

Bovina Wheat Growers Adding More Storage

Work has been in progress for the past few days on enlarged storage facilities of the Bovina Wheat Growers' elevator at Bovina. Herbert C. Potts, manager of the firm, said today that the contractors had predicted completion of the job by the middle of April. The D. L. Walters Construction Co., of Amarillo, has the contract.

Potts said that eight additional storage barrels of concrete and steel were being erected on the east side of the current structure, which will increase the storage capacity by 65,000 bushels, and give the elevator an overall capacity of 112,000 bushels. Just two years ago, additional storage of 22,000 bushels was added to the plant.

The new storage bins will be connected to the main building with overhead and underground augers to handle the grain from bin to bin. All lifts will be operated by electric motors.

No new office has been planned in the expansion program, Potts said.

Still More Storage At Sherley Grain Co.

Construction work on the additional grain storage space at the Sherley Grain Co. elevator in Bovina was scheduled to get underway by Wednesday or Thursday of this week, G. D. Anderson, Jr., manager of the firm, stated Tuesday.

Previous announcements, made three weeks ago, called for an additional 300,000 bushel addition to the already large concrete elevator. Anderson stated today that new plans called for still another 30,000 bushel storage space. The original plans called for 12 concrete bins to be added. It is now announced that 14 additional bins will be erected, which will bring the total capacity of the entire plant to around 530,000 bushels.

Chalmers & Borton, of Hutchinson, Kansas, have the contract for the new addition and have promised to have it completed by the time wheat harvest gets underway.

Cherry Re-Elected At Bovina School

Supt. W. O. Cherry, well-known county educator, has been re-elected as superintendent of the Bovina public schools, it was learned here this week, following a meeting of the school board on Monday night, March 7th.

Currently, Supt. Cherry is serving his thirteenth year as head of the Bovina schools, which have made many improvements during his tenure as director.

Sometimes the best command of the English language is complete silence.

FROM THE HOPPER

By HOP

The Chronical, Clovis' new morning newspaper, which was scheduled to make its initial appearance last Sunday morning, failed to come through on schedule, due to a multitude of difficulties, chief of which was delay in getting the battery of typesetting machines in operation. We are informed that the first issue is now scheduled for appearance on Sunday, March 20th. We hope them luck in their second attempt.

Paul Dean, new president and manager of the Clovis Baseball Club has favored us with a season pass to the games in Clovis this year. Thanks, Paul, and we hope to be able to attend a good number of the games during the season. Dean, former Cardinal pitcher, purchased the club several weeks ago and is promising the Clovis fans a first division club this year. Practice drills will get under way on April 1st.

Paved farm-to-market roads, rural telephones, a hospital in Farwell, an improved health program for our citizens are just a few of the aims of the Farwell Chamber of Commerce has on its agenda for the current year, and these are matters that should interest every citizen in the town and surrounding trade territory. You can help with these programs by becoming a member of the local Chamber.

CLINIC TO BE HELD

Supt. B. A. Rogers reminded parents today that a clinic for children who will enter school next fall will be held at the Texico school on April 18th. He urged all patrons of the school district to have their children on hand at this time for a physical check-up.

Red Cross Response Lags Over Farmer

With only two districts heard from up to Tuesday afternoon, the annual membership drive of the American Red Cross appeared to be lagging in Farmer County, it was stated by W. E. Williams of Bovina head of the financial campaign this year.

While Williams expressed belief that the county's quota of \$792.00 will be reached during the month of March, he also pointed out that less than \$300.00 had actually been subscribed to date. The two precinct workers reporting to date include Bovina and Lazbuddy. Bovina has turned in \$186.00 and Lazbuddy has accounted for \$110.55, Williams stated.

Pointing with pride to the record that Farmer County has always maintained in meeting its Red Cross quota, Williams was not discouraged about the outcome, but did insist that subscribers see the solicitors in their respective communities and make their contributions at once.

Bureau Directors Have Meeting In Bovina

The board of directors of the Farmer County Farm Bureau held a business session in Bovina last Saturday night. Among other business, revision of county funds was made, it was announced by Charley Thompson.

Tuesday, March 15, was the deadline for Blue Cross hospitalization membership. The accurate number of subscribers is not yet available, but officers are well pleased with the reception of the plan. Such hospital insurance will be offered again next year to Bureau members.

Important Dates Are Announced at School

Coming events for the next few weeks at the Texico school were posted this week by Supt. B. A. Rogers, who advised patrons to mark their calendars in advance.

March 18th has been announced as the date for the annual Father-Son banquet of the FFA department, while on March 25th school will be closed in order that local faculty members may attend the yearly Eastern New Mexico teachers' meeting, to be held in Tucuman.

The junior-senior banquet will be held at La Vista, in Clovis, on April 5th, and on Friday night, April 8th, the seniors, under the direction of Mrs. Gladys Prescott, will present their spring play.

Also dated for the second weekend in April is the spring meeting of FFA groups at State College in Las Cruces, with Instructor F. D. Stout grooming his boys for participation in these activities on April 7-8-9.

The Curry County girls' volleyball meet will be held in Texico April 15-16, and the spring track and field meet will be held for county participants on April 23rd, in Clovis.

Sears Contest Open To County Clubbers

Boys who are interested in securing registered swine under the auspices of the Sears Foundation are advised this week by County Agent Ollie Liner that the contest is open to Farmer County 4H clubbers again this year.

Competition is open to all members of 4H clubs, with the entrants to submit essays of not over 500 words on "Why I Chose A Pig For My Demonstration". These essays must be in the office of Agent Liner by April 1st.

Knowledge and ability in swine care also contributes to awarding of the pigs, Liner continued.

Eight registered Chester-White gilts and one registered Chester-White boar will be awarded in the county, with the winning clubbers receiving their animals on May 15.

150 Attend Chamber Commence Feed

Saturday Is Show Day For Clubbers

Winter Plays Return Engagement Tuesday

Following a period of balmy weather that brought forth swollen fruit tree buds and some blossoms, on apricot trees and early-flowering bulbs, Old Man Winter staged a return engagement over this section Tuesday and Wednesday, bringing below freezing temperatures along with considerable ice.

The cold snap arrived here late Monday night and continued throughout Tuesday and that night. Thermometer readings, which have run as high as the low 60s the past several days, took a plunge with the arrival of the cold front and registered an even 20 degrees early Tuesday morning, climbing to the low 40s by mid-afternoon.

Wheat fields, which have been putting on rapid growth the past three weeks, are not believed to have been advanced far enough to suffer damage from the extreme cold. The thing that is giving the wheat growers the most concern of late has been the appearance of a hard caked top soil. This is particular evident in the tight lands of this section, with little evidence of this hardening in the more sandy soils.

Many wheat farmers over the county have been using harrows and Hovers in an attempt to break the hard crust in their fields.

Travis Brown reported an experience that is fairly common among the wheat farmers on tight lands. He said that he drove his car out across his wheat, and "It was just like riding on pavement." This condition of the soil, coming after two months of alternating freezing and thawing that generally produces a puffy condition of the top soil, is something entirely new in this area and has growers guessing as to what effects it will have on the wheat. Nobody seems to have the answer, but all agree that a good rain on the cloddy surface of the ground would be beneficial.

Bus Company Seeks Permit To Operate Farwell To Dimmitt

The Chisholm Motor Coaches Co. of Wichita Falls has applied to the Texas Railroad Commission for a permit to operate motor coaches from Farwell to Dimmitt, via Bovina, it was learned here on Monday when the transit company asked and was granted approval of the application by the Commissioners Court.

It is understood here that the company is now operating motor coaches between Dimmitt and Wichita Falls, and is seeking permission to extend service to Farwell in Texas and on to Clovis in New Mexico.

Under the permit now being sought, six buses would operate daily between Clovis and Dimmitt, with three traveling east and three west.

Should the application be granted by the Railroad Commission, it appears likely that the service would be inaugurated upon the completion of paving Highway 86, for which the contract has been let, between the Farmer County line and Dimmitt.

Move Rhea Buildings To Bovina School

The teacherage and small school building of the old Rhea school have been moved to Bovina, where they will become a part of the Bovina school system.

The teacherage was moved in last week, and will be used to house the veteran's ag class. The Rhea school building was brought in on Tuesday and will be converted into a laboratory for the home economics class.

TO BUILD HOME

Ed Hardage is expected to start construction on a new and modern home in south Farwell at an early date. It will be located at the end of the pavement on South Third Street, just across the street east of Mrs. J. D. Thomas' home.

Parcel Post For Berlin Banned

A directive from the Postoffice Department, effective immediately, has banned all parcel post packages of mail addressed to persons in Berlin, Germany, it was announced here today by postal officials.

The ban is effective on all parcels going to all sectors of Berlin. Reason for discontinuance of parcel post to the German city was given as "technical difficulties."

Packages mailed recently to Berlin will be returned to the sender, it was learned.

Commissioners Meet Highway Official

Members of the Farmer County Commissioners Court are in Lubbock today (Wednesday) in conference with District Highway Engineer McCarty regarding road improvements for this county.

During recent weeks considerable thought has been given road building programs in the county, and there is some sentiment favoring calling a bond election for the purpose of financing farm-to-market roads. County officials are conferring with McCarty with the view of getting his opinion as to how far the State will go in such a program.

Road committees from the Farwell, Bovina and Friona Chambers of Commerce have been working out desired routes in the county for farm-to-market projects for some time, and it appears likely a county-wide road building program will be submitted to a vote in the not too distant future.

Tharp Building Three New Homes in Texico

In order to have homes for the large crew of workmen he has employed at the Tharp Machinery Co., N. L. Tharp has three new homes under construction in northeast Texico at the present time.

These are in addition to a number of houses he has moved in during the past several months to accommodate his workmen.

FFA Teams Groom For District Contests

Teams representing the Texico FFA department will be at Portales next Saturday, April 26th, when the district judging contests are to be held, it was announced today by F. D. Stout, school ag director.

The Texico boys will make up teams on livestock, dairy, poultry, crops and farm machinery contests, he added. At the conclusion of the judging, the boys and their sponsors will be honored with a banquet by ENMC.

Next month, April 7-8-9, will see the yearly state contests at Las Cruces, and teams from this school will also attend that meeting. In addition to the judging contests set up for the district, parliamentary procedure judging will be held at Las Cruces.

Support your local Chamber of Commerce.

School Trustee Elections, April 2

County Judge A. D. Smith, who is ex-officio county school Superintendent, today called attention to the approaching date for the selection of school trustees for the schools of the county, which comes on April 2nd this year.

In addition to electing school trustees for the various schools of the county, three county trustees are to be named at the same time. The terms of J. I. Gober, J. L. Shaffer and O. W. Rhinehart as county members, thus far, only one nomination has been filed for place on the county trustee ballot. A petition from Bovina

Saturday, March 19th, will be a big day for Farmer County 4H and FFA club members, for on that day the spring fat stock show—open only to actual clubbers—will be held in the Friona FFA stock barns, at Friona.

County Agent Ollie Liner and J. T. Gee, of the Friona ag department, who are serving as general superintendents of the show, stated early this week that indications were that the show would be one of the best in several years. With the show stalls now being housed inside the barn, out of the open good entries are expected regardless of weather.

All entries must be in the show barns by 10 o'clock Saturday morning, and boys who plan to enter fat hogs are asked to have their animals at the barn by 6 o'clock Friday evening, in order that they may be weighed and tagged.

With L. M. Hargrove, of Lubbock in charge, the judging is to begin at 11 o'clock, and open gilts will be rated first. Calves will be judged immediately after noon, followed by an auction sale which is slated to begin at 2:30, with Auctioneers Diederich of Farwell and W. H. Flippen of Friona, handling the sales.

Agent Liner estimated that 18 calves would be entered, with two oddities—Brahmas—included; 45 barrows are expected, 45 open gilts and around 15 beef type heifers. In addition to ribbons, cash prizes will be presented, officials added.

Aged Texico Resident Is Buried In Kansas

Funeral services for Alburthus J. Bagley, 71-year-old Texico resident, were held at the Peace Creek Church of Christ, in Kansas, Tuesday afternoon, after the body had been taken there by the Steed Funeral Home of Clovis.

Mr. Bagley, who had made his home in Texico for the past four years, died in a Clovis hospital Friday night after a very brief illness. He was removed to the hospital at 4 p. m. Friday and passed away about four hours later of a heart ailment.

Mr. and Mrs. Bagley were married on May 18, 1898. They came to Farwell in 1938, and for some few years he was engaged in farming, moving to Texico four years ago.

Of his immediate family, he is survived by his wife, Georgia; one son, D. W. Bagley, Texico; one daughter, Mrs. Carl McCully, Texico. Other survivors include one granddaughter, Mrs. Bert Bernstein, Wichita Falls, and one great grandson, Kenneth Bernstein, Wichita Falls; two brothers, H. B. Bagley, Stafford, Kan.; B. H. Bagley, Zenith, Kan.; and one sister, Mrs. L. M. Marshall, Fresno, Calif.

Mr. and Mrs. D. W. Bagley and Mr. and Mrs. Carl McCully, all of Texico, accompanied the remains to Kansas for the burial.

Curry County School Masters Hold Meeting

The Curry County school masters will meet in their regular meeting at the Center school, just south of Clovis, on Thursday night, March 17th.

Business matters pertaining to the schools will be the topic of discussion and dinner will be served at the close of the meeting.

Supt. B. A. Rogers, and Coach C. E. Sanders both of the Texico school are making plans to attend this meeting.

One hundred and fifty local residents and visitors attended the Chamber of Commerce banquet at the Farwell school cafeteria Tuesday night, which was prepared by the Parent-Teacher Association and served by the high school girls.

Highlight of the occasion was the appearance of Johnny Lynn (Unkle Jake) of Radio Station KGNC in Amarillo, who devoted most of his time to entertaining the crowd with a good collection of antics and jokes to the amusement of all present.

President C. M. Henderson presided as toastmaster, and called for reports of various committees of the CC for the progress being made in their assignments.

H. Y. Overstreet, reporting for the committee on rural telephones, said that he had contacted L. C. Gracey, manager of the Mountain States Telephone Co. in Clovis, and was informed that rural telephones out of Farwell were well within the realm of possibility. Estimating the cost of constructing the lines at \$300.00 per mile, Gracey said that the cost of service to the patron would run 50¢ per month where the patrons provided the communication lines; and \$1.00 per month where the telephone company builds the lines.

Sam Aldridge, reporting on the duties of the inter-community relations committee, outlined the objectives as a program to "coordinate the efforts of the entire county" in working for worth while programs. "We've got to realize that the progress of any community helps the entire county," Aldridge said.

W. L. Edelman, president of the Friona Chamber of Commerce, added to this thought along the same line, by declaring "We've got to present a solid front," when he referred to road construction programs of the county.

Speaking for the roads committee, H. Y. Overstreet said the Friona, Bovina and Farwell Chambers of Commerce had under consideration at the present time a road building program that calls for 140 miles of farm-to-market roads in the county.

Farwell Farm Bureau Is Organized Friday

A Farm Bureau chapter for the Farwell community was organized last Friday night, when a good number of interested farmers met at the school building.

Ben McAlister, of Roosevelt county, was among the guests present, and spoke to the group on the work and program of the Farm Bureau.

Alden Henderson was named as president of the local group, with Ed Meeks as vice president and Harold Carpenter as secretary-treasurer.

After the business was disposed, a social hour was enjoyed and refreshments were served.

Pastor To Preach At Revival Services

Rev. O. O. Holladay, pastor of the Texico-Farwell Baptist Church, today announced that he would do the evangelistic preaching for the 10-day revival at the local church, scheduled to begin on Friday, March 25.

Rev. Oliver Riley, Baptist pastor at Lela, Texas, has been asked to have charge of the song services. On week days, services will be held at 10 a. m., and 8:00 p. m., with the Sunday services at the regular hours.

A special feature of the revival will be nightly sessions of Sunday school classes, which will be held immediately preceding the preaching hour. The public is invited to attend any and all services.

Judge Smith, one bearing eight nominees and the other 14 candidates. One petition nominates the following men: Joe Wilson, Jack Woltman, M. I. McFarland, E. B. Caldwell, Reagan Louney, George F. Trimble, M. E. Ezell, Sam Sides.

The other petition from Bovina nominates: T. F. Taylor, Emmett Tabor, Bryon Turner, Buck Ellison, W. E. Verner, H. W. Alderson, David Carson, Jess Walling, J. C. Denney, Eddie Redden, Vernon Estes, Rural Barron, Elmo Dean and Johnnie Glover.

Health Notes

By Texas Department of Health

AUSTIN—Contrary to the popular belief that pyorrhea is always incurable, this is only true in the most advanced cases, according to Dr. Geo. W. Cox, State Health Officer. His advice to persons who even suspect the presence of pyorrhea is to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

“Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment. Since the symptoms are often so vague that the patient is un-

DR. B. R. PUTMAN
OPTOMETRIST
Muleshoe, — Texas

aware of having pyorrhea,” Dr. Cox said, “regular visits to the family dentist are extremely important in the control of this disease.”

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

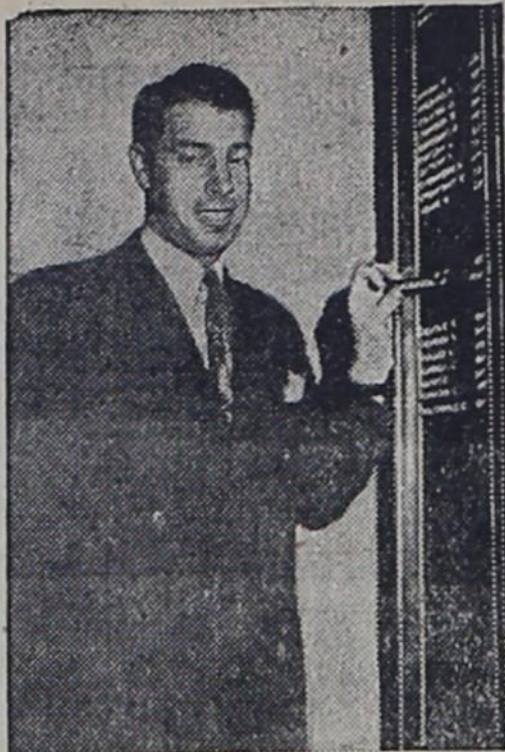

The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine care of the mouth by the patient will help to effect a fairly quick cure in the majority of early cases.

A Green Stew For St. Patrick's Day

Every year about this time the newest thing in stews is a lamb stew for the St. Patrick's season. This year have your stew more Irish than ever: Make it green in color to symbolize the wearin' of the green.

It's easy to get color into stews, says Reba Staggs, home economist, though green is only one choice. To make lamb stew truly typical, add sizeable chunks of green pepper and canned or cooked peas or beans near the end of the cooking time. Not only will the color add to the appearance of the stew but these vegetables will also add to the flavor.

The most important thing is to make sure the lamb stew is at its best. Select meat from the shoulder, breast or shank of lamb and have it cut into 1-inch pieces. Or you might buy lamb riblets and have a riblet

CLIPS YANKEES... It was "Yankee Clipper" Joe DiMaggio, who lived up to the title, when he drew down on the Yankee ball club management for a reported salary of \$90,000.

Brown the meat slowly on all sides in hot fat (if you like, you can add a cut garlic clove to the fat in which the meat browns, through this is a Greek innovation!) If you prefer an unbrowned lamb stew, omit this step.

When the meat is thoroughly browned, cover it with liquid, and season with salt and pepper. Cover the utensil closely and cook, over low heat, until tender—remember that a stew should always simmer, never boil. About 1½ to 2 hours are required to make a lamb stew tender.

Vegetables added near the end of the cooking time can be as colorful and varied as you please. If you want an orange and yellow stew for April use carrots, rutabagas and sweet potatoes. An all white stew, of course would have potatoes, onions and turnips.

Canned Meats Suitable For Everyday Meals

Take time right now to survey that certain shelf you save for packaged items. If its stock are low, make a list and replenish it the next time you shop.

Rather than save the foods on this shelf exclusively for emergencies, plan some of your meals around them. You'll find this especially easy if you can depend on some of the canned meat items. For example, Vienna-style sausage makes hot, hearty, potato soup a meal in itself. Just cut the sausages and float the slices, suggests Reba Staggs, home economist. Of you might top baked stuffed potatoes with some of the new cocktail-size frankfurters complete with barbecue sauce.

Roast beef, stews and pot-roasts even come in cans nowadays, and think of the time you can save yourself by serving them. Meat balls and gravy, perfect for serving over rice,

are another good choice.

When guests come and your shelf does become an "emergency" shelf, fold deviled ham into a soufflé to serve with a tossed salad. This meat, with some of the other canned meat spreads, such as potted meat or liver

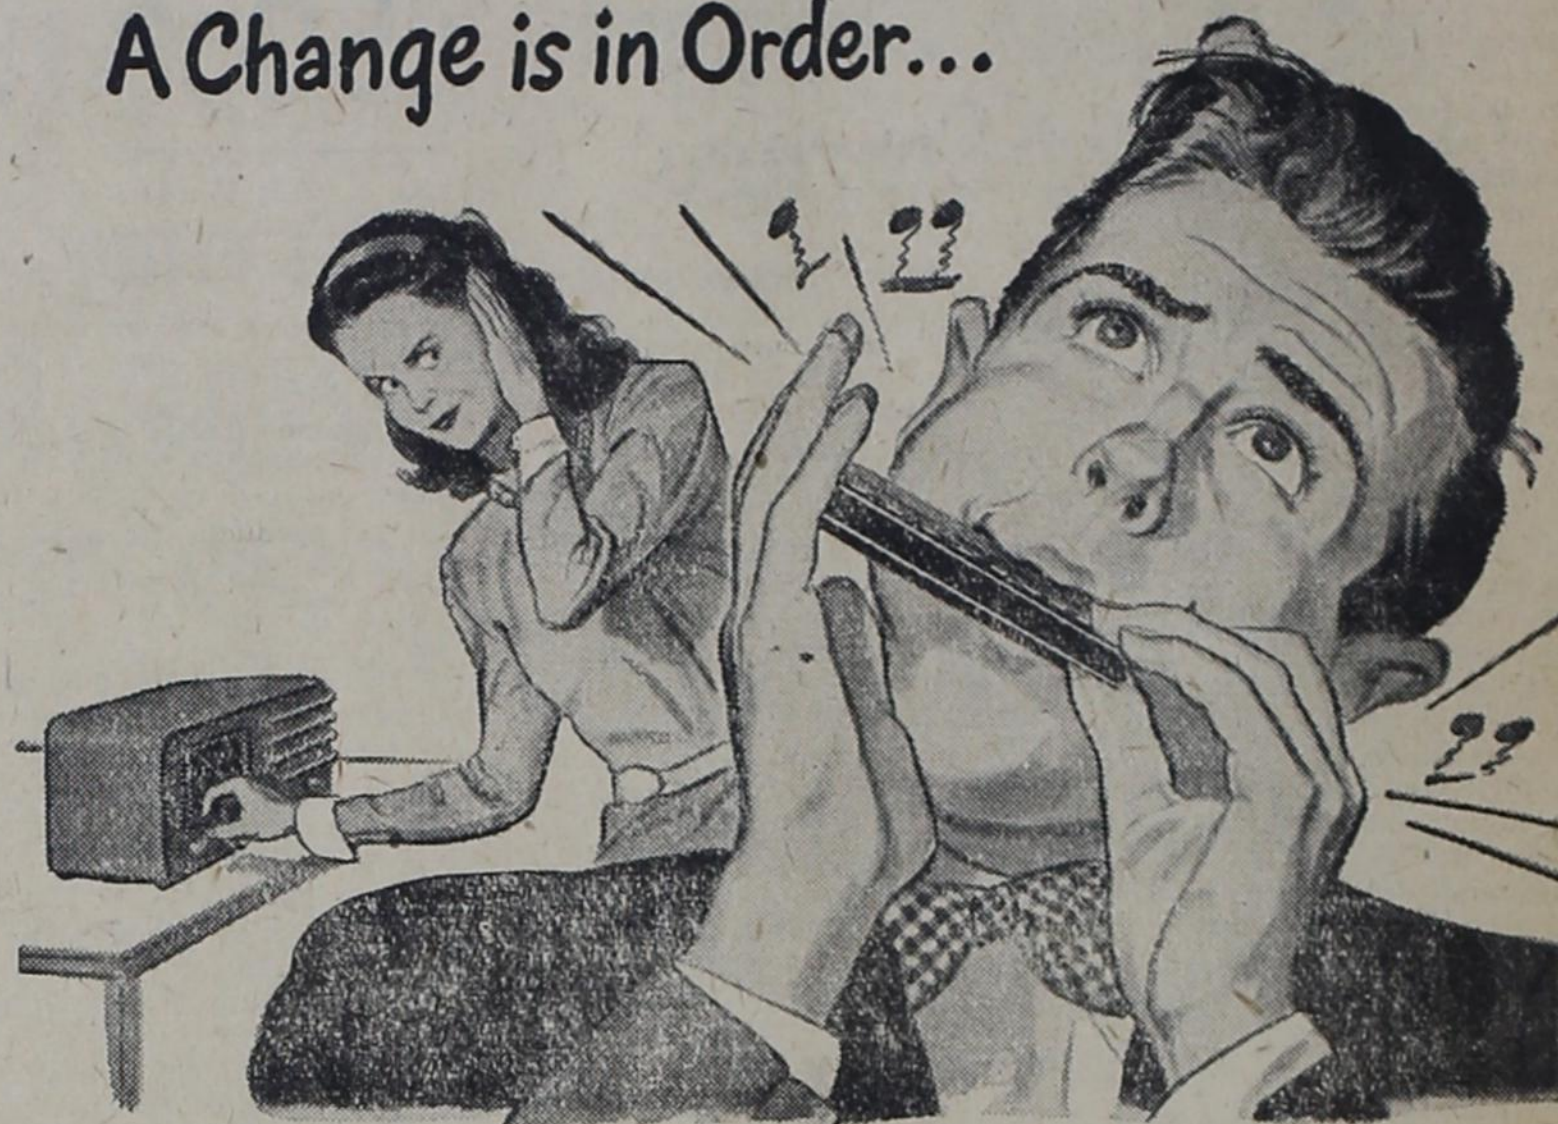

spread, is an excellent base for a sandwich spread.

BROWN WILL DEDICATE \$200,000 POST ANNEX

LANCASTER, —National Com-

mander Perry Brown of The American Legion, will be in Lancaster, March 20, to dedicate the \$200,000 addition to the clubhouse of Fairfield Post 11. The Lancaster Eagle Gazette is planning a special 80-page edition for the event.

Every Day—12 million

More than 12 million times a day, the people served by this Company reach for their telephones to make or answer calls. That's a lot of big or little jobs accomplished by telephone—a useful service of great value.

To a businessman, telephone calls mean time and money saved; for a housewife calls save countless trips. In emergency the value of the service can't be measured. The telephone's cost is small in proportion to the job it does.

THE MOUNTAIN STATES TELEPHONE & TELEGRAPH COMPANY

More Children Take Part In Community School Lunch Plan

The number of Texas school children taking part in the community school lunch program has jumped 13 per cent above a year ago.

This announcement came today from M. F. Thurmond, school lunch director, State Department of Education.

Latest count shows 293,136 children are eating lunches daily in 2,314 schools. About 72 per cent are served Type A lunch with milk.

Since last July, USDA's PMA, in cooperation with 79 county school superintendents throughout the state have distributed to the schools about 336 carlots of farm products, most of which were bought from farmers under USDA's price support program. Major foods are dried eggs, dried and canned fruits and Irish potatoes.

In addition, PMA has also purchased other foods which children need for a balanced meal. Included are cheese, dried milk, canned tomatoes, tomato paste and orange juice.

"The school lunch program continues to be an ever increasing outlet for a lot of farm products which are not being absorbed through regular trade channels," Thurmond emphasized.

He added that this is one of the

reasons for the joint sponsorship of the national school lunch program by the USDA and the State Department of Education. It is essentially a community project with the state government matching funds put up by the federal government and looking after foods received from USDA.

This partnership makes it possible to shift plentiful foods into areas where these foods are less plentiful. For instance, Texas school children are benefiting from raisins, prunes and peaches grown in other parts of the country, he explained.

Cattle Prices Will Be Convention Topic

Cattle prices expected in the coming year based on beef production and human consumption will be discussed by R. J. Eggert, director of marketing, American Meat Institute, Chicago, at the 35th Annual Convention of the New Mexico Cattle Growers Association, in Albuquerque, March 27, 28 and 29. "Advance hotel reservations already made indicate that more than three thousand cattlemen plan to attend the event," said G. W. Evans, Magdalena, president.

Under the title "Future of the Cattle and Beef Industry," Eggert will reveal trends in meat consumption as compared to production of beef animals which will determine the cattle market in 1949.

In an advance release on the subject, Eggert indicated more hams and pork chops and better steaks are on the way for American families "but most of the increase will be delayed until the latter part of 1949. Total meat production in 1949 is expected to be about 400 million pounds or two per cent larger than in 1948," he said.

"Wholesale meat prices in the U. S. have decreased 22 per cent from the peak of last summer, reflecting a seasonal increase of meat supplies on prices," Eggert continued. "Lard prices are off 50 per cent from January 1948 peak."

Another matter to be covered by Eggert is "increased concern developing over the effect which the future price support program of the government may have on the livestock and meat packing industry. The primary reason for this growing concern is the possibility of a distorted price relationship between the government's support on various feed products especially corn, and the support, or lack of it, as related to livestock" Eggert will appear on the convention program the afternoon of Monday, March 28.

AT SAN MARCOS

SAN MARCOS—Cecil Dykes of Farwell is among the 223 new students enrolled at Southwest Texas State Teachers College for the spring semester. Despite the decrease in veteran enrollees this year, the spring semester registration total reached 1737, the highest in the history of the college.

Women Know The Best In Cooking Utensils

COLLEGE STATION — Women know what they want in cooking utensils.

For the third consecutive year, discussion groups held by women's clubs, parent-teacher associations, home demonstration clubs and similar organizations have cast their votes for the most desirable features in cooking utensils—and they voted for just about the same characteristics each year.

The project, sponsored by the American Home Economics Association under the title "The Consumer Speaks", counted the votes of nearly 10,000 homemakers.

Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College, reports on the features the women would like to have in their pots and pans. One of the most attractive assets would be a heat-resistant handle that can be grasped firmly without the bother of using a pot holder, she said.

Other desirable features include a flat bottom, straight sides, rounded edges, bottom without grooves, material that retains heat and heats evenly, heavy weight, good balance to prevent tipping, lips on each side for pouring, and durability.

"Homemakers would like to see removable handles that won't turn in the hand," Mrs. Claytor said, "and

some sort of provision made for hanging the pan by the handle. And, too, they like to have tight-fitting covers and heat-resistant knobs on the lids."

The voters included both new groups and repeaters, according to Dr. Enid Sater, household equipment specialist of the Bureau of Human Nutrition and Home Economics, and member of the sponsoring AHEA committee.

Orthopedic Clinic To Be Held April 30th

Plans have been completed for Khiva's second annual orthopedic diagnostic clinic, according to announcement by John R. Armstrong, Potentate's Aide for Farwell, from Khiva Temple.

The clinic will begin at 9 o'clock in the morning, Saturday, April 30, in Khiva Temple, Fifth and Fillmore, in Amarillo, and continue through the day with orthopedic specialists conducting the examinations. Paul M. Clauser is clinic chairman, a position in which he served for the 1948 clinic. At that time 77 children were examined.

"Anyone interested in having their children attend the clinic is asked to contact me at once," Armstrong stated. "Children under 15 years of age are eligible for the clinic, regardless of race, creed, or color."

Application forms must be filled out for eligible children. There is no charge for the application of the examinations. Lunch will be served at the Temple at noon for the children, their parents or guardians, and all those assisting with the clinic, said Armstrong.

DONATES TO LIBRARY

CANYON—John H. White, prominent Berger lawyer, has donated two volumes of "Vernon's Texas Statutes, 1948", to the library at West Texas State College. An ex-student of the college, he once worked in the library here. He has given numerous law books to the library in the past.

Bombing Range Comes Up For Discussion At Cattlemen's Meet

An advance guard of 200 cattlemen will arrive in Albuquerque on March 26th to "thrash out the Alamogordo Bombing Range" matter, according to G. W. Evans, Magdalena, president of the New Mexico Cattle Growers Association. They will meet a day before the annual convention of the state livestock organization—March 27-28-29—to lay a strategy program to protect ranches and home involved in the vast Army land acquisition program.

"Our prediction that the Army plans to split New Mexico in half through establishment of a permanent guided missile range 35 miles wide, and stretching completely across the state, now appears to be correct," Evans said, referring to a bill passed by the House Representatives which provides an appropriation of \$75,000,000 to set up a 3,000 mile range reaching from White Sands, N. M., to the Pacific Coast.

Purpose of the Albuquerque meeting will be to lay plans for united effort to oppose abandonment of the area and resulting loss to the state, Evans continued. "Most ranchers now producing cattle in this area have expressed the desire to continue ranching operations and take their chances as to damage by falling missiles," he said. The double-headed rocket fired from White Sands this month, which went 250 miles high, has not yet been found. At present, 112 ranch families produce approximately 40,000 cattle and 30,000 sheep on the area.

"People on the bombing range are anxious to establish sound national defense measures, however, they feel the Army Department should offer fair payment for condemned lands. Negotiations of the Real Estate Division of the Army during the past 4 years have been grossly unfair. In several cases lands have been acquired for as little as 10 per cent of the actual rental or sales value. This is not just a problem of the livestock industry, but is one which affects every citizen in New Mexico. Our state stands to suffer loss of two through-state highways, mineral and grazing rights on 1-25th of the state, and tax resources which run into millions of dollars annually," Evans said.

Mrs. Edgar Campbell and daughter, Linda, of Hollene, N. M., visited the past Friday in the home of her mother, Mrs. Albert Thomas, in Texico.

Visitor: "Do you like reciting, dear?"
Child: "Oh, no, I hate it really. But Mummy makes me do it when she wants people to go."

Easter Service Slated For Wichita Mts.

LAWTON, Okla.—The year has come which many persons have foreseen and dreaded—that in which the famed Wichita Mountain Easter Sunrise Service must be presented without the direction and inspiration of its founder, the late Mark Wallock.

Rev. Wallock, the quite little minister whose spirit possessed more power than many combined purses and intellects, passed away a few weeks ago—just as time was at hand to begin thinking of the 1949 Easter service, to be held April 17.

"The Prince Of Peace" is the theme and title of the 1949 service which as always depicts the life, death, and resurrection of Christ. This year's production, automatically, has been dedicated to the memory of the founder of the service.

"The Lawton Story," a Hollywood production featuring the Wichita Mountain Service, will have its world premiere in Lawton, April 1. Proceeds from the premiere and subsequent showings promise to go far toward putting the great religious service on a sound financial basis—something which it has never as yet enjoyed. During all of Rev. Wallock's 25-year career with the service, it lived only a hand-to-mouth existence.

Organ music, long a desire of the late director, will be heard from the mountainside for the first time this year. An Oklahoma City firm has offered to provide both an organ and an accomplished organist.

Choir music, always impossible

because of limited housing and sound facilities at Holy City, will become a reality in 1949. An Easter choir, under the direction of Mrs. Dorothy Bell and Morgan Roberts of Lawton, will soon begin rigorous practice. Rainbow girls from various cities in Southwestern Oklahoma have volunteered to take part in the service.

"The Prince of Peace" will contain 59 scenes. A music hour will begin at 12:00 midnight. The service proper will last from 4:00 a. m. until sunrise.

BUILDING DELAYED

Mr. Martin, manager of the Cicero Smith Lumber Co., at Bovina, was a business visitor here last Friday and stated that the long-delayed building program of the Cicero Smith Co. has been postponed again indefinitely.

Plans were announced some several months ago for a new lumber yard, to be located north of the Santa Fe tracks in Bovina. The date for starting construction had been set for early this spring, but Martin said Friday that inability to secure experienced workmen forced the building plans to be postponed.

"Maybe we'll get started in the fall," Martin opined.

CALLED TO GREENVILLE

County Commissioner W. S. Menefee was called to Greenville the first of the week by the illness of his mother, who is past 80 years of age.

Tribune job printing is best.

Local Happenings

Hallman-Harding Rites Are Read In Missouri

Wedding vows for Mrs. Dorothy Hallman and Warren G. Harding, both former local residents, were read in the home of the bride's mother, Mrs. Rupert Paul, in Carthage, Missouri, the past Saturday, March 12th, at 3 o'clock.

Dressed in blue with pink accessories and a matching corsage of carnations, the bride was given in marriage by her brother, Jerry Paul, of Texico. Attending as matron of honor was Mrs. Jerry Paul, who wore light blue and also had a carnation corsage. George Paul, brother of the bride, served as best man, and little Miss Paula Hallman was the flower girl.

Mrs. Paul, mother of the bride, wore a black crepe dress with a red carnation corsage, while Mrs. N. R. Harding, mother of the groom, was dressed in brown and also had a red carnation shoulder corsage.

Following the lovely double-ring ceremony, an informal reception for the twenty-five guests was held in the Paul home, with Mrs. Young, of Carthage, presiding at the punch bowl. Mrs. W. J. Matthews, of Texico, aunt of the groom, assisted in serving the cake.

Both young people are well-known in this locality. Mrs. Harding, daughter of Mrs. Rupert Paul and the late Rupert Paul, of Carthage, formerly lived here, and is a graduate of the Texico high school. Before the Paul family moved to Missouri, she was employed in the Aldridge & Aldridge office in Farwell.

Son of Mr. and Mrs. N. R. Harding of Texico, the groom was also a local graduate. He spent several years in the Navy and afterward returned here as a member of the Texico school faculty. Currently he is doing work on his Master's degree at Texas Technological College, in Lubbock, where the couple is at home.

Attending the wedding from here were Mr. and Mrs. Jerry Paul, Mrs. W. J. Matthews and Mrs. N. R. Harding, all of Texico, and Mrs. Ed McDaniels, of Clovis. They returned here Monday night.

WCSA Holds Regular Meet Wednesday

The Womens Society of Christian Service, of the Methodist Church, held its regular monthly meeting in the basement of the church on the past Wednesday afternoon. Mrs. W. H. Graham, class president presided over the meeting.

During the business session, delegates were elected to attend the conference of the Womens Society of Christian Service and Wesleyan Service Guild to be held in Roswell on April 4, 5, and 6. Mrs. Grace Sanders was elected as delegate and Mrs. Harvey Carrell as alternate delegate for the WCSA.

After the business meeting, Mrs. Carrell conducted a Bible study on "Newness of Life."

At the close of the meeting refreshments were served those present.

Piano Students To Present Recital

Mrs. Florence Millwee Vinyard, local piano instructor, announced today that she would present a number of her piano students in a class recital, next Monday night, March 21st.

The recital will be given in the Hamlin-Memorial Methodist Church and is slated to begin at 7:45, Texas time. All local music lovers are cordially invited to attend.

Musical Students Give Unusual PTA Program

Music students from Eastern New Mexico College, Portales, presented an exceptionally interesting and unusual program last Thursday night, appearing as guests at the regular meeting of the Farwell Parent Teacher Association.

Two groups participated in the program. "The Ballad Singers", newly-formed organization of the college, made their debut before local people, and sang a variety of numbers. The college Sinfonietta made up of ten students, also presented several selections.

Miss Gillian Buchanan directed the Sinfonietta, and Joe I. Myers, voice instructor at the college, was in charge of the singers. Members of the ballad group included three local young people, Misses Jean and Peggy Rogers and Charles Felts.

Following the program, which was presented before a large crowd in the auditorium of the school, hostesses of the evening entertained at a social hour in the homemaking department. Carrying out a St. Patrick's Day motif, decorations of green and white were used, with shamrocks as plate favors.

During the business session, new officers were elected, as follows: president, Mrs. Louis Purvis; first vice president, Mrs. Sterlyn Billington; second vice president, Mrs. Tom Foster; third vice president, Mrs. Everett Christian; secretary-treasurer, Mrs. Loyd Cain; publicity chairman, Mrs. Jack Williams; membership chairman, Mrs. Harold Hillock; and parliamentarian, Roy E. Cook.

Father-Son Banquet Comes Friday Night

The annual Father-Son banquet of the Texico FFA department will be held in the ag building of the school on Friday night of this week, March 18th, Instructor F. D. Stout reported today.

Arrangements were not complete the first of the week, but a special guest speaker from the Merritt Mills will be on hand. James Harding is to serve as toastmaster for the banquet, which will be prepared and served by the homemaking girls of the school, under the direction of Mrs. Jimmie Allman.

Two honorary degrees will be conferred during the evening, officials added. Some fifty members and guests are expected to attend.

Special Film Coming Wednesday, Mar. 23

Rev. O. O. Holladay, pastor of the Texico-Farwell Baptist Church, today announced a special program at the church on Wednesday evening, March 23rd, at which time a sacred picture, entitled "The Missing Christian", will be shown.

The film consumes about one hour and fifteen minutes, and Rev. Holladay says it is a picture every one should see. The public is invited.

Guest Of Parents

Cadet Ernest Lokey, student at Wentworth Military Academy in Lexington, Missouri, arrived home the past Friday to visit with his parents, Mr. and Mrs. E. F. Lokey. Lokey was one out of 30 students who were granted a week's furlough for his outstanding work in the academy, and was admitted to the Honor Society. He plans to leave on Thursday to return to Lexington.

Miss Billie Hall, who is employed in Amarillo, spent the weekend in Farwell with her parents, Mr. and Mrs. W. W. Hall.

Texico Basketeers Feted With Banquet Tuesday Night At School

The Texico basketeers were feted with a banquet on Tuesday night, March 15th, in the lunch room of the Texico school.

Miss Graed McDaniel acted the part of Toastmistress, while Buddy Pearce was Toastmaster. Mr. R. B. McAlister, of Radio Station KICA, was guest speaker, being assisted by Supt. B. A. Rogers, and Coaches C. E. Sanders, and F. D. Stout.

The banquet table was spread with a lovely chicken dinner, with all the trimmings, and deserts of ice cream and cake to make the meal complete.

Squad members are: Grace McDaniel, Peggy Sue Caldwell, Norma Lee Sanders, Claudine Bridges, Jerald Doolittle, Patsy Doshier, Violet Curry, Margie Reed, Pat Engram, Jo Beth Engram, Coeta Roth, Neva Sparks, Bobbie Don Allred, Tommie Virgil, Janie Moss, Wayne Tucker, Vernon Blain, Kenneth Bridges, Buddy Pearce, W. O. Reed, Ronald, King, Ansel Doolittle, John White, Beal Stewart, James Harding, Jim Billington, Jimmie Doshier, Lacy Gant, Arley Crook, T. W. Parton, and David Houghtelling.

Others present were Mr. and Mrs. R. B. McAlister of Clovis, Supt. B. A. Rogers, Coaches C. E. Sanders, and F. D. Stout, and the hostesses for the evening, Mrs. F. D. Stout, Mrs. Stanley Stewart, Mrs. C. E. Sanders, Mrs. B. L. Harding, Mrs. Ed Engram, Mrs. C. C. Curry, and Mrs. Les Means.

Visit In Albuquerque

Mr. and Mrs. Howard Mayfield and daughter, Peggy, of Friona, and Mrs. Woodrow Lovelace and daughter, Diane, of Farwell, returned to their homes Sunday after a weekend visit in the home of Mr. and Mrs. E. E. Wilder, in Albuquerque. Mrs. Keith Blackburn and daughter, Jill, of Farmington, joined the local people in the Duke City for a visit.

Leave For California

Mr. and Mrs. Loyde Brewer and son, Byron, of this city, accompanied by Mrs. C. L. Vestal and Mrs. Ida Merrill, both of Friona, left here Tuesday for San Diego, where they will visit in the home of Mrs. O. F. Bell. They plan to be gone two weeks, and will visit relatives enroute to their destination.

Here On Wednesday

Charles L. (Junior) Crume spent last Wednesday night in the home of his father, C. E. Crume, in Farwell. Crume, who is employed with a construction company in Missouri, recently sustained leg injuries while on the job, but is reported improving. He had come to Morton on company business and made the trip here to visit relatives before returning to Missouri.

Are Visitors Here

Mr. and Mrs. Billy Bob Drace and daughter, Mona Lynne, of Abernathy, visited in the homes of relatives and friends in Texico last weekend. Mrs. Drace and Mona Lynne remained until Tuesday, being accompanied to Abernathy by her sister, Miss Mildred Moore, who will spend a few days there.

Back To Dallas

Miss Evelyn Brown, student at Baylor University in Dallas, who has been visiting in the home of her parents, Mr. and Mrs. J. D. Brown, in Texico, returned to Dallas Sunday.

Mrs. Vinyard Hostess To Wesleyan Guild

The Wesleyan Service Guild of the Texico-Farwell Methodist Church met in the home of Mrs. W. W. Vinyard, the past Wednesday night.

Mrs. Hayden Cason, program chairman, was in charge of the meeting, and introduced the guest speaker, Mrs. H. H. Williamson, of Clovis.

Mrs. Williamson in turn gave a very interesting discussion on "Hawaii", and the Christian missionary work being done there.

Mrs. Williamson is president of the Toastmistress Club in Clovis.

After the discussion, the class president, Mrs. Lenora McDermitt presided over the business session. Mrs. Harvey Carrell was elected as delegate to attend the annual conference of the Wesleyan Service Guild and the Womens Missionary Society of Christian Service, to be in Roswell on April 4, 5, and 6. Mrs. Hayden Cason was elected alternate delegate.

Immediately following the business meeting, lovely refreshments of ice cream and cake were served by the hostess. White napkins with a Shamrock in one corner, carrying out a St. Patrick's Day motif, were presented each lady.

Those attending were: Mesdames Hayden Cason, Ellen Wurster, Woody McDermitt, M. C. Roberts, Joe Camp, W. H. Graham, Loyde Brewer, H. H. Williamson, Dick Walker, and the hostess, Mrs. W. W. Vinyard.

Marry On Friday

Miss Madine Benson and S. M. Grubin both of Clovis, were married in Farwell by Justice of the Peace Jess Newton, on Friday, March 11th, records at the office of County Clerk Loyde Brewer reveal.

Here On Sunday

Sunday guests in the home of Mr. and Mrs. C. A. Cassidy were Mr. and Mrs. T. J. Reeves and family, of Plainview; Mr. and Mrs. James Barfield and family, of Quitaque; Mr. and Mrs. Doyle Cummings and Mr. and Mrs. E. H. Cummings, all of Friona.

Son Is Born

Mr. and Mrs. Charley Thompson announce the arrival of a son, on Monday morning, March 14th, at the Farmer County Hospital in Friona. The young man, named Preston Patton, weighed in at 8 lbs. 2 oz.

Visits Friends Here

Pfc. Robert May, formerly of Texico, is visiting friends here this week. Pfc. May is being transferred to Hamlin Field, Calif., from Chanute Field, Ill. His parents, the Denver Mays, now reside in Pomona, California.

On Honor Roll

LUBBOCK—Warren G. Harding, son of Mr. and Mrs. N. R. Harding of Farwell, has been named to the fall honor roll at Texas Technological College.

Returns Home

Mrs. Mollie Carter, who has been visiting in the home of Mrs. G. F. Green, and with Mr. and Mrs. A. C. Green in San Jon, returned to her home in New Boston, Missouri, on Monday.

Miss Twila Mae Strickland, who is employed in Lubbock, was a weekend visitor in the home of her parents, Mr. and Mrs. Ralph Humble.

PTA Elects New Officers At Thursday Meeting

Mrs. Ira S. Levins was named as president of the Texico Parent Teacher Association, last Thursday night, when the regular meeting was held at the school.

Vice president is Mrs. Edward Engram, and Mrs. W. T. North will serve as secretary-treasurer.

The girls' chorus from the Grady school presented several musical numbers, after which Mrs. Claude Dyer gave a very interesting talk on "The Schools In England".

On Thursday night, April 14th, which will be the last meeting of the year, the Association will have a pot-luck supper. Each family is urged to attend and bring their evening meal, to enjoy with other patrons of the school.

New officers will be presented and installed at the April meeting.

In Hamrick Home

Visitors in the home of Mr. and Mrs. Max in Hamrick, Sunday, included Mr. and Mrs. Elbert Landrum of Portales; Mr. and Mrs. W. J. Parker and Mr. and Mrs. Mel Cump of Bovina, and Mr. and Mrs. Bob Bird of Muleshoe.

Here On Furlough

Lt. and Mrs. Wendel Petree and son arrived here the latter part of last week to spend a thirty-day furlough with his parents, Mr. and Mrs. H. H. Petree Lt. Petree is in the Army Air Force and is stationed in northern Wyoming.

Here From Amarillo

Visitors in the home of Mrs. Bess Henneman, Sunday, were her mother, Mrs. L. M. Middick, and sister, Mrs. Clyde Corey, both of Amarillo.

Contributes To Paper

ABILENE—Howard Graham, junior in McMurry college, Abilene, was one of the contributors to "In These Days", a Denton devotional booklet published recently by the college Christian Foundation. His subject was "The Kiss". Graham is the son of Mr. and Mrs. B. N. Graham, of Farwell.

Business Situation Is Reviewed In Texas

AUSTIN—Business activity in Texas in January continued the downward trend that became apparent in the fall of 1943, the University of Texas Bureau of Business Research reported.

The Bureau's composite index of business activity declined 1 per cent from December to 227 per cent of the prewar (1935-39) base period, a level of 3 per cent under the postwar high of 233 per cent which was reached in August last year.

Dr. John R. Stockton, Bureau statistician, said this decline, coming at a time when there is widespread anxiety over weak spots developing in business all over the country, emphasizes the instability of the equilibrium that had been attained by American business at the end of the year 1948.

All but one of the components, electric power consumption with a 5 per cent rise, registered declines during January in comparison with December. Miscellaneous freight loadings dropped 8 per cent from December; crude oil runs to stills, 4 per cent; employment, 3 per cent; and pay rolls and department and apparel store sales, 1 per cent.

In comparison with January a year ago, two of the components showed declines, although the composite index was 8 per cent higher. Although the year 1948 saw business at very high levels, further increases do not appear likely.

The greatest weakness in the Texas business picture appears in the data on retail sales. Total retail sales in the State declined 11 per cent from December after adjustment for seasonal variation. Even more striking than this decline, Dr. Stockton said, was the fact that sales of durable goods' stores dropped 16 per cent while sales of nondurable goods fell only 8 per cent. This reversed a trend that has held with little variation since the war. Sales of durable goods stores have consistently run higher than nondurable goods stores, and have been an important factor in maintaining the high level of business activity.

Department and apparel store sales made a better showing than either durable or nondurable goods, with a decline of only 1 per cent in the Bureau's index. It has been rather generally reported that the response of consumers to the price reductions available in the after-Christmas sales have given a substantial boost to department and

apparel store sales. This seems to indicate that consumer buying can be stimulated by reduction of prices and that the buying public is becoming more conscious than ever of high prices.

Cash income received by farmers continued to decline in January. The 37 per cent drop in the seasonally adjusted index carried farm cash income to a level 22 per cent under January 1948. This decrease indicates strikingly the effect of falling prices on farm products on the income of the farmer.

The consumers' price index, for Houston continued to decline in January. The level of all prices went down 7 per cent, while food prices fell 1 per cent. The food price index was 3 per cent below the level of January 1948, but all commodities were still 1 per cent higher than a year ago. The prices of goods at retail always move more slowly than the prices in the primary markets, so the price of foods in the grocery stores does not yet reflect all the decreases in the prices paid farmers.

Farmhouse Plans Now Available

COLLEGE STATION — Thirteen up-to-date farmhouse plans, every one designed to give farm families comfortable and efficient surroundings, are pictured and described in a new U. S. Department of Agriculture bulletin, "Farmhouse Plans for the Northeastern States". W. S. Allen, extension agricultural engineer—buildings of Texas A. & M. College, says that county home demonstration agents now have the bulletin in their offices.

These 13 houses are adapted to most Texas conditions. Since a farmhouse is a combined home and work center, the designers have seen to it that each house has outstanding features that farm families want and need. Included are: rooms planned for family work and living; space for eating in the kitchen; a place near the back door for the men to wash up and hang work clothes; indoor traffic routes that do not cross busy work areas; adequate storage space for food and fuel; and ample closet space.

Every house, adds Allen, is designed for running water and each plan provides for at least one bathroom.

These plans are the product of the Regional Plan Services. This is a cooperative arrangement between the U. S. Department of Agriculture and the states in a region. They

work together in developing plans for farm buildings that are suitable for the region. The 13 farmhouses for the northwest were developed by three agencies in the Department—the Bureau of Plant Industry, Soils and Agricultural Engineering—the Bureau of Human Nutrition and Home Economics—and the Extension Service—and twelve Northeastern States cooperating. Copies of the bulletin, "Farmhouse Plans for the Northeastern States", may be purchased for fifteen cents per copy, from the Superintendent of Documents, Washington 25, D. C. The order should be accompanied by coin or money order (no stamps), says Allen.

VETERAN'S QUESTION BOX

Q.—Last year I got a GI loan on which Veterans Administration made a 4 percent payment. I would like to know if I have to report the payment made by VA as income in my

income tax report?

A.—No. While this VA payment is not taxable as income of the veteran, the amount of interest thereby paid may be listed by him as a deduction for tax purposes.

Q.—What is the deadline for starting a course of institutional on-farm training under the Vocational Rehabilitation Act (Public Law 16)?

A.—You may apply for institutional on-farm training under Public Law 16 at any time after your discharge or separation from the armed services, but in time to complete your training by July 25, 1956.

Q.—What benefits are available to veterans of World War II living in U. S. Territories?

A.—Ordinarily, all VA benefits available to World War II veterans, their dependents and beneficiaries in the continental United States are also available to them in the U. S. possessions and territories.

State Policy Holders Get Insurance Checks

Texas policy holders or beneficiaries of the Prudential Insurance Company of America were paid \$1,810,924 by the Company during 1948, according to a report released today. This is a sharp increase over 1947, when payments and benefits totaled \$1,403,681.

Most of the payments represented death benefits, matured endowments, disability and annuity payments. Included also were dividends paid policy holders and payments on surrendered policies.

For the entire area in which the Company operates, which includes the United States, Hawaii, Puerto Rico and Canada, benefit payments of \$545,241,735 were made in 1948, compared to \$489,530,695 in 1947.

The Company pointed out in its report that payments on surrendered policies and for dividends for 1948 represented approximately the same percentage of the total payments as in 1947.

Student Union Bldg. Will Be Dedicated

DENTON—Maj. Gen. Roger M. Ramey, commander of the Eighth Air Force, Fort Worth, will be principal speaker for dedication of a modern new student union building at North Texas State College, March 21, when NTSC will celebrate its 50th anniversary as a state institution.

General Ramey, an ex-student of the college, will speak at 11 a. m. on the North Texas Day program, which will also include speeches by President W. J. McConnell of NTSC and representatives of the Board of Regents, ex-student and student organizations.

A special radio broadcast over station WFAA, Dallas, has been planned from 9 to 9:30 a. m. March 31 in commemoration of North Texas Day. Many exes unable to attend campus activities are planning banquets, meetings, and informal get-togethers in their home towns, and will listen to the broadcast.

OUR TAX BILL WAS BIG TOO

IN MANY TOWNS we serve, Southwestern Public Service is the largest tax payer. Just as many other tax paying citizens we pay each year municipal, county, state and federal taxes.

Most of these tax bills have gone up in the past several years as tax rates have risen, and as our investment in equipment has increased.

Despite increased expenditures for taxes, wages and equipment, your Public Service Company is happy that it is still able to provide dependable electric service today at lower cost than ever before.

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Bovina Happenings

BY MARIE VENABLE

Mrs. Emmitt Tabor, Mrs. T. G. Hudson, Mrs. Jack Berggren, Mrs. Jack Waltman were Clovis shoppers, Monday.

Troy Armstrong, Frank P. Wilson, Reagan Looney returned the middle of the week from a fishing trip to Old Mexico. They report good luck.

Mrs. Bill Venable, and Mrs. Marvin Mahon and boys shopped in Clovis, Monday.

It was understood here last week-end that Bob Williford has been selected as janitor of the school for the coming year. Williford was janitor for several years, but ill health forced him to be idle last year. He is much improved.

The Four Square Club met last Thursday night in regular session. Mr. and Mrs. Howard Looney and Mr. and Mrs. Herbert Potts were hosts.

Mrs. Duke Cooper and daughter, Carol, of Wamejo, Kansas, was honored recently with a rummy party in the home of her sister, Mrs. Aubrey Rhodes. Present were Mrs. Bill Kyle, Mrs. Ray Davies, Mrs. Pete Davies, Mrs. David Carson, Mrs. Cooper and the hostess.

Mrs. Bill Fritch received medical care at the Friona Hospital, Friday, for a nervous condition.

Mrs. Nat Reed made a business trip to Clovis, Monday.

Mr. and Mrs. J. Henry Norris and two small sons, Jim and Dick, of Lamesa, visited Mrs. J. E. Bingham over the weekend.

Mr. and Mrs. George Trimble and Loyce Marie and Mary Alice Englant left Sunday to spend a month in Hot Springs, Arkansas.

Mrs. Troy Armstrong made a business trip to Clovis, Saturday.

Mr. and Mrs. John E. King of Dallas and Mr. and Mrs. W. B. Inman of Childress were visitors in the J. E. Bingham home last weekend.

Mrs. Ross Terry, of Friona, visited in the Charlie Jefferson home, Wednesday.

Mr. and Mrs. Davis King made a business trip to Farwell, Monday.

Mrs. Bill Venable and daughter, Mrs. Marvin Mahon and boys returned Sunday, from Odessa after spending several days visiting there.

Mrs. Stacy Queen made a business trip to Clovis, Monday.

Giles Williams is vacationing in Hot Springs, Ark. He plans to spend a month.

Hal McSpadden, of Lubbock, was a guest of his mother, Mrs. Jessie

McSpadden, last weekend.

Mrs. Julia Leake made a business trip to Farwell, Tuesday.

Mr. and Mrs. Aubrey Rhodes and son, Tim, returned last weekend from a two-week vacation in Duncan, Oklahoma.

Mrs. Alma Vassey has sold her home in Bovina and is moving to Vernon this week.

Mr. and Mrs. Arnold Hromas and Mr. and Mrs. Sam Sides were in Amarillo recently attending the Fat Stock show.

Mr. and Mrs. Herbert Potts and family plan to move soon into their home, purchased from Mrs. Alma Vassey.

Mrs. Joe Wilson made a business trip to Clovis, Monday.

Mrs. R. C. Martin was a Clovis shopper, Monday.

Mr. and Mrs. Clarence Jones are receiving medical care in Ft. Worth this week.

Mrs. Jessie McSpadden and Mrs. Stanley Barber shopped in Clovis, Monday.

Miss Carolyn Wilson received medical care at the Friona Hospital, Friday.

Mr. and Mrs. Pete Frazier and Mrs. Tommie Horton, of Amarillo, visited here last weekend.

Mrs. Fred Langer and daughter made a business trip to Clovis, Friday.

Mr. and Mrs. Aubrey Rhodes and son motored to Amarillo, Sunday, taking Mrs. Duke Cooper and Carol to catch their train to Oklahoma.

Mr. and Mrs. Cason Jones and son, of Friona, visited here Tuesday.

Vester Venable, of Farwell, visited here Wednesday evening.

A. M. Wilson had an accident Monday, at his grocery. As he was cutting a piece of cheese the knife slipped and gashed his hand. Several stitches were necessary to close the wound.

Earl Richards and Elton Venable made a business trip to Farwell, Friday.

AG BUILDING IN PLACE

After several delays, the veterans vocational building has finally been placed on the foundation just west of the main school building. It is understood that the local school board has also authorized moving of another building at Rhea to a site just north of the veterans building.

SCHOOL GETS PHONES

Information has been released that the Bovina school will receive some War Assets telephones, which will be installed in the several buildings on the school campus.

TO STATE MEET

The Bovina High School Student Council will be represented at the state Council meeting in El Paso, on March 25-26. Attending from Bovina likely will be, Clinton Tidenberg, Patsy Ellison, J. R. Ellison and Ro-

berta Boatman. The group will be sponsored by Supt. W. O. Cherry, if he can make the trip.

SENIORS PLAN TRIP

The Bovina seniors plan to leave on the morning of May 21 on their annual trip. They will go to the coast and to Galveston, then back to Houston, San Antonio and Austin. It is expected that all seniors will make the trip.

"THE DRAMA OF THE BIBLE" will unfold before your eyes! See Clark Fay's magnificent color paintings of five favorite Bible episodes

accompanied by absorbing stories. Begin this new series with John Erskine's retelling of the parable of "The Good Samaritan". It's in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

DO SOME CHECKING BEFORE YOU START REMODELING YOUR HOUSE

COLLEGE STATION.—Before you get too deep into plans for remodeling an old house make sure first that the house was well built and is still sound, says Mrs. Bernice Claytor, extension specialist in home management of Texas A. and M. College.

Do some checking before you decide to remodel, advises Mrs. Claytor. Examine the house from foundation to roof and estimate the needed repairs and their cost. Check the location from the standpoint of good drainage, protection from cold winds which make a house hard to heat, protection from flooding during the heavy rains, good sewage disposal and convenience to the highway. Don't forget the water supply. Water should be plentiful and tested for safety.

If the house and its site pass inspection, and remodeling seems a wise investment, USDA housing specialists say it's wise to give as much thought to remodeling plans as you would to planing for a new house, Mrs. Claytor points out.

She suggests that careful attention be given to the following points: Plan for enough rooms to take care of your family's needs. Well located doors and windows will help solve the lighting and ventilation problems in the house and don't forget a closet near the back door for the men's work clothes.

Are house entrances convenient to the drive? Are all rooms easily reached from the back door? Are work and living areas free from traffic? Do bedrooms and bath open from a hall and are the halls wide enough to allow for moving furniture?

Kitchen and work areas should be arranged to save labor and unnecessary steps. Allow working space for more than one person. Plan plenty of storage space for supplies and equipment where they are used and a place for the men to wash other than the kitchen sink.

The dining room should be convenient to the kitchen serving area. Be sure there is seating space for everyone regularly served and for company. Provide storage space for dishes, silver and linen.

The living room should be large and comfortable. In it should be equipment and storage for reading, writing, studying, farm business, sewing, games, hobbies and entertainment.

The sleeping space should be sufficient to allow for separate rooms for parents, boys and girls . . . not more than two persons per room. Is there space for overnight guests or provisions for the aged and ill? Plan plenty of storage space for clothing and bedding.

Is the water supply plentiful and safe? Plan an adequate sewage disposal system. Is there hot and cold running water in the kitchen, bathroom and laundry. Have you planned for enough well-located lighting fixtures, switches and wall plugs?

From the plans you have made, do you think the house will appear pleasing both inside and out? Does it have good proportions and simple lines?

Now that plans are made, will the cost of remodeling be less than for a new building?

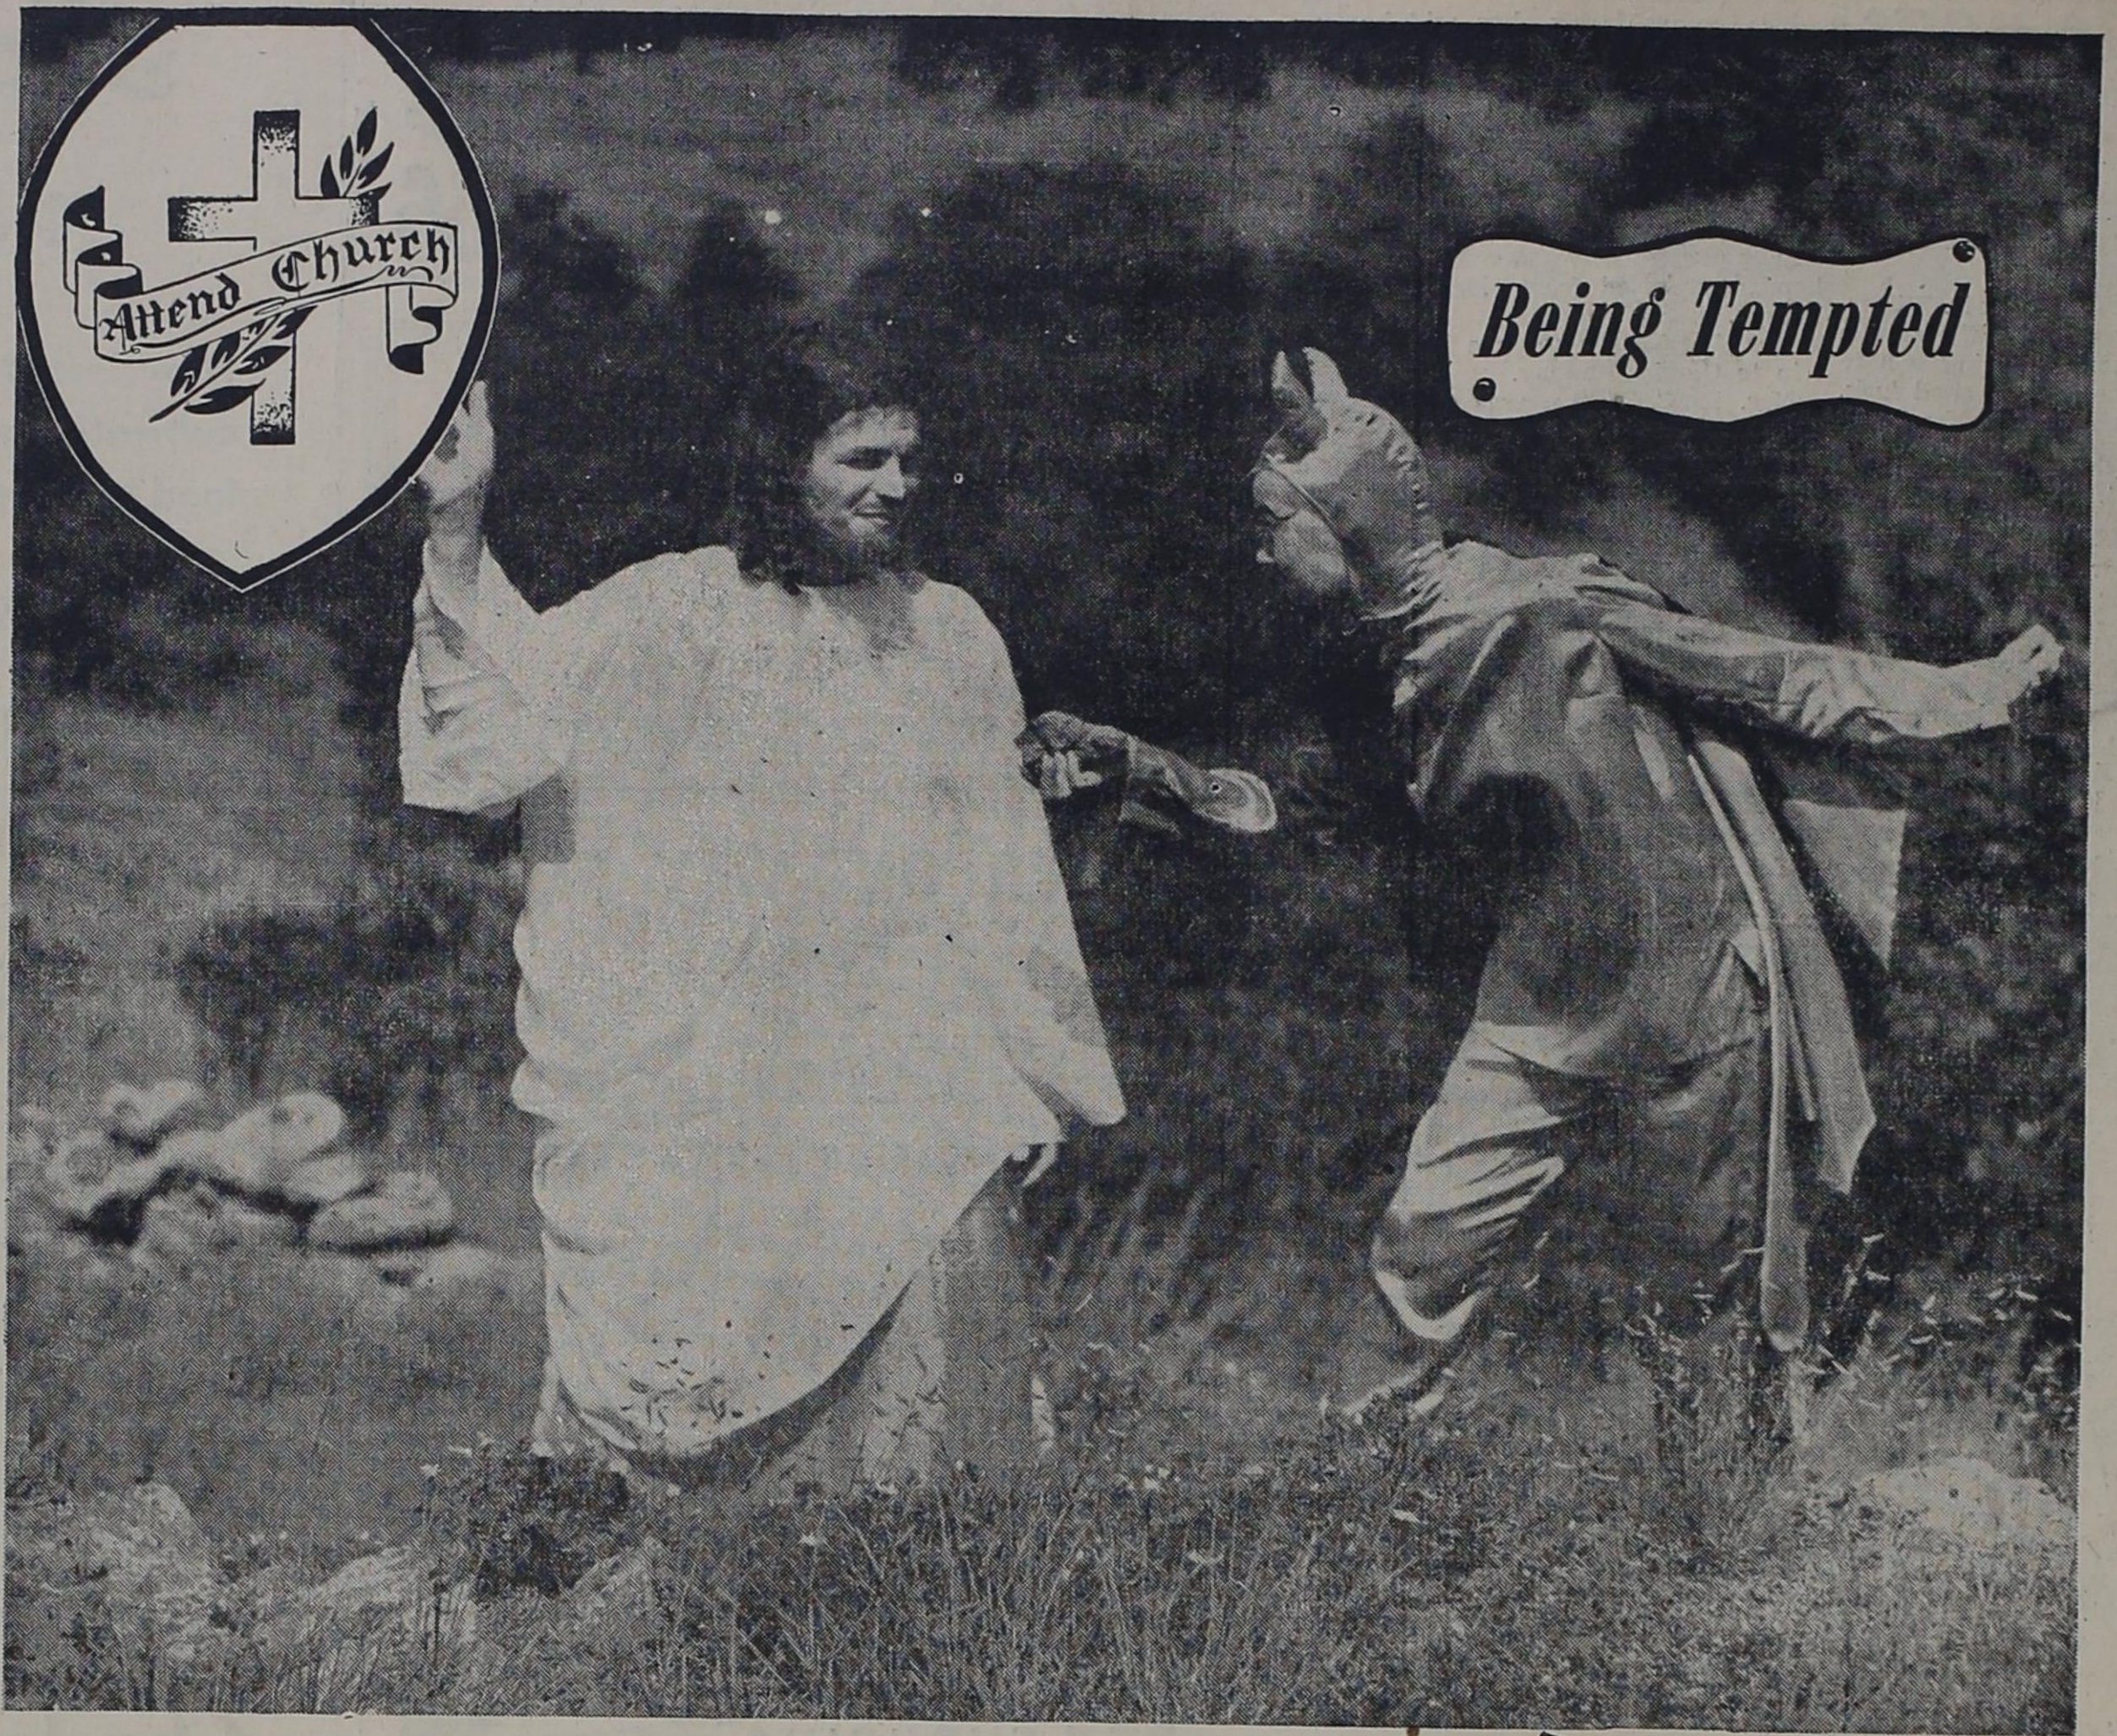

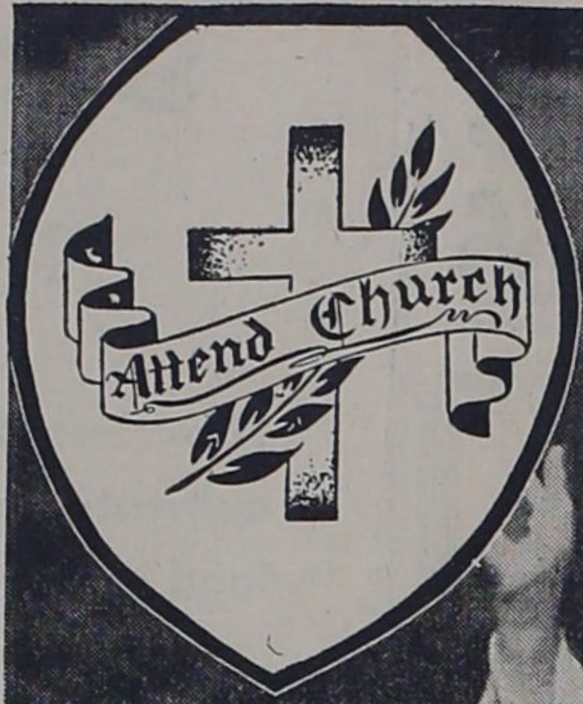

If you can answer "yes" to most of these questions, says Mrs. Claytor, your planning is good. If you "yes" only a few, try to improve your plans before starting the remodeling job, she concludes.

CONSUMER'S PRICES CONTINUE DOWNWARD TREND

AUSTIN—Consumers' prices in Houston slipped one percent from December to January, continuing the downward trend for the fourth consecutive month, reports from the Bureau of Labor Statistics to the University of Texas Bureau of Business Research showed.

Clothing prices in Houston were two percent below December; food prices dipped one percent; and prices of housefurnishings, four percent; and miscellaneous items, three percent.

In January 1949 the over-all index of consumers' prices in Houston stood at 173 percent of the prewar (1935-39) base period, as compared to 171 percent for the United States as a whole.

Being Tempted

THE temptation of Jesus is as old as the race and as common as humanity; it is your testing and mine. Why not use one's powers and talents for the satisfying of his physical appetites? Are they not God-given and natural cravings? The answer of Jesus ought to hearten every one of us, "Man shall not live by bread alone." We are animals with basic physical needs, but a man is something more, he is the Son of God, a spiritual person with mental and moral and divine possibilities. To live for the lower physical interests alone, or to put them first in importance, is to forget that there are other words that proceed from the mouth of God. The same God who said that there should be an earth and beasts of the field, said also, "Let there be light." Man has a heaven above him as well as an earth under his feet, and we live by sunlight and starlight and the ministries of the air as truly as by the products of the earth. Jesus refused to use his powers to make bread alone; he devoted his life to producing the fruits of the spirit: "love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control." Our world needs bread but it needs even more these spiritual goods. Besides our daily toil to make material goods, how much are you and I adding to the love and the joy and the peace of this world? Without these "fruits of the spirit" we go to war and destroy the material goods that have been piled up. Even bread itself isn't worth much without faith and hope and love in the hearts of men.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

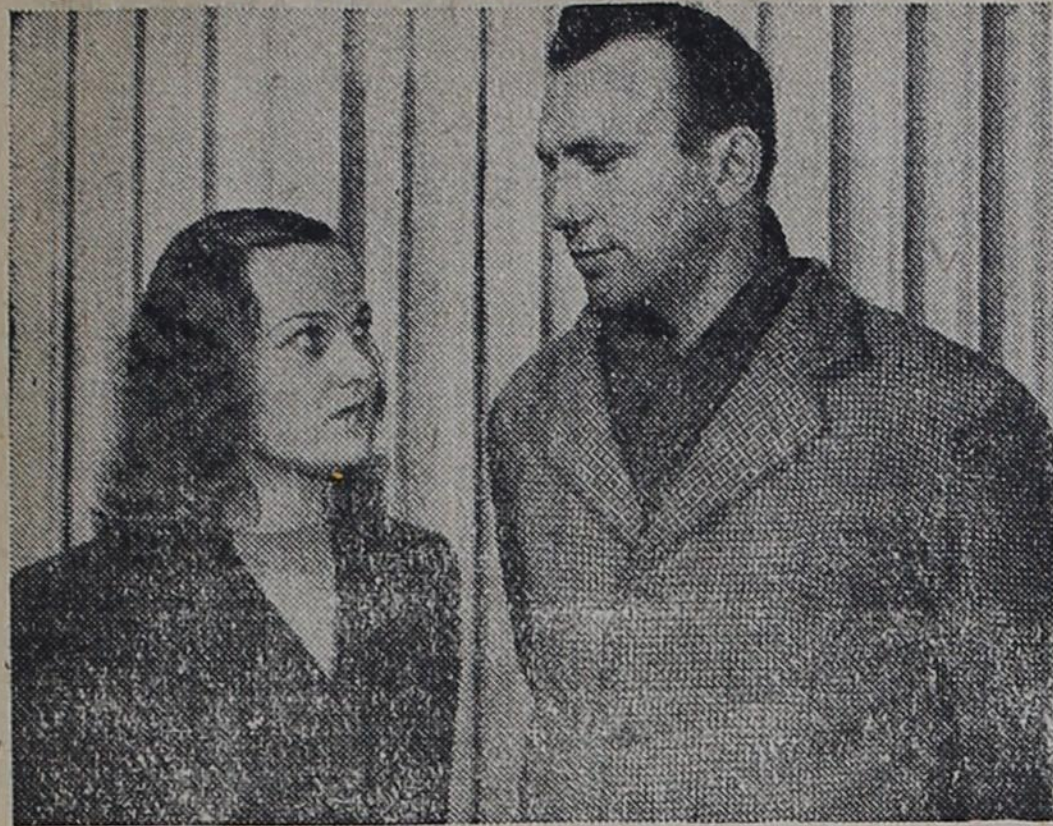

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

WAR BRIDE CHERISHES FREEDOM

The freedom enjoyed and taken for granted by so many Americans is a priceless jewel to Gaida Miller of Canton, O. Seeing her country of Latvia overrun twice within a few years, first by the Germans and then by the plundering Russians; seeing her family vanish; knowing the heartbreak of forced labor camps, — all these have taught an appreciation of the freedoms in the country where she came as a war bride of ex-G. I. Gilbert Miller.

The United States is Latvia, enlarged many times, according to Gaida, for her country had a democratic government patterned closely after that of the U. S. Telephones, radios, electrical appliances and many of the other conveniences which Americans enjoy, with the exception of automobiles, were common to them. However her country had nothing to compare with giant industries like the Timken Roller Bearing Company where both she and her husband work. "In Eastern Europe there are no benefits for the working people as are taken for granted here," says Mrs. Miller.

New Ideas For Short Ribs Can Lead To Interesting Meals

your ears prick up in anticipation of a good, homey meal? Of course, they do, and they will even more when you try some of the newly-developed ways of serving short ribs.

Spanish short ribs is one way you'll

When one says "short ribs," don't want to try. To make these, add sliced

ed onion and green pepper and a can of tomatoes to the browned short ribs, suggests Reba Staggs, food authority. Season with salt, pepper and Worcestershire sauce and cook until tender, about 1½ to 2 hours.

Or you might cook the browned short ribs with sauerkraut, thus combining two old favorites into a new and delicious twosome. Deviled short ribs, too, are good: add sliced onion, dry mustard, and vinegar to the water used to cook the meat.

So far these have all been suggestions for braising, in which the meat is browned first in hot fat, then cooked in a covered container with a small amount of liquid until tender. Short ribs may also be cooked as a

stew, in liquid to cover, thus adding still more ways to serve them.

The alternate layers of fat and lean in short ribs help add extra flavor to any kind of stew you might choose. An old-fashioned "brown" stew, with a galaxy of vegetables added near the end of cooking time is always a good choice. Of you might have a monotone stew, with all vegetables of the same color.

Short ribs are a natural for a "boiled" dinner, too. Add cabbage wedges, carrots, turnips and onions near the end of cooking time for a meal that's tops in flavor.

Something New Is Found About Milk

CHICAGO.—Something new has been discovered about the nutritious quality of milk.

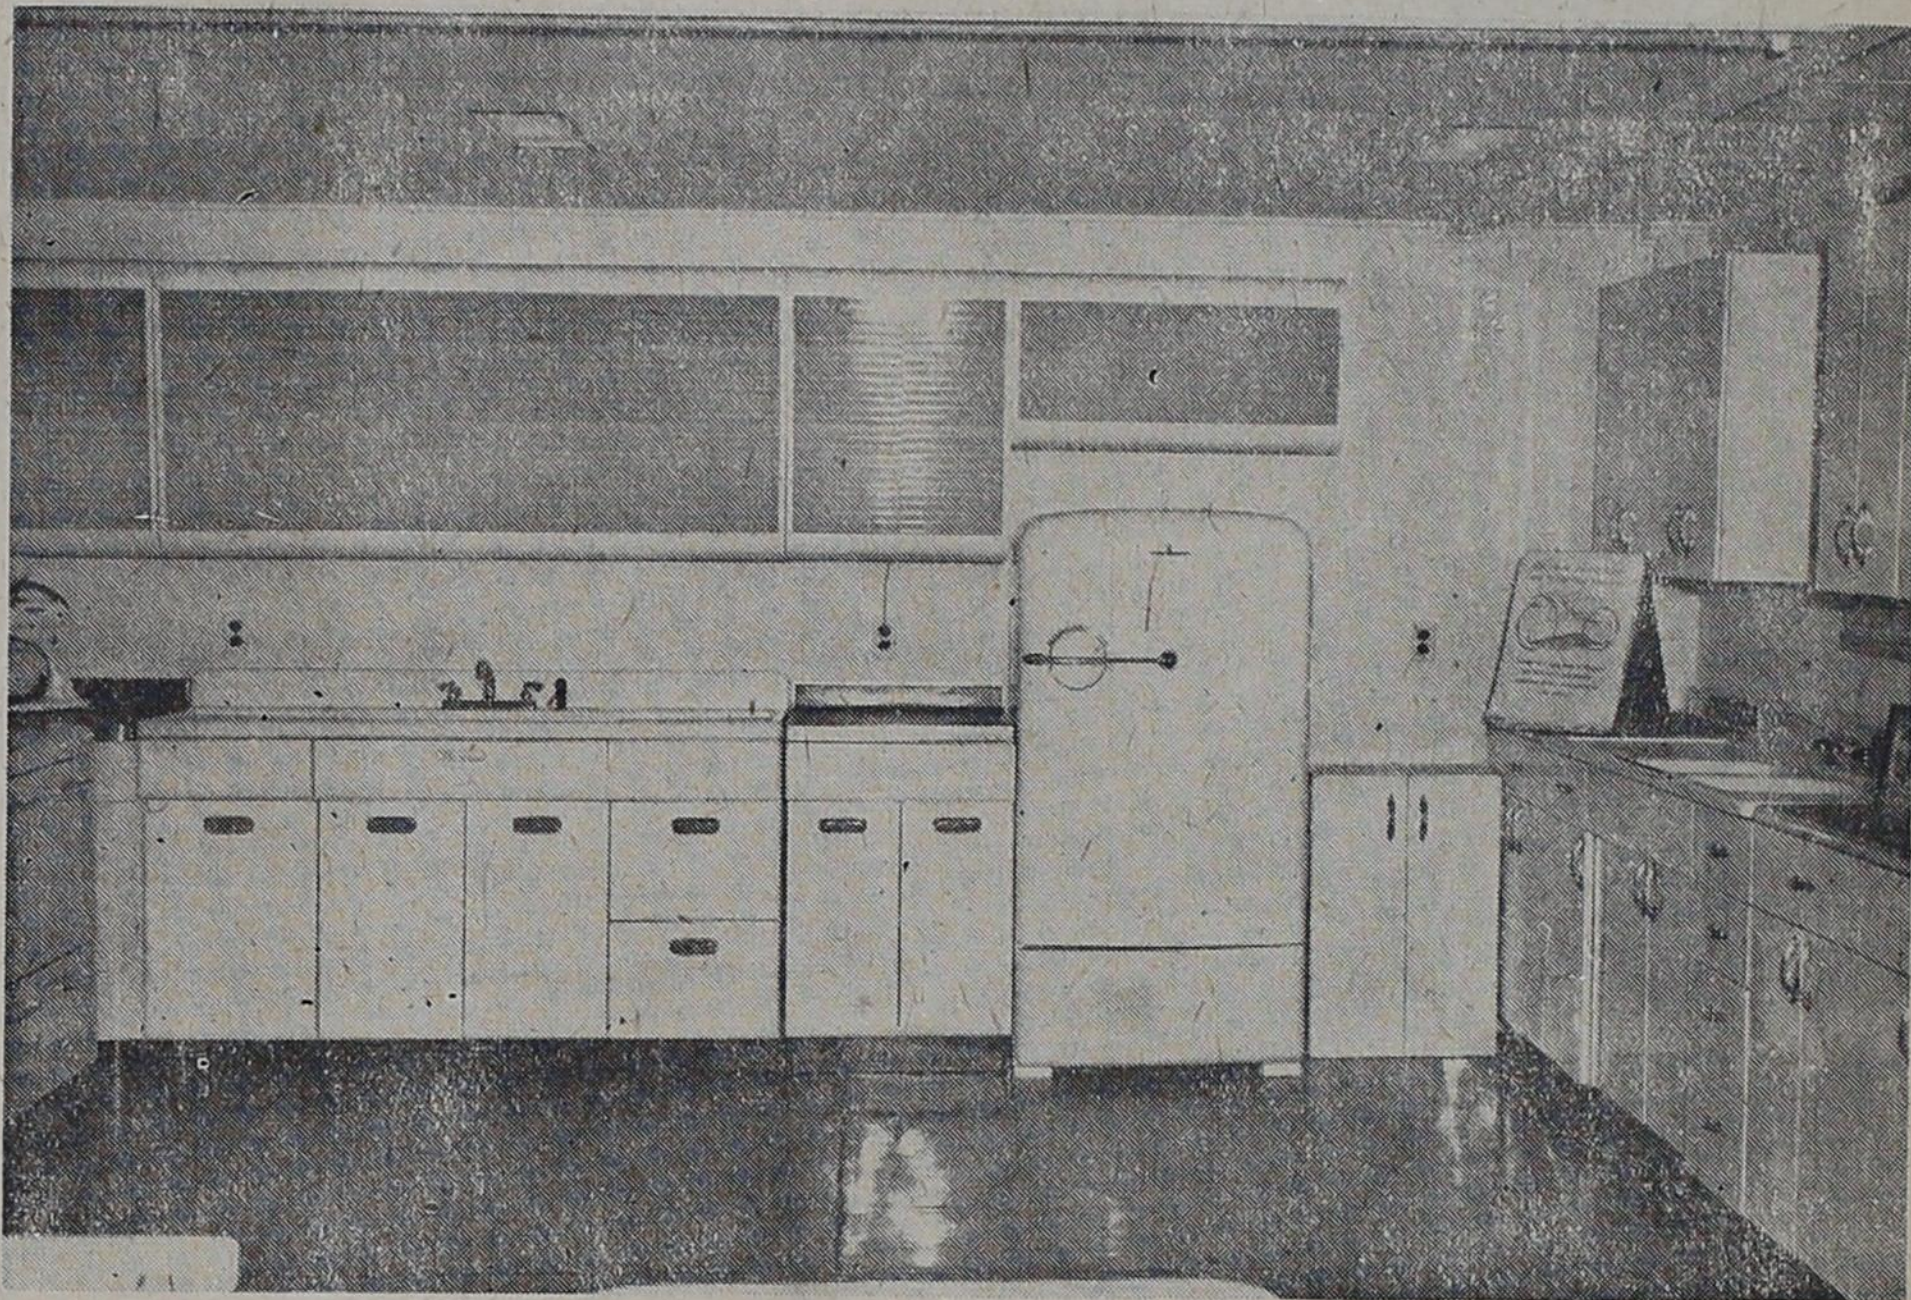

Science reported today that milk, because of its high protein value, is an important source of niacin, a vitamin required by the body for normal health.

Working on a four-year research project at the University of Wisconsin under the sponsorship of the National Dairy Council, Chicago, Dr. Elvehjem and his associates point out that niacin's values became known in the search for a cure for

pellagra, a skin disease with a history of several thousand fatalities annually, particularly in the southern part of the United States. Patients fed milk improved in health but no one seemed to understand why. More recent research discloses that milk prevents early signs of niacin deficiencies which may occur even in persons who think they are well nourished.

The University of Wisconsin study provides proof that milk, generally thought to be low in niacin content, acquires an abundance of the much-needed vitamin for health from the protein in the milk through the process of synthesis in the body.

Dimmitt-Lazbuddy Tourney Champs

Slugging it out with junior teams from over a wide area, the Dimmitt boys and the Lazbuddy girls took cage crowns at Bovina last weekend, when an invitation meet was sponsored by the Bovina High School Student Council.

In the finals, Dimmitt edged past Canyon, 19-18, while the champion girls had a tough battle with Dimmitt, winning by only two points, 14-12. Third place winners were the Bovina boys and girls, the boys topping Muleshoe 27-26, and the girls getting an easy match over Friona, 32-16.

All-tournament teams were listed, as follows—girls: Ellison and Looney of Bovina; McRee, Johnson and Odam of Dimmitt; and Engleking of Lazbuddy. Boys: Hromas of Bovina; Dennis of Dimmitt; Busted of Canyon; Cummings of Muleshoe, and Terry of Farwell.

The local squads, coached by Louis Purvis and Shelby Jobs, went down in their initial encounters. The boys lost a thriller to the Hereford "A" squad, 23-24, while Dimmitt slapped the girls down, 21-4.

Nine-Game Football Schedule Is Drawn

CANYON.—Coach Frank Kimbrough has announced a nine-game football schedule for West Texas State College next fall. Five are Border Conference games.

The annual homecoming game will be played at Buffalo Stadium on Oct. 22 with Trinity University of San Antonio as opponent.

Five games will be played away from home. The season will open at home for the Buffaloes on Sept. 17 against the East Texas State Lions.

Two open dates are on the schedule and Coach Kimbrough said he hoped to fill one of them.

The complete schedule:

- Sept. 17—East Texas State, Canyon, night.
- Sept. 24—McMurry, Canyon, night.
- Oct. 1—Tech, Lubbock, night, conference.
- Oct. 8—Texas Mines, Canyon, night.
- Oct. 15—Houston University, Houston, day.
- Oct. 22—Trinity University, Canyon, day.
- Oct. 29—Open.
- Nov. 5—Arizona State, Flagstaff, day.
- Nov. 12—Hardin-Simmons, Canyon, day.
- Nov. 26—University of New Mexico, Albuquerque, day.

SENIORS WIN TOURNAY

Conclusion of the class tournament staged by cage teams at Texico during the past week saw the senior boys taking the championship for the third year in succession, coaches at the school reported today.

TRACK WORKOUTS START

Coach Louis Purvis said today that track workouts for junior boys, as well as interested seniors, would begin at the Farwell school this week. Friona has invited county teams to participate in a track and field meet on April 1-2, and it is probable that some entries will attend from Farwell.

Hamm Is Stationed At Camp Chaffee

Recruit Ambrose J. Hamm, son of Mr. and Mrs. Felix R. Monroe, of Farwell, who is now serving with the 5th Armored Division at Camp Chaffee, Ark., has been chosen for specialized and selected schooling in the potential leaders course.

The school is designed to develop abilities of possible future non-commissioned officer material for the Army, and only recruits with definite leadership possibilities are enrolled.

Recruit Hamm will attend the school for ten weeks. After completion of the course he will be assigned to a unit, and possibly will be considered for promotion to fill existing vacancies.

BUILDS GARAGE

Walter Hardage has just completed erection of a garage at his home in south Farwell. In addition to the concrete concrete sidewalks and driveways are being installed about the premises.

HAS FERGUSON AGENCY

Jack McManigal of this city, and Harry Lone of Clovis, operator of the Star Equipment Co., located in Clovis, have secured the agency for Ferguson tractors and equipment and are now offering these farming tools to the farmers of this area. The business is located at 201 East First Street, in Clovis.

Martin Of Bovina Now On Board

AUSTIN.—Mr. M. H. Martin of Bovina, Texas, today had been informed that he has been appointed a member of Local Board No. 18, to represent Parmer County.

Mr. Martin was appointed by President Truman after being recommended by Governor Beauford Jester. Mr. Martin was advised of his appointment by Colonel Paul Wakefield, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas", Colonel Wakefield wrote Mr. Martin.

Boss: Have you any excuse to offer for such laziness?

Clerk: I haven't any that will work.

Dedication Services Are Held At Local Church

The Hamlin Memorial Methodist Church of Texico-Farwell is holding a special series of services in commemoration of Dedication Week for Methodists during this week, Rev. Harvey E. Carrell, pastor, said today.

"The services," Rev. Carrell explained, "are in response to the call made by the bishops of the Methodist Church, for a period of dedication so that we might better meet the emergency needs of the world. These services are in preparation for the Day of Dedication, March 27, when Methodists are asked to dedicate a portion of their money to the task of meeting the pressing needs of our world. We hope to raise on Sunday a total of \$1,500,000 in the Methodist Churches of America."

Services are being held tonight, Wednesday through Friday, at 7:30. Tonight (Wednesday) the services will be conducted by the men of the church, who have secured John Slayter, business manager of the First Methodist Church, Clovis, as the speaker.

The Youth Fellowship department of the church will be in charge of the services Thursday evening with Mrs. Viola Bell as the speaker and the Friday night services will be directed by the women of the church, Mrs. A. D. Smith as speaker. A cordial invitation is extended to all residents to attend the services.

Curry Residents Invest In Savings Bonds

Curry County residents invested \$59,397.75 in U. S. Savings Bonds during February 1949, the Treasury Department has reported to Reece Cagle, county chairman of the Savings Bonds Committee. Of this total, \$47,397.75 was placed in Series E bonds which will return \$63,197.00 to their owners if held to maturity.

New Mexico's citizens invested \$1,399,935 in U. S. Savings Bonds in February and \$1,514,236.25 in January of this year. February's total exceeded that of all Februarys since 1945 and January's total was exceeded only by January 1946 of the post-war years.

TRUCK FLOPS

Mr. and Mrs. John Eason, of Portales, were visitors here on Sunday. Eason is recovering from minor injuries he received some few days ago when his large transport truck left the highway and overturned near Broadview, N. M. He said that the truck rolled over three times, but he escaped with only slight injuries.

Texas Apparel Sales Are Way Down

AUSTIN.—Texas department and apparel stores' sales in January were 3 percent under January 1948 and showed a seasonal 52-percent drop from December, the University of Texas Bureau of Business Research reported.

Sales in several Texas cities, however, ran counter to the January-January statewide decrease. Marshall sales increased 23 percent; Tyler, 16; Austin, 12; Houston, 11; Port Arthur and Bryan, 10; Denison, 8; and Beaumont, 2 percent. Fort Worth had but a 1-percent drop while the Dallas decrease was 4 percent and San Antonio's 10 percent.

Credit sales in proportion to net sales in Texas department and apparel stores rose to 61 percent in January as compared with 59 percent a year earlier. The ratio of collections was 50 percent as compared with 52 percent in December and 55 percent in January 1948.

New Scholarship Added At Tech

LUBBOCK.—A new scholarship, the David C. Storey Memorial, has been established at Texas Technological college this year, and will be in effect at the close of the current semester.

Founders of the scholarship, Mr. and Mrs. W. D. T. Storey of Littlefield, specify the award of \$50 each semester is to be given the male student who in his junior year letters in tennis, has a 2 point, or B scholastic average, and has proved himself a campus leader.

The fund has been set up in memory of their son, David, who was graduated with a BS degree in agriculture from Texas Tech in 1943. He was a varsity tennis player, winner of a Double T, and was an outstanding student leader during his college career.

Pfc. David Storey was killed Feb. 26, 1945, in combat in the European theater.

JOE MAGNESS HOME

Joe Magness, who has been receiving treatment at Mineral Wells the past five weeks, returned home Sunday, announcing that he was greatly improved. Mr. and Mrs. Willis Magness, who have been in Mineral Wells for six weeks, are remaining for Mrs. Magness to have further treatment.

Authur H. Vandenberg, N. S. Senator from Michigan: "I deeply regret the retirement of Secretary Marshall who is one of the great Americans of all time."

TIME TO FEED YOUR LAWN

Now is the time to give your lawn an application of Vigoro, to help it put on an early growth. Your lawn will respond wonderfully to VIGORO treatments.

FOX DRUG STORE

ATTEND FUNERAL

Mr. and Mrs. Boots Detherage were called to Paris, Texas, the first of the week to attend the funeral of Mr. Detherage's brother-in-law, who died of a heart attack Sunday.

TEXAS FLOUR PRODUCTION UP

AUSTIN.—Wheat flour production in Texas rose 2 percent from November to 1,451,000 sacks in December, the University of Texas Bureau of Business Research reported.

In comparison with a year earlier, flour production fell 19 percent.

Edward Kardell, Yugoslav Foreign Minister: "Our people are accustomed to defend truth, no matter from which quarter it is attacked."
