81 Names Appear On Primary Ballot

Voters in the first Democratic primary election to be held on Saturday, July 24, will be handed a ballot containing a total of 81 candidates for the various state, district, county and precinct offices, it was revealed here today when the primary ballot was turned over to the printer by County Democratic Chairman G. D. Anderson.

Forty-seven of the office-seekers are running for state offices with the list being headed by eleven candidates for United States Senator, followed closely by eight gubernatorial aspirants.

Most of the present county office-holders are not being opposed for re-election, which accounts for the fact that there are only seven candidates on the county list this year.

Eleven candidates are seeking office in the commissioner and justice precincts of the county, and there are nine members of the Democratic Executive Committee appearing for re-election.

Voters desiring to cast an absentee ballot may do so by applying at the office of County Clerk Loyde Brewer in Farwell, it was announced today by Chairman Anderson.

Following is the list of names that will appear on the official ballot for the first primary election.

S-C HORACE (HOB) COFFMAN

Permanent Burial Will Be Made For Coffman

Permanent burial will be made in the Military Cemetery in San Antonio, Tex., for Horace (Hob) Coffman, son of Mrs. Arma Coffman, former Friona resident, July 14th, it was learned here today.

Coffman entered the navy on May 26, 1944, and received his basic training at Camp Wallace, and San Diego. He was overseas for a short period of six weeks when he was involved in a truck accident on November 4, 1944, in New Guinea, which cost Coffman his life.

It was reported that his mother, Mrs. Arma Coffman, and other relatives plan to attend the funeral services in San Antonio.

Household Goods At Public Auction

A large collection of household goods and personal effects of the late Dr. J. M. McCuan will be offered at public auction on Tuesday, July 13, starting at 11 a. m. The sale will be held at the old McCuan home four blocks south of the Sikes Motor Co. in Farwell.

Heading the list of offerings are washing machines, an electric refrigerator and a number of other hard-to-get items, as well as a large collection of smaller household articles and personal effects.

Col. Dick Doshier will be in charge of the sale and O. W. Francis will serve as clerk. Free coffee will be served and the sale terms will be cash.

TO OPEN REPAIR SHOP

Kenneth Hughes, son of Mr. and Mrs. Ernie Hughes, is making arrangements to open a small watch repair shop on main street in Farwell, just west of the Davis Mercantile. Besides taking special training in watch repair, young Hughes has had several months' practical experience in this kind of work, and we hope his success in his first business venture.

NORTHCUTT HERE MONDAY

Judge Ernest O. Northcutt of Amarillo, candidate for the office of Associate Justice of the Court of Civil Appeals, was here on Monday in the interest of his candidacy.

Judge Northcutt has been a practicing attorney in Amarillo for the past 30 years and has had cases in all the civil courts. He is 56 years of age, married and has three children.

SPECIAL PICTURES

Manager Ira Levins of the Beorder Theatre, today announced two special films to be shown here in the near future. The first special film will be "Gone With the Wind" which opens for three days on Wednesday, July 14. Next on the list of special attractions will be a round-by-round account of the Lous-Walcott heavy-weight championship fight to be shown on July 22-23.

With the wheat harvest being described as "a mere trickle" compared to former years, the 1948 grain crop began to find its way to the local elevators this week in such small quantities that local grain men described the movement as "just moving along."

Most comment made about the crop concerned the poor quality and the low yields being realized. While the peak of the harvest was believed to be on, reports from the three elevators indicated that the receipts would not average "more than two or three cars a day."

Most of the fields worth harvesting in this immediate area were yielding from three to eight bushels to the acre, with all of the grain being classes as poor quality and low test. Weed infestation is materially affecting the test, with some loads testing as low as 53 pounds to the bushel. Practically all receipts are being docked on account of low quality, grain buyers reported.

The best grain is coming from the Pleasant Hill neighborhood, where yields as high as 15 bushels to the acre are being reported.

So far as could be learned, all the grain was being stored, with little or none, being offered for sale. Growers are taking the chance of better markets later on, and are storing their grain in anticipation of higher prices. The loan value, while not officially announced yet, was expected to be set at \$1.98 per bushel. The current market price is \$2.04. Farmers figure they don't have much to lose and may realize a nice gain by storing their grain, one buyer opined.

Irrigated fields, already harvested, are reported to have shown an average yield of "around 25 bushels."

Misfortune Strikes Porter Brothers

Misfortune certainly struck the Porter Brothers, owners and operators of the State Line Grocery in this city, over the Fourth of July holiday period, leaving one of them in a hospital at Roswell and the other confined to his bed at his home here.

In company with Mr. and Mrs. Bill Banks, Champ Porter, junior member of the firm, went to Ruidoso for the weekend last Friday night. Late Saturday he was stricken with a stomach ailment and was rushed to Roswell, where he underwent an emergency operation. He has been troubled with stomach ulcers for some months.

John Porter, senior member, started to Roswell at noon Monday to be with his brother, only to be halted at Clovis with a serious heart attack. He was returned to his home here following the attack.

John is reported to be greatly improved and is considered out of danger. Reports from Roswell are to the effect that Champ is "doing as well as could be expected under the conditions." His physician says it will be a few days yet before the outcome of the operation can be known definitely.

Meanwhile, Mrs. John Porter, with the assistance of Mr. and Mrs. Buck Bradshaw, is carrying on the business.

Bank Deposit Hold Above Two Million

Although deposits in the Security State Bank of this city were off around \$275,000.00 from April 12 to June 30, the official statement reveals that deposits are still well above the two million dollar mark.

The official statement, published this week, showing the condition of the local bank, gives total deposits at \$2,211,874.18 as of June 30, compared to deposits of \$2,385,910.74 on April 12 of this year. During the same period the loans and discounts have declined \$47,702.22. On April 12 the total loans and discounts were listed as \$661,863.39, and on June 30 the total was \$514,161.17.

The light wheat crop, which usually brings much money into the local barns, combined with the heavy payment of income tax checks recently cleared through the bank, are blamed primarily for the drop in deposits. "A good wheat crop would see our deposits mount an appreciable degree," one bank official stated.

Buy a bond every pay day!

Construction work started last Thursday on 150 miles of short REA extension, which will bring electricity into 174 rural homes in this territory, Leo Forrest, of Hereford, REA manager, said today. The new construction will total around \$350,000, and will serve customers in Deaf Smith, Paramer and Castro Counties.

New connections resulting from the construction will include 56 homes in Deaf Smith County, 63 in Paramer County and 55 in Castro County. Twenty-two irrigation well connections will also be made from the additional lines. All material for the lines was reported to have been received.

"Have your houses wired and ready," said Mr. Forrest. "If a line has been staked to your house, you will know that you are to be included." He also asked that farmers refrain from plowing up or pulling up stakes used to designate line locations, pointing out that the procedure merely resulted in extra work.

Mr. Forrest said that engineering work and preliminary surveys have previously been made on the project, known to REA as the "P" Section. Contractors started in earnest July 1, and the contract calls for completion within 90 days—around Oct. 1. Included in the construction will be two sub-stations, one immediately south of Friona and the other approximately five miles south of Bovina.

Expect 1,700 Connections

A total of 1,495 consumers were reported by the REA office Saturday morning. The present REA lines are strung across approximately 365 miles at the present time. With completion of the "N" Section, now under construction, and of "P" Section, it was estimated that approximately 1,165 miles of line would originate from the Hereford REA, bringing electricity to around 1,700 farm homes in three counties. All projects were expected to be finished before January 1, 1949.

Slight Change Made In Show Schedule

Scotty Levins, operator of the Border Theatre, stated today that a slight change was being made in the usual schedule of shows for next week only.

The "big event" that usually draws full houses on Tuesday and Wednesday nights, will be staged on Tuesday night only, he said. The theatre will be open at 4:45 in the afternoon and three shows will be given. The feature will start at 5:40, following the comics that will get underway at 5:20. Persons desiring to participate in the "big event" may register at the theatre any time after 4:45 p. m.

Levins said that the show would return to the usual schedule after next week. "But the big night will be for Tuesday only next week," he added.

Billingsley To Remain In Commissioner's Race

E. F. (Earl) Billingsley, resident of the Oklahoma Lane community, announced this week that he was not withdrawing from the race for County Commissioner of Precinct 3, despite the fact that his name will not appear on the official ballots.

Billingsley failed to meet the requirements of the Texas election laws in filing his name with the Democratic Executive Committee before the deadline on June 19. He said today that he got busy with his farming operations, and "just neglected to file."

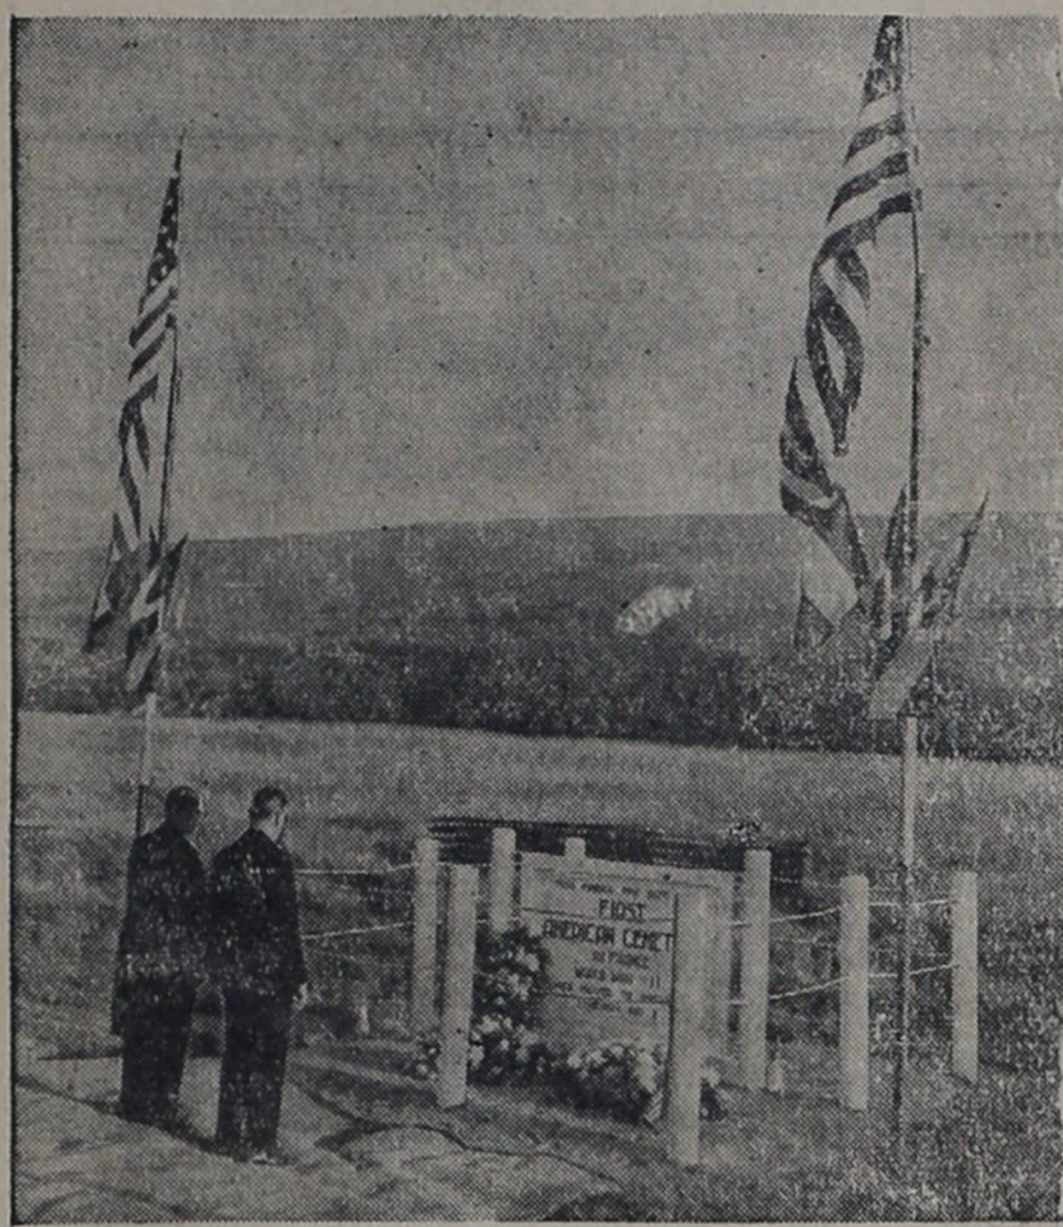

He announced that he would continue in the race and was asking his supporters to vote for him by the "write-in" method.

Texas Shows Playing Here All This Week

The Texas Shows, a carnival attraction, set up here Monday and will play here the rest of the week on a location just north of the Legion Hall in Farwell.

Mr. and Mrs. John Loren, operators of the shows, said all their attractions were "good, clean fun with no gambling devices," and would include toll racks, pleasure rides on merry-go-round, ferris wheel, kiddie cars and merry mix-up.

Dim lighting, slow heating appliances and poorly running motors may be the signal for the need of a new rewiring job on the farm.

ANOTHER AMERICAN SHRINE IN FRANCE . . . Heads bared, President Vincent Auriol of France (left) and U. S. Ambassador Jefferson Caffery stand silently before the plaque in a field in Normandy that marks the site of the first American cemetery on the European continent in World War II. The cemetery, since removed, was at Omaha beach where the American spearhead of the Allied invasion forces fought its way ashore through a hail of Nazi shells and bullets four years ago. President Auriol visited the site on a recent tour of the historic beaches.

FROM THE HOPPER

By HOP

Claude Thomas writes from his wheat farm north of Melrose that he is engaged in harvesting his grain crop, but he doesn't boast of the yield. He admits that he can't go to sleep without reading the State Line Tribune, and encloses his renewal.

Leroy Faville was serving ice cream to his daughter and her guest. After dumping two dippers on the little guest's plate, he asked her to tell him when to quit. "Next year," was her reply.

Funny business. This newspaper received five letters last Saturday and three of them were enclosed in envelopes that were printed by firms located out of town. A large majority of the local businessmen are very loyal to the home town printer, however, and we are grateful.

Morgan Billington returned home the first of the week with a report of a new fishing hole that I have not tried as yet this season. Hope to be casting a line in it before they quit biting. I have found this about fishing—take the anticipation element out of it and there isn't much left.

Dick Doshier and Orville Francis declare that they have no objections to loafers at their office using the sink for a commode, but when they throw cigarette butts in it—that is just going a little too far.

Shorty Milstead was heard yelling his usual "You-all come back" when the waiter let the screen door slam after driving out a hoard of flies.

Tax Exemptions Not Required Over 60

Attaches at the Tax Collector's office today called attention to election laws regarding poll tax payments for persons who had attained their 60th birthday, which seems to have been somewhat confusing to many local people.

Poll tax payments nor exemption certificates are required of persons who are 60 years old and older, it was announced here. However, persons who will attain their 20th birthday during this year should get exemption certificates—which will be honored at a voting privilege in future years.

"When an over has been issued an exemption certificate it is not necessary to procure another certificate in succeeding years," it was announced here.

HERE FOR FUNERAL

Misses Mary and Phyllis Mendoza, who are students at a business college in Albuquerque, were called here the first of the week to attend the funeral of their brother, Saturnino Mendoza, who was buried at the Clovis Cemetery Tuesday morning, following a prolonged illness.

July Fourth Passes Quietly Locally

With no celebration scheduled locally to observe Independence Day, July 4th was just another day on the calendar for the local populace.

Most of the business houses closed their doors at the noon hour Monday, while others remained open throughout the day and still others took the entire day off. All government and county offices were closed for the entire day.

With celebrations being featured in several nearby towns, few local people journeyed to the attractions, with most of them spending the day at home enjoying a day of peace and quiet. Young fry, as usual, kept up an incessant bombardment with the largest assortment of fireworks that have been available since the outbreak of the recent war.

Tuberculosis Claims Young Mexican Lad

Saturnino Diaz Mendoza, 17-year-old son of Mr. and Mrs. C. E. Mendoza, died at the family home in a Santa Fe section house here at an early hour Sunday, July 4, the victim of the dread disease, tuberculosis. He had been bed-fast for three months at the time of his passing.

Burial rites were conducted at The Lady of Guadalupe Church in Clovis, Tuesday morning, conducted by Father C. E. Stark, and burial was made in the Clovis Cemetery under the direction of the Memorial Chapel.

Young Mendoza has lived here with his parents for the past six years, where his father has been section foreman on the Santa Fe in Texico.

Besides his parents, he is survived by two brothers, Antonio and Nicolas Mendoza, both of Texico; six sisters, Vicenta Mendoza, Texico; Mrs. J. P. Monarrez, Sacramento-Calif., and Mary, Phillis, Amada and Catalene Mendoza, all of Texico. Two aunts and a grandfather, all residents of Mexico are listed among survivors.

Absentee Voting Is Opened On Monday

Officially, absentee voting for the July 24 primary opened on Monday of this week, but due to a delay in getting the ballots printed, no absentee ballots issued on the opening date.

County Clerk Loyde Brewer said today that he expected to have the ballots on hand by the latter part of this week. In the meantime, persons desiring to cast absentee ballots may make application at his office and the ballots will be mailed to them for that purpose, Brewer said.

CALLED TO OKLAHOMA

Mrs. Clyde Perkins left here Tuesday for Levelland, where she will pick up her sister, Mrs. T. A. Hamill, and the two will proceed to Frederick, Okla., to be at the bedside of their sister, Mrs. C. E. Duncan, who is reported to be critically ill.

Health Notes

By Texas Department of Health

AUSTIN.—Reported cases of polio in sixty-five Texas counties reached the alarming total of 580 during the first six months of the year, according to Dr. George W. Cox, State Health Officer. For the same period in 1946, the total number of cases reported in sixty-six counties of the state was only 292.

"This staggering increase in polio in a brief two year period evidences a need for drastic measures in all communities to combat the disease," Dr. Cox asserted. "It is the responsibility of the people of the State to report themselves to their doctors whenever they recognize symptoms of polio. It is also their duty to give wholehearted co-operation to clean-up drives in their communities."

Dr. Cox urged immediate medical attention, especially at this time of the year, for such things as headache, fever, stiff neck, pain in the legs, irritability and drowsiness.

These, the health officer stated, are symptoms of polio.

"It is well to guard against panic in polio cases," he said, "for complete recovery is not impossible. Even in the more severe cases, when the germ has penetrated the nervous system causing paralysis of one or more groups of muscles, some remarkable recoveries have been made."

Dr. Cox indicated his belief that the first line of defense against polio is a carefully conceived and thoroughly executed clean-up campaign in all communities.

"Local police power should make such clean-ups mandatory," he said.

FEDERAL INTERNAL REVENUE COLLECTIONS

AUSTIN.—More than \$85,000,000 in Federal revenue collections were paid by Texans in May, the University of Texas Bureau of Business Research reported.

This amount is 37 per cent greater than May 1947 collections. Collections from July through May stepped up 18 percent above a like period in 1946-47.

Withholding collections rose 59 per cent over May 1947 and income taxes from corporations and persons not on withholding status climbed 20 per cent over last year's collections. Employment taxes increased 4 per cent.

WHY "Stepping Down" IS SO IMPORTANT TO YOU

Hudson amazes motor-car world by using vital "step-down" zone—not available in any other car—to bring you riding qualities and safety beyond anything known before!

Word's going 'round—and fast, too—that Hudson gives you a "sweet," smooth, safe ride that is a new high in motor-car performance!

Perhaps you've heard pleased and proud Hudson owners talking about this exciting new experience, but here's something you may have missed hearing:

The key to this amazing new ride lies in that area just under the floor of the average car, which in the New Hudson becomes the "step-down" zone—as illustrated in the sketches at the right.

This "step-down" zone is all-important, because experience has shown that the lower to the ground a car can be built, the better it will handle, the more stability it will have, the safer it will be, and thus the more enjoyable and comfortable will be your ride.

Hudson, and Hudson alone, has accomplished a near miracle of low-built streamlining and smooth, safe, comfortable riding with a new type of base frame which surrounds the passenger compartment, and thus permits the floor to be lowered down within it. Recessing the floor creates the "step-down" zone and a center of gravity that is the lowest

in any American stock car—yet road clearance is ample!

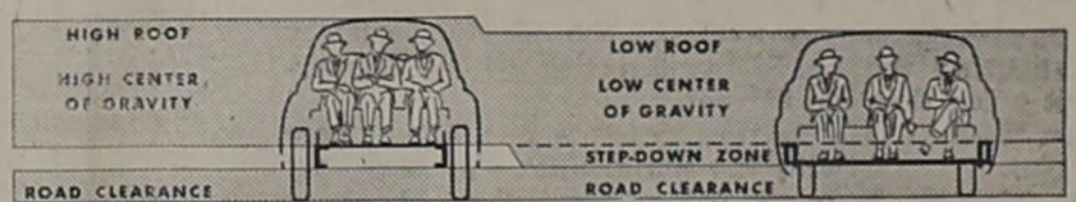

That's why Hudson has a hug-the-road way of going, even in cross-winds, and on every conceivable kind of highway. When you see how this car takes even the sharpest curves, it will spoil you for any other type of automobile! You sense this delightful conformity to the road the minute you begin your ride; and this stability, plus the protection of riding encircled by a sturdy box-section steel frame, gives you a grand feeling of safe well-being.

Sitting in this car is as downright satisfying as stretching out in your favorite easy chair. You ride on seats that are lowered and cradled ahead of the rear

wheels and, even with its low silhouette, this breathtakingly beautiful motor car gives you more head room than any other mass-produced car built today! Hudson's use of the vital "step-down" zone in its exclusive, all steel Monobilt body-and-frame* is a development that required years of engineering work, the perfection of new production techniques, and millions of dollars in highly specialized new plant investment. Perhaps this explains why Hudson alone offers this new design principle today.

The nearest Hudson dealer has a booklet—yours for the asking—which explains how "stepping down" brings you advantages beyond anything known before! Hudson Motor Car Co., Detroit 14.

*Trade-mark and patents pending.

OTHER CARS—Here you can see that any car with floor on top of the frame, as shown above, fails to utilize that all-important space between frame members (heretofore wasted by placing floor on top of the frame). This results in a high center of gravity, and either a high roof line or insufficient head room.

NEW HUDSON—Here the important space between frame members, shown above, becomes the "step-down" zone—a highly useful addition to interior passenger roominess that creates a new, lower center of gravity, which in turn permits greater safety, improved roadability and ride, a low, streamlined silhouette.

American Quarter-Horse Show At Pampa

An official American Quarter Horse Show will be held again this year in connection with the Annual Top O' Texas Rodeo and Horse Show on August 4th and 5th.

Quentin Williams, Superintendent of the show, announces that the classifications and prize awards will be approximately the same as last year. There will be four age classes each, for stallions and mares in the halter class showing, and a performance contest for all stallions, mares and geldings which are registered in The American Quarter Horse Breeders Association. A special hand-made saddle will be awarded the winner of the performance contest and cash awards will be made for the next three places.

Over 100 horses from five states were entered in the Top O' Texas Show last year, and it is anticipated that the show will be even larger this year.

Additional barn space is being provided in order to insure stall space for all entries.

Minor Repairs Bring Major Results

COLLEGE STATION—W. S. Allen, extension agricultural engineer of Texas A. & M. College, says summer time is the time to check the outside of the home and make repairs. It may save a big repair bill later on.

Quite often, Mr. Allen says, the repairs can be made by the home owner.

"There are five major spots to be checked," he points out. "A good starting point is the foundation, then cornices, window frames and trim. Take a good look at the roof and be sure to check the gutters and downspouts."

Small cracks in the foundations or masonry walls can be repaired by

filling with asphaltic cement, while large cracks should be chipped out to about half an inch or more and filled with cement mortar. Use caulking compound in cracks between walls and window frames, or where the chimney joins the house, or other joints.

Replace badly warped boards and

shingles, whether walls or roofs. Split badly warped wood shingles on the roof and reraill them perfectly flat. Seal clapboard wall joints with paint and doubtful joints in composition roofing with pitch.

Replace rotted wood around cornices, window frames and trim if re-

nailing is all that is needed, set and putty each nail.

Check metal flashings on domers and chimneys for looseness, corrosion or lack of paint. Resolder all broken joints on gutters and down-

spouts and repaint the inside of gutters with metallic paint. Replace

loose nails and straps holding gutters and downspouts.

Such minor repairs may bring major results, Mr. Allen concludes, by preventing large repair bills later on.

Miss Rosa Lee Denny Is Bride of John Tabor

The Bovina Methodist Church was the scene of the wedding of Miss Rosa Lee Denny, daughter of Mr. and Mrs. J. C. Denny, and John Tabor, son of Mr. and Mrs. Emmitt Tabor, Saturday evening, June 26th. Vows were exchanged at 8:30 o'clock p. m., when the Rev. George York, of Panhandle, Texas, read the doubling ceremony before an altar which was decorated with pink and white gladiolus arranged amid greenery and illuminated by the soft glow of cathedral tapers in floor candelabras.

The bride was lovely in a dress of aquamarine crepe with a fitted bodice. She wore a coronet of pink rosebuds and carried a white Bible topped with a corsage of white carnations and pink rosebuds with streamers of white satin ribbon. She entered the church on the arm of her father, who gave her in marriage. For "something old," the bride wore a rhinestone bracelet belonging to her mother; for "something borrowed," rhinestone earrings belonging to Mrs. Frank Ayres; and for "something blue," a blue garter.

Miss Martha Williams, maid-of-honor, was attired in a pastel frock of pink linen and wore a coronet of white daisies. Her bouquet was of white carnations. The Misses Lillie and Loyce Ellison, cousins of the bride, who were dressed identically in blue frocks, lighted the candles preceding the ceremony. Mrs. D. C. Looney played the traditional wedding marches and accompanied Miss Willie Ellen Williams when she sang "Because" and "I Love You Truly."

Jack Barnett performed the duties of bestman. Don Tabor and Willie Denney acted as ushers. Mrs. J. C. Denny, mother of the bride, chose a print crepe dress and she wore black accessories with a corsage of white carnations. Mrs. Emmitt Tabor, mother of the groom, chose a black dress with white accessories and a corsage of white carnations.

At 6 o'clock preceding the ceremony, the couple was honored with a pre-nuptial dinner at the American Legion Hall with relatives and close friends in attendance. The three-tiered wedding cake, topped by miniature figurines of a bride and groom, was baked by Mrs. George F. Trimble. According to tradition, the bride cut the first piece of the wedding cake, after which Mrs. Alma Vassey had charge of the cake service.

Beautiful pink and white gladiolus, which were used for floral decorations, were from the gardens of Miss Loyce Trimble and Mrs. T. G. Hudson.

Mrs. Tabor is a graduate of the Bovina High school, class of '48, and Mr. Tabor was graduated from the same high school with the class of '46. Immediately after the ceremony they left for Lubbock, Texas; where they will make their home.

Homecoming Sponsored By Jrs. Of '48 and '49

It was announced here today that a "homecoming and general get-together" sponsored by the Junior classes of 1948 and 1949, would be held the first part of August, the exact date undetermined as yet. Plans call for an all-day affair with lunch to be spread at the noon hour. Further plans are being made by the classes of both schools and an adult committee from both communities, it was announced.

The purpose of the event is to renew old acquaintances and to become better acquainted with the people of the Oklahoma Lane Community. Prizes will be given to the teacher of both schools who taught in that school the greatest number of years ago and for the student that holds the oldest diploma.

Old fashioned races and games will be enjoyed in the morning with a series of baseball games scheduled for the afternoon. A rolling pin throwing contest will be the highlight of the morning entertainment for the ladies.

Concessions will be put up and sponsored by the Junior classes.

To the Voters Of Precinct No. 3

Although I failed to get my name on the ticket, I want my friends and supporters to know that I am still in the race for the Democratic nomination to the office of County Commissioner of Precinct No. 3, Parmer County.

In order for you to vote for me, it will be necessary that you write my name in on the ballots when you cast your vote on July 24th.

I deeply regret my failure to get my name on the ticket, but I will consider it a very personal favor if you will go to the trouble to insert my name on your ballot when you vote.

Church Wedding Unites Fought-Baker, June 30th

In an impressive ceremony performed at the Texico Baptist Church on Wednesday, June 30th, at 6 o'clock p. m., Miss Margery Baker, daughter of Mr. and Mrs. Harry Baker of Texico, became the bride of Mr. Don Harland Fought, son of Mrs. Alta Fought of Texico.

The singling ceremony was performed by Rev. W. B. Marcum, before an altar decorated with white gladiolus and blue Shasti daisies.

The bride was given in marriage by her father, Mr. Harry Baker.

Mrs. Harriet Magness, sister of the bride, rendered two vocal numbers, "I Love You Truly" and "My Happiness," accompanied by Miss Peggy Schleuter at the piano. Miss Schleuter also offered the music for the wedding march.

The bride was lovely in an ice blue satin bridal gown with a fingertip veil of blue mesh trimmed with rhinestones about the edges. The gown had petal point sleeves and a sweetheart neckline. She carried a white Bible, a gift to her from her great uncle, Mr. John H. Engram, of Muleshoe, on which rested a beautiful spray of white rosebuds, with white ribbon streamers extending almost to the floor.

For something blue the bride wore the traditional blue garter, something new was her wedding dress, for something old she wore an engagement ring of amethyst, belonging to her grandmother, Mrs. Baker, dated in 1877, and for something borrowed she wore a beautiful rhinestone brooch belonging to her grandmother, Mrs. Mike Engram.

Miss Rena Loucille Engram, of Sunray, Tex., cousin of the bride, was maid-of-honor, and she wore a blue sheer dress with blue and pink floral designs. Her accessories were white and she wore a corsage of pink carnations.

Mr. Bowden Darr served as best man, little Misses Caron Sue Engram and Kay Frances were flower-girls, carrying bouquets of mixed flowers.

The bride's mother was dressed in a blue crepe dress with blue accessories, and the groom's mother wore a blue sheer dress with black accessories.

Out-of-town guests included the bride's grandmother, Mrs. Mike Engram of Sunray, Texas; Mr. and Mrs. Melton Terry of San John, N. M.; Julia Leake of Bovina and three cousins of the bride of Sunray, Tex.

Immediately after the ceremony a reception was held in the home of the groom's mother, Mrs. Alta Fought. Mrs. Harriet Magness presided at the punch bowl and Miss Veral Terry and Mrs. Grant served the cake and ice cream to the bridal party.

The couple left following the reception on a short honeymoon trip to points in New Mexico and Colorado, after which they plan to make their home in Texico.

For her going away suit the bride chose a gray suit with white accessories.

Mrs. Fought graduated from the Texico High school with the class of 1948. Fought at the present time is employed at the New Mexico Fort of Entry, where he will assume his duties upon his return home.

Miss Beryl Brown, daughter of Mr. and Mrs. D. J. Brown of Texico, returned home last week from Richcraft, N. C., where she attended a B. S. U. meeting. Miss Brown stopped in Dallas and visited a few days with her sister, Evelyn, who is going to school at Baylor University.

FARM TRUCKS INCREASE

Almost one-third of the nation's trucks are now in use on farms and ranches, the Department of Agriculture points out. Farm trucks have increased to 1,880,000, of 61 per cent since the war began. There are also 4,860,000 cars and 3,000,000 tractors in use in agriculture today, making the farm a major user of oil products.

VETERAN'S QUESTION BOX

Q—I have been drawing \$57.50 each month from my \$10,000 War Risk Insurance since my discharge from the Army after World War I. Are such payments discontinued after the \$10,000 is exhausted?

A—No. Payments may be continued for the remainder of your life, provided your total disability remains unchanged.

Q—I would like to appear before the Rating Board to explain my own claim. May I do this?

A—Yes, but definite appointment should be made and you should be there at the time for which the hearing is designated. Expenses incidental to going to or from the Rating Board hearing must be borne by you.

Q—Why do I have to pay the two monthly premiums instead of one when I reinstate my lapsed National Service Life Insurance policy?

A—One premium is for the 31-day grace period following the date of lapse, during which the insurance was continued in force without payment of premium; the other is for the current month of your insurance policy's reinstatement.

Q—My son, a World War II veteran, is in a VA hospital in a distant city. Will I be permitted to visit him every day if I go to live in the city where the hospital is located?

A—Yes, if his condition permits such visits. All Veterans Administration hospitals have special hours set aside each day for visitors, the same as civilian hospitals.

A JOINT RESOLUTION

proposing an amendment to Section 23 of Article III of the Constitution of the State of Texas, so as to provide for a Board for apportioning the state into senatorial districts and representing districts in the event the Legislature fails to make such apportionment; providing for the issuance of the necessary proclamation by the Governor; and making an appropriation.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 23 or Article III of the Constitution of the State of Texas be amended so as to read as follows:

"Section 23. The Legislature shall, at its first regular session after the publication of each United States decennial census, apportion the state into senatorial representative districts, agreeable to the provisions of Sections 25, 26, and 26-a of this Article. In the event the Legislature shall at any such first regular session following the publication of a United States decennial census, fail to make such apportionment, same shall be done by the Legislative Redistricting Board of Texas, which is hereby created, and shall be composed of five (5) members, as follows: The Lieutenant Governor, the Speaker of the House of Representatives, the Attorney General, the Comptroller of Public Accounts and the Commissioner of the General Land Office, a majority of whom shall constitute a quorum. Said Board shall assemble in the City of Austin within ninety (90) days after the final adjournment of such regular session. The Board shall, within sixty (60) days after assembling, apportion the state into senatorial and representative districts, or into senatorial or representative districts, as the failure of action of such Legislature may make necessary. Such apportionment shall be in writing and signed by three (3) or more of the members of the Board duly acknowledged as the act and deed of such Board, and, when so executed and filed with the Secretary of State, shall have force and effect of law. Such apportionment shall become effective at the next succeeding statewide general election. The Supreme Court of Texas shall have jurisdiction to compel such Commission to perform its duties in accordance with the provisions of this section by writ of mandamus or other extraordinary writs conformable to the usages of law. The Legislature shall provide necessary funds for clerical and technical aid and for other expenses incidental to the work of the Board, and the Lieutenant Governor and the Speaker of the House of Representatives shall be entitled to receive per diem and travel expense during the Board's session in the same manner and amount as they would receive while attending a special session of the Legislature. This amendment shall become effective January 1, 1951."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A. D. 1948, at which all ballots shall have printed thereon:

"For the amendment to Section 23, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State

of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of this state not otherwise appropriated, to pay the expenses of such publication and election.

H. J. R. No. 7

HOUSE JOINT RESOLUTION

proposing an Amendment to Article IV of the Constitution of the State of Texas, by adding a new Section to be known as Section 3a, so as to provide for succession to the office of Governor in the event the Governor-elect dies, or becomes disabled, or fails to qualify, before taking his oath of office as Governor; and providing for the issuance of the necessary proclamation and publication by the Governor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article IV of the Constitution of the State of Texas, be and the same is hereby amended, by adding another Section to follow Section 3, and be designated Section 3a, to read as follows:

"Section 3a. If at the time the Legislature shall canvass the election returns for the offices of Governor and Lieutenant Governor, the person receiving the highest number of votes for the office of Governor, as declared by the Speaker, has died, then the person having the highest number of votes for the office of Lieutenant Governor shall act as Governor until after the next general election. It is further provided that in the event the person with the highest number of votes for the office of Governor, as declared by the Speaker, shall become disabled, or fail to qualify, then the Lieutenant Governor shall act as Governor until a person has qualified for the office of Governor, or until after the next general election. Any succession to the Governorship not otherwise provided for in this Constitution, may be provided for by law; provided, however, that any person succeeding to the office of Governor shall be qualified as otherwise provided in this Constitution, and shall, during the entire term to which he may succeed, be under all the restrictions and inhibitions imposed in this Constitution on the Governor."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout the State on the date provided by law in the month of November, A. D. 1948, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."

"AGAINST the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this State.

H. J. R. No. 13

HOUSE JOINT RESOLUTION

amending Section 15 of Article XVI of the Constitution of the State of Texas, by adding thereto a provision that the husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests all or any part of their community property, whereupon without prejudice to the right of existing creditors the

portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse; further providing that such Constitutional Amendment if adopted shall be self-operative and self-executing; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 15 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 15. All property, both real and personal, of the wife, owned or claimed by her before marriage, and that acquired afterward by gift, devise or descent, shall be the separate property of the wife; and laws shall be passed more clearly defining the rights of the wife, in relation to her separate property as that held in common with her husband; provided that husband and wife, without prejudice to pre-existing creditors, may from time to time by written instrument as if the wife were a feme sole partition between themselves in severalty or into equal undivided interests all or any part of their existing community property, or exchange between themselves the community interest of one spouse in any property for the community interest of the other spouse in other community property, whereupon the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse.

This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recordation and other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper with relation to the subject of this Amendment. Should the Legislature pass an Act dealing with the subject of this Amendment and prescribing requirements as to the form and manner of the execution of such instruments and providing for their recordation and other reasonable requirements not inconsistent herewith and anticipatory hereto, such Act shall not be invalid by reason of its anticipatory character and shall take effect just as though this Constitutional Amendment was in effect when the Act was passed."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of November, 1948, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Those opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

H. J. R. No. 24

HOUSE JOINT RESOLUTION

proposing an Amendment to Section 1-a of Article VIII of the Constitution of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes for certain purposes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations; providing for submission to the qualified electors and for the necessary proclamation by the Governor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 1-a of Article VIII of the Constitution be amended so as to be and read as follows:

"Section 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. From and after January 1, 1951, the several counties of the State are authorized to levy ad valorem taxes upon all property within their respective boundaries for county purposes, except the first Three Thousand Dollars (\$3,000) value of residential homesteads, not to exceed thirty cents (30c) on each One Hundred Dollars (\$100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenue derived therefrom shall be used for construction and maintenance of Farm to Market Roads or for Flood Control, except as herein otherwise provided.

"Provided that in those counties or political subdivisions or areas of the State from which tax donations have heretofore been granted, the State Automatic Tax Board shall continue to levy the full amount of the State ad valorem tax for the duration of such donation, or until all legal obligations heretofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such donation to any such county or political subdivision is for less than

the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for the State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations," and "AGAINST the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of the State.

H. J. R. No. 30

HOUSE JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas by adding thereto another Section to be designated as "Section 60" to authorize counties of this State to provide insurance for county employees; providing for the Governor's proclamation; and submission to the electorate.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article III of the State Constitution be and the same is hereby amended by adding thereto another Section following Section 59, to be designated "Section 60" to read as follows:

"Section 60. The Legislature shall have the power to pass such laws as may be necessary to enable all counties of this State to provide Workman's Compensation Insurance, including the right to provide its own insurance risk, for all county employees as in its judgment is necessary or required; and the Legislature shall provide suitable laws for the administration of such insurance in the counties of this State and for the payment of the costs, charges and premiums on such policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "For the Constitutional Amendment providing Workman's Compensation Insurance for county employees," and "AGAINST the Constitutional Amendment providing Workman's Compensation Insurance for county employees." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such manner that each voter may vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

H. J. R. No. 36

HOUSE JOINT RESOLUTION

proposing an Amendment to Section 61, Article XVI of the Constitution of the State of Texas so as to provide that all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, constables, deputy constables, and precinct law enforcement officers shall be compensated on a salary basis in all of the counties in this State beginning January 1, 1949; providing for submission of this Amendment to the vote of the people of Texas; providing the time, means and manner thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 61, Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 61. All district officers in the State of Texas and all county officers in counties having a population of twenty thousand (20,000) or more, according to the then last preceding Federal Census, shall be compensated on a salary basis. In all counties in this State, the Commissioners Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts, to compensate all constables, deputy constables and precinct law enforcement officers on a salary basis beginning January 1, 1949; and in counties having a population of less than twenty thousand (20,000), according to the then last preceding Federal Census, the Commissioners Courts shall also have the authority

to determine whether county officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to compensate all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessors and collector of taxes, and their deputies, on a salary basis beginning January 1, 1949.

All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, constables, deputy constables and other law enforcement officers shall be compensated on a salary basis," and "AGAINST the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, constables, deputy constables and other law enforcement officers shall be compensated on a salary basis."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine and each voter shall vote on such machine for or against the Constitutional Amendment.

Thirty Million Farm Hazards Eliminated

COLLEGE STATION—"The goal of the 1948 Farm Safety program is the elimination of 30,000,000 farm hazards."

"Agriculture ranks third among industries in the number of people per thousand workers killed each year by accident."

"Farm people of the 25 to 44 age group—the most productive group—are the most often killed in farm accidents."

"Motor vehicles are the cause of the largest number of accidents on the farm."

These statements were made recently at a meeting of the Texas State Farm Safety Committee when it met on the campus of Texas A. & M. College to make plans for Farm Safety Week, July 25-31, and to formulate a year-around safety campaign.

"With a record like this", C. E. Martin, chairman, told the group, "It's imperative that farm safety be emphasized 52 weeks of the year. It's not a one-week job." Martin is assistant state agent of the Texas Extension Service.

Accidental deaths on farms are caused by falls, machinery, animals, motor vehicles, burns or shocks, improper handling of equipment, and falling objects, the committee pointed out. Most of these could be eliminated through "safely consciousness" on the part of every member of the family.

Like Grandma

Looking like the quaint Victorian fashions Grandma wore when she was a girl, this ruffled corduroy redingote worn by 7-year-old Maureen Mooney, of Dallas, is the latest vogue for 1948 youngsters. It will be among the new fall and winter styles for grownups and children to be shown at the American Fashion Association meeting in Dallas Aug. 1 to 5. Three thousand visitors from over the country will attend the association's five-day exhibit. Maureen's new frock was made by fashion designer Jean Durain, of California.

BUT HE FORGOT HIS SKIS . . . President Truman made more news on his barnstorming junket of the West than 10 average men could in their combined lifetimes. He hit one of the sly high spots of the trip at Sun Valley, Ida., when he gaily insisted on riding (unescorted) a ski lift up to Dollar mountain. He further stunned everyone within range by stating blandly that the reason he had come to Sun Valley was to help business for his friend Averell Harriman, whose Union Pacific railroad established the mountain resort.

Texas Forest Service, Farmer-Stockman Magazine, Progressive Farmer, and Farm and Ranch attended the meeting.

True Stories of West Texans

(By N. H. KINCAID)

SAVED BY A THUNDERHEAD

During the blistering heat of August, 1868, eight men were trapped at the Van Horn watering holes by a large band of Mescalero Apaches. Big Foot Wallace and his small military escort for the United States mail had barely reached the springs in advance of the Indians. His best chance of survival now lay in holding his position, hoping for relief from a scouting expedition known to be heading west from Fort Davis.

Thus all night, and from four o'clock the previous afternoon, they had withstood the Apaches. But now the enemy, and his stock, was becoming desperate for water, and Wallace knew that the crisis was fast approaching.

He had placed their animals in a close bunch in the center of the depression and deployed his men as strategically as possible, reminding them again to withhold their fire until the Indians were close enough to damage effectively. Day was breaking and he knew that another assault was imminent.

And he was right. With a fusillade of both bullets and arrows the thirst-driven Apaches attacked the little

group, determined to dislodge them from the water holes. Nor did they withdraw until 11 of their number, and several horses, had been ushered into the happy hunting grounds.

But the assault was expensive. Sam Gibbs had been killed and both George Clark and John Clinton were wounded. And there was no time allowed for the dressing of their wounds. The Indians, knowing that their thirst-crazed animals would head for the water, turned them loose. They got among them, hoping to use them as shields. But again their use failed, for so many of their horses were killed that they had to mount the remaining and retreat hurriedly to the encircling higher ground.

The Apaches' strategic position in the low hills made some type of breastwork imperative for the besieged group, and Wallace ordered the killing of their own extra horses and pack mules. Thus protected, they again forced the Mescaleros into the open where all day long they encircled the whites, from first one direction and then another.

By nightfall both sides were desperate. The first of the Indians had about reached the limit of endurance while the whites were almost ex-

hausted. Their ammunition was nearly gone, the wounded were suffering agonies, and the stench from the dead about them was becoming unbearable.

As the hot, sultry day faded into twilight, a black, threatening cloud began forming in the northwest. Never was a cloud watched more eagerly! While the first few gusts of wind increased into a gale, accompanied by the deafening peals of thunder peculiar to the Southwest, the darkness of nightfall engulfed them in a murky darkness. About 10 o'clock the first drops of rain splashed about them and Wallace had the men mount, ready to ride when the storm should break in full fury.

And then it came—a veritable torrent of rain, and an almost constant peal of thunder. Into the storm rode the little band, slowly, carefully, cautiously, guided at intervals by a low whistle from their unseen leader. Not a word was spoken; not a moan betrayed the sufferings of the

wounded. Indian fighters all, they were following a leader whom they respected. All night they rode; and at 10 o'clock the next morning, when they met the scouting expedition, they were almost falling from their horses, in hunger and exhaustion.

And thus did the U. S. mail go through, just 80 years ago, on that West-of-the-Pecos lap between Ft. Stockton and Ft. Bliss. Pat Dean was the mail carrier at this time using the service of Big Foot Wallace, noted Indian fighter, Ranger and scout. Of his escort Ed Russell became a miner in Colorado, Dave Harrington a Methodist minister in Iowa, George Clark a lawyer in Georgia, Dock Joy a resident of Ft. Clark and Pat Dean of Brownsville, while John Clinton was for many years the beloved Chief of Police of Abilene, Texas.

Plan a watering system for the poultry range, it takes lots of time and labor to cart water to the growing pullets during the summer.

Take It Easy And Live Longer, Says Texas Safety Head

Speed kills—take it easy!

This is the warning issued by Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety. The Department is cooperating in a program against speeding which is part of a year-round traffic safety educational program. The continuing campaign, which emphasizes a timely phase of traffic safety each month, is sponsored nationally by the National Safety Council.

Speed is a contributing factor in two out of every five fatal traffic accidents, according to Chief W. J. Elliott of the Texas Highway Patrol. This means that 13,000 persons are victims of accidents involving excessive speed in 1947 alone, as revealed by nation-wide accident reports.

"If each driver would take it just a little easier, and not only obey the speed limits set by law but a speed limit set by common sense, we would have fewer deaths and injuries from traffic accidents," Captain Polk Ivy of the Amarillo Office of the Texas Highway Patrol said.

"The legal speed limits posted in business and residential districts and on the open highway are for average good driving conditions—dry pavement, good visibility, no unusual traffic conditions for that locality. When conditions are less than ideal, speed should be adjusted accordingly. So whenever you drive, wherever you drive, take it easy—and live longer.

Seven tips on speed are:

1. Obey legal and common sense speed limits.
2. Keep your car under control at all times, so you can stop if you have to.
3. Slow down before you get to an intersection or traffic signal.
4. Keep a safe, clear stopping distance between you and the car ahead.
5. Watch following traffic in your rear-view mirror, signal for turns and avoid abrupt stops.
6. Slow down at sundown—hold nighttime speed below the maximum at which you can stop within the

range of your lights.

7. Remember, speed kills. Take it easy, and live longer.

WRMG Train Launches For Overseas Relief

AMARILLO—The formation of a Will Rogers Memorial Goodwill train in the Texas-Oklahoma-New Mexico area will launch a long string of trains for overseas relief, it was announced here today by Leon M. Hill, director of the Tri-State campaign.

Trains originating in the Southwest will be part of a mass movement of trains which will be assembled in Colorado, North Dakota, Kansas, Ohio, and many other states. Early trains will be assembled in mid-August, while other states will contribute to Thanksgiving trains in November.

All trains are being sponsored by the Christian Rural Overseas program (CROP), which is supported by Catholic Rural Life, Church World Service, and Lutheran World Relief.

In the local area wheat and livestock are principally wanted, although other gifts in kind will be accepted. The campaign will extend through July and an effort will be made to canvass as many farmers as possible.

The shipping of whole wheat overseas is made through church channels, solely on the basis of need, regardless of political or religious affiliation. A large proportion of food goes to orphans, widows, the aged, and to such institutions as pre-tubercular clinics.

"Since we send all commodities in large bulk shipments, there is little chance of anything getting into the

black market or going astray," Hill pointed out.

There are two kinds of buffalo grass—male and female plants. The female plant is preferred in lawns and can be identified by the flowers, which are set between leaves and stem, close to the ground. The male plant has a seed stalk four to six inches high.
