THIRTY-SEVENTH YEAR

FARWELL, PARMER COUNTY, TEXAS

THURSDAY, SEPTEMBER 16, 1948

NUMBER 48

### First Game Under Lights Friday Night

Returning to eleven-man football for the first time in some years, and playing a game at lights for the first time in history on the local field, the Farwell Steers will be hosts to the Anton Bulldogs on Friday evening of this week, September

Having made an auspicious account of themselves in downing the touted Petersburg eleven last week, 30-0, the Steers are hoping to make a similar showing before their hometown fans on Friday evening, Coach Construction Work Louis Purvis remarked today.

Actually, little pre-game dope can be lined up in comparing the squads. Up to the time The Tribune went to press, Coach Purvis had not received a lineup from Anton-with the result that he had no estimate on the sters whom his boys would face.

In releasing his tentative lineup, the coach listed Cassidy at left end, Hughes at tackle, Dollar at guard, Henneman at center, Holland at guard, Christian at right tackle, and Ford at right end. Sparking the backfield will be veteran Warlick Thomas (co-captain), bolstered by southpaw Toby Booth (captain) as fullback, short but swift Jerry Pool halfback slot.

Both Thomas and Booth have been known previously to heave passes, and Don Ford is shifted from guard to end this week, which indicates a Boving School Opens passing attack, as Ford has snagged a good number in the past. Booth is also kicker, and a hard man to take out of the way when he is clearing

malked, "This (Anton) will be a number of students enrolled in but it was considered likely that burharder team than we met last week, school was in excess of 240 this year ial would be made in the Oklahoma I believe, and we will have our hands with students still coming in at the Lane cemetery either Thursday or

The field recently re-worked, is O. Cherry. expected to be fairly fast, providing game, Purvis added.

75c for adults; 30c for students.

MRS. MAGNESS STRICKEN

Mrs. J. W. (Willis) Magness suffered a slight paraletic stroke last Thursday afternoon and has been confined to her bed since the attack. Her right side is affected, and although she has shown some improvement since being stricken, her condition is still the cause of anxiety on the part of family members and her many friends.

### On New Elevator At Parmerton

Excavation work will be completed this week and much of the material size, weight and speed of the grid- is already on the ground for the erection of a new grain elevator at Parmerton, a railroad switch on the Santa Fe between Bovina and Friona.

The new business will be known as the Parmerton Grain Company and will be a branch of the Santa Fe Grain Co., in Friona, headed by Leo Potishman of Fort Worth.

The capacity of the new grain elevator will be determined by the number of steel tanks that can be as left half, and Terry in the other secured, it was learned. Hope was expressed that the new business will be ready for operation within the next 60 days.

### Protect Their Sight Too!

### Better Light means Better Sight

Protection from traffic hazards is important, but just as important today is protection from eyestrain due to improper lighting.

Growing children need more care than older folks when it comes to making sure that the light is right. Their eyes, still developing, need every bit of care and attention they can receive.

Make sure, wherever children work or play, that the light is right. Low cost electricity makes it easy - and economical too - to provide GOOD lighting - always. THE THEFT

#### New Technique In Weeding By Air

Today's modern method of killing than offset this expense. weeds with low flying, high speed airplanes utilizing a "selective chemical killer" is being hailed by farmers and cattle raisers throughout the country.

Farmers of the great wheat belt have found a solution to their most difficult problem, weed growth, by the new technique of rapid. economical spraying from the air.

Since April of this year thousands of acres of spring wheat in Oklahoma, Texas, Kansas, Nebraska, Calorado and neighboring states have submitted to the Civil Aeronautics been successfully treated. Thus far, Administration for approval, is charestimated savings to farm opera- acterized by full visibility, whereas tors total many hundreds of dollars planes previously used hampered pias a result of increased yields and lot direction due to engine location, better quality crops.

ing line's heads and the team re- fourth down found the Steers about one foot from a first down. Thomas Petersburg's offense, finally free rammed the remaining distance from the quarterback slot. Terry turned loose again and dashed down to the Petersburg 11, after which fullback Booth pulled a stunt which caught the breath of all spectators. Booth was scheduled to go through the hole between guard and tackle on the left end, but finding the hole completely plugged up and overcalled back and because of a clipping flowing with opposing players, he bounced about three feet into the air and sailed over the bloc to TD No. 4. Still no extra point.

Apparently disgusted by his kicking inaccuracy, the fullback kicked the ball completely into the Petersburg end zone on the kickoff. The Buff safety tried to run with the er. While on the Wolverines team ball, however, and was butted down the best hitter is Stewart, knocking on the 21. A pass interception by Again our offense was somewhat Thomas moved the Steers to the 18. stalled, and although a first down Thomas attempted to pass on the was lost by only a few feet at one following play, but found all receivers were covered, so put the ball kick out.
