

VETERAN—Not many canaries reach the age of Jiggs, pictured above, who will be 18 years old on December 29th. The bird was a birthday present to J. D. McMillian, of near Farwell, from his daughter, Marie Roden, of Friona, almost 18 years ago.

FROM THE HOPPER

By HOP

A well known cleaning preparation manufacturer is offering a ham knife with the purchase of each can of their product. Sounds interesting. But they failed to tell just what use a ham knife might be put and how to get the ham.

When it comes to real belly laughs, top honors go to Felix Monroe. Laughter is the leaven in the American loaf. We wish nothing better for ourselves in the years ahead and for our children and our children's children than that we and they shall retain the ability to laugh, the opportunity to laugh, the right to laugh. Laughter is not a sign of weakness, on the contrary it is a sign of strength. The real tragedy is that there are millions of people in the world who have not had an opportunity to laugh in many years. In America we can laugh at our government or even our President. That is a part of the freedom we enjoy, but nobody in Germany dared laugh at Hitler or at the Nazi party. Any person or any system that can't stand laughter, just can't stand.

Uncle Bob Hightower says that one of the reasons he moved to California several years ago was to be privileged to enjoy an occasional bottle of beer when he wanted it. But now since he can get all he wants, he confesses that he hasn't drunk a bottle in a long time.

At our house, one of the biggest tasks grandma has to perform is keeping busy making clothes for the young grand-daughter. The new garments seem never to suit the mother's fancy and grandma tears them up and does the job all over again, which affords the latter plenty of sewing at our house these days.

Ray Mears Enters Business for Himself

Ray Mears, who has been manager of the Farmers Supply Co. for the past 3½ years, resigned the first of the week to enter business on his own, having purchased the business of the Farmers Produce in Farwell. Mears said the business will be operated under the name of Ray Mears Feed & Produce, and would handle a complete line of feeds in addition to buying all kinds of country produce.

SCHOOL TAX FAVORED

The voters of the Bovina school district gave unanimous approval to a \$1.50 tax rate for school purposes in a special election held in the district early last week. Only 23 votes were cast and all were in favor of the tax rate.

Mother Local Man Is Buried at Hereford

Funeral services for Mrs. Ed Curtsinger, 63, mother of Woody McDermitt of this city, were held last Saturday afternoon at the First Baptist Church in Hereford, with Rev. R. H. Cagle, pastor of the church, and Rev. S. E. Eldridge, pastor of the Hereford Assembly of God church, officiating.

Mrs. Curtsinger died in the Deaf Smith County Hospital in Hereford early last Thursday morning, following an illness of several months' duration.

Born at Paint Rock, Texas, August 22, 1885, Mrs. Curtsinger moved to Hereford in 1932. Previously she had lived at Clinton and Prairiebell, Okla., and was a member of the Prairiebell Baptist Church.

She was married to Mr. Curtsinger on June 30, 1948, in the home of her son here in Farwell.

She is survived by her husband; one daughter, Mrs. Audrie Clerk, Collinsville, Okla.; and three sons, Lester McDermitt, Dimmitt; Woody McDermitt, Farwell; and J. R. McDermitt, Hereford. Immediate relatives include two sisters, Mrs. Mary Calvin, Vera, Okla.; Mrs. C. W. Heath, Wichita Falls; three brothers, J. R. Glenn, Los Angeles; W. J. Glenn, Bakersfield, Calif.; and Jeff Glenn, northern California.

Burial took place in the West Park Cemetery in Hereford.

Former Local Resident Dies Tuesday, Vega

Dr. David Wesley Clark, former resident of this city, passed away Tuesday night of last week at his home in Vega, it was learned here the past weekend. Dr. Clark was 79 years of age at the time of his death.

The Clarks moved to Vega in 1934 after he had been in active practice here since 1920. He practiced medicine in Vega until ill health forced his retirement.

A native of Tennessee, Dr. Clark was born at Gallatin on October 20, 1868. He was a graduate of Vanderbilt University at Nashville. In Vega, he served as president of that chapter of the National Foundation for Infantile Paralysis, was surgeon for the Rock Island Railroad for several years, and county health officer the past decade.

Funeral services were held in the Vega Methodist Church, of which he was a steward, by Rev. A. W. Apple, pastor. Assisting was Rev. Jordan Grooms, of the Levelland Methodist Church. Interment was made in the Vega cemetery.

Survivors included the widow, Mrs. Anna Clark, and a brother, Fulton B. Clark, of Birmingham, Ala. The Clark's only child, Christine, died at Vega some years ago.

COMMISSIONERS MEET

Farmer County commissioners assembled at the county court room in Farwell on Monday for their regular semi-monthly gathering, with the records revealing that only routine business, including payment of current bills, was transacted during the session.

No Indictment In Death of McDaniel

Long-Winded Ballot To Plague Voters

The biggest ballot ever issued to Texas voters will start going out of the clerk's offices today (Wednesday), as absentee balloting for the November general election begins.

The ballot lists seven columns for party candidates—the Democratic, Republican, State's Rights (also called Dixiecrats), Progressive, Socialist and Independent—and if you don't like the candidates listed in any of these, the powers-that-be have graciously added a vacant write-in column in which you may name your choice for the various national, state, district and county offices.

List Presidential Candidates

There is a considerable change noted this year. Previously, voters saw only the names of their various electors, who are pledged to the party candidates for presidency and vice presidency. This year, the electors put their choices before the people, and the names of Harry S. Truman, Thomas E. Dewey, J. Strom Thurmond, Claude A. Watson, Henry A. Wallace and Norman Thomsa appear under party listings.

Next in line come the vice president nominees, including Albert Barkley, Earl Warren, Fielding L. Wright, Dale H. Larn, Glenn H. Taylor and Tucker P. Smith.

The Democratic ticket is the only one that is complete in this county, from presidential nominee down through the candidate for precinct constable. Republican, State's Rights, Prohibition, Progressive and Socialist party selections are scattered down the columns, and the Independent Party column—like the Write-In—is completely devoid of names.

Johnson On Ballot

The name of Lyndon B. Johnson was finally confirmed to appear on the ballot for Democratic nominee for United States senator, following much court action at the wind-up of an exceptionally close run-off campaign between Johnson and Coke R. Stevenson, former Texas governor.

Parmer County voters will note that Congressman Eugene Worley has drawn opposition from the Republican party, with J. Evetts Haley contesting Worley's seat for the 18th congressional district.

Within the county, candidates listed on the Democratic ticket are practically assured of assignment to their posts, since no opposition appears on the ballot. These include County Judge A. D. Smith, Sheriff candidate Charles Lovelace, County Clerk Loyde A. Brewer, County Treasurer Roy B. Ezell, County Attorney Sam Aldridge, returning Commissioners C. L. Calaway (Pct. 2), and W. S. Menefee (Pct. 4); Commissioners-elect A. F. Phillips (Pct. 3), and E. R. Day (Pct. 4); Justice of the peace candidate (Pct. 2), J. D. Hamlin; incumbent JP Jesse Newton (Pct. 1); and candidate T. N. Jasper for constable, precinct 2.

Eight Amendments Come Up

To further confuse the voters, eight amendments to the State Constitution are printed on the ballot. No. 1 deals with provision of workmen's compensation insurance for county employees; No. 2 takes up the details regarding appointment of a board of apportionment of the state into senatorial and representative districts; and No. 3 is concerned with partition by husband and wife of community property.

Looking toward a possible vacancy, No. 4 in the amendment list seeks to provide for gubernatorial succession in the event the governor-elect dies or becomes disabled before taking office, and for other similar contingencies. No. 5 gives the voters a chance to decide on a proposal exempting \$3,000 of assessed taxable value of all residence homesteads from all state laws; No. 6 is concerned with whether or not sheriffs and other law enforcement officers shall be paid on salary basis.

No. 7 is one of the longest, seeking to provide that no ad valorem tax shall be levied for State general revenue after Jan. 1, 1951, and authorizing the counties to levy additional ad valorem taxes, providing for \$3,000 residential homestead exemption, and providing for tax levies in counties having no tax donations.

The final amendment up before the voters is pro or con a proposal to provide retirement and compensation of judges and commissioners of the appellate courts and judges of the district courts on account of length of service, age or disability and for reassignment to active duty when and where needed.

Consolidation Vote Affirmed By Court

With Judge J. A. Lumpkin writing the opinion, the Civil Court of Appeals of the 7th Supreme Judicial District of Amarillo, has affirmed the opinion of Judge C. D. Russell of the Parmer County District Court, holding that the consolidation election of the Rhea school district with the Bovina school district was valid.

In a special election, held on May 3, the consolidation of the Rhea and Bovina districts carried by only two votes, resulting in the election being contested by patrons of the Rhea district. The case was heard before Judge Russell in District Court here on May 28, with Judge Russell ruling in favor of the consolidation.

The case went up for an appeal to the Civil Court of Appeals, which affirmed the ruling of the lower court on October 8. Judge Lumpkin, in writing the opinion, said that he "found no errors, nor irregularities, and hold that the district court verdict in upholding the election was valid."

Board Votes To Wait On New School Gym

Scarcity and high prices of materials and labor, combined with inability to secure the type of building design desired prompted the Texico school board to vote to hold in abeyance the building of a new school gymnasium, Supt. B. A. Rogers reported on Tuesday.

Holding a special session on Monday night, the official body of the school looked over plans submitted by various contractors, and came to the conclusion that it would be better to "wait until we could build what we want," Supt. Rogers said.

The Texico school district recently voted a bond issuance of \$41,000 which was authorized to construct a new gym on the campus. However, when plans were drawn up, the issue was found insufficient to erect the type of building desired, and rather than spend what was on hand and "still not be satisfied", as Rogers put it, the board decided that the best move would be to wait.

The amount of the bond issue, incidentally, was all that could be voted, so if the money is spent for a building which does not cover the needs of the school, the district will be in much the same position as now.

Taxpayers Cash In On Seasonal Discounts

Parmer County taxpayers are taking advantage of discounts offered during October—and the remainder of the year—on their 1948 taxes, Mrs. Pess Mansfield, deputy in the tax collector's office, said on Tuesday.

During October, a discount of 3% is allowed on state and county taxes, and a good number of taxpayers are visiting the collector's office now.

The discount ratio drops to 2% in November and goes on down to only 1% during December, during which months tax payments are expected to continue at a fairly rapid rate.

After January 1st, 1949, interest and penalty charges will begin to accrue on 1948 taxes.

TO ATTEND REUNION

R. L. (Unble Bob) Hightower, former local resident, arrived here the first of the week en route to Sweetwater, where he is to attend a reunion of the three remaining members of his family. The get-together will be held at the home of his sister, Mrs. M. E. Young, 94, in Sweetwater, with Mrs. Purnelia Akin, 87, Dallas, being the other attendant. Mr. Hightower, who will be 80 in December, now resides in Covina, California.

Court Recesses After Monday's Session

The Parmer County District Court, convened here Monday by Judge C. D. Russell of Plainview, recessed late in the afternoon after only one day's session, with the announcement that the Court would probably reconvene in "the next two or three weeks".

Only one criminal case was disposed of during the Monday session, when Glenn Kendrick entered a plea of guilty to a charge of theft and Judge Russell gave him a two-year suspended sentence.

The case of Elbert Pollan, charged in a grand jury indictment with burglary, was not heard, and remains on the docket.

In civil cases, the Court granted one divorce and approved the adoption of one minor.

Irene Wiley was granted a divorce from Melvin Wiley, together with custody of the children, and defendant was ordered to pay \$50.00 per month into the county clerk's office for the support of the minor children.

A number of civil cases remain on the docket, and attaches at the court house said that service had not been obtained in some cases, while others were "not ripe".

Plan Expansion at Farmers Supply Co.

John Getz, who only recently purchased the Farmers Supply Company in Texico from C. M. Henderson, announced this week that Herschel Morgan had been advanced to the management of the business, succeeding Ray Mears, who resigned the first of the week.

Getz also stated that arrangements were already underway for an expansion of the business. In the near future the firm will begin the manufacture of mixed sweet feeds in addition to handling their regular line of mixed commercial feeds.

The firm has for some time been authorized as a Purina mixing plant, where Purina concentrates are mixed with locally grown grain for use in feeding all classes of livestock and poultry. Getz explained that this locally-mixed Purina feed was just as effective as the commercial products, and could be sold at a much lower cost than the bagged products.

The annual rental paid by the Navy for leased properties has been reduced by \$15,000,000 since the close of World War II.

The Parmer County Grand Jury, which was convened here Monday morning in connection with the regular fall term of the District Court, recessed late Monday afternoon without returning any indictment in the O. T. McDaniel case. McDaniel was found dead in his car a half mile southeast of Lariat, on Highway 70, on the morning of August 3.

Members of the Grand Jury, interviewed Tuesday by a Tribune reporter, said that the jurymen spent "the whole day" making an intensive investigation of McDaniel's death, but were unable to find any positive evidence that the man was murdered.

Jurymen admitted that there was some evidence introduced to support the theory of foul play, but were quick to add that there was insufficient evidence to justify a murder indictment being returned against an one person or persons.

Sidney Miller and Steve Welch, both supposed to live in Fort Worth, were arraigned here in Justice of the Peace Jess Newton's court shortly after the finding of McDaniel's body, and had been at liberay on \$7,500.00 bonds.

Grandjurymen explained that "we just left the case open, neither returning an indictment, nor finding a no-bill".

On the morning of August 3, McDaniel was found dead in the front seat of his car, with a bullet hole in his left temple. Officers and Texas Rangers, who investigated the case at first, theorized that it was a case of suicide, after establishing that McDaniel had been swindled out of \$12,600 on a bogus oil lease in Mills County, Texas, where no oil is known to exist.

A parade of witnesses ere called before the Grand Jury here Monday, including friends and relatives of the slain man, members of the Texas Ranger force, and other witnesses who might shed any light on what may go down in the books as an unsolved mystery.

Jurymen said there was just about as much evidence to support murder as there was to lead to a verdict of suicide, with no conclusive evidence to support either charge, "so we just left it open", one jurymen added.

Asked about a charge of swindling, jurymen said there was no evidence to indicate that any swindle was perpetrated within the bounds of Parmer County. Investigations by local officers and members of the Texas Ranger force lead to the prediction that swindling charges may be pushed in Lamb County.

Dr. of Osteopathy Opens Office Here

Dr. Mary Leone McNeff who has been making her home in Clovis the past few months, has opened an office in Farwell for the general practice of osteopathy and surgery, specializing in obstetrics and women's diseases.

Dr. McNeff practiced in Lubbock for three years before coming to Clovis, prior to that she practiced in Kansas City for 15 years, and spent three years in Germany, where all her practice as confined to obstetrics.

She is a graduate of the Kirksville, College of Osteopathy and Surgery of Kirksville, Mo., and has been licensed in Texas since 1923.

She has opened an office in the building just west of the postoffice, until recently occupied by Watkins Studio.

The Texas Forest Service says that 90 per cent of our forest fires are caused by man, and are therefore preventable.

PLAY VEGA FRIDAY NIGHT

Vega, the only team which has threatened to upset the Farwell grid record this year, comes seeking revenge on Friday night of this week, when the Steers and the Longhorns are slated to tangle on the local grid in one of the best games of the season.

On paper, the statistics favor the Steers, but those who saw the game at Vega some three weeks ago are of the opinion that the locals will have to play improved ball if they expect to hand Vega another defeat.

So far, Vega has played only two games this year and has lost both, dropping their first match to Farwell by a tight 7-12 count, and losing to Price College, Amarillo, last Friday night, by one touchdown. On the other hand, the Steers have rolled

up five consecutive victories, downing Petersburg, Anton, Vega, Sundown 'B', and Melrose. On the Steer ledger, all games except the one with Vega were won with comparative ease, but it was a tough fight to down the Longhorns.

Coach Louis Purvis reported the first of the week that none of his regulars sustained injuries in the game with Melrose, last week, and the customary first-stringers are expected to be in their places. These include Ford and Holland at end, Gerles and Hughes at tackle, Dollar and McKillip at guard, Henneman at center, and Booth, Thomas, Terry and Pool in the backfield.

For the Longhorns, Coach James E. Garrett plans to start Scott at center, Montgomery and Hill at

guard; Cotton and Voyles at tackle; Loyd and Harwell at end; and Harris, McNabb, Sprouse and Richardson in the backfield.

Players and fans remember Harris and Richardson as formidable opponents. Not only did they carry the ball, they did a large part of the Vega defensive work and are not men to be trifled with.

The Farwell starting lineup has a weight average per man of 137 pounds, while Vega will put out an eleven-man lineup averaging 147 pounds per player.

Game time is 7:30, thirty minutes earlier than usual, and Coach Louis Purvis warned fans to take note of the change. Regular admission charges of 75c for adults and 35c for students will be made at the gate.

VETERAN'S NEWS

Some American citizens who served with the Royal Canadian Air Force and are eligible to receive 'War Service Gratuities' from the Canadian Government, have not applied for these payments although the RCAF has been trying to locate them since the end of the war.

The men, many of whom joined the U. S. Air Force after service with RCAF, are entitled to a bonus of \$7.00 for every 30 days' service in the RCAF, plus an extra 2 cents for every day of overseas service. In addition, for each period of 183 days of overseas service in the RCAF, an amount will be paid equalling seven days' pay and allowances computed on the rank held at the time of discharge from the RCAF.

Those eligible to receive the payments may apply in writing to: The Air Member Canadian Joint Staff, 1760 N. Street, N. W., Washington, D. C.

More than five and one-quarter million World War II veterans had taken some type of training under the GI Bill from the inception of the program until September 1, 1948, the Veterans Administration reports.

On that date, 1,553,000 were still in training and 3,742,000 had completed or discontinued their training.

The number of veterans of all wars reached 18,744,000 on May 1, 1938 VA said. Of these, 14,887,000 served in World War II. The remainder were veterans of World War I and other wars.

When the nation's population of veterans and members of their families reaches its expected peak in 1955, VA predicts that the number of veterans of all wars will be 17,200,000 and the number of persons in their families, 42,900,000.

Calpen Comment: "The way I've got it figured, that new milking machine is just gonna throw four poor little calves out of work."

Do You Need Trees For Reforestation?

COLLEGE STATION.—If you're planning on getting some tree seedlings for reforestation or windbreak purposes, you had better hurry. D. A. Anderson, acting director of the Texas Forest Service of Texas A. and M. College, says the supply of several species is already running low. From now on it's a first come, first served basis.

According to a recent check-up at Texas Forest Service's Indian Mound Nursery near Alto, there are only around a million and a half slash pine seedlings left. All supplies of red mulberry, black walnut, Chinese elm, red cedar, Russian olive, Colorado blue spruce and species have been spoken for.

With a two-inch rain in an hour's time last May and a long drouthy period since then, this year's pine tree growing season has had a few hard knocks. Result: this year's seedling crop will fall far below the 20 million estimated production.

The seedling shipping season usually begins around December 10 and lasts until early March. The Texas Forest Service grows seedlings only for reforestation projects and windbreak uses, says Anderson, and those wishing to buy trees for shade or ornamental plantings should get them from commercial nurserymen.

County agents will be glad to help in giving advice as to the species of trees to be planted in areas where soil and climate conditions present unusual problems.

Slash, loblolly, longleaf and shortleaf pine seedlings can be bought for \$2.50 a thousand. Black locust, bois d'arc, catalpa, eucalyptus and Australian pine sell for \$3.00 per thousand, and other varieties at \$5 a thousand. That's about what it costs the Forest Service to grow and pack them.

When buying for reforestation, you have to get at least 500 or more, and at least 100 for windbreaks, says Anderson.

MORE RATS PREDICTED

Public health authorities are seriously alarmed at the fact that the plague, that virulent disease of the Orient, carried to this country by rats, has advanced among rodents as far east as North Dakota. If the disease ever reaches the eastern metropolitan areas, epidemics of unprecedented proportions may result.

Pasture Renovation Means More Grazing

COLLEGE STATION.—Renovation means to repair, make over, rebuild or restore to freshness. So when renovation is tied in with pastures, it means rebuilding your pastures to new freshness—giving them a new start.

The renovation of old bermuda grass pastures this fall will make more lush grazing and more milk for years to come, says R. R. Lancaster, extension pasture specialist of Texas A. and M. College.

Pastures contribute more than one-third of all feed eaten by livestock generally, and more than one-third of the feed furnished by farm pastures is used by dairy cattle. The yield and carrying capacity of poor and weedy pastures can be built up by disking or plowing, fertilizing and reseeding either in the fall or spring, or both times.

To keep good pastures at a high production level, says Lancaster, fence off one-fourth or one-fifth each year for renovating. Take an old bermuda grass pasture, for instance. You can restore it to new freshness pretty easily. It might be limed and well torn up by disking or plowing. The next step is to fertilize with 400 pounds of 0-14-7 or 4-12-8. In Texas, dallis grass and some adapted clovers may be seeded in second bottoms, deep valleys and moist prairie soils. Lespedeza may be seeded in upland bermuda grass sod in East Texas and the Gulf Coast. Land that is too poor to grow clovers or lespedeza may be seeded to vetch or smglitary peas and rye. This provides supplementary grazing while the bermuda grass sod is being renovated.

The most benefit from renovation—restoring your pastures to freshness—come from making hay or silage from the extra growth in the spring for feeding later in the season when grazing is short, or during the winter season, says Lancaster.

Renovation of pastures pays off in profits from milk and beef.

Car Travels 95 MPH But Cops Don't Care

AUSTIN.—There's an automobile here that recently traveled 95 miles per hour inside the city, but the traffic cops don't care. In fact the city is encouraging more of these cars to be run at even higher speed. This speed record was made by one of a fleet midget model cars, powered with real engines. Some 50 of them are in regular operation on a special track built in a city park. Regular races are run twice a week, and some 1,500 people witnessed a recent special program.

**Everybody in favor say—
"Lubri-tection!"***

That's the word that brings you one of America's greatest motor oils — Phillips 66 Premium Motor Oil!

What does "Lubri-tection" mean? Brother, it means just exactly what it says! It means lubrication *plus* protection.

Yes, with Phillips 66 Premium Motor Oil in your crankcase your engine gets both lubrication *and* protection. Here's how. Phillips 66 Premium Motor Oil is expertly refined from high quality crude to give you fine basic lubrication. But that's not all it does! Certain additives and inhibitors in this oil go to work in your engine to help fight against sludge, varnish, and other harmful deposits. Next time you need oil, ask for "Lubri-tection"... at the sign of the famous orange and black Phillips 66 shield!

**PHILLIPS 66

Tips Given on Fall Garden Planting

COLLEGE STATION.—It's getting about time for planting fall gardens and some folks already have them started. Planting seeds in early October means pantry shelves full of canned food in January, says J. F. Rosborough, extension horticulturist of Texas A. and M. College. So if your's isn't started yet, now is the time to begin.

Seed don't germinate so well this season of the year, it is a good idea

to plant about one-fourth as many more seed than usual so you can expect a good stand. Beets, swiss chard and spinach are examples of seeds with hard seed coats. These should be soaked in water all night before planting. But here's a point to remember right here: don't plant soaked seeds in dry soil. If the soil is dry, irrigate before planting.

Use a hoe to tamp down the soil after planting the seed. This packs the soil well around the seed. This job can be done as well by just walking down the row. This way the seed comes in direct contact with the soil, and the seed get a good start right away.

The high temperatures during late summer and early fall may have dried up the soil pretty badly. As a result, it's a good idea to stir the soil frequently at a depth of about two inches. Cultivating deeper will tear up the plant roots. A shallow furrow between the rows works better for irrigating the garden than a quick irrigation or a surface sprinkling. The shallow furrow allows the water to run between the rows and soak down into the ground where the roots are.

Some vegetables should be planted early so they will mature before the frost. In this tender vegetable list are Irish potatoes, mustard, leaf lettuce and radishes. And other vegetables can stand a little frost, but not much. These are carrots, cabbage, beets, swiss chard and turnips. Then there are the winter-hardy ones such as collards, english peas, onions, head lettuce and spinach that will stand up under a heavy frost.

For further information on rates of seeding garden vegetables and the varieties suggested for your area, contact your county agent, says Rosborough.

Clover Planting Time In Texas

COLLEGE STATION.—With cooler weather and general rainfall coming up, it's getting around to clover planting time in Texas pastures. Robert R. Lancaster, extension pasture specialist of Texas A. and M. College, says that fall is the time to sow clover, since the seed will germinate better when cool nights follow warm days.

Short, thin turf in fields where crop litter remains on the ground is the place where clovers generally make good stands. Well prepared seed beds is another good place. For dry weather planting, a straw mulch is valuable in holding soil moisture in the soil.

Clovers will grow better when they are combined with such grasses as dallis, rescue or rye, suggests Lancaster. A bunch grass is more desirable than a carpet grass because the carpet grass often becomes so thick it crowds out the clover. The running grasses such as bermuda and buffalo will also leave plenty of room for clovers. So will johnsongrass and rhodesgrass.

There are several clovers adapted to various situations from which to choose. These are hop clover, white clover, bur-clover and sweetclover.

Whatever variety you use, reminds Landcaster, inoculate the seed for best results.

If you would like to get information on varieties, soil preparation, rates of seeding and fertilizing, consult your county agricultural agent. And here are some facts worth remembering about clovers: With grass, clover puts back organic matter in worn-out soil. Also it provides badly needed pasture in the early spring, and is high in phosphorus and other mineral nutrients, says Lancaster.

HILTON RETIRES

William C. Hilton, assistant to the Santa Fe Railway's operating vice president at Chicago, has announced his retirement after more than 50 years with the railway company. George H. Minchin, operating vice president, has appointed Arthur C. Jepson to succeed Hilton.

Jepson has been system contract supervisor at Chicago since October 1, 1945, and will be succeeded by Reuben A. Johnson, who has been his assistant since that date.

Both Jepson and Johnson have been admitted to the Illinois bar, and handle joint facility contracts and special matters for the operating vice president.

In three years' time, given favorable conditions and ignoring the death rate, the progeny from one pair of rats could exceed 350,000,000.

NUMBER OF SS CARDS UP

Almost 85 percent of the men and 60 percent of the women in this country over 14 years of age now hold social security account numbers. Of the 90 million accounts established, over 75 million are active.

An Ohio city averages 100 humans bitten by rats each year. This could be prevented if citizens would start rat-control in their own homes, on their own property, or business establishment, and would then help their neighbors.

"MY HUSBAND WAS A SLEEPING PILL ADDICT." . . . "Please God take him away before he hurts someone else besides himself." This is the prayer of a young wife whose dream of romance was turned into a nightmare by the "Devil's Capsules." Don't miss this revealing story in the American Weekly that great Magazine distributed with next Sunday's Los Angeles Examiner.

NAMED CHANGED? NOTIFY SS

When a woman marries, she should go to the nearest social security office or post office to have her married name entered on her social security card. She should do this whether she stops working or intends to work under her married name. When an employer substitutes a woman's married name for her maiden name on his social security tax returns, he should make sure she has registered the change with the Social Security Administration.

Attractive Prizes Go To Winners In 4-H Poultry Programs

Sterling silver medals, all-expense trips to the National 4-H Club Congress in Chicago, and college scholarships will be offered this year by Ford tractor and Dearborn farm equipment dealers in connection with the National 4-H Poultry Achievement Program.

Announcement of the awards was made today by Dearborn Motors Corporation, Detroit, and O. C. Sikes, of Sikes Motor Company.

The poultry program, now underway in every state, is one of 24 national 4-H award programs conducted by the extension service of A. & M., and the USDA.

One major objective is to find the place of poultry in the economy of the general farm. To do this, 4-H boys and girls study scientific developments in poultry production and demonstrate the application of new findings to their own poultry flocks.

Medals will be awarded all county winners, and state winners will receive an all-expense trip to the National 4-H Club Congress in Chicago Nov. 2-Dec. 2. Ten college scholarships of \$200 each will be presented to a national group selected from the State winners.

HERE FROM CALIFORNIA

Mr. and Mrs. W. H. Jarrell, who formerly lived northwest of here, were here this week from Vista, Cal., visiting old friends and attending business matters. The Jarrells still own land northwest of here and come back occasionally to look after their interests.

Eliminate Feeding and Sheltering Rats

Eliminate food and shelter for rats then any building will lose its appeal to them. To prevent raids on your larder, place rat baits covered with Hobson's sure kill phosphorus-based rat paste near rat hiding spots. Keep placing fresh baits made of different foods—potato and apple slices squares of bread dipped in meat frying, etc., covered with Hobson's phosphorus-based paste in the same locations, so that if any of the rats have missed eating the baits, they will finally get one. Rats will go outside to search for water, drink it, and die off the premises.

Local Conoco Plant Is On Review, Thursday

Continental Oil Company's local bulk plant will be "on review" on Thursday, Oct. 14, when the company holds open house for citizens of Texico-Farwell and the surrounding area in observance of Oil Progress Day, it was announced today by M. V. Robertson, district sales representative.

Robertson said he had issued a blanket invitation to the public to visit the local bulk plant in Farwell.

"Oil Progress Day is to be observed nationally, and Continental Oil Company is participating throughout the country," he said. "We urge everyone who can to make this tour. We will be open all day, and the public is welcome."

"Oil Progress Day, October 14, has been set aside for the oil industry to report to local America, community by community," said Robertson. "For all its vast ramifications, the petroleum industry is local in character. We—the owners, managers and employees—are just 'folks' to our neighbors, and the progress of our industry is of concern to them. We are acutely aware that whatever progress or success we make is dependent upon the people we serve. For them on Thursday, October 14, we are holding open house. The latch string hangs outside, and everybody is welcome."

Cotton Mechanization Conference, Lubbock

The second annual Beltwide Cotton Mechanization Conference will be held in Lubbock, beginning on Thursday, October 14 and concluding on Saturday, October 16, it has been announced.

The conference will take up all details of cotton production related to the mechanical end of production, as well as other phases, and prominent speakers are listed to appear.

The opening session, Thursday morning, will be in the Lubbock Hotel ballroom. That afternoon the group will see a demonstration at the Texas Tech experiment station. All remaining sessions will be held in the Hotel ballroom.

County Agent Ollie Liner stated that he and several ginners in the county planned to attend. All farmers are invited to attend.

Too much money may go to a man's head; but it generally goes to a woman's back.

Residents Visit Unit For Free X-Rays

A total of 617 Parmer County residents took advantage of the free X-rays offered by the Texas State Health Department, the past weekend, when a mobile tuberculosis X-ray unit was stationed at the Parmer County Community Hospital in Friona.

The unit spent two and one-half days at the county hospital, offering free and immediate X-ray examinations to any resident of the county over 15 years of age.

Dr. Robert C. Stokes, county health officer and head of the Friona hospital, said that reports on the chest examinations would be received in about ten days. In case of a negative report, only the individual will be notified. If the test is positive both the individual and his designated doctor will be advised.

The hospital staff expressed its appreciation to the Friona ladies for their services in helping the mobile unit in filling out application forms.

TO KIWANIS MEET

Mr. and Mrs. C. M. Hendreson left the latter part of last week for Phoenix, Ariz., where they attended a big meeting of Kiwanis Club members. They planned to return home this week.

Tribune job printing is best.

Take Top Ratings In Sears Chick Contest

Billy Johnson, Jary Gleason and George P. Young, all Parmer County 4-H Club boys, carried off honors in a six-months judging contest held recently involving White Leghorn chickens issued by Sears Foundation to the boys last April 1.

County Agent Ollie Liner reported that the state office listed the Parmer boys with two blue ribbons and one white ribbon, when their reports were judged along with those of boys from Castro and Bailey county. He added that the Parmer boys held the only blue ribbons issued in the judging.

Six-months records, listing the number of chicks raised, feed and management, served as basis for the judging. Johnson succeeded in raising all 300 of his chicks; Gleason lost only two, and Young raised 283.

Cash prizes of \$42.84 went to both Johnson and Gleason, while Young drew a cash award of \$14.28.

WITH PLEASURE...

The Farmers Supply Company announces the appointment of Herschel Morgan as store manager. With the appointment of Mr. Morgan, the following prices will be in effect:

- Grinding Grain 17 1/2 c per. cwt.
- Grinding Bundles 20c per. cwt.

Take advantage of your grain and bundles. Have them custom ground and mixed with us. We are an approved Purina custom mixing station. We have tested and certified formulas, using local grains. Bring your feeding problems to us and let us show you how you can get the maximum production with the minimum cost, using home-grown products.

Watch for the opening of our new syrup and sweet feed mill to further serve the needs of this community. We invite the public inspection of our mill at all times.

Take a Good Look at Your Fields If they're full of HUMPS and HOLLOWs

Level out the Wrinkles This Fall with an EVERSMAN AUTOMATIC LAND LEVELER and DIRT MOVER

Every farmer knows how costly rough fields can be... the high spots burn out, the low ones drown out. Uneven fields waste irrigation water, wash out crops, cause lots of extra back breaking labor.

That's why it will pay you to iron out the wrinkles this fall with an EVERSMAN. The EVERSMAN levels land AUTOMATICALLY—when wheels go on high place blade lowers to take a cut, when wheels go into a low place blade raises to release dirt—breaks clods, firms and packs the surface, forming a finely pulverized seed bed as the machine moves along.

Same machine is fastest dirt mover on the market today for power required. Excellent for rebuilding fields. After dirt is moved it can be graded down and AUTOMATICALLY LEVELED with the same machine. Here's an ALL-PURPOSE machine used for dirt moving, leveling, for maintaining contours, soil conservation work and preparing seed beds year after year. Come in today for full details. Plan to do your dirt moving and land leveling this fall.

Local Happenings

Accomplishments Are Noted By Auxiliary

A review of the first fiscal year of the local American Legion Auxiliary, concluded in September, has been made this week by Mrs. Mary Lou Cason, local president.

In September, 1947, the local Auxiliary officially began its work, with installation of officers being held in the home of Mrs. Claude Rose. Mrs. Prichard, of the Clovis Auxiliary, was the installing officer.

With the help of Loyde Brewer, local veterans' administration, the Auxiliary secured national aid for a veteran's family in the community. Two Poppy Day sales were held, one in November and one in May, netting \$171.96.

At Christmas time, each member sent a gift to the veteran's hospital in Amarillo, and also sent a donation for a Yuletide fund at the hospital. Gifts were purchased for a local veteran's family, with money from the Poppy fund.

Different projects were sponsored as money-making drives during the year. The Auxiliary held a kidnap breakfast, bingo parties and bake sales, and served both the junior-senior and alumni banquets for the Farwell school. Money received was used to buy furniture for the new Legion Hall.

The local unit received two national citations during the year, one for doubling the membership, and another for securing one-third of the membership by June. Donations have been made from the Poppy fund for child welfare, rehabilitation, and to the Amarillo veterans' hospital.

The past June, the Auxiliary was visited by the District President, Mrs. L. H. Stout, of Pampa.

From money received from the various projects, the Auxiliary has purchased Venetian blinds for the Legion hall and equipped the kitchen with a double oven stove and a complete lay-out of dishes, silver and kitchen utensils.

In making her report, Mrs. Cason expressed her appreciation to all residents of the community for their fine cooperation during the past year and urged that they continue their support of the Auxiliary.

Family Get-Together Is Enjoyed Sunday

An old fashioned get-together was enjoyed Sunday, October 10, in the home of Mr. and Mrs. Sterlyn Billington when a group of relatives gathered for a delicious dinner, after which an evening of visitation was enjoyed.

Those present included Mr. and Mrs. Randolph McDaniel and Mrs. T. R. McDaniel of Waco, Texas; Mr. and Mrs. Chester Magness and family, Mr. and Mrs. Tom Foster and family, Farwell; Mrs. Eunice Vinson from Muleshoe; Mr. and Mrs. G. W. Magness, Mr. and Mrs. Raymond Magness and son, Farwell; Mr. and Mrs. Leon Magness of Clovis; and Mr. and Mrs. Sterlyn Billington and family.

School Carnival At Friona, Oct. 30th

Supt. Dalton Caffey announced today that the Friona Parent Teacher Association will sponsor a Halloween carnival at the school in Friona on Saturday, October 30th.

Big attraction of the evening will be the giving away of a Deep Freeze home freezer, with numerous other items to go to lucky individuals, as donations from Friona merchants.

The carnival will get underway at 8 o'clock, and the public is urged to mark the calendar and plan now to be on hand for the fun.

Local Scouts Enjoy Hike On Wednesday

The local Cub Scouts of Pack 27, met in their regular weekly meeting the past Wednesday afternoon, and at that time they enjoyed a hike to the caliche pit north of town with one of their den mothers, Mrs. Joe Crume.

Refreshments were served to the group by Mrs. Harold Hillock at the close of the afternoon.

Those enjoying the hike included: Jerry Johnson, Jimmy Don Moss, Jimmy Roberson, Delbert Parton, Jackie Wilmeth, Donald Arnold, Jerry Max Poteet, and Bobby Don Goldsmith, all new Cubs from Texico who were in attendance for the first time; and Phillip Ray Crume, Gerald Hardage, Darrell Hicks, John Gordon McCuan, Sam Pool, Claude Rose, Jr., Jerry Venable, Bert Williams, Roland Hillock, and Robbie Foster, of Farwell.

A special invitation is extended to all boys of this community between the ages of 9 and 12 to become a Cub Scout. Those interested are asked to contact Mrs. Joe Crume of Mrs. Jack Williams at the earliest possible date.

PTA Will Feature Special Speaker

The Tribune was asked the first of the week to remind the public in general, that the regular meeting of the local Parent Teachers Association would be held at the Farwell High school home economics building on Thursday night, October 14th.

Dr. Bill Marshall, President of the Wayland College in Plainview, has been contacted and will be guest speaker of the evening.

Everyone is urged to attend this meeting, whether a member or a visitor.

The men will be in charge of the program and refreshments will be served at the close of the meeting.

Attend Game In Dallas

Mr. and Mrs. Vance Crume returned Sunday from Dallas, where they spent the weekend, attending the opening of the Texas State Fair and witnessing the downfall of the Texas Longhorns before the Oklahoma Sooners in the Cotton Bowl game, Saturday afternoon. Little Miss Judy Crume spent the weekend with her grandparents, Mr. and Mrs. W. H. Graham.

Announce Arrival

Mr. and Mrs. John Austin Graham of Lubbock, Texas, announce the arrival of a son on Saturday night, October 9th, in a Lubbock hospital. The young man weighed 5 pounds and 6 ounces and has been named Dennis Neill. Mr. and Mrs. B. N. Graham, grandparents of the new arrival were on hand to give him a warm welcome.

Visits Here

Rev. and Mrs. Ray Boatright, and Mr. and Mrs. Pickering and children, of Amarillo, visited briefly in the home of Mr. and Mrs. Ben O. Smart the past Wednesday night. They were en route home from Carlsbad, New Mexico, where they made a tour through the caverns.

Mrs. T. R. McDaniels, and son, Randolph and wife, from Waco, Texas, have been visiting the past several days in the home of Mr. and Mrs. Sterln Billington, and other relatives in this vicinity. Mrs. T. R. McDaniel is a sister to Mrs. G. W. Magness.

Mr. and Mrs. Harry Jesko were business visitors in Friona, the past Thursday.

Texico PTA Meeting Comes on Thursday

The regular meeting of the Texico Parent Teacher Association will be held at the school building on Thursday evening, October 14, officials announced today, and extended a special invitation to newcomers to the Texico school district.

The second grade students, directed by Mrs. Neill, will have charge of the evening's program, with mothers of the students acting as hostesses during the social hour.

October is membership month for the PTA, and officials are making an effort to secure new attendants to the regular meetings. The program get underway Thursday night at 8 o'clock, Texas time.

GOLDEN CIRCLE SS CLASS HOLDS MEETING

The Golden Circle Sunday School class met in the home of Mrs. Walter Hardage, the past Tuesday afternoon in their regular monthly meeting.

Business matters were discussed after which a series of Bible games were enjoyed.

Lovely refreshments were served to the following eleven members present. Mesdames Hadley, Lloyd Cain, Dale McCuan, Ophelia Billington, John Lockhart, Hillock, W. T. North, Perry Crawley, and the hostess Mrs. Hardage.

HOME FROM REUNION

Mr. and Mrs. Ted Sheets returned home Tuesday from Wayne, Oklahoma, where they were among the attendants at a family reunion for Mr. and Mrs. H. L. Haynes on the occasion of their 50th wedding anniversary. The Haynes are Mrs. Sneed's parents. They also visited in Paul's Valley while away, and Ted reports conditions as "pretty dry" in the regions he visited.

Back to Albuquerque

Mr. and Mrs. Harold Dixon, and young daughter, who have been visiting in the home of his mother, Mrs. Ruby Dixon, in Farwell, for the past several weeks, have returned to Albuquerque, where they will make their home.

Home From Dallas

Mrs. Effie Johnson accompanied Dr. V. Scott Johnson and children, Nancy and "Boog", of Clovis, to Dallas, on Thursday. The group spent the weekend visiting and attending the State Fair, returning to their respective homes on Sunday.

Mary Kate Brotherton, of the regional news office of the Amarillo News-Globe, attended business and visited friends in Farwell the first of the week.

SUNUP TO SUNDOWN

MARSHALL FORMBY, Mgr.

Mrs. W. W. Vinyard left Tuesday for Dallas here she will undergo a complete medical checkup.

Visitors in the home of Mr. and Mrs. Mart Ezell in Portales, Sunday, were their parents, Mr. and Mrs. Roy B. Ezell, and Mr. Charley Bealer, of Farwell, and Mr. and Mrs. Beauford Bucks of Muleshoe.

Mrs. A. E. Hawkins and daughter, Kathryn, of Clovis, were Sunday visitors in the home of Mrs. Hawkins parents, Mr. and Mrs. Jess Newton.

Mr. and Mrs. Crouch spent the weekend in Carlsbad, New Mexico, where they enjoyed a trip through the famous caverns.

Miss Alyce McNew of Clovis, spent Sunday night visiting Miss Hazel Dishman.

CARD OF THANKS

We take this means of expressing our deepest appreciation to our most beloved friends for their expressions of sympathy and their kindness extended to us in our darkest hours of sorrows. And for the beautiful floral offerings.

We especially send our appreciation to these friends: The singers for the beautiful songs. Mr. Earl Roberts for the beautiful special song. The Pallbearers—Mr. Edgar Blain, Mr. Ralph Humble, Mr. Riley Boss, Mr. W. L. Freeman, Mr. T. T. Doolittle, and Mr. Perry Crawley; also Brother Ross, Brother Wheeler and Brother Holladay who conducted the services for our most beloved husband, father, grandfather, and uncle. May God bless everyone of you.

Mrs. R. H. Eason
Mr. and Mrs. John Eason & family,
Mrs. Gladys Blake & family,
Mr. and Mrs. G. C. Knox,
Mrs. Dorothy Eason and Pegg,
Mr. and Mrs. G. T. Foster,
Mr. James Stroope.

Howdy, Folks: Here are some highlights from the sports field:

"He makes money hand over fist." "Capitalist?" "No, pugilist."

Fan: "How do you account for the slump in Joe's fielding average?" Coach: "He goes after too many highballs."

She: "Is horse racing a clean sport?" He: "Well, it cleans quite a few every day!"

All kidding aside, folks, we know how to take care of your car's service needs. Our first quality gas and oil, plus our courteous attendants, make it a pleasure to stop here. Try us.

Bovina Happenings

Jessie McSpadden

Mrs. E. T. Caldwell by request began a class in piano at the Friona School on Thursday of this week. Registration begun on Wednesday. She will be in Friona on each Thursday for lessons.

Mr. and Mrs. Tollie Caldwell and son of Amarillo spent Sunday in the home of his mother, Mrs. E. T. Caldwell.

Mr. and Mrs. T. J. Hopingardner, Lee and Mable Newberry had as

their guests this week, Lt. Ralph Sidenes and wife from Newport, Virginia. They left Friday night for Corpus Christi, Texas, to visit their parents.

Mesdames Wilbur Charles, Jimmy Charles, Vernon Estes, J. B. Baker, Lewis Pesch, T. J. Hopingardner, John Wilson, Mable Newberry, and Miss Rita Caldwell went to Muleshoe to the zone meeting, this week. They all report a good meeting and Mrs. Vernon Estes was elected president of the zone for the ensuing year.

Rev. Pricer of Pecos, Texas, filled the pulpit at the Church of Christ, in Bovina.

Mr. and Mrs. Marvin Schafford are moving this week to Bovina from Brownsville, Tex. They will live in the Whitehurst residence. Mrs. Schafford is the sister of Mrs. J. T. Jones.

Miss Irma Robards is visiting with

her sister, Mrs. Bob Johnson this week. Miss Robards has accepted a position in Clovis and will leave here Monday.

Mr. and Mrs. Herschel Lowe of Canyon, spent Sunday with her parents', Mr. and Mrs. C. R. Elliott.

Maxine Wade of Lubbock, spent the weekend with her grandmother, Mrs. W. J. Wade in Bovina.

Patricia Nunn of Farwell spent the weekend in Bovina with her aunt, Mrs. Jack Woltman and family.

Elmer Berryhill took the Ag boys of the Bovina High School to the Tri-State Fair in Amarillo, Saturday.

Mr. and Mrs. Odis White visited Saturday with Mr. and Mrs. Jno Byler Jr., in their new home in Amarillo.

Mrs. J. C. Denney is a patient in the Clovis Memorial Hospital and is reported to be recovering nicely from surgery which was performed last week.

Mrs. G. F. Trimble, Loyce Marie Trimble and Mary Alice Englant shopped in Amarillo, Monday.

Mrs. E. Tabor and Mrs. T. G. Hudson had business in Clovis, Monday afternoon.

Mr. and Mrs. J. T. McMahan of Canyon, friends of the Herschel

Lowe's, spent Sunday with Mr. and Mrs. C. R. Elliott.

Mr. Melvin Wiley and Bud Robards visited in the home of the Charles Jeffersons, Sunday.

MUSIC CLUB ENJOYS PICNIC, FRIDAY

The Music Club met in the home of Mrs. E. T. Caldwell on Friday afternoon, October 8th, at 4:30 p. m. Ten members were present. After a musical program consisting of numbers by La Verne Hudson, Lillian Young, Patricia Cherry and Cletis Huff, and a discussion by the teacher, outdoor games were played.

A picnic supper was served on the lawn, which was enjoyed by all. After the supper, the youngsters gathered around the piano and sang until time for the football game.

Members present were: La Verne Hudson, Donna Smith, Cletis Huff, Lillian Young, Kay Collins, Everett Marie Crook, Margie Leake, Patricia Cherry, Don Alverson, and David Everetts.

Piano students from the sixth grade were Marcella and Margaret Verner, Sandra Patton and Jane Al-

verson. The Club known as the "B Natural

Musical Club", has its regular monthly meetings.

BIRTHDAY PARTY ENJOYED

The piano and music class students had a party on Saturday afternoon at the home of Mrs. E. T. Caldwell, honoring four of their members birthdays. Ten students were present for the party.

The evening was spent playing various games.

A large decorated pink and white layer cake was placed in the center of the table before the honorees while the rest of the group sang "Happy Birthday To You". Fruit punch accompanied the cake as refreshments.

Students present were: Denney Ware, Phil Caldwell, Murline Crook, Nita Beth and Verna Marie Estes, Sondra Rhinehart, Kay Leake, Nickie Woefell, Joy Redden, Susie Estes, and one guest, Mrs. Ernest Woefell. Besides the hostesses, Mrs. Caldwell and Rita.

FEDERATED SOCIETY ELECTS OFFICERS

Election of officers for the recently formed Federated Society of Church Women was held on Friday, October 8th, at the Bovina Methodist Church. The organization is made up of women from the various churches of the town, and the purpose is to promote fellowship and understanding and to further the religious and

civic welfare of the community.

Mrs. J. B. Baker was elected president; Mrs. Bill Bradshaw, vice-president; Mrs. A. R. McCutchan, Secretary-treasurer; and Mrs. H. L. Tidener, publicity chairman. Meetings will be held on fifth Wednesdays and the next meeting is scheduled for December 29, at the Baptist Church.

Rev. J. B. Baker, Methodist minister, led a devotional and Mrs. E. D. Ashcraft presided for business. Refreshments were served at the conclusion of the meeting.

NEW BAPTIST MINISTER ARRIVES IN BOVINA

Rev. and Mrs. Weldon Franks, Billy and Judy arrived in Bovina last Wednesday. Bro. Franks is the new pastor of the First Baptist Church, he comes to Bovina from the Cleveland Street Baptist Church of Dallas. He was called to the Bovina church several weeks ago, but was unable to assume charge of the church at that time due to previous revival engagements.

Auction Sale!

Oct. 21, 22, 23

SALE WILL BE HELD ON THE SITE OF THE LAND IN SWISHER AND CASTRO COUNTIES IN THE TEXAS PANHANDLE

4,000 Acres in Two Tracts
L. C. LITTLE FARMS

Land Divided into 160-Acre Units

TRACT NO. 1

3200 acres located 15 miles west of Kaffir, Texas. Kaffir is on Highway 87 midway between Happy and Tulia. The tract includes 1690 acres of excellent wheat; 1107 acres cultivated land ready to plant; 50 acres of alfalfa; 353 acres of good pasture; 4 irrigation wells and a large reservoir; 8-room modern house with 3 barns, sheds, tool-house, bunk house, silos, windmills, etc., and a 6-room modern house with barn, granary, cellar, orchard, windmill, etc.

TRACT NO. 2

800 acres located 5 1/2 miles east of Highway 87 from a point approximately midway between, Tulia and Happy, Texas. This tract includes 130 acres alfalfa which yields a ton per acre per cutting; 400 acres of good wheat; 70 acres of pasture with natural lake; 200 acres cultivated land; modern, newly-remodeled 6-room house with nice trees; 5-room semi-modern house; windmill and 3 irrigation wells.

This is level land, ideal for irrigation. It is rich and easily farmed. Last season it produced 40-bushel wheat, and 80 to 90-bushel grain, on the average. The irrigation wells average 180 ft. in depth and produce 1200 gallons of water per minute indefinitely without falling off. This season much of the crops have not needed irrigation.

ALL FARM MACHINERY AND EQUIPMENT TO BE SOLD AT AUCTION

8 Tractors, combine, ditcher, floats, feed chopper, plows, 4 trucks, binder, drills, engines, hay baler, mower, rake and various other items of farm machinery and equipment.

ORDER OF SELLING

Sale will begin at 2 PM on October 21 and continue daily at 2 PM through October 23, or until everything is sold. All sales will be held at headquarters on Tract No. 1. Come early October 21, inspect the land and machinery—be ready to bid when the sale starts.

HOW TO GET THERE:

Tract No. 1: Drive from Happy south 8 miles, or Tulia north 7 miles, to Kaffir elevator. Turn west on Farm Road No. 214 and drive 10 miles, then north 1 mile and then west 4 miles.
Tract No. 2: Drive from Happy south 7 miles, or Tulia north 8 miles, and turn east 5 miles then south 1/2 mile.
FOR THOSE WHO WANT TO FLY: There is a level turf landing field with a wind sock adjacent to headquarters on tract No. 1.

Proper Lighting Is Very Important

COLLEGE STATION.—Now that the kids are back in school, many a household dining room table will be back in service as a study table after the supper dishes have been cleared off.

It's a good idea for parents to check on the lighting situation in the study room—whether it be in the dining room or somewhere else. There aren't many dining room fixtures of the shaded type with large enough bulbs to give a good reading light. For this reason, a study lamp should be moved onto the table, says Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College.

Studying light should be free from glare, dark shadows and contrasts between darkness and bright light. The table study lamp should be tall enough and have a shade broad enough to spread a wide circle of light so that a child can sit up comfortably when reading. A white lining in the shade will reflect the light downward, and a reflector bowl sends some light up towards the ceiling so that it spreads over a larger area, and cuts down the glare.

Besides the study lamp on the table, the room should have general lighting fixtures to drive away the darkness. This light can be provided

by fixtures in the ceiling or by adding more indirect lamps with reflector bowls.

The location of a lamp also is important to "throw enough light on the subject", whether it's reading, writing or arithmetic. For close work, place the lamp close to the book, needlework, or whatever you're doing—but have the lamp just off to one side.

Lamp location for "Southpaws" is going to be just opposite that of right-handers, says Mrs. Claytor—off to the right for left-handers, and on the left side for right-handers.

Hen Languishes After Egg-Laying Spree

HUNTSVILLE.—A Wyandotte hen owned by the C. V. Kennedy family who live on a farm near here, has busted all known egg-laying records. She laid more than 3 dozen eggs in two weeks. Finally Mrs. Kennedy noticed the hen looked tired, so she took the hen to a poultry expert for advice. Since then she hasn't laid a single egg, but she seems to be gaining strength, and the Kennedys have hopes of another egg-laying spree.

Social security account numbers are important. The use of a wrong number may result in the loss of insurance payments for a worker or his family.

VETERAN'S QUESTION BOX

Q.—I am a disabled veteran. Am I entitled to increase compensation because of my dependents?

A.—If your disability rating is 30 percent or more, you should submit to Veterans Administration documentary evidence of the existence of a wife or child or evidence of dependency of your parents so that you may qualify for increased compensation payments under Public Law 377 of the 80th Congress.

Q.—My father is supporting a large family. May I claim him as a dependent while I am in training under the G-I Bill?

A.—Dependency will be held to exist if your father does not have an income sufficient to provide reasonable maintenance for himself and members of his family under legal age, or members of his family otherwise dependent by reason of mental or physical incapacity.

Q.—I am going to college under the G-I Bill and would like to know whether I will have to refund the

tuition if I leave school before the end of the school year?

A.—If you drop out of college before the end of the period for which tuition has to be paid by Veterans Administration, you will have to pay VA for the time you did not attend school or you will lose the training time covered by the payments.

Q.—Is the amount of disability compensation in any way affected by the amount of money I earn or receive from other sources?

A.—No.
Q.—I intend to be a bartender and would like to know if I can take a course in bartending under the G-I Bill?

A.—First, you must submit to VA complete justification that the course is in connection with your present or contemplated business or occupation. Then you must receive VA approval before you start training.

Q.—Does Veterans Administration lend money to the veteran for the purchase of homes or businesses?

A.—VA does not lend money to the veteran for homes or businesses. He makes his own arrangements for the loan through the usual financing

channels. VA then guarantees the lender against loss up to 50 percent of the loan, with a maximum guarantee of \$4,000 on real estate and \$2,000 on non-real estate loans.

Q.—What does VA supply to the disabled veteran if he is enrolled in a school, or if he is enrolled in on-the-job training?

A.—For each disabled veteran in school, VA will furnish tuition, fees, books and equipment, provided they are required by other students taking the same course. On-the-job trainees will receive tools and equipment for their job training, also provided they are required of all other trainees taking the same course.

Steers Gore Buffaloes Friday Nite, Score 26-0

The undefeated Farwell Steers rolled on to a greater record here last Friday night as they soundly trounced the Melrose Buffaloes 26-0 before nearly a thousand spectators.

Scoring came in every quarter except the third, when the Buffaloes, who never let down enough to make the going easy, seriously threatened to score twice. Although the Steers usually depend in a large measure on passing attacks, most of the spectacular plays were made on the ground. Thomas-to-Ford passes were good for one TD, and two extra points. They could also be credited with setting up two touchdown ground plays.

Fullback Booth and ends Terry and Pool all performed well, but the most effective plays seemed to materialize when Booth was pulled in front of the halves to run interference. Saxton, Perry and Bradley carried the brunt of the attack for Melrose.

The Game

Farwell chose to receive, and from a run-back to the 30 by Thomas, marched downfield. Jerry Pool opened the game with a dash up to the 34. Thomas shot one to Ford, but the ball was knocked from the hands of the end by Saxton. Terry made a long end run, but gained no yardage when he tried to cut upfield. Terry made good the next play, however, and skirted behind blockers along the west side of the field to the 10 where he was brought down by Perry. Booth cracked the line and dragged three men to the 3. Thomas was dropped behind the line for a 2-yard loss by Saxton, and passed the next down to Ford, who was dropped on the 5 by Bradley. Booth again cracked a hole in the defense and moved to the 2. Little Terry made the initial score through right tackle. The trick fake-kick try at extra point ended with a pass to Ford in the corner of the end zone, set the score at 7-0.

Booth got off a bad kick to the 30, where Bradley returned to the 40, but lost the ball of a fumble. Terry got a first-and-ten to the 30, where Booth was held for no gain. Holland missed a pass and Gerles drew a 15-yard penalty for holding. Booth kicked out to the Melrose 20, where the ball was killed by the referee.

Bradley pushed up to the 21, next took a sleeper pass down to the 32, and Don Ford nailed the quarterback behind the line of scrimmage on the third play.

Thomas returned the kick to the mid-field marker where Coffey dropped him to the grid with a resounding thud. Terry made no gain, but on the next try took a lateral from Ford and carried to the 39, where Saxton knocked him out of bounds. Booth made 2 through the middle, and Ford took a pass from Thomas on the 31. A QB sneak by Thomas registered no gain, and Booth plunged to the 11. Thomas tried to pass, but all receivers were covered up, so ran the pigskin to the 5 where Coffey again cracked him. Pool slipped through the line for the second TD, and the kick was blocked—13-0.

Booth kicked the ball into the end zone, but officials ruled a re-kick necessary, so he did it again. Melrose employed a spread formation, but Booth foiled the passing attack by intercepting, where he was downed on the 24. Halfs Terry and Pool took the next two plays to move the ball to the 17, where Farwell lost the ball on downs.

Richards lost a yard, but Bradley made up for it by taking a reverse play up to the 16. Wade moved to the 19, and Melrose kicked on the next play. Terry returned to the 33, following some of the best blocking displayed Friday night, but the play was called back, and the hosts drew a 15-yard penalty for clipping.

Thomas threw to Ford, but the ball was out of reach of the lanky end.

With the ball resting on about the 50-yard line, Thomas flipped a pass down field to Jackie Holland, who was unable to take the ball on a dead run. Pool again hit his stride as he moved to the 40, where Thomas again passed to Ford with the hope of getting a badly needed first down. But the Buffs took over on their 39. Barlow moved up field to the 41, and on the next play Donald Ford ripped into the Melrose backfield to haul Bradley down on the 37. Perry tried the Steer line again, but unable to get a first down, the visitors kicked.

Thomas took the ball on his own 40 and returned it to the 47. Terry was nailed with no gain on an end run, but Booth crossed the midfield marker on the next try to get another first down. Quarterback Thomas sneaked and dodged on to the 35, but Booth was cracked on the scrimmage line. Saxton nearly knocked down a Thomas to Ford pass, and the Farwell end grabbed at the ball, juggled and finally dropped it as the first half ended 13-0.

Second Half

Booth got off a weak kick to the 32, where Saxton took the bounding oval and returned 7 yards before he was hit with such force he lost his hold on the ball, with the result that Don Ford covered for the Steers on the 40. Farwell picked up five yards on a line slam, and then drew a 15-yard penalty for holding. Terry got into motion and dashed to the visitor's 45, where Coffey knocked him out of bounds. Jerry Pool went around the other end to the 40, but on the next play Thomas lost his footing in the backfield and fell to earth on the 50-yard marker while trying to pass Farwell decided to kick and Booth booted to the Melrose 7.

A pass over center to L. Bradley pushed the Buffaloes out of grave danger up to their 22. They again went into their spread formation with the obvious intention of passing, but big Booth changed their minds when he hit the quarterback down on his own 14. Richardson took a pass from the quarterback, however, and was dropped on his 29. Melrose tried to get a badly needed first-and-ten with a line buck, but couldn't, so they kicked to the Farwell 40.

Booth moved upfield to the 49 on two consecutive plays, and Thomas got the first down with a quarterback sneak. Thomas passed, but the ball was intercepted by Saxton on the Melrose 40. Widener bumped through the line to the 45, but bruiser Booth fogged into the offensive backfield again to throw Richards for a loss on the 35.

Thomas fumbled the Melrose kick and they recovered on the Steer 45. Richards got the offensive moving when he drove to the 40, but Booth again dropped a runner way back on the 50.

Saxton was knocked down on an end run, where he fumbled, with the Steers flopping on the ball. The battle raged for the next eight plays between the 40-yard markers, with first one team and then the other charging downfield. Finally Melrose kicked on a fourth down and Terry was tackled on the Farwell 47. Thomas passed to Ford on the Melrose 40, and Pool zipped into the open to nearly go all the way, but was stopped by the Buffs on their 11. Ford took a short flip pass from Thomas to the 5, but Pool lost ground and the ball rested on the Melrose 9. They drew a five yard penalty which netted the Steers a first down. Farwell knocked on the Buffalo door three plays and seemed unable to get past the imaginary 1-foot line that their opponents had drawn, but a short pass over the heads of the line to Ford got the TD. The kick was blocked and the score stood at 19-0.

Saxton took the kick and made a very nice return to the Melrose 41. Time was fast running out, so the Buffs resorted to passing. Booth snatched one of these aerials from its

intended course and drove to the 10, where he set up a touchdown pass taken by end Holland. Thomas passed his final aerial to Ford for the 25-0 score.

Subs for both sides took the field and Melrose began a definite march on the green Steer recruits, but the time ran out, stopping the Buffalo drive for good.

Texico Softballers Take Four Games

The Texico softball teams made a clean sweep of all opposition the past weekend, taking four games over Field and Center, coaches reported today.

The senior teams played at Field on Friday, with the girls' game being the tightest of the day, when the locals finally ckd out a 5-6 count over their hostesses.

The Field boys failed to prove anything of a match for the Texico boys, who outscored them 16-2. Coach C. E. Sanders reported that his team showed great improvement in fielding, and by cutting down on their errors, managed to keep the game well in hand.

Playing at home, the grade teams upset the visiting Center squads. The girls grabbed a 12-8 decision, while the Texico boys held a long lead, 11-5, then went to sleep and got behind, 15-11 and finally came out of it to win the game, 16-15.

End Season Friday

The current season for the senior teams winds up on Friday of this week, when the teams play at Pleasant Hill, Coach Sanders stated.

The records show that the local boys have lost three games and won one, while the girls have won two, tied two and lost one during the season. Information on Pleasant Hill was scanty, but it was believed that the locals stood in good positions to add victories to their string.

The annual Curry county tournament will be held in Clovis, next weekend, with the bracket to be released the first of next week.

Green Lazbuddy Boys Drubbed By Bovina

Playing their first game of football, the six-man variety, the Lazbuddy boys proved to be no equal of the experienced Bovina squad last Friday night at Bovina, where they went down to a lopsided 39-0 score.

Bovina collected all their scores in the opening half with the first stringers in the line-up. At the opening of the third quarter the Bovina second-string freshmen took over and were battled on even terms during the remainder of the game.

Play House on Friday

A grid team from House, New Mexico, will appear on the Bovina court on Friday night of this week, and fans are looking forward to a lively contest with the New Mexico boys.

Political Meeting To Be Held, Oct. 20th

A political rally sponsored by New Mexico Democrats will be held at the Texico school auditorium next Wednesday night, October 20th, it was announced today by W. J. Matthews, of Texico.

Matthews reported that a number of short talks would be made, with Don Boles and R. B. McAllister, both of KICA, among the speakers. Music will be furnished by the Texas Joy-boys, and other entertainment features will be arranged.

The public is cordially invited to attend the rally, which will begin at 8 o'clock, Texas time.

The harvesting of sweetpotatoes reaches its peak in October when largest supplies will be offered, although good supplies will be coming to market from mid-September on.

Teachers Meeting Will Be Held, Thursday

Teachers from over the Eastern New Mexico area have been invited to Clovis on Thursday evening of this week, October 14th, to hear a report on conditions of the schools in New Mexico.

Supt. B. A. Rogers, of Texico, reported on Tuesday that a state-wide survey of New Mexico schools has been conducted during the past two years, and the meeting Thursday

night will give teachers an opportunity to hear the results of the survey.
