

Norther Brings Snow

Mercury Plunges To 2 Above Zero

It was plenty cold all right but High Plains residents scarcely noticed it Wednesday night and Thursday morning because: it was snowing!

High north winds whipped the snow into the area beginning about nightfall Wednesday, but the weather did an unusual stunt for West Texas in that it suddenly quit blowing, and the snow—about 2½ inches of it—settled smoothly and beautifully over the Plains.

This will be very beneficial moisture to all types of farming and ranching operations in the territory, especially to those farmers who have wheat. They have been getting pretty dry.

The snow was powdery in nature, and would have been subject to drifting if there had been a substantial amount of wind, but the blowing stopped about 10 o'clock Wednesday night.

The mercury plummeted to within two degrees of zero at Farwell (courtesy The Tribune's new \$7.50 thermometer), and stood at 6 degrees at the time of sunrise.

The winter sun came up in all brilliance this morning, and there appears a strong possibility that the day will warm quickly and the snow disappear in a short period of time.

Cotton Growers Lay Forth Proposals At Waco Meeting

A delegation of Parmer County cotton growers was in attendance at a meeting of the House agriculture committee in Waco last week, and presented prepared statements regarding "conditions relative to cotton allotments in Parmer County."

The committee allotted time to the local representatives, who submitted a brief calling attention to the fact that the 1954 allotment represents a 70-percent reduction of allowable acreage as compared with 1953.

In addition, the growers pointed out that Parmer County's case has not been one of over-production, but expansion, as is explained by the fact that while cotton acreage rose from 35,000 acres in 1951 to 95,000 acres in 1953, the number of growers also increased threefold in the same period of time.

The Parmer growers said they regarded this as a "bona fide trend" in agriculture economy, and requested consideration in this respect.

Relative to the general farm program, the growers filed a resolution on the controversial subject of farm price supports, and (Cont. on last page, this section)

Land Breaking Is Underway

LOOK, NO HANDS

Parmer County farmers, with a record-breaking 1953 behind them, are already back at work for another banner year in agriculture, a check of farms showed this week.

Wheat farmers, of course, get the jump on most other kinds of farmers in the county. Their hopes are coming along "reasonably well" they say, although things are pretty dry on the fields with no irrigation wells.

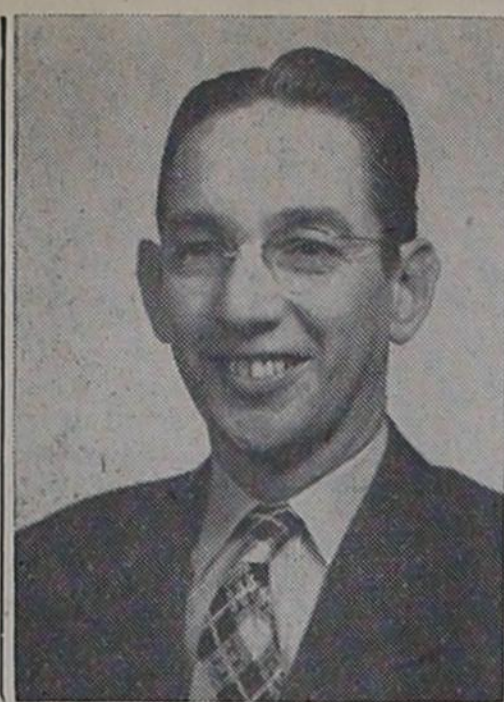

The biggest part of the farming activity right now, however, is the early preparation going into land that will be devoted to row crop and sorghums.

Many, many farmers are busy on an around-the-clock schedule, breaking their land to get it in shape for further working. The most interesting part of the land breaking operation, to the person as yet unfamiliar with latest techniques, at least, is the use of furrow-guides for "robot" tractors.

These machines present a strange sight as they make round after round in the field, with no human hand to guide them. Two metal wheels, attached to long pole-like projections in front of the tractor, run in the furrow which the machine made on a previous round, and guide it for another.

Most farmers of this part of the country commonly refer to the type of plowing illustrated with this story as "deep breaking," although the 9 or 10-inch cut common for our soils here scarcely compares with 14 or 18 inches as practiced in looser, sandier, lands.

Breaking land, of course, has not been turned over to machines by themselves, but more and more Plains tillers of the soil are finding it advantageous to install tractor

Brewer Withdraws From Clerk's Office

Loyde Brewer, who has held the office of county and district clerk for four consecutive terms, this week announced that he will not run for re-election.

The clerk had no explanation to make other than to say "we (himself and his wife) feel that I have had the office long enough."

Brewer announced no plans for the near future, and said he was not even certain he would maintain a residence in Farwell.

In his eight years in public office, Brewer had opposition in only one election. That was for his first term when he was opposed by Chas. Lovelace, the present sheriff, assessor, and collector.

In announcing that he would not run, Brewer released this statement to The Tribune:

I wish to take this means of announcing to the people of Parmer County that I will not seek re-election to the office of county and district clerk which I now occupy.

In making this announcement, I wish to express my sincere thanks to the people for the fine support they have accorded me during my tenure of office. If my administration of the office has been successful, your cooperation has made it possible.

Sam Rule Sale Scheduled Tuesday

The farm clean-up sale of S. D. "Sam" Rule of the Hub community will be Tuesday, Jan. 26, according to Doshier and Francis, local sales team.

Location of the sale is 7½ miles east of Bovina; or 1½ west of Hub on Highway 86. The sale will start at 10:30, and is to feature a big list of machinery, as well as cows, pigs, and a large assortment of miscellaneous items.

Spanish Course Offered At Friona

John Absher announces that he is teaching a conversational Spanish course at Friona High School each Monday night at 7 o'clock. Books are furnished.

Tuition is \$5 a month, payable at the first meeting, or \$15 for the four-month course, payable at the first session. About 10 students are already enrolled, Absher says.

Meeting of Farwell school board Monday of last week was a routine session, officials say, with no special business discussed.

Donkey Ball Game Is Tonight

Just in case you haven't heard, here are the line-ups for the donkey basketball games and the Hobby Donkey Races to be staged at the Farwell gym tonight (Thursday).

Scheduled to start at 8:15 p. m., the first event will be a race on Ralph Godfrey's mechanical donkeys, with members of the Farwell school faculty as riders. They are W. M. Roberts, H. K. Milford, and Robert "Prof" Morton.

Foster in Race For Commissioner

Ben I. Foster, a resident of the Lazbuddie community for the past 10 years, this week announced his candidacy for the post of commissioner, Precinct No. 4.

He is the first individual to announce for any commissioners' office this year. The Post 4 incumbent is H. L. Ivy.

Foster, who lives 1½ miles east of the Lazbuddie store, is married and has four children: one daughter, a resident of Muleshoe; a son, Ben Jr., of Lazbuddie; a son, James, who is in service; and a third son, W. R., of Lamesa.

In submitting his name as a candidate for the office, Foster said:

"I have had lots of experience in road work not only here in Parmer County during the last ten years, but also in Young County, from where I moved in 1944.

"I will appreciate any consideration given my candidacy for office."

Another Burglary In Friona Monday

For the second time in as many weeks, a Friona business was broken into Monday night, as burglars made off with \$40 in cash and a .22 caliber rifle from Plains Hardware.

The burglars, using methods similar to those involving the entering of the Parmer County Implement house last week, smashed a side window of the building and crawled inside.

In the office of Elroy Wilson, manager, they rifled through property in search of money. The .22 rifle and some ammunition were removed from a display in the store, but other more valuable fire arms near at hand were left untouched, notes Sheriff Chas. Lovelace, who investigated the incident.

"They must have gotten scared," believed the officer, "because they left behind about fifteen dollars in change."

Lovelace says no leads have been uncovered in the two incidents.

Gulley Boys Receive Discharge Recently

Oral B. Gulley and Dennis C. Gulley, sons of Mr. and Mrs. O. G. Gulley of Farwell, have recently received their discharge from the services.

Oral was discharged from the Air Force on January 11. Dennis received his release from the Navy in November.

Oral served 13 months in Japan and Dennis was stationed at Kingsville, Texas, for 16 months.

Riders for the second race will be three members of the girls team.

For the third race, the jockeys will be "Rough and Reddy" Otis Huggins, president of the Farwell Chamber of Commerce; Nelson C. (Star Route) Smith, president of the Lions Club; and John (Feed Bag) Getz, commander of the Legion. The winner of each of the first three races will run in the final heat and prizes will be

awarded for all three races. The Farwell girls will oppose the Texico lasses in the opening basketball game, which will run two 8-minute halves.

Line-ups are as follows: Farwell—Marcia Foster, Rose Hines, Lila Gardner, Laverna Christian and Irene Hardage. Texico—Esther Ferguson, Shirley Stover, Sue Stover, and Naomi Hapke.

After the girls tame the donkeys and break them to ride, the Coun-

try Hicks will tangle with the City Slickers on the donkeys and the line-up for the Hicks includes Pete Rundell, Junior Robertson, Bill Glenn, Charlie Christian, Don Ford, Neal Walls, Junior Haseloff and Glenn Phillips.

Among the players for the Slickers will be Wilfred Quickel, Harry Sheets, Don Williams, Cary Joe Magness, Donald Joe Pipkin, Joe Jones, Buil Dollar, and Carliss Woods.

March of Dimes Drive Into Final Phase in County

Although the amount of donations for the March of Dimes is not yet available, reports of fund raising entertainments from all over the county were coming in this week.

The big event of the March of Dimes drive to be county-wide will be the Mother's March on Jan. 29, from 7 to 8 o'clock in the evening. Women will canvass the towns and take donations from people at the homes.

"Anyone who wishes to make a donation to the worthy cause is asked to leave a porch light burning at the announced hours, so workers will stop and take the donation," March of Dimes officials say.

In Texico-Farwell, the fire whistle will blow at 7 o'clock the night of the Mother's March, to signal residents to turn on their porch lights. Members of ESA will then canvass the Twin Cities and pick up the donations.

In Bovina, women of Bovina Women's Study Club will collect the donations. The fire whistle there will also signal the beginning of the hour.

Modern Study Club in Friona will be in charge, but further details haven't been announced as yet.

Chairmen of the Mother's March include Mrs. Guy Latta, Friona; Mrs. Frank Truitt, Bovina; and Mrs. Gladys Kaltwasser, Farwell.

Various types of fund-raising entertainments have already been concluded. A "42" and domino party was held at Lazbuddie, and outside basketball games at Friona netted \$121.43. Schools have participated in the drive, and several individuals have contributed checks. Coin containers over the county are also filling up.

Several coming events are also on the agenda. The City Cafe and (Cont. on last page, this section)

Farm Worker Dies in Stripper

A farm accident due probably to carelessness resulted in tragedy for a Friona man Monday afternoon, as he was drawn into, mangled, and killed by a mechanical cotton stripper he was attempting to unclog while it was running.

Lawson Lambert, 53, who was employed by W. H. Long of the Hub community, was found dead by his wife that afternoon as she came to the field from town to take him to supper.

County peace officer Chas. Lovelace, who helped remove the worker's body from the machine, said the man had apparently been dead for about two hours.

Investigators reconstruct the

story to the effect that Lambert stopped his harvesting operation to unclog the stripper, which had become fouled with weeds.

He stopped his tractor, which he was driving, and stepped to the stripper which was still running. He laid on the ground and reached his right arm into the mouth of the left row opening, seeking to pull out the foreign matter.

The fingers of the spindles which pull bolls into the mouth of the machine seized the clothing on his arm, apparently, and dragged him into the apparatus.

With his right arm mangled and locked in the machine, Lambert removed the glove from his left hand and attempted to free himself.

"He must have suffered an awful lot," said Lovelace. "You could see there on the ground how he thrashed around trying to get out."

Death was attributed to the loss of blood and shock.

Funeral arrangements for Lambert were unknown as The Tribune went to press.

Wreck Lands Two In Hospital

A grinding collision at the intersection of the Oklahoma Lane farm-to-market "cutoff" and Highway 70-84, 3 miles east of Farwell, Monday sent two Spanish-American people, Mr. and Mrs. Simon Ancira, to the Parmer County Hospital. Their injuries were not believed to be serious.

Scratched up, but not hospitalized were Charles Waggoner, 16, Muleshoe and a 15-year-old boy whose last name is Henry, who lives in Progress.

With Waggoner at the wheel, the two youths were returning eastward from Clovis in a 1949 Chevrolet sedan, the property of Max Meadors Company, Clovis. They had left Waggoner's car at Clovis for repairs.

The Anciras, in a pickup, were turning left to enter the underpass when the sedan crashed into them from behind. The impact hurled the pickup 62 feet from the point of the collision.

William Martin Is Personnel Manager

Austin—William Martin of Farwell has been named personnel manager of Sigma Iota Epsilon, honorary management fraternity at the University of Texas.

A senior in industrial management, he is the son of Mr. and Mrs. V. L. Martin.

Mrs. D. K. Lindop had major surgery at Miller Clinic in Portales recently. Mrs. Lindop is formerly of this community. She is reported to be doing as well as can be expected.

Bovina Contract To Be Let Soon

The school board of Bovina Schools has met with the architects for the new building and have approved the final plans for the building, Jeanne Kerby, Bovina correspondent, says. They are now advertising for bids on the building and plan to let the bid on Feb. 16 with construction to begin immediately.

The school board planned to meet Tuesday night to make plans for moving the old buildings that are now on the campus. They will be moved in the near future to clear the space for the new building.

Don Davis of Lubbock has contracted the job of clearing the debris left from the old building and this is scheduled to be finished by February 7.

Young Democrats To Meet Friday

Persons interested in a Young Democrats organization are urged to attend a meeting at the Sherry Elevator in Bovina Friday, Jan. 22, beginning at 2 o'clock, says Mrs. G. D. Anderson Jr., who is a member of the state Democratic executive committee.

It gives a person a weird sensation to stand and watch one of these rigs come around with nobody in the driver's seat. The steering wheel moves back and forth obediently as though an invisible hand were steering the machine. This is a guide-driven tractor on the Sam Rundell farm east of Farwell.

The corners" is regarded as a small part of the overall operation.

Lots of farmers go off and leave their machines unattended. Others keep themselves occupied near at hand, keep an eye on the robot operation.

The machines still need to be serviced and checked regularly, and once in a while, something unforeseen develops that causes a hitch in the work.

What happens when something goes wrong? Safety devices of several descriptions are available for making the machines theoretically "fool proof."

The most common one is to have a bolt mounted near the guide arm that would touch the arm and "ground" the engine, killing it, in the event the wheel leaves the furrow for any reason. This is designed to prevent the tractor from running wild.

THE TRIBUNE'S EDITORIAL COMMENT

You'll Hear Lots More On Farm Price Supports

Secretary Benson is again on the spot with the renewed interest in the method of stabilizing agricultural production and prices known as a "sliding scale" support price system.

What Congress will choose to do with this matter is of vital importance to everyone connected with an agricultural economy such as is ours.

It is well to keep in mind the fact that the law of price supports on five basic commodities ranging between 75 and 90 per cent of parity has ALREADY been passed. It needs only enactment.

The law covering this new system is most often regarded as the Bi-partisan Farm Acts of 1948 and 1949. Congress could never muster enough nerve, however, to make the acts effective. The present schedule calls for their enactment next year, or 1955.

That means that Congress will have to postpone this law again if the present system of supports at 90 per cent of parity is to be preserved. It is entirely possible that this will be the case, since so much pressure is being brought against legislators from rural areas. "Stabilizing" farm prices will be regarded as "lowering" farm prices, and that won't get them any votes.

Secretary Benson, however, is pressing hard for the enactment of this law, as is the administration, and their desires will be made known.

The second point in the proposed new farm program, as advanced by the administration, would be the isolation from the market of \$2.5 billion worth of farm surpluses acquired under the present program.

The present program of high supports with acreage controls has proved to be ineffective in regulating agricultural production. Government warehouses all over the country are bulging with surplus cotton, wheat, corn, and other agricultural commodities.

What to do with these indeed poses a problem. Because they were obtained by the government at a price above what they would receive on the open market, there is little hope that they can be disposed of through regular channels of exchange.

What the government is proposing in asking that \$2.5 billion worth of surpluses be insulated from the market and placed in a special reserve stockpile is nothing more than a sugar-coated way of saying, "Let's face it, boys. We can't sell the stuff, so we'll take it off the shelves and give it away."

This reserve is supposed to provide us as protection against war, crop failure, famine relief, or some national calamity such as drouth or floods.

However, in the final analysis we may well realize that these surpluses are going to be doled out to countries this side of the Iron Curtain who are either in a very acute actual need of them, or are in a position to offer us some political or military necessity, such as bomber base privileges, for barter.

Gov. Shivers, speaking last weekend in New York, said it looked to him that it would be better to give foreign aid in the form of surplus commodities instead of giving cash on the barrelhead. That, he said, would be an improvement over giving our neighbors overseas and our farmers at home access to our treasury, and at the same time having millions of dollars worth of food deteriorating in storage. There is, admittedly, good sense in this argument.

Space here doesn't permit much further development of this highly controversial issue, but several things should at least be mentioned.

One is that the government is finding it necessary to raise the Commodity Credit Corporation's authority to borrow from \$6.7 billion to \$8.5 billion. The extra \$1.75 billion is the amount figured necessary to take care of this year's production alone.

It is plainly evident that the nature of the present system of regulating farm prices and production is out of balance. Further pursuance of high production without thought of increasing marketing can bring about a catastrophic collapse of our system of free enterprise.

Most all of the great minds of the agricultural areas of the U. S. agree with this, although that does not necessarily mean that they commit themselves to the administration's plan for flexible supports.

Notable in this respect is our junior senator, of whom we are indeed very proud, Lyndon Johnson, who says flatly, "The recent trend in farm economy has been downward. It is the duty of Congress to take action designed to halt and reverse this trend. I do not believe a flexible price support system—even if it is called a "modernized" parity concept—is the answer."

For what it's worth now, our own candid analysis of the problem is this: The real solution lies in the development of additional outlets, both domestically and abroad.

Because of the natural increase in the population of this and other countries, there is going to be an ever-growing future for providing food for more mouths, clothes for more backs. That is part of the problem that will take care of itself.

But the agricultural productivity of the United States is such that we won't be able to wait for natural expansion of markets to catch up.

It will be necessary for us to do two things: Promote our goods and place emphasis on salesmanship to the point where the consumption of goods to other countries will be increased. (This will all have to be done under reciprocal trade agreements, but that hurdle can be surmounted.)

And intensify our program of research devoted to developing new uses for the products we produce. A famous old black gentleman named George Washington Carver showed us what can be done with a seemingly insignificant commodity: the lowly peanut.

And while these two policies are being pursued, it will be necessary for some system to be devised to prevent the American farmer from producing himself clear out of a job. Distasteful as it may be, some kind of "control" will have to be exercised.

jottin's from jeanne

It isn't too often that one gets an opportunity to see something as we did Sunday night—and probably everyone wouldn't be so interested as we.

After church, we stopped by the local drive-in so we could get a quick cup of coffee before going home. So we had a ring-side seat of all the goings-on inside the establishment. Three high school boys were seated at the table and looked very high-schoolish and "cute" as they were conversing with one another.

One in particular, a freshman in high school, and prominent in athletics was quite obviously learning to smoke. And, he quite obviously thought he was being quite debonair about it. It was one of the best shows we have ever seen. He would tilt his head back, and let go with a yard-long stream of smoke, and was so careful to appear "at ease" as he held the cigarette.

By time he is a senior, he should be a whiz!

Liz (Mrs. Glenn) Phillips and yours truly were talking on the telephone this week, discussing the escapades of our "younguns." We were relating that Ronny is in the "get into everything" stage, then Liz told us what Craig and Cynthia would do. Their favorite pastime a few months ago, was to get into the pantry and tear the labels off the canned goods. "We always had a surprise for dinner," Liz commented.

Three little girls game rushing

into the office Wednesday and asked if they might warm themselves by the fire as they were a little chilled.

They had been walking toward town.

Asked where they were going, they all exclaimed "to a birthday party." Then one of them chirped, "to OUR boyfriend's party!" Now that is true friendship.

Somehow, when you are about 10, it is more fun to share, than to waste your time on rivalry. We'd say "our boyfriend" is a pretty fortunate fellow, 'cause all three were sweet girls.

We just purchased a can of baking powder, the first since we've been married. Of course, we had a can on hand at the beginning of our matrimonial venture back in 1952.

We read everywhere that breakfast is the most important meal of the day. We might think so if we had more time to prepare it, then an extra 30 minutes to eat it. Now we could get up a little earlier, but we usually get to bed late enough that we squeeze in as many seconds of sleep as we can muster.

There's one thing for sure, if coffee keeps going up, up and up, we might as well sleep through breakfast. At \$1 plus per pound we couldn't afford to eat anyway, because we have the coffee habit.

Our husband is already encouraging us to develop a taste for Kool-Aid, it's cheaper.

We have found the most wonderful recipe for a short-order dessert, and it is one of the few "new concoctions" that our husband really and truly likes. If you want something quick, and we think—tasty, this one is wonderful. We read it in a magazine somewhere and mixed it up for fun, and kept it for our file.

Texans Contribute Blood For Defense

AUSTIN—Texans and some of their neighbors have donated a total of 163,686 pints of blood for defense and disaster relief purposes during the past 25 months.

William L. McGill, state coordinator of civil defense and disaster relief, said the total was collected by Red Cross blood centers and by blood banks under contract in this state.

Also contributing to the collections in Beaumont were six Louisiana chapters, while Fort Worth blood center collections included those from six New Mexico chapters.

33 to 27 at halftime.
 The third quarter Vega continued to widen the gap as they pulled their score to 55 during the quarter. At the end of the quarter they led 23 points, the score reading Vega 55, Lazbuddie 32.
 In the final quarter Lazbuddie made an effort to pull within reach of the Vega five, as they scored 17 points during the quarter. Vega kept scoring and won 64-49.
 Price was high point scorer for Vega with 24 while Oliver had 14 for Lazbuddie.

Hosts Lose To Visiting Morton
 Friday night the Lazbuddie girls played host to the Morton girls in a two game contest. Lazbuddie lost both the "A" and "B" games to the visiting teams. The "B" girls score was 53 to 62 in favor of Morton, while the "A" game ended with Morton 65 and Lazbuddie 52. These were non-conference games.
 The first quarter of the "A" game held the promise of a high scoring game as the score at the end of the first quarter stood 19 to 15 with Morton holding the highest score.
 The second quarter score proved that Morton made the biggest lunge of the game as they scored 20 points during that period. Lazbuddie scored 14 to make the half-time score 39 to 29 with Morton still ahead.
 The Morton girls continued to outscore Lazbuddie 9 to 6 during the third quarter. The score reading Morton 48, Lazbuddie 35. This was the lowest scoring quarter of the entire game.
 In the final period, Lazbuddie made a final effort to catch the visitors and at one time during the quarter pulled within 6 points of them. However Morton made a final lunge and again pulled ahead to win the game 65 to 52.
 The first quarter of the "B" game was even sailing for both teams. They both played good smooth ball and both teams tallied 12 points during the quarter, the score being tied at the end of the quarter.
 In the second quarter Morton began to pull away from Lazbuddie as they dumped 18 points during the quarter while Lazbuddie netted 11 making the half-time score Morton 30, Lazbuddie 23.
 Lazbuddie came back strong in the third quarter to decrease Mortons lead 4 points during the quarter. As the quarter ended Morton still led 42-39.
 In the final period Lazbuddie continued to score but Morton again rallied and pulled ahead to win the game by a score of 62 to 53.

BUILDING NEAR COMPLETION
 The interior of the addition to the school is now being decorated and certainly looks nice. Due to the delay in shipment of some materials, work has not progressed as rapidly as first anticipated. We all hope it will soon be ready for occupation.

Entertains Sunday School Class
 Mina Jennings entertained the Lazbuddie Methodist Young Peoples Class in her home Sunday Jan. 17. A delicious meal was enjoyed by the following: Jimmie and Mary Carpenter, Betty and Jeanell Floyd, Shirley Carpenter, Barbara Hinkson, Juanita Scott, Wanda Hunt, Sherry Steinbock, Frank Spittler, Dan Smith, Donald Dean Littlefield, Rev. Harold Morris, Mr. and Mrs. W. C. Williams and girls and the hostess.

TO HAVE BREAKFAST
 Methodist men of Oklahoma Lane will have breakfast and meeting at 6:30 in the morning, February 4, the pastor says. It will be the first meeting of this type for the men of the church. The pastor urges a good turnout for the meeting, and the year's work will be planned.

MOTHER IS ILL
 Mrs. V. Scott Johnson, Clovis, and former local resident, is in Carmi, Ill., where she was called to the bedside of her mother, who is very ill.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER
 Cotton growers are apparently well pleased with the Senate passage of American Farm Bureau's acreage allotment program, almost verbatim. The change from 65-45-90 to 65-40-50 is not a serious one. Most growers are well aware of the passage of the program by this time, though some of them are not aware of the fact that it's Farm Bureau's proposal, arrived at after multiplied county, state, and national meetings with cotton producers all over America.
 It is admittedly a compromise, a most legislative material. When a million and a half farmers agree to back any program, it is only reasonable to assume that they have done some giving and taking before they could all agree to back one another.
 There is a great deal more to producing cotton profitably than planting and harvesting it. The problem of finding a market for it eventually pops up. Farm Bureau is participating actively and aggressively in the necessary research to develop new domestic uses, as well as searching for profitable exports.
 A statement by Alan Kline is, we believe, worth some consideration: "There is no substitute for markets." Even vote-seeking politicians must finally agree that the

government cannot be expected to purchase unlimited surplus products of the farm and ranch.
 Another statement, that of J. Walter Hammond, TFB president for the past 15 years, strikes us as significant, too: "Anyone who seeks to damage a voluntary organization of farmers and ranchers is not a friend of agriculture."
 If you are one of the 560 FB members in Farmer County, remember what you have been able to do through your organization before you let someone take your "voice" in agriculture from you with individual ideas that are not acceptable to the majority. Remember that in a democracy, few people get exactly what they want, but by helping each other, all can get most of what they want without damaging anyone else.
 Remember the March of Dimes in your community. Rhea community is having a pie supper as the main funds raising event this Friday night. You are invited.
CONSIDER THIS: The fear of the Lord is the instruction of wisdom; and before honor is humility. Proverbs 15:33.

Local People Attend Funeral
 Funeral services for Ben Miller, uncle of Mrs. Bert Chambliss of this city, were held the past weekend. Attending the funeral were Mrs. Chambliss, Mr. and Mrs. Perry Crawley and family of Texico, and Mr. and Mrs. Cecil Crawley.
 Mrs. Cleo MacFaul of Sweetwater was then a guest of Mrs. Chambliss over the weekend.

Farwell, Bovina Teams Split Games

The Bovina teams split a double header on Tuesday night with Farwell on their home court. The Bovina boys won 74-34 and the Farwell girls won 49-42.
 In the girls game, the Bovina team took the lead and held the lead all during the first half, although Farwell kept gaining. The first quarter score was 14-10 in favor of Bovina and half time was 23-20. About a minute into the third quarter, Farwell took a one-point lead. Bovina came back and a little later, they again took the lead by one point. Then Farwell went ahead again and on a couple of nice shots by Carolyn Huffaker, they got three points ahead and Bovina didn't catch them again.
 The big gun in the girls game was Glenna Davis who tossed in 24 points for the winner, while Lillian Young scored 18 for the losing Bovina team.
 In the boys game, Farwell led 16-14 at the first quarter. Bovina couldn't hit the bucket from the field and 10 of their 14 points had come from the free throw line. Killough had put in the other two field goals. After the quarter, the Bovina boys came back and playing a pushing defense all over the court they made several pass interceptions for lay-up shots and racked up a total of 28 points during the quarter.
 Farwell had completely lost their rabbit's foot and could only count for 3 points during the entire quarter. Half time score was

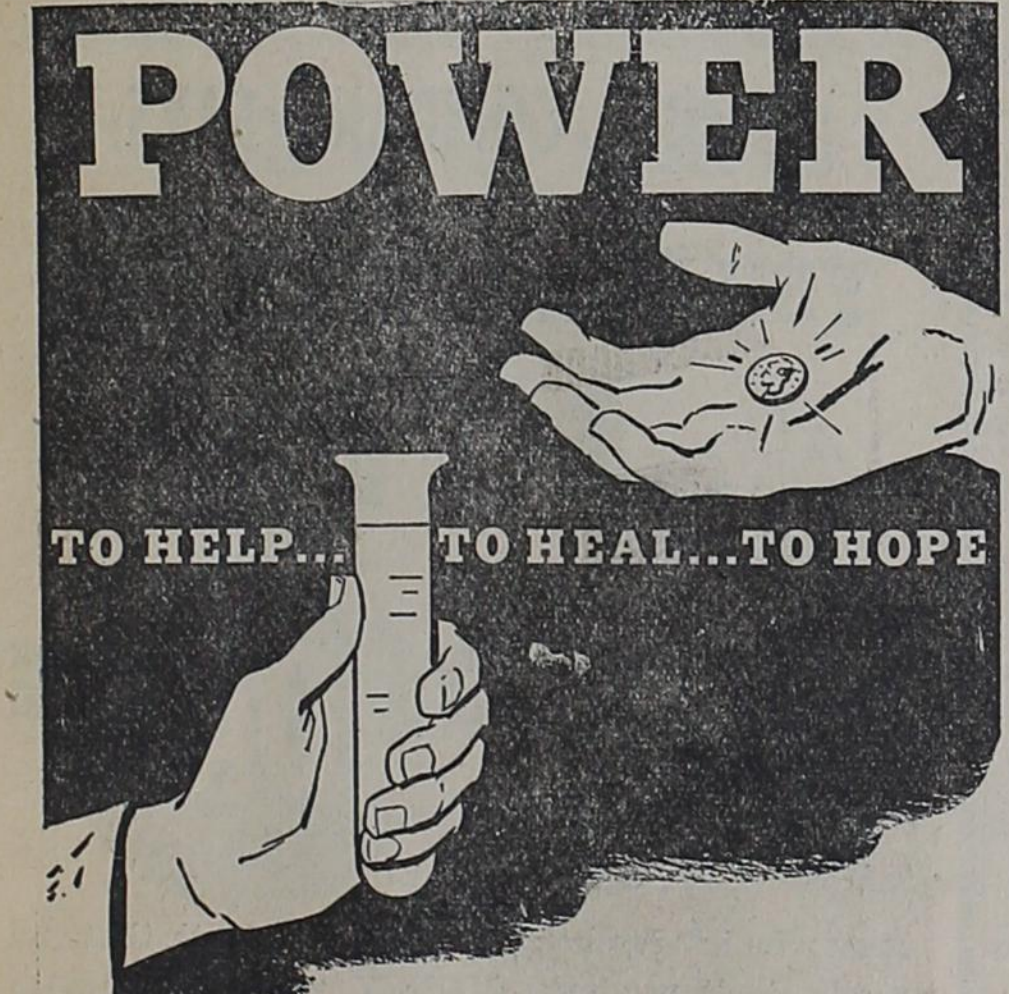

42-19 in favor of Bovina. Bovina continued to outscore Farwell during the last half 12 to 7 in the third quarter and 20-8 in the last period.
 Darrell Read of Bovina was top scorer with 12 points with Neil Smith and Norman Killough right behind with 11 points each. Troy Christian and Eddie Smith each scored 6 points for Farwell and James Roberts and Joe Roberts each scored 5.

Coming Cage Tilts Given For Two Towns
 Both Farwell and Texico basketball teams have one home game, and two out-of-town tilts, scheduled in the coming week, according to released schedules.
 Farwell will play host to Friona tomorrow night (Friday) on the local court, then the teams will go to Lazbuddie Tuesday and Vega Friday, January 29. All three are conference games. The game, which was scheduled last Tuesday night with Adrian, was postponed until February, because of poor weather conditions.
 Texico teams will go to Elida Saturday night, and to Grady Tuesday night. They will then play host to Dora, Friday, January 29.

HAVE DISCUSSION
 Routine business was conducted at the regular meeting of the American Legion Monday of last week, with final plans made for the donkey basketball game to be sponsored by the group.

NEWS FROM LAZBUDDIE

Lazbuddie And Vega Split Dual Games
 Tuesday, January 12, the Lazbuddie girls and boys basketball teams traveled to Vega for their third conference game of the season. The Lazbuddie girls came home with a 45 to 39 victory, while Vega boys were victorious 64-49.
 Vega took an early lead in the first quarter of the girls games. They accounted for 14 to Lazbuddie 7 during the first period.
 In the second quarter, Lazbuddie began to catch up scoring 12 points to Vegas 7. Lazbuddie, however, did not score enough to give them the lead and at half time Vega was still ahead by a 21-19 margin.
 In the third quarter of play, Lazbuddie pulled out in front to lead Vega 35-27 at the end of the period. During the quarter Lazbuddie scored 16 points while the guards held Vega to only 6.
 Lazbuddie continued to keep their lead over Vega and as the final buzzer sounded Lazbuddie was ahead by a score of 45 to 39.
 Hinkson of Lazbuddie and McNabb of Vega tied for high scoring honors of the game with 25 points each. Jesko of Lazbuddie had 13 to her credit.
 In the first quarter of the boys game they played nip and tuck with first one team scoring and then the other. The Lazbuddie boys made one more free throw during the quarter so at the end of the first period Lazbuddie led Vega 13 to 12.
 In the second quarter Vega lunged ahead as they scored 21 points to Lazbuddie's 14, and were ahead

SPAN OF 50 YEARS NOTED

Mr. and Mrs. W. H. Gammon of Lazbuddie pose for pictures, 50 years after the wedding picture, above left, was made. The more recent picture was taken on the occasion of their golden wedding anniversary.

Gammons Celebrate 50 Years Of Marriage

Sunday of last week brought reminiscences of many happy days to Mr. and Mrs. W. H. Gammon, of Lazbuddie, as they reflected 50 years of wedded bliss. It was January 6, 1904 in Maud, Okla., which was then Indian territory, that Mr. and Mrs. Gammon were married.

The groom was born in Choctaw Nation, which is now Oklahoma, at Seville. Mrs. Gammon was born at Oakland, Miss. and came to the Indian territory, when she was 10-years-old.

The Gammons lived around Maud until August 1929, when they arrived at Lazbuddie and settled in their home, where they now reside.

Sunday, January 10, their five children were host and hostesses at an open house, which was held in their honor. Children include Mrs. Roy Daniel, John Gammon, Mrs. Garwin Thorn, Mrs. D. B. Ivy and J. W. Gammon, all of Lazbuddie.

An arrangement of yellow roses and yellow Acasia decorated the banquet and serving table. A three-tiered cake was topped with an arch, acclaiming the 50th wedding anniversary. The cake was served with hot spice punch to the 150 guests who called during the afternoon.

The Gammons have been engaged in farming and ranching all of their married life, and have noted many changes in both pursuits. Mr. Gammon said his first "cowboying" was done on horse back, but now he is well-trained as a motorized cowboy. Even today, when the boys can't rope a steer, Dad is called to the rescue.

In talking of their first meeting, the couple relates that he came to her home and her mother made her prepare his dinner. He went away saying that "she was for him." Their courtship began soon afterwards.

The Gammons feel that life has been good to them. They have reared five children, have 12 grandchildren and four great-grandchildren.

The couple gave as their motto for a long and happy married life: "Help to bring happiness to those around you, and happiness will come to you."

Discuss Ticket Sales

American Legion Auxiliary met in regular session Monday night. Reports were made on the progress of ticket sales for the donkey basketball game. All members are urged to turn their money and tickets in before game time Thursday night.

Members voted to give a donation to both Parmer and Curry County for the March of Dimes drive.

Mrs. Stroup Gives Book Review Monday

Mrs. M. H. Stroup presented a book review on "The Road to Bithynia" by Dr. Frank G. Slaughter Monday night for women of Texico-Farwell Women's Club. The book relates the religious story of Luke. The club met in the home of Mrs. W. W. Vinyard.

Mrs. Willie Williams, president, presided over the business meeting, and it was decided the February session would be in the home of Mrs. Stroup. Mrs. M. C. Roberts discussed the park project, and Mrs. Jack Williams was accepted as a member. It was decided to donate \$25 to the polio drive.

Charlotte Lawson was featured in a musical number.

Cookies, spiced tea and coffee were served to Mesdames M. A. Snider, Irene Dyer, Roberts, Stroup, Joe Crume, Willie Williams, E. G. Williams, Lura Rundell, Jack McManigal, Dickie Magness, Maud Brown, Jack Williams, Frank Seale, and W. H. Graham.

Next meeting will be February 15.

Coffmans To Leave For Mexico City

Mr. and Mrs. Gene Coffman are making plans to leave the first of next week for Denver where they will join 20 other couples and five officials of the Ford Motor Company and leave for Mexico City for a week expense-paid vacation. They plan to return Feb. 3.

Coffman was the top salesman in this area.

Some 150 relatives, and old friends and neighbors attended the reception to visit and talk over old times with the honored couple.

Lavoyda Billington Is Worthy Advisor

Formal installation of Lavoyda Billington as Worthy Advisor of Farwell-Bovina Rainbow Assembly was held in the Farwell gym Monday night. Chosen colors of Miss Billington, baby blue and gold, were used for the service.

Miss Billington, who was elected to the high office of Worthy Advisor, is the daughter of Mr. and Mrs. S. O. Billington, and attends Farwell Schools.

Others installed in the impressive ceremony were Peggy Hardage, Worthy Associate Advisor; Ysleta Brown, Charity; Jo Elaine Magness, Hope; Gloria Dial, Faith; Lillie Ellison, Recorder; Judy Garrett, Chaplain; Phyllis Magness, Drill Leader; Rebecca Foster, Love; Lois Ellison, Religion; Betty Smart, Nature; Kathryn Dunn, Fidelity; Merlene Crooks, Confidential Observer.

Other girls who were unable to be present will be installed at the next meeting. Installing officers were Mrs. Norman Sulser, Installing Officer; Gloria Jean Sanders, Chaplain; Ann Whitley, Recorder; Mrs. A. V. Warren, Installing Marshal; Darlene Sprawls, Installing Musician.

Miss Billington's flowers were carnations of baby blue and gold, and corsages were presented to each girl and the installing officers. Mrs. Tom Foster was installed as Mother Advisor for the new year.

Mr. and Mrs. Billington, parents of the Worthy Advisor, were elected to the floor by the drill leader, and Miss Billington presented her mother with a corsage, and her father with a boutonniere, and she then recognized her grandparents, Mr. and Mrs. S. G. Billington.

Miss Peggy Hardage presented Miss Billington with a white Bible at the close of the installation, and Misses Billington, Sanders, Hardage and Brown sang a vocal number, accompanied by Miss Sprawls.

Board members for the year are Mr. and Mrs. Scotty Barry, Iris Thornton, Mrs. Herbert Potts, Katie Ellison, Alice Moore, and Mrs. Verda Hobby.

Golden Circle Class Meets Past Week

Golden Circle class of Texico Baptist church met last week in the home of Iona Chappell. Muriel Thomas presided at the meeting, and devotional was by Homerlane Shaw. The class will meet regularly on the second Monday of each month.

February session will be in the home of Mrs. John Lockhart. Refreshments of coffee, cocoa and cake were served to Mesdames Thomas Shaw, Nell Autry, Lockhart and Iona Chappell.

Report Given On WSCS District Meet

WSCS of the Oklahoma Lane Methodist Church met Monday afternoon at the church. In the absence of the president, Mrs. Melvin Sudderth, the vice president, Mrs. C. C. Christian was in charge of the meeting.

Nine members answered the roll call by scriptural text of Fruits of the Spirit. A short business session was held.

Study, "The Life and Tasks of the Church" was given by Mrs. Sam Billingsley, assisted by Mrs. T. L. Kent and Mrs. Vernon Willard. This is the first of six such sessions.

District secretary promotion, Mrs. Tom Foster, gave a report from the district to the local society.

Mrs. Gene Snodgrass gave a report on the Sub-District meeting, which was held in Muleshoe, January 14.

Rev. Vernon Willard gave the closing meditation at the local meeting.

Medley-Christian Vows Repeated

A double-ring wedding ceremony united Miss Sue Medley, daughter of Mr. and Mrs. G. L. Medley of this city, and Bennie J. Christian, son of Mr. and Mrs. Ben Christian of Clovis, Monday night.

Vows were read at the parsonage of the Church of God in Clovis at 8 o'clock. Rev. Carlton Bebee performed the rites.

The bride was attired in a navy knit suit, with brown and white accessories, and wore a corsage of white carnations. She traditionally carried a handkerchief belonging to her grandmother for something old, her wedding ensemble was new, borrowed earrings from her sister-in-law, Mrs. Billy Medley, and blue was her dress.

Attending the young couple were Mr. and Mrs. Bill Glenn of Farwell. Mrs. Glenn wore a blue suit with navy and pink accessories, accented by a corsage of pink carnations.

The bride and groom left on a short honeymoon trip to Oklahoma. The groom is in the Navy and is home on 30-day leave. He is stationed aboard the USS Grafias, and will report back to duty January 30, to go overseas. He attended school at Pleasant Hill.

Mrs. Christian was graduated from Farwell schools in 1951 and is now employed at Southwestern Public Service Co. in Farwell.

Bovina Class Names Officers

The Friendly Circle Sunday School class of the Bovina Baptist Church met Tuesday night for their monthly business meeting and social in the home of Mrs. Ovid Lawlis.

Mrs. A. D. Cumpston presided over the business meeting, at which time they elected some officers to replace some who had moved away. Mrs. Glenn Kelley was elected first vice-president, and Mrs. Charles Hawkins was elected as group captain.

Members also voted to sponsor a church-wide coupon party in the near future to help collect coupons for church silverware.

Following the business, the group enjoyed games and at the close of the evening, Mrs. Lawlis and Mrs. J. D. Kelley served donuts and hot chocolate to those present. Attending were Mesdames Henry Minter, Leslie McCain, A. L. Glascock, C. M. Huggins, A. D. Cumpston, and the hostesses.

Norma Jean Jacks Weds Clovis Boy

In a double-ring ceremony read Saturday at Texico Baptist church, Miss Norma Jean Jack, daughter of Mr. and Mrs. Henry Jack of Texico, became the bride of Tommy Stephens, son of Mr. and Mrs. Tom Stephens of Clovis. Rev. C. C. Morgan, pastor of the church, read the service.

The bride wore a pink tailored suit, with navy accessories, and carried a white Bible. Attendants were Mrs. Billy Crain of Jal, N. M., and Billy Hodges of Clovis.

Attending the wedding were close friends and relatives of the young couple. After a short honeymoon, the newly-weds will reside in Clovis. The bridegroom is employed by Santa Fe Railroad, and Mrs. Stephens is an employee of Clovis National Bank.

The bride is a 1953 graduate of Texico schools, and the groom attended Clovis schools.

YOUNG COUPLE MARRIES

MR. AND MRS. GLEN SMITH

Local Young People Married Recently

In an informal ceremony read in the home of the bride's parents January 8 at 2:30 in the afternoon, Miss Wanda Griffin, daughter of Mr. and Mrs. Clarence Griffin, became the bride of Glen Smith, son of Mr. and Mrs. Odom Smith of Farwell. Rev. C. C. Morgan, pastor of Texico Baptist church, read the double-ring vows.

The bride chose for her wedding, a street-length powder blue taffeta, accented by accessories of blue and white. She carried a white Bible, topped with a white carnation arrangement, with a shower of blue streamers.

Mother of the bride, Mrs. Griffin, wore a pink linen dress, with black accessories; and Mrs. Smith, mother of the bridegroom, chose a purple linen dress with matching accessories.

A reception was held immediately following the ceremony.

The serving table featured an arrangement of cut flowers and cake and punch were served to the guests. Close friends and relatives attended the wedding and reception.

The young couple took a short honeymoon trip to Canyon and are now living in the home of the bride's parents.

Mrs. Smith is a junior student at Texico schools and is planning to continue her education. The bridegroom is a 1951 graduate of Farwell schools, and is now employed at Ingram Bros. Pump Co. in Clovis.

Esther Class Meets In Hromas Home

Esther Class of the First Baptist Church, Farwell, met in the home of Mrs. Gladys Hromas on Monday, Jan. 11. Mrs. Georgia Rundell brought the devotional.

Regular business and social meeting was held. Plans were made for the Valentine social to be held in the home of Mrs. Dewey Horton, honoring the husbands. Also, plans for visitation and for the year book were discussed.

Members present for the meeting were Mesdames Calvin Murray, Carol Cates, Raymond Martin, Asa Smith, Fred Curtis, Joe Reed, Pete Rundell, Cecil Rundell, Kenneth Fields, Herman Gerries and the hostess, Mrs. Gladys Hromas.

Refreshments of fruit cake and coffee and Cokes were served.

Nine Women Go To Meeting

Nine women of the Oklahoma Lane Methodist Church attended the sub-district meeting of the WSCS at Muleshoe last week, Rev. Vernon Willard, pastor, says.

Women going were Mesdames Sam Billingsley, Tom Foster, Truman Kent, E. G. Snodgrass, Gladys Sudderth, Vernon Willard, Lee Jones, Doyn Merriman and W. P. Shelley.

This Will Make Good Home Freezer

We have in regular use a nice-size Ice Cream Box that would make a dandy home freezer.

Women Decide To Install Linoleum

Members of Wesleyan Guild of the Methodist church decided to have linoleum installed in one of the rooms of the undercroft of the church, at their regular meeting in the home of Mrs. Rose Marie Stroup Wednesday of last week.

The program was on missionary work in foreign countries. Women then drew names for secret daughters for the coming year.

Pie and coffee were served to Mesdames Crystal Moss, Marjorie Burton, Vera Armstrong, Avis Patterson, Bess Mansfield, Wanda Faville, Ellen Wurster, Lillian Aldridge, Wana Brewer, Peggy Snider, the hostess and one visitor, Bonnie Williams.

Joint Meeting Is Discussed In Meeting

Companion Class of the Texico Baptist Church met in their regular meeting Tuesday night in the home of Mrs. Rita Dollar for regular business and social.

Further plans were made for the joint meeting of all the women classes of the church to be Monday the 25th in the church basement.

Chocolate angel food cake and Cokes were served to Mesdames Margaret London, Margorie Fought, T. E. Roth, Coeta Doolittle, Dot Camp, Esther Ferguson and the hostess Rita Dollar.

Next meeting will be in the home of Coeta Doolittle.

Group To Meet Each Wednesday

Farwell Baptist YWA met Wednesday, January 13 with the following members present: Irene Hardage, Frankie Harris, Ann Whitley, Lavoyda Billington, Peggy Hardage, Mrs. Murray Dial and Estellene Billington.

Business and social meeting was held and refreshments of brownies and Cokes were served.

The group will meet every Wednesday night. Mrs. Dial resigned as the adult leader.

It's A Girl

Mr. and Mrs. Willie Denney are the proud parents of a daughter, born Friday at St. Joseph Hospital in Ft. Worth. The little lady weighed in at five pounds, 4 ounces, and has been named Janet Elaine.

Grandparents are Mr. and Mrs. J. C. Denney of Ft. Worth, and Mr. and Mrs. Lee Thompson of Farwell.

PTA Members Hear Talks Thursday

Agrie Jones, superintendent of Texico Schools, and Rosemary Burns, former Girl Scout director at Clovis, were speakers at Farwell PTA Thursday evening, discussing "Developing Civic Responsibility."

Rev. Dewey Horton gave the opening prayer. Mrs. Shelby Jobs was in charge of a musical program. Judy Garrett presented two numbers on her saxophone and the sixth grade male sextette was featured.

Refreshments were served and the seventh grade received the room prize.

Decrease Noted In Texico Cases Tried

Sam Lewis, police magistrate at Texico, reports that a decrease of 29 was noted in the number of cases reviewed in 1953, over what was recorded in '52, in J. P. Court. Records reveal 155 in the earlier year and only 126 last year.

Eight cases were filed in police magistrate court in 1952 and six were recorded the past year.

In a break down of cases in J. P. court of '53, largest number of offenses were for violating the New Mexico SCC laws, with 72 cases. Others were overloading on New Mexico highways, 41; evading the Port of Entry, 10; speeding, 1; indecent exposure, 1; and inquest held, 1.

Police court cases included: drunken driving, 1, drew fine of \$150 and license was revoked; drunkenness, six; creating a fire hazard, 1.

Cases filed in 1954 in J. P. court, as of January 16, included 23 in number.

Lewis also reported 13 civil cases in 1953, one was appealed.

Plans Continued For Project Show

Although the site of the Farwell FFA Project Show is still not definite, plans are continuing for the event, announces Robert "Prof" Morton, ag instructor. Several places are under consideration and it is just a matter of deciding the best place.

Advisory group for the show met Monday night and another meeting will be held in the near future.

The date for the show is January 30 and the FFA boys will enter their projects.

Exams To Be Given In March

Austin—Competitive examinations will be given by the Merit System Council for the Texas State Department of Health on March 6 in as many centers throughout the State as the number of candidates may justify.

Special recruitment will be made for stenographers, secretaries, junior sanitarian, engineer assistants, and graduate nurses.

Closing date for receipt of applications are available upon request from the Merit System Council, 814 Littlefield Building, Austin 15, Texas.

Texico Teachers Have Coming Meetings

Texico teachers have several important dates coming up in the next few weeks, officials say.

Schoolmasters will meet Thursday night in Melrose for a monthly business session, and on Wednesday night, the 27th, a meeting of the athletic association will be held at the school. Men will discuss the district tournament.

Texico education association will have a banquet at the Silver Grill in Clovis Feb. 10. Guest speakers will be from the State Department of Education.

Whirlwinds Battle With Cowgirls

Tuesday night on the Texico home court, the Texico Whirlwinds battled out a very good basketball game against the Rosedale Cowgirls to credit the locals with another win. The final score was 31-27.

Shirley Stover, post forward for the Whirlwinds, was tops with 13 counters while Glenda Trower had 14 markers for Rosedale.

Referees were Powers and Gunn.

Caldwell Scores High Point For Texico

Barbara Caldwell, freshman, and forward for the Texico Whirlwinds, was credited with eight points when Texico and Bovina met in a hard fought battle at Bovina Friday night. Lillian Young of Bovina was top performer for her team when she topped the goal for 16 points.

The final score of the basketball game was 37-21 in favor of Bovina.

West Texas CC Plans Session

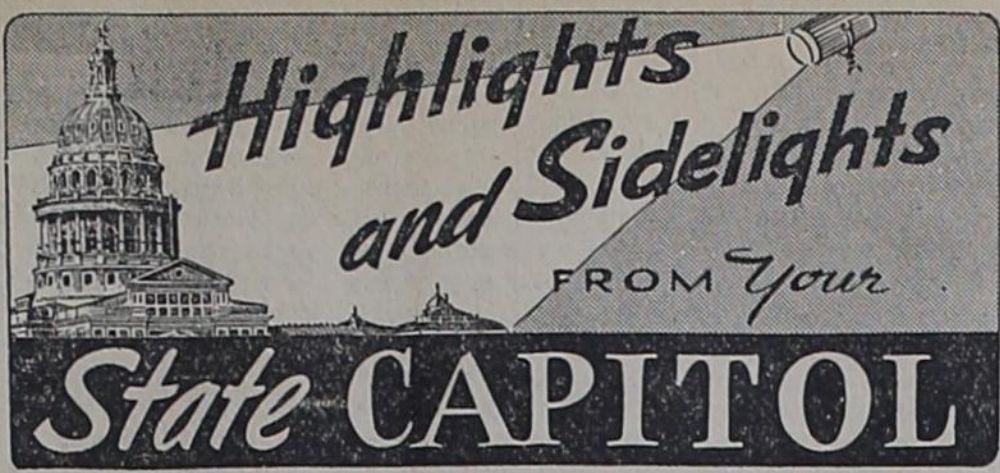

Abilene, (Sp) Community leaders from throughout West Texas will convene here January 28 to review the best techniques for adding industrial payrolls to their town's economy.

Styled "the first annual West Texas Industrial Conference," the one-day event is being sponsored by the West Texas Chamber of Commerce.

"We have designed a program of fundamentals which we feel will be of particular interest to business leaders in West Texas," said E. L. Buelow of San Angelo in announcing the subjects discussed. Buelow is a district vice-president of the WTCC and chairman of its industrial committee.

Subjects range from "where to begin" to "organizing for action," and include discussions on markets, transportation, labor, industrial financing, what industry looks for in selecting a location, and the importance of balanced community development.

The program includes:

Austin.— A decisive turn on the question of special session of the Legislature was due this week as a state committee considered a way out on the teachers pay problem.

J. W. Edgar, commissioner of education, had announced a week's delay in the all-important meeting because some of the 25 members could not be present.

Before the committee was a compromise plan to give teachers a \$402 salary increase and require local districts to pay a percentage rather than fixed amount of basic school costs.

Governor Allan Shivers indicated that if the committee agreed on the plan he would ask the views of legislature and then make his decision about calling special session.

A sub-committee and most Texas school administrators previously reported their approval of the plan.

In view of the project for special session, a potential candidate for governor continued his side-swipes at the Shivers administration.

Ralph W. Yarborough, Austin attorney, declared that the governor should call special elections to fill vacancies in the House of Representatives. Yarborough was defeated by the governor in the campaign for the office.

Governor Shivers replied that "the governor's office will decide about calling special elections when and if it decides as to the special session."

Another "Loyalist" and prospective candidate for governor also took a slap at Shivers, without calling any names.

Agriculture Commissioner John C. White blasted the state's cross-filing law as "a blessing for Republicans and curse for Democrats."

"When a man cannot reconcile his personal beliefs with those of his party, then he should sever his connections with that party," White declared.

"But under no circumstances should he use his conflicting opinions as an excuse to betray his party."

"And that is the most damning charge that can be made against some of our public officials during the year 1952," he said.

White's attacks made it apparent that he would make cross-filing an issue if he and Shivers should become opponents in this year's race for governor.

He is the only state official who refused Republican cross-filing in the 1952 elections.

Governor Shivers, on the other hand, allowed his name to be placed on the GOP ballot and helped carry Texas for Eisenhower and the Republicans.

West Texas farmers and ranchers face increasing costs for drought emergency hay.

Applications for transportation aid have been halted despite \$400,000 more in federal funds marked for the program.

Agriculture Commissioner White said the program in the future will cover half of the freight costs up to a maximum of \$10 per ton.

On past shipments the program absorbed half the total cost and the railroads the remainder. The railroads stopped their reduced rates January 1.

"Industrial Development in West Texas, A Challenge"—Fred H. Husbands, executive vice-president and general manager, WTCC.

"Where to Begin—The fundamental ABC's of Industrial Development"—Fred A. Elliston, manager, area development division, Texas Electric Service Company, Fort Worth.

"Balanced Community Development—The Best For Industry"—Frank W. Cantrell, managing director, Arkansas State Chamber of Commerce, Little Rock.

"What Industry Expects of a Community"—C. C. Whitney, Jr., personnel superintendent, Celanese Corporation of America, Pampa.

"Transportation Facilities and Their Relations to Industry"—S. C. O'Neal, traffic manager, Waco Chamber of Commerce, Waco.

"Human Resources in West Texas"—Ted Clifford, supervisor, reports and statistics, Texas Employment Commission, Austin.

"Markets for West Texas Industry"—Dr. John R. Stockton, director, Bureau of Business Research, University of Texas, Austin.

"Industrial Financing"—Harold S. Foster, vice-president, Industrial Department, Continental National Bank, Fort Worth.

"Organizing for Action"—Rex Jennings, manager, Brownwood Chamber of Commerce, Brownwood.

Vellum originally was made from skins of calves, lambs and kids.

Freight cost payments have averaged \$12.23 per ton, according to agriculture officials. But they say that stockmen now are ordering from such states as Nevada and Idaho thereby increasing the costs to about \$35 per ton.

White estimated that aid allotments made will exhaust the state-federal funds, if the allocations are used.

In addition, stockmen who already have allotments but have not placed orders for hay will be subject to the new payment policy.

Texas faces another serious problem in the overcrowded conditions in state hospitals.

"It is evident that with the expected increase in population overcrowding will remain a problem for years to come," the Board for State Hospitals and Special Schools reported to the governor.

Although the \$35 million seven-year building program has been going for three years, the board pointed out, it is not keeping pace with demands for bed space in the various hospitals.

According to the board, a survey of some of the institutions showed 20,850 patients occupying space suitable for 13,200.

Recommendations to the Legislature to subsidize care of the aged in private nursing homes is planned. Also, as soon as money is available, a system of outpatient control at mental and tuberculosis hospitals will be started, the board stated.

An organization of Texas cities has started an early campaign to get the attention of legislators before the regular session.

A program to obtain additional revenue from sources other than property taxes has been laid out by the League of Texas Municipalities.

Cities are "entitled to a fair share of the revenue from any increase in gasoline taxes" or any tax levied for road purposes, the league emphasized.

League members also plan to press for abolition of the ad valorem tax on motor vehicles. They would substitute an annual registration fee, increased by one-third with the increase being paid to the city in which the vehicle owner lives.

In view of the telephone rate problem, the league will call for creation of a state public utility rate "aid service" to be financed by cities asking for help in rate fixing cases.

An act of the last Legislature is paying off with greater efficiency in state government.

State agencies were authorized to increase salaries if they could economize elsewhere. So far, payraises have been given to 278 employees, and 28 jobs have been abolished.

Early Tax Filing Aids Uncle Sam

Early filing of your 1953 income tax return will be a big help to Uncle Sam and will put behind you a detail that becomes a bigger headache the longer you put it off. That's the word from Ellis Campbell Jr., district director of Internal Revenue.

Campbell, who would be very happy to see a steady flow of letters bearing checks and money orders—no cash please—reminded taxpayers this week that payments should be made to the order of the district director of Internal Revenue, Dallas, Texas.

"The vast bulk of Dallas district taxpayers will find no difficulty in making out their own returns, especially if they use form 1040A," Campbell said. "But for those who have a problem or two, our office stands ready to give assistance or advice. If you can present the facts on your problem over the phone, call us at 5-506-07-08.

"If you need personal aid, visit our office at Veterans Administration Building, 1600 19th St., Lubbock."

ASC Lists Nine Federal Cost-Sharing Practices for Parmer County in 1954

Nine federal cost-sharing practices approved for Parmer County farmers for 1954 were released this week by the local Agricultural Stabilization & Conservation office.

The practices include: 1. Initial establishment on cropland or perennial or biennial legumes or perennial grasses, or mixtures of legumes and perennial grasses to retard erosion and to improve soil structure, permeability, or water holding capacity as part of crop rotation.

2. Constructing, enlarging or sealing dams, or reservoirs for livestock water to obtain proper distribution of livestock, and encourage rotation grazing and better grassland management established vegetative cover.

Maximum federal cost-share, 10 cents per cu. yd. of earth moved.

3. Establishing permanent sod waterways to dispose of excess water without causing erosion.

Share—50 percent of the cost of grading and shaping waterways with other than farm implements.

4. Constructing terraces to detain or control the flow of water, check soil erosion on sloping land.

Federal cost-share—.011 cents per linear foot, \$1.10 per 100 linear foot.

5. Construction of diversion or spreader terraces, to intercept runoff and divert water to protected outlets, or to spread water to prevent erosion or to permit beneficial use of run-off.

Federal cost-share—.05 cents per cu. yard.

6. Levelling irrigable land for more efficient use of irrigation water and to prevent erosion.

Payment—Maximum federal cost-share: 50 percent of the cost of earth moving, not to exceed \$15 per acre.

7. Initial establishment in the cropping system of winter annual legumes for the improvement of soil structure and for winter protection from erosion.

Maximum federal cost-share: 50 percent of the average cost of seed.

8. Initial establishment in the cropping system of summer annual legumes for the improvement of soil structure and for summer protection from erosion.

Maximum federal cost-share: 50 percent of the average cost of seed.

9. Reorganizing farm irrigation systems to conserve water and prevent erosion.

Payment—50 percent of the average cost of materials used in the permanent structures, excluding forms, in the construction or installation of siphons, flumes, drops or chutes, weirs, division boxes, turnouts, permanently located pipe, and similar structure needed.

Joe Camp, ASC secretary, reminded farmers who desire to participate in any of these practices to watch this paper and their ASC bulletins for announcement of sign-up periods.

BALLED UP, BUT GOOD

Oil men are ingenious individuals when it comes to bringing petroleum up from the depths of the earth. One of the latest tricks of the trade involves little rubber balls, which are shot down one tube under pressure and come bouncing up another, pushing a load of oil ahead of them. The balls not only promote withdrawal of oil, but also keep the pumping tubes clean as a whistle, clearing out paraffin or anything else which might clog them. The rubber balls are propelled by natural gas—which is recaptured at the end of the round trip and used over and over again.

OIL GILDS THE LILY

Easter lilies may be lovelier next spring because oil-derived polyethylene sheeting helped give them better storage conditions this winter. Lily bulbs of many varieties are stored in plastic-lined cases with shredded-peat packing material moistened at about half of its total moisture capacity. The peat, doesn't dry out, nor is it so wet that bulbs are in danger of rotting. Stronger lily plants, with more blooms, result. Not only lily growers and flowers are aided by oil and its derivatives, but farmers and food receive enormous benefits from oil industry products.

Cotton Growers

(Continued from Page 1)

went on record as urging "continuance of our present farm program and rigid party support prices with reasonable production controls when necessary."

They oppose the suggested farm program of flexible price supports with its high production, low supports formula, since, according to the resolution, "farmers, in time of lowest income, would be forced to produce more to compensate for losses or to make expensive and wasteful equipment changes tooling up for other crops, only to produce new gluts and further disasters for the farmer, his suppliers, their credit sources, and in turn the national economy."

A. L. Hartzog, president of the Parmer County Cotton Improvement Assn., said he was "surprised at how many people down there had views in harmony with our own" in regard to farm problems.

Cotton men are fearful that legislation may not be enacted in time this year to relieve some of the pressing problems of cotton acreage allotments in new western areas and drought-stricken parts of the country, as planting of the 1954 crop in South Texas is scheduled to begin at any time.

One bill that would result in more equitable distribution of allotments has passed through the House and Senate, and its enactment would embrace some of the things which the Association has recommended. Re-allocation of acreage is not provided for, however.

Attendance Increases At Methodist Church

The nation-wide attendance crusade, in which the Hamlin Memorial Methodist Church is participating, is proving very successful everywhere, with churches generally showing increased attendance, according to Rev. Miller H. Stroup. He says that this has been true of the local church, where the attendance has increased in both Sunday school and worship services, week by week.

ORDER FOR GENERAL ELECTION

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF PARAMER COUNTY, TEXAS:

That an election be held in said County on the 30th day of January, 1954, which is not less than 15 nor more than 30 days from date of this order, at which election, in accordance with said petition, the following proposition shall be submitted to the resident property taxpaying qualified voters of said County for their action thereupon:

PROPOSITION

For the creation of Parmer County Wind Erosion Conservation District.

Said election shall be held at the following places in said County and the following named persons are hereby appointed Presiding Judges for said election:

Pct. No. 1, Black; voting place, Community Building; presiding Judge, John Benger.

Pct. No. 2, Friona, voting place, Legion Hall; presiding judge, T. J. Crawford.

Pct. No. 5, Lazbuddie; voting place, school house; presiding judge, E. V. Crain.

Pct. 3, Bovina; voting place, Legion Hall; presiding judge, S. A. Calhoun.

Pct. 4, Farwell; voting place, County court room; presiding Judge, Albert Smith.

Pct. 6, Oklahoma Lane; voting place, Methodist Church; presiding Judge, Sam Sides.

Pct. 7, Rhea; voting place, F. T. Schlenker home; presiding judge, Melvin Sachs.

Pct. 8, Lakeview; voting place, Fred Barker home; presiding judge, Fred Barker.

The ballots of said election shall have written or printed thereon the following:

"FOR the creation of PARAMER COUNTY WIND EROSION CONSERVATION DISTRICT."

"AGAINST the creation of PARAMER COUNTY WIND EROSION CONSERVATION DISTRICT."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

The manner of holding said election shall be governed, by Article 165 A-2 etc. as near as may be. None but resident property taxpaying qualified voters of said County and who have duly rendered the same for taxation shall be allowed to vote at said election.

Notice of time and place of said election shall be given by posting a substantial copy of this order in each of the election precincts of said County and also at the Court-house door and publishing on the same day in each of two consecutive weeks in a newspaper of general circulation published within said county, the date of the first publication to be not less than 14 days prior to date set for said election. Except as herein provided the manner of holding said election shall be governed by the laws governing general elections. The Sheriff of this County is hereby directed and ordered to post said notices and publish said notices.

The above order being read, it was moved by Forrest W. Osborn and seconded by C. H. Jefferson that the motion be passed. Vote on motion was as follows: There being four "AYES" and no "NOES" being carried by unanimous vote.

Whereupon the motion was declared carried.

PASSED, APPROVED, AND ADOPTED this 11th day of January 1954.

On Sunday, Jan. 24, at the 11 o'clock hour, Rev. Stroup will speak on the subject, "Witch-Hunts of Investigators." The subject at the 7:30 p. m. service will be "Nicodemus, Paul, and Wesley." The Sunday school hour is 10 a. m., the senior and junior-intermediate MYF meets at 6:30 p. m.

The regular monthly family night basket dinner will be enjoyed Monday, Jan. 25. The two "movies" to be shown are "Mudder and Fodder," a picture for the children; and "Rim of the Wheel," which is another of those very fine "family films."

The WSCS will meet at the home of Mrs. B. N. Graham Wednesday, Jan. 27, 3 p. m. The assisting hostess will be Mrs. Anne Overstreet. The theme for the lesson is "But It Is the Same God," with Mrs. Miller H. Stroup, the leader.

Choir rehearsal will be at the church Wednesday, 7:30 p. m.

The men's breakfasts continue to be well attended each Thursday morning at 6:45 a. m. All men are invited.

Regular meeting of Texico Chamber of Commerce, which was scheduled for last week, was not held, members report.

March Of Dimes—

State Line Grocery of Farwell will sponsor a coffee Wednesday morning at the cafe for the polio drive. The grocery store will furnish the coffee and the cafe will make and serve the drink.

Proceeds will go to the MOD. The men's coffee which was held at the school house last year netted a large sum, and is also in the formative stage. Jack Williams says workers are to schedule the coffee as soon as an open date is available.

A goal of \$225 has been set for students of Farwell Schools, and if the goal is reached, a special entertainment will be held for participants. The school is divided into three divisions: first through fourth grades; fifth through eighth; and ninth through seniors.

The group gaining the largest amount of donations on the percentage basis will receive a free chicken dinner. The drive at the school will conclude Tuesday.

Bake sales and coffees for students are among the entertainments planned.

Rhea is to have a pie supper Friday night to raise money for the cause.

The annual pie supper and box supper at Texico is scheduled for Friday night at 7:30. The auctioneer is still indefinite. Mrs. Perry Crawley, Texico chairman, urges all citizens to attend and help put Texico "over the top" in the drive.

Coffee day in Texico last Saturday was termed to be successful, although full receipts are not yet known.

have also been devised that shut the machine off if the plow is detached.

Generally speaking, guides are most practical under plowing conditions regarded as ideal. The tractor must have "power to spare so it won't stall when the going gets tough; there can't be any wet spots where the machine might bog down; or any obstruction in the field."

"The soil in this county is really breaking nicely at this time," says Joe Jones, county agent, as he notes the number of this type operations underway.

"Moisture is sufficient to let the ground work ideally," he says.

Advantages, says the agent, which can be credited to these mechanical drivers include the ability to operate on a 24-hour schedule, stopping only for the usual maintenance. Essentially, a guide is a time and labor saver.

"Farmers find that they get lots more work done in less time," says Jones, "and don't have to worry about their hired hands stopping work to talk things over with the county agent. The agent just drives up, looks things over, and drives off again, without any interruption of work for the farmer."

Speaking for breaking in general, and not just mechanical plowing, Jones says that "more and more farmers are finding that it pays to break their land."

"It increases yields, by enabling the land to receive moisture better, level easier, and the farmer turns his weeds under with this operation."

He attached special significance to the levelling feature, which is an essential in irrigation which requires careful distribution of water.

The agent advised farmers to begin at an early date to get their land broken. This will avoid a crowded farming schedule, and benefits will be noted from the

early decay of stalks turned under.

"Parmer County farmers did the best job of preparing their land last year that they have ever done," Jones notes, adding "and they were quick to see the resultant benefits."

Farwell Teams Play At Tulia Tourney

Farwell basketball teams didn't come home with any trophies from the Tulia tournament last weekend, but they made a good showing for themselves, playing some of the top teams of the tourney. Dalhart boys and girls carried off the winning honors of the weekend of play, with Canyon girls and Tulia boys winning second.

Two Farwellites were named to the all-tournament teams—Gene Hardage for the boys and Betty Lovvorn for the girls.

The local girls met Tulia for their first tilt of the tourney and easily topped their opponents, with a 44-26 score. The local sextette gained an early lead 11-6 by the first quarter, and 20-10 by halftime. Third period count was 31-18. Glenna Davis was high point with 22 points.

Pitted against Canyon in the second round, Farwell girls held their own the first period, with score tied 12-12 when the whistle blew, but Canyon began edging ahead in the second round and widened the margin, 40-33 by the end of the game. Davis scored 18.

Meeting the Claude girls in the third tilt, the Farwell team was again outclassed, when the fast-moving Claude group overran them 40-15. The locals couldn't get a chance at the basket, with six points the highest count made in any quarter. Davis made 12 points.

In the boys' games, Farwell was defeated by Tulia, by a last quarter lead. The Steers were ahead all the way until the final period, when their opponents outscored them to win 59-52. Eddie Smith made 15 points, and Don Gerles 14.

Pitted against New Deal, the locals did an about face, and lagged the first three periods, then rose to the occasion and won the game by a scant two-point lead, 43-41. Smith got 14 points.

Playing Silvertown last, the Steers couldn't manage to hit after the first half. The locals led from one to three points until the third quarter, when Silvertown gained a 10-point lead, then widened the margin to 34-50 at the end of the game. Scoring was divided.

MERRY MAKINGS

Christmas, New Years, semester over, and we are back in school studying. Everyone is hoping he passed all tests, which is doubtful after some "I" took.

I guess everyone had a very Merry Christmas. All the girls in school have new clothes. Some very pretty ones, too. Latest style at school is middies. Practically every girl in school has a middie. But I think they are all cute.

After going to Canyon Friday, the chorus reports a good time. We heard some good choruses from other high schools. Also, we stopped in Hereford for something to drink.

Forty girls yelling "cherry Coke, three hot dogs, strawberry milkshake," etc. . . . and who was answering the orders? One old man!

I'll bet he was a nervous wreck after we left. If you wonder if the food was good, ask Ann Whitely and look at the side of Jack Williams' car. Sorry, Ann.

Everyone was smiling, straightening shirts and blouses, powdering her nose, and combing hair. We had more pictures made Tuesday. I think everyone was about "nuts" when school was out. Picture taking is a nuisance.

Only 17 more weeks of school. Some think it is sad, others laugh and say, "They can hardly wait." We'll see on May 19.

Better close and give Butch's spelling words out to him. Such a thrill . . .

THE SENIORS

What a relief! We are through with our nine-weeks tests and we are able to breathe again. Also, we met an annual deadline last Tuesday, and that is another thing for which we are thankful.

The boys' and girls' basketball teams competed in the Tulia tournament.

Wasn't the snow wonderful? It's just too bad there couldn't have been more of it. There wasn't even enough for a good snowball fight.

In chorus, we are having tryouts for our operetta. Here's hoping we all get a part.

There's really nothing else for us to write about. So we will leave this thought and see you next week.

CHORUS NEWS

Friday, Jan. 8, the Farwell High School Chorus went to Canyon to attend an all-day clinic with Dr. Archie Jones from Texas University as clinician. The chorus left Farwell at 7 a.

m. and arrived in Canyon at 9. After registration, they spent the morning listening to Dr. Jones with choruses from Hereford, Dumas, and Phillips.

They were then dismissed for lunch. The clinic resumed at 1:30 that afternoon, and from then until 3 o'clock the time was spent with all students singing together.

There were sections for soprano, alto, tenor, and bass with hundreds of students for each section. Four numbers were sung: "Climbin' Up the Mountain," a spiritual, "Praise the Lord, O My Soul," "I Am a Poor Wayfaring Stranger," an early American spiritual, and "Night Song."

Everyone benefited from the clinic and members hope to have an improvement in their chorus as a result.

They have been invited to attend another clinic at ENMU Feb. 6 with Dr. Finlay Williamson and his famous Westminster choir.

"We feel very fortunate to have these opportunities," the chorus members say.

Tryouts have started this week for parts in the annual operetta. "Hold that Curtain" will be presented March 5.

Grade School

FIRST GRADE NEWS

We began school Monday by telling about our Christmas vacations, and according to the stories told, we had very nice ones.

Today is Toy Day, so we have brought our favorite toys to show

to our playmates and to the other rooms. The show has nearly turned into a cowboy and doll show. All the girls have dolls and most of the boys brought guns and belts.

We have two new boys from Eagle Pass. They are Jose and Hugo Espinoza.

Our January posters of snow men seem a little out of season since we are having such pretty, warm weather. We have begun our weather charts and we put the sun on all of our first days.

FIRST GRADE NEWS

From the looks of the toys that have been in our room this week, everyone must have had a very happy Christmas. We had toy day, and everyone brought his toys and we went to Mrs. Pool's and Mrs. Cain's room to show off all of them.

We lost Sandra Kay Harris and at mid-term we will lose Sherry Lumpkin. We surely hate to lose these two girls. We also got a new girl this week. Her name is Ofelia Torres.

We are really studying hard this week as mid-term is nearly here and we all want to make good grades.

SECOND GRADE NEWS

The holidays are over. Some of the children are glad to be back in school and some wanted a longer vacation.

On Monday the children told the class what they did on Christmas Day and what they got for Christmas. Tuesday was toy day in our room. We had quite a display of beautiful dolls, pandas, trucks, road graders, cowboy boots, and so forth. Mrs. Cain and Mrs. Ford let the children visit the first grade rooms and display their toys.

The children were delighted to have Manuel Torres from Mrs. Huffaker's room visit us and tell

us the Spanish words for many of the things in our room.

They are also quite interested in a story in one of their readers on "A Trip to Mexico," because the story has a number of Spanish words.

SECOND AND THIRD GRADE

Mr. and Mrs. Reese Lowry from Sudan, Mr. and Mrs. Louis Meeks, Muleshoe, Mr. and Mrs. Grover Meeks, Mr. and Mrs. Tom Meeks of Albuquerque visited Patsy and John Herrington over the Christmas holidays.

Mr. and Mrs. George Conner, Mr. and Mrs. George Sloan, Mr. and Mrs. Jimmy Lumpkin of Muleshoe visited with Glynda Cruse and family.

Shirlene Martin and family went to Tulsa, Okla., for the holidays.

Mr. and Mrs. Russel Moore of Childress, Miss Betty Jackson of Denton were visitors with Barbara Moore and family.

Mrs. Freddie Hartsfield of Amarillo, Mrs. Marvin Jordan of Snyder visited with Ronnie Vestal and family during the holidays.

Carl Davis visited his grandparents at Muleshoe.

Ronny Henson visited his grandparents at Brownfield during Christmas.

Mr. and Mrs. Leon Conner of Ralls visited with Monte Lesly and family Christmas.

Carolyn Woodson and family visited at Earth and Quanah over the holidays.

Darrell Crook visited in Bovina. Grandma Goodwin of Portales visited with Ann Adams and family.

Mr. and Mrs. T. A. Hopkins and

Mark visited relatives in Childress, Quanah, Ft. Worth, Arlington, and Grand Prairie.

Everyone had a good time and enjoyed the treats that the mothers gave them; also the stockings of candy from Piggly Wiggly. We are busy with tests now.

THIRD GRADE NEWS

Over Christmas vacation the children in my room went many places, here are a few of them:

Joe Tom Reed went to East Texas over Christmas holidays, to Ridgeway and Sulphur Springs. Dorris Donaldson went to Inlow, Texas.

Mary Beth Collins went to Spur. Ray Halmock went to Tucson, Ariz.

Carol Smart went to Los Angel-

es, Calif. She saw the Rose parade while there. She saw how dates and tangerines grew. She gave us a very interesting talk on her trip.

Paula Winegeart went to Claude, Texas.

Margaret Haseloff had several nice trips. She went to Vernon, and Borger.

We are happy to have a new boy. His name is Manuel Torres, and he comes here from Yorktown, Texas.

We are also sorry to lose Scooter Pipkin. He is moving to Midland.

Mrs. Huffaker wishes to express her thanks to these mothers for a nice Christmas party they gave to the children in her room while she was absent: Mrs. Landrum, Beller, Hallmark, Routon, Pipkin, and

Are You Interested in a Sound Year-Around Income?

THIS IS NOT A "GET RICH QUICK" PROPOSITION!

We are now connected with one of the largest hatcheries in the Southwest. We invite you to look into the production of breeder eggs. We also invite your inspection of the 2,000 chicks we now have in our territory. Below we have answered some of the questions that might be asked.

QUESTION:

1. How many chickens will you have to take?

ANSWER:

1. Northwester Hatcheries will not place less than 500 chickens to each producer.

QUESTION:

2. Why must you take 500 chickens?

ANSWER:

2. Northwester wants the best hatching eggs available. If you have 500 laying hens, better care will be taken of them. Inspections and blood tests will be much easier and also will be made more profitable to you.

QUESTION:

3. What type of house will you need?

ANSWER:

3. Any type that will house 500 laying hens and will pass inspection of ventilation and sanitation. Your house must be okayed by John's Farm Store and Northwester Hatcheries. John's Farm Store handles this for the Northwester Hatcheries.

QUESTION:

4. What kind of chickens are used?

ANSWER:

4. Female: Knowles' Special Closed Breed New Hampshire Hens. Cockrel: Northwester C-4 Breeding Male.

QUESTION:

5. What will be the cost of the baby chicks?

ANSWER:

5. The cost of the pullets is 65 cents. The roosters are furnished by Northwester Hatcheries, and remain their property.

QUESTION:

6. What price will you get for your eggs?

ANSWER:

6. Take your choice when you buy your chicks: Either 20c per dozen over the prevailing market price, or a flat 75 cents per dozen regardless of market price. This decision must be made by you at the start of the program.

QUESTION:

7. Who will grade the eggs?

ANSWER:

7. The eggs will be graded by Northwester Hatcheries. We invite your inspection at any time.

QUESTION:

8. Where will the eggs be delivered?

ANSWER:

8. John's Farm Supply Store, Texico.

QUESTION:

9. What does John's Farm Store make from this?

ANSWER:

9. We plan to sell the feed at a price agreed upon when you buy the chicks.

QUESTION:

10. Has this program been proved?

ANSWER:

10. This program has been in highly successful operation in this and the Plainview territory for four years.

QUESTION:

11. What assurance do you have that this program will be successful?

ANSWER:

11. That would depend upon the individual. Whereas one man would fail, another would be highly successful. As for us, we would not recommend this program if we did not think it to be a sound investment, as we intend to stay in business.

We again invite your inquiries and ask you, if you are interested, to look over some of the houses now in operation in our area.

Bobo The Magician To Appear Here

J. B. Bobo is one of the top professional magicians of today, with more than 20 years of brilliant success, according to Southern School Assemblies. He will appear at Farwell school February 1.

Each great magician specializes in some phase of the magical art, and Bobo's is sleight-of-hand and comedy. He believes in entertaining while confusing. He is famed for his dexterity in handling balls, coins and cards.

Bobo gives a novel touch and a personal twist to each effect. Personality and showmanship dominate his program. His charming assistant, Mrs. Bobo, adds much to the grace and precision of Bobo's magic.

The Bobos have a most unusual record for repeat performances. Each year thousands of youngsters from six to sixty await the arrival of two great events . . . Christmas and Bobo the Magician.

Bobo is also a magician's magician. His services are constantly in demand as teacher of magic, and he has appeared in this capacity at many magicians' conventions. He teaches magicians the new and finer points of the art.

He is the author of two text books on magic, "Watch This One" and "Modern Coin Magic", the latter considered a classic in magical literature. The Academy of Magical Arts and Sciences has named him Magician of the Year and his coin book was voted the best book of the year.

Surprisingly, Bobo is the real name, derived from the old French name Beaubaux. Magic has been a life-long obsession with him. He learned his first magical lesson from Redpath Chataqua entertainers who frequented the Bobo family restaurant in Canada. The Bobos may be found at their home in Texarkana, Texas when their nine-month tour ends each May.

Southern School Assemblies has presented Bobo and Company for many years in the South and Southwest.

Farwell School Census Underway

Farwell school census has begun. W. M. Roberts, principal, announces, and cards are being sent out this week for parents to sign.

"Parents who have six-year-olds and no older children in school, please contact me at the school", Roberts says. The census is to be completed February 1.

Television: It's Wonderful, According To Report of People Who Receive Sets

The month of November and December brought something else besides Thanksgiving and Christmas to six lucky people in the Friona vicinity, who were awarded television sets on the trades day program sponsored by the Chamber of Commerce and local merchants.

And a checkup this week showed that every recipient had completely succumbed to the charms of TV, with the remarks ranging from a calm "We enjoy it very much" to an emphatic "It's the greatest kind of home entertainment you could dream of."

The first TV set awarded has been the traveling-est of the lot, it is revealed. Doris Jane McFarland received the first set—but the McFarlands already had one. Not so for sister Lunell and husband Hollis Horton, so Doris Jane passed her set on to the Hortons for Christmas.

At that time, Lunell and Hollis lived in San Antonio. Shortly afterward they loaded the set into the back of the car and carted it to Georgia, and then hauled it overland to Denver, where they now live. In areas like that, naturally, they have no expense of installing antennas on the outside of their residences, with the comical "rabbit-ear" sufficing for the sets.

One other set also went to a family which had already installed TV

in their home, when Loletta O'Brian was lucky at the final event on Christmas Eve.

That particular set is now the pride and joy of Loletta's grandparents, Mr. and Mrs. T. A. O'Brian. The O'Brians particularly enjoyed the Channel 4 telecast of the Tournament of Roses parade, held on New Year's Day in Pasadena, California.

Four of the sets actually went into the Hub community, south-west of Friona. One is in the O'Brian home, the others were awarded to Doyle Cummings, Mrs. Joe Mann, and John Hand.

At the time the Cummings got their prize, they had a set on hand for a trial run—but naturally it went back to the store and they installed their gift, which they are all enjoying very much. The Cummings report that they get both Amarillo and Lubbock stations.

The Hands had to exchange their set, from dark to blonde to match the home furnishings, and like the Cummings, report good reception from Lubbock. They even say that they get the Lubbock programs clearer than those beamed out of Amarillo, and get daily pleasure from watching television shows.

The last of the Hub area winners was Mrs. Joe Mann, who sends in word that she really enjoys her set and appreciates being a winner. The Manns did not have, or were not contemplating buying a set at the time of receiving one.

Mrs. W. B. Stark, local teacher, had a machine on trial in her home, but hadn't committed herself to the purchase when she became the free owner of a set on November 28th. She and her husband are thoroughly pleased with the new world of entertainment, and find many interesting programs to watch daily.

Work Progressing On City Street Grading

Work is progressing on the preliminary grading of Fifth Street, which will eventually form a paved loop connecting Main Street in Friona and Highway 60 on the west.

At the same time, city employees are bogged down in their rush to get some changes made in water and sewer mains down the street, City Manager Roy Wilson revealed today.

The essential ditch-digging machine broke down last week, and work is at a standstill until parts can be secured and the machine repaired, Wilson explained.

Mrs. E. L. Thomas started working Monday at the Friona cafeteria.

Benefit Ball Game Hilarious Affair

Though the rules of the games may have received the worst end of the deal the past Friday night, the March of Dimes benefited to the tune of some \$120 when men of Friona and vicinity donned so-called cage costumes and entertained the public with two free-for-all basketball games in the local gymnasium.

Four "teams" were on hand, with the Fire Department challenging the Lions Club, and the faculty taking on the outsiders.

All in the spirit of good clean fun, the two affairs more than furnished their money's worth to spectators. At times there seemed to be more than five players on the floor per team, and on several occasions a bench-warmer or official managed to get the ball and score a basket, which was tallied first for one squad and then the other.

The players themselves got almost as much fun out of the evening as did the large crowd, despite the fact that a number of them were almost on crutches a couple of days later following their exhibition of skill.

J. T. Gee, popular local ag teacher, was in Amarillo during the weekend for the Area I ag teachers' meeting. Gee was also one of the participants in a "canned" radio program, featuring Cotton John and three teachers, which was broadcast over KGNC on Sunday morning.

Two local firms are represented at Dallas market showings this week, with Mrs. Henry Lewis, of Lewis Variety, and Mr. and Mrs. Wesley Foster, of Foster Dry Goods, on hand to pick out their spring-summer merchandise.

Understand that Rose Lange finally got away from home, and has been paying a visit to her children, living in and around Houston. From weather reports of downstate conditions, Rose may come home waterlogged.

Mrs. Shirley Smith, recent bride, is to be feted with a shower in her home-town of Borger on Friday evening of this week. Sue, a nurse at the local hospital, will be accompanied to Borger by Frances Collier.

Jack Knox is taking over at the Knox store this week, while his parents are enjoying a visit in downstate Longview with their daughter, Mrs. J. E. Maurer, and family.

Lilah Gaye Gee, probing through the stack of blouses on sale in a local store, couldn't resist remarking that the little number she was wearing had been picked up at Neiman-Marcus, Dallas' plushiest apparel house. Another customer remarked that she probably wouldn't have the nerve to enter N-M, even for a sale, to which Lilah Gaye responded that she couldn't afford to pass it up, "even to just get the smell of the place" . . . and countered another remark about the "smell of money" by exclaiming "You mean that's what that wonderful odor is! I wouldn't have known."

A visitor from Littlefield was in the other day, offering to buy coffee for Ralph Roden with the remark that he "had 20c". Seems the beverage has been at a dime per cup in L'field for some time. Reminds us to tell Ralph to keep his uninitiated friends out of town—they might give the local cafes bad ideas.

Don't know what Elda Hart and Lois Norwood have in mind for this summer—remember they visited a dude ranch last year—but they had their heads together over travelogue while consuming coffee at the City Drug Monday morning.

GIRL SCOUT NEWS

Troop VIII

Brownie Troop VIII met Monday afternoon at the Congregational Church basement. The Brownies played about five different games. The hostess was Mrs. Lucille Latta who served candy bars.

Those present were Willene Baxter, Patricia Barker, Lavoyce Burrow, Mary and Martha Knight, Sherron Reeve, Virginia Latham, Brenda Deaton, Linda Kay Johnson, Audrey Slagle, Wanda Ready, Barbara Dudley, Patty Fallwell, and leader, Mrs. Edith Johnson.

Troop VI

Girl Scout Troop VI met on Monday at the Baptist Educational building. Scouts were taught to carry the American flag. They were taught a game by Ann McKee.

Saturday, Jan. 30, these girls will be in the Post Office to help with the March of Dimes.

Hostesses were Mrs. Bill Stewart and Miss Ann McKee. They served oranges and candy.

Those present were Carolyn Sue Baxter, Carolyn Parker, Linda Kay Brummett, Karen McKee, Joyce Stowers, Kitty Black, Cynthia Caffey, Gayle Knight, Darla Bingham, Patricia Ready, Virginia Patton, Shirley Taylor, Mary Jean Grubbs, Donna Blackburn, and Patsy Curry.

It was Kitty Black's birthday yesterday. The Scouts sang "happy birthday" to her.

Troop V

Girl Scout Troop V met Monday afternoon at the Friona Club House. The Scouts made ties and put rhinestone ornaments on them. Lugena Guinn got her Tenderfoot badge. Hostess was Mrs. Ralph Wilson who served ice cream.

Those present were Monty Baker, Dolores Elmore, Geneva Floyd, Linda O'Brian, Marilyn Potts, Carla Singleterry, Janet Sneed, Betty Barnett, Jacquelyn Magness, Faye Scales, and Lugena Guinn and Carolyn Crump.

The leaders were Mrs. Kenneth O'Brian and Mrs. Ralph Wilson.

Survey Being Taken To Determine Needs Of School In Future

A survey which will, it is hoped, give some indication of the number of students to be enrolled in the Friona public schools in the next few years has been underway in the district recently, and is now almost completed, according to an announcement this week by Dalton Caffey, superintendent.

"Actually," Caffey said, "what we're doing is counting noses on children between the ages of one to six, the pre-schoolers, who will in all probability be entering school here."

Such a checkup, he pointed out, will furnish information as to the amount of housing which may be required in the future. At present, school rooms are full to the allowable student limit per teacher, and some grades are being handled in so-called "temporary" units on the school grounds.

Program Presented In Bovina Thursday

Representatives of the Friona Lions presented a program at the regular meeting of the Bovina Club the past Thursday night, in Bovina with approximately 35 on hand.

Attending from Friona were Wesley Foster, program chairman; Steve Bavousett, Dr. Paul Spring and Jimmie Baxter.

Dr. Spring outlined for the group the proposed building plan for the Parmer County Community Hospital, and slides of county crops during the past year were exhibited by Steve Bavousett, of the SCS office.

Mr. and Mrs. J. B. Taylor and Mrs. J. G. McFarland and daughters, Gay Ann and Doris Jane, were all in Amarillo, Wednesday shopping.

Baptist Pastor Is Home From Meeting

Rev. C. M. Fields, pastor of the local Baptist Church, returned home the latter part of the week from Fort Worth, where he had spent several days attending the state-wide evangelistic conference for Baptists.

Featured speakers at the program included Billy Graham and Dr. Criswell, the local minister reported.

Plans are now being made at the local church for a spring revival, the dates to be announced in the near future.

Boy Scouts Have Round Table Talk

The Boy Scouts of Deaf Smith district had a round-table discussion at the American Legion hall Monday night and a supper. It was prepared by the Friona adult leaders and Boy Scouts.

January 25, there will be a regular meeting for the Cub Scout pack at the Congregational Church.

There will be a blue and gold banquet February 8 for the Boy Scouts. This will be a 43rd anniversary.

Sister Of Mrs. Bradley Dies

Mrs. J. M. Bradley was called to Anson, due to the death of her sister-in-law, Mrs. H. C. Carter, who was buried Saturday in the Anson cemetery. Mrs. W. S. Crow and son, Earl, and Mrs. C. D. Carter accompanied her. Saturday, the group went to Raton, to visit two of Mrs. Bradley's brothers and families, W. C. and C. C. Carter. Mrs. C. D. Carter visited her sister, Mrs. L. G. Goodman at Raton. They returned to their home in Friona Sunday afternoon.

Frank Spring To Talk To PTA

PTA will meet Thursday night at the high school auditorium. Mrs. Kennyth Cass will give the meditation, and Frank A. Spring will speak on "Developing Civil Responsibility."

The Home Economics girls II and III will give a style show.

There will also be the regular business meeting. Mrs. Clautie Edelman is president.

Mr. and Mrs. A. H. Hadley and daughters, Carrol and Mary, and Mr. and Mrs. Burtram Jack and children were Sunday dinner guests in the E. M. Jack home.

METHODIST NEWS

Our mission on visitation evangelism will be February 17-26. Members of the Methodist church will visit the nights of February 17-19 and Rev. E. Lee Stanford of Abernathy will preach for the Methodist church February 21-26.

The Church attendance crusade is now on in the Methodist church. They will begin their active participation on the first Sunday in February.

The Methodist Sunday school council and teachers met Monday night for a business meeting.

"Heritage and Destiny" is the title of the Methodist Church study book for this year. Bishop Gerald Kennedy is the author. They had their first lesson Wednesday night at the church. Mrs. J. T. Gee led the first study. The studies will continue each Wednesday night to March 10. Everybody is invited to attend.

The third grade has a new teacher, Mrs. Costen. She came from Snyder, Oklahoma. She is replacing Mrs. Turner, formerly Miss Nance, who moved to Lubbock about two weeks ago.

Glenna Pope, Danny Bainum Marry Here

Miss Glenna Mae Pope, daughter of Mr. and Mrs. L. D. Pope, became the bride of Danny Mac Bainum, son of Mr. and Mrs. Mac Bainum, all of Friona, at the Methodist parsonage Saturday, January 16. Rev. U. S. Sherrill read the vows.

The bride wore a white dress with a pink corsage and matching accessories.

Attendants were Mr. and Mrs. Mac Bainum and Phyllis, Mrs. L. D. Pope, Mrs. Artie Fallwell and Mrs. U. S. Sherrill.

Both young people were attending school at Friona. For their wedding trip, they left for Roswell and Carlsbad, New Mexico.

When the couple returns, they will make their home in Friona. The bridegroom will be employed by his father at the Blanton Butane company in Friona.

Mr. and Mrs. Sterling Graham and Mrs. Jim Baxter were in Clovis shopping Wednesday.

Plugs from Paul

"I've cured my husband of coming home late at night."
"How?"
"When he comes in, I call to him, 'Is that you, Bill?'"
"How does that cure him?"
"My husband's name is Jack."

"Why don't you drown your troubles?"
"I would, but I can't get her to go in swimming with me."

You get EXTRA VALUES WITH MM HI-KLEARANCE PLOWS

- ★ Quick, High Lift
- ★ Ample Clearance
- ★ Light Draft
- ★ Excellent Scouring
- ★ Better Results

You do a better job... and you do it easier with MM Hi-Klearance Plows. Their greater clearance, 23 1/2" between share points and beam, 26 1/2" between share points, helps eliminate your trash problems... greater lift prevents dragging trash or stubble at the end of rows, lets you plow deeper when necessary, makes transport and turning easier.

MM Hi-Klearance Plows are built for strength and durability to meet the needs of modern, high-speed plowing. Longer land-slides on the rear bottom act as rudder for entire plow keeping it in alignment with line of travel. Heat-hardened, Carburized shares give you longer plowing life. An adjustable hitch allows you to use Hi-Klearance Plows with all makes of tractors. Friction or Spring Trip hitches, standard equipment with Hi-Klearance Plows, protect shares and beams if plow strikes hidden obstacle.

Let us show you the many advantages of MM Hi-Klearance Plows, Visionlined Tractors and the Complete Line of MM Modern Farm Machinery.

"I wash every day and still have time to enjoy my family!"

says MRS. BOB DAVIS of GUYMON, OKLAHOMA

"Three boys, the oldest in school, the youngest just one, are the reason I have to wash every day. But the task isn't at all exhausting, thanks to my automatic washer, and I still have time and energy to enjoy my sons."

When you save soap, as my washer does, you save money. I use less soap and have cleaner clothes. That's real economy!

With a turn of a dial my clothes are washed. I can do other housework while I'm washing. That's where I save the time that lets me enjoy my family.

The clothes are cleaner and I feel better. The automatic washer does the hard work for me. It's time-saving plus labor-saving.

"I've had my automatic washer for four years. Since then, I've washed all my family clothes, from gylans to heavy work clothes."

Bovina Teams Have Full Schedule

The Bovina basketball teams had a full schedule over the weekend with non-conference games against Texico and two boys' games with Melrose. All of the games were played on their home court with the Texico teams playing Friday night and the Melrose teams Saturday night.

In the games with Texico, the Bovina girls won by a 37-21 score and the Bovina Mustangs won 63-45. The Bovina girls built up their lead throughout the game. The halftime score was Bovina 21, and Texico 10.

Lillian Young was high scorer for Bovina with 16 points, while Donna Smith counted for 10. Barbara Caldwell led the Texico scoring with 8 points, while Phyllis Tucker scored 7.

In the boys' game, they got off to a slow scoring start with the first quarter score 8-7 in favor of Bovina. Texico kept the score pretty even and had the lead several times during the first half.

Half time score was 20-16 in favor of Bovina but during the third period Bovina started to pull away and led 38-29 at the end of that period. They went on to score 25 points during the final period while Texico could only hit for 16, for a final score of 63-45.

Darrell Read of Bovina led the scoring, hitting the bucket for 14 points, while Larry Ezell scored 11. J. B. Taylor led the Texico attack with 9 points with 7 of them coming from the free throw line. Kenneth Doolittle and Jimmy L. Moss each scored 8 points.

On Saturday night the Bovina Mustangs and "B" team split the double bill with Melrose with the Melrose "B" team winning 47-40 and the Bovina Mustangs winning over the Buffaloes 69-61.

The "B" game was pretty close most of the way with Melrose leading 13-12 at the first quarter and Bovina coming back to lead 19-17 at the half. Melrose began to pull away during the third quarter and led 34-26 at the end of that quarter.

They got about 12 points ahead mid-way in the last quarter before Bovina came back to within 7 points of them as the game ended. Kenneth Wade and Allen Hightower paced the Melrose team with 10 points each while the scoring honors were taken by Billy Richards of Bovina with 12. Ted Walling scored 10.

The main event of the evening was a close game all the way and was a hard-played one with a lot of fouls being called; a total of 46 for both teams.

Bovina led 20-11 at the first quarter but Melrose came back to score 17 points during the second period while holding Bovina to 10 for a half-time score of 30-28. Bovina outscored Melrose in the last half 39-38 for the final score of 69-61.

Big Milton Barron of Melrose was the top scorer with 26 points but the consistent hitting of the Mustangs proved to be the difference in the game. Don Owens and Danny Pounds led the attack with 14 points each while Larry Ezell hit for 12 and Neil Smith for 12.

Judy Means had several of her friends out to her grandmother's home on Friday night to enjoy a slumber party. Those enjoying the fun and the late hours were Betty Mae Stevens, Dianna Henson, Christine Wasson and Jacquitta Perkins.

BOVINA METHODIST NEWS

Sunday Worship
Rev. Walter G. White will preach at both worship services Sunday, and his topic for the morning service will be, "Power from the Holy Spirit of Prayer." In the evening, White will preach on the topic of "Samson," which is a continuation of a series of sermons on Biblical Characters selected by the congregation. The choir under direction of Mrs. Bedford Caldwell will present the sermon in song.

Other Services
The Church School hour beginning at 9:45 a.m. will find an opportunity for you to study and learn the Christian Way of life. The door of opportunity swings open at the Bovina Methodist Church for anyone who desires to learn "the truth, the way, and the life" of the Lord Jesus Christ. Regardless of your age, there is a class open to you at the Bovina Methodist church.

MYF Has Guest
Last Sunday evening, W. H. Willoughby, school superintendent at Bovina, was the guest speaker for the evening Methodist Youth Fellowship Hour, and spoke to the youth on the topic, "I Believe in God and Christianity." Next Sunday evening at 6:30, Bedford Caldwell will be the speaker and the theme of his subject will be, "I Believe in Worship." Every young person in our congregation will want to participate in this series.

Men To Hear Foote
Several men from the Bovina Methodist church are driving to Amarillo Friday evening to attend the Methodist Men's Dinner at the San Jacinto Methodist Church in that city. Dr. Gason Foote, minister of First Methodist Church in Fort Worth, Texas is to be the guest speaker. Among those going are: J. T. Hammonds, Earl Stevenson, Jimmy Charles, Vernon Estes, Bedford Caldwell, H. J. Charles and Rev. W. G. White.

Study Club To Make Mother's March

The ladies of the Bovina Woman's Study club are making plans to sponsor a Mother's March in connection with the March of Dimes this year. The Mother's March has become popular over the nation as a means of collecting money for the March of Dimes.

The Mother's March in Bovina will be conducted on the night of January 29th between the hours of 7 and 8. They will sound the fire siren at the beginning of the March and everyone who wishes the ladies to come by his home and pick up his donation are asked to turn on his porch lights.

The club has appointed various committees for the rural areas around Bovina and they will make their drive sometime before that night. They will notify the people in these areas of their plans in the near future.

Harold Lowrie To Be Home From Korea

Harold Lee Lowrie will arrive in the states Sunday, after serving with the army in Korea, according to word received here by his wife. He will receive a 30-day leave, then will be stationed at Doe Air Force Base in Bangor, Maine. His wife and son will accompany him there.

Girl Scouts Conduct Drive

The Bovina Girl Scouts have been conducting their annual finance drive for the past week and will continue for about another week. J. T. Hammonds is chairman of the committee with Allen Cumpston, Curtis Huggins, Eddie Redden and Vernon Estes also serving on the committee. Anyone who has not been contacted and wishes to help with the Girl Scouts may contact one of these men.

Mrs. E. C. Berry who is program chairman of the Girl Scouts is making plans for a program to be presented in March for the PTA by the Girl Scouts.

Mrs. C. M. Huggins, local board chairman, has received word that she is to serve on the Coronado Girl Scout Area Survey Council.

Money Taken From Polio Container

There is someone in Bovina who is a little richer since Sunday but town people don't see how they could enjoy anything that the money could buy. The money was taken from the test tube on the March of Dimes poster in the Post Office sometime Sunday.

Officials didn't know how much was in the tube, but there was considerable change in it. "We have heard of several of the test tubes being emptied of their money around the vicinity and we can't understand how anyone could take money that has been given for such a worthy cause, knowing that it might mean the possibility of a vaccine for the dreaded disease. We hope that whoever took the money will put it back in a test tube so that it may be used for this purpose."

Bovina Lions Play Host To Friona

The Bovina Lions met in a regular meeting on Monday night. They had twenty-two members present and four visitors from the Friona Lions Club who brought the program. They showed some slides of farms and irrigation in Parmer County. Dr. Paul Spring gave a talk on the new hospital that is being planned and showed sketches of the proposed building.

The next regular meeting of the Lions Club will be ladies night when the wives of the members will be invited. The Lions Club is making plans to get their project of providing glasses for underprivileged children started in the near future.

Activities Given For The School

The seniors have been taking pictures the last two weeks at school completing work on their annual for this year. Last week, they made pictures of the various class favorites, football queen and other specialties. On Tuesday of this week, they were completing the picture taking with pictures being made of the FHA club, the FFA club, the band, the various basketball and football teams and other group pictures. Mrs. Ellison is sponsor of the senior class and annual sponsor.

The second semester of the school year began last Monday. They have not compiled their enrollment for the second semester, but they estimate it will be around 330. They are offering three additional courses in the high school for the second semester. Commercial Law will be offered by Mrs. Oattie Ellison, shorthand will be offered by Mrs. Lee Roberts and a survey course in chemistry will be offered to those students who expect to go to college.

Rev. Virgil Goodwin Accepts Pastorate

Rev. Virgil Goodwin of the First Baptist Church of Gould, Oklahoma has accepted the pastorate of the First Baptist Church in Bovina and will move to Bovina the first week in February and will begin his work here on the first Sunday in February.

Dr. Herbert Bergstrom of the Chair of Bible at the Eastern New Mexico University of Portales filled the pulpit at the Baptist church on Sunday. He and his wife and children, Jimmy, Judy and Sarah Nell spent the day visiting in the home of some old friends, Mr. and Mrs. A. D. Cumpston and children. Also enjoying the day were Mr. and Mrs. A. L. Kerby and Paula Kay. Dr. Bergstrom will also fill the pulpit next Sunday. On January 31, Rev. Bobby Jackson, who is attending Hardin-Simmons University in Abilene will have charge of the services.

Visiting the home of Mr. and Mrs. J. D. Stevens and children on Sunday were Mr. and Mrs. E. M. Waggoner and children and Mr. and Mrs. Paul Keko and children of Rheola.

SPRAINS ANKLE

Nancy Cumpston, daughter of Mr. and Mrs. A. D. Cumpston, suffered a severely sprained ankle, when she jumped off a hay stack Saturday morning at the Vernon Estes farm. She was taken to Clovis Sunday for medical treatment and she will have to have her leg put in a cast this week. They will put a walking cast on her leg and she will be able to return to school in a few days.

BEGINS REVIVAL

The Pentecostal Holiness church is starting a revival in their church on Sunday night, Jan. 24th. The revival will be in progress for two weeks with Sister Borger of Frederick, Oklahoma bringing the messages each evening at 7:30 p.m. Everyone is extended a cordial invitation to attend any of these services.

Mrs. Sudderth Leads Program

Bovina Woman's Study Club met Thursday in the home of Mrs. O. D. Bingham with Mrs. A. L. Glasscock as co-hostess. Mrs. William Thornton presided over the business meeting at which time they completed plans for their Mother's March.

Their program for the afternoon was "Potential Uses of Atomic Energy." Mrs. Billie Sudderth was the leader for the afternoon. Mrs. H. D. Bradshaw spoke on the use of atomic energy in medicine, Mrs. A. L. Hartzog on its use in industry and Mrs. David Carson on its use in farming.

Willie Williams left on Sunday to go to Dallas where he will attend market.

refreshments were delicious and the treats bountiful as well as beautiful. We surely appreciate your effort, love, and care.

Thanks again to each of you. It was a wonderful party. Thanks also to the pupils and their parents for the lovely gifts showered on the teacher at this Christmas time.

With pleasant memories of our Christmas vacation we have settled down to our work with good resolutions for 1954. Once again we are travelling cross-country with the pages, enjoying Greek myths and fables, and learning new skills in arithmetic.

We have begun our science course and are looking forward to learning many interesting things about the world in which we live.

FOURTH GRADE Mrs. R. B. Tucker

It is really restful to get back to our home at school.

We enjoyed our vacation, but we are happy to be back together. It seems that the pre-Christmas days were just chock full of fun. Our mothers came to school Wednesday noon loaded down with goodies for us.

Thanks, mothers, for the delicious refreshments and Christmas sacks.

Our Christmas open house was successful beyond our expectations. It was our first attempt at being host to a large group. We had studied and worked hard to be able to present the activity to our parents and friends.

Mrs. Tucker was with us that night, but she took no active part. It was our work and definitely our night. We were each responsible for our guests.

Of course, our fathers and mothers, our very special guests. We registered 97 that night and more came the next day.

By special request, we remained open to visitors until the following Monday.

FIFTH GRADE NEWS Mrs. Kennedy

Our room surely had a wonderful Christmas party. We want to thank the mothers who helped.

We are very busy this week taking tests and getting ready for the beginning of a second semester.

Many of the girls and boys were away to other places of Texas, Oklahoma, and New Mexico, over the holidays.

Ellen Cain is absent this week with chicken pox.

We have enrolled a new pupil this week, Guadalupe Tonnez, who comes from Yorktown. We are happy to have him. This brings our enrollment back to 31 again.

With this news, we send our very best wishes to all of this community for a happy New Year.

SIXTH GRADE NEWS R. B. Tucker

We all had a Merry Christmas and a Happy New Year and we hope everyone else did, too. Tommy Haney, Freida Meeks,

and Clarence Fortenberry have been sick since the holidays.

We are going to be in an assembly Jan. 19. In it we will have the junior band and the sextet will sing.

We are getting ready for the mid-term exams.

SEVENTH GRADE NEWS

We plan to have an assembly program Jan. 19, all come even if it is by us. There will be a singing and perhaps a skit.

The grade-junior high will play in a junior high tournament in February in Muleshoe.

We are busy this week with our mid-term tests and don't feel so good. If we don't speak, you'll know we're studying our lessons.

MORE FRIONA

Mrs. Bud Minor and children of Hereford, spent Sunday with Mr. and Mrs. Arthur M. Drake and girls.

Mr. and Mrs. U. M. Akens of Abernathy visited over the weekend in the Dub Akens and G. B. Buske home.
