

CITY SEWERAGE IS CONSIDERED LOCALLY

BOOKS FOR STUDENTS ALONG THE SEINE . . . Shopping in the shadow of the Cathedral of Notre Dame are Margaret Snyder, Gary, Ind. (Smith college); Mary MacMurdry, New York (Smith College); Connie Gilger, Minneapolis (Smith college); and Joanne Goodlin, Eugene, Ore. (Mills college). The American students are selecting textbooks from a bookstall along the Seine and are members of several American groups studying abroad.

RED CROSS DRIVE OPENS WEDNESDAY, CHAIRMEN OVER COUNTY NAMED

With a quota of \$1280 to be reached, the 1950 annual Red Cross Roll Call got underway in Parmer county this (Wednesday) morning, as workers began their initial drive to attain the goal assigned Parmer for the current year.

Frank Spring, of Friona, who heads up the drive as County Chairman this year, said Tuesday morning that supplies had been distributed to workers in the various communities. The Roll Call extends through the present month, concluding on March 31st.

Speaking of the quota, Spring said that it was somewhat larger than usual, but added his prediction that the county would reach the top rapidly. "We have yet to fail to attain our quota—and more—when the Red Cross drive comes around," he said, "and I am not perturbed about the outcome this year."

Chairmen who will handle the work in the various communities include:

- Farwell—Frank Seale.
- Bovina—W. E. Williams.
- Lazbuddy—Mrs. Otto Treider.
- Lakeview—Mrs. M. B. Buchanan.
- Friona—G. B. Buske.
- Rhea—Mrs. F. T. Schlenker and Mrs. Paul Koeltzow.

Chairman Spring also issued a request for voluntary contributions, urging that residents of the county contact their workers and turn in their donations, rather than waiting for the individual chairmen to make personal solicitations.

AT GAS CO. OFFICE

Miss Dorothy Cassady, who has been employed in the office of B. N. Graham, is now connected with the local office of the Southern Union Gas Co., being in charge of the office in the afternoons.

Work Is Renewed On Lovelace Elevator

Work was renewed on the Gene Lovelace grain elevator the first of the week after a shut-down of several weeks, awaiting the arrival of more favorable weather conditions.

Meanwhile, another contract for the construction of the elevator has been let to A. F. Roberts of Sabetha, Kansas, Lovelace reported on Tuesday. Machinery was moved in the latter part of last week and excavation work for the underground pits got underway on Monday.

The new plant, located on the state line in Texico-Farwell, just south of the Santa Fe water tower, will consist of 12 concrete tanks with an overall capacity of slightly more than 300,000 bushels of grain. A total of nineteen separate grain bins are included in the plans.

Lovelace said today that the plant was scheduled for completion in 90 working days, and added that the new business would be operated under the firm name of Lovelace Grain & Storage Co., with Herbert Potts as manager.

New Friona Bank To Observe Formal Opening, 4th

One of the most modern business buildings in Parmer County will be open for public inspection on Saturday of this week, March 4th, when the Friona State Bank holds a formal opening in its new quarters in Friona.

The building, under construction for some time, is brick exterior and features a glass brick entrance which adds to its eye appeal. Inside, new fixtures, modern and attractive, are being installed this week, Frank Spring, cashier, said today.

The formal opening of the bank will be from 2 to 6 o'clock Saturday afternoon, and Parmer counties are issued a cordial invitation to "come in and look around". Invitations were mailed bank depositors in their monthly statements the first of the week, Spring added.

The bank building also houses three business establishments, with Allen's Jewelry located on the south and offices for Southwestern Public Service Company and G. B. Buske at the rear. Allen took over his new quarters the fifteenth of February, while the other offices are just now being occupied.

Hudson Slates Public Auction, March 7

An auction sale to be held on Tuesday, March 7th, is announced this week by Eddie Hudson, who lives on the W. M. Lancaster farm, located five miles east, two south, one east and 1/2 mile south of Clovis; or three south, six east of Clovis or two south two west, and 1/2 south of Farwell.

The sale, to be cried by Col. Dick Doshier, of this city, will get underway at 10 o'clock, New Mexico time, and Orval W. Francis will serve as clerk. Ladies of the Fairfield Club will serve lunch at the noon hour.

Hudson is offering a good list of farm machinery, and also will put up for sale 16 head of livestock, 17 head of hogs, and other miscellaneous items.

Williams Mercantile In New Quarters

The Williams Mercantile Company, operated in Bovina by W. E. Williams, moved into its new and more commodious quarters over the past weekend.

The exclusive dry goods store is now located in a new building, recently constructed by John Kimbrow Bovina druggist, and located along the main business section just west of the new postoffice.

Before moving his stock into the new quarters, completely new and attractive fixtures throughout the building, making it one of the neatest small stores in this section of the country.

County Tax Rate Stays At Same Figure For '50

The Parmer County tax rate for 1950 was set Monday, when the County Commissioners met in regular session, action approving a 95c rate on the \$100 valuation. This is the same county rate that has been in force the past four years.

The state tax rate has not as yet been determined, and Tax Collector Chas. Lovelace said that it would not be announced until July. For 1949, the state rate was 72c on the \$100 valuation.

In addition to the state and county tax rates, school districts and municipalities determine their own rate, which vary according to their financial needs.

All valuations for county taxable purposes remain on the same schedule as in recent years, with land valuations ranging from \$4 to \$7 per acre on a zoning basis. Irrigation wells will carry a valuation of \$500 each.

Other valuations on personal property also remain the same with cattle being assessed at \$30 per head; hogs, \$15 per head; horses, \$20; sheep, \$5. Assessments on automobiles and trucks remain unchanged. 1950 models are assessed at \$450, graduating down to 1936 model. Those older than 1936 are not assessed.

Flu Epidemic Keeps School Attendance Down Over County

School attendance in Texico-Farwell as well as over Parmer county, with the exception of Lazbuddy, has been abnormally low during the past week due to an epidemic of influenza.

County Health Officer Dr. Paul L. Spring stated Tuesday morning that school attendance had been cut radically over the county except at Lazbuddy, where the attendance had been affected only slightly.

Supt. Jack Williams reported 60 students out at the Farwell school the first of the week, and an inquiry about absentees at the Texico school brought the information, "there's hardly anybody here".

In addition to the scores of students being ill, quite a number of adults are confined to their homes or to hospitals. Deputy Treasurer Mrs. Roy B. Ezell and Deputy Clerk Mrs. Rosa Lee Tabor were among the officials off duty at the courthouse.

Trio Escapes Injury As Car Takes Flop

With the exception of minor bruises, three young people escaped injury last Thursday night when the car in which they were riding turned over on the Oklahoma Lane FM road, two miles east of the railroad underpass.

Mr. and Mrs. Harry Sheets, accompanied by Bobby Hart, were returning home from a donkey ball game at Oklahoma Lane when the accident happened. Sheets, at the wheel, said that the car hit a soft shoulder on the side of the pavement and upset before he could regain control of the machine.

Mrs. Sheets sustained a bruise on the side of her head, resulting in a black eye, otherwise, none of the occupants were injured.

Sheets said damage to his car would amount to about \$200.

HERE FROM HOUSTON

Roy E. Cook, former local attorney and abstractor, was here from Houston the first of the week attending business matters. Cook, who came here from Houston to enter private practice some years ago, recently returned to Houston.

The probability of an up-to-date sewer system that would serve both Texico and Farwell loomed to the forefront, Tuesday night, at the monthly meeting of the Farwell Chamber of Commerce.

Bill Howard, Amarillo engineer, who has installed several sewer systems in the Texas Panhandle, made a report at the meeting after a preliminary survey of Farwell which he conducted the first of the week.

He said that the probable cost of an adequate system to serve Farwell would run \$40,000 to \$45,000 and could be paid off over a period of ten years with revenue bonds.

Attorney John Aldridge, who has been working on the legal phase of such a program, reported that there were three ways of financing a sewer system; (1) organize a private company; (2) incorporate the town and vote bonds; (3) create a drainage district.

Of the three proposals advanced, the one to create a drainage district seemed to get the most favor. Under such a plan, the County Commissioners would be asked to create a drainage district, and appoint a set of commissioners to administer the project. This group would have authority to levy a service charge to each user, as well as levy a tax on real estate to finance the program.

Howard said that from preliminary figures he had prepared, it would indicate a service charge of \$2 per month for residences, \$4 for business houses, with a graduated scale for service stations, garages, drug stores, school houses and the court house, would pay off the revenue bonds in ten years.

Scotty Levins and Ray Mears, both Texico residents, injected the idea of installing a system that would accommodate both Texico and Farwell and Howard immediately agreed that such an expansion of the sewer service would "materially reduce the monthly service charge".

Howard said that only vitrified clay pipes of 6-, 8- and 10-inch size had been considered in his figures, going on to add that many concrete pipes were being displaced after 20 years of service. The cost, he said, includes installation of a disposal plant located at the dump ground northeast of the city.

Mears, a member of the Texico Town Council, invited Howard and Farwell citizens to meet with the Texico Council on Monday night, March 6th, to give consideration to a twin-city sewer project.

Strong sentiment favoring the sewer lines was voiced at the meeting, attended by twenty-four citizens of the Twin Cities.

In the closing minutes of the busy meeting that lasted over three hours Buddy Jones, Melvin Snider and Roy Thornton were named as a committee to get the vacant lots in Farwell cleared of debris as a forerunner to a weed-control program to be launched not later than April to keep the town free of heavy feed growth during the summer months. It was agreed that the most practical and economical way of combatting weeds was the use of chemicals applied by a spray.

IN ALBUQUERQUE

O. C. Sikes, of the Sikes Motor Co. local Ford dealer, went to Albuquerque last weekend, where he attended business on Friday and Saturday.

SHOWS IMPROVEMENT

Morgan Billington, local carpenter, who suffered a right hand injury recently when he became entangled with a circular saw, was able to be out the first of the week. Hopes are still being maintained for saving his right thumb, which was severed in the accident.

CONTRACT IS LET FEBRUARY 15TH FOR RURAL ROAD PAVING IN PARMER CO.

The contract for 22,060 miles of all-weather farm-to-market paving in Parmer County was let February 15th to Ernest Loyd, of Fort Worth, according to a notice received by County Clerk Loyde A. Brewer.

Three bids were received on the project, with the Loyd bid being accepted as the lowest, totaling \$144,964.60, it was revealed. A total of 125 working days is allotted the project, but no definite date for starting the work has been announced locally.

The new contract will take rural paving two directions in the county. One project is the completion of the cut-off between Friona and Muleshoe, which is currently paved out

from both directions with an 11-mile gap in between. The tie-in will actually include one mile of paving in Bailey county, as the work winds up five miles north of Muleshoe.

The other paving up will begin at the current end of pavement at the corner south of the Oklahoma Lane school, and continue east toward Lazbuddy, crossing the Muleshoe-Friona road at the "twin house" juncture and continuing east one mile to meet a strip of caliche.

The contract calls for grading, structure, flexibase and two coats of surface treatment, and Parmer county residents are looking forward to completion of both roads during the coming summer.

HEALTH NOTES

AUSTIN—Millions of flies help to cause the illness and death of thousands of children and adults each year in the United States. Hundreds of these casualties may be in the State of Texas this year if residents fail in their responsibility for developing the best possible sanitation measures in the area where they reside. Typhoid fever, summer complaint, and other intestinal diseases can be traced to the common housefly as the carrier of infection.

Dr. Geo. W. Cox, State Health Officer, speaking in this connection recently said, "Be sure that your windows and doors are tightly screened so that stray flies from a careless neighbor will not endanger your family. Be sure that flies are kept away from food, drink, and utensils used in the preparation of food. Make sure, if you live in rural districts, that out-side privy vaults are tightly covered so as not to permit the entrance of flies. Infections from this source can be picked up and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness."

Dr. Cox said that the State Health Department would furnish upon request a pamphlet outlining safe and practical methods recommended for use in fly control.

MEET AT DENTON

DENTON—Band students and directors from high schools throughout Texas and Oklahoma will be on the campus of North Texas State College March 3, for an instrumental music clinic sponsored by the NTSC School of Music. Dr. Walter H. Hodgson, dean of the School of Music, will be in charge of the clinic.

Tribune job printing is best.

New Mexicans Must Assume Responsibility

"If we are to have state rights and believe in the preservation of local government, the people of New Mexico must assume more responsibility and take an interest in local politics," said G. W. Evans, Magdalena, president of the New Mexico Cattle Growers Association in announcing plans for the annual women's convention. The meeting is to be held in Albuquerque, March 27-28, and it is expected that more than half of the 5,000 members of the organization will attend.

"We are going to lose our freedom and our rights of self government if we continue to allow professional office holders to decide who shall be eligible to run for public office in this state," Evans continued. "The best place to start taking an interest in our government is in our home counties; the time to act is now and during the forthcoming election; and an important office to consider is the election of representatives to our own state legislature."

Pointing out that the New Mexico Cattle Growers Association is interested in seeing sound business people go to the state legislature from every county in New Mexico, Evans said: "Although there are many good members in the state legislature today, there is still much room for improvement in certain quarters. In the next three months, the people of New Mexico must get behind and support qualified individuals to run." Officials of every prominent organization in New Mexico are being invited to attend the 35th Annual Convention of the association, "and we will endeavor to impress the need for cooperative action between all business, educational and industrial groups in working for better state government," Evans said.

Declaring that no one organization could or should hope to carry the

campaign for a better state legislature, Evans pointed out that a combination of practical, far-sighted organizations working "for the common welfare of New Mexico can go far toward eliminating so-called professional politicians and office holders who run for the legislature for personal favors and personal gains."

Questions & Answers

Q. Under provisions of the GI Bill, how long can on-the-job training last?

A. On-the-job training courses, other than apprenticeships, must last not less than three months or more than two years. Apprenticeship courses, under supervision of State or Federal agencies, may last as long as four years.

Q. I am a disabled veteran and wish to go into training under Public Law 16. Will I be permitted to decide my job objective?

A. Before you can take training under Public Law 16, VA will have to determine that you have a vocational handicap as the result of a service-incurred disability. Then VA counselors will help you decide on a job or trade objective.

Q. My son, a veteran of World War I, died of a service-connected disability about three years ago. I understand I should have filed for burial allowance within two years of his death and it is now too late. Is this true? And is there a deadline date for applying for compensation?

A. The two-year limitation from date of burial will apply in your case insofar as burial allowance claim is concerned. On compensation, since your son died of a service-connected disability, you are eligible to apply for compensation at any time after his death. However, payments if awarded may commence only from date of claim.

Q. I was discharged from the Army in 1945 and have been taking GI Bill training. I recently married and hope to save enough money to make a down payment on the purchase of a home. Is there a deadline for me to apply for a GI loan?

A. Yes, there is a deadline. You have until July 25, 1957 to make for-

mal application for a GI loan, guaranteed or insured under the Servicemen's Readjustment Act.

Buyers' Guide Will Be Distributed

HOUSTON—Whether you are looking for abattoirs or zippers, listings on these and thousands of other items are carried in the 1950 Houston Buyers Guide, which will be distributed this week throughout Southwestern States and in countries in Latin and South America.

Published annually by the Houston Chamber of Commerce as an aid to businessmen, the 1950 Guide contains more than 8500 separate listings of products handled by approximately 3100 Houston manufacturers, wholesalers and distributors.

Ralph T. Thompson, as chairman of the Chamber's manufacturing and wholesalers committee, directed the year's work necessary in compiling the classified directory of Houston firms. Thompson pointed out that the 224-page book was prepared to help

businessmen who wish to buy goods in the Houston market for resale to the general public.

Fifteen thousand 1950 Guides have been printed. Inquiries should be directed to the trade extension department of the Chamber of Commerce.

NEW COTTON TEXTBOOK WRITTEN BY TECH PROF

LUBBOCK—The far-flung "classroom" of a Scranton, Penna., correspondence school which serves students all over the globe is getting a 70-page textbook on cotton by Prof. L. E. Parsons, head of the textile engineering department at Texas Tech.

Parsons said the booklet, which is titled "Cotton", has been published for the International Correspondence School of Scranton.

The booklet traces cotton through all stages of growth, ginning, weaving and marketing. A discussion of cotton fibers also is included, he said.

Paper towels can be used for skimming small amounts of fat off the top of soup.

BAND INSTRUMENT DEMONSTRATION HELD

C. M. Stookey, assistant professor of music at Eastern New Mexico University, will present an assembly Thursday afternoon, March 2, in the school auditorium, demonstrating the use of all band instruments to children past the fifth grade. He will be assisted by five students from the University. The program is intended to encourage students to enroll in the band. Almost all types of instruments will be shown to the students and played by the demonstrators.

COMMERCIAL DEPARTMENT GETS FACE-LIFTING

One of the most recent improvements at the Texico school involves moving the commercial department to one of the new rooms in the old gymnasium. New typing tables, equipped with convenient bookstands, have been built for each typ-

ing student.

In addition, three new Royal and two new Underwood typewriters have been purchased, making a total of 14 machines.

Two large work tables have been installed. These are a great help to students working on the annual and for using the mimeograph and paper cutter.

To add to the attractiveness and convenience of the room, bookcases have been built across the north wall. They contain two shelves and a rack for magazines.

A new blackboard has been added for the convenience of shorthand students.

NEW RULE FOR ABSENTEES DRAWN UP RECENTLY

Endeavoring to achieve a higher scholastic standard in our school, a new rule drawn up by the Student Council was announced by Superin-

tendent Agrie Jones recently.

An absentee is required to bring a written excuse from his parents. Then he presents it to Mr. Jones and obtains a permit to classes. Individual teachers will assign make-up work which will in turn be checked by the superintendent and teachers.

Supt. Jones stated that this would not affect any pupil or parent supporting the school, as each permit will be received and judged individually, and where the pupil has a valid excuse for absence no make-up will be required, but woe unto those who stay out or whose parents keep them out on every pretext, as they will be required to do full make-up work and lose athletic and play periods until such work is complete.

Jones added that this is not done as a punishment for the pupil, but where they are allowed to miss too many days, this method is a last resort to try to do partial justice to school work.

LITTLE HELPERS CLEAN UP GROUNDS

Thursday, February 23, Supt. Agrie Jones dismissed all grades in a joint effort to clean and straighten the school grounds. Many buckets of rusty nails and broken glass were picked up by the grade school and larger boys and girls gathered up old lumber and limbs and burned them.

BAND TO MULESHOE

Members of the Texico advanced band and their sponsor, Mrs. John Armour, went to Muleshoe on Tuesday evening to hear a concert by the college band from West Texas State, which gave a benefit performance in the Muleshoe school auditorium.

All members who made the trip enjoyed it very much and hope to hear the band again the next time it is in this locality.

The program consisted of almost every type of band music and was interesting to all attendants. Some local students were accompanied by their parents or other guests.

MUSIC BOOSTERS CLUB MEETS RECENTLY

On February 6, mothers of the orchestra members and the Glee Club met with the music instructor, Mrs. John Armour, and Charles Paschal. A short program was presented by members of the beginners and advanced orchestra.

After a short discussion it was decided to organize a Music Boosters Club and Mrs. Hershel Morgan was elected as president. Mrs. A. W. Harris was chosen vice president by acclamation and Mr. and Mrs. J. H. Moss were named to serve as secre-

tary and treasurer.

The group met again on February 20 and laid plans to serve the Lions Club on Tuesday, February 21.

A discussion was held concerning suits for band members, and proceeds of various projects will go for various articles needed by the band.

BAND PLAYS IN ASSEMBLY

Students and teachers of the Texico Public Schools were entertained Monday afternoon by the band in assembly. Several selections, among which were "Firelight Shadows", "La Rosita", "Whispering Hope", and "Let Me Call You Sweetheart", which featured Kennard Harris on the trombone, were enjoyed by all.

The band was only organized last semester but has shown definite improvement and is expected to show further improvement in the time to come. This is the second concert presented by the group this year, the first being a short Sunday afternoon program for parents and friends.

WOLVERINE BEAUTIES

"Thank you for asking me to judge the girls—all are lovely—an-

asset to your school."

This letter was received from Grady Maples of the Tucumcari radio station, revealing his choice for the girl he selected as the "Wolverine Beauty". Each candidate's picture was sent to him to be judged.

Candidates were Patsy Engram, Lona Mae Jones, Betty and Peggy Donahey, Billie Roberts, and Margie Reid. The winner will be disclosed when the annual is published in May. Runners-up will receive mention as "blossoms".

WOLVERINE SYMBOL

The new stage curtain was made even more beautiful Tuesday, February, with the placement of the school's symbol, the Wolverine, over the draw curtains.

The symbol is a large head of the ferocious Wolverine, in the school colors of green and white with a dash of red about the mouth. The symbol strikes a sharp contrast to the deep rich maroon color of the lovely curtain.

FFA NEWS

The FFA has obtained a new arc welder and have been enjoying the use of it very much.

The department is now engaged in moving and remodeling the school library, formerly located in the main building. The library is being moved to the new study hall in the new section of the school. The boys are building shelves and other conveniences.

The boys have also been visiting and inspecting home projects. Included are several of which the boys are very proud, which are making money as well as providing an opportunity for study.

GRADE SCHOOL NEWS

The first grade has a new pupil, Jimmy Morgan, who moved here from Portales.

The class has started a new unit about the seashore. The children have brought shells and boats to make a sandtable scene. They have two goldfish, Billy and Bobby. The

unit is based on stories from a new book, "The Wishing Well"

The second graders have finished their old Readers and are quite thrilled over their new ones. As our first unit is on pets, we are going to make a frieze on the different kind of pets the children have, the types of food, and the care you must give your pets.

Bruce and Marion Phillips are still out of school, but Charles Bennett returned this week.

The third and fourth grade room won a prize of \$3 at PTA for having the most parents present at the last meeting. The money is going to be used for room library books.

The fifth and sixth graders enjoyed a very nice Valentine party, with Mr. Richey as special guest.

CANTATA IS PLANNED

"Childhood of Hiawatha", a cantata by Longfellow, is being prepared by the first through the fifth grades, under the direction of Mrs. John Armour, for presentation in the near future.

MEET THE SENIORS

COETA ROTH

October 21, 1932, was an eventful day in the lives of many different people, among them Mr. and Mrs. T. E. Roth. A little brunette came to live with them, whom they named Coeta Fern. Coeta is the oldest child in the family, having a sister, Carmen, and two brothers, Tedde and Billy.

As Coeta grew older, she looked forward to the time when she could start to school. Finally, on a bright September morning, attired in a red and blue sailor dress and wearing a very bright smile, Coeta began the great adventure of her school life in Cook, Okla. After completing the second grade, she moved to Wilburton and then to Quinton, Okla. At the conclusion of her sixth grade, she moved to Stigler, where she remained until 1947 and then moved with her family to Texico. While in Stig-

Dr. Wm. B. Childress Joins Hospital Staff

Dr. William B. Childress, who comes from Dallas, will join the Parmer County Community Hospital staff, in Friona, on Thursday of this week. It was announced on Tuesday by Dr. Paul L. Spring, head of the hospital.

Dr. Childress has been practicing for several years, and has specialized in surgery. Born in Tulia, Texas in July, 1920, he graduated from the Stamford high school in 1937 and from John Tarleton State College at Stephenville in 1939. Later he received his B. A. from the University of Texas in 1941, attended Southwest Medical Center and took his internship at Baylor. He was resident in surgery at Medical Arts Hospital, October 1945 to April 1946, before going into the Army.

While in service he was in surgery at Ft. Francis E. Warren in Wyoming for eight months and was Post Surgeon at the Station Hospital in Sidney, Nebraska, for one year. After his discharge, Dr. Childress was associated with a medical clinic in Dallas, working in general surgery since June, 1948.

Dr. Childress and his family will take up residence in the house formerly occupied by Dr. H. H. Cooke, who left the hospital the first of the year.

It Might As Well Be Spring . . .

No matter what the calendar says about the first day of spring coming on March 10th, residents and growing things are agreed that this section has already been enjoying what might as well be spring.

Willow trees about Texico-Farwell have come forth with tender green shoots during the past several days, and the elms appear not far behind, with a number of them already boasting a soft green haze.

Bulbs, too, are declaring spring, with jonquills and hyacinths showing

For Short Turns and Quick Stops these Ford Brakes are Tops

If we told you how fast the Ford Tractor can stop and turn, you wouldn't believe us. But when you see a demonstration, you'll agree that the Duo-Servo brakes on the Ford Tractor are the "stopping-est," "turning-est" brakes ever. Here's something else. Both brake pedals are on the right . . . leaves the left foot for the clutch. Stop straight, or turn, with one-foot braking. Easy to service these brakes, too . . . no need to pull the axle. When can we demonstrate? We also have parts and service and Dearborn Implements for all Ford Tractors.

SIKES MOTOR CO.
FARWELL, TEXAS

up on the south side of homes, and the ever-persistent apricot trees, annually nipped by a late frost, are flaunting their spring blossoms this week, while the abundant crop of sparrows and starlings are building like mad for their spring season.

With temperatures hitting up to the mid-seventies in the afternoon and night readings staying several degrees above the frost-line, it is definitely shirt-sleeve weather, whether the calendar agrees or not.

SPECIAL CONFERENCES UP FOR EDUCATORS

AUSTIN—The University of Texas College of Education has scheduled more than 20 specialized conferences for teachers, counselors, supervisors, principals and superintendents during the summer terms, June 7-July 19 and July 20-August 30.

Child growth and development, human relations, education for family life, group counseling and life adjustment will be some of the workshop subjects. Laboratory courses will include handicrafts, play directing, music education, junior college problems and elementary education.

The Texas Association of Deans of Women, Deans and Advisers of Men, and School Administrators are among the groups sponsoring short courses at the University's summer session.

After March 15, the University's summer school bulletin may be obtained from the Registrar, University of Texas, Austin. Education Dean L. O. Haskew may be queried for further information.

TO INSPECT CURRICULA
AUSTIN—Dr. H. H. Power, University of Texas Petroleum Engineering Department chairman, will inspect the University of Tulsa engineering curricula March 9-16 for the Engineers' Council for Professional Development.

Tidenberg Entered In Talent Contest

James Tidenberg, chairman of the county-wide 4H club council and a member of the Bovina club, has been entered in the Talent Club Contest sponsored by Producers Grain Company of Amarillo, it was announced on Monday by Agent Ollie Limer.

Out of entries from over all the state, district extension agents will select the 16 boys who will receive a five-day expense-paid tour of various points in the state. Judging is to be done on the basis of records submitted, with each boy's entry including his 4H achievement record.

Tidenberg, as the Parmer county representative in the contest, will be able to show a nice array of 4H club projects on his report. Fourteen years old, he has been active in club work for four years and has served as an officer of the Bovina club. Particularly active in swine work, he has also fed out beef cattle and is now engaged in a registered dairy project. James, a freshman in the Bovina school, is the son of Mr. and Mrs. H. L. Tidenberg of Bovina.

Announcement of the winners will be made on April 1, with the boys to meet in Lubbock on June 5, to begin their trip. From Lubbock they will go to Austin, San Antonio and Corpus Christi and will return to Amarillo to disband. The trip will be made by chartered bus.

Grooming Begins For Spring Stock Shows

Parmer County dairy and beef cattle owners this week are beginning the last round of grooming their animals for the spring fat stock and dairy shows, slated to get underway next week and continue through the month of April.

Dates released by the county agent's office the first of the week listed the Amarillo show on March 6th through 10th, and two 4H club boys have announced their plans of participating in this particular exhibit. James Tidenberg, of Bovina,

will show one barrow at Amarillo and Rex Isham, also of Bovina, plans to enter two barrows.

Other dates of interest to Parmer stockmen include the Plainview Fat Stock Show, March 27-28-29, the Lubbock Fat Stock Show March 20-21-22, and the Plainview Dairy Show April 10th through the 14th. A number of Parmer entries are made yearly at these various shows.

In addition, the spring show for Parmer county itself is to be held in Friona, the early part of April, although no definite dates have yet been announced.

HARPISTS TO PERFORM

DENTON—Twenty-five harpists will take part in a Texas Harp Festival at North Texas State College, May 10, 11 and 12.

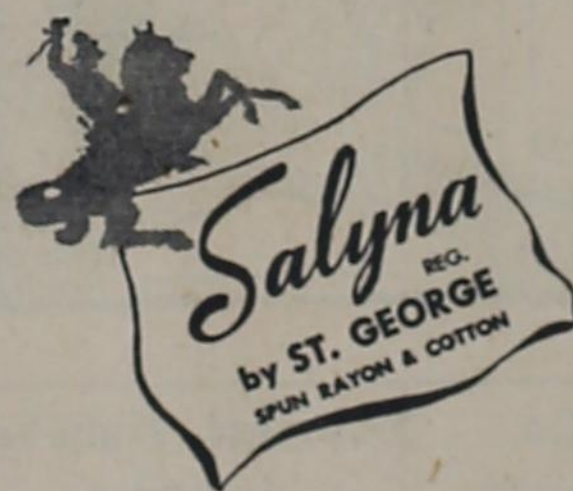

The festival, originally scheduled for March, was postponed to May because of the serious illness of Carlos Salzedo, harpist, conductor, pianist and composer.

Social Events of Interest

Lovely Shower Given Tuesday Evening

Mrs. Ollie Liner, the former Wilma Louise Snider, was the recipient of a lovely post-nuptial shower, Tuesday evening, when a social was held in the homemaking department of the Farwell school.

Hostesses for the occasion were Mesdames S. O. Billington, Joe Crume, Loyd A. Cain, Graham Thornton, Joe Magness, Austin Jones, Merle Clements, John Lovelace and Clyde Magness.

Mrs. Clements presided at the decorated serving table, which was centered with a bouquet of red roses and Mrs. Thornton was in charge of the guest book.

In the short program, Beverly Purvis read "Jewelry" and "Look At The Moon"; Mike Billington read, "I Wasn't Scared", "My Dog", "An Artist" and "Haircut"; and duets were sung by Janean Lunsford and Betty Foster, including "Forever and Ever", "Dreamer's Holiday", "Room Full of Roses", and "Cruising Down The River". Mrs. Jack McManigal accompanied at the piano and also played several selections.

Those present included Mesdames M. A. Snider, Louis Purvis, Jack McManigal, Wilfred Quickel, Jack Caves, Roy Thornton, Jack Williams, N. R. Harding, W. J. Matthews, Velna Seale, Peggy Hargrove, Willie Williams, Johnnie Williams, LaMoin Williams, Gabe Anderson Jr., John Porter, C. M. Henderson, Claude Rose, Tom Foster, E. E. Hughes; Misses Betty Foster, Janean Lunsford and Beverly Purvis and Master Mike Billington.

Regrets were received from Mesdames R. D. Hensley, Jud Stone, W. M. Roberts, Loyde Brewer, Willie Lovelace, Mary Bilibrey, Everett Rorark, Travis Brown J. J. Terry, W. D. McDorman, Willie Hardage, D. W. Bagley, Pat Bernstein, Roy Sheriff, W. E. Verner, Bill Meeks, Ivan Tarr, Mose Glasscock, Calvin Sanders, LeRoy Faviile, Bobbie Anderson, Sam Aldridge, Francelle Lovelace, Dorothy Lovelace, John Aldridge, Lester Norton, Levi Johnson;

Mesdames Claude Darr, Otis Huggins, Julia Hilcock, J. D. Thomas, A. R. Bateman, Ray Mears, Lenora McDermitt, Guy Austin, Harry Sheets, W. N. Peyton, Dorothy Jack, W. T. Meeks, W. E. Martin, Ted Sheets, Odes Thompson, E. Langford, W. H. Stone, W. W. Hall, C. L. Calaway, Bob Calaway, Harry Whitely, and Lenton Pool;

Iris Thornton, Betty Lou Thompson, Ann Bateman, Hazel Petree, Darrel and James Norton.

Officers Elected

PORTALES—Four new officers to fill vacancies have been elected by Beta Tau Chi, social sorority on the Eastern New Mexico University campus. They are Grace Melendez, Roswell, treasurer; Gervadine Jones, Texico, secretary; Phyllis Ingram, Clovis, historian; and Fayrene Butler Powers, Floyd, reporter. Miss Jones is the daughter of Supt. and Mrs. Agrie Jones, of Texico.

Texico PTA Meets On Thursday At School

The Texico PTA met at the school last Thursday, February 23, for a regular session.

Six members of the girls' chorus sang "The Desert Song" and were accompanied by Mrs. John Armour.

Students from the third and fourth grades presented a short program directed by Mrs. Frank Seale. Jerry King played a bugle solo, following which a playlet, "The Story of George Washington", was presented. The last feature of the children's program was a parade of the colors.

The group then joined in singing "Yankee Doodle" and "Dixie Land". Mrs. Richardson, secretary-treasurer, gave a financial report and Supt. Agrie Jones reported that the local Lions Club had voted to give both the PTA and Band Mothers Club \$10 if the Clovis Lions minstrel, which will be presented in Farwell, is well-attended and proceeds are sufficient to cover expenses.

A committee was appointed by the president, Mrs. King, to serve the Lions Club luncheon. Included were Mesdames Ted Engram, Stanley Stewart, Barney Harding, Jim Moss, Winkle, and Gladys Johnson.

Reception For Mothers, Daughters, Held 22nd

A Mothers and Daughters reception made up of the Home Economics department students and their mothers was held in the Farwell homemaking building on Wednesday February 22nd.

The reception room was beautifully decorated in the club colors of red and white, with a lovely bouquet of red roses centering the lace-covered serving table.

A musical program was presented by class members, with Miss June Christian introducing the numbers in the following order: piano solo, Caryetta Grissom; reading, "Office Girl at Home", by Betty Foster; clarinet solo by Patsy Jenkins, accompanied at the piano by Miss Grissom, and a piano solo by Janean Lunsford.

Following the program the mothers and daughters were introduced by Mrs. Anne Lovelace, class supervisor, after which refreshments were served by the third-year girls.

Anniversary Noted

Mr. and Mrs. W. H. Graham observed their thirty-fourth wedding anniversary Sunday, when family members gathered in their home in Farwell. Out-of-town visitors were Sonny Graham, a student at Eastern New Mexico University in Portales, and Mr. and Mrs. Vance Crume and Judy, of Friona.

Visits Mother

J. C. (Jack) Johnson, of Amarillo, spent the past Sunday visiting with his mother, Mrs. Bettie Smart, in Farwell. Mr. and Mrs. R. D. Williams, Sr., called during the afternoon.

Texico Girls Candidates For ENMU Beauty Post

PORTALES—Art (People Are Funny) Linkletter will step out of his customary role next week and select a beauty queen for the 1950 Silver Pack Eastern New Mexico University's student yearbook, according to Richard H. Gravel, Roswell, editor.

Linkletter will choose the queen from portraits which have been forwarded him by the yearbook staff. In addition, he will select four Yucca Blossoms, runners-up in the queen contest.

However, students of the University will have to wait until late May to learn Linkletter's decision as the queen is not revealed until the annuals are ready for distribution.

Included in the twelve candidates are two Texico girls, Peggy Rogers and Joan Smith.

Home Ec Girls Enjoy Hospitality Day

Members of the Farwell Home Economics Department, including the first, second and third year groups, attended the annual "Hospitality Day" at the Eastern New Mexico University in Portales, Saturday, along with their instructor, Mrs. Anne Lovelace.

A tour of the entire campus was enjoyed and the girls visited demonstrations in the Home Economics department and entered an exhibit in the clothing department.

Students in the local group included Hettie Nan Randol, Wessie and Kathryn Magness, Marcia Foster, Jo Veta Billingsley, Wilma Nell Smith, Rose Atchley, Jimmie Gully, and Darla Doshier. Mrs. Jim Billingsley and Mrs. W. N. Foster also accompanied the girls and their instructor.

Texico Club Meets In Bowers Home

The Texico demonstration club met with Mrs. Anson Bowers on February 22nd, enjoying an all-day meeting with luncheon served at noon by the hostess. A business session was held in the afternoon.

The ladies fixed boxes of clothing for the Salvation Army, which were delivered that afternoon by Mrs. E. R. Boddy and Mrs. Bradley.

Mrs. Wayne Burford and Mrs. Pruitt were present as visitors and became new members. The next regular meeting will be with Mrs. Harry Baker on March 10th, with Mrs. Daugherty, the demonstration agent, to give a demonstration on color schemes. All members are urged to be present.

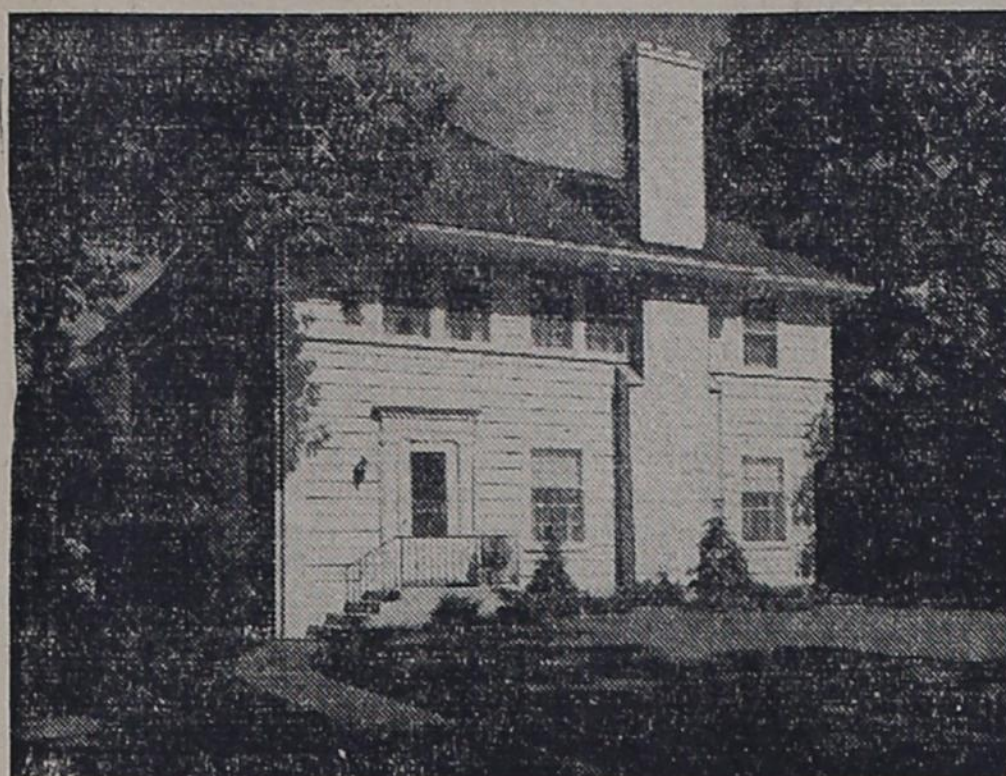

Music Students Appear On Benefit Show

Music students from Eastern New Mexico University, under the direction of Miss Gillian Buchanan, associate professor in music, appeared Tuesday at Plains, Texas, for an American Legion Auxiliary benefit show.

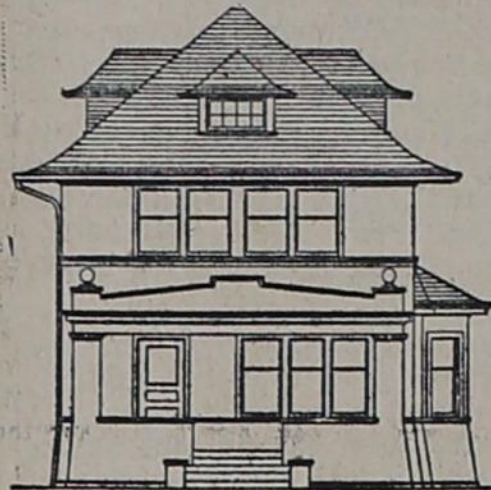

Among the violinists in the quartet was Norma Sanders, of Texico; and Edd Url Talbot, of Friona, took part in the mixed trio numbers.

Hershel Harding, student at Texas Tech, spent the past weekend with his parents, Mr. and Mrs. N. R. Harding south of town.

Old House Gains New Life

After remodeling, this home is modern but conservative in style.

Drawing shows original exterior.

Built about 1900, this house was too awkward-looking and boxy for today's architectural standards, but well-planned remodeling converted it into an attractive dwelling of conservatively modern style.

One of the first steps in modernization was to take off the old-fashioned front porch. A new porch was added at the side of the house toward the rear. A front entrance way of traditional design was constructed.

The house was widened. The fireplace was moved so that the chimney would be at the front of the house, where its stonework adds an accent note.

Porch makes outdoor living room.

These changes and the elimination of the attic dormer window changed the roof line, making it more irregular. The new roof was covered with fire-resistant asphalt shingles, widely used for remodeling work as well as for new construction. Dark-colored shingles were chosen from the wide range of available hues.

Son Born Wednesday

Mr. and Mrs. Van K. Crume, of Hereford, announce the arrival of their second son on Wednesday, February 22nd, at the Deaf Smith Hospital in Hereford. Weighing in at 7 pounds, 9 ounces, the young man was named Timothy Scott. C. E. Crume, of Farwell, is the grandfather of the new arrival.

Here From Temple

Mr. and Mrs. Charlie Dyer, of Temple, Texas, spent the past week-end visiting in the home of his parents, Mr. and Mrs. G. W. Dyer in east Farwell. They returned to their home on Thursday.

To Visit Parents

Mrs. Ernest Stewart, of Texico, departed the past Thursday for Waco, Texas, where she will spend several days visiting in the home of her aged parents.

In Sister's Home

Mrs. Eugene Cox and daughter, Betty, visited the past weekend in the home of her sister, Mrs. B. N. Graham. Mrs. Cox resides in Lamesa.

Visits With Sister

Mrs. Payne Sears, of Silver City, visited briefly with her sister, Mrs. O. C. Sikes, one day last week, while enroute to Tucumcari.

Here From Ft. Worth

Miss Billie Hall, daughter of Mr. and Mrs. W. W. Hall, who is employed at Fort Worth, spent the past weekend here with her parents.

Miss Peggy Mayfield, a student at WT in Canyon, was a weekend visitor in the home of her sister, Mrs. Woodrow Lovelace, in Farwell.

Miss Hazel Dishman spent Sunday visiting in the home of Rev. and Mrs. J. V. Pace and family in Morton.

Mr. and Mrs. Lloyd Sanderson and girls of Portales visited briefly in the home of Mr. and Mrs. Jim Bob Smart, Monday evening.

Mrs. Clara Green of San Jon, spent the past Monday night in the home of Mrs. Dessie Stewart in Texico.

Mrs. Lena Bonine was here over the weekend from Ralls, Texas, for a visit in the Roy B. Ezell home.

Marty Ezell, of Portales, visited his parents, Mr. and Mrs. Roy B. Ezell, in Farwell, Monday.

Bovina Happenings

BY MARIE VENABLE

Mr. and Mrs. Lester Kelley and family, of Earth, visited relatives and friends here the past weekend.

Joe Lawrence Langer, of Snider, visited here with relatives and friends last weekend. He is employed at the Snider radio station.

Mrs. Alma Vassey, of Vernon, was a weekend visitor here. She formerly resided in Bovina.

Mr. and Mrs. George Harold Trimble bought the Herbert Potts home the past week. It is understood that the Potts are moving to Farwell where he will manage an elevator.

Miss Cletus Huff, of Clovis, visited her sister in the Elton R. Venable home, Saturday.

Mr. and Mrs. Jay Hopingardner and daughters were Clovis shoppers, Friday.

Mr. and Mrs. E. Walker and sons, of Littlefield, visited relatives here Sunday.

Graveside services were held for Leonard Mervin, infant son of Mr. and Mrs. Leonard Gee, at the Bovina cemetery Saturday. The baby lived only a couple of days after birth.

Mr. and Mrs. D. A. Atkins, of Lubbock, visited in the J. P. Macon home Thursday. The ladies are sisters.

Mr. and Mrs. J. W. Gooch and daughter moved Saturday to the Barnett rent house and Mr. and Mrs. Opal Nelson took over the Boatman house vacated by the Gooches.

A large number of Bovina people attended the ball games at Tulia on Thursday.

Skooter Queen is in a Clovis hospital after major surgery, Thursday, for a back ailment.

Bill Venable is in the Friona hospital, receiving care for influenza. He was confined Sunday.

A large crowd attended the basketball game at the school Friday night, between the American Legion team and the Negro squad from Sioux City, Iowa.

Mrs. Barney McKenney left Friday morning for Denton, where her father is seriously ill.

Roger Lyn Ezell is on the sick list this week.

Perry Looney returned Sunday after spending two weeks in Hot

Springs, N. M.

Mr. and Mrs. Austin Calhoun and family of Clovis visited in the S. A. Calhoun home, Sunday.

Mrs. J. O. Combs returned last weekend from Lubbock, where she spent a week with her daughter.

Mr. and Mrs. Bob Johnson, Jr., plan to move into their new home this week.

Ellison Glover, son of Mr. and Mrs. J. O. Glover, left the past week for Oklahoma City, to attend school. Lee Hopingardner and Mrs. Mable Newberry left Monday morning to spend a few days in Liberal, Kansas.

Mr. and Mrs. Jess Hopingardner, of Cheyenne, Wyo., visited the past weekend in the Lee Hopingardner home. Jess is a cousin of Lee and Jay Hopingardner and Mrs. Mable Newberry.

TEA IS HELD AT LEGION HALL

A seated tea was held at the Bovina Legion Hall, Tuesday, February 21, by the Bovina Womens Study Club, for the purpose of organizing a Junior Club.

The club was organized, Mrs. Bass Elliott named temporary chairman and the first meeting will be held in her home on Wednesday, March 1.

Mrs. J. P. Macon, president of the Senior Club, gave the welcome to some 30 ladies, and then outlined the history of the club. Mrs. Aubrey Rhodes discussed the benefits of the organization.

A patriotic theme was carried out in the decorations. Mrs. Robert Wilson, Mrs. Tom Caldwell, Mrs. David Carson and Mrs. W. H. Willoughby were the hostesses.

Southern Gas Men Hold 42nd Convention In Galveston, March 27-29

Southern gas men will get some tips on how to get along with their workers when they meet at Galveston, Texas, March 27-29, for the Southern Gas Association's forty-second annual convention.

Such nationally-known authorities as Dr. George S. Benson, president of Harding College, Searcy, Arkansas, will appear on forums on employee relations—something the SGA is introducing for the first time this year. And a featured speaker at the general sessions will be Merlyn S. Pitzele of New York, labor editor of the magazine Business Week. Governor Sidney S. McMath of Arkansas also has accepted an invitation to speak. The convention is expected to draw 1,200 delegates from thirteen Southern and Southwestern States—from Virginia to New Mexico—an area where SGA members now serve natural gas to more than 3,500,000 customers directly and several million more indirectly. Sessions will be held in Galveston's waterfront Buccaneer and Galvez Hotels, and on the Municipal Pier. J. H. Wimberly, Houston, Texas, is convention chairman.

Convention reports will point to the phenomenal growth of the gas industry which is spending nearly a billion dollars a year over the nation to build lines into new areas and to increase service in established areas. Natural gas transmission lines account for large sums of this money as they reach out into areas that formerly relied on coal, manufactured gas and other fuels for heat and power. L. I. Baxter of Fayetteville, Arkansas, SGA president, said. He also pointed out that natural gas distribution companies are allocating huge sums to meet the demands of new customers in established territories in the South and Southwest.

The convention's employee relations section will devote an afternoon to a discussion of: The Most Important Person in the World—the Individual. Enlarging on this topic from various angles will be Dr. Benson whose writing and lecturing on the American way of life have brought him into prominence Dr. Robert K.

Burns, executive officer of the University of Chicago's industrial relations center, and M. V. Cousins of Shreveport, La., a gas utility's personnel director.

More attention to personnel will be given at a session where the speaker will be Dr. William R. Spriegel, professor of management at the University of Texas. Following his talk, a panel of industry spokesmen will conduct a forum on personnel problems. Noted industry speakers will be featured by Hugh H. Cuthrell of New York, president of the American Gas Association.

Calls For Expansion Of Vet Land Program

Bascom Giles, Commissioner of the General Land Office and Chairman of the Veterans Land Board, Tuesday issued an "informal memorandum" to the 51st Legislature calling attention to the necessity of expanding the \$25,000,000 Veterans Land Program at the next regular session. "Within a very short time," Commissioner Giles pointed out to the legislature, "we will have received a sufficient number of applications to fully obligate the total \$25,000,000 authorized by the constitutional amendment. But only approximately 5,000 veterans will have been taken care of, when many times that number desire to participate in the program.

"While we are processing an average of 10 applications a day," Giles added in his prepared statement, "we are receiving new applications at the rate of 20 per day. Of the 4,700 applications received, most were signed for only a 90-day period. It was, therefore, to be expected that many options expire unless the sellers are willing to stand with the veteran and with us."

He described the personnel of the Land Program, of which Alvis Vandygriff is secretary, as consisting of ten appraisers, two attorneys, and 15 clerks, stenographers and typists. "Our incoming mail is averaging approximately 200 letters per day," he stated, "and most of these require

personal attention."

Listing the program's progress to date Giles said that 1,600 farms and ranches had been appraised with approximately 72 per cent approved for the contract price. 500 purchases had been completed at an average price of \$5,570, an average of \$52 per acre including improvements.

"Due to the heavy backlog of applications and our limited staff," he pointed out, "the time necessary to process an application filed at this time is at least 200 days."

WOLVERINE—

(Continued from page 3)

ler, she was drum majorette of the high school band for two years, and served in numerous class and activity offices.

Since moving to Texico, Coeta has been selected FFA Sweetheart, Sun-

shine Sweetheart for the month of December, most beautiful, most attractive, most popular, and the girl with the best personality. In her junior year she was a candidate for Miss Texico, was a member of the junior and senior play casts, vice president of the juniors, band club, and president of the FHA. She was the junior girl chosen to attend

Girls State last summer by the local American Legion. Subjects this year are bookkeeping, shorthand, typing II, biology, journalism, band and chorus. Her future plans are incomplete at this time.

TEXICO GIRLS SING

Sunday, February 26, Betty and Peggy Donahey and Coeta Roth sang at the local Baptist Church, offering "An Evening Prayer" in three parts. They were accompanied at the piano by John Armour.

CHATTER

Jo Beth and Douglass make a cute couple, don't you think?

What happened to Margie and Jummie H. and Bobbie and Paul C.? Wonder who was the red-headed old man with Billie R.?

Seems that Gwena Sikes, or her car, attracts the attention of three of old TH boys. What about it, M. K., J. D., and W. B.?

If you wonder why Betty Donahey's eyes were twinkling Monday at noon, well let you in on a secret. Leonard was here.

Joyce Holland seems to be the quiet type. We can never catch her doing anything.

Coeta R. and Ansel D. can't seem to keep away from the bowling alley. Maybe that's their hobby—one of them, anyway.

Why is Jerial Doolittle so mad this week? ? ? ?

Seems that Raymond Whatley and Bill Wade had two admirers this weekend. Could it have been Bobbie and Margie?

Who drives a 1950 Chevrolet and comes to see Peggy C.? I hear that he's from Farwell.

You always see Janet W. with her steady (Ernest, of course!).

We wonder whose hat Margie wore to the district? Could it have been Howard's?

Seems that Howard and Patsy D. like to make the drag in Clovis. Do they try to see how many miles they can make in 30 minutes?

We wonder why Patsy E. doesn't make good grades in bookkeeping? Mr. Hibbs seems to help her get it in study hall every day.

Speaking of Patsy, where did she and John disappear to Sunday night? Carmen and Wayne seem to be making it just fine. Wonder why they never fuss like the rest of us?

MANAGEMENT PAYS OFF

Farm buildings require management along with maintenance and the more uses that can be made of the structures the more profitable they are to the farm business.

Allegry Sufferers May Get Relief

GALVESTON—Respiratory allergy sufferers—those who battle hay fever, asthma, and hives—will be aided by a research discovery of University of Texas scientists.

The process, allowing physicians and researchers to watch actual allergic reactions on living human tissue, was developed by Drs. J. M. Rose and C. M. Pomerat.

"The technique may be used to find what causes a person's allergy by testing his sensitivity to possible irritants, and to find new allergy-stopping drugs," Dr. Chauncey Leake, University Medical Branch vice-president, said.

In testing a sufferer, minute pieces of tissue are clipped from his nose with little discomfort. They are kept alive in a chick embryo fluid culture.

Scientists introduce a possible irritant in the culture and use a special-phase microscope to watch for an allergy reaction. If the tissue swells and stops living on the culture, the cause of the patient's discomfort is found.

New drug cures may be discovered by checking their effectiveness in stopping allergic reactions started on tissue samples.

"HE REMEMBERED TEACHER"

*** It was only fitting that George

Emlyn Williams should write one of his biggest stage hits about a lady to whom he owed so much. For fascinating reading entertainment you will always find it in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

PART OF THE PICTURE

When you picture your Public Service Company, perhaps you think of a power plant, a transmission line, or maybe the Public Service business office in your community. We like to think about another part of the picture . . . the many folks we work for—our stockholders. Southwestern Public Service is owned by people from many walks of life . . . you, your neighbor, your friends, and many others. Each one of them has an interest in the company, and no one of them owns more than 2% of the total stock.

That's the way free, private enterprise works. Everyone has the opportunity to share in the ownership of sound, business-managed companies like your Public Service. That's the American Way . . . the secret of how we have become great and strong and free!

SOUTHWESTERN PUBLIC SERVICE COMPANY

25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Sportsmanship Prize Goes To Wolverines Letter Jackets Arrive For Farwell Girls

Although they were ousted from District 6 competition in their first game of the tournament at Portales last Friday, the Texico Wolverines discovered their popularity among competitive players in the District when they were awarded the prized "Sportsmanship" trophy for activity during the year's play.

Coach C. B. Stockton, justly proud of his boys for receiving the award, grinned broadly about it on Tuesday and Supt. Agrie Jones explained that the sportsmanship award this year went to the team selected by player of the district, rather than by officials and coaches.

Drawing a bye in the first round of the tourney, the Wolverines were then thrown into competition opposite the Melrose Buffs, Curry county champions, who had previously ousted Causey.

Game but overpowered, the locals went down, 18-39, as Melrose continued to hit the basket through the match. At the end of the first round the Buffs were ahead, 6-14, had doubled the local score, 11-22 at the half and stood 32-12 at the third period end. Williams led the Wolverines with six points, followed by White with four, while Saxton racked up 14 to pace the Buffs.

LEAVES HOSPITAL

County Clerk Loyde Brewer reports this week that the Brewer's 18-months-old son, Byron, was released from the Friona hospital the first of the week, following a recent operation for hernia. Mrs. Brewer and Byron are remaining with her parents, Mr. and Mrs. C. L. Vestal, Sr., near Friona, this week, as the youngster will have to return to the hospital for checkups on his progress.

Eleven girls of the Farwell basketball team received lettered jackets the first of the week, signifying their work in athletics, and a twelfth jacket went to Hazel Petree, manager of the squad.

Of the group, five players recently wound up their high school athletics, including three forwards and two guards. Hettye Nan Randol, June Christian and Valarie Dial received four-bar jackets for work in the forward division, Billie Christian likewise received the four-striper for her guarding abilities, and Pauline Sheets drew a three-stripe jacket for defensive work.

Other three-letter jackets went to Betty Foster and Janean Lunsford guards, and Caryetta Grissom, forward; while two-strippers are Dot Kent and Irene Hardage, forwards, and Bobbie Christian, guard.

The light-weight jackets are of satin with blue backs, and white fronts carrying out the school colors, with a contrasting letter "F" and service stripes.

Oklahoma Man Buys 66 Station Here

S. S. Treadwell, who recently came here from Snyder, Okla., took possession of the Phillips 66 retail station in Farwell on Monday, after closing a deal with W. H. Spurlin.

Mr. and Mrs. Spurlin had no definite plans to announce on their future activities.

Mr. and Mrs. Treadwell have bought one of the quonset houses in east Farwell and are occupying it. His brother, Bill Treadwell, will be associated in the business.

Girls Volleyball Workouts Started

High school girls in both the Texico and Farwell schools began volleyball workouts recently, with the Texico girls particularly interested in getting in the best of shape to defend their Curry county title at the annual tournament in April.

In working with the girls, Coach Fern Stout has been emphasizing the importance of top-notch serving.

Participating in Texico are Betty and Peggy Donahey, Coeta and Carmen Roth, Jo Beth and Patsy Engram, Billie Roberts, Joyce Holland, Lona Mae Jones, Violet Curry, Jane Moss, Patsy Doshier, Bobbie Dawn Allred, Neva Sparks, Margie Reid and Peggy Caldwell.

Coach Jack Williams, on the Farwell side of the line, reported that "practically every girl in high school, with the exception of the freshmen" is reporting for practice. Neither squad had announced any scheduled games this week.

Hanna Continues To Excel In Sports

Leonard Hanna, who will be remembered by sports fans of both the Farwell and Oklahom aLane schools, is continuing to excel in both football and basketball while serving in the Army, according to a release from Germany from Lt. Neill C. Burnett.

The son of Mr. and Mrs. Bill Hanna, Leonard has been in Europe since April, 1949. He was first-string end for the 2d Regiment football team, made the all-Constabulary team of 1949 and received honorable mention for the all-Eucom.

Moving on to the hardwood sport, the athlete has rapidly hit the headlines as an ace forward for the 1st Battalion Kingsmen, hitting the hoop for an average of 16.4 points per game. Hanna is high point man for the regiment, and third high for the US Constabulary. He also made the Constab all-stars as top-ranking forward.

Lt. Burnett reveals that Hanna has been awarded a scholarship to New Mexico Military Institute in Roswell "and is said to have two more pending in different colleges of the States".

County Agent Takes Over New Quarters

County Agent Ollie Liner only moved in to move out of the new quarters set up in the county courthouse, as the office was completed the last of the week and Liner left today (Wednesday) to take over his new duties at Plainview.

Following Liner into the new offices, which feature white paint and fluorescent lighting and have the added attraction of being on the first floor of the courthouse, is Agent Joe W. Jones, who took over as Parmer county agent today.

Miss Ann Bateman will continue to act as secretary in the agent's office.

Texico Boys Start Track Practice

Practice for the coming spring track rounds have been started at the Texico school, with both junior and senior high boys facing the dust and wind for their initial sessions on Monday of this week.

All track meets, save the annual Fox Relays at Fort Sumner, divide the participants by grades. At the Relays, competition in various departments is determined by age of the participants.

Coach C. B. Stockton on Tuesday reported that he had a number of seniors out, with one notable exception, star Wayne Tucker, who will not be practicing for a few days yet due to a muscle strain.

Junior competitors at the school will include Alton Morgan, Arlye Crooks, Billy Murdick, James King, Keith Scott, Robert Tucker, Lacy Gant, Billy Goldsmith, Paul Crooks, Kenneth Doolittle, Albert Deolittle J. B. Taylor, Clyde and Claude McDonald and Kenneth Allred.

Parmer Boys Exhibit At Hereford Show

Six Parmer County boys, representing three 4H clubs, took part in the fourcounty fat stock showing held in Hereford the past weekend, and young Jerry Gleason, of the Lazbuddy club, stole the show at the auction sale Saturday, hiving the bidders until he received 42c per pound, the second-highest paid at the show, for a Duroc pig which had placed fourth in competition.

Veteran showmen took a lesson from the 13-year-old master of the ring as he secured and controlled the attention of the bidders and the watching crowd when the pigs were paraded in the ring. The Duroc went to Jack Bradley for his top bid.

Marvin and Wayne Massey, of the Friona 4H club, exhibited calves at the show, with Marvin placing fourth and Wayne taking eighth. Leon and Delvin Langford, of the Farwell club, rated ninth and tenth, respectively, on their calves; and Max Crim, of Lazbuddy, placed third, fifth and sixth with his heavy-weight Durocs.

James Tidenberg, of Bovina, entered the showmanship contest with his Hampshire and was rated second.

In the huge parade held Saturday, Parmer was also prominent, with the new 4H club pickup included and the Friona high school band contributing in the musical department.

UNDERGOES SURGERY

Fern Stout, Texico ag man and coach, left last Sunday for Albuquerque where he underwent surgery on his right knee. He is expected to return home in about a week. Victor Stout, his brother, and Preston Martin are substituting for the popular teacher during his absence.

ANNUALS OUT MONDAY

"The Roundup", official yearbook publication of the Farwell school, was issued to students on Monday of this week, Supt. Jack Williams announced. The annuals for the year 1949-50 arrived the past weekend, with 175 being put out, he added.

COLDS ARE SO MISERABLE

But you don't have to suffer with a cold with all the new and proven drugs now available. You will find them here.

FOX DRUG STORE

"FARMERS MUST HELP THEMSELVES", IS THEME OF COUNTY FARM BUREAU

About 100 Parmer County farmers met Friday night in the Friona grade school auditorium for the first quarterly meeting of the County Farm Bureau. President Roy Miller, of Friona, suggested organization of a wheat producers association to work in collaboration with the Texas Wheat Producers and Marketing Association. In the absence of representative response, he was asked to appoint a committee of three to investigate and hold a meeting in time to elect officers who could attend the next regional meeting in Amarillo, March 20th.

Sam Allen, successful farmer and rancher, and president of Dawson County's Farm Bureau, was the main speaker of the evening. He encouraged planning and thinking among farmers for control of production and marketing to an extent sufficient enough to avoid complete dependence on government control. In emphasizing this thought, Allen referred to the present socialistic state of Britain, which has come about within the last ten years.

Various proposals for control were cited, and one farmer stomped out at the statement that the Brannan plan is socialistic in policy. The statement

was supported by mention of the fact that labor groups and industry, not farm groups, are lobbying for its passage.

Farm income represents one-seventh of the nation's income, said Allen, and "that is big business worthy of business-like management".

Farmers were urged to look into the policies of Farm Bureau, and if it represents the kind of program they believe to be in the interest of the nation's economy, they are invited to support that program by their membership in the Bureau.

HOME FROM HOSPITAL

Mr. and Mrs. Donald Watkins returned home last Thursday from Lubbock, where both have been under medical care. Mrs. Watkins received treatment for five weeks, while Donald was confined for only two weeks.

BUCK IS BACK

Marion Buck, who was formerly associated with Ted Sheets in the blacksmithing and welding business, is back at the old stand after five years in California. Buck is now working for Sheets & Son.
