

# Smoke Signals!

## 'Indian John' Ready To Read Signs Of Weather

The unceasing droning of the drums called the Indians at the break of day to gather for the annual reading of the signs of the gods as weather predictions were made for the forthcoming year.

The weather fire was lighted and the Indians watched as the smoke curled upward and was carried by the winds of the gods telling them what the future weather would bring.

The annual tradition of reading the signs on March 22 has not died, it is carried on by Indian John.

J. W. "Indian" Crim of Muleshoe, a retired farmer

From the Lazbuddie area, says that he is ready to conduct his annual weather forecast for the year on Monday, March 22, at sunrise.

Crim, who learned the Indian technique from his father, has been performing the forecasting ceremony since 1922.

The process of reading the signs begins with a wood pile which is set on fire at dawn. As the smoke begins to drift from the burning wood pile, Indian John reads the smoke signs and makes his prediction.

A northeast wind means that there will probably be

a bumper crop during that year; a north wind is considered good and a northwest wind is only fair. Winds out of the west, south or southwest indicates a poor crop year.

Crim has become somewhat of a legend in weather forecasting. He made the ceremony public in 1952 and since then has attracted considerable attention with his predictions.

Forecaster Crim conducts his annual ceremony on the "old homestead place" located one mile west and one mile north of Clay's Corner.

Special Meeting - -

## Texico City Council Hikes Rates

The Texico City Council held a special meeting Tuesday night, March 16, and raised the rates which the city charges for water, sewer and garbage services. The meeting lasted about three hours.

City officials said the action was taken at a special meeting since consideration of the rate structure at a regular meeting with other business would "have taken all night."

The minimum 4,000-gallon water rate was raised from \$5 to \$6 a month for residents inside the city limits and from \$5 to \$9 for residents outside the city.

Sewer rates were raised \$1 a month inside the city over what a customer is paying now and \$2 a month over what

a customer is paying now outside the city. The existing base rate both inside and outside the city is \$1.50 for the first four outlets and 15 cents per outlet thereafter. The raise will be tacked on to these base rates presently being paid.

The garbage rate system was more complex and some of the garbage rates depend on the number of water meters in service at the location.

Monthly garbage rates inside the city limits were changed as follows: single-family residences, from \$3 to \$4 per month; two-family residences served by a single meter, from \$6 to \$8; two-family residences served by individual

meters, from \$3 to \$4 per unit; apartments and other multi-family residences, from \$2 to \$3 per unit; mobile home parks (a new category), \$2 per unit.

And, cafes, restaurants and other commercial buildings which require twice weekly service, from \$15 to \$17 per month; service stations and other commercial buildings requiring once weekly service, from \$6 to \$10; motels with 12 units or less, from \$6 to \$10, and motels with more than 12 units, from \$10 to \$17.

Special trips for garbage pick up were raised from \$2 to \$5 per trip.

Garbage rates outside the city were changed as follows: single-family residence, from

\$3 to \$5 per month; two-family residence served by single meter, from \$6 to \$10; two-family residence served by individual meters, from \$3 to \$5 per unit, and apartments and other multi-family residences, from \$2 to \$4 per unit.

City Clerk Clara Wiehl said that at the present time the city provides garbage service to only one single-family residence outside the city limits. The city provides sewer and water services to about five houses and eight mobile homes outside the city.

Council members present included: Mayor Manford Turnbough and Trustees Marie Christian, Vane Doshier and Ruby Goforth. Absent was Bill Thigpen.

## Caywood President Of Texico C of C

Joe Caywood was elected as 1976-77 president of the Texico Chamber of Commerce at a special chamber meeting Monday, March 15.

Jim Pierce was elected vice president and Mrs. Louise Engram was re-elected as secretary-treasurer.

Outgoing officers will be A.D. McDonald, president, and Bill Thigpen, vice president.

Directors recently elected for 1976-77 include: Pierce, Mrs. Engram, Caywood, Tony Mendoza, Lewis Cooper and Thigpen. McDonald also will serve as a director during the coming year. Outgoing director will be Doyal LaRue.

The directors and officers will be introduced at the chamber's annual banquet to be held at 7:30 p.m. MST Saturday, April 17, at the Texico High School Cafeteria.

Banquet tickets are \$3.50 apiece and can be purchased from any member of the chamber.

Guest speaker for the annual

event will be Ed Weber, vice president of public relations for Southwestern Public Service Co.

## Farwell Breaks - -

### School's Out

Farwell schools will be out for spring vacation this coming week, March 22-26. Classes will dismiss at 2:30 p.m. CST today, March 19, and resume at the regular time Monday, March 29, according to Superintendent James Perkins.

This will be the first year for Farwell to have a spring break not associated with Easter. There will be no school holidays either before or after Easter which falls on April 18 this year.

Perkins said the schools are having the early break since Easter is so late this year. He pointed out that the spring vacation is the only holiday which the students get off after Christmas except for an occasional in-service day or other work day.

"The kids need a break a little earlier than to wait so late. If you wait too late, it seems like you just get back in school and school is ready to get out (for summer vacation)," Perkins said.

In the future, he said, spring breaks probably will be governed by when Easter falls. He said if Easter falls "fairly early" the schools will probably break at Easter time.

**FARWELL FIRE** - This blaze at a Farwell house Monday morning, March 15, caused an estimated \$8,000 in damage. The fire was one of three major fires reported in the area this past week. Tuesday morning, March 16, an 84-year-old woman was critically burned when a fire swept through her home at Lariat.

## Blazes Sweep Area - -

# Woman Critical Following Fire

An 84-year-old Lariat woman was critically burned in one of three major fires which occurred in the Farwell area this past week.

Mrs. Jessie Jenkins was reported in "very critical" condition Tuesday night, March 16, at the Burn Center in Albuquerque, N.M., according to her son-in-law Charles Felts of Lariat.

Felts said she was badly burned over the front part of her body and her lungs were congested from breathing in smoke and heat. He said she was conscious "to a degree" Tuesday night.

Mrs. Jenkins was pulled from her burning Lariat home about 6:20 a.m. CST Tuesday by a motorist, Johnny Chavez of Clovis, and an unidentified passing truck driver.

Felts said the men found Mrs. Jenkins, who is confined to a wheelchair, on the floor in one of the rooms of the large two-story house.

She was taken to a nearby preacher's home and then taken by Farwell ambulance to Muleshoe where she received emergency treatment from Dr. Jerry Don Gregory, formerly of Farwell.

Felts said the doctor was concerned with the "time element" and suggested she should be flown to the Burn Center in Albuquerque instead of the one at Galveston. A medical plane was sent from Plainview to Muleshoe where Mrs. Jenkins was picked up and flown to Albuquerque.

Mrs. Jenkins has four daughters and four sons. Three

of the daughters, including Mrs. Boone Allison of Muleshoe, Mrs. Bob Hammonds of Farwell and Mrs. Bill Harmon of Dimmitt, drove to Albuquerque Tuesday to be with their mother. The other daughter is Mrs. Benna Felts of Lariat, who is the Parmer County treasurer.

A family spokesman said Wednesday morning that it was not known if one of the sons, Douglas Jenkins, who lives with the mother part of the time had been notified of the fire and his mother's condition.

Farwell Fire Chief Lee Hutchins said Mrs. Jenkins' house was destroyed by the fire. He said the blaze was already through the roof by the time the fire trucks left Farwell and the home could not be saved.

Hutchins said the cause of the fire and where it started had not yet been determined. He said the blaze may have started in a southeast room.

The Farwell Fire Department sent two trucks, a rescue van and an ambulance to the fire. The Muleshoe Fire Department brought three mini-pumpers. Firemen remained at the scene for about two hours.

Charles Felts said the large house was built in 1948 and Mrs. Jenkins had lived there since that time.

Felts said the doctors at Albuquerque complimented Dr. Gregory on his initial treatment and preparation of Mrs. Jenkins.

In one of the other major

fires, a home at Fourth and I streets in Farwell received about \$8,000 worth of damage in a fire at 8:10 a.m. CST Monday, March 15.

The home, owned by Ben and Katie Nicewarner, was being remodeled and was not occupied at the time, according to the fire chief.

Hutchins said the fire apparently started in the floor area in the kitchen although a cause has not yet been determined. He said the house received smoke and water damage throughout and fire damage in the kitchen.

The third major fire caused about \$1,200 damage at a farm house on the W.N. Foster property, about two miles west of Bovina Feeders. The Farwell Fire Department answered that call about 3:40 p.m. Monday.

The home was occupied by an unidentified family, however, there were no injuries in the farm house fire. Hutchins said the damage was confined to a bedroom and a closet where the blaze apparently started. A cause for the fire has not yet been determined.

Two other fires were reported in Farwell this past week. A trash fire in an alley at 410 Second St. was extinguished at 6:20 p.m. Monday, March 15, and firemen were called out about 12:25 p.m. Wednesday, March 17, when a dryer at the Live Longer Laundry caught on fire.

The Texico Fire Department reported answering no alarms this past week.

## Tornado Signals

The Twin Cities area will soon enter the tornado season and tornado alert signals are a special concern to local residents. Both the Farwell and Texico Fire Departments have designated specific signals to inform residents of the danger of a tornado.

The siren located at Texico will blow one long 50-second whistle immediately followed by a second continuous 50-second whistle if a tornado is sighted and heading toward town.

Farwell Fire Department will blow its whistle for two complete cycles. There will be a total of 10 rings during the two cycles.

At these warnings, residents should seek shelter.

Spokesmen for the fire departments said the signals will be repeated during the potential danger if possible.

## 13 Tied Or Set - -

# Relay Is Record Smasher

The Fourth Annual Twin Cities Relay held Saturday, March 13, was a record smasher as 13 meet records were set or tied.

The relay, sponsored by the Texico-Farwell Lions Club, saw boy tracksters set or tie nine records and the girls set or tie four records.

Jim Yakubovsky, Farwell's head track coach, said, "I

can't remember seeing that many records broken especially under (Saturday's) cold, windy weather condition." He also complimented the Lions Club on "a real good job" of conducting the meet which was held at the Farwell track.

Tracksters from Bovina and Morton took home the girls and boys team trophies, respectively.

In the boys division, Morton came up with 94 team points followed by Littlefield and Portales with 76 each. Others included: Springlake-Earth, 64; Olton, 57; Lubbock Christian, 56; Muleshoe, 40; Bovina, 15; Lazbuddie, 6; Hart, 6; Sudan, 5; Farwell, 5; and Amherst, 1.

The only trophy awarded locally went to the Farwell girls for taking the 880-yard relay in 1:54.3.

## Lazbuddie Sets Volleyball Meet

Monday, March 22, is the deadline for accepting entries in Lazbuddie's Annual Volleyball Tournament to be held April 5-10 in the Lazbuddie High School Gymnasium.

Entry blanks are available at the Lazbuddie superintendent's office and should be

mailed to Sam P. Barnes, Drawer A, Lazbuddie, Tex. 79053.

The tournament is sponsored by the Lazbuddie Booster and Letterman's Club. An entry fee of \$10 must be paid to the Booster Club before game time.

Bovina's girls accumulated 112 team points to garner the first place win with Olton taking second place with 105½ points. Others receiving points included: Farwell, 73; Littlefield, 53; Portales, N.M., 43½; Amherst, 36; Morton, 27; Dimmitt, 26; Muleshoe, 25; Springlake-Earth, 14; Hart, 8; and Lazbuddie, 4.

In the boys division, Morton came up with 94 team points followed by Littlefield and Portales with 76 each. Others included: Springlake-Earth, 64; Olton, 57; Lubbock Christian, 56; Muleshoe, 40; Bovina, 15; Lazbuddie, 6; Hart, 6; Sudan, 5; Farwell, 5; and Amherst, 1.

The only trophy awarded locally went to the Farwell girls for taking the 880-yard relay in 1:54.3.

(Continued on Page 3)

PURELY PERSONAL

By John

The annual Twin Cities track meet sponsored by the Texico-Farwell Lions Club was held last Saturday, and it was a huge success judging from the large field of entrants and the host of spectators.

For the middle of March we can say the weather cooperated to a reasonable extent. Thursday and Friday of last week were marked with the usual March winds accompanied by a goodly quantity of dust. But, lo, Saturday morning dawned with hardly a breeze to be felt.

The uncomfortable factor was the temperature, as it was resting in the low 20 degree range. This called for compensating clothing and it was apparent that the old standby "Long Johns" were being pressed into service by the many officials, workers and spectators.

By mid-afternoon the temperature had risen to a more comfortable reading and as a consequence we came away with a chill in the morning, a good sweat in the afternoon and a sunburn on the nose for our day's work.

A. O. "Buster" Gast was one of the civilians pressed into service by the Lions Club to assist in the operation of the various events. Buster drew the task of raking the long and triple jump pit after each jump.

With over a hundred boys and girls entered in the three events and each entry entitled to four jumps, Buster estimated that he raked three and a half acres of sand for the day.

If you need a raking job around your home, we now have a man in our community with plenty of experience that you might contact for the job.

We noted the other day that City Marshal Ronnie Mitchell had burned his pampas grass. However, in Marshal Mitchell's case it turned out that this was the result of an accident and not a planned operation.

Be that as it may, the grass was burned - and if his pampas grass does well this season you can bet your boots we will burn our large clump next year.

We are always susceptible to labor saving ideas, particularly when it comes to green thumb activities.

The liberal press often refers to Senator Barry Goldwater as a political troglodyte. Their insinuation is that Goldwater is way behind the times in political thinking. Maybe Barry isn't as forward in his political thought as many of his much more liberal contemporaries but we haven't caught him espousing the political remedies of over 40 years ago.

Senator Hubert Humphrey has gone back into late history and dredged up the old WPA as a political panacea for our supposed ills. Hubie and his friends, namely House Speaker Carl Albert, have polished up the rhetoric in presenting the idea, but it is still the old WPA concept of government jobs for everyone.

Their plan is designed to make as the nation's top economic priority "a job for every able person wanting one." To do this they would "create mechanisms to assure full employment with minimal inflation for the future."

This makes as much sense as saying that we will pour research money into repealing

(Continued on Page 2)

**HIGH INDIVIDUALS** - Fourteen teams competed in the March 6 FFA Judging Contests conducted at Roswell with Texico teams taking three places in the judging and five Texico FFA's taking high individual honors. Individual honors were garnered by, from left, Pam Southard, seventh high in wools; Mark Howard, third high in farm mechanics; John Burgett, tie for first high in meats; Mike Snodgrass, fifth high in dairy; and Richard Kelley, third high in livestock. Texico teams placed as follows: tied for second in farm mechanics, third in dairy, and fifth in land.

## District Court - - Seven Defendants Slated For Trial

Seven defendants have been scheduled for trial in Parmer County District Court beginning at 10 a.m. CST Monday, March 22, and a list of prospective jurors has been released by the office of Sheriff Charlie Lovelace.

Among the cases and charges to be heard are: Al H. Hillmus, theft; Arturo Ortiz, burglary; Thomas F. Barker, theft; Ricky Clark, delivery of marijuana; Ricardo Flores, aggravated assault; R. M. Walker, one count of burglary and two counts of forgery; Rojelio Reyes, driving while intoxicated, subsequent.

Defendants waiving jury trials will be tried on Monday following pre-trial matters, and the first jury panel will report Tuesday.

Prospective jurors scheduled to report Tuesday, March 23, at 9:30 a.m. CST are: Alvo C. Kersey, Marcos Madrid, Jr., Mrs. Barbara Maynard, W. O. Chadwick, Truman McKillip, Edwin Lide, Virginia E. Hartwick, Paul J. Geuther, Herbert Schueler, Richard B. Vaughn, John L. Getz, Mrs. M. Lynn Gowens, Marion E. Clark, Mrs. Ronald Dee Clark, Aleene Embry, Donald C. Green, Malinda Schlenker, Mrs. Daryl Kirkpatrick, Mrs. Jerry Barber, Noah T. Young, Jack Raymond Auburg, Errol Johnson, Mrs. Earl W. Drake, Mrs. Eric M. Rushing, Mrs. Owen W. Drake, Gary Hand, Alfred Steinbock, Truett Johnson, Mrs. F. O. Griffith, Mrs. E. A. Parham, Frank J. Matthews, Mrs. Larry Moyer, Mrs. C. V. Potts, Mrs. Charles E. Allen, Preston Collins, Gary Dale Fallwell.

And, Jim Bob Smart, Mrs. Danny Black, Otho Whitefield, Ted Magness, Lillian Rogers, Allo Reeve, Orville Lee Beavers, Jr., Johnny Atkinson, Mrs. Waverly E. Coates, Mrs. G. R. Hicks, Joe Bailey Douglas, Mrs. Billy Lynn Marshall, Mrs. Dean Hastings, R. G. Sparks, Mrs. Ralph E. Robinson, Mrs. Gladys Day, Gilbert Longoria, Jr., C. D. Woltmon, Mrs. Bobby J. McMillan, Mrs. Henry L. Ivy, Boyd W. Lewis, Billy W. Carthel, Kenneth R. Watkins, Mrs. Donald C. Green, Mrs. Leroy Mayfield, Samuel D.

Garrison, Mrs. Max C. Crim, Mrs. Eugene H. Schacher, A. T. Beavers, Alan D. Hamilton, Dolly W. Roberson, Mrs. Bob Turner, W. Y. Buchanan, James Fortenberry, James W. Moody, and Harvey Duane McDaniel.

Prospective jurors who are to report at 9:30 a.m. CST Wednesday, March 24, include: Monty Corbin Hugh Preston, G. Cranfill, Mrs. C. S. Crow, Evanna Johnson, Patsy Byars, Judy Kay Marcom, Paul J. Smith, James M. Gulley, Robert Mitzelfelt, Clay Scott Mimms, Mrs. Mildred Erwin, Ruth Hawkins, John Owen Broyles, Mrs. Woodrow Lovelace, J. T. Stanton, Mrs. Marie McKee, Mrs. Laura Tritsch, Mrs. R. M. Waller, Mrs. Jean Low, Mrs. Judy Hromas, Mrs. John R. Harris, Mrs. E. O. Johnson, Will Tom Stanfield, Jim Roy Wells, Glenn C. Floyd, Doyle Lee Wassom, Tommy Ray Waldrop, Mrs. T. J. Presley, Mrs. Jack Clayton, Mrs. Paul L. Spring, Donnie Renner, Doyle E. Ford, McFarland C. Osborn, Mrs. Kay Hagler, Mrs. Joe L. McWilliams, Dale Westbrook, and Debbie Hancock.

## Junior Class Plans Projects

The Junior Class of Farwell High School has planned two money-making projects for the month of March with proceeds realized from them to be used in financing the Junior-Senior Banquet and the class' senior trip in 1977.

The first project is a bake sale to be held from 10 a.m. until 5 p.m. CST Wednesday, March 24. Baked goods will be available for purchase at Pay-N-Save and Capitol Foods stores.

The class has also planned a rummage sale to be held Friday and Saturday, March 26 & 27, at 311 First Street in Farwell. Hours for the sale at 10 a.m. until 6 p.m. CST.

The oldest national anthem is that of Japan in which the words date from the 9th century!

## Hospital School Boards - -

### Absentee Voting Now Underway

Absentee voting for school and hospital board elections is now underway and will continue through Tuesday, March 30.

Absentee votes may be cast in the elections for the Farwell Hospital District Board, the Farwell School Board and the Parmer County School Board. Regular balloting will be on Saturday, April 3.

Absentee voting in the hospital board election will be each weekday except holidays from 8:30 a.m. to 5 p.m. CST through March 30 at 204 Avenue D. Judy Landrum is absentee voting clerk.

Absentee voting in the school races will remain open each weekday except holidays from 8 a.m. to 5 p.m. CST through March 30 at the office of Parmer County Clerk Bonnie Warren in the courthouse.

The designated absentee voting places are also the mailing addresses to which ballot applications and ballots voted by mail should be sent.

The only contested races are on the Farwell School Board. Seeking three, regular three-year terms on the local school board are Mike Camp and the three incumbents, Gilbert Kaltwasser, Ted Magness and Wilbert Kalbas. Candidates for a

vacant two-year post created by the recent resignation of Charles Aycock are Doyle Ford and Bo Bartley.

In the county school board election, incumbents Wendol Christian of Oklahoma Lane and Gene Smith of Lazbuddie are unopposed in seeking the county-at-large slot and the Lazbuddie trustee seat, respectively.

In the hospital board election, unopposed for re-election to two-year terms are Don Williams, Charles Aycock, Carrie Anderson and Rev. W. T. Perry.

The most competitive area election will apparently be held at Lazbuddie where seven

persons are vying for three, three-year terms on the Lazbuddie School Board. Candidates include: Robert Ivy, Gary Hicks, Phil Brockman, Derrell Jennings, Marvin Mimms, Darrell Mason and Jerry Don Glover. Mimms is the only incumbent seeking re-election. The other two incumbents whose terms will expire are Wayne Clark and Elvis Powell.

Absentee voting in person or by mail at Lazbuddie should be done through the superintendent's office. The regular office hours are 8 a.m. to 3:30 p.m. CST. Mrs. Gloria Elliott, school secretary, will act as absentee election clerk.

### Purely Personal . . . (Continued from Page 1)

the law of gravity so that people can get around without using energy.

Such crackpot balderdash makes a thinking person gag on the political ordure arising from these two high level government representatives.

"Creating mechanisms" is a darned sight easier to say than to do. The "to do" way would take a leaf out of the book of state socialism. We already have plenty of socialis-

tic laws in this country and possibly a little more "socialism" wouldn't make this a socialistic country, but where oh where is the line between socialism and free enterprise.

We would not ask Humphrey or Albert. Demonstrable they do not know.

Relay . . . (Continued from Page 1)

In addition to the team trophies, five trophies were awarded in the relays. Gold, silver and bronze medals were given to tracksters placing first, second and third, respectively, and ribbons were presented for fourth, fifth and sixth places.

A Farwell boy, Russ Jones, set a Farwell school record by clearing the high jump at six feet, however, that jump was only good enough for fifth place in Saturday's meet. The previous Farwell record was 5'11" held by Russ Jones and Billy White.

Two boys were injured during the meet. Chip Craft of Farwell pulled a muscle in the sprint relay and will be out of competition until the Spring-lake-Earth meet on April 3. An Amherst boy injured during the high jump was taken for treatment, however, the Amherst coach reportedly thought the youth was not seriously injured.

The meet was sponsored by the Lions Club under the direction of track committee members James Craig, Jerry Yows, Lee Hutchins, W. M. Roberts and Jim Walker.

Individual and team placings in the various events of the meet were as follows:

BOYS DIVISION

- SHOT PUT: 1. Hopping - Littlefield - 49'5/8" (New Record); 2. Lathen - S/L Earth - 47'3/4"; 3. Patterson - Lubbock CHS - 47'2/4"; 4. Hill - Hart - 43'3/4"; 5. Balders - Muleshoe - 43'3/4"; 6. Bills - S/L Earth - 41'3/4".
- DISCUS: 1. Hopping - Littlefield - 139'; 2. Johnson - Morton - 134'; 3. Balders - Muleshoe - 122'; 4. Turner - Littlefield - 130'; 5. Bills - S/L Earth - 125'; 6. Bridges - S/L Earth - 124".
- HIGH JUMP: 1. Thompson - Morton - 6'2" (New Record); 2. Culpepper - Portales - 6'1"; 3. Forter - Lubbock CHS - 6'1"; 4. Strobal - Olton - 6'; 5. Jones - Farwell - 6'; 6. Saldivar - Olton - 6'.
- POLE VAULT: 1. Woods - S/L Earth - 12'3" (New Record); 2. Parker - Olton - 12'; 3. Barden - S/L Earth - 11'4"; 4. Miller - Lazbuddie - 11'; 5. Steinbock - Lazbuddie - 10'6"; 6. Offield - Olton - 10'6".
- LONG JUMP: 1. Thompson - Morton - 19'8"; 2. Ybarra - Muleshoe - 19'5/8"; 3. Barton - S/L Earth - 19'3"; 4. Patton - Morton - 19'1/4"; 5. Newson - Hart - 18'3"; 6. Shelby - Bovina - 18'2".
- 120 H.H.: 1. Parker - Olton - 15.7 (Set record in Prelims 15.2); 2. Wrinkle - Muleshoe - 16.3; 3. Thompson - Morton - 16.4; 4. Johnson - Olton - 16.5; 5. Cox - Bovina - 17.3; 6. Alkorn - Olton - 17.6.
- 330 H.H.: 1. Saldivar - Olton - 41.2 (Set record 40.6 in prelims); 2. Johnson - Olton - 42.8; 3. Balza - Littlefield - 43.2; 4. Martin - Sudan - 44.8; 5. Wrinkle - Muleshoe - 44.9.

Masons Give Cornerstone For Farwell Nursing Home

The Farwell Hospital District Board at its regular monthly meeting Tuesday night, March 16, accepted an offer from the Masonic Lodge to furnish a cornerstone for the 100-bed Farwell Nursing Home which is now under construction.

The lodge was represented at the meeting by Hugh Moseley and Truman McKillip. The board received some additional donations for the home. The board has been seeking cash donations to provide such "extras" as better furnishings, a lawn sprinkler system, improved landscaping and more sidewalks and television sets for the home.

The board also discussed the physician and dentist situation and the remodeling of the Farwell medical clinic building. Board members present were: Don Williams, Maxine Williams, Charles Aycock, Jim Berry, W.T. Perry, Prentice Mills and Pudge Rose.

Houston Show Brings Honors

Additional results of the recent Houston Livestock Show were released this week by Jerry Mathis, Future Farmers of America (FFA) advisor at Farwell High School. Dwight Green showed the fifth place middleweight Chester White, Vick Christian took 15th with his middleweight crossbred and Charles Christian was 17th with his middleweight Duroc. Joe Haseloff placed 10th with his heifer and Steve Hargrove's heifer was

14th. Those attending the Houston show included: Mr. and Mrs. Donald Christian, Mr. and Mrs. Henry Haseloff, Dwight Green, Randy Geries, Steve Hargrove, Joe Haseloff, Charles Christian and Mathis. Several local residents were at the Lubbock Livestock Show this week. They included: Lori Norton, Mark Owen, Larry Tims, Mr. and Mrs. Darrell Norton, and Richard Montgomery, FFA advisor.

RECORD SETTER - John Sabala of Morton shown here coming in first in the 100-yard dash finals at the Twin Cities Relay Saturday, March 13, tied the meet record of 10.0 during the 100-yard dash preliminaries.

MEET OFFICIALS - Timekeepers and other meet officials for the Fourth Annual Twin Cities Relay held in Farwell Saturday, March 13, viewed the finish line from this perch. The relay saw 13 meet records either set or tied.

"These are the sorghums I'd plant if I farmed in this area."

Jim Higdon AGRONOMY SERVICE DIRECTOR

"Drouth, disease, insects, wind storms . . . taking everything into account that can plague a crop in this area, these are the sorghums I'd go with."

It's my job to know which are the best varieties for each locale in the states of Oklahoma, Texas and New Mexico. For the last five years I've had Crop Information Centers, Standard Comparison Tests and Uniform Strip Tests in this immediate area. In these carefully controlled tests, I've evaluated most of the sorghum varieties a farmer might consider planting. I've had the same headaches and frustrations you've had. My plantings have suffered the same weather conditions, epidemics and infestations you have.

Based on these tests, there is no doubt in my mind what I'd plant in 1976 if I farmed hereabouts.

## 8311

8311 is a champion producer of high test weight, yellow endosperm grain. Pioneer introduced this golden bronze hybrid three years ago and it's been setting yield records in this area ever since. One reason is its ability to yield in the face of too wet or too dry weather, insects or disease. Another reason for the high yields is that 8311 tends to adjust its maturity to the growing season in a particular area. Whatever else you plant . . . put in some 8311.

## 8501

An outstanding new yellow endosperm hybrid with about the same maturity as 846. This hybrid has a superior yield record. The plant has excellent roots and stalks. Heads exert well above the flag leaf and are uniform in height. Pioneer brand 8501 has good tolerance to smut, MDMV, downy mildew and greenbugs. It performs well under stress and has semi-open heads that add to its good appearance.

A WORD ABOUT GREENBUGS

Tolerance to both greenbugs and maize dwarf mosaic plus high yield potential give these two sorghum varieties an economically significant advantage that you'll want to consider for your grain sorghum crop in 1976.

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof.

Pioneer Hi-Bred International, Inc., Southwestern Division, P. O. Box 788, Plainview, Texas 79072, (806) 293-5231

**Celebrates 1st Birthday**

Brandon Kirkland, son of Mr. and Mrs. Carl Kirkland of Farwell, was honored with a party in his parents' home in celebration of his first birthday Tuesday, March 16.

Guests attending were served a "Cookie Monster" cake and ice cream.

Special guests attending included the honoree's grandparents, Mr. and Mrs. Jack

Kirkland and Mr. and Mrs. Dwayne Winkles, all of Farwell; great-grandparents, Mr. and Mrs. A.W. Green and Mr. and Mrs. O.L. Winkles, all of Clovis, and Rev. and Mrs. Glenn Lethgo, also of Clovis.

Unable to attend were his great-grandmother, Mrs. Della Kirkland of Amarillo, and his great - great - grandmothers, Mrs. S.B. Calloway and Mrs. Lee Rex.

BRANDON KIRKLAND

**Local Teachers Named Officers For Sorority**

Iota Eta Chapter of Delta Kappa Gamma met recently at a Farwell bank and during the session officers for the forthcoming biennial were elected.

Faye Reeve, president, presided over the business meeting and election of new officers. Elected to fill administrative posts were Mary Boussett of Friona, president; Leota Hardgrove of Friona, vice-president; Thelma Coffey of Friona, second vice-president; Lynn Roberts of Farwell, executive secretary; Dorothy Donaldson of Bovina, recording secretary; and Pat Owen of Farwell, corresponding secretary.

Program for the evening was entitled "See the Birdie or

Say Cheese" and was presented by Nelle Craig of Farwell. Mrs. Craig, an avid photographer, displayed and discussed some of her photography. She explained the three types of photography: recording, reporting and artistic. Some photos taken by the Farwell High School photography class were displayed.

Mrs. Craig is a teacher in a special education class at Farwell. She discussed her techniques of teaching and presented slides taken of her students in their class participations.

Hostessing the meeting were Nelle Craig, Lynn Roberts, Donna Clapp and Gladys Armstrong, all of Farwell.

**Officers Elected - -**

**Woman's Club Sponsors Scholarship, Project**

During a regular meeting of the Texico Woman's Club conducted Monday, March 15, at the Texico Community Building, it was announced that the club is once again sponsoring the Texico Woman's Club Scholarship.

Applications for the scholarship are now available from Marcia Leavell at Texico High School and the scholarship is available to senior students at Texico High.

Scholarship applicants are to meet with the club next month in order to tell club members why they need the scholarship and for what purpose they would use it. Selection of the scholarship recipient will be made by the Scholarship Committee composed of Kendale Burch, Juanita Hadley and Kay West.

Club secretary Bettie Martin reported that all three committee members are associated with Texico Schools and may be contacted there by anyone seeking further information regarding the scholarship.

It was also reported that the club has set May 2 as a tentative date for its workday at Fairfield Cemetery. The club is sponsoring a clean-up of the cemetery for its project and plans include cleaning the cemetery, marking graves, fencing and other odd repairs needed.

A "Fairfield Cemetery Fund" has been established at the Texico Branch of Citizens Bank and anyone wishing to donate may do so by depositing their donation to the designated account. "We also need

labor for the project. We have had all the heavy equipment we will need made available to us and anyone who would like to help is urged to do so. They may contact chairman Teresa Curry to confirm the date and time of the workday," stated Mrs. Martin.

Monday's meeting was hosted by Marsha Reid, Clara Wiehl and Beverly Rogers who provided refreshments of cake, punch and coffee.

Attending the meeting were Kendale Burch, Kay West, Clara Wiehl, Ann Ledbetter, Juanita Hadley, Beverly Rogers, Marsha Reid, Aileen Teel, Maurine Caywood, Marcia Leavell, Margie Crooks, Bettie Martin, Teresa Curry and Marie Christian.

**Granddaughter Visits**

Visiting in the home of Mrs. Dora Verner of Farwell is her granddaughter, Robbie Verner, a student at Dallas Baptist College. Her parents are Mr. and Mrs. Gene Verner, missionaries in Ghana.

While visiting in Farwell this week Robbie also visited with her uncle and family, Mr. and Mrs. Ray Verner, Max and John of the Oklahoma Lane community.

**Gets Promotion**

Marine Corp. Mark S. Parie, 20, son of Mr. and Mrs. David H. Neely of Route 2, Texico, has been promoted to his present rank while serving at the Naval Weapons Station Earle, Colts Neck, N.J.

**Davison-Green Vows Exchanged In Oklahoma**

Melanie Kay Davison, daughter of Mr. and Mrs. John R. Davison of Lazbuddie, became the bride of Jon J. Green, son of Mr. and Mrs. Robert Greer of Canyon, Sunday, March 14, at the First Christian Church of Texhoma, Okla.

Escorted to the altar and given in marriage by her father, the bride wore a floor length gown designed by her mother. The gown was made of candlelight imported net over bridal taffeta with lace and seed pearls for accent. The fitted bodice was of lace with a high neckline and silk transparent organza made up the sleeves which were gathered to wide cuffs. The slightly gathered skirt had added back fullness which dipped into a brush train. Her veil, attached to a low tiara, swept the length of the train of the gown. She carried a bouquet of peace roses accented with baby's breath and green fern.

For the traditional something old, the bride chose to wear a necklace having belonged to her Grandmother Gist. Something new was her gown, something borrowed

was a linen handkerchief made by her Great-grandmother Riley, and something blue was the traditional garter.

Maid of honor was Nancy Bush of Lazbuddie and bridesmaids were Nita Thomason of Richardson, Barbara Davison and Shannon Walls of Texhoma, and Julia Gregory of Ulysses, Kan. They were dressed in floor-length dresses of apricot crepe with floral print sleeves and bodices. The bridesmaids wore candlelight hats with apricot colored streamers and carried lighted candles circled with tiny yellow flowers and green fern.

Flower girl was Joni Millsap of Canadian, niece of the bridegroom, and ring bearer was John Davison of Texhoma, nephew of the bride.

Groomsmen included Ben Richardson as best man, Yale Poland, Ernie Smith, Lewis Tversky, all of Canyon, and Gary Ferguson of Amarillo. Ushers were Mark Thomason of Richardson, George Green of Seminole, brother of the bridegroom, Gary Davison, brother of the bride, and Kevin Bridwell of Texhoma.

Music was provided by Nancy Johnson, organist and Mr. and Mrs. Rusty Turner of Oklahoma City who sang "Love is Everything," "The Lord's Prayer" and "We've Only Just Begun."

The church was decorated with arches of candles with greenery and apricot and yellow daisies and gladioli. The kneeling bench and memory candle were used in the ceremony, as well as the observance of communion by the couple. Candles placed down the center aisle were lighted by the candlelighters, Devin Bridwell and Seth Thomason of Texhoma.

Officiating at the double ring ceremony were Don Raiford, minister, and Joe Newell, youth minister, of Muskogee, Okla.

For her daughter's wedding, Mrs. Davison selected a floor-length gown of pink crepe with silver accessories. Mrs. Green wore a deep aqua skirt with a beige blouse. Both wore corsages of peace roses.

The reception was in Fellowship Hall of the church. The bride's table was covered with an apricot colored lace cloth with a silver punch bowl and serving dishes. The cake, made by an aunt of the bride, Mrs. Bill Gregory, was three-tiered and decorated in shades of yellow and apricot and topped with flowers of yellow and white. A white candle with a ring of fresh flowers was used as the centerpiece. Servers at the table were Becky Poland of Canyon, Kathy Holoman of Clovis and Mrs. Keith Millsap of Canadian.

For a short wedding trip to Eastern Oklahoma, the bride departed in a three-piece mauve colored outfit with maroon accessories.

After March 20 the couple will be at home at Canyon where they will continue their education at West Texas State University.

The bridegroom's parents hosted the rehearsal dinner the evening before the wedding in Fellowship Hall of the church. Mrs. Green was assisted by Mrs. Roberta Pugh of Laverne, Okla., Mrs. Beryl Iett of Laverne, Okla., Mrs. George Green of Palo Alto, Calif., and Mrs. Keith Millsap of Canadian.

**Wedding Reminders**

All friends and relatives of Sheryl Lea Woods and Greg Taylor are reminded of the couple's wedding to be Saturday March 20, at 2:30 p.m. in the home of Mr. and Mrs. Gene Hardage in Farwell.

The bride-elect is the daughter of Mr. and Mrs. Carliss Woods and the prospective bridegroom is the son of Mr. and Mrs. Jack Taylor, all of Farwell.

Terri Edwards and Thomas Nichols will exchange wedding vows at 10 a.m. MST Saturday March 20, at St. James Episcopal Church in Clovis. All friends and relatives of the couple are invited to attend the wedding and reception to follow.

The bride-elect is the daughter of Mrs. Marilyn Edwards of Farwell and the prospective bridegroom is the son of Mr. and Mrs. T. E. Nichols of Coalinga, Calif.

Friends and relatives of Joann Fischbacher and Donald Jay McDonald are reminded of the couple's wedding slated at 7 p.m. Saturday, March 20, in St. Ann's Church in Canyon.

The bride-elect is the daughter of Mr. and Mrs. Pete Fischbacher of Canyon and the prospective bridegroom is the son of Mr. and Mrs. Don McDonald of Lazbuddie.

**Marriage Licenses**

One marriage license was issued by the Parmer County Clerk during the past week. The license was issued to Jayson Kent Grimsley and Jyl Gromorosky.

**James Symcoxes Visit In Area**

Mr. and Mrs. James Symcox, Chad and Heather of Childress visited in the home of Mr. and Mrs. Vernon Symcox of the Oklahoma Lane

community this weekend. They also visited in the home of Mr. and Mrs. Gene Snell and family in Muleshoe.

**With Liethens**

Overnight guests recently in the home of Mr. and Mrs. Mark Liethen were friends of Mrs. Liethen whom she met when she taught school several years ago in Okinawa.

The visitors were Nancy Corbin of Washington, D.C., and Lois Philbrick and her five-year-old daughter, Donell, of Florida.

The three women taught school together while in Okinawa.

**Demonstration Club Has Shopping Program**

Members of the Oklahoma Lane Home Demonstration Club gathered March 11 in the home of Mrs. Ben Mesman for a regular meeting and program.

The program, "How to Increase Your Shopping Knowledge," was presented by Mrs. Liz Kaltwasser. During the program she gave ideas on how to be a smart shopper by seeing discrepancies while shopping and how to fight a large marketing bill.

During the business session, members voted to help with

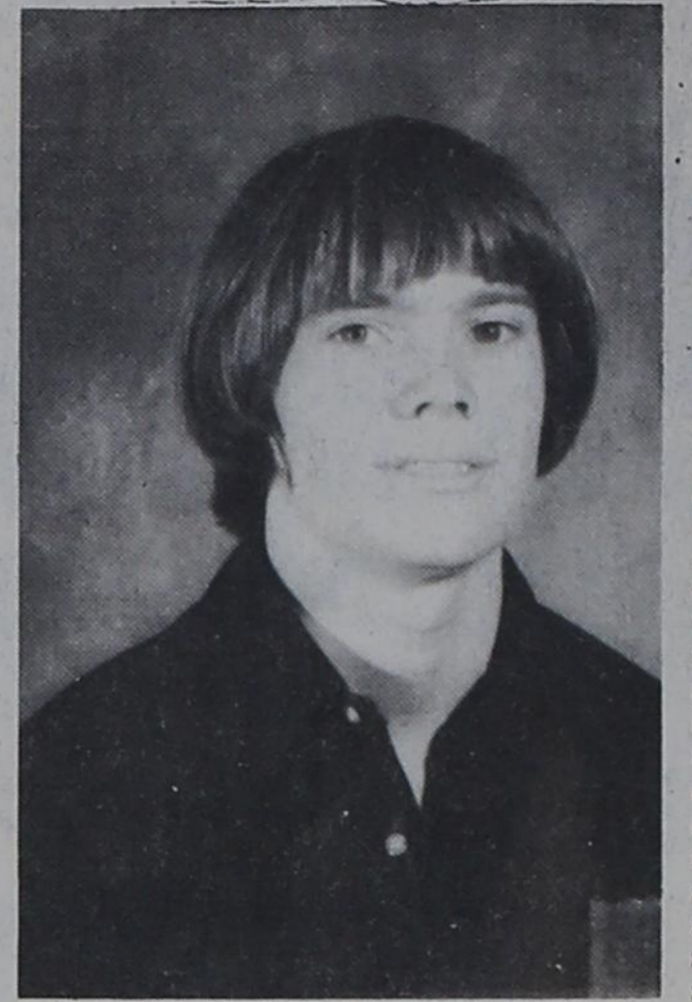

the Parmer County Health Fair which will be held in Friona April 6. During the fair, club members will work as volunteers in registration and in other areas where their services will be required.

Plans were made for club members to attend the district meeting which has been slated for April 8 in Littlefield. According to reports, all members of the Oklahoma Lane Demonstration Club are planning to attend.

Refreshments of Cherry Yum-Yum Cake, coffee and soft drinks were served to Julia Symcox, Liz Kaltwasser, Mary McKillip, Jana Pronger and the hostess.

Next meeting will be Thursday, March 25, in the home of Mrs. Mary McKillip. The program will be a film presentation on "Raising Indoor Plants."

**Teen Of The Week At Texico School**

STEVE TURNER

Steve Turner is Texico's "Teen of the Week" for March 22-26. A sophomore, Steve is the son of Mr. and Mrs. David Turner who live north of Texico. Recently, Steve became the third sophomore to ever be named to the All-District Basketball Team in District 7-AA. He served as quarterback for the Wolverine Varsity football team this year. An honor roll student, Steve is also a member of the Texico Future Farmers of America.

[Selection of "Teen of the Week" made by anonymous committee.]

**Mrs. Mack McFarland Feted With Shower**

Mrs. Mack McFarland was honored with a come-and-go bridal shower March 8 in the Farwell Home Economics cottage.

Assisting Mrs. McFarland in opening her gifts were her mother, Mrs. Ellis Jones; her grandmother, Mrs. Albert Jones; the bridegroom's mother, Mrs. John McFarland; and his grandmother, Mrs. Everette Christian.

Refreshments of punch, petit fours, nuts, mints and coffee were served to the guests in a table covered with a burgundy cloth with a white lace overlay. A burgundy and white floral centerpiece, which was given to the honoree, comple-

mented the table decorations. The white petit fours were decorated with burgundy icing. Napkins were inscribed with "Mack and Ginny."

Hostesses for the occasion were Mmes. Orle Jones, Melborn Jones, Walter Hughes, Doyle Ford, Gilbert Kaltwasser, Bobby Vinton, Bill Craft, Gene Hardage, Glen Phillips, Jack Kirkland, R. J. Garner, Carl Kirkland, Harold Jones and Ouida Long.

Hostesses' gift was an electric kiln.

**Visit Parrs**

Weekend guests in the home of Mr. and Mrs. Terry Parr of Farwell were Mr. and Mrs. Roger Poff of Lubbock.

"Serving The Texico-Farwell Trade Area"

## 'Texas, My Texas' Presented To Club

Members of the Farwell Study Club gathered Monday, March 15, in the home of Mrs. Claud Coffer for their regular session.

Speaker for the evening was club member Loucile Foster who spoke on "Texas, My Texas." In her presentation Mrs. Foster did not give a history of the state but presented a talk on Texas as it is today.

She told of the great resources of Texas and commented that most of the

monies received through taxes are spent to further education. She also told of the "beautiful mountains, rivers, caves and natural beauty we have in the State of Texas."

Opening prayer for the meeting was given by Virginia Perry followed by the serving of refreshments of party sandwiches and cookies which carried out the Saint Patrick's Day theme of the meeting.

Serving as co-hostess with Mrs. Coffer was Ellen Wurster.

## Bert Mosses To Mark Golden Anniversary

Mr. and Mrs. Bert Moss of Rogers, N.M., will be honored on their Golden Anniversary with a reception on Sunday, March 28, from 2 to 4 p.m. MST in the First National Bank Hospitality Room in Portales, N.M.

Hosting the event will be the couple's four children and their families. They are Nida Rierson of Clovis, Carl Moss of Texico, Pat Moss of Portales, and Lois Faye Falvey of Las Vegas, N.M.

A. H. (Bert) Moss was born near Colgate, Okla., October 30, 1900, to James A. and Nora L. Moss, one of nine children. He moved with his family to a farm near Texico at the age of six.

Ruby Belcher, daughter of

E. E. and Sarah Belcher, was born in Tompkinsville, Ken., February 6, 1906, one of four children, and moved with her family to the Inez community at the age of two.

They were married March 20, 1926, and farmed in the Oklahoma Lane community for five years and farmed near Texico for several years before moving to the farm and ranch near Rogers where they still make their home.

In addition to their four children, the Mosses have eight grandchildren.

No local invitations are being sent, and all friends and relatives of the couple are invited to attend. They request no gifts, please.

MR. AND MRS. BERT MOSS

## Study Club Takes Honors At Confab

Four members of the Farwell Study Club traveled to Plainview last week where they attended the 16th Annual Convention of the Caprock District of the Texas Federation of Women's Clubs held March 12-13 at Wayland Baptist College.

During the convention, the local club garnered two awards: a certificate for club achievements including the areas of study, programs and various contributions to Girls Town, and a certificate and ribbon designating that the club had won second place in yearbook competition.

Eunice Crume attended the convention as the Farwell Study Club delegate. She was accompanied by Jewel Scott, Loucile Foster and Carrie Christian.

It was reported that there are 65 clubs in the Caprock District with a total of 1600 members, 293 of whom attended the meeting, including two state officers.

President Mrs. Harold Green submitted her report during which she stated that she had driven 12,553 miles, mailed 1,000 letters, made 300 long distance calls and visited 36 clubs since she assumed her position. The corresponding secretary said 3,391 newsletters had been mailed.

Also during the session, new officers for the forthcoming year were elected. They include Mrs. Jack Akin of Denver City, president; Mrs. E. H. Boedecker of Lubbock, first

vice-president; Mrs. Pete McLaughlin of Plainview, second vice-president; and Mrs. J. F. Davis, third vice-president.

Mrs. Crume also reported that she would like to thank members of the Farwell Study Club "for sending me as a delegate to the district meeting. It was an enjoyable trip and also an educational one."

AWARDS - Mrs. Jewel Scott, president of the Farwell Study Club, displays the awards the club received at the District Convention of the Texas Federation of Women's Clubs held in Plainview. The club received certificates for achievements and for the yearbook and a ribbon for taking second place in yearbook competition.

Fireboys in Texico and Farwell, are you ready for this?

The Pennsylvania Justice Department wants the state's 2500 volunteer fire departments to "let women out of the kitchen and into the real heat of battle on a fireline."

Yes, the movement is being led by women. Kathleen H. Larkin, deputy state attorney general, is trying to convince the volunteers that they should change their rules to comply with the state's Equal Rights Amendment or jeopardize their state funding.

She is being joined by the director of the Pennsylvania Commission for Women. They say that when most of the volunteer companies were organized, "women were the darlings of the ladies auxiliary - baking cookies, cakes and pies and frying mountains of chicken..." but now they advocate "those days are gone and volunteer fire departments that refuse to recognize the fact should face the economic and political consequences."

Well, gals, how about it - are you ready for this?

Probably, there has never been more comment on any one subject in our community than there has been on the many new and relocated stop signs in the City of Farwell.

Right or wrong, we can't help but wonder how long the "planner" spent in our town in order to determine that only half of the north-south streets were priority streets; especially when a town lays north or south of the highway.

All of the traffic from the

loop south of town to the highway must move north and all of the traffic coming to the town must travel south.

At any rate, there is one very dangerous situation that has been emphasized. The flow of traffic on Third Street has almost tripled with stop signs on every corner of Second Street and Fourth Street.

No one wants to travel up and down those streets, stopping every block, so it throws all that extra traffic on an already dangerous street and intersection - with the courthouse and law enforcement center on one side and the many offices on the other.

Would hate to advocate more stop signs - but that is just what is needed if the heavy flow of traffic continues on Third Street. Otherwise, we may see a very serious accident at the intersection of the courthouse and Avenue D. Better that we have to stop than crash.

And, another word of caution: Yesterday, I ran a stop sign on Second Street. Unintentionally, but nonetheless, a driver had better not shoot across Second Street just because he has the right-of-way as another unconscious driver may be traveling Second Street.

Congratulations to the Texico school spelling bee winners. Sharlet Taylor, a fifth-grader, won first place in the elementary division and Alan Baldrige, a sixth-grader, won first place in the junior high division.

Charlet is the daughter of

## Deaf Smith REC Has Annual Meet

A large crowd attended the 38th annual meeting of Deaf Smith Rural Electric Cooperative recently at Hereford's Bull Barn. The crowd was estimated at 1,300 and total capital credit refunds totalling \$217,588 were returned to members who purchased electricity during 1963.

Earnest Langley, lawyer for Deaf Smith REC, directed the business meeting for president Sloan Osborn. Following a report by secretary Tom Draper, an election of three directors was held.

Clark Andrews, who farms in the Frio Community south

of Hereford, won the position of Deaf Smith County director over veteran Draper, who held the post for the past 25 years and served as secretary-treasurer over 20 of those years.

Sloan H. Osborn was re-elected as Parmer County director over Floyd Reeve, and Noel Gollehon was re-elected for Castro County over Donald Wright.

The crowd paid tribute to retiring Draper and gave him a standing ovation for his many years of service to the cooperative.

There were various drawings for door prizes throughout

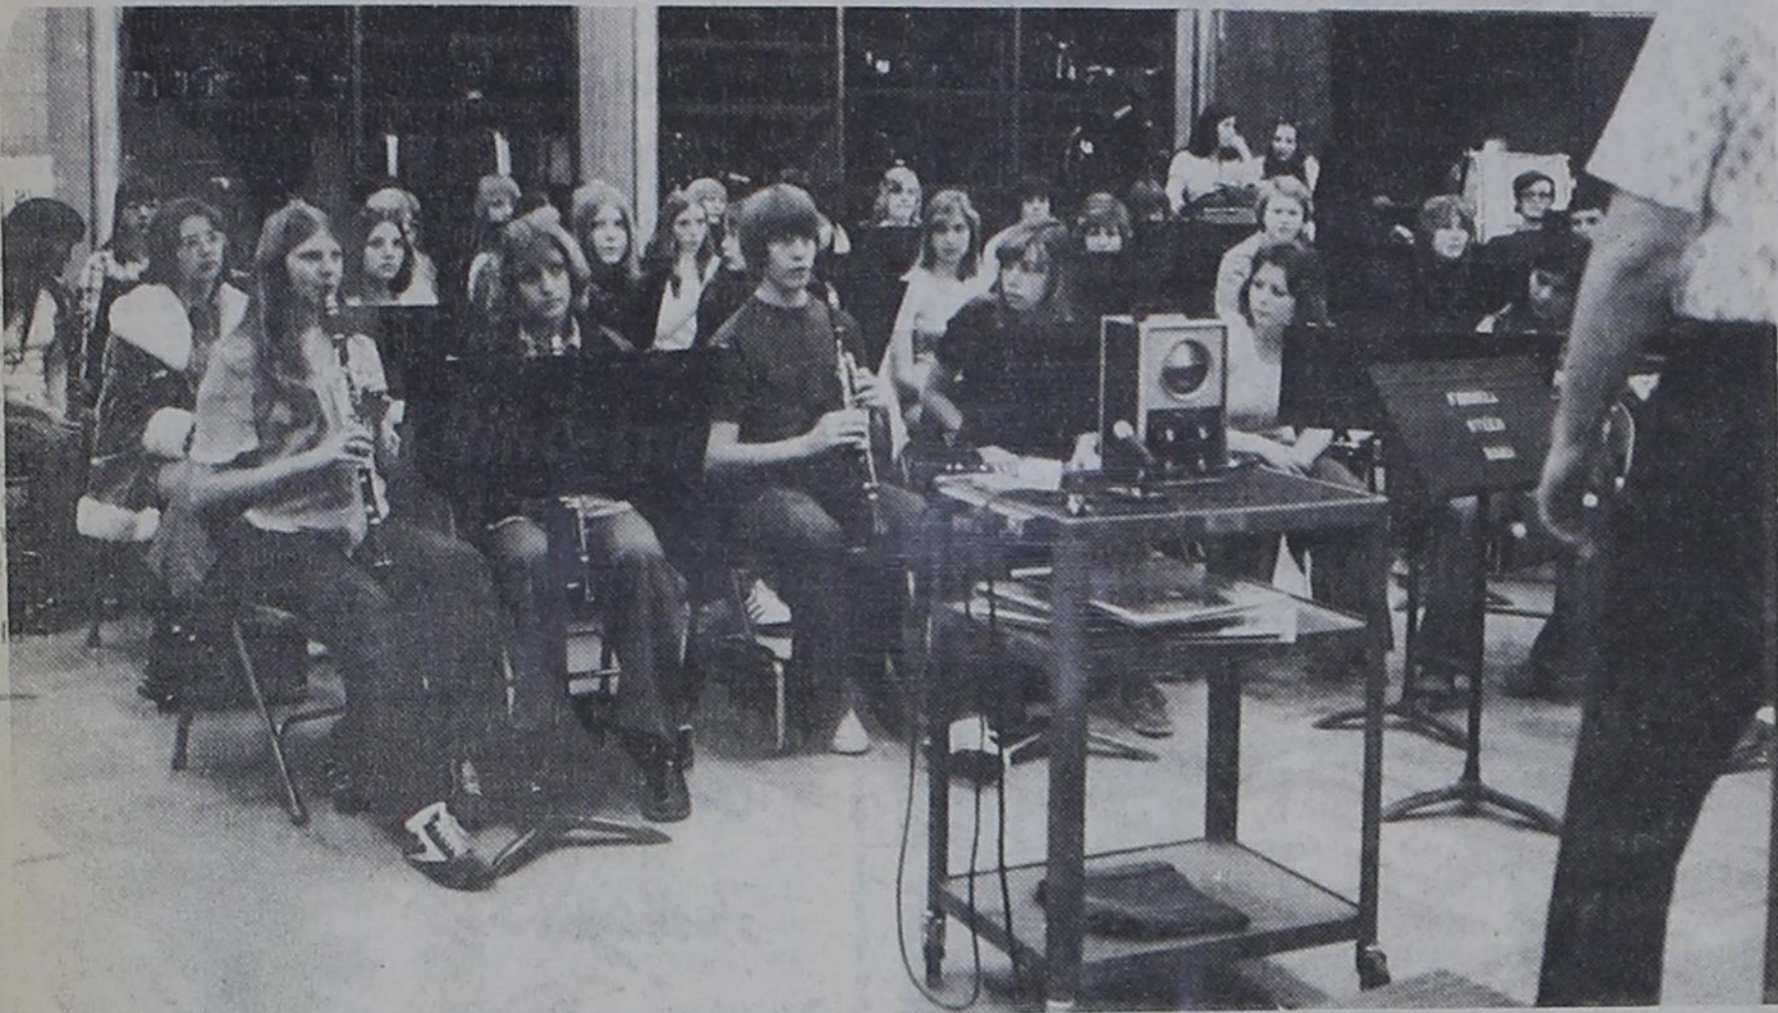

the meeting which started with a free barbecue dinner served by the Catholic Daughters of Nazareth.

Highlight of the drawings was an all-expense-paid trip for two which includes accommodations for six days and five nights in Acapulco. Winner of this trip was Laurence Brorman of Route 1, Hereford.

James Hull, manager for the cooperative, addressed the crowd. He reminded the members that back in 1934 rural America was still dark, with only one farm out of every 10 with electricity. He said that

President Roosevelt signed an executive order in 1935 creating the Rural Electrification Administration. Then in 1937, leaders of this area founded Deaf Smith Electric Cooperative.

"Today your cooperative owns some 3,000 miles of electric line, with about 45% being 3 phase line; 15 substations; has service to about 7,800 electric meters, and employs full time, about 52 people, all specialists in their field," Hull said. "Our electric plant is an investment of over \$14 million, and is predicted by our engineer, by 1986 to have an electric plant worth \$60 million."

**CONTEST PREPARATION** - Members of the Farwell High School Band rehearse in preparation for the University Interscholastic Concert Contest to be held at 8:30 a.m. CST today, March 19, at the Fine Arts Theater at Wayland Baptist College in Plainview. The band will perform three numbers in the contest. A Division I rating in concert and sight-reading will mean a sweepstakes trophy for the band. The contest is open to the public.

### UIL . . .

#### Trophy At Stake - -

## Farwell High Band In Contest Today

The Farwell High School Band will perform at 8:30 a.m. CST today, March 19, in a University Interscholastic League (UIL) Concert Contest to be held in the Fine Arts Theater at Wayland Baptist College in Plainview. The performance is open to the public, according to Lynn Burton, Farwell band director.

The band will be aiming for a Division I in concert and sight-reading. These ratings along with a Division I ranking received earlier in the year for marching would bring

the band a sweepstakes trophy, one of the highest regional honors.

The band will be competing with seven Class A and nine AA bands today. Four Class B bands were to compete Thursday night, March 18.

In the contest, the Farwell band will perform: "March Juno" by Steward, "Lethbridge Overture" by Ployhar and "Overture for Winds" by Carter.

In preparation for this week's contest, the high school

band was in clinic Monday night, March 8, with Randy Vaughn, band director at Hereford High School.

Burton said, "Vaughn commented on our low brass and woodwind section as being a very substantial section for a Class A school. The kids were very attentive and worked very well with him during the two-hour clinic."

The Farwell Junior High Band will be going to contest April 8 at Monterey High School in Lubbock. Farwell is

one of the few Class A schools to have a junior high band perform in a UIL contest. The only other Class A school anticipated at the Lubbock competition is Hale Center. Most of the junior highs in this contest are either AA, AAA or AAAA schools such as Friona, Muleshoe, Floydada, Littlefield, Seminole, Idalou and two Plainview junior highs.

The Farwell elementary and cadet bands will be competing in a regional UIL concert contest in Friona on May 1.

#### Council Meets - -

## Farwell To Purchase CB Radio Equipment

The Farwell City Council during a regular meeting Monday night, March 15, agreed to purchase about \$503 worth of citizens band radio equipment.

The equipment to be purchased from Bob's TV includes a base station and two mobile units which will be placed in vehicles of the sanitation and water departments.

Councilmen Fred Chandler said the convenience of the radios in contacting city employees would soon recover the cost. Chandler and Mayor Gil Patschke also said the radios should improve city service to local residents.

The council also adopted an ordinance and reviewed two others.

The ordinance adopted authorizes existing traffic control

devices including signals and signs and allows the city marshal to install such devices as may be provided for in any subsequent resolution by the council. City officials said the new ordinance would permit the city to install signs and signals without amending an ordinance for each change.

The council discussed a proposed ordinance prohibiting air guns, however, the matter was dropped after the mayor said he felt problems with the guns could be corrected by enforcing existing statutes such as those regarding the destruction of property. Patschke said, "I don't want us to go ordinance wild."

The city ordinance requiring the licensing of peddlers was reviewed and the council

agreed tighter enforcement was needed particularly in regard to investigations of applicants. The council also agreed to review all applications before a permit is issued.

The council also accepted a company's proposal to inspect the city's 100,000-gallon, overhead water tank at no charge and with no obligation to give the company any contract for work which might need to be done. Water Superintendent D.E. Hammit Jr. said the tank was due for an inspection.

In other business, the council:

- granted permission to the Knights of Columbus to solicit funds in Farwell to help the mentally retarded.

- designated Ronnie Mitchell as the city's delegate to a meeting of the Twin Cities Independence Day Celebration Committee.

- agreed to allow City Clerk Janie Bowery to attend a tax school conducted by the Texas Association of Assessing Officers in Austin March 21-24.

- tabled for further study a request from the City of Texico to pay half the cost of furnishing water to the Lions Club Ballpark.

- and approved the installation of lighting in the recently completed addition to the city barn.

Council members present were Patschke and Chandler. Absent was Ralph Franse.

### License Deadline April 1

April 1 is the deadline for renewing vehicle license registration at the office of Parmer County Tax Assessor-Collector Hugh Moseley.

Motorists may register vehicles after that date, however, they must certify they have not driven their vehicles since the last registration expired.

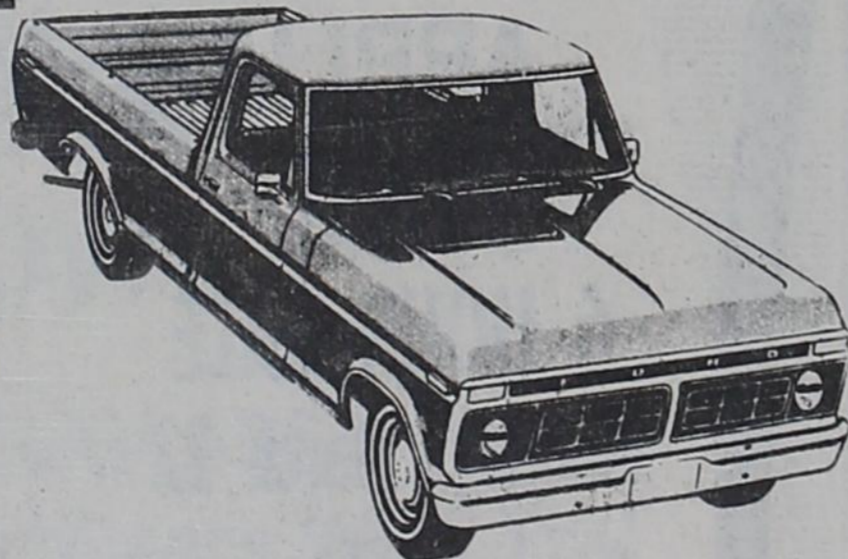

Instead of new metal license plates, Texas vehicles this year sport a small red, white and blue validation sticker which should be affixed to the area outlined in the upper left-hand corner of last year's

rear license plate.

Beginning in January 1975, the state instituted a new system of issuing new metallic plates every five years and issuing the rectangular stickers for the interim years. Thus, 1976 is the first year for the stickers.

The renewal fee remains the same. Costs are \$12.50 for vehicles weighing up to 3,599 pounds, \$22.50 for vehicles between 3,600 and 4,500 pounds and \$30.30 for those over 4,500 pounds.

Coach Says - -

# Season Most Successful In History

Farwell Varsity Steerette Coach Joe Allen has submitted his comments on the recently closed 1975-76 basketball season for the team.

In making his report he commented, "The 1975-76 basketball season was perhaps the most successful in the history of the Farwell Steerettes. The Steerettes won the Friona Invitational Tournament, defeating Gruver, Friona and Muleshoe; the Springlake-Earth Invitational Tournament, defeating Silverton, Hale Center and Springlake-Earth; and the Muleshoe Invitational Tournament, defeating Littlefield, Floydada and Roosevelt.

"Steerettes Kathy White, Kathy Booth, Terri Boling and Estelle Embry were selected to the All-Tournament teams for the Springlake-Earth and Muleshoe tournaments. Lori Norton was selected for the Springlake-Earth Tournament but missed the finals of the Muleshoe Tournament where she was replaced by the sparkling performance of Bonnie Foster."

The Steerettes wrapped up the District 3-A Round Robin with a record of 10-0, but a one-point defeat by eighth rated Vega in the finals of the district tournament forced a play-off game which resulted

in an ironic one-point defeat for Vega by Farwell with crucial late baskets scored by Sheryl Woods.

According to Coach Allen, the bi-district game with New Deal was one of the best the Steerettes played and the result was a 56-39 loss for the Lions. "Unfortunately, the regional game against Abilene-Wylie proved to be one of the Steerettes' poorer games and the Steerettes, who trailed the whole game, tasted bitter defeat."

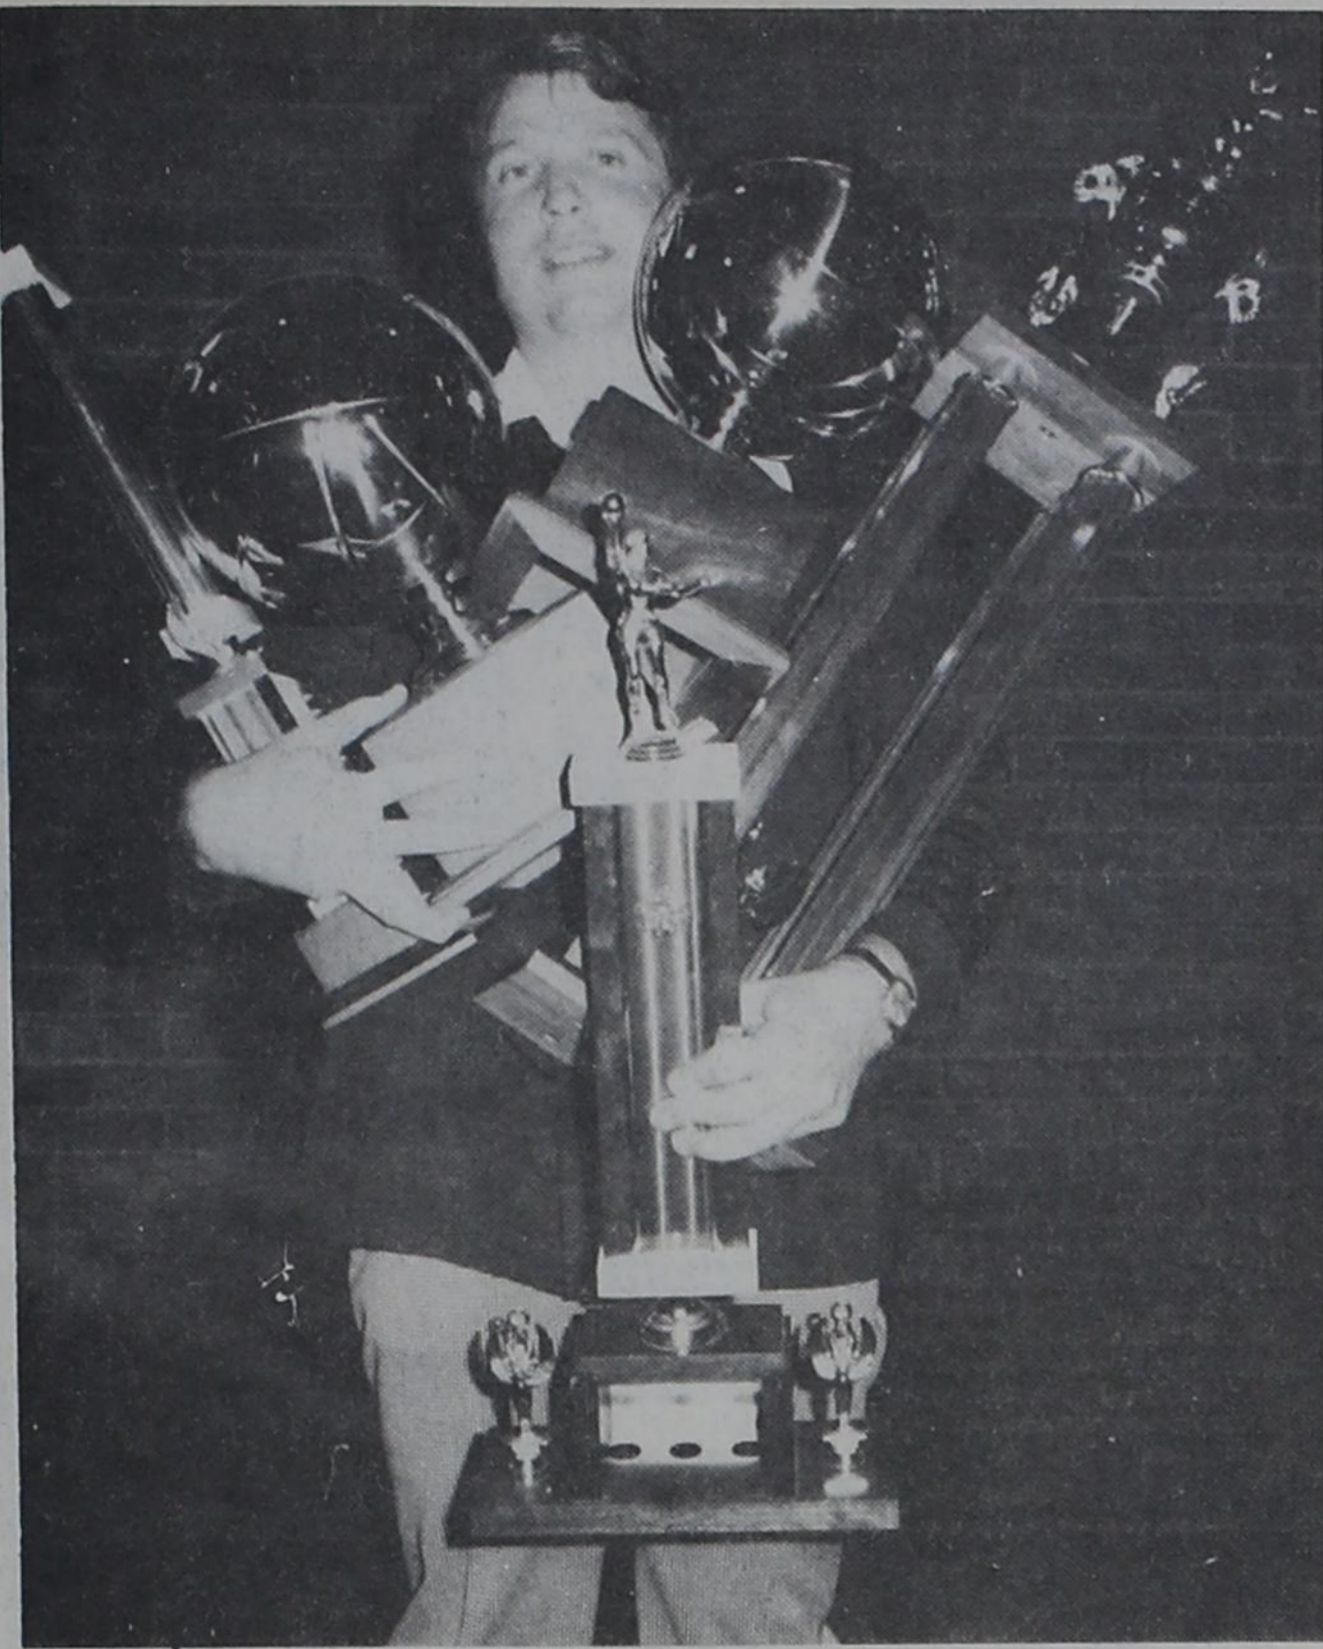

Since the close of the season, Steerette Kathy Booth has been selected by district coaches as the "Most Valuable

Forward" on the All-District Team which also includes Kathy White, Terri Boling and Lori Norton. Estelle Embry was a near miss for the team. Steerette coach Allen was voted District 3-A "Girls' Coach of the Year" by the coaches.

Miss Booth has also been named to the Amarillo Globe News "Super Team" and to the Class A "All-State" team. Kathy White has been afforded the honor of being selected to

play in the Globe News East-West All-Star Game.

The past season was a historic one for the Steerettes, but what is to come next year? According to Coach Allen, the team will be losing nine of 12 players through graduation. Senior members of the team are Terri Boling, Gaye Coffman, Estelle Embry, Pam Erwin, Bonnie Foster, Claire McFarland, Lori Norton, Kathy White and Sheryl Woods.

REWARDS OF SUCCESS - Farwell Varsity Steerette Coach Joe Allen is laden with pride as he displays the tokens of a successful season garnered by the Steerettes. During the 1975-76 basketball season the Steerettes won the Friona Invitational Tournament, the Springlake-Earth Invitational Tournament, the Muleshoe Invitational Tournament, and the District and Bi-District crowns.

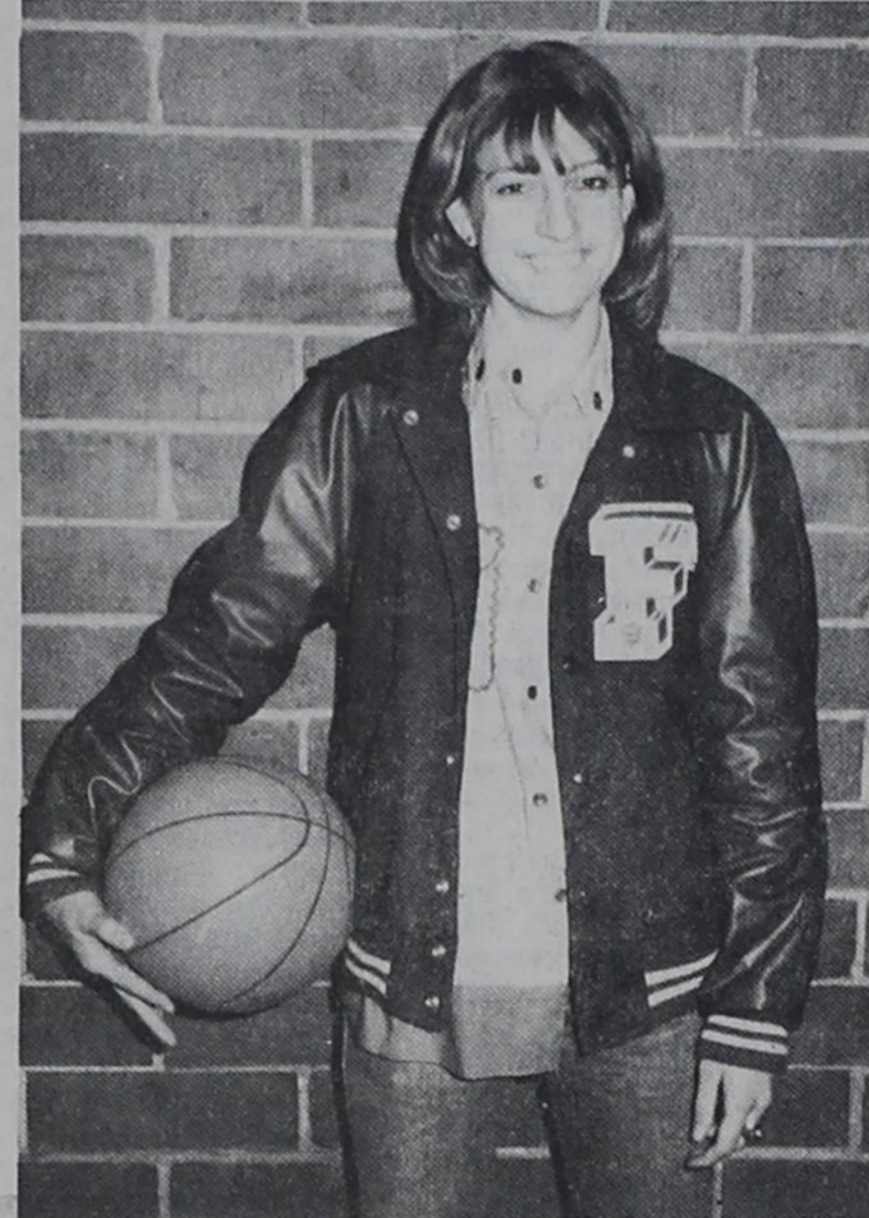

## Kathy White Selected For All-Star Team

Kathy White, senior member of the Farwell High School Varsity Steerettes, has been selected to participate in the 1976 East-West All-Star game. The game is to be played Saturday, March 20, at the Amarillo Civic Center.

Kathy, a forward for the Farwell squad, will be competing as a member of the West Team. She is a second year Varsity Steerette and is the fifth Farwell roundballer to be selected to the All-Stars. Other Steerettes selected for

the honor were Sharon Booth, 1975; Jamye Craig, 1974; La-Shawn Sheets, 1973; and Debra Foster, 1972.

Kathy is the daughter of Mr. and Mrs. David White and played her first year on the Varsity under the direction of Coach Gayle Nicholas and her second year under the supervision of Coach Joe Allen.

ALL-STAR TEAM MEMBER - Varsity Steerette Kathy White has been tagged as a member of the West Team for the Fifth Annual East-West All-Star game to be played Saturday, March 20, in the Amarillo Civic Center. Kathy, daughter of Mr. and Mrs. David White, is the fifth Steerette selected to participate in the game.

## Board To Meet

The March meeting of the Texico School Board will be held at 7 p.m. MST tonight (March 19) in the high school building, according to Supt. Jim Pierce. The meeting was postponed from the regular meeting date on March 9.

In addition to routine business, the board will hear principals' annual reports and look over a budget for next year including a salary schedule.

## Yakubovsky Summarizes Season

Coach Jim Yakubovsky has reported that the Eighth Grade

Steerettes of Farwell finished their recent 1975-76 basketball season with a 12-5 record.

In commenting on the season the coach stated, "I was very fortunate to coach such a fine group of girls. This group always gave 110 percent during practice and 150 percent during games. They could also be tagged with a title of hustle, desire and teamwork. Everyone, throughout the entire season, was always cheering and encouraging each other to do their very best."

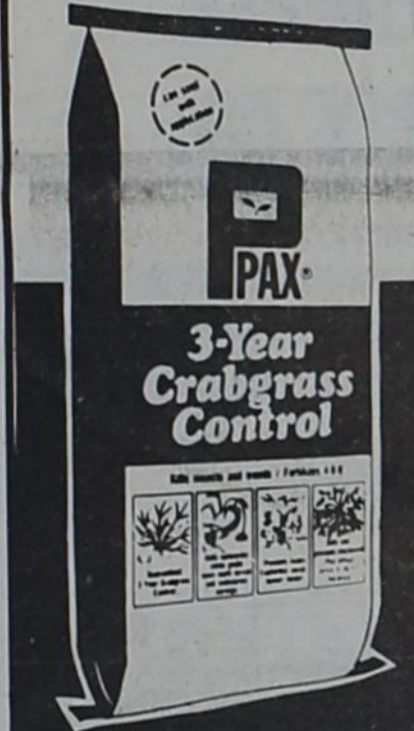

"Our offensive personnel were Jana Berry, Lisa Hughes, Kim Marsh, Gayla Goldsmith, Tammy Hernandez, Suzanne Howard, Rhonda Dale and Lisa Howard. I felt we had the best offense in the district because our first three girls, Jana, Lisa and Kim, were all talented and could score from either inside or outside. This, of course, created a problem

for other teams being they couldn't key on one person.

"At the other end of the floor were our guards: Dondra Gerries, Karyn Blain, Carole Perkins, Madline Higgs, Gina Eubank, Deanna Hager and Tonda Fulcher. Our guards did a fine job all year holding down our opponents' scoring. For example, Vega was not held under 40 points all season except for their loss to us and they were held to 30 points."

In concluding the coach said, "The girls had a good year and I congratulate them for it. I appreciate their dedication and desire. I also think our fans and parents should get a pat on the back. They were always behind us cheering us onward."

## TIPS FOR OUTDOORSMEN

by Vern Sanford

Trotline fishermen seeking the mighty cat use a multitude of different baits as well as some unusual combinations.

For instance, the mixture used by some anglers is composed of beef brains and limburger cheese. Others use chicken livers, blood bait and just plain old factory-made stink bait. Still others use white laundry soap.

One, Joe W. Burkett of Arlington, Tx., whose favorite is soap, read about the beef brains and limburger cheese idea and decided to experiment. He alternated the new (to him) combo by dipping a sponge-laden hook into the beef-cheese mix, and so treated every other hook. On the alternate hooks he placed his favorite, Ivory soap.

He reports that most of his fish were caught on the soap.

His theory is that the fish were drawn to the trotline by the smell of the stink bait, which they tasted out of curiosity. Then they went for the soap in order to wash the taste from their mouths.

Joe says it's truly a deadly combination.

A similar bait, for casting, is suggested by Mercury Outdoor Topics. They call it the "bloodsicle".

Select several plugs, spinners and spoons the day before going fishing and wrap balls of cotton around the hooks. Then soak the cotton in beef, chicken or pork blood and

place the lure in the freezer overnight. Since the bloodsicle is frozen, it thaws slowly in water and releases its scent over a period of time. This bait is reported as a particularly good tempter for walleye.

# THE TOP 3 CORN HYBRIDS

FOR THE SOUTH PLAINS

Everyone knows the top corn hybrid for this area. PIONEER® brand 3369A is the most planted hybrid in Texas, Oklahoma and New Mexico. Not everyone realizes, however, that there are other PIONEER hybrids that do as well as this famous one... even beat it in some respects. You should consider them, too. They'll help you get exactly the right hybrid mix for whatever mother nature has in store for this season:

Number two in popularity with Southwestern farmers... 3306 is a hybrid with strong stalks and outstanding ear retention. Especially good in light soils, it has good drought and heat tolerance and is a good performer on irrigated or non-irrigated land.

An exciting new hybrid that has an even greater yield potential than 3369A. The added yield potential comes, in part, from a little later maturity while having the root and stalk strength to stand until harvest. It stays green later, too. This one can add significant profit to your corn crop.

Another new, good yielding hybrid. It's a little earlier than 3369A with exceptionally fast dry down. It has made from \$9 to \$12 more profit per acre than ordinary hybrids because of its fast dry down. It has long slender ears on small, hard cobs... really great for combining.

PIONEER HI-BRED INTERNATIONAL, INC.,  
SOUTHWESTERN DIVISION  
P. O. Box 788, Plainview, Texas 79072

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. STATE PRESIDENT WELCOMED -- During a meeting of the Farwell Jaycees Saturday, March 13, State Jaycee President Mike Moore of Houston, center, served as guest speaker. Welcoming the president to the local meeting were, from left, Mike Camp, Delton Wilhite, Eddie Winegart and Travis Coburn.

## Farwell Jaycees Host State President

During a meeting of the Farwell Jaycees conducted Saturday, March 13, Texas Jaycee President Mike Moore of Houston spoke to 24 Farwell Jaycees and several guests including Jerry Dyer, administrative national Jaycee director; Curtis Walker of Muleshoe, national Jaycee director; Ken Horn of Bovina, regional vice-president; and Jerry Johnson of Hereford.

The state president indicated that the Farwell Jaycees are "doing a good job" and told them they are leading the state in membership growth in their population division. The Farwell Jaycees are currently rated fifth in Blue Chip Points.

That night 11 persons from Farwell represented the local Jaycees at a work forum conducted in Muleshoe.

State President Moore and Dock Hanks, Texas Jaycee president candidate, were guest speakers for the evening.

Approximately 200 Jaycees and their wives attended representing clubs from Plainview, Lubbock, Bovina, Hereford, Claude, Morton, Farwell and Muleshoe.

Morton was awarded the traveling trophy for the club within the region and Claude garnered the out-of-region traveling award.

It was reported that the Claude Jaycees received their charter during the work forum. The club was chartered with 24 members with the Farwell Jaycees recognized as being instrumental in the organization of the Claude Jaycees.

Farwell representatives at the forum included Mr. and Mrs. Mike Camp, Mr. and Mrs. Delton Wilhite, Mr. and Mrs. Richard Haseloff, Mr. and Mrs. Eddie Winegart, Mr. and Mrs. Donald Jones and Travis Coburn.

It was also reported that the Jaycees are currently conducting their annual volleyball tournament which began Wednesday, March 17, and is to continue through Saturday, March 20. (See story elsewhere in this issue.)

The Farwell Jaycees will be conducting an officer election Monday, March 22, at the Farwell Country Club. The election meeting is to begin at 8 p.m. and all Jaycees are urged to attend.

## In Hawaii -- Local Couples Enjoy Nine-Day Vacation

by Susan Franse

To meet a "friend" that you've only met through telephone conversations in Hawaii ordering flowers for your friends who are sick, can be quite an experience, according to Marie Wall. This was one of the highlights during a trip to Hawaii by a group of Farwellites and other area couples.

The group departed for Hawaii by airplane from West Texas on January 28 and returned home February 5. Persons taking the adventure were Bill and Lynn Roberts, M.A. and Peggy Snider, Jr., Willie and Marie Wall, Adolf and Mildred Haseloff, Keith and Sue Scott, Harvey and Lois Hudnall, Otto and Myra Lingnau, Delbert and Alma Lingnau, Todd and Rhonda, and Donald Watkins, all of Farwell. Couples from the surrounding area were Mr. and Mrs. John Snider, Mr. and Mrs. Max Crim and Mr. and Mrs. Clarence Monroe.

"One of the things that I think is fun is to send friends here at home that are sick in anthurium gardens from the Anthurium Garden in Hawaii," stated Marie Wall. "I called my orders in and I had such nice visits with the lady over the phone."

"Well, six of us travelled to the island of Hawaii and I had said that one of the things I wanted to do was go to the Anthurium Garden in Hawaii," stated Marie Wall. "I called my orders in and I had such nice visits with the lady over the phone."

Rhonda, enjoyed the beach. Alma commented that the water was so blue and that there was so much growth. "We enjoyed just about everything there, especially the atmosphere and the weather. You can just relax there."

The Otto Lingnau enjoyed watching the people. "They looked like ants going everywhere," Myra commented. "This was our first plane trip and we really enjoyed it. The weather was so nice and everything was so pretty and green."

Donald Watkins also mentioned that he enjoyed watching the people. He also stated that he just enjoyed the whole trip.

The Harvey Hudnalls spent all their time visiting with their son and his family, Mr. and Mrs. Wayne Hudnall. "Wayne works at a university experimental station. He took us, the Scotts and his wife and baby up there. It was all so interesting. We all enjoyed it," Lois said.

Peggy Snider mentioned that Glendon Moss and his wife, Barbara and children, Melia and Chad, came to the hotel to visit with the group from Farwell.

Everyone had some comment on the food. Everyone enjoyed the fresh fruit, especially the pineapple. "They told us to put salt on the pineapple to take the acid out. We enjoyed it so much more," commented Sue Scott. There were a few who didn't enjoy the Polynesian food, especially the poi and raw fish. But most of them "just loved it."

The weather was reported to be just perfect in Hawaii. When they left the islands it was 74 degrees but when they reached Denver, Colo., the temperature had dropped a considerable amount to 14 degrees. What a contrast!

The group's trip to Hawaii was sponsored by Weather-Master Seeds and Interstate Fertilizer.

### Bicentennial Meet

The Farmer County Bicentennial Committee will hold its regular meeting at 8 p.m. CST Tuesday, March 23, in the community room of the First State Bank at Bovina.

### Texico To Meet

The Texico City Council will hold its regular meeting at 6:30 p.m. MST Tuesday, March 23, in city hall, according to City Clerk Clara Wiehl.

### AMERICA The Bountiful

Little Known Facts About America's Greatness

For immigrants, America's bounty could be depended upon to provide security. Since 1820, more than 45 million people have immigrated here in search of a new life.

For culture, America can be depended on to provide more than 700 opera companies and 1,400 symphony orchestras for music lovers across our nation.

CHOW LINE IN HAWAII -- Several local persons are pictured waiting to have dinner at a restaurant in Hawaii. They are just part of a group of several local couples on a recent seed company-sponsored tour of the Hawaiian Islands. Pictured, left to right, are Donald Watkins, Bill Roberts, Peggy and M. A. Snider, Jr., Mildred and Adolf Haseloff, Lynn Roberts, and Marie and Willie Wall. In the center of the group is a tour guide named Rhoda, who was remembered by several couples from a tour group last year. They treated her to the evening dinner with them.

## High Blood Pressure: A Killer That Can Be Controlled

Identifying and controlling high blood pressure is one of the best ways to reduce your risk of stroke and heart attack.

This is a message hammered home repeatedly by the American Heart Association. And it takes on special significance as the nation observes High Blood Pressure Month in May.

High blood pressure is a silent killer. There are usually no symptoms. You can have it and still feel healthy. It is a mysterious killer because, in 90 per cent of the cases, doctors don't know the cause. It can easily be detected by an inexpensive and painless medical examination. And once diagnosed, it can usually be controlled.

For those who ignore high blood pressure, the results can be devastating. Consider these statistics:

\* High blood pressure is the major factor in 500,000 of the nearly 900,000 deaths in this country each year from stroke and heart attack.

\* Of the approximately 23 million Americans who have high blood pressure, at least half don't know it. And half of those who do are not adequately controlled.

\* In 1975 alone, heart and blood vessel diseases killed more than a million Americans - 52 per cent of deaths from all causes in the U.S.

Fortunately, you can improve your chances of living a longer, healthier life, but only your doctor can determine your individual risk. Only a physician can tell you how to reduce it.

If you have high blood pressure, only a doctor can prescribe a diet and medication program designed to protect you. But only you can make it successful by following the physician's advice.

Your part is just as important as your physician's. You can play your part best by doing the following:

1. Visit the Farmer County Health Fair to have your pressure checked free. You should do this even if you feel well, because high blood pressure may not have any noticeable symptoms.
2. If you have high blood pressure, follow your doctor's instructions about diet - including weight loss if you are overweight - and changes in general health habits, such as rest and recreation. These measures will reduce the risk of stroke, heart attack, kidney and heart failure.
3. If your physician prescribes medications, keep tak-

ing them whether you feel well or not.

4. Cooperate with your physician. As a team, you and the doctor can almost always get your pressure under control.

The Farmer County Health Fair will be Tuesday, April 6, from 10 a.m. to 6 p.m. in the Community Building in Friona. All Farmer County residents are invited to view the educational exhibits and go through screening for high blood pressure, tuberculosis, diabetes, glaucoma, and height/weight.

## Jaycee -- Volleyball Tourney Underway At Farwell

The 1976 session of the Farwell Jaycee Volleyball Tournament is currently underway at the Farwell High School gymnasium.

Action in the tournament began Wednesday, March 17, with action to continue through Saturday, March 20, when the play-off games will be played to determine first, second and consolation winners.

There are two divisions of competition: men and women. In the women's division, 16 teams are participating including Friona State Bank, Tidettes, Ag Chem Farm Service, Foster Fertilizer, Friona Star, Clovis National Bank, Candy Stripes, Teddy Bears, Friona Seniors, Wilson Drilling, Henry's 66, Trieder Electric, Decorator Floral 216, Curry County Sprayettes, Browsabouts and Ladies of Lariat.

Men's teams entered in the tournament are NWAS's, Drinking People, Black Water Ag, Hart's Implement, Trieder Electric, Morton, Tide and

Smyer Construction. Admission for the double elimination tournament is 25 cents for players and 50 for non-players.

**Better Eating... FROM START TO FINISH**

**Bicentennial Bits** - There were few cookbooks in colonial days, and you know why? Few cooks could read.

Most recipes were made from memory or jotted down on paper and passed from cook to cook.

Corn was a basic food in almost every household. While corn bread was popular, it had different names in various parts of the colonies - ashcake, hoeecake, johnnycake or corn pone.

### Hospital Notes

J. R. Thornton, father of Mrs. Dorothy Quickel of Farwell, remains in intensive care at Deaf Smith General Hospital in Hereford. Reports state that although Thornton is still in intensive care he is improved.

Season ground beef and shape into patties. Freeze the patties and then use them as needed.

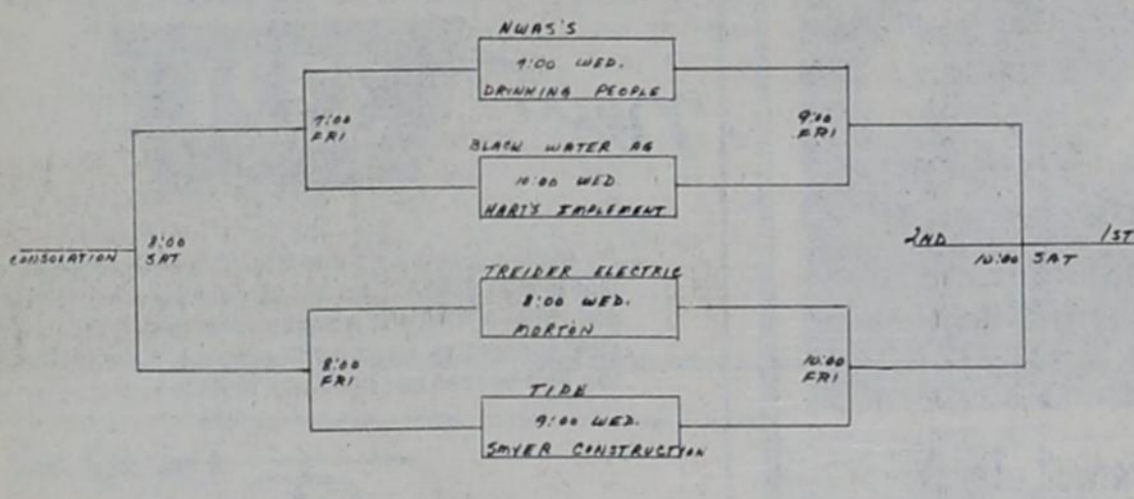

Bet you didn't know dept. - The first pizzeria in the U.S. was reportedly opened in 1900 in New York City. Before World War I, pizza came to Chicago, as well.

Inflation update: "Two can eat as cheaply as one - if one doesn't eat."

## Services Conducted For Walter Steinbock

Funeral services for Walter "Shorty" Steinbock, 70, of Lazbuddie, were conducted Friday in the Lazbuddie Baptist Church with the Rev. J. Standridge, pastor, officiating.

Burial was in Lazbuddie Cemetery under the direction of Singleton-Ellis Funeral Home.

Mr. Steinbock died at 9:58 a.m. Wednesday, March 10, in West Plains Medical Center in Mulshoe.

He was a native of Fred-

erick, Okla. and moved to Lazbuddie in 1925 from Frederick. He was a retired farmer and a member of the Lazbuddie Baptist Church.

Survivors include his wife, Irene; a daughter, Mrs. Wayne Moore of Lazbuddie; two sisters, Mrs. Frances Oliver of Cleburne and Mrs. Alma Hatch of Slaton; four brothers, Willie of Farwell, Ed, Reinhold and Alfred, all of Lazbuddie; and three grandchildren.

## Funeral Services Held For Herman Kelm

Funeral services for Herman Kelm, 62, who died early Thursday, March 11, in Clovis Memorial Hospital were held Friday, March 12, at Steed Memorial Chapel in Clovis. Interment was in the Littlefield Cemetery.

Mr. Kelm was born September 23, 1912, in Walling. He had been a switchman and a brakeman for the Santa Fe Railroad for 21 years having come to Farwell in 1963. Prior to that he had resided in Portales.

He was a member of the Lutheran Church of the Missouri Synod, a member of the Disabled Veterans and a vet-

eran of World War II.

Survivors include his widow, Jo Lounell of the home south of Farwell; one daughter, Mrs. Judy Anne Landrum of Farwell; two sons, Stanley Wayne Kelm and Stephen Ray, both of Farwell; four brothers, Felix W. Kelm of Clovis, Ray A. Kelm of Tokyo, Japan, David Milton Kelm of Oregon and Edwin John Le Kelm of Oregon; two sisters, Mrs. Wilda Ruth Combs of Oregon and Mrs. Martha Wilson of El Paso; and three grandchildren.

Steed-Todd Funeral Home was in charge of arrangements.

## H.M. Campbell Buried Tuesday

Funeral services for H. M. Campbell of Clovis, 71, were conducted Tuesday afternoon, March 16, in Steed Memorial Chapel. Burial was in Mission Garden of Memories, Clovis.

Mr. Campbell was born Feb. 23, 1905 in DeLeon County, Texas, and had lived in Curry County since he was three years old. He was reared in Hollene, N.M. He died Sunday night in the Clovis hospital.

Survivors are his widow, Jane, of the home; a son and daughter-in-law, Henry M. and

Edith Ann Campbell, Jr. of Clovis; his mother, Mrs. Sam Campbell of Clovis; three brothers, Edgar Campbell of Texico, A. G. Campbell and Deleon Campbell, both of Clovis;

Also, Mrs. Edna Scott ofovina, Mrs. Mildred Rierson of Clovis, and Mrs. Bobbie Rosomano of Riverside, Calif.; and three grandchildren.

Pallbearers were Milton Walling, Glenn Firestone, Jack Murphy, Larry Baca, Roy Atwell and Robert Cole.

## School Lunch Schedule at Texico

MONDAY -- Corn dogs, lima beans, pineapple and orange gelatin, cookie, milk.

TUESDAY -- Hamburgers, pickles, onions, lettuce, French fries, orange juice, chocolate cake, milk.

WEDNESDAY -- Spaghetti and meat sauce, tossed salad, hot rolls, fruit gelatin, milk.

THURSDAY -- Fried chicken, potato salad, green beans, hot rolls, fruit, milk.

FRIDAY -- Chili beans, cabbage salad, cornbread, fruit cobbler, chocolate milk.

## Services Held For Father Of Local Resident

Funeral services for Chester E. Fant were conducted Thursday, March 11, in the Casa View Baptist Church in Dallas. Mr. Fant died March 9 following a lengthy illness.

He is survived by his wife, Cleo of Dallas; two sons, Glenn Fant of Farwell and Darrell Fant of Dallas; his parents, Mr. and Mrs. C. A. Fant of Wichita Falls; a sister, Mrs. Eltine Box of Wichita Falls; and two grandchildren.

## Knights To Seek Funds For Retarded

Knights of Columbus of Texico and Clovis will be conducting a fund raising campaign for the mentally retarded from 10 a.m. to 4 p.m. MST Saturday, March 20, on U.S. 60-70-84 in Texico.

Members of the Knights of Columbus will give out candy to passing motorists and ask for donations to help retarded children.

## Area Stories, Photos --

## Tribune Seeks Data

Have you got a historical story or photograph you would like to share with your neighbors during the Bicentennial Year? If so, the State Line Tribune would like to know about it.

The Tribune plans to publish a special bicentennial edition this year chock full of historical photos, anecdotes and history of this area. In order to do this, we are asking for help from our readers.

Anyone having historical pictures or stories they would like to see published in this special edition are asked to contact or come by the Tribune, 404 Third St., Farwell; phone 481-3681.

Please do not mail old photographs; they might be lost or damaged in transit. Old photographs may either be brought by the Tribune office or a Tribune employe will pick them up. After the special edition is published, your photos will be kept at the Tribune office where you may claim them or, if requested, they will be hand delivered to you.

## Marion Clark Receives SCS Safe Driving Award

Marion Clark, conservation technician, Soil Conservation Service, Friona, received a coveted 30-year safe driving award this week from Herb Evans, District Conservationist, SCS, Friona.

"This kind of outstanding safe driving record doesn't just happen," Evans said in presenting the award to Clark. "It's the result of careful, defensive driving. You have set a day-to-day driving example that all of us should try to follow."

Evans also gave the Friona Field Office an award for not having a preventable vehicle accident in the last 20 years

## Insect Report For Area Farmers . . .

by James Moody & David Meeks

**SMALL GRAINS** -- Greenbug populations have shown dramatic increases, often necessitating chemical control measures. Research has shown that four to eight inch wheat can support 200-400 greenbugs per drill row foot without significant economic damage, depending on plant vigor, moisture, temperature and beneficial insect levels. Oat Bird-Cherry, aphids (large blue-black aphids) are appearing in many fields. Limited research has shown no apparent yield reduction due to these insects.

Beneficial insects such as lady beetles, nabids, lacewings and parasitic wasps are showing up in greater numbers, a factor of increasing importance when considering control measures for the greenbug.

Spider mites such as the Bank's Grass Mite have built up to damaging population levels where fields are under

moisture stress. Until recently, irrigation has been successful in suppressing these mite populations. However, chemical applications are now necessary to control this pest.

High populations of the Winter Grain Mite have stunted wheat in isolated areas in some fields.

## STRAIGHT FACTS FROM PAX

"We guarantee to get rid of ugly Crabgrass and many other weeds in your lawn for only \$2.66 per year, per 1,000 square feet or your purchase price will be refunded!"

PLUS\*

- GIVE YOUR LAWN AN EARLY FEEDING
- ELIMINATE MOST DAMAGING INSECTS

## Bicentennial Notebook --

## British Evacuate Boston March 17

by Donald Whisenant

March 17, 1776, was a day for rejoicing in the American colonies. On that day British General Howe took his regular troops and a large band of Loyalists and departed from Boston.

Boston had been occupied by the British for over a year since it was considered to be the hotbed of rebellion. When George Washington was ap-

pointed commander of the continental army, he had moved his men to Cambridge with the hope of dislodging the British. There seemed little hope of that until early March.

During January General Henry Knox had arrived at Cambridge with 43 cannons and 16 mortars that had been hauled overland from Fort Ticonderoga.

Now, with some firepower at his command, Washington and

his aides decided to seize Dorchester Heights, an area that overlooked Boston and its harbor, all of which would be within range of Knox's artillery. On the night of March 4-5, General John Thomas and 2,000 soldiers were able to take possession of the Heights.

When an attempt by Howe to retake the area was ruined by bad weather, he decided to evacuate the city rather than to face the withering fire from the strategically placed weapons. Therefore, by March 17, Howe and all his troops along with about 1,000 Loyalists were on troopships in the harbor.

On March 20, Washington entered the city with the main body of his army to the cheers of Bostonians. This began an American military tradition of "liberating" cities that has continued through our history.

Congress was so pleased by the peaceful victory that it awarded the Congressional Medal, then its highest award,

to Washington. The capture of Boston was very important. It gave a much-needed boost to American morale, and it brought back into American hands the city that had become the symbol of American resistance.

In the meantime, residents of the Spanish Southwest continued a fairly routine existence. A major factor in Texan life was social distinctions. Even though few Texans were wealthy by the standards of other parts of the Empire, they were very conscious of their status.

Those residents of full Spanish heritage were highest on the social scale. Next to them were the Spaniards born in the New World. Persons of this class controlled most of the political and economic power. The church was the other major political and economic force.

In Spanish Texas, therefore, social class distinctions were maintained.

## Conservation Education Workshop Scheduled

"Conservation education is one of the prime interests of our district" according to Leon Grissom, chairman of the Parmer County Soil and Water Conservation District.

With this in mind, the district is providing scholarships this year for Parmer County teachers to attend the Conservation Education Workshop. The workshop is held at West Texas State University for three weeks, June 14-50.

Details of the scholarship

and workshop have been supplied to each school in Parmer County.

"This is an education course that is given by the Department of Geography at WTSU," continued Grissom. If any teacher in Parmer County is interested, they can check for details through the school administration or contact Herb Evans, District Conservationist, SCS, Box 788, Friona, Texas 79035, phone 247-2220.

## Texas Ranks Third In Honey Production

AUSTIN--Texas ranked third in the nation in honey production and in the number of bee colonies during 1975, Agriculture Commissioner John C. White has announced.

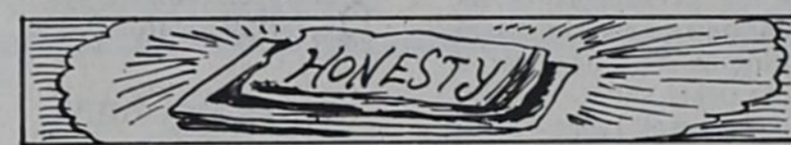

The 100 commercial beekeepers in Texas added more than \$6 million to the state's economy during 1975, White said.

Honey production increased from only 10,290,000 pounds in 1974 to 12,896,000 pounds in 1975.

The number of bee colonies declined by one

percent to 208,000, but average yield per colony during 1975 jumped to 62 pounds, up from last year's yield of only 49 pounds, Commissioner White noted. Price per pound of all honey averaged 45.9 cents, .2 cents above the 1974 price, while average retail price per pound was 74 cents.

Approximately 232,000 pounds of beeswax were produced, valued at \$232,000. In 1974, only 165,000 pounds of beeswax were produced at a value of \$182,000.

Honesty is a fine jewel, but much out of fashion.

## ORDINANCE NO. 78

ORDINANCE AUTHORIZING EXISTING TRAFFIC CONTROL DEVICES, THE INSTALLATION OF NEW TRAFFIC CONTROL DEVICES, SIGNALS AND SIGNS, AND DIRECTING THE CITY MARSHAL TO ERECT SUCH DEVICES, SIGNALS AND SIGNS AS MAY BE PROVIDED FOR IN ANY SUBSEQUENT RESOLUTION; AND PROVIDING FOR THE PRIMA FACIE EVIDENCE RULE WITH RESPECT TO SUCH DEVICES, SIGNALS AND SIGNS AS MAY BE ACTUALLY INSTALLED.

Passed, adopted and approved, this the 15th day of March, 1976.

Mayor

Mamie Jane Bowery  
City Secretary

Americans may be free and equal but

# COTTONSEED IS NOT.

There is nothing free about cottonseed. Even ordinary cotton planting seed costs money. Good seed costs a little more.

And all cottonseed isn't equal. One variety is the product of nine years of crossing, backcrossing and evaluation using disease resistant lines from Texas A and M with the best of the famous Lockett lines. It is

## LOCKETT® BRAND BXL

Lockett BXL has excellent resistance to nematodes and fusarium wilt. It has high yield potential of quality fiber on all types of soils either dry or irrigated. It has staple length in the 1" and longer range with storm-proof type bolls. It is an excellent stripper variety well adapted to this area and is especially recommended for the light soils where fusarium wilt-nematodes complex causes heavy losses.

## "CERTIFIED" SEED WORTH THE MONEY

When you consider the cost of planting, cultivating, fertilizing, spraying and harvesting, you can't afford to take a chance on the varietal purity or quality of the seed you plant. The only way you can be sure you're planting BXL is to buy certified seed in the Lockett trademarked bag. You can get it from your gin.

Produced and distributed by  PIONEER®

PIONEER HI-BRED INTERNATIONAL, INC.

SOUTHWESTERN DIVISION

P. O. Box 788, Plainview, Texas 79072

Lockett® brand BXL is a U.S. Protected Variety. Unauthorized Propagation is prohibited. It is to be sold by variety name only as a class of certified seed.

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of seed is a part of the terms and conditions of the sale thereof.

**TWO MINUTES WITH THE BIBLE**  
 BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

**THE DISPENSATION OF GRACE**

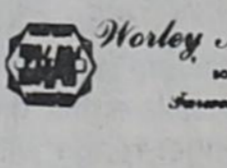

Many people have a mistaken notion that a dispensation is a period of time. This is not so, however, for the word "dispense" means simply "to deal out." The word "dispensation," then, means "the act of dispensing or dealing out," or "that which is dispensed or dealt out."

There are medical dispensaries, for example, where medicines are dispensed to the poor. Sometimes these dispensations are conducted on a particular day of each week. Such a dispensation of medicine may take a full twelve hours each week, but it does not follow from this that a dispensation is a period of twelve hours! It is rather the act of dispensing or that which is dispensed.

The word dispensation is used many times in the Bible, though it is not always translated the same way. In Ephesians 3:2 Paul writes of "THE DISPENSATION OF THE GRACE OF GOD, WHICH IS GIVEN ME TO YOUWARD." God had committed to him a wonderful message of grace to dispense to others. Thus we read in Acts 20:24 his stirring words, spoken in the face of persecution and death:

"But none of these things move me, neither count I my life dear unto myself, so that I might finish my course with joy, AND THE MINISTRY WHICH I HAVE RECEIVED OF THE LORD JESUS, TO TESTIFY THE GOSPEL OF THE GRACE OF GOD."

The "gospel" or "good news" of the grace of God: This was the dispensation committed to Paul for us by the risen, ascended Lord. This is always Paul's message: "Where sin abounded GRACE did much more abound... the forgiveness of sins, according to the riches of His GRACE... justified freely by His GRACE, through the redemption that is in Christ Jesus... by GRACE are ye saved, through faith" (Rom. 5:20; Eph. 1:7; Rom. 3:24; Eph. 2:8,9).

Mrs. J.B. Benderman - -

# Texico Traveler Enjoys Sojourn To Sunny Spain

**COMMON SIGHT** -- Mrs. J. B. Benderman of Texico returned recently from a six-week vacation to Spain and during her visit there she traveled to Seville. In Seville she asked the young lady pictured with her to pose for the photo and the native readily agreed. Mrs. Benderman commented that in Spain the people love to have their pictures taken. This particular photo was taken in front of a shop on one of the main thoroughfares of Seville.

**SPANISH CASTLE** -- During her recent tour of Spain, Mrs. Benderman was able to view this Spanish castle. She commented that in many cases, the Spanish government takes control of castles and authorizes the remodeling of the structures into restaurants. The above castle is still in its original state not having been renovated for a restaurant.

by Patti Hall

Mrs. J. B. Benderman of Texico recently returned from a six-week sojourn to sunny Spain and a visit with her daughter and son-in-law, Mr. and Mrs. Bill Harlan.

Mrs. Benderman first traveled from Amarillo to New York where she visited two days with her granddaughter and her husband, Mr. and Mrs. E. B. Farone, and her great-grandson, Edmund.

From New York, the local traveler journeyed by plane to Madrid, Spain, where she was met by the Harlans. "We spent one day sightseeing before going to the Harlan home in Rota on the South Atlantic shore line."

The Texico traveler said that she had been to Madrid before but "there is always so much to see and the beauty of it all is overwhelming."

While visiting at Rota, Mrs. Benderman and the Harlans made a jaunt around the countryside to view the smaller towns. "The houses there are all white and are built on the sides of hills. They have gorgeous flowers hanging all over the houses, and the flowers bloom in brilliant colors all year long."

The first long trip taken by the traveling trio was to Cordoba, Spain, where they spent two days and one night. "The reason I wanted to go to Cordoba," said Mrs. Benderman, "is that there is a Moslem church there that was built in 1783. The structure was so large that when the Spanish took it they built a Catholic church inside it."

While in Cordoba the group also viewed a king's palace. "The palace was that of the

first Christian king after the Moslems had left the area. It was the most beautiful thing I ever saw and the garden was fabulous."

Mrs. Benderman commented that the main industry in and around Cordoba is silver. "They mine silver and make the most fantastic jewelry and other wares from it."

From Cordoba the group went to Seville where they spent one day sightseeing.

"The trip which was the most interesting of all to me was the trip to Morocco. We traveled about 250 miles by bus then got off the bus at Algeciras and traveled by boat across the Mediterranean Sea to Ceuta in Spanish Morocco, a fortified port city on the Strait of Gibraltar. The following day we went by bus into Africa or Morocco Proper to Tetuan, a port city which was once the capital of Spanish Morocco."

While in Morocco the group went through the Casbah, one of the poorer sections of the area. Mrs. Benderman commented that the streets were very narrow and nothing but a mule can pass down the streets. "On each side of the streets there were holes in the structures and people were selling almost everything imaginable from these little holes. There was no lighting and the people just worked in what light was available inside them."

She then commented that the group walked through the Casbah for about one and one-half hours then went to a former king's palace. "The place was beautiful after coming from all the poverty seen in Casbah. We were to dine here

but I couldn't eat after having seen what I had in the Casbah."

Mrs. Benderman then stated that the trio had about two hours of free time which they spent doing some general sightseeing and shopping. "They have many beautiful items for sale. And it was funny the way they worked. They would ask an enormous price for the articles then would let you bargain with them to get the price down."

The local traveler also remarked that the people in Morocco speak a lot of English. "They would speak to you in English and it seemed that almost everyone was able to speak our language. In Spain it was a different story because all things said to you were said in Spanish."

She further related, "Spain is like a beautiful picture post card. It's so beautiful. You don't see people who look like they are in want or vagrants. The people on the streets look so nice and well groomed."

"There seems to be no recession in Spain. Everything there is going up, like high rise apartments, and heavy equipment is constantly being moved. Sometimes the trucks are solid on the highways carrying articles. There is no recession but inflation is up about 30 percent over what it was three years ago."

She also commented that the Spanish merchants did not seem to want to accept American currency. "I had travelers checks and when they were changed in Spanish currency all I got was the equivalent to \$17.34 in American money."

The weather in Spain was exceptionally dry, according to Mrs. Benderman. "When I was there three years ago, the Spanish had irrigation systems powered by mules hitched to a

wheel. Now they have modern irrigation equipment and have beautiful crops."

She stated that her daughter and husband had been in Spain for about eight years and "they love everything about it. I don't think they could be happy here again."

A journey to Malaga was next on Mrs. Benderman's agenda. There she spent two days and two nights and commented, "We dined in Malaga and it was quite an experience. There were no waitresses, only waiters, at the hotel dining room and each wore white

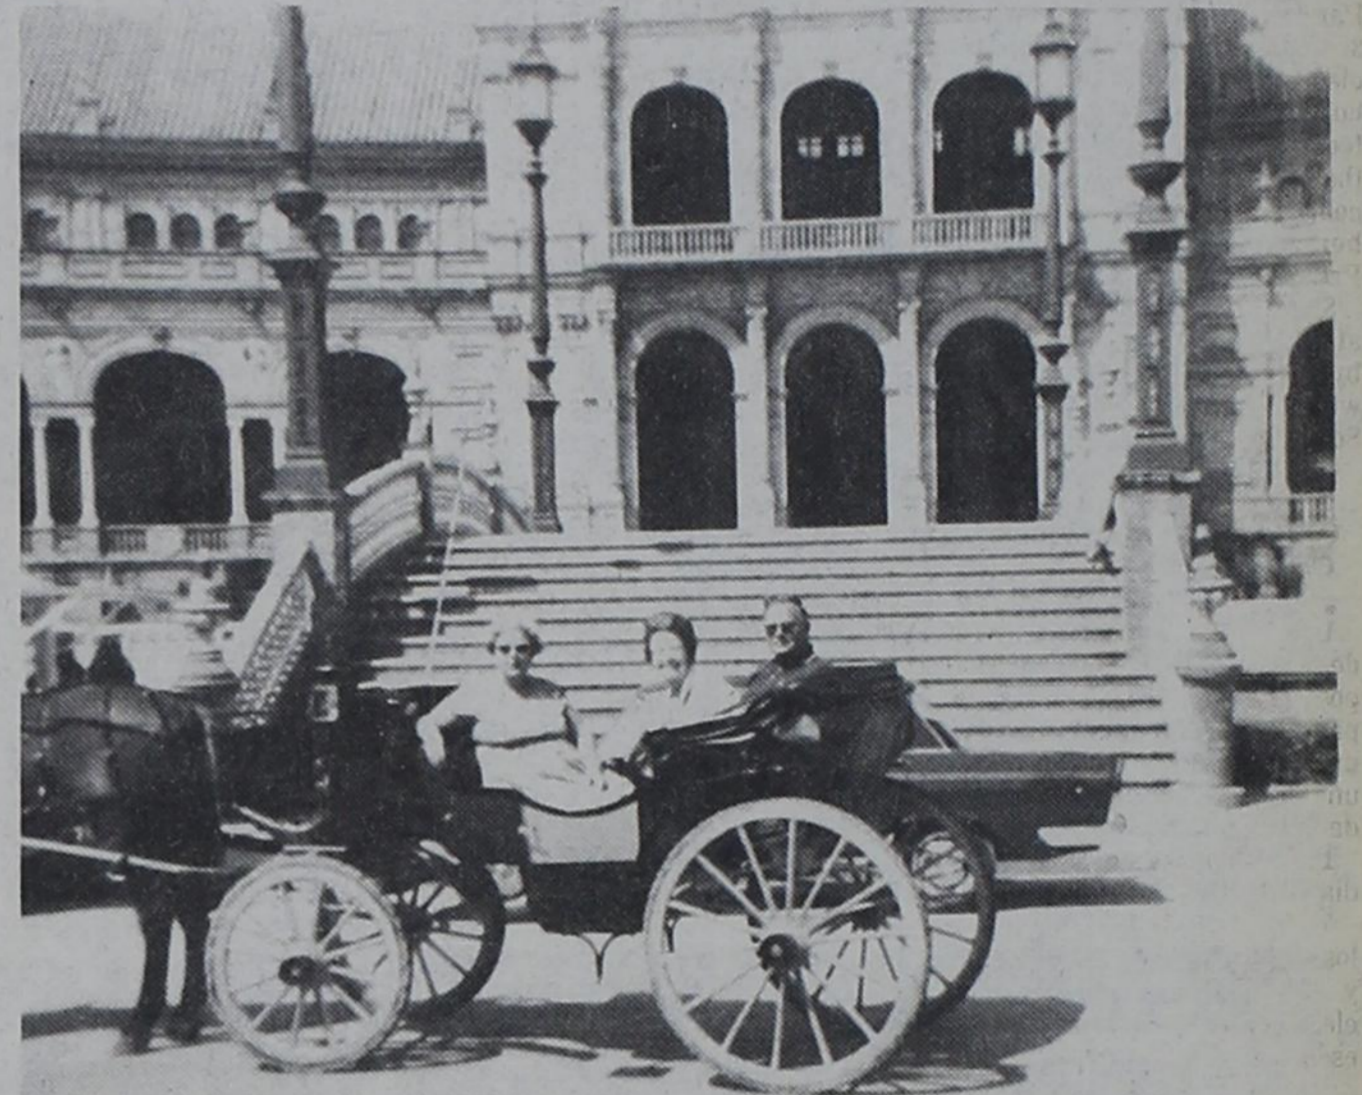

gloves. It was an elegant affair."

From Malaga Mrs. Benderman took a plane back to New York where she stayed for a week with the Farones. "If anyone thinks we have inflation here, they should go to New York. The three of us dined out one night at a steak house and the tab came to \$50.00 plus eight percent tax!"

Mrs. Benderman experienced a small adventure as she tried to return home. "I traveled by plane from New York to Amarillo but when we got to Amarillo the city was exper-

encing an ice storm and the plane couldn't land and so all the passengers were flown to Albuquerque and lodged in a hotel. Well, I have a grandson, Tom Harlan, there so I called him and we enjoyed a nice visit."

Upon her return to Amarillo, Mrs. Benderman visited for four days in the homes of her sisters, Mrs. E. B. Mauldin and Mr. and Mrs. L. W. Mowry. She then returned home with "lovely memories of a lovely place, elegant food, sidewalk cafes, castles and many other things."

**THE GYPSY FEELING** -- Mrs. J. B. Benderman of Texico, seated center, her daughter and son-in-law, Mr. and Mrs. Bill Harlan of Madrid, Spain, are shown seated in a gypsy cart in Seville, Spain. Mrs. Benderman recently returned from Spain where the gypsy cart is a common mode of transportation. The trio is shown in front of the American Embassy in Seville.

**The Speaker Reports**

by Bill Clayton

AUSTIN---Hopefully our state agencies, commissions, governing boards and institutions got the message last week at the Governor's Budget Conference.

The message was that state appropriations and expenditures are growing at alarming rates and must be halted. The lid must go on.

Texans are telling state government in no uncertain terms, "We're tired of excessive government."

I joined with the governor and Lt. governor in explaining to the heads of all our departments that we would not stand by and see our taxpayers gouged for additional taxes to support bigger government.

I take to heart the late President Kennedy's words: "We must remember that the people come first, not the government."

Government was created for the benefit of the citizenry. It does not serve the people well by becoming a burden to them.

Right now in Texas one of every six workers is employed by local, state or federal government. That will one day be one in every four workers unless we bow our backs and resolve that we are not going to

become a state overflowing with bureaucrats.

I can think of only one thing better than no growth in government and that would be cutting down what we presently have.

Government will remain an important factor in our lives, and we don't want to destroy the initiative of programs that plainly benefit the great majority of our taxpayers, but the fat has got to go.

I am hopeful that zero-based budgeting will make it easier for us to more easily identify the least critical areas of government services.

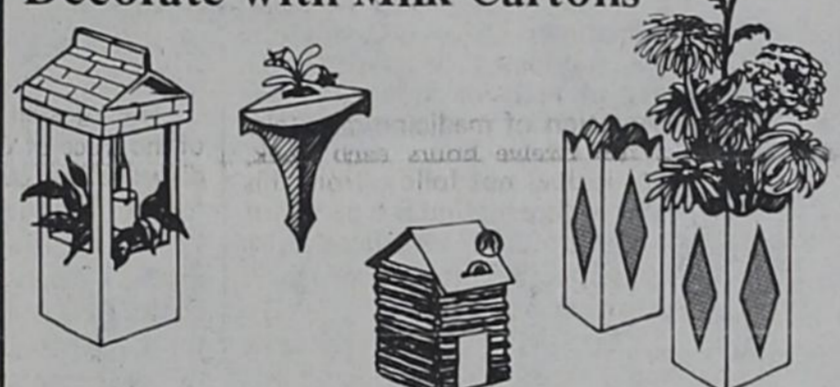

We are having agencies first submit their budgets at 90 percent of present funding. If additional funds are needed the agencies must submit proposed budgets for every additional 10 percent increase.

This concrete step in budgeting is in the right direction. There are innumerable suggestions as to where cuts can be made. In the coming months the budget process will focus on all of these areas and the results can be a break for our overburdened taxpayers.

A man becomes the creature of his uniform.

**Scrap-Craft Fun**

Decorate with Milk Cartons

**Waterproof and sturdy, milk cartons are a wonderful craft material. Use white glue for gluing. To paint, use enamel or acrylics.**

**Wishing Well Planter**  
For the well, cut off the top of a quart milk carton. Cut, as shown by the dotted lines, on all four side panels to within 3" of the bottom, leaving 1/4" intact on each side of the panel.  
For the roof, remove the top of a half-gallon carton, 1" below the peaked section. Paint the well and roof and glue together.  
For the bucket, suspend a plastic bottle cap on a cord from the roof. Fill the planter with soil and small plants.

**Log Cabin Bank**  
Use a pint or half-pint carton for the cabin. For the gables, cut two triangles from cardboard and glue them in place. Cut the overhanging roof from cardboard and glue it to the top of the cabin. Paint the roof and gables and then cut a slot for coins.  
For logs, use twigs or ice cream sticks, cut to size. Glue them to the cabin, leaving an opening for a cardboard door.

**Vases**  
Here are great vases for patients in hospitals and nursing homes. Simply cut off the top of any size milk carton. Scallop or curve the edges. Paint and add adhesive-backed paper cutouts.

**Corner Shelf**  
Cut the shelf, as shown, from the bottom of a half-gallon carton. Score on the dotted line and bend down for the front edge.

**HOLDERS OF 11-6 RECORD** - The Junior Varsity Steers of Farwell recently completed their 1975-76 basketball season with a record of 11-6 for season play. Members of the team are, from left, front row: Vick Christian, Randy Geries, Craig Walls, Steve Hargrove, Kayle Watts, Robin Roberts and Tim Norton; back row: Steve Meeks, Radney Robertson, Clay Roberts, DeeDee Foster, Tim Ellison, Terri McCully, Kirk Magness and Coach Don Alana.

**11-6 Record - -**

**JV Steers Wrap-Up Submitted By Coach**

The Junior Varsity Steers of Farwell High School recently completed their 1975-76 basketball season with records of 11-6 in season play and 5-3 in district competition, according to Coach Don Alana.

In reference to the season Coach Alana commented, "I think each player did a great job this year. Effort and attitude were outstanding.

"Our squad was large this past season, 16 players, and hopefully we can have a freshman team next year so each player can get in more playing

time." Top five scorers for the JV Steers were Clay Roberts with an average of 17 points and 15 rebounds; Vick Christian, 7 points, 5 rebounds; Rowdy Chandler, 5 points, 6 rebounds; Terri McCully, 6 points, 5 rebounds; and Tim Norton, 4 points, 3 rebounds.

Other team members were Steve Hargrove, DeeDee Foster, Steve Meeks, Kayle Watts, Tim Ellison, Robin Roberts, Steve Owens, Radney Robertson, Kirk Magness, Randy Geries and Craig Walls.

**4-H Events Announced**

Announcement of coming events highlighted the recent meeting of the Farwell Junior 4-H Club.

Mark Owen, president, called the meeting to order and Benny Mesman led the pledges with Diann McKillip leading the 4-H Motto. The Council report was presented by Johanna Mesman.

Following roll call, a discussion was held in regard to the upcoming Health Fair on April 6 in the Parmer County Community Building. The 4-H decided to make posters.

They have also decided to sell Tom Watts kits for a financial project. Proceeds from the project will be used to finance projects of the club such as leathercraft and rifery.

Jana Pronger, County Extension Agent, talked to the group about giving demonstrations. It was reported that the county demonstration judging will be held April 23 in Bovina.

Also during the meeting, Miss Pronger presented a film

from the "Rip-Rocket-Nutrition" series.

The club welcomed three new members: Jacquelin, Liz and JeDon Kube.

Fifteen members attended the meeting and leaders present were Mary McKillip, Mary Mesman and Miss Pronger.

**Court To Meet**

The Parmer County Commissioners Court will hold its regular meeting at 11 a.m. CST Monday, March 22, in the courthouse. Routine business is on the agenda.

**Sheriff's Report**

The office of Parmer County Sheriff Charlie Lovelace investigated two theft reports this past week.

A citizens band radio was reported stolen Saturday, March 13, from a pickup parked inside a barn at the Fangman farm, north of Black.

On Monday, March 15, the sheriff's office investigated the theft of 250 bales of cane hay from the Tom Paine farm, north of Bovina.
