

## FOUR ARE INDICTED BY GRAND JURY, TRIALS SET FOR MONDAY, APRIL 17

### FROM THE HOPPER

By HOP

The census enumerators are rapidly bringing their nose-counting jobs to a close and it won't be long now until their labors will be completed and the reports forwarded to Washington, where the figures will be released. Farwell is considered one of the few towns in the Texas Panhandle that will show a decrease in population since the 1940 census. According to that count, Farwell had a population of 1250 inhabitants, and the highest estimate of the city's population at this time is around 800, possibly less. Those comparative figures look pretty bad when they all go in the records, showing such a decrease in Farwell's population during the 10-year period, while other towns of the region are showing remarkable gains in population. We don't know where the enumerators got the 1250 nose-count of 1940, but we've always been convinced the figure was far too high. Farwell has never had a population of 1250 and the only time that many noses could have been counted in the city was on the occasion when the Al G. Barnes circus played a Sunday engagement here many years ago. The present city population is far above that of 1940, and our personal estimate is that we will rate in the 500-600 class today, but the official census for 1950 will show a decrease of around 500 during the past decade.

The chances are not very promising, but if we do get off to Hot Springs in the near future we are going to leave our fishing tackle at home and take along a shotgun. We want to take a good crack at Catfish Bill Williams, who sends us word about those 40 to 60-pound catfish he has been taking from the lake during recent weeks. It's nothing less than criminal to send out such information to a guy who is chained hand and foot to a newspaper job that he can't get loose from, and a mutt who will tease a fellow in such a manner deserves to be shot.

We were bragging to Oleta Coffman about how we had remodeled our shop and she wanted to know if we had washed the windows. Our answer had to be no. We only wash our windows after the Halloween season each fall.

Here's good news to us "poor white trash" that have to live in homes constructed of lumber instead of brick and mortar. A specialist in Washington has just come out with the information that lumber-constructed buildings will withstand A-bomb blasts far better than brick structures. Now, you guys who have just completed new brick homes in Farwell, how does that sound? When you awake some of these mornings to find your nice homes destroyed, you can find refuge in our home or that of some of the other poor folks of the town.

### RAIN!... IN ARKANSAS

At least we have heard from one place that gets rain. Mr. and Mrs. Myron Hillock and his father, B. L. Hillock, returned home Tuesday of last week from Arkansas, where they were visiting in the home of relatives. They report an abundance of rain in that state.

The Parmer County Grand Jury recessed Monday night after returning four criminal indictments. The jurors will resume their labors next Monday after a recess.

Three of those indicted are being held here and Judge E. A. Bills said today that their trials had been set for Monday, April 17.

Facing trials on Monday will be Melvin Gaines burglary, Burley Dean Hollingsworth, forgery; and Wm. Goss, burglary.

Sheriff Chas. Lovelace said that a fourth indictment had been returned against W. A. Parker, who is charged with swindling. Parker is alleged to have collected advance payments on some books sold to Parmer County citizens which were never delivered. Sheriff Lovelace said that Parker had victimized at least eight persons in this county. He is still at large, Lovelace added.

Gaines is charged with burglarizing the Cicero Smith Lumber yard at Bovina. Hollingsworth will face charges of passing a worthless check and Goss is charged with burglarizing the farm home of John Lovelace, five miles east of this city, about a year ago.

## Winds Write Finis To Parmer Wheat

A combination of high winds, warm weather and the driest winter season on record have just about written off the prospects for a wheat crop in this region of the Texas-New Mexico plains.

Reports gathered from wheat growers indicate that only about 20 percent of the fields in this region give prospects of producing any grain this year. The irrigated wheat—and there are only a few such fields—will yield a harvest despite the unfavorable weather elements, but this acreage in Parmer County is so low that the overall county yield will be exceedingly low.

The high winds of the past few weeks have wrought some damage to fields, although farmers have been able to control wind erosion in remarkable style, thus limiting the loss from this hazard. Being able to fight off a six-months' drought, however, is another matter that farmers cannot cope with, and as a result thousands of acres of wheat showing excellent promise last fall have been written off for this year.

## Beginners Day Slated For Farwell School

"Beginners Day" is announced by Supt. Jack Williams to be held at the Farwell school on Friday of this week, April 14th, at which time all youngsters who will enter school for the first time next September are requested to be on hand.

Parents of the beginners are asked to accompany their offspring to the school, and are further requested to be on hand at 12:30 at the building.

"We have three things slated for the new pupils," Supt. Williams said. "The children and their parents will be introduced to the first grade teacher and shown over the plant; the school census will be checked in order to determine if all prospective pupils have been listed; and third, vaccinations will be checked."

The school head pointed out that it is required that children be vaccinated for small pox before entering school. Dr. Paul L. Spring, county health supervisor, will be at the school Friday afternoon, and will administer free vaccinations to children whose parents desire to have them inoculated. A combination shot for diphtheria, whooping cough and tetanus will be available, and smallpox vaccinations will be checked by the doctor.

"We are very anxious that all children now residing in the district who plan to enter our schools for the first time next September be on hand Friday," Supt. Williams added, in urging that parents bring their children at that time.

### DIRECTORS TO MEET

C. M. Henderson, president of the Chamber of Commerce, has called attention to the regular monthly meeting of the CC directors to be held in his office this (Wednesday) evening at 8 o'clock. He asked for a full attendance on the part of the directors to discuss matters of importance.

EVANGELIST—Rev. E. J. Speegle pastor of the First Baptist Church in Bovina, who will do the preaching during a ten-day revival which opened this (Wednesday) morning.

## Bovina Baptists In Revival Meeting

A ten-day revival meeting began at the First Baptist Church in Bovina today (Wednesday) and is scheduled to continue through April 23 with two services being held daily.

Rev. E. J. Speegle, the pastor, will do the preaching, and his brother, Rev. J. E. Speegle of Lovington, N. M., will have charge of the song service, with Mrs. R. E. Everett as pianist.

The revival is being held in conjunction with simultaneous revivals conducted in several hundred Baptist Churches throughout the country. One unique feature of the Bovina revival is that the morning service will be held at 7 o'clock with the evening worship beginning at 8 o'clock.

In announcing the revival, Rev. Speegle extended a cordial invitation to all people to attend the services.

## To Furniture Market In Dallas, Saturday

Mr. and Mrs. Ben O. Smart, owners and operators of The Furniture Mart in Texico, left the past Friday night for Amarillo where they joined a group of furniture dealers in that city and proceeded to Dallas Saturday morning, for the annual furniture show and sale. Mr. and Mrs. Smart plan to return to their business the latter part of this week with new and different items for the local establishment.

During their absence, Mr. Smart's brother, Jim Bob Smart who has recently joined hands with his brother in the local store, is in charge of the store, assisted by the many other employees of the firm.

## Rural Carriers Go To District Meets

Rural carriers from the Texico and Farwell postoffices, C. F. Bieler and Nelson C. Smith, were busy over the weekend, attending meetings of carriers in Lubbock and Clovis.

The West Texas Rural Carriers meeting was held in Lubbock on Saturday, attended by both Smith and Bieler, while the Eastern New Mexico district meeting of carriers was held in Clovis on Sunday, with Bieler in attendance.

The local men report both meetings as interesting and well attended.

## Making Progress On Lovelace Elevator

The 300,000-bushel capacity grain elevator of Eugene Lovelace, located just south of the Santa Fe water tower along the state line, is making rapid progress this week.

Excavation work was completed last week and the 12-tank concrete and steel grain bins are now rising above the surface. A. F. Roberts, of Sabetha, Kansas, has the contract, which calls for completion in 90 working days.

Lovelace announced previously that the new business would be operated under the name of the Lovelace Grain & Storage Co., and would be under the management of Herbert Potts, formerly of Bovina.

## Parmer Co. Cancer Quota Set At \$500

Parmer County has been asked to contribute \$500 to the state's \$500,000 goal in the 1950 Cancer Crusade, it was announced here today by H. Y. Overstreet, who has been named chairman of the Parmer County campaign.

"This is the smallest amount needed to carry on the work of research, education and service to the cancer patients of Texas," Overstreet said, adding that 8,000 Texans died of cancer last year.

Pointing out that the Parmer quota was so small that no active campaign has been planned, Overstreet said that persons of the county who wished to contribute to the fund could leave their donations with W. E. Williams at Bovina, Frank Spring at Friona, or with him here in Farwell.

## Dr. McNeff To Attend Kansas City Clinic

Dr. Mary Leone McNeff, local osteopath, will leave on Saturday of this week for Kansas City, where she will attend the Eighteenth Annual Child's Health Conference at the Municipal Auditorium, April 17-19.

Speakers from over the nation will gather at the clinic to take up children's diseases, behavior problems, nutritional needs, care of premature, diabetes and congenital defects in children, according to the program received by Dr. McNeff, and some 2,000 osteopaths from all parts of the country are expected to be on hand.

Dr. McNeff will be a house guest of Mr. and Mrs. Joseph A. Bruening, Broadacre Farm, while attending the convention. She expects to be in her office again on Thursday, April 20.

## Friona Woman Gets \$850 In Damages

Mrs. Lottie Mae Boatman, of Friona, was awarded an agreed judgment of \$850.00 against George Sasser of Clovis, in District Court here Tuesday.

The suit was the outgrowth of a car wreck in Friona about a year ago in which Mrs. Boatman was injured, and she asked damages in the amount of \$3000 for personal injuries. Settlement on damages to the Boatman car had been previously made, and was not involved in Tuesday's hearing.

# WORKMEN CONTINUE ON NEW RURAL ROAD CONSTRUCTION IN FLYING SAND

Flying sand and dust which has been prevalent over the area for the past few weeks has failed to put a halt to work on Parmer County's latest strip of farm-to-market paving with preliminary work still going forward on the connecting pavement between Friona and Muleshoe and the other link which will join up an all-weather road from Farwell to the Friona-Muleshoe cut-off, toward the Lazbuddie community.

Work has started at the northern end of the strip, just past the Frio Draw out of Friona, where the current topping expires, and the right-of-way is being prepared for coming all-weather surfacing.

One decided improvement will be

noted as two curves, one of them a dead-end affair and particularly sharp, are removed from the road about five miles past Frio Draw. Crews are at work putting in a long sweeping curve which swings across the route and does away with the two former turns.

Farther along, just west of the "twin houses" where the road from Oklahoma Lane will intersect the Muleshoe-Friona route, the right-of-way has been moved to higher ground into a long S curve, replacing the tight curves following the edge of an old lakebed.

New culverts have been installed along the right-of-way and the actual surfacing is expected during the summer months.

### COMMISSIONERS MEET

A called session of the Parmer County Commissioners Court was held at the courthouse in Farwell the past Thursday, in lieu of the regular meeting scheduled for Monday of this week. Clerk Loyde Brewer reported that the session was called early in order to avoid conflict with district court, held the first of the week. Only routine business was transacted with the commissioners canvassing the results of the recent school trustee elections and attended other business matters.

## Ex-Convict Admits Theft Of Auto

Harry Robins, an ex-convict who was picked up in Clovis recently and is being held on a car theft charge in that city, has admitted stealing a car belonging to Buck Hawkins, in Farwell, on the night of March 11, Sheriff Chas. Lovelace said today.

The car, a 1948 Frazer, was found on the streets in Lubbock by Sheriff Lovelace after Robins told the officer where he had left it, near the corner of 13th and Q Avenue.

Robins is said to have parked the car on the Lubbock streets after "driving around over the country" for about ten days. The car disappeared from in front of the Jess Newton home in Farwell on the night of March 11, while the Hawkins family was visiting in the Newton home. The machine was not damaged extensively, Hawkins reported.

## Over Two Thousand New Tags In County

A grand total of 2536 license plates for 1950 had been issued at the office of Tax Collector Charley Lovelace up the deadline for showing the new plates, March 31st, Mrs. Bess Mansfield, deputy collector, reported today.

Passenger cars, as was to be expected, led the list, with a total of 1575 new plates being issued; a grand total of 786 farm tags went over the counter, and 175 commercial sets were issued, Mrs. Mansfield said, following a check of records.

She added that the county was out of dealer tags, and had requested more of such tags from the state, only to be informed that estimates had been short and that none were available at present. Such tags will be issued to counties as rapidly as they are made at the Texas State Penitentiary.

## New Board Members Installed Monday

Dick Gerles and C. C. Christian, returned as members of the Farwell school board of trustees in the April 1st voting, were installed as members of the board on Monday evening.

Supt. Jack Williams announced Tuesday that the Monday night gathering of officials also featured an election of officers, with all former officers being returned to their positions as follows: Claude Rose, president; C. C. Christian, vice president; and Webb Gober, secretary.

## Commissioners And Judge To Meeting

Parmer county commissioners and Judge A. D. Smith will be in El Paso this weekend, when the annual Texas gathering of county judges and commissioners is in session.

Judge Smith and Commissioners W. S. Menefee and Earl Billingsley plan to leave here on Wednesday to attend the session, which opens on Thursday. Commissioner C. L. Calaway left the last weekend for Hot Springs where he is spending the time until the convention begins, and Commissioner E. R. Day and family, left Friday for Dallas, where they transacted business before going on to El Paso.

### ELLIOTT EXPANDS

In order to make more display room for the furniture and gas appliance stock, the C. R. Elliott Company at Bovina has expanded its showroom space. Two large rooms, one on the west and the other on the north end of the building, have been opened up and remodeled.

Parmer County livestock producers have just completely outgrown their show facilities in Friona.

This became plain last weekend when 4H and FFA boys from over the county gathered in Friona on Friday and Saturday to exhibit their wares—and found that dairy and swine entries filled the barn, pushing beef animals into open-air stalls inside the quadrangle of the show barn, while the rabbits, making their debut this spring, were confined in quarters usually housing club produce exhibits.

When the barns were arranged a few years back, it was believed that show space would be sufficient for both the spring club show and the fall general fair, but when 65 head of dairy animals, 80 fat calves and some 64 swine entries showed up at Friona for competition among the club boys last weekend, space was at a premium.

With perfect weather prevailing until near the finale of the two-day showing, visitors from over a wide area mingled with Parmer Countyans in looking over the choice entries exhibited by club boys, and heavy buying was featured at the Saturday afternoon auction sale, cried by Col. Bill Flippin of Friona.

A total of 78 commercial calves moved at the impressive sale, with Pete Buske, Friona cattleman, taking the grand champion dry lot calf, a 1005-pound Hereford exhibited by Delvin Langford, 10-year-old son of Mr. and Mrs. Elmer Langford of Texico.

Particular interest was evidenced by visitors and buyers in the rating of the drylot and commercial calves, when T. L. Leach, of Texas Tech, and Walter Labay, supervisor of vocational agriculture, Area XI, decided the placements. Castor and Pete Caviness, of Clovis, classified the beef calves for the auction sale.

Grand Champions Named  
In the swine division, Frank Allen, of Friona, exhibited the grand champion barrow, a Spotted Poland China and the grand champion gilt honors went to the Chester White shown by Dwain Menefee of Friona.

Young Darrell Thompson followed in the footsteps of his father, John S. Thompson, who last fall took the top honors in the general county exhibit with his Shorthorn female. The youngster's entry drew grand champion female honors in the Shorthorn division, and the top rating Hereford cow was shown by Max Cruse of the Friona FFA aggregation.

As usual, the Friona FFA entries carried the Jersey colors, with the chapter entering the champion bull and Lloyd Rector showing his cow in a repeat performance victory.

Young Gary Crow, of Friona, entered both Guernseys which were rated grand champions. In the commercial calf judging, Herbert Schueler of Friona had the grand champion, while dry lot honors went to the entry by Delvin Langford.

All entries were placed according to merit, and in some cases no blue ribbons were awarded, while in other divisions, several "blues" were listed. Both ribbons and cash prizes were presented the winners.

## Health Note

Texas State Department of Health

AUSTIN—A highly placed state official has given Texas newspapers a pat on the back.

State Health Officer Geo. W. Cox, veteran of more than 13 years as head of the State Department of Health, called the Texas press a "more potent force in mass public education", and said his department invariably turns in that direction as the first means of reaching the people with information on health subjects.

"Texas newspaper editors and reporters have consistently shown an awareness of public health problems and have given unstintingly of much valuable space to stories relating to public health," Cox said.

"I can define public health in three words—mass public education," the health official said. "Without newspaper cooperation, such education is literally an unobtainable ideal."

Pointing out the custom of rural people to read their local weekly or semi-weekly thoroughly, Cox said he was especially happy that these papers used state and local health department releases.

"It's one of the most valuable services a paper can render its readership, but then maybe I'm a bit prejudiced," he observed.

Radio is an especially valuable outlet for information relating to venereal diseases, Cox indicated, because of the availability of professionally prepared recordings on the subject. More than 100 Texas stations have used the recordings during the past year.

On the same theme, Dr. Cox said well over 600,000 persons have seen the Department-produced motion picture short subject, "What's the Disease?" in which syphilis information is presented.

## All-Time Enrollment High At Baylor U.

WACO—An all-time high long-term enrollment for Baylor University has been made with the conclusion of spring quarter registration. Registrar Truett Grant announces.

A total of 6,068 students have registered for work at the 105-year-old Baptist school since last September, Grant said. They set a record enrollment of 5,325 for the fall term and another of 4,755 for the spring term in gaining the overall high total.

The 6,068 figure includes only students on the Waco campus. It does not include the approximately 720 students in Baylor professional schools at Dallas and Houston.

## The only real hug-the-road ride is "The New Step-Down Ride"

... because Hudson has the lowest center of gravity in any car!

THERE's nothing so delightful in all motoring as "The New Step-Down Ride"!

And why?

Consider this—technicians in the industry have known for years that the lower a car can be built, the better it will ride, the more surely it will handle and the safer it will be.

You instantly see that the beautiful new Hudson, thanks to its recessed floor ("step-down" design), is the lowest-built of them all—and this right along with full road clearance and more head and seating room than any other car!

As a result of this low build, you know instinctively that Hudson has the lowest center of gravity in any American auto-

mobile! You can just look at this remarkable car and tell that it rides smoother, hugs the road tighter than any you've driven before!

Yes, "The New Step-Down Ride" is a wonderfully safe, hug-the-road way of going that just naturally spoils you for any other car!

Wouldn't you like to try this "New Step-Down Ride" soon?

## COLLINS HOWARD, CHILDRESS LAWYER, CANDIDATE FOR CONGRESSIONAL SEAT

Collins Howard, former Childress County attorney and judge, has announced his candidacy for United State Representative from the 18th Congressional District in the May 6th special election.

Howard is a native of Texas, former machinist at the Fort Worth and Denver Railroad shops in Childress, and a veteran of World War Two. He has been a resident of the Panhandle district since childhood.

"In these critical times," Howard said, "I feel the nation needs men of mature judgment and with experience in public affairs in places of leadership.

"I believe my experience as a laborer, as an attorney and public official, and as an overseas veteran in

the recent war, qualifies me to represent the people of this district in the United States Congress."

"I have no promises to make," Howard said, "but I will use my training, experience and ability to the best advantage possible in representing all of the people of the Panhandle district. I think preservation of the peace is the most vital question facing the world today, and, of course, I will do anything within my power to prevent another war. Equally important, I think, is maintenance of our domestic way of life. I shall always favor sane legislative action to protect that way of life from enemies, whether they are in this country or in foreign countries.

"I am opposed to all 'isms' except Americanism, and I do not favor nor

COLLINS HOWARD

am I supported by any group, clique or organization.

"I sincerely ask the support of the voters of the district in this brief campaign."

Howard was born around the turn of the century in Goliad, Texas. His father, W. B. Howard, was superintendent of public schools in Amarillo in 1898. His uncle, Elbert Howard, homesteaded in Childress County in 1888, being one of the first settlers. Howard was educated in the Childress public schools, the Fort Worth and Denver Railway shops, in the law offices of the lawyers of the

100th judicial district and in the Childress County Courthouse.

Served four years as a machinist apprentice in the railway shops. In 1926 he was promoted to shop foreman. Continued as such until the depression hit in 1932. Then began in earnest studying law in spare time in his father's and other law offices in the 100th judicial district.

Was admitted to the bar in 1935. In 1936 went to Panama and went to work for Cabot Shops, Inc., as machine shop foreman. Stayed there for six months and announced for the office of county attorney of Childress

County. Was elected for a two-year term and re-elected for two more.

He then ran for county judge and was elected for a two-year term and later re-elected for a second two-year term. During the second term in 1942 volunteered for services with the Burlington Railway Operating Battalion as a roundhouse foreman. In April, 1943, he was called to active duty. After basic training in Fort Slocum, New York, six weeks in the Adjutant General's School in Fort Washington, Maryland, and a few months' training in New Orleans was sent to England with the headquarters of the Second Military Railway Service.

Helped plan the details of the invasion and was admitted to the War Room before "D-Day" for briefing on the invasion and was shown on the map where the landing would be made. Landed on Omaha Beach on D plus 30 and from there proceeded to and took part in five campaigns, the best known of which is the Battle of the Bulge.

Was injured in a plane crash while reconnoitering over Germany. After getting out of the hospital, transferred to the Judge Advocate's General Corps and after a short tour of duty in Weisbaden, Germany, in War Crimes work, went to Rheims, France and served as defense counsel in the trial of American soldiers.

Came back to the United States at the first opportunity, passed through Washington and made ap-

plication for the position of counsel in the trial of Japanese war criminals.

About a month after arriving home got word to rush to Washington and get ready to fly to Tokyo.

He was assigned the defense of Heitaro Kimura, who was being tried in a common trial with Tojo and 26 others.

Howard's wife was one of the first American wives to go to Japan after the cessation of hostilities. Later, one of the American attorneys had to leave the trial, so his client, Naoki Hoshino, asked Howard to represent him, which he did. Kimura, a Japanese general and vice minister of war while Tojo was concurrently prime minister and war minister, was hanged. Hoshino was sentenced to 20 years' imprisonment.

Howard arrived home in January, 1949, since which time he has practiced law in Childress and worked for the Air Force as legal examiner.

Howard is married and has two children and two grand-children.

## ELEVEN CONGRESSIONAL CANDIDATES NOW IN FIELD FOR WORLEY'S SEAT

At the time this was written Monday, a total of eleven candidates had entered the race to succeed Eugene Worley as congressman from the 18th Congressional District of Texas.

A special election has been called by Gov. Allan Shivers for May 8th to select a congressman and the high man (or woman) will be the winner; there will be no run-off. This being the case, Republicans of the district are pointing to the possibility of electing the only Republican in the race.

The deadline for filing is Monday, April 17, at 10 o'clock, and it is considered likely that additional filings will be made before that time. Here is a thumb-nail sketch of the eleven candidates who had filed up to April 10th.

W. T. PICKEL—He's an account-

ant with Phillips Petroleum. His late entrance gives him less than a day per county to make his campaign. His main strength is almost certainly in the Borger region.

RONALD DAVIS, Childress—He's a former school teacher at several places and has worked in vocational agriculture and Future Farmers. Doubtless counting on friends in the communities in which he has lived and acquaintances in vocational ag work. Was a star football and basketball player at Childress and West Texas State College. Knows many former students.

COLLINS HOWARD, Childress—Former Childress County attorney and judge, and a long record of service in World War II. Was once a railroad shop worker in Childress and carries his union withdrawal card. Howard and Davis are apt to

split up some votes in the southeast corner of the district.

TALMA SMITH, Clarendon—He's a 1910 graduate of old Clarendon College. He has friends of college days in a good many communities in the district. A one-time secretary of Marvin Jones when he was congressman, Smith has been in congressional work around 35 years and has been in Washington nearly all of that time. However, he has kept his legal residence at Clarendon. He is doubtless counting on his congressional experience as the theme of his campaign. Time is short for Smith, as he has done little campaigning.

E. T. BURK, Amarillo—He has been in the furniture business in Amarillo several years and has customers scattered over the district. He has put on an active campaign, spearheaded by newspaper advertising, and has covered more territory than perhaps any other candidate. Within the last week, there has been a lot of talk to the effect that Burk is a leading contender in the race.

LEROY (PETE) LAMASTER, Peryton—He's a hard-working farmer who is in politics for the first time. Is a college man and a war veteran. He has been campaigning day and night and has covered practically all of the district. His main strength doubtless in the northeastern region of the district.

J. BLAKE TIMMONS, Amarillo—He has the only block vote committed, that of organized labor including an endorsement by the Railroad Brotherhoods of Texas. Timmons is serving his second term in the Texas Legislature. During that time, he studied in the University of Texas. Main strength is his legislative district and the labor vote.

WALTER ROGERS, Pampa—He's a former district attorney at Pampa. Launched his campaign last Thursday at a barbecue in Pampa. Main strength at the state was in his home county and in old district attorney district. Rogers is a middle-roader in politics. He's a good campaigner. Been picking up considerable support in Amarillo.

ALTA VENE CLARK, Amarillo—The only woman in the race. She's been getting over the district in a hurry. Worked for the House Committee on Agriculture, Cong. Marvin Jones and Cong. Eugene Worley for 17 years. She is emphasizing her experience and acquaintance in Washington and in the district. She's a middle-roader in politics. Was known all over the district even before the campaign started.

H. J. BICE, Amarillo—He's in the livestock insecticide business, and successful at it. He is flat-footedly against the Truman Fair Deal and certainly cannot be accused of fence-straddling. Considers main strength among stockmen.

BEN GUILL, Pampa—He's the Republican candidate. Graduate of West Texas State College. Former teacher, also a former businessman in Amarillo, now in real estate business at Pampa. Main strength in Gray County and in the conservative (mad Democrat) and Republican vote. Purple Heart war veteran.

## ALLRED TO MAKE RACE FOR CURRY COUNTY SHERIFF

O. S. "Chief" Allred of Texico, chief inspector at the Port of Entry just west of Texico, announced today that "after much deliberation" he has decided to enter the race for sheriff of Curry County, subject to the action of the Democratic party and the will of the people as may be expressed in the primary election June 6.

That he may become partially acquainted with the people of Curry County, Allred submits the following information about himself: He was

O. S. ALLRED

born in Indian Territory in Oklahoma in 1908, but spent most of his life in Collinsworth County, Texas.

In 1932 he moved to San Jon, N. M., where he farmed some four years and then worked as a salesman for Tindall and Walker Implement Co. until 1940. He then accepted a job with the State of New Mexico and with the exception of the first year, has served in the capacity of chief inspector for the Department of Courtesy and Information at the Texico Port of Entry.

Allred stated that he has had considerable law enforcement experience, and has had the pleasure of working with different law enforcing bodies. He feels that he is qualified to handle the job of sheriff in every detail.

Married and the father of three children, ranging in age from 14 to 19 years, Allred declared his record is open for investigation. If elected sheriff he states he will be in a free and unhampered position to serve the people of Curry County without fear or fault. Honesty and fair dealing will always prevail regardless of creed or color, Allred emphasized, and all laws of the state and county will be enforced impartially.

## Add Life To Fence Posts By Chemicals

COLLEGE STATION—The useful life of fence posts made from pine, oak and elm trees can be materially lengthened if they are given a chemical treatment before being placed in the ground. Untreated posts last only a few years, but C. W. Simmons, extension forester of Texas A. & M., says posts from these same species when properly treated will last from 10 to 15 years or longer.

He says the comparatively new chemical, pentachlorophenol, or "penta" for short, has been used successfully for treating the above

named tree species. The chemical holds its strength well and doesn't leach or wash out of the wood.

Posts cut from pine, oak and elm trees will treat better if seasoned until they take on a gray color.

## Ben Guill, of Pampa, Announces For Congress

Ben Guill, 40 year old Navy Purple Heart veteran and Pampa businessman, has announced his candidacy for Congress in the special election on May 6. Guill is the only Republican in a field containing ten Democrats. The high man at the polls will be elected Congressman without a run-off.

Guill, who has lived in the Texas Panhandle for 31 years, is married to the former Marjorie Buckler, of Pampa. They have a nineteen month old son.

### Why a Republican

Guill, a graduate of West Texas State College and a former teacher in the public school system in the Panhandle, said he was running as a Republican because "I am opposed to the Socialistic policies of the present administration and the only honest way I know of fighting the Socialistic theories of the Santa Claus boys is to join the other team."

"I have no intention of telling the people of the Panhandle that the Republican Party is perfect or all virtuous. It is nothing of the sort. I merely think there is more Americanism to the square inch in the Republican party today than among the Socialistic leaders who have cold-bloodedly stolen the party of Jackson, Jefferson, Calhoun and Wilson away from the people."

### Was a Democrat

Guill, who was an independent Democrat until now, is strongly in favor of reducing income taxes. He is bitterly opposed to socialized medicine. He wants the government to stop dictating to the farmer about what, and how much, he can raise, and he believes the Panhandle cotton farmer was given a "raw and heartless deal" in the recent setting of quotas.

"I am the son of a farmer," Guill said. "I believe the farmer is the backbone of the national economy. I'm sick and tired of hearing pink little bureaucrats tell the farmer what he should do. It's high time the farmer tells Washington what ought to be done. The farm problem should be settled by the farmer himself and if I am sent to Washington as Congressman from the Panhandle I shall bring with me a farm program which embodies the wishes

BEN GUILL

and the ideas of the Panhandle farmers themselves."

### Chances Good

Guill, who has thousands of friends and former students in the Panhandle, is given an excellent chance of winning the special election. With the votes split among ten Democrats, it is estimated that he will be elected if he receives as many votes as Frank T. O'Brien, the Republican candidate for Congress in 1946 received in his race against Gene Worley. If he gets half as many votes as Jack Porter, the Republican candidate for the Senate in 1948, received in the Panhandle he will be an easy winner.

Guill won the Purple Heart in combat in the Pacific. He went through seven amphibious landings and earned four battle stars. He is a member of St. Matthew's Protestant Episcopal Church in Pampa, is a director of the Pampa Rotary Club, the American Legion and the Veterans of Foreign Wars. He is waging one of the most vigorous campaigns in the history of Panhandle elections.

## Look Out for Bugs, Entomologist Warns

Guy E. Carpenter, associate county agent, entomology, has advised Farmer County Agent Joe W. Jones that indications point toward a heavy infestation of insects for the year 1950, following a mild, dry winter and a large number of wintering eggs and adult insects.

Rather than alarming farmers, Carpenter is hoping that such an announcement will alert farmers to the danger of insects and things will be in readiness for control when and if the bugs do appear.

Farmers and ranchmen are particularly urged to be ready this year to stop grasshoppers from leaving egg beds, with Jones pointing out "Once they begin moving out of the areas where they hatch, effective control becomes more difficult." Use of poison sprays on located egg beds has proved most effective in eradicating the 'hoppers.

"Due to cotton allotments, it is most important that you do not let insects get this crop," Jones went on, saying, "Be on the lookout for insects as soon as cotton comes up." "In other words, the bugs will be with us in plentiful numbers this year, in all probability, and if you value your crops, lawns, gardens and shrubs, start making plans now to nip the insect threat in the bud," he concluded.

### Quiz Sponsored By West Texas State

CANYON—More than \$700 worth of prizes and scholarships will be given away May 4 in the finals of the "Going To College Quiz" sponsored by West Texas State College.

Finalists from 10 high schools will compete at the college in Canyon on May 4 to determine the winner of scholarships to WTSC and other prizes. In the past weeks the radio department has traveled to various schools conducting quiz programs among members of senior classes. The winner in each school will com-

pete in the finals.

Schools already having chosen their winners are Canyon, McLean, Stewart, Farwell, Bovina, Dumas and Hereford. Yet to go through the quiz prelims are students at Dalhart, Tulia and Stratford.

Hazel Petree of the Farwell school, was recently selected to carry the colors of the local institution in the contest.

**Preview, Reception Held On Wednesday**

A sneak preview of "All A Mistake" was given by members of the Texico senior play cast last Wednesday night, with parents and friends of the group as special guests.

Following the preview a reception was given the group by Mr. and Mrs. Agrie Jones. The serving table was covered with a lace cloth and centered with a floral arrangement of yellow jonquills. Colors of yellow and white prevailed in the decorating theme.

Class members included Coeta Roth, Douglas Williams, W. O. Reid, Lona Mae Jones, Patsy Engram, David Houghtling, John White, Frankie Harris; parents and friends present were Mrs. Tena Roth, Mr. and Mrs. Jack White, Mrs. Williams, Mrs. D. C. Houghtling, Mrs. N. W. Peyton, Claudean Bridges, James Hibbs, Mr. and Mrs. Agrie Jones.

**In Amarillo**

Mr. and Mrs. W. W. Hall spent the weekend in Amarillo, enjoying an Easter visit with their children and families. During Sunday they also visited Mrs. Della Ezell, local resident, who is confined for treatment in an Amarillo hospital.

**Recital On Monday**

Mrs. Tom Foster announces that she will present her expression pupils in a formal recital Monday evening, April 17, at 7:45 in the Methodist Church. The public is invited.

**Local Teachers To ENMU This Summer**

Mr. and Mrs. Shelby Jobs, both members of the Farwell faculty, announced this week that they had already laid plans to attend Eastern New Mexico University this summer.

Jobs, grammar school principal, will study elementary education and Mrs. Jobs, local music instructor, will study music and attend a band school that will feature some of the best band men in the nation, June 1.

Jobs also hopes to attend a school for coaching during the summer if he can arrange his work.

**To Oklahoma City**

Mrs. Anne Overstreet left here the past Thursday for Oklahoma City, where she is spending a week visiting with her son, Lawrence.

**Second Class Play Presented April 6**

The second of the spring plays of the Texico senior class, "All A Mistake" was presented in the auditorium of the school last Thursday evening with Mrs. Agrie Jones directing and a good crowd of visitors on hand.

Action took place in the drawing room at Oak Farm, when George Richmond (John White) and his bride, Nellie (Patsy Engram) arrive at the farm of Uncle Obediah Skinner (Douglas Williams) expecting to find the uncle on his death bed, only to discover it is "All A Mistake".

Since Uncle Obediah has previously threatened to disinherit young George if he marries anyone other than Nellie Huntington (Lona Mae Jones), George quickly pretends that his bride is Miss Huntington, but the deal gets rather mixed up as he finds there are four women in the house, all named "Nellie", including his real bride, his pretending wife, an Irish servant (Coeta Roth), and a man-hunting spinster (Frankie Harris).

Other members of the cast included Richard Hamilton, a country gentleman (W. O. Reid), and Ferdinand Lighththead, a friend (David Houghtling).

**Contest Entries Are Chosen At School**

to determine the local representatives. Three were selected from the high school, Carmen Roth, Lona Mae Jones and Dee J. Brown; while the grade school entries are from Kathryn Curd, David Lockhart and Kenneth Reid.

Subject for the essay was "Why Is Soil Erosion Public Enemy Number One?" Essays are to be judged on points brought out in the composition and on originality.

**Students To Attend "Highlands Day"**

Representatives of the business education department of the Texico high school are preparing themselves for a state-wide contest, Mrs. Agrie Jones announces.

On April 21-22, Coeta Roth, Peggy and Betty Donahey will go to Las Vegas for annual "Highlands Day" at the University there, and will compete against students from over the state of New Mexico.

Miss Roth will enter typing, shorthand and bookkeeping, while the Donahey twins will be entered in typing.

Students are working to reach certain speeds in typing to send to the State Commercial Club. Each five points gained is reported to Las Vegas, where points are issued for each speed improvement. Awards are presented at the end of the term.

At present, the supervisor reported that Coeta Roth has attained a speed of 65 words per minute, while Betty and Peggy Donahey have made 60.

See the classified column today.

**To Missouri**

Mr. and Mrs. Warren G. Harding and Jerry Paul drove to Carthage, Mo., during the Easter holidays to visit with Mrs. Rupert Paul and children.

Mr. and Mrs. Woodrow Lovelace and daughter, Diann, were visitors near Friona over the weekend, spending Easter with her parents, Mr. and Mrs. Howard Mayfield. Another guest in the Mayfield home during the weekend was Miss Peggy Mayfield, who attends college at WT, in Canyon.

## Texico And Farwell Seniors Honored At Banquet Friday Night, By Baptist Young Peoples Group

Texico and Farwell seniors were honor guests last Tuesday night, April 4th, when a formal banquet was sponsored for the graduates by the young people's department of the Baptist Church in Texico.

In charge of arrangements were teachers of the department, Mrs. Barney Kelley, Mrs. Clyde Magness and Mrs. Louis Purvis.

Cary Joe Magness acted as toastmaster for the banquet, with the invocation being presented by Louis Purvis. Mrs. Kelley offered the welcome to the guests, with Coeta Roth, of the Texico school, responding. Special music was provided by a male quartette from Wayland College, at Plainview, and Mrs. Donald Watkins played piano selections.

Rev. O. O. Holladay, pastor of the church, introduced the speaker of the evening, Dr. R. L. Dobson, Bible professor at Wayland College.

"Selecting a mate of your same religion, race and educational qualities will make a happier home," said Dr. Dobson, in his talk to the young people.

The decorating scheme featured colors of the two schools, with blue, green and white being used. Spring flowers and greenery were tastefully arranged in bouquets. Favors were distributed among the guests from the various Baptist colleges of this area, and place cards were also courtesy of a college.

Those present included: Coeta Roth, Ansel Doolittle, Jimmy Williams, Hetty Nann Randol, John White, Patsy Engram, June Christian, Calvin Meissner, Frankie Harris, Bob Dollar, Peggy Jo Donahay, Douglas Williams, Ray Magness, Billie Christian, Leon London, Bobby Poteet, Troy McKillip, Alta Norton, Melborn Jones, Hazel Petree, Joan Allison, Raymond Morgan, Lula Daniel, Patsy Doshier, Jo Beth Engram, Irene Hardage, W. **MONTHLY PRESS CLUB MEETING**  
 "Texico students are the most attentive listeners I have spoken to in a long time", stated Eugene Mann, professor of Journalism, at ENMU, in Portales.  
 Professor Mann was guest speaker of the Texico High School Press Club Monday, April 3. His inspiring talk on "Dependability", was highly enjoyed by all attendants. He was presented to the group by Miss Coeta Roth, editor of "The Wolverine's Tale".  
 "A reporter has the editor of a paper at his mercy", Professor Mann said, adding "A reporter must be dependable".  
 Professor Mann covered five different types of stories thoroughly; straight news, feature, interview, editorials and human interest, in his lecture to the club.

"I appreciate the remarks that Mr. Mann made concerning the Texico students," Supt. Agrie Jones said on the following day. "It reflects a good showing on our school", he concluded.

"Prof. Mann has helped our journalism class very much", Miss Coeta Roth insisted. "Everyone appreciated his being here."

### SENIORS RECEIVE GIFTS

Texico senior girls were honored when they received cedar chests from Mr. and Mrs. Ben Smart of the Furniture Mart, for graduation presents. They are miniature Lane chests and are being received by graduates all over the country. All of the seniors wish to express their sincere appreciation for these useful gifts.

### "SIX SHARPS"

"Six Sharps," senior high girls sextette, have been asked to sing at numerous occasions.

Some of the more recent engagements are: Mrs. Vinyard's piano recitals, on the radio and at the senior plays. At the play which was given Friday night, they sang, "Quicksilver", and "Id've Baked You A Cake".

These girls will be featured on the grade school program Friday night, April 13. They have made plans to appear on the "Amateur Hour", and hope to win the prize money so it will be possible to buy more music, which is greatly needed.

### FOURTH GRADE HAS EGG HUNT

The Fourth grade children enjoyed an Easter egg hunt last Thursday afternoon in the grassy land north of the school house where the eggs were hidden for them by Phyllis Tucker, Charlene Allen, and Katherine Bell. After a long hunt all the eggs were found, with Nick Virgil

finding the prize egg and Jimmy Moore the largest number of eggs. Nick received a large candy egg filled with candy and fastened to a

little cart. Jimmy was allowed to eat his eggs for his prize.

After the hunt, the children enjoyed candy eggs and soda pop in their room. Games were played until time to go home.

Visitors for the day included Janice Adams, Betty Lockhart, Patsy and Wanda Harriman, Charles and Carolyn Seale, and Melcena Allen.

### FHA SELLS SANDWICHES AT VOLLEYBALL TOURNAMENT

Members of the F. H. A. club sold sandwiches at the volleyball tournament here last weekend. Girls were on duty at all hours of the day, and a net profit of \$13.75 was made by the club. Four kinds of sandwiches were made and sold by the girls. Girls who were to play in the tournament

made the sandwiches and girls who did not play served them to players of the various teams and spectators.

All proceeds of the sale will be used to purchase equipment for the home economics room.

### CITIZENSHIP CLASS TO TOUR TOWN

Gale Doolittle, Hollis Lesley, Clodine Allen, and Betty Bridges of the citizenship class and their teacher, Mr. James Hibbs, will visit Clovis to learn how to find the numbers of houses.

The purpose is to find out how many houses from the corner a number will be found, and to see which side of the street the even and odd numbers are used.

After a tour of both sides of town, the four students and Mr. Hibbs will return to school. Reports will be given the following day.

### APPRECIATION

Texico seniors express their appreciation to Mr. and Mrs. Ben Smart of The Furniture Mart for lending the furniture for the senior plays, "The Adventures of Grandpa," and "All A Mistake".

Mr. and Mrs. Smart have kindly provided the school with the needed furniture for three years for numerous occasions.

### COMMENCEMENT EXERCISES

Commencement invitations were received by the Texico seniors Monday, April 10. The exercises will be a vitalized program in the form of a short play. Parts are being assigned now and practice will start next week.

Baccalaureate will be held on May 7, and the speaker has not yet been selected.

Class night, on May 12, will feature the winding of the Maypole, and commencement will be on May 17.

### PROF. O'DONNELL VISITS

Prof. W. B. O'Donnel, former dean of students at New Mexico College of Agriculture and Mechanic Arts, paid an informal call on the seniors this (Wednesday) morning, speaking on the matter of attending school at State College, and answering questions asked about the school.

### PRESENTED ROSES

Mrs. Agrie Jones, sponsor of the senior class, was presented a lovely corsage by members of the senior class play, "All A Mistake".

Mrs. Jones was given the corsage in appreciation of her play sponsorship. The corsage was her favorite flower, red roses. The deep color of the flowers was accented by silver ribbon and was very lovely on Mrs. Jones' brown suit.

### SCHOOL LAWN IN PROGRESS

T. H. Ritchie, the school custodian, has spaded a patch of ground in front of the main building for a new lawn. Agrie Jones said that meadow-fescue grass will be sown and flowers will be planted at the borders.

According to Jones, flower beds will be put on each side of the door of the new school building and former beds will be replanted.

### TALLYHO! THE MOUSE!

Amusement ran high in the Texico study hall Monday, when a defenseless, bewildered little mouse was captured and put in jail, or rather, the waste basket!

Billie Roberts, Coeta Roth, Joyce Holland and Pat Doshier were just as afraid of the mouse as the rodent was of them. Terrible when a mouse gets the upper hand, isn't it?

## 50,000 Miles - No Wear!

**1. Five Years' Driving in 70 Days!** Racing over hot Mexican-border highways . . . 14 hours a day for 10 weeks . . . six brand-new cars put amazing new Conoco Super Motor Oil to one of the toughest tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts! Original factory finishing marks were still visible on piston rings!

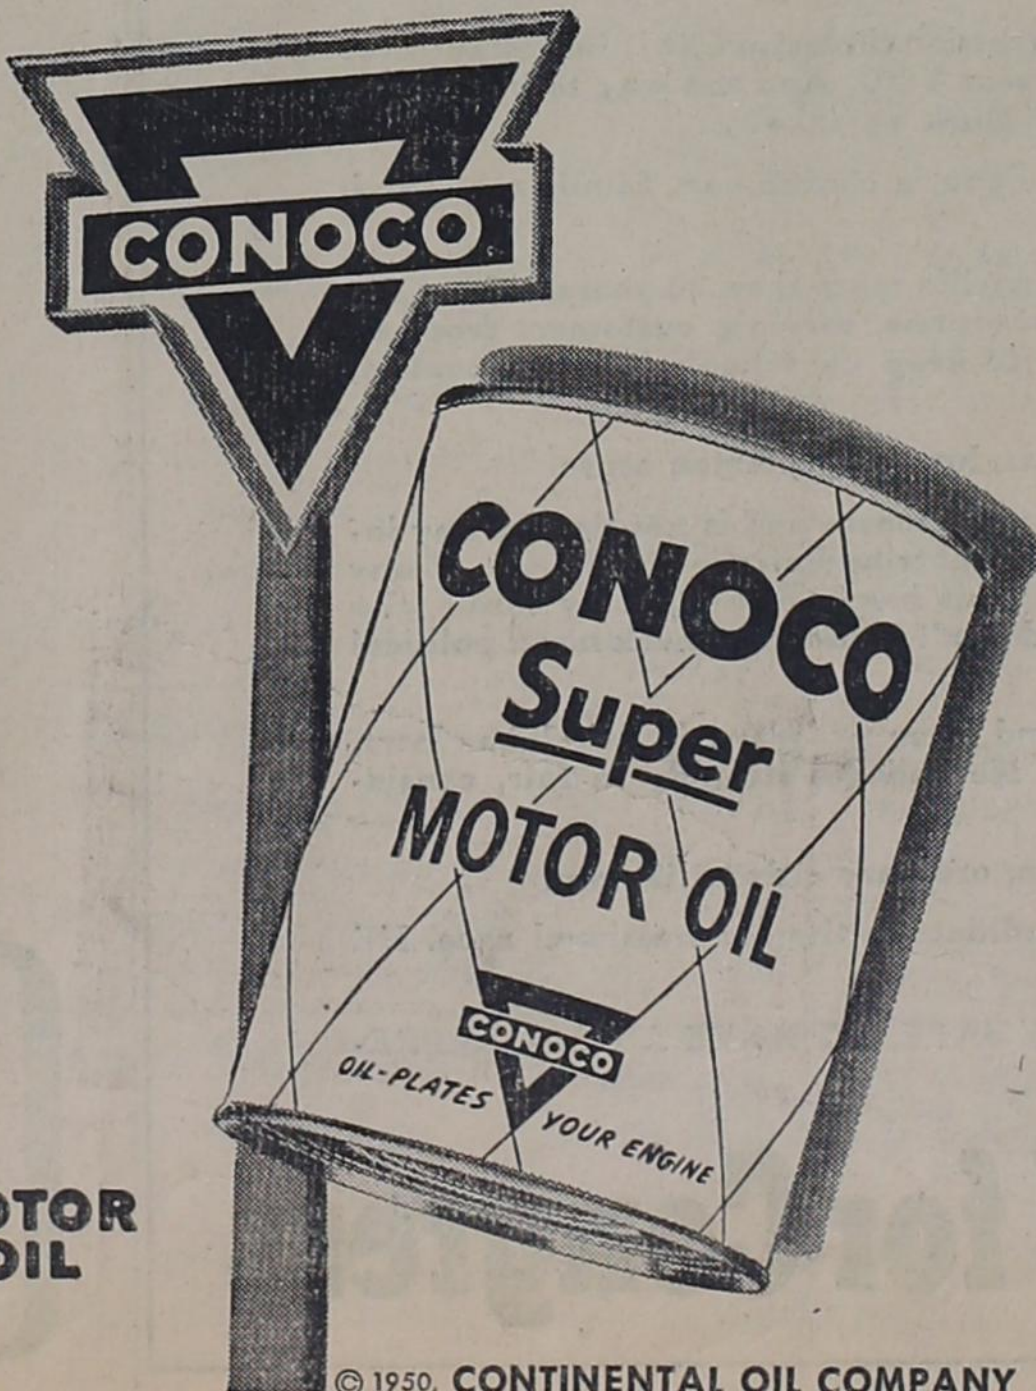

**2. New-Car Gasoline Mileage!** Amazing result: gasoline mileage for the last 5,000 miles of the run was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon! This astounding test—equal to 5 years of normal mileage—showed that Conoco Super Motor Oil, with regular care and proper crankcase drain intervals, can keep your new car new!

**3. New-Car Power! Quicker Starts!** Yes—Conoco Super Motor Oil's extra protection keeps that factory flash . . . that showroom smoothness . . . year after year! Only Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean! Conoco Super Motor Oil is the great new modern wear-fighter!

TO: A. F. Herrick and wife, Minnie B. Herrick, J. S. Oliver and wife, Mrs. J. S. Oliver, and Claude E. Halsell and wife, Mrs. Claude E. Halsell, and the stockholders of First State Bank of Bovina, Texas, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 8th day of May, A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 22d day of March A. D. 1950, in this cause, numbered 1513 on the docket of said court and styled George H. Trimble, Plaintiff, vs. A. F. Herrick, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff brings this suit for trespass to try title, alleging that on March 1, 1950, he was the owner in fee simple of Lots 5 & 6, Block 13 of the original Town of Bovina, Parmer County, Texas, and that on the same day the Defendants and all of them unlawfully entered upon said land and dispossessed him and withhold possession thereof from him.

Plaintiff seeks to recover his damages in the sum of \$10 and in the alternative Plaintiff pleads the 5- and 10-year statute of limitations.

Plaintiff prays for judgment for title and possession of the above-described lands, as is more fully shown by Plaintiff's Petition on file in this

suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 22d day of March A. D. 1950.

### PICTURES SHOWN CLASS

Slide pictures were shown to the biology class Tuesday during class period. One of the slides pointed out the danger of the disease, trichinosis, giving ways of prevention and cure. Another slide was shown on the different types of birds, which the class has been studying the past six weeks.

### FHA PLANS PROGRAM, TEA

The Texico FHA is planning a program-tea in honor of their parents to be given in May, with the tentative date set for May 1.

At that time, the girls will play hostesses, and will present a short program. Four short skits are to be given by members of each class represented in the organization. The seniors will present a canning demonstration, "Ima Gump", given by Lona Mae Jones. The juniors will have a skit about the piano tuner and her baby, starring Carmen Roth, Jo Beth Ingram and Bobbie Allred. The sons and freshmen will present "The Kitchen Band" and "A Kitchen Wedding".

After the program, refreshments will be served by the club to all members and guests.

### FIRST GRADE NEWS

First grade children enjoyed an Easter egg hunt at the school last Thursday afternoon.

Billy Roth found the prize egg, made of rubber and decorated with appropriate pink and white Easter suggestions. He also received a little Easter bunny for finding the most eggs. After the hunt, games were played and soda pop served.

New pupils enrolled last week were Eddie White from Childress, and Margaret Hudson, of Oklahoma.

### SECOND GRADE NEWS

Brightly colored Easter eggs and dailly decorated baskets were the order of the day Thursday when the second grade had an Easter egg hunt. Petty Durham was the lucky little miss who found the prize egg and received the Easter basket filled with eggs. Refreshment of soda pop and candy eggs were served.

Wendell Doshier, who recently had his tonsils removed, has returned to school.

### EGG HUNT HELD

Members of the fifth and sixth grades enjoyed an Easter egg hunt north of the school building last

Thursday, sponsored by their teacher, Mrs. B. A. Rogers. Madge Richardson and Patricia Hatcher hid the eggs. Sue Reid found the prize egg and Adrian Loflin found the most. After the hunt, the group enjoyed sandwiches and pop, provided by Mrs. Rogers.

Two mothers, Mrs. Ira S. Levins and Mrs. Ray Tharp, were guests of the class for the occasion.

### SOPHOMORE NEWS

Lacy Gent, president of the sophomore class, conducted a meeting when a coming party was discussed. The group will go to the park for refreshments and then take in a movie. Each member is allowed one guest. Manuel Kerner, treasurer, is asking that class members pay their dues.

### SEVENTH GRADE NEWS

Seventh graders enjoyed a skating party at the Pleasant Hill gymnasium on Friday evening, March 31st. Thanks go to E. U. Scott, principal of the school, for allowing us to use their skates and rent the gym.

"Everyone had an enjoyable evening," reported Madge Richardson, secretary. Some of the students spent most of their time on the floor.

Refreshments were ice cream, pop, and cookies.

### PLEASANT HILL SCHOOL NEWS

Pleasant Hill's first, second and third grades began their Easter party by drawing chickens and bunnies. Later, the group hunted eggs.

Visitors were Johnny Pierce, Janet Boney, Micky Boney, Mrs. Boney, Judy Lovett, Lynn Stoneman, Leon Kelly, Lynn O'Neal, Joe O'Neal and Carlyn Singletary. All the children received Easter baskets filled with eggs as treats.

The fourth, fifth and sixth grades hiked to the Draw, where their Easter eggs were hidden. Games were played after the hunt and the classes returned to the school for refreshments.

The first grade room's science class now has beans on the plants they planted about two months ago. The group was sorry to lose one of its members, Sammy Stoneman, who moved to Bovina.

Mrs. Patterson's room has two new pupils; Bobby Stell in the fifth grade and Vernon Hale, sixth grade.

The high school has missed Terry Horton, who is visiting his parents in California.

Pat Spearman was absent from classes last Thursday and Friday, as she visited friends in Lubbock.

## New Materials Transform Old House

A wise selection of materials changed an old farmhouse, left, into a new-looking house. White-painted boards and natural knotty pine were used for the sidewalls, and green asphalt shingles for the roof.

Selection of distinctive materials can be the secret of transforming an old house into a home with a brand-new look.

In remodeling a farmhouse near Chagrin Falls, Ohio, William C. Weidman chose two kinds of siding. The lower part of the walls was covered with 8-inch-wide boards, running horizontally and painted white. Knotty pine was applied vertically on the upper part. Green fire-resistant asphalt roof shingles were selected.

Because the lower part of the house is lighter in color than the upper part, attention is attracted to the lower part. Consequently, the house appears lower than it actually is.

If the owner of a house wants to make it seem taller, he can choose light-colored shingles and light paint for the upper part. Asphalt shingles are available in a wide variety of solid and blended colors, and many desirable color effects can be created.

On the interior, Weidman replastered all the walls and laid new hardwood floors. He added a living room fireplace and built a tile-walled bathroom. The kitchen was equipped with modern fixtures. The old partial basement was expanded to full size.

A picture window was cut at the front of the home. New door and window frames and sash were installed. A new chimney was built. The house was insulated completely.

Farmers and ranchmen are urged to be on the alert for possible grasshopper outbreaks this spring. Get them during the hatching season and before they leave the egg beds.

113,514 rural boys and girls were members of 4-H clubs in Texas in 1949. In the United States, more than 1,850,000 boys and girls are 4-H members.

## Questions & Answers

**Q. I am at present receiving compensation for partial loss of my eyesight. Will my compensation be reduced if I go to school under the GI Bill?**

**A.** The fact that you are attending school under the GI Bill will have no effect on the amount of compensation you receive.

**Q. Does the fact that a person is receiving insurance as the beneficiary of a National Service Life Insurance policy entitle him or her to compensation?**

**A.** No. Insurance has no direct relation to compensation. Death com-

pensation is payable to a widow, minor children and dependent parents of a veteran who died of a service-connected disability.

**Q. My 10-year-old granddaughter is the daughter of a World War I veteran whose widowed mother remarried. Is the child entitled to a pension?**

**A.** She may be entitled to a pension if the requirements of the laws are met. Application should be made at the nearest VA office.

**Q. As the widow of a World War I veteran, I received a pension until five years ago when I married a non-veteran. Now I am divorced. Am I eligible for my old pension?**

**A.** The law specifically provides that compensation or pension shall cease upon the remarriage of a widow of a World War I or II veteran.

## Entrada Exhibit Is Planned At Tech

LUBBOCK—Spanish conquistadores that once roamed the South Plains will be depicted in the Spanish Entrada exhibit at the Museum at Texas Tech which will have its preview April 13.

Dr. W. C. Holden, director of the Museum, said a huge scroll will depict the story of Spanish explorations in this area. They include the parties of Cabeza de Vaca (1535), Coronado (1542) and the Bosque-Larios expedition (1675).

Dr. Holden said a sword believed to have been carried by one of the Spaniards during the 16th or 17th century also will be on exhibit. Special invitations for the preview have been sent to Museum members, college administrators and historians in West Texas and Eastern New Mexico.

We believe in going to Washington, not to ask for something, but to tell hard-pressed Congressmen, "We don't want you to give us anything." —Gov. Alfred E. Driscoll (R-N. J.).
