OSBY WEAVER

Weaver Is Speaker At Church of Christ

Sunday morning, Osby Weaver will speak in the opening of a gospel meeting at the church. He will speak again in the evening service at 8 p. m. This meeting will continue through March 14.

Services will be held twice daily at 10 a. m. and at 8 p. m. Singing will be under the direction of Eugene Sofford, the minister of the local church. An invitation is extended to everyone to attend this meeting.

Bible classes meet at the church each Sunday at 10 a. m. Our goal of attendance for this week is 150.

Rundell Says It Isn't 'Put Up Deal' On Tire

Cecil Rundell, Farwell service station operator, who awarded a new tire as an advertising feature Monday, says the drawing isn't a "put up deal."

The reason he's doing some explaining is because the ticket drawn bearing the name of the winners turned out to be from Weldon and Murrell Rundell—Cecil's kinfolks.

Cecil maintained everything was on the up and up, however, and has the word of his competitor, Pop Spurlin, to prove it. It was Pop who drew the ticket.

Wiggins, in Address to Banquet Crowd, Calls for Less Leaning on Government

Dr. D. M. Wiggins, vice-president of Citizens National Bank of Lubbock, was very emphatic in his remarks on "The Dangers of Organizationalism" in his speech at the annual Farwell Chamber of Commerce banquet, held at the school cafeteria, Friday night.

Although a severe dust storm battered the area all day Friday, about 200 people were on hand for the CC program. A large number of out-of-town guests were on hand, including several from as far as Amarillo, and State Senator and Mrs. Andy Rogers drove in from Childress.

Otis Huggins, president of the Chamber of Commerce, served as master of ceremonies, and introduced guests from the above mentioned towns, and from Muleshoe, Portales, Bovina, Lubbock, and Texico. Other special guests were State Representative and Mrs. Jesse Osborn of Muleshoe, and Mr. Brownfield of Lubbock, who accompanied Dr. Wiggins.

Farwell music students, Dick Felts, Dudley Hughes and Darlene Sprawls, were featured in a short musical presentation, and Wilfred Quicke, secretary of the Chamber, listed the achievements of the organization for the past year. R. W. Anderson introduced the speaker and presented Dr. Wiggins with J. E. Hays' book on the old XIX ranch, of which Parmer County was once a part.

In introducing his subject, Dr. Wiggins told listeners that the average citizen doesn't understand the nation's economy—he is just scared of inflation—and he doesn't understand the government.

"In this age of complex and intricate organizationalism, even the professional politician doesn't understand it," he said.

However much we might have liked to have had more sponsors, and hence more pages, it was impossible by the circumstances being what they were. We apologize to those of you who feel (something justly, perhaps) that you were "left out."

Parmer County Junior Livestock Show, held annually, is slated to get underway March 13 in Friona. T. L. Leach of Texas Tech will be judge for the show.

Officers and directors include: Floyd Schlenker, president; Clyde Hays, vice-president; Joe Jones, general superintendent; J. T. Gee, assistant superintendent; Raymond Euler, secretary-treasurer; Eugene Boggess, A. L. Hartzog and Walter Kaltwasser, directors.

Schedule of events will be: swine judging, 8:30; dairy cattle judging, 10:00; rabbit judging, 10:00; lamb judging, 1:00, fat steer judging, 1:30 and steer classification according to grade, 2:30.

Classes are: beef cattle—light weight, medium weight, heavy weight, for individual animals; in group, pen of 3 fat steers and pen of 5 fat steers; grade classes, prime, choice, good, commercial and utility; breeding classes, heifers under one year, heifers 1 to 2 years, heifers over two years, cows and cow and calf, bulls under one year, bulls one year and under two, bulls two years and over.

Swine department: fat barrows weighing 160 lbs. to 225; fat barrows weighing 225 and over, grand and reserve champion barrows, fat litter consisting of five or more hogs, 160 lbs. and over; pen of three fat hogs weighing 160 lbs. and over; gilts 160 lbs., to 225 lbs; open gilts 225 lbs. and over; bred gilts, sows, sow and litter, boars under 1 year;

Pipe for Gas Lines Arrives in Friona

Some three carloads of pipe which will be used to further natural gas lines of the Pioneer Gas Company arrived in Friona the first of the week.

The pipe will be used in running lines throughout rural areas where natural gas is to be used for the operation of irrigation motors, and indications are that a large number of wells will get the gas route as soon as the lines are completed.

Ralph Shirley, local representative for Pioneer, could not be contacted Monday morning for a definite announcement, but it was reported that the first of the lines were to be laid in the Black area, some nine miles northeast of this city. Second on the list will likely be the extensions to the south of Friona, while a third project extending lines north of the city limits is also slated by the company.

Victory Meeting To Be Monday Night

The annual Parmer County Farm Bureau Victory Meeting will be held Monday night, March 8, at eight o'clock in the Friona Auditorium. Johnny Lynn, "Uncle Jay" of KGNC will be the entertainer and speaker for the occasion which marks the end of the concerted membership drive of the past year, according to Aubrey Ellison, president of the organization.

"From all indications", said Ellison, "we will at least reach our quota of 600 members. Renewals and new members received in person and by mail exceed the usual number considerably." Ellison credits the successful culmination of efforts increasing cotton acreage and allotment methods for the unusual interest this year, but he said there are other items needing our careful attention throughout the next year. One of those is the probable acreage allotment of grain sorghums in 1955. If it comes, it is important that we have recommendations concerning methods of execution, he says.

At the Monday night meeting, membership workers will report on their success during the week and membership figures will be calculated, after which Uncle Jay will take over to entertain the group. The public is invited and urged to attend.

At the kickoff dinner the past Monday, about 80 workers were on hand to hear Judge Otha Dent of Austin, speak on "The Zipper Age". Mr. Stout, chief of engineers of Texas Water Board, also presented remarks.

MYF To Serve Coffee, Donuts

Methodist Youth Fellowship will serve coffee and doughnuts at the Hamlin Memorial Methodist Church Saturday morning from 8:30 until 11:30 in the church undercroft, it has been announced by Mary Joyce Rolland, MYF officer.

All townspeople are invited to come in for coffee that morning, and free-will payment will be received with each patron giving what he wishes to the MYF.

Dairy department is classed according to the Panhandle Plains Dairy show catalogue. Other departments are rabbits and sheep.

Superintendents of each department are: beef cattle, Heman Henson; swine, Robert Morton and Weldon Revel; dairy, Eugene Boggess and Clyde Sherrieb; rabbit, Harold Lillard and Charles Allen and sheep, Lillard.

Lovelace To Laredo To Question Trio In Farwell Burglary

In Laredo today, and probably to return this evening or this weekend is Sheriff Chas. Lovelace, who went there to question three persons being held by federal authorities on a charge of possessing narcotics.

Lovelace reported before leaving that the 30 Elgin watches lifted from Rose Drug and Gift Store in Farwell last week have been recovered and he is hopeful that more of the "loot" will be uncovered and returned here.

A charge of burglary has been filed here against David W. Bolivar, 31. He is reported to have confessed participating in the break-in that resulted in a \$3000 loss to the local business.

Two other companions, described by the sheriff as drug addicts, are also implicated in the matter. Whether the trio will be returned here in the near future is questionable, since federal authorities will likely prosecute first.

EXCAVATION TO BEGIN SOON ON WORLEY MILLS EXPANSION

The projected expansion of the Farwell branch of Worley Mills, recently Farwell Elevator, will get underway next week, with excavation work beginning on the 600,000-bushel storage tanks and the new office and warehouse.

Herbert Potts, who had previously managed Farwell Elevator, retains his position as manager of the new firm. He said

Will Serve Coffee And Rolls for Hospital

American Legion Auxiliary will serve coffee and rolls at the Legion Hall between the hours of 9 and 11 a. m. Monday for the purpose of raising money for the Parmer County Hospital fund.

"This month is community service month for the auxiliary, and we know of no better way we can serve our community than helping to make possible a new hospital for Parmer County," says Julia Symcox, president.

All persons are invited to have their morning coffee session at the Legion Hall. Proceeds will be turned over to the worthy cause.

Every member is urged to bring several persons with them to enjoy coffee and visiting.

February Moisture Totals .68 Inch

After drawing a blank for the first month of 1954, this area perked up a little during February, records at the Santa Fe depot reveal. Total moisture received for the month was .68 inch.

Of this, almost half (.31) came on Saturday the 13th in the form of a refreshing spring shower. By contrast, .25 arrived in a driving snowfall on Friday the 19th, and another .12 blew in from the north in a like manner last Saturday, the 27th.

February Moisture Totals .68 Inch

Every little bit helps, of course, but farmers say that the moisture to date for 1954 has been pretty skimpy.

MEET MONDAY

Legion meeting will be on Monday night at the Legion Hall and members will make plans for the membership drive. All members are urged to attend, as the membership report will be turned in soon.

ENLISTS

A former local boy, Pvt. Orville Keith Scott, son of Mr. and Mrs. Orval Francis of Clovis, has enlisted in the Army and is receiving his basic training at the Anti-Aircraft Artillery Replacement Training Center, Ft. Bliss. Keith was graduated from Texico Schools in 1953, and before entering the service was employed by John Lovelace.

Irrigation Day Draws Experts

About 85 farmers gathered in Bovina Thursday for the annual county irrigation and soil fertility day, sponsored by the Extension Service and Soil Conservation District, and held at the Legion hall there.

Phillip Trew, soil scientist with the SCS in Plainview, spoke on soil management under irrigation. He emphasized that the organic matter and soil nutrients in the soil are consumed at a fast rate under irrigation, and a means to restore these qualities should be worked into the program of the farmer.

Jay Boston, Castro County farmer, discussed his experiences with fertilizing and irrigating wheat and grain sorghums for the past eight years. He pointed out the differences between dryland and irrigated wheat, and the differences in land preparation. He said that he breaks land deep for irrigated wheat, then applies phosphorus and nitrogen fertilizer and water in the fall of the year for wheat. He seeds about 1 1/2 bushels of wheat per acre and grazes the crop.

In the spring, he puts on nitrogen fertilizer. He has done this for five or eight years and has been pleased with his program. He adds that two years, greenbugs and insects were a major problem. He said if his crop had evidence of insects in the spring, he didn't spend money for fertilizer or water. He also said that he thought the straw from the wheat plays a big part in returning organic matter to the soil. He applies ammonium sulphate and turns the straw under. His wheat yield has been 55 to 65 bushels on years that insects didn't bother the crop. He also stated that farmers miss an opportunity to restore organic matter to the soil, if they don't follow the combine as close as possible with the plow, to get the stalks while they are still green.

Tom McFarland, secretary of High Plains Underground Water Conservation district, brought farmers up-to-date on history of this district and stressed importance of conserving great natural resources underlying the plains of Texas. He said the district planned to take action against people who let irrigation water continually get away from them and run in bar ditches. The district is now in position to take cases to court, he said.

Bob Thurmond, irrigation engineer, told about methods and underground water resources. The highlight of his talk was that water under the soil is actually worth more than the land itself, and stressed the importance of conserving water and using it to the best advantage. He said farmers should begin to think of water as dollars, adding that enough water is pumped from the entire plains reservoir to cover Parmer County with water about seven feet deep.

Norris P. Swanson, irrigation engineer related the more critical periods during the growing season when plants need moisture, and the importance of this factor to yields. He said that in dry years such as the one just past, farmers should draw in the number of irrigated acres, in order to be there when the crop needs water badly. When moisture is

more favorable, farmers should use wells for yields over a larger acreage.

Steve Bavousett showed slides and led a general discussion on farming practices being carried on in the county on soil building, terracing, bench leveling, and others.

Joe Jones, county agent, reports a very successful meeting, and points out that local farmers are fortunate because wells are well spaced and in few instances will one affect another from the pumping standpoint. Most areas have been under irrigation less than three years. "If we will begin to manage soil properly, there is a reason why our production should ever be lowered to the same extent as old irrigation areas where proper management has not been followed", Jones says. He continues that yields will go down with the years unless farmers do something to maintain soil fertility and calls attention to the fact that the high yields in 1953 were produced in most cases on land that was growing the first or second crop under irrigation.

Parmer County Cotton Improvement association furnished refreshments for the attendants.

Ray Mears Appointed Area Dealer For Western Fertilizer

Announcement was made this week of the appointment of Ray Mears of Mears Ice, Feed & Produce in Farwell, as dealer for Western Fertilizer Company, Inc., in this area.

Mears will be able to fill orders for fertilizer that the farmers may need, regardless of the particular analysis that may fit their need most adequately. In addition, he says he will be able to arrange to have the fertilizer applied in any manner the customer desires.

Western Fertilizer announced this week that Jim Davidson is no longer with the company.

Foster Estate Sale Is Next Thursday

A clean-up farm sale of the Tom Foster estate is scheduled for Tuesday, March 9, announce Doshier & Francis, sales team. The sale will be at the Foster place 8 miles south and 2 east of Bovina; or 1/2 north and 2 1/4 miles east of Oklahoma Lane.

Heading the sale is a very large list of farm machinery including tractors, combines, all types heavy implements, and a large assortment of farm implement accessories. Vehicles, dairy equipment, swine, cows, sheep, and horses also will be auctioned.

Oklahoma Lane Methodist ladies will serve lunch at noon.

NEW SHELVES INSTALLED

New shelving, designed to enlarge display space, is being installed in Bradshaw's Grocery and Market in Farwell this week. The display racks are 13 1/2 feet long each, and there are two of them located in the central part of the store.

THE TRIBUNE'S EDITORIAL COMMENT

They Haven't Tamed The Panhandle Yet!

They haven't tamed the Panhandle of Texas yet, and hooray for it! We discover, once again, that the temperature can still drop like a lead duck, the wind can still howl mightily, and the dust—doggone it—is still with us. It is an invigorating feeling to find out that we're not the sophisticated, sun-tanned, easy-living lot that some publicists would have us be. The old raw-boned, leather-tough West Texan who grappled with nature for his meager possessions is still in the saddle—or at least you might suspect so to look at the weather.

We've always held a high regard for people who try to help themselves, and for that reason, it is difficult to raise criticism against the group of fine, public-spirited folk who are doing what they think to be a public service by labeling this part of the world with the ridiculous, and utterly misleading title of "The Golden Spread."

Their aim, to be sure, is a laudable one. They want to throw out the window the stock stories that sail into circulation every time the wind gets up from the north: "Highway 66 Will Be Impassable in this." However, we think they have overstepped their boundaries a little.

We don't have any business being in The Golden Spread. If you don't believe it, take a look at the record. Since being honored with such a high-sounding title, we have been the recipient of:

- (1) One black duster, the worst in 17 years.
- (2) Three sandstorms, perhaps a bit golden in hue, but undesirable, nonetheless.
- (3) Two snowstorms, followed by a mud-storm.
- (4) The most utterly undependable, unstable weather conditions we have ever known to exist, which have resulted in postponements of various civic enterprises, cancellations of fishing trips, and the general disruption of the social calendar.

Now, why not be sensible? This is nothing abnormal. It is West Texas weather in its truest state. To say that we are supposed to have calm,

balmy spring days all through the month of March, and call everything else abnormal, is preposterous. The West Texas, or Panhandle, weather hasn't been changed yet, and it'll take a lot more than rainfall graphs, barometers, wind gauges, visibility indicators, sun meters—and names—to change it.

Did you hear what Dr. D. M. Wiggins said about the trend toward "dependence on the government" in his speech to the Farwell Chamber of Commerce last week?

There is nothing more amusing than to watch a husband try to do the family grocery shopping.

If everybody in the United States subscribed to The Tribune, we think our troubles would be over. They probably would be only beginning.

The Republicans say the Democrats are trying to talk us into a depression. It's all this arguing that's so depressing to us.

MADE CHANGES

Our little community has made a lot of changes this year. In fact, some of us have to think who lives where. The most recent changes are the Jack Pattersons moving on the Robert Leach farm; the Robert Leaches have moved to Oklahoma.

Another new house is being moved on the Martin Wagner farm about one mile south of the church. This house will be occupied by the Fred Chandlers from Rosedale.

The land in the section is beginning to resemble a pin cushion. Another five irrigation wells were drilled the last five days. All wells seemed to have turned out successfully which makes our community a more prosperous place in which to live.

THE WEATHER

Everyone we talked to over the weekend discussed the ferocious weather we had last Friday. Our community was no exception. In fact, we ladies all discussed how much of the good soil was carried out of the house. Seemingly, the one which carried out the most, received the greatest honor. At least, we couldn't tell our new comers that the dust storm was "just a sample". It was a real one.

The tiny snow on Saturday was a real blessing to settle the dust in the air.

IN HOSPITAL

Mr. and Mrs. W. H. Alderson spent several days in the Parmer County Hospital last week. Mrs. Alderson had a throat infection. When asked what ailed Uncle Billy he replied, "probably old age". Uncle Billy did have an infection on his chest. Both are home now and feeling much better.

SHOW MOVIE

A movie, "Youth for the Kingdom", was shown at the parish hall Sunday evening. The movie was very well attended. Folks came from Amarillo, Lariat and Farwell to view the movie. It was very inspirational.

More Local Animals Get Rabies Shots

Inoculation shots against rabies were administered to more pets of the Friona area the past Saturday, according to Dr. Paul Spring, county health officer. Serum was received from a Clovis veterinarian after supplies previously ordered for Friona had failed to arrive.

Some 100 or so animals, primarily dogs, have been vaccinated in Friona to date, with the shots being given by Mike Pavalos, laboratory technician at the Parmer County Community Hospital, and Will Jones.

A checkup at the city office revealed that a total of 65 license tags have been issued for dogs kept within the city limits, and others who had their animals vaccinated the past Saturday are expected to request license tags in the near future. City ordinance requires that all dogs within the city limits be licensed, officials pointed out.

Approximately 20 strays have been picked up over town and confined to the city pound, with very few being reclaimed, workers reported. The strays, due to confinement quarter shortage, are kept for only two days before being destroyed.

Dr. Spring said that not one case of rabies has been reported within Parmer County, and precautions have been taken insofar as possible to avoid an epidemic such as has plagued other cities and towns throughout the nation.

Territory Gets Dirt Friday, Snow Saturday

The Friona territory experienced the same kind of weather of neighboring areas the past weekend, going through one of the worst sandstorms of some years on Friday, and then getting a bit of moisture from snow flurries on Saturday.

And that sand on Friday belonged to the Plains, being coarse enough to cut when it hit bare faces. As if the sand during the day hadn't been enough, Nature brought in a terrific wind from the north around mid-night accompanied by fine, sifting dust carried in from Kansas and Colorado.

Farmers in the area report little or no damage from the winds, but do add that everything got pretty thoroughly doused in sand during the big blow.

While Saturday's snow failed to last long enough to do any appreciable good to growing wheat, it did suffice to keep the dirt from rolling again as a brisk wind continued from the north.

Sunday and Monday were fair, mild—and dry—but Tuesday brought a change to colder temperatures.

Swartz Joins Local SCS Personnel

Melvin Swartz became a member of the Parmer County Soil Conservation Service office personnel on Monday of this week, having been transferred from El Paso SCS office.

Swartz has been associated with the service since 1953, having spent the major portion of that time in El Paso. He will be engaged in general farm planning here.

Steve Bavousett, head of the office, reported that Jim Terrell, local engineer, went "on loan" to the Muleshoe (Bailey county) office as of the first of March, to be in that county on Tuesday and Wednesday of each week. Otherwise, Terrell will remain with the Parmer office.

METHODIST CHURCH NEWS

The board of stewards will meet at the annex Thursday night at 7:30, only 90 days until annual conference. Every steward should be present Thursday night.

This week, February 28 to March 7, is Week of Dedication in the Methodist Church. Next Sunday is Dedication Sunday.

Bro. Standford did some splendid preaching in the Methodist evangelistic mission last week. Don Edwin Lewis of Friona did the song directing. The local minister reported fair attendance. There were five members added to the Methodist Church.

Mr. and Mrs. Homer Lindeman of Kress, have moved southeast of Friona. They are welcomed into the Methodist Church at Friona.

Rev. and Mrs. U. S. Sherrill were dinner guests Sunday in the home of Mr. and Mrs. Edd White and family.

After the evening services Sunday night, Methodist members were shown a motion picture "Any Boy U. S. A." This was sponsored by the commission on missions of the local church, furnished by the national WCTU.

Senior Play Planned In Friona March 12

The Senior class of the Friona High School is presenting the annual play, March 12, at 8:00 p. m. in the Friona auditorium. The play entitled "My Cousin From Texas," is a comedy in three acts. It is a story involving the wedding preparations of a young girl and the many problems arising when her real love arrives and is mistaken as her cowboy cousin from the west. There will be many side splitting events in store as everyone gets involved and the plays rolls on.

Members of the cast include: Gay Ann McFarland, Celia Scott; Glenn Reeve, Johnny Benton; Elizabeth Cohanough, Mrs. Buelah Scott; Lois Lathen, Doris Weaver; Margie Haws, Cousin from Texas; Kenneth McLellen, Eskew Smith (colored); Jim Dixon, Cactus Kelley; Clyde Hays, Clifton Rogers; Anita Scarborough, Peaceful Johnson; Mary Bell McGlothlin, Lucille Scott (colored maid); Gaylon Rhodes, Wilber Scott.

Admission is \$1 for reserved seats and \$.75 and \$.50.

Phone Meeting Set For Monday Night

A meeting between representatives of General Telephone and the city commission of Friona has been slated for next Mon. night, March 8th, to be held in the city offices at 7:45.

This will be the second time the city's official body has met with General Telephone agents in an effort to work out an apparent deadlock concerning hookup of rural phones to the city exchange, and subsequent charges for the service.

At a previous session, the city fathers turned down the phone company's proposal to assess all city phones, both residential and business, for extended service. Charges are varied on the various type phones.

Mayor Charles Allen reported Monday that he expected Mr. Cramer, head of the company, along with Mr. Fleming, traffic manager for the area, to represent General at the meeting. Both men are from the Brownfield office.

Friona Girl Scout Association will have an important meeting at the Friona Club house Thursday, March 4th. Miss Mary Ellen Rawleigh of Clovis and Mrs. C. M. Huggins of Bovina, will preside. All registered girl scout adults are invited to attend this meeting at 2:00 p. m.

Mrs. Cook In Hospital After Being Gassed

Mrs. Shirley Cook is recuperating from a near-miss with what might have been a fatal accident when she was accidentally gassed at her home in Friona late Sunday afternoon.

She had spent the day visiting relatives while Mr. Cook was on a hunting trip and returned to the Cook apartment late in the afternoon. After reading a short while, she dozed off to sleep and awoke sometime later violently nauseated. Mrs. Cook checked the gas stove and discovered that in some way it had gone out, then managed to call neighbors and was rushed to the Parmer County Hospital.

She was given emergency treatment at the hospital and responded quickly, although reports from the hospital on Monday were to the effect that she was still "drunk" from inhaling the gas fumes.

Club Raises \$300 For Hospital Fund

Members of the Friona Woman's Club are justly proud of themselves this week, having staged a benefit tea the past Saturday which netted approximately \$300 for the new hospital.

Mrs. J. C. Wilkinson, in reporting the affair Monday, said that she had \$295 "in hand", with several pledges yet to be received.

Despite the weather, a good crowd was on hand for the tea and program, held at the Woman's Club House. Sally Osborn and Don Lewis offered two Mexican dancing numbers; Pamela Sue Roden did a tap dance; Betty Agee sang, and Don Lewis danced and pantomimed a song to off-stage music, making not one sound as he put on an unusually clever performance.

LIP INJURED

The small son of Mr. and Mrs. Lloyd Rector was taken to the Parmer County Hospital Wednesday where two stitches were taken to close a cut in his lip caused by a small play car. The children were playing, when the older brother threw the car, and struck the baby cutting his upper lip.

BAPTIST CHURCH NEWS

Members of the Baptist Church are studying for their Wednesday evening study, the book of Psalms. They extend their invitation for everyone to attend the study. The time for the meeting is at 8:00 on Wednesday evenings.

WMU of the Baptist Church is observing this week of prayer for Home Missions, four days this week. They met Tuesday in the Baptist Church, Wednesday in the home of Mrs. Spencer Hough, Thursday in the home of Mrs. Joe Talley, and Friday in the home of Mrs. Wesley Hardesty at 2:30 p. m.

Monday morning at 6:00 a. m. was a Brotherhood breakfast at Mary's cafe for the men of the church.

The Baptist revival closed Sunday night. Bro. C. M. Fields reported they had a wonderful meeting. Rev. Alfred Richards did the preaching and Raymond Jones directed the music. There were 46 baptized, 5 waiting for baptism, 11 added by transfer of letters.

There were 511 in Sunday School, Sunday, February 28 and 279 in training union.

Randy Hinkle was in Clovis, last Wednesday on business.

NO MUMPS HERE

"No mumps", Dr. Paul Spring, school health officer, reported in regard to the Friona institutions on Monday. He added that cases in adjoining counties had been reported, particularly in Deaf Smith, but Friona was in the clear so far. "In fact," the doctor added, "we have been free of epidemics throughout the school year."

Right in the middle of that blinding sandstorm the past Friday, Jim Roberts left town to check up on a reported accident on the visibility-zero highway east of town. Roberts found plenty of cars in ditches, trying to get to their destinations and avoid being hit by other vehicles, but failed to find a wreck. Later reports were to the effect that the collision was minor and no one hurt, which was to the good since assistance would have been hard to offer in such weather.

The Roy Wilsons and Leonard Haws were in Albuquerque over the weekend, visiting in the Alfred Haws home. Also on hand was Wesley Haws, who arrived in the New Mexico town from California. The local party returned home Sunday.

Understand that several members of the Progressive Study Club were in Brownfield for a club institute on Thursday. Among those attending were Mrs. Jack Knox, Wanda Jarrell, and Jean Gore. Possibly others whose names we failed to get.

Ruby Shaffer, Shirley Coconaugher and Ruby Gore were among the college students in for a weekend visit with home folks.

Mrs. George Reed has a guest, Mrs. Orr, visiting here from Iowa. Heard that the Iowa lady was here on a combined business and pleasure trip.

Wesley Foster is moaning about a broken record, and vowing he's going to "make it up" this week at a meeting out of town. Seems Wesley has had perfect attendance at the local Lions Club for the past seven years until last Thursday night, when his responsibilities to his church's revival prevailed over his Lions activities.

Preach and Frances Collier, along with the youngsters, Rita and Darrell, visited in Hereford Sunday afternoon.

That persistent high white you heard Saturday over and above the shouts of joy concerning the not-to-be-sniffed-at snow flurry was from the concerted action of vacuum cleaners, as every housewife in the area got the most out of her sweeper that day in digging out Friday's dirt.

GIRL SCOUT NEWS

TROOP III

Girl Scout Troop III met Monday afternoon at the Baptist annex. All the Girl Scouts, but four, finished their concho belts. The hostess was Lila Gay Buske who served candy. There were ten Scouts present and their leaders, Mrs. Helen Potts and Mrs. Jinix Sneed.

TROOP V

Girl Scout Troop V met Monday afternoon at the Friona Club House. These Scouts went on a penny hike, and played games. Sunday March 7, Scouts will attend the Baptist Church and on Monday, March 8, they will present a program at the Baptist Church. Hostess was Doloris Elmore, who served sandwiches and cold drinks. There were 13 Scouts present and their two leaders, Mrs. Ralph Wilson and Mrs. Kenneth O'Brien.

HAVE DOLLAR DAY

Dollar day was held in Friona Monday afternoon across from the post office. Gifts of \$50 went to Mrs. L. Haws, Mrs. Pearl Hand, and Mrs. Reaford Shirley. Dollar day will be held each first Monday in the month. Next Dollar day will be April 5. There will also be an auction sale Saturday March 20, in Friona. This is held each third Saturday in the month. Bill Flippin is the auctioneer.

RECUERATING HERE

Dr. Rex Johnson is still in the home of Mrs. F. N. Welch, where he was brought from a Lubbock hospital over a week ago, where he was in a car wreck. He and Mrs. Johnson and son, Mark, will return home in Denton, when he is released by his doctor. Mrs. F. N. Welch is doing fine at her home, she was released from the hospital in Hereford last Tuesday.

Mr. and Mrs. M. D. Nickels of Happy visited over the weekend with Mr. and Mrs. G. B. Buske and other relatives. Mrs. Nickels is the sister of the Buskes's.

UNDERGOES SURGERY

Mrs. John Parrish underwent major surgery at the Farmer County Community Hospital on Sunday, having entered the hospital a few days previously for attention and treatment. Hospital attaches on Monday reported that she was recuperating nicely.

Mr. and Mrs. Turner of Abernathy spent the weekend with their daughter, Mr. and Mrs. W. D. Buske. The Buskes have recently bought and remodeled the place where the Roy Millers lived. Mr. and Mrs. W. M. Lloyd and daughter Ruth, were Sunday dinner guests in the home of their son, Mr. and Mrs. Travis Lloyd and family of Bovina.

**Stork Shower Given
For Mrs. Green**

A pink and blue shower honoring Mrs. George Green was held at the Friona Club House Tuesday afternoon, February 14. It was a come and go affair. The table was covered with a white lace cloth and a bouquet of white and pink and blue carnations with a stork in the center. Angel food cake, hot spiced tea and punch were served.

Those registering were Mesdames Irene Shirley, Pearl Hands, Minnie Hall, Mary Mayfield, Marvin Lawson, Keith Blackburn, Corene Thomas, Irene Pope, Eva Garret, Ann Houlette, Jean Terry, Pearl Johnson, Mattie Green, Casey Adams, Edward Spring, Florence Buske.

Wilma Wise, Charles Holmgren, Buel Sanders, Elaine Massey, Joe Brummelt, Othehia Bennett, Lucille Latta, Billie Turner, John Hands, Fern Sanders, Lavonia Hand, Earl Drake, Bill Flippin, Sam Williams, J. D. Sanders, Winston Wilson, Tom Gibson, Tom Lewis, Sam Jones, Mr. and Mrs. F. L. Spring and a gift from the Friona Florist. The hostesses were Mesdames Billy Joe Hands, Irene Shirley, Winston Wilson and Pearl Hand.

Dinner guests Sunday in the home of Mr. and Mrs. J. F. Buske were Mr. and Mrs. M. D. Nickels of Happy, Mr. and Mrs. J. B. Buske and Mr. and Mrs. G. B. Buske and family and Mrs. Pearl Johnson.

Women Attend Sub-District Meeting

Approximately 60 women from Methodist Churches at Adrian, Wildorado, Canyon, Hereford and Friona met at the local church the past Friday for a sub-district session of the WSCS.

The program opened at 10:00 in the morning, with luncheon being served at the noon hour in the church annex. Various representatives from the churches took part in presenting the program.

Mr. and Mrs. Eugene Boggess and Mr. and Mrs. Johnny Hands went to Littlefield Saturday to visit Mr. and Mrs. Teague.

In Roberts Home

Regular business meeting for ESA is slated Monday night in the home of Rosa Roberts, educational director of the group. Time is 8 o'clock.

Dear Aunt Min! She is in her 80's, and is one of the most stimulating persons we have ever met. She is an aunt of Sonny's who lives in San Antonio. She cooks, or did until recently when she was ill, and had been quite an artist before her eyesight hindered her.

She reads our paper from "cover to cover" although she has never been a resident of Farwell, and even read between the lines and predicted that Sonny and yours truly would eventually be married, even before we made our decision.

Last week, she sent us her favorite recipe for mock enchiladas, with which she won a Kraft contest, and received a box of variflavored cheeses in a gift arrangement.

Aunt Min drains the liquid from one large can of hominy, then heats the hominy thoroughly in two tablespoon of butter, or bacon grease. The mixture is then placed in a baking dish, and a can of chili is poured over it. Cover with a thick layer of grated yellow cheese. Place in the oven and let it stay until the cheese is thoroughly melted.

After removing from the oven, sprinkle finely chopped onions over the entire top.

This makes a fine complete meal, Aunt Min adds.

According to a sales survey, and facts distributed by National Editorial Association, the female that has a charge account is the one big aid to US Economy. She spends more than the cash customer, and visits the store about four times more than the cash customer.

Santa Fe Magazine gives us some household hints. To peel sweet potatoes with ease and without waste, grease the skins with lard before putting them in the oven; and another one is, after washing brushes, stiffen the bristles by dipping them in a little diluted milk.

Smile week begins Monday. Can't see why we need a special week for smiles, they should be year round, but it is a nice time to draw attention to this trait. Just off hand, we can name several people that we know, who seem to be perpetually smiling, at least when we see them, and it gives us a good feeling just to talk to them.

Among these, we could name Mary Crume, Avis Carpenter, Ann Lovelace, Gloria Miller, and numerous others, that we will think of after this column has been published.

Methodists To Observe Day Of Dedication

The Hamlin Memorial Methodist Church will observe the annual Day of Dedication on Sunday, March 7th with two special services.

During the 11 o'clock service, the Sacrament of the Lord's Supper will be served. The pastor, Rev. Miller H. Stroup, will bring the communion meditation, speaking on the subject, "We Are Able." The choir, under the direction of Mrs. Oliver Burton, will offer the anthem, "My Jesus, I Love Thee," by James Spilman.

The evening service at 7:30 p. m. will feature the showing of a 30-minute sound motion picture, "The Road Back." This is highly recommended for the beginning of the Lenten Season. The youth choir will lead the inspiration service.

The Sunday school hour is 10 a. m. The Junior-Intermediate MYF and Senior MYF will meet at 6:30 p. m.

The WSCS will meet at the church, Wednesday, March 10th for a business session. Mrs. Gilbert Watkins will bring the devotional.

The choir will meet for rehearsal Wednesday, 7:30 p. m., at the church.

The Wesleyan Service Guild also will meet on Wednesday at 8 p. m., at the home of Mrs. Oliver Burton. Mrs. Avis Patterson will have charge of the program.

The men will gather for breakfast at 6:45 a. m. on Thursday, March 11 with Paul Wurster, Woodrow Lovelace, and Lenton Pool doing the cooking. Otis Huggins of the Texico-Farwell Fire Department will demonstrate the operation of a resuscitator.

Lions Have Interesting Program

An informative Lions Club meeting was held last Thursday evening at Farwell School. Special guests were all boys in the community, ten years of age and older.

Guest speakers were two members of the FBI who gave impressive talks to the group and also gave interesting instructions and demonstrations in the use and handling of firearms.

Program opened with Jimmy Hardage leading "Pledge of Allegiance to the Flag" and "America". Invocation was given by Rev. Miller Stroup, pastor of Hamlin Memorial Methodist Church.

Several numbers were sung by six boys from the Farwell music department, led by Mrs. Jobs, instructor.

Lions from surrounding communities were introduced, as well as the local members, and were given the Lion's welcome. District Governor of Lions International, Clyde C. Anderson, from Portales presented Lion President Nelson C. Smith with a certificate of achievement for the local club.

President Smith, in his introductory address, said that Lionism reaches out to some 56 countries and claims a half million members.

"Lionism encourages men to think for themselves and to base their beliefs on facts free from hate, prejudice and intolerance," stated Smith.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Johnny Lynn (Uncle J) of KGNK will make his first public appearance, since his return from the Air Force, Monday night at the Friona Auditorium. Bring the family at eight o'clock and enjoy this fifth annual Farm Bureau Victory meeting.

Did you know that American Farm Bureau was the ONLY organization appearing before senate committees in 1941 asking for agriculture price supports? 85 per cent was secured and we still have it.

No wonder membership continues to increase. All commodities, not just a few, are recognized in the program of Farm Bureau. Individual commodity groups can contribute valuable information for consideration, but the effect of one on the other must be given the same consideration before an acceptable and feasible overall program can be inaugurated.

Texas Farm Bureau had a successful year last year and this year. Of 19 resolutions relating to national farm policies passed in the Texas Convention, 17 were accepted by the 47 other states and Puerto Rico at the American Farm Bureau Convention in Chicago. There was disagreement on one, but compromise was reached on the other.

Why have we lost some of our export market? Did you know that France paid 40 per cent to 70 per cent more for cotton from countries other than the United States simply because we would accept nothing but American currency? Farm Bureau urges favoring accepting domestic currency from countries desiring to buy our products. We can use it to buy products we need from their lands, particularly in constructing and maintaining military installations in foreign countries.

Statistics: The all time peak for agriculture prices was in 1951 when they reached 113 per cent of parity; by 1953 they were down to 94 per cent and since then they have fallen to 92 per cent. (These are averages of basic commodities).

We are humbly thankful for the Christian Character of leaders in Farm Bureau. God is recognized and asked for guidance in every decision that must be reached. Elbert Reeves, State Legislator offered the opening prayer at the District 2 Policy Execution meeting in Lubbock last Saturday.

Consider this: He, that being often reproved hardeneth his neck, shall suddenly be destroyed, and without remedy. Proverbs 29:1.

Mr. and Mrs. Raymond Chism and daughters, Jacala and Melba, of Dimmitt were visitors in the Les Means home Sunday.

Mr. and Mrs. Mitz Walling and children were in Forrest Monday night to visit her parents, the C. L. Gunns.

The American clipper ship era was from 1850 to 1860.

NOTES

From the Parmer County

SCD

By STEVE BAVOSETT

If you were not at the irrigation and Soil Fertility day in Bovina last Thursday you certainly missed some good information. Tom McFarland of the Water Conservation District was an unexpected guest at the meeting.

He said a few words about the District and what they planned to do.

We have a new man working out of the office. He is Melvin L. Swartz who has just transferred here from El Paso. He attended New Mexico A&M College and is a 1950 graduate of Sul Ross.

However, there is some bitter with the sweet. Jim Terrell is starting to spend two days a week in the Muleshoe work unit.

We are still laying out some bench levelling. Nelson Foster of Oklahoma Lane is benching a few acres to be put into permanent pasture. He feels that saving this average of 18 inches of rain that we get each year is about the cheapest irrigation water he can find.

Bill Brown, who lives down toward Lazbuddie, is also bench levelling about 20 acres.

Parmer County Soil Conservation District board of supervisors met last Monday. They approved plans on Christine Smith, John S. Thompson, J. C. Marlow, Reinhold Steinbock, Jo Moody, and S. H. Sides farms.

Hurshel Harding Receives Commission

Hurshel R. Harding, son of Mr. and Mrs. N. R. Harding of Farwell, was commissioned a second lieutenant in the United States Air Force Reserve on March 5, 1954 in ceremonies held at Baylor University.

Col. Ernest B. Maxwell, commanding officer of the Baylor Air Force ROTC unit, administered the oath of office to 28 ROTC graduates who successfully completed the four-year course.

Lt. Harding has received a bachelors degree from the law school at Baylor.

He expects to go on active duty with the Air Force within 90 days for a two-year tour of duty.

Mrs. Eph Young Still Hospitalized

Mrs. Eph Young of Oklahoma, who was injured last week, when she fell from the family truck when trying to close a right-hand door, is still confined to Northwest Texas Hospital in Amarillo, her son, Arnold, reports.

Arnold says his mother is suffering from a broken pelvis bone and a cracked vertebra. She will remain in the hospital for at least two or three more weeks, he states, although she has improved in the past few days.

The Young family has been with Mrs. Young.

Visitors with Mr. and Mrs. E. E. Booth Monday evening were Sam Dunlap, a son-in-law, and a friend, Jack Howell of Dallas.

Les Means and Doc McReynolds were in Plainview Saturday on business.

Mr. and Mrs. Willie Joe Carpenter were visitors in the home of Earl Roberts Sunday.

Facing the Facts

We are slowly gaining momentum in our drive for funds to build a new hospital for Parmer County. The task is difficult as any of the workers would tell you, but after all, everything worth while is difficult. The success of the drive is hinged to the fact of how near to reality the public can place themselves. Those who face it realize the necessity for a new building and the good that will be accomplished from such a project.

The necessity of such a program is not questioned by anyone familiar with our situation. Our building is inadequate now and with the additions to our staff, it is going to be like sharing the bath in a boarding house that has too many tenants already. The goal that will be accomplished is the protection to your health which will be afforded you from better facilities. The thought must also be included of having a safer building for you or your family's protection. The public must be made aware of its responsibilities to the hospital if its people are to be given the care that they as Americans have come to expect.

Likewise the hospital, to have the public's support, must fulfill some responsibilities of its own. It must have competent medical knowledge, facilities and equipment capable of giving the best of service, a servant's attitude toward the people it takes care of and the wish to always give better care.

We sincerely believe we are doing the above things at the present time to the best of our abilities, that is, with the exception of the facilities in which we are working. We believe you should expect us to do more when we get our new building in this respect. We can do it if you can give us the financial and moral support necessary for such a project. We sincerely hope you are taking an active interest in your health. We are, because we consider the Parmer County Community Hospital your servant for better health.

When our workers approach you, please take time to listen. They believe in this project to the extent of spending their time helping it become a reality. Maybe they have some views you hadn't thought of concerning the feasibility of such a drive.

The leader of the Friona area club contest this week is the Senior Ladies Club with \$291. There are several projects in the planning stage including a pancake supper and community auction in conjunction with the Friona Chamber of Commerce. Any item auctioned can be consigned in total, part, or none at all to the Hospital Building Fund.

Next week we will give the first progress report on how our drive is going. All team captains please forward their weekly report sheets so as to be into the Hospital by Monday.

George Washington Theme For Meet

The Friona Woman's Club met Wednesday evening at the Friona Club House. The president, Mrs. C. R. Jordan, was in charge. The minutes and roll were read by the secretary, Mrs. Leo McLellen. Refreshments of Coke, ice cream, and coffee were served with the George Washington theme carried out by the hostesses, Mesdames Mary Officer and Wesley Hardesty.

There were twenty members present: Mesdames A. H. Boatman, Wesley Hardesty, Leo McLellen, Mary Officer, V. R. Jordan, Mabel Hartwell, Bert Chitwood, H. C. Kendrick, C. W. Dixon, Frank Markham, J. F. Miller, Joe Moyer, F. W. Reeve, F. L. Reed, Lloyd Schlenker, Roy Slagle, W. A. Tenney, Fred White, J. C. Wilkison and S. S. Prichard.

Brother John R. Freeman of Lubbock preached at the Church of Christ Sunday morning and at the evening services. The time for services is at 7:30 p. m. each Sunday night and Sunday morning services, 10:30 a. m. This Church is located on Euclid Avenue in Friona. Everyone is welcome at each service.

Mr. and Mrs. O. F. Lange returned their daughter and grandson, Mrs. John Lynn to their home in Sulphur, Oklahoma over the weekend. Mrs. Lynn has been in Friona for the past two weeks visiting her parents.

To Oklahoma

Mr. and Mrs. Eules Brannon and son returned Mrs. L. A. Jones and daughter to their home in Friona last Tuesday. The Brannons did live in California, but are going to Oklahoma to make their home. Mrs. Brannon's father is ill. The Brannons are former Friona residents. They left Wednesday for Oklahoma.

Mr. and Mrs. J. A. Wily, daughters Gay and Debra, and Mrs. Carl Greason and children, were Sunday dinner guests with Mr. and Mrs. L. D. Pope and Gene.

Mrs. Edd Walters went to San Antonio last week to visit relatives. She returned to her home Friday.

Mrs. J. L. Stowers was a business visitor in Littlefield, Saturday.

Mr. and Mrs. Duane Wily had as their guests Sunday, her sister and family, from Tucumcari, New Mexico.

Mr. and Mrs. Calvin Talley and son returned the middle part of last week from Arkansas, where they have been visiting her parents, Mr. and Mrs. D. O. Robason and her grandparents, the L. M. Crow's and several other relatives.

Leo Bails' father from Ohio is here visiting his son and family. The Bails took him to see the country around Muleshoe and Littlefield Sunday. This part of the country is much different from Ohio, and he thinks the sandstorms are strange.

Mr. and Mrs. Dennis Robards are in Port Isabel visiting relatives.

Letters to the EDITOR

This is the end of movies of mass production and low budget type. Most of our film producers are converting from quantity to quality production. Some are turning out about half the number of pictures yearly as in the past, but at a cost exceeding their previous annual output.

During 1953 there were more attendance record breakers released than any previous year in the history of motion pictures. This is sufficient proof that movies are better and top all other sources of entertainment in popularity.

Mr. and Mrs. Mack Bainum and Phyllis and Mr. and Mrs. Danny Bainum went to Clovis, Saturday evening to visit Mrs. Mack Bainum's parents, Mr. and Mrs. Cogdell and her brother, Wilber Cogdell from Oklahoma City. The Bainums returned home Sunday.

Mr. and Mrs. J. W. Baxter and Mr. and Mrs. Calvin Martin were Sunday dinner guests with their grandson and son and family, Mr. and Mrs. Lawrence Martin. Afternoon callers were Mr. and Mrs. Billy Dean Baxter and children.

Mr. and Mrs. Glenn Reeve returned home Saturday from Dallas, where they have been to attend a Chevrolet meeting. Reeve is owner of the Reeve Chevrolet Company in Friona.

Mr. and Mrs. Harold Lillard and family went to Sunray over the weekend to visit her sisters and families, Mr. and Mrs. R. L. Bates, and Mr. and Mrs. Don Hunts.

Mr. and Mrs. Grady Simpkins and Donnie of Littlefield, visited Sunday in the home of Mr. and Mrs. Dub Atkins.

Mr. and Mrs. James Pope and son, Gary, were Sunday dinner guests with her parents, Mr. and Mrs. A. H. Hadley and family.

Mrs. Bob Roden and son of Littlefield spent Thursday night with her parents, Mr. and Mrs. Marvin Lawson of Friona.

Mr. and Mrs. Junior Snider and son of Farwell visited Sunday with her parents, Mr. and Mrs. Howard Mayfield of Friona.

Bro. John R. Freeman of Lubbock spent Sunday night in the home of Mr. and Mrs. A. H. Hadley.

Mrs. James Pope and Gary and Mrs. L. D. Pope were in Amarillo where Mrs. James Pope consulted an eye specialist.

Mr. and Mrs. E. R. Day Sr. have been visiting their daughter and husband, Mr. and Mrs. David C. Hester in Denison, a few days.

Mr. and Mrs. T. A. Sherley had as their guests their daughter, Mrs. Neal Curley of Amarillo, for a few days last week.

Wonn Holcomb of Friona will enter the hospital in Amarillo, Wednesday.

Jim Greason and Thomas Gibson visited Monday night with Gene Pope.

Mary Durstine started Monday working at the cafeteria. She replaced Mrs. Corene Thomas.

Miss Joyce Hadley spent Sunday night with Mrs. Mayme Adams.

With the recent introduction of several new production and exhibition techniques and the determination of producers to supply our theatres with only the best pictures possible, we are definitely on the threshold of a new and brighter era in motion pictures.

With these bright prospects in view, there still remain obstacles which have forced nearly 25 percent of our theatres to close.

The major obstacles in the path of progress for our theatres is the 20 percent federal admission tax. The several thousands of dollars which the average small theatres must pay yearly, forces many of them to operate at a loss.

Last July congress unanimously passed a bill to eliminate this unfair tax, only to have it vetoed by the president after congress adjourned. At that time President Eisenhower promised he would recommend some kind of relief for theatre operators early in 1954. On the strength of that statement, thousands of theatre owners decided to hang on, hoping our president would fulfill his promise and give our theatres a chance to exist.

Another obstacle, less serious, and to a certain extent temporary, is the opening of new television fields. This has caused attendance to drop as much as 40 percent, but in most areas, has found its way back to near normal in less than a year. Most of this drop in attendance, due to television, is among older folks and younger children. There has been very little drop in attendance by young folks and teenagers. Contrary to the belief of some older people, the movies remain our younger generation's favorite entertainment.

If your local theatre should close, our youngsters would be forced to take to many miles of dangerous night driving in search of amusement, and risk ending up in less desirable places.

These hazards can be kept at a minimum if you patronize your local community theatre to help it survive these critical times.

When you go to a movie, you are not only treating yourself to an evening of relaxation and good amusement, but are helping support your community's only place of year-round family entertainment.

For your own pleasure, for the benefit of your youngsters, patronize your local theatre and avoid the end of movies in your community.

Dear Mr. Graham,
If my memory serves me correctly, you have in your possession a newspaper cut of me. If you would be considerate enough, I would appreciate your mailing this to Box 367, Chillicothe, as I am in need of doing some advertising for a revival meeting.

We are happy in our work here, and find the people of Chillicothe very gracious in every thought and deed.

Thanking you for your consideration, I am respectfully,

Evangelist Balsler To Be Here Next Week

Evangelist C. C. Balsler, recently from Dryersburg, Tenn., is beginning a series of meetings in the Farwell Legion Hall Sunday night, March 7, 7:30. He will discuss the subject: "Atomic Power or Atomic Pieces?" Will Russia or any other country be able to make of the world one great nation? He says, "The Bible gives us a definite answer."

Evangelist Balsler has held meetings in many southern cities. Everywhere he has gone he has been received with enthusiasm.

Mrs. Balsler is the song director and lighting artist. Her songs and pictures win her friends wherever she goes.

The meetings will continue four nights each week, Sunday, Tuesday, Friday and Saturday. A book on present day conditions and Bible prophecy will be awarded each week to those who have a perfect attendance, so you will be able to receive a free library.

Balsler says, all seats are free at every meeting. No new fangled doctrines. Great fundamental truths for the people of all churches. Not merely another revival. Dedicated to an exposition of God's interdenominational message.

Those who decide for Christ will unite with the church of their own choice.

TO MINERAL WELLS

Mr. and Mrs. Penny Anderson and Mr. and Mrs. Robert Wilson were in Mineral Wells over the weekend to attend the Young Democrats gathering there. Attorney General John Ben Shepperd served as moderator for a political seminar.

Fleet Gives A Noteworthy View

Pacific Fleet (FHTMC)—The 43 ships of Task Force 12 gave residents of the San Francisco Bay Area an impressive and spectacular view of US Naval might upon their arrival February 20 for a three day stay.

Among those who enjoyed rest and recreation in picturesque San Francisco was Raymond E. Washington, seaman, USN, son of Mr. and Mrs. Wylie N. Grubbs of Muleshoe, aboard the light cruiser USS Manchester.

A unit of the First Fleet, Task Force 12 is conducting the largest Pacific Fleet Training Exercise since World War II. Included with the Task Force are 20 San Diego ships, 21 from Long Beach and two from Pearl Harbor. The task force includes, destroyers, carriers, submarines, amphibious and mine warfare vessels and supporting auxiliaries.

Commander of the Task Force is Rear Admiral Maurice E. Curtis, USN, Commander Cruiser-Destroyer Force, Pacific Fleet, flying his flag in the heavy cruiser USS Bremerton. Vice Admiral Williams K. Phillips, USS, Commander First Fleet, is the officer conducting the exercise, and will observe from various ships of the Task Force.

NEWS FROM LAZBUDDIE

By BARBARA HINKSON

PTA Has Kick-Off Meet For Public Schools Week

Lazbuddie PTA held its regular meeting Monday night at 7 in the grade school auditorium. This meeting was a kick-off for the other activities of Public Schools Week.
 The meeting opened with everyone singing "America," followed by a prayer by Mr. Vanlandingham. A financial report was given and a business session was held.
 Frank Hinkson, president of the school board, spoke on "How Our Tax Money Is Used," and he explained the Lazbuddie School budget. Rev. Harold Morris, pastor of the Methodist Church, spoke on "Our American Heritage," and brought out the lack of enthusiasm among people. Both speakers urged all parents to visit school this week and see what their children were doing.
 The third grade children presented a very interesting program directed by Mrs. Fred Wilbanks. Rev. Morris dismissed the group and the new addition was then opened for inspection.

Piano Club Meets

Hi-Lo Piano Club met February 25 at 7:30 in the home of Mrs. Harold Allison. After the business meeting, the piano students of Mrs. Sam McKinstry entertained by playing duets with their mothers.
 Hostesses for the evening were Mrs. John Gammon, Mrs. Jack Lenderson, and Mrs. Frank Hinkson. Delicious cranberry punch and cookies were served.
 Students from Lazbuddie participating in the program were Jean Gammon, Carolyn and Barbara Hinkson and Earlene and Patricia Peterson.

New Baby

Mr. and Mrs. N. J. Goodnough are the proud parents of a son, Michael Zane, born Feb. 21, and weighing 7 pounds, 9 ounces.

TO TEACHER'S MEET

Farwell schools will be dismissed Friday, March 12, to enable the teachers to attend the teacher's meeting in Amarillo that day, school officials announce. All instructors are to go to the sessions.

Farm Bureau Leaders Meet In Lubbock

"Policy Execution" was the subject of discussion at the District 2 meeting of Farm Bureau leaders last Saturday in the Lubbock Hotel. About one hundred members of the legislative and publicity committees and officers of Farm Bureau attended.

Speakers were C. H. DeVaney, vice-president of Texas Farm Bureau, Lloyd Barbour, state director of District 3, and R. G. Arnold of Alabama, organizational director of the Southern Farm Bureau Region. Hub King, director of District 2, presided.

Attending the meeting from Parmer County were Aubrey Ellison, Bruce Parr, E. T. Ford, Archie McCutchan, J. T. Jones, Earl Stevenson, Buck Ellison and Raymond Euler.

Church Makes Plans For Anniversary

Attendance at First Baptist Church, Farwell, Sunday, was 150 for Sunday school and 97 in Training Union, with good crowds for preaching. The goal for March 21 is 200, when the first-year anniversary of the church will be observed. An all-day get-together is planned, with dinner at the church.

The T. D. McLeods have moved into their new home in Texico.

PARMER COUNTY CHECKERBOARD NEWS
 By JOHN GETZ OF **JOHN'S FARM STORE**

Mr. and Mrs. A. G. Chalk, who live in Clovis, raise chickens north of town on the Grady highway. Mr. Chalk stopped in this week to change from Purina Growena to Purina Breeder Lay Chow.
 The Chalks started 1200 New Hampshire pullets the middle of September. The hens now average six pounds and are in about 10 percent production. Mr. Chalk will mate them with the C-4 Northwest Breeding Male and sell hatching eggs to the Northwest Hatchery in Plainview. He will receive 75 cents a dozen, plus a hatchability premium.
 "A steady market plus Purina Feeds spell profits to me," says Chalk.

EGGS WILL BE SCARCE THIS FALL, TOO
 Remember the September headlines about egg shortages? Spring storage stocks were exhausted and egg prices were zooming. That's the typical situation that recurs every year. There'll be a shortage of eggs next September, too.

PURINA STARTENA PRICES ARE DOWN

MAKES CALF FEEDING EASY
 We've got the slickest calf pail you ever saw. You just screw a bracket on the wall, and the pail sets in it. The pail's seamless aluminum—mighty easy to clean. You sure ought to get one or more, and here's how you do it:
 Just get a bag of Purina Nursing Chow, our famous milk replacer that raises bigger and better calves than milk at around half the cost. You can get a pail and bracket with each bag. The regular retail price is \$1.15, but you can have it during our sale for only 85¢. Drop in or call us quick. They won't last long at that price.

Chick Startena is selling this spring to the lowest price in years. Ingredient costs are down and the Purina folks are able to drop the price down because they're selling so much Startena.
 When you can buy a better feed for less, you've found a bargain. So drop in and place your Purina Chick Startena order tomorrow.
 In spite of its lower price, Startena will do the best job in history, because this spring it's MICRO-MIXED. All 8 of those tiny miracle ingredients are so carefully mixed your chicks get just what they need in every thimbleful.

Mrs. L. V. Kolar of Muleshoe, placed her order last week for 200 Austra-White pullets. She will get them on March 16th.

"Early chicks make us extra money in the fall by having our flock in good production for the high fall market," says Mrs. Kolar.

HEALTH HINT

One way to cut down on calf losses is to cut down on germs. We have a wonderful disinfectant that you can use to clean up the calf stall, the calf pen—and the old cow herself. You wouldn't think of raising a baby in dirty surroundings, so why try raising calves that way. Get some Purina Disinfectant and see the difference it makes.

YOU'RE INVITED to come see our chicks growing right in the store. Folks said were crazy to try to raise chicks in mid-winter right by the door, but see for yourself how they are doing. While you are in the store look over our free booklets on livestock and poultry feeding and management. Help yourself to any of them you want. We'll be expecting you.

Bovina Loses Game By One Scant Point

The Bovina Mustangs lost a heart-breaking game in their first round at the regional tournament last Friday morning at Canyon, when they were defeated by Folette 63-62 in the last five seconds of play.

After the first few minutes of the game the Mustangs began to pull ahead and they scored 23 points during the first period to lead at the whistle 23-16. They continued to build up their lead during the second quarter hitting for 21 points, while Folette only connected for 15 for a half-time score of 44-31. Ten of the Bovina boys had played during the first half and they were all playing good ball and it looked like they were going to be able to take their first round game.

There were a lot of fans from Bovina present for the game and they were really feeling good at the half but they were really a disappointed bunch when the game was over.

The Mustangs came back after the half and it seemed as if they just couldn't make a goal. Folette began pressing them all over the court and the Mustangs could only count for 6 points during the third period while Folette was tossing in 18 to cut the Bovina lead to 50-45 at the third period. Bovina picked up a little during the last quarter but they couldn't hold off the hard driving Folette team. During the last few minutes of play, Folette took the lead and with less than a minute to go they led 61-60. Then the Mustangs took possession of the ball and with about fifteen seconds to go Norman Killough tossed in a field goal to put the Mustangs ahead 62-61. It looked like they still might pull the game out of the fire but the Folette boys took the ball down under their basket and after missing a shot one of the Bovina boys committed a foul trying to recover the rebound. Folette had two shots under the three minute rule and the lad stepped to the line and tossed them both in to take the lead 63-62. There was only five seconds remaining on the clock and the Mustangs didn't get another shot away.

The difference in the game came at the free throw line. The Mustangs

outlasted Folette from the floor 26-19 but the Folette boys scored 25 points from the free throw line on 25 fouls against Bovina while the Mustangs hit 10 points from the free throw line on 10 fouls by the Folette team.

Hirl and Wilson tied for high score with 17 points each for Folette while N. Killough scored 16 for Bovina. Others scoring for Bovina were Darrell Read with 10, Neil Smith with 15, Don Owens with 11, Larry Ezell scored 2, Danny Pounds scored 2, Bobby Calaway scored 2, Glendon Suderth scored 3, and Jerry Newton scored 1.

Folette was defeated in their second round game by Samnorwood 64-59 with Samnorwood going on to win the tournament.

Revival In Progress At Baptist Church

Wednesday night, March 3, the First Baptist Church of Bovina began a revival meeting with George Ray, pastor of the Baptist Church of Dimmitt preaching, and with Gayle Bowen, who is the music educational director of the Baptist Church of Muleshoe, leading the singing. This series of revival services will continue through Sunday, March 14. Rev. Virgil Goodwin, pastor, says.

Rev. Goodwin emphasizes that the nursery at the church will be open during the revival.

Week-day services are being conducted twice daily. The morning services are at 10:00 a. m. and the evening services are at 8:00 p. m. At 7:30 p. m. members are meeting in groups for prayer.

The Sunday services will begin with the Sunday School which is at 9:45 a. m., the worship service at 11:00, the evening services begin at 7:00 with Training Union, followed by the worship service at 8:00 p. m.

The public is invited to attend these old-fashioned revival services.

This week, March 1-5, the Women's Missionary Society of the church is meeting each day for a special season of prayer for Home Mission Work of the Southern Baptist Convention. The week will be climaxed by a special offering for Home Missions.

Bovina Pioneer Passes Away

J. A. Richards, age 84 and a former resident of Bovina died February 22, at the home of a daughter, Mrs. Jess Raynes in Ada, Oklahoma.

Mr. Richards came to Taylor County in 1906, making his home just west of Abilene until 1920, when he moved to Bovina where he lived until his wife passed away in 1950. Then he called Lawton, Oklahoma his home, living with his son, George Richards and family, but he spent his time visiting among his children.

He is survived by four sons and five daughters. The sons are Frank of Abilene; George of Lawton, Oklahoma; and Earl and Cash of Bovina. Daughters are Mrs. Jess Raynes of Ada, Oklahoma; Mrs. Luther Roberts of Abilene; Mrs. Della Horn of Wichita Falls; Mrs. Edgar Chase of Artesia, New Mexico and Mrs. Delbert New of Amarillo. The body was brought from Ada to the home of his daughter in Abilene.

Funeral services were held Wednesday at the Caps Baptist Church with interment in the Caps Cemetery. Rev. Cliff Herrington and Jack Hutton officiated.

Pallbearers at the service were grandsons of Mr. Richards and they included Marion Raynes, Ada; Milton Frasier, Wichita Falls; Carl Furlong, Corpus Christi; Lahoyt Richards, Lubbock; George Richards, Lawton; Lawrence Roberts, Odessa; and Boyd and Frank Richards of Abilene.

Bovina PTA To Hear Scout Program

The Bovina PTA will meet Monday night, March 8, at the Methodist church at 7:45 p. m. The program for the evening will be "Scouting In Our Community."

The Girl Scouts and Brownies and the Cub Scouts will be presented on the program. Mrs. E. C. Berry is program chairman of the Girl Scouts and the leaders will help with the program. Mrs. Ovid Lawlis and Mrs. Pete Davis, den mothers, will have charge of the Cub Scout program. Mrs. Earl Richards, Area Representative for the Girl Scouts, will speak on the organization of scouting. The ice cream supper and social that had been planned by the PTA has been postponed due to the conflict of two revivals and they will set another date at the meeting Monday for this.

Everyone is urged to attend the meeting Monday night.

CONTRACTS CLOSED

The contract with the Sanders Construction Company has been closed and construction of the new building will be started as soon as the old buildings on the campus are moved to their new locations. The contract for the moving of these buildings was let to the W. K. Bingham Company of Lubbock. The contract for the foundation and floors of the buildings went to A. G. White and John Wilson of Bovina. They have started work on these and they hope to be able to get the buildings moved over the weekend.

Miss Billie Ward and J. T. Isham of Clovis spent the weekend in Carlsbad, New Mexico and they took the tour through the Carlsbad Caverns while they were there.

BOVINA METHODIST NEWS

Men's Breakfast Saturday

Earl Stevenson, program chairman, of the Bovina Methodist Men announced that the Reverend Burgin Watkins of the Lockney Methodist Church will be the guest speaker at the Bovina Methodist Mens breakfast Saturday morning at 6:30 o'clock. The breakfast will be served at the church by Earl Derrick, Earl Richards, and O. W. Rhinehart. We are hoping that every man of the church may be present for this fellowship.

Crusader Choir Practice

Juniors and intermediates of the Methodist Church have a new opportunity in store for them. Recently, the Crusader Choir was organized for this age group, and much interest has been taken in the organization. Mrs. Walter G. White is the director and Mrs. Vernon Estes, the pianist. We hope that your child may join the Crusader Choir too, if the child falls in this age bracket.

Sunday Worship Services

9:45 is Church time. Sunday morning worship service begins at 11:00 o'clock, and Rev. Walter G. White will preach on the theme "The Man From Nazareth". In the evening the Methodist Youth Fellowship begins at 6:30 with Donna Smith, Pat Burnam and Nita Beth Estes leading. At the 7:30 evening worship, Rev. Walter G. White will preach on the topic, "A Woman You Won't Forget", and the motion picture, "Jesus The Leper" will be shown.

King of Kings

On Sunday evening, March 14, the motion picture, "King of Kings" will be shown at the Bovina Methodist Church. The film is being sponsored by MYF. This film portrays the life of Jesus Christ, and is recognized as the best film on this subject ever produced. You will want to see, "King of Kings".

Sub-District

The sub-district MYF will be held at Bovina Methodist Church on March 15th with the local MYF group in charge of the devotional and recreation. Those churches represented in this sub-district are: Oklahoma Lane, Sudan, Muleshoe, Y-L, Lazbuddie, Olton and Progress.

Evangelistic Mission

The week of March 21-26 will find the churches of the Plainview District in an Evangelistic Mission. In an exchange of ministers the past week, the Plainview pastors were in the Childress district, and the week of March 21-26 will find the Childress District ministers coming to the Plainview District. The Rev. Robert Oglesby of Thalia will be the visiting minister at the Bovina Methodist Church.

BREAKS ARM

Lou Ann, daughter of Rev. and Mrs. Virgil Goodwin, fell at the school ground Monday at the noon hour and suffered a broken arm. Lou Ann is in the second grade and she was playing on the catwalk at the noon play period, when she fell and hit on her arm. She was taken to the Parmer County Hospital where x-rays determined that the arm was broken in the elbow. The arm was set Monday afternoon and put into a cast. She was kept in the hospital Monday night and was to return home Tuesday morning.

TO TOURNAMENT

The Bovina boys and girls grade school team will go to Lazbuddie this weekend, where they will play in the Lazbuddie grade school invitational basketball tournament. The girls will play at 6:00 o'clock Thursday evening and the boys will play at 7:00 Thursday evening. Both of the Bovina teams will meet the teams from Farwell. If they win these games, they will play again on Saturday morning.

Upper-Classmen are Guests At Banquet

The juniors and seniors of the Bovina High School were honored at the annual banquet given by the Baptist WMU Tuesday night in the educational department of the Baptist Church. There were around eighty students, teachers and guests present for the affair.

The theme of the banquet was "Ready". The tables were very pretty with large signs bearing the words "Ready" cut from white styrofoam centering the tables. They were entwined with dainty little yellow and purple spring flowers and greenery. The place cards were miniature telephones and were inscribed with the words "Get Ready to Answer the Call". The programs were white trimmed with yellow flowers and listed as the "Directory".

Toastmaster for the evening was Al Kerby. Clovis Ratliff led the invocation and Mrs. Pierceson Adams, president of the WMU, gave the "Welcome" with Eddie Steelman, senior class president, giving the "Response". The Vernon sisters, Margaret and Marcella then gave a few musical numbers that made a hit with the group.

Following the delicious meal served by the WMU ladies, Henry Minter and Allen Cumpston presented a skit on magic for the group. Everyone really jumped and some were almost deafened when they set off a giant firecracker during their skit. Miss Ella Bradshaw of Wayland College sang "Ready."

The speaker for the evening was Rev. Virgil Goodwin, pastor of the Bovina Baptist Church, and his theme was "Ready for Service." He began his talk by telling of the invaders that would come into America during the next few years to take over the places of leadership and importance as well as the everyday jobs necessary to our country. He then pointed out that these invaders are the high school juniors and seniors from over the nation, who will be reaching maturity and taking the responsibilities of our nation.

He urged each of them to prepare themselves for this task and if possible to prepare themselves through college educations. He also challenged them to try and be the best of whatever they wanted to be in life whether it was a farmer, doctor, a lawyer or whatever field they might enter. He also pointed out to them that you couldn't be the best without God, without being a Christian and having God as their partner in whatever they undertake.

The banquet was closed with the benediction led by Alfred Moody.

IS SPELLED DOWN

Elmer Snodgrass, son of Mr. and Mrs. Gene Snodgrass, was in Amarillo Saturday where he took part in the Spelling Bee sponsored by KGNC. He was representing Parmer County. The Bee was held Saturday afternoon and was broadcast and televised over KGNC. Elmer was out-spelled on the sixth round when he missed the word "essence" using only one "s" in it.

PARENTS IN WRECK

Mr. and Mrs. Gene Ezell and their children went to Higgins, Oklahoma Saturday to visit with Mrs. Ezell's parents, who were injured last week in an automobile accident. Mr. and Mrs. Tom Griffith also went to Higgins Friday. Mrs. Ezell and Mrs. Griffith plan to remain in Higgins with their parents while Gene and Tom and the children returned to Bovina Sunday.

HOME FROM COLLEGE

LaVon Rogers, Jamie Tidenberg and Hal Halorson spent the weekend visiting in Bovina. They are all students of Hardin-Simmons University at Abilene. LaVon visited his parents, the W. H. Rogers, and Jamie and Hal visited with Jamie's parents, the Hilary Tidenbergs. Hal is a roommate of Jamie's and is from Loraine, Texas.

TO SNYDER

Mr. and Mrs. Ovid Lawlis and their two sons, James and David, were in Snyder over the weekend attending a Chamber of Commerce meeting. They reported a very enjoyable time. There was a large representation there with 1003 in attendance at the banquet. The speaker was the Governor of Tennessee and they also had special entertainment.

TEACHERS TO AMARILLO

The Region 9 Teachers Meeting of the Texas State Teachers Association will meet Friday, March 12, in Amarillo. The meeting will be held in the Amarillo Municipal Auditorium and also the different schools of the city. All of the teachers of the Bovina school plan to attend this meeting and school will be dismissed for that day.

Mr. and Mrs. Paul Jones and Randy went to Bagota, last week, where they were called by the serious illness of Paul's brother. Word has been received here that his brother passed away after they arrived in Bagota. They had not returned Monday and no details were available.

Washington Theme Used for Banquet

The eighth grade class of the Bovina Junior High School held its annual banquet dinner in the beautiful dining room of the Silver Grill in Clovis Friday night, February 26, at seven o'clock.

The George Washington theme was carried out in the decorations. The tables were beautifully decorated in red and white carnations with flags, stars and stripes on the menu and place cards.

The students rendered the following program: music by Sondra Rhinehart, Invocation by H. D. Bradshaw, Welcome by Kay Leake, a song by Beverly Roberts, Kay Leake, Sandra Martin and Patricia Lloyd. A cornet solo was presented by Julius Bradshaw and a piano solo by Kay Leake. The class prophecy was given by Patricia Lloyd and a special musical number by Sondra Rhinehart. Principal R. E. Everett made a short talk to the group.

A delicious dinner was served to sixteen class members accompanied by eighteen parents, the entire group enjoyed a movie seeing "Give a Girl a Break".

The class and sponsors wish to express their thanks to the "room mothers" and parents for making it possible for them to enjoy this occasion.

Those attending were Beverly Roberts, Kay Leake, Sondra Rhinehart, Patricia Lloyd, Irene Drager, Sandra Lynn Martin, Dickie Steelman, Julius Bradshaw, John Garcia, Nellie Cherry, Glenna Berry, Charles Sherrill, George Baca, James Stevens, Terry Adams, Mr. and Mrs. Baca, Mr. and Mrs. Amos Steelman, Mr. and Mrs. H. D. Bradshaw, Mr. and Mrs. Albert Drager, Mrs. Clifford Leake, Mrs. Lester Rhinehart, Mrs. Cherry, Mr. and Mrs. E. C. Berry, Mr. and Mrs. Buck Lloyd, Mr. Drager, Mr. R. E. Everett and Miss Simpson.

Birth Announced

Word was received here last week of the birth of a baby son born to Mr. and Mrs. Tyson Eubanks of Afton, Oklahoma. They are former residents of Bovina. The little boy was born February 8 and was named James Kent. This makes three children for the Eubanks. They have another son and a daughter.

Mr. and Mrs. J. R. Glover returned last week from Amarillo where they had spent several weeks, while Mr. Glover received medical treatment. Visiting with them over the weekend were their son and his family, the Orval Glovers of Tatum, New Mexico.

This year step up to the newest, most powerful 3-4 plow tractor... the Massey-Harris 44 Special. This is the tractor designed to get at your toughest load and lug it through quicker and at a lower cost. The moment you step up to the wide platform and set your feet on the comfortable pedals, you'll realize that the eagerness of its extra-powerful 277-cubic-inch engine is designed to get things done.

This 44 Special is huskier—has cast wheels, bigger tires, better weight balance, and ball bearing eased steering that takes the strain off arms and shoulders.

Come in and walk around the 44 Special. Check it over. Let us put it to the real test on your farm where you can drive it, compare it. Once you do, you'll never be happy until you own this new beauty—the 44 Special.

A NEW TRACTOR with a lot of NEW IDEAS! Bigger... More Powerful MASSEY-HARRIS "44 Special"

Massey-Harris carburetors are precision designed and adjusted to individual engines. Assures correct mixture at all speeds.

Free-flowing, long throat manifold means fast, uniform vaporization... quick fuel delivery... equal charge to each cylinder.

Cyclo-Head combustion spins and swirls the burning fuel... gives it a cyclonic turbulence for the full length of the piston stroke.

Longer piston stroke means greater power leverage... more torque reserve... more lugging power at low engine r.p.m.

Massey-Harris transmission gears have a positive full-rolling contact... they're cut to tolerances of less than a 1/1000 part of an inch.

They had been gone about three weeks and they visited with relatives in Los Angeles and with the Wilbur Charles' daughter and her family the Jack Kaminskis in San Jose, California.

LOCAL NEWS

Mrs. Tommy Horton returned home last week after spending several months with her daughter and family, the Pete Fraziers in Amarillo. Pete, who works for the bus company, has been transferred to Kansas City and they will move in the near future.

Mr. and Mrs. Clifford Leake, Kay and Janice went to O'Donnell Saturday night to return Sharon and Marcia Hromas to their home. They had been visiting in the Leake home for the past two weeks.

Mr. and Mrs. Tom Griffin, Bobby, Noel D and Donald of Des Moines, New Mexico visited last week in the home of Mr. and Mrs. Bob Pittard.

Mrs. Harold Jones and her daughter, Karen Ann of Durango, Colorado visited last week with her sister and family the Lester Rhineharts.

Mr. and Mrs. Roy Hawkins and Mrs. Willie Smith went to Abilene, last Wednesday to attend the funeral for J. H. Richards, long time Bovina resident.

Mr. and Mrs. John Tabor of Amarillo spent the weekend in Bovina visiting with his parents, the Emmitt Tabors.

AUSTIN—Plenty of political friction is coming up between now and election time despite the "harmony" convention of young democrats at Mineral Wells. Any harmony at that meeting resulted from the fact that one faction, the liberals, stayed away.

National and state party leaders called the gathering for the purpose of trying to reorganize the Young Democrats and bring both factions together.

Representatives of both camps were placed on the reorganizing committee. Despite these efforts, however, dissension flared up as a prelude to the Mineral Wells conclave.

Liberal Young Democrats announced that they would boycott the meeting, charging that it was to be dominated by conservative friends of Governor Allan Shivers.

Shunning the "harmony" convention, the liberal Young Republicans insisted that their get-together in San Antonio last year was legal.

A feature of the confag was a panel discussion Friday afternoon, billed as an "open and frank discussion of party politics."

Patsy Cumpton spent the weekend visiting with her aunt and uncle and their baby son, who live near Portales, New Mexico. They are the Holland Crooks.

Mr. and Mrs. A. M. Martin spent the weekend in Vernon.

Attorney General John Ben Shepperd was moderator and State Sen. Searcy Bracewell of Houston discussion leader.

Others on the program included Goveres Shivers, Johnston Murray of Oklahoma and Frank Clement of Tennessee; Supreme Court Justice Will Wilson, National Committeewoman Hilda Weinert of Seguin and State Democratic Chairman Wallace Savage of Dallas.

Interested parties, while they waited on a court decision in the George Parr case, went back to Duval County.

Parr had asked for an injunction against Rangers Alfred Allee and Joe Bridge. The Duke of Duval said he feared the Rangers would harm him.

Arthur Garfield Hays, renowned New York attorney representing Parr, told the three federal judges trying the case at Houston that they should "do something constructive to prevent bloodshed in Duval County."

Hays said the Rangers are men of zeal "who think they are doing good." A man like Captain Allee, the attorney declared, can be both honest and dangerous when he takes civil law into his own hands, and "we have to kill this idea of Rangers being above the law."

Fred Knapp, Houston attorney representing the Rangers, summed up their case by saying:

"It is crystal clear that there is

no law of Duval County as free men would have, it as long as the Rangers are not there.

"Lurking in the background and shadows of this case are thousands of Duval County citizens who have been oppressed by ruthless and unconscionable actions of which only the faintest outlines are visible in this courtroom."

As the attorneys checked the case to the federal judges, the Rangers and Parr headed back to Duval County.

So did Attorney General Shepperd, who said he will continue his investigation of alleged irregularities in the Benavides and San Diego school districts and in Duval County public offices.

Farm Families Have Financial Worries

COLLEGE STATION—The financial problems of farm families are similar to those of urban small business proprietors. In contrast, most wage and salary workers have no financial interest in the companies for which they work, and therefore are not subject to the risk of heavy capital losses.

As a part of their job they usually have some protection against the hazards of unemployment, sickness, and old age.

Mrs. Bernice Claytor, home management specialist for the Texas Agricultural Extension Ser., says farm homes are becoming more like urban homes—more utilities are used, and a larger proportion of goods are bought.

Much of this increased cost of living is fixed—it goes on month after month and year after year, whereas net farm incomes tend to fluctuate widely.

These higher cash costs for living compete for the extra dollars needed for farm equipment and operations. It is not to be expected that the net worth of the farm operator will be substantially increased by rising prices, as has so often occurred in the last 15 years.

The young parents with children who have just begun farming with or without help from the family have to provide capital for operating the farm and home, and protection such as insurance.

The family needs greatest protection against the loss of income due to the early death or unemployment of the earner when the children are young.

For parents in the 40 to 54 age group with older children, and the pre-retirement age group of 55-65, as well as the retired group of about 65, the problem of providing adequate maintenance during non-earning years of old age is becoming greater.

Furthermore, the need for protection of the parents against dependent old age becomes more insistent as old age approaches. Even the established farm operator family faces many hazards, loss of property and income, or possible

sickness, accidents, and death. Some, but not all of these risks can and should be covered by insurance. In general, the cost of small and regular losses should be regarded as an operating expense, insurance should be carried only on those hazards that seriously endanger the financial position of the family.

ROSES IN GARDEN

College Station—Plan your rose garden for beauty and usefulness. Roses for cut flowers to use in the house or church decorations can be grown in the family garden. For beauty in the landscape the rose garden can be part of the outdoor living room.

Sadie Hatfield, homestead improvement specialist for the Texas Agricultural Extension Service says if roses are included in shrub plantings, place them along walls or in front of screen plantings. However, roses require spraying and dusting more than other shrubs, so it is better to have the flowers growing in a bed for easier care.

Select rose plants adapted to the soil where you want them to grow. The neutral soil or slightly acid soil of many East Texas areas are especially productive for roses. Wherever you live soil tests can indicate the type of soil in the landscape, and rose plants selected accordingly.

As for types of roses, remember the Red Radiances is the hardiest and continuous bloomer. The Pink Radiances and the Shell Pink or Mrs. Charles Bell roses are also prolific in most soils. The Cecille Brunner, sometimes called sweet-heart rose, is a hardy plant that will grow into a large shrub. Other hardy roses are the red and pink Etolle de Hollande, the white Kaiserin Auguste Victoria, generally called KAV, the Hoover, Poinsettia and Talisman.

"Check with your nurseryman or rose grower to find out the best variety for your garden," the specialist adds. "He can assist you with other information about growing a successful rose garden."

The petroleum industry, in five western states (Colorado, Idaho, Montana, Utah and Wyoming) has contributed nearly \$200 million to the Federal Government since 1920 in the form of leases, bonuses, rentals and production on federal land.

The village blacksmith hired himself an apprentice and immediately began his instructions to the promising lad. "When I take the horseshoe out of the fire," he said, "I'll lay it on the anvil. And when I nod my head, you hit it with the hammer." The apprentice did exactly what the blacksmith told him to do and now he is the village blacksmith.

Did you hear the story about the drunk and his pal that were wandering along the railroad track.

"These are the longest shairs I ever saw."

"Yesh," said the second one, "But it's these low handrails that get me."
