

## 396 YEARS REPRESENTED IN THIS FAMILY

Ages of Mrs. Nancy Thornton and her four children, shown with her here, total 396 years. They are W. C. Thornton 67, Clovis; Mrs. L. E. Bussell, 69, Friona; Mrs. A. R. Hoover, 81, Portales; and Mrs. W. T. Bussell, 79, also of Portales. All of Mrs. Thornton's children were present when she celebrated her 100th birthday at the home of a grandson, Walter Bussell, 18 miles north of Bovina, on Nov. 7th.

## FROM THE HOPPER

By HOP

Made an observation recently that we have not seen in many years. Driving out the Oklahoma Lane farm-to-market road, we observed a man with a grubbing hoe and a toesack digging up a clump of Johnson grass in the bar ditch alongside his field.

This farmer was of the old school, who takes matters into his own hands to protect his farm land, rather than set up a howl for the county, state and government officials to do something.

Did you see in the Amarillo News on Monday where the deer season would open in Parmer County on Nov. 16? Boys, grab your guns! This is the first time open season on deer in Parmer County has been authorized in the memory of the oldest settler, and it offers a real opportunity for roast venison to grace many family tables on Thanksgiving.

The only hitch that we can see is the absence of the deer. If there is a wild deer in this county, nobody has ever heard of it. There might be a few wild deer, but when a fellow begins to crowd 60, he even has some doubts about that.

Otis Huggins, local trouble-shooter for the Southwestern Public Service Company, was called from his warm bed at 3:30 in the morning last week by C. M. Henderson, to investigate a transformer that was "acting up."

He located the trouble when he found that an air horn in one of the Mayors' trucks was giving off a hissing noise.

Add to our pleasant personalities: Mrs. Robert Anderson.

## Jones Urges Scout Fund Be Completed

Supt. Agrie Jones, who has been placed in charge of the annual drive for Boy Scout funds, appealed to solicitors to complete their tasks at an early date in a talk at the Lions Club meeting Monday night.

Jones said that some 29 workers had been given assignments and up to Monday night only "seven or eight" had reported on the progress of their solicitations.

Vice President John Getz, presiding in the absence of Pres. Jack Williams, made an appeal in behalf of the Scout drive, recalling that "one little thing I learned as a Scout saved my life" while he was in the army during World War II.

It was voted to change the luncheon hour to 7:30 for the remainder of the winter.

## HAS TONSILECTOMY

Sherry Kay Gast, daughter of Mr. and Mrs. Buster Gast, was in a Clovis hospital last week for a tonsilectomy.

## ONE HUNDRED-SEVENTYFIVE EXES ATTEND GALA HOMECOMING, FRIDAY, FARWELL

One-hundred-seventy-five ex-students, teachers and board members flocked to Farwell Friday to attend the first annual Homecoming of the Farwell Consolidated Schools, making the ex-students day a howling success.

Festivities began at 11 o'clock Friday morning with a parade through the streets of Farwell-Texico by the school band and pep squad. Pep rallies were held on both east and west ends of main street and another was staged in front of the court house.

The Homecoming football game was a conference battle between the Steers and the Spring Lake Wolverines and the finale of the season; so it was a "fight to the finish" battle from the beginning whistle. Both teams made spectacular plays, which seemed to add to the festive occasion. At the final whistle the score stood 14-14.

At the half, the band and pep squad performed after which the Homecoming queen was crowned. Miss Jeanean Lunsford, Farwell senior, was escorted from a 1951 Hudson convertible to a blue and white streamer covered throne by co-captains, Jerry Pool and John Christian, where she was officially crowned Homecoming queen.

Her attendants were Betty Foster, Irene Hardage and Dot Kent.

The football game concluded the planned program for the afternoon.

An informal barbecue was the principal entertainment on the agenda for that night. Prepared by Robert 'Prof' Morton and his agriculture boys, the feed had all the trimmings, right on down the line through pinto beans, potato chips, pickles, onions, coffee, soda pop, bread and stewed apricots.

Weather conditions necessitated that the feed be held on the inside, so exes congregated in the cafeteria. Plans originally were to schedule the event on the football field.

Upon registration, all exes were presented with name tags, to facilitate ease in name memory.

Following the barbecue, the entire group adjourned to the auditorium for the promised special entertainment. Master of ceremonies for the affair was Jack Williams, present superintendent of schools.

In a welcome address, Williams recognized Miss Jeanean Lunsford, Homecoming queen, and her escort, John Christian, who were guests at the affair.

All the classes were then recognized with the '45 group having the largest percentage of exes present. The only classes which were not represented were the 1940, 1929, 1927, and 1924 groups.

Numbers of exes attending from each class were as follows: 1950, four; 1949, three; 1948, three; 1947, one; 1946, seven; 1945, eight; 1944, five; 1943, three; 1942, five; 1941, six; 1939, seven; 1938, two; 1937, five; 1936, two; 1935, three; 1934, four; 1933, three; 1932, three; 1931, three; 1930, one; 1928, two; 1926, one; 1925, two; 1923, one; 1922, three.

JEANEAN LUNSFORD

Class members of the oldest graduating class present were then crowned, who were three students who attended Farwell schools in 1921-22. Mrs. Irene Moore and W. Lee Moore who live in Pampa, now, and Leroy Berggren of Bovina, were the honored group.

Mrs. Moore, who is the former Irene Drace, was presented with a corsage and both men were crowned by Billy Joe Foster, vice president of the organization.

Also recognized were Milo Dotson and Ethel McKinney who attended Farwell schools in 1914. They are brother and sister and both reside in Amarillo at the present time.

Mr. and Mrs. Emery Kirk of Monterey, California, were recognized.

## Rev. C. M. Fields Is New Baptist Pastor

Rev. C. M. Fields, from Comanche, Texas, who has been attending the seminary at Dallas for 16 months, has accepted the call of the Texico-Farwell Baptist Church to become its new pastor, Sterlyn Billington, deacon of the church, announces.

Rev. Fields, who finished his work at the seminary only recently, will move to the Twin Cities tomorrow (Thursday). He is married and has three children.

After morning and evening services were conducted by Rev. Fields on Sunday November 12, the pulpit committee called the minister Wednesday night. He returned here and conducted services the past Sunday, then accepted the invitation to take charge of the pastorate.

Regular worship services under Rev. Fields' direction will begin on Sunday morning.

Billington said that the inside of the parsonage has been refinished in preparation for the new minister and his family.

## 1951 Conservation Program Started

Due to the 1950 funds being used up in the county the local PMA office has started issuing approvals on the 1951 program for subsoiling, terracing, chiseling, contour listing and any other soil-building practice that might be carried out within a short time.

Remember you must secure prior approval before the practice is started and report completion when the practice is finished in order to earn payment.

Following is a list of practices approved for Parmer County for 1951.

1. Terracing; 2. subsoiling; 3. Leaving stubble; 4. Summerfallow; 5. Contour listing and chiseling; 6. Control of Bindweed; 7. leveling land for irrigation (land must have been irrigated 3 years before assistance can be obtained); 8. re-organization of farm irrigation system (well must be 3 years old before assistance can be obtained); 9. applying superphosphate (only legumes and permanent pasture); and 10. seeding permanent pasture.

## Helton Oil Company To Install Butane Plant In Farwell

Joe Helton of the Helton Oil Company, announced today that he was making arrangements to install a butane-propane gas bulk in Farwell.

He said that two 8,000-gallon tanks had already been bought and he expected delivery on them between now and the first of the year. The two bulk tanks will be located just outside the city limits a short distance up the state line, north of the Bagley Station No. 1.

Phil-gas from the Borger plant will be handled by the local concern, and deliveries to the rural sections will be made by them.

## More School Money Goes Into G Bonds

Another \$19,700.00 of Parmer County Permanent School money went into Series G Government bonds here Monday, when Commissioner Court instructed County Judge A. D. Smith to invest that amount in the bonds.

The money was received only recently from the sale of oil leases on lands in Gaines and Andrews Counties, where Parmer County owns a large acreage of land in and near oil production.

To date a total of \$271,900.00 have been invested in Series G bonds from monies of the Permanent School Fund of this county, all of which has come from the Parmer County School Lands in Gaines and Andrews Counties.

These bonds draw interest at the rate of 2 and one-half per annum, and the interest realized from the bonds is the only expendable part of the money. Interest received from the bonds is divided among the schools of the county on per scholastic basis each year.

## Fine Dairy Herd Goes At Auction

The entire Jersey dairy herd of L. M. Grissom, consisting of 76 Grade A cattle, will go under the hammer at the Grissom farm house 11 miles east and two miles north of this city, on Tuesday, Nov. 21.

Grissom made this announcement today, explaining that he was disposing of his entire herd in order that he could devote all his time to his 1200 acre farm. The Grissom herd, recognized as one of the best in the country, has been a consistent winner at showings held all over this section of the state for many years.

In addition to the choice dairy herd many dairy equipment items will be offered, as well as several miscellaneous items.

Col. Dick Doshier of this city, will have charge of the sale, with Bill Dollar and Vernon Symcox serving as clerks. The Methodist ladies of Oklahoma Lane will serve the lunch.

## GRAHAM OUT

B. N. Graham has been able to be at his office this week, although he is still troubled with a throat ailment that limits his ability to talk very much.

Mr. and Mrs. Frank A. Smith announce the arrival of a second son, Jerry Newton, in a Clovis hospital early Sunday morning.

## Keep Kiddies Away From Water Tower

Explaining that he could not be present at all times, V. C. Venable, water superintendent, today cautioned parents to keep children away from the city water tower.

Venable said that large chunks of ice were continually falling from the 125-foot tower, imperiling the safety of anyone who might be near.

Leaks and overflow from the reservoir are soon turned into huge ice-cycles, which are released during the day by the sun's rays.

## Suicide Victim Is Buried On Monday

Apparently despondent over his physical condition, T. R. Wilkerson, 42 years old, committed suicide at the family home on the Ed Boggess farm, near Friona, the past Saturday afternoon. Funeral services were held in Friona Baptist Church on Monday afternoon at 3 o'clock, with the pastor, Rev. T. B. Allen, in charge, assisted by Rev. James Tidwell, of the Friona Methodist Church, and interment was made in the local cemetery.

The Wilkerson family had come to this area only two weeks ago from their former home in Rash, Alabama, where the deceased was born. They planned to spend only a short time here, accumulating additional finances to handle their proposed trip to Arizona, where it was thought that Mr. Wilkerson's tubercular condition would be greatly improved.

Family members report that Wilkerson was alone in the tiny house where he and his family and his brother, Willie, and family, were residing, at the time of his death. Some members of the group had gone to wash, and while the others were having the noon meal, Wilkerson picked up a shotgun and ended his life.

Immediate family survivors include his wife, Novie; and six children, Harold, Elizabeth, Otis, Carl, Teddy and Jimmy, ranging in age from infants to the 18-year-old boy, Harold, all of Friona, one married daughter, Willa Dean Harris, of Danville, Alabama.

Other survivors include three brothers, Lonnie of Rash, Alabama; Willie and Alvin, both of Friona; three sisters, Mrs. Claudie Durham, Jeanie Evans and Mrs. Comfort Southern all of Alabama.

## Ginnings At Lariat Pass 400 Bale Mark

A total of 426 bales of cotton had been ginned at the Lariat Gin up to noon last Saturday, with the rush season soon to be expected, Guy Nickles, operator told a Tribune reporter.

Lack of hands to work in the fields has delayed gathering the crop up to now, Nickles said. But he added that the fields would soon be ready for machine-harvesting, and then the fleecy staple will begin to move in earnest.

Nickles, who had previously estimated that four to five thousand bales would be ginned at Lariat this season, has lowered his estimate to 3500. He said that much of the cotton produced in the Lariat region would likely go to Muleshoe when the peak of the harvest hits.

Very little cotton was produced south of Muleshoe this year, which will result in a slack ginning season at that place.

## Both Local Schools Dismiss On Nov. 23

Both Farwell and Texico Schools will be dismissed on November 23rd, and 24th, for the Thanksgiving holidays, Supt. Agrie Jones and Principal W. M. Roberts report.

Regular classes will be held until 4 o'clock on Wednesday preceding the holidays. Individual classes will have programs commemorating the event if they wish.

Regular school work will be resumed on Monday morning.

## Venison For Dinner No Task For Him

It remained for Guy Cox to show the old time nimrods just how easy it is to have choice steaks of venison for dinner when the proper methods are employed.

Leaving his home in Texico early last Friday morning, Guy drove to his brother's ranch near Logan, N. M. In less than an hour after reaching the ranch, he bagged a four point buck, loaded him in the car and drove back home, after taking time out for dinner, arriving here shortly after dark.

## Judgement Taken In Delinquent Tax Suits

District Judge E. A. Bills conducted an all-day session of district court here last Wednesday for the purpose of disposing of a large number of delinquent tax suits.

The suits were filed some time ago in a move to collect delinquent taxes on a large number of town lots in Friona and Farwell, principally in the latter city. Judgement was rendered against the defendants in 34 suits on lots situated in Farwell, and four in Friona.

A number of the pending suits were settled when the owners of the lots appeared and paid off the taxes and costs.

The 38 tracts of land against which judgement was rendered will be ordered sold for taxes by the Sheriff's department. County Clerk Loyde Brewer said today that "it will be some time next year" before the tax sales will be conducted, and gave it as his opinion that the sales would likely be held on the first Tuesday in January or February of next year.

## PMA To Elect New Committeemen For 1951 Next Tuesday

Tuesday, November 21, 1950, has been set aside as election date for PMA Committeemen. There will be election polls at the Parmer County Implementation House in Friona, The Lazbuddy Store at Lazbuddy, and at the AAA office in Farwell.

Each farmer in the County is being mailed two ballots, one for himself one one for his wife, which may be executed and returned by mail or be taken to the polling places in their communities.

Turn out and vote and show the committeemen in your community that you are behind them.

## Harvest Renewed In Region After Cold

Harvesting of feed crops in their region got underway in dead earnest the first of the week, following a three-day delay over the past weekend when combine operators were driven from the fields by record-breaking cold weather for this time of the season.

Thermometer readings of 5 degrees were recorded here Thursday morning, followed by 15 and 21 degree readings on Friday and Saturday. During the afternoons, the weather moderated some, but still remained near the freezing point, with the result that little feed was harvested.

Ideal harvest weather has prevailed since Sunday, sending combines into the fields in large numbers. Absence of moisture has been a boon to feed crop growers, but wheat men are beginning to wish for a little moisture.

Wheat conditions continue favorable and no alarm is being expressed, but rains at an early date would afford better grazing for livestock. Stockmen report this week that many hundreds of cattle, placed on the wheat last month, are being withdrawn on account of dry conditions.

## Bowers Must Face Charges In Kansas

J. C. (Jim) Bowers has been taken to Elkhart, Kansas, where he is charged with receiving and possessing stolen property. Local officers did not know whether he had furnished bond in the Kansas case.

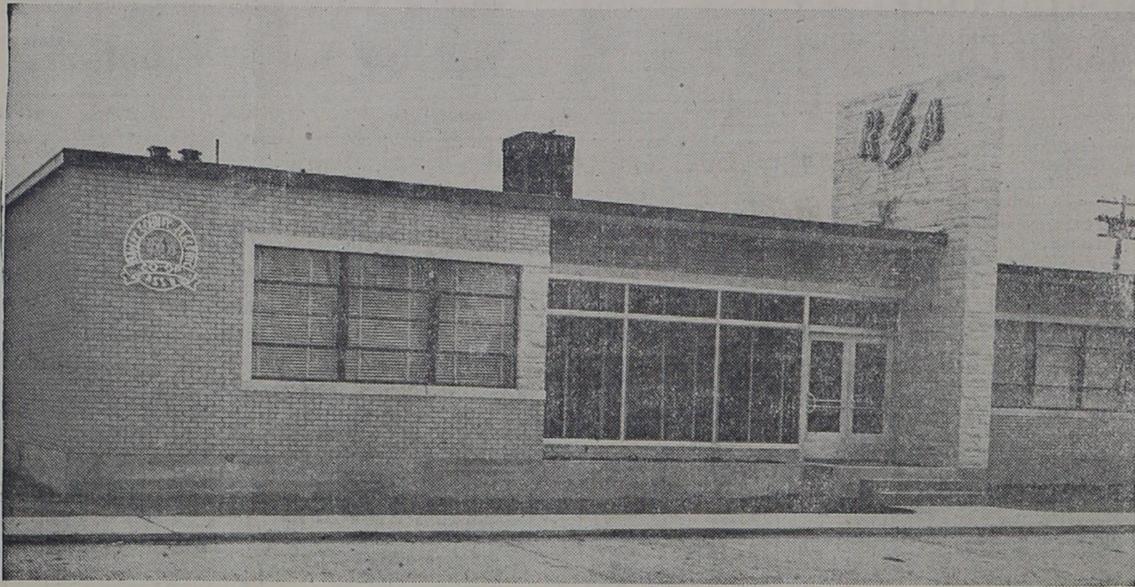

Bowers lost his fight against being extradited to Kansas recently when Governor Allen Shivers signed extradition papers. He had been charged in Parmer County with the theft of a cow belonging to Fred Kepley of the Oklahoma Lane Community. But law-enforcement officers decided to let Kansas authorities have him since it would be quite expensive to bring witnesses here from Kansas to testify in the prosecution.

## Bovina Students Hospitalize Supt.

For the first time in school history, the superintendent has been expelled—not literally, but he isn't allowed at school for a short time anyway.

Reason: he has the mumps. Supt. W. H. Willoughby of Bovina schools has been in bed with the childhood disease for the past week.

It has not been announced when he can return to school.

Formal opening of the headquarters building in Muleshoe of the Bailey County Electric Cooperative Association is being held today, Wednesday, between the hours of 9 a. m. and 4 p. m., W. H. Thompson, manager, announces.

The magnificent new office and warehouse building was completed late in September and occupied Oct. 20. Its cost was more than \$75,000, exclusive of the lots. Built of brick with Austin stone front trim, the building contains a big lobby, model demonstration kitchen, manager's office, bookkeeping offices, directors room, maintenance crew room, and warehouse space.

W. W. Branscum heads the cooperative as president. Tommie Galt is vice president; Roy Sheriff secretary and treasurer; and directors are W. R. Adams, H. E. Schuster, J. T. Eubanks, and Pete Todd. Mr. Thompson is manager.

Plans were drawn for the new building early in 1948 and after ma-

ny alterations were accepted in March, 1949. A request for allotment was made to REA in July, 1949, and bids were opened in January, 1950. Dolph Construction Co., of Dallas, were the builders selected. Work on the building began in January, 1950.

The Bailey County Electric Cooperative was formed in 1937 and its first lines were energized in 1939. It has grown steadily in service to the area and now supplies electric current to 2,680 farm homes in Bailey and Parmer counties, besides furnishing power to about 160 irrigation wells in the district. The Cooperative has a large number of employees and has probably the biggest payroll in Bailey County.

**WHAT'S THE USE**

A farmer had a son at college. At the end of the first year the son came home in high feather. He stood second in his class.

"Second?" said his father, "Second, why didn't you stand first? What do

you think I am sending you to college for?"

The young man returned for his second year, determined to win first place. At the end of the year he returned home and announced his success to his father.

The father looked at him for a few minutes in silence, then shrugged his shoulders, and said "At the head of the class, you? Well it can't be much of a college after all."

**HOLIDAY BUFFET SERVICE**

For holiday buffet service, dinner desserts or gifts, fruit cakes are the choice of the busy home baker. They are made weeks ahead of the holiday rush, so that the fruit flavors have a chance to blend into the desired richness. To make cakes extra glamorous, apply a glaze to give luster and arrange decorations immediately over the glaze. Blanched almonds, candied cherries and other fruit make easy but effective decorations. For gifts, bake fruit cakes in glass baking dishes.

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin.

Here is Mr. Goldsmith's statement: "Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

**HADACOL Is So Different**  
Thousands are benefiting from HADACOL... whose systems lack Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

## HARVEST FESTIVAL SCHEDULED FRIDAY AT LAZBUDDY SCHOOL; QUEEN CHOSEN

Lazbuddy Schools will hold its annual carnival Friday night, November 17th, featuring all kinds of games such as cake walk, bingo, fishing, country store, and others.

Held in the high school gymnasium all kinds of prizes will be given away. Each class is working to make their king and queen candidates the 1950-51 reigning monarchs, Supt. A. Sims says.

Hot dogs, ice cream, pie, cake, coffee, and cold drinks will be for sale.

Three queens will be crowned for this year, Sims states. A queen will be presented for the first four grades, one for grades five to eight inclusive and one for the high school. Coronation ceremonies will be held in the gymnasium.

Candidates for king and queen of each grade are: David Koelzer, Eva Deen Ivy, first; R. L. Porter, Correta Watkins, second; Derrell Jenning, Oma Lee Porter, third; Ronnie Briggs, Carolyn Hinkson, fourth;

Eugene Howard, Janis Clark, fifth; Junior Mallouf, Alma Jean Winn, sixth; Leland Gustin, Carolyn Beavers, seventh; Robert Ivy, Glenda Hall, eighth;

Kenneth Hall, Charlene Graef, ninth; Richard Engleking, Trixie Steinbock, tenth; Max Crim, Mary Hall, eleventh; Albert Clark, Levina Clark, twelfth.

Mesdames Stuard, Moody and Sims are in charge of the coronation.

Each class will receive one-third of the money received for their cand-

idates. Balance of the funds will be used to buy library books, and also to buy new basketball suits for the boys, and other equipment needed for the school.

Everyone is cordially invited to attend the carnival and enjoy the festivities, Sims emphasizes.

## Survey Shows Radical Change In Food Shopping Habits

Homemakers may not realize it, but their shopping habits have changed radically, especially within the last ten years.

According to a recent completed survey of housewives conducted by university research experts, most women now shop for groceries only once a week, and their favorite day is Friday. This is due largely to two factors: the prevalence in both small and large communities of the supermarket, which stocks all foods in one location, making it unnecessary to shop from store to store, and the influence of foods advertising in papers toward the end of the week.

But the Friday preference is still mostly habit, and store managers are willing to change all that. They have been urging for years that women avoid the crush of weekend shopping and market at the beginning of the week instead. Any day now is a good day on which to buy food, since the automatic refrigerator became standard equipment in more than 33,000,000 homes.

In the old days, before refrigeration engineering caught up with the homemaker's requirements, it was almost mandatory that she load up on food for the crowded weekend meal schedule, because her inefficient icebox could not be relied upon to preserve foods over a longer period.

Now that the modern refrigerator has replaced the fast-melting ice cake and the newest models come equipped with special compartments for frozen foods, the lady of the house can save herself wear and tear of crowds by doing once-a-week shopping on a day when customers are fewer in the stores. Monday, Tuesday and Wednesday are excellent days, the survey shows. Although 44 per cent of women shop on Fridays, only

## Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin Which Her System Lacked

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close as hand as your nearest drugstore if you suffer a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

**BIG BOOTS FOR LITTLE GIRL**... A Parisian tot sits happily in a pair of enormous boots on display at the "exposition of leather," which commenced recently. This is the first leather week to be held in France since World War II.

**Fantastic Flag Floors Faculty Members**

What would you do if you had a United States flag—not an ordinary flag—but one which is 38 ft. and 10 inches long and 20 ft. and 8 inches wide? Could you find a place to put it?

Agrie Jones, superintendent of Texico schools, can't. It all began when he went to Santa Fe recently to pick up some war surplus materials for the school.

He saw the flag which was neatly rolled up, and pictured it on the Texico gymnasium wall. He didn't check the size because it looked as though it might be large enough to place on the west wall of the gym.

As he surmised, the flag was rather large, but to his consternation when it was unrolled, "it was nearly as big as the school yard."

He couldn't place it on the flag pole because the flag was wider than the pole was tall, and he couldn't put it on the gym wall because the building isn't tall enough for the flag reaches to the ceiling and drags the floor.

The future of the new flag is still undetermined.

**Cemetery Association Make Bake Sale Profit**

The food sale held on election day was quite successful, says Mrs. E. G. Blair, secretary of the association, stating that \$76 was gained from the sale.

Mrs. Blair wishes to thank everyone who helped with the money making project and to express the association's appreciation to the Furniture Mart for the use of their building for the sale.

**Bovina and Farwell Exchange Assemblies**

Members of the boy's chorus of Farwell schools will be guests of the Bovina schools today (Wednesday) and will present their special program featuring the "Wild Bill Hiccup" skit. The entire chorus will also sing several vocal numbers and individual selections will be given.

Bovina will present an assembly program to Farwell students Tuesday at 10:30 in the morning. W. M. Roberts, principal of schools, says. The public is invited to hear the program.

**Farwell Girls Receive New Basketball Suits**

The girl's basketball team of Farwell schools received new uniforms Friday.

The suits are dark blue satin with white pleats down the side of the short overshirt, and on the sleeves.

White tights are worn and the blouses have zipper tops. Numbers are on the pockets.

Twelve suits were received. "The uniforms certainly are pretty" commented Irene Hardage, team member.

**HEAR SENATOR JOHNSON**

H. Y. Overstreet and W. H. Graham went to Amarillo last Friday to attend a luncheon given in honor of Senator Lyndon B. Johnson at the Herring hotel.

Senator Johnson, in an after-dinner talk, foresaw grave possibilities in our future dealings with the Soviet Union, and warned that America must build a defense program to cope with this threat to our security. "We must become so strong that we can dictate some policies to Russia," he declared.

## 'Tumblin' Creek' Draws Full House, Tuesday

"Tumblin' Creek", a rip-roaring three act comedy, which was presented by the Junior class of the Texico High school Tuesday night, Nov. 7th drew a full house of fun loving fans. Officials of the school reported this morning that a total of \$96.00 was taken in by class members.

The scene opened in the village store, way down in Tumblin' Creek, deep in the hills of Tennessee, which was operated by Henry Nichols, (Kennard Harris) and his independent wife, Mollie Nichols, (Bobbie Williams), who tried hard to keep peace in the beloved Tumblin' Creek village.

The entire occupants of the village were in an uproar over a feud between two prominent farmers of the village, John Thomas, (Donald Clark) and George Payne (Vernon Lewis), which eventually led to a shooting fray. The feud had been existing for some time between the farmers, but was capped when Thomas accused Payne of stealing his hog and selling it to the village store.

Along with the new professor, which both men, members of the school board had a hand in bringing into the village, these characters added to the hilarious cast.

George Payne, who had a good-looking daughter, Sallie Payne, (Margie Ried), wanted the professor to take special notice of her, while John Thomas has the same idea about his cute daughter, Katie, (Patsy Doshier).

The town's professional gossip, Mrs. Gwen White (Neva Sparks), was constantly repeating an overheard conversation to stir up trouble, while her good-natured husband, Walter White, (Willie Thatch), tried harder to keep her from talking, without succeeding.

The city-bred professor, Dave Williams, portrayed by Richard Hapke, loved and eventually married the village's pretty orphan girl, Madge Johnson, (Marsha Peterson).

Cookie Payne, the loathsome country boy who could not hold a job, was enacted perfectly by Ted Cook, dressed in an over-sized pair of overalls which sported big red patches.

Oscar Hicks (Andre Palmateer), a natural born grouch, and his wife, Mrs. Susie Hicks, (Jane Moss), another gossip, also were noted for their acting ability. Other outstanding members of the cast included Mrs. Esther Thomas, a very gaudy woman, played by Bobby Christian; Mrs. Nannie Payne acted by Donald Engram, who was very proud and mannerly; and the poor, tall, gangling farmer, Joe Bevins, acted by Gayle Doolittle.

## Local Women Attend Toastmistress Club

Five local women attended the meeting of the Toastmistress Club in Clovis, Tuesday night, Mrs. Mae Porter reports.

Included in the group were Mrs. Woody McDermitt, Mrs. Glenn Phillips, Mrs. Robert Anderson and Mrs. Porter, all members of the organization, and one guest, Mrs. Sol Morgan.

The meeting was held at the Casa de Fiesta regular assembly place.

Mrs. Anderson presented a talk on "I Carry the Gun", which referred to her experience in the Wacs. Mrs. Porter was table topic mistress, selecting "Why Did You Vote?" as her subject.

Other members of the entertainment group were Juanita Fitznugn as toastmistress; Mrs. Lily Wershfelder, general evaluator; Mrs. Verna Holland, critic; and Mrs. Al Sass, lexicologist.

The next meeting is scheduled for November 21.

## Lazbuddy PTA Holds Regular Meeting

The Lazbuddy Parent Teacher Association held a regular monthly meeting, Monday night with Mrs. Frank Hinkson in charge of the program, "Are Habits The Stuff of Which Behavior Consists?"

After an opening prayer, there was a discussion on the type chairs the organization should buy for the school auditorium; the goal of the group for the year is to obtain a large seating capacity for the meeting place.

So far, the committee had been unable to find used chairs for sale, that are in good condition, but it was decided to try to contact an opera house in Dallas about buying used chairs from them; W. M. Shirley volunteered to do this.

Mrs. Roy Daniels asked that the PTA organization give the school a book shower as the library was in need of them. She had obtained a state list of appropriate books and asked that anyone who wished to donate to the library, see her to find out the type of book the school could accept.

The Lazbuddy PTA will have charge of the food at the Harvest Festival scheduled for Friday, November 17th. Hot dogs, coffee, pie, and ice cream will be for sale, Mrs. Jack Smith, reporter, says. All money from the booth will be placed in the chair fund.

The organization also sponsored a musical Thursday night, featuring Lee Nichols of Clovis.

After the business meeting, Rev. Ernest Merriott discussed "The Importance of Teen-Age Whims And Opinions."

Following the speech were three musical selections, featuring piano and violin, by Mesdames Ross Stuard, C. B. Moody and Travis Montgomery.

Coffee, punch and doughnuts were served at the close of the program.

## Texico PTA Members Attend District Meet

Four members of the Texico Parent Teachers Association group attended the all-day meeting of the district PTA conference Wednesday, in Clovis.

Those attending the affair were Mrs. John Adams, Fern Stout, principal of the local schools; Mrs. D. J. Brown, and Mrs. Albert Rice, president of the local organization.

Mrs. Coy Guy was director of the meeting. Registration began at 10 in the morning, after which a short business session was held. Mrs. Corn, state vice president from Roswell, gave an interpretive speech on state organization, and told about the new building planned for the national PTA.

She further discussed the "cash for casa" drive, stating that Juan and Marie, famous pottery makers of San Ildefonso will contribute the massive bowl to hold the money for the building.

A local drive for funds will be made, Mrs. Rice says, but a definite date has not been set.

Mrs. Flyte, national conference worker, discussed "Home and Family Life" and congress publications.

Lunch was held at the Methodist Church, and Dr. Wivel, of ENMU, spoke of "Workshop of International Relations".

In the afternoon, a model business session was held with Mrs. Mildred Kimbrow presiding, followed by a question and answer period.

The 1951 meeting will be held in Grady, and members discussed holding the meeting on Saturday, or dismissing school, so more PTA members could attend.

## Variety Club Plans Holiday Socials

Mrs. Jack Roach was hostess to the Variety Club, Nov. 7 at 2:30 p. m., with 16 members and three adult visitors on hand.

While quilting for the hostess, a business session was held, presided over by Mrs. W. E. Verner. Plans were completed for the Thanksgiving dinner.

Later, the Christmas party was discussed. All arrangements were made for the affair, which will take place in the home of Mr. and Mrs. Clyde Perkins, Dec. 12 at 2:30.

Mrs. Roach, assisted by Mrs. Ginnings and Mrs. Harold Carpenter, served refreshments to Mesdames W. E. Verner, G. T. Watkins, Scotty Barry, Edd McGuire, J. R. Caldwell, J. I. Gober, Clyde Perkins, H. T. Edwards, Clyde Magness, J. M. Pruitt, Sam Sides, L. M. Grissom, Sam Shelley, C. C. Christian, Johnny Ginnings, Jack Roach, D. W. Carpenter, M. D. Carpenter and Marilyn, Ann, Harold Carpenter, Lane Gober, and Candace Meeks.

## Executive Committee Of Texico PTA Meets

Executive committee of the Texico Parent Teacher Association will meet tonight (Wednesday), to discuss plans for a "back to school" night to be held at the next regular meeting, November 30.

Due to attend tonight are Mr. and Mrs. Agrie Jones, Mrs. D. J. Brown, Mrs. Crystal Moss, Mrs. N. W. Peyton, Fern Stout, Mrs. Perry Crawley and B. A. Rogers.

J. D. Lewis and James Box left Friday night for the Hondo Valley on a short deer hunt. They returned Sunday reporting "no luck".

## Thanksgiving Dinner Draws Huge Crowd

The Thanksgiving dinner, which is sponsored annually by the Farwell Parent-Teacher Association, was staged Tuesday night in the school cafeteria, with a large crowd in attendance.

A bountiful dinner of baked chicken and dressing, vegetables, salads and desserts was served some 150 patrons and teachers of the local school.

Following the dinner, Mrs. Clarence Christian, vice-president, presided over the business session, which was held in the auditorium. Dr. Jack Mears of the Eastern New Mexico University, gave an address on the subject of "How Important are Teen-Age Opinions and Whims?"

In his discussion Dr. Mears pointed out that in a relative sense disappointments to an adolescent were just as tragic to a child as financial reverses to an adult. He stressed the importance of a better understanding on the part of the parent to the child in order that the latter might better meet disappointments.

With Mrs. Erma Jobs at the piano a trio composed of Ed Hardage, James McDorman and Walter Haradage, entertained with musical selections.

## Golden Circle Class Meets In Martin Home

Members of the Golden Circle Sunday school class met in the home of Mrs. Mable Martin for a regular session Monday night, Mrs. Carrie Haradage, reporter for the group, says.

Fern Haradage, president of the class, opened the meeting with a prayer.

The class decided to sponsor a Thanksgiving basket supper at the church Nov. 23. The affair will be open to members of the entire church and everyone is invited to attend, Mrs. Haradage says.

The class also decided to present their adopted orphan child, Mary Murray, with a doll for Christmas.

Next meeting of the class will be a joint session with the Ruth class, on Dec. 4, at the church.

The regular Golden Circle class meeting is scheduled in the home of Mrs. W. M. Roberts on Dec. 18, when the class Christmas party will be held.

Refreshments of pie topped with whipped cream and coffee or hot chocolate were served to Iona Chappell, Lucille Stover, Letha Jo Roberts, Margaret White, Ophelia Billington, Eva Branscum, Katherine Lockhart, Gertrude Potts, Fern Haradage, Ruth Reed, co-hostess, and Mrs. Martin, hostess.

## Oklahoma Lane MYF Are Special Guests

Members of the Methodist Youth Fellowship of the Oklahoma Lane schools were special guests of the local group in a candlelight worship service Sunday night at 8:15 o'clock.

# SOIL CONSERVATION NEWS

By: Bill Kennedy

Farmers who intend to irrigate wheat should run in their ditches now, since it looks as if we may have another fall and spring like last year. The ground got so hard that several farmers had to get road maintainers to cut their ditches.

Local SCS technicians laid out ditch lines for Parmer SCD cooperators J. G. McFarland and R. W. Pringle last Tuesday. Albert Rolan, who is managing McFarland's farm, went to work with the ditching machine, and said the ground is already get-

ting hard. It will get harder if this dry weather continues.

District cooperators are urged to look in their agreement folders and study the irrigation systems that are drawn out on the topog maps. One map shows the row crop plan, and one shows the drill crop plan. Main ditches appear in blue, and field laterals in red. Row directions are also shown. Ditch lines should be laid out in the fields with a level.

Local SCS engineers will lay out the ditch lines for district cooperat-

ors, but requests should be made a few days in advance. After ditches have served their purpose for the season they should be marked in some way so that they will not be lost when the land is plowed. All cooperators should take note of this, since we can run the lines once.

This is the time of year when requests for well locations start coming in. By next spring we will probably be snowed under with these requests if the weather stays dry, so you farmers who want such locations should make application far enough ahead that we can make the locations on Friday of each week.

For all farmers who intend to plant cotton or expand their acreage, the item below will be worthwhile.

It was submitted by Tarleton A. Jenkins of the regional information division. We have made a few changes in the article to make it more adaptable to Parmer County Soil Conservation District.

FORT WORTH—Louis P. Merrill, regional head of the SCS, has some timely suggestions for farmers who are considering expansion of their cotton acreage in 1951. Merrill fears that some, with the lifting of government cotton restrictions, may undo much of the good conservation work they have accomplished unless they choose their cotton land wisely and take steps to protect it.

Here are Merrill's recommendations for the farmer planning to increase his cotton acreage:

Put cotton only on land suited to the crop. Cotton land should be productive enough for a profitable yield and not easily eroded.

Plant cotton on land which now has a winter legume. Such crops prevent erosion and step up yields from 25 to 100 percent. Increased per acre yields can meet national cotton needs without expanding planting to unsafe land.

Parmer farmers should not plant cotton later than June 8, 1951. Cotton planted after this date generally has little chance for good maturity.

Think it over before plowing up good stands of grass. Farmers often net more from grass than cotton, especially when they make full use of opportunities for grazing and seed harvesting.

In most areas, information on land suited to cotton is available, Merrill said. Landowners can make use of the help that soil conservation districts offer in deciding what land can produce cotton profitably and without damage. In the Plains areas of Texas and Oklahoma, nearly 5,000,000 acres of land now being cultivated are too shallow or unstable for cotton, a crop offering almost no resistance to the forces of erosion.

It is seldom wise to follow cotton with another crop of cotton, Merrill pointed out. However, when it is done, a legume over between crops

will help control erosion and increase productivity.

Farmers have been getting grass-conscious in recent years, the regional director said. More than 250,000 acres have been put in native grasses alone in Oklahoma and Texas during the past two years and still additional acreage in introduced grasses. On nearly all of this land, grass for livestock is the safest and most profitable use, and to plow up such plantings with the questionable prospect of a high cotton yield would be poor business.

Several grasses fit in well with rotations that include cotton, Merrill said. Some of these are blue panicum, weeping and sand lovegrass, King Ranch bluestem and tall fescue.

Merrill also urges farmers keep in mind the other practices that are useful in conservation farming. Planting cotton in alternate strips with tall-growing crops such as grain sorghums is essential in helping control wind erosion in sandy land. Stubble mulching, contour cultivation and terracing help save moisture and prevent erosion.

Soil conservation districts can help farmers needing assistance in making decisions on what lands to plant to cotton and how to use these lands to best advantage, Merrill said.

## Farm Bureau Holds Regular Meeting

Directors of the Parmer County Farm Bureau met Monday night with directors and staff of the Parmer County Community Hospital for the purpose of obtaining an agreement pertaining to local Blue Cross service charges which would restore the original comprehensive service to Farm Bureau Blue Cross members.

Due to alleged abuse of Blue Cross service by hospitals and doctors in some areas, benefits were sharply cut August 1 in such areas for protection to policy holders throughout Texas.

It was pointed out that, according to the record, since the present staff doctor's employe as such, payments to Blue Cross subscribers has been cut almost in half, thus indicating that no abuse of the service exists in the Parmer hospital. An agreement, subsequent to the evidence supported by the figures, was signed, pledging continued fair dealing with Blue Cross, and asking for increased benefits to members of this area.

Blue Cross is the hospitalization agreement of Group Hospital Service, Inc., of Texas, providing such services to subscribing members on a non-profit basis. The bulk of Blue Cross subscribers in the county are qualified through the County Farm Bureau organization, which handles their accounts.

Following the meeting at the hospital, Bureau directors went to the office to complete a business session.

Plans were discussed for delegates attending the annual Texas Farm Bureau meeting in Mineral Wells, November 20-22. Those tentatively authorized to attend as voting delegates are Bruce Parr, newly elected president; Ed Meeks, director of Farwell community; Billie Sudderth, director of Bovina community; and Raymond Euler, service representative, of Friona. All farmers interested in the farm program are invited and urged to attend, a reporter states.

Local officials and members of the Bureau would appreciate hearing from farmers concerning increase of annual dues, from \$5 to \$10. This question will be debated and voted upon at the convention. Dues payable after Dec. 1st can be paid any time prior to that date with a year's membership for \$5, regardless of the decision reached at Mineral Wells.

### NEW HOUSING

New housing started in September totaled 115,000 units, a decline of about 26,000 from August and the biggest August to September decline on record but still the largest number of new units started for any September on record.

## MARY EMMA, J. W. BAXTER CELEBRATE FIFTY YEARS OF WEDDED LIFE, NOV. 15

Fifty years ago on November 15, young Jim W. Baxter hitched up his one-horse buggy, picked up his prospective bride, Mary Emma McCloud, and drove to see Judge Hunt, in Arapahoe, Oklahoma, where the couple was duly and solemnly pronounced as man and wife.

On Sunday, November 12th, the couple, now residents of Friona, celebrated their golden wedding anniversary with a gala open house. At this time, all seven children born to Mr and Mrs. Baxter were present, not to mention 21 of the 24 grandchildren, and two of the nine youngsters who claim the Baxters as their great-grandparents.

After their marriage in 1900, the Baxters homesteaded near Elk City, Oklahoma, where they remained until 1938, at which time they moved to Parmer County, purchasing a farm some four miles northwest of Friona. Five years ago, Jim built Mary Emma a modern stucco house, complete with picture window, in Friona, and it is there that the couple now resides.

Proud and glowing, and not showing their respective 66 and 67 years, (Jim stoutly denied Sunday night that he was 67, only admitting to it after a daughter, Mrs. Miles Robbins, reminded him that his birthday was on the following day, Monday), Mary Emma and Jim spent Sunday afternoon surrounded by well-wishers and their children as they received congratulations and gifts from a large crowd.

Five of the seven Baxter children were boys: L. R., Charlie and Bill, all of whom live in Clovis, Louis, of Chivington, Colo., and Clarence of Springfield, Colo. The two daughters are Mrs. Calvin Martin, of Laar, Colorado, and Mrs. Miles Robbins of Friona.

Helping the couple celebrate the memorable occasion were an uncle, a sister, and a cousin of Mrs. Baxter. Respectively, their names, G. F. Patterson, of Oklahoma City; Mrs. F. L. Clark, of Albuquerque; and Mrs. Cassie Smith, also of Oklahoma City.

Beautiful baskets of huge yellow chrysanthemums were arranged about the entertaining rooms, with a desk bouquet of mums and calendulas on which were mounted golden letters "50". Mrs. Miles Robbins and Mrs. Calvin Martin met the guests at the door, with Mrs. Clarence Baxter in charge of the guest book.

Presiding at the serving table were Mrs. Bill Baxter, Mrs. Louis Baxter, Mrs. L. R. Baxter and Mrs. Charley Baxter. A huge white cake centered the table, with miniature figurines topping it, and the gold and white theme was carried out with the tiny chrysanthemums being arranged at the base of the cake. Flanking the centerpiece were glowing yellow tapers, and the plate napkins bore the names of the honored couple.

Daughters and daughters-in-law had single large chrysanthemums corsages of deep orange-gold, while the honoree wore a shoulder corsage of dainty yellow rosebuds.

As special gifts from their family, Mr. and Mrs. Baxter were the recipients of two lovely occasional chairs from their children, and the grandchildren contributed a large plastic covered hassock which was placed before the desk.

Signing the guest register were Myrtle McGill, C. L. Roberts, Lawrence Martin, Mr. and Mrs. L. R. Baxter, Mr. and Mrs. Clarence Martin, Mr. and Mrs. Earl Black, Joe Baxter, Richard Baxter, Mr. and Mrs. Clarence Baxter, Dwane Baxter, Darrell Robbins, Max Cruse, Charles Baxter, Mr. and Mrs. Calvin Martin, Mr. and Mrs. Bill Baxter, Mr. and Mrs. Miles Robbins, Mr. and Mrs. Louis Baxter, Mr. and Mrs. J. ## Cage Workouts Are Started, Friona

Basketball practice for prospective members of the Friona Chiefs and girls' teams for the 1950-51 season were started last Wednesday under the direction of Coach Raymond Cook.

On Monday, Cook reported that he had some 30 boys appearing for workouts, with only three of the group being returning lettermen. These include Doyce Barnett, Darrell Robbins and Ross Miller, all of whom fans will remember.

On the girls' side of the ledger, only two of the 21 have lettered previously, Ruby Shaffer and Helen Carr, and these two, along with Martha Blankenship, who is a new comer to the sport, are the only seniors on the squad. All other greenhands come from sophomore and freshman classes, Cook added.

The first games of the season come next Tuesday night, when Muleshoe is to bring both boys and girls here, Cook said.

The complete schedule, with the exception of the girls' county tournament, which has not yet been determined, is as follows:

- Nov. 2—Muleshoe, here.
- Nov. 22—Muleshoe, there.
- Nov. 30, Dec. 1-2—Lazbuddy invitation tourney.
- Dec. 5—Hereford, there, two boys.
- Dec. 7-8-9—Vega invitation tournament.
- Dec. 12—Dimmitt, here.
- Dec. 14-15-16—Farwell invitation tournament.
- Dec. 19—Hereford, here, two boys.
- Jan. 12—Adrian, here, conference.
- Jan. 16—Dimmitt, there.
- Jan. 19—Bovina, there, conference.
- Jan. 23—Farwell, here, conference.
- Jan. 26—Lazbuddy, here, conference.
- Jan. 30—Spring Lake, here.
- Feb. 5—Vega, there, conference.
- Feb. 6—Spring Lake, there.
- Feb. 8-9-10—Vega, boys' district tourney.

As usual during the past several years, the boys' conference competition falls into a district bracket, comprising all Parmer teams—Bovina, Farwell, Lazbuddy, and Friona—plus the Adrian and Vega squads, while girls' conference play is county-wide and the winners will be determined on that basis.

## Cold Weather Puts Kink In Harvest

Farmers braved below-freezing weather on Thursday and Friday of last week, as they continued to operate combines in feed fields which had been put in harvesting shape by the hard freeze of November 2nd.

Running a race against possible receipt of moisture which might delay harvesting even later and allow the dry stalks to begin to crumple in the field with consequent loss of grain, combine operators bundled up in five to six layers of clothes and made at least a few token rounds of their fields during the severe two-day cold snap which blew in on the winds of a north wind.

A small scattering of snow was reported in the area, leaving a very light white coating on the ground early Friday morning, but most farmers reported that moisture from the snow itself was not sufficient to hamper harvesting.

Trucks began to roll again in earnest on Friday, and as the weather moderated considerably on Saturday, some slight pile-ups of waiting trucks at local elevators were reported. Practically all of the crop, local grain men report, is going into government storage, with very little being offered on the market.

Yields in general are not running quite as high as had been expected, even on irrigated fields, although there are occasional exceptions—including A. W. Anthony, Jr., who Saturday began cutting a field of kaffir which was turning out some 110 bushels to the acre.

Mr. and Mrs. Frank Spring and family were out of town over the weekend, visiting in Vernon with relatives of Mrs. Spring.

## Home Town Problems Studied By Club

"Home Town Problems", in particular dealing with health and youth were taken up at the regular meeting of the Senior Women's Study Club of Friona, the past Wednesday afternoon, November 8th, when the group met in the Club House.

Dr. Paul Spring, head of the Parmer County Community Hospital, took up city health problems, and in discussing them remarked "I believe that Friona is more capable of handling such health worries than most small cities of our size in this area."

"Youth Problems" were taken up by Mrs. J. T. Gee, with the speaker stressing the idea that Friona could take care of such juvenile delinquency as might exist by "having the vision and will to provide recreational facilities for our young people."

Mrs. Charles Russell led the group present in the club song, and a social hour was enjoyed at the conclusion of the program, with Mrs. Bert Chitwood and Mrs. Earl Black as hostesses.

Attendants included two guests, Mrs. Gee and Mrs. John Guyer, for-

mer Friona residents who now makes her home in Cheyenne, Washington; and the following members, Mesdames Estes Bass, Earl Black, Ed Bogges, M. B. Buchanan, Joe Collier, Wesley Hardesty, G. L. Hough, Spencer Hough, Ervin Johnson, Raymond Jones, Pearl Kinsley, Roy Slagle, Bertie Stowers, Fred White, J. C. Wilkerson, George E. Meyer, Jake Lamb, O. F. Lange, L. F. Lillard, Lem Miller, J. F. Miller, Mary Officer, S. S. Pritchard, Frank Reed, F. W. Reeve, Chas. Russell, Floyd Schlenker, A. G. Schakelford, J. L. Shaffer, Caroline Bowers and Bert Chitwood.

## Visiting Pastors Speak At Church

Carrying out a preaching mission, visiting pastors, some of whom formerly served the local pastorate, are taking the pulpit at the Friona Methodist Church this week in a series of special meetings slated to conclude on Sunday night, November 19th.

The services opened on Sunday with worship services at both the morning and evening hours, and are being held nightly during the week, beginning at 8 o'clock.

Dr. Earl G. Hamlett, of Amarillo, district superintendent, will have charge of the service tonight (Wednesday); with Rev. H. D. Seago, formerly of this city, and now of Abilene, speaking on Thursday evening, Friday night will be turned over to

Rev. W. A. Alping, of Denver City; Rev. Don Davidson, of Hereford, is the Saturday speaker; and Rev. Chas. Lutrick, of Vega, will conclude the mission series on Sunday.

All residents of Friona are cordially invited to hear these visiting ministers.

## Local Ladies Are Guests At Bovina

The Bovina Woman's Club entertained members of the Senior Woman's Club of Friona, the past Thursday afternoon, with the program and social being held in the parlors of the Bovina Baptist Church.

A very entertaining program, featuring a speaker from Latvia, who is in the United States attending college at Canyon, was enjoyed.

Attending from Friona were Mesdames Spencer Hough, Wesley Hardesty, Pearl Kinsley, J. F. Miller, F. W. Reeve, Chas. Russell, Roy Slagle, Fred White, Mary Officer, Geo. E. Meyer, Caroline Bowers, M. B. Buchanan and Bert Chitwood.

## Attend Homecoming

The homecoming celebration held at Texas Technological College in Lubbock during the weekend drew a number of visitors from Friona, including Mr. and Mrs. J. T. Gee and family, Mr. and Mrs. Dan Ethridge, Misses Vera Ann Jones, Denise Magness and Ruby Shaffer, and Jerry Rogers, J. Vonne Fulks, and Mr. and Mrs. Chas. Lewis Jones.

## Blizzard Keeps Visitors Away

The season's first blizzard apparently discouraged Lions from other chapters over the area from attending a special meeting planned by the local group the past Thursday night, Wesley Foster, program chairman, said today.

Plans had been made to honor officers of the visiting clubs, but weather conditions kept the visitors at home, Foster admitted. Nearly 50 local Lions turned out for the meeting, with a turkey dinner being served to the group.

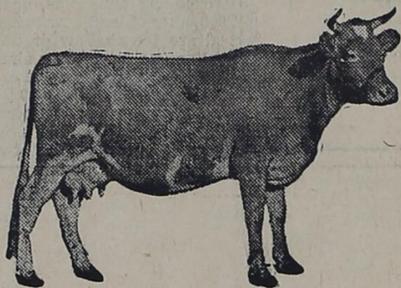

## WSCS Meets Tuesday For Book Work

Members of the Women's Society for Christian Service, of the Friona Methodist Church, met at the church annex on Tuesday afternoon of this week in regular session.

Highlight of the afternoon was a book review given by Mrs. J. T. Gee, the title of which was "So Sure of Life". The book dealt with conditions of life in rural Tennessee.

day the past Tuesday afternoon, November 7th, with a number of youngsters being entertained at the Johnson home near Friona.

Following games the children were given favors of small plastic horns and brightly-colored balloons, and refreshments of birthday cake and ice cream were served to Eric Vance, George and Janet Rushing; Sharon, Floyd and David Reeve; Tom Gee, Merlene and Marcia Lynn Massey; Rex, Jan, and Jim Roy Wells; Karen Sue Osborn and Judy Crume.

**Intermediate G. A.'s Meet On Tuesday**

Members of the Intermediate G. A. Group of the Baptist church held a regular meeting at the church on Tuesday afternoon of this week, at which time the "World Comrade" program was presented, with girls of the seventh grade group in charge.

Mrs. H. T. Magness, sponsor of the girls, said this week that the members had been making cookies, candy, and popcorn balls on "Work Days", with packages being sent to local boys now in uniform.

**Visit In Farwell**

Mr. and Mrs. Vance Crume and Judy were in Farwell, the past Friday, where they attended the homecoming football game between the Farwell Steers and the Spring Lake Wolverines. During the evening, Mr. and Mrs. Crume attended festivities at the school, where a barbecue was served to around 200 former students and teachers of the school. Judy visited her grandparents, Mr. and Mrs. W. H. Graham.

**TO SPEAK SUNDAY**

Rev. James Tidwell, pastor of the Friona Methodist Church, has ac-

cepted an invitation to deliver the sermon at the Shrine Fall Ceremonial which will be held in Amarillo next Sunday night, November 19th.

**Visits Here**

Mrs. Viola Bandy, who is employed in Amarillo visited during the weekend with her daughter, Mrs. Clara Belle Horner, and son, Bill Bandy, and family in Friona.

**Weekend Guests**

Mr. and Mrs. Emmett Day were visitors in Amarillo on Saturday, and were accompanied home by their daughter, Miss Tila Rue, and her roommate, Miss Betty Wood, both of whom are taking nurse training at Northwest Texas Hospital. The girls returned to Amarillo on Sunday afternoon.

**Bible Study Tuesday**

Members of Circle 1, of the Baptist W.M.U. held a regular meeting at the church at 3 o'clock on Tuesday afternoon of this week, at which time the program featured the Bible study. Mrs. Wesley Hardesty was in charge of the afternoon program.

**CAUGHT IN BLIZZARD**

Lee Parker, local resident who does hauling, carted a load to the wrong place last week, apparently, when he made a trip to Colorado and Montana and was caught in the season's first full-fledged blizzard. Parker called in home, reporting that he was unable to continue his trip home until the roads were cleared, and finally returned here on Monday night.

**Visit In Lubbock**

Roy Wilson, of the City offices, and Glenn Sparkman, were in Lubbock on Monday, attending a meeting held for men over the district concerning city waterworks programs.

Miss Betty Zon Ashcraft spent the weekend visiting with relatives and friends in Bovina.

**-SPORTS-**

**THANKSGIVING DAY CLASH FEATURES GRUVER, BOVINA, IN TITLE PLAY**

The Bovina Mustangs, undisputed rulers of District 2 in six-man football, will be guests of the Gruver squad, champions of District 1, at Gruver on Thanksgiving Day, when the two teams will battle it out for the bi-district title.

R. E. Everett, principal of the Bovina school, made the announcement this week, following the opening of sealed bids which were submitted by the two competing schools for the game.

Under the able direction of Coach Clovis Ratliff, Bovina has plowed a wide row through all opposition in District 2 this year, dumping Lazbuddy, Pettit, Three Way, and Bula as they went unhampered down the road toward their second consecutive district championship, and in a special try-out of eleven-man play, they came within a hair-breadth of upsetting the Farwell Steers when the teams played on the local gridiron.

Looking backward, it was at the same time of year that the same two teams met at Bovina last year for the bi-district scramble, and Gruver edged a strongly-contending Mustang sextette to cinch the honor. Rivalry will naturally be strong among the teams this year, but there is little actual pre-game comparison of their caliber, since neither has met any of the teams contacted by the opposition.

In District 1, Everett said that the race for the title had been exceedingly hot, with Gruver just nosing the

title last week by taking out a strong contender, Darrouzett, in a 23-20 battle. Gruver has dropped one game in conference play, losing their first round with Darrouzett, 19-18. Other teams in the district include Follett, Miami, Sunray and Booker.

Strong men of the Gruver team, Everett reported, following a scouting trip to that city last Friday, appear to be Hart, Schraeder, Fox and Sanders, all of whom are seasoned players. The Mustangs rely strongly on well-versed Hromas, Derrick and Denny.

Game time next week will be at 2 o'clock, with three officials handling play, and a large contingent of Bovina followers is already making plans to follow the Mustangs to Gruver.

The team winning the bi-district clash will go on to play the winner of the District 3-4 title bout for the regional crown, Everett said. Last reports indicated that Wilson appeared to be leading District 3, but there is no information available locally on District 4.

Having soundly trounced Lazbuddy, 64-22, last week, the Mustangs will wind up their season of regular contests on Friday night of this week, when they will play Bula.

Miss Patsy Cobb who is attending beauty college in Amarillo, and Thos. Cobb, in the Army, stationed at El Paso, were weekend guests in the home of their parents, Mr. and Mrs. Giles Cobb, in Friona.

**FARWELL STEERS PLACE FIFTH TEAM IN 3-B CONFERENCE AS FOOTBALL SEASON ENDS**

The Farwell Steers ended their 1950 football season when they met Spring Lake last Friday afternoon in the final conference game of the season, and the 14-14 tie placed the locals in fifth place in the six-man conference. They were trailed by Friona, in the cellar position.

The game originally scheduled with the Clovis B team for Friday night was cancelled, ending football action for the Farwell squad.

Beginning the season, the Steers played their first game at Melrose and drew a 12-12 tie, giving the Steer boosters some bright hope for the ensuing games, but the next encounter was with a bigger, more experienced team, and the Sundown eleven dumped the locals to the tune of 18-2.

The Steers then met Dimmitt in the first home game of the season, dedicating the new Farwell stadium, and the visitors, one of the top teams of the conference, drubbed the locals, 54-0.

Discouraged by their setbacks, the Steers opened hostilities with Olton in their next match, only to loose 69-12, and then fell before the Sudan attack, 34-7.

But the Farwell eleven came out from under when they played their age-old rivals, Bovina, in a close non-conference scramble. Defending their honor in the last seconds, the Steers eked out a 14-12 victory. The next week, they pulled another one out of the fire and came from behind to upset Friona, 20-19, in their first—and only—conference win.

With two games yet to go, the Steers hit their stride in the Friendship game, chalking up 26 points and whitewashing the opponents.

The last game, against Spring Lake, was a hard-fought battle to the finish, with the final score ending in a tie, 14-14, although the visitors took the game by penetrations, to hold their fourth place conference rating.

Looking back, Coach Tommy Hestand feels that the squad this year which was, in the main, inexperienced, has had a fairly successful season.

Hestand states that the current team will be minus seven seniors in 1951, with all the coming graduates making a name for themselves this year. Through with high school football are John Christian, Jerry Pool, Bob Gerles, Beryle Nix, Harold Doshier and Leon Meeks.

Coming out for 1950 football were Harold Doshier, Ronny Dial, Beryle Nix, John Christian, Donald Jesko, Jesse Coburn, Rex and Jerry Pool, Donald Pipkin, Bob Gerles, Darrell Norton, Pike Jordan, Dennis Raney, Leon Meeks, Doyle Vaughn, Buil Dollar, Junior Poteet, Charles Phillips, Bobby Joe Crume, Frank Gulley, Ted Magness and Gerald Curtis.

League standings this week are: Olton, 1st; Dimmitt, 2nd; Sudan, 3rd; Spring Lake, 4th; Farwell, 5th; and Friona, 6th.

Sudan and Olton meet this weekend to determine the district champ.

**Farwell Girl's Team Win First Game Of Season From Bula**

Members of the Farwell girl's basketball team won their first encounter of the season, 29-25, when they met Bula last week, though at the beginning of the game it looked as if they might keep the low end of

the score. At the close of the first quarter, the Bula squad was leading the locals to the tune of 7-4, and the next period of play didn't improve matters as the Farwell girls tallied only one free shot while Bula racked up three field goals, leaving the score 13-8.

The battling Bula sextette maintained their lead during the third period of play, chalking up eight more points, and went into the last canto leading by a 21-13 score.

Farwell came out from under in the final quarter and rallied to tie Bula, 25-25, as the whistle blew. In the overtime, the locals tallied four points while blanking Bula and took the contest.

High scorer for the Farwellites was Betty Foster, who bagged a total of 16.

Starting for Farwell were Caryetta Grissom, Betty Foster and Irene Hardage, forwards; Bobbie Christian, Kayla Felts and Rose Hines, guards.

The B string also played Bula and came home with a 14-11 victory.

**Bovina Takes Friona In Cage Opener**

Two practice games opened the season for the Bovina cage girls on Monday night, Coach R. E. Everett reported on Monday, his girls having cleaned Friona players.

Both A and B strings were in action, Coach Everett reported. Final tally for the senior game was 35-28, and the B girls took their match, 45-18.

Some eighteen girls are reporting for workouts under Coach Everett, and fans will remember both Pounds and Looney who are among the starters.

Conference play will not get underway until January, the coach added, with the complete schedule to be released shortly.

The boys' squad, under the direction of Clovis Ratliff, will not begin basketball workouts until they conclude their football season.

**Yearlings Lose To Spring Lake Thursday**

The Yearling football team of the Farwell schools lost to the Spring Lake junior team Thursday night, by a top-heavy 21-6 count.

Tomorrow (Thursday), the locals will wind up the 1950 season, as they go to Spring Lake for a return game, slated for 2:30 in the afternoon.

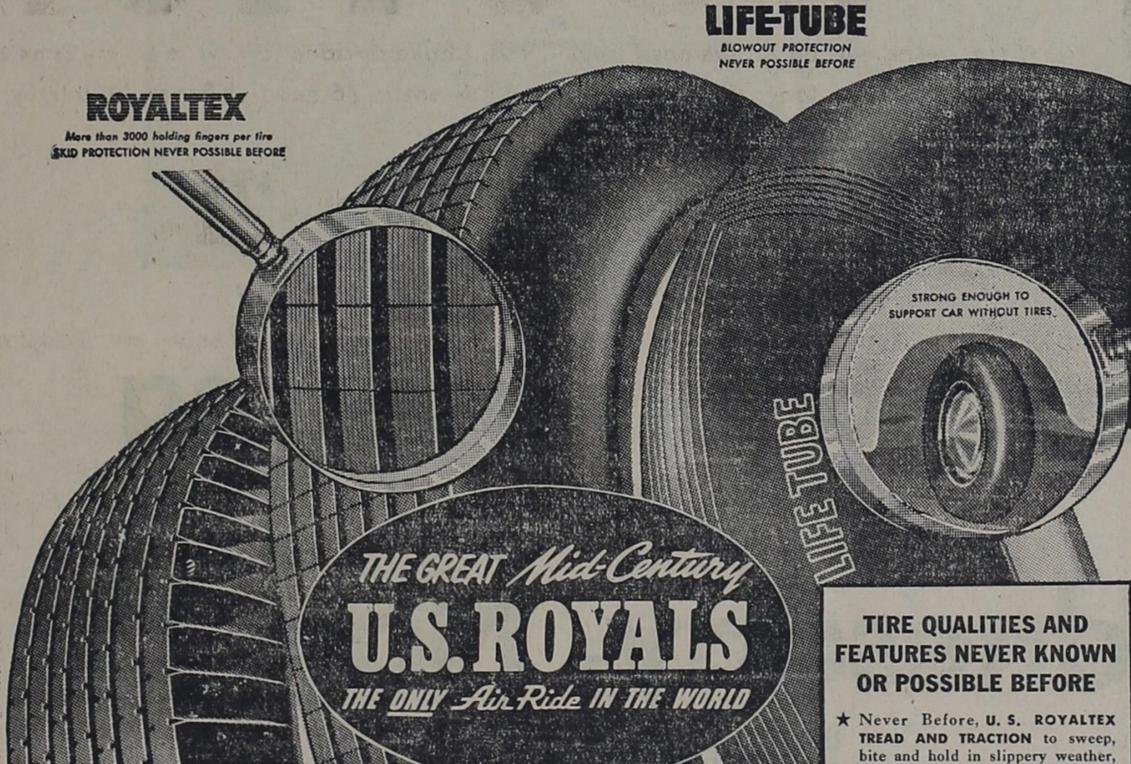

In last week's game, the Yearlings were hampered by cold weather, it was reported by Coach S. S. Jobs. Gene Hardage scored the only touchdown for Farwell.

The juniors will begin basketball practice on Friday, November 17.

**LETTERMEN NAMED**

Coaches Tommy Hestand and Kenneth Livingston announced today that the following boys had lettered during the just-closed 1950 football season for Farwell: Harold Doshier, Ronnie Dial, Beryle Nix, John Christian, Donald Jesko, Jesse Coburn, Donald Pipkin, Jerry and Rex Pool, Bob Gerles, Darrell Norton, Pike Jordan, Dennis Raney, Leon Meeks, Doyle Vaughn, Buil Dollar, Junior Poteet, Charles Phillips, Bobbie Crume, Fred Magness and Gerald Curtis. Billy Don Crume will receive the manager letter.

## Jones Recommends New Insect Pest Treatment

Joe Jones, county agent, says to look on the market for a new treatment for the control of the destructive livestock insect pest, the screwworm. It has been developed by the USDA's Bureau of Entomology and Plant Quarantine at their Kerrville laboratory. The new treatment is known as EQ 335 screwworm remedy and has been highly recommended, Jones states.

The new remedy will replace the old reliable Smear 62 formula that has been used for the past 10 years.

The formula for EQ 335 contains by weight 3 percent of the powerful new insecticide, Lindane; 35 percent pine oil, 42 percent white mineral oil, 10 percent emulsifier and 10 percent silica gel.

J. A. Deer, of A&M College, says production of the new remedy is ready to start immediately and there will be smears of different consistencies on the market depending upon the type of emulsifier used. He says any of the smears contain the 3 percent lindane and the 35 percent pine oil and will be effective even though the other items in the formula vary somewhat from the original.

Here are the advantages listed for the new smear: It will not deteriorate upon standing; an application usually lasts for seven days, or about twice as long as an application of Smear 62; treated wounds heal rapidly and the lamp black and other coloring chemicals that stain clothing, wool or hair are not found in the new remedy; the treatment kills maggots deep in the wounds, young maggots as they hatch from eggs

and flies attracted to the found to feed or lay eggs.

Also, Jones points out that the new remedy has been tried on thousands of animals during the past four years and none have been injured. He says however, that young animals, especially calves, may become sick if the treatment is not applied properly. The smear should be applied with a small paint brush and only the wound and a narrow strip of an inch or less about the wound should be treated.

Livestock producers are urged to use good livestock management practices and to be on the alert for infestations of screwworms because the use of the new remedy alone will not give screwworm control. Infested animals should be treated at once and operations or other livestock management practices that cause wounds should be avoided during the screwworm season.

The same formula can be diluted with water one part of EQ 335 with nine parts of water, and used to treat sheep that are infested with wool maggots. The liquid should be applied to infested portions.

Jones says screwworms have caused heavy damage this year in Texas and since the weather stays warm over most of the state, further damage can be expected. The new smear will soon be available on the market and Jones recommends its use.

Check the container label, he emphasizes, to be sure the product you

buy contains the 3 percent lindane and 35 percent pine oil by weight, for these are the items that give the smear its kick.

## Dairy Improvement Assn. Releases Oct. Herd Statistics

The Dairy Herd Improvement Association of Parmer County released herd statistics for the month of October this week, according to Joe Jones, county agent. Twenty-two herds are included in the association.

In the three high herds was a Holstein group owned by W. E. Martin, which was first in milk production, with an average of 840 lbs. of milk the past month. Humphrey's Dairy, also with Holstein cows, placed second with 720 pounds.

Leading in butterfat production was the Brown Swiss herd belonging to Martin Fulcher, with a 31-pound average.

The ten high cows in milk production were all Holsteins, including seven belonging to Humphrey's Dairy: Carmen, Lidia, Margaret, Ruth, Sona, Cleo and Deloris.

Queen, belonging to Roy V. Miller, also placed; and Mary and Hart, owned by W. E. Martin & Son, were included in the top ten.

Among the 10 high ranking cows in butterfat production was the Milking Shorthorn, Glenside, belonging to Eugene Boggess; Hart and Mary, Holsteins, of the Martin & Son herd; Queen, Holstein, and Peaches, Jersey, owned by Roy V. Miller; Ruth, Carmen and Margaret, all Holsteins, Humphrey's Dairy; and two Brown Swiss, Betty and G 704, owned by Martin Fulcher.

Listed in the group of cows that produced from 50 to 60 pounds of butterfat were animals owned by Roy V. Miller, John S. Thompson, C. S. Crow, D. C. Burnett, Martin Fulcher, W. E. Martin & Son, Herbert Boardman, M. G. Caywood, R. C. Childers, Humphrey and ELLS, Virgil Teague, Humphrey's Dairy, Grady Hazlewood and Clark Jarnagan.

Owning cows in the 50 to 60 lb. class were Jarnagan Miller, Crow, Fulcher, Humphrey's Dairy, Martin & Son, Boardman and Caywood.

Only five cows were included in the 60-to-70-lb. butterfat production ranking, owned by Humphrey's Dairy, Fulcher, Martin & Son.

Three cows made the 70-lb.-and-above rating, belonging to Martin & Son, Miller, and Eugene Boggess.

### GIRLS ENDING PROJECTS TO GET 4-H PINS

"Each girl who finishes her projects, exhibits, and completes a record book will receive a pin," said Miss Zola Watkins, home demon-

stration agent, Tuesday, in a meeting with the Texico 4-H girls. Instructions were given for the completion of record books.

Election of new officers will be at the next monthly meeting.

Girls completing their projects include Susan Levins, Carolyn Curd, Mikala Faville, Joyce Gillian and Betty Crawley.

### LONGHORNS SELECT FOOTBALL SWEETHEART

Miss Leota Mahan has been selected as sweetheart of the 1950 Lazbuddy

by Longhorn football team.

She was crowned in a half-time ceremony Thursday night at the Lazbuddy-Buia football game. At conclusion of the ceremony, she was presented a gold football engraved with "Football Sweetheart 1950" and she also received a white mum corsage.

What we can't understand is how nature takes care of things, even though they may happen years and years later. For instance, look how our nose and ears are located, just to hold spectacles.

**Girls Pay The Bills  
As "TWIRP" Season  
Opens At School**

"It's the Girl Who Pays" all this week at Farwell schools, as official

"Twirp Season" gets in full swing. Beginning on Monday and concluding Friday this is the second year of such activities. It has been said that girls are always one of three things—hungry, thirsty, or both; now the Farwell

femmes have a chance to find out about the weaknesses of the boys—if their pocketbooks hold out! The girls ask the boys for dates, take them to the candy store, pay the way to all activities, and even go after them for dates. Some of the lucky young lads receive corages on the night of the big party ending the season.

The "twirp" party will be held Friday night at the Home Economics building.

**Annual Staff Begins  
Class Page Layouts**

Annual staff members at the Farwell school began lay-outs for class pages recently, Caryetta Grissom editor, reports.

Staff members had to wait for the class pictures to be returned from Schugart's studio in Levelland before they began the group pages. The pictures arrived on Monday. Dummy pages for the book have already been completed, Miss Grissom says.

**HARVEST TIME BREAKFASTS**

For harvest time breakfasts, surprise the family with a pumpkin face coffee cake. After a yeast dough has risen once, roll it to 1/2 inch thickness. Cut a pumpkin-shaped coffee cake, and use leftover portions of the dough to make the pumpkin stem. Place on greased baking sheet. Let rise until doubled (about 1 hour). With pastry wheel or dull edge of knife, press lines in dough to resemble pumpkin sections. Bake in moderate oven (375 degrees F.) 20 to 25 minutes. When cool, ice with confectioners' sugar icing and make pumpkin "eyes", "nose" and "mouth", with raisins, currants and candied fruit peel.

**COINS**

To meet the demand for pennies and other coins, the Philadelphia Mint is working overtime. Edwin H. Dressel, superintendent of the Mint said the demand for coins, especially pennies, "came up so quickly" that stepped-up operations became a necessity.

Pictured above are Crawford Eagle and Grace Van Winkle, who presented their "Revue in Miniature" at Farwell schools Monday morning. Fourteen acts summed up the program, and W. M. Roberts, principal, stated, "It was the best program we have had in conjunction with the Southern School assemblies."

**TASTY BREAD STUFFING**

Tasty bread stuffing makes the holiday bird go farther, and at the same time adds a food that's traditional on the menu. The enriched bread base also contributes an extra portion of B-vitamins and iron for good nutrition. To make the stuffing, mix together 4 cups toasted enriched bread cubes, 1/4 teaspoon pepper, 1/2 teaspoon poultry seasoning, 2 teaspoons melted fat, 2 teaspoons salt, 1 slightly beaten egg, 1/4 teaspoon minced onion, and 1/3 cup boiling water. Blend mixture thoroughly. If a dry, crumbly dressing is desired, water may be omitted. When making a moist dressing add 2 teaspoons baking powder to prevent soginess.

The U. S. Weather Bureau predicts a warm November for the whole country, with the exception of the Pacific Northwest, Rocky Mountain and Northern Plains States. Warmest weather will be in the Middle Atlantic States and the Southwest.

## SPRING LAKE WOLVERINES TIE HORNS WITH FARWELL STEERS AT HOMECOMING

The Steers tied their second football game of the season Friday afternoon on their home field, when Spring Lake and the locals both pushed over 14 points.

The last conference battle for the Steers, it was a close call in several instances of play. Playing to a capacity crowd of Homecoming exes, the locals came out from under and really put on a show.

Played in freezing weather, both teams were handicapped by the cold, but Farwell as well as Spring Lake gave an excellent display of ball handling.

The Steers have been on the defensive most of the season, tying their first game with Melrose and maintaining a losing streak, until three weeks ago, when they won over the Bovina Mustangs. Since that time, they have won all encounters, including Friona and Friendship, then tied Friday's tilt.

The favored Spring Lake squad began their offensive strategy early in the game when they scored in the first quarter. With the pigskin resting on the 15 yard line, Barrett took the ball and broke through the line over the last chalk mark for a score. Watson, offensive demon of the opponents ran the extra point.

The most spectacular play of the game, however, was when Donald Joe Pipkin, tackle for the Steers, made the best drive of the afternoon and carried over the line two yards for a counter for the locals. Pipkin really hit the line; it was the first time he had ever carried the ball and he made the most of it. The Steers made the extra point.

The second quarter was scoreless, but not inactive. Rough and tumble play continued throughout with both teams battling for the lead.

In the third quarter, Spring Lake made its second score, when Barrett drove through the line for seven yards to paydirt. The conversion was good.

Pipkin came to life again in the fourth quarter. Pool had run 33 yards to the two yard line and Pipkin pushed through for another counter, going over the line standing up. Pool ran the extra point for the Steers.

The most exciting part of the thriller came in the last three minutes of play, when the Wolverines drove down to the Steers' three yard line, lacking only one yard for first. With fourth down coming up, the opponents hit the line with all their strength, the crowd was tense as the officials took the measurements to find the ball lacking only two inches for a first.

Farwell took over on their own two, and making only short gains, finally drove to the 29 yard line before the whistle blew.

Spring Lake topped the Steers on paper, with Farwell making only seven first downs to the opponents 17, and the Steers making 2 penetrations and the Wolverines making six.

Both teams were playing on the ground with the opponents gaining 302 yards and the locals gaining 202. Sparkplugs of the Spring Lake team were Barrett and Watson, who made outstanding ground gains during the entire period of play.

Pool maintained his usual style of

flashy running, picking up 50 yards on Farwell's first three plays of the game, and making steady gains throughout the encounter.

All the team played good defensive ball, with Dial chalking up a noteworthy number of tackles, followed closely by Christian, Doshier and Pool.

Several fumbles were in the books for Spring Lake, who recovered only once on a misplay. Farwell made only one fumble.

The Wolverines were playing a penalty game, chalking up 50 yards, against them, while Farwell only lost five yards in penalizations.

**First Quarter**  
The Steers kicked off to Spring Lake and began the "fight to the finish" battle that ensued for the length of the game. With Nix punting, Watson retrieved the pigskin on the 45 yard line and took it to the 47 where he was nailed by Nix and Pool.

With a first and 10 to go, Watson again took the ball and picked up four yards for a second down and 6 yards to go before Doshier caught him.

Barrett carried through the center of the line for three yards, Nix and Christian tackled him. There was a question on the play and the Steers drew a five yard penalty for offside.

The Wolverines had second down and only one yard to go for a first. Watson took the pigskin and swept through on an end run for a first down and ten yards to go before Doshier hit him.

Barrett was the sparkplug on the next play, picking up 20 yards on an end run before Pool could nail him. A penalty against Farwell was refused.

The Steers were still making ground with a first down and 10 yards to go on the 19 yard line. Not to be stopped, Watson picked up 5 yards; Christian tackled him.

With the ball resting on the 15 yard line and a second down with 5 to go for a 1st Barrett sailed through the line for the first touchdown of the game.

Watson then took the pigskin again, this time to make the extra point for the Wolverines, making the score 7-0 favoring the Wolverines.

Barrett kicked for the Spring Lake eleven; Doshier picked up the pigskin and smashed to the 43 yard line before he ran up against Crawford. With a first down and 10 yards to go, Pool drove through on an end run, it looked as though he would be downed any minute, but he twisted and turned for 15 yards before Watson tabbed him.

On the 39 yard line, the Steers had a first down and 10 yards to go. Pool carried again and surged through the line for 13 yards and another first down with 10 to go, before Matlock caught him.

On the 27 yard line, Pool carried for the third consecutive time and this time picked up 22 yards placing the ball on the 6 with a first and goal. Crawford stopped the play.

The Farwell team displayed superb blocking for the Steer ground gainer during their march for the goal line. Five minutes of play remained in the first period of play.

There was a red flag before play

actually began on the next round and Spring Lake was penalized half the distance to the goal line placing the pigskin on the 2 with first down and goal to go for the Steers.

Donald Pipkin, who played tackle for the locals took the pigskin and went over the line for paydirt for the Farwell eleven, hitting the line with tremendous strength. The extra point was good giving the Steers a tie in the first quarter of the ball game. Score, 7-7.

Nix kicked for the Steers and Crawford picked up the ball, but was dropped by Dial and Christian before he made it past the 25 yard line. Barrett drove through the line for 4 yards gain and was stopped by Dial.

Second and six yards to go for the Wolverines and Higgins handed off to Barlow for seven yards on their forward trek with Pool stopping the play. First and ten on the 35 and Higgins handed off to Barrett who picked up three yards for a second down with seven to go before Pool tackled him, on the 39.

Raney stopped Higgins on the next play, after the opponents made a 10 yard run for a first down and ten yards to go on the 49 yard line. Watson carried on the next play, but the Steers were a stone wall, with Dial and Doshier hitting the Spring Lake man for no gain.

Barrett fumbled for the Wolverines and Spring Lake's Crawford recovered, giving the opponents a 3rd down and four yards to go. Watson then took the pigskin for a first down and 10 yards to go on the 39 yard line. Barrett fumbled again and Doshier covered the pigskin for the Steers.

The locals took over on their own 40 with a first and 10 yards to go, but Pool fumbled and then recovered; the Steers were thrown for a two yard loss. The quarter ended with the score standing 7-7.

**Second Quarter**  
With second down and 12 yards to go the ball on the 41 yard line, Jordan picked up seven yards before he was downed by Hargrove, making the count third down and five yards to go for the Steers.

Geries then picked up two yards for a fourth and three, then Geries kicked low for 41 yards and the ball went out-of-bounds on the 18 yard line. Watson took the pigskin and downed by Dial and Christian, there was a question on the play.

The Wolverines drew a five yard penalty for a backfield in motion giving them a first down with 15 yards to go. Crawford made only one yard before he was downed by Jordan and Dial, giving Spring Lake second down and nine yards to go. The Wolverines then picked up six yards on the next play.

Watson carried for a 3rd and three; Dial and Doshier dropped him. Barrett made one yard for a fourth and two with the ball resting on the 28 yard line.

Barrett again took the pigskin and raced to the 41 yard line before Norton tagged him. With a first down and ten yards to go, Watson took the ball and made a five yard gain with Doshier and Pool stopping him.

Norton and Pool caught Watson on an end run after a three yard gain. On the third down, the Wolverines went over for a first down and ten yards to go on the 49 yard line.

Watson took a hand-off, then tried a screen pass to Smith, which was incomplete. With second and ten for Spring Lake, Dial dropped Higgins for no gain, giving the opponents 3rd down, and still ten yards to go.

On an end run, Watson picked up 13 yards to the 38 yard line before Christian hit him. With first and ten Barrett took the ball and Jordan and Meeks tackled him.

With a question on the play, Spring Lake drew a five yard penalty for backfield in motion, giving them a first down and 15 yards to go with the ball resting on the 42 yard line.

On the next play, Watson twisted and turned through the center of the line, Christian slowed him up, then Pool tackled him, after a nine yard pickup.

Second and six yards to go for the Wolverines, Barrett made five yards,

but Doshier and Jordan stopped him before he went over for a first. The ball rested on the 28 yard line, then Higgins made a 1st and 10 for Spring Lake on the 25.

An offside penalty against Farwell was refused on the next play. Spring Lake covered 10 yards, and with a first down and ten yards to go on the 15 yard line, Barrett picked up three for a second and seven before Pipkin downed him.

With the pigskin resting on the 12 yard line, Barrett carried and was hit by Dial. There was a question on the play and Spring Lake was fined five yards for backfield in motion. Second and 12 for the foes, and Dial stopped Watson after a seven yard gain.

Third down and five to go and Barrett was thrown for a one yard loss, making the count fourth down and six yards to go. The Wolverines drew five yards penalty for coaching from the sidelines. Barrett tried for a 1st, but Jordan stopped him and the Steers took the ball on the 25 yard line.

Pool gained four yards, Higgins nailed him. Second and six for the locals and Pool handed off to Norton who made 12 yards on an end run. A fumble on the next play was recovered by Spring Lakes' Davis.

With first down and 10 yards to go, Watson made eight yards for a second down and two yards to go before Pool hit him.

A pileup of Nix, Christian and Pipkin stopped Watson after a 3-yard gain for a first down and 10 yards to go on the 25 yard line. Barrett was hit by Dial after an eight yard gain, then the Wolverines drove through for another nine yards.

Second down and only one yard to go and the ball rested on the 15 yard line. Watson picked up a first and 10 on the nine yard line; Christian hit him.

Barrett carried through the center for three yards giving the opponents second down and goal to go. Lacking seven yards for paydirt, the whistle blew for half. Score, 7-7.

**Third Quarter**  
Spring Lake kicked to Farwell. Jordan rammmed through the center of the line to the 30 for a first down and 10 yards to go. Geries handed off to Norton, who was thrown behind the lines for a two yard loss.

Geries' pass was intercepted by Spring Lake's Dent and the Wolverines took over on the 30 yard line. With a first and 10, Barrett carried for one yard, then on the next play the ball went over the line for a first down for the Wolverines before Pipkin stopped the drive.

The ball rested on the 20 yard line and Barrett carried for the opponents. Spring Lake was penalized 15 yards for clipping, giving them a 1st down and 20 yards to go.

On the first play after the penalty a pass to Barrett was complete for a 25 yard gain. The pigskin was on the 7-yard line with second down and goal to go.

Barrett drove over the line to paydirt for the Wolverines. The extra point was good. The score stood 14-7, in favor of the opponents.

Barrett kicked to Jordan who raced to the 41 before he was downed. With 1st down and 10 yards to go, Jordan carried again for a four yard gain before Higgins caught him giving the locals second and six. Jordan handed off to Norton, Dent downed him. Spring Lake drew a five yard offside penalty.

With second down and only two yards to a first, Pool gained seven yards for the Steers. With the pigskin on the 45, Pool made 4 yards on an end run, then took the ball again for a 1st and 10 on the 35 before he was stopped by a Spring Lake pile-up.

Still driving toward the goal line, Pipkin was downed by Smith after a 4-yard gain, making it 2nd and 6 for the locals on the 31. Pipkin handed off to Norton, who was downed for a yard loss by Barrett and Hargrove.

Third and 7 yards to go for Farwell, Pool passed and Spring Lake's Dent intercepted. Higgins picked up 6 yards for a 2nd and 4 yards to go,

then Watson made 3 yards to be stopped by Nix.

Third down and only one yard to go and Barrett made a 1st on the 39-yard marker. Watson carried for 3 yards, and Pool knocked him into the ground as the whistle blew for the quarter. Score 14-7.

**Fourth Quarter**  
Higgins carried for a 1st down on the 50 before Christian hit him, then Higgins passed incomplete to Smith. A pass to Barrett was incomplete for 12 yards and a first and 10. Spring Lake was penalized 15 yards for holding on the next play, giving them 1st down and 25 yards to go.

Higgins handed off to Smith, who fumbled giving the ball to Farwell's Meeks. Pool bucked the line for five yards, then Pool carried again and with brilliant broken field running made 33 yards before he was hit on the two yard line.

Pipkin received the pigskin on the next play and repeated himself by going over the line for another score for the Steers. Every minute, it looked as though he was downed, but he kept going and went over standing up. Pool ran over the line for the extra count, tying the game, 14-14.

Nix kicked to Crawford who was hit by Pool then Watson carried and was stopped by Doshier for a one yard loss. Second and 11 yards to go on the 29 yard line for the Wolverines, and Higgins sent a screen pass to Smith who made 12 yards before Pipkin nailed him. First and 10 on the 41 and Higgins passed incomplete to Stock-

still. Dial stopped the next play on the 50 and Barrett made a first down and 10 yards to go on the 51; Pool tackled him. A pass to Sockstill was incomplete; then Barlow was dropped on the 38 by Norton.

First and 10 and Barlow made 8 more yards before Dial nailed him, then Spring Lake made a 1st on the 28. Crawford took the ball for a 3-yard gain; second and 7 to go, but Barlow was dropped by Dial for no gain. Barrett raced to the 12 yard line.

Three minutes were left in the ball game. Higgins passed to Barrett who drove to the three yard line and was hit by a pile-up. On the 4th down, spectators were tense, but Farwell's line held. Everyone held their breath as officials took measurement and found the ball only three inches short for a first.

Farwell took over on their own 2. Pool carried for one yard. Second down and 9 yards to go on their own three; Pool sent a screen pass to Geries incomplete. The ball was still on the 3-yard line, time was playing out.

A pass from Pool to Doshier was incomplete, then Spring Lake drew a 15-yard penalty for clipping. With 1st down and 10 yards to go with the pigskin on the 41 yard line, Pool passed incomplete to Coburn. Then Geries pass to Pool was incomplete.

Raney made 12 yard for a first on the 29, then Pool made seven yards for a 2nd down and 3 yards to go.

With second left, Geries passed incomplete to Meeks. Final score 14-14.
