

Three of the lovely young ladies who will participate in the Womanless Divorce, sponsored by ESA Tuesday night, discuss the latest developments of the case. They are Mrs. Edwina Hardage, Miss Billy Josephine Foster, and socially-prominent Mrs. Felixia (Marilyn) Monroe.

**FROM THE HOPPER**

By HOP JR.

On the football contest: You have until Thursday of NEXT week to get in your entry on the games carried in this week's issue. That gives you plenty of time for contemplation.

In the past thirty or forty years, a lot of figures have been juggled by Washington executives in a search for a "free" economy without the boom-and-bust features we have had in the past.

Millions of dollars have been sunk into "programs" and "plans," and many have been the miles of red tape that ensnared, befuddled and confused the farmer.

Fundamentally, all farm plans we've ever heard of are aimed at one thing: permitting the farmer to produce and guaranteeing him a price for his product if he is able to produce it.

That is the end for all plans, schemes, programs, systems, or whatever you may call them. Although the means used to attain this end are as varied as High Plains sunsets.

Last week the agriculture department took the wraps off another plan, as introduced by Secy. Benson, and set it out for public inspection.

It's interesting, at least. The most noticeable features is its reversion to plans that have already been introduced. Really nothing new, it's more of a pot-pourri of old ideas than anything else.

Since agriculture is our fundamental economy out here and what the U. S. government says and does in a large measure establishes how and what we shall produce, it wouldn't hurt us to try to learn a little more about this new program.

It may not be tried out until late 1955, or even after that, but we'd be playing it smart to keep brushed up.

In all probability, the plan will make its first test run on a non-perishable commodity, wheat. Here are the anticipated results of the program, which are supposed to be palatable to all factions in the national economy:

The farmer will get a guarantee for the price of wheat, but will be free from acreage and marketing controls. The price of wheat will be lower than at present (world market). Millers will pay for the subsidy, but since the wheat will cost them less, probably will not have to raise the price of bread. This means that the world consumers, users of animal feed, will have lower-priced wheat.

How it works: The agriculture department estimates the domestic need for wheat, and proclaims a "national wheat certificate allotment" to cover that amount.

If parity would be declared at \$2.50, and the market price estimated at \$1.50, the certificates would automatically be worth \$1 per bushel.

A typical farmer would be allotted a number of certificates determined by what he normally produces (much in the same manner as acreages are now allotted), and he could take these certificates directly to the bank and receive \$1 for each of them.

If he is allotted 5000 bushels, he is \$5000 ahead even if he has a washout. If he produces 5000 bushels, he gets the \$5000, plus whatever his wheat brings on the open market.

In addition, he could go ahead and raise 3000 or 10,000 more bushels of wheat if he wanted to, and store or sell it as he saw fit. The bank, which bought the certificates, is reimbursed by the miller who is required to buy the paper from the bank. What it amounts to is a processing tax on the miller, although treasury officials insist no tax is involved since no money goes through the federal treasury. Slick, huh?

The thing that throws us is how the agriculture boys will be able to estimate the market with any degree of accuracy. If they come (Continued on last page)

**ESA "WOMANLESS DIVORCE" FIASCO TUESDAY NIGHT**

"The fur will fly" Tuesday night at 8:30 when Epsilon Sigma Alpha sponsored "Womanless Divorce" goes on stage at Farwell High School auditorium. The cast is made up of men from Bovina, Farwell, Texico and Clovis, and features many of the cast members of the Womanless Wedding, which was staged two years ago by the group and proved so popular.

Dialogue for the script was written by members of ESA and many of the acts to be featured in the show will be originals of the cast members. Henry Ivy, Lazbuddie, is the judge for the case. Complete cast cannot be given, but some of the tentative actors are included below.

The "Divorce" is a sequel to the Womanless Wedding.

Included as prospective jurors are Kenneth Fields, head juror; Mose Glasscock, Elton Vaughan, Murray Dial, Otis Huggins, Billy Foster, M. C. Roberts, Pat Patrick, Aubrey Sprawls. Of course, the jury is "all-woman" panel.

John Lovelace is the defendant in the case, and the plaintiff is not definite yet. Lawyers are Jimmy Charles and John Getz, and court reporter is Red Powell of Clovis. Children of the couple involved in the divorce suit are Toby Booth and Don Ford, as six-year-old twins; Charles Phillips, nine; and Smoky Gast, three.

All relatives are called to the witness stand. Dick Doshier is an uncle, Ed Engram, John Aldridge, Felix Monroe, Johnnie Williams, The babies, Everette Christian and Robert Morton, are children of one of the jurors who couldn't find a baby-sitter.

Most of the musical entertainment for the show will be featured in the night club scene, the incident that brought on the divorce in the first place.

Lovelies in the chorus line will include Glenn Phillips, Don Williams, Raymond Martin, Loyd Otten, Vernon Symcox, Mitz Walling, Max Ford, Junior Robertson, Buster Gast and Kirt Crume. Harry Sheets is the lead for the chorus line, and Sonny Graham is serving as master of ceremonies for this scene. Aggie Jones and W. M. Roberts are cigarette girls, and Loyde Brewer and Vernon Estes are candy girls. Ben Smart is one of the musical entertainers, and Walter Hardage will assist as pianist. He will also sing in a quartet with Edd Hardage, Earl Roberts and James McDorman; and Charlie Christian is to do a specialty number with one of the chorus girls.

Robert Armstrong is the ballerina of the evening; and Buil Dollar will be featured; also Les Means. Further names are not available at this time.

The Womanless Wedding, which was staged two years ago, drew a capacity crowd, and was cited as one of the more memorable entertainments in this area. It was the response to the previous show, that prompted the sequel to be staged Tuesday.

Tickets are now on sale, reserve seats, 75c; adults, 50c and children, 25c.

**Chamber Commerce Has Discussion**

Farwell Chamber of Commerce met Tuesday evening for several business matters to be discussed. A report was heard on Trade's Day, and the group voted that all businesses should close on November 11 from 10:30 until 11:30 when the American Legion has a Memorial service.

Christmas lights are to be put up December 12, and minor repairs will be made on the lights. A discussion was also made on the possibility of fire fighting equipment in the future, on the Texas side of the line.

**POSTPONE MEETING**

Lions Club meeting, regularly held Tuesday night, has been postponed until Thursday, Oct. 8, to avoid conflict with the Womanless Divorce. Program will be a film by Ford Motor Company.

**Farm-To-Market Contract Awarded To Lubbock Bidder**

Contract for construction of 9 1/2 miles of paved farm-to-market road in Parmer County was awarded the J. R. Fanning Company of Lubbock this week.

Fanning, one of six bidders on the project for the State Highway Department, submitted the low bid of \$82,023.44. The contract calls for completion of the work within 100 working days.

When work will begin is not known at present, since it would be too near cold weather to finish the project this year. It is possible the firm may take care of preliminary grading this fall and finish up next spring.

The new road is to run from the "Crossroads" north of Bovina due east to Highway 60 near Friona.

Farm Bureau nominating committee met Monday night to plan for officer election for the Farm Bureau annual meeting in October. Present were Cordie Potts, Archie McCutchan and Roy Euler.

**It's Tax Time Again in Parmer County**

The first round of that annual nightmare—tax payments—is starting at Parmer County citizens today, as they note that the first of October has again arrived.

For most citizens, taxes to four agencies will be due, including state, county, school and local assessments.

Chas. Lovelace, collector-assessor for county and state taxes, reminds

county valuation for tax purposes in 1953 is \$7,798,814. Of this total, land is valued at \$3,665,939; city property, \$759,095; personal property \$2,162,478; and banks \$33,050.

For the city of Farwell, the rate is unchanged—60 cents on the \$100 valuation. The valuation is estimated by Wilfred Quickel, collec-

tor, at about \$800,000 this year. This increase over \$746,538 in 1952 is due to additional building.

For the Farwell School District, the valuation this year is \$4,442,357, as compared with \$3,867,731 for 1952. The rate is \$1.50. Total income claimed from taxable property for the district this year will be \$66,241.76.

**Legion Has Called Meeting**

The Texico-Farwell American Legion had a called meeting recently, Commander John Getz presiding.

Members discussed the Halloween party to be Oct. 31. Members will meet at the Hall for a big kickoff membership drive Oct. 12.

Turkey shoot will be held Nov. 15, giving the winners one week and three days to prepare for the big dinner, says Wilfred Quickel.

They are also planning a Negro minstrel the first week in December.

**Crops Are Maturing Rapidly**

**Shortage of Hand Labor Is Problem For Early Cotton**

That old farm bugaboo—shortage of labor—popped up again this week as harvesting of Parmer's bumper cotton crop got off to a wobbly start. How long the lack of pullers will plague cotton producers this year is not known, but ginners assert that more than a thousand could be kept busy in the county right now.

Most cotton men are highly optimistic over the crop this year, believing that the county is far ahead of the record-making yield of last year.

An early freeze, Oct. 6, caught growers where it hurt last fall, but even with a recurrence of the same early frost, cotton men think their cotton is quite a bit further along than at the same time in 1952, and a freeze wouldn't be quite so disastrous.

Even so, everybody who has an interest in the 1953 crop is holding his breath, hoping the freeze won't come too early. "Give us two weeks of good weather and we'll show you the dankest cotton crop you ever saw," said one ginner.

Following is the customary run-down on gin reports carried each fall by The Tribune:

**LAWLIS & ELY, Bovina**  
First load, W. A. Long from the Hub community, Sept. 26. Long has 300 or 400 acres of irrigated cotton this year. He was paid 50 cents per pound for the bale, and it was ginned free.

By Monday noon, they had ginned 12 bales. Ovid Lawlis, co-owner and manager, reports the quality to be high—middling and strict middling. He says boll pullers definitely are needed in the Bovina area, and believes 1000 would not be too many. \$1.75 per hundred is being paid pullers this year.

"We have a fine cotton harvest here this year," Lawlis says. "About 75 percent of the bolls are open, but we don't expect the harvest to reach its peak for three or four weeks."

**MILLS & FLEMING, Hub**  
The first bale was brought in by John Renner, northeast of the Hub community, Sept. 17. It was irrigated cotton. Renner received 50 cents per pound for his load.

Pullers are in short supply in the Hub area, too, reports find. Prices range from \$1.75 to \$2 per hundred. Mills and Fleming had ginned 26 bales (as of Monday), and reported quality and yields to be high. Woodrow Wright, west of Hub, brought in seven bales running 31.7 percent lint, irrigated cotton. He has two half sections.

Mills & Fleming figure that by the last of November, the peak will be reached, and they will be running 24 hours, seven days a week before then.

**WATKINS GIN, Lazbuddie**  
John McGhee, two miles east of the Lazbuddie store, gets credit for the first 1953 bale in that area. He brought in six bales of irrigated cotton, beginning Sept. 22. His first bale was ginned free of charge.

Pullers are getting \$1.50 and \$1.75 around Lazbuddie, and definitely are in short supply. Watkins believes this year's crop is three weeks further along than the one in 1952, and says cotton is looking "awfully good."

Watkins Gin had finished 16 bales by Monday of this week. Homer Mangrum, southwest of the store, reports a 2-bale-per-acre yield on 65 acres.

**NORTH PLAINS, Friona**  
Wright Williams says he estimates the county cotton crop to run around 60,000 bales this year. (Continued on last page)

**Ex-Students Urged To Attend Meeting**

Ben Smart, president of Farwell Ex-Students Association, announces a meeting of the executive council and anyone interested in helping plan the get-together, for Monday night at 8 o'clock at the Furniture Mart in Texico.

Smart urges everyone who can to be present and get the initial plans underway, so this year's reunion can be "one of the biggest and best."

**Farwell Rides Over Boys' Ranch 26-0**

In an over throw ball game on the home field, Farwell Steers racked up four touchdowns Friday night over the visiting Boy's Ranchers, and held visitors to a zero count, in the first home tilt of the season for the locals.

The Steers had the game in their pockets from the beginning and practically every boy on the roster saw action. The first touchdown of the game was made early in the first quarter, when Billy Watts took the ball over the line from the two yard line, after the team had worked up to paydirt by a series of first downs.

The second count was made by Don Pool, who took a fourth down kick on the 35 and ran all the way to paydirt.

Farwell failed on the extra point giving them 13-0. Gene Hardage then went over the line for the third score in a short run. Kick was blocked.

Only score in the last half was in the third period, when Truitt Hardage, in a line play ran 50 yards for a score. Kick was good making the final count 26-0.

**Temporary Housing Bought for Students At Bovina Schools**

Nine buildings from a government housing project have been purchased by the Bovina School District to use as temporary classrooms until permanent facilities can be provided.

Supt. W. H. Willoughby of the school has announced that the buildings will come from a site near Los Alamos, N. M., and will probably be removed to the school grounds in two weeks. This will permit students to resume classes on the campus.

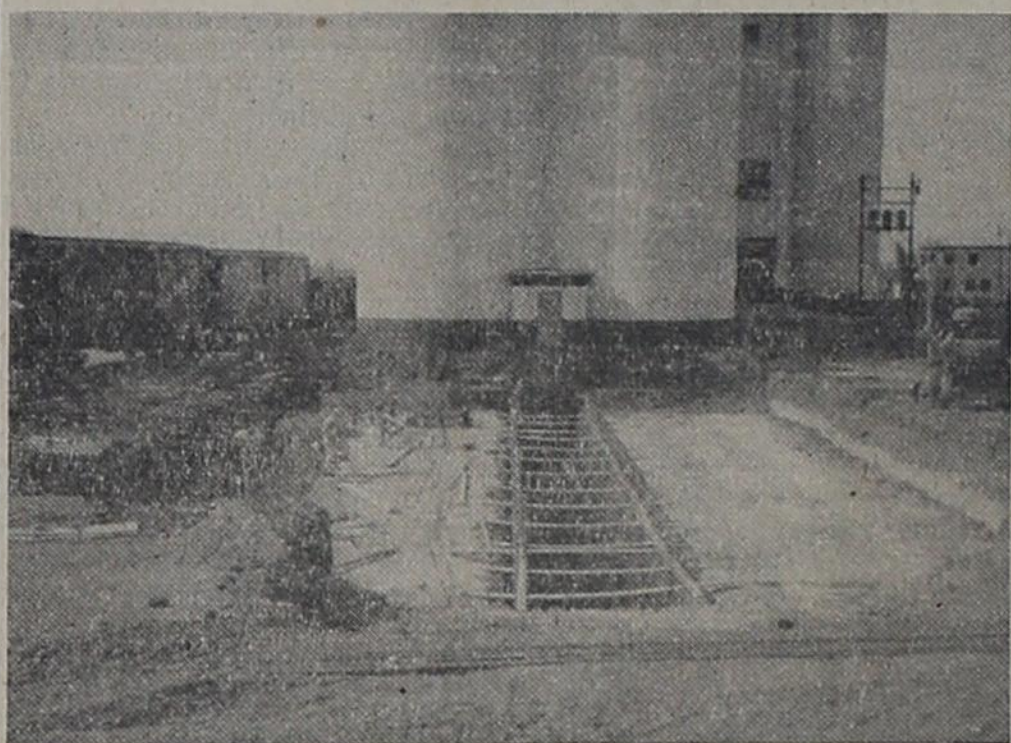

Atkins and Atchison, architects, Lubbock, have been engaged by the board to draw plans for a new building to replace the one destroyed in a fire two weeks ago. J. M. Barkley, Southwestern Investment Company representative, is handling bond procedure. Willoughby says.

The executive expressed his appreciation to neighboring schools for their help during the recent trying times for Bovina. Supt. Willoughby and the faculty thanked the Farwell, Friona, Lazbuddie, Vega, Hereford, Dimmitt, Muleshoe, and Canyon schools for their cooperation.

The school also acknowledged the gift of a piano from G. D. Anderson of Farwell, and Willoughby reminds Bovina residents that an Amarillo music company will give the school a piano if a new one is sold anywhere in the community.

Gifts from schools and individuals have included desks, books, and general supplies. Goodman Office Supply, Clovis, donated typewriters and books.

**SHERLEY ELEVATOR EXPANDS**

Workmen of Chalmers and Burton Construction Company scurry to ready forms for running cement for the expansion of Sherley Elevator in Bovina. Shown is the excavation, with the present storage tubes in the background.

**Sudden Expansion Will Push Sherley Capacity Past Two Million Bushel Mark**

Sherley Elevator in Bovina, with a storage capacity of 1,600,000 bushels already, is pushing eastward along the Santa Fe right-of-way in an expansion move that will give them 2,050,000 bushels storage before the year is out.

Destined to be used for storage by Nov. 1 (that's just one month away) will be the 450,000 bushel addition of eight concrete tanks or "tubes"—cylindrical in design. They attach to the east end of the present facilities and will abut property of Cicero Smith Lumber Company.

"The reason we're putting this storage up," says G. D. Anderson Jr., company manager, "is because we have about 800,000 bushels of Kansas wheat in storage now. We didn't want to get caught short of storage space for the milo grain crop this fall."

It had previously been believed by the company that 300,000 bushels of the government stored wheat would be moved out by this time, but another agreement has been

**Special Show on Fire Next Wednesday**

Wednesday, October 7, "You Bet Your Life," an educational picture on fire, will be shown at the City Hall in Texico, sponsored by the fire department.

The picture is about a "smoke eater," who found out too late he was wrong. The show is only 25 minutes long and offers education on fire. Anyone is welcome to attend at 7:30.

**Kemp Lumber Co. Reports Good Crowd**

Kemp Lumber Company reported a good crowd for their Golden Anniversary. Three door prizes were given away. Mrs. Bill Garner won the coffee maker. Bill Foster the medicine cabinet, and Mr. Bill Matthews the fireplace set.

**Lions Attend Zone Meeting**

Lions zone meeting was held in the Cal Boykin Hotel in Portales recently. Routine business was conducted.

Lions attending from this area were Nelson Smith, L. S. Pool, and Otis Huggins.

**Parmer County SCD To Have District Tour on Monday**

Parmer County Soil Conservation district will have a district tour Monday, Oct. 5. The public is invited to be present, especially farmers who are interested in seeing recommended practices of agriculture, say SCD officials. They will leave Friona at 1:30 p. m.

Places to be toured will be the A. W. Anthony farm northwest of Friona, where diversion terracing and waterways and Austrian winter peas are used for soil building crops.

A. L. Reznick, northeast of Friona. Here will be seen hairy vetch for a grazing and soil building crop; also rye and vetch seeded for razing and soil building.

Ira Miller—west of Black. His farm will be studied for concrete-lined irrigation ditches used to conserve water.

Gus Schlabbs—southeast of the Black community. Tourers will see narrow-row (24 inch) seeding of grain sorghum which is heavily fertilized.

Last place on the tour will be the Roy Euler farm east of Black, where farmers will see underground concrete irrigation pipe, narrow-row seeding for grain sorghums, and his fertilization methods. Euler also has sweet clover—both Madrid and Hubam—used for soil building crop, and bench leveling.

**Returns from Brother's Funeral**

Mrs. T. E. Roth returned home last weekend from the funeral of her brother, Pierce Haines. Haines was survived by six sisters, two brothers, his father, and seven children. He was a Sunday school teacher in the Church of the Nazarine.

Haines was killed when struck by a car in California.

**Range, Dryland Crops Sad Shape**

Again in 1953—and with more impact than ever before—the fact that irrigation and irrigation alone is keeping Parmer County a leading producer in the Southwest, is being brought home.

There are scattered reports of "fair" feed that is dryland, but the mammoth crops of cotton and maize under irrigation so overshadow the stunted fields of dryland grain that they go almost unnoticed.

Mid-summer rains held the promise of breaking a record drought in the county, but they have dwindled away to cloudless days, and in the past two weeks a merciless September sun has beamed down day after day to wither any hope of dryland cotton, feed, and pasture.

It is imperative that more moisture come before winter wheat pasture will be anything to speak of, agricultural observers point-out, even though most wheatland in the county is up to a stand.

County elevators are braced for a big run of grain in the next few weeks, and it looks as though gins will more than have their hands full. Sherley Elevator in Bovina is expanding in anticipation of the crop, and Watkins gin in Farwell is getting a thorough overhauling. One new gin, near the old "Twin Houses" corner west of Lazbuddie, will be ready for operation in about two weeks.

The exceptionally warm weather has pushed grain and cotton toward an early maturity, but has definitely hurt wheat and grass pasture. County pastureland is browned over again after showing good promise with July and August rains.

The private telephone exchange in the Pentagon is the largest of its kind.

# THE TRIBUNE'S EDITORIAL COMMENT

## Fire Prevention

### And What It Means to You

Probably you get sick and tired of hearing people over the radio who beg and plead with you to drive safely, drink less, be more kind, and are just as weary of the dusty old newspaper editorial that urges you to watch out for children as they are on their way to school, be careful in your work, and to cut out those "depression blues."

Well, we're at it again. This is National Fire Prevention Week, if you didn't happen to know, and this year as always you'll be hearing the same old gab and reading the same old stuff. And like as not, it'll be going right on through your head without making much of an impression.

That's the trouble with modern day society. There's so much activity you simply can't afford to take much time with any of it, and there's so much duplication and repetition in national promotions such as these, that they dull the brain.

But in the past two years, Parmer Counties have suffered the loss of two school buildings due to fire. Whether either of these fires could have been prevented through common sense practices of safety is improbable, since their origins are only guessed at. At least, we have seen how severe a fire is possible to be, and have been given a chance to speculate on what the outcome might have been should the buildings have been occupied.

That should be enough to make us pay a little more attention to the matter of fire prevention. There are a thousand ways a fire can start in the home. There are, however, a thousand ways you can raise the odds AGAINST you having a fire. Here are a few of the fundamental ones:

- Never smoke in bed.
- Don't overload an electrical outlet with appliances.
- Never permit volatile liquids such as gasoline or naphtha in your home.
- Keep matches in a metal container out of reach of the children.
- Don't let oily rags and trash accumulate in a closet.
- It shouldn't be necessary for us to name the others. You wouldn't read them anyway. Just remember to THINK.

## Profits Are Essential

Did you know there was a law against making a profit? What we mean is that the structure of the federal income tax brackets is such that anybody who makes over \$10,000 per year just isn't making any profit to speak of.

What's wrong with a profit? Let's go back to nature. A farmer plants one potato and gets back 15. He plants a pound of corn and gets back 336 pounds. That's a profit of 33,600 per cent!

When the government unshackles business and lets it go to making money honestly again, times are going to get better. Even if a person doesn't make a profit, the HOPE of making money is what spurs him into doing something in the first place.

When we get off the straitjackets of the fellow next door and get out and scratch for ourselves the nation will get stronger, more productive, and solvency will return again.

We might even turn up some 100-cent dollars.

## Aviation Going Out

It did not occur to us until the other day that interest in private flying seems to be on the wane here on the Plains. Perhaps our view was so limited that it is an inaccurate one, but just the same it looks as though more and more people are being less and less interested in owning and flying their own plane.

Just after the close of World War II it was predicted that interest in private flying would mushroom, but the boom never came—at least out here where it might be most expected because of the wide expanses.

There are several things that seem to make private flying more of a sport than a means of transportation. One of them is the high initial cost of a first-class airplane; and the high upkeep necessary. Unlike a car, you can't afford to fly a plane until it just gives up the ghost—you have to keep it in shape if you expect to live.

High Plains weather, which can change so radically in such a short time is discouraging, too. Lack of service, plus lack of convenience in landing and housing the machine are obstacles, too.

There's a lot of money waiting for the person who can iron out some of these wrinkles, because transportation through the air could certainly be made practical out here where points are so far between.

## NEWS FROM THE FARM BUREAU

By RAYMOND EULER

The American public is in need of a farm program that will not force the U. S. government into the farm market, but that will assist in leveling production to meet the demand for agricultural production. It is with this view in mind that Texas Farm Bureau has for the past several years advocated a changed program that would attempt to eliminate a consistent, year after year surplus of nearly all agricultural commodities. The reason this plan has not received more publicity and local explanation is the Korean war, which abnormally increased the demand for production of all commodities.

With the war at least suspended and demand being expected to become more "normal", we want to present this farm program for the consideration of every farmer. It is expected that one of the Parmer County resolutions for consideration at the October annual convention will be concerning this program. A general synopsis is in the Friona office, and we urge you to come in, read it, and study the principles involved.

The general plan is this: Instead of basing production controls on each commodity, the control would be based on total national acreage in cultivation and pro-rated to counties and individual farms. (The maximum over producing acreage known to have existed is about 15 percent.) If it is figured there is 10 percent too much land in cultivation in the nation, 10 percent of the acreage of each farm would be suspended from productive cultivation. Only soil building operations could be carried on the

suspended acreage, no grazing or anything to assist present production.

Production of commodities would be controlled only by setting price supports according to the need. (Cotton could be 125 percent of parity, wheat 75 percent, sorghum 80 percent, depending upon the demand calculated for the season in question.) Thus, though there might be overproduction of some commodities, there would necessarily be a shortage of others, providing initiative for planting the short crops where practical. This might be called a controlled supply and demand program (or it might be called any number of other names by some).

Come in and read the more complete story; see what you think of it. Consider this: Every word of God is pure; he is a shield unto them that put their trust in him. Proverbs 30:5.

## Gleason Shines As Lazbuddie Crushes Cotton Center 32-18

It was near perfect passing of Jerry Gleason, in the second half as he hit nine for ten for the evening to lead Lazbuddie to a 32-12 win over Cotton Center. It was the Longhorns third straight win of the season.

The Longhorns took the opening kick off and drove to Cotton Center five before losing the ball on downs. Cotton Center took over and on two long passes were over the goal line and led 6-0.

Gleason took the kick on the goal line and was downed at mid-field after a nice run. Gleason picked up a first on a nice run down to the twenty-five yard line. After three running plays failed Gleason passed to Spitzer in the end zone to a touchdown as the quarter ended.

Cotton Center took the kick and drove to the Longhorns five yard line before losing the ball on downs. Gleason hit Oliver for five and on the next play scooted around right end for a first on Cotton Center twenty. On the next play White picked up fifteen yards around left end for another first. On the next play Gleason headed for pay dirt and just as he was reaching the goal line the ball was jarred from his hand as three Cotton Center players charged him. Cotton Center recovered the fumble on the one yard line and on their first play passed. Spitzer intercepted the pass and was downed on the three. Gleason went over from there. White converted with a drop kick and the half ended with Lazbuddie out in front 14-6.

Cotton Center came back strong after the half. They took the kick off and were downed on their own eighteen yard line. The opponents mixed running and passing to go all the way for another touchdown making the score 14-12.

Gleason took the Cotton Center kick on the goal line and ran to the thirty five before being stopped. White picked up thirteen yards and on the next play Gleason again hit White with two passes for nine and four yards. On the next play Jimmie Oliver made a difficult catch over his shoulder for Gleason for a touchdown.

White's kick off went out of bounds on Cotton Center thirty-five. Cotton Center threatened all night and again carried all the way to the Lazbuddie seven before the ball went over on downs. At this point the third quarter ended with Lazbuddie out in front 20-12.

## Whirlwinds Defeated by Trojanettes

In a softball game played Friday night, Texico Whirlwinds were defeated by the Ranchvale Trojanettes, 12-3.

Although the Whirlwinds were playing "hard to beat" the strong Trojanettes dished out a hard slamming ball game from the start.

Many people predict the Ranchvale group to be a hard team to beat in the tournament.

Doing a good job of pitching for the winners was Nina Barrow, Freida Gentry catching. Pitching for Texico were D'Tanis Caldwell and Bessie Vaught.

The Whirlwinds are proud of the cheering section which was present for the game.

Next game scheduled will be with Field, at Texico, Friday, Oct. 2.

## Texico Band Attends Tri-State Fair

Members of the Texico band had an enjoyable time when they attended the Tri-State Fair in Amarillo and marched in the parade. Band members felt flattered at being escorted by the Amarillo police.

Texico was the only band from New Mexico entering the parade. Other bands were from Kansas, Oklahoma, and Texas. There were approximately 40 bands entered in the parade.

After the parade most of the bands were found at the carnival, which had everything from side shows to rides.

Transportation was furnished by a school bus and Mrs. Ray Tharp.

## Has Birthday

Laverna Christian was honored with a birthday supper Tuesday night in the home of her sister, Mrs. D. K. Kittrell. Mexican food with trimmings was served to Billy Watts, Doyle Ford, Sonny Spurlin, and Charles Christian, Darlene Sprawls, Annabel Lea, Laverna Christian, and Mr. and Mrs. D. K. Kittrell.

Lazbuddie scored again early in the fourth quarter as Gleason continued to hit his targets. Leonard Smith took Gleasons pass on the twenty-eight for a first and on the next play skirted right end for another first. Gleason hit White for nine yards again and on the next play picked up another first on the Cotton Center ten. On the next play Leonard Smith took a Gleason pass in the end zone for another score.

Cotton Center took White's kick and brought it out to the twelve yard line where they bogged down and were forced to punt. White took the punt on his own forty and raced to the two yard line. The second team took over from here with Jimmy Ivy handing off to Robert Ivy on the second play for another touchdown to bring the score to 32-12.

Cotton Center scored late in the fourth quarter to make the final score 32-18.

Smith and Spitzer turned in a fine defensive game and they broke through several times to stop Cotton Center behind the line of scrimmage.

Hobby Coffman, five-year-old son of the Gene Coffmans, catches on quickly. His mother came home not too long ago with a new baby sister for Hobby. The next morning, the boy crawled up in bed with his mommy and remarked "I won't be the baby any more." Then he paused and added "but I won't mind too much."

Once a month, merchants here in our trade territory sponsor what we call the church page, which is one of the nicest public services we know about. They call attention to the religious activities in the community, and a calendar for each church is listed along with the page. On it are included times for the regular services of each church the pastor's name and other pertinent information.

We recently finished the triple threat battle at our house, when we combatted not only the after-effects of the shots given the youngest member in the household; but teething, temper tantrums, and last and not least, the three day measles. We were handicapped from the first on the latter count, by assuming all our troubles were caused from the first two and not realizing that the measles had a strangle hold until they were conquered. He didn't "break out" until he had already begun feeling better, and the household was once more on the road to peace.

Babies are remarkable. Their moods are as changeable as their diapers, and they manage somehow to maintain the major spot in any household and make their elders love it.

Once again, The Tribune is making room for the two school papers, Wolverine's Tale of Texico, and The Maverick of Farwell. Each school has had one paper, and for the first week, the young editors have turned out some pretty good copy.

We have been commended for printing the school news and then too, we have received a few uncomplimentary remarks, from those who don't care to read what the young people are interested in.

But we are proud to print the school news. "We feel our training for citizenship begins in the school, and that one of the best ways to be informed about what is going on in the world today, is to be a newspaper reader. But after all, the students need stories that will attract their interest and the biggest news stories for school-age groups, are those that effect them, their activities during the year.

As for this writer, we enjoy reading their news too. Texico and Farwell have some wonderful young people, and we enjoy finding out more about them.

We, along with our young son, went to Silverton two weeks ago to attend the annual ex-students reunion there. Sonny couldn't go

with us so we decided to go on and leave him with his work here at the shop.

Such an occasion is one of the most enlightening experiences. We would meet high school chums, expecting to see a slightly older or maybe more dignified friend, but how they do change. In the first place, those tiny little boys and girls who remain forever in your mind as in the sixth or seventh grade, are in high school, grads, and some of them in college. They have become so streamlined, they are hardly recognizable.

And among those graduating with us our reactions were varied. One of the friends who was on the basketball team with us, and had been the envy of all because she was so tiny, was the largest one there; and two other friends that we had been quite close to, could have donned bobby sox, grabbed an armload of books, and gone right back to school. They hadn't changed at all.

But our favorite activity was after the barbecue, program and picnic, when just our class had a picnic, and we sat around and discussed old times. It's amazing how many things one can forget in seven short years. We're not telling our age, but we are beginning to realize.

Then too, some of us got together for a visit, "just us girls", and that was what made us realize that we'd better begin counting those gray hairs. We had all played basketball and chummed together and had ever so many good times.

So we went to a friend's house, not having baby sitters, took the kiddoes. One of the girls had two daughters, four and two; one had a two-year-old daughter, another had a two-year-old daughter, one had a 14-month old son, and of course, there was Ronny.

It took about 30 minutes to realize we didn't have a reunion, we had a "nursery". But we wouldn't want to take one minute away from the weekend. We hope to attend many more such homecomings.

Judge and Ruby Stone over in Texico have the tallest stringiest television antenna, stretching 110 feet high. They say it is just the thing however, giving them good reception of five stations, two in Amarillo, two in Lubbock, and one in Roswell.

## Junior High Girls Pace Win, 16-9

In a softball game played Thursday afternoon at Rosedale, Texico junior high girls came home with a winning score, 16-9. Rosedale led until the 5th inning.

Gwennette Powell of the locals racked up a four-bagger with Melba Doshier and Carolyn Curd on base to make the winning score.

## Trojans Edge By Wolverines

In a softball game played Friday night at Ranchvale the locals were defeated by the Ranchvale Trojans 13 to 12. Pitching for Texico was Goldsmith, while for Ranchvale it was Carter.

Getting home runs were Gentry, Nevins, and Graham, all from Ranchvale.

## GRADE SCHOOL

### FIRST GRADE Miss Lea

Our first grade has enjoyed nearly four weeks of school and we are looking forward to the rest of the year. We have begun to read "Tip the Big Book", and we are anxious to get on to the next book "Tip and the Mitten".

We were very happy to have two new students in our room this week. Their names are Fae and Ray Haney. This makes 21 in our class.

### FIRST GRADE Mrs. Cain

Our first grade pupils are enjoying the cool fall days. We gathered grass seeds to make window pictures Tuesday.

We had a holiday Monday which was enjoyed by all. Barbara and Bobby Sharrum went to Amarillo to the Tri-State Fair.

We are reading in our Big Book, now and are having lots of fun, but the thing we like to do better than read is play card games. Those who brought flowers to brighten our room were Dale Gober, Linda Phillips, Barbara White, Peggy Martin, David Chappell and Bruce Billingsley.

Our pictures were made Wednesday morning for the annual. We put on our best smiles and were certainly dressed up for the occasion. Our class favorites for the annual are Mark Hopkins and Peggy Martin.

### SECOND AND THIRD Mrs. Hopkins

Darrell Crook is back in school after a siege of the flu.

Tommy Williford attended the fair in Clovis Saturday night.

The Hopkins moved into the teacherage Monday.

Barbara Moore was absent Thursday because of illness.

Bobby Kaye Kube visited in Lazbuddy Sunday.

Rickey Cooper visited Scoggins' watermelon patch Monday.

Pat Landrum visited her grandmother in Olton over the weekend.

Shirlene Martin went to the Curry County Fair at Clovis.

Patsy and John Herrington visited Grandmother Meeks over the weekend.

Charles Roberts enjoyed shows and the Amarillo fair over the weekend.

Ronnie Vestal enjoyed his visit with his Grandmother Wilkerson.

Glynda Cruse visited in Tahoka over the weekend and really enjoyed seeing television.

Carl Davis went to Amarillo Sunday.

Carolyn visited in Quanah over the weekend.

Ann Adams visited her grandmother in Portales Sunday.

The room favorites for our room are: Bobby Kube and Charles Roberts.

### THIRD GRADE Mrs. Huffaker

The boys and girls voted for their favorite girl and boy in the third grade. It was a secret ballot. The favorites were Margaret Hasloff and Barry McCuan. Mrs. Huffaker thinks they were very wise in their choice.

We had a visitor, Claudia Cafey, cousin of Barry McCuan, from Lubbock. She was also a third grader.

In language and geography we are learning to make and use sentences correctly.

We enjoy music most of all. Twice a week we go in the auditorium and sing with the other third grade room and also the fourth grade. Two other mornings a week we sing in our room and learn new songs.

The children enjoyed Monday off, but all were glad to get back to school. They all had interesting

things to tell about the fair or what they had won.

Our workbooks are all in, and the children really enjoy working on them.

All the children in my room are beautiful this morning; we are having pictures made for the annual.

We sang "happy birthday" to Billy McDonald on the 24th of September. He was eight.

### FOURTH GRADE Mrs. R. B. Tucker

Ho Hum! Isn't recess grand! Seriously speaking, we rather enjoy the whole day. We work hard and we play hard.

We welcome a new pupil, Vera Haney, to our class.

We wore our best and looked our prettiest today—annual pictures are being snapped.

Congratulations to our class favorites: Karen Schell and Dickie Geries.

### FOURTH GRADE Mrs. Miller Stroup

At the time of this writing, our teacher, Mrs. Stroup, is ill. We all wish for her a speedy recovery and hope she will be back soon.

We have had perfect attendance this week.

Our class elected favorites who are: Judy Gummelt and Steve Smart.

### FIFTH GRADE Mrs. Kennedy

Everyone in our room enjoyed the holiday this week. Several of the students spent the day in Amarillo.

Our attendance has been very good for the first month, and we hope it continues so.

Several mothers have visited our room and we were glad to have them. Thanks too for the beautiful flowers they have sent.

Jerry McCuan had a birthday last week.

Emalee Tucker brought some tadpoles Friday for observation by our class.

Twelve of the boys and girls in our room are in the band this year.

Daniel Daude visited in Cotton Center last weekend. Carrol Huggins spent the weekend in Tucumcari.

Bill Owens placed an entry in the horse show at the Curry County Fair and won fifth place. Congratulations, Bill.

Popularity contests in our room resulted in Darlene Hromas being chosen for the most popular girl and Jerry McCuan the most popular boy.

### SIXTH GRADE R. B. Tucker

We have named officers. They are Ruby Hillock, president; Gwen dlyne Potts, vice-president; June Ritchie, secretary; and Mickey Rundell, reporter.

Class favorites are Joan Hubbell and Larry McDorman.

### SEVENTH GRADE NEWS

The seventh grade has elected our most popular boy and girl. They are Charolette Lawson and Dale Merriman. The school pictures were made this week, and every one had a nice smile.

The ten band students out of our room had a nice time at the Amarillo Fair this weekend. The footballers played Whitharrell Thursday night. They beat Anton Thursday night a week ago.

### EIGHTH GRADE NEWS

We enjoyed our three-day vacation very much.

We are proud of our 7th and 8th grade boys for winning the game with Anton Thursday night. The score was 12-8. We are pretty sure we will do as well next Thursday night. We will be behind them 100 percent. All of us that went to the fair enjoyed it very much. Mon-

## Council, Student Body Pictures Taken For Annual, Who's Who

The seniors have really been in a hustle trying to get everybody at the right place at the right time to get their pictures taken. The photographer was here Wednesday to take, all individual class pictures from the first grade through the seniors. Also, all favorites and class officers pictures were taken.

Senior class favorites are Eurith Crook and Duane Herrington. The Senior Who's Who was taken in poll by the teachers and was released as follows:

Personality, Darlene Sprawls, Jimmy Turner; Most likely to succeed, Joanne Cochran, Clarence Kube; best student: Betty Lovvorn, Jimmy Turner; most versatile: Darlene Sprawls, Dudley Hughes; friendliest: Duane Herrington, Joanne Cochran; jolliest: Wayne Morris, Marye Pair; wittiest: Marye Pair and Wayne Morris.

## High School Favorites Elected by Students

On Tuesday, immediately following assembly, a Student Council meeting was called to decide on some yearly projects for the council. President, Lavon Jones was introduced to the student body by

day our band marched and several of the band students are in our room.

We have our Junior pep club organized with 24 members. The seventh grade leaders are Faye Rounton and Charolette Lawson.

The eighth grade leaders are Naomi Hubbell and Sally Lou McShan. Our head cheer leader is Rebecca Foster. We are proud of the large crowd Thursday night, and we hope more of you will come out to our next home game.

## RECEIVE LETTER JACKETS

Farwell seniors who have lettered in athletics are sporting new jackets this week. Seniors were presented the honors in assembly Friday. Pictures left to right, back row, are: Jo Anne Cochran, Betty Lovvorn, Wayne Morris, Philip Cassidy, Jimmy Turner, (front row) Marye Pair, Mary Joyce Rolland and Darlene Sprawls. Not present to receive their jackets were Frank Gulley and Bel Willard Carpenter.

Jack Williams. Jones then introduced the Student Council members, seniors: Joanne Cochran, Marye Pair, Wayne Morris, Clarence Kube, and vice president, Darlene Sprawls; juniors: Peggy Hardage, Don Pool, and Don Geries; sophomores, James Norton and Jerry Don Utsman; freshman: Betty Smart, and Jerry Venable; and eighth grade, Glen Hardage.

Supt. Williams stressed the importance of the Student Council. He said an organization cannot live and prosper without a goal. Projects for the year were discussed. The Student Council will meet with a committee of faculty members to plan policies. They will be

taken before the School Board to be approved.

High School favorites were then elected as follows: most popular girl, Darlene Sprawls; boy, Lavon Jones;

Most beautiful girl: Marye Pair, most handsome boy Gerald Hardage.

Best student girl; Marye Joyce Rolland; boy, Clarence Kube.

Best all-around girl Peggy Woodson; boy, Wendol Pike.

Cutest couple: Don Pool and Peggy Hardage.

A nail driven into a tree trunk would be at the same height from the ground five years later.

## Review of Band Trip Is Given

The High School band left Monday morning at 7:15 to make the trip to Amarillo to the Tri-State Fair. We arrived at 9:30, in time to march in the parade. Out of the forty-eight bands, participating in the parade, ours was twenty-ninth. We marched a mile in downtown Amarillo.

After the parade, the bands had a police escort to the fair grounds. The Chamber of Commerce presented all of the band members with a dollar to pay for their lunch. Every one surely had their share of fun and lots of food. Also the "rides" were kept busy, of course there is always someone who is "lucky", and the Farwell students brought back their share of prizes consisting of everything from Panda bears, and hats to parasols and stuffed dogs.

We left the fair grounds around 3:00 to make the trip home. Every one was tired and happy, but not too tired to stop in Hereford to enjoy a dairy queen or a coke. We all came home a little bit worn out from such a tiring day, but all in all, everyone had a swell time.

Our band didn't win anything for playing or marching, but we always profit from experience. This trip proved to be a lot of fun, but also good experience.

## Thirty-Three Freshmen Enrolled

There are thirty-three students enrolled in the freshman class, six students were lost during the summer. They are Anita King, Richard Reeves, and Lometa and Loveta Perrin.

John Herrington and Rita Joy Gregory are class favorites.

Sponsors are Calvin Murray and Mrs. Kenneth Fields.

## OFFICERS ARE ELECTED FOR COMING YEAR

In the first FHA meeting, officers were elected as follows: Marye Pair, president; Lavoyda Billington, vice president; Elaine Magness, secretary-treasurer; Jerri Allison, reporter; Glenna Davis, parliamentarian; Mona McDorman, song leader; Peggy Hardage, pianist. Mothers for this year are Mrs. Joe Magness, and Mrs. J. M. Turner.

The club voted to meet on Wednesday each third week at the eighth period. Dues for this year will be 50 cents.

The president selected a program committee of three: Betty Billingsley, Barbara Christian, and Agnes Meissner to plan assembly programs in the near future.

Thirty-seven members are in the club this year.

## ONE-ACT PLAYS HIGHLIGHT SPEECH

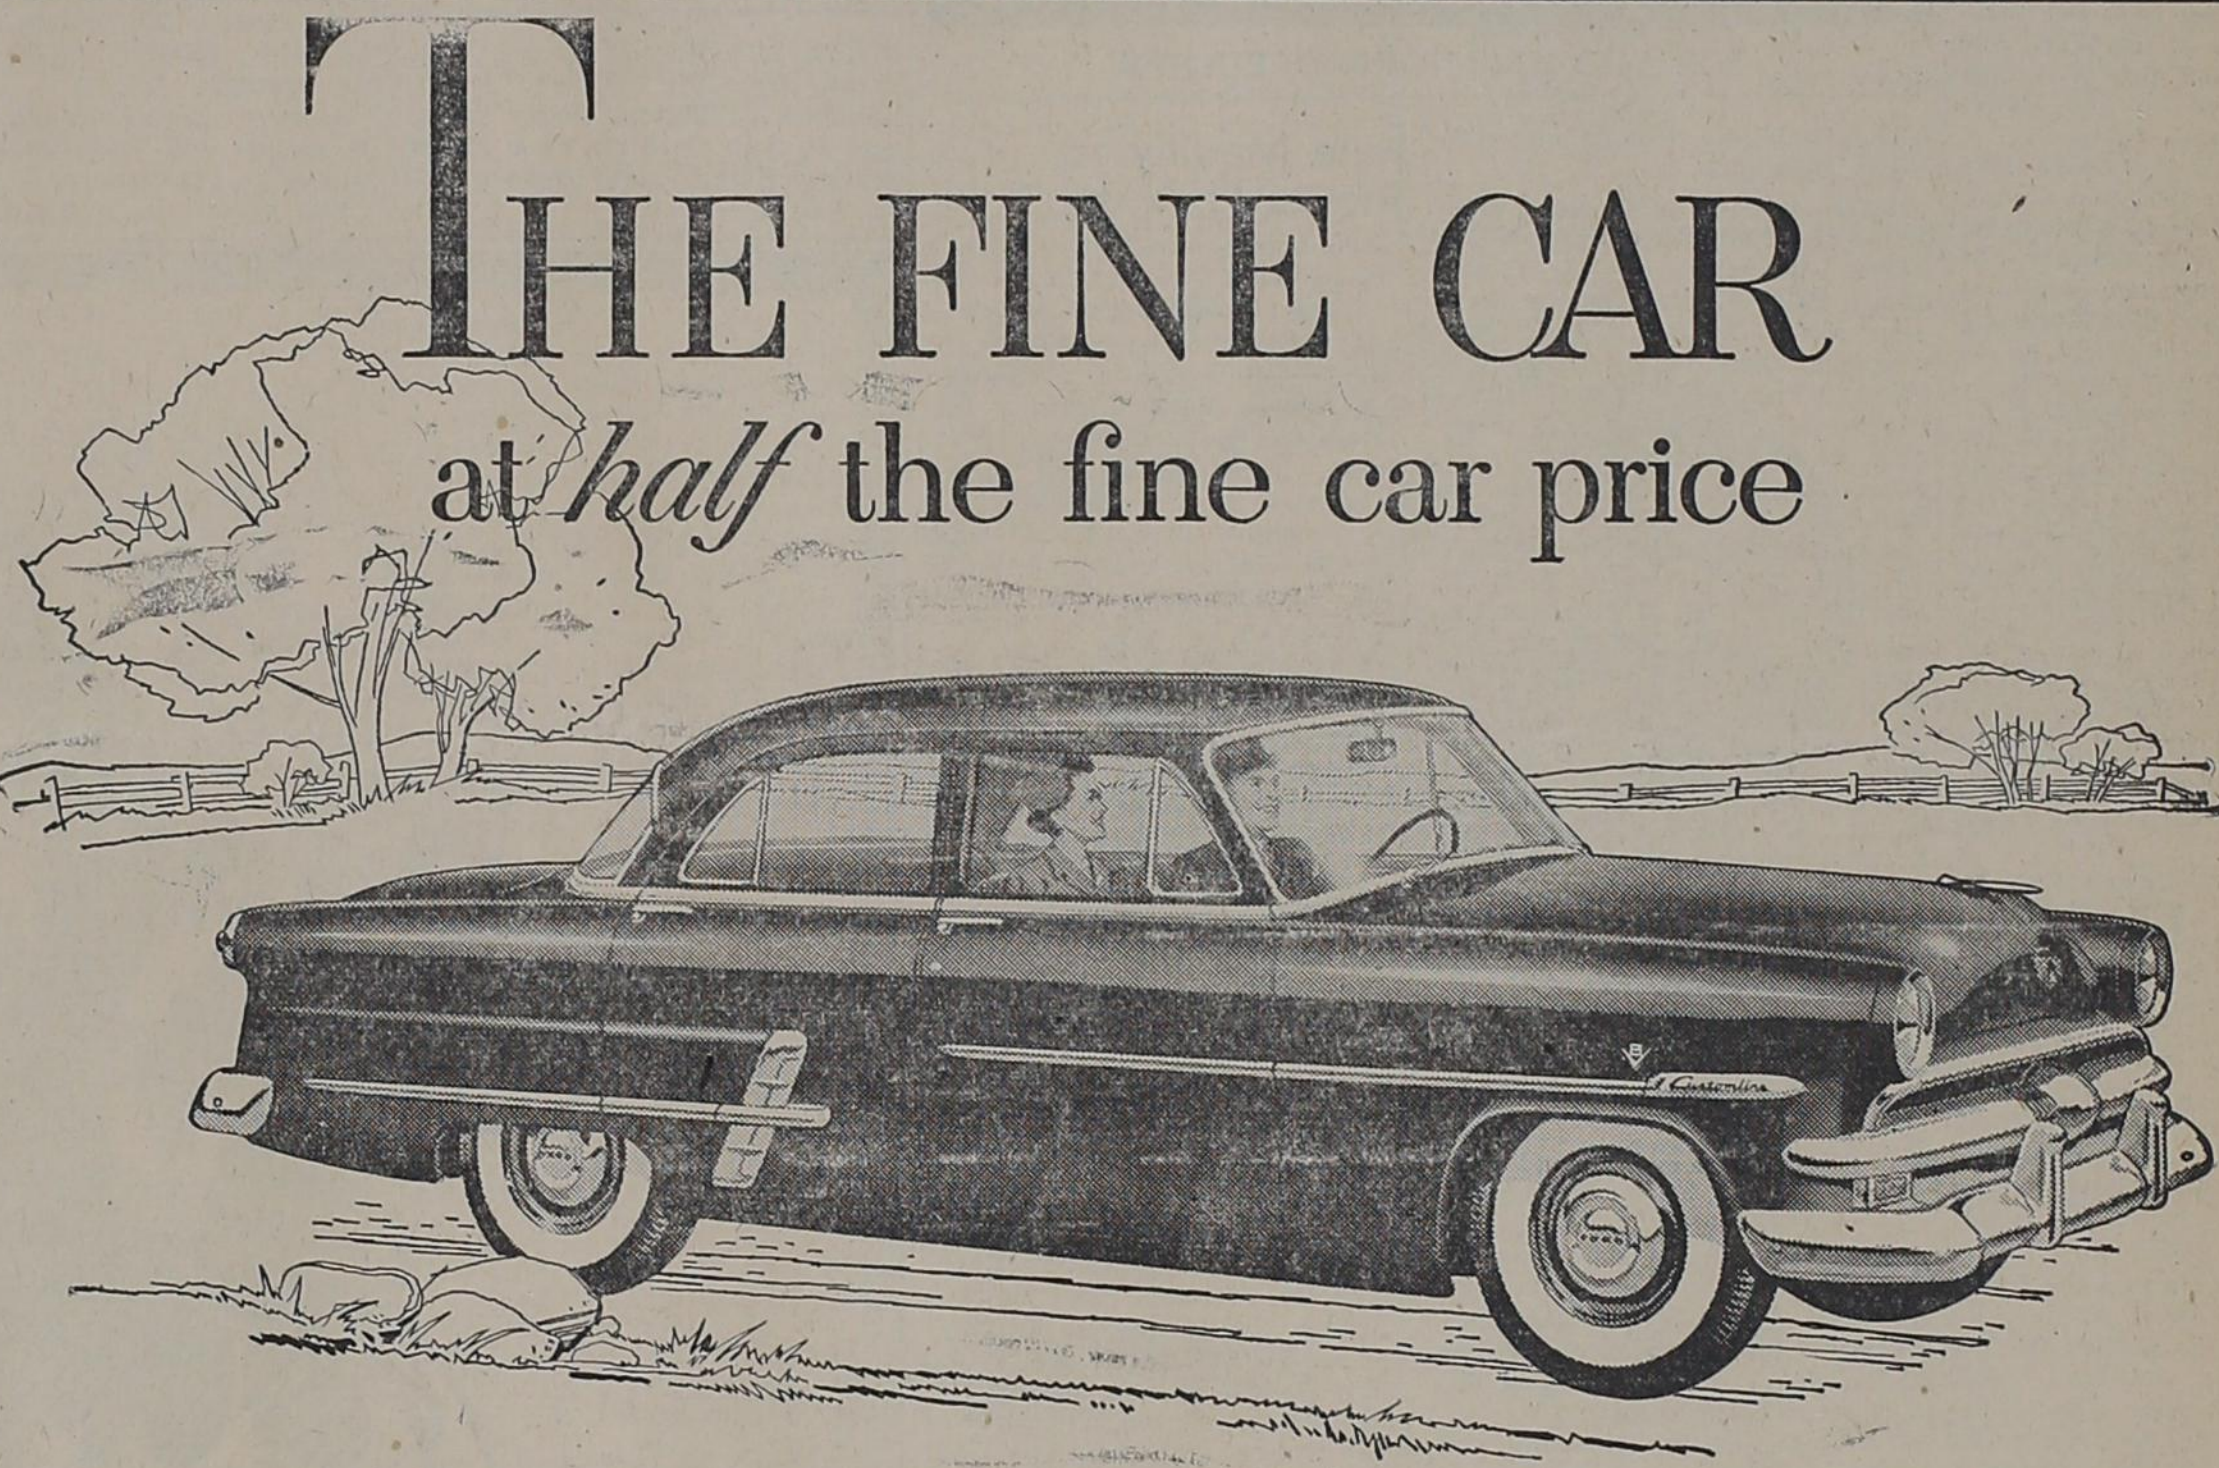

The speech class is working on a comedy one-act play entitled "Elmer" another play has been received, and parts have been assigned. A lot of memory work will be presented at P. T. A. meetings and possibly at assembly programs. Both of the plays are comedy.

This is the first year that Farwell students have had the opportunity to take speech. Miss Beatrice Mayhon, a former Muleshoe teacher will be in charge of all the plays to be presented by the entire student body this year.

## FFA OFFICERS MEET MONDAY

Officers of the Farwell FFA will meet Monday night to make plans for the initiation of new members the following Monday night. Approximately 20 will be initiated.

Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

**A FEW MINUTES** on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over \$4,000!

Now the interesting thing is that in feature after feature the Ford car duplicates each of these fine cars, and for less than half the fine car price!

Look under the hood of the most expensive cars and what do you find?

**A V-8 Engine!** Well, the Ford car has a V-8, too. In fact, it has had a V-8 since 1932, and since that time Ford has built more V-8's—by millions—than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

But the engine, as fine as it is, is only one of many things that make a fine car fine.

**Automatic shifting, for example.** All the fine cars offer it in one form or another because it's one of the things that make a fine car fine. But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever—it

gives you exactly the amount of power you want, when you want it—automatically.

**Fine car power steering, too.** The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it—especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels and just enough to take out the work. You don't relinquish one particle of control—rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. And you don't pay a fine car price for "Master-Guide."

**But there is another fine car feature—the Ford ride.** Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement—or lack of it! Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day

would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and springing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton.

**What about room?** Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, but unless you buy a limousine with those little jump seats, it's not one passenger bigger inside.

**Visibility is another fine car Ford feature.** We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . plus side windows that mean every passenger gets room with a view!

**How beautiful is a Ford?** A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"—well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree—even our competitors

—that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

**But what about Ford quality?** Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish—we believe Ford's baked-on enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, but they're less delicate, too, and if anything, more durable.

**How then is it possible to give you this fine car at half the fine car price?**

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. And that's the Ford idea.

## Bettie Foster Wed To Norman Sulser

Before an altar decorated with palm fronds and baskets of pink gladioli, Bettie Foster, daughter of Mr. and Mrs. Tom Foster became the bride of Norman Sulser, son of Mrs. Ella Sulser of Earth. The 7 o'clock ceremony was held in the Oklahoma Lane Methodist church.

Miss Lavoyda Billington played wedding music and also accompanied Deniese Magness while she sang "September Song", "Deep Purple," "I Love You Truly," and "Because."

The bride, wearing a white orlon suit with a white pleated blouse carried a Rainbow Bible topped with pink roses and white streamers.

The bride's mother wore a blue gray dress while the bride-grooms mother wore a navy dress, both having red rosebud corsages.

Bonnie Warren, sister of the bride, was matron of honor. She wore a pink wool flannel dress with nosegay of green carnations. W. O. Jones, an old friend of the groom, was best man.

The double-ring ceremony was performed by Rev. Hugh Blaylock, brother-in-law of the groom.

David Caerly and Robbie Foster were ushers and candlelighters.

Given in marriage by her father, the bride chose for something old, a pin belonging to Mrs. Ella Sulser; and a penny in her shoe. For something blue, she wore a garter of Mrs. Sam Caerly. Something borrowed was ear screws belonging to Mrs. Hugh Blaylock, sister of the groom.

Immediately following the ceremony, the couple left for California and points in the West. The bride chose a gray suit with turquoise accessories for the going-away dress.

Mrs. Sulser was graduated from Farwell school in 1951 and attended McMurry College in Abilene for two years. The past summer, she has been employed in Earth as youth director of the Methodist Church. Sulser is engaged in irrigation farming at Earth.

**Rehearsal Supper Held**  
Friday night, in the home of Mr. and Mrs. Tom Foster a supper was held immediately following the wedding rehearsal. The home was decorated with baskets of gladioli furnished by Mrs. Beta Bolton.

Those attending the supper were Rev. and Mrs. Hugh Blaylock, Mr. and Mrs. W. O. Jones, Mr. and Mrs. C. Billington and Lavoyda, Mr. and Mrs. A. V. Warren, Miss Betty Foster, Norman Sulser and the host and hostess, Mr. and Mrs. Tom Foster.

Refreshments were enjoyed after the supper.

**Given Bridal Shower**  
Miss Foster was given a bridal shower on Tuesday, September 22, in the Oklahoma Lane Methodist Fellowship Hall.

The table was beautifully decorated with pink and green flowers. Pink punch was served with pinwheel cookies. Pink and green were the bride-to-be's chosen colors.

The honoree presented the hostesses Mesdames Fred Kepley, E. W. McGee, W. P. Shelley, Clyde Perkins, George Lindop, Lee Jones, Sam Billingsley, Earl Billingsley, Jim Billingsley, Everette Christian, Cecil Atchley, Robert Rundell, with leaf pot-holder corsages with silver chore girls in the center.

Those attending the shower were Mesdames Bonnie Warren, A. V. Warren, Bill Foster, C. C. Christian, Claude McShan, J. R. ## Barton-Wilson Vows Exchanged Recently

In a double-ring ceremony recently in the home of Mr. and Mrs. Virgil Barton, 212 Brown Drive, Amarillo, Texas, their daughter Leta Faye became the bride of Aubert Leroy Wilson, son of Mr. and Mrs. A. H. Wilson, Rt. 1 Muleshoe, Texas.

Brother Paul Lusby read the service.

Organ selections played before the vows were exchanged were "O Promise Me", "I Love You Truly", and "Because". The traditional wedding marches were used.

Miss Patsy Barton was her sister's only attendant; and wore a ballerina-length dress of yellow taffeta and a bandeau accented with a face veil. Her corsage was carnation of India.

Given in marriage by her father, the bride wore a ballerina-length dress of powder blue taffeta fashioned with high neckline and lace insets. She had a finger-tip veil of blue net adorned with seed pearl trim.

Wendol Davidson was best man and Robert Barton, brother of the bride was an usher.

Mrs. Barton, mother of the bride, was attired in a dusty rose crepe frock. The bridegroom's mother chose a purple celanese acetate crepe frock. Both had corsages of white orchids.

At a reception honoring the couple, the table was covered with an ecru lace cloth and centered with an arrangement of pink roses.

The tiered cake was served by Mrs. David Carothers. Presiding at the punch bowl was Mrs. Judy Rockhold.

Mrs. Wilson graduated from Amarillo High School and worked for the F. W. Woolworth Co. A graduate of Lazbuddy High School, the bridegroom is engaged in farming with his parents near Lazbuddy. The couple will live near Lazbuddy.

Minnie and Winnie Medley, Laverna Christian, Shirley Smith, Lavoyda Billington, Peggy Hardage, Jo Ann Cochran, Rose Hines, Shirley Ham, Ysleta Brown, and Jo Ann Williams.

In a recent ceremony, Miss Paula Jean Daniel, daughter of Mr. and Mrs. Roy Daniel of Lazbuddy, became the bride of Everett J. McBroom, son of Mr. and Mrs. Jack McBroom of Canyon.

The ceremony was read by Denton Thompson, minister of Lazbuddy Church of Christ, in the home of the bride's parents.

The bride wore a blue gaberdine suit with navy accessories. She carried a white Bible topped with pink roses.

Miss Jean Louise Gammon, cousin of the bride, was maid of honor. She wore a brown and white faille dress with brown accessories. Her corsage was of yellow roses.

Lewis Tucek of Canyon was his nephew's best man.

At a reception following the ceremony, Mrs. J. W. Gammon, aunt of the bride, cut the wedding ring cake. The groom's sister, Miss Martha McBroom, served the punch.

Mrs. Reece Milterding, sister of the bride, secured names for the guest book.

After a trip to Colorado Springs, the couple will be at home in the Lazbuddy community.

The bride was graduated from

Class Favorites Are Elected

The junior class elected their officers at the last of school last year. They are: president, Gene Hardage; vice president, Lavon Jones; secretary Glen Lee; treasurer, Don Gerles; and reporter, Don Pool

In the last meeting class favorites were elected. They are Carolyn Huffaker and Lavon Jones. Lavon has also been elected president of the student body. Class sponsors are Mr. and Mrs. Herman Milford. Room parents for this year are Mr. and Mrs. Otis Branscum and Mr. and Mrs. Ed Har- tage.

"We have selected the design for our senior rings and our class pins. We do not expect the rings until the first of the semester next year but the class pins and necklaces should be here in November," the reporter says.

Sophomores Proud Of Football Boys

The Farwell Steers played their first football game Friday night at Vega. Even though Farwell lost the game, "our boys gained as much or more yardage as the upper classmen. We are proud of James Norton Truitt Hardage, and Harvey Lesley especially since they got to start out the game," the reporter says.

The class elected favorites in a recent meeting, Gerald Hardage and Elaine Magness. Class officers are: president, Dean Smith; vice-president, Linda Kube; secretary, Shirley Doshier; and reporter,

EDITORIAL YOUR SCHOOL SPIRIT— KEEP IT!

Joanne Cochran

Did you ever stop to consider that spirit is 50 per cent of winning a game, ability is the other 50 per cent. Combine these two and you have 100 per cent. If you have that behind you, you can't possibly lose.

School spirit has to be lived every minute of every day. It is very contagious, but it can't be quarantined, so try to give to every one you see. It is almost as catching as a smile.

School spirit does not necessarily mean the winning or losing of a game. It is that never dying faith and belief that you have in your own team from the first kick off to the last whistle. When a team is about at the ropes end and they hear the pep squad yelling and the band playing, they all receive new hope and realize that every one is behind them. It is impossible not to put forth every effort. So you see whether they win or lose depends a great deal on you and you and you. Lets don't ever be guilty of letting our boys down or letting our school spirit lag.

Here's hoping all fans will come out and help support the Steers at every single game.

Steers, we want you to know that we're behind you 100 per cent all of the way. SPIRIT PAYS OFF IN VICTORY!

SPEECHES SPARK ASSEMBLY

High school assembly was opened Tuesday morning by the mixed quartet composed of Darlene Sprawls, Shirley Smith, Dick Feits, and Dudley Hughes, singing two numbers, "I Stood by the River Jordan", and "When You Wore A Tulip". Darlene Sprawls, one of the Girl's State representatives gave a highly interesting talk on activities of Girls' State and also on how city, county, and state governments function. Bel Willard, the other representative, was unable to attend.

The boys' Western Trio composed of Leon Box, Jerry Collins, and Dudley Hughes entertained with two numbers "In the Mood", and "Under the Double Eagle". The boys were encored back to play two more numbers, "Let me Love you Just a Little" and "The Last Waltz", with Jerry Collins vocalizing on the last two numbers.

Clarence Kube was then called on to give his Boy's State report. He told of some of the activities and functions, but what Clarence seemed to like most was the "wonderful food they had". After Clarence's speech, Shirley Smith did a fast rendition of "Lady of Spain".

An ensemble directed by Mrs. Erma Jobs imitating an old German Street Band played two delightful numbers: "Yankee Doodle Polka" and "No, No, A Thousand Times No." It was composed of Elaine Magness, Gloria Dial, Dick Feits, Glen McDorman, and Douglas Hillock.

The audience then stood and all joined together in "The Star Spangled Banner", bringing the assembly to a close.

All parents are urged to attend these high school assemblies.

Whereabouts Of ExSeniors Given

You know it's a good feeling to know that after you have graduated from high school, you are still remembered around the halls of F. H. S. We miss the kids even if they never wish they were back "in the grind". Here is the low-down on the '53 seniors:

Still at home are: Jimmy Gulley, in Arkansas; Minnie and Winnie Medley, Shirley Ham and Nelda Martin.

Those working are: Jerry Bradshaw, in his dad's grocery; Jesse Cox; Buil Dollar at Farmers Supply in Texico; LaVerna Christian, at the State Line Tribune; Jo Hanna, in Clovis.

Off to school: Ronny Dial and Howard Jenkins, ENMU, Portales; Junior Poteet, Dennis Raney, Texas A. & M.; Ted Magness to Texas Tech, Lubbock; Marie Gober, Colorado College at Colorado Springs; Kayla Felts to ACC, Abilene; Billie Jean Jesko in Kansas; Elanda White, Draughan's Business College, Lubbock; Dorothy Pullam, business school in Clovis. Leon Langford remained in Farwell and is farming.

Those who are married are Rose Atchley to Phillip Cassidy, (also working at the court house); June Hadrage to Billy Medley; Daria Doshier to Harold Harlow; Ruby Kitrell to Bill Craft.

The total coast line of the U. S. is 4,883 statute miles.

MEET THE SENIORS

Jo Anne Cochran, second senior of the week, is from a family of girls—and has a farmer father. She was born November 19 in Clovis, and has come a long way since that day many years ago. She is cheerleader, reporter of the senior class, school paper editor, and on the student council. She has also been chosen as friendliest and most likely to succeed by her classmates.

Jo Anne likes clothes—neat and tailored; prefers straight skirts, high collared sweaters and blouses. She must be an autumn girl for she likes the color brown, and prefers Mexican food. And her favorite sport is basketball.

The high school senior has a lofty ambition—to wear the college ring from Hardin-Simmons University—she didn't say whose.

TEACHER OF THE WEEK

Mrs. Shelby Jobs was born in Eskota, Texas. She has been head of the music department at Farwell since 1948 and is the type of person we just couldn't do without. She received her Bachelor of Music Education at E. N. M. U. She was playing the piano when she was only four-years-old, and is certainly a very talented person to have around. We can all see the progress she has made.

She is Scotch-Irish with black hair and big blue eyes. Her hobby is clothes and when asked what kind of clothes she liked best, she replied, "Just anything that's cute." Her favorite car is a Bel-Aire Chevrolet, favorite color red. Her favorite sport is football and her pet peeve is sour notes.

Her band and chorus are her pride and joy. She just lives to help kids find new talent. She is the type of person you can always depend on, because she is always ready, willing, and able.

WE NEED

We need a senior girl with: Intelligence like Betty Lovvorn; ability like Darlene Sprawls; quiet ality like Marye Pair; clothes like Ann Whitley; pretty as JoAnne Cochran; figure like Shirley Smith; smile like Eurith Crook; complexion like Mary Kreigel neat as Peggy Woodson.

We need a senior boy with: good looking as Billy Watts; personality like Ed Rolland; intelligent as Clarence Kube; cute as Jerry Poteet; musical as Dudley Hughes; witty like Vane Doshier; tall like Duane Herrington; physique like Don Pool; teeth like Gene Hardage; eyes like Doyle Ford.

Mrs. Bess Mansfield attended the funeral of her brother, Mr. Gordon Wallace of Dallas last week. She then spent several days visiting her mother who was ill in her home in Flint.

Rev. Hugh Blaylock of Anton was in the pulpit Sunday evening.

Farmerettes Club To Sponsor Child

The Farmerettes Club, Farwell has just undertaken a sponsorship through the Save the Children Federation of a needy child in Lebanon, it was announced today by Mrs. A. W. Golier, the group's representative. The child is Milad Muhaidly, a 5-year-old boy, selected as a case of special need by welfare agencies cooperating with the Federation in Europe.

The sponsorship, undertaken at a cost of \$96 for one year, will enable the Federation to send a complete outfit of warm clothing and shoes, two all-wool blankets, textile and yarn goods, sewing materials, household linen, socks and other personal hygiene supplies, and writing materials.

Expressing appreciation for this individualized effort to promote international understanding and goodwill, Miss Helen Richardson, Sponsorship Secretary of the Save the Children Federation, wrote: "We hope you will find this undertaking a source of real pleasure, and that you will correspond directly with the child, or with the parents or guardian, so that you may develop a lasting friendship."

She advised that if there is difficulty in reading letters from overseas, the Federation will have them translated by volunteer translators.

The Save the Children Federation is a child service organization with national headquarters at Carnegie Endowment International Center, U. N. Plaza at 46th St., New York City. It helps children in disadvantaged rural areas of the United States, on American Indian Reservations, and in war-depleted regions of Austria, Finland, France, Western Germany, Greece, Israel, Italy, Lebanon, Yugoslavia and Korea.

Mrs. Graham Feted On Birthday Sunday

Mrs. W. H. Graham was honored with a dinner on her birthday Sunday, in the home of her son and family.

Ham, jello salad, potato salad, sliced tomatoes, hominy, English peas, hot rolls, birthday cake and tea were served to Mr. and Mrs. Vance Crume and daughters of Hereford; Rev. and Mrs. Miller H. Stroup and daughter; and the host family.

Following the family get-together, Mrs. Graham left for Madison, Wisconsin to visit a nephew and his family.

Family Night

The Methodist family night was held Monday night at the Texico-Farwell Methodist Church. The large crowd that attended enjoyed the meal and films that were shown afterwards.

There are only four perceptible tastes, sweet, salt, bitter and sour.

TO CLOVIS SERVICE

No church was held in the Lutheran Church last Sunday. The pastor, Rev. George Pullmann, was in Clovis to preach for the annual mission service. A number from here attended, including Rev. and Mrs. Pullmann, Mr. and Mrs. Christian Drager, Mr. and Mrs. Herman Schueler, Mr. and Mrs. Norbert Schueler, Mr. and Mrs. Walter Schueler.

RHEA CROPS

Potato harvest is just about over here. Farmers are busy cutting and shocking feed. The irrigated crops look very good. Quite a few farmers have planted cotton which is opening now. There is still a lot of immature feed, so most farmers are hoping that frost is still several weeks away.

IS IMPROVING

Mrs. Everette Parson, of Brownwood, formerly of Rhea, is doing much better. She was in an accident some time ago, but is now able to walk.

What A Melon?

Have you seen Melvin Sachs' large watermelons? If you haven't, you really should go out to his patch and have a look. In case you see Melvin coming, just hide behind one of the melons.

Visits Here

Mrs. Elsa Browning and children from Morton, were visitors in the W. H. Alderson home last Sunday. She is the former Elsa Helms of this community.

LECTURE GIVEN

A lecture was given by Missionary Luther Meinz last Monday evening at the Rhea Parish Hall. His talk was very interesting. A group of slide pictures were shown that were taken in India. The pictures revealed the costumes of the people there and the real need for spiritual work. He also brought with him a group of miniature figures of ox-carts, wells, and idols. Missionary Meinz has served six years in India and intends to go back next June to continue his work. The lecture was well attended.

Mr. and Mrs. Oscar Elderdean and Mr. and Mrs. Bultemeier from Indiana are visiting the Herman and Robert Schuelers. They are friends of the local people. Mr. and Mrs. Herman Schueler had a social in their home Sunday evening in honor of the visitors.

Mr. and Mrs. Chris Bieri and Mrs. Claude Taylor, mother of Mrs. Bieri, visited in the Koeltzow home Sunday afternoon. The Biers are now live at Rankin, Texas. Mrs. Taylor lives at Broadview, N. M.

Mr. and Mrs. Paul Jones and Randy and Mr. and Mrs. Robert Calaway and sons visited their parents, the Charley Calaways, Sunday afternoon.

In case you need to renew or wish to order the State Line Tribune, Mrs. Paul Koeltzow, Friona, would be glad to send it in. Subscription rate is \$2.50 per year.

Mrs. Paul Koeltzow and Lonnie and Mrs. Max Wagner went to Amarillo last Friday. Lonnie and Mrs. Wagner received medical attention.

Jake Johnston has returned to Missouri after a two weeks visiting here and seeing about his business at Rhea.

Mrs. Floyd Schlenker, Mrs. Carl Schlenker and Mrs. Herman Schueler attended the new homes tour in Friona last Friday.

Grandmother Drager is very happy to have her sister and husband, Mr. and Mrs. Ed Meyer, of Copperas Cover, here visiting her. Mrs. Gordy's father, Alford Petty, is home from the Hereford hospital. He was quite ill but is reported much improved.

Mr. and Mrs. Martin Wagner made a business trip to Amarillo last week. Mrs. Max Wagner kept their children.

To See Children

Mr. and Mrs. Sam Randol were in Dallas the past week to see their daughter and family, the J. R. Fains. They also visited another daughter, Hettye Nan in Ft. Worth, where she is employed by the First National Bank.

Uncle Tom Randol accompanied them to Ft. Worth where he visited friends and relatives.

an indication of his belief that the crop is going to do all right.

Tuesday afternoon, North Plains had turned out 28 bales, but things were "pretty slow" according to Williams because of serious shortage of hand labor.

Quality in the Friona area is

high, running all-white, middling, and strict middling. Prices have averaged 32 cents in government loan, Williams says.

Pulling prices are around \$1.75 and ginners say 500 laborers could be put to good use.

J. L. Stowers, two miles southeast of town, got 32 per cent lint on his bale-per-acre cotton, says Williams.

Harvesting won't really get underway before frost, he says. Defoliation is being tried in a few instances, but is not being generally practiced.

NICKLES, Lariat

Henry Haseloff, Oklahoma Lane, brought in the first load Sept. 22. His cotton, grown under irrigation, brought 50 cents a pound and the first bale was ginned free. It weighed 560 pounds.

Guy Nickles, owner, says only about 25 per cent of the cotton in the Lariat area is open, and he had ginned only 13 bales by Tuesday.

Pullers are drawing varying wages but definitely are needed. Nickles says a large measure of cotton defoliation is being done in the Lariat area to induce earlier harvesting. He estimates the county crop this year at 60,000 bales.

and say the market probably will hold at \$2.10 that year, it may mean that millions of acres of non-allotted wheat will be sown to cash in on good prices. Then what happens to that \$2.10 market, since it's free to rise and fall with supply and demand? You guess.

So far as we can remember, there's never been anything like it. In the past two weeks we've had four people seek employment on The Tribune.

They say the human race is a glutton for punishment, but this is carrying it too far.

Mrs. Paul Koeltzow, up in the Rhea community, said she'd like to be a correspondent. We dashed off a quick note saying she was hired and told her what wages and commissions would run.

"You sure have yourself a correspondent!" she fired back adding she had no idea she'd actually get PAID for working. Sometimes we don't know when it's smart to keep our mouths shut.

## Read Cited, Mustangs Win Conference Game

Darrell Read, sophomore half-back for the Bovina Mustangs, had the honor of winning the "Player of the Week" award from the Amarillo Daily News, last week, for Class B competition.

In a nice write-up given Darrell in the Amarillo paper they pointed out his fine exhibition of all-around play and especially his passing in the game with Gruver. The 32-0 win over Gruver moved the Mustang rating up from sixth to fourth in B team ratings.

### Mustangs Win

The Mustangs added their third win compared to no losses Friday night, defeating the Whitharal Panthers, 21-13 on their home gridiron. This was the first conference game of the season.

Whitharal kicked off but Bovina failed to make a first down and lost the ball, with Whitharal following suit. After an exchange, Bovina took over on their own 43. Three yards were gained; Ware made a nice run around right end, going to the Whitharal 30, but a fumble on the next play gave the Panthers the ball. Whitharal went to the 43 on third down, but a 15-yard penalty pushed them back and they were forced to kick.

On their own 35, Bovina again fumbled on third down and Whitharal recovered. The Mustangs held and the Panthers kicked. Bovina started a sustained drive from their own 20 that carried them to the Panther 5 as the first quarter ended.

On the first play of the second round they picked up one yard, then Leon Ware went over for the first Bovina touchdown. Ware held, Read kicked the extra point.

Bovina booted and Whitharal failed to make a first, kicking to the Mustangs. After no gain on a ground play and two incomplete passes Bovina was forced to punt and the Panthers took over on their own 20. They pushed downfield, gaining a first and ten inside the Bovina ten. Bovina tightened the defense and held, then took the ball on their own eight as the half

ended. Bovina kicked to the Panthers to start play in the third period; on the first play Whitharal fumbled with the Mustangs covering on the Panther 20. Read passed to Owens for a first down on the three. Larry Ezell, halfback, plunged over on the next try for another score and Read passed to Owens for the extra. Bovina led, 14-0.

Whitharal received and roared back down the field on ground plays mixed with two passes, scoring as Gage passed 15 yards to Horton. Throckmorton picked the extra point.

Bovina went deep into Panther territory after taking the kick and reached the Panther 3. Receiving a 15-yard fine, they failed to score and Whitharal took over on the 3.

The Panthers started back up the field and had a first on their own 43 as the quarter ended. They continued their march as the last canto began, scoring again with Fagen plunging one yard for the six-pointer. The conversion try was no good, and Bovina led by a scant 14-13.

The ball changed hands several times with neither team making a serious scoring threat. As time was running out Bovina fumbled and Whitharal took over on their own 35. The Panthers tried some desperation passes but failed to connect, losing the ball to Bovina on the Whitharal 35. Bovina got five, then Read broke loose and went 30 yards for the touchdown. He booted the extra point just as the game ended.

The locals go to Wellman this Friday night for a non-conference tilt. The following week, Oct. 9, they play Farwell on their home field for the second conference game.

### In Venable Home

Mrs. E. A. Davis of Stephanville, Texas, has been visiting the past ten days with her sister and husband, Mr. and Mrs. Bill Venable. On Sunday they took her to Plains, to meet her son. Also visiting in the Venable home Saturday was their daughter, Mrs. R. L. Barber, and sons, of Muleshoe.

## Leg Fracture Received In Bovina Game

Charles Williams, son of Mr. and Mrs. W. E. Williams, is in the Friona hospital suffering a leg fracture from the football game with Whitharal Friday night.

Charles suffered the injury just before the half on a tackle he made. He was taken to the hospital where X-rays showed that the small bone in his right leg was broken just above the ankle.

Charles will be out of the lineup for the rest of the season and his services will be greatly missed as he was the outstanding man on defense. He was a senior and the regular center for the team.

The leg was to be set and placed in a cast Tuesday if the swelling was gone out of his leg.

### INITIAL SESSION HELD

The Bovina chapter of FFA held its first meeting of the year Thursday night in the ag room. Officers elected were: president, Sam Sudderth; vice president, Donald Lloyd; secretary, Don Sudderth; treasurer, Larry Ezell; reporter, Erith Hawkins; and sentinel, Norman Killough.

Greenhand initiation will be the fourth Thursday in October. It was decided that the annual trip will be to Ft. Worth in January, subject to approval of the board. Wanjette Turner was elected FFA sweetheart for the year.

### PLAN TEACUP DRIVE

The Brownie Scouts are sponsoring a drive for teacups for the PTA, to replace those lost in the fire. They have boxes in each of the grocery stores downtown and anyone having cups to donate is asked to take them to one of the stores. This week the Brownies will start selling miniature aprons and pants. The charge will be one penny for each inch your waist measures. Proceeds will go to the PTA to help them replace the electric coffee maker.

GIVE a tea cup to the school.

### BOVINA BAPTIST CHURCH NEWS

The W. M. U. is having an installation service this week to install all of the new officers that will take office the coming year. Mrs. T. M. Knighton, associational W. M. U. president of Canyon, will be in the service and have charge of the program.

Last Sunday was promotion day in the Sunday school and Training Union. All those who were the proper age to be promoted received promotion certificates as they went from the various departments into the new departments.

Plans are being made to work out the church calendar of activities for the coming year. The church council, composed of the Sunday school superintendent, and the Training Union director, W. M. U. president, brotherhood president, choir director and the church pianist, will meet Wednesday night to work out plans.

Last Sunday's attendance record was Sunday school, 193; morning worship, 219; Training Union 97.

The annual Associational W. M. U. conference and leadership clinic will be held next Thursday, Oct. 1, at the First Baptist Church in Dimmitt. The annual associational W. M. U. meeting will be held Thursday, Oct. 8 at the First Baptist Church in Canyon.

A cordial welcome awaits you at the Bovina Baptist Church.

### Special Communion Comes On Sunday

Rev. Walter G. White states that this Sunday's worship services at the Methodist Church will be highlighted by the simple observance of World Wide Communion Sunday, at the morning service beginning at 11 a. m. Throughout the Protestant Church of the world special emphasis will be placed on the remembering of others through communion at the altars of the churches.

Bovina Methodists will receive the sacrament and give a special offering to relieve the suffering of Christians over the world as well as to help them in strengthening churches in devastated countries. Special music will be offered by Miss Lillie Ellison and Miss Lois Ellison, who will sing "I Come To Thee", by Roma.

On Sunday evening there will be installation services for new officers and teachers of the church school. Each officer and teacher is asked to be present.

## Widows Club Meets In Brown Home

Thursday, the Bovina Widows Club met with Mrs. Maidee Brown in the home of her sister, Miss Loula Smith, who is, for a time, in California.

After a covered dish luncheon, the fun began with a "Crazy Bible Quiz" and equally crazy answers, such as: "How do we know that Adam and Eve were a rowdy couple?" "They raised Cain;" and "How did the Lord stop Adam gambling?" "He took away their pair-o-dice."

Then each one was asked to relate her first or most vividly remembered experience. One had tried to give her first reading—"The Boy Stood on the Burning Deck." She kept repeating this line over and over. Her prompter, thinking to aid her memory, asked: "What became of the boy?" In agony, she replied, "Oh! I don't know."

Another had been unmercifully teased by her sister about a small boy who lived on the same street. One day she had reached the end of her endurance, and loudly prayed, "Oh, Lord, come down and burn her soul!" But would you believe it? She and the little boy grew up and—yes, married.

Miss Loula Smith sent souvenir post cards from California to all of the members. Mrs. Caldwell had made pretty little cook books containing a recipe from each member.

New members were Mother Elliott and Mrs. Ollie Williams, and a new permanent guest, Miss Rita Caldwell.

The next meeting is scheduled to be with Mrs. J. G. Charles and her sister, Miss Ellen Remsnider, on Thursday, Oct. 15.

### Surprised With Party

Keith Huggins was surprised last Thursday evening when a group of his friends dropped in at his home to help him celebrate his birthday. The group spent the evening watching TV. At the close of the evening his mother served cocoa and cake to those present.

Attending were Sue Moody, Joyce Whitfield, Neil Smith, Wilbur Dee Pounds, Leon Richards, Phil Caldwell, Terry Adams, Denny Ware, Julius Bradshaw, Anthony Whitfield, Marvin Young, Jean Huggins, the honoree, Keith Huggins, and the hosts, Mr. and Mrs. C. M. Huggins.

### SELECT COLORS

The Home Ec girls and the advisory council have been working on the color scheme and decorations for the new cottage. The building is due to be completed in November. They are taking bids for appliances. The council will select furniture for the living room. No change in plans for the cottage are contemplated after the recent fire.

Mrs. W. J. Wade is in Groom visiting her sons, Max and Gene, and their families. Mrs. Jessie McSpadden and her son Hal, of Midland, spent Monday night in Groom.

Mr. and Mrs. Red Boatman of Wichita, Kans., are here visiting with his father and mother, the L. L. Boatmans.

### Here Over Weekend

Rev. and Mrs. Bob Jackson of Abilene visited her parents, the Boye Taylors over the weekend, and Rev. Jackson filled the pulpit at the Baptist Church for both services Sunday. Jamie Tidenberg also came home with the to visit his parents, the H. L. Tidenbergs. Both of the boys are ministerial students at Hardin-Simmons University.

Mr. and Mrs. Troy Armstrong and Mrs. J. Sam Gaines went to Amarillo, Sunday, to visit Mr. and Mrs. Neal Mager.

Mr. and Mrs. Bill Kyle of Eldorado Springs, Mo., are here visiting friends and relatives.

**Holiday Decorations Centerpiece Motif**

Bovina Woman's Study Club met Sept. 29 at 3 o'clock for a regular session at the home of Mrs. Curtis Huggins. After a business meeting conducted by the president, Mrs. J. P. Macon introduced the guest speaker, Mrs. Lucian Madole and another guest, Mrs. Osborne, from Texico. Mrs. Madole is a long-time friend of Mrs. Macon.

Mrs. Madole gave a demonstration on the arrangement of unusual table decorations. There were a number of centerpieces which were all original, imaginative and practical, and included themes for Easter, Christmas, Thanksgiving, Halloween and other special occasions. The hostesses, Meses. Huggins and Bess Elliott, served refreshments of strawberry parfait pie, iced tea and salted nuts.

Present for the meeting were Meses. Madole, Osborne, Rouel Barron, Lloyd Battey, O. D.ingham, H. D. Bradshaw, Buck Ellison, Troy Fuller, A. L. Glasscock, Arnold Hromas, Clarence Jones, Ovid Lawlis, Reagan Looney, G. W. Macon, B. P. Pittard, I. W. Quickel, O. W. Rhinehart, Charles Ross, Billie Sudderth, William E. Thornton, Hilary Tidenberg, Frank Truitt, Walter White, M. D. Durham, Frank P. Wilson, J. P. Macon, Tom Caldwell, Gene Ezell and the hostesses.

The next meeting will be October 8, with the topic for study "Our Community Challenge".

**Mrs. McSpadden Goes To Amarillo Clinic**

Jessie McSpadden, owner and operator of the Bovina Beauty Shop, attended a beauty clinic sponsored by Unit 13 of the State and National Hair Dressers and Cosmetologists held in Amarillo at the Haring Hotel, Sept. 20-21.

Guest artists at the show were Lee Self of El Paso and Comer Syrett of Beverly Hills, Calif. On Monday she attended classes under Syrett. There were some 500 operators from this area at the clinic. On Sunday they had a banquet in Old Tascosa and Monday night enjoyed a style show presented by Blackburn Brothers, in the Crystal Ballroom.

Hair stylists said the trend was definitely to short hair and predicted it would remain that way.

**Mrs. Gober Wins Receives Many Gifts**

Lovely bouquets of white, pink and purple asters formed the setting, Monday afternoon, for a pink and blue shower honoring Mrs. Scott Gober in the home of Mrs. Hubert Ellison. Other hostesses for the affair were Mesdames C. A. Ross, Clarence Jones, O. W. Rhinehart, Earl Ware, Billie Sudderth, and W. E. Williams.

As the guests arrived, they registered in a very clever guest book that had been made by Mrs. Mary Agnes Evans. It was copied from the miniature baby books used as plate favors. Mrs. Rhinehart presided at the guest book.

Attendants played a couple of games and when the honoree won the second game she was presented many beautiful packages. The gift from the hostesses was a Teeter-Babe.

Angel food cake with strawberries and whipped cream, was served with iced tea to Meses. Frank Carson, C. W. Grissom, J. R. Ellison, Harry J. Charles, Frank Smith, Buck Ellison, Nickie Foster, Earl Derrick and Aubra Ellison.

Regrets were received from Meses. Willie Smith, William Gromosky, Frank H. Wilson, Webb Gober, Lloyd Gober, L. M. Grissom, W. H. Willoughby, J. I. Gober, Tommy Bonds, Bedford Caldwell, J. T. Hammonds and J. P. Macon.

**Methodist Men Will Breakfast Saturday**

The Methodist Men of Bovina will meet Saturday morning at 6 o'clock for a breakfast of hot biscuits, bacon and eggs, served by Keith Frost, C. F. Hastings, Thomas Beauchamp and Rev. Walter G. White. Boost your car's power as much as 15% with

**New Conoco Super Gasoline**

with **TCP**

**The Greatest Gasoline Development in 31 Years**

Restores "new car" power!  
Increases spark-plug life up to 150%!  
Gives you extra gas mileage, too!

CROSS SECTION OF TYPICAL SPARK PLUG

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

Today it is possible to put new power in your car—just by driving into a Conoco station and filling up with new Conoco Super Gasoline.

For Conoco Super with TCP is a new kind of motor fuel—truly the greatest advance in gasoline since the introduction of tetraethyl lead in 1922. New Conoco Super can actually increase the power of the average car as much as 15%. That's because TCP overcomes the greatest cause of power loss affecting most cars on the road today. Conoco Super with TCP is brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuel.

**Combustion deposits drastically reduce power**

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined effect of mis-firing and pre-ignition is loss of power and wasted gas.

**How Conoco Super Gasoline with TCP works**

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

**TCP helps your car—whether new or old**

Whether your car is old or new, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super

Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost.

Conoco Super with TCP is at your Conoco dealer's today. Don't wait another day to start using this new kind of gasoline—the greatest development in 31 years!

See what Conoco Super with TCP can do for your car—

**Start the "TWO-TANK TEST" today!**

1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so...
2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

# Happenings at Friona

MRS. OSCAR BAXTER AND MRS. ABIE CRUME, CORRESPONDENTS. PH. 3801

## Grain Cutting Starts In Friona Territory

Harvesting of the 1953 crop of grain sorghums is beginning to show a speed-up this week, after several very early cuttings, and operators at both the Friona Wheat Growers and Santa Fe Grain elevators were of the opinion that the next few days would see combines in full swing over the area.

One outstanding yield has already been reported. George May, who farms the W. S. Menefee acreage, last week finished cutting a small 24-acre patch of Martin maize which turned out a total of 6790 pounds per acre. This spot had been in alfalfa for a period of five years previous to the 1953 planting, Arthur Drake, elevator manager, said when making the report.

The May cutting fully proves the theory of soil conservationists on using legumes alternately with other crops, in order to enrich the soil. "Only thing wrong with this," Drake said, "was that he (May) just didn't have more acreage with that kind of yield."

Irrigated fields bear every evidence of coming through with an average of from 3200 to 4000 pounds per acre, grain men believe. On the other side of the ledger, it is apparent that dry-land feed will be very short in the harvesting—if it is harvested at all. The boost given by July rains and August showers was nullified by excessive recent heat and dry weather, with the result that many fields look good enough for little more than stock grazing.

However big the harvest may turn out to be, Friona farmers should not be wanting for storage space. Friona Wheat Growers has a capacity of around 1,300,000 bushels of grain; Santa Fe Grain can accommodate around half a million. At both elevators, some last-season grain was still in storage at the beginning of the current cutting, operators report.

## Squirrelly Move Is Planned By City

Something new is slated to become part of Friona's population in the near future, with Mayor Charles Allen having authorized the securing of five pairs of squirrels for the city park.

A few years ago, a similar number of the bushy-tails were imported from Lubbock to take up residence on the county courtyard at Farwell and have proved interesting additions to that city. With plenty of trees and facilities for the squirrels here, city officials decided to bring in the frisky animals.

Houses for the new residents were constructed during the summer by John Parrish and a group of local youngsters, it is reported, with lumber for the project being donated. As soon as the moving date is received, the houses will be put in readiness for the newcomers.

### MOVE HERE

Mr. and Mrs. Clarence Martin, Martha Ann and Gary, of Lamar, Colo., have moved northwest of Friona on their farm. The Martins formerly lived here about six years ago. They were dinner guests of her mother, Mrs. C. D. Carter, Sunday.

## in & around FRIONA

by abie

Local residents feel quite proud, and very justly so, of John S. and Maxine Thompson, who exhibited the grand champion Milking Shorthorn bull at the Tri-State Fair in Amarillo the past week. The Thompson herd is well known in this county, being prominent in placements at the Farmer Fair, and congratulations are in order to the couple for their achievement.

Don Lewis and Deniese Magness were in Farwell during the weekend, when Deniese, daughter of Mr. and Mrs. "Tiny" Magness, was soloist at the wedding of Bettie Foster.

Revival services at the Friona Methodist Church closed the past Wednesday evening, with good attendance having been reported during the meeting.

Bob and Ouida Jones and the boys, Jim Bob and Joe Bill, are back home after ten days spent downstate with Bob's grandmother, Mrs. Elsie Grisham. Bob put in most of the time dragging bass, channel cat and crapping out of Lake Whitney, and Ouida vows she never wants to eat another fish. Seems Bob made pretty good on his expeditions, bringing in around 70 finnies of various kinds.

A Republican postmaster for Friona? Straws in the wind seem to indicate this may be in the offing.

## Electrical Code Will Be Adopted Locally

Adoption of an electrical code for Friona is now pending, following the first reading of the code on Monday night of last week, according to Roy Wilson, city manager.

Explaining the procedure, Wilson said that three "readings" of the code are held by the city commission, at the conclusion of which the rules will be announced as effective. The public may attend the readings. With the next meeting tentatively slated for October 3, indications are that the code will be operative the early part of November.

In brief, such a code is a set of regulations pertaining to wiring of residences and business houses to be erected or repaired in the future, within the city limits of Friona. "No town should be without such a code," Wilson said, pointing out that specific safety rules for wiring can be depended upon to cut down fire hazards.

Asked if such regulations would become retroactive on houses and businesses already erected, Wilson replied in the negative. He did point out, however, that in cases of remodeling or additions, a checkup could be authorized and extensions subject to provisions.

With the adoption of the code, the city automatically affixes an electrical engineer, Wilson said.

Mr. and Mrs. Dan Luttrell and son of Grantsfalls, Tex., have been visiting her parents, Mr. and Mrs. Everett Talbot, and his parents, Mr. and Mrs. M. B. Luttrell.

## Services Held Here For Former Resident

Funeral services were held Friday for Arthur S. Curry, age 74, at Friona Methodist Church with Rev. L. L. Hill of Canyon officiating, assisted by Rev. U. S. Sherrill and Rev. C. M. Fields. The deceased resided in Amarillo.

Curry was born November 26, 1879 in Waxahachie. He married Miss Hautie Patton on May 31, 1904. The Currys moved to Friona in 1918, later moving to Amarillo in 1944.

While a local resident, Curry was a member of the school board for several years. He also served as superintendent of the Methodist Sunday School. He was active in farming until about a year ago. Since then, he had been in ill health.

Survivors include the widow; four daughters: Mrs. Cayson Jones on Friona, Mrs. Elvin Johnson of Nocona; Mrs. Juanita Johnson and Mrs. Edna Earl Breacht of Amarillo; four brothers: O. C. of Portersville, Calif.; Fletcher of Clarendon; Roy of Floydada and Jim of Floydada; two sisters; four grandchildren and twelve great-grandchildren.

Pallbearers were Joe Fallwell, Max Wells, Jack Moseley, Dean Hall, Hubert Day and Hugh Moseley. Honorary pallbearers were Bill Cogdill, E. M. Sherrieb, David Moseley, Bert Chitwood, D. A. Meade, Jim Shaffer, Ersel Taylor and Herbert Martin.

## Hot, Dry Weather Plagues This Area

What should be fall, according to the calendar, has turned into a blasting review of summer over in this area, with temperatures soaring into the high 90s during the past week.

And fields and pastures are showing the evidence of the prolonged late-season heat. Pastures which greened up and were apparently headed for lush growths to produce some winter foraging have burned badly in the scorching sun and blistering winds, while fields of grain sorghums and cotton have been hastened toward quick maturity.

The weatherman promises a little—but not much—relief during the next few days, and it would appear that even with the coming of October, summer clothes and air conditioners will continue to be exceedingly popular in this area.

## Store Move Expected Within A Few Days

Removal of the stock of the Knox Ready-to-Wear Shop to its new location next door to the City Drug is expected within the next few days, Jack Knox, owner, reported on Monday of this week.

Interior remodeling is practically complete, with only work in the small rooms at the rear of the main store section to be finished, and workmen are slated to begin exterior re-touching shortly, Knox added.

"I'd hoped to be in by the first (of October)," Jack said Monday, but added that indications were it would be next week before removal from the old Friona State Bank building could be completed.

Mr. and Mrs. Leo Bails, Harold and Kenneth visited Sunday in Muleshoe with Mr. and Mrs. Merle Barnhouse.

## Vocational Ag Meet Is Held Wednesday

The Lubbock district, Area 1, meeting of vocational agriculture teachers was held in Friona last Wednesday.

Demonstration on farm skills of various types were given by FFA boys from Friona and Hart. Walter Labay, of Plainview, supervisor, was special guest, and several different schools were represented by teachers.

Friona high school choral singers entertained with several numbers. In the group were Zelma Faye and Wanda Beatty, Clea Kay Stowers and June White.

## 500th Water Meter Connected By City

The 500th water meter to be installed in the City of Friona was connected the past Wednesday, according to records at the city office, with the service being extended to the residence built by H. W. Brookfield.

"Figuring on the basis of three persons per meter," Roy Wilson, city manager, said on Monday, "that gives us an estimated population of 1500 for the present time." Wilson said that recent census figures showed an average of "2.99 persons per meter".

PARMER COUNTY

**THIS IS NATIONAL NEWSPAPER WEEK**

**Ten Reasons**

**WHY ADVERTISERS PREFER THE TRIBUNE**

1. The Tribune covers all of Parmer County, a region which has promise of becoming one of the nation's leaders in individual buying power.
2. The Tribune has higher reader interest. No one gets free subscriptions to The Tribune. The fact that they pay for it is evidence that they take it home and read it.
3. The Tribune is locally owned, and interested in developing the territory which it serves. It is not out to solicit advertising dollars and have them transported a hundred miles away.
4. The Tribune devotes a high percentage of its columns to news reporting, and spends large sums to insure wide coverage. This means better readership of the entire paper.
5. The Tribune's advertising rates are in accordance with newspapers of similar size and quality in this part of the country—LOWER than many of them.
6. The Tribune is happy to cooperate in the preparation of copy for advertising. Hundreds of dollars are spent each year to keep the display advertising illustrations up-to-date and high in quality.
7. The Tribune is better typographically. It looks better, is easier to read. Pages are not jammed with ads so that some messages are overlooked.
8. The Tribune is happy to furnish advertising counsel free on request.
9. The Tribune is editorially independent—saying what it believes regardless of the parties involved.
10. The Tribune is a long-established business institution—the oldest in Parmer County under the same management. Advertisers know we're not a "fly-by-night" organization.

This is National Newspaper Week. We think it's a good time to stop for a few moments and talk with you, our readers and advertisers, who make it possible for The State Line Tribune to publish each week.

We want to tell you how proud we are to be a part of this particular part of the Great High Plains, where we have just began to unlock nature's promise of abundance. We sincerely believe in the future of Parmer and adjoining counties which we serve, or else we would not be making a constant effort to expand the territory which we cover.

We extend you an invitation to stop by our offices at your convenience and let us show you what makes a weekly newspaper "tick." We will be delighted to have you in.

In the meantime, please remember that we're a newspaper that is interested in improving ourselves, and we consider it a favor when you make suggestions on how we might do this. Your help in "tipping us off" on news stories will be greatly appreciated, and we'll try to cover them as thoroughly as possible.
