

Although I have received many words of encouragement and endorsements of building one or more dams in Parmer County for the purpose of retaining our run-off flood waters, here is the first letter I have had endorsing the idea. It comes from Ted Bewley, long-time farmer-resident of the Lazbuddy community. Ted has lived here long enough to witness many seasons, when thousands of acre-feet of water went tumbling down the two draws that criss-cross this county from the northwest to the southeast.

So far as I know, Bewley is the first man to take any definite steps, in late years, of investigating the possibilities of erecting these dams. He has written state representative Jesse Osborne to ascertain whether or not water privileges, along Running Water and Frio Draws, have been granted to any other organization or city.

Bewley mentions Matt Jesko and Bill Shirley as favoring the project, and when we can get a sizable group of such men organized into a workable team in the county, something is going to happen. Lots of local ground-work and leg-work are going to be necessary before any movement can be launched and it is such men as Bewley, Jesko and Shirley that will be needed.

Here is what Bewley has to say:
Dear Friend Hop:

I noticed in your writing in your paper of Feb. 12th that we should get the water rights for a dam on the draw going through this county.

I wish to thank you for that. I have had that in mind for several months and haven't had time to see many people, but those I have talked to are all for it.

I was talking to Matt Jesko about a month ago and he sure is strong for it, and I talked to Bill Shirley and several others and they are all for it.

I have written Jess Osborn about it to see if Lubbock or any other town is ahead of us.

If we can get the water right now, we can talk it up to the people and I think it can be done.

I will see you in the near future and talk it over and I know your paper and the Muleshoe and Frio papers can be a great help.

I sure thank you for being for it and I am sure most of the people will. All we need is just hard work, get-together and go.

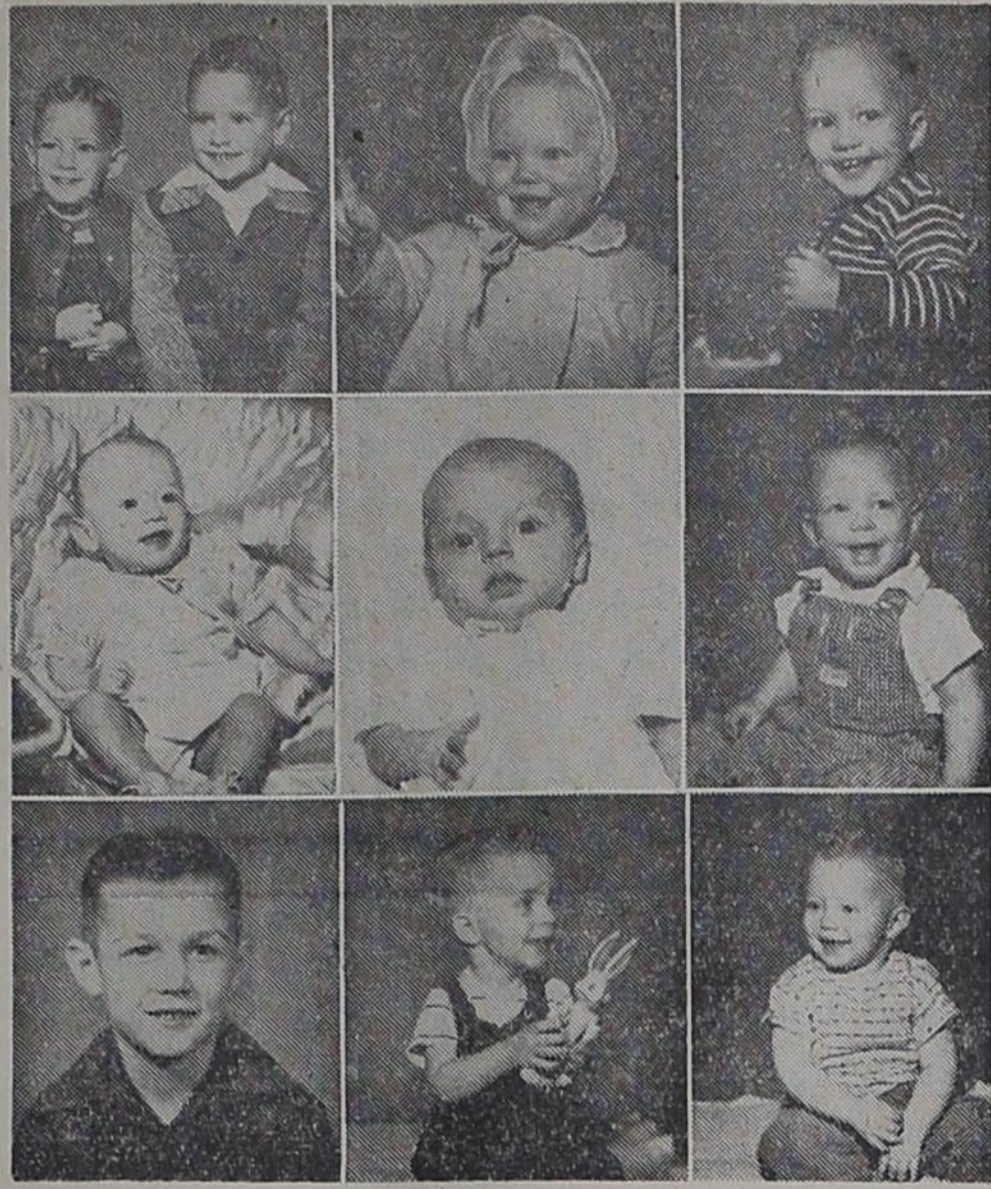

Thanking you in advance
T. W. Bewley

Naturally, the location of any water-retaining dams would be upon the recommendation of a competent engineer. It is a well-known fact that few natural reservoirs, of any size, worth considering, exist along either of these draws, which would make dam-constructing quite expensive.

As an alternative, there is the possibility of creating lakes by diverting the water from the streams into natural reservoirs. I am told that one such natural reservoir is located on the Roy Slagle ranch northwest of Frio, where a good sized lake could be created, by diverting the water from Frio Draw. Another such natural site, is located some four or five miles off highway 60 east of Farwell. This latter location might be too far removed, from Running Water Draw, as to be practical, but it is worth con-

Here're "Th' Winnahs!"

Proud mamas and papas here-about already know the good news, but for the information of our readers, here is a recount of the winners of The Tribune's child photo contest held back in November:

Galen and Byron Brewer, sons of Mr. and Mrs. Loyde Brewer, Farwell, captured first prize. Cheryl Elizabeth, daughter of Mr. and Mrs. Gilbert Kaltwasser, Farwell, won second place; and Craig Phillips, son of Mr. and Mrs. Glenn Phillips, Farwell, took third.

All children who had their pictures taken will be run in the paper, regardless of whether they won any prizes. Children not included on this page can be found on other pages of this section.

Top row, left-to-right, Galen and Byron Brewer, Cheryl Elizabeth Kaltwasser, and Craig Phillips. Second row, Cynthia Phillips, daughters of Mr. and Mrs. Glenn Phillips; Glenda Kay Kelley, daughter of Mr. and Mrs. Glenn Kelley; Bob Hasehoff Jr., son of Mr. and Mrs. Henry Hasehoff.

Bottom row, Kenneth Joe Fields, son of Rev. and Mrs. C. M. Fields; Jimmy Nunley, son of Mr. and Mrs. Jim Nunley; Douglas Lee Harriman, son of Mr. and Mrs. O. C. Harriman.

Red Cross Drive Gets Underway In Parmer County

Plans for the 1953 Red Cross Drive were completed when a meeting was held in Bovina, Tuesday night, according to Loyde Brewer, county drive chairman. Jean Fitzsimmons, field representative of the organization, was speaker for the meeting. Quota for the 1953 drive is \$1500, which is slightly over the quota for last year. Brewer states, "The quota is higher this year because the national group is raising \$7 million more to step up the blood program—to collect more blood for the armed forces in Korea and for the processing of Gamma Globulin." During the last year the county paid out \$1114.87 for three purposes; relief, disaster, and national quota. Brewer urges everyone to support the drive "because it is the only organized charity in the county."

Present for the Tuesday night meeting were: Vernon Estes, county chairman, from Bovina; Mrs. O. F. Lange and Rev. and Mrs. George Meyer, of Frio; Mr. and Mrs. F. T. Schlenker, of Rhea; Mrs. Asa Smith of Lariat, and Mrs. Harry Whitley and Loyde Brewer, of Farwell. Supplies were distributed for the drive which begins Monday, March 2. Also discussed were plans for the Bloodmobile's visit to Parmer County on June 4, at some site to be announced later.

ATTENDS MEETING

Eugene Coffman of Sikes Motor Company attended a truck dealers' meeting at Denver the first of the week. He left Sunday and attended the meeting Monday, returning home Tuesday evening. While there he saw a preview of the new model Ford trucks and pickups which will go on display March 12.

Boy's Ranch Benefit Show to Be March 20

Tickets are now on sale for the Boy's Ranch benefit show, planned Friday night March 20, at Farwell school auditorium and sponsored by Texico-Farwell Epsilon Sigma Alpha, Jeanne Graham, president, announces. The tickets may be obtained from any ESA member.

A group of boys from the ranch, which is located near Amarillo, will be here on that evening to present a show of western music, and one of the administrators will give a talk on the work at the ranch. Other details of the program are not yet complete.

Tickets will sell for 50c for adults, 25c for school-age children, and 10c for pre-school youngsters. Or everything taken in, 60 per cent of the proceeds will be given to the Boy's Ranch, Mrs. Graham states. The remaining 40 per cent will be used for philanthropic work in Texico-Farwell.

"We urge all local citizens to help us give a sizable donation to Boy's Ranch," says Mrs. Graham, "by buying tickets to the show. What could be more worthy than a system such as this, which helps to make useful citizens out of so many boys, who wouldn't otherwise have the opportunities many people take for granted."

Community Sale Called Next Week

A general community sale will be held in Farwell next week, March 10, announce Orval Francis and Col. Dick Doshier, local sales men.

"A lot of people have a lot of stuff they need to sell, and we're doing to have one big sale to dispose of it all," said Francis.

The consignment list is now being drawn up, and will be printed in The Tribune next week, along with other details concerning the sale.

Consignees are requested to turn in their listings to either Doshier or Francis or the office of The State Line Tribune this weekend, Francis commented.

Mr. and Mrs. Roy Ford have moved to Muleshoe from Hart, Texas. The Fords are former Farwell residents.

Two Children Perish In Flaming Residence

Mother Dies in Hospital after Fire, 13-Year-Old Boy in Serious Condition

The heart of an entire community ached for a Spanish-American family Wednesday, as another tragic episode in the life of Mr. and Mrs. Pete Gonzales unfolded. Gloria, 2 years old, and Julia, 2 months old, their small daughters, died in a flash fire that swept through the west side of the humble Gonzales home Wednesday morning about 11:30.

Mrs. Gonzales, "Maggie," also died from burns suffered in the fire, although she clung to life until about six o'clock last (Wednesday) night in the hospital. Lee Gonzales, a 13-year-old nephew, is described as in "very serious" condition this morning. They both were given treatment at Clovis Memorial Hospital.

The following account of the fire was pieced together from spectators:

The 13-year-old boy was entering the house with a bottle of gasoline for cleaning when he dropped the container.

The bottle smashed on the concrete floor of the home, and the gasoline ignited instantly from a wood-burning stove used to heat the home.

Mrs. Gonzales and the boy both ran outside, their clothes aflame. Mrs. Gonzales ran toward the home of her daughter, Maria, which was about two hundred feet west.

Neighbors rushed in to help smother the flaming clothes of the two people, but both were virtually roasted before any aid could be given.

The Texico Fire Department, summoned to the scene, snuffed out the inferno in the west bedroom in spite of a stiff wind. Maria, Mrs. Gonzales' daughter, rushed to the blazing home screaming "There are two babies inside there."

Firemen broke in to the bedroom after it had already been gutted. The body of Gloria, the 2-year-old daughter, was found crouched in a closet of the bedroom where she apparently had tried to escape from the searing heat. The body was charred beyond recognition.

Fire Chief Stanley Thigpen said, "She looked as though she had squatted down in there trying to get away from the fire. We looked on the bed for her, but didn't know she would be in the closet."

The 2-month-old Julia, who died a few minutes later in the hospital, was found lying in the front yard, her tiny clothes smoldering. She was at first unnoticed when the fireboys arrived at the scene.

"Two or three of us mistook her for a doll," said Thigpen. (Continued on last page, this sect.)

★ HALF A LETTER IS 'NUFF FOR HIM

Homer Martin, city clerk of Bovina, came into The Tribune office last week with an order for some city letter-heads.

"Now, dadburn it," he told the printer, "don't make those things quite so long. I never can write a letter that will fill up a page."

So, according to his instructions, the letterhead size was reduced by one-half.

Homer, it seems, gets down to brass tacks with his correspondence without any wasted time or effort.

District Court Held Here on Wednesday

Two adoption cases were heard and granted when District Court was held in Farwell Wednesday, according to Loyde Brewer, county clerk.

Also a divorce was granted to Thomas C. Hartwell and Darlene J. Hartwell.

A land title dispute was decided with the judgment in favor of the plaintiff, E. S. White.

Two men accused of burglary in and around Farwell were arraigned and plead "not guilty." Their trial will be set before a jury at a later date.

Next district court will be on March 20 when Judge E. A. Bills will be here for non-jury cases.

Commissioners Court Meets Here Monday

Parmer County Commissioner's Court met Monday for routine business, approval of minutes, and bills.

Also two reports of juries of view were approved. The first was on the petition of O. W. Rule and others, east of Bovina, and the second on the petition of Joe Magness and others in the Farwell and West Camp communities.

The petition of Gordon Massey was also approved and a Jury of View appointed, consisting of Gordon Massey, A. L. Black, Ranza Boggess, Claude Blackburn, and John Hand.

The official bond of Charles Lovelace as Parmer County tax assessor and collector was approved, also, according to Loyde Brewer, county clerk.

Mr. and Mrs. Roy Cox of Pie Town, N. M. have been guests in the home of Rev. and Mrs. A. W. Harris.

School Operetta Next Week

Operetta Profit To Pay for Robes

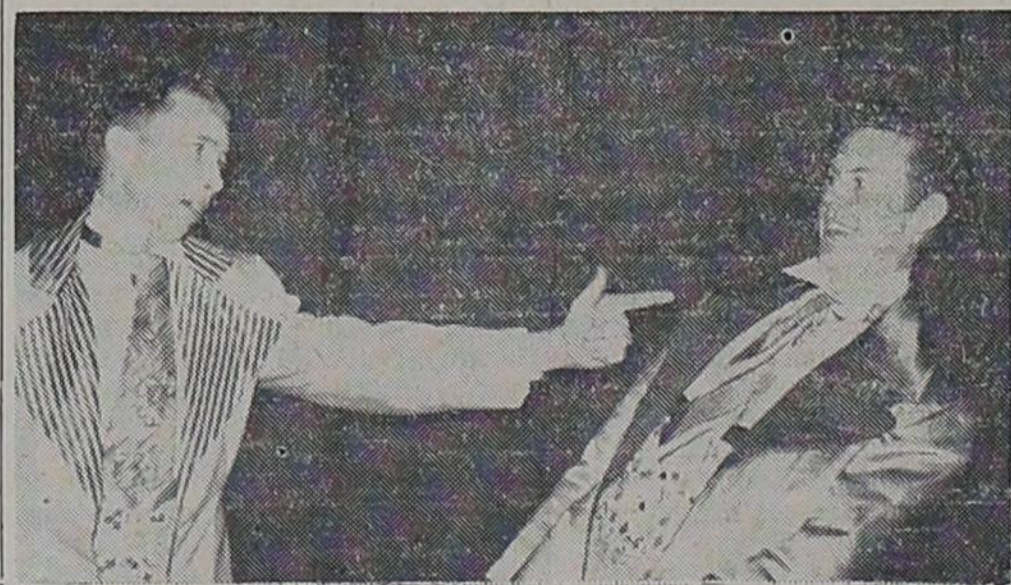

Annual operetta presented by students of Farwell high school is to be staged Friday night, March 6, in the school auditorium, under the direction of Mrs. Erma Jobs, school music director.

Title of the operetta is "An Old Kentucky Garden."

Cast includes: Stephen Foster, Lavon Jones; Jeanie, Colonel Staunton's niece, Shirley Smith; Colonel Staunton, poor but proud, Dudley Hughes; Phillip, Jeanie's fiance, Dick Felts; Joy, Phillip's fiance, Marilyn Austin;

Hannah, thrice a widow, Kayla Felts; Henry Blow, a gold prospector, Jerry Don Utsman; Richard, Jeanie's lover, Howard Jenkins; Majundahr, a magician, Ysleta Brown; Joe Buzzard, a greedy money lender, Pudge Rose; Elmira, William, Seth, Adaliza, guests, Joan Cochran, Truitt Hardage, Gerald Hardage and Darlene Sprawls; Lily and Tom, colored singers, Betty Curtis and Don Gerie; Mr. Moneyfold, Mr. Artichoke, music publishers, Frank Gulley and Philip Crume; and guests, plantation chorus, members.

"This is a sparkling operetta featuring the music of Stephen Foster. Some of the songs we know and love are 'Jeanie With the Light Brown Hair', 'Old Folks At Home', 'Come Where My Love Lies Dreaming', and 'Beautiful Dreamer'. These songs are rendered as solos, duets, quartets or by the chorus," Howard Jenkins, member of the cast, says.

WES IZZARD

Wes Izzard Featured As Banquet Speaker

Wes Izzard, well-known columnist of the Amarillo Globe-News, will be here Friday night to address attendants at the annual Farwell Chamber of Commerce banquet. In a call Tuesday night, Izzard did not reveal his topic.

Weldon Bright, music director of KGNC, will also be on hand for the banquet. He will bring his Hammond organ and furnish prelude and dinner music, which will begin when the crowd starts gathering.

Invocation will be given by a local pastor, and toastmaster is Carl Davis, vice president of the local Chamber of Commerce. Wilfred Quickel, secretary, will introduce out-of-town guests. Forty-four special invitations have been sent out, both to individuals and other Chambers of Commerce, the secretary says.

One of the CC directors will be present to give the record of achievements for the organization for the past year.

The meal will be served by Farwell band mothers in the Farwell school cafeteria. Banquet begins at 8 o'clock. Menu includes: baked ham, green beans, candied yams, salad, hot rolls, coffee, cherry pie and whipped cream.

Style Show Is Presented at Meeting

"In a regular Home Economics club meeting Wednesday, the first and second year Home Economics girls were featured in a short play," states Mrs. Jimmie Allman, club sponsor.

Wanda Griffin portrayed Mary, a girl who was a "sad-sack" and her fairy god-mother was played by Patricia Hatcher.

The six keys to popularity were: good grooming, by Jeanine Donahey; good disposition, Shirley Stover; good posture, Madge Richardson; good manners, Naomi Hapke; good health habits, Bobbie Richardson; and becoming clothes, Kathryn Curd.

The freshman girls modeled their ensembles which they had fashioned in the Home Economics class to show Mary what one could do on a limited budget.

Bessie Vaught modeled a brown skirt with a chartreuse blouse; Anita Tharp, too wore a brown skirt but chose a fushia blouse; Sue Doolittle selected a printed skirt and matched it with a chartreuse blouse; Sue Reid was darning in a red and green plaid with a white blouse which featured a matching red tie; Mary Harriman wore a purple and orchid skirt and blouse; Ruth Ann Winkles, too, selected a brown skirt and blouse; a gay yellow blouse; Peggy Halsell made her ensemble of blue printed material topped with a matching blue blouse; and D'Tanis Caldwell chose a yellow and brown checked skirt with a matching brown blouse.

Jo Sondra Magerus, club president, called the meeting to order following the program. Business discussed was an invitation to the ENMU Hospitality Day which was held on Saturday, February 21 on the campus in Portales.

Other business discussed and planned was a backwards party which took place in the Texico school auditorium Thursday night.

Roxie Horton and Phyllis Tucker were elected for the games, and Naomi Hapke was made chairman of the refreshment committee with members of the second year group assisting her.

Valentine Party For The Second Grade

"The second grade children had a grand time at their valentine party on Friday," the teacher says. Mrs. Helton led the children in playing the "hearts" game. Willie Stover and Rupert Johnson won prizes in this game. The Valentine box was then opened and everyone enjoyed the exchange of Valentines.

Refreshments of heart shaped cookies and pop were served by room mothers, Mrs. F. S. Thigpen, Mrs. C. M. Fields and Mrs. Joe Helton.

Visitors were Kathy and Sue White, Sandy Tipton, Billy Curtis, Larry Dale Martin, Betty Ann Hedges, Linda Hudson, Jimmie Jackson, Betty and Willie Caraway, and Mrs. W. S. Caraway.

First Grade Children Are Making Booklets

The first grade children are making booklets about "Our World." The first part of the booklet is devoted to pictures of the four seasons. Birds, insects, and flowers will also be included in the booklet. Stories of the seasons are being read from "Round About."

Writing stories this month have been about Valentine, Lincoln, and Washington.

Freshmen Girls Entered in Show

Freshman girls took part in the style show given by the Home Ec girls last week. Each girl modeled the skirt and blouse she had made in Home Ec.

"Members of the freshman class have been very busy this past week attending ballgames and other school functions," says class reporter, Mary Harriman.

Sixth Grade Has New Student

Richard Suggs, from Portales, New Mexico, has entered the sixth grade.

A valentine party was sponsored by the room mothers last Friday afternoon. Refreshments of punch and cookies were served. The group is making health posters featuring the seven basic foods.

Probably the safest, most effective way to reduce is to put a time clock on the refrigerator.

RANDOM THOUGHTS By Jo Sondra Magerus

Last week was Brotherhood week, and I wonder how many of us did anything about it? Were we any nicer to our other schoolmates during that week? Let's resolve to make every week brotherhood week at Texico School. By that I mean, we should get over any feelings we have that someone is "different." We must find out about him, get to know him, and discover the likeable qualities he has. Accept him as he is, and not just look for a part of him that is most like ourselves. Then we'll discover how much fun and how much like us those "different" teens really are.

Texico Schools have been buzzing all week about the wonderful performance Bobbie Richardson gave on the talent show. And, it was really hidden talent! I'm sure you won't be allowed to "hide it under a bushel" any more Bobbie, now that we've discovered what you can do!

Do you know why a woman can't keep a secret? There are two reasons: It's not worth keeping, or it's too good to keep.

Wouldn't it be nice if it took as long to spend money as it does to save it?

Surveys reveal that stenographers who chew gum are faster typists than those who do not—this just goes to prove that women are happier when working their jaws.

I would like to proposed a "Courtesy campaign" around school. Lately, it seems that every other word that comes out is sarcasm or irony. It seems that it would be just as easy to say something nice, and they say it takes fewer muscles to smile than to frown, so a smile could be thrown in without much effort.

During the next two weeks, I'm going to look for the most polite boys and girls in school, and run their names in my next column.

Speaking of being polite, when a person is polite enough to ask you how you're feeling, you should be polite enough not to bore him by telling him.

One of our speakers at Girls State put it this way, "When you've spoken to an audience for twenty minutes without striking oil, you've either got a dull bit or a dry hole, so you'd better quit BORING."

So that's just what I'll do, and say, "See ya next time."

Home Ec Girls Have Party Thursday Night

Thursday night found the boys taking lessons in date etiquette from the Home Economics girls. Opening doors for the boys, helping them with their coats, and presenting them with vegetable corsages combined for a night of fun when the girls took the boys to their party in the School Auditorium.

It was a battle all the way when the boys and girls took sides against each other, and fought for points in contests to determine who would have to display their culinary arts in making refreshments for the winners. The girls were losers in four of the five contests, so they prepared and served hot dogs, pickles, pops, and cookies to their dates.

Phyllis Tucker was in charge of the games, and the refreshments were under the supervision of Mrs. Jimmie Allman, home economics teacher.

Those attending were: Jo Sondra Magerus and Monte Jones, Esther McDaniel and Ronny Ferguson, Doris Leavell and Andre Palmateer, Bettye Bridges and Keith Scott, Roxie Henson and Paul Crooks, Phyllis Tucker and Eddie Stelman, Catherine Bell and Jimmy Moss, Aloma Palmateer and J. B. Taylor, Bobbie Richardson and Bobby Goldsmith, Naomi Hapke and Marvin Pendergrass, Shirley Stover and Bobby Pendergrass, Wanda Griffin and Jackie Doshier, Kathryn Curd and Rex Beardain, Madge Richardson and Kenneth Doolittle, D'Tanis Caldwell and Jimmy Don Moss, Sue Reid and Allen Kelley, Peggy Halsell and Kenneth Reid, Ruth Ann Winkles and Bobby Spears, Bessie Vaught and Kenneth Allred, and Mrs. Allman.

CLASS HAS PARTY

Members of the seventh grade were honored with a Valentine party, Friday 13, given by Mrs. Tharp. The party was a surprise since the members of the class were told they couldn't have a party. Those attending the party enjoyed ice cream as a refreshment.

Bobbie Richardson Captures First Place In Talent Show

A talented singer was discovered at the Texico Business Education Club Talent Show Tuesday night. Bobbie Richardson revealed her hidden talent when she sang "Frankie and Johnnie." Her rendition brought down the house, and netted her the first prize of \$10.

The Ag Band, outfitted with floppy hats, old clothes, and accompanied by a guitar and a wash-board, won the \$5 second prize, singing "Hole in the Bottom of the Sea." Members of the group were: J. B. Taylor, Marvin Pendergrass, Jimmy Don Moss, and Bobby Goldsmith.

Tommy and Jack Donham, entrants from Field, New Mexico, took home the third prize of \$2.50, for their piano and trombone duet, "Down Yonder."

Applause was timed by stop watches to determine the winners.

Master of ceremonies was Doris Leavell, and Norma Jacks and Jo Sondra Magerus assisted her in giving commercials for the imaginary sponsors of the show. Jo Sondra also gave a reading while judge's decisions were being made.

Proceeds amounted to more than \$45 and they will go to the Business Education Club for expenses when they go to Highland University in April and enter the State Commerce Club contests.

Fourth Graders Have Valentine Party

Members of the fourth grade were entertained with a Valentine Party Friday, February 13. After games were played, the children sang several songs under the direction of Miss Laing.

The many Valentines were distributed and refreshments of punch, cookies, and candy hearts were served. Special guests at the party were: Mrs. Reid, Mrs. Hatcher, Mrs. Servanteus, La Verne Harriman, Jerry Hudson, Junior Moore, and Jimmy Winegeart.

The fourth grade children have just completed a unit in history on Spanish explorers. In a contest "Who Am I?" the following students made a perfect score and received prizes: Jerry Thigpen, Margaret Hudson, Judy Adams, Patricia Patterson, and Kenneth Murdick.

Seventeen Attend Hospitality Day

Seventeen local girls and their mothers attended the sixth annual Hospitality Day on the campus of ENMU Saturday.

The day was sponsored by the Home Economics Department of the University, and was designed to show the girls what life on the campus was like, and to give them a first-hand look at the various departments in which they were interested.

Entertainment for the group included: a one-act play, luncheon in the cafeteria, a tour of the campus, a musical program, and a tea.

Over two hundred girls attended the day from various parts of the state.

Members of the Texico Home Economics Club who attended were: Jo Sondra Magerus, Bettye Bridges, Anita Brown, Naomi Hapke, Bobbie Richardson, Wanda Griffin, Catherine Bell, Aloma Palmateer, Doris Leavell, Mary Harriman, D'Tanis Caldwell, and Ruth Ann Winkles.

Yvonne Horton also attended, and three mothers: Mrs. Albert Magerus, Mrs. Dortha Richardson, and Mrs. W. C. Harriman.

Mrs. Jimmie Allman, instructor, was in charge of the group during the day.

Hamburger Supper Honors Ball Players

Mr. and Mrs. Charles McDaniel were hosts to the Texico Whirlwinds for a hamburger supper Friday night. Following the delicious meal the girls listened to a tape recording of the final game in the Curry County Tournament, and then went to Clovis for roller skating.

Girls present were: Phyllis Tucker, Roxie Henson, Wanda Griffin, Donna Findley, Shirley Stover, Bettye Bridges, Anita Brown, Yvonne Horton, Norma Jacks, Doris Leavell, Jo Sondra Magerus, Aloma Palmateer, Catherine Bell, and Esther McDaniel. Also present were Paul Frederick, coach of the team, Mr. and Mrs. Hugh Tucker and Barbara, and Mr. and Mrs. McDaniel, the hosts.

MAKE POSTERS

Fifth grade students have made new posters for their reading stars. They consist of red bird-houses with bluebirds, in connection with their study of birds in science.

Ola and Otha Lesly, the fifth grade twins, have moved to Abilene, Texas.

Mrs. Ansel Doolittle, has been substituting as fifth grade teacher this week in the absence of Mrs. Peyton.

Seniors Set Snappy Standards

Who are the neatest kids in school? The seniors are! Or, at least, they were for the first six-weeks period of this semester. Members of the Student Council conducted a weekly locker inspection, and

the seniors came out on top at the end of the period.

True to their word, the student council and Principal Paul Frederick paid for a picture of the class, and it appears this week.

(Note to Mothers: You see now that these students can be neat; all it takes is a reward in store for them. Maybe you could try something like that at home.)

AUNT HET

Dear Aunt Het,
I can't get a man because I'm so dumb and also I have very stiff hair. You see, I got a permanent and a poodle, but it now looks like a wire-haired terrier.
Is it true that gentlemen prefer blondes? If so, I could peroxide my hair but what can I do about my brains?
Dumb Dora

Dear Dora:
Try cutting off your head. This will solve both problems.
Aunt Het

Dear Aunt Het,
My problem is simple: I can't catch a man. Please tell me what to do.
Gruesome Gussie

Dear Gussie,
I have some suggestions: 1.

SENIOR OF THE WEEK

Steal one. 2. Set a bear trap. 3. Go out for track.
If these don't work—too bad.
Aunt Het

Dear Aunt Het,
I love a girl with all my heart, but she plays hard to get. When I take her out, she won't even hold my hand. Now, I'm no wall flower, and I have a car with a good heater and enough money to take her to the show. What shall I do?
Heart-broken Harry

Dear Harry,
Try removing the heater from your car, and have only enough gas to get you half-way home from the show. This strategy is particularly effective in sub-zero weather.

Third Graders Begin Study of Science

Third grade students have begun their study of science. They have several different books they will use in their study.

Mrs. Charie Shaw, Mrs. Homer Kelley, Mrs. Clarence Brown, Mrs. E. B. Hendrix, and Mrs. John Adams, room mothers, gave the third grade a Valentine party February 13. Several games were played and Mrs. Shaw played a magic trick for the children while she told them a story.

Refreshments of cherry pie and ice cream were served and Mrs. Patton, David's mother, sent a very pretty Valentine box filled with home-made cookies. The children enjoyed them very much.

Rice and Cherry Pie with Coconut Crust Is New Idea

This is a pie to remember! The rice and cherry filling is tinted a luscious red. The sweet and very chewy coconut crust turns a golden brown as it bakes in the oven. As a fitting halo for this rice desert, which is positively out of this world, clouds of fluffy whipped cream swirl over the rice and cherry filling.

Ingredients
2 tbs. soft butter or margarine
1, 5 oz. pkg. or can coconut (1 1/2 c.)

2 cups cooked rice
2 eggs
3/4 cup beet or cane sugar
1 1/2 cups canned cherries, drained
Red food coloring, if desired
1 cup whipping cream, chilled
1/2 teaspoon vanilla
1/4 cup beet or cane sugar

Preparing the Rice: To make 3 liberal cups of rice, put 1 cup of uncooked rice, 2 cups of cold water and 1 teaspoon of salt into a 2-quart saucepan and bring to vigorous boil. Turn the heat as low as possible. Cover saucepan with lid and leave over this low heat for 14 minutes. Turn off heat.

Do not remove lid nor stir rice while it is cooking. After rice has cooked, remove saucepan from heat—but keep the lid on until you are ready to use the rice.

Use exact measurements of rice and water and time cooking accurately.

Method: To make the coconut crust, spread butter or margarine evenly over an 8 or 9 inch pie pan. Sprinkle the coconut into the pan and press into the butter. It helps to use a moist teaspoon to press the coconut against the pan. Bake in a 350 F. oven until crisp and golden brown.

To make the rice and cherry filling, mix together the rice, eggs, sugar and cherries and cook over low heat, stirring constantly, until the mixture thickens. The egg whites make the mixture foamy, but soon cook into rice. If desired, add red food coloring. Pour the filling into the coconut crust. Cover with wax paper or aluminum foil and chill in the refrigerator.

To serve, whip the cream and fold in the vanilla and sugar. Spread over the rice and cherry filling. Recipe makes 8 servings.

Rev. A. D. Moore Reported Improved

According to a letter received here this week from Rev. A. D. Moore, former pastor of Oklahoma Lane Methodist church, he is improving. Rev. Moore suffered a stroke about three months ago and has been bedfast.

Rev. Moore's address is 2807 24th St., Lubbock, Texas for those who would like to send cards or letters.

Turning over a new leaf too often may make you lose your place completely.

Quick Flavor Tricks With Molasses

Ten-to-one your family will go for these ten ways to season foods with old-fashioned molasses. This "unsulphured" molasses contributes sweetness, because it's the concentrated juice of sugar cane, and distinctive flavor.

A tablespoon of molasses gives sweetness and an aromatic touch to grapefruit halves. If you like caramel sundaes, you'll like a "Taffy Sundae" which is a tablespoon or two of unsulphured molasses poured right from the jar over a serving of ice cream. Sweet unsulphured molasses provides a beckoning aroma to baked beans, baked acorn squash and apples. It is a syrup treat on hot cooked cereal, biscuits, pancakes. Youngsters and father will go for open-face sandwiches spread with peanut butter and topped with a tablespoon of unsulphured molasses. And in the beverage line, a tablespoon or two of molasses added to a glass of milk gives spicy flavor and needed iron in the daily diet.

Molasses Quickie Baked Beans
Combine 4 tablespoons unsulphured molasses, 1 tablespoon prepared mustard and 1/2 teaspoon salt. Add alternately with 4 cans baked beans to bean pot. Bake in a moderate oven (350° F.) 45 minutes. YIELD: 8-12 servings.

Molasses Acorn Squash
Halve acorn squash; remove seeds. Place in baking pan. Fill each half with 2 tablespoons unsulphured molasses, 1 tablespoon butter or margarine and a dash of salt, and cinnamon. Cover the bottom of the baking pan with a small amount of hot water; bake in a moderate oven (350° F.) 1 hour, or until tender.

Molasses Baked Apples
Wash, core and pare apples 1/2 of the way down from stem end. Mix equal parts of unsulphured molasses and sugar; fill center of each apple. Add enough water to cover bottom of dish. Cover and bake in a moderate oven (375° F.) 30 to 40 minutes, or until tender. Serve hot or cold with cream.

Charles Laughton to Appear At WTSC

Denton, Texas—A week of concerts, art exhibitions and drama has been scheduled for North Texas State College's second annual Twentieth Century Festival of Fine Arts beginning March 20. Highlight of the week will be the appearance of Charles Laughton, renowned stage and motion picture actor, who will give his readings on March 26.

An opera and three concerts will be presented by the NTSC School of Music. The NTSC art department will sponsor an exhibition of prints, paintings and drawings by Texas artists. "The Hasty Heart", produced by the NTSC College players, will

run four nights during the festival.

TO AWARD FELLOWSHIP

Stanolind Oil and Gas Co. will award two 1953-54 fellowships at the University of Texas—one grant in geology, the other in petroleum engineering. Each offers \$1,500 plus tuition and fees.

The government has published a bulletin on "How to Treat a Black Eye." More useful would be one on how to explain it.

If you spend a dollar in your home town, you have some hope of getting it back; if you don't you just spend a dollar.

HOW MUCH COULD YOU SAVE IF YOU MADE YOUR OWN SHOVELS?

Sure, you COULD do it . . . and save cash too! The pioneers did . . . carved 'em out of oak with an adze. Made their own wooden plow-shares, spun their own cloth, and ground their own corn. But how would their homemade products compare with modern factory processed ones? In Values? In utility? In quality?

WHY WORK HARD AND WASTE VALUABLE TIME MIXING YOUR OWN FEEDS?

Sure you CAN do it . . . and lose money, too! Pioneers had to . . . but not YOU. And what do you get for all your work, time and trouble when through. How do homemade feeds compare with modern factory processed feeds? In value? In efficiency? In quality?

Homemade shovels, homemade cloth, and homemade feeds are as out of date as watermills . . . have no economic place in modern agriculture . . .

FOR CONTROLLED, SCIENTIFICALLY BALANCED FEEDS WHICH WILL GIVE YOU SATISFACTORY, ECONOMICAL RESULTS

Unless you are rich enough to throw away your money . . . feeding straight grain is too expensive. JUST ONE MORE REASON WHY SWINE AND POULTRY PRODUCTION SHOULD BE INCREASED IN THIS AREA . . .

We have El Rancho Hog Supplement (Meal or Pellets) if you want to follow a grain-supplement program — or if you want the total feed in one bag — We have El Rancho Complete Hog Feed (meal or cubes). Incidentally, a few experiments are beginning to prove that the old theory that a hog is smart enough to choose the proper nutrients to balance his diet is not always true — that hogs on a well-balanced complete feed gain faster. Those present were: Mesdames Seale, Schlueter, Day, Cox, Poteet, Brown, Whitley, and Nathan Harding.

Local Women Attend D.A.R. Meet Recently

Mrs. A. D. Smith, Mrs. Fred E. Kepley, and Dr. Mary Leone McNeff attended a meeting of the Zia Chapter of the American Colonists last week.

Mrs. R. B. Allen and Mrs. C. C. Compton served a delicious luncheon to the twelve members and guests, and a business session was conducted following it.

Dr. Mary Leone McNeff was among three delegates elected to go to the State conference in Albuquerque, on March 4.

Next meeting for the chapter will be in Farwell with the three local women as hostesses.

Jo Sondra Magerus was chosen as D.A.R. Pilgrim for Texico High School, and took an examination in good citizenship in Clovis Saturday morning. The Pilgrim chosen as State Pilgrim will receive a \$100 bond by the Daughters of the American Revolution, and all who take the test will receive certificates showing that they represented their schools.

Husbands Feted With Valentine Dinner

Oklahoma Lane WSCS honored their husbands with a steak dinner recently using the Valentine motif. The table was centered with red carnations and white plastic foam hearts.

After dinner was served, welcome was given by Mrs. Sam Billingsley, who served as mistress of ceremonies. Devotional on "Love" was given by Mrs. Melvin Sudderth. Games were led by Mrs. B. J. Foster and Mrs. James Roach.

Officers of the WSCS were introduced, and following a song, the group was dismissed by Rev. Vernon Willard, pastor.

STUDENTS VISIT HERE FROM ALBUQUERQUE

Carmen Roth and Wayne Tucker, both students at New Mexico University in Albuquerque, were here over the weekend to visit in the home of their parents. She is the daughter of Mrs. T. E. Roth and he is the son of the Hugh Tuckers.

Article Features Gervadine Hughes

Gervadine Hughes, home economics graduate of Eastern New Mexico University, "practices what she teaches," according to an article published in the February issue of the Journal of Home Economics.

The combination career—home-making and teaching—of Mrs. Hughes, vocational homemaking teacher in the Elida high school, was described by Miss Maria S. Friesen, assistant professor in home economics at ENMU, in the journal, published by the American Home Economics Association.

Mrs. Hughes, daughter of Mr. and Mrs. Agrie Jones, Texico, became a home economist because of an old pair of her father's trousers the article maintains. In eighth-grade homemaking, she made the trousers into an attractive skirt.

A much more ambitious sewing project that she undertook while studying at the university was the making of her formal bridal gown in a clothing design and construction laboratory.

Mrs. Hughes believes that her training gives her an opportunity for many different kinds of jobs—in administration, teaching, research, writing, government, and business.

To be an effective homemaker, the Elida teacher believes she must play the role of "a good business manager and efficiency expert, a competent nurse, a dietitian, a good cook, a fascinating story teller, a playground director, an alert conversationalist, and a responsible citizen."

Woman's Club Meets In Roberts Home

Texico-Farwell Woman's Club met in the home of Mrs. M. C. Roberts, Monday evening.

The meeting was opened by Mrs. Roberts, the president, and several projects were discussed to be brought before the members at the next meeting.

During the social hour, the hostess served ice-box dessert and coffee.

Next meeting will be in the home of Mrs. D. W. Bagley in Farwell, on March 16, beginning at 8 p.m. Mrs. Roberts says, "All members are urged to be present."

Mrs. Graham Surprised With Gift From ESA

Mrs. Sonny Graham, president of Epsilon Sigma Alpha, was surprised with a special pink and blue gift, when members of the sorority met at her home for a monthly social meeting Monday evening.

Members first met at the Graham home and went from there to the El Monterrey in Clovis for a Mexican supper. Upon their return, Mrs. Graham opened the door to her home and found a Bathinette set up in the living room, as a gift from the members of ESA.

Julia Symcox was in charge of the program for the evening, and discussed "Hobbies." The stamp collection of Rosa Roberts, educational director of ESA, was shown; and each member answered roll call by telling her hobby.

A short business session was held to outline plans for the coming Boy's Ranch show, to be sponsored by ESA. Other business was catalogued until the next meeting to be March 9, in the home of Dardanella Helton.

Attending the meeting Monday were: Wynema Cochran, Rosa Roberts, Dorothy Quickel, Gladys Kaltwasser, Julia Symcox, Sylvia Watkins, Dardanella Helton, Nell Walling, Iris Thornton, Gloria Miller, Margie Crooks, Liz Kaltwasser, Wilma Liner and the hostess. Coffee, cookies, candies and nuts were served.

NEW, IMPROVED TELEPHONE SERVICE Begins Saturday at Midnight!

A new, larger dial telephone system—bringing greater convenience to Texico and Farwell—will go into service a few seconds after midnight Saturday. At that time, current will begin to flow into the banks of dial switches recently installed in our new building. Almost simultaneously, cables leading to the old dial equipment will be cut.

In the space of a few dramatic moments, these things will happen . . .

- LONG DISTANCE CHARGES on calls to Clovis will be eliminated.
- 6,500 MORE TELEPHONES — all those in Clovis — will be added to the number you may dial direct and without the assistance of the operator.
- EVERY TELEPHONE in Texico and Farwell will have a new number.

- MANY NEW CONVENIENCES will be introduced. These include two-party business and residence service; the elimination of rings other than your own on four-party lines; and "companion service" for businesses having more than one number. The new system—which will permit more telephones to be installed as the Twin Cities grow — will be more flexible, allowing most customers to move within the community and take their telephone numbers right along with them.

Here's how the change will affect your service . . .

- After midnight Saturday, remove the old number plate from the center of the dial to reveal your new number.
- Five pulls of the dial will be necessary on all calls within Texico and Farwell.
- To call Clovis telephones, first dial "4"—then dial the Clovis number you wish to reach.
- Remember these numbers for special services: For long distance and operator assistance—dial "O" (operator).

- For information—dial 4-113.
- For time of day—dial 4-3401.
- To report a telephone out of order—dial 4-114.
- All new telephone numbers are listed in the new directory now being delivered. Be sure to refer to it on all calls after midnight Saturday and remember to change any personal number lists you may be using.

Your next telephone bill will reflect new charges, adjusted in line with the greater services offered under the new system. The total amount of money received by the company for service under the new rates will be no more than would be received for local service and toll charges on calls to Clovis. And with the introduction of toll-free calling to Clovis, we expect the number of such calls to double or even triple. This means greater value at little or no extra cost to the average subscriber.

How To Have a Glamorous Bedroom

High style glamour in a bedroom dramatized by a bold, block plaid spread and coordinated draperies.

"How can I make my bedroom look like those lovely color pictures I see in magazines?" ask many homemakers. Those handsome bedrooms you admire in color pages or in store displays do have a professional touch. It's really a decorating know-how that the amateur can easily learn, says the Cannon Homemaking Institute. Here's one secret: professional decorators often give dramatic emphasis to bedrooms by using an important and distinctive spread. The bed is usually the largest covered surface, so it's the first to attract the eye. By using a brilliant color or a bold, arresting pattern in bedspread and window draperies, decorators immediately create dramatic focus in the room. The rest of the furnishings are

then planned to coordinate with this major center of interest. Today, you can find ready-made bedspreads and draperies designed by interior decorators and stylists. They're made in dramatic colors and styles that suit every type of decor. They enable even inexperienced homemakers to achieve that professional decorator touch. Glamour in decorating is not necessarily a question of expensive furnishings. What you really admire in the pictures you see is a combination of good taste, courageous selection, and originality. Homemakers often start out ambitiously in decorating, but become timid in their choice of color or of pattern. Remember, it takes courage to use color and design boldly.

Nope, Not Lazy

We're not sure such reactions have occurred, but if there is anyone who is prone to think we're neglecting this new column, let us hasten to assure you we had not forgotten it.

Several things have been responsible for Hither, Thither & Yon not making the grade the past two weeks. The first is that installation of a Cottrell printing press has demanded every minute of time available from the entire shop crew, including the writer of this column.

However, each week we managed to find time to hammer out a few words. The real reason Hither didn't find its way into type was

because of that old journalism bugaboo—tight papers.

A "tight" paper is one which is so filled with advertising and absolute essential news that everything that might be regarded as secondary has little chance of getting into print.

Such has been the case these past two weeks, and perhaps such will be the case again from time to time. We just can't help it if the society editor deems her stories more newsworthy than our editorial content and directs us to the "dead" table on press day. Perhaps the day will come when we can have a column that offers some real news competition.

Hire 'n Fire Problems

So you think that the solution to the Korean stalemate is the most difficult problem before the new administration? Perhaps it is the most important one, but it is likely not the most difficult.

The toughest problem, the one with which our Republican administration is going to have the roughest sledding with, is finding a way of carrying out its pre-election promise to re-organize the federal government on a basis of economy and efficiency.

Far Eastern communists have already felt the stiffening hand of a new "get tough" policy. Likewise, central Europe, which has been dragging its heels in a rearmament program ever since the North Atlantic Treaty organization was set up, is taking notice of threats to help get off the United States payroll.

Will the same line of thought perpetrate the federal bureaucracy here at home which so badly needs re-alignment. We are hopeful, but we aren't expecting great things very soon.

It's just like comparing a small town grocery man to a big-city super market. The super market can demand cash when it needs it because it does not know its clientele personally.

The individual groceryman has a tough time indeed refusing to let an individual buy a sack of flour and a slab of bacon on credit because he is personally acquainted with the customer.

That is exactly why it is going

to be difficult to shake from the federal payrolls the under-secretaries, the assistant-assistants, and the experts advisers. Ever try to kick a hog away from a trough of milk once he got his nose in it?

Quoting from the Texas Star Journal, here is the situation with which the new administration is faced:

In the vast morass of federal activities there are 12 departments, 9 agencies, 19 commissions, 23 administrations, 21 types of corporations, 594 offices of this, that and the other, 125 services for, 110 bureaus, 645 divisions, 25 branches, 416 miscellaneous missions, colleges, commands, authorities, projects, systems, etc.

"There are offices under bureaus, and bureaus under offices. There are secretaries who are heads of departments and secretaries who are under secretaries, and undersecretaries, and assistant secretaries, and secretaries to secretaries, and just plain secretaries. Also, there are a lot of stenographers and typists."

How would you like to streamline out this mess? Chances are, you wouldn't. That's why we think it's a wise move for the administration to appoint cabinet members which have had considerable experience with big business.

The federal government is the biggest business of all. The men who are most likely to be able to streamline its multi-functions are men who have had experience in similar fields.

Another Blast from the Sandhills

Southwest of Texico-Farwell, in a wind-swept, sage-covered setting resides an outspoken old gent by the name of K. K. Runnels. The habit of speaking his mind without hesitation has earned him the title, "The Sage of the Sandhills."

To those persons who know him he scarcely needs a second introduction. His sharp-featured face, his manner of speaking, his seemingly inexhaustible supply of pioneer tales are not quickly forgotten.

Here is his latest communique, the text of which will need little explanation.

The below article as written and signed my me—K. K. Runnels; is for publication in the State Line Tribune; and I hereby assume all responsibility and will pay for publication, upon

presentation of bill; either by mail or otherwise:

I absolutely, condemn; from the top of my head to the bottom of my feet; with all my soul, life, heart, and being; the "New Revised Standard Version Of The Bible."

I see it, as a modernist, socialist, belly-crawling, venomous, forked-tongued, communist, rattlesnake; covering-up, its tracks as it goes; but all-the-time carrying, its hidden, venomous, poison; to bite, poison, and kill; everyone, who opposes it, or crosses its pathway.

I need no "New Revised Standard Version"; of George Washington as our first president, nor Abraham Lincoln, as "Our Railsplitting President."

Our, original Bible, as spoken-and-written, by the "Inspired

Apostles"; is good enough for me to live by, and die by.

Prodigal Son Series At Methodist Church

Rev. Miller H. Stroup, pastor of The Hamlin Memorial Methodist Church will preach a series of three sermons on, "The Prodigal Son," during the first three Sunday mornings in March. The individual titles will be: March 1st "Don't Fence Me In;" March 8th, "The Forgotten Prodigal"; and March 15th "The Kiss of God."

These three sermons will be followed by a motion picture on, "The Story of the Prodigal Son," at the Family Night Supper on March 16th.

The Sunday School hour at the Methodist church is 10 a.m. The Junior-Intermediate Methodist Youth Fellowship meets at 6:30 p.m. and The Senior Methodist Youth Fellowship meets at 7:30 p.m.

The regular weekly choir rehearsal is on Wednesday at 8 p.m. Wesley Sunday School class will meet at the home of Mrs. Ralph Humble on Wednesday, March 4th at 3 p.m. Mrs. E. E. Booth will be the assisting hostess. Mrs. Jess Newton will have charge of the lesson.

Parmer Will Have Queen Representatives

Raymond Euler, service representative of the Farm Bureau, today announces that the county will have an entry in the State Farm Bureau Queen Contest.

Each community will enter a queen, says Euler, and one will

be selected at a county-wide meeting to represent the county in district competition.

Entrants will be judged on appearance, poise, and personality. One girl from each district will compete at the state convention in Mineral Wells in November, and the state winner will be given \$500 to pay expenses for herself and a matron escort to the national convention in Chicago in December.

Rules for eligibility are: a girl must be a daughter or sister of a Farm Bureau member, single, sixteen years of age by Sept. 1, 1953. Daughters of state directors, employees, county officers, and county directors are not eligible to enter this contest.

R. E. Curd Services Held Past Saturday

Funeral services were held Saturday afternoon for Robert Ernest Curd, 82, Curry County pioneer, from Charles V. Steed Memorial Chapel. Rev. C. M. Fields, pastor of Texico-Farwell Baptist church officiated.

Curd passed away Friday after a lengthy illness.

The pioneer lived from 1915 until 1944 in Texico where he operated a furniture-hardware store. He moved to Clovis in 1944.

Survivors include three daughters, a son; a daughter-in-law, Mrs. Mary Curd of Texico; three sisters, 17 grandchildren and 15 great-grandchildren.

Interment was in Texico cemetery. Pallbearers included A. L. Allison, R. C. Skeen, Buell Jennings, Truman Doolittle, Edward Engram and Russell Johnson.

Lions Club Plans Meeting Tuesday

Lion's club will meet Tuesday night at 7:45 at the Legion hall for a regular session, it has been announced.

At the last meeting, two men from the Soil Conservation office presented talks on erosion and farming practices. Olan Schlueter gave a report on the Soil Conservation convention in Omaha, Nebraska, which he attended. About 20 men attended.

The local Lions presented the newly-organized Bovina group with a speaker's stand. They are also getting road signs with the Lion emblem to be placed on three highways around Texico-Farwell.

Robert "Prof" Morton and John Adams prepared the meal consisting of stew, hot rolls, pie and coffee.

Car Is Demolished In Accident Saturday

Mr. and Mrs. Johnnie Williams escaped with only cuts and bruises when their car overturned 15 miles out of Las Cruces, N. M. Saturday night.

The Williams report that they were only traveling about 45 miles per hour, when they failed to take a sharp curve, hit a culbert, and overturned. The car was totally demolished.

We don't know how fast our automobile will run. Neither do we know how far we can lean out of a ten-story window.

359 Signed in Local Farm Bureau Drive

Three hundred and fifty nine were signed up during the Parmer County Farm Bureau membership drive last week, which brings the total up to 670 members in the county. Seventy of those who enrolled had never been members of the organization, and the remainder were those who had formerly been members, but weren't at the present time.

About sixty were present for the victory meeting which concluded the drive and was held at Friona Monday night. Guest speaker for the affair was Dr. S. M. Kennedy, professor of Government at Lubbock Technological College. In his talk he compared the American system of government with that of other na-

tions, and established in the minds of his listeners the fact that the United States system is best.

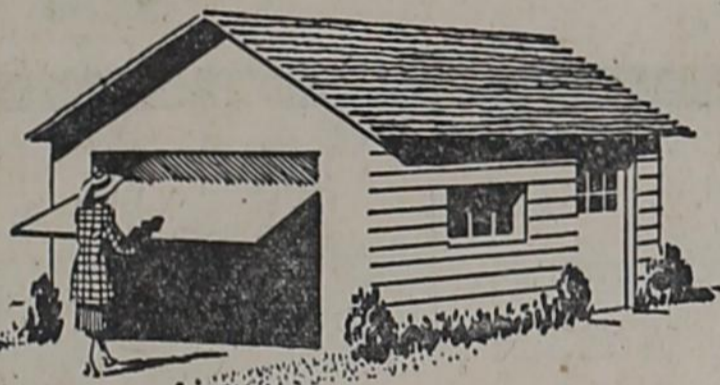

Bruce Parr was toastmaster for the evening, and Hadley Reeve introduced the speaker.

Prizes were awarded to teams who enlisted the largest number, in the membership drive. Aubrey Ellison and Archie McCutcheon were given hats for enrolling 42 members, and Mr. and Mrs. E. Lovett of Friona ran a close second, with 40. They received a billfold and a cash prize of \$7.50. Roy Miller and Louis Welch were third with 27 members and received anti-freeze as their gift.

Refreshments of sandwiches, hot chocolate, and pie were served to the attendants.

Raymond Euler, service representative for the organization, announces that a regular meeting of the directors will be held Monday night at the Bovina Agriculture Building.

McLaughlin Reports Four Cancer Deaths

J. Edd McLaughlin of Ralls, bank executive and South Plains civic leader, has been named to serve again as Lay Director for District 3-South of the Texas Division, American Cancer Society, which includes this area.

His selection was announced by Travis T. Wallace of Dallas, president of the Texas Division of the Society.

McLaughlin will continue the leadership of the April Cancer Crusade in the 18 counties surrounding Ralls comprising District 3-South. His appointment is also for year-round direction of ACS activity in this area, working with Dr. Frank B. Malone of Lubbock, district medical director.

Commenting on the organizational work to be done before the Cancer Crusade begins April 1, McLaughlin said the greatest single need is more people who are willing to give time and effort to ACS activities.

"Organization is the 1953 challenge of our Society," he said. "We must enlist more people to solicit funds and carry on the educational and service work that can save lives."

In 1951, the last year figures are available, 8,405 Texas citizens died of cancer. In the counties of our own district, 234 persons died of the disease. We must do more than we have in the past to reduce these appalling totals," he added.

Mr. McLaughlin urged persons wishing to volunteer their services to contact the American Cancer Society committee in their county. Where vacancies exist, appointment of additional committee members will be made shortly, he said.

McLaughlin listed four deaths in Parmer County in 1951 from cancer.

Food Sense—Not Nonsense

NOT SO FAST—Take Time To Breakfast

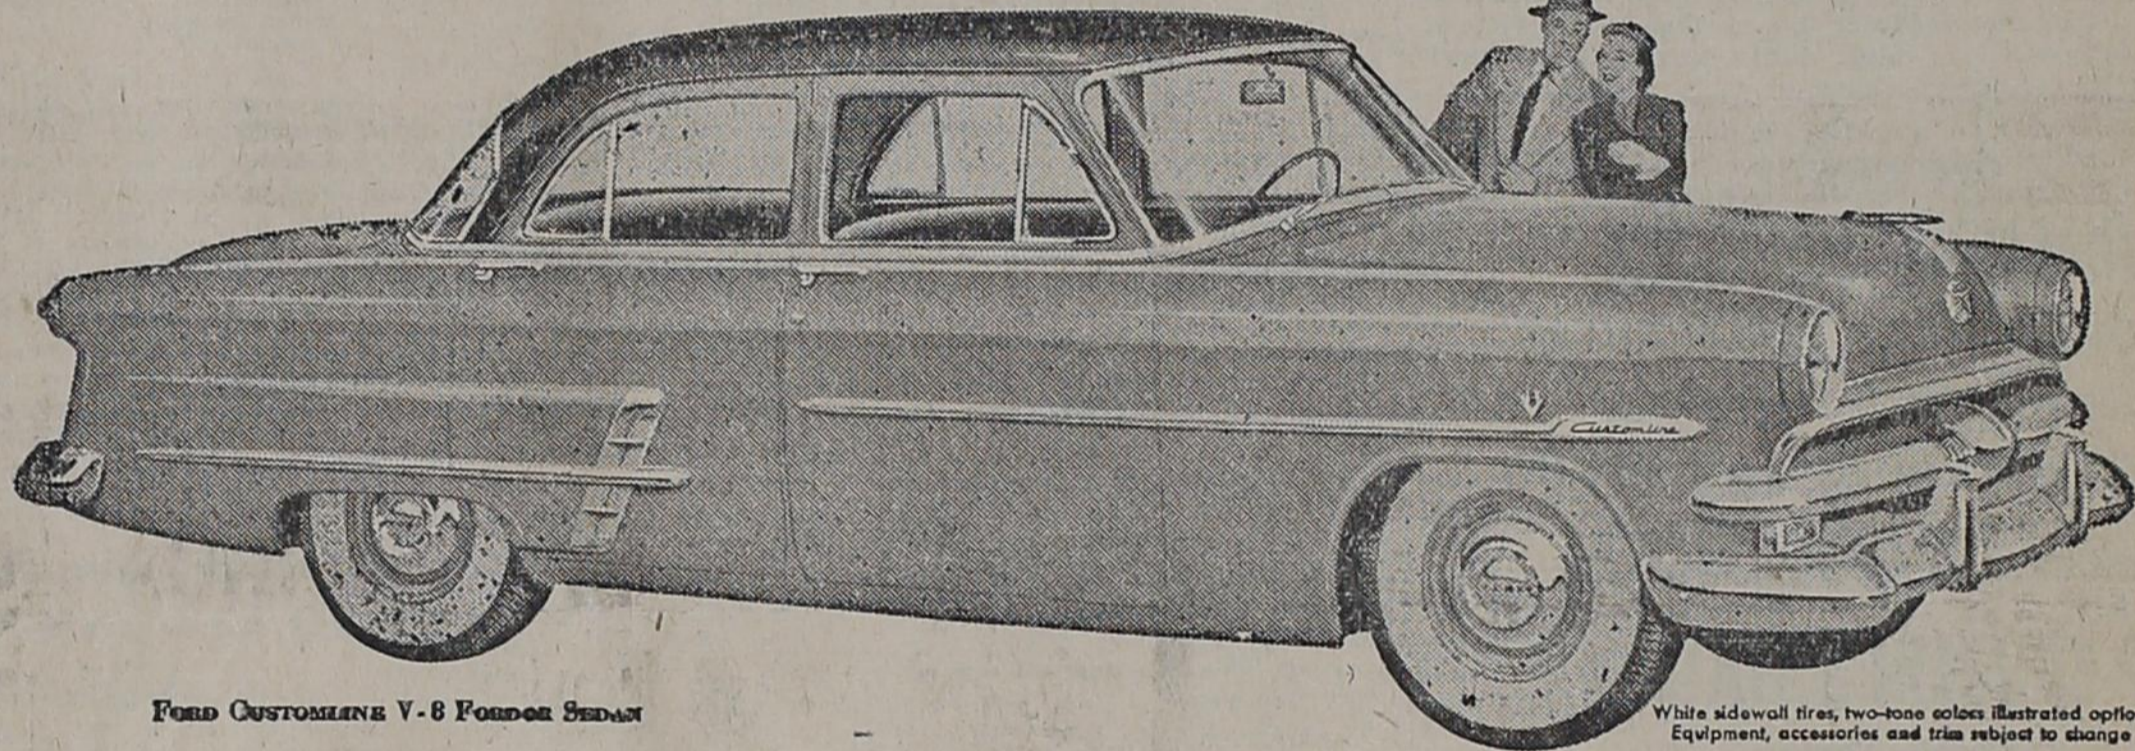

No pilot would think of taking a plane off the ground without a motor warm-up and a fuel check, yet many folks take off for the day from a cold start, and, no food to fuel their operations.

That mid-morning slump which comes to those who hurry through a meager meal or skip it entirely is very real. School children are less alert. Workers react more slowly. Starting the day without a good breakfast isn't being fair to yourself.

Why not get into the breakfast habit when it is easiest to do. Cold, blustery days are with us and you and your children need more food to help keep you warm and comfortable. Being out-of-doors in cold weather for any length of time demands extra energy. Medical authorities advise that for each 10 degree drop in temperature, persons who will be out in the cold should step up their calories by about three per cent or a total of about 10 per cent when freezing weather arrives.

Instead of doing things by halves nutritionally, get one-third of your food needs when you need them most—at breakfast. The idea of eating one large meal in the evening won't do for the life most of us live. We are not lions who can gorge, then sleep away the day to wear off the effects. All of us need a steady flow of energy, eight hours a day. Only three well-balanced meals eaten regularly will give us this energy flow.

Here is a breakfast menu for a good warm-up on a wind-whistling day . . . fruit, cereal and milk, egg and a breakfast meat, and several slices of piping-hot buttered toast.

Texico Takes Second Place In Tournament

Texico girls brought home a second-place trophy from the House invitation basketball tournament, staged Monday and Tuesday.

In their first game, Monday afternoon, the Whirlwinds took an easy 28-14 win over the Grady girls. McDaniel was high point with 11 points, and Tucker was close behind her with 10. The game was never close, and such a wide margin was gained that all the substitutes got to play during the second half.

In their second game, Monday night, the Texico lasses met a tougher opponent, but won over the Forrest Pirates 45-35. McDaniel hit the peak of the year for scoring honors when she racked up 31 points for the locals.

In the final game, Tuesday night, the Whirlwinds met the House Cowgirls and were defeated 44-24.

This winds up the basketball season for the Whirlwinds and volleyball will get into full swing during the coming week.

Texico Plays Trojans Today in Tournament

Texico's Wolverines, who are seeded fourth in the District VI Tournament, were scheduled to play Ranchvale's Trojans at 4:30 p.m. (CST) this afternoon (Thursday).

Winner of this game will meet the winner of the Clovis-Causey game at 8:00 p.m. Friday night. Finals will be at 10:00 p.m. Saturday night.

Other teams participating in the tourney are: Portales, Dora, Rogers and Elida.

HAVE GOOD CROWDS

Rev. C. M. Fields, pastor of Texico-Farwell Baptist church, reports 228 in Sunday School the past Sunday, 130 in Training Union that evening, and good crowds in both preaching services.

Texico Cage Teams Split Weekend Games

Texico Wolverines and junior high teams split wins in four games played last weekend. The Wolves went to Rogers on Friday night, and were defeated 44-32, while the junior team won their game. Arlye Crooks was high for Texico, making 12 points, and Theford made 15 for Rogers.

Saturday night, the Elida Tigers met the Wolverines on the Texico court, and defeated them 43-35. Arlye Crooks again led scoring for Texico by racking up 14 points, and Rogers was high for Elida with 11.

The junior high team lost the preliminary game to Elida, 36-17. McDaniel was high for the locals with 8 points, and Moore was Elida's best scorer, also with 8.

These two games mark the end of season play for the Wolverines, and after the district tournament, they will begin working out for track.

HONOR ROLL RELEASED

Paul Frederick, principal, released the following honor roll for the fourth six weeks:

Seventh Grade: Karen Brehm, Johnny Mack Brown, Audrey Hapke, Geneva Harriman, Gloria Johnson, Jerry King, Bobby Patterson, and Garlene Seal.

Eighth Grade: Alex Brown, Betty Crawley, Carolyn Curd, Mikala Faville, Doris Harriman, Ruby Lois Lesley, Susan Levins, Dick Lockhart, Verlene Thigpen.

Ninth grade: Mary Harriman, Anita Tharp, Bessie Vaught.

Tenth grade: Kathryn Curd, Donna Jean Findley, Allen Lockhart, Kenneth Reid, Bobby Richardson, Shirley Stover.

Eleventh grade: Roxie Henson and Phyllis Tucker.

Twelfth grade: Bettye Bridges, Anita Brown, Yvonne Horton, Norma Jacks, Doris Leavell, Jo Magerus, and Esther McDaniel.

Jenean Grisham was ill the past week. She has been returned home from the hospital and is recuperating nicely, according to reports.

Osborn Shows How Proposed Bill Could Affect School District Taxpayers

(Editor's note: The following article was submitted by Jesse M. Osborn, representative from the 96th District, who is attempting to keep the citizens of his district posted on important matters of legislation which may affect them.)

In order that the people of District 96 might have some better understanding of how House Bill No. 3 by Kilgore affects each individual, I am giving you the figures showing what will happen to your local taxes if the local fund assignment is raised from \$45,000,000 to \$55,000,000.

If House Bill No. 3 should be passed in its present form, it would raise teachers' salaries about 10 percent. The bill also

states, if it is adopted, that from here on the local school would have to contribute 25 percent of the entire cost of the operation under the Minimum Foundation Program.

As you know, the cost of the Minimum Foundation Program is increasing each year; therefore, if necessary for the local school to contribute 25 percent, then your local taxes would continue to rise each year, and if the teachers' pay should be increased to a minimum of \$3,000 it would require a considerably larger contribution from the local level.

The contribution from the local level for the school year 1952-53 is approximately 21 percent of the Minimum Foundation Fund.

Effect of Increase in Local Fund Assignment from \$45,000,000 to \$55,000,000

Rural Letter Carriers Withdraw From Movement

Nelson C. Smith of Farwell, president of the Texas Rural Letter Carrier's Association, said today that his group is supporting the national Association's decision to withdraw from the nationwide PAR movement.

PAR stands for Project-Adequate Roads.

Smith said the letter carriers abandoned the movement after learning that PAR is seeking development of a system of super-highways between big cities at the expense of a sound rural road program.

He also brought the proposed half-billion dollar road program now before the state legislature into the picture. This program calls for expenditure of an additional \$100,000,000 (millions) a year on Texas roads during the next five years.

"Like PAR," he said, "the road program now before our legislators apparently gives little thought to getting the Texas farmer and small town citizen out of the mud."

Both Smith and C. H. Davis of Meridan, former chairman of the TRPCA rural roads and legislative committees, said the state's rural mailmen feel that Texas should hold off on an all-out road program during the present period of extreme inflation.

"The time is coming," David declared, "when Texans can get full value from their road dollars. We feel that our legislators should wait until this time before committing the state to an additional \$100,000,000-a-year road program which is dedicated principally to construction of super highways between big cities."

Smith said the rural mailman's feeling about the state's road needs are best set out in a resolution adopted by the association's executive board last September. The resolution, in part, reads:

"In as much as our road dollar is worth only about 43c, and in as much as our state is and will continue to be an agricultural state for many years to come.

"Therefore, be it resolved: That until economic conditions are more stabilized, we recommend that our primary system of highways be preserved and protected as it is, and that we concentrate our efforts on expanding our present rural roads program."

"In Love With a Wonderful Gal". That's the tune your husband will hum when you serve extra good meals for less money. Follow these tips to cut down the high cost of eating.

• Check grocery ads for items at special low prices. Do this each week just before you go shopping for the week's food supply.

• Read labels on cans and on packages of frozen foods to see exactly how much edible food you are getting.

• Buy fruits and vegetables that are plentiful — usually they cost less. Citrus fruits are often a good buy at this season.

• Plan menus around the lower priced meats and fish. Lean ground beef is generally a good buy because it has no waste and can be extended with so many other foods such as spaghetti and noodles.

Cost-Wise and Taste-Wise, meat rolls are a wonderful supper dish for wintertime. Serve them in a creamy mushroom sauce for irresistible flavor.

Baked Beef Rolls with Mushroom Sauce

1/4 chopped onion
1 tablespoon
2 cups ground cooked beef
2 cups prepared biscuit mix

1 1/4 cups milk
2 cans (2 1/2 cups) condensed cream of mushroom soup

Cook onion until slightly brown in shortening; add cooked ground beef and 1/4 cup soup; set aside. Combine biscuit mix and 1/2 cup milk. Roll biscuit dough in an oblong piece about 1/4 inch thick. Spread dough with meat filling; roll up lengthwise like a jelly roll. Cut into six 1 1/2-inch thick slices; place on a greased baking sheet or pan and bake in a hot oven (400° F.) for 15 to 20 minutes or until brown. Meanwhile, combine remaining soup and milk; heat well. Pour over beef pinwheels. Makes 6 servings.

Texico Senior Play Set for March 20

March 20th is the date set for the Texico senior play, "They Gave Him a Co-Ed," according to Paul Frederick and Mrs. Agrie Jones, class sponsors.

The production, a comedy of college life and youth, is by John Nash and will include the following characters: Dean Brown, a farm boy from the state of Maine; Robert Tucker; Gary Blaine a peaceful youngster of twenty; James King; Dal Thomas, president of the junior class; Earl McDaniel; Chuck Rhoades, president of the Donta Carra Rappas, Ronny Ferguson; Herb Grant, president of the Athletic Club; Keith Scott or Kenneth Allred; Gloria Manson, a lonely young heiress; Doris Leavell; Una Scanlon, a "feudin'" young woman; Jo Sondra Magerus; Margie Thornhill, interested in Dal, Norma Jacks; Emily Wayne, likes Chuck pretty well; Bettye Bridges; Iona Babson, doesn't mind Herb; Yvonne Horton; Miss Howard, registrar; Anita Brown; Beth Hanson, an attractive co-ed; Jeanine Donahay; Mabel Reese, another co-ed; Esther McDaniel; Roland Graves, a young man "just looking around"; Leon Doolittle; Charles Bradley Brown, the new Dean in person; Arlye Crooks; and The Stranger, a "historical" young man, Roger Powell.

The entire action of the play takes place in the lounge room of Cold Canyon College.

Committees for staging the production are: Programs and Publicity, Jo Magerus, Norma Jacks, and Yvonne Horton; Stage and lights, James King, Robert Tucker and Earl McDaniel; Costumes and Properties, Bettye Bridges and Doris Leavell; Sound effects, Arlye Crooks and Ronny Ferguson; Sneak Preview, Anita Brown, Esther McDaniel, and Jeanine Donahay.

Minnie Paul, employee in the PMA office, was away from work because of illness one day last week.

CONVENTION PLANNED

There will be a joint singing convention composed of the Assembly of God singing circles, at the First Assembly of God Church on the 34th Street, Lubbock, Monday night, March 16th, at 7:30. Rev. Fred Vogler, from Springfield Mo., assistant general superintendent of the general council of the Assembly of God, will be present. There also will be a male quartet from the Southwestern Bible Institute of Waxahachie, Texas.

Tommy, son of Mr. and Mrs. Jack Williams was ill the first part of the week.

Mrs. Joe Cain of Lockney was a Saturday night visitor in the R. E. Crooks home.

FIRE

How the baby got out of the house is not known, but it was speculated that the mother carried her as she rushed outside.

At first it was not thought that the baby was hurt too severely, but she was apparently weakened from a case of double pneumonia the month previous, and died at the hospital.

Pete is a maintenance man for the Santa Fe Railroad, and the family has lived in Texico for many years.

Alfonso, a son, was killed in action in Korea last year, and a baby son died last summer after contracting poliomyelitis.

Bodies of Mrs. Gonzales and of the two children are at Wolf and Roberts Funeral Home in Clovis. Funeral services have not yet been arranged.

Survivors besides the husband and father are two other children, Carlos, 6, and Sabinita, 4. The children also are survived by their grandmother, Mrs. Barbarta Hewet of Sena, N. M., and their grandfather, Antonio Cordova, Antonchico, N. M.

OPERETTA

(Cont. from first page, this sect.)

"This is a period production and will have costumes popular in the Civil War era," says Jenkins.

Chorus personnel emphasize that the chorus is in financial stress and are hoping to have a large crowd for the operetta. Advance tickets are now on sale by chorus and band students. Purchase of tickets admits patrons to both the operetta on March 6 and the annual band concert to be presented April 21. Prices are \$1 for adults and 50c for children.

HOPPERS

(Cont. from first page, this sect.)

I have had lots of comments on my "skinned elephant" story of last week. One reader said he thought it sounded like a "pink elephant story, rather than something that really happened."

Whenever you go to a hospital to visit a sick friend, be sure and load all the little kiddies in the car and take them along. Chances are that the children will not be admitted to the ward where your friend is confined. But you can always leave them in the car where they can delight themselves constantly honking the horn; thus, all the patients in the hospital will be aware of their presence and wish for their speedy departure.

Be sure to attend a public school during "Texas Public Schools Week."

PARMER COUNTY FARMERS CHOOSE THE BEST EQUIPMENT

This is the new well on the M. R. Buck farm 15 miles southeast of Friona. Technically, Mr. Buck isn't a Parmer County Farmer because he farms across the road into Castro several feet. But that doesn't mean that he hasn't made the wisest choice possible when he picked the great Byron-Jackson Pump as his equipment.

This well, just inside the Castro County line, is set on 300 feet. It was drilled to a depth of 380 feet. She's a 1000-gallon well, an eight-incher.

Byron-Jackson Pumps are unsurpassed wherever you use them. Likewise, the other high-quality lines of irrigation equipment handled by Parmer County Pump are the best you can buy, too. Pay a visit to our place right away. Let us show you equipment at its finest.

Farwell Girl Is Beauty Candidate

Mary Ruth Petree, senior student at Eastern New Mexico University, is a candidate for the honor of Silver Pack Beauty. The honor is to be given on the basis

of beauty and personality.

The queen from each class was decided in a general student election February 18, but will not be announced until the latter part of May.

The Dark Can Kill You

America's millionth traffic victim has been dead a year. Yet auto wrecks go right on changing our country crossroads into killer corners.

Where's the villain?

Some say "more cars on the road these days." Some point to "reckless youths" . . . "lax laws" . . . "drunken driving" . . . "speeding."

But something else may be more to blame for auto accidents than any of these. Darkness. Plain old darkness.

Look at one case. In a Connecticut area 182 pedestrians were killed at night in two years—179 on poorly lighted streets.

Busy traffic centers are waking up fast, lighting their death-trap streets. Salt Lake City cut night deaths 92% in one area, Grand Rapids 78%, Bridgeport 93%.

Some small communities have been first to pick up the newest in lighting equipment. Oakwood, Ohio, has the largest installation of fluorescent street lamps in the country. And there's a broad-daylight look in Lyndonville, Vermont, even late at night. Fluorescent lighting as developed by General Electric has now been extended to street lighting.

Good street lighting has been a pet project of ours for years. General Electric engineers work with local officials on other community problems, too—traffic control, water shortage, waste disposal, farm and home modernization—wherever electricity can help progress. For progress is our most important product. General Electric Company, Department 2-123, Schenectady, N. Y.

Highlights and Sidelights FROM Your State CAPITOL

Abolishing gasoline tax refunds would provide for a perpetual farm-to-market highway fund and give \$4 million a year more for schools.

Chairman E. H. Thornton Jr. of the Texas Highway Commission made that assertion as he prepared an analysis of the state's road situation for presentation to the Legislature.

Gasoline tax refunds go to those using the fuel for non-highway purposes. Last year refunds amounted to \$15,467,000 of \$120,244,000 collected. Most of the refunds go to farmers who use gasoline for farm vehicles and machines.

Thornton is asking for an additional \$100 million per year to bring Texas highways up to the highest standard and maintain them for the next 10 years.

The highway commission has a new member, former Senator Marshall Formby of Hereford, who succeeds Fred Wemple of Midland. The third member is R. J. Potts of Harlingen.

Another plan was put forward by Representative Charles Murphy of Houston, sponsor of a constitutional amendment requiring all highway user taxes to go for road building, maintenance, and policing.

Should the amendment be passed by the Legislature and ratified by the voters, the schools would lose their share of the gasoline tax revenue. They now get one-fourth of it.

Both Houses of the Legislature struggled with the highly controversial auto inspection law—the one that requires you to have that yellow sticker on the windshield of your car.

Senator Carlos Ashley of Llano typified opponents of the law who want it repealed. Ashley thinks the law is discriminatory in that it works a hardship on lower income bracket people who cannot afford extensive repairs on their cars.

Accidents, Ashley contends, are caused, not by defective automobiles primarily, but by drunk drivers and speeders.

The senator argued that poor people in his native hill country make a living hauling cedar posts in slow-moving trucks that wouldn't pass inspection in a junk yard.

"Why should they have to pass a windshield wiper inspection when they don't have windshields?" Ashley wanted to know.

Senator John Bell of Cuero, on the other hand, worked to retain the bill and modify it so that the safety sticker would not be a requisite to purchase of an automobile license.

Bell also would specify what particular parts of the card would have to be examined to get the inspection tag. Bell and others believe that the law, if retained, will cut down on highway deaths.

The chances that horse racing will return to Texas seem slight.

Representative Ed Sheridan of San Antonio introduced a bill to legalize parimutuel betting, but when the time came for a committee hearing on the measure, Sheridan said he was willing to postpone the whole thing.

Stout opposition to the bill had been gathering, and Sheridan said he wanted to "let it cool." Observers here doubted it would cool enough to let the bill pass.

The Senate made up its mind about the five-day banking bill—and killed it. The bill, which had the support of some big city banks, would have permitted the financial institutions to operate on a five-day week basis.

Opponents were banks in smaller cities, where the rural people come to do their banking and shopping mostly on Saturdays.

Senators considered the question of whether we should have a preferential presidential primary in Texas—whether we should select delegates to national nominating conventions by vote of the people rather than at state party

Quality Planting Seed Cheap Crop Insurance

Certified seed may cost slightly more than other seed but the added expense assurance of purity, higher germination and better yields at harvest time. Seed of questionable purity and germination may not be cheap at any price, says Joe Jones, Farmer County Agent.

He points out that certified seed are usually the best seed of a particular variety available. These seed come from fields that have been inspected during the growing season, have been properly handled at harvest time, cleaned, tested for purity and germination and properly stored. All this, he adds, is insurance for the farmer.

The blue tags attached to each sack of certified seed carry information that should be of interest to the buyer. The State Department of Agriculture issues the tags for use on seed that have met certain high standards of purity

conventions.

We should, said Senator Jirmy Phillips of Angelton, because "I have never seen anything go wrong with a secret election and a free ballot."

We should not, argued former Senator Joe Hill, because if delegates are elected only by the very rich or the stooges of some pressure group could ever go to a convention.

and germination. Jones suggests that farmers purchase now the seed they will need for planting this year's crops. Supplies generally are adequate but last minute shoppers may find local stocks depleted and thus forced to plant whatever seed are available.

Finally, says Jones, if the planting seed have not been chemically treated for controlling seed-borne and seedling diseases, farmers will find this practice profitable and more cheap insurance against poor stands and plant losses during the very early plant growth period. Local county agents can supply information on seed treating and variety recommendations.

Results of District Play Tallied for Bovina Cage Teams

The Bovina girls basketball team closed out their season when they lost a thrilling game to the Lazbuddy girls in their first game in the District Tournament last Thursday afternoon at Vega. In their conference play during the season, they won four and lost six. They lost two of their girls this year by graduation, Billie Ward and Bertha Owens.

In the game with Lazbuddy, it was a close and thrilling game all the way. There was never more than a few points dividing the two teams. At the end of the first quarter, Bovina led 12-10, after leading throughout that quarter. Lazbuddy held a one-point lead for a short time during the second period, but they had reached a 19-19 tie when the half ended.

Lazbuddy came back and with Hinkson scoring 12 points during the third quarter, they led as the last stanza began 30 to 27. They were able to keep their lead during the last period. They were one point ahead with less than 30 seconds, when they were charged with a foul and Smith of Bovina tossed, but failed to tie the score. The game ended with Lazbuddy leading 36-35.

Hinkson of Lazbuddy topped the scoring, tossing in 24 points while Young of Bovina tallied 19 and Smith made 11.

The Bovina Mustangs made a great showing in the tournament taking second place after winning four and losing six during the regular conference play. Since Friona had second place in the percentage standings for the regular conference play, they had to play off the second place trophy.

In their opening game of the tournament, they met Farwell on Thursday night. They defeated them 50-39. They had lost to Farwell on an overtime on the Farwell court and won on their home court during the season. Bovina led all the way, taking a ten-point lead during the second period. They led 15-9 at the end of the first quarter and 26-16 at the

half. They were leading 41-26 at the start of the last quarter and final score was 50-39.

The Bovina scoring was pretty well divided among the team. Pounds led with 15 points while Owens scored 12 and Read, 11. Dial led the Farwell scoring with 13.

In the semi-finals on Friday afternoon, Bovina won by two points over the Vega Longhorns. It was a see-saw battle with the lead changing several times. Bovina led at the end of the first quarter 11-10. Vega had taken the lead 23-20 at the half and Bovina was leading 21-28 as the final period began. Final score was 46-44.

Price of Vega was top scorer with 16 points with Sudderth leading the Bovina attack with 12.

The Mustangs met the Adrian team on Friday night in the finals. Adrian had defeated the Mustangs twice during the regular season and they continued in their winning ways. It seemed that Bovina couldn't start clicking and Adrian had little trouble winning 68-34. Adrian led all the way with half-time score of 30-17.

Brown of Adrian paced the scoring, hitting the net for 23 points with Pinnell hitting for 20. Read led the Bovina scoring with 10, with Owens counting for 7.

With the Bovina Mustangs taking second place in the tournament it resulted in a tie with Friona for the second place trophy. Friona had second in the percentages over the regular season. They played the tie off on Tuesday night at Friona for possession of the trophy.

Women Receive Tips On Scout Program

Mesdames Fred Langer, Troy Fuller, Elmo Dean, Ernest Woelfel, Curtis Huggins, Henry Minter and Earl Richards met in the Richards home on Friday morning with Miss Rawley, Girl Scout worker from Dallas for a meeting on Girl Scouts.

Miss Rawley answered numerous questions for the group and discussed the Girl Scout Day Camp programs. She also helped them with the problems of organization and discussed with them the leadership courses held at Santa Fe and Dallas. They discussed sending someone to one of these camps, but no definite plans were made.

Plans are being completed for the Girl Scout Cookie Sale. This sale will be held during the week of March 9th. Everyone is urged to help the girls when they come to a house with the cookies.

Mrs. I. T. Huckabee spent last week in Amarillo attending an area meeting of the WSCS.

Extensive Program Planned for Public Schools Week Here

Public Schools Week will be March 2 through 7 and the Bovina School is planning to take part. As a part of their focus on school week, they will have an assembly program Tuesday, Wednesday Thursday and Friday at 10:30 a.m.

On Tuesday, the Student Council will have charge of the assembly and they will discuss "The Aims and Objectives of the Student Council in our High School." On Wednesday the FFA boys and the FHA girls will present the program. On Thursday the Band and chorus will present the assembly program. On Friday they will have a guest speaker, Mr. E. H. Boulter of Lubbock. He is the State Board of Education Member from this district.

The school is arranging a schedule for visiting hours for the different grades and departments of the school. The schedule will be printed in the school paper this week and will be posted on the school bulletin board. The cafeteria will be open for visitors during the week.

There will be students in the hall during the week to greet guests and to conduct them to the various rooms and departments.

Various citizens of the community have been contacted and asked to teach a class one day during the week. Mr. Hubert Ellison has agreed to teach geometry for one day. Others who have been contacted include J. P. Macdon, W. E. Thornton and Troy Fuller and others will be contacted.

The commercial department will have a display in the window of the Williams Mercantile store during the week. The Homemaking department is also planning a display for a window downtown. The various rooms will have displays of the students work in their classrooms.

If the weather permits, the band will present a concert downtown one day during the week. The eighth grade students have issued a challenge to their parents to take part in a spelling bee one day during the week.

The children are writing letters to their parents and also to couples without children in school, urging them to visit their school during Public School Week. Children who invite people who do not have children in school will receive a merit award if the people visit during the week. They will also have lapel ribbons for visitors with "I Have visited a Public School this week."

Bovina Junior Tourney Gets Started Tuesday

Brackets were released this week for the Bovina junior basketball tournament to begin Tuesday night in the gymnasium and continue through Saturday, March 7. Farwell teams have dropped out of the competition. Prizes for the tournament will be 25c and 50c.

Girl's Bracket
In the girl's division, Sudan will be pitted against Grady at 7 o'clock Tuesday night. The Bovina "B" team is to play Kress at 5 o'clock that afternoon. Continuing the contest on Thursday, Texico drew a bye, Muleshoe plays Friona at 5 o'clock, and Lazbuddy meets the Bovina girls at 7.

Going into the second round of play, winner of the Muleshoe-Friona and Sudan-Grady tilts play at 5 o'clock Friday; then the losers meet at 7. Texico plays the winner of the Lazbuddy-Bovina session at 9 o'clock that night.

Saturday afternoon at 1 o'clock, loser of the second round will play the loser of the Bovina "B" and Kress session, and winner in the second round plays the winner of the above game, at 3 in the afternoon. Consolation match is to be at 6 o'clock in the evening, and winner's playoff is to be at 8 o'clock.

Boy's Bracket
The boys bracket is arranged in the same order with Bovina B and Kress beginning the play at 6 o'clock Tuesday night. Games are planned by boy's teams from the above listed schools, one hour after the girl's game are played each time. Boy's consolation is to be at 7 o'clock on Saturday night and winning tilt is at 9 o'clock.

Nelson Smith Gives First-Hand Account Of Inauguration

Nelson C. Smith of Farwell, who is president of Texas Rural Letter Carriers association, attended the inauguration of President Dwight Eisenhower in Washington recently.

Smith traveled by train and had as his compartment guest, J. R. Heitman, head of the journalism department at Texas Tech in Lubbock. They were on a special train transporting the Hockley County delegation, which left from Levelland.

Given below are some of the highlights of Smith's trip, as told in his report.

"I took movies of the entire trip, the inauguration and the parade. L. L. Dycus and Joe Moore of Levelland were selected to be leaders of the party and did a wonderful job. We were privileged to stay in our pullman compartment while in Washington, but spent very little time there.

"At Baltimore, we sent a telegram to Congressman George Mahon stating the time we would arrive in Washington, and Mr. Mahon, his wife and secretary, Savannah Tunnell who hails from Tahoka, greeted us. They had arranged a party at his office where the crowd soon gathered and had coffee and sandwiches and went on a tour of the Capitol. Congressman Mahon does not send someone to show you the sights, but goes with you and does not seem to tire.

"I was given a pass to the House by Mr. Mahon and to the Senate by Lyndon Johnson. Congressman Mahon took me directly into the House and the Senate chambers and I sat in the chair

of the vice president as well as that of Speaker of the House.

"There were some ten thousand people on the job Inaugural day and it seemed that everything went off like clock work. The crowd was most cooperative and orderly even though some million persons attended the affair.

"Some 15,000 persons were admitted to the grandstand for the Inaugural while things lined up along the street, on house tops and in trees. There were over 150 loud speakers broadcasting the show.

The parade which followed the Inauguration was very colorful, it would appear that each section had been trained for the occasion. I was extremely proud of the Levelland Sheriff's Posse for their part in the parade, as they were typical of the Real West and their mounts performed as a unit. They also had the "Old Chuck Wagon" which was pulled by two large red mules and a small hack which was pulled by two black shetland ponies.

"Some other Texas towns taking part in the parade were Abilene, San Antonio, Kilgore and Denison.

"I had the privilege of meeting many members of the "high brass" of the incoming Administration and found everyone to be simply grand."

Harding Qualifies For Training Course

Cadet Basic Airman Hurshel R. Harding, son of Mr. and Mrs. N. R. Harding, has been selected to take the Advanced Course of the Air Force Reserve Officers' Training Corps at Baylor University, beginning March 10.

The announcement of selection was made this week by Col. Ernest B. Maxwell, Commanding Officer of the Baylor Unit, which is one of 188 Air Force ROTC units on the University campuses in the

United States, Puerto Rico and Hawaii.

Selection to the Advanced Course is made on a competitive basis from those cadets who finish the two-year Basic Course during their freshman and sophomore years at the University.

Final selection is based on high leadership, conduct and academic grades, both in the University and in the Cadet Corps.

Upon successful completion of the two-year Advanced Course, which includes six weeks of Summer Camp training at an Air Force Base next summer, Cadet

Harding will qualify for a Second Lieutenant's commission in the United States Air Force Reserve.

Dedication Is Set for New Building

Activity Will Coincide with Public Schools Week Observance in Texas

Dr. Floyd D. Golden, president of Eastern New Mexico University of Portales, will make the dedicatory address Tuesday when the new school building for Farwell Consolidated School district, is dedicated, school officials announce.

The dedication is to be held as part of the weekly program, in observance of Public Schools Week, extending from March 1-7. Festivities begin at 1:30 in the afternoon.

Originally, taxpayers of the district were invited to a dedication of the new \$165,000 high school and cafeteria department in late November, but weather conditions interfered with plans.

Rev. Miller H. Stroup, pastor of Hamlin Memorial Methodist church will give the invocation, and introductions will follow. Special music is under the direction of Mrs. Erma Jobs, school music director. The high school chorus will sing "Let Us Break Bread Together" and "Praise We Sing To Thee." The high school octette will conclude the music with "Halls of Ivy."

Dr. Golden, the speaker, is a noted educator in this section of the country, and will present his dedicatory address on the steps of the new school cafeteria. If weather should not be favorable, the

DR. FLOYD D. GOLDEN

ceremony will then be held in the gymnasium.

High school students will serve as guides over the entire school plant, the superintendent explains.

The new school building, pride and joy of both faculty and student personnel, was occupied at the beginning of the current school term, after construction began in August, 1951. Modern throughout, the plant is brick on the exterior, combining buff and Roman red in a charming style. Windows are the steel casement type with venetian blinds and the building is semi-fireproof throughout. The structure is heated in the latest manner—with an adequate supply of venting to keep temperature at an even reading.

Included in the 8,000 square feet of floor space—exclusive of the cafeteria—are three offices, six classrooms, two rest rooms, a library, book room and furnace room.

"We're proud of the new building and we want all patrons to come see it next Tuesday," Supt. Jack Williams said in issuing an invitation to the public.

Also in conjunction with Public Schools week, patrons are invited to eat in the lunchroom one day during the week. "To those who plan to visit the cafeteria," says Williams, "we would appreciate it if they would decide to be our guests on one of the last three days of the week." The superintendent explains that personnel will be getting ready for the dedication the first two days. Patrons are also asked to send word that they will eat in the lunchroom the day prior, so cooks may plan the quantity of food to be prepared.

Our public schools train the youth of today for citizenship tomorrow. Support your public schools. It's a fine investment in Democracy.

\$1000 Scholarship Offered for Theme

A scholarship worth \$1000.00 to a graduate from a Texas Public High School in the May or June class of 1953 will be given for the best essay on "Early History Of The Public Schools In Texas," during "Public Schools Week" in Texas, March 1st to 7th, 1953.

Information and rules covering this scholarship have been mailed to all county and high school superintendents, Nelson C. Smith, says.

Junior Trackmen To Start Season Next Monday

Farwell grade school and junior high track teams, which have been quite successful in recent years, begin workouts Monday, reports coach Shelby Jobs.

He expects from 30 to 35 boys out for the sport, and hopes for another strong team this year.

Farwell won the district in grade school track in 1949, 1951, and 1952. The junior high team won district in 1950 and 1952.

When the weather is bad, says Jobs, the teams will work out in the gymnasium on conditioning and volleyball. In addition to track teams, Jobs figures to field volleyball, and softball teams for both divisions. Tennis teams, singles and doubles, will be organized, too.

Spring football will be the final event on the junior sports calendar. Boys from the sixth, seventh, and eighth grades will work out then.

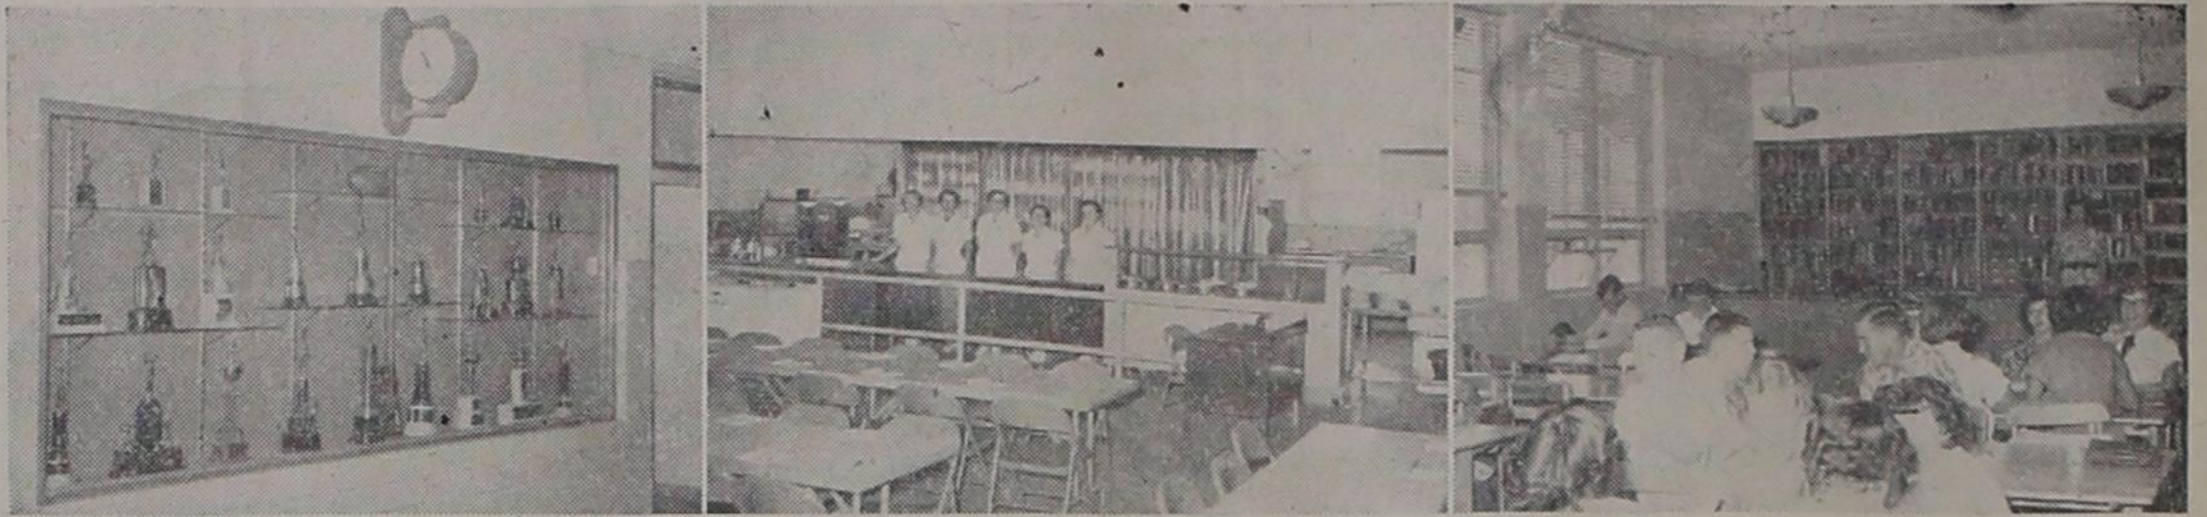

Cal Murray Hired As Athletic Director Of Farwell Schools

Calvin Murray, who has been employed as coach of the Adrian Matadors, has accepted the position as athletic director and basketball coach at Farwell High School, officials announce, and will begin his new position in September.

Murray has coached the Adrian teams to four straight district basketball titles and one regional championship. He succeeds Tommy Hestand, who resigned the past September to accept a position as line coach at Childress, and left Farwell without a coach for the season.

A football coach has not yet been named, school officials say.

HOPE FOR GOOD TEAM—

TRACK SEASON UNDERWAY FOR FARWELL THINCLADS

Track season officially opened Monday for the Farwell High School Steers, but 16 thinclads already had the jump on the sport with three weeks of early training behind them.

These boys include Frank Gully, Vane Dozier, Billy Watts, H. R. Billingsley, Troy Christian, Wallace Roberson, Robbie Foster, Jerry Don Utsman, Jesse Meeks, Lavon Jones, Pudge Rose, Deon Branscum, Clarence Kube, Leon Langford, Phillip Cassidy and Jimmie Turner.

Other athletes who were to have reported for training Monday were Ronny Dial, Ted Magness, Gene Hardage, Don Gerles, Jerry Poteet, Don Pool, James Roberts, Joe Roberts, Eddie Smith, Wayne Morris, Dennis Raney, Truitt Hardage, and Doyle Ford. Most of these have been playing basketball.

The Steers, who won second in the district track tournament last year, already have an eye on the 1953 District 10-B match, which will be held in Friona April 11.

Other spring sports will be played by the above mentioned boys, including volleyball and softball. Some of them will come out for tennis. The sports season will be rounded out for the Steers following the 10-B tourney in April with spring football practice.

Public Schools Week is here again. For the third year, public spirited citizens of Texas have sponsored this week. Its purpose is to bring to the attention of everyone the fact that the Public School is "Democracy in Action." All the schools are holding open house this week. Mrs. Erma Jobs, director of band and music at Farwell schools, says the local band will participate in all three contests, and ensembles will be taken also.

Local Teachers Attend County Meeting

Fourteen Farwell teachers attended the County Teacher's Meeting at Lazbuddy Wednesday night.

During the business meeting, a discussion was held on the bills now in the House of Representatives concerning pay increases for Texas teachers. Other minor business was also conducted.

The Lazbuddy music teacher presented several pupils in a piano recital for the evening's program.

The dinner was centered on the Washington's Birthday Theme, and cherry ice cream carried out the theme in the dessert.

Local teachers attending were: Mesdames Cain, Pool, Prescott, Lemmons, and Huffaker. Also Mr. and Mrs. Kenneth Fields, W. M. Roberts, Mr. and Mrs. E. K. Miller, Robert Morton, Herman Milford, and Mr. and Mrs. Shelby Jobs.

An investment in the public school is an investment in the youth of our country.

Sophomores To Give One-Act Play March 5

"The Pampered Darling" is title of the one-act play to be presented by Farwell sophomores for their assembly program Thursday of next week.

Characters include: Connie Gibson, Gloria Dial; Janet Gibbons, Lavoyda Billington; Mrs. Perkins, Dean Walls; Victor Gibbons, Gene Hardage; Dudley Field, James Roberts; Jessica Bacon, Barbara

Christian; Joy Gaylord, Peggy Hardage; Annabelle Green, Ysleta Brown; Norman Evans, Don Pool; Floyd Davis, Don Gerles; and Dr. Rudolf Von Hapsburger, Lavon Jones.

The opportunities afforded our children for a sound, basic education in Texas Public Schools are unexcelled. Take a look for yourself and see Democracy in Action the week of March 1 through March 7.

I, W. L. Townsend, county judge of said county, do hereby certify that on the sixteenth day of April, 1908, A. D., I made an entry upon the records of the Commissioners' Court of said county declaring the Farwell Independent School District duly incorporated.

These are the written words that brought into being the Farwell Independent School District, nearly a half-century ago. W. L. Townsend was then judge of Parmer County.

History of Farwell School Recounted by Officials

This article was prepared with the full cooperation of the administration of Farwell Schools. Our thanks to those who helped us out—The Editor.

"I, W. L. Townsend, county judge of said county, do hereby certify that on this day, of 1908, I made an entry upon the records of the Commissioner's Court of said county declaring the Farwell Independent School district duly incorporated."

The above document was the beginning of the years of progress of Farwell schools, and on May 4, 1908, the first school board members were elected to serve the school. Twenty-nine votes were cast in that first election. The men then drew lots for

long and short terms. J. M. Hamlin served as president of the board for the first year, and Alex Shipley was secretary. Other members were E. Shopbell, J. M. Kindred, Joe Francis, R. C. Hopping and John Simmons.

Miss Minnie Harbison and T. Guy Rogers were elected as teachers, and Lewis Mersfelder was first assistant to Rogers. Rogers received \$100 per month salary and Mersfelder was given \$80.

Incorporation of the school was approved and a petition was duly circulated to call an election for \$12,000 in bonds to purchase a site, and erect a school building. Election was set for September 8, 1908. A committee was appointed to look after grounds to erect the building, and to receive bids and let contracts for the school, not to cost over \$1000.

Members of the board voted the latter part of 1909 to buy an in-

expensive ladder to extinguish any fire that originated on the roof. They also ordered a cheap belfry and flagpole to be made.

The old school building at Farwell was constructed in 1910. O. G. Roovermore was architect and J. H. Heckman, contractor. It was not until 21 years later that another addition was made to the school, when Christy Dolph, construction company, and Berry and Hatch, architects, added the gymnasium in 1931. The home economics department was built in 1934, then the bus barn and agriculture building became a part of the campus in 1948, with Charlie Hromas as contractor. The new building, of course, is the 1952 addition to the school. Butler and Brasher were architects and Raymond Griggs was builder.

Further records on the school

were not available from 1910 until 1915, when E. A. White was principal. Teachers were Miss Mable Kenney and Miss Hazel Hendricks. Salaries were notable, with White getting \$1000 for his services, and the instructors receiving \$60 per month.

Only one of the early board members remained as a trustee, R. C. Hopping. J. L. Walling was then serving as president; and Bob Kyker as secretary. Others were A. R. Carter, J. J. DeOliveria, T. J. Allen, and J. A. Oden. These members remained until 1917 when W. W. Taylor, and F. B. Hines were named to the board. F. W. McElroy was appointed to fill the position of Carter, who resigned, and B. N. Graham assumed the position of Hopping.

More new faces were seen on the board in 1918, when J. M. McCuan, J. J. DeOliveria, F. W. McElroy, B. N. Graham, J. B. Hines, J. J. Oden and W. W. Taylor, served. Then in 1919, another group took over, including McElroy, DeOliveria, and C. B. Daniels, A. L. King, R. A. Hawkins, W. S. McDaniel, B. F. Fears. Chester M. Pressley later was named to fill the vacancy left by Fears.

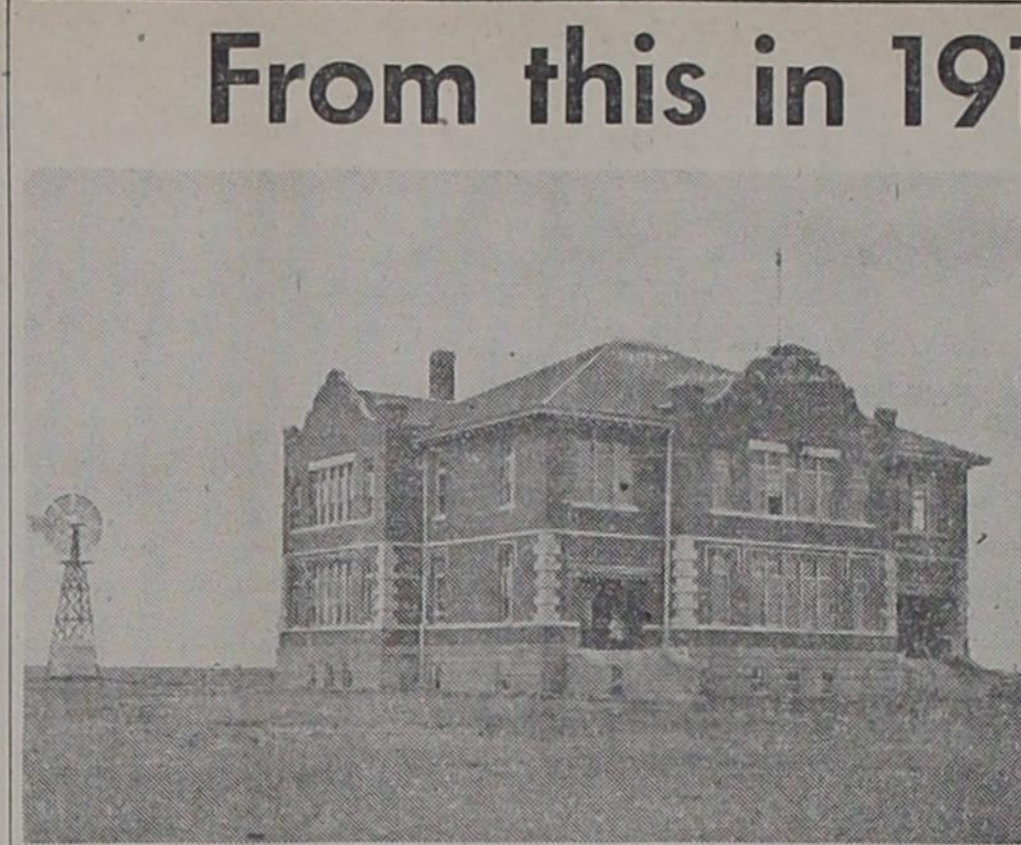

The women in the community began to become a part of the school administration back in 1920, and four of the local ladies sat as members of the board: Mrs. J. H. Aldridge, Mrs. Carrie Thomas, Mrs. S. H. Withers, Mrs. J. D. Hamlin. Men who worked with them were C. B. Daniel, McElroy, King and DeOliveria.

The trend continued until 1922, when Lawrence Daniel, King and Mrs. Withers remained on the board, and W. W. Hall, Alford Berggren, C. M. Presley and Dr. D. W. Clark were new members. New faces in 1923 were T. E. Lovelace, C. A. Lyons.

In the period from 1924 until 1930, various community residents served on the board. At intervals during the time, board members included: Clark, Hall, Lyons, Presley, King, Lovelace, Lawrence, N. L. Marney, W. S. McDaniel, Fred Barker, F. W. McElroy, R. A. Hawkins, DeOliveria, J. P. Tate, Eddie Smith, George Warren.

Beginning the year in 1932, Tom Lovelace, F. W. McElroy, Ebb Randol were elected, and holdover were Eddie Smith, John Tate, R. A. Hawkins and DeOliveria. It was that year that a bond of \$30,000 was voted for brick, tile, stone or concrete school building. These bonds were to be paid off at \$1000 a year from 1932 to 1951 at 5 per cent.

That year, other new board members were named and the official body included Jack Dunn, Tate, J. H. Anthony, Frank Phillips, and three holdovers. Nelson E. Smith joined the board on the resignation of Randol. Others who

There are still a few people (who don't always readily admit their age) who can remember the Farwell School as it appeared many years ago in the top picture. This building still stands, and is in daily use, but it has undergone several faceliftings since this picture was taken.

To this in 1953

This building, which is now being used to house the lower grades, has been completely modified in just the past year, when bonds in the district set aside funds for remodeling and repair of older buildings, as well as the erection of a new high school, library and cafeteria building.

The lower photo shows the north front of the new high school building, which although functional in design, is very attractive.

The new building is just east of the old one, and landscaping has blended the two together although they are not the same style building at all.

served during the years until 1935 were: J. O. Ford, J. D. Thomas, W. E. Rose, Arthur L. Hood.

It was in August of 1935 that members voted \$2800 to be transferred into an account designated as a building fund to be used to build a teacherage—a five-room stucco structure.

Until 1938, serving during that time were: Roy Thornton, Olan Schlueter, E. M. Deaton, Ralph Humble, Ray Ford, Ray Bobst, along with some of the above-mentioned men.

On July 5, 1938, the board decided to accept an offer of the government of \$7200 for construction of a home economics and agriculture building. They planned to call an election to vote bonds necessary for the proposed building. N. C. Smith resigned at that time and T. E. Levy succeeded him.

Smith was elected as secretary of the Board of Education.

In August of that year, bond issue of \$9000 for the new building was favored. Total valuation of the property in the district at that time was \$1, 244, 209. Plans from an Amarillo Architect Firm were accepted for the new building on August 6 and a Lubbock firm was awarded the bid for construction for \$4,350. Board agreed then to borrow \$9000 from the bank so construction could begin. In September, 50 per cent of all collections was put in a sinking fund to pay off the bonds. Meeting was called to accept the new building in December of that year.

In 1939, catastrophe was noted. A committee was appointed to repair the cess pool which fell in;

or to dig a new one. A new one was the decision, and a top was to be made for it.

H. Y. Overstreet joined the board that year. Trustees for the period from 1940 to 1950 included many of the men who had served the previous decade. Taking care of school business in 1940 were: E. M. Deaton, A. F. Phillips, Ray Ford, H. Y. Overstreet, Ray Bobst, Olan Schlueter and W. H. Graham. Old terms expired and new men were installed during the 10 years.

Others serving during that period were: Lester Norton, Joe Magness, Verney Towns, Boone Allison, Claude Rose, Bob Hammonds, John Armstrong, Dick Gerles, Webb Gober, Lee Jones, C. C. Christian and A. J. Jones.

THEY SHAPE SCHOOL POLICY

These six men are members of the Farwell school board. Left to right, back row, they are Lee Jones, C. C. Christian, Dick Gerles. Front row, L. L. Norton, Partin Austin, and Claude Rose, president. Webb Gober, who was scheduled to be sitting in the empty chair, could not be present when the picture was made.

HISTORY—

(Continued from preceding page)

Lane and West Camp Schools was in 1948 and a new board was needed. Two members were named from the Farwell Board, two from Oklahoma Lane and two from West Camp.

Board from 1952 includes: Partin Austin, Lester Norton, C. C. Christian, A. W. Gober, Lee Jones and Dick Gerles. Claude Rose is president.

In the past two years, school history has included a newer and more modern educational system. On July 9, 1951, a roofing contract was awarded Rev. Hunton \$1700, and plans were underway for the new building. All bids for construction of the cafeteria and high school were rejected because none were within the budget of the proposed building program.

On August 24, 1951, the contract was let to Raymond Griggs of Clovis, N. M. Board members then agreed to purchase new furniture for the grade school.

In September, administrators decided to offer the school building at Oklahoma Lane to the Methodist church with seven acres of land, and reserve water uses from the well free of charge for the teacherage. The property was sold in October.

The next stage in the story is yet to come, when the new building and cafeteria is dedicated Tuesday. A complete story on the dedication is carried elsewhere in the paper.

EDITORIAL

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows for growth is the result of change.

It is a healthy thing in our democratic way of life to have an intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in the virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 1 through 7. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—if but for a day. Remember it is "Texas Public Schools Week—Democracy in Action."

Public Schools Week (March 1-7), is your opportunity to see for yourself how the youth of this state is being trained for citizenship. Make it a habit to take an interest in our schools. They are a solid investment in Democracy.

Timely Tips

While much is being said and done about the mounting accidents on our highways, the home, presumed a haven of security, still presents many major perils. Accident prevention in the home begins with caution, especially if there are little children.

Don't let the tots play freely in the kitchen, particularly when you are busy cooking. Put them in a high chair or play pen; or, if they are older, let them play in their room. Warn the youngsters of the dangers of electricity, and be sure all electrical appliances are placed far from reach of the bath tub.

Cooking over the kitchen range in a frilly costume may result in a serious, perhaps fatal burn. It only takes a wisp of fabric to attract fire. These are but a few of the precautions. The old rule—"An ounce of prevention," though trite, is still a wise old adage to follow.

Farwell Teams Lose Out in District Play

Farwell basketball teams were entered in the district basketball tournament held in Vega the past weekend, but failed to bring home any of the honors. The girls lost out by a narrow margin for the second place honor.

First place trophies were presented to the Friona girls and the Adrian boys. A tie resulted in the girls' bracket between Farwell and Vega, and play-off was held Tuesday night. The local girls couldn't get going, and were defeated by a scant three points, 35-

32. Individual trophies were awarded to all-tournament selections for boy's and girl's teams. Girls included: Magness, Falwell and Refner of Friona; Price of Vega, Hinkson of Lazbuddy, and Felts of Farwell.

All-tournament selections in the boy's bracket were: Brown and Pinnell of Adrian; Robbins of Friona, Price of Vega and Pounds of Bovina.

Public schools are our investment in Democracy. Support them.

Farwell Takes Three Of Six Games

Farwell junior high basketball teams took three of six games played against Lazbuddy Monday night.

Scores for the games were as follows: Lazbuddy grade girls, 23, Farwell grade girls, 21; Farwell 8th grade boys, 38, Lazbuddy 8th grade boys, 18; Farwell 7th grade boys, 12, and Lazbuddy 7th grade boys, 10.

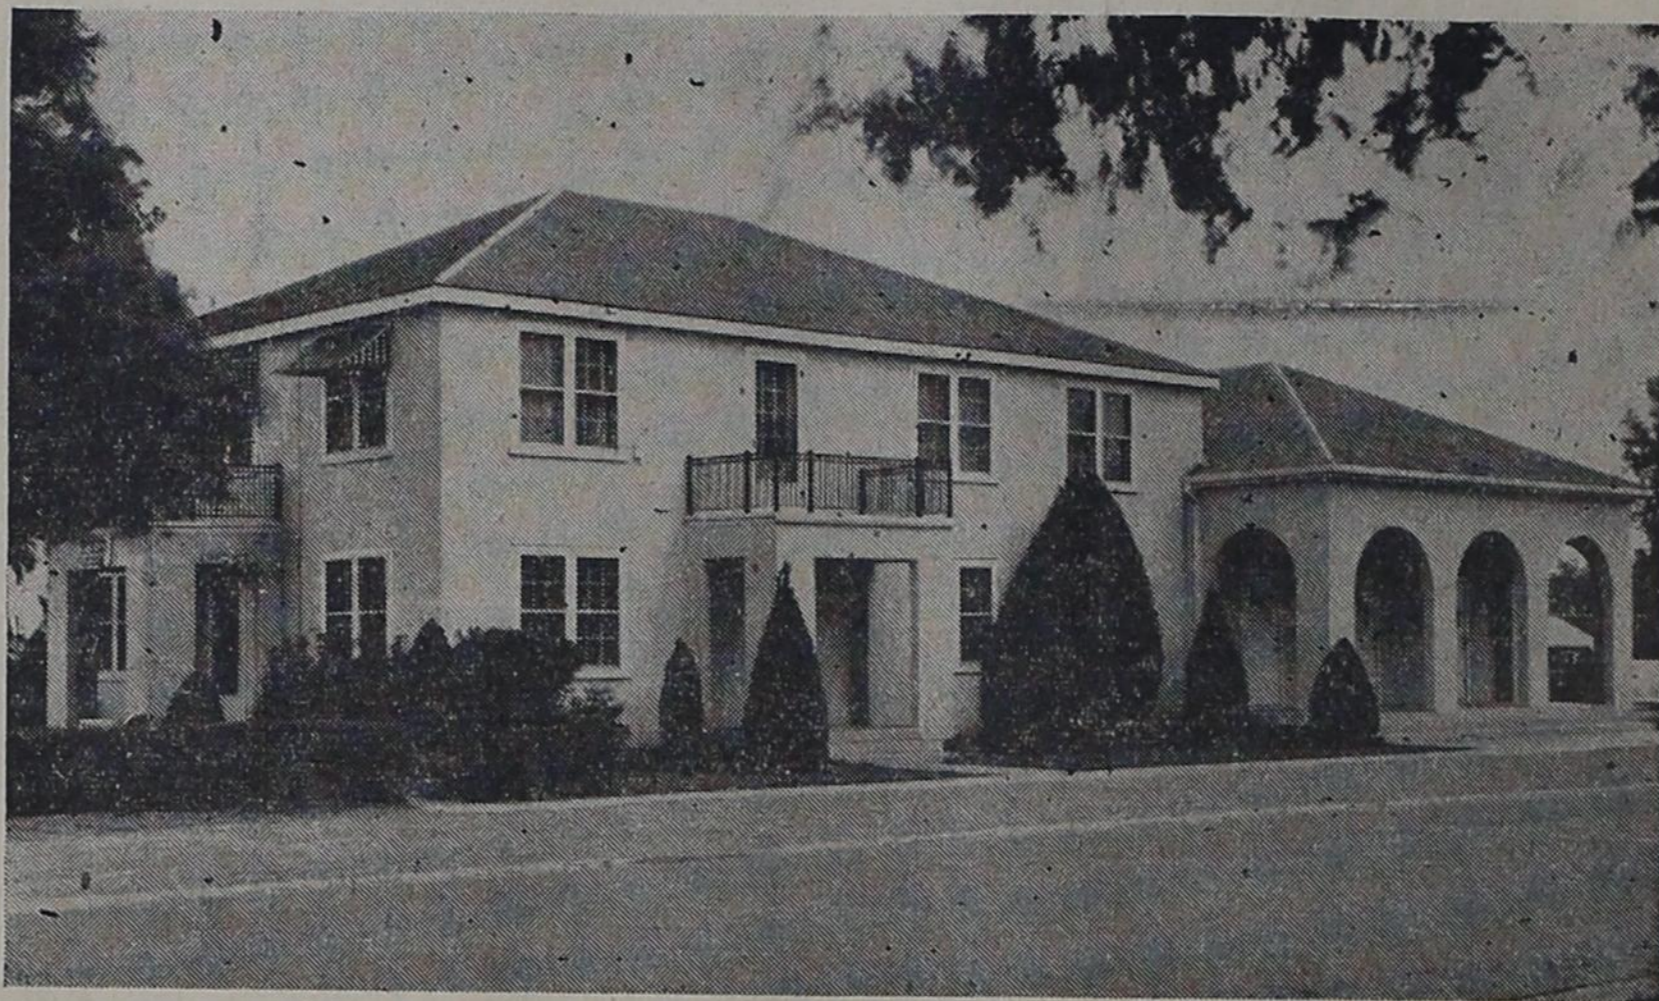

Also: Farwell 7th grade boys, 21, Lazbuddy 7th grade boys, 20; Farwell 8th grade girls, 15, Lazbuddy 8th grade girls, 24; and

Farwell eighth grade boys, 32, and Lazbuddy, 24. Farwell freshmen boys also played the sophomores, and the older boys won 38-28.

Today's public schools teach more than the three R's, but the job of the school remains virtually the same. It is a basic institution in this great and free country. It teaches your children about the benefits of our way of life. It teaches them to enjoy and appreciate freedom. Visit a public school during Public Schools Week, March 1-7, and see Democracy in Action.
