the stage to receive the awards, presented by Frank Phillips, president of the school board.

Dr. Floyd D. Golden, President of the Eastern New Mexico College, was the highlight speaker of the evening, centering his talk in a general discussion of an individual's life, pointing out the hardships and the enjoyments encountered along the road of life.

"The American way of life is by far superior to any life in any other country, as has been proven many times" stated Dr. Golden. The speaker pointed out the many roads that an individual will come upon, and the problem of deciding which one to travel.

Dr. Golden told the group that there were many achievements facing anyone who strived to accomplish them, but that there are some things that an individual must do before he will be successful in achievements. First, one must learn to live with himself; second, learn to live with his fellowman; and third, with his fellow countryman, including all nations, in the last statement.

"What we do today has a great bearing on what we do tomorrow or even what we do 30 years from now will be affected by what we do today," said the speaker. He stressed the fact that no one will drift into success, but must come by it with determination, by applying one's self to the things that he is adapted to, and not following a career in which he has no aptitude.

In closing, Dr. Golden stated that even though we live in a free country, freedom bears a great responsibility, but as we endeavor to bring education to a higher level we will also bring economics, social, moral and spiritual living to a higher level.

Le Moin Jones, valedictorian of the class, received the "loving cup" for the 1946-47 school year, for being the best all-around student. She also received a scholarship to the Eastern New Mexico College and a \$25.00 savings bond from the Roberts Seed Co.

Mrs. C. M. Henderson played the processional and recessional; Minister Ebb Randol gave the invocation; Supt. Clift introduced the speaker, Dr. Golden. Presentation of diplomas was made by A. F. Phillips special awards—Jack Williams; and benediction by B. N. Graham.

Soft Ball Team Holds First Meeting

About fifteen softball fans held a meeting last week to begin organizing a team for the Twin Cities, under the sponsorship of C. M. Henderson.

A nice group of prospective players were present for the meeting, and some twelve or fifteen signed up to play. Several that were unable to attend will be interested in participating, and it was planned that a diamond be set up across the highway from the Henderson grain elevator, so that practice games might be played in the near future.

Jrs. and Srs. to Leave Friday Morning

The Texico Juniors and Seniors will leave on an extended trip next Friday morning, when they will make a tour in the Southern part of Texas.

The sponsors of the trip will be Warren G. Harding, Mrs. Denver May and Mrs. B. L. Harding. The group will take one of the school buses, with Mr. T. B. Allen, of Harvey's Garage, in charge.

The group will take sleeping and cooking equipment for camping out, and plan to make a tour by the way of San Angelo, San Antonio and Del Rio, where Jim Moore, owner of Jim's Cafe, in Texico, plans to meet them at Devils River, near Del Rio, and put on a big fish fry.

Jim stated that he hopes that his plan does not fail or that the fish are not on a strike, so he will be able to furnish enough for a good feed.

The tour will last seven days, with many high points of interest being planned by the sponsors. There is expected to be about 13 students, three sponsors and the driver to make the trip.

Mr. Allen announced that he will close his garage for the trip, but will be open for business, upon his return.

TREAT YOUR PLANTING SEED

It has long been established that proper treatment of planting seed is well worth the trouble and expense involved. See us for Coppercarb and Ceresan. We have both in large quantities.

FOX DRUG STORE**Juniors-Seniors Shove Off Friday Morning**

Excitement will be at its curricular peak next Friday morning at 8:00 when seventeen members of the Junior and Senior classes, representing a large majority of these groups will sojourn to the mountain resort of Ruidosa, New Mexico, for their annual Junior-Senior trip.

Huge and almost unbelievable quantities of food will be taken by the group to satisfy the appetite that always overtakes an ambitious group of sightseers. A gallon and a half of mustard, fifteen large boxes of cereal, five quarts of pickles, five pounds of cheese—these represent only a small part of the menu that has been so painstakingly prepared by the heads of the eats department.

Sponsors of this trip will be Mr. and Mrs. Jack Williams and Miss Ann Nabors, home economics department leader of the school. Students taking a fling at something different include: Leonard Watkins, Willie Joe Carpenter, Sonny Graham, Bob-

by Hart, Junior Robertson, Charles Felts, Jo Ann Williams, Maxine Ford, Talma Randol, Harry Sheets, E. D. Harvey, Bob Byrd, Wilda Jean Green, La Moin Jones, Don Williams, Dan Thomson and Zelbert Rury.

The group will leave the schoolhouse Friday morning at 8:00 and return Monday of next week. The newly arrived school bus, a 40-passenger Wayne body mounted on a Ford chassis, will take the young people to their vacationary destination.

TRUSTEES TO MEET

County Judge A. D. Smith today announced a meeting of the County Board of School Trustees to be held in his office in Farwell on Monday, May 19th, beginning at 1:30 p. m. Matters that may properly come before the group will be transacted at that time, Judge Smith said.

The acreage of rice harvested in Texas during 1946, which was 412,000 acres, was the largest in the state's history.
