

Last-Minute Rush Seen In Tag Sales

With only a little over two weeks to go until the deadline for registering motor vehicles in Texas, a last-minute rush is in store for the Farmer County tax assessor-collector's office.

The county office is expecting some 3000 cars to be registered by the March 31 deadline and on Tuesday of this week, only 1,164 license plates had been sold, according to Lee Thompson, the assessor-collector.

In addition to automobiles, license plates have been purchased for 600 farm pickups and trucks and 200 commercial trucks. More in these categories are also expected during the month.

Thompson once again reminds county citizens that the tags may be purchased at points other than the county office in Farwell on the following dates:

Friona—Saturdays, March 16 and

23, at the city offices.

Bovina—Fridays, March 15 and 22, at the city offices.

Black—Thursday, March 21, at the Tri-County Elevator.

Officials from the Farwell office were in Friona last Saturday and are in Lazbuddie today.

In order to purchase license tags at these various places, the vehicle owners will need their titles and last year's receipts, reminds Thompson. Also he asks that those having out-of-state cars or new cars to register, do this at the Farwell office.

Applications for titles and transfers of titles have to be made at the courthouse due to the limited supplies that will be available at these other places.

Texico 4-H Club To Install Officers

A special ceremony at the Texico Farm Bureau meeting tonight (Thursday) at the school lunchroom will be for the installation of the Texico girls and boys 4-H Club officers.

The candlelight ceremony will be opened by the 4-H'ers repeating the club creed with Sharon Hendrix leading. The group will then sing the state 4-H Club song.

Officers to be installed in the girls' club include president, Gale Hadley; vice-president, Beth Peyton; secretary, D'Rene Danforth; reporter, Patsy Hill; song leader Sandra Pendergrass; and recreational leader, Jeanne Hadley.

Other girls participating in the installation ceremony will be Kay Hall, Sue Martin, Jerry Thigpen, Hazel McDaniel, Betty Lockhart, Callayla Roberts and Jean Morris.

Boys to be installed are Skippy Tipton, president; Lynn Doshier, vice-president; Kenneth Taylor, reporter; and Hal Ed Helton, secretary.

All 4-H members attending will be introduced and asked to tell what projects they are working on this year.

Concluding the program will be musical selections by Hap and D'Rene Danforth and Gale Hadley who will play the state 4-H song and two humorous numbers.

Wolverines Start Track Workouts

Workouts for the upcoming track season got underway at Texico this week with about 30 boys turning out for practice, according to Coach C. B. Stockton. The boys actually started working out in the gym last week but did not go out to the track until Monday of this week.

The squad will be composed chiefly of sophomore and junior boys and the coach believes that they could come up with a pretty fair team. No meets are scheduled for the Wolverines before April 6, but there may possibly be a dual meet or two before that time, Stockton says.

The meets now on tap for the Texico cindermen are:

April 6—four-team meet at Tatum.

April 13—Fox Relays at Ft. Sumner.

April 20—County meet at Melrose.

April 27—District meet at Ft. Sumner.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 1,219 miles of Gr., Flex. Base & 3-Course Surface Treatment from Eleventh St., to First St., in Amherst and from F. M. 2290 in Bovina to F. M. 1731 on Highway No. F. M. 37 & U. S. 60, covered by C 52-8-5, & C 168-1&2-8&7, in Lamb and Farmer County, will be received at the Highway Department, Austin, until 9:00 A. M., March 19, 1957, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on the above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman, or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Rhea E. Bradley, Resident Engineer, Littlefield, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Farwell PTA Banquet For Seniors Cancelled

Announcement has been made by Farwell PTA executives that the annual banquet honoring the seniors has been cancelled for this year. The banquet was originally scheduled for tonight (Thursday).

A regular PTA meeting has been called for tonight at 8 o'clock at the school auditorium. Important business, including the selecting of candidates for officers for next year, will be on the evening's schedule.

Refreshments will be served in the cafeteria following the program and Mrs. Partin Austin is in charge of the hostesses.

Members of the executive committee met at the home of Mrs. Joe Blair on Tuesday afternoon to discuss the banquet cancellation and to plan the meeting for tonight.

Executive committee members are Mrs. Joe Blair, Mrs. James Patrick, Mrs. Guy Austin and John Getz.

Red Cross Drive Begins This Week

Parmer County's annual March Red Cross drive is slated to get underway some time this week, according to Wesley Foster of Friona, chairman for Red Cross activities in Parmer County. "I'd like for the people of this county to be thinking about the drive and to be ready to contribute when called upon," Foster said. "It's a well-recognized fact that the Red Cross is one of the most worthy organizations in the world. The work is, for the most part, voluntary service rendered by the American people. People in this vicinity work entirely on a voluntary basis."

Track Rules

This is the second in a series of answers on track rules, submitted by Shelby Jobs, junior high coach at Farwell. The Farwell coach this week lists some of the rules pertaining to the starting and timing of a race and attempts which will be considered trials in field events.

In timing track races, in case two watches agree and the third disagrees, the time of the two watches shall be the official time. If all watches disagree, the time of the middle watch shall be the official time.

In starting a race, the starter shall give the command, "Get on your marks," after ample time he shall instruct them to, "Get set," and after at least two seconds he shall fire the gun.

If a runner jumps before the gun, this shall be a false start. After two false starts he shall disqualify the offender. If the starter fires the pistol and then recalls the runners, no penalty shall be inflicted.

Starting blocks or foot supports may be used, not as an aid but to protect the track. Hand supports are not allowed. If starting blocks are used, both feet must be in contact with the track while starting.

In the 180-yard low hurdles and the 120-yard high hurdles, a competitor who advances by trailing his leg or foot along side of any hurdle shall be disqualified. Any competitor who runs over a hurdle not in his lane or who runs around a hurdle shall be disqualified. If hurdles are standard there shall be no disqualification for knocking over hurdles.

In high jumping, displacing the bar, passing under it, crossing the line of the bar extended, or leaving the ground in an attempt shall count as a trial. A fair trial jump is one in which the competitor jumps from one foot. Three trials are allowed.

In pole vaulting, displacing the bar with the pole or body, passing under it, crossing the line of the bar extended, or leaving the ground in an attempt. Also, if the pole touches the ground or pit beyond the plane of the stop board of the wooden box, it will be counted as an attempt.

In broad jumping, if the competitor's shoe extends over the front edge of the take off board during a jump, it shall be no jump, but it will count as a trial. After the competition is started, if any competitor runs across the take-off board, this shall count as a trial.

In putting the shot, it shall be put from the shoulder with one hand, it shall not pass behind or below the shoulder. Stepping on the circle or outside of the circle, and touching the top of the toe-board before the put is marked, will be counted as trials. Also, should the shot slip out of the hand while contestant is in the circle during an attempt, this will count as a trial.

In the field events, four trials are allowed in the preliminaries and three in the finals. Records and points shall be allowed in the preliminaries.

Mrs. Roberts' Brother Ill in Tennessee

Mrs. M. C. Roberts is in Nashville, Tenn., at the bedside of her brother, Jack Dozier, who is in very critical condition in a hospital there.

A report from Mrs. Roberts on Wednesday said that Dozier's condition was still the same. She left for Nashville last Thursday morning to be with her brother.

The quota for Red Cross donations for Parmer County in 1957 is \$1,400. Here is the breakdown:

- Friona: \$500.
- Farwell: \$250.
- Bovina: \$250.
- Rural communities: \$100 each.

Organization of the drive is now underway and collection groups are to be appointed this week.

Ag Boys Plan Demonstrations

DeKalb Hybrid Seed Company has given the Farwell ag department several varieties of Hybrid sorghum seed to be used in a demonstration. Enough seed for two demonstrations has been given to the club and two boys will perform them.

Bobby Curtis, a freshman, who lives southwest of town, will participate and the second boy has not yet been named, according to Prof. Morton, ag instructor.

The boys will keep records on the planting and growing procedures and will compare the yields with Martin Milo. It will take about three acres of land to perform the demonstrations and each demonstration will be an ag project for the boys.

Young Farmers To Reorganize

An organizational meeting of the young farmers in the Farwell area is set for next Monday night at 8 o'clock in the ag building, announces, Robert "Prof" Morton, ag instructor.

The meeting will be for reorganizing the group which was first started last spring. The objective of the organization is to assist young farmers in the area with problems that might arise in their farming practices.

The group will probably have a regular meeting on the third Monday of each month, Morton says.

Farwell to Host Practice Meet

Farwell will play host to Texico and Bovina next week in a practice track meet. The two teams are scheduled to visit Farwell on Tuesday if the weather is permissible and if it is a bad day the meet will not take place until Wednesday.

There is a possibility that Clovis will also be entered, says R. B. Tucker, Steer coach, but they have not yet said for sure that they would be on hand. The meet will get underway at 3 p.m.

Steers Participate In Clovis Meet

The Farwell Steers participated in their first track meet of the season Tuesday afternoon at Clovis. They were entered in a triangular affair with Clovis and Tucumcari.

Points were kept at the meet, but Farwell's was not totaled because the Steers had to leave before the meet was finished. Events Coach R. B. Tucker's team placed in were:

100-yard dash—Willard, tie for first, time 10.4.

220-yard dash—Willard, first, time 23.2.

880-yard run—Glyn Hardage, second, time 2:15.4.

1-mile run—Wayne Jesko, second, time 5:25.6.

440-yard relay—Farwell, second.

Shot put—Johnny Lovelace, third, distance 34 ft., 2 in.

Amarillo Couple Wed Here Tuesday

Miss Shellene Gulley, daughter of Mr. and Mrs. Shell Gulley of 3804 North West 19th, Amarillo, became the bride of Herman J. Dancy, son of Mr. and Mrs. J. H. Dancy of 1009 Carter, Amarillo, on Tuesday evening, March 5, in the home of Rev. and Mrs. Vernon Willard with Rev. Willard perform-

ing the double-ring ceremony.

Attending the couple were Miss Betty Gulley and Charles Martin, both of Amarillo.

The bride, given in marriage by her father, wore a tailored suit of powder blue with matching accessories and a white hat. She wore a corsage of pink roses.

Something old and borrowed was the white hat which she borrowed from a cousin, and something new and blue was her wedding ensemble.

The bride's mother wore a pink nylon dress with a corsage of pink roses, and the groom's mother

wore a navy suit with a corsage of pink roses.

Following the ceremony, a reception was held in the Willard home. The serving table was laid with a lace cloth and crystal appointments were used. An arrangement of peach blossoms, flanked by green and white tapers, centered the table. Mrs. Wanda Culbert, aunt of the groom, presided at the punch service.

Attending the wedding and reception were Mr. and Mrs. Shell Gulley, Mrs. J. H. Dancy, Misses Diane and Judy Gulley and Mrs. Wanda Culbert, all of Amarillo,

and Rev. and Mrs. Willard, David and Virginia, and members of the immediate wedding party.

Following a wedding trip, the newlyweds will make their home at 711 B Pryor in Amarillo.

Have You Checked Your Depreciation, Lately?

It's good business today to take into account all of the factors in your favor which may lead to reduced taxes. The Treasury Dept. has repeatedly stated that it wants you to keep everything you are legally entitled to deduct. Depreciation on new tractors and machines used in your operation is a legally deductible item.

Can you afford to continue operation of your equipment after it has been fully depreciated? Many owners find it to be to their advantage to trade in their equipment as soon as it is off depreciation. Check with your tax adviser. You may be able to own new, modern, more productive equipment at very little cost to you!

Texico 4-H Group to Host County Meet

Texico's 4-H Clubs will be hosts to the "County 4-H Sunday Program" at the Texico Baptist Church on Sunday, May 5, at 4 o'clock (CST).

Rev. C. C. Morgan, pastor of the church, will present the main address for the afternoon's program and members from different clubs will present various portions of the program.

Texico was chosen as the site of the meeting at a session of the Curry County 4-H Club Council Monday night.

Further details of the program will be announced later. Texico 4-H members attending Monday's council meeting were Gale and Jeanne Hadley, D'Rene Danforth and the club's leader, Mrs. Fred Danforth.

TEXICO BAPTIST NEWS
 Rev. C. C. Morgan, Pastor

The church enjoyed very good attendance at the worship hour on Sunday morning, and Sunday School attendance was 171. Train-

ing union attendance was 87. Mr. and Mrs. Kenneth Allred were baptized at the morning worship hour and one person surrendered for special service and one came in re-dedication.

The WMU held week of prayer programs on Monday, Wednesday and Friday of last week with the programs being concluded with a morning meeting Friday with a covered dish luncheon at noon. A spokesman for the group says the meetings were very spiritual and informative.

Attending Monday's session were Mesdames D. J. Brown, J. O. Ford, Sid Thomas, S. G. Billington and C. C. Morgan. Mesdames Brown, Ford, Billington, Morgan, B. A. Kelley, M. H. Poteet, Nora Day and R. M. Walker were present for Tuesday's meeting, and attending on Friday were Mesdames Brown, Kelley, Billington, Day, Thomas, Ford, Walker and Morgan and two guests, Mrs. M. L. Shipp of Progress and her daughter-in-law, Mrs. Luana Shipp.

Members of the Junior Girls Auxiliary enjoyed a picnic at the park in Clovis on Saturday. Accompanying the group as counselors were Mrs. Gorman Byrd, Anita Watts and Mrs. Warren.

Lynn Martin, layman from Clovis, taught the adult lesson of the study course which is in progress at the Wednesday night meeting. Good attendance is being noted for all the study course sessions and everyone is welcome.

Rev. Morgan is teaching one group in a study course which is being held nightly this week at the Baptist Church of Causey. He is working in the study course with Byron Moore, ministerial student at Eastern New Mexico University, who is also pastoring the Causey church.

WMU met at the church yesterday (Wednesday) for a regular mission study program.

Five Lions Attend Clovis Meeting

Five members of the Texico-Farwell Lions Club were in Clovis last Tuesday attending a meeting of a Clovis Lions organization. It was one of several visitations planned by the local Lions.

Making the trip to Clovis were Joe Helton, John Getz, Otis Huggins, Pat Patrick, and Wilfred Quickel.

Public School Week Is Success

Public School Week at the Lazbuddie school was considered a success with patrons visiting the school every day. Wednesday, which was set aside as a special day for visiting, approximately 200 patrons visited and had lunch at the cafeteria. Lunch was served by the lunch room ladies who were assisted in the dining room by the home economics girls and their teacher, Mrs. Reed. There was no special program during the lunch hour, but the time was spent in visiting and discussing the school work.

Scholastic Events Here This Month

The 3-B scholastic meets will be held at the Lazbuddie school this month. On Tuesday, March 19, at 4 p. m. the contests will begin with the one-act plays. This will probably last for two or three hours as there will be five schools participating and each play will be 30 minutes in length. Schools taking part in this will be Happy, Vega, Nazareth, Bovina and Lazbuddie.

Friday, March 29, at 9 a. m. the literary events will begin. There will be a number of these going on at the same time and they will be held in different rooms of the school. Some of these events will be story telling, spelling, declamation, speech, typewriting, shorthand, and extemporaneous speaking and probably others.

On Saturday, March 30, at 9 a. m. the track events will begin. Both Friday and Saturday will be full days.

Volleyball tryouts have already begun. Monday night the 11th, the first games of the tryouts were held in Bovina. Lazbuddie high school girls won in their division, but junior high and grade school girls lost their games. In the boys division, both the Lazbuddie high and grade school boys won. The second series of this contest will be held at Nazareth on March 23.

Shirley Carpenter Wed in Clovis

Miss Shirley Ann Carpenter, daughter of Mr. and Mrs. D. B. Carpenter of Lazbuddie, and Loren Howard, son of Mr. and Mrs. O. T. Howard of Clovis, exchanged marriage vows Monday afternoon at 4 p. m. in the Baptist Church at Clovis. Rev. Dub Richey, pastor of the Clovis Baptist Church, read the ceremony.

Escorted by her father, the bride wore a white silk linen street length dress with pink accessories. She carried a prayer book topped with pink carnations.

Attending the bride as maid of honor, Patsy Weaver of Lazbuddie wore a pink street length dress with white accessories. Ernest Brown of Clovis served as best man.

For her daughter's wedding, Mrs. Carpenter chose a two piece, grey silk sheer with matching accessories and a pink carnation corsage.

The groom's mother wore a navy blue dress with a pink carnation

corsage.

The bride had as her going-away suit a two-piece beige silk linen with matching accessories.

The couple will honeymoon for about a month in San Antonio, Corpus Christi and New Orleans.

Howard is employed with the Sunshine Plant Food Company in Clovis where they will make their home when they return.

Shirley Ann finished school with the class of '56 at Lazbuddie. She attended the Walker and Burk School of Beauty in Clovis and has been employed at a beauty shop in Muleshoe since the first of February. She plans to continue with this work there at present.

A reception was held immediately following the ceremony at the home of the bride's aunt, Mrs. John Blomshield.

« Parmer County Farm and Home »

seum, Lubbock, Woodrow Fleming, Parmer County director, said this week.

The meeting will begin at 10 a. m. and producer-business members from all 23 counties are expected to attend.

"More than 1,200 members attended the organizational meeting January, a year ago, and we hope to have that many or more at our first annual meeting," the director said.

Featured speaker will be Jamie L. Whitten, Mississippi Democrat, who is chairman of the house agriculture appropriations committee.

The Democratic congressman will discuss cotton legislation in the Federal government. Title of his talk is "The Farm Problem."

Congressman Whitten has played a major role in present cotton legislation and he was an active fighter for the present cotton export sales program at competitive prices. He has long been interested and active in cotton legislation.

In discussing his talk in Lubbock, Whitten said he believes there should be no acreage restrictions for cotton producers and that farmers should be supported only on their domestic sales and that they should be permitted to plant all the cotton acreage they wish for sale on the world market.

Whitten has been on opposite sides of the fence with Secretary of Agriculture Benson as he believes Benson's policy of lower prices has not increased the domestic consumption market in this country.

In addition to Whitten's address at the Monday annual meeting, W. O. Fortenberry, president of the Plains Cotton Growers, Inc., will make his annual report.

A soil test is the best available means for determining fertilizer requirements for pastures. Forage yields can be greatly increased through the use of fertilizers.

Barber to furious customer: "Relax. It's only a small cut and besides, less than a week ago I heard you say you wished your nose wasn't so long."

Whitten To Talk Cotton

The first annual meeting of the Plains Cotton Growers, Inc., a 23-county cotton producer-businessman organization formed in January, 1956, to promote interests of Texas South Plains farmers and businessmen, will be held Monday, March 18, in Fair Park Coli-

Danger In The Home!

Not many housewives would put a DANGER sign over their front door! Yet, unless more people suddenly become "safety-conscious," that sign wouldn't be a bad idea at all. Home accidents can kill! Carelessness and negligence in the home cause a death every 16 minutes and produce some disability every four minutes, reports the Texas Farm and Ranch Safety Council.

Falls are the home's greatest hazard, claiming a total of 14,000 lives annually. Burns are next in the grim order and about 5,400 people die yearly as a result of them. Poisoning and carelessness with firearms each cause slightly over 1,000 deaths a year, and almost 6,500 people annually succumb to a list of varied causes.

More children under 14 are killed by home accidents than by any single disease. Here's how to minimize the dangers to children in your home. Label all medicines and store them out of children's reach; make sure all firearms are unloaded and stored safely; keep matches and knives out of reach; and don't leave scissors, pins, and sharp tools within children's grasp.

How safe is your home? Check yourself on these questions asked by the safety council. Are too many electrical appliances running from any one outlet? Are rugs kept from curling and slipping? Do you immediately wipe up water or grease spilled on the floor? Do you have a safe can opener such as the swing-away in the shower? Are all flammable liquids labeled and sealed? Keep a first aid kit handy at all times. Remember—someone is hurt in the home every seven seconds.

Good grooming counts. . . extension clothing specialists remind us that the effect of a lovely garment often is spoiled by a lack of good grooming. On the other hand, a garment which in itself is not particularly distinctive may become attractive when worn by a well-groomed person.

Potatoes are filling, but not necessarily fattening. One medium sized potato has about 100 calories, about the same as an apple, pear or banana. If you're watching weight, go easy on the trimmings. It's the gravy, butter or other fat that piles up the calories.

Homemakers will have plenty of canned fish and shellfish to choose from for Lenten meals. The Fish and Wildlife Service says supplies will include tuna, salmon, sardines, shrimp, crab and oysters. Canned tuna is on the USDA

plentiful foods list for March. Relatively low in cost, tuna comes in a wide variety of packs. It's a protein-rich food that is a popular ingredient for both hot and cold dishes.

TUNA TRIUMPH
4 ounces spaghetti
2 teaspoons salt
3 cups boiling water
1 1/4 cups condensed cream of mushroom soup (10 1/2 oz. can)
2/3 cup milk
1 cup chunk style tuna (7 ounce can)
1/4 cup chopped pimento
1 cup shredded processed cheese (1/2 pound)
2 tablespoons grated Parmesan cheese.

Add salt and spaghetti to boiling water. Boil rapidly, stirring constantly for 2 minutes. Cover, remove from heat and let stand 10 minutes. Meanwhile, blend soup and milk. Add tuna and pimento. Rinse spaghetti with warm water and drain well. Place spaghetti in greased 1-quart baking dish. Pour soup mixture over spaghetti and mix lightly. Sprinkle cheeses over top. Bake in moderate oven (375° F.) until mixture is bubbly and cheese is melted and lightly browned (about 30 minutes). Serves four.

THE PARMER FARMER

Something different may be heard by area cotton growers who attend the Plains Cotton Growers meeting at Lubbock Monday of next week. We refer to James Whitten, who is the main speaker for the gathering.

He is an exponent of the idea sometimes referred to as a "two-price" plan for cotton producers. Whitten's notion is that American cotton growers should be guaranteed a good price by USDA for the cotton they produce for domestic consumption (the amount would be controlled by strict acreage allotments) and over and above the allotment, any farmer could grow any amount of cotton he desired for world consumption at any price it would bring.

We confess to feeling inadequate to pass judgement on the economic and even moral implications of such a plan. There are many things to consider since this would affect relations in not only our own but

other cotton producing countries of the world. However, it is pretty conclusively established that the irrigated Plains, with their topography so ideally suited to mechanization, plus our great natural resources of soil and water, plus a favorable climate, plus our already keenly developed know-how, has made us the champion cotton growing region of the world.

We would refer not only to our proven ability to produce in bulk, but to our ability to produce efficiently. Pound for pound, we'll bet that farmers of Parmer County and the surrounding area can make anybody in the world take their hat off for low-cost production.

Should that be the case (and we think it definitely is), then if a two-price plan is actually feasible and acceptable, it should have great appeal to this acreage-penalized region.

We doubt if there are very many farmers who wouldn't love to plant a few score extra acres of cotton just to see how they'd make out at world market prices.

The "catch" to this otherwise rosy idea would be that to begin with, world market prices are pretty well held up by America's own cotton support price program. If supports are limited to domestically-produced lint altogether, the result of this change could have an effect on world market prices. Anyhow, it should prove interesting to watch.

The total investment per agricultural worker in the United States in 1956 was \$15,000, as compared to \$3,431 in 1940. Measured in dollars of constant value, it increased from \$7,382 to \$12,759.

Investment in machinery jumped 360 percent during this same period when measured in dollars of constant value. While this increase in investment in machinery was taking place, investment in livestock and feed increased 170 percent. Real estate jump was 160 percent.

Mr. Businessman, complete success is not purchased at one time, but rather on the installment plan. Why not advertise each week in your hometown newspaper.

THE HAPPY HOMEMAKER

Do you employ a maid, cook, laundress, baby sitter, or other household help to whom you pay \$50 or more in any calendar quarter? If so, did you know that you are required to withhold 2 1/4 per cent of their cash wages as social security tax?

Previous to 1957 the tax was two per cent. After deducting this tax from the employee's wages, the employer is required to match the amount and forward the total to the District Director of Internal Revenue at the close of each quarter.

The law applies to such domestic workers as maids, cooks, waiters, butlers, housekeepers, governesses, valets, baby sitters, janitors, laundresses, furnace men, gardeners, and chauffeurs for private cars. Wages from which the tax is to be withheld include wages which are paid in cash, by check, or by money order. Not included is the value of food, lodging or clothing.

A few years ago, when this law was first enacted, some homemakers from Marshall, Texas, staged a sit down strike against becoming tax collectors for the government. Some legal action was taken and a decision was handed down. The homemakers must have lost the battle since the law is still in effect.

To most of us having to fill out forms and collect taxes would be just another chore, but since it is a law, we should abide by it if we employ regular household help.

When the new standardized patterns are available, the job of fitting when we do home sewing will be made much easier. According to reports we have read, all a person needs to know is the waist, bust, and hip measurements in order to get a pattern that fits without alterations. Surely the height is taken into consideration. We are anxiously awaiting their arrival.

Is there an older person you know that you would enjoy giving a gift but just don't know what to give him or her? There are a number of persons who would enjoy receiving a package of envelopes, some writing material with lines, or even some postal cards.

If you wish to give some of your time to the person, you could address the cards or envelopes to relatives and friends to whom you know he or she enjoys writing. This would be a good idea for a benevolent project for a club. There are any number of older persons who have to live in rest homes and

have little, if any, income. They would be especially appreciative of writing materials including stamps.

A paint roller comes in very handy when you are removing old wall paper. Soak it in warm water and thoroughly wet wall surface. Then peel paper off with a large putty knife.

The home baked articles which were on sale at the Rhea Home Demonstration Club looked so appetizing. The ones we bought were very delicious. Do wish some of you Rhea HD club members would send us your favorite recipes for this column. This invitation is to anyone who cares to share her favorite recipe with other homemakers.

When the man of the house decides that he must wear a tie that is soiled and there isn't time for it to take a trip to the cleaners, try this method of spot removing: Work up a head of steam in a tea-

kettle. Then hold the soiled area of the tie directly in the flow of the escaping steam. This loosens all embedded dirt. Then rub the soiled spots with any good cleaning fluid.

When you start waxing your in-laid linoleum and tile floors, a "chore girl" is a handy item to have on hand. If there are any spots or discolorations from wax which has been used previously, the "chore girl" will remove them. Care must be taken to remove the wax without rubbing hard enough to remove the color from the floor covering.

CAN BE CONTROLLED

Root knot disease can be controlled in garden soils by fumigation. Dr. Harlan E. Smith, extension plant pathologist, says the fumigant should be applied from 10 days to 2 weeks before planting and soil moisture should be adequate for germinating seed. Local county agents can supply details on the process.

"The Place Where Most People Trade" Friona, Texas—Wednesday, March 13, 1957

All the Girl Scouts in Friona are celebrating Girl Scout Week (selling cookies is a part of the celebration). Monday was Juliette Lowe Friendship day. All eight troops, with their mothers as guests, attended a tea at the club house Monday afternoon. Each guest measured her waist and contributed one penny per inch to the Juliette Lowe Friendship Fund. All the money is used for maintaining a chalet in Switzerland where Girl Scouts of every nation are welcome. About 180 girls and their mothers were present.

Are you still checking your antifreeze? We are almost certain to have some more cold weather before spring really arrives. We have I. H., Prestone and Zerex and the best price in town.

David, our five year old, is real fond of the Tennessee Ernie Ford TV show and was watching it the other night while Tennessee Ernie showed a Thunderbird. David said, "I sure wish we had one of those—we could put it in the garage when it rained." Of course we would like to suggest one of the new Oldsmobile models. You can put them in the garage or leave them out—rain or no rain you'll be proud of your new Oldsmobile.

Call 2091 or 2201 for irrigation supplies. Tubes, Tarps, Ditchers, Levelers, anything you need.

Mr. and Mrs. O. D. Bingham left this week for Lansing, Michigan, to get a beautiful new Oldsmobile, recently purchased from the Parmer County Implement Company and drive it home. They plan to be gone about two weeks on the return trip. Mr. Bingham is a partner in the Douglas-Bingham Land Company and they have just moved into a beautiful new office on the highway.

It will soon be planting time and your lister and planter may need repairs. Why not fix it up now and beat the rush?

A former resident of Waco, now making his home in South Carolina, came back for a visit. He was reminiscing with his old friends when one of them asked him if he would ever come back to Texas to live. "No," was his positive reply. "I sure won't. Things out here are just too much one way or the other. It's either too hot or too cold, too wild or too tame, too rich or too poor and I was too much in the last condition when I moved away."

We have a house for rent. It is a one bedroom house with an extra big kitchen and is just north of the Lee Parker home in the north part of town. For further information call 2091 or 2571.

New residents in Friona are Mr. and Mrs. Bill Nichols and their three children. They have moved to Friona from Sentinel, Oklahoma and live in one of Mrs. Kinsley's houses on Woodland Ave. Mr. Nichols is a new employee of the Friona State Bank.

Has your car got a new sticker? The deadline is April 1. Don't wait until the last day. Call Ben Woody now for a date.

Have you and your tractor visited our shop since we bought the new machine called a dynamometer? This machine will check your tractor horsepower, test for fuel adjustment, timing, clutch adjustment, and will insure maximum efficiency of operation. It will test any make of tractor and it will certainly be worth your time and trouble to bring your tractor to the Parmer County Implement Company and get it tested on the machine.

One of the features of the style show Tuesday evening will be fashions of long ago and some of the models will be showing clothes that are more than half a century old. The Trebelaires, under the direction of Eva Miller, will also sing several songs.

More people ride on Goodyear tires than on any other kind. They give more and safer mileage. Let us trade for your old tires on a new set of Goodyears for your car, pickup, tractor, trailer or trucks.

Mrs. Ella Lamb and Mrs. Lynn Chitwood took their Girl Scout Troop thru' the Carlsbad Caverns Friday. Girls making the trip were Adabeth Akins, Donna Fields, Pamela Roden, Jimette McClain, Janet Whitten, Karen O'Brian, Dixie Chitwood and Suzanne Lamb. Mrs. Nora O'Brian and Mrs. Marie Roden also went with the girls and a tired and happy group returned to Friona Saturday.

About 150 people were present for the family night supper at the Methodist Church annex Sunday night. Sunday was youth day at the church and the young people conducted both morning and evening services.

Our prices are right on Goodyear tires. We will make a generous allowance on your old tires when you buy truck-tractor-pickup-or car tires. More people ride on Goodyear tires than on any other kind.

Remember the style show which will be given at the auditorium Tuesday night. Friona merchants will furnish all the clothes and Friona folks will do the modeling. Tickets may be purchased from any club woman and will be on sale at the door. This style show will compare favorably with any you may have seen in towns bigger than Friona.

AT KICK-OFF BANQUET — Addressing Farm Bureau members at the annual kick-off banquet Monday night was Millard Shivers, standing. Also at the speaker's table to Shivers' right are Hub King, Mr. and Mrs. Gilbert Kaltwasser, and Raymond Euler.

Shivers Peps Drive For Farm Bureau At Kick-Off Meeting

Millard Shivers, organizational director for Texas Farm Bureau, pepped up membership workers at a banquet Monday night which started the annual drive for membership in Parmer County for the Farm Bureau. Membership goal is 650.

Speaking to a crowd of 100 persons, the Texas FB man reviewed the fundamentals of Farm Bureau as an organization and gave workers some practical working knowledge to be applied to their jobs of getting new members and keeping old ones.

Also on hand for the session was Hub King of Lamesa, who is state director for District II, which includes Parmer County. King took the floor for a few minutes to talk legislative matters.

Jack Patterson, chairman of the membership drive in the county, presented captains and workers from the various communities, and the meeting had an informal "get-acquainted" air.

Shivers, who told his audience that the farm population has dwindled to less than 13 percent

of the population of the nation, reviewed the problems of surpluses and markets which face agriculture today.

He had a sharp tongue for critics of Bureau policy who have maintained that the organization stood for any fixed political ideologies. "In the past," he said, "we have stood for rigid price supports, and we have stood for flexible supports. We have had American Farm Bureau presidents who were Republicans, and we have had presidents who were Democrats."

He underscored the pliability of Bureau policy, which is revised "from the grass roots up" each year, and changes as the ideas of Farm Bureau membership change.

Shivers said that Farm Bureau has noticed that surplus agricultural commodities have been accumulated under both rigid and flexible price support programs, and that the real need is for development of markets.

To illustrate how impractical it is to control surpluses with acreage allotments, he read off the acreage cuts of various basic commodities that would be needed to bring production in line with demand.

In a question-and-answer session following his talk, the director said, "the government is not a market, and never has been."

County FB President Gilbert Kaltwasser talked for a few minutes, emphasizing the Bureau's belief that free enterprise, individual initiative, and freedom of choice constitute basic components of policy. "Big government makes small men," he said at one point.

"Controls may help for a while, but sooner or later, government will dominate us."

Jr. Stock Show Set For April

Parmer County's annual Junior Livestock Show will be Friday, April 12. This decision was made by directors of the Parmer County Dairy Show and Fair, parent organization.

The directors assembled at the Villa Cafe in Friona Monday evening. Present were County Agent Joe Jones, general superintendent; Clyde Hays, vice-president; Bill Sheehan, secretary-treasurer; and Ellis Tatum, Jack Black, and J. T. Gee. The latter two men are FFA advisors from Lazbuddie and Friona.

This was the first action to be taken on the show this year, and plans are as yet incomplete. The show will be in the fairbarns in Friona, and will feature stock of FFA and 4-H youngsters of the county. Agent Jones will arrange for judges.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

According to USDA, 16,155,230 acres of land were signed up under the 1957 acreage reserve program of the soil bank through February 22. If all those comply, they can earn nearly \$415 million. That figures an average of about \$12.57 per acre, according to our division.

President Gilbert Kaltwasser came in with a telegram from Senator Andy Rogers Saturday, requesting him to contact Parmer County egg producers and urge them to give written support to the Texas egg grading and labeling bill. Gilbert contacted all he could locate, and they indicated they would write their support to Rogers. The bill is similar in purpose to the field seed labeling bill sponsored by Farm Bureau which passed last year.

It would protect Texas producers of quality eggs from competition with unlabeled eggs culled from adjoining states and dumped on Texas markets. It is a protective measure for the consumer as well as the producer. Large out-of-state egg distributors are lobbying

strongly against passage of this bill which would result in their having to produce better quality eggs, since Texas is the only dumping ground for them. Other states have such laws.

If you are familiar with the battle Texas electric co-ops have been engaged in the last few years, you will be interested in the ruling handed down recently by the Texas Supreme Court regarding the Texas Rural Cooperative Act. Number one is that it would be illegal for the co-op to serve the farm of a man who lives in town. Number four ruling is that it would be perfectly legal for the co-op to build a line into a city like Dallas or Amarillo to serve an old co-op member who moved from the farm into town.

"Supreme" is beginning to sound like a joke when used in relation to the high courts of our land. These rulings, believe it or not, are the law in Texas at the present moment. Representative Jameson is introducing a bill (HB 547) which would amend the TECCA to provide a sensible specific legal rights definition for Texas Co-ops.

Consider this: He that justifieth the wicked, and he that condemneth the just, even they both are abomination to the Lord. Proverbs 17:15.

The Lazbuddie junior boys 4-H Club met in the sixth grade room at school on February 26. The meeting was called to order by president Calvin Mason. The minutes were read by Eugene Houston, secretary. The pledge leader, Terry Darling, led the club in the 4-H pledge. The meeting was then turned over to Joe Jones, county agent. He talked about how to fertilize the land for crop contests. He also discussed varieties of hybrid sorghums that would be good to use. We had one new member, Kenneth McGehee.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The Parmer County Soil Conservation District board of supervisors have worked up a newsletter to send to each civic organization, church group, farm organization, and any other interested group on a conservation program to be presented by the supervisor of that subdivision.

If you are interested in a conservation program and did not receive a list, please contact Steve Messenger for one of those. The supervisors thought this would be a good way of getting over to the local citizens and farmers what the district can do for them. A list of selected conservation films are

available for use on the program also.

Contact your supervisor to arrange for the program.

We are having good participation in the tree program sponsored by the district. To the present date, we have applications for 350 potted Arizona Cypress trees. We are still taking applications for these trees. You may make applications in Friona at Steve Messenger's office, or at County Agent Joe Jones' office in the county courthouse.

Interest in the District-sponsored essay contest on soil and water conservation is growing. Several have been around to pick up some information on the District and its activities. If we can help in any way, let us know.

Mr. Businessman, sales records prove that it is much more economical and efficient to conduct consistent and frequent advertising.
