

PARKING PROBLEM SOLVED... This is one of them mirages, said the cop on the beat as he rounded the corner of East 33rd street from Third avenue in New York. And he walked slowly and majestically toward it. But it didn't fade. It stayed there—a bantam-sized car parked cozily on the sidewalk, snuggled up next to a building. The cop closed his eyes, counted to 10, and when the car was still there he parked a ticket on it.

Oil Lease Activity Continuing In Co.

Drilling of the first wildcat test in the Lazbuddy community was reported to have been started on Monday by Sunray Oil Company, following establishment of equipment on the site last week, and informed local residents add that considerable oil lease activity is continuing over varied sections of Farmer County.

Announcement was made Sunday that Shamrock had leased a block south and east of the old Stanlind block, near Bovina, but no information is available as to when—and if—a test well would be run. Leasing activity is also heavy in the northeast and northwest corners of the county, and south of the Skelley block in the Lazbuddy area.

Reports say that the wildcat being sunk in the Lazbuddy community on Section 23, Doud & Keifer subdivision, is to be sunk to a depth of 10,000 feet, unless oil or gas is found in paying quantities at a lesser depth. The hole is on the Finis Kimrough property.

Some two years ago, a deep test was drilled on the N. L. Tharp property, northeast of Farwell, but abandoned as a duster at 10,000 feet.

Bovina Man, Hitchers Are Injured In Crash

Joe Langer, of Bovina, and four members of a family from a rural area near Altus, Okla., were injured in an automobile accident which occurred six miles east of Farwell about midnight, Saturday.

Langer, driving his own car, was enroute to his home in Bovina when he picked up the C. O. Vick family in Texico. Reports indicate that the automobile hit a soft shoulder and side-swiped an abutment.

Vick and his daughter, Mona Jean, 16, along with Langer, suffered only superficial injuries. Jimmy Lee Vick, 12, has a broken leg, and Sammy Ruth Vick, 14, sustained a fractured pelvis. All were given treatment at Memorial hospital in Clovis.

Pioneer Homesteaders Visiting Friends Here

Mr. and Mrs. Ira Taylor, pioneer Texico residents, who homesteaded southwest of here about 40 years ago, arrived here the latter part of last week from their present home near Roseville, California, for a visit with old friends. They came here from Roswell, after visiting there for several days. While in that city, Mrs. Taylor suffered a slight heart attack and was ill for more than a week.

The Taylors moved to California four years ago, and have made their home in that state since that time.

CULVERT SINKS

A new culvert, installed at the first block of Third Street, succumbed to the heavy rain of last Saturday evening, and has dropped some five inches below the new paved surface. Local observers are of the opinion that the culvert will have to be repaired in the near future, or a bad break will occur in Farwell's new paving, running the length of the "courthouse" street.

Specialists say that partly used cans of paint can be kept from drying out by coating the surface with paraffin.

FROM THE HOPPER

By HOP

Now that we have some badly needed paving in Farwell, what do you say that all of us give a little more attention to traffic rules? Let somebody—maybe you or I be picked up by an ambulance crew.

First of all, lets stop turning around in the middle of the block; stop cutting in for parking on the wrong side of the street; don't make a speedway out of Third street lest we run over some child; take time to come to a complete stop as we enter Avenue A (main street) from the south.

The wide pavement along this route is going to be responsible for an increased rate of speed on the part of tourists, and entering this street, which is the route of two state highways, without observing every precaution is nothing less than court-judging tragedy.

Seth Rollins, says that one half of the students in his California school are Indians. "And they would have scalped me long ago if my scalp had been worth the trouble," he opined.

Uncle Tom Randol admits that the only time he has missed Ira Taylor since he moved to California four years ago, was at hog-killing time.

Mrs. Anne Overstreet demands a correction. She says she was gone 6 weeks on her recent trip and our reporter said she was home from a months vacation.

What we call a co-operative wife is one whose rheumatism demands a trip to Hot Springs while the fish are biting.

Jim Perkins of the Okla. Lane community, in speaking of the rains received Saturday evening: "It was just like the nigger's whiskey—just right—not too much or too little."

And LeRoy Faville, Texico insurance agent, is getting a little squeamish about these electrical storms. Just recently a bolt of lightning struck the corner of the business building he occupies, and last Saturday a tree in the yard of his parents, the B. O. Faville's, was ripped open by lightning. Under pressure, LeRoy admits that he is fully covered by insurance.

Also unappreciative of the down-pour were the Joe Crumes, in Farwell, who had to borrow a pump to clean out their basement—which stood 18 inches deep in water at the conclusion of the rain.

"Where's your bosses?" a visitor asked Caroline Martin, secretary in the Aldridge & Aldridge law office, on Monday. Sprawling deeper into her chair and stretching her legs to another handy chair, Caroline drawled, "Out—obviously."

A card from the Editor himself Monday morning revealed that stubborn old Hop was still waiting for the fish to bite at Elephant Butte lake while he steadily perspired in the 104-degree temperature.—Little Hop.

Hard Rains Visit Area Saturday PM

Water Shortage Averted By Citizens

Deadline Brings No New Co. Candidates

Saturday, June 19th, was the final deadline for filing with the county democratic committee for a place on the ballot of the first primary, on July 24th, and Democratic Chairman G. D. Anderson reported on Tuesday that no last-minute filings were received.

A check-up of the situation reveals that four county positions are being contested, while a similar number of openings for county jobs show only on candidate in the field.

Sheriff Earl Booth, who is seeking return to office, faces two opponents. Wilfred Quickel and Charlie Lovelace, both of Farwell, are out for the job, which carries the title of sheriff-assessor-collector.

The other three contested races fall in the county commissioner bracket—in precincts 1 (Friona), three (Farwell), and four (Lazbuddy). In the Farwell precinct, three men had announced for the job, with E. F. Billingsley and Frank Phillips contesting the seat of T. E. Levy, who seeks re-election. However, Anderson said Tuesday that there "was one casualty—Billingsley failed to file application" with the committee.

Commissioner W. S. Menefee, of the Lazbuddy community, who is asking a return, has two opponents, in the persons of Jimmie Seaton and Alex Steinbock. Three men are hoping to upset Commissioner W. H. Flippin, Jr., of the Friona area. They include E. R. Day, C. C. Veazey, and Henry N. White.

County Treasurer Roy B. Ezell, County and District Clerk Loyde Brewer, County Judge A. D. Smith and County Commissioner C. L. Calaway, of Precinct 2 (Bovina), all of whom are asking a return to their respective jobs, will have no opposition, unless a write-in candidate appears.

Little interest is currently manifest in the county in general regarding the forthcoming primary, with most residents involved in planting and harvesting, or both.

Officials reported that absentee voting for the primary will open on July 5th, and close three days prior to election day, the 24th. The ballots will be printed shortly, in order that they will be available for early absentee voters.

Okla. Lane Paving To Be Finished Today

Barring more rain, which has held up work on several occasions, the crew of contractor Floyd Davis, of Albuquerque, should wind up work on the six and one-half miles of farm-to-market pavement from Farwell to Oklahoma Lane early this (Wednesday) afternoon.

A foreman of the crew told a Tribune reporter Tuesday noon that only 6,000 feet of pavement remained to be oiled at that time.

The pavement begins at the underpass, about three miles south of Farwell on the Muleshoe highway, and extends east to the Oklahoma Lane school house. Aside from aiding the Laners by giving them a fast route to Farwell for farm marketings, the highway will undoubtedly be used to an advantage for the transportation of Oklahoma Lane school students into this city.

Attend Funeral At Santa Fe, Sunday

Mr. and Mrs. Edward Engram and Mr. and Mrs. E. R. Boddy drove to Santa Fe, Sunday, to attend the funeral services for little William Austin Boddy, Jr., six-year-old son of Mr. and Mrs. Austin Boddy, Sr. The child died at El Paso, Saturday night. He was the grandson of Mr. and Mrs. R. A. Boddy and the great-grandson of Mr. and Mrs. E. R. Boddy.

MOVING TO TEACHERAGE

Supt. and Mrs. Jack Williams and family have this week taken over the Farwell teacherage, recently vacated by Supt. and Mrs. O. T. Loyd.

CPL. P. L. NEW

Permanent Burial Will Be Made For New

Permanent burial for P. L. New, formerly of this city, will be made at Fort Sam Houston Military Cemetery at San Antonio, on Thursday of this week, June 24th, it is understood here.

New, son of Mr. and Mrs. Ed New, of Friona, was killed in action in the European theater on July 8th, 1944. He entered training in March, 1942, being assigned to the 90th Division at Camp Berkeley, Texas.

From Berkeley, New went to California for desert training, and two years after his induction sailed for England. He was there for one month before joining the invasion of June 6th, 1944, and met his death a short six weeks later, at the age of 27 years.

Mr. and Mrs. New plan to attend the funeral, and will be accompanied by Ralph New of Dallas and Mrs. Jack Stanley, of Lubbock.

Prior to New's entry into service he was employed at the Farwell Elevator, in this city, and had many friends among local residents.

Interested Visitors See New 1949 Ford

O. C. Sikes, of the Sikes Motor Co. in Farwell, who are the distributors for the Ford motor car and tractor, Saturday disclosed that 649 persons went through the showrooms of the local house last Friday to have a look at the 1949 Ford.

Sikes said that the general attitude of the visitors were "very enthusiastic" about the radical change now brought to the surface in the new Ford. This is the first major style change in the low price field since before the war.

There were supposed to be three models shown, but only one model, the popular tudor, in a deep maroon, came through for the showing.

Asked about car shipments, and many could be expected, Sikes said the situation remained more or less uncertain. He added that if the threatening coal strike went into effect this month, practically everything in the country would be off schedule. He said that a price increase of about \$70 on the tudor models could be expected, but was unable to give stable figures.

TO SPEAK SUNDAY

Rev. I. D. Walker, of Post, Texas, will occupy the pulpit at the local Baptist Church this coming Sunday, June 27th, at both the morning and evening hours. The Texico-Farwell church is currently without a pastor, since Rev. E. M. Treadwell recently accepted an appointment to missionary work.

VERY FEW FISH

Les Means, Dale McCuan and son, Johnnie; Red Frazier and Doc McReynolds spent Saturday and Sunday on a fishing trip at Conchas Dam. They report very poor luck.

And the rains came... A genuine, old-fashioned gutter-washer paid Texico-Farwell and surrounding territory a splashing visit last Saturday afternoon, when a group of seemingly normal and unusually "dry" thunderheads got together to bring water down faster than anytime previous to the supply year of 1941.

Although only 2½ inches of rain fell, it came in 45 minutes and the ditches, streets and gutters overflowed with the deluge of murky water. Extremely high wind accompanied the rain, and fine hail rounded out the storm. The wind broke numerous large branches from the trees in the Twin Cities and the hail leveled anything that resembled gardens.

The downtown business section of Farwell was swamped with the water after about 30 minutes of rainfall. Sikes Motor Co.'s entire plant was under four to six inches of water. Recently installed guttering was carrying out the water as planned, but was plainly overtaxed by the abnormal amount. Rain, which fell much too fast to "soak in", rushed into the business section from first, second and third streets. This, coupled with water from the new curb-to-curb main street, simply submerged the gutters.

By Saturday morning, the flood had coursed its assigned route down the Muleshoe highway southeast of town, crossed under the road, flowed through two large storm openings at the foot of the railroad trestle, and sought a level adjacent the junk yard.

Ed Muckleroy and Gene Lovelace, who farm land south of Texico, report that fields of recently-planted row crops were swept clean by the deluge, while a similar report is turned in by Mitz Walling and Lester Norton, on the northeast side of Farwell. Such a situation, however, did not extend very far out of town, with Bovina, Friona, and Oklahoma Lane reporting "good heavy showers", which will be of great value to the row crops just coming out.

Some flooded out areas were reported around Lariat and Lazbuddy, with the heavy rainfall apparently covering a strip south and east of this city. All local elevators reported on Monday that they were being swamped with demands for planting seed, as farmers rushed to take advantage of the moisture and get their new seed in the ground as fast as they could get machines in the field.

C. M. Henderson, of Henderson Elevator, said he understood that Muleshoe, Lariat and Bovina dealers were also being besieged by calls for seed.

No damage to wheat has been reported here from the heavy precipitation.

Local Bank Purchases Bovina Water Bonds

The Security State Bank, in Farwell, has purchased \$25,000 worth of waterworks bonds, voted recently by the citizens of Bovina, it was announced Monday.

Two elections were necessary before the bonds could actually be issued, although both votings were favorable to the proposal. Some months ago, Bovina voted to incorporate, and followed suit by voting bonds for a waterworks system. Later, however, it was discovered that there was a defect in the original incorporation proceedings, and the voters went back to the polls to incorporate the town, and follow the same procedure on water bonds.

In the second waterworks bond election, the amount of the bond issue was lowered considerably, since in the interim the city had made arrangements to secure a pump and storage facilities on hand, owned by the Santa Fe Railway.

As soon as the bonds are on hand, money will be issued to the City of Bovina, to be used in installing water mains about town. Reports here were to the effect that a good deal of material necessary for the project is already on hand.

IN HOT SPRINGS

Editor W. H. Graham, accompanied by Mrs. Graham and Sammie, left last Friday morning for Hot Springs, N. M., where Mrs. Graham will take a course of the mineral water baths. Hop expects to enjoy a few days fishing, returning here the last of this week. During his absence, The Tribune is being manned by young Hop, Jr., Miss Hazel Dishman and Mrs. Abie Crume, recruited from Friona.

V. C. Venale, manager of the local water tower, who last week called attention to the fact that there was definitely an acute water shortage facing the twin cities, said Saturday when contacted by a Tribune reporter that the cooperation of the users in this vicinity had temporarily put local users over the hump of their current shortage. Venable said that he would like to express his appreciation to the patrons who willingly did without water for the two scorching days of last week, Thursday and Friday. Monday and Tuesday were the most critical times of the shortage, when the 42,000 tank was drained on both days. When this tank is dry, it presents a serious menace to the welfare of the citizens. Disaster might easily set in by fire should a large one break out and leave the local fire department helpless with no water.

Venable hastily warned that the shortage the city has just undergone would not be the last one, and probably not the worst. He said that the primary cause for the tremendous usage was probably the rain which visited the community two weeks ago. "After the rain, the lawns in Farwell and Texico greened up," Venable pointed out, "and on the heels of the rain came a severe heat wave and the greenery began to wither. Not wishing their lawns to die out again, nearly everyone called on the local water supply to bolster the grass back to its previous beauty. This resulted in the current shortage."

"We will have more acute shortages in the near future if we fail to get more rain," Venable went on, emphasizing the fact that the hottest customary point of summer weather was yet to be reached.

Naturally, everyone is looking and hoping for more rain. But unless we get it, it appears certain that we are due for more water shortages. The people of Texico-Farwell are going to have to watch out for exceptionally warm and windy days when the water consumption is at its peak.

The citizens of this community have proven their colors in the face of this shortage, and it appears quite likely that they will need to conserve the supply again.

Some Wheat Comes In, Quality Is Good

Although "only a trickle" of 1948 wheat has as yet found its way to local elevators, buyers here reported Monday that the quality thus far was good. Ray Ford, of the Farwell Elevator, stated that wheat which he has purchased tested 16½ with a moisture content of 12.33.

In the main, though, it is expected that harvest will not get into full swing until the latter part of this week, or the following week. Grain which had been ripening fast under hot sun and wind took a short breather the first of the week following general rain over the county on Saturday.

One local elevator man opined that "we might have some trouble with quality of the wheat following the rains, as weeds are beginning to poke their heads above the wheat."

Harvest in this area is expected to be fairly light, with large acreages being turned under for row crops following recent rains, while other fields were never planted, due to the prolonged dry weather. Growers in general agree that "what there is left" will be fairly good wheat and will all be combined.

Thermometer Hangs On 104 Degrees

Local residents who had sympathized with other areas reporting temperatures of 104 degrees the past Thursday were slightly astounded when informed today that the thermometer at the Santa Fe station in Texico registered a flat 104 degrees for three days running—Wednesday, Thursday and Friday.

Aubrey Sprawls, of the local depot force, added the remark prevalent around town that "Thursday seemed the worst because of the hot, dry wind."

No comparative records were given by Sprawls, but it is considered likely that the 104 degree readings were among the highest hung up in June for several years.

Health Notes

By Texas Department of Health

AUSTIN.—Few, if any, people have escaped the inconvenience and the annoyance of athlete's foot. It is said to be the third most common skin disease of the summer, and, contrary to popular opinion, the fifth most prevalent disorder in the winter.

So says Dr. George W. Cox, State Health Officer, in a recent press release. Dr. Cox explains that athlete's foot is due to a small, mold-like growth or fungus which thrives on moist, warm parts of the body such as the feet.

"The infection of athlete's foot is usually gotten directly or indirectly from someone else," Dr. Cox says, cautioning that the most likely places to contract the infection are around bath houses, locker rooms, and other public places where people go barefoot.

"It is possible that at least one-half of all adults suffer from the infection at some time."

In suggesting some effective measures to be taken to prevent initial cases and avoid recurrent attacks of the disease, Dr. Cox emphasized drying carefully between the toes; use of a mild alcoholic solution on these areas after drying; liberal applications of talcum powder in the socks and the shoes; and wearing socks that are absorbent but not coarse.

"Ill fitting shoes are often the source of athlete's foot, Dr. Cox warns. "Shoes that rub and chafe should be corrected or discarded."

Littlefield Jaycees Plan Rodeo for June 24-26

LITTLEFIELD.—Last minute plans are rapidly being whipped into shape for the third annual Littlefield Jaycees' championship rodeo, June 24, 25, and 26.

Three big night shows will be staged, Thursday, Friday and Saturday, under personal direction of Howard Brown of Dublin, one of the Southwest's outstanding rodeo directors. Last year's Jaycee rodeo, produced by Brown, was acclaimed as one of the most colorful in West Texas.

Brown has already brought 96 head of rodeo stock to Littlefield.

Besides the rodeo proper, other features will include a cowgirl sponsors contest, a dance each night of the show and a mammoth street parade. Brown has booked some of the best specialty acts to be found on the rodeo circuit. Among these are Jack and Bobbie Knapp of Hollywood, California, in an acrobatic trick roping act. Knapp is also a skilled performer in bull-fighting.

Jack Andrews of Lake Butler, Fla., and his trained Brahma bull, will be headlined in another specialty act to be seen at the Jaycee rodeo. Andrews is also billed as the champion "whip popper" of the United States and Australia. He displays uncanny accuracy in flicking his huge bull whip.

A huge western parade, including hundreds of horsemen and colorful floats, will formally open the three-show rodeo at 7:30 o'clock Thursday night, June 24.

POLITICAL ANNOUNCEMENTS

The State Line Tribune is authorized to announce the following candidates for the respective offices subject to the action of the Democratic primary election in July:

For Sheriff-Assessor-Collector:
WILFRED QUICKEL
EARL BOOTH (Re-election)
CHARLIE LOVELACE

For County Treasurer:
ROY B. EZELL (Re-election)

For County and District Clerk:
LOYDE BREWER (Re-election)

For County Judge:
A. D. SMITH (Re-election)

For District Attorney, 64th Judicial District:
JOE SHARP of Plainview.

For County Commissioner, Pct. 2:
C. L. CALAWAY (Re-election)

For County Commissioner, Pct. 4:
W. S. MENESEE (Re-election).
JIMMIE SEATON
ALEX STEINBOCK

For County Commissioner, Pct. 3:
E. F. BILLINGSLEY
FRANK PHILLIPS
T. E. LEVY (Re-election)

VETERAN'S QUESTION BOX

Q.—When is National Service Life Insurance considered lapsed?

A.—It is lapsed when a veteran fails to make a payment of premium within 31 days from the date it was due.

Q.—If I do not receive National Service Life Insurance premium notices or receipts promptly, should I continue to send my premiums?

A.—Yes. You also should clearly identify your payments by giving your insurance policy number, but if that is not available, you should give your rank, organization and your service serial number.

Q.—If I filed a change of address with the VA hospital or regional office where my claims folder is on file, will the same change be made on my insurance records?

A.—No change of address for purpose of compensation or pension is not a notice of change of address for insurance purposes. VA Form 389 "Change of Address," should be executed by the insured to notify the Insurance Service in the appropriate Branch Office.

Q.—When may a veteran decide whether he will pursue training under the Servicemen's Readjustment Act (G-I Bill) or under the Vocational Rehabilitation Act?

A.—After eligibility has been established under both laws.

If the brooder house is given a heavy spraying with creosote or a coal tar disinfectant, the chicks should not be placed in the house for several days. The strong fumes are injurious to the chicks.

Murray Seeks Aid For Butane Users

Railroad Commissioner William J. (Bill) Murray, above, is pleading in Washington for larger allocations of steel with which to prevent another butane shortage next winter.

Testifying before a joint meeting of the U.S. Senate's Small Business Committee and the steel industry's advisory council, Murray, a graduate petroleum engineer, said "People in Texas will be cold again next winter unless we get more steel with which to store butane during summer months."

Murray's appearance before the steel-use conference last week was in answer to an urgent invitation for Texas representation at the hearing sent to Gov. Jester by Sen. Kenneth Wherry, senate committee chairman.

Mister, do you have "Lubri-tection"?

That's What You Get With This Great New Phillips 66 Premium Motor Oil!

WHAT is this "Lubri-tection"? Why, it's the new word we've coined for the lubrication plus protection you get with new Phillips 66 Premium Motor Oil!

Phillips 66 Premium does more than just lubricate—it helps keep your engine clean . . . free from varnish . . . helps prevent harmful sludge formation.

Put "Lubri-tection" into your engine today. Call on your nearest Phillips 66 Dealer!

Texas Cowboy Reunion To Be Held July 2-5

When Texas Cowboy Reunion Association members meet at the 18th annual Texas Cowboy Reunion in Stamford, July 2, 3 and 5, there will be many distinguished guests and members on its roster. Commissioners, will be among the guests at the annual affair.

The Texas Cowboy Reunion Association was first organized at the original Texas Cowboy Reunion June 28, 1930, and is now incorporated. It is the largest cowboy reunion in the world. The membership is made up of cowboys required to be fifty years old or over, and to have been actual cowboys thirty-five years prior to registration. Its roll at one time listed fifteen hundred, but time has reduced the ranks to a regular membership of six hundred and fifty. Widows of deceased members have the right to succeed to the membership of their husbands, and many take advantage of that privilege. Several of them have served on the Board of Directors. Many distinguished ranchers, colorful trail drivers, authors, artists and professional men who rode the range for years, have graced the Texas Cowboy Reunion rolls.

Tex Moore, official Texas cowboy artist, now a resident of Wichita, Kansas, will return for this year's reunion. From Los Angeles, Calif., will come Frank King, cowhand author, and ranch editor of Western Livestock Journal. Slim Holder, California rancher, will accompany Mr. King.

A. C. Humphrey, mayor of Stamford, and Cecil Eager, president of the Stamford Chamber of Commerce will welcome the old-timers at their opening meeting Saturday morning July 3, at 9 o'clock, at the Bunk House. There will be an election of officers at the same meeting, and Sunday a memorial service will be held.

Cotton Research Study Findings Revealed

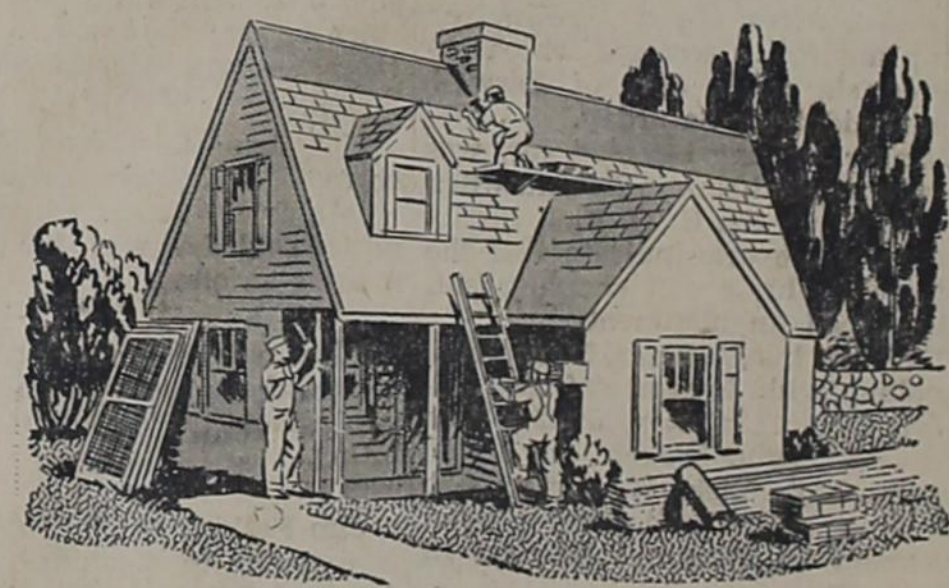

LUBBOCK—Results of cooperative cotton research studies conducted during the past two years at Texas Technological College by the college and the Chicopee Manufacturing company are to be published in a series of articles, according to George W. Pfeiffenberger, company director of research at the laboratory at Tech.

Contract between the college and the Chicopee company, continuing the work here for another year, has recently been signed, according to Dr. W. M. Whyburn, president.

"The close working relation the college has with the Chicopee manufacturing company is of much benefit to our program of instruction and research in the textile field," Dr. Whyburn commented. "Through it the gap between the classroom and industry is fully bridged for the students," he said.

The staff studies cotton grown in all cotton-producing sections of the nation, measuring its physical properties and determining relations of these properties to its spinning performance. As breeders develop new varieties, the fibers are tested for mill performance, and periodic tests run to determine changes caused by seasonal variations during the growing period. Thus research covers both agricultural and engineering angles affecting cotton and its use, Pfeiffenberger stated.

"Where Your Business Is Appreciated"

True Stories of West Texans

(By N. H. KINCAID)

COMANCHE STRATEGY

This was September, the month of the Mexican Moon in the year 1844, Bajó el Sol hunted his Comanche and groups from the combined tribes of the Comanches of West Texas while they watched the coming rider with interest. If he were one of their tribe, he had ridden with rancherías down in the Chihuauua country of Old Mexico. It was remarkable haste to have overtaken them so soon. There had been no one on their back-trail last night.

can pack mules. It didn't matter should they get more horses than their tribes could use; there was no commodity that had a higher barter value with the Mexicans of Santa Fe! These annual raids had become Big Business, and the Comanche chiefs were forced to plan them with the utmost secrecy. Thus Bajó el Sol eyed the approaching rider with apprehension, which changed to exasperation as the horseman reined up before them.

"What now, Stinking Reed?" he demanded coldly. "Did I not leave you in charge of the horse herd while we were away? And did you not choose a squaw over two moccasins to help you forget the time?"

As Bajó el Sol was speaking, Stinking Reed had been surreptitiously edging his pony towards the outer fringe of warriors—and towards one warrior in particular. But he, too, was edging his pony—yet in the opposite direction. Quickly Stinking Reed grabbed the mustang's mane and faced the guilty Kwahari.

"All right, Big Nose, speak," he demanded. "You closed a business deal with me; and then you stole my squaw. Speak, I say!"

The encircling warriors grunted with interest. They had recognized Stinking Reed's squaw with the travois group whether Bajó el Sol had or not. She had cost Stinking Reed two of his very choicest mustangs; and if ever a Comanche loved horses, Stinking Reed was one! A good fight was now to be expected.

But the guilty wife-snatcher knew Stinking Reed's weakness. His eyes squinted cunningly as he noticed him unconsciously stroking the horse's neck.

"Yes, Stinking Reed, you are right," he said. "When we closed our deal, we were even. Then I took your squaw. That put you two mustangs behind me. So—you choose any two of my ponies. Then to pay you for your trouble, take a horse-hair rope and blanket for each pony. This proves my honesty, I have spoken."

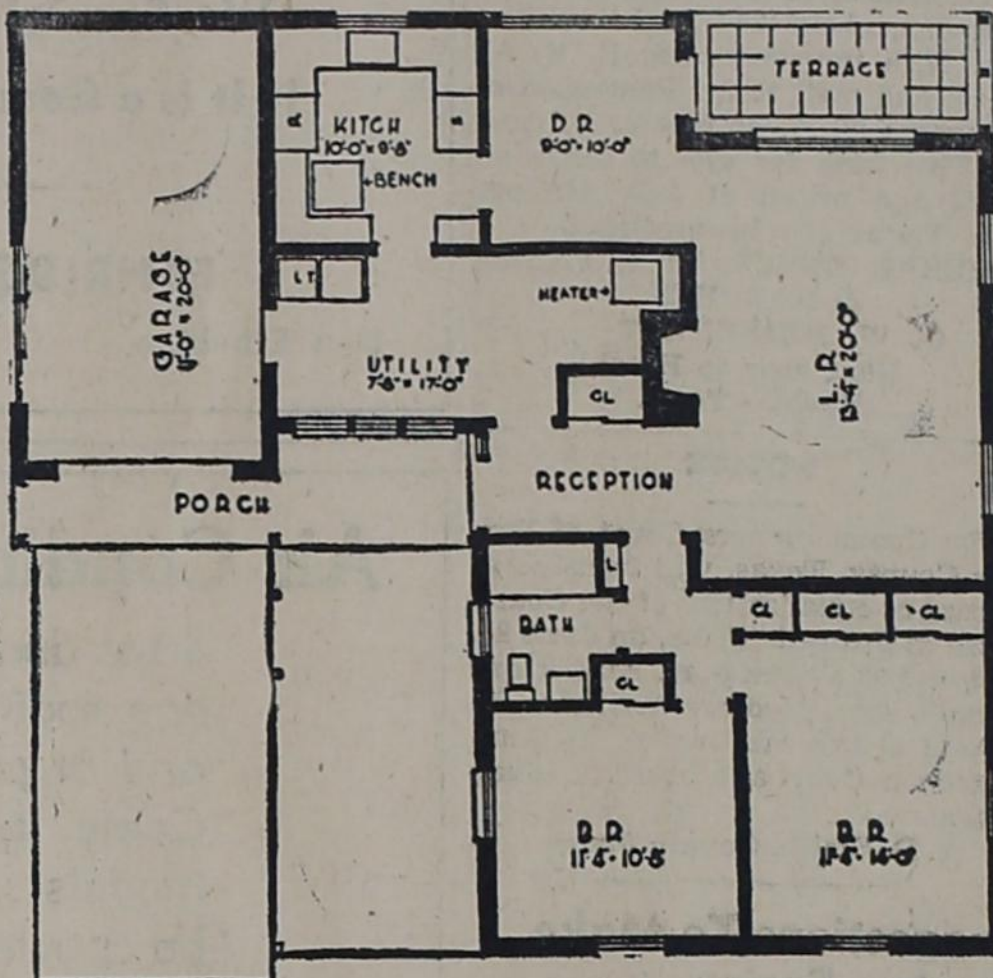

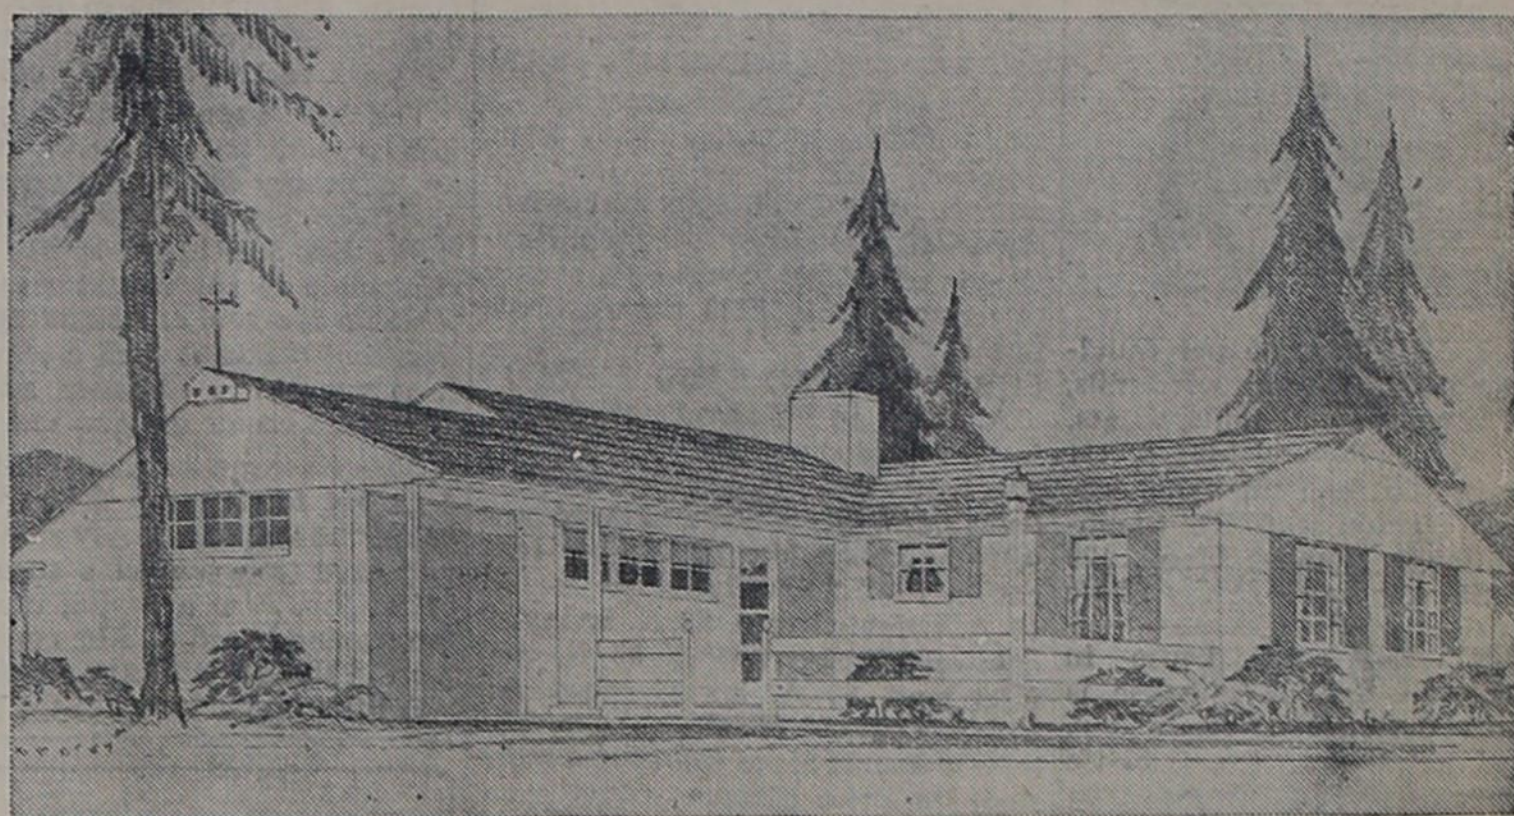

Stinking Reed's eyes roved lovingly over the splendid mustang and he knew that he must have it. Perhaps he was fortunate in having such a desirable squaw after all. But a good trader never leaves it to the other fellow to make all the terms.

"No, Big Nose, I cannot," and the shrewdness deepened in his eyes. Big Nose remained silent; he was prepared to double the offer if necessary, for he was determined to have her. "Besides these things which you have offered," and Stinking Reed paused for emphasis. He would like to have demanded another horse but he knew Big Nose was no such fool. "I must have that—that big buffalo robe of yours."

Stinking Reed looked about him triumphantly as Big Nose slipped from off his pony and handed him the robe. He was satisfied. He had interpreted as admiration the look of surprise that flashed in their faces.

In the good old days the man who had money was a miser. Now he's a wizard.

Ranch House Is Urban-Rural Favorite

Its likable informality and its good looks have made the modern ranch-style home a favorite for both rural and urban living. This example was designed by Walter T. Anicka, 617 South Forest St., Ann Arbor, Mich.

Planned to fit on a 50-foot city lot as easily as on large country acreage, the house is 45 feet wide. It contains 1,185 square feet, ample for the comfort and convenience of the average family.

In the interest of economy, the design does not include a basement but does have a utility room with sufficient space for a heater, laundry equipment and storage. Added economy is achieved by the architect's choice of wide

clapboards for exterior sidewalls and a roof of fire-resistant asphalt shingles. The architect recommends white siding with roof shingles of a contrasting color.

The terrace in the rear and the porch in front provide facilities for outdoor living. The terrace, living room and adjacent dining room combine to make one integrated unit.

A built-in breakfast corner is part of the kitchen. Both bedrooms have cross ventilation. Interior doorways are located so that any room is easily accessible from any other part of the house.

(Detailed plans and specifications are available from Walter T. Anicka, 617 South Forest St., Ann Arbor, Mich., by referring to his Plan No. 612.)

HOME OWNERS' QUESTION BOX

Q—How often should I water my lawn?

A—Once or twice a week is sufficient if the soil is no drier than average. The ground should be moistened to a depth of about six inches. Light sprinklings help weeds more than grass.

Q—How closely should lawn grass be mowed?

A—One and one-half to two inches high. Short cutting exposes the roots to the hot sun.

Q—What makes paint blister?

A—Paint blisters or peels off woodwork when there is an excessive amount of moisture in the wood. When blisters are opened, they are sometimes found to contain water.

Q—Is fire-resistant roofing worth the additional expense?

A—It would be, but it definitely is not necessary to pay more. Fire-resistant asphalt shingles, the most popular of all home roofing materials, actually are among the least expensive kinds, both in first cost and in maintenance.

Q—What causes cakes to rise higher in the center than at the sides?

A—Too much baking powder, too much flour, too much mixing or too hot an oven.

THAT SOUTHERN SUNSTROKE

Paint is more likely to loosen and fall from the south side of a house than from the north side, explains the U. S. Department of Agriculture. The reason: Greater exposure to the sun.

Tech Gymnasium Gets Remodeled

LUBBOCK.—The Tech gymnasium, in use since 1927, is being given a face-lifting in the summer program in which \$18,000 is being expended.

Workmen are re-planking all of the 2,200 seats around the basketball floor and are rebuilding offices and

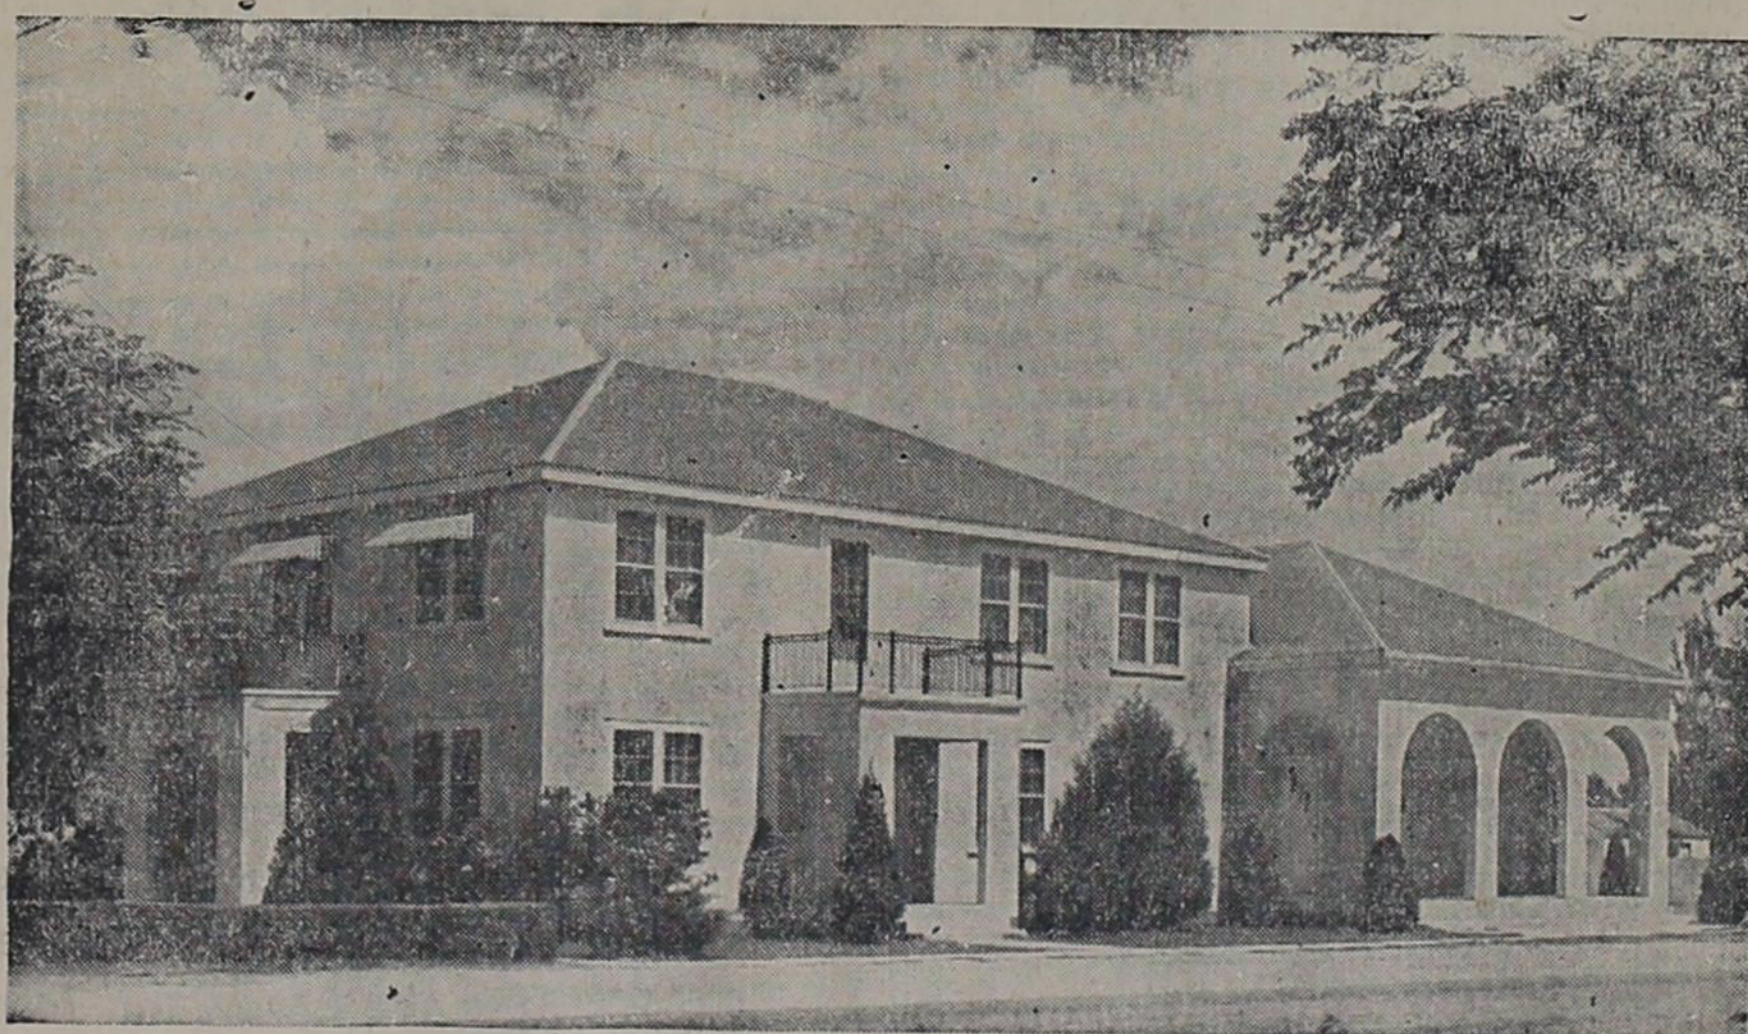

dressing quarters beneath. Dormitory and storage rooms are being removed to provide a large dressing room for use of visiting teams. The size of office space, no longer needed since coaches shifted to the new Clifford B. and Audrey Jones stadium, is being reduced to provide larger dressing rooms for physical education students. The basketball equipment room also is being enlarged.

New floors are being placed in the dressing rooms used by women physical education students, and the entire structure inside will be repainted.

The last legislature set aside \$20,000 for improvement of the gymnasium. During the winter, a new floor was placed in the coaches offices, and the gymnasium roof was repaired.

Balboa was the first Spanish explorer to see the Pacific Ocean.

Suggestions To Make Ironing Easier

COLLEGE STATION—Ironing day comes around once or twice a week in most homes . . . and there are a few suggestions that might make the job a little easier for the housewife.

Gladys Rarden, assistant extension home management specialist of Texas A. & M. College, says that the job of ironing can start when the clothes are hung out on the line. If the clothes are shaken well and hung neatly on the line, there will be fewer wrinkles in them to iron out later.

Some of the clothes, of course, don't have to be ironed at all, so they can be folded out in the clothes

yard. In this "no-iron" list are the sheets, bathtowels, diapers, knitted underwear, cuptowels, and so on. Seersucker and some of the materials that don't need ironing are good for work dresses and play clothes.

You can't expect to do your best ironing with an iron that's too heavy, a rickety board and an ironing board cover and pad that doesn't fit right. The best board to use is one adjustable to the height most comfortable for you. It's standing up to iron that makes it such a tough job. It is possible to sit down and iron, and much easier on you, too.

Sleeve boards, pressing cloths, and a gadget for holding the cord back out of the way are handy things that will save time and help turn out a better job. Also a drying rack near the ironing board will be convenient for the things you have finished.

A little organization in the process

will help, too. Keep together all the pieces that are alike, and stack them in the order you'll be ironing them. Put the linens at the bottom, cottons next and the rayons on top.

And here is something the housewives might have been wondering about. Is it the weight of the iron or the heat that does the job? It's the heat of the iron, says Miss Darden, so don't wear yourself out by pressing down as you iron the clothes.

"THE ROMANTIC SECRET OF PRESIDENT MADISON." Dolly Madison would never have ruled the White House if 15-year old "Kitty" Floyd had kept her promise to young Madison! Read this revealing article in THE AMERICAN WEEKLY, That Great Magazine Distributed With Next Sunday's LOS ANGELES EXAMINER.

Wilson-Kunselman Vows Exchanged

A formal church wedding with candlelight services was the week's highlight at Bovina, Tex., Friday, June 11, at 7:30 in the evening when Miss Patricia Wilson and Oral Kunselman, Jr., were united in a double-ring ceremony at the Methodist Church. The Rev. Geo. D. York officiated. Mrs. D. C. Looney played the traditional wedding marches. The church was beautifully arranged for the event with an arch of delicate twining roses and baby's breath while alternating candleabra and baskets of spring flowers flanked the aisle.

The bride wore a floor length dress of white taffeta, featuring a fitted bodice and long sleeves with petal points extending over the hands. The veil of bridal illusion was fastened with a bandeau of white rosebuds and she carried a nosegay of white rosebuds with net and satin ribbon streamers. According to tradition, the bride wore "for something old" and borrowed, a rhinestone bracelet set in white gold, belonging to Mrs. Frank Ayres, "for something new," her dress, and for "something blue," a little blue sachet on her slip.

The matron of honor, Mrs. Jimmy Charles, was dressed in a yellow organdy gown, with a short veil, which was held at the crown with blue daisies. She carried a bouquet of blue daisies. The bridesmaids, Misses Deloris Wilson and Martha Williams, were dressed in pastel organdy and carried bouquets of white daisies. Misses Carolyn Wilson and Clara Derrick, who lighted the candles, wore floor length dresses of white organdy. The flower girls, Verna Marie Estes and Harriet Lou Charles, wore identical dresses of pastel organdy while the ringbearer, Gary Turner, was dressed in white. Jackie Barnett and Durwood Bell performed the duties of ushers.

The bride who is the daughter of Mr. and Mrs. John L. Wilson of Bovina was given in marriage by her father. The groom is the son of Mr. and Mrs. Oral Kunselman, Sr., of Hamilton, Pa.

Following the ceremony a reception as held for friends and relatives of the couple. Mrs. A. G. White cut the wedding cake while Miss Willie Ellen Williams presided at the punch bowl.

The bride graduated from Bovina High School and attended McMurray College for two years, where she was a member of Delta Beta Epsilon and was one of the soloists in the McMurray Chanters. This year she attended West Texas State Teachers College. After his graduation from high school in Pennsylvania, the groom spent 3 years in the Army, nineteen months of which were spent overseas in the Pacific theater.

Following a short honeymoon, the couple will be at home in Bovina, where the groom is employed.

Double-ring Ceremony Unites Ham, Meeks

Miss Ruby Ham, daughter of Mr. and Mrs. R. V. Ham of Farwell, became the bride of W. T. Meeks, son of Mr. and Mrs. Ed H. Meeks, also of Farwell, in an impressive double-ring ceremony performed at the Church of Christ Church, on Sunday, June 20th, at 8 a. m., with Minister Lewis C. Cox officiating.

The bride was lovely in a blue gaberdine suit with white accessories and a corsage of pink rosebuds.

For something old she wore a locket belonging to her mother, and something new and blue was her suit, and for something borrowed she carried a pair of white gloves belonging to Miss Modelle Hammonds.

Miss Sybil Ham of Clovis, sister of the bride was maid-of-honor. She wore a white suit with matching accessories and a corsage of red rosebuds.

Mr. Bob Alexandar of Clovis served as best man.

Others present at the ceremony were Mrs. R. V. Ham, mother of the bride, Mr. and Mrs. Ed H. Meeks, parents of the groom, and Mrs. Lewis C. Cox.

Mrs. Meeks graduated from the Farwell High School with the class of 1944, and for the past four years she has been employed at Hall's Grocery and Market.

Meeks graduated from the Farwell Schools in 1940 and is at the present time employed at the Farwell Elevator.

The newlyweds plan to leave immediately after the ceremony for Carlsbad, New Mexico, where they will spend a short honeymoon, after which they will be at home in Farwell.

Wedding Vows Read In Clovis On June 11th

On Friday evening, June 11, at 7 p. m. Miss Dorothy Schooling of Clovis, and Karl J. (Smoky) Gast, of Farwell were united in marriage.

A beautiful double-ring ceremony was performed by Rev. Earl Krupp, pastor, in the Clovis Lutheran Church.

They were attended by Mr. and Mrs. A. C. Ways of Clovis.

The bride wore a white street-length dress, with a navy blue, off-the-face hat trimmed in light blue flowers, from which fell a shoulder-length veil. Her corsage was of light blue carnations.

Henry Kossman played the wedding march, and Mrs. Irma Tounson sang "Oh Perfect Love", before the ceremony.

The church was tastefully decorated with large baskets of pastel gladioli and palms. Thirty-five friends and relatives attended the ceremony.

A reception was held at the home of Mr. and Mrs. Griggs, uncle and aunt of the bride, following the nuptials. The bride cut the first piece of cake, after which her sister, Mrs. Wert Pace, of Farwell, served.

Mrs. Buster Gast, of Farwell, had charge of the guest register.

After a short honeymoon spent in Ruidoso, the couple returned to Clovis where they will live until the Quikclap apartment in Farwell is vacated.

Mrs. Gast is the daughter of Mr. and Mrs. G. H. Schooling, of Clovis. She graduated from the Melrose high school, and is now employed at the Hub Motor Freight lines in Clovis.

Gast, the son of Mr. and Mrs. Karl Gast of Farwell, has lived in Farwell for the past 15 years and is associated with his brother, Buster, in the operation of a garage here. He graduated from the Farwell school and spent some time in service.

Parmer Rainbow Girls Return From El Paso

Twenty-five representatives of the Rainbow from Parmer and Bailey county chapters returned here the past Thursday afternoon, after having spent the first of the week in El Paso, attending the Texas Grand Assembly of Rainbow.

Mrs. Mae Porter, of Farwell, who is acting protom mother advisor, was assisted in supervising the group by Mrs. W. O. Cherry and Mrs. Reagan Looney of Bovina, Mrs. Fred Kepley of Oklahoma Lane; Miss Wilma Louise Snider, Mrs. John Aldridge and John Porter. The group made the trip in a chartered bus.

Some 2,000 girls from the various chapters of the state attended the assembly. They enjoyed luncheons and banquets, a trip to the School of Mines, and a sight-seeing tour into Juarez, Old Mexico.

The Texas assembly will be honored next month, when Betty Ingle, Worthy Grand Advisor of Texas, and Ray Ortez, Past Worthy Grand Advisor, open and close the Supreme Assembly, in Toronto, Canada. Mrs. Porter stated that it is quite an honor to have Texas so represented at Supreme Assembly.

Three "A" certificates were presented to Parmer County girls, Gloria Kepley, Jo Ann Williams and Lera Dell Cherry, while Lunell McFarland received a "B" certificate.

Honorary "grand cross colors" awarded for outstanding Rainbow work, were presented to Lunell McFarland, Gloria Kepley, Mrs. Kepley, Mrs. Cherry and Mrs. Porter.

Maxine Ford and Joyce Nichols took part in the memorial services at the assembly.

Attending were Jo Ann Williams, Maxine Ford, Mary Belle Aldridge, Modelle Hammonds, Nell Summers, Rose Hines and Jo Ann Spurlin, of Farwell; Bonnie Foster, June Christian, Gloria Kepley, Louise Rundell, Billie Christian and Wilma Dell Doshier, of Oklahoma Lane; Lera Dell Cherry, Patsy Ellison, Marjorie Leake and June Gay Looney of Bovina; Lunell McFarland, Joyce Ann Miller, Murna Loy Welch, Peggy Mayfield and Dorothy Nell Guinn of Friona; Eva Trulock and Joyce Nichols, of Muleshoe.

Picnic Ends Summer Homemaking Class

A picnic held June 17th, concluded the meetings of the summer Homemaking students according to Mrs. O. T. Loyd, instructor. However, the work for many of the girls has not come to an end, as they will continue practicing and experimenting during the summer.

All the girls have done interesting and worthwhile projects at home. They include such things as making gardens, preserving foods, refinishing woodwork and furniture, care and guidance of children, yard improvement, clothing construction and many others.

"We are also proud of the work done in the Homemaking Department. We mopped and waxed our floors and refinished our cutting tables and the teachers desk," Mrs. Loyd concluded.

Leave On Tuesday

Mr. and Mrs. Hamlin Overstreet left Tuesday for a trip to northern New Mexico, taking their daughter, Jane Clair, to a summer camp near Ute. Mrs. Overstreet will spend the summer in Santa Fe.

Mr. and Mrs. W. W. Mathews from Hot Springs, New Mexico, were visiting with relatives and friends in Farwell the last part of last week.

Miss Jones Is Bride Of Floyd Rector

Miss Eva Lou Jones, daughter of Mr. and Mrs. O. C. Jones, of Friona became the bride of Floyd Rector, also of Friona, in a beautiful ceremony performed in the Congregational Church in Friona last Wednesday evening, June 16th, at 8 o'clock.

Rev. H. D. Seago, pastor of the Friona Methodist Church, read the double ring vows before an altar banked with summer flowers and lighted with white tapers. Some fifty friends and relatives were on hand for the nuptials.

Wearing a formal wedding gown of white satin, with a finger-tip lace veil, the bride entered to the strains of the "Wedding March", on the arm of her father. She wore a strand of pearls, as a gift from the groom, and carried a white Bible, on which lay a single orchid.

Miss Wanda Hughes acted as bridesmaid, and was dressed in a blue summer formal. Lloyd Rector, brother of the groom, served as best man and Tommie Jones and E. R. Day, Jr., were the ushers.

Miss Grace Jo Moody sang "Because" and "I Love You Truly," preceding the ceremony, with Miss Vera Ann Jones at the piano. Miss Jones also offered appropriate music during the wedding.

Reception In Home

An informal reception was held in the home of Mr. and Mrs. Jones following the nuptials, with Miss Elda Hart and Miss Lois Norwood presiding at the lovely lace-covered serving table, which featured a three-tiered wedding cake and bouquets of sweet peas. Mrs. Hoary Poindexter was at the guest book.

Following the reception, the newlyweds left on a honeymoon trip into New Mexico and Colorado. For her traveling costume, Mrs. Rector chose a natural linen suit, complimented with white accessories, and wore an orchid corsage.

Both Mr. and Mrs. Rector are graduates of the Friona High School. Mrs. Rector has attended Draughan's Business College, in Lubbock, while the groom spent some time in service. They will be at home in Friona.

Fathers Honored At Dinner on Sunday

Mr. and Mrs. Joe Crume entertained with a dinner in their home in Farwell, Sunday, honoring C. E. Crume and Charley Lunsford on Father's Day.

Those attending the affair were Mr. and Mrs. Buster Lunsford and Mrs. Fay Loyd, of Clovis; Mr. and Mrs. Dick Crume, of Lubbock; Mr. and Mrs. Hayden Cason and family, Mr. and Mrs. Charley Lunsford and family, C. E. Crume, all of Farwell.

Mrs. H. Ross Honoree At Surprise Birthday Social

Mrs. H. Ross was honored with a surprise birthday party, Thursday afternoon in the home of Mrs. Stanley Stewart. Mrs. Ross celebrated her 65th birthday, and was the first birthday party she ever had.

Mrs. Stanley Stewart and Mrs. Sam Lewis acted as co-hostesses for the occasion.

At the close of an enjoyable evening delicious home-made cake and ice cream was served to the following:

Mesdames: G. F. Green, G. C. Houston, Sr., Henry Curtis, Lula Haynes, Elmer Bridges, Perry Crawley, H. Morgan, Denver May, Russell Johnson, Vernon Kirby, Jess Coburn, Les Means, Frank Jones, Silas Jones, Aileen May, and R. C. McReynolds, of Needles, California, the honoree, and the hostesses.

Those sending regrets were Mrs. Bowers, Mrs. J. D. Lewis, Mr. Beale Stewart and Mr. "Hop" Graham.

Family Gathers In Cornelius Home

Some thirty-two family members gathered in the home of Mr. and Mrs. Fred Cornelius, in Texico, the past Sunday, enjoying a social and dinner.

Those present included Mr. and Mrs. Floyd Dearmon of San Angelo; Mr. and Mrs. J. W. Dennis and Mr. and Mrs. Laus Hair, all of Olton; Mr. and Mrs. Floyd Dennis, of Plainview; and Mr. and Mrs. Merle D. Dearmon, of Chicago, Ill.

During the past week, Glendille Boles, of Hobbs, was a visitor in the Cornelius home.

In Gast Home

Mr. and Mrs. L. H. (Shorty) Gast and sons, of Laredo, Texas, visited in the Karl Gast home last week. The local people drove their guests to Big Spring, where they visited young Mrs. Gast's relatives before returning to Laredo. Shorty is auditor at the Plaza Hotel in Laredo.

In Amarillo Sunday

Mr. and Mrs. W. W. Hall were in Amarillo, Sunday, visiting their son, Weldon, who is confined in Veteran's Hospital for medical treatment. Miss Billy Hall, of Amarillo, who had arrived here Saturday afternoon, returned to Amarillo with her parents.

To Visit Daughter

Mrs. W. H. Minter plans to leave next Wednesday, June 30th, for Amarillo where she will take a plane to East Orange, N. J., to visit in the home of her daughter, Mrs. Norman Glickman, and family. Mrs. Minter expects to be gone for several weeks.

Attend Grand Assembly

Misses Peggy and Jean Rogers returned the first of the week from Roswell, where they had spent several days attending the New Mexico Grand Assembly of Rainbow. The local young ladies made the trip in company with other representatives of the Clovis Rainbow Chapter.

Mrs. Horace Schloss, of Hereford, spent the weekend in the home of her parents, Mr. and Mrs. G. L. Nicewarner.

Bovina Woman's Club Elects New Officers

The Bovina Woman's Study Club held its second meeting on Tuesday, June 15, at the home of Mrs. David Carson, for election of officers and other organizational plans.

Mrs. Carson was named president, Mrs. Aubrey Rhodes is vice president; Mrs. H. J. Charles, secretary-treasurer; Mrs. Charles Ross, parliamentarian; and Mrs. Bill Kyle is reporter.

Following the election, Mrs. Carson presided for further business, and appointed standing committees. These included Mrs. Aubra Ellison, Mrs. Webb Gober, Mrs. Tom Caldwell, constitution and by-laws; Mrs. J. P. Macon, Mrs. Aubrey Rhodes, Mrs. Bedford Caldwell, program, Mrs. Loyd Battey, Mrs. Robert E. Wilson, membership; Mrs. H. J. Charles, Mrs. Arnold Hromas, Mrs. Ray Davies, social; Mrs. Gabe Anderson, Jr., Mrs. Bill Kyle, finance; Mrs. William Thornton, Mrs. Lester Rhinehart, civic; Mrs. Charles Ross, visitation.

After the business session, refreshments were served to the eleven members present. The next meeting will be on July 13 in the home of Mrs. H. J. Charles.

To Teach Music In Corsicana

Miss Willie Ellen Williams, daughter of Mr. and Mrs. W. E. Williams of Bovina, has been awarded a position to teach music in the public schools at Corsicana, one of the highest-rated schools in Texas.

Miss Williams graduated from McMurray College at Abilene last month, where she majored in Music. She plans to assume her new duties at the opening of school in September.

Relatives Visit Here

Mr. and Mrs. M. J. Morton, of Spur, and Mrs. Pete Bruce, of Longworth, Tex., visited last week in the home of Mr. and Mrs. Robert Morton, in Farwell. The group went to Tularosa, N. M., on Wednesday, to get E. P. Cooper, who accompanied the Mortons on their return to Spur.

Visit With Parents

Mr. and Mrs. R. C. McReynolds and daughter, Sandra Kay, of Needles, California, visited last week in the home of her parents, Mr. and Mrs. Les Means.

Mr. and Mrs. James Reynolds and daughter, Peggy, of Clovis, spent Saturday night in the Karl Gast home.

Denver May is back from California, where he has been working. The family plans to move to that state in the near future.

Mr. and Mrs. Rip Snodgrass and family visited Sunday in the home of her mother, Mrs. Barnhart, at Fort Sumner. Roy Harvey remained to spend several days with his grandmother.

John Aldridge, local attorney, was a business visitor in Plains, the first of the week.

Sam Aldridge attended business matters in Dimmitt, Monday.

Hall's Grocery & Market

BAKE SHOP BETSY by Perry

While it may be a little late to talk about spring fever, the housewife knows that a hot kitchen can come about as near "possessing" her as anything. And it's all so unnecessary—let us do your baking.

"It's a sure cure for Spring Fever... simply let it possess you."

BIBLE SCHOOL CLOSES

Commencement exercises were held last Friday night at the local Baptist Church, signifying conclusion of the vacation Bible school. A total enrollment of 78 was listed, with an average daily attendance of 74. Mrs. Bruce Giles served as principal, Mrs. G. Davies was secretary, Mrs. Arnold Hromas and Louise Moody worked in the intermediate department; Mrs. Henry Minter was superintendent of the junior department; Mrs. H. D. Bradshaw, J. E. Owns, Mrs. J. O. Combes and Mrs. Ray Sharp were her assistants. Mrs. Vernon Ward was primary superintendent, assisted by Mrs. Alton Kent, Mrs. J. W. Gooch and Mrs. E. D. Sands. Mrs. J. T. Jones was superintendent of the beginner department, assisted by Mrs. Barney McKinney and Mrs. Charley Hromas. Pianist was Ella Bradshaw and Mrs. R. E. Everett assisted in the junior and intermediate departments.

An offering for overseas relief of \$10.98 was given by the children.

SEW AND CHATTER CLUB

The Sew and Chatter Club met Thursday with Mrs. Jess Walling and the members spent the afternoon doing needlework and visiting.

Refreshments were served to Mesdames A. M. Wilson, Alma Vassey, George Trimble, Jno. Byler, Jr., Byron Turner, Joe Wilson, Paul Jones, Robert Calaway, Johnese Means, members; and Mrs. Lloyd Means of Wynoka, Okla., a guest.

Mrs. Aubrey Rhodes and sister, Mrs. Doris Cooper, returned Wednesday from Duncan, Okla., where they visited their parents. Mrs. Cooper and daughter, Carol, left on Saturday for their home in Dodge City, Kansas.

Mrs. Jno. Byler, Jr., and children, of Amarillo, visited her mother, Mrs. Lucy Wilson, this week.

Mrs. T. G. Hudson and Mrs. Emmitt Tabor had business in Clovis, Saturday afternoon.

Mrs. J. C. Wilkinson and Mrs. Roy Slagle of Friona, visited in Bovina, Saturday afternoon.

Mr. and Mrs. Thomas Overland and children, of Yakima, Wash., who visited last week in the home of Mr. and Mrs. Al Berggren, left on Monday for Tulsa and points north, where they will visit before returning home.

Mrs. Cash Richards and children spent the weekend in Stratford with Cash, who is working in the wheat harvest.

Fred Langer, who was injured Saturday night in a car collision, is reported not seriously injured.

Mr. and Mrs. Gene Leach left this week with a harvest crew. They expect to be gone about three months.

Patricia Nunn, of Farwell, is visiting relatives in Bovina this week.

Frank Wojick and son, of Bisbee, Arizona, visited in the home of Mr. and Mrs. Clifford Leake, Wednesday. Mr. and Mrs. Austin Calhoun, of Las Cruces, N. M., announce the arrival of a daughter on Sunday, June 13th. Austin is the son of Mr. and Mrs. Steve Calhoun of Bovina.

Gary Calhoun, of Winslow, Ariz., is visiting his grandparents, Mr. and Mrs. Steve Calhoun.

Mr. and Mrs. Wilfred Evans, of Lubbock, spent the weekend with her parents, Mr. and Mrs. Chas. Ross.

Mr. and Mrs. Von Bowen and Alice Kay Collins went to Carlsbad, Thursday, returning home Saturday.

Mrs. Bass Elliott, of Lubbock, spent the past week with her sister, Mrs. Euel Hart, who is ill.

Mrs. O. W. Rhinehart sustained a knee injury, Wednesday evening, but is reported to be doing nicely.

Mrs. Billy Alderson underwent minor surgery at the Clovis Memorial Hospital, Friday.

Mrs. Bill Kyle had business in Littlefield, Wednesday afternoon.

Mrs. Jack Woltman and Mrs. W. J. Wade were business visitors in Muleshoe, Tuesday.

Mrs. Ronald Berggren and Mrs. Jessie McSpadden had business in Clovis, Monday.

Mrs. Charles Jefferson and daughters, Sondra and Kathryn, shopped in Clovis, Monday.

Mrs. Pete Davies and Roylene Hawkins were Clovis shoppers, on Monday.

Mrs. Farris Pounds attended business in Clovis, Monday.

Mrs. Robert Calaway and son, Bobby Gene, were Clovis visitors, Monday.

Mr. and Mrs. Hubert White, of Hereford, spent Sunday with Mrs. Mollie White.

Mrs. Odis White and Patsy Ellison spent Sunday with Mr. and Mrs. Lester Kelley and Bob Kelley at Earth, Texas.

Mrs. Bob Kelly is on the sick list. Mr. and Mrs. C. R. Elliott spent Sunday in Canyon with Mr. and Mrs. Hershel Lowe.

Mrs. Jerry Lindsay and sons Marlin and Winzell, of Midland, are visiting Mr. and Mrs. W. L. Venable this week.

PREVENT YELLOW LEAVES

Yellowing of the leaves of shrubs, rose bushes, shade trees, peach trees and other plants may be prevented by adding cooperas and sulphur to the soil at the rate of about one pound per large shrub or small tree.

Turkey Crop Down Compared to 1945

COLLEGE STATION.—Texas has 35,000 farms on which turkeys are raised, but turkey production is not as high as it was three years ago in the peak year of 1945. F. Z. Beamblossom, extension poultry specialist of Texas A. and M. College, says there are several reasons for this.

These include high feed costs and lower selling prices of turkeys. Some farmers are turning to other types of farming for more money.

Common Texas varieties of turkeys, such as Broad-Breasted Bronze Standard Bronze, Blacks and Beltsville White, make up a large percent of the total production in Texas. The Narragansett, Bourbon Ired, Slate and White Holland varieties, along with the crosses, compose the remaining percentage.

This year's estimated turkey crop is 3,250,000 on the 35,000 farms, making an average of about 100 per farm. However, with several thousand farms on some farms, others have only a few—maybe 25 or 50.

Try our fresh, cool, fountain treats next time you need a hot weather lift. You'll be pleasantly surprised as how well a tall lemonade or foamy milk shake will put pep into your summer step.

Beautiful NEW WALLS THE SAME DAY

FLATLUX

The wall paint made with OIL!

Here are reasons for using FLATLUX:

- One coat covers most any surface
- Goes on smoothly... no laps or brushmarks
- Dries fast to a flat, glareless finish
- Covers any type of water-thinned paint
- No offensive odor... use room the same day
- Washable with soap and water
- Beautiful lime-proof and fade-proof colors
- One gallon covers the average size room
- A real oil paint... not thinned with water

Apply with the BPS FLATLUX BRUSH... FLATLUX is identically matched in color with SATIN-LUX and GLOS-LUX.

Wins Men's Votes

Jury notables which included Paul Whiteman, Guy Kibbee, James Roche, George Slockbower and Bill Stern unanimously approved the Henry Rosenfeld dress of combed cotton shown above as pictured in the June issue of Cosmopolitan magazine at a recent Cosmopolitan Male-Tested Fashion Show at the Stork Club in New York. Their approval was based on the color, design, and material of the dress.

The number of poult hatched by artificial incubation is increasing each year. Most producers of poult for sale have their own incubators; however, others are still having their eggs hatched.

This year there are 17 Record of Performance turkey farms operating under the turkey improvement plan in Texas—more than in any other state. These breeders have a good source of breeding stock and improved quality poult for turkey growers. About 60,000 turkey hens were passed for use in the National Turkey Improvement Plan. This is about 50 percent of the number passed last year.

This does not mean, however, that this year's crop of turkeys will only be 50 percent of last year's. The hatching season will be longer, the egg loss will be less, fewer hens sold early and higher egg yield per hen will raise the available number of eggs for setting from each hen much above last year. "A 20 percent cut in 1948," say most turkey producers.

Because of the longer hatching season this year, it seems likely that many turkeys will not be ready for the market by Thanksgiving. At its spring meetings, the conference changed its rules to permit five, instead of four, games each year for first year teams. Tech freshmen next fall will play West Texas State at Lubbock Oct. 10; Hardin-Simmons frosh in Lubbock Oct. 22; West Texas State in Canyon Oct. 29 as part of the Buffalo homecoming program; New Mexico Military institute in Roswell Nov. 11; and the Cameron Aggies in Lawton, Okla., Nov. 19. Texas Tech's freshman team next fall is expected to be fairly strong, with many eligible men already in school and others indicating they will enroll in the summer or fall. Players on hand include: Jarrel Price, 220-pound Brownfield tackle and guard; Jackie Cockburn, Denison tackle; Norman Daulton, Abilene Granger, end; Pete Jones, St. Jo, line, tackle; Arbie Minzenmeyer, end; Roy Jackson, Sherman, back; Harold Haynes, Roscoe, back; Harold Duval, Roscoe, back; Arbie Phillips, back from Paschel High school, Fort Worth; Max Pinson, 225-pound Falfurrias guard; and James Roberson, 200-pound Bowie guard.

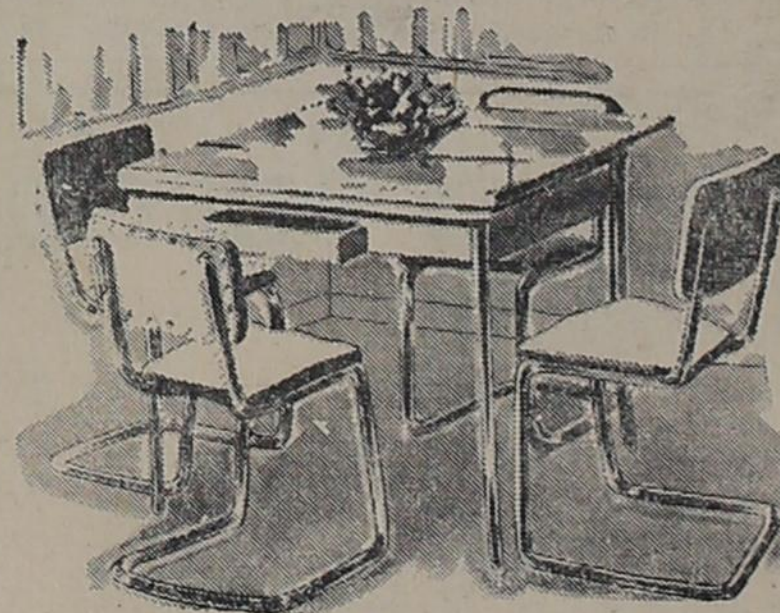

Schedule Drawn For Tech Freshmen

LUBBOCK.—Freshman football will return to Texas Technological college next fall with five games scheduled, Morley Jennings, Tech athletic director, announces.

Freshmen since 1942 have been eligible to play varsity ball, but the Border conference returned to the freshman rule after last season's U. S. Navy recruiting stations in San Francisco and Los Angeles placed first and eighth respectively in nationwide percentages of quotas enlisted during the first quarter of 1948. San Francisco's 141.7 percent of quota was 8 per cent better than its nearest challenger, while Los Angeles was not far behind with 116.4 percent of quota.

A hungry rat is easily poisoned or trapped. Make food difficult for rats to find.

Better Living!

This handsome breakfast set with its gleaming chrome-plated framework is equally at home in kitchen, breakfast nook or breezy screened-in porch! It's ideal for summer dining... so gay and practical. Seats are comfortably upholstered in gay-colored simulated leather, table top wipes clean with the swish of a damp cloth. See it today!

What About Feed Prices This Coming Year?

COLLEGE STATION.—Grain crop prospects over the country are quite favorable, the USDA reports. Grain producers and consumers realize that supplies of feed grains are low in comparison to stock a year ago. Now, with Texas' oat and barley crops not turning out so well, what are feed prices likely to do?

C. H. Bates, extension farm management specialist of Texas A. and M. College, says that according to the Bureau of Agricultural Economics prices of feed grains will probably hold near the April level through the spring. Prices this summer will be affected by the size of the grain crops harvested, and by the prospects for this year's corn crop.

If crops are indicated to be average or larger, the oats and barley prices are expected to decline sea-

sonally, beginning late in the spring. Corn prices are likely to be relatively higher than other feed grains and wheat this summer, since most of the decline in corn prices will take place this fall. Prices of feeds are expected to be generally lower in the last half of this year than in the same period of 1947.

So the total U. S. production, or prospective supplies, seem to be the thing to watch. It seem a safe guess that the feed prices should soon turn lower, if there are no bad weather developments.

Here's what Texas farmers were getting for their grains in April of last year and what they got in the same month of this year:

	Apr. 15, '47	Apr. 15, '48
Wheat	\$2.43 bu.	\$2.23
Corn	1.67 bu.	2.25
Oats	.98 bu.	1.25
Barley	1.34 bu.	1.77
Grain Sorghum	2.70 cwt.	3.55

Local prices of grain and other crops often decline during the har-

vest seasons because of temporary "piling up" of supplies. During periods of prospective price declines, the inventory stocks should be held to a practical minimum, concludes Bates.

Two N. M. Cowmen Turn Professors

G. W. Evans, Magdalena and Albert K. Mitchell of Albert will turn educators when they appear before College summer sessions to lecture on the value of land development, practical conservation and the business approach to livestock production. Evans is president of the New Mexico Cattle Growers Association and Mitchell is a past president of the State and National Livestock Associations.

Evans will deliver a two hour lecture at the State Teachers' College in Silver City on July 5 and Mitchell will lecture at the University of New Mexico, Albuquerque; the Normal University in Las Vegas and the Eastern New Mexico College in Portales during the latter part of June and July.

"Know New Mexico" is the title of the soil conservation workshop courses which will give prospective teachers extra credits toward a degree. Courses will cover the history of development of the earth's crust; its use by man and animals, its condition in past and present and its economic value to the State. Evans and Mitchell will deal with Land management, resources, use and economic returns to the State.

LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS
 TO: The unknown heirs, assigns and legal representatives of Sally Nelson, deceased; the unknown heirs, assigns and legal representatives of Rasmus Nelson, deceased; the unknown heirs, assigns and legal representatives of Anna Nelson Hicks, deceased; the unknown heirs, assigns and legal representatives of Maybly Nelson Hull, deceased; the unknown heirs, assigns and legal representatives of Hollie Nelson, deceased; Joe E. Rhea; the unknown heirs, assigns and legal representatives of Joe E. Rhea; John W. Rhea; and the unknown heirs, assigns and legal representatives of John W. Rhea; all of whose residences and whereabouts are unknown; GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 26th day of July, A. D., 1948, at or before 10 o'clock A. M.,

before the Honorable District Court of Farmer County, at the Court House in Farwell, Farmer County, Texas.

Said plaintiff's petition was filed on the 8th day of June, 1948. The file number of said suit being No. 1440.

The names of the parties in said suit are: Mort Nelson, individually; Norman Nelson, a minor, by and through his next friend, Mort Nelson; and June M. Nelson, a minor, by and through her next friend, Mort Nelson, as Plaintiff, and William Nelson; Hazel Nelson Severinson, a feme sole; Ora Nelson; Elmer H. Hull; Dorothy Hull Beherns and husband, Henry Beherns; Kathryn Hicks Winslow and husband, Larry Winslow; Clyde Nelson; Violet Nelson Ransdell and husband, Clifford Ransdell; Delbert Nelson; the unknown heirs, assigns and legal representatives of Sally Nelson, deceased; the unknown heirs; assigns and legal representatives of Rasmus Nelson, deceased; the unknown heirs, assigns and legal representatives of Anna Nelson Hicks, deceased; the unknown heirs, assigns and legal representatives of Maybly Nelson Hull, deceased; the unknown heirs, assigns and legal representatives of Hollie Nelson, deceased; Joe E. Rhea; the unknown heirs, assigns and legal representatives of Joe E. Rhea; John W. Rhea; and the unknown heirs, assigns and legal representatives of John W. Rhea as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiffs allege:

That Plaintiffs and Defendants are the joint owners in fee simple and of a life estate and remainder, and together are the sole owners of the following described real estate, situated in Farmer County, Texas, to-wit:

East One-half (E 1/2) of Section Twenty-five (25), Block "C", Rhea

Bros. Subdivision, out of Capitol Leagues 475 and 476, Farmer County, Texas, according to map of said Block "C" recorded in the Deed Records of Farmer County, Texas, Volume 2, Page 425;

That said real estate is not susceptible of partition in kind; and that the Court should appoint a Receiver to sell said property at private sale for cash for the best price obtainable; and that after payment of advancements by Plaintiff Mort Nelson, Court Costs, Receiver's Commission, and customary expenses of suit and sale, that the net proceeds remaining be divided among the owners of said property as determined by the Court and in proportion to the interests established.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 8th day of June, A. D., 1948.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 8th day of June, A. D., 1948.

Loyde A. Brewer, Clerk District Court, Farmer County, Texas (Seal)

34-14

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY, AND TO ISSUE TIME WARRANTS THEREFORE

SEALED PROPOSALS, addressed to A. D. Smith, County Judge of Farmer County, at Farwell, Texas, will be received at the office of the County Judge until 2:00 o'clock P. M., on the 10th day of July, 1948 for the purchase of the following road machinery for the maintenance and improvement of the roads in and for said County, to-wit: One Motor Grader, with right

and left Moldboard extensions, with cab and cab heater, lighting system and windshield wiper; Allowance for one used No. 7G-739T- No. 11 Tandem Grader to be considered as trade-in.

SUCH PROPOSALS will at said time be publicly opened and read before the Commissioners' Court of said County.

THE SUCCESSFUL BIDDER will be required to furnish a Performance Bond for 100% of his total bid, written by a responsible surety company authorized to do business in the State of Texas, and satisfactory to the Commissioners' Court. The Commissioners' Court reserves the right to reject any and all bids and to waive formalities, except that no bid received after the closing time will be considered.

IT IS THE INTENTION OF THE COMMISSIONERS' COURT to pay for such road machinery by the issuance and delivery to the proper contractor of the legally issued time warrants of said county, bearing interest at a rate not to exceed 4 percent per annum, payable semi-annually, which said warrants shall not exceed the principal sum of \$6,000,000, and the principal of said warrants shall be payable serially, the maximum maturity date being not later than April 15, 1956. (Seal)

A. D. Smith County Judge, Farmer County, Texas

THEY'RE "GARDEN FRESH" — ALL THE TIME

in a Home Freezer

ENJOYING summer vegetables and fruits this month? There's no need to wait until next year to have more. Simply prepare for home freezing and have them on your table next January, as garden fresh as when just picked.

A home freezer makes summer fruits and vegetables all-year-round features of your menus. You save, too, because when the markets have produce at special prices in season, you can stock up.

Meats, too, will keep in a home freezer, and you'll find it a handy place to keep ready-to-cook pies and pastries. Visit an appliance dealer now and find out more about the advantages of an economical electric freezer. Low cost, dependable electric service will make your freezer even more of a bargain.

Offer New Awards In 4-H Dairy Program

New awards of merit are being offered for superior records in the 19-48 National 4-H Dairy Foods Demonstration program, which is being continued in Texas for the ninth consecutive year.

Winners on both county and state levels are divided into two classes—individual and two-member team demonstrators. Each of the three county winners will receive a gold medal of honor.

From among the various county winners, the state extension office will select the individual and two-member team state champions. Each will receive a standard American make, 17-jewel gold watch. All awards are now provided by the Carnation Company.

For their demonstrations, participants may select any subject relating to the preparation, manufacture or use of dairy products which may include fresh milk, evaporation milk, sweet milk, and ice cream. They may demonstrate the use of dairy products in milk drinks, soup, creamed dishes, casseroles, custards, pudding pie filling, infant feeding formulas and special diets.

Last year's state winner in Texas were: (team) Dorothy Frysinger, Weatherford; and Buna Jo Collins, Dennis.

County winners named in 1947 were: Eulla Rice and Peggy Wilsford; Grayson; Joyce Hart, Zaida Tesson, and Bonez Wasserman of Mills; Juanita May, Kay Freeman and Leda Payne of Titus.

Tribune job printing is best.

Wheat, With And Without Fertilizer

COLLEGE STATION — Wheat with fertilizer and wheat without fertilizer showed quite a difference on Hale county farms, reports County Agent Manuel W. Ayers.

Mr. F. B. (Buck) Hunt, who lives 10 miles northwest of Plainview, has several plots for demonstration purpose, and is finding out quite a bit about how good fertilizer really is.

On his 350 acres, Hunt has tried several different farm management practices where he used different amounts of fertilizer on his plots. On one wheat plot Hunt applied 200 pounds of ammonium nitrate last fall before sowing. Another section is in summer fallow wheat land, and some has been planted to wheat only year after year. One plot under each of these conditions was left as a check plot.

The fertilized wheat on summer fallow looks as if it is doing the best of all, says Hunt. He estimates about 45 bushels to the acre. The unfertilized on summer fallow is estimated at around 30 bushels. On one plot of wheat following milo where no fertilizer has been added, only 7 bushels per acre is expected.

With an investment of a little short of \$7 per acre for the fertilizer and an expected 15 bushels increase in acreage because he applied the current market quotations.

Hunt realizes that commercial fertilizer is not the whole answer to keeping the soil at its highest producing level. In order to maintain his soil fertility, he will have to develop a crop rotation system using winter

legumes and other cover crops that add humus to the soil.

Hunt is not the only one. Quite a few farmers in Hale county are having similar experiences with fertilizers on irrigated crops this year, reports Ayers, and just as many are working out a legume rotation system to keep their soils up to a high level of production.

It's downright humiliating to admit that a mouse has more sense than we have, but we're right on the verge of admitting it. We have a mouse at our house who is so cocksure that he'll walk out in plain sight, looking for a bit to eat. We bought a new-fangled, sure-fire, four-way mouse trap which we thought would catch this intruder. This trap is so sensitive that it takes about 15 minutes to set it, and the slightest jar will release it.

After finally getting it loaded and gently easing it underneath the sink the other night, we breathed easier, feeling sure that if Mr. Mouse even walked by it, much less tried to get the cheese, he would be a goner.

The best time of the year to use kerosene for killing trees and shrubs is when the ground is dry in the late summer or early fall. Kerosene and sodium arsenite are the two chemicals commonly used to kill mesquite.

VETERAN'S NEWS

Student veterans entitled to increased monetary benefits because they have more than one dependent are reminded by VA of two important deadline dates to be observed if they are to receive increased allowances retroactive to April 1.

One deadline affects veterans taking full-time educational courses. The other affects veterans taking part-time courses, combination school-job training courses or entitled to increased benefits due to new subsistence-earned income ceilings.

Veterans in full-time educational

courses who are entitled to \$120 monthly subsistence because they have more than one dependent must submit evidence of additional dependency before July 1 in order to have the higher payments retroactive to April 1.

Veterans with more than one dependent and taking part-time school training, combination courses or who are affected by the increased income ceiling must submit proof of additional dependency by September 1. In most cases, veterans in this group

may submit this evidence on a form which they will receive from VA. Veterans who lose subsistence, compensation or pension checks should notify immediately the appropriate Veterans Administration Regional Office.

VA said a veteran losing such a check should write a letter giving his full name and address, his claim number and the date and amount of the check. He should also state what the check was for and the circumstances surrounding its loss.

On being notified of the check's loss VA determines first if it may have been found and returned to the U. S. Treasury. If so, the check will be re-mailed to the veteran. If not, VA will request the Treasury to stop payment and take necessary steps to reimburse the veteran.

A veteran who finds his check after reporting its loss should notify VA and hold the check until he has been advised by the Treasury that action to stop payment has been withdrawn.

HOME-CANNED ASPARAGUS FOR WINTER LUXURY

—Photo courtesy Ball Bros. Co.

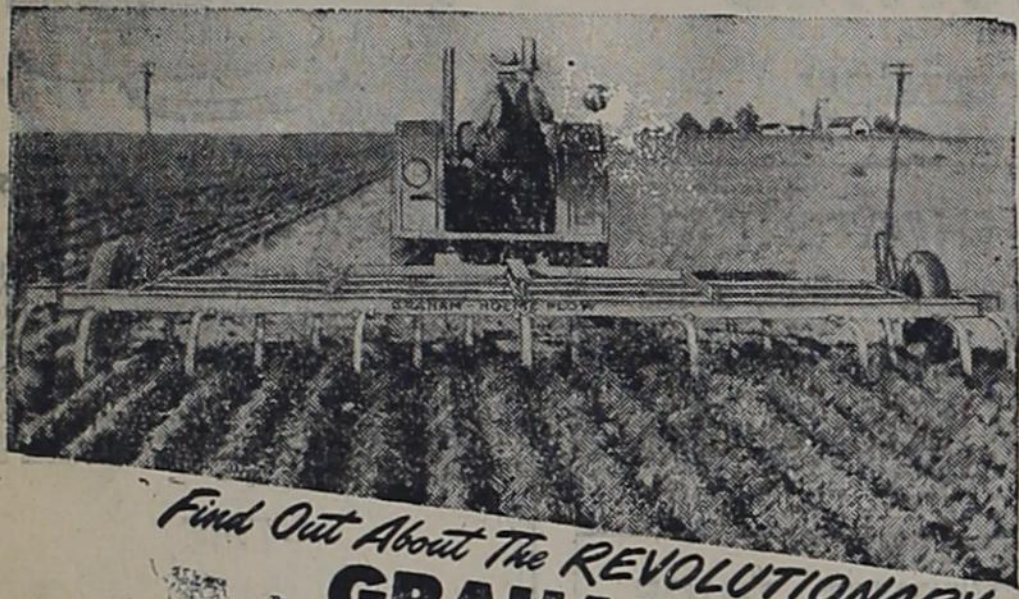

Asparagus should be canned before the tips loosen. This statement is made in the Ball Blue Book, leading home canning guide. Garden-fresh, sound, clean vegetables are the only kind worth canning and it is a waste of time to can over-ripe, stale, tough produce. But how rewarding it is when crisp, fresh vegetables, canned according to directions given in such a reliable guide

as the Ball Blue Book, are opened for winter use!

So lay hands on the first quantity of tender, firm asparagus shoots you can get and put them up in Ball Jars for this winter. Asparagus tips are a luxury dish when snow is on the ground.

Grade the asparagus for size and wash clean. Cut off tough ends and remove the scales which harbor dirt.

Place upright in wire basket or in square cheesecloth and hold three minutes in boiling water which reaches just below the tips. Pack upright in hot Ball Jars, using a knife to guide the last stalks into each jar. Add one teaspoon salt to each quart. Cover with boiling water. Process 40 minutes at 10 pounds pressure. If preferred, asparagus may be cut into two-inch pieces before pre-cooking for packing.

WELCOME!

TO THE PEOPLE
OF

OKLAHOMA LANE

...and...

WEST CAMP

Through your vote at the polls in the two recent elections you have decided to consolidate a portion of the West Camp School District and the Oklahoma Lane School District with the Farwell School District, which has been officially named, "The Farwell Consolidated Independent School District."

We, the undersigned patrons of this school district, want to take this means of extending a most cordial welcome as patrons and students of the newly created consolidated district. While we feel that the people of Oklahoma Lane, West Camp and Farwell will benefit from the merger action, we hope all of our children will be the greater beneficiaries, made possible by your decision to consolidate the three districts.

We believe that by your decision you have made it possible for our students to have advantages of a bigger and better school system, which will yield benefits to all of us as a united group who are striving for the best educational advantages possible.

Again we say WELCOME and may we move forward as a united people to greater accomplishments for the consolidated district under the leadership of the new board of trustees, selected to give a fair representation to all sections of the newly created district. And we pledge our earnest cooperation to these trustees.

Improvements Being Made At School

Improvements about the Farwell school buildings are in progress, with Supt. Jack Williams reporting on Tuesday that it was hoped to have much repair work done before the 1948-49 term opens in September.

One of the most extensive change is being made on the second floor of the high school building, where a new partition is being built separating the English and commercial rooms. Formerly, the commercial room was badly crowded while the adjoining English room was unusually large. A partition is being moved seven feet into the English room, providing needed space in the commercial department.

Another change will be in the bus barn, with the old building being razed this week. Plans are to erect a new building, but details of this work are pending before the next board meeting, to be held in July.

Floors are being re-finished, wood work re-varnished, and all windows are being re-worked to make them tight. Walls will be painted in the classrooms, and it is planned to sow bluegrass in the spotted lawn areas around the school yard.

Consignments To Hog Sale Are Invited

Consignments of registered hogs to a sale which will be held in Clovis on Monday, August 2nd, are invited from Texico-Farwell breeders, Robert Morton, Farwell vocational director, said today, adding that breeders who wished their animals listed in the sale catalog had until Saturday, June 26th, to list their hogs with him.

Some forty registered hogs are expected to go on the sale block on the August date, with the breeds including Poland China, Spotted Poland China, Hampshire, Duroc, Berkshire and Hereford.

Morton also announced that anyone wishing an announcement in the show catalog would have to turn it in to him by Saturday of this week.

New Bus Schedules In Effect Through Here

Busses of the New Mexico Transportation Company and the Texas, New Mexico and Oklahoma lines which operate through Texico-Farwell are running on an almost completely new schedule set-up, with the change being instigated on Tuesday of last week.

Claude Rose, of the Fox Drug, official bus stop for both lines, gave the following schedules:

To Amarillo—10 a. m.; 2 p. m.; 5:30 p. m.; and 9:45 p. m.

From Amarillo—1:15 a. m.; 9:48 a. m.; 1:15 a. m.; 4:15 p. m.; 8:30 p. m.; and 7:15 a. m.

To Lubbock—9:45 p. m.; 9:50 a. m.; 3:30 p. m.

From Lubbock—7:45 a. m.; 2:55 p. m.; and 8:45 p. m.

Rose advised that bus travelers check up on the schedules, as in some instances there has been a wide change from the old time.

Interest Is Manifest In Breeding Program

County Agent Ollie Liner reported the first of the week that considerable interest is being manifest by herd owners of Parmer County in the artificial breeding program being offered through the Extension Service.

Under this setup, herd owners may take advantage of service from outstanding bulls, Liner said, adding that the Jersey animal now under contract is rated among the top animals of the Jersey association. Service is also available from an unusually good Holstein bull, he said.

Asked as to cost, Liner replied that the charges are not exorbitant, and added that A. J. Hamm has qualified as a technician. Farmers who are interested are invited to contact Agent Liner at his office in Farwell for full particulars.

The Naval Air Station, Alameda, Calif., has been given the Secretary of the Navy's Award in Achievement in Safety.

New Equipment Arrives For Training Classes

Some \$400 worth of new shop equipment arrived the first of the week for the veteran vocational training classes, being conducted in Farwell by Wilfred Quickel.

Quickel stated that the equipment included a jig saw and vice, and is all new. It will be installed in the agriculture shop at the Farwell school, and when the training program is terminated, will be left for school use, he added.

Training classes for GI's take up two nights, and one afternoon per week, and another full day per month, the instructor stated, adding that he had a full class.

Silence isn't always golden; sometimes it's just plain yellow.

Texico School Bonds Are Offered for Sale

Supt. B. A. Rogers, of the Texico school, stated Monday night that advertisements are now running in a Clovis paper, in Curry County, and a Portales paper, in Roosevelt county, offering for sale a \$41,000 bond issue recently voted by the Texico school district residents.

Sealed bids are asked, to be turned in to the Texico school board with the bids to be opened on July 15th, Supt. Rogers added. Following sale of the bonds, further plans toward construction of a new gymnasium at the Texico school will be considered.

The bond proposal received almost unanimous support from school district patrons when a special election was held, following agitation to erect a new gymnasium on the campus. The old gym, one of the best of its kind when it was first built some 20 years ago, has become obsolete with increased emphasis on inside athletics, and plans are to replace it with a building having an enlarged seating capacity.

School officials admitted some weeks ago that the \$41,000 bond issue actually would not be sufficient to make all the improvements hoped for at the school, but added that such an amount was the maximum that could be voted at present.

HERE FOR SUMMER

Mr. and Mrs. Seth Rollins arrived here last week to spend the summer visiting with friends and relatives. At present they are visiting in the home of Mrs. Rollins' parents, Mr. and Mrs. T. E. Levy.

Rollins served as superintendent of schools at Pauma Valley, California, the past year, and plans to return there in September. He said he was on the lookout for a grade school teacher to be used in his school next term.

ASSOCIATION TO MEET

Members of the Parmer County Dairy Herd Improvement Association are reminded of a meeting to be held Thursday night, June 24th, at the Farwell courthouse, beginning at 8:30 p. m. Several important business matters will be taken up, and all members are urged to attend.

Mrs. L. C. Moore of Bovina, reported early this week that she would relieve Harry J. Charles of his Star mail route out of Bovina, beginning on Wednesday morning.

FOX DRUG STORE

ATTENDS FUNERAL

Mr. and Mrs. Ernest Stewart of Texico left Saturday for Cortez, Colorado, to attend Mr. Stewart's mother's funeral. Mrs. Freeman, the mother, died suddenly following a heart attack last Friday night. Mrs. Freeman was a former resident of Portales. Funeral services were scheduled for Sunday, it is understood here.

SHOWS IMPROVEMENT

Word from Jimmie Leftwich, in Las Vegas, is to the effect that his mother, Mrs. Minnie Leftwich, is showing improvement following a recent fall, at which she sustained a broken hip. Mrs. Leftwich is reported able to sit up at present. She is a former Farwell resident, but she has

been making her home in Las Vegas with her son for some time.

DATE CORRECTED

Due to a typographical error, The Tribune announced last week that the Parmer County Commissioners Court would sit as a board of equalization "on June 2". The date should have been June 28, when the equalization board will hear petitions, concerning tax adjustments. The meeting will be in the county court room at 2 p. m.

POTATO SALAD SUMMER TREAT

Potato salad fills the bill when summertime temperatures call for cool dishes. Potato chips, too, add to summertime dishes, and are excellent snacks to go with hot weather drinks.
