

FROM THE HOPPER

By HOP

The old fashioned man who used to forget to turn the mules out at night now has a son who neglects to drain the radiator.

We have a local minister who is wondering whether it is more profitable to hunt wild deer or seek lost sheep.

Local barbers are keeping pace with the rest of the barbers over the country, by boosting the prices on haircuts and shaves.

Of course it's none of my business, but it looks like getting money under false pretenses to charge a fellow like Judge Smith a dollar for a haircut.

The barber probably earns his money when he cuts a head of hair like that of John Porter, but to charge the full price for fellows like Judge Smith, Aubrey Sprawls and Lenton Pool is, in my opinion, nothing short of robbery.

But, as for me, I am not worried about dollar haircuts. When they were fifty cents, I usually got mine snipped every week or ten days. When the price advanced to six-bits, I visited the barber shops every two weeks. Now that they have gone to a buck, I'll just make my visits less frequent.

Have a good many comments on what I had to say recently about giving court trials to fellows who have pleaded guilty to criminal acts. Recalling the famous Hassell trial in this county back early in 1927, one reader pointed out that the trial cost the county thousands of dollars. As against such procedure in Texas, the same reader recalled that only recently a man entered a plea of guilty to stealing a car in New Mexico—and was on his way to the penitentiary in less than 24 hours after committing the act.

On the other hand, here is a letter from a kinsman in Oklahoma City, who contends for a court trial. He cites the case of the "Black Dahlia" murder in Los Angeles a few years ago.

He writes: "The black Dahlia case has never been solved, in spite of the fact that 30 people have each confessed that he or she, did the job. Investigations revealed that some of these people were not in California at the time, some were of unsound mind, others were only seeking publicity. Perhaps this will answer your question of why a confessed killer should have a trial."

As I pointed out in my original story, I am most certainly in favor of a fair and impartial trial when there is any question about the guilt or innocence of the accused. But when two men sign statements, confessing that they committed a murder and then proceed to lead officers to a spot where they buried the victim's personal effects, there should be no doubt about their guilt.

Better be more considerate of that new son-in-law. The day may come, as it often does, when you might want him to take care of you.

Members of my staff suggested that I write a front page Thanksgiving editorial this week. This is about the easiest assignment I have been given recently. It can be summed up in just four words: "Thank God for everything."

Speaking about giving thanks, I might suggest that when you say your prayers put in a few words for your enemies. One enemy in good working order will help keep you straighter than a dozen friends.

Bill Hall was asked what he was feeding his sheep, and Bill replied that he had been feeding them on a mixture of currency, mixed with a little silver, and for roughness he was giving them government bonds.

IN AMARILLO HOSPITAL

The infant daughter of Mr. and Mrs. Joe Fallwell, of Friona, was rushed to an Amarillo hospital on Monday of this week, for attention by a specialist. The baby, born last Thursday, sucked some fluid into her lungs at the local hospital early Monday morning, and was rushed to Amarillo by the attending physician where the foreign matter was pulled from her lungs and she was placed in a resuscitator. Reports from Amarillo on Tuesday evening were to the effect that the infant seemed to be showing some improvement.

Mrs. Walter Hardage was in Amarillo, Tuesday, on business.

UNBEATEN, UNTIED IN SIX GAMES

Farwell has an undefeated, untied football team. And the local fans are proud of it. The above boys comprise the squad of the Junior High Yearling aggregation who beat the

Muleshoe Juniors last week to finish off the season. Coach Shelby Jobes stands at the left-hand side of his club.

Steer On Highway Causes Car Flop

A dead steer near the middle of the road on Highway 70-84 at a late hour Friday night 4 miles east of this city, was responsible for a car upsetting, resulting in no injuries to the driver.

Dennis Raney, junior student at Farwell High School, was enroute home about midnight when he came upon the animal lying in the road. Swerving his car suddenly to miss the animal, Dennis upset his machine and escaped uninjured. He was traveling alone.

Sheriff Chas. Lovelace, who investigated the accident, reported that it was evident that a bunch of dogs caused eleven cattle, belonging to John Lovelace, to stampede and break through a 4-wire fence next to the highway.

A passing truck, whose driver is unknown, hit one of the animals—a 400-pound steer—leaving it dead on the highway.

Cotton Ginnings Hit High Pace

With mechanical pullers operating in many of the fields in the county, cotton ginnings at the three gins in the county hit a high pace this week.

Gin yards are crowded with bales waiting their turn at the gins, and ginnings are operating at full speed to catch pace with the incoming cotton.

Ginners contacted early this week said that with favorable weather prevailing most of the cotton would be cleaned out of the fields by mid-December, but considerable hand-pulling would continue beyond that date.

It has been estimated that Parmer County will produce in the neighborhood of 8000 bales this season.

Mrs. W. M. Chenault has been at the home of her daughter, in Clovis, while receiving medical attention.

Schools Dismiss For Annual Holidays

Both Texico and Farwell schools were dismissed Wednesday afternoon in observance of the Thanksgiving holiday, it was reported by Superintendents Agrie Jones and Jack Williams.

Classes are to be resumed Monday morning at the regular hour.

Court To Consider Petitions For Road District, Nov. 26th

County Judge A. D. Smith said today that Monday, Nov. 26, had been set as the date for considering a petition for the creation of a special road district in Commissioner Precinct No. 1 in Parmer County.

The petition was presented at the meeting of the County Commissioners on Nov. 11, and again on Thursday of last week, which resulted in no definite action being taken. Members of the Court expressed themselves as desiring further time to consider the petition before taking any action.

Judge Smith said that even if the Court should act favorably on the petition, it would then be necessary to set a date for a "hearing" on the petition before final action could be taken, and this "hearing" could not be held until at least 15 days after public notice had been given of such a hearing.

The petition asks that a special road district be created within the boundaries of Precinct No. 1, which would allow the voters in that precinct to vote bonds for road building.

CONFINED TO HOSPITAL

Mrs. Bill Hanna, of Farwell, was taken to the Parmer County Memorial Hospital in Friona the first of the week, for medical attention. She has been bedfast for some time and is showing no improvement.

Annual Ex-Student Reunion Saturday

Robert Anderson, president of Farwell ex-students association, urges all members of the group to send in their reservations to the annual dinner today (Thursday) if possible, since definite commitments must be made on the number to attend the dinner. Tickets are \$1 per plate and membership dues are 50c.

The dinner is planned for Saturday night in the Farwell school cafeteria, beginning at 7:30. Charlie Smith of La Vista in Clovis is to serve the western style meal.

Tentative menu for the meal includes barbecue, beans, salad, pickles and relishes, and other ranch style foods, and the feed will be served cafeteria style.

Registration will begin at 7:30. According to Anderson, actual ticket sales for the dinner have been rather slow, but a large number of exes have said that they would be present. The affair was planned for this weekend, so college students could be home to attend the get-together.

No special speaker has been selected for the meeting. "The purpose of the reunion is so old students can do lots of visiting," says Anderson, who will be master of ceremonies.

To be recognized will be the oldest person present, the one who traveled the longest distance to attend the homecoming, the earliest class represented, and the largest attendance from any one class.

A business meeting will be held at the conclusion of the program, and new officers for the coming year will be elected.

IN EMPTY-HANDED

Rev. Lance Hurst returned home Monday night from an unsuccessful hunting trip near Bracketville, Texas. He had joined Lawrence Cooper, cattle inspector, at Eagle Pass, on the outing. Rev. Hurst reports ruefully that he had a number of shots but failed to hit anything edible.

Annual PMA Election Is Held On Tuesday

Believe It Or Not, They Did It Again

One of the most persistent—and consistent—groups of hunters in this area was back in home the first of the week, with the usual report, "100 per cent kill."

Jack White, who notified The Tribune of the return of hunters Leroy Hunston of Clovis, Mack Johnson of Farmington, Claude Thomas of Melrose, Arch Green of San Jon, Grady Pierce of Clovis and White himself, added that for 13 years the party had made the trip to the mountains when deer season opened, and had come back 13 times with a perfect record.

"In fact," White added, "we have camped under the same tree and used the same burro to haul out the carcasses for the past twelve years."

Hunton got the buck with the most points this year, bagging a 10-pointer; Johnson and Thomas both got nine-pointers; White, an eight; Green a seven; and Pierce a five-pointer.

Sister Of Local Man And Husband Die In Car Accident

Aubrey Sprawls of this city has been advised of the accidental and sudden death of his sister, Mrs. H. L. Ligon, and her husband in an automobile accident near Alice, Texas, Tuesday afternoon.

Details of the tragedy are not known here, except that the car in which they were traveling skidded on wet pavement, hit a bridge abutment, and crashed. The Ligans lived at San Antonio.

Mrs. Ligon was the former Miss Ida Mae Sprawls and is well known here and at Bovina, where she had visited on numerous occasions during past years.

Sprawls said that he would attend the funeral, which will be held in San Antonio on Friday.

Additional Cases Being Installed, Piggly-Wiggly

In order to keep pace with the rapidly expanding business, Carl Davis is installing three additional refrigerated cases at the Piggly Wiggly store in this city.

Two additional meat cases are being added, as well as another double-deck dairy case. The new cases will give the new store 16 additional running feet for meats and 12 more running feet for dairy products.

In order to install the new cases, the fixtures at the rear of the building had to be re-arranged with the manager's office being moved several feet to the east.

Davis said that it would probably be several days before all the new fixtures were connected and put into operation.

County Representatives At Farm Bureau Meet

Two representatives from Parmer County's Farm Bureau chapter, Bruce Parr, president of the group, and Raymond Euler, secretary, left from Friona the first of the week to attend the 18th annual convention of the Texas Farm Bureau Federation, in session at Houston through Wednesday.

Outstanding speakers included Allan B. Kline, president of the American Farm Bureau Federation; U. S. Congressman W. R. Poage, vice-chairman of the House agriculture committee; Mrs. Raymond Sayre, president of the Associated Women of AFBF; and Dr. W. G. Hammlade, director of extension, college of agriculture, University of Illinois.

Monday was devoted to open hearings on resolutions and special commodity conferences and committee meetings. The convention proper got underway on Tuesday morning and a business session will conclude the meeting today (Wednesday).

MOTHER SERIOUSLY ILL

M. C. Roberts will leave tomorrow (Thursday) morning for Austin, to be at the bedside of his mother, Mrs. Eugenia Roberts, who is critically ill with cancer and is not expected to live.

Community PMA farmer-committeemen elections were held Tuesday of this week, Joe Camp, PMA secretary, reports. In each of the three communities in the county, three members of a community committee and two alternates and a delegate were elected to the county convention, the men to take office December 1.

As The Tribune went to press this (Wednesday) morning, election results from only two communities, "B" and "C", had been received at the PMA office.

Eighty-seven votes were cast in "B" community and committeemen elected were: Frank Hinkson, delegate to county convention; Walter Steinbock, community committee member; O. M. Jennings, alternate delegate to county convention; A. L. Tarter, first alternate member of the community committee; Otho W. Whitefield, chairman community committee; DeWitt Precure, second alternate member community committee; Clarence Mason, vice chairman community committee.

In "C", 102 votes were recorded. Included in the list of committeemen were: Harold Carpenter, delegate to county convention and chairman of community committee; Tom Caldwell, member community committee; Charlie P. Thompson, alternate delegate to county convention; E. W. Kennedy, first alternate member of community committee; William L. Thornon, second alternate community committee; and Billy Joe Foster, vice chairman community committee.

Candidates in "A" community, on which no election return had been made at press time, were: Elmo Dean, Clyde Hayes, delegate to county convention; Carl Schlenker, Joe Menefee, alternate delegate; Martin Wagner, Bruce Parr, chairman of community committee; Elmer Holt, Clyde Sherrieb, vice chairman; Roy V. Miller, Albert Rolan, member; Raymond Schueler, Hershel Johnson first alternate; Clyde Hayes, J. D. Stevens, second alternate.

Delegates to the county convention will meet Tuesday at 9 o'clock in the morning at the PMA office, to name a county committee consisting of chairman, vice chairman, member and two alternates to administer PMA programs in the county, Camp announces.

State Seeking Route For Connecting Road

W. H. Garrett, resident engineer of the Texas Highway Department, was here Tuesday in the interest of getting a connecting route through the city of Farwell for the state line pavement built recently by the New Mexico Highway Department.

Garrett said that Texas was ready to pave and maintain the present pavement along Third Street in Farwell as the connecting length, but some objection had been voiced over this route, and he said, "certainly the State is not going to force the pavement" on anyone.

An alternate route along First Street has been suggested, but Garrett gave it as his opinion Texas would not spend the money along that route, which would parallel the New Mexico project a good deal of the way.

Previously, the City of Farwell had passed a resolution granting the use of Third Street for a connecting route and the county commissioners had agreed to provide the right-of-way across a 600-foot strip along the south edge of the city limits.

Garrett emphasized the importance of getting the route opened up so that the Highway Department might let the contract for the construction at the same time the contract is let for the building of the farm-to-market road between Oklahoma Lane and "cross roads" some eight miles north of Bovina.

National Guard Film Is Shown To Lions

A film depicting the history of the National Guard was shown at the regular meeting of the local Lions Club, on Tuesday night, with Sgt. Nash, AAF recruiting sergeant, of Clovis, in charge.

Approximately 30 local Lions gathered in Mary's Cafe for their evening feed and business meeting. The program was arranged by John Adams.

The next meeting will be Dec. 4, with Curtis Miller and George Hill in charge of program arrangements.

SUCCESSFUL HUNTING TRIP

ALL GET THEIR DEER—Five hunters, two from Texico and three from Clovis—returned home over the past weekend from a successful hunting trip to the Jicarella mountains northwest of Capitan, where each of them bagged their legal quota of a buck deer. Pictured from left to right with their prize kills are Wallace White, Luther Moss, H. M. Knapp, Olen Schleuter and Ralph White. Knapp brought in the premium deer with ten points, weighing 185 pounds field dressed. Schleuter bagged an eight pointer, Wallace White a 4-pointer, with Moss and W. R. White tying for honors, each bagging a prong pointer. In the rear stands Biffy, the jackass, that was hauled all the way from here to the hunting grounds to lend valuable assistance in getting the deer out of the rough country.

Modern Odyssey Planned For 1952 Maid Of Cotton To Be Named Next Month

A modern odyssey lies ahead for the girl who is selected 1952 Maid of Cotton.

To carry the cotton industry's 1952 fashion and goodwill message, the Cotton Belt beauty will spend six months traveling across the United States, with stops at nearly every principal city; to Europe; and to Canada. Other countries probably will be added to the Maid's itinerary before her schedule is completed. The National Cotton Council reveals.

Immediately after her selection at Memphis, Tenn., Jan. 3, the Maid of Cotton will fly to New York City to spend a month in training for her appearances as King Cotton's fashion and goodwill ambassador. There she will be outfitted with a stunning cotton wardrobe to show cotton's place as the leading fiber on the fashion scene this season.

Miami in February
Leaving New York early in February, the Maid will fly southward for her first appearance at Miami, Fla. From that time on, the young cotton emissary will be traveling constantly. She will visit Atlanta, Birmingham, New Orleans, Houston, Dallas, El Paso, Phoenix, Los Angeles, the San Joaquin Valley, San Francisco, Denver, Des Moines, St. Louis, and Cincinnati on the first lap of her fabulous journey.

Then she will return to New York to board a plane for her flight to Europe, where most of her time will be spent in Paris. After appearances abroad, the Maid of Cotton will fly back to the United States to begin the second half of her domestic tour. She will visit Boston, Philadelphia,

Washington, Richmond, Cleveland, Detroit, Chicago, Minneapolis, Memphis, Little Rock, Jackson (Miss.), Spartanburg, and Charlotte.

Canada On 1952 Itinerary
From Charlotte the Maid of Cotton will fly to Canada for appearances in several major cities there. The 1952 Maid will be the first ever to make an official visit to Canada.

Wherever she goes, the Maid of Cotton will be welcomed as a special envoy from the 13 million members of the U. S. cotton industry. She will greet mayors, governors, city and civic leaders to convey King Cotton's goodwill greetings.

In each city she visits Maid will appear as featured model in all-cotton fashion shows to present the seasons' smartest new cotton fashions.

At the close of the six-month tour, the Maid of Cotton will be awarded a streamlined new 1952 Ford convertible. The Ford will be presented to her by the Memphis (Tenn.) District Ford Dealers in tribute to her service. The automobile industry is cotton's single largest customer, with an annual requirement of about 750,000 bales.

Contest Open to Dec. 1
The Maid of Cotton contest is open to any girl born in a cotton-producing state, who is between the ages of 19-25 inclusive, has never been married, and is at least 5 feet 5 inches tall. Application forms can be obtained from the National Cotton Council, Box 18, Memphis, Tenn. Entries must be completed and returned along with a head and

Farwell Junior Play Clears Over \$150

By JEANNE DUDLEY

Annual Farwell junior play, "The Red-Headed Step-Child", was presented to a capacity crowd Friday night at the high school auditorium. According to reports received here today, the class netted \$154.93.

The comedy drama was directed by Mrs. Hershel Arnold; sponsor of the class is W. M. Roberts. Serving as announcer was Junior Poteet, class member.

Characters were well chosen, with Nancy Aldridge in the leading role of the red-headed step-child from Mon-

tana. Her western attire, brogue, and brash manners didn't make her social debut an easy task. Mrs. Edith Russell (Kayla Felts) failed to receive her husband's daughter with open arms, while half-sister Lucia (June Hardage) was quite perturbed over the social consequences arising by the arrival of the red-head.

Mrs. Oliver Woodrus (Jimmie Guley) and Mrs. Emory Scott (Laverna Christian) were the gossips of the socially prominent families, and had plenty to discuss when Bess (the step-child) arrived.

Briggs, the English butler, was ably portrayed by Howard Jenkins, with his oft-repeated lines amusing the audience each time. Ronnie Dial

as Dudley Russell and his girl friend Flora Farnum (Elanda White) were the teen-age comedy characters and were quite convincing in their irresponsible manner. They were planning to elope, but Flora thought the purpose of a secret was to tell it.

Completing the cast was the father, Richard Russell, portrayed by Dennis Raney. Russell was the center of the family turmoil, finding himself torn between love for his daughter Bess, and for his present wife and other children. George Garvison (Buil Dollar) was a wealthy young man who fell in love with Bess. Dollar presented one of the most natural performances of the entire cast.

Billie Jean Jesko and Marie Gober as two young debutantes were also in character.

The presentation of the entire drama was smooth, and seemingly easy for the cast.

Many of the young thespians were also in the play "Outward Bound", which won first place in district interscholastic league competition last year.

Farwell Orders Choral Robes

Mrs. Jobes reports that the music department has ordered forty-four choral robes. These robes will be blue faille with white satin stoles. The chorus will pay for the robes on a three year plan. The new apparel will arrive December 10th.

Marie Gober Is FFA Sweetheart

MRS. OTIS PRESCOTT

The FFA boys had a meeting Monday night and elected Marie Gober as FFA sweetheart. This slender young lady has big blue eyes that sparkle with life and mischief depending upon the mood she happens to be in at the time. Her light brown hair is always kept in soft curls around her small pointed face. She has clear creamy skin which helps to set off her smiling eyes and soft brown hair. The boys felt she deserved the honor they were glad to bestow upon her. Her many friends and teachers are glad she was given the honor of FFA sweetheart.

Students Learning To Tell Correct Time

Mrs. McDermitt's second grade pupils are learning how to tell time. This they are doing by studying time in their new arithmetic books. All are now able to tell the correct hour of the day without any difficulty. The next step in the learning of time, will be the study of the half-hour, which it is hoped will soon be mastered.

The goal set in the spelling class is one hundred per cent for each child in the room—one hundred in spelling for each pupil. This week it is expected, all will make one hundred—hence no spelling on Friday—a holiday from spelling for having a perfect paper on Thursday.

Dog Is Tooth-Yanker... But Not Pain-Killer

Have you ever seen a dog that could pull a tooth?

Hal Ed Helton, young son of Mr. and Mrs. Joe Helton, thinks his dog, Pal, is just a pretty good dentist; and the boy has an empty space where a tooth once was, to prove his theory.

Hal Ed and Pal were playing tug-o-war with a short rope recently, when Hal Ed put the rope between his teeth in imitation of the dog. Pal gave a powerful yank, and proving his strength, got not only the rope, but one of the youngsters' upperpers as well.

The dog has his limitations, however. His furnished no anesthetic after the extraction.

Auxiliary Rummage Sale Termed Success, Christmas Discussed

"We wish to thank everyone for rummage donated for uses in our sale last Saturday," Mrs. Joe Helton, Auxiliary member, reported today. According to Mrs. Helton, the sale was "very successful", although some goods were left over. Remainder of the rummage was given to the Salvation Army.

Mrs. Helton pointed out that any time local citizens have old clothing or other used articles to donate to the annual Auxiliary sale or the Salvation Army, they are invited to contact a member of the local Auxiliary.

At the Monday night meeting of the group, it was decided to decorate the Legion Hall for Christmas on December 8. This date, members point out, would make the hall ready and available for Christmas parties.

The Auxiliary will contribute \$10 Christmas assessment to the Veteran's hospital to buy a gift for the vets, and will also give \$25 to the hospital gift shop, so that hospitalized veterans may choose gifts for their families.

Discussing the membership drive, Mrs. Helton states that the list of members should be turned in before January, so the group can retain its certificate. Anyone interested in the organization may contact Mrs. Glenn Phillips, chairman of the membership committee.

Mrs. Helton adds that the joint meeting of the Legion and Auxiliary, originally planned November 27, will be cancelled because of the conflict with holiday season plans. A Christmas party will be held for members and their families on December 15.

Fifth Graders Study Good Eating Habits

Do you eat the vitamins you need? Does your diet include the seven basic foods each day? Did you know that sweets and starches are the carbohydrates, which give us energy? And that proteins are body-building foods, while fats help to keep us warm? Such questions have been uppermost in the mind of the fifth grade pupils for the past two weeks.

They have kept charts of the food they eat. They have made lists of protective foods given on the charts. On Thursday, Mrs. Lance Hurst, school nurse, gave a talk on an adequate diet for the school child, and handed out cards listing the essential foods. Since ninety per cent of the class eat lunch in the cafeteria, they have used the school lunch as a basis for discussion of the basic foods included in our menus. Students are learning that health, happiness, and successful living are to a large extent dependent upon eating the right foods.

"With greater interest in other subjects, difficulties seem fewer, though still with us," Mrs. Earl Booth, teacher says. In geography, the western States have given way to a study of the Southern States, and, of course, Texas. Arithmetic study makes the class appreciate the joke about the college guard who wistfully asked a group discussing higher mathematics, "Has anybody ever heard of long division?"

Spelling somehow is being learned, and reading? "One very long book, with all its interesting historical stories and vivid word pictures of our own land and of our near neighbors, has been completed," the instructor concludes.

Juniors Receive Wrong Class Pins

Class pins were received Friday, but to the dismay of the class they were not the ones ordered and will be returned to the company.

"The pupils of the junior class are happy the play, "The Red-Headed Step Child," was such a big success. The audience seemed to enjoy it, if the sound of laughter was any criteria," an instructor states.

The juniors would like to thank the following individuals and firms for the help:

Mrs. Hershall Arnold, director of the play.

Furniture Mart of Texico—use of furniture.

Bryson Tanner of Clovis—use of furniture.

ENMU for the use of dinner jackets and tuxedos.

Flowerland of Clovis for flower arrangements.

Mr. and Tucker and Mr. Pretree for building stage props.

Coyan and Purdy of Portales for use of furniture.

Second Graders Enjoy Weaving

The children in Mrs. Pool's room are enthusiastic over learning the art of weaving. They are weaving squares for a bedspread started by last year's second grade. The interest has grown to such an extent that the class would rather weave than do anything else. As soon as materials arrive, the class plans to weave other colorful articles. Carolyn Rounton brought her loom to school, and now five children can weave at the same time.

David Watkins had a birthday Tuesday. He was feeling so dignified and grown up that he refused to cry when his room mates spanked him.

Shirley Vestal, Roy Hammand, Carolyn Rounton and Guy Pense have recently lost some of their front teeth. They are hoping to be able to show some new ones by the time Santa comes around.

Pupils Like Readers, But Not Match Tests

The latest adventure of the fourth grade class was a matching type test in the historical reader. Pupils say they like the new readers, but are not so sure they like the tests.

The class finished their health book this past six weeks and plan to stress cleanliness, safety, and citizenship in health units the remainder of the year.

Joan Hubbell was welcomed back in school after a weeks absence. Several others have been on the sick list, but the attendance was one hundred per cent on Wednesday.

Third Graders Begin Work On Assembly

The pupils of Mrs. Sander's third grade are working hard on the safety play they will give in assembly, December 6. All rules for saving lives will be depicted in the play. It is hoped that many will profit by this story of avoiding accidents—saving lives—protecting property—and cause students to stop—look—and listen.

Jake Bargas and family are away on a vacation.

On bad days the boys enjoy the ranch set which is composed of realistic ranch house, fences, corrals, horses and cowboys. The girls have a play house in one corner of the room with real furniture, which is most enjoyed by the little make-believe mothers and their dolls.

The room is decorated with a border of different colored turkeys, fall leaves, and Indian boys and girls. The bulletin board has a huge cornucopia filled with all manner of fruits in vivid colors of red, yellow, brown and orange. Other attractions in this colorful room are the fish bowls of many hued fish, the striking yellow canary in its green cage, and the black Kit Kat with its rolling eyes and wagging tale, which tells the correct time for the children of this very interesting room.

TWIRP Season Begins Monday At Farwell

Girls at Farwell schools are saving their pennies over the holidays, in readiness for TWIRP season at the school, which begins Monday. The affair is sponsored by Future Homemakers of America of the school.

During the week, the girls ask the boys for dates, go after them, and assume the financial obligations of the evening's entertainment.

TWIRP season will end on Friday night, November 30, and is climaxed with a party at the home economics building. A special program is planned for the evening.

Use Your Manners . . . People Appreciate It

By Kayla Felts

It would be well if both students and teachers took a little time out to examine their manners. We all seem a bit abrupt these hurried days, but if we just remembered that everyone is human, too, and act accordingly, we might feel a little better.

Take, for instance, an example that happened recently. A sweet young thing had a humdinger of an argument with her "feller," and consequently didn't speak a civil word to her pals the rest of the day. Now, I ask you, was that her friends' fault? Certainly not, but it might well have been, the way she acted.

Then, every class has its "smart" person. And by this, we don't mean intellectually! This person not restricted by anything, including tradition, and while we're using Alec for an example, this type is a girl as often as not. Alec always has a few adjectives to us when he doesn't think he agrees with anything anyone says. In class, he talks back to the teacher, gets his pals in trouble, and is just hateful, in general.

Teachers are not exempt from this tabloid, either. We are all familiar with the type who has one or two favorite favorites. They are the recipients of all the good things in the life of the student. The others get by with all they can, and while this is not conducive to orderly lessons, they feel justified by "letting of steam."

So let's all take off and THINK! It doesn't cost a thing, and it really comes in handy in This Life we Live.

Maverick Cub Discusses Steer Gridiron Season

Some of the big surprises this season were the boys who shared the spotlight at the end of the season.

Bobby Crume, Charles Phillips and Lynn Carpenter were among these boys. As for all the seniors they played through a difficult final season. Darrell Norton, quarterback, called good football this season considering this was his second season to play.

Pike Jordan and Jesse Coburn were captains of the team and they did the best job they could, under the circumstances.

As for boys like Dennis Raney, Ronny Dial, Frank Gulley, Jerry Bradshaw and Duane Harrington, big things are expected of them next year in football. Much is expected from Cassidy's booting abilities.

Report Is Given On Homemaking Classes

The third year homemaking girls have finished their suits and are studying child care and relationship. The girls are planning to make garments for pre-school children.

The second year girls have been studying lunches. They are planning to give a luncheon on December 6th for a few of their friends.

The Freshman girls in homemaking I have cooked a breakfast and reported it was very nice and much enjoyed. The class is now learning how to make different kinds of bread.

Lazbuddy Grid To Be Scene Of Six-Man Bi-District Playoff On Thanksgiving Day

Football fans in this area will once again this year have a game of their own to get excited about on Thanksgiving Day, when a scramble for the bi-district six-man grid honor will be staged on the Lazbuddy field with Darrouzett as the opposing team.

Little information on the Darrouzett team was available here this week, but sports fans from the Lazbuddy area point out that their team is a good one, having lost only one game during the entire season—that to Bula—and whatever Darrouzett has to offer will find plenty of response from county gridgers.

By virtue of the loss to Bula, who later also got a defeat, Lazbuddy faced the Bula squadders on the Sudan field last Thursday night—and won the district title in a hair-breadth way. Final score was 12-12, but Lazbuddy had managed to get inside the twenty-yard line four times to Bula's three penetrations, and the district title was determined.

Bula got first blood in the district play-off, but a 30-yard touchdown pass from Rudolph Jesko to Richard Engelking tied up the count at 6-all in the second quarter. Again in the third period Bula forged ahead, 12-6. With only four minutes left to play, Don McDonald broke out, circled right end and was gone for a 30-yard touchdown gallop. The conversion failed to come off and the

final score was 12-12. Hard-fought as it was, with both teams trying desperately to cinch the championship, the Bula-Lazbuddy game was outstanding in the respect of sportmanship, fans report.

Game time on Turkey Day will be 2 o'clock, with an admission charge of \$1 and \$1.50 being made at the gate. Fans from all over the county are invited to take part—on the sidelines, that is—at another of the rapid-fire six-man scrambles as the two squads battle it out for the bi-district title.

Cage Practice Opens For Local Juniors

Basketball practice for two groups of junior boys has been started at the Farwell school under the direction of Coach Shelby Jobs, who reports that seventh and eighth graders will make up one team, with another squad being composed of ninth grade students.

Some 34 hopefuls from the 7th-8th grades, and an even dozen from the ninth turned out for the opening of the seasonal workouts, Jobs reported, adding that prospects are fair for good teams from both the grade school and junior high.

Fundamentals will be in order for two weeks, stressing ball handling, passing, shooting, body control, floor drills, footwork, etc., the coach said.

Yearling Football Team Concludes Perfect Season

Maybe their big brothers didn't do so well during the 1951 football season, but the Yearlings, junior off-springs of the Farwell Steers, definitely were on the winning side this year, having recently concluded a perfect season of six wins against no defeats.

Victims of the Yearlings during the year were Bovina, Sudan, Friona and Muleshoe, with the locals taking two each from Bovina and Friona, and one each from Sudan and Muleshoe. While they were at it, the kids ran up an impressive 143-point scoring record, compared to only 32 allowed their opponents.

The Yearlings blanked Sudan, Bovina and Friona, and the largest score made against them was the 13 points taken by Muleshoe in the final game of the season. Don Gerries stands at the top in the touchdown parade, with a total of eight during the season, while his running mate, Gene Hardage, got half that number.

The kids are no slouches when it comes to other sports, either. In fact, the record since January 1, 1951, reads like this:

Basketball, won 11 games, lost 2; volleyball, second in district, losing to Vega; softball, second in district, losing to Lazbuddy; track, first in district, first in triangular meet featuring Farwell, Bovina and Lazbuddy, and first in a dual meet with Texico.

Coach Shelby Jobs is in charge of the youngsters, and is turning out some promising material for the coming varsity squads.

Athletic Department Receives Knee Pads

Twelve pairs of satin knee pads have been received by the Texico athletic department. They are kelly green satin, trimmed in white.

Fern Stout, girls' coach, states, "I believe that the knee pads will add to the attractiveness of the uniforms worn by the team."

Four Lettermen Return To Squad

Only four lettermen are returnees for the Farwell Steer basketball team, Kenneth Livingston, coach stated today. The coach ventured no predictions on the possibilities of the team this early in the season.

First game for the locals is slated Tuesday on the Muleshoe court. Both a boys and girls game will be held.

Boys working out for practice this week were: Bobby Crume, Ronnie Dial, Buil Dollar, and Ted Magness, lettermen; also Junior Poteet, Pike Jordan, Dennis Roney, Billy Medley, Frank Gulley, Calvin Barber, Sonny Spurlin, Wayne Morris, Jesse Cox, Phillip Cassidy, Duane Herington, and Jerry Bradshaw.

OUTSIDER TEAM ORGANIZED

Men's outsiders basketball team has been organized for Texico-Farwell and practice sessions began early this week. No games were scheduled at press time today.

Working out with the group are Ken Livingston, Tommy Hestand, Joe Jones, Bob Dollar, Carlos Woods, Glenn Phillips, Harry Sheets, Squirmy Doshier, Vernon Willard, Preston Martin, Jesse Coburn.

Junior Sportsmen To Face Busy Season

The district Interscholastic League is to be organized soon with Farwell juniors slated to start work on a number of events, Coach Shelby Jobs reported this week.

Listed for the juniors will be grade school boys' volleyball, track, and playground ball; junior high boys' track and playground ball.

In the junior program this coming spring, boys in the 7-8-9 grades will compete in junior physical fitness and proficiency tests sponsored by the Amateur Athletic Union.

Standards for the tests are given and boys reaching the standards in sprints, walk and run, sit-ups, pull-ups, broad jump, push-up, baseball throw, continuous hike for distance, and running high jump will receive a certificate from the AAU.

Tennessee Squirrels Take Up Residence In Parmer County

Ten gray squirrels, former residents of Tennessee and more recently of the Lubbock Parks, arrived here Saturday and immediately took possession of the quarters recently erected for them about the county court house property.

The frisky little animals, five pairs, were recently authorized as residents of Courthouse Square by the commissioners' court, and County Agent Joe Jones made the trip to Lubbock, Saturday, bringing the little bushy-tails home with him.

Jones pointed out today that it will take approximately \$100 per year for nuts to keep the new Farwell citizens happy, and contributions are being asked from local people. Money may be left in Jones' office at the courthouse.

Quarters for the newcomers were erected on the plentiful supply of trees around the courthouse square by Jones, John Aldridge, and Noble Goldsmith, and spectators reported on Wednesday that the squirrels appeared quite happy with the change.

Thanksgiving Showing Arranged By Border

Special Thanksgiving showing of "When The Redskins Rode", starring Jon Hall, will be presented tomorrow (Thursday) afternoon by the Border Theatre.

Scott Levins, owner, asked showgoers to note that a matinee showing will begin at 2 p. m.

It's Time To Write To Santa Claus

Once again, Christmas is creeping around, and it's time for the kiddies to be thinking about those letters to Santa Claus.

Letters should be addressed to Santa Claus, Care State Line Tribune, Farwell, Texas. All letters will be printed in The Tribune so Santa won't miss a one.

The first letter of the season was received this week from little Anna Lee Thompson, who wants to get her bid in early. Anna Lee writes:

Dear Santa:
This year I am five. I try to be good but it sure is a hard job.

I would like you to bring me a new trike, a desk and a Tiny Tears doll if you have one to spare.

My brother, Pat, is almost three. He sure has a hard time trying to be good, too. He thinks he is a cowboy, so he wants a Springy horse like in Claude's store and some little cowboy guns. He wants a tinkly-tink merry-go-round and a truck—maybe you better make it a kind that'll last at least a week.

I guess you better bring him a desk so he'll let mine alone.

I will put out my bank so you can use the pennies for poor crippled children.

Lots of love,
Anna Lee Thompson.

Happy Cowboys Take Bovina Mustangs Into Corral With 47-0 Victory Friday

The Happy Cowboys wound up at the top of the heap in the 3-B football district last weekend, when they defeated the Bovina Mustangs, 47-0.

The Mustangs, playing their first season of eleven-man ball, put up a battle for the game, but Happy just plainly had the stuff to take the match—and did.

The Mustangs kicked off. Sims received on the 40 and carried to the 50 where he was met by Venable. On the first play Isham dropped Sims for a 3-yard loss. Selvidge carried for 2, hit by Verner, who was hurt on the play and left the game. Sims took the pigskin for 60 yards and the first touchdown of the game behind good blocking. The conversion try was no good. Score, 6-0.

Selvidge booted for the Cowboys to the 15, where Hromas made his way back to the 30. Ware hit the line for no gain; Hromas attempted to pass but was trapped for a minus 10; then kicked, the ball going dead on the Happy 45. Happy was penalized 5 yards for illegal substitution. Sims made his way to the 44, stopped by Ellison; Greenfield made a first on the 36; Sims took the ball, not to be stopped, and scored on a beautiful 36-yard run. Selvidge's kick was good and Happy led, 13-0.

Selvidge kicked to the 10 and Hromas returned to the 32. Ellison made 14 yards to the 46; Ware carried on down to the 33; Ware got a short 3-yard gain; Ellison doing likewise on the next play. Ware made 1 off left tackle, Hromas' pass to Pounds was incomplete and the ball went over on the 29. Selvidge galloped 71 yards for the third counter, with the kick being no good. Score, 19-0.

Pounds received on the 36, making his way to the 40. Two backfield in motion fines cost the Mustangs valuable yardage. Hromas' aerial to Pounds was no good. Hromas chose to kick and booted out of bounds on the 48. Selvidge made 6 before hit by Isham; then bullied his way to the 34. Greenfield lost 3 as Walling got in to nail him, and a penalty set Happy back to the 46. Greenfield's pass to Selvidge got only four; Sel-

vidge hit the left side of the line for the same amount; then found an opening and was off to the picnic grounds. In turn his conversion was good and Happy led, 26-0.

Selvidge kicked into the end zone and the Mustangs took over on the 20. Hromas passed to Ellison for 1; Ware tried left end for a two-yard loss; Ellison lost 3 at right tackle and Hromas kicked downfield to the 15. Barrett got three, Bovina drew a 5-yard fine and then another. Barrett made 5; Greenfield passed to Boone to the 19, then fired to Todd for an incompleteness, with the ball going over.

Ware made no gain at the middle, Happy had too many players on the field and was penalized 15. Hromas to Pounds was no good. Ware drove for a scant yard, Hromas to Ware was incomplete and Happy took over. Sims made 3, Selvidge added 1, then tried again for 2 as the half ended.

Second Half

Happy kicked off, Pounds receiving on the 25 and gaining to the 31. Hromas' pass to Ellison was no good. Ellison made a first on the 41, a pass try to Ware was incomplete, and a second aerial missed Pounds. Hromas finally hit Ellison for a gain of 9. Ellison found no hole for a 2-yard deficit and the ball went over.

Selvidge made 3 around end, Sims got all the way to the 35, but a clipping penalty cost the Cowboys 15. Barrett drove to the 20; Todd hit the line for no gain, Greenfield lost 1; Sims then made four and hit again for nothing, with the ball changing hands.

In the air, Hromas to Ware was no good; Ware made 3 over left tackle; an illegal pass cost 5; Hromas kicked to Selvidge on the 30, and he gained 10. Sims carried for 9 around left end; then made about a foot, a penalty cost 5. Greenfield's pass to Boone was no good. Selvidge hit the line for nothing and Bovina was in possession.

Hromas tried a pass to Ware, incomplete, then made 3 on a bootleg. Trying Ware again, the pass was no good, and Hromas booted to Sel-

vidge, who received on the 10 and came back to the 36. Selvidge then plunged all the way to the Mustang 15, and carrying again, scored. His kick was good. Score, 33-0.

Dr. Moore, a bone specialist of Amarillo, came to Friona and operated Saturday afternoon at four o'clock. Charles was on the operating table about two hours. They had to stretch the bone out and wire the piece in place. Charles was reported to be resting as well as could be expected Monday but he will have to remain in the hospital for some time.

The Bible tells us that God is the God of Peace, that Christ is the Prince of Peace; that the gospel is the gospel of peace; that the people of God have been called unto peace; that Christians are to follow peace with all men; and that we are to pray for all who are in authority, "that we may lead a quiet and peaceable life in all godliness and honesty."

It is no wonder, then, that Paul urged: "Let us follow after the things which make for peace, and things wherewith one may edify one another." Rom. 14:19.

Motor Vehicle Law Protects Autoist Wherever He Drives

AUSTIN.—Texas motorists who become involved in traffic accidents in other states and motorists from other states who are involved in accidents in Texas are most likely to find that the long arm of the new Motor Vehicle Safety Responsibility Law has followed them right to the scene of their misfortune, Public Safety Director Homer Garrison Jr., pointed out today.

As explained by Director Garrison, here is how it will operate when the law become effective in Texas on January 1.

Assume that a Texas motorist is driving his automobile in another state having a similar security type safety responsibility law and is involved in an accident that results in death or injury to a person or property damage to any one person in excess of \$100. He will be required,

under the laws of that state, to furnish proof of his ability to meet damage claims either through insurance or by depositing sufficient security to cover the apparent damage he caused.

Should the Texas motorist fail to do this, the authorities of the other state will suspend his privileges to own or operate a motor vehicle in that state and will send a certified copy of its suspension order to the Texas Department of Public Safety. If the circumstances in the other state would have resulted in suspension in Texas, his motoring privileges will also be suspended in Texas. They will remain suspended until he has satisfied the law of the other state to the same extent that he would be required to satisfy the Texas law.

In the same manner, the new Texas law applies to non-resident motorists who are involved in accidents in this state, resulting in death or injury to a person, or property damage to any one person in excess of \$100. Non-residents who fail to meet the requirements of the Texas law will have their privileges suspended in this state and also in their home state if the circumstances would have called for

similar action there.

"When you understand that 10 per cent of the traffic accidents in most states are caused by out-of-state drivers," Director Garrison said, "you will appreciate the importance of this provision in our law. It means that a visiting motorist will no longer be able to skip out of responsibility for his damages by crossing the state line. If he does, he will find the administrator of his own state's safety responsibility law waiting for him with a suspension order. I think this alone will do much to promote greater safety on our highways."

Since 34 other states have enacted safety responsibility laws similar to the one that soon will become effective in Texas, the area where motorists are not subject to these modern statutes has been considerably narrowed. While the safety responsibility law in a few of these states does not include this reciprocal provision, they are rapidly adding it. In addition, traffic accident experts predict that most of the 13 states that have failed to enact these statutes will do so within the next two years.

Let us give thanks!

Dear Lord, how can we thank Thee half enough
For all Thy gifts to us this fruitful year!
For spring's bright promise gloriously fulfilled
This harvest-time; for these that are more dear
Than bread assured: all the sweet joys of life—
Home, work, love, friends—that gild the passing days;
And children's laughter on the evening air—
For all, dear Lord, we give Thee grateful praise.

But most of all, O God, we thank Thee for
Our cherished heritage of freedom. Here
Where men walk safely, surely; speak and pray
As each one wills, and freely, without fear,
Lord make us strong to hold and spread this boon!
From our abundance help the weak to raise
Their hearts and come to share our brotherhood,
And join with us in songs of thanks and praise!

CONSERVATION NEWS

CONTOUR DITCHES USED

T. E. Lovett, eight miles northwest of Friona, and C. M. Huggins, eight miles north of Farwell, have had a system of contour ditch lines laid out for watering wheat. Contour ditches are used to irrigate wheat and other close-growing drilled crops or slopes of one percent or less. Farmers who intend to irrigate drilled crops may consider these points in locating contour ditches:

1. Ditches should be spaced so as to give and maintain control of water. If you start to water and find you have too few ditches, it is a hard job to go through muddy areas to make additional ditches.
2. Fall along the ditch should be very slight in order to provide sections of slow moving water.
3. Syphons should be used to remove water from the ditch so as to prevent cutting the banks.
4. The ditch should be designed to keep the water moving at a set rate, so as to prevent scouring on steep sections and depositing of silt in flat parts.

Another good way for watering wheat is the border system. Slopes of one and one-half percent usually wash, rill or scour if the border system is used.

MACHINERY AVAILABLE

The Parmer County SCD has equipment available to all farmers in the county. This includes five land planes, two grass drills, a legume seeder and a carryall. A slight fee is charged for the use of this machinery. This is used for maintenance. Farmers interested should see H. T. Reynolds, Clyde Sherrieb, A. L. Black, Henry Ivy or O. T. Jones.

NEW COOPERATORS

New district cooperators this week include Dave Carson, C. C. Rucker, and S. C. Motley.

Motley comes from near Lamesa. He says that many farmers in that area have had good luck with deep plowing but many are weeping bitter tears. Sometimes the soil which is turned up is worse than that which is turned under. Most soils in Parmer County are not the kind which benefit from deep plowing. Sweep type plows, chisel plows, tandem discs, one-way plows operated at slow speed, blade type sub-surface tillers and moldboard plows get good results in this area. A deep rooted legume of clover or alfalfa will break plow pans.

Mrs. Roy Lovett To State Meet

Mrs. Roy Lovett will represent the local Baptist Church and the Tierra Blanca District at Waco, this weekend, when state contests for various activities in the church are held.

At the district competition in Tulia the past Thursday evening, Mrs. Lovett was judged first in her group in adult devotional, and on Sunday evening members of her class approved finances to send their delegate to the state meeting, which opens Thanksgiving morning and will conclude on Saturday.

Sandra Brock, participating in intermediate sword drill, also won first in the district in the 13-year-old group, but no arrangements had been made to send her to the state contests.

RA Focus Week Being Held By Baptists

Emphasis on the Royal Ambassador program in the Baptist church is being carried out this week by local Baptists, with the week-long program being listed as "RA Focus Week."

At the morning worship services at the church, Sunday, the boys sat in a body and sang "The King's Business," official RA song. On Monday evening, they were entertained with a weiner roast; Tuesday evening they met at the church in regular session to do work on a chapter room; and on Wednesday night had charge of the regular prayer services of the church.

Teachers of the group are Mrs. H. T. Magness and Mrs. Sloan Osborn, and some 15 are enrolled.

Fire Station Will Be Constructed By City

Unable to secure an acceptable bid, the City of Friona decided to build its own fire station, Mayor Mack Bainum has announced, and construction work is slated to go forward in the near future.

Serving as supervisor will be Mr. Teigel, of Hereford, according to Roy Wilson, city manager, who added "actually, we will do the building ourselves."

The new station, located on the corner just north of the city park on Main Street, is to be a 30x22 foot building, complete with overhead doors, cement floor, and exterior construction of brick and haydite block.

Later on, the building will get an addition to house the city offices, Wilson added.

Few City Sewerage Hookups Are Made

Only a few city sewerage hookups have been authorized in recent weeks, according to an announcement made on Monday by Roy Wilson, manager of the local city office.

Wilson reported that at present, 216 connections have been made over the city, as compared to a minimum of a least 400 expected when the city is covered. Practically all businesses in town which use water to any extent have been connected with the system, while only a scattering thus far, of residences, have been connected.

Buske, Shaffer Are Re-Elected To Board

G. B. Buske and J. L. Shaffer, both of whose terms were expiring recently, were re-elected as members of the board of directors of the Parmer County Community Hospital, the past Wednesday evening, when the annual membership meeting was held in Friona.

Mrs. T. W. Whigham, president of the Northwest Texas conference of W.S.C.S., is to be the guest speaker at the round-up luncheon next Tuesday, and a good attendance is being sought.

FRIONA CHIEFS AND GUESTS HONORED SATURDAY AT ANNUAL FOOTBALL FEED

The Friona Chieftains, who have just concluded a highly successful football season, and their special guests were honored on Saturday night when members of the Chiefs Mothers Club entertained with the annual football banquet.

Held in the Legion Hall, the affair was real football stuff, with gear used by the boys featuring the table decorations. Shoulder pads surrounded flower vases holding red and white carnations, helmets were also flower containers, and shoes contained potted ivy. Red and white, the school colors, predominated in the decorating scheme.

Tables were arranged to form an "F", with individual corsages being laid for the girls and boutennieres on hand for the Chiefs. The menu featured "personal fowl" with "penalty dressing".

The program was divided into four quarters. Frank Reed served as toastmaster, first presenting Dilly Kelly, who offered the invocation, and then introducing "Working Squaw" Mrs. Glenn Reeve, who extended the welcome. The response came from Big Brave Jay Cobb and the group joined in singing the school song.

Cheerleaders Glenna Pope, Sherlev Fields, Roberta Reed and Donna Miller conducted the group war-hoop; with the Big Chief quartet, composed of Earl Hise, Cecil Robinson, Dalton Caffey and Raymond Cook offering a number.

This concluded the first half of the game, and the group enjoyed the breather by dining royally.

"Signals of the Year" opened the third quarter, with Chief Raymond Cook introducing his players and giving brief data on each. The boys in turn presented their dates of the evening. The "Peace Treaty", given by Medicine Man Gene Tyer, assistant coach, concluded the period.

"Welcome to Papoose Queen Mary Bell" honored Mary Bell McLaughlin, crowned football sweetheart at the Bovina-Friona game, and the queen was presented a miniature papoose by Mrs. Reeve.

The group then joined in singing "Let Me Call You Sweetheart." Queen Mary Bell responded and the benediction was pronounced by Supt. Caffey.

Attending the affair were David Patterson, Oleta Lloyd, Gene Watson, Marv Haws, Darrell Robbins, Carmel Fields, D. O. Robason, Betty Ashcraft Frank Reed, Donna Miller, Frankie Allen, Patty Gosner, Ross Miller, Lamona Neff, Max Cruise, Clara Gosner, Ben Jordan, Roberta Reed, Jay Cobb, Pat Hamby, Glenn Evan Reeve, Mary Bell McLaughlin, Virgil Phipps, Betty Rhodes, Walter Haws, Beverly Sue Jones;

MILLIONS of people have visited Yellowstone National Park to marvel at the Wonders of Nature, to stand in awe before the mysterious work of God. Forests and lakes and waterfalls and steaming pools of varied color and geysers almost without number! *Who can walk or ride through this magic land without worshipping the Maker of it all?*

For most of us, *Old Faithful* takes the place of central interest. As regularly as sunrise and sunset, this magnificent geyser throws its shaft of spray into the sky. Ask the attendant when next the geyser will perform; then go about your sightseeing for the next hour; you will not miss its appearance if you are on hand at the fixed moment. That regularity has not changed through the centuries. *In the midst of change and circumstance there is something that is regular and dependable. What has Old Faithful said to you?*

God is as dependable as that; He is from everlasting to everlasting. Women and men may fail us, but we can be sure of the continuing love and goodness of our God. Paul reminds us in the first chapters of Romans that even man's unfaithfulness does not change God's abiding faithfulness. Jesus makes it very clear that the Father sends His sunshine and His showers even if we are ungrateful and evil. *Aren't you glad that God, like Old Faithful in Yellowstone, keeps doing His job in fidelity and goodwill, however unworthy we may be?*

TRUE LOVE is like Old Faithful; "many water cannot quench love"; it grows the more strong with testing. Never doubt the woman or the man who truly loves you. *Mother-love and father-love, every true and unselfish love, means a continual and beautiful faithfulness in which you may rest. Thank God for love. Thank God for Old Faithful.*
