

When a fellow is confined to his bed for day after day gazing at the ceiling and the overhead light, with few outside contacts, except the radio, it is rather difficult to develop much subject matter for column writing that would be of local interest.

Because my column has appeared weekly through my continued illness, a large number of my readers have assumed that I was back on the job. T. E. Haney of Friona, paid me a visit last week and said that he had been laboring under such an impression. But such has not been the case. For the past 11 weeks I have dictated my column to my wife, who in turn, delivers it to the office.

The Republicans, who were so strong in their denunciation of the manner in which the Democrats had administered our national affairs for the past 20 years, seem to have gotten off to a very slow start in making any major improvements. The recent action of the Secretary of Agriculture, Benson, is the latest butter-fingered attempt to correct affairs in his department.

With 83 million pounds of surplus butter stored, Secretary Benson has announced that the department will continue to follow the highly condemned policy of the Democrats of paying 90 per cent parity for the surplus butter that is accumulating at the rate of two million pounds per day.

It all boils down to nothing more nor less than politics. The Republicans have such a small majority in Congress that they cannot afford to risk the loss of the dairy states vote, and the merry game of politics moves steadily on with the taxpayers footing the bills.

I want to acknowledge my deep-felt appreciation for two lovely bouquets that have been delivered to me the past week. One was from Bovina OES, the other from the Farwell Chamber of Commerce. In addition, several sprays and pot plants have been sent in by friends, which I greatly appreciate.

Funeral Mass Held For Fire Victims

Funeral mass was held for four victims of a Texico flash fire, at Our Lady of Guadalupe church in Clovis Friday. Interment was then made in Las Vegas, N. M. Wolf and Roberts funeral home was in charge of arrangements.

Victims were Mrs. Pete Gonzales and two daughters, Gloria, 2-years-old and Julia, 2-months-old; and a nephew, Lee Gonzales. The boy died early Thursday morning.

The father of the Gonzales family is a maintenance man for Santa Fe Railroad. The family has lived in Texico for many years. The fire was the third tragedy to strike the family in the past two years. Alfonso, a son, was killed in action in Korea last year, and a baby son died last summer with polio.

Survivors besides the husband and father are two other children, Carlos, 6, and Sabinita, 4. A grandmother, Mrs. Barbarita Hewet lives in Sena, N. M., and a grandfather, Antonio Cordova, resides in Antonchoco, N. M.

Surviving Lee are: his parents, Mr. and Mrs. Silviana Gonzales, and eight sisters.

TO DENVER MEETING

Mr. and Mrs. John Getz were in Denver, Colo. the past week to attend a Purina Business Manager's convention there, which was held Tuesday through Saturday. Buil Dollar was in charge of the business in their absence.

NOW WE HAVE A FLAT TIRE SLEUTH

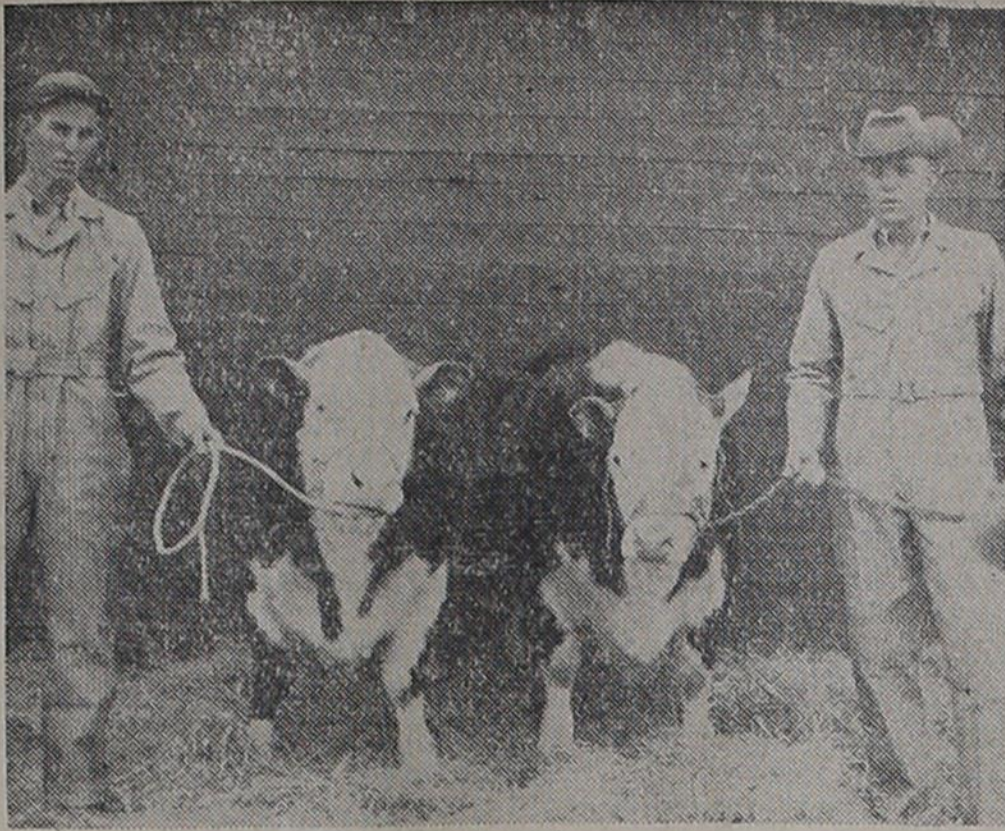

Cecil Rundell of Rundell's 66 service station in Farwell, is advertising this week that he'll pick up and repair flats anywhere on notice, but his service apparently goes beyond that.

Monday night The Tribune's station wagon bogged down with a flat. There being a stiff norther whipping down third street, the thought of changing the tire was not a pleasant one, so the wagon was left as was.

Bright and early Tuesday morning, employees looked out to see Cecil hard at work changing the tire. It was about 30 degrees.

"Who called him and told him to come up and fix the flat?" asked the editor. There were no answers.

Pretty soon, Cecil came inside, said he had noticed the flat, and decided to make his services available. How's that for enterprise?

Above is Huey Lowrie (lef) and Charles Williams, with two of the steers Lowrie is exhibiting in Livestock shows. One of the animals was shown in Amarillo the past week. The other steer, along with a third animal, will be exhibited in the Lubbock Fat Stock Show the week of March 15. The Lowries live about six miles northeast of Bovina.

★ IT'S OLD STUFF TO CHAMBER MEN

Weldon Bright, KGNC musical director who was supposed to furnish background music for the Farwell Chamber of Commerce banquet Friday night, called Carl Davis, CC president, to apologize the next morning.

Bright and his portable electric organ got sidetracked through a telephone conversation and wound up serenading Clovis citizenry instead of Farwell.

He didn't get any points for coming close, though, and the Chamber pocketed the \$60 which had been set aside for the entertainment.

In fact, Bright didn't quite measure up to the performance of musicians hired to come from Lubbock last year. The latter filed in just as D. D. Monroe, guest speaker for that banquet, was making his final point. They didn't get any money, either.

It's the most economical entertainment you've never heard, say Chamber officials.

Davis Initiates Give-Away Event

Carl Davis, owner-manager of the Farwell Piggy Wiggly, today made the announcement that he will give away as an advertising feature a 10-tube Zenith radio and a 21-jewel Bulova wristwatch.

A ticket for the prizes will be awarded with each \$1 purchase, he says, and stubs may be deposited in a box at the store. The awards will be made Saturday, April 25.

The radio, a console model, is valued at \$319.95, and the wrist watch \$71.50. The radio will be first prize, and the second prize winner will be given a choice of either a His Excellency or Her Excellency Bulova watch.

McFarland To Head Friona Chamber

J. G. McFarland is the new president of the Friona Chamber of Commerce, reports Wright Williams, outgoing prexy. McFarland was elected at a meeting Tuesday night.

D. C. Herring is re-elected as the Chamber veep, he adds. Arthur Drake, secretary, completes the list of officials.

Weldon Dickson served as secretary for the group last year.

Lions Club Begins Sale of Brooms

Members of Texico-Farwell Lions club are beginning a campaign this week to sell brooms, to aid financially in the sight conservation project for the organization. Club members plan to canvass Texico-Farwell to make the sales. Price is \$2 each.

Seventeen members were present for the Tuesday session, and Rev. M. H. Stroup was special guest. Program was presented by Joe Dickson of Eastern New Mexico University in Portales who presented an illustrated talk on Burma.

Next meeting will be March 17, when Nelson Smith will show movies of the presidential inauguration in Washington. The public is invited to see the film. "Visitors are also invited for the meal for the regular cost of \$1.50, but are asked to notify John Adams of Texico, by March 16, if they wish to eat," a spokesman says.

JOINS FATHER

Mr. and Mrs. Ed Finley and baby arrived Saturday from Albuquerque to join his father, Lee Finley of Jim's Cafe in Texico. He will assist in the operation of the cafe.

Wes Izzard Speaks To Large Banquet Crowd Here Friday

Wes Izzard, well known newspaper man of Amarillo, who is associated with Amarillo-Globe News, was speaker for the annual Farwell Chamber of Commerce banquet Friday night in the school cafeteria. About 200 people from this area were on hand to participate in the festivities.

Carl Davis, vice-president of the local organization, was toastmaster for the evening, and Rev. Miller H. Stroup, pastor of Hamlin Memorial Methodist church, presented the invocation.

Banquet was served by the Farwell band mothers, and menu included ham, potatoes, beans, salad, hot rolls, pie and coffee.

After Davis gave the welcome, Wilfred Quickel, Chamber of Commerce secretary recognized the special guests, who were present, from Amarillo, Muleshoe, Clovis, Bovina, Portales, Texico and Littlefield.

Quickel then gave a resume of accomplishments of the local group since organization of Farwell Chamber of Commerce in 1946. Listed below are some of the factors named:

Cooperation with American Legion in construction program, resulting in \$14,000 hall; starting & helping complete the incorporation of city; loaned city necessary finances to carry on business until city revenue available, started drive for city sewerage system and assisted officials in completing it;

Also aided fire department in obtaining new equipment; cooperated with Farwell Independent schools in their expansion program; starting paving, curb and gutter of main street, actually before city incorporated; started the move and helped on \$126,000 paving program for residential area; furnished Christmas lights for city; sponsored irrigation day and fed attending crowd for past three years; assisted ESA in sponsoring Santa and reindeer, and treat distribution for local children; started city park project, which is still underway; and initiated trades day.

Officials now hope to bring hospital and clinic to city, always tries to encourage new businesses and homes in community, and tries to help farmers in area with their problems.

W. H. Graham Jr. introduced the speaker for the evening, in a short impromptu resume.

Izzard began his talk by suggesting a slogan for the Farwell Chamber of Commerce to push—"Here where Santa Fe says goodbye to Texas and hello to New Mexico," and advising the group to get a slogan and use it.

The speaker told listeners that the local community is in the part of the Southwest that is particularly blessed with advantages so many others do not have. "Sometimes I think we folks don't appreciate what we have; here where we can see into the horizon, we can see into tomorrow," he noted. He also commented on the neighborliness and friendliness of people in this area. "Think of the number of people in the world who would like to live in Farwell, but we take it for granted," he emphasized.

He named the 4-H clubs, FFA and FHA groups that are prevalent in small communities and help to curb juvenile delinquency. He felt that one of the greatest factors contributing to delinquency is "the disappearing of chores around the house." He said all the new wonderful machines are a factor in this.

"Some people think America is New York, plus Hollywood, it isn't," he continued, "Those places make up a part of the United States, but it isn't America. America is the small communities, with families that know each other and grow up together." He also reported (Cont. on last page, this section)

Series of Meetings Concluded in County

Joe Jones, county agent, reports that a series of cotton meetings in the county have been concluded during the past month.

Purpose of the meetings was to discuss the cotton situation in this area. Four of them were held, one in Lazbuddy, Friona, Bovina, and Farwell. They were sponsored by the gins and the County Cotton Improvement Association. Jones reports that attendance was good, and about 175 attended all the meetings.

The farmers in general felt that the 1952 cotton acreage harvested in the county should be measured and recorded in local PMA office for future reference in case cotton allotments are ever imposed again.

Each cotton grower is urged to contact his local ginner and sign up to have his 1952 acreage measured, or drop by the PMA office right away. This should be done immediately so that the crews could begin work.

Jones stresses that this is not a government project, but originated with farmers in this county as a protection to themselves, in the future.

Community Hospital Adds New Ambulance To List of Equipment

The expanding Parmer County Community Hospital in Friona has just purchased a new ambulance, mounted on a 1953 Chevrolet chassis, announces Jim Baxter, hospital manager.

Baxter says the equipment was made available through private donation, which amounted to around \$1900. The 2-place ambulance will provide first-class service to sick and injured through the use of special equipment carried in the vehicle.

Some of the equipment, aside from standard, includes an oxygen unit and a large first aid kit.

Part of the donations went into the erection of a garage at the hospital to house the ambulance.

About 460 families are provided regular medical care through membership in the hospital, Baxter says.

Sixth Anniversary For Wilson Food Store

Wilson Food Store in Bovina will celebrate its sixth anniversary of business with a sale Friday and Saturday, according to A. M. Wilson, store owner.

In addition to special low prices which will be run during the sale, Wilson says he will give away six large baskets of groceries, each valued at \$20. Beginning at 1 p. m., a basket will be given away every hour.

Men Plan Entrance Of Queen in Contest

Monday night was the time of a regular business session for Parmer County Farm Bureau directors, who met in Bovina for discussion. Attending the meeting were Raymond Euler, Aubrey Ellison, Vernon Symcox, Bruce Parr, C. L. Callaway, Carl Schlenker and Earl Stevenson.

Men discussed the state Farm Bureau queen contest to be held the latter part of the year, and decided to work out rules for entrance of local candidates. More will be released later on the queen contest.

Coffee and twists were served.

Texico Farm Bureau Meets Monday Night

Texico Farm Bureau will meet in regular session Monday night in the school lunchroom at 8 o'clock with Olan Schlueter, local chairman, presiding.

Farm Bureau week begins March 14 and all members should take notice, says Mrs. W. H. McDaniel, reporter.

Refreshments will be served Monday night and visitors are welcome.

New Farwell School Building Dedicated By Dr. Floyd D. Golden at Ceremonies

Many Callers Visit Entire School Plant

"We have met here this afternoon to dedicate this beautiful high school building. Let us now with earnest hearts and with exalted faith and hope, solemnly consecrate this building to its high and holy purpose. May the youth of this community for generations to come, gather in this place to receive instruction in knowledge and training in virtue. May they find here every condition necessary to a true and enlightened education. Especially, may their teachers be examples of excellence in scholarship and character, seekers after goodness and truth, lovers of children, enthusiastic and adept in the finest of all arts, the development and inspiration of human souls.

"May these rooms always be pervaded with an invigorating atmosphere of mental and moral life, and may no child pass from this school to higher grades or to the outer world, without having been made more intelligent, more thoughtful, more courageous, more virtuous, and in every way, more capable of wise and just, of useful and noble living."

The above passage is taken from the dedicatory address given by Dr. Floyd Golden, president of Eastern New Mexico university of Portales, at the dedication of Farwell's new school building Tuesday. The special program was held in conjunction with Texas Public Schools week and was initial function of the week.

Dr. Golden, further states in his talk that "today you are building history." He recalled that the first Farwell school was initiated in 1908, nearly 50 years ago and noted the passage of time for the institution.

"I don't know how many records you've set," he quipped "but I know it is above average." He told listeners that on dedication day, patrons were putting up a fight to continue for posterity, the freedoms the forefathers brought to this country. "Through history, people who had no vision have perished, thank God for our forefathers who had that vision," he exclaimed.

He cited the Bill of Rights, but added that Americans must fight for them, so Americans can always attain such schools as Farwell, and have the freedom to learn. He emphasized that in the world today, other peoples are opposed to the American way of life, and try to undermine the American school system.

The educator told attendants that the school systems in the country fail to do one important thing, "approximately 50 per cent of the youth of the nation last year didn't darken the door of the church, this is a significant fact." He expressed his alarm at such a situation in America today.

Rev. Miller H. Stroup, pastor of Hamlin Memorial Methodist church, gave the invocation, and Jack Willams, superintendent of schools, introduced special guests and the speaker, Members of Farwell high school chorus, under the direction of Mrs. Erma Jobes, rendered two numbers, "Let Us Break Bread Together" and "Praise We Sing to Thee," concluded by the alma mater of the school. The girl's octette then sang "Halls of Ivy."

Rev. C. M. Fields, pastor of Texico-Farwell Baptist church, then gave the benediction.

Following the special dedication service, patrons were shown through the entire school plant, including home economics and music departments, agriculture and shop buildings, the grade school and the new modern high school addition. Refreshments of punch and cookies were served in the new cafeteria at the conclusion of the tour. Flowers were sent by various businesses and individuals to commemorate the occasion. Guests were registered by one of the students.

Other activities were also carried on during the week to note Public Schools week. Parents and interested citizens were invited to visit the school any day during the week, and were also invited to eat in the school (Continued on last page, this section)

Work Started On \$1500 County Goal

Loyde Brewer, county drive chairman for the Red Cross drive, today announces the workers for the drive in county communities.

In Farwell, Mrs. M. A. Snider, Mrs. W. N. Foster, and Mrs. Harry Jesko will handle the work for the charity.

Co-chairmen for the Oklahoma Lane drive are Leon Billingsley and James McGuire. Mrs. Asa Smith is working in Lariat, and Vernon Estes in Bovina.

Melvin Trieder and Mrs. Jack Smith are in charge of the Lazbuddy drive, and Mrs. F. T. Schlenker at Rhea.

At Friona, Charles Allen, H. K. Kendrick, and Mrs. O. F. Lange will supervise the work, and Mrs. Dick Rocky at Black. John Hand is head of the drive at Lakeview.

Brewer reminds people in Parmer County that this is the only organized charity in the county, and its quota is gained by individual donations and contributions of organizations for membership in the Red Cross.

He also stresses the fact that the Bloodmobile will be in the county on June 4.

Farwell City Election Planned on April 7

Farwell's annual city election will be held on Tuesday, April 7, in the county courtroom, John Aldridge, county attorney, announces. Voters will be called upon to elect a mayor and two commissioners.

Present officials are Johnie Williams, mayor; Robert W. Anderson and M. A. Snider, commissioners. Anderson has announced that he will not be a candidate for re-election and the other officials have not yet released a statement. No applicants for the positions have been received.

To nominate a candidate, a petition with five qualified signatures must be filed with the city clerk, Wilfred Quickel.

Polls for the election will open at 8 o'clock on the designated day and close at 7 that evening. All legally qualified voters in the corporate limits of the city are eligible to participate in the election.

Charter Night Set For Bovina Lions

Charter night for the newly-organized Bovina Lions club is slated for Tuesday night at the Bovina high school cafeteria at 8 o'clock in the evening. Sponsor of the Bovina group is Muleshoe Lion's club.

Officers of the Bovina club are: O. W. Rhinehart, president; M. E. Ezell, first vice-president; Frank Truitt, second vice-president; Arlan Hartzog, third vice-president; W. E. Williams, secretary-treasurer; Henry Minter, Lion Tamer; and Earl Richards, tail twister.

Directors are Hubert Ellison, E. L. Morrison, Roy Horn and Joe Wilson.

O. S. Allreds To Father's Funeral

Mr. and Mrs. O. S. Allred and Kenneth, and a granddaughter, Vana Lynn Bell, left Tuesday for Los Angeles, Calif. to attend the funeral services of Allred's father, who passed away the first of the week.

Services were slated for Saturday, and the Allreds plan to return to their home here Monday.

Grade School News

FIRST GRADE NEWS

We have been fixing weather charts for February. Some times it is hard to decide just what kind of a day we have had. So we put a sun, a kite, and gloves all on one day, when it is a cold, sunny, windy day.
Hostesses, for our Valentine Party were: Mrs. Julia Symcox, Mrs. Pershing Busbice, Mrs. Grady Herington Mrs. Jesse Gray, Mrs. W. B. Gummelt, and Mrs. H. D. Billingsley.
Mrs. Grady Herington brought in a beautiful room decoration of a boy and girl sitting beneath a heart of roses. It is very pretty and we are still enjoying it.
The first grade had a lovely Valentine party on the 13th of February. Our hostesses served pink and white Valentine cookies and pops. We also had candy hearts in our little cups that we had made. After we were served we opened our Valentines so we were at a Christmas party.
We had several birthdays in February. Janie Bradshaw, Steve Hillock, and Jim Bob Herington had their birthdays on Lincoln's birthday, so Mrs. Bradshaw surprised us with a party. She served ice cream and cookies. "Thank you Mrs. Bradshaw!!"
The first grade has begun to decorate for March. We have been reading stories about the wind which seems to be very appropriate.
These children still have perfect attendance records: Leon Lovelace, Bill Gomez, John Gomez, Danny Lindop, and Clifford Gray.

THIRD GRADE

Mrs. Lemons
We are using tube paints on rocks to make paper weights and door stops.
We have a Water Newton, or an aquarium scavenger, in our fish bowl. Also a new fish called Seven Spot. She has seven diamond shaped black spots on her side.
The pupils have drawn some rabbits and egg houses on the board—this the class calls Bunny Town.
Our work now is on some covers for some of our work that we want to display during Open House.
We are using flash cards for combinations in addition and subtraction. Playing baseball with flash cards is so interesting—we forget we are in school.
Our class has been having some story writing in English. Now, we are practicing story telling.
In Music the class is visiting each state in song.

THIRD GRADE NEWS

We all enjoyed our Valentine party and wish to thank our hostesses; Mesdames: S. B. Billington, D. G. Gerles, J. S. Donaldson, and V. E. Willard for the nice refreshments of cookies, candy, valentines, and cold drinks. We were glad to have these visitors for the party, Mrs. W. H. Lee, Mrs. Merrill Turner, Doyle Johnson,

Gwendlyn and Phyllis Christian, Larry and Zeldia Donaldson, Shirley Smallwood, David Lee, and Sara Miller.
We are finishing our Wonder-world of Science book this week. We have really enjoyed this book.
We are learning to use the dictionary and we think it is fun.
Those making 100 in spelling for the last six weeks are: Donny Robertson, Carmelita Doshier, D'Ann Garrett, and Christine Paine.
Marshall Lee visited radio station KICA, Saturday, February 21, and had the privilege of speaking on the air. The occasion was Marshall's birthday.
Thanks to our parents for helping us win the February PTA Monday which was \$2.50. We bought "flock" with the money and are already using it to make fuzzy birds. Later we will make Easter decorations with it.

FOURTH GRADE NEWS

Our Valentine Party was a huge success. We all had a nice time, and we want to thank Mesdames Martin, Hromas, Routon, Barnes, and Dosner for such a nice party.
Besides the mothers who visited our room, we were glad to have the following visitors: Stevie Milford, Lanny and Marilyn Doshier, Linda Barnes, Julie Routon, Peggy Martin, and Jack Lemons.
Since we have begun our health chart for the month of March, Mrs. Lockhart, our school nurse, provided the forms.
We are having a lot of fun dressing Dutch dolls in traditional, quaint dress of the Dutch people. Both boys and girls are doing excellent jobs. In geography we have just finished a unit on Holland, so we are especially interested in the way the Dutch dress, live, and work.

SEVENTH GRADE NEWS

The seventh grade had a skating party at the Clovis skating rink last Saturday night which was Valentine's day. Everyone enjoyed it very much.
Those who couldn't skate, watched the others skate.
The class is glad to welcome a new boy, Larry Pike from Sudan, Texas. He is a very smart student, and we all hope he likes our school very much.
"Since this is the end of our first six weeks in this second semester, the class has been working very hard to make grades, although most of them did not," says a reporter.

SOPHOMORE CLASS GROWS

The sophomore class had another addition by the enrollment of a new boy from Sudan. Welcome to the class.
The cast of the one-act play has been meeting in the cafeteria for play practice. It has finally been decided not to have Sophomore Assembly Thursday, March 5 as the operetta will take place on Friday, March 6, and students are in both the play and the operetta which has caused a little confusion.

BILL GNADT, JUGGLER

Juggler Stated On Farwell Program

Bill Gnadt, jovial juggler, will present his program Thursday, March 12 at 9 o'clock in the morning at Farwell schools, administrators say.

It's not what you do but how you do it—in juggling as in most other things—according to Gnadt, of Salt Lake, one of the Mountain West's very few professional jugglers. Gnadt belongs to the exclusive International Jugglers' Association, with only about 400 members in the entire world. He is a biology major at the University of Utah, and a member of Pi Kappa Alpha social fraternity.

Gnadt started his specialty act career as a youngster when he took up amateur magic. By sixteen, he was qualified as a professional magician. Then he met Bruno, top juggler of Ringling Brother Circus, and decided he had been following the wrong track. He switched to juggling, and for the past eight years has worked seriously and steadily at this art.

He can juggle six rings at once, and is practicing on eight; he can juggle five clubs simultaneously, and it is claimed that only five American-born jugglers can handle this assignment! Six plates, six balls, four knives or hatchets are duck soup for this Salt Laker, who keeps one step ahead of himself by constantly practicing with one or two more objects than he can handle expertly. As soon as he conquers the new number, he adds a couple more.

Gnadt has some \$800 worth of equipment, all specially designed for juggling, and it keeps him busy making use of the various objects. He has to use them all frequently, or he gets out of practice with the neglected objects. But changing from one to another presents its own problems, as each varies in weight, size and balance, so that a nice adjustment must be made to each type of object.

"People are fascinated by jugglers. There is never any noise even with an audience of very small children, when a juggler is performing. Everyone seems to hold his breath and watch, wide-eyed. Jugglin, Bill says is one of the toughest jobs in the show business. Wire walking may be more dangerous and trapeze work more thrilling, but juggling requires more real hard work than any other act. You have to love it to follow it to success, and Bill loves it. No wonder he ranks high among the nation's jugglers," the publicity release says.

Thoughts While Not Thinking

By Kayla Felts

There ought to be a law against compulsory reading for high school students. (Personal opinion No. 1836562). It isn't that we kids are against reading altogether, but to have to read something takes most of the joys out of it. . . . June Hardage surely looks cute with short hair. Be nice if we all could look like June. . . .

It's odd about dates, in that you can go to Clovis, with some boy (or girl, as the case may be), eat at a restaurant and go to a stuffy show, and have a moderately good time. And then you can go with another boy and maybe go nothing but drag main, and have the time of your life. . . . Hope none of the Farwell kids are engaged in the current fad of swiping car accessories. Those hood ornaments, hubcaps, mirrors and spotlights cost money, AND THAT isn't the best way to enjoy yourself anyway. . . .

Where does Bel get all her energy? . . . can you imagine Mert Gober with black hair? . . . or Dennis and Betty as blondes? . . .

Let's put it this way: It either is raining or it isn't. Since it isn't raining, it must be that it is raining. . . .

Read recently that a rhumba is a foxtrot with the backfield in motion. That's one way of saying it. . . .

See ya. . . .

District Teachers To Meet March 13

Teachers from 26 Panhandle counties will meet in the Amarillo High School Auditorium on Friday, March 13, in the annual convention of District IX of the Tex-

as State Teacher's Association. Scheduled on the program are addresses in the morning and evening sessions, plus teachers who will serve as discussion leaders, panel speakers and consultants or sectional meetings, scheduled for Friday afternoon.

W. B. Harris, named president at the conference last year, will officiate, Harris is superintendent of the Groom Public Schools.

Plans are being made by members of the Farwell faculty to attend the meeting.

Annual Father-Son Barbecue Date Set

Date for the annual father-son barbecue for members of Farwell FFA and their dads has been set for March 19, Robert "Prof" Morton stated today. Details were planned Monday night when FFA officers met for a regular session at the school house. Regular meeting is to be the coming Monday night for the entire organization.

The barbecue will be held in the school cafeteria beginning at 8 o'clock in the evening. No special program will be planned, but attendants may play "42" or games if they wish.

The boys prepare the food for the affair with a menu of barbecue, beans, stewed apricots, pickles, onions, potato chips and coffee. "We plan to try something new this year," says Morton, "we hope to have someone to make sour dough biscuits for us."

BAND NEWS

The band is planning to go to the Band Festival at Tulia, March 7. Quite like the contest at Canyon, the band will participate in concert sight-reading, and possibly marching. There will also be solos, trios, and quintet contests.

We have been working on our numbers for contest and we have had some assistance. Ted Raven, of Clovis has rehearsed the band to aid Mrs. Jobs.

The band is helping sell tickets for the chorus operetta and the band concert. The money will be used to pay what we owe on the chorus robes. The operetta will be held March 6 in the Farwell High School Auditorium and the Band Concert, April 21. "We urge all of you to attend. They will both be good programs," says a band spokesman.

CHATTER IN THE HALLS

By Bel Willard

In the district basketball tournament last weekend the girls team lost to Friona by seven points. This left them tied for second place in the tourney. The tie was played off at Vega Monday night and Vega won by three points.

The boys lost their game at Vega to the Bovina boy's team. These games conclude the basketball season for this year.

Two of our senior girls won individual trophies at the district tournament. They are Kayla Felts and Laverna Christian. Congratulations, kids.

With the end of the basketball season comes volleyball, tennis, and track. Mr. Fields is coaching the volleyball and tennis teams. These teams will compete at inter-scholastic league later this year.

Lots of the girls received pretty boxes of Valentine candy last weekend. Of course they couldn't eat a bite 'til after the basketball games. Ruby (Mrs. Craft) tells us that Bill got her a new iron for Valentine! Well, that's married life, I guess!

A few of the girls went to shop for new formals, last week.

Speaking of formals, the date for the Junior-Senior Banquet has been set for March 27. . . .

The FFA met Thursday afternoon. Twirp season has been set for March 30 to April 4. It will be climaxed by a twirp party the night of the fourth. In case any of you are wondering where the word "twirp" originated, the letters stand for "The Woman Is Requested to Pay." . . . And that is exactly what it means,—huh, girls!

A skating party for the FFA-FFA is also brewing but the date has not been set yet.

The operetta, which is presented each year by the chorus, is to be on March 6; the band concert is scheduled for April 27. You may purchase your tickets from any member of the band or chorus. They are priced at \$1 and are good for both the operetta and the Band Concert.

The Baptist Church in Texico was to give banquet for the seniors on Tuesday night, March 3. The menu promises a turkey dinner with all the trimmings.

The speaker of the evening was Guy F. Windstead. Seniors on the program were Buil Dollar and Jo Hanna.

The dedication of our school building was on March 3, too. Everyone has been busy preparing for it. It was postponed before because of bad weather. Hope nothing happens this time.

Some of the girls have been sporting new hair do's around school lately. Ann and Mary Joyce have their hair pulled back in curls and, of course, June has had her hair cut short for quite some time. We think all of them are cute. The Medley sisters and Jo added some variety with matching, red and white striped shirts and caps. They're very attractive.

Beverly, we're sorry you have been sick this week and are glad you're back in school. By the way, your new glasses look real nice.

June, that's a cute little Studebaker you're driving. Has your dad changed his mind about going to Clovis in it Sunday? Be careful, it's too pretty to dent up!

Marye, the new Packard which your Dad was driving the other day is something! Indeed, something stunning!

See ya!

SENIOR NEWS

The magazine contest sponsored by the Senior Class was won by the senior boys; the result, a party to be given by the girls to the winners—the boys, of course. What will it be girls—steak or hot dogs?

We were sorry that our girls lost the playoff for second place in the basketball tournament at Vega. They must have been nervous because we all know that they could beat Vega.

The senior class would like to take this opportunity to welcome all the new students who have started to school here since mid-

Wonder why some of the seniors did not want to have their real names placed on their diplomas? They were finally persuaded—why Junior?

To go to Old Mexico, Texas, a park in Oklahoma or Colorado Springs, that is the question now before the senior class. To go one place or another is a big problem to decide—some want to go to Mexico, others to Colorado Springs, and still others just simply don't know! What shall we do? Won't someone make up our minds for us—we don't seem to be able to make up our own. But there are more girls than boys in the class—so—so—so????

This Shouldn't Have Happened

It is unfortunate that persons representing our neighboring Parmer County cities were not in attendance at the annual Farwell Chamber of Commerce banquet Friday night.

It is through social occasions such as this that much good will and better understanding could be promoted. There is a lesson in this

Third Degree for Amarillo News

Friday night was our first real occasion to scrutinize the style and mannerisms of Wesley S. Izard, Amarillo publisher, who was guest speaker at the banquet.

We often have been a little cool toward the journalistic empire that rests itself in Amarillo, for several reasons. The principal reason, we may as well admit, is pure professional jealousy.

"We can't help but chaff when we hear our neighbors discoursing on a story or editorial carried in the Amarillo Daily News and make no mention of The Tribune (their locally owned and operated newspaper) in the same breath.

Some people take on a reserved air of "I'm not talking for publication" when we approach them in an attempt to get details on a story, and then a few minutes later we observe them blabbing feverishly everything that comes into their mind to a reporter of that daily newspaper in the hope that they will get their names (and maybe pictures) into print.

Fortunately, this seldom happens, but when it does, we feel like expressing ourselves in rather vehement tones.

But in spite of these petty journalistic jealousies of ours, which don't amount to much of a sum-total after all, we have a secret admiration for that publication and the people that make it tick.

The Amarillo Daily News was able to whip down competition more than once. The old afternoon Times folded just two years ago. They simply couldn't stand up to it.

Now the News has a monopoly. A very real monopoly. Lack of competition often means a softening of the spine for the monopolistic concern, regardless of what it may be.

We have looked for this softening, and haven't found very much of it. Maybe that's something else that makes us jealous.

One day we sat down and examined a week's collection of the pages of this newspaper to find out, if we could find what was responsible for the astounding pop-

That column was penned by a fellow named Wes Izzard.

So Friday night we looked him over good. He spoke exactly as he wrote. People listened, because he spoke of things with which they were familiar: chores around the home, community pride, and just plain people.

He didn't lose himself in an oratorical flight into the weighty problems hanging 'round the world's neck. He talked about home life. And he writes the same way. People seem to love it.

We were still a devil's-green with envy. But we consoled ourselves with the knowledge that he doesn't have any franchise on that particular approach.

Every week before starting work on another paper, we reaffirm our goal of putting out a better and better newsheet, having appeal to more and more people.

We don't want a 150,000 circulation in three states. We don't want a monopoly on newsgathering anywhere. We want The Tribune to be a builder, a respectful institution in this wonderful part of the United States.

We are meeting obstacles we never dreamed of in striving for this goal, but in spite of a rocky road we shall some day see our purpose realized.

Legion Meeting Is Planned for Monday

Loyde Brewer, commander of the American Legion post, announces that the next meeting of the group will be Monday night at 8 p. m. at the Legion hall.

During the business meeting, plans will be discussed for landscaping and beautification of the Legion property.

Also up for consideration will be changing the meeting night. If possible a date will be worked out for a joint meeting with the Auxiliary.

Brewer also announces that the Legion Zone meeting will be in Vega Tuesday night.

Brewer states, "Our post is still the number one post in the eighthteenth district for percentage in membership quota, having over 150 percent in comparison with other posts."

Elected President of Senior Law Class

Hurshel Harding, who is a law student at Baylor University, was recently elected to serve as president of the senior class of the law school. Class elections are held twice each year and the officers serve for six-month terms.

Hurshel graduated from Farwell High School in 1947 and is the son of Mr. and Mrs. N. R. Harding, who live south of Farwell.

Lake Whitney, near Whitney, Hill County, will become the larvel. Completed in December, 1951 it caught 40 feet of water this spring.

NEWS FROM THE FARM BUREAU

By RALPH SMITH

A telegram from Senator Andy Rogers was received in the Farm Bureau Office the day the membership drive was launched. He said, "Wishing continued success in your fine efforts to strengthen American through Your Farm Bureau Organization. Would like to be with you tonight."

The annual drive for membership renewal and accrual just completed gives Parmer County Farm Bureau 682 members. With over 90 per cent of our farmers enrolled in the "Voice of Organized Agriculture," our recommendations for farm policies can be heard clearly. The officers and directors welcome suggestions from all members concerning legislation or ideas for improving Farm Bureau's service on the local level. If you believe some ideas promoted by your organization are not in the interest of agricultural people, say so. Your suggestions for improvement will be studied and considered faithfully.

Here's what was written, in part, in a resolution of the American Farm Bureau Federation last year concerning one phase of our government: "Federal employment is not a right; it is a privilege and a responsibility. Loyalty to this country is a prerequisite."

There are several new farmers moving in the county from other sections of Texas, and just about everyone of them has affiliated himself with the local Bureau. This indicates they come from an active local, and we want them to feel they are now members equally active. They will bring us new ideas, too.

We are receiving occasional reports on goings on in Austin that the donors know farmers are interested in. You are invited to come in and look them over any time.

Marathon Runners To Go Through Here

A womens cross country marathon—the first of its kind ever attempted—with \$150,000 in prizes for the nations top female stepers was announced today by F. E. Hobgood, Director, U. S. Highway 60 Association, Amarillo, Texas.

The race, open to women from anywhere in the United States will carry from Los Angeles Cal., to Virginia Beach, Virginia, over scenic U. S. Highway 60, shortest paved coast to coast route.

A \$50,000 Hollywood contract awaits the winner, with more than \$100,000 in prizes going to other top flight contestants, Hobgood said.

From the vast stretches of the Arizona deserts to the shady mountain lanes of the south, the women marathon runners will "rough it" all the way. They will eat and sleep on the road. Eating and sleeping facilities will accompany the runners in a large cross country caravan.

A tentative schedule worked out by Harry Harville, U. S. Highway 60 Association president of Tonkawa, Okla., shows the runners will pass through Farwell on June 7, 1953.

The runners will be clocked for each days time on the 2911 mile, 112 day jaunt, with special day prizes going to the best performers each day. Overnight stops will be made in the cities, towns and hamlets along U. S. Highway 60.

The race will begin April 28 in Los Angeles Cal. and will end Aug. 21 in Virginia Beach Va. The runners are expected to pass through the Queen Creek tunnel at Superior Arizona on May 16, which is dedication day at tunnel.

The dedication ceremony is held in conjunction with the U. S. Highway 60 National Convention to be held in Show Low, Ariz., May 15 and 16. There is no age limit for contestants, Harville said, except that girls under 18

must have written consent of their parents.

Contestants will be selected by a special board of the U. S. Highway 60 Association. Requests for entry must be made before March 31, with "Highway 60 Marathon, Box 185, Tonkawa, Okla."

No entry fee is required, Harville said. The only prerequisite is the physical stamina and courage required to walk or run 26 miles per day.

Three Brotherhoods Meet in Farwell

Texico-Farwell, Oklahoma Lane and Bovina Brotherhoods of the Baptist church met Monday night at Farwell in a joint session, with the Bovina men presenting the program. About 42 men were present.

Laymen of Bovina were speakers for the evening, and A. L. Glasscock discussed "Be Not Slothful." Al Kerby presented special music, and a quartet composed of Walter and Ed Hardage, James McDorman and E. K. Miller, rendered special numbers.

Refreshments of coffee and doughnuts were served.

The real bargain in cooking is electric cooking, for electric cooking is matchless seven ways and costs just seven cents a day.

The speed of electric cooking—all the heat goes into the cooking task, cutting down food shrinkage—added to the sootless, smokeless cleanliness you get only from electricity, brings you real homemaking economy.

Cook the matchless, modern way—of course, it's electric.

Church Gives Social For Senior Classes

Tuesday night marked one of the year's most looked-forward-to occasions for the seniors of both Texico and Farwell schools, for it was the night of the annual joint banquet given for them by the Texico-Farwell Baptist church.

The invocation was given by Rev. C. M. Fields, and Mrs. Fields introduced the master of ceremonies. There had been a mix-up (strictly a phony one, of course), and four seniors were introduced in turn before it was discovered that Ronny Ferguson, president of the Texico Senior Class, was to be the emcee. Following a brief introduction by Ronny, Mrs. E. G. Williams gave the welcome address.

In her talk Mrs. Williams compared the situation in Texico-Farwell to the statement made by Kipling, "East is East and West is West and never the twain shall meet." She pointed out that although the two towns were only separated by a few rails, they were worlds apart in friendly intimate relations. She stated that the purpose of the banquet was to bring East and West together, and promote a better understanding between the classes.

Jo Hanna, Farwell senior, gave the response to the welcome.

Following the dinner, Buil Dolar gave a reading relating to his experiences in "punctuation."

Five students from New Mexico A & M College presented special music. They were Misses Sue Clark, Shirley Alford, and Joyce Ragsdale; and Durward and Jerry Mayfield. They sang "All over God's Heaven" and "Just a Kiss," accompanied by Miss Clark at the piano. Then Miss Alford sang "Smoke Gets in Your Eyes."

Speaker for the evening was Guy F. Windstead from New Mexico State College. He stressed the fact that one must hustle while waiting for success. He told of numerous examples of Thomas Edison's experiments, and perseverance in completing tasks, and said that a person who is a clock watcher will not succeed.

"One must go beyond the point of clock-watching, if he is to go on to success," said Windstead.

Following his talk, the young people closed the program by singing "This Is My Father's House."

Theme for the banquet was St. Patrick's Day, with decorations in green and white. Centerpiece for the speaker's table was of yellow jonquils and white and yellow snapdragons, arranged around a green shamrock. White shamrocks with green lettering were featured as placecards, and green shamrocks inscribed in white opened to reveal the program and menu.

Tiny green graduation caps were filled with mints and nuts, and napkins were decorated in the St. Patrick theme. Green and white candles set in floral ice flanked the centerpieces on either

side, and provided illumination for the meal.

Favors were from various colleges, and included note-pads and pencils from New Mexico A & M and ENMU and a sticker from Howard Payne College.

Menu included turkey and dressing, giblet gravy, English peas, cheese and pineapple salad, cranberry sauce, hot rolls, iced tea, and ice cream.

Meal was prepared by members of the WMU of the church, and served by the Daughters of Ruth class.

Okla Lane Church Plans Special Course

The Oklahoma Lane Methodist Board of Education met Monday night, March 2, and decided to have a leadership course for all the teachers in the Sunday School to become better acquainted with the new literature. Mrs. Tom Foster has asked Mrs. Vernon Estes of Bovina to teach the course and they will decide upon a date in the near future.

It was also agreed that the vacation bible school will begin May 31 and close June 7. All children will be invited, and it is hoped there will be an average attendance of a hundred or more.

The regular teachers will be asked to plan the sessions, although all volunteer helpers will be needed and greatly appreciated.

The teachers are as follows: nursery, Mrs. G. A. Bandy and Mrs. Eugene Rea; kindergarten, Mrs. Sam Billingsley and Mrs. Tom Foster; primary, Mrs. Tom Lindop and Mrs. Lawrence Cooper; junior, Mr. Wendol Christian and Mr. Luther Grissom; intermediate, Mrs. Lee Jones and Mrs. Wendol Christian; MYF, Mrs. James Roach, Billy Jo Foster and Eugene Rea; harmony, Mrs. Truman Kent and Mrs. Melvin Suderth; young adults, Mrs. Eugene Snodgrass and Doyn Merriman; and the adult class, Claud Primrose and Mrs. Clarence Christian.

The pastor, Rev. Vernon Willard and Supt. Melvin Suderth will be asked to supervise the workshop for the boys, and "we hope to have Mrs. Billy Jo Foster, June Christian, Carryetta Grissom, Marcia and Betty Foster to help with music and recreational activities," the reporter says. Any others who wish to help, are asked to contact Mrs. Doyn Merriman.

BILLINGTONS VISIT IN OKLAHOMA LANE
Mr. and Mrs. Sterlyn Billington visited in Oklahoma Lane Sunday, with Mrs. Tom Foster who is ill. She has recently returned from the hospital, and is doing as well as could be expected, according to Mrs. Billington.

David Anderson of Bovina spent the weekend in the home of his grandparents, the Johnnie Williams.

"An Old Kentucky Garden" Is Tonight

"An Old Kentucky Garden" is the title of the annual operetta to be presented by students of Farwell high school music department Friday night in the high school auditorium. Mrs. Erma Jobs will direct the production, which features the songs of Stephen F. Foster, original costuming, and a large cast.

Musical numbers are familiar as all of Foster's numbers with such favorites as "Jeanie With the Light Brown Hair," "Old Folks at Home," "Come Where My Love Lies Dreaming" and "Beautiful Dreamer." All types of musical renditions are devised for presentation: solos, duets, quartets or chorus numbers.

Included in the cast are: Stephen Foster, Lavon Jones; Jeanie, Colonel Staunton's niece, Shirley Smith; Colonel Staunton, poor but proud, Dudley Hughes; Phillip, Jeanie's fiance, Dick Felts; J. J., Phillip's fiance, Marylin Austin; Also Hannah, thrice a widow, Kayla Felts; Henry Blow, a gold prospector, Jerry Don Utzman; Richard, Jeanie's lover, Howard Jenkins; Majundahr, a magician, Ysleta Brown; Joe Buzzard, a greedy money-lender, Pudge Rose; Elmina, William, Seth, Adaliza, guests, Joan Cochran, Truitt Hardage, Gerald Hardage and Darlene Sprawls;

Lily and Tom, colored singers, Betty Curtis and Don Gerries; Mr. Moneyfold, Mr. Artichoke, music publishers, Frank Gulley and Philip Crume; and guests, plantation chorus, members.

Hannah, (Kayla Felts) is love-stricken and gives a humorous touch to the operetta, especially with her comic rendition of "No One To Love." Jerry Don Utzman as Henry Blow, "a wild wooley prospector from California" is fond of Hannah.

Intrigue is furnished when Jeanie's heirloom ruby is stolen. Costuming for the period production is in the Civil War era, a reporter states.

Advance tickets are on sale by chorus and band students. Purchase admits patrons to the operetta Friday night and to the annual band concert on April 21, for \$1 for adults and 50c for students. Mrs. Jobs says tickets for the operetta itself are 50c for adults and 25c for students.

"The chorus department is in financial stress and hope ticket sales for the operetta will alleviate this problem" says the instructor, and she adds "we do have a good show for the patrons."

The operetta is scheduled during Public Schools week and furnishes patrons another chance to see "democracy in action" by visiting and supporting the local school.

Gleaners Class Meets In Asa Smith Home
Mrs. Asa Smith was hostess to members of the Gleaners Sunday school class Monday night in her home. Letha Roberts gave the devotional for the evening on "Sickles and Sheathes in the Harvest of God."

Offer Scholarships In Five 4-H Programs

Five national 4-H award programs highly important in training rural boys and girls in farm and home projects are being continued in 1953, the State Club Office has announced.
The programs and donors are: Canning, Kerr; Clothing, Spool Cotton; Food Preparation, Kelvinator; Garden, Allis-Chalmers; and Home Improvement, Sears-Roebuck Foundation.

Based on latest enrollment figures, it is estimated that more than 1/2 million club members—both boys and girls—throughout the nation will participate this year in the five programs in which they will make or remodel 2 million garments, plan and serve 13 million meals, can freeze 8 1/2 million pounds of foods, and make 430,000 articles to improve 115,000 rooms in their homes.
Incentives for top records of achievement in each of these programs are honor medals, trips to the annual 4-H Club Congress in Chicago, and \$300 college scholarships to county, state and national winners, respectively.
County Extension Agents will furnish complete information on any of these programs, all of which are supervised by the Cooperative Extension Service.

1st Lt. Duane Sprawls Writes From Mainz, Germany

Printed below is a letter from Duane Sprawls, son of Aubrey Sprawls of this city who is stationed in Germany. The letter is written to Mrs. W. H. Graham, and tells of the conditions in Europe today.

Mainz, Germany
February 22, 1953

Dear Mrs. Graham,
The other day it was a most pleasant surprise to receive a package with the return address, Tribune, Farwell, Texas. Naturally I hurried, opened it and found that delicious chocolate fudge and the stuffed dates. That was a very clever idea of leaving the fudge in one big chunk rather than cutting it up. It was all just as fresh as when you mailed it. Thanks a million for remembering me.

Glancing back at your Christmas card, which was also appreciated, I noticed you ask that I tell you what it is like in Germany. It is rather difficult to write about any subject without being influenced from many sources concerning that subject. One draw back that we here in the American Army in Europe have, when viewing Germany and its people, is that we live in an American Community here and most of our daily contact with Germans is with those who can speak a little English or work for the U. S. Army. Therefore we don't always get the correct attitude of the German people here in this area or Germany as a whole. Keeping this in mind, here are some of my impressions.

You have read much about the European countryside I suppose. Conservation is the byword for German farmers and also city folk.

By American standards, nothing is wasted over here. No farm land is taken up in fences. No tree is cut down without permission of some government authority. Wood is a scarce item and expensive for German people to buy. For this reason most all houses and buildings are made of rock or brick. Most all houses have the type windows which open like shutters. One is always seeing German folk leaning out of windows watching what is happening in the streets. Screens on windows are almost unheard of.

German housewives air bedding very regularly by putting it on the window sills in the morning. This is very noticeable because 99 per cent of the houses

are at least two stories tall and this bedding is always being aired from the upper story windows.

Very seldom does one see a farm house sitting by itself. The farmers all live in small communities not too far from their farms. Over here picture a small community every 1 1/2 to 2 miles in any direction. In other words there would be at least 5 small communities between Farwell and Bovina if they were in Germany. Now don't get the idea these communities are complete with all facilities which we know in small towns in the U. S. About the only consistent building you will find besides the houses and barns is at least one church complete with steeple in most all cases. Narrow streets in the small towns or large cities is generally the rule. Most all communities are connected with paved or cobblestone streets. These cobblestone roads are rough in any type vehicle, but they are especially hard on American cars. Almost no building, no matter where located, is without electric service. Remember Germany has all Government owned electric power plants and transmission lines.

They seem to get along fine, however. Very little electricity is used by the average German except for lighting purposes. If they started adding electric ranges, re-

frigerators to a greater extent, and many other appliances which we Americans think common, it would cost the German tax payer a good sum of money revamping their power system. Along this line, one sees many steel electric transmission line poles rather than wooden as we see in the U. S.

Streetcars are very common along with busses for transportation in and between cities. Trains are used much more for travel to and from work than they are in the U. S.

Cities in general. In the American zone of Germany the people are making good headway in repairing damage done by the war. In fact, all over west Germany such progress is going on. Back in the 1930's Hitler had a public works program something like Roosevelt's WPA and other governmental bureaus designed to help correct the depressed economic condition of the U. S. The Autobahn highway system is probably the most noticeable benefit received from Hitler's program. This is a wonderful 4-lane divided highway system which joins large cities in both east and west Germany.

It is really a pleasure to drive on the Autobahn. However some of Germany's highways are not really highspeed smooth roads. (Cont. on last page, this section)

SENIORS OF THE WEEK

Jesse Cox was born, when I asked when, he said, "Yes". His favorite food is something to eat, favorite sport is something to play with, favorite subject is nothing, favorite teacher is "What's that," favorite car, model T, favorite girl "never heard of them."

Jesse went on his first date when he was 12 years old. He said he went with a girl and they went to a party. Jesse's childhood ambition was to be president, his present ambition is "to get out of this place," and his future plans are unknown.

Jesse is a mess, don't you think????

Jo Hanna was born June 7, 1935. Her favorite food is enchiladas, her sport is baseball, her favorite subject is "none of them." Her favorite teacher is Miss Condron, her favorite car is "any of them, jus as long as it has a boy in it." Her favorite boy is, "That's a good question." Her first date was at the age of 12. She went to a party with Neal Walls.

Jo's childhood ambition was to be a nurse, her present ambition is to finish school, and her future ambition is to run around and have fun.

FRESHMEN HAVE PARTY

The Freshman Class had a party, February 14, 1953. The following people attended: Truitt Hardage, Gerald Hardage, Elaine Magness, Linda Kube, Marilyn Austin, Agnes Kriegel, Betty Rounton, Eddie Smith, Betty Hubble, Jerri Allison, Gynna Davis, Dan Hammonds, and Shirley Atehley. Doris Harriman, Jerry Venable, and Jerry Owen were visitors who enjoyed the games and refreshments.

Four of the freshman boys have gone to El Paso to see the stock show. The boys attending the show were: James Norton, Jerry Don Utsman, Troy Christian, and Harvey Lesley.

FHA NEWS

Twirp season is coming—we are warning all concerned. It will begin March 30 and will end April 4, 1953. The season will end with a twirp party. In an effort to raise money for the FHA it was decided to charge 50c a couple for each couple that attends. The girls, of course, paying the 50c—boys you are lucky!

Isn't it wonderful girls, at last the boys will have the opportunity of saying "no" when a beautiful young lady tries to date him! Take your pick boys you can now say "no" to the most glamorous one of them.

Texico Wins Fourth In District Six Play

Texico's Wolverines won their first game in the District VI Tournament at Portales last weekend, but lost the two succeeding one to come out-fourth-best team in the district.

Their first game pitted them against Ranchvale, and in a slow-scoring first half it appeared that the Wolverines might be on the losing end, but in the second period, Jim Moss began to connect with the goal, along with Arlye Crooks who sparked his team with 31 points. Final score found Texico out in front, 59-41.

Friday night, the Wolves met the Clovis Wildcats, and were defeated 74-48. Arlye Crooks again paced the locals with 24 points, and James King scored eleven.

In the game Saturday night, the team met the Dora Coyotes to decide the third and fourth place winners. Dora defeated them 70-34 in a game in which the local lads couldn't seem to get started. Crooks made 16 points to lead the scoring for his team, again.

The team was presented with the game basketball instead of a trophy.

"This winds up basketball for the Texico boys and we have begun working out for track, says Coach Stockton.

Farwell Grade Teams Take Wins at Friona

Farwell junior high teams traveled to Friona Thursday and defeated their teams in three games.

The grade girls beat the Friona lasses 25-7, while the grade boys racked up a 30-14 win over their opponents. Louetta Perrin was high-point for the local girls, and Jerry Owens scored 17 points for the boys.

The ninth grade boys had a more difficult time in winning their game, with the final score 27-24. Bert Williams was outstanding scorer for this game, with 17 points.

This closes junior high basketball for this year, and volleyball and track workouts are under way. Thirty-six boys are working out daily. There will be both a grade and junior high school track team.

Mr. and Mrs. Will Parker were luncheon guests in the Sam Randolph home Sunday. The Parkers are from Bovina.

Mr. and Mrs. Buddy Jones are back in Farwell after an extended stay in Pharr, Texas.

Mr. and Mrs. Ralph R. Black of Portales were in Farwell Sunday visiting friends.

Track Workouts Start At Farwell School

Twenty-three high school boys are working out daily for the track team. The way events are shaping up, it appears that almost every boy will be entered in the nine running events and five field events as each school may enter three boys in every event except the two relay teams.

Shelby Jobs states, "Early conditioning is the thing being stressed for the first two weeks. Boys are being picked for their events and will concentrate on them for the district meet. Several meets are planned, probably a dual, a triangular, and a quadrangular will be entered to add interest to the track season."

SPRAWLS' LETTER— (Continued from page 5)

They serve the purpose however. I started to say something about cities in general but didn't get too far along. Far more people rely on public transportation in cities here than they do in states. The train depot, known as the Banhauf is the local or central point for all ground transportation within the city. All streetcars, busses and trains stop here. Taxi service usually centers here also. This is rather fortunate for American servicemen in that we can usually pick up enough of the German language to ask any citizen where the Banhauf is located.

Speaking of German citizens reminds me, they have many peculiar traditions to the American way of thinking. Number one is the fact that everyone from the 4 year olds and up carries a brief case of some type, both men and women. I asked a man the other day when this tradition started and he couldn't tell me. He said he had been carrying one ever since he could remember. He is about 35 years old now. One sees the Germans carrying everything imaginable in them. Make excellent shopping bags. Everyone shakes hands when they stop to talk. Kids and all. Men tip their hats to each other as well as women when passing on the street. This is their passing greeting.

Again remember these are strictly my own observations and ideas.

German parents seem to treat their kiddos up to 3 years old with much more attention, than do American parents. I'm sure many parents there in Farwell would disagree immediately. Wish they could see how Germans dress these kids and all babies have an elaborate buggy.

Two businesses which must be never ending here are the baby buggy and brief case making and selling business.

As far as the general attitude between the Germans and American servicemen is concerned I'm not too sure. Naturally any country resents another's army on its soil. Traditions and customs differ

considerably also. However, incidents between service personnel and the German population are relatively few. The West Germans generally seem to realize that if it were not for our presence they would be in the same condition as those people in east Germany. So long as they cannot have a well equipped army of their own they have to have protection of some kind, even though we may be a necessary evil as far as they are concerned.

Personally, I like the German people as well as any of the people of the large nations of Europe. They are the most progressive of any. In fact, they are so near like Americans, with exception of language, naturally, as any of the continental Europeans.

Sometimes we wonder how Germans could have become so strong and been so successful in World War II before the US intervention. I think of it this way.

Lets hope that twenty years from now we are not fighting them again along with some iron curtain nation or group of nations.

The west Germans seem to be sold on the idea of freedom as the Western Powers see it. However these people are great followers and supporters of their leaders regardless of whether they are good or bad. It will be profitable for us to culminate Germany's friendship and confidence for the future. They are the potential power of Europe again.

"COOK DOUBLE, LESS TROUBLE". Now there's a good slogan to go by as you try to make the minutes go further in your busy life. Many foods used often at meals can be cooked in larger amounts so you've enough for two—or more meals. And all done at one time. Plan to cook double amounts of these foods so you have a head start on a second-day menu. Then the left-over portion is really a save-over. Here are some good items to cook for two-time serving.

- Roast beef, pork, lamb or ham
- Meat or fish loaf
- Rice
- Potatoes
- Beans (lima, navy, kidney)
- Noodles or macaroni

A ROSY SALMON LOAF, for instance, makes the main dish for a couple of meals. Cream of celery soup is used in the loaf and over it for a hot creamy sauce. You'll like this recipe for special Lenten meals.

Celery Salmon Loaf
2 cups (1 1-pound can) salmon, with juice, flaked
1 1/2 cups dry bread crumbs
1/2 cup minced green pepper
2 eggs, slightly beaten
1 can (1 1/4 cups) condensed cream of celery soup
Combine ingredients as listed and mix. Pack lightly into a greased, small loaf pan. Bake in a moderate oven (350° F.) for about 1 hour or until done; turn out on a warm platter. Makes 6 servings. Heat additional cream of celery soup to serve as sauce with loaf. (Blend 1 can of soup with 1/2 cup milk for sauce.)

Sweet Potato Volcanoes—Novel Way to Serve a Favorite Vegetable

As every woman knows, it's a day-in, day-out problem to present the same familiar foods in new ways that look appetizing, taste good—and to do it all with a minimum of fussing. That's why you'll enjoy Volcanoes. The very sight of the dish as it comes hot and browned from the oven stirs a quiver of anticipation.

The base is sweet potatoes whipped up with canned apple sauce, thus mingling two familiar and favorite foods for a new taste. Then beaten egg and cracker crumbs are blended in, and melted butter, nutmeg and salt. The mixture is sectioned, each part swirled and patted into a firm-standing little mound, topped blithely with a marshmallow, and then all are slid into the oven to brown. Quick and easy to fix, as you can see. Yet the result is a fine, fair dish to serve with meat, particularly pork chops or baked ham—since anything with apple sauce has natural affinity to pork.

Canned apple sauce goes a long way to make this the simple dish it is to prepare. Ready-to-use apple sauce is of a smooth consistency that mixes readily. Extra special in taste, too, since the apple sauce you buy in cans or jars is a combination of two or more varieties of tart, juicy apples, skillfully blended for flavor.

The world's largest walled swimming pool, fed by 26,000,000 gallons of water daily from San Solomon Springs, is located in Balmorhea State Park on highway 290 four miles southwest of Balmorhea.

FHA Trip To San Antonio Given

By Marcella Verner

The FHA left Bovina at 6:20 a.m. Thursday and arrived at San Antonio at 6:15 that evening with all present. Part of the girls went to the Majestic Theater, with the rest of the girls staying at the hotel or going to another show.

The next morning we hopped out about 6 o'clock and got dressed and ate breakfast. Then we went to the candy factory. When we were going through, we saw them making candy. We could eat all the candy we wanted and we were made use of the offer. Then when we got out, the candy company gave each of us a box of candy. When we came staggering out of that, we were nearly sick.

Then we went to the Governor's Palace. It was really pretty and everyone enjoyed it very much. Next we visited a villa. All of the girls bought a sombrero. We all look like we were from Mexico. After we bought them out, we went to one of the old Missions. It was well worth our money. It showed us how the Indians lived.

After dinner, some went to the Alamo and others in the hotel and rested and went shopping. That night, we ate a Mexican supper, which was very good. After we had eaten, part of the girls went skating and the others went to the show.

The next morning we all met, the FHA and FFA and went to the zoo. Part of the girls went horseback riding and others kept looking at the zoo. We ate dinner and ordered chicken. Yum.

After dinner, we went to the Rodeo. While we were there, we saw Rex Allen and his horse. After the rodeo, we ate supper. Then part of the girls went on dates with the boys. We all had a set time to get in. We got in and stayed up pretty late.

Next morning, which was Sunday, we all rolled out of bed and packed our clothes and came home, with all present.

The FHA girls wish to thank Mrs. Young, J. W. Ashcraft, Mrs. J. T. Jones and Mrs. Herman Henson for taking us to San Antonio. We also want to thank Mrs. Wil-

loughby for letting us go. We all had a swell time.

Girls making the trip were Wannette Turner, Dyalithia Bradshaw, Lillie Ellison, Marcella Verner, Irene Jones, Sandra Jefferson, Pat Burnam, Dorothy Jones, Willa Mae and Ruby Wilcox, Margaret Verner, Sue Hoffer, Janie Alverson and Evelyn Steelman.

Friena Chieftains Defeat Mustangs

The Friena Chieftains defeated the Mustangs on Tuesday night at Friena for the second place trophy of District 11-B. The Mustangs played one of their best games of the season and it wasn't until the final stages of the game that Friena was able to pull the game out of the fire. It was a close game with both sides taking the lead several times. Bovina led at one time by six points which was the greatest margin at any time during the game.

The Chieftains led at the close of the first quarter 10-9, but Bovina held a two point advantage at the half. They had fallen behind against as the third period ended 38-34. The final score was 51-48.

Read of Bovina paced the scoring hitting the bucket for 19 points. D. O. Robason of Friena led their scoring with 15 points.

The Bovina team and fans are looking forward to a great year next year. The team has improved greatly since the beginning of the year and they will have their year, not even losing a sub.

Bovina Girl Scouts Begin Cookie Sales

Annual Girl Scout cookie sale is being held this week in Bovina. According to Girl Scout officials, "this is the time when everyone in the community has an opportunity to say thanks to the scouts for the work they have done in the city in the past year." "Do your part by purchasing a box of Girl Scout cookies," say the officials.

Mrs. W. J. Wade returned home on Wednesday after visiting in Amarillo with the Max Wades.

Earl Hartley Guest Speaker at Banquet

The annual Blue and Gold Banquet for the Cub Scouts was held in the cafeteria of the Bovina High School, February 24th, with about 75 people present.

Special guests for the evening were the parents of the Cubs: Mr. and Mrs. Earl Hartley and their son of Clovis; and the Cub Master, Rev. M. D. Durham and Mrs. Durham and their daughter, Marvalynn. Mr. Hartley gave a short resume of the history of Boy Scouting and how Cub Scouting became a reality in the United States. Later in the evening he delighted the group with his "Country Boy" act.

The tables were covered with the Cub colors, blue and gold, and a large blue and gold cake decorated with "B.S.A. 43 years" made the center piece and was flanked with gold candles, on the head table. The gold candles were used on all the tables. Each family place card was a Cub Scout made of pipe cleaners and was cleverly used as a program prop.

Table decorations were planned and supervised by Mrs. Gene Ezell, who is Den Mother for Den 1.

The Star Spangled Banner was played at the beginning of the program and the flag was under a spotlight during the playing of the anthem. The Cubs all took part in a skit "My Hero." Mrs. Pete Davies was director of entertainment for the evening. She is Den Mother for Den 3.

Also assisting was Mrs. J. T. Jones who is Den Mother for Den 2.

The menu consisted of fried chicken, creamed potatoes, corn, tossed salad, hot rolls and butter, cake and ice cream and coffee and punch. All Cub Scout mothers took part in the preparation of the food. Mrs. Jack Wolman was foods committee chairman and was assisted by Mrs. Pete Davies and Mrs. Bill Liles in the planning and arrangements for the banquet.

A Cumpston gave the invocation. They had the cake ceremony, lighting the candle on the birthday cake that represented the 43 years of Cub Scouting in America. The cubs sang Happy Birthday while the candle burned.

Rev. M. D. Durham, presented two Bobcat pins to Eugene Conley and Tommy Snodgrass. The Cubs closed the program singing "This Little Cubbing Light of Mine." The entire group present read the benediction from their programs.

Brief Resume Given On FFA Short Trip

The Bovina FFA boys left for San Antonio the morning of Feb. 26th at 5:30 a.m. Twenty-five boys made the trip. The first day was fairly un-eventful except for a blow-out on a rear truck tire and getting on the wrong road once. They arrived in San Antonio about 7:00 p.m. Lunch for the day was in San Angelo.

Three nights and two days were spent in San Antonio, where lodging was secured at the Blue Bonnet Hotel. Among points of interest visited were: going to the Fat Stock Show and Rodeo, Breckenridge Park and the zoo, the Alamo, Buckhorn Saloon and Museum, Majestic Theatre and several others. Some of the boys rented motor scooters and had quite a time seeing the town—also getting lost.

They left at 7:30 a.m. on March 1st eating lunch at San Angelo again and arriving at Bovina about 8:30, tired, sleepy and broke, but very well satisfied with their trip.

Plans are well underway by the juniors for their annual banquet honoring the seniors. The banquet will be held on March 20th.

Paper Gives First Hand Lincoln Account

"Mrs. Hazel Rigdon, Bovina fourth grade teacher, brought to our attention an old edition of the New York Herald which was the Abraham Lincoln Memorial Edition published in 1865," administrators say.

The headlines emblazon the edition with reports of Lincoln's assassination and the assault on Secretary Seward. The article reads: "IMPORTANT" "President Lincoln shot at the theatre last evening. Secretary Seward daggered in his bed but not mortally wounded. Clarence and Frederick Seward badly hurt. Assassins escape. Intense excitement in Washington. J. Wilkes Booth, the actor, the alleged assassin of the president.

This article and other articles of interest were told first-hand in the edition. There was also news of General Sherman and the move of his army southward and General Johnson and his maneuvers.

A large part of the paper was given to descriptions of various diseases and ailments, their symptoms and preventions. There was a good description of the human heart, mention of some of the heart diseases, and a discussion pro and con on whether heart diseases can be treated.

TO AREA MEETING

Mrs. Norene Young, Homemaking instructor, is planning to take several of the FHA girls to Lubbock for the Area Meeting of the State FHA. This is the first meeting of the year and included on the business agenda will be the election of officers. They will present skits, with the best skit selected going to the state meet. They will have a tour of the Texas Tech campus, where the meeting will be held, and will see new ideas in Homemaking. About 3000 area girls will attend the meeting.

Mrs. Bobby Englant underwent an appendectomy at Parmer County Hospital last week. She has a little daughter only about three weeks old. The doctor said her appendix had ruptured some time ago. She is showing much improvement and was doing well the first of the week.

The monthly meeting of the Bovina PTA will be held on Monday, March 9 at the school auditorium at 7:30 p.m. The Boy and Girl Scouts will have charge of the program. Every parent is urged to attend the PTA meetings.

"If you wish to read the paper, come by Mrs. Ridgon's room. The article is very interesting and educational," officials continue.

Facts Given On Education Cost

Supt. W. H. Willoughby of Bovina submits the following information to The Tribune for publication.

"Your child's education in the Texas public schools costs less than the hourly rate charged by the youngest baby-sitters," Charles H. Tennyson, executive secretary of the Texas State Teachers Association said today.

"A lot of people talk about the high cost of education," Tennyson said. "Actually, during the 1951-52 school year, the actual cost per classroom hour for each child was only 21 cents."

Figures for the 1951-52 school year are the latest available. Total public school costs for that year were \$318,963,078, according

to figures compiled by the Texas Agency. Average daily attendance was \$1,213,000. Dividing that figure into the total cost shows that \$262 was spent that year for each child.

Dividing \$262 by 180, the number of school days, gives a cost per day of \$1.45. Dividing \$1.45 by seven, the hours in a school day, gives an individual per hour cost of 21 cents.

"The attendance of your child in school means a lot to the school. Try to have him or her every day that is possible," Willoughby adds.

Mr. and Mrs. H. A. Nickles of San Antonio visited last week with their daughter, Mrs. Ronald Berggren.

Schedule Changed for Junior Tournament

The games in the Bovina Junior Tournament will get underway on Thursday night, rather than on Tuesday night as previously planned. Several teams dropped out of the tournament and they re-arranged the schedule to eliminate the Tuesday games.

Games on Thursday night, will begin at 5:00 p.m. with four games being played. These will include both boys and girls games between Lazbuddy and Bovina and Sudan and Friona.

On Friday night, the games will again start at 5:00 p.m. and will pair Texico and Grady and Bovina "B" and Kress with both girls and boys games.

Saturday morning will see the semi-finals being played in both boys and girls brackets for consolation with the championship semi-finals following in the afternoon. Finals will be played Saturday night.

Prices of admission will be 25c and 50c. The tournament is being sponsored by the Bovina Student Council. There will be trophies awarded for first and second in both consolation and championship brackets and individual basketballs for the all-tournament teams.

Rev. I. T. Huckabee spent Tuesday and Wednesday at Ceta Canyon with all the preachers of Plainview district in a retreat.

METHODIST CHURCH NEWS

Sunday night, March 8th, at 7:30, the Bovina Methodist church and the Oklahoma Lane Methodist church will have a joint meeting at Bovina. Guest speakers will be Mr. and Mrs. Sam Hilburn who sail for Japan March 31st. Both of the Hilburns are interesting speakers and the public is invited to come and hear them. The Hilburns are being returned to Japan as missionaries from the Plainview District.

Next Sunday is "Bring A Friend Day" at the Bovina Methodist church.

The Board of stewards met Wednesday night among other matters they discussed the need of expanding their building facilities to more adequately take care of the departmental work of the church school.

The WSCS met Tuesday afternoon at 2:30.

The pastor announces the Sunday morning sermon topic "What Are You Worth?"

A new Sunday school class has been formed known as the "Friendship Class." It is composed of young adults out of high school (married and single) Mrs. Margaret Caldwell is the capable and efficient teacher. Any young adults not in a Sunday School class are invited to join this class.

The Dorcas Circle met Wednesday with Mrs. Loyd Battey. The Wesleyan Service Guild met Thursday night at the church. Program was under leadership of Mrs. Williams. Mrs. Durward Bell served refreshments of coffee and pie.

St. Patrick's Theme Used for Banquet

The eighth grade class of Bovina Junior High had their annual banquet Friday night, Feb. 27 in the Homemaking Dining room of the Bovina High School.

The "Saint Patrick's Day" theme was used. The speaker's table was decorated with a mirrored centerpiece with a white basket holding white snapdragons, yellow asters and Italian daisies.

Denny Ware class president, acted as master of ceremonies. Bedford Caldwell gave the invocation. The members of the class rendered an interesting and entertaining program. "April Showers" was sung by Wilbur Dee Pounds, Ellen Berry, Julia Kello, Leon Richards and Philip Caldwell, accompanied by Mrs. R. E. Everett at the piano. A piano solo, "Glow-worm" was given by Helen Hartzog. The class prophecy was given by Bobbie Jean Murrell.

Special Irish melodies were presented by Mrs. R. E. Everett. Supt. W. H. Willoughby was principle speaker for the evening. A delicious dinner prepared by the mothers was served by the seventh grade girls.

About fifty fathers and mothers, twenty-five students, class sponsor, Miss Eva Simpson, Supt. W. H. Willoughby and Principle and Mrs. R. E. Everett enjoyed the occasion. The class, chaperoned by three room mothers, Miss Simpson, R. E. Everett and Mr. Drager went to Clovis to the show after the dinner. All departed at a late hour, expressing thanks to the mothers and fathers for such an enjoyable evening.

Your ironing's half done before it's begun

An automatic GAS clothes dryer cuts ironing work in half!

Play clothes, pajamas, underwear, work clothes, towels, bed linens come from an automatic Gas clothes dryer fluff-dried, wrinkle-free, ready to put away. These items, which make up most of your wash, need no ironing at all. Pieces which do require ironing can be damp dried so exactly right that you never have to sprinkle, slow down for wet spots.

An automatic gas clothes dryer saves so much time and work that your entire laundry job... washing, drying, ironing... can be done easily in a few hours, instead of spread over several days. A gas clothes dryer is economical, too... actually cuts clothing and linen bills, costs less to operate and install than any other automatic dryer.

Twenty Men Attend Lions Club Meeting

The Friona Lions met Thursday in the Friona club house with twenty members present. Singing was led by Lion Foster. Invocation was given by Rev. George Meyer.

Meal consisted of barbecued pork chops with all the trimmings. Pie and whipped cream were served for desert.

Lion Edelman gave a report on the play to be given by the club, and it was decided that any feminine part would be played by men of the club. The black-face play books have been ordered.

Lion Foster announced that a charter club supper is being planned by the Bovina Lions Club, and a special invitation has been issued to the Friona club.

It was announced by Robason that the Lion sweetheart is eligible as a candidate for the queen at the state convention of Lions Club. Members then decided to send the sweetheart to Borger, for the convention, June 12, 13, 14.

Lion Foster announced that a bloodmobile would be in Friona June 4 sponsored by the Red Cross. All blood donations go to the fighting forces overseas.

A talk was given by the Boy Scout executive, Mr. Teague, on Scouts in America, and about sending a representative or a scout from Friona to the National Jamboree in California this summer.

Scout Adams presented the Troop Charter to the Lion Club, which is authorization to carry on the Boy Scout program for Troop 56 of Friona. Lion Frank Spring announced that at present, 29 boy scouts and 50 cub scouts are active in Friona.

The clean-up committee was appointed, consisting of Joe Douglas, W. L. Edelman and Lion Foster.

FHA Girls Sponsor Amateur Program

The FHA amateur show that was sponsored by the Friona girls was a great success, last Thursday evening in the Friona High School auditorium. The girls baked pies which were auctioned during the show.

The show consisted of dancing, singing and different kinds of music. First prize in the older group went to Don Lewis and Myrtle Stafford, who sang a song, accompanied by Lois Latham. Second place went to Virginia Landrum, who gave an old-fashioned dance. In the young group, second place went to Billy Don, who sang a song accompanied by his mother at the piano, Mrs. John Thomas.

Girls were reported to have taken in a little over \$100 from their bake sale.

Safety Theme Writers Named by Club

The week of February 16 to 21 being Safety week, the Friona Woman's Club sponsored a safety theme event giving first and second prizes to two groups. The first group consisted of the tenth, eleventh and twelfth grades, the other of the seventh, eighth and ninth. Many themes were submitted. Gay Ann McFarland won first in the senior group with her "Safety in all Phrases" and Denise Magness won second on "Safety from Communism." In the junior group, Jimmy Mabry won first with his "Traffic Safety on the Highways." Second place went to George Terry with his "Safety in the Homes." Honorable mentions went to Cleta Rea Stowers, H. V. Rocky, and to Dean Buske.

Frank Spring Named To Finance Board

Monday of this week, Frank A. Spring received a telegram notifying him that he had been appointed by Governor Allan Shivers as a member of the State Finance Board, for a 6-year term.

Spring is now executive vice-president of the Friona State Bank. He is 42 years old, married, and has two children, a daughter, Mary Tom, and a son, Frankie. During World War II, Spring served on the rationing board here. He is active in Civic Work with the Chamber of Commerce, Lions Club, Boy Scouts and Masons.

PLAY HEREFORD

Friona played two ball games at Hereford Monday night. The grade school lost 18-27 and the freshmen lost 19-5. High point man for the grade school was Wesley Barnett. Hereford froze the ball in the last two minutes of the game. This was the last basketball game this year.

Friona Schools Note Public Schools Week

Supt. Dalton Caffey of Friona schools, urges all parents to visit the grade school and high school some time during Public Schools week, which began Monday and continues through March 7.

PARMER COUNTY FARMERS CHOOSE THE BEST EQUIPMENT

Now here is a honey of a well. It's on the David Carson farm 5 1/2 north and 1 1/2 miles east of Bovina. Of course Dave has installed equipment from Parmer County Pump Company for the job. He depends on that well a lot, since he has a 100-cow dairy. Here he's watering 180 acres of wheat.

David feels very fortunate to have such a fine well in his location, and he reports that the Byron-Jackson pump works fine. The power for his 8-inch, 1000-gallon well is furnished by a big International Climax engine. The well is drilled to 383 feet in red bed, and the pump is set on 360.

Parmer Co. Pump Co. can furnish every item of equipment appearing in the picture, including contracting for a turn-key drilling job. Come in and talk to us about ANYTHING in the irrigation line, and we're sure we can fill your needs.

CASH & CARRY

Folks, we are known the entire country over for the lowest prices in the furniture business, but as the fellow says, "You ain't seen nothin' yet!" When we went into the furniture business in Texico, people did not think a volume of business like we have could be built up in such a small town. For the next month or two, we are going to try something else that everyone has told us could not be done—that is, we are going into a helpy-selvy form of furniture business. Since we are going entirely on a cash basis (with the exception of customers who already have established their credit) our prices are going to be LOWER than EVER. Everything will be tagged at low, low prices, and you can shop for yourself.
