Germans Launch New Counterblow

By EDWARD KENNEDY
PARIS, Jan. 25 (AP)—The Germans have opened a desperate new offensive against the western front in northern Alsace, it was announced late today at supreme headquarters, possibly in a supreme effort to win back

the whole northeast France province. Attacking on a 20-mile front from Haguenau northwest into the Vosges mountains, the enemy crossed the Moder river at places 15 miles below the reich frontier. Far to the north, the British

Second army drove under guns of the Siegfried line to within a mile of the Roer river, where the fixed defenses begin. Seven towns within 30 miles of Dusseldorf fell to the Tommies.

The Allied air force again pounded on thinning German traffic faltering out of the Ardennes salient in the center. German troop movements toward the east still were seen.

The First and Third armies captured nine more towns in Ardennes sector, three of them inside Germany. First army troops pushed close to the reich frontier around Walle and Ambieve, above St. Vith. The First division trapped and captured 300 Nazis.

By midafternoon, pilots of planes over the First army front reported they had destroyed or damaged 496 trucks, 37 armored vehicles, and 160 railcars. Nearly 7,000 vehicles and tanks had been knocked out in three days before Tommies.

A First army dispatch said the Germans appeared to have switched every available fighter plane to the Russian front.

The Germans struck in Alsace in what may be their last reckless effort in the west.

They smashed into U. S. Seventh army lines after heavy artillery preparation and cut the Haguenau-Sarrequeimins road. The Americans still held the rail center of Haguenau (pop. 20,000), but the Germans were attacking through the adjacent forest on both the east and west sides. Weather was so foul that the Seventh army had virtually no tactical air support.

Gen. Hermann Balck opened the drive with a heavy artillery and mortar barrage, while other Germans to the north were continuing a great eastward exodus from the Ardennes salient. Roads and rails were so littered in the north that the Germans resorted to routes in the center.

The British Second army closed within a mile of the Roer river in northeast Germany, fighting close to the Siegfried line. At no point were the British more than three miles from the Roer, which the U. S. Ninth army to the south guarded from Limburg to below Duren. The fresh British advances swept up seven towns in 12 hours, some less than 30 miles from Dusseldorf. Linne, three miles from Roermond, was among those taken.

The German offensive in Alsace was in an area where the Seventh army had plenty of rugged space to trade for time in which to reinforce. It was by no means on the scale of the Ardennes offensive of mid-December.

FORT WORTH, Jan. 25 (AP)—The remnants of Col. Elliott Roosevelt's Dutch Branch Ranch herd of Arabian horses today were en route to his wife, Actress Faye Emerson, in California.

TU Controversy Erupts In House

AUSTIN, Jan. 25 (AP)—The University of Texas controversy erupted in the house of representatives today with attempted introduction of a resolution calling on the attorney general to determine "whether or not Homer P. Rainey has been lawfully dismissed" as president of the university.

The resolution was knocked out on a point of order by Rep. C. R. Chambers of May who contended that statutes do not permit the house as a whole to ask the attorney general for an opinion.

He cited Article 4399 which permits committees of the house to ask for such opinions and Rep. R. N. Grishman of Eastland, author, said the resolution would be rewritten authorizing some committee of the house to seek the opinion, and be reintroduced.

A few minutes before the futile effort at introduction of the resolution, the first house bill bearing on the controversy was filed. It specifies that the primary function of the board of regents shall be to "manage the endowment and determine the fiscal policies of the University" and that "the president, the board of regents and the faculty shall have joint responsibility for educational policies." Under present statutes, government of the University is vested in the board, and it was upon this legal premise that the board defended its actions that led Nov. 1 to the dismissal of Dr. Rainey after a long series of disputes between members and the president.

Pending in the senate is a bill by A. M. Aikin Jr., of Paris, strictly limiting activities of governing boards of state colleges to policy making. The house bill was by Rep. R. L. Proffer of Denton.

Chambers said he made the point of order "to keep the record straight," not because he was not in sympathy with its purpose.

"It seeks to do what should be done but I want to be sure of my ground," he declared.

The first reading of the resolution by a clerk went unnoticed by many house members. Others jumped to their feet with cries of "rote." Then members began milling about the floor. A second reading was ordered.

A second point of order against the resolution was in the making before it was ruled out and possibly the second point may arise when the resolution is reintroduced in altered form. This point was that the house rules require all resolutions to be referred automatically to a committee for study before the house can consider them. However, this rule probably would hold up floor consideration only for a day or so, providing the resolution was approved by the committee to which it was sent.

Connally Sees Senate's "Overwhelming" Support

WASHINGTON, Jan. 25 (AP)—"Overwhelming" senate approval of American participation in an international peace preserving organization was predicted today by Foreign Relations Chairman Connally (D-Tex.).

He linked his prediction to the bipartisan endorsement of such a program by the senate's 16 newest members.

The freshmen senators — 10 Democrats and 6 Republicans — dispatched a unique letter to the White House yesterday assuring President Roosevelt of their sentiment on the matter and wishing him success in his conferences with other Allied leaders.

Yanks Reach Clark Field Corregidor Hit First Bombing By Americans In

WASHINGTON, Jan. 25 (AP)—Contending big versus little business is "the real issue" in control of the government's huge banking powers, Henry A. Wallace today proposed a congressional investigation of RFC lending under Jesse Jones.

The former vice president said that "the real motive" behind a bill to strip the lending authority wielded by Jones away from the commerce secretaryship "has nothing to do with my competence to handle those powers."

If confirmed as secretary of commerce, Wallace made clear, he intends to use the lending authority to assist little business as well as the big companies in a drive for "a free America," which is also a prosperous America" and to carry out President Roosevelt's goal of 60,000,000 post war jobs.

"If the congress does not feel that the powers of the RFC should be exercised in such a way as to further the objectives which I have set forth here, then I respectfully urge the congress to take the RFC out from under the control of the commerce department."

"For I can tell you here and now that if the RFC is left in the commerce department, I will use its powers in the interests of all the American people."

Jones, who testified yesterday, had frankly termed Wallace "not qualified" for the combination posts that have been held by the Texan. But Wallace expressed "deep concern" at the move to take the lending authority away from the cabinet job.

He would be "less than frank," Wallace said, if he told the committee that his concern sprang merely from the fact that the separation of authority was proposed.

"Of even greater significance," Wallace said, "was that my nomination for secretary of commerce was the occasion for this proposal."

Reading from a typewritten statement, Wallace said talk of his lack of experience—words used by Jones—"does not fool either me or the American people."

Wallace was greeted by a prolonged outburst of applause from more than 500 spectators when he walked into the hearing.

"It is not a question of lack of experience," he said. "Rather it is a case of not liking the experience that I have had."

Since President Roosevelt nominated Wallace to hold the combined job of loan administrator and secretary, firing Jones from the cabinet in the process, Wallace has a vital interest. For him, the question is whether if confirmed as commerce secretary he will also have control over the RFC's 40-billion dollar financial realm.

By the rule book, witnesses before senate committees are supposed to confine their testimony to the legislation under consideration. But Jones, endorsing the bill yesterday, threw one punch after another at Wallace from start to end of his hour and more in the witness chair.

FDR Nominates Elliott To Become Brigadier General

WASHINGTON, Jan. 25 (AP)—President Roosevelt today nominated his 34-year-old son, Col. Elliott Roosevelt, to be a brigadier general in the army air forces.

The proposed promotion went to the senate in the midst of a controversy over the army's air priority system which gave a dog owned by Colonel Roosevelt precedence over three servicemen.

The nomination goes automatically to the senate military committee, which voted only last Monday to inquire into the whole priority practice as well as the dog incident. Itself. The committee recommends for or against confirmation of such nominations.

If confirmed young Roosevelt would not be the youngest general officer.

Col. Roosevelt, who recently returned to duty in England, denied he ordered a priority for the dog, an English bull mastiff named Blaze. The three servicemen, flying west on furlough, were bumped off an army cargo plane at Memphis Jan. 11 while the dog, with an "A" priority, was allowed to continue the flight.

The animal was sent from Washington to Colonel Roosevelt's bride, actress Faye Emerson, in Hollywood. It was one of two she said her husband sent from England to start a breed in this country.

Wallace Requests RFC Investigation

By LEONARD MILLIMAN Associated Press War Editor

American armored forces have reached Clark Field where the Japanese knocked out the U. S. Philippines air force three years ago, and it's a safe guess the great airbase is again in Yank hands now.

Clark's 13 runways can feed hundreds of bombers and fighters into the growing bombardment of un conquered enemy islands off the China coast and on the southern approaches to Japan.

Japanese broadcasts reported three unconfirmed air and naval strikes over nearly 2,000 miles. They said American naval forces shelled Iwo Jima, 750 miles south of Tokyo, in coordination with yesterday's Superfortress raid. More than 120 fighters and bombers, presumably from a British carrier force, reportedly raided Sumatra off regions, 300 miles south of Singapore. And bombs from B-29's disturbed the sleep of Osaka residents on the home islands.

Japanese invasion columns narrowed the Chinese-held gap of the Canton-Hankow railway. Nipponese continued their grudging retreat on most sectors of the Burma theater, falling back toward Mandalay and Rangoon.

Two weeks of American re-invasion of Luzon island in the Philippines has cost Gen. Tomoyuki Yamashita at least 6,449 men killed against 657 American dead. Another 2,301 more Yanks were wounded and 187 are missing. This is a total of 3,145 casualties compared to an estimated 14,000 for the Japanese, including 7,200 wounded and the unusually high number of 423 prisoners.

The motorized 14th army corps, now approximately 50 miles from Manila, rolled across the undefended elaborate fortifications along the Bataan river after only a brief skirmish with Japanese rear guards before the ruins of the town of Bataan.

This was the second well-prepared natural defense line that the enemy abandoned without a fight. The town was virtually razed by Yamashita's scorched earth policy.

Little artillery spotter planes were using Bataan airfield, one of the major satellites of Clark Field, before ground forces reached it. Forty wrecked enemy aircraft littered the runways.

Philippines-based aircraft bombed Corregidor, ancient island fortress at the gates of Manila Bay for the first time. Others made their most extensive sweep over Formosa, the Pescadores and the Ryukyu islands which guard the China coast and stand as natural stepping stones from the Philippines to Japan.

Tokyo reported a task force of twelve cruisers and destroyers shelled Iwo, on another approach to Tokyo. "Slight damage" was admitted to the island where Superfort bombs caused big explosions.

Fortress Konigsberg, a city of 388,000 which is 56 miles northeast of Elbing, was reported by the Germans to be under a frontal assault.

In southeastern East Prussia the forces of Gen. Ivan Chernikovsky were penetrating one by one the passages between the Masurian lakes.

The German communique acknowledged a retreat "at the Masurian lakes between Ortelsburg and Lutzen" in this major defense line of East Prussia. The Russians had advanced the capture of Angerburg, at the northern end of the most important of these lakes.

Poll Tax Payments Increased Thursday

WASHINGTON, Jan. 25 (AP)—A bill proposing retired regular army officers called to active duty receive retirement pay in accordance with their highest temporary rank was proposed by Rep. Kilday (D-Texas) yesterday.

Visible voting strength was up to 2,633, including 2,553 poll taxes and 80 exemptions. There was a net gain of 110 over Wednesday, which represented one of the best gains of the week. However, heavy purchasing of poll taxes or securing of exemption certificates must hold sway if the 4,035 total of 1943, the immediate previous "off" year is equalled.

Letter Received From Floyd Dixon

Mr. and Mrs. B. Y. Dixon, who earlier this week received a letter from their son, Floyd Dixon, S 2/C, who is a prisoner of the Japanese in the Osaka, Japan, prison camp, have received another letter.

This one was dated Aug. 3, 1944 and contained a hopeful line that he would be back by autumn to enter state university. Dixon has been a prisoner since Wake Island fell late in December of 1941.

The filtration plant will be started Monday, it was announced Thursday by City Manager B. J. McDaniel. About half of the water to be used will be lake water, and the remainder will be well water, he said.

East Prussia Cut Off From Reich

LONDON, Jan. 25 (AP)—Red army forces have broken the Oder river line in southeast Germany and are exploiting the breakthrough while in the north they apparently have cut off East Prussia, Soviet field dispatches announced today.

Moscow broadcasts said the thunderous Soviet winter offensive had rolled to a point little more than 125 miles from Berlin and that Red army units were fighting "on the edge of Konigsberg," capital of East Prussia.

Capture of Glewitz, big industrial center just west of the Silesian manufacturing towns of Hinnenburg and Beuthen, was announced by Marshal Stalin. Chrzanow, important center in the Bombrowa coal basin, 17 miles west of captured Krakow in Poland, also was taken.

Glewitz, 90 miles southeast of Breslau, is the largest German city captured by the Russians. Its 118,000 population was mostly engaged in a large coal transshipping business and seven large arms machinery plants.

Fall of Breslau, capital of lower (northern) Silesia and most important industrial city in the eastern reich, appeared imminent as Marshal Ivan Konev moved his First Ukrainian army rapidly west of the Oder to encircle the city.

Konev's forces, vanguards of the Russian avalanche, stormed across the broken ice of the Oder in the heart of Silesia at a point southeast of Breslau, Soviet front line reporters said, and shoved on toward the mountains of Bohemia in Czechoslovakia.

Konev was fighting for yet other crossings northwest of the Oder straddling city, and Berlin said he already had secured a bridgehead at Steinau, 32 miles northwest of the city and 138 miles from Berlin. Hundreds of Konev's tanks and self-propelled guns laid down a searing barrage on the approaches.

The crossing southeast of the city apparently was in the neighborhood of captured Oppeln, capital of upper (Southern) Silesia, and about 30 miles northeast of a tip of the Moravian border of Czechoslovakia.

To the southeast the Fourth Ukrainian army fighting through the mountains of Slovakia was reported only about 40 miles east of the Jablunka gateway to Moravia, a historic passageway which Bismark once called a controlling position in central Europe.

The Germans, by their own admission, had failed to halt Marshal Konstantin Rokossovsky's smash toward the Baltic.

Col. Ernest Von Hammer, German military commentator, said a Russian spearhead had penetrated East Prussia until it reached the Frische Haff, a Baltic coastal lake, at a point just east of Elbing.

His report coincided with Moscow dispatches reporting a Soviet penetration to the Vistula estuary.

From 20 to 30 German divisions—200,000 to 360,000 men—were estimated to have been cut off by land by the Soviet wedge driven to the Baltic.

"Fortress Konigsberg," a city of 388,000 which is 56 miles northeast of Elbing, was reported by the Germans to be under a frontal assault.

In southeastern East Prussia the forces of Gen. Ivan Chernikovsky were penetrating one by one the passages between the Masurian lakes.

The German communique acknowledged a retreat "at the Masurian lakes between Ortelsburg and Lutzen" in this major defense line of East Prussia. The Russians had advanced the capture of Angerburg, at the northern end of the most important of these lakes.

House Military Group Recommends Immediate Service Legislation

WASHINGTON, Jan. 25 (AP)—The argument that fighting armies need help now accompanied a house military committee recommendation today for prompt action on national service legislation.

Shortages of war material are "real and immediate," the committee said in sending to the house floor a bill to require every man between 18 and 45 to work where he is needed under threat of induction, fine or imprisonment.

The committee completed action on the legislation late yesterday after two weeks of consideration and, in a last minute move for harmony, eliminated on a close vote an "anti-closed shop" amendment.

The rejected amendment would have permitted a registrant to work in a union shop without joining a union, if his draft board told him to go there. Instead the committee wrote in a provision requiring local draft boards to give a man "a reasonable choice of employers for whom to work."

It left in the hands of the director of war mobilization, or someone designated by him, the authority to determine what are essential occupations. But it confined to draft boards the power to tell a man to stay in his present job or move into one where his services are needed.

A registrant complying with a board order was voted benefits of the soldiers and sailors civil relief act and the same reemployment priority guaranteed a drafted man under the selective service law.

But for a man who quits his job without board approval, or who refuses to take a job at board direction and without reasonable cause, the committee decreed a maximum punishment of five years imprisonment and a \$10,000 fine, with the army and navy having the choice of drafting the man from active duty.

Chairman May (D-Ky) said he hoped to see debate get under way tomorrow, with a house vote expected by the latter part of next week.

Moscow Reports Mass Unrest In Czechoslovakia

LONDON, Jan. 25 (AP)—The Moscow radio said today that "mass unrest has broken out" in Prague, old Czechoslovak capital, and the Germans announced that a state of siege had been clamped on the city.

A state of siege was imposed on other eastern cities of Czechoslovakia, Berlin disclosed as Russian armies drove to within 170 miles of Prague from the Oder river sector.

The Germans said they were retreating in Slovakia.

In Prague, said Moscow, "workers have gone on strike and the population is trying to prevent the German evacuation of machinery and material. The population is fighting the Gestapo in various districts."

Troop Transport Sunk; 248 Yank Soldiers Dead

WASHINGTON, Jan. 25 (AP)—An American troop ship carrying more than 2,200 soldiers was sunk recently in European waters as a result of enemy action with the loss of 248 dead and 517 missing.

Secretary of War Stimson made the announcement at his news conference today.

The remainder of the troops aboard, more than 1,400, were saved, Stimson said.

He gave no further details.

Stimson at the same time disclosed that army casualties since Pearl Harbor have reached 616,951. Coupled with a navy total of 84,999, the aggregate for the armed forces since the beginning of the war now are 701,950.

This total represents an increase of 38,001 since last week's report. The navy accounted for 1,635 of the increase and the army for the remainder.

A breakdown on today's figures: Army: killed 117,256; wounded 356,813; prisoners of war 57,432; missing 85,450. Navy: killed 32,394; wounded 38,513; prisoners 4,477; missing 9,615.

Stimson said that of the army's wounded 180,320 have returned to duty.

STILWELL NAMED TO HEAD GROUND FORCES OF ARMY

WASHINGTON, Jan. 25 (AP)—War Secretary Stimson today announced the assignment of Gen. Joseph W. Stilwell to command of the army ground forces succeeding Lt. Gen. Ben Lear.

Lear's assignment as deputy commander in the European theater in charge of administrative matters was announced yesterday.

Stimson said Stilwell in Washington and will take over his new command immediately.

Child Study Club To Donate Books To Public Library

A new project to give \$25 worth of children's books to the public library was discussed when members of the Child's Study Club met in the home of Mrs. Iva Huncutt with Mrs. J. E. Brigham as co-hostess Wednesday afternoon.

Mrs. Charles Watson, president, presided at the business meeting and appointed Mrs. J. B. Mull, Mrs. W. E. Wright, and Mrs. Brigham as a committee of three to carry out the plans for the book project. Mrs. G. K. Chadd spoke on "Manner for Today" and Mrs. John Dibrell brought a topic concerning nutrition "Plans for snack time."

Refreshments were served to Mrs. A. R. Collins, Mrs. Chadd, Mrs. John Coffee, Mrs. Dibrell, Mrs. G. R. French, Mrs. Jack Y. Smith, Mrs. R. W. Thompson, Mrs. Watson, Mrs. Wright, Mrs. Escal Compton, Mrs. Mull, Mrs. Huncutt, and Mrs. Brigham.

Party Honors Jeanette Petty

Valentine motif was used at the party Mrs. S. P. Petty Jr. gave honoring her daughter, Jeanette, on her ninth birthday anniversary Monday afternoon in their home. Games were played and songs were sung.

A large white birthday cake trimmed in red icing with "Happy Birthday" across the top was served with sandwiches and sodas. Those present were Dick Dillard, Frankie Mae Morgan, Mary Beth Jenkins, Barbara Jane Petty, Jackie Sparks, Barbara Ann Blyler, Jerry Wilkins, Jan Bailey, Alice Adkins, Jan Robinson, Marian Jean Talley, Margie Beth Keaton, Don Brigham, Constance Holmes, Jan Burns, Janelle Jones, Charles Ray Jenkins, Tommie Tate, Lewis Stipp, Lewis Reagan, the honoree, and the hostess.

Gift Reception Honors Bride

COLORADO CITY, Jan. 25 — Honoring a recent bride, Mrs. Merrit E. Jones, a gift reception was given by Mrs. Owen Lee Montgomery and Sue Hardegree at the Colorado City home of Miss Hardegree. The honoree was before her marriage to Lt. Jones in Indianapolis, Indiana, December 29, Madalynne Williamson, and is the daughter of H. F. Ward of Colorado City.

Receiving at the evening reception were Mrs. Ward, Mrs. M. O. Hardegree, Miss Hardegree, Yvonne Williamson of Big Spring, sister of the bride and Mrs. Jones.

Mrs. Montgomery was in charge of the guest registry. Also in the houseparty were Mrs. Cecil B. Smith and Mrs. Vern Hawk. Refreshments were served from a table centered with a miniature bride party on a mirror reflector wreathed in fern and white flowers. Favors were tiny bombardier's wings with the date of wedding of the couple inscribed.

A 1942 graduate of Colorado City high school, the bride was reared here. Recently she has been employed as a clerk by the ration board at Odessa.

Lt. Jones received his commission and bombardier's wings in September after final training at the Midland bomber school, and is now receiving training in radar at Langley Field, Virginia.

Ted Hale Reported Killed In Action

COLORADO CITY, Jan. 24 — A second war department message to Mr. and Mrs. Jim Hale of Colorado City has informed them of the death of their son, Pfc. Ted Hale, in action in France on January 5. A previous message had told them, Sunday, that Pfc. Hale was officially listed as missing in action.

Attached to a headquarters company of the 179th infantry, he had been awarded the Purple Heart for wounds received during a German bombing raid in North Africa. In September, 1944, he was awarded the combat infantryman's badge for service in France with the Seventh Army.

He was trained at Camp Wolters, Texas, and in Greenville, Pa., and went to overseas duty in September, 1943. He had seen active service in the North African, Sicilian, Italian and French campaigns.

In addition to his parents he is survived by one brother, Jack Hale, of Fort Worth.

Ozona Boy Given Carnegie Medal

PITTSBURGH, Pa., Jan. 25 (AP) — A Carnegie bronze medal of heroism has been awarded Arthur Byrd Phillips, Jr., of Ozona, Texas. The medal was awarded him for halting a runaway horse, and probably saving a companion's life.

The Carnegie citation related Phillips and his friend, Neal J. Reed, 16, were roping and treating sheep near Sterling City, Texas, July 14, 1943. Reed dismounted from his horse and inadvertently stepped in the loop of his lariat lying on the ground.

His horse became frightened and ran, tightening the rope around Reed's legs and dragging the boy behind. Phillips' lariat was dragging from his saddle, and he said he didn't have time to coil it again and throw. So he whipped his horse into a run, overtook Reed's animal, jumped from his own saddle to the neck of the runaway horse and brought it to a halt. Reed suffered lacerations and bruises and Phillips received only minor scratches.

Year's Activities Planned At Meet

COLORADO CITY, Jan. 23 — With Mrs. Elsie Gilkerson, HD agent of Nolan county, as guest demonstrator the HD clubs of Mitchell county were given a special demonstration on landscaping of yards at the home of Mrs. J. C. Cook. Two members from each Mitchell HD club and the Mitchell HD agent, Graham Hard, were present.

New Yearbooks for Mitchell clubs have been distributed and both regular club meetings for January will stress landscaping, planting, and caring for plants. At the second meeting of each club this month members will bring cuttings for exchange and a discussion of suitable trees and shrubs for this region will be held.

The first February meeting will highlight the refinishing of furniture with a furniture demonstration to be given by Miss Hard. Finishing for household linens will be studied at the second meeting in February with a display and demonstration of suitable edgings for household linens.

In March, kitchen improvements will be undertaken with the first program of that month to feature suggestions from the HD agent on planning a kitchen. The latter meeting in March will have as a program talks and displays or demonstrations on refinishing woodwork and floors, and a demonstration on wallpapering.

At the first April meeting equipment and storage is to be studied with the agent discussing labor saving devices and storage for the kitchen. The making of dress forms will be demonstrated as the project for the second April program.

A demonstration of slip covers and suitable pictures for the home is scheduled for consideration in May.

With the coming of June and early summer gardens, clubs will undertake the study of food preservation taught by Miss Hard.

Short cuts in sewing and the care of a sewing machine will fill the first July program while the planning of fall gardens is the theme of the other meeting in that month.

Picnics and parties will be planned, then given by each club in August. The making of children's clothes and a demonstration on the making of feather comforts are to be studied in September, a hat clinic will be held in October, and the year will be climaxed with achievement day.

Colorado Veteran Returns To Duty

COLORADO CITY, Jan. 25 — After a 30 day leave spent at home in Colorado City visiting his wife, Petty Officer First Class Oren O. Lipps, veteran of almost two years foreign service with the US Naval construction corps, has returned to the naval hospital at San Diego for further treatment and review.

A carpenter's mate first class, Lipps was stationed for eight months on Palmyra, one of the western tropical islands in the Pacific, where he contracted chronic arthritis.

A plasterer in Colorado City before he enlisted in September, 1942, he was sent to Norfolk, Va., for three months training after having been called to active duty in December of that year. After he became ill of arthritis, navy doctors sent him to a hospital in Honolulu where he was under treatment for six weeks. He was returned to the United States early in December.

His mother is Mrs. Olive Lipps, now in Abilene, who lives with her daughter, Mrs. Ben Costin, and Mr. Costin, 17th street.

Junior Missionary Society Has Party

Eddie and Donald Hickson were hosts when the Junior Missionary Society of the Main Street Church of God met in their home Tuesday night to celebrate the organization's second anniversary. The hosts were assisted by their mother, Mrs. F. P. Hickson.

Games were played and prizes were awarded to Nelda Smith, Twila Phillips, Johnny Hickson and Rosie Wray. The group presented their sponsor, Lorhea Witt, with a gift.

The color scheme was pink and blue which were carried out in the home decorations and the refreshment plate. Those present were Meiba Jenkins, Joanna Hickson, Donald Phillips, Nelda Smith, Twila Phillips, Johnny Hickson, Rosie Wray, Glenn Jenkins, and the hostess.

CHET WILSON, famous black-face comedian of the stage, will be one of the 12 variety acts being presented here Monday night on the stage show, "VARIETIES OF '45." With his clever line of patter and his eccentric dances Chet is very much at home on the stage where he has been appearing, entertaining the public, since he was the ripe old age of five years old. "VARIETIES OF '45" offers a full two hour show with an all star cast of entertainers including music, song, dance, and comedy. Don Payne, king of the laughs from Hollywood, will head the cast as master of ceremonies. The show is the annual talent revue sponsored by the American Legion and reservations may be made by calling 1543. "VARIETIES OF '45" will be presented at the Municipal Auditorium Monday night, Jan. 29th at 8:15 p. m. (adv.)

WEST TEXANS GET GOOD SHARE OF HOUSE COMMITTEE SPOTS

AUSTIN, Jan. 25—West Texas legislators got a goodly share of the choice committee assignments in the Texas house, led by W. R. Chambers of May with chairmanship of the important committee on revenue and taxation.

Equally important to the West Texas area was the assignment of Harley Sadler of Sweetwater to chairmanship of livestock and stock-raising; and Joe Humphrey of Abilene—perhaps because his district wouldn't be affected in any event—was given the committee which will pass on legislative redistricting.

Committee assignments were: W. R. Chambers of May; chairman, revenue and taxation; edu-

cation; conservation and reclamation; agriculture; constitutional amendments.

Joe Humphrey of Abilene; chairman, congressional and legislative districts; education; rules; constitutional amendments; appropriations.

Cecil Barnes of San Angelo; State affairs, highways and roads, state institutions, criminal jurisprudence.

Harley Sadler of Sweetwater; chairman, livestock and stock-raising; vice-chairman, oil, gas and mining; highways, congressional and legislative districts, state institutions.

O. E. Gerron of Odessa; vice-chairman, criminal jurisprudence; oil and gas, livestock, state institutions.

Harry Davis of Boerne; chairman, game and fish; motor transportation, livestock, insurance, aeronautics.

Jack M. Mabe of Eagle Pass; vice-chairman, commerce; livestock, highways, agriculture.

Sterling Williams, Snyder; livestock, highways, judiciary, criminal jurisprudence.

Chamber Members Asked To Send Votes

Members of the chamber of commerce were reminded Wednesday that in order to vote for the 10 new members of the directors of the chamber of commerce their votes should be in by Jan. 27. These new directors with the 10 directors held over will select five directors bringing the total to 25.

If a member does not receive a card used in voting he was urged to obtain one at the chamber of commerce offices as soon as possible.

SERVE THE
BASIC 7 EVERY DAY

To work for victory... to fight and win the war, the U.S. needs US strong. That means we should follow Uncle Sam's nutrition guidance. We must eat foods from the Basic 7 Food Groups, every day. NUCOA—the delicious, nutritious margarine fortified with Vitamin A—is in Group Seven of the Basic 7. Add NUCOA to your shopping list—get some at your grocer's today!

THE BASIC 7 MEANS GOOD NUTRITION

BUY SOME FOOD FROM EACH GROUP EVERY DAY

So we'll all be fit, Uncle Sam has set up the National Wartime Nutrition Program in which he recommends that we eat some food from each of the Basic 7 Food Groups every day. To the left is the Nutrition Target all America is to shoot at. So aim well, hit the mark every day for better health.

Nutritious NUCOA is included in Group Seven of the Basic 7. It contains no less than 9,000 Vitamin A units per pound and also supplies 3,300 calories, as much food energy as the most expensive spread for bread. So, let point-thrifty NUCOA complement your family's diet, daily. You can use it inexpensively in seasoning and as a spread for bread. Spread it on lunch box sandwiches to make them more nutritious. You'll find that NUCOA, in Group 7 of the Basic 7 Food Groups, adds flavor and nourishment to foods in all the other Basic Groups, and economically, too. So ask for NUCOA today.

*If your grocer is sometimes out of NUCOA, please be patient. Under wartime conditions, we and your grocer are doing our best to supply you. Remember, NUCOA is worth waiting for, and certainly, worth asking for, again!

Juvenile Unit Wants 'Tainted Money'

DALLAS, Jan. 25 (AP)—Two church institutions didn't want \$55,000 in gifts from the Dallas package store operators, but Dallas County Judge Al Templeton would like to get it.

Templeton said yesterday as soon as Julius Schepps returns to Dallas he planned to ask him to let Dallas county use the money to construct an annex to the Sunshine home for juvenile delinquents and dependents.

Baylor Baptist institutions in Dallas and Southern Methodist University rejected gifts of \$25,000 and \$30,000 respectively.

Newspaper advertisements for Marine recruits were published in 1866.

Craig Wood Said Most Likely To Take \$5,000 Texas Open Winnings

By HAROLD V. RATLIFF
SAN ANTONIO, Jan. 25 (AP)—The railbirds looked to blond Craig Wood today as the golfer most likely to capture the \$5,000 Texas Open should favorite Byron Nelson falter.

Nelson, of course, is top man in the forecasts as a field of 140 prepares to tee off tomorrow in the first 18 holes of the tournament but Wood is playing well, like the greens at Brackenridge course and is rated an excellent chance of taking his first championship here.

Others placed high in pre-tournament calculations include Sam Byrd, Harold (Jug) McSpaden and Tony Penna. Defending Champion Johnny Revolta, who picked up at Tucson last week end, was considered too far off his game to be figured a top chance.

Wood, duration National Open champion, had a 69-two under

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Jan. 25 (AP)—While most college athletic leaders believe that the one big lesson they have learned during the war is that "athletics for all" should be made a reality instead of an ideal, Fritz Crisler is the only one we have heard of so far who has a definite plan to bring this about. . . Crisler's post-war idea, which has been favorably received in informal discussions with other Western conference leaders, calls for "sports weekends" instead of single big games against rival schools. . . For instance, the Michigan-Minnesota football game would continue to be the main event of the weekend on which it was scheduled, but Fritz would have the colleges compete also in javavee and 150-pound football, soccer, rugby, cross country and any other games that might be in season. . . He'd have intercollegiate competition in 19 or 20 sports instead of nine or ten, plus limited freshman competition and a big intramural program to back it up.

Unanswered question—One thing Fritz hasn't explained yet—but he's still working on details of the plan—is where the dough comes from? . . . It's usually the size of the football gates that decide what other college sports will be carried on.

Shoris and shells—Frankie Gustine, the Pirate lifter, is working in a Pittsburgh department store this winter—and probably waiting for contract time to find out if there's a Santa Claus. . . When Connie Mack joined the gallery at the recent Los Angeles open golf tournament, he followed only one player—ex-baseballer Sam Byrd. . . Instead of hiring a pro to make some fancy basketball shots for his new picture, "Here Come the Co-Eds," Comedian Lou Costello shot them himself. . . He later explained he had been a pretty good guy on the court at Ridgefield Park and Camden, N. J., twenty-odd years ago.

Horse Players Richer Since Racing Banned

CHICAGO, Jan. 25 (AP)—That strange bulge in the horse players pocket ain't hay—it's idle folding money accumulated since the crackdown on racing.

Gambling on horses in bookie parlors in the Chicago metropolitan area, once a \$1,000,000 a day business—although not legalized—has fallen off 90 per cent since the government's ban on racing Jan. 3, a survey revealed today.

Ontario has added religious instruction and patriotic exercises to school schedules.

Corpus Christi Crowns GG Champs

CORPUS CHRISTI, Jan. 25 (AP)—Corpus Christi crowned eight sailors champions in the district Golden Gloves tournament concluded here last night.

Champions are: Flyweight, Buddy Arwine; Bantamweight, Ray Tavares; Featherweight, L. W. Williams; lightweight, Will Williams; welterweight, Avert Duffy; middleweight, Stanley Reitzner; light-heavyweight, George Mericka; heavyweight, Luther Haak.

Houston Flyweight Champ Eliminated

HOUSTON, Jan. 24 (AP)—Henry Kagawa, defending flyweight champion, was eliminated by Vince Julian as the Golden Gloves field was narrowed to 31 semi-finalists Wednesday night.

A vicious hitter for his weight, Kagawa landed repeatedly with right crosses and uppercuts to the jaw to win the first round. But in the second and third Julian got inside that right and pounded the Webster veteran's body to earn a split decision.

At the present rate, blood donated to the Red Cross in a year's time would fill a 50-car train of large tank cars.

Frogs Whip Baylor To Take Second Place

FORT WORTH, Jan. 25 (AP)—Texas Christians' Horned Frogs were in second place in the southwest conference standings today after whipping Baylor's Bears, 64-25, here last night.

The Frogs had gone into the game tied with the Arkansas Razorbacks. The Porkers play Rice a two-game series this week-end.

Merle Gibson and Leray Pasco scored 14 and 13 points respectively for the victors, while Don Herod was high for Baylor with eight.

"Ding Dong Daddy Of D Car Line" Has Nine Wives—Still Loving

SAN FRANCISCO, Jan. 25 (AP)—Police with three bigamy warrants for Francis Van Wie, 58, blue-eyed and baldish street car conductor, today had nine wives rung up on the trolley line (othario's matrimonial farebox.

But they didn't have Van Wie. Down at the Fillmore car barn, where the sentimental gentleman was known as the "ding dong daddy of the D car line," fellow street railroaders said he had headed out of town last Saturday, looking sad and pensive.

Police Inspector Jerry Desmond said last night that he had yet to determine how many of Van Wie's matrimonial transfers had been validated. He said it appeared at least one wife had divorced the street car Casanova, one received an annulment, and that another had died.

Latest claim to a ticket on the Van Wie line was made by Mrs. Juliana E. Voloshin Van Wie of Los Angeles, who said she married the loving little man April 18, 1942.

"Van was a perfect gentleman in public," she said, "but I was constantly black and blue from his tactics at home."

She expects to have a final decree of divorce from him by June, she added.

GODOY TO ARRIVE
NEW YORK, Jan. 25 (AP)—Arturo Godoy, South American heavyweight champion from Chile, is expected to arrive at Miami tonight, his American manager, Al Weill, announced.

Weill is hopeful of arranging a bout with either Lee Oms or Joe Bakal.

SINKING TO ARMY
ATLANTA, Jan. 25 (AP)—Gridiron star Frankie Sinkwich, classified 4-F last summer, appears headed for the army. The Atlanta Constitution says Sinkwich, all-American at the University of Georgia, has been called for pre-induction examination.

I noted some weeks ago that Abilene might prove the team to beat in the district cage race. They opened their league season Tuesday night with Sweetwater, a team that has beaten the locals once this season. Abilene took the encounter 40-31. That looks bad for the Western bracket winner if the Eagles continue their fast pace.

Incidentally, for future reference, Marion Grant and Joe Francis left yesterday for the Navy. Local football fans will remember these two lads well. Grant was a tower of strength in the Eagle forward wall at his guard position while Francis was a fine end. It was the latter who intercepted a Steer pass and raced 50 yards to score, and to break up a local drive that might have paid off big dividends.

Sliding Down The Sports Chute

with BILL

Jimmie Lawson interviewed Mark Wentz on his regular sports broadcast last evening concerning the future activities of the Big Spring Athletic Association. Mr. Wentz is secretary of this newly organized group, and appeared in behalf of the members and at the request of Jim.

It was a very clarifying interview and I feel certain that many questions were answered in the minds of Big Spring citizens.

Mr. Wentz noted that in the future the association, in contributing to a year-round athletic program for this city, plans activities in football, baseball, softball, golf, boxing, basketball and other sports. A Golden Gloves tournament is already on the tentative slate for next year, the group organizing too late this year for such an attraction.

The membership drive is on, and for the benefit of those who are without radios, dues total two dollars a month. A five dollar initiation fee is also included. However, this initiation fee is reduced to one dollar if a year's dues are paid now.

This may seem rather a drastic cut but the organization, to function to its widest capabilities needs an immediate fund. This encourages the yearly payment and gives a starting point. Now that all ugly rumors have been cleared as to the plans of this organization it is my hope that all the citizens of Howard County will flock into the fold. Members are needed, and Howard County needs the organization. It will not be money wasted if you wish to join.

Coach John Dibrell is due a vote of confidence today. That conference game the Steers captured from a very tough Midland team Tuesday by a 32-30 score is a feather in the coaches hat.

His mostly inexperienced team ran up against the Bulldogs in the Odessa tournament and received a sound beating. The Midland offense was too fast and shifty for them to master. Not discouraged coach brought the boys home after that loss and started working their defense to meet the Bulldogs scoring spree. It worked and the locals won by two points, but their lead was larger than that several times.

Another of the many troubles that plague a coach hit the team Monday also. Billy Ray Warren was declared ineligible and left Dibrell without the very valuable services of that lanky letterman.

Just proves that where there's a will there's a way. Congratulations to the coach and to the Steers. (And to do your part be present in the gym tomorrow night when the Sweetwater Mustangs come here for a double-feature, and next Tuesday night to see the Odessa Bronchos, who got hot in their own tournament to down Midland by three points, in a conference fray.)

To you fans who like basketball but who always "forget" there is a game I might issue a word of warning. The night games will continue only as long as there is a good crowd. Last season when attendance fell off afternoon tilts were played and the size of the crowd doubled. This came, of course, through more students being present.

At any rate you had best brush the cobwebs off your memory and drop in more often. Bring a friend too, to aid your sideline coaching. (And to those who have been attending regularly it might not be a bad suggestion to remind you to phone or bring someone to those games. We got off to a winning start. Good crowds to give the boys some good backing will help a great deal in continuing this winning way.)

Change In Judging Method For Boxing

NEW YORK, Jan. 25 (AP)—A change in the methods of judging fights in New York, the center of the boxing industry, may take place under the reign of Lt. Col. Edward P. F. "Eddie" Eagan the new chairman of the state athletic commission.

"I am not entirely satisfied with the method of judging bouts in New York state," the former international light heavyweight amateur boxing champion and Yale graduate declared last night at the annual dinner of the New York boxing writers. "I plan to hold separate meetings shortly with referees, judges and the boxing writers to determine if a better system can be arranged."

The former Colorado resident indicated he favored a point-scoring system instead of the present round-by-round method.

Lt. Commander Benny Leonard of the maritime service received the Edward J. Nell plaque as the man who did the most for boxing in 1944.

Promoter Mike Jacobs, Maj. Gen. John J. Phelan, former commission chairman and Pvt. Beau Jack, recent lightweight titleholder, also were honored. Jacobs received a wrist watch from the writers as a token of their esteem; Gen. Phelan a gold pen and pencil

Baylor To Return To Football With Staff

SAN ANTONIO, Jan. 25 (AP)—Baylor University will return to Southwest conference football next fall with at least half of the varsity coaching staff it booted when the Golden Bears stepped out of intercollegiate competition in 1942.

Bill Henderson, who has been a first lieutenant in the army air-forces for nearly two years, was returned to inactive duty here yesterday and announced he would return immediately to Baylor.

Henderson will take over as head basketball coach next week and will be acting head football coach until Frank Kimbrough returns from the navy.

Jap Cruelties In Manila Described By American Mother Who Survived Ordeal

By SPENCER DAVIS
 GEN. MACARTHUR'S HEAD-QUARTERS, Luzon, Jan. 23 (Delayed) (AP)—A 42-year-old American mother and her daughter and son who remained in Manila during two years of the Japanese occupation were flown to safety inside U. S. lines today after being in seclusion with Filipino guerrillas during the past six months.

She is Mrs. Iraline Dunning Acosta of Milwaukee, Wis., wife of Manila-born Darma Acosta, a mestizo motion picture actor before the war twisted his career, first to that of a detective in the Manila police force and now a guerrilla chief.

After the fall of Manila Jan. 2, 1942, Mrs. Acosta said she hid in

the city hall for three months with her daughter Dolly, now 15, and her son, Boots, 18.

She said she passed as a Spanish mestiza who the Japanese did not molest.

She related that "they (the Japanese) have a law in Japan calling for a penalty greater than death. I saw cases of torture worse than any of the medieval era or the Spanish inquisition.

"They would rip off fingers of victims one by one and then lick each finger. They stabbed victims with bamboo stakes and bayonets and beat their bodies until nothing was left but pulp but there was life still in the bodies.

"They torture not just men but women and children as well. They have taken women and hanged them upside down and burned them with gasoline. Most of the victims were Filipinos and Chinese.

"There were hundreds of these cases of torture.

"They are the most gruesome, cruel and barbarous people on the face of the earth. They should be annihilated."

The Acosta family left Manila to join guerrillas last summer after Adm. William F. Halsey's carrier planes first bombed the city.

More Beef, Less Pork And Lamb This Year

NEW ORLEANS, Jan. 23 (AP)—Civilians can expect more beef this year but less veal, lamb and pork, says George M. Lewis of Chicago, representative of the American Meat Institute.

Attending a regional meeting of meat packers here, he estimated there would be 8 per cent more beef for civilians than last year, 4 per cent less veal, 13 per cent less lamb and 18 per cent less pork.

Here Is How You Rate With Your Draft Board If You Are "Limited"

By JAMES MARLOW
 WASHINGTON, Jan. 23 (AP)—This probably has a lot of men under 30 sitting up night: Will the army take men who are physically fit only for limited service? The answer to this question is given here. It seems to be the most precise answer possible at this time. It comes from selective service headquarters.

But, first, here's the story behind the question: Every month until last June, of the total number of draftees taken, about 5 per cent were men capable of limited service only. In June the army stopped ac-

cepting such men. By that time it had found within its ranks so many men capable only of limited service that it wanted no more from civilian life.

So this happened: Men, found after their physical examination to be fit only for limited service, were classified 2-A (L) if they were in war-supporting jobs or 2-B (L) if they were in direct war jobs.

But now the army has stepped searching their files for under-30 up its draft calls. Draft boards,

men, have started calling up men with an "L" after their names for a new physical examination.

Some of these men, found unfit months ago, may have returned to a physical condition sufficiently sound to qualify them for general military service. Many haven't, of course.

The army is not taking men for limited service if they are in war jobs or war-supporting jobs. That means men in 2-A (L) or 2-B (L) if still found capable of limited service only.

And there is no indication that the army at any time in the future will begin accepting them again.

But suppose a man listed as 2-A (L) quits his essential job to change to another or to a non-essential job without his draft board's permission.

A man who is 2-A (L) or 2-B (L) has been deferred from military service only because he's in essential work.

If he leaves that work, then the reason for deferring him from military service has disappeared.

Whooping Cough Shows Increase

Whooping cough has shown a steady increase in Texas during the past two months, Dr. George W. Cox, State health officer, announced recently. He urged that strenuous efforts be made to control the disease.

During the last week in December there were 136 cases of whooping cough in Texas. During the first week in January a high of 206 was reached, but it dropped during the second week to 174.

During the first week in January in Big Spring nine cases were reported to the health unit, and the monthly total stands at 11.

Dr. Cox stated that the only source from which the disease may be contacted is another case of whooping cough. He strongly advised isolation to prevent its spread.

Inquiries Increase About Vet Problems

Inquiries are increasing daily concerning veteran problems. T. C. Thomas, county service officer, said Thursday. Not only do these involve men discharged from service in the current World War, but soldiers of the previous war and in some cases members of the families are learning if these are available benefits. Thus far there has been no hearing under terms of the GI bill of rights, said Mr. Thomas, who added "that we are ready but details of handling the program have not been completed by private lending institutions who will actually make the loans."

County Nurses In Knott On Wednesday

Mrs. Ann Fisher and Mrs. Louise Horton, city-county health nurses, were in Knott Wednesday distributing immunization cards to the school children. This was done as a part of a survey to determine the number of children in the county who have been made immune to various diseases as a result of the administering of vaccines and serums. The nurses were in Moore and Center Point for the same purpose. They also urged the children to have X-rays made if their tuberculosis patch tests showed positive results.

Keep 'em on the job SERVE THE BASIC 7 EVERY DAY

To work for victory... to fight and win the war, the U.S. needs us strong. That means we should follow Uncle Sam's nutrition guidance. We must eat foods from the Basic 7 Food Groups, every day. NUCOA—the delicious, nutritious margarine fortified with Vitamin A—is in Group Seven of the Basic 7. Add NUCOA to your shopping list—get some at your grocer's today!

THE BASIC 7 MEANS GOOD NUTRITION

So we'll all be fit, Uncle Sam has set up the National Wartime Nutrition Program in which he recommends that we eat some food from each of the Basic 7 Food Groups every day. To the left is the Nutrition Target all America is to shoot at. So aim well, hit the mark every day for better health!

Nutritious NUCOA is included in Group Seven of the Basic 7. This delicious thirt spread contains not less than 9,000 Vitamin A units per pound. Every pound also supplies 3,300 calories, as much food energy as the most expensive spread for bread. So let point-thirty NUCOA complement your family's diet, daily. You can use it inexpensively in seasoning and as a spread for bread. Spread it on lunch box sandwiches to make them more nutritious. You'll find that NUCOA, in Group 7 of the Basic 7 Food Groups, adds flavor and nourishment to foods in all the other Basic Groups, and economically, too. So ask for NUCOA today!

*If your grocer is sometimes out of NUCOA, please be patient. Under wartime conditions, we and your grocer are doing our best to supply you. Remember, NUCOA is worth waiting for, and certainly worth asking for again!

NUTRITIOUS NUCOA... A BASIC 7 FOOD

Services Today For F. L. Schull

Services were to be held at 4 p. m. today for Frank L. Schull, 54, who was found dead in bed at the family home at 200 Goliad Wednesday noon. Justice of Peace Walter Grice returned an inquest verdict of death from heart attack suffered sometime Tuesday night.

For 40 years Schull had resided in Big Spring and for a number of years was a railroad employe. He is survived by his mother, Mrs. Anna Schull; one sister, Mrs. Frank Powell; a brother-in-law, Frank Powell, and other relatives.

Committeemen Get GI Bill Of Rights

Committeemen from this district Wednesday were given an analysis of the GI bill of rights as it applied to agriculture and particularly the part Farm Security Administration would play in making loans. In charge of the session, held at the Settles, were O. M. Fowler, San Angelo, district supervisor for FSA; Wilson Dupee, Amarillo, head of the FSA farm ownership division in this region; Martha G. Grent, Amarillo, associate state FSA director.

Procedure for instituting loans to returning veterans who wish to set up their own farms was outlined by the three officials. Caution was voiced against permitting easy acceptance of inflated land values which would make loans unobtainable. Representatives were present from Howard, Martin, Andrews, Ector, Glasscock and Midland counties.

George L. Marler, who is stationed at Ft. Rosecrans, Calif., and Joe Marler, Farmington, N. M., are visiting here with their aunt, Mrs. J. F. Hendrix.

Friday To Open Buffalo Council Staff Meeting Here

Friday will be the beginning day for the Buffalo Trail council staff meeting, H. D. Norris, local Boy Scout executive, stated Thursday. The meeting will be held in the Scharbauer hotel in Midland and will begin at 1 p. m.

Plans for Scouting in 1945 will be made including long term troop arrangements, the annual round up, a waste paper campaign. Discussions on attaining advancements will be held, he said, and the yearly reports of the commissioners will be heard. The meeting will be concluded Saturday afternoon.

Livestock

FORT WORTH, Jan. 25 (AP)—Cattle 2100; calves 1300; medium to good slaughter steers and yearlings 13.50-14.50; medium and good beef cows 10.00-12.50; medium and choice fat calves 13.00-14.00; stocker calves and yearlings 12.75.

Hogs 800; unchanged; good and choice butcher hogs 180 lbs. and up 14.55; lighter hogs 13.25-14.50. Sheep 2,500; fat lambs steady to 25 cents higher; other sheep fully steady; good and choice woolled lambs 14.50-15.00; good fall shorn lambs 13.50; slaughter ewes sold at 5.50-7.50; feeder lambs at 12.50 down.

LOCAL WOMEN GET THOUSANDS OF EXTRA RED POINTS

Every day, precious red points are being paid to housewives who turn in used fats to their butcherers. Because this country is faced with a possible fat shortage, these used kitchen fats are even more urgently needed to make medicines, synthetic rubber, gunpowder, soaps, paints and a hundred other essentials on the battlefield and home front. Every woman can help towards final Victory by saving every drop of used fats each time she cooks. Even a spoonful is worth salvaging. Won't you keep saving until final Victory over both Germany and Japan?

Walker Nominated For Another Term

WASHINGTON, Jan. 25 (AP)—Frank C. Walker was nominated by President Roosevelt today for another term as postmaster general.

His is the only cabinet position whose term is fixed by law. It lasts as long as the presidential term plus one month, and hence requires a new nomination at least every four years.

For a time there had been rumors that Robert E. Hannegan, democratic national chairman, might succeed Walker. Hannegan, however, has announced that he intends to remain as democratic chairman.

AWARD COURT FOR CUBS

Cubs of Big Spring will have an award court at 7:15 p. m. today in the high school gymnasium. In addition to the presentation of some 35 awards for advancement, Cubs and parents will witness a film on pedestrian safety projected by Burl Haynie, state highway patrolman.

Use Care In Rendering Your Lard Supplies

By RHEBA MERLE BOYLES
County HD Agent

Scorched lard or rancid fat can never be reclaimed for use in cooking. So folks who are rendering lard these winter days should use all possible care in preparing a high quality product. For one thing, when fat is rancid or scorched it's harder to digest. Not to mention the deterioration in its flavor.

Good lard is white, smooth and sweet. And it will stay that way for a good while if it's rendered properly and stored correctly. What makes lard become rancid? Exposure to excess heat, air, light, and moisture are some of the factors. Metals such as copper, zinc or iron hasten rancidity, too.

Likely you're familiar with the equipment needed for rendering fat... First, a large kettle of aluminum, stainless steel or enamel. It's better not to use an iron wash pot unless that's all available. Iron is better than a copper or zinc container, though. You'll need a hard wooden stirring paddle. Don't use pine or cedar, for either will affect the flavor. An ax handle or hoe handle will be all right if it's thoroughly clean.

Don't let the fat get too hot during the rendering or in storage. While you stir the fat, as long as the steam rises off the surface, your's safe. The danger begins when all the water evaporates and steam stops rising from the fat. The heat should then be reduced considerably, otherwise you're likely to scorch your lard. Your job will be easier if you have a fat or candy thermometer and can make sure the temperature doesn't rise above 230 degrees Fahrenheit.

Now for some tips on storage. Put your lard in dark clean cans. Pack them full and seal them airtight. These should be placed in a dark, cool place. Should you have room in your freezer locker box home-made lard will keep perfectly stored there.

Points Increasing

WASHINGTON, Jan. 25 (AP)—The red point cost of margarine is going up from 2 to 3 points a pound, beginning Sunday, and previously point-free fat pork cuts will require a point a pound. Otherwise, the Office of Price Administration announced today, red point values will remain unchanged in February, and there will be no changes in present blue point values for processed foods.

TERRACING PAYING BIG DIVIDENDS TO FARMERS, RANCHERS IN TEXAS

By DURWARD LEWTER
County Agent

The conservation of the soils of the rolling farm land of Texas is one of our most important problems. Nearly all the cultivated land of Texas is subject to erosion. There are many ways in which erosion may damage the land. While gully washing is the most noticeable, doubtless sheep washing is the most damaging. Erosion may separate and carry the humus from the soil. Bottom land may be covered with sand. Natural drainage ditches in the bottoms may be filled, making artificial drainage necessary. Stands of young crops may be destroyed. Enormous amounts of commercial fertilizer are washed away. Terracing will reduce erosion and help to prevent these damaging effects of it.

The precipitation over West Texas is great enough nearly every year to produce good crops if all the rainfall were properly conserved. Frequently, however, the spring and summer rains fall very quickly and on unterraced fields run off without wetting the soil to any appreciable depth.

It has been thoroughly demonstrated that terraces will check the runoff enough so that a fair crop can be produced, when an adjoining unterraced field a complete failure results. In many instances where the slope is too great the mere contouring of the crop rows help very materially in holding the water on the land. This applies to the Plains country and similar lands. While contouring rows help a great deal it is advisable to use terrace ridges also.

The conservation of rainfall by terracing and contouring of rows would be worth millions of dollars to Texas annually. This should receive special attention in that part of Texas where moisture is the limiting factor in crop production.

Even in east and central Texas where the total annual rainfall is comparatively high, nearly every year the shortage of summer rains makes it well worth while to catch and hold these rains.

In west Texas, especially, it is well to consider the soil as an enormous reservoir in which to store the rainfall whenever it comes. It is really as important to store the rainfall in the soil for use several months later as it is to catch it on roofs for storage in a cistern.

In many instances farmers in West Texas are not opening the terrace waterways into an outlet ditch, but are making the terraces big enough so that all the rainfall is held on the terraced field.

Instead of following the usual practice of diverting run-off water coming from outside sources, many

Now Is Time For Preparing Orchard

Now is the proper time for starting a home orchard or pruning the one you now have on your farm. Young fruit trees should be set out when the tree is in the dormant stage. By doing this less harm is done to the tree in transplanting and the more likely it is to live and take growth in the spring.

Care should be taken to get varieties adapted to this area, and plants should be secured from reliable nurseries. Several varieties of peaches, cherries, pears and plums will do well in Howard county if they are given the proper care. The land should be properly cultivated before setting out the young orchard. Proper spacing of trees should be decided according to soil type and type of trees being transplanted.

Pruning of fruit trees should also be done when the tree is dormant or "having its rest" before the sap begins to rise. February is considered the best month for this work by most outstanding nurserymen, as the cuts seem to heal more rapidly. This does less damage to your tree than when a large amount of so-called tree bleeding takes place.

In pruning every dead limb should be removed and any branch that is tending to cause the tree to lack uniformity in shape.

In spite of West Texas droughts fruit can be grown in Howard county if we select the proper varieties that will bloom out after our late spring killing frost.

Delatine: Pacific— "No Chance" That Earhart Is Alive

By ROBERT GEIGER
AN ADVANCED PACIFIC BASE (AP) — New rumors have spread throughout the Pacific that Amelia Earhart still may be alive on a South Pacific isle, but the man who should know more about it than anyone else says "there isn't a chance she ever will be found."

The rumors became so persistent and widespread that navy officials investigated them and questioned Capt. Irving M. Johnson, 39, of a navy warship.

Johnson, a master of sailing ships, sailed thousands of miles seeking Miss Earhart before the war and now, as a warship skipper, has touched every island where she may have crash landed or has talked to others who have investigated such places. He is convinced she is dead.

WMC Maps Toughest Labor Controls

By JAMES MARLOW
WASHINGTON, Jan. 25 (AP) — The War Manpower Commission has worked out the war's toughest manpower controls so far.

At their toughest, these controls mean: WMC can tap you and say "quit this job and take that one, even if it means less pay."

WMC brass hats could have announced this program nationally in a press release. Instead, they piped it down to WMC regional directors. They in turn piped it down to the area directors.

Thus they missed the psychological effect of showing how tough the situation is, and how tough the remedy. But the story leaked anyway, a week ago.

Long ago WMC laid down the rule that a worker couldn't leave an essential job except for another essential job and then only with a statement from his boss saying it was all right.

And no other boss would hire him without such a statement or unless he was referred by the U. S. Employment Service, which is an arm of WMC.

To make this plan work, workers and bosses had to cooperate voluntarily.

On top of that plan, WMC has now placed this one: Its men have been ordered to make an inventory of the workers and their skills in all firms employing eight or more persons in:

All No. 1 and No. 2 labor areas, which are areas badly needing manpower, and in any area where even one critical war plant is behind production schedule because of manpower shortages.

Then—it already has happened in Allentown, Pa.—this is what WMC does:

It goes to Brown's less-essential plant, which has 30 mechanics,

tells him he needs only 20, asks him to release the other 10 to Jones who has a critical war plant which needs 10 mechanics.

If Brown refuses to release the men, WMC can get the War Production Board to shut off his light and heat, although this hasn't been done yet.

If Brown agrees but his 10 mechanics refuse to quit, he discharges them. They can't get another job except through the U. S. Employment Service which will refer them only to jobs needing them.

Employers and employees can appeal such WMC action. But this takes time. Federal courts might rule that WMC hasn't power to do all this since it's operating only under executive order of the president.

That's why WMC has said congress should give it authority under the law—with a fine or jail sentence as punishment for those not complying.

Under the national service bill which the house military affairs turned out last night, draft boards would be final boss on job shifts but shifted workers would be allowed a choice of new places of employment.

Prison Camp Turned To Graveyard By The Japs

(Editors' Note: This story of military prison camp which the Japanese turned into a mass graveyard is the first story written by Russell Brines after his return to the Philippines where he was held for two years in a concentration camp.)

By RUSSELL BRINES
CAMP O'DONNELL PRISON CAMP, Jan. 23 (Delayed) (AP)—Rotting, burned ruins of Camp O'Donnell and the untended graves of thousands of heroes of Bataan is all that remains of one of the most notorious pestholes where the Japanese herded 80,000 prisoners of war.

A Filipino colonel who survived O'Donnell's horrors estimated 40,000 American and Filipino soldiers—half of the 80,000 imprisoned—had died of disease, malnutrition and mistreatment. In the early days after the infamous "Death March" of Bataan several hundred died daily.

The touch of those doomed, despairing men hangs heavily over this camp.

Tall grass grows over the graves of some 4,000 Filipinos. Scores of American bodies lie in the American cemetery about 700 yards northeast of the main buildings. Deep in the thickets of grass I found small crosses made of unpainted laths. Dogtags of the dead were fixed to the back of the crosses. That was all.

In the center of the cemetery stands a large white wooden cross, "In remembrance of Americans who died here—erected by the Imperial Japanese army, 1942."

The Japanese left little trace of occupancy. Some time previously they had apparently removed the prisoners that survived the 30 months of ordeal.

(A Bern, Switzerland, radio broadcast Tuesday night said that several thousand American prisoners of war had been transferred by the Japanese from the Philippines to Japan.)

Vatican Press Defends Pope Pius

ROME, Jan. 25 (AP)—Defending the Christmas broadcast of Pope Pius XII against a recent criticism by Moscow's Pravda, the Vatican City newspaper Osservatore Romano declared today the pope by implication had indicated a belief that war criminals must be punished.

The Vatican newspaper denied Pravda's interpretation that the broadcast indicated the pope sought the same postwar treatment for victors and vanquished alike.

It quoted the pope as asking who could see in the punishment of only culpable individuals instead of whole communities any departure from normal standards of human justice, and gave his own answer:

"Not the Allies, who have proclaimed they want to liberate aggressor peoples from those who led them into war; not Russia, who adhered to this discrimination in armistices signed by her with Finland, Romania and Hungary."

Nazi Remove Fleet

LONDON, Jan. 25 (AP)—Danish sources said today the Germans were preparing to remove the remnants of their high fleet from ports in the Gulf of Danzig to Copenhagen and that Danish naval authorities had been ordered to vacate their offices within 10 days to make way for the Nazis.

France To Guard Rhine

PARIS, Jan. 25 (AP)—France intends to maintain military forces all along the Rhine after the war. Gen. De Gaulle told a press conference today.

Meeting newspapermen for the first time in weeks, the French leader said regretfully that he had not been invited to the forthcoming "big three" conference.

BURST BUBBLES
BINGHAMPTON, N. Y., Jan. 25 —All the way through France and across the Atlantic Cpl. John Tshulos kept a sharp eye on his barracks bag. But he relaxed his vigilance as he boarded a train for Binghamton. A baggageman gave the bag a heave and—"Whoosh!" went the bottle of champagne Tshulos had saved for his homecoming.
