

POWER, RAIL OUTLETS BLOCKED

Reds Put Squeeze On Allies In Berlin

BERLIN, June 24 (AP)—The Russians cut off electric power to the American, British and French sectors of Berlin today after halting all rail food shipments to the city from Western Germany overnight.

The power first was reported off in Zehlendorf, a Berlin district where many U. S. Army installations and billets are situated.

Soviets May Form Complete German Regime

Government Would Ignore Any Partition

WARSAW, June 24 (AP)—The foreign ministers of Russia and seven satellite countries were reliably reported today to be putting the finishing touches to plans to set up a separate government in Eastern Germany.

TIDE FOR DEWEY SWELLS HIGHER

Lacks Only 31 Votes On 2nd Try

CONVENTION HALL, Philadelphia, June 24 (AP)—Gov. Thomas E. Dewey picked up 83 votes by unofficial tabulations, on the second Republican presidential nominating roll call. This took him to 517 or 31 short of the 548 needed to nominate.

PHILADELPHIA, June 24 (AP)—The tide for Gov. Thomas E. Dewey, already swirling the Republican presidential nomination close to his grasp, swelled higher today.

Republicans will carry border states in the fall elections. Even after Hallanan's move—which was not unexpected—the anti-Dewey forces were talking bravely, but Saltonstall's move was a heavy blow.

Irgun Goes Underground, Israel Crisis In Making

TEL AVIV, Israel, June 24 (AP)—Irgun Zvai Leumi went back underground today following its bloody break with Haganah.

Deadline Is Fixed On Coal Contract Talks

WASHINGTON, June 24 (AP)—The government fixed a later afternoon deadline today for John L. Lewis and soft coal operators to reach a peace pact.

Flood Forces Evacuations In Oklahoma

OKLAHOMA CITY, June 24 (AP)—Highway patrolmen working against the crest deadline of the rampaging Canadian river, early today evacuated the 300 persons in the eastern Oklahoma farm community of Whitefield.

In Jerusalem a local Irgun leader called on Jews in the holy city to overthrow the Israeli government. In Paris, a statement was issued in the name of Irgun, charging the Israeli government with "pursuing a policy of surrender."

NO POSTPONEMENT SEEN FOR FIGHT

NEW YORK, June 24 (AP)—A bright sun burned its way through a heavy morning overcast today and indications were that the Joe Louis-Jersey Joe Walcott fight would go as scheduled at 8 p. m. CST.

IN NORTH DAKOTA

Vote To Settle Church-State School Debate

BISMARCK, N. D., June 24 (AP)—North Dakota will vote next week on a question which has cut the state quietly and deeply—whether Catholic nuns shall be permitted to continue teaching in public schools.

CONCRETE ACTION POSSIBLE

Crucial Colorado Water Meet May Be Called During August

A fourth, and perhaps crucial, meeting of the Colorado River Municipal Water association, may be called during August.

Big Spring and Odessa, are of the opinion the project now appears feasible enough to warrant preliminary steps toward creation of a water district with powers to contract.

Persons in that town were more fortunate than those in other sections of Oklahoma, where nine have been found drowned and 3,000 others made homeless.

Disorders shook Tel Aviv again yesterday during a funeral procession for Irgunists killed in Tuesday's battle with government troops on the Tel Aviv beachhead.

Wallace Says GOP, Demos One Party

NEW YORK, June 24 (AP)—Henry A. Wallace said today the Republican Party's new platform signals "the formal end of the now outmoded division between the Republican and Democratic Parties."

City To Submit Bids On Surplus

The City of Big Spring will submit bids on all electrical installations and waterworks materials at the former Army Air Field here, City Manager H. W. Whitney said this morning.

The measure was placed on the June 29 primary election ballot under North Dakota's initiative law, which permits the people to act as a legislature. It was placed there after failure of efforts to get the 1947 legislature to pass such a law.

Studies have been underway for two years on the proposed project.

Johnson Raises Labor Question

ATHENS, Tex., June 24 (AP)—Lynndon Johnson today called upon every laboring man to write his AFL-endorsed opponent in the Senate race and "ask him to tell you where he stands on the Taft-Hartley Law."

Johnson called the endorsement "an act of desperation promoted by a frightened candidate in an effort to save his faltering campaign."

Arrowhead Ranch Is Sold For Two Million

MCALLEN, June 24 (AP)—The 57,000-acre Arrowhead Ranch in Hidalgo and Starr Counties has a new owner. He is T. W. Lee, a rancher and oilman from Gladeview. He bought the property for approximately \$2 million from Elmer C. Bentzen and Lloyd M. Bentzen, Sr., of McAllen and Mission.

Draft Bill Now On Truman's Desk

WASHINGTON, June 24 (AP)—The draft bill has finally reached President Truman's desk. He has until midnight of July 5 to sign it.

Sponsored by a group of Protestants, largely clergymen, the measure would prohibit public school teachers from wearing any garb denoting religious order.

Water Output Record Set

Previous city water production records toppled Wednesday when no less than 4,941,000 gallons coursed through the distribution system, City Manager H. W. Whitney reports this morning.

He added: "I think the laboring men should ask their leaders to tell them openly why they wanted the unions to break a 50-year-old precedent and endorse a faltering candidate who did not have the courage to sign or veto the state's most vicious anti-labor law when he was governor."

Approval is regarded as certain, since Mr. Truman himself asked congress to revive selective service.

Announcement of the excommunication, the reports said, came in the form of publication of an article in the code of canon law providing such action, "a priori," against persons "passing laws, decrees or resolutions against the liberty and rights of the Holy Mother Church."

The company has applied for permission to operate a stratovision plane over Pittsburgh to rebroadcast television to the surrounding area. Westinghouse officials say such a flying television station could reach 250 miles in every direction from Pittsburgh, compared with the normal range of 35 to 50 miles for a ground station.

Only FCC Approval Needed

STRATOVISION PLAN MAY SPEED RANGE OF TELEVISION STATION

ZANESVILLE, O., June 24 (AP)—The Westinghouse Electric Corp. has announced plans to make regular use of its stratovision method of spreading television over wide areas if the Federal Communications Commission gives its approval.

stratovision here last night. Ordinary home receivers brought in a telecast of the Republican national convention in Philadelphia. A stratovision plane flying nearly five miles above Pittsburgh picked up telecasts of the convention by station WMAR-TV in Baltimore and rebroadcast them. Reception here was from the plane's rebroadcast.

Union Hiring Hall Outlawed

WASHINGTON, June 24 (AP)—A National Labor Relations Board trial examiner held today that the CIO National Maritime Union and its officials violated the Taft-Hartley law by insisting on retaining union hiring halls under Great Lakes shipping contracts.

Greek Army Rains Firebombs On Desperate Rebel Forces

SECOND ARMY CORPS HEADQUARTERS, KOZANE, Greece, June 24 (AP)—The Greek Army rained 500-pound firebombs today on Communist rebels fighting desperately to defend the eastern bank of their Grammos Mountain stronghold.

Such a juncture would close the rebel escape route north to Albania.

Hungarians Are Excommunicated

VATICAN CITY, June 24 (AP)—Reports reached the Vatican today that Josef Cardinal Mindszenty, primate of Hungary, has excommunicated the members of the Hungarian government and parliament who on June 16 nationalized Hungary's Catholic schools.

**Lion Wants Milk**

MOSCOW—There's a lion cub at the Moscow zoo who prefers milk to raw meat. The sickly cub was taken home by the manager of the "Beasts of Prey" section. It has now regained its

health. At first, it was fed from a baby's bottle. Then it was given meat. It still prefers milk to meat. "If one takes his meat away he does not appear to mind, but if you remove his bottle and nipple he gets angry," the manager says.

**Weigh Hand Waves**

RAHWAY, N. J. (AP)—The puff of air from a single wave of the hand can be weighed on a new kind of scales developed here at the Merck Institute for Therapeutic Research. The scales are used to weigh po-

tent new drugs, and to weigh the energy spent by animals under the influence of medicinal drugs. They can be used in the ordinary way, but take ten seconds to come to rest. This weighing time is cut to a fraction of a second by a new device. A beam of light catches

the first downward motion of the loaded tray. The light is changed by a photocell into electricity and a calculator calculates the weight. In testing medicines on animals, in the past it has been the rule to record the activity that can be

picked up from movement of a cage hung on springs. The new scales will substitute for the springs, and weigh each movement of an animal cage. They are expected to weigh the amount of energy in each move.

**Vets 'United'**

## RUPTURE

Rupture Appliance Specialist, HARRY G. HIGGINS, of Minneapolis, Minn., will give a free demonstration of his "Guaranteed Rupture Shield" for men, women and children, in Big Spring, Texas, at Hotel Crawford, on Monday, June 28th from 9 A. M. to 3 P. M. or the evening before, after 7 P. M.

I have fitted hundreds of satisfied customers in the middlewest and southwest, during the past many years.

DO NOT EXPERIMENT LONGER: If neglected, rupture may cause gas pains, backache, weakness, nervousness and general "rundown" condition. Special attention is given to persons having ruptures recurring after surgical operations or injection treatments. If you want the complete relief you can obtain, come in for free demonstration, or if you are unable to see me at this time, write to:

HARRY G. HIGGINS  
Rupture Appliance Specialist  
325 S. 5th St. Minneapolis 1, Minn.

Members of the house party included Mrs. Bernard Lamun Mrs. Elmo Birkhead of Midland, Mrs. Charles Watson, Mrs. Norman Read, Mrs. Roy Reeder, Mrs. Frank Smith of Odessa, Mrs. Frank Powell, Mrs. Joe Pickle, Mrs. Wofford Hardy, Mrs. Earl Corder, Billie Jean Younger, Dorothy Satterwhite, Beverly Stulting, Patsy Ann Tompkins, Patsy Sue McDaniel, Sue Wise and Helon Blount.

Guests were received by Mrs. John Davis, the bride-elect. Mary Louise Davis and Mrs. C. W. Deats. Mrs. Davis was attired in a white net formal, the bodice of which was studded with sequins and had full skirt. She wore a glabella corsage. Miss Davis wore a white eyelet pique formal which was styled with square neckline and fitted bodice. The skirt was full with a short ruffle at the bottom. Her corsage was of red roses.

Mrs. Deats was dressed in peach crepe formal and her corsage was of vanda orchids.

Miss Younger and Miss Wise registered guests at a table decorated with an arrangement of orchids. The orchids formed the body part of a butterfly with the other parts of the butterfly made from maline.

The refreshment table was covered with a varicolored satin cloth with wide satin streamers. A full white net skirt was around the table. A garland of fern was swagged around the edges and were caught at the table by maline

bows. Silver bells were at one side of the table cover.

The floral arrangement for the table was composed of pastel tone Ester Reeds, clematis, white iris and maroon daisies. White tapers filled the double crystal holders which matched the crystal service. A similar flower arrangement was on the buffet.

Large baskets of gladioli, roses and other flowers decorated the party rooms. Other flower arrangements were on the mantle and tables in the receiving room.

Ribbon tied scrolls inscribed with "Mary and Wesley, August 21" announced the engagement and wedding date.

The wedding vows will be exchanged in a formal service in the First Methodist church with the Rev. Alsie Carleton, pastor, officiating.

Miss Davis graduated from Big Spring high school where she was a member of the Sub-Deb club and Worthy Advisor of the Rainbow girls. For the past year, since graduation, she has attended Hockaday Junior college in Dallas where she was a member of the Art Club.

Deats graduated from Big Spring high school attended the Howard County Junior College, where he was a favorite. He is now attending Methodist University. He was also enrolled in Yale University in V-12 during his 27 months spent in the Marine Corps.

Approximately 130 guests called during the afternoon.

Mrs. Joe B. Hill Has Entertainment For Class

Mrs. Joe B. Hill entertained members of Miss Willie Mae Witt's Sunday school class of the Main Street Church of God Tuesday evening in her home.

The devotional for the evening was "Our Treasurers."

Refreshments were served to Jo Ann Hickson, Melba Dean Jenkins, Jo Nell Hodnett, Alene Rogers, Mary Beth Davis, Harm Glover, Anna Belle Boutwell, Gelece Osborn and Mrs. Joe B. Hill.

Japanese Souvenirs Will Be Displayed

## More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, sticky taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

# Lifebuoy with its Purifying Ingredient GETS SKIN CLEANER STOPS "B.O." as no other leading soap can!

Plenty of friends, plenty of fun—for you... if you're always nice to have around! Smart people take special care against "B.O." in summer. A refreshing Lifebuoy bath each day stops "B.O."... gives you top protection—24 hours a day.

## DOCTORS PROVED with 820 scientific tests the truth of this amazing statement...

The cleaner you get your skin, the doctors found, the safer you are from "B.O." (body odor). Any soap will remove all the grime and perspiration you can see—yet leave "invisible dirt" on your skin to form a foothold for "B.O."!

Doctors compared the effects of daily baths with different soaps. The results are amazing! When you bathe with any other leading soap, you are simply not as clean, not as safe from "B.O." as you are when you bathe with Lifebuoy. After 820 scientific tests doctors say Lifebuoy's purifying ingredient makes the difference! And it is this same purifying ingredient that makes Lifebuoy so mild.

Use Lifebuoy daily. It is made from a special oil blend that gives you such an abundant, refreshing lather. Remember: Lifebuoy gives you cleaner skin... stops "B.O." as no other leading soap can!

# Margaret Brown And Jack Murdock Are United In Marriage Wednesday

In the First Christian church at half after eight o'clock Wednesday evening an informal double ring ceremony solemnized by Maj. L. W. Canning of Clearwater Fla., united in marriage Margaret Eileen Brown and Jack Hayden Murdock.

Vows were repeated before an archway of fern against a background of lighted tapers. Bouquets of white gladioli stood on either side of the altar. Louise O'Daniel and Mrs. H. M. Battenfield of Clovis, N. M., lighted candles.

Attending the bride were a sister, Mrs. N. C. Petty, as matron of honor, and Beth Phillips as maid of honor. Carrying colonial bouquets, Mrs. Petty wore a street-length frock in aqua and Miss Phillips was attired in an orchid dress.

Tabor Rowe served as best man and C. A. Murdock, Jr., brother of the bridegroom, acted as groomsmen. Ushers were C. G. Griffin and Paul Ricker.

Mrs. Winston Canning of San Angelo, soloist sang "Because" and "O Promise Me" as pre-nuptial selections. Accompanying at the organ, Lillian Hurt played "One Alone," "Indian Love Call," "Chopins," "Prelude" and "To A Wild Rose" immediately before the ceremony. During the rites, Miss Hurt played "Oh Perfect Love."

The bride, daughter of Mrs. T. J. Brown and the late T. J. Brown, was given in marriage by her brother-in-law, Robert Merrick. For her wedding the bride had selected a street-length white eyelet pique frock with low cut neckline and three-quarter length sleeves. A shoulder veil fell from a coronet of shattered white carnations. She carried a white Bible on which rested an orchid. In carrying out the bride's tradition an old English coin in her shoe symbolized something old; a string of pearls given her by the bridegroom was something new; something borrowed was a watch from her sister, Mrs. Robert Merrick; she wore blue perfume.

Murdock is the son of Mr. and Mrs. C. A. Murdock, Sr.

Complimenting the newlyweds, Mr. and Mrs. Harold Canning hosted a reception after the ceremony at their home, 1307 Wood street. Receiving guests were the bride and bridegroom, Mrs. C. A. Murdock, Sr., Mrs. T. J. Brown, Mrs. N. C. Petty and Beth Phillips.

Bouquets of the bride's attendants were placed on the registry table, where Elizabeth Edwards presided.

The bride's table, skirted in lace, featured an arrangement of pastel-

hued sweetpeas surrounding five lighted pink tapers in graduated heights. Serving the three tiered traditional wedding cake was Mrs. C. A. Murdock, Jr. Mrs. Robert Merrick was at the punch service. Over 100 guests attended.

Leaving for a wedding trip to Colorado Springs, Colo., immediately after the reception, Mrs. Murdock was attired in a dark green linen suit with white collar and cuffs. Accessories were white and she wore an orchid corsage.

The bride graduated from Garner High school and attended Texas Technological college. She is a member of the Beta Sigma Phi sorority and is employed by the Westex Oil company. Murdock a graduate of Big Spring High school, attended Texas A & M and Kansas university. He served with the Army three years and is now associated with the West Texas Sand and Gravel company.

Upon their return, Mr. and Mrs. Murdock will be at home at 600 Alyford street.

Mr. and Mrs. C. A. Murdock, Sr., entertained with the rehearsal dinner Tuesday evening in Room One at the Settles hotel.

Attending were the bride and bridegroom, Mr. and Mrs. C. A. Murdock, Jr., Mrs. N. C. Petty, Beth Phillips, Maj. L. W. Canning, Mr. and Mrs. Robert Merrick, Mrs. Harold Canning, Tabor Rowe, C. G. Griffin, Louise O'Daniel, Mr. and Mrs. H. N. Battenfield and Paul Ricker.

# Pilgrimage Of Gardens Is Staged Wednesday

A garden pilgrimage was held by members of the Big Spring Garden club Wednesday morning.

The group assembled in the garden of Mrs. Eva Pyeatt for a coke party and to begin the pilgrimage. This garden had as its outstanding feature a large lawn with different types of trees.

At the J. Y. Robb home Arizona cypress, Italian cypress, shasta daisies and crepe myrtle were points of interest.

The new home of the Larson Lloyds showed what could be accomplished with a yard in a year. It featured perennial phlox, snapdragon, carnations, day lilies, verbena, sweet peas, roses and petunias.

The vegetable garden of Mr. and Mrs. Roy Townsend was the third stop of the pilgrimage. Tomatoes, beans, peas, cucumbers and squash were found in this garden.

The E. R. Cravens home featured a cape cod fence surrounding a flower garden of dillards, salvia, Indian blanket and other flowers. Tall evergreens surrounded the garden.

Nat Shick's hobby yard was the last stop of the pilgrimage. This yard features flowers, but is especially noted for the carvings. Among these are birds, dogs, and even a giraffe. There is also a covered wagon, a well, fish pond and all sorts of other things one could think of. All surrounded by a zig-zag rail fence.

Refreshments were also served at the Roy Townsend and Nat Shick homes.

Those attending the pilgrimage were Mrs. J. E. Hogan, Mrs. O. M. Waters, Mrs. John Coffee, Mrs. Shine Phillips, Mrs. S. R. Nobles, Mrs. Preston R. Sanders, Mrs. Albert Smith, Mrs. Frank O. Crume, Mrs. John Ratliff, Mrs. N. W. McCleskey, Mrs. J. Gordon Bristow, Mrs. Robert T. Piner, Mrs. Otis Grafe, Mrs. C. L. Roden, Mrs. Royce E. **EAT PLENTY AND TAKE OFF UGLY FAT**

Many people have reported amazing results with this home recipe. It's easy to trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Burrows' Tablets. Four this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose belly fat and help regain slender, more graceful curves; if noticeable pounds slip from off excess fat don't just seem to disappear almost like magic from neck, chin, hips, waist, abdomen, etc., refuse and ask for, but return the empty bottle for your money back.

**Lost 47 Pounds**

"When I commenced to take Burrows' Tablets I weighed 111 pounds. I now weigh 64. I lost 47 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Burrows' Tablets."—Mrs. George Greig, Chalmers Courts 4, Apt. 1, Austin, Texas.

## Truman Signs Bill To Up Navy, Marines

WASHINGTON, June 24. (AP)—President Truman today signed into law a bill carrying \$3,749,059,250 (B) to maintain and expand the Navy and Marine Corps during the year starting July 1.

The measure includes funds with which to start construction of a 65,000-ton aircraft carrier that will cost an estimated \$127 million. It will be the largest of its kind afloat.

## STHA Membership Drive Progressing

The membership drive for the Southern Town Hall Association is progressing rapidly, according to Miss Lucille Wall, representative of the Association from Dallas.

The drive which was launched from a breakfast on Tuesday morning is going at a rapid pace and is expected to reach the minimum requirement by the week's end.

The minimum requirement of dual memberships has been set for 200 and if this number is not reached all money will be refunded and there will be no programs.

The campaign leaders express hope that many more memberships than this will be solicited.

All those persons who have not been contacted and would like to see the programs here and in surrounding towns may pick up the membership cards at the Chamber of Commerce from Mrs. Joe Jaegers, or at the Herald Office from Leatrice Ross or Billie Burrell. Dual memberships may be had for \$10.00, single memberships for \$6.00 and student tickets, for \$3.50. This entitles the holder to see four performances in Big Spring and any others in Odessa, Midland, Lamesa and Colorado City.

The committee has selected for programs in Big Spring this season, which begins in October and ends in April, a lecturer, Ruth Bryan Owen, a character imitator, Virginia Sale, the Chicago opera ballet and the Knickerbocker quartet.

Members of the Big Spring Federation of Women's Clubs and the 20-30 Club are sponsoring this drive in Big Spring.

All programs will be held in the Municipal Auditorium.

# Women Have Spotlight At Republican Meeting

By CYNTHIA LOWRY

PHILADELPHIA, June 23. (AP)—Hundreds and hundreds of women are working like beavers around the clock at this Republican convention.

A few, like former Congresswoman Clare Boothe Luce, Reps. Frances P. Bolton of Ohio and Katharine St. George of New York, have formally addressed the assembled delegates. They are the bright stars in the party firmament.

There are 113 women delegates this year and 250 alternates. They attend delegation meetings and, when their political affections are pledged, are busy buttonholing prospects and selling their favorite candidates. Politicking is their fun and their job.

There is the multitude of national committeewomen—one from each state. These women have important voices in policy and politics. The convention is the national committee's show.

Mrs. Dudley Hay, Michigan committeewoman, is its secretary, right up there on the platform handling resolutions and generally greasing parliamentary machinery.

These, then, are the women who share in the spotlight and assume the responsibilities. But they represent only a fraction of the women in there pitching. The rest are volunteers, putting in formidable hours on a show for the candidates or acting as a giant hostess team for all the visiting delegates.

The theory about having women

prominently around campaign headquarters is two-fold.

First, politicians are aware that in numbers women hold a potential majority of votes. Hence developing a "women's angle" is important.

Secondly, men even when concerned with politics don't run away from pretty girls. There are lots of pretty ones around. They distribute buttons, pass out literature, dole out information, act as hostesses and listen pleasantly to visitors' complaints and gossip.

The big Dewey headquarters with 400 women volunteers is completely a distaff responsibility. The women in charge have dreamed up all manner of lures to attract the footloose convention-goer—including the something-for-nothing attraction.

Women dispense free coffee and tomato juice in the morning and free cold soft drinks most of the day. They give visitors shopping bags—advertising a certain candidate—and fill it with such assorted items as paper cigarette holders, fans, emery boards and other souvenirs. Every 20th visitor is given a better gift like nylon, a slip or cosmetics.

Stassen headquarters, while not completely feminine in its administration, has lots of gay young things, prettily dressed, passing out helpful suggestions, persuasive literature, buttons, friendly smiles and—early in the convention 900 pounds of cheese, Wisconsin cheese that is.

The Taft headquarters, a few

# Wright Patman Is Mapping Campaign

TEXARKANA, June 24. (AP)—Rep. Wright Patman was back home today mapping plans for his campaign for reelection to the U. S. House of Representatives from the first district of Texas.

He plans to open his campaign July 8 at Mt. Pleasant and then visit 10 counties before the election.

Among his tentative dates are a ground-breaking ceremony July 9 for the Jefferson levee works and another July 22 at the Texarkana dam site on the Sulphur River. On July 1 he will take official part in the deliverance to President E. B. Germany of the title to the Lone Star Steel Company, in behalf of the War Assets Administration.

# Don Clark Hurts Jayhawks To First Half T-C Title

WEIGH-IN FOR TITLE FIGHT — Heavyweight Champion Joe Louis stands on scales as Challenger Jersey Joe Walcott (right) watches during their weigh-in for their title fight in New York City. At left is New York State Boxing Commissioner Eddie Egan. Between Egan and Louis is Leon Swears, N. Y. State Boxing Commissioner. Louis tipped the scales at 213½ pounds while Walcott registered 194½ pounds. (AP Wirephoto).

## LOOKING 'EM OVER

With TOMMY HART

Don't expect too much out of the Big Spring high school football team this fall, but Coach Mule Stockton may come up with a fairly potent club in 1949.

Stockton knew he was heading into heavy weather when he took the job several months ago. He'll have to build his '48 club around Cula Grigby and a flock of Junior high school graduates.

If some of the lads who have eligibility beyond next fall make their grades and stick around for the 1949 season, then Mule may be able to open the eyes of the local sporting gentry.

**FERNANDEZ QUITE A PITCHER IN CUBAN AMATEUR LEAGUE**  
Seven pitchers grace the roster of the Big Spring baseball Broncs: Gerry and Freddy Rodriguez; Jimmy and Pancho Perez, Roland Viadora, Lefty Gumbo Helms and Bert Baez.

In a pinch, Manager Pat Stacey could call on Bobby Fernandez to toe the slab. Bobby is no novice at this pitching business.

A member of a telephone company team in a Havana amateur league last year, Roberto was one of the club's best hurlers as well as the circuit's top hitter. He fashioned ten victories while losing three decisions in 1947.

His mace average was a scintillating .406.

**FRED RODRIGUEZ DUE TO TWIRL AGAIN SATURDAY NIGHT**  
For the information of those who have been making inquiries, Freddy (Trompoloco) Rodriguez, the Bosses' new flinger, is due to work twice in the Big Springers' next home stand, which opens Saturday night.

He is scheduled to start against the Ballinger Cats on Saturday and go to the hill again Thursday, July 1, against Vernon, that is, if he is still erect.

Freddy arrived with a chest cold and it has been getting worse. He was feeling very bad Tuesday night but took the rubber against Midland and managed to chalk up his second win in as many starts.

Incidentally, the brilliant righthander acquired the nickname "Trompoloco" because he throws so many balls.

**MCADEN STILL LOOKING FOR ANOTHER FLINGER**  
Despite the fact that the Broncs have as much pitching depth as any team in the league, General Manager Claud McAden is still trying to get more help.

He talked with Washington farm executives for a long time Tuesday trying to obtain another hurler.

**VERNON TO MAKE ONLY TWO MORE STOPS IN STEER PARK**  
Vernon comes here for three straight series because of a switch in the schedule.

Big Spring was originally supposed to appear there June 18 and 19 but conflict with a civic program caused the two teams to switch operations here. After their next set here, which calls for three games and which ends on Thursday, July 1, the Dusters make only two other appearances here, on Sept. 4 and 5.

**STEINER CHECKS DUTIES AS CACTUS LEAGUE SKIPPER**  
Mel Steiner, the former Big Spring, is stepping down as field pilot of the Bisbee-Douglas club of the Arizona-Texas league to concentrate on his duties as business manager.

**MORENO SLUMPS AT PLATE FOR HAVANA CLUB**  
Orlando Moreno, crackjacker third sacker of the 1947 Big Spring Broncs team, has seen his batting mark slump to .285 after he had gone on a spree to raise it to nearly .300. He's with the Havana Cubans of the Florida International league.

## JayCees Rally In 7th Frame

Stylish Don Clark pitched the Howard County Junior college Jayhawks to a 10-5 victory over the Coahoma Bulldogs in a baseball game at Steer park Wednesday night.

The triumph gave the collegians from Big Spring the first half championship in Tri-County league play. The two teams had been tied for the top spot at the end of the regular schedule.

Clark set the Bulldogs down with only five blows and struck out 17 men to check in with one of his better pitching jobs of the year. He fanned every man in the Coahoma lineup but Earl Reid at least once and got Rube Baker and R. Shive on strikes three times each.

Bill (Windmill) Brown, the Coahoma flinger, pitched creditably but was betrayed by fielding lapses. Bill whiffed 15 and got every man in the HCJC lineup on strikes at least once.

Coahoma took a 3-2 lead in the top half of the seventh only to have the Hawks come back with five tallies in their half of the frame. Three successive errors loaded the bases on Brown and four hits swung the tide.

Donnie Carter drove in four HCJC tallies with a double and a single while Don Henry elicited off three singles.

## Chandler Tames Shippers, 2-0

The elements and a four-hit pitching job by Eddie Chandler gave the Fort Worth Cats a boost in the Texas League race last night.

Rain prevented leading Tulsa and runner-up Houston from playing and Fort Worth made hay by trimming Beaumont 2-0 to advance within a game of second place.

It was the only game of the night to go into the standings.

Dallas and Shreveport played four and one-half innings and took out in the face of a downpour with the score tied 3-3.

Houston at Oklahoma City and San Antonio at Tulsa were postponed.

Tonight the teams change stands with Shreveport at Fort Worth, Beaumont at Dallas, Houston at Tulsa and San Antonio at Oklahoma City.

Elementary schools were founded in England before the Reformation, but received impetus by the founding in 1699 of an organization to promote charity schools for children.

## WHY FEEL OLD AT 40, 60 OR MORE

Why do the wrinkles of the older years? It is the opposite of the skin, you can't see it, but it is there. It is the skin that is old, not you. It is the skin that is old, not you. It is the skin that is old, not you.

## NOW IS THE TIME!

There's no excuse any longer for begging to get work done on your car, or being satisfied with anything less than a top-flight service job. You will find a real difference in the work we do, and you will find it will cost you less in the long run. We have the latest post-war equipment—but we still render service with the old-fashioned smile. Give us a trial the next time your car needs service.

## Grapette Team Seeking Third Victory Friday

Grapette's Bottlers try for their third victory of the Muncy softball league campaign in a game with the Big Spring Vocational school Friday night at the city park. The contest goes on at 9 o'clock.

In the other go, booked for 7:30 p. m., the Ready Mixers clash with McKee's Construction company.

Grapette turned back the T & P Shop team, 10-3, while McKee's was nosed out by the Big Spring Vocational school, 12-11, in the other bout.

Pete Cook and Don Henry hit home runs for the Grapette team. Cotton Mize set the Shop team down with four hits, one of which was a home run off the bat of Jim Tidwell.

McKee's could get only three blows off N. Newton but took full advantage of BSVS errors and bases on balls to make a game of it.

N. Newton tallied what proved to be the winning run in the sixth on a single by J. Murphree.

## Locals Beaten By Midland Tribe, Move On To Ballinger Tonight

Big Spring's baseball Broncs move on to Ballinger today where at 8:15 p. m. they open a two-game set with Bill Atwood's Cats.

Frank (Pancho) Perez, who hurled a shutout against Vernon his last time out, will probably hurl for Big Spring. He'll be seeking his tenth win of the year.

The Steeds return home Saturday night to open a six-game stand. The first three games will be against that same Ballinger troupe.

**MIDLAND, June 24** — Getting to Roland Viadora for six runs in the second inning, the Midland Indians went on to clip the Big Spring Broncs, 7-2, in a Longhorn league bout here Wednesday night.

The victory enabled the Tribe to pull within one game of Big Spring, which is leading the league.

Ralph Blair, on the pitching rubber of Midland, set the Hosbes down with six hits. Joe Arenchiba and Ace Mendez banded out two blows each for Big Spring.

Harvel Jakes hit two round trippers for the Indians, one in the second and another in the eighth,

## MAY GO TONIGHT

# Louis, Walcott Await Skirmish

NEW YORK, June 24. (AP)—Joe Louis and Jersey Joe Walcott fidgeted today while the elements pondered a suitable time for them to settle their dispute over the heavyweight boxing championship of the world.

Falling like needles on the tense atmosphere, a heavy downpour shortly after noon yesterday forced postponement of the 15-round engagement at Yankee Stadium—Louis' 25th title defense and, he says, his last fight.

The contest immediately was rescheduled for tonight at 9 p. m., EST weather permitting.

The weather bureau, in a rut, promised more showers and thunderstorms today and tomorrow. If washed out a second time, the bout will be staged Friday, and so on.

Even the odds seemed to react to the uncertainty of conditions and fluctuated between 5 to 11 and 5 to 13, favoring the champion, in brisk overnight betting activity.

How the two principals, 34-year-old veterans tuned to a sharp fighting edge, and the gate will be affected by the delay remains to be seen.

The Twentieth Century Sporting Club still figured the crowd would be around 55,000 with a gate of approximately \$900,000, exclusive of television and radio receipts.

The two Joes appeared tight-strung at the weigh-in ceremonies. Although they stood so close that at times their muscles almost touched, they didn't speak.

Once the champion, coldly impassive, and the challenger, his ring-marked features determinedly set, swapped glances—just for a moment, then both looked away.

Of the two, Walcott seemed looser and more relaxed despite the champ's reputation for tremendous

calm. Louis lumbered on the scales and weighed 213½, the heaviest ring weight of his career. Walcott registered 194½. They won't have to repeat the act today.

Dr. Vincent Nardiello, New York State Athletic Commission physician, gave the battlers a thorough examination.

Louis is "physically and mentally better" than he was for the first Walcott fight Dec. 5, Nardiello said. On that occasion the Bomber received a split, disputed decision after being banged to the canvas twice.

Walcott's condition, the physician added, is "excellent."

**Teamsters Will Not Back Either Party**

INDIANAPOLIS, June 23. (AP)—The way was open today for both major political parties to seek votes of more than one million members of the AFL International Teamsters Union.

Daniel J. Tobin, president of the union, has said in press conference his teamsters may be forced to scratch their ballots to find desirable candidates next November.

"The workers have lost faith in the leaders of both parties," said the chief of the nation's largest labor union.

Tobin made it clear, however, that he would not support Henry A. Wallace's third party.

"He (Wallace) was a strong labor man when he was in the Roosevelt cabinet, but he's all wet now," Tobin said.

**EDUCATION 24 HOURS A DAY**

**Students Taught While Sleeping**

CHAPEL HILLS, N. C., June 24. (AP)—Sleep influence may have an important place in education tomorrow. University tests suggest it can work.

There have been several efforts to teach during sleep. During World War I some 17 students who had had difficulty learning Morse code while awake learned to send and receive soon after they started sleeping next to a telegraph sounder.

In 1942, Dr. Lawrence Leshan, a psychologist at William and Mary College, used a repeating record in an attempt to make 20 boys stop biting their nails. He reported eight stopped the habit after they had listened to the record for 54 nights.

Now a young graduate student and instructor at the University of North Carolina after two years of experiments in which he found college men's memories were improved after sleep-instruction. In his tests, Elliott used a machine called the cerebrograph, invented by Max Sherover of New York.

The cerebrograph is an automatic phonograph which can repeatedly play special records for selected periods of time.

Elliott put the cerebrograph to work in group tests.

Forty students from Duke University took part in his experiment.

First, all were required to memorize a series of 15 three-letter words from a repeating phonograph record. Some knew the words after 16 repetitions, one after 43. Then 20 students heard 15 new words during sleep. The other 20 men slept undisturbed. After awakening all learned the new words by heart.

Compiled results, Elliott says showed students who heard words subconsciously while asleep learned more rapidly than those who did not. Both groups did better, due probably to previous practice. But the improvements of the sleep-hearers was 40 per cent, against 27 for the others.

An important part of this experiment was the assurance that sleep-learners never knew words were spoken during the night. This complete unconsciousness was accomplished by turning on the cerebrograph only when a brain wave charting apparatus showed them asleep, and also by removing tell-tale equipment from sight before the men awoke.

Both Elliott and U. N. C. Psychologist Harry W. Carne, who supervised the test, believed sleep instruction very well might be an aid to awakened education—involving such subjects as foreign languages, mathematics, diction and many others.

## U. N. Agenda Lists Spain

LAKE SUCCESS, June 24. (AP)—The Spanish question comes before the United Nations again tomorrow after being dormant since last fall.

The Security Council has placed it on its agenda in accordance with a resolution adopted by the General Assembly last Nov. 17. The assembly recommended that the council carry out its responsibilities under the UN charter if any situation developed in Spain warranting action.

The delegates are generally agreed no important change has taken place in Spain since the assembly met. It was expected therefore that the council would merely note the assembly's resolution and decide no action is necessary.

The council also will resume discussions tomorrow on a proposal to give trusteeship council a role in supervising the former Japanese-mandated Pacific islands now being administered by the U. S. as "strategic area" trusteeships. Russia wants to keep the islands entirely under the jurisdiction of the Security Council where the big veto applies.

## Bishop Issues Beauty Contest Ban In Diocese

WHEELING, W. Va., June 24. (AP)—Bishop John J. Swint told Catholic girls of the Wheeling diocese yesterday to stay out of beauty contests or be excommunicated.

His warning came after a Catholic girl, Miss Gertrude Bedway, dropped out of a contest here. She said the bishop told her to withdraw or be expelled from the church.

Bishop Swint confirmed the girl's explanation. He called modern beauty pageants "totally pagan" and "absolutely immoral," and protested the "indecent exposure" of girls' bodies before the public.

"How any girl can submit herself to that ordeal is beyond me," the bishop told a reporter. "If nakedness were eliminated, the whole thing would fall to pieces."

## QUALIFICATIONS ARE LACKING

ROME, June 24. (AP)—"Miss Rome University," crowned yesterday, was uncrowned today. Investigation established the fact that shapely Francesca Loredana, whose charms won her the unanimous nod of the judges, is not a student.

So they picked shapely Ornella de Filippis after carefully checking her university record.

NEW YORK, June 24. (AP)—New threatened shipping strikes on three coasts and in the Great Lakes region were in effect today. The orders were issued in New York, San Francisco and Cleveland yesterday—on the eve of the expiration of temporary strike bans obtained by the government. In New York, the full force of

## Truman Defended For Civil Rights

KANSAS CITY, June 24. (AP)—A government official declared last night President Truman "deliberately risked his whole political future" in backing his civil rights program.

Oscar R. Ewing, Federal security administrator, told the annual convention of the National Association for the Advancement of Colored People.

"A more cautious occupant of the White House, facing a tough campaign for re-election, would have sidestepped the more dangerous aspects of the policy he was enunciating. He would have indulged in safe generalities and taken no chances."

"I say it is to the everlasting credit of President Truman that he did none of these things."

## Whiteman Fined After Accident

MAYS LANDING, N.J., June 24. (AP)—Bandleader Paul Whiteman was fined \$5 and costs on a careless driving charge last night after his automobile crashed into a pole on Black Horse Pike 10 miles south of Williamstown, N.J.

Whiteman, currently appearing at a Philadelphia nightclub, was treated for minor cuts and bruises at Camden County General Hospital at Lakeland and then given a hearing before Justice of the Peace Frank Lombardi of Mays Landing.

The bandleader was enroute to Philadelphia from Atlantic City, and was alone in his automobile. State police who investigated the accident said the Whiteman's car suddenly swerved out of control and crashed into a wooden pole.

## Securities Found In Victims' Effects

HILLSBORO, June 24. (AP)—Several thousand dollars in stocks and other valuable securities were found among the effects of a middle-aged couple who were killed near here yesterday in a three-car traffic accident.

The couple were identified as Mr. and Mrs. James Watson Scott of Kansas City, Mo. Funeral home attendants here said among the valuables were \$23,000 in U. S. savings bonds.

Two men were arrested after the accident and placed in jail here. Officers said the Scott car, a small-sized automobile, was struck from the rear and knocked into a car in the incoming traffic.

## QUICK PROFIT IN LUNCH HOUR

NEW YORK, June 24. (AP)—William Tilley decided to spend his lunch hour yesterday visiting the stock exchange, and he quickly picked up \$1,205,000.

But it was in checks he found on a sidewalk.

Tilley, a 47-year-old city clerical employee, delivered the checks to a bank which had drawn them. One was for \$1,200,000 and the other for \$5,000.

His visit to Wall Street netted a profit, however. He got a \$25 reward.

a Taft-Hartley law clause was invoked by Federal Judge John W. Clancy who extended a 10-day restraining order to an 80-day anti-strike injunction.

The "cooling off" order affects 70,000 shipping workers—members of the CIO Maritime Union and two other CIO unions—on the East and Gulf Coasts.

In San Francisco, Judge George B. Harris extended for another 10 days the temporary restraining order issued June 14 against five unions representing 30,000 workers.

He withheld a ruling on four motions to dismiss the government's request for an 80-day injunction.

In Cleveland, Judge Emerich B. Freed also extended for 3 days a temporary anti-strike order to block a work stoppage by the NMU against Great Lakes shipping.

Judge Freed said he "never believed there was any proposition of law clearly giving the right to strike and I would like to see such authority."

After the New York injunction was issued, NMU President Joseph Curran said in letters to the union membership that the union "will not strike in the face of a federal injunction."

He added, however, that left-wing factions may use "illegal means in an effort to stampede the membership or split the union to a phony Communist-dominated strike."

A government motion to enjoin 55 East and Gulf Coast shipping companies from engaging in a lockout was dismissed by Judge Clancy yesterday. He ruled there was no evidence to indicate a lockout was threatened.

## AMAZING RESULTS WITH MERTOX TONIC

Mr. Ben Grossman of Houston writes us as follows:

"For a long time I have had occasional bilious spells. My head would hurt and I would vomit my food. My last spell was very severe and I just thought I would die. My appetite was poor and I couldn't sleep at night. I was so troubled with my limbs stiffening just before I would have a spell of gas and blood. I would be dizzy and I would have a severe headache. My food soured and it just seemed as if everything was wrong with me. To anyone suffering like I was, I recommend MERTOX highly."

This splendid medicine, containing 25 ingredients, works fast to eliminate poisonous matter from your system. Helps to build rich, red blood. Relieves constipation within a few hours and helps to create a more rhythmic bowel action. Get MERTOX Compound today from your Texas druggist at the new REDUCED price.

## CAB DRIVER BRUTALLY SLAIN

# Sawmill Worker Is Charged In Murder

ORANGE, June 24. (AP)—Authorities today held a young East Texas sawmill worker in an undisclosed jail on a murder charge in the brutal roadside slaying of an Orange cab driver.

He is Lester B. Brown, 20, of Mauriceville, who, Sheriff Chester

Holt said, admitted he killed Cab Driver J. P. Hopson, 28, because of a four-year-old grudge.

Hopson's body was found in a wooded section early Sunday 14 miles north of here. Three bullet holes were in his body. His head had been battered in. Both arms and a leg were broken.

Sheriff Holt said Brown was arrested at his home yesterday and that when questioned admitted the slaying.

The sheriff said Brown made a statement after he was confronted by Texas Ranger Dick Middleton. Middleton told Brown he believed that he was once arrested in Shelby County on a charge of burglary and sentenced to prison. Middleton is a former sheriff of Shelby County.

"You're a Jonah to me," officers quoted Brown as telling Middleton. Brown, officers said, then made the statement in connection with Hopson's death.

In the statement, Sheriff Holt said, Brown said that he and Hopson had had a fight in 1944.

Brown said that he went to Orange Saturday night, got into Hopson's cab and told him to drive him to Mauriceville. The other side of Mauriceville, he said, Brown was shot and killed.

## Suspects Visit Ghandi Death Site

NEW DELHI, June 24. (AP)—While 200 police stood guard with rifles, four of the eight persons accused in the assassination of Mohandas K. Gandhi visited the prayer

ground today where the assassin's leader was slain Jan. 30.

The prosecution proposed the visit and four defendants, including Madh Lal, accused of setting a bomb outside Gandhi's prayer meeting 10 days before the murder, said they wanted to go.

### Serve Magic Firecrackers And Ice Cream For Fourth Of July Dessert

Children won't object to the banning of explosives on the Fourth of July if you let them celebrate with luscious "firecrackers" which they themselves can make by a magically failure-proof recipe. They are a mixture of sweetened condensed milk and snowy shredded coconut, a macaroon rolled in to shape and delicately browned in the oven. After they are cold they are dipped in cooled melted chocolate, then chilled.

While she is keeping a supervising eye on the children's culinary efforts, Mother can make ice cream to go with the "firecrackers" for a really gay holiday dessert. With sweetened condensed milk as a base, the ice cream is sure to be rich and smooth, with no trace of ice crystals.

To give a festive air to the ice cream, drift over it with shredded

coconut. You will find that sweetened condensed milk, used as a mix, makes a rich and smooth ice cream that is free of ice crystals.

**Magic Coconut Firecrackers**  
 2-3 cup sweetened condensed milk  
 3 cups shredded coconut  
 1 teaspoon vanilla, if desired  
 4 squares unsweetened chocolate, melted and cooled.  
 Mix sweetened condensed milk, coconut and vanilla. Drop from teaspoon on piece of waxed paper and lightly roll into "firecrackers". Place on greased baking sheet about 1 inch apart. Bake in moderate oven (350 F.) 10 minutes, or until a delicate brown. Remove from pan at once. Cool and roll in strand of toasted shredded coconut in one end of each for a fuse and place in refrigerator so that chocolate will harden. Makes about 30 "firecrackers."

**Magic Chocolate Ice Cream (Automatic Refrigerator Method)**  
 2-3 cup sweetened condensed milk  
 1 square (1 oz.) unsweetened chocolate  
 1/2 cup water  
 1/2 teaspoon vanilla  
 1 cup heavy cream  
 Set refrigerator control at coldest point. Put sweetened condensed milk and chocolate in top of double boiler. Cook over rapidly boiling water, stirring frequently, until thick (about 10 minutes). Slowly add water, mixing well. Chill. Add vanilla. Whip cream to custard-like consistency. Fold into chilled milk mixture. Pour into freezing tray. Cover with waxed paper. Freeze to a firm mush (about 1 hour). Turn into chilled bowl. Break up with fork. Beat with egg beater until fluffy, but not melted. Quickly return to tray, cover with waxed paper. Return to freezing unit. Freeze until firm.

\*Use 1-3 cup water if light cream or evaporated milk are used in place of heavy cream.

### New Suds Product Is Introduced At Local Stores

Big Spring and its surrounding market area has been chosen by Lever Brothers Company, one of the country's biggest soap manufacturers, in which to introduce Breeze, its new suds discovery, prior to national distribution.

Latest addition to the long-established line of Lever Brothers, the new product is now on sale in most Big Spring grocery stores.

Primarily designed for use in washing fine fabrics and dishes, Breeze has been in the making in Lever Brothers' Cambridge, Mass., laboratories for over ten years and the product being launched here this week represents a capital investment of more than two million dollars.

In addition to the years of developmental research, the product was tested thousands upon thousands of times in the laboratory and in the field prior to its public introduction. An idea of the number of pieces through which the new product was put may be garnered from the facts that over half a million dishes were washed with Breeze in company laboratories, and that a total of 22,850 housewives scattered throughout the country tested the product in their own homes before a single box was offered for sale.

### Grilled Ham, Cheese And Pickle Sandwiches

1/2 pound American cheese  
 1/2 pound cooked ham  
 6 small sweet gherkins (about 1-3 cup chopped)  
 2 tablespoons juice from gherkins  
 12 slices bread  
 1/2 cup butter or fortified margarine, softened  
 Put American cheese, ham and gherkins through food chopper. Add salad dressing and gherkin juice and mix well. Spread 1/2 cup of the mixture over six of the bread slices, top with remaining slices; press together. Spread top surface of each sandwich with a teaspoon of butter; place under broiler when toasted turn and spread each of the other sides with a teaspoon of butter or margarine. When these sides are toasted remove and cut in half; sandwich mixture will be "fizzy" but will set in a few seconds so that sandwiches can be eaten with fingers if desired. Sandwiches may be grilled slowly instead of toasted under the broiler; to do so use a sandwich grill or place buttered sides down in a very hot heavy skillet over low heat until golden brown, butter other side before turning. Serve at once. 6 servings.

Note: These are very rich sandwiches and one for each person usually is adequate.

### Pineapple Nectar Tapioca

1 1/2 cups apricot whole fruit nectar  
 1/2 cup syrup from canned pineapple  
 1/2 cup granulated sugar  
 1/4 teaspoon salt  
 3 tablespoons quick-cooking tapioca  
 1/2 cup coarsely cut drained canned pineapple  
 1 egg white  
 Put apricot nectar, pineapple syrup, sugar, salt and tapioca in a saucepan and bring to a boil over medium heat, stirring constantly. Allow to boil for 1/2 minute. Remove from heat and stir in pineapple. Add stiffly beaten egg white and fold in until no white shows. Chill. Serve with whipped evaporated milk or cream, if desired. 4 to 5 servings.

# U.S. Corn Crop Is Already Knee High

CHICAGO, June 24. (P)—More than knee high by the Fourth of July appeared to be a certainty today for the nation's all important corn crop.

Traditionally, corn should be knee high by July 4 if the country is to have a good harvest. It already is knee high in several Midwest areas and growing rapidly as a result of rains.

That's good news to everyone who eats. Corn is a basic grain used mainly as a livestock and poultry feed. High prices now posted in grocery and meat stores are attributable at least in part to last year's short corn production.

Crop experts cautioned the crop is a long, long way from being "made." It will need timely rains in July and August—what it lacked in last year's drought—to come through to a big harvest as desired. But right now the outlook has seldom, if ever, been better.

H. J. Gramlich, agriculture agent for the Chicago and Northwestern Railway, who returned here today from a survey through Iowa, said corn in that state was "coming forward by leaps and bounds."

"There is a big acreage and it's off to a wonderful start," Gramlich said. "There has been no flood damage, which contrasts sharply with last year at this time."

In Nebraska, the state agriculture department said, "corn has made excellent growth and recent rain has provided much-needed moisture. The crop averages about knee high and for the most part is reasonably free from weeds. Some replanting has been necessary. But most of this is now up to a good stand."

The Kansas Agriculture Department said corn in that state had continued to make favorable growth with moisture supplies "very satisfactory."

## Taft's Elephant Needs A Lawyer

PHILADELPHIA, June 24. (P)—Little Eva, the elephant who came to Philadelphia to lend weighty support to the campaign of Sen. Robert A. Taft for the Republican presidential nomination, needs a lawyer.

A former employe of Dailey Brothers circus got a court attachment yesterday against the elephant to support a year-old damage claim. Deputy sheriffs have started an elephant hunt.

The suit was filed on behalf of Joseph Wallace, who claims he underwent amputation of an arm as the result of an injury at Dailey Brothers circus in Bellefonte, Pa., last year. He claimed he couldn't locate previously assets of the circus in Pennsylvania against which a damage suit could be filed.

Counsel for Wallace posted \$10,000 bond to obtain the attachment. An equal bond will be necessary to obtain release of the elephant when the writ is served.

## Zavada Quads Are Reunited

LATROBE, Pa., June 24. (P)—The Zavada quadruplets were reunited today.

Three little girls—all blonde and blue-eyed—were taken home yesterday to join their brother, John Michael. The Quads were born last Feb. 15 two months prematurely.

Andrew and Barbara Zavada—the parents—brought a sleepy-eyed John Michael to the hospital when they called for the rest of their family.

John Michael yawned and shut his eyes at the homecoming. Mother Zavada, 26, smiled and said she expected to have lots of fun with her "human treasure." Zavada said optimistically, "I only hope they'll sleep until 5 a. m."

The range management class of Professor Harold F. Heady, Texas A and M College, studied range conservation measures last week on the ranches of cooperators with the North Concho River Soil Conservation District at Sterling City. Conducting the class on a tour of district cooperator places were E. J. Hughes, district conservationist with the Soil Conservation Service at Big Spring, and A. T. Bratton, work unit conservationist at Sterling City.

The class observed soil and water conservation measures on the Copeland Bros. Ranch, Foster and Hildebrand Hilltop Ranch, Neil Munn Ranch and the irrigated pasture of S. C. Currie to get practical knowledge of range management measures being applied by the district cooperators to maintain and improve the condition of the range and prevent soil and water erosion. Members of the range management class who made the tour were K. A. Manning, San Antonio; John Althoff, El Paso; Tom Christian, Waco; Wyatt Lipscomb, Sweetwater; Calvin Boykin, Midland; Bob Crawford, Alpine; Sam Coleman, Paris; Maurice Dew, Bryan; Chester Harvard, Lufkin; and Walter Page, San Antonio. E. C. and James T. Russell, who farm the Ed Hatch place three miles northwest of Big Spring, recently harvested 60 acres of Abruzzi rye which yielded 5 bushels of grain per acre. The Russell brothers, cooperating with the Martin Howard Soil Conservation District, stated that the rye cover crop planted last fall for protection against blowing, had only about an inch of rain and made an exceptional yield considering the rainfall. The crop also held down the soil and kept it from blowing.

Hatch plans to plant 200 acres of Abruzzi rye this fall as a part of the coordinated soil and water conservation program on his place. He found this crop very drought resistant as shown by the growth and yield of grain, and best adapted to keep his soil from blowing because of the netted root system which holds the sand particles in place. The crop also builds up the land by adding organic matter in the crop residues.

A crop of Abruzzi rye has also been harvested by Tom Barber on his place at Coahoma. Barber planted a 100 acre sandy field a mile west of Coahoma to Abruzzi rye and hairy vetch last fall. The crop protected his land from blowing and made a fair yield of grain. Leroy Echols completed a plan for soil and water conservation last week on his place at Coahoma. The farm plan made by Echols, who is cooperating with the district on his ranch in Midland County, is designed to build up his soil and hold all the rain that falls on his land and stop the soil from washing. Echols has reduced the number of livestock on his four-section ranch in Midland County from 85 to 35 cows in order to give his grass a chance to grow.

Other farmers who made out soil and water conservation plans recently include L. Z. Shafer in the Fairview soil conservation group and E. J. Montgomery who is farming the place of Dr. Otto Wolfe and Sam Fisherman in the R-Bar soil conservation group.

J. E. Norris, district cooperator in the Richland soil conservation group, is constructing pasture terraces on 100 acres of pasture land on his farm 10 miles north of Big Spring. Norris is building the terraces to hold water on his pasture land and grow more grass. A 1,000-foot diversion terrace was completed this week on Lee Warren's ranch east of Coahoma. The diversion was built to put more water into a stock tank recently built by Warren.

**Cool Air Breaks Heat In Midwest**

CHICAGO, June 24. (AP)—Cooler and drier air broke a spell of warm humid weather over wide areas of the Midwest today. But "muggy" weather continued in the lower Mississippi and Ohio valleys and northeastward to the Atlantic Coast.

Rain fell in the warm belt, in the New England states and in scattered sections of the Northern Rockies. Fair weather and near seasonal temperatures were reported in the Pacific Coast states.

The period of gestation of the Indian elephant is not accurately known but is believed to be about 18 months. It sometimes lives to be 60 years old.

**Gromyko Vetoes Atom Controls**

LAKE SUCCESS, June 24. (AP)—A big battle in the United Nations assembly between Russia and the Western powers over atomic energy control is certain this fall.

That was assured late Tuesday when Andrei A. Gromyko, Soviet deputy foreign minister, overrode a majority of the Security Council with Russia's 26th veto.

His act killed the approval by nine council members of an atomic control scheme based on the original plan offered June 14, 1946, by Bernard M. Baruch, then the United States delegate. The Soviet Ukraine also voted against the majority.

The majority followed previously laid plans and followed up the

veto, which had been expected, with a resolution calling for the dispatch of records of the two-year atomic deadlock to the assembly.

Gromyko opposed this resolution also but did not insist on what he said was his right to veto it.

# Novice Cooks Watch The Clock

By CECILY BROWNSTONE  
Associated Press Food Editor

One way to learn to cook, if you're a bride, is to get your husband to help you. If you persevere you may even write a cook book with him. That's what happened to Jean Mattimore, who has just co-authored "Cooking by the Clock" (Farrar and Straus) with her husband, Clarke Mattimore.

Neither of the Mattimores—by their own confession—knew their way around a kitchen when they decided to try housekeeping together; after they learned how to cook various dishes out of various cook books they still ran into trouble. Somehow or other they never could get the darned meal on the table all at one time, and all at the right temperature and state of doneness. They realized their difficulty was the usual cook book with its individual recipes—they'd write a "meal book."

So their book charts its own course and outlines menus that tell exactly—by diagrammed clocks—when to start to prepare each dish, how to cook everything in the proper order—and have things ready when they're supposed to be.

The Mattimores have done an admirable job. Each of their book's thirty or so menus gives recipes, an appropriate shopping list, the staples to be used, the utensils needed. In addition to the menus

Chilled Cream of Asparagus Soup

there are a number of other chapters—one that gives helpful hints, one on "The Cup That Cheers," one on Hors D'Oeuvres.

Here's a sample menu and recipe:

- Hamburgers with Barbecue Sauce
- Corn on the Cob
- Frozen Fruit Salad
- Buttered Rolls
- Chocolate Upside-Down Cake with Whipped Cream
- Coffee

The "Cooking by the Clock" recipe for Frozen Fruit Salad on the above menu interests me because every once in a while someone takes me aside, whispers something about a very special "quickie," and offers me the recipe. It always turns out to be a version of this Frozen Fruit Salad. Here's the Mattimores' directions for it.

Frozen Fruit Salad

- 1 package cream cheese (3-ounce)
- 2 tablespoons mayonnaise
- 1 No. 2½ can fruit cocktail

Mash the cheese with a fork and blend in mayonnaise. Drain the fruit cocktail, saving the juice for another meal. Mix the fruit with cheese and mayonnaise. Put in tray in freezing compartment of a mechanical refrigerator and allow at least 2 hours to freeze thoroughly before serving. (Do not make this salad too far in advance or it will freeze solid.) Cut in squares and serve on crisp lettuce.

The Mattimores know it's important to serve salads frequently—and the following recipe of theirs demonstrates the kind of dressing a man likes. If your husband won't collaborate with you on the whole meal perhaps he'll take over the greens department. Here's the dressing that will help build his salad reputation.

### ANCHOVY DRESSING

- (French dressing with chopped anchovies added)
- ½ cup olive oil
  - ¼ cup wine vinegar
  - ¼ teaspoon salt
  - ¼ teaspoon pepper
  - ¼ teaspoon dry mustard
  - ¼ teaspoon paprika
  - 1 clove garlic
  - 6 anchovy fillets

Combine and beat together in a small bowl all ingredients except garlic and anchovies. Peel the garlic clove and put it into a jar or bottle. Pour in the dressing, cover tightly, and keep in the refrigerator until needed. Before serving, chop the anchovies fine, then add to the French dressing. Shake or beat the ingredients thoroughly before using. Remove the clove of garlic. Makes ¾ cup dressing—plenty for 6 servings.

One tip all new cooks, and old ones too, ought to remember this summer is that it's wise to serve a hot dish at most meals. Even when the weather is warm we need some hot food for good digestion. However, when there's a warm casserole for the main course you may want to serve a chilled soup. In this case try the attractively garnished cream of asparagus shown in the accompanying photograph. To prepare it chill a 10½-ounce can of condensed asparagus soup in the refrigerator; open, add an equal quantity of cold milk or light cream and beat with a whisk or rotary beater to make it smooth. Garnish with thin radish slices and chopped chives and parsley.

### Germans Keep Pets

MUNICH (AP)—Germans are hungry. They are crowded into tiny living spaces. But they will not give up their pets. This was emphasized in a summary of the Munich city regulations which showed that 21,500 inhabitants of the city (population 700,000) have licenses to keep animals in their dwellings. In 1945, there were 6,000 less.

## Crusty Brown Fish

It's like an old-fashioned fish fry—when this baked fish comes golden brown and crusty from the oven.

And the oven baking saves fat and saves you trouble. For it takes less fat than frying. And there won't be a fat-spattered stove top to clean afterwards.

You can use economical fish fillets—or fish steaks if they're cheaper. Inlanders may choose frozen fish for this recipe.

Fillet and steaks at 30 cents a pound are better buys than the economy cuts of meat at the same price—for there's less waste.

And for a tangy salad—so good with the fish—cook celery hearts until tender, cool, and serve with French dressing, generously seasoned with onion.

### CRUSTY-BROWN FISH

- 1 lb. fish fillets
- Salt and pepper
- ¼ teaspoon dry Mustard
- 1½ teaspoons Worcestershire sauce
- ¼ cup milk
- 1 cup finely crushed bread crumbs
- 2 tablespoons fat
- Mix salt, pepper and mustard. Add Worcestershire sauce and milk (fresh or evaporated). Dip fish in milk mixture, then in crumbs. Place on greased baking sheet. Dot with fat and bake in a moderate oven (350 F) for 20 minutes or

until brown and tender. Serves 4. Give a "new look" flavor to the spinach with a few fried green onion tops or a sprinkling of nutmeg. The rest of the menu follows:

- Crusty-Brown Fish Fillets
- Parslled Potatoes
- Fresh Spinach
- Hearts of Celery Salad
- Spiced Cup Cakes

# Time To Figure Our Way Out

The long awaited decision by the state supreme court on the celebrated tax election contest here has been announced. It makes two points clear: 1) That those who have attained exemption age and reside within limits of cities of 10,000 or more need not pay attention to the law calling for annual renewals of exemptions, and 2) that the original result of the proposal to raise the Big Spring Independent School district tax limit from \$1 to \$1.50 was thus valid and the issue defeated.

For all practical purposes, this is it. Motions for rehearing may be filed but the likelihood of one being granted is remote. Realistically, the district may as well start from this point.

To what extent, if any, a legal levy existed on the 1947 roll is a question of law. It may be straightened out by opinions or previous decisions; it may require more litigation to test.

Regardless of this phase, the district faces serious financial problems and may be in a period of uncertainty for several seasons. Many, doubtless, will write off the whole thing and not ask for refunds. Others may want refunds. Still others may be silent. So in addition to considering its other financial problems, which are multitudinous, the district has the one of providing for eventualities growing out of the election decision.

Preliminary excerpts from the opinion indicate that the high court reached its decision without indulging in the ugly and irrelevant conjecture of the effect of a contrary decision on over-age exemptees in this year's elections. That being the case, one may not be pleased by but cannot quarrel with the decision. This point of law had never been settled and it fell the unhappy lot of this district to be the one to perform the service for the state. And now, the only course remaining is to roll up our sleeves and find some means to work our way out of our difficulties.

# Town Hall Needs Your Support

Contacts are being made at this moment on behalf of the Southern Town Hall association, an organization seeking to bring to Big Spring a systematic schedule of better entertainment.

The association, in its widest scope, is backed with considerable experience and know-how. It long since has passed the experimental stage, for today it operates successfully in large places and small.

Many people in Big Spring do enjoy the opportunity of better music, serious lectures, various examples of the arts and in general types of entertainment that get above the everyday level. Still others are anxious to develop taste as well as to what intellectual and artistic appetites.

Because Town Hall offers a sensible and practical plan for insuring successful presentation of this class of entertainment, we commend it to the people of this area. It deserves a generous response in memberships—and then in attendance.

# GOP GIVES HOOVER CHEER OF LIFETIME

By HAL BOYLE

PHILADELPHIA, June 24. (AP)—

A man could get only one ovation like that in a lifetime.

It was the kind of ovation that people give to a leader who has won and lost for them in the past, whom they have passed by for the new leader with the new prospect of victory.

There is a strange music in the loyalty of a massed human voices. And it must have been nostalgic music indeed to Herbert Hoover last night as he stood on the platform and heard the Republican national convention explode in tribute to him.

It must have carried him back across the years on a bridge of turbulent tumult to 1928 and the sweltering summer when he was first nominated in Kansas City.

But he didn't show it. As he walked to the speaker's stand he suddenly caught the convention's heart with his familiarity. This was the same Hoover of yore, back perhaps for his swan song at a party convention, for he is 73.

To the Republican delegates as he stood there waiting to speak he was a human symbol of their party, unchanged in principle by either defeat or victory. They let him know their pride in him.

The ovation began with the suddenness of a flash flood.

It seemed to catch Hoover, the only living former President, by surprise. As the entire convention leaped to its feet in a tempest of cheers and waving banners, he stood uncertainly, half-squinting his blue eyes in the glare of the bright hot lights.

In a twinkling the aisles were jammed with delegates and the convention band blared out "The Battle Hymn of the Republic."

All through the hall hundreds of voices picked up the words: "Glory, glory, hallelujah! The truth goes marching on!"

Then the parade of delegates, state banners tossing high, wound around the convention hall past the speaker's platform, giving every delegate a chance to wave up individually to the man who twice had led their party.

And they took it as a chance to give him an individual tribute.

A number of women in the long line wept with emotion, and so did several men. Hoover stood silently, his left hand flexing nervously, now smiling, now sober after 15 minutes of the pounding of the convention chairman, House Speaker Joseph W. Martin, Jr., ended the demonstration.

In grave, unemotional words Hoover then spoke. He said the country and the world faced critical problems which "far transcend partisan action." He told the delegates they are the trustees of the great cause of human liberty and warned:

"If you follow the counsel of those who believe that politics is only a game to be played for personal advantage, you are wasting your effort."

"Make yourselves worthy of the victory."

## The Nation Today

# Politics Is Cold

By JAMES MARLOW

PHILADELPHIA, June 24. (AP)—If you could see this Republican convention from the inside, you'd understand how cold politics are.

There are two worlds here: 1. The roar of the crowd, the lights, the music, the singing, the routine chores of the convention itself.

2. The behind-the-scenes dickerings. Take a look at the candidates themselves, the men who want to be picked by this convention as the Republican nominee for President:

New York's Gov. Thomas E. Dewey, Ohio's Sen. Robert A. Taft, Minnesota's former Gov. Harold E. Stassen, California's Gov. Earl Warren, among them.

In the morning the 1,094 delegates flock out to the convention hall for the speeches, the lights, the ordinary business of a convention.

But not one of the candidates shows up there.

Their job is to try to win over the support of those delegates who are so busy on the convention floor.

The raw and naked desire for political power is wide open here. But it isn't hard to understand the drama in this show if these things are taken into account:

1. The presidency of the United States is the highest honor this country has to offer.

2. The Republicans have a better chance of winning this election than at any time since Franklin D. Roosevelt won the Democratic nomination in 1932.

3. With a couple of possible exceptions, the top men here are at the climax of their public service careers.

Stassen alone of all the candidates seems to be the one who can run again for nomination, if he loses out this time.

# Finagling Of Vandenberg Supporters Hurts The Senator As A Candidate

By DREW PEARSON

PHILADELPHIA. — The supporters of statesmanlike Senator Vandenberg should have known that hell hath no fury like a woman scorned. Their biggest mistake at the opening of the convention was to kick out Mrs. Dudley Hay after her many years of hard work as national committee-woman and secretary of the G. O. P. National Committee.

For thereby hangs a tale of political finagling which goes straight to the doors of some of the biggest Republican leaders in Michigan—a tale which does not help the presidential future of Arthur Vandenberg.

Some time ago, two-big-shot Michigan gamblers, Danny Sullivan and Lincoln Fitzgerald, were indicted and immediately became fugitives from justice. Skipping to Nevada, they established the Nevada Club in wide-open Reno and stayed there, thumbing their noses at Michigan law.

Efforts to have them extradited on the part of Ed Jacobs, McComb County prosecutor, failed.

Finally, Jacobs and Mrs. Dudley Hay, secretary of the Republican National Committee, went to Washington, enlisted the support of Sen. Malone of Nevada, and he in turn appealed to Senator Vail Pittman of Nevada, who immediately moved to send Danny Sullivan and Lincoln Fitzgerald back to the arms of the law in Michigan.

From that moment on, says Mrs. Hay, her chances of re-election as republican national committee-woman from Michigan were nil. The county prosecutor bears her out. The big G. O. P. leaders of Michigan turned thumbs down.

CAMPAIGN CONTRIBUTIONS The Michiganander who led the ouster of Mrs. Hay was Arthur Summerfield, Republican national committeeman, also one of the vigorous urgers of Vandenberg for president.

Summerfield has been president of the Detroit Automobile Dealers Association, which, during the war, worked out a deal with the state whereby its books were not audited for payment of sales taxes. The dealers were supposed to pay the tax without any audit.

Now it develops that some of them did not pay sales taxes and they have been indicted. Simultaneously Michigan Attorney General Eugene Black charges that though the auto dealers did not pay taxes to the state, they did pay G.O.P. campaign contributions to Mr. Summerfield. They could afford one but not the other. In fact, Summerfield held one meeting of the auto dealers at which they agreed to an assessment of \$1 for every car sold in 1947—this money to go into the G.O.P. campaign chest for Vandenberg.

Attorney General Black, himself a Republican, strongly hints that this donation to the Republican party was tied up with the deal whereby the auto dealers did not have their books audited for sales tax payments. Black has also stated that he planned to bring Summerfield himself before a grand jury just as soon as the Republican convention is over.

BEHIND THE SCENES Another backstage development inside the Michigan group was a private conference between Senator Vandenberg and Frank McKay, big-shot Republican leader of Michigan and head of the gambling fraternity. McKay, who comes from Grand Rapids, has always been a political backer of Vandenberg.

in addition to being a powerful wirepuller in the liquor and race-track fraternity. McKay was a defendant in a famous trial involving graft and corruption in the sale of liquor, along with a bunch of minor goons and gangsters, but got off after two hung juries. He has also been indicted on other counts but never convicted.

William McKeighen, former mayor of Flint and a close associate of McKay's, was also indicted along with the two gamblers, Sullivan and Fitzgerald. He also has been a fugitive from justice.

McKay traveled on the same train to Philadelphia with the Vandenberg forces and has been snuggled-a-bug-in-a-rug with them since.

Politicians recognize that a senator sometimes has to compromise with political leaders back home to be re-elected, but many also feel that with President Truman's weakest spot the Pendergast Machine in Kansas City, the Republicans should be careful that their candidate, while a great statesman internationally, does not have clay feet.

GOP-GO-ROUND Jim Farley created a hubbub by bobbing up at Republican headquarters. "Aren't you a little early?" asked a reporter. Jim only grinned. "Most conspicuous convention absentee is Walter Brown of Ohio, former postmaster general and G. O. P. 'King-maker.' Brown has been a familiar figure at every Republican convocation since 1920 when he put Warren Harding across in the famous 'smoke-filled' hotel room. Defeat for this convention in a delegate race. Brown remarked: 'Guess I'll get caught up on my fishing.'" While older delegates concentrate on hard bargaining in convention lobbies, younger ones swap war experiences and display snapshots of new babies.

# Poet's Banyan Tree Is Doomed By Hawaiians

By DOUGLAS LOVELACE

HONOLULU.—Time has withered the beauty of Hawaii's famed banyan tree.

Sixty years ago, Robert Louis Stevenson lingered under its shade and spun fanciful tales to the lovely little Princess Kaiulani. Today the tree sprawls ugly and dirty on a Waikiki side-street, crowded by beach cottages.

One neighborhood resident fussed: "Rats, cats, red berries, leaves by the thousands, dead branches and bird droppings have made this tree a first class nuisance. It spreads over five homes, distributing its first class nuisance over all."

Guardians of the tree, the Daughters of Hawaii, complained that pruning costs \$700 yearly; the parks board could not be bothered; the Robert Louis Stevenson school did not want any responsibility.

Squallid surroundings have stripped the banyan of its grandeur. Only a few sentimentalists know the Tusiata, the street on which it stands, is the Samoan name for Stevenson meaning "Teller of Tales." Only a few recall that during Stevenson's sojourn, the banyan was the center of a beautiful estate, Ainalahu.

## Newsman are betting that Chicago

Tribune Publisher Bert McCormick picked up the check for that swank dinner Gov. Dwight Green threw for 750 delegates and Illinois political leaders. Philadelphia police did a good pre-convention job of rounding up pickpockets and loiterers for the protection of delegates. All suspicious characters with past records were brigged for 90 days. When bustling, ubiquitous Senator Wayland "Curly" Brooks of Illinois was introduced to a G. O. P. precinct committeeman, he confided: "It's tougher holding a job like yours than getting elected to the senate. I was a precinct committeeman for eight years."

## CONVENTION CHAFF

Eisenhower's ex-mess sergeant Marty Snyder invaded Philadelphia in a jeep to distribute "I'm for Ike" buttons among the Republicans. He thinks prospects will look up when the Democrats take over Philadelphia. As the convention wore on the giveaways mounted. Governor Warren's supporters almost drowned eager visitors in California orange juice. The Taft forces were first on the street with free neckties. Stassen followed with free neckties, too, then came up with a huge 50 pound Wisconsin cheese carved up for all visitors. When the cheese gave out the Stassen adherents switched to free iced tea with California lemons (an effort to woo Warren's backing no doubt). Supporters of Senator Vandenberg invaded the streets with red and gold ribbons inscribed "The Bell Tolls Two." Half the Michigan delegation objected to the little-understood slogan. Actually it is a takeoff on Lloyds, famous insurance company, which tolls the bell twice when a ship completes a safe voyage.

# McKINNEY IS AMAZED AT RED CROSS WORK

By WILLIAM C. BARNARD

In another two months you won't know McKinney, Tex., was hit by a tornado, and Robert F. Newsome, big, red-haired, 53-year-old mayor, gives the lion's share of credit to the Red Cross.

"I figured the Red Cross would come in, parcel out groceries and clothing and move on out," said Newsome. "I didn't know they stayed around to rebuild a town."

So far, the relief organization has spent \$147,000 in McKinney, and estimates it will dish out another \$53,000 before it's through. Seven hundred and fifty carpenters are on the job.

The May 3 tornado destroyed or damaged more than 300 homes in the southeast and southwest portions of the town. The Red Cross has gotten about 500 calls for aid—clothing, groceries, furnishings, and home repairs.

"It works on a basis of need," said Newsome. "It will supplement your insurance in rebuilding a home or it will build from the ground up if that's what you need. It doesn't help people who don't need help. It won't contribute to rebuilding a rent house—it has to be a home."

The amiable mayor said he had trouble convincing some needy residents of McKinney that they should ask for help.

"They figured the Red Cross was charity and they didn't want charity. I got a hold of a sound truck and went into the wrecked areas and told those folks what was what. 'Suppose you got together with some friends and every one of you put \$100 each into a pot to go to the family of the first one that died,' I told them. 'That wouldn't be charity—that would be mutual aid. That's what the Red Cross is—you've been contributing to it all your lives and it belongs to you. You've been putting money into the pot and now you get some of it back.'"

Well, that argument broke the boys down and they asked for the help that they deserved to get.

"Some people were cynical about what the Red Cross would do. One lady told me: 'I'll give \$100 to the Red Cross if I ever see one home they build here for anybody. Well, she's saying off.'"

"A young fellow and his wife were wiped out by the tornado. When he learned that the Red Cross would rebuild his home and furnish it, he asked them how he could pay it back. They told him they didn't take pay. But he now pays \$25 per month into the Red Cross national disaster fund.

"I want my money to help someone in the same shape I was in," he said.

The tornado was a terrific surprise to the natives.

Newsome, for instance, was brought up on the belief that tornadoes can't cross a creek or river. "I always was told," he said, "that when a tornado hits a creek, it just turns and goes down the creek bed. Well, McKinney has Wilson Creek on the south side and the East Fork of the Trinity on the east side and we thought we were absolutely safe. But that tornado just jumped right over that East Fork like it wasn't there."

"Now the oldtimers are saying that the reason it happened was that the East Fork had filled up so much it was too shallow to stop the twister."

# Cominform Conference

By DEWITT MACKENZIE

Somewhere in a secret place within the perpetual twilight behind the Iron Curtain the Cominform, or Communist General Staff for World Revolution, is meeting for emergency consultation.

So carefully have the details of this convocation been hidden that its locale has been a matter of speculation. Guessing tongues have placed it "somewhere in Poland," "somewhere in Romania," and "somewhere in Czechoslovakia."

We can take it that this important meeting is to consider the situation created by the stone-wall stand of the democracies headed by the United States.

Undoubtedly it is closely related to another surprise conference of Soviet satellite states which Moscow has summoned to Warsaw, possibly to devise ways of combatting the plan of the Western Allies to set up a West German state.

The Bolsheviks are being held along the Stettin-Adriatic line through Central Europe. They have sustained grievous defeats in France and Italy—strategic countries through which they planned to extend their conquest of Western Europe. There has been a heavy revision against the Reds in the United States and in other countries of the western hemisphere.

So we are safe in assuming that the Red Cominform meeting is planning ways and means (1) of consolidating and defending their post-war gains in Eastern Europe and Asia, and (2) of mapping out a campaign of political strong-arm action in other countries along lines with which the world has become completely familiar. It will include everything short of war with lethal weapons.

Russia is powerful, but her present strength doesn't by any means come up to the impression she created by her conquests in Europe during and just after the close of the world war.

# Peculiar Views On Printing, Art

According to the Magnolia Calendar which hangs over our breakfast table, today, June 24, marked the date of the invention of printing in 1440.

Just why the advertising department of that great petroleum corporation decided on this particular day, I do not know. I can't visualize such a process being completely discovered in such a short period.

No actual date, in the estimate of historians can be set for the invention of printing from movable type or from carving on a wooden block. Holland, France, Italy and Germany all have claimed the honor for the former. It is known that Japan used block printing in 770 A. D.

Germany has the most valid argument in the "movable type" dispute because she has documents and books to prove that one Johann Gutenberg in Mainz was printing with that technique as early as 1454. And records indicate that this man was doing such work as early as 1440.

The thing that amazes me about this process and other means of reproducing thoughts and scenes is that people often look on only one side of their use.

Many times I have heard or read such phrases as "the use of printing has lifted men to great heights because it has placed knowledge within their reach".... "the movie makers are ruining the morals of our generation".... "cartoonists are inciting our youth to crime."

I would like to add to those statements "and the use of printing has marred many men because it has placed evil within their reach".... "movie makers are lifting the morals of our generation".... "cartoonists are inspiring our youth to worthwhile things."

Printed matter, films and comics are but "tools" that God has given us. With them, our power to lift ourselves or tear ourselves down is merely multiplied.

Let him who would do good, not only criticize those who use these "levers" for evil, but pick up his own and use it, for man's mind is but a vacuum waiting to be filled with knowledge that makes the best impression.—ADRIAN VAUGHAN

# Man Who Didn't Back 'Oklahoma'

By JACK O'BRIAN

NEW YORK.—I have a very good friend in modest circumstances who regularly bemoans his stupidity because he missed his lone opportunity to become a millionaire. This fellow is one of a coterie of similar sad characters who were given an opportunity five and a half years ago to invest in a musical called "Away We Go." This dubious project frightened away from it quite a few backers of Broadway shows who had been known to invest in almost anything.

The name of the show was changed from "Away We Go" to "Oklahoma!" It was the single chance my friend has been offered to date to invest \$25,000 which had been left to him by a maiden aunt. The whim passed and he didn't. The result is, he spent his \$25,000 in the five and a half years since opportunity fapped on his fiscal door. Now he has nothing left to celebrate except a memory of frequent hangovers and one ocean cruise.

I showed my doleful friend a report of the Tax Foundation, Inc., which broke down, among other items, the stake Uncle Sam had and still has in the touring versions of said "Oklahoma!" Mr. Short-sighted cringed visibly when I pointed out the Foundation's estimate that audiences paid some \$7,500,000 just in New York City to see the fabulous Theater Guild production. That figure indicates that Uncle Sam managed to salvage at least \$1,500,000 in federal admission taxes. In its first 231 weeks, the touring version grossed some \$7,000,000, and an additional \$1,400,000 went scotting to Washington.

But that is merely the traditional drop in the bucket. Since the original backers have received something like 2,500 per cent on their original investment, there must naturally follow large individual income taxes; for instance, a playwright who put in \$20,000 at the last minute now has \$500,000 for his bother; and income taxes are high in that bracket. Corporation taxes help swell Uncle's stake in the show, for the Theater Guild is a rich producing firm. The royalties accruing to Richard Rodgers and Oscar Hammerstein, 2nd, who wrote "Oklahoma!", and the stipends for actors, stagehands, singers and dancers in the two companies considerably help swell Uncle's take. A good enough guess, an expert said, is that "Oklahoma!" made upwards of \$6,000,000 for the United States Treasury.

Lisa Lingyel, the only practicing lady photographer of men I have met around this big burg in a dozen years, says she has been chased around more than her share of furniture. Furthermore, Lisa describes this wolfish attentiveness as a "lack of male magnetism," rather than evidence of enthusiastic virility in the Manhattan male.

This disturbs Lisa more than somewhat. She loves America, and particularly New York City, and finds enough of the great things here to make her forget her native Hungary. She wishes, though, that the fellows would cut it out. She says:

"I think it's their fear that women will think they're effeminate which makes so many American men, and particularly New York men, wear a rough exterior when it comes to romance. European men are gracious with their women, but it is the graciousness of the superior. In this country women are not the better halves, but the better three-quarters."

# Astronomer Reveals Mars' 'Blue Plants'

MOSCOW, June 24 (AP)—A Soviet scientist claims that there is plant life on Mars.

The director of the Alma-Ata observatory in Central Asia, G. A. Tikhov, delivered a report before a gathering of Soviet scholars recently in which he not only stated that Mars is inhabited by specific forms of life but also described the specific characteristics of Martian plants.

Tikhov is probably the only "astrobiologist"—as he is called by the newspaper Ivestia. It should be noted he does not claim that there are human beings on Mars or other forms of advanced animal life.

But he does consider that certain specific types of plants by means of evolution have been able to adjust themselves to the severe climatic conditions of the distant planets.

Tikhov describes these plants as "grasses and creeping bushes" and says they are like some arctic plants on the earth to some extent possibly such as creeping juniper, cloudberry, cranberry, lichens and mosses.

He says that they are green-blue, light-blue and even dark blue in color.

Some of these plants, Tikhov claims, grow brown and dry up even by the middle of the Martian summer while others retain their bluish-green and blue leaves even through the Martian winter.

Tikhov states that he considers that the equatorial regions of Mars and other portions of the planet where the sun daily rises and sets are not favorable for life because of the extreme variations of temperature each day running from plus thirty degrees Centigrade to minus fifty degrees Centigrade at night.

On the other hand, it is his opinion that the Martian polar regions where the sun does not set during "a major or lesser portion" of the Martian half-year (nearly a whole

# Proposed Sale Of AAF Base Utilities Announced By WAA

The proposed sale of utility facilities of the Big Spring former army air field was announced yesterday by the Grand Prairie office of War Assets Administration.

Electric utilities, poles, transformers, copper wire, a telephone distribution system, fire warning installation, water system and other related materials are included in the offering for removal from the grounds. The equipment is subject to claim priority groups including federal agencies, state and local governments and non-profit institutions until a cut-off date of July 6.

Bids from the general public will be received on a non-priority basis until 11 a. m. July 19, which has been established for bid opening. Bid forms, inspection of the property, and other desired particulars will be made available through the WAA office of real property disposal, Box 8030, Dallas.

It "creates special conditions for plant growth."

Ivestia explained that Tikhov had come to his conclusions after years of observation of Mars through powerful telescopes as well as study of plant growth in cold areas of the earth.

The paper said Tikhov plans an expedition to the subarctic soon for observation of Mars.

# New Residential Building Is Noted

New residential construction has boosted city building permits considerably this week, F. W. Bettle, building inspector, announced.

Nasworthy Building Co., which has a multiple-unit project underway in Washington Place, has obtained permits for two new five-room dwellings to be constructed at an estimated cost of \$6,500 each. They will be located at 208 and 210 Princeton Ave. Another residential permit has been issued to Omar Jones, who plans to build a five room house at 1017 Bluebonnet for an estimated cost of \$5,000.

# Pioneer's Local Traffic Increases

Big Spring boarded 102 passengers and deplaned 99 on Pioneer Air Lines in May for one of the best months in the company's history here, M. R. Lillard, local manager, announced yesterday.

The city also boarded 781 pounds of air mail, deplaned 646 pounds; handled 231 pounds of air express and handled 301 pounds of air freight.

Big Spring beat four other cities on the Pioneer system in May, the local official pointed out.

"We hope to board more than 250 passengers per month by August if present trends continue and Big Spring takes advantage of Pioneer's service to New Mexico's many vacation paradises," Lillard said.
