

## Farwell Clinic Grand Opening To Be Sunday

Grand opening of the Farwell Clinic has been set for this Sunday, from 2 to 5 p.m. Dr. T. J. Glenn, M. D. and general practitioner, who recently opened his office at the hospital, invites all citizens of the area to attend.

It is planned as an opportunity for citizens to get acquainted with the new doctor and his family and to inspect the clinic.

The clinic was built over a year ago, but has been vacant for the past several months.

## Texico Tops Grady, Plays Tonight at 8

Texico's Wolverines emerged as one of the winners of the first round of the District 6-B Tournament at Portales yesterday afternoon, dropping Grady 42-27.

The win pits them against the second-seeded Floyd Bronchos in the quarter-finals of the tourney tonight. The game gets underway at 8 p.m. (Texas Time).

The tournament semi-finals are tomorrow (Friday) night and the finals are set for Saturday.

## Vona Ray Allred Buried Friday

Funeral services for Vona Ray Allred, three-year-old daughter of Mr. and Mrs. Kenneth Allred, were conducted at the Texico Baptist Church, Rev. C. C. Morgan, pastor, officiating Friday afternoon, February 15.

Pallbearers were Roy Snodgrass, Paul Crooks, Kenneth Doolittle, and Bobby Spears. Honorary pallbearers included Rip Snodgrass, Bob Wallace, W. W. Hoskin, M. H. Poteet, S. J. Billington, and Louis Calliouet. Interment was in the Texico Cemetery.

Vona Ray was born on September 17, 1954, and died on February 13, 1957. She is survived by her father and mother, and brother, Kenneth Ray Jr., 14 months; Mr. and Mrs. Ray Self, maternal grandparents of Clovis; and Mr. and Mrs. O. S. Allred, paternal grandparents from Texico.

Also, three aunts, Mrs. W. A. Odill, Alamogordo; Mrs. R. J. Williams, Alamogordo; and Mrs. W. M. Bevel, Clovis; two uncles, Arthur Felty and Gene Felty, Clovis; two great-grandmothers, Mrs. N. E. Simmons, Borger; and Mrs. Emma Page, Clovis. She is also survived by nine cousins.

## Date Not Set For Hughes Opening

Although the date for a grand opening has not been announced as yet, Hughes Auto Parts is open for business, according to the owner, "Shorty" Hughes. The newest business for Texico-Farwell is located in the building just west of the railroad on the north side of the highway.

Hughes, who resides in Farwell, is well-known in the area. He says further work on the building, plus weather conditions the past week, have delayed plans for the grand opening.

## Kesner New Barber At City Shop Here

Elton Kesner, who recently received his barber's license, started duties in that capacity at the City Barber Shop in Farwell with the shop's owner, George Magness.

Kesner attended barber's college in Amarillo after graduating from Farwell High School in 1956. He is the son of Mr. and Mrs. Shirley Kesner.

## Farmer Included In Proposed New 154th Judicial District

The crowded 64th Judicial District, whose dockets now hold cases which are years old, would be split to form two districts under a bill introduced in the Texas house by representatives Jesse Osborn of Muleshoe and Leroy Sauls of Kress, and in the Senate by Senator Andy Rogers of Childress.

The legislators stated today that the crowded condition of the dockets in the six-county district creates an emergency which results in citizens not receiving speedy trials and justice as guaranteed by both the U.S. and the Texas constitution.

Now composed of Hale, Swisher, Farmer, Lamb, Castro and Bailey counties, the 64th Judicial District would be divided on the basis of population by making a new 154th Judicial District of four of the counties: Farmer, Lamb, Castro and Bailey. Hale and Swisher Counties would continue to be designated as the 64th Judicial District and would serve the 42,000 inhabitants of these counties. An estimated 47,000 residents of the new four-county district would be served by the proposed 154th district court.

As the situation now exists, the lawmakers say, criminal cases cannot be brought to trial with a time-limit that is just and right, either to the state or to the accused; also numerous citizens of the present district are being inconvenienced and caused unnecessary and often heavy expense because of the backlog of civil cases now docketed.

The measure provides that Judge E. A. Bills of Littlefield would continue as judge of the new 154th District for the remainder of his elected term, and that the 64th district attorney, Joe Cox of Plainview, would serve out his elected term in his present office. Thus, these officers would continue to serve the districts in which their homes are located.

The bill states that "The governor shall appoint a qualified attorney to serve as district judge of the 64th Judicial District," and

## Swimming Pool To Be Talked

The swimming pool project for Texico-Farwell will be brought up at the regular meeting of the Farwell Chamber of Commerce Tuesday night in the old Legion Hall at 7:30.

Several members of the ESA sorority will be on hand to present a plan for getting the fund-raising campaign underway, and Jess Landrum, instigator of the plan, will also be present to furnish more information on the cost and its location.

The early part of the meeting is

planned as a joint session with the Texico Chamber, to determine what steps the two groups will take on the project. Following the swimming pool discussion, the Farwell group will continue with

## GOC Alert Set For Sunday

Texico-Farwell Ground Observers are reminded of the GOC alert which is to be Sunday afternoon, February 24, from 2 to 5 o'clock.

A spokesman for the local corps says that the alert will be worked on the "team" system with each member participating, but that no member will have to stay on the job for a great length of time.

About 30 members have signed up for duty with the corps, but attendance at meetings is still light. All members are urged to be on hand at the alert and to attend all meetings if possible. All interested parties are welcome to attend any meeting and are urged to join this organization.

its regular meeting. It will be the first meeting under the new directors and business will include the appointing of committees and other routine business of first meetings, says Wilfred Quickel, Chamber secretary.

All members of both the Texico and Farwell Chambers are urged to be on hand for the early part of the meeting, so that some definite steps can be worked out on the swimming pool.

Any other Twin City and area citizens who would like to take part in the meeting are invited to do so.

## Farwell To Observe Public Schools Week

Public Schools Week, which is March 4-8, will be observed at the Farwell School with a special program at the school on Tuesday evening, March 5.

The second graders are to present the program which is open to the public, after which, all rooms in all buildings at the school will be open for public inspection. School officials say they hope that many parents will see fit to come to this program and inspect the school buildings.

Following the tour of the buildings, refreshments will be served in the cafeteria by the cafeteria staff.

The cafeteria will be open to the public at noon on Tuesday, Wednesday and Thursday of that week. Cafeteria hours are from 11:30 to 12:30, and everyone is invited to eat at the school on these dates.

Classes will be dismissed on Friday, March 8, because of the District 9 teachers meeting which will convene in Amarillo on that date.

L. B. Penick, principal of Farwell Elementary School, says that the school hopes that as many parents as possible will visit the school some time during the week.

## Grand Jury Returns Fourteen Indictments

Fourteen indictments were returned by the Parmer County Grand Jury on Monday and Tuesday of this week, when it met at the courthouse in Farwell. The majority of those indicted will probably be tried in the near future, according to Chas. Lovelace, Parmer County sheriff.

Indictments included: James H. Dennison, forgery on

J. T. Jones at Bovina; Cecil Hudson, passing a worthless check to Melvin Sudderth at Bovina; A. J. Redden, theft of an automobile owned by A. B. Morgan of Farwell; Louis H. Herrod, theft against L. W. Routon of Farwell;

William Zambo and Tom Blackburn, burglary of McKillip Motor Company in Farwell; Lynn Horn, two counts of forgery at Friona, one at White Auto Store and one at Plains Hardware; Charlie Gilmore, forgery on Piggly Wiggly at Friona; and Cleo Helker, theft from Wayne Webb and Archie McCutchan.

All of the above mentioned are presently in custody at Farwell. Several others were indicted on various charges, but names were withheld until they are brought into custody.

### JURY DEADLOCKED

The court declared a mistrial because of a hung jury in a civil case of district court, heard this week. The case was cause No. 1844, Sam Sudderth vs. D. C. Herrington and others, in a suit for personal injury.

Hugh Moseley, county clerk, says the case will come up for re-trial at a later date.

## New Minister Takes Over Duties Here

New residents of the community are Mr. and Mrs. Raymond A. Pape. The family moved into the community last week, and he began his duties as new minister of the local Church of Christ Sunday.

Before coming to Texico-Farwell, the minister was in evangelistic work and resided in Portales. Children in the family include: Deloras who is in the tenth grade; Raymond who is in the sixth grade; Wesley, a third grader; and Doyce, Sharita and Jackie, pre-schoolers.

Minister Pape attended Daniel Baker College at Brownwood; Cisco State College; and Southwestern University at Georgetown; and SMU at Dallas. He has been in evangelistic and pastoral work for 16 years.

## Farwell Bands To Present Concert

Mrs. Erma Jobs, Farwell band director, announces that the school's annual band concert is to be held at the school auditorium on Friday evening, March 1, at 8 o'clock. The concert this year will feature numbers by all four bands, including the beginner's band, the junior band, the swing band and the concert band.

Admission to the concert will be \$1 for adults; 50 cents for high school students and 25 cents for grade school students. Mrs. Jobs says that the increase in admission is because all of the proceeds from

the concert are going into the band uniform fund. Mrs. Jobs adds that there is a possibility that the band will have new uniforms next year.

Personnel for the four bands as announced by Mrs. Jobs include beginners: Lois Marie Looney, Sandra Rundell, Mary Lee Coffey and Phyllis Christian, flutes; Jane Ann Bradshaw, Brenda Dale, Darla Robertson, Vicki Moss, Mikala Austin, Linda Langston, Linda Phillips, Judy Gay Gast, Larry Donaldson, Steve Foster, Jimmy Morton, Jo Ann Rhodes, and

## Rev. Eugene Brand To Hold Baptist Revival

Rev. Eugene Brand, pastor of the First Baptist Church of Skellytown, will be guest evangelist at the revival of First Baptist Church, Farwell, which will begin Sunday, February 24, and will continue through Sunday, March 3.

Morning services will be held daily at 7:30 a.m. and prayer meeting will be held at 7:30 with preaching services following at 8 o'clock. Friday evening's services will be held from 7 to 8 p.m. because of the band concert which is to be presented at the school at 8. There will be no prayer meeting on this date.

There will be a booster band for the children during the prayer meeting time and all children are welcome to attend.

Walter Hardage will lead the singing and Mrs. Jack McManigal will play the piano.

Rev. Brand, who is a graduate of the Southwestern Seminary of Fort Worth, has been pastor of the

## Steers Meet Friona Tonight In Semi-Finals

The Farwell Steers will meet the up-and-coming Friona Chiefs in the semi-finals of the District 3-A tournament tonight at Springlake. Game time is 8:30. The winner of the game will face Morton in the tourney finals tomorrow night at 8:30.

Friona advanced to the semi-finals with an easy 69-37 win over Springlake in a first-round game Tuesday night and second-seeded Farwell had a first-round bye. By winning its first game over Sudan, first-seeded Morton advanced to the finals.

The Steers have their work cut out for them tonight as Friona has been coming along strong in recent weeks. Farwell won over the Chiefs, 43-30 in a district clash earlier in the season, but last week Friona came back to trounce the Steers 56-40.

As the tournament determines only half of the district crown, the winner of tonight's game will have to defeat Morton twice to reign as champions. Morton won the double round-robin play during the regular season and should either Farwell or Friona win the tournament, they will still have to play the Indians again Saturday night for the championship.

Farwell's girls team was eliminated by any further play in the tournament when they fell to Morton 67-52 in the tourney opener Tuesday. The game ended the season for the local lasses.

Morton built up an early lead and was never headed. L'Orchid Latham led the Farwell scoring with 24 points and Mary Ann Walls was second with 17.

## Merchandising Agriculture Topic of Speaker

Using as his topic, "Merchandising Golden Spread Agriculture," Garland "Cotton John" Smith of Amarillo was the featured speaker at the annual Farwell Chamber of Commerce banquet Saturday night at the school cafeteria.

Speaking to over 100 citizens, farmers, and out-of-town guests, the KGNC farm editor emphasized how we were arriving at better methods to increase our agriculture production but were doing nothing to sell it.

He pointed out how advertising had caused American housewives to start using synthetic merchandise and suggested that the same

be done to market the products grown in the Farwell area. "Our products are not being consumed fast enough, therefore it tends to hold prices down and make price supports and government loans necessary," the veteran editor said.

In putting over his point on production, Cotton John cited the development of hybrid grain, the use of aluminum surface pipe for the control of water, and the interplanting of legumes in grain sorghums, along with many other practices put into operation to increase our production.

Too, the employment of a county

agent, ASC officials, and agriculture instructors in our schools, help farmers to arrive at better methods of farming, all aimed at increasing yields. "We're thinking only in terms of production and not in terms of selling these commodities," he said.

No one will go into business without having a market for the product he is selling and farming should be the same way, commented Cotton John. "A used car dealer will not stock up with cars and leave them on a lot with no concern about selling them, but a farmer will grow cotton, haul it to the gin, and that's it. What hap-

pens to it there is not his concern." "We have twentieth century agriculture and nineteenth century ideas," the speaker said.

"In spite of the increased population, we now consume no more wheat than we did when the population was half of what it is now. Advertising has caused the American housewife to buy synthetic merchandise, and a similar promotion is needed to get the people to find a market for Golden Spread products," according to the speaker.

He stressed loyalty at home as another important point. We pur-

chase much of the synthetic merchandise ourselves when we should be buying articles made from home-grown products, Cotton John added.

Wilfred Quickel, secretary of the Chamber, was Master of Ceremonies and the speaker was introduced by Gilbert Kaltwasser, president of the Parmer County Farm Bureau. The musical portion of the program was provided by Dudley Hughes, the Neil Anderson Combo, and Susan Levins.

The invocation was given by Rev. E. J. Keith, pastor of the First Baptist Church, and the fried

chicken meal was served by the school cafeteria staff.

The outgoing directors were recognized as were the new ones. Retiring directors were D. W. Bagley, Clay Henson, Otis Huggins, Ernest Kube, W. W. Vinyard, and Johnie Williams.

Newly elected directors, who will be heading the organization in 1957, are Joe Blair, president; Jim Terrell, first vice-president; Woodrow Lovelace, second vice-president; Bob Anderson, Sam Aldridge, John Armstrong, George D. Magness, L. E. McKillip, and Herbert Potts.

# THE TRIBUNE'S EDITORIAL COMMENT

## Time to Decide

A meeting to decide what steps will be taken on the proposed swimming pool project for Texico-Farwell will be Tuesday night in the old Legion Hall on the state line. It should be decided at the meeting who will sponsor its construction and operation when and if it is built.

Enough preliminary steps have been taken to make the project look feasible, as far as financing and having the necessary voluntary labor. To be sure, only a small percentage of the money and labor has been pledged, but all indications seem favorable.

It has been planned as a Texico-Farwell project, in spite of the "old-timers" beliefs that it will not work. Maybe it won't, but Tuesday night is the time to decide one way or another.

It is hoped that enough Chamber members and other townspeople from both sides of the line will be on hand so a decision can be reached. It is to be a Twin City project, members from both sides of the line will have to be ready to take some initiative and begin to work.

Businessmen could benefit greatly from a swimming pool. Such recreation facilities could bring more people into town, thus creating more business. It is something to think about along with providing a recreation spot for the youngsters and the oldfolks alike.

We still believe that a swimming pool can be built and run successfully as a Twin City project. But, it's up to the citizens to decide and

### PTA Discusses Plans For Senior Banquet

Plans for the annual PTA banquet honoring the Farwell High School seniors were discussed at the Parent-Teacher Association regular meeting held Thursday evening, February 21, at the school auditorium.

The banquet will be held on Thursday evening, March 14, at the school cafeteria. The seniors will be in charge of the program and members of the cafeteria staff will prepare the banquet meal. Tickets for the affair are \$1.75 each and everyone is invited to attend.

Miss Jimmie Lou Wainscott, county home demonstration agent, was guest speaker for the PTA meet, and her topic was "Particularly Homemaking."

Several members of the sixth grade class, directed by Farwell music teacher, Mrs. Erma Jobs, presented a short musical skit. The sixth grade class also received the award for having the most parents present.

Mrs. James Patrick, who presided at the meeting, reported that approximately 50 persons were in attendance.

Mem Sprowls was in parts of Oklahoma the latter part of last week on a business trip. He returned home Saturday after leaving for Oklahoma on Thursday.

## Indian Theme Is Banquet Feature

The basement of the Texico Baptist Church, which was decorated like an Indian village, formed the setting for the annual banquet sponsored by the WMU honoring the seniors of Texico High School on Tuesday evening, February 19.

Highlighting the setting was an authentic-looking Indian teepee surrounded by colorful totem poles, a campfire and replicas of an Indian man and woman. An arrangement of pottery and Indian dolls and a small, colorful Indian rug was on the piano. Various pieces of pottery also formed an arrangement for the serving window.

Banquet tables were placed to shape a large "T". Centering the T-shaped tables was an imaginary lake formed by a mirror surrounded by small shrubs and Indian figurines on horses. Small canoes floated on the lake. The tables were covered with gold table cloths, and light green napkins were used.

Miniature teepees served as place cards and the program and menu were printed on the teepees. Nut cups were miniature canoes, and favors were small Indians on horses.

Miss Tempress Reed, an Indian who is attending Wayland College in Plainview, was guest speaker for the evening. Miss Reed, whose home is in Alabama, told of the customs and differences of the tribes of Indians now found in the United States.

Miss Reed explained that there are not many Indians left in the southern part of the States where she lives and that the ones living there live in homes much like those of the average people here, although they are not quite so nice. She also told that her people dress in the conventional manner now and that they are becoming more and more educated and civilized all the time.

The work of missionaries with the Indian people was also stressed by the speaker, who thinks that this work is helping the Indians more than any other project. She also stated that the missionary

## work is what most of the Indians need today.

Menu for the affair included baked ham, candied yams, pepper corn, pineapple rings topped with cranberry sauce, olives, pickles, hot rolls, iced tea, and cherry pie and whipped cream.

Dick Lockhart presided as master of ceremonies. Mrs. B. A. Kelley, president of the WMU, gave the welcome address and Weldon Bell, senior class president, gave the response.

The invocation was given by B. A. Kelley, and Miss Bobby Richardson, accompanied by Susan Levins at the piano, sang, "Indian Love Call."

Misses Melba and Shirley Doshier and Betty Matthews, attired in gaily colored dresses and Indian headresses, served the meal. Rev. Morgan gave the benediction.

Mrs. Jack Watts, Mrs. D. J. Brown, Mrs. J. T. Lockhart and Mrs. M. H. Poteet worked in the kitchen preparing the food.

Decorating the basement for the occasion were Mrs. B. A. Kelley, Mrs. Margaret White, Mrs. Alene Pearce and Mrs. R. M. Walker.

Attending were Miss Reed, Miss Richardson, Mr. and Mrs. B. A. Kelley, Misses Glenda Weisler, Verlene Thigpen, Onida Autrey, Joyce Gillean, Mikala Faville, Anita Watts, Carolyn Curd, Glenda Richardson, Betty Pendergrass, Maggie Lee Ervin, Peggy Weeks, and Susan Levins.

Also, Weldon Bell, J. C. Kelley, Paul Frederick, Mrs. Jimmie Allman, Glen Hancock, Dick Lockhart, Joe Glaze, Alex Brown, Mr. and Mrs. Gorman Byrd, Mr. and Mrs. Shelton Sapp, Mr. and Mrs. Agrie Jones and Rev. and Mrs. C. C. Morgan.

Members of the WMU reported that they were well pleased with the response of the guests to the banquet, and that they thought it was very successful.

## Reuben Nieves Guest At Texico Club Meet

A Valentine theme was featured in the decorations at the home of Mrs. Judge Stone when she was hostess to the Texico Woman's Club for a meeting on Monday evening, February 18. Other hostesses for the meeting were Mesdames John Adams, Les Means, F. E. Autrey, and T. L. McLeod.

Reuben Nieves, assistant District Attorney from Clovis, was guest speaker for the evening and spoke on wills and insurance.

The serving table was laid with a white lace cloth over red and held a centerpiece arrangement of pink and red carnations and snapdragons surrounding a large red and white styrofoam heart. The arrangement was flanked by tall red tapers in milk glass holders and the silver coffee service and crystal punch bowl completed the table decorations. Ice cream cake, punch, coffee, nuts and mints were served.

During a business session, the club planned a breakfast to be held at the school lunchroom on Sunday morning, February 24, to raise funds to complete work on the club's community building project. The breakfast will be served from 7 to 9 a. m. and will be 75 cents for adult's plates and 50 cents for children.

Committee reports were heard and a report on the bake and rummage sale conducted Saturday was given. This project netted about \$43 for the group.

A spokesman for the club says that work is still being done on the building almost all the time and that currently, cabinets are being made.

Draperies will soon be hung on the large front windows of the building, according to a member of the drapery committee. To complete the kitchen, a hot water heater, a large sink, more cabinets and linoleum must be purchased.

Before the business session closed, the group decided to sponsor a Boy Scout program, including being responsible for finding a place for the Scouts to meet and encouraging a father from here to serve on an executive board.

Present for Monday night's meeting besides the special guest, Nieves, were Mesdames T. L. McLeod, Les Means, Avis Patterson, B. A. Rogers, B. O. Faville, Ira S. Levins, M. H. Poteet, Rip Snodgrass, Everett Autrey, Iven Baker, Don Fought, Agrie Jones, Tena Roth, Fred Danforth, Milton Henson, Ansel Doolittle, Grace Sanders, Judge Stone.

Also, Mesdames Ival Hesser, Frank Doshier, Curtis Miller, Charles B. Stockton, F. E. Autrey and Miss Marlene Hesser.

## Ann Whitley to Appear in Production

Miss Ann Whitley, daughter of Mr. and Mrs. H. B. Whitley of Farwell, will be among the 400 girls at Texas State College for Women who will participate in the school's widely-known "Class Stunts" on Friday and Saturday, February 22-23, in the college auditorium.

The event, which has become an unofficial homecoming, yearly attracts hundreds of ex-students, parents, students and other guests from throughout the Southwest.

Students write, produce and take part in four fast-moving musicals whose themes are kept secret until the first night's performance. Each class competes against the other three for a silver loving cup.

On the Sunday following the two nights of productions, "Parents Day" is observed on the campus with students honoring their parents in a chapel service in the Little Chapel in the Woods and conducting informal tours through the various TSCW divisions.

Miss Whitley is a graduate of Farwell High School and is a junior at TSCW this year.

## Farwell FHA Members To Meet Saturday

Members of the Farwell Chapter of Future Homemakers of America and their advisor, Mrs. L. B. Penick, will be in Amarillo Saturday (March 2) to attend an area FHA meeting.

Miss Naomi Hubbell has been selected as the local Chapter's representative to run for an area office, and Miss Hubbell will vie for the position of recording secretary.

Representing the Farwell group as voting delegate will be Miss Martha Smith.

Misses Doris Pond and Martha Blair will sing in the all-area chorus which will be composed of two girls from each chapter represented at the meeting. Miss Pond sings alto and Miss Blair sings soprano. Among the numbers the chorus will sing include "Bells of St. Mary's," "Over the Rainbow" and "Lead On America."

### TEXICO BAPTIST NEWS

Rev. C. C. Morgan, Pastor

An extra large crowd was present for the morning worship service on February 17 and 169 were present for Sunday School. Training union attendance was 93 Sunday evening.

Mr. and Mrs. Kenneth Allred joined the church by profession of faith at Sunday morning's service. A good crowd also attended the Sunday evening service.

Fair attendance was reported at the week-long school of missions program which was observed nightly at the church last week. A different missionary from the Plains Association spoke at the church each evening and every one attending reported very interesting meetings.

Speaking Monday night was Dr. J. T. Hart who was a missionary to Argentina and Chile for 44 years. Mike Naranjo, a missionary to the Indians near Taos, N. M., was Tuesday night's guest speaker.

Mrs. Grier of Southward, Ariz., who is a converted Mormon, gave her testimony and told of the beliefs of that religion at the Thursday night session. Miss Blanche Simpson, missionary to Brazil, spoke Friday night and showed slides of her work in that South American country. Miss Simpson teaches classes in her own home there and she showed several pictures of some of the ministerial students she is teaching. Miss

Simpson is presently at home in the states for a one year furlough from her duties in Brazil.

Mrs. S. G. Billington was in charge of the Royal Service program presented by the WMU at the regular meeting last Wednesday at the church. The program was about missionaries and the things they have to tell and write about their various fields of work.

Attending were Mesdames Jack Watts, B. A. Kelley, D. J. Brown, Ed Henry, M. H. Poteet, Ed Thomas, J. O. Ford, C. C. Morgan and Mrs. Billington.

### JOINS KCLV

Charles Phillips, son of Mrs. Kate Phillips, Farwell, has recently joined the staff of KCLV radio, Clovis.

Charles, who has a 30-minute program, "Charlie's Hoedown" from 12:30 to 1 p. m. (CST) Monday through Friday, started duties at KCLV last week as announcer and member of the sales department.

### YIELDS INCREASED

Dryland cotton yields have been increased as much as 59 percent by land leveling clay loam soils on terraced lands having less than one percent slopes and on which supplemental runoff water could be applied. The land leveling studies were conducted at the Spur Experiment Station.

We are an enthusiastic cook! Our husband is not always an enthusiastic eater, when it comes to trying our new experiments. When we served cinnamon refrigerator cookies, he said "Hmmm—something new." Then he took a bite and with an incredulous look, remarked "Why, they're good." That is a real compliment.

So we thought we should include this recipe. It is a different twist to a refrigerator cookie, and we think it's delicious.

### CINNAMON REFRIGERATOR COOKIES

3½ cups sifted all-purpose flour  
1 tsp. baking powder  
1 tablespoon cinnamon  
¼ tsp. salt  
1 cup shortening  
1 cup brown sugar  
1 cup white sugar  
2 eggs  
1 cup chopped nuts

Sift all flour, soda, cinnamon, salt, together first. Set aside. Work or cream shortening until light and soft. Add both brown and white sugar gradually, creaming constantly. Beat eggs until light, stir into creamed mixture. Then stir in sifted dry ingredients a cupful at a time. Mix well, then add nuts and mix. When batter is thoroughly mixed, press dough together into two rolls about the diameter of a silver dollar. Roll in waxed paper and chill 12 hours. When ready to cook, slice cookies and bake at 350° for 7 to 10 minutes.

We need a swimming pool. What are YOU doing to get one for the Twin Cities.

The women can do so much in such a project. You'd be surprised how much money has been raised in years past for the March of Dimes drive by coffees for polio.

The women who gave them, say planning of the coffees isn't much trouble and each person who attends puts her \$1 or a contribution of some sort in the kitty.

It's pretty effective and fun. Then each guest is a potential hostess. After the first coffee party is given, each guest is urged to entertain 10 other women. Then those ten are asked to invite nine, the nine ask eight and so on down the line.

Many hostesses don't limit their invitation list. It would be nice if some of our hostesses in town would hop on the coffee wagon and help get the swimming pool idea rolling.

If anyone else has an idea on "getting a swimming pool" let us know. But first, we have to have funds. It can be done—it has been done in towns with not as much vim and vitality as we have in Texico-Farwell.

We've seen rain—and rain and

rain and rain. The Grahams left Farwell very early Saturday morning and by noon were driving through a haze of raindrops. It continued too, clear into Del Rio. Coming home, the windshield wipers beat a steady tattoo all the way from Del Rio to Farwell. That is pretty general moisture.

We were hoping all the way the moisture wouldn't stop before we got home.

Among the clever signs we noticed during our drive was one on a filling station in Roswell, which read "nowadays, all you can do on a shoestring is trip."

An antique shop in Carlsbad had quite a motto "we sell anything of value that don't eat."

Speaking of signs, how long has it been since members of the Lions Club of Texico-Farwell have read their sign on the Muleshoe road. It reads that the club meets the second and fourth Tuesdays at the Legion Hall.

This week, we have the recipe that was requested from Bonnie Williams and Vera Armstrong. We think all of you will like it. Bonnie tells us that it is so simple to make and takes very little time.

### CHOCOLATE CAKE

½ cup shortening  
2 cups sugar  
2 eggs  
4 tablespoons cocoa  
1 cup boiling water  
½ cup sour milk  
1½ tsp. soda  
2 cups flour  
1 tsp. vanilla

Cream together the shortening, sugar, and eggs. While the ingredients are mixing, put the soda in the sour milk and mix, then add to the first mixture. Dissolve cocoa in boiling water and pour into the mixture. Then add flour and vanilla and mix. Put in big prepared loaf pan and bake about 325 or 250 until done.

For the frosting, Bonnie says to mix about 2/3 box of light brown sugar with about 1/3 stick of melted oleo. Add enough thick cream for the mixture to stir well, and will spread. Then either coconut or pecans can be added, to suit the taste of the individual. The frosting is spread over the top of the cake and placed in the broiler, for about 5 to 8 minutes, until done.

### BAPTIST CHURCH NEWS

Tommy Nesbitt, Pastor

A Valentine sweetheart banquet was held at the church on Thursday evening, February 14, with Gary Singleterry as toastmaster. The invocation was given by Tim Nesbitt and was followed by the banquet meal which featured "sweet meat" (ham), "love mix" (sweet potatoes), evergreens (green beans), marshmallow delight (salad), honey buns and butter kisses (hot rolls and butter) "cup 'o happiness" iced tea, and cherry pie a la iceberg.

Following the meal, Tommy Nesbitt crowned the banquet king and queen. The king and queen were chosen for having the highest records in training union. Gary Singleterry was crowned king and

Gwinette Lovett was crowned queen.

"Romantic Strains" was a musical selection presented by Dona Kay Pierce. Edmund Richardson gave a reading, "Bud Jenkins in Moonlight Hollow" and a trio composed of Lynell Lovett, Dona Kay Pierce and Judy Lovett, sang "Winter Wonderland". Johnny Pierce sang "Just Wondering". Howard Brantley, student at Wayland College, gave a talk on "Jesus, Our Wonderful Saviour".

Attending the banquet were Gwinette Lovett, Johnny Pierce, Gale Pierce, Jeanne Owens, Elaine Pierce, Dwayne Winkles, Melvin Stegal, Linda Crocker, Gary Singleterry, D' Rene Danforth, Monte Singleterry, Elaine Mitchell, Judy Lovett, Tim Nesbitt, Della Crocker, Harold Brantley;

Also, Dona Kay Pierce, Donnie Lovett, Tommy Nesbitt, Diane Guthrie, Lynell Lovett, Larry Joe Moyer, Billy Hukill, Alice Gooch, Shirley Joplin, Charles Haney, Wayne Fasholtz, Galie Joplin, Bobby Gooch, Velma Martin, Ray Stegal, Ophelia Crocker, Larry Webb, Darlene Boatwright, Alfred Crocker, June Webb, Travis Crocker, Mary Joyce Webb, Dale Brown, Carol Brown, Eugene Servatius, Mildred Hukill, Edmund Richardson and Rusty Hanes.

Members of the church enjoyed the participation in the school of missions February 10 through February 15. Dr. B. W. Mitchell, missionary to the Jewish people, was guest speaker on Sunday morning and Rev. F. O. Polston, Plains Association missionary, spoke on Sunday evening.

Dr. J. L. Hart, missionary to Chile, was Monday night's guest speaker and on Tuesday night, Rev. Mike Naranjo, missionary to the Indians near Taos, N. M., spoke.

Rev. J. W. McGavock, missionary to Chile, brought the message, Wednesday and Rev. Eddie Savoie, missionary to the French people, was the speaker on Thursday.

Miss Blanche Simpson, a missionary to Brazil, spoke at the closing meeting on Friday evening.

Everyone who attended these services enjoyed learning how mission work is carried on by these people in foreign and home fields.

### Freshman Team Loses In Friona Tourney

Coach Shelby Jobs' freshman boys basketball team participated in the Friona tournament last week and came out on the short end of the score in both games played.

In the first round game, the locals fell to Dimmitt 39-24, and then meeting Tulia in the consolation bracket, they lost 39-19.

### Attend Funeral At Blue Ridge

Mrs. G. A. Garrett returned home Monday night from Blue Ridge, Tex. where she had been to attend the funeral of her uncle, W. R. Barnette, who died at his home there Saturday night after suffering a heart attack.

Mrs. Garrett made the trip with her mother, Mrs. Henry Ivy, and Leland and R. V. Ivy. Barnette was Mrs. Ivy's brother.

### Junior Poteet At Fort Bliss

Junior Poteet, son of Mr. and Mrs. M. H. Poteet of Texico, left Monday, February 18, for Amarillo for induction into the United States Army.

From Amarillo, Poteet was to go to Fort Bliss at El Paso for further assignment.

Poteet was graduated from Farwell High School in 1953 and attended Texas A & M College in College Station for a short while. Prior to his induction into the armed service, Poteet was employed by the Central Electric Company in Artesia, N. M.

"shall appoint a qualified attorney to serve as district attorney of the 154th Judicial District hereby created."

These appointed officers of the courts would then serve until the next general election when a 64th district judge and a 154th district attorney would be elected at the polls.

The measure has the backing of the bar associations of all counties in the present 64th Judicial District. Osborn stated that the study was started in 1955 due to the excessive load now being carried by Judge Bills with this proposed measure coming out as a result of that study.

**Grade School Teams In Semi-Finals**

Both boys and girls teams of the Farwell Grade Schoolers started tournament play at Muleshoe, with winning scores the first of the week, and will have other chances at the final play this week.

The girls topped Amherst in their encounter by a count of 29-21 and the boys swamped the Amherst five by the overpowering score of 60-3. Both teams play Muleshoe tonight in the semi-finals, at 7 and 8 p. m., respectively.

Rev. E. J. Keith, pastor of the local church, says that he has assisted Rev. Brand in revivals in past years and that Rev. Brand is very well liked everywhere he preaches. Rev. Keith also says that he is a forceful speaker and that he believes that his coming to this community to hold a revival will be a blessing to the church and the community.

A cordial invitation is extended by the church to everyone to attend any or all of the revival services.

**Local Lions Attend Meeting at Bovina**

Twelve members of the Texico-Farwell Lions Club were guests at a meeting of the Bovina Lions Club Thursday night.

A chaplain from Amarillo Air Force Base showed slides of scenes in Alaska to the group. Prior to the evening's program, the men enjoyed a supper at a restaurant in Bovina.

Men from the local club attending the meeting were Joe Helton, Otis Huggins, Lenton Pool, James W. Patrick, Wilfred Quickel, Tom Wagner, Herbert Potts, John Armstrong, L. B. Penick, John Getz, Paul Wurster, and A. D. Smith.

**TO CLOSE FRIDAY**

Among the offices in Farwell to be closed for the holiday Friday, February 22, in commemoration of George Washington's birthday are the courthouse, the ASC office, the FHA office, the City Hall and Security State Bank.

Jeanette Hughes as Ollie May Squires; Doris Pond as Gertie Groot; Douglas Hillock as Carter Prescott; and The Mad Bomber(?). Angela Williams, a member of the class, says funds will be used for the senior trip and other projects of the class.

**Track Workouts Start At Farwell Monday**

The spring sports program at Farwell Schools gets underway on Monday with both junior high and high school boys to report for track. R. B. Tucker will be coaching the high school track and Shelby Jobs will be coaching the junior boys.

Too, baseball and tennis practice is scheduled to begin in conjunction with the track. However, no baseball games or tennis matches are scheduled until later in the spring.

David Willard and Roland Hillock, members of the relay team that went to state last year, will be heading the Steer tracksters, who were district champions last year. There will be quite a number of lettermen returning.

The Steer trackmen, who have fared well in the past against Class B opposition, are in a new district this year and will be participating against Class A schools. The other district schools are Friona, Morton, Sudan, and Springlake.

Other than the district track meet, which is to be at Farwell March 30, there is only one other meet on the schedule. It is the Lockney Relays on March 23. There will probably be some more, and quite likely some dual meets, Tucker says.

**FARWELL BAPTIST NEWS**  
Rev. E. J. Keith, Pastor

Five additions were made to the church at the Sunday morning service. Billy Craft and Mrs. Durb Kittrell joined by baptism and Mr. and Mrs. Elmer Scott and Durb Kittrell joined by letter.

Sunday school attendance was 148 and a good crowd attended training union. Another film in the "Life of Christ" series was shown during the training union hour.

Members of the local church are participating in a study course for all departments of the Sunday school and training union which is being held for churches of this side of the Tierra Blanca Association at the Oklahoma Lane Baptist Church each night this week.

Everyone is urged to attend all services of the revival which gets underway at the church next Sunday. Morning services are to be at 7:30 and prayer meeting and evening preaching services are at 7:30 and 8 p. m., respectively.

WMU members met at the church Monday morning for the closing study in the mission book, "Missions USA", with 11 members present.

**Seven County Arrests**

Seven arrests were made in Parmer County over the past weekend reports County Sheriff Chas. Lovelace. Those picked up were found guilty on various charges and paid fines in county and justice of peace courts Monday morning.

Merced Rojax, a Texico man, was arrested in Bovina Sunday night and charged with possession of intoxicating liquor. He was tried in county court by Judge A. D. Smith and was fined \$100 and court costs.

Clarence Griffin and Ronny Hall, Clovis, were picked up between Farwell and Bovina Sunday night. Griffin was tried in county court on a DWI and paid a fine of \$75 plus court costs and had his driver's license suspended for six months. Hall was fined \$20.50 in Roy Thornton's justice of peace court for being drunk.

Claud Spivey, Muleshoe, was picked up and charged on a DWI. He, too, was assessed a \$75 fine and had his driver's license suspended for six months.

Jess Cotney, Muleshoe, was picked up by the highway patrol between Farwell and Muleshoe, and was charged with being drunk. He was fined \$20.50.

John Cumpian was arrested in Muleshoe Saturday night and was returned to Farwell to face charges of simple assault. He was fined \$20.50 in justice of peace court.

Roy Hampton, Bovina, was arrested for fighting and was fined \$15 in justice of peace court.

**Farwell Senior Play Set for March 7**

The curtain will go up March 7 at 7:30 in the evening on the annual presentation of Farwell senior play, which is this year entitled "Cupid In Pigtails." Admission is 75c for adults; 50c for high school students and 25c for grade school and junior high pupils.

Cast for the three-act farce includes: Pat Aldridge as Susie McAdams; Doris Harriman as Gail McAdams; Donnie Carpenter as Todd McAdams; Phyllis Magness as Mabelle McAdams;

Angela Williams as Dorothea Vanderford (Aunt Dotty); Jerry Henson as Rollo Sappleton; David Willard as Murchison Fogg; Mary Ann Walls as April Fogg; Sam Pool as Beasley Fogg; Larry Cooper as Pete Farley;

Betty Smart as Beth Farley; John McCuan as Squeegie Squires;

**Thompson Manager Community Hospital**

Kenneth Thompson of Dove Creek, Colorado, and a former resident of Parmer County, has been named the new manager of Parmer County Community Hospital in Friona, according to G. B. "Pete" Buske, president of the hospital board.

Buske made the announcement this week, and the change will become effective March 1. Thompson is to replace Jimmy Baxter, who has been manager for over four years, but is resigning to go into business in Littlefield.

The Colorado man, who is the son of Mr. and Mrs. Lee Thompson of Farwell, plans to move to Friona next week, says Buske.

**March Of Dimes Drive Tops \$3300**

Final count of the March of Dimes drive for Parmer County was very good, although benefit activities were not as numerous as in years past, stated Hugh Moseley, county chairman, this week.

Moseley revealed that \$304 was mailed in by contributors from over the county, to make the total \$3306.49. This is only a little bit under what was contributed last year in the county, says Moseley. The 1956 total was \$3517.14.

According to Moseley, one-half of the money contributed stays in the county treasury, and the remainder of the money is sent to the National Foundation.

**Concert Band to Attend Clinic**

Farwell School's concert band will be in Clovis on Saturday, February 23, to attend a band clinic which is being sponsored by the Clovis Schools, according to Mrs. Erma Jobs, Farwell band director.

The clinic, which will feature rehearsals for full bands and section bands, is to be held in the R. E. Marshall auditorium with musical instructors from Eastern New Mexico University as teachers and conductors for the all day event. Among the ENMU instructors who will be on hand for the occasion are Floren Thompson, Merle Hogg and C. M. Stookey.

# National FFA Week February 17-23

By Dick Lockhart

More than 400,000 red-blooded American farm boys, an eager and enthusiastic group of sponsors and twice as many cooperative parents have helped to make FFA a symbol of industry, achievement and general progress. This is national FFA Week and high time to call attention to the many worthwhile aspects of such an organization as this.

The first organization of this kind was the FFV—The Future Farmers of Virginia, which was founded in 1923. Within a few years, the national organization, patterned very closely after the FFV was on its way. This organization

is known as the FFA (The Future Farmers of America), one of the largest and certainly one of the best youth organizations in the country.

A few of the aims of the FFA are to create a love for country life, develop leadership, and to encourage and practice thrift.

What good does the FFA do for our country? Mainly, it helps to create a love of doing something constructive, which, in turn, helps to make better citizens of these boys after they are grown. It gives them the opportunity to mix and mingle with other boys and learn to get along with everyone. At the state and national FFA conventions, there are boys from every corner of the earth. The boys who have had a chance to attend these learn of some of the problems of other countries.

What good does the FFA do for our community? That is the question that you are probably most interested in. I think I can give you a few examples. A few years back, FFA boys enrolled in vocational agriculture made, painted, and put up street signs for the city. The boys all pitched in and helped and did a wonderful job. This past fall, our local FFA chapter sponsored a fertilizer school. The farmers who attended this school feel that it was very beneficial. The chapter is now planning a welding school similar to the fertilizer school. We hope we have similar results.

These club activities, together with outstanding individual accomplishments during the past years by such boys as D. J. Brown, John Hadley, and James King, who were named State Farmers, as well as numbers of boys who have done good project work on livestock and crops have made the FFA work an integral part of the Texico community.

## Student Council Revises Constitution

The Student Council of Texico High School met last Tuesday night at the school library. A business meeting was conducted by the presiding officer, Jerry King. Several proposed amendments to the present constitution were discussed and approved by the council. The student body will vote on the amendments in an election about

two weeks after the amendments have been posted.

After the business meeting was completed, the sponsor, Paul Frederick, treated the group to a "theatre party." After the show they enjoyed refreshments in Clovis.

Members attending were Jerry King, Jerry Henson, Dick Lockhart, Dicky Adams, Weldon Bell, Christy Bowers, Anita Moss, Susan Levins, and Mikala Faville.

## Commenting

WITH CAROLYN

The Panhandle High School Press Association has notified Texico Journalism students that they have been accepted for membership in this organization. These students are enthusiastically planning the trip to the PHSPA convention at West Texas State College on March 19.

Susan Levins, back from New York City, really enjoys telling about her many exciting experiences while in the big town. Her favorite story is about the \$2 hamburgers. It must be an expensive place!

Ten representatives from the Wayland College Choir presented an assembly program at THS recently. These students sang several songs, including a speciality "Old MacDonald Had a Farm" which was very entertaining.

Good luck to the Texico Wolverines who are competing in the district tournament at Portales this week. This will be the final high school basketball action for three senior boys (unless the Wolverines win the district and go to state). These boys are J. C. Kelley, Weldon Bell and Dick Lockhart.

Wasn't that a nice banquet the Baptist Church gave the seniors Tuesday night. Thank you from the senior class.

## EDITORIAL

### DO CARBONATED BEVERAGES AND CANDY HAVE A PLACE IN OUR SCHOOL?

By Betty Pendergrass

Statements condemning the sale of carbonated beverages and candy in schools have been issued by the National Congress of Parents and Teachers, The American Dietetic Association, and numerous other health departments.

An article in the December issue of Nations Schools reports that school superintendents, in a nationwide poll, voted nine to one against the sale of candy, gum, and carbonated beverages in our schools.

The proof that sugar caused tooth decay has been firmly established by dental research that began as early as 1867. In addition, indulgence in sweets tends to limit the consumption of more necessary and nutritious foods.

The educational aim of providing positive and worthwhile learning in schools is not consistent, with the sale of carbonated beverages and candy on the school premises. The sale of these items has fortunately been completely discontinued in many schools.

Carbonated beverages and candy are being replaced by food and beverage machines such as milk, ice cream and fruits. These foods aren't "appetite-dulling" and they add nourishment to the diet which many students wouldn't ordinarily have.

From the financial standpoint these goods could easily be accepted; they would also be more refreshing than candy.

More money is spent for newspaper advertising than in television, radio, outdoor signs, and direct mail combined.

# Line Up and Spell

By GLENDA RICHARDSON

Old time "spelling bees" had nothing on the contest which is going into its third year in the fourth and fifth grades in the Texico School.

Recently, high school teachers have been known to complain that high school students of today cannot spell. Mrs. Avis Patterson, Mrs. Gorman Byrd and Mrs. N. W. Peyton have met the challenge by sponsoring a spelling contest between the fourth and fifth grades to curb this serious defect.

This contest, novel to present day students, carries with it a certain amount of nostalgia for

## Senior Personality

Glen Hancock  
By Betty Pendergrass

Glen Hancock is the handsome, likeable student, who is never seen without a friendly smile on his face.

Glen is five feet, ten inches tall, with blue eyes and brown hair which he wears in "flat top" fashion.

He came to Texico last year a short time after mid-term, from West Plains, Missouri. In the short while Glen has been in Texico, he has made a life-time of friends.

This year Glen is enrolled in English III, Spanish I, economics, biology, sociology and athletics. That is a full schedule for any student.

In addition to those subjects he is also a member of the following organizations: drivers education and business education. Among his favorites are: teacher, John Adams; food, steak; bandleader, Fats Domino; and his favorite sport is football.

Glen starred as "Soapy" in the senior play this year and is the senior class favorite. He was elected Prince Charming by the 56-57 home economics club, and is also a candidate for "Most Handsome" in the annual contest for Mr. Wolverine.

those of the "old school" and causes the students to have a spirit of competition.

The aim of the contest is to promote a perfect spelling grade from each class for a period of a week, six weeks, a semester and a year. At the end of the year the class with the lowest score has to give the others a party which ends the

## Valentine Theme Used for Eighth

Red and white were the colors carrying out the theme of the eighth grade Valentine banquet which was held in the school lunchroom last Tuesday night.

The motif for the decorations were hearts, made of red and white crepe paper. The table centerpieces were of red carnations, while the napkins and program covers were decorated with hearts carrying out the theme of Valentine.

Leslie Dyer entertained before the banquet by playing several numbers on the piano.

The program consisted of master of ceremonies-Fred Warren; invocation, Della Crocker; group singing, Judy Adams; pianist, Pat Patterson; welcome, Gary Singleterry; response, Glendon Moss; class history, Don Caillouet; class prophecy, Pauline Servatius and Gary Dunlap.

Tomato juice cocktail, roast beef, brown gravy, creamed potatoes, English peas, tossed green salad, rolls, butter, strawberry ice cream, cake and iced tea were served for the occasion.

Mr. and Mrs. Fred Danforth, and Mr. and Mrs. Agrie Jones, (sponsors) would like to thank the mothers who helped serve. They were Mrs. Jim Moss, Mrs. Ruby Dunlap, Mrs. Helen Caillouet, Mrs. Robert Servatius, Mrs. L. W. Warren, Mrs. John Adams, Mrs. Glen Singleterry, Mrs. John Hightower, and Mrs. Frank Doshier. Games were played in the gym following the banquet.

contest in festivity for all.

The first year the fourth graders won, last year the fifth came out ahead and this year the fifth graders are ahead up to date.

As yet no one has been reported to make a perfect score of 100 for a full year, but it is hoped that spellers will break that record.

It is certain that other teachers catching the spirit will help to make better spellers out of students of this school by keeping up the good work when these pupils have passed to higher grades and teach them to spell before they reach that level.

## The Appearance Of Our Campus

By Patricia Patterson

Have you ever taken a good look at our school ground? It is, to say the least, a mess. Of course when the trees and grass are green, it all looks much better, but on bare winter days, much could be done to improve the looks of our campus.

Old scrap iron should be disposed of as well as old desks that will never be used. These things should be brought up before the

student council for discussion, for besides marring the beauty of the buildings, these things are hazards to safety.

Much, though, can be done without help from the student council. Such as, not throwing candy wrappers on the grounds, and walking only on the side walks so the grass will grow.

After all, if we can keep the inside of our buildings clean, we can surely keep the outside clean, for the first impression a passerby gets of the campus, depends on us.

## Student Teachers Begin Duties in Texico System

In cooperation with the teacher training program at ENMU, Texico School added five teachers to the staff last week.

Two teachers from the business education department, Miss Norma Hurta and Thad Foster, are teaching classes under the supervision of Mrs. Agrie Jones in shorthand, typing, and office practice.

Miss Francis Weeg teaches eighth grade English, science, geography, and spelling under Mrs. (Continued On Last Page)

## Texico Splits Weekend Games

Texico's Wolverines closed out their regular season play at Texico Saturday night by losing to a tough Elida quintet 66-41. Friday night the Wolverines shellacked the Rogers Eagles 59-24, on the Rogers court after the Whirlwinds had won out over the Rogers lassies 47-38 in the preliminary.

Friday night the Wolverines built up a 24-12 half time lead and increased it throughout the game to take the easy win. Raymond Hadley and Jerry "Ox" Bowers, both sophomores, led the Wolverines with 14 and 13 points, respectively. Turnbough was high point man for Rogers with 11 points.

Saturday night saw the Tigers from Elida turn the tables on the Wolverines as they took a 16-8 lead at the first quarter mark and coasted to an easy win. Elida's Moore and Nuckols both over 6'4", led their team to the victory scoring 15 and 14 points, respectively. Jerry Henson was the leading scorer for Texico with 14 points.

The Whirlwinds played their last game of the year Friday against the Rogers teams. Barbara Sapp led the Whirlwinds with 24 points. Seniors playing their last game were Carolyn Curd, Joyce Gillean, Mikala Faville and Barbara Sapp. In the preliminary game Saturday night Elida's junior high team edged out the Texico juniors 21-17. Engram and Johnson led Texico with 6 points each.

## International Synonym for "Achievement"!

Mention the name "Cadillac" wherever you will—and in whatever part of the civilized world you might be—and you will find a common meeting-ground of understanding.

It is, in brief, a world-wide synonym for personal achievement!

And this is, we think, entirely logical. For over the years, the Cadillac car has played a vital role in the lives of so many of the leading citizens of every community where motor cars are seen.

Cadillac is, in fact, the almost predictable choice of those who choose without restriction.

This, of course, is not to say that a motorist need necessarily possess an abundance of this world's goods in order to enjoy the great and unduplicated satisfactions of Cadillac ownership.

Consider, for instance, the economy of buying a Cadillac. Several models are actually priced competitively with much smaller, lighter cars.

Consider the practical aspects of driving a Cadillac. The car is remarkably economical from a standpoint of both maintenance and operation.

And lastly, think of the wisdom of owning a Cadillac. Year after year, Cadillac returns a greater share of its owner's original investment than any other motor car in the land.

In other words, wisdom and practicality can lead you to the "car of cars" just as surely as prominence and prosperity.

We suggest that you come in soon—that you spend an hour at the wheel—and that you delay no longer in making the magic move to Cadillac.

We'll be looking for you—soon.

BEST YOUNG FARMERS—Johnny Mabry and Tommy Tatum, above, are the county's best young growers of cotton and grain sorghum, respectively. The boys competed in a 4-H contest for the honors.

## Tatum, Mabry Boys Win Crop Contests

If the county-wide 4-H contests mean anything, Tommy Tatum and Johnny Mabry are the county's junior-age best grain sorghum and cotton farmers, respectively.

Tommy, the 11-year-old son of Mr. and Mrs. Ellis Tatum of Black in the northeast part of Parmer County, produced a prodigious 7,168 pounds of Plainsman grain on each of the two acres he entered in the contest.

This grain went on land the first year after alfalfa, which accounts in part for the high yield. The land was pre-watered once, and

the crop irrigated three times after emergence.

Johnny teamed up with his dad to win the cotton growing contest.

Johnny's cotton, Paymaster variety, was planted April 27. It was on land that had been in grain sorghum last year, and was pre-watered with six inches of water March 24.

The cotton was planted in 40-inch rows and was fertilized with 45 pounds of phosphorus. The two acres were irrigated three times, and yielded 1487 pounds of lint cotton per acre.

He is the son of Mr. and Mrs. James Mabry of the Hub.

Both boys, who received \$50 and plaques, are students at Friona Schools.

The grain sorghum contest was sponsored by the Parmer County Grain Sorghum Growers Association and the cotton contest was sponsored by the Parmer County Cotton Improvement Association.

The past year, 1956, was the first that the contests have been conducted. Judging the entries were J. K. Adams, county agent of Bailey County; Jim Ward, assistant agent of the neighboring county; and A. L. Hartzog, president of both sponsoring organizations.

The rules for the contest were worked out by a committee which included James Mabry, W. L.

Edelmon, John Renner, and W. H. Long, all of Friona; and Robert Morton and Joe W. Jones, of Farwell. The records kept by the contestants counted 40 percent in the contests and production counted 60 percent.

For that reason, some of the boys who had a high production, placed low because of failure to keep records, Joe Jones, Parmer County Agent, says.

Others who entered the contest and placed were:

**Grain Sorghum Contest**  
Ronny Castleberry, second, 6395-pound yield; Randy Price, third, 6,154 pounds; Johnny Mabry, fourth, 5,886 pounds; Richard Chitwood, fifth, 5,726 pounds; Joe Bob Johnson, sixth, 5,078 pounds; Johnny Miller, seventh, 5,916, no records;

Joe Hughes, eighth, 3,921 pounds; Jerald Gober, ninth, 4,399 pounds, no records; Robert Tomlinson, tenth, 2,830 pounds; Johnny McCuan, eleventh, 2,064 pounds, no records; and Jerry McCuan, twelfth, 2,042 pounds, no records.

Richard Chitwood, second, 1,459 pounds; James Brown, third, 1,340 pounds; Gary Mac Brown, fourth, 1,323 pounds; Joe Hughes, fifth, 902 pounds; Joe Bob Johnson, sixth, 628 pounds; and Johnny Miller, seventh, 934 pounds, no records.

### NEWS FROM THE FARM BUREAU

By RAYMOND EULER

We think Farwell Chamber of Commerce displayed proper judgment in securing a speaker for their banquet who is a farm and ranch man at heart, and who gives splendid, continuous publicity to subjects of interest to farmers. We have never heard Cotton John make an address, and fully intended to attend the meeting last Saturday night in Farwell, but it didn't work out so we could. There is probably no publicity man who devotes as much to the plains agricultural people as this good will radio and newspaper man from KGNC.

President Gilbert Kaltwasser and vice-president Jack Patterson attended a membership kick-off meeting in Fort Worth Tuesday of last week with the writer along as an extra. They heard Gene Leach, Texas Farm Bureau Legislative representative in Austin report on activities of interest to farm people. He stated that TFB is the only general farm organization that has a representative present throughout the session, and that legislators are dependent upon him and his assistant to help them make decisions on support or opposition to proposed bills. Commodity groups also look to Farm Bureau for guidance in their actions, he said. About 450 Farm Bureau leaders of Texas attended the Fort Worth meeting.

At the banquet T. C. (Pete) Peterson of American Farm Bureau Federation was principal speaker. One of the most interesting points of his talk was with reference to the superiority of capitalistic, individual initiative government systems like the American, over socialistic, labor or dictatorial type governments. Six per cent of the world's population, he said, lives in the United States; yet those six per cent of the world's population own 85 per cent of all automobiles, 92 per cent of the world's bath tubs, 48 per cent of the world's TV and radio sets, and eat 34 per cent of the world's consumption of meat. American capitalism, he said, serves the individual better than any other tested kind of world government and economy.

Jack Patterson and your directors again urge that if you intend renewing your membership, that you do so as soon as you are billed. That will save your Farm Bureau money, and your neighbor the time and money necessary to come and see you. The net result: better service to each member all year.

CONSIDER THIS: Labor not to be rich: cease from thine own wisdom. Proverbs 23:4.

### Farmers Asked To Sign Form For History Preservation

All farmers who have not yet signed the form, MQ-31, which preserves their 1957 cotton and wheat history, have been asked to do so by the Parmer County ASC office.

During the last session of congress, the preservation program was passed. By signing this form, a farm will receive credit for planting the full allotment regardless of the acreage planted.

"Since the county's allotment is set up on the basis of a percent of the planted acreage in previous years, we recommend that every farmer come by the office and sign the MQ-31," says Prentice Mills, ASC manager.

## SCD Report Shows Continued Growth

Conservation practices by Parmer County farmers continued to increase during the past year, according to the annual report made by the Parmer County Soil Conservation District's board of supervisors.

Practices put into effect during 1956 and the number of acres for each are as follows:

Crop rotation, 4,662; contour farming, 480; cover cropping, 725; crop residue utilization, 7,015; hay and pasture rotation, 493; fertilizing, 4,197; windbreak planting, 8; border irrigation, 340; furrow irrigation, 195; improved water application, 4,852; irrigation water management, 226; land leveling, 220; laterals, 36 miles; and waterway development, 27.

Twenty-four district cooperators put into effect practices on 11,091 acres. Basic conservation plans listed 34 agreements on 13,530 acres. There was one revision of the basic plan on 320 acres.

The report shows that there are 1,050 landowners in the district and farm land acreage totals 528,432. Of this figure, 429,839 acres are crop land and 98,593 are grass land. There are 384 participating in the district's practices and there are 195,596 acres under agreements.

In promoting various practices during the past year the district purchased the following equipment:

One seven-foot land plane, five nine-foot land planes, three weed poison spreaders, two Hancock grass seeders, three Hancock legume seeders, and one Engler hydraulic scraper.

The supervisors cited several problems and needs of the district. They are:

A. The attitude of the people to the district and the district program is fine. But, there is a problem of low farm income which makes the application of many of the irrigation projects, such as land leveling, border irrigation and furrow irrigation, very slow. In dry land areas farmers have not made a crop of economic value in seven years. This has greatly lowered activity in diversion and terrace construction. This condition is due to the severe drought in the district.

B. More technical assistance is needed in the district from the Soil Conservation Service, particularly in farm plowing. Also, in application work and the contacting of district cooperators. The district has been greatly hampered in 1956, having only three soil conservation service personnel the first half of the year and two in the second half. In view of the fact that there are over 280,000 acres irrigated in the district the

lack of technical help has hurt the district program.

Progress in the district included the developing and the maintaining of contact between supervisors and cooperators. Two district news letters were issued, one on legumes and cover crops and one on wind erosion and cover management.

A field day was held in the southwest portion of the district. It was attended by 60 farmers and businessmen and points of emphasis were the use of soil improving crops in rotation, use of commercial fertilizers, and conservation of water by use of conservation irrigation systems.

The district sponsored three 4-H club boys as a soil and water conservation team. The team won third place in a contest at Texas A&M College.

Also, there was the developing of outside help. Soil stewardship bulletins were mailed to each church in the district and fair participation was noted. A meeting was conducted with a woman's club on water conservation and its importance to city as well as rural citizens.

The board acknowledged the assistance given them by businessmen and civic groups:

1. The newspapers of the county

have been very cooperative in supporting the district by getting information to the public.

2. The Friona Chamber of Commerce furnished office space for the Soil Conservation Service.

3. The Friona State Bank has paid the National Association of Soil District dues for a number of years.

The Parmer County board of supervisors include A. L. Black, president; Joe Blair, secretary-treasurer; Lloyd Prewett, vice-president; Matt Jesko, member; and Carl Schlenker, member.

"The Place Where Most People Trade"

Friona, Texas--Wednesday, February 20, 1957

The Trebleaires presented the program for Friona Lions Club Thursday night. When Charles Allen was introduced as the Trebleaires' sweetheart, he was soundly kissed by the twelve girls and we couldn't decide which was redder, Charles' face or the lipstick smears.

Why not put a fertilizer attachment on your lister and do two jobs at once. We have 'em, you need 'em. Come by and let us show you how it works.

An early New Orleans newspaper recorded the following story of a Texas-bound traveler who came upon a small boy leaning against the wheel of a covered wagon and crying as if his heart would break. "What's the matter, son?" he asked. "What ain't the matter?" sobbed the boy. "Paw is drunk and Maw is so sick she can't get out of the wagon. There ain't no coffee and the sow belly is ate up. The skil-let handle is busted and worms is in the meal. My big brother lost the last money we had in a crap game, the rear axle's bent and it's a mile back to the creek to water. You know, mister, sometimes I wonder if it's worth all this to get to Texas."

Mrs. Anne Nazworth is a new employee at the Friona State Bank. Anne was formerly employed at the hospital.

Mrs. David Binkley and son from Memphis, Texas, drove up to be with Rev. Binkley who has been directing the singing for the Methodist Church during the revival. The Binkleys are former Friona folks. They were dinner guests of the Wesley Fosters.

Have you seen one of the new six row listers at work? We can prove that they are practical for your kind of farming, and cheaper, too.

This is the time of year to get your planter in shape for the work ahead and our parts men can be more help to you if you get your parts now and avoid the spring rush.

Two Methodist men are wearing the wrong hats. One of them is our daddy. He forgot his hat at the church one Sunday and when he went back to get it the next week he couldn't find it. About a month later he discovered another grey hat had been left at the church. So that is the one he's wearing. It fits just fine but it isn't his hat.

Company at our Granddad's house last week was M. L. McFarland from Pierre, South Dakota, Mr. and Mrs. Roy Lee Jones from Lovington, New Mexico, and Miss Lora Mae McFarland from Clovis.

Mrs. J. W. Easterling from Clarendon has been visiting here with her daughter, Mrs. V. R. Jordan. Mrs. Easterling has nine children, twenty-six grandchildren, and twenty great grandchildren. At Christmas time she personally buys and wraps a gift for every child, grandchild and great grandchild—and for all the in-laws in her family—and that's a room full of presents. Mrs. Easterling lives alone and is a very active worker in her church and we might add she is a lovely looking lady with snow white hair.

Ben Woody says just call and make a date for overhauling that irrigation motor. Beat the rush and get it ready now. The number is 2091 or 2201.

# ACRES OF COTTON

Are Important To Parmer County Farmers

Farm Bureau, after many months of negotiation, obtained Congressional approval of the famous "65-40-50" allotment program for cotton.

This one act almost doubled Parmer County's acreage for 1954, from 29,492 to 55,543 acres.

We are still profiting as a result of that increase.

Farm Bureau wrote the present accelerated export program and Congress accepted it without amendment.

RESULT: Over six million bales of surplus cotton moved into export markets in 1956—More exports than those of 1954 and 1955 combined. Most of this was short staple—The Parmer County kind.

Farm Bureau was first to recommend 2% State Reserve for Texas.

# Peeler To Speak To Sorghum Men

R. G. Peeler, president of the High Plains Grain Sorghum Producers Association and a leader of the area in promotion of that commodity, will be the featured speaker at a meeting Monday evening, February 25, at the Friona school cafeteria.

At the same meeting, awards will be made by the Parmer County chapter of the Association to 4-H and FFA boys who were named winners in production contests sponsored by the organization last year.

The meeting, to begin at 7:30, will feature Peeler's talk and problems with which grain sorghum producers are now facing will be aired. Reduction in support prices for this year indicate that prices may be approximately equivalent to the 1955 levels.

A discussion period will be held in which farmers who attend will be urged to ask questions or offer suggestions concerning their problems.

Coffee and donuts will be served. Arlin Hartzog, president of the Parmer County group, announced the meeting, and also reminded that a meeting of the Parmer County Cotton Improvement Association will be announced in the near future. At that meeting, awards

will be given the boys who participated in the cotton growing contest.

## THE PARMER FARMER

It had been a long time since we had seen or talked with Ronald Davis, and we were glad to see him when he walked into the office Tuesday afternoon.

Davis, you may remember, was the Lazbuddie man who last year promoted interest in large-scale vegetable production on the irrigated Plains.

The last we remember of his efforts, a meeting of agricultural leaders was held in Plainview and the West Texas Vegetable Council was formed. After that, we heard stories that extensive survey work was underway, but we don't know what happened to this action.

Ronald told us this week that he, too, is wondering what happened to

the survey (being taken by Texas A & M). He expects to find out shortly and has promised us he will let us know what's-what.

Meanwhile, we became quite interested in his story about his own experiences in the vegetable business last year. Davis not only grew his vegetables; he followed through to the actual sale of the produce to the housewife.

The Davis family leased their place at Lazbuddie and moved to Amarillo, where he leased a small fruit and vegetable stand on Highway 66. He named it Davis Fruit Market.

Ronald was bent on, so he told us, getting some educational experience in the field of wholesaling and retailing vegetables. He figured he could best do this by brushing elbows with the tradesmen in actual operation.

"My education turned out to be worth a whole lot more than the money we made from the sale of the vegetables themselves," he told us with a grin.

The Davises had long supply lines. They grew corn, okra, tomatoes, green beans, peas, watermelon, cantaloupes, potatoes, and pinto beans on 12 acres at their Lazbuddie farm, and made frequent shipments from the field to the Amarillo retail outlet.

We asked him if he used advertising to implement his business, and he said yes. Davis advertised on three Amarillo radio stations, which is something we suppose we shouldn't print here, but we will because it illustrates that advertising does move merchandise. He says he got good results from his campaigns.

(He promised to try newspapers next year.)

Apparently, the former Lazbuddie resident is going to stick with his unique production line-to-consumer schedule, because he tells us he has moved in a 12 x 18 cold storage unit at the farm which will be used to store vegetables in bulk.

Davis didn't divulge any exact figures on how business was during the past year, but in speaking of profits, he did make particular mention of the tremendous success that his Christmas tree selling project made a couple of months ago.

He and the fellow he leased the business from went "halves" into the Christmas tree business as a sideline and made almost \$1,000 apiece from the short-lived promotion, Davis confided.

We asked him if he was ever worried about getting caught with considerable surplus on December 25, and he said they had no trouble in that respect the past year. In fact, he said, they sold completely out.

For a man used to raising vegetables, even selling Christmas trees doesn't seem too risky an enterprise, apparently.

Eggs and beef are headliners on the USDA's plentiful foods list for March. There'll be lots of rice and continued supplies of baking potatoes at thrifty prices. Canned sweet corn will continue to be plentiful, as will milk and other dairy products.

You get extra dividends from foods when the label says "enriched". Extension foods and nutrition specialists say the added minerals and vitamins mean greater food value, often at no extra cost.

Quality grades can help the shopper in buying meat. But, extension foods and nutrition specialists say, it is also important to select the right cut for your needs.

Make every trip to the meat counter a wise one by following these guides: Plan meat dishes ahead—select the right grade and cut for the particular dish planned, and use the correct cooking method.

Cuts of meat are tender or tough—depending on where they are located on the beef carcass, the grade of the meat, the amount of aging it has had, and the age of the beef animal when it was slaughtered. Some of the cooking methods are best for the tender cuts; others are especially suited for the less tender cut. Tender cuts

are best when they are cooked by the dry heat methods... such as roasting, broiling, pan-broiling and frying. The less tender cuts are made more tender by cooking with moist heat using such ways as braising, stewing and simmering.

Generally, moist heat cooking methods are needed for practically all cuts of the lower grades of beef... and for less tender cuts of higher grade beef.

Winter is pruning time for most plants, reminds Sadie Hatfield, extension home improvement specialist. It is recommended for practically everything except plants that bloom early in the spring, such as red buds, peaches, other fruits, spirea and flowering quince. Prune those just after blooming. Remember, you prune shrubs for the same reason you landscape—to improve comfort, convenience and beauty. Cut off limbs that obstruct driveways or walks. Cut the oldest stems of nandina. Cut back pfitzer juniper branches to make the plant more compact and easier to live with.

Crape myrtles can be cut back to the ground to make them form a bush rather than awkward shrubs. Now is a good time to move crowded crape myrtles to a better area. The full sun helps keep off mildew and will cause them to bloom more than shaded plants. Summer flowering shrubs, such as althea, butterfly bush, crape myrtle and vetex, should be pruned now.

Pests, such as aphids, red spiders and pill bugs, begin working early on fruit trees, ornamentals and young flowers. Use an all-purpose insecticide, suggests Sadie Hatfield, extension home improvement specialist; or identify the insect and follow L-199 Control of Insects on Ornamental Plants in Texas.

## THE HAPPY HOMEMAKER

A bit of verse came out in one of the publications we regularly read a few days ago. It was quite amusing and a good laugh is helpful to all homemakers, so here it is:

### One In A Million

There goes the greatest optimist I've met in all my life— He keeps the motor running while He's waiting for his wife!

One of our favorite recipes for a colorful cake is being printed below. Besides being pretty, it is very light and has a nice texture.

### Rainbow Cake

Measure into bowl: 2 cups sifted flour, 2 cups sugar, ¼ cups shortening, few grains of salt and 1 cup milk. Mix thoroughly by hand or mixer (medium speed) for two minutes. Stir in five teaspoons baking powder. Add four egg whites, (save yolks for icing) and 1/2 cup milk. Mix thoroughly by hand or mixer (medium speed) for two minutes. Divide batter into three equal parts.

White layer — Add 1/2 teaspoon vanilla to prepared batter.

Yellow layer — Add 3 or 4 drops yellow coloring and 1/2 teaspoon lemon extract.

Dark layer — Add 1/2 teaspoon cinnamon, 1/8 teaspoon cloves, and 2 tablespoons cocoa dissolved in 2 tablespoons water.

Bake three layers in medium oven.

Icing — combine 4 egg yolks, 3 cups sifted powdered sugar, 1/2 cup shortening, few grains of salt and 1 1/2 teaspoons vanilla. Beat until creamy then ice cake. Decorate as desired.

Here is a recipe for Chicken Salad that is easy to make, keeps well, and makes good after school or late-evening snacks. Combine 3 cups cubed cooked chicken, 1 1/2 cups diced celery, 1 tsp. salt, 3 hard cooked eggs, 3 sweet pickles chopped, and mayonnaise to moisten.

If you desire to serve it as a salad, serve on a lettuce leaf and garnish with pimento and sliced hard cooked eggs.

An article in one of the new farm magazines states that anyone can have the kind of lawn he wants. It seems very simple. All you need do is to decide what kind of lawn you want, how much time, work, water, and thought you want to devote to it. The writer didn't state that the doing of all the tasks were much harder than the decision was to make, but anyone who has ever tried to grow and keep a lawn knows that this is true.

If you are one of those persons who never throws away any glass container that is an unusual shape and has a good screw top lid, there is something new on the market which will make a lot of those pretty but unused containers into practical objects. Gold and black decals which will transform plain glass or metal containers into decorative kitchen canisters are easily applied. Titles available include flour, coffee, tea, sugar, salt, pepper, cookies, candy, rice, nutmeg, allspice, cinnamon, and others.

# Aphids Troublesome In Alfalfa, Wheat

The pesky aphid is troubling High Plains farmers again. He's in both alfalfa and wheat in considerable numbers, reports County Agent Joe Jones this week.

Commonly referred to as the "greenbug," the aphids in wheat are being reported by what Jones says are "a lot" of area farmers. The spotted aphid, on the other hand, is hitting alfalfa growers too.

Farmers who may be considering control measures are offered advice by the agent. He emphasizes that proper methods and timing are the answer to the question of whether control attempts will or will not be effective.

"There are cases where good results have been obtained using several insecticides," says Jones. Of these, parathion, methyl parathion, systox and metasytox seem to be the most popular.

"However," he cautioned, "the benefits from spraying is limited to a great degree by just how the job is done."

Among things to watch, he points out that the temperature must be above 50 degrees (and preferably above 60) in order to get a good kill. That's because only in warmer weather will greenbugs crawl up the plants for a meal. And they have to be exposed before the chemical can knock them out.

Also, a factor to watch, especially in this part of the country, is the wind velocity. Spraying must be done when conditions are still enough to do an effective job, he emphasizes.

"A good way to put it is to not plan on any specific date to spray," believes the agent. "Instead, just be ready to go and when conditions are right, hop to it."

It's also helpful to have conditions as humid as possible. Spraying after showers or after irrigations seems to be more effective. In the case of insecticide applied by air, Jones says that the farmer should see that at least two gallons of carrier per acre go into the spray formula, to insure adequate "wetting down."

He also added a note of caution: Phosphorous compounds, such as these sprays, are toxic. Precautions should be taken to protect both livestock, and persons who may be around.

In the case of aphids in alfalfa, Jones emphasizes that control is especially difficult here. He pointed out that the expected price of hay should be a consideration in determining whether it is economically feasible to spray for the bugs in this crop.

"Some alfalfa growing areas spray at least one time between each cutting of hay," he says.

## Car Inspection Slow, Only 17% Inspected

L. W. (Dub) Wilhite, inspector from the Texas Department of Public Safety, motor vehicle inspection division, reports this week that car inspection for 1957 is slow, with only 17 per cent of the cars in Parmer County having been inspected.

Wilhite says there are 5,927 cars registered in the county and that only 1,010 have been inspected thus far. That leaves 83 per cent of the Parmer County vehicles to be inspected before April 15.

Wilhite urges citizens to please have their cars and other vehicles inspected soon in order to avoid the last minute rush.

## 59 Stockmen Have Received Relief

Fifty-nine stockmen have received assistance through the emergency feed program in Parmer County, since participation began in September, 1956, reports Prentice Mills, manager of the Parmer County ASC office.

The total number pounds of feed bought has been 1,064,600 and the cash assistance paid has been \$8,745.50.

## Malathion, Parathion Stop Aphids In Vetch

Malathion and parathion offer a fast, effective control of the pea aphid on vetch, giving better one-day results than DDT and toxaphene-DDT sprays, according to Neal M. Randolph, assistant professor of entomology at Texas A & M College.

Practically no difference in the percentage of control between these two insecticides was noted at the end of a four-day period. The application of a toxaphene-parathion mixture applied at two pounds and .25 pounds respectively per acre resulted in a 99.6 percent kill four days after treatment. Malathion treatment resulted in 98.9 percent and parathion gave 98.2 percent kill. Toxaphene-DDT applied in a 2-1 ratio produced a 95.7 percent reduction in aphid population and 94.1 percent kill was obtained with DDT.

# Reserve Deadline Nearing

Through March 15, farmers have an opportunity to sign contracts to put part of their cropland in the long-range Conservation Reserve program. This reminder comes from Joe W. Magness, chairman of the Parmer County Agricultural Stabilization and Conservation Committee.

Contracts run for five and 10 years and for participating in the program the farmer may earn an initial payment representing up to 80 percent of the cost of the practice and an annual payment for the period of the contract, which in Parmer County is \$10 per year.

Essential points in the program, which farmers should have in mind are: Land put in the conservation reserve must be land which otherwise would be in crops. The same acres may not be put in both the acreage reserve and the conservation reserve programs.

The total acreage in crops on the farm must be reduced by the number of acres put in the conservation reserve, and a farmer is eligible to participate in the conservation reserve only if he does not exceed any acreage allotment established for his farm.

Magness also reminds farmers that to participate in the conservation reserve the farmer must sign a contract to keep the designated acreage in an approved conservation practice for the required period of years. Approved practices include protective vegetative cover, or other soil-water-wildlife or forest-conserving use.

No crop may be harvested from land put in the conservation reserve.

Making an appearance at the Clovis High School assembly Monday morning were "The Four Mistakes," composed of Dickie Adams at drums; Bobbie Patterson, trombone; Matt Pendergrass, guitar; and Dick Lockhart, saxophone. Songs that were played by "The Four Mistakes" were: "Five Foot Two," "Breezing Along With The Breeze," "Rock Around The Clock," "Shake, Rattle, and Roll," "Happy Baby," "Happiness Street," "Frankie and Johnny" and "Dream."

Also featured on the program was Susan Levins, senior. She sang two songs, "You Belong To Me" and "Five Foot Two."

This appearance was a "swap-out" program arranged with Jim Sims, Clovis High assembly manager.

**Speech Students Debate Questions**

The Texico High School speech class, under the direction of Mrs. Jimmie Allman, has been giving formal debates on various subjects during the last three weeks.

Winning the first debate on "Resolved that High School Students Should be Required to Wear Uniforms," was Susan Levins and Betty Pendergrass on the affirmative side of the question. On the negative side were Rebecca Richardson and Joe Glaze. Acting as chairman was Dick Lockhart with the rest of the class judging the debate.

The question for the second debate was "Resolved that Competitive Athletics in the High Schools Should Be Abolished," with Dick Lockhart and Weldon Bell on the affirmative side of the question winning over Alex Brown and Audrey Hapke on the negative side. Betty Pendergrass presided as chairman for the debate.

"Resolved that Foreign Aid Should Be Discontinued by the United States," was the question for the third debate with Rebecca Richardson and Weldon Bell on the negative side, defeating Betty Pendergrass and Joe Glaze on the affirmative side of the question. The chairman for the debate was Alex Brown.

The last debate consisted of Dick Lockhart and Susan Levins winning on the affirmative side of the question "Resolved that Military Training Should Be Compulsory in the High Schools." The losers were Alex Brown and Audrey Hapke on the negative side of the question. Presiding as chairman was Rebecca Richardson.

The class plans to give a debate for assembly in the near future.

Mrs. Allman says, "Debating affords excellent training in developing one's power of reasoning and improving speech skills and techniques."

## Clovis Corvetts Entertain THS

Students and faculty of Texico High School were entertained Monday morning by the Clovis Corvetts, a jazz combination from Clovis High.

James Brewer, president of the Clovis Student Body, and master of ceremonies, introduced the group and then turned the program over to the Corvetts.

Jerry Haines, vocalist, sang "Shake, Rattle and Roll," "Honky Tonk," "Got You on My Mind," and other selections. The Corvetts played as a few of their selections "Rock House," and their theme song, "Havana Moon."

Members of the Corvetts include Jerry Haines, drums and vocalist; Bill Jones, bass fiddle; Eddie Bowlin, electric mandolin; Richard Lankford and Richard Broom, rhythm guitars; and Phil Elliot, lead guitar.

Jim Simms, assembly manager for the school, arranged this program as an exchange program with the Texico School.

## St. Valentine's Day Observed By Grades

In observing St. Valentine's Day, the various elementary grades helped Cupid celebrate by giving Valentines and joining in on the party fun.

The third grade children enjoyed a Valentine party last Thursday afternoon. Individual boxes had been made and the children had fun mailing Valentines each morning before starting their class work. Games were planned for the party by Mrs. Clarence Smith.

After the games, each child enjoyed looking at the Valentines in his box. Refreshments of pops, heartshaped cookies, and candy were served by Mrs. Clarence Smith, Mrs. Loren Wilson and Mrs. Frank Seale.

Visitors for the party were Mrs. John Goolsby and Janice, Mrs. J. D. Hill, Mrs. J. E. Hudson and Roger.

The third graders are also enjoying their new geography books. It has been fun traveling in the mountains, herding sheep, going with the forest ranger, fighting forest fires and skiing on the mountain slopes.

After seeing a film on "Are Manners Important," the third graders have decided on a number of good manners they need to work on. The results are amazing! One period a week will be devoted to special mention of those seen using good manners.

First graders in Mrs. Ed Weisler's room have welcomed three new students in the past four weeks. They are Mary Ann Johnson, Espirio Alonzo, and Betty Davis. They also enjoyed the many beautiful days for which they have been able to play out-of-doors.

Mrs. Elward Combs, Mrs. L. R. Travis, and Mrs. Loren Wilson, room mothers, brought cookies and strawberry soda pops for the refreshments at the first grade Valentine party. Mrs. Combs also brought a new game, "Pin the hat on the Clown." Randall Schwanke came closest to the head and runners-up were Larry Combs and Junior Ortiz.

Cynthia Spence and Winnie Weisler, fourth graders, made their room's Valentine box. Decorations were red and white crepe paper with decorative flowers on the top. The flowers were made by Isidra Navarro.

They also have another added attraction to their room, two small guppies, donated by Ronny Richardson. They also have learned that guppies raise new families every four or five weeks.

First graders in Mrs. Leroy Faville's room also enjoyed a Valentine party last Thursday. "Drop the Heart" and "Needles Eye" were the games played. Room mothers, Mrs. Jerry Stallings, Mrs. Buddy Pearce, and Mrs. Dale Price, served refreshments of white cup-cakes decorated with red, red fruit punch, and red suckers. Donny Pearce was their only visitor.

Second graders also had a Valentine party, February 14. Refreshments of soda pops, cookies and favors of assorted candy and balloons were served by Mrs. Murray

White, Mrs. Guy Cohee, and Mrs. Billy Jack Dunn, room mothers. They also welcome a new student, Alvin Davis, from Hereford, Texas. Garry Burris, Patricia Richardson, and Roy McDaniel have been absent as they have had the measles.

The boys and girls of the fourth grade were entertained with a lovely Valentine party, Thursday afternoon. Each child had an individual Valentine box, beautifully decorated. After opening their boxes and looking at their Valentines, they enjoyed playing several interesting games.

Refreshments of pops, cookies, and candy were served. Favors were Valentine nut cups filled with candy hearts and mints. Room mothers giving the party were Mrs. Roscoe Burris, Mrs. T. J. Tipton, Mrs. Troy Lovett and Mrs. R. H. Pruitt.

Mrs. Avis Patterson, teacher, was presented a lovely box of Valentine candy by her pupils.

Two new pupils have also been welcomed by the fourth graders. They are Beverly Webb from James Bickley School in Clovis, and Bobby Ray Johnson from Bovina, Texas.

## Ten Attend GOC Meeting Thursday

Ten members of the Texico-Farwell Ground Observers Corps were on hand at a regular meeting of the group last Thursday night. Plans were discussed for construction of an observation tower in the Twin Cities.

It was decided to solicit materials for its construction. The tower will be built when there is adequate material funds, and a location, say members of the group. Anyone having any lumber to donate to the group is asked to contact Wilfred Quickel or John Armstrong.

Plans call for building the tower 15 feet high, with a 20 x 20 platform and a 12 x 12 building on top. It is to be used for observing aircraft during special alerts.

Attending the meeting last week were Jimmy Curtis, Jimmy and Johnny Armstrong, Bill Quickel, John Armstrong, Wilfred Quickel, Wendol Pike, Hugh Moseley, Wilma Liner, and J. R. Thornton.

## Cain Training At Ft. Carson

Word has been received here by Mr. and Mrs. Ray Means that Preston Cain is now receiving boot training at Fort Carson, Colorado after spending his first week in the infantry at Fort Bliss, El Paso.

Cain enlisted in the U. S. Army at Clovis on February 6, and on February 8 left Amarillo for Fort Bliss. After a week there, he was transferred to the Colorado camp. Cain was a student at Farwell High School at the time of his enlistment.

## Boys Uninjured As Car Overturns

Three local teen age boys escaped serious injury last week when their car overturned on a country road.

Jerry Vestal, driver of the car, says the car overturned when they ran into a stretch of wet road caused by irrigation water overflowing.

Vestal received several cuts on his face, but the other boys riding in the car at the time of the accident, Larry Smith and David Berggren, were uninjured.

Vestal says the car was not damaged too much.
