

MEET IN REGIONAL CONTEST

After winning both the district and bi-district championship, the Bovina Mustangs, shown above, will seek to add more laurels to their accomplishments when they meet the Paint Creek Pirates in the regional and concluding game of the year on the Mustang Field at Bovina Thursday afternoon at 2 o'clock. FROM THE HOPPER

By HOP

Bovina roared its welcome to a bus load of Mustangs Thursday night when they returned home from a 52-16 rout of the Gruver Greyhounds for a bi-district championship.

The boys, cold but happy, were serenaded by tooting horns and cheering fans as they entered town about 10 p. m. The Thanksgiving victory was all the more satisfying because it was at the hands of the Greyhounds last year that the Mustangs met their only defeat.

Residents, talking of the riotous evening the next day, remarked that it sounded as though "every car in town had a cow bell tied on behind it."

On their way home from the Gruver game, the Mustangs were fed a victor's dinner at Longchamps in Amarillo.

Texico School Play Slated Friday Night

Curtain time for the three-act comedy presented at Texico schools Friday night is 7:30 o'clock, with the seniors promising that the presentation will be hilariously funny.

Entitled "Oh, Aunt Jerusha!" the setting for the production is in Tinkertown, a small town in California.

The fat southern mammy, who is somewhere between the ages of 25 and 50, is played by Bobbie Allred, and the eleven-year-old lovable imp is Violet Curry.

Wayne Tucker is cast as a juvenile twenty-one year old boy; and Aunt Jerusha's nineteen year old juvenile niece, Barbara Jebbs will be impersonated by Carmen Roth.

Also included in the cast is the hated old bachelor next door, Uncle Billy Babcock, who is acted by Jimmy Horton; and the woman of the hour, Aunt Jerusha, a maiden lady with a mind of her own played by Jo Beth Ingram.

Frank Hapke and Dee J. Brown portray Harry Hatfield, the town druggist, and Tom Doolittle, owner of the pool hall; with Wayne Breeze cast as the town dentist, Dr. Pullem. Not to be forgotten are Mrs. Tweedle, president of the Ladies Uplift Club and Mrs. Sniffin her shadow. These self-important club women are played by Jeanette Woods and Laveda Harriman.

The action takes place in early February.

Direction of the production is in charge of Mrs. Agrie Jones.

To Handle Maytag Appliance Line

Bedford Caldwell, of the Bovina Implement Co., announced the first of the week that the firm has made arrangements to handle the Maytag line of home appliances, with some of the items already in stock.

Caldwell said that the line would consist of both conventional and automatic washers, ranges, home freezers and irons. All of the appliances are electrically operated with the exception of the stoves, which come in both natural and butane gas set-ups.

GIFTS ARE WELCOME

Mrs. J. O. Ford has asked The Tribune to inform interested parties that they may send their gifts to the Orphans' Home at Portales, N. M.

Christmas Lighting On In Twin Cities

Following a custom established several years ago, brilliantly colored lights were strung throughout the business district of Texico-Farwell last Saturday.

The lights will be turned on each evening during the holiday season as a reminder of the joyful season—and the nearness of Christmas.

A number of streamers, stretching the width of the streets, have been hung in the Twin Cities, and lights of red, blue, green and white will cast a pleasant glow along the main drag.

Texico-Farwell is always one of the first cities to come out in Christmas dress, which has brought forth much favorable comment in years past.

THREE LOCAL BOYS GIVEN SEARS GIFTS

Charles Kellogg, Clarence Kube, and Teddy Frank Gulley were given the Farwell agriculture department's Sears gifts this week.

Several years ago, Sears-Roebuck company gave \$90 to the department and they purchased gifts. They were given to the boys, who in turn kept the gift until she raises pigs, then gives back one gift the same size as the one they received.

The sow and the rest of the pigs then belong to the individual boy.

John Aldridge Is F. B. L. A. Speaker

John Aldridge, local attorney, was guest speaker at the meeting of the Texico High School Future Business Leaders of America meeting last Tuesday, addressing the group on "What I Expect of Office Personnel".

Aldridge brought out several points which were of interest to the students. He stated that he preferred an efficient, neatly dressed individual, and that she, or he, must have a good personality.

"Accuracy, both in typing and transcription of shorthand, is most important," he added. Spelling and English rank high on the list of musts in office work, as well as a fundamental knowledge of book-keeping. Dress should be neat, not gaudy, and practical for the type of office work one does, he stressed.

When asked his opinion of office workers chewing gum, he replied, "If chewing gum will increase the efficiency and poise of a secretary, then by all means, chew gum!"

Aldridge also advocated further study after high school, saying that with the business education students obtain in high school and some correspondence work, a high school graduate can hold almost any book-keeping or secretarial job.

Carmen Roth, class representative, stated that Aldridge gave an interesting and beneficial talk.

INFANT HAS OPERATION

John Holland Books Public Sale, Dec. 4

John Holland, who lives 1 1/4 miles south of the city on the paved farm-to-market road, has booked a public farm sale at his place for Monday, December 4, starting at 12 noon, Texas time.

Holland, who suffered a heart attack some weeks ago, says he is being forced to leave the farm on account of his health.

This will be a general farm clean-up sale with many items of good farm machinery being offered. Some livestock and a large collection of miscellaneous items will go to the highest bidder for cash.

Col. Dick Doshier, Farwell auctioneer, will handle the sale, with Bill Dollar and Vernon Symcox serving as clerks. A complete list of the items to be offered will be found in this issue of The Tribune.

Jacks Rites Slated Today At Quitaque

Funeral services for Walter Quinton Jacks, 72, will be held in the Baptist Church in Quitaque, Texas, this (Wednesday) afternoon at 2:30, with burial to be made in that cemetery, Mrs. J. E. Stone, daughter of the deceased, reported today.

Jacks, who had been in failing health for the past year, had been confined to his bed for three months and passed away on Monday morning at 9 a. m. in a nursing home in Quitaque.

Survivors include his widow, Mrs. W. Q. Jacks, of Quitaque; seven daughters, Mrs. Raymond Hamilton of Quitaque, Mrs. J. E. Stone of Texico, Mrs. Rose Simpson of Amarillo, Mrs. Sim Banks of California, Mrs. Inez Shelley of Alabama, Mrs. Mildred Reynolds of Kansas, and Mrs. Nina Hirschler of Oklahoma; five sons, Henry Jacks of Texico, Walter Jacks and Gordon Jacks, both of California, Donald Jacks of Oklahoma, and T-Sgt. Harold Jacks, stationed in Tennessee; also 24 grandchildren and four great-grandchildren.

Crowds Gather To View New Ford Car

The showrooms at the Sikes Motor Company were fairly well filled throughout the day last Friday when the 1951 Ford went on display in its first public showing at dealers over the nation.

Visitors were served coffee and cake during the day.

"We were very well pleased with the response on the part of the local people," O. C. Sikes, local dealer, said.

Bovina Meets Paint Creek

C C Offers Prizes for Christmas Decorations

To encourage more Christmas decorations in the city, the Farwell Chamber of Commerce is offering a list of cash prizes for the coming holiday season.

At its regular meeting, held Monday night, the CC voted to offer three cash prizes to the best decorated residence, and one cash prize to the best decorated business house. Cash in the amount of \$15.00, \$10.00, and \$5.00 will be awarded the three best decorated homes, and \$15.00 will go to the best decorated business house.

The names of the judges, yet to be selected, will not be made public and they will make their inspections during the week immediately preceding Christmas week, it was decided.

Other matters to come before the body, included the approval of the City Council's move to inaugurate a building ordinance; endorse the weekly trades day; project a city park movement.

It was revealed at the meeting that there are only 18 merchants in Texico-Farwell now participating in the trades day event, and a committee was named to solicit other business men in the program.

It was agreed that the building ordinance, now under consideration by the City Council, should include all property located between the state line on the west and the east side of the city limits, and from the north side of Ave. B, north to the city limits. The sentiment was voiced that the measure was being taken as a matter of fire protection and not with the idea of working hardships on anybody.

Discussing the idea of a city park, it was agreed that such a project would require much planning and many years for development.

But it was agreed that several desirable locations in the city were available and steps looking forward to a small park should be taken now. Felix Monroe was named to "look into this matter."

Aged Father Passes At Greenville Home

Mrs. M. C. Roberts of this city, returned home the first of the week from Greenville, Texas, where she was called to attend the funeral of her father, R. G. Dozier, 86, who died suddenly and unexpectedly at the family home in that city Tuesday night of last week.

Funeral services were held Thursday afternoon from the James-Cooker-Peters Funeral Home in Greenville, the Rev. Robert Ridley of the Trinity Methodist Church in Dallas, old-time friend of the deceased, officiating. Burial took place at Greenville.

Mr. and Mrs. Dozier celebrated their 64th wedding anniversary last October at Yellville, Arkansas, their old home, with all their children present.

Survivors are his widow; four boys E. W., Bert, Frank and Jack Dozier of Madisonville, Ky.; and three sisters, Mrs. Ruth Harris, Dallas; Mrs. M. C. Roberts, Texico; Mrs. Ila Mitchell, Greenville.

NO LUCK ON HUNT

Mansell Cranfill, Johnnie Hancock Asa Smith and Mark Leavell returned home Sunday from an unsuccessful deer hunt out from Comfort, Texas.

Mr. and Mrs. S. O. Billington and children, Lavoyda, Katherine and Mike, spent the past weekend visiting with relatives in Pampa, Texas, and Erick, Oklahoma.

Farwell Grand Central Perturbs Visitor

James Kepler, who visited Mr. and Mrs. Bob Anderson during Thanksgiving, had quite a disturbing ordeal before his arrival here—all in his mind of course.

Kepler came to Lubbock by car where he boarded the train, and he had quite a few miles in which to think. The more he thought, the more worried he became.

In the first place, he hadn't seen Bob in five or six years, not since they were in the service together. Would he recognize him? What if he had made a 400 mile trip and the two missed each other in the crowd? He knew how these holiday crowds were.

The more he thought about it, the more perturbed he became. But the situation solved itself.

Kepler arrived as expected, and since he was the only person who got off the train, and Bob was the only person waiting at the station, it was only a short while before they were renewing their old acquaintance.

PMA Committees Named Past Week

The PMA community committees which are elected annually were selected for Farmer County in a special election held last Tuesday.

Committeemen for the north part of the county are George H. Brock, chairman; H. C. Wells, vice chairman; Charlie Schlabs, regular member; Louis H. Hoffman, first alternate, and Clyde Harp, second alternate.

Retiring members were J. D. Stevens and Harland C. Wells, with Charlie Schlabs being re-elected. From the east section of the county, members named were Otho Whitefield, chairman, and Clarence Mason, vice chairman, both of whom were committee members the past term.

Walter Steinbock was selected as regular member, Archie L. Tarter is first alternate, and DeWitt Precure is second alternate. Elbert Nowell is the retiring member.

Returnees to the south section's committee were Harold Carpenter, chairman; and Billy Joe Foster, vice chairman.

H. A. Poindexter is regular member, S. E. Magness is first alternate, and William Thornton, second alternate. James D. Roach is a former member of the elected group.

Duties of committee members are to aid in administering the PMA program in the county.

County Committee Chosen

With community committeemen on hand, the county committee was elected Friday at the county convention, Joe Camp, PMA secretary, says.

Men selected for the positions were A. F. Phillips, Jr., chairman; Jack Woltman, vice chairman; and Leonard Smith, regular member. Woltman was returned, the two retiring members including Albert H. Smith, chairman and D. B. Ivy, vice chairman.

CHILD IS BURNED

Patsy Joyce, small daughter of Mr. and Mrs. R. T. Thomas received second degree burns, Friday morning, in her home, when the child's dress caught fire from a bathroom heater. She was rushed to a Muleshoe hospital for treatment. The family lives three miles south of Lariat.

Declares Aphids Hurting Wheat

A. W. Erickson, an independent crop reporter, operating out of Minneapolis, Minn., was in Farmer County the first of the week, making inspections of wheat fields in this area.

Erickson said that he is just completing an inspection of wheat fields all the way from Texas to Nebraska, and stated that all the fields he had examined were infested with green and brown aphids, doing considerable damage to fields.

Erickson said that wheat growers had been observing their fields the

past few weeks and were under the impression that dry weather was affecting the fields. This is not the case, he added after examining many fields to find there was ample moisture just under the surface.

"These little green and brown aphids are responsible for the condition of the wheat," Erickson said, discounting the dry weather as being the cause of the poor condition of the wheat.

Erickson said that the green aphids were active above the ground on the wheat blades while their little brown

The biggest thing that ever took place in football in Farmer County will be unreeled on Thursday of this week, November 30th at 2 o'clock in the afternoon on Mustang gridiron at Bovina, when the Bovina Mustangs and the Paint Creek Pirates lock horns in a mighty struggle to determine who shall wear the regional six-man football crown.

Possibly there have been more games in the dim dark past which have been looked forward to with more excitement, but the fact remains that standing room only is expected to be the order of the day long before game-time on Thursday at the Bovina field.

Only twice before have any high-up conference ratings been decided in this county, and those on both occasions involved the bi-district title—not the regional championship which is at stake this week. Just last year, Bovina played host to the Gruver sextette in the bi-district struggle and some four years ago Gruver and Farwell met for a like match on the Farwell field.

By coming to life in the second half and soundly trouncing Gruver in desperately poor football weather last Thursday afternoon, the Mustangs won their right to compete for the regional honor, and Paint Creek took its bi-district struggle over the Jayton squad, Coach Clovis Ratliff said this week.

Actually, there is little to compare between the two teams, since neither plays opponents contacted by the other, and speculation on who can do what and when is strictly a matter of opinion, observers believe.

The Bovina team has shown itself to be strong on the ground and particularly in the air, and should Paint Creek not show an adept and agile pass defense, things might well go into Bovina's hands.

Paint Creek has gone undefeated through its entire current season, winning the final game over Weimert to gain the right to enter the bi-district. On the other hand, Bovina has one loss chalked up against it this season, but that game was the men on the bench, and generally first-district clash (which the Mustangs had already gained entry to) and Coach Ratliff preferred to play his second-string men rather than risk a possible injury to first-stringers in the closing Pula contest.

Both schools report that players will be ready and rarin' to go come Thursday, with no injuries to keep men on the bench, and generally figured, it looks like a battle between two top-notch squads.

Paint Creek appears to have a little advantage in weight, judging by the lineup issued officials in this county. Starters for the opposition include James Raughton, 155 pounds, at end; Cecil Tolliver, 165, end; Raymond Thane, 176, center; Othella Moody, 155, quarterback; Jimmie Hokanson, 170, halfback; and Clyde Thomas, 185, halfback.

Other players will include Jerry Terrell, Don Larned, Carlos Montgomery, ends; David Selby and Billy Harwell, center; Robert Kingston, Curtis Grand, Robert Morisker, Fred Shaw, Charles Shaw, J. Welch, Dwain Nickles and J. Davis, backs.

Wayne Preston is coach of the Pirates.

Mustang first-stringers include Billy Derrick, 152, halfback; Jimmie Ware, 178, halfback; Willie Denny, 140, quarterback; Glen Hromas, 158, end; Denzil Young, 160, end; Loren Thompson, 155, center; Kenneth Lowrey, 168, halfback; and Jamie Tidenberg, 160, end.

Bovina subs: Stanley Venable, Jerry Ellison, center; Leon Ware, Bob Burnett, Sammy Sudderth, Henry Lowrey, Glendon Sudderth, Owen Burnett, Bill Woelfel, and Bill Berggren, backs; Norman Taylor, Wayne McCutcheon, Ted Walling, Roy Young, Rex Isham, Danny Townes, Giles Walling and Charles Verner, ends.

Mr. and Mrs. Tommy Hestand visited their parents in Dennison, over the holidays.

Texico Cemetery Now Beauty Spot Of Community

By JEANNE DUDLEY

"It took a lot of work and community cooperation, but our dream came true," says Mrs. E. G. Blair, discussing the progress that has been made in beautifying the Texico Pioneer cemetery. Mrs. Blair is secretary of the Cemetery association.

In five short years, the association has gained a well for the cemetery grounds, bought a lawn mower to curb the growth of weeds and native grass, and planted numerous trees and flowers.

The first step in beginning the community project was the acquisition of a well. Several interested persons had discussed the possibility of a windmill, but it was out of question because no one was available to spend a lot of time working at the cemetery grounds.

One day, as Mrs. Blair was working on the grounds, she glanced up and noticed the electric high lines. "We can have a well," she decided, "an electric pump." A well of this type wouldn't need anyone to watch over it.

A well would simplify matters so much; at that time, it was necessary to carry water to the grounds in cream cans or by other means.

Several people discussed the idea of an electric well, some said it was a good idea, but it just couldn't be done. In the first place, it would cost too much money, why, it would take at least \$1000.

Not to be discouraged, some of the more interested persons went to work. Election day was two weeks later, everyone was in town including the determined workers who wanted a pretty cemetery.

They solicited money for their cause and it worked.

After the money was available to buy materials for the well, the next job was to install the equipment. Again, the cooperation of the community made it possible. The people donated their labor.

Realizing that money would be needed to pay the electricity bill, the Cemetery association was organized on May 2, 1945. An all-day meeting was called.

On that day, the pit for the well was dug and cemented and the new pump was installed. It was lots of work too, Mrs. Blair emphasized, but everyone was willing to do his share. The well cost \$800, but it would have cost more if everyone had not been so generous, it was pointed out.

Also during the first meeting, a president, Rupert Paul, now deceased, was elected.

Mrs. Blair was elected secretary-treasurer and still holds the position. Edward Engram is now president of the organization.

Still working toward an over-all watering system, another meeting was held in September of 1945 and workers installed pipe over the

cemetery grounds to distribute the water.

They also took up a collection for a table. When the all-day work sessions are called, workers bring their lunches; the table was needed for eating facilities.

When a meeting is called, members do anything that needs to be done, everyone works.

May 1 was selected as the date that yearly dues should be paid. A meeting is usually held about this time of year also.

Decoration Day is another annual meeting day. Members always bring flowers and have a special ceremony on this day. The first such gathering was held in 1946. Included in the day's activities was a singing and a special speech by Minister Ebb Randol, then pastor of the local Church of Christ. Minister Randol now lives in Muleshoe.

The association's next step in the beautification program was to remove all the old fences which had fallen down and were in such poor condition.

In 1947, Bro. Virgil Hunton, Baptist minister who is now in Clovis, was principal speaker for the May 1 meeting. At this meeting, a committee was appointed to decide on material for a new fence.

Rupert Paul, Edward Engram, Minister Randol and Mrs. Blair were chosen on the committee. They had another session on Decoration Day to build the fence.

It was not until September of 1948 that members of the association selected the name of the cemetery, "Texico Pioneer Cemetery." Paul resigned as president and Mrs. Engram replaced him.

Next step in the rejuvenation of the grounds was to do something about the grass and weeds. Members began soliciting money to buy a large whirlwind type mower.

Practically \$300 had been collected and members were hoping to get enough to finish paying for the mower when Ben Smart offered to get the equipment wholesale. The City Council, which owns the cemetery and has charge of selling the lots, paid the remainder of the cost.

So in August of 1949, the association really staged a clean-up and "we all rejoiced over the work the mower had accomplished," Mrs. Blair said. The mower took care of the grass and weeds too and has done more for the looks of the cemetery than any one thing.

The association hires a man each time the grass needs mowing, intervals depend on how much it rains in a season. As dry as the weather was last year, the grass wasn't mowed at all until July.

In 1949, another feature was added—a new gate. The addition of the gate had been delayed until the grass and weeds could be cleared. "We had to wait for a lot of things," says Mrs. Blair, "but everything is beginning to work out as we had hoped in the beginning."

On May 3 of this year, a general clean-up was held; all the trees were trimmed and general rejuvenation took place. In September, members met again and completed the job.

They voted to plant two rows of evergreen trees, which have already been purchased and planted. Also, they dug up two flower beds and replaced them with roses and evergreens. The trees will be watered throughout the winter.

"We are just getting to the stage that our dream can actually come true," says Mrs. Blair, "we have the facilities to really help the looks of the grounds, and hope to make the cemetery really beautiful." The association staged a bake sale to pay for the trees.

Discussing interest in the association, Mrs. Blair says that at first, enthusiasm was good, but the group made a few mistakes, and interest died. Work was so slow and discour-

aging before the mower was acquired.

Now, however, interest has picked up. People are exceptionally cooperative and work donation has increased.

Since the association could not afford to hire the work done, the beautification of the cemetery grounds afforded a fine opportunity for a community project, which it has become.

A caretaker is not maintained, one isn't actually needed the way the organization is set up. Any labor that must be hired is paid for by the dues, \$2 a year for each member.

Anything special that is needed must be obtained by solicitation.

Cards are sent out May 1 of every year reminding members that dues are to be paid. There are approximately 100 people in the organization.

Future plans of the group include the addition of more flowers and trees; but the main wish is to put markers on all the pioneer graves.

As Mrs. Blair stated before, the association has made mistakes, but she aptly says, "to do anything worth while, one can't expect to do everything exactly right."

The cemetery association through interest and diligence has made its "dream" come true.

STUDENTS RESUME STUDIES AFTER 4-DAY HOLIDAY

It was "back to school" for students of Texico, Farwell and Bovina Monday morning, with regular

studies resumed.

Classes were dismissed Wednesday afternoon for regular Thanksgiving holiday, giving students four days to forget about studies and school activities.

No school sponsored holiday celebrations were slated for the students, during their short vacation.

**Check Of Extremities
Gives Information
About Your Health**

When you walk into your doctor's office, shake his hand and sit down in the chair, he has made a rather hurried survey of your extremities. The way you use your feet and legs, the grasp and feel of your handshake, the movement of your arms and shoulders, and the way you bend at the hips to put yourself in the chair may give him

enough information right there to know where to look further for danger signs to your health.

Starting at the lower extremities and working up, he will note blemishes on your toes and feet, knots that may speak of gout or calluses, toes that are webbed or missing, toe nails that separate from the beds, arches that are not there—denoting flat feet. The movement of the ankle, the turning in of the foot or too much turning out of the foot, all these are noted when he checks those feet and toes.

The legs are checked for sores, arising from outside influences or from the inside out. Distended and discolored veins are always import-

ant as to how they may affect the circulation of the legs and the feet. Legs that bow in or out may be due to disease that would be located elsewhere in your body. Oversized knee-caps or knees that don't bend easily may be significant.

Pain around the hip joint may be caused by diseases of the spine, nerve inflammation or dislocations in that joint.

Your joints are the hinges of your body, some of them operating on a limited motion, some on a full circular motion. Where those bones come together to form the joint, the enlarged ends of the bones are covered with cartilage. Between the cartilages where they rub together is located a small sac called a bursa, and oiling the joint is stuff like the white of an egg. All these things work together to form easy-moving joints, and when any of them get out of whack, such as too much oil or too little, then the joint is likely to hurt, get stiff, and maybe swell and redden.

Then the muscles that keep that joint flexible as it should may dwindle and as the muscle shrinks there is a pulling such as is sometimes seen in arthritis. Diseases of the joints frequently lead to deformities.

There are other causes of deformities of the extremities, too. Those present at birth are called congenital deformities, and those that occur later are called acquired deformities. Injury, disease and amputation lead to acquired deformities.

Changes in the color of the extremities may be a signal of disease. If the blood doesn't get to all the parts of the extremities in sufficient amount due to circulatory obstruction or congestion, then the area may turn red, white, or blue.

If too much blood or infection is present in the area, it may turn red. So you have color signals of red, white, and blue which your doctor checks and adds to the list of other signals he has picked up in determining whether the changes in color may be due to a local trouble or one which is spread through the body.

Changes in feeling of the extremities also may be important. Heat, cold, pain or no feeling at all in certain areas certainly belong in the report of a medical examination. The upper extremities include the

shoulder, arm, wrist, and fingers. They may offer much health information. As mentioned before, the way you shake your doctor's hand may tell him something about your health. Certainly a heavy, firm handclasp is associated with well-being, whereas a limp, cold hand may be significant of undue nervousness. A warm, moist hand is sometimes associated with thyroid trouble.

**Boys' Ranch Begins
Plans For Yuletide**

Each of the 132 boys at the famous Boys' Ranch near Amarillo, Texas, is eagerly looking forward to the Christmas Holidays. To a few of the boys, it means a chance to go home to visit families, relatives, and friends.

To the boys who have no home to go to, it means a big Christmas party at the Ranch, complete with tree, gifts, and turkey dinner. It also will mean a few special privileges for the day.

For many of the boys, it will be their first real Christmas. Never before have they had the chance to enjoy the holidays with a family or to know the fun of opening presents on Christmas morning.

It is planned to give each boy a Christmas box containing two pairs of levis, one pair of dress shoes, two plaid shirts, two pair of heavy socks, two pair of dress socks, two suits of underwear, a box of candy, and an appropriate gift. The box also will contain essentials such as a comb, toothbrush, and tooth paste.

Many of the younger boys plan to ask Santa Claus for roller skates as there is now plenty of space available for skating. The boys themselves have poured over 1000 feet of concrete sidewalks between the Ranch buildings which offer good surfaces for roller skating.

Of course, there are other gifts on the list of requests, including the inevitable B. B. guns, bicycles, games, and marbles.

As each week passes, the excitement grows, and the staff and directors are working to see that all the boys at Boy's Ranch have a truly Merry Christmas.

LOCAL AMERICAN LEGION SPONSORS PROGRAM ON "OPERATION DEMOCRACY"

The local American Legion will sponsor programs at Texico-Farwell schools in conjunction with the state-wide "Operation Democracy" campaign which is scheduled Dec. 7.

The Texico-Farwell program has been designated to take place on Dec. 5, however, because of conflicting affairs, Mayor Henderson has signed a proclamation to change the date.

The scheduled program will begin at Farwell schools at 9:10 a. m. and speakers are scheduled for the Texico schools at 10:36.

Rev. Lance Hurst is scheduled to give the invocation, then Perry Crawley and Joe Helton will give the advance of colors.

Legion officers Loyde Brewer, zone commander; Wilfred Quickel, commander of the local post; and Mrs. Joe Helton, auxiliary president, will be presented.

Principle speaker will be John Getz, post chaplain, whose general subject will be on education and democracy. Withdrawal of the colors will end the program.

All churches have their regular Wednesday night services on Dec. 6, and Legionaires are requested to attend in conjunction with the "operation religion" program.

According to a release from the state American Legion headquarters, the state-wide campaign over Texas will feature simultaneous observance of the program.

"Fires of Freedom" will burn brightly in more than 600 Texas communities as the climax of the series. The campaign is sponsored by the state's 777 American Legion posts to keep the fires of freedom burning.

In Austin at 7 p. m., Gov. Allan Shivers will light the first fire that will be the sign for the simultaneous state-wide ceremonies, Bill Elkins of Killeen, state Legion Commander, has announced. The Austin "Fire of Freedom" will be set off on the capitol grounds.

Secretary of State John Ben Shepperd, originator of the successful Legion-sponsored "Democracy Beats Communism Day" last year, predicted that three million Texans will join with the Legion in this phase of observance. The four-fold program emphasizes democracy's strength through religion, education, civic duty, and citizenship.

On the night of Dec. 6, the program will be launched by thousands of church-goers as Texas pastors, priests and rabbis share the conviction that faith in God and faith in democracy are irrevocably linked if fires of freedom are to be rekindled throughout the world.

Then at 7 o'clock the fires will be lighted across the length and breadth of the state to blaze their way into the consciousness of the people the importance of actively participating in government affairs. Speakers to be selected in each community will touch off the fires.

Shepperd, state chairman of the Legion's Americanism Committee, previously had announced that Gov. Shivers will make a state-wide radio address Dec. 7.

Visitors in the home of Mr. and Mrs. W. J. Sides the past Saturday night were Mr. and Mrs. Edd McGuire; Jimmy Edd and family; Mr. and Mrs. Robert Bates and family; Mr. and Mrs. Arnold Hromas and family; Mr. and Mrs. David W. Sides and family; and Mr. and Mrs. Scotty Barry.

Call Issued For 2,087 Men For January

AUSTIN, TEXAS—State Selective Service headquarters received a call today for 2,037 men to be inducted into the armed forces in January, Lt. Col. Morris S. Schwratz, deputy state draft director, announced.

Announcement of receipt of the January call was made by Colonel Schwartz in the absence of Brig. Gen. Paul L. Wakefield, state director, who is in Washington attending a conference of state draft directors.

Local board quotas for the January call will not be made up until the early part of December Colonel Schwartz said.

The January call of 2,037 compares with a call of 2,008 for December and brings the number of men called for since the beginning of the conflict in Korea to 12,525.

The 2,037 Texans called for in the January induction period is the state's share of a national quota of 40,000 announced several days ago by the Department of Defense in Washington.

Calls are made by the Secretary of Defense on the director of Selective Service in Washington, Maj. Gen. Lewis B. Hershey, who allots quotas to the states on the basis of federal draft law regulations. State draft directors under these same regulations allot quotas to their local boards.

The deputy state director of Selective Service described Texas as being "in good shape to supply men to fill the January quota." He said that the state Selective Service System "has more than enough men examined and acceptable to fill the November, December and January quotas."

Call for November, now being filled, is the highest received so far by Texas, a total of 3,453.

Department of Defense announcement from Washington several days ago said that the January quota would have been larger if the Army were sufficiently prepared to take care of the inductees.

In Your Future . . .

if you have an electric blanket. And, there's several reasons why! For one, you sleep at a constant healthful temperature which you, yourself, control. Secondly, you eliminate that winter "smother" feeling caused by an overload of ordinary quilts, blankets and possibly your winter overcoat. The one "light-as-a-feather" electric blanket is all you need to keep warm. What's more, electric blankets come with single or double controls so that each person may set the temperature to his complete satisfaction and comfort.

FARM BUREAU CONVENTION RAPS WASHINGTON POLICY

"Whether the recent decisions of the Secretary of Agriculture were intended to work hardships on farmers, or were because of his lack of agricultural background, I'm afraid Charles Brannan is a luxury we American farmers can't afford to keep," said J. Walter Hammond, Texas Farm Bureau president, in his annual message to the assembly

at the 17th annual convnction in Mineral Wells last week.

He was referring specifically to Brannan's recent cut in export quotas for cotton that resulted in serious farm profit losses while increasing profit margins for manufacturing interests.

Over 800 farmers and ranchers registered and participated in the formation of new policies for legislative and local service programs. The delegation voted to raise an-

nual membership dues to enable the organization to represent the members more adequately.

Parmer County was represented by three voting delegates. Parmer County Farm Bureau has over 350 members. All those interested in parity prices and other advantages for agriculture has been invited to join and make suggestions for improvement. Dues until Dec. 1 are \$5.

At the meeting, Senator Tom Connally said, "We're going to give those boys the works in Washington who think the only way to cut government costs is to cut farm incomes. I helped enact the REA and we're going to take care of your rural phone needs, too. You're going to get improved rural road aid—keep working on it and help us convince other legislators of your needs and rights.

"I see your resolution asking for initiative supports for those products the secretary of Agriculture declares short in this emergency period. The only thing wrong with that is, I don't think the secretary knows everything he ought to know. I'm gonna work on him."

Congressman Abert Gore of Tennessee, guest speaker at the annual banquet, said, "I'm joining Senator Connally in working on Brannan."

Gore pointed out that in the last 17 years farm income has increased 268 percent—but in the same period, non-farm income has increased 316 percent.

Gore said, "Did you know that since niauration of the cotton supports the government has made 200 million dollars on the cotton it

bought from you?" Then he added, "Secretary Brannan should be glad that farmers have fought and kept his proposed plan out of existence or we wouldn't be able to produce enough food and clothing in an emergency like this."

TEN MEN INDUCTED DEC. 6: SHOULD REPORT STATUS

Registrants from Local Board Area No. 18, Hereford, to be delivered for induction Dec. 6 include: Billy R. Smith, Nolie G. Elliston, Robert O. Elliston, Benjamin R. Plummer, all of Hereford; Charles H. Sullivan, Snyder; James R. Alexander, Hart; Franklin I. C. Bauer, Happy; Robert F. Ervin, Chickasha, Okla.; Truitt G. Harrelson, Friona; and Bob Z. Axe, Wildorado.

Billie R. Smith and Nolie G. Elliston have volunteered for induction under a new directive received in October. Previous to that the boys were not allowed to volunteer for induction.

Also, the draft board would like to know if any of these boys who have been called for induction may be married now. This information is needed so that their induction papers may reflect their change in status and their dependents may receive their allotment from the government as soon as possible, and not be held up by inadequate information being placed on their papers, by the board clerk.

This information should be sent to the board as quickly as possible. Eunice L. Petersen, clerk of Local Board No. 18, says.

NATURE AIDS FIRE HAZARD CONDITIONS

Dry weather and high winds have created a fire hazard in Parmer County that only moisture would alleviate, says Joe Jones, county agent.

To insure safety of their grasslands a good practice is for farmers to plow a 10-foot wide strip inside every fence of his pasture, Jones points out. Then if fire does hit, and can't be stopped with water, a farmer can plow a wide strip in his pasture land ahead of it and let it burn itself out.

The fire hazard is more evident around railroads and highways where there is lots of traffic. Careless motorists cause a widespread damage, by throwing lighted cigarettes from the car. Hunters should be specially careful about building fires and smoking says Jones.

Grass fires destroy seed as well as fences and current grass crops and is hard on the plant roots. Weeds also get a headstart in the next growing season and are hard to control.

"It would take three to five years to get the land back to normal after a grass fire," says Jones, "so extra precautions should be taken to prevent fires now."

"Charity Swindlers" . . . What should you do if you receive in the mail a dollar bill, a gardenia, a package of pencils or a flashlight key chain combination . . . and a letter requesting you to contribute to a

charity? Should you keep the dollar or the merchandise? Read it in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

NEW MASSEY-HARRIS COMBINES HAVE MORE CYLINDER CAPACITY

MORE EFFICIENT CYLINDER AND BEATERS
KEEP STRAW AND GRAIN ON THE MOVE
. . . LET YOU HARVEST FASTER

★ And it's the same in both the new Massey-Harris "26" and "27"—more cylinder capacity, more ability to separate faster with more grain saved. The largest part of separation is accomplished right at the cylinder to give greater capacity to the entire machine. More cylinder capacity lets you cover more acres a day with the Massey-Harris Self-Propelled—up to 50 with the "26," 70 with the "27."

The combing action of the beaters . . . the gentle, natural action of the rasp bar cylinder—are balanced in both size and operation to do a uniform job of separating your grain.

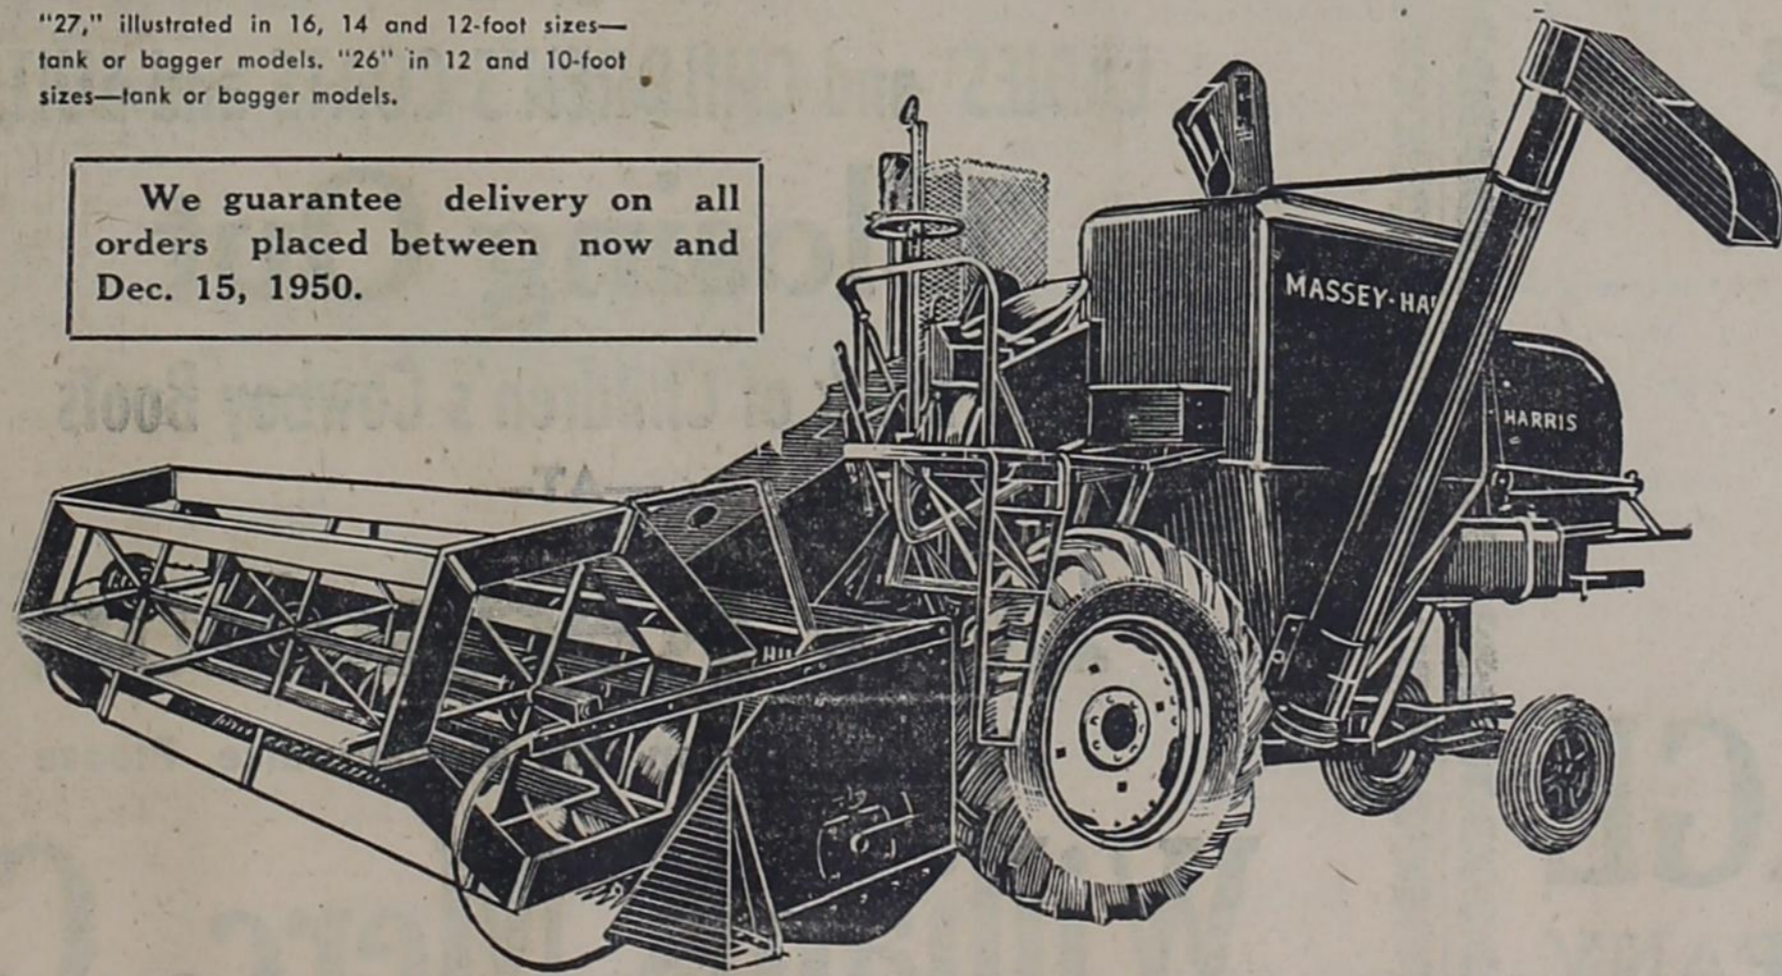

You do a better job of harvesting with the "26" and "27" . . . you move along at a good clip because the Massey-Harris cylinder doesn't shy away from heavy straw. But heavy or light, all of your grain goes to the tank—cleaner grain, more grain

to increase your profit.

Slugs don't worry the "26" and "27." The elevator feeds the straw and grain in a loose, open ribbon to the beater in front of the cylinder and the cylinder itself. It's another advantage to owning a Massey-Harris . . . another reason for big capacity, faster operation, greater grain savings. Stop in soon . . . get full details on the new Massey-Harris "26" and "27" Self-Propelled.

"27," illustrated in 16, 14 and 12-foot sizes—tank or bogger models. "26" in 12 and 10-foot sizes—tank or bogger models.

We guarantee delivery on all orders placed between now and Dec. 15, 1950.

The classes will alternate in handling church decorations for the Sunday services. Program Planned For December 7th

Inaugurating their new study course on the Near East, the Woman's Society for Christian Service, of the Methodist Church, is planning a special program for the night of December 7th.

Christmas Plans Begin Shaping Up

Decorative ideas for the city of Friona for the Christmas season have reached the final stages, Allen Romick, newly-named manager of the Friona Chamber of Commerce reported this week.

A meeting of the Chamber directors was held on Tuesday night, at which time the final plans were outlined, and Friona is destined to put on a festive garb within the next few days.

Additional strings of colored lights for the business district have been ordered, Romick reported, with indications that they will arrive shortly, be strung and lighted up by the end of the current week, in order that Friona may wear a holiday face during the entire month of December.

Legionnaires of the city seasonally take charge of distributing treats to children immediately preceding Christmas, and it is understood that the group will continue such activity this year.

Meanwhile, store windows over town began dressing up for the holiday season some days ago, with toys and various Christmas gift ideas being displayed, and merchants report that the annual Yuletide buying has already begun, particularly in the toy department, as parents assist Santa in taking care of the youngsters' wants.

Parmer Countians Hit By Nausea

Parmer County residents, old and young, male and female, are falling victims to "some kind of a virus" epidemic which appears to be sweeping over a large portion of Texas, Dr. Paul Spring, county health doctor and head of the Community Hospital in Friona, said on Monday.

"What it is, we don't know," Dr. Spring admitted, going on to say, "If (Continued On Following Page)

Some sufferers have only a few spells of vomiting before the illness runs its course, while others have been laid low and are under physician's care before recuperating.

As one miserable victim put it on Monday afternoon, "I think the proper name for it would be Virus U-R-P."

the SCS office was formerly located. Due to the fact that a telephone has not yet been installed, the manager invited local persons wishing information to contact him by calling the Friona City offices, also located in the Legion Hall.

BOVINA MUSTANGS WIN BI-DISTRICT GAME OVER GRUVER BY 52-16 SCORE

In what probably was the last time they will ever play Gruver a 6-man football game, the Bovina Mustangs closed out a slamb-bang season with a 52-16 romp over Gruver's Greyhounds for a bi-district championship last week.

Playing on the opponent's home field and buffeted by strong winds and low temperatures, the Mustangs were never able to make a decisive turn of battle until the third quarter. In that period, with the wind to their backs, they scored a stunning 34 points.

This shoved Bovina out of danger from any Greyhound rally, but previously to the third, the Mustangs had only a meager 12-6 lead.

After their clean-cut win over Gruver, the Mustangs are to move on to a regional game with Paint Creek, which will be played Thursday afternoon at 2 o'clock on the Mustang field.

"We've got to get started on our basketball," he explained. "Some of our opponents are already two weeks ahead of us."

In Thursday's bi-district game, a chilled Thanksgiving crowd of Bovina rooters saw their favorite sons take the title. They have seen the Mustangs beaten only once this year. That defeat was by Bula in a district finale. The Mustangs had already clinched a district championship, and Coach Clovis Ratliff benched his best boys as insurance against injuries. The Mustangs fielded an uninjured team Thursday afternoon.

The season record for the Mustangs:

- Bovina 14, Three-Way 0;
- Bovina 64, Wilson 12;
- Bovina 52, Pettit 12;
- Bovina 25, Lazbuddy 6;
- Bovina 32, Bula 17;
- Bovina 12, Farwell 14;
- Bovina 44, Three-Way 6;
- Bovina 64, Lazbuddy 22;
- Bovina 28, Bula 45;
- Bovina 52, Gruver 16.

Gruver jumped to an early lead in the bi-district game. They staved off two determined Mustang drives and drew first blood. The Greyhounds failed to convert, and later in the same quarter Bovina tied the score 6-6.

That marked the only time the Mustangs were behind, however. They hammered out another score in the second, and failing to convert, settled for a 12-6 lead at halftime.

Then came the big inning. Although the Mustangs had a stout wind to their backs, they pushed home several scores without the aid of passes. Crisp blocking and timely recovery of Greyhound fumbles at crucial moments by alert players went a long way in keeping the Mustangs in opponent's territory. They led 46-6 at the end of the third.

Scoring was erratic but slowly in the closing quarter. Both Bovina and Gruver made one touchdown each, but the Greyhounds added a drop-kicked field goal and a safety for the rest of their 16 points.

The large majority of the Mustang scores came on the end of lengthy plays. Although Bovina had 6 more touchdowns than Gruver, the two teams were virtually even with first downs. Gruver had 6, Bovina 7.

Penalties were evenly distributed, too. Bovina was assessed 50 yards, Gruver 45. The Mustangs were penalized 3 times for 15 yards and 1 for 5. The Greyhounds were penalized twice for 15 yards and 3 times for 5 yards each.

Scoring for the Mustangs was Derrick with 4 touchdowns, Hromas with 2, and Lowrie and Ware with 1 each. Two points-after-touchdowns were made by passing; one with a kick.

Four of the central six on the Mustang team will be lost to graduation, according to Ratliff. They are Loren Thompson, center; Willie Denney, quarterback; Billy Derrick, fullback; and Jimmy Ware, wing back.

Other members of the first string fielded Thursday included Denzil Young and Glenn Hromas, ends. Relief men seeing action were Hule Lowrie, Leon Ware, Jamie Tidensberg, and Stanley Venable.

Mustangs Will Start 11-Man Ball Next Yr.

Coach Clovis Ratliff announced last week that in all probability Bovina will field an eleven-man football team next year. Mustang fans have been rooting for this move ever since a converted 11-man Bovina team fought the experienced Farwell Steers to a 12-14 game.

He said he felt the larger squad could be managed successfully in view of the fact that some large "junior-high" classes will afford plenty of recruits next year.

"I believe we will have 30 or better men out," he said, adding "we had enough out this year to manage an eleven-man team."

Bovina is seeking admittance to the 3-B 11-man conference. Farwell was admitted under virtually the same circumstances two years ago.

Steer Basketball Gets Into Swing

Basketball season for the Farwell Steers was officially opened Tuesday when the locals played their first game of the season with the Hereford squad.

Starting lineup for the Steers was John Christian, center; Jesse Coburn and Billy Don Crume, forwards; Jerry Pool and Harold Doshier, guards.

Hereford won over the locals 46-43 in the last few minutes of play. The Steers were on the low end of the score at the half, but they topped the Hereford team in the third quarter and held the lead until the last three minutes of the game when the opponents surged ahead to win with a three point margin.

The Farwell B team won over the Hereford cagers 19-15; and the local girls' team topped a newly-organized outsiders team, 28-18.

The A strings play their next game tilt as guests of the Grady teams on Tuesday night, and are entered

in the Vega tournament over the following weekend, Dec. 7-9.

Other pre-Christmas games include the local invitation tournament, on December 14-16.

At that time, boys' teams from Adrian, Vega, Friona, Bovina, Farwell, Sudan and Spring Lake will be on hand, with girls' squads present from Vega, Friona, Bovina, Texico, Farwell, Ranchvale, Sudan and Spring Lake.

Also to come off before the holiday season is a cage tilt at Mule-shoe on December 19, and a battle between the Texico and Farwell aggregations on December 22.

Yearlings Gridiron Season Closes; Cage Playing Is Started

The Farwell Yearlings ended their 1950 football season with a 35-20 loss to the Spring Lake team, Coach S. S. Jobs reports.

Thirty-one boys were recommended for numerals for junior high football in 1950, the coach added.

Included in the group were Frank Gulley, Phillip Cassidy, Calvin Barber, Duane Herington, Vane Doshier, Charles Kellogg, Jimmie Bateman; H. R. Billingsley, Deon Branscum, Don Gerles, Gene Hardage, Lavon Jones, Kirby Kellogg, Jesse Meeks, Don Pool, Jerry Potete, James Roberts;

Ed Rolland, Pudge Rose, Billy Watts, Troy Christian, Glendon Hanna, Gerald Hardage, Truitt Hardage, Darrell Hicks, Dennis Jesko, Don Meissner, James Norton, Don Utsman, Eddie Smith, and Bert Williams.

Workouts Get Underway

The junior boys' basketball practice has already begun, with approximately 40 boys from the seventh, eighth and ninth grades on hand for workouts.

Sessions are held daily from 12:30 to 1:30. Jobs states that various teams will probably be selected and a bracket drawn up for an intramural schedule.

Games according to grades will be matched later in the season. Fundamentals, passing and goal work have been stressed this week, with footwork and rebound practice scheduled for next week.

Various screens, floor drills, and faking will be worked out in later practices.

"It looks like we have some good basketball material coming up later," the coach said Monday.

Wolverines Split Holiday Matches

The Texico Wolverines defeated the Rogers Eagles, Wednesday night by a slim 20-16 margin, at Rogers, but went down in defeat to the Santa Rosa Lions 25-22 in a hard-fought contest here, Saturday night.

The game with Rogers was the first of the season and both teams showed inexperience. Getting off to slow starts, the teams tied at 1-1 in the first quarter and had reached only a 7-7 deadlock at the half.

The Wolverines opened up on a scoring spree and led their hosts 18-9 when the third round ended, but Rogers came alive in the last canto and came close to the local court.

On Saturday night, the locals entertained on their home court, with Santa Rosa's Lions playing their initial 1950-51 game. The Texico players held a lead most of the game, but were overcome by the struggling Lions in the final quarter of the game and dropped the match by a short three points.

Elida Comes Here

Continuing the season, the Wolverines will be host to the Elida Tigers on Saturday night of this week,

December 2nd, Coach C. B. Stockton reports.

B teams from the two schools will open the evening series, with the first game slated to get underway at 7:30.

A group of Texico-Farwell men met Monday night to organize an outsider's basketball team.

They held a short work-out in the Texico gymnasium. Date for another meeting has not been set.

Those attending the meeting were Joe Jones, Glenn Phillips, Harry Sheets, Preston Martin, and James Box.

Farwell Girls' Team Defeats Whirlwinds

The Texico and Farwell girls' squads tangled on Saturday night, with the blue-and-white clad players taking the game over the Whirlwinds.

At the end of the initial period, the score stood at 5-6 for the Farwellites, who maintained a slight edge throughout the contest.

Texico was trailing 6-10, at the half, and the third quarter stood at 12-16, still favoring Farwell. The final whistle halted play with the Texas girls leading, 15-21.

Inexperience showed up on both sides of the line, Coach Fern Stout, of Texico, said in reporting the contest.

Fern Tipton Returns To School After Two Months Polio Seige

Petite Fern Tipton, 10-year-old daughter of Mr. and Mrs. Percy Tipton, who was confined to the Plainview Sanatorium and Clinic for 62 days with polio, has returned to school.

She resumed her studies three days before the Thanksgiving holidays, "and she surely enjoys being in school again," her mother says.

Polio settled in the child's right foot and ankle, and she will have to wear a brace for approximately a year, Mrs. Tipton states. Because Fern is not yet allowed to walk long distances, the school bus picks her up every day and returns her home in the afternoon.

Mrs. Tipton says Fern is not very far behind in her studies, because she kept up her school work while she was confined to the hospital. Fern entered the hospital the day the school term opened at Farwell.

"Everyone is surely nice to Fern, you don't know how we appreciate it," says Mrs. Tipton. She particularly expressed her thanks to the Beginner-Primary department of the Methodist Church for the fruit and gifts.

The youngster made a trip back to the hospital Tuesday, for a check-up and treatment.

Rev. Beauchamp Is Guest Speaker Here

Rev. Frank Beauchamp, pastor of the First Methodist Church in Littlefield, was guest speaker at the annual Union Thanksgiving service held the past Thursday night at the Oklahoma Lane gymnasium.

Several appropriate songs were rendered by a choir which was made up of members of the Methodist and Baptist Churches of Oklahoma Lane, under the direction of Earl Roberts, and accompanied by Miss Caryetta Grissom at the piano.

Auxiliary Stages Bingo Party For Hospitalized Vets

Members of the Farwell and Bovina Legion Auxiliary units will be in Amarillo on Friday night, Dec. 8, to act as hostesses at a bingo party for veterans at the Amarillo Veterans' Hospital.

The two groups will bear the expense of the social. Anyone in either community wishing to have a part in the entertainment may do so by donating 25c or 50c for prizes, or if the donor wishes, he may personally select and donate a gift.

Tentative plans are to place boxes in various businesses for donations. Crowley's Grocery and Farmer's Supply in Texico, and the State Line Grocery and City Cleaners in Farwell will receive the gifts, which must be in by December 7.

Dardanella Helton, local Auxiliary president, said today, "We certainly appreciate all the help that anyone gives us."

After the bingo party at the hospital, the hostesses will serve homemade cake to the patients.

Chicken Fry Scheduled Monday Night, Dec. 11

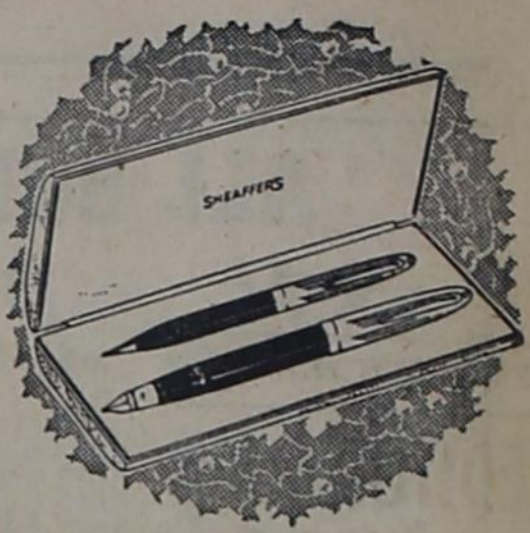

The agriculture boys of Farwell schools will stage a chicken fry Dec. 11 at 7 o'clock. Location of the affair has not been decided.

Mears Produce gave the boys 30 chickens to feed out earlier in the year for experimentation.

Menu will possibly include potatoes, gravy and "all the trimmings."

The boys plan to contact the mothers to see if they will prepare the food. Tickets will be \$1 per plate.

The program will be a musical. The boys will sell approximately 130 tickets.

Billington said that his business had increased tremendously since the Clovis barbers went to \$1 per haircut recently, with many New Mexico residents coming here for barber work.
