

The homegrown worms are coming out of the woodwork. For a few days after our takeover of the island of Grenada, things sounded fairly patriotic, but by now the national TV moguls have had time to regroup and the anvil chorus has

One TV clip that we saw was of the Cuban National TV announcers giving a report on their losses in Grenada. At the conclusion of the announcement, they all rose and stood at attention while the Cuban national anthem was played. We do not expect such from our TV commentators, but it would be so different if, just once, we could see something that could even reasonably be construed as he gets ready for the big as patriotic on our television.

We are of the firm conviction that there is a huge reservoir of American patriotism in this country and that President Reagan's move in the Carribean is widely supported and applauded. Don't expect to get that impression on your evening, bood tube news programs.

We think the President moved wisely and correctly and undoubtedly kept Grenada from becoming another communist cancer in the western hemisphere. While some of our lilylivered allies publicly bewail our action, we suspect that in many Foreign Offices around the world, a toast was made to a stiffening of the American view of world affairs. Our action helps to erase some of the doubts concerning our national will and resolve to defend freedom wherever and whenever

necessary. We also support the administration in its decision to keep the national news media representatives in the dark on the invasion both before it happened and until primary military objectives were accomplished. War is a process of killing as many of the enemy as possible while keeping as few of our soldiers from being killed as

This aim does not lend itself to the publicity that would have accompanied premature disclosure of this battle information. There are some things that the public should not know, at least until after the fact. A military invasion and accompanying plans fall well within that category.

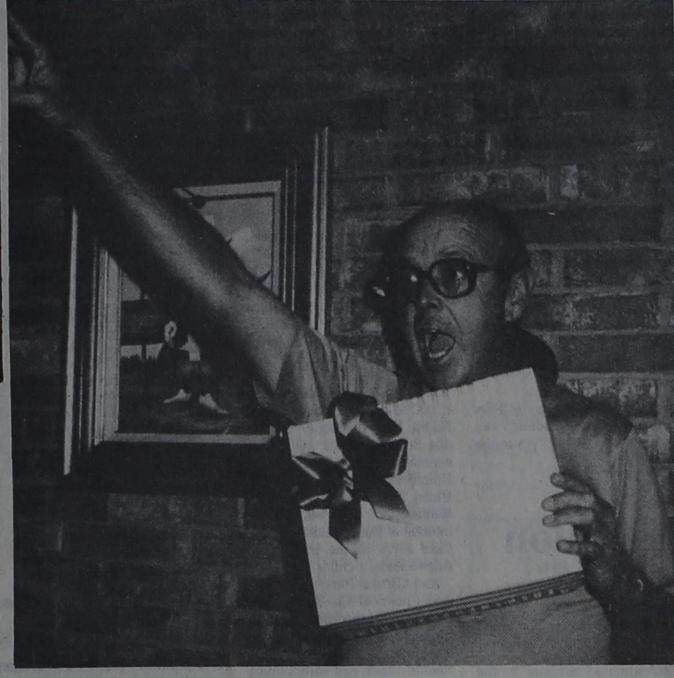

While we are on the TV media we will recount several of our pet peeves in the advertising or "commercials" department. The one that we feel is really out of bounds of believability is one of the Tom Landry and John Madden group. Tom and John are bragging on the merits of the time payment plan being hawked by this subsidiary of a big car corporation. Can you really imagine either of those two worthies having to buy a car, any car, on a time payment plan? Frankly that stretches the bounds of credibility.

Another commercial shows a very sportily dressed fellow bragging on his life insurance policy. He says that it even lets him miss a premium now and then -- as he throws a multithousand dollar power cruiser in gear and zooms off across the bay. We think he would have had to miss more than a life insurance premium or two to afford that boat. If he is so close to broke that he needed to miss his insurance payment to make this purchase, he is extremely improvident. That is not a good image either. The part that floors us is that either one of those commercials costs more than the Olde Tribune takes in in a year. This paper may not be rich but it is honest.

# Wolverines Start State Playoff Trek

The Texico Wolverines start their quest for a state championship title Saturday night when they host the Reserve Mountaineers in semifinal action of the New Mexico Class A State Playoffs at 7:30 p.m. MST in Wolverine Stadium.

Coach Dave Lynn's charges take their 8-1 record and district runner-up title into the fray against a team which defeated Texico 18-0 in semifinal action of the playoffs in 1980 and took the state championship from the Wolverines' grasp 14-0 in the 1981

Texico's lone defeat of the current season came at the hands of Tatum who outscored the Wolverines 21-12 to take the district

lost only to Animas who won by a 19-7 count.

Texico has won the top district trophy three of the past five

years and was undefeated in 1981 and 1982, and the Mean Green is hoping to make this year the one when they bring the state title trophy home.

Coach Lynn says Reserve runs from a single wing formation, one not seen too often. He reports that the Wolverines are looking forward to the game with Reserve, saying they're ready for the competition.

In making their way to the state playoffs this year Texico has racked up 238 points to 74 for their opponents, taking wins over Carrizozo, Capitan, Eunice, Jal, Springer, Hagerman, Melrose, and Ft. Sumner.

All area football fans are urged to be on hand Saturday night According to Coach Lynn, Reserve is 7-1 on the year, having at 7:30 for a fine football game between two strong Class A teams as they fight for the right to face the winner of the Tatum-Carrizozo game which is to be played Friday night.

seemed only a dream or a mission impossible to many area citizens for a long time is about to become a reality. Farwell is going to have a community center, a meeting place that will serve the needs of large and small groups, from class and family reunions to communitywide events, and possibly even the local junior livestock show.

From fund-raising ventures such as dances and art shows and sales, to a meeting place for the Senior Citizens, the Center will benefit all people of the community.

# Georgiana Cooper Publishes Book Of Newspaper Columns

Georgiana Cooper of Portales, mother of Lewis Cooper of Texico, recently released her first book, "Idle Chatter."

Mrs. Cooper has been writing a newspaper column by the same name for the past 27 years for the Portales News-Tribune.

The book is a collection of some of the best of her columns, compiled and arranged by her daughter, Laurie Wright of Portales, and daughter-in-law, Ann Cooper of Texico.

The material has been ar-

ranged into subjects, including such titles as The Weather, Closet Classics, Homespun Holidays, and Midwifery.

Each of the stories in the book has been published as a column, and each has a special meaning or tells of the times the author has lived through, according to her daughter-in-law.

Mrs. Cooper was born in 1906 in Floyd County, Tex., and graduated from Portales High

School in 1923.

In 1933, she married Marshall

They have three children, Laurie Wright of Portales, Lewis of Texico, and Lillian Jones of Anchorage, Alaska.

Compiling and publishing the book, an idea which came into action last August, has been a long-time family project, according to Ann Cooper.

In the dedication at the front of "Idle Chatter," Mrs. Cooper praises her husband for 50 years of loyalty, honesty, sincerity, unfailing confidence, and for doing sink after sinkful of dirty dishes so she could meet her deadlines.

"Much of the book's progress up to its release can be accredited to the hard work of Laurie, Ann, and Jess Richardson, as well as friends and staff members at the Portales News-Tribune," says Lewis Cooper.

Mrs. Cooper retired a few years ago from full-time writing at the paper, but she still writes her weekly column, "Idle Chatter," as well as a second column, "Turning Back the Calendar." According to Mrs. Cooper, writing the columns is now more fun than work.

Her book is now on sale at the Portales News-Tribune or from Ann Cooper of Texico.

CHEESE AGING FACTS

All American cheese is ripened and cured or aged. Depending on the flavor desired, it is aged anywhere from 60 days to more than one year, says a New Mexico State University Extension food and nutrition specialist.

Mild cheddar is cured for two to three months and has a gentle flavor. Medium cheddar has been cured up to six months and is mellow with a more pronounced flavor. Sharp cheddar is cured more than six months and has a full flavor.

One eighth of a teaspoon of garlic powder equals one small clove.

# Wolverines Beat Foxes For Place In State Playoffs

by Johnny Torres

Texico Wolverines defeated the Ft. Sumner Foxes 41-8 Friday night at Wolverine Stadium to put the Wolverines into the semifinal match against the Reserve Mountaineers Saturday night at Texico at 7:30 MST.

Texico was ineffective moving the ball on their first possession and were forced to punt.

Two plays later Wolverine Joe Steward intercepted a Ft. Sumner pass and returned it 39 vards for a touchdown to put the Green and White out front 6-0. The PAT was no good and with 10:36 left in the first quarter, the Wolverines had a one touchdown advantage.

Ft. Sumner could not move the ball and were forced to give it up. On this drive the Wolverines marched 60 yards in 10 plays on the running of Billy Bibbs and Ronnie Galvan. Brad Steward wrapped up the drive with a 15-yard TD run. The PAT attempt was again foiled and with 5:00 left in the first quarter Texico had a 12-0 lead.

Still in the first period Brad Steward intercepted a Fox pass to give Texico possession and on the next play Billy Bibbs daztouchdown run.

Brad Steward passed the ball to Kevin West for the two-point conversion and the Wolverines had a comfortable 20-0 lead at the close of the first quarter.

In the second period Texico drove the ball 95 yards on 14 plays with an outstanding 20yard run by Charlie Bibbs. Brad Steward capped off this drive with a 10-yard TD scamper and Stanley Cross kicked the point after to make the score 27-0 in favor of Texico with 7:26 left in the half.

The defensive units controlled the game for the remainder of the quarter with neither team being able to mount a serious drive, and at halftime, Texico had a commanding 27-0 advantage.

The Wolverine offense went to work early in the third period driving the ball 65 yards on 12 plays behind the running of Charlie Bibbs and Stanley Cross. Kevin Akers ended the drive with a one-yard burst into the end zone. Cross again kicked the extra point and with 3:20 left in the third stanza, Texico had increased its lead to 34-0.

In the final quarter the Foxes finally found daylight in the Wolverine defense as David Ferguson scored on a two-yard run to give Ft. Sumner its only TD of the night. Ferguson then threw to Michael Clark for the two-point conversion to make the score 34-8, Texico, with a little over seven minutes left in

West added to the Texico margin and ended the scoring for the night on a 65-yard punt return for a touchdown. Brad Steward kicked the extra point and the Wolverines had an impressive 41-8 victory.

Leading the rushing attack was Billy Bibbs who carried the ball 15 times for 149 yards Charlie Bibbs had 58 yards on 14

In the receiving category Kevin West caught four for 46 yards and Kevin Akers caught one for 11.

Leading tacklers for the evening were Billy Bibbs, Tommy Boarman, Stanley Cross, Kevin Akers, Ronnie Galvan, and Terry Tubbs, each of whom contributed six tackles.

# Will Rogers Ran Away To Austin

by Myra Hargrave McIlvain

He was 19 years old in 1898, and he had been to a variety of schools in Oklahoma and Missouri, but he rarely stayed longer than three months. Of the last school, a military academy, Will Rogers said he and the commandant "had reached complete disagreement as to how the school should be run," and Rogers, "being an accommodating boy, got out." A classmate had told him about Little Robe Ranch near Higgins in the Texas Panhandle, and that's where he headed when he left school. He became "jest a cowboy on the open range," and he worked hard.

Ranching wasn't new to William Penn Adair Rogers. He had grown up on his father's ranch in Indian Territory (present Oklahoma). The youngest of several children, he became his mother's pet and did exactly as he pleased without any arguing, which prompted his father, Clem, to say, "There's a lot of mule in Willie." He learned to ride before he could walk, and a black man, whose job was to watch the boy

Will Rogers how to handle a rope. At first, roping was a way to keep the boy out of mischief, and then it became such a fascination to Will that he cared for little else, his studies least of

In Texas, Will became best friends with Frank Ewing, son of the owner of Little Robe Ranch. Even after Rogers drifted on to other ranches and then joined a wild west show he continued to come back to see his dear friend. When Will Rogers, the boy who seemed so unsuccessful, finally found his niche on the stage, he earned fame around the world for his "down home" philosophy and his general good-natured humor. Will Rogers laughed at himself while he poked fun at others.

The Texas Historical Commission has placed an Official Texas Historical Marker honoring Will Rogers in City Park on US Highway 60, Higgins, Lipscomb County. Government, unions to blame

for high unemployment

COLLEGE STATION-America's unemployment problems are largely due to workers who have priced themselves out of jobs, says a Texas A&M University economist.

"In a nutshell, labor is overpriced in certain industries and that has resulted in high unemployment levels," said Dr. Morgan Reynolds.

Sustained, massive unemployment has resulted because wages have been influenced more by government policies than by free market competition, Reynolds said.

"Governments, and their coercive offspring-labor unions-prevent competitive pricing," he said. "They are the major causes of unemploy-

The economist said unemployed people aren't finding jobs largely because the work force has overlooked the principle that pricing must please both buyers and sellers before

# Museum Art Collection Features Hamlin Donation

Canyon, TX--Forty years ago, when an art collection for the Panhandle-Plains Historical Society was no more than a curator's dream, a farsighted, civic-minded patron of the arts from Farwell, Texas, decided to make the dream a reality. As a result, one of the state's largest collections of art by members of the Taos Society of Artists is on exhibit in the Museum in Canyon, according to B. Byron Price, Museum director,

"This exhibit coincides with the acquisition of the first portion of our art collection from Judge James D. Hamlin, of Farwell, in 1943," Price said. Judge Hamlin was a staunch supporter of the Museum. As President of the Panhandle-Plains Historical Society from 1938 through 1944 Hamlin donated many art works and also guided the Museum through one of its most important growth periods, Price explained.

According to Hamlin's autobiography, as told to J. Evetts Haley in the mid-1940's, the Judge was born in Kentucky in 1851, said Price. Arriving in Amarillo in 1897 on his way to the Klondike to pan for gold, he immediately fell in love with the Plains. Soon he opened a law office in Amarillo.

In 1900 he moved to Farwell and became legal representative for the Capitol Freehold Land and Investment Company, which had recently purchased the three million acre XIT Ranch lands. The funds raised from the sale of the lands by the state of Texas had financed the construction of the Texas State Capitol Building in Austin. Hamlin handled the sale of XIT lands to farmers in the early 1900's, according to his autobiography. He also served as Judge of Parmer County from

1912 to 1924. An educated and cultured individual, Hamlin was well versed in Greek and Latin classics, wrote philosophical treatises, and avidly collected many art forms. His interests were eclectic, ranging from Navajo jewelry to Oriental bronzes to western paintings. After 40 years of accumulating art, in late 1942 Hamlin, then

President of the Panhandle-Plains Historical Society, decided that his treasures should be housed in the Society's new Museum.

The following year he began to deliver paintings, sculpture, silver, ceramics, Oriental rugs and bronzes, furniture, Indian jewelry, and other interesting and unique artifacts and art objects to the Museum, said Price.

Among Hamlin's extensive art collection were a considerable number of paintings which he had purchased during trips to New Mexico. His autobiography reveals that he began visiting Taos in 1917, and after his retirement in the 1930's he began seriously to collect art. He spent months at a time in Taos getting to know the artists who were members of the Taos Society of Artists, and he also collected paintings by prominent Santa Fe artists of the

Hamlin's Taos collection includes paintings by Kenneth M. Adams, Oscar Berhinghaus, Ernest Blumenschein, Dorothy Brett, W. Herbert "Buck" Dunton, Nicolai Fechin, Leon Gaspard, Joseph Imhof, Bert Phillips, Julius Rolshoven, and Walter Ufer, according to Carol Cline, the Museum's Curator of Exhibits who is presently readying an exhibit of these art works. Frank Paul Sauerwein's

works were his favorites, and he gathers nearly 100 paintings and drawings by this noted artist, all of which he gave to the Museum. Museum Director Price noted

KEVIN WEST

that "between 1943 and 1950 Hamlin placed all of these art works with the Society, where they formed the core of a western art collection which since that time has considerably grown. The Museum will place all of its Taos art on exhibit from October through January. This will be the first attempt to place the whole collection before the public,"

leyball team has just completed the 1983 season with an 8-8 overall record and a 5-5 district mark, tying Tatum for third place in the district standings.

The season started back in August when the Lady Wolverines won over the Clovis JV in their first outing. They also beat Dora and then won consolation in the Cloudcroft Tournament where Helen Jo Boarman and Cheryl Scott were both named to the All-Tournament

After winning fourth place in the Hobbs Tourney (where Boarman and Scott were again All-Tournament picks) district play started for real. Texico lost to Tatum, won over Dora and Elida before losing to Floyd in their next four outings. The very next week they won

over Floyd, then lost to Melrose and Elida, won over Tatum and ended regular play with a loss to Melrose.

In the district tournament the Lady Wolverines were defeated by Tatum to put the Green and

Texico's Lady Wolverine vol- White in a tie for third in the district with Tatum.

Texico coach Mike Littlejohn said, "During the year we won the consolation bracket at Cloudcroft and came in fourth at Hobbs. We had two players named to the all-tournament teams at these events, Cheryl Scott, a junior, and Helen Jo Boarman, a sophomore."

Littlejohn said that all the coaches would meet following the state tournament and choose the all-district team selections.

# Steers Of The Week

The entire Steer football team has been awarded the Steers of the Week honors by Coach Bruce Dollar for their performance in the 43-13 win over the Olton Mustangs last Friday night. Good job, team!

by Mark Cole For the first time since the 1959 and 1960 seasons, the Farwell Steers have won back-toback district football titles. This year's championship came by defeating the Olton Mustangs 43-13 Friday night giving the Steers a 4-0 loop record and a 7-2 rerall mark.

Against the Mustangs the Steers piled up 43 points behind a combination running and passing attack with Paul Fulcher doing more than his share of the work for the Steers by running for three touchdowns and 106 yards.

The Steers began their domination early in quarter number one with a defensive stand. Todd Christian, Johnny Daniel, and Alan Eubank all made key tackles, which set up a first and 20 on the 49. On the following play, Kevin Owen hit the Mustang running back, jarring away the ball where Steer defensive back Roger Robertson scooped up the pigskin to give the Steers possession on the 47-yard line.

ly ran three plays, which included an Owen run for four yards, a Blake Kelley scamper for five more, and a Eubank burst for 25. Fulcher ran in from 11 yards out on his first carry of the game for his first of three touchdowns. The Manuel Cantu kick put the Steers out in front first quarter.

On Olton's next possession the first half of play. they found they weren't going to get far against the Steer dedown was Berny Mesman. On second down Christian and Owen met the Olton ball carrier in the backfield and dropped him for a yard loss. On third down, Bobby Ford made the tackle for the Steers, forcing a

Quarterback Eubank then went to the air and completed his first of seven, this time to Robertson for 25 yards and another Steer first down on the 34. Kelley then ran for 19 yards, followed by carries by Eubank and Fulcher for five and three, respectively. Eubank then passed for his first of an outstanding, season high three touchdowns. This one went to Owen out of the backfield when he ran wide open into the end zone, and made the catch for the TD of seven yards. The Steers were then really moving with a 13-0 lead. On the PAT attempt, a bad snap from center sent the ball over the holder's head and Cantu had no opportunity to

The Steer defense again held the Mustangs motionless. Owen, Bobby Ford, Jesse Anzaldua, and Daniel made tackles on the opening plays of the would-be Mustang drive, followed by a play by Robertson and Fulcher who trapped the Mustang runner for a six-yard loss. Eubank ran for eight, and Fulcher toted once again for 16 vards and his third touchdown, and a fine performance for the Steers. Cantu made the score 27-7 with his extra point kick.

Going into the 4th quarter, the Steers didn't slow down, but added 16 more points. The Mustangs opened with the ball and went 10 yards backwards. Mesman chased down the Olton quarterback on second down and wrapped him up for a 6-yard loss. On third down, the Mustang quarterback passed quickly to the sidelines to a receiver, and also found Steer linebacker Owen who made the big hit for a 9-yard loss. On fourth down, things only got worse for the Mustangs. Attempting a punt, the Olton kicker had no time at all because Fulcher rushed in, blocked the punt and recovered the

ball on the 20. Farwell needed all of three

ber five. This time Eubank passed 16 yards to Robertson who made a fine effort to catch the pass in the end zone for six. Cantu made it seven, and a total count of 34-7 in favor of the

Farwell bounced right back, with Owen running three straight for eight, three, and 11 yards. Eubank then put the icing on the cake with a 25-yard toss to Felix Lucio who went all the way untouched for his first touchdown of the year, and Eubank's third touchdown passing strike of the night. The Steers scored the last 0 three points of the game, set up on a 30-yard pass to Eric Williams. Cantu finished up a fine kicking game by booting a 30-yard field goal, ending a fine performance by the Steers in their final home game, by winning 43-13 over the Mustangs.

This victory gave the Steers the district crown, as well as the right to represent District 5-AA in a Bi-District battle with the Seagraves Eagles.

Roger Robertson hauled in two completions for 41 yards and a touchdown, Felix Lucio caught one for 15 yards and six points and Eric Williams caught one for 31 yards. Coach Bruce Dollar said the

win over Olton clinched the district title for the Steers and that they are very proud of that accomplishment since it is the first time since 1959-1960 that Farwell has put together backto-back district championships.

He commended each player on the team for his effort in the game and awarded the entire team Steers of the Week honors.

"We played well on defense, but not so well on offense. We had 10 penetrations, and when you get across the 20 that many times and do not score most of the time, that's not so good," the coach said.

He emphasized the importance of the game at Hart tonight (Friday) which will wrap up the district, and warned that the Steers should not take the Longhorns too lightly.

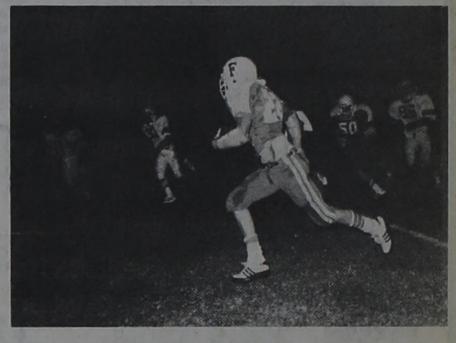

"They are a competitive bunch and would love to knock us off the win column. They've lost one game by a 7-6 count and another by 3-0; so they'll be ready. We need to win. We want to go into the bi-district with an 8-2 record.'

#### Aggie architect designing house with cheap utility bills

COLLEGE STATION-A Texas A&M University architect is designing a house that will be cool in summer and warm in winter with the goal of using less than \$30 a month for energy.

Raymond Reed, professor of architecture and a member of the American Institute of Architects' Task Force on Energy Conservation, is drawing up plans for the house which will eventually be built in Port Arthur as part of a project sponsored by Gulf States Utilities.

Although Reed has not completed the designs, he said the house will have a double roof that will be a shading device in the summer and a heating device in the winter.

When completed, Reed's design will be made available to the public.

knowledge, the assurance and the joy of sins forgiven? Would you like to be sure of heaven?

Well, the first step to heaven is to realize that you cannot get there by trying. You can't walk there. You can't climb there. You can't fly there. Only God can take you there. Many try to earn heaven. They try to climb there on a ladder of "good works". They talk about "adding another rung". But look out for that "good works" ladder! It is not anchored at the top and the higher you climb the farther you will fall.

salvation is "the gift of God, not of works, lest any man Son and hath given all things should boast" (Eph. 2:8,9). He is not going to have boasters in heaven-there everlasting life: and he that are enough of them on earth and nobody likes them.

### Letter To The Editor

Dear Editor:

During the most recent session of the Texas Legislature, the State Firemen's and Fire Marshals' Association of Texas sponsored a bill calling for a constitutional amendment to create an emergency equipment fund to help Texas fire departments make major equipment purchases. That bill was passed by the House of Representatives by a 136-0 vote, but got bogged down in a Senate committee and never reached the floor of the Senate for de-

The losers were the 1,600 fire departments and the hundreds of thousands of Texans who depend on those departments to protect their lives and property. Fire departments have lost two major sources of funds in recent years: (1) low-interest loans

previously available on a competitive basis through federal revenue-sharing programs have dried up, and (2; traditional fund-raising barbecues and fish fries no longer net enough money to buy a major item like a pumper - which costs over \$100,000. Many firefighters in Texas

ight fires with 30-year-old rucks, inadequate equipment, and/or little or no protective clothing or breathing apparatus. They deserve better -- and the citizens of each community deserve better. This legislation can give it to them.

Monies for the fund would come from an existing draft made by the State Board of Insurance on fire insurance premiums collected in Texas each year. Estimates are that the fund would make available the first year \$20 million to be allocated to individual fire departments through grants and low-interest loans.

The SFFMA, meeting in June in Beaumont, voted to petition Governor Mark White to include this essential piece of legislation on the agenda of any called special session of the Texas egislature.

"The need is immediate," says SFFMA President Ray Williamson of Wharton. "Fire departments can wait no longer for this kind of help. We don't want to get to the point where the fire service of Texas can no longer provide first rate fire protection to all our citizens." Created in 1876, the SFFMA is

the largest statewide firefighters' association in Texas and represents all firefighters in the

Points are won by the contestants throughout the year and those with the highest number of points are to be honored at an awards banquet on November 19.

The local woman won the Pleasure competition on her three-year-old gelding, Notable Jewel, the youngest horse in the competition. Cindy says she was really proud of her mount since he was the youngest horse

there and had to compete with horses with much more experience, ranging in age from four to 15 years. Cindy, who says this is the

first time she has taken championship honors in all her 20 years of rodeoing, also has high points for first place in barrels and first place in poles. For this competition she rides a horse called Zadene's Pride, and in the finals she won the barrels event and came in second in the poles.
