

(The below was written BEFORE) There have been several inquiries as to why there was no mention made last week of the progress of the wife's little expansion project.

That is easily explained by saying that the writer is a practical husband, and fully expected to be able to announce, in story and picture, all the details of the grand event.

You may have noticed that we only had a single picture on the front page of last week's paper, which is an item of unusuality for us. Truth is, we fully expected to have another, but certain parties have not been able to give us the cooperation we had hoped for.

Under ordinary conditions, this column is hammered out in the early morning hours of each Monday, and this week is no exception. Last Monday we felt sure that by the time the paper would be out the new arrival would be here, but no such luck.

This week should be "it" but after what we've been through, we wouldn't bet on anything.

Our pharmacist has gotten a great kick out of our weekly visitations for "another seven-day supply of pills, please. Surely that will be all we'll need."

We claim to be the author of the only column in captivity that has not once ever referred to D—y C—t.

Can anyone duplicate this feat?

The winning of the awards from the Texas Press Association was an exciting event for us here at The Tribune, even though we were unable to be present at Galveston when the announcements were made.

Quite frankly, we had not hoped to reach so high this year. We had privately suspected that a "sweepstakes" award was four or five years away at the least; and that close only if we improved a great deal each year.

To other members of the Fourth Estate, we unqualifyingly recommend Doug Meador of the Matador Tribune as the bird to send down to pick up your prizes for you if you can't attend the convention.

He did a job for us far better than we have ever managed to do ourselves!

Richard Hapke, who has been an employee of The Tribune for several years now, is doing a solo flight in the printing business.

We have turned over our commercial printing department to Dick and he will oversee the entire operation. It is our prediction that he'll learn a lot being his own boss, and after a few weeks in his new capacity will have a better appreciation for management than before.

Anyhow, what we wanted to say by mentioning this is that service on printing has been improved 1000 percent since the new change, and that boy can turn out more and better jobwork at a more reasonable price than any other shop in this area.

If you have some printing that needs to be done, you'll help him and yourself too if you'll give him a chance to fill requirements. We are very proud of the way he's expanding and improving this important department which has been the "stepchild" of this newspaper too long.

While it's sure that we of this newspaper do on occasion let a serious slip get into print, and from time to time embarrass others as well as ourselves, we don't go to some of the extremes tried by other publishers across the country.

At least, we haven't YET. Maybe we'd better knock on wood as we recite to you the following:

Dropping of one little "r" from an advertisement has resulted in a \$100,000 suit being brought against a California weekly newspaper publisher.

The "r" was dropped from the word friend in a political advertisement and resulted in a headline reading, "You need a fiend in the City Council."

In an attempt to rectify the error, Gerald Deal, publisher of the Wilshire Press in which the ad appeared, ran a corrected ad. But candidate Sam Shulman wasn't satisfied. Mr. Shulman claims that the error was brought to his attention in 300 phone calls and visits, that it exposed him to "contempt and scorn," that it made him look "ridiculous."

Those are what we call unfortunate circumstances. Such uncomfortable situations don't always happen on the other side of the country, either. Ben Ezell, who last year was president of the Panhandle Press Association, of which we are a member, got a \$90,000 libel suit dropped in his lap a few months ago.

We haven't yet heard how that fracas turned out, but we'll say one thing for sure. The fellow that can get \$90,000 or \$100,000 out of a weekly publisher will sure be setting a record. Ever hear the story about getting blood out of a turnip?

FARWELL, TEXAS

THURSDAY, JUNE 16, 1955

NUMBER 36

This picture shows the combine of Albert Cannon as it finished out a row of barley on the Jim Curtis place south of Farwell. In the picture are Cannon, Curtis, Jimmy Armstrong, Roger Poage, and Jimmie Curtis. They expect to finish work on the 60-acre field this week.

Barley and Wheat Harvests Underway

The area winter grain harvest has started!

Both barley and wheat arrived at Farwell elevators this week, heralding the coming of the summer harvest.

Barley from the farm of Jim Curtis, three miles south of Farwell, proved to be the first cash crop of 1955 for the area this year. The first load of the crop was brought to Worley Grain at Farwell Monday morning at 10:30, according to Herbert Potts, elevator manager.

Although early, the barley proved to be of excellent quality, and weighed 49 pounds per bushel. No. 1 barley is required to test 47 pounds, says Potts. The grain tested 13 percent moisture content.

Curtis sold his first load at \$2.15. He estimates that his yield of 60 acres will average between 25 and 30 bushels per acre—a yield considered satisfactory with the conditions under which the grain was

produced.

It was watered but twice, and had no pre-irrigation application. Also, it was heavily grazed through winter months.

The first wheat arrived at 4:45 Wednesday at the Sherley-Anderson-Pitman Elevator in Farwell, and was brought in by Virgil Nowell, who rents land from Jack Williams, 10 miles southeast of town.

Nowell brought in the first cuttings from a 25-acre irrigated patch that he says will average 25 bushels.

The grain was planted early in September after a rain, and watered twice during the growing season. It received an application of superphosphate.

Nowell's wheat tested 58 pounds and had a moisture content of 14 percent. He received a \$25 bonus from the elevator for the first load.

2 Editions in 2 Days!

Mrs. Jeanne Graham and her special edition. The ink wasn't dry on this copy—only 50 minutes old when the picture was snapped.

For the first time in history, the Grahams of Farwell, a newspapering family, got out two editions in two days. It was quite an event for all concerned.

The Thursday paper, a drab 20-pager filled with uninteresting stuff about Texico-Farwell and Parmer County people, was lost in a storm of excitement created by

the special edition which hit the streets the day before.

The Grahams went to work about 7 a. m. Wednesday morning, aiming for what they hoped would be an early deadline. The presses began to roll in the temporary quarters of the Clovis Memorial Hospital about midmorning, and at 10:38 the first edition was delivered.

Tentatively named Vol. 1, Page Two because Co-Publishers W. H. (Sonny) and Jeanne Graham had not expected so many a make-up, and because Page One rolled off the press a couple of years ago, the latest edition weighed 7 pounds, 3 3/4 ounces.

The special passed postal inspection and is expected to be mailed to Farwell within a few days. Graham said he sort of turned things over to his wife for this edition and took things easy himself. He commented that special edition stuff is really a snap for people with experience like he and Mrs. Graham.

Funeral Services Held For Mrs. Osborne

Funeral services were held Monday afternoon, June 13, in Texico Baptist Church at 3 o'clock for Mrs. H. W. Osborne, 86, long time resident of Texico.

Mrs. Osborne died Saturday afternoon, June 11, in Parmer County Hospital in Friona. Rev. E. J. Keith, pastor of First Baptist Church, Farwell, officiated. Interment was in Farwell Cemetery. Pallbearers were Claude Rose, Sam Aldridge, Bob Anderson, Clarence Meeks, O. C. Pullam and V. C. Venable.

Mrs. Osborne moved with her husband to the Texico-Farwell vicinity in 1909. Mr. Osborne preceded her in death in 1939.

A member of Texico Baptist Church, Mrs. Osborne is survived by one son, Lee Osborne; two daughters, Miss Bertie Osborne and Mrs. Maggie London, all of Farwell; seven grandchildren and 12-great-grandchildren.

Steed's, Wolf-Roberts Sell Ambulances

The ambulance service of Steed Funeral Home and Wolf-Roberts Funeral Home has been sold to Frank Murray, owner of Clovis Cab Company, who this week announced that he will establish the Clovis Ambulance Service.

Bringing in the first 1955 wheat Wednesday afternoon was Virgil Nowell, left, of West Camp. Percy Tipton, employee; and Johnie Williams, manager of Sherley-Anderson-Pitman, are the other two men in the truck.

Highway Engineer Invites Officials To Paving Conference

Officials of the Parmer County Commissioners Court have been invited by District Engineer S. C. McCarty to a conference in the near future to discuss the possibility of obtaining another farm-to-market project for the county. A letter to Judge A. D. Smith

explained that certain funds are now available for additional work and that the most needed projects in the district would be discussed at the session.

The judge and commissioners expect to visit the district office in Lubbock next week. "The funds are quite limited, and as you know, one short project to the county is the usual pattern," McCarty informed Judge Smith in his letter.

Insects Show Up On Young Cotton

Cotton insects are making their appearance in young cotton fields of Parmer County, reports County Agent Joe Jones this week.

He said the situation was "not alarming, but does bear watching" at this date.

So far, trouble has come primarily from aphids or lice which have retarded growth of young plants by their parasitic action.

"We have quite a few lice in localized spots over the county," said the agent.

The danger in letting lice get out of hand in young cotton is not so much what the immediate effects will be, says Jones, but what the effect will be later of extending the time necessary for the plant to reach maturity.

"Eventually, beneficial insects such as lady bugs will multiply and take over the lice," reports Jones, "but the trouble with waiting on lady bugs is that the lice may slow down the young plants so that early fruiting will be set back seven, ten, or more days toward frost."

In cases where lice appear in numbers, the agent recommends spraying as a control measure. At the same time, farmers will be assured of knocking out fleahoppers and thrips if there happen to be any in the fields at such an early date.

As for the cotton outlook as a whole, the agent believes it to be satisfactory, with most growers (Continued On Last Page)

Lubbock Business To Establish Concrete Pipe Plant in Farwell

Continued expansion of industrial opportunities bore fruit this week for the community of Texico-Farwell with the announcement that Gifford-Hill-Western, Inc., a Lubbock firm, will build a \$75,000 concrete pipe manufacturing plant here in the near future.

Eight acres of land for the large-scale operation has been obtained by lease from the Santa Fe Railroad, and the site chosen will lie between the Amarillo and Lubbock tracks in northern Farwell.

A. C. "Buck" Clarke, now of Clovis, has been named manager of the new firm. He has been previously associated with Gifford-Hill-Western, and is originally from McAllen in the lower Rio Grande Valley.

To be field engineer for the Farwell branch will be Jim Terrell, a former Parmer County SCD technician, and presently employed at the Hereford branch of Gifford-Hill-Western.

Edward Combs, office manager of the Roosevelt County ASC in Portales, will come here to assume the same responsibility of the new business. Temporary office quarters are

being installed in a vacant building on the Henderson Grain property in northeastern Farwell. The business was to officially open today (Thursday).

Clarke told The Tribune he expects construction on the 70x100 steel building to get underway within a month, but even before that date, service will begin from the Farwell branch.

The location will serve as a distribution point for not only Parmer County, but for Roosevelt and Curry counties in New Mexico, and Deaf Smith and Castro coun-

Mrs. Whitley Buried In Oklahoma Monday

Rev. C. C. Morgan, pastor First Baptist Church, Texico, officiated at funeral services held for Mrs. D. M. Whitley on Monday morning, June 13, at the Bible Baptist Church in Pampa.

Mrs. Whitley died Thursday night, June 9, in the home of her daughter, Mrs. Lois Morgan, in Pampa.

Rev. Morgan conducted the funeral services at the church in Pampa and also the graveside rites at Brinkman, Okla., where burial was held.

Mrs. Whitley was born June 18, 1881, in Greenville, Tex.

Survivors include the husband; four daughters, Mrs. Lois Morgan, Pampa; Mrs. Irene Corey, Ft. Cobb, Okla.; Mrs. Lela Alexander, Littlefield; and Mrs. Marjorie Gilliam, Oklahoma City; and one son, Buck Owing, San Fernando Valley, Calif.

Attending the funeral from Texico-Farwell were Rev. and Mrs. C. C. Morgan, Mrs. H. H. Petree and Mr. and Mrs. Olan Schleuter.

Revival In Progress At Texico Church

A revival to last two or more weeks is now in progress at the United Pentecostal Church, Texico, announces Rev. Orval Branson, pastor.

Bro. and Mrs. B. L. Barnes of Lamesa are conducting the revival, which features special music by the two, who both are talented. Services are being held each evening at 8:30 seven days a week, says Rev. Branson, and the public is invited.

Bro. and Mrs. Barnes both preach.

icated on one commodity utterly foreign to the international Communist conspiracy: the truth!

Where Oh Where, Is All That Rent Property

Flipping back through the files of The Tribune, we noticed a statement made by the late Hop Graham, former publisher, that a man he was talking with predicted that the guy who was sucker enough to put up residential rent property was pouring sand in a rat hole. Mind you, that wasn't what Hop thought, but it did show you how nearsighted some people were about things which were destined to come.

Most of the families of Texico-Farwell, Bovina, and Friona are permanent to a great extent, and are comfortably settled in homes that they own or are buying. That means that most of the people in these small cities have no earthly conception of what a harrowing experience it is for the new families that are trying to move into rapidly growing towns and find places to rent.

In fact, we'd put the shortage of quality residential rent property as one of the outstanding factors limiting growth in the communities mentioned. We are sure this condition prevails all over the Western Plains where irrigation has multiplied the expected growth rate many times over.

Now, we're not talking about made-over shacks—there are too many of these in our towns to start with. We are talking about modest, but nice frame houses with things like hardwood floors, doors that will open, appliances that will work, and perhaps a little lawn, a few shade trees, and some flowers here or there.

There is a crying need for this type of housing—something decent, but not fancy. There are scores of families who are permanent or at least long-term possibilities for such facilities, if they could only be had.

Everybody has gone hog-wild over investing in land that can be developed by irrigation. Why doesn't somebody see the light and put some extra cash into a few decent rent houses? We feel sure it would be a profitable investment.

The United States is pouring over \$60 billion dollars per year into a military machine that is designed for one purpose: to scare off communists. But the facts will show that the Red Star boys aren't any more afraid of our atom bombs and huge military outlays than if we carried broomsticks.

We don't mean to suggest that this isn't the thing to do, and we believe as do others that a big defense budget is essential in this day of world peril.

However, others besides our gun-toting Uncle Sam are battling communism, and we think that the success that they have been having merits note by other Americans. Maybe we need to encourage the type of work that is being done right now by the United Fruit Company, one of our larger "capitalistic, imperialistic" corporations.

United Fruit is giving the communists a thorough licking in Middle America—which might be a hotbed for the seeds of communist aggression but for projects of the type which the company has there.

The communists' "Hate the Yanqui" campaign in Honduras has fallen on its face under the persistent hammering of United Fruit's public relations work which never lets the natives forget for a moment how much the company means to the economy of that country.

United Fruit points out through advertising in magazines, newspapers, and in special films how it has raised the standard of living for thousands of Honduras citizens, how it has increased productivity for the land, how it has improved recreational facilities, encouraged better educational and health standards, and brought prosperity to a nation which never had experienced it under any other system.

The people might well forget these things if United Fruit was not careful to remind them often. In fact, the people might well swing around to the idea (after being prodded by communist agitators) that the prosperity was sort of a natural thing—just happened—and that United Fruit was lucky to be in on it.

Read this, by Edmund S. Whitman, director of public relations for the big company, and see if YOU don't agree it packs more punch than powder and lead:

In addition to newspapers, magazines and motion pictures, United Fruit utilizes many other public relations techniques and media. It has, for example, sponsored an archeological investigation of an ancient Maya city in Guatemala and published a scholarly two-volume report as well as some popular publications on the findings. It has invited deans of North American colleges of agriculture to visit the Pan American School of Agriculture and recommend improvements.

It conducts fact-finding trips of North American journalists to Middle America and of Middle American journalists to North America. It prepares and distributes authentic background material and objective news letters that tell the truth about democratic free enterprise in Middle America. It is truth that international Communism fears and will ultimately destroy it.

The United Fruit Co. is not afraid to reveal its tactics. It knows that the Communists study every report and every brochure that it issues. But United Fruit has the comfortable knowledge that the masters of the Kremlin can never utilize these tactics to their own advantage because they are all pred-

Becomes Member Of Air Force Band

A1c Teddy Frank Gulley, son of Mr. and Mrs. O. G. Gulley, has become a member of the Air Force Band and will be with the band group for nine months prior to entering Officers Candidate School for two years.

Gulley is stationed at Cheyenne, Wyo., and is in teletype operations with the Air Force.

Texico City Council Meets Monday Night

Texico City Council met Monday night, June 13, to authorize an attorney to draw up an ordinance to create a cemetery board. After the ordinance has been drawn up, the mayor and city councilmen will appoint the cemetery board.

Other business discussed was the plan to letter the new water tank in Texico. This project was completed last week.

Other business was routine, reports Walter Freeman, city clerk.

Orie Jones Receives Discharge From Army

Mr. and Mrs. Orie Jones and six-month-old daughter, Connie, arrived home Friday, after he received his discharge from the army. Jones is the son of Mr. and Mrs. Austin Jones.

He will assist his father in farming operations and the young couple will live on the farm. The local man received his discharge three months early to assist here.

Jones was with the Airborne division of the army and was stationed at Ft. Bragg, N. C.

Small-Town "Sweepstakes" Won by State Line Tribune

The highest recognition that can be earned by a Texas newspaper was accorded The State Line Tribune at Galveston Saturday, when this publication was judged the most outstanding weekly in Texas in towns not larger than 2000 persons.

Publisher and Mrs. W. H. Graham Jr., were not able to attend the state convention, at which time the awards were made, nor was Mrs. W. H. Graham, owner of the paper.

Douglas Meador, a friend of the Grahams, who publishes the Matador Tribune, acted as this newspaper's representative at the award session, and returned

with what he described as "an armload" of trophies.

By telephone, he informed the Grahams that The Tribune had collected a total of 480 out of a possible 600 points in the contest, and that its nearest competition was the Farmersville Times which won 280 points.

The Tribune received first place in appearance, general excellence, and news writing; and third in column writing, editorials, and news pictures. First place was awarded on this basis for the "sweepstakes" prize, the highest achievement of any member of the Texas Press Association.

A trophy, three plaques, seven

certificates, and seven ribbons were brought by Meador to Matador, but a picture of the awards could not be obtained in time for publication this week.

Publisher Graham praised the cooperation of The Tribune's staff in making possible the wins this year, saying "I know I can say without any reservation that we have the best all-around weekly newspaper staff in Texas."

He also expresses his appreciation to the paper's advertisers for their fine support, which has enabled the paper to meet the big expenses which are necessary for the publication of a superior weekly newspaper.

Texico Farm Bureau Has Monthly Meeting

Texico Farm Bureau met in regular session on Monday night, June 13, at the school lunchroom with 32 members present.

Olan Schleuter, local chairman, was in charge of the program. Barney Harding, secretary of the local group, read the minutes of the last meeting. The minutes were approved as read with one correction being made.

The chairman appointed Mrs. W. H. McDaniel, Mr. and Mrs. Clyde McDaniel and Lawrence McDaniel as members of the program committee for the month of July.

Schleuter read a paper presented by Raymond Worrell, county chairman, on the farm bureau resolutions—for and against.

James Harding showed pictures he made while in the service which were educational and entertaining, according to the reporter.

After the meeting adjourned, refreshments of coffee, cake and pops were served to those present.

Next meeting will be on Monday night, July 11, in the school lunchroom at 8:30.

Mrs. Cox Injured in Fall At Her Home

Mrs. Guy Cox suffered fractured vertebrae in her back when she fell at her home Tuesday morning.

At present she is confined to Clovis Memorial Hospital, but family members report that she will be able to return to her home when doctors place a cast on her back.

Penick, Wife Hired at Farwell

Announcement was made this week by Superintendent of Schools, Jack Williams, that two vacancies on the Farwell School faculty have been filled.

L. B. Penick has been employed as elementary school principal, and his wife, Mrs. Laura Penick, will be the home economics teacher.

Penick received his Master's Degree from North Texas State College in Denton in 1938. For the past three summers he has attended Western State College in Gunnison, Colo. He has been teaching in the demonstration school at West Texas State College for the past three years. Prior to that time he was supervisor of the school system at Tullia.

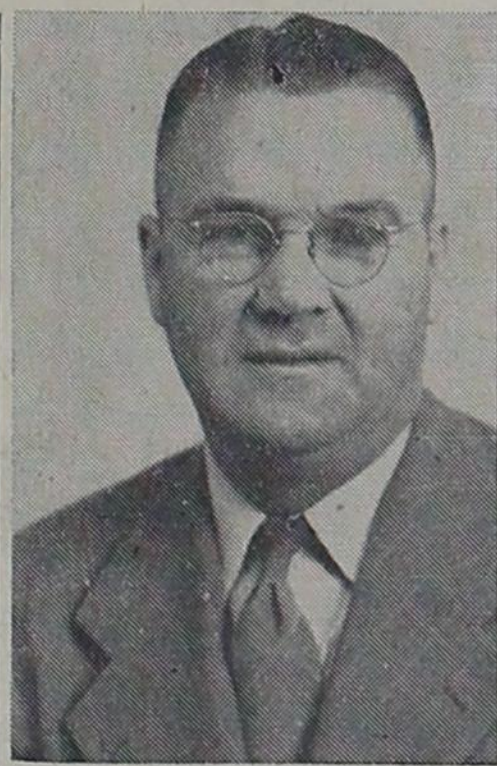

Mrs. Penick received her Bachelor's Degree from Texas State College for Women in Denton in 1953. For the past three years she has been teaching home economics in the Canyon Schools. She was home economics teacher at the Tullia School for three years prior to moving to Canyon. While at Tullia, she received honorary membership to the Future Homemakers of America.

Four positions remain to be filled on the Farwell School faculty at this time, according to Williams. Teachers needed include first and fifth grade teachers, a commercial studies instructor and a combination English and library science teacher.

Those resigning from their posts at the Farwell system include W. M. Roberts, high school principal; Kenneth Fields, elementary school principal; Mrs. Kenneth Fields, commercial teacher; Carroll Cates, football coach; Mrs. Carroll Cates, home economics teacher; and Mrs. Miller H. Stroup, fifth grade teacher.

Since 1878 the population of the United States has increased every year.

Katherine Smith Writes Record Of Trip to State 4-H Round-Up

The following is the story of Parmer County delegates' trip to 4-H State Round-Up held June 8-June 10, at Texas A&M College written by Katherine Smith, Lazbuddie, delegate to the Round-Up.

Early Tuesday morning Mother, who was accompanying Pat Cranfill and myself to the Round-Up as 4-H leader, and I packed our suitcases and began our trip to the Round-Up.

We drove to Friona and found Pat almost ready to go—except that she was unable to get all her things into two suitcases we were allowed to take. We finally found room in one of ours for Pat's iron, and after borrowing a raincoat for me from Mrs. Cranfill, we journeyed on to Amarillo.

At 3 p. m. the other delegates began to arrive at the Continental Bus Station where we were to board a bus for the Round-Up site.

The bus finally left the station about 4:30. Before we were out of Amarillo, Knox Parr had introduced himself to the other 39 passengers on the bus. Then he had each person introduce himself to all the other persons on the bus. By the time we had reached Claude, everyone had been introduced and the handshaking period was over. At Claude, Mrs. Paul Obrecht and daughter, Paula, joined our group.

Between Claude and Childress we were entertained with mystery cards that the Vit-A-Way people had given Parr. He seemed to produce one of these cards everytime the crowd seemed to be growing restless or listless.

We arrived at Childress at 6 p. m. where two more girls and one leader joined us. While in Childress, we had supper at the Gay Cafe. By this time the bus was so crowded that it was necessary for Miss Doris Leggett, district agent, to take her car along. Since the bus was air-conditioned and the group aboard was having such fun, Miss Leggett had trouble finding five willing passengers for her car. Finally it was decided that the leaders and agents would take turns in riding in the car with Miss Leggett.

After supper everyone seemed to be in a more jovial mood and we sang almost all the way to Wichita Falls. Here we spent the night at the Holt Hotel. The next morning we were awakened at 5:30, and after breakfast in the hotel dining room, we started on the journey to Fort Worth.

A keg of cool water was carried on the bus—a nice idea in such weather, and if we had had to stop each time one of the passengers wanted a drink of water, we'd have arrived in College Station after the Round-Up was over. The water jug also provided entertainment as it was almost impossible to keep from spilling water on several of the occupants each time one got a drink. We only had 30

minutes to visit Forest Park Zoo in Fort Worth, but everyone made good use of the time visiting the aquarium and seeing a number of the animals. When the bus horn blew, the entire group ran to climb

aboard as no one felt that he wanted to be left in that hot place, beautiful as it was.

We were to have dinner in Waco at 1 p. m., and we thought we would all perish before we made

our dining destination. But not one person was too weak to walk into the Chicken Shack when we finally reached Waco.

We arrived at College Station at 4:30 to find the air was so damp and hot we could hardly breathe. We were told that the humidity was 93%, but they would not tell us the temperature.

When we registered, we were assigned to Dormitory 7 or Schumacher Hall. Pat and I were to room together and the welcoming (Continued on Page 6)

Automatic equipment for delivering fresh, cool, clean, running water to the point of consumption is your greatest asset for keeping your poultry enterprise in the money making column. This fact is proven by two successful poultry raisers in Randall County, Texas.

Mr. Glenn Laing who raises 5,000 broilers under one roof at the same time uses an electric pump to deliver fresh, clean water to the broilers. "Chickens grow faster when they have plenty of water and rapid growth is a 'must' for the broiler raiser," says Mr. Laing.

Mr. Harry Widick, a neighbor of Mr. Laing's in Randall County has over 500 laying hens in cages. He maintains a flock average of 80% production and he contributes this

high percentage to the constant supply of clean, fresh water running for his laying hens. The water is allowed to circulate through the trough and on out to the trees around his poultry house. The water runs slowly, carrying away trash and impurities that normally collect in a water trough of that type. This means healthier, disease free, chickens, and time saved because the watering equipment needs less cleaning.

Proper feeding is essential to high production but it is the water that enables the birds to make the most profitable use of the feed. The water should be cool in the summer—warm in the winter. Feed is expensive, but water is inexpensive and when it is pumped electrically under pressure, a few cents spent on fresh, clean running water really puts your feed dollar to work.

More than one-half of the bird's body and over two-thirds of the egg is water. Tests prove that 400 birds drinking 178 pounds of water daily laid 54 more eggs per hen than those that drank under 130 pounds of water daily. At least two parts water for each one part of feed consumed is required for proper digestion.

of any Social Security payments. It appears that most people realize, also, that there is no longer any restriction as to the amount of earnings a person may have after he is 72 years of age without the loss of his Social Security payments.

New Social Security Law Is Explained

Everyone receiving Social Security payments has been notified concerning the new rules as to how much earnings a person may have and still be eligible to receive these payments. John R. Sanderson, Manager of the Amarillo Social Security Office, says that most people now realize that they can have earnings of as much as \$1200 per year, starting in 1955, without loss

"It appears, however, that many people do not realize that starting in 1955 the earnings restriction applies against all earnings from self-employment or wages, regardless of whether such earnings are covered by the Social Security Act," Sanderson says. Before 1955, he pointed out, only covered earnings were considered in applying the work deductions in the law. Starting in 1955, all earnings count. Thus the earnings of a school teacher, although not covered by the Social Security Act, are included in the \$1200 work limitation.

Survey of College Students Now Home Reveals Interesting Plans for Summer

Summer activities of Texico-Farwell college students are varied this year. Some are already working on summer jobs and others are relaxing for a short period before seeking employment.

Miss Nancy Aldridge, daughter of Mr. and Mrs. John Aldridge, and junior student at University of Oklahoma, is employed at First Federal Savings and Loan Association in Clovis for the summer. Mary Belle Aldridge, also daughter of Mr. and Mrs. John Aldridge, who will receive her degree from the University of Texas in a few weeks, plans to find employment with an oil concern in Dallas in the near future. She majored in geology at the university.

Jerry Pool, son of Mr. and Mrs. L. S. Pool, who was graduated from Eastern New Mexico University in early June, is employed as brakeman with Santa Fe Railroad in Belen, N. M., for the summer.

Rex. Pool, also son of Mr. and Mrs. L. S. Pool, has gone to Pasadena, Calif., where he will work during the summer and enroll at Pasadena Nazarene College in the fall.

Pudge Rose, who will be a college freshman at NMMI next fall, is employed by Campbell's Dairy and Ice Cream in Clovis for the summer. Pudge is the son of Mr. and Mrs. Claude Rose, Sr., Farwell.

Jim Green, son of Dr. and Mrs. I. F. Green, is working on the Glen Phillips farm for the summer months. He will be a junior student at Texas Tech next fall. He completed his second year of study at Southern Methodist University in Dallas this spring.

Bill Green is working as an extern at St. Paul's Hospital in Dallas for the summer. He will enter his third year of medical school at Southwestern Medical College this fall. He is the son of Dr. and Mrs. M. F. Green.

Ronny Dial, who will be a junior at ENMU next fall is helping his father on the wheat harvest this summer. At present the Dials are in Vernon. Ronny is the son of Mr. and Mrs. G. M. Dial.

Working as manager of the Hi-Plains Printing Service at the Tribune this summer is Richard Hapke, son of Mr. and Mrs. A. E. Hapke. Richard will be junior at Texas Tech next year after having completed two years of work at ENMU. James King is staying at home this summer to help his father

farm. James is the son of Mr. and Mrs. J. E. King, Texico, and will be a junior at ENMU next year.

Ronald King, also son of Mr. and Mrs. J. E. King, is working as fireman on the Pecos Division of Santa Fe Railroad in Clovis this summer. Ronald also attends ENMU and will be a sophomore there next fall.

Howard Jenkins, son of Mr. and Mrs. R. T. Jenkins is helping his father on the farm during the summer months. He will be a junior at ENMU in September.

Ann Whitley, who was a freshman at TSCW in Denton this year, is attending summer school at ENMU at the present time. She is the daughter of Mr. and Mrs. Harry Whitley.

Numerous other students from Texico-Farwell area who are visiting at their homes, were not contacted about plans for the summer.

Also, Miss Olga Mills and Mrs. Hoover Wimberly and Mark, all of Hobbs, N. M.; Mr. and Mrs. Walter Crocker, Virginia and Linda of Pleasant Hill; Mrs. Jed Mills of Jal, N. M. and Mr. and Mrs. Henry Fowler of Denver City.

Are in Vernon

Mr. and Mrs. G. M. Dial and Ronny, who left last month for the wheat harvest, are still in Vernon where they have been harvesting since the 27th of last month.

Miss Sanderson Feted With Bridal Shower

Blue and white formed the decorative motif for a bridal shower honoring Miss Doris Sanderson, bride-elect of Frank Hapke, Monday evening in the home of Mrs. Lee Meeks. Assisting Mrs. Meeks as co-hostess was Mrs. Carl Davis.

Centering the serving table was a unique bridal basket with china bridal figurines giving central accent. They stood in a floating arrangement of red and white rosebuds and the handle of the crystal basket was entwined with minute clusters of flowers. Small white wedding bells atop the arrangement, completed the setting. Accenting the bride-elect's chosen colors were triple-tiered candleholders of ice blue, and white candles.

Napkins were blue with an inscription in white "Doris and Frank."

Miss Naomi Hapke, sister of the bridegroom-elect, presided at the serving table. Punch, assorted cookies, mints and nuts were served to those attending. Miss Janice Meeks presided at the guest book. The honoree and her mother, Mrs. Loyd Sanderson of Portales, and the bridegroom-elect's mother, Mrs. A. E. Hapke, were presented with corsages. Miss Sanderson was given white rosebuds and the mother wore white carnations.

Preceding the opening of the gifts, Miss Susan Levins sang "Always." Miss Gloria Dial then gave a humorous reading on commandments for husbands and wives.

Guests at the shower included Mesdames Arnold Gross and Ina Gross of Muleshoe; Misses Audrey and Dorothy Hapke, and Shirley Branson; also Mesdames C. M. Meeks, Oma Milstead, Jim Bob Smart, W. H. Graham, W. H. Graham Jr.;

Nancy Sanderson and Betty Crawford of Portales.

Those sending gifts who could not attend were Mesdames Sterlyn Billington and Lavoyda, Ronny Ferguson, Ansel Doolittle, Tena Roth, Scott Levins, Claude Rose, E. F. Lokey, Ted Sheets, L. S. Pool, Mary Crume, Anne Overstreet;

Mesdames Madaline Spurlin, Odum Smith and Fern, Roscoe Burris, Ola Moore, Mildred Burns, Mona Coburn, Ruby Stone, D. J. Brown, Ruby Adams, Grace Sanders and R. N. Reed;

Also Bobby Hapke, David Meeks and "Uncle Tom" Randol.

Mr. and Mrs. J. B. McKinney visited their son, Ben McKinney and family in Clovis, N. M., Sunday. Also visiting the group was another of the McKinney's son and family of Amarillo.

TO MARRY JUNE 25th

James Orval Francis Wed to Houston Girl

Miss Blanche Tivis of Houston become the bride of James Orval Francis in a ceremony held in First Methodist Church in Houston on Friday, June 10.

Francis is the son of Orval Francis of Clovis. Mr. and Mrs. Francis attended the wedding in Houston and went from there to visit her son, James Scott, in Galveston.

The newlyweds will be at home in Port Arthur where Francis is employed with the Texas Oil Company. Mrs. Francis teaches in the Port Arthur schools.

Francis was graduated from Texico High School and received his BS degree from the University of Colorado in Boulder, Colo. He received his Master's degree from the University of Texas in Austin.

To Honor Fathers On Father's Day

Lutheran Women's Missionary League met recently in the home of Mrs. Dorothy Gast with one new member and two visitors present.

The meeting was opened with prayer and a scripture reading by Mrs. A. E. Guthals. Mrs. Katie Leham of Portales was leader of the topic study on the book of Kings and Chronicles.

Mrs. Bonnie Spearman presided at the business meeting at which time 11 members answered roll call.

A report on the district convention held in Morgan, Colo., was given by Mrs. A. E. Guthals in the absence of Mrs. Doris Guthals who was to have given the report.

A committee was appointed to make plans for a special function honoring all fathers of the congregation on Father's Day.

The meeting was closed by the Lord's Prayer. Mrs. Gast, hostess, served refreshments of salad, snacks, cake and coffee to the group.

Mr. and Mrs. R. A. Shanks of West Camp are announcing the engagement and approaching marriage of their daughter, Mary Irene, to Joe Jones of Farwell, son of Mr. and Mrs. J. B. Jones of Evant. Vows will be read June 25 at 5:30 in the afternoon, with only close friends and relatives attending. Rev. T. L. Pond, pastor, will perform the double-ring ceremony. Miss Shanks is a graduate of Texas State College for Women at Denton, and taught at Plains last year. He is a graduate of Texas A & M College, and is County Agent of Parmer County.

ANNOUNCEMENT

This is an announcement of importance to all persons in the Texico-Farwell area who have depended in time past on Steed Funeral Home and Wolf-Roberts Funeral Home of Clovis for ambulance service.

This change is being made in the interest of the wonderful people of this area who have been the patrons of Steed and Wolf-Roberts Funeral Homes. Clovis and its trade territory is continuing to grow rapidly, and as the need for both ambulance service and funeral home service continues to increase month after month, we find it to the advantage of those who need these services, that they be separated.

It will now be possible for both Homes to devote their full attention to the needs of the service in which they specialize, and at the same time, Clovis Ambulance Service will also offer a specialized, personalized type of service in its own way.

Effective June 15, we have assumed the ambulance service of both of these established Homes, and through the purchase of their splendid equipment, will maintain a 24-hour "on call" policy for those who may need this type service.

We have staffed experienced personnel, thoroughly trained in ambulance work, and feel sure that you will have every reason to place complete confidence in us. Regardless of whether your call is of an emergency nature, or for careful and considerate transportation, we stand ready to offer a dependable service.

Allen Kelley Reports On N. M. Boys' State

The following is an account of New Mexico Boys' State activities as written by Allen Kelley, one of the delegates from Texico to Boys' State:

Nine boys from this area left Clovis at 5:30 a. m. on Sunday, June 5, for Boys State in Socorro, N. M.

Leon McDaniel and myself from Texico, five boys from Clovis, and one boy from Rosedale made the trip.

We arrived in Socorro at noon and were immediately served our first meal at Boys' State. After lunch we received our instructions and were assigned to our quarters. I was assigned to the county of De Leon and the city of Armiño and was a member of the Federalist Party.

Sunday night we attended a general assembly where we met members of the staff and were given general instructions for the primary and general elections to be held.

Monday and Tuesday we had two daily sessions in law and peace officers school. Campaigning started on Monday for all the parties.

All city officers for the four cities were elected on Monday. On Tuesday the county and state primary elections were held. By Tuesday night the party campaigning was in full swing and general election was held Wednesday morning.

We were unable to use the voting machine because it had been shipped upside down and had been damaged to an extent of \$800; so the voting was done by secret ballot.

I was fortunate enough to have been elected Justice of the State Supreme Court in the general election.

Beginning Thursday morning the elected officers performed their respective duties in all branches of the government including, judicial, executive and legislative branches.

On Thursday we heard a lecture and saw a fire arms demonstration. Thursday night was stunt night with each city presenting a 15 minute stunt.

Friday night the Nationalist party won a basketball game from the Federalist party.

Movies were provided for the group on Friday and Saturday nights.

The final general assembly was held on Saturday night at which time Benny Jay of Carlsbad, N. M., and Barry Stone of Portales, N. M., were chosen as delegates to attend Boys' Nation in Washington, D. C.

About 11 a. m. Sunday morning we left Socorro and arrived at Clovis at 5:30 p. m. We were tired, but happy and better informed about our state government procedure when we arrived home.

4-H ROUNDUP—

(Continued from Page 3)

committee assured us that all the rooms were air-conditioned. While Pat and I were unpacking, Mother rushed in and jokingly asked if we could guess who had been registered as the other occupant of her room. It seems the registration committee had thought that Ira Parr, Parmer County boy delegate, was a girl, and had assigned him to the girls' dorm.

All the girls and the leaders dressed in uniform and had supper at 6 p. m. After the meal, each group met by districts. There we met Joe Jones, county agent, Ira Parr and Truman McKillip, who had made the trip in Jones' pickup. The entire group met in Guion Hall at 8 p. m. where the grand opening session of the two-day program was held. During the program, rain began to fall which helped to cool things quite a bit.

There were times at the meeting that a jacket would have felt good. Miss Leggett mentioned that during the 27 years she had been attending Round-Up she had not seen weather like that.

Main speaker for the opening program was George Foster, associate leader of the 4-H Club and YMW program, and member of the extension service of USDA of Washington, D. C.

Concord, or evening devotional periods, was held inside each night due to the weather conditions. Members of the group were due in the dormitories by 11 p. m.

and taps was given at 11:30 just after all lights were to be out.

After breakfast in Duncan Hall on Wednesday morning, groups met for the first classes in short courses. Pat Cranfill was in the clothing course, Mother was in the public speaking course and I was in the homestead improvement course. I found this course, which included tours through greenhouses, very interesting. Each member of the group was given seeds to take to their home to plant. The plant I brought home is a Mountain Laurel. While taking the course, I found I knew very little about preparing soil for growing plants.

Pat enjoyed the clothing course in which the participants presented a dress revue.

Mother was allowed to hear and judge the 22 boys and girls who had won district honors in public speaking and were trying out for state honors.

After lunch that day, we got dressed in uniform and went to Guion Hall where we saw a film. We later assembled outside to have a picture made of the group. We were told that men from the television production, "Texas in Review" were there to make a film of the Round-Up which would be presented later on the television show sponsored by Humble products.

After the picture was made, we returned to our respective short course classes. The annual Chuck Wagon supper was served that night, and the group from the television network made more pictures for the Review at this time.

Weather conditions caused the Share-the-Fun-Festival to be held inside; so following the supper, we assembled at Guion Hall. At this time a group of students from each district represented at the Round-Up entertained with some act and were judged. District I won a red ribbon for the act presented by its group.

At 8:30 a. m. we were once again participating in our short course classes. This particular morning my short course was a floriculture class.

After lunch we went to the graduation exercises for the Round-Up group. We each received certificates bearing the fact that we have all been students of Texas A&M College.

We rested during the afternoon before dressing for the closing banquet. Everyone dressed in their finest and made a nice looking parade of boys and girls. The banquet and entertainment for the evening was sponsored by Sears, Roebuck and Co. Featured on the evening's program was talent from the Ed Sullivan television show, "Toast of the Town." Mr. McCurdy of Sears, Roebuck and Co., emceed the program.

Following Concord of the evening, the chancellor of the college made a farewell speech to the group and invited all of us to attend the Round-Up next year. The boys created quite a lot of noise after lights were out, and it seemed that just as soon as they had quieted down, they were banging on the doors to wake everyone.

Lunches were packed at the dining hall for the bus travelers. Ira Parr and Truman McKillip made the journey on the bus as Mr. Jones planned to stop in Evant to visit his parents for a few days before returning to Farwell.

About fifty miles south of Waco we noticed that Ira looked quite pale; so we stopped to give him a chance to get some fresh air. After a few moment's rest he was feeling fine again and no one else became ill on the trip. We stopped in Waco for a brief rest and then drove to a roadside park outside of Mineral Wells where we ate our lunches consisting of ham and cheese sandwiches, fried chicken, milk, cold pops, apples, potato chips and cookies.

From Mineral Wells we went to Electra where Flora Mae De-Board left the group. She got off the bus with tears in her eyes because she hated to leave the group of friends she had made.

We made a brief stop in Childress for something cool to drink. We arrived in Amarillo 30 minutes early, but most of the families were already there to meet their children. We took Ira to Black and left Truman in Friona and then we left Pat at her home promising each other that we were going to work very hard in 4-H club work during the coming year so that we might be able to win the trip again.

Describing a 4-H Club Round-Up is most difficult. One almost has to be there himself to know what it's really like. May I take this opportunity to thank each and

everyone who helped in any way to make it possible for me to make this trip.

Bert Williams Tells Of Texas Boys' State

Bert Williams, one of the Farwell delegates to Boys' State has prepared the following article about activities at Lone Star Boys' State held in Austin, June 6 through June 11:

All the delegates from this area met at the Legion Hall in Amarillo on Saturday, June 4, to get organized before boarding a chartered bus for the trip to Austin.

We left Amarillo about 7:30 p. m. and arrived in Austin at 9 a. m. and registered soon thereafter. I was assigned to Roberts City and became a member of the Longhorn Party. After registration, we were free until 1:30 p. m. when we assembled at the auditorium to hear a greeting speech by G. Ward Moody, Adjutant, American Legion, Department of Texas. After the general assembly, we had the afternoon off until 7:15.

That night we heard a speech by Commander E. L. Jackson. Monday we started participating in the schedule prepared for us. First call in the morning was at 6:30. At 6:55 we raised the flag and at 7 a. m. we had calisthenics. Breakfast was served at 7:30 and at 8 a. m. city officials and athletic counselors inspected quarters. Lunch was served at 12 noon and at 2:30 all citizens were required to participate in the recreational program offered. We lowered the flag at 5:45 p. m. and had dinner at 6 p. m. Lights had to be out at 10 p. m.

Senator Roger Kelly spoke to the group on Monday afternoon and Attorney General John Ben Shepperd made a very interesting talk Monday night.

Party nominees for offices were selected Monday and the primary elections were held on Tuesday. City officers were also elected at this time.

Tuesday morning the candidates for office made campaign speeches to the group. Tuesday night the citizens of Boys' State enjoyed a talent show and heard the results of the balloting. The Longhorn Party, of which I was a member, won 19 of the 27 offices. The opposition won the offices of governor and lieutenant governor, but the latter office was won by a margin of only one vote.

On Wednesday our governor and lieutenant governor were inaugurated by Judge Hickman.

That day we heard talks given by Walter E. Long and Judge Will Wilson.

Thursday morning all state officers started performing their duties. County and district officers were elected and they assumed their duties of the government that day.

Friday morning the state officers performed their respective duties in the Capitol building. The meeting of the day was closed by a joint session of the Senate and House of Representatives.

Farewell speeches were made Friday by G. W. Moody, Judge W. A. Morrison, Boys' State Governor, Bob Smith, of Palestine, and Boys' State Lt. Governor, Rolfe Johnson of Houston.

The Governor's Ball was held that night after the inauguration of Girls' State officers. Delegates to Girls' State were invited to the dance which ended at 12 p. m.

Awards were presented for athletic contest winners on Saturday morning.

We arrived in Amarillo at approximately 9 a. m. Saturday.

Truitt Hardage, also a delegate from Farwell, was a member of Davis City while participating in Boys' State activities.

1 YEAR AGO

We Began Operation in Farwell

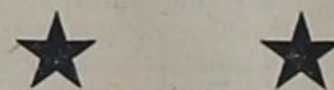

And since that time, we have erected 1,500,000 bushels of LOCAL STORAGE and the most modern handling equipment available, to serve the great grain producing area of which we have now become a part.

We realize that prospects for really a big wheat crop in 1955 are definitely short of what we would like for them to be, but just the same, we are all prepared to handle any amount when it begins to roll in.

We have enjoyed doing business with you during the past year, and regard our first year in business here very satisfying. In addition, we are looking ahead with a great deal of optimism about what the coming years will have in store.

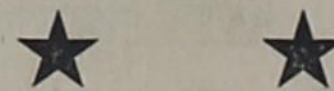

Depend on us to continue to render a complete, dependable, and friendly grain service.

Bring in That Wheat

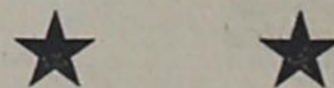

LET 'ER ROLL IN—WE'RE READY FOR THE WHEAT!

All the boys here at Worley Grain are set for that first load—and all the others. First or last, we'll be glad to handle YOUR 1955 wheat!

creep into the paper that are dillies. This appears no matter how carefully we read every word and concentrate on errors. We aren't the only ones.

In the Hereford Brand last week, Jimmy Gillentine related that his reporter broke her glasses and typed her weekly copy by the touch system. She had a paragraph about some prize-winning cookies by one of the 4-H girls, and her description said "They just couldn't be beat." However, she miscued on her copy and it read "They just can't be eat."

We think June, our new society editor, is doing swell. But she is going to need more cooperation from the hometown folks in order to give you the best possible society page. She has met many of you people, but it takes a long time to learn the towns well enough to develop all the news sources.

So if it's news, please call June. She will be more than pleased to work with you.

Every housewife needs a good recipe for a quick salad that she can whip up on the spur of the moment when unexpected company arrives or some other occurrences put her behind schedule. Mrs. Ike

Quickel of Bovina sends us her recipe which sounds not only quick, but delicious. Thanks Mrs. Quickel.

QUICK SALAD

- 1 can fruit cocktail or crushed pineapple
- 1 cup soft cheese, cubed (Velveeta)
- 6 or 8 marshmallows, cut up
- 1/2 cup nuts
- Drain juice from fruit. Put juice in saucepan, add 1 tablespoon sugar and 1 tablespoon cornstarch and cook until clear and thick. Cool a few minutes and pour over first mixture.

We would never acquire fame for our ability to make coffee. Although we have improved our method of brewing this beverage, somehow, it isn't always as good as the drink made by some gals down the street. Since we have been subjected to our own coffee for many years, however, we have about acquired a taste for it. We still like a change and enjoy being invited out for a taste of someone else's coffee.

But we ran across something this week that might help us, and some of you might find it interesting also. It is coffee-making hints from the Coffee Brewing Institute. We include their recommendations below.

Drip Method

- 1. Pre-heat pot by rinsing with hot water.
- 2. Measure drip-grind coffee into filter section.
- 3. Measure fresh boiling water into upper container. Cover.
- 4. When dripping is complete, remove upper section. It is important to stir brew thoroughly before serving.

Vacuum Method

- 1. Measure fresh cold water into lower bowl. Place on heat.
- 2. Place filter in upper bowl. Add vacuum-grind coffee.
- 3. When water boils, reduce gas heat or turn off electricity. Insert upper bowl with slight twist.
- 4. Let most of water rise into upper bowl. Stir water and coffee thoroughly. In one or two minutes, water boils. Remove from heat.
- 5. When brew returns to lower bowl, remove upper bowl. Coffee is ready to serve.

Percolator Method

- 1. Measure fresh cold water into percolator. Place on heat until water boils. Remove from heat.
- 2. Measure regular-grind coffee into basket.
- 3. Insert basket into percolator, cover, return to heat. Percolate slowly six or eight minutes after water shows faint color.
- 4. Remove coffee basket, and serve.

We noticed in The Tulsa Herald about the 50th wedding anniversary of Mr. and Mrs. V. L. Harman, parents of Mrs. Dorothy Donaldson of Oklahoma Lane.

Reading through the story, we found one item that struck our fancy. The Harmans were living in Abilene, Kansas, when he was having trouble getting farm workers. So he went into town to try to round up a few hands. He was approached on the streets by a 16-year-old boy who asked, "Will I do?" The boy was employed and made a good

hand. His name was Dwight D. Eisenhower.

About 18 months ago, this incident was told in The Herald and someone in Washington called it to the attention of the President. He wrote Mr. Harman that he was glad he was considered "a good hand."

Just for fun, at the bridal shower honoring Doris Sanderson Monday evening, each guest was asked to write her favorite recipe on a card, to give Doris a beginning on good things to cook for her new bridegroom-to-be, Frank Hapke.

We particularly enjoyed the one submitted by Audrey Hapke, younger sister of Frank. Maybe she has a good idea after all.

Hers read something like this: "Just open the box, pour into bowl, then follow directions on the box."

That season is here again, and we are more than finicky about the proverbial fly in the house and have declared all-out war on the few we have found on the premises so far.

We hadn't paid much attention to our two-year-old's reaction to the operation of grabbing the flyswatter and searching out the victims. But we were amused this week when he grabbed the swatter, looked us square in the eye and announced "I'm mon paa bu" or translated, "I'm going to spank bug."

Local Lions Officers To Be Installed

Texico-Farwell Lions met in regular session Thursday night, June 9, at the City Cafe.

The Lions set Thursday night, May 23, as officer installation and ladies' night. The installation meeting will be held in the City Cafe. Installing officer will be Doc Conover, past district governor, of Clovis.

Mr. and Mrs. Tommy Morgan of Abilene visited last weekend in the home of his parents, Rev. and Mrs. C. C. Morgan.

Tommy Morgan preached at the Texico Baptist Church Sunday night in the absence of his father.

Play Hide-'N-Seek With Refrigerator

"Do you play hide-and-go-seek with the food in your refrigerator, or does everything have its place?" This question is asked by the Homemaker's Institute at Servel, Incorporated, as a reminder to homemakers that the gas refrigerator has been scientifically constructed to preserve all types of food.

The modern 1955 gas refrigerator provides three types of cold: dry cold, normal cold and moist cold. The humidity and temperature of each is balanced for the ideal preservation of foodstuff.

The dry cold is found in the Ice Maker or frozen food compartment at the top of the gas refrigerator. In this area, say the specialists, should go frozen desserts, fresh meats and poultry, and all frozen foods. They also recommend that the freezer compartment be large enough to allow for economical volume buying at special sales. Of course, the automatic Ice-Maker eliminates the need for ice trays.

In the "normal" cold portion of the refrigerator chamber, which is the middle section, goes the largest proportion of the family's foodstuffs, including milk, butter, eggs, coffee, cheeses, beverages, baby foods, and canned goods which are best served cold. This is the area of the refrigerator which neither freezes nor provides extra moisture.

Makings for crisp salads and dewy fresh fruits, however, thrive in the "dew action" fresher—the covered polystyrene containers in the lowest section of the refrigerator.

There are tricks, too, to wrapping foods for refrigeration in order to take advantage of the scientifically balanced cold conditions. It's wise to cover almost everything, the Servel home economist advises, except for short-term storage.

Meat, which requires a small amount of air circulation for best preservation, should be covered lightly with waxed paper. Poultry should be covered completely to prevent drying and discoloration.

Even when in a hurry, it's best not to shove leftovers directly into the refrigerator from their stove-hot pans and pots. They should be cooled to room temperature first.

If this is the time in your household for the purchase of a new refrigerator, the Servel experts remind you that gas refrigerators have the revolutionary automatic Ice-Maker, no moving parts in the freezing mechanism to wear out and a ten year warranty on the freezing unit—which is twice as long as that given on any other refrigerator.

Letters To The EDITOR

1404 Kingsbury St. Apt. 3
Lawton, Oklahoma

Dear Editor:
J. B. and I are now living in Lawton, Okla., while he is stationed at Ft. Sill with the Army, and would like very much to have the home town paper—State Line Tribune—sent to us. This is a means of keeping up with the home town people and getting acquainted with the new people's names that appear in the paper and who have moved into our vicinity.

I have forgotten what the cost is for a one year subscription but if you will send us a bill for it, we will be glad to send the correct amount.

To show you how much we enjoy the paper—I was home last week while J. B. was being transferred from Ft. Sam Houston to Fort Sill and a few minutes after being at my parents home, I was turning the place upside down looking for back issues of the State Line Tribune. I really enjoyed reading them—so much in fact that I hated to quit reading them to eat lunch.

We would appreciate having this paper very much.

Thank you,
Mrs. J. B. Sudderth

Committeemen Archie McCut-

Farmers desiring information on methods of obtaining Nationalist labor should inquire at the Friona FB-office, and there if they desire, can be processed their application for membership into the Harvest

Association.

A fee of \$5 is made for joining, and costs will run \$22 per man for a two-month period. Bedding and other supplies necessary for keeping this type labor will be extra, and available at Muleshoe if farmers do not already have adequate facilities.

It was pointed out that three ambulances is unusual service for a territory the size of Clovis's. For instance, there are but three ambulances on call in a city as large as Amarillo.

Civil Service Exam Scheduled At Texico

Announcement was made this week by the Civil Service Commission that there will be an open examination for a substitute clerk at the Texico Post Office.

According to information released by Texico postmaster, Mrs. D. J. Brown, some of the requirements are as follows:

All applicants must actually reside within the delivery of the post office named or be bona fide patrons of such office. Persons employed by the post office named will be considered bona fide patrons of the office."

All competitors will be required to take a written examination designed to test aptitude for learning and performing the duties of the positions.

Applicants must be citizens or owe allegiance to the United States and must have reached their eighteenth birthday, but must not have passed their fiftieth birthday on the date of filing application.

For further information about the examination, competitors are asked to contact Mrs. D. J. Brown at the Texico Post Office.

Paving Contractor Moves On Location

Odell Poteet, contractor for a voluntary paving project being taken up in Farwell, moved some machinery onto location the first of this week.

He is making preparations for construction work, which will get underway as soon as grade stakes can be established on the first unit of the project, which involves six residential blocks in the northern part of town.

At a meeting of property owners last Thursday morning, over \$8,000 in cash was placed "on the line" in order that the contractor might get underway.

Poteet, who is from Ralls, will employ 15 persons for the work, and says it will take the firm an estimated 10 days or two weeks to complete the project.

Capt. and Mrs. Carthon Phillips and son Tracy, of Washington, D. C., are visiting in the home of his mother, Mrs. Kate Phillips, this week.

There has been considerable replanting, and rotary hoe work to get the young plants to emerge, and there also has been some deliberate overplanting of allotments with the view in mind of plowing up the poorer stands to comply with acreage restrictions later on.

Littlefield Contractor To Build Hospital

Elmo Jones, Littlefield contractor, will build the new Parmer County Community Hospital in Friona, Jim Baxter, manager, announced this week.

The hospital board turned down all bids which previously had been received.

Jones is now ordering material, and Baxter says construction is expected to start within 30 days.

Jones is contractor for numerous business buildings in Friona now under construction.

The Tribune has a circulation of over 1700 copies per week.

Get 'Hoppers Young, Is Advice Of Agent

Farmers are recommended to take early control measures where grasshopper infestations appear. This is the advice of the Parmer County agricultural agent, Joe Jones.

He says that young hoppers just getting up out of their hatching beds are very vulnerable to spraying at that stage, and that farmers can control them easily if steps are taken.

The agent suggests that farmers watch for infestations in such likely spots as field turn-rows, and that they spray these areas before the hoppers mature and get into fields themselves.

Young Businessman Dies After Attack

Funeral services were held Tuesday afternoon at 3 in the Friona Baptist Church for Leonard Arden Parsons, who died at 4:30 a. m. Monday, June 13, after suffering a heart attack. He was 34 years of age.

Rev. C. M. Fields of the Friona Baptist Church, officiated, assisted by Rev. Hugh Blaylock, pastor of the Friona Methodist Church. Burial was in the Friona Cemetery under the direction of Marcum-Claborn Funeral Home.

Pallbearers were Joe Brummett, Claude Steffy, Bill Woodley, Hank Outland, Ralph Shirley and Bonnie Wilson. Honorary pallbearers were Dick Walker, Carl Holingsworth, Gene Guinn, Bill Turner, Eugene Ellis, Chuck Long, Roy Vaughn and Roy Miller.

Parsons was born July 21, 1920, in Canton and has resided in this area since 1938. He was the owner and manager of Parson's Electric in Friona. Parsons was in the Army Air Force during World War II and married Elsie Ruth Mingus on January 24, 1942.

Survivors include his wife; two sons, Louis 12, and David, 7, of the home; his parents, Mr. and Mrs. D. D. Parsons, Hereford; two brothers, Cecil, Hereford, and Loren Parsons, Dallas; two sisters, Mrs. Clyde Brockman, Tulsa, Okla., and Mrs. James Miles, Hereford. One son, Joe, preceded his father in death in 1946.

Gives Donation to Melba Wiley Fund

Teen-Twenty Club held its regular dance Saturday, June 11, at the Legion Hall with a fair crowd in attendance. The dance started at 8:30 and ended at 12 p. m.

Sponsors were Mr. and Mrs. Sam Williams, Mr. and Mrs. S. T. Thornton, Mr. and Mrs. Leonard Coffey, Mr. and Mrs. Claude Miller and Mr. and Mrs. Joe Brummett. The band which was originally scheduled to play for Saturday's dance failed to appear, and records were played. Arnold Fangman, president, hopes that a band can be secured for the next dance, which will be June 25.

A short business meeting was held, during which time members decided to make a donation to the fund being raised for Melba Wiley, a victim of cerebral palsy.

Fangman says that the club would enjoy having more members and if anyone is interested, he is urged to attend the June 25 dance, or contact any member of the Teen-Twenty Club for details.

To Have Tornado Warning System

Chief Charlie Bainum expressed recently, that although plans have not been worked out, Friona will soon have a tornado warning system.

The warning will be given on the siren at the fire station and Bainum stated that volunteers will be placed on the outskirts of town to locate tornado funnels.

These men will have radio contact with the town and if they see that a tornado is threatening Friona, they will contact the station, which in turn, will give the warning to the residents.

Exact details of the plan will be announced soon, Bainum says.

Masons To Install Officers June 24

The Friona Chapter of Masons met Tuesday night at 8 in the Masonic Hall for the purpose of nominating and electing officers.

Installation ceremonies will be held June 24 at 8:30 in the Masonic Hall with Hal Burnett, Imperial, in charge.

Elected to fill their respective positions were Dalton Caffey, worshipful Master; Charles Allen, senior Warden; Hugh Moseley, junior Warden; Steve Messenger, treasurer and Dilley Kelley, secretary. Caffey says that he has not yet appointed other officers.

ATTEND FUNERAL

Mr. and Mrs. John Hays and children left last Thursday for Vernon, Ala., to attend the funeral of Mrs. Hays' father, W. N. Crossley, Saturday a. m.

Mr. and Mrs. Nelson Welch, Mr. and Mrs. Rene Snead and Mr. and Mrs. Harold Lillard returned to Friona Tuesday after spending a few days in Cresta del Monte, N. M.

All-Star Game To Be at Dimmitt

An all-star game which will pit the East against the West will be played tonight (Thursday) at Dimmitt beginning at 8:30.

Teams from the East will be Dimmitt, Nazareth, Olton and Umbarger while the West will be comprised of men on the teams from Bovina, Lazbuddie, Friona and Hereford.

Dimmitt was chosen as the scene of play because of its central location and its good lighting system, says John Renner, manager of the Friona team.

Managers of the two highest ranking teams this season were chosen as managers for Thursday's game. John Renner, Friona, will be the manager for the West team while Chris Clark, Dimmitt, will be the manager for the East.

Renner says that he talked to Bill Smith, president of the Irrigation Belt League, recently, and Smith stated that he thought the all-star game would be very good. His reason, says Renner, is because the West has the hitting strength while the East has the edge on pitching strength.

Players from Friona who will participate in the game are Lindley Davis, Stan Barrett, Jimmy Oliver, C. H. Veazy, Bill Woodley and John Renner.

Bible School Starts Monday Morning

Sixth Street Church of Christ Vacation Bible School will begin Monday, June 20, and will continue through Friday, June 24. A closing program will be held on the night of the 24th comprised of students who participate in the school.

Those in charge of the divisions of the school will be: Doris Boggess, cradle roll; Mrs. James Proctor and Mrs. Doyle Cummings, three and four year olds; Mrs. Eugene Bandy and Mrs. Ancel Renner, pre-school; Mrs. Rene Snead and Mrs. Winn Holcomb, first and second grades; Mrs. D. L. Carmichael, third and fourth grades; Mrs. M. B. McKinney, fifth and sixth grades; Mrs. Steve Struve, seventh and eighth grades and Mrs. Nelson Welch will be the supervisor of the high school division.

Mrs. McKinney adds that the above mentioned instructors will have a host of helpers.

"Any parents who would like to enroll their child or children in this school are welcome to do so," Mrs. McKinney says.

CORRECTION

The Tribune regrets that there was an error made in the story of a bridal shower printed in last week's edition of the paper.

The honoree at the shower given at the home of Mrs. L. D. Pope in Friona Monday afternoon was Mrs. Roy Lee Hadley, nee Ima Fuller.

It was erroneously reported that the honoree was Mrs. Troy Young, nee Gladys Baxter.

Shows Films Of Senior Trip

Films were shown to members of the senior class at a party given in the G. B. Buske home, Friday evening with Deann Buske as hostess.

Both Miss Buske and H. T. Magness, room parent, took moving pictures during the recent senior trip. These proved interesting and entertaining to the guests, Miss Buske says.

Refreshments of popcorn and pops were served during the movies while cookies and coffee were served afterward.

Those present included Bennie Grubbs, Carol Blackburn, Denise Magness, Betty Ashcraft, Evelyn Ray, Jimmie Sue Fallwell, Lois Strickland, Dudley Bainum, Gordon Wright, Keith Battey, John Thomas, Don Lewis;

Also, the sponsors, Mr. and Mrs. Raymond Cook and two children, and the room parents, Mr. and Mrs. Henry Lewis, Mr. and Mrs. H. T. Magness and Jacquelyn and Mr. and Mrs. G. B. Buske, Kim and Lila Gay.

A slumber party was held following the party in the Buske home.

Care of Cemetery Offered To City

Friona Cemetery Association held an open meeting Sunday afternoon, June 12, at the high school auditorium with 33 persons in attendance.

The meeting, presided over by G. B. Buske, president of the association, had a duration of two hours during which time many items of interest were discussed.

A vote was taken to find whether or not the people wanted perpetual care for the cemetery and also if they wanted the city to take over the operation of the cemetery. The vote for the city to take over the cemetery carried.

Friona city commission will meet soon to decide whether or not they will accept the offer, says Charles Allen, mayor. Exact date of the meeting is not known at this time.

Muleshoe Colored Team Beats Indians

Friona Indians met the Muleshoe Negro team at the Friona diamond last Sunday and lost by a score of 16-10.

Renner was the losing pitcher and Davis was the winner. The Muleshoe team got 16 hits while Friona had 13 during the course of the game.

Muleshoe started off at a fast pace bringing in five runs in the first inning while Friona did not score a run. Muleshoe kept up the pace in the second, scoring four more runs while only one run was scored by the Indians. Friona scored two in the third and Muleshoe scored none to make the score at the end of the third, Muleshoe 9, Friona 3.

Muleshoe scored one in the fourth, none in the fifth, and another one in each the sixth and seventh while the Indians were unable to bring any runs across pay dirt in those innings. The score at the end of the seventh was Muleshoe 12, Friona 3.

In the eighth inning the Indians scored one man and let the Muleshoe team rest their scoring streak until the last inning when the Negro team brought four more men across the plate.

It was during this last inning that the Indians scored runs to make the score at the end of the game, Muleshoe Negro team 16, Friona Indians, 10.

George Jackson hit two homers for the Muleshoe team and Bulley hit one.

Renner, manager of the Indians, says that the Negroes hit "the dickens" out of the ball whether it was pitched over the plate or not.

What contributed greatly to the loss of the game, says Renner, is that the Indians made 12 errors while the Negro team made only three errors.

At a last note, Renner says that the Indians hope to play the Muleshoe team again before the season ends.

Next conference game for the Indians will be planned this Sunday at Umbarger which will start the second round of play in the Irrigation Belt League. Game time will be 2:30 p. m.

Mrs. Cayce Dunn and Mrs. Bill Woodley were in Muleshoe Thursday night to attend installation ceremonies of the Order of Eastern Star there.

Start Construction Of Mabry Building

Construction began last week on the James Mabry building at 901-903 Main Street in Friona. The structure will be of very modern architectural design with this work being done by Brasher and Associates of Lubbock.

Contractor for the building is Elmo Jones, Littlefield, and will have dimensions of 41 by 87 feet. Material which is going into the structure are masonry with concrete reinforcement and outside wall of white brick.

Mabry says that the building will be semi-fire-proof and will have six offices, four facing south and two east.

Car Port Built For Bank Employees

Friona State Bank now has a car port which was recently completed for use by the employees of the business firm.

Elmo Jones was the contractor for the work which has a dimension of 24 by 100 feet and is located just across the alley, directly behind the bank.

It is a sheet iron, pipe and brick structure with an angle roof but it has no external walls.

Charles Allen, bank employee, says that it will house from eight to ten cars.

**Church To Have
Vocal Instruction**

The Sixth Street Church of Christ will begin a series of vocal instruction Monday, at the church, and will end Friday, June 24.

Classes will be held each morning for the youngsters attending the Bible School and again each evening at 8 for adults and children.

Paul Epps, minister of the Tulia Church of Christ, will be the instructor. Bro. Epps has conducted vocal schools all over this part of the country.

The public is cordially invited to attend.

**Lions Club Elects
Officers Thursday**

Friona Lions Club met Thursday evening at the club house for the purpose of electing the officers for the coming term.

Those elected were Steve Bavousett, boss lion; Jim Baxter, vice-boss; Steve Messenger, secretary; John Lamb, tail-twister; Deon Autrey, lion-tamer; Steve Struve, song leader; and Sandra Brock, sweetheart. Directors elected were Bill Sheehan and Dr. Lee Spring.

Installation ceremonies will be held at the next meeting of the club on June 23.

BAPTIST CHURCH NEWS

There were 198 attendants in training union last Sunday with 460 present for the worship hour.

Mrs. Joe Talley, superintendent of the Vacation Bible School, said this week that the school set a record last Friday when 295 students attended.

The school will end this Thursday night (tonight) with commencement exercises being held at the church at 8.

She adds that the public is cordially invited to attend.

Associational Tierra Blanca Conclave will be held June 17-18 at the Plains Assembly, near Floydada. This is not the district camp and is held primarily for members of the association.

Some of the local members will attend along with Rev. C. M. Fields and Noyle Woods. The group will leave Friday morning and return Saturday.

Rev. Fields was in Fairview recently, attending the monthly Tierra Blanca Workers Conference.

Mrs. J. T. Gee's father, T. F. Rogers, Lubbock, is at home now after having been confined to a hospital. Mrs. Gee reports that he is some better.

MRS. JOE ALLEN OSBORN

**JUNE CULBERT-JOE OSBORN CEREMONY
AT GATESVILLE METHODIST CHURCH**

Carolyn June Culbert, daughter of Mr. and Mrs. William Culbert, became the bride of Joe Allen Osborn, son of Mr. and Mrs. Sloan Osborn, Saturday evening at the First Methodist Church in Gatesville. Rev. Robert Herman Boyd officiated at the double-ring ceremony.

Miss Orpa Mayo was the organist and accompanied Mrs. Byron Leaird, Jr., as she sang "Perfect Love" preceding the ceremony and "The Lord's Prayer" immediately following the ceremony.

Centering the altar was an arrangement of white caladium, calla lilies, palms and ferns.

Given in marriage by her father, the bride was attired in a chapel length gown of embroidered French Chantilly lace over taffeta, with a sculptured bodice and a low rounded neckline accented with tiny lace flowers jewelled with pearls and beads. The gown featured a pointed waistline and short sleeves with matching lace mitts. Her veil was of finger tip illusion falling from a small lace hat outlined in pearls with a full skirt of lace over taffeta. She carried an arrangement of white roses and stephanotis entwined with English ivy.

Mrs. Frank M. Johnson of Hamilton, Texas, matron of honor, was attired in an ice-blue rice silk waltz length dress with matching shoes and white gloves. She had a bandeau of straw leaves with a short veil.

Bridesmaids were Miss Patricia Dilworth, San Antonio; Miss Bonnie Swem, New Gulf, Texas; Miss Sally Osborn, Friona; Miss Jean Hix and Miss Cynthia Sadler both of Gatesville. They wore dresses of the same color and styled identi-

cally to that of the matron of honor. Serving his brother as best man was Charles Osborn, Friona; and groomsmen were William Edward Culbert, Gatesville; M. C. Osborn and La Von Rogers, Friona; Ray Farabee, Wichita Falls and Thomas Earl Winters of Evant.

Mother of the bride, Mrs. Culbert, was attired in a powder blue ballerina length dress with matching accessories and an orchid corsage. Mrs. Osborn, the bridegroom's mother, wore a wedge-wood blue ballerina length dress with pink accessories. She also wore an orchid corsage.

Immediately following the ceremony, a reception was held for the couple in the home of the bride's parents in Gatesville. Mrs. Randolph Blumberg presided at the punch bowl and Mrs. Rufus J. Brown served the cake. Guests were registered by Mrs. John Edwin Pearson and gifts were displayed by Mrs. O. N. Hix, Mrs. Kermit Jones and Miss Louise Hall. Assisting were Mesdames William Chamlee, H. K. Jackson, Sr., Francis Caruth, T. W. Winters, W. C. McDonald, John T. Brown, Robert W. Brown and Roger Miller.

For a short wedding trip to Ft. Worth, the bride changed into a blue linen suit with a white jacket and navy accessories.

The couple is now at home in Austin where Osborn is taking a six week's course in law before going to Camp Gordon, Ga., where he will be stationed with the U. S. Army.

Both are graduates of the University of Texas where the bride was a member of Kappa Alpha Theta Sorority and Theta Sigma Phi honorary sorority. While in college,

Osborn was a member of Phi Gamma Delta Fraternity and Silver Spurs (an honorary service organization).

Those attending the wedding from Friona, other than the ones mentioned, were Mr. and Mrs. Roy Clements and children, Mr. and Mrs. Dan Ethridge, Mr. and Mrs. Bill Stewart, Mr. and Mrs. M. C. Osborn, Sr., and Miss Gay Ann McFarland.

ATTENDS WORKSHOP

Mrs. Lucy Jones, secretary of Friona Credit Union, was in Amarillo Saturday attending the Credit Union Workshop which was held at Amarillo College in the Arts and Commerce building.

**Hi-Point HD Has
First Anniversary**

Hi-Point Home Demonstration Club met Friday afternoon at 3 in the home of Mrs. Loyd Rector at which time they commemorated the first anniversary of the club. Mrs. Spencer Hough presided at the meeting in the absence of the president, Mrs. Woolbright.

Roll call was answered by each member telling of something outstanding which the club had done in the past year.

The serving table was laid with a white linen cloth centered with an arrangement of roses in a bowl which also contained one white candle designating the occasion. A cake with the inscription, "Happy

Birthday" was also placed on the table.

The program originally scheduled for Friday will be on June 24. Mrs. Glen Mingus, co-chairman of the spot cleaning and stain removal feature, was absent at Friday's meeting.

Refreshments of cheesecake, doughnuts and iced tea were served to Mesdames Spencer Hough, Foister Rector, Floyd Rector, G. L. Mingus, G. A. Collier, Harry Hamilton, James Boyles, Ed Boggess, Lloyd Mingus, one guest, Miss Helen Hamilton and the hostess, Mrs. Rector.

The meeting on June 24 will be held in the James Boyles home at 3 p. m.

M-M RC Rotary Hoe

does double
duty

• SPEEDS UP EARLY CULTIVATION

You can cultivate crops at your fastest field speed with the RC rotary hoe or go at slower speeds when required. Eighteen-inch steel digger wheels get out just-starting weeds, break up soil crust formed after rains. Your crops get a good growing start. Digger wheels rotate independently on the gang axle.

• PACKS THE SOIL WHEN REVERSED

With the V-type hitch hooked at the rear, the RC rotary hoe becomes a packer. Used in this way, it gets down through trash and packs around the seed. Surface soil is not finely pulverized; small lumps thrown up on the surface help to prevent soil loss from drifting and blowing.

Features: All-steel construction. Each 42-inch section has two gangs of seven digger wheels with 10-inch replaceable steel fingers. . . . Whether one, two, three, four, or five sections are used each section follows ground contours. . . . Oil-impregnated wood bearings never need oiling. . . . Deep pan weight boxes are regular equipment.

FOR 3-POINT HITCHES

Two-section RC rotary hoe is available for 3-point hitches. Lifts off ground for easy transport and turning. Fits the Minneapolis-Moline QO Hitcher and other 3-point hitches.

Stop in and see the Minneapolis-Moline RC Rotary Hoe.

Frank Spring Family Tours 22 States In Interesting, Extensive Vacation Trip

Mr. and Mrs. Frank Spring and their children, Frankie and Mary Tom, returned Sunday from an extended vacation in the eastern states and parts of Canada.

Mrs. Spring relates the trip as follows: "Our first important stop was at Nashville, Tenn., where we visited The Hermitage, which was once the home of Andrew Jackson. We also viewed the Parthenon which is an exact replica of the one in Athens, Greece, although the one in Greece has been destroyed."

"While in Nashville, we especially enjoyed visiting the Upper Room Chapel where the Methodist quarterly magazine is published."

"We drove through the Smoky Mountains of North Carolina and then went to Williamsburg and Jamestown, Virginia, where the Pilgrims first settled in 1607. Through the efforts of the Rockefeller Foundation Williamsburg has been reconstructed to appear as it did in the 17th century."

"Our next stop was in Washington, D. C., where we visited George Washington's home at Mt. Vernon and also toured the Capitol building and the White House."

"We spent some time with Walter Rogers, senator from Texas, who aided in getting us a pass into the U. N. Building."

"While in Washington, we saw Washington Monument, Smithsonian Institute, Melon Art Gallery and made a tour of the city."

"New York City was our next stop where we attended the Radio City Music Hall, heard Dr. Norman Peale speak at the Marble Collegiate Church, took a boat trip

around Manhattan Island and saw Ed Sullivan's television program. We visited with Lt. Col. and Mrs. R. C. Stokes while there. Stokes was formerly a doctor in Friona."

"We went to the top of the Empire State Building and also visited the Statue of Liberty. Frank went to the top of the statue but I waited for him at the bottom."

"The children's special request was answered when we went to Coney Island. As it was Memorial Day the place was packed with people."

"We attended a play on Broadway and then went to tour the U. N. Building. What I meant when I said Senator Rogers helped to get us a pass was this. The general public is allowed to tour the building, but because of our pass, we sat in on a committee meeting where we heard six different languages. We very much appreciated the special aid which enabled us to enjoy this. At the committee meeting we sat at chairs with headphones on and pushed a button each time we wanted to hear a different language. It amazed us to hear the interpreters relay the messages as fast as the different men could speak them."

"We took a tour of New York City before we went to New Jersey, then to Hartford, Conn., and also to Plymouth, Mass., by way of Providence, R. I. We viewed Plymouth Rock, where in 1620, the Pilgrims first set foot on American soil."

"During our travel we stopped at Boston to visit the Old North Church which Paul Revere attended and also toured his home

there. Longfellow's home at Cambridge, Mass. was also part of our scenic visits."

"Outstanding to us, was a visit to the Matparium in the Christian Science Building. The Matparium is a 30 foot glass globe formed by 608 colorful fused glass panels set in a bronze frame. Visitors walk through the globe on a bridge of French structural glass. A subdued light shines through glass panels and gives a view of the whole world from within."

"We also toured the New England states of Maine, New Hampshire, Vermont and especially enjoyed the maple sugar country. We spent one night at St. Johnsbury, Vermont, which is believed to be the largest maple sugar producing region in the world."

"From there, we went into Canada and took a tour of Quebec, Ontario, and then went to Sainte Anne de Beaupre Cathedral which is outside of Quebec. This Cathedral is world famous for its healing powers."

"We stayed in Canada for three days where we visited Montreal, Kingston, Toronto, and toured the Thousand Islands which are off the coast of Kingston, Ontario."

"Niagara Falls was our last stop before starting our journey home."

As a last note, Mrs. Spring says, "We enjoyed our trip very much, but we are glad to be back in Friona."

Friona HD Meets In Osborn Home

Friona Home Demonstration Club met last Wednesday afternoon in the home of Mrs. Dottie Osborn at 2:30.

Special guest was Mrs. Thelma Ford who gave a book review on "The Power of Positive Thinking" by Dr. Norman Vincent Peale.

Mrs. Addie Davis, reporter, and Mrs. Osborn, president, resigned from their offices of the club at Wednesday's meeting. Elected to fill the vacated positions were Mrs. Judy Cummings, president, (former vice-president) and Mrs. Marlene Drake, reporter. Mrs. Blanche Woody was chosen vice-president.

The organization decided to hold two meetings each month through the summer except for one meeting to be held in August. This meeting will be a social, but date of the social is not known at this time.

Refreshment of punch and cookies were served to Mesdames Mary Bandy, Anna Daughtery, Blanche Woody, Inez Sherley, Joyce Wilkins, Judy Cummings, one guest, Mrs. Ford, and the hostess.

Visit Parents

Lt. and Mrs. Roy V. Miller, Jr. are spending some time with his parents, Mr. and Mrs. Roy V. Miller, before he reports to Albuquerque as recruiting officer, for the army.

Lt. Miller and his wife left Monday to visit her parents in San Angelo for a few days before returning to Friona.

Guests in the E. R. Day, Sr. home last week were their son and family, Mr. and Mrs. E. R. Day Jr. and Debbie from Lubbock.

Cocanougher-Gore Vows Read At Methodist Church

Elizabeth Ann Cocanougher, daughter of Mr. and Mrs. H. R. Cocanougher, became the bride of Lewis D. Gore, son of Mr. and Mrs. R. N. Gore, Saturday evening at 6 o'clock in the Friona Methodist Church. Rev. U. S. Sherrill, pastor of the Lorenzo Methodist Church, read the double-ring ceremony.

The couple stood before an arch covered with white roses intermixed with greenery and flanked by baskets of white gladioli and white candelabra.

Vera Ann Jones accompanied Don Lewis who sang, "Because" and "Always". Immediately following the ceremony he gave the vocal selection, "The Wedding Prayer." Miss Jones played traditional wedding music.

Mrs. Mack Stockett, Claude, attended her cousin as matron of honor. She wore an aqua crystaline ballerina-length dress with a fitted bodice and a full skirt. She had a bandeau of matching cloth trimmed with pearls. Her accessories were white and she carried a cascade of pink asters tied with matching ribbon.

Bridesmaid was Gracey Bell Brunson, Hereford, who was attired in a pink dress styled identically to that of the matron of honor. She also carried a cascade of pink asters. Candelighters were Zelma Faye Beaty and Jo Ann Hubbard of Bula.

Jimmy Gore served his brother as best man and groomsmen were Tommy Jones. Ushers were Billy Joe Mercer and Tommy Hamilton.

Given in marriage by her father, the bride was attired in a white waltz-length gown of tulle and lace over slipper satin, styled with a high neckline and tight fitted bodice which was ornamented with tiny satin covered buttons, coming to a point at the center front. The sleeves were long, coming to a point at the wrists. Her veil was attached to a satin and lace covered headband trimmed with pearls.

She carried a white Bible centered with a white orchid and white satin streamers.

Mrs. Cocanougher, mother of the bride, wore a street-length dress of white linen with navy accessories. She had a pink gladiola corsage. The bridegroom's mother, Mrs. Gore, was attired in a street length dress of lace over blue linen

with white accessories. She had a white gladiola corsage.

A reception was held for the couple following the ceremony at the Methodist Annex.

The serving table was laid with lace over an aqua cloth centered with an arrangement of roses. Crystal and silver completed the table appointments.

Gay Cass served the tiered white wedding cake topped with a miniature bride and groom. Mrs. Bob Gore served punch and Shirley Jean Gore, sister of the groom, registered the guests.

For her wedding trip to the Gulf Coast, the bride changed into a white boucle suit with ice-blue accessories.

The couple will be at home in Friona where Gore plans to engage in farming.

Both are graduates of Friona High School and the bride recently completed a year's study at West Texas State College. Gore was discharged from the service in December of 1954.

Visit Relatives In California

Mrs. F. N. Welch and daughter, Mrs. Steve Struve and children, Kay, Carrol and Sheila, recently returned from a month's vacation in California.

They visited Mrs. Welch's daughter and family, Dr. and Mrs. R. F. Johnson and son, Mark, in Los Angeles; also her sister and family, Mr. and Mrs. W. L. Yancey, in Long Beach; and Mrs. Welch's brother and family, Mr. and Mrs. Otis Shackelford at Perres, Calif.

Other points of interest enjoyed by the group were trips to Catalina Island, off the coast of Los Angeles; and Knott's Berry Farm at Compton; and a drive through Hollywood and Beverly Hills.

Mrs. Welch states that some of the outstanding highlights of the trip were shopping in downtown Los Angeles and watching the "Queen For a Day" radio program.

UNDERGOES SURGERY

Mrs. Eulen Phipps was taken to the Friona Community Hospital last Tuesday night for an emergency appendectomy.

She was brought home Sunday and is recuperating nicely.

Mrs. "Pudge" Kendrick and Mrs. Bill Buchanan were in Amarillo Saturday.

Shower Given For Mrs. Hamilton

A post-nuptial shower was given Thursday evening at the Methodist Annex in honor of Mrs. Thomas Hamilton, nee June White.

Hostesses for the occasion were Misses Elizabeth Coconougher, Mary Sissell, Zelma Beaty, Marie Roberson and Mesdames W. H. Ford, Tommie Jones, Glenn Reeve, H. R. Coconougher, Bertie Stowers, J. H. Boyle, Spencer Hough, H. F. Carr, Jimmie Gore, M. P. Bennett and Henry Lewis. Marie Roberson presided at the guest book while Mrs. Tommie Jones and Mary Sissell were in charge of the serving table. The honoree's chosen colors of pink and white were used in the table appointments and room decorations. The serving table was laid with a white orlon lace cloth over pink, centered with an arrangement of pink tea roses. White candles formed the center background.

The bride opened her gifts and displayed them on a table laid with a pink cloth.

An arrangement of pink roses and honeysuckle was placed on the registration table while the top of the piano held an arrangement of American Beauty roses.

White carnation corsages were presented to the honoree, her

mother, Mrs. E. S. White, and the bride-groom's mother, Mrs. Harry Hamilton. Mrs. Roberson, grandmother of the groom, was presented with a pink carnation corsage.

Background music throughout the evening was played by Helen Hamilton, Nancy Outland, Sandra Brock and Phyllis Treider.

Two vocal selections, "Always" and "Melody of Love" were given by Phyllis Treider, accompanied at the piano by Deniese Magness. Mary Lou Miller also gave a vocal number, "Honey" accompanied by her mother, Mrs. Roy V. Miller.

Evelyn Ray closed the program with the reading, "The Bride and the Broom."

Refreshments of white cake trimmed with pink roses, pink punch, mints and nuts were served to about 75 guests.

Have Dinner Guests

Dinner guests in the Rudolph home Sunday were Mr. and Mrs. Calvin Martin and Mr. and Mrs. Billy Baxter.

OES Officers Are Installed Monday

New officers of Friona Chapter 990, Order of the Eastern Star, were installed in formal ceremonies Monday night, June 13, at the Masonic Hall.

Baskets of seasonal flowers in the Worthy Matron's colors of red, green, blue, white and yellow formed the setting for the chapter room.

The address of welcome was given by Mrs. Winnie Dunn, Muleshoe, who presided as installing officer. Katherine Dunn, daughter of Mr. and Mrs. Cayce Dunn, presented the Bible. Assisting Mrs. Dunn as installing officer were: Laura Rundell, Bovina, Marshall; Martha Russell, Chaplain; Nell Culpepper, musician; Tina Bainum, secretary; Bessie Boggess and Ethel Chitwood, pages.

Assuming their official duties were: Maurine Dunn, Worthy Matron; Cayce Dunn, Worthy Patron; Faye Southard, Associate Matron; Claude Miller, Associate Patron; Margaret Woodley, secretary; Sarah Ann Miller, Conductress; Cornelia Kelley, Associate Conductress; Hazel Guinn, Chaplain; Thelma Coffey, organist; Carolyn Krueger, Adah; Hazel Kendrick, Ruth; Vera Bainum, Electra; Annis Turner, Warder; Lucille Collier, Sentinel. Harris Dunn, son of the new worthy matron, escorted his mother to the East.

Don Lewis sang a solo, "Star of the East," accompanied by Mrs. Eva Miller. Mrs. Rundell presented the Worthy Matron with an Eastern Star Bible inscribed with both the Worthy Matron and Worthy Patron names. The Bible was centered with a corsage composed of flowers that formed the star and using the honorees chosen colors of the star points. Mrs. Winnie Dunn presented the Worthy Matron with a white gavel and a gift from the chapter, and Worthy

Patron's circles were also present.

Jewels from the chapter were presented to Mr. and Mrs. Leonard Coffey, the retiring officers, by the new heads of the chapter. Mrs. Dunn presented each of her installing officers with a gift.

Reception was held in the club room of the Chapter following the installation. Bouquets of roses centered the serving table which was covered with a lace cloth. Colored tapers were placed by the punch bowl which was presided over by the Past Matrons.

Out of town guests were from Farwell, Muleshoe, and Hereford.

Next meeting will be held Monday, June 23.

See Herd of Buffalos In South Dakota

Mr. and Mrs. Roy Wilson and children arrived home in Friona Friday evening after a two week's vacation in the northern and north-eastern states.

The Wilsons drove through Colorado and then to South Dakota through the Black Hills where they viewed, what is believed to be, the largest (1,300 head) herd of buffalo in the world.

After seeing points of interest in South Dakota, the group drove to Slayton, Minn., where Wilson fished at Lake Shetek. Wilson reports that his son caught the largest fish, a 16-inch wall-eyed pike and his second best catch was a one and a half pound crappie. He adds that sixty four was the most fish caught in a one day period.

Wilson states that they saw "lots of pretty country" and that the most exciting moment for his son, Don, was when he found a prairie dog that he could feed. The dog ate candy and bits of chewing gum out of Don's hand.

Stowers-Houston Wedding Vows Read

Maldean Marie Stowers became the bride of H. G. Houston in an informal ceremony held Saturday afternoon at 2:30 in the Assembly of God Church. Rev. W. C. Wade performed the ceremony.

Parents of the couple are Mr. and Mrs. J. L. Stowers and Mr. and Mrs. T. L. Houston.

The couple stood before a wedding scene composed of an arch of red roses flanked by large baskets of pink gladioli and white candelabra.

Arlene Stowers played traditional professional and recessional music and accompanied Phyllis Treider as she gave two vocal selections, "Why Do I Love You" and "Because."

Joyce Young, cousin of the bride, was maid of honor. She wore a white linen suit with pink accessories and a pink carnation corsage. Irene Young, also a cousin of the bride, was bridesmaid. She was attired in a pale blue street length dress and wore a white carnation corsage. Candlelighters were Darlene Stowers sister of the bride, and Owen Ray Houston, brother of the groom.

Junior Houston, brother of the groom, was best man. Groomsmen and ushers respectively, were Roy Young, Monroe Young and Kenneth Carter, all cousins of the bride.

The bride was attired in a pale blue, lace over taffeta street-length dress. The dress featured a tight fitted bodice coming to a point at the center front and a full skirt. She carried white carnations tied with maline.

Mrs. Stowers, mother of the bride, was attired in a navy blue lace dress with white accessories. She had a white carnation corsage. Mrs. Houston, the bridegroom's mother, wore a tan orlon dress with white accessories and carnation corsage.

For the wedding trip, the bride changed into a black and white cotton sleeveless dress with white accessories and a white carnation corsage.

The couple is now at home east of Friona where Houston is engaged in farming.

Both attended Friona Schools.

Ladies! Why ask for backache?

- Look . . .
- You have a washer that takes the hard work out of washing!
 - You have a range that takes the fatigue out of cooking!
 - You have a vacuum that takes the muscle out of cleaning!

But what good do they do if you break your back every ironing day?

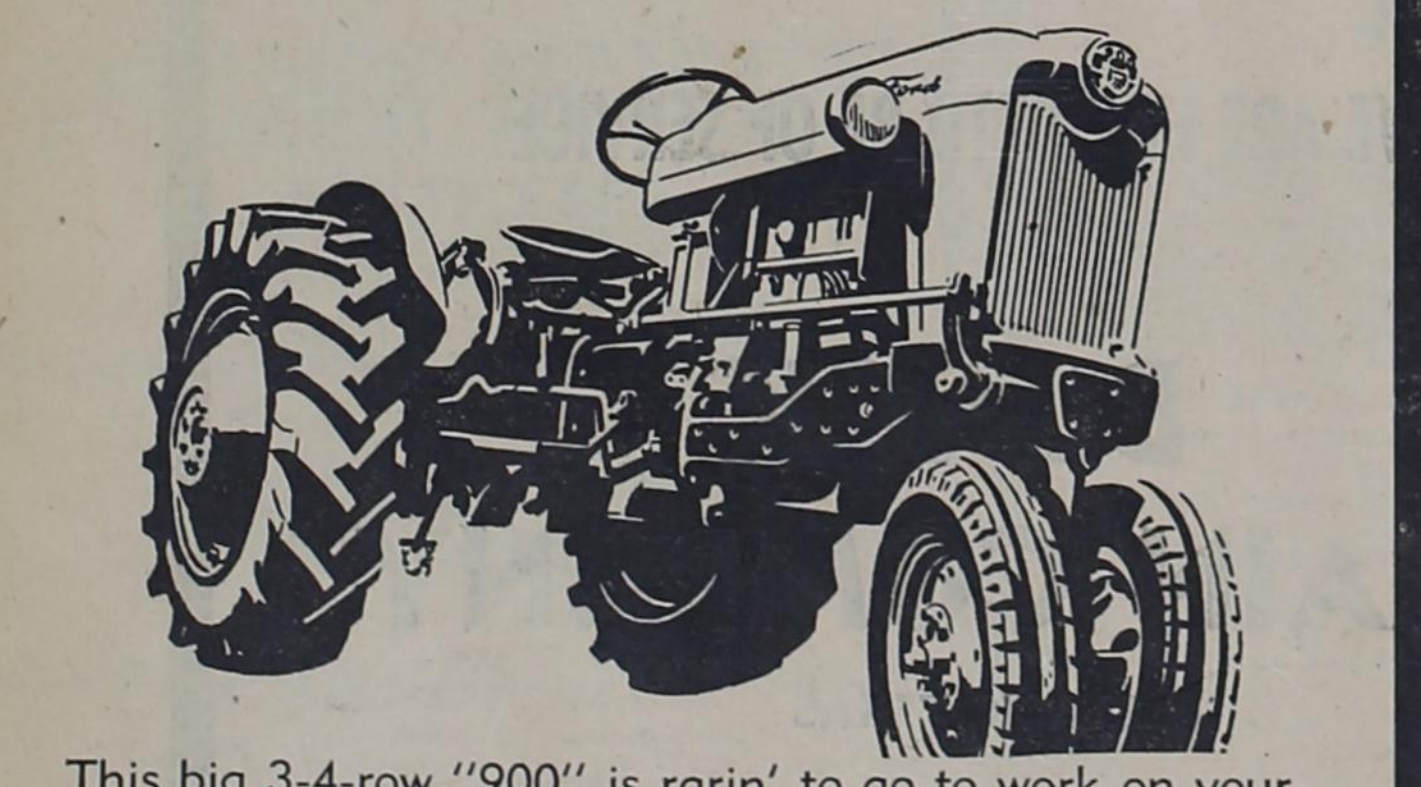

The appliances you have are wonderful! They help you live longer, look younger, feel better. So why let hand ironing . . . the meanest job of all, rob you of your looks, your health and your youth? You don't have to!

For now there's a simple way to iron, too. There's a wonderful appliance that lets you sit down, relax, and iron beautifully, in less than half the time it takes you by hand. That appliance is the Ironrite Automatic Ironer. It's simple to operate and amazingly inexpensive. It will iron anything you can wash, and it will end, once and for all, the achy, worn-out, tired-all-over feeling of old-fashioned ironing days.

We want you to try ironing the simple way . . . on an Ironrite. We want you to come in, sit down at one of our floor models, and see for yourself how simple, how relaxing this revolutionary way of ironing really is.

UNDERGOES SURGERY

Joe Tarter, son of Mr. and Mrs. Archie Tarter, underwent an emergency appendectomy in the Friona Hospital last week. He was to return home Sunday.

Mr. and Mrs. Floyd Duckworth and daughter, Norma Jean, were here from Frederick, Okla., visiting in the home of Mr. and Mrs. Ed Steinbock.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

We don't know the outcome of the bill to levy the three cent ad valorem tax for water development program. We're afraid it became law, but Senator Gilmer Corbin of Lubbock and Andy Rogers of Childress made concerted efforts to defeat it.

Mr. and Mrs. Chilli Jordan, Mr. and Mrs. Bearldene Broyles, Mr. and Mrs. Gene Smith, Eugene Broyles, Max Steinbock, and Shirley Littlefield enjoyed water skiing Sunday.

Mr. and Mrs. Bearldene Broyles of Lubbock and Eugene Broyles of Amarillo, were visitors in the home

The two senators mentioned above also worked hand in hand with Farm Bureau in fighting the two cent increase in the gasoline tax. They were successful in forcing a change to one cent, which was well worth the effort. One basic reason for Farm Bureau people insisting on some reasonable tax on natural gas leaving Texas, instead of the increase in gasoline tax is this fact: Highway gasoline tax amounts to about 83 per cent in Texas, paid mostly by Texans. The tax on natural gas, which leaves the state in vast quantities, is only 9 per cent. We believe that

of their parents, Mr. and Mrs. Oren Broyles, over the weekend.

Max Steinbock, Shirley Littlefield, Mrs. Willie Steinbock and Maxine Delayne Steinbock were shoppers in Lubbock Saturday.

Mr. and Mrs. John Agee visited his mother, Mrs. Rose Agee, in Lubbock over the weekend.

when enough people know these facts, a united front can be established that will finally place the tax where it belongs.

Your Texas Farm Bureau has served you successfully and well during the legislative session just ended. Nineteen bills supported by Farm Bureau were approved by the legislature.

One bill of particular interest to farmers of this area is HB 485, related to control of noxious weed seed in planting seed. The principle interest in this bill came from those interested in eliminating bind weed.

Parmer County's weed committee, originated by your farm bureau directors at your request, has received wide publicity for its work. A. R. McCutchan, Les Bruns and others went to Morton last week, upon invitation to relate workings of the committee and its program. It is highly probable that this movement, started early, will avoid great economic loss due to spread of bind weed that would have otherwise occurred in Parmer County.

Your directors will welcome any suggestions you may have for resolutions to be presented to County members in October. Remember that Farm Bureau is the only farm organization that maintains a staff in Austin at legislative sessions. Consequently, it is only farm organization that can have recognition worthy of your support.

Consider this: Envy thou not the oppressor, and choose none of his ways. Proverbs 3:31.

Anniversary Party Honors Christians

Mr. and Mrs. Wendol Christian were honored with a surprise anniversary party on Friday night, June 10, in the home of Mr. and Mrs. Fred Bolton.

Those attending the anniversary party were Mr. and Mrs. Leon Billingsley and family, Mr. and Mrs. Jimmie McGuire and family, Mr. and Mrs. Harold Carpenter, Mr. and Mrs. Bill Johnson, Mr. and Mrs. James Roach and family and the honorees, Mr. and Mrs. Wendol Christian and girls, and the host and hostess, Mr. and Mrs. Fred Bolton and family.

From Washington

Mr. and Mrs. Charles C. Smith of Longview, Wash., were weekend guests in the home of her parents, Mr. and Mrs. F. E. Kepley. The Smiths were enroute to their home after an extended trip through Kentucky and parts of Texas.

Sunday dinner guests in the Kepley home were Mr. and Mrs. Smith, Mr. and Mrs. J. W. Herington and family of West Camp, Mr. and Mrs. Turner Paine and family of Texico and Mr. and Mrs. Fred Kepley.

The family gathered in the Turner Paine home for a hamburger supper on Monday night before the Smiths returned to Washington on Tuesday morning.

OKLAHOMA LANE BAPTIST

Rev. Vance Zinn, Pastor

Both circles of Oklahoma Lane WMU met at the church last Monday afternoon for a Royal Service program. Mrs. Wayne Hardage was in charge of the afternoon's program entitled "Stop, Look and Listen."

Mrs. Vance Zinn gave the devotional which was followed by program topics given by Mesdames W. E. Verner, Lacy Hardage, Lee

Mason, Frank Edwards, Harold Carpenter and Charles Hukill. Program was closed with a prayer given by Mrs. Howard Garner. Others present were Mesdames Donald Watkins, Jimmie McGuire, Jack Roach, Sterling Donaldson, J. M. Pruitt and a group of GA's and RA's.

The G. A. and R. A. organizations of the church met in regular session with Mrs. Hukill in charge of the meeting for the G. A.'s and Mrs. Howard Garner meeting with the R. A. group.

After their programs, Harold Carpenter and Rev. Zinn supervised the groups in the cleaning of the church premises.

After the clean-up, the group played baseball and then enjoyed a bon-fire and weiner roast. Mrs. Zinn furnished homemade ice cream for the group.

Visit Boltons

Weekend guests in the Fred Bolton home were her parents, Mr. and Mrs. Roy McQuatters, Sr., of Littlefield; her brother and family, Mr. and Mrs. Roy McQuatters, Jr., and family, also of Littlefield; her sister and family, Mr. and Mrs. J. A. Webb of Amarillo; and her nephew and family, Mr. and Mrs. Monty Webb of Plainview.

Four members of the family were honored on their birthdays Sunday.

METHODIST CHURCH NEWS

Rev. Vernon Willard, pastor

Attendance for Sunday, June 12, was 101 for church school. Approximately 120 were present for the worship hour.

As this was closing Sunday for the Vacation Bible School week, the pastor chose as his text "Go Ye Therefore and Teach."

Sunday was also observed as World Wide Youth Fellowship Day, and Merrill Rundell, teacher of the youth group, gave a talk on the aid being given by the churches for youth to attend colleges.

Members of the junior department gave short reports on the camps they had attended the past week at Ceta Canyon. Those giving reports were Virginia Willard, Gerald Gober, Zell and Judy Billingsley. All four reported a worthwhile trip.

The intermediate MYF group wishes to announce that a pledge service will be held next Sunday evening at 7:30 at the church. All youth between ages of 12 to 15 are asked to be present.

Is Guest Speaker

Rev. R. R. Holton of Plainview, spoke at the evening service on the "Problems of Alcohol and Narcotics."

Rev. Holton represents the organization of "Texas Alcohol-Narcotic Education," formerly "The Texas Dries."

He told of the extensive work being done throughout Texas to stamp out the scourge of these enemies by this group.

Those in attendance received his message with much enthusiasm and expressed their wishes to help in this work by giving freewill donations at the close of the message.

WSCS Meets

The ladies society met Monday, June 13, at 3 p. m. at the church for the weekly meeting with 10 members and the pastor present.

Roll call was answered with "Disasters Caused by Sin In The Bible."

The program, directed by Gladys Sudderth, had the theme "The Christian Home, The Hope of The World." Ladies giving talks on the program were Belle Willard, Ginny Blankenship and Gladys

Sudderth.

Mrs. T. L. Kent closed the meeting with an inspirational meditation entitled "Christ is the Same, Yesterday, Today and Forever."

Mrs. Curtis Jones and Mrs. Fred Kepley will present the program next Monday.

Other members present were Mesdames Kate Lindop, Maudie Primrose, Jet Jones, Ruby Billingsley, Kathryn Merriman, Louise Douglas and Rev. Willard. Benediction was given by Ruby Billingsley.

Bible School Closes

Children and their parents met at the church Saturday evening at 8 o'clock to have a sharing session and a short presentation program at the close of the school. Mrs. Gene Snodgrass, supervisor and counselor for the entire group was in charge of the program.

Each class, with the aid of the teachers, gave two numbers each. They then received their diplomas.

The largest class to attend the school was the kindergarten group with an average of 16.

Average attendance of the entire school for the week was 60. The teachers and pupils report a very inspiring and successful week.

The work of the intermediate class is worthy of special mention. The children, under direction of Grace Jones, Louise Christian, and Charlene Grissom, gathered soap scraps, melted them and prepared about 10 lbs. of soap. They collected eight pounds of flower and garden seed, six blankets, and made and equipped six sewing boxes. These projects were packed to go on the Texas Friendship Train to leave soon for Korea and Japan.

The kitchen committee, consisting of Ginny Blankenship, Louise Douglas and Nora Billingsley, did a very efficient job of serving refreshments of cookies and punch

to the entire group each day.

MYF Group Sees Film

Intermediate MYF and guests under the leadership of Mrs. Grace Jones and Mrs. Louise Christian, met at Fellowship Hall Monday evening at 5 o'clock for a fried chicken supper with all the trimmings served by the teachers.

Games were enjoyed following the meal and at 8 o'clock the group drove to Muleshoe High School Auditorium where Rev. Carroll Jones of Progress showed the film "The History of Our Bible." This film was enjoyed by all.

Those attending were Beverly and Joan Hubbell, Jeanette Lindop, Dale and Gene Merriman, Larry and Glenn McDorman, Dennis Nelson, Elmer Snodgrass, David Willard, and one visitor, Lawrence King, from Lazbuddie.

Also Mr. and Mrs. Lee Jones, Mrs. Louise Christian and Rev. Vernon Willard.

LOCALS

Mr. and Mrs. Gene Rea and girls drove to Lake Texhoma on Wednesday for a few days of fishing. They returned home on Sunday.

Mr. and Mrs. L. L. Cooper and family were in Lubbock on Saturday.

Rev. W. R. Beard Assumes Duties As Pastor of Bovina Methodist Church

Rev. and Mrs. W. R. Beard arrived in Bovina two weeks ago when he assumed duties as pastor of the Methodist Church there.

Rev. Beard came to Bovina from Claude, Texas, where he had been pastor for four years.

Rev. Beard, who received his schooling at Birmingham Southern College in Birmingham, Ala., and Southern Methodist University in Dallas, came to the Northwest Texas Conference eight years ago. He served four years, as pastor of the church at Ralls before moving to Claude.

Prior to this, Rev. Beard had been a pastor in the Central Texas Conference for 23 years. Among the pastorates he held in that conference were Anglin Street Methodist Church in Cleburne, Trinity Church in Fort Worth, Seventh Street Church at Temple, First Church at Belton, Clay Street Church in Waco and First Church in Winters.

The Beards have one daughter, Catherine, who teaches the second grade at a school in Midland. Catherine plans to spend most of the summer vacationing in Chicago,

Ill., and Wisconsin. She is a graduate of Texas Tech and a member of Pi Beta Phi sorority.

Mrs. Beard has been a public school teacher for many years and has taught in the elementary grades in many of the towns Rev. Beard has served as pastor. She received her Master's degree in elementary education at West Texas College in Canyon, three weeks ago. She has been very active in camp work and is accredited to teach three classes for the general board of education of the church.

Rev. and Mrs. Beard say that they are very happy to be in Bovina and that they are certain they will enjoy their stay there.

Girls 4-H Council Plans July Functions

Monday, a council meeting was called for council delegates and leaders to make plans for a camp-out in July, with a workshop to be held the following day.

Dear Sonny:
I have just read with great interest of the recognition which you received from the National Editorial Association, congratulations. We take some fourteen newspapers here and believe it or not, I enjoy reading yours very, very

much. I also understand that congratulations may soon be in order again. I certainly hope that you and your wife are not disappointed. Let me cut you in on a little secret—only time can tell.

We hope to be able to furnish you with another map on information concerning your area in the very near future. If you are ever in Lubbock please come by and visit with us.

Sincerely yours,
Tom McFarland

Hello to all:
Just a note to say we'll be leaving here before time for our paper to get here this week. Everyone surely enjoys receiving it very much. We kinda' keep up with what's going on back home through

the paper 'cause it seems as tho' all the friends and relatives are too busy to write.

Surely is hot here and the rains haven't helped our business either.

Thanks again for sending the paper. Will write each time we move. Send paper to Edd Hardage Sawyer, Kans.

Water Table Down in County, District's Records Indicate

Story Incomplete For Entire County

Name any subject that is discussed more often in High Plains barbershops and on the street corners than irrigation, and we'd like to know what it is.

The magic word of "irrigation" has out-distanced in importance such old-time stand-bys as the weather and major league baseball.

Right along with this topic has evolved one of the greatest subjects for argumentation ever con-

ceived in the Southwest: Is our underground water inexhaustible, or will we, in 15, 20, or 25 years, see it all pumped out?

More evidence is being brought to light all the time that would point to the conclusion that there is a limit to our underground water resources, and that it is within the realm of possibility for us to exhaust them.

Here it should be pointed out that the best minds on the subject are firm to say there will NEVER come a time when the water from our Ogalalla sands will be exhausted; but that there WILL be

a time when we may be forced to cease pumping it out for agricultural or industrial purposes.

That is to say, cities on the Plains can pay high price for water: up to 50 cents per thousand gallons in extreme cases, for domestic use; but if water ever becomes that expensive for irrigation or for industrial use, it will simply be priced out of the reach of those big volume users. Hence, there is virtually no possibility that all of the water will ever be withdrawn.

Two maps have been released recently for general distribution to the public that will be of in-

terest to the readers of The Tribune. Both were prepared in the offices of the High Plains Underground Water District in Lubbock, and were drawn from records of the State Board of Water Engineers and the U. S. Geological Survey.

Both have to do with the same subject—the decline of the water table in the High Plains irrigation district—but both deal with different periods of time.

It will be noted that the map at the left covers a one-year period ending with January of 1955. The second map covers a period of nearly ten years, also ending with January of 1955.

Both maps have information on them which is significant for all persons interested in the continued development and use of underground water for agricultural purposes.

Residents in and near Parmer County will be quick to note that our immediate area is not nearly so drastically affected by pumping as have been several areas to the east and south.

The area of greatest decline is in a spot west of Floydada in Floyd County, where the decline has been more than 12 feet in one year, and more than 60 feet in the past ten.

As can be observed in the first map, Parmer County has had a decline of less serious proportions, and the southeastern one-half of the county shows a drop of from four to eight feet in the year ending January, 1955.

A narrow marginal area bounding the northwestern edge of the heavier shaded area indicates a decline of from two to four feet. The remainder of the county, according to the map, suffered no measurable decline in the 12-month period.

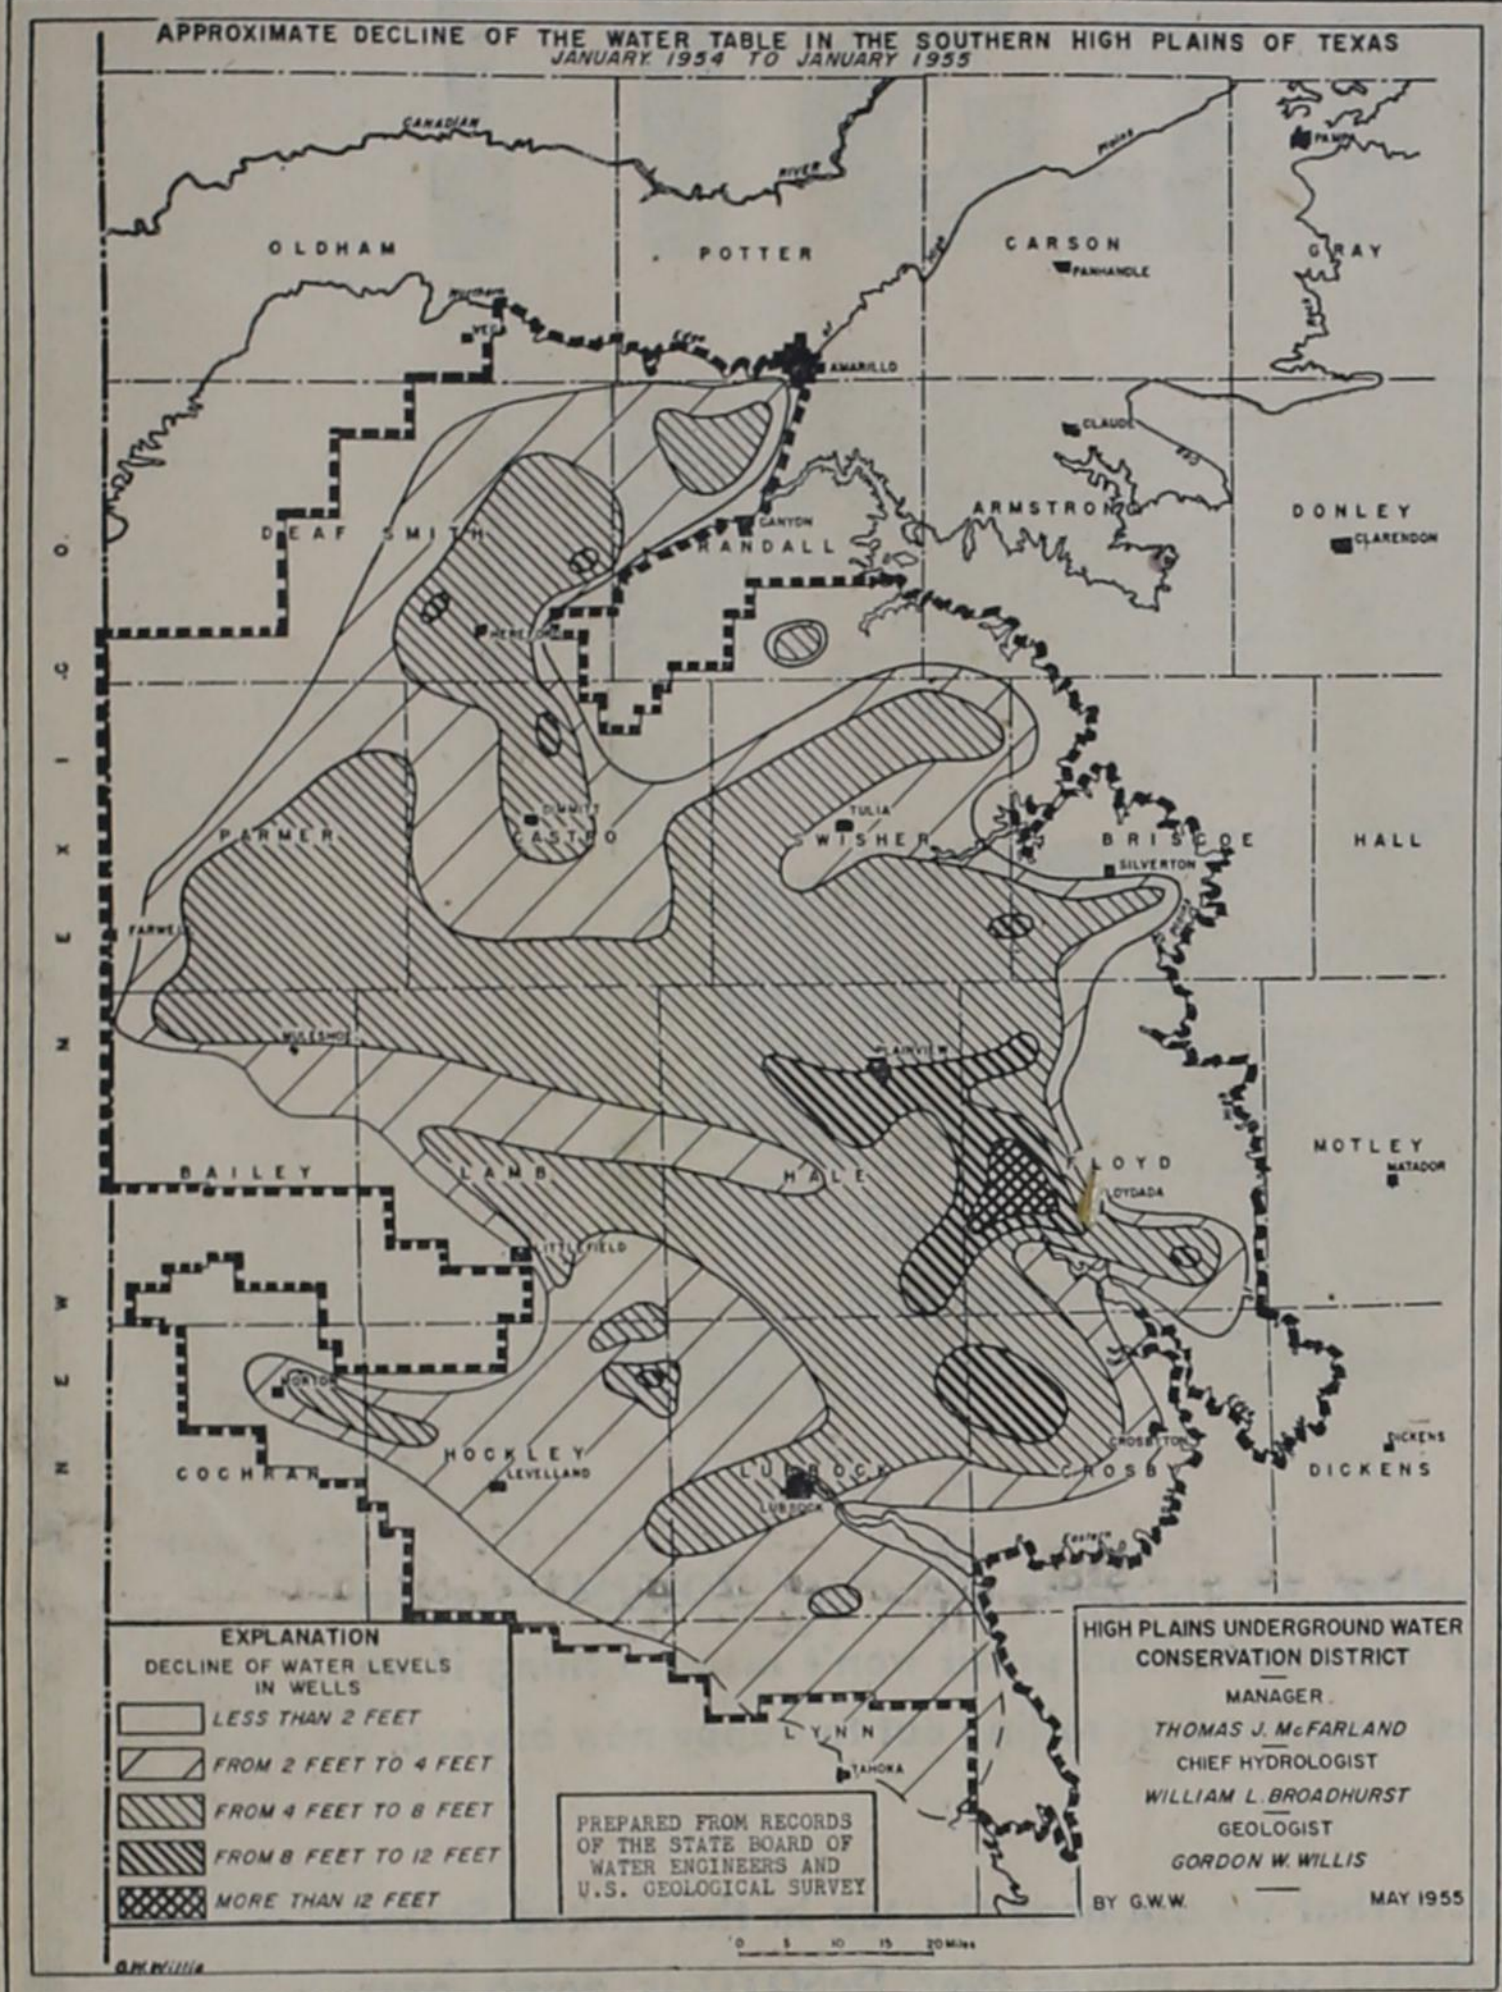

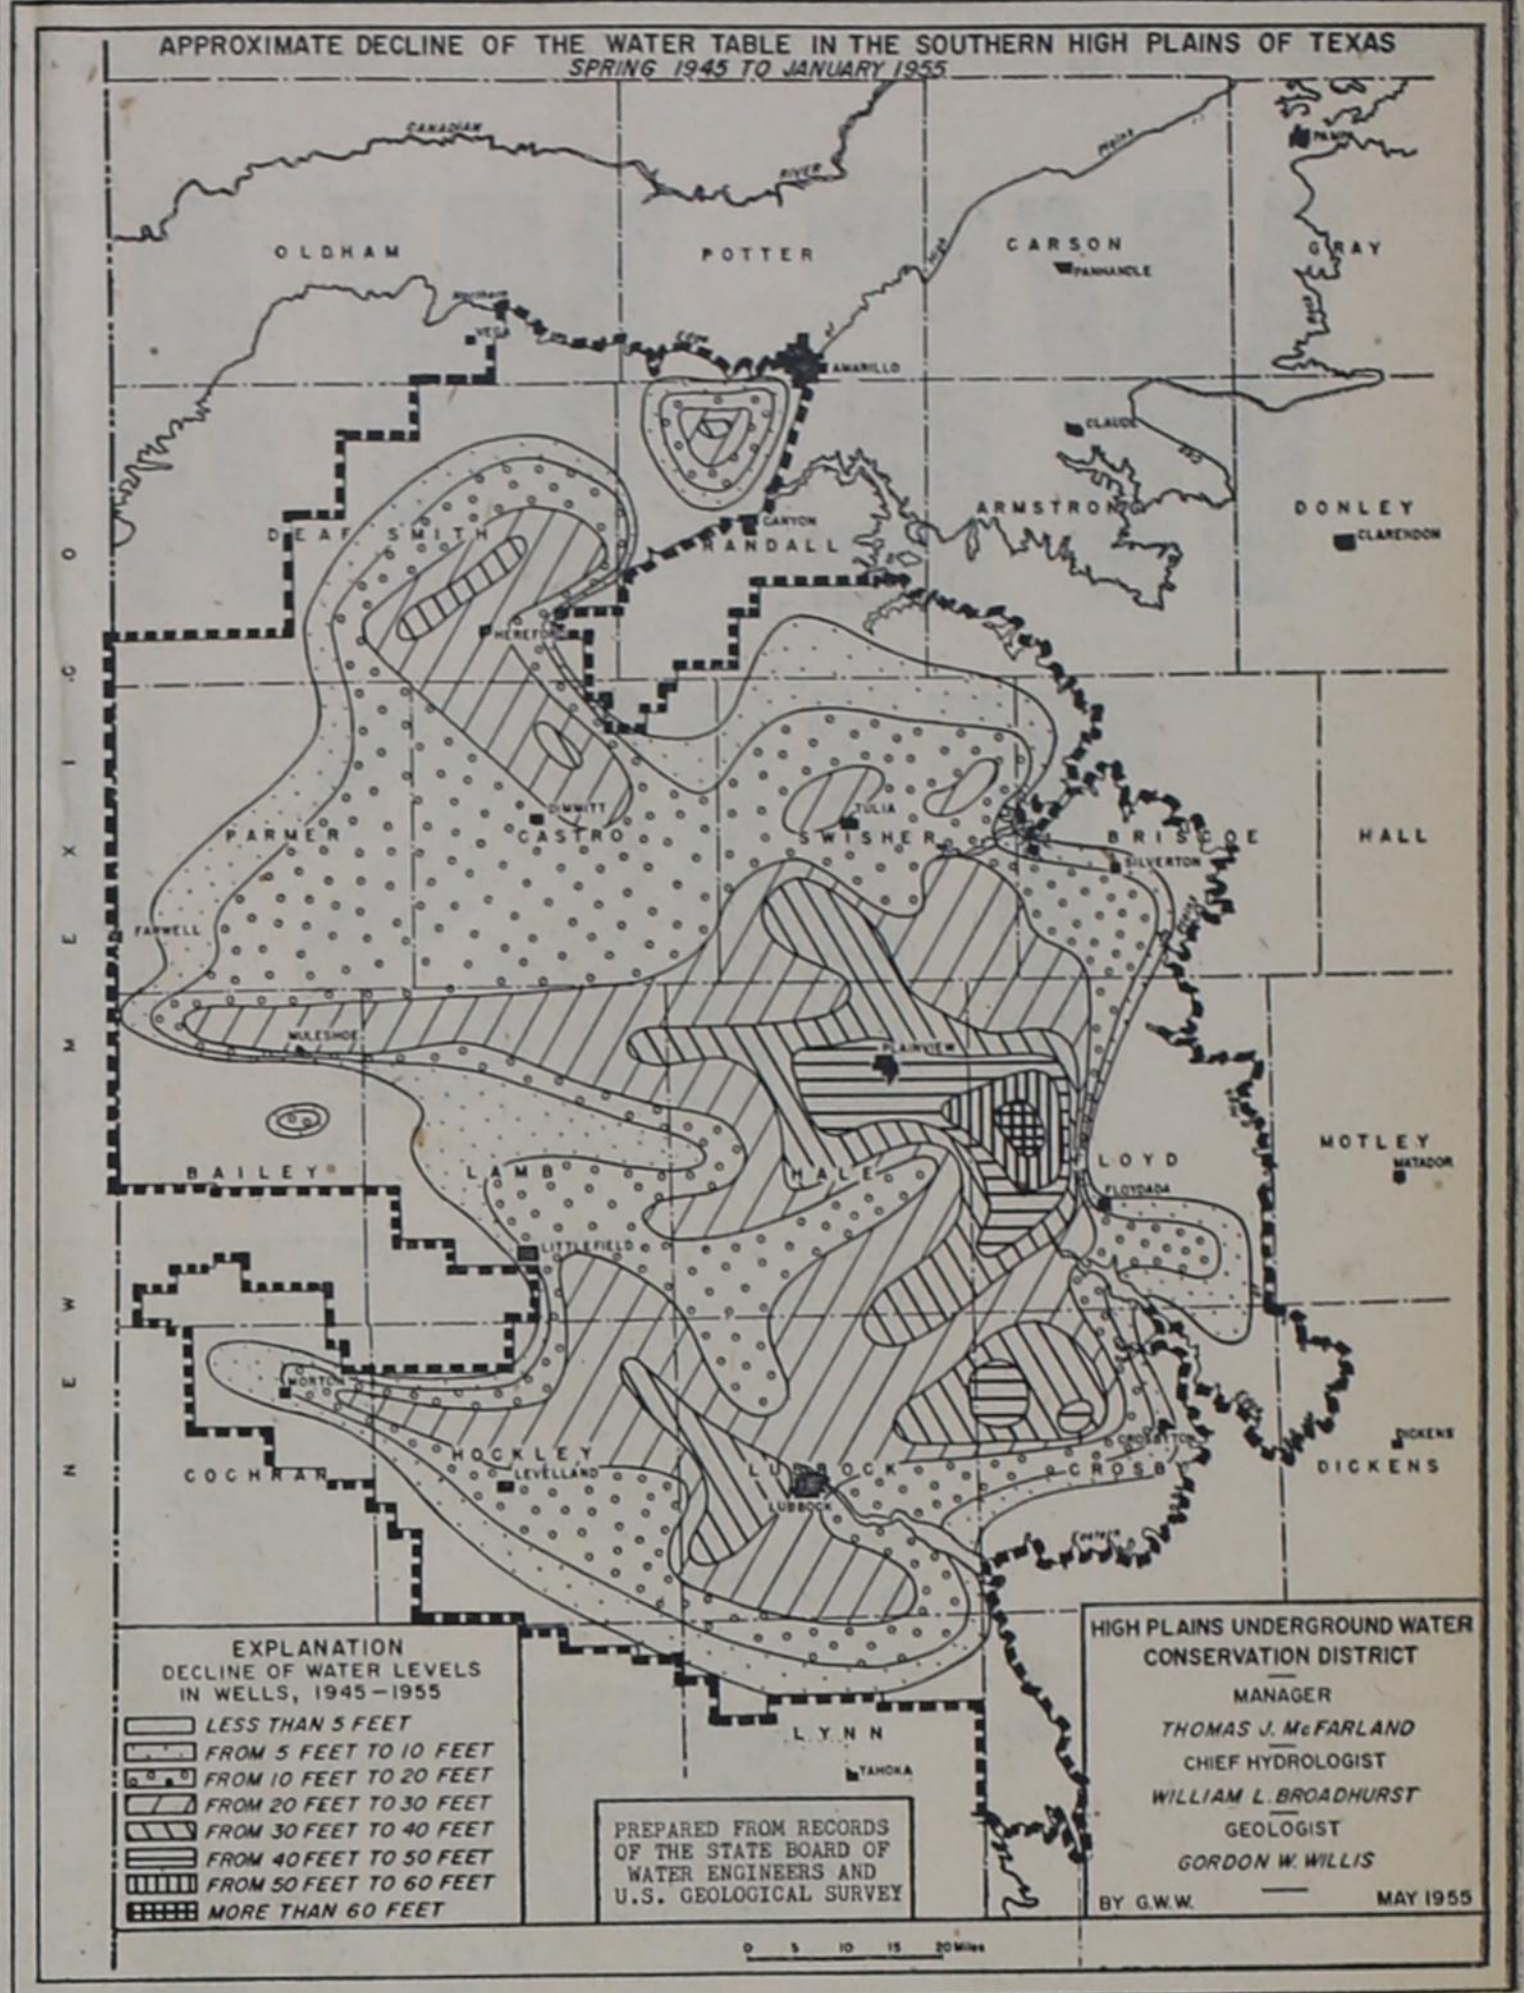

However, in order to get an accurate picture of the county's water situation, it should be noted that because of the newness of irrigation development in the northwestern area, little information has been available in records taken by the State Board of Water Engineers.

Gordon Willis, geologist for the High Plains Underground Water District, who prepared the maps, pointed out Monday that the northwestern part of the county is out of the "controlled" area where wells are periodically checked to ascertain water table conditions.

He indicated that in the near future this area of checking would be expanded so that it would include that portion of Parmer County now lacking in adequate information.

The District itself has plans to establish observation wells in the area if the State Board does not, he indicated.

Willis also told The Tribune that a second map showing the amount

of water-bearing sand in counties of the District would be ready for release within a few weeks, and the coming map would deal with Deaf

Smith County. The first one, which was released four weeks ago, was an inventory of water in storage under Parmer

County, and proved to be a much sought-after publication.

The Tribune has ALL the news.

SPECIALISTS

In the Handling of WHEAT

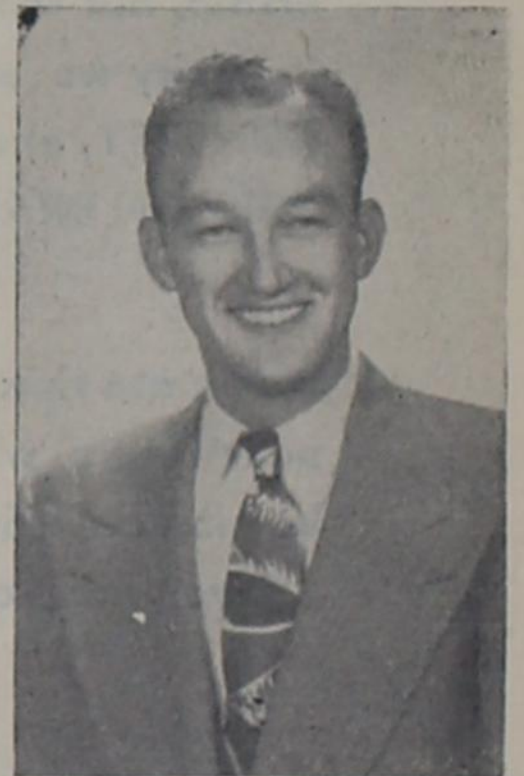

Dear Neighbor:

Information now available indicates an active to strong demand for high protein milling wheat, a product our area has long been noted for. Critics of our government's farm program have given much publicity to the surplus wheat stocks now owned by the government. However, an analysis of the surplus picture discloses a probable shortage of wheat adapted for use in bread making.

Our organization is engaged in the field of marketing farm grain production, actively taking part in all phases from country and terminal storage to the processing of large stocks of flour for both domestic and foreign markets. It is through the experience gained in these various phases of the marketing process that gives as the confidence in our ability to serve you, the producer, better.

The next time you are in Texico-Farwell, come by and let's discuss methods of handling your wheat, whether its storage or cash markets. We have the storage facilities and we have the markets. You are welcome to come by our office, anytime.

Sincerely,
BOB BROOKS

WE WANT TO WIN THIS CONTEST!

DEAR FRIENDS,

We are now more than half-way through with a 40-day contest among dealers throughout the nation to see who can sell the most DeSOTO cars (on a per-capita basis) in his district. This contest closes June 30th.

We have recently learned that Hardage Motor Company has a chance to be on or near the top of this nation-wide contest, and believe us, we are pulling out all the stops in an effort to sell new DeSOTOS!

If we win, it will not only mean much to us as a dealership, but to all this area, because of the nation-wide publicity we will receive. We WANT TO WIN THIS CONTEST, and we are going to TRADE AS NEVER BEFORE ON BRAND NEW DeSOTOS!

If you are thinking of buying a new car anytime in the near future, we urge you to get a deal on one of our handsome DeSOTOS before you buy. You'll be doing us a favor, and yourself a favor, too!

No kidding, we are going out after VOLUME for the rest of this month, and profit won't mean a thing if we can just keep the cars rolling out to happy new buyers.

The fact that we are near the top in the United States in DeSOTO sales means that DeSOTO is going over big in West Texas and Eastern New Mexico. We honestly believe that there's no finer car on the market than our big, powerful DeSOTO, and we are ready to prove to you that YOU can own one much easier than you ever thought possible!

WE HAVE THE CARS, and can probably furnish you the very model you are looking for without any delay. DON'T FORGET: WE ARE OUT TO WIN THIS CONTEST IF WE POSSIBLY CAN. WE'RE READY TO GIVE YOU THE TRADE OF A LIFETIME!

We may or may not win this contest, but YOU CAN'T lose. The contest closes June 30th—DON'T FAIL TO LET US SHOW YOU WHAT REAL TRADING IS!

Sincerely,
WALTER and FERN
