SIXTY-FOURTH YEAR

15 CENTS

Football Guessing Game - -

Haseloff, Roberts Tie In First Week's Contest

Players and predictors alike opened season Friday as area football teams started action for 1976 and armchair quarterbacks sharpened their pencils for the 18th annual merchants football contest. Some 296 persons tried to guess the outcome of the 12 games in the initial week of this year's contest, and a tie game among the 12 prevented entrants from making a perfect score.

Although not a record, the 296 entered was a good start for this year's "guessing quiz"; there were not too many surprises in the first week's contest although the Palo Duro-Dumas deadlock was somewhat expected.

As the first week's entries were counted and sorted, three contestants came to the top of the field with 11 correct

answers. The scores were close, with two contestants missing the tie-breaker score by 21 points and the third place winner being 27 points off the deciding mark.

Choosing 11 games correctly were Henry Haseloff, W. M. Roberts and Sue Kirkland, Haseloff and Roberts tied for the top two spots and Mrs. Kirkland took third place. Haseloff predicted Farwell would win 25-6, while Roberts scored the tie-breaker 19-0 for Farwell. Mrs. Kirkland predicted the Steers would win 21-8.

Haseloff and Roberts will split first and second place money while Mrs. Kirkland takes third place for her effort.

The contest was close all the way as 13 other contestants predicted 10 correct games. Correctly predicting ten games

were Thad Phillips, who was only four points off the tie-breaker score, and Louise Hancock, Edwina Owen, Buelah Williams, Leigh Ann Kirkland, Clay Williams, Sam Gonzales, Clark Billingsley, Eddie B. Smith, Becky Inge, Dorris White, Robert White and Joyce Coffman.

There were 30 contestants with nine correct answers, including Bill Boling, J. D. Carson, Betty Jean Castleberry, E. R. Coffman, William Dannheim, Frank Galvan Jr. and Dan Geuther;

Also, Amelia Gonzales, Steve Holley, Wallace Inge, Ron Hancock, Steve Hargrove, Albert Johnson, Donald Jones, Joe W. Jones and Mrs. E. A. Key.

And, Terry King, Jerry Mathis, Bobbie McFarland, John McFarland, Carlton Newell, Terry Newell, Anneta Newcomb, Gerald Norton, Pat Owen, Harry Sheets, Mrs. Albert Smith, Missy Taylor, Don Williams and Ellen Wurster.

This year's contest has some new dimensions—the weekly cash prizes are more than before, and the first place winner gets a choice of two tickets to the Cotton Bowl game or the Sun Bowl game. The winner will receive two tickets to the Sun Bowl game to be played in El Paso, plus \$25 cash.

Among the merchants sponsoring the contest this year are Clara's Spur Restaurant, Capitol Foods, White Farm Equipment, Worley Mills, Interstate Fertilizer, Roberts Insurance, Wooley-Hurst Inc., Kelly Green Seeds, Sheets and Sheets, Kirkland and Vinton Inc., Cal Jordan Implement, Sherley-Anderson-Pitman Inc., Sherley-Anderson Grain, Watts Machine and Pump Co., Plains Equipment, Texaco Inc., Security State Bank, Farwell Hardware, and Western Ag Sales Co., Castor Feed Yards, Rose Drug and Gifts, Leric's, OK Tire Co. of Farwell, Texico Feed Lots, Farwell Pipe and Iron, Aero Farm Chemical, Golden West Seed, and Williams Fertilizer.

Contestants should take a look at the first week's scores to get an idea how the season may run and make it a point to enter the contest. It may be that you can slip up on the leaders.

The only provisions to entering the contest is that an entrant be 12 years old or older. Entries must be brought to the Tribune office by 5 p.m. each Friday or, if mailed, the entry must bear a Friday postmark. Only one entry blank will be accepted from any individual each week. Tabulation will be kept all season and will be available for public inspection.

Some people like to live dangerously. The person who turned in the false accident report to the local fire departments Tuesday evening fits this description. A "prank" of this kind could seriously affect the lives of any number of people including that of the perpetrator.

A high speed emergency run is always a present danger. Every now and then such an emergency exercise will result in serious injury to the personnel answering a call for help. In addition, it often happens that other persons completely uninvolved in the emergency situation are also injured.

In the case Tuesday night, both ambulances and the Farwell emergency wagon were absent from the Twin Cities for at least a half hour. If a real accident had occurred within that time it is possible that a death could have resulted due to the unavailability of our ambulances. This is not a "prank. It borders on murder.

If a serious accident befell the volunteers, or somebody else, or a death occurred due to the absence of the ambulances being off on a false alarm, then very serious criminal and/or civil penalties could be levied against the perpetrator or possibly the family should it prove to be a juvenile.

We are talking about the distinct possibility of years in jail or heavy fines or large damage awards. These penalties could ruin the life of the responsible individual or possibly that individual's family.

Is playing a "prank" worth the risk? No, definitely not. Only a fool will take this risk. Unfortunately, our Twin Cities seem to have at least one "fool" in this respect.

Koleta Lucente in Santa Ana, Calif., sent us a letter and cartoon about our report on the portable OSHA comfort station idea. Also, Ophell McDonald brought us a copy of this story headlined "Poke Packing Portable Potty Portends Pandemonium." If ridicule could kill, OSHA and Congress would be long dead. Unfortunately, federal bureaus seem to be as immune to common sense and ridicule as Congress itself.

Well, last week we explained that we were adding to the number of games in our weekly football contest in an effort to cut down on the number of tie calls by contestants. So what happens? The very first week Willie Roberts and Henry Haseloff wind up in a tie and we have egg on our editorial face.

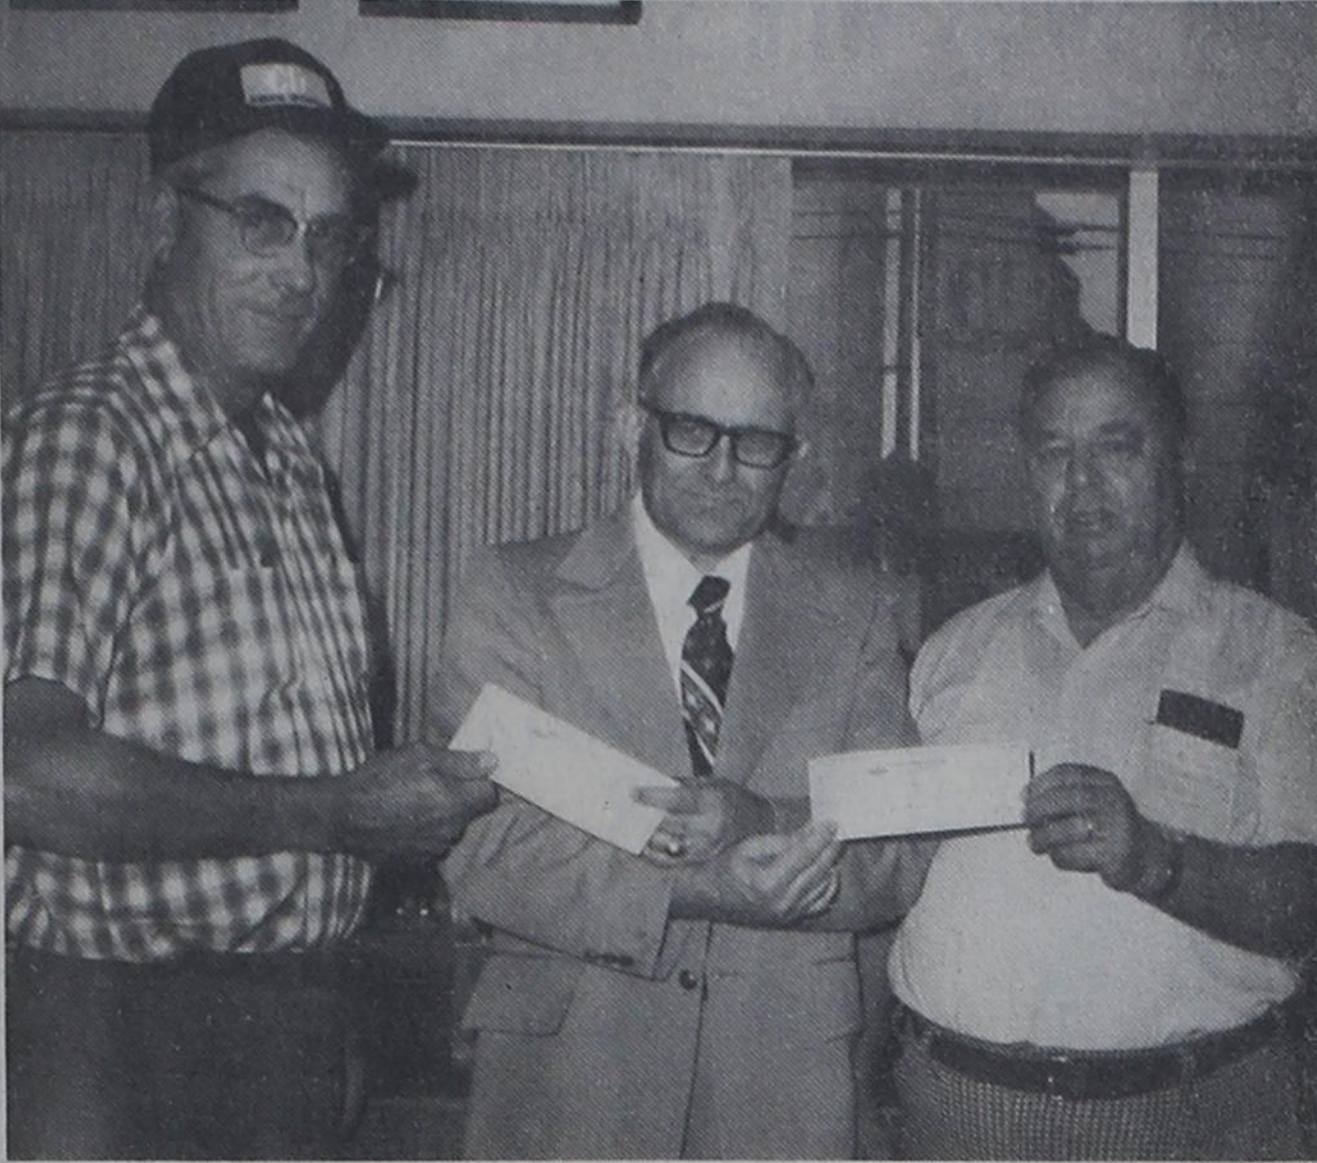

We received a note from one of our concerned school teachers the other day which contained some excellent advice to all parents with youngsters in school. We will pass it along in the great hope that each family will heed these suggestions.

The message is as follows: The new term has begun. The annual trip to a local variety store has been made to stock up on needed supplies, in hopes of further insuring a successful school year. As important as the material supplies are, there are some other things we need to "supply" our children with all through the coming year, if they are to achieve their potential. Following are a few suggestions:

1. Give your child a nutritious breakfast in the morning. If, for various reasons, a full meal is impossible, a protein-rich snack will suffice. The All-American favorite—peanut butter and jelly sandwich—and a glass of milk supplies enough needed nutrients to help a child meet his nutritional requirements until lunch. Studies have shown, beyond the shadow of a doubt, that children who regularly eat something nutritional before coming to school do much better scholastically!

2. Be sure your child gets a good night's sleep. Good

At Clovis - -

Two Hundred Attend Station Dedication

Approximately 200 people, including several state dignitaries, two former New Mexico governors, John Burroughs of Portales and Mr. and Mrs. Bruce King of Stanley, N.M., were on hand for the dedication of new facilities at the Plains Branch Agricultural Experiment Station at Clovis on

September 2. The dedication service was opened by Malcolm Garrett of Clovis, vice-president of the Board of Regents of New Mexico State University, following a lunch served by the Cattle Capital CowBelles of Clovis, courtesy of the Clovis banks. Rev. Clyde R. Stanfield,

pastor of Trinity United Methodist Church, Clovis, gave the invocation and a welcome was extended by Dr. Marvin L. Wilson, Associate Director of the Agriculture Experiment Station from New Mexico State University.

Dr. L. S. Pope, newly-appointed Dean and Director, College of Agricultural and Home Economics, New Mexico State University, remarked that the expansion and quality of research is the result of cooperative effort between the University and local people.

Plaques of appreciation were presented by Dr. Eugene Ross, Association Director, Cooperative Extension Service, NMSU, to Billy Smith, Roosevelt County Extension Agent; Ted Peabody, Quay County Agent; and Billy Dictson, agent of Curry County.

In appreciation for their continued aid to agricultural research, plaques were given to Cecil Cook, Harold Hecht, Hoyt Pattison, Malcolm Garrett, Bobby Wood, John Hays, Jr., Otis Echols, Jr., (who was not present), Kenneth Schlientz, and Barney Barnard.

The dedication address was given by Dr. Gerald W. Thomas, president, NMSU. He expressed the opinion that research pays off in great dividends but that stations and universities are limited by resources as to what they can and cannot do.

Dr. Thomas said he felt he was talking to an urban-oriented audience that does not understand the problems of farmers and ranchers. He said the consumer should be the best friend of the farmer and rancher as they get the benefits of everything the farmer and rancher does.

Hoyt Pattison, Curry County farmer and State Representative, Dist. 63, said he was an avid supporter of the Experiment Station and it was a thing of pride to be near such dedicated people and an insti-

Texico - -

Harrington Named Booster President

The Texico Wolverine Boosters Club will be headed by a new slate of officers this year with Eddie Harrington elected president of the group.

Raymond Hadley was elected vice-president and Mrs. Jack Donahey was named secretary-treasurer.

The Club met last Thursday night in its organizational meeting, Paul Topliff, new head coach, introduced his staff, including Roy King, Kathy Culshaw, Randy Lyons and junior high coach, Cecil Davis.

Mrs. Culshaw introduced members of the girls' volleyball team. The team will get into action Tuesday, Sept. 14, at home against Elida. The contest will start at 4 p.m. MDT. On Thursday the volley-

ball team will host Melrose at 4:30 p.m. MDT.

During the meeting, Raymond Hadley was named to head a committee to buy towels to be used in the locker rooms for home games.

The Booster Club will sell ads for a football and basketball calendar.

Texico Boosters will meet once a month with the program being rotated among the coaches.

Anyone wishing to join the Booster Club may contact any of the officers or James Harding at the high school. Booster dues are set at \$5 per family.

The Texico Wolverines will try to get into the win column Friday night when they travel to Lazbuddie.

Beneficial Rains Fall On Twin Cities Area

Sunday and Monday brought welcoming rains to the Twin Cities Area.

The Ted Magnesses who live south of Farwell reported receiving an inch of moisture. A spokesman for Sherley-Anderson elevator at Lariat said little over an inch had fallen in that area.

Ray Pritchett of Golden West Seed in Texico reported measurement of 1.02 inches of rain during the two-day period and Mrs. B. A. Rogers reported .8 moisture in her rain gauge.

Mack Heald, Parmer County

agriculture agent, said the an estimated inch of moisture fell in Farwell proper and surrounding area during the early week rains. He added that the rain was very beneficial to area farmers.

Mrs. Elmer Langford who lives north of Texico reported that the "wonderful rain" deposited from one to two inches of moisture on their fields. She added that the rains were helpful to the crops because no hail or high winds accompanied them.

Host Vaughn Eagles - -

Texico Sets Homecoming

The Texico Wolverine football team returns for home field play Sept. 17 with a non-district clash with the Vaughn Eagles. The return to Texico action by the Wolverines will also mark the annual Homecoming activities.

The Wolverines will crown their Homecoming King and Queen during halftime ceremonies.

The Texico Kiwanis Club will

sponsor a Pancake Supper prior to the ball game. The supper is scheduled from 3 until 7:30 p.m. MDT in the school cafeteria.

The Kiwanis will serve sausage, pancakes, coffee and milk with charges being \$1.50 for adults and \$1.00 for children under 12.

In addition to the pancake supper there will be a coffee time for Texico Alumni.

Pleasant Hill Baptists

Set Revival Sept. 12-19

A revival meeting will begin at Pleasant Hill Baptist Church Sunday, Sept. 12, and will continue through Sept. 19, with services daily at 11 a.m. and 7:30 p.m. MDT.

During the week the noon meal will be served at the church following the morning revival service.

Pastor of the church is Bro. Bob Roberts. The church is located nine miles north and one mile west of Texico on FM 108. Everyone is invited to attend any or all of the services.

Evangelist for the week-long revival will be Reggie Creekmore, and directors of music will be Steve and Theresa Wright.

The guest speaker grew up in Duncan, Okla., and attended Immanuel Baptist Church there. He was called to preach at the age of 17 and attended East Central State University in Ada, Okla., where he graduated with a Bachelor of Arts degree in December 1975. Now at the age of 23 he already holds a Masters Degree.

From September 1972 until August 1975, Creekmore was

pastor of the Immanuel Baptist Church in Davis, Okla., and was ordained to the ministry by this church on May 25, 1975. He has served as evangelist in several Baptist Churches in Oklahoma and Kansas.

Steve and Theresa Wright make up the musical part of this newly-created evangelistic team and will be communicating the gospel through music at the upcoming revival.

Steve is a native of Tennessee and holds a B.S. degree in music from East Tennessee State University. He has directed revival services in several states as well as having performed some 200 solo performances. He has also directed sanctuary, youth and junior choirs.

Theresa, who is considered an excellent pianist and alto, began her musical career at age five. She studied piano and theory at East Tennessee State University. At the age of 13 she began playing for church services and since that time she has served several churches and revivals as organist and pianist.

Curry County Fair Queen

Diane Downey, daughter of Mr. and Mrs. Russell Downey of Clovis, was officially crowned 1976 Curry County Fair Queen by Hoyt Pattison, New Mexico state representative, during ceremonies held in the new Queen's Building on the Fairgrounds Tuesday evening. (Photo by Faye Plank)

Fair Feature

The star attraction of this week's Curry County Fair will be the New Mexico State Championship Tractor Pull. The event at the fairgrounds will be staged tonight (Friday) and Saturday evening at 6 p.m. MDT. Jerry Bell, left, and Joe Roark ready their 428 Ford engine-powered tractor for the big event. The prize purse has been doubled this year and many more entries have been received, according to fair officials.

Jones Tallies 3 TDs - -

Farwell Steers Slow Down Swifts With Stingy Defense, Potent Offense

The Farwell Steer Offense resembled the days of the Oklahoma Land Rush as the ground-gobbling Steer offensive backs hewed out 416 yards rushing to check the Nazareth Swifts, 40-0, in the opening game of the season for both teams.

The Steers utilized a three-touchdown performance by quarterback Russ Jones. Jones directed a Steer offense that gobbled up huge amounts of real estate throughout the contest. The Steers' end sweep

blocking devastated the Swift defensive ends and cornerbacks, allowing the runner to roll down the field virtually unmolested.

Jones, a junior put the Steers on the scoreboard in the first quarter with a 34-yard scamper. Mike Goetsch's kick from placement propelled the Steers to a 7-0 lead.

The defense set up the next Farwell touchdown as sophomore Rowdy Chandler pounced upon a fumbled punt, giving the Steers possession on the

Nazareth five-yard line. It took the Blue and White only three plays to punch the ball over, with Travis Bibbs going in from the three. The try for extra point by Goetsch was wide as the Steers expanded their lead, 13-0.

In the second quarter of play, the Steers began a march from their own 15 and drove the ball to the Nazareth 45. At this point, the Swifts' defense stiffened and held the Steers on downs. Nazareth took the football, but a strong defensive

effort by Farwell forced the visitors to kick, which proved to be costly for the visitors. The Steers' Chip Craft and Carlos Lucio teamed up to block the punt with Lucio recovering at the Nazareth 35.

Jones gave the ball to freshman, Max Lonsdale on the first play of this series and he picked up three yards.

With the ball on the Swifts' 32, Jones decided to go wide, lugging the pigskin around right end and not stopping until he reached paydirt. Goetsch

put the 20th point on the board with his placement.

Farwell utilized the Nazareth kicking game to its own advantage, as the Swifts got off a poor punt that traveled only 28 yards. Jones went to the airways with two consecutive passes to Lonsdale that netted the Steers a first down on the Nazareth 45. Billy White, senior halfback, took a pitchout from Jones and behind some devastating blocking raced downfield for the Steers' fourth touchdown of the half. On the try for extra point, the holder dropped the ball, but picked it up and spotting Rowdy Chandler all alone in the end zone, tossed it to the sophomore for a two-point play, making the score 28-0.

Midway through the third quarter the Steers struck again. The Farwell offense went to work on their own 47. After two plays went for a first down, Billy White got loose and traveled 40 yards for a touchdown, but the referee had dropped his flag on the Steers for holding, bringing the ball back to the Farwell 45. The Steers worked the ball on the ground to the Nazareth 42,

where quarterback Jones struck out for a 42-yard touchdown scamper. The six-pointer by Jones put the game out of reach for the Swifts after Goetsch missed the extra point and the score stood at 34-0 for Farwell.

The fourth quarter was played amidst penalty flags flying all over the place. On one Farwell drive, the Steers were set back 50 yards in infractions.

With Nazareth in possession, the Steer defense allowed the Swifts to move the ball down to the Farwell end of the field. Nazareth tried to put the ball in the air only to find out that Steve Meeks had figured out the play. Meeks intercepted the Swifts' aerial, giving the Steers the ball at their own 25. On the first play, freshman halfback Lonsdale raced around right end on a 75-yard touchdown run with 1:39 remaining in the contest. The try for extra point failed, but the Steers led by a unsurmountable 40-0 count.

Wolverines Of The Week

Mike Williams, offensive and defensive tackle for the Texico Wolverines, has been cited by Coach Paul Toppliff as Wolverine of the Week for his outstanding play against Hagerman last Friday night. Mike, a 175-pound senior transfer from Muleshoe, is a key member of the Texico football team.

To Re-evaluate Team - -

Wolverines To Test Lazbuddie Longhorns

"I think that the coaching staff will have to re-evaluate the Texico Wolverine football team," states first year head coach, Paul Toppliff. The Wolverines travel to Lazbuddie Friday night for their second game of the season. The contest will start at 8 p.m. CDT.

The Wolverines, coming off a 24-0 whitewashing job at the hands of Hagerman, now must try to get it all together against Lazbuddie. Coach Toppliff was very disappointed in the performance of the Texico offensive play. "We just didn't execute and our backs didn't hit the holes," states Toppliff on the performance of the Wolverines.

"If we could have mustered some offense to go along with our defense, we could have probably beaten Hagerman," stated Texico Coach Paul Toppliff. However, the Wolverines didn't put together any offense to go along with their defensive effort and the Hagerman Bobcats relied on three big plays to defeat Texico, 24-0. Texico's offensive crew ran only 33 plays, netting 47 yards. Through the airways the Wolverines connected on three of 12 pass attempts.

Hagerman recorded 15 first downs compared to just five for Texico. The Bobcats completed six of 13 passes.

The Iowa-born head coach noted, "I feel that Texico is

three years away from having a good winning ball team. The main reason for the loss to Hagerman, states Toppliff, "was we just didn't hustle and kids we felt would do a good job, did not perform the way we felt they should have."

Players drawing praise from the coach were John Burgett and Mike Williams. Williams was named "Wolverine of the Week" by the coach. "John did a good job at defensive end against Hagerman," states Toppliff. "He contained Hagerman's quarterback and sacked the quarterback twice," added Toppliff.

The Friday night game will be a battle of two winless teams as Lazbuddie dropped a decision to powerful Whiteface. Lazbuddie has three top players in halfback Rayburn Wenner, who rushed for 611 yards last season as a sophomore, center Mike Mimms and tightend Kent Winders.

Other returning starters are halfback Wade Cargile, quarterback Mike Windham and tackle Randy Smith. Dan Copeland is a returning defensive starter for the Longhorns and is the biggest man on the team at 195 pounds.

The Wolverines will get another crack at the wishbone offense as this is the formation Coach Dewayne Sexton has designated to throw at the Longhorn opponents this season.

Steer Boosters See Game Film

Farwell Booster Club met Tuesday evening and viewed the game films of the Steer victory over Nazareth played last Friday night.

Prior to the film, Club President Fred Chandler received reports from the membership committee and the finance committee. Chandler urged all interested fans to join the Booster Club at a cost of \$10.

Coach Royce Baker gave a

short report on the Junior Varsity game played Thursday night. Also, Coach Larry McDorman reviewed the eighth grade 0-0 standoff with Nazareth.

The Varsity game films were reviewed by Coach Van Whatley with comments about the good and bad points of the plays. A brief question and answer period by the 28 fans attending concluded the meeting.

SPORTS

By Don Windle

Fallen Wolverine

Texico Wolverine Joey West is downed by the Hagerman Bobcat defense after a short gain in Friday night's game at Texico. West had little success in running against the powerful Hagerman defense which limited the Wolverine offense to 37 yards rushing for the game.

8th Grade Ties - -

Farwell J.V.s Trip Nazareth

The Farwell Junior Varsity loaded up their guns and went out shooting Thursday night. The Junior Varsity handed the Nazareth J. V.s a 38-0 defeat.

Farwell did not hesitate long before getting on the scoreboard as they exploded for 16 points in the first quarter. Robin Roberts put the local team on the boards in the first

quarter with a touchdown and teammate Gary Lee ran the conversion point. Later in the first quarter, Lee accounted for another Farwell touchdown and conversion point.

Immediately after the two teams changed sides in the second quarter, Roberts burst through for his second touchdown of the game. The try for two points failed. Brent Black struck again for Farwell midway in the second period for another touchdown and Lee ran the conversion point giving Farwell a 30-0 halftime lead.

Farwell tried to hold down the score in the second half of play, but the team ground out another touchdown. This time, lineman Roy Lovelady, who was moved to the back field crashed across the goal line and Greg Kaltwasser ran the conversion point.

Scoreless Tie

The Farwell eighth grade team battled Nazareth to a 0-0 stalemate. The Farwell team moved the ball well, but when they moved into scoring position, lost the ball on fumbles. Two of the fumbles cost Farwell a pair of touchdowns.

Coach Larry McDorman was pleased with the offensive play of Raul Garza, who carried the ball and ran well. Linemen Mac Langford and Kerry Ford drew praise for the play during the game.

The two local teams travel to Morton Thursday to meet the Indians JV team and eighth graders. The JV contest will get into action at 5 p.m. with the eighth grade game following immediately.

Texico Drum Major

Liz Cavallero, freshman, is the Drum Major for Texico High School Wolverine Band for the 1976-77 school year. She is the daughter of Mr. and Mrs. E. L. Cavallero of Texico. The Wolverine band is under the direction of Jerry Sadberry. (Texico School photo)

Season Opener - -

Texico Wolverines Downed By Hagermen Bobcats

by Susan Snodgrass

The Texico Wolverines seemed to be on the bad side of Lady Luck Friday, Sept. 3., when the Hagerman Bobcats outscored the Wolverines 24-0.

Texico kicked off, and the Bobcat receiver brought the ball back to his own 31-yard line before being stopped by a Wolverine tackler. Using ground plays, the Bobcats gained 15 consecutive yards before being forced into a loss by the Wolverines. Then, again using ground plays, Hagerman gained 11 yards for a first down. One play later, the Bobcats suffered a five-yard loss, but they then gained 15 yards and a first down on a Texico penalty. After gaining one yard on the next play, they again made yardage on a Wolverine offside penalty. Hagerman then went 20 yards in seven plays, including five yards on a Wolverine penalty, before turning the ball over to Texico.

The Wolverines started with a five-yard penalty, but followed this up with a 22½ yard gain on a pass play from quarterback Steve Ashley to fullback Steve Turner. Joe West carried the ball on the next three plays, gaining 10 yards on two handoffs and a lateral. Steve Askew carried for a two-yard gain, followed by a five-yard gain on a Hagerman penalty. West again carried for three yards before Hagerman gained control of the ball on a Wolverine fumble. The Bobcats fumbled on the next two plays, but the Wolverines were unable to regain the ball. After gaining two yards on a pass play, the Bobcats punted with Ashley returning it to Texico's 28-yard line as the quarter ended with the score 0-0.

As the second quarter started, Ashley connected on a pass to Turner for five yards after losing three yards in two plays. West then punted and Hagerman brought it back to their 45-yard line. The Bobcats fumbled on the first play and Texico recovered. The Wolverines gained two yards on a handoff to Askew, lost six yards, and then gained five yards on a Bobcat penalty. Ashley hit on a pass to West to gain 15 yards, following that up with a handoff and a lateral to

West for four more yards, but after the next play, an incomplete pass, the Wolverines punted with Hagerman returning it to the 24-yard line. The Bobcats gained six yards in two plays but lost five yards on an offside penalty. Attempting a pass, the Bobcats were caught for a 10-yard loss as Mark Howard smothered the Hagerman quarterback. This forced the Bobcats to punt and Texico's Ashley brought it back to the 50-yard line.

The Wolverines gained five yards as West carried on a handoff. After an incomplete pass, the Wolverines were penalized 10 yards for holding. Attempting another pass, Ashley was smothered behind the line for a nine-yard loss, forcing them to punt. Hagerman returned the ball to the 36-yard line. The Bobcats gained 10 yards in three plays. Then, on a lateral, the Hagerman runner fumbled the ball, picked it up, and carried it for a 15-yard gain before being brought down by a Texico tackler. On the next play there was a penalty on both teams, a five-yard penalty for Hagerman and a 10-yard penalty against Texico, giving the Bobcats a five-yard gain. The Bobcats gained another three yards, then 10 yards on a Wolverine late hit penalty. They tried passing, but Ashley intercepted the ball and ran it back 25 yards before being downed. Texico then tried a pass which was incomplete and then on a ground play, gained 12 yards on a Hagerman offside penalty, but suffered a pair of two-yard losses as the first half ended with both teams still scoreless.

Due to a penalty against the Wolverines, they again started by kicking off to the Bobcats. Hagerman gained only three yards in two plays as Howard and John Burgett teamed up to stop the runner. The Bobcats then gained 10 yards on a Texico holding penalty. Howard then stopped the Hagerman runner for only three yards, followed by Turner stopping the next play after only a four-yard gain. Even though they fumbled on the next play, the Bobcats picked up a 12-yard gain. Hagerman gained 11 yards in four plays before losing two yards and

then losing more yardage on two Bobcat penalties. They followed this with a 35-yard gain on a pass play. After making no yardage and then gaining four yards, the Bobcats ran another pass play and made the first touchdown of the night. Another pass play was good for the two-point conversion and Hagerman led 8-0.

The kickoff went into the end zone and the Wolverines took the ball on the 20 yard line.

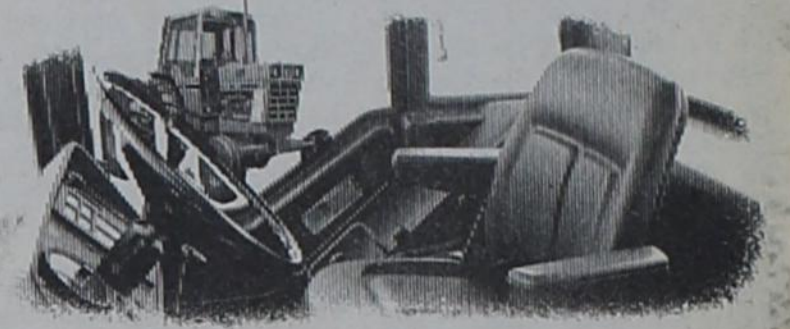

West carried for two yards, Askew carried for one yard, followed by an incomplete pass, forcing Texico to punt. The Bobcats returned the ball to the 37-yard line, then gained seven yards, and then Turner and Burgett pushed the Bobcats back for a five-yard loss as the quarter ended.

Starting the final quarter, an incomplete pass forced Hagerman to punt and Texico took control of the ball only to turn

Steers To Face Class AA Indians

"The Nazareth game did more good for the team and the win than we expected," stated Van Tom Whatley. "It helped build confidence in the players and is developing a winning attitude," added the Farwell gridiron boss.

The Steers, still keyed up over the 40-0 victory over Nazareth last Friday, now must prove to themselves that they can win on the road. The Blue and White charges of Coach Whatley now face the task of defeating the Morton Indians in Morton.

Whatley remarked, "Our offensive line has come a long way since the Sudan scrimmage. They (the linemen) now realize what we, the coaches, want and expect of them, but most of all they understand what we want," added the first year mentor.

"We were especially pleased with the kicking game," noted Whatley. "The players work hard on this phase of the game and it's paying off for them."

Farwell's pass blocking is not what we want it to be," stated Whatley. "Russ Jones, our quarterback, is still not setting up the way we want him to, but it will come with game experience," the coach added.

"The Morton game is a big game for the Steers," noted Whatley. "Friday night's game could make us a good football team if we win," quoted Coach Van. "Morton is a big, quick team and can play good football. Their offense runs hard and the linemen are large and the backs are quick

getting to the holes. They have an average passing game, but their receivers utilize their speed in getting downfield," summarized Coach Whatley.

The new head coach thoughtfully theorized, "if our offensive line continues to improve, and barring injuries which will be the key to our season, we could be a district contender."

The Steers will make a few changes in their lineup against Morton. Joe Haseloff and Steve Meeks will play a three-technique on defense. In other changes, freshman Max Lonsdale and Billy White will alternate at one halfback slot. Travis Bibbs, the regular halfback, is slowed with a minor injury.

Coach Whatley had high praise for several of the Steer performers.

RICHARD YRUEGAS-Richard plays guard on offense and linebacker on defense and did an outstanding job going both ways. Richard is finding out who to block and doing it well, but most of all he enjoys playing football. Yruegas for his performance against Nazareth earned "Steer of the Week" laurels.

MIKE GOETTSCHE-Mike did an excellent job running the football and a super job carrying out his fakes. Mike did a super job blocking for his teammates when he wasn't carrying the ball. For his great job, Mike was named the "Offensive Back" of the week.

JOE HASELOFF-Offensive center Joe Haseloff did a good job blocking for his first game

at center. Joe will continue to improve at the new position. Joe was named "Outstanding Lineman" for his play.

CARLOS LUCIO-Carlos did a great job, on offense and defense, against Nazareth. He blocked a punt and will play lots of football for Farwell. Lucio was named "Outstanding Secondary Man".

ROWDY CHANDLER-Rowdy, although just a sophomore, did an excellent job for the Steers against Nazareth. He's a tough player and a heads-up player. Chandler caught the extra point pass when the ball was mishandled by the holder on a conversion attempt.

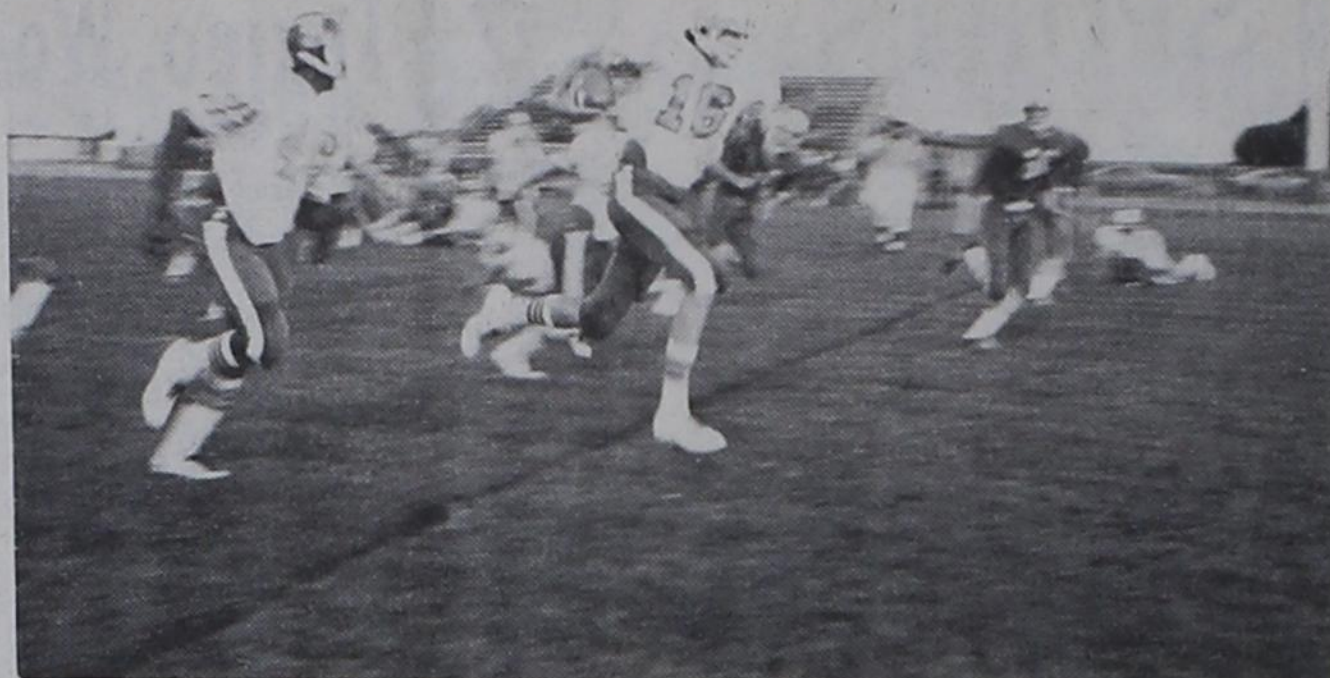

Other players drawing praise from the coach were Rusty McFarland for his defensive and offensive play and quarterback Russ Jones. Jones scored three touchdowns and rushed for 115 yards on five carries for the Steers. Jones proved that he is a capable field general and gave the Steers good leadership.

(Continued from Page 3)

Wolverines . . .

it quickly back to the Bobcats on a fumble. Hagerman gained four yards, then one yard, and then went across for the touchdown. Again, Hagerman made the two-point conversion to put them ahead 16-0.

As the Bobcats kicked off Ashley returned it to the 37-yard line. Texico tried passing, but after three incomplete passes were forced to punt. The Bobcats returned the ball to the 44-yard line with Turner making the stop. Hagerman fumbled the ball but recovered it for a four-yard loss. Howard and West pushed the Bobcats back for a yard loss followed by another yard loss and a Bobcat penalty which Texico declined. This forced Hagerman to punt with Ashley bringing it to the 30-yard line before being brought down. Starting with a six-yard loss, the only yardage made before Texico punted was on a handoff to West for two yards. Hagerman took the ball on the 40-yard line. They gained five yards on a pass play but then lost it again on a delay of game infraction. On a series of 11 consecutive plays, the Bobcats gained 37 yards to put them on the one-yard line with Howard, Doug Scioli, and Jimmy Reid teaming up to hold them there on the next play, and West and Reid teaming up to hold the next play. But with 57 seconds left in the ball game Hagerman once again used a pass to put them across for the third touchdown of the game. Again the two-point conversion was good and Hagerman was now 24 points to the good.

Off And Running

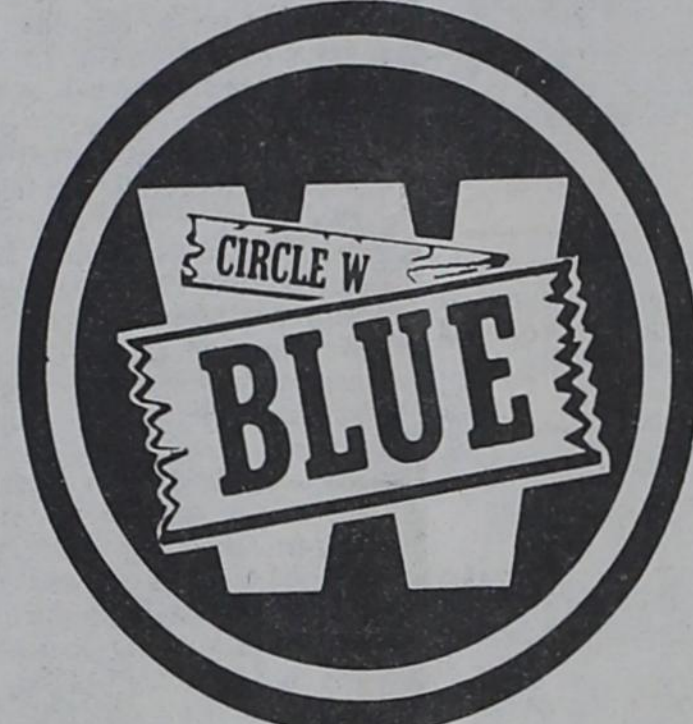

Farwell Steer quarterback Russ Jones skirts around end and makes a dash for a touchdown in Friday night's game with Nazareth. Jones accounted for three touchdowns and rushed for 115 yards in Farwell's 40-0 victory over the Swifts. The Steers play the Indians of Morton this Friday night at Morton.

BLUE STAMPS HAVE COME TO THE FARWELL TRADING AREA

PAY-N-SAVE { CAPITOL FOODS

THESE TWO STORES WILL GIVE

DOUBLE STAMPS

SEPT. 9 - 15

BE SURE TO VISIT OUR NEW BLUE STAMP GIFT STORE AND REGISTER FOR

25,000 STAMPS

1st Prize	2nd Prize	3rd Prize	4th Prize
10,000 STAMPS	5,000 STAMPS	2,000 STAMPS	1,000 STAMPS
(\$1,000 WORTH)	(\$500 WORTH)	(\$200 WORTH)	(\$100 WORTH)

DRAWING WILL BE SATURDAY SEPT. 11

Dear Mrs. Housewife,

This is to introduce you to Circle W Blue Stamps . . . the newest and most valuable available to stamp-savers.

More valuable? Read this exciting news closely. Only 1,200 stamps fill your book (same as S&H; Gold Bond booklets has 1,500 stamps). Now, here's the "extra value" for you.

We will have a local Western Gift Store for your shopping convenience. No catalog item will ever be available at a lower number of stamps than in the Western Gift Store.

Now hear this! Your full Blue Saver Booklet will be worth \$2.50 on any merchandise in our store . . . let us point out quickly that

all merchandise will have retail values only. But look how they will be priced! Other 1200 stamp books say a one book item has a retail value of \$3.00 . . . the same item will be priced at Western Gifts for only \$2.50, thus costing the same number of stamps, but saving you 16 2/3% of your normal sales tax expense!

Also, if you pay the cash difference, it will be at the lower discounted prices.

Here's more! You can gift shop, or pay the cash difference with Master Charge or Bank-Americard at your Western Gift Stores . . .

Plus, you get Western Stamps on all cash purchases in the Western Gift Stores.

Now the most valuable bonus, the largest possible number of special and seasonal merchandise for your selection. Greater selection means greater value. Yes, we have a conventional stamp catalog for even a greater selection.

REMEMBER THESE ADVANTAGES

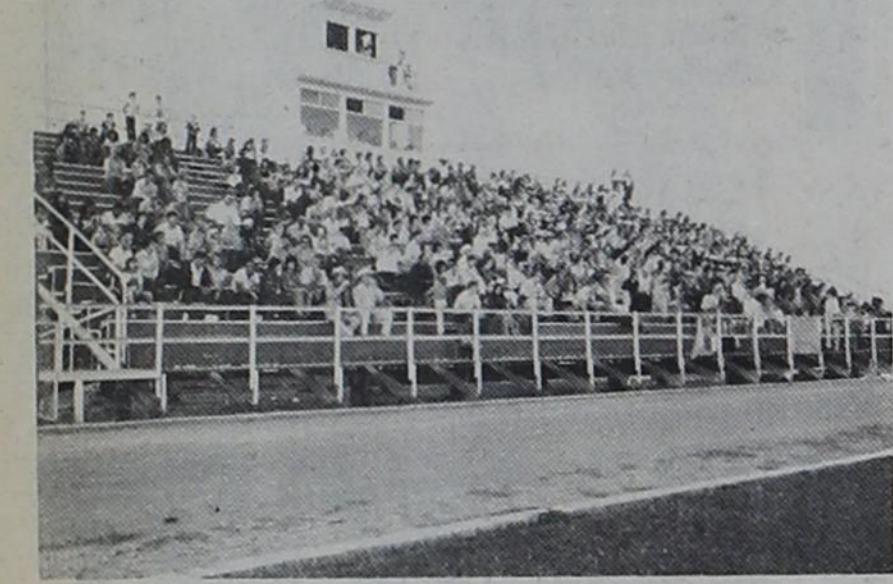

1. ALL MERCHANDISE CAN BE BOUGHT FOR CASH AT LOW, SENSIBLE PRICES
2. YOU CAN USE PART BLUE STAMPS AND PART CASH
3. YOU CAN USE BANKAMERICARD OR MASTER CHARGE
4. YOU CAN USE ALL BLUE STAMPS

OPEN TUES. - SAT. 9:30 - 5:30

407 MAIN ST. - CLOVIS, N.M.

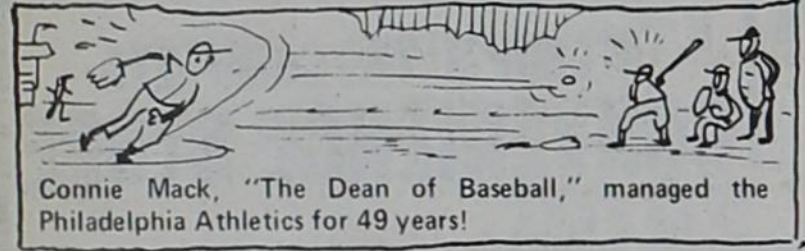

WELCOME OUR STORE MANAGER BEA GREEN AND HER STAFF WILL BE HAPPY TO WELCOME YOU TO THIS FINE COMPLETE GIFT STORE

Come On Steers!

Farwell Steer fans turned out in good number Friday night to see the home town team in the season opened against the Swifts of Nazareth. Fans were treated to an impressive victory by the Blue and White as they downed the visitors 40-0. This photo was taken as fans gathered before game time, but before the opening kickoff, the home stand was practically full of enthusiastic Steer backers.

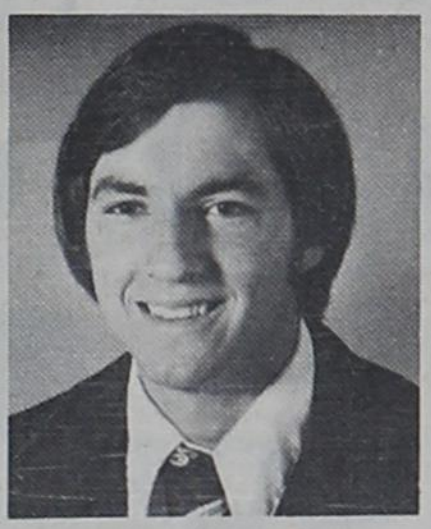

Connie Mack, "The Dean of Baseball," managed the Philadelphia Athletics for 49 years!

Meet Your Teachers

Katherine Culshaw is the new girls coach at Texico High School. This is only her second year to teach, but she has been coaching since she was 19 years old. Miss Culshaw is the head coach for girls volleyball, basketball and track. She also teaches sociology and health. The new coach moved from Roswell to Texico because she likes "smaller communities," she says. The Eastern New Mexico University graduate was active in sports during her high school and college days. As a seventh grader, Miss Culshaw set her goal to become a coach. She spends a lot of her free time scouting the opposition and improving her coaching skills. The new coach says her job is made easier by the "super mental attitude of the girls" and by the cooperation of the administration. Miss Culshaw's philosophy can be summed up in few words, "winners never quit and quitters never win."

Student Of The Week At Texico School

FLOYD CHERRY

Texico's "Student of the Week" for September 20-27 is Floyd Cherry, a junior at Texico High School. He works on the family's farm and is active in Future Farmers of America. He is also a photographer for the 1976-77 school yearbook. During this past summer Cherry attended two workshops, a photography clinic at Texas Tech and a clinic sponsored by Southwestern Public Service in Canyon. In his spare time the high school student enjoys working on anything mechanical. Floyd is the son of Mrs. Danalee Cherry and the late Wayne Cherry. [Selection of "Student of the Week" made by anonymous committee.]

Men Discover Separates For Clothing Variety

Today's separates are the key to a man's wardrobe. Mrs. Becky Culp, area clothing specialist, points out.

"Separates that interrelate through color, texture or weight add many different looks to one basic wardrobe," she explained. Mrs. Culp is with the Texas Agricultural Extension Service, The Texas A&M University System.

She noted that this approach to dressing leads to flexibility and economy - so compatible with today's lifestyles.

"Even the classic suit has a more relaxed look this season, often taking on a separates flair. Although three-piece suits dominate, the vest is often made up in a contrasting fabric, or made reversible, adding versatility and an air of casualness.

"Also, more and more suits are being seen worn with open shirts or turtle-necks. And most important, all the pieces work together and can also mix and match with other pieces of the

wardrobe." For leisure activities, the layered look is based on separates that compliment each other. Leisure and pull-over tops, sweater shirts and sweaters layer over shirts, turtle-necks or other sweaters, she said.

"Popular ethnic and mystical free form prints, tartan plaids, stripes, solids and heathered effects in natural fibers and natural fiber looks easily mix together well for today's high style.

"Whether buying or sewing menswear garments, use separates for a well-rounded, versatile wardrobe. More wardrobe variety can even be achieved by the active mixing and matching of existing wardrobe items, she said.

Jesus Christ described His work to His disciples this way: "It is meat and drink for Me to do the will of Him who sent Me until I have finished His work."

Labor Day holiday visitors in the home of Mr. and Mrs. W. N. Foster of Farwell included their daughter and husband, Mr. and Mrs. J. R. Feagan of Kansas City, Mo. Sunday dinner was enjoyed in the home of another daughter and husband, Mr. and Mrs. George Trimble of Pleasant Hill. Joining them were the Trimbles' daughter, Ginger, of Las Cruces and Mr. and Mrs. Jack Welch of Portales.

Monday morning the Fosters visited their daughter-in-law, Mrs. Georgie Foster of Lubbock.

Visiting Mrs. E. G. Blair of Farwell are her grandson and wife, Mr. and Mrs. David Wellman of Albuquerque. They arrived Saturday.

Visitors in the home of Mrs. Linnie Mae Crook of Farwell for the past five weeks has been Patty Dillon Charleston, W. Va. She returned home by plane Sunday morning.

Other visitors included Mrs. Crook's son Darrell from Mesquite, Tex., and daughter Jaquetta and her friend Pam Parr, who are both attending Texas Tech University.

Labor Day visitor in the home of Mr. and Mrs. David Hall, Kerri and Bobbi of Farwell was Hall's brother, Joel of Wichita, Kan.

Recent visitors in the home of Onie Bradshaw of Farwell were her daughter and granddaughters, Janie Williams and Karen and Kathy of Lubbock. They also visited Mrs. Brad-

Son Born To Ben Hobbses

A son, Allen Neely, was born to Mr. and Mrs. Ben Hobbs of Farwell August 18 at Cannon Air Force Base Hospital. The newest member of the Hobbs family weighed six pounds, 12 ounces and was 21 inches long at birth. He has two brothers and one sister, Rodger, 11; Adam, 2; and Clarissa, 9. Maternal grandparent is Mrs. Mary E. Meeks of Farwell.

Texico WMU Has Meeting

Women's Missionary Union of the First Baptist church in Texico met at the church Wednesday, Sept. 1. The meeting was lead by Mrs. Harvey Hudnall. The program presented was on Bangkok, a city in Asia. After the meeting everyone adjourned to the home of Mary Dorris where they shelled peas for a friend who was ill. Those attending were Mesdames Hudnall, Joel Horne, Ophelia Billington, Mary Dorris, Grace Jones, B.A. Kelley, Anson Bowers, and Nora Day.

MD Drive Receives Pledges

Farwell Jaycees report that their Labor Day rest stop and Muscular Dystrophy Drive was a success. The MD drive earned an estimated \$1700 in pledges which will be donated to the Muscular Dystrophy Association of America. Jaycees Wilhite and James Curtis said that 200 to 220 people stopped for coffee, pops and donuts. Wilhite reported that 400 pops, 30 dozen donuts, and about 600 cups of coffee were given away last weekend. Wilhite and Curtis said that all the Jaycees appreciate the Twin Cities area residents who helped made the MD Drive successful.

Marriage Licenses

Two marriage licenses were issued by the Parmer County Clerk's office last week. They went to Israel Cantu, Jr. and Irma Martinez, and Gary Randall Rector and Robin Sue Stanfield.

September Wedding

Mrs. Virginia Winegeart of Farwell announces the engagement and approaching marriage of her daughter, Marylin Gayle, to Monte Clay Winders, son of Mr. and Mrs. James L. Winders of Springlake-Earth. The bride-elect is the daughter of the late Paul Winegeart of Farwell. The couple plans to exchange vows Saturday, Sept. 18, at 7:30 p.m. at the Oklahoma Lane United Methodist Church. Friends and relatives are invited. No local invitations are being sent. The bride-elect is a 1973 graduate of Farwell High School and has attended Sam Houston University and West Texas State University. The prospective bridegroom is a 1971 graduate of Springlake-Earth and has attended WTSU. He is presently employed at a cement company in Canyon.

Hardage Family Gathers For Reunion In City Park

For the first time in about 20 years, the Hardage family held a reunion last Sunday at the city park in Farwell. They enjoyed a "dinner on the grounds," singing, visiting, volleyball and frisbee. Family members report that after it started raining they all adjourned to the home of the Gene Hardages to continue reminiscing. It was decided to make the reunion an annual event to be held each year on the Sunday before Labor Day. Family members who attended include Mrs. Lela Douglas, Mr. and Mrs. Jerry Bradford, Jamie and Laurie, all of Farwell; Mr. and Mrs. Lacy Hardage of Muleshoe;

Mr. and Mrs. Bill Hardage, Timmie and Cindy of Plainview; Wayne Hardage of Muleshoe; Mr. and Mrs. H. T. Edwards of Clovis; Also, Mr. and Mrs. Frank Doshier Jr. of Farwell; Mr. and Mrs. Gary Doshier and daughter; Mr. and Mrs. Walter Hardage of Lubbock; Mr. and Mrs. Gerald Hardage, Tori and Tim of Jackson, Miss.; Mr. and Mrs. Jim Hardage and Davin of Lubbock; Mr. and Mrs. Willie Hardage; Mr. and Mrs. Carliss Woods, Mike and David; and Mr. and Mrs. Greg Taylor, all of Farwell; And, Mr. and Mrs. Jim Fisher; Mr. and Mrs. Tony Fisher, Scotty and Angie; and Mr. and Mrs. Reggie Laurent, all of Dimmitt; Mr. and Mrs.

Truitt Hardage, Judy, Gary, Lori, Jamie, Cindy and Suzanne, of Farwell; Mr. and Mrs. Ed Hardage; Also, Mr. and Mrs. Gene Hardage and Gerald; Mr. and Mrs. Kevin Hardage; Othena Smith and Mr. and Mrs. Curtis Smith, all of Texico; Mrs. Mildred Erwin and Pam; Mr. and Mrs. Grover Meeks, Donna, Tonya and Paul; Mr. and Mrs. Jimmie Meeks and Cindy; Debbie Richardson and Nathan; Mr. and Mrs. H. H. Billingsley; and Mr. and Mrs. Bill Thigpen, Schree and Sonya, all of Texico. Special guests were Charlie Lovelace, Tom Atkins, Myrtle Withrow and Mike Deel, all of Farwell.

The Hardage family gathered for a reunion Sunday, Sept. 5, in the city park in Farwell. It was the first reunion for the family in about 20 years. Hardage brothers and sisters who attended were, from left to right, front row: Flora Edwards, Frances Billingsley and Lela Douglas; back row: Walter Hardage, Lacy Hardage, Ed Hardage, and Willie Hardage. Not present were Lucille Jones, Fairy Stovall and Windbourn Hardage.

THE FARWELL JAYCEES WISH TO THANK THE FOLLOWING BUSINESS FIRMS AND INDIVIDUALS WHO ASSISTED IN THE JAYCEE MDA PROGRAM OVER THE LABOR DAY WEEKEND.

All the Jaycees who helped over the labor day holiday, also all the people of the Twin Cities.

Susan Patschke, Rex McCloy Wed In Afternoon Ceremony

Susan Patschke and Rex McCloy were united in marriage in an afternoon ceremony at 3 o'clock Saturday, Aug. 21, in Hamlin Memorial United Methodist Church in Farwell. Their parents are Mr. and Mrs. Gil Patschke of Farwell and Mr. and Mrs. Thane McCloy of Morse, Tex. Presiding for the double ring service was W. W. Walker of Morse. Vows were exchanged in front of a large arch candelabrum, flanked by two smaller arch candelabra. They held aqua tapers, with cascading arrangement of white spider mums, glads, floralets, aqua carnations, statis, baby's breath, and greenery. Two arrangements of aqua carnations and glad floralets, baby's breath, statis and greenery were on flower stands at the front of

the church. Mrs. Charles Aycock, Farwell, played traditional organ music. Lynn Blankenship read First Corinthians, Chapter 13, with the organ accompaniment of "Oh, Perfect Love". He sang "The Wedding Prayer" and "Walk Hand in Hand". The bride was escorted down the aisle by her father. She wore a formal gown of white, sheer mist polyester. Heavy Venise lace overlaid the fitted bodice forming a V neckline. The lace also formed the cap and the cuff of the sheer shephardess sleeves. The Venise lace was repeated at the hem of the A-line skirt, above a wide flounce. The skirt extended into a chapel-length train. The headpiece of Venise lace held the chapel-length and short veil of illusion. The bride carried a cascading

bouquet of white spider mums, white roses, stephanotis and English ivy. Matron of honor was Mrs. Steve Blair of Plainview, sister of the bride. She wore a formal gown of light aqua polyester, fitted at the waist and topped with a cape effect. Her jewelry was a pearl necklace and a gold bracelet, gifts of the bride. She wore a white picture hat trimmed with the same aqua material as the dress. At the back, above the streamers, was a cluster of aqua statis, baby's breath and greenery. Her cascading bouquet was white glad floralets, aqua carnations, statis, baby's breath and English ivy. The bridesmaids were Julie Adams of Dallas and Dianne McCloy of Morse, sister of the bridegroom. Their dresses, jewelry, hats and flowers were similar to those of the matron of honor. The bridegroom wore a black tux with a white pleated shirt and a boutonniere of stephanotis. Serving as best man was Steve McCloy of Morse, brother of the bridegroom. He was attired in a black tux and aqua ruffled shirt, and wore a glad bud boutonniere. Serving as ushers and groomsmen were Ron Box of Houston and Neil Phillips, Newcastle, Tex. They were attired similar to the best man. Mrs. Patske wore a peach colored softly draped gown. Mrs. McCloy wore a pink formal sweater-knit gown with a jacket. They both wore white glamelia and English ivy corsages. Registering guests was Mrs. Bob Renee of Clovis. The reception was held immediately following the ceremony in the fellowship hall of the church. Hostesses were Mrs. I. W. Quickel and Mrs. Howard Crook. Junior hostesses were Lisa Howard and Jeannine Berry. The bride's table was covered with a lace and net cloth. The net was caught up with bits of flowers at the top of each drape. The table was centered with an epergne holding aqua tapers and cascading flowers, white snaps, glads, statis, baby's breath, aqua carnations and English ivy. The wedding cake was white, decorated with scrolls and love knots. Between the layers and on top were white and aqua flowers. The silver punch bowls and silver trays holding sandwiches and mints were used for serving. Aqua rice-napkins and crystal and silver plates and forks completed the table. Serving was Marcie Macurak, Joyce McGee and Barbara Rhode of Dallas. Bonnie McCloy, sister of the bridegroom, distributed rice bags of aqua net tied with white ribbon. The couple traveled to Ruidoso. They will be at home at 5525 4th Street, Apt. 47, in Lubbock. The bride is a 1976 graduate of Texas Tech and will be a horticulture therapist at the State School. The bridegroom, an agriculture economics major, is a senior at Tech and president of the Aggie Council. A rehearsal dinner honoring the bridal couple and members of their wedding party was given by the bridegroom's parents August 20 at 8 p.m. in Clovis.

MR. AND MRS. REX McCLOY

Golden Circle SS Class Meets For Salad Supper

Golden Circle Sunday School Class of the First Baptist Church in Texico met Tuesday at the church for a social, business session and salad supper. Special guests were members of the Ruth Class. Mrs. Grace Jones asked the bless-

ing. The program consisted of a prayer by Mary Dell Brown and two songs sung by Betty Martin, "Sing To Me Of Heaven" and "His Grace Reaches Me." Minnie Hagler provided the reading "Use What You Have" from Romans 12-6. Ruth Reid recited the poem "A Prayer For Peace." The devotional was by Mrs. Nora Day and included a reading from Psalms and her testimony of what being a Baptist christian means to her. The class presented Mrs. Betty Martin with a scarf. Following the program a short business meeting was called to order by Mary Dorris. Collecting canned foods for a needy family in Texico was discussed. At the meeting next month, officers will be installed and secret pals will be revealed. Drawings for new secret pals will also be held. Frances Boling said the dismissal prayer. At the conclusion of the meeting, a salad supper was served including a variety of salads, coffee, tea, cake and peaches. Special guests were Helen Bowers, Allie Burris, Grace Jones, Katherine Bourlon, Hettie Harrison, Nora Miller, Edna Ashby, Betty Martin and Margaret Horne.

Golden Circle Class members present were Wanda Walker, Iona Chappell, Mary Dorris, Nora Day, Ruth Reid, Ophelia Billington, Minnie Hagler, Evelyn Hadley, Mary Dell Brown, Dorothy Rolan, Letha Morris, Frances Boling and Irene Hughes.

Farwell HD Club Meets

Farwell Home Demonstration Club met Tuesday night at the Home Economics Cottage and nominated officers for the coming year. Plans for future programs were also discussed. Those attending included Mesdames Melvin Lingnau, Edwin Lingnau and Steve Birchfield; and Jana Pronger, Parmer County Extension Agent.

Convalescent Center Chit Chat

Sunday, Sept. 5, Rev. Carrell Watkins, pastor of Calvary Missionary Baptist Church in Farwell, conducted the afternoon worship services. Refreshments of punch, angel food cake and chocolate cake were provided by several women of the congregation. Center residents who attended were Anna Hill, Maude Wilson, Annie Callahan, Effie Scott, Susie McDowell, Rufus Carter and Domitilla Madrid. Center staff members who attended were Margaret and Raymond Purcell, Eva Martin, Leslie McFarland and Judy Moore. Mrs. Moore, Center activities director, encourages visitors to attend the services which are conducted each Sunday afternoon at 2:30 p.m. Monday, residents participated in exercises and craft sessions.

Tuesday morning, Mrs. Moore and Maude Wilson went for a drive and stopped for a coffee break. W.W. Vinyard accompanied his niece and husband, Mr. and Mrs. Bogart of Amarillo, on an outing to Clovis. Mrs. Moore reports that plans are in the making for members of the Church of Christ congregation in Farwell to visit and read with the residents. A Bible study class to be led by Rev. Hank Brumfield of the Assembly of God Church in Texico will be conducted on Tuesday afternoons beginning at 1:30 p.m. The Wednesday morning devotional was to be conducted by several women of the First Baptist Church in Farwell.

4-H Youth Enterprise

Raising animals can be both fun and profitable. These 4-H members, from left, Jeff Dunsworth, Kevin West and Ronnie Dunsworth, are raising pigs and have high hopes to garner fair honors. A few of Kevin's 22 pigs are shown in the photo. Jeff and Ronnie are each raising one pig. After the fair, the animals are often sold and the profits put toward future 4-H projects.

West Youths . . .

for a tidy profit. Thus far this year, Kevin has sold 16 pigs. He is constantly breeding to improve his stock. He spends time feeding and watering his animals twice a day. Time is also spent caring for show animals. Hours are spent washing, grooming, and trimming them. An established procedure for showing animals must be learned and adhered to.

The 4-H requires that a record be kept for each show animal. They are fed balanced diets because of strict weight requirements which each animal must meet.

Kevin also spends time building improvements to the pens in which he keeps his animals. He has had the experience of assisting his sow while she gave birth.

Last spring Kevin and Jeff were on the 4-H judging team and captured first place horse judging honors and tenth place livestock judging honors.

The three young lads have taken on adult responsibilities characteristic of 4-H members, but they are still all-around boys. Each was involved with Little League this past season. Kevin learned how to water ski

(Continued from Page 1)

and if he is allowed to have his own way, he wants to purchase a mini bike with part of his fair profits. Now that summer vacation is over and school is once again in session the three boys are involved with school work, 4-H chores and fair activities.

Each year Kevin spends a portion of his profits on something for himself, the rest is channeled back into the business. Last year he spent some of his well-earned dollars on a bicycle.

Kevin, Jeff and Ronnie have not made any definite plans for the future as yet. They just want to keep breeding and showing animals and when they are old enough they plan to become members of Future Farmers of America.

Exhibiting of animals by elementary-age youth is not a new phenomenon. Rather, it is an established practice involving members of both sexes. Youngsters involved in 4-H are miniature adults, experiencing a slice of tomorrow today.

Purely

Personal . . .

(Continued from Page 1)

grades and performance in school do not thrive on late night television.

3. Introduce your child to the wonderful world of books! If he is a preschooler, take time to read to him, discussing the pictures etc. as you go along. This can be an even more exciting experience for the primary child who, by now, is acquiring a rapidly expanding sight-reading vocabulary.

4. Be genuinely interested in your child's day to day experiences. We are accustomed to engaging other adults in conversation, but so often neglect the needs of the "little people" to express themselves. The ability to express himself, either orally or on paper, makes for a more successful school career. This skill must be fostered and nourished, however, by interested parents as well as teachers.

Following the above suggestions will not guarantee your child A's and B's throughout the school year, but will make it a more successful and happy one.

During 1975, the total acres in farms in Texas was 141,800,000, according to Agriculture Commissioner John C. White.

SWCD News

Several weeks ago the Parmer County Soil and Water Conservation District encouraged farmers to order their windbreak trees for use next spring.

This week we want to announce the availability of wildlife packets. The packets contain three kinds of trees; 50 Russian olive, 50 American plum, and 50 Eastern red cedar. These trees are especially adapted to furnish food and cover for birds. That is why they are called wildlife packets.

The trees are to be put out in "mots" or groupings in areas where you want to attract birds. The area is generally an "odd" area that cannot be farmed practically.

Each Soil Conservation District is to take orders for these trees and the district will order the trees from the Texas Forest Service.

The deadline for ordering these packets is November 1, 1976. You can order from Leon Grisson, Jimmie Cockerham, Leroy Johnson, Dan Smith, M.C. Osborn, or the Soil Conservation Service, Friona.

Company Shows New Tractors

Area farmers will get their first look at International Harvester's new PRO AG line of tractors at Wooley-Hurst implement company's open house on Saturday, Sept. 11, from 7:30 a.m. to 4:00 p.m. The company is located on West Highway 84 in Muleshoe.

The result of years of research and testing, International's Series 86 tractors

started with the traditionally-powerful IH engine and ended with a control center which company officials liken to the cockpit of an airliner.

Among the many features cited by IH engineers is the quiet operating level, less noise than similar size tractors; more cab glass area for more visibility than the leading

competitive models; more lugging power; a smoother ride, thanks to a design concept that moved the seat forward, away from the jolts of the rear axle.

Reports from farmers who tested the new tractors revealed some other "surprise" features, such as improved positioning of headlights for better night-time visibility. Also from farm wives came the claim the hubby "comes home so much cleaner," thanks to the air-tight control center. When the doors close on Series 86 tractors, control center air is forced back through the control center air filter with a self-cleaning "poo".

Bill Wooley, who has been a IH dealer for the past 10 years, says he has full parts and service capability on the new line of tractors.

Cub Scouts Schedule Organizational Meet

Summer vacation time is over, children are back in school and the time has come once again to reactivate Farwell Cub Scouts Den 212. To accomplish this an organizational meeting has been scheduled for Tuesday, Sept. 14, at 7:45 p.m. CDT in the Farwell Elementary School library.

Jim Cowman of Clovis, District Executive of Boy Scouts of America, will conduct the meeting. Cubmaster will be Joe Hughes.

Third and fourth grade boys who are interested in joining Cub Scouts are urged to attend the meeting. They must be

accompanied by at least one parent.

Older boys who are interested in Scouting may contact Pudge Rose of Farwell who is the Scoutmaster for Boy Scout Troop 200.

tion that is doing so much for our people.

Former governors John Burroughs and Bruce King made short talks which were followed by closing remarks by Dr. Ralph E. Finkner, who expressed appreciation to people in the community who had assisted with the project and told the legislators present not to consider the project at an end

but just a beginning. The morning program opened with a tour of building improvements and Field Research plots. Field tours were conducted with the assistance of County Cooperative Extension staff from Curry, DeBaca, Quay and Roosevelt counties.

Carriages for hire, known as hackney carriages, first appeared in London in 1605.

PUBLIC NOTICE

SUMMARY OF PROPOSED

CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 2, 1976

NUMBER ONE ON THE BALLOT (S.J.R. 49)

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

NUMBER TWO ON THE BALLOT (H.J.R. 99)

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

Band Demonstration

Several Farwell High School band students recently gave a demonstration on their instruments to potential beginning band students at Texico High School. Participating in the demonstration were, left to right, Blaine Buchenau, Gayla Goldsmith, Lynn Burton, band director; Jayme Berry, Dondra Gerles, Jana Berry, Lisa Hughes and Linda Gohlke. Students who participated in the demonstration but not included in the picture were Cary Marsh, Beth Black, Truitt Smith, Jack Rose and Rudy Sanchez.

Band Boosters Organize Calendar Sales Campaign

Farwell Band Boosters conducted their first meeting of the 1976-77 school year Wednesday, Sept. 1.

First item discussed was sale of band calendars, an annual project of the boosters. They will sell for \$1.50 each. Names will be printed on birthdates and anniversary dates at a charge of 25 cents per name.

Band Boosters organized the calendar sales campaign and members were assigned work areas. They plan to contact area residents during the next few weeks, but booster members say that if anyone is missed who would like to purchase a calendar, they may contact one of the booster club members.

Also discussed was the upcoming band trip to Six Flags.

Band Boosters officers and their telephone numbers are Lillie Christian, president, 825-3335; June Magness, vice-president, 825-2581; Maxine Williams, treasurer, 481-3638; Lee Nell Eubank, secretary and reporter, 481-3464; calendar chairmen, Kay Hagler, 481-9104; and Sylvia Buchenau, 481-3880.

School Board Approves Test

During its regular monthly meeting Monday night the Farwell School board approved the use of the Individual Criterion Reference Testing Program for grades two through eight. The decision becomes effective for the current school year.

Sheriff's Report

Parmer County Sheriff's Department reported three incidents this week.

The first was a theft of a Winchester rifle from a pickup in the Rhea community, northwest of Bovina.

Sheriff's department also investigated two burglaries which occurred at Friona. The first was at the Herring Implement Co. and the second was at the Parmer County Implement Co.

It was reported that Roberts Insurance Agency will handle all workman compensation insurance for the 1976-77 school year.

Several teacher appointments were made. They include Mrs. Jane Sumrall, second grade; Mrs. Nancy Alana, junior high Title I Math; Mrs. Nelda Askey, migrant teacher. Mrs. Carolyn McDorman was appointed special education aide. The 1975-76 school budget was amended and approved.

The price of gasoline in America is cheaper than in any other nation that has national control of the oil industry.

The oil industry is more competitive than other big industries such as steel, automobiles, television, radio, cereals and soaps!

If the major oil companies are broken up, there are predictions that the price we will pay for gasoline and oil will go up.

Many letters are going to congressmen and senators on this and similar facts. Many people feel that a citizen's obligation is not just to vote but also to write to our legislators.

Halfway Experiment Station - - Tours, Presentations To Highlight Field Day

Cotton, corn, sorghum and sunflower research are featured attractions for this year's field day of the Texas Agricultural Experiment Station at Halfway. The premier event begins at 1 p.m. September 14, at the research site 14 miles west of Plainview on Highway 70.

According to County Extension Agent Mack Heald, field tours will be conducted throughout the afternoon with special presentations planned on irrigation, variety evaluations, weed control and insect pest management.

The Texas Agricultural Experiment Station at Lubbock is co-hosting the event, says Heald. In past years, the Lubbock and Halfway stations held separate field days but will begin this year alternating as hosts. This means the field day this year will be at Halfway and next year (1977) it will be in Lubbock.

Cooperators are the Texas Agricultural Extension Service, High Plains Research Foundation, Agricultural Research Service - USDA and the National Weather Service.

A large machinery display featuring latest farm implements available will be a part

of the field day activities, says Heald. Guests will be able to take the tractor-drawn trailer tours of the 320-acre research site to closely preview latest developments in crop production. During the six featured stops of the tours, Experiment Station scientists and Extension Service specialists will present brief summaries of research highlights and will answer questions.

The six tour stops include a comprehensive review of cotton variety studies, soil fertility, corn irrigation, modified pivot irrigation systems, insect pest management in sorghum and corn, weed control and other research highlights of particular interest to High Plains agriculturists.

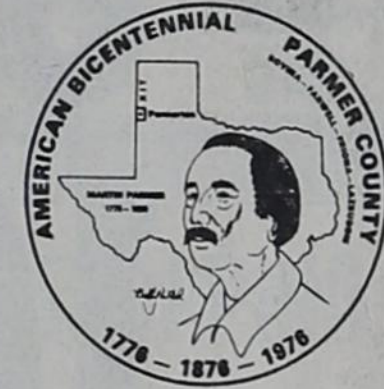

Heald says that an irrigation well capable of pumping 1300 gallons of water per minute of clear sand-free water will be of particular interest to field day-goers. The well, recently completed, triples the output of two other irrigation wells at the same location and features new innovations in well drilling.

The field day marks the 67th consecutive year for the Texas Agricultural Experiment Station on the South Plains.

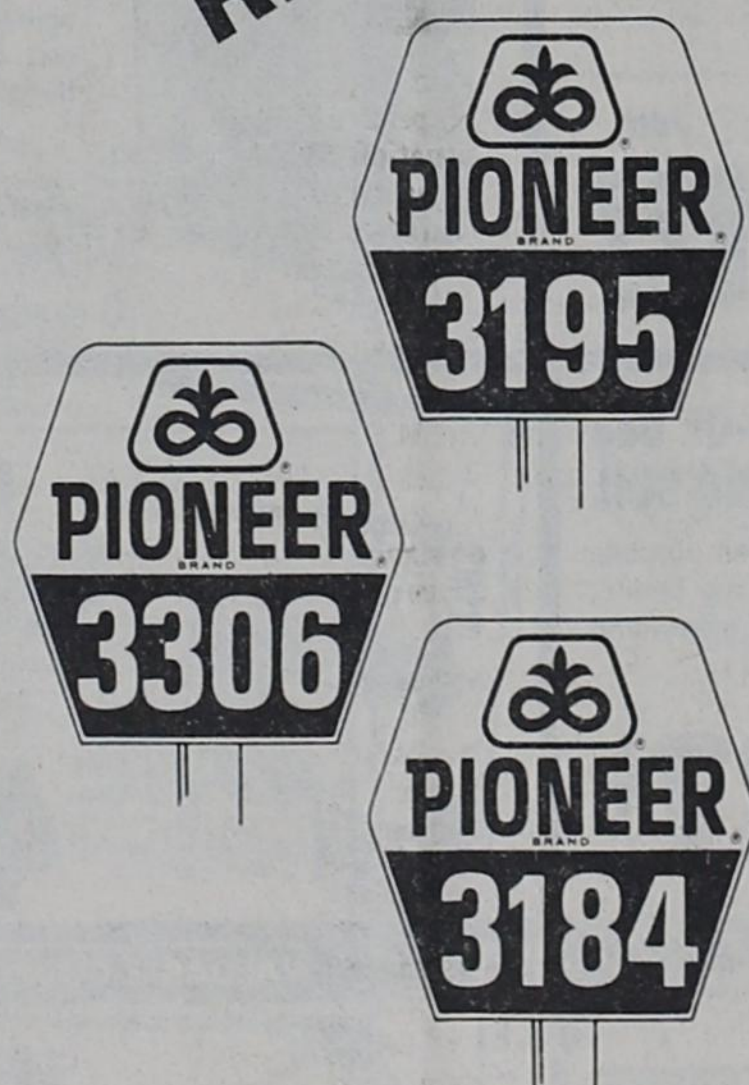

Corn Study For TAES Field Day

The annual Texas Agricultural Experiment Station Field Day will be held Tuesday, Sept. 14, at Halfway. Highlights of the day will include research information on corn, cotton, sorghum and sunflower cultivation. Halfway research site is located 14 miles west of Plainview on Highway 70.

What's Cooking Farwell School

MONDAY - Chicken pot pie, cole slaw with pineapple, fruit cocktail cake, bread, milk.

TUESDAY - Barbecue, French fries, buttered corn, stuffed celery, gelatin, bread, milk.

WEDNESDAY - Spaghetti and meat balls, blackeyed peas, lettuce and tomato salad, hot rolls, butter, applesauce, milk.

THURSDAY - Hamburgers, pickles and onions, lettuce and tomatoes, cheese slices, potato chips, buttered hominy, gelatin cake, milk.

FRIDAY - Tacos with grated cheese, lettuce and tomato salad, pork and beans, peach cobbler, bread, milk.

School Lunch Schedule at Texico

MONDAY - Corn chip pie, buttered potatoes, loaf bread, fruit, milk.

TUESDAY - Beef and cheese tacos, lettuce and tomato salad, buttered corn, cobbler, milk.

WEDNESDAY - Chili beans, potato salad, cornbread, banana, milk.

THURSDAY - Fried chicken, cream gravy, whipped potatoes, hot rolls, peanut butter and syrup, milk.

FRIDAY - Barbecue on bun, French fries, carrot stick, fruit cup, chocolate milk.

Boy Scouts Set Drive

The enterprising Boy Scouts of Troop 200 are at it again. Their latest community benefit project, collecting magazines and scrap materials for quilts, is for the Farwell Convalescent Center.

In order to carry out their latest planned community activity, the Scouts have scheduled a drive for Saturday, Sept. 11. Scout members urge anyone having magazines or scrap materials to donate to call 481-3633 or 481-3281 or to come by 700 Third Street in Farwell.

Hospital Notes

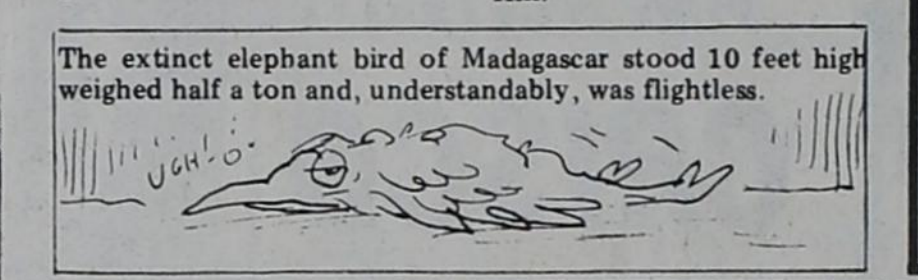

Mrs. Jack Allen (Reba) Kirkland of Farwell was admitted to the Clovis hospital Saturday where she underwent medical tests. She was dismissed Monday.

FIRE CALLS

Farwell volunteer fire department did not report any fire calls this week. Friday night, Sept. 3, the emergency vehicle transported a member of the Nazareth football team to the Clovis hospital.

Texico volunteer fire department did not report any fire calls.

Both department ambulances and the Farwell emergency wagon answered a false alarm accident reported at Pleasant Hill.

The extinct elephant bird of Madagascar stood 10 feet high weighed half a ton and, understandably, was flightless.

Reach to Recovery
Total rehabilitation of women who have undergone surgery for breast cancer is the aim of an American Cancer Society program called Reach to Recovery. In this program the physician is assisted by selected, trained volunteers who have had mastectomies (breast surgery) themselves, and understand fully the problems the patient faces.

By John Ricci

Estimates of the U.S. wheat crop are probably the most reliable and accurate for any major commodity in the world. Test plots for wheat cover three planted rows and are divided into thirds, with each section measuring exactly 21.6 inches. Inside this plot, SRS officials count the stalks and emerged wheat heads each month... results are relayed to four Regional Wheat Laboratories... then to Washington, D. C. Testing involves nearly 2,500 plots for wheat in strategic locations through 17 wheat producing states. As harvest time nears and the crop begins to ripen, experts hand harvest one third of each of the sample plots and do an extensive laboratory analysis of the wheat heads. Then the wheat goes through a special threshing process and complete evaluations are made of the grain kernels. Results are applied to the total acreage and projections for the harvest are made from there.

Head Smut Study Made By Pioneer Seed Company

Studies of the 1976 infestation of head smut in the local area corn crops indicate that crop rotation is the best defense against future occurrences, agronomists for Pioneer Hi-Bred International have reported.

Jim Higdon, agronomy services director for the Southwestern Division of Pioneer, said the highest concentration of smutted plants this year has appeared in fields where corn has followed corn for several years.

Pioneer agronomists recommend rotation of corn with other crops to help prevent the build up of head smut spores in the soil, Higdon said. If rotation is not possible, Higdon said, agronomists suggest planting corn varieties with resistance to head smut in fields which have a previous history of infestation.

Higdon said head smut is a soil-borne organism that causes a systemic infection of the corn plant. Head smut is not transmitted by seed, the Pioneer agronomist emphasized.

"Because the infection is systemic," Higdon said, "all of the infestation that will occur this year has already taken

place." An infected plant grows normally, and the infection is not detected until the plant tassels and ears are formed. The tassel may or may not be covered by smut spores, but the developing cob and kernels are completely replaced within the shuck by black smut spores, Dr. Robert Berry, area extension plant pathologist with the Texas A&M Extension Service at Lubbock, has reported.

Head smut was observed in Castro and Parmer counties in 1975, but its occurrence was more widespread this year. The areas where the 1976 infestation has been economically damaging were locations where corn has been grown for a number of years, primarily parts of Parmer, Castro, and Lamb counties.

As of this time, the most serious infestation has occurred within an area bounded by a line from Farwell to Friona to Hereford to Plainview to Olton to Muleshoe and back to Farwell, Higdon said.

Head smut (*Sphacelotheca reiliana*) is sometimes confused with common smut (*Ustilago maydis*).

Yield reduction from common smut is normally mini-

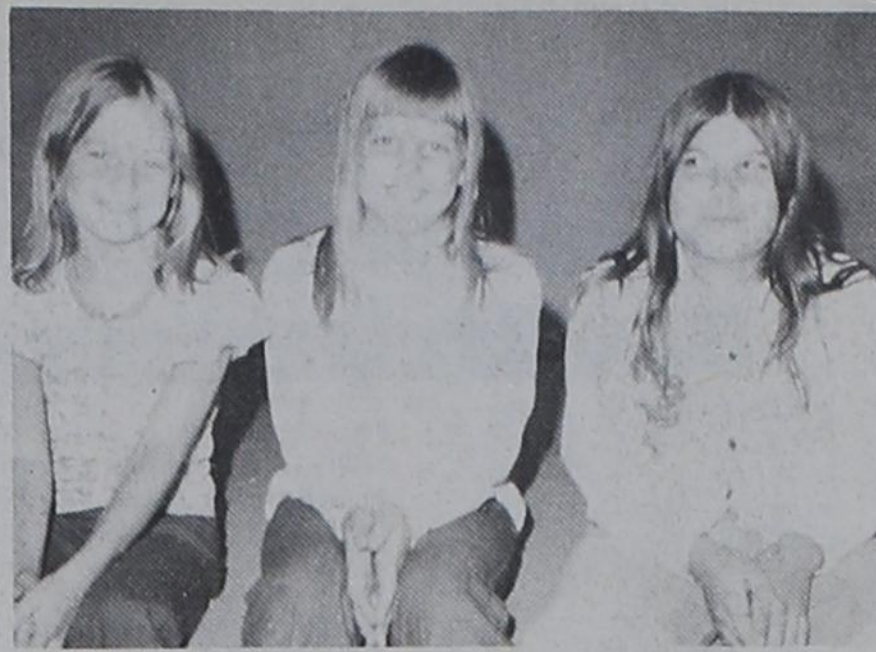

mal, compared to head smut, because the infection is local and does not always affect the ear and kernels on the ear. Yield reduction caused by head smut is directly proportional to the percentage of smutted plants, because no grain is formed.

At two test locations in Castro County in 1976, it was found that different corn hybrids exhibited varying degrees of resistance to head smut, ranging from highly to moderately resistant, to moderately susceptible, to susceptible, Higdon noted. He gave the following examples:

Pioneer brands 3306, 3195 and 3184 have a high degree of resistance. 3780 has moderate resistance. 3305 is moderately susceptible, and 3369A is susceptible.

Higdon noted that in one test, in which 3369A was planted on land where 21 per cent smutted plants were observed in 1975, only an average of 7.5 per cent smutted plants were observed in 1976 when 3369A was planted on May 3. Higher percentages of infestation are believed to occur in colder soils as seedlings are emerging, he said, so that the later planting date on that field may have accounted for the lower percentage of infection than in 1975.

Based on observations in 1976, Higdon said, Dr. Berry concurs with Pioneer agronomists that, on land with no previous history of head smut, the likelihood of an economically damaging infestation is greatly reduced, even if a susceptible variety is planted.

First Girl Scouts To Register

Registration for membership in the Girl Scouts was conducted Tuesday afternoon at the Hamlin Memorial United Methodist Church in Farwell. The first three girls to join were, left to right, Shelley Ford, daughter of Mr. and Mrs. Jerry Ford of Farwell; Sandra Parker, daughter of Mr. and Mrs. James Ford of Farwell; and Denise Ford, daughter of Mrs. Dorothy Ford of Farwell.

White Is 'Un-Color' Choice For Kitchen

White is the up-and-coming "un-color" choice - followed closely by a new chocolate brown - for kitchen remodeling, Mrs. Janice Carberry, a family resource management specialist, reports.

"One reason for white taking top spot in appliance color choices may be for its economy - white appliances offer greater decorating possibilities without having to replace the appliances," she added.

Mrs. Carberry is with the Texas Agricultural Extension

Service, The Texas A&M University System.

"Housewares manufacturers, who rate the most popular colors, say that avocado continues to lose favor in both kitchen and bath. Based on 1975 buying preferences, gold and harvest gold ranked first, and yellow second for 1976.

"While white and brown were listed third and fourth for this year, both have increased and are predicted to soar in popularity for kitchen color preferences," she reported.

Examines Head Smut

Jim Higdon, agronomy services director for Southwestern Division of Pioneer seed company, examines corn head smut, left, and common smut, right.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective October 7, 1976.

It is expected that the requested rate schedule will furnish an 18 percent increase in the company's intrastate gross revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

One Of The Great Puppeteers Of Methodism

EVERYONE INVITED

OKLAHOMA LANE UNITED METHODIST CHURCH

Harvey Whittenburg, Pastor

No sooner had head smut been discovered in the local corn crop than the considerable expertise of Pioneer Hi-Bred research arrived to assess the situation. Six of the forty-man Pioneer corn research team rushed to examine corn fields throughout the affected area.

Together with the agronomy service personnel out of Southwestern Division headquarters at Plainview and the Division's district sales managers, they have formulated recommendations for corn farmers in this area.

THE FIRST JOB IS TO IDENTIFY THE ENEMY

There are two kinds of smut in the corn fields of Parmer, Castro, Deaf Smith, Bailey, Lamb and Hale counties: common smut and head smut. Common smut has little, if any, economic significance. Head smut is the real culprit. Estimates are that it will reduce the yields of some fields by over 20%.

Common smut (*Ustilago maydis*), sometimes called boil smut, is repulsive but does not usually reduce yields. It is characterized by galls, bulbous growths which are at first covered with a glistening, greenish-to-silvery-white tissue. The galls may appear on any part of the corn plant including the exposed tips of healthy ears protruding beyond the shuck. The plant becomes host to wind or water born spores which stimulate cells in young tissue to proliferate.

Head smut (*Sphacelotheca reiliana*) is systemic, the plant being infected by soil-borne teliospores in the seedling stage. The outward signs of the disease are less conspicuous than common smut. It first appears when ears and tassels are formed. Tassels of infected plants usually appear to be covered with a reddish-brown or

black, spiny rust. Silkless shucks look as if they might cover a short, fat ear of corn but opening the shuck exposes a mass of black, worm-like teliospores or a tangle of bright green, leafy buds.

THE NEWS IS BOTH BAD AND GOOD

There are a few fields in which damage from head smut exceeds 20%. These are invariably fields which have been planted to corn for several seasons. Since head smut is soil born and there is no practical chemical treatment to control it, we can expect infection to increase from one year to the next when conditions are right. This year's weather, (dry and cool) was particularly conducive to infestations of both types of smut fungus.

The good news is that Pioneer has three excellent hybrid corn varieties that show strong resistance to head smut. One of these varieties is well known to area farmers and is the most planted variety in much of this area...Pioneer brand 3306. Two other Pioneer varieties...3184 and 3195...which were planted widely in this area for the first time this year, not only resist smut but have even greater yield potential than the well-known yield champion, Pioneer brand 3369-A.

If you have a field that shows signs of head smut infections, plan to switch to one of the three Pioneer varieties that provide resistance to the disease and, at the same time, give you a shot at the best corn yield you have ever had.

Talk to your Pioneer dealer now about ordering Pioneer varieties 3306, 3184 and 3195. It makes a lot of sense to plant all three.

Homemaking Hints

For Safety & Economy

Take Preventive Action

"An ounce of prevention is worth a pound of cure" may be a well-worn adage. But when applied to household chores, it's a well-tested fact of life.

Below are a few examples of simple tasks that quickly get out of hand. You'll probably be able to think of additional items that belong on this list. Keep these and similar chores under control before problems set in, and you'll find your days run much smoother and with less effort:

Sew loose buttons before they fall off; polish the silver before it tarnishes; clean the "works" of your coffeepot before they get really discolored.

Clear leaves and dirt out of your gutters before they overflow; sprinkle sand or salt on your walk and driveway right after you finish shoveling the snow—and before the ice forms.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

FOUR KINDS OF MEN

According to St. Paul's inspired epistles, the human race is divided into four categories:

- The natural man**, i.e., the fallen son of Adam, as he is, without God. Of him the Apostle says: "The natural man receiveth not the things of the Spirit of God: for they are foolishness unto him; neither can he know them, because they are spiritually discerned" (1 Cor. 2:14).
- The babe in Christ**. When a person sees himself as a sinner and trusts Christ as his Savior, he is "born again" and becomes a "babe in Christ." But babes can and should grow, so these are exhorted: "As newborn babes desire the sincere [pure] milk of the Word, that ye may grow thereby" (1 Pet. 2:2).
- The carnal Christian** is one who, though perhaps a Christian for years, has not grown, due to indifference and neglect of the Word of God. He still has to be treated as a babe in Christ. The Corinthian believers were exam-
- ples of this**. Paul had to write them: "I... could not speak unto you as unto spiritual, but as unto carnal, even as unto babes in Christ. I have fed you with milk, and not with meat: for hitherto ye were not able to bear [digest] it, neither yet now are ye able" (1 Cor. 3:1,2). Everybody loves a baby, but the joy that fills the hearts of loving parents turns to bitterest sorrow if their baby fails to grow.
- The spiritual Christian** is one who, through prayerful study of the Word of God has grown to spiritual maturity. He is no longer merely a child of God; he is a "man of God." We should all "desire the sincere [pure] milk of the Word THAT WE MAY GROW THEREBY" - "THAT WE HENCEFORTH BE NO MORE CHILDREN, TOSSED TO AND FRO, AND CARRIED ABOUT WITH EVERY WIND OF DOCTRINE" (Eph. 4:14). Let us then heed St. Peter's inspired exhortation: "BUT GROW IN GRACE, AND IN THE KNOWLEDGE OF OUR LORD AND SAVIOR, JESUS CHRIST" (II Pet. 3:18).

AROUND THE TWIN CITIES

Texico Chamber of Commerce and the Texico Planning Commission will meet Monday, Sept. 13, at 6:30 p.m. MDT in the community building.

Farwell City Council will convene its regular meeting Monday, Sept. 13, at 5:15 p.m. CDT in the City Hall.

Parmer County Commissioners Court will conduct its regular session Monday, Sept. 13, at 11 a.m. CDT in the county courtroom.

Items on the agenda include general discussion on a possible unified re-evaluation, inspection for approval of the salary for the 154th Judicial District court reporter, update on the road situation in the county and a general discussion of finances.

Parmer County Young Farmers will meet Monday night, Sept. 13, at 8 p.m. CDT at the Bovina Restaurant. Corky Biggerstaff, a representative of a sprinkler corporation in Muleshoe will present the program and show a film. The business meeting will follow the program.

Texico City Council will convene its regular meeting Tuesday, Sept. 14, at 6:30 p.m. MDT in the City Hall.

Texico School Board will meet Tuesday night, Sept. 14, at 7 p.m. MDT in the high school principal's office.

An organizational meeting for Cub Scouts will be conducted Tuesday, Sept. 14, at 7:45 p.m. CDT in the Farwell Elementary School library.

Monday, Sept. 13, a public health clinic will be conducted by Fran Steigely from 8:30 until noon at the Senior Citizens building in Texico. The clinic will offer well child conferences, immunizations, hypertension screening, and family counseling.

Parmer County Fair will be held Thursday and Friday, Sept. 16 and 17, at the Parmer County Community Center in Friona. Adults and 4-H members are invited to participate. Anyone needing more information and catalogs may contact the county agent's office in Farwell.

Letter To The Editor

August 30, 1976
 Mr. John Getz, Publisher
 The State Line Tribune
 Box 255
 Farwell, Texas 79325

September 3, 1976
 Mr. John Getz
 State Line Tribune
 Farwell, Texas

Dear Mr. Getz:

RE: Renewal and Purely Personal article of July 16th edition

I have been a subscriber of the Tribune since leaving Texas in 1961 and am enclosing my renewal for another year. I would also like to comment on your article in the July 16th edition concerning the mental confusion of Occupational, Safety and Health Administration (OSHA). Our business is instructing persons to pass the California, Arizona and Nevada State exams to obtain their contractor's licenses and we must teach the contractors all the requirements and regulations concerning OSHA.

Enclosed you will find a caricature of a cowboy after OSHA. Since I am from Texas, one of my students brought this in sometime ago and I would like to pass it on to you for your readers to have a better picture of the representation in California. The picture is about as ridiculous as having toilet facilities installed within a five minute walk of their work (re: article in your paper). I was 13 years old before we had facilities that were indoors and went through the usual instructions on how to flush them, so the article hit home to me.

I do like to keep up on the Farwell and Texico news, even though my parents now live in Clovis and appreciate your reminder of the renewal. I attended grade school in Farwell and High School in Texico, so its nice to be able to review ones past associates through the Tribune media.

Sincerely,
 Koleta Luents, MRS.
 Santa Ana, Calif.

[Editor's Note: The enclosed cartoon was a photostatic copy we could not reproduce, but the revised OSHA Cowboy included among other items, safety goggles for the horse, a safety net for the rider and an E.P.A. emissions control cart with shovel.]

Mrs. Luente is the former Koleta Doshier, daughter of Mr. and Mrs. Frank Doshier Sr., of Clovis formerly of Texico-Farwell.)

Decorating Ideas

QUICK AND EASY

This bright and inviting party room sets up in minutes, with Cosco's colorful "Hot Seat" folding chairs and matching tables. The bold blue-yellow-and-green scheme is carried out with striped blinds, plaid carpet and lots of fresh plants. Accommodating twelve for a sit-down dinner, served from the buffet cart, the setting clears off easily for an evening of backgammon (or your favorite indoor game). And when the party's over, everything folds flat to store in a closet.

Wise Water Use Keeps Costs Down

With hot summer weather at hand, the home gardener needs to check his watering methods to keep the water bill down.

"First, check the methods of application," advises Everett Janne, landscape horticulturist for the Texas Agricultural Extension Service. "There is no need to apply water any faster than the soil will soak it up. Sandy type soils will usually take water almost as fast as it can be applied, but tight clay soils take up water slowly. Select the method of application that best fits your soil."

Using a mulch wherever possible also saves on water usage, says the horticulturist. A good mulch conserves moisture, prevents compaction, keeps soil temperature lower and reduces the weed population. Since organic mulches tend to decompose or sometimes wash away, they should be checked frequently and placed where necessary.

While night-time watering increases the chance for plant diseases, it does allow for more efficient use of water since evaporation rates are lowest.

"Another important practice in the wise use of water is to do a thorough job of watering each time it becomes necessary to irrigate," emphasizes Janne. "A thorough watering at 7-10-10-day intervals encourages deep root penetration and full use of available soil moisture. Just because plants wilt during the heat of the day doesn't mean the soil is dry. Test the soil's moisture content with a soil probe or stake to determine if the soil is dry rather than depending on the appearance of plants."

Regardless of the size of the water bill, don't stop watering completely as plants can die due to moisture stress, especially during hot, windy weather. Just use this precious resource as efficiently as possible, reminds Janne.

Woodsy Owl, the anti-pollution spokesperson for the U.S. Forest Service says: Organic materials [like cooking fat] clog plumbing and septic tanks, causing sewage overflow. Throw them out, not down your sink.

Eating Out Sensibly

Eating several meals a week away from home doesn't have to be a caloric disaster, Marilyn Haggard, a foods and nutrition specialist says.

"Try to select restaurants which offer a variety of foods and a different menu each day. This gives the opportunity to eat a wide variety of foods to meet daily nutritional needs," she said.

Miss Haggard is with the Texas Agricultural Extension Service, The Texas A&M University System.

"If watching the waistline, try to find an eating establishment which offers a wide selection of salads or a salad bar and meats which are grilled or roasted. Avoid places where the entree is either fried or drenched in a thick, calorie-laden sauce.

"This goes for vegetables too-many of the most convenient eating places offer french fried potatoes as the only vegetable. Potatoes are a good food, but other vegetables are needed to assure a well-balanced diet," she reminded.

Select vegetables which are steamed or baked and served without the added calories of cream sauces, stuffings and butter. Be wise in selecting bread. Texas toast and those huge chunks of jalapeno cornbread are easily equal to two servings of bread each with butter, they really add up, she reminded.

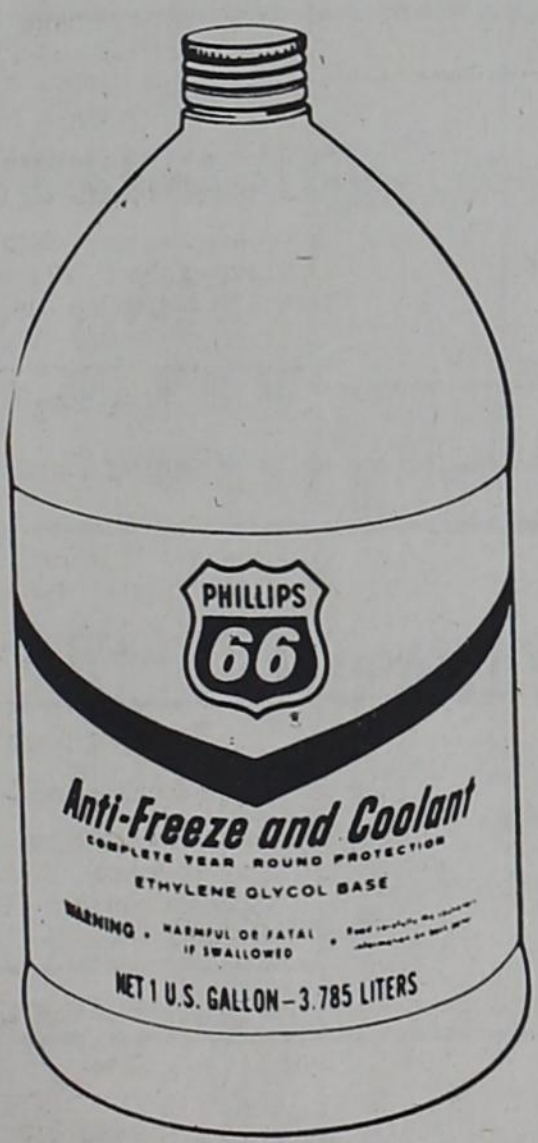

"If dessert is necessary, select a plain gelatin dish, custard or sherbet. You'll feel better mentally and physically all afternoon long if you eat in moderation at lunch!" she said.

1. There are 12 football games listed.
2. Pick the team you think will win in each game and circle the WINNER'S NAME.
3. PICK THE SCORE of the GAME OF THE WEEK and place your guess in the appropriate blank on the entry. Bring or mail the entry blank to The Tribune office by 5 p.m. Friday of this issue.
4. Tabulations of individual entrants will be kept all season and at the end of the season Grand and Second Prize winners will be named.
5. Only one entry blank may be submitted per individual.
6. Tabulations will be available for public inspection.
7. Contestants must be 12 years old or over.
8. Game of the Week used as the tiebreaker only.
