

**LEGUME EXPERIMENT SHOWS GOOD RESULTS**—Pictured above is Harold Carpenter and son, Donnie, Oklahoma Lane farmers, trying out one of Parmer's first patches of Austrian Winter peas. The peas were planted on the 12 acres of irrigated land in an effort to find a legume suitable for this section that would replenish nitrogen and at the same time provide a worthwhile return for the farmer. The field yielded 1100 pounds of seed per acre and was sold for seven cents per pound.

**FROM THE HOPPER**

By HOP

Workmen in the neighborhood where new and pretentious homes are under construction in Farwell have dubbed it "Mortgage Hill." Very appropriate, we'd say.

It is to be hoped that we have a more representative vote in Farwell and Bovina when the second bond issue comes up August 13. In the last election, fewer than 100 votes were polled at Farwell and an even smaller number made their way to the polls at Bovina. At a time when voters were considering placing a mortgage on their property to pay off the proposed bonds, less than half the eligible voters in these two boxes took trouble to cast their ballots. America is one of the few countries left in the world where the populace has any voice in governmental affairs, and it is a crying shame that so many of our people disregard this great privilege. Go to the polls and vote! Regardless of how you vote . . . vote!

Seen in the streets Tuesday: A Model T Ford, being driven by a couple of young lads. Spectators who examined the antique speculated as to its age, and guesses ran all the way from 1917 to the early 20's. Remarkable rims were on the rear wheels, while the front tires were the old clincher type. The driver said the only trouble he was having with the machine was in keeping the tail light from shorting out. Examination revealed that the said tail light was an oil burner, filled with kerosene.

Heavy infestations of web worms are threatening a large number of fine shade trees in the Twin Cities. Main breeding place appears to be in cottonwood and poplar trees. We have found that cutting down such trees gets rid of the worms' breeding place. Small nests of web worms can be wiped out in quick order with a lighted torch on a long pole.

**Potishman Expands Storage Facilities**

Leo Potishman, president of Transit Grain Co. of Ft. Worth, and J. F. Putney, a company associate, were here the first of the week looking after business matters connected with Potishman's grain interests over the Plains.

Potishman revealed his company had increased its grain storage facilities a total of 736,000 bushels during the past few months. The largest expansion was at Ft. Worth, where arrangements were completed for 400,000 bushels of storage space. Next in line came the addition to Santa Fe Grain Co. at Friona, only recently completed. "And that is the fastest elevator on the Plains," Potishman boasted with pride, adding that three dumps now are available at the Friona plant.

The Parmerton Elevator, a branch of the Santa Fe Grain, has just been completed, affording 20,000 bushels of storage there. The grain man said he was still making plans to expand his holdings in Farwell, Lariat and Progress.

"You never can tell what the government and the weather are going to do," Potishman said as he explained his delay in expanding these three latter holdings.

Howard Ham, mechanic at the Hardage garage, is recovering from an eye injury received the first of the week when a piece of steel stuck in his left eyeball.

## New Type Legume Tried On Parmer County Farm

Farmers of Parmer County will be glad to learn of a new type legume that has been found to be very satisfactory for this section of the country, particularly that which is under irrigation.

Harold Carpenter and his son, Donnie, a bustling member of the county 4-H club, decided to try an experiment with Austrian Winter peas, hitherto virtually untested in this part of the Plains country.

They were well pleased with their findings, and are pictured on this page standing in the edge of the 12-acre field, which yielded 1100 pounds of seed per acre.

County Agent Ollie Limer, who said farmers were in need of such a legume, reports the plant appears to be just what is needed for this type farming. Up until the introduction of the peas, some alfalfa was being grown on Parmer's irrigated land to restore nitrogen taken from the soil by wheat crops.

Limer said the peas appeared to be more suitable because they needed less water and attention. "Austrian Winter peas can be grown on about the same water that a wheat crop can," said the agent, but emphasized "I can't expect any miracles from peas grown on non-irrigated land."

Limer agreed that a year such as this one, which has had an unusual amount of rain, would be alright for the dry-land growing of the peas, but said farmers were of course unable to tell just how much rain they might expect for their crop.

Only half of the Carpenter field was irrigated, and it was watered but once, thereby showing what a fine yield could be obtained without artificial watering under certain conditions.

(Continued on last page)

### Church Of Christ To Start Revival Sunday

A ten-day revival meeting is scheduled to start at the local Church of Christ Sunday, July 31, continuing through August 10, church officials announced the first of the week.

Minister Claude C. Smith of Eastland, has been engaged to do the preaching and the song services will be in charge of Charles Kelly. Services will be conducted twice daily, at 10 a. m. and 8:30 p. m. A cordial invitation is extended to the public to attend the services.

### BUYS HARDAGE HOME

Mr. and Mrs. Mitz Walling have purchased the practically new home of Mr. and Mrs. Walter Hardage in south Farwell, and will take possession August 15, moving here from their farm northeast of the city.

Mr. and Mrs. Hardage are planning to erect a business building on Main Street, with living quarters on the second floor, complete plans of which have not yet been worked out.

### SOME IMPROVEMENT

Donald Ray, teen-age son of Mr. and Mrs. W. E. Verner, who has been receiving treatment at the Polio Center at Plainview, was reported somewhat improved during the past week.

Although the upper part of the lad's body is still affected with paralysis, he has recovered sufficiently to breathe without assistance of an iron lung.

The upper part of his arms remains inactive, but he can move his forearms and work his fingers.

### JACK CRAIN BACK HERE

Jack Crain, for many years a resident of Texico, returned here the latter part of last week, after a prolonged illness at the home of his brother in Erick, Okla. He has been suffering with Burger's disease, and recently underwent surgery for the removal of his right leg above the knee several weeks ago.

He says he is feeling good and has gained 23 pounds since leaving the hospital.

### Young Mother Passes After Brief Illness

Mrs. Fairy E. Cain, 30-year-old wife of P. D. (Preston) Cain, and mother of two small children, died in a Clovis hospital last Friday afternoon, following a brief illness.

Mrs. Cain underwent surgery Wednesday and was reported to be recovering very satisfactorily until a few hours before her death. A blood clot in the lungs is reported to have been responsible for her fatal illness.

Funeral services were conducted at Texico-Farwell Baptist church Sunday afternoon by the Pastor, the Rev. O. O. Holladay, assisted by the Rev. Murphy Duncan of Texico-Farwell Methodist church.

The body was taken to Mountainair, her former home, by a Steed ambulance, for burial by the side of two infant children buried there.

Minister Charles McDaniel of the Church of Christ, and the Rev. W. E. McArthur, Baptist pastor, held a brief service at Mountainair Funeral Home before final interment was made.

She is survived by her husband, Preston Cain, and two small sons, Preston Jr., 10, and Jimmy, 5, Texico; her mother, Mrs. Agnes Kubena, Boren, Ore.; and two brothers, Albert Kubena, Mountainair, and Theodore Kubena, Boren, Ore.

Mr. and Mrs. Cain were married at Mountainair in 1934, and came to Texico to make their home in 1941.

### Polio Committee For Parmer County Named

Announcement was made this week of the organization of the active membership of the Polio Committee of Parmer County, who will carry on the program of work here.

With Loyde Brewer heading up the organization as president, other officers include, B. N. Graham, vice president; and Mrs. Billy Meeks as secretary.

Contact members throughout the county are listed as follows: Bovina, Wilbur Charles; Lazbuddy, Glenn Dunn; Rhea, Mrs. F. T. Schlenker; Friona, Dan Etheridge; Oklahoma Lane, Webb Gober; Black, Mrs. Day.

Officers of the newly organized committee stated today that persons were at liberty to take patients to any hospital they desired, but pointed out that the Plainview Center at Plainview had been approved by the Infantile Paralysis Foundation for treatment of poliomyelitis.

### HAS OPERATION

Mrs. W. J. Matthews, living southwest of this city, entered the Lubbock Memorial hospital Monday, where she was scheduled to undergo a major operation on Tuesday.

Need letterheads? Dial 2131.

# Road Bond Vote Endorsed

## County To Provide Road Right-of-Way

Commissioners' Court, in session here Monday, adopted an order agreeing to provide the necessary eleven miles of right-of-way for extension of Farm Road No. 299, from 4 miles south of the Hub to the Bailey County line.

Previously, the State Highway Department had designated the 4-mile gap as a farm-to-market road and announced its intention of paving the route on the provision that Parmer County would furnish the right-of-way free of cost to the state.

The four-mile extension would close the unpaved gap between Friona and Muleshoe, connecting with the Bailey County paving at the county line.

Completion of F. M. Road 299 has been set up by the state department as one of numerous projects over the state to be completed during the two-year period beginning September 1.

Officials expressed the belief that right-of-way would be obtained through right-of-way easements from land owners owning land along the 11-mile route.

Members of Commissioners' Court take the position that in a case where a land owner has been actually damaged by routing a road on his premises he is entitled to compensation. Most common damages, they point out, is where right-of-way necessitates moving some of the improvements on the farm.

### Chamber Commerce To Consider Buying Mower For Farwell

At a meeting Thursday night, directors of the Chamber of Commerce went on record as favoring a move to cooperate with County Commissioner Frank Phillips in the purchase of a power mowing machine to be used in keeping down rank weed growth on the townsite and in the bar ditches of the precinct.

O. C. Sikes, local Ford dealer, and one of the directors of the C of C, was present at the meeting and offered to sell a complete new heavy-duty mowing machine and new Ford tractor at actual cost for such a project. Sikes was not prepared to give actual figures, but estimated cost to run "twelve or thirteen hundred dollars."

Chamber officials felt the local organization would stand for \$500 of this amount, but deferred entering into any agreement until more of the members and business men could be contacted for an opinion.

Meanwhile, it was agreed that the weed-mowing program being carried on with school equipment should be encouraged to continue with property owners paying the cost of riding their property of rank weed accumulation.

Action on a move to spray the town in an effort to get rid of the flies and mosquitoes bogged down because it was felt that the financial outlay was more than the Chamber could undertake.

The deplorable condition of the local dump ground came in for another long discussion. The committee, named some weeks ago, was instructed to make another effort to obtain a bulldozer operator to pile scattered junk where most of it could be burned and the driveways opened up.

### Webworms Nuisance To City Residents

"Webworms are getting to be a real nuisance for citizens of Texico-Farwell," said County Agent Ollie Limer this week, reporting he had "up to five calls every day" from people wanting to know how to kill the tree insects.

Two weeks ago The Tribune published information with regard to killing the worms, but it appears few people have taken the advice. Limer reports worms are difficult to remove from trees, but says they can be killed with a spray made up of one-fourth to one-half pound of powdered 50 percent DDT and six gallons of water.

Limer said the best method for removal of the insects when they were present in limited numbers was for the nest or "bag" to be cut and burned, thus destroying all traces of the infestation.

REV. JESSIE ALLEN

### Okla. Lane Baptists To Begin Revival

Oklahoma Lane Baptist church will begin their annual summer revival meeting Sunday night, July 31, and will continue through Sunday, August 7, according to reports received from the pastor, the Rev. J. J. Terry.

The Rev. Jessie Allen, noted evangelist from Carrizo, N. M., will do the preaching at the services, with the singing under direction of Clarence Johnson, member of the Oklahoma Lane church.

Two services will be held daily, at 10:30 each morning and then at 8:30 each night.

Rev. Terry extended a cordial invitation to the public in general to attend these services.

### Elusive Hot-Checker Escapes From Police After Being Wounded

Oren C. Moorhead, 32-year-old Oklahoma City resident, who has been the subject of a wide-spread search reaching from Oklahoma to the West Coast, was nabbed by officers at Nolan, Mo., recently, only to make his getaway while being escorted to jail.

The Missouri officers succeeded in holding his 16-year-old wife, who, according to information received by Sheriff Charley Lovelace of this city, has "told the whole story" of their law violations together.

Officers from Oklahoma to California hold warrants for Moorhead, who has operated under a number of aliases, and who is wanted for a number of law infractions, including car theft and forgery. Sheriff Lovelace says Moorhead is the man who has been issuing forged checks on the Security State Bank of this city. All the checks were drawn for \$75 on the firm of Cline & Son, who have no account at the local bank.

In his operations in Texas and Oklahoma, Moorhead is alleged to have issued "about a thousand dollars" in worthless checks on the local bank.

Officers at Nolan, who had Moorhead in custody when he made his successful dash for liberty, expressed the belief he received at least one bullet wound in the shoulder as he made good his dash. "But we know who were are looking for now and he will be picked up before long," Sheriff Lovelace said.

Up until his arrest in Missouri, officers were not certain who they were seeking. They merely had descriptions of the man, who seems to have operated under a different name on practically every job he pulled.

Sheriff Lovelace said there was no doubt in his mind about Moorhead being the same party who entered the farm home of the sheriff's brother five miles southeast of this city last March, and made off with a number of household articles.

The sheriff's department also feels confident he is one of a trio that were traveling over this section early in the spring selling machine vises to farmers.

Moorhead's wife, who is reported to have been with him during his escapades, has been released and allowed to go to the home of her parents in Oklahoma City. Officers say she is soon to become a mother.

A secret poll of members of the Farwell Chamber of Commerce, made early this week, reveals that the membership is overwhelmingly in favor of the submission of an \$800,000 road bond issue to voters.

In a prepared ballot that was submitted to all members of the Chamber, members were asked (in substance) to check one of three choices: 1) Should the Chamber of Commerce endorse the proposed bond issue; 2) Should the Chamber oppose the issue; 3) Should the Chamber remain neutral and make no commitment on the issue.

Up until late Tuesday afternoon, a total of twenty-two ballots had been voted and returned. Sixteen of these felt that the Chamber should endorse the bond issue, and four felt that the organization should remain neutral. There were two opposition ballots.

Officials pointed out that since the by-laws prohibit the Chamber of Commerce from taking part in political issues, no definite stand either for or against the bond issue is likely to be forthcoming from the Chamber as such.

### Attorney Designates Voting Eligibility

Asked for his opinion as to who would be eligible to vote in the \$800,000 road bond election August 13, County Attorney Sam Aldridge has ruled that anybody who has rendered and paid property taxes during the past year and is otherwise qualified to vote may participate in the election.

Many voters are under the impression that they must own real estate in the county in order to vote. Attorney Aldridge says this is not the case.

"Taxable property may include anything from a hog to an automobile, and if the voter has rendered any property and paid the taxes he is entitled to vote," Aldridge says, adding the voter must meet the other requirements of eligibility.

The "other requirements" require payment of poll taxes for the current year, residence in the state for twelve months, and six months in the county.

Following the bond election, held March 31, at which time a \$1,150,000 bond issue was defeated by eight votes, it came to light that many voters did not go to the polls because they were laboring under the impression that only owners of real estate could participate in the election.

### Two Fined On Charge Of Drunken Driving

A. D. Taylor of Clovis, and Arlis Richardson of Muleshoe, were fined \$100 each and costs in Texico Police Court Monday morning by Police Judge, Sam Lewis after they had entered pleas of guilty to operating an automobile while drunk.

They were picked up in Texico Saturday night on two separate arrests, Judge Lewis said. In addition to drawing fines, their driver's licenses were taken up.

### Two More New Homes Going Up In Farwell

Construction work began here the first of the week on two more new homes in Farwell, with J. R. Thornton breaking ground on lots just west of the courthouse, and Champ Porter getting under way with his home just north of the courthouse.

Porter is building a five-room structure, and the Thornton home will be a three-bedroom home with basement. This makes eight new homes, the most of which are large and pretentious, under construction in this city at the present time.

### McKennon Tent Show Here This Weekend

Toby McKennon is brining his popular tent show here for three engagements this weekend, opening on Thursday and continuing through Saturday.

New plays and vaudeville will be offered at each performance with a complete change of program each night. The Star Dust Ranch Boys, rated as "America's best hillbilly band" will be featured at each performance. Ladies will be admitted free opening night with the payment of 10 cents federal tax.

Leading the cast will be Ray Mathis, Jeanie Layne, Dude Sizemore, and Jerie. Performances begin at 8:30 p. m. during the three-day stay here.

**Health Note**

Texas State Department of Health

AUSTIN—There is no more emphatic proof of the power of ignorance and carelessness to spread disease than is shown by the continued ravages of tuberculosis, which is responsible for more deaths between the ages of fifteen and forty-five than any other disease.

Despite the knowledge of its cause, spread, and curative procedures, tuberculosis continues to be a grave public health problem, and today it holds fifth place among the killing diseases in this state. This fact exists even though the majority of tuberculosis patients could have their condition arrested, if it were recognized early and proper treatment applied.

These facts are disclosed by Dr. Geo. W. Cox, State Health Officer, who says, "treatment of the early recognized case is essential to recovery. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more widespread appreciation of this fact would result in the saving of thousands of lives."

The state health officer added: "When a diagnosis of active tuberculosis has been made, examination of all other members of the family should follow as a matter of course. Tuberculosis runs in families, not because of any special susceptibility, but because it is communicable and easily transmitted from one member of the family to others."

To reduce the number of deaths caused by tuberculosis, Dr. Cox urges periodic examinations of all

adults, including chest X-rays; frequent check-ups by physicians where active cases and their contacts are known; isolation or hospitalization of active tuberculosis cases, and a more intelligent application of hygienic living principles.

**Top-O-Texas Rodeo At Pampa August 2-6**

Pampa is all set to entertain the biggest crowd in the history of the annual Top o' Texas Rodeo and Horse show held next week August 2-3-4-5-6.

Advance entries in the American Quarter Horse Show and in all Rodeo events indicate past entry records will be broken.

Stock for this year's show will be furnished by Goat Mayo of Petrolia, Tex., and cash prizes totaling \$4,500 will be the goal of the three hundred amateur cowboys and cowgirls expected from a wide area.

Three days are being spent this week in booster trips to towns within a 100-mile area of Pampa extending invitations to the annual show.

The outstanding special attraction for this year's show will be the appearance of a group of Indians from the United States Indian Reservation at Anakarko, Okla., who will present Indian war dances at each rodeo performance. Buddy Heaton, well-known rodeo clown, of Hugoton, Kans., will clown the show and present his famous educated horse, El Roco.

The big street parade will be held Wednesday August 3 at 4 p. m. led by the Cowboy Band of Abilene, Tex., who will be on hand to furnish music nightly for rodeo performances.

Judging of The Official American Quarter Horse Show will take place Thursday morning at 10 a. m., followed by a performance contest. Trophies and cash prizes will be furnished winners of all classes in the show and the American Quarter Horse Association is giving beautiful Silver Gladys Brown Trophies to the grand champions in both divisions.

The Palomino Show will be judged at 1 p. m. Wednesday August 3 followed by a performance contest. Cash prizes will be given in the Palomino classes and appropriate trophies to the grand champions in both

divisions. The Kid Pony Show and Miniature Rodeo will be held Tuesday night, August 2, at which time kids from 4 to 16 will show their riding ability and participate in the several kid rodeo events. This is one of the most outstanding features of the Top o' Texas Show and much interest is being manifest.

All regular rodeo performances will be held at night in the beautiful improved rodeo arena at Recreation Park one mile east of the city on U. S. Highway 60 beginning promptly at 8 p. m.

**Quick Drinks To Quench Summer Thirst**

COLLEGE STATION—You can't do much about the hot summer weather, but you can do many things that might make the heat a little less annoying, says Lucille Schultz, associate extension foods and nutrition specialist of Texas A. and M. College.

One way to beat the heat is to serve the right kind of summer drinks and of course this calls for feed drinks. Fruit and vegetable juices of all kinds are good, but the acid ones are especially good when

used alone or in combination with the sweeter juices, adds Miss Shultz. Sweeter foods give more heat so don't use too much sweetening. Tart juices give more flavor to the drink.

Miss Shultz says the hostess who can serve something a little different is almost sure to enjoy a rise in popularity, and here's a tip that may help you. Keep some sugar syrup in the refrigerator at all times for sweetening drinks. It is easy to make. Mix 2 cups of water and 3 cups of sugar and boil for three minutes then you can add 1 and 3-8 teaspoons of cream of tartar to prevent crystallization.

Don't forget the refreshing drinks that can be made from good cold milk. They are not only nutritious but are also just plain good for you. Chocolate milk is a favorite, others may prefer a milk shake or a good thick malt. Cold milk alone is hard to beat.

Your local county home demonstration agent will be glad to supply you with recipes for making summer drinks that will be enjoyed by the entire family. When you go on that next picnic, fill the thermos jug with a new chilled drink and see just how welcome it will be, concludes Miss Shultz.

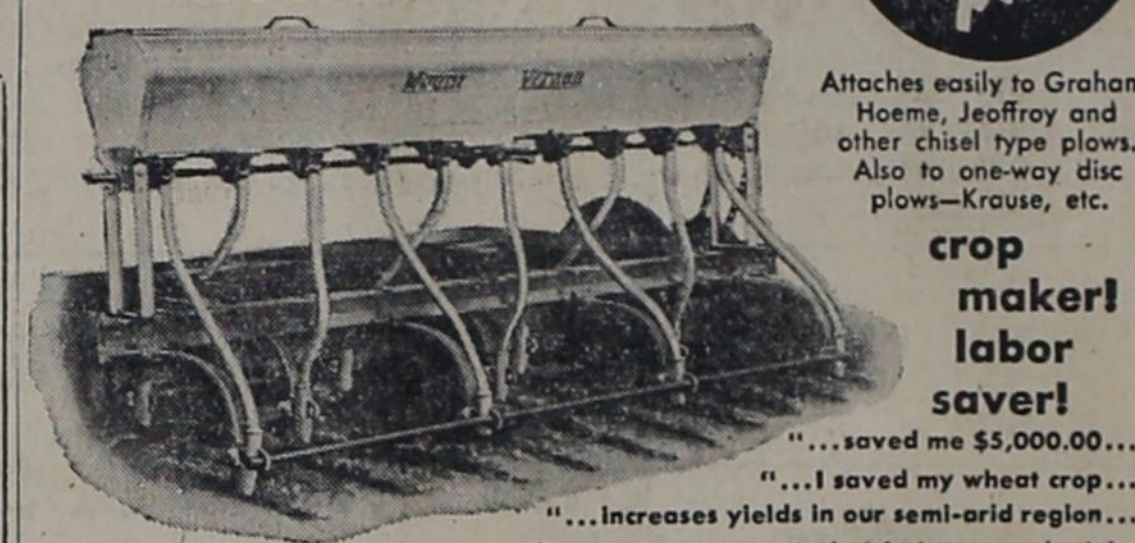

**40 Southern Baptist Missionaries Remain In Communist-Held China**

The Baptist Foreign Mission board has announced that 40 men and women missionaries of the board voluntarily remain in Communist-held Shanghai and that 11 others are stationed in Chengchow, Wusih, Soochow, Tsingtao, and Kunshan. Forty-five others are continuing work in

South China. "We regard the coming Communist occupation as inevitable," Dr. Baker James Cauthen, secretary for the Orient, advised the board from Shanghai. Decisions about evacuation were left entirely to each missionary. "Such decisions as were made were tested by the fact that when the great drive across the Yangtze began, ample transportation was available for every person who might choose to go," Dr. Cauthen said.

**IN THE GOOD OLE' SUMMERTIME**—Four young Texico-Farwell anglers get their lines wet for a self-declared goldfish season Monday morning at the Farwell Park. They are Donnie Gibbs, Walter Kurd, Jerry Venable, and Pudge Rose. A few seconds after this picture was snapped Donnie yanked out nice-sized fish. Donnie was far in the lead then, but word received here said Pudge almost overtook him later in the morning. The combined catch of the boys was eleven fish.

### Guar May Solve Your Soil Problem

**COLLEGE STATION**—Guar, a tall growing summer legume, isn't exactly a new crop in Texas. Records show that it was first planted in the state some 35 years ago, but it is only now coming into its own. It is becoming more popular each year and especially in the southern part of the state.

E. B. Reynolds, who has charge of soil and crop management investigations for the Texas Agricultural Experiment Station, says the two strongest points about guar are that it is a good soil builder and that it grows under dry conditions. He says the Station during the past 20 years has tried growing guar in several different sections of the state and it seems to be a valuable soil building crop for certain areas of the state.

Farmers in the Karnes County Soil Conservation District were the first to plant it on a large scale and they found that it was just what they needed to follow their winter flax crop. It stands up well under drought conditions and makes a good growth on the several different types of soil found in that county.

Reynolds reports that guar has been grown as far south and east as Brazoria and Galveston counties and

as far north and west as Knox county.

Those familiar with guar say that it is not a miracle plant, but that it is doing a good job of protecting the soil during the summer months and that it is a fine soil building legume.

### Texas Model Champs

**MODEL AUTOMOBILES** designed and built by Jerry Patton, left, of Arlington, and Harold L. Simon, right, of San Antonio, have won first state awards in Texas in the senior and junior divisions, respectively, of the 1948 Fisher Body Craftsman's Guild competition. Each youth receives \$150, and in addition their models were declared regional winners for the Texas-Arizona-New Mexico area, winning for them free trips to Detroit for the Guild's national convention to compete for university scholarships.

### Use Right Size Roofing Nails

Roofing nails which penetrate all the way through the boards of the roof deck can be a distinct moisture hazard even though water does not enter through the nail holes.

Points of the nails projecting into the attic usually will be the same temperature as the nail heads outside. Sometimes during the winter, the temperature of the nail points will be lower than the temperature of the attic.

The nail points can collect frost on cold nights. The warmth of the following day will change the frost to water which can seep into the ceilings and walls of the house, cracking plaster and staining wallpaper and paint.

A remedy for this condition is to ventilate the attic so that outside and inside temperatures will be more nearly the same.

Proper length nails are considered essential to correct application of fire-resistant asphalt roofing, and correct application is necessary if the roofing material is to give the full service of which it is capable.

Nails should be long enough to penetrate at least 3/4 inch into the deck lumber. Asphalt shingles frequently are used for re-roofing without removing the old roofing material and in this case, of course, nails must be longer than those used in building a completely new roof.

**TIME AND TRIAL**... Judith Coplon, charged with consorting with Communists while working in the state department, glances profoundly at her watch outside municipal court in Washington before reporting to the courtroom.

It is not a good forage or grazing crop because livestock do not like it. Recent experimental results show that the seed from guar may prove to be valuable in the manufacture of certain plastics and adhesives, and concludes Reynolds, it will be well to watch this legume crop for it may be just what is needed in the sections of the state where it is adaptable.

**Here From Tipton**  
Mr. and Mrs. W. A. Doshier of Tipton, Oklahoma, are spending several days visiting with relatives and friends, at Texico-Farwell, and Portales. They plan to leave for their home early Tuesday morning.

**To Family Reunion**  
Rip Snodgrass and son, Roy Harvey, attended a family reunion of the Snodgrass family held Monday at Lake McClellan, near Jerico. The get-together was planned back in June, but was postponed on account of wheat harvest.

**Attends Reunion**  
Tom Adkins, and a sister, Myrtle, and a brother and family, Mr. and Mrs. Harmon Adkins, attended a family reunion in Mineral Wells, Tex., the past weekend. Approximately fifty relatives were present for the reunion.

**On Vacation Trip**  
Mr. and Mrs. V. Boone of Texico, and their son, Mr. and Mrs. Ralph Boone of Clovis, left Tuesday for a vacation of two weeks to points in northern New Mexico and Colorado.

Elmer Temple and Harold Dixon visited in the home of Mrs. J. C. Temple the past Thursday night. Little Miss Pat Dixon, who has been visiting with her grandmother for the past three weeks, returned home with her father. She is the daughter of Mr. and Mrs. Harold Dixon, of Albuquerque.

Mrs. Boyd Turley of Nashville, Ark., returned home with her sister, Mrs. C. A. Cassidy, after the reunion at Plainview, Sunday afternoon, to spend a few days visiting here. She plans to visit with relatives in Quitaque after leaving here.

Mr. and Mrs. L. E. Goodrich and family of Hollington, Tex., and Mrs. A. T. Hough of Rio Hondo, Tex., are spending an extended visit in the home of Mr. and Mrs. J. D. Lewis. Mrs. Hough is Mr. Lewis' aunt.

Mrs. Doblin of Ft. Sumner, N. M., and her son, Pat Cain, Los Angeles, Calif., visited briefly in the home of Mr. and Mrs. Bunk Parks Monday afternoon. Mrs. Doblin is a sister-in-law of Mrs. Parks.

**CARD OF THANKS**

We wish to express our most heartfelt gratitude to the many friends who ministered to our every need in the dark hour through which we have been called to pass. You will never fully know how much your kindness has meant to us in this trying hour, and may the Lord richly reward every one of you.  
Preston Cain and Boys,  
Mr. and Mrs. Ray Mears,  
W. K. Cain,  
Mr. and Mrs. F. C. Gray,  
Mr. and Mrs. Marvin Gray,  
Mr. and Mrs. L. K. Gray,  
Mr. and Mrs. Albert Kubena,  
Mr. and Mrs. Ernest Cain,  
Mr. and Mrs. R. J. Cain.

Mr. and Mrs. Ben O. Smart and children spent the weekend in Amarillo attending to business matters and visiting with relatives.

**In Humble Home**  
Miss Martha Farquah of Liberty Hill, Texas, is visiting in the home of her grandparents, Mr. and Mrs. Ralph Humble. Miss Farquah and Humble will go to Lubbock Thursday where they plan to visit with Mr. and Mrs. Lee McDaniel. Mrs. Humble will return to her home here Saturday.

**On Furlough**  
Pvt. Fred E. Curtis, son of Mrs. Ray Mears, arrived here the latter part of last week from Camp Campbell, Ky., to spend a few days on a furlough. He is to report back to camp by August 3.

**Here From Ohio**  
Mrs. Frank Hermes and daughter, Marilyn, of Cincinnati, Ohio, are here visiting in the home of her mother, Mrs. Williams.

**To Indiana**  
Mr. and Mrs. E. M. Wagner and family, and Mrs. Paul Teinert left early Tuesday morning for Harlan, Indiana, where they plan to spend an extended vacation. They also plan to visit points in Canada before returning to their home here.

**To Palo Duro Canyon**  
Mr. and Mrs. Leonard Lewis of this city and Mr. and Mrs. Paul Skaggs of Clovis, spent Sunday visiting the Palo Duro Canyon, near Canyon.

**Here From Houston**  
Mr. and Mrs. Edward Smith and two children of Houston, Tex., spent the weekend in the home of Mr. Smith's sister and family, Mr. and Mrs. Jim Moore, in Texico. They were en route to California for a vacation of two weeks.

**On Vacation Tour**  
Mr. and Mrs. W. L. Roberts of Abilene, and Mr. and Mrs. Charles Childers of Odessa, were guests in the J. A. Richards home in Bovina one day last week. They were en route to points of interest in northern New Mexico and Colorado, on a ten-day vacation tour.

Miss Loujane Caldwell returned home Saturday from a visit with friends in Albuquerque. Mr. and Mrs. Tommy Joe Strain of Albuquerque, brought her back here and proceeded on to Oklahoma, where they will visit with friends and relatives.

**Former Local Resident Announces Engagement**  
The engagement of Miss Joan Mauldin, daughter of Mr. and Mrs. Wesley Mauldin of Clovis to Odes L. Thompson Jr., son of Mr. and Mrs. Odes L. Thompson, also of Clovis, was announced at a breakfast in the home of the bride-elect's parents, Sunday morning.

The wedding will take place at the Presbyterian church in Clovis Thursday, Sept. 1 at 7:30 p. m.  
The Thompson family are former residents of this city, leaving here in 1946 to make their home in Clovis. Thompson attended Wentworth Military institute in Missouri the past two years.

**Booth To Be Member Of Operetta Cast**  
Ronald Booth, son of Mr. and Mrs. Earl Booth of Farwell, will be in the chorus for the colorful Viennese operetta, "The Merry Widow," to be given at Indiana University July 27-28 and Aug. 3-4. Twenty-two university students will make up the chorus for this musical production, which is being presented by the I. U. School of Music and the University Theatre.

**Attends Family Reunion At Plainview Sunday**  
Mr. and Mrs. C. A. Cassidy and children of southeast Farwell, and Mr. and Mrs. Doyle Cummings and son of Friona attended a family reunion in Plainview, Sunday. The reunion was of Mrs. Cassidy's sisters and brothers, and it was the first time in over 25 years that the children had been together. All the children with the exception of two who were unable to arrive in time for the reunion were present.

**Surprise Birthday Dinner For Mrs. Houghtelling**  
A surprise birthday dinner honoring Mrs. C. D. Houghtelling was given in the home of Mr. and Mrs. Les Means, Monday night.  
A dinner consisting of fried chicken with all the trimmings was served to Mr. and Mrs. Houghtelling and the host and hostess, Mr. and Mrs. Les Means.

Visitors in the home of Mr. and Mrs. Lewis Caillouet the past weekend were his sister and family, Mr. and Mrs. W. B. Zaight of Greenville, Miss.

**Honors Husband With Birthday Dinner**  
Mrs. Perry Crawley entertained with a dinner last Sunday in honor of her husband's birthday.  
Those present for the occasion were Mr. and Mrs. Cecil Crawley, Clovis, Mr. and Mrs. Jack Chambless, Texico, and Mr. and Mrs. Perry Crawley.

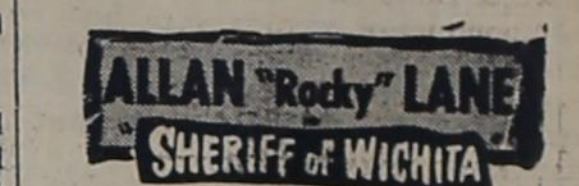

Raymond Jesko spent the past week visiting with relatives in the Lazbuddy community. He returned home Sunday afternoon.

## Thornton-Bonds United In Beautiful Church Ceremony, Friday

In an impressive candlelight ceremony performed before an altar of pink and white gladiolus and asters, mingled with greenery, at the Baptist church in Bovina, Friday night, July 22, at 8:15, Miss Mildred Ruth Bonds, daughter of Mr. and Mrs. N. E. Bonds of Bovina, became the bride of Graham Thornton, son of Mr. and Mrs. J. Roy Thornton, Sr., of Farwell.

Soft bridal music was rendered by Mrs. W. O. Cherry preceding the ceremony while Miss Carolyn Wilson and Miss Kathryn Jefferson lighted the two seven tiered candlebras, which were placed directly behind the altar.

The bride was beautifully attired in a white nylon street length dress featuring a sweetheart neckline with which she wore a necklace set with diamonds, a gift from the groom. Her silk net finger-tip veil was held in place with tiny orchid daisies. She carried a white Bible on which rested a lovely bouquet of orchids, with orchid ribbon streamers falling from either side of the Bible. She entered on the arm of her father, who gave her in marriage.

For something old and borrowed, she carried a white Bible. Something new was a beautiful necklace of white gold with a pendant set with diamonds, a gift from the groom, and for something blue, she wore tiny bows of blue ribbon on her slip.

During the ceremony, Miss Martha Williams rendered two vocal solos, "I Love You Truly", and "Because", accompanied by Miss Deloris Wilson at the piano.

The double-ring ceremony was performed by the Rev. J. B. Allen, uncle of the groom from Oklahoma City.

Mrs. D. C. Looney, matron-of-honor, was dressed in pastel blue with white accessories, and wore a corsage of red rosebuds.

The bridesmaids, Miss Iris Thornton, sister of the groom, chose a street length dress of pink and wore a corsage of pink rosebuds, and Miss Olene Dozier, cousin of the bride, of Garden City, Texas, wore a yellow street length dress with a yellow corsage.

Major Julian Thornton, brother of the groom, who was accompanied here from Florida by his wife to attend the wedding, performed the duties of best man.

William Thornton and Tom Bonds served as ushers for the occasion.

For her daughter's wedding, Mrs. Bonds chose a Nile green crepe dress with black accessories and a corsage of orchid lilies surrounded with rosebuds.

The groom's mother wore a floral printed crepe dress with white accessories and a corsage identical to that of the bride's mother.

Immediately following the ceremony, a reception was held at the home of the bride's parents. Miss Iris Thornton served the cake after the first slice had been traditionally cut by the bride and groom. Mrs. J. K. Dozier, aunt of the bride, presided at the punch bowl and Mrs. N. E. Bonds presided at the guest book, with sixty guests being registered at the reception.

The serving table was beautifully decorated with a lace covering, center dwith a three-tiered wedding cake decorated in pastel colors, and a lovely bouquet of pastel flowers on either end. Huge bouquets of mixed flowers were placed throughout the home.

Following the reception the couple left for a honeymoon trip to Colorado. Upon their return they will be at home on the Thornton farm near

Farwell.

Mrs. Thornton is a graduate of WTSC, Canyon, and taught two years in the Oklahoma Lane schools, and one year at the Farwell schools. Thornton attended Texas A. & M. and served in the Army during the war. Since receiving his discharge from the services, he has been engaged in farming near Farwell.

Out-of-town guests were Mr. and Mrs. H. P. Bonds, Mr. and Mrs. W. F. Bonds and daughters, Ruby Lee and Peggy of Happy, Texas; Mr. and Mrs. P. M. Elrod, Mr. and Mrs. Cecil Roark and son, Phil, of Wildorado, Tex.; Mr. and Mrs. J. K. Dozier and son, Jack, of Houston, Tex.; Mr. and Mrs. Tom Waide and son, Allen, of Portales, N. M.;

P. O. Dozier and daughter, Olene, of Garden City, Tex.; Miss Carolyn Hanson of Carlsbad, N. M.; Mr. and Mrs. Sawyer Graham and son, Mumford, Austin, Tex.; Mrs. E. A. Graham, Miss Marjorie Graham, Elwood Fox, Mr. and Mrs. Tom Do-rough, all of Brownfield, Tex.; Rev. and Mrs. J. B. Allen of Oklahoma City, Okla.; and Major and Mrs. Julian Thornton, Jr., of Elgin Field, Fla.

## Mrs. Spurlin Honored With Pink And Blue Shower Tuesday

Mrs. James Spurlin was complimented with a pink and blue shower at the American Legion hall Tuesday, July 19, with the following ladies acting as hostesses: Mesdames Wilfred Quickel, Marjorie Meeke, Nell Walling, Modena Banks, and Miss Iris Thornton.

The hall was beautifully decorated with bouquets of mixed gladiolus. After a number of games had been played by the attendants, delicious refreshments of punch, cookies and nut cups were served to the following:

Mesdames Hayden Cason, Woody McDermitt, Clarence Meeke, W. H. Spurlin, J. E. King, Grayson Roberts, Jimmy McGuire, J. E. Randol, Muleshoe, Walter Hardage, Bill Meeke, G. T. Watkins, LeRoy Faville, M. C. Roberts, J. M. Richardson, Ralph Humble, Walter Kaltwasser, Buck Bradshaw, Joe Helton, Claude Dyer, Dale McCuan, Harold Hillock, Hugh Edwards, C. G. Davis, the honoree, Mrs. James Spurlin, and the hostesses.

Regrets were received from the following ladies:

Mesdames Ted Sheets, J. H. Stone, John Lovelace, Willie Lovelace, Claude Rose, Earl Routon, Leonard Jennings, Les Means, T. E. Levy, Ruby Stone, Ed Hardage, Otis Huggins, Ira Levins, Lewie Paul, Joe Crume, Webb Gober, Jim Moss, Jim Moore and Mildred, Anna Belle Hillock, O. C. Pulliam, Everett Christion, Dorothy Gast, T. T. Doolittle, H. B. Bell, Gilbert Watkins, Preston Martin, O. B. Pipkin, B. A. Rogers, Roy Thornton, Woody Lovelace, V. C. Venable, Hammonds, Fred Cornelius, Mae Porter, R. E. Mears, Clyde Magness, Webb Caldwell, Willis Magness, Ray Sudderth, Gabe Anderson, Sam Rundell, Sam Randol, Dollie Herrington, Ethelene Bell, Perry Crawley, Lee Jones, W. A. Bell, J. B. Edwards, Bess Mansfield, L. R. Vincent, Charlie Thompson, Lena Rundell, Nina Glasscock, W. T. Meeke, Marie Ham, W. E. Martin, Thelma Snodgrass, Mutt Magness, A. F. Phillips Jr., Guy Cox and Chas. Lunsford, and Miss Joan Spurlin and Sonny Spurlin.

Mrs. Matt Jesko and daughter, Agnes, of the Lazbuddy community, were visitors in the Harry Jesko home the first of the week.

## Ruth SS Class Meets In John Porter Home

The Ruth Sunday school class of the Texico-Farwell Baptist church met in the home of Mrs. John Porter Monday, July 25, at 8:30 p. m., for a regular monthly business and social meeting.

Mrs. R. L. Day acted as president, in the absence of Mrs. R. L. Douglas, regular prexy.

At the close of the business session, Mrs. Frank Seale, assisted by Mrs. Guy Cox, had charge of the social hour. Several entertaining games were enjoyed.

Especially did Mrs. J. D. Brown, teacher of the class, enjoy one in which she was the winner of one of the nice prizes which the class gave her for her new home. The gift was a beautiful picture of "Christ In The Garden."

Mrs. Ralph Cox, member of the class, announced she was moving soon to her newly remodeled home near Lazbuddy. Mrs. Cox has been a diligent worker in the extension department of the Baptist church, and the class expressed regret at losing her membership.

Mrs. Cox could not be present and the group called on her, taking her a beautiful table lamp for her new home.

They returned to the Porter residence where they enjoyed delicious refreshments of iced limeade and pineapple upside-down cake, which was served to ten members by the hostess.

## Large Number To Leave Baptist Young People Hold Social Friday

A large representation of membership, mostly youths, of the Texico-Farwell Methodist church will leave Monday, August 1, for the Sacramento mountains in New Mexico for an annual family week assembly, the Rev. Murphy Duncan, pastor of the church, informed The Tribune Monday morning.

Rev. Duncan said activities at the encampment would be varied and enjoyable for those who attended, and expressed his satisfaction at the large number representing the church.

Those announcing plans to attend included Sandra and Jimmy Bateman, Rosamond Booth, Mary Belle Aldridge, Mary Joyce and Eddie Rolland, Jimmy Dcn Moss, Jerry and Rex Pool, T. W. and Delbert Parton, Darlene Kay Sprawls, Belva Park, Mr. and Mrs. Billy Joe Foster and family; and Rev. Dnucan and family.

They are scheduled to return Aug. 6.

## Bovina OES Holds Regular Meeting

The regular monthly meeting of the Bovina Order of Eastern Star, was held at 8:30 Thursday night, in the Masonic Hall in Bovina.

After a short business session, Mr. Woodie McDermitt and Mrs. R. E. Everett, entertained the group with several musical selections.

Mrs. Opal Buchanan, Worthy Matron of Honor, of the Bovina OES chapter, upon entering the dining room after the meeting was happily surprised by the entire group joining in singing, "Happy Birthday."

Mrs. Willie Mae Ross placed a number of individual gifts along with the gift from the chapter in front of Mrs. Buchanan.

After viewing the gifts, refreshments were enjoyed by those present.

## To Washington

Mrs. Charley Lovelace and children left here the first of the week for Washington state, where they plan to spend a few weeks visiting in the home of her parents. Mr. Lovelace accompanied them as far as Denver, where they boarded a train.

## Covered-Dish Supper Held At Joint Meeting

A covered-dish supper was enjoyed at the regular joint meeting of the local American Legion and the American Legion Auxiliary of the Justice-Williams Post, Tuesday night, July 26.

Miss Coeta Roth, girls' state representative of New Mexico, gave a very interesting report on her trip to the state meeting at Santa Fe, a few weeks ago, and Benny Jim Billington, boys' state representative, also gave an interesting report on his trip to the state meeting at Elreta, N. M., which was held the same week.

After the dinner and reports, a separate business session was held by the organizations.

The Auxiliary elected two delegates, Mrs. John Getz, and Mrs. John Porter, to attend the Texas State meeting, to be at Ft. Worth at the Backstone Hotel, August 5, 6, and 7.

The Legionaires elected new officers for ensuing year during their session, and they are as follows:

Commander, Graham Thornton; 1st vice-commander, John Getz; 2nd vice-commander, Wilfred Quickel; adjutant, Frank Seale; historian, Sterlyn Billington; chaplain, Mitz Walling; sergeant-at-arms, Alton Henderson; and finance officer, Robert Anderson.

Guests at the meeting were Mr. and Mrs. S. G. Billington and Mrs. T. E. Roth.

## Baptist Junior Boys Have Sandhill Party

Junior boys from the youth organization of the Texico-Farwell Baptist church will have a party Friday night at the sandhills north of Portales, disclosed the Rev. O. O. Holladay, Monday morning. He said the boys would have their party after leaving Texico and would be sponsored by Mary White and Barney Kelly, two youth workers of the church.

## Betty Lockhart Feted With Birthday Party

Little Miss Betty Ruth Lockhart was feted with a birthday party, the past Thursday afternoon in the home of her mother, Mrs. John Lockhart, celebrating her fourth birthday.

Delicious refreshments of individual cup cakes decorated with circus animals and ice cream were served to the following children.

Jerry and Anita Moss, Lee Spears, Barbara Tucker, Genetha and Vickey Winegart, and Allen and Dickie Lockhart, and the honoree, Betty Ruth Lockhart.

Favors of circus painted balloons and candy were given to each child after several games had been played.

## Here For Summer

Mrs. Robert H. Miller and two sons, Robert Barry and David Lee, arrived last week in Amarillo by plane from Los Angeles and will spend the remainder of the summer visiting in the home of Mr. and Mrs. E. M. Wagner of the Rhea community. They were met in Amarillo by Mr. and Mrs. Paul Koetzow. Mrs. Miller is the former Miss Clara Wagner and is a sister of E. M. Wagner.

## 'The Men Take Over' At Lazbuddy Shower

A pink and blue shower was given in honor of Mr. Harold Hutchinson, in the home of Garin Thorn, Monday night, July 25.

After a few games had been played, Willie Waddell gave a presentation speech and the hosts, Garin Thorn and D. B. Ivy, wheeled in the pink and blue packages, in a little red wagon.

The honoree opened the packages daintily with his knife, assisted by D. B. Ivy and Garin Thorn.

Roy Daniel presided at the guest book to register the men during the evening.

The room was beautifully decorated with cut spring flowers, and the honoree was attired in a suit of gray and brown, "page boy" ensemble, with brown accessories.

Delicious refreshments of cake and ice cream were served to sixty-five guests after which western music was rendered by Rex and Max Steinbock and Junior Matthews, to soothe the honoree's nerves.

## Bible School Attendance Remains At High Level

With closing services scheduled for this Sunday, the summer Bible school of the Texico-Farwell Methodist church entered its final week of activity Monday, attendance "holding up well," according to the Rev. Murphy Duncan, pastor of the church.

Young people arranged to take charge of evening services Sunday night. Handiwork and other projects will be displayed in conjunction with the services.

## Golden Circle SS Class To Enjoy Feed

Members of the Golden Circle Sunday school class along with their families, will have a watermelon feed Tuesday night, Aug. 2, at the Farwell Park.

All members and their families are urged to be on hand for this feed and each family is asked to bring a watermelon for the feed.

Buy a bond every pay day!

# Bovina Happenings

BY MARIE VENABLE

Mr. and Mrs. Charles Ross purchased a new Chrysler this week.

Mr. and Mrs. Hilary Tidenberg are driving a new 1949 Dodge pickup.

Mrs. Gene Ezell entered Clovis Memorial Hospital Tuesday evening for medical care.

Mr. Joe Langer, Mrs. Fred Langer, and daughter, Sherry Linn, left Tuesday for Colorado, where Mr. Fred Langer is cutting wheat.

Jack Hesley and Odis White have opened a new shop in the rear of the Bond service station. Otho Hammonds formerly occupied the place of business.

Otho Hammonds moved the past week to his new location next door to the Mustang Theatre.

Mr. and Mrs. Harold Turner and son, Don, arrived here Saturday from California to visit friends and relatives.

Mr. and Mrs. Hubert White and children of Hereford visited in the Grandma White home Sunday.

Bovina and Portales played baseball in Bovina Sunday. Portales won 8 to 12. Next Sunday Bovina will play Dora on the opponent's field.

Charles Don Smith is in Friona Hospital receiving medical care.

Mr. and Mrs. Price Floyd and family, Dallas, Tex., are visiting here for a few days.

Mr. and Mrs. Anderson Hardin and daughter Anderlene, of Atlanta, Ga., are visiting with the J. W. Ellison family. Mrs. Harden is a niece of Mrs. Ellison.

Mr. and Mrs. James Taylor and family of Farwell visited here Saturday.

The Ellison family honored the Harden family Sunday night with a picnic dinner at the J. W. Ellison home.

Mr. and Mrs. John Wines and daughter of Amarillo visited in the home of Mr. and Mrs. Dave Wines, Sunday.

Miss Peggy Starr is visiting in the home of Mr. and Mrs. Joe Looney this week.

Miss Ray Hawkins of Clovis visited here the past weekend.

Mr. and Mrs. O. W. Cherry and family of Lorenzo, Tex., visited here Friday and attended the wedding of Ruth Bonds and Graham Thornton.

Mrs. D. C. Looney and son returned Friday from a few days' visit with her parents, Mr. and Mrs. O. W. Cherry, in Lorenzo, Tex.

Mr. and Mrs. Pete Frazier and daughter of Amarillo visited here the past weekend.

Mr. and Mrs. Bob Williford have moved into their new home.

Mrs. Joe Langer and Mrs. Elton R. Venable were Clovis shoppers Monday.

## Milk Production Test Completed At Lubbock

LUBBOCK—Texas Technological college's registered Holstein-Friesian cow, Premier Colantha, has completed a 304-day production test of 513 pounds of butterfat and 14,639 pounds of milk made in the Herd Improvement Registry tests in Brattleboro, Vt.

The cow was milked twice daily and was four years old when she began her test period.

Tech's Premier Colantha is in production now with her third calf and has produced 260 pounds of fat in three months.

Texas' first telephone was installed by Col. A. H. Belo, publisher of the Galveston News, in 1878.

## SAYS 4H'ers SAVE MUCH OF AMERICAN FUELS

Two million gallons of tractor fuel will be saved this year by 30,000 rural boys and girls as a direct result of putting into daily use practices recommended in the National 4-H Tractor maintenance program, according to a recent analysis.

Potential value of the program was estimated by an oil company official when he stated that if some three million American farm tractor operators had a chance to learn the 4-H way of tractor care, 200 million gallons of tractor fuel could be saved annually.

It was pointed out that in these days of declining farm prices, reducing labor costs by means of efficient tractor operation could make the difference between profit and loss in the farming business.

One 4-H boy summed up the object of the tractor maintenance program in a few words when he said, "A good running tractor means more cash in the pocket."

Texas 4-H Club members not only bring benefits to the farm through skillful tractor operation, but they also have an opportunity to compete for various individual awards.

At the end of each year records are submitted to the Extension office where they are scored on the basis of accomplishment. The Stanolind Oil and Gas company, sponsor of the program in Texas, provides sterling silver medals for county winners; a trip to the National 4-H Club Congress in Chicago for state champion, and \$300 scholarships for 4-H'ers having the best records in the nation.

Since the project was first inaugurated on a national scale in 1945, more than 110,000 Club members have learned how to keep a tractor in top-notch working order the year 'round.

To do the job, 11,500 Club leaders in 41 states were trained in special tractor clinics set up throughout the country for this program.

Herman Schneiderjan of Gainsville won Cooke county and state honors in 1948. Silver medals were awarded to 119 other county winners. The Cooperative Extension Service supervises the program.

A good cotton insect control program will increase the yield by 15 per cent. How big the profits will be depends on a couple of things: (1) what price the farmer gets for his crop, and (2) the cost of producing and harvesting the crop.

TWO ERAS MEET IN LONDON . . . Young America and old England might have been an apt caption for this photo, with something symbolic easily read into the scene. Dowager Queen Mary of England, now in her 83rd year, beams her royal smile at blonde, beautiful and youthful Sharman Douglas, typical American girl. Miss Douglas is the daughter of the United States ambassador to Great Britain. The queen and the girl met at the Odeon theatre.

**OPPORTUNIST WITH REGRETS?** . . . Four-year old Richard Roddy grabs himself an enviable seat. The youngster, on the alert as this huge Galapagos tortoise moved from indoor quarters to an outdoor pen for the summer, managed to inveigle a free turtle-back trip. Mixed emotion displayed on his face, however, doesn't prove complete enjoyment.

**"BETTER LEARN TO COOK"** . . . the way to a man's heart is still through his stomach. Don't miss this timely article in *The American Weekly*, that great magazine distributed with next Sunday's *Los Angeles Examiner*.

### Wheat Premiums To Be Offered

Flour mills desiring to pay the wheat grower for his greater percentages of strong gluten wheat and to stimulate continued improvement are announcing a schedule of premiums for wheat of the best milling and baking varieties. Each mill will make its own schedule public, but there is sufficient similarity to make possible a general announcement of the premiums according to K. E. Soder, Director of the Texas-Oklahoma Wheat Improvement Program.

Central Oklahoma mills are taking the lead on this premium basis and include the Okeene Milling Company at Okeene, The Canadian Mill & Elevator Company at El Reno, and the Acme Flour Mill at Oklahoma City. Other mills are considering this basis and will possibly make an announcement later. The wheat will be bought on the basis of samples submitted in advance which will be analyzed by a disinterested variety expert and must be 95 per cent or better true to variety. The only varieties covered in this schedule include

Comanche, Westar, Tenmarq, and Turkey because they are the strongest gluten of the recommended varieties. The samples must test 12 per cent protein or better and delivery must be on a specified date so that the premium wheat may be kept separate from the other wheat in the mill. The premium will be 5 cents per bushel to start with and will be paid from August 1, 1949, to April 30, 1950.

These same mills advise that they will not knowingly accept wheat containing over 10 per cent Red Chief or Chiefkan.

In Texas the only premiums currently being offered are being paid by the Morrison Milling Company at Denton, Texas. These Morrison premiums are 1 cent per bushel from 80 to 89 per cent good varieties, 2 cents from 90 to 99 per cent desirable varieties, and 3 cents for 100 per cent pure wheat of the recommended varieties. There are no qualifications on the protein or time of delivery at Denton. The Universal Flour Mills at Fort Worth and the Arrow Mills at Houston have advised Mr. Soder that they are not accepting any wheat containing over 10 per cent undesir-

able varieties. It is understood that the various units of the Tex-O-Kan Flour Mills and the Burrus Elevators are operating on the same basis. The management of the Harvest Queen Mill at Plainview, Texas, have advised that during harvest, 1950, they will not accept Red Chief or Chiefkan wheat at any price.

The acreage or undesirable varieties in Oklahoma and Texas has now decreased to a point where Mr. Soder is advising the flour mills that they can buy plenty of wheat for milling purposes without taking into their plant a single grain of these undesir-

able varieties. The government loan and government purchases for overseas shipment have disrupted the wheat marketing picture to the point where the true value of the varieties is not reflected in the local market prices. This announcement of premiums for suitable farm stored wheat is expected to repay farmers for their added efforts and to encourage further improvement. Farmers desiring to collect these premiums should submit samples through their local elevators or mills to determine the exact premiums they can secure, concludes Mr. Soder.

### Room For Improvement In Hog Quality

COLLEGE STATION—Poor Quality hogs are usually a drag on the market. They sell for less money and when market conditions are tight, poor quality hogs are graded down severely, says E. M. Regenbrecht, extension swine husbandman of Texas A. & M. College.

Regenbrecht says a hog of poor quality is cold-blooded, long-legged, high-flanked, slow in developing, small-hammed, and in other words just doesn't have what it takes to make a choice animal at six months of age. Improvements have been made but much more can be done, especially with the range hog industry in Texas.

Range producers, says Regenbrecht, produce hogs at a low cost and the price of a good boar would not add much to this cost, but the increased prices received for the better pigs would certainly more than pay the difference.

First cross pigs do sell for more money and leaving their ears on also adds to the sale price, he says. A few days ago visits were made to several auction sales, where range raised feeder pigs were sold in large numbers, and the difference paid for poor quality, first cross and good quality pigs and hogs was carefully noted. Regenbrecht reports that cold-blooded feeder pigs sold for \$8.00 to \$12.00 per hundred pounds; better marked and better quality feeder pigs sold for \$15 to \$16 per hundred and the extra good ones were going at \$19 to \$20, and the demand was for the best. This is a difference of about \$8 to \$11 per hundred

pounds and the use of better boars made the difference, he says.

The county agents, vocational agriculture and G. I. agricultural teachers in Texas are interested in doing something about this problem and they can get help from the Texas Swine Breeders Association. The association will work with any individual or organization interested in improving the quality of hogs in Texas.

The fastest way to make range hogs more profitable for the producers, says Regenbrecht, is to put good boars with the range sows and thus produce a better quality feeder pig that can be readily sold on the market.

A number of range hog producers are following this practice and they are finding it profitable, concludes Regenbrecht.

### 17 Students To Make Field Trip To Sterling City

LUBBOCK—Seventeen senior and graduate students in the sheep production course being offered at Texas Technological college this semester are making a field trip to Sterling City where they will visit various sheepmen and woolmen.

Visiting first the ranch of L. R. and Bill Reed, north of Sterling City, they will continue to the wool warehouse owned by Martin Reed, the L. F. Hodges ranch where they will examine registered Rambouillet sheep and the ranch of J. T. Davis.

On each ranch the group will observe sheep, ranch grasses and conservation practices, and each ranchman will discuss his individual management policy.

FRISCH CUB . . . Frankie Frisch, newly appointed manager of the Chicago Cubs, buttons his shirt in dressing room at Wrigley Field. Frisch succeeds Charley Grimm, who became a club vice-president in the Wrigley organization.

### How To Care For Pullets During Summer Months

COLLEGE STATION—It's pretty hard to say that one thing is more important than another when it comes to properly taking care of the pullets that will be the egg producers this fall, says W. J. Moore, associate extension poultry husbandman of Texas A. M. College, but plenty of tender green feed on the summer range is one of them.

Good range furnishes the growing the growing pullets with a supply of vitamins, minerals, and other growth factors that just can't be supplied fully from any other source, continues Moore. Pullets should not be pushed to fast. It can cause

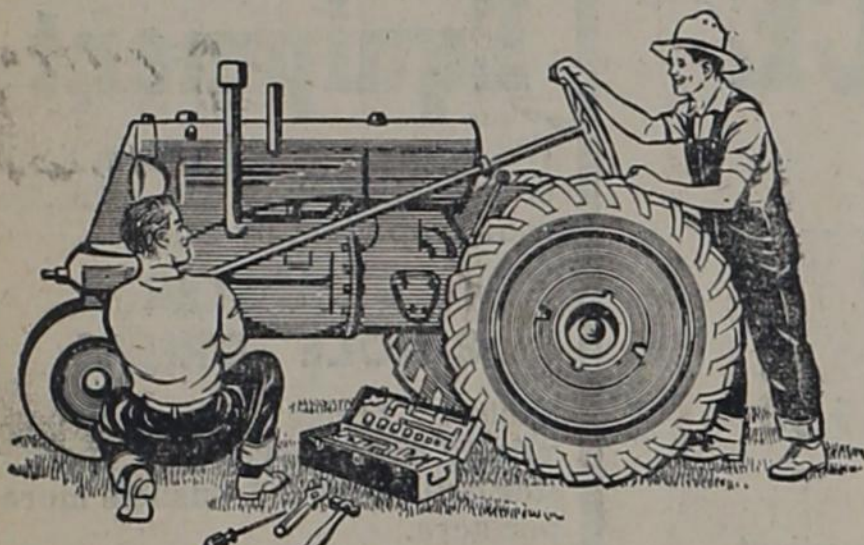

trouble later on. They develop sexually before they develop physically and actually begin laying before they are mature. So it's best, says Moore, to keep the pullets growing in body and gaining weight as fast as possible before their combs and wattles develop. These kind make better egg producers.

Feeds containing soybean meal and cottonseed meal for protein, with small amounts of fish meal and meat scraps seem to be the best. The growing pullet should get this feed along with liberal amounts of grain and the best tender green range you can give them. The addition of choice alfalfa leaf meal to the mash you're feeding is a good substitute when good range is not available. It is important to supply the grow-

ing birds with plenty of shade, pure, cool water and keep them clean. Moore says, if the pullets are developed properly, they will be ready to produce next fall and winter when egg prices are best. The kind of birds that go into the laying house this fall will be largely determined by the treatment they get this summer, now is the time to practice proper poultry range management.

Hygiene in the garden is as important to vegetables as cleanliness is in the home. Many diseases of vegetables are carried over on the stems, roots or leaves of the plants which have spent themselves in spring production. Such plants should be dug up, and not cut off at ground level.

## The GRAHAM-HOEME PLOW

- Self Sharpening Points • No Side Draft
  - Extra Light Draft • Nothing to Grease
  - Plows All Types of Land Without Adjustments
  - Prevents Erosion by Wind and Water
  - Cuts Plowing Cost in Half
  - Doubles Sub-Soil Moisture
- BUILT TO LAST A LIFETIME**  
KEEP VEGETATION ON TOP

Nature's own method is to keep vegetation on top. That cuts down evaporation, keeps the soil in place in spite of heavy winds. The Graham-Hoeme Plowing Method with the two-inch chisel, as shown in illustration, permits water to by-pass the top soil into the sub-soil. It's a moisture storage center.

WE HAVE 'EM ON HAND

Manufactured by GRAHAM-HOEME PLOW CO., Inc. AMARILLO, TEXAS

### PROVEN FACTS

On the average, enough rain falls on your farm every year to make fine crops. But, after the first few minutes of rain a smooth surface seals itself, causing run-off. It has been scientifically proven that the same field will NOT seal itself when plowed with the Graham-Hoeme All Purpose Plow with a 2-inch chisel furrow every 12 inches. This method by-passes the rainfall through the top soil and keeps a straw mulch on TOP. Upwards of three times the moisture enters the ground.

If the next day is fair and hot, the bare soil would soon be steaming and losing its moisture rapidly. BUT NOT IF THAT GROUND IS COVERED. The Graham-

Hoeme Plow leaves vegetation on top to shade and protect, and moisture stays in the soil longer to bridge between rains.

These are not just opinions, but proven facts. A covered corrugated field in a good, brisk rain, will absorb 200 per cent more moisture than a bare field and 60 per cent more than a field with vegetable matter plowed into the surface. To supply this covering for the soil without the expense of artificial cover, and to place the soil in a condition to by-pass the moisture through the top soil is the purpose and achievement of the Graham-Hoeme Plow.

## Library Service For Texans From Austin

COLLEGE STATION—One hundred and fifty of Texas' 254 counties have no public library, and 3 1/2 million Texans are not getting adequate library service, says Wayne Rohrer, assistant professor, department of agricultural economics and sociology of Texas A. and M. College. It's assumed that a large number of these are members of farm and ranch families.

Rohrer gives two suggestions that should be helpful to those families who are interested in better library facilities. He says the Texas State Library, Austin, will loan books to any person who lives in a county that is not adequately served by a free public library. As many as six books may be borrowed at one time. The borrower pays the postage to and from the library and agrees to return the books within three weeks from the mailing date. Time extensions will be granted if asked for before the deadline date. This plan, continues Rohrer, is known as the Service to Individual Borrowers.

The other plan is known as the Family Library Service plan. It is a continuous and automatic service. Families registered for the service may receive at definite intervals a collection of books selected to meet the particular interests of each reader in the family and books may be kept for as long as two months. Roh-

rer says more than 50 different subjects are listed and they range from sewing and house plans to farm machinery, histories and special books for the younger members of the family.

The Texas State Library makes it easy for the farm family to borrow books. The fact sheet that is filled out by the family shows the age, grade in school and the interests of each member of the family and this information is used by the librarian at Austin to help them make the best possible selections for the family. Rohrer adds that the family may select the kind of service it desires; that is, they can get another collection of books each time they return a collection or they can write for a collection when one is desired.

This is an excellent service and it gives rural people the advantages of a conveniently located free public library. Here is the tax-supported service that is waiting to be enjoyed by anyone who is interested enough to write to the Texas State Library, Austin, for complete details of the two borrowing plans, Rohrer concludes.

## Improve Your Pasture Fill Up Your Silo Says Specialist

COLLEGE STATION — Texas dairymen should take advantage of the abundance of grass that is now growing in most sections of the state. They can make excellent silage from it and at the same time the mowing will improve the pasture, says R. E. Burleson, associate extension dairy husbandman of Texas A. and M. College.

Almost any grass that is palatable as well as nutritious for cattle can be made into silage, he says and johnson and sudan grass, if properly handled will make silage almost equal to sorghum and some of the other row crops commonly used.

Grasses or hay crops should be cut for silage at the stage when they make the best hay. In most cases, this would be the boot stage or when the first heads are emerging. When grass is cut at this stage it is generally desirable to reduce the moisture content by wilting it a few hours in the field. Harvesting at a later date, warns Burleson, is likely to result in an unpalatable silage.

Grass is wilted to a safe moisture content when you can twist a small bunch and bring moisture to the stems but no free moisture will drip off. A moisture content of 60 to 65 per cent is desirable. Burleson adds

that no more of the crop should be cut at one time than can be stored in about half a day.

Fine chopping is important in making good wilted grass silage. He advises adjusting the cutter so it will make 1/4 inch cuts. Be sure the silo is tight and the walls smooth because mold will develop if air is present. Distribute the silage evenly and pack thoroughly. Two feet of unwilted silage placed on top of the wilted silage will add additional weight and cause the silage to pack more tightly. Extra packing and tramping will keep down spoilage.

Burleson says cattle may not relish grass silage at first, but they will soon become accustomed to it. Make the shift from the old feed to the new gradually and you'll need to feed about three or three and a half pounds of silage to replace each pound of hay.

## LEGAL NOTICES

### NOTICE OF ELECTION THE STATE OF TEXAS COUNTY OF PARMER

TO THE RESIDENT, QUALIFIED ELECTORS OF PARMER COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in Parmer County, Texas, on the 13th day of August, A. D. 1949, on the proposition and at the places more particularly set forth in the election order passed by the Commissioners Court of said County on the fifth day of July, A. D. 1949, which reads, as follows:

"AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF THE ISSUANCE OF \$800,000.00 OF ROAD BONDS AND THE LEVY OF AN AD VALOREM TAX IN PAYMENT THEREOF.

"WHEREAS, there has been presented for the consideration of the Court a petition signed by G. F. Trimble and more than fifty other persons praying that an election be held in Parmer County on the proposition of the issuance of Road Bonds of said County in the amount of \$800,000.00 and the levy of an ad valorem tax in payment thereof; and

"WHEREAS, the Court has found that said petition is signed by more than fifty of the resident, qualified property tax-paying electors of Parmer County owning taxable property in said County and who have duly rendered the same for taxation; and

"WHEREAS, the amount of bonds to be issued will not exceed one fourth of the assessed valuation of the real property of said Parmer County;

"IT IS THEREFORE ORDERED, ADJUDGED AND DECREED BY

THE COMMISSIONERS' COURT OF PARMER COUNTY, TEXAS:

"1. That an election be held in said County on the 13th day of August, 1949, which is not less than thirty (30) days from the date of this order, to determine:

"Whether or not the bonds of said Parmer County shall be issued in an amount of \$800,000.00 bearing interest at a rate not to exceed 3 1/2 percent per annum, payable annually or semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Parmer County, Texas; and whether or not ad valorem taxes shall be levied annually on all taxable property in said County sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

"2. That the proceeds of such bonds, if authorized, shall be expended in the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Parmer County, Texas.

"3. That said election shall be held under the provisions of Chapter 1, 3, Title 22, Revised Civil Statutes of 1925, as amended by Chapter 16, Acts of the First Called Session of the 39th Legislature.

"All persons who are legally qualified electors of this State and of this County, and who are resident, qualified property taxpaying electors of this County, owning taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election, and all electors shall vote in the election precinct of their residence.

"5. The ballots of said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX IN PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX FOR PAYMENT THEREOF"

"Each voter shall draw a line through one of the above expressions, thus leaving the other as indicating his vote.

"6. The said election shall be held at the several polling places in Parmer County, Texas, and the following named persons are hereby appointed as officers of said election at the several voting precincts as follows:

"In Precinct No. 1 at Black School House in Black, Texas, with the following election officers:

Willis Edelman, Presiding Judge; Bruce Parr, Judge; Mrs. O. B. Robertson, Clerk; Mrs. Britt Clark, Clerk.

"In Precinct No. 2 at School House in Friona, Texas, with the follow-

ing election officers:

T. J. Crawford, Presiding Judge; F. W. Reeve, Judge; Clyde Goodwine, Clerk; George Baker, Clerk.

"In Precinct No. 3 at Bovina School House in Bovina, Texas, with the following election officers:

Homer Martin, Presiding Judge; Wibur Charles, Judge; I. W. Quickel, Clerk; R. E. Everett, Clerk.

"In Precinct No. 4 at Courthouse in Farwell, Texas, with the following election officers:

Albert Smith, Presiding Judge; Mrs. O. B. Pipkin, Judge; Ethel Thomas, Clerk; Mrs. Harry Whitley, Clerk.

"In Precinct No. 5 at School House in Lazbuddy, Texas, with the following election officers:

Roy Daniels, Presiding Judge; George Crain, Judge; C. C. Matthews, Clerk; Joe Jesko, Clerk.

"In Precinct No. 6 at School House in Oklahoma Lane, with the following election officers:

Sam Sides, Presiding Judge; C. C. Christian, Judge; L. M. Grissom, Clerk; G. H. Lindop, Clerk.

"In Precinct No. 7 at Teacherage in Rhea, with the following election officers:

Melvin Sachs, Presiding Judge; Jack Woltmon, Judge; J. D. Stevens, Clerk; T. F. Taylor, Clerk.

"In Precinct No. 8 at Otho Whitefield home in Lakeview with the following election officers:

Otho Whitefield, Presiding Judge;

Fred Barker, Judge; Pearl Hand, Clerk; Claude Miller, Clerk.

"7. The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Statutes hereinabove cited.

"8. Notice of said election shall be given by publication of a copy of this order in the 'STATE LINE TRIBUNE', a newspaper published in the County, for three (3) successive weeks before the date fixed for holding said election. In addition thereto, there shall be posted other copies of this order at four public places in the County, one of which shall be at the Courthouse door for three (3) weeks prior to said election.

"9. The County Clerk is hereby directed to publish and post the same as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by the Court.

PASSED AND APPROVED this 5th day of July, 1949.

(Signed) A. D. SMITH County Judge, Parmer County, Texas

ATTEST: (Signed) Loyde A. Brewer County Clerk and Ex-Officio Clerk, Commissioners' Court, Parmer County, Texas."

## Farwell's Improving Blue Sox Finally Defeat Lazbuddy No. 2

Scoring their first win of the 1949 season, the Farwell Blue Sox won over Lazbuddy No. 2, 6-3, Sunday afternoon on the Farwell field. The local nine held Lazbuddy scoreless until the final frame, when they rallied for three painful runs, taking them from a base on balls, a double, single, and an error.

Don Ford, winning pitcher, twirled the entire nine innings, making the first eight with only two hits against him.

Farwell's box score:

	ab	h	r	e
Dollar	4	1	0	1
Hargrove	3	1	1	0
London, R.	3	1	1	0
Smith	4	1	1	0
London, L.	4	0	0	1
Phillips	2	0	1	0
Camp	4	1	1	0
Quickel	3	1	0	0
Ford	3	2	1	0

Farwell scoring was well distributed throughout the game. They scored one in the third, four in the sixth, and another in the eighth for their total of six.

Wilfred Quickel, manager of the Blue Sox, informed The Tribune Tuesday morning that they would meet Friona on the home field Sunday afternoon. Farwell fans were noticeably absent at the game last week, Quickel reporting three spectators aside from players.

### ATTENDING MARKET

Mr. and Mrs. J. E. Stone of Stone's Variety Store, Mrs. Claude Rose of the Fox Drug Store, and Rip Snodgrass of the Electric Shae Shop, were among those attending the market show at the Herring Hotel in Amarillo last Sunday. The local merchants were buying fall and winter merchandise for their stocks.

Newt Wheeler of Plainview, spent Monday night in the Guy Cox home.

## New Type Legume Tried On Parmer County Farm

(Continued From Page 1)

ditions, said the county agent.

Carpenter, who lives three miles north and three east of the Oklahoma Lane school house, planted the seed at the rate of about 25 pounds per acre last August 29, and after part of the patch was watered in April, the crop was harvested last month, with the yield being very satisfactory. The Oklahoma Lane farmer said he would advise farmers to seed a little heavier, "probably thirty-five pounds per acre."

Carpenter and other interested farmers are anxious to make a comparison between this land treated with the pea legume and summer-fallowed land when a wheat crop is harvested next spring. "Results of the harvest should show just how worthwhile the project will be as a crop-stimulant," said Liner.

The county agent gave another idea for the Austrian Winter variety also. He said the peas could be planted the last time a farmer plows his grain sorghum land (irrigated), and could be turned under the next spring for a green manure crop, rather than letting them go to seed and harvesting them.

Liner explained that irrigated land, after several years of use, became packed and air-tight. "This legume restores nitrogen or humus to the soil, loosening it up for circulation again," he added. He said Carpenter reported his land to be loose and free after the crop of peas had been grown.

A comparison between pea-legumed land and summer-fallowed land for the growing of a grain sorghum crop will soon be noted, revealed the county agent, referring to an experiment being made by Bruce Parr of Friona. Parr has turned under 90 acres of the legume rather than harvesting it, and will see how the treat-

ed field will shape up against an untreated adjacent one.

## Mechanized Farms Solve World Food Problems

The present map of the United States, bristling with industrial centers and huge cities, would be an impossible dream if American farms had not kept in step with the mechanical revolution.

Without modern, efficient farm machinery to replace labor-wasting hand power, our top-heavy city population could never have developed, because it would be incapable of feeding itself.

A little more than a century ago, near-primitive farming methods made it necessary to have four persons on a farm to support one city-dweller. But today the same four can produce enough food for 18 persons in the city.

Farm mechanization is mainly responsible for this efficiency increase, says Oliver Sikes, Ford Tractor and Dearborn Farm Equipment dealer.

Sikes points out that mechanical combines, for instance, are a relatively recent refinement in farm mechanization, and that it wasn't until the mid-30's when a combine suitable in size for the majority of farms came into general use.

Most of the nation's huge wheat crop is harvested today by the small combine, he said. Some 85 percent of pull-type combines sold are in the six-foot width class, which has the same capacity at three miles per hour as a 12-foot combine running at 1½ miles per hour.

## Registered Hog Sale Will Be August 1st

Offered in the third semi-annual sale of Southwestern Swine Breeders Association will be twenty head of registered hogs. Robert Morton, Farwell school agriculture instructor and president of the organization, said early this week that bred gilts and boars of stock from Poland China, Duroc, Hampshire, and Spotted Poland China breeds would be presented for buyer's consideration at the rings.

The sale will be at the Clovis fair grounds Monday, August 1, at 1:30 p. m. (MST). Lloyd Otten, Clovis auctioneer, will cry the sale.

The auction has, in the short time established, come to be recognized by breeders from all parts of the Southwest as a commendable event for buyers and sellers of hogs.

According to Morton, four consignors will show their swine at the sale, those including Raymond Worrell & Sons, Clovis; F. T. Schlenker, Friona; Olson Bros., Floyd; and J. C. Williams, Melrose.

Morton said it would be advisable for prospective buyers to attend the sale if possible, but it would be permissible for bids to be sent to the secretary of the organization.

Secretary for Southwestern Swine Breeders Association is Raymond Worrell, Clovis. He may be contacted

for further information regarding the sale, disclosed Morton.

## Insect Infestation Not Alarming, Says Dist. Entomologist

"Insect infestation in Parmer County has not reached the stage to cause alarm," declared Guy E. Carpenter, district entomologist of the A. & M. Extension Service at Lubbock, after making a cross-country survey of the county early this week.

Carpenter, in company with County Agent Ollie Liner, examined ten fields in widely separated parts of the county and came to his conclusion. He said he had found some flea hoppers, but not in sufficient quantity to cause alarm.

He warned, however, that there were some "border line" fields where spraying may become necessary if the hoppers show any marked increase.

Speaking of aphids, or plant lice, Carpenter said he found a "fairly heavy" infestation in some fields, but went on to add there seemed to be enough natural enemies of these pests to keep them under control.

"Most fields where we found aphids, there seemed to be plenty of beneficial insects to keep pace with their development," the district entomologist observed. Lady bug beetles are the natural enemies of plant lice, he said.

Carpenter recommended the use of 3-4-40 in fields where aphids and flea hoppers are numerous. For controlling flea hoppers alone, he suggested spraying with 5 percent DDT and 75 percent sulphur.

In either case, he felt it would be wise to contact the county agent before using either of these control measures to get detailed instructions.

Several grasshopper infestation areas were found in the survey, confined for the most part to fence rows and near gardens. In checking these destructive pests, the use of chlordane as a dust or spray was recommended. Directions for the use of this preparation will be found on the bottle, Carpenter concluded.

Mr. and Mrs. J. H. Askins of Melrose, spent Sunday visiting in the home of Mr. and Mrs. W. H. Graham.

Miss Claudine Bridges has gone to Wright City, Okla., to spend a week visiting friends and relatives.

Mr. and Mrs. Guy Cox and Mrs. J. W. Mordecia, who is visiting here from El Paso, spent Sunday visiting friends in Plainview.

David Russell of this city spent the weekend with relatives and friends in Hereford.

## Ed Hardage Organizes Another String Band

Band Master Ed Hardage, who has followed many callings but whose heart has always been set on strumming catgut and acting comedian, stated the first of the week that he had organized another string band and would soon be making personal appearances.

Pee Wee Stewart, who comes here from Wichita Falls, will play first fiddle; Jess Latham, who comes here from Fort Worth, will handle the steel guitar; and Ed Nichols of Wichita Falls, will strum the bass fiddle.

Hardage said Tuesday that the band will be open for personal engagements, radio appearances and "wherever people want music for any occasion." Their first appearance will be to play for a dance at Sudan, he said.

Curtis and Vinice Barnes of Roswell, are here spending the week in the home of their sister, Mrs. Lawrence Ham.

Mrs. H. H. Potter and son, Barry, of Muleshoe, and Mrs. Jess Newton, spent Sunday visiting with their sister and daughter, Mrs. A. E. Hawkins and family, in Clovis.

Miss Doris June Sanderson of Portales and Andy Callas of Clovis were Sunday afternoon visitors in the home of Mr. and Mrs. Jim Bob Smart, in Farwell.

Mr. A. H. Witte spent the past weekend visiting relatives in Henrietta, Tex.

Miss Twila Strickland of Lubbock, spent the past weekend visiting in the home of her parents, Mr. and Mrs. Ralph Humble

Dr. Jack Dunn departed Tuesday for Memphis, Tenn., where he will be connected with the Naval Hospital in that city. He had been spending a few days at Clovis visiting in the home of his parents, Mr. and Mrs. Jack Dunn.

Les Means spent the past weekend in Carlsbad, New Mexico. He toured the famed Caverns while there.

Mr. and Mrs. D. W. Bagley, who sold their properties here only recently to the Helton Brothers, have set up temporary residence in Clovis after roaming around a few months in a trailer house. They have disposed of the trailer, but plans for the future are not definite, they say.

Sam Aldridge, local attorney, was attending legal business in Carrizozo, N. M., last week.
