

ABUNDANT RAIN VISITS AREA

MILK PRODUCTION WINNER

FROM THE HOPPER

By HOP

It looks like Cupid continues to be quite active in this area. During the week I have observed three new diamond rings on the fingers of young ladies of our city.

Admirers of the new wrist watch I won at the Panhandle Press Association last week usually remark, "You lucky guy." Such remarks burn me down. It was not a case of being lucky; it was a case of hard work, pure and simple. Radio Station KAMQ of Amarillo offered the watch to the person who could set the most type by hand in a 10-minute period, and I walked off with the prize. No luck involved in such a contest, rather a contest of skill, and I set the type by hand in a 10-minute period, and I walked off with the prize. No luck involved in such a contest, rather a contest of skill, and I set the other contestants back on their heels when it came to hand-spiking 10 point body type.

Now we are looking forward to attending the Texas Press meet in Galveston in June. The wife and I have friends who occupy the penthouse atop the Hotel Galvez, and they have repeatedly invited us to come and visit them. Now, if we can arrange with John Santa Fe to exchange advertising for transportation on his railroad, it looks as though we might be able to afford the trip.

We have a new advertiser this week. Asa and Lois Smith of the Lariat Grocery and Postoffice are advertising specials in groceries for the people of the Lariat section. Give these good people a share of your business.

Last minute advertisements received last week crowded this column out of the paper, and brought forth an inquiry by Mrs. Ray Means as to the why of its absence. Frankly, lady, this column is just written to fill up space, and we don't propose to let it take the place of paid advertisers. All we have to sell is space in these columns and we don't propose to let our column take the place of our stock in trade.

A local woman submitted her ailment to a doctor in a nearby town, who diagnosed her condition as low blood pressure. . . and charged her \$15.00 for the call and a box of pills. She repeated with another call and the doc repeated with his bill. But she isn't going to the doctor any more. She says, "I'd just as soon die of low blood pressure as to be bleed to death by his charges."

JUNIOR ROBERTSON IN CHARGE AT PHILLIPS

Junior Robertson, 1947 graduate of the Farwell High School, who has been living in Los Angeles the past several months, arrived here the first of the week and took over the Phillips 66 station in Farwell. Robertson bought the stock of W. H. Spurlin and has leased the location, taking over on Monday. He said that his mother planned to join him in the near future.

"Pop" Spurlin, forced to retire from the business on account of ill health, is now at his home here.

Legatha Wonderful Patsy, a registered Jersey, and her young owner, C. W. Grissom, Oklahoma Lane 4H club boy, are pictured above, after the animal had won first place in her class production contest at the Plainview Dairy Show.

Sheriff Leaves With Four For State Pen

Assisted by Highway Patrolman Kenneth Dale, Sheriff Charley Lovelace left here Sunday afternoon with four young men who were sentenced to the state penitentiary at the recent session of the District Court.

On pleas of guilty the four, Milford Bickford, Kenneth Graham, Clarence Palmer and Theodore Torrence, were each sentenced to serve three years by District Judge C. D. Russell. Bickford and Graham entered pleas of guilt to burglarizing stores at Bovina, while Palmer and Torrence plead guilty to charges of car theft.

Fred Sunderland, charged jointly with Palmer and Torrence, is a minor, officers said, and his case has been transferred to the County Court.

Given Up As Stolen, Yearling Is Found

Myron Hillock of Lariat, lost a yearling a few weeks ago, and was so sure that the animal had been stolen that he had even speculated in his mind who the culprit was.

The other day, Mrs. Hillock was out around the pummie stack looking for eggs and discovered a large tunnel back into the stack, immediately suspecting that the lost yearling might be back inside the stack.

Myron made an investigation and sure enough, there was the yearling, where he had been imprisoned by a cave-in three weeks before. When the animal was trapped he weighed around 600 pounds, but when he staggered from his prison he barely weighed half that amount.

Aside from being gaunt, the animal appeared to be none the worse from his experience, and after taking on a good belly-full of water, walked off and started putting back on the flesh he had lost while in confinement.

Bindweed Control Will Be Discussed, 21st

The second annual conference of the Texas Weed Control Association will be held in Amarillo on Thursday of this week, April 21st, with bind weed control being the major topic of interest.

The program reveals that a number of noted weed control authorities will be on hand, and a large display of various types sprayers and weed poisons will also be set up for study.

Homer Rea, agronomist from Texas A. & M., M. K. Thornton, chemist from A. & M., and George McCall, of the DuPont Company, will be among the speakers. The program is slated to begin at 10 a. m.

Agent Ollie Limer announced that he would attend the meeting, and invited all interested residents of the area to be in Amarillo for the session.

HAS OPERATION

Mrs. John Gant, who underwent surgery in a Clovis hospital last week is reported to be doing satisfactorily.

STATE READY TO DISCUSS ROADS

SCS Ready To Start Program In County

County Agent Ollie Limer announced today that the Parmer County Soil Conservation Service was now ready to begin active practices in the county. Offices have been temporarily opened at the Legion Hall in Friona.

Soil Conservation specialist Walter Smith, who has been in the county for the past several weeks, has been given a limited crew and authorized to proceed with the practices. Due to inability to obtain trained personnel, the program will of necessity be operated on a limited scale. At present, only one engineer has been obtained. Eventually, it is the plan to have two engineers and one aide.

The SCS office is now accepting applications for soil conservation work and practices will be started just as rapidly as the limited force can get on the job. For the present, all work in soil conservation practices will be done on a group basis, rather than for each individual farmer, Limer explained. "This means," he said, "that the specialist and his engineer would set up on a given location and work out from there to adjoining farms."

Tractor Is Recovered By Sheriff Lovelace

After two years of investigating and driving, Sheriff Chas. Lovelace located a W-9 International tractor that had been obtained through a rather unusual procedure.

A man giving his name as J. B. Walker went to the Lone Star Equipment Co. in Clovis, giving a check on a Hereford bank for the tractor, and directing that the machine be delivered to a certain location south of the Hub, in Parmer County.

Jack McManigal, member of the Lone Star Company, made the delivery according to instructions, but became suspicious when he unloaded the tractor, as there was only a vacant house on the premises. McManigal called the Hereford bank, to be advised that J. B. Walker had no account. He then drove back to the location, only to find the tractor had disappeared.

No trace of Walker has been found, but Sheriff Lovelace located the tractor at the A. L. Black farm 4 1/2 miles east of Hub, when Walker had tried to trade it to Black, and failing to make a deal, left the machine at Black's place.

Officers here said that a man giving his name as J. B. Dobbs had pulled a similar deal southeast of here some few weeks ago, and the belief is expressed that Walker and Dobbs are the same person.

Knife And Fork Club Planned For Clovis

Theodore Fisher of Denver, field director of the Knife & Fork Club, was here last Saturday, selecting sponsors in the Twin Cities for the formation of a club at Clovis which would serve Curry and Roosevelt counties.

Mr. and Mrs. C. M. Henderson, Mr. and Mrs. O. C. Sikes and Mr. and Mrs. H. Y. Overstreet have been selected as the local sponsors, whose duty it will be to make recommendations for memberships from Texico-Farwell, he said.

At present, Fisher continued, there are only two Knife & Fork Clubs in New Mexico, and it is the plan to place a number of additional clubs in the state during the coming months.

Membership in each club is limited to 200 persons (counting a man and wife as one member). The date for the inaugural dinner of the club has been tentatively set for May 17 at La Vista in Clovis. Meetings will be held monthly after the organization is perfected.

In medieval times, the falcon was trained to hunt other birds and small animals.

HOME FROM HOSPITAL

J. H. Stone, 71-year-old Farwell resident who recently underwent an operation to restore his sight, was returned home from Amarillo, Friday, and Mrs. Stone reports that he is showing definite improvement. The aged man had been completely blind for some months, but following removal of a cataract from one eye, is able to see objects, and the sight is expected to improve.

Milo Being Released From Storage Here

Attached at the ACA office in Farwell said today that many farmers of the county who have milo stored on the farm and in elevators have been releasing the grain during the past several days.

"We have been taking a good many releases this week," Mrs. Dick Walker said in response to a query by a Tribune reporter. She could not give an accurate estimate of the grain released except to say that "the response has been very good."

A determined effort was launched by the Commodity Credit Corporation early this month to have the stored milo out of storage in order to make room for the anticipated bumper wheat crop which is expected to begin moving earlier than usual this year.

All government loans on stored milo will expire on April 30th.

Seven Parmer Masons Take Scottish Rite

W. E. Williams, of Bovina, Scottish Rite representative for Parmer County, announced the latter part of last week that at least seven Masons from this county would accompany him to the Scottish Rite reunion at El Paso on Monday, where they would receive the Scottish Rite degree. Williams said that there were other candidates from this county who were ready to receive the work, but had not definitely decided to go with the group at this time.

Those scheduled to receive the degrees are: Emmett Tabor, Reagan Looney, W. O. Cherry, Henry Reynolds, all of Bovina; Rev. A. D. Moore, Oklahoma Lane; Tom Atkins, Farwell; R. H. McFarland, Friona. Eligible, but not planning to make the trip as of last Thursday were Ellis R. Barry, Harry J. Charles and Newt Gore.

Scottish Rite of this county who plan to attend the 86th Reunion are Mr. and Mrs. M. L. McFarland, Mr. and Mrs. R. H. McFarland, all of Friona; H. T. Edwards of Farwell; Troy Fuller, Press Abbott, Chas. Ross and W. E. Williams, of Bovina. Williams said this group will make 35 from Parmer County who have taken the Scottish Rite work since he became the Parmer County representative in 1945.

Mr. and Mrs. W. T. London left Sunday for East Texas for an extended visit with friends and relatives.

Clubbers Win At Plainview Show

Parmer County 4H and FFA clubbers exhibited a number of winning animals at the Plainview Dairy Show, held last week, sponsors J. T. Gee, Friona ag man, and County Agent Ollie Limer have reported.

C. W. Grissom, Oklahoma Lane 4H clubber, took top 4H honors, when his registered Jersey topped her group in milk production. The cow, a little over two years of age, set a new record for production in that age group, Limer said, milking out 35 pounds of milk in a 24-hour period. The milk tested 6.3, with a butterfat content of 2.2150 pounds.

The Friona FFA chapter cow, Beauty, also took production honors, taking first place in her group and second in the contest for all breeds,

County Judge A. D. Smith revealed today that S. C. McCarty, district highway engineer at Lubbock, had informed him that the State Highway Department was ready to discuss a farm-to-market road program in Parmer County, and has asked that the Commissioners Court of this county meet at the Lubbock office for a conference.

Judge Smith added that he had made an appointment with McCarty at Lubbock on Thursday, April 21, at 2 p. m., at which time the Commissioners would meet the district highway engineer.

In his letter to Judge Smith McCarty outlined briefly the requirements to obtain the farm-to-market extension which must connect with the State Highway System and have a traffic count of "about 100 per day."

Judge Smith gave it as his opinion that the road to be designated at the meeting on Thursday would be an extension of the Friona road to the Bailey County line, for an approximate distance of 10 miles. The paving out of Friona now ends just south of the Frio Draw on the east side of the county, and the proposed extension would tie in with the Bailey County paving at the county line.

Extension of this route would be in keeping with recommendations made by the County Road Committee to the Commissioners Court last September, the committee having designated it as project No. 2. Extension of the far-to-market road from Oklahoma Lane to the "twin houses" was named as Project No. 1, and this route is already in the process of becoming a realization, with the probability that it will be constructed during the summer.

To avoid confusion, Judge Smith explained that the farm-to-market road now under consideration has no bearing on the road building program which is being considered in the county and which will require a bond issue.

"This piece of road paving is to be made by State and Federal funds, and has no relation to the proposed bond issue roads," Judge Smith said. The county is required to furnish only the right-of-way, he added.

Farmers Night Planned By Local Mens' Club

A program of particular interest to farmers has been planned for the next regular meeting of the local Mens' Club, on Thursday night, April 28th, officials of the club announced today.

R. E. Karper, agronomist from the Lubbock Experiment Station, has been secured to speak on the grain sorghum work being done at the Station, and a number of picture slides will be shown which were compiled by Mr. Cunningham, grain sorghum breeder and certified seed producer, of Littlefield.

All farmers of the area are asked to take note of the date and plan now to attend the program.

BACK TO NAVY

Harry Sheets returned to his base at San Diego, Calif., on Monday, after spending a week's leave here with his parents, Mr. and Mrs. Ted Sheets. Harry expressed the belief that he would be "shipping out" before long, and gave it as his opinion that he would be sent to China.

A timely and abundant rain that is calculated to assure a wheat crop of above-average proportions fell throughout this area late Monday afternoon and during the night.

A light dash of hail preceded the rainfall here, but no damage has been reported from the small stones. No hail of any consequence in other sections of this county had been reported. Heavy hail fell south of Muleshoe, and radio reports say that devastating pellets of ice fell in and around Dimmitt.

Reports here indicate that the rainfall, which fell at a gentle pace during most of Monday night, was heavier east and south of Farwell, tapering off to the west and north.

Framers in the Oklahoma Lane district report at least 1 1/2 inches of moisture and Fred Gerles, living southwest of Lariat, is understood to have measured 1.61 inches at his farm. Andy Moorman, who lives west of Bovina, says that moisture there amounted to half an inch. Reports from the Bovina and Friona sections place the moisture at a full inch while to the southwest of here the precipitation was somewhat lighter with John Holland estimating his fall at between a quarter and a half inch.

Lariat seems to have been the most favored spot in this part of the county, as all reports from there place the moisture at fully an inch and a half. West Camp farmers were also drenched.

The rainfall was gentle, and no damage to fields has been reported. The moisture pretty well soaked into the ground as it fell, farmers say.

The timely rain almost insures a bumper wheat crop to the increased acreage in Parmer County, and will be worth untold thousands of dollars to the producers of this area. Fields that have taken on an abundant growth since the good moisture of early in the year were beginning to show signs of needing rain when the Monday night rain brought relief.

Under normal conditions wheat fields would have withstood the dry weather of the past few weeks without injury, but the abnormally heavy growth at this season of the year had sapped the limited moisture at a rapid pace, with the result that some fields were beginning to suffer.

While the moisture will be of untold value to the large wheat acreage, it will also mean much to the row crop producers. It will mean sufficient moisture for early feed crop and sorghum plantings, which are expected to get underway in earnest with the advent of a few days of fair weather to warm up the soil. Farmers generally do not begin their spring plantings in this section before May, even when there is sufficient moisture.

With the moisture now in the soil, early plantings will likely be in order this year.

Summing up the over-all prospects in the words of a local farmer, "It looks like a big year for this county."

REVIVAL NOW IN PROGRESS

A series of revival services are being conducted nightly at the Pentecostal Church in Texico, located directly across the street from the Stone Variety Store.

Evangelist Millie Futrell, noted speaker from Kentucky, is doing the preaching at these services. Special music and singing will be heard nightly.

Services are held at 8 p. m. each evening, and a cordial invitation is extended to the public.

ona group included; junior bulls, sixth and seventh; junior yearling bulls, fourth; senior yearling bulls, second; senior bulls, fourth; sub-junior heifers, third, fifth, eighth and ninth; junior heifers, third, sixth, twelfth and fifteenth; senior calf, first and fourth; senior yearlings, fourth, fifth and eighth; four-year-old cows, fourth, fifth, sixth and seventh; aged cows, fourth and seventh. The county herd of eight animals placed third.

Friona boys who showed animals at Plainview included Ed Brock, Ray Strickland, Lloyd Rector, Joe Fallwell, Jimmie Gore, Ross Miller, Max Wells, Lewis Gore, Roy V. Miller, Jr., and Tommy Jones.

Health Notes

By Texas Department of Health

AUSTIN.—Countless thousands of lives are lost annually throughout the nation, from diseases that are transmitted by the common house-fly. Dysentery, diarrhea, typhoid fever, tuberculosis and many other disabling and even fatal diseases are spread by flies, and the control of houseflies becomes of great importance when considered in the light of public health.

Dr. Geo. W. Cox, State Health Officer says that in order to protect our families we should make sure our homes are fly-proof through proper screening, and then concentrate on eliminating filth, garbage, and other breeding places for flies.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor cannot molest your family," Dr. Cox said, "and make sure that your grocer observes proper sanitation standards and keeps your meat, food and vegetable supplies screened from flies.

"Then direct your efforts to eliminating all fly breeding places such as open garbage pails, open privies and other filth that offers the fly proper warmth, moisture and food.

Flies thrive on filth, and inasmuch as one female housefly will lay from 600 to 1000 eggs per season, it can easily be seen that one breeding place left available in a community, can be responsible for a tremendous horde of flies."

Dr. Cox recommended organized community efforts as being effective in ridding a community of flies, and emphasized that no matter how clean one family's home and premises are, they are still not safe if another home down the street leaves exposed filth where flies can breed.

Local Seniors Stage Three-Act Comedy

(Crowded Out Last Week)
 "Bolts and Nuts", the slightly daffy activities of the sane and not-so-sane residents of a mental hospital, was presented in three acts by the Farwell seniors last Thursday night in the school auditorium, under the direction of Mrs. Mary A. Peyton.

Slightly bizarre in theme, the play lived up to its title with moments of howling laughter interspersed by a quietly grim search for hidden money.

Members of the cast included Bonnie Foster as Miss Rebecca Bot, heiress to a mental hospital; her niece, Venita, played by Alta Norton; Venita's boyfriend, by Warlick Thomas; Rosamond Booth in the character of Miss Lutie Spinks, an old maid; Betty Gulley as a melancholia patient, Martha Grubb; A. C. Henneman as Dr. Hippocrates Joy, the psychiatrist; Herman Gerles as timid Phineas Plachett; Theda Branscum as Miss Prunella Fig, a claustrophobia patient; Jackie Holland as Cadwaller Clippy, Louis

Rundell as Gertie Glossup; Mary Ruth Petree as her child, Tommy; and R. A. Cassady as Jack Garden, a young intern.

Officials reported that the play brought in \$152.25 at the gate.

Tribune Staff At Amarillo Meeting

(Crowded Out Last Week)

W. H. Graham, Tribune publisher, and two other members of the staff, Miss Hazel Dishman and Mrs. Abie Crume, were in Amarillo last weekend attending the 40th annual convention of the Panhandle Press Association.

The largest crowd in the history of the Association was on hand for the meeting, with 451 being registered this year. Those attending pronounced it as the best convention of the PPA, with the highlight being an address by Frank Jameson, of Denver, who was the first president of the Association in 1909.

The Tribune publisher was awarded a Swiss automatic watch for being the fastest hand compositor at the meet. The watch was given by Radio Station KAMQ of Amarillo.

Poppies Arrive For May Distribution

"The poppies are here!"

This was the word which flashed through the ranks of the Texico-Farwell unit of the American Legion Auxiliary, when a shipment of memorial poppies, to be worn here on Poppy Day, May 28th, arrived from the Veteran Hospitals of Texas, where they were made by disabled war veterans.

The poppies, made of crepe paper with wire stems, are exact replicas of the wild poppies which grew "between the crosses row on row" in the battle cemeteries in France and Belgium during World War I.

They are nature's floral tribute to those who died, and as soon as the American Legion and Auxiliary were organized after the war, the poppy was designated as the memorial flower. When more young Americans gave their lives in Europe's poppy-studded fields in World War II, the poppy became their memorial flower, too, and it now signifies remembrance for America's war dead, no matter in what part of the world they gave their lives.

The poppies received here are the work of disabled veterans. These vets not only earn badly needed money by making the little red flowers, but the employment is considered valuable as occupational therapy.

Sutter Donates New Clock To Parmer Co.

Sutter's Jewelry of Clovis, has donated a new electric clock to Parmer County, and the same has been hung in the office of the county clerk.

The clerk's office has been without a clock for the past few years since the old eight-day timepiece was discarded as completely worn out.

"THE GIRL WHO INSPIRED SONG" * * * Have you ever tried to picture the girls who inspired such songs as Sylvia, Sweet Leilani, Ramona and My Gal Sal? See Henry Clive's pictorial conception of the girls who inspired 15 unforgettable songs in this striking new cover series in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Jester Signs Cancer Control Month Declaration

Urging all Texans to support "the mighty effort now being made by the American Cancer Society" to defeat cancer, Governor Beauford Jester has declared April as Cancer Control Month in Texas. "A beachhead has been established against this formidable enemy of all humans," Jester said. "However, the tide of cancer continues to mount relentlessly throughout this state and nation. All Texans must become aware of the cancer menace, and all Texans must be reached by the cancer control methods being sponsored by the American Cancer Society." With the Governor are, left to right, Dr. William Gambrell, Col. Ike Ashburn, Mr. Fagen Dickson, Dr. W. S. Bohls, all leaders of the Texas division, American Cancer Society.

"Future Unlimited" To Be Shown Tech Exes

LUBBOCK.—Dr. E. N. Jones, vice president of Texas Technological college, will spend three days, April 22, 23, and 24, in Los Angeles as a college representative to contact faculty prospects for next year, and to fill two speaking engagements. Doctor Jones will confer with several faculty prospects the first day of his visit in Los Angeles. On April 23 he is to speak at a meeting of the alumni association of Ottawa University of Kansas graduates. Dr. Jones is a graduate of Ottawa. On April 24, he will attend the organizational meeting of Texas Tech ex-students college representative to contact faculty prospects for next year, and to fill two speaking engagements.

COACH JOHN LEE's district 2-A championship boxing team is shown here with their tournament trophy. This was the second year for the Rockets to win dual meet competition. In eight years of coaching at Wellington, Lee's teams have won 14 trophies. Members are, back row, left to right: Don Hudson, Wilbur Earl Smith, Gene Baird, Dale Lamkin, Choice Harris, Bob Phillips, Garland Turner; front row, Olan Murdock, Gary Phillips, Donnie Lockhart, Truman Judd, Billie Agee, manager, Calvin Hiatt, Tommy Harris, J. E. Bell, Jimmie Thompson, and Coach Lee. Coach Lee was formerly a member of the Farwell faculty.

Historical Essay Contest On May 1

CANYON.—The time is drawing near for entries to the annual Vandale Historical essay contest.

Papers should be addressed to the Panhandle-Plains Historical Society at West Texas State College, Canyon, and must be postmarked not later than May 1. Two awards will be given this year, the amount being based on the quality of the entry. First prize can bring as much as \$100.

The essay contest was established by Earl Vandale of Amarillo for the purpose of stimulating interest in collecting, research and writing the history of the plains country. It is open to everyone regardless of age.

Papers should be typewritten on one side only, double spaced and on 8½ by 11 inch white paper. Reminiscences, diaries, letters or historical documents of all kinds will be acceptable. Emphasis is placed on human interest and general historical value. All entries should be documented with bibliography attached.

Texans Asked To Mail Contributions Now

DALLAS—Texans who have not yet responded to the Easter Seal Sale are urged by Roscoe L. Thomas, president of the Texas Society for Crippled Children to send their contributions this week. Continued support by generous Texans is the only way the Society can continue the crippled children's program which has put our state foremost in the nation, Thomas said.

Dr. John Lee of Wayne University, president of the National Society for Crippled Children, this week told Thomas that Texas is leading the way in the treatment of Cerebral Palsy. No other state, according to Dr. Lee, can compete with the 16 cerebral palsy centers now in operation in Texas.

In addition to the cerebral palsy program, the Texas Society for Crippled Children continues its campaign for greater educational facilities, provides rehabilitation and direct aid in the form of crutches, wheelchairs and transportation.

The annual Easter Seal Sales are the Society's sole means of support. No personal solicitations are made.

"The 1949 response to the Easter Seal Sale is very gratifying," Thomas said. "However, a growing population in Texas is putting greater demands on our free services for handicapped youngsters. That is why it is necessary for the current sale to be the most successful in our history."

To mend a frayed or broken electric cord, splice the wires together and solder them. Tape each of the wires with rubber tape, then tape both wires together with friction tape.

Mechanized Farming Reaches 82 Percent

COLLEGE STATION.—We are definitely in the midst of the greatest farm mechanization era of all times, says W. L. Ulich, extension agricultural engineer of Texas A. & M. College. Here is some proof so far as Texas is concerned.

At the beginning of this year, some 211,799 tractors are in use on Texas farms. Today approximately 2 percent of the cultivated land in the state is plowed with tractor power. In the case of wheat, oats, and other small grains, 86 percent of the harvesting is done with power equipment.

The use of highly specialized machinery requires the farmer to make large investments adds Ulich. The depreciation of this costly machinery eats deeply into the profits of the farm operator, but he can do something about it. The life of tractors or other expensive farm machinery can be increased by proper care and maintenance.

The 4-H boys are learning through their "Live Power Program" just what proper tractor maintenance can mean to their home farm. Boys enrolled in this program keep an accurate record of the operating costs of their farm tractor. They have found that regular servicing, using the correct oils and lubricants, keeping the cooling and ignition systems in good shape and cleaning the air filters daily will keep the tractor on the job longer and at a lower operating cost. Ulich says repair bills can be cut to a minimum if the boys put into practice the things they are taught in the "Live Power" program. This fact is proved by the records submitted by former winners in this program.

Five area tractor maintenance clinics have been scheduled for the latter part of March and the first half of April. Local 4-H leaders and county agents will be given special training and they in turn will hold similar schools in their counties for the 4-H boys who enroll in the "Live Power Program," says Ulich. The training for the boys is important be-

cause they operate many of the farm tractors, he concludes.

VETERAN'S NEWS QUESTION BOX

Q.—I interrupted my training under the GI Bill and now would like to resume training at once. May I go back to my classes anytime?

A.—Before you resume your interrupted training, you should get a supplemental certificate of eligibility from VA.

Q.—Are patients in Veterans Administration hospitals permitted unlimited participation in competitive sports?

A.—Patients may participate only with the permission of the doctor in each case. An average of 43,000 veterans per month have been participating in various sports at hospitals and homes.

Q.—I wish to take on-the-job training. Where should I apply?

A.—Apply at your nearest VA office. Take along a certified or photostatic copy of your discharge papers. If you are married or have one or more dependents and want subsistence allowances, take along your marriage certificate and other documents that will establish your dependency claim.

Q.—I have completed my on-the-job training course and have some entitlement left. I would like to take another course. May I enroll at another school?

A.—You may use any remaining entitlement either for on-the-job training or for educational training with VA's prior approval.

NO GOOD ONES

Thomas E. Dewey New York Governor and twice defeated as Republican nominee for the Presidency is interested in trying a third time if the party is agreeable. Governor Dewey at least wants to have a major voice in selection of the party's next candidate if he does not get the call himself.

SKUNK GETS NEW SCENT . . . This pet skunk belonging to Donna May Gray, 4, and Karen Ann Spoerl, 4, cousins, of Manjowoc, Wis., popped out of hibernation right on schedule, only to be treated to an odorisation process by the two little girls. The little white-striped fellow is friendly enough, but the girls were taking no chances. They immediately went to work on him with an atomiser.

Ride the most beautiful, most roomy, most road-worthy, most "all-round-performance" car in America! Enjoy a thrilling . . .

Revelation Ride

America's "4-MOST" Car!

Why be satisfied with vague claims of "more" of this and "more" of that in a motor car? The New Hudson brings you—not just "more", but the most of all the things you want most! It's America's "4-most" car.

Most Beautiful! Millions vote the New Hudson "America's most beautiful!" No other car could so perfectly express artists' concepts of "the car of the future"—for only Hudson, with its "step-down" design, has the low build that is necessary for such beauty. The New Hudson is the lowest-built car on the highway—yet there's full road clearance.

Most Roomy! Hudson brings you—not just "more", but the most seating room in any mass-produced car . . . the most efficient use of interior space. Head room and leg room to spare!

Most Road-worthy! Even at high

speeds or on winding roads, you ride relaxed—because your New Hudson hugs the highway . . . has the lowest center of gravity in any American stock car. You ride clear ahead of rear wheels, and within the base frame—down where the riding is most smooth, most steady, most safe.

Most All-round Performance! Again, Hudson brings you—not just "more", but most! The all-new, high-compression Super-Six engine is the most powerful American Six. Or you may choose the even more powerful Super-Eight. And Hudson brings you Center-Point Steering, Triple-Safe Brakes and many more high-performance features—all engineered for long life, low upkeep cost.

Come in and enjoy a Revelation Ride in the New Hudson—America's "4-most" car!

AND IN ADDITION, ONLY HUDSON BRINGS YOU All these "most-wanted" advantages: Automatic gear shifting with Drive-Master Transmission . . . 121 h.p. high-compression Super-Six Engine, most powerful American Six, or masterful 128 h.p. Super-Eight . . . Chrome-Alloy Motor Block . . . Dual Carburetion . . . Fluid-Cushioned Clutch . . . Monobilt Body-and-

Frame** . . . Safety Jack Pads under frame . . . Full-View Curved Windshield . . . Wide-Arc Vision . . . No-Glare Instrument Panel . . . Interior Door Handles, Window Controls in recessed door panels . . . Super-Cushion Tires . . . Safety-Type Rims . . . Weather-Control Heater-Conditioned-Air System*

*Optional at slight extra cost

MOTHER DIES IN ARIZONA

Mr. and Mrs. John Adams returned to Texico the past weekend from Arizona, where they had attended the funeral of Mrs. Adams' mother, Mrs. Esther Kettle, Mrs. Kettle, 52, had been in ill health for some time and passed away at her home in Superior, Arizona on April 7th. Interment was made at Rock Springs, Arizona, on April 11th.

REPORTS TO KENTUCKY

Pvt. Fred Curtis, son of Mrs. Ray Mears, left Tuesday to report to Fort Campbell, Ky., after spending a month-long furlough here. Fred is a paratrooper and only recently returned home from Japan. He said he would take up glider training at Fort Campbell.

Southern Baptists Called To Day of Prayer, 4th

Dr. Robert G. Lee, president of the Southern Baptist Convention, has asked the denomination's churches and homes to observe Wednesday, May 4, as a day for repentance and prayer preliminary to the May 18-22 meeting of the Convention at Oklahoma City.

The Convention president, who is pastor of the Bellevue Baptist Church of Memphis, Tennessee, urged pastors to emphasize the day as necessary "in view of the needs and miseries of the world—so varied and complex."

Dr. Lee also suggested that "in journeying to the Convention there be prayer meetings held on the trains and planes en route to Oklahoma City."

"And, for all those who come in cars, why not pause occasionally for a prayer in the car on the side of the road or as stops are made at gas stations? And as it takes only one to drive a car, let those who are not driving hold occasional prayer sessions in the car as they journey."

88 MEN AND MARY . . . Pictured in her office, Miss Mary Shadow, 22-year-old member of the Tennessee house of representatives, is the only woman on that 99-member body. She entered politics as a result of a joke, but the thing snowballed and she was elected.

Mrs. Elmer Temple spent Monday night in the home of Mrs. J. C. Temple. She was enroute to Albuquerque from East Texas.

Mr. and Mrs. Alex Jesko and children from Lazbuddy were Sunday afternoon visitors in the Harry Jesko home.

Mr. and Mrs. Frank Phillips returned home the first of the week from a trip to points in Arkansas, where they visited with relatives.

Mr. and Mrs. Perry Winkles and son and Mrs. Joe Morgan spent Easter in the home of Mr. and Mrs. J. D. Morgan.

Miss Dorothy Cassauy spent Friday and Saturday of last week visiting with Miss Twila Strickland in Lubbock.

Mr. and Mrs. Woodrow Lovelace and daughter, Dianne, spent Easter with her parents, Mr. and Mrs. H. D. Mayfield, near Friona.

Mrs. W. J. Smith, of Carlsbad, visited in the home of Mr. and Mrs. A. D. Smith in Farwell, last Tuesday and Wednesday.

Mrs. Lillian Bailey and son, Travis, from Amarillo, visited in the home of Mrs. Stanley Stewart, Sunday.

Miss Aileen May, of Pomona, California, returned to her home after spending a vacation with friends in Texico.

Mr. and Mrs. Ray Stone and daughter, of Pampa, visited in the home of Mr. and Mrs. Jud Stone over the weekend.

Mrs. C. A. Cassady and family were Sunday visitors in the home of Mr. and Mrs. Doyle Cummings, near Friona.

Proficiency Certificate Is Presented Tech

LUBBOCK.—An award of the Certificates of Proficiency from the Department of the Army was presented Texas Technological college during Army Day ceremonies conducted at the college by ROTC cadets.

Frank Junell, assistant to the president, accepted the college award in the absence of President D. M. Wiggins. Lt. Col. L. C. Adams, professor of military science and tactics, made the presentation in behalf of the army department.

Some 520 college cadets took part in the celebration which included "open house" in military quarters on the campus and inspection of the installation; a downtown parade and a Retreat parade and award ceremony on the campus.

Colonel Adams announced that 72 students, both reserve army and reserve air force status, will receive commission this year, and that five students are being considered for direct regular army commissions.

MISS BETTY JO TARTER, JAMES B. GLAZE WED IN DOUBLE-RING CEREMONY

In a double-ring ceremony read on April 13th at 1:30 in the home of the bride's parents, Miss Betty Jo Tarter became the bride of James B. Glaze. The bride is the daughter of Mr. and Mrs. D. A. Tarter of Lazbuddy and the groom is the son of Mr. and Mrs. Royce Glaze of Muleshoe.

Rev. A. W. Blaine pastor of the Muleshoe Baptist Church, officiated. Music for the ceremony included the traditional "Wedding March" from Lohengrin. The room was decorated with Easter lilies, and red roses and fern covered the mantle.

Given in marriage by her father, the bride wore a gown of white nylon marquisette, trimmed with white face and fashioned with a fitted bodice and three-quarter length sleeves. Her veil fell to her waist and was decorated with seed pearls. The bouquet was white roses, centered with a white orchid.

Miss Bea Tarter, sister of the bride, was maid of honor, and wore a gown of blue net trimmed with white lace. She carried a bouquet of pink carnations.

Royce Glaze, Jr., served his brother as best man, and Gordon Thurman, of Amherst, acted as usher.

A reception in the Tarter home followed the ceremony. A lace cloth covered the serving table which was centered with arrangements of fern and Easter lilies. The wedding cake was topped with a miniature bride and groom.

Mrs. Clarence Mason presided at the guest book, with around 60 being registered. Mrs. Winnie Mars and Mrs. Alton Morris assisted at the table, with Mrs. Douglas presiding at the punch bowl.

For a wedding trip to South and East Texas, the bride wore a tan gabardine suit with brown accessories and an orchid corsage.

Both the bride and groom are graduates of the Muleshoe high school. Mrs. Glaze later attended ENMC at Portales and is a member of Sigma Beta Chi. Glaze has attended Texas Tech and also served in the army since graduating at Muleshoe.

The couple will be at home in Muleshoe, where Glaze is engaged in farming.

Dosher Home Scene Of Easter Social

The home of Mr. and Mrs. Dick Doshier in Texico, was the scene of a lovely Easter dinner, Sunday, with an egg hunt being enjoyed during the afternoon.

Participating in the day were Mr. and Mrs. Arthur Doshier, Billie and Zelma Doshier, Mr. and Mrs. Joe Pat Hart and sons, Jodie and Bill Gray of Littlefield; Mr. and Mrs. Cecil Rundell, Mr. and Mrs. Jack Spurlin, all of Clovis; Mr. and Mrs. Harold Hillock and children, Mr. and Mrs. Myron Hillock and children, Mr. and Mrs. Sam Rundell, Mr. and Mrs. Billie Dollar, Mr. and Mrs. Clarence Barber and children, Mr. and Mrs. Alpha Doshier and children, Dr. Mary Leone McNeff, Mr. and Mrs. Travis Rundell and children, Mr. and Mrs. Orville Francis and sons, Mrs. Robbie Lowery and children of Clovis; Misses Frankie Harris, Norma Jean Jacks, Gloria Johnson and Juanita Winegert; Weldon Rundell, Merrill Rundell, John Christian, Donald Christian, Melburn Jones, Willie Joe Carpenter and Ernest Foreman, Jr.

Mrs. W. W. Deal, returned to her home in Long Beach, California, Tuesday, following an extended visit in the home of her sister, Mrs. E. E. Booth.

Easter Holidays Bring Local Students Home

A large number of local college students took advantage of the Easter holidays over the weekend to visit in the homes of their respective parents.

Among those here were Howard Graham, of ACC, in the home of Mr. and Mrs. B. N. Graham; Jim Bob Roop, Texas Tech, in the E. M. Roop home; Kenneth Jacks, also of Tech, with his parents, the Henry Jacks; Joan Booth, of Tech, at the Earl Booth home; Duane Sprawls, of Texas A. & M., in the Aubrey Sprawls home; Misses Mary and Phyllis Mendoza, of Albuquerque business college with their parents; Mary Harding, of ENMC, in the B. L. Harding home; Junior Harding, ENMC, at the Nathan Harding home; Beryl Brown, of ENMC, with Mr. and Mrs. D. J. Brown; Peggy and Jean Rogers, of ENMC, at the B. A. Rogers home; Sonny Graham, of ENMC, in the W. H. Graham home; Glenn Phillips, of Tech, in the Frank Phillips home; Bobby Hart, of University of Texas, in the Sam Aldridge home; and Charles Felts, of ENMC, in the C. A. Felts home at Lariat.

Tea Held Thursday By Golden Circle Class

New members were honored the past Thursday afternoon, when the Golden Circle Sunday School class of the Baptist Church held a tea and social in the parlors of the church.

Group singing was enjoyed and Mrs. Clyde Magness gave an Easter reading. Mrs. Jack Caves played a violin solo, accompanied by Mrs. John Lockhart.

Various games were played, after which Mrs. Verney Towns and Mrs. Jack Caves presided at the lovely table, serving punch and pastel-colored cookies.

Attendants included Mesdames Don Faught, Raymond Magness, Raymond Martin, Louis Purvis, W. T. North, Stanley Thigpen, Clarence Meeks, Roy Cook, Buck Bradshaw, W. Hardage, John Lockhart, Clyde Magness, Verney Towns and Jack Caves.

La Donna Stewart Notes 7th Birthday

La Donna Stewart celebrated her seventh birthday on Easter Sunday, and was entertained with a birthday party on Friday.

Twenty-three classmates attended the social, with Aileen May and Patsy Doshier in charge of the games. Mrs. Jim Moss assisted Mrs. Stewart in serving a beautiful pink and white birthday cake, ice cream and punch.

The young guests were Jimmie Cain, Betty Durham, Colleen Landrum, Donna Crawley, Leslie Winspur, Anita Moss, Melba Monk, Helen Shaw, Mary McDaniel, Wendell Doshier, Warner Walker, Mike Coulter, Jerry Moss, Hazel McDaniel, Boots McDaniel, Don Guill and Darlene Day.

Visitors were Mrs. Lillian Bailey, Mrs. Gear and Travis Bailey, all of Amarillo; Jenise Duncan of Lubbock and Mrs. Clyde McDaniel of Texico.

Attend Farewell Dinner

Judge and Mrs. A. D. Smith were in Clovis, the past Saturday night, attending a farewell dinner for Mrs. J. C. Compton, given in the home of Mr. and Mrs. W. W. Nichols.

South American Guests In B. N. Graham Home

Mr. and Mrs. P. H. Molitor of Bogota, South America, and Mrs. Benton Graham and daughter, Sandra, of Cucuta, South America, visited the past week in the home of Mr. and Mrs. B. N. Graham, in Farwell.

The Molitors have continued their visit in the States to points in California, while Mrs. Graham and Sandra are now in Albuquerque, where the youngster is receiving a medical checkup, following an attack of polio sustained two years ago. They will return here for another short visit in the Graham home before flying back to their home in South America, where Benton is employed by an oil company.

Study Is Concluded By Methodist Group

"The Newness of Life," a special study which has been conducted by Mrs. Harvey E. Carrell for the WSCS of the Methodist Church, was concluded last Wednesday afternoon, when the group held a regular meeting.

During the afternoon a report on the recent conference held in Roswell was given by Mrs. Roy B. Ezell, who was the official delegate of the local group. Business transacted included the selection of the nominating committee.

Members attending were Mesdames Roy B. Ezell, Harvey E. Carrell, Grace Sanders, Ruby Dixon, A. D. Smith, G. W. Atchley, Ralph Humble and W. H. Graham.

PTA Meeting Held In Farwell Thursday

Members of the Farwell Parent-Teacher Association held their regular meeting last Thursday night at the school, with Mrs. J. D. Thomas presiding.

Due to illness, Rev. A. D. Moore, who had been scheduled to speak to the group, was unable to attend.

During the business session, the association laid plans for the negro minstrel, which will be presented at the school on April 29th. A checkup revealed that the first and fifth grades were tied for the attendance picture, and it was decided that the two rooms would divide the month for hanging the picture in their respective rooms.

Training Union Group Has Meeting Friday

A joint meeting and Easter egg hunt was enjoyed by some 27 members of the junior Baptist Training Union group last Friday afternoon, at the church in Texico.

The social was sponsored by part of the members which made up the losing side in a recent contest.

Following the egg hunt, a picnic was enjoyed. Hostesses were Mrs. John Lockhart, Mrs. D. J. Brown, Mrs. O. O. Holladay, assisted by E. A. Kelley.

Guests Assemble In Cailouett Home

Mr. and Mrs. Louis Cailouett entertained on Sunday, with an Easter dinner and egg hunt, at their home in Texico.

Attending were Mr. and Mrs. C. D. Houghtling and Mr. and Mrs. Johnnie Lewis and Bettye, of Texico; Mr. and Mrs. James Box and baby of Portales; and Mrs. C. V. Turvey, of California.

In Lockhart Home

Miss Mabel Davis and brother, Henry Davis, visited the past weekend in the home of Mr. and Mrs. John Lockhart in Texico. Miss Davis teaches public school music at Brownfield, and took advantage of the Easter holidays for her visit in Texico.

New Officers Will Be Installed Thursday

New officers for the Texico PTA will be installed on Thursday night of this week, at the last meeting of the association for the current school term, officials announced today.

The social will feature a box supper among the members, and a special musical program will be rendered by a group from ENMC, Portales, Supt. B. A. Rogers said today, in urging a good attendance.

The meeting is slated to begin at 8 o'clock, Texas time.

Sunday Visitors Here

Visitors in the home of Mr. and Mrs. Guy Cox last Sunday were Mr. and Mrs. Bunk Phillips and daughter, Linda, Glenn and Charles Phillips of Farwell; Mrs. James A. Cox, Guy Cox Jr., Mr. and Mrs. Bryan Sinclair and Ivan Earl, Mrs. Billie B. Sinclair and Paulette, all of Dimmitt; Joe Cox and Miss Joy McDaniel, both of Lazbuddy. Following dinner in the home, the youngsters were entertained with an Easter egg hunt on the premises.

Matthews Entertain

Dinner guests in the home of Mr. and Mrs. W. J. Matthews on Sunday were Mrs. S. C. Hunter of Dallas, Mr. and Mrs. Ed McDaniel of Clovis, Mr. and Mrs. R. J. Klump of Muleshoe and J. T. Harding of Texico. Visitors during the afternoon were Mr. and Mrs. J. D. Harding and sons of Levelland, Mr. and Mrs. Warren G. Harding of Lubbock and Nath Harding, Jr., of Farwell.

In Hapke Home Sunday

Mr. and Mrs. Alford E. Hapke and family entertained in their home on Sunday. A lovely dinner was served to Mr. and Mrs. Leonard Hapke and family of Lubbock, Mr. and Mrs. Walter Hapke and family of Clovis, Mr. and Mrs. John Gross, Mr. and Mrs. Albert Davis and George Gross and family, all from Muleshoe.

42 Benefit Planned

Sponsored by the Texico PTA, a 42 benefit and pie supper will be held in the auditorium of the school on Friday night of this week, April 22nd, officials announced today. All attendants are asked to bring pies which will be auctioned off with the proceeds going into the PTA fund. Play is to begin at 8, Texas time.

In Seale Home

Mr. and Mrs. J. R. Sheriff of Lubbock, were here over the weekend visiting in the home of their daughter, Mrs. Frank Seale. The Sheriffs formerly lived in the West Camp community.

Other visitors included Mr. and Mrs. E. R. McDaniel and Mr. and Mrs. J. D. Harding and sons, Barry Don and Herby Kay, all of Levelland, and Mr. and Mrs. Lynn Rice and daughter, Linda, of Brownfield.

Back From Oklahoma

Mr. and Mrs. Loyde Brewer and son, Byron, of Farwell, and Mr. and Mrs. Glenn Brewer and son, of Alamogordo, N. M., returned Monday from an Easter reunion of the Brewer family, which was held in the home of Mrs. B. M. Elliott at Fargo, Oklahoma.

Guests In Dykes Home

Mr. and Mrs. Hmoer Dykes entertained in their home, Sunday, with a lovely dinner. Those present were Mr. and Mrs. Ted Walker and son, Jerry; Mr. and Mrs. Herbert Dykes and sons, Roland Gene and Donald Lee, all of Sudan; Mr. and Mrs. Olin Hardy and sons, Lary and Ronny, of Texico, and Miss Lorene Dykes of Lubbock.

Mrs. M. C. Roberts spent Easter in Dallas with her son, Bill, and wife.

Negro Minstrel Will Be Given 29th

A negro minstrel, to be sponsored by the Farwell PTA, will be presented in the auditorium of the school on Friday night, April 29th.

Admission to the affair will be \$1 per family, officials announced, adding that tickets would be offered in advance of the program.

Divorces Granted

A short session of District court was held at the Parmer County courthouse the past Saturday, with two divorce cases being disposed by Judge C. D. Russell. Judgements were given the plaintiffs in the proceedings of Mabel Jones vs. Will Jones and Clara Horner vs. Everett Horner, records reveal.

Home From Michigan

Mr. and Mrs. Bill Denney returned to their home at Bovina last Thursday after spending two weeks visiting in the home of Mrs. Denney's parents, who live near Lansing, Michigan.

Visits With Parents

Miss Willie Ellen Williams, daughter of Mr. and Mrs. W. E. Williams of Bovina, arrived home on Thursday and spent the Easter holidays with her parents. Miss Williams is teaching music in the schools at Corsicana.

Are Easter Visitors

Mr. and Mrs. Travis Taylor and sons, of Clovis, and Mr. and Mrs. C. D. Leavell and children, from Jal, N. M., were Easter visitors in the homes of Mr. and Mrs. D. J. Brown and Mr. and Mrs. J. H. Leavell in Texico.

Here From Wisconsin

Mrs. Verne Wellman and son, Forrest, are here from their home near Madison, Wisconsin, for a visit in the home of her parents, Mr. and Mrs. E. G. Blair. Mrs. Wellman is the former Miss Helen W. Blair, of Texico.

In Humble Home

Mr. and Mrs. Lee McDaniel and daughter, and Miss Twila Strickland of Lubbock, were Sunday visitors in the home of their parents, Mr. and Mrs. Ralph Humble.

Quinlan Morgan and family have recently moved to Tatum, where he was returned to Port of Entry work.

INSURE YOUR WHEAT NOW!

It's too late to take out insurance on your wheat after it has been hit by a hail storm.

Better play safe and let us write that insurance policy now. It costs no more to insure it now than later.

Happenings

BY MARIE VENABLE

Mr. and Mrs. Wilbur Charles and Grandma Charles left Monday for California where they will visit their daughter, Mrs. Jack Kaminski and family.

Mr. and Mrs. Pete Davies, R. T. Harbour and Mrs. Byron Turner had business in Lubbock, Thursday.

Mrs. Vernon Estes, who was a patient in the Clovis Memorial hospital, returned home Thursday.

Mrs. Joe Langer, Mrs. Fred Langer, Mrs. Frank Wilson and daughters, Mrs. Jno. Wilson and Mrs. Pat Kunselman shopped in Clovis Saturday and visited Mrs. Elton Venable and Margaret Jo.

Mr. and Mrs. Charles Jefferson left Sunday for Albuquerque, where they were called to the bedside of his mother, who is seriously ill.

Mrs. Crump Melugin, was operated Tuesday at Memorial Hospital in Clovis.

Fred and Joe Langer returned on Friday from a business trip to Oklahoma.

Earl Richards, T. G. Hudson and Tom Hudson made a business trip to Lubbock, Monday.

Mrs. Louis Pesch and Mrs. I. W. Quickel went to Albuquerque, on Wednesday. She will receive medical care.

Mrs. Herman Estes and children spent the Easter holidays in Rockwood, Texas.

Maxine Wade, of Amarillo, spent the Easter holidays with her grandmother, Mrs. W. J. Wade.

Troy Armstrong spent part of the week in Amarillo on business.

Mrs. Troy Armstrong had business in Clovis, Wednesday afternoon.

Mrs. George Trimble, Loyce and C. E. went to Clovis Wednesday afternoon. C. E. had medical care after an injury earlier in the week.

Mrs. Amos Steelman shopped in Clovis, Thursday afternoon.

Mrs. W. J. Wade and Mrs. Jack Waltman shopped in Clovis, Monday.

Mr. and Mrs. Euell Hart and Mrs. Bass P. Elliott returned home this week from Nebraska, where they had visited their parents.

Mr. and Mrs. Carol Steelman moved Thursday to Bovina from the Pringle house.

Lee Thompson, of Fort Worth, attended business here Tuesday.

Mrs. Charley Calaway and Mrs. Charles Jefferson had business in Clovis, Monday.

Mrs. Bell, of Hereford, was in Bovina last Thursday on business.

Mrs. Byron Turner and Mrs. Jessie McSpadden made a business trip to Clovis, Tuesday evening.

Mr. and Mrs. Elton Venable were in Clovis, Monday.

Mr. and Mrs. Alvin Gaines and children, of Friona, visited here on Tuesday.

Mr. and Mrs. Tate moved into the Grandma Jefferson home Tuesday.

Mr. and Mrs. L. L. Rhodes are the proud parents of a baby boy, born Saturday. She was the former Betty Jo Moorman.

Mrs. Herman Estes left Wednesday to visit various Texas points.

Mr. and Mrs. Ross Terry of Friona visited in the Charlie Jefferson home, Wednesday.

Mr. and Mrs. Mel Gunn made a business trip to Plainview, Tuesday. While there they visited Mrs. Bill Nittler, who is in a hospital there.

Dock Gray and family and Mrs. J. C. Spears of Amarillo, spent Sunday in the O. V. Venable home.

Mrs. U. B. Wheeler, who has been handicapped with a broken toe, is recuperating nicely.

Joe Lawrence Langer, of Amarillo, visited his parents, Mr. and Mrs. Joe Langer, Friday.

Mr. and Mrs. Vester Venable and sons, of Farwell, visited in the Oscar Venable home Sunday.

Mrs. Gabe Anderson, Jr., was a Farwell visitor, Monday.

Earl Richards made a business trip to Muleshoe, Wednesday.

The American Legion held a regular session Monday night with 15 members present. They discussed plans for baseball and a rodeo for

the near future. The next meeting will be on April 25th.

Johnny Glover and Archie McCutchan went on a fishing trip to Conchas Dam recently.

Mrs. Jerry Wilkerson has been on the sick list the past week.

Mr. and Mrs. Cecil Bunch visited relatives at Pleasant Hill, Sunday.

Make Your Outside
Work Comfortable

COLLEGE STATION, — "When warm weather comes around, we like to do as much work out-of-doors as we possibly can," Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College recently pointed out. "But don't forget that comfortable working heights are just as important outside as they are in the kitchen and laundry."

A sturdy bench or table conveniently near the back door or in the garage can take the stoop out of many spring jobs which too often are done uncomfortably and inefficiently on the ground she said.

For example, window screen and garden furniture can be painted more easily when set up at a convenient working height. Refinishing furniture, upholstering and putting furniture into condition for the season can be pleasant jobs when done out in the sunshine and at a level where they are convenient to handle as well as to see.

"The principles that hold for indoor work apply outside, too," Mrs. Claytor concluded. "Indoors or out, work is easier, faster and pleasanter when done without stooping."

When housecleaning, work in as comfortable a position as possible. Sit whenever you can, and rest a few minutes in between jobs. Short rest periods keep the worker in better condition and results of housework are likely to be more uniformly good.

ALL SUMMER LONG
YOU'LL ENJOY EASIER MEALS

Electrically

Your electrical refrigerator is a clean, convenient storehouse of good things to eat all summer long.

When the weather's warm and meal preparation's a chore, you can have a variety of cool, refreshing foods on hand to add zest to tired summer appetites.

From an appetizing salad through a delicious cold dessert, your entire meal can be on the table with very little effort.

If you don't already have an electric refrigerator, or yours is one of the older models without the numerous advantages of a post war refrigerator, see the beautiful new models on display at your appliance dealer's soon.

When Your
Back Hurts -

And Your Strength and
Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Take Your Family To Sunday School

Too many people send their children to Sunday school. Don't send your children—take them—then you will be there yourself. You need the Sunday school and the Sunday school needs you. Nobody stays too young for Sunday school very long and nobody ever gets too old. More than thirteen centuries ago a great Christian leader said that the Bible is "a stream where alike the elephant may swim and the lamb may wade." And just last year J. Edgar Hoover, Director of the F. B. I., writing on "Crime and the Sunday School," stated:

"It is quite impossible to believe that progress along the road to righteous living may be accomplished without the guidance of the Bible. It is the source of spiritual food, the solution of life's problems, and the inspiration for Christian living."

The modern Sunday school, with its teacher training courses and graded lessons, has much to offer to students of all from the Cradle Roll to the adult classes. Perhaps there is no other activity in which we can en-

gage where the rewards are so great for so small an investment, and so altogether desirable. Bible study educates both the intellect and the heart. Allusions to biblical characters, incidents, parables, and proverbs are so common in literature that often one cannot read a magazine article or newspaper editorial intelligently without biblical knowledge. Most men and women who have not attended Sunday school lack such knowledge. They are to be pitied.

In the Scriptures we learn both by historical confirmation that "Righteous exalteth a nation; but sin is a reproach to any people." Moreover, the life of the community is enriched with its social activities under religious auspices, and its opportunities for developing leadership. And the Sunday school is more than a place to receive benefits; for those who are qualified, it is a rich opportunity for service. So, for what you can get from it and for what you can give to it—take your family to Sunday school.

Walter F. George, U. S. Senator from Georgia.

Orthopedic Clinic To Be Held Saturday, 30th

Second annual Diagnostic Orthopedic Clinic will be held in Khiva Temple, 5th and Fillmore, Amarillo, Texas, on Saturday, April 30, beginning at 9:00 a. m.

The Clinic for examination, observation, and recommendation only, will be conducted by three orthopedic specialists, registered nurses, and medical stenographers.

Any child under 15 years of age of normal mentality whose physical functions or movements are impaired by reason of a joint, bone or muscle defect or deformity is eligible for diagnosis in this clinic.

Lunch will be served at noon to all attending the clinic. A reception and registration committee will be on hand, and entertainment for the children, while waiting their turn, will be furnished.

Anyone interested should write Khiva Temple, Box 323, Amarillo, Texas.

National Home Demonstration Week this year is scheduled for May 1-7.

Fit Home Freezer Into Convenient Place

COLLEGE STATION—In recognition of the increasing use of home freezers, specialists of the USDA have been studying the operating characteristics of units in the household equipment laboratories of the Bureau of Human Nutrition and Home Economics.

Their reports show that the home freezer will do a better job for the family if it is given a place in the home that suits it," Mrs. Bernice Claytor, extension home management specialist of Texas A&M college, said recently. "The freezer should be located in a cool, dry, well-ventilated spot. When there isn't room in the kitchen, an attached garage has proven to be a good location."

Some of the conditions to be avoided in locating the freezer as listed by Dr. Earl McCracken, USDA physicist, are:

A hot spot—the higher the room temperature, the more the motor must run.

Dampness—moisture is likely to condense on the freezer's outer walls

and may even drip to form pools on the floor. It may damage exposed metal surfaces as well as the motor, motor supports and springs.

A tight spot—a small niche, with walls on three sides of the unit, prevents circulation of air needed to carry off the heat.

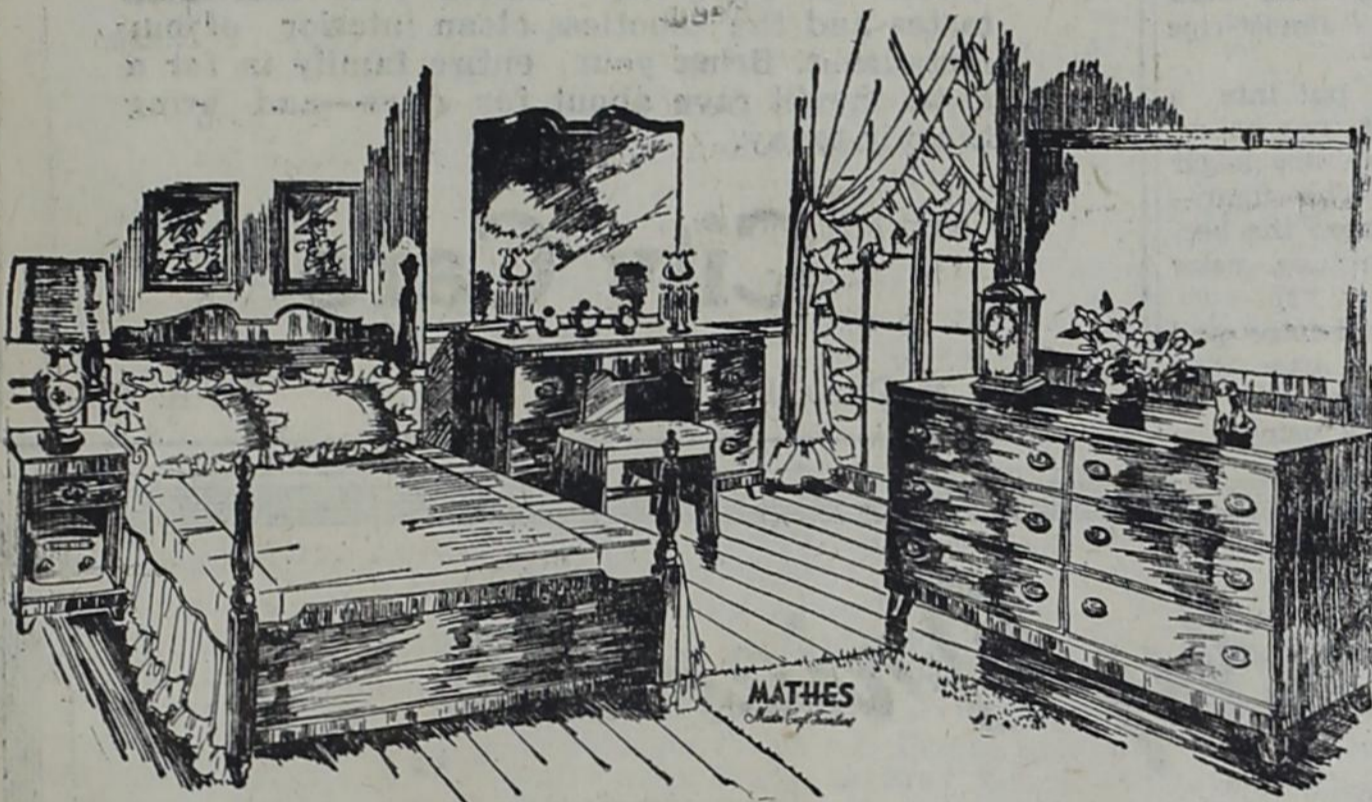

"Remember that a home freezer, even empty, is heavy," Mrs. Claytor pointed out. "Strong flooring is essential. An upright freezer puts more weight per square foot on a floor than a horizontal one of the same capacity."

It is always a wise precaution to ground the freezer, to prevent electrical shocks to the user, according to the specialist. "And if the freezer is to be carried through a doorway or up or down stairs, you'll be wise to take measurements before the freezer comes home," she concluded.

Dean Acheson, new Secretary of State, is as completely without political ambitions as was Gen. George Marshall, his predecessor. That fact played a part in the choice of Mr. Acheson over some others who were interested in the job.

HEY! WHAT'S UP, DOC? . . . That seems to be puzzling Frankie Gascoch as he gets a "ticket" from "patrolman" Tommy Knesel, 2. Real Kansas City policeman Jack Marshall (center), friend of Tommy's parents, had a uniform manufacturer make an exact replica of a patrolman's uniform for Tommy, who even carries a service revolver—the cap kind, that is. Young Frankie seems as much perturbed by this "traffic" incident as many grown-ups would be under similar circumstances.

Grain Shipping Nightmare Feared In Moving Crop

By ROY RODDY

Agricultural Editor, Dallas News

FORT WORTH—Texas is heading into a nightmare of dumped grain and tied-up freight lines this summer unless farmers help out.

Farmers can prevent a tieup by moving out wheat and milo now stored in country elevators, said G. E. Blewett, secretary and treasurer of the Texas Grain & Feed Dealers Association.

"Unless this grain is moved before the new crop harvest begins, there is going to be the worst congestion ever known," Blewett predicted here Wednesday.

"It is a physical impossibility for railroads to handle in such a short time the enormous amounts of grain estimated for the forthcoming harvest."

He said that the United States Department of Agriculture's forecast of 99,190,000 bushels of wheat from Texas this summer was no surprise

to the grain trade in general.

"Weather and soil conditions since last December have been better than they were in 1947. Therefore, it is highly possible that from the tremendous acreage planted this year we may even exceed the 1947 harvest of 124,270,000 bushels," he explained.

The present crop, moreover, is ten days early. Some experts have forecast harvest by May 10 in Foard and adjoining counties. Farmers at Hart say wheat in that section already is jointed, he continued.

A survey made of Texas storage facilities by Blewett's association last February showed a 133,000,000-bushel capacity. Buildings then under construction have raised the total approximately 5,000,000 bushels.

"In February the government reported 21,500,000 bushels of milo and kafir stored in Texas under the loan program last January, the government reported a total wheat

stock in Texas of 47,000,000 bushels," Blewett said.

Last March, the Commodity Credit Corporation started a movement to clear this grain from country elevators.

"But for some reason, farmers owning the grain have not co-operated with CCC," Blewett declared.

"Farmers have not surrendered the grain on notes held against it, although CCC is bidding \$2.25 a hundred pounds on No. 2 yellow milo."

He added that government loan and charges on No. 2 milo placed in storage last August now amounted to more than \$3 a hundred weight.

At College Station, B. F. Vance, chairman of the Texas Production and Marketing Administration committee, has ordered PMA offices in the ten heaviest grain producing counties to accept immediately releases on grain sorghums in sub-terminal and terminal storage.

"At the present rate, voluntary releases are not reaching this office to make sufficient space for the state's estimated 100,000,000-bushel wheat crop," Vance wired the offices.

In addition to crop and storage conditions, another factor pointing toward freight trouble this summer is the large increase in the number of combines operating in Texas.

"There are enough of these combines to harvest in one day now what it formerly took to harvest in ten days," Blewett said. This leads to enormous amounts of grain dumped on the railroads at one time.

Deaths Drop, Injuries Increase During '48

HARTFORD, Conn. — Traffic deaths dropped one percent in 1948, reaching a total of 32,200 as compared with 32,500 in 1947, but injuries increased eight percent, according to figures released by The Travelers Insurance Companies.

The personal injury total, 1,471,000 was an all-time high. The 1947 figure was 1,365,000.

This data is contained in a book-

let entitled The "Human Race", fifteenth in an annual series of traffic safety publications issued by the companies.

In commenting on the title, Jesse W. Randall, president of The Travelers, says: "America's miserable traffic accident record is, in a sense, the sum of all our trifling human frailties. Most of us know how to drive and walk with safety, but it is so human to let our absurd little personal foibles botch our better judgment."

Excessive speed headed the list of accident causes in 1947, as it has in most recent years. More than 10,000 deaths and more than 338,000 injuries were attributed to this single cause.

Youthful drivers, especially those in the 18 to 24 age group, caused more than their statistical share of both deaths and injuries, according to the figures.

The report, based on official records from every state, compares figures for 1948 and 1947 on the basis of age, sex, road and weather conditions, type of vehicle, mechanical condition of vehicles, type of accident, and many other factors.

Strawberry Time Is Now For Texans

COLLEGE STATION — Whether you eat them in preserves, on ice cream, on a shortcake, or fresh, it's strawberry time in Texas.

Lucille Shultz, associate extension foods and nutrition specialist of Texas A&M, suggests putting away several gallons in the home freezer, if you select only the red-ripe berries. This type hold their color better than the almost-ripe berries.

Strawberries can be put into a container whole, or cut into halves and allowed to stand in dry sugar until it is all dissolved. The sugar—or sugar-syrup—helps keep the berries in their fresh texture, color and aroma.

They develop an off-color and off-flavor very quickly after they are defrosted if the sugar is not used. So, when you are using the

dry sugar method, mix the berries until each one is well coated with sugar, Miss Shultz says.

Crushed berries used for toppings for shortcake and ice cream will hold their natural flavor better and longer than the whole or sliced berries. Here are Miss Shultz's suggestions for preparing the berries for freezing. Wash, drain and cap them; weigh and pack, using one part sugar to three or four of berries. If you are using the sugar-syrup, mix three cups of sugar and four cups of water. Fill containers with berries and cover with cold syrup, put cover on and place them in the quick freezing compartment at 20° to freeze at once.

Need letterheads? Dial 2131.

LARGEST REGISTRATION

CANYON—The largest Sunday registration at the West Texas State College Panhandle Historical Museum was recorded on March 6, according to Boone McClure, director. There were 650 visitors, some 200 more than for a similar day this year.

Fire destruction in the United States broke all records in 1948, when more than \$711 million of the nation's resources went up in flames. This was the greatest destruction by fire in a single year in the history of the nation, the National Board of Fire Underwriters says.

Ranch-Style House Meets Family Needs

This ranch-style house is intended to be either a country one or a suburban dwelling, whichever its owners want. Generously provided with features for family living, it is Plan No. 709 of Architect Walter T. Anicka, 617 Forest St., Ann Arbor, Mich.

Only 55 feet wide, the house is small enough to fit well on a 70-foot lot. On the other hand, its low, rangy lines make it suitable

for spreading country acreage. Exterior materials conform to the overall architectural style. The architect recommends wide clapboard or cinder block siding with fire-resistant asphalt roof shingles in any of the numerous solid or blended colors available. Trim should be painted to harmonize with the roof.

The three bedrooms, grouped around a short, convenient hall-

way, are ample for most families. The living room-dining room combination makes a spacious area for entertainment or for children's play.

The service room, with a door leading directly to the rear porch, includes a lavatory and could be used as a cleanup room by persons coming in from the outdoors. Laundry tubs also are included in the service room. If the house is built without a basement, a heating plant could be installed in the space gained by eliminating the stairway.

(Detailed plans and specifications are available from Walter T. Anicka, 617 Forest St., Ann Arbor, Mich., by referring to Plan No. 709.)

Class Play Presented At Texico on Friday

(Crowded Out Last Week)

With an all-star cast turning in an excellent performance, "The Calamity Kids", a three act comedy, was presented last Friday night by the Texico seniors to a large crowd of enthusiastic spectators.

No one individual stole the show, in the opinion of the audience, but the antics of "The Kids", Midge and Micky Starr, played by Coeta Roth and Ansel Doolittle, furnished some of the more hilarious parts of the presentation.

The plot dealt with the attempts of Gideon Garvey (Vernon Blain), and Opal Ludlow (Claudene Brid-

es) uncle and aunt of the orphan twins, to take the youngsters away from their foster parents, Hezekiah and Emily Hoskins (Grace McDaniel and Jim Billingsley). Needless to say, the twins triumphed over adversity and provided a happy ending for the story.

Romantic interest was supplied by Delphine Johnson as Bonnie Blue and Buddy Pearce as Brad Rivers; Frankie Harris was the gossipy old maid, Clara Clabb; and Norma Lee Sanders and Kenneth Bridges were Loraine and Elmer, children of Opal Ludlow.

Mrs. Gladys Prescott was in charge of direction.

Tech Will Observe Parents' Day, 1st

LUBBOCK.—Parent's Day at Texas Technological college is planned for May 1.

Highlight of the special day will be a recognition service for all students who have attained scholastic achievement during the last two college semesters. Also holders and winners of scholarships and organizations with outstanding academic records will be recognized. Dr. D. M. Wiggins, president of Texas Tech, will be the principal speaker.

A reception for visiting parents is to be held in the recreation hall at 4 p. m., following the recognition service at 2:30 p. m.

Student Council President, Clint Formby, has appointed Ted Forsythe, a council member from Lubbock general chairman of arrangements. Several thousand guests are expected.

ROSES MEAN SPRING . . . The international flower show in New York city heralded the advent of spring. Here, Mrs. Marshall Lowman, Jr., looks at the display of 350 roses used in the rose bridal cake.

Baptists Repay "Honor Debt"

Baptists in Arkansas are paying off a debt they do not owe. At least the federal courts say that the debt was settled in 1937 when the depression-harassed Arkansas Baptist State Convention paid off a million dollars worth of notes and bonds at 35 cents on each dollar. The court wiped the slate clean, and the notes and bonds were cancelled.

Six years later, however, the Baptist got to thinking that a moral obligation still existed and they voted to pay the remaining \$700,000. The money is being raised through an Honor Club in which members contribute a dollar each month. Dr. B. L. Bridges, the denomination's executive secretary at Little Rock, says everything will be paid in full by 1950.

Professor Serving As Consultant

AUSTIN.—A University of Texas professor is serving as consultant to Phillips Petroleum Company in the construction of an off-shore oil drilling structure to be erected in the Gulf of Mexico at the record water depth of 100 feet.

Dr. Raymond F. Dawson, acting director of the University's Bureau of Engineering Research, will act as consultant in designing pilings which are expected to be sunk 200 feet below the Gulf floor, their total length to be more than 300 feet.

GOOD BARGAIN—MAYBE

The farmer, back from the country fair with a new horse, found the animal refused to eat or drink. The farmers' eyes gleamed hopefully. "By golly, I've got a real bargain if he's a good worker," he exclaimed.

Two Scholarships Will Be Offered

CANYON.—Two scholarships for future teachers will be offered at West Texas State College next year by the Texas Congress of Parents and Teachers. All applications must be of junior standing by next fall.

Each of the seven state teachers college in Texas will receive the two scholarships. Each scholarship is for \$200 each year and can be for a two year period. No repayment is required except that the honored students must teach in the public schools of Texas a year for each year the award is received.

Qualifications for eligibility stipulate that the student must have completed two years of any accredited Texas college, have high moral and social standards, achieve a high scholastic record, show a special aptitude for teaching and be a resident

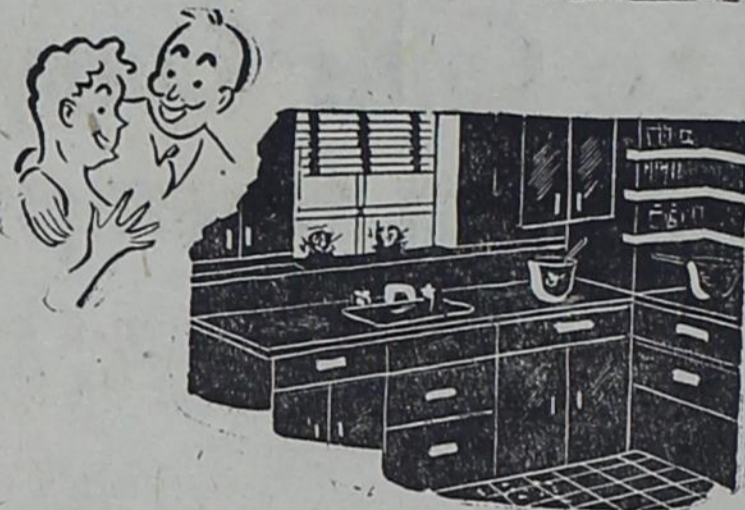

of Texas.

All interested students must fill out an application with Dr. J. B. Roberts, WT Educational professor. The receivers will be selected by the President and Dean of each college.

"HOT DIAMONDS" . . . Read the amazing true story of how police recover hot diamonds. Meet "Mrs. Chicago", "Weeping Winnie", the famous "Man in Black", whose underworld contacts helped him engineer the return of \$10,000,000 worth of stolen gems! Don't miss this stranger than fiction story beginning in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Corn cobs are used in making some types of abrasive hand soaps such as added to give mild rubbing action for a faster, better job of cutting grease and paint.

Firestone

CHAMPION GROUND GRIP

Tractor Tire

OUTPULLS THEM ALL . . . BECAUSE IT TAKES A CLEAN, FULL TRACTOR BITE

OUTCLEANS—No tractor tire can pull unless it cleans. Firestone Champions outpull because they outclean. The full-traction tread bars flare outward like the moldboard of a plow and channel the soil out as the tire rotates and flexes. There are no trash-catching "bar-stubs".

OUTPULLS—The real test of a tractor tire is how it pulls when the going is tough. You can depend on Firestone Champions to outpull because their traction bars are built higher for a deeper bite, longer for a bigger bite. Triple-braced for a stronger bite, and connected at the center for a full traction bite—all the way across the tread.

OUTLASTS—Firestone Champions outlast because their Triple-braced bars cannot wobble and wear, cannot punch their way through the cord body like unbraced bars. The higher, longer, stronger bars of the Champion ride smoother, last longer. It's easy to see why Champions continue to give full traction tread life long after other tires have worn smooth.

Texico Girls Curry Volleyball Champs

Taking three consecutive matches, the Texico girls grabbed the Curry volleyball championship last weekend, when the series was held at the Texico gymnasium.

Opening play Thursday night, the locals wallowed Pleasant Hill 14-41, and the Melrose A squad lost a close fight to Grady, 22-20. Ranchvale dumped the Melrose B team, 46-12, and the last game of the evening, between Rosedale and Field, went to Rosedale.

Semi-final games were played Friday night, with Texico and Grady battling it down the stretch until the locals finally pushed to a 26-24 win. In the next semi-final, Ranchvale dumped Rosedale, 29-12.

The championship match between Texico and Ranchvale favored the locals, 23-16. First place trophy was donated by J. D. Lewis, of the Home Grocery & Market, while the Curry County Athletic Association presented the runner-up trophy.

Clinton Grant is coach of the Ranchvale squad, while F. D. Stout and Preston Martin direct the activities of the Texico girls.

Members of the squad included Grace McDaniel, Claudine Bridges, Patsy Engram, Jo Beth Engram, Patsy Doshier, Violet Curry and Norma Lee Sanders, with Tommie Vigil and Peggy Caldwell as subs.

Farwell Students Get Literary Meet Honors

Supt. Jack Williams announced today that a number of placements, other than those reported last week, were taken by representatives of the Farwell school at the recent District 11-B interscholastic league meet in Friona.

The Farwell spellers for the 5-6th grades, Billington and Dial, rated second, with a similar placement being taken for the 7-8th grades by Joan Cochran and Jo Hanna.

The Farwell grade school and junior high track squads have both been announced as first-place winners, while second places went to both the junior high and grade school softball teams.

HAS OPERATION

Mrs. W. L. Freeman underwent surgery in a Clovis hospital the latter part of last week. She is reported to be recuperating satisfactorily.

Farmers...

We are authorized to accept milo which is being held under Government loans, and will be glad to help you move this grain out of storage now.

TEXICO, N. M.

Tucker Leads Juniors To Track Meet Title

Versatile Wayne Tucker, who is making local sports fans remember Frank Thompson of some years ago, ran, jumped and tossed his way through the junior division of the Fox Relays at Fort Sumner last Friday to lead the Texico Wolverines to the title in that division.

Tucker, who is only a 16-year-old sophomore, is the kind of track star that makes other coaches drool with envy over Coach C. E. Sanders' protege, for he has both speed and durability to enter a majority of the events offered contestants.

At the Relays, the local youngster garnered 26 5-8 points on his own, records reveal, as the meet was held in perfect weather.

Starting off activities, Tucker bounded down the low hurdle stretch for a blue ribbon and then was off again like a flash for the 100-yard dash championship. Wind-ed but still running, he came in first in the 50-yard gallop, but came into full form for both the 220-yard dash and the broad jump, adding two more blue ribbons. Leaving the track briefly, he heaved the shot to third place and then served as anchor man on the relay squad, which was tied for third by Portales.

The other placement taken by a Texico representative was snared by Gant, who placed second in discus. Tucker's time in the 100 was 10.6 seconds; in the 220, 23.6 seconds; in the low hurdles, 15.4 seconds; and in the broad jump, the distance was 19' 1/4".

Total score for the Texico aggregation stood at 32 1/2; Rosedale followed with 23; Fort Sumner had 18 2-3, Carlsbad 18 1/2, Melrose 16 1/4, Portales 16, Artesia 12 1/2, Tucumcari 11, Floyd 9 1/2; Clovis and Vaughn 3, Roswell 1/2 and Chavez County 1-3.

WIN BALL GAME

Playing at Bovina last Friday afternoon, the Farwell Steers won a baseball game over their opponents, 9-6. Coach Louis Purvis reported that London and Ford did the pitching for the locals. The count was particularly close during the first two innings, after which the Steers gradually forged into a lead.

Grade Kids Learning Gridiron Rudiments

Coming hopefuls for the Steer gridiron squad, from the sixth, seventh and eighth grades of the Farwell school have now started spring football practice.

Turning out for the workouts are Jerry Bradshaw, Billy Medley, Dennis Ravey, Jessie Cox, Ronny Dial, Burl Dollar, Junior Poteet, Robert King, Teddy Magness, Frank Guley, Leonard Rundell, Dale Webb, Vane Doshier, Phillip Cassidy, Duane Herington, Dale Berggren, Troy Christian, Phillip Crume, Max Magness, H. R. Billingsley, Don Pool, Dean Branscum, Henry Porter, Don Gerles, Bobby Foster, Darrell Hicks, Don Utzman, Jerry Poteet, Pudge Rose, Lavon Jones, James Norton, Truett Hardage and Gene Hardage.

Local Publisher On Air, Sunday, 24th

AMARILLO—W. H. Graham, publisher of The State Line Tribune at Farwell, will talk about his pioneering days in the newspaper business on Radio Station KAMQ-1010—Amarillo, at 130 o'clock Sunday afternoon, April 24th.

Graham, veteran Panhandle publisher, will also discuss some of the history and progress of Farwell and Parmer County when he appears on KAMQ's regular Sunday afternoon program, "The Hometown Editor Speaks."

The Farwell publisher recently won the title of 'champion old-time type setter' when he defeated other pioneer printers in setting type by hand. The contest was held during the 40th annual convention of the Panhandle Press Association. In the Sunday afternoon program from KAMQ, Graham will tell how he learned his trade, and how he and Mrs. Graham operated their first newspaper.

Cotton Classing Will Be School Subject

A special cotton classing school for farmers is being sponsored by L. O. Buchanan, of the cotton classing office in Lubbock, beginning on April 25th and continuing through May 6th. County Agent Ollie Linder stated that information furnished him revealed that classes would be held from 9 a. m. through 3 p. m., at 1701 Avenue H, in Lubbock. Certificates will be awarded those who complete the course, and all farmers are invited to attend.

BUY TRACTOR

The County Commissioners passed an order Monday to purchase a tractor and a scraper for the county to be used on county roads. The two items cost \$4,811.50 delivered at Friona.

WAYNE TUCKER (center with T on jacket) high man of the Fox Relays held in Fort Sumner, Friday, poses with his teammates and Coach C. E. Sanders following his sweep of the junior track and field events which resulted in a title for the Texico squad. Left to right, Coach C. E. Sanders, Eldon Hale, Lacy Gant, Wayne Tucker, Jerial Doolittle and Jimmy Doshier.

K. and L. Doolittle.

Trophies will be given the champs in each division, with individual medals being presented the boys. Bill Stockton will serve as starter for the activities.

Steer Tracksters Will Attend Lubbock Meet

Five Farwell track men will go with Coach Louis Purvis to Lubbock this weekend, to participate in the regional track and field events. The boys qualified for district entry by their placements at the district meet held recently in Friona.

Warlick Thomas is slated to enter the half mile run and broad jump. Toby Booth will run both the 100 and 220 yard dashes; Donald Ford is a half-miler; Jerry Pool will compete in broad and high jump; and John Christian will enter high jump. The relay team—Thomas Pool, Booth and Ford—will also participate.

Pre-School Clinic Is Held On Monday

With Mrs. Wiggins, Curry county health nurse, and Dr. Newman, district health officer, in charge a clinic for children who will enter school next fall was held at the Texico school on Monday afternoon.

Assisting were Mrs. Fahner, a Clovis nurse, and Dr. Putnam, also of Clovis.

Youngsters were checked and inoculation shots administered, Supt. B. A. Rogers reported.

Follow-up clinics during the summer are planned by Nurse Wiggins, with the first to be held in May, the date to be announced later.

Supt. Rogers asked that all parents who did not bring their children to the clinic on Monday plan to attend the May meeting, as well as those youngsters who are to have additional shots.

Daughter Escapes Hurt In Seattle 'Quake

Mrs. Dave Crain, daughter of Mr. and Mrs. Harry Jesko of Farwell, has notified her parents that she is none the worse for her experience in the Seattle, Wash., earthquake, last week.

Employed downtown, Mrs. Crain advised the Jeskos that the building which she was in was shaken badly but that no one was injured. She and her husband and daughter escaped the quake with only a shaking "which has left me quivering".

Many business houses in Seattle were completely or partially destroyed in the tremor that rocked the Pacific northwest last week.

TEACHERS BACK ON JOB

F. D. Stout and John Adams, both members of the Texico faculty, are back at duty after absences. Stout was stricken with virus pneumonia while in Las Cruces, ten days ago. Adams has been in Wyoming with his wife, called there by the death of Mrs. Adams' mother.

FORMER BARBER HERE

Aubrey Houston, former local barber, visited briefly in Farwell last Saturday as he was passing through the city. Houston once operated a barber shop here, and this was his first trip to Farwell in many years. His first wife was killed at the railroad crossing which separates Texico and Farwell, in 1927. He is married again and now lives at Denton.
