New Family Feted With Shower 28th

Mr. and Mrs. Roscoe Burris and their new family, Betty, 9 and Wanda, 7, were honored with a congratulations shower at the undercroft of the Texico Baptist church Thursday evening.

As the honor guests arrived, the attendants sang "Hail, Hail, the Gang's All Here, Rootin' for ne Burrisas," then began the hymn, "Blest Be the Tie that Binds". Their family was presented with a wash tub, brimming with gifts.

Prayers were given for the new family and presents were opened. Sliced apple juice and cake were served, with small wash tubs of nuts as favors.

Attending the shower were: Mrs. W. D. McWhorter, Mrs. Joe Blount and girls, Mr. and Mrs. B. L. Harding, Mrs. Joe Crume, Mr. and Mrs. Anson Bowers, Mr. and Mrs. A. B. Kleenan, Mr. and Mrs. Olan Schuster, Rev. and Mrs. C. C. Morgan, Wanda and Patricia; Mr. and Mrs. T. H. Richey, Mr. and Mrs. Ben Smart, Mr. and Mrs. W. J. Matthews, Mr. and Mrs. R. H. Pruitt and family, Mr. and Mrs. N. R. Harding, Mr. and Mrs. A. W. Francis and family, Mr. and Mrs. Orv I Francis, Mr. and Mrs. L. A. Pearce and Mr. and Mrs. E. G. Williams.

Sending gifts were Mrs. W. E. Spade, Mr. and Mrs. Harry Whitely, Mr. and Mrs. Edd Hardage, Mr. and Mrs. Mitz Walling, Mr. and Mrs. Melvin Snider, Mr. and Mrs. Raymond Martin, Mr. and Mrs. Lyde Magness, Mrs. Maud Brown, Mr. and Mrs. Sterlyn Billington and family, Mr. and Mrs. Jack McAnigal, Mr. and Mrs. J. D. Brown, Mr. and Mrs. Buddy Pearce, Mrs. T. E. Roth, Mr. and Mrs. Otis Branscum, Mr. and Mrs. Frank Seale, Mr. and Mrs. Guy Cox, Mr. and Mrs. Jim Bob Smart, Mr. and Mrs. Kenneth Fields, Mr. and Mrs. Gabe Anderson, Mr. and Mrs. John Hadley Jr., Mr. and Mrs. Claude Rose and Pudge, Mr. and Mrs. Jack Stinks and daughter, Mrs. J. C. Banks, Mrs. J. O. Ford.

Mrs. Stroup Directs WSCS Study

Mrs. M. H. Stroup was in charge of the program for WSCS of the Methodist church the past week in the home of Mrs. B. N. Graham. Subject was "But It Is The Same God", and women took up missions. Mesdames Albert Thomas, W. H. Graham and J. R. Thornton assisted with the program.

Women were served spiced tea and date pudding topped with whipped cream. Attending were Mesdames Thomas, James Cox, A. D. Smith, Thornton, Ralph Humble, Lena Yoder, Chas. Lovelace, Willie Lovelace, Guyor, W. H. Graham and the hostess.

Ladies decided to have an all-day covered dish luncheon and meeting February 10, beginning at 10:30, in the morning.

The Douglas Williams Have A New Baby Boy

Pic. and Mrs. Douglas Williams are parents of a son, Douglas Wayne, born January 16 in Pittsburgh, Calif. Maternal grandparents are Mr. and Mrs. Ed Engram of this city and paternal grandmother is Mrs. Cora Williams of Clovis.

Both of the new parents are graduates of Texico schools. Mrs. Engram returned Thursday, after having spent three weeks in the home of the young couple.

Mrs. Claude Osborn To Speak To PTA

"The PTA Keeps Faith With America" is the subject of Mrs. Claude Osborn of Friona, who will speak to Farwell PTA Thursday evening, February 11. The intermediate grades will then furnish further entertainment.

Hostesses for the meeting will be Mesdames Vernon Jamison, R. W. Anderson, Vernon Symcox, Tom Foster, Paul Wurster, Erma Jobs and Tucker.

ESA To Meet With Gloria Miller

Gloria Miller is to be hostess to members of Epsilon Sigma Alpha Monday evening, when they meet for a regular business session at 7:30 in the evening.

Council meeting of ESA is slated in Artesia February 14.

Returns Home

Mae Means has returned from a three week trip to Refugio, Texas, where she visited her brother. She arrived back in Texico Friday.

Visits Here

Mrs. Arthur Arbaugh of Pueblo, Colo., was to arrive this week to visit in the home of her sister, Mrs. Harry Jesko, and with her mother, Mrs. Teresa Kaiser.

Mrs. Rose Goes To Dallas Market

Mrs. Claud Rose was among the more than 5,000 buyers who attended the American Fashion Association's Spring and Summer Market in Dallas, January 17-22.

The American Fashion Association, comprised of 500 salesmen, displayed more than 1200 lines of women's and children's apparel at the Adolphus and Baker Hotels.

Headlining the events of Market Week was the AFA Breakfast Clinic Style Show, presented in the Crystal Ballroom of the Baker Hotel on Tuesday, January 19 and Wednesday, January 20. The theme of the shows, "Sunbrights... Moonlights" emphasized colors, bright as summer sunshine and fabrics, light as moonbeams, presented with a brighter outlook for summer sales figures. The fashions shown were from the spring and summer lines shown at market.

Mrs. Evelyn Lambert was director and commentator for the clinics.

The next market will be held in Dallas, May 16-21 and will feature Fall Fashions.

Mrs. Kelley Teaches WMU Mission Study

Mrs. B. A. Kelley taught the mission book for Texico WMU in a meeting at the Baptist church Sunday. Next meeting will be a royal service program in charge of Wilma Whitener.

Attending the meeting were Mesdames Olan Schlueter, S. G. Billington, B. A. Kelley, J. O. Ford, Dallas Brown, Nora Day, Howard Whitener, C. C. Morgan, Morgan Billington and Jill Ann.

WMU Women Have Breakfast Meet

Farwell WMU met with Clytie Dial Monday for a program on stewardship, in charge of Estellene Billington. Breakfast was served to Mesdames Otis Branscum, Dick Gerles, Herman Gerles, N. R. Harding, Dickie Magness, Estellene Billington, Beulah McWilliams, Beulah Williams, W. M. Turner, and the hostess.

To Amarillo

Mrs. W. H. Graham was in Amarillo Friday to visit a friend, Mrs. George Brownell. She also visited shortly with her daughter and family, the Vance Crumes, in Hereford.

Farwell Students To Attend Clinic, 6th

PORTALES—Farwell students will be included in approximately 450 high school singers who will attend the all-day choir clinic at Eastern New Mexico university featuring the world-famous Westminster choir and its director, Dr. John Finley Williamson.

To be on Saturday, Feb. 6, the clinic is sponsored by the ENMU School of Music for high school students in the Eastern New Mexico and West Texas area. Thirteen schools and one church group have made reservations to attend.

The Westminster choir is being brought to Portales by the Mutual Concert Series. They will present a concert at the Portales junior high school on Sunday, Feb. 7, at 3.

Music to be used in the clinic are selections from the Sunshine music camp last summer for which Dr. Williamson was clinician. They are "Go Not Far From Me, O God," Zingarelli; "In Peace and Joy I Now Depart," Fetter; "Once to Every Man and Nation," York; and "Mister Banjo," Burleigh.

The Saturday session will begin at 9 with a three-hour rehearsal in the morning for students and their directors. During the noon hour the directors will meet with Dr. Williamson for a luncheon-round-table discussion. The afternoon session will include an informal concert by the Westminster choir.

Valentine Theme Used For Meeting

Susannah Wesley Bible class of the Methodist Church met Tuesday with Mrs. B. N. Graham. Mrs. J. R. Hadley led the devotional.

Refreshments were served to Mesdames E. G. Blair, James Cox, J. R. Hadley, A. D. Smith, F. J. Park, Lena Yoder, Grace Sanders, E. E. Booth, Albert Thomas, the hostess, and one visitor, Mrs. B. O. Faville.

The Valentine theme was carried out with the exchange of valentines.

National Federation Junior Music Festivals

"Not to earn a prize or defeat an opponent but to pace each other on the road to excellence" is the slogan used by the National Federation of Music Clubs to promote interest in the National Junior Festivals.

Seventh District Texas Federation of Music Clubs is making plans for the Junior Festivals to be held March 13, 1954, Mattie Mae Swisher of Hereford says.

The Festival will be held in three divisions on the same date. The Hereford division will be in charge of Miss Swisher, 108 W. 5th St., Hereford, who is general director for the Seventh District Junior Festivals.

All members of Junior Music Clubs whose dues are paid are permitted to participate in one or more of the events, including piano, organ, voice, violin, accordion, horns, hymn playing, hymn memory, vocal ensemble and theory.

Dr. Lena Milam of Beaumont, Texas who is the National Junior Counselor, suggests that Music Teachers should organize their studios into Junior Music Clubs. This would make all students eligible to enter the Festivals.

The primary purpose of the Festivals is to encourage and inspire young students to greater effort toward artistic achievement and provide a basis for higher musical attainment.

The interest and participation in festivals throughout the United States has increased tremendously during recent years. There were 288 entrants last year in the Seventh District of the Texas Federation of Music Clubs.

Music teachers and Junior Counselors can obtain further information about the festival by writing to Miss Swisher at Hereford.

Husband Leaves

Bennie Christian left Saturday to return to his base. His wife, the former Sue Medley, will remain here with her parents while her husband is in the service. Mrs. Christian is employed by Southwestern Public Service Co.

South Korean Army Captain Writes Mrs. Porter, in Appreciation of Gifts

It was several months ago that Lt. JeDon Porter, son of Mr. and Mrs. John Porter of this city, went overseas to be stationed in Korea. JeDon immediately began writing his mother about the poor living conditions of the Korean people, and of the hardships they endured as they were without sufficient clothing or food. He commended them as "good boys." Mrs. Porter immediately dispatched several boxes of clothing and food to her son to be given to the people there.

It takes a long time for such packages to reach their destination, and Mrs. Porter received acknowledgment from her son. But the most touching "thank you" was received from a young South Korean captain, Capt. Ohm, who wrote the local woman, expressed appreciation for the gifts, and also sent her an illustrated book on Korea as a token of his appreciation.

He then sent another letter, after other boxes were received. The captain has developed reasonably good English, and the letters are printed here, as he wrote them, to better illustrate the genuineness of his appreciation.

Dear Mr. and Mrs. Porter,

I think I'll introduce myself to you before I write. My name is Capt. Ohm. I am a best friend of Lt. Porter. We living in the same bunker.

I like to say at first of all "thank you very much" for your many pounds after pounds of Xmas gifts you sent to us for Koreans in this company. I also received a big box myself from Lt. Porter so I took it back to my home in Seoul, then gave to my five sisters and a brother. You should have seen those happy smiling faces of them. They were so much appreciate to you. All the my sisters and a brother are in the school, they said they will write a appreciation letter to you.

So also all the Korean soldiers in this company were so happy and appreciated to you. Some of were has been took to their home when they went on Christmas leave. Most Korean soldiers in company are cannot write a English, so I'll say thank you to you for them.

Those package were so wonderful. I know those gifts will help lots for the people in over here, they sure could use them. I wish from now, we got a good strong friendship between USA and our Republic of Korea. I hope it will keep up forever and be keep up to more stronger forever. Then will bring a truly peace over the world and everybody live in lovely freedom. We all wish you good luck and good healthy.

We will write to you again.
Your Sincerely,
Capt. Ohm.

Visits Uncle Tom

Lawrence Leeper, an old-timer of this community who resided here back in 1906, has been here visiting his old friend, Uncle Tom Randol, this week. Leeper now lives in Houston.

Uncle Tom and Leeper then visited in the John Doose and Russell Johnson homes.

Visits Here

Sharon and Patricia Dixon are here visiting with their grandmother, Mrs. Ruby Dixon, and great-grandmother, Mrs. J. C. Temple, while their parents have gone to Kansas. Their mother's father is very ill. The little girls live in Albuquerque.

Meet Tonight

Regular meeting of Order of Eastern Star will be held at 7:30 tonight (Thursday) at the Masonic hall in Bovina, Gertrude Potts says.

Are Dinner Guests

Mr. and Mrs. Truman Doolittle, Sue, Leon and Kenneth and Gayle, were Sunday dinner guests of Mr. and Mrs. Russell Johnson and family.

Visit Parents

Mrs. Leon Cantrell and children visited her parents, the Sam Randols over the weekend. Mr. and Mrs. Raymond Robertson were also here briefly.

To Socorro

Mr. and Mrs. Ted Sheets went to Socorro, N. M. Sunday to get their daughter, Pauline, who returned home with her parents for a visit.

Visits Parents

Irene and Susan Thornton of Bovina are visiting their grandparents, Mr. and Mrs. Thornton, while their parents, the William Thorntons are in Temple.

Mr. and Mrs. Willis Magness arrived home last Thursday from Mineral Wells, after spending several weeks there.

Mrs. Brewer Is Coffee Hostess

Mrs. Loyde Brewer was hostess to members of ESA Friday night following the Mother's March which was conducted by the group.

Spice cake and coffee were served to Jeanne Graham, Elizabeth Kaltwasser, Gladys Kaltwasser, Wilma Liner, Dorothy Quickel, Iris Thornton, Nell Walling, Sylvia Watkins, Maxine Williams and Rosa Roberts. Some of the members who helped with the March were unable to attend the coffee.

Rev. Horton To Speak to Club

Rev. Dewey Horton will discuss "Youth Program" at the regular meeting of the Women's club Monday night, February 15, in the home of Mrs. M. H. Stroup, at 8 o'clock in the evening.

Music will be presented by the Texico and Farwell music clubs. Hostesses for the evening will be Mesdames Dewey Horton, W. H. Graham and M. C. Roberts.

Baby Beavers are called kittens.

Visiting Mrs. Jess Newton Sunday were Mr. and Mrs. H. H. Potter and sons of Sudan and Mrs. Bess Mansfield.

"For Over Fifty Years"
FARWELL, TEXAS

Wheat, Sorghum Loans Will Pass 5 1/2 Million Mark

Wheat and grain sorghum loans to Farmer County farmers for 1953 and up to Jan. 15, 1954, passed the \$5 1/2 million mark...

Loans for wheat up to Jan. 15 stood at 442 for a total of \$788,112.84. Farmer county had approximately 60,000 acres in wheat last year.

Grain sorghum loans stole the show, however, totaling a whopping \$4,947,392.68 on 1725 loans up to Jan. 15. Joe Camp, ASC secretary...

Cotton is an unknown factor. Gins and other private operators this year handled loans on this commodity, and no figures are available as to the amount which went into loan...

In 1952, grain sorghum loans amounted to only \$437,243.90, the comparatively small figure being mostly because a large part of the 1952 crop was sold.

Wheat loans for 1952 were \$2,217,093.37. Some drought emergency feed, applied for under the recent program, is still arriving in the county...

Three cars of meal have been shipped in during the last two weeks. Sir Groundhog, if he so much as opened his eyes Tuesday, must certainly have seen a sight to chill the most hardy of his breed.

Why? Because the High Plains sun was beaming down from above as the temperatures climbed steadily to a high of 65. There was hardly a cloud in the sky, and if Mr. Groundhog didn't see his shadow, it was just because he didn't look.

According to tradition, that foretells another six weeks of winter weather for residents. That, say residents, could easily be endured if the "winter" weather is comparable with what has been common for the last ten days.

The Farwell Chamber of Commerce, in session last week in the county courtroom, discussed plans for the annual banquet which will be this year on Feb. 26.

Price for the tickets has been set at \$2 each, and they will be printed and sales will begin this weekend. Guest tickets will be sent to several neighboring cities.

Renewal time for memberships and the starting date for the annual membership drive will begin on St. Valentine's Day, Feb. 14, as has been a tradition with the organization.

Santa Fe Men Here Monday

W. H. Ehrenkrook and Robert Digneo of Santa Fe were here Monday night to attend the meeting of the Texico Town council.

The guests are members of the traffic and safety division of the state highway department of New Mexico.

They were in Texico in the interest of regulating safety measures, W. L. Freeman, city clerk, says. The two men made recommendations to the Texico group.

Other routine business matters were discussed by the town council. Friends of Mrs. Frank P. Wilson report that the Bovina rural lady received quite a jolt last week from the driver-less tractor of her husband.

The Wilson farm, which is west of Bovina, was using a guide-driven tractor to break land, and everything had been going well—up to a point that is. One day last week Mrs. Wilson looked out the window and was startled to see the tractor bearing down on the farm home.

Something had gone wrong with its mechanical driver, and it was "running wild." Mrs. Wilson stood helplessly by while she watched the machine march into the farmyard. She thought the house would certainly be torn up, but the tractor collided with a water tank and stalled.

Considerable damage resulted from the run-away experience, however. The total, up to the deadline Sunday night, was 2012, including exemptions.

A number of people, Lovelace says, took advantage of the sheriff's office offer to remain open until 10 p. m. Saturday night to issue receipts.

Parmer County citizens did "pretty well" in paying their poll taxes and making themselves eligible to vote this year, says Chas. Lovelace, sheriff, assessor-collector.

The donkey basketball game, which was originally slated to be last month, and was postponed because of bad weather, has been set for February 23, John Getz, Legion commander says. Further details will be announced later.

The Legion will meet Monday night at 8 o'clock to consider the ball game. Members present Monday night voted to keep dues at their present status, which is \$25 for businesses, \$10 for individuals.

A check was made into progress of the street sign fund-raising campaign, and Wilfred Quicke, secretary-manager, reported that over \$50 has been collected for this project. The Chamber voted to participate again this year in the summer youth program, which provides recreation for youngsters of the community.

Several members were outspoken in their endorsement of the program, saying it has been highly successful in past seasons. The Chamber voted to extend an invitation to Dr. Joseph Corbett of Clovis to attend the next regular meeting.

TO CONFERENCE Rev. Dewey Horton and Mr. and Mrs. Sterlyn Billington of First Baptist church, Farwell, were in Plainview the first of the week to attend an evangelistic conference at Wayland College.

Stop Taking Harsh Drugs for Constipation Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way! For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get sure but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsina. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

TO COTTON GROWERS

In a Thursday morning paper these items were presented by the UP: "Texas Farm Bureau recommended Wednesday that Texas' share of increased 1954 cotton allotments be allocated by the state PMA committee directly to farmers to take care of "hardship" cases.

The Farm Bureau board of directors said hardship cases would profit more in this manner than if the increases were apportioned by counties on the basis of past acreage." In the same item, Agriculture Commissioner, John C. White said: "I don't think it could be done under the present law."

At the close of the item appeared these words: Farm Bureau President J. Walter Hammond said "the vital need for alleviating Hardship cases" is the main reason for the Farm Bureau fight for the increase in the first place." After a phone conversation with Claude McCan, this telegram was sent to the appointed meeting place of the state PMA committee: Claude McCan, state PMA Chairman, College Station, Texas, January 28—"Parmer County Farm Bureau with five hundred sixty members reaffirms support of Texas Farm Bureau requesting 1954 cotton allotments be allocated by state PMA Committee directly to farmers for benefit of hardship cases as provided by recent congressional action."

Sunday morning daily papers carried this item concerning the allotment meeting: "The state committee composed of Claude McCan of Victoria, chairman, and Fred Chandler of Pecos and Bob Lyons of Amarillo issued this statement yesterday: The increase of 1,342,320 acres in the 1954 state allotment for upland cotton (will be apportioned has been termed in the state under the 65, 40, 50 formula; this method of apportionment has been termed the most equitable method to carry out the intent of the act and to correct inequities and prevent hardships".

There is a final act in a Farm Bureau accomplishment that will mean thousands of dollars to Parmer County farmers this year. Farm Bureau leaders, working many months, inaugurated the idea and gained support of individual grower groups. Consider this: "When the righteous are in authority, the people rejoice; but when the wicked bear the rule, the people mourn." Proverbs 29-2

NOTES From the Parmer County S C D

By STEVE BAVOUSETT

This week, we received the form 247 from the ASC office. This enables us to start checking the permanent type practices that ASC will share on construction costs. Before you draw payment on bench leveling, terracing, diversion terracing, concrete pipe, establishing crop rotation, building tank dams and seeding waterways, the Soil Conservation Service must approve the practice.

If you have applied for payment and are ready to start work, drop us a card or come by the Soil Conservation Service office. Otherwise, it might be some time before we are out by your place. At the present time, we have received the following requests: 9 for bench leveling, 30 for concrete pipe, 2 for stock tanks, 3 for diversions and 1 for starting crop rotation.

TO HAVE SPEAKER Farwell Men's Brotherhood is slated to meet Monday night at 7:30 at the church. A special guest speaker is to be on hand, men say.

GM DIESEL POWER THE TIME TO BUY IS NOW!

Irrigation is the latest development in High Plains farming, so why be old-fashioned and keep using that worn-out, or over-worked, light duty engine?

Western Machinery will install your GM diesel engine, and service will be there for SEASON AFTER SEASON. Not just a few short months. Real economy consists of buying the BEST, and G. M. Diesel IS the best.

WESTERN MACHINERY 2ND & MITCHELL CLOVIS, N. M.

your needs. One practice is for perennial grasses or legumes that will be left on the land at least two growing seasons. Any of the proven, desirable perennial grasses or perennial legumes can qualify. The other two practices are for annual legumes. One is for summer legumes which include cowpeas, lupuram clover and madrid clover. The other is for winter legumes that included Austrian winter peas, vetch and madrid clover.

We have about 150 pounds of Indiana grass and 50 pounds of Cane Bluestem for distribution to district cooperators. We would like to give this to someone who would harvest the seed and use them for planting more acres or place the seed on the market. Recommended seeding rate is three pounds per acre for both grasses.

We have written new plans with W. Gammon, Tom Caldwell, Ernest Osborn and R. M. Warren. In the spring of 1953, Archie McCutchan plowed under two tons of vetch per acre. He planted the vetch ground to grain sorghums. This spring when Archie started deep breaking, he found out how an increase in organic matter improves the tilth of the soil. He plowed across his cotton land on across the vetch land. When the plow hit the vetch land, it dropped into the ground about two more inches and the tractor did not pull as hard. This happens quite often on tighter lands.

News From Black

By CARRIE TATUM

The Sears Grain Company of Black has been sold to the farmers, and is called the Tri-County Grain Co. with Pete Braxton as manager. Pat Deaton, stationed at San Diego, California arrived Saturday to spend his twenty day leave with his parents, Mr. and Mrs. K. E. Deaton and sisters, Betty, Barbara and Veronica.

Lou and Ann Christian spent the weekend with the Fern Barnett's. Mr. and Mrs. Pete Braxton, Jim and Ray were weekend visitors with friends at Shamrock. Mr. Braxton visited with some boyhood friends he hadn't seen in about twenty years.

Mrs. H. H. Elmore narrowly escaped injury Sunday night when her car hit the ties on the railroad crossing, bounced about four feet, and narrowly missed a culvert. The car wasn't damaged and Mrs. Elmore wasn't hurt, but brought quite a scare.

Mrs. Glenn Floyd and children. Jenevia Ivy and Marie Hinds visited with Mrs. R. E. Barnett Monday.

Mrs. C. D. Greeson and family spent Sunday with Mr. and Mrs. John Hands and family. Mr. and Mrs. Vernon Christian are vacationing in Carlsbad, N. M. and other points of interest this week.

Billy Warrick of Hereford, spent Sunday with Neal Greeson. Pep Rally Held Tuesday Afternoon

Texico school turned out in full force Tuesday afternoon for a pep rally before Tuesday evening's tilt with the Grady Bronchos and Bronchoettes. More enthusiasm and determination have not been shown this year than that in evidence at the rally. The pep club gave yells with the band assisting by playing a series of "snappy" marches.

Different members of the squad and faculty were called on to give their opinions of the prospects for winning the games.

Texico Girls Win; Boys Lose To Dora

Friday night, the Whirlwinds ran up a 4 point, 11-7 lead in the first quarter, increased the margin 19-13 by half time and matched the Dora Coyotes point-for-point in the final 16 minutes.

Marked improvement in the Texico offense was noted as the Whirlwinds worked off post forward, Shirley Stover, time and again to set up good shots. Stover, opposed by Dora's Brown, fine junior center, hit her share of the shots and grabbed high point honor with 23 on 10 field goals and 3 free throws.

Brown hit 6 fielders and 2 free throws for 14 points. A couple of driving artists ranked second on each team. Barbara Caldwell hit 19 points for Texico and Brumfield scored 12 for Dora. Lawson, who can hit'em from the outside or drive in for a layup joined up with Brown and Brumfield to produce Dora's first quarter scoring.

In a close, hard-fought battle Friday night the Dora Coyotes eased by the Texico Wolverines to the tune of 58-51.

Texico couldn't seem to get started in the first period of play, letting the coyotes outscore them 18 to 8. During the second quarter, Texico came surging back to make the half-time score 28-24 favoring the Wolverines.

Dora come back in the third period with stronger offensive than previously shown in the game popping the net nine times on field goals and dropping in five free throws to the Wolverines 16 points. As the final buzzer sounded, the score stood 58 to 51 in favor of Dora. Taking the honors of high point were Crooks for Texico with 14 and K. Richards for Dora with 20.

Ninety-One Enrolled In Baptist Study

Ninety-one were enrolled in the study course at the First Baptist church, Farwell last week, with good crowds each evening. Sunday school record for Sunday was 144, with 87 in Training Union. Members are planning a birthday celebration for the church on March 21.

Further plans will be announced later.

Belvin Freeman Back Home After Three-Year Assignment in Far East

Belvin Freeman, son of Mr. and Mrs. W. L. Freeman of Texico, has recently returned to his assignment after having visited in Texico with friends and his parents, for the first time in over three years.

The local boy arrived home December 19, and was to return to Ft. Sill, Okla. over the weekend, for 10 weeks of training in an artillery course. He will then be reassigned. He has been in the service for five years, having joined up after he had attended Eastern New Mexico University for two years, studying journalism.

He volunteered, received a commission, and was graduated from OCS at Ft. Riley, Kansas of 1949. He had various assignments, was then assigned to 62nd AAA AW Battalion at Ft. Hood, Texas, and went overseas to the Far East Command. He was at 40th AAA Brigade Headquarters at Yokohama, Japan as an R-Cat (Radio controlled airplane target) commander.

He was there until April of 1951, when he joined the 29th AAA AW group and became a platoon leader. The battalion was moved to Hokkaido, Japan with the 1st cavalry, which had just returned from Korea. He was the battery adjutant for a while, then Brig. General Ralph C. Cooper acquired the local boy as his aid from April of 1953 until Belvin's return in December.

Belvin was in the Far East for a total of 40 months, and was spending his first leave in the states, since that time.

Asked about his reaction to Japan, Belvin relates that during the time that he spent in Japan, the people there made a tremendous amount of progress, economically and culturally. He felt that this was partly due to the American forces being there.

The average farmer there, says Belvin, would have a rice field only about as large as The Tribune building. They used archaic farming methods, and made available every foot of land, by terracing even the hills. There is an abundance of rainfall, so there is no irrigation.

Belvin expects to be in the states for a period, then doesn't know what his assignment will be. He reveals that he wouldn't care to go back to the Far East, but he would like to go to Europe.

Another distinction belongs to Belvin, he received the Bronze Star, previous to his coming home in December.

Present plans for the local boy, are to remain in the service, and to make it his career.

CALL SESSION

Farm Bureau directors meet Friday at 2 o'clock to lay plans for the membership drive of the organization. Regular meeting of the directors will be Monday at Friona.

The Bennie Christians returned last week from their honeymoon trip. She is the former Sue Medley.

BELVIN FREEMAN

OFFICE MEMORANDUM
by
ALLAN SHIVERS
Governor of Texas

Austin, Texas

Greetings:

One of the great and basic institutions upon which we rely for the furtherance of our American ideals is our public school system. It is the birthright of every American to attend our public schools and there acquire the essentials for making an honorable living, as well as an understanding of the reciprocal privileges and responsibilities of American citizenship, the advantages of our way of life, and the place of our country in the world.

We in Texas are proud of the school system that has been developed in our State. We like to believe that the opportunities afforded our children for sound basic education are not excelled anywhere. If we are justified in this conclusion it is only because the people of the State have shown a personal interest in education and because spirited men and women have been willing to devote their lives to the teaching of youth.

Our school system can meet the objectives expected of it only when there is a widespread public understanding of our schools and the type of education they provide. This kind of understanding can best be developed by the intimate knowledge that comes from inspecting the school houses, knowing the teachers and seeing the work of the pupils.

With these thoughts in mind, I Allan Shivers, Governor of Texas, do hereby designate the week March 1-6, 1953, as Public Schools Week in Texas, and I urge every citizen to visit at least one public school during this period and to become personally acquainted with the programs and accomplishments of our educational system.

In witness whereof, I have hereunto set my hand and caused the Great Seal of Texas to be affixed this 10th day of January, 1953.

(Signed) Allan Shivers
Governor of Texas

Smith Is Special Guest At Levelland

Nelson C. Smith of Farwell was a special guest of the Hockley County Sheriff's Posse at a dinner at the Cal Boykin hotel in Levelland last weekend.

Later in the evening, Smith was speaker at a meeting of the Rural Carriers of West Texas, then the Sheriff's Posse joined the group and Smith showed films of the Eisenhower inauguration.

Smith has recently received an appointment as a delegate to the White House conference on Highway Safety, to be in Washington, D. C. February 17-19.

New Bus Ordered For Farwell

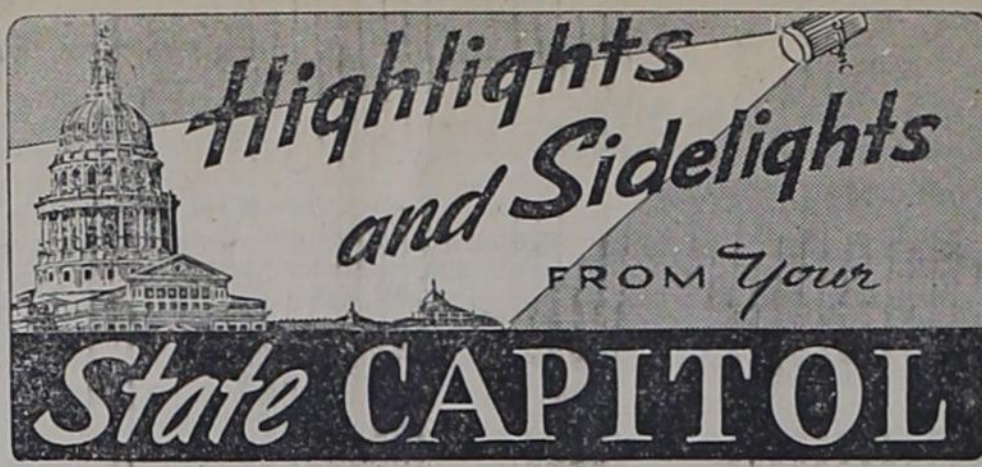

A new school bus has been purchased for Farwell schools, officials say. The vehicle is a 48-passenger International and will be used for Shelby Jobe's route.

This makes a total of eight buses on the routes with one spare bus. The bus should be here the first of next week.

FALL SESSION

Farm Bureau directors meet Friday at 2 o'clock to lay plans for the membership drive of the organization. Regular meeting of the directors will be Monday at Friona.

The body loses from two to two and one-half quarts of water each day.

By VERN SANFORD

AUSTIN—What will happen at a special session of the Texas legislature, to convene about March 15, depends upon action—or inaction—by the U. S. Supreme Court on this state's gas gathering tax.

There are three possibilities:

1. That the high court will not hand down its decision before or during the session. In that event, a new tax bill must be passed if the teachers are going to receive their pay increases.

2. That the court will declare the tax invalid. Under those circumstances, the legislature could rewrite the bill so as to remove the court's objections.

3. That the court will approve the tax. If this is the ruling, Texas will have sufficient funds on hand and in sight to grant the teachers their salary hike.

In announcing that he would call the legislators to Austin for a 30-day meeting around mid-March, Gov. Shivers said that if the gas gathering tax is ruled out by the court, "it probably will result in increasing some existing taxes."

House Speaker Reuben Senterfitt disagreed with the governor on several points.

Primarily, Senterfitt reasoned that the Legislature should not be called until the Supreme Court's ruling on the gas tax is made.

Money to pay the teachers should come from the gas gathering tax, the speaker argued, and it will be extremely difficult to pass any other kind of a tax bill during a 30-day session.

Lieutenant Governor Ben Ramsey said he considers the March 15 date "good timing." He pointed out that the best indications are that the U. S. Supreme Court will rule on the gas gathering tax late in February or early March. Ramsey pledged full support to the teacher pay raise plan endorsed by Gov. Shivers and the Texas State Teachers Association.

If the teacher pay problem is resolved before the special session's 30 days are ended, other subjects may be submitted to the Legislature for its consideration, Governor Shivers said.

Among these subjects, he included laws to clamp down on communists, building program for the medical college branches and rehabilitation of Texas School for Deaf buildings, additional pay raises for state employees.

With the special session in the offing, political activity was in the doldrums.

Speculation continued as to whether Shivers would run for reelection, seek some other office, or retire, but the governor wasn't talking.

Reporters asking him about his plans got this answer: "I might be too busy to make any announcement."

Senterfitt, who had announced his intention to become a candidate for governor, declared, "I have had no change of mind since then."

For the present, however, Senterfitt said, he will have his mind on the special session.

There was no word from other prospective gubernatorial candidates, all of whom apparently were waiting to see what the governor would do.

A special election was ordered in March to fill vacancies in the House of Representatives as follows:

Frank Svadlenak of Thrall died recently; William H. Abington of Ft. Worth, Phil Brooks of Bagwell, and Bert Hall of Rio Vista resigned.

Seven applicants for the job of state health officer were being considered by the State Board of Health.

Dr. J. B. Copeland, chairman of the board, would not reveal the names of the applicants, but said the board would soon make its choice.

Dr. George W. Cox, who has served for 17 years in the position, has submitted his resignation effective March 1, but may continue in office until his successor is named.

Garland Smith, chairman of the Texas Board of Insurance Commissioners, expressed alarm about insurance stock sales and recommended that such transactions should be supervised by the state.

"Nobody is supervising them now," Smith said. He added that a law will be asked to give the state securities commissioner regulatory power over issuance and sale of insurance stock.

A Houston group, the Citizen's Association for Fair Telephone Rates, wants Governor Shivers to place the subject of utility regulation before the special session of the legislature.

Walter Keith Jr., head of the association, said that the organization has 4,000 signatures on a petition asking for the establishment of a utilities commission.

TRYOUTS ARE FRIDAY

Tryouts for Farwell students to compete in the county spelling bee to be in Farwell February 10, will be held Friday, Kenneth Fields, grade school principal says. Winner of the county bee will compete at Amarillo the 27th.

holiday, however. Mr. Richards was a resident of Parmer County for over 30 years.

A favorite recipe of Mrs. John Blackburn of Frona is:
CRACKER TORTE PIE
3 egg whites
three-fourths cup Graham crackers, rolled fine
1/2 cup nuts, chopped fine
1 tsp. baking powder
1 tsp. vanilla
1 cup sugar

Beat egg whites until stiff, fold sugar in gradually, then Graham crackers, nuts, baking powder, and vanilla. Mix well and spread in buttered pie pan. Bake 25 minutes in moderate oven.
Doesn't that sound luscious?

"Prof" Morton had a ready comeback when we sympathetically remarked about the cold, windy weather that heralded their FFA project show Saturday. If you remember, the day before had been nice and sunny, as was the day afterwards.

"Prof" summed it up this way: "We sure did manage to sandwich the show in between two awfully good days."

And we have been hearing a lot about this teacher pay question. If we see too much more of what we see Tuesday, something may have to be done.

We were visiting the commercial department, while the youngsters were putting out their first mimeographed school paper, and Francis (Mrs. Kenneth) Fields was running around the room, issuing instructions, and barefooted.

We didn't say anything to her, but glanced around and finally located a pair of shoes, which we presume were hers, in the corner.

We breathed easier after that!

METHODIST CHURCH NEWS

"Fear vs. Peace," will be the sermon subject by Rev. Miller H. Stroup, pastor of the Hamlin Memorial Methodist Church, Sunday, Feb. 8, at the 11 o'clock hour.

The evening service at 7:30 p. m. features a singspiration service directed by the youth choir. The pastor's sermon subject will be "Graven Images."

The Sunday School hour is 10 a. m., Loyde Brewer is general superintendent.

The senior and junior-intermediate MYF meets at 6:30 p. m. The Woman's Society of Christian Service will meet at the church Wednesday at 3 p. m. Mrs. G. W. Atchley will be the leader.

The Wesleyan Service Guild will meet Wednesday at 8 p. m. at the home of Mrs. Paul Wurster. Mrs. Jim Moss is the leader.

The choir will hold regular rehearsal at the church Wednesday at 7:30 p. m.

Next Sunday marks the beginning of the second month in the Nation-Wide Attendance Crusade. The attendance during the first month of the crusade has been much better in Sunday school, morning, and evening services than for the same period last year. The crusade will run until Easter Sunday.

Rainbows are caused by the sun shining through raindrops.

The Tribune has more readers.

New Regulations in Water District Clamp Down on Wasting of Water

By JIM COMPTON

New rules and regulations governing the waste of underground water, drilling and spacing of new wells, and reworking or replacing of old wells have been formulated by the High Plains Underground Water Conservation District board of directors.

Several amendments to the rules were made necessary this year, reports district manager Tom McFarland. Also, he said, clarification has been needed in parts of the old constitution and by-laws.

The new rules and regulations become effective Sunday, February 7.

One of the most important of the changes in the rules concerns water waste, McFarland said. In the past, because of lenient rules, much water has been wasted. Not deliberately, but unconsciously, he hastened to add. The new rules and regulations definitely define the term waste as applied to underground water, and provisions have been added for its prevention.

According to the new Rule 1, waste is any water not used for agricultural, gardening, domestic or stock raising purposes; it is water which is not used for beneficial purposes; it is waste escaping from one underground reservoir to any other reservoir not containing underground water; it is water which is knowingly permitted to escape from irrigation land; it is that which is permitted to escape into natural water courses such as depressions in the land, creeks and rivers; and it is excess water which is not returned to the underground strata.

According to the provisions of the above rule, water shall not be produced within or used within or without the district boundaries in such manner and under such conditions as to constitute waste.

Concerning the application and issuance of drilling permits, the new rules clearly and definitely prescribe brief procedures to be used by owners or tenants desiring to drill, McFarland said. According to the present rules, no person, firm or corporation shall drill, construct, or equip a new well within the district without first making application for a permit.

Water wells which are to be used in a temporary capacity in supplying oil or gas wells are exempt from this rule. Also, upon application, information pertinent to the drilling, construction, or equipping of the new well must be furnished the district by the applicant.

After the proper information has been furnished and approved, a permit may be issued.

Also, no well shall be drilled and equipped without the owner submitting a drilling log and registration data.

As for spacing of wells, which has always been a large problem to cope with, we think the new rules have clarified the situation greatly, McFarland said.

Following are minimum specified distances between wells as incorporated into the new regulations: 4-inch or smaller pumps, 200 yards; 5-inch pumps, 250 yards; 6-inch pumps, 300 yards; and 8-inch pumps, 400 yards. A special permit must be obtained for pumps larger than 8 inches.

Pumping rates will be regarded as follows: 4-inch or smaller pumps, 70 to 265 gallons per minute (gpm); 5-inch pumps, 265 to 390 gpm; 6-inch pumps, 390 to 560 gpm; and 8-inch pumps, 560 to 1,000 gpm.

The rules are so constructed, McFarland said, to allow users to apply for exceptions to spacing, provided they can present a sound basis for such.

These rules have been made, he added, with the interest of every water user in the district at heart. We hope they will provide for more conservation of underground water on the part of everyone in the bounds of High Plains Water District.

Other rules such as those for re-charge wells, reborings, changed conditions, and well testing and inspections, have been changed in some respects and should be studied by water users, he said.

Provisions also have been made for the reworking or redrilling of

Bavousett Releases Smith Announcement

Ft. Worth, Jan.—Effective January 18, the US Soil Conservation Service became active under its recent organization, H. N. Smith announced today. Smith, who has been acting Regional Director for the four-state region of Arkansas, Louisiana, Oklahoma and Texas, with headquarters in Fort Worth, Texas assumed his new title as State Conservationist for Texas, and will report directly to the Administrator of SCS in Washington.

"The same action was taken by the men who had been appointed State Conservationists for the other states in the nation," Smith said. The title "Regional Director" was discontinued. Smith's headquarters as Texas State Conservationist are at Temple, Texas.

"During the transition period when the physical transfer of personnel and property from the old regional offices to the state offices is being carried to completion, James W. Hammett, who has been Assistant Regional Director, will be in charge of the office in Ft. Worth," Smith said.

Much of the time of the personnel remaining there, until their transfer to other positions in the states, will be spent in giving training to personnel in administrative duties to be carried on in the state offices after the Ft. Worth office is closed later in the fiscal year.

Also effective on January 18, was activation of seven Engineering and Watershed Planning Units strategically located in geographic sections of the county. These units will assist the State conservationist with engineering phases of assistance to soil conservation districts and with planning, design and construction activities in watersheds where flood prevention programs are proposed or underway. One of these units will be located in Fort Worth. Personnel in these units will be on the staff of the administrator of the Soil Conservation Service in Washington, D. C. The Fort Worth Unit will assist Texas, Oklahoma, Ark. and La. Howard O. Matson will be in charge of this unit.

Located too in Fort Worth will be a Field Cartographic Unit, one of seven such units in the nation. These units are part of the Washington D. C. staff located in the field to meet the needs in the states for aerial photographic maps and other types of cartographic reproduction. The Fort Worth Cartographic Unit will also serve Texas, Oklahoma, Arkansas, and Louisiana. H. L. Dean will head this unit.

"Function of the SCS in carrying out the national program of soil and water conservation inspection stickers through April 15," Captain Blackwell said in a prepared statement for the press and radio. "After that date, offenders will face court action."

through soil conservation districts are not changed in any way," Smith said. This action transfers greater responsibility to the state SCS offices and gives these offices additional technical and administrative personnel. In practically every instance the same personnel now directly serving soil conservation districts will continue in their jobs.

Jean Rogers To Sing Opera Lead

Jean Rogers, daughter of Mr. and Mrs. B. A. Rogers of Texico, will be a vocalist for "Naughty Marietta," Victor Herbert's modern classic of light opera, to be the spring presentation of the Eastern New Mexico University School of Music and the Silver Pack Theatre.

Miss Rogers, a graduate student, will sing the role of Marietta. The light opera, with a company of 75, will be presented March 4, 5 and 6 at ENMU theatre. The opera is set in eighteenth-century New Orleans. It is a melodramatic story of a hunt for a famous Caribbean pirate. It's a love story of a displaced Italian countess, Marietta. With all that, it's a musical story.

Among hit tunes are "I'm Falling In Love with Someone," "Italian Street Song," "Neath the Southern Moon," and "Ah, Sweet Mystery of Life."

MAGICIAN HERE

Both Texico and Farwell school children were entertained by a visiting magician last week, in special assemblies. The program is sponsored by Southern School assemblies.

To Silverton

Mr. and Mrs. W. H. Graham Jr. and Ronny were in Silverton Sunday to visit with her parents, Mr. and Mrs. O. M. Dudley. While there, they drove to Burson Lakes, a newly-created fishing resort, near there.

Among college students home for the weekend were Ernest Lokey, son of the E. F. Lokeys and Jerry and Rex Pool, sons of Mr. and Mrs. Lenton Pool. Lokey attends Tech in Lubbock and the Pool boys go to Eastern New Mexico University.

Anna Held made the milk bath famous in America.

Citron is a fruit originally from tropical Asia.

U. S. President Johnson was a tailor by profession.

A million is a thousand thousand.

French is the chief language of Haiti.

The battle of New Orleans was fought after the War of 1812 had ended.

We called Mrs. E. E. Booth of Farwell this week to inquire about her favorite recipe that she might like to pass on to our readers. She named one which she calls her "handy cake," explaining that it is so simple to make that she uses it when she wants a dessert that takes a short while to mix.

Her recipe is for an upside down cake. She puts three tablespoons of butter and 1/2 cup brown sugar in the bottom of the baking dish and places eight slices of pineapple on top of that. The batter is then poured over this.

Ingredients of the batter include 1 egg, 1/2 cup sugar, 1 cup pastry flour, 1 tablespoon baking powder, 1/4 cup milk, 1 tablespoon melted shortening, 1 teaspoon vanilla.

She says other fruits may be substituted for the pineapple, and the same recipe used.

It strikes us that Mrs. Dewey Horton, wife of the pastor of First Baptist Church, Farwell, is one of the most charming women we have had the opportunity to meet.

Now they've started another new trend—women's sport clothes of khaki, the latest thing.

Rose Bishop of Clovis was guest speaker for ESA recently, and some of the points that she brought out in her talk, would be well for the women to note. Her subject "poise," and Rose not only gave some pertinent facts that could help any of us, but she was the picture of "poise" as she made her address. No matter what our reaction is to etiquette and the fine arts, most of us like to feel at ease, wherever we are.

She says that poise means self-assurance.

Then Rose gave a few pointers on "beauty". She emphasizes that beauty is not a conscious thing that we can utilize at any moment, it is an unconscious thing. Beauty goes with the feeling that "I look my very best". Some people are so beautiful on the inside, that somehow, it doesn't matter about their appearance on the outside.

Then, according to Rose, that is where graciousness becomes a part of beauty. "It isn't the matter of beauty, it is the matter of giving the illusion of beauty", Rose says. She explains this by saying that often we meet someone, that we might consider homely on the first introduction, but after knowing them a short time, they have such an inner beauty that we forget the outward appearance, and to us, they are beautiful.

She certainly gave all of us something to think about.

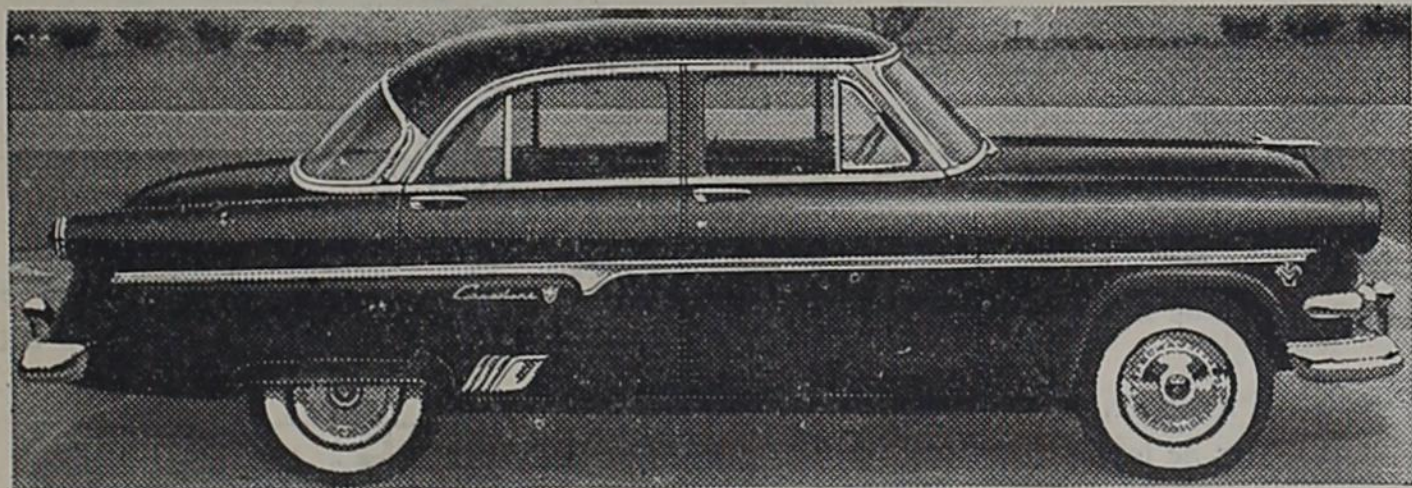

She told listeners that if we look for beauty in others, it will be evident in us. To be liked, you must like, to be gracious, you have to have a giving nature.

And, she brought out that cultured, poised people are not "snooty".

Rose has recently returned from market and also had a few pointers on the fashions for the summer. She says it will definitely be a cotton year. Dresses have full skirts, and things will be very feminine. She said the sleeveless dress will be one of the most popular items, and all types squaw dresses are advertised.

Life's little embarrassing moment—when you ask someone to go have a cup of coffee with you, then realize after you have finished your beverage, that you don't have your billfold. It's worse since the price was jumped to a dime.

We received a note from Lucy Raynes of Ada, Okla. along with a subscription renewal this week. She tells us that her father, J. A. Richards, is at her home, and enjoys the paper a lot. Friends of Mr. Richards might like to know, that he hasn't been well the past few months. Mrs. Raynes says all the children visited him over the

Fine-car Styling An outstanding example of fine-car beauty in the low-price field... the new Crestline Ford is the fashion car for the American Road.

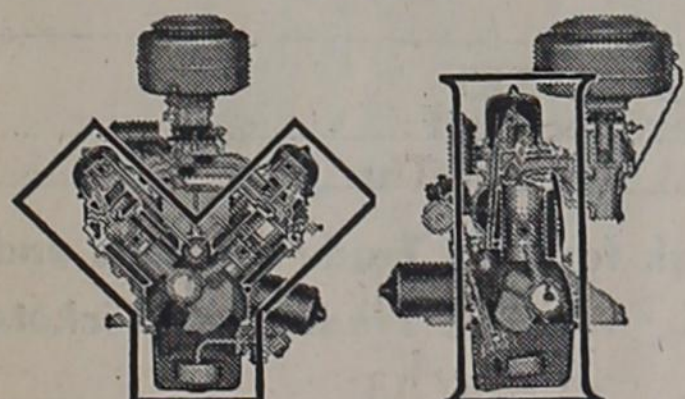

New Astra-Dial Instrument Panel is a safety dividend with speedometer placed high on the panel.

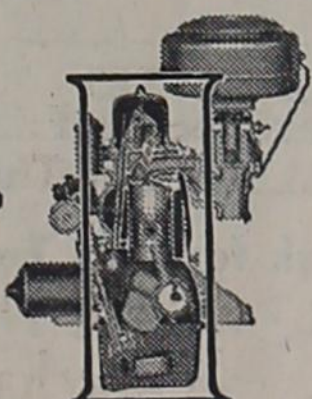

Style-Setting Interiors in Ford give you beauty from the inside out with colorful new upholstery and trim.

Extra Dividends at no extra cost!

The new Y-block V-8 with the new extra-deep crankcase, has 130-h.p. for a dividend of 18% more power. And you can enjoy V-8 advantages on less gas!

The new I-block Six has 115-h.p. for a dividend of 14% more power. Like the V-8, it has high-turbulence combustion chambers for more complete firing of fuel.

The '54 Ford gives you extra Dividends in style, in performance, in ride, with fine-car features you would normally expect to find only in highest-priced cars.

New Ball-Joint Front Suspension

Simple, sealed ball joints replace king-pin type system used on most cars. New system eliminates 12 wear-points... helps keep wheels in line... riding is smoother.

Test Drive it at your Ford Dealer's

ROSE DRUG & GIFT STORE FARWELL, TEXAS

Roberts, Smith and Hardage Top Show

Seventy-nine head of livestock were shown at the first annual FFA show for Farwell Saturday.

"Plans will be underway soon to make next year's show bigger and better," says a spokesman.

Judge for the review was Carl Menzies from Menard, Texas, who was a member of the winning intercollegiate livestock judging team in Chicago and was fifth in the entire contest.

Having top animals in the calves division were: lightweight calves—1st, James Roberts; 2nd, Lee Dennis Jesko; and 3rd, Gerald Hardage.

Heavyweight calves—1st, Jerry Henson; 2nd, Gene Hardage; 3rd, Larry Jesko; 4th, Gene Hardage; 5th, James Norton; 6th, James Norton; 7th, Lavon Jones.

feeder calves, Duane White; beef cow and calves, Jerry Primrose.

Grand champion calf, James Roberts.

In the hog division, winners were: barrows—1st and 2nd, Eddie Smith; 3rd and 4th, Jerry Venable; 5th and 6th, Jerry Owens.

Open gilts—1st, 2nd and 3rd, Dan Hammonds; 4th, Don Gerles; 5th, Ed Rolland; 6th and 7th, Jerry Owens.

Bred gilts—1st, Arlin Smith; 2nd, Rolland Hillock; 3rd, John McCuan.

Grand champion barrows, Eddie Smith.

In the sheep division, placing were: lightweight lambs—1st and 2nd, Gerald Hardage; 3rd, Wayne Morris; 4th, Gerald Hardage; 5th, Don Pool; 6th, Wallace Roberson; and 7th, Troy Christian.

Heavyweight lambs—1st, Gerald Hardage; 2nd, Jimmy Hardage; 3rd, Wayne Morris; 4th, James Roberts; 5th, Wayne Morris; 6th, Wayne Morris; 7th, Larry Cooper.

Pen of three—1st, Gerald Hardage; 2nd, James Roberts; 3rd, Wayne Morris.

Grand Champion fat lamb: Gerald Hardage.

March of Dimes Appears Successful

Although all reports are not yet complete, workers for the March of Dimes are quite confident that the drive in Parmer County will be the most successful ever staged.

Figures available now are: Black, \$118.45; Lazbuddie, \$115.66; Rhea, \$274.62; Friona, about \$1500; Bovina, \$335; and Farwell, \$1003.33.

Mother's March in Bovina, Friona and Farwell was successful, with Bovina raising \$335; Friona \$277.37; and Farwell, \$115.85.

These totals are included in the above figures.

Sterlyn Billington, chairman of the Farwell campaign, expressed his appreciation for all the volunteer work carried out by the people of the community.

Raymond Euler, county chairman, said that the work of Loyde Brewer should not be overlooked.

"He spent a lot of his own time visiting all over the county in the interest of the March of Dimes," Euler said.

Euler adds: "I believe we have had the best cooperation in the March of Dimes that has ever been given, and it also has been on a more community-wide basis."

A further report will be released later.

Farwell FFA Boys Go To El Paso

Farwell agriculture boys and sponsors are to leave Saturday for El Paso, where they will enter two calves and several lambs in the Southwestern Livestock Show.

James Roberts and Gene Hardage will enter calves while Doyle Ford, Wayne Morris and Troy Christian will enter lambs.

This is the first time the local ag department has had entries in the calf and lamb division of the show.

Don Gerles and Clarence Kube made a good showing in the swine division last year.

The boys plan to visit Juarez, Mexico, some time during the weekend and will return home on Saturday, February 13.

Ed Hardage, W. M. Roberts and Robert Morton will accompany the boys.

Crook's Death Now Official

Sgt. Harold Crook, nephew of Mr. and Mrs. H. R. Crook of Farwell and son of Mr. and Mrs. F. M. Crook of El Paso, has been reported killed in action in Korea.

This information was received here Tuesday by the local family, who say the War Department will issue details on the 23-year-old man's death later.

Crook graduated from the Boy in a junior high school.

Calendar Deadline—

Farwell Chamber of Commerce banquet. Cost of submitting a name for the calendar is 25c per name, and the calendars will be sold for 25c.

Wesley Foster—

Lariat; Leon Billingsley and Jimmy McGuire, Oklahoma Lane; Vernon Estes, Bovina; Foster, Allen, Kendrick, Mrs. Lange, Mrs. Neelley and Rev. Knight, Friona; and Mr. and Mrs. F. T. Schlenker, Rhea.

sibilities of organizing local groups to receive training in disaster first aid, which would be beneficial in the event of tornadoes, bad wrecks or other misfortunes.

Quota for the drive this year is \$1500 and 500 members.

Workers in the communities are: Mrs. Ellis Tatum, Black; Allen, Friona; Harry J. Charles, Bovina; Mrs. W. N. Foster and Mrs. Harry Jesko, Farwell; Mrs. Smith, Lariat; Billingsley and McGuire, Oklahoma Lane; Mrs. F. T. Schlenker, Rhea; Mr. and Mrs. John Hand, Lakeview; Mr. and Mrs. Melvin Treider, Lazbuddie.

J. O. Cantrell—

erable experience in road work, having operated motor graders for the county. He is a carpenter by trade.

"At the present time I am working for wages," the candidate said, "and because of this I feel that I will be able to devote all—not part of—my time to the office of commissioner."

"I will certainly appreciate any consideration the voters may show me, and pledge to them by best efforts if elected."

TOM FOSTER—

His pickup was parked in the middle of the road as though it had been stopped hurriedly, and footprints leading to Mr. and Mrs. Warren's home indicated he had run into their house to get the pistol, presumably after having seen a dog near the flock.

Foster apparently had come from the house with the pistol in his hand, headed for the flock, and shortly after climbing through the fence had stumbled and fallen, perhaps after catching his clothes momentarily in the wire, causing the pistol to discharge.

The scene of the accident was about 300 yards from the Foster residence, and Mrs. Foster recalls hearing no shot.

Funeral arrangements were set for today (Thursday) at 2:30 at the Oklahoma Lane Methodist Church, Rev. Vernon E. Willard in charge.

Thomas Franklin Foster was born in Elk City, Okla., on July 11, 1903. The family moved to the Oklahoma Lane community in 1920 and there he met Loucille Magness, whom he married in 1929. The two celebrated their 25th wedding anniversary last month.

To the couple were born Bobbie Francis, who died in infancy; Bonnie (Mrs. A. V. Warren); Bettie (Mrs. Norman Sulser, Earth); and Robbie and Rebecca of the home.

Besides his wife and children, Mr. Foster leaves as survivors his parents, Mr. and Mrs. J. F. Foster; two sisters, Mrs. L. M. Grissom and Mrs. C. C. Christian, all of Oklahoma Lane; and two brothers, W. N. Foster, Farwell; and C. E. Foster, Clovis.

The deceased was a member of the Methodist Church, and served on the board of stewards for 21 years. He was a 32nd degree Mason. Mr. and Mrs. Foster had lived all of their married life at the present home two miles east of the Oklahoma Lane community.

water drained in quite readily for a time, but soon it was clogged with the accumulation of foreign matter which the water carried into the opening. This problem has yet to be overcome.

What the experimenters are shooting for is a new approach, however. They are going to use a filter which is constructed of a material very readily available in this part of the country—cotton burrs.

The plan is to fill the pit with burrs and gin trash in the hope that they will catch and hold silt as the water percolates down through them.

After rain has dried up, the burrs will be pushed out and spread on farm land as fertilizer. New burrs will be used to fill the pit, and the process will start all over again.

This may sound like a lot of hokum to some irrigation farmers around here, but the time is already past when we should be giving top-priority consideration to every idea that may help us hold our water.

Two tough facts are staring at us, and if we ignore them for the next few years we ultimately will have to face them in worse circumstances.

One is that the boundaries of our "irrigation belt" have been pretty clearly defined, and hydrologists say we can expect our water to last from 25 to 40 years at the present rate of usage.

The second is that according to every known way of finding out the answers, there is only one conclusion to be reached regarding our supply of water, and that is that it is a "reservoir" and not a series of "underground rivers," and that it is possible to add to this reservoir only through rainfall on the surface.

Those indeed are long-term problems, but they should be grappled with before it's too late.

Hoppers—

"type pits that have been scooped out by bulldozers in the bottom of lakes when they were dry."

The slashes in the lake bottoms run about 15 feet deep at their lowest point. Men who have studied the problem say these openings represent ruptures in the "tight" lake bottoms, which through the years have sealed over by the accumulation of silt washed down from neighboring farmlands.

Because lake bottoms let very little water drain naturally away, most of the collected rain water, which was serving no useful purpose anyway, will be lost to evaporation.

Attempts to drain this water back underground have been undertaken before, but not very successfully. The main kick-back has been the high silt-content of the rain water.

Several farmers have drilled holes in their lake bottoms and the

"I start where the last man left off"

—Thomas A. Edison

Edison, to explain his incessant and tireless reading of scientific journals, technical papers, patents and books, said that he read to avoid useless repetition of old experiments. "I start where the last man left off."

What Edison knew, and perhaps said in an unquoted moment, is that thousands of men would be needed to "start where he left off."

"Just wait a little while," prophesied Edison, "and we'll make electric light so cheap that only the wealthy can afford to burn candles." Edison lived to see lamps that gave four times as much light and cost one-fifth as much to buy. And electric lighting has progressed far beyond that.

He recognized that an invention does not end a search. It begins a search.

The lamp was a beginning in forcing not only its own evolution but the evolution of meters, fuses, sockets, wiring, power distribution systems, transformers and generating stations.

He lived to see the company that was formed to carry on development of electric light and power evolve into one of the world's most important industrial research centers. Today General Electric laboratories employ several thousand men and women who are seeking new things on widely different fronts.

It is seventy-five years since Edison lit the first successful carbon lamp. He will be remembered for inventions that changed the world. But let him be remembered, too, for inspiring so many men to start where he left off.

You can put your confidence in

GENERAL ELECTRIC

NEWS FROM LAZBUDDIE

By BARBARA HINKSON

Friona Wins Games From Lazbuddie

Friday night, the Lazbuddie teams visited Friona for a pair of basketball games. The visitors lost both games. Friona girls barely edged out Lazbuddie by beating them 1 point in overtime, 46 to 47. The Friona boys had less difficulty as they won their game 56 to 44.

The girls game was close all the way. In the first quarter, Friona led the scoring as they scored 11 points while Lazbuddie scored 10. The second quarter proved different as Lazbuddie outscored Friona 4 points during the period. Both teams did considerable scoring during the period, and the halftime score was 26 to 23 with Lazbuddie leading.

In the third quarter Lazbuddie continued to outscore Friona by hitting 12 points during the quarter while Friona scored 10. Count at the end of the third period read Lazbuddie 38, Friona 33.

In the final period Friona outscored Lazbuddie as they scored 12 points to Lazbuddie's 7. Most of these were scored in the last 3 minutes of the game. Friona scored two points of the regulation game a few seconds before the buzzer rang to tie the game 45-45.

In the three minute overtime that was played the guards of both teams were playing good hard ball. During the overtime Lazbuddie sank one free throw while Friona sank a field goal for two points. The final score was Friona 47, Lazbuddie 46.

Hinkson was high scorer for the game with 32 points. Miller led Friona with 21 points to her credit.

The boys game started out to be as exciting as the girls had been as the score was tied at the end of the first quarter 12 to 12.

In the second quarter Friona went ahead as they scored 4 more points during the quarter than Lazbuddie. Halftime count was Friona 29, Lazbuddie 25.

In the last half Friona pulled away from Lazbuddie; in the third quarter they scored 14 points. Lazbuddie netted 7 during the per-

iod and the score at the end of the third period was 43 to 32 in Friona's favor.

In the final period Friona again outscored Lazbuddie, this quarter by only 1 point; however they had enough lead to win the game by a 12 point margin. Final score was Friona 56, Lazbuddie 44.

Thompson had 14 points for Friona while Oliver of Lazbuddie had 10.

HAVE SKATING PARTY

The seventh grade students went to Clovis Monday night for a skating party. Sponsors for the evening were: Mrs. Garvin Thorn, Mrs. H. W. Carpenter, Mrs. Virgil Teague, Mrs. Leon Smith and Mrs. Houston. The children enjoying the fun were: Carolyn Scott, Sharon Thorn, Marie Houston, Freida White, Carolyn Hinkson, Susie Carpenter, Wanda Steinbock, Maryellen Thompson, Dwayne Teague, Dickie Skruggs, Sigman Smith, Bobby Hall, Ronnie Briggs, Dean Watkins, Dennis Nelson, Cagle Davis and Richard Jesko.

GRADE SCHOOL GAME

The grade school girls basketball team went to Farwell January 25. The game was very one sided all the way through. The local girls came home with a 32 to 3 victory. Maryellen Thompson was high scorer for Lazbuddie with 16 points.

MINSTREL IS FRIDAY

Lazbuddie PTA will sponsor a Negro Minstrel Friday night at the school auditorium at 7:30 in the evening with a student and adult cast of local people.

The minstrel will be one of the principal money-making projects to raise money to pay for library books, it is announced.

Stork Shower

Mrs. Earl Peterson was honored with a pink and blue shower in the home of Mrs. Juel Treider, Tuesday January 26. Several games were enjoyed after which Mrs. Peterson with the help of her

A WISE CHOICE MAY MEAN HUNDREDS DIFFERENCE

It doesn't even begin to make sense to quibble over your choice of salesmen for your farm sales. Only the BEST can get you the highest bids for your holdings. Many times, the difference between just mediocre and the best will mean HUNDREDS of dollars.

Give us a ring when you need competent assistance with your sale problems. We have experience nobody else can match.
