Friends in Texico-Farwell were shocked to learn of the death of Mrs. Otis Huggins Friday, while she was away on vacation in Oklahoma City.

Juanita Huggins, who was born March 1, 1913, passed away July 16. Funeral services were conducted Monday afternoon at 2:30 at Farwell Church of Christ with Ebb Randol officiating. He was assisted by Rev. M. H. Stroup, pastor of Hamlin Memorial Methodist Church.

Pallbearers were Tom Wagner, John Getz, Joe Helton, Wilfred Quickel, F. S. Thigpen and Rip Snodgrass. Services were in charge of a cousin of the family, Douglas Hudson of Holdenville, Okla., assisted by Wolf and Roberts Funeral Home of Clovis. Interment was in Bovina cemetery.

At the time of the death of Mrs. Huggins, the family members were visiting relatives in Oklahoma City. Mr. Huggins had taken the Huggins children swimming and his wife was visiting with relatives, in another part of the city. She and her sister had been at the home of a cousin about 10 minutes when the local women had a heart attack and died immediately.

Mrs. Huggins was born at Hugo, Okla., and lived there until 1925. (Continued on last page)

## Farmers Will Vote On Wheat Controls

Tomorrow, July 23, at different polling places, wheat growers of Parmer County will vote for or against marketing quotas for the 1955 crop.

The referendum, according to Joe Camp of the Parmer County Agricultural Stabilization and Conservation office, will determine whether or not the quota program now in effect will continue for next year's crop.

Two-thirds of those who vote must approve quotas before they can be put into operation. The current program, which was voted on a year ago, was approved by 87 percent of the voters—390,221 to 57,536.

Office manager Camp urges every eligible wheat grower in Parmer County to vote. A producer is eligible to vote if he will have more than 15 acres of wheat on his farm for harvest in 1955. In other words, he can vote if he would be affected directly by quotas, which apply only to farms with more than 15 acres of wheat.

If quotas are approved, there will be marketing penalties on any "excess" wheat—produced

outside the acreage allotment—and the full level of price support authorized for 1955 will be available for those who comply with their allotments. If quotas are not approved, there will be no quotas or marketing penalties, and price support for those who stay within

their allotments will be at 50 percent of parity.

Farm allotment notices, as well as an explanatory leaflet giving the essential facts of the 1955 program, were sent out today to Parmer County wheat growers of record. The following voting places

in the county will be open from 9:00 a. m. to 7:00 p. m. on Friday, July 23.

Voting places include Parmer County Implement Co., Friona; Church of Christ, Lazbuddie; Courtroom, Farwell; Rhinehart Insurance Office, Bovina.

## Demo Primary Slated Saturday

Qualified voters of Parmer County will go to the polls Saturday to participate in the Democratic Primary election, and while not a large number of offices are contested, those that are have been the scenes of interesting campaigns.

One of the most spirited gubernatorial campaigns in the state's history has marked the effort of Gov. Allan Shivers to win election to a third term.

His principal opponent is Austin Attorney Ralph Yarborough. Both candidates have heatedly accused each other of various things, and counter charges have been thick and fast. It has been a sizzling campaign that has left the spectators, as well as the candidates, panting for breath.

Even J. J. Holmes, an Austin contractor who said he "wasn't mad at anybody" when he entered the race, has gotten into the fray during the past few days, censuring both candidates for their behavior. The perennial Cyclone Davis of Dallas is also running, of course.

In the County Of paramount interest to Parmer County voters is the race for county clerk—the only county-wide position contested. Incumbent Loyde Brewster announced several months ago that he would not seek re-election, and two hats shortly thereafter were tossed into the political ring.

They belong to candidates Graham Thornion of Bovina and Hugh Moseley of Friona both of whom have traveled many miles in an effort to woo the vote of the county's populace.

Also, two county commissioners have struggles on their hands, and the precincts involved have enjoyed watching the activity of the office seekers.

In precinct number three (Farwell) Earl Billingsley, incumbent, is challenged by J. H. (Johnny) McDonald. In precinct number four (Lazbuddie), Commissioner Henry Ivy has two opponents on his hands, those being Ben Foster and J. O. Cantrell.

**Other Races**

Other races that will interest voters Saturday include the struggle for:

Lieutenant Governor—Ben Ramsey, incumbent; George Hinson, C. T. Johnson.

Attorney General—John Ben Shepperd, incumbent; Doug Crouch.

U. S. Senator—Lyndon Johnson, incumbent; Dudley Dougherty.

Congressman-at-Large—Martin Dies, unopposed.

Commissioner of Agriculture—John White, unopposed.

Commissioner of Land Office—Bascom Giles, unopposed.

Treasurer—Jesse James, unopposed.

Railroad Commissioner—Ernest O. Thompson, unopposed.

Comptroller—Robert Calvert. (Continued on last page)

## Sewer, Water System Talked For City Texico

The first steps that may lead to a new water and sewer system for the City of Texico took place last week, when discussions with an Amarillo bonding company were held between the city commission and a representative of the company.

Mayor Ira (Scott) Levins announced that there are good prospects that the city may underwrite a revenue bond proposal to permit the construction of a city-owned water system, as well as a sewer system with a disposal unit.

At the present time the City of Texico is served by the Texico-Farwell Waterworks, a private corporation. Several Texico citizens have expressed themselves as believing that the facilities now in use are inadequate to serve the city's needs.

Many portions of the city have been without sufficient water pressure even under favorable conditions, they say, and the problem is especially acute during the summer months.

"A revenue bond," emphasizes Mayor Levins, is not one that requires an election, because it does not require that the city mortgage its property while the investment is being paid out.

If three-fourths of the governing body (city commissioners) approve the bond issue, it can then be sold. The revenue that comes from collections for water and sewer service pays for the system. "There will be no raise in taxes if we do this," stresses Levins.

In fact, the city hopes to continue the sale of water to its customers at about the same rate they are now paying. Sewer service charges would be similar to any other city of similar size, such as Farwell.

An engineer will be on hand Friday to conduct a feasibility survey, and will make a report as to whether he is of the opinion that the bonds will pay themselves out.

"There is little question but what our plans will be approved," says Levins, "and we have a good possibility of getting started in

the not-too-distant future."

Levins said that the water lines which serve the town are owned by the city, and that the Texico-Farwell Waterworks is paying a franchise to operate through them.

## Judge Stone Home Offers Rare Exhibit In Old, Unusual Musical Instruments

By LAURIE COOPER

"He'll keep on until he wears out Uncle Sam's money," smiled Mrs. J. E. Stone as she and a Tribune reporter watched her husband, J. E. "Judge" Stone open the bottom of an old nickelodeon, take out a box of nickels, replace the box, and begin to feed the

nickels back into the machine.

Judge began his hobby of collecting old juke boxes and player pianos about four years ago and now has four. Two small nickelodeons, one electric player-piano and one Violano-Virtuoso, all in working order, make up his collection. His son, Ray, has one of the nickelodeons at his home in Amarillo, but the other three machines are all in a pleasant pine-paneled room in the Stone home in Texico with a modern television set.

"When I saw the first one, I just decided I had to have one," was Stone's reply to a question as to how he got started on his unusual hobby. He found three in Childress and one in Wichita, Kan. All were bought from collectors. "I guess we've traveled five or six thousand miles looking for these things," grinned Judge somewhat sheepishly.

From four to five months was required to put each machine into good working order, and Judge did all the work in his spare time. He even made some replacement parts for the Violano-Virtuoso. All the motors (and the Violano-Virtuoso has three) were overhauled by Stone himself.

The two small nickelodeons were the first machines he acquired and he believes that both were manufactured around 1902.

The J. P. Seeburg electric player-piano was made around 1912. It can be played manually as well as automatically and also has a mandolin in the player mechanism. It is of the type that was used with old silent movies.

Patented in 1912, the Violano-Virtuoso was designated one of the eight great inventions of its decade by the United States government. They were manufactured

## He's In There, All Right

County Agent Joe Jones, left, and Dub Meeks examine tiny cotton squares in a check on cotton insects. The sits is on the Frank Seale place southwest of Texico-Farwell. Jones and Meeks isolated quite a few fleahoppers and lygus in this particular spot.

## Cotton Insect Population Continues To Increase as Farmers Watch Anxiously

Virtually all irrigated cotton in the Texico-Farwell-Parmer County area is looking excellent this week, but there's more to the story of a good cotton crop than meets the eye of the casual observer.

This is borne out by the fact that the cotton insect population has increased substantially over the past few weeks, and now appears "worse than at any similar period in the last five years," according to Joe Jones, county agent.

Only the farmers themselves realize the serious potential of the millions of tiny fleahoppers, lygus bugs, and boll worms. Most "city folks" would mistake

growth is far above average. A field of good-looking cotton as being without blemish, while in reality there might be a serious infestation of 'hoppers.

The cotton insects are very small in their present stage, and the squares and bolls they are attacking are very small, too. And it's this early fruiting that the farmers need, warns Jones, and now is the time to keep an eye on the bugs. Control measures are being taken over the territory now, farmers using both tractor rigs and aerial spraying. Toxaphene or a mixture of Toxaphene and DDT is being used as a poison.

"Some farmers don't realize the damage until it's done," says Jones, noting that the fleahoppers are now at work on matchhead-size squares, and will knock these off if not controlled.

The reason, Jones points out, that farmers want the cotton that is now being set on the young plants is because early cotton will likely be better in grade, get to the gin sooner and thereby avoid a rush, perhaps be worth more on the market, and last and most important, mature before damaging freezes.

## PARMER SETS THE PACE IN IRRIGATION!

Irrigation continued its unprecedented boom in Parmer County during the past month, according to figures on file at the office of the High Plains Water Conservation District in Lubbock.

Of the 13 counties within the boundaries of the district, Parmer ranked first in irrigation well completions with 39 installed in June. This total represented almost one-fourth of all the wells drilled in the district.

Fairly close behind Parmer County was Lamb with 32. Third place went to Floyd with 28, and Deaf Smith had 24. Lubbock County had 20 completions, Hockley, Bailey and Lynn 11 each, Randol 7, Cochran 3, and Armstrong 2.

Parmer's nearest equal so far as size, land area, and water potential is concerned, is Castro County to the east. They installed 8 wells, which indicates that Parmer County's irrigation

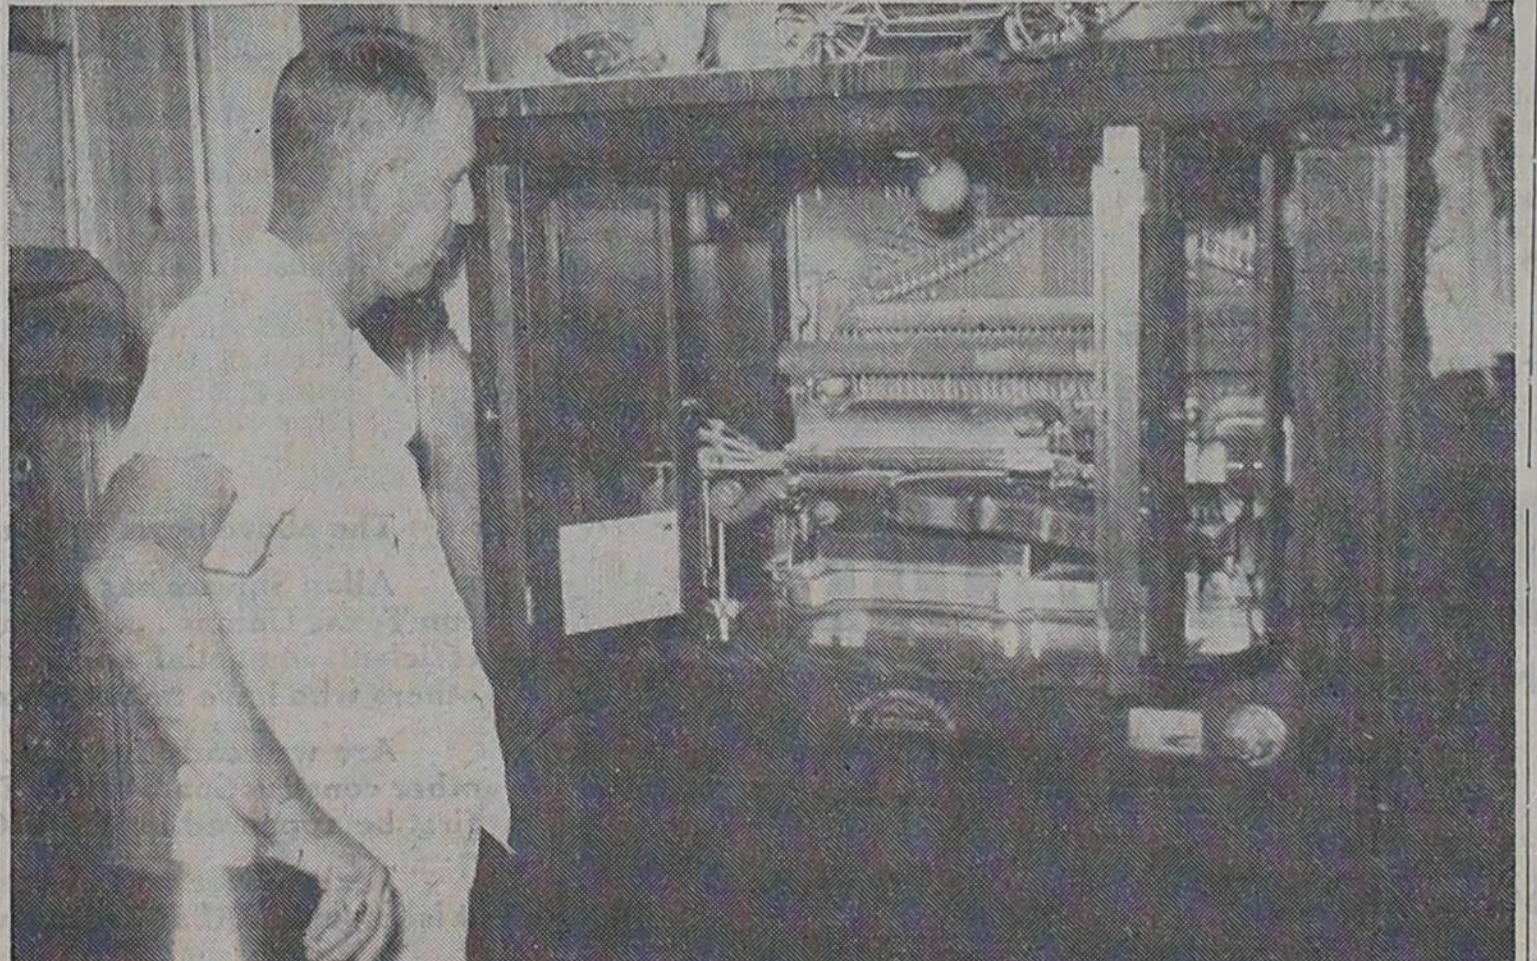

## Truck Cafe Bought By Milsteads, Will Be Open for Business

The Texico Truck Cafe was purchased by Mr. and Mrs. Floyd Milstead and Mrs. Shorty Milstead this week, and they announced that they were opening the business today (Thursday).

On Saturday, they will observe a formal opening, handing out free coffee and donuts to all who visit on that day. Mrs. Shorty Milstead will handle the cooking, and Mrs. Floyd Milstead will attend to the customers.

Floyd says he will sort of "in and out."

## FUNNY LOOKING, BUT IT PLAYS!

The above, asserts Judge Stone, owner, is a Violano-Virtuoso, one of several curious musical instruments in the Stone home in Texico. Note the violin in the center of the machine. Also a piano is built into this unusual machine, and both operate from a musical roll which revolves whenever a nickel is dropped through a slot. Judge says profit is no object on this investment, however, as he uses the same nickles over and over.

# THE TRIBUNE'S EDITORIAL COMMENT

## These Are Our Choices For the Political Nominations

The Democratic primary election which is to be held Saturday has a number of races, the outcome of which will result in far-reaching effects on the lives of all of us. Those of us who live in Texas and have made ourselves eligible to vote, hold in our hands our own political destinies. This is a time for sober deliberation in selecting the candidates we think are best fitted for public service.

The Tribune endorses the candidacy of the following men for reasons that we believe to be valid. Whether you agree with us matters little; our aim is to stir your own thinking, and perhaps be of some assistance to you in making a choice.

**THE GOVERNOR'S RACE.** As previously has been indicated, we are wholehearted supporters of Gov. Allan Shivers in his effort for a third term. The administration of this, Texas' highest office, has been unequalled in the history of the State. Allan Shivers has done more for Texas than any other man could possibly have done, because Allan Shivers has possessed the qualities of leadership in both the state and federal areas of influence that no other man has ever shown.

Those who know his record know this to be true. Outstanding among the accomplishments of his administration has been his ability to intercede against the federal government's effort to encroach upon traditional state's rights, which has resulted in the keeping of the Texas tidelands. This was no small feat to perform, and it has been so outstandingly popular with the thinking people of the state that Gov. Shivers' opponent has sought to claim credit for the act himself in the hope of pulling in a few cheap votes.

No other man in Texas history has been so successful in earning the respect of both houses of the state legislature. The administration has had amazing success in having its program endorsed by the house and senate at Austin. Gov. Shivers' viewpoints, however, have not been shoved down our state lawmakers' throats. He has wooed support with skillful handling of the facts. The recent special session which resulted in new legislation for Texas teachers is a good example of how well the governor has succeeded in his program.

Allan Shivers promises no "bonuses." But he does promise that so long as he is governor that there will never be any state sales tax or income tax. His word will be kept.

Ralph Yarborough's attempt to besmirch the record of Gov. Shivers' tenure will prove abortive. His main platform plank is that a third term will result in "machine" control of the state through a hierarchy of Shivers appointees: "The common sense Texas tradition against a third term is one of our bulwarks against the growth of such a Frankenstein monster of personal power." That statement sounds a bit inconsistent for Judge Yarborough, since he so passionately identifies himself with the old-time, dyed-in-the-wool Democrats who sought, and got, a fourth term for Franklin Roosevelt. And remember, please, that our state's term for governor is two years—not four!

Allan Shivers is the only Texas governor who has ever recognized the Panhandle or High Plains area of the state. His appointments have included Marshall Forby of Hereford to the powerful Texas Highway Commission and Frank Spring of Friona and Sam Aldridge of Farwell to advisory posts relating to banking and safety.

He has remembered us as taxpayers. He has remembered us as citizens. He deserves to be remembered by us Saturday.

**LIEUTENANT GOVERNOR.** Three men, all with good qualifications in some respects, are running for lieutenant-governor. More people are giving increasingly serious thought to the selection of this position. Remember Harry's coup on the presidency?

George Hinson of Mineola, now state representative, is building his campaign around a program of water conservation, and certainly this is vital to most parts of the state. C. T. Johnson of Austin, an insurance man, is also out to win and is staging a vigorous campaign based principally on the problem of regulating telephone rates. This is a theme that strikes home for nearly every Texas voter, because there is nothing that people like to complain about more than their utility bills.

However, we do not like Mr. Johnson's pension plans, and there are other features of his campaign that have been unsavory. His campaign has smacked of too much sensationalism, which might indicate a trend toward radicalism.

We support the incumbent, Ben Ramsey. As politicians go, he is about as reserved and dignified as any we have ever seen. State and federal officials of today are too often associated with the "Senator Snort" or "Senator Phogbound" type who are little more than over-inflated windbags constantly expelling hot air about their accomplishments in office.

Ben Ramsey says little, does much. He presides over the senate chamber and has earned the respect and admiration of these lawmakers. Ability to organize and cooperate count greatly in such a position, and Ramsey is the possessor of these qualities. He deserves another term.

**ATTORNEY GENERAL.** For most voters of Texas, there is only one man in this race: John Ben Shepperd. If his record against corruption in Duval County were his only claim to office, it would be sufficient. He has been responsible for cracking one of the few gangster-type political syndicates left in the United States.

This vigorous and hard-working man is one of the outstanding personalities in state politics. He would be governor of Texas next year were it

not for his friend and co-worker who chose, after much deliberation, to run again.

John Ben Shepperd has a long and bright future ahead, however, and we predict he eventually will achieve the governorship.

**UNITED STATES SENATOR.** Of far-reaching importance is the struggle for the office of the Texas junior United States senator. This office is one of the highest and most responsible posts in the land—important not only to the individual, but to the state, nation, even the whole world. The man in this office helps move the pawns that shape the destiny of America.

We support the return to office of Sen. Lyndon Johnson. Quite frankly, we have never been completely satisfied with the circumstances that prevailed at the time he was elected to office by a bare 87-vote majority over all of Texas. The "late box" that came in from South Texas still has us wondering.

However, his record in office has more than compensated for our anxiety about the methods that he used to get there. Sen. Johnson was chosen leader of his party during his first term as senator, the youngest in history. Thus, as official minority leader, he was in one of the toughest spots in the legislature. Because of the narrow balance of power between Democrats and Republicans, it has been necessary for him to pursue a route of utmost diplomacy. This he has done. Said Sen. Russell of Georgia: "I did not believe that any man could have achieved as much harmony within the Democratic party and contributed as much to the operation of the senate as a whole."

Dudley Dougherty, a virtual unknown, is challenging Johnson for his office. We resent very much the smear tactics resorted to by Mr. Dougherty, and especially the multitude of late charges that arrived through the mails as late as Wednesday of this week. This propaganda is undoubtedly designed to create doubts about our senator, and in a last-minute phase of the campaign when Johnson will have no chance for reply.

**OTHER RACES.** Martin Dies is unopposed as congressman-at-large, and it is just as well that he has no opponent. Dies is one man who was fighting communism before Sen. McCarthy popularized it as a national pastime. Also unopposed are John C. White as commissioner of agriculture; Bascom Giles, land commissioner; Jesse James, treasurer; Ernest Thompson, railroad commissioner; and Robert Calvert, comptroller.

**THE SUPREME COURT.** J. E. Hickman and Clyde Smith, for chief justice and place two, respectively, are unopposed. Few Brewster, according to our sources of information, is the best qualified for place one, which is being sought by two other men.

**COURT OF CRIMINAL APPEALS.** Of the four men seeking this position, Judge Alan Haley of Wichita Falls is the most deserving. He was district attorney at the time the narcotics ring was broken in the Wichita Falls high school. He is now judge of the 89th Judicial District, and spokesman of several bar associations have given him their endorsement.

**U. S. REPRESENTATIVE.** Walter Rogers deserves another term for his excellent work done for the people of the district during his past tenure in office. Rogers has made a more sincere effort to keep in touch with the wishes of the people of his district than any other representative we can recall.

Walter is respected by his legislative associates. He is hard-working, straight-thinking, and outspoken. We think that he has sincerely tried to serve the true interests of the people whom he represents.

No other offices are contested down to the county level, but we might say that Andy Rogers and Jesse Osborn have earned the appreciation of their legislative districts for their records while in Austin. Old Jesse, who is from Muleshoe, is well known to many people of this immediate area, and is a landowner near Oklahoma Lane. Jesse has always claimed he is no politician, but we think he's doing pretty well as a representative. Judge E. A. Bills is highly respected, also.

No introduction is needed for those who seek county and precinct offices in this primary. Those of you who will be voting know the qualifications of these men as well as we do.

## Harold Dean Doshier Due Home, September

Harold Dean Doshier, son of Mr. and Mrs. Frank Doshier Sr., of Farwell, who is now stationed at Oppama, Japan, is due to return to the states in September, according to word received here.

Harold Dean or "Squirmy" as he was nicknamed when enrolled at Farwell Schools here, was promoted to the rank of sergeant in May. He joined the marine corps May 9, 1952, along with two other local boys, Bob Gerles and Duane Martin.

After boot camp, he was assigned to marine helicopter transport squadron as an operations clerk. While in the states, he participated in various maneuvers in California and Nevada. In July of 1953, he was shipped to Japan. Prior to leaving for overseas however, he was transferred to the engineering office.

In January and February of this year, the local boy was named "Marine of the Month" for his organization. He participated in the largest amphibious land exercise in the western Pacific since World War II. Helicopters are used for transporting troops, supplies and for observation.

## Parmer Gets \$231,286 from School Fund

AUSTIN—Parmer County school children are among those over the state sharing the most impressive period of Texas Public Education in state history, compilation of figures from 1949-1953 released in Austin this week shows.

The county received \$231,286.57 for public education during the last fiscal year as its share of the giant 211 million total spent over the state, The Texas Education Agency report said. It also showed that money for the state's school children had increased from 145 million in 1949 to the present figure.

Interviewed this week, Governor Allan Shivers noted that education funds were distributed through the Gilmer Aiken formula to a wide variety of uses.

Largest amounts went for salary and operations. Fifteen thousand more teachers with average salary increases of \$1,000 in the last few years took a large percentage.

Shivers also explained that last year school administrations received more money to spend for needed improvements than ever before.

Figures also showed lesser known—but important—uses for funds. These included school buses that pick up children in rural areas and transport them safely to school.

Cafeterias with hot noon lunches, only recently becoming less than a luxury to public schools, received financial help also, figures showed.

Shivers, who called the present school system "the best yet in Texas' bid for better education," said that the picture looked even better for future students.

"With the continuance of this aggressive improvement program, Texas can expect to meet efficiently increasing demands of public education," he said.

## Lt. Alvin Kriegel Leaves for Training

Second Lt. Arlyn Kriegel, formerly of the Oklahoma Lane community, left July 20, to report to Lackland AFB, San Antonio, where he will be processed. He then will report to Ellington AFB, Houston, August 9 to enter Aircraft Observer Training.

Academic subjects which he will study will include navigational ground training courses in addition to approximately 247 hours of electronics. He will also receive about 135 hours of navigation instruction and 30 hours of radar training "in the air" aboard the Air Force's Consolidated Vultee T-29, "The Flying Classroom."

Upon completion of the 40-week primary basic observer course, he will be awarded the Air Observer's Wings.

Lt. Kriegel is the son of Mr. and Mrs. Alvin Kriegel.

### ABOARD FLEET OILER

Sammy M. Nichols, seaman, USN, son of Mr. and Mrs. Jewell Nichols of Star Route 1, Muleshoe, is serving aboard the fleet oiler, USS Navasota, with the Seventh Fleet.

The Navasota, commissioned in February 1945, will be conducting her fifth tour of operations in the Far East since the outbreak of the Korean conflict in 1950. During that time, she has participated in every major operation and has the distinction of having earned all ten of the Korean battle campaign stars.

# Who Will Run Texas In 1955 and 1956?

Will the Lone Star State be run by Texans who believe in States Rights, who believe in Texas First, with Allan Shivers continuing as Governor?

—OR—

Will Texas be run by a "Labor Government", by an administration supported by Northern CIO labor unions, the P. A. C., and the National Association for the Advancement of Colored People (NAACP)?

This question is important to Texans, for make no mistake about it, the main opponent of Governor Allan Shivers is being financed and supported by CIO, PAC and NAACP. This support comes mostly from the Northern labor leaders who long have wanted to dictate to Texans while Allan Shivers has been Governor. Now these labor union leaders want a change.

The following is from a news story appearing in the Corpus Christi Caller-Times on Friday, June 18, 1954:

A strong state labor department properly constituted with authority to act in behalf of the worker was called for by Jerry Holloman, vice president of the State Federation of labor, at the closing session of the Texas Builders and Contractors Construction Trades Council Convention yesterday at the Princess Louise Hotel in Corpus Christi.

The state labor department should have authority to set state-wide prevailing wage rates, rather than determination in each political sub-division, Holloman said.

Other speakers yesterday hit at the "subsidized daily press," "chiseling road contractors," and lack of organized membership drives.

Sie Driscoll, carpenter's union representative, made an open endorsement of the candidacy of

Ralph Yarborough for Governor. "We've got to have a listening ear and an open door (to the Governor's office). We don't have one now," he said.

Freeman Everett, colored vice president of the Texas Federation of Labor, ended the convention with a moving appeal to allow Negroes to join AFL Craft Unions.

The above news story appeared in the Corpus Christi newspaper just a few days ago.

Allan Shivers has always been FOR the working man, but is AGAINST letting Northern Labor leaders run Texas Unions . . . He has made a fair and impartial Governor . . . Texans CANNOT afford to change the efficient, impartial administration of Allan Shivers for one financed and controlled by the CIO and PAC and others who have no real interest in Texas.

Are we ready for a "Labor Government" in Texas? Are we ready to pay a third more for highway and other construction work in Texas? Do we want Texas' state department in Austin headed by persons who must first be approved by the CIO and the CIO Political Action Committee?

Texas never will be ready for the CIO Political Action Committee to take over in this state. That is why it is important that Texans who believe in Texas first support Allan Shivers for Governor July 24.

**Rites Held For Mrs. C. M. Cooke In Albuquerque**

Mrs. C. M. Cooke passed away July 9th in the Presbyterian Hospital in Albuquerque, at the age of 60 years. She suffered a stroke on July 5, and lived four days without regaining consciousness.

Rev. Paul J. Syms of the Central St. Baptist Church officiated. Funeral services were held from the Palm Chapel of the Strong and Thorn Funeral home, with burial in the Fairview Park cemetery in Albuquerque.

The Cooke family were residents of Parmer County for several years, having moved to Albuquerque nine years ago.

Mrs. Cooke is survived by the husband of the home, C. M. Cooke; three sons, Raymond Cooke and Jack Cooke of Albuquerque, S-Sgt. Bob Cooke of Dover, Delaware, with the U. S. Air Force; three daughters, Mrs. N. L. Johnson and Mrs. Bill Moiser, also of Albuquerque, and Mrs. Cecil Atchley of Lariat. Sixteen grandchildren and two great-grandchildren also survive.

**Farwell Girls Defeat Bovina**

Farwell girls' softball team defeated the Bovina team Friday evening with a final count of 23-15. Betty Lovvorn and D'Tanis Caldwell were the pitchers for the winning group.

Home runs were tallied by Lovie Hendrickson, Ruby Meeks, Irene Hardage and Marie Taylor.

A game was scheduled with Dimmitt for Monday evening, but the other team didn't show up, says one of the local members.

Next game will be Friday night with Hereford on the local diamond; they play Springlake there on the 26th, and Lazbuddie here on the 30th.

**Visit in Field**

Mr. and Mrs. Olan Schleuter and Mr. and Mrs. Guy Cox visited Sunday in Field, with Mr. and Mrs. Claude Thomas, who are former residents of this community.

**Women Set Date For Organizational Meet**

All women in the area south of Farwell are invited to attend the organization of a home demonstration club next Tuesday, July 27. The meeting is to be in the home of Mrs. Mae Magness at 3:30. Mrs. Bert Williams was hostess to a group who met with Miss Corinne Stinson, county home demonstration agent, last week for the purpose of organization. However, only a small number were present so election of officers was postponed until July 27.

At the first meeting, Miss Stinson demonstrated the preparation of foods for freezing. Those attending were Mesdames W. T. Magness, Joe Magness, Joe White, Austin Jones, Ernest Kube, Miss Stinson, and the hostess, Mrs. Williams.

Joe Brown of Iraan visited with Howard (Muggins) Graham over the weekend.

**CORRECTION**

Last week's Tribune stated that 20 people were in attendance at the Texico Farm Bureau meeting. The correct number is 50.

**Scouts To Disband For Summer Months**

Because of lack of interest and shortage of adult workers, it has been decided that it would be feasible to disband the Cub Scouts for the remainder of the summer, it was announced this week.

Present plans are to reorganize the group in September when school begins, with parents meeting some time next month to make initial plans.

A pack meeting was held Thursday evening at Farwell park, with attendants serving a basket lunch, and enjoying a watermelon feast.

Mrs. George Hill and George Howard were brief visitors in the community Wednesday morning. They were enroute to Spur to visit her parents there.

**TO THE VOTERS OF PARMER COUNTY**

As a Democratic candidate for County and District Clerk I will appreciate your support on election day, July 24. I have made a county-wide campaign and have made every possible effort to see each one of you personally, however I realize that many of you I have missed, and I take this means to solicit your support. I was born and reared in Parmer County, 27 years of age, and a graduate of Texas Tech. If elected to this office I pledge my best efforts to the people of this county.

## Pink and White Used in Decorative Motif for Shower

Miss Jane Claire Overstreet, daughter of Mr. and Mrs. Hamlin Overstreet and bride-elect of Ernest Lokey, son of the E. F. Lokeys, was honored with bridal showers over the past week, one at the Country Club in Clovis Saturday, and the other in the home of Mrs. A. D. Smith Monday afternoon.

Hostesses for the Farwell court-ney were Mrs. Smith and Mrs. Lara Rundell. Young ladies of the community were featured on a short program. Included were Susan Levins and Darlene Sprawls who played piano selections; Anita Moss who sang "The Old Spinning Wheel;" Peggy Hardage, accompanied by her teacher, Mrs. Newton of Clovis, sang four numbers; Pat Aldridge presented two vocal solos. Among the selections for the evening was the favorite song of the honoree, "Because."

Misses Mary Belle and Nancy Aldridge presided at the serving table and Mrs. Bess Mansfield presided at the guest book. The lace-covered table was centered with an arrangement of pink and white rosebuds, with an oval mirror accenting the effect. Pink tapers, pink iced cake and grape punch further carried out the color scheme, pink and white. Napkins of white bore the silver inscription "Jane Claire and Ernest". Nuts and mints were also served.

In the receiving line to greet the guests were: Miss Overstreet and her mother, the mother of the bridegroom-elect, and the hostesses.

Attending the shower were Mesdames Wanda Faville, B. O. Faville, E. G. Blair, D. O. Rolland, Ethel Thomas, Lillian Aldridge, Mary Joe Newton of Clovis, Joyce Coffman, Gabe Anderson, Marilyn Edwards and Terri, Bea Sudderth, Dollie Aldridge, Alta Sheets, Susie Jesko;

J. Gulley, Alice and Lynette of Cave Springs, Ark., and Mr. and Mrs. Junior Renner and children.

The Gulleys returned to their home in Ark., on Monday after spending three weeks in Colo. visiting a daughter, Mrs. Joe Smith, and two weeks here visiting friends and relatives.

## Women Make Trip To Missouri

Mrs. D. W. Bagley of Farwell and daughter, Mrs. Bert Bernstein of Lubbock, left Friday by train for Jefferson City, Mo., to visit Sunday with Kenneth Bernstein, who is enrolled at camp Wah-Kon-Dah on the Lake of the Ozarks. Mrs. Bagley reports it was beautiful there, but the 112 degree temperature there Sunday was terrific. Around 100 parents and relatives and 100 boys enrolled there enjoyed morning services out in the open under trees, after which they were served a buffet chicken dinner. Kenneth had won four awards, since being there the past three weeks, on boxing, canoeing, riflery and best manners. This is a contest between 25 boys in the 9-and-10-year age group.

Mrs. Bagley and Mrs. Bernstein returned Monday noon. Mr. and Mrs. D. W. Bagley returned Mrs. Bernstein to her home in Lubbock Monday afternoon.

## ESA Families Feted With Saturday Picnic

The backyard of the John Aldridge home was the scene of an ESA picnic Saturday evening, with hostesses serving a picnic meal of hot dogs, baked beans, potato salad, relishes, iced tea and watermelon.

Hostesses for the weiner roast were Gladys Kaltwasser, Elizabeth Kaltwasser, Iris Thornton, Sylvia Watkins and Jo Ann Williams.

Attending were Mr. and Mrs. Bert Williams and Mark, Mr. and Mrs. W. H. **POWER KING OF THEM ALL**

The LeROI's reputation as a big worker is far-reaching. Here is truly a power king of the internal combustion power unit.

The amazing part of it is that a LeROI will go to work on your irrigated farm for less than you think, especially if you can convert to NATURAL GAS.

Let us talk to you about this Sampson in the power unit field.

# NEWS FROM LAZBUDDIE

By BARBARA HINKSON

## LAZBUDDIE BAPTIST NEWS

In the absence of the pastor, C. K. Roberts, who is gone to the Clorietta Baptist Assembly grounds in New Mexico, Rev. Nichols of Lubbock filled the pulpit for both services last Sunday. The young people of the church went to Tulia Saturday evening to the Tierra Blanca Associational Youth Rally. Those going were Mr. and Mrs. Luther Ham, Winnie Paul Ham, Louise Ham, Jim Gordon, Alice Gordon, Patsy Cox, Kenneth Henry, Darlene Black and Marie Houston.

The intermediate boys went to the South Plains Baptist assembly grounds near Floydada, Monday with Edgar Vanlandingham as sponsor. Boys going with Edgar were Roy Vanlandingham, Larry Trieder, Joe Don Beavers, and Ronnie Ivy.

The junior boys went to camp Wednesday with Earl Peterson and Wesley Barnes as sponsors. Those going were Ray Vanlandingham, Wayne Peterson, Eugene Houston and Glen Dale Vanlandingham. We would like to invite everyone to our services which are as follows:

Sunday School 10:00 a. m.  
 Preaching 11:00 a. m.  
 Training Union 8:00 p. m.  
 Preaching 9:00 p. m.  
 Wednesday evening prayer service 8:30 p. m.

**Lazbuddie 4-H Club Uses Ready Mix**  
 Monday afternoon, July 12, the Lazbuddie 4-H Club were guests in the home of Katherine and Beverly Jean Smith. The meeting opened with the vice-president, Patsy Cox, presiding. It was decided that girls would have a bake sale at the Lazbuddie School July 24, from 3:00 until 5 p. m. Everyone is invited to come and buy dessert for Sunday dinner. Miss Corinne Stinson gave a demonstration on a master mix for biscuits and muffins. She also gave the girls a book of other quick breads. Attendants learned that it is

important to sift flour before measuring and that shortening can be measured in water, which is easier than trying to pack out all the air space.

There were 12 girls entering and attending the rally day in Friona.

Next meeting will be in the home of Eva Dean Ivy, for a demonstration on banana bread August 23. Sharron Thorn is reporter.

## Ice Cream Party

It seems as if the boys thought they got rooked when they had to turn the ice cream freezers Thursday night July 15 at the lawn ice cream party given by Mae and Leota Mahan but decided differently after they had eaten the ice cream.

Rex and Max Steinbock, Jamie Lewallen, and Chillie Jordan furnished the group with entertainment as they sang and played music after the ice cream was eaten.

Those present to enjoy the evening were Chillie Jordan, Rex and Max Steinbock, Jamie Lewallen, Joyce Hale, who is visiting from Waco, Beardean Broyles, Mitzi Ivy, Don Cantrell, Lynn Carbell, Mrs. Odell Press, Mr. and Mrs. Barney Floyd, Mrs. Ingram, Mrs. Ethel McCurdy, Authur Ray Hood, Mr. and Mrs. Hunt and Donna, and the hostesses.

## Entertain with Dinner

Mr. and Mrs. Owen Broyles entertained a group with a delicious dinner in their home Sunday. Those present for the meal were Mr. and Mrs. J. R. Harris Jr., Mr. and Mrs. Eddie Joe Hall, Mr. and Mrs. Preston Cargile, Mr. and Mrs. Black, Mrs. Broyles, Jimmie Carpenter, Eugene Broyles, Chillie Jordan, Leota Mahan, Joyce Hale, Beardean Broyles, and the host and hostess, Mr. and Mrs. Owen Broyles.

## Attend Rally Day

Those from the Lazbuddie 4-H Club attending the county-wide rally day Friday and modeling their garments in the Dress Re-

view were Sharron Thorn, Sussie Carpenter, Carolyn Scott, Katharine and Beverly Smith, Carolyn Hinkson, Patsy Cox, Eva Dean Ivy, Tommie Hodges, Marie Houston, Freda White, and Toni Bruns. Mrs. Irene Thorn and Mrs. Odesa Ivy took the girls in their cars.

## To Arizona

Mr. and Mrs. Frank Hinkson and family spent last weekend visiting at Holbrook, Ariz., in the home of Mr. and Mrs. Everett Hinkson. Carolyn remained here with the H. W. Carpenters to attend the County-wide 4-H rally day. They reported they saw a lot of dry country.

## Sunday Guests

Sussie Carpenter and Carolyn Hinkson enjoyed dinner and the afternoon with Katharine and Beverly Smith Sunday. The group enjoyed swimming in the afternoon.

## Visit in Colorado

Superintendent and Mrs. J. G. Ward and family are spending a few days in cool Colorado this week. They went to Colorado Springs and vicinity.

## Farm Bureau Queen Contest Date Set

Parmer County Farm Bureau is joining other Texas Counties again this year in staging an annual queen contest. This will be the second annual event for this county, to be held in the Friona School auditorium on August 27, at 8:30 p. m. Texas Farm Bureau will provide \$500 for the state winner to go with her matron, to the American Farm Bureau Convention in New York in December, according to Ralph Smith, Queen Committee Chairman.

Mrs. Ralph Miller, of Friona, is in charge of promotion and accepting entries for the contest. Civic clubs, businesses or individuals are invited to sponsor candidates, as they did last year when there were 18 entries. The county winner will enter the district contest to be held in Amarillo in September. The winner there will go, as a guest of Texas Farm Bureau, to the State Convention in November to participate in the state contest.

The purpose of the contest, according to Smith and Mrs. Miller, is to give proper recognition to the beauty, charm and personality of farm and ranch girls and promote a better acquaintance with the principles of Farm Bureau.

The contest will be an honest-to-goodness "Queen Contest"—not a bathing beauty affair. Girls will be judged by an out-of-county panel on three main points: appearance, poise and personality.

Contest rules are: candidates must be the daughter or sister of a Farm Bureau member; single; sixteen years of age by September 1 and not over 22 years of age on that date. Daughters of directors, officers or employees of Farm Bureau are not eligible. A fee of \$5 will be charged for each entry. Clothing for the county contest

will be informal street clothes (preferably cottons). The winner will go formal from there on. Farm Bureau will outfit the county queen for district participation.

Last year's queen was Miss Denise Magness, sponsored by Gib's Cleaners of Friona, and runner up was Peggy Hardage, sponsored by John S. Williams of Farwell.

Those desiring to sponsor candidates should contact Mrs. Ralph Miller, or inquire at the Farm Bureau office. Community workers will be named next week.

An enjoyable evening of entertainment will be in store, and Cotton John, Farm Editor of KGNC, will act as Master of Ceremonies.

## CARD OF THANKS

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our recent bereavement. These expressions, the thoughtful words, the lovely floral offerings, the visits and thoughtfulness, have been deeply appreciated.

Particularly do we wish to express our thanks to those women who took over the serving of our meals, and to those who contributed food.

Otis Huggins and boys  
 The Pugh family  
 The E. E. Huggins

Otis Huggins asks that all people who have not yet received dishes left at the Legion Hall over the weekend, to pick them up at his house in Farwell. Many of the dishes have been returned, he says, but some do not have names on them and we do not know to whom they belong.

We enjoyed talking to Fred Gallman out Lazbuddie-way the first of the week. Mr. Gallman came in to subscribe to the paper—and since he was here, just decided to take The Tribune for five years. We asked him if it was a renewal and he told us "yes, with a lapse of a few years", but he is back on the list now, because he tells us he is spending so much time in an irrigation ditch, he is losing out on what his neighbors are doing.

From our brief conversation with him, we would predict that he is a one-man Chamber of Commerce for Lazbuddie, "best place in the world," he states. He briefed us on a lot of the nice people living out his way that he felt were the salt of the world.

We like to see a person who likes his neighbors and friends, and likes the community in which he lives. It certainly is refreshing to hear a few bouquets, when so many times we hear criticism, from all sources.

We have something on our mind that we are just going to have to say something about—and maybe it is strictly a one-sided opinion, but until we get it off our chest, it is going to worry us.

Why is it that when so many of our local area girls decide to get married, they rush over to our neighboring daily paper and announce their wedding, then the following week, are very happy for us to also use the story. We just don't understand it. We work hard to cover the society news in the county, we work hard to give the girls the kind of writeup they would want to keep for their wedding books and try to go out of our way to cooperate with them on the story and details, the showers and the other things that are so important at that time in a girl's life.

And believe you me, we always get a shower invitation whether we get the story or not. That is well and good because there isn't

a young lady in the group that we wouldn't want to remember, but being human, and human nature being what it is, we can't help but think of the other situation.

We console ourselves with the opinion that the girls just don't think, they don't realize how much better it makes us feel to have them consider us and give us the announcement first; since we are the hometown paper. In fact, we even help the girls by sending the same cuts to other papers for them, which cuts down on expense for the individual—and assist in any other way we can.

It isn't all a selfish outlook either. We feel that as far as most of these girls are concerned, we have a personal interest in them, and we want to help them as much as we can on the details that we are so familiar with.

We are not writing this to make anyone unhappy, but because there are several other young ladies of the community who are to be married in the near future, and we are hoping they will permit us to announce the wedding for them, and the other stories pertaining to the event. Of the girls who have announced their weddings elsewhere, we haven't failed to talk to them and all of them either didn't realize the significance of the stories to us, or had other legitimate excuses.

But we ask you, please consider this overworked society editor and help us in this way. You don't know how much we appreciate it, and we do think we could give you stories and help you would be proud of.

What about it? If you wait long enough, things are bound to come your way. When we were on our honeymoon, we met a couple at Judge Roy Bean's Law West of the Pecos, and began talking to them, and eventually took some pictures together.

When we had the picture developed, we sent copies of them to the couple, who had given us their address.

Sure enough, last week, we received a reply which began "Please accept my apologies at being so long in answering your letter of September 24, 1952", and continued with a nice informative letter. It was a surprise to say the least.

Mary Belle Aldridge is sporting a sprained ankle this week, and from reliable sources, we hear that she fell off the back porch.

She was telling us that if we reported it—at least we could stretch facts a little or something. She thought if we said she was shoved or pushed off something, the incident might sound just a little more exciting anyway.

We would venture to say that any sprain, no matter how obtained, wouldn't be very drab.

Thanks to thoughtful people who have responded to our call for papers of the week of July 8. Your cooperation has certainly been appreciated.

From the Denver City Press, we found another cute squib:

## Sixty-Two Receive Payments in County

Mothers and children in the 26-county Texas Panhandle area received \$69,582 of the \$233,563 in monthly social security insurance payments in the Panhandle in December, 1953, John R. Sanderson, manager of the Amarillo Social Security Office announced today.

The largest group of beneficiaries under the social security insurance program, however, continues to be retired workers, Sanderson said. In December, 2,879 such beneficiaries in the Panhan-

ing payment to wives and children dle received \$130,734, not including such workers. There was an increase of more than 27% over the number of all beneficiaries in this area compared with December, 1952.

Many people think of old-age and survivors insurance as a program for retired workers and their dependents exclusively. As these figures indicate, however, survivors benefits are an important part of the program, too. In total, 6,153 persons in the Panhandle area received payments amounting to \$233,563 in the month of December, Sanderson said.

In Parmer County in the month of December, 62 persons received a total of \$2,117 in old-age and survivors insurance payments.

## Highlights and Sidelights FROM Your State CAPITOL

**AUSTIN**—Down to its bitter end moved the campaign for Governor of Texas.

Relatively short, the drive was one of the most intensive this state, notable for its violent politics, had ever seen.

Two men dominated the picture: Governor Allan Shivers, candidate for re-election; and his opponent, Ralph W. Yarborough of Austin.

**Shivers Picture**  
Shivers stood foursquare on his record of achievement in office and pledged to continue, if re-elected, "the progressive program"

he had worked for during his tenure.

Cited by the Governor were concrete figures showing that during his administration Texas has come far:

"From worst to among the best is the state prison system's record. "Many miles of farm-to-market roads have been built and maintained. Generally, the state highway system has been improved.

"Pay of teachers and public employees, has been increased. "Considerable progress has been made in the state hospitals and

special schools. "Title to our tidelands has been regained, and that victory meant \$32 million already realized for the State's school children, with untold billions yet to come."

**Yarborough Described**  
As he recounted the record of his administration, Shivers flung certain charges at his opponent.

Yarborough, he said, is the captive of people who don't want to get tough with the Communists, and who want to get the Texas anti-Communist law repealed.

Shivers further charged: That Yarborough has made no positive statement on the segregation issue.

That Yarborough has promised George Parr to call off the cleanup in Duval County.

That CIO Union bosses had placed a \$2 per head levy on members for a defeat-Shivers slush fund.

That Yarborough wanted schools run from Washington, not locally.

**Yarborough Talks**  
Shivers' opponent, twice a candidate for the state's highest office, was making his strongest

bid for election.

Whether it was true that he had powerful support from the CIO could not be proven.

But he had money to buy expensive time on the state's radio and television stations, and to produce a campaign newspaper for statewide distribution.

Yarborough also was the first gubernatorial candidate to completely ignore the rural press of the state, in his bid for office. To reach the voters in the non-metropolitan areas, he has depended largely on TV and radio.

Some folks haven't liked the approach because it has crowded off their TV screens some of their favorite programs. Others have enjoyed politics' first big year on TV in Texas. Results of the approach will show definitely on July 24 when Texans go to the polls to record their choices for that and other offices.

**Yarborough Campaign**  
Yarborough based his campaign principally on charges which Shivers described as "mudslinging."

Yarborough had these things to say: That Shivers had made a secret deal with George Parr of Duval County.

That Shivers had caused the resignation of former Chancellor, James P. Hart of the University of Texas.

That Shivers had made contradictory remarks about segregation.

That Shivers' Republican friends are trying to cheat Texas out of part of the tidelands.

On the positive side, Yarborough promised higher teacher pay and old age assistance.

**Shepperd View**  
The information that Texas' tidelands fight is not yet over is no new development according to Attorney General John Ben Shepperd in a reply to gubernatorial candidate Ralph W. Yarborough.

Shepperd issued his statement shortly after a remark by Yarborough that the Attorney General had let it "leak out" that the federal government still refused to recognize state tidelands boundaries as more than three miles off shore.

The state claims over 10 miles in the Gulf of Mexico and has issued leases for much of that area.

Shepperd said the tidelands dispute involving the boundary location was made public as early as late October in a newspaper article.

Although declining to take issue in the political battle for governor, Shepperd said that "the true facts concerning the matter should be made clear."

**Water Solution**  
Passage of flood control legislation now before Congress offers a major solution to periodic droughts in Texas, District Engineer Colonel H. R. Hallock of the Fort Worth Corps of Engineers stated in Austin.

Legislation includes the proposed Canyon Dam for the Guadalupe River near New Braunfels and six major reservoirs to be created in the Brazos River Basin.

Hillock said that if the dams are built, many millions of acre-feet of water can be stored against drought periods.

**Music Camp Set For August 1-13**

**CANYON, Tex.**—Advance reservations for the second annual West Texas Music Camp, slated Aug. 1-13 at West Texas State are running far ahead of those for the first camp last summer according to M. J. Newmen, WT music department head and camp director. Several hundred band, choir, and twirling students from West Texas, Oklahoma and New Mexico are expected to enroll for two-weeks' camp.

Already named as faculty for the camp emphasizing daily choir and band rehearsals, sectional instruction, beginning intermediate and advanced twirling, drum majors' and squad leaders' classes, concerts, recitals and television appearances, are Ted Otis, national twirling champion from Long Beach, Calif., and Alvin Edgar, music department head at Iowa State College.

Students "live and breathe" music for two weeks, receiving instruction and direction from the nation's outstanding musicians. Invaluable playing experience is gained through rehearsals and actual performances for the public; both in concerts and on radio and television. Besides the intensified training, a full recreational program is planned for each night

of the camp.

**About 150 Girls Attend Rally Day**

About 150 4-H girls, leaders and others participated in the county-wide 4-H Rally Day and Dress Revue at Friona last Friday. The Rhea 4-H girls and leaders were in charge of registration which divided the girls into ten groups for craft work. The program started at 10 o'clock at the city park with the 4-H pledge led by Belva Christian, Oklahoma Lane and Jean Reed, Farwell.

The girls then made hamburger baskets under the direction of ten 4-H girls who had been trained previously, and Mrs. M. B. Mayhoun, Black and Mrs. Garvin Thorn, Lazbuddie, adult leaders. Girls assisting were Paulette Wallace, L'Orchid Latham, Fern Tipton, and Janice Meissner, Farwell; Helen Hartzog, Bovina; Gladys Dean, Rhea; Joy Crow and Nelda May, Friona; and Sharron Thorn and Patsy Cox Lazbuddie.

Following lunch at the park, the three girls who attended the district 1 4-H camp earlier this summer told briefly of their experiences and were in charge of an electrical safety skit. These were: Joy Crow, Friona; Patsy Cox, Lazbuddie; and Fern Tipton, Farwell.

Eighty-two girls participated in the dress revue which followed in the homemaking laboratory at the Friona High School. They were divided into eight groups, depending on age and type of garment made, modeling drawstring aprons, gathered skirts, simple blouses and dresses.

Those placing in the blue award group were: aprons, 9 and 10 year old girls: Karen Bales, Billie Jean Barnett and Doris Barnett, Friona, Junior, Dorris Donaldson, Oklahoma Lane; Eva Dean Ivy, Lazbuddie; and Virginia Rea, Bovina.

Skirts, 9 and 10 year old girls: Cynthia Patterson, Rhea; and Peggy Whitesides, Bovina. Aprons, 11 and 12 year old girls: Nelda Barnett, Friona senior; and Lindy Dean, Rhea. Skirts, 11 and 12 year old girls: Judy Billingsly and Bel-Gayle Knight, Friona junior; and Jean Reed, Farwell junior.

Blouses, blouses and skirts, and dresses, 11 and 12 year old girls: Jacquelyn Magness, Thelma Faye Brown and Margaret Mabry, Friona senior. Skirts, 13 and 14 year

old girls: Janice Meissner, Farwell senior; Janice Richards, Bovina senior; and Pat Cranfill, Friona senior. Blouses, blouses and skirts, and dresses, 13 and 14 year old girls: Mary Tom Spring, Friona senior; Sharron Thorn and Katherine Smith, Lazbuddie. Dresses, girls 15 years old and older: Helen Hartzog, Bovina.

The program closed about 4:00 with the 4-H prayer led by Barbara Rhea, Bovina junior and Cecilia Dee Weatherly, Friona junior.

**Absentee Ballots Total Fifty-Four**

Fifty-four citizens who are out of the county and who would otherwise have been unable to vote in the Democratic primary Saturday have applied for and cast absentee ballots, announces Loyde Brewer, county clerk.

While the total is nowhere near the number cast in the general election, Brewer considers this a good response.

Most of the ballots went to various parts of the state to college students and teachers who are attending summer school. One went to a serviceman in the Canal Zone and one to Washington state.

**Rev. Dewey Horton Resigns Pastorate**

Rev. Dewey Horton, pastor of the First Baptist Church, Farwell, for the past year, resigned his position this past week. It was not learned what the Hortons plan to do in the immediate future.

Wednesday night the church elected a pulpit committee to consider the vacancy. Committee members include Mrs. E. G. Williams, Sterlyn Billington, Dick Gerles, Willie Hardage, and Joe McWilliams.

McWilliams announced that the revival scheduled this week had been postponed, but that regular services of the church would continue.

**Visit Miss Stinson**

Guests of Miss Corinne Stinson last week were her sister, Miss Mary Dale Stinson of Plainview, and a friend, Miss Mollie Jordan of Morton.

**New Manager At Cicero Smith**

The announcement was made this week of a change in management at the Cicero Smith Lumber Company in Bovina. Aubrey Brock, who has been with the Company for many years, is succeeded by J. E. Sherrill.

Sherrill has made his home in Bovina for over a year, and during that time was associated with the yard. He is married, and the couple has one 2-year-old child.

The change was made effective Friday, July 16. Brock says he has "about a month to just lay around and rest up," and then he plans to go into the insurance business.

**Davis Pleads Guilty To DWI Charge, Fined**

Fined \$100 and costs in county court Monday was C. W. Davis, a farm hand of the Rhea community. He pled guilty to a charge of driving while intoxicated.

Davis was picked up early Monday morning on a farm-to-market road west of Friona where he was asleep at the wheel. He had collided with another car while in Friona, and had left town without reporting the accident.

The radiator of the Davis vehicle was damaged, and his car probably stalled because it got too hot, believe officers.

**Little Leaguers Beaten by Braves**

Texico-Farwell little leaguers were defeated 11-5 by the Braves, a Clovis little League team, in a home game last Thursday. Tommy Williams pitched the entire game and Johnny Lovelace knocked one home run in the third inning. The boys were still hampered by having a number of their first string out on vacation, but Calvin Murray, co-director of the youth program, says they showed better strength than at any other time during the season.

**Mrs. Jobes Attends Special Program**

Mrs. Erma Jobes, director of music for Farwell schools, was slated to attend two operas and performances of Dorothy Kirsten, Metropolitan Opera soprano, and the Denver symphony at the "Weekend of Music" in Denver and Colorado's Central City last weekend.

The special tour was sponsored by West Texas State College of Canyon.

Mrs. Jobes has been attending summer school at ENMU.

**Clovis All-Stars Ease Past Pony League 3-1**

Playing under the lights for the first time the Texico-Farwell Pony league team led the Clovis All-Stars 1-0 almost half the game last Thursday night at Bickley field in Clovis.

Pitcher Donnie Carpenter allowed only one home run, which tied the score. The other runs were unearned.

Other games for both the pony and little league teams will be announced as they are scheduled.

**STATION REMODELED**

Tom Finley of Texico apparently likes that "goldfish look." He has had his Texaco station completely glassed in. In addition, a bunk house for truck drivers has been built behind the station's driveway. Finley says the glass is a great aid to drawing in nighttime business because it shows up so plainly.

**METHODIST CHURCH NOTES**

"Why Isn't It Fun?" will be the sermon subject by Rev. Miller H. Stroup, at the 11 o'clock worship service, Sunday, July 25th, at The Hamlin Memorial Methodist Church. Mrs. W. H. Graham will be the soloist for the service.

The evening service, at 8 p. m. will feature the singing of the old hymns of the church as directed by Rex Rool. B. A. Rogers will be soloist for this service.

The Sunday School hour is 10 a. m. Loyde Brewer is general superintendent. The Methodist Youth Fellowship will meet for supper at 6:30 p. m. followed by the business meeting and worship service.

The Woman's Society of Christian Service will sponsor a baked food sale, Saturday, July 24, at the Farwell Furniture Mart building. This project, directed by Mrs. E. G. Blair, is one in which all the women of the church will participate.

The Methodist Youth Fellowship will entertain the youth from First Methodist Church and Trinity Methodist Church of Clovis at a swimming party and a watermelon "bust" at Muleshoe, Monday, July 26th, at 7:30 p. m.

Rev. and Mrs. Stroup will entertain the members of The Official Board at a buffet supper at the parsonage, Wednesday, July 28, at 7 p. m. The July-August meeting of the board will follow the supper.

**Two More Vacancies In Farwell Faculty**

Two more vacancies have occurred in the Farwell School faculty, according to Superintendent Jack Williams.

The resignations this week of Mrs. Max Ford, second grade teacher, and Mrs. Carroll Cates, home economics instructor, brought the total to four.

Other positions open are sixth grade and seventh and eighth grade English.

Mr. and Mrs. Loyd Cain and Corky returned Monday from a vacation trip into Colorado and New Mexico.

Mr. and Mrs. Ronny Ferguson were dinner guests Sunday in the home of her parents, Mr. and Mrs. Charles McDaniel and Leon.

**Huggins—**

Continued From Page 1: This sec. when the family moved to Jester, Okla. She and Otis Huggins were married there January 25, 1936. They moved to Muleshoe in 1939, then moved to Farwell in 1944, where he is manager of Southwestern Public Service Co. Mrs.

Huggins was a member of the Church of Christ.

She is survived by three sons, Lex, Clive and Carroll, and her husband, Otis; four brothers, Roy Pugh of Hayward, Calif.; Bill Pugh of Oklahoma City; W. J. Pugh and Charles Pugh of Dallas; two sisters, Mrs. Cleaborn Falls of Mangum, Okla. and Mrs. Buck Johnson of Hayward, Calif.; her mother, Mrs. Birdie Pugh of Hayward, Calif.; and her parents-in-law, the E. E. Huggins of Dimmitt.

**Revenue Bonds—**

Continued From Page 1: This sec. To convert the present system to a city-owned operation would involve the installation of at least one well, one overhead tank, and an automatic pressure pump.

What might have to be done also hinges on the matter of the storage in the Santa Fe tank on the state line. This tank, with a capacity of over 200,000 gallons, is now being used by the Waterworks. What arrangement might be made to permit the City of Texico to use this tank is speculation.

The cost of both the water and sewer projects is being discussed at a figure of around \$80,000. This money would be paid back over a period of 20 to 25 years.

There are now 192 water meters in Texico, but several are serving more than one house at the present time, says Mayor Levins.

**Stone—**

Continued From Page 1: This sec. tured until 1928. Music rolls for it cannot be played on any other type of machine. There are usually five tunes to the roll.

Rolls for the piano and nickelodeon have ten tunes and are interchangeable. Not only old favorites but also the latest hit tunes can be played, for there are at least three manufacturers of rolls still in the country. Even Mickey Mouse's Birthday Party is listed in a catalog of music rolls.

The rolls are heavy paper perforated at intervals. If one wants to hear tune No. 8, one must listen to all seven tunes before it. A few machines were made with selectors but they weren't very successful.

Rolls are available in the keys of A and G. Stone's are all A rolls except those for the Violano-Virtuoso. He has around 200 tunes in all. He plays them quite often and wonders if the neighbors get tired of hearing them.

The Stones have corresponded with other collectors and have had many offers for their machines. But "they're not for sale," say both Mr. and Mrs. Stone firmly. Asked if he would buy another if he found one Judge chuckled an affirmative, "Sure!"

The Stone's came to Texico in 1933 and have one son, Ray, who lives in Amarillo. Mr. Stone is employed at the Clovis Air Force Base and Mrs. Stone operates the Stone Variety in Texico.

CORRESPONDENT

## Faculty, School Near Completion

All but two positions on the Bovina School faculty were filled as of Monday, reports W. H. Willoughby, superintendent. Definite selection of band and speech teachers was to be made sometime this week.

Three new teachers have been hired. They are Miss Lillian Fisher, fifth grade; Mrs. Marjorie Allen, home economics, and Miss Joanne Thorne, commercial.

Returning are Mrs. Leola Williams, Mrs. Gladys Everett, and Mrs. Myrna Hammonds, primary; Mrs. Hazel Rigdon, fourth grade; Miss Grace Paul, sixth grade; Mrs. Frank Truitt, high school English; Otis Ellison, social science; Herman Henson, vocational agriculture; Clovis Ratliff, boys' coach and science; and R. E. Everett, high school principal.

Miss Thorne is from Maud, Okla., and attended Oklahoma College for Women. Mrs. Allen, who comes from Dearing, Ga., formerly taught in Georgia. Miss Fisher has taught in Walcott, Texas, for the past three years.

Construction on the school building is moving along on schedule, announces Willoughby, and school officials hope that several classrooms will be finished enough to permit having classes in them by October or November.

In addition to 18 classrooms, three official's offices and teachers' workrooms, the new building is to have a music department, agriculture department, two projection rooms, a cafeteria, and an auditorium. The music rooms will consist of a choral room for 40 students, a band room for 50 students, and four individual practice rooms. A music room for the grades will be elsewhere in the building.

Latest model tools and equipment will be featured in the agriculture rooms. The modern up-to-date cafeteria is to seat 250 persons. The auditorium, equipped with stage and modern lighting, will hold 675. The cafeteria and auditorium will be the last part of the building to be completed, says Willoughby, since present facilities along that line can serve the students satisfactorily for some time.

A combination chemistry and biology lab will be in the classroom section. Risers and a small curtained stage will be in the speech room.

Grade school students will have a private library and the high school library will be in conjunction with a study hall. A school board room and space for an art department are also in the blueprints.

### Meeting Called for Scout Town Council

Mrs. Earl Stevenson, vice-president of the town council called a meeting of all leaders to meet at the Methodist Church, Thursday, July 22, at 2:30 p. m.

The object of this meeting is to prepare and make plans for the Girl Scouts day camp. A definite date has not been set for the camp, but the camp will be for 5 days and three hours a day, at the Bovina roadside park. All leaders are urged to come to this meeting and bring a few ideas with you, says Mrs. Stevenson.

Girl Scout troop VI met at the Baptist Church Wednesday with their leader, Mrs. Horton and two mothers, Mrs. Troy Fuller and Mrs. Arlin Hartzog and Mrs. E. C. Berry.

The group went to the Hillcrest pool at Clovis and enjoyed an hour in the water. Those going were Mary Fortenberry, Dixie Hartzog, Elaine Fuller, Vivaleigh Steelman, Donna Carol Sudderth and Paula Kerby.

### In Combs Home

Visiting in the home of Mr. and Mrs. J. O. Combs this past week were the Doug Combs of Roswell and Mr. and Mrs. Johnny Hartwig. The Combs' daughter, Mrs. Marzelle Guyer and daughters, is visiting them this week.

### Girl Scouts Have Annual Campout

Girl Scout troop III had their annual campout Friday night, July 16. They met at Mrs. Bill Whitesides and rode by truck out to Mustang lake.

While supper was being prepared over a campfire, some of the girls played in the tanks near by.

After a supper of goulash, toast and cole slaw, they toasted weiners and marshmallows over the fire.

A community bed was made in the back of the truck for the girls. The leaders, Mrs. Earl Riley and Mrs. Bill Whitesides, slept in the Riley's car.

Shortly after sunrise, breakfast of bacon, scrambled eggs, toast and hot chocolate was again cooked over campfire. Girls were back in Bovina by 8 a. m. Saturday morning.

Those at the campout were Lotie Riley, Betty Mae Stevens, Betty Jo McLean, Janice Leake, Sherri Lynn Langer, Zelma Connelly and Christine Wassom. Mrs. Bill Whitesides and Mrs. Earl Riley accompanied the girls.

"Now we are looking forward to day camp," say the girls.

The troop met at Mrs. Whitesides Wednesday afternoon, and made knapsacks and preparations for the campout.

Jacquita Perkins served punch to the girls attending.

Next meeting will be held July 28, unless otherwise notified by the leaders by card.

### MOVES BACK HERE

Rev. and Mrs. G. D. Shamblin and children of Ft. Worth visited last week in the home of Mr. and Mrs. Herman Estes. Mrs. Estes' mother, Lucy Shamblin, has moved back to Bovina and has taken over the management of the Bovina apartments.

### GO SWIMMING

Girl Scout troop IV met Wednesday, July 7, with Mrs. Clovis Ratliff, their leader, and went swimming in Bedford Caldwell's slush pit. After swimming, the girls went to the drugstore for refreshments. The girls present were La Verna Riley, Shirley Mayhew, Patsy Richards, and Charlotte Hromas and a cousin, who was a guest at the meeting.

## New Service Goes Into Effect Aug. 1 For Bovina Phones

A new type of telephone service will become a reality in this area on August 1, 1954. On that date the telephone subscribers in Bovina will be able to call telephone subscribers of the Tharp exchange without the assistance of an operator or payment of toll charge for each call made. On the same date, telephone subscribers in Tharp will be able to call Bovina subscribers without the assistance of an operator and without the payment of a toll charge for each call made.

The new type of service, according to R. E. Blatz, district manager for the General Telephone Company of the Southwest, is called "Extended Area Service." Blatz defines it as a service and payment arrangement whereby the subscribers of two different telephone exchanges can call one another without the payment of a specific toll charge for each call made. The physical arrangement requires separate telephone lines between the two telephone exchanges and special dial telephone equipment in the telephone central offices. The payment arrangement, Blatz explains, is the addition of a flat rate amount to regular monthly exchange service bills and is in lieu of a charge for each call made.

Calls from Bovina to Tharp will be made by dialing "9" followed by the Tharp telephone number desired.

The Bovina exchange is operated by the General Telephone Company of the Southwest and Tharp exchange is a part of the West Texas Rural Telephone Co-operative.

A great deal of time was spent in working out the technical details and other matters, and the successful completion will be the result of many months of planning and cooperation by the two telephone organizations. Blatz expressed his appreciation for assistance of city officials and others who assisted in the canvass of Bovina telephone subscribers to obtain an expression of their desire for extended area service and willingness to pay the higher monthly charges required for the additional service.

The present and new monthly rates for Bovina are as follows:

Class of Ser.	present	new
Business-one party	\$6.25	\$7.25
Business-two party	4.75	5.50
Rural Business	4.25	5.00
Residence-one party	3.50	3.70
Residence-two party	3.00	3.15

Rural residence 3.25 3.40

Blatz also announced that a new telephone directory for the area was scheduled for publication in November, 1954, and that it would include the telephone numbers of subscribers in the Tharp exchange. Until the new directory is issued, Blatz suggested that subscribers call information for the number of parties in the other exchange. Hereford, Blatz explained, is the operator office for Bovina and Tharp and has an up-to-date list of all subscribers in both exchanges. Hereford is also the long distance office for the Bovina and Tharp telephone exchanges.

New rates include Extended Area Service but do not include Federal Excise Taxes. Effective August 1, 1954.

### BOVINA BAPTIST CHURCH

Wednesday night services will begin at 7:30 p. m. with the meeting of the young people in Royal Ambassadors, Girls Auxiliary, Sunbeams, and Young Women's Auxiliary. At 8:30 p. m. the church will meet for prayer services.

Sunday services begin with the Sunday School at 9:45 a. m. followed by the worship service at 11:00 a. m. In the evening Training Union will be at 7:30 p. m. and the evening worship service will be at 8:30 p. m. The public is welcome to any or every service of the church.

Monday night, August 16th, is the date for our summer revival; we have plans for a two week meeting, closing Sunday, August 29th. Our objective is to reach one hundred new members in one revival. "Chief" J. J. Hendericks from Krebs, Oklahoma is the Evangelist. J. J. Hendericks is a Cherokee Indian, giving full time to the work of Evangelism. Sam Reddell of Brownwood, Texas, will be in charge of the music.

### RECEIVE BLUE RIBBONS

The Bovina 4-H girls, Virginia Rea and Peggy Whiteside, received blue ribbons at the 4-H rally day in Friona Friday. Virginia had made an apron and Peggy made a skirt.

Girls have begun cooking projects, making biscuits and doughnut muffins. Present Monday were Judy Roach, Virginia Rea, Peggy Whitesides, Patsy Richards, Shirley Mayhay, Lexie Stevenson and Barbara Rea.

### Stop Enroute

Mr. and Mrs. Ellison Glover came through Bovina, Sunday afternoon on their way to Ft. Sill in Lawton, Okla., where they are now stationed. They visited in Bovina with the Dick Glovers, the J. H. Ellisons and the Tom Rhodes.

## Ex-Students Meeting Set for December 27

December 27, was set for the date for the annual get-together of the ex-students and teachers of the Friona High School, when the officers and eight members met last Sunday to begin plans.

A come-and-go affair beginning at 2 p. m. in the school is proposed and committees were appointed to make definite, complete arrangements.

Committee members are Mr. and Mrs. Lewis Welch, reception; Mr. and Mrs. Carl Schlenker, and Mr. and Mrs. Ralph Taylor, entertainment; Mr. and Mrs. Truitt Johnson, Mr. and Mrs. Sam Williams, and Mr. and Mrs. Roscoe Parr, advertising; and Mr. and Mrs. C. L. Lillard and Mr. and Mrs. Wilton Lillard, decorations. A charge of 50 cents per person will be made.

Future meetings at which reports of committees will be featured will be announced.

Mrs. Sam Williams, secretary, wishes to emphasize the fact that the get-together is for any one who ever attended Friona High School, even for one day, and all are invited to the planning sessions and the annual social.

## Dr. Lee Spring Added To Hospital Staff

Dr. Lee Spring is now associated with Dr. Paul Spring and Dr. Tom B. Smith at the Parmer County Community Hospital here. His practice began Tuesday.

## in & around FRIONA

by Laurie

Eleven ex-students turned out for the planning meeting last Sunday. That's pretty good, but we're sure there are a lot more of you folks in and around Friona who are eligible and would really enjoy helping with and participating in such an event. So why don't you take time out to help those hardworking officers a little bit?

Doris Jane McFarland, who writes the Parmer County Implement Company News, coined a clever saying in the issue of July 13. It's just too good to miss so we're going to pass it on to you. Her comment was that tractor seats must be sitting awfully hard. Solve that "seituation" with foam rubber tractor cushions was her advice.

We saw Raymond Euler's parakeet, Blue Boy, quiet for the first time last Monday. Must have been the heat, because he's usually swinging around merrily and we are expecting him to say hello to us just any time now.

Have you grade school youngsters noticed how fast construction on your new building is progressing? The walls are up past the door on the south end.

A note from Mrs. Oscar Baxter, our partner in covering Friona news, tells us of the dilemma in which the Bill Stewarts find themselves. Seems they've received a package from their daughter in Alaska, and aren't sure whether it is smoked fish, smoked snake, whether it is to be eaten, or whether they are to shine their shoes with it. They're just keeping it in cold storage until they hear from their daughter.

## METHODIST CHURCH NEWS

The Commission on Education met Monday. Members are A. W. Anthony, Mr. and Mrs. Forrest Osborn, Mrs. H. R. Coonauger, Arthur Helton, J. T. Gee, Mrs. Dick Rocky, Gay Cass and the pastor.

## ★ PLUGS

—From Paul—

The old farmer, driving a city man, placed a bearskin robe over their knees, pert outward. "You ought to turn the hair inside," said the city man. "It's much warmer to have the hair next to your body." "Huh," chuckled the farmer, "imagine that poor dumb bear living all his life without knowing a simple thing like that."

Mother: "Do you know what happens to little boys that tell lies?"  
Sonny: "Sure, they ride for half fare."

Attention all you politicians: You are sure to want to make a last vote-getting round before Saturday, so stop in and gas up with us. That way you'll be sure of a smooth ride—if not a landslide.

## HURDLE HIGH PRODUCTION COSTS

COSTS OF PRODUCING A CROP ARE STILL GOING UP....

Farmers each year are finding it increasingly difficult to hold down production costs. Especially in these dry years.

One sure short-cut to lower overhead is to convert your tractor to clean-burning butane fuel. Unsurpassed for power and economy, our butane will reduce considerably the expense formerly required with old fashioned fuels.

## NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Some Texas girl between 16 and 22 years of age will receive a nice wrist watch and an expense paid trip to the Annual Texas Farm Bureau Convention in November, to be followed by a \$500 expense paid trip to New York in December. We'd like very much for this to be a Parmer County girl. We are going to make every effort to make this the case. Read about the contest elsewhere in this paper. You may be that girl.

Your County Farm Bureau has a building fund now. All funds have been voluntarily contributed. They do not come out of membership fees. Maybe you would like to contribute.

State Highway Officials have agreed to exterminate all bindweed on their right-of-way in Parmer County. The Santa Fe Railroad Officials have agreed to destroy all bindweed on their rights-of-way in this County. This has come about after consultation with your weed committee and County Agent, Joe Jones. The County Commissioners are studying possible methods of taking care of these weeds on county road rights-of-way. Will you agree to kill those weeds on your farm? If you will, Parmer County can rid herself of this farmer's enemy before it does too much damage.

Floyd Embry, of Farwell, who wrote the letter that appeared on the front page of Amarillo's Daily News Friday morning made some solid statements. We may not agree with all of them, but they present some honest thinking material for farmers and their legislators.

July 25 to 31 is Farm Safety Week. Agriculture is labeled "The Nation's most Hazardous Occupation" because of its poor safety record. Give close attention to the safety situation on your farm during this week and improve it.

Read your Texas Agriculture and see the most recent accomplishments of Farm Bureau in the legislative field. You did gain, through organization, some valuable legislation on foreign trade and on the national farm program; but there are outstanding compromises that legislators made, obviously for political reasons, that contribute neither to the welfare of you, the farmer nor American people as a nation.

**NOTES From the Parmer County SCD**  
By STEVE BAVOSETT

The board of supervisors of the Parmer County Soil Conservation District held their regular meeting in the county court room last Thursday night. Joe Blair, chairman of the board, called the meeting to order at 8:30. Supervisors attending the meeting were the chairman and Clyde Sherrieb, Mat Jesko, and Henry Reynolds. County Agent Joe Jones and Steve

Bavousett of the Soil Conservation Service were also present.

The Board declared the week, August 28-September 3, Parmer County Soil Conservation District week. The week will be climaxed by a banquet the night of September 2. It will be in the Farwell School cafeteria.

Nelson Foster has finished some fifty acres of bench leveling which he now has in feed. He is well satisfied with it, though he says he doesn't have all the bugs worked out yet. This, he thinks, will take a year or two. Nelson plans on benching some more of his land this next year.

A good start has been made toward putting out a pamphlet to every Soil Conservation District Cooperator, containing names, planting information, and benefits on a winter legume program in a cropping system. This pamphlet should be out within a couple of weeks.

## ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set. Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

## HERE'S HOW . . .

### MAKE AN ATTIC ROOM

Remodeling the attic is a challenge to the craftsman, and the possibilities for development are endless.

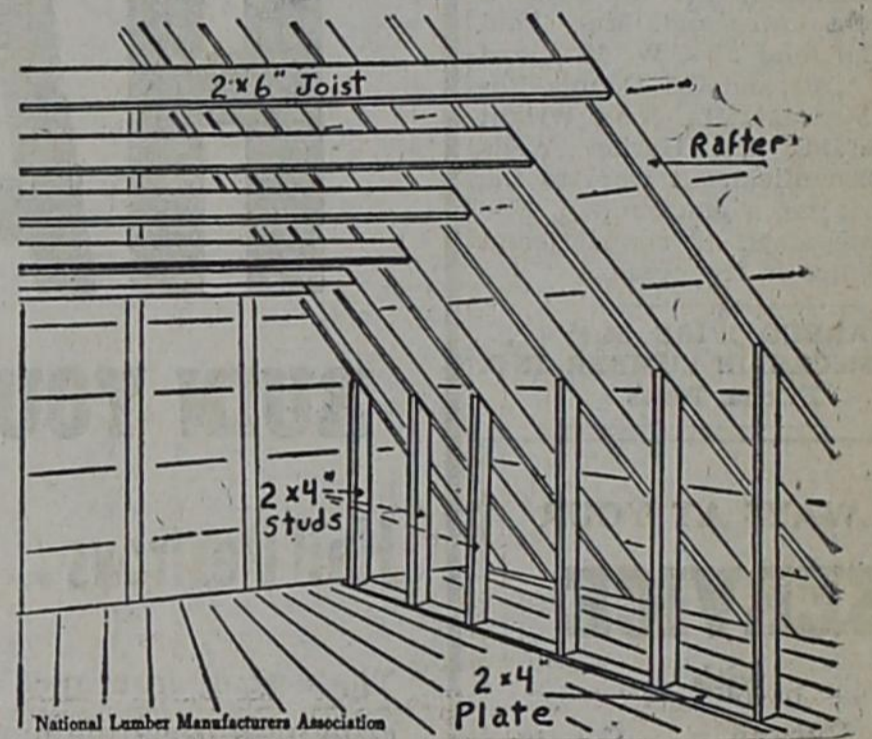

Before he starts, the craftsman should see his local lumber dealer for advice on how to take advantage of the existing structure, and on how to save money by the wise use of lumber.

The drawing shows the addition of the joists and studs to which ceiling and walls will be

fastened. This work must be done carefully, and checked for alignment with a carpenter's level.

Ceiling joists are of 2 by 6-inch lumber for spans over 10 feet long. For shorter spans, 2 by 4's may be used.

Wall studs are 2 by 4's, extending from a 2 by 4 plate on the floor to meet the rafters at a suggested height of not less than 5 feet.

The toughest standard ever set up for automobile motor oil is the Mil-0-2104 Supplement 1 test. New TROP-ARTIC is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer . . . an oil so good it can double the life of an automobile engine!

Compared to ordinary motor oils, new TROP-ARTIC reduces wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and rings cleaner. It saves you money by increasing gasoline mileage.

TROP-ARTIC is a superior all-weather oil . . . S.A.E. 10W-30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. Any car, in any climate, at any time of the year will perform better with Phillips 66 TROP-ARTIC.

**Hospital Report**

There can be no doubt as to the need of a new hospital when one stops to consider the amount of care given in the last two year period. There has been in the past 22 months (definite records not established before that time in a form readily assimilated for publication) a total of 1359 patients in the Hospital. This does not take into consideration newborn infants. A remarkable thing concerning these figures is the increase of patients which reflects the increased population in general. These past few months, even up to the present months which are supposed to be a slow period, have found the personnel hardpressed to care for so many patients. According to the American Medical Association and the American Hospital Association, there is an average of 2.4 persons per 1000 population hospitalized while there should be 3.4 beds per 1000 population available for use at any one time. Remembering that these figures are only average, what is to happen when an epidemic or emergency of any sort should prevail? If something out of the ordinary were to occur which required three or four beds, we would have to put patients in the hallway.

Dr. Lee Spring has joined our Medical Staff at Parmer County Community Hospital. This will result in people not having to wait so long plus being able to have the added knowledge of another qualified medical doctor. He will do general practice and surgery when Dr. Smith is not available.

Work has progressed on the new Dentist office and it is felt certain he will be able to start practice around August 10th. Dr. Shackelford and family have already arrived to make Friona their home.

We are confident that these additions to the Staff are going to add to the medical and dental care deserved by you. Won't you keep in mind the need for a new hospital and help us when you are asked? That is the only factor which is holding Parmer County from having the best in health care—a new building with facilities capable of keeping up with the technical knowledge of its Staff.

The funds available to build a new modern Hospital for Parmer County now stands at \$18,203.24 cash and \$10,152.50 pledged, making the total \$28,355.74. This leaves us still \$21,644.26 short of our anticipated goal of \$50,000.00 It is felt that the amount will be raised with no great amount of trouble if the crops make a good yield this fall. After all, in a project this large, the amount lacked is not so much, considering the many persons whose responsibility it is to help and whom it is to benefit.
