

PARMER HARVEST NEARING COMPLETION

Road Program Routes Are Listed For Study

On August 13, voters of Parmer County will go to the polls for the second time this year, to decide on a proposed \$800,000.00 road bond issue, proposed to install a number of miles of rural paving over the county. Earlier, the voters turned down a proposal to vote a bond issue in excess of \$1,000,000.00.

The distribution of the roads, which has been worked out by committeemen from over the entire county, was outlined the first of the week in layman language, in order that voters could study the program and see just where—providing the issue is approved—farm-to-market roads would be paved.

Friona, Precinct No. 1, will draw the lion's share of the paving, with the proposed routes tapping the rich farming centers both north and south of the city.

One of the routes will begin at the south edge of town, at the Clyde Goodwine corner, the road turning east off FM No. 299. This paving will run 1 1/2 miles east to the Euler farm, then swing south one mile to the Shaffer place, turning back east and continuing for around 6 miles to the farm of Mrs. Pearl Hend. From that site, two forks of paving will be made, one going north clear back to Highway 60, east of Friona, while the other will swing south, past the Otho Whitefield place and on down to Highway 86, which runs through the center of the county.

Also on the south side of Friona, the proposed route will begin at the L. M. Crow—Joe Douglas corner and run to the Castro county line.

On the north side of Friona, paving will start from Highway 60 at the southwest corner of the Bill Flipin place, continuing due north to the road division just south of the J. K. Anthony place. Here the road turns west to the "adobe house", to swing back north and continue to the Deaf Smith county line.

From Black, paving will run due north to the Deaf Smith line, and the final strip of all-weather road listed for Precinct 1 will begin at the western edge of town, swinging off Highway 60 where it curves, and going to the west line of the Cruise place, committeemen explained.

The Lazbuddy precinct, No. 4, will draw 22 percent of the total paving proposed, and the precinct plan is outlined as follows:

South from the F. L. Wenner place to the Bailey county line, north by O. M. Jennings and Otto Treider places to one mile south of the old Syndicate Hotel.

Secondly, beginning at the old Sherley place, traveling east five miles to the southeast corner of Roy Daniels place, then south 10 miles past the Alex Steinbock farm to the county line.

For Farwell, Precinct No. 3, 23% has been allotted. The rural roads shall be from Highway 70 south to the Bailey county line; from Earl Billingsley's farm east not more than five miles; from Highway 60 east toward the J. O. Ford farm; from Highway 60 east on the Lee Sudderth road; and from Farwell north, not less than 4 1/2 miles.

In Farwell proper, the following streets have been outlined for paving under the bond program:

First Street, in its entirety, from the intersection at the Security State Bank south to the end of the street;

Second Street, from the intersection at the postoffice, south to the end of the street;

Avenue G, from its intersection at the south end of First Street to the first corner east of the Farwell school;

Seventh Street, from its intersection at the corner of Avenue G east of the school to Highway 70;

Avenue C, from the corner at the northwest edge of the courthouse property (intersecting Third Street), to the intersection at Seventh Street, taking the paving past the Church of Christ building.

An allotment of 25% is made to Precinct 2, Bovina, and the proposed route will reach from Bovina into the Rhea farming area to the Texas-New Mexico state line by way of the Lutheran church. A cross-over is planned from the Ed Ross place, 6 miles north of town and one mile south of the 80-foot road, to the far corner of the precinct.

In the town proper, a loop will connect Highways No. 86 and 60, on (Continued on last page)

"Almost-Left" Camper Finally Boards Bus

Nancy Aldridge, daughter of Mr. and Mrs. John Aldridge, was almost an "also-ran" last Wednesday morning, when a special bus, slated to pick her up for a camping outing, failed to stop at the designated spot in Farwell.

Standing at the Gulf Service Station, where father John insists she had been told to wait, Nancy saw, to her horror, that the bus was sailing on past her without even a casual glance from the driver—and she started out on foot in a fast run. O. C. Pulliam, manager of the station, managed to whistle the bus to a stop before the assorted Aldridges were scattered up and down the street in pursuit of the vehicle.

Nancy will spend a month at Camp Davis, high in the mountains above Las Vegas, N. M.

Bovina Couple Wedded 60 Years, July 7

It was just another day in the lives of Mr. and Mrs. J. A. Richards, for 25 years residents of Bovina, who observed their 60th wedding anniversary on Thursday of last week.

Asked why they did not celebrate the occasion, Uncle Jimmie replied that "folks would think we had to have a lot of gifts. But the best gift of all comes from the Lord who has permitted us to live and enjoy reasonable health all these years."

Asked about their honeymoon, Mr. Richards related that they were married at Austin by Rev. W. W. Coleman, a Baptist minister. "We took the train the next day and went to Dupree in Hayes County, where we were met at the station by a man with my saddle horse and a pony fitted out with a side-saddle for my wife. We went to a ranch about ten miles out in the hills, and that was the end of our honeymoon."

Reflecting over their 60 years of married life, Uncle Jimmie said he never saw the time he did not have a few dollars in his pocket, "and we raised 12 children, too," he added. Practically all of their active lives have been spent in stock-farming.

"I never saw the day when I could not sell a horse, a mule, a cow or a hog if I had to have a little money," he remembers.

Before retiring from his farm south of Bovina, five years ago, they had spent all their lives on the farm, except for a year in Austin, where he tackled the dray business.

"That didn't suit me," he added. Most of his young life was spent as a cowboy, "and I was a pretty good puncher," he boasted, but added that he never got more than "twenty-five dollars a month and chuck."

Mr. and Mrs. Richards came to Parmer County in 1920 from Abilene, and located just south of Bovina, where they followed farming and stock-raising until five years ago. He was elected county commissioner back in the early 1930's and resigned after six years of service in that capacity.

Of the twelve children born to the marriage, nine of them survive. There are Mrs. Olive Roberts, Abilene; Mrs. Lucy Range, Ada, Okla.; Mrs. Della Horne, Wichita Falls; Mrs. Thelma New, Gliderbend, Ariz.; Lt. George Richards, Bryan; Frank, Abilene; Earl and Cash, Bovina.

No Water Shortage For Twin Cities

"It looks as though we finally have the water supply situation in hand," said V. C. Venable, when asked on Tuesday if the Twin Cities would suffer another summer shortage of water.

A new Pomona pump, doubling the pumping capacity for the company, has put Texico-Farwell out of danger from a shortage. Until recent rains, the question of supply and demand was a problematical thing.

When asked just how large the local consumption had been per day, Venable replied, "Oh, yesterday (Monday) the town consumed 1200 gallons of water per minute all day." He agreed when the reporter exclaimed that it sounded like a lot of water for a town this size.

Local Health Program Is Gaining Momentum

Heavy Showers Fall Over Parmer County

Apparently deciding the ideal hot, dry harvest weather had gone on long enough, the Weather Man turned on the faucet over Parmer County last weekend, and has continued to shower various sections of the area with from light to heavy falls of rain.

Up to Tuesday night, Farwell proper had recorded less than a quarter of an inch this month, when .70 in. fell. W. S. Menefee, from the Lazbuddy section, reported Monday a one-fourth-inch rain was all that had been received in that area.

Contrarily, sections north of Bovina were almost drowned. C. L. Calaway, who lives north toward Rhea, said he had received 5.9 inches of moisture from Saturday afternoon through Tuesday morning, with 4 inches falling Saturday.

North of Friona, farm sections have also been doused, with reports varying from one to three inches, and in Friona, rain gauges show 2 1/2 inches of moisture since the showers began Wednesday. Heaviest fall came Monday night, with 1 1/2 inches recorded at that time.

Bovina has also come in for a good share of the moisture, with reports indicating that over an inch has fallen near town, and no report was obtained by The Tribune regarding precipitation in the Oklahoma Lane area.

Perversely, the rain distributors have failed to put the moisture in sections where wheat farmers were through with wheat cutting and are anxious for rain on the row crops.

North of Bovina and Friona, toward the Bootleg area, considerable wheat remains to be cut—and this is the section reporting heaviest rains. Lazbuddy and Farwell farmers, hoping for good row crops, are praying the clouds will shift and start dumping the moisture over their vicinity in the near future.

'Hoppers, Webworms Noted Over Parmer

Fairly good-sized infestations of grasshoppers have been spotted along the southern part of Parmer County, particularly along irrigation ditches, County Agent Ollie Linder reported Tuesday.

Linder said he made several check-ups Monday, finding that the pests seemed concentrated around irrigation areas in comparatively narrow strips, and added that his advice to farmers who spotted the 'hoppers was to use poison spray to destroy them.

"We can get poison bait out of Lubbock, but it seems to me that since the 'hoppers are in fairly narrow strips, the quickest way to dispose of them would be spraying," he added, suggesting chlorodane for the spray.

Also, some damage has been reported from flea hoppers in cotton crops in the southern part of the county, but Linder said that a survey Monday showed only a few of the pests, and indications are that spraying or dusting will not be necessary at present.

A large number of local people have been asking the agent for some information on handling the webworms which are appearing in popular and elm trees about town.

There are several means of combating these worms, which will destroy all foliage on a tree if left unchecked, Linder said. He suggested spraying with lead arsenate or a 5% solution of DDT, dusting with a 10% DDT powder, or cutting the infested limb from the tree and burning it in order to eradicate the worms.

YOUTH DROWNED IN OREGON

Word was received here Tuesday of the death by drowning of Cecil Robertson, former resident of the Oklahoma Lane community, at Tillamook, Ore. No details were available regarding the accident, said the Rev. J. J. Terry, who reported the death.

The 19-year-old boy is survived by his grandmother, Alice Robertson, Dallas; his uncle, Dave Robertson; and a cousin, Junior Robertson of Farwell.

Pow-Wow Publisher Is Gone Again

Hop Graham, editor and publisher of this newspaper, is gone again. Whether it was the fishing fever, or just plain laziness, none of us could make him say, but one thing is certain: he has left us again.

In view of the fact that it has been a whopping two weeks since he last went fishing, and he left here for Hot Springs, near-by city of famed Elephant Butte lake, it was presumed the itchy-footed editor was again seeking the fin-tails.

But we also noticed an unmistakable sign of laziness and "summer fatigue," so it may be that the old boy just stepped out for a little rest.

Be that as it may, he is gone—not forever, but again. Readers of this newspaper who may notice a discrepancy of quality between the columns are requested not to voice their complaints to us, but to Hop—he ought to stay home more anyway.

The most pathetic case of this tragedy however, is the two orphan boys left behind by this heartless editor. Besides missing the wonderful agonies of fishing, they are minus one of the community's best cooks, Mrs. Graham, and don't like it a bit.

Twin Cities Undergo Construction Boom

"The most houses I've seen being built at one time in the past 15 years," was the way an old-timer put it when commenting on the building rush now taking place in Texico-Farwell.

Most of the construction is in Farwell, with seven homes and a medical clinic going up. Homes in Farwell include those for Sam Randol, east of the school house; Buddy Jones, north of the John Aldridge home; Charley Hromas, west of the new Jones' construction; Ray Sudderth, south of Hamlin Overstreet; Jack Williams, west of the water tower; R. W. Anderson, east of the A. D. Smith home; and Melvin Snider, south of Gabe Anderson.

Two houses are being built in south Texico, one for Agrie Jones, and the other for Principal Stockton, both new men on the school faculty.

Some of the homes are nearing completion, while others are in the initial stages of construction. Most of them are modern design and will be brick veneer, with a few exceptions in ranch-style appearance.

Two New Teachers Are Named At Bovina

Supt. W. H. Willoughby, of Bovina, announced on Monday that the Bovina faculty had acquired teachers for two vacancies on the staff, with a coach and a vocational ag man secured recently.

Clovis Ratliff, who received his degree at West Texas this spring, has been named as coach at the school. Ratliff spent three years at ENMC in Portales, lettering each year in both football and basketball, and was named all-conference tackle for two years. He is married and has one child. Supt. Willoughby stated that the Ratliffs would arrive in Bovina next month, with Ratliff slated to take over his new duties on August 10th.

The other new addition to the faculty is Weldon Spinks, vocational agriculture director, who is now on the job. Spinks graduated this spring from Texas Tech at Lubbock. He and Mrs. Spinks took up residence in Bovina recently.

Supt. Willoughby added that officials of the school are considering the addition of a commercial teacher to the staff, and it may be that another grade teacher will be employed, although nothing is definite along this line at present.

Work is being done around the school property, with the ag building being wired for electricity. The cafeteria, housed in one of the surplus army buildings moved to the campus last year, has some new equipment, in the way of plastic dinnerware.

Temperature Hits Top

A high mark of 101 degrees was recorded at the Santa Fe depot the past Thursday, as the mercury made its highest climb of the current summer. Friday ran a close second, with 100 degrees being chalked up.

Parmer County elevator men this year have taken care of their own apparently, as the last few rounds of 1949 harvest began with storage still reported at Farwell, Bovina and Friona.

Most of the county's estimated 1 1/2 million bushel crop is being stored within the confines of the county, with shipping to terminal points being definitely negligible except in one instance. G. (Preach) Cranfill, manager of Santa Fe elevator in Friona, is the single exception, reporting Monday he had shipped out 75 carloads to terminal centers, and "can ship 75 more carloads if necessary."

Lee Thompson, manager of Bovina Wheat Growers, said Monday he had shipped out 15 cars for storage and one for market disposal, and Ray Ford, of the Farwell Elevator, has moved a large amount of the crop, but other operators of the county said their out-of-county shipments were scarcely a drop in the bucket.

At Farwell, C. M. Henderson, of Henderson Elevator, reported he still had some storage space for loan wheat, and across the line in Texico, M. C. Roberts, of Roberts Seed, gave out the same information concerning wheat and barley on government loan. Ford at Farwell Elevator said he was shipping all his receipts out to terminal points.

"Almost full," was the report given by G. D. Anderson, Jr., at Sherry Grain Co. in Bovina, Monday afternoon, while both J. P. Macon, at Macon Elevator, and Lee Thompson, at Bovina Wheat Growers, said he had no more room for storage.

On the other hand, Arthur Drake, manager of the Friona Wheat Growers, gave an optimistic note when he announced Monday that he still had space to store "around 200,000 bushels" of wheat in the newly-completed addition to that elevator. "We have not shipped out any grain," he told a reporter.

Much Goes Into Storage

Joe Camp, secretary of the Parmer County ACA, said Monday afternoon that 480 applications for loans on warehouse-stored wheat had been completed at that time, with 16 approvals on farm storage. Further, he reported that 13 warehouse storage barley loans are complete, with two applications for farm storage.

In speaking of the rush he and the office personnel had been through at the ACA office, Camp said, "I believe all wheat in the county grading No. 5 or better will go into government loan."

Final loan rate for the county on No. 1 wheat is \$1.91 per bushel, he said. Producers who received loans on the interim rate of \$1.86 per bushel will receive the difference of 5c per bushel when the CCC takes the grain.

The barley loan rate is 93c per bushel stored in public warehouse and \$1.03 per bushel stored on the farm. For farmers who may be looking forward to grain sorghum storage, Camp said that the rate is \$2.03 per cwt. on the farm and \$1.82 in public warehouses.

Most of the 1949 wheat crop has been harvested, particularly on the western and southern sides of the county. Reports are that there is still considerable acreage to be cut north of Friona and east at the edge of Deaf Smith county, with the harvest being halted by showers during the past several days.

Sister Of Local Man Buried In Oklahoma

Funeral services for Mrs. F. H. Bowen, age 70, were held at Chickasha, Okla., Baptist church, Tuesday, July 5th, at 3 p. m., following her death at a Chickasha hospital Sunday, July 3rd. Interment was made in the Chickasha cemetery with the Chickasha Funeral Home in charge of arrangements.

Mrs. Bowen submitted to surgery a few days before her death, but her condition proved fatal.

Mrs. Bowen, with her husband and children, homesteaded near Bellview, N. M., in 1908 and lived there until 1937 when they moved to the home in which they were living at the time of her death, in Oklahoma.

Survivors attending the funeral from this vicinity include her brother, Mr. J. H. Ford; a nephew and niece, Mr. and Mrs. Ray Ford, Farwell; a daughter and son-in-law, Mr. and Mrs. Jim Smith, Broadview, N. M.; a sister, Mrs. Maudie Leird, Portales; and a sister-in-law, Mrs. L. G. Ford, Clovis.

Federal Internal Revenue Collections

AUSTIN—Showing a 7-per-cent gain from July 1, 1948 through May 31, 1949 as compared to a like period a year earlier, federal internal revenue collections in Texas totaled \$1,243,421,766, the University of Texas Bureau of Business Research reported.

For the month of May 1949 collections throughout the State amounted to \$82,548,672, a 4-per-cent slump from May a year ago, when they reached \$85,620,037.

In South Texas (First District) income tax collections from July 1948 through May 1949 were 17 per cent above the comparable period of last year; employment taxes stepped up 14 percent; and withholding taxes slipped 3 per cent.

Withholding taxes for the current fiscal year fell 7 per cent in North Texas during the last 12 months, but employment and income tax collections climbed 12 and 7 per cent, respectively, over the July 1, 1947-May 31, 1948 period.

Collections in South Texas, totaling \$678,261,628 from July 1, 1948 through May 31, 1949, exceeded those for North Texas which reached \$565,160,138. Over the last 12 months collections in South Texas jumped 12 per cent over the July 1, 1947-May 31, 1948 period, while those in North Texas advanced 4 per cent.

Keeton, New Dean At University Sept. 15

AUSTIN—The University of Texas Law school will have a new dean September 15. He is Werdner Page Keeton, 40-year-old legal scholar who is leaving the deanship of the University of Oklahoma Law school to return to his alma mater.

In announcing the appointment of the man to succeed Dean Charles T. McCormick, who is retiring at his own request, University President T. S. Painter said, "I feel that the University is fortunate indeed in having obtained the services of Mr. Keeton as dean of the school of law."

Keeton left the University in 1946 to become law dean at Oklahoma. He had served on the faculty since 1932 with leaves of absence for study at Harvard University, where he earned the degree of Doctor of Jurisprudential Science, and for government service during the war in several positions, including that of assistant chief counsel of the Petroleum Administration for War.

The Texas-born law educator will head the largest law school of any state university and the University's oldest professional school, opened in 1883.

He was graduated from that school in 1931 and became assistant professor of law in 1932, serving successively as assistant professor, associate professor, professor and assistant dean.

In accepting the appointment, Dean Keeton said, "It is a great honor and a real privilege to return to my alma mater, the University of Texas, in the capacity of the dean of its law school."

Cotton and cottonseed last year brought in about one-third of the South's total cash income. Lint brought in 1 1/2 billion dollars, and cottonseed another quarter billion.

Underwater Growths Can Be Controlled With Sodium Arsenite

COLLEGE STATION—Moss and other underwater growth can be controlled and killed by using sodium arsenite, says R. E. Callender, extension specialist in wildlife management, Texas A. & M. College.

Members of the Sommerfield Lake Club asked county agent J. W. Stufflebeme, Jr., Washington county, to help them clean up their lake. The moss was next to impossible and heavy applications of fertilizer had no effect on the water vegetation.

Callender says the lake was carefully measured and they figured it contained 400,000 cubic feet of water. Ten gallons of sodium arsenite was mixed with about the same amount of water and the entire surface of the lake was sprayed. Complete coverage is very important, he adds.

The moss and above water growths were killed within 24 hours and four days later the moss began to change color and started floating to the surface. By the end of the week, says Callender, open patches of water began to appear and fishing was resumed.

At the end of two weeks, the surface was still covered with dead moss and most of the underwater growth seemed to be dead. Latest reports indicate that one more application of the spray may be necessary to get complete control of the vegetation.

Callender concludes with this warning, measure the lake or pond very carefully and figure its contents before using sodium arsenite. Too heavy an application can prove fatal to the fish.

Follow closely the recommendations covering the use of this weed killer, and he recommends that you check with your local county agent before starting a control program in your pond or lake.

University Of Texas Aids Canadian University

AUSTIN—Canada called on Texas recently for help in teaching oil well drilling mud control, a specialty of the University of Texas Industrial and Business Training bureau.

The University of Alberta, Edmonton, asked the bureau for help and paid the expenses of a specialist to

set up a training program. The Alberta oil discoveries caught Canadian drillers short of trained personnel.

James E. Conway, bureau petroleum industry technical instructor, inaugurated the program.

Texas Territory Back To Indians

Yes, the Top O' Texas Rodeo and Horse Show Association is giving this country back to the Indians during the annual Top O' Texas Rodeo and Horse Show to be held here on August 2-3-4-5-6.

Arrangements have been completed with the U. S. Indian Reservation Offices at Anadarko, Oklahoma, for the appearance of a group of Indians from the United States Indian Reservations to appear in this year's show. There will be three tribes represented in the delegation, the Kiowas, Comanches and Apaches. The oldest Indian, Frank Bosin, is a Kiowa and is 89 years old. George, who is Frank Bosin's son, is a descendant of Toohausan (singer of the Medicine Lodge Treaty). George's

wife, Beauty Aspermy is a Comanche, a descendant of Chief Quana Parker. The group of dancers will range in age from 9 to 90.

This group of dancers are nationally famous for their Indian War Dances, and will dance at each night's performances in full costume and ceremony. The costumes of the Indian girls are buck skin and beads valued up to \$500.00, and are treasured very highly by them as it is almost impossible to obtain the materials to make these dresses.

The war bonnets and head dresses of the men are eagle feathers and are also very expensive and difficult to obtain. They will be equipped with tom-toms or war drums plus the colorful University Hardin-Simmons Cowboy Band in the background.

These dancers are experts in their tribal dances and do such dances as

the war dance, shield dance, Indian round dance, Indian two-step, eagle dance and many others.

Green Card Cotton Named The Best

COLLEGE STATION—There's no doubt about grades, staples and value of cotton when it's identified with a "green card," Texas farmers were reminded this week.

The "green card" means the cotton has been classed by a U. S. Department of Agriculture cotton classifier who certifies the grade and staple.

Farmers belonging to Smith-Doxey cotton improvement groups receive this classification without charge. Also they receive daily market news service to keep them posted on day-to-day prices.

Both services come from southwest area's cotton branch of USDA's Production and Marketing Administration, Dallas, of which John L. McCollum is manager.

Applications are due now from organized cotton improvement groups, McCollum explained. They may be sent to cotton classing offices at Corpus Christi, Austin, Galveston, Lubbock, Abilene or Dallas, or county PMA offices, county agents and ginners.

Latest date applications may be received by the Dallas area office is August 1 for all East Texas counties and August 15 for West Texas. After they reach the Dallas office it takes about 15 days to process them and get sampling supplies to the field. For these reasons, McCollum pointed out, applications should be filed early so farmers will get both benefits on cotton ginned early.

LEGAL NOTICES

A RESOLUTION

BE IT RESOLVED by the Commissioners' Court of Parmer County, Texas, that:

WHEREAS, an election has been called for the issuance of \$800,000.00 in bonds and the levy of an ad valorem tax in payment thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Parmer County, Texas;

AND WHEREAS, many of the tax-paying, qualified electors have requested this court to advise them how said \$800,000.00 will be divided among the four commissioners' precincts and upon what roads said monies will be expended;

AND WHEREAS, it is considered that said qualified voters should be informed and know how said money will be divided among said four precincts and upon what roads said money will be expended in order that said electors may be informed more accurately as to what the issue is and for the purpose of contracting with said electors and earmarking said money for specific purposes, correctly dividing it between the four precincts and specifying said roads;

IT IS RESOLVED that said monies shall be divided thus:
Thirty percent (30%), Commissioners' Precinct No. 1;

Twenty-five percent (25%), Commissioners' Precinct No. 2;

Twenty-three percent (23%), Commissioners' Precinct No. 3;

Twenty-two percent (22%), Commissioners' Precinct No. 4; and that said respective percentages of said money will be expended in the respective precincts and not otherwise.

AND IT IS FURTHER RESOLVED that said monies will be used within the respective precincts toward the construction of the following roads:

UNDERGOES SURGERY

Mrs. J. H. Leavell of west Texico underwent major surgery Friday, July 8, at Clovis Memorial hospital. Her condition was reported as serious the first of this week.

"I want a pair of stockings."
"For your wife, or shall I show you something better?"

Customer: "I want a ton of coal."
Dealer: "Yes, sir. What size?"
Customer: "Well, if it's not asking too much, I'd like a 2000-pound ton."

"Young man, do you think you can support my daughter on forty dollars a week?"
"I'm willing to try sir—if that's he best you can do."

Wheat Allotments

Any farmers in Parmer County who did not show wheat seeded for harvest in one of the years 1947, 1948 or 1949 on the recent acreage reports, but who intend to seed wheat for harvest in 1950, must submit a written request in terms of specific acreage, for a 1950 wheat acreage allotment if an allotment is to be established for their farm.

The request for a 1950 wheat acreage allotment for the above mentioned farms must be submitted in writing by the owner or operator of that farm to the Parmer County ACA Committee, Farwell. No closing date has been set but in no event will it be later than September 1, 1949.

PAVING IS DAMAGED

The paving on Third Street at the corner of the W. W. Vinyard home was badly ripped by some local driver over the weekend, appearances indicating that a blade of a mowing or grading machine had been dragged across the pavement. Repairs should be in order in the near future or heavy traffic will soon pound out a bad spot at the corner.

Miss Lucille Schur Is Bride Of M. Kriegel

Miss Lucille Schur, daughter of Mr. and Mrs. W. R. Schur of Clovis, became the bride of Henry Martin Kriegel, son of Mr. and Mrs. Martin Kriegel, of Lariat, Tex., on June 29. The ceremony, performed on the stage of the Star Theatre in Hereford, was read by Rev. W. B. Gummelt, pastor of St. John's Lutheran Church at Lariat, with the double-ring ritual being used. Candelabra and baskets of gladioli formed a fitting background for the vows.

Beautifully gowned in traditional white satin, the bride was given in marriage by her father. Her bouquet was of white roses with white stephanotis intertwined in satin streamers.

A blue birthstone ring, belonging to her mother, served as something old and blue. A strand of pearls belonging to Miss Frieda Mooneyham was something borrowed.

Bearing the satin train of the bridal gown was four-year-old Bobby Kaye Kube, and Dickie Gerles acted as ring bearer. Both children are cousins of the groom, from Farwell. The little train-bearer was dressed in white taffeta in the style of the bride's gown. Maid of honor was Miss Edna Schur, sister of the bride, who wore pink moire taffeta, and Miss Mildred Meissner, cousin of the bride, were bridesmaids. Both wore pink gowns. Bouquets for the maid of honor and the bridesmaids were pink asters with contrasting colors.

Albert Krigel, of Dalhart, served as best man to his brother.

Before an altar of white carnations arranged in the home of Rev. and Mrs. Bell, of the First Baptist Church, Mineral Wells, Miss Betty Ann Holley, niece of Mrs. Wilson Vaughan of Mineral Wells, became the bride of Harold Hawkins, son of Mr. and Mrs. Roy S. Hawkins, formerly of near Farwell and now of Clovis.

The lovely double-ring ceremony was performed by Rev. Bell on Tuesday, July 5th.

Maid of honor was Miss Mona Murry of Mineral Wells, and Edward Dickey served as best man.

Following a honeymoon trip to Ruidoso, N. M., the couple returned to Clovis, where they plan to make their home.

The bride was a graduate of the Mineral Wells high school with the class of 1949, and Hawkins graduated from the Bovina school in 1944. After he had attended Texas Tech for two years, he spent two years in the Navy.

The director urged young people to support the move and attend practices. He said socials and other entertainment would be in the offing should enough attend the practices.

Baptist Young People To Portales Park

A social, at which time a weiner roast and watermelon feed will be a main attraction, will be held for members of young people's group of Texico-Farwell Baptist church, said the Rev. O. O. Holloday, pastor of the church, Monday.

He said the event would be a function of the young people's group, but added this would not exclude others who might like to attend.

Holloday reminded those who planned to attend the social to meet at the church at 7:45 and there the group would leave for the state park located on the Clovis-Portales highway, and about 5 miles from Portales.

Hickman-Sisk Rites Are Read In Nevada, 29th

Announcement has been made here of the marriage of Elsie Deaton Sisk and Kelton Hickman, which was performed at Carson City, Nevada, June 25th. The double-ring ceremony was performed by Rev. Irvin Engle, in the Methodist Church of that city.

The bride was attired in a dress of Alice blue, with white accessories and wore a corsage of pink carnations tied with white ribbons. She carried a white Bible, the gift of the groom.

The old mining town, Virginia City, Nevada, and Lake Tahoe were points of interest visited on their wedding trip of Nevada and Northern California.

The bride is the daughter of the former Mrs. E. M. Deaton of Lariat, (now Mrs. E. C. Brown). Mrs. Hickman was a graduate of the class of 1940 in Farwell, and later graduated from the Lubbock Beauty College in 1941.

The groom is the son of Mr. and Mrs. Glenn Hickman of Canoga Park, California, former residents of Lariat and Dimmitt. He is now employed at the Birmingham Hospital at Van Nuys, California.

They will be at home at 6844 Balcolm Ave. in the New North Encino homes near Roseda, Cal., after August 1st.

Junior Choir Organized At Methodist Church

A movement designed to add more to church services and give young people valuable musical experience and enjoyment was made last week when Woodie McDermitt took charge of the organization of a new junior choir at Texico-Farwell Methodist church.

McDermitt said Monday "about fifteen" young people attended the first practice, held at the church Wednesday night. He said all subsequent practices would be Wednesday night at the church also, and set 7:30 as the time for meeting.

"Although it is difficult to have a balanced musical group when young people are used for material, we think that things are going to work out pretty well," said McDermitt when a reporter asked him what progress had been made.

The director urged young people to support the move and attend practices. He said socials and other entertainment would be in the offing should enough attend the practices.

Methodist Bible School Starts Monday Morning

"All young people and children kindergarten through intermediate age should make plans to attend this Bible school," said the Rev. Murphy Duncan, pastor of Texico-Farwell Methodist church, Monday, when questioned by a Tribune reporter.

The pastor, in urging youths to attend the school, said a teaching staff had been secured for the school that would make attendance worthwhile and entertaining.

"Much work will be done, yet all will enjoy the projects that will be set forth by the teachers," Duncan emphasized.

He said the school would begin Monday morning at 9 a. m., and classes would be held 9 through 11:30 Monday through Friday for two consecutive weeks.

Mr. and Mrs. Ben O. Smart and children spent the weekend visiting with relatives and attending to business matters in Amarillo.

Baptist Training Group To Hold Social Friday

That a social activity would be held Friday night for members of the intermediate training union of Texico-Farwell Baptist church, was announced Monday by the Rev. O. O. Holloday, pastor of the church.

Holloday, in announcing the approaching event, said the social would be held at 8:00 p. m. in the basement of the church, and invited all members of the organization to be present.

Plainview Clinic Gets Foundation Approval

A memorandum from the National Foundation for Infantile Paralysis to the Parmer county chapter officers and medical advisory committee members is to the effect that the Plainview Sanitarium and Clinic has been provisionally approved by the Crippled Children's Division of the Texas State Department of Health.

"This means," the memorandum reads, "when financial assistance is needed by polio patients from your county, that your chapter is now authorized to pay for hospitalization and medical care at the Plainview Sanitarium, not only for acute care, but also for convalescent and long-term care, including out-patient treatments prescribed by the attending physician."

The Plainview clinic is classified as a primary treatment center, and has a staff including an orthopedic surgeon with a physical therapy department and registered therapists to carry out treatments prescribed by the physician.

Of all polio cases to be assisted financially by a local chapter, in whole or in part, the Plainview Sanitarium has agreed to charge "10 per patient per day, all-inclusive, except for special nursing when ordered by the physician and medical fees."

In addition, the memorandum lists as approved the Hendrick Memorial Hospital at Abilene, City-County Hospital and Southwestern General Hospital, both in El Paso; Scottish

Rite Hospital in Dallas; and Gonzales Warm Springs Foundation, in Gonzales.

Baptists Again Refuse Church Union Invitation

The Southern Baptist Convention has again refused to participate in church union movements, this time declining to send official delegates to a conference on church union at Princeton, N. J., next December.

"We would agree with you concerning 'the challenge of secularism, materialism, and sin.' We do not agree that church union provides the answer to this challenge," declared Dr. Duke K. McCall, executive secretary of the S. B. C. executive committee.

"As Baptists we believe in the freedom of the conscience of the individual to arrive at his religious convictions from a study of the Bible under the leadership of the Holy Spirit. We recognize that this freedom has produced varying interpretations and differences of opinion. We believe that the cause of Christ will be served best by each individual remaining absolutely true to his conviction concerning the teaching of the Word of God.

"It is further our conviction," Dr. McCall continued, "that any effort at church union must either dilute these convictions to produce a common denominator of faith for all who enter the union, or the union must ignore these differences and pretend a unity which is not a reality."

TO: Ewing Halsell and wife, Lucile Halsell; Wm. R. McCluskey and wife, Eva Halsell McCluskey; J. V. Holmes and wife, Clarence Halsell Holmes; Frank R. Wood and wife, Mary Halsell Wood; and the unknown heirs, assigns and legal representatives of the foregoing defendants, Greetings:

You are hereby commanded to appear before the Honorable District Court of Parmer County, at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 8th day of August, A. D. 1949, then and there to

answer Plaintiff's Petition filed in said Court, on the 21 day of March, A. D. 1949, in this cause, numbered 1467 on the docket of said court and styled O. W. Rhinehart, Plaintiff, vs. Charles Wilcox, et al Defendants.

A brief statement of the nature of this suit is as follows, to wit:

This suit is brought in Trespass to Try Title. Plaintiff alleges that on January 1, 1949, he was the owner in fee simple and in possession of lots 1 and 2, Block 116, original town of Bovina, Parmer County, Texas; and thereafter on the second day of January, 1949, the defendants, and all of them, unlawfully dispossessed plaintiff and withhold from him the possession thereof, to his damage in the sum of \$10.00; and plaintiff further pleads the five-ten year statute of limitations and prays for judgment for title, possession of said lands, for damages and costs of suit, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 23rd day of June, A. D. 1949.

**NOTICE OF ELECTION
THE STATE OF TEXAS
COUNTY OF PARMER**

TO THE RESIDENT, QUALIFIED ELECTORS OF PARMER COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in Parmer County, Texas, on the 13th day of August, A. D. 1949, on the proposition and at the places more particularly set forth in the election order passed by the Commissioners Court of said County on the fifth day of July, A. D. 1949, which reads, as follows:

"AN ORDER
"CALLING AN ELECTION ON THE PROPOSITION OF THE ISSUANCE OF \$800,000.00 OF ROAD BONDS AND THE LEVY OF AN AD VALOREM TAX IN PAYMENT THEREOF.

"WHEREAS, there has been presented for the consideration of the Court a petition signed by G. F. Trimble and more than fifty other persons praying that an election be held in Parmer County on the proposition of the issuance of Road Bonds of said County in the amount of \$800,000.00 and the levy of an ad valorem tax in payment thereof; and "WHEREAS, the Court has found that said petition is signed by more than fifty of the resident, qualified property tax-paying electors of Parmer County owning taxable property in said County and who have duly rendered the same for taxation; and

"WHEREAS, the amount of bonds to be issued will not exceed one fourth of the assessed valuation of the real property of said Parmer County;

"IT IS THEREFORE ORDERED, ADJUDGED AND DECREED BY THE COMMISSIONERS' COURT OF PARMER COUNTY, TEXAS:

"1. That an election be held in said County on the 13th day of August, 1949, which is not less than thirty (30) days from the date of this order, to determine:

"Whether or not the bonds of said Parmer County shall be issued in an amount of \$800,000.00 bearing interest at a rate not to exceed 3½ percent per annum, payable annually or semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Parmer County, Texas; and whether or not ad valorem taxes shall be levied annually on all taxable property in said County sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

"2. That the proceeds of such bonds, if authorized, shall be expended in the construction, maintenance

and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Parmer County, Texas.

"3. That said election shall be held under the provisions of Chapter 3, Title 22, Revised Civil Statutes of 1925, as amended by Chapter 16, Acts of the First Called Session of the 39th Legislature.

"4. All persons who are legally qualified electors of this State and of this County, and who are resident, qualified property taxpaying electors of this County, owning taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election, and all electors shall vote in the election precinct of their residence.

"5. The ballots of said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX IN PAYMENT THEREOF
"AGAINST THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX FOR PAYMENT THEREOF

"Each voter shall draw a line through one of the above expressions, thus leaving the other as indicating his vote.

"6. The said election shall be held at the several polling places in Parmer County, Texas, and the following named persons are hereby appointed as officers of said election at the several voting precincts as follows:

"In Precinct No. 1 at Black School House in Black, Texas, with the following election officers:

Willis Edelman, Presiding Judge; Bruce Parr, Judge; Mrs. O. B. Robertson, Clerk; Mrs. Britt Clark, Clerk.

"In Precinct No. 2 at School House in Friona, Texas, with the following election officers:

T. J. Crawford, Presiding Judge; F. W. Reeve, Judge; Clyde Goodwine, Clerk; George Baker, Clerk.

"In Precinct No. 3 at Bovina School House in Bovina, Texas, with the following election officers:

Homer Martin, Presiding Judge; Wibur Charles, Judge; I. W. Quickel, Clerk; R. E. Everett, Clerk.

"In Precinct No. 4 at Courthouse in Farwell, Texas, with the following election officers:

Albert Smith, Presiding Judge; Mrs. O. B. Pipkin, Judge; Ethel Thomas, Clerk; Mrs. Harry Whitley, Clerk.

"In Precinct No. 5 at School House in Lazbuddy, Texas, with the following election officers:

Roy Daniels, Presiding Judge; George Crain, Judge; C. C. Matthews, Clerk; Joe Jesko, Clerk.

"In Precinct No. 6 at School House in Okahoma Lane, with the following election officers:

Sam Sides, Presiding Judge; C. C. Christian, Judge; L. M. Grissom, Clerk; G. H. Lindop, Clerk.

"In Precinct No. 7 at Teacherage in Rhea, with the following election officers:

Melvin Sachs, Presiding Judge; Jack Woltmon, Judge; J. D. Stevens, Clerk; T. F. Taylor, Clerk.

"In Precinct No. 8 at Otho Whitefield home in Lakeview with the following election officers:

Otho Whitefield, Presiding Judge; Fred Barker, Judge; Pearl Hand, Clerk; Claude Miller, Clerk.

"7. The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Statutes hereinabove cited.

"8. Notice of said election shall be given by publication of a copy of this order in the 'STATE LINE TRIBUNE', a newspaper published in the County, for three (3) successive weeks before the date fixed for holding said election. In addition thereto, there shall be posted other copies of this order at four public places in the County, one of which shall be at the Courthouse door for three (3) weeks prior to said election.

"9. The County Clerk is hereby directed to publish and post the same as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by the Court.

PASSED AND APPROVED this 5th day of July, 1949.

Parmer Club Boys Plan For 4-H Encampment

Plans are already being drawn by Parmer County 4H club boys to attend the District 2 encampment, to be held in Lubbock on August 4, 5, and 6, County Agent Ollie Liner reported today.

The encampment will be held at the fair grounds in Lubbock, and sports of all types will be available, Liner said, adding that attendants are requested to take their own gear for participation in their chosen activity. Charge for each boy is \$5 and they are required to supply their own bedrolls.

W. N. Williamson, district director of club work, will be general superintendent of the camp, with each of the District 2 agents assigned to various duties, Liner said. Floyd Lynch, state specialist, will be on hand, and it is likely that Mr. Calender, wildlife specialist, will also be present.

Planning to attend from this county are Clyde Hays, Black; Leon and Delvin Langford, Ronnie Dial, Troy Christian, Donnie Carpenter and Pudge Rose, all of Farwell; Dean London and Gary Crow of Friona; Kenneth Howard, Max Crim and Jerry Gleason of Lazbuddy; James Tidenberg, Ted Walling, Donald Brown, Larry Ezell, Bobbie Calaway, Kenneth Lowrie, Glendon Sudderth, Rex Isham, Billy Johnson and Giles Walling, Bovina.

Liner added that the group would be accompanied by two or three leaders from the county. Tentatively on the list are Rouel Barron, Elmer Langford, Levi Johnson, and possibly Fred Barker.

Camp for 4H girls in the district was held at Lubbock this week. There are no organized clubs within the Parmer limits, but some county girls belong to West Camp and Muleshoe clubs, in Bailey county.

Funeral Services Held For Accident Victim

Funeral services were held at the Methodist Church in Hereford, Saturday afternoon, for O. J. Denton, 56-year-old farmer of near Friona, who died at the Deaf Smith County hospital in Hereford from injuries received when he was pinned beneath an overturned tractor.

The accident which injured Denton occurred Wednesday afternoon, apparently between one and two o'clock. He was discovered by his daughter, 14, who noticed the tractor overturned in a nearby field and went to investigate, finding her father caught beneath the machine.

The youngster summoned help via the aid of a passing motorist, and a hydraulic jack was employed to raise the machine from the injured man. Denton never regained consciousness, passing away at 1 a. m. Thursday morning.

Denton moved to a farm in this area about four years ago, coming here from Big Spring, where he had resided 20 years. Survivors include six children, Mrs. R. E. Rhodes of Mullan, Idaho; Mrs. Irvin Willborn of San Angelo; Marie and Dorothy, Hereford; Clyde, Friona; and Leon (Pete), Portland, Oregon; two sisters and two brothers, Mrs. E. W. Burleson, Big Spring; Mrs. R. W. Hill, Dublin, Tex.; Clyde Denton, Big Spring; and John Denton, Winters.

Following the Hereford funeral, the body was taken overland to Big Spring, where services were held in the Methodist Church Sunday afternoon.

Interment was made in the Big Spring cemetery by the side of his wife, who preceded him in death over four years ago. Black Funeral Home, of Hereford, was in charge of arrangements.

FRIONA BANK PLANS NEW BUILDING

Frank Spring, director of the Friona State Bank, announced the first of the week that plans were still in the formative stage, but a new building is being planned to house the bank.

General ideas have been submitted to architects Merrill and Shaffer, of Clovis, who will draw up the blueprints, Spring added. Tentatively, new quarters for the bank will be 30x88, and the new building will be constructed on Main in Friona, on the corner directly south of Cashway Grocery.

Brewer Is Chairman Of Polio Chapter

Loyde Brewer, Parmer county clerk, has been named chairman of the Parmer County Polio Chapter, affiliated with the National Foundation, following the recent resignation of B. N. Graham, who had served as chairman for several years.

Previously, Brewer had served as county secretary. He said Tuesday that Mrs. Bill Meeks had been named secretary, and would assist him in rendering service in the county.

Chairman Brewer emphasized the fact that polio patients who accept financial assistance from the Foundation are not "charity patients." "The March of Dimes is held each year to take care of those who are stricken with polio, and no one should feel embarrassed to accept aid from the Foundation," he stressed.

Graveside Rites Held For Lewis Infant

Graveside services were held Friday, July 8, at 8:30, at Texico Cemetery for the infant son of Mr. and Mrs. Leonard Lewis. The infant was born Thursday morning at a Clovis hospital, and was named Ronnie Jene.

Rev. Watson Harris, minister of the Assembly of God church, conducted services, with the Memorial Chapel Funeral home of Clovis in charge of arrangements.

Besides parents, local survivors include Mr. and Mrs. Sam Lewis, grandparents; and several aunts and uncles.

FINED IN COUNTY COURT

B. A. Hughes, of Friona, was fined \$100 and costs and assessed 30 days in the county jail the past Saturday, when he was up in county court before Judge A. D. Smith on charges of illegal possession and sale of liquor, court records reveal.

Last Rites Sunday For Melvin Cary Allen

Last rites for Melvin Cary Allen, more commonly known as "Slim" Allen, were held in the Friona Methodist Church, Sunday afternoon at 3 p. m., conducted by Rev. D. Seago, former pastor of the church.

Allen, 33 years old, passed away in Deaf Smith County Hospital in Hereford, Friday, following a long illness. Interment was in the Friona cemetery, under the direction of Gilliland Funeral Home of Hereford.

Allen and his family have been residents of Friona for some five years, and he has been engaged in trucking. Survivors include his wife, Mrs. Katie Allen; two sons, Randal C., 10, and Sterling, 6, all of Friona; two brothers, Justin H. Allen of Rock, Okla.; and Oren C. Allen, Wichita Falls; and one sister, Mrs. Madge A. Turner, Wichita, Kan.

AGENT'S FATHER ILL

County Agent Ollie Liner has returned from Lubbock, where he had spent several days with his father, C. W. Liner, who suffered an attack of combined rheumatic and undulant fever. The elder Liner, 72, is showing some improvement, Ollie said the first of the week.

NEW PAINT JOB

The Fox Drug Store in Farwell, owned and operated by Mr. and Mrs. Claude Rose, is undergoing a new paint job this week. The store is being done in a light cream color to match the linoleum which was laid several months ago.

the south and north sides of town respectively, with the paving running by the school building.

South of town, the route will begin at the Steelman place, continue three miles east, then drop one mile west and swing back another mile, winding up around the Sudderth property.

FFA DATE IN ERROR

The Tribune wishes to correct an error published last week with reference to the Farwell chapter of Future Farmers of America. It was stated that their annual trip would be taken August 15, but in actuality, the group will leave here August 5. Robert Morton, adviser of the chapter, said Friday afternoon he was put in an uncomfortable position due to conflicting school activities at that particular date.
