

Bonfire Thursday - -

Homecoming Coronation Today

Spirits have been on the rise this week at Farwell High School as plans for the 1975 Homecoming Week and Freshman Initiation have been carried out. Topping off the full week of festivities will be coronation of the 1975 Homecoming Queen and King and the Homecoming clash when the

Farwell Steers face the Plains Cowboys.

Closing activities were to kick off at 7:30 p.m. Thursday, Oct. 9, with the annual bonfire. The event was to be held south of the Farwell High School. During the evening the Farwell Varsity cheerleaders and Steer Band will perform

and a Cowboy is to be burned in effigy.

Crowning of Homecoming royalty will be during the pep rally today (Friday), Oct. 10. Pep rally activities are to get underway at 2:55 p.m. in the gymnasium. A special introduction of candidates will precede the actual coronation.

Vying for the title of Homecoming Queen are Roxie Chandler, freshman, daughter of Mr. and Mrs. Martin Chandler; Penny Hughes, sophomore, daughter of Mr. and Mrs. Walter Hughes; Kathy Booth, junior, daughter of Mr. and Mrs. Toby Booth; Charla Norton, senior, daughter of Mr. and

Mrs. Gerald Norton; and Sherri McCully, junior, candidate-at-large, daughter of Mr. and Mrs. Bill Hagler.

Contenders for the title of Homecoming King include Rowdy Chandler, freshman, son of Mr. and Mrs. Fred Chandler; Tim Norton, sophomore, son of Mr. and Mrs. Gerald Norton; Travis Bibbs, junior, son of Mr. and Mrs. Travis Bibbs; Brad Jones, senior, son of Mr. and Mrs. Joe Jones; and Vic Christian, sophomore, candidate-at-large, son of Mr. and Mrs. Troy Christian.

The Queen and King are being named during the pep rally in order that they may reign over the entire Homecoming Football Game tonight. They will be presented to the audience during halftime of the game.

Prior to the clash with the Cowboys, members of the Farwell High School Senior Class will be conducting a chicken supper. Serving is to begin at 5:30 p.m. at the cafeteria. The serving lines will close at 7:30 p.m. At 8 p.m. the Varsity Steers will take the football field against the Plains Cowboys. The Steers are seeking their second win of the season and according to Coach Eugene Jennings, "Our boys are up for the game and are ready to win."

Homecoming Week activities at the school kicked off Monday with the first phase of freshman initiation. Late last week, senior students selected "Their freshmen" and the lower classmen have been put through their paces daily.

Monday was designated "Baby Day" with babies of all shapes and sizes and attired in different "baby" ensembles dotted the FHS campus.

Tuesday was "Anything Day." On this day freshmen were decked out in attire suiting their senior's taste. Roaming around the high school building, persons could see human popcorn balls, boys dressed as girls and a wide variety of costumes.

Wednesday was declared "Animal Day" with freshman

Post Offices To Close For Columbus Day

Otis McMillian, Jr., Farwell postmaster, has announced that the Post Office is to be closed Monday, Oct. 13, in observance of Columbus Day.

No window service or rural route delivery of mail will occur on that day but mail will be boxed for those persons receiving correspondence through Post Office boxes.

Louise Engram, Texico postmaster, has stated that patrons of the Texico office will not receive mail at all. Rural service and box service will both be discontinued for the day.

Texico Planning Committee To Aid THS Art Department

Members of the Texico Planning Committee convened in regular session Monday, Oct. 6.

During the meeting, it was pointed out that the art department of Texico High School is not included in the school budget. Members of the department have requested aid from the Planning Committee in securing needed items for the department and in refurbishing their meeting place.

Committee members checked with officials at Texico School regarding the matter and it was agreed by school officials that the Planning Committee can aid the department.

The Texico Planning Committee serves as an intermediary between organizations needing assistance and organizations capable of giving assistance. The group will now confront civic groups of Texico and seek aid for the art department.

Marie Christian, Texico Woman's Club representative, met with the Committee and brought up the need for signs on College Street in Texico declaring the area a school zone.

A letter has been drafted and will be presented to the New Mexico State Highway Department requesting the needed traffic markers.

Three members of the Committee were named as a nominating committee to draw up a new slate of officers. Serving on the nominating committee are Alma Hendrix, Clara Wiehl and Marie Christian. Election of officers will be at the next regular meeting slated for Monday, Nov. 3.

It has been noted that objectives of the Texico Community Planning Committee are to help develop and plan the human and natural resources of the community to their fullest potential by stimulating and developing processes among the people of an area for expansion of their resources, both agricultural and non-agricultural; increased efficiency through use of technology, mechanization and automation; establishment of new and enlargement of existing businesses and industries; training and retraining of youth and adults; reduction of un-

Hospital District Given 'Thumbs Up'

Don Williams, president of the Farwell Hospital District, announced Friday, Oct. 3, that the district has been given a "thumbs up" signal from the Texas Health Facilities Commission.

It has been explained that any medical facility now in Texas is required to seek approval from the Texas Health Facilities Commission before new building or additions to present buildings can be undertaken.

"The Farwell Hospital District was required to go before the Commission regarding our plans for a nursing home facility," Williams said, "before we could proceed with the selling of bonds or letting contracts on the home."

Because of the newness of the state Commission, its members did not have any procedures for granting certificates of need or exemption certificates. "We did on Thursday of last week receive a declaratory ruling on our facility stating that we did have substantial development prior to May 28. Therefore, we did not require a certificate of need showing a real need for the home."

Substantial development included the rating of bonds, economic and feasibility studies, contracting for land, contracting with architects, pre-

liminary drawings and many miscellaneous requirements.

"Members of the Commission agreed that we had

enough development to proceed with construction. We do not have to seek approval for anyone else to build our pro-

posed 100-bed unit," Williams commented.

Members of the Farwell

FIRST TAXPAYER -- Jenoyce Ford, right, was the first person in the Farwell Hospital District to act on a notice that taxes for the Hospital District were due. Following work that the District had been given "thumbs up" from Texas Health Facilities Commission on the proposed nursing home, tax notices were issued with "an immediate response" coming from many residents on the tax call. Judy Landrum, left, is serving as tax assessor-collector for the district.

Sunday - -

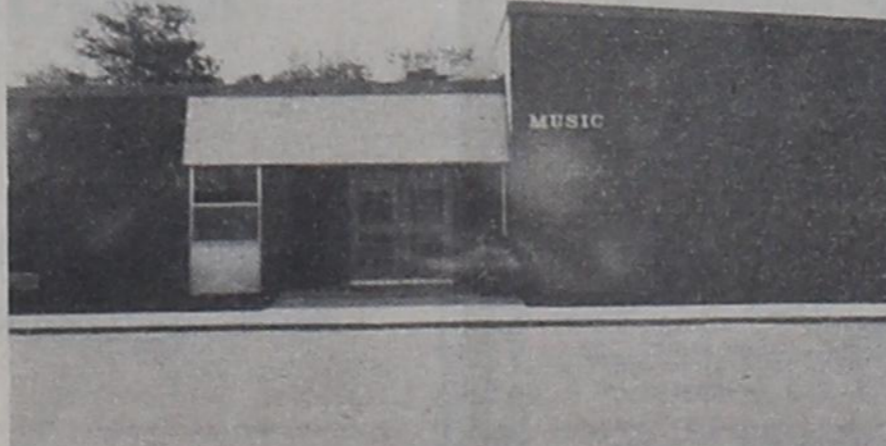

Open House Set At Texico School

Jim Pierce, superintendent of Texico Schools, has announced that open house activities have been planned Sunday, Oct. 12, for the school's new Junior High School and Music Building.

Activities are scheduled to get underway at 2 p.m. MDT and continue through 4 p.m.

A tour of the facilities has been planned and refreshments are to be served under the supervision of members of the Texico Homemaking Department.

"Members of our faculty and staff will be present. We invite everyone, school patrons and interested persons from throughout the area, to join us Sunday and view our new facilities," concluded Pierce.

OPEN HOUSE PLANNED -- An open house has been planned for Sunday, Oct. 12, at the new Texico Junior High School and Music Department. Activities are set to begin at 2 p.m. MDT and continue through 4 p.m. A tour of the new facilities

is planned and refreshments are to be served under the supervision of members of the Texico Homemaking Department. Everyone is invited to attend and join faculty members, administrators and students at the open house.

Security State - -

Bank Deposits Up \$3 Million

Wheat, corn and the elevators have been the major factors in the dramatic rise in deposits at Security State Bank in Farwell.

The quarterly statement of the firm shows an increase of approximately \$3 million dollars over the statement released at this time last year. "We have received deposits totaling \$18,439,244.87 for 1975 with the 1974 figure being \$15,763,020.43," commented R. W. Anderson, president. "Receipts from the sale of

wheat and corn and the fact that area elevators have been selling to make room for this year's crops have been key factors in the rise of deposits," stated Anderson.

Loans and discounts provided by the bank also showed an increase. The figure in 1974 was \$4,816,663.29 compared to \$5,457,416.53 for 1975. Reserves of the bank were up from \$874,238.81 in 1974 to \$1,135,092.06 at the end of the third quarter in 1975.

No question about it. October is the month. No other month compares to it for beautiful blue balmy days coupled with crisp and invigorating nights. Of course it also happens to be the major harvest month of the year, and this enhances its appeal for the more commercially minded. From either standpoint, October is THE month.

Other parts of the country are promoting the variety of fall foliage indigenous to their parts of the world. We don't know if the soft maple is a native of the High Plains but they add a wealth of color to the fall season on these baldies. The Twin Cities are blessed with a goodly number of these trees and we feel Texico and Farwell can hold their own in any "Fall Foliage" contest. Before too long we think a tour of your community will make you glad you live in the Twin Cities.

Three cheers for the folks at Midwest Cable. Have you noticed the vast improvement in television reception lately? This is a result of a complete and thorough going over by the cable company people. Apparently there were some complaints registered with genial George Doerr, the company manager, and this bore fruit in the form of greatly improved reception. George, we now know how good cable reception can be. Let's keep it up to this standard.

At long last the strangling grip of red tape has been loosened on the Farwell Rest Home project and the wheels of progress are again turning. Of course the most obvious wheel to turn was the issuance of tax notices by the new district. This was in anticipation of the immediate sale of the bonds to finance the project. Opening the bond sale bids will be this coming Monday evening and this step will supply the money to back up the contracting bids to be let early in November.

From then on out it will be in the hands of the contractor and old Mother Nature. If the weather remains as propitious as it was during our last paving project we won't lose many days to the weather this winter.

Hypocrisy runs rampant in the world again. Many countries have protested about Spain executing several terrorists. Admittedly these terrorists killed innocent people and policemen. Admittedly these people received a public trial; were allowed to appeal for clemency and this was published. Admittedly this was an internal problem of the Spanish government. Yet various and sundry nations boiled over with demonstrations against this "brutality."

How odd. Many of these "outraged" nations have distinct socialistic and communistic leanings. In the majority of these countries, a person or a group of persons who displease the government, for far less reason than murder and assassination, simply disappear. There is no public trial, no published appeal for clemency; only sudden death occurring in total secrecy.

We do not know if this will stem the outbreaks of terrorism in Spain, but we do know that those particular assassins will not go free to kill innocent people another day. With our mounting incidents of terrorism, such treatment may have to be meted out here. If it is, you can bet our home-grown liberals will also weep tears for the perpetrators, not the victims.

Heard in passing: A realist is a man who has figured out that the government has never given him anything except what it took away from him first.

Texico School Board To Conduct Meeting

The Texico School Board of Education will conduct a regular business meeting Tuesday, Oct. 14, at 8 p.m. in the high school.

An agenda had not been completed at press time.

Second-class postage paid at Farwell, Texas 79325. Published every Friday.

SUBSCRIPTION RATES - Farmer and adjoining counties, \$5.98 per year; elsewhere, \$7.80 per year. Payable in advance.

John Getz - Publisher

Hospital District . . . (Continued from Page 1)

Hospital District and interested persons are to meet Tuesday, Oct. 14, at 7:30 p.m. at the Community Room of Security State Bank. At this time, bond bids are to be opened. Construction contracts are to be let November 6 and construction is expected to begin within 30 days after the letting of bids.

Homecoming . . .

(Continued from Page 1)

Thursday was also "Anything Day" and the week was to end today with "Dress Up Day." All school students, administrators and faculty members were requested to "deck out" in their Sunday go-to-meet-in' duds for the occasion.

A highlight of Thursday's activities was to be a field day for freshmen. During this period, freshmen were taken to the football field where they played "kidie games" including such goodies as egg and spoon races and games similar to potato rolls.

Everyone is invited and urged to attend the remainder of Homecoming activities. Remember, the bonfire was set for 7:30 p.m. Thursday evening south of the high school, the Queen and King are to be crowned during the pep rally today at 2:55 at the gymnasium and the Steers will be meeting the Plains Cowboys in game action tonight at 8 p.m. in Steer Stadium.

"an immediate response" for taxes coming from a great number of residents.

"We have levied a 10 cent tax to cover administrative costs in setting up the District. We do not anticipate having to levy any taxes to pay the bond indebtedness. Don Brewer of Health Care Management, Inc., lessor of the proposed facility, has agreed that the firm will hold the responsibility of paying the bond indebtedness," District officials report.

Serving as tax assessor-collector for the Hospital District is Judy Landrum. Taxes are now due and payable to Mrs. Landrum at the office of Jim Berry.

Williams further related that land for construction of the nursing home has been contracted. "The facility is to be constructed on the block of land located immediately south of the Farwell Church of Christ and immediately east of Hamlin Memorial United Methodist Church."

Pre-Bicentennial Celebration Slated

A "Pre-Bicentennial Celebration" has been slated for Sunday, Oct. 12, at Oklahoma Lane United Methodist Church. The celebration is scheduled to begin at 6 p.m. CDT.

Agriculture Commissioner John C. White says, "Never spray insecticides on a windy day or overspray to the point that insecticide film filters out needed sunlight."

EMBRY EASES INTO FIRST - Floyd Embry, left, captured first place honors in the fifth week of the 17th Annual Area Merchants Football Contest by calling nine games correctly and being only 17 points off on the tiebreaker score. Taking second place was Mark Owen who also called nine games but was 20 points off on the tiebreaker. Sam Gonzales took third with nine games and 24 points off. Awarding Embry his first place prize money of \$5 was Bill Roberts of Interstate Fertilizer, a sponsor of the annual contest.

Planning Committee . . . (Continued from Page 1)

employment and under-employment; increased incomes and improved standards of living; and an enriched community life.

Primary function of this committee is to develop the human and economic resources of the Texico Community to their fullest potential for yielding human satisfaction. This will be accomplished through a total economic development program involving all appropriate groups, agencies, organizations and individuals that can assist in the planning, development and conduct of

such programs and activities. Specific functions of the committee include such activities as identifying specific problems handicapping the city's economy; inventorying the natural, human and service resources of the city; identifying the development potentials; formulating economic and human development objectives; establishing project priorities and responsibilities; planning and implementing chosen courses of action on all development projects; and conducting continuous program evaluation and redirection as is necessary.

The Committee is composed of representatives from different parts of the city, economic and other segments of the society, such as elected officials, minority, agriculture, business, industry, labor, church, schools, civic groups, state and county government agencies and organizations.

Membership on this committee is to encourage all groups or individuals to come to meetings and they will be considered for membership.

All interested persons are urged to attend the November 3 meeting.

Farwell FHA Plans Meet

Farwell Chapter of Future Homemakers of America will meet in regular session Monday, Oct. 13, at the Home-making Cottage.

According to FHA advisor, Janice Fant, all dues need to be paid prior to the meeting.

The FHA and the Future Farmers of America Chapter of Farwell High School are planning a joint Halloween party for October 28.

Marriage Licenses

One marriage license was issued from the office of the Parmer County Clerk during the past week. Receiving the license were Charles William Daum and Sandra Sue Talarico.

Craft Still Leads - -

Floyd Embry Calls Nine To Win Football Contest

Nine was the magic number this week when no one succeeded in calling a perfect card in the 17th Annual Area Merchants Football Contest. Taking first place from those guessing nine games was Floyd Embry.

Embry missed one of the 10 games listed on the card and predicted a tiebreaker score which was 17 points off to take the weekly first place prize of \$5.

The tiebreaker score also paid off for Mark Owen and Sam Gonzales. Owen called nine games correctly and came up with a tiebreaker which was 20 points off to take the second place slot for the week and the second place prize money of \$3.

Gonzales was awarded third place and \$1 with his nine correct guesses and his tiebreaker score which was 24 points off. This is the second week during this year's contest that Gonzales has been in the money. Last week he garnered second place.

Five other persons correctly predicted the outcome of nine games but were too far off on the tiebreaker score to take a position. Others calling nine games were Irene Jones, Carl Dean Goetsch, W. M. Roberts, Champ Porter and Sheryl Woods. Their tiebreakers ranged from 25 points to 28 points off the mark.

Several persons were successful in calling eight games during this week's event. They include Johnny Actkinson, Emmitt Autrey, Everette Christian, E. R. Coffman, Bill Craft, Johnny Curtis, Pauletta Curtis, Eldon Embry, Kent Goldsmith, Dwight Green, Gary Green, Louise Green, Eugene Guss, Joe Jones, Bruce Kaltwasser, Carl Kirkland, Sue Kirkland, Craig Kaltwasser,

Also, Reba Kirkland, Debra Lingnau, Winfred Long, Rusty McFarland, Tim Norton, Becky Taylor, Missy Taylor, Jim Walker, Beulah Williams, Irene Woods, James Castleberry, Michael Haseloff and Rusty Robinson.

A definite leader's pattern has been established with this, the fifth week, of the annual contest. Bill Craft has been in the first place slot for five weeks soloing it for the past two weeks. This week he is again the sole occupant of that position. Craft is leading the overall contest with 39 points.

Second place is also held by one person as Sam Gonzales has accumulated a total of 38 points for the post. Two persons are nipping at the second place position. Carl Dean Goetsch and Carl Kirkland each possess a total of 37 points and are definite contenders for the lead.

There are seven weeks remaining in this year's contest and it cannot be said that whoever leads at this point in the event will win it. Everyone who submits an entry blank is a potential winner for Grand Prize of two tickets for the Cotton Bowl Game to be played in Dallas New Year's Day 1976. Accompanying the two tickets will be \$50 expense money. Second Prize in the annual prognosticators pandemonium is two tickets to the Sun Bowl Game to be played in December in El Paso and \$25 expense money.

It may be too late to put in a strong bid for the Grand or Second prizes but it is never too late to compete for the

Steers Stampede, Bury Eagles

by Patti Hall

The Varsity Steers of Farwell High School took to the road Friday, Oct. 3, and traveled to O'Donnell where they handed their hosts a defeat in a 32-0 shut-out.

Farwell took the ball on the opening kickoff on its own 43-yard line. The Steers failed to push forward and on a fourth and 11 situation Steer quarterback Russ Jones was dropped on the 44-yard line and O'Donnell was awarded possession.

Eagle Dan Mott moved the ball to the Farwell 39 and Berwyn Rains made it to the 29 for a first down. On the second down play, Rains hustled in to the Steer four but the run was nullified on a clipping penalty against the Eagles and they were faced with a second and 15. The Eagles picked up three yards and on a third and 12 play, Steer Gerald Hardage stopped the runner on a pitch-out play for a loss and a fourth and 16. The Eagles elected to play and were dropped for another loss and the Steers took over on their own 39-yard line.

Steer Travis Bibbs began the Steers' first scoring drive as he advanced the ball for a five-yard gain with Hardage pushing forward for five and a first down at the 50-yard line. The Steers suffered a 15-yard penalty for a personal foul and began play with 25 yards to a first down. After two incomplete passes, the Steers came up with 35 yards for a first down on the Eagle 30-yard line.

Bibbs was held for a no-gain and the Steers suffered an incomplete pass for a third and 10 to go. Russ Jones moved the ball six yards, then on the fourth down play he zapped their defense and the Steers reached the O'Donnell 15-yard line.

In the next series of plays, the Steers slowly advanced to inside the Eagle one-yard line. On a first and goal to go from about the one foot mark, Russ Jones slammed into the O'Donnell endzone for the Steers' first touchdown. Points after touchdown failed and the Steers led their hosts, 6-0.

O'Donnell took the Steer kickoff but to no avail. On their first play the Eagles attempted a quarterback keeper which netted them seven yards followed by a first down. On their first play they were pushed back three yards and made no gain on their second play. With 13 yards needed for a first, O'Donnell managed only a foot and elected to punt.

The punt rolled to the Steer 31-yard line and the Farwell footballers were once again in possession. After an incomplete pass, a gain of six yards was picked up by the Steers. The Steers were held for no gain and punted to the Eagles.

O'Donnell connected on a pass for a nine-yard gain and Mott picked up enough yardage for a first down. In their next two plays, the Eagles came up with three yards and then on a third and seven offsetting penalties were called. The Eagles completed a pass to the Steer 39 for a first down.

On their first play the Eagles gained five yards followed by a gain to the Steer 28 and another first. They made no gain as a pass was ruled incomplete but they came back on the next play and picked up five yards followed by a four-yard gain. On a fourth and one, the Steer defense held the Eagles to a no gain with Travis Bibbs credited with being the key man on the play.

Farwell was awarded the pigskin on downs on its own 19-yard line. Russ Jones picked up two yards then connected on a pass with Chip Craft to take the ball to the Steer 45 and a first down.

On the first down play, Russ Jones almost had a pass intercepted but the ball bounced from the hands of the Eagle and was grabbed by Steer Carlos Lucio who took it to the Eagle 20-yard line. The next play saw Steer Mike Goettsch gain five yards and then pick up another five for a first.

It was first and goal from the seven and Goettsch carried to the one. The Steers were forced into a third down situation when Russ Jones plunged into pay dirt with 26 seconds left in the first half. Jones was also credited with running the PAT for two points to extend the Steer lead to 14-0 when the halftime buzzer sounded.

O'Donnell took the second half kickoff on their 26-yard line. They moved to the 41 and another first down. In three plays they had advanced the ball to a fourth and inches situation and elected to go for the first down. On a quarterback keeper they passed the mark and came up with a first on the Farwell 46. After the first down play, the Eagles fumbled and Steer Kent Goldsmith capitalized on the error and gave the Steers possession.

In two carries, Bibbs picked up five yards with Billy White making the first down and moving to the Eagle 30-yard line. On a third down, Craft pushed through the Eagle defense for a first. O'Donnell was cited a penalty and the ball was moved to the Eagle six with the Steers in a first down situation. On their third down play, Bibbs plunged into the endzone from one yard out to give the Steers their second TD. PAT was no good and the Steers were leading 20-0 with 3:27 left in the third quarter.

Following the Steer kickoff, O'Donnell began play on its own 28-yard line. The Eagles were thrown for a three yard loss, then a two yard loss followed by an incomplete pass on the third down. With fourth down and 15 yards to go the Eagles punted.

The Steers set up shop on the Eagle 49-yard line. After an incomplete pass, White gained four yards with Bibbs picking up another four. It was fourth and short yardage and Russ Jones racked up eight yards to the Eagle 32. An offside penalty set the Steers back with a first and 15.

A pass tagged for Brad Jones was incomplete and on the second play, Bibbs traveled 12 yards. Russ Jones ran to the inside and gained the needed yardage, down to the

Eagle 32. The Steers were held in their series of plays and on a 4th and 10 situation the Eagles took possession.

The Eagles took two plays to come up with five yards then suffered a loss and were forced to punt. But their punting effort turned into a Steer scoring effort as Steer Kent Goldsmith blocked the punt and the loose ball was recovered by David Cantu on the Eagle 9-yard line. The Steers were penalized for holding on their play and then were held for a no gain try putting them on the 17-yard line on a third down. Russ Jones connected with Bibbs for the touchdown putting the Steers out front 26-0. PAT was no good and the Steers remained in the lead by 26 points.

The Eagles took the kickoff and after three plays they had a first down on their own 32. Three pass attempts were incomplete and they then came up with three yards on a run. Lucio foiled their third down pass attempt by intercepting. Following three unsuccessful plays and penalties for offside and delay of game the Steers turned the ball over to O'Donnell on a 35-yard punt by Goettsch.

The Eagles made a serious drive but were hurt as they suffered a clipping penalty setting them back to a fourth and 12. Their punt was again torn up as Rusty McFarland blocked and Dan Geuther recovered. The Steers took over on the O'Donnell 21 and capitalized on the Eagle mishap as Russ Jones galloped 19 yards for a Steer touchdown. PAT failed and the Steers widened their leading margin to 32-0 with 1:32 left in the game.

The remainder of game time was not enough to allow O'Donnell to score as the Eagles were plagued by incomplete passes and the Steer defense.

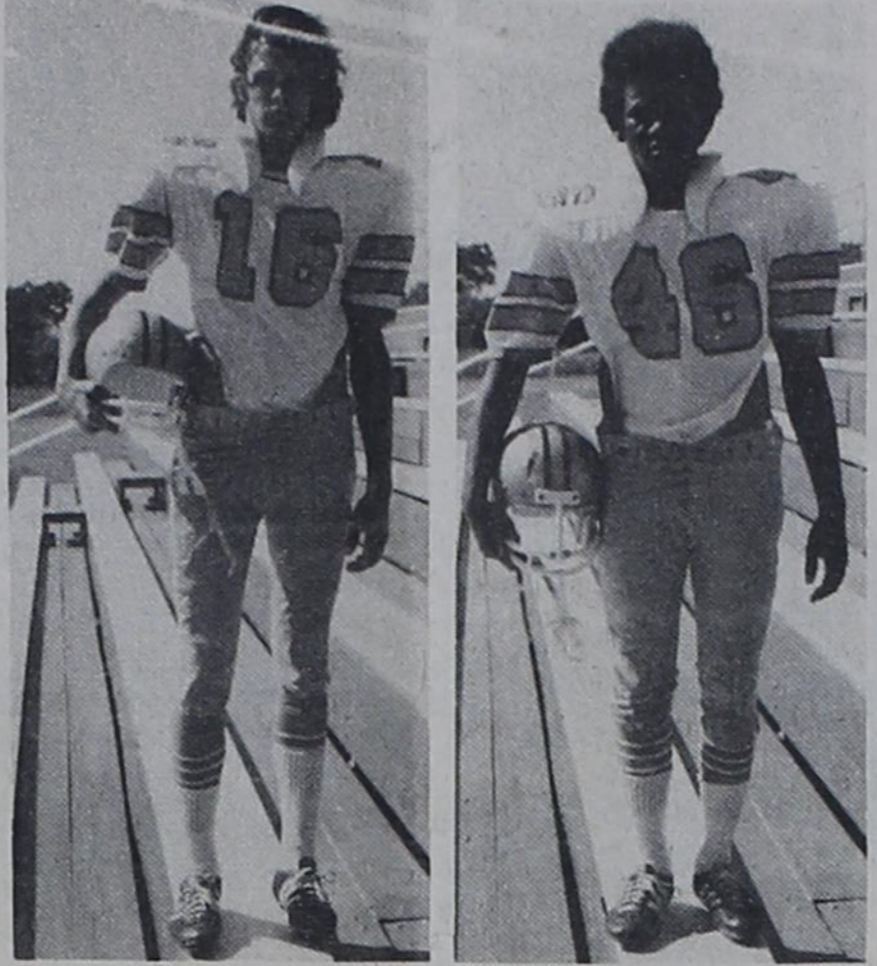

When the final buzzer of the game sounded, the Farwell Varsity Steers had gained their first victory of the season by slapping the O'Donnell Eagles 32-0.

"We had a pretty good effort from our men," commented Farwell Coach Eugene Jennings. "O'Donnell got behind and just quit."

The coach stated that upon entering the game with O'Donnell neither the Steers nor the Eagles had a victory under their belts. "It was up to whoever wanted the game the most and we wanted it."

The Eagles had one good drive going but it was stopped by a penalty and Farwell took the ball and scored. "Carlos Lucio made a catch after the ball had been deflected by two defenders and that was the turning point in the game because we scored again," Jennings also said that the Steers have a freshman quarterback, Rowdy Chandler, who

Steers Of The Week

RUSS JONES TRAVIS BIBBS

Russ Jones and Travis Bibbs have garnered honors as "Steers of the Week" from Farwell Coach Eugene Jennings. The coach commented, "Jones deserves a lot of credit as he called all our offensive plays during the second half of action against O'Donnell last Friday." He stated, "Bibbs played a super defensive ball game for us. He received two passes and did a super job when he carried the ball and blocked well all night."

can back up Jones at the post. "Our secondary played a smart football game. Dan Geuther had a real good game and Travis Bibbs played super defensive ball. He ran good on his carries and blocked good all night."

The coach also commented on Steer statisticians Kristi Magness, Natalie Dollar and Carol Vinton. "These people are as important as our players and they are doing an extra super job in keeping our statistics for us."

The Steers are to meet Plains tonight (Friday), Oct. 10, in the Steers 1975 Homecoming clash at Steer Stadium at 8 p.m. CDT.

Farwell Trustees To Meet Monday

The Farwell City Council will meet in regular session Monday, Oct. 13, at 5:15 p.m. CDT in City Hall.

The meeting is expected to be routine as no agenda had been drawn up at press time.

Statistics reveal that the Steers ran 60 plays for 300 yards total offensive production. O'Donnell ran 50 plays for 166 yards.

The coach further related that during the second half of game action "our quarterback Russ Jones called all plays. He took the responsibility and deserves a lot of credit. He moved the ball and we hope that soon he will be able to run the offensive game completely."

Jennings also said that the Steers have a freshman quarterback, Rowdy Chandler, who

Slip your hand in ours while we tell you about the cancer in women that is highly curable...

if you take time to have the Pap test. Only once a year. And it takes only a few minutes of your time and your doctor's. It's a simple, painless examination which can reveal uterine cancer's presence even before you notice any symptoms.

And, like most cancer, the earlier it's detected, the greater your chances for cure. In fact, most uterine cancers are curable when detected early. Take just a few minutes out of your life each and every year for a Pap test. It's living insurance.

YEARLING SPIRIT BOOSTERS - Serving as cheerleaders for the Seventh and Eighth Grade Yearlings of Farwell Junior High School for the 1975-76 year are, from left, top row: Tracy Williams and Lori Curtis; center: Jana Berry, Lisa Hughes and Dondra Gerles; and front: Cydney Ford. These young ladies are present at the Yearling football games and give an added boost to the spirits of both players and fans.

Sweaters Fall Fashion Leaders

Sweater lovers, wearers or lookers, are sure to be happy this fall, Marlene Odle, clothing specialist, predicts.

"All styles of sweaters from sleeveless vests to turtlenecks, to v-neck pullovers and cardigans to match, will be fashionable," she said.

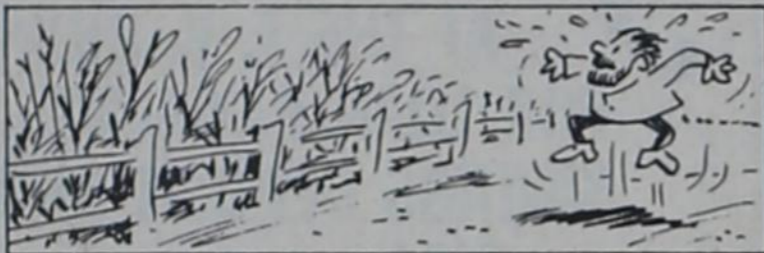

Fabrics will be softly designed acrylics, orlons and wools in rich colors of burgundy, greens, and rusts, the Texas Agricultural Extension Service, The Texas A&M University System, specialist added.

"Detailed styling will in-

clude v-neckline, mitered stripes, and solids with contrasting white banding around the waistline and cuffs.

"As tops, sweaters will team

with colorful tailored shirts and pants or below-the-knee-length skirts in bias cuts, A-lines, pleats or flares," she said.

Peasants of Germany and Bohemia have adhered to the custom of leaping high, for as high as they can leap, that's how high their crops will grow!

The Latest

Trumi Christian, who teaches school at Albany, Tex., was home during the weekend to visit her parents, Mr. and Mrs. Donald Christian, and her brother, Charles. She also attended the Steer-Eagle football game at O'Donnell Friday night, where she met her parents.

L.B. Hensley and Walker Pullin of Walnut Springs, Tex., visited briefly Sunday evening and Monday morning with Hensley's daughter and family, the Ted Magnesses.

Rev. and Mrs. W.T. Perry attended a Pastor's Seminar for both ministers and wives at Florieta, N.M., this week. The school began Tuesday and was scheduled to end Thursday evening. Leading the seminar for ministers was Dr.

Klaus Penzel, professor of Church History at Perkins School of Theology. Mrs. Ruth Truman was leader for the ladies.

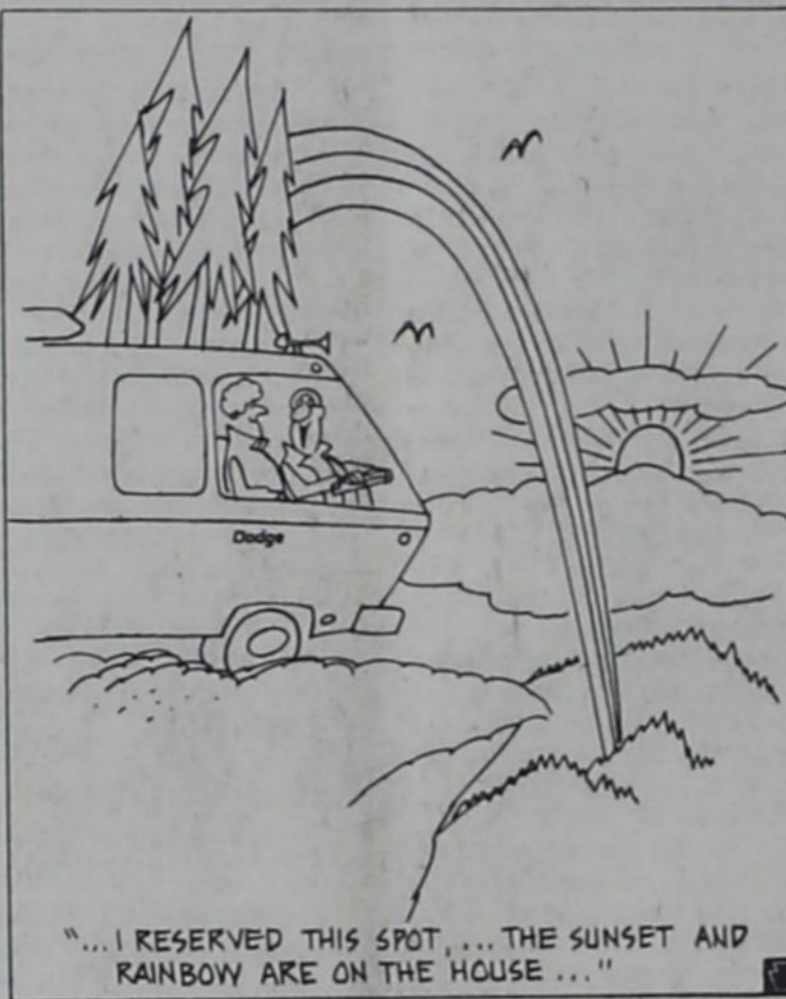

Mrs. Aileen Teel of Texico along with her mother, Mrs. Dovie Brunson, and her nephew, Mike O'Neal, of Portales, were in the Ruidoso area Sunday, Oct. 5, where they viewed the foliage and toured the area.

Arriving Thursday to visit in the home of Mr. and Mrs. Joe Helton of Texico were Ret. Col. and Mrs. Mack McCormick of Spokane, Wash. The McCormicks departed for their home Saturday evening, Oct. 4.

Tom Paul McCuan, Gardys Johnson, Lanell Lee and Fran-

cess Kube attended a hair styling show in Amarillo Sunday, Oct. 5.

Visiting Sunday in the home of Mr. and Mrs. David Hall, Bobbi and Kerri were Mr. and Mrs. Jim Robbins, Jimmy and Johnny of Earth, Kandi Wright of Muleshoe, and Mr. and Mrs. Bob Hall, Michael and Robbie of Clovis.

NOW--FOR A LIMITED TIME, LOCKWOOD OFFERS BIG REBATES OF UP TO \$2,400 ON CENTER PIVOT SYSTEMS...

- Over \$1,000 cash rebate on a 13-tower LOCKWOOD Model 2100 System
- \$1,000 or more cash rebate on a 10-tower LOCKWOOD Model 2200 System
- As much as \$2,400 cash rebate on longer LOCKWOOD Center Pivot Systems

Lockwood Corporation has now authorized a money-saving factory rebate program. That means big savings for center pivot irrigation customers who act quickly. The quicker you act, the more you save — as much as \$2,400 on larger Lockwood systems... over \$1,000 on the popular 10-tower Lockwood Model 2200 System.

This factory rebate program will be reduced at the end of each month from August to December, 1975. So, the earlier you take advantage of it, the bigger the rebate you get — up to \$148.50 per tower on Lockwood's Model 2288 Center Pivot System with 168-foot tower span, for orders placed and paid for before August 29, 1975. Save \$123.75 on the same system by September 30, 1975, or \$99.00 by October 31.

All of Lockwood's Center Pivot Systems qualify for this program — including the new, already-economical oil-drive system recently introduced. It's the Model 2101L hydraulic-powered system that helps you save money every day you use it, because power requirements are so low.

Get full details now on this outstanding opportunity to save big money on the world's most advanced center pivot irrigation systems. Come in or call use today — our address is on the back of this folder.

We can also help you get the same big price break on a leased system.

See: Joe Camp
ULYSSES IRRIGATION PIPE CO.

Clovis N.M.

This offer subject to cancellation when factory capacity is filled.

Shown above are Lockwood Models 2200 and 2100 Electric and 2101L Oil-drive systems. Lockwood's famous LOCK-IN-LINE® foot-proof alignment system is included with all Lockwood Center Pivot Systems. Also included is Lockwood's CIRCUIT-RIDER protection system that triggers total system shut-off in case of any problem.

Sterlyn Billingtons Feted On Fortieth Anniversary

Sterlyn and Estellene Billington of Farwell celebrated 40 years of marriage Sunday, Sept. 28, with a reception in their home hosted by their children and families, Mr. and Mrs. Leonard (Lavoyda) Williams, Lynne and Lyle of Houston; Mr. and Mrs. Eddie (Kathryn) Traxson and Stephanie, and Mr. and Mrs. Mike Billington and Kelly, all of Fort Worth.

Approximately 140 guests were greeted by family members and were registered by Stephanie Traxson. A red and white color theme throughout the Billington home emphasized the "ruby anniversary." One of the focal points in the decorations was the bouquet of red silk roses in a lead crystal vase which was a gift of the Billington children for the occasion.

The serving table was covered with white lace over red and was centered with an arrangement of red and white carnations in a crystal bowl. Red tapers and crystal and silver appointments were featured along with white napkins bearing a red rose motif and "Sterlyn and Estellene Sept. 28, 1935-1975." Individual cake squares iced in white and decorated with red roses were

served with punch or coffee by Lynne Williams and Lisa Martinelli. The special anniversary cake was two tiered and featured a red net heart encircling a miniature bride and groom figurine at the top. The lower tier was decorated with a small cluster of red roses.

Assisting with hostess duties were Mrs. Roy Snodgrass and Vickie and Susan Snodgrass. Sterlyn and Estellene have both been in business in Farwell for over 40 years, he in the barbering business and she in the profession of beauty operator. Both the Billingtons started their careers before the days when persons attended regular barber or beauty colleges. They simply worked as apprentices at an established shop and learned from the other operators, usually the shop owner.

They met while each was working in his own business, and after their marriage, they made the beauty shop and barber business a family affair, even to rearing their three children in the shop as they worked. Estellene pointed out that they were mostly in the beauty shop since her shop has always been attached to or a part of their home.

Estellene was born near

Frederick, Okla., the daughter of the late Mr. and Mrs. George Magness. When she was one year old, the family moved to Vernon where they lived until she was six. At that time the Magnesses moved to Oklahoma Lane and began farming and Estellene started to school there. Later they moved to Farwell where she was to graduate from high school.

Sterlyn was one of 10 children born to the late Mr. and Mrs. S. G. Billington. He was born near Erick, Okla., and says his family moved back and forth between Texas and Oklahoma quite frequently during his "growing up" days, but that he was reared primarily in the Fort Worth areas, attending schools at Venus, Tex., and Erick, Okla. His parents moved to Texico in 1936, two years after he had been in business in Farwell.

After leaving school, Sterlyn went to work in his uncle's barber shop in Waco where he began learning his lifetime trade.

While in high school, Estellene was active in all dramatic and musical activities, and garnered several awards for singing in duets, trios and other musical groups. She remarked that she never sang a solo, that she was just always "a part of a larger group." She still sings in her church choir and says, "I'm still just learning." Estellene was a good athlete and particularly enjoyed playing basketball. Her home economics records were also of importance as they were sent to the state and were partially responsible for the school's receiving accreditation for third year home economics in those days.

MR. AND MRS. STERLYN BILLINGTON

But it was her appearance in one of the school plays during her senior year that attracted Sterlyn's attention. And upon seeing her in the play, he commented that he wanted to get to know that girl. At the time, he was working in a barber shop with Bob Kyker, having come here after hearing that Farwell was a place where there was usually plenty of business and that because of the diversity of crops grown in the area, there was a pretty general circulation of money all during the year. Sterlyn says that he found this to be so then and that it remains true today. He says he has never once regretted having come to this town and that he has always had good business. One of his friends and customers was heard to remark at the reception that he had never yet been able to talk Sterlyn out of a free haircut!

Following Estellene's graduation from high school, she moved to Portales where she was to keep house for some friends and work part time in a beauty shop to learn the trade and get her license to become a beauty operator. She remembers that she was paid

\$2 per week for all the house-keeping chores which included doing the family's laundry on a rub board. She soon decided that she was "getting nowhere" (Continued on Page 8)

Robertses Are Parents Of First Child

Mr. and Mrs. Charles Roberts of Fort Stockton, former Farwell residents, are the parents of their first child.

The lad, named James Matthew, was born Sunday, Oct. 5, at 4:15 p.m. at Fort Stockton. James Matthew tipped the scales at six pounds, 13 ounces and measured 19½ inches in length at birth.

Maternal grandmother is Mrs. Edith Blair of Farwell. Paternal grandparents are Mr. and Mrs. W. M. Roberts, also of Farwell.

DECEMBER WEDDING PLANNED - Mr. and Mrs. O. W. Killingsworth and Mr. and Mrs. W. H. (Hop) Graham of Lovington, N.M., announce the engagement and approaching marriage of their children, Gina Kay and Ronald Dale. Wedding vows will be repeated Saturday, December 27, at 7:30 in the evening at Jackson Avenue Baptist Church in Lovington. All friends are invited to attend the wedding and reception. The bride-elect is a graduate of Clarendon High School where she was valedictorian of her class and active in school affairs. The prospective bridegroom is a graduate of Lovington (N.M.) High School and attended Clarendon Junior College. Both are now students at Hardin-Simmons University in Abilene. Miss Killingsworth is an elementary education major and Graham is completing a biology major and a journalism minor. The Grahams are former residents of Farwell and the future bridegroom is the grandson of the late Mr. and Mrs. Hop Graham, Sr.

Texico Woman's Club Scrapbook Takes First

Marie Christian, president, and Ann Ledbetter, second vice-president, represented the Texico Woman's Club at the District III Convention conducted in Carlsbad, N.M., Oct. 1 and 2.

During the convention, judging of club scrapbooks was held with the Texico club garnering first place honors. Theme of the local club's book was "In God We Trust" with a bicentennial motif. The winning entry was constructed on posterboard sheets covered with ducking. Lettering for the book was done by hand embroidery and liquid embroidery.

The Texico club took first place honors with the scrapbook followed by the Artesia Junior Woman's Club. These two books will now be entered in state competition. A total of eight scrapbooks are to be judged on the state level.

Serving as members of the scrapbook committee were Maurine Caywood, historian and chairman; Ann Ledbetter, assistant historian; Marie Christian and Chris Billingsley.

Also during the district session, seven members of the

local club garnered 11 honors in the arts and crafts division of competition. Maurine Caywood took first in quilts and best in show in quilts along with first place in acrylic painting; Evelyn Hadley, second in quilts and third in macramé; Thelma Snodgrass, honorable mention in quilts; Marie Christian, second in leather picture and first in knitted sweater; Ann Ledbetter, second in mosaic candle; Kay West, first in prints; and Juanita Hadley, second, hooked rug.

It was reported that Mrs. Christian's leather picture was accidentally entered in professional competition. "She still came up with a second place and we are really proud of her," stated club members.

It was noted at the meeting that New Mexico is one of only 25 states in the nation boasting 100 percent participation in the community improvement project sponsored by Sperry and Hutchinson.

Highlighting the district convention was the dedication of a mini park, a project of the district. The bicentennial mini park and picnic area, located

at the Carlsbad Association of Retarded Children's Farm, was dedicated by Mrs. Paul C. House of Albuquerque, New Mexico Federation of Women's Clubs president.

Clubs from Artesia, Dexter, Roswell, Elida, Portales, Melrose, Clovis, Lovington, Hobbs, Jal, Carlsbad and Texico

participated in acquisition of the park.

Next meeting of the Texico Woman's Club will be conducted Monday, Oct. 20, at the Community Center in Texico at 7 p.m. MDT. At this time, club members will host Texico's delegates to New Mexico Girls State.

WINNING SCRAPBOOK - Ann Ledbetter, left, and Marie Christian, second vice-president and president, respectively, served as delegates of the Texico Woman's Club at the District III Convention held Oct. 1 and 2 in Carlsbad, N.M. The club members are shown with the local club's scrapbook which won first place at the convention. The scrapbook will now be entered in state competition against seven other scrapbooks from throughout New Mexico.

Smokey Gasts, Mrs. Schooling Return From Week's Vacation

Mr. and Mrs. Smokey Gast and Mrs. Gast's mother, Ma Schooling, all of Farwell, took a week-long trip to Houston, Galveston, and Dallas areas visiting with friends and relatives last week.

Primary purpose of the trip was to visit their son, Kent, who is currently working at the Texas House of Corrections at Rosharon, Tex.

The vacationers left Saturday, Sept. 27, and returned home on Friday evening, Oct. 3.

In Houston, they visited with Mrs. Gast's nephew, Randy Pace. Kent Gast met them there.

Next, they traveled to Galveston where they visited with

Gast's brother and family, the L.H. Gasts. Kent also traveled with them to Galveston.

In Dallas, the Gasts and Mrs. Schooling made their last visit with a niece and her family, the David Weavers.

Feminine Interest In Agriculture Up

Women's lib isn't exactly taking over farming, but feminine interest in agriculture appears to be on the upswing, reports the National Cotton Council.

Twenty-three percent of the total ag school enrollment in the nation's 62 land grant colleges and universities in 1974-75 were women. This is a 4% increase from the previous year.

One of the largest percentages was at the University of Maryland, where 40% of ag students were women.

Attends Funeral

Mrs. W. T. Perry returned home Sunday from Fort Worth where she attended funeral services for her aunt, Mrs. J. O. McCullar. Services were held in Fort Worth Saturday.

Mrs. McCullar passed away Thursday, Oct. 2, following a lengthy illness.

The Electric Heat Pump - The "Most" in Year 'Round Comfort Conditioning

If you're thinking about the comforts of electric heating and air conditioning, consider the advantages of the electric heat pump.

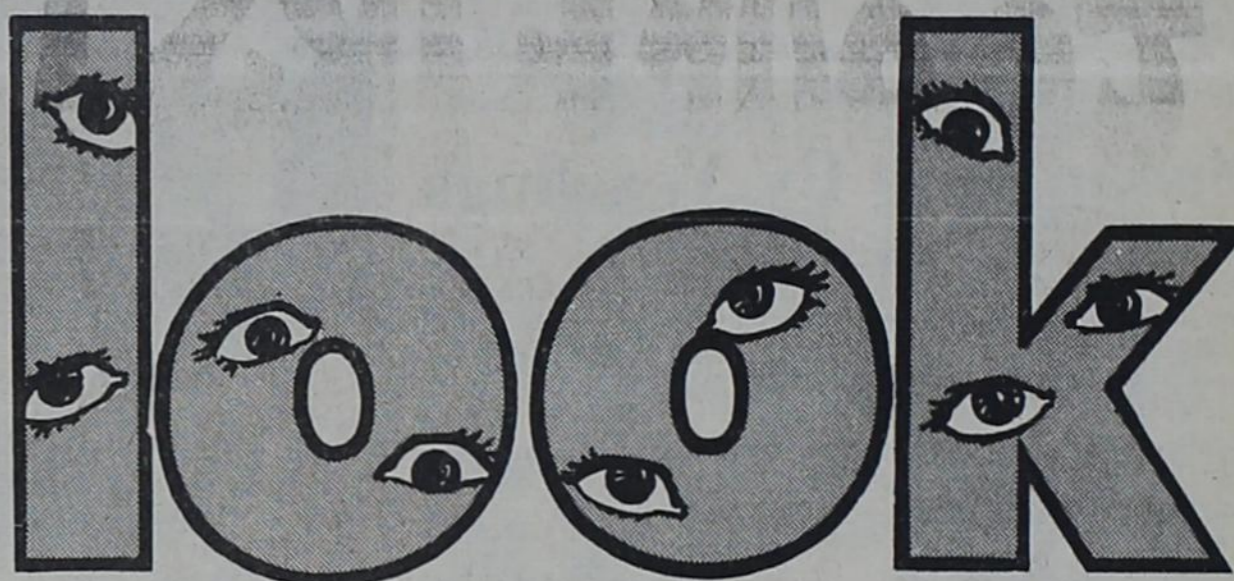

- ONE UNIT comfort-conditions your home all year long with no seasonal equipment changeovers.
- AUTOMATICALLY, it reverses itself between seasons for heating and cooling, for comfortable living.
- INSTALLATION is a simple job since only one unit is involved.
- SAFE. Unlike flame operations, there are no fumes, pilot lights or storage tanks.
- ECONOMY. It uses less electricity than separate electric furnace and air conditioning systems.

Electricity is too important to waste. Contact Deaf Smith Electric for money saving, electric efficiency hints.

Ft. Sumner Foxes 'Sly' Past Wolverines 7-6

by Susan Snodgrass

OH, NO YOU DON'T seemed to be the thought on the mind of one of Ft. Sumner's Foxes as he hustles Wolverine Tommy Galvan in an effort to keep Galvan from hauling in a pass from quarterback Homer Ashley during game action Friday night, Oct. 3. The Wolverines came up with good yardage during the clash but lost a heartbreaker as Ft. Sumner skidded by them on an extra point, 7-6. (Photo by Bill Holley)

The Texico Wolverines hosted the Ft. Sumner Foxes last Friday as the Foxes squeaked a 7-6 win from Texico.

Texico kicked off, starting the game. The Foxes ran ground plays moving the ball to one yard short of a first down. In the next play Ft. Sumner fumbled with Texico recovering. On Texico's third play of the series, Spencer Turner took a handoff and ran it to the 19-yard line. He was followed by Tommy Galvan taking a handoff and moving the ball to the 2-yard line.

Quarterback Steve Turner then lateraled to Spencer Turner who took it across the line for a touchdown. Attempting a 2-point conversion, Steve Turner again lateraled to Spencer Turner, but he was tackled before he reached the line.

Richard Hadley kicked off to the Foxes who took it on their 35-yard line, but fumbled on the next play with Wolverine Mark Howard recovering. Turner passed to back Stevie Aske who was pushed out of bounds after gaining another first down by a football length. Handing the ball off to Aske, it was carried to the 10-yard line.

Galvan then took a handoff but was pushed out of bounds on the 5-yard line. Turner faked a handoff then tried running up the middle but was stopped on the line of scrimmage. After no gain, the Wolverines turned the ball over to

Ft. Sumner. The Foxes made no gain and were forced to punt.

Texico made short gains until a penalty gave them a 15-yard loss. They came back strong with a 10-yard gain, but were forced to punt. The punt was deflected and the Foxes took the ball on their 47-yard line. They made short gains until Larry Rolan tackled the Fox quarterback for a 5-yard loss. Ft. Sumner punted with Homer Ashley bringing the ball to Ft. Sumner's 30-yard line. The first quarter ended with Texico leading 6-0.

Texico had the ball on the 30-yard line at the start of the second quarter. Making only short yardage on ground plays, the Wolverines tried passing. The first pass was intended for Galvan, but it was deflected. Using lateral and quarterback sneaks Texico gained a first down. Then they made another 4 yards, followed by a fumble which Texico recovered. They made no gain on the next play and were forced to punt. Chris Eshleman downed the ball on the 46-yard line.

The Foxes made 6 yards but lost them because of a penalty against themselves. Ft. Sumner gained 13 of the yards back until, failing a first down, they were forced to punt. Texico fell short of a first down and then lost, first yardage, then the ball, putting Ft. Sumner on the Texico 10-yard line.

With 3:26 remaining in the half, the Foxes carried the ball across to tie the score,

breaking that tie a few minutes later as they kicked for the extra point. After the Fox kickoff the Wolverines tried passing, but all were incomplete, except the last one. It was intercepted by Ft. Sumner, but before they could do anything with it the half ended, 6-7, Foxes leading.

The Foxes kicked to Texico to start the third quarter. Ft. Sumner was then penalized 10 yards, followed by a series of Wolverine handoffs for good yardage by Ashley. These were ended by a fumble, with Ashley recovering. Texico then lateraled for no gains, including two fumbles which Ft. Sumner recovered. They then completed a pass and were forced to punt. Alternating his backs Ashley moved the ball down the field until, again missing a first down, they turned the ball over to Ft. Sumner. The quarter ended with the Foxes controlling the ball and leading the scoreboard 6-7.

Starting the fourth quarter Ft. Sumner made short gains with Texico catching them behind the line for a loss. Ft. Sumner then punted with Ashley carrying the ball to the 30-yard line. Texico made short gains, making the first down by about three inches. A pass intended for Steve Turner was intercepted, with Turner tackling the Fox. After a series of plays, the Foxes gained only eight yards and were forced to punt.

The Wolverines moved slowly, with short gains, to gain a first down. Again Texico moved slowly, coming within an inch of a first down before they were smothered for a 2-yard loss. Ashley used the pass/run option and made a first down. The Wolverines then suffered a 5-yard loss coming back with an 8-yard gain. Ashley intended a pass for Barry Lindley, but it was deflected.

Ft. Sumner now had the ball but made no gains and the clock ran out with Ft. Sumner winning 7-6.

In reviewing game action against Ft. Sumner Foxes, Texico Head Coach Ray Manly stated, "We should have won the game. We had a total of 16 first downs while Ft. Sumner managed only four."

He also stated that the Wolverines racked up a total of 291 yards in total offensive production while allowing Ft.

Sumner only 65 yards.

"We scored our touchdown with Spencer Turner running in from one yard out in the first quarter. During the second quarter of play we fumbled and they recovered on our 10-yard line. This was our only broken play of the night and they capitalized on it. They took the ball in for a touchdown and their attempt at extra points was good. They led by one point then and kept that one point lead to win," Manly commented.

It was noted that during the first quarter the Wolverines reached the Fox two-yard line before losing the ball on downs. "We almost scored before the half and again before the end of the game but time played against us on both occasions."

Individually, Manly cited Spencer Turner who was credited with 107 yards on 19 carries and Tommy Galvan with 77 yards on 21 carries. "This was our big offensive production. Turner now has over 500 yards for the season with Galvan very close to the 500 mark."

The coach concluded, "De-

fensively, the entire game was an outstanding effort. Each of our men contributed to the defensive effort."

The Wolverines will rest this week as they have an open date scheduled. Their next opponent will be the Jal Panthers on Friday, Oct. 17, at Jal.

The Wolverines will go up against Jal seeking retaliation for their loss to Ft. Sumner. The loss Friday night put Texico's season record at 3-2 and district at 0-1.

Hospital Notes

Mrs. G. Tunnell of Farwell was admitted to the Clovis hospital Friday, Oct. 3, after she fell and broke her hip. Reports are she will have to remain in the hospital about three weeks, but she is in good spirits.

J.T. Ford of Farwell returned home Saturday, Sept. 27, from Lubbock Methodist Hospital where he had undergone surgery. He is confined to his home, but is reported to be doing very well.

Bridge Built Out Of Spite

Perhaps it's only in Scotland that you'll find a bridge over a river which was built out of spite. It crosses the River Teith near the old town of Doune, famous for making the best pistols in the country.

In the days of King James IV of Scotland there lived a tailor in Doune named Robert Spittal. He became tailor to King James' Queen and was very proud of this honour.

Jr. High Wolverines 'Chop' Portales Lambs

The Texico Junior High Wolverines took another victory last week over the Portales Lambs, 22-0, giving the Wolverines a 2-1 season record, losing only to Dexter.

The first touchdown came from six yards out on a run made by Terry Rolan. Points after touchdown attempt failed.

James Barfield succeeded in grabbing the second TD on a pass from quarterback Keith Hadley. The combination pass-run play went for 60 yards. Hadley ran for the points after and lit up the scoreboard for the Wolverines 14-0.

The final touchdown came from 10 yards out when Hadley ran a quarterback option play. Rolan ran for the two extra points and this ended the ball game with the

Texico Wolverines shutting out the Lambs, 22-0.

Coach Cecil Davis recognized Doug Scioli and Clyde Bibbs as two players having a really good game on the defensive team. "Both of these boys did an exceptional job for us," he commented.

Thursday, Oct. 9, the Junior High Wolverines were scheduled to meet Ft. Sumner. "Last year the Foxes beat us 22-0," stated Coach Davis. "But this year, I believe we'll win."

Coach Davis also commented that he felt these boys should have gone undefeated. Dexter, being the only team that beat them, 8-6, took the game in the last two minutes of play. "We are all hoping for a 5-1 record now," Davis said.

7th Yearlings Nip Hornets

Farwell's Seventh Grade Yearlings slipped past the Sudan Hornets in a scrimmage-type clash Thursday, Oct. 2.

"We could not play a full game due to the fact that Sudan is a Class B school and their seventh and eighth grade teams are combined," commented Coach Jim Yakubovsky. "We had a fantastic overall team effort against Sudan. We took the ball and drove it down to score a touchdown," the coach reported.

In game action, the Yearling defense held the Hornets.

"With the exception of one long run, Sudan made no first downs during the game."

The coach also stated that several Seventh Yearlings were allowed to play with the Eighth Yearlings. "Kerry Ford, Richard Carpenter and Gary Hardage played with the eighth grade and did a real good job on defense."

The Yearlings were scheduled to meet the Plains Cowboys in a tilt Thursday, Oct. 9, at Plains. "We are going to be tested against Plains. They have a big team and we are expecting a real tough ball game," the coach concluded.

Sudan Slips By Yearlings

The Eighth Grade Sudan Hornets slipped by the Farwell Eighth Yearlings, 6-0, during game action Thursday, Oct. 2.

"It was one of our poorly played games," commented Yearling Coach Larry McDorman. "We did not hit and we had five fumbles during the game."

In naming individual Yearlings, Coach McDorman cited Benny Yruegas as the outstanding man of the game. "Benny covered the field from sideline to sideline making tackles. He is probably our hardest hitter."

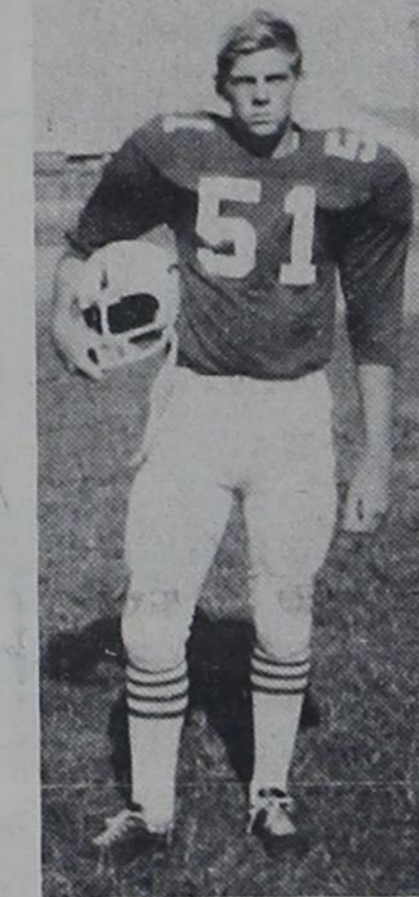

The Yearlings were set to face Plains at Cowboy Stadium Thursday, Oct. 9. "Plains is big and we don't know how we're going to do against them. We have worked hard all week," the coach commented.

In going into action against Plains the Yearlings will be

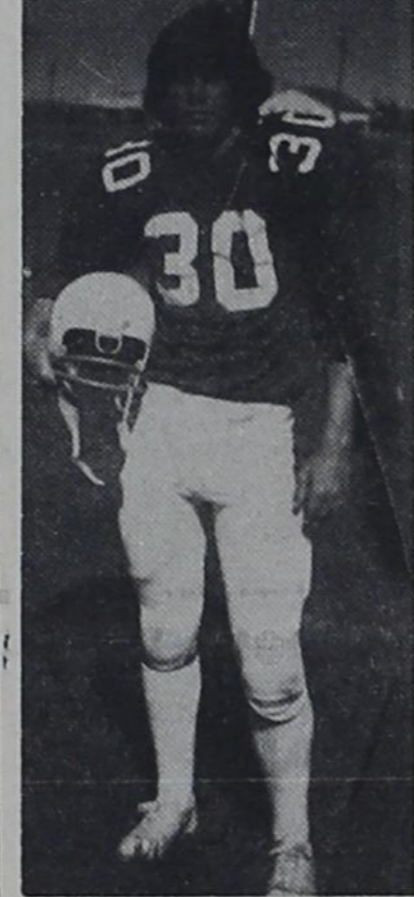

short one player. Yearling Larry McDorman suffered a broken arm last week and is out for the season. Yearling Brent Black will see action but will be slowed by a knee injury and Leonel Jaime will play but will not be going at full speed due to a back problem.

Game action was set to get underway at 5:30 p.m. at Plains.

Wolverines Of The Week

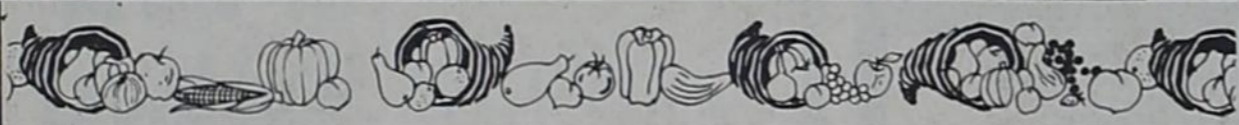

LARRY ROLAN

SPENCER TURNER

Spencer Turner and Larry Rolan have been tagged "Wolverines of the Week" by Texico Head Coach Ray Manly. Manly cited Turner for the honor for having "gained 107 yards on 19 carries" during the Texico clash against Ft. Sumner last Friday. "Spencer now has over 500 yards rushing for the season." During Friday's tilt "Rolan came up with seven tackles as a defensive lineman for us," stated Manly. "And he played an outstanding game."

TURNER TRAVELS -- Wolverine Spencer Turner picked up 20 yards against Ft. Sumner on this carry during game action last Friday. Spencer is credited with over 500 yards rushing thus far into the 1975 season followed by Tommy Galvan who is nudging the 500-yard mark following the clash with the Foxes. (Photo by Bill Holley)

Open Letter To The Community

Oct. 8, 1975
Dear Mr. Getz:

I'm not sure where to send this letter, but I do want to share my feelings of the people in this area. This is the most wonderful place to live and raise a family.

I want to thank all our friends, churches and school. They have helped so much, before and after, Wayne's death. Their prayers gave us strength to keep going. They brought in food and watched after our children. Homes were opened up to us at Clovis and Lubbock, while Wayne was in the hospital.

The men of the community came and planted our wheat. Also they will be back to help harvest the maize crop.

We felt we were overly blessed, and our friends could do no more.

Well, we were wrong. Last week, Mr. and Mrs. Eddie West came to our house. They had a "gift" from our churches, school and many friends. Oh my! What a lovely gift. You are such beautiful people. My children and I thank you very much.

God bless all of you, Dannalee, Don, Floyd and Roxanne Cherry

What's Cooking

Farwell School

- MONDAY -- Steak fingers with catsup, escalloped potatoes, blackeyed peas, coleslaw, hot rolls, butter, jelly, milk.
- TUESDAY -- Corn dogs with mustard, pork and beans, lettuce and tomato salad, peach cobbler, milk.
- WEDNESDAY -- Vegetable beef stew, crackers, pimento cheese sandwich, strawberry shortcake, milk.
- THURSDAY -- Hamburgers, lettuce, tomatoes, pickles, onions, cheese slices, potato chips, banana pudding, milk.
- FRIDAY -- Steak and gravy, mashed potatoes, buttered corn, lettuce and tomato salad, hot rolls, butter, jelly, milk.

School Lunch Schedule at Texico

- MONDAY -- Barbecued wieners, buttered hominy, pineapple ring, hot rolls, peanut butter cookie, milk.
- TUESDAY -- Hamburgers, onions, pickles, lettuce, tomatoes, orange juice, cookie, milk.
- WEDNESDAY -- Vegetable and beef stew, toasted cheese sandwiches, apple half, milk.
- THURSDAY -- Salisbury steak, creamed potatoes, tossed salad, hot rolls, peanut butter and syrup, milk.
- FRIDAY -- Fried chicken, potato salad, hot rolls, fruit cup, chocolate milk.

Farwell Booster Club Urges Attendance And Membership

Farwell Booster Club met at Clara's restaurant Tuesday night. Joe Jones, president, reported a very good meeting, even though there was a light turnout.

The club viewed the film of the Steers at O'Donnell football game. The coaches and booster members discussed the game. The coaches also told those present what to expect in this week's game with Plains.

Members wish to encourage more participation from the townspeople, says Jones. "After all, it is your football team and this is your Booster Club. If you don't go to the meetings your voice cannot be expressed in the decisions," emphasized the president.

Next meeting will be Tuesday, Oct. 14, at 8 p.m. CDT at Clara's.

Booster Club members urge all fans to be there and to join the Club.

Billingtons . . . (Continued from Page 5)

fast" because most of her time was being spent keeping house instead of working in the beauty shop; so she returned home that fall and picked enough cotton to pay for her studies at the beauty shop the next year.

After completing her training there, she came back to Texas to set up shop. At the time, Texas had no state board to give examinations; so she had her New Mexico license "okayed" and with the help of her father, she bought her shop and began her career which has now spanned over 40 years. She brags that she still has some of the same customers that she worked on during her very first years in the business - a feat worth bragging about!

It so happened that her shop was located just across a narrow alley from the shop where Sterlyn was employed, and since there was not too much business in those days, the couple spent a lot of time just talking. Finally, she says, he asked her to go to Claude Rose's drug store for a Coke one day, and pretty soon after that, they started dating steadily; getting married that fall.

Estellene says that they married on a Saturday night at 11 o'clock - the late hour because they both had had late customers and could not get off any earlier. They were married at the home of a Church of Christ minister (who had had to wait up for them until that hour) and were attended by Florence Wallace and Lewis Crow. The following day, Estellene's mother prepared a beautiful lunch and special cake for the couple since they had been unable to have a reception after the wedding. Estellene says she still remembers the beautifully decorated white cake her mother had spent so much time in making - decorating it with tiny white swans and delicate flowers in pastel shades.

For almost a year they lived in two rooms located in the rear of Estellene's shop, and she says that they moved four different times before they wound up in their present location some 33 years ago. At none of these times was the beauty shop in a separate building from their home. They have always lived and worked in the same building. During these years it was not uncommon for some of their relatives to be living with them, but Estellene says that there always seemed to be enough room and enough to eat.

In 1936, their first child, Lavoyda, was born. A second daughter, Kathryn, was born in 1942, and their only son, Mike, was born in 1944.

It was in 1944, just six weeks before Mike's birth that Estellene felt much as Henny Penny, that "the sky was falling in." For it was at that time that Sterlyn was drafted into the navy and had to close his business and report for duty with "Uncle Sam." If the call to service had come three weeks later, Sterlyn would have been too old to qualify.

So, for about a year during the 15 months he served, the family lived at Vallejo, Calif., while he was stationed at Mare Island. As soon as he received his discharge, they returned to Farwell and within a few days had both re-opened their businesses.

Estellene says that during

the "war" days, hair pins and certain other supplies were so scarce that she would never let a customer leave her shop with a single hair pin in her hair. By that time, however, the price of haircuts and hair sets had risen from the former 25 cents up to 75 cents and permanent waves were a dollar each. She says she could give 30 permanents in a day's time and that many days she did give almost that many.

An amusing incident occurred concerning the \$1 permanents when one of her customers asked her if she would give two permanents cheaper than one. To which Estellene asked, "Would you sell two buckets of cream cheaper than one?" The answer, of course, was a resounding "no," but the lady still wasn't certain that Estellene shouldn't sell her products cheaper.

One reason operators could afford to give \$1 permanent waves in the first place was that the customer was to shampoo her own hair before coming for the permanent. On one occasion a customer hadn't taken time to shampoo her hair and Estellene told her she couldn't curl it until it was washed. So the lady looked around and asked, "What's wrong with my using your gadgets to do it?" and promptly took over the shampoo bowl and Estellene's shampoo and gave herself a free shampoo.

All during this time, the Billington children were in and out of the shop, their coming and going with their playmates in tow just being part of the normal routine for Estellene. She says she couldn't begin to estimate the number of crackers and apples she had doled out to children - either her children's friends or children of her customers. She notes that most of her customers liked children and didn't mind being around them and that if they didn't, they usually didn't come back.

Sterlyn recalls cutting the hair of one youngster while the child's mother sat on him in the floor to hold him still. Seems the child didn't want the haircut in the first place, but the mother was just as determined that he have his hair cut, and although it was somewhat tedious, the task was accomplished.

Through the years this couple has seen many changes in men's and women's hair styles, and being able to cut and style a woman's hair is one of the biggest changes Estellene remembers, saying that for many years the only cuts one gave were to those getting a permanent wave. In barbering the styles have gone from the "burred" look and crew cut to the long hair that has to be styled, but Sterlyn's clientele remains mostly in the category preferring the medium length or regular cut. The change to long hair for men is the biggest change in the business, Sterlyn believes.

Prices in the business have also changed and the barber shops have long since quit offering baths as one of their services and they also do not give nearly so many shaves as in Sterlyn's first barbering days.

Re-combs for beauty shop patrons were usually given for free, but after doing this for a long time, Estellene started charging a dime for the service, which cut down on that particular job considerably,

LEARNING EXPERIENCE - Members of the Farwell Chapter of Future Homemakers of America had a "learning experience" Monday night, Oct. 6, as they accepted the responsibility of watching children during a get acquainted supper for teachers of Farwell Schools. In addition to being a learning experience for FHA'ers the session was a growing experience for the children, as some of them were strangers to their playmates for the evening. FHA members assisting with the children included Rhonda Walls, left, and Gaye Coffman. Among the many children present were, from left, Chris Fant, Shane Jennings, Dean Fant and Rush Statser.

she says, because folks didn't always have the extra time to spend for hair care. Estellene says she even combed her customer's hair on Sunday mornings for a long while (the barber shops all remained open on Sunday mornings, too) but one incident changed all that for her. When Lavoyda was two years of age, her mother had bought her a special dress and bonnet for Easter and had planned to take her to church that day "to show her off." But that morning, seven of her customers came to have their hair re-combed, and by the time she finished with these, it was too late to go to church. So when Sterlyn came and asked why she hadn't gone to church, she cried and said, "If I starve to death, I'll never comb hair again on Sunday." And to this date, except for some emergency or special occasion, she has been true to that promise.

One of the highlights of their business ventures has been having their daughter, Kathryn, and her husband, Eddie Traxson, work in the business with them. Kathryn followed in her mother's footsteps, taking a beauty course while still in high school, and worked in the shop with her mother for some eight years. When Eddie finished his barber training, he worked at his first job with Sterlyn. At this time Kathryn and Eddie have their own

shops in Fort Worth, and the Billington's daughter-in-law, the former Sharon Busbice, is one of the operators in Kathryn's shop, making it still more of a family affair.

The other two Billington children, Mike and Lavoyda, went into the teaching field. Mike still teaches, but Lavoyda has taken off from teaching awhile to return to school.

The Billingtons have both been active members in the First Baptist church of Farwell since its beginning, Estellene having taught a Sunday School class during its entire history until recently when she retired from the task. Prior to that she had taught in Sunday School in Texico, including the days before she was married.

Besides having a full load of work to do all week, Estellene also enjoys a useful hobby - that of piecing double knit quilt tops. She has made one each for her children and grandchildren already.

Though they plan retirement from their active careers someday, the Billingtons agree that their line of work has been and is still a fulfilling venture for them and they readily give the Lord credit for their success - saying that he has always made it possible for them to have the things they really needed and usually something extra. They don't think they would do things much differently if they had it

all to do over again, even to the rearing of their children and the starting of rearing one grandchild "in the beauty shop."

County 4-H'ers Mark 4-H Week

by Mack Heald

The 4-H program has a proud heritage, and the National 4-H Week observance, Oct. 5-11, provides a good opportunity to reflect on its history, its current status, and the new horizons that lay ahead.

More than 215,000 Texas 4-H boys and girls will join the 7.2 million 4-H'ers across the nation in special events and activities keyed to this year's theme, "4-H - '76 . . . Spirit of Tomorrow."

But in looking to and planning for tomorrow, 4-H'ers are also reflecting on the past, and Texas played a big part in the 4-H heritage.

For it was in 1908 that a Corn Club was formed in Jack County by part time County Extension Agent T. M. Marks

to teach farm boys about corn production because he was having little success reaching the farmers themselves. The club started with 111 boys, and the results that Marks achieved drew nationwide acclaim. This club was a forerunner of 4-H as it is known today.

So 4-H grew out of a need to make education more practical and interesting to farm youth. It provided enriching, real-life learning experiences through the "learning by doing" concept, and today's

programs offer similar experiences although the projects and activities have changed.

By encouraging high standards and setting of meaningful goals, 4-H lays a broad and firm base for a lifetime of personal growth. As today's youth grow to adulthood, they will face a world unlike the one most of us grew up in. There will be more people and fewer resources. And there will be vital issues in government that call for wise decision-making.

More than 60 different projects and activity areas are now attracting 4-H members throughout Texas and the nation.

These projects are designed for youngsters between the ages of nine and 19. Listed below are most of these projects and activities. More information about these projects and activities can be obtained in the County Extension office located in the Courthouse in Farwell: aerospace, model airplanes, rocketry, automotive care and safety, beef cattle, bicycle care and safety, career exploration, citizenship, clothing, dairy cattle, dog care and training, electricity, emergency preparedness, entomology, family life education, farm and ranch management, foods and nutrition, forestry, health, home equipment, horse

and pony, horticultural-vegetable, leadership, money management, photography, plant and soil sciences, public speaking, rabbit, range management, recreation, safety, self-determined, sheep and goats, small engines (petroleum power) including mini bikes,

Also, swine, town and country business, tractor (petroleum power), wildlife, wood-working, dairy goats, personality development, management: life skills, home environment, poultry, creative arts, fish culture, parliamentary procedure, veterinary science, meat science, child development, landscape horticulture, plant diseases, from egg to chick, the world of house rats and mice, fire prevention and safety, mini gardens, leather-craft, riflery and conservation.

CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

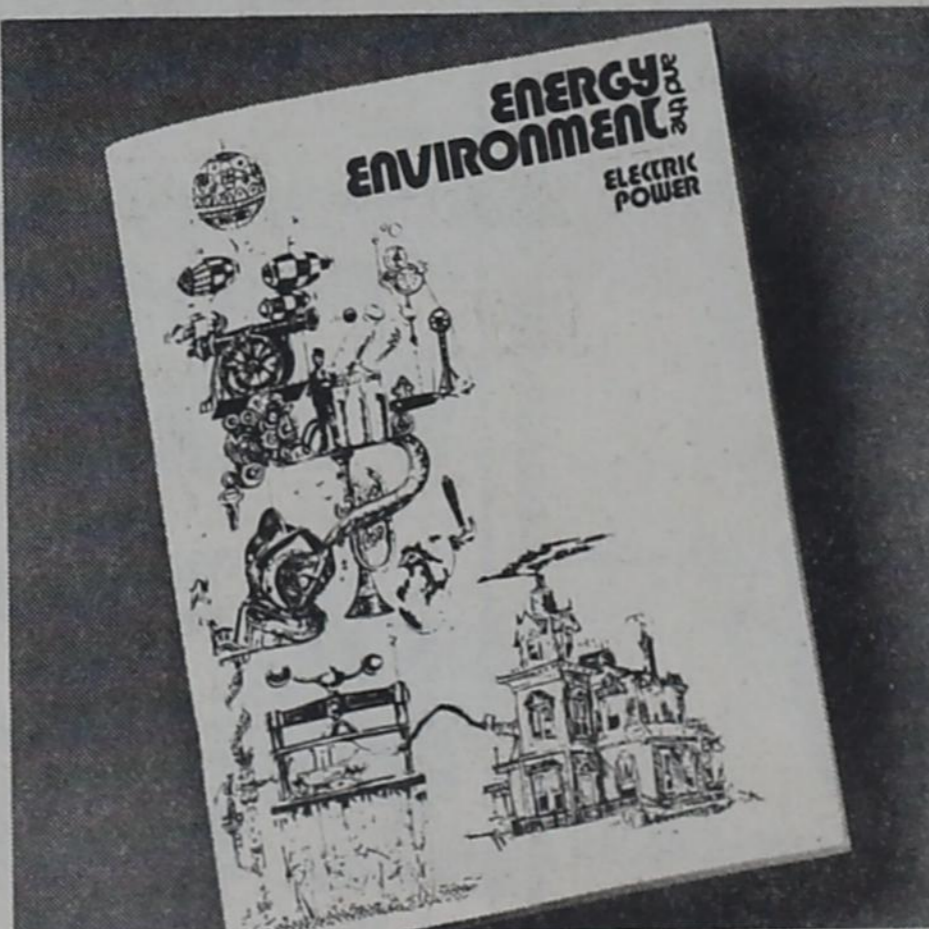

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

Someone besides Southern Union thinks you should be using Natural Energy Gas Appliances.

As part of its study on energy and the environment, the President's Council on Environmental Quality recently issued a report. In it was pictured a trend toward the use of more and more gas appliances in the future.

It's no surprise. Not when you consider that when the Council's findings compared the efficiencies of natural gas appliances with electric types, they concluded this:

"When the total system is considered, all the gas-fired appliances are more efficient than their electric counterparts."

Gas is twice as efficient.

How much more efficient? Gas home heating is more than twice as efficient as electric. The same is true for gas water heating and clothes drying. Gas cooking was also found

significantly more efficient.

Gas saves energy, money.

What does it all mean? Simply this. Using gas appliances - as the Council suggests - conserves our precious natural resources, including natural gas. And saves you money.

So when you're buying appliances, choose Natural Energy Gas Appliances. And when you're buying a home, look for the Natural Energy Home sign. You'll be doing the same as a lot of other people. Saving money and conserving natural energy.

natural energy GAS APPLIANCE

If you want the job done right... do it with gas.

SOUTHERN UNION GAS COMPANY

Funeral Services Held Friday For Ruth Snell

Funeral services for Mrs. Gene (Ruth) Snell, 30, were conducted Friday, Oct. 3, at the Oklahoma Lane Baptist Church with Rev. Bob Roberts of the Pleasant Hill Baptist Church and Rev. Moody Smith, pastor, officiating.

Graveside services for Mrs. Snell were held Saturday at Mill-sap Cemetery at Mill-sap, Tex.

Mrs. Snell was pronounced dead on arrival at West Plains Medical Center in Muleshoe following a grain truck-train collision.

Born April 3, 1945 in Quanah, Mrs. Snell resided in the Lariat area and had lived in the Muleshoe area for the past six years moving from Weatherford.

She was a member of the Oklahoma Lane Baptist Church.

Survivors include her husband, Gene; five sons, Andy, Lincoln, Dennis, Jesse and Douglas, all of the home; her mother, Mrs. Mary Austin of Cool, Tex.; four sisters, Mrs. Patsy Frazier and Mrs. Earlene Ruland, both of Millsap; Augusta Austin of Cool and Mrs. Bill Snell of Muleshoe; and two brothers, Gilbert Austin of Odessa and Gene Austin of Weatherford.

Funeral arrangements were under the direction of Singleton-Ellis Funeral Home of Muleshoe.

Among standard game birds, the fastest is the spur-wing goose. It has been clocked at 88 m.p.h. in level flight. The fastest recorded wing beat among all birds belongs to a male hummingbird: 80 beats per second.

Letters To Editor

Sept. 29, 1975

Dear Mr. Getz,
Thank you for sharing your early copies of The Tribune with our 6th grade economists. They really enjoyed the research.

Sincerely,
Frances Boling

Dear Mr. Getz,
Thank you for letting us come and use the old newspapers and for letting us stay awhile.

Sincerely,
Nicky Liethen

Dear Mr. Getz,
Thank you for letting us use your old newspapers. We enjoyed looking at your books. We liked the prizes in it. Thanks again.

Your friend,
Roger Castillo

Dear Mr. Getz,
Mr. Getz, I would like to thank you for letting us use the old files of the newspaper. We learned alot, thank you again.

Thank you,
Zina Garcia

Dear Mr. Getz,
Thank you for making it possible for letting us look through the old news papers and the prices.

Yours truly,
Johanna Mesman

Dear Mr. Getz,
Thank you for letting us go to the The Tribune. The best thing I liked was looking in the newspaper and looking at the prices.

Sincerely,
Angelica Jaime

Dear Mr. Getz,
Thank you very much for letting us use your old files. All of us learned a lot from them.

Thanks again,
Karen Magness

Dear Mr. Getz,
Thank you for letting us come and look at the files of the Tribune, I had fun.

Yours truly,
Dana Hukill

Dear Mr. Getz,
Thank you for letting us come to the Tribune and letting us see the old newspapers.

Sincerely yours,
Diana Coleman

Elegant Homemaking

BRIDE'S PRIDE

According to an old saying, every bride is beautiful, and all those beautiful brides probably want a beautiful wedding to remember and beautiful things to help them remember it beautifully.

Some of those beautiful things can only be memories, but some you can take along with you. Few of the loveliest things about your wedding can actually be held in your hand, but if anything captures the splendor of the moment, it's beautiful china and crystal that chimes like a wedding bell.

To preserve for you that special feeling of being the guest of honor at your own table, Fostoria crystal and Pickard China are made with extra care, here in America.

For more information, see your bridal consultant or write for a color pattern brochure to: Fostoria-Pickard, Moundsville, West Virginia 26041, because a bride could see a lot of beauty in her future if, at present, she does a little crystal gazing.

BEAUTY AND THE POPCORN BALL????? The rhyme and reason of fairy tales is completely forgotten during freshman initiation week at Farwell High School. Tuesday was "Anything Day" with seniors making the decision as to what character their freshman would play. Out of the minds of seniors came a beauty, left, better known as Bart Coffman, and the human popcorn ball, Roxie Chandler.

WOODSY OWL FOR CLEAN AIR!

We all breathe, so keeping our air fresh and pure is everybody's responsibility. It's all part of keeping America a great place to live. Woodsy Owl has a list of ways you can fight pollution. It's on a handsome, easy-to-read poster, and it's yours free by writing Forest Service, U.S.D.A., Washington, D.C. 20250.

And remember, give a hoot, don't pollute. Don't be a dirty bird, no matter where you go.

Planned Parenthood Assn. Annual Meeting Is Oct. 17

A former Peace Corps director and former Assistant Secretary of State, Jack Hood Vaughn of New York City, will be speaker this fall for the annual meeting of the Panhandle Planned Parenthood Association.

Dr. Mitchell Jones, president of the PPP board of directors, announced at a meeting this week that Vaughn, president of the Planned Parenthood Federation of America, will be speaker Oct. 17 at a public meeting at Amarillo Country Club.

Reservations deadline, at \$5 a person, is Oct. 13, said Mrs. Karli Kaufmann, executive director of PPP. Reservations should be made by contacting the clinic at 614 W. 8th.

Vaughn, a native of Columbus, Mont., was named president of the national Planned Parenthood federation in March, succeeding the late Dr. Alan Guttmacher in that position.

His career with planned parenthood organizations follows an extensive career in international diplomacy and in the field of education.

As president of the Planned Parenthood Federation of America, Vaughn directs 187 PP affiliates throughout the country with nationwide expenditures of more than \$50 million and a headquarters staff of more than 100 professionals.

Goals of the organization are to assure that all couples and individuals have the education and the means to effectively regulate fertility, and to help bring about an orderly reduction in world population growth.

In 1974, the national organization provided medically-supervised planning services and education to more than 900,000 persons in 44 states and the District of Columbia.

In 1974, the Panhandle Planned Parenthood Association provided family planning services for about 6,500 persons in a 26-county area. The organization here is funded by private donations, Medicaid, the Texas Department of Public Welfare and the Texas Panhandle Community Action Corporation.

For Curry County - Disaster Designation Expires November 16

The disaster designation for Curry County will expire November 16, and all emergency loan applications based on the 1974 drought losses must be received by that date.

If you suffered losses during this period of time, September 16, 1973 to August 16, 1974, you should contact County Supervisor Raymond E. Pritchett, of the Farmers Home Administration. His office is located in the Federal Building, 5th and Gidding, Clovis. His office day is Monday.

The emergency authorities have been revised whereby those farmers and ranchers that have received emergency loans may be entitled to

further assistance. This includes annual emergency loans for up to five years following the natural disaster to permit the borrower to restore his operation and return to usual credit sources.

The interest rate for this assistance will be determined by the rate of interest prevailing in the private market for comparable long-term and intermediate credit. These rates, set semi-annually, are nine per cent for operating purposes and eight and three quarters per cent for real estate purposes. Individual borrowers must be unable to obtain credit from other usual sources to qualify for FmHA assistance.

Each person applying for credit will be given equal consideration without regard to race, creed, color, marital status or national origin.

The average size of U.S. households reached a new low of 2.97 in 1974, reports the Census Bureau.

Growing Better, Together

Farmers and ranchers everywhere are concerned with improving the efficiency of their operation, the productivity of their land, and the profitability of their business. They're concerned with growing better. And Raincat center pivot irrigation systems have been helping them for years.

Growers depend on Raincat, for standard features they can count on. Features like a unique control system, with patented intermediate and positive alignment controls and exclusive double-cam versatility. A dependable, all-metal electrical drive system backed by 15 years of experience. A heavy-duty center pivot, with trouble-free packing gland and flex coupling to handle any terrain. Clearance of 9½ feet, with wide 14' wheelbase for strength and ground-hugging stability. Structural strength throughout, with integrity built into every component. Galvanized pipe, to resist corrosion and provide for application of herbicides and insecticides. Common components, for easy replacement.

Dependable, standard features. But along with them is the Raincat flexibility that means each system is custom-designed to meet the requirements of

the grower's soil, climate and terrain. Flexibility like a normal heavy-duty or an extra-rugged gear drive. Or a new improved chain drive, with its inherent high mechanical efficiency and extra motive power. Variable span lengths and sprinkler spacing, to fit your soil conditions and crop water requirements. A volume end gun. And many more.

Raincat systems are standard where it's important. We're also flexible where the grower needs it. And we have the service to back it up.

That's why we're growing better, together.

Apple varieties do not grow true from seed. Consequently, each seedling rootstock has to be grafted with live buds of the desired variety. Varieties have been perpetuated for hundreds of years by grafting buds from old trees to young trees.

The pectin in apples helps keep the cholesterol count down, and many doctors believe this to be a big boon to your heart.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES. SEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

PAUL NOT ONE OF THE TWELVE APOSTLES

Occasionally the Lord's apostles are charged with acting arbitrarily in choosing Matthias to take Judas' place. It is said that they first chose two candidates and then asked God which of these two He would have to fill the vacant position. Paul, according to some, was actually God's choice for Judas' place. But this charge is not based upon the record of the Scripture.

1. The apostles, with Peter as their chief, had been given authority to act officially in Christ's absence (Matt. 16:19; 18:18, 19).

2. They acted upon the Scriptural declaration that another apostle should be chosen to fill Judas' place (Psa. 109:8, cf. Acts 1:20).

3. Their action was bathed in many days of united prayer (Luke 24:49, cf. Acts 1:12-15), and when two candidates were found they again prayed and left the final choice in the hands of God (Acts 1:24-26).

4. Probably only two (Matthias and Joseph Barsabas) were eligible, for only those could qualify who had followed Christ continuously from the day of His baptism by John until His ascension to heaven (Acts 1:21, 22, cf. Matt. 19:28, "Ye which have followed Me").

5. Paul would not have been eligible, for He had not even seen Christ during His earthly ministry (1 Cor. 15:8).

6. The conclusive proof that the eleven acted in the will of God in this matter is found in the fact that the Scripture clearly states that Matthias "was numbered with the eleven apostles" (Acts 1:26) and that "THEY WERE ALL FILLED WITH THE HOLY SPIRIT" (Acts 2:4). Men out of the will of God are not filled with the Holy Spirit.

Thus Paul stands separate and distinct from the twelve as the apostle of the present dispensation of grace (Eph. 3:1-3).

Fire Calls

Texico Volunteer Fire Department answered a call for an emergency vehicle Tuesday, Oct. 7, to transport a resident to the Muleshoe hospital.

Farwell Volunteer Fire Department had a call for the emergency vehicle on Friday, Oct. 3, to transport a resident to Clovis Memorial Hospital.

Farwell firemen answered a fire call about 2:30 a.m. Wednesday to the Kyle Sheets place, three miles north and one-half mile east of Lariat. An old barn belonging to Billy Mayfield was a complete loss, burning to the ground, and two sows and several pigs were lost. No estimate of loss was available.

The firemen kept the fire from spreading to a nearby corn field but a small hay stack caught fire and was still smoldering as of noon on Wednesday. Mrs. Mayfield reported that it was fortunate that the wind was not strong at the time of the fire. She said the wind kicked up during the morning daylight hours and they were still wetting down the smoldering hay stack.

Texico Trustees

To Convene

Members of the Texico Board of Trustees will meet Tuesday, Oct. 14, in a regular business session at 6:30 p.m. MDT in City Hall.

No agenda was available at press time.

Golden Circle SS Class Has Officer Installation

Golden Circle Sunday School Class of the First Baptist Church of Texico met at a Clovis restaurant Tuesday, Oct. 7, for installation of officers. Estellene Billington offered the opening prayer.

Each officer installed represented a color. As Dickie Magness presented each new officer, they in turn painted their "color" with all the others to make a beautiful picture for the 1975-76 year. These "colors" were combined with a scraper.

New officers installed were Nora Day, teacher; Velma Kelly, assistant teacher; Mary Dorris, outreach leader; Charlotte Pierce, assistant outreach leader; Minnie Hagler

Co. Commissioners

To Consider Bids

Parmer County Commissioners Court will meet in session Monday, Oct. 13, in the County Courtroom at 11:00 a.m.

Among the items on the agenda will be consideration of bids for a motor grader, consideration of bids to lease certain county school lands in Gaines County, and a discussion of travel pay for district attorney's investigators.

Also to be discussed is an update of the Mental Health/Mental Retardation operations by Baker Duggins.

and Iona Chappell, secretary and corresponding secretary; Bernice Thigpen, chairman of the piggy bank fund; Letha Morris and Ophelia Billington, group captains; Darlene Haile, associate group captain; Mozelle Kirby, devotional chairman; and Evelyn Hadley and Wanda Walker, food chairmen; and Dorothy Rolan and Mary Dell Brown are in charge of the social committee.

Special music was by Fern Sharp accompanied by Evelyn Hadley. Prayer was led by Frances Boling.

Lanette Thompson, a special guest from Ft. Sumner, read a poem on prayer.

Mary Dell Brown and Dorothy Rolan decorated for the occasion. Little booklets to represent the ladies' secret pals were presented members.

Secret pals were announced and new names were drawn for the next year.

Frances Boling made the class yearbook and displayed it. Those present were Dorothy Rolan, Evelyn Hadley, Frances Boling, Mozelle Kirby, Iona Chappell, Bernice Thigpen, Mary Dorris, Ophelia Billington, Letha Morris, Nora Day, Minnie Hagler, Mary Dell Brown, Velma Kelly, Gladys Pierce, Aileen Pearce, and special guests, Dickie Magness, Estellene Billington, Lanette Thompson and Fern Sharp.

Thursday, November 6, 1975, in the Security State Bank, in Farwell, Texas. Proposals received after this time will not be accepted. All interested parties are invited to attend; proposals will be opened and read aloud.

NOTICE SALE OF LANDS

The undersigned, having been appointed Receiver by the District Court of Parmer County, Texas, in Cause No. 3620 upon the docket of said Court, by order dated September 18, 1975, and being ordered to sell at public auction the herein-after described lands, hereby gives this public notice that, as such Receiver, the follow-

ing lands, to-wit:
All of the North Half (N½) of Section 16, Harrah Subdivision, Parmer County, Texas, containing 160 acres of land, more or less,
will be offered for sale at public bid at 10:30 A.M. Tuesday, November 4, 1975, by the undersigned at the Courthouse door of Parmer County, in Farwell, Texas.

Terms shall be all cash, with 10% deposit required by the successful and highest bid upon the date of sale. The highest bid shall be subject to approval of the District Court of Parmer County, Texas, and the remainder of the cash bid shall be required to be paid at time of approval of sale by the

Court and delivery of Receiver's Deed.

Sale of the land shall be subject to all visible and recorded easements and such other matters as may be revealed by examination of the land. An insured title shall be otherwise furnished to the purchaser with the Deed. The purchaser shall be required to settle with the tenant for his plowing of the land at time of sale.

J. B. Sudderth,
Receiver appointed in Cause No. 3620, District Court, Parmer County, Texas.

INSUR-MATION

P.C. Farm Bureau Insurance
Billy Watts
Ph. 481-3395

How often is it really necessary to review my insurance coverage?

Periodically, depending upon how static your economic and family situation is. When an individual takes on any new responsibility, receives a reasonable increase in pay or suffers a financial loss... this indicates a review should be made. As a family develops, the cash requirements for certain items which need to be bought on installments and the major commodities considered to be necessities eventually ease off. Thus more money is available to be saved and this would call for a possible review of your insurance coverage. These are the times to come in with your plans, present financial circumstances, and discuss your personal situation.

from across the desk of Joann Getz

TRIVIA

Well, you can't please 'em all. We just hope we please the majority of our readers. The latest complaint, or gripe, is "why can't you run bigger pictures" and "looks like you could run bigger headlines -- like the other area papers."

For those of you who do understand, we apologize for repeating ourselves. For those of you who do not, we will attempt to explain once more.

Very simply, as a general rule we do not have the space. As for comparison with other area newspapers, just check the number of stories and local news coverage in the columns of the Tribune. You'll find upwards of 50 to 100, or more, individual local stories (not "canned" news releases). Yes, I'm bragging.

Would you rather have more stories and events covered and reported or big headlines and bigger pictures?

Another thing we suggest you check. Almost without exception, the Tribune regularly has more pictures. Would you

People once believed that pixies would gather the apples that fell from the trees after harvesting.
