## Parmer County Fair Draws Nice Crowds

Parmer County's 11th annual Dairy Show & Fair wound up on Wednesday afternoon in Friona, and in spite of a heavy drop in entries, accounted well for itself by attracting a large number of people during its three-day run.

This was the first year that the fair had been held during the first of the week, which was necessary because of conflicting ac-

tivities. Nevertheless, nice crowds were on hand to view the exhibits and livestock entries, especially on Tuesday and Wednesday. The largest crowd on hand was present when the Friona Chamber of Commerce gave a free barbecue Tuesday evening, and hundreds flocked in to the event from miles around. Most of these later

showed up at the fair. "Entries were lighter this year than ever before," said County Agent Joe Jones, general superintendent, but he expressed pleasure at the quality of the field.

No entries at all showed up for the Guernsey and Holstein divisions, two dairy animals classifications which formerly drew heavy interest.

Little information was available on winners of the parade, which was held yesterday (Wednesday), except that the Hereford band won first place, while Friona's band won second.

Six community exhibits were shown at the fair this year, Rhea winning first place with 651 points. Hub was right behind with 649, Black 643, Bovina 635, Lakeview 623, and Lazbuddie, 575.

Some of the other outstanding winners of the fair: Jim Wells, grand champion bull and junior champion female, Jersey; Ben Jordan, grand champion female, Jersey.

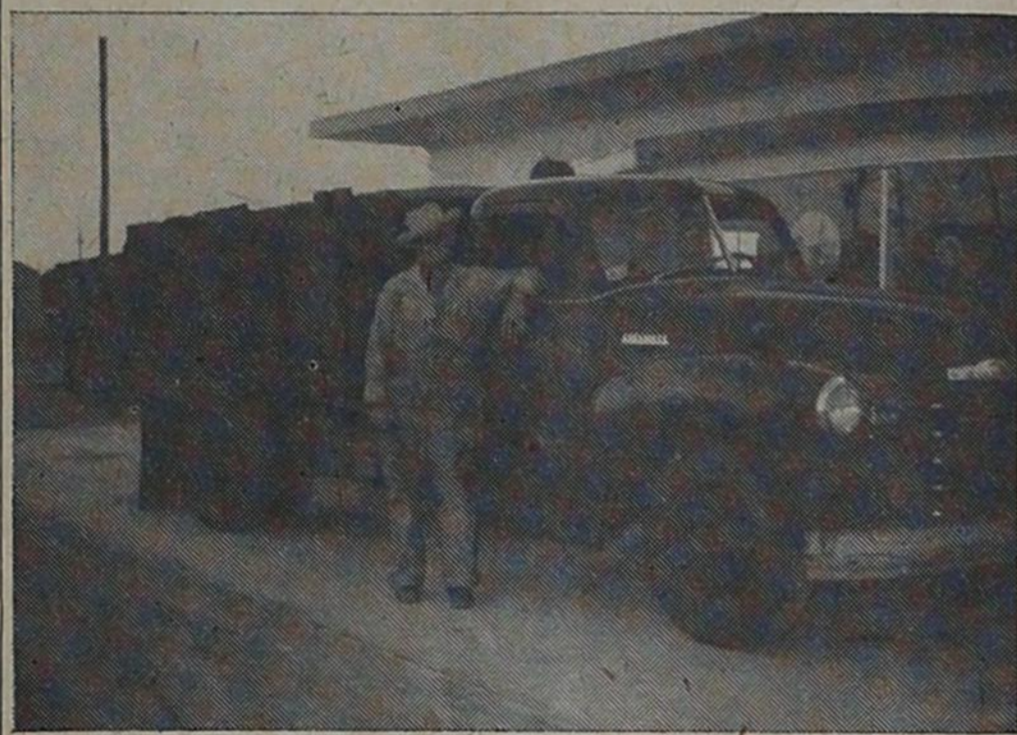

Lenard Burnett, grand champion female, Brown Swiss; John S. and Maxine Thompson, senior champion bull, Milking Shorthorn; John S. and Maxine Thompson and son, junior champion bull and reserve champion bull, Milking Shorthorn; W. H. Flippin, grand champion female, Milking Shorthorn;

F. T. Schlenker, champion bull, beef cattle; Roy Williams, champion female, beef cattle; Friona FFA, grand and reserve champions, beef cattle.

### GRAIN STARTS TO MOVE

The first trickle of what is expected to later become a flood of grain began its move last week. Here is one load, grown by Guy Austin, which was brought in Monday afternoon to Worley Grain of Farwell. Austin reported his Martin's Milo to be making "around 3000 pounds per acre." He farms near the West Camp community.

### Foster Brings First Load at Lariat

Billy Joe Foster, farming two miles south of Lariat, brought the first load of grain sorghums in to that community Friday afternoon, to the Sherley-Anderson Elevator, reports Asa Smith, manager.

Smith said that the grain proved to be really "too wet," and that Foster did not continue harvesting, but that he did bring in one-half a pickup load.

The grain, Combine Kafir No. 60, will make between 3000 and 3500 pounds per acre. It tested 14.82 moisture, and weighed 59 pounds per bushel.

Foster's crop is the first year following alfalfa, which helps account for the good yield.

### TO ISSUE PERMITS

Irrigation well permits are to be issued tonight (Thursday) at the regular meeting of the water district directors, it has been announced.

## Steers Continue Good Season Start With 18-0 Shutout of Melrose Friday

An offensive based on unsuspecting but solid on-the-ground football crunched out an 18-0 win over the Melrose Buffaloes for the Farwell Steers Friday night on the victim's stomping grounds.

For the Steers, it was the second notch in what they hope will be a long string of pigskin victories this fall, and the Buffs were considered to be worthy opponents.

All three of Farwell's touchdowns came as a result of short, powerful ground thrusts. The Steers offense accumulated 300 yards on the ground—and was assessed 150 yards in penalties during the infraction-filled contest.

Not until the second quarter was Farwell able to tally, and it was Don Pool who went over from about 10 yards out. This TD came on top of a sustained down-field push that netted the Steers four first downs.

In the third quarter, Fullback Gene Hardage smashed into the end zone from the Melrose 4, and he again was carrying the pigskin in the last quarter when the third Steer touchdown was made.

No conversion attempts were successful, and the game ended 18-0.

Coach Smoky Cates did little experimenting with his aerial of-

## History in Making For Citizens of Texico

The next two or three weeks are almost certain to include some history-making days for the City of Texico, as a paving project, a water system, and a sewer system will be up for consideration by the city commission, the courts, and the citizens.

Docketed for Tuesday of next week in the New Mexico Supreme Court will be the case of the Texico paving, a public project deadlocked between two factions, one of which says paving will result in confiscatory taxes, one which says it will not.

Involved in the dispute are about 20 blocks of paving in the residential areas of Texico, which would cost around \$50,000 if in-

stalled. This sum would be retired through paving certificates issued against property holders who would have the amount their paving cost them charged off in the form of taxes.

If the measure goes through, they would be allowed to use up to 10 years to pay for the paving, and a small down payment would be required. They also would have the option of paying cash for the paving, which would likely cost between \$4 and \$5 per running

### Furniture Mart Has 7th Birthday

The Texico-Farwell Furniture Mart, owned and operated by Mr. and Mrs. Ben Smart, will observe its 7th anniversary this weekend, and is having a special sale in conjunction with the event.

During the sale, persons who visit the store will make themselves eligible to win a Dulaney platform rocker, a table, lamp, or a large living room picture, (to be given away Sept. 18).

Smart says that it will not be necessary for anyone to buy anything or be present when the awards are made to be eligible to qualify for the prizes.

In addition, all day Saturday (September 18), free coffee and doughnuts will be served at the store in Texico, and pop and bubble gum will be passed out to the kiddies.

"We want to say thanks to every one who has helped us so much," said Smart, who started the business in 1947 with two other partners: John McCauley and J. B. Sudbury.

Smart bought their interest one year later and the store has been a family-operated project since that time. Jim Bob Smart became associated with the Furniture Mart as office manager 4½ years ago. "Pop" Smart, Ben's and Jim Bob's father, became foreman of deliveries four years ago. The Furniture Mart owner says that the store regularly sells furniture and appliances within a 100-mile radius.

### Farwell Exes Begin Reunion Plans

Officers of Farwell Ex-student Association will meet Monday night to make initial plans for the annual homecoming.

## Driver Education Is Popular Course

One of the most popular courses offered in many schools of today is one that Dad and Mother, who grew up next to the old blue-back speller, never heard of. It is usually called driver education.

Both Texico and Farwell Schools make this course available to their students, and both report big enrollment and high interest. At Texico, the course is known as safety education.

In the top picture is shown the Texico group, in the lower, the Farwell class, both of which have been given special dual-control cars by Max Meadors Company of Clovis. The instructor, who sits in the right front seat, is able to release the accelerator or apply the brakes if necessary while instructing students to drive properly.

Texico enrollees include Shirley Doshier, Sue Doolittle, Rex Harris, Howard Leavell, Leon McDaniel, John Peterson, Lester McDaniel, Bobbie Spears, Anita Tharp, Weldon Bell, Alexander Brown, Alfred Doshier, Joe Glaze, J. C. Kelley, Dick Lockhart, Marvin Pendergrass, Jimmy Don Moss, Jerry Johnson, Roy Thornton, Nadine Thornton, Ronald Hutson, Georgiana Weisler, Ray Tadlock, and Wayne Hagler.

John Adams and Curtis Miller, instructors, are at the right of the car.

At Farwell, students taking driver education include Shirley Far-

## Wheat Included For Re-Allocation

Re-allocation provisions which operate in a fashion quite similar to the ones used for cotton acreages this year are now applicable to Parmer County wheat, announce officials of the county ASC office.

Forms for releasing unused acreage, or for applying for additional acreage, are available at the office in Farwell.

Aubra Ellison, president of the Parmer County Farm Bureau, this week cited this as another accomplishment directly attributable to work of the Bureau, and said the plan for this provision originated within the county itself.

A request for such a re-allocation measure was included in the resolutions of the 1953 county Farm Bureau group, and from there the work passed through the State

Farm Bureau on to the National FB in Washington.

It was only very recently brought to light by renewed efforts of Ellison and Texas FB President Walter (Continued on last page)

## BACHELOR LOSES LONG FREEDOM

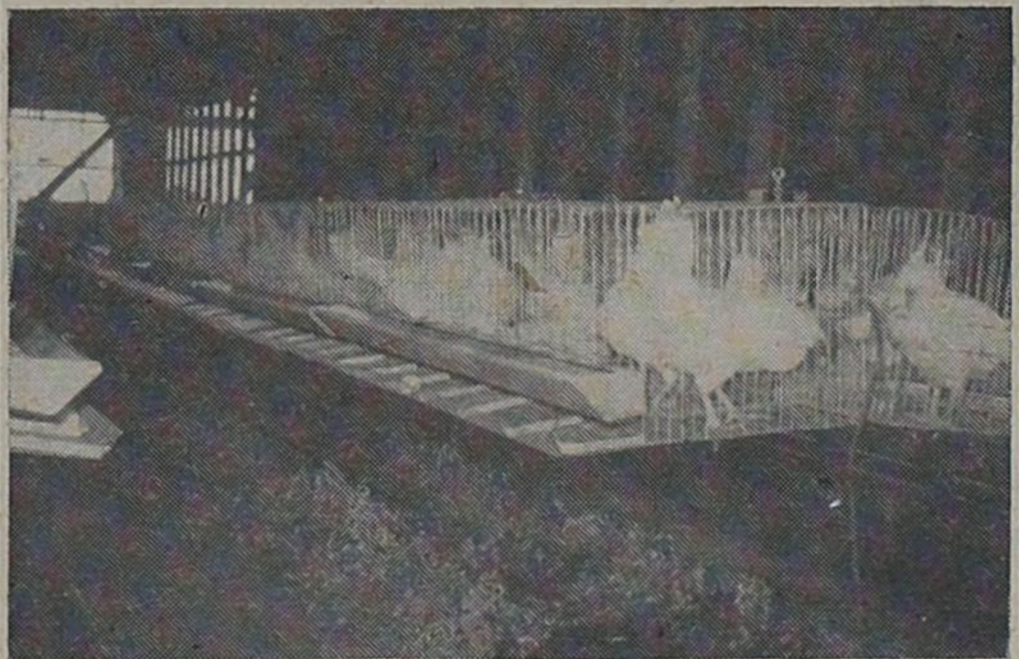

Parmer County's outstanding crop of eligible bachelors was reduced by one last weekend, when Melvin Sachs, prominent Rhea farmer, fell to the wiles of a woman and took her for his wife.

The rites were read at Austin Saturday afternoon at 4:30, in the Trinity Lutheran Church His bride was Mrs. Esther Wagner of that city.

Mrs. Albert Drager, Rhea correspondent for The Tribune, sent in the electrifying news this week. Still known to be at large are Joe Jones, Charlie Christian, Raymond Euler, and Charles Allen. Steve Bavousett succumbed only recently.

Of course, Melvin knows that we're only kidding, and we join with the fine people of his community in wishing he and his bride the best of luck.

### THEY AIN'T ROOSTERS, BUD...

Here is a partial view of a caged hen project on the Anthony Jesko farm near the old Twin Houses location west of Lazbuddie. The Jeskos are enthusiastic about the prospects of this project, and have encouraged their neighbors to look into such a plan.

## Caged Hens Said To Be Coming Industry On Farms and Ranches on High Plains

A noticeable agricultural trend in this part of the High Plains during the past few years has been a breaking away of farmers from small units of hogs, poultry, swine, and in some instances, cattle.

Almost complete specialization in "land" farming—growing cash crops—has taken precedence over the old "cow, sow, and hen" formula used for many years.

There is mounting evidence, however, that this trend is beginning to break up. Small units are slowly being replaced by big-scale, economical, scientifically-operated projects in the fields which formerly were being

squeezed into the background by crops.

One of the most noteworthy developments, and one which is rapidly gaining momentum, is the caged hen operation. The "caged hen" term is used to define a highly specialized type of egg factory where every means is taken to insure quality and quantity production.

In this type of operation, a number of superior type hens, usually numbering from 100 to 2000, are placed in batteries of cages where they are provided with a constant supply of food and water and con-

## First Cotton Bale Grown by Redwine

The county's first cotton bale for 1954 took ginners by surprise last weekend, as J. C. Redwine, who lives southwest of the Hub in central Parmer County, rolled into the Mills & Fleming gin yard.

For the 536 pound bale, Redwine received a bid of 50 cents per pound from the gin, in addition to a \$25 reward from the Friona Chamber of Commerce.

About 800 pounds of cotton seed were taken from the load, on which he will do all right on, too, as seed is currently selling for \$63 per ton. To top it off, Mills & Fleming ginned the bale for free. It was then hauled into Friona to be put on display on Main Street.

Redwine brought the cotton in Saturday afternoon about 5:30. He had used about 15 hands to pull bolls for the first bale, and it took the group about four hours to get enough.

The bale was graded strict middling 29/32.

## John Glover, Bovina Pioneer Passes Away

Last rites for John R. Glover, well-known, Bovina pioneer, were conducted Sunday afternoon at 3 o'clock from Bovina Baptist Church. Glover passed away Friday night in the hospital at Friona.

Rev. V. L. Goodwin, pastor of Bovina Baptist Church, was officiating minister for services. Steed Funeral Home handled arrangements and interment was in Bovina cemetery. Pallbearers were grandsons.

Glover was born September 17, 1882, and would have been 72 years old this month. He had lived in Bovina for 33 years, and had been a farmer until a few years ago when poor health forced him to retire.

Survivors are his wife of Bovina; three daughters, Mrs. Ervin Bryant of Amarillo, Mrs. Amos Steelman and Mrs. Ernest Englant of Bovina; also three sons, Orvel Glover of Tatum, N. M., Jimmie Glover of Amarillo and Johnny Glover of Hatch, N. M.

## Sinclair Gets First Grain at Friona

The first reported load of 1954 milo arrived at Friona Wheat Growers Thursday of last week. It came from the farm of B. E. Sinclair, 14 miles southeast of that city.

The Martin's milo, which had been "irrigated one time," was yielding 2400 pounds per acre. It tested 13.3 percent moisture, and weighed 59 pounds per bushel.

The first load in 1953 also arrived on Sept. 9, reports Arthur Drake, manager.

## Lovlace Grain Lease Completed

The completion of negotiations for the leasing of Lovlace Grain & Seed to the Lone Star Elevator group was announced this week by Bob Brooks, who will manage the firm here.

Along with this announcement, Brooks revealed that Bill Dollar, a former student of Farwell Schools, has been named as superintendent of the elevator.

### Church of Christ Starts Meeting

A gospel meeting is scheduled to begin at the Lariat Church of Christ on Sunday, September 19, with W. B. Andrews of Dallas as visiting speaker.

The meeting will last through Sunday, September 26, and services will be held twice daily at 11 a. m. and 8 p. m. Wiley Baker will be song leader.

# THE TRIBUNE'S EDITORIAL COMMENT

## Annual Wage Wrong For Good of America

Walter Reuther, president of the Congress of Industrial Organizations (CIO) and the United Auto Workers, is setting his sights on another fat watermelon for the people he represents. Word is out that he will ask Ford, General Motors, and Chrysler Corporations for a guaranteed annual wage for workers when their current contract expires next year.

This means that the industry would be forced to guarantee employees their pay for one year, regardless of business slumps, tooling delays, or unforeseen interruptions in production.

Such a proposal is dangerous. If you would read a little pamphlet we have that tells how America can peacefully attain socialism, you would know why.

But you don't need anyone else's help to see the fallacy of such reasoning as Reuther's. Finally, we have apparently reached an end to inflation. The dollar is getting back its old ring.

What do you think such an agreement as this would do to the economy of the country? What effect could it have on the price of the multitude of things produced by these three great firms? What precedent for all labor do you think would be set? How would YOU, as a farmer or businessman, like to hire a man and guarantee him a year's wages even though your business is later beset by some unavoidable calamity?

## Youth Needs Supervision

The increasing tempo of teen-age boys and girls involved in major crimes in this country should be a warning signal to every parent. Records of many cases have shown that more and more trouble-youths are coming from "good" homes—that is, their parentage is middle or upper middle class, and not "slum" as is often thought.

Every parent should reexamine the relationship between himself and his (or her) child to determine if there is some area in which the child could be helped through an understanding mother or father.

Providing good playgrounds and parks and supervised recreational programs is certainly commendable, but it is only part of the job. Depending upon the public school, or the Sunday School teacher, or the PE leader to guide children along paths of morality is not sufficient. Supervision, love, and understanding is needed in the home as well.

## Local Lions Hear Cotton Talk

Members of the Texico-Farwell Lions club got their eyes opened on some interesting facts about cotton Thursday evening, when 25 of them heard Earl Sears, field representative of the National Cotton Council, speak at the Legion Hall.

Sears, who works out of Lubbock, discussed the over-all cotton industry picture. He explained competitive fibers such as rayon, nylon, orlon, and paper, and illustrated what the capabilities of each were.

"The cotton industry is dependent upon consumption," he told his audience as he listed three ways of increasing consumption:

1. To improve the product.
2. To expand sales effort-advertising.
3. To offer a better price.

Possibilities of each category were then developed in an interesting manner, including several colored illustrations. Sears noted that America is raising consumption at home, but is losing out pretty badly in foreign trade.

The speaker was brought here through invitation of Pat Patrick of Roberts Seed Company. The two men are long-time friends.

Present Thursday evening as guest were Dr. M. F. Green, Jim Grisham and Joe Jones.

## Texico Chamber Of Commerce To Elect Officers

The nominating committee of Texico Chamber of Commerce met Monday night, in preparation for the election of officers to be held October 18. Mayor Ira S. Levins gave a report on the engineer's feasibility report on the new sewer and water system for the city, to members of the Chamber.

Several new members were present for the meeting of the group.

## Anita Moss Returns Home from Hospital

Miss Anita Moss, who has been hospitalized for over a week as a polio suspect, was returned home Tuesday, and her mother reports that her condition is excellent. She is the daughter of the Jim Mosses.

Anita will be allowed to be out of bed part of the time, and if her condition continues to improve rapidly, she will be able to go to school for a half a day Monday and Tuesday. After another check-up, physicians will then determine if she may return to school full time.

Her mother reports that she has no stiffness at all, and with lots of rest, they feel that she will soon be recovered.

The Moss family expresses appreciation for the many kindnesses and consideration for Anita, while she was hospitalized. Especially do they thank friends for the flowers, gifts, cards and other remembrances.

## Letters to the EDITOR

Dear Mr. Graham, Would you please send us a copy or two extra, if you have them, of last week's paper. I'd love to send it on to Oklahoma for our little German girl to take with her to her home in Hamburg.

Rudolph, myself, and Mr. and Mrs. Paul Helmke of Hereford took her back to Shattuck last Saturday a week ago. They had a family reunion of the Renners at Rudolph's aunt's place under their beautiful trees.

There were 86 cousins and families there, some we hadn't seen in 30 years, and some we had never seen. It was a wonderful day. Our guest, Bianca Wilhelm, will leave the 19th and sail on the 24th. But she is looking forward to coming back to the States in May when they can stay.

The write-up was really cute. Thanks a million.  
MRS. RUDOLPH RENNER  
Frona, Texas

Dear Sonny, We just got back from taking one of our daughters to Tucson to go to school. Didn't see as much crop growing in 1215 miles in Mexico and Arizona as there are in 40 miles of Parmer County (unless cactus is classed as a crop).

The best part about a trip away from this irrigated district is coming back.  
Your truly,

## Lavoyda Billington Home From Hospital

Miss Lavoyda Billington, daughter of Mr. and Mrs. Sterlyn Billington, who has been recuperating from severe injuries received in an automobile accident, was released from the hospital Saturday and returned to her home here.

Although she is unable to be up, her parents report that she is improving steadily, and can now walk with assistance. Her right leg is doing well, and her right arm is better although not completely recovered. The young lady had partial paralysis in the two limbs for a while.

A few visitors are allowed to visit Miss Billington, although company is limited. She is required to have lots of rest.

The Billington family expresses deep appreciation for the prayers of the community which have so greatly helped them. They also asked that all friends accept their thanks for the beautiful flowers, the gifts, cards and all the kindnesses extended to Lavoyda and the family.

"So many wonderful things have been done for us" says Mrs. Billington, "and we know the Lord will bless you for it."

## Smart Politics?

Senior Senator Sam Rayburn, who has been in the house of representatives long enough to know better, is not drawing people closer to the Democratic fold by spouting off as he did in Fort Worth last weekend.

Sam should have been in Texas for the recent governor's race. He would then know that Texans—and a good part of the nation along with them—have had their belly full of negative politics in the past few months.

Instead of hearing how "ineptly" the Republicans have handled the affairs of this nation, we want to hear what the Democrats have done. Being constructive instead of destructive will attract friends that the Democratic Party sorely needs at the present time.

Surely the 1954 Democratic election campaign can be based on a more positive theme than the one introduced by Sen. Rayburn.

The recent hurricanes along the eastern coast of the United States have again illustrated the sometimes dimly seen blessings of living on the High Plains. What are a few measly late winter and spring sandstorms compared to a hurricane, or a forest fire, or an earthquake, or smog?

## Dist. Farm Bureau Meeting Set

Farm Bureau leaders in Texas will gather in 13 district meetings this month to discuss current issues and lay plans for developing new FB policies for next year.

Parmer County representatives will attend the meeting in Lubbock, September 18, at the Lubbock Hotel, starting at 10 a. m.

State and national issues affecting farmers and ranchers will be discussed, according to J. Walter Hammond, Texas FB president. In a letter to county leaders urging them to attend, Hammond called their attention to the fact that the Texas Legislature would be meeting next January with several vital issues expected to come before the lawmakers.

"There will be an intensive effort to increase the funds provided for road building, which will involve a new source of revenue," Hammond stated. "Some of the proposals to raise this additional revenue will be an increased tax on gasoline, abolishment of the tractor gas refund, a tax on natural gas, a state sales tax, or a state income tax."

As for national farm issues, the state farm organization leader said that the problem of diverted acres is one of the most serious facing agriculture.

"Developments would indicate that farmers may be deeply concerned with reference to regulations pertaining to diverted acres," Hammond said.

Speakers at the meeting will be C. H. DeVaney of Coahoma, vice-president of the Texas Bureau; and O. R. Long, Nashville, Tenn. He is southern region organization director for the AFB.

A highlight of the meetings will be the district queen contests. Winners will receive a wrist watch, a week's stay at a resort hotel and an expense-paid trip to the state convention. The state queen will receive an expense-paid trip to the AFB convention in December in New York.

## Four Lions Go To Fort Sumner

John Getz, local Lions president; Tom Wagner, secretary; and Nelson Smith, past president; were in Ft. Sumner Tuesday night to attend a zone meeting. Towns represented were Clovis, Texico-Farwell, Portales and Ft. Sumner.

Object of the meeting was to discuss problems relating to membership, finance and activities. The president of the Pecos Valley Lions of Ft. Sumner was host to a dinner in his home.

## Tentative Date Set for Convention

Tentative date for the annual Farm Bureau county convention was set for Saturday, October 9, at the regular meeting of the directors of the group Monday evening.

Instead of an evening banquet, the group has decided to have an all-day meeting with a noon barbecue. No program details have yet been planned.

## Letter to McCarty Accepted by Court

A letter containing five suggested farm-to-market road projects for Parmer County, and addressed to S. C. McCarty, district highway engineer at Lubbock, was written into the minutes of the Commissioners Court Monday morning.

It was passed over the vote of Forrest Osborn, commissioner of Precinct 1, who did not sign it as did the three other county commissioners.

A motion to have the instrument recorded in the minutes of the court was made by Henry Ivy, Precinct 4; and seconded by Charles Jefferson, Precinct 2. Those two, along with Earl Billingsley, commissioner of Precinct 3, voted in favor of the motion.

## Officials Elected To Head Classes

Organization of classes for Farwell Schools has been completed, and officers and adult sponsors have begun duties.

To head the seniors is Doyle Ford, president; assisted by Don Geris, vice president; Carolyn Huffaker, secretary; Don Pool, treasurer; and Gloria Dial reporter. Sponsors are Mr. and Mrs. Herman Milford and W. M. Roberts. Initial plans were made for the school annual and the group decided to sponsor the concession stand at football games. The class members have also received class rings.

Officers for the junior class are Troy Christian, president; Linda Kube, vice-president; Elaine Magness, secretary-treasurer; and Jimmy Schell, reporter. The members made the order for class pins and rings. To sponsor the group are Calvin Murray and Mrs. Kenneth Fields.

Jerry Henson is president of the sophomore class and Mary Ann Walls is vice-president. Cora Sue Atchley will serve as secretary-treasurer and Angela Williams reporter. Robert Morton and Mrs. Erma Jones are sponsors.

Freshmen officers are Glen McDorman, president; Mitchell Walls, vice-president; Rebecca Foster, secretary-treasurer; and Naomi Hubbell, reporter. Mr. and Mrs. Carol Cates are sponsors.

## FFA Boys Are Hosts Monday

Second annual ice cream supper for Farwell FFA boys, their parents and the high school faculty, was held Monday night at the school. Homemade ice cream and cake were served to the attendees.

The FFA opening ceremony began festivities, and Gerald Hardage gave the invocation. After the food was served, Chas. Phillips, James Norton and Jimmy Schell presented musical numbers. Mrs. Erma Jones accompanied a boys' quartet, made up of Glen Lee, Gene Hardage, Don Geris and Dick Felts.

Activities planned for the year were reviewed by Truitt Hardage. Included are father-son barbecue, ag trip, feeding of hogs on the agriculture farm, entry in leadership contests, two parties, the El Paso stock show as the major show to attend this year, and the local FFA Stock Show.

Don Geris then summarized the supervised farm program that the

boys will carry out this year. Delegates of the local group and Robert Morton, instructor, will be in Muleshoe September 23 for a district meeting.

## Texico Softball Game Rained Out

House seems to be a long way to travel for a softball game, especially when one gets there to find it had been rained out. That's what happened to the Texico boys and girls when they went to House Friday night.

The game probably will not be played unless a playoff is necessary for the traveling trophy.

The meeting is set for 8 o'clock in the evening at the home of the president, Smoky Gast. Gast urges all exes who have any ideas for a good reunion, or any ideas for the program, to please attend the meeting also.

# SPECIAL NOTICE

We take sincere pleasure in announcing that Lone Star Elevators has taken over operation of the Lovelace Grain & Storage in Texico-Farwell, effective immediately.

It is our desire to take this means of introducing ourselves to you, and allow us this opportunity to extend to you a personal invitation to drop by the office any time it may be convenient for you, in order that we may make a personal acquaintance.

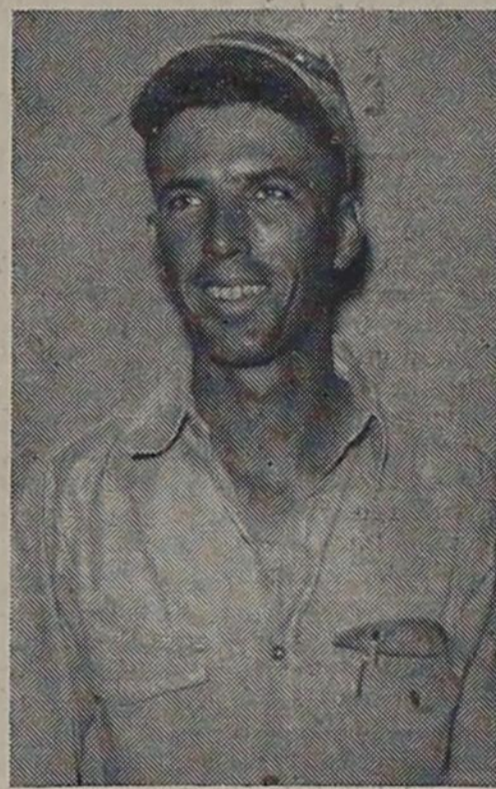

My name is Bob Brooks. I have been in this community as manager of my company for only a short time, but already I have come to know and respect many fine people. Please give me an opportunity of serving you whenever possible.

Although we are new in the Texico-Farwell Area, we certainly are not new to the grain business, and we are sure that you may expect--and will receive--qualified handling of your grain business when dealing with us.

We believe in the future of this part of the High Plains, and are happy to become a neighbor of yours.

**AGAIN, WE HOPE YOU WILL COME BY AND SAY HELLO WHEN IN TOWN**

Most of you already know me—Bill Dollar—but I want to introduce myself in my new position, which is superintendent of Lone Star Elevator of Texico-Farwell. It will be a pleasure for me to work with both my old and new friends here.

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Farmer County at the Courthouse thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of October, A. D. 1954, to Plaintiff's Petition filed in said court, on the 2nd day of September, A. D. 1954, in this cause, numbered 1733 on the docket of said court and styled THURMAN TUTSMAN, Plaintiff, vs. THE CAPITOL FREEHOLD LAND & INVESTMENT COMPANY, LIMITED, ET AL, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings this suit in trespass to try title, alleging that he is the owner in fee simple of All of Lots 1, 2, 3, 7, 8, 9, 13, 14, 17, 18, 19, in Block 7, All of Lots 7, 8, 9, 17, 18, 19, 23, 24, 25, in Block 10; All of Lots 10, 11, 17, 18, 19, in Block 11; All of Lots 7, 8, 9, in Block 20; All of Lots 13 and 14, in Block 21—all in the Original Town of Farwell, Farmer County, Texas, and that on or about the first day of August, 1954, the Defendants unlawfully entered upon such land and ejected Plaintiff therefrom and wrongfully withhold possession from such Plaintiff; and Plaintiff further sets up and pleads the 5- & 10-year statutes of limitations, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates issued, and make due return as the law directs. Issued and given under my hand and the seal of said court at Farwell, Texas, this 2nd day of September, A. D. 1954.

Attest: Loyde A. Brewer, Clerk, District Court, Farmer County, Texas. By Bonnie Warren, Deputy.

# Old Stove Round-up Time At your GAS appliance dealer's

Two full-size ovens in the RCA Estate gas range provides ample capacity for the biggest company-coming dinners. Both ovens offer famous Balanced Heat, uniform heat, wall to wall, top to bottom, that ends pan-shifting and guesswork. Cakes, biscuits, pastries come out beautifully golden-brown every time. Both ovens have lights, and windows at "eye-angle" height to permit peeking without stooping.

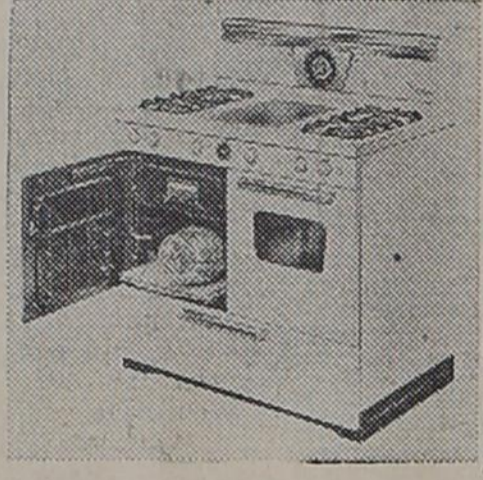

Company coming tonight? The new automatic RCA Estate gas range has two full-sized ovens just the right size for the biggest company-coming dinners. Both ovens offer famous Balanced Heat—uni-

form heat, wall to wall, top to bottom that ends pan-shifting and guesswork. Cakes, biscuits and pastries come out beautifully golden-brown every time.

Besides the two full size ovens, RCA Estate has the Fingerlift Broiler. A finger's touch on the bright-red handle easily adjusts the broiler pan to five different heights. The broiler pan is comfortably lifted out without burning arms and fingers.

The popular griddle with flush-to-top cover, which is convertible to a super-giant cooking unit, gives foods that true grilled flavor. Draining fats into the reservoir at the front, the Grid-All gives distinctive "greaseless" flavor, ideal for fruit or vegetable slices, muffins, crepe suzettes, pancakes or onion rings.

All four top burners are of the center simmer type, providing complete flexibility of heat, positive adjustment, and even heat distribution. With the burner turned full on, it gives a high flame on both inner and outer rings. Turned back to first "click" the high flame on center burner only, provides a cooking heat. Second "click" turns down center flames to tiny beads—the ideal "keep warm" heat, with many other cooking speeds between each position. For easy cleaning there are the bright-finish one-piece burner bowls and drip-rings.

Florence Stove Company introduces for the first time its new Roto-Broilercue, which is a removable unit for use in the broiler compartment of the 40-inch range line.

Now you can barbecue meat on the spit right in your own kitchen! Steaks, fowl and roast can be bar-

becued with no effort. You accomplish this trick with the Roto-Broilercue—one of the latest features on the Florence gas range.

Florence Stove Company says that any roast that is tender enough for the oven can be used on the rotisserie. And, for fowl, the company advises that the fowl be cleaned and dried well, inside and out, and seasoned inside with salt and butter or any other seasonings before broiling.

Another of the newest designs in the Florence is the Stow-Away cutlery drawer that is conveniently placed to give quick, easy access to all cutlery. The drawer with divided compartments slides back and forth with the flick of a finger.

Less gas is needed to bring food to the boiling point with the new center-simmer burner which gives all gradations of cooking heat. The burner saves up to 39% on the gas bill.

O'KEEFE & MERRITT'S new Hi-Vue gas range features a built-in periscope so that the busy cook can check her baking at a glance, with no need to open the oven door. The popular Hi-Vue model is now

available in pastel colors as well as red, black or the conventional white.

To most people, a periscope is a device built into a submarine; it remained for O'Keefe & Merritt to build a periscope into a gas range. This latest O'Keefe & Merritt feature is called the "Hi-Vue" oven. The purpose is to permit the busy homemaker to check her baking at a glance, with no need to stoop, no need to open her oven door.

She merely lowers her eyes to the Hi-Vue window, conveniently located above the cooking-top of the range. A clever periscope arrangement of mirrors, in effect, raises the full view of her oven to easy viewing height.

O'Keefe & Merritt Company, the largest manufacturer of gas ranges in the West, is well known as a "pioneer" in the industry, with such improvements as the Grill-elevator broiler, Kool Kontrol Panel and Vanishing Shelf-cover.

We were guests of the George Hills for supper Saturday night so Mary could gauge our reactions on one of her favorite recipes—which is a one-dish dinner. It was delicious, but there was one drawback. Both of the Graham's went back for seconds—and managed to eat just a little too much.

But if you would like to try it, we think this is a nice change for those of you who like beans, but also like variation.

**HAMBURGER CORN-PONE PIE**

- 1 lb. ground beef
- 1/3 cup chopped onion
- 1 tablespoon shortening
- 2 teaspoons chili powder
- 3/4 teaspoon salt
- 1 teaspoon Worcestershire sauce
- 1 cup canned tomatoes
- 1 cup drained kidney beans
- 1 cup corn bread batter (1/2 standard recipe or 1/2 package corn muffin mix)

Brown meat and onion in melted shortening. Add seasonings and tomatoes. Cover and simmer over low heat for 15 minutes. Add beans. Pour into greased casserole. Top with corn bread batter and bake about 425° F. for 20 minutes. Serves 4.

To add variation, Mary sometimes adds green pepper or chili peppers to the dish.

School busses over the country have now begun the task of carrying hundreds of children to and from their studies.

Most accidents could be avoided if motorists would adhere strictly to the letter of the law pertaining to the passing of school busses.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children," says the State Bar Association.

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to \$200 even though no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the rule does not apply when passing a bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

We heard a good one on Gladys Kaltwasser Monday night at ESA meeting. The girls were swapping stories on embarrassing situations and Gladys told of the practical joke a Farmer County fellow pulled on her. Gladys is a native of England.

She was working in town, and hadn't been here long enough to really know the country too well. So this man came in to pay a bill, and asks for a check. "Just make it on the Lazbuddie bank", he instructed. So she looked through her collection of checks, didn't have one on that particular bank, and she efficiently changed another check to read as he wished.

Realizing the joke had gone too far, the customer then told Gladys the terrible truth. There was no bank in Lazbuddie. "He thought he really had a cute joke," laughed Gladys, "but I think he was surprised when I didn't catch on, he thought anyone should know bet-

ter."

Ruby Stone advertised training pants for youngsters in her ad a couple of weeks ago, but upon inquiry, she told us she didn't guarantee that they will train the little ones. They just help, she says.

What we hope NEVER to be: parasite business people with no civic spirit, who take all good things the community has to offer, without giving anything back to the community.

Mrs. Harry Jesko, Mrs. W. H. Graham, Mrs. Albert Thomas, Mrs. James Cox and Mrs. Grace Sanders, drove out to the home of Earl Roberts in Oklahoma Lane last week to admire his prize-winning flowers. While there, they also admired the canary. When his master plays the piano, the bird gracefully renders a solo. He sings mighty well, the ladies relate.

Why go back to high school or on to college? That's a question a lot of youngsters are asking themselves these days, youngsters who have reached the age where the law allows them to quit school.

The Chamber of Commerce of the United States has a bit of firm advice for these young people—stay in school. Perhaps the most appealing reason is that better-educated persons earn more money. A new Chamber study shows that 82 percent of men 25 and over earning \$10,000 or more had high school or college education, while those with an eighth grade education or less received 77 per cent of the incomes below \$500.

But the same study turned up even better reasons for getting an education. It showed that persons with high school or college experience were likely to be more active politically than those with grammar school education, and hence, better citizens. Further, better-educated persons had a stronger belief in the American business system.

In a word, the Chamber study showed that education helps people to be more efficient producers and more able to use and value political and economic freedom. These are the essentials of an expanding, competitive economy under representative government.

Printed here is what we consider an excellent comment on friendship. These are our sentiments, but we couldn't say this half so well as H. M. Baggerly of The Tulsa Herald. Read these words and see if you might see yourself pictured in some of the illustrations.

AMONG ONE'S most valuable assets in a business or in life is friends. We don't mean to be speaking sentimentally. We are trying to be practical. But before friends can become valuable they must be tried in the crucible of time and circumstance.

A PERSON moves into a new community where he is not known. Everybody in that community becomes a potential friend. In fact, his friends are more or less determined by his acquaintances. He goes to church and meets a lot of people. He attended a farm meeting. He goes to PTA. He attends a community party. All these new acquaintances are termed "friends" in the sense of the word.

TIME PASSES, and despite everything one can do, the list of friends dwindles. This does not mean that the person is slipping, that he is lacking in ability to make friends, that he is violating some of the fundamental principles of winning friends. It simply means that the wheat is being sifted from the chaff, that the sheep are being divided from the goats.

It just isn't possible to live a normal, active life and not acquire enemies.

Woe be unto the person "whom nobody speaks evil of."

IN THE FIRST place, it is to one's credit to have some people for enemies.

Personally, we'd hate to have a letter from Malinkov of Russia

**Farwell "B" Team Squeezes By Friona**

In a game colored with several unusual plays, the Farwell "B" football team squeezed past the Friona "B" team 6-0 at Friona Thursday night.

Coach Smokey Cates reported that he "enjoyed the game immensely," although the possible outcome was in jeopardy several times.

Three Farwell touchdowns were called back, one for clipping, and for backfield in motion, and one for too many players on the field.

Darrell Martin returned a kick nearly 100 yards on the score that was called back for clipping. At another time, Cates had sent two substitutes in, but only one came off the field.

"I told Coach Cook (of Friona), that if we couldn't score with 12 men on the field we weren't much good," was Cates' amusing comment.

No real schedule was at stake in the game, but the "B" boys played hard for the love of playing, apparently and spectators said there was plenty of leather-popping on both sides.

The lone Farwell touchdown was scored by Tommy Lovelace.

Cates named Dean Jones, LaVon Jones, Preston Cain, Sam Polk, Tommy Lovelace, and Rolland Hillick as some of the most prominent players for the winners, and he praised the Farwell defense, which held "a rather large" Friona team scoreless during the game.

**Milo at Sherley On September 1**

Although not reported in last week's paper, the first load of 1954 milo arrived at Sherley Grain in Bovina Wednesday, Sept. 1, reports G. D. Anderson Jr., manager.

It was brought in by T. O. Sursa, farming northwest of Bovina about 18 miles. He was cutting 30 acres of 60-Day Yellow Sooner (dryland) which yielded about 700 pounds per acre.

His grain tested about 13 percent moisture.

Anderson estimated that the previous record early date for milo was Sept. 10.

complimenting our writings. We would not even appreciate commendation from such people as McCarthy, Soviet spies, traiters, and a long list of people on the side of whom we have no desire to be.

It's the same thing on the local level. If some people in this community praised us, we would feel that we had been derelict.

SECONDLY, there are many other people who are perfectly all right, but who can't stand the test of adversity. So they fall by the wayside. There are some who will be a friend until one disagrees with them. Then everything is off. There are people in this community who at one time were considered friends. But now we find ourselves on the opposite side of the political fence, and they have turned on us like vipers.

THEN THERE is a small minority of people who stand all tests. Disagreements come up, heated words may be spoken in friendly debate, but beneath it all an abiding friendship prevails. They do not always agree, but they are willing to give the other fellow the same right they demand for themselves.

WE ARE SOMETIMES amazed to find that our best friends, those who will defend us to the end, are staunch Republicans. In fact we know of very few died-in-the-wool Republicans around Tulsa who aren't our friends.

That is the best test of one's bigness in spirit. Consider, if you will, how selfish and unreasonable it is to demand political agreement, as a price for one's friendship.

"I will be your friend if you will surrender your right to think. I will be your friend if you will never disagree with me. I will be your friend if you will always let me have my way."

Silly, isn't it? Not one of us would be guilty of making one of the above statements. Yet some of us, by our actions, imply some of these very things.

WE BELIEVE it is a good thing to try all our friendships in the fire of testing. We believe it is a good thing to burn out all insincere and fair weather friends. We need to know on whom we can depend. This small group who will stand the test are those on whom we can call when we need a friend. They will always be ready to lend a helping hand.

**SUITE SUITS FIRST CALLER**

Putting a classified ad in The Tribune last week produced quick results for Mrs. B. N. Graham of Farwell, who called this week to let us know not to run the ad again.

She was advertising a used living room suite for sale, and apparently, the customers read their paper immediately, as they showed up at the Graham residence the first thing Friday morning. The suite suited them, and they bought it.

Results like this can be yours, too. If you have an item or two in your store room or attic, turn it into quick cash through a Tribune classified. They have Farmer County's greatest readership.

**Deadline Set for Car Inspection**

AUSTIN—Homer Garrison, Jr., Director of the Texas Department of Public Safety, said today that the Public Safety Commission has officially set the dates for the new inspection period for autos under the provision of the State's Motor Vehicle Inspection Act.

Texas motorists must secure the annual inspection of their cars between September 15th, 1954, and April 15th, 1955, according to the Commission Order.

At the same time, George Busby, Chief of the OPS Motor Vehicle Inspection Division, said that the inspectors from his office have filed 106 cases against car owners who failed to have their cars checked during the current inspection period. These, he said, are in addition to those cases filed by members of the Texas Highway Patrol and by various local police departments throughout the State.

Unable to give an estimation of the actual number of violations for which arrests have been made during the 1953-'54 period, Busby said that he "believed the figure to be comparatively low" due to the fact that frequent spot checks indicate that Texans have conformed with the law "almost 100 percent."

**Lubbock Boosters To Stop Briefly**

Several busloads of Lubbock businessmen and a group of special entertainers will be in Farwell next Thursday afternoon (Sept. 23) to renew acquaintances with their friends and to give a personal invitation to the town to attend the Panhandle South Plains Fair in Lubbock from Sept. 27-Oct. 2. The group will arrive here at 12:20 p. m. and remain in town until 12:50 p. m.

While one group of businessmen visit friends in the business district, a second group will go to the schools where they will distribute souvenirs to the youngsters and leave free tickets for all of the students with school officials. All school students will be admitted to the Fair without charge on opening day, Monday, Sept. 27.

Forty-four West Texas and Eastern New Mexico towns will be visited during five Good Neighbor trips planned by the Lubbock group this year. The fifth trip was added this year to allow the group more time in each town.

**Mona McDorman Heads Pep Squad**

Mona McDorman, head cheerleader, will pace the pep squad this year assisted by Carolyn Huffaker, Zella Martin, Shirley Atchley and Mary Walls, cheerleaders.

Costumes for the first will be blue corduroy skirts and white blouses, which are to be completed for the Farwell-Vega game Friday night.

Officers for the pep squad are Ysleta Brown, president; Dean Walls, vice president; Shirley Atchley, secretary-treasurer; Loretta Stancell, reporter.

Backing the Steers as members of the pep squad are the above listed group and Wanda Metcalf, Vera Fern Williams, Fern Tipton, Martha Smith, Merlene Crooks, Joan Meeks, Agnes Meissner, Bobby Metcalf, Shirley Ferris, Linda Kube, Betty Smart, Angela Williams, Lucille Carpenter, Rita Joy Gregory, Wallace Roberson; Also Allen Price, David Willard, Gerald Anderson, Clive Huggins, Truman McKillip, Elaine Martin, Marian Smith, Juanita Martin and Barbara Christian.

**Juniors Open Season Thursday At Bovina**

The Farwell junior football team open its season tonight (Thursday) as they take on the Bovina juniors there. Coach Shelby Jobs hopes to field another successful team for Farwell this year.

**ASSUME DUTIES**

New officers of the American Legion assumed their duties Monday night, with Kirt Crume as commander. Past Commander is John Getz. Five committees were appointed including entertainment, finance, membership, target range and turkey shoot.

**Group Entertained By 4-H Girls**

Texico Farm Bureau met in regular session Monday night, Sept. 13, in the school auditorium. Olan Schleuter, local chairman, called the meeting to order. Minutes of last meeting were read by Barney Harding, secretary. Schleuter gave a report of the county meeting held in Clovis Sept. 13, stating that there were 652 farm bureau members in Curry County at this time. He appointed Mrs. Roger Grissom, Mrs. Barney Harding and Mrs. James Gillean as the nominating committee for the officers for next year. Discussion was held on the fair booth.

Meeting was then turned over to Mrs. James Gillean, leader of the 4-H Club, in which 12 girls took part. Karen Brehm was the announcer. 4-H Club song was lead by Patsy Ruth Fain. Eleven girls gave the 4-H pledge with D'Rand Danforth leading. Joyce Gillean gave a report of her trip to Las Cruces to the 4-H encampment in August.

A play, "Charm; What It Isn't", was given with Mary Ann McDaniel, Joyce Gillean, Sue Reid, Karen Brehm, Judy Adams, Jean Runnels, Patsy Ruth Fain, Jerry Thigpen, Patsy Young, D'Rand Danforth and Priscilla Pichardo taking part.

Miss Zola Watkins of Clovis, assistant county home demonstration agent, gave a report of Texico 4-H girls and their work. She also presented the girls who finished their work with the 4-H pins. One girl, Anita Moss, is in the hospital and did not get to finish her work. Mrs. Leon Marks and daughter, Sandra, of Clovis were the 4-H judges.

Winners were: Clothing I—D'rene Danforth, first; Jean Runnels, second.

Baking I—Pauline Servataus, 1st; Priscilla Pichardo, 2nd; Judy Adams, 3rd.

Baking II—Karen Brehm, 1st. Food Preparations I—Mary McDaniel, 1st; Patsy Ruth Fain, 2nd.

Food Preparations II—Joyce Gillean, 1st. Junior leadership I—Joyce Gillean, 1st.

Clothing III—Joyce Gillean, 1st. Clothing II—Patsy Ruth Fain, 1st; Mary McDaniel, 2nd.

Phillip Christy of Clovis, county agent, showed a film, "Realm of the Wild."

Sixty-one members and 17 guests were present. All adjourned to the luncheon for refreshments of cookies, coffee and pop. '42' and visiting were enjoyed.

**Old-Timers Night Set For Saturday**

"Old-Timers" night is planned Saturday night at Texico Baptist revival which began last week. Rev. Bill Bucklew of Laurel, Miss., is visiting evangelist.

For the special service Saturday night, a pump organ will be used. To further the program, women will wear bonnets and aprons and men will wear overalls. All attendees will sing the old-time hymns, and the older citizens will be recognized.

Rev. C. C. Morgan, pastor of the church, reports large crowds and a "wonderful interest" in the series of meetings. Subjects for the remainder of the revival are: Thursday, "The Marks of the Lord Jesus"; Friday, "If I Were The Devil"; Saturday, "The Old-Time Religions"; and Sunday morning, "The World's Greatest Preacher."

The pastor invites everyone to hear Rev. Bucklew.

**Dukes-Moore Vows Solemnized Tuesday**

Miss Annie Louise Dukes, daughter of Mr. and Mrs. J. Dukes of Friona, became the bride of Sgt. Billy L. Moore, son of Mr. and Mrs. W. L. Moore of Dawn, in a ceremony solemnized Tuesday, Sept. 7, at 7:00 p. m., in the Friona Methodist Church.

Bro. M. B. McKinney, minister of the Sixth St. Church of Christ, Friona, officiated during the double-ring ceremony. Deniese Magness, pianist, played wedding music and accompanied vocalist, Joyce Ann Miller, who sang "Because," "I Love You," and "O Promise Me."

Baskets of white gladiolus and mums, flanked by candelabra and palms, formed the nuptial setting. The windows were decorated with lighted candles and palm leaves.

Given in marriage by her father, the bride wore a ballerina length dress of white nylon lace and tulle over taffeta fashioned with a fitted bodice and full skirt. Her veil of nylon tulle was held by a tiara of orange blossoms. She wore satin slippers with embroidered scroll, and carried an orchid on a white Bible with orange blossoms and white ribbons. Heirlooms included a strand of pearls for something old and borrowed, belonging to her grandmother; for something new, she chose the Bible given to her by the groom. The bride wore a blue ribbon and a penny in her shoe.

Miss Lettie Marie Dukes, sister of the bride, was maid-of-honor. She wore an orchid organly dress over taffeta patterned after the brides' dress. She carried a nosegay of yellow asters, tied with yellow ribbon. Bridesmaids were Wedia Day and Wanda Beaty, who wore yellow organly dresses. They carried nosegays of orchid, and pink asters, tied with orchid ribbons. Bryant Dukes and Weldon Nelson were candlelighters and ushers. Paul Myers, brother-in-law of the groom, was best man.

The bride's mother chose a dress of off-white linen with pink and white accessories. Her corsage was pink carnations. The groom's mother chose a dress of navy crepe with navy accessories. Her corsage was white gardenias.

Immediately following the ceremony, a reception was held in the annex. The sister of the groom, Wilma Chunn, presided at the guest register. The serving table was covered with a white lace cloth, with silver and crystal appointments. The floral arrangement was yellow and pink carnations. Reception assistants were LaVern and Jennie Pope, sisters of

the bride, and Mrs. Pauline Myers, from Midland, sister of the groom, served the wedding cake and punch.

For a short wedding trip to Mexico the bride wore a black and white tweed suit, styled with dolman sleeves, fitted belt and pencil slim skirt. Her accessories were white and black with an orchid corsage.

Mrs. Moore is a graduate of Borger High School and was employed at the Friona State Bank for the past two years. Sgt. Moore is a graduate of Hereford High School and was a junior in West Texas State at the time he entered the armed forces. At present, he is stationed in El Paso, where they will make their home until November, when he is to be released from the Army. Mr. and Mrs. Moore plan to make their home on a farm near Hereford.

**TEXICO—**  
(Continued from page 1)  
former Texico mayor, and a number of other Texico residents, challenged the city commission its authority to imbond the property for the paving.

Francis and others were named as plaintiffs in a case that has moved from the District Court. Its Clovis to the Supreme Court. Its outcome will be of vital importance to all residents of the community.

Meanwhile, the project to obtain for Texico a water and sewer system moved steadily ahead, as the city commission "conditionally" sold \$120,000 worth of revenue bonds to Columbian Securities Corporation of San Antonio.

The firm's condition for acceptance had to do with the approval of bonding attorneys. A group of Denver attorneys, who investigated the bonds, recommended that a local election be held to approve the projects.

Ira S. Levins, Texico mayor, said it was hoped to have this election "either on September 28 or October 5," depending upon how soon they are able to get election material assembled here.

He was unable to inform on whether the citizens will be voting on both a sewer and water system, or just a sewer system, the reason being that New Mexico law provides that no election is necessary in cases where facilities are already present, and the bonds are to be used for their expansion only.

The city already owns its water mains, so it is possible that approval of the water system project by the voters may not be necessary. However, he could not say just how this would be handled by attorneys.

**POPPIN' OFF... WITH POP**

One of two women riding on a bus suddenly realized she hadn't paid her fare.

"I'll go right up and pay it," she declared.

"Why bother?" her friend replied. "You got away with it—so what?"

"I've found that honesty always pays," the other said virtuously, and went up to pay the driver.

"See I told you honesty pays!" she said when she returned. "I handed the driver a quarter and he gave me change for 50 cents."

Cab Driver: "Just read a funny joke in one of these condensed magazines."

Lady: "Oh! Readers Digest?"

Cab Driver: "Gosh no, Lady. I don't have time for no heavy reading!"

Don't forget that Old Pop is always happy to do business with you, folks, and he invites you in for hospitality and good gas anytime you're in the vicinity.

**Columbian Securities is buying the 25-year bonds on what Levins says are "very good terms," the rates being 3.75 percent interest for the first 10 years, and 4.5 percent interest for the remainder of the bonding period.**

Important provisions of recall and permission to pick up later series after a 10-year period have been retained by the city, he says.

If voters approve the bonds (which will in no way affect their taxes or result in incumbrances upon their personal property), the \$120,000 will be spent for a water well, tower, and extension of the city's mains; and a city-wide sewer system with disposal plant.

**WHEAT—**  
(Continued from page 1)  
ter Hammond, who called the proposal to the attention of Sen. Lyndon Johnson, who had the re-allocation for wheat measure incorporated into the 1955 farm law.

This sounds complicated, but what it actually means is that Parmer County will now stand a much better chance of preserving its county allotment, because the allotments have not been distributed evenly among those who do and do not want all the wheat they can grow in the county.

Thus, a farmer who has 300 irrigated acres, and plans to put 100 in wheat (but does have a 300-acre allotment), is now permitted to release his unwanted 200 acres to the county ASC committee, which in turn will re-allocate it where it is needed and wanted.

Such action is expected to do much to take up the slack in the wheat production allowances of the county, which have slackened alarmingly within the past three or four years.

The county allotment is now about 118,000 acres, and without a re-allocation provision, it is quite possible that many of these acres would not be used. This could result in further acreage cuts in later years because the records would show that the wheat was not planted in the county.

President Ellison's own estimate on how much could be lost without re-allocation is 20,000 acres.

Farmers who give up acreage to the county committee will not damage their wheat history, a figure used on which to base future allotments.

**CAGED HENS—**  
(Continued from page 1)  
tions found to be ideal for producing eggs.

Hens thus utilized may be checked for production, or the lack of it, their eggs may be gathered regularly and easily, and maintenance per bird is reduced to a minimum.

At least seven caged hen factories are in operation in the general vicinity, those being on the farms of Mr. and Mrs. Anthony Jesko, near the old Twin Houses; Mr. and Mrs. Bay Wilson of Muleshoe; H. K. Milford, Farwell, F. L. Shelby, east of Muleshoe; James Peel, West Camp; Don Denton, west of Texico; and James P. Wedel, south of Lariat.

Not all of these units are into production as yet.

Of primary concern to farmers is the matter of markets. This is one factor that is very favorably taken care of in caged hen production.

Because of the uniformity of size and quality, eggs from caged hen plants almost always bring better than the average prevailing market prices.

One dealer, John's Farm Store of Farwell, has recently set up marketing facilities of his own. He picks up eggs from plants in production, candles and grades them, and distributes them to area stores.

Because the distributor is able to obtain a better price for the eggs which he handles, he can offer the same advantage to those from whom he buys. This stimulates interest in caged hen operations.

Public acceptance of graded quality eggs has been good, says John Getz, distributor. In fact, he is now unable to meet with the demand for this type egg consumption.

A typical caged hen operation is that of Mr. and Mrs. Jesko. They started their birds on February 5 of this year, and now have a 504-cage unit.

Of these, 390 hens are now being used in the 24x80 house, and Jesko reports his production at about 22 dozen eggs daily. He has 375 pullets "coming on" which will be ready to produce in about one

month. These will fill out his cages and be used for replacements. He plans to double his cage capacity next year if "everything goes well."

**How much profit can a caged hen user normally anticipate?** Jesko figures on making about \$4 labor profit per bird. This is about in line with what the average caged hen unit owner gets, estimates Getz, explaining that the secret of good profits in caged hens is through large operations.

Using such figures, a 2000-hen operation would be usually regarded as "ideal" for an average farm family, which would result in a gross profit of \$8000 per year. And one family can usually care for 2000 caged hens nicely.

The investment required to get into this type business is usually figured at about \$5.50 unit cost for bird, cage, and building.

This cost sometimes fluctuates widely, however, because some owners do much of the installation work themselves; others hire all of it done. An estimate of \$5.50 is safe, believe producers.

The full cost of installing the operation is usually paid off in from 1½ to 2 years—a period regarded as very attractive by farm investors.

**HOPPERS—**  
(Continued From Page 1)  
every farmer within 40 miles should rush to The Tribune and place a large ad boosting the kind of crop he may be producing, but we do think that farmers are missing thousands of chances, over and over again to sell by word of mouth and example.

We once knew a coach who told the team that when they wanted to play football, they should think, live, and sleep football, and then they would have a good team. It was a pretty successful formula.

Farmers can do the same thing. A cotton grower ought to wear cotton clothes (yes, some of the most fashionable materials on the market are made of cotton)—he ought to put cotton carpet on his floor and

ought to tell every visitor to his home about what cotton means to the economy of America.

**Wheat growers look pretty silly eating rye bread. Dairy men who let their wives buy margarine at the grocery store are making a big mistake.**

A cowman who dines on ham each Sunday is hurting himself. So is the hog raiser who has a weakness for T-bones. Hen farm owners ought to find a place in every menu for an egg or two.

That's the way it goes. And the sooner we start realizing that consumption—NOT price supports is our real problem, the sooner we will achieve a sound agricultural prosperity.

Charley Calloway came in with his usual summer garden treat over the weekend—this time a whopping cantaloupe. It's the biggest one we had ever seen, and we told Charley so.

He, however, replied that "Oh, it was one of the smaller ones," or something like that. Sounds just like him. We'll take the little 'uns, and gladly, too.

The next time the community decides that it wants to have the town sprayed from the air, we hope they will pick a more sensible hour for such operations.

Being blasted out of bed before 7 o'clock by a tree-topping airplane is not our idea of getting the day started off on the right foot.

Besides, we didn't know it was anything legitimate like a spraying operation, and we thought some fool had gone crazy with his airplane.

You never know how much business you miss by lying in bed until 7. Monday morning we rolled out at 6, got to work by 6:30, and collected \$2.50 for a sub from Ray Sudderth about 7.

This is an old story. Invariably, when coming to work in time to watch the chickens starting their day, we have one or two business calls.

If business ever gets rough, we think we'll just go on a 24-hour schedule, and we figure that we ought to make it all right.

CORRESPONDENT

### Clever Decorations Noted At Shower

A "stork" shower for Mrs. Charles Don Smith was held Friday in the educational department of the Bovina Baptist Church.

Hostesses for the fete were Mesdames Irma Jo Englant, Kay Kelley, Bertha Kelley, Lurline Cumpton, Donalita Hawkins, Virgie Adams, Doris Glascock and Dorothy Goodwin.

The guests and the honoree joined in several games before the gifts were opened.

The centerpiece on the serving table was a small bassinet made of pink, blue and white crepe paper with several of the smaller gifts inside.

The hostesses' gift to Mrs. Smith was a pale green baby quilt and pillow.

Mrs. Kay Kelley presided at the guest book, which was made in the shape of a baby's bootie.

A white cake, decorated with miniature storks, was served with blue punch to Mesdames Glenn Kelley, J. D. Kelley, B. R. Horton, Virgil Goodwin, Charles Hawkins, A. D. Cumpton, Bobby Englant, W. W. Wilcox, H. J. Charles, H. L. Tidenberg, Vernon Estes, Wilbur Charles, Jimmie Charles, Bonnie Vickers, Vernon Ward, Frank Smith, Charles Don Smith and Miss Billie Ward.

### BOVINA BAPTIST CHURCH

Claude H. Harris, superintendent of Girls Ranch, Breckenridge, will fill the pulpit Sunday morning. Girls Ranch is a Christian home for delinquent girls from 12 to 17 years of age.

The pastor will deliver the evening message.

Monday night, the Brotherhood will meet at 8:00 p. m. at the church. J. D. Kelley has charge of the program.

Tuesday afternoon, the women will meet at 2:30 for their Missionary program.

The church year comes to an end the last of September, and new officers will take their new responsibilities the first Sunday of October. J. W. Gooch will serve as general Sunday School superintendent. The departmental superintendents are adults, Mrs. Maggie Tims; young people and intermediate, Mrs. Allen Cumpton; juniors, Mrs. Ovid Lawlis; primary, Mrs. W. W. Wilcox; beginners No. 1, Miss Yvonne Moody; beginners No. 2, Mrs. R. L. Douglas Jr.; nursery, Mrs. Von Bowen. Mrs. Hodge Rigdon will serve as general secretary for the Sunday School.

R. L. Douglas Sr. is music director; Mrs. R. E. Everett, pianist; Hodge Rigdon, church treasurer, and Mrs. Hodge Rigdon church clerk. Charles Hawkins is chairman of deacons; Pierceson Adams, brotherhood president; and Mrs. Pierceson Adams, WMS president.

### Visit Sister

Mr. and Mrs. Henry Minter went to Tucumcari, Sunday, to visit Mrs. Minter's sister and family, the T. O. Bells. Mrs. O. L. Hamby of Clovis returned home with the Minters to visit a day or two.

## Mustangs Start Season with Narrow Decision over Strong Springlake Friday

Followers of the Bovina Mustangs had their hopes raised Friday night at Springlake, when the Wolverines fell before their visitors 27-25 in a razzle-dazzle contest decided by two extra points.

The Wolverines were not lightly regarded by Bovina, as they had a good team last year and were expected to rank among the conference leaders in 1954. They are a class "A" school.

Coach Clovis Ratliff commented that his team looked "pretty good" in their first performance last weekend, although he was not satisfied with the defensive picture.

The Mustangs were unable to hold the Wolverines. They beat them simply by outpointing them.

Happily, Bovina came through the fray with no injuries, and is expected to remain in top condition for this week's meeting with Happy, another class "A" school.

Springlake got the jump on Bovina early in the game, when Left Half Keith Parish broke loose for a left end run of 64 yards on the third play of the game which resulted in a touchdown.

Bovina countered with a long drive beginning about mid-field which ended in a TD by Quarterback Neil Smith. Neither of the first two touchdowns were accompanied by conversions.

The hosts again jumped ahead in the next quarter, pushing over from the 1-yard line. Jimmy Hada-way kicked the extra point, and Springlake led 13-6.

Bovina received to start the second half, and moved slowly toward the Springlake end zone after starting on the 35 yard line. Darrell Read, veteran Mustang quarterback, plunged from the 5 for a TD and tied up the score 13-all when he ran over the point-after.

Once again, Springlake edged ahead on the toes of Halfback Louder who ran to paydirt from the Bovina 13. This play had been set up by a combination of ground-air plays commencing with the kickoff following Bovina's second score.

The quarter ended with the Mustangs again knocking on the door at the Springlake 12, and soon after the fourth quarter began, Quarterback Read again evened the score with a touchdown. He pushed his team one point ahead by running over another point-after, also.

Springlake again showed they were still game by scoring soon after they pushed to the Bovina 1 and Louder made the tally 25-20.

The game was iced down for the Mustangs when Read passed to Don Owens to set up Bovina on the Wolverine 10. Larry Ezell scored the final TD. The conversion was successful.

## Enrollment Reaches About 330 This Year

School is in full swing in Bovina this week, with final organizational meetings by the students, the sports season underway and a full schedule of activities released for September.

Enrollment is approximately 330, and Supt. W. H. Willoughby says that if the number of students continues to increase, some grade classes may have to be divided into two divisions in the future.

Football bleachers have been completed and will be ready for use the first home football game September 24 against Friona. Season tickets are now on sale for the four home games and several junior games, and may be obtained from Supt. Willoughby or Bovina Drug Store.

Work is also continuing rapidly on the new Bovina School building. The old structure was destroyed by fire about a year ago. Workmen are getting ready to pour the roof deck, say officials, and walls for the auditorium and cafeteria are now going up.

Senior and junior class officers have been announced also. Don Owens heads the seniors, assisted by Lillie Ellison, vice president; Margaret Verner, secretary-treasurer; Marcella Verner, student council representative. Mrs. Aubra Ellison is sponsor.

Junior class officers are Larry Ezell, president; Bobby Calaway, vice president; Darrell Read, secretary; Dorothy Rogers treasurer; and Donna Hobdy, student council representative. Mrs. Allen, home economics teacher, is sponsor.

Band officers include Donna Hobdy, president; Pat Burnam, vice-president; Sue Hoffer, secretary-treasurer; and band favorites, Lillie Ellison and Donald Lloyd. Mrs. Patricia Collins is sponsor.

Cheerleaders for the high school pep club are Marcella Verner, Julia Kelso, Patsy Steelman and Pauline Lloyd. Mrs. Collins is also sponsor of this group. Junior high pep leaders are Nita Beth Estes, Susie Estes, Joan Kay Ezell and Arlene Clayton.

The Yucca, school paper, has been discontinued for this year.

### Double-Ring Service Unites Young Couple

A double-ring wedding service read in a candlelight setting united Miss Patsy Loflin and Eddie Meil of Friona, at 7 o'clock in the evening Friday, at Bovina Methodist Church.

Parents of the bride are Mr. and Mrs. J. A. Loflin of Bovina and the bridegroom's parents are Mr. and Mrs. Meil of Meadow.

Rev. W. C. Wade of Friona Assembly of God Church, read the vows before an impressive archway, accented by baskets of white and yellow dahlias and mums, and highlighted by silver lace. White tapers flanked the central floral arrangement.

Candlelighters were Donna Tate of Clovis and D'Ann Loflin of Springfield. Don Lewis of Friona sang "O Promise Me" and "Because", and Mrs. Doris Wilson played "In My Garden," "Clair de Lune" and the traditional wedding marches.

Given in marriage by her father, the bride wore a gown of chantilly lace over satin with pleated nylon ruffles terminating the ballerina-length skirt. The neckline had lace scalloped over the net insets and the sleeves came to points over the hands. Minute covered buttons extended down the back past the fitted waist.

Her fingertip veil was attached to a white lace crown, accented with seed pearls. She carried a white Bible topped with an orchid and a shower of stapanotis. She traditionally wore something old, her grandmother's wedding band; something new was her wedding ensemble; borrowed was the Bible from her sister; blue was a garter and she wore a penny in her shoe for luck.

Maid of honor was Miss Norma Lee Loflin, sister of the bride, who chose a ballerina-length gown of orchid net and carried a bouquet of white mums with orchid streamers and maline. Bridesmaids were

### METHODIST CHURCH NEWS

#### "Welcome Back" Sunday

This is welcome back Sunday at the Bovina Methodist Church. All members of the congregation and friends will be welcomed back from vacations and summer-away-from-home activities on this Sunday. Rev. Walter G. White will preach the services at both the morning and evening hours. Church School begins promptly at 9:45 a. m. All people are welcome to attend the services of the church.

Sunday, Sept. 26, is promotion Sunday for the members of the Church School, and Sunday, Oct. 4, is rally day. On rally day an attendance has been set for 200. It is hoped that all will work toward reaching it. Also on that day, at the morning worship service, world wide communion services will be held in the sanctuary of the church.

#### Dr. Kirk To Preach

Oct. 14 thru the 24 is the date for the Bovina Methodist Church's fall revival. Dr. Luther A. Kirk, new Plainview District Superintendent, will be the preacher for the revival. Dr. Kirk was formerly minister of the First Methodist Church in Midland, before becoming district superintendent. He is well known in his denomination as an evangelist. It will be a good thing for everyone to remember the dates of Oct. 14-24.

Mrs. Roy Wade of Littlefield and her daughter, Mrs. Billy Ray Derrick, visited Sunday with the Earl Derricks.

## Longhorn Power Too Much as Vega Rolls over Chiefs in Season Opener, 32-6

The Friona Chiefs, fielding what may prove to be one of their weakest teams in recent years, succumbed to the power-laden Vega Longhorns Friday night in the season opener, 32-6.

It was a tough start for the Chiefs, who this year find themselves short on experience and reserves in almost every department. To make matters worse, Dudley Bainum, senior letterman who filled the left slot in the backfield, received a dislocated shoulder in the game, and may be benched for the rest of the season.

Not starting Friday night was Jerry Houlett, junior tailback, who was sidelined Thursday afternoon during a scrimmage session when he had a muscle injury from cleats.

His presence was sorely missed in the Friona offense, and this may partly account for the lopsided score.

Up until the half, the Longhorns were kept fairly well under control by the Chief defense. In fact, they failed to score in the first quarter, but did manage to score twice in the second. A conversion was made on the first touchdown.

Friona countered in the second, also, Halfback Jerry Chiles going over from the Vega 19, making the score 13-6. The point-after attempt failed.

Vega's steam-roller offense appeared to be a one-man affair. That man was Fullback Phil Price, who not only made both of the Vega TD's in the first half, but accounted for two of the three in the last half.

In the third quarter, he rambled 60 yards from his 40 for a score, and in the fourth, he scored from the Friona 40. His performance was easily the most outstanding, offensively speaking, of the game.

One other score for Vega was made in the last round, although the player's name was not obtained. The conversion attempt was also good, making the final tally 32-6.

The game was non-conference, Vega being in District 11-B. Tomorrow night, the Chiefs play hosts to the Portales Rams, who Friday night moved past Jal with apparent ease, 19-6.

## in & around FRIONA with the gang

No doubt the biggest event for Friona this week has been the 11th Annual Parmer County Dairy Show and Fair.

Sometimes we newspaper folk take common knowledge too much for granted. A reader called our attention last week to the page one spread on the fair, which we justly believed to be our Number 1 story and pointed out the fact that we did not even say where it was going to be held.

We sometimes forget that there are new people moving into this part of the country, and some of them might like to attend the fair if they could just find out where it's taking place.

Well, it is, or was, at Friona! Also received a pointed suggestion from another reader, Mrs. Gilbert Watkins of Oklahoma Lane, that we get into the habit of carrying the telephone numbers of Friona businesses in the ads which run in the paper.

A number of times, she says, they have had occasion to call a Friona business, and because they did not have a directory and the number was not carried in the ad, they have been delayed while making the call.

We'll certainly take this matter up with the advertising department as we think it's a good suggestion.

This particular incident is just a little one to show you the vast amount of business that our rural telephones can bring in for us—to say nothing of the convenience of having a network that is almost county-wide.

This farm family relies on the Friona business district because in Friona are located seven of the nine farm implement dealers in the county.

NEWS FROM LAZBUDDIE

BY JANE BARTON

Team Defeats Dickens In Practice Session

Lazbuddie High School defeated Dickens High School in a practice game last Friday night, 57-28.

In the first quarter, David White made the first touchdown, and Leon Smith ran the extra point. Dickens fumbled on the kickoff, and Lazbuddie scored a safety. At the end of the quarter, the score was 9-0.

In the second quarter, Dickens scored on a Lazbuddie fumble in last of the first quarter. Try for extra point was no good. Leon Smith received the kickoff, and he was downed. Lazbuddie fumbled and Dickens recovered. They lost the ball on downs, and Lazbuddie took over and ran over for a touchdown. Extra point was made by Virgil Merriott.

Third quarter began with a kickoff by Dickens, and a penalty. Lazbuddie took the ball and ran over for a touchdown. The extra point try failed. Kickoff was by Lazbuddie and again Dickens was penalized and fumbled, with Lazbuddie recovering. Off-side penalty was called against LHS, and on the next play, our boys ran for a touchdown. Point-after attempt failed. Lazbuddie made one more touchdown in this quarter.

Both teams came alive in the last quarter, and plenty of action took place. Jimmy Ivy was seriously injured, and Dickens scored a touchdown. Lazbuddie took the ball and ran over for a touchdown and made the extra point. Ronnie Ivy made a pass to Leon Smith who scored another Longhorn touchdown. Two extra points were made. Dickens fumbled the ball, and Lazbuddie took it for another touchdown, and extra point. On the kickoff, Dickens made a downfield fight, and finally made their TD, and extra point. LHS fumbled the kickoff, and Dickens was penalized for clipping. A completed pass gave Lazbuddie another touchdown, and extra point. The final score was Lazbuddie 57, and Dickens 28.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Phyllis Fairchild, Parmer County's Farm Bureau Queen for this year, gives us reason again to hope we will have a winner in the district contest. The judges may view her differently, but we thought she rated at least a "place" among the eleven contestants appearing with her at Lubbock's KDUB-TV last Thursday night. By the time we write again we'll know more about this, because she appears this Saturday afternoon as a participant in the final district contest in the Hotel Lubbock. There will be a number of Parmer County people there hoping with and for Phyllis.

Please note that Parmer County and Texas Farm Bureau got the wheat acreage provision in the new farm bill. Your resolution last year asked, in effect, that wheat acreage allotments be handled in the same manner as cotton, in reference to acreage allotted but not planted. Lyndon Johnson was the Senator contacted by phone from College Station August 6th

concerning this provision. Your county president, A. J. Ellison called the matter to J. Walter Hammond's attention. Within a few hours, the amendment requested was incorporated into the national farm program that was being considered. To most farmers, this single accomplishment will mean enough in one year to pay their Farm Bureau dues for a life time, and much more. Do you know of a better place to invest \$10.00 per year?

Here is a question for one of our congressmen: Why should he be "deeply disappointed" in the farm program just adopted when it is basically the program promoted under the direction of the largest organized group of farmers in the history of America? Whom, may we ask, should it please?

Two or three that we know of are already making plans to go to New York in December on the Farm Bureau Special Train. This sounds like a very enjoyable eleven days between Ft. Worth and New York, including a day and night aboard a ship and a tour of Washington D. C. The rates are low, too.

October is convention time. Parmer County Farm Bureau is going to have a part in some legislation affecting farmers. If you want to be sure it suits you, be there and vote "yes or no."

Consider this: If you hast done foolishly in lifting up thyself, or if thou hast thought evil, lay them hand upon thine mouth. Proverbs 30:32.
