

FROM THE HOPPER

One of the best ways to cut down on automobile accidents that are taking a terrific toll of human lives these days is to adopt a motto of, "Give, don't take."

This simple little motto will eliminate taking unnecessary chances, and giving the other driver the advantage while operating an automobile. In this connection, I am reminded of one time when I was in Salt Lake City.

I stopped my car at a street intersection waiting for passing traffic to clear when a cop rushed up and yelled, "Go on, you've got the right of way." I replied, "Having the right of way wouldn't do me much good in a hospital."

Don't take chances. A few years ago I accompanied a local grain dealer on a spin over the country looking over the good crops. Every road intersection that we approached was blinded by high feed crops, but the driver zipped along these road crossings as though he were out on an open speedway.

Needless to say that I was glad when that ride was over—and I haven't been out with him again on a crop-inspection tour.

Noticed in the Hereford Brand where a drunk driver had been fined \$500 and 60 days in jail for a DWI offense.

Here is a letter from Otis Huggins, secretary of the local fire department, which is passed along without comment:

In regard to the story, "Fire Record for 10 years Is Good," of Farwell on your front page: I would like to take issue with the citizens of Farwell. If they would look around to see just who the Volunteer Firemen are, they would find about 95 per cent of the members are from Texico, which to my way of thinking is very poor support from the citizens of Farwell who are getting a free ride with someone else being the "goat."

I also want to take the City Commissioners to task on the credit that the insurance company allows. Every year that some fireman attends the state fire school at College Station we could be getting more credit. Why not get this?

In regard to membership in the Department, with the amount of equipment that we now have, our membership is now insufficient to handle a serious fire, which we are bound to have sooner or later. So why not some supposedly staunch citizens of Farwell get on the ball.

John C. White Invited As Guest Speaker Soon

John C. White, State Commissioner of Agriculture has been invited to speak at the annual meeting of Parmer County Farm Bureau. Mr. Whites reply has not been received, but the Directors insist that there will be an outstanding speaker for the occasion.

Woman Draws Fine On Drunk Driving Charge

Johnny Maye Dickenson was given a fine of \$100 and costs in county court here Tuesday when she entered a plea of guilty to operating an automobile while intoxicated.

In addition to the fine, she was placed under bond in the amount of \$750 on a car theft charge and this charge will be investigated by the grand jury. She is alleged to have taken an automobile belonging to Press Abbott, of Bovina.

The State Line Tribune will now carry a pattern section for women readers of this newspaper, with a "Pattern of the Week" to be featured.

Ideal Weather Aids In Crop Harvesting

Aided by ideal weather conditions, harvesting of the Fall feed and cotton crops throughout this region has moved at a rapid clip the past two weeks, giving rise to the speculation that virtually all of the feed would be gathered by the close of the present week.

While this is true of feed crops, the same does not apply to cotton gathering. Ginners report that a large portion of the cotton remains in the fields and gathering of the fleecy staple has been slowed down by the lack of pickers.

Cotton picking is expected to rise to a higher tempo when hands now engaged in feed harvest are released for the cotton fields. Gathering the staple by mechanical means is not expected to begin until about two weeks following a killing frost that will rid the stalks of foliage.

Feed crop yields are described by grain men as "just fair" when referring to the overall picture of the region. Irrigated crops, for the most part, are good to excellent. But dry land plantings are not up to their usual productivity on account of the severely hot, dry summer.

Observers, however, point out that crop conditions are far better in this immediate section than in a vast area over the entire Southwest. Practically no feed is being gathered over the entire state of New Mexico, except along the eastern side of the state and in irrigated sections. The same holds true of a large part of Texas to the east and south of here.

Only last week, stockmen from as far away as Brownwood were here buying bundles for their livestock. With harvest drawing to a close, farmers are becoming concerned over the continued dry weather and its retarding effects on wheat sowing. Fields that were planted on limited moisture late in August are at a standstill after barely coming up, with thousands of acres yet to be seeded.

Father Of Mrs. Moore Dies Friday Morning

Jack Smith of Hale Center, father of Mrs. Jim Moore of this city and affectionately known as "Papa Jack" to a large number of local people, passed away in the High Plains Hospital at Hale Center Friday morning shortly after 11 o'clock, following an illness of three weeks.

Mr. Smith, who had been a resident of Hale Center since 1924, was 75 years and 10 months old at the time of his death. Funeral services were held in the Hale Center Methodist Church Sunday afternoon at 3 o'clock, with Rev. Lipscomb, of Lubbock, in charge, and burial was made in the Hale Center cemetery.

Other than his wife, Mr. Smith is survived by one daughter, Mrs. Moore, of Texico; five sons, Mick, Roy and John, all of Hale Center, Edward and Fred of Houston; sixteen grandchildren and three great-grandchildren. All children were present for the services.

The Moores returned to their home in Texico on Monday, accompanied by Mrs. Smith, who will remain here for a visit of some weeks.

Contacted following the meeting, Sheriff Lovelace said that, if available he would purchase the unit, which furnishes a means of constant contact with the office in Farwell when the sheriff is out on business.

Other business transacted at the Monday meeting of the commissioners included the approving of bills and the quarterly report of County Secretary Mabel Reynolds; as well as the approval of checks to be issued to clerks who had charge of the recent water conservation district election.

Parmer Countians Plan To Raise Carload Of Grain For CROP Uses, Charles Says

"I feel like the Christian Rural Overseas Program is really a worthy cause, and since I have been elected chairman, I'll do my best to help raise this car of grain. I feel like that when the people understand the method of distribution under CROP, there will be plenty of grain contributed through the different elevators to make up at least the car we have set as our goal for 1951 by November 1st." These were the words of Wilbur Charles, County Crop Chairman when asked how he felt about this undertaking of mercy in Parmer County at the executive meeting in Bovina Friday night.

Plans were made for community meetings throughout the county this week and next week, when movies showing the need and means of meeting the need.

Following these two weeks of community activities, a county wide meeting will be held in the Friona School auditorium on Monday evening, October 22. More detailed information will be published next week pertaining to the mass meeting, where gifts will be tabulated and a date for shipment will be set. Grain for this Friendship Food and Fiber shipment may be left in any of the county elevators. It is expected that the car will be loaded and shipped from the Santa Fe Elevator in Friona, unless a majority of it is stored in some other town.

Mr. Charles emphasized that any amount, 100 pounds, 1000 pounds or a truck load is welcome. Just ask your grain handler to transfer your contribution to the account of Crop from your regular account," he said.

Judge Bills Calls For Petit Jury, Oct. 29

District Judge E. A. Bills on Monday issued an order setting the week beginning Monday, October 29th, as jury week to handle civil cases in the Parmer County district court.

Clerk Loyde Brewer has been authorized to open petit jury list No. 1 to pass the name on to Sheriff Chas. Lovelace, who said on Monday that he would likely issue the call for jury duty on October 24th.

No provision for calling a grand jury was made by Judge Bills in his order.

Judge Bills was on the bench for court session here on Monday, at which time he approved an adoption and granted two divorces, the latter involving Willis Lee Roberts vs. Josephine Roberts, and Marion W. Adams vs. Leona Pearl Adams.

School Construction Moves Along Here

"It looks slow, but foundations take a lot of time, and actually, the job is moving along nicely" Supt. Jack Williams said today, in regard to the high school building program now underway at Farwell.

Williams went on to add that workmen would begin the fill work this week, following which the floors will be run in concrete, and with the weather continuing to hold good, laying of brick may possibly begin within the next twenty days.

Prospects for use of the school during the 1952-53 term continue to be fairly good, and hopes are held that the building may be completed during the early summer, giving time for last-minute touches and the complicated job of moving in and setting up shop before school opens next September.

Roth Remodeling Is Complete This Week

Remodeling of the Roth Grocery in Texico was completed this week, with the interior of the building undergoing several changes, Mrs. T. E. Roth, manager, announced.

Living quarter as the rear of the building are also undergoing re-vamping, Mrs. Roth announced. The exterior of the building is to receive a new coat of stucco before the work is finally completed on the outside.

CARS COLLIDE

Automobiles driven by Charles Phillips and Vane Doshier collided at a road intersection just south-east of Farwell early in the evening last Friday. Both machines were damaged extensively, but the drivers escaped with minor injuries.

The mishap occurred at what is commonly known as the Petree corner just southeast of the city.

Mr. and Mrs. B. N. Graham spent the weekend in Lubbock, visiting in the home of Mr. and Mrs. John Austin Graham.

"I'm So Glad," She Says Of Broken Arm

Ten-year-old Judy Kay Hillock, daughter of Mr. and Mrs. Vernon Symcox, had a new angle to an old story on Tuesday afternoon.

Seems that Judy Kay took a tumble at the Farwell school, rolling completely down a flight of stairs and breaking both bones in her right wrist.

During the visit to the doctor, she remarked, "I'm so glad it was my right arm," and to the doctor's astonished gaze, giggled and explained that she was left-handed.

Red Cross Classes Postponed Until After Harvest

Allan Romich, manager of the Friona Chamber of Commerce, announced on Tuesday of this week that plans to conduct official Red Cross training classes in this county are continuing.

However, he pointed out, hopes of holding the classes in the near future have been shelved, due to the press of harvest work, and Romich said further that he would work out details with authorized Red Cross teachers in the county, to plan the classes for later during the winter.

Early plans, which will likely be followed through, were to conduct classes for first aid training in each of the communities in the county, using as instructors individuals approved by the American Red Cross.

Further announcements of the classes will be made when details are complete, Romich said.

Bovina Lumber Yard Is Robbed Saturday

The Cicero Smith Lumber Yard, in Bovina, was entered by burglars on Saturday night of last week, with only merchandise being removed by the intruders, according to Sheriff Chas. Lovelace.

Lovelace said Monday that the robbery was reported to him by Joe Hromas, of the yard force, on Sunday morning, when he discovered that a rear window as the building had been pried open.

Some garden hose, wrenches and other merchandise was reported missing valued at about \$25, the local sheriff reported, adding that the first of the week he had no clues as to the identity of the burglar or burglars.

REVIVAL CONCLUDED

Rev. C. M. Fields, of the Texico-Farwell Baptist Church, concluded a revival effort in the Grady, N. M., church on Sunday night. The minister reported fifteen additions to the church and six other conversions during the meeting.

Two Amarillo smelter workers, Clifford Livesay, 29, and L. D. Stevens, 50, charged with murder in the death of Joshua Blocher, 85-year-old founder of the town of Progress, are being held without bond in the case.

The two men were arraigned in Justice R. J. Klump's court in Muleshoe last Thursday morning, and they were ordered held without bail to await the action of the grand jury in Bailey County.

Stevens in being held in the Parmer County jail and Livesay is in the Bailey County jail at Muleshoe.

Amarillo police arrested the pair in Amarillo last Wednesday, following a tip received by an unnamed third person. Following their arrest, both men charged are reported to have confessed to the crime, detailing the incident in statements.

Sheriff Hugh Freeman of Bailey County and Sheriff Chas. Lovelace of this city, brought the men back to the scene of the crime, where they went over the details with the officers.

After beating the aged, helpless old man over the head with a pop bottle and pistol, they dumped him in a cotton field, where he was found dead four days later, officers say the statements reveal.

Blocher's purse an old-fashioned pocket book with snap fasteners, was taken from his pockets and 13 cents removed. The purse was then buried by a telephone pole, which Stevens and Livesay led officers to, and which was recovered. Officers said that it contained papers belonging to Blocher.

The pair then said that they went back to Blocher's one-room shack in Progress and searched the premises for money believed hidden there. They recovered nothing, but investigating officers found \$190 in small bills in a fruit jar the night after Blocher's body was found.

The Bailey County grand jury is scheduled to convene on Nov. 5, it was learned here. Meanwhile, Stevens and Livesay will probably be held in jail.

Officers said that the confession on the part of the accused men said that they went to Progress on the afternoon of August 11 and pretended to "Old Josh" that they were interested in buying some real estate. After offering the old man a soft drink, which had been doped, they then offered him some candy, which was also doped. He declined them both, but consented to get in to the car with the men and was driven away.

Both the accused men claim that it was the "other fellow" who beat the old man over the head with a pop bottle and the pistol.

Sheriff Lovelace said today that Stevens, the man being held in jail here, had made no move to engage a lawyer, although he had written his family in Amarillo that he was not guilty of the charge.

Invitations Will Be Issued To Exes

A meeting of the correspondence committee of the Farwell Ex-Student Association is being planned for the near future, according to Bob Anderson, president of the Association.

Anderson said that the committee plans to meet in the home of Glenn Phillips, at which time invitations will be prepared to be mailed to former students scattered throughout the county.

Anderson pointed out that interest is already being manifest in the annual homecoming, slated for the Saturday following Thanksgiving, by reporting a letter from Henry Norris, of Lamesa. Norris gave names of all former students in his class and added that he will make a personal effort to contact them in order that they may attend.

Out-of-town exes have recently been asked to submit names of graduates who might not be listed in order that invitations may be issued.

Tired Of It All . . . Steers Rise Up To Swat Anton

The Farwell Steers, apparently weary of being on the little end of the score in their last three games, rose up on their hind legs, clicked two passes into touchdowns and went on down the line to edge past the Anton Bulldogs here, Friday night.

In fact, the Steers were so incensed that they grabbed the initial touchdown shortly before the first quarter ended. Unable to hold down two determined Anton drives, the locals got behind 14-6 in the second canto and then got pushed farther down in the third round when Anton got another score to lead 20-6.

That, the Steers decided, was the end, and they began their comeback, sending Raney on a 56-yard gallop for one score; Jordan to Norton connected for another counter; and another pass to Coburn who was standing in the end zone gave the Steers the decision as Dial added the extra placement, with the final count standing at 25-20.

This was the first conference win for the locals this year, and since it was their second home appearance of the season, gave fans something to yell about. The scorebook thus far shows victories over Melrose and Anton, with losses to New Deal, Spring Lake and Vega.

First Quarter

Anton opened the game by booting downfield to Jordan on the Steer 30 and he was hauled in on the 40. Jordan picked up seven, Raney carried for yardage to the 43, being hit by Springfield. Farwell fumbled but recovered; Norton got through for a short gain but Jordan was thrown for a minus three and Cassady kicked.

Jones made nine as Raney and Dollar tumbled him; Garner added six with Pipkin and Dial doing the tackling; and Anton drew a 5-yard penalty for backfield in motion. Jones made five and then went for a first on the 28; Anton added four, but Raney recovered a fumble by Garner to give the Steers possession on the 45.

Oakley stopped Raney for a short yard gain; Jordan pulled through for three and Norton picked up a first as he was halted by Parker. Raney went for two more, Barber added four, and Norton completed for a first down. Jordan to Dial was incomplete; Barber made seven and Norton fumbled the ball but recovered it for a first down. Within striking distance of the goal, Jordan was dumped for a loss of two; Raney reached one yard from the end zone; and Norton went over for the first touchdown. The first conversion failed and with Anton off-side the locals got another try, which was blocked, leaving the score at 6-0.

Dial sent the pigskin down the field and Garner took it to be hit by Pipkin on his own 21 as the first quarter ended.

Second Quarter

Jones carried for a total of 12, Garner was spun down by Dial for a four-yard loss; Jordan leaped high to knock down an Anton pass; and a hand-off to Jones came through for a total of 16 yards, with Coburn getting the carrier. Garner went for nine; Jones was thrown by Herington and Vaughan for minus one; Anton gained 22 yards but a penalty returned the play to its origin and the Bulldogs drew a 15-yard fine.

Jones carried for a first down on the 40; Garner circled end to add 5 as Herington got in the way; Jones reached out for four with Pipkin and Dollar sending him to the ground, and with third and less than a yard to go on the 31 Jones totaled

a 12-yard gain. Garner added three; Jones got four; then got by to the 1-yard line and finally carried over, then made the extra to send the visitors out ahead, 7-6.

Coburn fumbled the kickoff but teammate Dial recovered and toted to the 25 where another fumble on a hand-off was recovered by Raney for a loss of one. An aerial to Coburn was incomplete and a second try was batted away by the Bulldogs. Cassady's kick was high, with Anton taking over on the 35. The play was nullified as Anton was off-side, and Cassady's second boot was downfield on the Anton 32.

Jones got six, then a pass to Springfield, followed by another toss which clicked for a first down. A hand-off to Jones worked and the carrier went over for a touchdown, then handled the ball again for the extra, giving Anton a 14-6 lead.

Jones kicked downfield a short distance with Pipkin covering, but the half ended before the Steers could get a play going.

Third Quarter

Starting the second half, Farwell kicked off, with Garner receiving, fumbling, then bursting out in the clear to be overtaken by Jordan on the 18 after a 62-yard run. Garner was run out of bounds by Jordan on the 1-foot marker, but his second try was sufficient for a touchdown while Jones was halted in his plunge over the line for the extra. Score was 20-6, Anton.

Coburn received the kickoff and reached the 42; Jordan got through center for three; carried again on a reverse for three. Raney, taking the ball, was off for a 56-yard gallop and the second Steer touchdown. Tally, 20-12, Anton.

Garner was nailed on the 25 as he received the kickoff and Pipkin banged him down for no gain as he tried the line. Harper got 9 yards as Coburn and Jordan pulled him in and Pense landed Garner on the 38. Dial slammed Anton down for a

six-yard loss, and a fumble resulted in Herington covering for the Steers on the 28.

Jordan's pass to Coburn was incomplete but his second try, to Norton, connected for a touchdown. The conversion failed to come through, and the Steers still trailed, 20-18.

Taylor came back upfield with the kickoff, reaching the 32; Jordan got two; Jones went around left end on a pitchout for 9 yards and a first; and Garner ran the length of the field but was called back to see his team penalized for backfield in motion.

Garner got out for ten; a pass was incomplete; Jones was dumped for nothing by Pipkin and Pense; but Garner made a first down and Jones added seven as the quarter was concluded.

Fourth Quarter

Jones, on third down and three to go, lost a yard and Anton was penalized five for too much time. Garner was dropped by Pipkin for a minus three; and the Bulldogs kicked out of bounds in the end zone.

Barber carried for one yard for the Steers; Jordan got another, and Anton intercepted a pass on the Steer 20. Jones gained one yard, Coburn dumped Garner for a 4-yard loss; two passes failed to make connections and the Steers took over on their 24.

The locals fumbled, but Raney got the ball and regained the line of scrimmage; Barber stepped down the sidelines for nine; Norton picked-up three; Jordan added another ten; Raney carried to the Anton 29 with five minutes left to play. Norton hit the middle of the line for four, Coburn got nine more, Raney bounced off tackle for another three; Jordan got nothing but the Steers were fined five; Barber was caught for another minus five, but a desperation fourth-down pass to Coburn in the end zone was complete for the touchdown, Dial stepped in and kicked the point, and the Steers led, 25-

With both boys and girls playing district ball this year, details of the coming basketball season for District 11-B were worked out at Friona last Wednesday night.

For the first time, the girls will play for district standings during the regular season, going under the same set-up as that used by the boys, with double round-robin play determining their rating. Previously, feminine competition was divided into counties, with the champions

At the end of the season, a district tournament, with single elimination, will be held for all teams at Bovina on February 20-21-22. Winners of the meet will have a 50% grip on the title, with league standings of the season representing the other half for the crown.

Juts in case there might be a tie in ratings following the conclusion of regular play, an open date, February 15, is being left on the sche-

dule. The Farwell teams will open the season at Melrose on December 1, with two boys' games. The remaining games, given below, are for both boys' and girls' teams:

Oklahoma Lane Baptist Church News

Despite a decrease in Sunday School attendance, the pastor, Rev. Mayo D. Carpenter, reports a good day at the church last Sunday. The morning and evening worship services were well attended.

Mr. and Mrs. Charley O'Swalt, who recently moved here from Syl-vester, united with the church last Sunday evening.

Mr. and Mrs. W. I. Rundell, Mrs. W. E. Verner, Rev. and Mrs. Carpenter enjoyed the Workers' conference at the Salem Baptist church, near Tulia, last Thursday.

Thursday was community Missions Day again for the W. M. S. after a brief business session at the church, the group visited Deacon E. C. Brown, who is seriously ill in the Muleshoe Hospital.

The entire church family is grieved because of the Homegoing of Mrs. Alice Robertson, their oldest member. Heartfelt sympathy is extended to the bereaved!

About twenty from the church heard Dr. Cohen, a converted Jew who has recently returned from Palestine, speak at the Progress Baptist church Monday evening.

Robert Andersons Home From Chicago

Mr. and Mrs. Robert Anderson returned Sunday from a trip to the American Bankers Association convention held in Chicago, and a trip through Texas.

While in Chicago, the Andersons saw the Cardinal-Cub ball game, were attendants at a performance of the musical stage production, "South Pacific", and heard the Chicago symphony orchestra. "THE TRAGIC SECRET LOVE OF DANIEL WEBSTER"—Twice married, the great statesman gave his heart to still another woman, but gossip forced him to keep her hidden. Then, overcome by the futility of their love, run ragged by the hound of gossip, she killed herself. Small Turn-Out Is Reported At Meet

A small turn-out was reported at regular meeting of the American Legion, Monday night. Principal business included discussion of plans for the current membership drive.

Members also talked about the possibility of landscaping the Legion grounds, and made plans for Armistice Day.

The meeting was under the direction of Perry Crawley, first vice commander.

Experiences in Germany Related by Friona Girl

(Below is one of a series of features written by Jane Gallagher of Friona, who is a student at the University of Oslo in Norway.)

After Kronberg Castle, with its ghost of Hamlet in his parapet walking, we "biked" to Copenhagen, picked up Ola's visa, then off for Germany. First stop was Hamburg, which is still depressingly in rubble. There were blocks and blocks of bomb leveled buildings which have never been cleaned up or rebuilt at all. Parts of the new city were rebuilt beautifully, but the industrial area seems to have been just ignored.

The next stop was Rotenburg. This stop was a real experience. We were still on our bicycles and the weather turned itself inside out to present us our usual type of atmosphere—RAIN. It was cold, wet, stormy, and generally unpleasant.

We arrived at this little town Rotenburg at 9 P.M., without supper and all but starved. As usual, we went to a hotel and asked for rooms. They not only did not have any, but they didn't speak English.

We went out to consider our next move. Outside, in a town of 1200 people, were at least 800 young people about our own ages and younger. They wore blue shirts, ties and an insignia, girls and boys alike. They were plainly hostile toward us.

We tried another another hotel and got the same answer. Yet while there, we noticed that four Germans who asked for rooms got them immediately. We began to wonder a bit. Then we tried the third and last hotel and got the same answer. We were sure disgusted.

We decided to go to a restaurant and at least get something hot for supper, before trying to reach the next town. Not one restaurant in Rotenburg would serve us. "So, sorry, they were closed for the night, or "we've run out of food", or some such excuse. We were beginning to feel thoroughly unwanted.

In desperation, we looked up the police force. It consisted of two men. We asked if they would help us find a hotel. "No"—"but, had we tried the pensions?" boarding houses —We tried three at their direction, without success. All this time we had been riding up and down the length of the town in the rain.

The youth groups in the streets were having what we in this country would call "soap box speeches", which made us nervous. Everytime we got within hearing distance, they stopped talking and turned to stare at us. I felt like a monster on exhibition under their stares as that is what they made me feel.

We had just reached the upper end of the town in search of a boarding house when I had a "flat". A "flat"—what luck in the rain, hostility etc. but it proved to be a lucky break. Into a filling station we went to have it repaired. The man spoke a few words of English. He called his son on the phone. The son spoke excellent English. We explained our problem and while the father fixed the tire, the son phoned a hotel and found us two rooms. The hotel was three kilometers outside the town, just across from the British Control office. Nevertheless we were glad to get a place to sleep. We had followed the boy's directions: "straight out Main St., across two bridges, one viaduct, then to the left and on the corner was the hotel", and there it was.

We got there just in time to see the "night clerk" coming from the British Control just across the street. I have no idea what he was doing there, and was even more puzzled when he spoke to us in German. I told him that I didn't speak German, then he tried French, but by that time I was too tired to even argue with him and also curious because I had heard the filling station man's son using English in talking to him —The boy had told them that we were "American".

The hotel man spoke in three languages before he got around to using English. We suspected that he was trying us out which he likely was. He then showed us our rooms, put our bikes in the garage. Following him into the hotel I heard him explaining that we were Americans and could not understand any other language. He was speaking to a group of seven men sitting at a table in the restaurant.

I may not be able to speak German, but I've learned to understand quite a bit of it. Following a nice hot bath, getting rid of the first layer of foreign dirt at least, we sat down to eat. The meal was one

of the most fascinating dinners I have ever eaten or ever expect to eat; amazingly fascinating. The men at the table near us, having been assured that we knew only the English language, discussed the Marshall plan—not too favorably; Americans in general—in a humorous and derogatory manner, yet sometimes with an almost more or less visible affection. They discussed politics, the Russian Zone in Germany (which they seemed both to hate and to fear).

From their conversation I gathered that the other hotels had been afraid to take us in for fear of broken windows, furniture etc. and that this hotel had been afraid not to take us in, because the hotel people seemed to have had orders from someone in the city. We wondered just how important that "filling station man" was after all. These people, in general, stay away from the mystery and suspense of intrigue and want none of it.

As the evening went on, the conversations, the general treatment of our trio in the light of the vicious things that had been spread throughout the country against Americans in general, I began to feel like some minor cast member in a cheap melodrama.

I noted, soon after having gone to bed, someone pacing up and down outside my window. I was on the third floor front. There was a small balcony running the full length of the building. I listened to the pacing, became tired of the rhythm of it, so I slipped into my robe, and without turning on the light, I stuck my head out of the window and outside was one of those two members of the police force. I asked what on earth he was doing, but he had conveniently forgotten all of his English and just waved sweetly. I am never to know whether he was posted there to keep me in or to keep some one out. I never was to find out just what was going on in Rotenburg that night, except that I would guess that there is some kind of nationalistic youth organization in operation in Germany, either of the old regime or a new.

Rotenburg is just 150 kilometers from the Russian Sector and I should think miles from any hotbed of intrigue, but there is surely something going on there. I have never yet seen a town small as it is that could muster 800 young adults. Perhaps years from now, I'll find out what was going on in Rotenburg that night and possibly the world will too.

We spent our last twenty-four hours in Germany in or near Bremen. Bremen had areas which were very new and perfectly beautiful, and others which were most depressing. People were living in bombed out houses, using perhaps three rooms out of twenty, with tar paper stretched across for a roof. You could see the sky through the top of two stories of a house. Lace curtains fluttering in the breeze here and there looked almost tragic in the midst of their surroundings. The bombing those people of that city suffered was in evidence all around. Even in the newly built sectors of the city gardens were built in the foundations of "ex-homes", as though they were in their meager floral beauty a tribute to days that had been. Most gardens were vegetable gardens which added to the meager food supply. Everywhere about Bremen there were great holes in the earth with nature kindly hiding the worst scars with flowers and grass.

We took a train from Bremen through Oldenberg to Leer. The "strained" feeling of the former places seemed to be waning—. We spent a nice evening in Leer. We stay over night in a bombed out hotel. Only one wing of the hotel had been rebuilt. My room was on the fourth floor. It was raining as usual and I noticed that the stairs were wet as I went up to my room for the first time. I thought perhaps they had just been scrubbed—someone is always scrubbing something here—but when I got to the fourth floor I discovered that only half of it had a roof. Luckily my room was in that half. I could open my room door and look out in the wet sky. They had knocked all of the dangerously loose stones from around the

Sunday and Monday "THE PRINCE OF PEACE"

Tuesday and Wednesday "TRAZAN'S PERIL"

Thursday Only "NIGHT INTO MORNING"

Great Spiritual Film To Be Shown Here

Final arrangements have been made for the showing here of "The Prince of Peace", new \$2,500,000 Hallmark Production, in Cinecolor, that has been breaking attendance records everywhere, it was announced today by Scott Levins, manager of the Border theatre.

This unusual, two-hour attraction is a complete unit in itself, according to Manager Levins. The breathtaking beauty of the Wichitas are the background for the powerful, moving story.

It is because "The Prince of Peace" is so tremendous in scope, so beautiful in color; so sweeping in grandeur and so human in its theme that it is breaking box-office records from coast-to-coast. Its glorious and thrilling musical score and strong sermon-on-film has caused clergymen of every faith and educators at all levels to call the film the most important motion picture ever to come out of Hollywood.

According to one critic the film makes its appearance at a time when the world needs it most. "There are people in Hell who could have been saved by this picture," he said.

"The Prince of Peace" is a movie for the entire family. Father and mother will thrill to its majestic beauty while little brother and sister will delight in the new six-year-old child star, Ginger Prince, making her first screen appearance. "The Prince of Peace" will be shown at the Border theatre, Sunday and Monday, Oct. 14 and 15 and at the Mustang theatre in Bovina Thursday, Oct. 16. Adv.

Local Auxiliary Plans Masquerade Party During Hallowe'en Season

Celebration of Hallowe'en locally will offer something new, particularly for the young people of the Twin Cities, with the announcement being made today that the local Legion Auxiliary is planning a masquerade party during the season.

Definite date for the masquerade will not be set until announcement is forthcoming regarding the Farwell school carnival, a yearly Hallowe'en event, sponsors announced.

The party will be held at the Legion Hall, Mrs. Joe Helton reports, with the affair to begin at 8 o'clock. Admission charges, which will take care of the evening refreshments, are set at 50c for teen-agers and 75c for adults.

Custom-ordered Hallowe'en games will be in order, along with other forms of entertainment, sponsors said, urging that all residents of the community start now to plan their special costumes for the evening.

To Sell Cards
Mrs. Helton also announced that the Auxiliary is planning to handle Christmas card sales again this year, and will have samples, "Which are exceptionally pretty" to show to prospective customers.

Plans are still going forward for the Auxiliary-sponsored rummage sale, which is slated to be held in November, and contributions for the sale are being asked. Donations may be left at Farmers Supply or the Helton Oil Co.

Party Held At Phillips Home

A group of young people got together at the home of Charles Phillips on Friday night, Oct. 5. They played checkers, cards and other games throughout the evening, it has been reported by Marie Gober.

Dr. I. D. Johnson Speaks At Meeting

Business meeting of the association was conducted by Mrs. Jack McManigal and consisted of reports from the executive chairman, Mrs. C. E. Sanders' third grade class won the prize for having the largest number of parents present.

Fifth Grade Largest Class In School

With twenty-two boys and eighteen girls, the fifth grade already has the distinction of biggest class; they would like to have another "and best." A start in this direction was made by the organization of the class as a club to plan and carry out semi-weekly programs.

Officers are: president, Phillip Berry; vice-president, Johnny Love; makes its appearance at a time Lingnau; reporter, Bruce Jack. Dale Merriman is chairman of the program committee, assisted by Dickie Williams and Freddy Magness. Room mothers are Mrs. Lester Norton, Mrs. Rochelle Christian and Mrs. Charles Lovelace.

One program has been given. After the roll call, with response of the name of a favorite book, a trio composed of Jean Farr, Jesse Porter and Gerald Christian sang, Johnny Lovelace read a poem "The Pirate". Linda Hanna then told a famous story. Morris Reade read an article about mule deer.

The class delights in the new desks and chairs, the venetian blinds, the commodious bookshelves and cloak storage, and the attractive finishing of the renovated room; formerly most of the high school study hall. With the gradual acquisition of plants and metal stands, pictures, and tropical fish, the room is beginning to look like that pleasant place where one can learn his three R's and a great deal more besides, the teacher says.

Workbooks have arrived. One a phonics skilltext, for choral reading.

Marie Gober To Head 1951 Junior Class

Junior class elected Marie Gober as class president. To assist her will be: Bul Dollar, vice-president; Jimmie Gulley, secretary and treasurer; and LaVerna Christian, reporter.

The class has elected Ted Magness and Dennis Raney to represent them on the student council and Nancy Aldridge and Dennis Raney as class favorites.

Mr. and Mrs. Joe Magness and Mr. and Mrs. Everette Christian were elected as room parents.

The juniors decided to have two persons sit in on the meetings of the annual staff, so that they will be prepared to work on the annual next year. Howard Jenkins and Marie Gober were selected.

At the next class meeting, which will be Friday, October 5th, the juniors will discuss the Halloween Carnival and the assembly program which they will present October 11th.

The juniors ordered their class pins and rings. The pins will arrive sometime in November. The rings will arrive at the beginning of the 52-53 school term.

Steers-Buffaloes To Tangle On Friday

The Farwell Steers and the Petersburg Buffaloes, both of whom have sustained losses during the current football season, are slated to get together on Friday night of this week at Petersburg.

This will be the third conference game for the locals, who won over Anton and lost to New Deal, and the second match for Petersburg, it is understood, the Buffaloes having dropped a match at Friona last week.

Coach Tommy Hestand, looking things over this week, could give very little information on either his squad or their opponents. It is known that the Buffs sustained four injuries in the Friona game, and it is highly probable that at least one of the players, a mainstay named Pete Blossingum, will be out of action.

"It appears that they are in about the same situation we are," Hestand said the first of the week, reminding that the Steers had been plagued by injuries during the season.

Coburn, pass snatcher, may be out of the lineup this week, the coach went on, but on the other hand, Carpenter is now eligible and will be available for use in the backfield.

The locals were boosted by the home run of June Breeze with Anita Brown following her, with another.

In the 4th inning with the aid of errors from the Whirlwinds, the Panthers picked up 4 runs to make the score 5-4, still in favor of the locals.

In the top of the 5th inning the Field Panthers collected 3 more runs to go ahead of the locals for the first time during the game.

In the bottom of the 7th inning the Whirlwinds came to bat with a gleam in their eyes but were able to collect only two runs and dropped the tilt 10-8.

Yearlings Win Game Over Friona Team

The Farwell Yearlings, coming from behind after the Friona juniors had staged a successful drive to convert a touchdown and add the extra point, won their match with the visitors on Saturday night of last week, 24-7.

The locals were snapped back on their heels by a hard-hitting Friona aggregation early in the game, but then buckled down to business and scored from all directions to come out on the long end of the tally.

Hardage received a pass from Eddie Smith for one touchdown; Smith in turn took a pitch-out for a tally; James Roberts went for a six-pointer on a pass; and Deon Branscum scatted off-tackle for the fourth counter.

Chiefs Roll On With Win Over Petersburg

The Friona Chiefs, undefeated in four starts this year—two of them conference games—roared on over visiting Petersburg here last Friday night, when a good crowd of spectators was on hand to dare the brisk north wind, to see the locals in action in the second home game of the season.

Sparked by Frank Reed, Darrell Robbins, Jay Cobb and Ross Miller, all of whom hit the end zone for six-pointer, plus Walter Hawes, who booted two out of three tries, Friona racked up a total of 38 points to the solitary touchdown scored by Gerald Bright of the Petersburg.

The first quarter was definitely Friona's, as the rampaging Chiefs ripped big holes through the Buff offense and had sent Reed on a 20-yard gallop shortly after the period began for the initial touchdown. A few minutes later Petersburg fumbled and the local took over on the 40. A beautiful pass from Robbins to Miller clicked for a 30-yard touchdown and Hawes' conversion try was good, upping the count to 13-0.

Things simmered down then, with neither team able to make much advance and the ball changing hands on kicks with Friona winding up in possession as the period ended.

Robbins got his touchdown in the second canto, scattering some 15 yards for the score, but the kick failed to go through the uprights. Robbins got into the end zone, and again the extra try failed. During the latter part of the quarter, a continued downfield drive for the visiting Buffaloes bogged down on the 5-yard line and the ball went over, with the Chiefs booting out. Inspired Petersburg came plunging back for another try, with Bright getting through in a line plunge. A pass try for the conversion failed to come off.

Shortly before the half, things almost backfired for the Chiefs, as a pass from Robbins was intercepted by G. Medows, who was nailed on his own 35. The visitors drove to midfield, but the ball went over just before the half.

A series of fumbles sent the ball from first one team to the other in the third period, with Friona losing to Petersburg, then recovering a Buffalo miscue. Then neither team made much gain for several minutes, then Friona scored again and the kick was good.

The fourth quarter saw two touchdowns, one in the earlier portion of the round by the Chieftains and one shortly before the game ended by the Buffs, but the latter was called back for a penalty as the game unwound.

Play Happy Friday

The locals are due to go out of town this weekend, being slated to contact a strong Happy team on that diamond, Coach Raymond Cook reported the first of the week. With little damage sustained from the Petersburg game to the players, indications are that the Chiefs will be in good form and hunting their fifth scalp this weekend.

Coach Cook reported Tuesday that Darrell Robbins, star scorer for the Chiefs, might be out of action in the Happy game, due to the fact that he received a chipped collar bone in the Petersburg tangle. In the event that Robbins cannot be used, Jerry Rogers will be called upon to fill in in the backfield, Cook added.

Off On Vacation

Mr. and Mrs. J. A. Wimberley have gone downstate on a vacation visiting with relatives and friends at Cleburne, it is reported.

Hospital Parkway To Be Paved Shortly

Construction of a black-topped parking apron at the Parmer County Community Hospital is slated to begin this week, according to a report from Jim Shaffer, hospital manager, on Monday.

Workmen from the Brown & Root Construction Co., currently engaged in doing a good deal of city residential paving, were busy at the hospital the last of the week running a survey for the work, and engineers reported that when such work was begun crews would be assigned to carry right through in order that parking facilities at the hospital would not be completely disrupted for an appreciable time.

Cost of the paving program, which will widen and curb the narrow strip of blacktop now available at the hospital, will run a little in excess of \$3200, Shaffer said today, adding that the money is being raised by public conscription, with approximately two-thirds of the amount in hand at present.

Residents of the county who are users of the hospital, Shaffer said, have shown their interest in making contributions, and others who have so far failed to put in "their ten cents worth" are invited to do same.

Improvement Noted In Wilkerson's Condition

The condition of young Al (Junior) Wilkerson, who was hospitalized at Dimmitt last week following an accident, was reported on Monday as "good" by local people who had visited the young man.

Wilkerson sustained injuries last week when his left arm was caught in the belt of an ensilage cutter, breaking the member in four places. The accident occurred on the Orvie Lee Black farm, and Wilkerson was rushed to the Dimmitt hospital, which was nearest to the scene of the accident, for attention.

Reports on Monday said that two fingers had to be removed from Wilkerson's left hand, but that otherwise, his condition appeared to be clearing up rapidly, and hope is held that he will be dismissed from the hospital shortly.

Girl Scout Meeting Held On Monday

A training session for leaders and council members of the local Girl Scout program was held at the Woman's Club House on Monday with Miss Betty Merrey, field executive of Clovis, as the special guest.

A covered dish luncheon was served at the noon hour, with attendants spending the day mapping out programs of work for the local Girl Scouts, who customarily number 80 to 90.

Attending the Monday meeting were Mrs. Ralph Wilson, Scout council chairman; Mrs. G. Cranfill, council treasurer; Mrs. J. T. Gee, secretary; Mesdames Bill Stewart, Kenneth O'Brian, Russell O'Brian and Frank Spring, Girl Scout leaders; Mesdames Mary Boggess, H. L. Outland and W. R. T. Metzner, Brownie leaders.

Enroute To Fort Dix For Overseas Duty

Pvt. Lloyd Messenger, son of Mr. and Mrs. George Messenger, is enjoying an enroute furlough here with relatives and friends prior to an overseas assignment.

Lloyd has been stationed at Fort Sill, Oklahoma, and is listed for shipment from Fort Dix, New Jersey, to Germany, to serve with the occupation forces.

Maize Cuffings Going Into Local Storage

Some 90 per cent of the feed crop thus far harvested in the Friona area has been consigned to government storage at the two local elevators, managers Arthur Drake, of the Friona Wheat Growers, and J. C. Wilkinson, of the Santa Fe Grain Co., said on Monday of this week.

Drake added that his elevator was "buying a little grain", but hastened to add that with the large storage facilities available, none of the grain purchased to date has been shipped out of the county. Wilkinson confirmed the same report at the other elevator.

Some of the earlier irrigated crop, which has already gone under the combine, has proved a little disappointing in yield, Drake said, adding however, that the majority of irrigated fields are yet to be cut and indicated that such harvest would run from 3,000 pounds per acre upwards. Dryland stuff, as is the average over the county, is showing about a 1,000 pound per acre yield.

Asked about the harvest, elevator men were of the opinion that not more than 30 per cent of the feed in this area had been cut, although combines have been rolling for more than a week. In general, the yield appears good, and the quality of the maize is excellent, they report.

"We have received far more grain than I expected before frost," Drake told a reporter that first of the week. However, when a killing frost does hit, harvesting is expected to get underway in earnest throughout the area.

Storage at both local elevators is plentiful and some opinion was expressed that some grain on the far side of the county might find its way to Friona, due to the fact that reports are that Dimmitt elevators are filling up rapidly.

Three Players Are Treated Locally

Three players from the Petersburg football team received medical attention at the Parmer County Community Hospital here, Friday night, following the Friona-Petersburg grid clash.

Injured were Pete Blossingum, who received a wrenched back; Calvin Gustif, who sustained injuries to an old knee sprain; and Jackie Young, who also had an injured knee. Another player who received a broken rib was taped up at the field by local physicians.

Attaches at the hospital this week reported that none of the injuries were of a serious nature, although the youngsters will probably be out of football lineups for some time to come.

Nominating Committee Meets On Thursday

A nominating committee of five men was named at the regular directors meeting of the Parmer County Community Hospital, last week, with the group to hold a meeting tonight (Thursday), Manager Jim Shaffer announced from the hospital on Monday.

The five will select representatives to the board of directors, to be approved and installed at the regular annual meeting of hospital stockholders, Shaffer said, adding that the annual meeting will be some time shortly after the first of November.

On the nominating committee are Sam Aldridge, Lee Thompson, Dick Rockey, Hoyt Smith and Henry Ivy.

Fire Station Bids To Be Requested

Friona city officials agreed last week to issue notices for bids for the construction of a new fire station for the city, it was revealed today from the office of Roy Wilson, city manager.

Previously, the city had planned to build a combination City Hall and fire station, but construction costs proved exorbitant, and final plans led to the decision to build the fire station, with the wing for the city hall slated for future building.

Big News

For Small Grain Growers

MARKED INCREASES IN SMALL GRAIN YIELDS have been evidenced by recent tests by universities and farmers alike.

More and more farmers are using FERTILENE liquid fertilizer to increase yields.

HOW FERTILENE HELPS

When Fertylene is applied to seed grain, nourishment is added that is ready for the seed to use immediately after germination. This helps develop better root structure and top growth in early stages, and makes impressive increases in yield.

YOU CAN'T TELL BY LOOKING

No one can tell by looking at your soil or seed whether they are good. The soil can be tested, but there's no way to test the seed. A test on part of your acreage will let you decide if Fertylene is helpful

YOU DON'T NEED SPECIAL EQUIPMENT

Applying Fertylene is simple. Sprinkle over seed grain, mix thoroughly on barn floor, and allow to dry before planting. Treated seed runs freely through the drill.

Costs Less Than 60c Per Acre

One Gallon of Fertylene is diluted with 1/2 gal. of water and is used to treat from 10 to 12 bushels of seed grain. Costs less than 60c per acre.

New Deal Defeats Mustangs, 28-15

The Bovina Mustangs were defeated in their first conference game last Friday night when they played New Deal on that gridiron. Final score of the game was 28-15 against Bovina although the locals led in first downs, 15 to 13.

New Deal scored early in the first quarter after only three or four minutes of play and led throughout the game. Half-time tally was 21-9.

Both of the Mustang touchdowns were scored on passes. The first one came in the second quarter when Glen Hromas passed to Leon Ware and Leon added a 50-yard gallop. Hromas called one to Danny Pounds for the extra. Later in the first half the Mustangs scored a safety for another two points.

The second Bovina score came as Hromas aeriaded to Pounds from the five-yard line, but the conversion try was no good.

Webb and Wilkens were the outstanding Lion players.

The Mustangs will be idle this week, resuming conference play on October 19, when they go to Anton.

IN RUN-OFF ELECTION

Billy Derrick is in the run-off election for vice president of the freshmen class at Texas Technological college in Lubbock, according to a news release received this week. Derrick was graduated from Bovina schools last year.

The meeting was held under the direction of Glen Hromas, president.

Legion Auxiliary News

The American Legion Auxiliary met recently at the Legion Hall with Mrs. W. L. Liles, president in charge.

The group made plans to purchase two dolls to be sent to the Christmas Shop for veterans at the VA Hospital in Amarillo. Mrs. Mabel Newberry will make clothes for the dolls.

Mrs. Liles appointed a committee to begin work on the gift box to be sent to the Christmas Shop from this unit. Serving on the committee are Mesdames Howard Looney, Elton Venable and Ernest Woelfel.

There were two new members, Mrs. Frank Smith and Mrs. Bill Whiteside, present for the meeting.

The Legion Hall will be open on Saturday night for the entertainment of teen-agers. Hours will be from 8 to 11:30 p. m. Soft drinks and cookies will be served. An invitation has been extended to Farwell teen-agers.

TO RECEIVE MORE AID

The Bovina schools, as well as most other schools in Parmer County, will receive more aid for transportation this year than they have in previous years.

The state has started a new program in distributing funds for transportation. Heretofore they have paid only on the number of children carried, but this year they will also take into consideration the distance involved and the condition of the roads to be traveled.

Auditors will be in Bovina to check all routes and kinds of roads.

Bob Kelley, 220-pound Bovina center and all-Border Conference player for the West Texas State Buffaloes, will be seen in action against the powerful North Texas State Eagles in Amarillo Stadium, Oct. 13. The tilt will be the Buffs' next home stand.

Bovina And Happy Junior Football Teams End Thursday Night Tilt With 6-6 Score

The Junior High football team met the Happy Junior High team in their second game on the local field Thursday night. Final score was Bovina, 6, and Happy, 6' with Bovina leading in first downs 9 to 7.

Happy led off the game kicking to Bovina who returned it to their own 41 yard line. On three running plays they made a first down. Donald Ray Barron carried the ball for 3 yards and then passed to Darrell Read on the next play for 6 yards. Barron went around his left end on the next play for another first down.

After an incomplete pass, Barron made three yards and then the Bovina squad suffered a loss of 13 yards. Read carried it ten yards on the next play, but failed to pick up enough yardage for a first down and Happy took over for the first time that evening.

Paul Sims carried the ball on the first play for Happy picking up 6 yards. Carol Sims took the ball on a hand-off and went through for a first down.

Eugene Stromyer went through center for 6 yards and then Bovina pushed them back for a 4 yard loss. Happy fumbled on the third down and Bovina recovered on Happy's 48 yard line.

On the first play Read ran around right end to the 33 yard line for another first down. Barron tossed a pass to Read for three yards followed by an incomplete pass. Don Owens then carried the ball for a gain of 2 yards for the last play of the first quarter.

Barron carried the ball to start the second quarter and pushed his way to the Happy 19 yard line for another first down. Bovina hit the center of the line again and picked up 3 yards. Barron skirted left end and once again gained a first down, within the Happy 10 yard line.

Bovina Scores
Read tried the center again and picked up one yard. Bovina was off-side on the next play and the five yard penalty put them back on about the 13 yard line. Barron passed to Read on the next play and he ran it over for a touchdown. Read attempted the conversion with Barron holding, but failed to put it through the uprights. Bovina was off-side on the play and Happy refused the penalty. Score was Bovina 6 and Happy 0.

Barron kicked for Bovina and Happy returned the punt to their own 32 yard line. Cecil Vesthouse went around right end picking up five yards. He carried again on the next play and went to the 42 yard line for a first down.

Paul Sims went right through the center for five yards. Happy was penalized five yards on the next play for backfield in motion. They lost 6 yards and 4 yards on the next two plays. With fourth down and about 20 yards to go, they attempted to kick but didn't get it off and Bovina took over on the Happy 23 yard line.

Bovina hit the line and picked up very little gain. Then Barron passed to Jerry Newton to the 11 yard line and once again a first down. Another running play failed to gain and the second play netted another first down within the one yard. The half ended before they got another play off.

Second Half
Barron kicked off for Bovina to start the second half and Carol Sims of Happy carried it back to his own 43 yard line on a very nice run.

Paul Sims carried the pigskin to the 47 yard line of Bovina and a first down. Paul Sims carried it again for 4 yards and then Happy failed to gain on the second down. They were thrown for a loss back to the 46 yard line and lost the ball on the fourth down when they only got back to the 41 yard line.

Bovina had two incomplete passes and Happy refused a penalty on the second. Read failed to gain on the third down and again Happy refused a penalty and Bovina was forced to kick on the fourth down.

Happy took over again on their

own 41 yard line. Stromyer went through center for four yards. Happy fumbled on the next play and recovered the fumble on the line of scrimmage. They were thrown back on the next play and kicked on fourth down.

Bovina took possession on their own 39 yard line. Barron hit center for 3 yards and Owens tried to go around left end but failed to gain any ground. An incomplete pass on third down and Barron again punted. Bovina was penalized before the kick, five yards for taking too much time. Barron booted a good kick and Happy took over on their own 20 yard line.

Vesthouse gained five yards through center and then caught a pass from Carol Sims for a gain of 20 yards to their own 45 yard line as the third quarter ended.

Happy threw two incomplete passes and lost five yards on a penalty for off-side. Stromyer picked up two yards on third down and kicked to Bovina's 21 yard line on fourth down.

Read came around his left end for one of the longest runs of the evening. Hugging the sidelines Read ran about 48 yards to the Happy 31 yard line. Barron went around right end for five yards. Bovina then hit center and lacked about a foot of picking up a first down. They pushed over for the first down on next play. Bovina then fumbled and Happy recovered on their own 29 yard line.

Happy picked up 3 yards through center and both teams were off-side to nullify the next play. An incomplete pass and a gain of 4 yards by Paul Sims put Happy close to a first down.

After an incomplete pass, Paul Sims went around left end for 9½ yards. Again they used a center buck and scored a first down with the ball resting on the midfield stripe.

Carol Sims passed to Paul Sims and a gain down to the Bovina 23 yard line. Carol Sims went through center for 6 yards and Paul Sims went for three. With the ball on the 14 yard line, Carol Sims ran around his right end and scored a touchdown, tying the score on the last running play of the game. Happy failed their attempt to score the extra point and the ball game was over.

Visitors in the Travis Lloyd home on Sunday were Mrs. Lloyd's twin brother and his family, the E. R. Kelleys, of Childress, Texas.

Mrs. Howard Obenhaus has received word from her son, Wendell that following a ten-day leave, he will be stationed at Albuquerque.

Watkins Car Hits Truck In Texico

A 1950 car driven by Mrs. James Watkins of Bovina rammed the back end of a semi-trailer truck stopped at the Texico Port of Entry, turned over into the bar ditch and caught fire, last Tuesday afternoon.

Mrs. Watkins received gashes about the chin and mouth from the accident, and was extricated from her burning car by onlookers at the Port of Entry, following which she was taken to Clovis Memorial Hospital for a checkup.

The truck which was hit was driven by Bob Cox, of Portales, who had made a regular stop at the Port of Entry.

Mrs. Watkins is receiving treatment at the hospital for broken ribs, spinal injuries, cuts and bruises about the face and dental damage. She doesn't know when she may return to her job as a beauty operator.

Mrs. Frank Smith, Mrs. E. A. Derrick and Mrs. Harry J. Charles served the group at the close of the evening.

SICKNESS IN SCHOOL

There has been quite a bit of illness among the school children, keeping attendance down. Any sickness is unavoidable and an ill child should be kept at home. However, if the child is not sick, every effort should be made to keep the pupil in regular attendance, school authorities say.

Attention is called to the fact that a child not only does better work with regular attendance, but State financial aid is allotted on daily attendance.

Mrs. Weldon Spinks, Jack and Kay Ellen, returned home on Sunday after spending a week with her parents in Childress.

Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving . . . and here's why you get it only in Ford Cars:

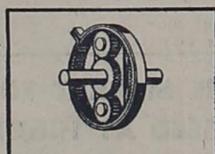

All the power you need when you need it!

Some automatics have this

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its advantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an uneconomical axle ratio which increases costs.

Some automatics have this

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

It gives you instant "GO"!

It practically drives itself!

But Fordomatic has both

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives. Unlike cars with only a torque converter (which start and cruise all in one gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.
