As a fitting climax to homecoming events, the Wolverines ran rough-shod over the Hagerman Bobcats, 43-0.

Farwell School Board Sets 1983 Tax Rate

At its regular meeting Monday night, Oct. 11, Farwell School Board set the tax rate for the 1983 school year.

The rate was set at \$1.21 per \$100 valuation with \$1.08 being placed in the Operating Fund and \$0.13 being placed in the Interest and Sinking Fund, and that the percentages of 89.25 percent of the taxes from the frozen rolls be placed in the Operating Fund and 10.75 percent of the taxes from the frozen rolls be placed in the Interest

and Sinking Fund.

The 1983-84 School Budget was approved with adjustments made for bookkeeping procedures.

Mark Williams was nominated by the board as a candidate for a place on the board of directors of the Parmer County Tax Appraisal District.

In other business the board voted to allow Santiago Lucio to work during the final period of the school year.

Planning Meet Slated Tuesday

The Rotary Club sponsored meeting for all civic groups and individuals to discuss proposed fund raising activities for the Farwell Community Center will be Tuesday, Oct. 18, at 5:30 p.m. in Security State Bank in Farwell.

All civic organizations are invited to have a representative at the meeting and all interested individuals are also invited.

As one fund-raising effort, local farmers are being asked to give donations of grain to the Community Center fund at settlement time at the elevators. Any farmer wishing to donate grain may do so by telling the elevator operators that they want to donate, and fill out the pledge card.

More information on the grain donation project may be obtain-

ed by contacting Seth Ralston, County Extension Agent; Joe Jones at the Security State Bank; or any of the local elevator operators.

Another project is a community box supper and jamboree which has been set for Saturday, Nov. 12, in the center. Everyone is urged to participate in the supper which will be an old style box supper.

For those not familiar with how a box supper works, it goes like this:

The women and girls are asked to prepare a meal for two, usually a picnic style menu, pack it into a decorated box, and take it to the supper.

Then the boxes are auctioned to the highest bidder, and the person buying the box eats the

meal with the lady who prepared it. (The bidders are supposed to be unaware of whose box they are buying.)

A popular favorite in years past was fried chicken and trimmings, but one may fix whatever she chooses. Drinks are to be furnished at the supper, but the "cook" should remember to include eating utensils if needed.

The Rotary Club committee is still taking donations for the center fund, and persons wishing to make a donation may contact any member of the Rotary Club or Joe Jones at the Security State Bank.

Everyone is urged to attend the evening of fun and entertainment to help raise funds for the renovation to the center.

Lazbuddie Homecoming Observed This Week

Lazbuddie Longhorn Homecoming Week (October 10-14) has featured all kinds of activities to prepare everyone for the big homecoming football game with the Vega Longhorns tonight (Friday) in what is being billed the "Battle of the Longhorns."

In addition to the football game, a special feature of homecoming will be the coronation of the 1983 homecoming queen and king.

Candidates for the honor include seniors: Launa Brockman, daughter of Mr. and Mrs. Phil Brockman, and Rafael Gonzales, son of Mr. and Mrs. Rafael Gonzales, Sr.; juniors: Becky Schacher, daughter of Mr. and Mrs. Eugene Schacher, and Ray Moran, son of Mr. and Mrs. Juan Moran;

Also, sophomores: Sandra Nail, daughter of Mr. and Mrs. Travis Nail, and David Schacher, son of Mr. and Mrs. Eugene

Schacher; and freshmen: Cathy Schacher, daughter of Mr. and Mrs. Eugene Schacher, and Robert Topia, grandson of Mr. and Mrs. Everado Arce.

Every day of the week was designated as a special day, starting with Tuesday since Monday was an in-service day for the teachers. Tuesday was "We Love The Longhorns Day" when everyone wore hearts bearing the numbers of the players to show how much they loved them.

Wednesday as "50's Day" when the spirit of that era could be seen in the style of dress worn by all. Thursday was "Slum Day," when everyone wore their grubbier clothes so they could get into the action of gathering wood for the bonfire that night.

A wood collecting contest was carried on all week for the big bonfire, and since the class of '84 had won the event every

year since 1977, everyone was out to best them this year.

The bonfire was to begin at 8 p.m. Thursday north of the football field. The cheerleaders were to lead chants and yells and the football players and coaches were to make talks during the event which was to be climaxed by the naming of Mr. and Miss Flame.

Friday (today) is "Dressed To Kill Day" with everyone wearing his nicest clothes.

At 5:30 this afternoon the senior supper will begin and will also be served immediately following the ball game. The menu features barbecue beef, potato salad, pinto beans, coleslaw, rolls, homemade pies, iced tea, and coffee. Cost of the meal is \$4.50 for adults and \$3 for children under 10 years of age.

Everyone is invited to the supper and the big homecoming game.

The U.S. Senate is thinking very seriously about designating the birthday of Martin Luther King Jr. as a national holiday. We are not going to argue the merits of King and whether or not he deserves a national holiday. We do want to point out the cost to the taxpayers of this country of national holidays.

The cost to the taxpayers of a proposed holiday (any holiday for any reason) has been estimated by Congressman Phillip Crane of Illinois at \$238,000,000.

The Congressional Budget Office contends that the only additional cost would be \$25 million paid for overtime to essential services such as police, firemen, etc. However, the Federal payroll as well as all state and local workers' salaries would be paid in spite of no work that day. That idle day is also estimated to cost some \$3 billion in loss of productivity across the entire labor spectrum of the United States.

You can see that in thinking of another national holiday we are not looking at peanuts. Far from it, we are looking at massive amounts of money. A fair question is: can the economy and the taxpayers afford it?

If, in the wisdom of Congress, Martin Luther King Jr. is entitled to national recognition, we would suggest eliminating Columbus Day. After all, there are now serious doubts about O' Chris' discovery of the new world. In fact, the word "America" is derived from the name of Amerigo Vespucci, an Italian explorer who was contemporary with Columbus.

Another thought occurs to us and that is the immediacy of the proposal. So far we have honored only two men, George Washington and Columbus, with holidays. Both have been on the pages of history for centuries. To make an assessment of a person's impact on history in a few years rather than a few centuries does seem somewhat hasty. An answer to whether King is deserving of a national holiday might be found in the universal answer to all knotty questions: "it's too soon to tell."

Last week, Justice Byron White of the U.S. Supreme Court issued a stay of execution for convicted killer James David Autry. This stay was issued only minutes before the scheduled execution of Autry. We wonder if Justice White rendered a service to either Autry or the citizens of the State of Texas.

Apparently White's stay was issued on the basis of the 9th U.S. Circuit Court of Appeals ruling on the "proportionality" of sentencing in California. Proportionality being a legal concept about similar sentences for similar crimes and similar processes of review for similar crimes.

In Autry's case it does seem clear that he got all the "proportionality" he was due any way the case is looked at. We fret over this proportionality concept because it seems to say equal crimes get equal punishments. O.K. with that idea, but the judiciary is up in arms over legislative bodies setting specific sentences for specific crimes. The Judges say that this eliminates "judicial wisdom" and the application of mitigating circumstances in setting sentences for crimes.

Somewhere along the line it looks as if the good judges want their cake and eat it too. Of course we could be cynical and say this is just another example of the failure of the judicial system to protect society while coddling the criminals.

Our old friend Anonny Mouse gives us these thoughts:

The Optimist Or The Pessimist

The pessimist majors in mistakes, misfortunes, and misery; the optimist accentuates assets, abundance, and advantages.

The pessimist preaches limitation, liabilities and losses; the optimist promotes progress, prosperity, and plenty.

The optimist pleasantly pontificates. (Continued on Page 2)

Farwell City Council Sets Center Use Fees

Nomination of a candidate for the Parmer County Tax Appraisal District Board, Farwell Community Center use fees, and employee salary raises were discussed during the Farwell City Council meeting Monday night in city hall.

Council members, in discussing a candidate for the county tax appraisal board, decided to call a special meeting for Thursday, Oct. 13, to nominate someone for the position.

Temporary fees for use of the community center were set, but it was decided that when the remodeling of the center is completed council members will discuss the possibility of changing these fees.

Current fees will be \$25 for a small room for commercial use, with no charge for local non-profit organizations. Each group will be responsible for its own clean up after use. Rent for the large room will be \$50 with a

\$50 cleaning deposit, which will be refundable if the room is cleaned satisfactorily.

In other council business, Joel White, Farwell Volunteer Fire Department chief, met with the council to discuss the possibility of the city's purchasing a mini-pumper truck for the department. The matter was taken under consideration and a decision will be made at a later date.

Following the regular meet-

ing, an executive session was conducted to discuss employee raises. City employees were granted raises in varying amounts.

Those present at the meeting included Mayor Walter Kaltwasser, councilmen Jerry Monk and Fred Chandler, Fire Chief Joel White, and the city employees.

Next regular meeting of the City Council will be Monday, Nov. 14, at 5:15 p.m. in city hall.

At their meeting Tuesday, Oct. 11, Texico city councilmen said the city's ordinance concerning stray dogs will be enforced.

The ordinance, which states that all stray dogs will be picked up and the owners fined, will be enforced, according to Marie Christian, city clerk. The problem which brought about the adoption of the ordinance has become a problem again, she said.

In other action, the quarterly

municipal report was approved by the council and will be submitted to DFA.

A vote was passed to replace the window in the well house at the city well, and the municipal judge's report was approved.

Those attending the meeting were Mayor John R. Hadley, councilmen Vane Doshier, Lewis Cooper, and Truman Kittrell, and city employees Mickey Fenn, Marie Christian, Glenda Thigpen, and Billy Hammit.

Texico School Hires Computer Room Aide

Texico School Board members approved several purchases for the school and hired a new computer aide at their regular session Tuesday, Oct. 11.

LeAndra Byrd of Farwell was hired to fill the position of computer aide at Texico High. She will be working with those persons wishing to use the computer room in the absence of a teacher and will also be helping with other office duties.

The board voted to remodel the stage area in gym #1 to make a concession stand area. This will help to alleviate the crowding problem at basketball games, according to Jim Pierce, school superintendent.

Additional money was approved in the amount of \$3,502

for Chapter I to help pay the salary and fringe benefits of the instructor, and to purchase supplies and materials.

Purchases were approved for a new copy machine, a larger ice machine for the lunch room and concession stands, and for two pinon trees for the front of the new multi-purpose building.

Board members also approved a new 35-passenger bus for Max Carter, bus contractor.

Following the meeting, board members toured the computer room and inspected the new voice module purchased to aid handicapped students, and also toured the new multi-purpose facility.

Farwell Woman Visits Homeland On Missionary Trip To England

Gladys Kaltwasser of Farwell recently returned from an 18-day trip to England taken in conjunction with the Southern Baptist Partnership Mission group.

The local woman was one of 230 persons who participated in the mission to the Baptist Churches of England, working out of the city of Hull.

The 230 participants were divided into groups of seven or eight each, working with some 60 churches during their stay.

"We shared our church programs with the churches there and were allowed to give witness in the schools, homes, and other places as well as in the churches," Mrs. Kaltwasser said.

Members of her group enjoyed a special treat during their stay in Kingston Upon Hull, a seaport city with a population of about 500,000.

As a gift for the mayor of that city, Gladys carried a leather bound Bible from her husband, Walter, who is mayor of Farwell.

Mrs. Kaltwasser, along with members of her group, and a few other citizens of the city

were guests of honor at a reception hosted by Lord Mayor Councilor Louis Pearlman, mayor of Hull, and his secretary.

The building in which the reception was held was Guild Hall, which serves as city hall in Hull. It is some 800 years old and is ornately furnished and decorated with statues and portraits dating back as far as the building, said Mrs. Kaltwasser.

"It was like a palace, everything was so beautiful, we don't have anything like it in this country. The public isn't allowed in the building except in the public offices, but they allowed many to come in with us. The building houses the meeting rooms, reception halls, public offices, and legal offices as well as the court rooms," she said.

"The mayor met us wearing a flowing robe and the ancient gold necklace which is the symbol of his office of mayor. It was the attire he wears when meeting with dignitaries visiting there. His wife also wears a similar necklace," said Mrs. Kaltwasser.

She went on to explain that the necklaces were several

inches wide, ornate, and beautiful to see.

"He had his secretary host a tea for us. We were received in one of the sitting rooms and were served tea and biscuits (cookies). We were taken on a tour of the building and they had each of us put on the robes and tri-corn hats worn by the mayor and councilmen, then sit around the meeting table in the council hall to have our pictures taken," said Mrs. Kaltwasser.

While there the Farwell woman accepted a gift to be given to her husband from the mayor of Hull. It is a hand-painted plaque bearing the coat-of-arms of the city of Hull, and was sent along with a letter to Mayor Kaltwasser from Lord Mayor Councilman Pearlman.

Also during their stay, Mrs. Kaltwasser and her group attended teas and special functions connected with some of the English churches.

Included in the special activities was an "American Night," which featured a hamburger cookout where church members brought their friends and the group spent the evening visiting.

A Youth Night was also conducted with both the refreshments and entertainment aimed towards the likes of England's young people. "They had guitar music that the young people like and they all got to singing, and the Americans went out among them to talk," said Mrs. Kaltwasser.

"During the evening, a member of the church came up with the idea of a treasure hunt. There were four groups and each had a list of 30 questions. Each group went in a different direction to the neighboring villages and had to answer the questions. The answers were found in different places in the villages, like what is printed on the head stone of a certain person's grave, etc. The first to answer all the questions won," explained Mrs. Kaltwasser.

She said that by looking for the answers, they all got to see much of the countryside. "You would pass road side ponds and if someone were standing there in long skirts, it would have looked just like it did a century ago."

The group was able to tour much of the English countryside, including some of the ancient buildings and churches.

The England native said, "You think you know all about your home until you leave and come back. I saw parts of Eng-

land I had never seen before and learned some things like the law that is still on the books in England stating that cattle have the right of way on the roads on common ground. That is ground nobody owns."

Mrs. Kaltwasser as well as other members of the groups were presented with many gifts from the people of England, including a book containing pictures and the history of Yorkshire which was presented by the Priory Road Baptist Church in Hull where Mrs. Kaltwasser's group worked.

Mrs. Kaltwasser also received a book and a small basket of flowers from a 95-year-old lady she visited there.

While the other members of the missionary group returned home, Mrs. Kaltwasser remained to spend a week visiting her family, staying with her sister and family, Mr. and Mrs. Sid Windsor of Watton, Norfolk.

"Before coming home to Farwell, I was asked by my 92-year-old aunt to speak at the church she attends in London," says Mrs. Kaltwasser, "I spoke before several ladies of the church and it was just a beautiful experience."

"I was able to visit with most of my family during my stay. It was a wonderful trip, but I was really glad to get home," she added.

Gift From England

Farwell Mayor Walter Kaltwasser and his wife Gladys proudly display a handsome hand-painted coat-of-arms plaque presented to Kaltwasser from the Lord Mayor Councilor Louis Pearlman of Kingston Upon Hull in England. The plaque was sent as a gift from Pearlman in return for a gift presented to him by Mrs. Kaltwasser on behalf of her husband while she was in the English city on a recent missionary tour. Mayor Kaltwasser had sent the Councilor a leather

bound Bible which was delivered by Mrs. Kaltwasser while with the Southern Baptist Part-

nership Mission group on a tour working with several Baptist churches in England.

Favors For Center Residents

As one of their first projects since the summer vacation ended, the Farwell Girl Scouts made dinner favors for the residents at Farwell Convalescent Center. Michelle Foster, left, and Priscella Galvan are shown with two of the tiny animals made by the Troop. Each favor

is made of a walnut half, painted and made to look like squirrels and skunks by the addition of eyes and pipe cleaner tails. The Scouts distributed the tiny creatures to the residents with a cheerful message attached to each.

Once carried only by school kids and construction workers, the brown bag is now a symbol of status for millions of Americans. In fact, according to the Brown Bag Institute, 249 million lunches are packed each week, and at least 50 percent of all American households brown bag at least once a week!

Why the surge in brown bag lunches? The reasons are many: time, money, convenience and an increased interest in health and good nutrition, to name just a few. People pack lunches to save money. It is estimated that the average brown bagger saves approximately \$1.80 a day. Lunches are packed for dieters, fitness fans who exercise at noon and picky kids, too, as well as hard-eating hard hats. In fact, it is estimated that 50 percent of brown baggers are white collar workers with higher educations and incomes of over \$30,000.

Brown bag lunches can be hearty or low-cal, special diet or special taste, simple or fancy. And for most carried lunches, sandwiches are the first choice. Credit for the sandwich goes to John Montague, an Englishman who lived during the reign of George III. Legend has it that he refused to leave his gambling table for meals. His servant, before, brought him pieces of meat tucked between slices of bread. And, because Montague happened to be the Fourth Earl of Sandwich, others soon began to call for "the same as Sandwich!"

Sandwiches are the number one lunch choice when you know what's good for you because they can combine good-for-you mixed-grain bread with meats, other protein foods, vegetables, fruits and cheeses or other dairy products needed for a well-balanced diet.

For health and well being, experts recommend meals made from each of the six food groups. This includes four servings per day for the bread/cereal group; two servings from the vegetable group; two servings from the fruit group; two servings from dairy products; two servings from the meat/poultry/fish/eggs/legumes/nuts group; one serving from the oils/fats/margarine group. Lunch should make up a full one-third of that total. That is why every lunch should include bread and why the old-

fashioned, time-honored sandwich is an easy way to combine several nutritious foods in one portable, tasty package. Bread provides important complex carbohydrates, B-vitamins, fiber, iron, phosphorus, calcium and protein to the diet. Light brown, tender textured, mixed-grain bread, contrary to popular myth, is not high in calories. Two slices of mixed-grain bread—or enough for a sandwich—contain only 140 calories. What's more, the bulk in mixed-grain bread helps control appetite because it "fills you up," so that the stomach signals the brain that no more food is needed.

Texico Baptist Women Lead Mission Program

Baptist Women of the First Baptist Church of Texico presented the "State Mission" churchwide program Wednesday night, Sept. 21, with chairman Mary Dell Brown in charge.

Theme of the program was "Reach Beyond Today."

After a congregational song service, Cheryl Smith read the scripture Isaiah 32:9-20, and read the names of the missionaries having birthdays on that date.

Bro. Joel Horne led in prayer, preceding the special song "If the Whole World Knew Jesus" sung by Ruth Reid and Mora Schlueter, with Mrs. Smith at the piano.

Mr. and Mrs. J.R. Shumate of Clovis were the special guest

speakers. Mrs. Shumate spoke on her association with the Deaf Ministries, and Shumate, who is the Plains Association Camp chairman, gave a talk on the different camps in New Mexico.

Hayden Smith then gave the New Mexico state goal offering as being \$95,000, and told how the money would be allotted.

Bro. Horne dismissed after a time of sharing, and again a song service was enjoyed by a good crowd attending.

"The two greatest stimulants in the world are youth and debt." Benjamin Disraeli

TRU-TEST PAINTS PAINTING HELP SPOKEN HERE

Dear Uncle Joe:
I bought all the paint for the exterior of my house several months ago at Hughes True Value Hardware Store but didn't get around to painting. Now I dread the thought of having to stir up all that paint. I hope it's still good.
Procrastinating Painter

Dear Painter:
I'm sure the True Value Hardware Store from whom you purchased your Tru-Test Paint will mix it for you on their paint shaker. Just give them a phone call before you bring the paint back. Remember our motto "True Value is More Than Just a Name, It's Our Way of Doing Business!"

Wolverines Claw Bobcats For Impressive 43-0 Win

JOE STEWARD

Texico's offensive Big Lick of the Week award went to Joe Steward for his efforts in the game against Hagerman last week. Joe carried the ball for 25 yards in three trips, and made a key downfield block during the game. "He's a good player," said Coach Dave Lynn about the senior safety.

CHARLES SHARBUTT

Charles Sharbutt was chosen to receive the Wolverine defensive Big Lick of the Week award by the Texico coaching staff. Charles led in tackles in the game against Hagerman last week, making seven. He also did a good job on the offensive line and played a really good game, according to Coach Dave Lynn.

by Johnny Torres
The Texico Wolverines defeated the Hagerman Bobcats 43-0 last Friday night to give the Wolverines their first district win of the season.

The Wolverines marched down the field on their first possession with senior quarterback Brad Steward connecting with Terry Tubbs on a 39-yard touchdown pass. The PAT kick was blocked and with 9:09 left in the first quarter Texico led 6-0.

Late in the quarter the Wolverines drove down the field with impressive runs by Joe Steward and Ronnie Galvan. Billy Bibbs then burst into the end zone from nine yards out. The PAT run for two points was good by Galvan, and Texico extended its lead to 14-0.

In the second quarter, Terry Tubbs tackled the Hagerman quarterback in the end zone for a safety to give the Wolverines a 16-0 lead.

With 8:49 left in the half Brad Steward plunged into the end zone from three yards out. The PAT kick by Stanley Cross was good and the Wolverines led 23-0.

The Wolverine offense kept rolling as Brad Steward con-

nected with Kevin West on a 25-yard pass that set up a two-yard touchdown run by Steward. The PAT kick by Steward was good and at half-time the Wolverines had a comfortable 30-0 lead.

The comfortable margin gave Wolverine Coach Dave Lynn the opportunity to substitute his more inexperienced players.

In the third quarter Stanley Cross bolted into the end zone from three yards out. The PAT kick was good by Cross and with 7:04 left in the third quarter the Green and White led 37-0.

Jeff Holland recovered a fumble deep in Bobcat territory to set up a 20-yard touchdown run by Charlie Bibbs.

The conversion run for two points was no good and at the end of the third quarter Texico led 43-0.

In the fourth quarter each team traded possession of the football with neither team able to mount a serious drive.

The Wolverines came away with an impressive 43-0 win.

Leading the rushing attack for the Wolverines were Billy Bibbs, who carried the ball 10 times for 85 yards, and Charlie Bibbs who carried five times for 73 yards.

Defensively, the Wolverines were led in tackles by Stanley Cross, Danny Powell, Jeff Holland, Charles Sharbutt, Tommy Boardman, and Terry Tubbs who each had seven. Jeff Holland had a fumble recovery and Kevin West had a pass interception.

The Wolverines will travel to Melrose tonight (Friday) for their second district tilt.

"The Bobcats played a good game, they were hurt, but they came out and played hard and hit us hard. I really have to give them credit. We were bigger and had more depth than they did," said Coach Dave Lynn about the game Friday night against Hagerman.

"All the Wolverines had a good game that night. The lead enabled us to play a lot of the younger kids who hadn't gotten to play much until now. Charlie Bibbs had a real good game, Terry Tubbs made a long 39-yard reception from Brad Steward, and we had six players who made six tackles or more," said Coach Lynn.

He named Joe Steward to receive the offensive Big Lick Award this week. Steward made several runs, 25 yards in three carries. Charles Sharbutt received the defensive Big Lick Award for playing a good game, doing well on the offensive line as well as making seven tackles.

Tonight's game will be against the Melrose Buffaloes at Melrose at 7:30 p.m. MDT.

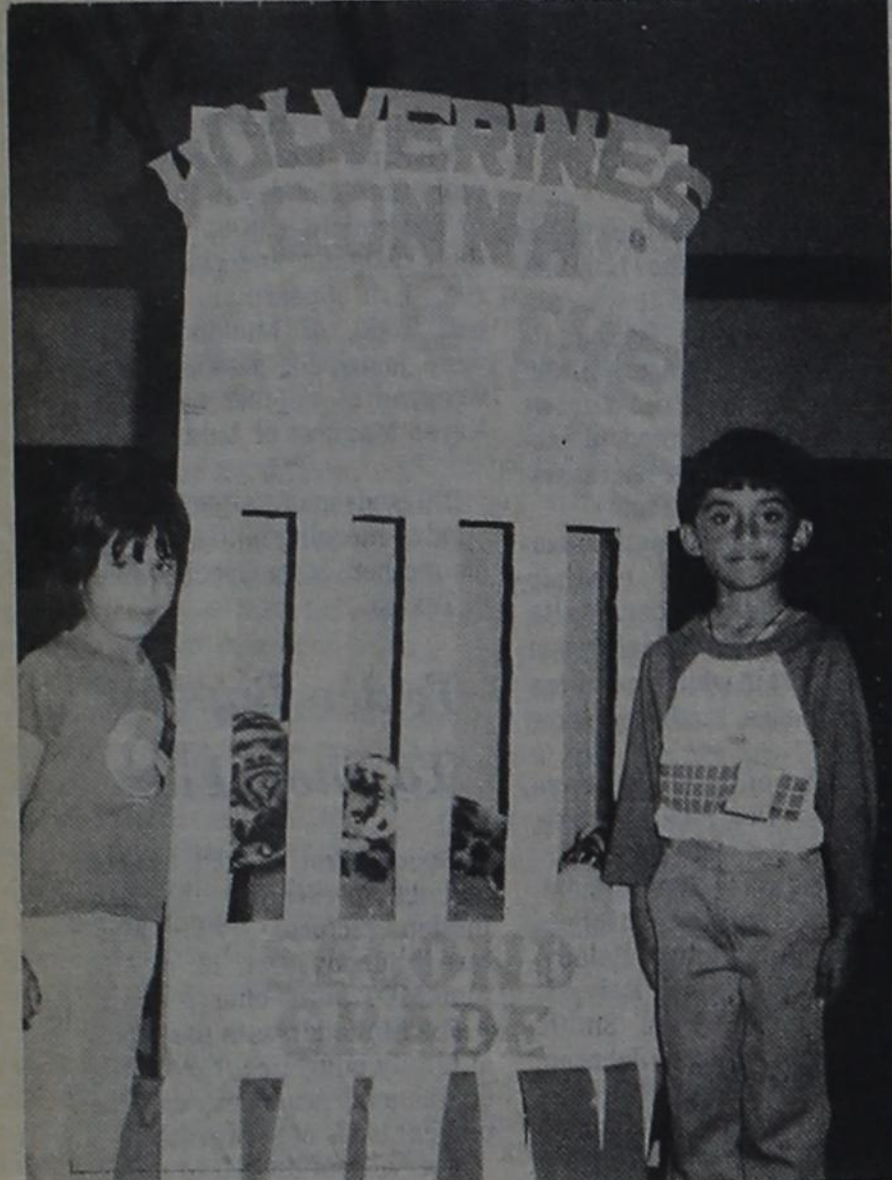

Winning Mini-Floats

Two of the winning floats in the Texico homecoming mini-float parade last Thursday are shown here along with the students who presented them to the cheering Wolverines, parents, and fans. In the high school

division, the FFA won first with its float "Trap the Bobcats," right, while the eighth grade took first place in the junior high division with "Bar-B-Q the

Bobcats." Shown with the floats are, from left, Codie Burch, Judith Gonzales, Lorie Breeden, Jeff Campbell, and Jackie Morris.

Prize Winning Float

The prize winning float in the elementary division of the Texico Homecoming mini-float parade belonged to Mrs. Pearce's second grade class. The class used the slogan, "Cage the Bobcats," and used a cardboard cage to hold two stuffed bobcats. For designing the winning float each member of the class received a free ticket to the homecoming game. Laura Padilla, left, and Naresh Patel pulled the float in the parade.

Texico Junior High Loses To Ft. Sumner

Loera received one of two passes from Reid for 5 yards, with Reid intercepting one PAT pass and one other interception.

Steers Rack Up First District Win

by Mark Cole

At Steer Stadium last Friday night, the Farwell Steers bounced back from two straight losses and outscored the Springlake-Earth Wolverines, 14-2, to win game number one in district play, and bring their season record to 4-2.

The credit to winning this game for the Steers goes to the awesome defensive play that controlled the Wolverines offensive unit and held them scoreless. Although the Wolverines penetrated inside the 20-yard line on three occasions, and to the 1-yard line twice, they failed to score a touchdown, or a 3-point field goal.

The Steers controlled the football the entire first quarter, highlighted by plays like a 15-yard pass to Kevin Owen from Alan Eubank, and short runs of 7 and 8 yards by all members of the Steer backfield.

On the Blue and White's first possession following the kickoff, however, after picking up two first downs and rolling down the field to the Wolverine 17-yard line, a Steer fumble occurred and Springlake-Earth recovered.

After three plays from scrimmage, the Wolverines were forced to punt and another Steer drive began on the Wolverine 49-yard line. After racking up three more first downs and fourth and goal on the 3-yard line, the Steers failed and the ball went over to the Wolverines, as the first quarter ended.

At the opening of the second quarter with the game still scoreless and the Wolverines with the ball on their own 3-yard line, the Steers' defense once again held the Green and Yellow team motionless. Johnny Daniel, Bobby Ford, Jesse Anzaldúa, Roger Robertson, and Alan Eubank all contributed on crucial tackles to force a fourth down punt from the 11-yard line. To receive the punt, the Steers set up with Eubank and Blake Kelley deep to return. The ball was kicked to Eubank who then received excellent blocks from teammates Alan Wolfe, Todd Davis, and a couple more Steers. This was all Eubank needed to find some daylight and sprint in for the touchdown from 40 yards out. The Manuel

Cantu PAT kick moved the Steers out in front 7-0.

The Wolverines had a few more opportunities to score before the half, but were held by the immovable Farwell defense. On the last play of the half, Berny Mesman slammed the door on the Wolverines by wiping out the Wolverine quarterback for a 10-yard loss.

After halftime, the Steers came out refreshed and made an exciting drive on their first possession. Runs by Paul Fulcher and Eubank brought the ball to the 35, where Eubank once again connected with Kevin Owen on a 10-yard toss. Owen pulled down the pass and ran another 18 yards to the 8-yard line, despite being hit solidly by a number of Springlake-Earth defensive backs. From the 8-yard line, Bobby Ford barreled straight up the middle for the score, his first of the season. Again Cantu kicked the PAT to put the Steers comfortably out in front 14-0.

On their next possession, the Wolverines had hopes of making a comeback with a good drive, but they once again ran into a wall called the Farwell defense. The Wolverines did manage to get to the 5-yard line but were held short of scoring. On second down Jesse Anzaldúa and Bobby Ford combined to make the play for a 1-yard loss. On the following third down, Eubank and Robertson made the stop. And on the all-or-nothing fourth down, the Steers again held firm, with Robertson and Todd Christian in on the tackle of the Wolverine back, who came up short of the goal line.

The Wolverines' only scoring came late in the fourth quarter on a 2-point safety, when the stubborn Wolverine defense held Farwell to minus yards after the Steers took over the ball on their own 10, forcing a punt from the end zone. The Steer punter stepped on the out-of-bounds marker giving up the safety.

The remainder of the game was a seesaw defensive battle, thus ending the Steers' first game in their defense of the coveted District 5-2A crown, when they emerged on top with a 14-2 victory over the Springlake-Earth Wolverines.

Steer mentor Bruce Dollar said that the defense played well in Friday night's district clash with the Wolverines.

He commended Paul Fulcher for his defensive play, saying he tackled the ball carriers for losses on several occasions and "just played good defense all night." Paul also picked up 24 yards on six carries. Paul was named defensive player of the week for his performance.

Alan Eubank was chosen offensive player of the week by the coach. Alan rushed for 46

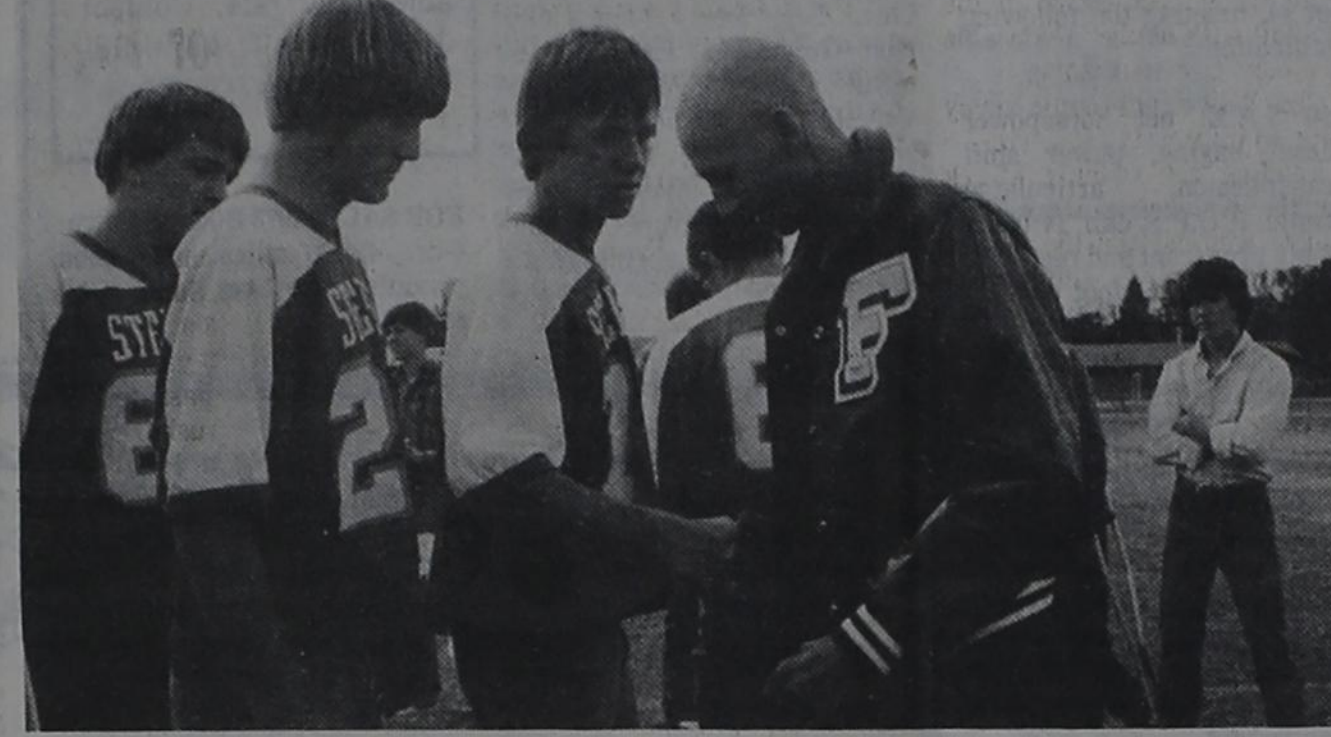

yards, returned a punt for a touchdown, and completed three of six passes.

Others commended for their play on offense include Blake Kelley who ran for 28 yards on 11 carries; Bobby Ford who carried for 11 yards on four trips and scored one touchdown; Roger Robertson who had one pass reception for 22 yards; and Kevin Owen who caught two passes for 37 yards.

"The whole team will have to play well in our game with Bovina tonight (Friday). Bovina is a much improved team since the beginning of the season and are also undefeated in district play," Coach Dollar said.

"They have a good team, and this should be a good game," he added.

Game time is 7:30 p.m. and all Steer fans are urged to go to Bovina to see the rivals in action.

Congratulations Carlos

Steers and Steer fans were present at last week's pep rally at the football field when the Farwell coaching staff presented Carlos Nicolas with a letter jacket. Carlos, a student at

Farwell High who has been undergoing cancer treatments for the past year, was very active in sports before his treatments began. Following the

presentation, the varsity Steers congratulated Carlos on receiving his jacket. From left are Carey Stancell, Paul Fulcher, and Allen Kalbas, and Carlos.

Farwell Jr. High Takes Win Over Springlake-Earth

Farwell junior high football team took the victory over Springlake-Earth Thursday, Oct. 6, 20-12 at Springlake-Earth.

The Farwell defense held the opponents scoreless until after halftime in the game.

"Farwell really played a good game. The defense was great and the offense was just super. They did a really good job," said Coach Rex Cumpston.

Joe Jaime made 168 yards in 17 carries, Damon George made 134 yards in 14 carries, and Jeff Actkinson made 28 yards in 8 carries and caught 8 passes for 74 yards.

Battle Of Longhorns Tonight At Lazbuddie

Tonight's (Friday) Homecoming Game at Lazbuddie is being dubbed "The battle of the Longhorns," and is featuring the Lazbuddie Longhorns vs. the Vega Longhorns.

Lazbuddie Coach Bo Williams comments: "I think it is possible for us to beat Vega. They have played a strong schedule in non-conference, and they lost two 2A Class schools. They have a big fullback, and big fullbacks have been a problem for us. We can't give them any gift touchdowns, or easy touchdowns. We will really have to concentrate so that we don't make mistakes."

Coach Williams commented on the defense: "Our defense has improved greatly in the last two ball games. Our right defensive side will have to improve for Friday night's game for us to win. We have played well as a team. Individually, Lee Scott, Ralph Gonzales, Paul Gonzales, and Paul Stanley have played very well in the last two games.

"Robert Tapia, Dewayne Ivy, and Luis Alarcon have also played well, especially against

Amherst. Scott Holt had a good game against Amherst."

About the offense he said, "We have to establish our rushing game. Larry Nail has to make yardage on the inside. Then our option will go. If we can move the ball on the ground, then we can pass. If they are expecting the run, then we have time to pass. In the last two games, our entire offensive line has blocked well on both the pass and the rush.

"Paul Gonzales, Paul Stanley, Roy Gonzales, Lee Scott, Ray Moran, Shannon Weaver and Kevin Fuqua all performed well. Our right side had control of the line of scrimmage at times against Happy.

"Ralph Gonzales, Paul Gonzales, Noe Gonzales, Kevin Fuqua and Robert Tapia and Larry Nail all caught passes. Ben Williams threw well with nine completions.

"Larry Nail had 58 yards rushing, Noe Gonzales had 87 yards rushing. Ralph, Noe, Paul Gonzales, and Kevin Fuqua blocked well on the option, which was our big ground gainer."

thon was won by Dennis Grunstad, 24, of Lubbock with a time of 1:14:36.

Job Training Programs Initiated In Panhandle

AMARILLO - Texas Panhandle Community Action Corporation has announced initiation of job training programs authorized by the Job Training Partnership Act of 1982 in the 25 counties which comprise the Texas Panhandle.

Argus A. Burnett, Executive Director, said economically disadvantaged and jobless persons in the Parmer County area who need training to obtain jobs may get applications at the agency's office at 105 Second Avenue in Bovina.

Burnett said the community action agency has been designated by the Panhandle Job Training Partnership to provide JTPA services for eligible persons who reside in all the 25-county area except Amarillo. "Persons residing in Amarillo are to be served by the Texas Employment Commission," he said.

A 30-member Private Industry Council joined with 25 county judges and two mayors to form the Panhandle Job Training Partnership which has set local program and training guidelines. Members of the PIC are representatives of private businesses, economic development agencies, educational institutions, labor organizations, rehabilitation agencies, community-based organizations and the public employment service from throughout the Texas Panhandle.

Local area members of the Partnership are Parmer County Judge Porter Roberts and Don Williams of Williams Farms, Inc., Farwell.

The Job Training Partnership Act replaced the Comprehensive Employment and Training Act (CETA), effective October 1. Programs under JTPA are to prepare youth and unskilled

adults for entry into the labor force and to provide job training to economically disadvantaged persons who are facing serious barriers to employment and need the training to obtain jobs.

In enacting this legislation, the Congress stated that it "recognizes that job training is an investment in human capital...the basic return on the investment is to be measured by the increased employment and earnings of the participants and reductions in welfare dependency."

The Act provides for a private-public partnership with strong emphasis on the involvement of the private business sector in local policy making, program design, and program oversight. Local job training activities are being developed to prepare program participants to enter jobs as productive employees of businesses and other employers of the 25-county area.

Texas Panhandle Community Action Corporation has provided job training and employment programs in the Texas Panhandle since 1967.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633

HOW SMALL WE ARE!

Just behind me, in the super-market check-out line, were two little boys. I noticed that the older one kept looking up at me and then down at his brother again several times in succession. Finally nudging his little brother and pointing up at me, he said: "Hey, Joey, look how little you are!"

Those who have seen me in the flesh know that I am not exactly small, physically, and I can easily imagine that, standing next to these little fellows, I made them look small indeed.

But all this pertained only to the physical, and as I left that super-market, I began asking myself: "How big are you, actually, in the sight of God?" I thought of Psalm 8:3-4, where David mused over the same question: "When I consider Thy heavens, the work of Thy fingers, the moon and the stars, which Thou hast ordained; what is man that Thou art mindful of Him . . . ?"

Yet we are so important to the heart of God that He entered the stream of humanity, as it were, and became one of us in Christ, Son of God and Son of Man. Why? Hebrews 2:14,15 gives us one important reason: "... that through death [His death for our sins] He might destroy him that had the power of death, that is the devil, and deliver them who through fear of death were all their lifetime subject to bondage."

Moreover, insignificant as we are in ourselves, He would use us mightily to His glory for, according to I Corinthians 1:27,28, He has "chosen" the "foolish," the "weak," the "base," the "despised," and those who "are not," to accomplish His purposes and to bring to naught the plans of the world's great ones.

Survey Shows - -

Farwell School Students Have Less Tooth Decay

Hereford is not the only "Town without a toothache," or so it seems, according to a survey done last February at Farwell Junior High School.

Results of the survey recently released to the school show that the city of Farwell's water has a fluoride content of 1.87 mg/l, while the city of Hereford has a fluoride content in its water of 1.84 mg/l. This means that the fluoride level in Farwell's water is slightly higher than that of Hereford.

The survey conducted at the school early this year included a dental check and saliva analyses of most of the students in sixth, seventh, and eighth grades.

Dr. M.E.J. Curzon, chairman of the Department of Oral Biology at Eastman Dental Center in Rochester, N.Y., conducted the survey. He said that the study shows that the level of tooth decay is related to the level of fluoride in the drinking water. In addition, he said it seems that the level of lithium in the water does not reduce the level of decay over and above that of the fluoride.

Seven schools were chosen for the survey in Texas, including Paducah, Big Spring, Lamesa, Wichita Falls, Levelland, Hereford, and Farwell.

According to Sarah Owen, Farwell school nurse, the main interest of the study was among those students having lived in Farwell since birth. Of the students checked, only 46 fit the category of life-long residents; therefore, only those 46 are shown on the dental table sent to the school.

When asked about the unusually high fluoride content in the city's water, city clerk Janie Bowery produced letters both to and from the Environmental Protection Agency.

In one of the letters to the agency, she explained that the fluoride content was natural for the groundwater from the Ogala

aquifer which serves as the water source for the city of Farwell.

While extremely high concentrations of fluoride in water can cause mottling (brown spots) in the teeth of children under 14 years of age, no low fluoride water source is available to the city.

Removal of the fluorides from the present water system had been suggested at one time, however, the cost of such a procedure would prove to be expensive and would increase the operational requirements of the system.

The estimated cost of fluoride removal from the present water source would exceed \$1 per thousand gallons, and would produce wastes that are high in dissolved solids and that require treatment prior to disposal or release.

While area dentists contacted by the city of Farwell agreed

that the fluoride can cause mottling of the teeth, no health hazard was present.

The city was granted a variance on the fluoride levels due to the reasons explained above, and the fact that the fluoride levels do not exceed the maximum level for safe drinking water standards.

According to the conditions of the variance, the city notified all area dentists of the variance, and that the concentration of fluoride in the water will not exceed 3.0 mg/l.

A notice to the public is also printed on the water bills sent out each month, explaining the average level of fluoride in the water and the possible cosmetic damage to the teeth.

More information about the survey is hoped to be released to the school soon when analysis of variance statistics on the data for the variable of town, age, sex, fluoride, lithium, and length of residence.
