TAKES STAND TO TELL HER STORY OF SHOOTING—Carol Ann Paught, shown here today in a recess in her mercy slaying trial at Bridgeport, Conn., will take the stand to tell her story of the slaying of her father last Sept. 23 after his illness had been diagnosed as cancer. The girl is fighting a second degree murder charge and a life term in prison. The defense contends the was temporarily insane when she fired the mercy bullet after being told her father, a Stamford police sergeant, had only three months to live. (AP Wirephoto)

**TRANS-OCEANIC AIR FREIGHT SHOWS
STEADY INCREASE IN PAST 2 YEARS**

NEW YORK, Feb. 3. (AP)—Airmen in the fast growing business of flying freight over the ocean have high hopes for 1950. They are talking of putting on more all-cargo planes to handle the business. Trans-oceanic freight increased by a fourth or better last year, and has almost doubled in size in the last two years. As the business grows, so does the competition between carriers. It's one of the hottest, and at times bitterest, rivalries in the business world.

**Anti-Sub Fleet
Maneuvers Set**

TOKYO, Feb. 3. (AP)—The Escort Carrier Sicily and six destroyers are being sent to the Pacific for intensive anti-submarine exercises. Adm. Forrest P. Sherman, chief of naval operations, said today. Yesterday Sherman told newsmen that one-fourth of Russia's submarine fleet is based in the Pacific. He said the Western Pacific fleet would be kept at maximum strength due to Russia's expanding submarine program. Sherman told reporters the carrier and its destroyer escort would work on "hunter-killer" tactics which proved effective against submarines in the last war.

**Windsors Leave
For Mexican Visit**

SAN ANTONIO, Feb. 3. (AP)—The Duke and Duchess of Windsor leave Texas today for Mexico and a visit to the fabulous ranch of a Texas tycoon. A crowd estimated at 2,500 showed up at the railroad station there for a glimpse of the former king of England and his American wife. Portions of the crowd—mostly women—broke through police lines and begged for autographs. The Windsors were guests at a small dinner party at Oltman Glenn McCarthy's Shamrock Hotel and then boarded a train for San Antonio. In Mexico they will be guests of Clint Murchison of Dallas at his ranch, 65 miles northwest of Tampico. He reportedly has spent more than \$500,000 on the central house.

**Kaiser's Grandson
To Be Sheep Rancher**

ELTVILLE, Germany. (AP)—Prince Hubertus of Prussia, grandson of Germany's last Kaiser, is going to become a sheep rancher in Southwest Africa. The 40-year-old prince has leased a sheep ranch near Windhoek, in Southwest Africa. His wife plans to join him on the ranch next summer with their two children "to help him with the work." The sheep ranch he has leased once belonged to Kaiser Wilhelm II, and is now owned by Prince Hubertus's brother, Prince Friedrich, who lives in England.

PEAS TESTED**
FORT MEADE, Md., Feb. 3. (AP)—Black-eyed peas will be subjected to a GI test here today. A new Army directive has called for wider use of the southern specialty in station menus and the men at Fort Meade are going to get them for lunch today in place of the usual "beans, green, string." Afterwards, the GIs will be polled on their opinions of the vegetable.

STREAMLINER DERAILED
**Train Wreck Kills
One, Injures 35**

SAUKVILLE, Wis., Feb. 3. (AP)—A broken rail catapulted a speeding streamliner into a ditch four miles north of here last night, killing one passenger and injuring 35 others, 15 of them seriously. Wrecking crews found the broken body of E. J. Synnott, about 50, of Rice Lake, Wis., under an overturned coach of the Milwaukee Road's southbound Chippewa Hiwatha. He had been hurled through a coach window and crushed beneath the rolling train. The cold, steel rail snapped as the Chippewa's engine roared over it about 7:30 o'clock last night. Three coaches, the diner and the parlor car rolled completely over into a ditch. The engine and one baggage car remained upright. Saukville is about 30 miles north of Milwaukee. Dr. Clarence C. Stern, Ozaukee County coroner, estimated that 35 of the Chippewa's 112 passengers were injured in the crash. He said 15 were seriously hurt. Many of the others were treated at hospitals and released. M. L. McFarland of Green Bay, Wis., the train's engineer, said he felt the steel rail snap as the engine passed over it at about 65 miles an hour. Conductor John Krause was hurled the full length of the coach in which he was standing, but was unhurt, except for shock. George Dransfield, 58, of Channing, Mich., who suffered a severe head cut, said: "All I remember is waking up in a field. I guess we bounced along the tracks for a half-mile." Wreckage was strewn more than a half-mile down the right-of-way and the bounding train ripped loose 300 feet of track.

SUNDAY SCHOOL LESSON
**Early Christians Lived
Together In Harmony**

By NEWMAN CAMPBELL
Scripture—Acts 11:19-13:13

In this lesson we learn of the beautiful co-operation practiced by Christians in the early days of the church. Is it not a shame that after all these years so many differences have arisen that the church is divided, and often antagonistic—one sect demanding that the others should think as they think—when all have access to the Holy Book of scripture to guide them? After the martyrdom of Stephen, the apostles scattered, some traveling as far as Phoenicia, Cyprus and Antioch (see map that accompanies the Memory Verse). They preached to Jews only, but some were from Cyprus and Cyrene, and when these men came to Antioch, they preached the teachings of Jesus Christ to Greeks and others. A great many believed and "turned to the Lord. When word of this reached Jerusalem, Barnabas was sent to Antioch. He was a good man, and full of the Holy Ghost and of faith; and much good was added to the Lord." Seeing much work to be done at Antioch, Barnabas went to Tarsus to seek Saul (Paul), and when he found him, he brought him to Antioch. This is the beginning of Paul's many missionary journeys, which are shown on the map mentioned above. For a whole year Barnabas and Saul (or Paul) stayed at Antioch, organizing the church and preaching, and it was here that the disciples were first called Christians. When these Christians in Antioch heard that the church in every man according to his ability—sent relief by Saul and Barnabas. The disciples at Antioch were not rich but they sent what they could to forestall the famine which came later. That spirit of generosity and Christian love is still abroad in our world, in spite of many "cold wars" and antagonisms that threaten to rend it asunder. Food, clothing, medical supplies, etc., are being sent to lands where people are in need. That is a hopeful and happy sign. In the 12th chapter of Acts we read that Herod began again to persecute the Christians, and he killed James, brother of John, with the sword. Then, "because he saw it pleased the Jews," he took Peter and put him in prison, strongly guarded. After Easter he planned to bring Peter before the people—as Christ was brought, we may suppose—so that the people might be inflamed to cry, "crucify him." Peter, their beloved leader, head of the church, in prison and in danger of death, must have been a terrible blow to the other apostles. They prayed continuously for him, and their prayers were answered. An angel of the Lord came to Peter at night, and as he appeared to the saint, his chains fell from him, and the angel took him forth, out of the prison, out of the city gates, which opened of their own accord, and led him back to his friends. The maid, who opened the door to his knocking, was so overjoyed at sight of him that she ran to tell the others, who at first would not believe her that it was Peter in the flesh. They said it must be his angel, but there he

**Tribal Dentistry
Is Bit Drastic**

JOHANNESBURG, (AP)—Practically every member of the Baillatonga tribe of Northern Rhodesia has six upper front teeth missing—its an old tribal custom. Father Stefanyszyn of the Chikuni Mission says the removal rite is performed about the time of puberty. The "dentists," usually old men or women, knock the teeth loose with a hammer and primitive iron chisel. Recently, however, says Father Stefanyszyn, many young girls have objected. Some are caught when they are asleep and dragged off for the ceremony. Some have to be bound and their mouths forced open.

**Ford Boosts
Work Week**

DETROIT, Feb. 3. (AP)—Bent on getting nearly a million cars, trucks and tractors off its assembly lines in the first half of 1950, the Ford Motor Co. is boosting the work week for many of its employees. As part of this, 15,000 workers at the new Rouge plant are going on a six-day week. The move affects workers at 17 factories—including the Rouge and Highland Park plants here and plants at Chester, Pa., Long Beach, Calif., and Chicago. Ford's total employment is about 106,000. Ford also announced record January production. That, together with its outline of ambitious plans for the next few months, came as one major competitor in the auto industry—Chrysler Corp.—was shut down indefinitely by a strike. Several weeks ago Henry Ford II, president of the Ford empire, said the company was gunning for nearly 1 million vehicles in the first six months of this year. The assembly lines backed him up by turning out 148,393 in January, the biggest monthly total in Ford history. On Jan. 31 there were 7,220 vehicles made—a daily record. Now, if coal and steel shortages don't upset their plans, Ford officials are aiming at 8,000 units a day. To make the goal the company plans to pay out a good chunk of overtime. The firm said this would be the pattern of production for the next few months. The huge Rouge plant will function on Saturdays starting this week, with 15,000 workers getting a 30 per cent pay increase. Rouge employs a total of 65,000. The stepped-up schedule is expected to last into May. Final assembly lines in 14 plants operate nine instead of eight hours a day. In the Chester and Chicago assembly factories there also will be one eight-hour Saturday during February. Highland Park and Long Beach plants each will operate 10 extra hours each week this month.

**Hughes To Seek
Post Of County
Commissioner**

P. O. Hughes, known to residents of this area for more than two score years, announced today that he would be a candidate for county commissioner from precinct No. 1. His candidacy was announced subject to action of the Democratic primaries. Mr. Hughes came to Howard county originally in 1908. Later he resided in Martin county. Several seasons ago he returned to Howard county and Big Spring to make his home. His long residence in this area he pointed out, made him familiar with the problems of the precinct he seeks to serve as well as with a large number of his constituents. He is a home owner and has had considerable experience in farming and business, and served four years as a county commissioner in another county. Between now and the primaries, he said, every effort will be made to contact voters personally and ask for the office.

BIG GAINS REPORTED

Baptists Meet At Midland Thursday

Gains in most phases of the work were reported at the 14th annual district No. 3 Baptist convention in Midland Thursday.

Although there had been a substantial gain in membership, the number of baptisms declined slightly. The figure was 1,633 as compared with 1,729 the previous year.

With the convention pivoting on the evangelistic theme, denomination leaders resolved to make enlistment one of the strong points of this year.

Mrs. Mark Reeves, Coahoma, was named district WMU president, and G. G. Morehead, Big Spring, was elected secretary-treasurer of the district Brotherhood. The Rev. N. C. Denton, Seminole, pastor of the church which is to host the 1951 convention on Dec. 13, was named president. Brotherhood president elected was Owen Taylor, Lamesa. Dr. C. B. Jackson, Dallas, state evangelist for the general Baptist convention, gave two inspirational messages concerning evangelistic preparation. Marshall Barnett, Dallas layman and former high Seabe official, held a large gathering of laymen spellbound in the evening session.

In his report, District Missionary J. W. Arnett, Big Spring, showed 22,149 enrolled in Sunday school, a gain from the 20,588 the previous year attendance was up from 9,846 to 15,358. Training union enrollment was up from 5,884 to 7,026 and attendance up from 2,664 to 3,793.

The number of Brotherhoods increased from 30 to 41 and membership from 1,591 to 1,638.

Total mission gifts from the district for the year stood at \$132,204, or about \$7.25 per resident member. The district showed 22,111 resident and 7,633 non-resident members.

Indebtedness on the youth camp at Big Spring, Rev. Arnett reported had been reduced to \$1,000. During

the year camp resources amounted to \$18,789, and all but \$276 of the amount was disbursed. Bulk of it went for camp improvements. There were 1,500 persons in camp, 64 conversions and 23 rededications to special Christian service, he said.

Attending from Big Spring were Dr. and Mrs. P. D. O'Brien, J. B. Langston, Wayne Williams, Merrill Creighton, Rev. Cecil Rhodes, Rev. J. W. Arnett, Mrs. Lonnie Coker, Mrs. Willard Hendricks, Mrs. Alton Underwood, G. G. Morehead, Roy Phillips, Paul Sledge, Dr. H. M. Jarratt, Rev. Jimmie Parks, and Billy Rudd. Rev. A. L. Byrd, Forsan, also attended.

AFL Is Cool To Lewis Proposal

MIAMI BEACH, Fla., Feb. 3.—An appeal from John L. Lewis for moral aid in the coal crisis got a cool shoulder today from American Federation of Labor leaders.

The AFL's executive council considered an indirect plea from Lewis for legal help in his court fight on the coal strike situation but decided to pass any action for the time being.

Lewis has taken his United Mine Workers union in and out of the AFL several times.

The AFL council got indirect word from Lewis that he would like the AFL to offer legal help.

as the CIO has done. The aid was requested in his court fight against an injunction asked by Robert N. Denham, general counsel of the National Labor Relations Board.

Denham is seeking a court order in Washington to stop the coal strikes and three-day work week.

However, their experiences with Lewis have left some AFL leaders indisposed to rush to his aid. Council members also are reported to have looked questioningly on Lewis' insistence on continuing his "able and willing" clause in his contract with coal operators.

Waugaman Rites Set Today Here

Services were set for 4 p. m. today for Mrs. Ida V. Waugaman, 84, who passed away Thursday after a sudden illness.

Following rites by Rev. R. Gage Lloyd, the remains were to be shipped by McDonald-Boullion funeral home to Pittsburgh, Pa. for final services and interment at Turtle Creek, Pa. Mrs. Waugaman was a past matron of the OES in Turtle Creek. She had been making her home at Forsan with a daughter, Mrs. J. D. Leonard.

Coahoma Bulldogs Clop Sterling Eagles

COAHOMA, Feb. 3.—Although Bilznik, Eagle ace was red-hot, Coahoma's Bulldogs turned back Sterling City 47-33 in a basketball game here last night.

Bilznik poured 20 points through the hoop, Bennett and Shive, however, were steady with 12 points each and received even aid from their mates. Dickson made 8 points.

Coahoma plays in the Stanton tournament at 8:30 p. m. today.

INGRID

(Continued from Page One)

lini and Lindstrom are 43 years old, Miss Bergman's first child, Pia, aged 11, is with her father in Hollywood.

Dr. Guidotti said the birth was "absolutely normal" and declared Miss Bergman will breast feed the child for at least a month.

Dr. Guidotti declared Miss Bergman "is one of the happiest mothers I have ever known."

"She wept in happiness when the baby was first brought to her side. Now she laughs and smiles when she is with the infant and asks for him all of her waking hours."

The baby "resembles his mother," said Dr. Giuseppe Ferdinandi, director of the Villa Margherita Clinic.

Miss Bergman asked for her child 20 minutes after his birth, the doctors said. She smiled happily at the infant as it was placed beside her on the bed.

Rossellini "smiled broadly when told the baby was a boy," Dr. Ferdinandi continued.

"Miss Bergman and Rossellini both were very, very happy," he said.

The clinic announced that the attending doctors administered a pain-killing drug to the actress and that it "was completely effective."

Except for Rossellini, no visitors have been admitted so far to Miss Bergman's suite of three rooms in the two-year-old modernistic hospital.

A huge stack of congratulatory telegrams, most of them from the United States, poured into the clinic this morning.

Dr. Ferdinandi indicated with his hands that they made a pile at least a foot high.

Seek Guardianship For Heiress After \$100,000 Squandered

LOS ANGELES, Feb. 3.—The state district court of appeals has ordered a trial by jury on the matter of a guardianship petition involving Mrs. M. A. Little Anderson Knight, Oklahoma heiress.

The appeal court overruled a superior court judge in taking the action.

A daughter, Mrs. Lou Ann Zellers, 23, Lake Success, N. Y., has filed petition asking the court to appoint a guardian for Mrs. Knight, 42. She charged that her mother is addicted to narcotics and has squandered nearly \$100,000 in the last 15 months.

Youth Program Is Presented At ABC Club Meeting Here

Omar Pitman, Jr., directed a program for the American Business club at a regular meeting held Friday noon in the Settles hotel. The program included musical numbers and brief talks and was based on the observance of National Youth Week.

Lois Reagan, Mrs. J. E. Hardisty and Omar Pitman, Jr., violin trio, played two selections, "Andantino" and "Sylliana." Larry Evans, pianist, played "My Dream Is Yours" and "Twelfth Street Rag."

Two members of the high school speech department were also on the program. June Brownrigg gave a talk on "Snap Judgments." Jeff Hanna discussed some of the activities and the purpose of the United Christian Youth Movement's annual observance of National Youth Week from the last Sunday of January to the first Sunday of February. The observance is international. This year's theme is "God Designs, Youth Builds." The YMCA is sponsoring the local observance which has included programs throughout the week and will end with a city-wide youth program at 8 p. m. Sunday in the First Baptist church.

R. E. McKinney introduced the program guests. During the business session conducted by J. W. Purser, plans for a stag party were discussed and a board of governors meeting set for next Tuesday night at 7 o'clock.

San Angelo Colored Chorus To Appear In City Feb. 17

The Mt. Zion Baptist Colored chorus of San Angelo will be presented here Feb. 17 in a benefit performance.

Veniremen Being Drawn For Three Murder Trials Here

Three special venire panels were being drawn this morning for the week beginning Feb. 20 when three murder trials have been set in 118th District Court.

Two Negroes, Elie Branch and Willie Nolan, both have been charged with fatal shootings. Branch allegedly did the shooting which resulted in death for Mike Brodnax, while Nolan has been charged with the shooting of Freddy White. Branch's trial has been set for Feb. 20, while Nolan is due to be tried Feb. 24.

Felipe Juarez, charged with inflicting fatal knife wounds upon Pedro Calderon, is to be tried on Feb. 22.

Spectral venire panels of 90 men each will be summoned for each case.

In the only case heard in district court this morning, Grady Madry pleaded guilty to a charge of driving while intoxicated. He received a two-year suspended sentence.

Glasscock county's February term of district court is scheduled to open Monday in Garden City.

The band makes an appearance each year at the hospital as a public service. Attending the concert were members of the hospital staff, patients and several guests from Big Spring.

American Legion Clubhouse Looted

Burglars forced an entry to the American Legion club house at Municipal airport last night, police reported today.

Officers said the club's pay phone had been torn from the wall and money taken from it. Nothing else was reported missing.

Trio of Cars Tangle In City Thursday

Three cars were involved in a collision at Third and Scurry streets Thursday afternoon.

William M. Bramlett, Miland, Carl M. Zenker, Snyder, and C. E. Reeves, Midland, were drivers of the vehicles, police said. No one was injured in the mishap.

Mitchell Wildcat Drillstem Test Shows Oil, Gas

Oil and gas shows were reported Thursday evening in the Hurlbut & Olson No. 1-A Wildcat, south-central Mitchell wildcat.

On a 39-minute drillstem test from 7,358-7,404 in the Missipianity, recovery was 240 feet of slightly oil and gas-cut mud. It is located in section 30-26-13, T&P.

Seaboard No. 1 Simpson, in the northeast quarter of section 10-33-3n, T&P, two and a half miles south of Good pool production, recovered 150 feet of mud on a two-hour drillstem test from 6,428-6,601 and drilled ahead. Honolulu No. 1 Good, 1,560 feet out of the northwest corner of section 3-32-3n, T&P 12 miles southwest of Gall and five miles southeast of the Good pool, was at 7,833 feet in lime and shale.

Sanotex No. 1-6 T. L. Griffin, southeastern Borden wildcat in section 35-25, H&TC, progressed to 3,523 feet in lime.

Humble No. 1 Frost, southern Glasscock exploration, drilled to 10,290 in Ellenburger. It is in the southeast quarter of section 40-33-3s, T&P. Under an amended application to drill to 13,000 feet in Ellenburger, Texas No. 1-X State, section 17-7, University 1 a n d s, northwest Martin wildcat, deepened to 11,526 feet in lime and chert. It had gas shows in the Pennsylvania.

Veniremen Being Drawn For Three Murder Trials Here

Three special venire panels were being drawn this morning for the week beginning Feb. 20 when three murder trials have been set in 118th District Court.

Two Negroes, Elie Branch and Willie Nolan, both have been charged with fatal shootings. Branch allegedly did the shooting which resulted in death for Mike Brodnax, while Nolan has been charged with the shooting of Freddy White. Branch's trial has been set for Feb. 20, while Nolan is due to be tried Feb. 24.

Felipe Juarez, charged with inflicting fatal knife wounds upon Pedro Calderon, is to be tried on Feb. 22.

Spectral venire panels of 90 men each will be summoned for each case.

In the only case heard in district court this morning, Grady Madry pleaded guilty to a charge of driving while intoxicated. He received a two-year suspended sentence.

Glasscock county's February term of district court is scheduled to open Monday in Garden City.

Bovines Host Lions In 8 o'Clock Bout

Local Cagers Seek Revenge

The Big Spring high school Steers will try to climb out of the District 5A basketball cellar in an 8 o'clock game with the Brownwood Lions here tonight.

Larry McCulloch's Longhorns have company in the dungeons. The aggregation shaking hands with the Bovines in the dank confines of the cellar at the moment is that same Brownwood club.

Each team has won one game and lost three decisions. Big Spring dropped a 40-30 decision to Brownwood the night of Jan. 13. The locals chilled Abilene later, then went into another tailspin and lost decisions to both Sweetwater and San Angelo.

Brownwood yielded decisions to the league's other three teams after cleaning up on Big Spring. McCulloch hopes to have his team in top shape for tonight's struggle. When they met Brownwood, the other time, the Steers had to go most of the distance with Harold Rosson, star forward, who was ailing.

Fact is, they haven't been at top shape for any game save the one with Abilene. Howard Jones, veteran forward, was running on a flat wheel in the Sweetwater game Jan. 24 and went to bed shortly thereafter with an attack of flu. He recovered partially in time for the Angelo bout but was easily winded in that one.

In 20 hits played to date, the Steers have finished in front nine times.

B teams of the two schools will clash in an engagement starting at 6:30 o'clock.

Dozier, Cauble Pace Keglers

Douglas Coffee Shop maintained its one game edge over Zack's of Margot by gathering in three wins at the expense of Handy Liquor Store in Women's Bowling league play here Thursday night.

At the same time Zack's was keeping step the easy way, by accepting a forfeit from Clark Motor company.

In the evening's other match, Nathan's Jewelry edged Leonard's Pharmacy, 2-1.

Nathan's captured single game scoring laurels with a 745 tally and was second in aggregate scoring with 2083. Douglase picked up aggregate laurels with 2151 and was runnerup for game honors with 735.

Jinx Dozier of Douglase wrapped up individual honors with a 106-515, followed by Del Cauble of Zack's, who had 177-405.

Standings:

Team	W	L	Pct.
Douglase	44	19	.698
Zack's	43	20	.683
Nathan's	35	28	.556

LOOKING 'EM OVER

With Tommy Hart

If Howard County Junior college's Jayhawks can win their next two basketball assignments, they can start packing for the State meet, which will be held in College Station Feb. 27 through March 3.

Those two games will pit the Big Springers against Odessa JC in Odessa tonight and Frank Phillips of Borger in the local high school fieldhouse next Tuesday.

The Hawks don't figure to lose to either club. They cleaned up on Odessa with 40 points to spare some three weeks ago and took Borger into camp by 14 points in the Phillips gymnasium last week.

Champion and runnerup of each Zone are eligible to compete in the state meet. The Amarillo Badgers are odds-on favorites to cop the Western Zone crown but HCJC figures on snuffing down that runnerup spot, as fast as possible.

The Hawks competed in the College Station show last year and nudged Wharton by one point (51-50) before losing a 60-33 decision to Henderson.

LEVELLAND SUCCESSFUL IN SEAGRAVES MEET

Levelland, the high school team that topped Big Spring in the finals of the consolation round of the Odessa meet last weekend, topped the Seagraves tournament Saturday, Jan. 21.

The Levelland clan did it by bowling over a fair Andrews outfit in the finals, 27-30.

A hard-luck team is that Andrews outfit, by the way. A year ago, they lost to Big Spring by one point in the Odessa tournament finals. This year, Odessa beat out the Ponies in the semi-finals, by a point. Two years ago, they were sidelined in the show by a three-point margin. They're bound to win one before long, at that rate.

Tommy Chadwick, a Colorado City lad who finished high school around 1936, may land the head coaching job vacated recently by Tottie McKown at Fairburn.

McKown, incidentally, served as a coaching aide at Lamasa back in 1943, going from there to Weatherford.

BUD WILKINSON FROWNS ON BOWL GAMES

Bud Wilkinson, Oklahoma university's popular grid mentor, probably won't take his Sooners to a bowl game in '51, if there's any way he can get around it.

According to reports from Arizona, where Bud has been vacationing, Wilkinson is fed up with New Year's Day assignments.

Danny Lynch, the Dallas youth who was a bonus baseballer a couple of seasons ago, will perform in Class B circles this season. He was sold outright recently by Des Moines, a Class A outfit, to Portsmouth, Va., of the Piedmont league.

Danny, who played college ball at SMU, hit a disappointing .268 for Des Moines in 1949.

SHARMAN SETTING RECORDS ON COAST

Bill Sharman, the Texan playing basketball at Southern California university, mentioned here several times before, is in a position to break several of Hank Luttrell's Coast league scoring records.

Bill scored 90 points in his first four conference games. If he maintains that pace, he will have collected 270 points; 36 more than Luttrell did his senior year back in 1938.

UCLA's head mentor, John Wooden, paid the Abilene native high compliment recently. He said he had never seen anyone who shot better than Sharman.

Jack Wallace, the local radio man who planned to sit in on last Sunday's Longhorn baseball league meeting at Abilene last Sunday but didn't get to make it, says he was misquoted recently when he was reported as saying the radio stations doing business within the league's territory would not pay anything for the broadcast rights. (The story appeared in an Angelo paper.)

Jack says he was in no position to speak for the other stations, instead is concerning himself with his own station's problems.

Unknowns Lead Tucson Open

TUCSON, Ariz., Feb. 3. (AP)—A couple of strangers in the ranks of the touring pros carry a one-stroke lead into today's second round of the \$10,000 Tucson Open Golf Tournament.

Wally Ulrich, Minneapolis, Minn., and Manuel de la Torre, Chicago, forced their names before the rest of the fraternity yesterday. Both needed only 64 strokes to cover the par 70 El Rio Course.

They start out today a scant stroke in front of tournament-wise Toney Penna of Cincinnati, O., and George Buck, Westport, Conn.

A host of other pros are within easy striking distance. Altogether 47 additional members of the group broke par. Another 18 played in even par.

Co-favorites Jimmy Demaret, Ojai, Calif., is poised close behind the four top men with a first round score of 66. So are half a dozen other threats.

Skip Alexander, Knoxville, Tenn., who won the event in 1948, is in a group of eight with scores of 68.

U. S. Open Champ Dr. Cary Middlecutt, Ormond Beach, Fla., and six others are two strokes under par with 68.

Sam Snead, White Sulphur Springs, W. Va., and Demaret are considered the men most likely to win the \$1,000 first prize money. Snead was unhappy with his score of 69 yesterday which placed him in a 16-way tie for 39th place.

Aggies Oppose Baylor Quint

By The Associated Press

Texas A&M moves into Waco tonight for the top game of the weekend in the Southwest Conference basketball race.

They are two of the teams tied for the top with 3-3 records.

Two other quintets deadlocked for the lead are Southern Methodist and Arkansas.

Southern Methodist tonight entertains Texas Christian at Dallas while Arkansas plays Texas at Austin. Both Texas Christian and Texas have lost two games but have won only two.

Tomorrow night Arkansas continues its Texas hunt, battling Baylor at Waco.

Slugging Champ Inks Buc Pact For \$65,000

LOS ANGELES, Feb. 3.—Home run hitter Ralph Kiner looked forward to a friendly round of golf with some other ball players today, having calmly signed a record two-year contract for \$65,000 a season with the Pittsburgh Pirates.

General Manager Roy Hamay of the Pirates, whose business is stalking and pinning down expensive diamond talent, brought the handsome 27-year-old Kiner to heel late yesterday.

Just four days before Hamay had snared the most expensive untried rookie in baseball history when he inked Southpaw Paul Pettit, 19-year-old Lemita, Calif., giant, for \$100,000.

Ignoring the storm brewed by the Pettit case, Hamay resumed his hunt on the man who hit 54 home runs and drove in 127 runs for the Pirates last year.

Kiner surrendered without a show of a fight, and both he and the Pirate official beamed in mutual agreement over the contract as cameras flashed and the news was duly recorded.

It is the highest price ever paid by the club which has starred such greats as Honus Wagner, Paul and Lloyd Waner, Pie Traynor, a host of others and for a couple of years a man who commanded the next highest salary, Hank Greenberg, at a \$90,000 figure.

Pretzeled for predictions, Kiner said he thought Pittsburgh would finish in the first division, that Brooklyn would be the club to beat for the National League pennant and he just "hoped" he'd have a great year.

He said all good pitchers give him trouble maybe Dutch Leonard consistently gave him the most worry. "But he weak got strong and the strong slack down. It's hard to say," he said.

Bauer Lasses Are Victorious

HOLLYWOOD, Fla., Feb. 3. (AP)—Defending Champions Polly Riley of Fort Worth, Texas, and Lee McWane of Birmingham, Ala., face a stern task today in the second round of the Women's International Four Ball Golf Tournament at Orange Brook Golf Club.

The 1949 winners play Mrs. Maurice Gilck of Baltimore and Eileen Stubb of Augusta, Ga., in the second round.

The titheholders defeated Carol Diringer, Tulsa, Okla., and Mary Agnes Wall, Mesquite, Mich., 2 and 1.

The Bauer sisters, Marlene and Alice, from Midland, Texas, eliminated Judy Baker of Lima, Ohio, and Honny Randolph of Columbus, Ohio, 5 and 4, and will meet Mary Lena Faulk of Thomasville, Ga., who won over Buttons Cosgrove of Southern Pines, N. C., and Pat O'Sullivan of Orange, Conn., by 3 and 2.

Crusaders Keep Perfect Mark

NEW YORK, Feb. 3. (AP)—Holy Cross and Duquesne, the nation's top ranked college basketball teams, continued unbeaten last night, but St. Bonaventure fell from the undefeated ranks.

Holy Cross made it 16 straight by taking Chicago Loyola, 63-48.

Duquesne also made it 16 in a row with a 60-54 triumph over Cincinnati.

Canisius snapped St. Bonaventure's winning streak at 11 games, 49-42.

Three other teams ranked in the top ten—Kentucky, North Carolina State and CCNY—also won last night.

Kentucky, ranked sixth, took a nip-and-tuck affair from Alabama, 66-64.

North Carolina State, No. 9, took the lead in the Southern Conference with 57-50 triumph over Wake Forest. CCNY, ranked 10th, took Boston College, 64-55.

Syracuse best Fordham, 70-61. Akron broke a 48-48 tie to beat St. Francis (BKN) 58-50; Niagara scored three points in the last minute to nip Buffalo Univ., 31-49 while in the Border Conference Hardin-Simmons beat West Texas 33-47 and Texas Western took New Mexico 69-41.

Bill Tilden Named Best Tennis Player Of Last Half Century

By GAYLE TALBOT
AP Staff

NEW YORK, Feb. 3.—The greatest tennis player of the past 50 years; is there any argument?

Not in the nostalgic opinion of the nation's sports writers and radio experts. They say that big Bill Tilden, net colossus of the Golden Twenties, outshone every rival by so great a margin there was no real competition.

The tall, controversial figure who won seven national championships and was ranked No. 1 in the country for 10 straight years from 1920 through '29, won the vote of 310 out of 381 participants in the Associated Press' mid-century sports poll.

The voters looked back beyond the recent events involving the great champion and cast almost a solid ballot for Tilden, the tennis player.

Jack Kramer, the current professional king, attracted 33 votes. Don Budge, the red headed comet of the late Thirties, was the choice of 31 experts. Mrs. Helen Wills Moody, glamorous seven-time women's champion, was voted greatest of the period by 12. The remaining six votes were divided among five players.

Whether Tilden at his peak could have beaten the modern "pressure" players is a debatable point. There are eminent authorities who feel that Big Bill, who was at his superlative best in the back court, would have succumbed to the furious net attacks of Budge and Kramer.

Admirers of the old king are equally positive that he could have adapted himself to any style of play in those years.

They point out that, after he was well into his forties, Tilden was playing the daylight out of such top young fellow professionals as Ellsworth Vines and Fred Perry, and that he was carrying 48 years on his back when he finally got a shot at Budge, and lost, in 1941.

Certainly no other tennis player has covered such a span of years as the remarkable athlete who came out of Philadelphia just after the first World War to win lasting fame on the courts.

In an exhibition tournament for the Red Cross in 1945, when he was a fast-moving 52, Tilden knocked out two such well known professionals as Lloyd Budge and Don Breen before losing to 26-year-old Welpy Van Horn, 6-4, 11-9.

In all Tilden won 10 Davis Cup challenge round singles matches and lost five. Henri Cochet beat him three times and Rene Lacoste twice when the Frenchmen were riding high but, outside of "Little Bill" Johnston, there was no other American who was quite in the master's class for 10 long years.

IN BOYS' DIVISION Stanton And Flower Grove Advance In Buff Tournery

STANTON, Feb. 3.—Stanton and Flower Grove gained the second round in the boys' bracket of the Stanton Invitational basketball tournament here Thursday night while Knott and Coahoma moved up in girls' competition.

Leo Fields' Stanton Buffs staged their most brilliant offensive show of the 1949-50 season by smothering Forsan, 65-30.

The Martin county troupe hit 70 per cent of their shots from the field and 72 per cent of their chances from the penalty line to run up their score.

Gerald Koonce paced the scoring for the winners with 19 points while Kenneth Henson came in for 17.

Flower Grove posed out Courtney, 26-25, to advance into the second round with Stanton.

Earl Gene Heald paced the Dragons to victory with ten points.

Both the girls' games were decided by one-point margins. Knott edged Stanton, 24-23, with Jean Brigrance playing a big part. Yvonne Avery captured scoring laurels for Stanton and the game, however, with 14 points.

Coahoma judged Courtney, 24-23 in another girls' engagement with Wanda Shive hitting for 17 points. Yell was tops for Courtney with 14.

Play was to be resumed this afternoon and continue through Saturday night.

In today's games, Lorraine City Knott, Rankin meets Sterling City and Coahoma tangles with Herculais in boys' play while Lorraine opposes Sterling City and Herculais tangles with Flower Grove in girls' activity.

Finals in both divisions take place Saturday night.

Phillips Bashes Odessa, 65-31

ODESSA, Feb. 3.—The Phillips Plainmen from Borger swamped the Odessa Junior college Wranglers here Wednesday night, 65-31.

The Phillips Junior college crew jumped into the lead shortly after the opening whistle and were never headed in the game. At the half, the Plainmen led 25-13. They built up the margin in the last half behind the sharpshooting of Earl Baker, high point man of the contest with six field goals and two gratis tosses for 14 points.

Austin Wins, 60-38

SHERMAN, Feb. 3. (AP)—Austin College had an easy time slumping Southwestern University in a Texas Conference basketball game last night, winning, 60-38.

FOR SAN FAVORITE OVER POINT FIVE

Forsan's crushing Oilers are favored to make it five wins in a row in YMCA basketball play when they take the court at the HCJC gymnasium at 9 o'clock tonight against Center Point.

Center Point has a young, aggressive ball club that could give the Oilers, or any other circuit team, a lot of trouble.

However, the Oilers reached the heights against American Legion last Monday night and shouldn't be complacent about this one.

They aren't due to meet their really big test until Monday, Feb. 13, at which time they play the resurging Grapette team.

Other games tonight will pit HCJC's reserves against Texas Electric Service company at 7 p.m. and Ackerly against Rowan Drilling company at 8 o'clock.

HCJC's quintet is due to cop its first decision of the league season in this one while Ackerly should rule as slight favorite over Rowan. T&P came on to turn back Rowan and Grapette rallied strongly in the final period to trounce Coca-Cola in other games played last Monday.

Bucs Can Keep Prep Standout

NEW YORK, Feb. 3. (AP)—It looks as if the Pittsburgh Pirates are home free in their \$100,000 deal for a schoolboy pitcher but the weird shenanigans of the case may cause baseball to tighten its high school rule.

Commissioner A. B. Chandler has refused to work up a dither over the deal that saw the Pirates grab 18-year-old Paul Pettit of Los Angeles with a record bonus splash that had a full Hollywood setting.

The commissioner says one of his operatives investigated the case for two weeks. If that operative found no rule violated, then added "Then I am sure that is the case."

Most of the club executives were willing to let it go at that but there were sharp yells from Fred Saigh of the St. Louis Cardinals and George Weiss, general manager of the New York Yankees.

The Pirates obeyed the major league rules in not signing the six-foot-four, 205-pound Southpaw until Tuesday—four days after he had graduated from high school. But there was some extra tinsel.

The papers were signed in a movie agent's office, with large cash amounts going in assorted directions.

While the baseball club couldn't approach the youth, film producer Frederick Stephane signed the amount prospect to a film, radio and television contract for \$85,000. This made him Pettit's agent.

In order to get Pettit's services, the Pirates and five other clubs in the scramble had to deal with Stephane.

The Pirates assumed Stephane's \$85,000 obligation and paid \$15,000 in addition. The boy was reported to have received most of the \$15,000.

Skiers Launch Tournery Today

RUMFORD, Me., Feb. 3. (AP)—Sixty-eight skiers started an 18-kilometer (11-mile) grid today to determine both the world champion at that distance and the world combined titleholder.

Twenty-four of the starters competed Wednesday in the combined jump at Lake Placid, N. Y., where the cross-country events were moved because of a lack of snow.

The remaining 44 skiers, the best runners the post-war world has produced, will be competing for the 18-kilometer title. If any of the athletes competing in the combined are good enough, they can win the running crown, too.

But only two dozen who jumped at Lake Placid are in contention for the combined title. Simon Slavatik (or Slatvik) and four Norwegian countrymen grabbed the first five places in the leaping half of the event. Among them was Ottar Gjermundshaus, who was third in the jump and is an outstanding cross country runner. Slavatik is primarily a jumper.

The combined winner is determined by adding points gained in the jumps with those picked up in the run.

Helkki Hasiu of Finland, the Olympic combined champ who was sixth in the jump, was a prime favorite until a recent foot injury began kicking up yesterday. He re-injured it in the jump Wednesday and it may be too much of a handicap today.

In the 18-kilometer run proper, Enar Osofson and Nils Karlsson, a pair of Swedes, are the heaviest favorites.

Jayhawks Seek First Victory In OJC Gym

Based on talking down second place in Western Zone standings, the Howard County Junior college Jayhawks move to the Odessa (Texas) arena tonight to clash with the Angles Odessa JC Wranglers.

There'll be but one game tonight. Coach Herman Smith of the Odessaans telephoned Harold Davis, local mentor, yesterday that he did not have enough players to field two teams.

In a previous meeting between the two teams, HCJC ran off and hid from the Wranglers, 14-8, but the Odessa gymnasium is a six inch enclosure for the locals. They have never beaten OJC there.

Davis will probably use a lineup consisting of Del Turner, Melvin Norris, Cohn Grishby, Frank Dunn and Louis Stallings against the Wranglers.

Local Keglers To Tournery

Local teams will participate in the state and national bowling tournaments.

Personnel of the team entered in the national meet in Columbus, Ohio in March has not been complete. Tentatively, E. B. Dooler Jr. and J. C. Douglas, Jr. are planning to roll in the doubles event. Charles Gay and Terrell Matthews, Odessa, are due to join the team.

The Douglas hotel league team will compete in the state tournament at Fort Worth April 1-2. Among those planning to participate are Jimmie Easton, Conn Isaacs, Dean Corlie, Roy Geborne, Jake Douglas, Jr., and E. B. Dooler, Jr.

There is a possibility that a team will go to Wichita, Kans. to participate in the southwestern tournament there.

Gridders Honored

Schoolboy gridders of the Big Spring high school and junior high were awarded jackets in an assembly program at the high school gymnasium this morning.

Around 75 boys received letters in the ceremony.

them. In Japanese, her name is Haruyo, which means Springtime.

The Rev. Best spoke to the young people's department Thursday evening.

Mrs. Best spoke to the group, telling of the Japanese customs. She was born in Japan and lived there until she was 17 years old. Mrs. Best is a registered nurse. She received her RN from Vancouver General Hospital in Canada and her public health certificate from the University of Toronto in 1946.

The Rev. Best was heard on the "Religions of Japan" and the man's side of the family life. Following the speeches an informal question session was conducted.

Woody Wood, president of the young people's department, presided during the evening. A tea was held following the program.

Mrs. Bernard Lamun, superintendent of the youth department, Mrs. Jeff Walker and Mrs. Arnold Marshall were hostesses. Kitty Roberts presided at the punch bowl and Nita Chapman served the cake. Approximately 45 persons were present.

The Rev. T. M. Ramsay of the Anderson, Indiana College and Seminary will deliver the 11:15 message at the Main Street Church of God Sunday morning.

The Rev. Ramsay is the field worker of the college and also serves in the capacity of youth director at the college. He will speak at the Main Street Church of God Wednesday night at 7:30 p. m.

Sunday evening a sing-a-long led by Truett Thomas will begin at 7:30 p. m. and the Rev. Ramsay will bring the message at 8 p. m.

"Salvation is of the Lord" from Jonah 2:9 will be the sermon topic of Dr. P. D. O'Brien at the First Baptist church Sunday morning.

A religious moving picture will be shown at the church at 4 p. m.

The Sunday evening service will be under the direction of the youth of the community in observance of Youth Week.

The Rev. R. Gage Lloyd will be heard on the subject, "What Religion Ought To Be" from Isaiah 2:1-5 at the morning service of the First Presbyterian church Sunday.

Mrs. Joe Brooks, soloist, will sing "The Lord's Prayer" by Malotte. At the evening service the final session of the "School of Missions" will be conducted.

"The Freedom of Self Surrender" is the sermon topic of the Rev. C. C. Hardaway to be heard at the Wesley Methodist church Sunday morning.

The choir will sing "Jesus is Able" by Harkness at the morning worship hour.

The Rev. Hardaway will deliver the sermon at the evening service, entitled, "The Mystery of Mercy."

"Spirit" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, and in the local reading room, 217 1/2 Main, Sunday morning. The Golden Text is: "Where the spirit of the Lord is, there is liberty." (II Corinthians 3:17)

Among the citations which comprise the lesson-sermon is the following from the Bible: "For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death. (Romans 8:2) The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spirit and matter no more commingle than light and darkness, when one appears, the other disappears." (Page 281)

The Rev. I. A. Smith will conduct both the morning and evening worship services at the Park Methodist church Sunday. Morning services are at 11 a. m. Sunday school is at 10 o'clock. Methodist Youth Fellowship will convene at the church at 6 p. m., to be followed by the evening sermon at 7 p. m. Midweek prayer meetings are scheduled at 7:30 o'clock under the direction of the pastor.

Sunday masses at St. Thomas Catholic church, 506 North Main, will be held at 7 and 9:30 a. m. and week day masses are at 7:30 a. m. Confessions are heard before the daily mass and from 7 to 8:30 p. m. Saturdays. At the Sacred Heart Catholic church (Latin American) Sunday masses are at 8:30 and 10:30 o'clock under the direction of the pastor.

The Rev. Lloyd Thompson will speak on the subject, "A Young Champion" at the morning worship hour of the First Christian Church.

Guest speaker at the general assembly during the Sunday School hour will be Peggy Thomas, state president of the Christian Youth Fellowship and a student at TCU, Fort Worth.

The topic for the evening sermon will be "How Jesus Grew". The evening service will be shortened so the audience can join the congregations at the First Baptist church for the city-wide youth program.

"Witnesses" will be the sermon topic of the Rev. Lewis Patterson at the Church of Nazarene Sunday morning at 11 a. m. Sunday school will begin at 10 a. m. and the evening service will be at 7:30 p. m.

The Rev. James E. Parks will be heard on the subject, "Playing At Life" from Matthew 23:17 at the morning worship hour of the East Fourth Baptist church.

An evangelistic service will be conducted Sunday evening followed by the baptismal service. The young people's fellowship hour will be at 6 p. m.

The Rev. C. K. Love, Assembly of God church, will speak on the subject, "You Reap What You Sow" from Ephesians, chapter six. The topic for the evening service will be "The Second Coming of Christ" from Acts 1 and 2. The Rev. Love will be in Snyder Saturday night where he will speak at the Assembly of God church.

THE LION'S SHARE

The fellow who can roar the loudest and bite the hardest usually gets what he wants.

That's the way it is in the animal kingdom, and sometimes the system creeps into man's world too!

Most of us have too much religious awareness to believe that such a system is the best one. We would rather live in a world in which kindness and peace and unselfishness were the rule.

Our Churches can help us build such a world. They can turn our religious awareness into spiritual growth.

On Sunday morning, the man in the armchair knows just as well as the man in the pew what is wrong with the world. But the man in the pew will be busy doing something about it!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without it we can survive, neither democracy nor civilization every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Harold Steck Is South Ward P-TA Guest Speaker Thursday Afternoon

Harold Steck, guest speaker, discussed the subject, "Teamwork For Good Citizenship," at a meeting of the South Ward Parent-Teachers Association Thursday afternoon.

Steck said that "It is time to realize the relationship between the hydrogen bomb and 'Youth Week'." If the youth of the land were reared to be good citizens, it would make a great difference in world events, declared Steck. He further stated that parents too often "forget their responsibility in rearing good citizens of their child, a and in making good citizens themselves."

A musical program was given by Mrs. Clifford Hale's morning fifth grade and June Day's afternoon fifth grade. Songs and folk dances of early American life were given with Mrs. Bill Grisee accompanying the group.

Mrs. Jess Thornton, Jr. presided during the business session during which the unit voted to cooperate with other Parent-Teacher units of the city in the observance of Founder's Day. A tea will be held in the high school lunch room from 4 to 6 p. m. on Friday, February 17th.

Mrs. Clifford Hale's room won the room count.

AAUW Meet Features Program-Business

"Personalities in the Field of Science" and "Personalities in the Field of Medicine" were the topics for a regular program meeting of the American Association of University Women held at the Girl Scout hut on Thursday evening, Mrs. Jean Slier and Mildred Young served as program speakers.

Mrs. Slier presented a program prepared by Mrs. E. C. Dodd,

who was unable to attend the meeting. Speaking on "Personalities in the Field of Science," Mrs. Slier told some of the accomplishments of the following women: Edith Quimby and Irene Curie Joliot, biophysicists; Jessamine Hilliard, Margaret Keislar, Dorothy Winch, Dr. Gerty T. Cori, Florence Sabin, Mary Duffy and Florence Seibert, bio-chemists; Dr. Baumgartner and Elizabeth Kenty, physicians; Lisa Mettner, physicist; and Margaret Mead and Elandia Robeson, anthropologists.

Mildred Young discussed "Personalities in the Field of Medicine." She used as a representative of the field, Dr. Alice Hamilton, a pioneer in the field of industrial medicine, and gave some of the highlights of her work.

Nell Brown, president was in charge of the business session and announced that "After High School What?" will be the theme of a senior girls and mothers panel discussion to be conducted by the scholarship committee in the near future. She also announced the possibility of a summer performance of the Schbert Company of Chicago next summer. The affair would probably be sponsored by the AAUW chapter if it was scheduled here. Miss Brown also announced that she would name the nominating committee for the 1950-51 officers at the March meeting. New officers will take their positions in June.

HD Club Meets In Jackson Home

Members of the Coahoma Home Demonstration club met Wednesday morning in the home of Mrs. W. J. Jackson with Mrs. J. E. Adams as co-hostess.

Eugenia Butler, home demonstration agent, gave a talk on the importance of good nutrition breakfasts, after which she demonstrated different ways to cook eggs and cereals. She also suggested several toppings for cereals.

A breakfast consisting of fruit juice, cereal, bacon, eggs, hot biscuits made of master-mix, butter and home-made jelly and coffee, was served.

During the business meeting, the home demonstration council committee's proposed recommendations for 1950, read by the council delegate, were approved.

A chili and pie supper was planned and will be held in the high school lunch room on February 22.

The personal service committee announced a white elephant sale to be held at the next regular meeting to be held in the home of Mrs. D. W. Byrns at 2:30 February 15.

Attending were: Eugenia Butler, home demonstration agent, Mrs. D. S. Phillips, Mrs. B. R. Thomason, Mrs. A. J. Wirth, Mrs. Alvin Day, Mrs. Paul Eppner, Mrs. F. W. Burkholder, Mrs. A. W. Thompson, Mrs. C. O. Welch, Mrs. D. W. Byrns, Mrs. Alford Thieme, Mrs. E. T. O'Daniel, Mrs. W. J. Jackson and Mrs. J. E. Adams.

A WARM WELCOME AWAITS YOU

BACK TO THE BIBLE

In "Ashland Avenue Baptist", published in Lexington, Ky., date of Jan. 26, 1950 the teachings of the Bible that makes baptism a condition of salvation is called, "the old Campbellite doctrine". Get your Bible, neighbor, and read for yourself. Christ, (not Campbell) said, "He that believeth and is baptized shall be saved." Mk. 16-18. Peter (Not Campbell) said to believers, "Repent and be baptized *** for the remission of sins." Acts 2:38.

Paul (not Campbell) taught that believers are "Baptized into Christ" where "all spiritual blessings are enjoyed." Gal. 3:27 and Eph. 1:3-7.

MY THANKS

I thank you, whoever you are that caused the above paper to be mailed to me. Could you get Mr. Walker to publish this little review in the "Ashland Avenue Baptist"? I hope you can. Why good people will allow men like the editor of the above paper to lead them away from plain statements of the Christ and His inspired apostles is really a 384 question.

Neighbor, read your Bible and attend services of the Church of Christ in your community, where the truth as it reads in your Bible is preached on every question.

RIBBON RAMBLINGS

By Mildred Young

Since we happen to be passing through the annual observance of Youth Week, we might as well take advantage of it by talking about Camp Tyler, which happens to be an outdoor public school where children are taught the art of useful living.

The 300-acre project, one of only four all-year public school camps in the nation was opened last October. Sponsors are so well-pleased with its success they have asked forestry experts, fish and game authorities and soil conservationists to help work out a 10-year program.

Camp Tyler is under the administration of the Tyler public school system. Students are given the opportunity to spend a week at the camp as a part of their school work.

Shelter and bunks are available for about forty. Pupils in the lower grades are taken to the camp in the morning and returned to their homes in the afternoon. Provision has been made for about thirty 1-day students.

Dr. George W. Donaldson, camp director, who received training for this kind of work in Battle Creek, Mich., said the purpose of the program is to "let the youngster learn, first hand, the need for conserving our natural resources, how to cooperate with others and to face the practical problems of everyday life."

Dr. Donaldson has a staff of six, including an assistant director, two cooks, a girl counselor and eight camp buildings with two bunk-houses.

"We teach the things that are not included in the conventional school courses," he explained. "Our children learn about wildlife management and forestry conservation. They learn how to work with their hands, the fundamentals of good health and the importance of personal cleanliness."

"They gather their own firewood and learn to set out trees and plant a sound farm program."

"They're taught to be self-sustaining, too. It costs \$6.50 to board a student for a week and most of them earn their way. Their city classroom teachers help find ways for making money—baby-sitting, housecleaning or running errands. One boy raised the \$6.50 by trapping gophers. They seem to enjoy the feeling of independence."

Attendance is not compulsory, but most of the children are eager to take advantage of the opportunity. Classroom instruction in the city is continued for those who do not go to camp.

Austin has a similar public school camp, but it is closed during the winter months.

The four all-year school camps, Dr. Donaldson said are at Tyler; Battle Creek, Mich.; Long Beach, Calif.; and San Diego, Calif.

During the summer vacation period Camp Tyler is used by the Camp Fire Girls and other youth groups.

and Knoch" was the theme for the program session which featured Mona Moors of India, as the guest speaker.

Miss Moors' association with the Church of God began when Dr. J. A. Morrison held a revival at Grand Junction, Colo. She says that the emphasis on Christian unity won her heart and shortly afterward she accompanied the Morrison family to Anderson, Ind., where she attended college and was finally sent to India as a missionary.

Miss Moors sailed for India in October, 1922, to assist in the work of Shelter, where an attempt is made to rescue helpless girls from lives of degradation and shame and prepare them to be self-respecting and self-supporting.

Miss Moors was invited by the government of India with the authority of Honorary Inspectors of Police, which enables her to enter any brothel, temple or otherwise, in the district and take out any girl held therein.

A covered dish luncheon was served at noon.

Yet there are some very sophisticated people who imagine the Creator of the universe is deaf, dumb, and blind! He knows us infinitely better than we know ourselves. "He that formed the eye, shall He not see?" —Ps. 94:9.

Hot Potatoes May Focus Attention In Dealing With Farm Surplus

Fifty million bushels of potatoes from last year's crop must be disposed of in some way, and Secretary of Agriculture Brannan told the Senate Agriculture Committee that he plans to dump the unwanted spuds in the area where grown. Members of the committee adopted a hands-off policy; they said the dumping was an administrative, not a legislative, headache. The potatoes represent government purchases at \$1.25 a bushel—as a price support gesture. Secretary Brannan announced the dumping plan, "unless Congress directs us to do otherwise." That's when members of the committee hastily decided it was an administrative responsibility. They want none of the public criticism that comes from dumping perfectly good food when there are people in this country who actually need it. But Secretary Brannan made the point that dumping would be \$15,000,000 cheaper than to pay the transportation cost to public consumer outlets like alcohol plants. The former secretary of Agriculture,

now U. S. senator from New Mexico, Clinton Anderson, who has differed with Brannan recently on farm policies, came to Brannan's support this time. He noted that the department "has been cursed for years" about potato surpluses, and it was not the fault of the department at all. Congress, he said, should give the department control over production. The Brannan Plan itself calls for letting surpluses find their natural market level, thus giving consumers in all walks of life the benefit of lower prices. He would pay producers a certain price support out of public revenues. This plan, unless backed by some form of production control, would have the same evil effect that present price-support operations produce—runaway production, as in the case of potatoes, to the hurt and detriment of public revenues.

The potato situation at least brings the issue to a head, and may force some congressional action to bolster the entire theory of price support from destruction.

Writers Lose Their Punch While Reviewers Hold-Forth, Say Little

"Of making many books there is no end," sneered Ecclesiastes the Preacher, and he added: "Much study (reading) is a weariness of the flesh." The AP's Hal Boyle seems to agree. Books, he finds, aren't what they used to be. Whereas he used to read 30 to 100 books a year, he now has virtually given up reading them entirely. He used to devour them with unfeigned delight; today he finds in them only weariness. Perhaps it's Boyle who's changed, but we are inclined to agree with him. Authors nowadays, says Boyle, seem to write books for only three reasons: One group tries to provide the reader a sugar-coated "escape from life"; another group tries to prove something or other and the third group is so obsessed with the subject of psychiatry that it can write of nothing else. To sum up, Boyle cries a peep upon

all their houses. He has practically given up reading books of any kind. We have given up reading modern fiction, but occasionally revert to some of the old masters with delight and surprise. Some of them are as fresh and potent today as when first published. But if authors are in a rut and muscle-bound, what can be said of the ladies and gentlemen who pretend to write book reviews for the newspapers and magazines? Ninety percent of reviews are pure drivel, and an equal percentage follow the same line of patter, use the same clichés, and speak in the same knowing, condescending tone. They are bent on displaying their own putative scholarship, but invariably they fail to let their readers in on their little secret. You know a lot about the reviewers when they're through, but little about the author and almost nothing about the book review.

Texas' Justice Clark Wins Respect Of Colleagues On Supreme Court Bench

WASHINGTON. — A friendly Texan who speaks in a soft drawl and wears neat bow ties is the big surprise of the Supreme Court. Six months ago when Attorney General Tom Clark's name was sent to the Senate, his critics looked down their noses and sneered. "a politician, a bureaucrat!" in the gleaming white marble building across the park from the Capitol, there was apprehension. But today, fellow justices ungrudgingly describe Clark as "conscientious . . . a great worker . . . a pacifying influence." Chief Justice Fred Vinson beams proudly when the freshman is mentioned. Usually a neophyte on the high court is considered a go-getter if he writes two majority opinions his first year. Tom Clark has written five in less than six months—two on taxes, corporate responsibility, railway safety, and cost equitation for property requisitioned by the government. Remarkable one Justice of Clark: "Tom is the easiest man on the bench to get along with. He is a great help to us all. He works hard, does more than his share, and turns out a sound product."

CONSTITUTIONAL PHOTOGRAPHER
When GOP leader Joe Martin moved that the House of Representatives dispose with legislative business on February 13 so Republicans could attend various Lincoln Day dinners, Democrat Walter Huber of Ohio rose as if to object. Instead, Huber said: "Inasmuch as if Abraham Lincoln were alive today he would be a Fair Dealer, I shall offer no objection to the request the gentleman intends to make." "Thank you," replied Martin, "but I have some doubts about the gentleman's assumption with regard to Abraham Lincoln."

RUSSIA FEARS ATOM
The atom bomb has forced a radical and secret shift in Russian military tactics, according to latest intelligence reports. In World War II, Soviet tactics were based on huge masses of men supported by tanks and artillery, but given only meagre air support. Today, however, Russia has built a powerful air force of heavy, long-range bombers for offense, plus swift jet fighters for defense. This is to ward off an atomic attack from the air. More than half the Soviet military budget goes into the air force. The goal is 30,000 fighting planes, half of them swift jets, 40 per cent heavy bombers, and the remainder conventional fighters and fighter-bombers. Taking a leaf from another successful maneuver used by Americans, British and Germans, Russia is now reported to have an airborne army of 150,000 men.

Another eye-opening set of figures is the Soviet-controlled airplane production last year. This is 3,000 heavy bombers, 3,000 light bombers, 3,000 jet fighters, and 3,500 conventional fighters. Total—13,500 new planes. In comparison, the U.S. Air Force totals 71,800 planes, many of them in mothballs.

GOP DUCKS CIVIL RIGHTS
GOP National Chairman Guy Gabrielson has received a hot letter from Democratic Congressman Ray Madden of Indiana urging Gabrielson to build a fire under Republican foes of civil rights on the House Rules committee. Madden reminded the GOP chieftain that three Republicans teamed up with the Dixiecrats to piggyback the FEPC bill in the Rules committee—Rep. Clarence Brown of Ohio, Leo Allen of Illinois and James Wadsworth of New York. Madden also pointedly called Gabrielson's attention to the fact that, as leader of the Republican party, he is duty bound to carry out the civil-rights plank of the GOP's 1948 platform. So far he has had no reply from Gabrielson. **BEARDLESS DEAN ACHESON** Angus Ward, the bewhiskered consul general who came back from China a month ago, already has achieved a distinction that Secretary Acheson can't match. He can walk in and out of the State Department after hours without having to sign the admission book. The other day Secretary Acheson not only was stopped by the guards at the door but had a difficult time identifying himself before he was admitted. Angus Ward's beard, however, is his passport. **WEST COAST 1942 FRENZY** A letter from a Catholic priest may stop Senate confirmation of Karl R. Bendetsen of Aberdeen, Wash., as assistant secretary of the Army. The letter tells the story of Bendetsen when he was in charge of evacuating persons of Japanese ancestry from the west coast during the hysteria of 1942. Writes Father Hugh Lavery of the Catholic Maryknoll Mission of Los Angeles: "Bendetsen showed himself a little Hitler. I mentioned that we had an orphanage. I told him some of these were half-Japanese, others one-fourth or less. I asked, 'which children should we send to the relocation centers?' Bendetsen replied, 'I am determined that if they have one drop of Japanese blood in them they must all go to camp.' Just as with Hitler, so with him. It was a question of blood." Mike Masaoka, the Japanese-American war hero, has shown the letter to senators, many of whom are opposed to Bendetsen's confirmation as assistant secretary of war, especially since the strong Court of Appeals opinion written by U.S. Judge William Denman of San Francisco condemning the Army's treatment of Japanese-Americans. **CAPITAL SNAPSHOTS** Adolph Sabtha, the 4-year-old dean of the House, in the restaurant with a napkin tucked around his neck like a bib, looking as bright as a new dollar. Capitol Architect Dave Lynn's forehead creased with worry because a draft from the gaudy new Senate ceiling gave Veep Alben Barkley a bad cold.

Elizabeth Taylor Wants A Big, Formal Wedding

HOLLYWOOD, Feb. 2. — The organ started humming "Here Comes the Bride." Elizabeth Taylor clutched the arm of her father, smoothed the front of her wedding gown and paced down the church aisle to take a husband—for a movie, of course. "Well, I finally made it," giggled the young star, who had two widely-publicized near-misses at matrimony. The wedding (to Don Taylor) is the climax of the picture, "Father of the Bride." Actually, it is the second film wedding for Elizabeth, who married Robert Taylor in "The Conspirator." But that one wasn't as fancy. "This is how I want my wedding to be," she remarked, gazing at the flower-decked church, which may be described as Beverly Hills Gothic. There were six ushers in cutaways and six bridesmaids in frilly gowns. "I think every girl wants to have a big, formal wedding," she said. "It's the greatest moment of her life. I think there's something sneaky about elopements. When people steal off to get married, they make it seem as though they're doing something wrong." When in her real wedding to take place? I mentioned printed statements that she would not

be overturned at any time if by accident they happen to get in the line of fire of Congressional politics. On the instability, the undependability, the irresponsibility of fluctuating Congressional majorities, no people can be expected to stake their future, no leaders can be expected to stake their careers and their lives. The damage which has been done to the moral credit of this country is incalculable but enormous, and it will take more than a reversal of this vote to repair it. But there is worse to come: The real effect of the Formosan crusade is to isolate the United States in the Far East. That is exactly what the Kremlin, most wants—to push us out of the Far East so that we cannot influence or interfere with the consolidation of their empire. Mr. Churchill's answer was that "of this I am quite sure, that if we open a quarrel between the past and present, we shall find that we have lost the future." Is it too much to hope that Senator Knowland and Senator Taft and Senator Bridges and Senator Wherry might be willing to learn from the example of a man, who is so much greater than any of them, who was faced with a crisis so much more terrible than ours, who, moreover, had a record of consistency and of foresight unlike theirs which entitled him to say "I told you so" had he not been above such vulgar vanity. The action of the House in defeating the bill for Korea aid is the first, but by no means last, practical illustration of how we shall lose the future if we pursue the quarrel between the past and the present. The issue in the Korean aid bill is whether the United States will honor a commitment made to the people of Southern Korea and in the presence of the United Nations. The question of honor is paramount. It cannot decently be submerged in the quarrel about Formosa or China, or written down because we may have grave doubts as to whether we should ever have made the commitment at all. If it is true, as Senator Knowland says, that "the Koreans in this case are just the innocent bystanders in the House . . . they got into the line of fire," it is time he paused to ask himself what else is going to happen if he keeps on firing on his line of fire. It is becoming more and more ominously clear what is going to happen. The United States is going to be prevented from playing any useful role in Asia. The Korean conflict will teach the other weak peoples of Asia that American policy can

Building Of Television Station Is Decidedly Risky Speculation

Ever hear of anything becoming old, or obsolete, before it even comes off the assembly line? Well, there is such a thing, according to an informer of ours, and simply learning about it isn't an air castle crashing to earth in small splinters. The air castle was our own, and it looked rather attractive as viewed in ignorant speculation. It involved setting up a pioneering project in television in Big Spring, or in close proximity thereto. If it is possible for a television receiver to pick up images here from a station as distant as Fort Worth, we reasoned, a station in Big Spring would be able to reach several populated centers in West Texas and New Mexico. It is nearly 300 miles to Fort Worth. So, we took our map, used Big Spring as a center, and struck a circle with a radius of not 300 miles, but 100 miles, just to be on the safe side. The circle embraced such cities as Abilene, Sweetwater, Snyder, Lubbock, San Angelo, Midland, Odessa, Lamesa and dozens of smaller places. In all, it completely enveloped 23 counties and parts of about 15 others in West Texas and a couple in New Mexico.

What a perfect setup, we thought. Big Spring is sitting here at the center of the best part of West Texas, which should make it an excellent site for a television pioneer to install his shop—provided, of course, that a pioneer with a few million dollars surplus could be located and interested in the project. But alas, alack, fap, etc. We learned that stimulating interest to the point of action would be a discouraging task. Even a venturesome individual with a few million he doesn't need would hesitate to embark upon such a project, we were informed. It seems that a television station that is built on Monday is out-of-date by Tuesday at the latest, and then a Tuesday station soon finds itself put to shame by one erected on Wednesday, etc. After pondering that situation, we concluded that people in Big Spring and surrounding parts of West Texas are lucky, after all. Think of the thousands of people in large cities where television has been available for weeks, months and even years. Unless a new television station opens in their reception range each day, they are stuck with a bunch of out-moded images.—WACIL McNAIR.

Census Bureau Finds U. S. Has Fewer Bachelors Than In 1940

By ROBERT E. GEIGER For JAMES MARLOW WASHINGTON. — IN A ROUNDABOUT way the Census Bureau has been measuring the amount of romance in the U.S.A. It finds romance is popular, more so than in 1940. There are fewer unmarried men at large than there have been for years and years. This might indicate the chances for a lady to find a husband are getting thinner and thinner—but the number of unmarried females also is at low ebb. The really big news for old maids is contained in statistics showing that although there now are more than 5 million more women in every age group, 14 to 65, 1940, there are fewer unmarried ones. More women in every age group, 14 to 65, have husbands.

IN 1940 THERE WERE 13,935,000 SINGLE women between the ages of 14 and 65. But in 1949 there were only 11,174,000. And it was between these years the total number of women increased by 5 million. The Census Bureau found in an earlier study that about two out of every three persons in the civilian population now are married. Sixty years ago only about one half of the people had a spouse. Some women who are finding it particularly easy right now to find a husband may be those "depression babies" born around the start of the depression 17 or 18 years ago. But some of these female depression babies may find harder going later on.

WHEN THE CENSUS BUREAU USES a phrase like "striking decrease in the single population took place," it means there were a lot of marriages. And that's what the experts found occurred among the younger women, 20 to 24 years old. In 1940 almost one-half of all the women from 20 to 24 were single. Now fewer than one-third of these younger women are unmarried. Actually, as everyone has been told, there were more marriages each year between 1945 and 1949 than ever before in a five-year period. Almost 3 million females were erased from the unmarried columns in these years and transferred to married life. For people who insist on the figures, here they are:

WOMEN ARE LIKELY TO MARRY — SHOWN ABOUT three years their senior. During the depression, the total number of U. S. births declined. There were fewer babies. Now, the first of the depression babies are reaching the marriageable age, for girls of 17 and 18 years. A great many of these 17 and 18-year-old girls will be marrying boys who are 20 and 21. These boys were born before births began to decline, so there will be more of them in proportion than there are girls 17 and 18. The census experts say the boys, however, have nothing to worry about. They say love always has found a way. The "surplus" boys probably will be able to find girls in other age brackets who are matrimonially inclined.

House Scuttling Of Korean Aid Bill Gives Russia Free Hand

In what is the most famous of all his great speeches, Churchill once said: "There are many who would hold an inquest in the House of Commons on the conduct of the governments—and of Parliaments, for they are in it too—during the years which led up to this catastrophe." He was speaking of "the colossal military disaster" of 1940 when France was defeated and Britain was driven off the continent. We might all of us today, as we tear ourselves apart quarreling over our own disaster in China, remember Mr. Churchill's answer to the many who wanted to hold an inquest at that time. Mr. Churchill's answer was that "of this I am quite sure, that if we open a quarrel between the past and present, we shall find that we have lost the future." Sad Plight Of Living-Room Is Going To Send Hal A-Borrowing

NEW YORK. — CHALK 1950 DOWN as a complete failure for me. We've gone and missed it again. Missed what? Why, missed having our parlor picked as one of the ten best-dressed living rooms in Manhattan. The selection was made by some house-keeping firm that says it manures most of the mansions "listed in the social register"—although I thought the social register catalogued people rather than homes. The firm said it chose the top 10 living rooms from some 500 nominees. And it estimated the value of the furnishings in the lucky winners at about \$50,000—or \$50,000 a room. THERE MUST BE SOME ERROR here. Could any living room actually cost \$50,000? What would they pay it with—mint? What worries me is what happens when I go home to 541 East 20th Street, Apartment 2-F. That is where my living room hangs out. How can I live it? The first thing it will say is, "don't try

to hold the news back from me, didn't I win?" "What's the matter, do I need my rug lifted" it will plead. Or— "Tell me the truth, is my radiator showing?" This will go on for days and days, with my living room developing more and more of an inferiority complex. THEN MY LIVING ROOM WILL BEGIN to brood—and blame me. "Look, big boy," it will sniff, "if you'd spend a little more on me maybe all the other parlors in town wouldn't be laughing at me." "I am just as good as any other living room at heart," And it will go on: "I found out that those prize-winners had \$50,000 worth of trouble in them. You know what you spent on me altogether—\$694.33? No wonder I look like I don't have anything to wear." Believe it or not, I'll then have to start borrowing from the bank to pep my old living room up.

World Stands Aghast As U. S. Prepares To Develop H-Bomb

AMERICA'S DECISION TO GO AHEAD with development of the dread hydrogen bomb has most of the civilized world scared stiff. That's because even the existence of such a fearsome weapon is a matter of anxiety. Science tells us that it is possible to construct bombs with which a nation might be rendered totally incapable either of defense or aggression. President Truman's order to construct the hydrogen bomb has been followed by a renewal of pleas from many quarters of Europe for international control of atomic energy. MEANTIME THE BRITISH FOREIGN office blamed the thing down tersely and bluntly in reply to a request by British Quakers that Prime Minister Attlee try to arrange a personal conference with Stalin, Truman and other western government heads in an attempt to reach an international agreement. The foreign office replied on behalf of Attlee: "It would be presumptuous to suppose that personal contact at even the highest level would do anything but raise unduly the hopes for peace which have been so often and so cruelly disappointed in the past. The reply added that, judging by their recent conduct, the Russians "are dominated by the Marxist theory of an inevitable clash between the two systems into which the world is divided."

WILL THERE COME A TIME WHEN international democracy must line up on the battlefields of an Armageddon? Let's see. At the thing quietly, the British had announced that it was

out to communise the world by revolution. It has gone far towards achieving its ambition, with the result that the democracies have organized against it. The world is divided into two camps. Now the bulk of the strength in all categories—including economic and industrial power—at present lies with the western nations. There has been no indication that they have any intention of declaring a shooting war against the Communist bloc headed by Russia. And the Soviet Union would look twice before launching a shooting war with the balance of power against her.

SO WE MUST CONCLUDE THAT BARBARIC arms unforeseen development, a hot war isn't probable before Russia has made her strength equal to that of the "capitalistic" nations. In this connection we shouldn't overlook the statement Wednesday by Secretary of the Air Force Stuart Symington in a speech at Baylor University, Waco. He said Communist dictators have "the world's largest ground army, air force and undersea fleet," and warned that Russia is capable of launching a surprise atomic attack on any part of the United States. However, we really begin to worry about war when the two blocs are on an equal war footing.

Schuman, Bevin To Discuss Red Ho Recognition

LONDON, Feb. 3. (U.P.) — British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman meet in Paris today to discuss the explosive Soviet Russian recognition of Ho Chi-minh's rebel regime in Indochina.

Bevin, on his way home from the commonwealth conference of foreign ministers in Ceylon, is expected to get a complete fill-in on the grave situation into which Franco-Russian diplomatic relations have been plunged.

Russian recognition of the Moscow-trained Annamite leader opposing the French-sponsored Viet Nam government of former Emperor Bao Dai has been termed in diplomatic circles "the greatest diplomatic defeat for France since she was conquered by Hitler."

France's formal protest of the Soviet move was so curtly rejected by Russian Ambassador Alexander Bogomolov that acting French Foreign Minister Pierre Schmitter was reported yesterday to have given Bogomolov a "terrific dressing down."

Czechoslovakia yesterday followed the Russian lead in recognizing Ho Chi-minh. Communist China was the first to give its recognition. This led to the belief that all the rest of the Soviet satellites would follow suite.

Maniac Sought In Acid-Burning Of Three Women

ATLANTA, Feb. 3. (U.P.) — Police prowled the shopping district today for the maniac who has burned three women with an acid loaded water pistol.

A fourth woman, Mrs. Alice Young, reported yesterday she had been sprayed with the stuff, but didn't notice it until holes began appearing in her coat.

Three attractive young matrons told police they had been "shot" by a young, flashy dressed man about six feet tall.

Each required medical treatment for the burns which a Grady hospital physician said apparently were caused by storage battery acid.

Mrs. Beatrice Shelpy, 22, said she noticed the man following her and felt something liquid on her back.

"I didn't mean to do that," the man told her, adding, "it was only water anyway."

Mrs. Sarah Austin told police she had been treated yesterday for scalp burns.

Another victim, Mrs. D. R. Baxter, said she felt her side burning about the time a Negro woman stopped her to say that the back of her skirt was being eaten by acid.

Glad Reunions, Sorrowful Partings Come Together

By WILLIAM C. BARNARD Associated Press Staff

Here are three stories: two happy meetings and one sad parting.

After 37 years, Konrad Grill reunited with his mother, Mrs. Olga Hartmann, in Victoria, Tex.

Grill was born in China. His parents were divorced and his mother left him with his father. She came to Texas to live and married C. J. Hartmann, who managed the Western Union offices at Victoria.

The son was educated in Germany, became foreign representative for a steel factory in the Ruhr and served in the German navy and army in the last world war. He was in the navy first, but was sent to the army when he was discovered listening to British and American broadcasts. Later he fled to Switzerland and was turned over to a French prisoner of war camp.

Since 1948, Mrs. Hartmann had been trying to bring her son to America. Finally, thanks to S.M. Tom Connally's aid, she succeeded. In Victoria, Grill said he hopes for only two things: "A job and the

right to become an American citizen."

Two brothers, both grown, saw each other for the first time in a Plainview bus terminal a few days ago. Theodore F. Boushy, professor of history and sociology at Wayland College met his younger brother, Samuel, 21. Samuel had just completed a four-day trip by plane and bus from Jarj Ayon, Lebanon.

Theodore left Lebanon 23 years ago and had seen his younger brother only in snapshots. Samuel came to Texas to enter Wayland College. When he gets his degree he hopes to study medicine and return to his homeland to organize a clinic at the Baptist school and mission in Kafer-Mehki, Lebanon.

Theodore and Samuel had a great time getting acquainted. Theodore has two other younger brothers, David and Nadim whom he has never seen. They are still in Lebanon.

Lebanon is hilly country and Samuel was awed at the sight of the broad, flat Texas plains.

At Abilene, Norman O. Mobley, 80, a retired carpenter, prepared to attend the funeral of his Spanish-American war buddy, T. E. Bush. While Mobley was getting dressed he had a heart attack and died.

Grounding Of 'Big Mo' Probed

NORFOLK, Va., Feb. 3. (U.P.) — The Navy begins its official investigation today of the Jan. 17 grounding of the Battleship Missouri on a Hampton Roads shoal.

A court of inquiry convenes at the Norfolk Naval base. It will be open to the public.

The naval experts who yanked the Mighty Mo off her mudbank Wednesday blamed a sunken ship for the 12-foot gash inflicted on the battleship's bottom—the only damage she sustained which will require repairs. Navy spokesmen said at the Norfolk naval yards at Portsmouth, where the ship was taken, that she will be ready for sea duty in five to seven days.
