

**FROM THE HOPPER**

By HOP JR.

Some people we know have been complaining of late about the noise of two or three irrigation well engines that are just south of town. It isn't so noticeable, they say, in the daytime, but the racket makes it hard for them to sleep at night.

For us, the roar of an irrigation well engine is nothing but the sweetest music we have ever heard. Even at night—and we need the sleep as bad as anybody else.

Because that steady throbbing means money in the pocket of everyone of us here on the Plains, whether we realize it or not. And we have talked with some people from areas where they have no irrigation water who wouldn't care if the engine was in their living room if they could just get a 1000-gallon-a-minute irrigation well.

Our appreciation to Raymond Euler who writes the Farm Bureau column weekly in three area newspapers for his kind remarks about some of our literary efforts.

We borrowed a dictionary to try to find out what he was talking about, and now that we see that he was being complimentary, we feel better about the whole thing.

Raymond makes pretty dog-gone good reading each week even though he doesn't pretend to have had the background of training for such activity. His only fault, as we see it, is that he sometimes uses words that go over the heads of the country editors.

They never have had a reputation for being overly intelligent individuals, we are afraid.

Never have heard so much griping about the weather in all our days. People in this part of the country don't mind having to do without rain, it seems, but they sure do object to going dry week after week while other areas just a few dozen miles to the east get soaked.

No kidding, it looks like it rains right up to the Parmer County line to the east of us and stops there. We get the "left-overs" of every thunderstorm that blows up, meaning sand, wind, and we are afraid, a little hail here and there. That's no fun.

We're not mentioning any names, but somebody's bound to be at the bottom of all of this, and we figure it must be the tampering of our amateur weather-men.

One or two in operation never seemed to have much effect, but now that we've got about a half dozen going full blast, we just don't seem to stand a chance for rain at all.

Until we do get a 1-inch rain, we hereby refuse to publish any more of these haphazard prognostications. This thing is getting out of hand.

While rainfall is the subject under discussion, we might as well mention that we are again without a gauge (as though it would make any difference).

We swiped one from the back of O. W. Rhinehart's car a couple of weeks ago, but the wife made us take it back, saying that he probably would get sore as heck.

As we had suspected, the old boy had never missed it. But do you think he would let us borrow it since we were honest enough to admit having stolen it? No sir!

We are now in the market for a good rain gauge. These items seem to last a long time in this part of the country, so with a little luck we should stumble onto one somewhere.

One morning last week as we were opening up the sweatshop for a day's business, we noticed that a small bird had somehow gotten between the screen and the closed door of the building.

We reached in, grabbed him after a little scuffle, and were about to send him on his way into the morning air when we noticed something that struck us as being a little unusual.

He looked for all the world like a common English sparrow except for one feature; he was red-headed! Now, before you laugh this off as another editor's pipe dream, let us remind you that we have witnesses on this bird, and they'll all swear that he WAS really red-headed.

It wasn't paint or dye or anything like that. The feathers were a true honest-to goodness red.

The writer was remarking about how unusual this seemed to be, until someone reminded him of his own family.

They said for us to explain how we, of all people, managed to have a cotton-headed, blue-eyed boy. That's something to think about. Perhaps we'd better have a little talk with the wife.

Passers-by will find it hard to believe, from now on, that The Tribune is really The Tribune. What we mean to say is that the old rickety awning, which has so long been the identification mark of "the worst-looking business in

Jim Ware, son of the Earl Wares of Bovina, is atop this self-propelled combine cutting wheat on the Roy Melugin farm between here and Bovina. The picture was taken Saturday. The wheat harvest in the area, which was slowed by showers Sunday afternoon, is not expected to last very long this year.

**Jerry Paul Brings First 1954 Wheat**

The 1954 harvest on the High Plains, which got started last week, moved into the immediate area Thursday afternoon with a load being received in this community.

Jerry Paul, who farms some 2½ miles southwest of Texico, brought 10,230 pounds of wheat to Worley Mills last Thursday and has the distinction of bringing in the first load to a Farwell elevator, reports Herbert Potts, manager.

It is No. 1 wheat of the Westar variety and has a moisture content of 14. Planted the first of September, and watered around the first of March, the 75-acre field is yielding 23-25 bushels per acre.

Potts feels that this year's crop will be good though the acreage is rather low.

Roberts Seed Company received their first load Monday from Alberta Lust, north of Texico. It, too, is irrigated and the field is cutting about 30 bushels to the acre. It is Comanche wheat.

**First Load of Wheat At Sherley-Anderson**

Sam Rundell, east of town, brought in the first load of wheat to Sherley-Anderson Elevator in Lariat Sunday morning, reported Asa Smith, manager.

He received a 25 cents-per-bushel premium for his load, which tested 60 pounds per bushel, and contained 12.93 percent moisture. Rundell, who is cutting 100 acres, reported that their dryland wheat is yielding between nine and ten bushels, which is considered very good for unwatered wheat this year.

His irrigated wheat is expected to make 30 or more bushels per acre when harvested.

**5 Licenses Issued During Past Week**

The month of June continued as a traditional time of marriage, according to records in the county clerk's office. Five licenses were issued to couples during the past week, including:

June 8—Rodney Vance Hinkle, and Oleta Ophelia Lloyd, both of Friona.

June 9—Thomas Giles Cobb Jr. and Margaret Joann Agee, both of Friona.

June 11—James Theodore Magness and Joan Beatrice Spurlin, both of Farwell.

June 12—Edward Askild Lovnick and Rhea Nell Foster, both of Friona.

June 14—Jose Rafael Ulibarri and Lydia Griego, both of Clovis.

**New Office Started For Sherley Grain**

Construction of a 24x28 building file office was begun this week on the location of the 600,000 bushel elevator to be built this summer for Sherley Grain Company.

The office is south of the site reserved for the big concrete elevator tanks, and will be finished in a few weeks. The Sherley addition will be on land along the Santa Fe right-of-way in eastern Farwell.

**Commissioners Meet As Equalization Board**

The county commissioners will meet Monday, June 28, at the courthouse in Farwell as a board of equalization, at 10 a. m. Many persons owning property recently placed on the rolls have been sent notices of the meeting; others are invited.

**Break-In, Petty Thefts, Drunken Driver Keep Peace Officers Busy Over Weekend**

Deputy Noble Goldsmith, filling in for Sheriff Chas. Lovelace who is on vacation, has been keeping busy during the past week. His work has included investigation of a burglary, petty thefts, and a drunken driver.

Frank Truitt, Bovina druggist, had his store broken into again Monday night—the second time in as many months. Someone kicked in the back door of the store, grabbed up some merchandise, and hauled his safe out the back door and tried to beat it open.

Reported missing were three watches worth \$77.50; three watches worth \$17.40 each; seven bottles of paragonic; from 20 to 25 cartons of cigarettes; and Truitt's personal fountain pen.

The intruder or intruders failed in their attempt to crack the safe, which contained about \$500, but knocked the knob off in the attempt. Indications were that they also backed a truck or pickup to the rear entrance and attempted to load the safe and carry it off.

Goldsmith said "several" leads were being checked on the burglary.

**Drunken Driver**  
Picked up Monday after a collision near Black was Angel Martinez of Clovis, who was charged with drunken driving. He crashed into the rear of a car driven by a woman tourist about 2:30 a. m. No one was seriously injured in the accident.

**Macon To Add Storage**

A 300,000-bushel addition to the storage facilities of Macon Elevator in Bovina is under construction this week, work having been started Monday on the excavation. Chalmers-Borton of Hutchison, Kansas, are contractors for the concrete elevator tanks, which, when completed, will give the Bovina firm a capacity of 600,000 bushels grain storage.

Eight new tanks will be put up west of the present facilities along the Santa Fe right-of-way. Construction is scheduled for completion in time for the row crop harvest, says J. P. Macon. The area around Bovina is expected to yield a prodigious crop of milo this fall, promising even to exceed the harvest of 1953 if the weather holds reasonably good.

Storage facilities were exhausted last year in very short time when the fall row crop harvest got under way.

**School Enrollment Takes Jump in Parmer**

Enrollment in four Parmer County schools has taken a substantial jump over last year, according to figures in the office of A. D. Smith, ex-officio county school superintendent.

Enrollment totals about 2,000, representing a rise of about 200 from this time a year ago.

Thirty-four school transfers have been approved by the county school board; 21 in the county, and 13 out of county.

Mrs. Ray Stone and children of Amarillo were guests in the home of the J. E. Stones last weekend.

The woman's car was damaged in the amount of \$130.

He pled guilty in county court Tuesday morning, and was given his choice of six months in jail or 30 days in jail if he paid the damages and court costs.

**Petty Thefts**  
Pleading guilty to charges of petty theft Monday morning in county court were James Adams, 18, and Roland Hilker, 21, both of Hereford.

They admitted having taken a battery Saturday morning from an irrigation well on the Owen Seamonds farm east of Friona. The two young men were fined \$25 and costs each and given 30-day jail sentences.

Adams and Hilker were picked up by deputy sheriff J. W. Roberts in Friona Saturday after a service station operator had tipped the deputy off that one of them had tried to sell him batteries.

The two were picked up and returned to Farwell for questioning, and they later admitted doing the job.

Charges of a similar nature are awaiting them in Dimmitt when they are released by Parmer County.

**Reid Gives Review Of NM Boys' State**

(Editor's note: This report was written by Kenneth Reid, Texico delegate to New Mexico Boys' State. He returned home last Sunday.)

We left Clovis at 7 a. m. Sunday morning. We arrived at Socorro at 12 to register and get assigned to our quarters. There wasn't anything happening Sunday evening.

Monday morning the fireworks started; we were out of bed at 6:30 and at 6:45 we had the flag raising and chapel service; then we had sitting-up exercises. At 7:15 to 7:45 we ate breakfast, then from 8 to 9 we were required to take a course in Law School and one in Peace Officer's School. In order to hold a legal or law enforcement office, one had to make a passing grade in the exam given at the completion of the courses.

From 9 to 11 we had to organize our cities; there were four cities—Armijo, Coronado, Cortez, and Mendoza. I was assigned to the city of Coronado and was a Federalist. The other party was called Nationalists and there was an even number in each. From 12 to 1 we ate lunch.

Then we had county meetings; there were two counties—DeLeon and DeVargas. From 2 to 3 we had city elections. Then from 3-5 we had recreation.

For recreation we could go swimming, play softball, basketball, tennis, golf, pool or anything, just so we played.

At 5:15 we lowered the colors and from 5:30 to 6 we ate supper. From 7 to 9 was General Assembly and at 9:30 all citizens were in quarters, and lights went out at 10.

Tuesday was about the same thing, except we had county and state conventions and had the state and county primary elections.

Wednesday we had the state and county elections. I was elected county commissioner. The Federalists took 12 out of 15 of the top state offices.

Wednesday night the governor of New Mexico, Edwin Mechem, addressed us at the inauguration of our Boys' State governor.

From then on through the week we ran a regular state as it should run; and everyone learned more

**★ 205 POUNDS BEEF DON'T LAST LONG**

The report is out that Cash and Earl Richards of Bovina are eyeing their pocketbooks this week after having been attacked by 81 relatives over the weekend.

Cash and Earl were hosts for a reunion of the Richards clan, which is so numerous that they had to rent the Legion Hall to get them all together under one roof.

The reunion was a big success if the consumption of food is anyway to measure it. Cash and Earl barbecued 205 pounds of beef for the family members.

It was all gone in two meals.

**Unforeseen Water Difficulty Postpones Bermuda Planting in Courthouse Park**

The unusual demands upon the Texico-Farwell Waterworks during the past few weeks have forced a postponement of the plan to transplant bermuda grass to the park areas north and south of the courthouse in Farwell.

Mrs. M. C. Roberts, chairman of the project for the Texico-Farwell Woman's Club, said that the postponement was unavoidable because it was found that watering the area would result in such a demand on the local water system as to make it impossible under present conditions.

The facilities at the Texico-Farwell Waterworks include a storage tank of 50,000 gallons. However, the condition of the tank has prevented capacity storage from being attained. About 30,000 gallons is all that

can be kept "on tap" in the tower in Farwell.

A four-inch main had been installed to permit flooding of the park area, but it was discovered that when watering was attempted that the local water system was not able to meet the needs of the town meters, in addition to the drain for the proposed park project.

What will become of the project depends to a large extent upon the weather. If good rains come, it will be possible to plant the grass. If they do not, the project will be stymied unless pumping or storage capacity of the water system is increased.

Mrs. Roberts said she had very good response from individuals who volunteered to donate bermuda grass to the project.

in that week than they could taking a one-year course in government in high school, because we actually ran the government.

Thursday night we had stunt night and it provided a lot of laughs. Saturday night two boys were chosen to go to Boys' Nation and everyone was glad the two chosen got to go.

We were all awarded pins and certificates of attendance. Sunday morning we left for home, a tired but happy bunch of boys.

We had three good meals every day. The food was good and I think everyone gained 10 pounds or more that week.

It was the greatest experience of my life and I would like to encourage any school student from a junior on down, that that is something to work toward. You learn a lot and meet so many people and have so much fun. I think I met 239 of the 240 boys there.

**Weiner Roast Tonight For Cubs and Parents**

Cub Scouts and their parents are to meet tonight at the Farwell Legion Hall at 7 p. m. to drive to the Bovina roadside park for a weiner roast. This is the regular monthly pack meeting which is fun night. Each family is to bring their own food.

"If the scouting program is to continue in Farwell, the support of both parents and Cubs is needed," say the Scout workers, so all parents are urged to come.

tions to the school and also to retire some indebtedness owed on paving.

Boosters of the movement for expansion of the system say they aren't very worried about the success of the vote if they are able to get people out to the polls. If the election is defeated, it will be because a large number of the voters stayed at home on election day, they say.

The board is asking for the additions to the system because it says more room is badly needed for the growth in school enrollment. The problem of overcrowding has become especially acute in the physical education department, where the school is handicapped in a number of ways. (See editorial on next page).

In addition, the public school music program at Farwell has enjoyed tremendous growth in very recent years, and facilities for this type of instruction are below standard, says the board.

The main thing that the election boosters keep plugging home is that the two buildings can be constructed and paid for without any raise in taxes for patrons of the district. The main reason that the bonds

will be able to be retired without an increase in taxation is the result of continued growth and development within the district.

Voting will be conducted in the county courtroom in the Parmer County courthouse in Farwell. Polls will open at 7 a. m., and remain open until 7 o'clock that evening.

Any legally qualified taxpaying resident of the district can vote, provided, of course, that he or she can present a receipt indicating payment of poll tax.

It was deep satisfaction in 1951, as a State Representative, to help create our new 30th Senatorial District and thereby give West Texas a fair share of representation of Austin.

It has been an honor, a pleasure and a privilege to serve as the first Senator from that new District.

In reviewing my record, I would be the first to insist that I have made mistakes. No doubt, I shall make others. These will always be honest mistakes.

As your freshman Senator, I gained the following committees: Chairman of Stock and Stock Raising; Vice-Chairman of Agriculture; vice-Chairman of Education, and member of Water Rights and Irrigation, Veterans Affairs and Public Printing.

**FARWELL SCHOOL PATRONS: DON'T FAIL TO VOTE SATURDAY!**

Continued on last page

# THE TRIBUNE'S EDITORIAL COMMENT

## Farwell Bond Election Should Win Overwhelmingly

Taxpaying patrons of the Farwell School District should vote Saturday's \$115,000 bond election in by a whopping majority. They ought to do this out of admiration for and appreciation of the board, which is taking a sensible step to improve the schools.

Some people are still finding it difficult to believe that such an addition to the system can be made without any raise in taxes, but the facts have explained away the doubts of the vast majority of people who have inquired into the question.

The Tribune believes, and is convinced that a large majority of the voters believe, that the election to vote bonds to finance construction of a new gymnasium and band hall for Farwell Schools should be accepted. Here are some of the reasons for our conviction:

1.—The critical need at the present time for more space in the physical education and public school music programs of the school.

2.—The certainty of an accelerated growth in enrollment in the system which will further overload the facilities now available for these two activities.

3.—The fire hazard of the present gymnasium.

4.—Inadequate seating capacity of the present gymnasium; not to mention the difficulty of maintaining standards of sanitation with the present facilities for the participating students, which are totally inadequate. The gym playing floor is sub-standard in size, also.

5.—The financial condition of the district, which is such that the needed band hall and gymnasium can be financed without raising the valuation on property.

To these five major points might be added some less noticeable things to consider, one of which is not pleasant for contemplation, but which nevertheless should not go unnoticed:

The state of world conditions is critical, and in the event of another national emergency, the material and labor necessary to construct these buildings would disappear overnight. Certainly, costs of construction would jump astronomically. These things we would rather leave unmentioned, but they certainly should not be ignored in a problem such as this one.

All in all, we see very little reason to hold back the local school system from going ahead in its growth. This community can never hope to amount to anything if it denies its schools the right to develop.

We are not worried over the sentiment of the voters in this election; the only thing we are worried about is that they may, for some reason or another, fail to come to the polls in big numbers, thereby resulting in a vote that is not an accurate register of public opinion. Do get out and vote!

## New Mexicans Don't Like Their Own Speed Traps

The State of New Mexico, which has been hanging up a gory record of murder on the highways, has at last taken really stringent steps to curb the grinding crashes that have been snuffing out the lives of two people each day since the first of the year.

The state police have been empowered to use

a radar tracking device usually referred to as a "speed trap" to snare and punish offending speedsters on the highway. Speed is the number one killer on the highways, and there it little argument that says it should not be controlled.

The funny part about this means of enforcement, however, is that it isn't the out-of-staters (who do most of the speeding, on long trips) that are complaining about being kicked into court by an electric eye; it's the New Mexico boys that don't like it!

Businessmen have been raising a howl about this "unethical" or "Gestapo-like" method of nailing the speeders on the highways, claiming that it is giving the state a black eye and will lead to a decline in the persons who visit, travel through, or shop in, New Mexico cities. They don't want the state put on a "detour" basis for east-to-west travelers.

For the benefit of the uninitiated, it should be explained that this radar set-up is a rather sly way of enforcing the law. The car containing the electronic equipment used to make the speed checks does not have the appearance of the typical patrol vehicle that invariably causes drivers to lighten the load on their right foot whenever it comes into view.

The radar car is unmarked, and usually a gay green, blue, or some other innocent color. The policeman who mans the equipment is unmarked, of course, but by time the speeder is close enough to spot him, it's already too late.

As for our opinion on the matter, however our neighboring state wants to enforce its highway laws is plenty all right with us, as the real reason behind this shady operation is to make us slow down and stop killing one another. It does sort of take the fun out of the old sport of dashing through a speed zone without being heisted by a cop, but this kind of play has never been in the interest of public welfare, so it is just as well that it is soon to be ended.

Something for Texas speed demons to think about, too: We have been sneering at our western neighbors for their unsportsmanlike ways of catching highway killers, but we had better get our laughs over with pretty soon, because a radar system is soon to be installed on Texas highways!

## Jones, 4-H Boys Back from Round-Up

County Agent, Joe Jones, and two 4-H club boys returned Friday from a five-day round-up of Texas 4-H Club members at Texas A&M. The boys were Jerry Henson, and Donnie Carpenter. The 1800 boys and girls were housed in the dormitories and took part in various short courses offered.

Henson and Carpenter were enrolled in the animal husbandry short course.

Entertainment was provided by professional entertainers from Houston, and the boys and girls from each District presented a skit on stunt night. District 1, of which Parmer County is a part, placed second in the contest.

**VANILLA WAFER CAKE**  
1/2 cup shortening  
1 cup sugar  
Vanilla wafers, 25c size  
1/2 cup milk  
3 eggs  
1/4 pound coconut  
1 cup nuts  
1 tsp. baking powder  
Mix shortening, sugar, and baking powder. Add crushed vanilla wafers, milk and eggs. Then add nuts and bake at 300° temp. for 25 to 30 min.

**CARAMEL ICING**  
1 cup sugar  
one-eighth pound oleo  
1/2 cup milk  
1 tsp. vanilla  
Brown sugar and oleo, add milk. Cook until forms soft ball in water.

Mother's Day is past, Father's Day is nearly here and the next holiday that comes to our mind is July the fourth. We wonder if Bovina will again take time out to visit with their neighbors, and have a good old-fashioned get-together as they did last year. Everyone seemed to enjoy the fun at last year's contests and entertainment. We met more nice people and renewed acquaintances with others, and we get a good feeling just thinking about it now, nearly a year later.

Our day was completed by the watermelon feed in Farwell last year, which was another remembered occasion.

We are like most of the people today, it is rare for us to just take time out to visit with our friends and neighbors, and strangely enough, there is nothing we'd rather do.

We enjoyed spending our holiday with friends right here in the county last July 4, more than we ever did going off to some special entertainment somewhere else.

Somehow, the elements seem to get the jump on us. Everytime we get our picture window washed again, we get a mud spattering rain within 24 hours.

Our son's vocabulary is increasing daily. Anything with fur and four legs is a dog-dog, cows horses and all are so named, according to the young wizard. But he was speechless when he picked up a terrapin last week and head legs and tail disappeared. It wasn't a very good mannered terrapin either, and our son's education is on the upgrade.

It only took two bath waters to get Ronny cleaned up when he assisted in yard work Saturday by sitting down in our well-watered shrubbery, and making mud pies. Results was one big blob of mud with a grin, and four teeth shining through.

Agrie Jones was sporting a nice large cowboy-brim hat the first of the week. It looked like a "mesh". Anyway, he had a ready explanation for his sudden addiction to western wear. It seems that Rip had a sale on this particular brand topper and it was exactly the same price as the conventional summer straw that Jones has worn in the past. He couldn't resist the bargain—got more brim for his money too.

Mrs. Shorty Milstead tells us she tried Mrs. Humble's pound cake over the weekend, and it was delicious.

## Firemen Return From School

Five volunteer firemen from Texico returned last week from a school of instruction in Truth or Consequences. Lectures, demonstrations, and films were presented by various petroleum companies and other instructors.

Salvaging methods and how to prevent water damage when fighting a fire were among the subjects studied.

Next year's meeting will be in Albuquerque, and Chief Patrick Cain of Kirkland Air Force Base will preside.

Those attending from Texico were Rip Snodgrass, Perry Crowley, Cecil Dykes, Roy Harvey Snodgrass, and Smoky Gast.

**Methodist Youth Entertain Families**

Members and sponsors of the Oklahoma Lane Methodist Youth Fellowship presented an evening worship service June 9, in the church.

David Willard played the prelude and provided music for the rest of the program.

Rev. Vernon Willard, pastor, gave the scripture reading, to which Mrs. R. E. Blankenship gave the response. Mrs. Blankenship also acted as interpreter for the scenes of the program which were presented in a large picture frame with a softly-lighted blue cross in the background.

Depicted in the first scene was a robbery. The interpreter gave some crime statistics, and appropriate scripture from the book of Paul was read by Rev. Willard. Participants were Elmer Snodgrass, Dale Merriman, and Don Bandy.

Sandra Patton and Dean Jones were in the second scene which concerned the conflicts facing the youth of today. Jones sang "My Savior's Face."

Glen McDorman and Eugene Merriman took part in the third scene which stressed the importance of church training.

"Beyond the Sunset," sung by Billy Joe Foster, was the highlight of the next picture. Shirley Atchley represented a neglected child befriended by a kind-hearted woman.

Sandra Patton sang "Holy City" during the last scene which showed an altar with a cross in a beautiful setting. The MYF benediction concluded the service.

Home-made cake and ice cream were served by the young people to their parents during the social hour which followed.

**Attend District Water Meeting**

Five members of the Farm Bureau were to attend the District High Plains Underground Water Conservation meeting in Littlefield Wednesday. They were Bruce Parr, Walt Kaltwasser, D. D. Ivy, Cordie Potts and Raymond Euler.

**NOTES From the Parmer County S C D**

By STEVE BAVOUCETT

The Parmer County Soil Conservation District will be holding the spring community tours in the near future. Watch the papers for the time and place. At the present time we are planning one at each of the following communities: Lazbuddie, Rhea, northeast of Farwell and northeast of Friona. We hope to show some methods of using legumes in soil fertility, some methods of achieving proper water application, as well as some crops and other interesting items.

Do you have your vetch seed for interplanting in your cotton and grain sorghums? Now is a good time to make arrangements for the seed and the inoculant. All legume seed should be inoculated before planting.

Wednesday, several of the supervisors attended the National Association of Soil Conservation Districts meeting in Amarillo. They met with other district supervisors to help formulate a plan to combat our wind erosion problem.

Perry McMinn has about 6 to 8 tons of vetch that is about ready to plow under.

There has certainly been a lot of heavy rains and hail in the last few weeks. Now is a good time to look over our fields to see just what damage water is doing to our farms. Maybe some appropriate structure or conservation practice would cut down on your soil and water losses.

Whiskey will not age in a glass container.

**Farm Bureau Hears Boys' State Report**

Texico Farm Bureau met in regular session Monday night in the school lunchroom. In the absence of both Chairman Olan Schlueter and Vice-chairman Edward Enggram, Luther Pearce presided.

Minutes were read and approved and the meeting was turned over to the program led by Mrs. Levie Reid and Mrs. Clyde McDaniel. The pledge to the flag was led by Jean Hadley and Beulah Mae McDaniel, and the group sang "The Star Spangled Banner" with Mrs. Richard Payne at the piano.

Gale Hadley sang "It's Later Than You Think," accompanied by her mother, Mrs. John Hadley Jr. "Down on the Farm" was the poem given by Joyce Gillean. Hazel McDaniel played "Carry Me Back to Old Virginia" after which Kenneth Reid reported on New Mexico Boys' State in Socorro this year.

Joyce Gillean and Sue Reid concluded the program with "Whispering Hope" accompanied by Mary Ann McDaniel.

Olan Schlueter will furnish the program at the next meeting, July 12.

Refreshments of pie, coffee and pop were served to 43 members and five guests, during the "42" and social hour which followed.

Guests were Mrs. Richard Payne and Diana; Luther Pearce's two grandsons from Denver; and Barney Harding's grandson from Artesia.

**Observe Anniversary**

Friends and relatives of Mr. and Mrs. Fred Kamradt of Grady, gathered at the Parrish Hall Sunday to wish them well on their 65th wedding anniversary.

A covered dish luncheon was served in honor of the couple. After lunch, Pastor Pullmann gave a talk and there was group singing. Approximately 75 people attended the occasion.

Along with the rain came that unwelcome white stuff called hail. Some wheat fields were a 100 per cent loss. Some farmers reported a 50 per cent loss. Most of the wheat fields were damaged at least some.

The vacation Bible school opened this week on Monday. Approximately 40 children enrolled the first day. All children from 4 to 14 are invited to attend.

During the past week our community had from 1 to 4 inches of rain. The rain was very hard which is making most of the farmers replant.

**Visits Mother**

Elmer Temple of Albuquerque, has been visiting with his mother, Mrs. J. C. Temple, who is quite ill.

Guests in the A. D. Smith home this week are Mrs. Smith's sister, Mrs. W. C. Porterfield, Topeka, Kans., and two nieces, Mrs. Lloyd Morris, Oskaloosa, Kans., and Mrs. Willard Cleland, Wakeeny, Kans.

## Oklahoma Lane Bible School Ends

The Oklahoma Lane Methodist Vacation Bible School closed Sunday morning, June 13 with a sharing session followed by a program by the children during the worship hour. Rev. Vernon Willard conducted the regular order of worship, and Mrs. Doyn Merriman directed the children's program. The purposes of the Bible School were given, and appreciation expressed to the teachers, refreshment committee, secretary and everyone helping in any way to make the school a success.

Those working on the refreshment committee were Mrs. Vernon Willard, Mrs. R. E. Blankenship, Mrs. George Douglas, Mrs. W. P. Shelley, Mrs. Curtis Jones, Mrs. C. C. Christian and Mrs. Earl Billingsley. Miss Sandra Patton was the secretary throughout the school.

The theme "Discovering God in the Universe" was carried out in each class. The nursery workers were Mrs. G. A. Bandy, Mrs. Jim Billingsley and Mrs. Owen Patton.

The kindergarten study was "Let's Go Out-of-Doors" and they learned of God in nature. Their teachers were Mrs. Sam Billingsley, Mrs. Billy Joe Foster, Mrs. Raymond White, Misses Murlene Snelgrove and Jeannette Lindop.

The primary group studied "Our Daily Bread" and how God provides for our spiritual lives as well as our bodies. Mrs. Tom Lindop, Mrs. Leon Billingsley, Mrs. Turner Paine, and Mrs. Lawrence Cooper were the teachers.

"Praise Ye the Lord" was the junior study led by Mrs. E. G. Snodgrass, Mrs. James Roach and Mrs. Frances Willard.

Following the program of songs and scripture the superintendent, Melvin Sudderth, led the benediction.

## Give Study

Both WMU circles of the Oklahoma Lane Baptist Church went to Lazbuddie Monday and presented the Royal Service Program there. The program was a study of work in Formosa. Special music was given by Mrs. Julia Symcox, which was, "The Light of the World is Jesus."

Mrs. Lucille Hukill gave the devotional. The following ladies participated in the study: Mesdames Frank Edwards, Jimmy McGuire, Howard Garner, D. W. Carpenter, Vance Zinn, Lee Mason, Vernon Symcox and Mrs. Charlie Hukill.

After the program refreshments of cake and punch were served to the ladies by the host church.

## Home Demonstration Club Is Formed

The Lakeview Home Demonstration Club was organized May 27 in a meeting in the home of Mrs. Elthie Hand, with Miss Corinne Stinson, home demonstration agent, present.

Mrs. Elizabeth Carmichael was elected president; Mrs. Jo Buchanan, vice-president; Mrs. Maudene Edelman, secretary-treasurer; Mrs. Opal Buchanan, parliamentarian; Mrs. Josephine Blackburn, reporter; and Mrs. Mary Grubbs, council delegate.

Other members present were Mesdames Dimple Hand, Billy Jo Hand, Lavonia Hand, Bernice Massey, Otis Massey, Clara Massey, B. C. Day, Leona Wolfe, Maxine Thompson, H. A. Hyde, Beulah Looftman and Judy Cumming.

The second meeting of the club was held June 10, in the home of Mrs. Jo Buchanan. Organization of the club was completed with the adoption of constitution and by-laws. Mrs. Lavonia Hand was elected alternate council delegate. New members present were Mesdames Doris Johnson, Betty Roberts and Joy Lindeman.

Regular meetings of the club will be held on the second and fourth Thursday of each month at 2:30 p. m. The next meeting will be in the home of Mrs. Dimple Hand. Every woman in the community interested in better homes and happy families and community life is urged to be present.

## The Floyd Milsteads Have Oregon Guests

Visiting in the home of Mr. and Mrs. Floyd Milstead last week were her mother, Mrs. Pinky Herrod, and her brother, William Herrod, both of Portland, Ore. They are visiting other Texas relatives and plan to return here the latter part of the week.

## Attend Funeral

Mr. and Mrs. Guy Cox recently attended the funeral of her cousin, Ruby Jean Steffens, in Amarillo. Mrs. Steffens will be remembered as Ruby Jean Hutchins, a former resident of Texico.

## Cox Family Has Reunion

All but three of the children of Mrs. James A. Cox were present for a reunion Sunday. The group met in the Farwell park for a picnic lunch.

Those present were Fred Cox, Scottsdale, Arizona; Marilyn Cox and Mr. and Mrs. F. L. Gyger, Trudy and Janice, Phoenix, Ariz.; Mr. and Mrs. Clint Cox, Clayton, N. M. and their guest, Harry Anderson, Oklahoma City; Mr. and Mrs. James Cox and Virgil, Logan, N. M. and Sonny Haskins, Tucumcari, N. M.; Mr. and Mrs. Ted R. Cox, Dale and Charles, Amarillo.

Mr. and Mrs. Ralph Cox, Sam, Myron, Leroy, and Patsy, and Lois Vanlandingham, Lazbuddie; Mrs. Billie B. Sinclair, Paulette and Sherri Lynn, Dimmitt; Mr. and Mrs. Walter Cox, Mary Ann and Patricia, Hereford; Mr. and Mrs. Bunk Phillips, Linda, Connie and Al; Mr. and Mrs. Guy Cox and Joe, Farwell; and Mrs. J. W. Mordica, El Paso, an aunt of Mrs. Guy Cox.

The three who were unable to attend were Mrs. C. M. Frost, Houston; Mrs. Lenna Traylor, Kansas City, Mo. and V. C. Cox, Los Angeles.

## Companion Class Has Regular Meeting

Carmen Roth was hostess to the Companion Class of the Texico Baptist Church, Tuesday night for their regular monthly business and social meeting.

Mrs. Tena Roth, teacher, opened the meeting with prayer, followed by the devotional by Rita Dollar. Dot Camp gave the treasurer's report. Coeta Doolittle, president, presided over the meeting. In the business meeting the group decided that one member each week would be responsible to visit one person, either a prospective member or a member. Glenda Carpenter was appointed to keep a list of these. Next meeting will be in the home of Coeta Doolittle. Glenda Carpenter dismissed the group with prayer.

Ice cream filled chocolate-coconut baskets and punch were served to one visitor, Peggy Payne, of Dallas, and Dot Camp, Esther Ferguson, Glenda Carpenter, Aileen Pearce, Coeta Doolittle, Marjorie Fought, Tena Roth and Carmen Roth, members.

## Husbands Are Guests For Guild Picnic

Husbands of the members and prospective members and their families were guests of the Wesleyan Guild of the Methodist Church at a picnic supper at the home of Mr. and Mrs. John Aldridge Wednesday night.

Fried chicken, potato salad, green beans, pickles, olives, pie and coffee and iced tea were served.

Among those attending were Mr. and Mrs. John Armstrong and Jimmy, Mr. and Mrs. Willie Williams, Mr. and Mrs. Joe White, Mr. and Mrs. Loyde Brewer and boys, Mr. and Mrs. John Aldridge and daughters, Mr. and Mrs. Bunk Phillips, Mr. and Mrs. Bob Hart and son, and Miss Corinne Stinson.

## Sunday Ceremony Unites Couple

Miss Joan Spurlin became the bride of Ted Magness in a semi-formal double-ring ceremony performed by Rev. Dewey Horton, pastor of the First Baptist Church, Farwell, Sunday at the church.

The bride is the daughter of Mr. and Mrs. W. H. Spurlin and the bridegroom is the son of Mr. and Mrs. Joe Magness, both of this community.

Nuptial vows were recited as the couple stood before an arrangement of palms with a central bouquet of white gladioli, agapanthus and majestic daisies in the foreground. Graduated candelabra were on either side of the floral display, and a wrought iron bench with a white velvet cover completed the setting.

Kiyono Nagatani of Wayland College, a former schoolmate of the bride, was vocalist, singing "Because" and "The Lord's Prayer." She was accompanied by Miss Darlene Sprawls, who also played traditional wedding music for the service.

Best man was Sonny Spurlin, brother of the bride, and serving as groomsmen were Junior Poteet and Ray Magness, a cousin of the bridegroom. Ushers were Jimmy Hardage, nephew of the bride, and Freddy Magness, brother of the groom.

Candelighters were Miss Peggy Hardage, niece of the bride, and Miss Elaine Magness, sister of the bridegroom. Miss Joyce Adams of Pampa served her friend as maid of honor and Misses Rose Hines of Farwell and Nell Summers of Clovis were bridesmaids.

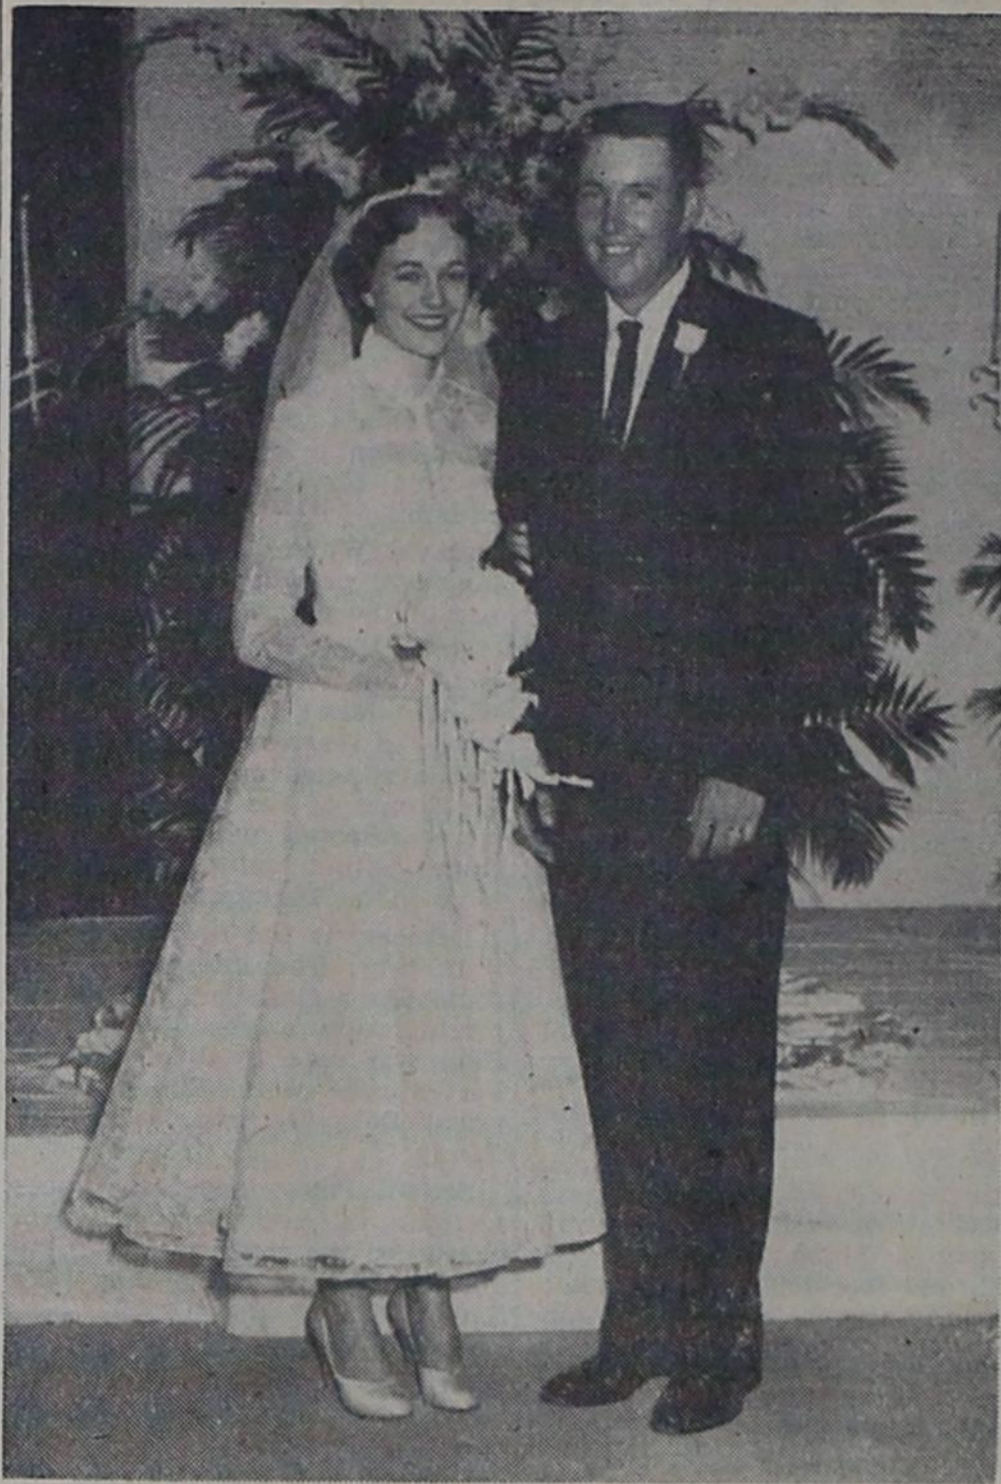

All female attendants wore dresses of baby blue silk organza with fitted shirred bodices, scoop necklines and cap sleeves, and ballerina-length. Headbands were of blue net and each wore matching blue earrings and shoes. Candelighters wore corsages of white carnations, and the maid of honor and bridesmaids carried frothy Summer's Dream bouquets of white carnations accented by blue net flecked with silver, and outlined with scallops.

Given in marriage by her father, the bride wore a strapless ensemble of nylon tulle with a fitted jacket featuring minute covered buttons, long sleeves extending to a point over the hands and a tiny stand-up collar. The billowing skirt was ballerina-length. Her shoulder length veil of illusion was attached to a cap of lace, outlined with seed pearls and glistening sequins. She carried a cascade of white roses with a lace background, atop her Rainbow Bible.

For something old, she wore a small pin which has been traditionally worn by brides in the Magness family; new was her wedding ensemble; borrowed were pearl earrings from Mrs. Clyde Magness; and blue was her garter, a gift of Mrs. Tom Foster, cousin of the bridegroom.

Mrs. Spurlin, mother of the bride, wore a navy ensemble with a white trim, and matching navy and white mesh shoes with navy accessories, and a white carnation corsage. Mrs. Magness, mother of the bridegroom, chose a blue lace-trimmed dress with white accessories and a corsage of white carnations.

# A Bank Customer --

### Is more than a name on our records

Each customer is a flesh and blood man or woman with human emotions, personal problems, individual hopes and plans.

### Is more than a voice on the telephone

A customer's call is our signal for action, an opportunity to serve, our chance to make a friend for the bank.

### Is more than a signature on a letter

Each letter we receive, no matter how minor it seems, is important to a customer and merits our full attention.

### Is never an imposition on our time

"Our time is your time" should be our attitude toward every customer, because that is why we are here—to serve you.

### Is not an outsider

The customer is truly an "insider"—our reason for existence—our "boss"—a highly important part of our bank.

### Is not a favor-seeker

We do not confer when we serve a customer—instead the customer does us a favor by doing business with us.

### Is not dependent on us

We depend on the customer. Without his support there would be no deposits, no loans, no profits—and no banks.

A bank customer is a friend whose confidence and good will form our most priceless assets. It is our aim to justify this confidence by serving efficiently.

**Music Campers In Portales**

Some fifteen music students from Texico and Farwell were in Portales last week at the seventh annual Sunshine music camp at Eastern New Mexico University. C. M. Stookey, chairman of the ENMU School of Music, was director of the camp and the faculty included such nationally known music educators as John Finley Williamson, director of the world-famous Westminster Choir; Paul Van Bodegraven, instrumental music director, New York University, and Arthur G. Harrell, director of music education, Wichita, Kansas.

The 11-day camp concluded Sunday evening with a concert. Students who attended were Bert Williams, Gloria Dial, Elaine Magness, Cora Sue Atchely, Phyllis Magness, Sam Pool, Jeannette Hughes, Dudley Hughes, Glenna Davis, Dick Feltz, Pat Aldridge, Doris Pond, Susan Levins, Mikala Faville, and Connie Bakkerud.

**Back from Honeymoon**

Mr. and Mrs. Nathan Harding returned Friday from their honeymoon trip into Colorado and New Mexico. They are now at home in Farwell.

Mrs. Bess Mansfield visited her mother, Mrs. J. A. Wallace, in Tyler last week.

**POPPIN' OFF... WITH POP**

The biggest problem which the average housewife of today has to face is having too much month left over at the end of the money.

The bonds of matrimony aren't worth much unless interest is kept up.

She: "Are you doing anything for that cold of yours?" He: "Well, I sneeze whenever it wants me to."

# NEWS FROM LAZBUDDIE

By BARBARA HINKSON

## THIS WEEK

### Girls' 4-H Club Meets

Miss Corinne Stinson met Monday afternoon at 2:00 with the Lazbuddie 4-H club girls for their regular meeting. She told the girls about the Rally Day to be July 16. Miss Stinson inspected the work done by the girls. The ones making blouses modeled them and instructions were given on facings, putting on collars and pressing. Those making aprons were told how to put on the pockets and ties. Girls making skirts were shown how to gather their skirts onto the band and make a placket. The next meeting will be June 21 at 2 p.m.

### Enjoy Ice Cream Social

The Young Peoples Class of the Methodist Church held an ice cream social Friday night, June 2, at the home of their teacher, Mrs. W. C. Williams Jr. Games were played throughout the evening, after which ice cream and cake were served.

Those enjoying the party were: Betty and Jeanell Floyd, Shirley Carpenter, Barbara Hinkson, Jimmie and Mary Carpenter, Joy Smith, Juanita Scott, Sharron Thorn, Dan and Chuck Smith, Durwood Teague, James Gilmore, Jerry Darby, and the hostess.

### Home Demonstration Club

Miss Corinne Stinson met Monday afternoon at 3:30 with ladies of the community to organize a home demonstration club. Since so few were present, it was decided to wait until next meeting to elect officers.

The next meeting will be July 7, at 2:00 p.m. in the home of Mrs. D. B. Ivy. There will be a demonstration on freezing at this meeting. All women of the community who are interested in having a demonstration club are urged to be present.

### Attend Rainbow Grand Assembly

Barbara Hinkson is in San Antonio this week attending the Grand Assembly of the "Order of the Rainbow for Girls." Mrs. Jewel Strong, Mother Advisor, and Elizabeth Farley, Worthy Advisor, of the Muleshoe Assembly also went. The three went to Hereford where they joined members of the Hereford Assembly for the trip. The group left by chartered bus Sunday night and will return early Thursday morning. Barbara is a Past Worthy Advisor.

The Young Peoples Training Union of the Baptist Church held a scavenger and treasure hunt Friday night at the church. A large group was present to enjoy the evening.

Rev. Harold Morris, pastor of the Lazbuddie Methodist Church is at Ceta Canyon this week helping with the Amarillo District Intermediate Camp.

Susie Carpenter and Carolyn Hinkson were Sunday dinner guests of Carolyn Scott. In the afternoon the girls went swimming at Muleshoe.

Mr. and Mrs. Anson Ingram from Dallas are here visiting his mother; also his sister, Odell Press.

## Too Late For Last Week

### A LETTER HOME

June 3, 1954

Dear Folks,

The thirteen seniors and Mr. and Mrs. Revel have sure covered a lot of miles since we left dear old Lazbuddie at 8:00 a. m. May 24. The first day we really saw things. We stopped at Billy the Kid's grave in Ft. Sumner. We found out Jerry Gleason, Frank Spitzer, Chuck Smith, Lonnie Merriott, and Mr. Revel had all ridden with Billy as outlaws; at least that's what they said.

We went to Pecos where we saw the ruins of an old Spanish Mission, the Franciscan Monk Monastery, and a fish hatchery. We also went by the Baptist Assembly Grounds, they certainly are beautiful now and should be even more beautiful in time. Oh yes; we went to a saw mill, too; boy, it sure was interesting.

We stayed all night in Santa Fe. That night we drove around and were the only spectators at a little league ball game.

The next morning, May 25, we went through the New Mexico state capitol. We all had lots of fun on the automatic elevator going up and down while waiting on our guide. We missed seeing Governor Mechem, but we did see his office; also the senate and house. We had to have a little work done on the bus so we went shopping.

We drove on to Taos after dinner and on the way we stopped at a Pueblo Indian Reservation and saw some Tesuque pottery. After we had gotten our cabins we decided to get some food and go out to the river and fish, then eat out there. Only the boys did any fishing and no one but Mr. Revel caught anything. It sure was little, though. Nevertheless, we all had a lot of fun.

Wednesday, May 26, we left Taos pretty early on our way to Canon City. We went by way of Raton and Pueblo. We went through the Cimarron Canyon which was certainly beautiful; we went over the Raton pass, too.

Say! We all got a thrill out of the chair lift on the top of the pass. The lift went from just a little way off the highway to the top of a mountain. It took about 30 minutes to make the round trip. Since we had such bad fishing the night before some of us decided to go to a trout farm, where they guaranteed a catch, and eat them for supper. Some of us didn't care to fish so we just ate at the cafe. After supper we went on top of the rim on a skyline drive. Canon City sure was beautiful, all lit up from there. After that most of us went bowling; however, Mr. Revel and some of the boys played pool.

Up early again! Thursday we went out to the Royal Gorge and

first we went down the incline to the bottom. Then we walked across the bridge. After we got to the other side we had to have a little food to give us the strength to get back. The slow pokes got to see a train go under the bridge.

When we got back to Canon City we had to wait before we could go through the prison. It certainly was interesting, though; and the curio shop caught all of our eyes. We went on to Colorado Springs and over to Mundy's where our cabins were. It sure was nice of them to let us stay there, don't you think so?

We went up to Seven Falls and climbed steps, steps, and more steps. It surely was pretty when we got to the top, though. We went out to the Garden of the Gods then and after supper we went ice skating. Since it was our first time, we were all kind of wobbly.

We surely were busy Friday, May 28. We went up on top of Pike's Peak in a Cadillac touring car. It sure was cold up there, and the air was kind of thin. We didn't get back until about noon. After dinner we went up the Manitou Incline and after that we went swimming in the indoor pool at the Broadmoor Hotel. We sure did have lots of fun. That night we played miniature golf. It was the first time for most of us, so our scores were pretty high. Gee, we're just having oodles of fun!

It sure didn't seem like Saturday, but the calendar said so. That morning we went to see our kind folks at the zoo. It seemed like the monkey house was our favorite place. Some of them sure put on a good show for us. We told the Mundys goodby and went on to Denver. We rode around saw the town and came on back to the cabins and made candy.

The next day was Sunday, so we went to church. The pastor was a chaplain. After dinner we went out to the natural history museum and that sure was interesting. We went out on the lake in row boats and fed the fish pop corn. We were driving around when the boys spied a golf driving range, so we had to stop. After that we went out to the air port and watched them fly model airplanes.

Monday, May 31. Boy, what a day! We first went to Boulder and drove around the Colorado University campus. Then we went on up to Estes and Rocky Mountain National Parks. We drove to Bear Lake and then got out and walked. In all we probably walked about 3 1/2 miles. Oh, and guess what! We saw more snow than we've seen in years. We really had fun sliding in the snow and having snow ball fights. We did a lot of climbing too, and we sure were a tired bunch when we got back to the bus. By the time we got back into Denver we had revived enough to play some more miniature golf, however.

Tuesday we went through the Colorado State Capitol. We couldn't go up in the dome because they were repairing it. We again missed the governor, but saw his office. We also went out to Lowry Field and saw some of the jet planes we had been hearing. Of course we couldn't get very close. Guess what! We were on TV! It was a 45 minute program called "Fred and Fay's Soda Shop". We really did put Lazbuddie on the map. They have a map and are trying to get a pin in every state before the year is over. We got to put the first pin in. We also got to see how everything works after the show. We went to the Lakeside amusement park. We all had a lot of fun riding the Roller Coaster.

Wednesday we tried our best to get rid of Mary Jean Carpenter. When we ate breakfast, we ran off, and left her. We discovered she was gone about a block down

the street, and looked back to see her coming after us.

We went back to Colorado Springs that morning and went through the Alexander Film Company there. It sure was interesting to see how they make all the advertisements and comedies for the movies. After dinner we went to Bruin Inn and Helen Hunt Falls, then we went swimming again. That night we went ice skating again and this time we did a lot better.

Well, today is the last day of our trip. It sure has been a big day, though. This morning we went to Cripple Creek and went down in the Mollie Kathleen Mine. We saw some real gold down there and it was sure interesting. Then we went on to the gold mill where they refined the gold. Gee, all the stuff they had to put with it smelled awful. We went shopping this afternoon here in Colorado Springs. We're going to get up at 4:00 in the morning so we can get home before too late. Gee, it sure will be good to get home and see everyone again, but we've had so much fun we wouldn't have missed it for the world. See you tomorrow.

Love,  
The Seniors

Mr. and Mrs. C. D. Gustin, Leiland and Ronnie visited with friends and relatives in Jackborough recently.

## Final Rites Held For Mrs. Ramm

Final rites were conducted Thursday for Mrs. Albert Ramm, long-time resident of Lariat, who passed away Monday of last week in San Antonio. Services were at St. John's Lutheran Church in Lariat with Rev. W. B. Gummelt officiating.

Survivors include nine children: Mrs. Alma Schwede, Roswell; Mrs. Martin Krieger, Lariat; Mrs. Dick Geries, Mrs. Ernest Kube of Farwell; Mrs. Elbert Kieberg of Corpus Christi; Walter and Eddie of Muleshoe; Willie of Hot Springs, Ark. and Alvin of San Antonio; also 27 grandchildren and 19 great-grandchildren and one sister. All children were here for the services.

Others from out-of-town who were here for the funeral were Mr. and Mrs. Don Packard of Ft. Worth; Mrs. Dorothy Reimer of Greenville, S. C. and Ervin Schwede of Roswell.

## Grahams Leave for Ft. Worth

Mr. and Mrs. W. H. Graham Jr. left at noon today (Thursday) for Ft. Worth to attend the 75th annual meeting of the Texas Press Association. This is the diamond anniversary celebration of the organization.

Ronny Dale will be left in Silverton for a visit with his grandparents, Mr. and Mrs. O. M. Dudley. They will return Sunday.

Among the speakers they will hear at the convention will be Paul Crume, author of the Big D column in the Dallas Morning News. Crume is the son of C. E. Crume of this city and grew up here. Oveta Culp Hobby, Secretary of Health, Education, and Welfare in President Eisenhower's cabinet will also speak. Tours of the Bell Aircraft and Armour-Swift plants are scheduled.

## Rally at Lufkin Starts Shivers Campaign

Governor Allan Shivers announced today that he will open his 1954 campaign with an old-fashioned political rally at Lufkin, his birthplace, on Monday evening, June 21.

The Governor's opening address will be carried over a state-wide radio broadcast from 8:30 to 9 p. m. Thirty-seven stations of the Texas State Network and the Texas Quality Network will carry the address.

With the formal opening of his campaign, the Governor will begin a series of trips throughout the state during which he will review the accomplishments of his administration and outline future improvements which are a part of his plans for a greater Texas.

## Discuss Weed Control At Farm Bureau Meet

A representative of the State Highway Department at Dimmitt discussed the need for weed control, and expressed the willingness of the department to work with the Farm Bureau on the program at the Farm Bureau meeting in Friona last Monday.

Les Bruns reported on the district meeting in Lubbock where members discussed HB 8267 which concerns reciprocal trade agreement with foreign countries. It provides that the U. S. can accept

payment for products in foreign currency, and then use it when buying products from that country.

Ralph Smith and Raymond Euler were appointed to the Queen Committee for the Farm Bureau contest which is to be conducted some time in August.

A committee to locate and secure bedding for the stock in the Parmer County Fair in September was also appointed. Members are Raymond Schueler and Earl Stevenson.

Archie McCutchan was a special guest. Members present were Aubrey Ellison, Bruce Parr, Raymond Euler, T. L. Kent, Claud Miller, Les Bruns, Earl Stevenson, Kenneth Neill, Ralph Smith, T. E. Lovett, and Raymond Schueler.

Judge A. D. Smith and County Attorney Sam Aldridge attended the West Texas Bar Association meeting in Tullia Saturday.

Mrs. Kenneth Fields is enrolled in summer classes at West Texas State College in Canyon.

# IT'S TORNADO TIME AGAIN, AND HERE ARE SOME POINTS ON KEEPING ALIVE

**To Know What To Do When A Warning Is Received, Or A Tornado Is Observed, May Mean The Difference Between Life and Death!**

1. There is no universal protection against tornadoes except caves or underground excavations. When time permits, go to a tornado cellar, cave or underground excavation which should have an air outlet to help equalize the air pressure. It should be kept fit for use, free from water, gas or debris; and preferably equipped with pick and shovel.

**If You Are In Open Country.**  
1. Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour.

2. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

**If In A City Or Town**  
1. Seek inside shelter, preferably in a steel reinforced building. Stay away from windows!

2. In homes: The southwest corner of the lowest floor or in the basement offers greatest safety. People living in brick or stone houses should seek other shelter, preferably in a storm cellar or the basement of a frame house. If time permits, electricity and fuel lines should be shut off. Windows on the north and east sides of the house may also be opened to help reduce damage to the building.

3. Standing against the inside wall on the lower floors of an office offer some protection.

**If In Schools**

1. In City Areas: Especially if school building is of good steel reinforced construction, stay inside, away from windows, remain near an inside wall on the lower floors when possible. Avoid auditoriums and gymnasiums with large, poorly-supported roofs!

2. In rural schools that do not have reinforced construction remove children and teachers to a ravine or ditch if storm shelter is not available.

**If In Factories And Industrial Plants:**

On receiving a tornado warning, a lookout should be posted to keep safety officials advised of the tornado's approach. Advance preparation should be made for shutting off electrical circuits and fuel lines if the tornado approaches the plant. Workers should be moved to sections of the plant offering the greatest protection.

Keep calm! It will not help to get excited. People have been killed by running out into streets and by turning back into the path of the tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight.

Tornadoes cover such a small zone, as a rule, that relatively only a few places in a warned area are

directly affected. You should know about tornadoes though, "just in case". See above for details.

Keep tuned to your radio station for latest tornado advisory information. Do not call the Weather Bureau, except to report a tornado, as your individual request may tie up telephone lines urgently needed to receive special reports or to relay advisories to radio stations for dissemination to thousands in the critical area.

### TORNADO INFORMATION

**Where Tornadoes Can Occur**  
Any place in the United States at any time of the year. They happen most frequently in the mid-western, southern, and central states from March through September.

**How Often Do They Occur**  
The records show that the average number of tornadoes varies from 20 per year (Kansas) to one in thirty seven years (Nevada). The national average is 156 tornadoes a year.

**How To Recognize A Tornado**  
Usually observed as a funnel-shaped cloud, spinning rapidly, and extending toward the earth from the base of a thunder-cloud. When close by, it sounds like the roar of hundreds of airplanes.

**Tornado "Weather"**  
Hot sticky days with southerly winds and a threatening, ominous sky. However, many such days occur without tornadoes.

**Clouds**  
Familiar thunderstorm clouds are present. An hour or two before a tornado, topsy-turvy clouds appear sometimes bulging down instead of up. The clouds often have a greenish-black color.

**Precipitation**  
Rain, frequently hail, preceding the tornado, with a heavy down-pour after it has passed.

**Time Of Day**  
Mostly between 3 and 7 p. m., but they have occurred at all hours.

**Direction Of Travel**  
In nearly all cases they move from southwest to northeast.

**Length Of Path**  
Usually 10 to 40 miles, but they may move forward for 300 miles.

**Width Of Path**  
300 to 400 yards, but they have cut swaths over a mile in width.

**Speed Of Travel**  
25 to 40 miles per hour average, but they have varied from 5 to 139 miles per hour.

**Wind Speed**  
Estimated as high as 500 miles per hour within the tornado.

**Causes Of Destruction**  
1. Violent winds which uproot trees, destroy buildings, and which create a serious hazard from objects blown through the air.

2. Differences in air pressure which can lift automobiles and can cause buildings to collapse.

### Memorial Project Planned by Group

Is Farwell and surrounding area the home of a person deserving a place in Texas Education's permanent Hall of Remembrance?

The Texas Heritage Foundation through its Chairman, Mr. Karl Hohlitzelle of Dallas, urges citizens in this area of the state to carefully consider whether local heroes and heroines of education should be among those honored in this memorial project being launched by the Texas Heritage Foundation during this Centennial Year of Public Education in Texas.

The editor of The State Line Tribune has received a copy of the nomination blank, which has the constitution and rules of the Hall of Remembrances printed on the reverse side. A blank has also been mailed to the local school superintendent.

If you know of a person who should be nominated, you may secure the necessary forms by writing to the Texas Heritage Foundation, 612 Capital National Bank Building, Austin, Texas.

Nominations considered in 1954 must be made prior to July 1st. No fee is charged. Any citizen of Texas may enter a nomination.

Sufficient information should be attached to each nomination blank to permit Electors of the Hall of Remembrances to fully evaluate each nomination. Only deceased persons are eligible for consideration. Not more than 100 names may be inscribed in the year 1954.

The nominations may include school administrators, teachers, statesmen, educational philanthropists, and other persons of whatever occupation who have had an important influence on or, who have made an important contribution to education in any part of Texas.

### Bailey Farmer Cited For Castor Beans

Supplemental irrigation for castor beans proved to be a profitable practice during the 1953 drought on the G. D. Webb farm in Bailey County.

Webb's experience with irrigation last season was reported to farm readers in the June issue of Capper's Farmer, national farm publication. The farm magazine gave this account:

"Plenty of irrigation water turned 14½ acres of castor beans into record breaking cash crop for G. D. Webb, Bailey County, Texas. He harvested 2,140 pounds of beans and sold them for 9 cents a pound."

Webb planted 10 pounds of seed an acre and at first watered plants about every 3 weeks. "But after they were up 2 or 3 feet, we had to water them more often," Webb said.

"In the heat of the day if they wilted a little, we would start the water rolling. In 45 days after planting they were blooming."

The beans grew 6 feet tall and were a tangled wilderness by combining time, the magazine added. On September 15, Webb had planes defoliate the beans and combined the crop in October.

Webb said it pays to defoliate. It helped him avoid shattering loss and also get beans to market early while the price was highest.

Mrs. Anne Overstreet returned Friday from an extended visit with her sons, Lawrence in Oklahoma City, and Jimmy in San Antonio.

### TO BECOME BRIDE

Announcement has been made of the engagement and approaching marriage of Miss Roxie Henson, daughter of Mr. and Mrs. Milton Henson of Clovis, to Paul Crooks, son of Mr. and Mrs. R. E. Crooks of Texico. Date has been set for June 20. Both of the young people are May graduates of Texico Schools.

### Boys', Girls' Staters Coming and Going

Kenneth Reid, son of Mr. and Mrs. Levi Reid, arrived home Sunday from a week of Boys' State meetings in Socorro. He was chosen commissioner from his county. A full report written by Reid himself is elsewhere in this issue of the Tribune.

Miss Bobbye Richardson, daughter of Mr. and Mrs. J. R. Richardson, left Friday for New Mexico Girls' State in Albuquerque and will return tomorrow.

Texas Boys' State began Sunday and Jerry Poteet left Saturday for Austin where the sessions are to be. He is the son of Mr. and Mrs. M. H. Poteet.

Miss Gloria Dial, daughter of Mr. and Mrs. Murray Dial, will leave for Austin Sunday, June 20, to take part in Texas Girls' State activities. She will return around June 27.

### Jessie Cox At Lackland AFB

Jessie E. Cox, 19, son of the Guy Coxes, Farwell, is completing his Air Force basic military training course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the site of Air Force basic training for men and women, headquarters of the Human Resource Research Center, and home of the USAF Officer Military School.

His basic military training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Mr. and Mrs. Vance Crume and daughters were here Sunday to visit her mother, Mrs. W. H. Graham. Also dinner guests with Mrs. Graham were Mr. and Mrs. W. H. Graham Jr. and Ronny.

### Muleshoe Boy Aboard Cruiser

Raymond E. Washington, seaman, USN, son of Mr. and Mrs. Wylie N. Grubbs of Muleshoe, Texas is serving aboard the light cruiser USS Manchester in the Far East as part of the UN Peace Patrol.

Sailors aboard the Manchester had the distinction of being among the first Americans to observe Easter this year when the ship crossed the International Date Line enroute to the Far East.

With the crossing of the line and the rolling forward of the ship's clocks, Saturday was eliminated, causing Easter Sunday to fall the day after Good Friday.

### CONSERVATION NEWS BRIEFS

Regular meeting of the Central Curry Soil Conservation District Board of supervisors was held Friday morning. Present were J. L. Coffey, chairman, Wallace Lockmiller, vice-chairman, Olan Schleuter, secretary and Ralph Lofton, member. John Gaume, County Extension Agent and his associate, Phil Crystal, were also present. O. A. Knox of the State ASC office, Albuquerque, E. L. Gambell, from the Washington ASC office and Ray McDaniel from the SCS State office, Albuquerque, were guests.

Gambell is gathering information in regard to the special emergency wind erosion program. He has been interviewing personnel of different government agencies, farmers and ranchers and anyone else who might give him an opinion about this program. The Washington office wants to know how the people out here have accepted this program. They want to know how much good it has done and whether it can be of any long time value toward a more permanent program.

All four supervisors made plans to attend a wind erosion conference to be held at the Herring Hotel in Amarillo, Wednesday, June 16. Top officials of interested USDA agencies from Washington and affected areas were to be there. ASC committeemen, Soil Conservation District supervisors and Governors from New Mexico, Colorado, Nebraska, Oklahoma and Texas were also invited to be present. This conference was arranged by the National Association of Soil Conservation Districts, whose president, Waters Davis, is scheduled to be on hand. The purpose of the meeting was to develop long-range plans for the safe, profitable use of acres that blow during dry spells.

### Tie Lore

#### HOW TO CLEAN A TIE

If a favorite tie becomes soiled and you've retired it to the back of your rack, here's a sure fire way to restore it to the front rank again:

Work up a head of steam on a tea kettle. Then hold the soiled area of the tie directly in the flow of the escaping steam. This loosens all embedded dirt. Then rub the soiled spots with any good cleaning fluid, and the job is done.

Many a tie can be restored in this way. And it's worth the effort, if you bought a well-made tie. Just make this simple test the next time you shop:

Flip back the folds, hold the loose dangling thread—try to push the fabric along the thread. If the fabric slides up and down, it's a slip stitched tie.

Be sure that your ties are slip stitched... they will look better, tie better, and keep their shape longer!

**Weather Gets Mean As Crops Hold Own**

Weather, a critical element to be reckoned with by farmers from now until harvest this fall, has been keeping everyone guessing during the past week.

Sandstorms, windstorms, hailstorms, and even a little rain has visited this part of the Plains during the past week; in fact, residents have seen everything but nice weather.

Hail over the area has been very spotted, but where it hit, it has been very severe. Some 100 percent losses have been reported. On the whole, however, most farmers are happy with their stands of cotton and feed and say that they have gone through the severe storms almost unscathed.

Wheat harvest, such as it was, was stopped over the weekend by a sudden storm which left behind it moisture varying from one quarter to three quarters inch.

The storm rolled into this community at 5:30 Sunday afternoon. The wind was very severe for a short time, and dust darkened the sky. Some residents feared an approaching tornado. A number of television antennas were damaged.

Rainfall in Texico-Farwell measured .25 inch. A report from Lariat was .70, and "in-between" amounts fell at Bovina toward Friona, and eastward.

Guests in the home of Mr. and Mrs. O. C. Sikes last week were Mrs. Payne Sears and her grandson, Allen Sitko, of Silver City, and Mrs. E. L. Fry and daughter, Barbara, of San Antonio. Both women are sisters of Mrs. Sikes.

**Methodists Elect New Board Officials**

Members of the official board of Hamlin Memorial Methodist Church who were present recently at a meeting of that body elected J. H. "Johnny" McDonald as chairman for the conference year. He succeeds John Hadley.

Other officers include Lenton Pool, vice-chairman; and W. H. Graham Jr., secretary.

The ten men present decided to have the annual revival early this fall, and to place the church financing on a "pledge" or "estimate" basis this year.

Arthur Doshier, Littlefield, was a guest in the home of Mr. and Mrs. Dick Doshier last week.

When you elected me two years ago at the age of 27, I was the youngest Senator ever to have had the honor of serving West Texas. This is my fourth occasion to ask to serve the people of West Texas—twice as State Representative, and now the second time as your State Senator.

This is the second time I have been unopposed. For this—and for all of your kindness, help, encouragement, cooperation, friendship and understanding—I say, "thank you" from the bottom of my heart.

I will appreciate your vote and support and pledge my best to the opportunity of serving you again. I shall approach the job humbly and prayerfully.

the country" has finally been taken down.

People have long asked us why we didn't dress up the place outside a little, and we have given both serious and light answers to this query.

One of the lighter ones (which may have been valid, at that) was that we did intend to take the awning down at one time, but it kept looking as though it was going to fall in of its own accord all along, and we couldn't see any reason to pay anybody to rip it down if it was going to collapse anyway.

Whatever became of Farwell's spit and whittle club we can't say, but our front walk used to be a haven for its members on a hot Saturday after-

noon. Since interest in the club has fallen off it may be just as well that the tin roof is gone now.

For one thing we are sure, though, and that is that to stand and watch it being torn down was like watching an old friend being torn from limb to limb and hauled away.

That tin roof had protected the family car from hailstones through the years—from the old soft-topped Model A on down to the expensive steel-topped 1954 car.

It had sagged and groaned under the attack of the elements, but to our knowledge had never completely caved in. The only calamity we can recall was when the lower half of John Aldridge's torso slipped through while he was up there trying to hook up an air conditioner water hose or something.

We don't see the prospect of really modernizing the front of the building for some time now, but it is true that the old tin awning, the trademark of The Tribune, is gone.

**WE WILL BUY or STORE YOUR WHEAT**

Construction is going right ahead on our new elevator, but we're happy to report that it won't interfere with our doing business with you.

We definitely are in the market to handle your 1954 wheat, and in any manner you see fit. We will buy it at good market prices, or place it in government loan. We are anxious to serve you.

Mrs. J. P. Graham and Mr. and Mrs. R. L. Shugart of Lubbock attended. They were old friends of the family.

### Birthday Party For Miss Hammonds

Maurine Hammonds celebrated her seventh birthday last Saturday morning with a party in her home.

The little guests spent the morning playing games and then Maurine opened her gifts. Ice cream and cake were served to Linda Willoughby, Linda Johnson, Elaine Fuller, Jan Everette, Patsy Lloyd, Geneva Kendall, Lynn Looney, and the honoree.

### R. E. Everett In Course

PORTALES—Twenty-eight women from Eastern New Mexico, West Texas, and Arizona were enrolled in Home Economics workshops at Eastern New Mexico University. The courses were closed Friday.

In the clothing workshop, conducted by Miss Marjorie Springer, educational supervisor of Singer Sewing Machine Company, Denver, the use and care of the sewing machine and attachments were taught through demonstrations and lectures. Miss Springer was assisted by Mrs. C. C. De Graftenreid, Clovis.

Basic facts about present-day fabrics are being taught through lecture and audio-visual techniques in the Textile Buyers workshop.

Among those taking the course is R. E. Everett, Bovina.

### BOVINA METHODIST CHURCH

The Holy Worship Services at the Bovina Methodist Church Sunday morning will find Rev. Walter G. White preaching on the topic, "We Appreciate Him" at 11 o'clock. Church School begins at 9:45 p. m. and the evening fellowship group for adults and youth will begin at 7 p. m. Evening Worship Services begin at 8 p. m. The Crusader Choir will sing at this service too.

### TO BE MARRIED

Mr. and Mrs. Fred Roberts of Bovina, announce the engagement and approaching marriage of their daughter, Wanda, to Sammy Sudderth, son of Mr. and Mrs. Lee H. Sudderth, also of Bovina.

The couple will be married Sunday, June 27, in a quiet ceremony, performed by Grady Pricer, Church of Christ minister.

Both were graduates of Bovina Schools in May of this year, where Wanda was valedictorian of her class.

After the exchange of vows, the couple will make their home in Bovina where Sudderth is engaged in farming.

## Hail Damages Wheat and Cotton

Reports of hail damage over the county are rolling in thick and fast, says Bill Woodley, Friona insurance agent, and before one claim can be adjusted, there's more damage to the same field.

Pat Patterson, who lives nine miles east of Friona, was allowed 70 percent loss on his crop Tuesday, June 8, and almost before the adjuster could get out of the field, another hail storm struck. Still another came last Thursday, and the crop has been declared a total loss. Homer Lindeman was allowed 82½ per cent loss on the same day and lost the remainder of his wheat in the two successive storms. The Lindeman farm is about five miles southwest of Friona.

Several fields north of Friona have been declared total losses due to the hail and some six inches of rain which fell last Thursday.

As of Monday, only about four carloads of wheat had arrived at the Friona Wheat Growers' elevator but Manager Arthur Drake expected receipts to pick up the last of this week and next. Most of the wheat that does come is No. 1 and has satisfactory moisture content.

Cotton crops over the county have suffered severe hail damage and most cotton growers are turning to row crops rather than replanting. Drake reported that 576 sacks of maize seed were sold Saturday alone at the Friona Wheat Growers' Elevator. Good stands of young cotton made the outlook for the year good until the hail came.

## Girls Conclude Annual Trip

The FHA girls left June 4th on their annual trip, and ate dinner at Santa Rosa, New Mexico. They arrived at Western Life Camp near Las Vegas, N. M. that afternoon. Girls and counselors were tired, so they retired early that day. Lights were out at 10:30. The next day the girls explored the camp, and for two days they were engaged in different things, such as horse-back riding, swimming and taking sun baths.

Each morning before breakfast, the girls held morning vespers, and had rest period from one to two p. m. each day.

Sunday church services were held. Then on Tuesday morning the group started home. They arrived at 7 p. m.

Making the trip were Patsy Anthony, Ann McKee, Elizabeth Grubbs, Judy Bruns, Gladys Edna Baxter, Geraldine Phipps, Jane Phipps, Eva Woolbright, Phyllis Hinds, Nelda May, Doris Jane McFarland, Loretta O'Brian, Denise Magness, Deann Buske, Gay Ann McFarland, Lolleta O'Brian, Bennie Mae Grubbs, Jerry Bell Norwood, Mary Tatum, Eugenia Landrum, Marie White, Janice Miller, Maldean Stowers, Marilyn Fairchild, Phyllis Fairchild, Sandra Brock, Evelyn Ray, Betty Zon Ashcraft, Carol Blackburn, Zella Beaty, Linda Miller, Sally Osborn, Sue Cranfill, Barbara Deaton, Clea Rea Stowers.

The sponsors were Mrs. Virgil Zeman, chapter advisor, Mrs. A. S. Grubbs, chapter mother and Mr. and Mrs. Edward Lehnick. Lehnick drove the bus.

## Wheat Growers Re-Elect Directors

Sloan Osborn and Clyde Goodwine were re-elected directors of the Friona Wheat Growers association for three year terms at the annual stockholders' meeting Tuesday, June 8.

W. A. Anthony Sr., president, presided at the business session in the high school auditorium. Wheat parities was the topic discussed by the guest speaker, Mr. Kendrick, of Stratford, Frank Farris of Amarillo presented some Wheat Growers reports.

Three cash prizes were awarded to Myrna Bennett, Hugh Moseley and Linda Rector. Miss Bennett won \$25 while the latter two received \$10 each.

Between 650 and 700 people attended the meeting and barbecue which preceded it. Music and entertainment was provided by George Green, Donald Green, Rayford Shirley, Delmar Shirley, Gwen Green, Mrs. John Thomas and son Billy Don, Steven Thornton, and the Green quartet. Shirley and the Mayfield brothers of Dimmit presented several numbers after the business session.

## Scouts Camping Near Canyon

Thirteen Boy Scouts left Sunday for a week's camping at Camp Don Herrington, seven miles northeast of Canyon. Three other troops are there from Amarillo, making a total of around 80 boys. The boys will study the uses of axes and knives, knot tying, first-aid, marksmanship, archery and camping.

The Lions Club is sponsor of the troop and one or more members will be with them at all times. Those who plan to spend some time at the camp are G. B. Buske, Joe Douglas, Frank Spring, Steve Messenger, Hank Outland, Marvin Lawson, and O. J. Beene.

Scouts attending are Jimmy Patton, Robert Neeley, Ted Sanders, Robby Osborn, Frank Spring, Mike Ellis, Ira Bruce Parr, Randy Williams, Sterling Prichard, Joe Reeve, David Massey, Ken Caffey and Tommy Barker.

## Will Attend National Meeting

Miss Deann Buske, daughter of Mr. and Mrs. G. B. Buske, will leave Friday, June 18, for Austin, where she will join 52 FHA girls from all areas of Texas.

From Austin the group will go to Florida for the National FHA meeting. Deann is one of the six girls from Area I to go to Florida. She will return home in about two weeks.

Miss Buske is corresponding secretary for Area I.

## Miss Magness Will Miss Girls' State

Due to the fact that her reservations were among the last received, Miss Denise Magness has been informed that she will be unable to attend Texas Girls' State session in Austin this month. Only a limited number can be admitted and the quota was filled when her reservations arrived.

Mrs. Kenneth Houlette and children and Mrs. Rosa Anderson were Hereford shoppers Saturday.

## in & around FRIONA

by Laurie

We were rather surprised to learn that your cub reporter was to take over Abie's column as well as her other work in Friona. Don't know how well she can do, but here's the squibs she picked up during her first week on the job.

Dropped in at Friona Consumer's to get acquainted the other day. Sam Williams hastened to assure me that it wasn't really chicken pox that Buddy Lloyd was all broken out with, only fishing bumps. Seems he was all set to go fishing June 8, when daughter Oleta decided to present him with a new son-in-law on the 13. So he's just biding his time.

Speaking of weddings, we'd be willing to wager that Wesley Foster was more nervous than Rhea Nell at her wedding Monday. As a matter of fact, he was still in a fizz two hours later.

Those new street markers are really a community project. The Progressive Study Club raised the money, city employees poured the posts, and the Lions set them out.

When we were introduced to Pete Lawton last week, the conversation inevitably got around to his pet crows. He's wondering who will spoil them when he goes to Amarillo for another checkup.

A caravan of Arizonians who are riding horseback from Arizona to Madison Square Garden stayed overnight in Friona Sunday. The riders stayed at the Friona Hotel, but we didn't learn where the horses were put up.

Lots of flags were out in observance of Flag Day Monday.

### FRIONA BAPTIST NEWS

Rev. C. M. Fields, Pastor

WMU met Tuesday afternoon for a Bible study program led by the chairman of the various groups.

The Baptist Vacation Bible School closed Friday June 11. Enrollment totaled 276 and it was termed the best they have had.

There were 364 present in Sunday School last Sunday.

Study in the book of Romans was begun Wednesday night.

The Baptist members voted to build a wing on the church for an educational building.

### NEW PHARMACIST

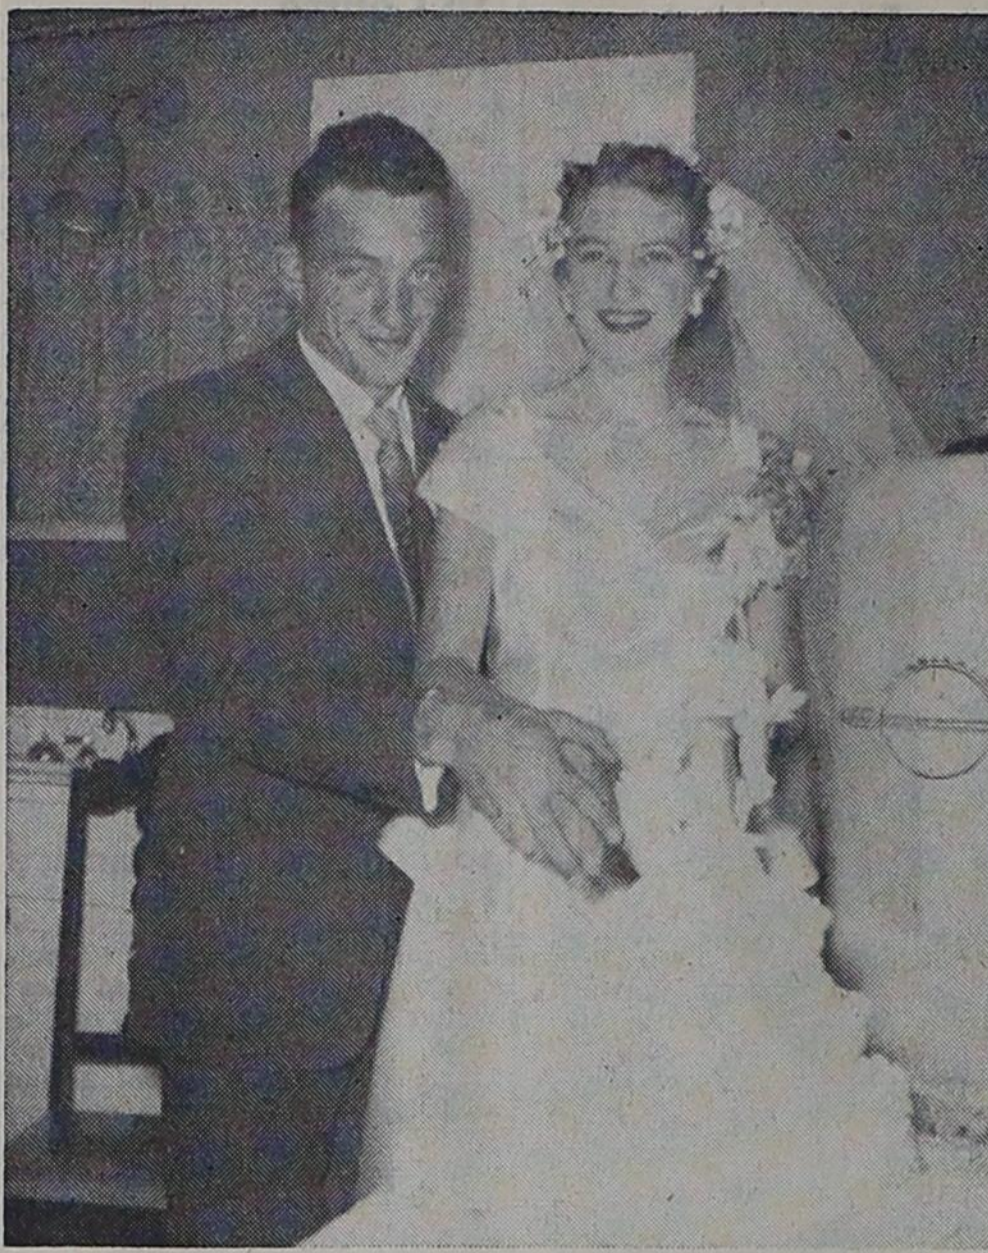

Dick Larson, formerly of Leedy, Okla., is the new pharmacist who has been on duty at the Parmer County Community Hospital for about two weeks. He attended Oklahoma University.

### Call Sunday

Afternoon visitors in the E. R. Day home Sunday were Mrs. T. B. Armstrong, Mrs. Kate Winters, Mr. and Mrs. C. D. Day and Geraldine.

The Roy Wilson family is to return sometime this week from a vacation in Kansas, Missouri, and other midwestern states.

## MARRIED IN FRIONA

MR. AND MRS. RAY STRICKLAND

## Deaton-Strickland Vows Repeated

Miss Lois Marie Deaton, daughter of Mr. and Mrs. L. L. Deaton, and Ray Strickland, son of Mr. and Mrs. Paul Strickland, were married Sunday, June 6, at the home of the bridegroom's sister, Mrs. Lee Campbell. Rev. C. M. Fields, pastor of the First Baptist Church in Friona, officiated.

The bride wore a white satin ballerina length dress and a fingertip veil. Her accessories were white; and she wore a corsage of red roses.

Mrs. Elwanda Campbell, sister of the bridegroom, was maid of honor and wore a navy blue dress with white accessories. Best man was Reuben Taylor, brother-in-law of the groom.

Mrs. Deaton, mother of the bride, wore a pink dress and Mrs. Strickland, mother of the groom, chose a light blue dress. Both wore white accessories.

The Campbell home was the scene of a reception immediately following the ceremony. The three-tiered wedding cake, topped with a miniature bride and groom, was served from a lace-covered table decorated with the bride's colors, pink and white.

Mrs. Strickland selected a light blue suit for her wedding trip to Denver, Colorado. They returned last weekend and are at home in Friona, where the bridegroom is in business with his father.

Mrs. Strickland has attended Friona schools and plans to finish her senior year this fall. Mr. Strickland graduated from Friona High School with the class of 1950 and has since served two years with the Marines.

Other guests included Mr. and Mrs. J. M. Bradley.

## Miss Robason Feted With Shower

A lingerie shower was given in honor of Miss Wanda Robason Saturday afternoon at the home of Joyce Ann Miller.

## HERE'S HOW . . .

### MAKE AN ATTIC ROOM

Remodeling the attic is a challenge to the craftsman; and the possibilities for development are endless.

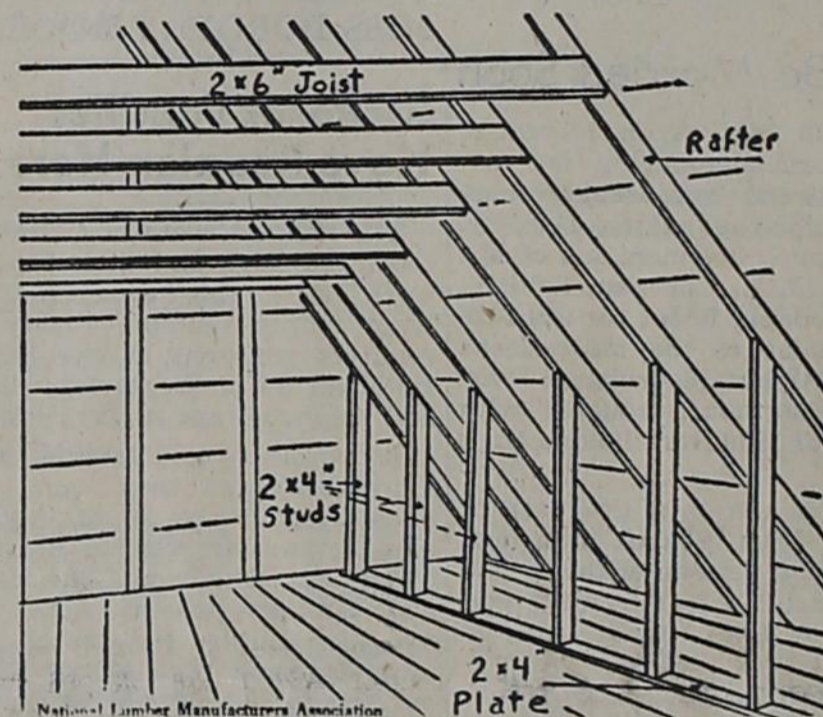

Before he starts, the craftsman should see his local lumber dealer for advice on how to take advantage of the existing structure, and on how to save money by the wise use of lumber.

The drawing shows the addition of the joists and studs to which ceiling and walls will be

fastened. This work must be done carefully, and checked for alignment with a carpenter's level.

Ceiling joists are of 2 by 6-inch lumber for spans over 10 feet long. For shorter spans, 2 by 4's may be used.

Wall studs are 2 by 4's, extending from a 2 by 4 plate on the floor to meet the rafters at a suggested height of not less than 5 feet.

**Patterson-Cruse Vows Read Here**

Miss Peggy Patterson, daughter of Mr. and Mrs. Jake Patterson of the Rhea community, became the bride of Max Cruse, son of Mr. and Mrs. N. M. Cruse of Pierre, South Dakota, formerly of Friona, on June 8, 4:00 p. m. in a double-ring ceremony at the 6th Street Church of Christ.

Brother M. B. McKinney, minister, officiated. The bride was given in marriage by her father, Jake Patterson. She wore a lovely white nylon lace ballerina dress, and small white hat and white accessories. She carried a white Bible topped with white roses and a shower of satin streamers.

Maid-of-honor was Yvonne Bourland of Cotton Center. She wore a coral pink nylon dress, with a blue carnation corsage.

The bridegroom's best man was a friend, Doyce Barnett, Raymond Patterson, the bride's brother, and Rex Blackburn were ushers.

The bride's mother, Mrs. Patterson, wore a navy blue crepe dress and white carnation corsage. The bridegroom's mother, Mrs. Cruse, wore a white nylon printed dress with tan accessories and white carnation corsage.

Brother Stanley Lockhart, minister of the Church of Christ in Levelland, sang "I Love You Truly," then Brother Lockhart and Mrs. R. V. Houser sang "The Wedding Prayer."

A reception was held in the Church of Christ annex. The table was covered with a lace table cloth. In the center was a four-tiered wedding cake, topped with a miniature bride and groom. Mrs. Shirley Cook, Mrs. Jerry Brock and Mrs. Doyce Barnett served the cake. Louise Cargill, cousin of the bride, was at the bride's book.

About 50 were present at the reception.

The couple left for a wedding trip to New Mexico, Colorado and other points. They will make their home in South Dakota, where the bridegroom will farm and ranch with his father.

The bride was graduated from the Hale Center High School. The bridegroom was graduated with the 1952 class at Friona, where he was very active in football. He attended college at Canyon and at Abilene Christian College.

**Have Reunion**

Honorees at a reunion of the Patterson family last Sunday at the farm home of Mr. and Mrs. Pat Patterson were Mr. and Mrs. J. B. Patterson, of Amarillo, who are leaving soon to make their home in Los Angeles. Those present were Mrs. Minnie Patterson, Snyder; Mr. and Mrs. Bud Patterson, Amarillo; Mr. and Mrs. Charles Yoast and Joyce, Snyder; Mr. and Mrs. Dick Fallis, Amarillo; Mr. and Mrs. Clem Burgis and Gloria, Dallas.

**Miss Lloyd, Rodney Hinkle Married**

Miss Oleta Lloyd, and Rodney Hinkle were united in marriage in a double ring ceremony at the First Baptist Church June 13, at 9 a. m. with Rev. C. M. Fields performing the ceremony.

Serving as bridesmaid was Joann Cobb who wore a baby blue suit with white accessories and a corsage of white roses; Thomas Cobb was best man. Betty Agee sang "Always."

The bride wore a street length dress of baby blue with white accessories. She carried a white Bible topped with a bridal bouquet of five white roses and stephanotis. For something old she carried a handkerchief belonging to her great-grandmother; something blue was her dress; something new was her Bible, and something borrowed was a pearl necklace belonging to her grandmother.

Mrs. Lloyd, mother of the bride, wore a navy blue dress with white accessories and a corsage of red roses. Mrs. Adams, mother of the groom, wore a navy blue dress with white accessories and red roses.

Mr. Hinkle graduated from Floydada High School in 1951. Mrs. Hinkle plans to finish her senior year at Friona High School next fall.

Only the immediate families, grandparents and close friends were present.

After a short trip to an unannounced destination the couple will make their home in Friona where Mr. Hinkle is employed at the Piggly Wiggly store and Mrs. Hinkle is employed at Allen's Jewelry.

**New Homemakers Club Organized**

Farm women in the area south of Friona met in the home of Mrs. Spencer Hough to organize a Home Demonstration Club last Thursday.

Miss Corinne Stinson, county extension agent, explained the Home Demonstration Club work, after which the women elected their officers. They are president, Mrs. Woolbright; vice-president, Mrs. Hough; secretary-treasurer, Mrs. Floyd Rector; council delegate, Mrs. J. H. Boyle; parliamentarian, Mrs. Lloyd Rector; and reporter, Mrs. Lloyd Mingus.

Meeting dates will be every second and fourth Friday and the next meeting will be June 25 in the home of Mrs. Billy Dean Baxter. At this time the members will select a name and set up a constitution and by-laws.

During the social hour, refreshments were served to Mesdames Woolbright, Boyle, Mildred Bagwell, Lloyd Rector, Floyd Rector, Foister Rector, Rudolph Renner, Lee Renner, Billy Dean Baxter, Ed Boggess, Joe Brummett, V. R. Jordan, Cully Watson, Lloyd Mingus, G. A. Collier and two guests, Miss Corinne Stinson, and Mrs. G. L. Mingus.

**Miss Agee, Thomas Cobb Repeat Vows**

Miss Margaret Joann Agee and Thomas Giles Cobb Jr. were united in marriage in a double-ring ceremony at the Friona Baptist Church June 11, 1954, performed by Rev. C. M. Fields. Only the immediate families were present.

Miss Betty Agee, sister of the bride sang "Always" before a background of blue and white carnations.

Oleta Lloyd was bridesmaid and Rodney Hinkle was best man. The bride wore a baby blue suit with white accessories and carried a white Bible topped with five white roses centering a cascade of stephanotis. For something old she carried a handkerchief made by her mother forty years ago; something new was her jewelry. She borrowed the white Bible from Oleta Lloyd and her blue dress completed the tradition.

The bride's mother wore a brown silk dress with white accessories, and a corsage of red roses, while the groom's mother chose a blue and white silk dress with navy accessories, and a red rose corsage.

The young couple will make their home in Friona.

Lots of businesses are highly specialized nowadays, and fertilizing with anhydrous ammonia is certainly no exception. Circumstances such as moisture content in the soil, and stage of the crop, have a lot to do with the best results that may be obtained through this type fertilization.

Exceptional results have been obtained in past years from farmers who have contracted with us on fertilizing with anhydrous ammonia, and we feel that the job was DONE RIGHT is in a large measure responsible for this.

There is certainly no charge for advice at Maurers, and we cordially invite you to drop in at your earliest convenience and learn more about raising your yield with fertilization.

Many are the problems that beset today's farmer. Through the years we have seen our farmer friends through "thick and thin," and we know that a farmer's life is not one of ease.

Yet, there are many things that have been added to make his work less drudgery and more efficient.

One of these is the utilization of LP gas—butane and propane. We'd like to have you for a customer.

## NEWS FROM THE FARM BUREAU

By RAYMOND EULER

The recent annual meeting of the stockholders in Friona Wheat Growers revealed the success that can be obtained for participants in any cooperative venture. One important factor necessary to success is competent and loyal management. Another is a board of directors determined to operate faithfully according to the cooperative charter. One of the principal stipulations of the charter is that the purpose of the institution is to serve the needs of the members, conscientiously, on the basis of equality, and not for the purpose of promoting the welfare of any individual above that of the other. That the directors, duly elected, shall handle faithfully all details of business, but that any change in policy, or any unusual activity shall be undertaken only after a vote of the stockholders. We believe the ability of the stockholders to make their own decision on matters of magnitude was properly demonstrated at this most recent meeting.

Farm Bureau, incidentally, on a state and national basis, has championed legislation that assures the continued right of people to run any business they have need of on the cooperative basis, if they choose to do so.

Cooperatives are not, as some would have you believe, tax exempt. Friona Wheat Growers is the payer of more taxes than any other business in the city.

It is becoming increasingly evident that grain sorghums will come under acreage controls in 1955. Hail and erosive rains are increasing the acres devoted to grain sorghums, and also increasing the probabilities of high yields of the thousands of acres of dry land planted. Now is a good time, Mr. Farmer, for you to formulate your ideas concerning an equitable sensible allotment program. Present those ideas to your Farm Bureau Directors so that they can use them in formulating resolutions on the subject for the consideration of the membership in October.

Consider this: "Evil men understand judgement; but they that seek the Lord understand all things." Proverbs 28:5.

"Yes, Mother... a lovely girl ...and can you hear her?"

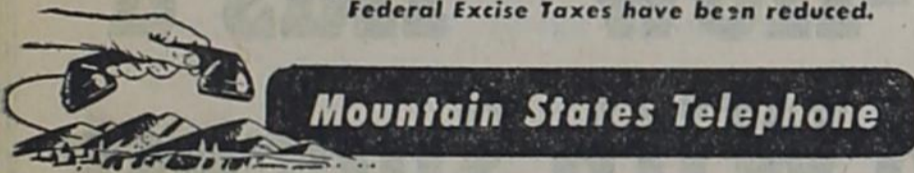

"She arrived at 2:15 this morning...and she has bright red hair...and big ears like Daddy...and we're both just fine."

People can't measure thrills like this in dollars and cents ...and yet the miracle of modern telephone service brings thousands of people together every hour of the year...helping them share the big and little tidings that count for so much in life.

When distance separates you from your friends and loved ones, nothing else can give you the feeling of "togetherness" like a voice visit by long distance telephone.

Today, more than 93% of all long distance calls in the U.S.A. are completed while the caller holds the line ...and the average completion time is two minutes. Through continued research and expansion of our facilities, this performance record is improving steadily.

Long distance calls now cost you less because Federal Excise Taxes have been reduced.

## Hospital Fund Notes

The campaign for funds as of 10:00 a.m. Monday, June 14, stood at the little better than half way mark. The amount subscribed, as to success of your campaign, depends on whether you look on the dark side of things or are of a more cheerful nature and see the bright side of life. Personally the Board of Directors see the cheerful side, because of the amount raised during the period when so many adverse conditions were to be contended with. It is felt that the majority of persons contacted realize the importance of the project, but lack the needs to fulfill it at this time.

Naturally there has been some opposition but mainly of the type which has been beneficial in the end result. If there were no opposite side to a question as important to a community as this, there would be something lacking in human relations of the community, so therefore, criticism has been accepted in the manner given.

As to the need of the Hospital, it is brought nearer home with every passing day. Construction has started on the remodeling job to accommodate the Dentist. About all that can be added to that is, quoting Reilly of radio fame, "Oh, what a revolting development." We have hopes of having a nice place for Dr. Shackelford to work but after a building has been operated on as many times as this one has, some of the scars are bound to show.

Of course our electrical and water units are in such a condition as to require a Houdini to attempt repairs on them. With no such party available, our thanks are extended to local help in doing their utmost to help us keep operating, and we want them to know the difficulties they work under are certainly recognized by the Hospital Staff.

When is the drive to reach a conclusion? That is a good question, and the only possible answer is—when are we going to have \$50,000? Be it next month or six months, that is when we will start, so it is up to you. You want it—let's build it.

Now you can protect your car against both friction and acid—the two major causes of engine wear

# NEW CONOCO Super MOTOR OIL

## America's First Double-Duty Oil!

### Protection 1

#### OIL-PLATING\*

conquers friction wear... because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

### Protection 2

#### ACID-PROOFING

conquers corrosive wear... because this exclusive new discovery gives Conoco Super up to twice the cleansing power of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first Double-Duty motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)\* to conquer both major causes of engine wear.

The unique Oil-Plating additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has

been stopped overnight. Thus you get full-time protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. ACID-PROOFING actually gives new Conoco Super twice the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!
