## Farwell Band Invited To Participate In "Band Day" at Fair

Every day will be a "good day" to attend the Tri-State Fair, and every day will be a "Band Day" on the Fair grounds, just east of downtown Amarillo, from Sept. 24 through 29, it has been announced.

Band groups from 48 towns have been invited to attend the fair, provide an impromptu downtown parade and participate in the fun at least one day. Don Schomburg of Amarillo who has supervised arrangements for the bands explained, "We want all the residents of the Tri-state area to attend the Fair as often during the six days as possible, and suggest they make a special effort to come the day their hometown band boys and girls will be here."

These bands have been invited from North Texas: Borger, Stinnett, Phillips, Claude, Clarendon, Memphis, Childress, McLean, Shamrock, Wellington, Croom, Silvertown, Floydada, Lockney, Happy, Plainview, Canyon, Tulia, Hereford, Dimmitt, Friona, Farwell, Littlefield, Muleshoe, Stratford, Dalhart, Olton, Kress, Briscoe, Spearman, Perryton, Panhandle, White Deer,

Pampa, Miami and Canadian. From New Mexico: Clovis, Tucumcari, Portales and Clayton. From Oklahoma: Guyton, Woodward, Boise City, Beaver, Gruver and Goodwell.

## Farmers Return From Tour of Colorado

A party of Farmer farmers and businessmen returned Thursday from a short tour of farm sections in Colorado.

Group members stayed in Rocky Ford, and visited sites in Arkansas Valley Monday. They also toured farms around Denver; and visited the experiment station at Colorado A & M. Group members stayed one night in Greeley, and visited farms and feed lots around there, and also saw the large Momford feed lots.

The attendants of the tour either drove through or stopped at approximately 45 places during the tour, which included travelers from Castro, Hale, Floyd, Swisher, and Parmer. The affair was sponsored by Burlington Railway lines in cooperation with the extension service.

According to County Agent Joe Jones, the tour included farms raising sugar beets, potatoes, beans and onions for cash crops, and grain, hay and pasture for livestock. "The one thing that stood out," continues Jones "was that all farmers fed cattle, anywhere from 100 head to 1000 or more." He also stated that the farmers used the barnyard manure to fertilize the crops. The manure was valued at \$1.00 per ton, but none was sold except on the large operations where no farming was carried on.

Farmers also used crop rotation including sweet clover, pastures, and alfalfa for soil building crops. Jones adds that none of the feeds such as corn, hay or oats were ever sold off the farm, as every man had enough cattle to take care of his feed. Some-

times the cattle would belong to him and sometimes, he would be feeding them for someone else.

About the only cash crops were the vegetables, everything else was feed, the county agent continues.

All in all, the members of the tour saw feeding and fertilizing demonstrations, rotation and irrigation demonstrations, various feed lots, and general agriculture practices.

Included on the trip from Parmer were: County Agent Jones, Allan Romich, Walter Kaltwasser, Carl Schlenker, Hadley Heene, Charles Allen, and Bruce Parr.

## Attendance Is High For Baptist Revival

Attendance figures have been running high for the Texico-Farwell Baptist Revival services, announces Rev. C. M. Fields, pastor. In addition, attendance marks in other departments of the church have increased, he says.

"We had a full house for both services Sunday," comments Fields. "Aso, 236 were out to Sunday school, and 89 attended the training union."

## Farwell Rural Carrier—

(Continued from Page 1)

man, U.S. Civil Service Commission; and Miss Blanche Brattin, Administrative Assistant Retirement Division U.S. Civil Service Commission.

The Postoffice Inspection Service was represented by the Chief Inspector in charge of the St. Louis Division; Ben F. Ostergren represented the County Highway Officials Division, American Road Builders' Association.

Regrets were received from: Harry Truman, President of the United States and Jesse M. Donaldson, Postmaster General.

Because of the recent death of Chas. L. Ashcraft of Osage City, Kansas, the vice-president, Bun Raley of Valley Mills, Texas, was in charge of the entire convention.

Besides the regular routine of work there were many attraction of interest which the Carriers enjoyed to the fullest. Among these were: The Municipal Opera of St. Louis, depicting the "Wizard of Oz", this was balanced by local talent of some five hundred school children and college students of St. Louis and "Out of this world" would be a mild expression of description of this wonderful production.

The baseball game between the Cleveland Indians and St. Louis Brown was another outstanding attraction, the starting pitchers being Garcia of Cleveland, and Byrne of the Browns. Satchel Page was present and was seen on several occasions but never did get into the game. The game was quite an upset to Cleveland as the Browns won it by a score of four to nothing. The trip "down the Mississippi" in the spacious "Admiral" was a treat to all, some three thousand persons went

on this trip in every concession on the ship and were still going strong when the ship docked, past midnight.

Rural Carriers are also church going people and the St. Louis churches opened their doors to all Sunday morning the 12th, Smith with some 25 others attended the Centenary Methodist Church at Sixteenth and Pine Streets where Frank C. Tucker is pastor, and this church is under Bishop Ivan Lee Holt. A wonderful hour of worship was enjoyed by all present. Sunday evening Aug. 12th, the crowd being recruited by several hundred, they attended the Third Baptist Church at Grand and Washington (the First Baptist church is a negro church). C. Oscar Johnson brought an inspiring message on the subject of "Give us light". Mr. Johnson is one of the outstanding Baptist preachers in the nation.

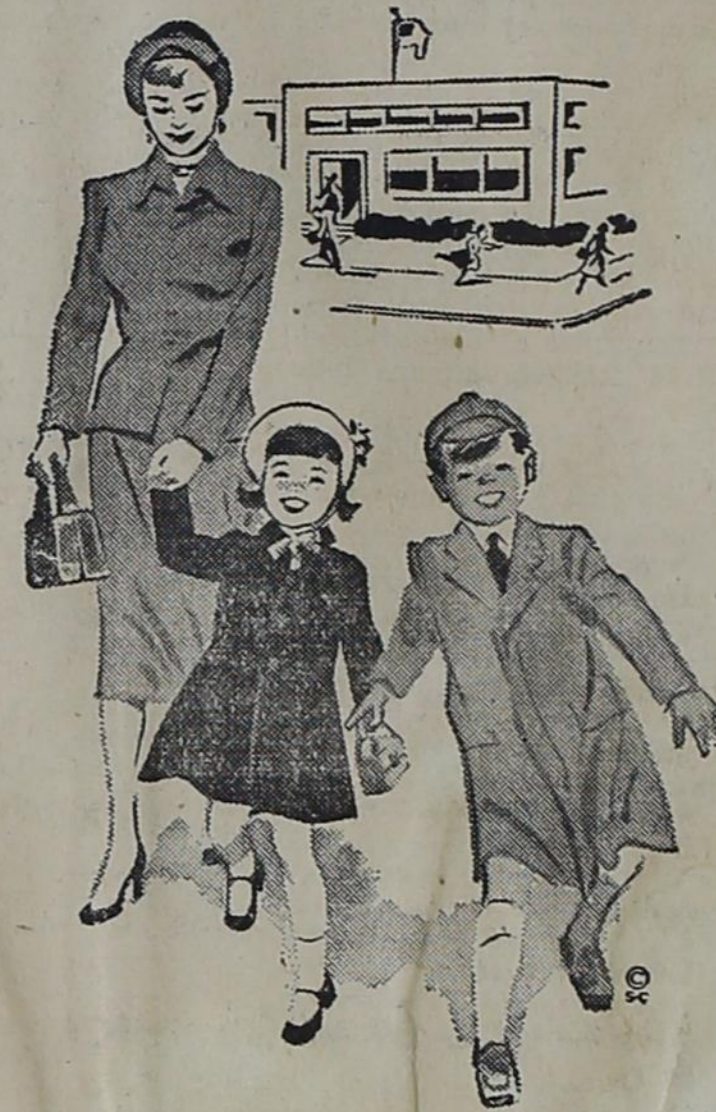

Many breakfasts, luncheons etc.

were in evidence each day and one; "The Havana Club" which was organized in Havana, Cuba, in 1947 and is made up of members, including their wives and children, from twenty four states had a luncheon and get together and elected officers for the ensuing year.

The next National Convention will go to Oklahoma, then in 1953 it will no doubt go to Chicago, the city of origin of the Association, and in 1954 it is scheduled to come to Texas, the city to be selected at some later date. Smith is in line to the the Texas President at the time, and preparations have already ben started to take care of this enormous National Convention. The States of both Texas and New Mexico were honored by getting a national officer for next year as Bum Raley of Valley Mills Texas will head the group as National President and Ray Hulick of Albuquerque will start a three year term as executive committeemen.

## When APPEARANCE Means So Much

BACK-TO-SCHOOL  
 WARDROBES MUST BE  
 FRESH AND NEAT  
 AND CLEANED RIGHT!

Children take pride in a neat, personal appearance when their clothes are regularly and properly cleaned! More and more fashion-wise, budget-wise mothers know they can depend on us for ALL the family's dry cleaning needs. Our thorough methods remove the most stubborn grime and dirt, yet are gentle on the most delicate fabric. Check over the back-to-school wardrobe.

# A Message To Our Customers

WE, YOUR LOCAL WHOLESALE OIL AND GAS DISTRIBUTORS, regret to announce that a new legislative act will force us to discontinue a former service. Effective Sept. 1, we will no longer be able to fill out or notarize your affidavit for gasoline tax refund.

Also, we will not be able to keep any duplicate invoice more than 7 days.

## HERE IS A SECTION OF HB NO. 285:

(e)  
 "It shall be unlawful for any refund dealer, or any employee thereof, to prepare or notarize any claim for refund of tax paid on motor fuel purchased from said refund dealer, or to act in any capacity as agent or employee of any claimant for refund of tax paid on motor fuel purchased from said refund dealer by keeping his books, records, refund claim forms or other documents to be used or intended for use by said claimant in the preparation of his tax refund claim, and the Comptroller shall not approve the payment of any tax refund claim, in whole or in part, in which the claimant has permitted the seller of the motor fuel upon which tax refund is claimed or any employee of said seller, to prepare, notarize or file his claim for tax refund, or to keep any books, records or documents used in the preparation or filing of said claim. Provided that the Comptroller may, after proper hearing as herein provided, cancel, suspend, or refuse the issuance or reinstatement of the license of any refund dealer who shall prepare or notarize, or who shall permit any employee to prepare or notarize, any claim for refund of tax paid on motor fuel purchased from said refund dealer by the claimant thereof, or who shall keep, or permit any employee to keep, any duplicate invoice of exemption for more than seven (7) days after it has been duly issued to a purchaser of refund motor fuel."

We regret this inconvenience but we are left no alternative

## Shivers Calls Rural Electrification Week

This week of August 19-25, has been set aside by Governor Allan Shivers as Rural Electrification Week in Texas.

Joining with the seventy-six other rural electric cooperatives all over Texas is the Deaf Smith County Electric Cooperative at Hereford, Texas.

This locally-owned business had its beginning in September, 1938, when 50 miles of line were first electrified to serve 128 members. Since that time, 1593 miles of line have been built, and today the Cooperative is serving 2125 members.

For twenty years prior to 1935, private interests worked with the idea of rural electrification, and they came up with the answer: It couldn't be done.

Then the Rural Electrification Administration was set up as an agency of the U. S. Department of Agriculture. It was established on May 11, 1935, by Executive Order, and authorized to make loans at 2 per cent interest over a 25 year period.

Again the private power companies were offered the job, and again they refused. Then the job was turned over to farmers and ranchers.

In this area, it was men like H. V. Hennen of Hereford, G. T. Watkins of Farwell, and Joe Warren of Nazareth who started the ball rolling.

They worked many hours, giving of their time and energy freely until they had signed up 28 members, and then they applied to the Rural Electrification Administration for a loan to build 50 miles of line.

On May 15, 1937, the loan was granted and work was soon underway on the Deaf Smith County Electric Cooperative.

REA itself operates no rural electric facilities, and its program involves no grants or subsidies. Deaf Smith Electric Cooperative is a locally owned and operated, tax-paying business.

It is one of 77 rural electric cooperatives which have brought about the 90 per cent electrification of Texas. It is one of 1,000 co-ops which have brought about the 88 per cent electrification of the United States. But the job is far from complete.

Kilowatt hour consumption for rural farm homes per month per member has increased from 165 kwir in 1950 to 192 kwir in 1951. This means not only that the farmers of this area find electric power an essential, but that lines must be made heavier, and that facilities must be constantly better.

### HOME FROM DALLAS

Mr. and Mrs. Ray Mears, returned home the first of the week from Dallas, where Mrs. Mears had been under treatment for the past several days. Her doctor was so well pleased with her condition that he has dismissed her.

## Addition Completed At Texico School

The growing pains at the Texico school began to ease off this week, as work was completed on the new addition to the establishment and the final "shifting around" began for the coming school term, slated to get underway on Monday of next week, August 27th.

The new addition links the grade school building and the old auditorium gymnasium, which was converted into classrooms last year following completion of the new gym. The building, thirty feet wide and 70 feet long, connects the buildings from the front just at the point where the office of the superintendent was formerly located in the grade school building, and extends as far to the north as the end of the old gymnasium.

Into the structure will go three offices, for Superintendent Agrie Jones, his secretary, Mrs. C. E. Schmit, and Principal Fern D. Stout; plus a large room for general classes; one for commercial work; and one for the science department.

Mrs. Jones is especially proud of the commercial department, which faces south with windows across the entire front, an outside opening, and additional lighting which comes from the large skylight which opens into Supt. Jones' office, the center class room, and the commerce room.

Cream colored brick is used on the outside of the structure, which boasts three outside doors; one leading into Mrs. Schmit's office, one into the commercial department, and another toward the back on the west side of the building leading into the science room. Students can

enter from the converted gym classrooms into the new building, and a door out of Mrs. Schmit's office also leads into the old office in the grade school, which will be now used for storage.

Cream walls are used in the office rooms, and the commercial room, while a pleasing grey tints the center class room and the science room, on the north with plenty of windows for outside light, is done in soft green. Panel ray heaters are installed in the offices, while individual Panelair heaters will be in use in each of the three classrooms.

Small-paned windows are used throughout the building, which will facilitate easy replacement in case of breakage. New additions to the commerce room also include a dictaphone, two new Royal typewriters, and other miscellaneous equipment, some of which came from the Pleasant Hill school, now completely consolidated with Texico.

Furniture was being set in place in the addition this week, and with everything due for completion by this weekend, the new building will be ready for occupancy come the first day of the new term.

The new addition was erected at a cost of a little over \$9,000, Supt. Jones reported today.

The Catskill Mountains were so-named because of the number of wildcats originally found in that region.

For safety's sake during vacation or holiday motoring, be patient in traffic. Don't be a crank case behind the wheel!

## NOTICE

Our place of business will be open, but no work will be turned out from August 29 to September 3, while we are out of town on a brief vacation.

## Coaches Attend Meet In Albuquerque

Three Farmer County coaches attended the New Mexico Coaching

school held August 5-11 in Albuquerque. Included in the group were two men from Farwell and one from Bovina. They were Tommy Hestand and Shelby Jobs of Farwell and Clovis Ratliff of Bovina. Program for the week included outstanding pictures on football and basketball. "Some of the great games

of the country were shown, Shelby Jobs, attendant, reports. All-star basketball and all-star football games were played on the concluding days of the school. Special social functions were also on the agenda, including a VFW party night, and a steak fry in the mountains.

Red Sanders of UCLA and Jess Neely of Rice were on the football coaching staff and Clair Bee of Long Island U. and Ed Hickey of St. Louis were basketball heads. Training teams were under the direction of Jack Cramer, former trainer of Kansas State College, and Delmar Brown, present trainer of Baylor university. Morris Ward, executive secretary of N.M.H.S. Athletic association, conducted rules discussions.

Golf and swimming completed the sports agenda.

In the all-star basketball tilt, the South defeated the North by one point, 25-24; and also won by 19-7 in the football game.

## Ag Men Collect Grass Specimens

Vocational agriculture teachers from this area who were interested were invited to Muleshoe on Monday, where a tour was being conducted by members of the Bailey County Soil Conservation Service. Included in the group were Robert Morton of Farwell; Weldon Spinks of Bovina; and Mr. Revel of Lazbuddy.

Purpose of the tour, Morton explained on Tuesday, was to collect grass seed and specimens to be used in ag classes during the winter months in order to familiarize students with the various growths and types of grass.

Morton added that the tour primarily was conducted over the game preserve of Muleshoe.

## MS Telephone Company Comments on Order

After studying the August 13 order of the Corporation Commission calling for suspension of rate schedules made effective by Mountain States Telephone and Telegraph Company with billing periods beginning June 23, the company issued this statement today.

"We believe there is no question regarding the fact that every lawful practice was followed filing the new schedule of rates in May which provided thirty days notice before the effective date. It was done in exact compliance with constitutional provisions as interpreted by numerous Supreme Court decisions.

W. M. Strickfaed, Clovis manager, said that after the filing, the commission announced that it would employ independent experts to help determine the reasonableness of the rates and a hearing date has been set by the commission. "At this hearing, as we have done before, we will present all of the facts and Company records which may be of interest. In fact, we are providing such information now to independent accountants employed by the Commission," he said.

According to Strickfaed, the rate of telephone growth in New Mexico has been faster than in any state in the country in the last ten years—about seven times the population growth—the increase in telephones during the past 2½ years equal as many telephones as were added from 1836 to 1939. Over \$9,000,000 has been spent in the last two years and this year's program calls for \$5,600,000.

### AMARILLO EDITOR HERE

T. E. Johnson, editor of the Amarillo Times, was a visitor in Farwell on Thursday of last week.

## Trip Cancelled By Local FFA Group

The August outing customarily held annually by the Farwell Future Farmers of America has been cancelled for this year, Robert Morton, head of the organization, said on Tuesday.

Morton reported that many of the boys had been tied up in farm work during the early part of the summer, and added, "We think it's just too late now to try to attempt the trip."

## Dykes to Receive Degree At Southwest Teachers

San Marcos—Cecil James Dykes, graduate from Farwell, will receive his bachelors degree at the graduation exercises at Southwest Texas State Teachers College, Aug. 23. An incomplete list of 170 students have applied for degrees to be conferred by J. G. Flowers, president of the College.

The Rev. David Stitt, president of the Austin Presbyterian Theological Seminary, will speak to the graduates in the combined Baccalaureate and Commencement exercises. Rev. Stitt was formerly pastor of the Westminster Presbyterian Church in St. Louis.

## Former School Boy Passes Through Here

Chester T. Ingram, who attended the Farwell schools when he was a mere lad, was a brief visitor here Tuesday. He was accompanied by his wife and daughter, Miss Patricia, and a nephew, Johnny Ingram, all of El Monte, Calif.

Chester is a son of Mr. and Mrs. B. H. Ingram, who formerly lived here. He said his father built the house now occupied by the R. B.

Perin family, located just across the street from the school house. Chester says he left Farwell when a lad of only 12 years and this was his first visit to Farwell since that time.

About the only family he could remember was the kyker family.

## Muleshoe Goodwill Tour Slated Here

A Goodwill Tour for the coming Will Rogers Memorial Round-up slated in Muleshoe, will be in Farwell Monday, August 27. The group will put on a short 20 minute street show.

The Muleshoe celebration is scheduled August 30-31 and will feature two rodeo performances, two dances, and two street parades.

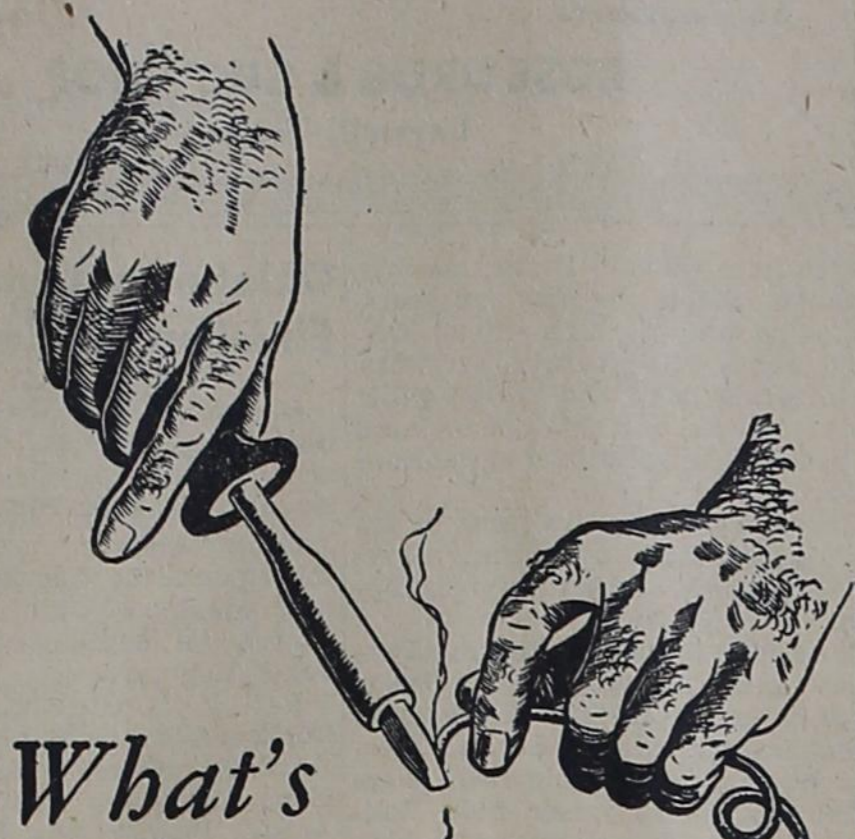

Prizes totalling \$2000 for the rodeo events to be staged nightly at 8:30, have been offered by Muleshoe Roping club. The Rotary club is offering \$100 prizes for winning floats in the parade. Entries are open to civic, Social and service organization from any city or town in West Texas, all of whom will be eligible for prizes. Floats will be judged for originality, beauty and effectiveness.

### WAVE RECRUITER IN CLOVIS

Mary E. Vaughn, pnl, USN (W) will be in Clovis, New Mexico August 24, from 10 A.M. to 5 P.M. and will have her office located in the Post Office Building.

Miss Vaughn will interview and process applicants interested in joining the waves.

The U. S. Navy is now accepting 18 year old girls for enlistment in the regular waves, formerly teen agers could not join. Requirements for waves, between 18 and through 25, pass mental and physical requirements, possess high school transcript or equivalent, enlistments 4 or 6 years.

What's it worth to you?

A tip of solder on a connection in a telephone office...

Every time you use a telephone your voice is carried through hundreds of such connections...

There are millions of carefully soldered wires...

all waiting, just in case you should want to talk to someone, somewhere—almost anyone, anywhere.

Every drop of solder costs more than it used to...

The wages of the skilled man who wields the iron have gone up—so has the price of the tools he uses. • Everything needed to provide, expand, improve the service, costs more than it did ten years ago or even one year ago.

Yet the cost of telephone service has gone up far less than most things you buy.

Think about it a moment...

In time and trips saved each day, in its availability in emergency, the value of your telephone far outweighs its cost.

The Mountain States Telephone and Telegraph Co.

### Five Steps Given For Fireproof Housekeeping

College Station—Fireproof housekeeping can be every homemaker's job in keeping the country safe. Mrs. Bernice Claytor, home management specialist for the Texas Extension Service, says this will aid defense efforts.

For fireproof housekeeping five steps are suggested by the National Board of Fire Underwriters to reduce common fire hazards in the home: first clean out all rubbish from closets, attic, basement, and other places. Then put waste paper in covered metal containers and

empty them frequently; keep oily rags and paint cloths in covered metal containers; get rid of gasoline, benzine or other highly inflammable liquids; keep electric wiring, extension cords, and appliances in good repair.

Have an emergency kit including a flashlight, extra batteries, portable radio, first aid kit, several days' supply of canned food and drinking water.

Have some home fire-fighting equipment handy—a five gallon hand pump, a hose and several buckets of water, sand and a shovel.

In England, Indian summer is called St. Martin's summer.

## Proud Bovina to Sport New Gymnasium this Fall

Only finishing touches remain on the new Bovina gymnasium, Supt. W. H. Willoughby reported this week, and will definitely be ready for the opening of school.

The large red brick structure features a regulation court, 84x50, with the floor itself measuring 56x90. Bleachers, which will seat 1000 spectators, are constructed in all natural wood with steel rails protecting the elevated rows of seats. Ceiling of the building is steel.

"All we lack is some work on the showers", Willoughby says, and "the gym will be ready for use. Also the heating set-up will have to be checked although the superintendent feels that it is satisfactory.

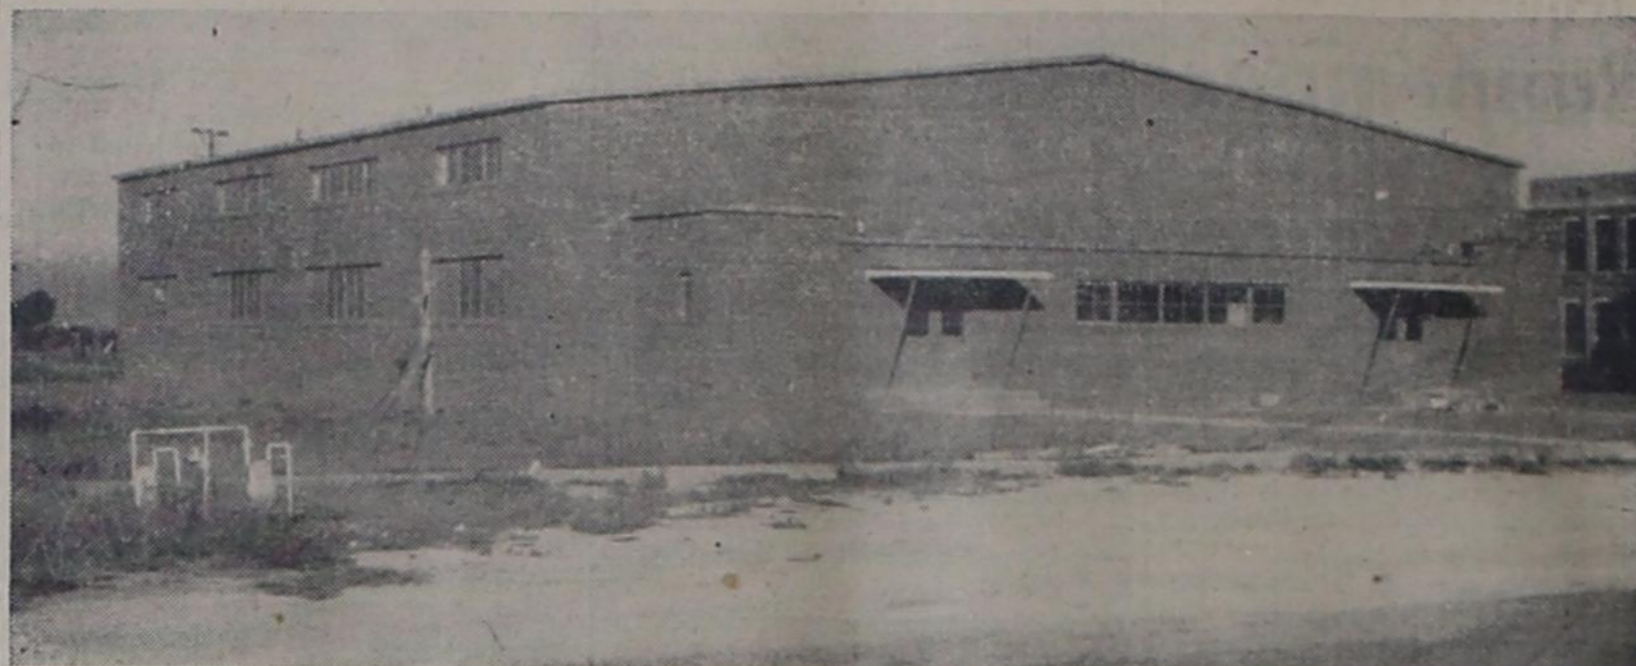

The gymnasium has three girls' dressing rooms, each of which is 12x20; and two dressing rooms for the boys are 12x30. Coaches offices are located next to the dressing rooms.

Players benches are located on the same side, on either side of the time-keepers desk. This is to eliminate the inconvenience of having to walk across the entire gym to report during games, the superintendent points out.

Other special features of the gym are: the large trophy case which is constructed in the entrance hall, and the lighting system. Switches for lights are designed so that only part or all of the gym can be lighted at one time, Willoughby concludes.

The driver who doesn't mind being passed will still be PRESENT when passers are PAST!

It Pays To Advertise!

BRAND NEW AND ALMOST READY TO GO—That's the handsome and modern new Bovina High School gymnasium (above). Scheduled to be completely finished and ready for use before this fall's basketball season sets in, it will provide the school and community one of the better-equipped athletic buildings for years to come.

### 4-H'ers Keep Tractor Wheels Turning To Boost Food Output

Chicago—(Special) Facing a shortage of farm labor, curtailed supply of equipment and need for greater production of food and fiber, 4-H members in Texas and 46 other states are stressing efficient operation of farm tractors, according to G. L. Noble, director of the National Committee on Boys and Girls Club Work.

In Arkansas, New Mexico, Oklahoma and Texas, 10,000 members are receiving training in the 1951 4-H Tractor Maintenance program, in which they learn to service their tractors and operate them safely, Noble said. The program is being conducted in these states by the Cooperative Extension Service for the seventh consecutive year.

Medals, trips and scholarships are provided in the four states by the Stanolind Oil and Gas Company which also allocates funds for expenses of volunteer local 4-H Club leaders who attend training clinics. Seven other oil companies provide similar awards in their re-

spective territories throughout the U. S. Total value of awards and leader training funds offered by the eight donors for 1951 will exceed \$100,000.

Winners will be selected on the basis of a complete record and a story by each state finalist on "My 4-H Achievements and Experiences in the Tractor Maintenance Project."

#### TREES VERSUS COTTON

More cellulose can be grown on an acre of land with trees than with cotton.

## RURAL ELECTRIFICATION WEEK

### Official Memorandum

BY

ALLAN SHIVERS  
Governor of Texas

AUSTIN, TEXAS

#### GREETINGS:

The percentage of farm homes in Texas receiving central station electric service has increased from 2.3 per cent to 90 per cent during the past 16 years, largely through the stimulation of the Rural Electrification Administration (REA) program.

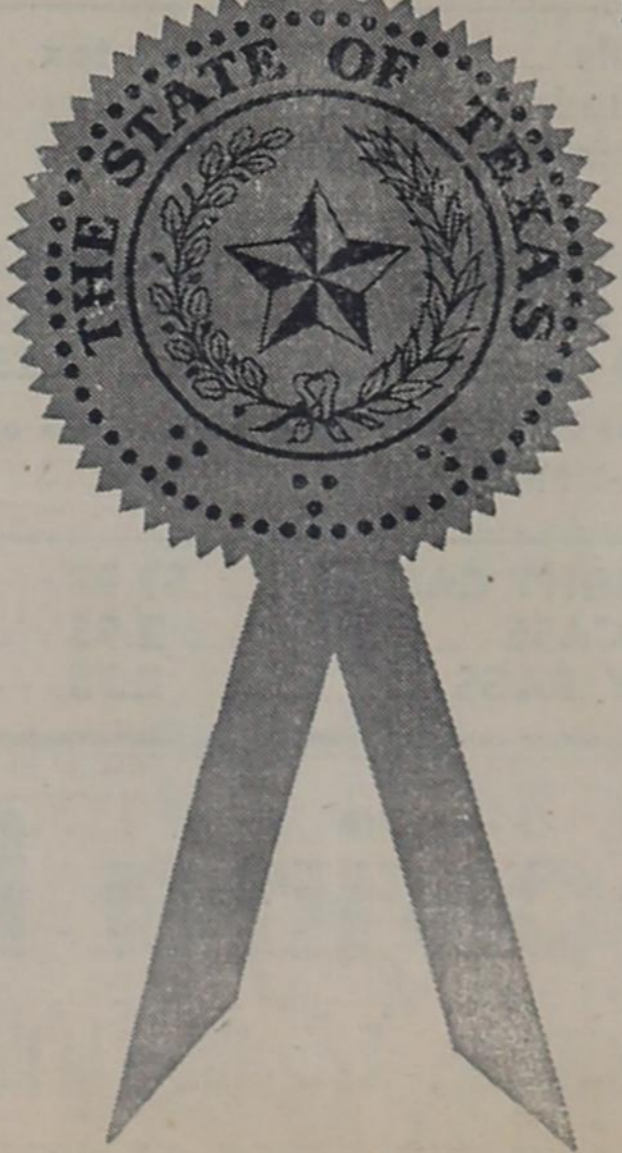

More than 282,000 rural families of Texas now enjoy the benefits of electric lights and power through cooperatives which they themselves own and operate.

Each of the 77 rural electric cooperatives in Texas is a free and independent, tax-paying business enterprise, chartered under the laws of the state of Texas, and owned and controlled by the farmers and ranchers who receive service along its lines.

The availability of electricity has brought about a wholesome revolution in farm methods, production and living standards; has lightened the drudgery of farm tasks and increased farm output and profits; has been instrumental in keeping young people on the land, and has promoted the general welfare not only of rural people, but of urban residents as well whose prosperity and well-being depends upon a sound and prosperous agriculture.

THEREFORE I, as Governor of Texas, do hereby proclaim the week of August 19th to 25th, inclusive, as

#### RURAL ELECTRIFICATION WEEK

in Texas, and call upon all citizens of the state to observe during this week the splendid progress that has been made in electrifying rural areas during the past 16 years, and to resolve anew that the program shall continue to expand until every farm family in the state shall enjoy the blessings of electric lights and power.

In official recognition whereof, I hereby affix my signature this 18th day of July, 1951:

*Allan Shivers*  
Governor of Texas

(HEADQUARTERS IN HEREFORD TEXAS)

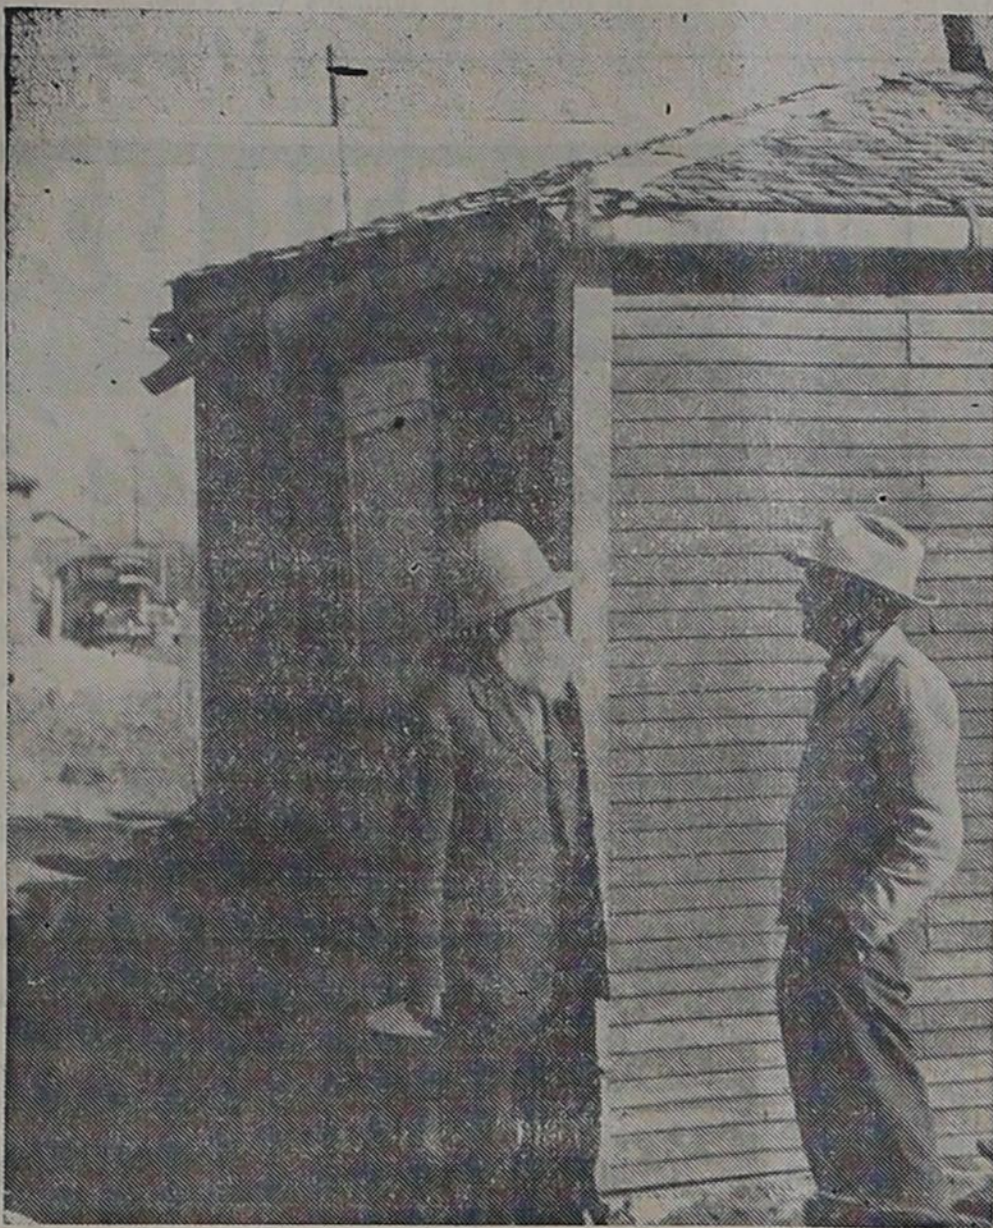

## Sequence of Pictures from "Uncle Josh's" Remarkable Life . . . and His Strange Death

Stop, look and lessen grade crossing accidents, the National Safety Council urges. Heed the warning signs.

Life is like that. You usually hear about the man who hit the jackpot, but the fellows who built up the pot are unknown.

Twenty-four dependents of deceased Mexican War veterans were on V-A's rolls at the end of 1950. The Mexican War ended in 1848.

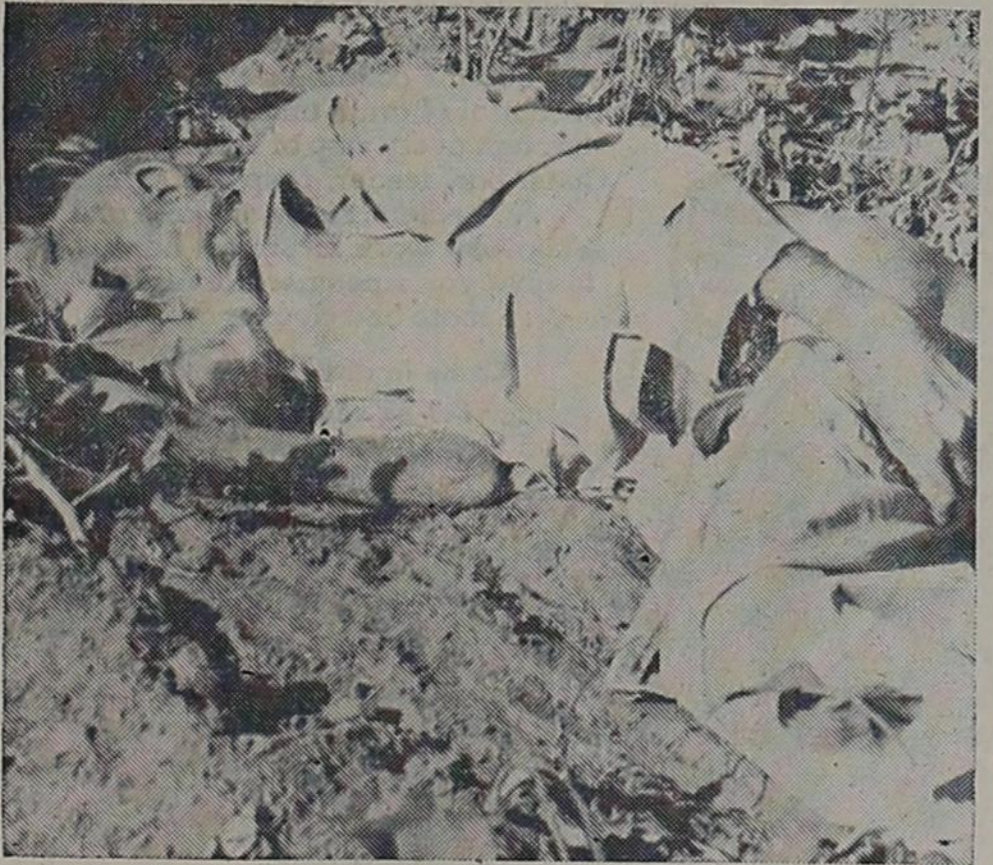

Theodore Roosevelt was the first American hero to have ticker tape dumped on him as he rode in a parade.

"UNCLE JOSH" AND A. P. STONE—Talking in front of his one-room shanty at Progress. Josh with his long white beard, had lived alone in his little shack for many years, and was a familiar sight up and down the highways between Muleshoe and Farwell, where he was a frequent hitch-hiker. On most of his hiking excursions, he carried along a "gunny" sack and gathered up empty bottles and other discarded items along the highways. One acquaintance speculated that Old Josh had walked alone with a sack on his back more than any other man in the world.

THE ONE-ROOM SHACK where Josh had lived in semi-reclusion for many years. The accumulation of debris piled about his cabin, which had been collected over a period of years, typified the inside of his shanty, which also was chucked full of various kinds of junk that he had gathered up and stored.

BATTERED AND BRUISED BODY of Joshua Blocher, 85-year-old founder of Progress, in Bailey County 12 miles southwest of here, which was found last Wednesday afternoon on the Harold Mardis farm, 5 miles south and two west of Progress. The body was lying on the right side facing the road just behind the first row of cotton. His clothing was tattered and torn and his shoes were found nearby. One shoe was only a few feet away from the body and the other was 11 cotton rows from the decomposing body of the aged recluse. His shirt was covered with dry blood and his khaki trousers were partly removed. The body was found by Cecil and Clifford Mardis, sons of Harold Mardis, who observed it while driving down the road on tractor.

(Pictures courtesy Muleshoe Journal).

1—"AVA GARDNER'S RISING STAR"—Adela Rogers St. Johns describes Ava's rise from small-town farm girl to bigtime movie queen and reveals the inside story of her much-publicized romance with Frank Sinatra. Great Lakes Naval Training Station, Ill., has the largest indoor swimming pool in the world.

## POLIO INSURANCE

POLIO IS ON THE RISE IN TEXAS

Polio is no respecter of persons or age. A young housewife is in the Plainview clinic with Polio. In Houston, it's a father—and breadwinner — whose son is also being treated for Polio. Most of all, it's the kids that have to take the Polio rap.

Polio insurance provides for adults, too. For only \$10.00, you can get a policy that covers the entire family. This offers full protection on what is one of the most expensive of all diseases to treat.

**For all cars—all tires!**

See Unforgettable Test Results!

Safety Tests Only LIFE-TUBES Can Stand!

We urge you and invite you to see the sensational new innertubes of Nylon—the new U. S. Royal Life-tubes! A tube so strong that it prevents blowouts from happening! See old tires gain new life and strength! See new tires doubled in strength! For the first time, see tubes carry car and passengers, if necessary, without the aid of outer tires.

### THE BIG BULGE TEST

See how Life-tubes bridge the gap of any tire break—hold their normal shape and strength under extreme air pressure while other tubes explode under a fraction of the pressure!

### THE WORN TIRE TEST

See how Life-tubes prevent blowouts even in old, worn-out tires under full speed impact—see how ordinary tubes blow out under the same conditions.

### THE TIRE PROTECTION TEST

See how Life-tube's Nylon strength protects tires, prevents blowouts even when driven at full speed over a 6-inch steel spike!

See It At The Great U. S. Royal Show . . .

### THE NYLON BLOWOUT ANSWER

MAKE YOUR OWN TESTS! GET YOUR OWN PROOF! THIS IS REVOLUTIONARY SAFETY FOR ALL TIRES!

FOR YOUR

UTMOST PROTECTION!

★ The only Tube with Nylon strength . . . to bridge and prevent the blowout possibility

★ . . . to double the strength of tires

★ . . . to carry car and passengers without the aid of outer tires

★ . . . with the only Nylon hug and seal for punctures.

**More Bovina—**

Mr. and Mrs. Billy Wells visited Sunday with Mrs. Well's sister and family the Robert Callaways.  
Mr. and Mrs. Howard Ellison and Mickey are vacationing in Oklahoma. Mrs. Howard continues to improve from the severe burns she suffered over a year ago. She is now able to walk some without her crutches.

Anna Hastings visited with her parents Mr. and Mrs. Frank Hastings over the weekend from Plainview. Guests in the Charles Hawk-

home Sunday were Mrs. Hawkins mother, Mrs. Tom Hastings and her brother and family Mr. and Mrs. Gordon Hastings and son of Lubbock.  
Mrs. Vernon Estes was hostess to a lovely luncheon in her home on Wednesday honoring the officers of the Methodist WSCS.  
Present were Mrs. Billie Sudderth, Mrs. Rual Barron, Mrs. Bob Wilson, Mrs. Frank Hastings, Mrs. William Thornton, Mrs. Earl Ware, Mrs. Jimmy Charles, Mrs. Wilbur Charles and the hostess.  
Mr. and Mrs. J. T. Hammonds and daughter have gone to Red River, New Mexico for a week of vaca-

tioning and fishing.  
Mr. and Mrs. Emmett Tabor went to Levelland Monday night to visit with the R. C. Martin family.  
Ronnie Hamby of Amarillo visited with his aunt and uncle Mr. and Mrs. Henry Minter and Billy last week.  
Henry Minter took his father, W. H. Minter, to Portales on Friday to receive medical treatment.  
Billy Minter spent several days last week with his grandmother, Mrs. Hamby, in Clovis.  
Mrs. Al Kerby and Paula spent Thursday with Mrs. Kerby's mother in Rosedale, New Mexico helping her celebrate her 70th birthday.  
Rita Caldwell would like to do baby sitting, either day or night. She is thoroughly experienced.

Guests in the Clovis Ratliff home over the weekend were Mr. Ratliff's grandfather Mr. R. J. McDonald and his uncle and family Mr. and Mrs. W. T. McDonald, Mike and Tom all of Fritch, Texas.  
Visiting in the J. O. Combs home on Sunday were his sister and niece Mr. and Mrs. J. H. Stevenson and Mrs. Ottis Bray of Clayton, New Mexico.  
Mr. and Mrs. Jake Calhoun and family of Arizona and Mr. and Mrs. Austin Cahoun of Clovis visited last week in the home of their parents the S. A. Calhouns.

Perry Looney and Mr. and Mrs. Howard Looney went to Conchas fishing over the weekend.  
Master-Sgt. and Mrs. Leonard Hanna left Tuesday for Roswell, New Mexico. They will spend the night there and Sgt. Hanna will leave by plane sometime on Wednesday for the west coast for shipment to Korea. Mrs. Hanna will return to Bovina and make her home with her parents, Mr. and Mrs. Reagan Looney while her husband is overseas.  
Mr. and Mrs. T. N. Teague and family of Field, New Mexico visited Sunday with Mrs. Teague's brother and family, the Homer Kelleys and her sister and family the Travis Lloyds.  
Mr. and Mrs. H. D. Bradshaw Ella, Dyalhia and Julius left Monday for a vacation and fishing trip to the mountains of Northern New Mexico.

J. A. Loflin of Springfield, Colorado was in Bovina over the weekend.  
Mr. and Mrs. Erwin Bryant and children returned Mr. and Mrs. J. R. Glover to their home on Sunday. Mr. Bryant returned to Amarillo Monday and Mrs. Bryant and children will remain with her parents for a week.  
Thomas Rhodes and two of his buddies Wayne Knupp of Pennsylvania and Eldon Gould of Iowa spent the weekend with his parents, Mr. and Mrs. Thomas Rhodes. They are all stationed at Sheperd Field with the Air Force.  
Mrs. Odell Bell of Tucumcari and Mrs. L. F. Miskren of Stockton, California visited their sister, Mrs. Margaret Minter Monday. They all went to Lubbock on business and shopping.  
Mr. and Mrs. Floyd Montgomery have returned from Mo. and Hillsboro and Dallas, Texas.  
Mr. and Mrs. Henry Minter and Mrs. Al Kerby went to Amarillo Tuesday to attend the Panhandle Outdoor Sportsman Club annual fish fry.

Rev. and Mrs. Paul McClung and son of Dawn visited with the M. D. Durhams on Friday.  
Mr. and Mrs. Otho Hillock and children of Grady, New Mexico spent the day Wednesday with his brother and family, the Lewis Hillocks.  
Mr. and Mrs. Jim Kerby and children of Portales visited with his brother and family the Al Kerbys on Thursday.  
Billy Brookfield of Eads, Colorado

visited last week with the Earl Richards. He is Mrs. Richards' nephew.  
Mr. and Mrs. Herman Day and children of Tulsa, Oklahoma visited in Bovina on Wednesday.  
Mr. and Mrs. R. C. Martin and boys of Levelland were in Bovina visiting with friends Thursday.  
J. T. McDonald of Muleshoe, Texas was in Bovina on Friday visited with friends. He attended school here several years ago and is now connected with an implement business in Muleshoe.

Mr. and Mrs. Gene Ezell and children of Bovina, Mrs. Roy Ezell of Lorenzo, Texas, Mr. and Mrs. Marty Ezell and children of Portales, New Mexico, and Mr. and Mrs. R. B. Ezell and children of Roswell, New Mexico spent the weekend at Ruidoso, New Mexico.  
Mr. and Mrs. Bryson Blalock and children of Norman, Oklahoma spent Tuesday night in the Hinton Blalock home.

**LEGAL NOTICE**

**NOTICE**  
THE STATE OF TEXAS  
COUNTY OF FARMER  
TO ANY AND ALL PERSONS INTERESTED IN THE LANDS DESCRIBED IN THE FOLLOWING PETITION:  
You are hereby notified that application, of which the following is a true copy:  
THE STATE OF TEXAS  
COUNTY OF FARMER  
TO THE HONORABLE COMMISSIONERS' COURT OF FARMER COUNTY, TEXAS:  
Comes now Bettie Smart, of Farwell, Farmer County, Texas, known as Petitioner, and says to the Court as follows:  
That Petitioner owns the following described tract of land:  
All of Lot 4, Section 32, Township 9 South, Range 1 East, Capitol Syndicate Subdivision, Farmer County, Texas, lying north of Railroad right-of-way, except Lots 1, 2, 3, 4, 5, 6 and 7, of Block 4, Burton Addition, and that same was originally platted as a part of Burton Addition to the Original Town of Farwell, Farmer County, Texas, by Plat recorded in Vol. 6, Page 502, of the Deed Records of Farmer County, Texas.  
That such land is not used for residential purposes and is pasture land devoted to agricultural and agrarian purposes and same should be reverted to acreage.  
That a cancellation of this portion of said addition will not interfere with the established rights of any purchaser owning any portion of such subdivision.  
WHEREFORE, applicant requests that notice be given by publication for three consecutive weeks, as required by law, and that this matter be set down for hearing on September 10th, 1951, which is a regular term of said Court.  
WITNESS my hand this 3rd day of August, A. D. 1951.  
BETTIE SMART  
has been filed in the Commissioners' Court of Farmer County, Texas, on the 3rd day of August, 1951, and that said application will be heard by said Court on the 10th day of September, 1951, at a regular meeting at its regular meeting place in the Commissioners' Court Room in the County Courthouse at Farwell, Texas, and you are hereby commanded to appear at said time and place to protest, if desired, against such action.  
GIVEN under my hand and seal this 3rd day of August, 1951.

# Rock Church Stirs Forgotten Memories

Mother and Dad, or maybe Grandma and Grandpa, will remember the old rock Congregational church, which was built on First street, two blocks south of Security State bank, on the corner where now stands the home of Mr. and Mrs. Loyde Brewer. The church was constructed six or seven years after the turn of the century and stood as the only church in Farwell for many years.

Helping to shape the destiny of Farwell and now a part of its past, the old rock church not only served as the only place to worship in Farwell, it served as the first school.

According to Hamlin Overstreet, the building was constructed along about 1906 or 1907. Mrs. J. O. Ford adds that the rock was bought and transported from Tolar, N. M.

Rev. Calhoun was pastor of the church and remained here until about 1913, and located in Tyler. His son, Galloway, who attended the first school in the church, is now an outstanding attorney in Tyler, and several years ago was assistant attorney general of the state of Texas, according to Overstreet. Galloway is also past Imperial Potentate of the Shrine, which is the highest office in the Shriners organization.

As for the school, Overstreet states that he began his formal education in the old rock church in the fall of 1907. Either in January of that year or the next term, however, portable school buildings were constructed where the present school stands.

The old rock church had two rooms, and as Farwell was just becoming a city in its own right, there weren't too many students.

Mrs. Ford states that in later years, the church stood vacant, but at one time, she thinks that the building was used by a Holiness congregation.

About 15 years ago, the late Mr. Ford and Mrs. Ford bought the building, and used the rock to construct a double garage, work shop and storage room on their farm. At the time of the Ford's purchase, the building was still in excellent condition, the local woman points out.

Although the old rock Congregational church building survived only three short decades, pioneers of this community will remember it as helping to shape a large phase of Farwell's history—in religion and education.

## Church Of Christ Revival Concludes

The Church of Christ revival, held for the past two weeks at the local church, was concluded last Wednesday night.

Sol Morgan, minister, reports that "we have had a very wonderful meeting", adding that good crowds have been in attendance at both morning and evening services. He stated that visitors have attended from Texico-Farwell, Clovis, Lariat, Muleshoe and other towns.

H. Osby Weaver of Greenville was evangelist and Burl McCoy of Merkel directed the singing.

"I got the story on

**50,000 Miles-No Wear**

and changed to New Conoco Super Motor Oil"

says W. A. Riley, Jr.  
Traveling Salesman  
Fort Worth, Texas

"I do a lot of intermittent and long-trip driving," says Mr. Riley. "I never cease to be amazed at how clean new Conoco Super drains out of my engine."

## "50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

GARAGE MAN

"Believe me, this '50,000 Miles-No Wear' story is all you say it is," writes Harry W. Brown, Garage Man, Oskaloosa, Kansas. "With cars using Conoco Super—I find engines cleaner, easier to work on, and show less wear."

MINE OPERATOR

"After using many advertised brands, we have standardized on Conoco Super," writes Sherman L. Snyder, Mine Operator, Helena, Mont. "We find that we get better mileage, and operating costs on our cars and trucks are much less."
