Increased Cotton Acreage Not Likely

RED CROSS CONTRIBUTIONS STILL DRAGGING OVER PARMER COUNTY

"We'll be out on Thursday to finish up our share of the county Red Cross assignment," Frank Seale chairman of the drive in the Farwell area, has announced.

Up to Tuesday morning, Seale reported that some \$215.00 had been collected locally in the annual Red Cross membership drive, but added, "This is below the estimated \$350 we hope to raise as our part of the \$1300 quota asked of Parmer county and we hope to wind up the campaign here with a concerted canvass of residents on Thursday."

Little is known locally about the progress of the drive over the rest of the county, although Charles Allen, at the Friona State Bank, reported that over \$100 had been deposited there by Red Cross workers.

Frank Spring, chairman of the county-wide activity, was out of town the first of the week and no figures were available from his records. At Bovina, meanwhile, Chairman W. E. Williams was discouraged about his community's lack of response in the campaign. "I have had only one man voluntarily come by to make his contribution," Williams said, adding that he expected to conduct a stinging personal campaign over his area in the near future.

The entire month of March is annually set aside as the period for conducting the membership drive but workers have urged that Parmer county residents make their contributions now in order that the county may report "all in" well in advance of the deadline.

Williams Announces Big Pre-Easter Sale

W. E. Williams, of the William Mercantile Co., Bovina, is this week announcing a big store-wide pre-Easter sale that will open on Thursday of this week and continue until Easter.

In addition to the sale, Williams is using the occasion to celebrate the formal opening of his new store quarters, only recently occupied. Many new fresh items of Spring merchandise have been received the past week for this sales event, which promises to be the biggest event held by the firm in recent years.

"We want our friends to take advantage of these special prices and also visit our new store," he said.

Burglar Is Foiled By Bovina Citizen

A lone would-be burglar was foiled in his attempt to burglarize the Cicero Smith Lumber yard at Bovina, early Monday night, when a passing Bovina citizen happened to discover the intruder inside the store building gathering up choice pieces of merchandise.

As a result of quick action on the part of F. S. Pounds of Bovina Melvin Gaines, said to be a well-known police character of Amarillo is in the Parmer County jail, where he will probably be held for the action of the grand jury in April.

According to officers, Pounds, who lives a short distance from the lumber yard, was on his way home about 8:30 o'clock Monday evening when he observed a stranger in the well-lighted store building. Pounds peered through the window, made certain that the man was none of the clerks at the place of business, then rushed home, procured a gun and returned to the scene. Leveling his gun on the intruder, Pounds demanded "Drop what you've got and come out with your hands up."

Meanwhile, Pounds is said to have sent his small son to summon Deputy Sheriff Frank Smith, who appeared just about the time Gaines was complying with Pounds' request. Deputy Smith took the prisoner in charge and brought him to this city, where he landed in jail.

Officers said that Gaines had gained entrance to the building by tearing the screen and smashing a window in the rest room. He had already succeeded in removing a box of loot, containing mostly shotgun shells and other ammunition, which had been dropped out the rest room window. He was in the process of gathering up additional booty when he was interrupted by Pounds.

Youth Revival To Start On Friday

Six youths from Eastern New Mexico University will direct a youth revival beginning at the local Baptist Church on Friday evening March 17th, Rev. O. O. Holladay, the pastor, announced today.

The university young people will have charge of both music and the preaching, with services to be held Friday and Saturday nights and Sunday morning and night. Evening services will be at 8 o'clock, Texas time, with the regular 11 o'clock hour being observed Sunday morning.

In announcing the special revival Rev. Holladay said "We welcome all age groups to attend the services and give a special invitation to all young people of the communities. A youth fellowship will be held following the Saturday evening services."

Bovina Church Of Christ Announces Sermon Series

The Bovina Church of Christ has announced a series of gospel meetings, beginning on Sunday March 26 and continuing for eight succeeding days.

Services will be conducted twice daily at 10 a. m., and 8 p. m., with eight visiting ministers from the surrounding area appearing on the program.

LEONARD HANNA, son of Mr. and Mrs. W. C. Hanna, of Route 1, Farwell, was presented with the Constabulary Sportsmanship Award and Trophy on Friday night, March 3, in Augsburg, Germany. Major General I. D. White, commanding general U. S. Constabulary, made the presentation.

Hanna, who made the all-star with the Constabs in both football and basketball, is shown above in his cage uniform. He is expected to be returned to the States some time prior to September of this year to enroll in New Mexico Military Institute at Roswell, where he will study for an Army commission. He has been overseas since April, 1949.

Mrs. Ezell Is Named County Treasurer

Mrs. Della Ezell, widow of the late Roy B. Ezell, was named as county treasurer to succeed her husband, by the Parmer County Commissioners Court here, Monday.

Mrs. Ezell has been serving as deputy treasurer for several weeks while her husband was unable to attend the duties of the office. She will assume her new duties as soon as she can qualify, which includes the details of making bond and getting the bond approved.

County officials said today that procedure would probably require only a few days. Meanwhile, Mrs. Ezell continues to be pretty much confined to her home, where she is recuperating from an attack of pneumonia, suffered during the final days of her husband's illness.

Thieves Hit Again At Local Schools

For the second time this school term, offices of Supt. Jack Williams and Supt. Agrie Jones, at Farwell and Texico schools, were burglarized over the weekend.

Supt. Williams reported that the Farwell school was entered on Saturday night and that, other than a good workout necessitated for entrance to the building, the thieves got nothing.

The school safe was attacked but was not opened, with Supt. Williams and Sheriff Chas. Lovelace concurring in the belief that the intruders were frightened away. Considerable money was in the safe, belonging to various school classes, "but there won't be any left there again," the superintendent said positively.

[Around \$40 was taken from the safe at the Texico school, which was broken open, Supt. Jones reported, adding that an earlier attack had claimed some money collected for the March of Dimes.

Jones added that the Texico robbery occurred on Saturday or Sunday night, explaining that no one visited the office on Sunday and the burglary was not discovered until Monday morning.

Supt. Jones said Tuesday morning that he had been advised by Va. Baumgart, of the Clovis police force, that the Grady school was also entered on Saturday night, with two safes being hit for around \$100.

Tools found at Grady, and the procedure used in opening the safes indicated that the thieves were the same as those who entered the Texico and possibly the Farwell schools.

FLY TO DALLAS

Mr. and Mrs. Walter Hardage, of the Hardage Hudson Company, returned home Monday from Dallas with two new Hudsons, which they drove back from that city. They were down by plane.

"There is hardly a chance that our cotton acreage for 1950 will be increased," Arlin L. Hartzog, president of the Parmer County Cotton Growers, said in an interview here, Tuesday morning.

Hartzog, accompanied by Bill Sherley and Harold Carpenter, all of whom are members of the Parmer County Cotton Growers Association returned home last Thursday from the national capital, where they had gone to protest the cotton acreage allotment for Parmer County for 1950.

Since the bill governing the farm program has already passed both houses of Congress, there is little prospect that the cotton acreage for the county can be upped this year he explained, but added, "We are hopeful that our trip will bear fruit in next year's allotments."

Asked for a statement covering the group's trip to Washington, Hartzog pulled a clipping from his pocket taken from the Amarillo Times adding "this pretty well covers everything." The interview reproduced below was given Zeke Brown, farm editor of the Amarillo Times:

"Cotton farmers of Parmer county are not opposed to the Production and Marketing association assistance payments, since we believe they have helped many small farmers in the past decade," Arlin L. Hartzog, president of the association told members of the cotton sub-committee of the Houses of Representatives in Washington, Wednesday.

"A report was sent out of Washington that we were in agreement with a delegation from Castro county as opposing the PMA," explained Hartzog on his return. "We merely wish to let the public know that we did not appear with the committee from Castro and Deaf Smith counties and that we represented only our county group."

Hartzog says he and his committee were allotted "just 12 minutes time" for their hearing before the sub-committee whose chairman is Congressman Steve Pace of Georgia. Congressmen Bob Poage and Gene Worley of Texas are on the same sub-committee and attended the hearing.

"But we stayed in there 30 minutes," adds Hartzog. "Our Parmer county group's recommendations were presented. First, we asked that every cotton growing county which received less than 10,000 acres under the present acreage allotment plan be guaranteed 60 per cent of the 1942 allotment, not to exceed 15,000 acres. Second we asked that any unplanted acreage be returned to the county PMA committee so it can be reallocated to growers who produced crops in 1949 or to new growers. Parmer county had an allotment of 24,600 acres in 1942 but received less than 5,000 acres in 1950. In 1942, the county only had 11 irrigation wells while now there are some 400 wells."

Hartzog, who incidentally, was the county agent of Floyd county for several years until his retirement a year ago, says he is talking for his whole group and not necessarily for himself. He now lives near Bovina.

"We told that committee we are very much in favor of the present price support program," he added. "Members of the committee told us the Commodity Credit Corporation has actually made a profit of some \$30 million in its operations with storable farm commodities. This is in all crops with the exception of potatoes, a perishable product."

"We didn't find anyone in Washington who is in favor of the Brannan farm plan," Hartzog told The Times.

Hartzog and his committee visited Speaker Sam Rayburn while on "the Hill", also the national headquarters of the Democratic party, as well as Sen. Tom Connally and others.

Faculty Members Named At Farwell

Following a recent meeting of the board of trustees of the Farwell school, members of the faculty for the 1950-51 term have been announced by Supt. Jack Williams.

Elected last Monday were Mrs. C. E. Sanders, Mrs. Lenton Pool, Mrs. R. D. Hensley, Mrs. Dorothy Jacks, Mrs. Loyd Cain, Mr. and Mrs. Shelby Jobs, Jack Caves, Mrs. Otis M. Prescott, Louis Purvis, Mrs. John Lovelace, Robert Morton and W. M. Roberts.

Mr. and Mrs. J. E. Stone, of the Stone Variety Store, were in Lubbock the latter part of last week, attending the Southwestern Market and making purchases for their Texico store.

FROM THE HOPPER

By HOP

Congratulations to F. S. Pounds six-foot-three Bovina laborer, who assumed the responsibility of taking things into his own hands Monday night when he placed a would-be burglar under arrest and turned him over to law enforcement officers. Few people seem to know that any citizen has the right to make an arrest when he sees a felony being committed, or about to be committed. Pounds probably didn't know this himself, but when he caught a man in the act of committing an offense, he took the matter in his own hands and prevented loss of property to his neighbors. He could have gone merrily on his way and wondered why the law didn't do something, but he didn't, and he is to be congratulated for his prompt and efficient action. Had Pounds undertaken to report what he had seen to officers, chances are that the intruder would have made his getaway in the meantime. Citizens could be a great help in averting crime if they would act as Pounds did.

We have been hearing a lot of complaint the past week over the shooting and killing of valuable dogs in Farwell. Three good dogs are reported to have been shot in one night recently. All we can say is that we don't blame the party who did the shooting in the least. When a pack of dogs invades the private property of citizens and fills the air with howls and barks, we can't blame the homeowner for taking a pot shot at the whole bunch, regardless of their value. Dogs have no business intruding on the premises of townfolks, regardless of how valuable they may be to their owners. No citizen is going to step out and shoot a dog simply because the canine trots across his front yard, but when the animal makes himself a nuisance by camping under the bedroom windows and yapping at all hours of the night he deserves to be shot. Let's put the blame for this dog nuisance directly where it belongs. Hardly a week passes but a stray bitch does not appear on our streets. Right then and there the citizens of the town should feel free to use a gun on that stranger instead of waiting until she has a following all over town, thus creating a public nuisance. Certainly, it is regrettable that some valuable dogs have been killed but we have nobody to blame but ourselves and the quicker we rid the town of stray females the safer our good dogs are going to be.

Karl Gast was just in showing us a batch of pictures he made recently while visiting his son at Laredo. In the group were any number of nice-sized bass, some of them weighing six pounds and better. Karl and the Missus went to Laredo in January to welcome a new grandson, born to Mr. and Mrs. Shorty Gast. Karl says the fishing waters in that part of the state are in small tanks, and permission from the owners must be obtained to fish. Anyway, they caught the fish and we surmise that he is hoping another grandson is on the way so he can make another trip.

UNDERGOES OPERATION

Mr. and Mrs. Felix Monroe left last week for Sulphur Springs, Mo. where Mrs. Monroe entered the McCleary Hospital and Clinic for surgery.

An operation was performed Friday for correction of a dislocated vertebra. According to word received on Tuesday her condition is satisfactory, but she will remain at the Missouri hospital for several weeks.

Warning Issued On Dumping Trash On Public Roadways

The Parmer County Commissioners Court, in session here Monday passed a resolution warning against the practice of dumping trash and other refuse matter along the public highways of the county.

Warning that such practice is in strict violation of the law, the Court advises that "anyone caught dumping such trash or rubbish on other than public dumping grounds will be subject to prosecution." The Court further recommends that all trash material which can be burned be disposed of in that manner, rather than merely dumping it on the garbage grounds.

Members of the Court especially deplore the practice of dumping dead animals along the public roadways and persons found guilty of this offense will be prosecuted.

Formal Opening Of Bagley Stations Sat.

Mr. and Mrs. D. W. Bagley, who have just completed the erection of two thoroughly modern service stations in Farwell, have announced the formal opening of both locations for Saturday, March 18th.

The Bagley No. 1 station is located on Highway 60 at the northwest corner of town, and is operated by W. L. Roberts. Bagley No. 2 is located on Highway 70, east of the business section of the town, and is under the management of D. W. Bagley.

In addition to making special inducements on their D-X oil, souvenirs will be passed out to all visitors on opening day, it is announced.

Lions Club Will Meet Next Tuesday Night

Agrie Jones, president of the local Lions Club, today announced a regular meeting of the organization for Tuesday night, March 21st, at the American Legion Hall.

Dr. D. H. Reed, a professor of social science at Eastern New Mexico University in Portales, and member of the FBI, has been invited to address the Lions, and will likely use the "Hoover Commission" as his topic. President Jones said, in urging all members of the Club to attend.

Revival Meeting Is Slated, Okla. Lane

Rev. J. J. Terry, pastor of the Oklahoma Lane Baptist Church, today announced a revival meeting at that church, beginning on Friday evening of this week and continuing for ten days.

Rev. J. S. Sparkman, pastor of the Baptist Church at Wells, has been engaged to do the preaching. Services will be conducted twice daily, at 10 a. m. and 7:45 p. m. The public is cordially invited to attend.

BEAUTY SHOP RE-OPENED

The Border Beauty Shop under the management of Mrs. Tom Paul McCuan, which has been closed for some time due to illness, has been re-opened for business. Mrs. McCuan stated this week that her shop would be open from 1 o'clock to 6 o'clock each afternoon during the week. She has installed a complete line of the widely-known Luzier's Cosmetics and will be glad to help in selecting articles needed in this line.

Texico People Hurt In Auto Accident

Mrs. R. L. Day, Sr., Texico resident, Mr. and Mrs. C. V. Thompson Clovis, Miss Darlene Day and R. L. Day Jr., Clovis, were taken to a Clovis hospital Sunday for treatment following an automobile accident three miles west of Fort Sumner.

Mrs. Day is reported to have sustained a broken leg, and others traveling in the car with her received severe cuts and bruises in a near head-on collision with a car driven by Sam Pena of Encino, who according to State Highway Patrolman Floyd Miles, was charged with operating an automobile while under the influence of intoxicating liquor.

Pena, accompanied by Josefa Zamora, Fred and Mary Guana, and Richard, Mary and Frances Barella all of Fort Sumner, were in a 1938 model coupe when they struck the 1949 model car driven by R. L. Day Jr.

Miles reported that Pena had driven his car onto Highway 60 without stopping and crashed almost head-on into the Day machine. Frances Barella, a passenger in the Pena car suffered a broken leg, and other members of the party were less seriously injured.

Burglary Of Year Ago Finally Solved

Burglary of the John Lovelace farm home, located five miles southwest of this city on Highway 70, which occurred on March 22 of last year, was solved last week when Sheriff Chas. Lovelace went to El Paso and returned Wm. Henry Goss 23, to this city, to face the charges.

Sheriff Lovelace said Goss, who gives his soon as Benson, Ariz., has confessed to the burglary and made a written statement. He will be held to await action of the grand jury, which convenes in this city April 10. Goss was delivered to Sheriff Lovelace, following his release from a Federal penitentiary near El Paso where he served a year for violation of the Dyer act, Lovelace said.

Goss' companion, who was named by Goss as an accomplice in the Lovelace job, was arrested some months ago at Santa Fe and is understood to be doing time in a Federal institution.

NEAR DEATH IN VERNON

D. B. Lanford, 82-year-old Farwell citizen, is reported near death in a Vernon hospital, where he was removed a few days ago. His daughter, Mrs. Guy Cox of this city, accompanied by Mrs. Olen Schleuter left here early Tuesday to be at his bedside.

Health Note

Texas State Department of Health

AUSTIN—The more than 2,000 cases of syphilis and 3,000 cases of gonorrhoea reported throughout the State since the first of the year signifies the pressing need for continuing public education in matters of venereal disease, State Health Officer Geo. W. Cox believes.

Cox appealed for state-wide participation in making "Better Health for Texans" a year-long program. A "Better Health for Texans Week" was officially designated by Governor Allan Shivers last December.

Cox said the response of the public, the press, radio, motion picture theaters, television and "other agencies and individuals during the campaign was excellent".

"But," he said, "the continued success in reducing the incidence of VD requires the full support of all the public."

The veteran of more than 13 years as State Health Officer said his department was continuing an "intensified" campaign against venereal infections through "all media of mass education—newspapers, radio, feature releases, and talks to luncheon clubs and civic organizations."

"We've gone into television to carry our VD warning to the people," Cox asserted. He said his division of public health education had recently produced a color film and a motion picture trailer which were available for loan to television stations through local health agencies.

He said any organization desiring informational pamphlets, posters and prepared speeches on the subject of venereal disease could get them by writing to the State Department of Health in Austin.

Very few homes have even been built with too much storage space, but the lack of storage and closet space contributes to over-crowded closets, hallways, and cluttered rooms. The latter condition creates many accident hazards in the home.

Save A Month On Hog Feeding Period

COLLEGE STATION—The efficient pork producer makes every pound of feed count and he gets his hogs to market weight just as fast as possible. Dr. W. C. Banks, extension veterinarian of Texas A. & M., says that spring pigs will reach market weight faster and will do it more cheaply if farrowed in clean pens and houses and fed in sanitary lots.

Recent tests show that well-cared-for pigs reached a market weight of 210 pounds a month earlier than pigs that had their growth retarded by internal parasites. The test also shows that pigs raised on clean ground required a half pound less grain per pound of gain.

Sanitary farrowing and feeding practices also help prevent a number of infectious diseases and intestinal disorders which annually take a heavy toll of pigs each spring in the state, he adds.

Dr. Banks points out that installation of guard rails and a pig brooder in the farrowing house will save many a baby pig from being crushed or chilled. Every pig that can be saved increases the producer's income. Pigs lost at farrowing time or soon after may mean the difference between a profitable farm enterprise or a financial loss.

Rations fed should be checked for deficiencies of B-complex vitamins and for balance. Feeding a ration too high in rich concentrates is wasteful. Profits are made, says Dr. Banks, only from feeding and producing healthy hogs. At the first sign of trouble, remove the sick animals from the herd and obtain a diagnosis so the cause can be removed. Only healthy and thrifty animals can fully utilize the feed and water they eat and drink. It is a good practice to vaccinate pigs against hog cholera with the use of the dead serum vaccine.

Iodine Is Needed In Diet, Specialists Say

COLLEGE STATION—Many people think of iodine as a brown liquid and a mighty good disinfectant rather than an essential food. Small but steady quantities of iodine are needed by the body for normal growth and development, healthy skin and hair, mental alertness, physical vigor as well as a preventative for goiter. The simplest, most practical and least expensive way to make sure that all people, especially growing children, have the salt they need is the use of iodized salt, says Louise Mason, extension foods and nutrition specialist of Texas A. & M.

She points out that fruits and vegetables grown on iodine-rich soil, seafoods and some drinking water contain iodine but many people lack these sources. There are many large areas in the nation that are deficient in iodine and it must therefore be supplied by other means.

Miss Mason says the USDA, the U. S. Public Health Service, physicians, nutritionists and other groups concerned with national health are cooperating in a campaign to raise the use of iodized salt. She urges homemakers to look for the word

"iodized" on the container the next time they buy salt for this is their assurance that they are getting health protection for their families. Only one part of iodine in 10,000 parts of salt is needed for protection and this small addition does not increase the cost.

Iodine is essential for a healthy thyroid gland which in turn affects the growth and general well-being of the body. Iodine hunger is the cause of much fatigue among adolescents, physicians say. The use of iodized salt in areas where goiter was pre-

valent has proved a most effective means of preventing the disease.

Iodine is naturally present in salt from the ocean and in many local salt deposits in the earth but is lost in refining. Returning iodine to salt concludes Miss Mason, is similar to enriching flour.

"DIETING FOR MENTAL HEALTH" * * * She wanted to kill herself . . . he wanted to attack a nurse with a razor. But they were both cured of mental disorders by special dieting! Read this absorbing

story of an amazing new treatment for diseased minds in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

A protein-rich breakfast can do more to stave off fatigue hours longer than a morning meal with less protein. It is an advantage to provide about one third of the day's protein allowance in the breakfast, and some of it should come from top-quality protein foods like milk, eggs, and lean meats.

NOTICE

The Parmer County Commissioner's Court has received many complaints about the illegal practices of dumping trash and rubbish upon the public roadways, streets, and off of bridges, etc., in the county. You are reminded that the law provides for penalties by fine up to \$200.00 for anyone caught doing so. It is the opinion of the Commissioner's Court that this law should be enforced, and anyone caught dumping such trash or rubbish on other than public dumping grounds will be subject to prosecution.

Also, it is ordered by the Commissioner's Court, meeting in Regular Session this 13th day of March, that no waste paper, cardboard boxes or other such trash that will blow be dumped in the dumping grounds, but that such be destroyed by burning before taken to the public dumping grounds.

Sudderth Learns By Army Experience

WITH THE 8TH US ARMY IN TAKEYAMA, JAPAN—Cpl. Lee H. Sudderth, Jr., son of Mr. and Mrs.

Lee H. Sudderth, Farwell, learned what he would be required to do in combat this week through practical experience.

His unit, Company H, 5th Cavalry Regt., 1st Cav. Div., held combat drill activities and problems at Camp

McGill, including squad, platoon and individual exercises. Use of the communication equipment, of which Cpl. Sudderth is in charge, was stressed. Laying of wire and functioning of radio equipment were major stages of the exercises.

His unit received training during these preliminary exercises designed to prepare all members of the unit for the full scale summer maneuvers; the regiment and division will stage at the base of Mt. Fuji, world-famed volcano of Japan.

RESERVE ENLISTMENTS OPEN

Chief W. I. Liechty of the Navy recruiting station, Clovis, announced that the Naval reserve enlistments are now being accepted. This program was temporarily halted on February 1st to effect a revision of the program. Regular Navy enlistment quotas have been greatly increased. Interested persons should call at the Post Office building in Clovis or phone 6642.

Mart, Texas, was so named because in early days it was a busy trading post, and Mart means market.

Rural Phones May Be Requested To April 1

Extension of the March 1st deadline for prospective members to the newly-formed Rural Telephone Cooperative that includes Deaf Smith, Parmer, Castro and part of Bailey counties, to April 1st has been announced by Loyd Lovell of the Deaf Smith REA.

Lovell, in reporting the thirty-day extension of the deadline, urged all farmers in the four-county area who are interested in the phone cooperative, but have not yet made application for telephones, to do so immediately.

"The quicker the applications can be received by us, the quicker the telephone service to the rural areas will be started," he said, adding that the co-op is "in on the ground floor of the application list with Washington" under the recently-authorized program. Over 550 persons have joined the co-op and Lovell indicated that there were at least 200 more who were expected to become members.

No date for actual start of construction has been announced, but Parmer farmers, along with others are looking forward to the privilege of telephones in their homes.

Committee Hears Views Parmer Cotton Farmers

Membership committee chairmen gathered in Friona last Friday night to enumerate new members secured during the period designated as Farm Bureau Membership Week, it is reported by Raymond Euler, secretary of the county Bureau.

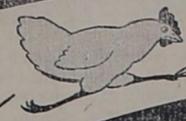

Net gain in membership was 92 new members, with 29 renewals, giving the Parmer Bureau a total membership of 361 families, by far the greatest number of progressive agricultural interested people ever united in the county for the purpose of better living for farm people through cooperation, Euler said.

Membership gains by communities were reported as follows: Rhea, 20 new, 1 renewal, Melvin Sachs and E. M. Wagner committeemen; Farwell 9 new members reported by Alden Henderson and Fred Bolton; 36 new members and 1 renewal reported by Charlie Thompson and Mutt Magness. At Black, 15 new members reported by Bruce Parr; Friona, 12 new and 28 renewals reported by Raluh Smith.

Parmer County residents who do not already belong are cordially invited to become members, the secretary said.

"Service Program Week" will be announced soon, Euler added.

LETTERS from Our Readers

Quitman, Ark
March 10, 1950

Dear Hop:

It seems as though we can't "do without" your paper! So I am sending you a personal check for the paper for one year.

In your last week's paper you stated the jonquils were trying to "put out". They have been blooming here for nearly two months. We have had a very mild winter here, although I must admit we have had from 8 to 10 inches rainfall most every month. We are in the "hill country" so it doesn't bother us too much. Just wish the Texas wheat had a little of it.

Sincerely,
Mrs. Callie Eason

Former Local Girl Is Married, March 1

Miss La Nelle Eason, daughter of Mr. and Mrs. John Eason of Portales and formerly of Farwell, was married to Lt. John Johnson, son of Mrs. Bess Johnson of Athens, Ohio on March 1. The ceremony was performed in the parsonage of the Church of Christs in Las Cruces, N. M.

For her wedding, the bride chose a black satin suit with black accessories and a corsage of gardenias. Her attendant, Miss Harriet Wilson, also wore black and a gardenia corsage. Lt. Bud Esier, of El Paso, attended the groom as best man.

Following the ceremony, the couple was honored with a reception in the officers club at Biggs Field, El Paso, where Lt. Johnson is stationed.

The bride is known locally to many people, as her parents were living in Farwell when she and her twin sister, La Delle, were born. She graduated from the Portales high school and is an employee of the El Paso National Bank.

Lt. and Mrs. Johnson will make their home in El Paso.

Fashion Review Will Be Sponsored On Thursday, March 16, By Bovina Ladies Junior League Group

A spring fashion review will be presented on March 16th at 2:30 p. m. in the American Legion Hall in Bovina, sponsored by members of the Bovina Women's Junior League. It is announced today.

At a meeting of committee members the past Tuesday afternoon, models were chosen and hostesses were appointed, the latter being Mesdames Pete Davies, A. V. Warren and D. C. Looney. Models will be members of the Junior League, the Bovina Women's Study Club and a number of high school students.

Ladies attending will see play togs, sport, casual and afternoon frocks, suits and formals, all complete with the latest in accessories. Highlighting the show will be the wedding scene with a bride and bridesmaid. Some thirty-odd complete outfits will be shown, all furnished exclusively by the Vohs Co. of Clovis.

A special feature will be dancing numbers presented by Miss Eva Clair Burnes, Clovis dancing instructor and two of her colleagues.

Floral decorations for the entertaining hall will be furnished courtesy of Flowerland, of Clovis.

A cordial invitation is extended to all ladies of Bovina, Farwell, Friona, Oklahoma Lane, Lazbuddy and Clovis by the sponsors.

The Tuesday meeting was held in the home of Mrs. W. L. Liles and attended by Mrs. Bass Elliot, Mrs. Pete Davies, Mrs. Bob Sudderth, and Mrs. A. V. Warren. Canapes, hors d'oeuvres, strawberry shortcake and coffee were served by the hostess.

Mrs. Stout Absent Honoree At Recent Stork Shower

Mrs. Fern Stout, wife of popular coach and ag man Fern Stout of the Texico high school, was an absent honoree at a lovely stork shower the past Thursday, March 9, when friends gathered in the Texico school lunch room for the occasion.

Recently dismissed from a Clovis hospital, Mrs Stout is at the home of her parents in the Broadway community, and was unable to attend the shower.

Centering the serving table, which carried out a pink and blue color theme, was a stork, carrying a life-size baby doll.

A tiny diaper filled with pink and blue mints served as plate favors and refreshments carried out the color idea. Several games were enjoyed by the group and a beautiful bassinet was filled with gifts. The ladies presented the husband of the honoree with a toy washing machine.

Those present included Mesdames A. R. Jester, E. L. Harding, E. H. Horton, W. J. Matthews, Albert Marger, Russell Johnson, Stanley Thigpen, Charles Seale, Virgil Boone, Homer Dykes, Louis Caillouet, R. E. Williams Jr., L. A. Bovina Happenings

BY MARIE VENABLE

J. R. Glover was seen on the local streets Saturday. He is recovering from a long illness.

Mrs. Ezell, of Farwell, spent the latter part of the week with her son Gene Ezell, and family.

Mrs. R. S. Johnson and son, Mike of Lubbock, visited relatives here on Saturday.

Mr. and Mrs. George Harold Trimble have moved into their home, recently purchased from Mr. and Mrs. Herbert Potts. The Potts are moving to Farwell where he will manage an elevator.

Mr. and Mrs. Barber Eubanks and son, Oren, of Dimmitt, spent Sunday with their son, Tyson Eubanks.

Mr. and Mrs. J. W. Gooch and Janet visited with his parents in Dimmitt, Sunday.

Mr. and Mrs. J. O. Glover and Patsy Loflin visited Mr. and Mrs. Loflin and family in Jal, last weekend.

Brother Ezebell, pastor of the Pentecostal Church, and family visited in Oklahoma a few days last week returning home Saturday night.

Mrs. Tom Griffith was taken to the Friona hospital, Monday morning.

Jack Waltman is in the Friona hospital, receiving care for a steep throat. This is the third time he has been in the hospital with this trouble.

Legion and Auxiliary members are reminded of the basketball supper to be held at the Legion Hall on Monday night, March 20. All members are urged to attend and asked to bring an eligible non-member.

Bovina and Lazbuddy played baseball here, Sunday, with the locals winning, 8-6. Bovina will go to Lazbuddy next Sunday, the weather permitting. Two home runs were on the score board, one by R. L. Barber of Lazbuddy, and Elton Venable, of Bovina.

Katherine Freeman, of Sunray, visited her sister, Mrs. Threlkeld here,

last weekend.

Rev. and Mrs. E. J. Speegle and girls were in Amarillo, last weekend. Mrs. Jessie Walling and Miss Mary Alice Englant were business visitors in Amarillo, Tuesday.

Miss Ruth Caldwell visited her parents, Mr. and Mrs. J. R. Caldwell over the past weekend.

Mr. and Mrs. Bill Green and family, of Dumas, visited friends and relatives here, Saturday.

Mr. and Mrs. Gene Hromas and daughters, of Olney, visited friends and relatives here last weekend.

Mr. and Mrs. Threlkeld and children and Giles Walling visited her parents, Mr. and Mrs. Walter Freeman, in Sunray, Friday.

Miss Sarah Marie Venable and Mrs. Elmer Venable made a business trip to Clovis, Monday.

Fred Langer, A. V. Warren, Garland White made a trip to San Jon Friday, for a load of bricks to build a fireplace at the City Park. This is the project of the Legion toward a local park. The Auxiliary is to build playground equipment, so a rummage sale is being planned. Anyone having donations is asked to contact Auxiliary members or call 2861.

Mr. and Mrs. J. D. Manning moved last week into the Caldwell home.

Some of the road construction crew has arrived with equipment.

The Bovina Chamber of Commerce met in regular session, Tuesday at noon in the Bovina Hotel and plans were discussed regarding housing facilities for road workers.

Mr. and Mrs. French, of Austin visited in the R. N. Williford home the past week. The two ladies are sisters.

Mrs. R. N. Williford received word Thursday of the death of her brother-in-law, V. G. Harkins, of Taylor Texas. He died of a heart attack. The Willifords were unable to attend the funeral because of influenza.

QUILTING CLUB

The Quilting Club met with Mrs. Mel Gunn on March 9th. A covered dish luncheon was spread at the noon hour. Two quilts were completed for Mrs. Gunn. Fourteen enjoyed the luncheon, Mesdames D. H. Bradshaw, H. L. Tidenberg, Tom Rhodes, W. J. Parker, J. R. Caldwell, Ward Thompson, Levi Johnson, Oscar Venable, Herald; Misses Lula and Carrie

(Smith; Mel Gunn, Will Parker, and the hostess, Mrs. Gunn. The next meeting will be at Mrs. Thompson's on March 16th.

HIGHLANDS DAY

The New Mexico State Commerce Club is sponsored by the faculty and students of the Business Education Department, New Mexico Highlands University, for the purpose of promoting a greater interest in business education classes and better scholarship in high schools throughout the state.

During the State Commerce Club convention, April 26-27, special performance tests will be given in typing, shorthand and bookkeeping for which students may earn 10 points each which will be counted toward points for the awarding of medals. Points earned for these tests, however, do not count toward grand prizes.

Any student in New Mexico regularly enrolled in a high school class in any commercial class or journalism may enroll in the State Club.

Plans are indefinite as to who will represent Texico at the meet.

HONOR ROLL

The honor roll was led by the seniors, who placed five members to outrank the freshmen and juniors, placing three each. The sophomore class seems to have only one who is working. The honor roll consists of: Betty and Peggy Donahey, Lona Mae Jones, Coeta Roth, Billie Roberts, seniors; D. J. Brown, Jimmy Horton, Carmen Roth, juniors; Alva Jane Moss, sophomore; Mary Lou Hatcher, James King, Jo Sandra Magerus, freshmen.

VISITORS WEEK

The week of March 6 through the 10th was known throughout New Mexico as School Lunch Visitors' week, observed annually by the various schools.

At Texico many patrons and parents of the school children visited and had lunch in the school cafeteria during the week.

SENIOR CLASS NIGHT

The local seniors are preparing a program for presentation to the public on Senior Class Night. This is the first time the seniors have observed this occasion in the history of the school.

Joyce Holland has been named as May Queen and will be crowned after the winding of the May Pole.

Readings and musical numbers will be given by the seniors and the public is cordially invited.

NEW LIBRARY BOOKS

Mrs. Jimmie Allman, supervisor of the school library, announces this week that 85 new books have been purchased for the library. In the group are biography, fiction, philosophy, historical novels and reference books. Of particular interest to boys of the school is a wide assortment of Zane Grey westerns. A group of Grace Livingston books have also been purchased, which the girls are expected to enjoy.

All books will be re-catalogued and suitably arranged in the new library room, located in the northeast corner of the new study hall.

TRUANT OFFICER NOT NEEDED IN SCHOOL

There are some students who set a goal for perfect attendance, and then we find others who don't seem to mind how much school they miss. But we can't blame this for all absences. Naturally there are some that are unavoidable, as sickness or death.

We feel it quite an honor for any person to receive a perfect attendance reward. There are such people in the Texico High School. Those who have worked hard for the award are Esther McDaniels and Douglas Williams.

We think Esther is honored especially, since she has a perfect record for four years. This certainly shows that she is persistent in her school work.

And also for this honor, Douglas Williams hasn't been absent for two years. This is something to be proud of.

In the future, let us all strive to have a better attendance record.

ANNUAL SENT TO PRESS

Final copy of the Texico "Wolverine" was sent to press February 20 and the annual staff expects to distribute the yearbooks by May 1.

By receiving the annuals on this date, all of the students will have plenty of time to get them autographed.

OUR FUTURE LAWYERS

Manuel Kesner, a commercial law student, presented this explanation of law: "Law is to keep the people with the long end of the stick from taking the other guy's short end away from him." This is a perfect example of the wit and deep thinking of the law class, taught by James

Hibbs. The most outstanding student Mark Leavell, helps with his excellent grades to bring the Texico average to 81.8% on the state standard test. This is slightly higher than the state average, which stands at 77%.

The clas has taken up civil suits contract, and agreements. They are also studying duties and obligations of principal and agent.

ATTENDANCE RECORD THROUGH 6TH GRADE

The attendance record of the grade school has been announced, with the following students not missing over two days of school this year.

First—Lee Spears, Bill Reid, Glenda Moss, Patsy Fain, Leslie Dyer.

Second—Gale Hadley, Donna Faye Crawley, Mary McDaniel, Le Roy Allen, Joanne Brown, Wendell Dosh-

er, Donald Caillouet, Don Houston Glendon Harvey, Colene Landrum.

Third-fourth—Etnia Lou Allen Frances Harriman, David Lockhart Eldon Thatcher, Geneva Harriman Joe and Bud Spears.

Fifth-sixth—D'Tanis Caldwell, Sue Reid, Dick Lockhart, Sue Doolittle, Mary Harriman, Bobby Spears, W. E. Harvey, Leon McDaniel, Roy Thornton, Eldon Kesner, Betty Pendergrass, Verlene Thigpen, Barbara Caldwell, Susan Levins, Roy Lee Allen, Mikala Faville, Betty Crawley Wilford Thatcher.

BAND OF NEAR FUTURE

Band drums beat, blow bugles blow—as quoted by Walt Whitman Our thoughts turn to music and naturally the music department. Progress is slow but sure and everyone knows that with practice and hard work we will have a better band in the future.

Near the band hall, you might hear "Firelight Shadows, Beacon Lights La Rosita and Whispering Hope" and

then "Let Me Call You Sweetheart" and even "Reverie". Let's go in and see if we know anyone.

There are some familiar faces in the brass section. Among the cornets is Carlton Kyle, who used to play the violin, and three others who have always been in the cornet section—Alan Lockhart, Jimmy Moss, Frankie Harris.

And look at that clarinet section! Coeta and Carmen Roth certainly are interested in music and there is Dick Lockhart, a newcomer to the music world.

The violin group seems to attract plenty of attention. We see students we know, Lona Mae Jones, Jo Beth Engram, Raymond Morgan and a number of beginning violinists.

Through the tour we get a vivid conception of what our school musicians are accomplishing and the hard work they are doing to give Texico a good school band.

PRESS CLUB MEETS

The Press Club met Thursday

March 2, to discuss various angles to improve the school paper. Another purpose of the meeting was to urge all news, also letters or suggestions to the Editor are welcome.

Highlands Day was discussed and it was pointed out by Mrs. N. W. Peyton, sponsor, that it is quite an honor to be selected to make the trip to Las Vegas in April. All students enrolled in journalism, band, or business education are eligible for entry in the contests at Las Vegas.

FHA NEWS

The Texico FHA chapter met for a regular business meeting and a short program with Frankie Harris, vice president, in the chair in the absence of President Coeta Roth. The minutes of the last meeting were read and approved and plans started for a Mother-Daughter tea to honor the girls' mothers, some time in April.

The program chairman, Violet Curry, introduced various topics to be discussed, "The Application of Lip-

FICKLE FRESHMEN

The freshman class at Texico are quite active. In a class meeting on March 2 the group decided to hold a skating party, March 8, with each member permitted to invite two guests.

About an hour afterward, a petition was circulated to change the skating party to a house party—and two hours later a petition was flitting from freshman to freshman to change back to a skating party.

According to James Hibbs, sponsor of the freshmen, he is absolutely in the dark as to the intentions of his fickle freshmen.

SENIOR TRACK

The seniors started track Monday February 26, with most of the boys participating. Active in training are Wayne Tucker, Jimmie Horton, Jim Billington, John White, Douglas Williams, Dave Houghtling, Jerial Doolittle, Lacy Gant, Wayne Breeze, Buddy Joe Sparks, James Harding, W. O. Reid, Tommy Bocox, Jerry Jester, D. J. Brown, Donald Engram, Gayle Doolittle, Paul Clark Keith Scott and Ronald King.

HAPPY LANDING

The track teams, Coaches C. B. Stockton and John Armour express their thanks to Joe Blair for the two pickup loads of sand. The sand was

loaded in Stockton's pickup at Blair's farm three miles south of here and dumped into the pit by James Harding, Jimmy Horton and John White. It is being used in the jumping pit at the track, and replaces gravel.

JUNIOR CLASS MEETING

The juniors held a class meeting on March 3, electing Janet Winkle to fill the reporters' vacancy left by the resignation of Irma Jo Kelly when she moved to Bovina.

With Jimmy Horton, class president, presiding, the group decided to have a class weiner-roast at the Clovis City Park, followed by a theatre party, on March 10. In charge of refreshments, Carmen Roth, Jo Beth Engram, Violet Curry, Bobbie Allred and Janet Winkle. The arrangements committee included Jimmy Horton, Jerry Jester and Wayne Breeze.

GRADE SCHOOL NEWS

The first grade children are making room decorations for Easter. Jimmy Morgan's cousin, Ila Mae Rhodes of Portales, visited school Friday.

Second Grade

Fabiola Cardova moved away but two new pupils have arrived, Sandra Beckham from Stigler, Okla., and Betty Durham from Muleshoe.

The boys and girls have been making kites and teddy bears.

La Donna Stewart has been on the sick list.

Fifth Grade

The fifth grade is now studying New Mexico history, with several of the students making health posters showing balanced meals.

Quite a number have been absent from school with the flu. Everyone is working hard on the operetta.

Sixth Grade

Donald Arnold is still out of school because of illness, and several students have had the flu.

The sixth graders are enjoying English and reading under Mrs. Peyton and have new readers.

CHATTER

Glenda Doshier and Willie Joe Carpenter sure do keep late hours, don't you Glenda?

Doris Leavell when did you change your name to Jimmy Farley?

Betty Bridges, you sure do have a bad boy friend, don't you? "Book reports".

We hear that some Texico girls got a ticket last Sunday. How about it Norma Kesner and Patsy Doshier?

If anyone wants Joe Cox's address ask Lona Mae.

Norma K. was disappointed when she saw that carload of boys from Grady and a certain one wasn't in it.

Jo Beth Engram has been very quiet since the 5th period study hall Monday. It seems she was caught talking to Douglas W. "about book-keeping, of course".

If the senior play, All A Mistake does not affect some of the senior girls maybe everything will be normal after it is given.

John White, saying good night to Patsy Engram, "Will you please stop chewing your gum while I kiss you?"

After all these years Mr. J. G. Hibbs has finally learned to handle women. Leave them alone. But he won't.

It seems as the Mrs. Allman, our school librarian, is watching closely the boys who are building the new library, but she needn't be so anxious, the boys are doing a good job.

Wayne Tucker has the upper hand over Carmen. He parks the car with the driver side nearest the house gets in, and lets her walk around.

Mr. Jones had better watch James Harding. He's planning to play hooky to see what will happen to him.

Seems Jerial Doolittle is hunting a new girlfriend. Billie Roberts has fallen for the Farwell boys, too.

Margaret Doshier hasn't been to school for about two weeks. She may be sick—lovesick.

Say, some of these Texico kids seem to have trouble with Clovis cops.

Jo Sandra Magerus, who is the boy you rave about so much? James Burk?

Betty Bridges needs to go to Clovis Sunday afternoon, with Lyle Walker walking the streets alone.

Doris Leavell, what's this we hear about you keeping late hours Sunday night? And who were you with?

Wonder who Norma Jean Jacks likes now? Could he have curly blond hair and blue eyes?

Say, Odessa, how are you and Bob Beck coming with your romance?

Wonder why Wayne Breeze and Jerial Doolittle locked the doors of their pickup the other night? Can't get any information from them. They say to ask Betty and Peggy Donahey Joyce Holland, Billie Roberts, Patsy Doshier and Norma Kesner.

Douglas, you'd better be careful now that you have glasses. Jo Beth watch out for them.

Wonder why Wayne B. was so sad Thursday? Because he couldn't find the right house Wednesday night?

Seems Patsy Doshier and Wayne Breeze don't get along very well. Mr. Adams is always separating them in history class.

Manuel Kesner and Evelyn Wayleg certainly make a cute couple.

Peggy, why did you have the giggles in study hall the other day? Because a certain girl thought your hands cold when you touched her?

CLOVIS SCHOOL PLAY

"The Wolverine's Tale" has received a letter from the Clovis high school asking that we announce their senior play "Our Town", by Thornton Wilder. The play, with a cast of 21, will be given March 17-18 at 7:30 in Clovis, with reserved seats at 75c and others 50c and 35c.

PLEASANT HILL NEWS

Koleta Smith, star forward of the Pleasant Hill Indians, was able to remove the bandage from her knee injured just before the Curry County tournament. Her inability to play was a great handicap to the team. It is believed that the injury is not of a permanent nature and she will be able to take part in sports next year.

Mrs. Kennedy's room is glad to report that their plants in science are growing very well. Some that are up include beans, corn and cotton. The room Valentine party was a big success, with several mothers present. Donna Key Pierce has been ill but is able to be back in school. The whole room is planning field trips.

Mrs. Patterson's room has been very busy taking tests and receiving report cards. The sixth and seventh grades had a party February 27 at the gymnasium, with most of the high school as guests. Refreshments of pop and cookies were served.

The high school missed Marjorie Brown and Yvonne Horton who have been ill. The freshmen had a line party on March 2nd, with Mrs. Cox as sponsor.

SCHOOLGIRL MAKES RECORD

On a bright sunny morning, Sept. 1, 1950 a pretty little blue-eyed girl with long brown curls started to school, entering the first grade at Pleasant Hill under Miss McCormick. This was an exciting year for her, as most first school years are. She completed this year with a very good average and, most important, missed not a day of school.

Catching the school bus again for her second year, she studied under Miss McCormick, and found another familiar face in Patty Spearman, who had attended with her the year before. Wanting to be helpful, Pat did the writing for our young heroine who became angered and made her first "telling on" offense. However, she again completed the year without an absentee mark.

Entering the third grade at Pleasant Hill, she studied under Mrs. Lee, and about this time the boys began to take notice of her—in fact, she received a candy heart from one on Valentine's Day. Proud of the record she had set the two preceding years, she even forfeited a trip to town for a pair of new shoes to keep from being absent.

In the fourth grade, Mrs. Lee assisted her in developing an interest in art which she still keeps. She became very talented along this line and completed the year with a four-year perfect attendance record.

On the first day of her fifth year, she drew a new teacher, Mrs. Dennis, who resigned at mid-term and was followed by Mrs. Stalcup. A boy entered her life, Jack, but as she was extremely shy, she wouldn't allow Jack to carry her books nor would she sit by him on the school bus.

Her attendance record was threatened by a visit from her grandfather, whom she had not seen for a long time, but she went on to school and completed her fifth year.

Mrs. Douglas was her teacher in her sixth year, when she survived some rough treatment (she had a desk that had a loose seat and was constantly being pushed against the blackboard), and developed into a very pretty young lady.

Her seventh grade teacher was Mrs. West. This year she took an interest in sports and soon developed into a wonderful athlete. Heavy rain made it hard for the buses to run, but she was always at school if the bus got through.

She entered a new phase of her life in the eighth grade, again studying under Mrs. West. This year she was valedictorian of her graduating class and got to school every day.

Now she was a freshman and began studies under Mrs. Cox, Mr. Armour and Mr. Scott. This year of '49 saw our subject, only a freshman, as an outstanding player on the basketball team. It was a very bad year for snow, but when others did not attend school she was always there.

The sophomore year she started hoping to retain her record for just three more years. Perhaps it was fate, this was to be her last year at Pleasant Hill, as the juniors and seniors now went to Texico. That was also her last year to have a perfect record as in Christmas of 1949 she took a trip to Georgia to visit relatives.

But all the years of struggle had not been lost, and like all of us, she enjoyed her trip very much.

pleted this year with a very good average and, most important, missed not a day of school.

Catching the school bus again for her second year, she studied under Miss McCormick, and found another familiar face in Patty Spearman, who had attended with her the year before. Wanting to be helpful, Pat did the writing for our young heroine who became angered and made her first "telling on" offense. However, she again completed the year without an absentee mark.

Entering the third grade at Pleasant Hill, she studied under Mrs. Lee, and about this time the boys began to take notice of her—in fact, she received a candy heart from one on Valentine's Day. Proud of the record she had set the two preceding years, she even forfeited a trip to town for a pair of new shoes to keep from being absent.

SEE WHAT YOU'RE DOING!

• Because MM tractors are completely VISIONLINED . . . permitting you to see easily the work being done without stretching or straining.
• Because cultivator gangs are mounted just behind the front pedestal where it is easier to see and to dodge out-of-line plants.
MM Universal tractors and famous Quick-On—Quick-Off cultivators are a combination hard to equal for getting work done fast and efficiently. This is especially true since new Uni-Matic Power gives added smooth, positive control. The gangs of MM cultivators enter, stay, and leave the ground in level position because of the parallel link tie-up to the main tool bar. Gauge wheels assure even ground penetration by the outer gangs no matter how uneven the field.

NEW UNI-MATIC POWER
Optional on all MM Tractors is the new hydraulic unit for raising, lowering, and controlling mounted and pull-behind implements. Get more work done every hour with less effort.
EQUIPMENT TO SUIT YOUR CROPS
A complete selection of attachments, shovels, springtooths, fertilizers and the new rotary hoe are available. Let us tell you how you can turn cultivators into drill planters at big savings.

Gives Transfusion Between Classes

LUBBOCK—It's not a recommended substitute for plain hard work as a means of earning money while going through college, but men students at Texas Technological college have found that \$25 can be acquired easily and still render a much-needed service.

The whole thing started several months ago when the Red Cross took blood types of about 100 men students at the college. The boys offered to give their blood in case of medical emergencies, and the money angle was strictly secondary.

Freshman George Baker of Bonham gave his blood type and forgo the incident until he recently received a hurried call for his type of blood from a local hospital. They needed a pint, and the patient was going to see that the Tech freshman got \$25 for it.

Since it was an emergency George left the classroom to report to the hospital. An hour later, he was back on the campus, in time for an examination.

"It didn't hurt at all—and I felt so good after the transfusion my conscience wouldn't let me skip the physics quiz," George said.

Planning And Shopping Urged For Remodeling

COLLEGE STATION—Shopping around for materials, labor and credit, when needed, often cuts down on the expense of remodeling a home. To get the best job for the money, W. S. Allen, extension agricultural engineer-builder of Texas A. & M. says it is advisable to draw up a careful plan in advance. Then consult workmen, dealers in building supplies and lending agencies if a loan is needed, he added.

Remodeling plans should be just as specific as the plan for a new house and should include scale drawings of structural changes such as new doors and windows or an added room. Making changes on paper in advance is easier and cheaper than making them after construction gets underway.

Once the plan is drawn, Allen says you'll be wise if you get cost estimates from many sources—masons, lumber dealers, electricians, heating contractors, dealers in equipment and supplies or local purchasing cooperatives. Then compare prices and the merchandise each has to offer.

Generally, he says, it pays to employ skilled labor for cabinet work,

PAY FOR PRISONERS . . . Frank B. Bigelow, Rockville, Md., is the first ex-prisoner of war in the U.S. to receive a war claims payment for time spent as a prisoner of war. Here, he shows his wife and daughter a \$1,198 check, representing \$1 for each day he was held by the Japanese and failed to receive standard food rations. While prisoner, he was forced to work in a coal mine and lost a leg.

flooring, wiring, plumbing or for doing other jobs requiring an expert. Competent workmen often charge no more than unskilled workers and they do a better job in less time. Home owners can add to the savings by helping with construction work.

Farmers may use their own equipment to excavate, haul supplies and do other necessary jobs in connection with the remodeling and this too will cut expenses.

SIX TEXICO BOYS AND EIGHT FARWELL STUDENTS, all seniors, are now in the finale of their high school sports careers, as the spring track season unwinds. In the picture above, the Texico group includes David Houghtelling, John White, James Harding, Douglas Williams, Paul Clark and Jim Billington; the ex-Steers are, back row, Don Ford, Bobby Dollar, Cary Joe Magness and Bobby Poteet; front row, Leon London, Melvin Terry, Leon McKillip and Calvin Meissner.

Fourteen Seniors Of Texico and Farwell Write Finis To High School Athletics

Two names that have been on the sports rosters of the Texico and Farwell schools for the past seven or more years will be missing next fall, with the graduation of John White and Donald Ford, at Texico and Farwell, respectively, this spring.

The two boys are among the fourteen Texico-Farwell seniors who are writing finis to high school sports careers at present.

There have been three "Whites" and two "Fords" who will be well remembered by sports fans. First came Murray White, at Texico, then his brother Bill, and lastly, brother John while in Farwell the name "Ford" is synonymous with football and brings both Max, the older, and Don, the coming graduate, to mind.

For three years Don starred as a sticky-fingered end to catch Farwell passes and started his fourth year in that position, only to drop back to quarterback and first-rate passer. In the past season he rated all-regional honors and tossed 13 touchdowns. In basketball, Don racked up four letters and three all-star honors during the past season on tournament teams. He was also high individual scorer for the boys in 1949-50. In track last spring he cantered off with half-mile honors and holds a record in that department, in addition to being a member of the relay squad that set a new record at the district last year only to be disqualified for baton passing illegally.

Across the line in Texico, popular John has been a member of the first ten in basketball throughout his high school term, and holds four letters in the indoor sport. He has also turned in four years on the softball field, as a shortstop and third baseman; and has been a consistent threat when the track season rolled around, taking honors in high hurdles, broad jump and the 880.

Bobby Poteet was the other half of the Farwell gridiron passing duo receiving eleven of Ford's passes for scores from his end position, and also drew all-regional honors. A transfer he lettered only one year in football, and during the just-closed cage season was spectacular as a scoring threat, taking second high individual honors, in addition to being accorded two all-star ratings.

"Always there" might be the term applied by gridiron fans to steady

reliable Bobby Dollar, who lettered four years in the tackle position and turned in consistently good performances in the line. At the conclusion of the season, he was on the all-district second team, and received honorable mention with the regional all-stars. On the hardwood floor, Dollar was one of the steadiest men wearing a blue-and-white uniform and racked up a good score in his forward post, where he lettered four years.

Melvin Terry's speed was a scoring threat for the Steers during the four years in which he lettered in both football and basketball. On the grid, Terry was a ball totter at the half-back position, and his speed also came in handy during the cage scrambles when he took over the duties of a guard but as often as no was found among the high scorers.

Troy McKillip's defensive line performance was noted by fans in the two years he won letters with the Farwell squad, and twice he was rated all-district. McKillip was likewise a member of the basketball team lettering one year.

For two years Leon London has held down the position of right tackle on the starting Steer lineup, and Calvin Meissner, who lettered one year with the Steers as substitute guard and tackle, is another of the group. Lastly is Cary Joe Magness lettering two years as substitute end and end for the Steers.

Turning to Texico, Douglas Williams, a transfer from the Pleasant Hill school this year, was a good addition to the Wolverines, where he was among the first ten. At Pleasant Hill he was active in both softball and basketball and in his first and last year at Texico, also participated in both sports.

David Houghtelling is a four-year man in three sports departments—softball, basketball and track. He served as left fielder on the softball squad for three years and then changed over to right field, while in basketball he has taken on a forward job every year. On the track, David specialized in speed events and then stretched out to a mile, where he holds honors.

All sports also appealed to James Harding, who played right field, center and first base on the softball squad; was a two-year guard for the B-string cagers and then held down

the center position with that team for one year, changing to a guard slot again for the Wolverines this season. In track, he has entered in the shot put and 880.

Paul Clark is liable to say that he "sat on the bench" during his four years, but the fact remains that he has lettered twice in basketball. Paul served as catcher on the softball team for four years and last year even took a whirl at wrestling and tumbling.

Last but not least on the list is Jim Billington, who like other Texico athletes, has tried everything. In his freshman year he was the first-string softball shortstop, and has worked out for a forward position on the cage quintet. In track, he expects to enter the 100, 220 and broad jump this year.

Dorothy Moorman Is All-District Star

Dorothy Moorman, the defensive star of the Bovina girls' cage team which recently entered district competition at Tulia, was named a member of the first all-district squad, it has been announced here.

The Bovina team lost out in its initial tourney appearance to the McLean team but Dorothy's guarding performance was sufficient to put her among the all-stars, and she received a miniature gold basketball.

Incidentally, this is the final year of high school basketball for six members of the Bovina team, including Dorothy. Others who will graduate in the spring are Janean Ellison, Ella Bradshaw, Roberta Boatman, Elizabeth Ann Berggren, Patsy Loflin and Almada Huff.

Farwell Teachers To Convention

Farwell grade and high school faculty members were in Amarillo the past Friday, when the yearly district conference of teachers was held in the Municipal Auditorium.

Dr. White, superintendent of the Dallas schools, was the principal speaker of the meeting, addressing the group during the morning on "Texas Schools in the Future". Music was provided during the session by the West Texas State College concert band from Canyon. Dr. White also spoke at the administrator's luncheon at noon.

Sectional meetings for all branches of education were held during the afternoon, Supt. Jack Williams said today.

Attending from Farwell were Mrs. Lenton Pool, Mrs. C. E. Sanders, Mrs. Dorothy Jacks, Mrs. Loyd Cam, Shelby Jones, Jack Caves, W. M. Roberts, Mrs. Otis M. Prescott, Louis Purvis, Mrs. John Lovelace, Robert Morton and Supt. Williams.

Texico Seniors Will Present Play, 17th

The first of two spring plays scheduled by the Texico seniors will be presented in the auditorium of the school on Friday night of this week, March 17th, Mrs. Agrie Jones, sponsor of the group, said today.

Titled "The Adventure of Grandpa", the three-act play is a comedy of errors which occur when a modern dancing academy—and its members—is put under quarantine and the hilarious situations that develop as the play unfolds are guaranteed to bring the audience plenty of laughs. Curtain time, 8 o'clock, and admission will be 50c for adults and 25c for school children.

Three Clubbers To Show At Lubbock

Three Parmer County 4H clubbers—Max and Weldon Crim of Lazbuddy and Marvin Massey of Firona—will enter animals at the South Plains Fat Stock Show which opens in Lubbock on Sunday, March 10th. County Agent Joe W. Jones said today that the Crim boys would have entries in the swine division, while Massey plans to enter a calf in the Lubbock showing.

SORRY PLEASE... WRONG TWINS!

The sports department is considerably embarrassed about an error appearing in the cutlines below the picture of the Texico girl athlete last week.

For some years, there were twins at Texico—Peggy and Jean Rogers. This year there is another set—Peggy and Betty Donahey, formerly of Pleasant Hill.

In the deadline rush last week, we inadvertently called the Donahey twins "Peggy and Betty Rogers" in naming the girls who will graduate this spring. Sorry, please, just a case of the wrong set of twins.

Texico FFA Boys To Judging Meet

Fourteen or more members of the Texico FFA department will be in Portales on Saturday, March 18th, as a district judging contest for squads in the Eastern New Mexico-West Texas area is sponsored on the campus of ENMU.

Fern Stout, head of the Texico chapter, said that he would not definitely pick teams for judging, as the Portales contest is actually a sounding board for the coming state meet. "All boys in the department who wish to take part in the judging will be given an opportunity to do so," he added.

Some 30 or 40 teams from this area are expected to participate in the contest, judging dairy, livestock, poultry, crops and farm machinery. Judges for the contests will come from New Mexico A. & M. at Las Cruces, and purebred stock will be furnished through the courtesy of ranchers in Eastern New Mexico and West Texas.

Livestock judging, including beef cattle, hogs, sheep and dairy stock will take place in the morning and crop judging is scheduled for the afternoon.

Frona FFA Group To State Meet

The Frona FFA team which recently captured first place honors in area and district demonstration competition, with their chapter instructor, J. T. Gee, will leave Thursday for Huntsville, Texas, where they will attend the state meeting.

"Treating lumpy jaw in cows" is the demonstration by the squad which includes Billy Joe Mercer, Ray Strickland, Jimmie Gore, Roy Lee Jones and Ray Fitzgerald.

Governor Allan Shivers will be a special guest at Huntsville, with the governor to be made an honorary Lone Star Farmer on Saturday.

Club Boys Will Hold Annual Stock Show

Parmer county 4H clubbers and FFA chapter members will stage their spring fat stock and dairy show on April 7-8, in the Frona exhibit

barns, it was announced today by officials of the show.

The exhibit is being enlarged this year to include dairy cattle. In the past only beef stock has been on exhibit in the spring, but entry continues to be limited to members of Parmer county 4H and FFA groups.

County Agent Joe W. Jones added that further particulars on the show would be announced next week.

BASEBALL MEETING

Wilfred Quickel, local baseball manager, has called a meeting of all prospective ball players at the Farwell ag building on Thursday night of this week. Quickel said he had a number of practice games coming up and would like to get his material lined up for these contests.
